(a) For the 1983–84 fiscal year, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year calculated pursuant to Provision 1 of Item 6100-156-001 of the Budget Act of 1982 shall be increased by seventy dollars ($70). For the 1984–85 fiscal year and each fiscal year thereafter, each district's adult revenue limit per unit of average daily attendance for the prior fiscal year shall be increased by an amount equal to 6 percent of the

prior year's statewide average adult revenue limit per unit of average daily attendance, provided that no such revenue limit per unit of average daily attendance shall be less than 1.06 times the prior fiscal year's statewide average adult revenue limit per unit of average daily attendance.

(b) For the purposes of the block entitlement, the district's average daily attendance shall be the lesser of paragraph (1) or (2):

(1) The 1982–83 adult average daily attendance authorized for funding purposes for the programs specified in Section 41976, as specified in Item 6100-156-001 of the Budget Act of 1982, multiplied by 1.025 in the 1983–84 fiscal year and each fiscal year thereafter.

(2) The actual adult average daily attendance for the programs specified in Section 41976.

(c) The adult block entitlement shall be computed by multiplying the adult revenue limit per unit of average daily attendance from subdivision (a) and the adult average daily attendance allowed in subdivision (b). The adult block entitlement shall be deposited in a separate fund of the district to be known as the "adult education fund." Moneys in an adult education fund shall be expended only for adult education purposes. Moneys received for programs other than adult education shall not be expended for adult education.

(d) If the adult average daily attendance of a school district in any fiscal year is less than the adult average daily attendance utilized to compute the funded district adult education block entitlement for that fiscal year, the district shall receive an apportionment only for the actual average daily attendance generated. Any surpluses accrued as a result of average daily attendance not generated in a district's block entitlement shall be reallocated after the annual apportionment by the Superintendent of Public Instruction to provide services to welfare recipients pursuant to Section 33117.5. Any remaining surplus shall be reallocated to meet unanticipated growth in adult education. The receipt of reallocated funds shall not be used for computational purposes for the district's block entitlement for subsequent fiscal years.

(e) Each school district which conducted adult education programs for substantially handicapped adults in activity centers, work activity centers, sheltered workshops, state hospitals, and other community settings, shall set aside an amount of money from its adult education block entitlement equal to its current fiscal year revenue limit times the average daily attendance generated in these facilities in the 1979–80 fiscal year times 1.02, subject to the following:

(1) The classes and courses offered in activity centers, work activity centers, sheltered workshops, and state hospitals shall be authorized pursuant to subdivision (e) of Section 41976.

(2) A school district shall operate classes in these facilities and shall expend all funds set aside pursuant to this subdivision and shall use all funds exclusively for those classes for substantially handicapped adults.

(3) The conditions imposed by paragraphs (1) and (2) may be

waived by the Superintendent of Public Instruction upon certification from the school district that the local demand for the program is less than the required level of service.

SEC. 11. Article 3.2 (commencing with Section 11320) is added to Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 3.2. Greater Avenues for Independence Act of 1985

11320. The Legislature finds and declares that the state and counties recognize all of the following:

(a) Applicants for, and recipients of, aid under this chapter desire to work, and will do so if provided with the opportunity.

(b) The state and counties shall provide applicants for, and recipients of, aid under this chapter with the opportunity to obtain employment by offering a full range of employment training and supportive services, consistent with the needs of participants, that allow for informed choices in order to meet their employment goals.

(c) Able-bodied applicants for, and recipients of, aid under this chapter, are expected to work. The timeframes for fulfilling this expectation shall be set forth in an explicit contract between an applicant or recipient and the county.

(d) Applicants for, and recipients of, aid under this chapter who are required to register for employment and training programs pursuant to Section 11310 are "individuals in special need" of training as described in Section 2 of the federal Job Training Partnership Act (29 U.S.C. Sec. 1501, et seq.), "individuals who require special assistance" provided in Section 123 of that act, and "most in need" of employment and training opportunities as described in Section 141 of that act. The Legislature finds and declares that these individuals are in the labor force actively seeking employment.

(e) Because success of any program will depend on the state, it must exercise leadership to engender enthusiasm among counties, county welfare department directors, and county welfare department line staff, who are the principal contacts for many recipients enrolled in the program.

(f) A successful program should also be based upon all the following principles:

(1) Recipients should be able to make choices and to live up to the responsibilities involved in those choices.

(2) Participants should have an early opportunity to obtain a job.

(3) Expenditures should be targeted where they can do the most good.

(4) The state and the counties have a responsibility to provide a sufficient level of services to meet the needs of participants, as well as to undertake sufficient public information efforts to make recipients, potential participants, employers, or other public or private entities aware of the components, opportunities, and benefits

of this program.

(5) New programs should be good investments of public funds. Added costs to the system should be incurred only when they are likely to result in long-term personal and community payoff.

(g) Clients should not be placed in any unassigned pool while waiting for a scarce resource.

(h) Most types of employment and training program components for applicants for, and recipients of, aid under this chapter have been successfully tried in this state.

(i) Aid under this chapter is available to persons who meet eligibility requirements. The program provided for in this article should not hamper continuation of this state's existing system of fraud detection, one of the most successful in the nation.

11320.1. Every applicant for, or recipient of, aid under this chapter who is required to register for employment and training programs pursuant to Section 11310 shall be required to register under this article with the county welfare department. Any applicant for, or recipient of, aid under this chapter who is not required to participate under this article may volunteer to participate in the program.

Any person required to register under this article with the county welfare department who refuses to register shall be subject to the procedures provided for in subdivision (a) of Section 11320.5.

11320.2. (a) County welfare departments shall administer this chapter, in a manner consistent with the provisions of this chapter and regulations adopted by the department in order to implement this chapter.

(b) Each county welfare department, with the cooperation of community college districts, county offices of education, and local private industry councils established under Chapter 4 (commencing with Section 15030) of Division 8 of the Unemployment Insurance Code, shall design a package of services to be provided to participants receiving services under this article, that reflect available resources and local job market needs. A joint plan may be submitted by two or more consenting counties.

Each county plan shall include a participant and labor market needs assessment, to be revised annually, which shall specify all of the following:

(1) The full employment goal of the plan, which shall be the provision of unsubsidized employment for all county registrants subject to this article.

(2) An assessment of the county's current and projected unsubsidized employment needs.

(3) An inventory of services, including those specified in subdivision (c) of Section 11320, available to county residents.

(4) The amount and kind of services required to meet the full employment goal for all registrants.

(5) The amount and kind of services that will be used in the plan year.

(6) An assessment of what services are currently unavailable and needed, including child care services, to meet the full employment goal and a plan for developing the availability of these services within a reasonable period of time, including a proposed program budget.

(c) The county welfare department shall submit to the department a program budget proposal in conjunction with the county plan, as specified in this section. The budget proposal shall specify the costs associated with providing the range of services included in the plan in the most cost-effective manner. The budget proposal shall identify the amount of funds that the county expects to spend for each component and shall provide supporting detail regarding the caseloads anticipated in each component and the amount that will be spent for (1) county employees, by classification, (2) administrative support and overhead, and (3) contracted services and support. Prior to final approval of the county's plan, as specified in subdivision (f), the department shall notify each county of the amount of its allocation of funds to carry out the plan and the assumptions used to develop that allocation. If the allocation is less than the amount of funds that the county proposed in the program budget, the department shall notify the county that the proposed program budget exceeds the funds available. The department shall specify how the costs proposed by the county exceed the costs used to develop the county's allocation. The county may provide any additional documentation to justify the higher funding level. If, after reviewing the additional information, the department finds that the proposed program costs are not reasonable or cost-effective, the county shall submit the necessary revisions to its plan and program budget to keep program expenditures within the amount of its allocation.

In subsequent years, the county welfare department shall submit its program budget proposal for this article at the same time as the county submits its administrative cost control plan for the Aid to Families with Dependent Children, Medi-Cal, and Food Stamp programs. If services are not available in the county, the county plan may include provisions for the purchase of services from other counties.

The plan shall be approved by the board of supervisors of each county, after a public hearing is held in accordance with existing county public hearing procedures that provide adequate notice and an opportunity for affected groups and individuals to present their views and suggestions. In approving the plan, the board shall consider the views presented by affected groups during, and as part of the record of, the public hearing.

Prior to implementation, each plan must receive approval by the department. In determining whether a plan should be approved, the department shall consider the projected long-range cost-effectiveness of the plan, in addition to the appropriateness of the services proposed to be delivered under the plan, given the local labor market, maximum utilization of existing and generic services,

and administrative ease.

No plan shall be approved by the department that does not provide an adequate range of services as described in Section 11320.3. With respect to large counties, as defined by the department for cost control purposes, "an adequate range of services" means that the counties shall provide all of the services outlined in Section 11320.3.

If two or more counties submit a joint plan, and the joint plan serves a participant caseload equal to or greater than a large county, the plan shall provide for all of the services outlined in Section 11320.3. If the services listed in Section 11320.3 are not provided for in the county plan, the county shall submit a justification as to why the services are not necessary. No plan shall be approved which requires job search and work experience of participants to the exclusion of a range of services and which does not specify the range of services, both existing and proposed to be offered participants, in accordance with this section.

No funds appropriated for purposes of this article shall be used to fund education or training services in any county plan if these services could reasonably be provided by local educational agencies from Section A or Section B of the State School Fund which are not otherwise committed. No local educational agency shall be authorized to receive funds appropriated for purposes of this article unless it has demonstrated that it has fully committed all the funds from Section A or Section B of the State School Fund available to it, as certified by the district to the Chancellor of California Community Colleges, or the Superintendent of Public Instruction. The Chancellor of the California Community Colleges and the Superintendent of Public Instruction, as appropriate, shall certify this information to the Director of Finance.

(d) In order to measure the effectiveness of county plans under this article, performance standards for this article shall be consistent with those developed for service delivery areas pursuant to Division 8 (commencing with Section 15000) of the Unemployment Insurance Code. The Health and Welfare Agency shall insure that these standards include, but are not limited to all of the following goals:

(1) The training program participants for unsubsidized employment.

(2) Reducing welfare costs by increasing earnings of program participants in unsubsidized employment.

(3) Placement in unsubsidized employment resulting from all program components.

(e) A county plan may also provide that the program provided for in this article shall apply to refugees receiving Refugee Cash Assistance or to recipients of aid under Part 5 (commencing with Section 17000), except that no funds appropriated for purposes of this article shall be utilized for purposes of applying this article to these individuals. If a county elects to apply the program provided for in this article to refugees receiving Refugee Cash Assistance or to

recipients of aid under Part 5 (commencing with Section 17000), the county shall maintain separate accounting records of expenditures related to applicants for, and recipients of, aid under this chapter, and for the individuals to whom the program applies pursuant to this subdivision. Separate accounting records shall also be maintained for participants who are time-eligible refugees receiving federally funded Aid to Families with Dependent Children benefits. If a county elects to apply the program provided for in this article to recipients of aid under Part 5 (commencing with Section 17000), these individuals shall have the same rights, duties, and responsibilities that a participant has who is an applicant for, or a recipient of, aid under this chapter. Any participation by general assistance recipients shall not constitute any actual or implied responsibility for, or assumption of, costs of general assistance by the state.

(f) Each county shall submit its plan to the department within two years from the effective date of this article, as added during the 1985–86 Regular Session. The department shall aprove a county plan within a reasonable period of time after submisison of the county plan. Notwithstanding subdivision (f), a county may phase in the participation in its program for all qualified persons over a period of up to two years from the date upon which the program commences to operate in the county. A county may incorporate into its plan any existing employment or training program for applicants for, or recipients of, aid under this chapter which is operating in the county to the extent that the program is consistent with this article.

(g) This program shall be fully operational on a statewide basis within three years after the effective date of this article, as added during the 1985–86 Regular Session, by which time the department shall approve all county plans.

(h) Counties shall continually monitor their program expenditures throughout the fiscal year. If a county determines that its anticipated expenditures will exceed the amount of that year's allocation as a result of an unexpected event, including caseload increases, court cases, or significant justifiable increases in component costs, the county shall immediately notify the department and submit a reduction plan to the department. The department shall review and respond to a county's proposed reduction plan within 30 days of reciept of the plan. The department may provide additional funds for the existing appropriation to forestall the need for county program reductions. If the department does not respond within 30 days, the plan shall be deemed to be approved. If the department disapproves the reduction plan the county shall continue to provide services as specified in the approved plan. The department shall submit within 30 days of the disapproval of a reduction plan, a report to the Joint Legislative Budget Committee setting forth the reason for the department's disapproval.

A county's approved reduction plan shall remain in effect for no

longer than the duration of the fiscal year in which the plan is approved. At the beginning of the following fiscal year, the county shall provide services pursuant to its approved program plan.

A county's plan shall propose only the following methods of reducing costs and shall use only those methods that are necessary to bring anticipated expenditures within the amounts allocated to the county, and shall use these methods for only a specified period and only in the order in which they appear below:

(1) Temporary exemption of new applicants for aid under the Aid to Families with Dependent Children—Unemployed Parent program.

(2) Temporary exemption of all Aid to Families with Dependent Children Unemployed Parent recipients who have been continuously on aid for less than one year.

(3) Temporary assignment of volunteer registrants to a waiting list, during which time these registrants will receive no services.

(4) Temporary exemption of all new appplicants for aid under the Aid to Families with Dependent Children—Family Group program.

(5) Temporary exemption of all Aid to Families with Dependent Children—Family Group recipients who have been on aid for one year or more.

(6) Temporary exemption of all Aid to Families with Dependent Children—Family Group recipients who have been on aid continuously for less than one year.

(7) Temporary exemption of all Aid to Families with Dependent Children—Family Group recipients who have been continuously on aid for less than two years.

(8) Temporary exemption of all participants, based on the time on aid, with participants who have been on aid the longest being the last to receive exemptions.

Counties that can remain within their allocation shall not implement reductions.

(i) The department shall evaluate the program and shall collect data on program cost, caseload movement, and program outcomes, including data on all of the following:

(1) The numbers of voluntary and mandatory participants in each program component.

(2) The amount of time that each participant remains in each component and the types of services, including supportive services, each participant receives.

(3) The number of recipients in each component that move to each of the other components.

(4) The number of participants sanctioned as well as the amount and duration of the sanction, the reason for the sanction, and the amount of time the participant was in the program prior to the sanction.

(5) The number of participants who go off aid, and to the extent possible, the reason they have gone off aid.

(6) The number of applicants who reapplied for and received aid

after having gone off aid during the time they were participating in the program.

(7) The starting salary of employed participants.

(8) Participants job retention rates.

(9) The appropriateness of the categorization of participants.

(10) The appropriateness of assessments and employment plans.

(11) The appropriateness of preemployment preparation assignments, including a periodic review of the appropriateness of these assignments.

(12) The effectiveness of training components based upon the number of individuals placed in employment.

(13) The timeliness of preemployment prepration assignment reviews.

(14) The appropriateness of sanctions applied under this article.

The department may use standard statistical sampling methods to conduct the evaluation. The department shall maintain this data for the state and for each county. The department may contract with a qualified organization for the evaluation required by this section. The department shall submit a plan for implementing this evaluation to the Joint Legislative Budget Committee. To the extent possible, the data collection system for this evaluation shall be designed to collect data in the least expensive and least time-consuming manner possible.

Utilizing the data compiled pursuant to this subdivision, the department shall, commencing one year after the effective date of this article, as added during the 1985–86 Regular Session, annually report, by January 10, to the Legislature and the Governor on the effectiveness of the program provided for in this article. The Legislative Analyst shall submit a review of this report to the Legislature by April 15 of each year.

11320.3. (a) Each plan submitted pursuant to Section 11320.2 shall contain a methodology for the provision of job services, training and education, and supportive services to program participants. This methodology must specify how county welfare departments will cooperate with, and maximize the use of, education, child care, resource and referral agencies, job service, and other appropriate local service providers. To the extent existing programs are available to county residents, each plan submitted pursuant to Section 11320.2 shall specify the manner in which these programs shall be utilized to provide services specified in this section. The county may provide services directly to program participants or enter into interagency agreements or contracts with private or public agencies for the provision of these services.

(b) Each county shall specify in its plan its target groups and the choices that shall be made available to each target group, pursuant to Section 11320.4. The county shall make available all of its programs to each target group, but may give priorities for certain programs to groups for whom these programs are reasonably expected to be the most effective.

(c) As provided in the contract entered into pursuant to Section 11320.5, job services shall include, but not be limited to, all of the following:

(1) Job club, which shall consist of both of the following:

(A) Job search workshops. These job search workshops shall be group training sessions where participants learn various job finding skills, including training in basic job seeking skills, job development skills, job interviewing skills, understanding employer requirements and expectations, and how to enhance self-esteem, self-image, and confidence.

(B) Supervised job search, which shall include, but not be limited to, access to phone banks in a clean and well-lighted place, job orders, direct referrals to employers, or other organized methods of seeking work which are overseen, reviewed, and criticized by a trained employment professional. The amount and type of activity required during this supervised job search period shall be determined by the county and the participant, based on the participant's employment history and need for supportive services, and shall be consistent with regulations developed by the department.

(2) Unsupervised job search. The individual shall seek work in his or her own way, and make periodic progress reports no less frequently than every two weeks to the county welfare department or the agency contracting with that department.

(3) Job placement, which shall include, but not be limited to, referrals to jobs listed by employers with the State Job Service.

(4) Job development, which shall be active assistance in seeking employment provided to a participant by a trained employment professional on a one-to-one basis.

(5) Employment counseling, which shall be counseling aimed at helping a person reach an informed decision on an appropriate employment goal.

(d) As provided in the contract entered into pursuant to Section 11320.5, training and education services include, but are not limited to, all of the following:

(1) Job training, which shall include, but is not limited to, training in employer-specific job skills in a classroom or onsite setting, including training provided by local private industry council programs and community colleges.

(2) Preemployment preparation shall be work for a public or nonprofit agency that provides the participant with either of the following:

(A) Basic preemployment preparation, which shall provide work behavior skills and a reference for future unsubsidized employment.

(B) Advanced preemployment preparation, which shall provide on-the-job enhancement of existing participant skills in a position related to a participant's experience, training, or education acquired as a result of the services funded pursuant to a contract entered into pursuant to Section 11320.5.

A short-term preemployment preparation assignment shall be for

not longer than three months, and may be provided as a preparation for other education and training services as a part of the contract amendments pursuant to subdivision (d) and (e) of Section 11320.5. A long-term preemployment preparation assignment shall not exceed one year. The number of hours a person participates in a preemployment preparation program shall be determined by adding his or her aid grant under this chapter, less any child support paid to the county, and his or her food stamp allotment and dividing by the average hourly wage for all job orders placed with the Employment Development Department. The average hourly wage shall be updated annually every July 1. No preemployment preparation assignment shall exceed 32 hours per week.

(3) Adult basic education, which shall be preemployment basic education, including reading, writing, and arithmetic necessary for employment or job training, including high school proficiency.

(4) College and community college education, when that education provides sufficient employment skills training that can reasonably be expected to lead to employment.

(5) Vocational English-as-a-second-language which shall be intensive instruction in English for non-English speaking participants, coordinated with specific job training.

(6) Grant diversion.

(7) Supported work.

(8) Transitional employment.

For purposes of paragraph (6), "grant diversion" means public or private sector employment or on-the-job training at comparable wage rates, in which the recipient's cash grant, or a portion thereof, or the welfare grant savings from employment, is diverted to the employer as a wage subsidy.

For purposes of paragraphs (7) and (8), "supported work or transitional employment" means a form of grant diversion in which the recipient's cash grant, or a portion thereof, or the welfare grant savings from employment, is diverted to an intermediary service provider.

Grant diversion, supported work, and transitional employment projects shall be administered so that the recipient shall not receive less disposable income than if he or she had not participated in the project. "Disposable income" means the income available to the recipient by adding the aid payment acquired pursuant to this chapter and earnings from the grant diversion project and subtracting the allowable employment related expenses.

The grant, a portion of the grant, or the estimated savings due to the earnings from a grant diversion project may be diverted into a special fund created by the county welfare department for this purpose. An employer may be reimbursed from the special fund pursuant to a contract developed by the county welfare department or the service delivery area with the employer.

The county shall obtain agreements with employers that participants will be employed upon successful completion of the

grant diversion, supported work, or transitional employment period in any related job openings, and that employers will not discriminate against participants on the basis of race, sex, national origin, age, or disability. A participating employer or service provider shall obtain and maintain a surety bond in an amount equal to the total annual grant diverted to the employer or service provider. Except as provided in subdivision (b) of Section 11320.6, there shall be no interruption in receipt of income, whether wages from the employer or aid payments by the department, caused by an employer's conduct. No grant diversion, supported work, and transitional employment program shall be implemented under this article until a plan for such a program is approved by the department. No plan for grant diversion supported work or transitional employment programs shall be approved if the plan would jeopardize federal financial participation. Standards established by the department for purposes of these programs shall not prohibit a significant portion of recipients from participation.

A plan submitted under this subparagraph shall include provisions for immediate reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, which has been lost due to fraud, malfeasance, or theft on the part of the employer or intermediary. This plan shall also include provisions for reissuance to the recipient of any grant or portion of a grant paid to an employer or intermediary, when the recipient is determined to have had good cause for declining to participate pursuant to Section 11320.7. In the event that funds are lost due to fraud, malfeasance, or theft by an employer, the county shall initiate an action to recover from the employer or intermediary any of those funds.

(e) As provided in the contract pursuant to Section 11320.5, supportive services shall include, but are not limited to, all of the following:

(1) Child care. Paid child care shall be available to every participant with a child under 12 years of age who needs it in order to participate in the program component to which he or she is assigned.

(2) Transportation costs shall be paid for every participant to and from his or her job or training assignment.

(3) Ancillary expenses, which shall include the cost of books, tools, clothing, fees, and other necessary costs of a work or training assignment.

(4) Personal counseling. A participant who has personal or family problems that would affect the outcome of the employment plan entered into pursuant to Section 11320.5 shall, to the extent available, receive necessary counseling or therapy to help him or her and his or her family adjust to his or her job or training assignment.

(f) Payments for supportive services, as described in subdivision (e), shall be advanced to the participant, wherever necessary, and when desired by the participant, so that the participant need not use his or her funds to pay for these services.

If the participant is working in unsubsidized employment after having participated in this program, child care shall be available for a transition period of not less than three months. If the participant is working in unsubsidized employment after having participated in this program, coverage under the Medi-Cal program shall also be provided for a transition period consistent with federal requirements.

The cost of support services, including reimbursement to licensed day care providers, shall be governed by regional market rates. Reimbursement to child care providers shall not exceed the fee charged to private clients for the same service. Participants shall be allowed to choose legal child care and the cost of that child care shall be reimbursed by counties if the cost is within the regional market rate. The regional market rate means care costing no more than 1.5 market standard deviations above the mean cost of care for that region. Reimbursement shall be made at a rate lower than that charged to private clients for the same service if the child care program agrees to charge a lower fee. Reimbursement shall be made on a per month, per week, per day, or per hour basis depending upon the basis used to charge private clients for the same service. For purposes of this section, regional market rates shall be determined in accordance with resource and referral programs provided for under Article 2 (commencing with Section 8210) of Chapter 2 of Part 6 of the Education Code, and the Alternative Payment Program provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code. Participant plans shall include immediate referrals to local resource and referral agencies. The department shall use the State Department of Education sliding scale fee schedule for participants receiving child care. Day care by family members shall be encouraged, but the choice between licensed or exempt day care arrangements shall be made by the recipient.

(g) Each county welfare department shall be encouraged to contract with existing service providers for any or all child care services arrangements. If the county welfare department elects to contract with any child care provider which is also under contract with the State Department of Education, these contracts shall be consistent with, and shall not supersede, all of the following:

(1) Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code.

(2) Applicable provisions of Title 5 and Title 22 of the California Administrative Code.

(3) Applicable State Department of Education contract provisions.

(h) In order to provide maximum choice to parents, and to ensure the availability of child care, each county shall do all of the following:

(1) Assist participants to locate child care during and after participation under this article.

(2) Allow and promote parent choice by providing flexibility in

child care arrangements and establishing payment arrangements, as necessary, to meet the cost of licensed or exempt child care settings.

(3) Assist in the development of new child care capacity, where needed.

(4) Provide for the continuity of child care during the participants postprogram transition period consistent with subdivision (f) of Section 11320.3.

(5) Provide services to meet the child care needs of all children in the participant's family up to the age of twelve.

(6) Provide child care to participants whose program demands flexible hours of care including evening, weekends, and split shifts.

(7) To the extent possible provide for transportation of children from school to care, if reasonable and necessary.

The county may contract with the public and private child care programs to provide any or all of the services specified in this subdivision.

(i) Resource and referral programs shall assist the county welfare departments to determine the child care needs of Greater Avenues for Independence participants, provide them with a listing of available child care services in the service area, and facilitate the efforts of county welfare departments, school districts, local child care providers and parent groups for the expansion of child care services.

(j) If the county welfare department or a contractor pays for child care services which are exempt from licensure, all of the following information about the care giver shall be on file with the county welfare department or the contractor and shall be made available to the participant:

(1) The name and address of the care provider.

(2) The address where care is to be provided.

(3) The hours care is to be provided and the charge for this care.

(4) The names, addresses and telephone number of two character references.

(5) A copy of a valid California driver's license or other identification to establish that the care giver is at least 18 years old.

(6) A statement from the caregiver as to his or her health education, experience or other qualification, criminal record, and names and ages of other persons in the home or providing care.

(k) The department, under the direction of the Health and Welfare Agency, the Chancellor's office of the California Community Colleges, and the State Department of Education shall each develop and implement regulations whereby any payment for services from funds appropriated for the purposes of this article and delivered pursuant to subdivision (d) by a county or an entity contracting with a county shall be made in accordance with a competitively selected fixed unit price performance-based contract. Under these contracts, full payment shall not be considered earned until either of the following has occurred:

(1) The participant has successfully completed the education

program.

(2) The participant has successfully completed the job training program and has been retained in unsubsidized employment for at least 180 days.

Up to 70 percent of the fixed unit price for job training may be paid upon placement. At least 30 percent of the fixed unit price for job training shall be withheld for the followup during the 180-day retention period. Progress payments shall be made from this portion upon evidence of job retention at 30, 90, and 180 days. A pro rata share of the 70 percent payment shall be paid to the training provider if the participant fails to complete the training.

(*l*) Whenever a plan entered into pursuant to Section 11320.5 provides for the use of education services provided for in subdivision (d), utilization of each education program component shall not exceed two academic years.

11320.35. A preemployment preparation position utilized pursuant to this article may not be created as the result of, or may not result in, any of the following:

(a) Displacement of current employees, including overtime currently worked by these employees.

(b) The filling of established unfilled positions, unless the positions are unfunded in a public agency budget.

(c) The filling of positions which would otherwise be promotional opportunities for current employees.

(d) The filling of a position, prior to compliance with applicable personnel procedures or provisions of collective bargaining agreements.

(e) The filling of a position created by termination, layoff, or reduction in workforce.

(f) The filling of a work assignment customarily performed by a worker in a job classification within a recognized collective bargaining unit in that specific worksite, or the filling of a work assignment in any bargaining unit in which funded positions are vacant or in which regular employees are on layoffs.

(g) A strike, lockout, or other bona fide labor dispute, or violation of any existing collective bargaining agreement between employees and employers.

11320.36. The sponsor of a preemployment preparation assignment shall assist and encourage qualified preemployment preparation participants to compete for job openings occurring within the sponsor's organization for which they qualify.

Workers assigned to public agencies shall be allowed to participate in classified service examinations equivalent to the positions they occupy, as well as all open and promotional examinations for which experience in the position or other relevant experience is qualifying under merit system rules. Time worked in the preemployment preparation positions shall apply toward seniority in the merit public agency positions.

11320.38. Any employment or training program position created

pursuant to this article, other than a preemployment preparation position may not be created as a result of, or may not result in, any of the following:

(a) Displacement of current employees, including overtime currently worked by these employees.

(b) The filling of positions which would otherwise be promotional opportunities for current employees.

(c) The filling of a position, prior to compliance with applicable personnel procedures or provisions of collective bargaining agreements.

(d) The filling of a position created by termination, layoff, or reduction in workforce, caused by the employer's intent to fill the position with a subsidized position pursuant to this article.

(e) A strike, lockout, or other bona fide labor dispute, or violation of any existing collective bargaining agreement between employees and employers.

11320.4. (a) Each county welfare department shall, in providing services to participants under this article, provide services to each participant which will best meet his or her needs. Services to be provided to each participant shall be specified in the contract entered into between the county welfare department and the participant pursuant to Section 11320.5. In developing each contract, the county shall take into consideration the specific target groups in the county, the availability of resources identified pursuant to Section 11320.3, and the choices which shall be made available to each group as required by this article.

(b) Priority in providing expensive services and services which must be provided for a lengthy period of time shall be given to persons who have been recipients of aid under this chapter for at least two years or who have little or no employment history. These individuals shall be given priority in receiving services such as supported work, as provided for in paragraph (8) of subdivision (d) of Section 11320.3, and lengthy classroom training.

(c) Program participants who have been recipients of aid under this chapter for less than two years and who have a history of employment shall be provided with less costly services and short-term services, unless a determination is made that these types of services would not be effective in assisting a program participant to achieve the ultimate goal of obtaining unsubsidized employment.

11320.5. (a) At the time an individual applies for aid under this chapter, or at the time a recipient's eligibility for aid is redetermined, the county shall determine whether the individual is required to register for the program provided under this article. At the time this determination is made, any individual who is deemed to be required to register under this article shall immediately register with the county welfare department. At the time an individual registers pursuant to this article, he or she shall receive a written preliminary determination that he or she is a member of a targeted group, for purposes of the federal Targeted Jobs Tax Credit and the California

Jobs Tax Credit. With respect to any person required to register under this article, registration pursuant to subdivision (b), shall be a condition of eligibility for aid under this chapter, except that any delay in registration due to circumstances beyond the control of the individual shall not adversely affect his or her eligibility for aid under this chapter. The recipient may appeal a determination that he or she is required to register under this article or sign a basic contract pursuant to subdivision (b), through the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2. Persons not required to register may volunteer to participate. An applicant for, or a recipient of, aid who is dissatisfied with the terms of the basic contract may seek redress through informal and formal conciliation.

Unless otherwise exempt, all of the following persons shall not be required to participate in program components, beyond registration, until the county welfare department determines that the situation not requiring participation no longer exists:

(1) A caretaker relative who is enrolled in school for at least 12 units of credit and has a child under age six.

(2) A person who is so seriously dependent upon alcohol or drugs that work or training is precluded.

(3) A person who is having an emotional or mental problem that precludes participation.

(4) A person who is involved in legal difficulties, such as court-maintained appearances, which preclude participation.

(5) A person who does not have the legal right to work in the United States.

(6) A person who has a severe family crisis.

(7) A person who is in good standing in a union which controls referrals and hiring in the occupation.

(8) A person who is temporarily laid off from a job with a definite call-back date.

(9) A person who is employed for 15 or more hours per week.

(10) A person, or a family member, has a medically verified illness.

(b) At the time an individual registers pursuant to this article, including persons who volunteer to participate, or with respect to any individual described in paragraphs (1) to (10) of subdivision (a) at the time the situation which permits nonparticipation no longer exists, every individual shall enter into a written basic contract with the county welfare department. The county shall offer the participant three days in which to consider and evaluate the proposed terms of this contract, or any subsequent amendments to this contract. The contract shall contain all of the following:

(1) The contract shall be written in clear and understandable language. The contract shall have a simple and easy-to-read format. The contract shall contain at least all of the following general information:

(A) A general description of the program provided for in this article.

(B) A description of the services, including supportive services

such as child care and transportation, available to program participants.

(C) A description of the rights, duties and responsibilities of program participants, including a list of the exemptions from required participation under this article and the consequences of a refusal to participate in program components.

(2) In the case of any participant who has not been employed within two years from the date of registration, except for a participant described in paragraph (4), the contract shall provide that the participant shall participate in job club for a period of three weeks, as defined in paragraph (1) of subdivision (c) of Section 11320.3. Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(3) In the case of any participant who has been employed within two years of the date of registration, except for a participant described in paragraph (4), the participant shall have the option to participate in a three-week period of job club, as defined in paragraph (1) of subdivision (c) of Section 11320.3, or in a three-week period of supervised job search, as defined in subparagraph (B) of paragraph (1) of subdivision (c) of Section 11320.3. At the discretion of the employment and training counselor and with the approval of the first or second line supervisor, the job search period may be shortened when it is determined that all reasonable job search efforts have been exhausted. The participant shall choose one of the options upon signing the contract. Participation pursuant to this paragraph may be delayed in accordance with paragraphs (5) or (6).

(4) Notwithstanding paragraphs (2) and (3), in the case of any participant who has been a recipient of aid under this chapter more than twice within three years from the date of registration, the contract shall provide for immediate referral to assessment pursuant to subdivision (c). Participation pursuant to this paragraph may be delayed in accordance with paragraph (5) or (6).

(5) An individual who is enrolled in a self-initiated vocational training program of limited duration or an educational program which leads to unsubsidized employment may continue to participate in that program until completion, or in the case of an educational program, for a maximum of two academic years. Participation in the vocational or educational training program shall be reflected in the basic contract. The basic contract shall provide that whenever an individual to which this paragraph applies ceases to participate in, fails or refuses to attend regularly, or does not maintain satisfactory progress in, the educational or vocational training program, the individual shall participate in this program in accordance with paragraphs (2), (3), or (4), whichever is applicable.

(6) For those participants who lack basic literacy or mathematics skills, a high school diploma or its equivalent, or English language skills, the basic contract shall provide for either remedial education, instruction in order to obtain a general educational development

certificate, or instruction in English-as-a-second-language. These participants shall be referred to appropriate service providers, including the educational programs operated by school districts or county offices of education that have contracted with the Superintendent of Public Instruction to provide services to participants pursuant to Section 33117.5 of the Education Code. The basic contract shall provide that when an individual, to which this paragraph applies, fails, refuses, or ceases to participate in the instruction provided for in this paragraph, without good cause, as specified in Section 11320.7, the individual shall be subject to the sanction provisions of Section 11320.6.

(c) A participant described in paragraph (4) of subdivision (b), and any participant described in paragraphs (2) or (3) of subdivision (b) who has not obtained employment after his or her three weeks of participation in job club or supervised job search, shall work with the county welfare department to initiate the development of an employment plan. In developing the employment plan pursuant to this subdivision, the county and the participant shall develop an assessment of the skills and needs of the participant, which shall include at least all of the following:

(1) The participant's work history, including an inventory of his or her employment skills, knowledge, and abilities.

(2) The participant's educational history and present educational competency level.

(3) The participant's need for supportive services in order to obtain the greatest benefit from the employment and training services offered under this article.

(4) The employment goals of the participant, and an evaluation of the chances for the achievement of these goals given the current potential skills of the participant and the local labor market conditions.

(5) A goal to be attained upon completion of the program, including the period of time it will take to achieve this goal, and the resources available under this program for the attainment of that goal. This assessment shall be done by a person qualified by education or experience to provide counseling, guidance, assessment, or career planning. The county may contract with outside parties, including local educational agencies and service delivery areas to provide the assessment required by this subdivision.

(d) When the county and the participant have completed the assessment process required pursuant to subdivision (c), and they have agreed upon a goal to be attained under this program and the resources to be utilized in attaining that goal, the county and the participant shall amend the basic contract entered into pursuant to subdivision (b). The contract amendment shall specify the goal to be attained, the training or education services to be provided to the participant in order to attain the goal, which may consist of either one or more of the program components provided for in subdivisions (c) and (d) of Section 11320.3, and the criteria for successful

completion of these services and attainment of the goal. With respect to education and training programs, the criteria shall include regular attendance, satisfactory progress, and completion of the program. The contract amendment shall provide for supportive services as necessary for participation in this program. Once the participant has begun his or her training or education, he or she shall have 30 days in which to request a change or reassignment to another component. The county shall grant the participant's request for reassignment to another component that is consistent with the results of the assessment. This grace period shall be spelled out in the contract amendment and shall be available only once to each participant.

If services to be provided under the contract are not immediately available to the participant, he or she shall receive job search services until the education or training services designated in the contract are available.

Any individual who meets the established criteria for successful completion of the training or education services to which he or she is assigned, but who remains unemployed, shall be referred to job search services for a period of 90 days. These job search services may, depending upon the needs of the participant, include any of the services provided for in subdivision (c) of Section 11320.3. If the participant remains unemployed at the end of this 90-day job search period, he or she shall be evaluated and reassigned to an advanced long-term preemployment preparation assignment, as defined in paragraph (2) of subdivision (d) of Section 11320.3.

If at any time a participant does not meet the established criteria for successful completion of the training or education services to which he or she is assigned, the participant shall be reassigned to a basic long-term preemployment preparation assignment, as defined in paragraph (2) of subdivision (d) of Section 11320.3. The assignment to advanced or basic long-term preemployment preparation shall be reviewed by the county at least once every six months, for its continuing conformity to the contract, and likelihood of leading to unsubsidized employment. This review shall require an onsite visit to the participants worksite, and a discussion with the participant about his or her assignment and his or her job search progress. At the end of the one-year period specified in subdivision (d) of Section 11320.3, the county and the participant shall review the employment plan and, using the procedure described in subdivision (c), shall make any revisions necessary to obtain the goal of unsubsidized employment for the participant. These revisions shall become an amendment to the basic contract as provided in this subdivision.

Whenever a participant is assigned to a program component, the contract shall be amended to reflect the assignment. The county and the recipient shall be bound by the terms of any amendments made to the contract. The participant shall maintain responsible and adequate progress toward the goal of employment through the methods set forth in the plan, and the county shall provide the

services specified in the plan.

(e) Notwithstanding the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2, if the participant and the worker are unable to reach agreement on amending a contract, pursuant to subdivision (d), the matter shall be referred by the county for an independent assessment by an impartial third party with career planning experience. The results of this assessment, which shall be binding upon the county and the participant, shall be used to develop the appropriate employment plan for the participant.

No assessment under this subdivision shall be made by a party having any financial or other interest in the result of the assessment. The party making the assessment shall be selected by the department according to an unbiased procedure. Remuneration for this assessment shall be made by the department according to a fair fixed fee established by regulations of the department.

(f) A participant shall not be placed involuntarily in any other training or education component while waiting for assignment to the component agreed to in his or her contract.

Since a participant assigned to preemployment preparation, as defined in paragraph (2) of subdivision (d) of Section 11320.3, will be expected to continue to seek employment, at any time during the participant's preemployment preparation assignment he or she may request job services, as defined in subdivision (c) of Section 11320.3.

(g) Any participant who fails or refuses to participate in the program developed by the assessment pursuant to subdivision (e) shall receive sanctions in accordance with Section 11320.6.

Any county which fails to provide services according to its plan approved pursuant to this article shall receive sanctions in accordance with Section 10605. A recipient or a group of recipients may request the director to invoke Section 10605.

(h) Any participant who has entered into an amended contract plan pursuant to subdivision (d) and who, at any time, fails or refuses to participate in a component to which he or she has agreed to participate without good cause, shall be subject to sanctions in accordance with Section 11320.6.

11320.55. If an overpayment occurs pursuant to Section 11004, the number of hours calculated according to subdivision (d) of Section 11320.3 represented by the overpayment recoupment shall be deducted from the hours of participation required in future months. If a participant ceases to participate under this article before the adjustment in hours can be made, the county shall forgive the overpayment.

11320.6. (a) Whenever an individual has failed or refused to participate without good cause in a program component to which he or she is assigned pursuant to subdivision (b), (d), or (e) of Section 11320.5, and the participant continues to refuse to participate after a period of informal and formal conciliation between the county and the participant, sanctions shall be imposed in accordance with

subdivision (b) or (c), whichever is applicable. The department shall develop regulations specifying the maximum length of time which may be utilized in informal conciliation efforts. These efforts may utilize discussions with the supervisors of employees who make the decisions as to whether a participant has refused to participate without good cause in a program component to which he or she is assigned. Formal conciliation efforts shall follow informal conciliation efforts, if the latter have not resolved the dispute. Formal conciliation shall be conducted in accordance with Section 5302 of the Unemployment Insurance Code.

(b) Except for persons voluntarily participating in this program, whenever the participant engages in an initial failure or refusal to participate without good cause, in a program component to which he or she has been assigned pursuant to subdivision (b), (d), or (e) of Section 11320.5, and conciliation efforts pursuant to Section 5302 of the Unemployment Insurance Code have failed, the family shall be placed on money management services for three months, except that if the participant and the county welfare department reach an agreement on program participation during this sanction period, or if the participant agrees to participate and performs the activity he or she previously refused to perform, money management services shall be terminated as soon as possible. Financial sanctions shall be imposed in accordance with Section 11308 if any of the following events occur:

(1) The participant continues to refuse to participate after the three month money management services sanction period.

(2) The participant engages in a second instance of nonparticipation without good cause.

(3) The participant refuses to participate in violation of an agreement made during the imposition of money management services sanctions.

(c) The sanctions provided for in subdivision (b) shall not apply to an individual voluntarily participating in the program. If such an individual engages in conduct which would bring about the imposition of sanctions provided for in subdivision (b), except for his or her status as a voluntary program participant, the individual shall be precluded from participating in the program for a period of six months.

11320.65. Except as specified in this section, whenever a participant believes that any program requirement or assignment in this program is in violation of his or her contract or is inconsistent with this article, the participant may invoke the formal grievance procedure, which shall be conducted in accordance with Section 5302 of the Unemployment Insurance Code, request a fair hearing pursuant to Chapter 7 (commencing with Section 10950) of Part 2, or utilize a formal grievance procedure to be established by the county board of supervisors, and to be specified in the plan developed by each county pursuant to Section 11320.2. If the participant is not satisfied with the outcome of the grievance

procedure, he or she may appeal the decision in accordance with the procedures set forth in Chapter 7 (commencing with Section 10950) of Part 2. Participants shall be subject to sanctions pending the outcome of the formal grievance procedure or, any subsequent appeal, only if they fail to participate during the period the grievance procedure is being processed. A participant shall not, however, utilize the grievance procedure to appeal the results of an assessment made pursuant to subdivisions (c) or (e) of Section 11320.5.

11320.7. No sanctions shall be applied for a failure or refusal to participate with good cause. Good cause for failure or refusal to participate in a program component to which a participant is assigned pursuant to subdivisions (b), (d), or (e) of Section 11320.5 shall include all of the following:

(a) An assignment, job referral, or job does not meet appropriate work and training criteria due to any of the following:

(1) The employment, offer of employment, activity or other training for employment discriminates in terms of age, sex, race, religion, ethnic origin, or physical or mental handicap.

(2) The employment or offer of employment, exceeds the daily or weekly hours of work customary to the occupation.

(3) The employment, offer of employment, activity, or other training for employment requires travel to and from the place of employment, activity, or other training and one's home that exceeds a total of two hours in round trip time, exclusive of the time necessary to transport family members to a school or place providing care, or when walking is the only available means of transportation, the round trip is more than two miles, exclusive of the mileage necessary to accompany family members to a school or a place providing care.

(4) The employment, offer of employment, activity, or other training for employment involves conditions and specific responsibilities that impair the individual's physical or mental health or are not related to the individual's capability to perform the task on a regular basis.

(5) The employment, offer of employment, activity, or other training for employment involves conditions that are in violation of applicable health and safety standards.

(6) The employment, offer of employment or work activity, does not provide for worker's compensation insurance.

(7) An employment or training program position utilized pursuant to this article may not be created in violation of Section 11320.35.

(8) The employment, offer of employment, activity, or other training is not within the scope of the employment plan as contained in the contract provided for under Section 11320.5.

(9) Accepting the employment, offer of employment, or work activity would cause the individual to violate the terms of his or her union membership.

(10) Accepting the employment, offer of employment, or work activity would cause an interruption in an education or job training

program in progress, excluding community work experience assignments as defined in paragraph (2) of subdivision (d) of Section 11320.3, or would prevent the individual from returning to his or her regular job within a reasonable time, unless the job offer provides either of the following:

(A) Employment and sufficient income to lead to self-support and the job offer is within the scope of the employment plan.

(B) Temporary employment while the individual is waiting for reemployment in his or her regular job.

(11) The participant is not receiving the supportive services agreed to under the contract entered into pursuant to Section 11320.5.

(12) In addition to good cause as specified in this section, no sanction shall be applied to any participant who is absent or tardy for periods up to 10 percent of the weekly hours required for any component. However, this time shall not accumulate.

(13) The employment or offer of employment is at a wage level that results in a net loss of income, in accordance with subdivision (*l*).

(b) The individual is temporarily physically incapacitated or suffers temporary physical illness.

(c) The individual is required to appear in a court proceeding or is incarcerated.

(d) The individual is suffering a family crisis or changed individual family circumstance as evidenced, for example, by the death of a spouse, parent, or child or an illness of a spouse, parent, or child which requires the individual's immediate attention.

(e) Inclement weather or other act of nature precludes individual and other persons similarly situated from traveling to an activity.

(f) There is a breakdown in transportation arrangements with no ready access to alternate transportation.

(g) The individual needs any other necessary social service not specifically mentioned in his or her contract.

(h) An individual refuses to accept major medical services even if the refusal precludes participation in the program.

(i) Licensed or exempt child care is reasonably unavailable, or unavailable during the individual's hours of training or employment including commuting time, or arrangements for child care have broken down or have been interrupted. For purposes of this section, "reasonably" includes having at least two choices of child care arrangements. The choices of day care shall meet either licensing requirements or the criteria established pursuant to subdivision (*i*) of Section 11320.3. This exemption shall include the unavailability of suitable special needs child care for identified special needs children, including children with disabilities, chronic illnesses, or other special needs.

(j) An individual is engaged in employment or training that is consistent with the employability objectives of the program, and prior notification and approval from the worker has been received.

(k) At the discretion of the county, any other substantial and compelling reason other than those specified in this section.

(*l*) Net loss of income would occur pursuant to the conditions provided for in this subdivision, if an offer of employment which results in a net income of less than 100 percent of a person's grant and that was not agreed to or part of a participant's employment training contract is accepted. Net loss of income shall be deemed to occur when current income is greater than the postemployment income would be if the job offer were accepted. "Postemployment income" means any unearned income plus the gross earnings from the job offered, less all of the following: mandatory and legal deductions from the proposed salary, the cost to the participant of health insurance premiums offered by the prospective employer or if none is offered, the cost of purchasing health insurance coverage based on the competitive market rate, child care, transportation, and other mandatory work-related expenses, and the cash equivalent value of the difference between the assistance food stamps and the nonassistance food stamps for which the participant is eligible.

For purposes of computing the income disregards, the regional market rate for child care, transportation, and other mandatory work-related expenses shall be used. Regional market rates for child care shall be determined in accordance with the Alternative Payment Program as provided for under Article 3 (commencing with Section 8220) of Chapter 2 of Part 6 of the Education Code.

11320.75. A participant under this article shall have all due process rights granted pursuant to Chapter 7 (commencing with Section 10950) of Part 2.

11320.8. All contracts between counties and providers of services under this article, including employers providing preemployment preparation, shall include specific performance criteria. Any such contract or agreement shall also include the provision of job placement by the education or service provider. These contracts shall provide for termination of the contract at the discretion of the county if the provider either: (1) violates the contract between the county and the participant provided by Section 11320.4, or (2) fails to meet the performance criteria specified in the contract.

11320.9. (a) The department shall seek any federal funds available for implementation of this article, including, but not limited to, funds available under Title IV of the federal Social Security Act (42 U.S.C. Sec. 601 et seq.) for the Work Incentive Demonstration Program, the Employment Search Program, and the Community Work Experience Program.

(b) The department shall seek any waiver from the Secretary of the United States Department of Health and Human Services which is necessary to implement this article.

SEC. 12. The State Department of Education shall report to the State Department of Social Services each quarter the number of children receiving, and the amount of expenditure for, child care services provided to persons served in the State Department of

Education child care programs who are eligible for federal fund reimbursement for child care services under Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

The State Department of Education shall enter into an interagency agreement for the purpose of transferring to the State Department of Social Services an amount from funds appropriated to the department equal to the amount spent on child care services for Greater Avenues for Independence eligible persons. Through the same interagency agreement, the State Department of Social Services shall reimburse, in a timely manner, to the State Department of Education the amount transferred including both federal and general funds.

It is the intent of the Legislature in authorizing this transfer of funds, that the State Department of Social Services utilize this transfer to maximize the use of federal funds for child care services. The State Department of Social Services shall enter into an interagency agreement with the State Department of Education to fully reimburse the amount of the transfer, regardless of the level of federal matching funds. The State Department of Education shall be held harmless from incurring a deficiency resulting from this transfer

SEC. 13. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted within 120 days of the enactment of this act in order to implement this act shall not be subject to the review and approval of the Office of Administrative Law. The regulations shall not remain in effect more than 120 days unless the adopting agency complies with all the provisions of Chapter 3.5 as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 14. (a) In order to implement this act the following augmentations are provided to the State Department of Social Services for the purposes of implementing this act, including reimbursements to counties for costs mandated by the state pursuant to this act.

For the 1985–86 fiscal year, the sum of fifteen million eight hundred thousand dollars ($15,800,000) is hereby appropriated to the State Department of Social Services, as follows:

(1) The sum of seven million nine hundred thousand dollars ($7,900,000) from the General Fund.

(2) The sum of seven million nine hundred thousand dollars ($7,900,000) from the Federal Trust Fund.

(b) For the 1985–86 fiscal year, the sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the State Department of Education for the Resource and Referral Program to support the activities required by this act. When allocating these funds, the department shall consult with the State Department of Social Services to ensure that priority for funding is

given to resource and referral agencies in counties that are implementing, or planning to implement, the Greater Avenues of Independence Act.

(c) For fiscal year 1985–86, there shall be transferred from Item 6100-196-001 to the State Department of Social Services the sum required for the purpose of maximizing federal funds for child care services. The State Department of Social Services shall enter into an interagency agreement to fully reimburse the State Department of Education in a timely manner for the amount of any transfer. The State Department of Education shall be held harmless from any deficiency resulting from this transfer. The Department of Finance shall report any transfers to the Joint Legislative Budget Committee and the respective fiscal committees pursuant to Section 28 of the 1985 Budget Act.

SEC. 14.5. Except as specifically provided in this act, appropriations for purposes of this act for subsequent fiscal years shall be made annually through the Budget Act.

SEC. 15. Notwithstanding any other provision of law to the contrary, the sum of two million dollars ($2,000,000) is hereby reappropriated from Item 6100-156-001 of the Budget Act of 1985 to the Superintendent of Public Instruction for the purposes of Section 33117.5 of the Education Code.

SEC. 15.5. In order to encourage school districts to educate and train welfare recipients under the provisions of Section 33117.5 of the Education Code, as added by this act, the sum of one million dollars ($1,000,000) is appropriated from the General Fund as a one-time augmentation to appropriations contained in the Budget Act of 1985 as follows:

(a) Budget Item 6100-102-001: the sum of five hundred thousand dollars ($500,000).

(b) Budget Item 6100-156-001: the sum of five hundred thousand dollars ($500,000).

These additional funds shall be available only upon a determination by the Superintendent of Public Instruction that the amounts appropriated for budget Items 6100-102-001 and 6100-156-001 by the Budget Act of 1985 have been fully utilized.

SEC. 16. It is the intent of the Legislature that the annual Budget Act provide an amount equal to one-half of the amount provided from Job Training Partnership Act funds for the purposes of Section 33117.5 of the Education Code from each of Items 6100-102-001 and 6100-156-001.

SEC. 17. This act shall become operative only if SB 303 is enacted during the 1985 portion of the 1985–86 Regular Session.

SEC. 18. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The program provided for in this act will materially assist applicants for, and recipients of, aid to families with dependent

children to obtain employment thereby reducing dependency on public assistance and any delay in implementation would result in the further denial of this needed assistance to applicants and recipients. Furthermore, in order to ensure that this state has the opportunity to implement the program provided for in this act as part of the three-year Work Incentive Demonstration Program, which is currently being implemented in pilot counties and will be implemented in all WIN counties effective July 1, 1985, it is necessary that this act go into immediate effect.

CHAPTER 1026

An act to amend Section 8277.7 of, and to add Article 22 (commencing with Section 8460) to Chapter 2 of Part 6 of, the Education Code, relating to extended day care services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 8277.7 of the Education Code is amended to read:

8277.7. (a) As used in this section:

(1) "Board" means the State Allocation Board.

(2) "Lessee" means a child care and development contracting agency to whom the board has leased a relocatable facility pursuant to this section.

(b) The board, with the advice of the Superintendent of Public Instruction, may do all of the following:

(1) Establish any qualifications that it deems will best serve the purposes of this section for determining the eligibility of child care and development contracting agencies to lease relocatable facilities under this section.

(2) Establish any procedures and policies in connection with the administration of this section that it deems necessary.

(3) Adopt any rules and regulations for the administration of this section requiring such procedure, forms, and information that it may deem necessary.

(4) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place relocatable child care and development facilities where needed.

(5) Own, have maintained, and lease relocatable classrooms to qualifying child care and development contracting agencies.

(c) The board shall lease relocatable facilities to qualifying child care and development contracting agencies and shall charge rent of

one dollar ($1) per year. The board shall require lessees to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

(d) The board shall require lessees to insure at their own expense for the benefit of the state, any leased relocatable facility which is the property of the state, against any risks, including liability from the use thereof, in the amounts the board may deem necessary to protect the interest of the state.

(e) The board shall have authority to adopt rules establishing priorities for the acquisition and leasing of facilities to contracting agencies which will most benefit children needing child care and development programs. The board shall require each lessee to demonstrate that relocatable facilities are utilized solely for operation of child care and development programs.

(f) No relocatable facilities shall be made available to a contracting agency unless the agency furnishes evidence, satisfactory to the board, that the contracting agency has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(g) The board shall have prepared for its use, performance specifications for relocatable facilities and bids for their construction that can be solicited from more than one responsible bidder. The board shall from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts for the construction or purchase of relocatable facilities that have been approved for lease to eligible child care and development contracting agencies.

(h) If at any time the board determines that a lessee's need for particular relocatable facilities which were made available to the lessee pursuant to this chapter has ceased, the board may take possession of the relocatable facilities and may lease them to other eligible contracting agencies or, if there is no longer a need for the relocatable facilities, the board may dispose of them to public or private parties in the manner it deems to be in the best interests of the state.

Any revenue which is derived from a lease or other disposition of the relocatable facilities pursuant to this section is continuously appropriated to the board for the purposes of this section to fund the purchase of other relocatable facilities for child care and development programs.

SEC. 2. Article 22 (commencing with Section 8460) is added to Chapter 2 of Part 6 of the Education Code, to read:

(b) The governing board of any school district which has an applicant agency within its boundaries shall develop an assessment addressing the need for extended day care services in the district which encompasses a variety of child care services, including, but not limited to, programs provided at school or other community sites, at family day care homes, and through alternative payment programs. The assessment shall be developed in cooperation with family day care networks, resource and referral centers, parents, child care providers, county welfare departments, and individuals representing community-based organizations and employers. (d) Each agency shall submit the assessment to the Superintendent of Public Instruction with its application for funding.

8467. (a) In determining which applicants shall receive funding, the Superintendent of Public Instruction shall give priority to applicants which meet the following criteria, which shall be weighted equally:

Criteria for scoring cost effectiveness may include, but shall not be limited to, the proposed daily cost for children receiving extended day care authorized pursuant to this article, which cost shall be competitive with local private market rates.

(b) In allocating funds appropriated to carry out this article, the Superintendent of Public Instruction shall promote access to extended day care services throughout the state.

8468. To assure geographic equity in the distribution of funds appropriated for purposes of this chapter, the Superintendent of Public Instruction shall disburse funds for extended day care programs in accordance with all of the following procedures:

(a) To develop a formula to promote geographic equity, the superintendent shall use direct indicators of need for child care. These data shall be combined on a county-by-county basis. However,

counties with populations of fewer than 50,000 persons shall receive funding adequate to establish at least one program.

More specific indicators of need for subsidized child care shall be substituted for, or included in, the formula as they become available.

For the 1985–86 fiscal year, each of the following factors shall be given equal weight in the formula for allocation of extended day care funds:

(1) Each county's percentage of the number of children in the state who are in the Aid to Families with Dependent Children program.

(2) Each county's percentage of the number of women in the state's labor force.

(3) Each county's percentage of the number of children in the state who are ages 5 years to 14 years.

(b) The Superintendent of Public Instruction shall determine the total dollar amount for each county for publicly subsidized child care services. If the superintendent determines that funds allocated pursuant to this article for a county are not being fully utilized within that county, funds which have not been encumbered by contract may be reallocated for extended day care services pursuant to this article for any county, and allocations in subsequent years may be adjusted accordingly.

(c) The comparison of combined need with all available public and private resources shall guide the superintendent in determining the portion of funds for extended day care services pursuant to this article which will be available to applicant agencies from each county.

The funding for extended day care services shall promote equal access to child care services for eligible families across the state by bringing the relative dollar amounts in each county into closer congruence with the relative need for child care services in each county.

8468.5. (a) Priority for enrollment in programs supported under this article shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, social service, or public agency. Within this priority, families with the lowest gross monthly income shall be admitted first. When an agency is unable to enroll a child in need of protective services, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall go to children in kindergarten and grades 1 through 3, and their school age siblings under the age of 13, whose families need extended day care services because parents are engaged in vocational training leading directly to a recognized trade, paraprofession or profession; are employed or seeking employment; or are incapacitated. Within this priority, families with the lowest gross monthly income shall be admitted first. Each program shall

serve individuals with exceptional needs, as defined in Section 56026. The percentage of children who are individuals with exceptional needs in each program shall at least equal the percentage of children in kindergarten and grades 1 to 8, inclusive, residing in the school district and receiving special education services, unless the demand for this level of service does not exist.

(3) Third priority shall go to children in grades 4 through 9, and their school age siblings under the age of 13, whose families need extended day care services because parents are engaged in vocational training leading directly to a recognized trade, paraprofession or profession; are employed or seeking employment; or are incapacitated. Within this priority, families with the lowest gross monthly income shall be admitted first. Each program shall serve individuals with exceptional needs, as defined in Section 56026. The percentage of children who are individuals with exceptional needs in each program shall at least equal the percentage of children in kindergarten and grades 1 to 8, inclusive, residing in the school district and receiving special education services, unless the demand for this level of service does not exist.

(4) To the extent possible, and within the parameters contained in this section, programs should serve a mix of children which reflects substantially the varying socioeconomic, racial, and ethnic backgrounds of the school district in which the agency is located, and a mix of subsidized and nonsubsidized children.

(b) In order for an extended day care program to receive funding, pursuant to this article, for a child served, the child's family shall meet at least one requirement in each of the following areas:

(1) A family shall be one of the following:

(A) A recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(B) Income eligible, with first priority to be given to families with the lowest gross monthly income.

(C) One whose children are recipients of protective services, or whose children have been identified as being abused, neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family shall need the child care service because the requirements of either subparagraph (A) or (B) apply.

(A) The child is identified by a legal, medical, or social service agency as meeting one of the following criteria:

(i) The child is a recipient of protective services.

(ii) The child is neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation.

(iii) The child has a medical or psychiatric special need which cannot be met without the provision of extended day care.

(B) The child's parents meet one of the following criteria:

(i) The parents are engaged in vocational training leading directly to a recognized trade, paraprofession, or profession.

(ii) The parents are employed or seeking employment.

(iii) The parents are incapacitated, including a medical or psychiatric need which cannot be met without the provision of extended day care.

(c) The Superintendent of Public Instruction shall establish guidelines according to which the head teacher or a duly authorized representative of the extended day care program shall certify children as eligible for state reimbursement pursuant to this article.

8468.9. Notwithstanding Sections 8265 and 8266, the cost per child served by a contracting agency operating pursuant to this article shall be equivalent to the fee paid by the families of nonsubsidized children for the same service offered by the contracting agency.

8469. Any school district operating an elementary school shall be encouraged to subcontract with an operating agency for the purpose of providing extended day care services pursuant to this article.

8469.5. The governing board of any school district, when granting the use of any school facilities or grounds under its control for school age child care, shall do so in accordance with Section 40043

8470. The Superintendent of Public Instruction shall implement a plan which establishes reasonable and cost-effective standards and assigned reimbursement rates. The maximum reimbursement rate for a full year of extended day care service shall not exceed an average of two thousand one hundred dollars ($2,100) per child per year, as adjusted annually by the cost-of-living adjustment established by the Legislature for child care services.

8473. For each program approved for funding pursuant to this article, the Superintendent of Public Instruction shall subsidize no more than 50 percent of reimbursable program costs or 50 percent of program earnings, whichever is less. Nothing in this article shall be construed to permit the use of any state funding to provide child care services for families who do not meet the eligibility criteria set forth in subdivision (b) of Section 8468.5.

8474. An applicant agency may request a waiver of Section 8473. The Superintendent of Public Instruction may waive the conditions in Section 8473 only when compliance cannot be achieved due to a scarcity of families who do not meet the requirements for subsidization specified in Section 8468.5 and for the fee schedule established under subdivision (e) of Section 8263.

The cost of any program granted a waiver shall not exceed the average cost of those programs funded pursuant to this article but not granted a waiver.

8480. Programs funded pursuant to this article shall be deemed to be child day care facilities, as defined under Section 1596.750 of the Health and Safety Code, and subject to the California Child Day Care Act set forth in Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code. A program may be exempted from any administrative regulation promulgated pursuant to the California Child Day Care Act by the Superintendent of Public Instruction for the sole purpose of qualification for funding, upon the

determination by the superintendent that good cause exists for the exemption, that the purposes of this article will be so furthered, and that the exemption will not result in a dangerous or life-threatening situation.

8481. In order to maximize program flexibility and cost effectiveness and to foster innovation and creativity, the Superintendent of Public Instruction may exempt from any administrative requirements established under this article any programs that are recreational in nature and contain no instructional components.

8485. (a) It is the intent of the Legislature that funds be appropriated for the state purchase of relocatable child care and development facilities for the purpose of providing extended day care services pursuant to this article, for lease to qualifying contracting agencies in geographic areas with no available child care and development facilities. A fund is hereby created in the State Treasury, to be known as the State Child Care Facilities Fund. All moneys in the State Child Care Facilities Fund, including any moneys deposited in that fund from any source whatsoever, are hereby continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this article. The State Allocation Board may authorize the expenditure of any moneys in the State Child Care Facilities Fund for capital outlay projects pursuant to the provisions of this article.

(b) No relocatable child care and development facility owned by the state shall be placed on privately owned land except in those areas of the state where the Superintendent of Public Instruction determines there is no available space on publicly owned land and where there are no available child care and development facilities.

(c) The Superintendent of Public Instruction shall establish the qualifications to determine the eligibility of extended day care contracting agencies to lease relocatable facilities under this section.

(d) The Superintendent of Public Instruction shall adopt rules establishing priorities for the acquisition and leasing of facilities to contracting agencies that will most benefit children needing extended day care services. First priority shall be given to programs that are operated in school districts that have unhoused pupils, as determined under state standards established pursuant to Chapter 22 (commencing with Section 17700) of Part 10, and have developed a plan to provide extended day care services in a cost-effective manner. Each lessee shall be required to demonstrate that relocatable facilities are utilized solely for operation of extended day care services, and to comply with cost-effective minimum program standards established by the superintendent.

(e) The State Allocation Board, with the advice of the Superintendent of Public Instruction, may do all of the following:

(1) Establish any procedures and policies in connection with the administration of this section that it deems necessary.

(2) Adopt any rules and regulations for the administration of this

section requiring those procedures, forms, and information that it deems necessary.

(3) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place relocatable extended day care services facilities where needed.

(f) The board shall lease relocatable facilities to qualifying extended day care services contracting agencies and shall charge rent of one dollar ($1) per year. The board shall require lessees to undertake all necessary maintenance, repairs, renewal, and replacement to ensure that a project is at all times kept in good repair, working order, and condition. All costs incurred for this purpose shall be borne by the lessee.

(g) The board shall require lessees to insure at their own expense for the benefit of the state, any leased relocatable facility which is the property of the state, against any risks, including liability from the use thereof, in the amounts the board deems necessary to protect the interests of the state.

(h) No relocatable facilities shall be made available to a contracting agency unless the agency furnishes evidence, satisfactory to the board, that the contracting agency has no other facility available for rental, lease, or purchase in the geographic service area that is economically or otherwise feasible.

(i) The board shall have prepared for its use, performance specifications for relocatable facilities and bids for their construction that can be solicited from more than one responsible bidder. The board shall from time to time solicit bids from, and award to, the lowest responsible competitive bidder, contracts for the construction or purchase of relocatable facilities that have been approved for lease to eligible extended day care services contracting agencies.

(j) If at any time the board determines that a lessee's need for particular relocatable facilities which were made available to the lessee pursuant to this article has ceased, the board may take possession of the relocatable facilities and may lease them to other eligible contracting agencies, or, if there is no longer a need for the relocatable facilities, the board may dispose of them to public or private parties in the manner it deems to be in the best interests of the state.

(k) If a lessee uses a particular relocatable facility for only a portion of the year, the board may enter into a second lease with a public or private party for the use of that facility for the portion of the year during which the facility would otherwise be unused, in the manner it deems to be in the best interests of the state. The lessee shall be subject to subdivisions (e) and (g).

8486. The State Allocation Board shall establish regulations for the allocation of funds for capital outlay for purposes of this chapter. The Superintendent of Public Instruction shall establish qualifications for determining the eligibility of extended day care agencies to apply for these funds.

8490. The State Department of Education shall submit a written

report to the Legislature by June 30, 1986, documenting the department's progress in implementing this article. The report shall include the number of contracts awarded, the number of contracts awarded to programs based on public school sites, the number of children by age or grade level served in programs funded under this chapter, and any problems with the implementation of this chapter.

8491. The advisory committee established pursuant to Section 8286 shall perform all of the following functions with regard to this chapter:

(a) Assist the State Department of Education in developing and reviewing guidelines for the administration of this chapter.

(b) Serve in an advisory capacity to the Superintendent of Public Instruction and the Governor for program policy decisions.

(c) Review the implementation of this chapter.

(d) Make written recommendations to the Legislature, the Governor, the State Department of Education, and the State Department of Social Services, by June 30, 1986, with regard to possible improvements to facilitate the implementation of this chapter.

8492. The Office of the Legislative Analyst shall contract for an independent study of the school age community child care program provided for under this article at the end of the second program year, and shall report the results of the study to the Legislature no later than December 1, 1987. The study shall include, but need not be limited to, program services, cost, staffing, administration, and support services; a review of the maximum reimbursement rate; the relationship between school districts, resource and referral programs, and county welfare departments; the timeliness of the creation of the support for child care; the timeliness of the provision of services; a comparative analysis of program services; and any other factors deemed relevant to the evaluation of the program's attainment of its goals and purposes.

SEC. 3. (a) The sum of eight million one hundred seventy-five thousand dollars ($8,175,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the 1985–86 fiscal year for funding extended day care programs under Article 22 (commencing with Section 8460) of Chapter 2 of Part 6 of the Education Code.

Notwithstanding any other provision of law, these funds shall be apportioned to agencies contracting to operate programs from January 1, 1986, to July 1, 1986, at the same rate as if sixteen million dollars ($16,000,000) had been appropriated to fund those programs for the entire 1985–86 fiscal year.

(b) The sum of one hundred seventy-five thousand dollars ($175,000) shall be allocated from the sum appropriated in subdivision (a) for the purposes of the contract described in Section 8492 of the Education Code.

(c) The Superintendent of Public Instruction shall allocate 1.5 per cent of the amount appropriated in subdivision (a) for

administrative costs incurred pursuant to that article. From funds allocated under this subdivision, the superintendent shall establish sufficient positions for the adequate administration of extended day care programs operated pursuant to that article. By June 30, 1986, the superintendent shall report to the Legislature regarding the number and classifications of staff assigned to these programs and the number of programs funded.

SEC. 4. The sum of fourteen million dollars ($14,000,000) is hereby appropriated or allocated for appropriation, as the case may be, from the Federal Trust Fund, pursuant to the federal escrow funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act, as amended (43 U.S.C. Sec. 1337(g)), to the State Child Care Facilities Fund without regard to fiscal year for allocation for capital outlay for extended day care services under Article 22 (commencing with Section 8460) of Chapter 2 of Part 6 of the Education Code, including all of the following purposes:

(a) The state purchase of relocatable facilities pursuant to Section 8485 of the Education Code, including, but not limited to, expenses incurred in the installation and establishment of the facilities.

(b) Capital outlay, including grants to extended day care programs and school districts which make their facilities available for extended day care, pursuant to Section 8486 of the Education Code, for the purpose of minor renovations and repairs necessary to meet any state and local licensing requirements.

(c) The State Allocation Board may use up to 2.5 percent of the funds allocated for the purposes of the program established by this act for necessary administrative costs. The State Allocation Board may establish, and fund under this subdivision, sufficient positions to provide necessary administrative services.

SEC. 5. The sum of twenty-two million five hundred thousand dollars ($22,500,000) is hereby appropriated or allocated for appropriation, as the case may be, from the Federal Trust Fund, pursuant to the federal escrow funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act, as amended (43 U.S.C.(g)), to the State Child Care Facilities Fund without regard to fiscal year, for allocation for capital outlay for extended day care facilities under Article 22 (commencing with Section 8460) of Chapter 2 of Part 6 of the Education Code, that have developed a program plan in conjunction with the program set forth under Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code, which funding includes all of the following purposes:

(a) The state purchase of relocatable facilities pursuant to Section 8485 of the Education Code, including, but not limited to, expenses incurred in the installation and establishment of the facilities.

(b) Capital outlay, including grants to extended day care programs and school districts which make their facilities available for extended day care, pursuant to Section 8486 of the Education Code, for the purpose of minor renovations and repairs necessary to meet

any state and local licensing requirements.

SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the health and safety of children requiring extended day care, to facilitate the orderly implementation of extended day care programs, and to provide funding for the operation of those programs in the 1985–86 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1027

An act to add Part 3.5 (commencing with Section 13895) to Division 3 of Title 2 of the Government Code, relating to federal expenditures, and making an appropriation therefor.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Federal government expenditures in California are a vital part of the state's economy and always have been. Federal programs in such areas as transportation, housing, space, and defense generate a major portion of the state's employment and are vital to those areas of our economy. California receives, for example, 45 percent of the National Aeronautics and Space Administration's procurement budget and 25 percent of the United States Department of Defense's budget for research, development, and procurement.

(b) It is the intention of the federal government to alter its spending patterns during the next several years. Increased emphasis will be placed on space and defense, and decreased spending emphasis will be given to housing, transportation, and direct grants through revenue sharing. The impacts on the entire state economy resulting from these shifts in expenditure patterns need to be evaluated to better prepare for the future.

(c) The impacts of these changing expenditure patterns will be felt particularly in this state's educational establishments, which must continue to provide a steady and adequate flow of skilled

scientific and technical personnel for the growth areas of the state's economy.

(d) To assist local governments, educational institutions, businesses, and individuals to understand and evaluate the impact of these shifting patterns on their budgeting, training needs, competitive possibilities, and job prospects, the state government needs to have for its own use, and to provide to others for their use, better and more complete data than is currently provided on the patterns, scope, extent, and impacts of federal expenditures.

SEC. 2. Part 3.5 (commencing with Section 13895) is added to Division 3 of Title 2 of the Government Code, to read:

PART 3.5. INFORMATION ON FEDERAL EXPENDITURES

13895. (a) It is the intent of the Legislature that the executive and legislative branches have access to timely and objective information on the impact of federal expenditures on the state's economy and employment.

(b) It is further the intent that the State Commission on Finance and the Employment Development Department be jointly responsible for collecting information and analyzing the impact of changing federal expenditures on California's economy, employment, and tax revenues, as provided pursuant to this part and that this information be utilized to the maximum extent to direct state and local job training and economic development resources to areas of the state experiencing expansions or reductions in federal expenditures.

(c) It is further the intent of the Legislature that the efforts of the commission and the department encourage public-private sector collaboration and input to the maximum extent possible.

13895.1. For the purposes of this part, "federal expenditures" means federal contract awards, including defense and space procurement, research and development, and construction contract awards, and expenditures affecting military bases and personnel.

13895.2. The commission shall develop and maintain an economic model capable of estimating the impact of federal expenditures on the state's economy and employment.

13895.3. Within 180 days of the effective date of this part, and on a semiannual basis thereafter, the commission shall report to the Legislature and Governor on the impact of federal expenditures on the state's economy and employment. The commission's report shall address both of the following:

(a) Projections of federal expenditures coming into the state and changes in these expenditures.

(b) The impact of these expenditures on the state's economic growth, employment, tax revenues, and other variables determined to be significant by the commission, for the next year compared with the previous three years.

The report also shall identify significant federal expenditures or

potential expenditures coming into the state affecting military bases, installations, and active duty and retired military personnel located within the state as well as the impact of changes in these expenditures.

13895.4. The Executive Director of the State Commission on Finance and the Director of Employment Development shall jointly establish a working group on federal expenditures. The purposes of the working group shall be to advise the commission and the Director of Employment Development on their responsibilities pursuant to this part.

The working group shall be composed of not more than 15 members, of which two shall be the Director of Commerce and Director of Finance. The working group shall be broadly representative of the state, and shall include representatives of the following groups:

(a) Local elected officials.

(b) Nonelected local officials.

(c) Businesses.

(d) Public interest groups.

(e) Labor organizations.

Of the appointments to the working group, at least five shall be from among a list of names submitted by the Chairman and the Vice Chairman of the Assembly Committee on Economic Development and New Technologies.

13895.5. The Director of Employment Development shall conduct a study to determine the feasibility of establishing a statewide network to monitor and disseminate information on significant federal contract actions affecting employment and job training needs in this state.

By January 1, 1987, the Director of Employment Development shall report to the Legislature, the Governor, and the working group established pursuant to Section 13895.4 regarding the study conducted. The report shall at a minimum contain all of the following:

(a) The location and duration of each prime contract award over one million dollars ($1,000,000) in this state and the number and categories of jobs associated with those contracts.

(b) A listing of skills historically subject to significant fluctuation with increasing and decreasing contract expenditures.

(c) The number of prime contracts awarded to small and minority-owned businesses.

(d) A listing of contracts that will be significantly expanded or reduced within the next 12-month period and the numbers and categories of jobs associated with those contracts.

(e) A description of efforts to be taken by the director, the State Job Training Coordinating Council, private industry councils, community colleges, and other agencies to provide job training, vocational education, and economic development services to areas experiencing contract reductions or expansions, as well as an

assessment of the effectiveness of services provided during the previous year.

(f) An assessment of the impact of federal contract expenditures on the availability of technical and engineering skills throughout the state.

(g) Methods for improving information from federal agencies on significant program activities and expenditures. The information shall include, but not be limited to, the location and duration of prime contracts over one million dollars ($1,000,000) awarded in this state, the number and categories of jobs associated with those contracts, and the number of prime contracts and subcontracts awarded to small and minority-owned businesses.

The report prepared pursuant to this section shall identify significant federal expenditures, or potential expenditures, coming into the state affecting military bases, installations, and active duty and retired military personnel located within the state, particularly those affecting the housing and medical needs of those bases and personnel.

13895.6. Within 90 days of the completion of the report required by Section 13895.5, the working group on federal expenditures shall review the report and make recommendations to the Legislature and the Governor
regarding future action.

13895.7. In order to carry out the duties under this part, the Director of Employment Development may do all of the following:

(a) Request and exchange information with federal, state, and local government agencies. The director may prescribe methods to protect the confidentiality of classified or proprietary information the director may use in compiling data. However, the director shall not receive any tax information which is confidential pursuant to state or federal law, unless the director is otherwise authorized to collect the information.

(b) Conduct seminars and other public meetings at such times and places as the director deems proper.

(c) Employ such staff as may be necessary to carry out his or her duties pursuant to this part. The director may enter into interagency agreements to obtain the services of state employees, and reimburse the employees' agencies for the time the state employees are engaged in duties pursuant to this part.

(d) Contract with other state agencies or individuals, public or private, as necessary, to provide or prepare services, facilities, studies, and reports that will assist the director in carrying out his or her duties and responsibilities pursuant to this part.

(e) Examine any books, documents, reports, or data, including computer programs and computer files held by any state agency, as defined by Section 11000. These agencies shall cooperate with the director and his or her agents in any such examination.

(f) Accept contributions, grants, and bequests and set reasonable fees for publications, studies, or reports. The director may also accept

federal funds as may be available to develop specialized information systems and data bases on federal expenditures in this state.

SEC. 3. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the General Fund for the purposes of this act during the 1985–86 fiscal year, as follows:

(a) To the Employment Development Department	$75,000
(b) To the Commission on State Finance.....	$75,000

CHAPTER 1028

An act to amend Section 6385 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6385 of the Revenue and Taxation Code is amended to read:

6385. (a) There are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property, other than fuel and petroleum products, to a common carrier, shipped by the seller via the purchasing carrier's facilities under a bill of lading whether the freight is paid in advance, or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier.

(b) There are exempted from the computation of the amount of the sales tax the gross receipts from the sale of tangible personal property, other than aircraft fuel and petroleum products, purchased by a foreign air carrier and transported by the foreign air carrier's facilities to a foreign destination for use by the air carrier in the conduct of its business as a common carrier by air of persons or property. To qualify for this exemption, the foreign air carrier shall timely furnish to the seller a certificate in writing that the property shall be transported and used in the manner described in this subdivision. The certificate shall be substantially in the form prescribed by the board. Acceptance in good faith of such a certificate shall relieve the seller from liability for the sales tax. The foreign air carrier shall maintain records in this state, such as a copy of a bill of lading, and air waybill or cargo manifest, documenting its transportation of the tangible personal property to a foreign destination.

(c) There are exempted from the computation of the amount of

the sales tax the gross receipts from the sale of fuel and petroleum products to a water, air, or rail common carrier, for immediate shipment outside this state for consumption in the conduct of its business as a common carrier after the first out-of-state destination. To qualify for the exemption the common carrier shall furnish to the seller an exemption certificate in writing stating the quantity of fuel and petroleum products claimed as exempt which is to be consumed after reaching the first out-of-state destination. That certificate shall bear the purchaser's valid seller's permit number or valid fuel exemption registration number and shall be substantially in the form prescribed by the board. Acceptance in good faith of that certificate shall relieve the seller from liability for the sales tax.

(d) "First out-of-state destination," as used in this section, means the first point reached outside this state by a common carrier in the conduct of its business as a common carrier at which cargo or passengers are loaded or discharged, cargo containers are added or removed, fuel is bunkered, or landing or docking fees are charged.

"First out-of-state destination," as used in this section, also includes the entry point of the Panama Canal when the carrier is only transiting the canal in the conduct of its business as a common carrier.

(e) "Common carrier," as used in this section, with respect to water transportation, shall be deemed to include any vessel engaged, for compensation, in transporting persons or property in interstate or foreign commerce.

(f) "Foreign air carrier," as used in this section, means a foreign air carrier as defined in Section 1301 of Title 49 of the United States Code.

(g) "Immediate shipment," as used in this section, means that the delivery of the fuel and petroleum products by the seller is directly into a ship, aircraft, or rail car for transportation outside this state and not for storage by the purchaser or any third party.

(h) Any common carrier claiming exemption under subdivision (c) who is not required to hold a valid seller's permit shall be required to register with the board and obtain a fuel exemption registration number and shall be required to file returns as the board may prescribe if either the board notifies the carrier that returns must be filed or the carrier is liable for taxes based upon consumption of fuel erroneously claimed as exempt under this section. A common carrier required to hold a fuel exemption registration number shall be subject to all applicable provisions of this part, Part 1.5 (commencing with Section 7200), and Part 1.6 (commencing with Section 7251).

(i) A common carrier claiming an exemption under subdivision (c) upon request, shall make available to the board records, including, but not limited to, a copy of a log abstract, an air waybill, or a cargo manifest, documenting its transportation of the fuel or petroleum product to an out-of-state destination and the amount claimed as exempt. If the carrier fails to provide these records upon

request, the board may revoke the carrier's fuel exemption registration number.

(j) The board may require any carrier claiming an exemption under this section and required to obtain a fuel exemption registration number to place with it such security as the board may determine pursuant to Section 6701.

(k) Pursuant to subdivisions (a), (b), and (c), any use of the property by the purchasing carrier, other than that incident to the delivery of the property to the carrier and the transportation of the property by the carrier to the first out-of-state destination and subsequent use in the conduct of its business as a common carrier, or a failure of the carrier to document its transporting the property to the first out-of-state destination, shall subject the carrier to liability for payment of sales tax as if it were a retailer making a retail sale of the property at the time of that use or failure, and the sales price of the property to it shall be deemed to be the gross receipts from the retail sale.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1029

An act to add Division 4.1 (commencing with Section 8301) to the Public Utilities Code, relating to nuclear powerplants.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Division 4.1 (commencing with Section 8301) is added to the Public Utilities Code, to read:

DIVISION 4.1. NUCLEAR POWERPLANT COMMUNITIES INFORMATION

8301. This division shall be known and may be cited as the Nuclear Powerplant Communities Information Act of 1985.

8302. Every privately owned and publicly owned public utility generating electricity by means of any nuclear powerplant and every privately owned and publicly owned public utility with a nuclear powerplant that is no longer producing electricity but is in the decommissioning process or is still radioactive shall do both of the following:

(a) Provide periodically, as required by the United States Nuclear Regulatory Commission, but at least every two years, by mail or by hand delivery, with that information as may be required by the commission to be disseminated to the public, either to all residents

within a 10-mile radius of the powerplant or to those persons designated by the commission, whichever is the greater number of persons, a general description of the powerplant, emergency evacuation information, and substantive revisions thereof, and the titles, addresses, and telephone numbers of the federal, state, and local public officials who may be contacted for more detailed information concerning powerplant status and discharges.

(b) Provide, at least twice each year, a copy of the public utility's "Effluent Monitoring Report" to the county health officer in the county where the nuclear powerplant is located.

8303. The Department of the California Highway Patrol shall, on or before July 1, 1986, report to the Legislature regarding the establishment of procedures for notifying local officials of the shipment of hazardous radioactive materials containing commercially produced, spent radioactive fuel.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1030

An act to add Section 25202.9 to, and to add Article 11.8 (commencing with Section 25244) to Chapter 6.5 of Division 20 of, the Health and Safety Code, relating to hazardous waste, and making an appropriation therefor.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25202.9 is added to the Health and Safety Code, to read:

25202.9. The department shall require, as a permit condition when issuing a permit for an onsite hazardous waste treatment, storage, or disposal facility that the generator of the hazardous waste annually certify all of the following information to the department:

(a) The generator of the hazardous waste has established a program to reduce the volume or quantity and toxicity of the hazardous waste to the degree, determined by the generator, to be economically practicable.

(b) The proposed method of treatment, storage, or disposal is that practicable method currently available to the generator which minimizes the present and future threat to human health and the environment.

SEC. 2. Article 11.8 (commencing with Section 25244) is added

to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 11.8. Hazardous Waste Reduction, Recycling, and Treatment

25244. This article shall be known and may be cited as the Hazardous Waste Reduction, Recycling, and Treatment Research and Demonstration Act of 1985.

25244.1 (a) The Legislature hereby finds and declares that, whenever possible, the generation of hazardous waste is to be reduced or eliminated as expeditiously as possible, and that waste that is generated should be recycled, treated, or disposed of in a manner that minimizes any present or future threats to human health or the environment.

(b) The Legislature further finds that there exists many promising, but as yet unproven, technologies for the reduced generation of hazardous waste and for recycling and treating hazardous waste.

(c) The Legislature further finds that financial commitment by public agencies and private industry for the expeditious development and dispersion of hazardous waste reduction, recycling, and treatment technologies depends upon further research as well as credible and timely demonstrations of the feasibility, environmental acceptability, and reliability of this technology.

(d) It is the intent of the Legislature, in enacting this article, to promote the research, development, and expeditious demonstration of technologies which have the potential to reduce, recycle, and treat hazardous waste. It is further the intent of the Legislature to encourage private sector participation in this program to the greatest extent possible.

25244.2. For purposes of this article, "hazardous waste reduction, recycling, and treatment technologies" mean technologies and techniques which have, as their primary purpose, the reduced generation of hazardous waste, the recycling of hazardous waste, or the conversion of hazardous waste into a less hazardous form. "Hazardous waste reduction, recycling, and treatment technologies" do not include solidification or treatment occurring directly in, or on, the land, such as techniques using evaporation, surface impoundments, or land farming.

25244.3. On or before June 1, 1986, the department shall conduct a study, and make recommendations to the Legislature, on the establishment of a comprehensive program for achieving reductions in hazardous waste generation. The study shall address, but not be limited to, all of the following program elements, as they relate to hazardous waste reduction:

(a) Funding assistance, such as grants, low-interest loans, and tax incentives.

(b) Disposal fee levels and types.

(c) Technical assistance.
(d) Regulatory incentives.
(e) Demonstration projects.
(f) Research activities.
(g) Funding and staffing necessary to fully implement this program.

25244.4. Every generator of hazardous waste shall submit a report to the department, at least once every two years, reporting the changes in volume and toxicity of waste achieved through waste reduction during the period for which the report is issued.

25244.5. The department shall establish a Hazardous Waste Technology, Research, Development, and Demonstration Program, which would consist of both of the following elements:

(a) Contracting with, and providing grants to, universities, governmental agencies, and private organizations for the research and development of hazardous waste reduction, recycling, or treatment technologies pursuant to Section 25244.10.

(b) Providing grants, under specified conditions, to cities, counties, and private organizations for the commercial demonstration of hazardous waste reduction, recycling, or treatment technologies pursuant to Section 25244.6.

25244.6. The department, in consultation with the State Water Resources Control Board, the State Air Resources Board, and the California Waste Management Board, shall do all of the following:

(a) Implement a program to research, develop, and demonstrate hazardous waste reduction, recycling, and treatment technologies at appropriate locations throughout the state.

(b) On or before January 1, 1987, and, in consultation with industry and interested parties, adopt criteria for selecting projects which would receive grants to pay for the construction of equipment which would be used to demonstrate hazardous waste reduction, recycling, or treatment technologies. The criteria shall include provisions which require that, in assessing each project, the department consider the feasibility of the project's particular technology, the research and technical spinoffs likely to be generated by the project, the degree to which the findings of the projects can be disseminated and evaluated for replication elsewhere, and the consistency of, and contributions of, the project to the state's hazardous waste management program.

(c) Using the criteria adopted pursuant to subdivision (b), select projects to receive grants to construct equipment which would be used to demonstrate hazardous waste reduction, recycling, or treatment technologies. The department shall select projects which also meet at least one of the following requirements:

(1) The project has onsite, as well as offsite potential, for the reduction, recycling, or treatment of hazardous waste.

(2) The project has the potential to benefit, or be utilized by, small businesses.

(3) The project is applicable to a range of industries.

25244.7. Consistent with Article VII of the California Constitution, the department may contract for services to be performed to carry out this article, including, but not limited to, environmental control assessment, feasibility analysis, the review of project design, field management responsibilities, and project scheduling and control.

25244.8. Grant funding for equipment construction needed for demonstration of hazardous waste reduction, recycling, and treatment technologies shall be provided to projects selected pursuant to Section 25244.6 in four consecutive steps:

(a) Step I grants shall be made to study the feasibility of a proposed project. Ninety percent of the costs of the feasibility study shall be eligible for grant funding up to a maximum of twenty-five thousand dollars ($25,000) per grant. In activities funded by a step I grant, the applicant shall develop information needed to select the waste reduction, recycling, or treatment alternative, which would be most cost-effective.

(b) Step II grants shall be made for project design. Seventy percent of the costs of the design of the project shall be eligible for grant funding, except that a small business may be eligible for 90 percent of those costs, up to a maximum of fifty thousand dollars ($50,000) per grant. In activities funded by a step II grant, the applicant shall prepare detailed plans and specifications for the selected facilities, establish schedules for implementation, and obtain necessary permits.

(c) Step III grants shall be made for the construction of the facilities. Fifty percent of the costs of constructing the project shall be eligible for grant funding, except that a small business may be eligible for 80 percent of those costs, up to a maximum of four hundred thousand dollars ($400,000) per grant. As a condition of receiving a step III grant, the grantee shall allow the results of the project to be evaluated and the information disseminated to other parties. In activities funded by a step III grant, the applicant shall construct the facilities as designed under a step II grant, procure needed equipment, and obtain necessary permits to operate the facility.

(d) Step IV grants shall be made to evaluate the effectiveness of grant-funded facilities, develop information on compliance with regulatory permits, and assess applicability of the selected approach to other generators of similar hazardous wastes. Ninety percent of the costs of those activities shall be eligible for grant funding, except that a small business may be eligible for 100 percent of those costs, up to a maximum of one hundred thousand dollars ($100,000) per grant.

25244.9. The department shall compile the results of all evaluations of projects funded by step IV grants, as specified in subdivision (d) of Section 25244.8, or the evaluations of any other project which are available to the department, and shall make them available to interested parties as expeditiously as possible. The

department shall notify any interested party of the availability of project evaluations.

25244.10. The department may issue grants to, and enter into contracts with, universities, governmental agencies, and private organizations to research and develop hazardous waste reduction, recycling, or treatment technology. These grants may be applied to personnel, equipment, and administrative costs and shall, to the extent possible, be used to augment other sources of research and development funding, including federal and private funds.

25244.11. The department shall, by January 1, 1988, and each year thereafter, report to the Governor and the Legislature, including the Chairpersons of the Senate Committee on Appropriations, Assembly Committee on Ways and Means, Joint Legislative Budget Committee, and Assembly Committee on Economic Development and New Technologies, on the status, funding, and results of all demonstration and research projects awarded grants.

This report shall include recommendations for legislation and shall identify those state and federal economic and financial incentives which can best accelerate and maximize the research, development, and demonstration of hazardous waste reduction, recycling, and treatment technologies.

SEC. 3. The sum of one million dollars ($1,000,000) is hereby appropriated from the Hazardous Waste Control Account to the State Department of Health Services for the 1985–86 fiscal year for the purposes of carrying out Section 25202.9 of, and Article 11.8 (commencing with Section 25244) of Chapter 6.5 of Division 20 of, the Health and Safety Code.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1031

An act to add and repeal Section 2717 of the Penal Code, relating to prisoners, and declaring the urgency thereof, to take effect immediately

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2717 is added to the Penal Code, to read:

2717. The Department of Water Resources shall develop a plan for the utilization of no fewer than 2,000 level I and level II prisoners in water resource projects, including, but not limited to, levee repair, stream clearance, flood control, and water facility maintenance. The department shall submit its plan to the Legislature no later than February 1, 1986.

The department, in preparing the plan, should target projects which, in the absence of prison labor, would go undone or would add to a backlog in needed improvements. The plan shall be fashioned to prevent displacement of civil service employees and shall indicate whatever impact the plan would have on free workers. As used in this section, "displacement" includes layoff, demotion, involuntary transfer to a new class, involuntary transfer to a new location requiring change of residence, and time base reductions.

This section shall remain in effect until January 1, 1987, and on that date shall be repealed, unless a later enacted statute, which is chaptered on or before that date, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expeditiously identify projects which may feasibly and economically be performed by convicts for the benefit of the state within the meaning of Section 5 of Article XIV of the Constitution, it is necessary that this act take immediate effect.

CHAPTER 1032

An act to amend Sections 23161 and 23181 of the Vehicle Code, relating to alcohol and drug education, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 23161 of the Vehicle Code is amended to read:

23161. (a) Except as provided in subdivision (f), if the court grants probation to any person punished under Section 23160, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition

of probation that the person be subject to one of the following:

(1) Be confined in the county jail for at least 48 hours but not more than six months and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The court may order the Department of Motor Vehicles to suspend the privilege to operate a motor vehicle pursuant to paragraph (1) of subdivision (a) of Section 13352 when this condition of probation is imposed.

(2) Pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000) and have the privilege to operate a motor vehicle restricted for 90 days to necessary travel to and from that person's place of employment and to and from the program described in subdivision (b) and, if driving a motor vehicle is necessary to perform the duties of the person's employment, restricted to driving in that person's scope of employment.

(b) In any county where the board of supervisors has approved such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education program, or both of these programs, as designated by the court.

(c) Each county which has approved an alcohol or drug education program or programs shall make provision for persons who cannot afford the program fee, in order to enable those persons to participate. The county may require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(d) In order to assure effectiveness of the alcohol or drug education program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) (1) Any person required to successfully complete an alcohol or drug education program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person shall also participate in and successfully complete the program and, excepting when the person is required to enroll in a program that is required to report unsuccessful program completion to the court, shall furnish proof of successful completion within the period of time and in the manner specified by the court. The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the person's failure to comply with this paragraph.

(2) An alcohol or drug education program shall report to the court within the period of time and in the manner specified by the court any person who fails to successfully complete the program.

(3) The court, in establishing the reporting requirements in this subdivision, shall consult with the county alcohol program administrator.

SEC. 2. Section 23181 of the Vehicle Code is amended to read:

23181. (a) If the court grants probation to any person punished under Section 23180, in addition to the provisions of Section 23206 and any other terms and conditions imposed by the court, the court shall impose as a condition of probation that the person be confined in the county jail for at least five days but not more than one year and pay a fine of at least three hundred ninety dollars ($390) but not more than one thousand dollars ($1,000). The person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to paragraph (2) of subdivision (a) of Section 13352.

(b) In any county where the county alcohol program administrator has certified, and the board of supervisors has approved, such a program or programs, the court shall also impose as a condition of probation that the driver shall participate in, and successfully complete, an alcohol or drug education program, as designated by the court.

(c) Each county which has approved and certified an alcohol or drug education program or programs shall make provision for persons who cannot afford the program fee, in order to enable those persons to participate. The county may require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(d) In order to assure effectiveness of the alcohol or drug education program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(e) (1) Any person required to successfully complete an alcohol or drug education program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person shall also participate in and successfully complete the program and, excepting when the person is required to enroll in a program that is required to report unsuccessful program completion to the court, shall furnish proof of successful completion within the period of time and in the manner specified by the court. The court shall revoke the person's probation pursuant to Section 23207, except for good cause shown, for the person's failure to comply with this paragraph.

(2) An alcohol or drug education program shall report to the court within the period of time and in the manner specified by the court any person who fails to successfully complete the program.

(3) The court, in establishing the reporting requirements in this subdivision, shall consult with the county alcohol program administrator.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the approved alcohol and drug education programs to report to the court when a person fails to attend and complete alcohol or drug education programs as ordered by the court, instead of requiring the person to report completion within 120 days, and to permit this practice, which is existing in some jurisdictions, to continue, it is necessary that this act take effect immediately.

Until the funds are applied as provided in this chapter, and notwithstanding any other provision of law, the moneys may be invested in any obligations or securities authorized by resolutions of the authority authorizing the issuance of the bonds. Any officer with whom, or any bank or trust company with which,

the moneys are deposited shall act as trustee of the moneys and shall hold and apply the moneys for the purposes hereof, subject to any regulations adopted pursuant to this chapter and the resolution authorizing the issuance of any bonds or the trust agreement securing the bonds.

SEC. 2. Section 94150 of the Education Code is amended to read:

94150. (a) The authority may issue bonds of the authority for the purpose of refunding any bonds or notes of the authority then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest date of redemption or subsequent date of redemption, purchase or maturity of the bonds, to be refunded and, if deemed advisable by the authority, for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project or any portion of a project.

(b) The proceeds of any bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority, be applied to the purchase, retirement at maturity, or redemption prior to maturity of any outstanding bonds either on their earliest redemption date or dates, any subsequent redemption date or dates, upon their purchase or maturity, or paid to a third person to assume the authority's obligation to make the payments, and may, pending that application, be placed in escrow to be applied to the purchase, retirement at maturity, or redemption on the date or dates determined by the authority.

(c) Any proceeds placed in escrow may, pending their use, be invested and reinvested in obligations or securities authorized by resolutions of the authority, payable or maturing at the time or times as are appropriate to assure the prompt payment of the principal, interest, and redemption premium, if any, of the outstanding bonds to be refunded at maturity or redemption of the bonds to be refunded either at their earliest redemption date or dates or any subsequent redemption date or dates. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be refunded or to the payment of interest on the refunding bonds. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by the authority.

(d) The portion of the proceeds of any bonds issued for the additional purpose of paying all or any part of the cost of constructing and acquiring additions, improvements, extensions, or enlargements of a project may be invested and reinvested in obligations or securities authorized by resolution of the authority, maturing not later than the time or times when the proceeds will be needed for the purpose of paying all or any part of the cost. The interest, income, and profits, if any, earned or realized on the investment may be applied to the payment of all or any part of the cost or may be used

by the authority in any lawful manner.

(e) All of those refunding bonds are subject to this chapter in the same manner and to the same extent as other bonds issued pursuant to this chapter.

SEC. 3. Section 94153 of the Education Code is amended to read:

94153. The total amount of bonds authorized to be outstanding at any one time under this chapter shall be seven hundred fifty million dollars ($750,000,000). (c) Any proceeds placed in escrow may, pending their use, be invested and reinvested in obligations or securities authorized by resolutions of the authority, payable or maturing at the time or times as are appropriate to assure the prompt payment of the principal, interest, and redemption premium, if any, of the outstanding bonds to be refunded at maturity or redemption of the bonds to be

refunded either at their earliest redemption date or dates or any subsequent redemption date or dates. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be refunded or to the payment of interest on the refunding bonds. After the terms of the escrow have been fully satisfied and carried out, any balance of the proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by the authority.

(d) All of the refunding bonds are subject to this part in the same manner and to the same extent as other bonds issued pursuant to this part.

SEC. 6. Section 15453 of the Government Code is amended to read:

15453. The total amount of bonds which may be outstanding at any one time under this part shall not exceed seven hundred sixty-seven million dollars ($767,000,000). It is hereby declared that it is a public purpose for a local agency to issue bonds for the purpose of refunding any revenue bonds of the local agency, whether due or not due, or which have or which may hereafter become payable at the option of the local agency, by consent of the bondholders, or by any lawful means.

Any refunding bonds may be outstanding at the same time as the revenue bonds for which the refunding bonds are issued, subject to any contractual limitations created in the proceedings for the issuance of the revenue bonds, and may be on a parity with, or subordinate to, the revenue bonds.

The refunding bonds may be issued pursuant to Article 11 (commencing with Section 53580) or under any applicable revenue bond law, including, but not limited to, the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300)), the Parking Law of 1949 (Part 2 commencing with Section 32500) of Division 18 of the Streets and Highways Code), the Parking District Law of 1951 (Part 4 (commencing with Section 35100) of Division 18 of the Streets and Highways Code), the joint exercise of powers provisions contained in Article 1 (commencing with Section 6500) and Article 2 (commencing with Section 6540) of Chapter 5 of Division 7 of Title 1, and the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), and shall be deemed issued for a valid public purpose and a proper bond purpose under Article 11 (commencing with Section 53580) or the applicable revenue bond law, and interest upon the refunding bonds or the bonds to be refunded from the date thereof to the date of payment of the bonds to be refunded or the date upon which the bonds to be refunded will be paid pursuant to call or agreement with the holders of the bonds may be paid from the proceeds of the refunding bonds or the investment of the proceeds.

SEC. 10.5. Section 53573 of the Government Code is repealed.

SEC. 11. Section 53582 of the Government Code is amended to read:

53582. The proceedings of any local agency authorizing the issuance of bonds shall not require the deposit of any more moneys, obligations, and federal securities as are sufficient, taking into

account both the principal amount of the moneys, obligations, and securities and the interest to become due thereon, to implement the refunding of those bonds. Federal securities and the interest thereon shall be used to satisfy any requirement of cash, money, specie, or lawful money in any proceeding conducted by a local agency before September 19, 1975.

SEC. 12. Section 53583 of the Government Code is amended to read:

53583. (a) Any local agency may issue bonds pursuant to this article or any revenue bond law under which the local agency is otherwise authorized to issue bonds for the purpose of refunding any revenue bonds of the local agency.

(b) The proceedings of any local agency authorizing the issuance of any refunding bonds may provide all of the following for those bonds:

(1) The form of the bonds to be issued as serial bonds, term bonds, or installment bonds, or any combination thereof.

(2) The date or dates to be borne by the bonds.

(3) The time or times of maturity of the bonds.

(4) The interest, fixed or variable, to be borne by the bonds.

(5) The time or times that the bonds shall be payable.

(6) The denominations, form, and the registration privileges of the bonds.

(7) The manner of execution of the bonds.

(8) The place or places the bonds are payable.

(9) The terms of redemption.

(10) Any other terms and conditions determined necessary that the local agency.

(c) (1) The refunding bonds may be sold at public or private sale or on a negotiated sale basis and at the prices, above or below par, as the local agency determines.

(2) (A) If the local agency determines to sell the bonds at public sale, the local agency shall advertise the bonds for sale and invite sealed bids on the bonds by publication of a notice once at least 10 days before the date of the public sale in a newspaper of general circulation circulated within the boundaries of each local agency to be aided by the project to be financed by the issuance of the bonds. If one or more satisfactory bids are received pursuant to the notice, the bonds shall be awarded to the highest responsible bidder. If no bids are received or if the local agency determines that the bids received are not satisfactory as to price or responsibility of the bidders, the local agency may reject all bids received, if any, and either readvertise or sell the bonds at private sale or on a negotiated sale basis.

(B) If the local agency determines to sell the bonds at private sale or on a negotiated sale basis, the local agency shall send a written statement, within two weeks after the bonds are sold, to the California Debt Advisory Commission explaining the reasons why the local agency determined to sell the bonds at private sale or on

a negotiated sale basis instead of at public sale.

SEC. 13. Section 53584 of the Government Code is repealed.

SEC. 14. Section 53584 is added to the Government Code, to read:

53584. The proceeds of refunding bonds may be applied to the purchase, retirement at maturity, or redemption of the bonds to be refunded either at their earliest redemption date or dates, any subsequent redemption date or dates, upon their purchase or retirement maturity, or paid to a third person to assume the local agency's obligation to make the payments, and may, pending that application, be placed in escrow and invested or reinvested in any obligations or securities, and any interest or other increment earned or realized on any such investment may be applied to the payment of the bonds to be refunded or to the payment of interest on the refunding bonds, as provided in the proceedings of the local agency authorizing the issuance of the refunding bonds.

SEC. 15. Section 53585 of the Government Code is repealed.

SEC. 16. Section 53585 is added to the Government Code, to read:

53585. A local agency that issues refunding bonds may obtain insurance or other credit enhancement of the refunding bonds or of the escrow referred to in Section 53584 and may enter into any credit reimbursement agreement or other agreement with any person or entity. The agreement shall contain the terms of the credit reimbursement, interest rate, security, and any other terms the local agency deems necessary or appropriate.

SEC. 17. Section 53587 is added to the Government Code, to read:

53587. In determining the amount of refunding bonds to be issued, the local agency may include all costs of issuing the refunding bonds and of refunding the bonds to be refunded, including the amount of any premium required to be paid to redeem any of the bonds to be refunded, any capitalized interest or bond reserve funds which the local agency determines to be reasonably required, and the cost of any insurance or other credit enhancement authorized by Section 53585.

SEC. 18. Section 53588 is added to the Government Code, to read:

53588. The issuance, transfer, and interest income earned on any bonds issued by a local agency under this article is exempt from taxation of every kind by any state or local entity. The local agency shall not be required to pay any taxes on, or with respect to, the income earned on the investment of proceeds of the bonds placed in escrow or otherwise.

SEC. 19. Section 53589 is added to the Government Code, to read:

53589. This article provides a complete, additional, and alternative method for doing the things authorized by this article and shall be regarded as supplemental and additional to the powers conferred by any other laws, and the issuance of bonds and the entering into any credit reimbursement or other agreement under this article does not need to comply with the requirements of any other law applicable to the local agency or the issuance of bonds or the incurring of indebtedness.

SEC. 20. Section 53590 is added to the Government Code, to read:

53590. An action may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any issuance or proposed issuance of refunding bonds under this article, and the legality and validity of all proceedings previously taken or proposed to be taken in a resolution or ordinance adopted by the local agency for the authorization, issuance, sale, and delivery of the bonds, for entering into any credit reimbursement or other agreement in connection therewith, for the use of the proceeds of the bonds, and for the payment of the principal of, and interest on, the bonds.

SEC. 21. Article 12 (commencing with Section 53590) is added to Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 12. Financial Advisers and Bond Counsel

53590. The following terms shall have the following meanings for purposes of this article:

(a) "Bond counsel" means any attorney or firm of attorneys that represents the issuer of a new issue of bonds with respect to the issuance of the bonds and that renders a written legal opinion to, or as counsel for, the issuer with respect to the validity of the bonds.

(b) "Bond" means any bonds, notes, or other evidences of indebtedness issued by any local agency or certificates of participation in any lease, sale, or other obligations of any local agency. "New issue of bonds" means the original issuance of bonds, including refunding bonds, by the issuer to one or more purchasers until, in the case of underwriters, the end of the underwriting period. In the case of bonds with a tender or put option feature, or commercial paper, "new issue of bonds" means only the original issuance and not any remarketing, rollover, or reissuance.

(c) A "financial advisory relationship" exists when an investment firm, or other person or firm in the business of providing financial advisory or financial consulting services to issuers with respect to municipal securities, renders, or enters into an agreement to render, financial advisory or financial consultant services to, or on behalf of, an issuer with respect to a new issue or issues of bonds, including advice with respect to the structure, timing, terms, and other similar matters concerning the issue or issues, for a fee or other compensation or in expectation of such compensation for the rendering of those services. However, a financial advisory relationship does not exist when, in the course of acting as an underwriter, an investment firm renders advice to an issuer, including advice with respect to the structure, timing, terms, and other similar matters concerning a new issue of bonds or when, for any new issuer of bonds, an investment firm advises and assists an issuer with respect to obtaining consent from holders of previously issued bonds in connection with, among other things, amendments

of covenants or defaults.

(d) "Investment firm" means any bank, investment bank, partnership, corporation, association, or other firm engaged in the business of buying and selling bonds for its own account or for the account of others as part of its regular business.

(e) "Local agency" means a public district, public corporation, authority, agency, board, commission, county, city and county, city, school district, or other local public entity.

53591. No investment firm that has, or has had, a financial advisory relationship with respect to a new issue of bonds shall acquire as principal either alone or as a participant in a syndicate or other similar account formed for the purpose of purchasing, directly or indirectly, from the issuer all or any portion of the issue, or arrange for the acquisition or participation by a person controlling, controlled by, or under common control with the investment firm, unless the issue is to be sold by the issuer at competitive bid and the issuer has, prior to the bid, expressly consented in writing to the acquisition or participation. The limitations and requirements set forth in this section also apply to any investment firm controlling, controlled by, or under common control with the investment firm having a financial advisory relationship. The use of the term "indirectly" in this section does not preclude any investment firm which has a financial advisory relationship with respect to a new issue of bonds from purchasing any of those bonds from an underwriter, either for its own trading account or for the account of its customers, except to the extent that the purchase is made to contravene the purpose and intent of this section.

53592. Each financial advisory relationship shall be evidenced by a written document executed prior to, upon, or promptly after the inception of the financial advisory relationship, or promptly after the creation or selection of the issuer if the issuer does not exist or has not been determined at the time the relationship commences. That written document shall set forth the basis of compensation for the financial advisory services to be rendered, which, except for bonds issued prior to January 1, 1988, to finance single-family or multifamily housing, shall be on a basis other than as a percentage of the amount of the bonds to be sold.

53593. No bond counsel with respect to a new issue of bonds shall also be counsel, with respect to that new issue of bonds, to the underwriter or other initial purchaser of the bonds. This section does not preclude the bond counsel from rendering one or more opinions to the underwriter or purchaser with respect to the bonds, the documents or laws pursuant to which the bonds are issued, the official statement, offering circular, or other disclosure document describing the bonds, or any related matter, if the opinion is rendered as bond counsel and not as counsel to the underwriter or purchaser.

53594. Injunctive relief shall be available, subject to judicial discretion, to prohibit or enjoin any violation of this article, but no

violation shall affect the authority, validity, or enforceability of bonds.

SEC. 22. Section 52032.5 of the Health and Safety Code is repealed.

SEC. 23. Section 33.2 of the Kings River Conservation District Act (Chapter 931 of the Statutes of 1951), is amended to read:

Sec. 33.2. Notwithstanding Section 54388 of the Government Code or any other provision of law, the board may sell up to four hundred fifty million dollars ($450,000,000) principal amount of the bonds authorized to be issued for the Dinkey Creek Hydroelectric Project and related facilities at the election held in the district on November 3, 1981, pursuant to the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) at private sale or at public sale, whichever it determines.

Article 12 (commencing with Section 53590) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code shall not be applicable to the issuance of those bonds if, in addition to any underwriter that has, or has had, a financial advisory relationship with respect to the issuance of bonds, there is an equal managing underwriter that does not have, or has not had, such a financial advisory relationship.

SEC. 24. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Without immediate implementation of this act, the educational facilities covered by the California Educational Facilities Authority Act will run out of funds. To avoid this problem, it is necessary that this act take effect immediately.

In addition, existing provisions of law governing the issuance of refunding bonds and the investment of the proceeds of those bonds were enacted prior to both of the following events:

(1) The development of certain refinancing techniques now available to issuers who are not subject to those existing provisions of law.

(2) The issuance of certain federal regulations concerning "arbitrage" profits which curb the refunding practices addressed differently by Article 11 (commencing with Section 53580) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code.

These existing provisions prevent public entities in California from refinancing their outstanding indebtedness, from utilizing certain refinancing techniques, or from realizing the full benefits of refinancing which would otherwise be available. In order to authorize public entities in California to effectively use refinancing as a tool in the prudent management of their fiscal affairs as soon as possible, and in order to control the issuance of refunding bonds and the investment of proceeds thereof, and to enact provisions regulating financial advisory relationships, as soon as possible, this act

must take effect immediately.

CHAPTER 1034

An act to add Chapter 7.6 (commencing with Section 12925) to Part 6 of Division 6 of the Water Code, relating to water resources, and making an appropriation therefor.

[Approved by Governor September 26, 1985. Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.6 (commencing with Section 12925) is added to Part 6 of Division 6 of the Water Code, to read:

CHAPTER 7.6. GROUNDWATER RECHARGE FACILITIES FINANCING

Article 1. Short Title

12925. This chapter shall be known and may be cited as the Groundwater Recharge Facilities Financing Act.

Article 2. Declaration of Policy

12926. The Legislature finds and declares as follows:

(a) Recharge is an effective way to maximize availability of scarce water supplies throughout the state.

(b) There are many groundwater basins in the state that are in an overdraft condition.

(c) It is necessary for the health, safety, and welfare of the people of the state that the groundwater basins of the state be recharged.

(d) Many of the agencies that have responsibility for managing groundwater are unable to finance adequate groundwater recharge and storage programs, and it is in the interest of the people of California that the state provide financial assistance to implement these programs.

Article 3. Definitions

12927. As used in this chapter, unless the context requires otherwise:

(a) "In-lieu recharge" means accomplishing increased storage of groundwater by providing interruptible surface water to a user who relies on groundwater as a primary supply, to accomplish groundwater storage through the direct use of that surface water in lieu of pumping groundwater. In-lieu recharge would be used rather

than continuing pumping while artificially recharging with the interruptible surface waters.

(b) "Project" means land and facilities for artificial groundwater recharge through methods which include, but are not limited to, (1) percolation using basins, pits, ditches and furrows, modified streambed, flooding, and well injection or (2) in-lieu recharge. "Project" also means land and facilities already in use for the purpose of groundwater recharge.

"Project" may include any of the following:

(1) Instream facilities for regulation of water levels, but not regulation of streamflow by storage to accomplish diversion from the waterway.

(2) Agency owned facilities for extraction.

(3) Conveyance facilities to the recharge site, including devices for flow regulation and measurement of recharge waters.

Any part or all of the project facilities, including the land under the facilities, may consist of the separable features, or an appropriate share of multipurpose features, of a larger system, or both.

(c) "Local agency" or "agency" means any city, county, district, joint powers authority, or other political subdivision of the state involved with water management.

Article 4. Loans

12928. (a) The money in the 1985 Water Conservation and Groundwater Recharge Bond Fund shall be available for appropriation by the Legislature for loans to local agencies to aid in the conduct of projects for artificial groundwater recharge and the purposes set forth in this section. The loan program shall be administered by the department. Administrative costs of the loan program shall be paid from moneys available therefor in the 1985 Water Conservation and Groundwater Recharge Bond Fund as appropriated by the Legislature in the annual Budget Bill.

(b) The department may enter into a contract for a loan if it finds that the agency has the ability to repay the requested loan, that the project is economically justified, and that the project is feasible from an engineering and hydrogeologic viewpoint. However, any contract concerning an eligible project for artificial groundwater recharge shall include, in substance, all of the following:

(1) An estimate of the reasonable cost and benefit of the project, including a feasibility report which shall set forth the economic justification and the engineering, hydrogeologic, and financial feasibility of the project, and shall include explanations of the proposed facilities and their relation to other water-related facilities in the basin or region.

(2) An agreement by the agency to proceed expeditiously to complete the project in conformance with the approved plans and specifications and the feasibility report and to operate and maintain the project properly upon completion throughout the repayment

period.

(3) Loan contracts may not provide a moratorium on payment of principal or interest.

(4) Loans shall be for a period of up to 25 years with an interest rate set annually by the department at 50 percent of the average interest rate paid by the state on general obligation bonds in the calendar year immediately preceding the year in which the loan agreement is executed.

(5) No single project may receive more than five million dollars ($5,000,000) from the department.

12928.1. The department shall give priority to projects of agencies located in overdrafted groundwater basins and those projects of critical need, to projects whose feasibility studies show the greatest economic justification and the greatest engineering and hydrogeologic feasibility as determined by the department, and to projects located in areas which have existing water management programs.

12928.2 A contract for a loan pursuant to Section 12928 shall require the prior approval of the California Water Commission.

12928.3. The department shall adopt rules and regulations necessary to carry out the purposes of this chapter. The rules and regulations shall include, but not be limited to, criteria and procedures for establishing the eligibility of an agency and a project to qualify for loans, and any terms and conditions necessary to protect the investment of the state and to carry out the purposes of this chapter.

12928.4. As a part of the contract for a loan, the agency shall agree to indemnify and hold and save the state, the department, and its employees free from any and all liability for damages that may arise out of the work performed on projects financed under this chapter.

12928.5. The department shall submit a biennial report to the Legislature on the number of loans made pursuant to this chapter and the amounts involved, together with any other appropriate information within 45 days after the commencement of each regular session.

12928.6. Groundwater recharge projects developed pursuant to this chapter shall be eligible for funding pursuant to any bond law previously or subsequently approved by the voters if the projects are otherwise eligible for funding under the bond law.

CHAPTER 1035

An act to amend Section 53360.4 of, and to add and repeal Sections 6553.1 and 53534 of, the Government Code, and to amend Sections 51511, 51514, 51613, and 51646 of the Water Code, relating to local agencies.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 6553.1 is added to the Government Code, to read:

6553.1. Notwithstanding Section 6553 or any other provision of law, the governing body of the Kaweah River Power Authority may determine, and may provide in any indenture or resolution providing for the issuance of bonds pursuant to this article, for the bonds to bear interest at a rate or rates not exceeding 18 percent per year if, prior to issuing the bonds, the governing body determines and states in the indenture or resolution that, on the basis of its knowledge and belief, the interest on the bonds will be subject to federal income taxation pursuant to Section 103 of the Internal Revenue Code as that section existed on January 1, 1986.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

SEC. 2. Section 53360.4 of the Government Code is amended to read:

53360.4. Notwithstanding Section 53360, the legislative body may sell bonds at private sale, without advertising for bids, if the legislative body determines that the action would result in a lower overall cost.

SEC. 2.3. Section 53534 is added to the Government Code, to read:

53534. (a) Any provision of law to the contrary notwithstanding, the County of Los Angeles and the County of Orange may enter into contracts commonly known as "interest rate swap agreements" or "forward payment conversion agreements" with any person providing for the exchange of payments between the person and the county including, without limitation, contracts providing for the exchange of fixed interest payments for floating payments or floating interest payments for fixed payments, or a combination thereof. The contracts may be made upon the terms and conditions established by the boards of supervisors of those counties. The authority conferred by this section includes the authority to enter into any and all contracts incident to the exercise of the authority conferred by this section including, without limitation, contracts to obtain credit enhancement devices and contracts for the performance of professional services.

(b) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. However, the repeal of this section on that date shall not affect the validity of any contracts entered into pursuant to subdivision (a) prior to January 1, 1987.

Section 51511 of the Water Code is amended to read:

51511. Unpaid assessments on which bonds have been issued shall bear interest at the rate of 1 percent per month from the date of the bonds originally issued thereon until the bonds and any refunding bonds issued thereon are fully paid, and the interest due at any time on the unpaid assessment may be called without calling any installment of the assessment. The word installment as used in this section shall be construed as applying to interest as well as the principal as the case may be.

SEC. 3. Section 51514 of the Water Code is amended to read:

51514. After the period of 30 days all unpaid original assessments shall bear interest at the rate of 1 percent per month.

SEC. 4. Section 51613 of the Water Code is amended to read:

51613. Any person interested in the parcel may redeem it at any time within one year after the sale by paying to the county treasurer the amount for which it was sold, with interest thereon at the rate of 1 percent per month from the date of the sale.

SEC. 5. Section 51646 of the Water Code is amended to read:

51646. Any person interested in the parcel may redeem it within one year after the date of sale, by paying to the county treasurer for the purchaser a sum equal to the purchase price stated in the certificate with interest thereon at the rate of 1 percent per month from the date of sale to such redemption, either in whole or in part, in cash or in bonds of the district, or their interest coupons, issued on the assessment and then matured, or to mature within 60 days from the date of payment.

SEC. 6. The Legislature finds and declares that Section 6553.1 of the Government Code, as added by Section 1 of this act, is necessary since special facts and circumstances applicable to the Kaweah River Power Authority and not generally applicable make the accomplishment of this purpose impossible by any general law. The authority proposes to retrofit the Terminus Dam on the Kaweah River with a hydroelectric unit designed to provide approximately 17 megawatts of new power to be sold to the Southern California Edison Company. Because the Terminus Dam is owned by the United States Army Corps of Engineers and since the power is to be purchased by a private party, it is likely that current federal law will deem the revenue bonds, issued by the authority to finance the retrofitting of the dam, to be federally taxable. If this occurs, the authority will essentially not be able to market its revenue bonds given the current 12 percent interest rate ceiling.

The Legislature further finds and declares that this is the only such situation involved, that the purpose of Section 1 of this act is impossible to accomplish by any general law, that special legislation applicable to the Kaweah River Power Authority is therefore necessary, and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 1036

An act to add Section 5328.01 to the Welfare and Institutions Code, relating to mental and developmental disabilities.

[Approved by Governor September 26, 1985. Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 5328.01 is added to the Welfare and Institutions Code, to read:

5328.01. Notwithstanding Section 5328, all information and records made confidential under the first paragraph of Section 5328 shall also be disclosed to governmental law enforcement agencies investigating evidence of a crime where the records relate to a patient who is confined or has been confined as a mentally disordered sex offender or pursuant to Section 1026 or 1368 of the Penal Code and the records are in the possession or under the control of any state hospital serving the mentally disabled, as follows:

(a) In accordance with the written consent of the patient; or

(b) If authorized by an appropriate order of a court of competent jurisdiction in the county where the records are located compelling a party to produce in court specified records and specifically describing the records being sought, when the order is granted after an application showing probable cause therefor. In assessing probable cause, the court shall do all of the following:

(1) Weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services.

(2) Determine that there is a reasonable likelihood that the records in question will disclose material information or evidence of substantial value in connection with the investigation or prosecution.

(3) Determine that the crime involves the causing of, or direct threatening of, the loss of life or serious bodily injury.

(4) In granting or denying a subpoena, the court shall state on the record the reasons for its decision and the facts which the court considered in making such a ruling.

(5) If a court grants an order permitting disclosure of such records, the court shall issue all orders necessary to protect, to the maximum extent possible, the patient's privacy and the privacy and confidentiality of the physician-patient relationship.

(6) Any records disclosed pursuant to the provisions of this subdivision and any copies thereof shall be returned to the facility at the completion of the investigation or prosecution unless they have been made a part of the court record.

(c) A governmental law enforcement agency applying for disclosure of patient records under this subdivision may petition the court for an order, upon a showing of probable cause to believe that

delay would seriously impede the investigation, which requires the ordered party to produce the records forthwith.

(d) Records obtained by a governmental law enforcement agency pursuant to this section shall not be disseminated to any other agency or person unless such dissemination relates to the criminal investigation for which the records were obtained by the governmental law enforcement agency. The willful dissemination of any record in violation of this paragraph shall constitute a misdemeanor.

(e) If any records obtained pursuant to this section are of a patient presently receiving treatment at the state hospital serving the mentally disabled, the law enforcement agency shall only receive copies of the original records.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1037

An act to amend Section 91503 of the Government Code, relating to industrial development.

[Approved by Governor September 26, 1985. Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 91503 of the Government Code is amended to read:

91503. The property acquired pursuant to this article shall be suitable for, or shall evidence an obligation respecting, certain activities or uses. (3) Energy development, production, collection, conversion from one form of energy to another, storage, or conservation activities, or energy transmission, transportation, or conveyance as distinguished from distribution activities.

(4) Research and development activities relating to commerce or industry, including, without limitation, professional, administrative, and scientific office and laboratory activities or uses.

(5) Visitor serving commercial facilities or transient visitor accommodation facilities located in one of the following:

(B) An unincorporated portion of a county which has a population of less than 200,000 persons within a county with a population of no more than 600,000 persons.

For purposes of this paragraph, "visitor serving commercial facilities or transient visitor accommodation facilities" shall include, but shall not be limited to, hotels, motels, restaurants, and recreational, and shopping facilities, the primary purpose of which is serving visitors.

(b) (1) Residential real property for family unit or other housing activities.

(2) Sports activities.

(3) Convention or trade show activities.

An act to add Chapter 10 (commencing with Section 57301) to Division 20 of the Food and Agricultural Code, relating to produce inspection.

[Approved by Governor September 26, 1985. Filed with Secretary of State September 27, 1985]

SECTION 1. Chapter 10 (commencing with Section 57301) is added to Division 20 of the Food and Agricultural Code, to read:

CHAPTER 10. PRIVATE PRODUCE INSPECTION

57301. The commissioner shall require any person, except a county, state, or federal inspection agency, who, for payment by a private party, reports upon the condition of lots of fresh fruits or vegetables offered for sale other than for processing to register with the commissioner. The commissioner shall maintain a registry of these persons which shows the name and business address, market or markets at which inspections are made, the products inspected, and additional matters that the commissioner requires. The commissioner shall forward this information to the director who shall maintain a central registry on a statewide basis. A produce inspector who is registered in one county where he or she does business may do business in any other county without registering in the other county if the commissioner in the other county is provided proof of registration.

57302. The board of supervisors may, pursuant to this chapter, establish a registration fee in an amount necessary to cover the actual costs of the commissioner for that registration.

57303. Each registered inspector shall maintain a copy of each written report of the date, lot description, volume, and condition of the commodity inspected. Condition shall include the grade or other criteria used to evaluate the product. If a report has been made orally, a written confirmation shall be prepared within 24 hours and retained in the same manner as a written report. Reports need not name the person to whom the advice was given, but the names shall be maintained so that they may be matched to the respective reports upon request of the commissioner. Reports shall be maintained for a period of not less than 90 days and shall be made available to the commissioner upon demand.

57304. If the commissioner or the director receives a complaint from an interested party that any report required to be kept by Section 57303 is materially inaccurate, the commissioner may investigate the matter and shall give a report of findings to all interested parties.

57305. The remedies or penalties in this chapter are cumulative to each other and to the remedies or penalties available under all other laws of this state.

57306. If the commissioner finds that a registered inspector has repeatedly given inaccurate information or failed to maintain required records, the commissioner may, after a hearing, cancel or suspend the registration.

57307. (a) Any person who violates this chapter shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General at the request of the director. Any funds recovered pursuant to this subdivision shall be deposited in the Department of Food and Agriculture Fund.

(b) An action may also be brought pursuant to this section by the district attorney at the request of the commissioner in the county in which the offense occurred. Any funds recovered pursuant to this subdivision shall be deposited in the general fund of the county.

57308. It is unlawful for any person to act as a registered inspector unless currently registered by the commissioner.

57309. It is unlawful for any person to misrepresent the quality of any commodity inspected or to fail to make and maintain the records required by the commissioner.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, and other costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1040

An act to amend Sections 76000 and 76005 of, and to add Section 76006 to, the Government Code, relating to courthouse construction.

establishment of adequate facilities in the county, the following surcharges and assessments shall be collected, except that a resolution adopted pursuant to Section 76004 may limit the collection to the assessments specified in paragraph (2) and a resolution adopted pursuant to Section 76005 shall limit the collection to the assessments specified in paragraph (2):

(1) With respect to each fund established, for every parking offense where a fine or forfeiture is imposed, a surcharge of one dollar and fifty cents ($1.50) shall be included in the fine or forfeiture.

The judges of the county shall increase the bail schedule amounts as appropriate to reflect the surcharge provided for by this subdivision.

In those cities, districts, or other issuing agencies which elect to receive, deposit, accept forfeitures, and otherwise process the posting of bail for parking violations pursuant to subdivision (3) of Section 1463 of the Penal Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the surcharge provided for by this paragraph.

(2) With respect to each fund established, there shall be levied an additional amount of one dollar ($1) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the assessment established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists, or where an order is made to pay a sum to the general fund of the county pursuant to paragraph (iii) of subdivision (3) of Section 258 of the Welfare and Institutions Code. This amount shall be deposited with the county treasurer and placed in the fund established pursuant to Section 76001, 76002, 76004, 76005, or 76006.

(b) The surcharge and assessment increase imposed pursuant to this section shall continue so long as deposits to the funds are required pursuant to Section 76001, 76002, 76004, 76005, or 76006.

(c) No county, city and county, city, district or other issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges and assessments established in the resolution adopted pursuant to this section.

SEC. 2. Section 76005 of the Government Code is amended to read:

76005. (a) Notwithstanding any other provision of law, to assist a county other than Los Angeles, Santa Clara, San Diego, or the City and County of San Francisco in the acquisition, rehabilitation, construction, and financing of courtrooms or of a courtroom building or buildings containing facilities necessary to the operation of the courts, and, in Monterey County, the improvement of criminal justice automated information systems, and, in San Bernardino

The county treasurer shall place all assessment amounts collected on nonparking offenses pursuant to paragraph (2) of subdivision (a) of Section 76000 in the fund.

(b) The fund moneys together with any interest earned thereon shall be held by the treasurer separate from any funds subject to transfer or division pursuant to Section 1463 of the Penal Code. The moneys of the Courthouse Temporary Construction Fund together with any interest earned thereon shall be payable only for courtroom construction as authorized in subdivision (a); provided, that in Monterey County, for a five-year period, up to 50 percent of the moneys deposited each year in the Courthouse Temporary Construction Fund, but in no case exceeding a total of five hundred thousand dollars ($500,000) for the five-year period, may be payable for the improvement of criminal justice automated information systems upon the adoption of a resolution by the board of supervisors stating that such moneys used for automated information system improvement purposes are not required for the construction of courthouse buildings during the five-year period; and provided, that in San Bernardino County moneys deposited each year in the Courthouse Temporary Construction Fund may also be used for the maintenance, operation, construction, reconstruction, or expansion of county juvenile justice rehabilitation facilities.

(c) Deposits to the fund in accordance with subdivision (a) shall continue through and including either (1) the 20th year after the initial calendar year in which the surcharge is collected or (2) whatever period of time is necessary to repay any borrowings made by the county to finance construction provided for in this section, whichever time shall be longer.

SEC. 3. Section 76006 is added to the Government Code, to read:

76006. (a) Notwithstanding any other provision of law, to assist the County of Santa Clara or the County of San Diego in the acquisition, rehabilitation, construction, and financing of courtrooms or of a courtroom building or buildings containing facilities necessary to the operation of the courts, the board of supervisors of the County of Santa Clara or the County of San Diego, respectively, operative upon the adoption of a resolution stating that the provisions of this section and the assessments provided for in Section 76000 are necessary to the establishment of adequate courtroom facilities in the county, may establish in the county treasury a Courthouse Temporary Construction Fund.

The county treasurer shall place all assessment amounts collected pursuant to Section 76000 in the fund.

These payments to the county treasurer shall be made monthly, and the treasurer shall deposit all those payments in the fund.

(b) Yellow indicates stopping only for the purpose of loading or unloading passengers or freight for the time as may be specified by local ordinance.

(c) White indicates stopping for either of the following purposes:

(1) Loading or unloading of passengers for the time as may be specified by local ordinance.

SEC. 6. Section 22511 of the Vehicle Code is repealed.

SEC. 7. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) A disabled person is any of the following:

(1) Any person who has lost, or has lost the use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, or who has a diagnosed disease or disorder which substantially impairs or interferes with mobility, or who is so severely disabled as to be unable to move without the aid of an assistant device.

(2) Any person who is blind to the extent that the person's central visual acuity does not exceed 20/200 in the better eye, with corrective lenses, as measured by the Snellen test, or visual acuity that is greater than 20/200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle not greater than 20 degrees.

(3) Any person who suffers from lung disease to the extent that the person's forced (respiratory) expiratory volume for one second when measured by spirometry is less than one liter or the person's arterial oxygen tension (pO_2) is less than 60 mm/Hg on room air at rest.

(4) Any person who is impaired by cardiovascular disease to the extent that the person's functional limitations are classified in severity as class III or class IV according to standards accepted by the American Heart Association.

(b) A disabled person shall be allowed to park for unlimited periods in a restricted zone described in subdivision (e) of Section 21458. A disabled person shall be allowed to park for unlimited periods in parking zones restricted as to the length of time parking is permitted as indicated by a sign erected pursuant to a local ordinance. A disabled person shall be allowed to park in any metered parking space without being required to pay any parking meter fees. This section does not apply to those zones in which the stopping, parking, or standing of all vehicles is prohibited absolutely by state law or local ordinance or which are reserved for special types of vehicles.

(c) As a condition to this privilege, the vehicle shall display a distinguishing license plate which shall be issued for a vehicle registered to the disabled person, or a vehicle which is not registered to the disabled person, but which is used primarily to transport a disabled person and which would otherwise qualify for a distinguishing license plate if the vehicle were registered to the disabled person. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by the department.

(d) Any disabled person, or vehicle owner as provided in subdivision (c), may also apply to the Department of Motor Vehicles for the issuance of a distinguishing placard. The placard may be used in lieu of the distinguishing license plate for parking purposes described in subdivision (b) when displayed on the dashboard of a vehicle. It is the intent of the Legislature to hereby encourage the use of these distinguishing placards which provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size and color determined by the Department of Motor Vehicles.

The Department of Motor Vehicles may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. Whenever any application for a placard is submitted to the Department of Motor Vehicles on or after January 1 of the year of expiration, the fee shall be for the current and subsequent renewal period. The first renewal of placards issued between July 1, 1985, and December 3, 1986, shall be on or before June 30, 1987.

The fee for an original application or renewal application shall be six dollars ($6).

As used in this section, "year" means the period between the inclusive dates of July 1 through June 30.

No disabled person is eligible for more than one placard at any time. Organizations and agencies involved in the transportation of disabled persons may apply for a placard for each vehicle used for the

purpose of transporting disabled persons.

(e) The Department of Motor Vehicles shall issue new placards to replace placards issued prior to July 1, 1985. The new placards shall be issued as soon as possible on or after July 1, 1985. All placards issued prior to July 1, 1985, shall expire October 1, 1985. The Department of Motor Vehicles may charge a fee sufficient to cover its actual costs for issuance of substitute placards.

(f) Prior to issuing a disabled person a distinguishing license plate or placard, the Department of Motor Vehicles may require an applicant to submit a certificate signed by a physician or surgeon substantiating the disability. However, the disability of a person who has lost, or has lost the use of, one or more lower extremities or both hands, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of any person applying shall be certified by a licensed physician or surgeon who specializes in diseases of the eye or a licensed optometrist.

(g) A person who is temporarily disabled for a period of less than one year may apply for a placard as prescribed in subdivision (d).

(h) A disabled person shall be allowed to park a vehicle displaying a distinguishing disabled person license plate or placard issued by a foreign jurisdiction with the same parking privileges authorized in this code as a vehicle issued a distinguishing disabled person license plate or displaying a placard issued pursuant to subdivision (d) by the Department of Motor Vehicles.

SEC. 8. Section 22511.7 of the Vehicle Code is amended to read:

22511.7. In addition to Section 22511.8 for offstreet parking, a local authority may, by ordinance or resolution, designate parking spaces for the exclusive use of any vehicle which displays either a distinguishing license plate or a placard issued pursuant to Section 22511.5 or 22511.9. Whenever a local authority so designates a parking space, it shall be indicated by blue paint on the curb or edge of the paved portion of the street adjacent to the space. In addition to blue paint, the space may also be indicated by signs or other suitable means.

This section does not restrict the privilege granted to disabled persons by Section 22511.5 and to disabled veterans by Section 22511.9.

SEC. 9. Section 22511.8 of the Vehicle Code, as amended by Chapter 312 of the Statutes of 1985, is amended to read:

22511.8. (a) Any local authority, by ordinance or resolution, and any person in lawful possession of an offstreet parking facility may designate stalls or spaces in an offstreet parking facility owned or operated by the local authority or person for the exclusive use of any vehicle which displays either a distinguishing license plate or a placard issued pursuant to Section 22511.5 or 22511.9. The designation shall be made in either of the following ways:

(1) By posting immediately adjacent to, and visible from, each stall or space, a sign consisting of a profile view of a wheelchair with

occupant in white on a blue background.

(2) By outlining or painting the stall or space in blue and outlining on the ground in the stall or space in white or suitable contrasting color a profile view depicting a wheelchair with occupant.

(b) If posted in accordance with subdivision (d) or (e), the owner or person in lawful possession of a privately owned or operated offstreet parking facility, after notifying the police or sheriff's department, may cause the removal of a vehicle from a stall or space designated pursuant to subdivision (a) for physically handicapped persons in the facility to the nearest public garage unless a distinguishing license plate or placard issued pursuant to Section 22511.5 or 22511.9 is displayed on the vehicle.

(c) If posted in accordance with subdivision (d), the local authority owning or operating an offstreet parking facility, after notifying the police or sheriff's department, may cause the removal of a vehicle from a stall or space designated pursuant to subdivision (a) for physically handicapped persons in the facility to the nearest public garage unless the a distinguishing license plate or placard issued pursuant to Section 22511.5 or 22511.9 is displayed on the vehicle.

(d) The posting required for an offstreet parking facility owned or operated either privately or by a local authority shall consist of a sign not less than 17 by 22 inches in size with lettering not less than one inch in height which clearly and conspicuously states the following: "Unauthorized vehicles not displaying distinguishing placards or license plates issued for physically handicapped persons will be towed away at owner's expense. Towed vehicles may be reclaimed at

_____or by telephoning
(Address)

(Telephone number of local law enforcement agency)

The sign shall be posted in either of the following locations:

(1) Immediately adjacent to, and visible from, the stall or space.

(2) In a conspicuous place at each entrance to the offstreet parking facility.

(e) If the parking facility is privately owned and public parking is prohibited by the posting of a sign meeting the requirements of paragraph (1) of subdivision (a) of Section 22658, the requirements of subdivision (b) may be met by the posting of a sign immediately adjacent to, and visible from, each stall or space indicating that a vehicle not meeting the requirements of subdivision (a) will be removed at the owner's expense and containing the telephone number of the local traffic law enforcement agency.

(f) This section does not restrict the privilege granted to disabled persons by Section 22511.5 and to disabled veterans by Section 22511.9.

SEC. 10. Section 22511.9 of the Vehicle Code is amended to read:

22511.9. (a) A disabled veteran is a veteran who, as a result of injury or disease suffered while on active service with the armed forces of the United States:

(1) Has a disability which has been rated, by the United States Veterans Administration or the military service from which the veteran was discharged, at 100 percent due to a diagnosed disease or disorder which substantially impairs or interferes with mobility.

A disabled veteran shall be allowed to park for unlimited periods in parking zones restricted as to the length of time parking is permitted as indicated by a sign erected pursuant to a local ordinance. A disabled veteran shall be allowed to park in any metered parking space without being required to pay any parking meter fees. This section does not apply to those zones in which the stopping, parking, or standing of all vehicles is prohibited absolutely by state law or local ordinance or which are reserved for special types of vehicles.

(c) As a condition to this privilege, the vehicle shall display a distinguishing license plate which shall be issued for a vehicle registered to the disabled veteran. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by the department.

(d) Any disabled veteran may also apply to the Department of Motor Vehicles for the issuance of a distinguishing placard issued pursuant to Section 22511.5. The placard may be used in lieu of the distinguishing license plate for parking purposes described in subdivision (b) when displayed on the dashboard of a vehicle. It is the intent of the Legislature to hereby encourage the use of these distinguishing placards which provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege.

(e) Prior to issuing a disabled veteran a distinguishing license plate or placard, the Department of Motor Vehicles may require an applicant to submit a certificate signed by a physician or surgeon substantiating the disability.

(f) No disabled veteran is eligible for more than one placard at any time.

(g) A disabled veteran shall be allowed to park a vehicle displaying a distinguishing disabled veteran license plate or placard issued by a foreign jurisdiction with the same parking privileges authorized in this code as a vehicle issued a distinguishing disabled veteran license plate or displaying a placard issued pursuant to subdivision (d) by the Department of Motor Vehicles.

CHAPTER 1044

An act to amend Sections 11346.4, 11346.7, 11349, 11349.1, 11349.3, 11349.4, 11349.5, and 11349.6 of, and to add Section 11349.9 to, the Government Code, relating to administrative regulations.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11346.4 of the Government Code is amended to read:

11346.4. (a) At least 45 days prior to the hearing or close of the public comment period on the adoption, amendment, or repeal of a regulation, notice of the proposed action shall be:

(1) Mailed to every person who has filed a request for notice of regulatory actions with the state agency.

(2) In cases in which the state agency is within a state department, mailed or delivered to the director of the department.

(3) Mailed to a representative number of small business enterprises or their representatives which have been identified as being affected by the proposed action.

(4) When appropriate in the judgment of the state agency, mailed to any person or group of persons whom the agency believes to be interested in the proposed action and published in the form and manner as the state agency shall prescribe.

(5) Published in the California Administrative Notice Register as prepared by the Office of Administrative Law.

(b) The effective period of a notice issued pursuant to this section shall not exceed one year from the date thereof. If the adoption, amendment, or repeal of a regulation proposed in the notice is not completed and transmitted to the office within the period of one year, a notice of the proposed action shall again be issued pursuant to the provisions of this article.

(c) Once the adoption, amendment, or repeal is completed and approved by the office, no further adoption, amendment or repeal to the noticed regulation shall be made without subsequent notice being given.

(d) The office may refuse to publish a notice submitted to it if the agency has failed to comply with the provisions of this article.

(e) The Office of Administrative Law shall make the California Administrative Notice Register available to the public and state agencies at a nominal cost which is consistent with a policy of encouraging the widest possible notice distribution to interested persons.

(f) The Office of State Printing shall provide the same priority for printing the California Administrative Notice Register as is provided for printing legislative publications.

(g) Where the form or manner of notice is prescribed by statute in any particular case, in addition to filing and mailing notice as required by this section, the notice shall be published, posted, mailed, filed or otherwise publicized as prescribed by that statute. The failure to mail notice to any person as provided in this section shall not invalidate any action taken by a state agency pursuant to this article. Other provisions of this article shall not apply to the publication of newspaper notices under this section.

SEC. 2. Section 11346.7 of the Government Code is amended to

read:

11346.7. Every agency subject to the provisions of this chapter shall:

(a) Prepare, submit to the office with the notice of the proposed action, and make available to the public upon request, a copy of the express terms of the proposed action as described in subdivision (b) of Section 11346.5, a list of the small business enterprises or their representatives to whom the notice of adoption, amendment, or repeal of a regulation will be mailed and an initial statement of reasons for proposing the adoption or amendment of a regulation. The statement shall include, but not be limited to, all of the following:

(1) A description of the public problem, administrative requirement, or other condition or circumstance the regulation is intended to address.

(2) A statement of the specific purpose of the regulation and the rationale for the determination by the agency that the regulation is reasonably necessary to carry out the purpose for which it is proposed.

(3) An identification of each technical, theoretical, and empirical study, report, or similar document, if any, on which the agency is relying in proposing the adoption or amendment of a regulation.

(4) A description of any alternatives the agency has identified that would lessen any adverse impact on small businesses. It is not the intent of this subdivision to require the agency to artificially construct alternatives or to justify why it has not identified alternatives.

(b) Prepare and submit to the office with the adopted regulation a final statement of reasons which shall include all of the following:

(1) An update of the information contained in the initial statement of reasons. If the update identifies any data or any technical, theoretical or empirical study, report, or similar document on which the agency is relying in proposing the adoption or amendment of a regulation which was not identified in the initial statement of reasons, or which was otherwise not identified or made available for public review prior to the close of the public comment period, the agency shall comply with the provisions of subdivision (d) of Section 11346.8.

(2) A determination as to whether the regulation imposes a mandate on local agencies or school districts. If the determination is that the regulation does contain a local mandate, the agency shall state whether the mandate is reimbursable pursuant to Part 7 (commencing with Section 17500) of Division 4. If the agency finds that the mandate is not reimbursable, it shall state the reasons for that finding.

(3) A summary of each objection or recommendation made regarding the specific adoption, amendment, or repeal proposed, together with an explanation of how the proposed action has been changed to accommodate each objection or recommendation, or the

reasons for making no change. This requirement applies only to objections or recommendations specifically directed at the agency's proposed action or to the procedures followed by the agency in proposing or adopting the action.

(4) An explanation setting forth the reasons for rejecting any proposed alternatives that would lessen the adverse economic impact on small businesses.

(c) Prepare and submit to the office with the adopted regulation an updated informative digest containing a clear and concise summary of the immediately preceding laws and regulations, if any, relating directly to the adopted, amended, or repealed regulation and the effect of the adopted, amended, or repealed regulation. The informative digest shall be drafted in a format similar to the Legislative Counsel's digest on legislative bills.

(d) A state agency which adopts or amends a regulation mandated by federal law or regulations, the provisions of which are identical to a previously adopted or amended federal regulation, shall be deemed to have complied with the provisions of this section if a statement to the effect that a federally mandated regulation or amendment to a regulation is being proposed, together with a citation to where an explanation of the provisions of the regulation can be found, is included in the notice of proposed adoption or amendment prepared pursuant to Section 11346.5. However, the agency shall comply fully with the provisions of this chapter with respect to any provisions in the regulation which the agency proposes to adopt or amend which are different from the corresponding provisions of the federal regulation.

SEC. 3. Section 11349 of the Government Code is amended to read:

11349. The following definitions govern the interpretation of this chapter:

(a) "Necessity" means the record of the rulemaking proceeding demonstrates by substantial evidence the need for a regulation. For purposes of this standard, evidence includes, but is not limited to, facts, studies, and expert opinion.

(b) "Authority" means the provision of law which permits or obligates the agency to adopt, amend, or repeal a regulation.

(c) "Clarity" means written or displayed so that the meaning of regulations will be easily understood by those persons directly affected by them.

(d) "Consistency" means being in harmony with, and not in conflict with or contradictory to, existing statutes, court decisions, or other provisions of law.

(e) "Reference" means the statute, court decision, or other provision of law which the agency implements, interprets, or makes specific by adopting, amending, or repealing a regulation.

(f) "Nonduplication" means that a regulation does not serve the same purpose as a state or federal statute or another regulation. This standard requires that an agency proposing to amend or adopt a

regulation must identify any state or federal statute or regulation which is overlapped or duplicated by the proposed regulation and justify any overlap or duplication. This standard is not intended to prohibit state agencies from printing relevant portions of enabling legislation in regulations when the duplication is necessary to satisfy the clarity standard in paragraph (3) of subdivision (a) of Section 11349.1. This standard is intended to prevent the indiscriminate incorporation of statutory language in a regulation.

SEC. 4. Section 11349.1 of the Government Code is amended to read:

11349.1. (a) The Office of Administrative Law shall review all regulations adopted pursuant to the procedure specified in Article 5 (commencing with Section 11346) of Chapter 3.5 and submitted to it for publication in the California Administrative Code Supplement and for transmittal to the Secretary of State and make determinations using all of the following standards:

(1) Necessity.
(2) Authority.
(3) Clarity.
(4) Consistency.
(5) Reference.
(6) Nonduplication.

In reviewing regulations pursuant to this section, the Office of Administrative Law shall restrict its review to the regulation and the record of the rulemaking proceeding. The Office of Administrative Law shall approve the regulation if it complies with the standards set forth in this section and with the provisions of this chapter.

(b) The Office of Administrative Law shall adopt regulations governing the procedures it uses in reviewing regulations submitted to it. The regulations shall provide for an orderly review and shall specify the methods, standards, presumptions, and principles the office uses, and the limitations it observes, in reviewing regulations to establish compliance with the standards specified in subdivision (a). The regulations adopted by the office shall ensure that it does not substitute its judgment for that of the rulemaking agency as expressed in the substantive content of adopted regulations.

(c) The Office of Administrative Law shall return any regulation subject to the provisions of this chapter to the adopting agency if any of the following occur:

(1) The adopting agency has not prepared the estimate required by paragraph (6) of subdivision (a) of Section 11346.5 and has not included the data used and calculations made and the summary report of the estimate in the file of the rulemaking.

(2) The adopting agency has prepared the estimate required by paragraph (6) of subdivision (a) of Section 11346.5, the estimate indicates that the regulation will result in a cost to local agencies or school districts that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, and the adopting agency fails to do any of the following:

(A) Cite an item in the Budget Act for the fiscal year in which the regulation will go into effect as the source from which the Controller may pay the claims of local agencies or school districts.

(B) Cite an accompanying bill appropriating funds as the source from which the Controller may pay the claims of local agencies or school districts.

(C) Attach a letter or other documentation from the Department of Finance which states that the Department of Finance has approved a request by the agency that funds be included in the Budget Bill for the next following fiscal year to reimburse local agencies or school districts for the costs mandated by the regulation.

(D) Attach a letter or other documentation from the Department of Finance which states that the Department of Finance has authorized the augmentation of the amount available for expenditure under the agency's appropriation in the Budget Act which is for reimbursement pursuant to Part 7 (commencing with Section 17500) of Division 4 to local agencies or school districts from the unencumbered balances of other appropriations in the Budget Act and that this augmentation is sufficient to reimburse local agencies or school districts for their costs mandated by the regulation.

(d) The Office of Administrative Law shall notify the Department of Finance of all regulations returned pursuant to subdivision (c).

SEC. 5. Section 11349.3 of the Government Code is amended to read:

11349.3. (a) The Office of Administrative Law shall either approve a regulation submitted to it for review and transmit it to the Secretary of State for filing or disapprove it within 30 calendar days after the regulation has been submitted to the office for review. If the office fails to act within 30 days, the regulation shall be deemed to have been approved and the office shall transmit it to the Secretary of State for filing.

(b) If the Office of Administrative Law disapproves a regulation, it shall return it to the adopting agency within the 30-day period specified in subdivision (a) accompanied by a notice specifying the reasons for disapproval. Within seven calendar days of the issuance of the notice, the office shall provide the adopting agency with a written opinion detailing the reasons for disapproval. The office shall also publish its disapproval and the reasons therefor in the California Administrative Notice Register. No regulation shall be disapproved except for failure to comply with the standards set forth in Section 11349.1 or for failure to comply with the provisions of this chapter.

(c) If an agency determines, on its own initiative, that a regulation submitted pursuant to subdivision (a) should be returned by the Office of Administrative Law prior to completion of the office's review, it may request the return of the regulation. All requests for the return of a regulation shall be memorialized in writing by the submitting agency no later than one week following the request. The written request shall be published by the office in the California

Administrative Notice Register. Any regulation returned pursuant to this subdivision shall be resubmitted to the Office of Administrative Law for review within the one-year period specified in subdivision (b) of Section 11346.4 or shall comply with Article 5 (commencing with Section 11346) prior to resubmission.

(d) The Office of Administrative Law shall not initiate the return of a regulation pursuant to subdivision (c) as an alternative to disapproval pursuant to subdivision (b).

SEC. 6. Section 11349.4 of the Government Code is amended to read:

11349.4. (a) A regulation returned to an agency because of failure to meet the standards of Section 11349.1, because of an agency's failure to comply with this chapter may be rewritten and resubmitted within 120 days of the agency's receipt of the written opinion required by subdivision (b) of Section 11349.3 without complying with the notice and public hearing requirements of Sections 11346.4, 11346.5, and 11346.8 unless the substantive provisions of the regulation have been significantly changed. If the regulation has been significantly changed or was not submitted within 120 days of receipt of the written opinion, the agency shall comply with Article 5 (commencing with Section 11346) and readopt the regulation. The director of the office may, upon a showing of good cause, grant an extension to the 120-day time period specified in this subdivision.

(b) Upon resubmission of a disapproved regulation to the office pursuant to subdivision (a), the office shall only review the resubmitted regulation for those reasons expressly identified in the written opinion required by subdivision (b) of Section 11349.3, or for those issues arising as a result of a substantial change to a provision of the resubmitted regulation or as a result of intervening statutory changes or intervening court orders or decisions.

(c) The office shall expedite the review of a regulation submitted without significant substantive change.

SEC. 7. Section 11349.5 of the Government Code is amended to read:

11349.5. (a) To initiate a review of a decision by the Office of Administrative Law, the agency shall file a written Request for Review with the Governor's Legal Affairs Secretary within 10 days of receipt of the written opinion provided by the office pursuant to subdivision (b) of Section 11349.3. The Request for Review shall include a complete statement as to why the agency believes the decision is incorrect and should be overruled. Along with the Request for Review, the agency shall submit all of the following:

(1) The office's written opinion detailing the reasons for disapproval required by subdivision (b) of Section 11349.3.

(2) Copies of all regulations, notices, statements, and other documents which were submitted to the Office of Administrative Law.

(b) A copy of the agency's Request for Review shall be delivered

to the Office of Administrative Law on the same day it is delivered to the Governor's office. The office shall file its written response to the agency's request with the Governor's Legal Affairs Secretary within 10 days and deliver a copy of its response to the agency on the same day it is delivered to the Governor's office.

(c) The Governor's office shall provide the requesting agency and the office with a written decision within 15 days of receipt of the response by the office to the agency's Request for Review. Upon receipt of the decision, the office shall publish in the Administrative Register the agency's Request for Review, the office's response thereto, and the decision of the Governor's office.

(d) The time requirements set by subdivisions (a) and (b) may be shortened by the Governor's office for good cause.

(e) The Governor may overrule the decision of the office disapproving a proposed regulation, an order repealing an emergency regulation adopted pursuant to subdivision (b) of Section 11346.1, a decision refusing to allow the readoption of an emergency regulation pursuant to Section 11346.1, or a determination to repeal pursuant to subdivision (k) of Section 11349.7. In that event, the office shall immediately transmit the regulation to the Secretary of State for filing.

(f) Upon overruling the decision of the office, the Governor shall immediately transmit to the Rules Committees of both houses of the Legislature a statement of his or her reasons for overruling the decision of the office, along with copies of the adopting agency's initial statement of reasons issued pursuant to Section 11346.7 and the office's statement regarding the disapproval of a regulation issued pursuant to subdivision (b) of Section 11349.3. The Governor's action and the reasons therefor shall be published in the California Administrative Notice Register.

SEC. 8. Section 11349.6 of the Government Code is amended to read:

11349.6. (a) In the event the adopting agency has complied with Sections 11346.4 to 11346.8, inclusive, prior to the adoption of the regulation as an emergency, the office shall approve or disapprove the regulation in accordance with this article.

(b) Emergency regulations adopted pursuant to subdivision (b) of Section 11346.1 shall be reviewed by the office within 10 calendar days after their submittal to the office. The office shall not file the emergency regulations with the Secretary of State if it determines that the regulation is not necessary for the immediate preservation of the public peace, health and safety, or general welfare, or if it determines that the regulation fails to meet the standards set forth in Section 11349.1, or if it determines the agency failed to comply with subdivisions (b) and (c) of Section 11346.1. The office shall publish notice of the filing of approved emergency regulations, or the reasons for not filing the regulations, in the California Administrative Notice Register.

(c) If the office considers any information not submitted to it by

the rulemaking agency when determining whether to file emergency regulations, the office shall provide the rulemaking agency with an opportunity to rebut or comment upon that information.

(d) Within 30 days of the filing of a certificate of compliance, the office shall review the regulation and hearing record and approve or order the repeal of an emergency regulation if it determines that the regulation fails to meet the standards set forth in Section 11349.1, or if it determines that the agency failed to comply with the provisions of this chapter.

SEC. 9. Section 11349.9 is added to the Government Code, to read:

11349.9. Every document, other than a notice of proposed rulemaking action, required to be published in the California Administrative Notice Register by this chapter, shall be published in the first edition of the notice register following the date of the document.

The people of the State of California do enact as follows:

As incidental to the exemption provided for in Section 6359, there are exempted from the taxes imposed by this part the gross receipts from the sale of and the storage, use, or other consumption in this state of ice or dry ice used or employed in packing and shipping or transporting food products for human consumption when the food products are shipped or transported in intrastate, interstate, or foreign commerce by common carriers, contract carriers, or proprietary carriers.

CHAPTER 1046

An act relating to veterans, and making an appropriation therefor.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the study of the feasibility of establishing a second Veterans' Home of California in southern California requested by Assembly Concurrent Resolution No. 43 of the 1983–84 Regular Session (Res. Ch. 93, Stats. 1983) concluded that the facility is needed and that several feasible alternatives exist for its establishment.

It is, therefore, the intent of the Legislature, in enacting this act, to require the true costs of each of these alternatives to be established in pursuance of a sound public policy to determine in advance the implications and ramifications of each of these alternatives.

SEC. 2. The Department of Veterans Affairs shall prepare and submit to the Legislature on or before August 15, 1986, an estimate of the costs under each of the alternatives presented for the establishment in southern California of a second Veterans' Home of California in the report to the Legislature prepared pursuant to Assembly Concurrent Resolution No. 43 of the 1983–84 Regular Session (Res. Ch. 93, Stats. 1983) together with an implementation plan which considers each of those alternatives. The department may contract for any needed services with the Department of General Services or other state agency, and every state agency shall cooperate with the department in this regard.

SEC. 3. The sum of three hundred thousand dollars ($300,000) is hereby appropriated from the General Fund to the Department of Veterans Affairs for purposes of Section 2 of this act.

Article 3.4. El Pueblo de Los Angeles State Historic Park

5038. (a) It is hereby declared to be the policy of the State of California to establish and preserve, as a unique historical and cultural resource for the people of the state, the Mexican and early California cultural and interpretive traditions and heritage of El Pueblo de Los Angeles, as well as to promote the restoration and preservation of the landmarks and buildings of the El Pueblo de Los Angeles State Historic Park. This policy is to be guided by the general plan for the park and implemented in accordance with the historical structures reports on the park approved by the state.

(b) The Legislature recognizes that the existing concessionaires of Olvera Street have made historically significant contributions and that they represent a unique human and cultural resource as stipulated in the park's general plan. Therefore, it is the purpose of this article to develop a procedure which takes into consideration the need for competition in granting concessions as well as the long-term contributions on the part of, and the benefits that may be received in the future by retaining, existing concessionaires.

5038.1. The parties to the joint powers agreement of April 1, 1974, and to subsequent amendments to the agreement regarding the El Pueblo de Los Angeles State Historic Park, being the City of Los Angeles, the County of Los Angeles, and the state through the Department of Parks and Recreation, shall jointly develop a viable procedure and enter into an agreement for the awarding of concessions which would preserve and further the cultural continuity and physical integrity of the Olvera Street portion of the park. In developing the procedure, the parties shall take into consideration the need for competition in granting concessions with the long-term contributions on the part of, and the benefits to be received in the future by retaining, existing concessionaires.

5038.2. (a) Notwithstanding any other provision of this chapter or any other provision of law, the length of the term of any

concession contract or approval within the El Pueblo de Los Angeles State Historic Park in effect on the effective date of this section shall, at the request of the concessionaire, be extended by the department or its designee until January 1, 1987. Any contract extended pursuant to this subdivision shall be renegotiated, if necessary, to ensure that the rental rates in the contract on January 1, 1986, accurately reflect current commercial rental market rates.

(b) The Director of Parks and Recreation may extend the term of any concession contracts extended pursuant to subdivision (a) for an additional term up to January 1, 1988, upon the same terms and conditions provided in subdivision (a).

(c) Notwithstanding any provision of this chapter or any provision of law except subdivisions (b), (c), and (d) of Section 5080.20, if applicable, any concession contract or approval extended or renegotiated pursuant to subdivision (a) or (b) may be superseded by the agreement to implement the procedure specified in Section 5038.1, when that agreement is executed and approved by the state.

5038.3. "Concession," as used in this article, does not include those premises at El Pueblo de Los Angeles State Historic Park which are primarily rented and used for offices, banking, or storage.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

2786. (a) An approved school of nursing is one which has been approved by the board, gives the course of instruction approved by the board, covering not less than two academic years, and is affiliated or conducted in connection with one or more hospitals, and is an institution of higher education or is affiliated with an institution of higher education. For purposes of this section, "institution of higher education" includes community colleges offering an associate degree. An approved school of nursing which is not an institution of higher education shall make an agreement with an institution of higher education in the same general location to grant an associate of arts degree to individuals who graduate from such school of nursing or to grant a baccalaureate degree in nursing with successful completion of an additional course of study as approved by the board and the institution involved.

(b) The board shall determine by regulation the required subjects of instruction to be completed in an approved school of nursing for licensure as a registered nurse and shall include the minimum units of theory and clinical experience necessary to achieve essential clinical competency at the entry level of the registered nurse. CHAPTER 1056

An act to amend Section 1040 of the Public Utilities Code, relating to carriers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1985. Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1040 of the Public Utilities Code is amended to read:

1040. The commission shall, in issuing a certificate pursuant to this article, require the passenger stage corporation to procure, and to continue in effect during the life of the certificate, adequate protection against liability imposed by law upon the corporation for the payment of damages for personal bodily injuries, including death resulting therefrom, protection against a total liability of the corporation on account of bodily injuries to, or death of, more than one person as a result of any one accident, and protection against damage or destruction of property.

The minimum requirements for these assurances of protection against liability shall not be less than the requirements which are applicable to operations of carriers conducted pursuant to the federal Bus Regulatory Reform Act of 1982 (P.L. 97-261), as amended. However, for vehicles designed to carry not more than eight persons, including the driver, the commission shall not require protection against a total liability of the corporation on account of bodily injuries to, or death of, more than one person as a result of any one accident in an amount exceeding seven hundred fifty thousand dollars ($750,000).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to institute more realistic and enforceable liability limits for passenger carriers operating small-capacity vehicles as quickly as possible for the protection of the public safety, it is necessary that this act take effect immediately.

CHAPTER 1057

An act to add Division 19 (commencing with Section 40500) to the Financial Code, relating to financial institutions.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Division 19 (commencing with Section 40500) is added to the Financial Code, to read:

DIVISION 19. RELEASE OF DEMAND DEPOSIT FUNDS

40500. It is the intent of the Legislature that a financial institution shall not transfer funds from a depositor's account unless authorization has been granted by that depositor. This division is declaratory of existing case law and is intended to codify the law for the convenience of the public, regulatory authorities, and financial institutions.

40501. In accordance with the implied contract existing between a financial institution and its depositor, no bank, savings association, credit union, or other financial institution operating in this state which maintains and services demand deposit accounts, including NOW accounts, may release any funds from those accounts to any person or entity who is not the account holder, unless the funds are released pursuant to the depositor's authorization or in accordance with the law. This section does not apply to any setoff for a debt claimed to be owed to a bank, savings association, credit union, or other financial institution by a customer.

CHAPTER 1058

An act to add Chapter 5.3 (commencing with Section 13270) to Part 3 of Division 9 of the Welfare and Institutions Code, relating to refugee assistance.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.3 (commencing with Section 13270) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 5.3. ENGLISH AS A SECOND LANGUAGE PROGRAMS

13270. The department shall require, as a condition of receiving any federal funds allocated by the department, any program for the provision of instruction in English as a second language which seeks to obtain funding derived from the federal Office of Refugee Resettlement to include all of the following items in its program

design:

(a) Entry level employment shall be the goal of the instruction in English as a second language. The Legislature finds and declares that while complete English literacy is an admirable goal and should be encouraged, it is also a lengthy process. Basic survival English that will allow a refugee to communicate with his or her co-workers and perform everyday necessities of life, such as grocery shopping, calling a physician, filling out job applications, shall be the goal of the program. Any further instruction toward full English literacy shall be gained by the refugee through the utilization of resources that exist in the community for anyone who wishes to improve his or her English skills.

(b) English instruction that is made available to a refugee in a refugee processing center shall be taken into account when assessing whether or not the refugee is in need of English as a second language instruction, and, if so, how much instruction is needed to provide him or her with survival English skills. Documentation of how many refugees who received English as a second language instruction in refugee processing centers are assessed by a program funded under this section as needing beginning instruction in English as a second language shall be kept by the provider and reported to the department on at least a quarterly basis so that the state can provide feedback to the federal government regarding the effectiveness of federally funded refugee processing center English as a second language programs.

(c) Every refugee shall be tested for proficiency in basic survival English, both prior to enrollment in, and upon completion of, English as a second language. The results of these tests shall be a major factor in evaluating the effectiveness of the provider and the advisability of continued funding of that program.

13271. The department shall ensure that English as a second language programs that are designed with specific job placements for the clients as an end product receive priority consideration for funding in the competitive bid process.

CHAPTER 1059

An act to add Chapter 2.9A (commencing with Section 1001.60) to Title 6 of Part 2 of the Penal Code, relating to diversion.

[Approved by Governor September 26, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.9A (commencing with Section 1001.60) is added to Title 6 of Part 2 of the Penal Code, to read:

CHAPTER 2.9A. BAD CHECK DIVERSION

1001.60. Upon the adoption of a resolution by the board of supervisors declaring that there are sufficient funds available to fund the program, the district attorney may create within his office a diversion program pursuant to this chapter for persons who write bad checks. For purposes of this chapter, "writing a bad check" means making, drawing, uttering, or delivering any check or draft upon any bank or depository for the payment of money where there is probable cause to believe there has been a violation of Section 476a. The program may be conducted by the district attorney or by a private entity under contract with the district attorney.

1001.61. The district attorney may refer a bad check case to the diversion program. Except as provided in Section 1001.64, this chapter does not limit the power of the district attorney to prosecute bad check complaints.

1001.62. On receipt of a bad check case, the district attorney shall determine if the case is one which is appropriate to be referred to the bad check diversion program. In determining whether to refer a case to the bad check diversion program, the district attorney shall consider, but is not limited to, all of the following:

(a) The amount of the bad check.

(b) If the person has a prior criminal record or has previously been diverted.

(c) The number of bad check grievances against the person previously received by the district attorney.

(d) Whether there are other bad check grievances currently pending against the person.

(e) The strength of the evidence, if any, of intent to defraud the victim.

1001.63. On referral of a bad check case to the diversion program, a notice shall be forwarded by mail to the person alleged to have written the bad check which contains all of the following:

(a) The date and amount of the bad check.

(b) The name of the payee.

(c) The date before which the person must contact the person designated by the district attorney concerning the bad check.

(d) A statement of the penalty for issuance of a bad check.

1001.64. The district attorney may enter into a written agreement with the person to forego prosecution on the bad check for a period to be determined by the district attorney, not to exceed six months, pending all of the following:

(a) Completion of a class or classes conducted by the district attorney or private entity under contract with the district attorney.

(b) Full restitution being made to the victim of the bad check.

(c) Full payment of the collection fee, if any, specified in Section 1001.65.

1001.65. A district attorney may collect a fee if his or her office collects and processes a bad check. The amount of the fee shall not

exceed twenty-five dollars ($25.00) for each bad check.

1001.66. At no time shall a defendant be required to make an admission of guilt as a prerequisite for placement in a precomplaint diversion program.

1001.67. No statement, or information procured therefrom, made by the defendant in connection with the determination of his or her eligibility for diversion, and no statement, or information procured therefrom, made by the defendant, subsequent to the granting of diversion or while participating in the program, and no information contained in any report made with respect thereto, and no statement or other information concerning the defendant's participation in the program shall be admissible in any action or proceeding.

1001.68. (a) Prior to January 1, 1987, the provisions of this chapter shall be available, on a county-option basis, in Riverside, Los Angeles, Santa Barbara, San Bernardino, Imperial, Ventura, and Placer Counties as a pilot project.

(b) The counties electing to operate a pilot project pursuant to this section shall report to the Legislature, on or before September 30, 1986, regarding the progress of the project.

(c) This section shall be repealed on January 1, 1987.

CHAPTER 1060

An act to add Section 68206.6 to the Government Code, relating to payroll procedures, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1985. Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 68206.6 is added to the Government Code, to read:

68206.6. The Controller may agree to participate in a county payroll procedure to pay superior court judges solely from a county payroll. Such procedure shall be prescribed by the county auditor and approved by resolution of the county board of supervisors. It shall include provision for payment in advance to each participating county by the state of its share of the applicable judges' salaries and may include provision for payroll deductions authorized under applicable state laws. Nothing in this section, and no procedure adopted pursuant to this section, shall increase or decrease any compensation or benefits available to, or received by, superior court judges as a result of being paid from a state payroll.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety, within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

Several counties have adopted or are in the process of adopting employee savings plans pursuant to Section 401K of the Internal Revenue Code. Under that section, a participant may elect to defer up to 20 percent of his or her salary in the plan. However, since a superior court judge receives only part of his or her salary from the county in which he or she sits, with the balance coming from the state, the 20 percent limitation is applied only to the county portion of his or her salary. Municipal court judges, who are paid entirely by the counties, do not suffer this limitation. In order to redress this imbalance as soon as possible, and to permit superior court judges to participate fully in 401K savings plans throughout the remainder of this year, it is necessary that this act take effect immediately.

CHAPTER 1061

An act to amend Section 4701 of the Civil Code, and to amend Section 11475.1 of the Welfare and Institutions Code, relating to child support, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to the county clerk, probation officer, or other officer of the court or county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue

without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall

deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the person or county officer to whom support was ordered to be paid for the amount of support not withheld, forwarded, or otherwise paid to the person or county officer. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court

determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(f) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(g) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(h) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(i) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that such money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(j) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(k) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(*l*) In any case where support for a minor child is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(m) This section shall remain in effect only until January 1, 1987, and as of such date is repealed.

SEC. 2. Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to the

county clerk, probation officer, or other officer of the court or county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such

change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the person or county officer to whom support was ordered to be paid for the amount of support not withheld, forwarded, or otherwise paid to the person or county officer. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall

be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) No employer shall use any assignment authorized by this section as grounds for the refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(f) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(g) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the

district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(h) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(i) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that such money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(j) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in that order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(k) Notwithstanding subdivisions (a) and (b) in any case where support is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section. In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a)

and (b).

(*l*) In any case where support for a minor child is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(m) This section shall become operative on January 1, 1987.

SEC. 3. Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to either the person to whom support has been ordered to have been paid or the county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom

support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) No employer shall use any assignment authorized by this section as grounds for the dismissal of that employee.

(f) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(g) On declaration or affidavit of the parent to whom support has

been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(h) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(i) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(j) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(k) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(*l*) In any case where support for a minor child is ordered to be paid through the county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(m) This section shall remain in effect only until January 1, 1987, and as of that date is repealed.

SEC. 4. Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to either the person to whom support has been ordered to have been paid or the county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for

assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The

clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) No employer shall use any assignment authorized by this

section as grounds for the dismissal of that employee.

(f) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(k) Notwithstanding subdivisions (a) and (b) in any case where support is ordered to be paid through the county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section. In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

The

motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant

employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the parent ordered to pay support notify the parent or other person designated to receive payment of any change of employment and of the name and address of his or her new employer.

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney o utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date

the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) In any case where support for a minor child is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Burton-Miller Act (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall remain in effect only until January 1, 1987, and as of such date is repealed.

SEC. 6. Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to the county clerk, probation officer, or other officer of the court or county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent

so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an

employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months

due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the parent ordered to pay support notify the parent or other person designated to receive payment of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for the dismissal of that employee.

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other

than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in that order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b) in any case where support is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) In any case where support for a minor child is ordered to be paid through the county clerk, probation officer, or other officer of the court or county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Burton-Miller Act (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall become operative on January 1, 1987.

address change within a reasonable period of time after the change. If the employer or county officer is unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the

district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in that order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b) in case where support is ordered to be paid through the county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a)

and (b).

(m) In any case where support for a minor child is ordered to be paid through the county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall become operative on January 1, 1987.

SEC. 9. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of a child born out of wedlock. This responsibility shall apply to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction and the spouse (or former spouse) is receiving aid to families with dependent children for a child or children of the marriage or former marriage of the obligated spouse or former spouse. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child and the spouse or former spouse is receiving public assistance. When the child is not receiving public assistance, the district attorney shall take appropriate action to enforce the child support obligation. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child support enforcement services are provided to all individuals whether or not they are recipients of public social services and that spousal support enforcement services are available to those receiving public social services.

To the extent required by federal law, where the child is not receiving public assistance and the district attorney is collecting child support, or where the district attorney is collecting sums owed as a spousal support obligation under other than the state plan as set forth in Section 11475.2, the person obligated to pay the support shall also be obligated to pay the district attorney a fee equal to 10 percent of the total support collected by the district attorney, including any past due support. This fee shall not apply to any support assigned under Section 11477. No part of this fee may be collected until all support installments for which the district attorney is responsible for collecting, including past due support, have been paid in full, excluding therefrom sums to become due in the future. This fee shall be enforced the same as any other judgment or order of a superior court for child support. The effective date of the fee for purposes of

applying any time limitations on the enforcement thereof shall be the date when the support collected to which the fee applies, was paid, except that the time limitations shall be tolled until all past due support to be collected by the district attorney has been so collected. Nothing in this section shall prevent an applicant for collection of support under this section from requesting the collection be discontinued prior to the collection of sums to which the fee would otherwise apply, but the discontinuance shall have no effect on the enforcement collection of any fee which has become due because of the collection of support.

Nothing in this section shall prohibit the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(b) As used in this article, "enforcing obligations" includes, but is not limited to, the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations.

SEC. 10. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of a child born out of wedlock. This responsibility shall apply to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction and the spouse (or former spouse) is receiving aid to families with dependent children for a child or children of the marriage or former marriage of the obligated spouse or former spouse. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child and the spouse or former spouse is receiving public assistance. When the child is not receiving public assistance, the district attorney shall take appropriate action to enforce the child support obligation. In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the

units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child support enforcement services are provided to all individuals whether or not they are recipients of public social services and that spousal support enforcement services are available to those receiving public social services.

To the extent required by federal law, where the child is not receiving public assistance and the district attorney is collecting child support, or where the district attorney is collecting sums owed as a spousal support obligation under other than the state plan as set forth in Section 11475.2, the person obligated to pay the support shall also be obligated to pay the district attorney a fee equal to 10 percent of the total support collected by the district attorney, including any past due support. This fee shall not apply to any support assigned under Section 11477. No part of this fee may be collected until all support installments for which the district attorney is responsible for collecting, including past due support, have been paid in full, excluding therefrom sums to become due in the future. This fee shall be enforced the same as any other judgment or order of a superior court for child support. The effective date of the fee for purposes of applying any time limitations on the enforcement thereof shall be the date when the support collected to which the fee applies, was paid, except that the time limitations shall be tolled until all past due support to be collected by the district attorney has been so collected. Nothing in this section shall prevent an applicant for collection of support under this section from requesting the collection be discontinued prior to the collection of sums to which the fee would otherwise apply, but the discontinuance shall have no effect on the enforcement collection of any fee which has become due because of the collection of support.

Nothing in this section shall prohibit the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(b) As used in this article, "enforcing obligations" includes, but is not limited to, the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations.

SEC. 11. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of

a child born out of wedlock. This responsibility shall apply to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction and the spouse (or former spouse) is receiving aid to families with dependent children for a child or children of the marriage or former marriage of the obligated spouse or former spouse. In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child and the spouse or former spouse is receiving public assistance. When the child is not receiving public assistance, the district attorney shall take appropriate action to enforce the child support obligation. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child support enforcement services are provided to all individuals whether or not they are recipients of public social services and that spousal support enforcement services are available to those receiving public social services.

To the extent required by federal law, where the child is not receiving public assistance and the district attorney is collecting child support, or where the district attorney is collecting sums owed as a spousal support obligation under other than the state plan as set forth in Section 11475.2, the person obligated to pay the support shall also be obligated to pay the district attorney a fee equal to 10 percent of the total support collected by the district attorney, including any past due support. This fee shall not apply to any support assigned under Section 11477. No part of this fee may be collected until all support installments for which the district attorney is responsible for collecting, including past due support, have been paid in full, excluding therefrom sums to become due in the future. This fee shall be enforced the same as any other judgment or order of a superior court for child support. The effective date of the fee for purposes of applying any time limitations on the enforcement thereof shall be the date when the support collected to which the fee applies, was paid, except that the time limitations shall be tolled until all past due support to be collected by the district attorney has been so collected. Nothing in this section shall prevent an applicant for collection of support under this section from requesting the collection be discontinued prior to the collection of sums to which the fee would otherwise apply, but the discontinuance shall have no effect on the enforcement collection of any fee which has become due because of

the collection of support.

In any action for child support brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall have the same force and effect as a like or similar order under the Family Law Act (Part 5 (commencing with Section 4000) of Division 4 of the Civil Code).

If the district attorney fails to bring a motion for support, maintenance, and education of any child who is the subject of the action during the pendency of the action (a) within 90 days after the filing of an answer by the defendant when the defendant is a mother, a presumed father, as defined in subdivision (a) of Section 7004 of the Civil Code, or any father where the child is at least nine months old, or (b) within nine months after the birth of the child when any other defendant has filed an answer prior to or within the first six months after the birth of the child, then, as to that child, the district attorney shall be barred from obtaining a judgment of reimbursement for support for the child during the period of time from the date before which the motion was required to be made under subdivision (a) or (b) until the date the motion is filed or a final judgment is entered, whichever occurs first. If more than one child is the subject of the action, this limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery pursuant to subdivision (a) or (b) were a separate action brought for support of that child or children.

Nothing in this section shall prohibit the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(b) As used in this article, "enforcing obligations" includes, but is not limited to, the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations.

to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a child day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant for a license to serve six or fewer children or for obtaining a criminal record of such an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine contact with the children. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of children in care. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt. At the time of employment, all staff and employees required to be fingerprinted shall sign a statement regarding prior criminal convictions and be fingerprinted. Fingerprints shall be submitted to the licensing agency within 20 days following employment.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(7) This section does not apply to adult volunteers or adult staff employed by the applicant on an intermittent basis for less than 10 days per month, provided that these adults are under constant supervision by adults who meet the requirements of this section.

(8) This section does not apply to employees of child care and

development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the State Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission. The State Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the licensing agency not later than 20 days following employment, residence, or initial presence in the child day care facility. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 273a or 273d of the Penal Code, or has been convicted of a felony, the Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which

the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in paragraph (1) of Section 273a or 273d of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) Upon request of the provider, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

(g) For the purposes of compliance with this section, the department shall permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another when changing employment. 1596.871. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant for a license to serve six or fewer children or for obtaining a criminal record of such an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine contact with the children. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to place or supplement staff in providing direct care and supervision of children in care. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt. At the time of employment, all staff and employees required to be fingerprinted shall sign a statement regarding prior criminal convictions and be fingerprinted. Fingerprints shall be submitted to the licensing agency within 20 days following employment.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(7) This section does not apply to adult volunteers or adult staff employed by the applicant on an intermittent basis for less than 10 days per month, provided that these adults are under constant supervision by adults who meet the requirements of this section.

(8) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the State Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission. The State Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the licensing agency not later than 20 days following employment, residence, or initial presence in the child day care facility. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the

Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 243.4, 273a, or 273d of the Penal Code, or has been convicted of a felony, the Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the Department of Social Services, act immediately to either (1) terminate the person's employment, remove and bar the person from the child day care facility, or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a or 273d, or Section 288 or 289 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) Upon request of the provider, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

(g) For the purposes of compliance with this section, the department shall permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another when changing employment. [Approved by Governor September 27, 1985. Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4357.5 is added to the Civil Code, to read:

4357.5. (a) In any action for child support that has been filed and served, the court may, without a hearing, make an order requiring a parent or parents to pay for the support, maintenance, and education of his or her minor child or children during the pendency of that action, pursuant to this section, in an amount as required by Section 4722 or, if the income of the obligated parent or parents is unknown to the applicant, then the minimum amount of support as provided in Section 11452 of the Welfare and Institutions Code.

An order under this section shall be known as an expedited support order.

As used in this section, "income and expense declaration" means the form for an income and expense declaration in family law matters adopted by the Judicial Council.

(b) An expedited support order shall be made by the superior court upon the filing of an application requesting that relief, setting forth the minimum amount the obligated parent or parents are required to pay pursuant to Section 4722 or pursuant to Section 11452 of the Welfare and Institutions Code, an income and expense declaration for both parents completed by the applicant, a worksheet setting forth the basis of the required amount and a proposed expedited support order.

Except in the event of a hearing concerning the application for an expedited support order, the amount of the expedited support order shall be the minimum amount the obligated parent is required to pay as set forth in the application. An expedited support order shall be effective 30 days after service on the obligated parent of the application, income and expense declarations, worksheet, a notice of consequences of failure to file a response, the proposed order, three blank responses to the application for an expedited support order and notice of hearing forms, and three blank income and expense declaration forms.

The expedited support order shall be effective on the obligated parent, without further action by the court, unless there is a response to the application for an expedited support order.

(c) Service on the obligated parent of the application and other required documents as set forth in subdivision (b) shall be by

personal service or by any method available under Sections 415.10 to 415.40, inclusive, of the Code of Civil Procedure.

(d) The response to the application for the proposed expedited support order and the obligated parent's income and expense declaration may be filed with the court at any time prior to the effective date of the expedited support order and, on filing, shall be served upon the applicant by any method by which a response to a notice of motion may be served. The response to the application for an expedited support order shall state the objections of the obligated parent to the proposed expedited support order. The simultaneous filing of the response to the application for an expedited support order and the obligated parent's income and expense declaration shall stay the effective date of the expedited support order. No fee shall be charged for, or in connection with, the filing of the response.

(e) The obligated parent shall cause the court clerk to, and the court clerk shall, set a hearing on the application for the expedited support order not less than 20 nor more than 30 days after the filing of the response to the application for the expedited support order and income and expense declaration. The obligated parent shall give notice of the hearing to the other parties or their counsel by first-class mail no less than 15 days before the hearing. If no such notice is given, expedited support order shall become effective as provided in subdivision (b) subject to the relief available to the responding party as provided by Section 473 of the Code of Civil Procedure or any other available relief whether in law or in equity.

(f) An application for the expedited support order shall confer jurisdiction on the court to hear only the issue of support of the minor child or children. Nothing in this section shall prevent either party from bringing before the court at the hearing other separately noticed issues otherwise relevant and proper to the action in which the application for the expedited support order has been filed.

(g) At the hearing to establish a support order, all parties who are parents of the child or children who are the subject of the action shall produce copies of their most recently filed state income tax returns. A tax return so submitted may be reviewed by the other parties and a party also may be examined by the other parties as to the contents of any such return. A party who fails to submit documents to the court as required by this section shall not be granted the relief that he or she has requested. However, the court may grant the requested relief if a party submits a declaration under penalty of perjury that (1) no such documents exist, or (2) in the case of a tax return, it cannot be produced, but a copy has been requested from the Franchise Tax Board.

(h) The court shall order an amount of support in accordance with Chapter 2 (commencing with Section 4720) of Title 5 of this part.

(i) When there is a hearing, the resulting order shall be called an order after hearing. The order after hearing shall become effective no more than 30 days after the filing of the response to the application for the expedited support order and may be given

retroactive effect to the date of the filing of the application.

(j) An order entered under this section may be modified at any time on the same basis as any other order for child support.

(k) The Judicial Council shall prepare all forms necessary to give effect to this section.

SEC. 2. Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, is amended to read:

The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time

of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the

month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the parent ordered to pay support notify the parent or other person designated to receive payment of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for the dismissal of that employee.

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to

make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

(m) In any case where support for a minor child is ordered to be

paid through the county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall remain in effect only until January 1, 1987, and as of that date is repealed.

SEC. 3. Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to either the person to whom support has been ordered to have been paid or the county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage

assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to

quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) Orders for wage assignment required or authorized by the section shall include a requirement that the parent ordered to pay support notify the parent or other person designated to receive payment of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for the dismissal of that employee.

(g) As used in this section "employer" includes the United States

government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in that order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b) in any case where support is ordered to be paid through the county officer designated

by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

(m) In any case where support for a minor child is ordered to be paid through the county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall become operative on January 1, 1987.

SEC. 3.2. Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to either the person to whom support has been ordered to have been paid or the county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or

any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after the change. If the employer or county officer is unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class

mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the person or county officer to whom support was ordered to be paid for the amount of support not withheld, forwarded, or otherwise paid to the person or county officer. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the parent ordered to pay support notify the parent or other person designated to receive payment of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds for refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties,

and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b), in any case where support is ordered to be paid through the county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) In any case where support for a minor child is ordered to be paid through the county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall remain in effect only until January 1, 1987, and as of that date is repealed.

SEC. 3.4. Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to either the person to whom support has been ordered to have been paid or the county officer designated by the court to receive the payment, that portion of salary or wages of either parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. The order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to

pay any amount for the support of a minor child, upon a petition signed under penalty of perjury by the person or county officer to whom support has been ordered to have been paid that the parent so ordered is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition with the court, the court shall issue without notice to the parent ordered to pay support an order requiring the parent ordered to pay support to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the parent ordered to pay support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the parent, or any other person designated pursuant to subdivision (a), to whom support has been ordered to be paid has given the parent ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of filing a petition or complaint for support or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The parent ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mailing requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to

the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the parent ordered to pay support.

(6) A parent alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the parent of notice of the assignment order by his or her employer if the parent states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the parent of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted. An employer who willfully fails to withhold and forward support pursuant to a currently valid order entered and served upon the employer pursuant to this section is liable to the person or county officer to whom support was ordered to be paid for the amount of support not withheld, forwarded, or otherwise paid to the person or county officer. Willful failure by an employer to comply with such an order is punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the parent ordered to pay support has been given notice of the order of assignment and the fact that the parent ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an

initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the parent ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the parent ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

(d) The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(e) Orders for wage assignment required or authorized by this section shall include a requirement that the parent ordered to pay support notify the parent or other person designated to receive payment of any change of employment and of the name and address of his or her new employer.

(f) No employer shall use any assignment authorized by this section as grounds refusing to hire a person or for discharging or taking disciplinary action against an employee. An employer who engages in the conduct prohibited by this subdivision may be assessed a civil penalty of a maximum of five hundred dollars ($500).

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in the payment in the amount specified in subdivision (b), and (2) the whereabouts of the defaulting parent or the identity of his or her employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the defaulting

parent to make support payments pursuant to subdivision (b).

(i) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that the money and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in that order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4702. These moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee.

(*l*) Notwithstanding subdivisions (a) and (b) in case where support is ordered to be paid through the county officer designated by the court for those purposes, or where the district attorney requests, the court shall order a wage assignment pursuant to this section.

In any such case in which an arrearage is alleged, the party ordered to pay support may move to quash the order for wage assignment in the manner specified in subdivision (b).

As used in this subdivision, "wage assignment" has the same meaning as "assignment" and "wage assignment" in subdivisions (a) and (b).

(m) In any case where support for a minor child is ordered to be paid through the county officer designated by the court for that purpose, and where support is being paid on behalf of a minor child not receiving public assistance pursuant to the Family Economic Security Act of 1982 (Chapter 2 (commencing with Section 11200)

of Part 3 of Division 9 of the Welfare and Institutions Code), the county shall forward the support received to the minor child's custodial parent within seven days of receipt.

(n) This section shall become operative on January 1, 1987.

SEC. 4. Section 4801.6 of the Civil Code is amended to read:

4801.6. (a) In any proceeding where the court has ordered a party to pay any amount of spousal support to the other party, the court, upon a showing of good cause, may order the party required to make the payment of spousal support to assign to the county clerk or other officer of the court or county officer designated by the court to receive the payment, that portion of salary or wages of the party due or to be due in the future as will be sufficient to pay the amount ordered by the court for spousal support. The order shall operate as an assignment and shall be binding upon any existing or future employer of the party required to make the payment of spousal support upon whom a copy of that order is served. The Judicial Council shall prescribe forms for those orders. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to the order. Any such order may be modified or revoked at any time by the court. Any such assignment made pursuant to court order shall have priority as against any execution or other assignment, unless otherwise ordered by the court, with the exception of assignments made pursuant to Section 4701. The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the spousal support obligation.

(b) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered a party to pay spousal support to the other party upon both a petition by the person to whom support has been ordered to have been paid and a finding by the court that the party so ordered to pay spousal support is in arrears in payment in a sum equal to the amount of two months of payments within the 24-month period immediately preceding submission of such petition, the court shall order the defaulting party to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the party required to make the payment of spousal support as will be sufficient to pay the amount ordered by the court for spousal support. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the party required to make the payment of spousal support upon whom a copy of that order is served. The Judicial Council shall prescribe forms for those orders. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any execution or other assignment, unless otherwise ordered by the court, with the exception of assignments made pursuant to Section 4701.

The party to whom support has been ordered to be paid shall

notify the court and the employer of the party ordered to pay spousal support, by any form of mail requiring a return receipt, of any change of address within a reasonable period of time after the change. In instances in which payments have been ordered to be made to a county officer designated by the court, the party to whom spousal support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after the changes. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

For purposes of this subdivision, arrearages in payment shall be computed on the basis of the payments owed and unpaid on the date that the defaulting party has been given notice personally, and not by mail pursuant to Sections 1010 and 1011 of the Code of Civil Procedure of the application for the order of assignment, and the fact that the defaulting party may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

Upon a petition by the defaulting party, the court shall terminate an order of assignment entered pursuant to this subdivision if (1) there has been 18 continuous and uninterrupted months of full payment under the wage assignment or (2) the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom spousal support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) No employer shall use any assignment authorized by this section as grounds for the dismissal of such employee.

(d) Orders for wage assignment required or authorized by this section shall include a requirement that the person ordered to pay support notify the other party or other person designated to receive payment of any change of employment.

(e) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(f) On declaration or affidavit of the party to whom spousal support has been ordered to be paid to the court that: (1) the party ordered to make a spousal support payment is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting party or the identity of his or her employer are unknown to the party to whom spousal support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions

Code, and upon receiving the requested information, notify the court of the last known address of the absent party and the name and address of the absent party's last known employer. The court shall then order the party obligated to make spousal support payments to show cause why an order for assignment pursuant to subdivision (b) should not issue. The county may charge a reasonable fee not to exceed two dollars and fifty cents ($2.50) for the services of the district attorney under this subdivision.

(g) Nothing in this section shall limit or expand the authority of the district attorney to utilize any and all civil and criminal remedies to enforce spousal support obligations regardless of whether or not the party to be supported receives welfare moneys.

(h) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that those moneys and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(i) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in such order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4801.7. These moneys shall be subject to any procedure available to enforce an order for spousal support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting party. A court shall not directly or indirectly condition the issuance, modification or termination of, or condition the terms or conditions of, any order for spousal support upon the issuance of such a request by such an employee.

SEC. 4.2. Section 4801.6 of the Civil Code is amended to read:

4801.6. (a) In any proceeding where the court has ordered a party to pay any amount of spousal support to the other party, the court, upon a showing of good cause, may order the party required to make a payment of spousal support to assign to either the person to whom support has been ordered to have been paid or the county officer designated by the court to receive the payment, that portion of salary or wages of the party due or to be due in the future as will be sufficient to pay the amount ordered by the court for spousal

support. The order shall operate as an assignment and shall be binding upon any existing or future employer of the party required to make the payment of spousal support upon whom a copy of the order is served. Any such order may be modified or revoked at any time by the court.

(b) (1) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered a party to pay spousal support to the other party, upon a petition signed under penalty of perjury by the person to whom support has been ordered to have been paid alleging that the party ordered to pay spousal support is in arrears in payment in a sum equal to the amount of one month of the payment within the 24-month period immediately preceding filing of the petition, the court, without notice to the defaulting party, shall order the defaulting party to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive the payment, that portion of the salary or wages of the party required to make the payment of spousal support as will be sufficient to pay the amount ordered by the court for spousal support.

Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the party required to make a payment of spousal support upon whom a copy of the order is served.

The petition shall state the number of previous times a petition for assignment has been filed pursuant to this subdivision and the county in which any such petition was filed.

(2) No petition shall be accepted for filing pursuant to this subdivision unless it contains a declaration stating that the person to whom support has been ordered to be paid has given the person ordered to pay support a written notice of his or her intent to seek a wage assignment in the event of a default in support payments and that the notice was transmitted by certified mail or personally served at least 15 days prior to the date of the filing of the petition. A written notice of intent to seek a wage assignment may be given at the time of the entry of the decree of dissolution or at any time subsequent thereto. In addition to any other penalty provided by law, the filing of a petition with knowledge of the falsity of the declaration of notice is punishable as a contempt pursuant to Section 1209 of the Code of Civil Procedure. The person ordered to pay support may at any time waive the written notice required by this subdivision.

(3) The party to whom support has been ordered to be paid shall notify the court and the employer of the party ordered to pay spousal support, by any form of mail requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the party to whom spousal support has been ordered to be paid shall notify the court and the county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any

changes. If the employer or county officer is unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments under the assignment and shall return all undeliverable payments to the employee.

(4) An assignment order made pursuant to this subdivision shall not become effective until 10 days after service of the order on an employer.

(5) Within 10 days of service of an assignment order issued pursuant to this subdivision on an employer, the employer shall deliver a copy of the assignment order to the person ordered to pay support.

(6) A person alleged to be in default may move to quash an assignment order issued under this subdivision within 10 days after service on the person of notice of the assignment order by his or her employer if the person states under oath that a default in the amount alleged in the petition has not occurred within the 24-month period referred to in the petition or that the amount is not owed. The motion and notice of motion to quash the assignment order shall be filed with the court issuing the assignment order within 10 days after service on the person of notice of the order by the employer. The clerk of the court shall set the motion to quash for hearing within not less than 15 days, nor more than 20 days, after receipt of the notice of motion and shall mail to the petitioner at the return address contained in the petition a copy of the notice of motion by first-class mail within five days after receipt of the notice of motion.

(7) The employer shall continue to withhold and forward support as ordered by the court until served with notice that the motion to quash under this subdivision has been granted.

(8) The due date of support payments under this subdivision shall be the date specifically stated in the order of support or if no date is stated in the support order, then it shall be the last day of the month in which the support payment is to be paid.

(9) For purposes of this subdivision, arrearages of payment shall be computed on the basis of the payments owed and unpaid on the date that the person ordered to pay support has been given notice of the order of assignment, and the fact that the person ordered to pay support may have subsequently paid the arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

(10) Upon petition by the person ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision upon proof of full payment pursuant to the wage assignment for the appropriate period of time, as follows:

(A) An assignment pursuant to this subdivision pursuant to an initial petition shall continue until support payments are current.

(B) An assignment under this subdivision pursuant to a second

petition filed within 24 months shall continue for 24 months.

(C) An assignment under this subdivision pursuant to a third or subsequent petition filed within 48 months shall not be terminated unless upon a petition by the person ordered to pay support the court determines that there is good cause to terminate the assignment.

Upon petition by the person ordered to pay support, the court shall terminate an order of assignment entered pursuant to this subdivision if the employer or county officer has been unable to deliver payments under the assignment for a period of six months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) The Judicial Council shall prescribe forms for the orders for wage assignment required or authorized by this section. The employer may deduct from the salary or wages of the employee the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court, with the exception of assignments made pursuant to Section 4701.

(d) The employer shall cooperate with, and provide relevant employment information to, the district attorney for the purpose of enforcing the spousal support obligation.

(e) No employer shall use any assignment authorized by this section as grounds for the dismissal of an employee.

(f) Orders for wage assignment required or authorized by this section shall include a requirement that the person ordered to pay support notify the other party or other person designated to receive payment of any change of employment.

(g) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(h) On declaration or affidavit of the party to whom spousal support has been ordered to be paid to the court that: (1) the party ordered to make a spousal support payment is in default in that payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting party or the identity of his or her employer are unknown to the party to whom spousal support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent party and the name and address of the absent party's last known employer. The court shall then order the party obligated to make spousal support payments to show cause why an order for assignment pursuant to subdivision (b) should not issue. The county may charge a reasonable fee not to exceed two dollars and fifty cents ($2.50) for the services of the district attorney under this subdivision.

(i) Nothing in this section shall limit or expand the authority of the district attorney to utilize any and all civil and criminal remedies to enforce spousal support obligations regardless of whether or not the party to be supported receives welfare moneys.

(j) The provisions of this section apply to the money and benefits described in Sections 704.110 and 704.113 of the Code of Civil Procedure to the extent that those moneys and benefits are subject to a wage assignment for support under Chapter 4 (commencing with Section 703.010) of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure.

(k) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in Section 704.110 of the Code of Civil Procedure other than the United States government, that entity shall comply with any request for a return of employee contributions by an employee named in the order by delivering the contributions to the clerk of the court from which the order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of that fact to the parties, and any agency through whom payments have been ordered under Section 4801.7. The moneys shall be subject to any procedure available to enforce an order for spousal support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice is sent, the clerk shall, upon request, return the moneys to the public entity that delivered the moneys to the court unless the public entity has informed the court in writing that the moneys shall be released to the defaulting party. A court shall not directly or indirectly condition the issuance, modification or termination of, or condition the terms or conditions of, any order for spousal support upon the issuance of such a request by such an employee.

(*l*) The procedures specified in this section are applicable to any proceeding where the court has ordered a party to pay any amount for family support.

(m) This section shall remain in effect only until January 1, 1987, and as of that date is repealed.

SEC. 5. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child is receiving public assistance, and when requested to do so by the individual on whose behalf the enforcement efforts will be made when the child is not receiving public assistance. This responsibility shall apply to spousal support only where the spousal

support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child and spousal support enforcement services are provided to all individuals whether or not they are recipients of public social services.

To the extent required by federal law, where the child and spouse are not receiving public assistance and the district attorney is collecting support, the person obligated to pay the support shall also be obligated to pay the district attorney a fee equal to 10 percent of the total support collected by the district attorney, including any past due support. This fee shall not apply to any support assigned under Section 11477. No part of this fee may be collected until all support installments for which the district attorney is responsible for collecting, including past due support, have been paid in full, excluding sums to become due in the future. This fee shall be enforced in the same manner as any other judgment or order of a superior court for child support. The effective date of the fee for purposes of applying any time limitations on its enforcement shall be the date when the support collected to which the fee applies, was paid, except that the time limitations shall be tolled until all past due support to be collected by the district attorney has been so collected. Nothing in this section shall prevent an applicant for collection of support under this section from requesting the collection to be discontinued prior to the collection of sums to which the fee would otherwise apply, but the discontinuance shall have no effect on the enforcement collection of any fee which has become due because of the collection of support.

In any action for child support brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Law Act (Part 5 (commencing with Section 4000) of Division 4 of the Civil Code).

The district attorney shall file a motion for an order for temporary support within the following time limits:

(a) If the defendant is the mother, a presumed father under

subdivision (a) of Section 7004 of the Civil Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(b) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section shall prohibit the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

SEC. 6. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child is receiving public assistance, and when requested to do so by the individual on whose behalf the enforcement efforts will be made when the child is not receiving public assistance. This responsibility shall apply to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the

units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child and spousal support enforcement services are provided to all individuals whether or not they are recipients of public social services.

To the extent required by federal law, where the child and spouse are not receiving public assistance and the district attorney is collecting support, the person obligated to pay the support shall also be obligated to pay the district attorney a fee equal to 10 percent of the total support collected by the district attorney, including any past due support. This fee shall not apply to any support assigned under Section 11477. No part of this fee may be collected until all support installments for which the district attorney is responsible for collecting, including past due support, have been paid in full, excluding sums to become due in the future. This fee shall be enforced in the same manner as any other judgment or order of a superior court for child support. The effective date of the fee for purposes of applying any time limitations on its enforcement shall be the date when the support collected to which the fee applies, was paid, except that the time limitations shall be tolled until all past due support to be collected by the district attorney has been so collected. Nothing in this section shall prevent an applicant for collection of support under this section from requesting the collection to be discontinued prior to the collection of sums to which the fee would otherwise apply, but the discontinuance shall have no effect on the enforcement collection of any fee which has become due because of the collection of support.

In any action for child support brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Law Act (Part 5 (commencing with Section 4000) of Division 4 of the Civil Code).

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under subdivision (a) of Section 7004 of the Civil Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section shall prohibit the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(b) As used in this article, "enforcing obligations" includes, but is not limited to, the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations.

SEC. 7. (a) Section 2 of this bill incorporates amendments to Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, proposed by both this bill and AB 250, which has been chaptered (Chapter 404, Statutes of 1985), but does not incorporate amendments to that section proposed by AB 2300. Therefore, it shall become operative only if this bill is enacted and AB 2300 does not become effective on or before January 1, 1986, or as enacted does not amend that section.

(b) Section 3.2 of this bill incorporates amendments to Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, proposed by this bill, AB 250, which has been chaptered (Chapter 404, Statutes of 1985), and AB 2300. Therefore, it shall become operative only if (1) all three bills are enacted and become effective on or before January 1, 1986, (2) all three bills amend Section 4701 of the Civil Code, as amended by Section 1 of Chapter 1463 of the Statutes of 1984, and (3) this bill is enacted after AB 250 and AB 2300, in which case Section 2 of this bill shall not become operative.

SEC. 8. (a) Section 3 of this bill incorporates amendments to Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, proposed by both this bill and AB 250, which has been chaptered (Chapter 404, Statutes of 1985), but does not incorporate amendments to that section proposed by AB 2300. Therefore, it shall become operative only if this bill is enacted and AB 2300 does not become effective on or before January 1, 1986, or, as enacted, does not amend that section.

(b) Section 3.4 of this bill incorporates amendments to Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, proposed by this bill, AB 250, which has been chaptered (Chapter 404, Statutes of 1985), and AB 2300. Therefore,

it shall become operative only if (1) all three bills are enacted and become effective on or before January 1, 1986, (2) all three bills amend Section 4701 of the Civil Code, as amended by Section 1.5 of Chapter 1463 of the Statutes of 1984, and (3) this bill is enacted after AB 250 and 2300, in which case Section 3 of this bill shall not become operative.

SEC. 9. Section 4.2 of this bill incorporates amendments to Section 4801.6 of the Civil Code proposed by both this bill and AB 250. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 4801.6 of the Civil Code, and (3) this bill is enacted after AB 250, in which case Section 4 of this bill shall not become operative.

Further, if both this bill and AB 250 are enacted, Section 4801.6 of the Civil Code, as added by Section 10 of AB 250, shall become operative on January 1, 1987, and Section 4801.6 of the Civil Code, as added by Section 5 of AB 250, shall not become operative.

SEC. 10. Section 6 of this bill incorporates amendments to Section 11475 1 of the Welfare and Institutions Code proposed by both this bill and AB 2300. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, (2) each bill amends Section 11475.1 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 2300, in which case Section 11475.1 of the Welfare and Institutions Code, as amended by AB 2300, shall remain operative only until the operative date of this bill, at which time Section 6 of this bill shall become operative, and Section 5 of this bill shall not become operative.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 12. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1070

An act to amend Sections 2292 and 2294 of the Business and Professions Code, relating to physicians and surgeons.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2292 of the Business and Professions Code is amended to read:

2292. (a) A physician may be ordered to undergo a professional competency examination if, after investigation and review by a medical consultant of the Board of Medical Quality Assurance or his or her designee, and review and concurrence by at least one outside medical consultant, there is reasonable cause to believe that the physician is unable to practice medicine with reasonable skill and safety to patients. Reasonable cause shall be demonstrated by one or more of the following: (1) a single incident of gross negligence; (2) a pattern of inappropriate prescribing; (3) an act of incompetence or negligence causing death or serious bodily injury; or (4) a pattern of substandard care.

(b) The matter shall be presented by the board's executive director or his or her designee by way of a written petition detailing the reasonable cause. The petition shall contain all conclusions and facts upon which the presumption of reasonable cause is based. A copy of the petition shall be served on the physician who shall have the opportunity to file written opposition to the petition within 45 days after service. Service of the petition and any orders shall be in accordance with the methods of service authorized by subdivision (c) of Section 11505 of the Government Code.

(c) The petition may be considered by the Division of Medical Quality, or the division may assign the petition for consideration to a panel of a medical quality review committee, formed pursuant to Section 2323.

(d) The division or a committee panel shall review the petition and any opposition paper from the physician, or the division or panel may hold a hearing in accordance with the provisions of the Administrative Procedure Act to determine if reasonable cause exists, as specified in subdivision (a). The physician shall have the right to be represented at that hearing by the person of his or her choice. If the division or panel is satisfied that reasonable cause exists as to the circumstances specified in subdivision (a), the division or panel shall issue an order compelling the physician to undergo an examination of professional competency as measured by community standards. For purposes of this section, "community standards" means the statewide standards of the community of licensees. Failure to comply with the order duly served on the physician shall constitute unprofessional conduct for purposes of disciplinary proceedings.

SEC. 2. Section 2294 of the Business and Professions Code is amended to read:

2294. (a) If the division proceeds pursuant to the provisions of Sections 2292 and 2293 and the physician passes the professional competency examination administered, the division shall be precluded from filing an accusation of incompetency based solely on

the circumstances giving rise to the reasonable cause for the examination.

(b) If the division determines there is insufficient cause to file an accusation based on the examination results, then all agency records of the proceedings, including the petition and order for the examination, investigative reports, if any, reports of staff or outside medical consultants, and the reports of the examiners, shall be kept confidential and shall not be subject to discovery or subpoena.

(c) If no further proceedings are conducted to determine the physician's fitness to practice during a period of five years from the date of the petition under Section 2292, then the agency shall purge and destroy all records pertaining to the proceedings.

CHAPTER 1071

An act to add Section 13954 to the Vehicle Code, relating to drivers' licenses.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 13954 is added to the Vehicle Code, to read:

13954. (a) Notwithstanding any other provision of this code, the department shall immediately suspend or revoke the driving privilege of any person who the department has reasonable cause to believe was in any manner involved in an accident while operating a motor vehicle if, at the time of the accident, that person had 0.10 percent or more, by weight, of alcohol in his or her blood and he or she proximately caused the accident as a result of any act prohibited, or the neglect of any duty imposed, by law and the accident occurred within five years of the date of a violation of paragraph (3) or (4) of subdivision (c) of Section 192 of the Penal Code which resulted in a conviction.

(b) If an accident described in subdivision (a) does not result in a conviction or finding of violation of Section 23152 or 23153, the department shall suspend the driving privilege under this section for one year from the date of actual commencement of the suspension. After the one-year suspension period, the driving privilege may be reinstated if evidence establishes to the satisfaction of the department that no grounds exist which would authorize the refusal to issue a license and that reinstatement of the driving privilege would not jeopardize the safety of the person or other persons upon the highways and if the person gives proof of ability to respond in damages as defined in Section 16430.

(c) If an accident described in subdivision (a) does result in a conviction or finding of a violation of Section 23152 or 23153, the

department shall revoke the driving privilege under this section for three years from the date of actual commencement of the revocation. After the three-year revocation period, the driving privilege may be reinstated if evidence establishes to the satisfaction of the department that no grounds exist which would authorize the refusal to issue a license and that reinstatement of the driving privilege would not jeopardize the safety of the person or other persons upon the highways and if the person gives proof of the ability to respond in damages as defined in Section 16430.

(d) Any revocation action under subdivision (c) shall be imposed as follows:

(1) If the accident results in a first conviction of a violation of Section 23152 or 23153, or if the person was convicted of a separate violation of Section 23152 or 23153 which occurred within five years of the accident, the period of revocation under subdivision (c) shall be concurrent with any period of restriction, suspension, or revocation imposed under Section 13352 or 13352.5.

(2) If the person was convicted of two or more separate violations of Section 23152 or 23153, or both, which occurred within five years of the accident, the period of revocation under subdivision (c) shall be cumulative and shall be imposed consecutively with any period of restriction, suspension, or revocation imposed under Section 13352 or 13352.5.

(e) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person had been placed under lawful arrest, and whether a chemical test of the person's blood, breath, or urine indicated that the blood-alcohol level was 0.10 percent or more, by weight, at the time of testing. If the department determines, upon a hearing of the matter, that the person had not been placed under lawful arrest, or that a chemical test of the person's blood, breath, or urine did not indicate a blood-alcohol level of 0.10 percent or more, by weight, at the time of testing, the suspension or revocation shall be immediately terminated.

(f) This section is applicable if the accident occurred on or after January 1, 1986, without regard for the dates of the violations referred to in subdivisions (a) and (d).

CHAPTER 1072

An act to amend Section 18975.7 of the Welfare and Institutions Code, relating to child abuse.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 18975.7 of the Welfare and Institutions Code is amended to read:

18975.7. A "primary prevention program" means a training and educational program for children, which is directed toward all of the following:

(a) Preventing the occurrence of child abuse, including physical abuse, sexual abuse, child neglect, and child abduction.

(b) Reducing the general vulnerability of children, including coordination with and training for parents and school staff.

CHAPTER 1073

An act to add Article 3 (commencing with Section 3300) to Chapter 3 of Part 1 of Division 2 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that this act shall apply only to contractors who contract directly with public entities pursuant to the Public Contract Code.

SEC. 2. Article 3 (commencing with Section 3300) is added to Chapter 3 of Part 1 of Division 2 of the Public Contract Code, to read:

Article 3. Bidders

3300. (a) Any public entity, as defined in Section 1100, the University of California, and the California State University shall specify the classification of the contractor's license which a contractor shall possess at the time a contract is awarded. The specification shall be included in any plans prepared for a public project and in any notice inviting bids required pursuant to this code.

This requirement shall apply only with respect to contractors who contract directly with the public entity.

(b) A contractor who is not awarded a public contract because of

the failure of an entity, as defined in subdivision (a), to comply with that subdivision shall not receive damages for the loss of the contract.

CHAPTER 1074

An act to amend Sections 1255 and 1255.5 of, and to add and repeal Part 1.85 (commencing with Section 444) of Division 1 of the Health and Safety Code, relating to cardiac services.

[Approved by Governor September 27, 1985. Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Part 1.85 (commencing with Section 444) is added to Division 1 of the Health and Safety Code, to read:

PART 1.85. HEALTH CARE PILOT PROJECT

444. The Legislature hereby finds and declares all of the following:

(a) Currently cardiac catheterization diagnostic procedures are performed almost exclusively in a general acute care hospital setting, generally on an inpatient basis. The procedure is relatively costly, as are many of the inpatient diagnostic procedures that rely heavily on expensive high technology.

(b) Recent advances in technology indicate the feasibility of performing high quality, safe diagnostic cardiac catheterization procedures in a freestanding cardiac catheterization laboratory. This could lower the cost of care for the diagnostic procedure, as well as obviate the need in many instances for an expensive hospital stay.

(c) Prior to amending the law to permit cardiac catheterization to be performed in a nonhospital setting, it is the intent of the Legislature that cardiac catheterization performed in freestanding cardiac catheterization laboratories be evaluated on a pilot project basis and demonstrated to be a safe, high quality, cost-effective diagnostic modality.

(d) It is further the intent of the Legislature that a pilot program be authorized under the supervision of the Office of Statewide Health Planning and Development, and that the office report back to the Legislature its findings and recommendations on the pilot program.

444.1. As used in this part, the following terms mean:

(a) "Freestanding cardiac catheterization" means the performance of coronary angiography or cardiac catheterization, or both in a laboratory separate from a general acute care hospital. For the purpose of this part, at least one pilot site shall include the use of state-of-the-art digital electronic computer technology with

simultaneous multiplane dynamic imaging capabilities and 1024x1024 resolution and 512x512 at 30 FPS or comparable technology.

(b) "Freestanding cardiac catheterization laboratory" means a laboratory, separate from a general acute care hospital, where outpatient cardiac catheterization procedures may be performed pursuant to this part.

(c) "Office" means the Office of Statewide Health Planning and Development.

(d) "State department" means the State Department of Health Services.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization and cardiac surgery, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients and shall not be performed in freestanding cardiac catheterization laboratories designated pursuant to this part. For purposes of this section, "pediatric patient" means a patient who, as of the date of the medical procedure, has not reached his or her 18th birthday.

444.2. The Office of Statewide Health Planning and Development may establish and administer a pilot program to test the safety and cost effectiveness of performing cardiac catheterization in freestanding cardiac catheterization laboratories. The office may approve up to five freestanding cardiac catheterization laboratories for inclusion under the pilot program.

444.3. Persons who wish to establish freestanding cardiac catheterization laboratories shall make application to the office for inclusion in the pilot program on forms provided by the office. Applicants shall submit a separate application for each proposed pilot site. The forms shall require the information determined to be needed by the office. At a minimum, the forms shall require the effective date for initiating pilot project services, the general service area and a description of the population to be served, a detailed description of the services to be provided, a description of backup emergency services, the availability of comprehensive care, and the qualifications of the general acute care hospital providing the emergency treatment, curricula vitae for the laboratory directors and key staff, and internal quality assurance criteria and procedures.

444.4. Each freestanding cardiac catheterization laboratory shall be under the direction of a physician and surgeon with demonstrated expertise in performing cardiac catheterization.

All physicians and surgeons performing cardiac catheterization in freestanding laboratories shall be board-eligible or board-certified by the American Board of Internal Medicine, with subspeciality certification in cardiovascular disease, or board-eligible or board-certified by the American Board of Radiology, with specialty

certification in diagnostic radiology and demonstrated competence in performing cardiac catheterization.

Other desirable qualifications include membership in the Society of Cardiovascular and Interventional Radiology, the North American Society of Cardiac Radiology, the Society for Cardiac Angiography, or similar equivalent expertise.

The office shall determine whether or not an applicant's qualifications meet the requirements of this section. The office shall have the discretion to approve equivalent qualifications in consultation with the technical advisory committee.

444.5. As a condition of participation in the pilot program, each applicant shall agree to provide the statistical data and patient information that the office deems necessary for effective evaluation, at such times as the office requires. It is the intent of the Legislature that the office shall develop procedures to assure the confidentiality of patient information, and shall only disclose patient information, including names, as is necessary pursuant to this part or any other law.

The office may suspend or withdraw approval of pilot projects with notice but without hearing if the office determines that patient safety is or may be jeopardized. A pilot project shall have the right to appeal a suspension to the director of the office, but shall not resume performing freestanding cardiac catheterization services pending a favorable outcome of the appeal.

The office may suspend or withdraw approval of pilot projects for reasons other than patient safety, including any violations of the agreement to participate in the pilot program, but in those instances, the office shall give notice to the pilot project director and afford an opportunity to be heard.

444.6. The office shall appoint a technical advisory committee to advise the office on the administration of this part. The technical advisory committee shall include, but not necessarily be limited to, a representative of the state department and at least four physicians and surgeons who have specialized training and experience in the field of cardiovascular disease or diagnostic radiology, with training in cardiovascular disease. These physicians and surgeons shall have affiliation with major teaching institutions.

A member of the Technical Advisory Committee shall not be an officer of or a director of any freestanding cardiac catheterization laboratory or have any significant beneficial or ownership interest in any freestanding cardiac catheterization laboratory designated pursuant to this part. The office shall not consider the application of a person or business entity wishing to establish a freestanding cardiac catheterization laboratory if a member of the technical advisory staff will be the laboratory director or be on the staff of or be an officer of or director of or have a beneficial or ownership interest in the proposed freestanding cardiac catheterization laboratory.

Members of the technical advisory committee shall be reimbursed for any actual and necessary expenses incurred in connection with

their duties as members of the committee.

Duties of the committee shall include, but not be limited to, advising the office on standards and criteria for approving pilot projects, advising the office on the implementation and ongoing monitoring of the pilot program, and advising the office on the evaluation of the results of the pilot program.

444.7. The office shall submit a report to the Legislature on the progress of the pilot program on or before July 1, 1988. The report shall include, but not be limited to, an evaluation of the cost, safety, and quality of care and quality of studies produced by the pilot projects. The report shall also include a recommendation as to whether freestanding cardiac catheterization should be continued, and if so, under what conditions. The report shall include a comparison of procedures in freestanding cardiac catheterization laboratories with those performed in general acute care hospitals.

444.8. The office shall establish, at a minimum, spatial, staffing, and equipment requirements for laboratories participating in the pilot program.

Protocols for the performance of freestanding cardiac catheterization procedures on an outpatient basis shall be established by the office. The protocols shall include, but not be limited to, criteria for the selection of patients or exclusion of patients from the performance of freestanding cardiac catheterization, equipment, and procedures necessary for the stabilization of patients in emergency situations prior to transfer, and criteria for patient transfer arrangements in emergency situations, which shall be in accordance with the standards established by the Emergency Medical Services Authority. No other health facility or clinic licensing or certification requirements shall be required for the performance of freestanding cardiac catheterization. The office may consult with the state department as necessary. The office may contract for specialized medical consultation, or other personnel or other services as necessary for the effective implementation of this part.

Each cardiac catheterization laboratory shall assure the office that patients examined by this program have given written informed consent.

444.9. The regulations the office adopts to implement this part shall be adopted as emergency regulations in accordance with Section 11346.1 of the Government Code, except that the regulations shall be exempt from the requirements of subdivisions (e), (f), and (g) of that section. The regulations shall be deemed to be an emergency for the purposes of Section 11346.1 of the Government Code and shall remain in effect until January 1, 1989, unless amended or repealed by the office.

444.10. The office may charge participants in the pilot program a reasonable fee, not to exceed the cost of administering this part.

444.11. This part shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. Section 1255 of the Health and Safety Code is amended to read:

1255 In addition to the basic services offered under the license, a general acute care hospital may be approved in accordance with subdivision (c) of Section 1277 to offer special services including, but not limited to, the following.

(a) Radiation therapy department.

(b) Burn center.

(c) Emergency center.

(d) Hemodialysis center (or unit).

(e) Psychiatric.

(f) Intensive-care newborn nursery.

(g) Cardiac surgery.

(h) Cardiac catheterization laboratory.

(i) Renal transplant.

(j) Such other special services as the department may prescribe by regulation

A general acute care hospital which exclusively provides acute medical rehabilitation center services may be approved in accordance with subdivision (b) of Section 1277 to offer special services not requiring surgical facilities.

The state department shall adopt standards for special services and such other regulations as may be necessary to implement this section. For cardiac catheterization laboratory service, the state department shall, at a minimum, adopt standards and regulations which specify that only diagnostic services, and which diagnostic services, may be offered by an acute care hospital or a multispecialty clinic as defined in subdivision (*l*) of Section 1206 which is approved to provide cardiac catheterization laboratory service but is not also approved to provide cardiac surgery service, together with the conditions under which such cardiac catheterization laboratory service may be offered.

A cardiac catheterization laboratory service shall be located in a general acute care hospital which is either licensed to perform cardiovascular procedures requiring extracorporeal coronary artery bypass, which meets all of the applicable licensing requirements relating to staff, equipment, and space for service; or shall, at a minimum, have a licensed intensive care service, coronary care service and maintain a written agreement for the transfer of patients to a general acute care hospital which is licensed for cardiac surgery or shall be located in a multispecialty clinic as defined in subdivision (*l*) of Section 1206. The transfer agreement shall include protocols which will minimize the need for duplicative cardiac catheterizations at the hospital in which the cardiac surgery is to be performed.

For purposes of this section, multispecialty clinic as defined in subdivision (*l*) of Section 1206 includes an entity in which the multispecialty clinic holds at least a 50 percent general partner

interest and maintains responsibility for the management of the service, if all of the following requirements are met:

(1) The multispecialty clinic existed as of March 1, 1983.

(2) Prior to March 1, 1985, the multispecialty clinic did not offer cardiac catheterization services, dynamic multiplane imaging, or other types of coronary or similar angiography.

(3) The multispecialty clinic creates only one entity that operates its service at one site.

(4) These entities shall have the equipment and procedures necessary for the stabililization of patients in emergency situations prior to transfer and patient transfer arrangements in emergency situations which shall be in accordance with the standards established by the Emergency Medical Services Authority including the availability of comprehensive care and the qualifications of any general acute hospital expected to provide emergency treatment.

Except as provided in Part 1.85 (commencing with Section 444 of Division 1,) under no circumstances shall cardiac catheterizations be performed outside of a general acute care hospital or a multispecialty clinic, as defined in subdivision (*l*) of Section 1206, which qualifies for this definition as of March 1, 1983.

SEC. 3. Section 1255.5 of the Health and Safety Code is amended to read:

1255.5. For purposes of Section 1255, the following definitions apply:

(a) "Cardiac catheterization" includes an intravascular insertion of a catheter into the heart for the primary definition and diagnosis of an anatomic cardiac lesion. For the purposes of this definition, the insertion of a Swan-Ganz thermodilution cardiac output catheter, a venous line, and a temporary pacemaking electrode catheter are excluded.

(b) "Cardiac surgery" means surgery on the heart or great vessels requiring a thoracotomy and extracorporeal circulation.

(c) "Cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterizations and cardiac surgery as defined in this section, except as provided in subdivision (e). Under no circumstances shall there exist in a general acute care hospital a cardiac surgery service without a cardiac catheterization laboratory service.

(d) "Cardiac catheterization laboratory service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization. Cardiac catheterization laboratory service does not include pediatric cardiac catheterization laboratory service. Except as provided in Part 1.85 (commencing with Section 444) of Division 1, under no circumstances shall cardiac catheterizations be performed outside of a general acute care hospital or a multispecialty clinic, as defined in subdivision (*l*) of Section 1206, which qualifies for this definition as of March 1, 1983.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing

cardiac catheterization and cardiac surgery in its own facility or in a general acute care hospital which is physically connected to it, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients.

(f) "Intensive care newborn nursery services" means the provision of comprehensive and intensive care for all contingencies of the newborn infant, including intensive, intermediate, and continuing care. Policies, procedures, and space requirements for intensive, intermediate, and continuing care services shall be based upon the standards and recommendations of the American Academy of Pediatrics Guidelines for Perinatal Care, 1983.

SEC. 4. Section 1255.5 of the Health and Safety Code is amended to read:

1255.5. For purposes of Section 1255, the following definitions apply:

(a) "Cardiac catheterization" includes an intravascular insertion of a catheter into the heart for the primary definition and diagnosis of an anatomic cardiac lesion. For the purposes of this definition, the insertion of a Swan-Ganz thermodilution cardiac output catheter, a venous line, and a temporary pacemaking electrode catheter are excluded.

(b) "Cardiac surgery" means surgery on the heart or great vessels requiring a thoracotomy and extracorporeal circulation.

(c) "Cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterizations and cardiac surgery as defined in this section, except as provided in subdivision (e). Under no circumstances shall there exist in a general acute care hospital a cardiac surgery service without a cardiac catheterization laboratory service.

(d) "Cardiac catheterization laboratory service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization. Cardiac catheterization laboratory service does not include pediatric cardiac catheterization laboratory service.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization and cardiac surgery in its own facility or in a general acute care hospital which is physically connected to it, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients.

(f) "Intensive care newborn nursery services" means the provision of comprehensive and intensive care for all contingencies of the newborn infant, including intensive, intermediate, and continuing care. Policies, procedures, and space requirements for intensive, intermediate, and continuing care services shall be based

upon the standards and recommendations of the American Academy of Pediatrics Guidelines for Perinatal Care, 1983.

SEC. 5. Section 2 of this act shall become operative only if SB 410 of the 1985–86 Regular Session is operative.

SEC. 6. Section 4 of this bill incorporates amendments to Section 1255.5 of the Health and Safety Code proposed by both this bill and SB 410. CHAPTER 1075

An act to amend Sections 1255 and 1255.5 of, and to add and repeal Part 1.85 (commencing with Section 444) to Division 1 of, the Health and Safety Code, relating to health.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Part 1.85 (commencing with Section 444) is added to Division 1 of the Health and Safety Code, to read:

PART 1.85. HEALTH CARE PILOT PROJECT

444. The Legislature hereby finds and declares all of the following:

(a) Currently cardiac catheterization diagnostic procedures are performed almost exclusively in a general acute care hospital setting, generally on an inpatient basis. The procedure is relatively costly, as are many of the inpatient diagnostic procedures that rely heavily on expensive high technology.

(b) Recent advances in technology indicate the feasibility of performing high quality, safe diagnostic cardiac catheterization procedures in a freestanding cardiac catheterization laboratory. This could lower the cost for the diagnostic procedure, as well as obviate the need in many instances for an expensive hospital stay.

(c) Prior to amending the law to permit cardiac catheterization to be performed in a nonhospital setting, it is the intent of the Legislature that cardiac catheterization performed in freestanding cardiac catheterization laboratories be evaluated on a pilot project basis and demonstrated to be a safe, high quality, cost-effective diagnostic modality.

(d) It is further the intent of the Legislature that a pilot program

be authorized under the supervision of the Office of Statewide Health Planning and Development, and that the office report back to the Legislature its findings and recommendations on the pilot program.

444.1. As used in this part, the following terms mean:

(a) "Freestanding cardiac catheterization" means the performance of coronary angiography in a laboratory separate from a general acute care hospital. For the purpose of this part, at least one pilot site shall include the use of state-of-the-art digital electronic computer technology with simultaneous multiplane dynamic imaging capabilities and 1024x1024 resolution and 512x512 at 30 FPS or comparable technology.

(b) "Freestanding cardiac catheterization laboratory" means a laboratory, separate from a general acute care hospital, where outpatient cardiac catheterization procedures may be performed pursuant to this part.

(c) "Office" means the Office of Statewide Health Planning and Development.

(d) "State department" means the State Department of Health Services.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization and cardiac surgery, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients and shall not be performed in freestanding cardiac catheterization laboratories designated pursuant to this part. For purposes of this section, a pediatric patient is a patient who, as of the date of the medical procedure, has not reached his or her 18th birthday.

444.2. The Office of Statewide Health Planning and Development may establish and administer a pilot program to test the safety and cost effectiveness of performing cardiac catheterization in freestanding cardiac catheterization laboratories. The office may approve up to five freestanding cardiac catheterization laboratories for inclusion under the pilot program.

444.3. Persons who wish to establish freestanding cardiac catheterization laboratories shall make application to the office for inclusion in the pilot program on forms provided by the office. Applicants shall submit a separate application for each proposed pilot site. The forms shall require the information determined to be needed by the office. At a minimum, the forms shall require the effective date for initiating pilot project services, the general service area and a description of the population to be served, a detailed description of the services to be provided, and a description of backup emergency services, the availability of comprehensive care, and the qualifications of the general acute care hospital providing the emergency treatment, curricula vitae for the laboratory directors

and key staff, and internal quality assurance criteria and procedures.

444.4. Each freestanding cardiac catheterization laboratory shall be under the direction of a physician and surgeon with demonstrated expertise in performing cardiac catheterization.

All physicians and surgeons performing cardiac catheterization in freestanding laboratories shall be board-eligible or board-certified by the American Board of Internal Medicine, with subspeciality certification in cardiovascular disease, or board-eligible or board-certified by the American Board of Radiology, with specialty certification in diagnostic radiology and demonstrated competence in performing cardiac catheterization.

Other desirable qualifications include membership in the Society of Cardiovascular and Interventional Radiology, the North American Society of Cardiac Radiology, the Society for Cardiac Angiography, or similar equivalent expertise.

The office shall determine whether or not an applicant's qualifications meet the requirements of this section. The office shall have the discretion to approve equivalent qualifications in consultation with the technical advisory committee.

444.5. As a condition of participation in the pilot program, each applicant shall agree to provide the statistical data and patient information that the office deems necessary for effective evaluation, at such times as the office requires. It is the intent of the Legislature that the office shall develop procedures to ensure the confidentiality of patient information, and shall only disclose patient information, including names, as is necessary to this part or any other law.

The office may suspend or withdraw approval of pilot programs with notice, but without hearing, if the office determines that patient safety is or may be jeopardized. A pilot program shall have the right to appeal a suspension to the director of the office but shall not resume performing freestanding cardiac catheterization services pending a favorable outcome of the appeal.

The office may suspend or withdraw approval of pilot projects for reasons other than patient safety, including any violations of the agreement to participate in the pilot program, but in such instances, the office shall give notice to the pilot project director and afford an opportunity to be heard

444.6. The office shall appoint a technical advisory committee to advise the office on the administration of this part. The technical advisory committee shall include, but not necessarily be limited to, a representative of the state department and at least four physicians and surgeons who have specialized training and experience in the field of cardiovascular disease or diagnostic radiology, with training in cardiovascular disease. These physicians should have affiliation with major teaching institutions.

A member of the Technical Advisory Committee shall not be an officer of or a director of any freestanding cardiac catheterization laboratory or have any significant beneficial or ownership interest in any freestanding cardiac catheterization laboratory designated

pursuant to this part. The office shall not consider the application of a person or business entity wishing to establish a freestanding cardiac catheterization laboratory if a member of the technical advisory staff will be the laboratory director or be on the staff of or be an officer of or director of or have a beneficial or ownership interest in the proposed freestanding cardiac catheterization laboratory.

Members of the advisory committee shall be reimbursed for any actual and necessary expenses incurred in connection with their duties as members of the committee.

Duties of the committee shall include, but not be limited to, advising the office on standards and criteria for approving pilot projects, advising the office on the implementation and ongoing monitoring of the pilot program, and advising the office on the evaluation of the results of the pilot program.

444.7. The office shall submit a report to the Legislature on the progress of the pilot program on or before July 1, 1988. The report shall include, but not be limited to, an evaluation of the cost, safety, and quality of care and quality of studies produced by the pilot projects. The report shall also include a recommendation as to whether freestanding cardiac catheterization should be continued, and if so, under what conditions. The report shall include a comparison of procedures in freestanding cardiac catheterization laboratories with those performed in general acute care hospitals.

444.8. The office shall establish, at a minimum, spatial, staffing and equipment requirements for laboratories participating in the pilot program.

Protocols for the performance of freestanding cardiac catheterization procedures on an outpatient basis shall be established by the office. The protocols shall include, but not be limited to, criteria for the selection of patients or exclusion of patients from the performance of freestanding cardiac catheterization, equipment, and procedures necessary for the stabilization of patients in emergency situations prior to transfer, and criteria for patient transfer arrangements in emergency situations, which shall be in accordance with the standards established by the Emergency Medical Services Authority. No other health facility or clinic licensing or certification requirements shall be required for the performance of freestanding cardiac catheterization. The office may consult with the state department as necessary. The office may contract for specialized medical consultation, or other personnel or other services as necessary for the effective implemention of this part.

Each cardiac catheterization laboratory shall assure the office that patients examined by this program have given written informed consent.

444.9. The regulations the office adopts to implement this part shall be adopted as emergency regulations in accordance with Section 11346.1 of the Government Code, except that the regulations shall be exempt from the requirements of subdivisions (e), (f), and

(g) of that section. The regulations shall be deemed to be an emergency for the purposes of Section 11346.1 of the Government Code and shall remain in effect until January 1, 1989, unless amended or repealed by the office.

444.10. The office may charge participating laboratories in the pilot program a reasonable fee, not to exceed the cost of administering this part.

444.11 This part shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. Section 1255 of the Health and Safety Code is amended to read:

1255. In addition to the basic services offered under the license, a general acute care hospital may be approved in accordance with subdivision (c) of Section 1277 to offer special services including, but not limited to, the following:

(a) Radiation therapy department.
(b) Burn center.
(c) Emergency center.
(d) Hemodialysis center (or unit).
(e) Psychiatric.
(f) Intensive-care newborn nursery.
(g) Cardiac surgery.
(h) Cardiac catheterization laboratory.

(j) Such other special services as the department may prescribe by regulation.

A general acute care hospital which exclusively provides acute medical rehabilitation center services may be approved in accordance with subdivision (b) of Section 1277 to offer special services not requiring surgical facilities.

The state department shall adopt standards for special services and such other regulations as may be necessary to implement this section. For cardiac catheterization laboratory service, the state department shall, at a minimum, adopt standards and regulations which specify that only diagnostic services, and which diagnostic services, may be offered by an acute care hospital or a multispecialty clinic as defined in subdivision (*l*) of Section 1206 which is approved to provide cardiac catheterization laboratory service but is not also approved to provide cardiac surgery service, together with the conditions under which such cardiac catheterization laboratory service may be offered.

A cardiac catheterization laboratory service shall be located in a general acute care hospital which is either licensed to perform cardiovascular procedures requiring extracorporeal coronary artery bypass, which meets all of the applicable licensing requirements relating to staff, equipment, and space for service; or shall, at a minimum, have a licensed intensive care service, coronary care service and maintain a written agreement for the transfer of patients

to a general acute care hospital which is licensed for cardiac surgery or shall be located in a multispecialty clinic as defined in subdivision (*l*) of Section 1206. The transfer agreement shall include protocols which will minimize the need for duplicative cardiac catheterizations at the hospital in which the cardiac surgery is to be performed.

For purposes of this section, multispecialty clinic as defined in subdivision (*l*) of Section 1206 includes an entity in which the multispecialty clinic holds at least a 50 percent general partner interest and maintains responsibility for the management of the service, if all of the following requirements are met:

(1) The multispecialty clinic existed as of March 1, 1983.

(2) Prior to March 1, 1985, the multispecialty clinic did not offer cardiac catheterization services, dynamic multiplane imaging, or other types of coronary or similar angiography.

(3) The multispecialty clinic creates only one entity that operates its service at one site.

(4) These entities shall have the equipment and procedures necessary for the stabilization of patients in emergency situations prior to transfer and patient transfer arrangements in emergency situations which shall be in accordance with the standards established by the Emergency Medical Services Authority including the availability of comprehensive care and the qualifications of any general acute hospital expected to provide emergency treatment.

Except as provided in Part 1.85 (commencing with Section 444) of Division 1, under no circumstances shall cardiac catheterizations be performed outside of a general acute care hospital or a multispecialty clinic, as defined in subdivision (*l*) of Section 1206, which qualifies for this definition as of March 1, 1983.

SEC. 3. Section 1255.5 of the Health and Safety Code is amended to read:

1255.5. For purposes of Section 1255, the following definitions apply:

(a) "Cardiac catheterization" includes an intravascular insertion of a catheter into the heart for the primary definition and diagnosis of an anatomic cardiac lesion. For the purposes of this definition, the insertion of a Swan-Ganz thermodilution cardiac output catheter, a venous line, and a temporary pacemaking electrode catheter are excluded.

(b) "Cardiac surgery" means surgery on the heart or great vessels requiring a thoracotomy and extracorporeal circulation.

(c) "Cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterizations and cardiac surgery as defined in this section, except as provided in subdivision (e). Under no circumstances shall there exist in a general acute care hospital a cardiac surgery service without a cardiac catheterization laboratory service.

(d) "Cardiac catheterization laboratory service" means a program of a general acute care hospital which has the capability of

performing cardiac catheterization. Cardiac catheterization laboratory service does not include pediatric cardiac catheterization laboratory service. Except as provided in Part 1.85 (commencing with Section 444) of Division 1, under no circumstances shall cardiac catheterizations be performed outside of a general acute care hospital or a multispecialty clinic, as defined in subdivision (*l*) of Section 1206, which qualifies for this definition as of March 1, 1983.

(e) "Pediatric cardiac surgery service" means a program of a general acute care hospital which has the capability of performing cardiac catheterization and cardiac surgery in its own facility or in a general acute care hospital which is physically connected to it, as defined in this section, for the diagnosis and treatment of congenital defects in children. Cardiac catheterization for pediatric patients shall be performed only in a general acute care hospital that has the capability to perform cardiac surgery on pediatric patients.

(f) "Intensive care newborn nursery services" means the provision of comprehensive and intensive care for all contingencies of the newborn infant, including intensive, intermediate, and continuing care. Policies, procedures, and space requirements for intensive, intermediate, and continuing care services shall be based upon the standards and recommendations of the American Academy of Pediatrics Guidelines for Perinatal Care, 1983.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 41422 of the Education Code is amended to read:

41422. A district which is prevented from maintaining its schools during a fiscal year for at least 175 days because of fire, flood, or

epidemic, or because of any order of any military officer of the United States or of the state to meet an emergency created by war, or of any civil officer of the United States, of the state, or of any county, city and county, or city authorized to issue such order to meet an emergency created by war, or because of other extraordinary conditions, or because of inability to secure or hold a teacher, or because of the illness of the teacher, which fact shall be shown to the satisfaction of the Superintendent of Public Instruction by the affidavits of the members of the governing board of the school district and of the county superintendent of schools, shall receive the same apportionment from the State School Fund as it would have received had it not been so prevented from maintaining school for at least 175 days.

CHAPTER 1079

An act relating to public utilities, and making an appropriation therefor.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) There is confusion and misunderstanding among the people of California over the implications of recent federally initiated changes within the telecommunications marketplace including the American Telephone and Telegraph Corporation divestiture which resulted in the creation of 11 local telephone service areas within the state and the commencement of competitive services between these service areas.

(2) The Public Utilities Commission, pursuant to its regulation of the furnishing of telephone service within these services areas, is or will be required to make a variety of decisions regarding the proper degree of regulation or deregulation or open competition because of the recently changed regulatory climate involving telephone services.

(3) The Federal Communications Commission encourages states to permit increased competition within the telecommunications marketplaces, and many states have either experimented with, or instituted degrees of, competition within their jurisdictions.

(4) The Public Utilities Commission has been considering several options with respect to competition within various telecommunications marketplaces, but lacks information pertaining

to California telecommunications markets, experience with competitive markets, and adequate staff to thoroughly study and determine the most advantageous competitive environment for the telecommunications network in this state.

(b) It is, therefore, the intent of the Legislature, in enacting this act, to require the Public Utilities Commission to study the implications and ramifications of modifying or removing regulatory barriers to competition in different sectors of the telecommunications marketplaces and to report to the Legislature on the feasibility of instituting a degree of deregulation or complete open competition in the furnishing of specific telephone services or all telephone services within one or more or all 11 service areas.

SEC. 2. (a) The Public Utilities Commission shall conduct a study of the feasibility of selecting one of the 11 telephone service areas in the state, or other workable and convenient area or one or more telephone services, or both, for study, for purposes of creating a working informational model of local telephone services provided pursuant to conditions of partial deregulation or open competition in a manner that will permit the commission to monitor the effects of partial deregulation or open competition on telephone services, telephone corporations, and telephone subscribers. The commission shall accumulate and evaluate this information for its report and recommendations.

(b) The study shall include, but not be limited to, all of the following:

(1) The basis for the commission's recommendation of the telephone service or services or service area or other area selected for the study, giving consideration to factors of geography and population.

(2) The staffing and other support requirements of the commission in undertaking the establishment, monitoring, and evaluation of the working informational model.

(3) A comparative analysis of the effects of partial deregulation and of open competition on service both within the area of the working informational model and to and from points outside the area of the model, including an analysis of the advantages and disadvantages to telephone service subscribers of partial deregulation and open competition over the present system of regulated services.

(4) An anaylsis of the experience and recommendations of any other states which have provided any degree of deregulation or open competition in the furnishing of local telephone service.

(c) The commission may employ staff and consultant services for purposes of this act.

(d) The commission shall report its findings and recommendations, including recommendations for any needed legislative changes, to the Legislature on or before January 1, 1987.

SEC. 3. The Public Utilities Commission shall carry out the study required by Section 2 of this act to the extent that funds are made

available for this purpose.

SEC. 4. The sum of one hundred eighty-four thousand dollars ($184,000) is hereby appropriated from the Public Utilities Commission Utilities Reimbursement Account in the General Fund to the Public Utilities Commission for purposes of Section 2 of this act.

CHAPTER 1080

An act to add and repeal Article 6 (commencing with Section 1160) of Chapter 8 of Part 2 of Division 1 of the Health and Safety Code, and to amend Sections 5705.2 and 14133.51 of the Welfare and Institutions Code, relating to public health.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 1160) is added to Chapter 8 of Part 2 of Division 1 of the Health and Safety Code, to read:

Article 6. County Public Health Pilot Project

1160. The state department shall administer a pilot project in accordance with this article. The purposes of this program are all of the following:

(a) To enable the county which participates in a pilot project, pursuant to this article, to plan, implement, and administer preventive health programs with minimum state control and intervention.

(b) To enable the state department to maintain the ability to monitor and review the quality and quantity of health services delivered in the pilot county.

(c) To test the feasibility of a modified method of funding health care services delivered by the county.

(d) To eliminate duplication of effort and unneeded paperwork by establishing a single format for describing, budgeting, monitoring, and reporting health care services delivered by the counties.

Nothing in this article shall affect funding which is provided from the state directly to a city or community-based organizations, separate and apart from those funds received by the pilot county.

1161. The pilot project shall include those services authorized under all of the following:

(a) The child health and disability prevention program under Article 3.4 (commencing with Section 320) of Chapter 2 of Part 1.

(b) The dental disease prevention program under Article 4.5

(commencing with Section 360) of Chapter 2 of Part 1.

(c) California immunization assistance under Section 3388, including Section 429.64.

(d) The maternal and child health program under Article 3 (commencing with Section 300) of Chapter 2 of Part 1.

(e) The preventive health care for the aging program under Chapter 6.5 (commencing with Section 18375) of Part 6 of Division 9 of the Welfare and Institutions Code.

(g) County health services under Part 4.5 (commencing with Section 16700) of the Welfare and Institutions Code.

1162. Notwithstanding any other provision of the law, the director shall negotiate net amount contracts with the County of Alameda if the county requests and the department selects the county for participation in the pilot program, in lieu of any grant, allocation, reporting, or reimbursement procedure specified for any service described in Section 1161. The director shall retain responsibility to monitor contract performance and to assure compliance of the contract counties with the provisions of the contract. Provisions of the net amount contract shall meet all of the following criteria:

(a) Compliance with requirements for an adequate quality and quantity of services.

(b) Provision for access to services by patients residing within the contracting county.

(c) Any statistical or cost reporting mutually agreed to by the parties, but sufficient to meet the audit and compliance requirements of existing law.

(d) Access, for audit purposes, to county financial and service records by the state department.

(e) A negotiated net amount contract shall not preclude the county from subcontracting to purchase all or part of the delivery of health services from health providers, consistent with applicable state law and county charters and ordinances.

(f) Compliance with the requirement that all funds paid out by the state under this article shall be used exclusively by the county for the purpose of providing health services, in accordance with existing law governing recoupment of funds for noncompliance, eligibility, access and service levels for the services described in Section 1161.

(g) The methods of administration which both parties mutually agree to be necessary to secure or maintain maximum funding under federal laws applicable to the services described in Section 1161.

(h) Contracts entered into under this section shall be exempt from all the requirements contained in the Public Contract Code, and the State Administrative Manual, and shall be exempt from any approval by the Department of General Services.

(i) Provision for service level detail specific to each service described in Section 1161. Services shall be maintained at the same level of effort as in the 1985–86 fiscal year, for the duration of the pilot project.

(j) Compliance with the requirement that expenditures for administrative costs will not exceed the percentage that is equal to the maximum percentage of administrative cost allowed any county that does not participate in the pilot project.

1163. On or before March 1 of each year, beginning in 1986, the governing body of Alameda County shall submit to the state department a report of a public hearing held not more than 60 days prior to the submission of the report at which the governing body considered public comment concerning the services to be provided by contract during the following fiscal year. The report shall include the impact on consumers resulting from any proposed changes in services, and specific administrative costs expended to provide the services in the previous fiscal year as well as those same costs as budgeted for the following fiscal year.

1164. The county shall bear the financial risk in providing any and all health services to the populations described and enumerated in the approved contract within the net amount.

1165. A negotiated net amount shall be determined by calculating the total budget for services, less the amount of projected revenue. This net amount shall be negotiated between the county and the state department for each year of the pilot project except that the first year shall be based on the previous year level of funding adjusted by the cost of living for the programs listed in Section 1161 as provided by the Legislature in the Budget Act. The net amount shall include any federal, state, county or private funds required by the programs listed in Section 1161. Once the negotiated net amount is agreed to by both parties, all participating government funding sources, except for the Medical Assistance Program under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, shall be bound to that amount as the cost of providing all or part of the health services as described in the contract. All revenues and reimbursements collected from third party sources described in the contract or its attachments shall be used for health purposes. Absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than those contained in the contract, shall be placed upon a county's expenditure or retention of funds received pursuant to this article.

1166. Notwithstanding any provisions of law to the contrary, all services delivered by the county participating in a pilot project pursuant to this article or its subcontractors under the Medical Assistance Program, Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code may be reimbursed at a negotiated rate that shall be fixed and not subject to adjustment to cost. The rate shall be negotiated between the California Medical Assistance Commission and the pilot county electing to participate under this article, and shall be binding on the state department for the purposes of this pilot project. A single,

countywide rate shall be negotiated for hospital inpatient, hospital skilled nursing, skilled nursing facility and outpatient clinic services. Rates shall be renegotiated annually, and shall be retroactive to the beginning of the fiscal year to which they apply.

1167. Contracts negotiated pursuant to Section 1162 shall be negotiated by October 15 of the fiscal year to which they apply and shall be retroactive to July 1 of that fiscal year. The first contract shall commence July 1, 1986. If the state department and the pilot county cannot reach agreement by October 15 for any given year, negotiations are terminated, and the county shall be paid at the prior year's negotiated rate adjusted to reflect the medical component of the cost-of-living increase for the previous fiscal year for the Standard Metropolitan Statistical Area in which the county is located for the remainder of that annual year (July 1 through December 31). The county terminating from the pilot project will thereafter revert to reimbursement formulas existing outside of this article. Either party terminating under this section, shall provide the other with 30 days' advance written notification. Contracts may be renegotiated during the year as may be necessary to reflect substantial changes in any element of the services described in the contract, pursuant to the procedures specified in subdivision (i) of Section 1162.

1168. Reimbursements under this contracting procedure shall be monthly in advance, in amounts which are as nearly equal to one another as possible, except for services provided under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) and Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, which shall be reimbursed in a way and in the form specified by the contract.

1169. Disputes which occur between counties concerning the residence of a recipient or potential recipient of services funded under this article shall be resolved pursuant to Section 10806 of the Welfare and Institutions Code.

1170. The state department shall adopt any regulations necessary to implement this article. The state department may adopt these regulations on an emergency basis pursuant to Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code, based on the finding by the state department that these regulations are necessary to assure that counties receive funding for health services on a timely basis in order to promote and protect the health and safety of the people of this state.

1171. The state department shall obtain from the federal government any approval for pilot projects or waivers which are necessary to carry out this article.

1172. The department shall submit an evaluation report to the Legislature by June 30, 1988, regarding the effectiveness of the pilot program in meeting the objectives of this article in accordance with the article.

1173. This article shall remain in effect only until June 30, 1988,

and as of that date is repealed, unless a later enacted statute, which is chaptered before that date deletes or extends that date.

SEC. 2. Section 5705.2 of the Welfare and Institutions Code, as amended by Section 59 of Chapter 1327 of the Statutes of 1984, is amended to read:

5705.2. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in subdivision (b), be given preference in contracts for services under this division.

(b) Negotiated net amounts or rates may be used as the cost of services only in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a program, less the amount of projected revenue. This net amount shall be negotiated between the provider of services and the county mental health program, and may be used by providers in contracts with the county. The negotiated net amount shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the net amount. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should the negotiated net amount be disapproved after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with the provisions of Section 5705. Once the negotiated net amount is approved by the State Department of Mental Health, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county Short-Doyle plan for each fiscal year to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health. Contracts entered into pursuant to this paragraph shall be financed within an approved Short-Doyle plan or contract.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's

expenditure or retention funds received pursuant to this paragraph.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. This rate shall be negotiated between the provider of services and the county mental health program. The negotiated rate shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the rate. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date. Should the negotiated rate be disapproved after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with the provisions of Section 5705. Once this rate is approved by the State Department of Mental Health, all participating governmental funding shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this paragraph.

(c) The director may negotiate net amount contracts between counties and the State Department of Mental Health in lieu of the Short-Doyle plan and budgets. Provisions of the contract shall include at least the following:

(1) Assurance of an adequate quality and quantity of services.

(2) Provision for access to services by patients residing within the contracting county.

(3) Statistical and cost reporting necessary to maintain the statewide mental health data base. For the purpose of verifying the conformance to provisions of the contract and the establishment of data necessary for subsequent contract negotiation, the State Department of Mental Health shall have access to financial and service records.

(4) A method for reimbursing the State Department of Mental Health for state hospital obligations incurred by the county.

(5) Assurance that citizen participation as described in Section 5606 will be achieved.

(6) A negotiated net amount contract shall not preclude the county from subcontracting to purchase all or part of the delivery of mental health services from noncounty providers.

(7) Assurance that all funds paid out by the state under this subdivision shall be used exclusively for the purpose of providing mental health services, which shall include, but not be limited to, defraying operating and capital costs.

Contracts entered into under this subdivision shall be subject to all the provisions of subdivisions (a) and (b), but shall be exempt from the requirements contained in the Public Contract Code and the State Administrative Manual, and shall be exempt from approval by the Department of General Services.

(d) It is not the intent of the Legislature to preclude counties from reimbursing providers by using methods other than those in this section when these counties are part of a Short-Doyle and Medi-Cal consolidation program established pursuant to Article 5 (commencing with Section 14660) of Chapter 8.8 of Part 3 of Division 9.

(e) Counties that propose to negotiate rate or net amount contracts with the State Department of Mental Health pursuant to subdivision (c) in lieu of the Short-Doyle annual plan shall inform the Mental Health Advisory Board of its intentions in the following ways:

(1) Prior to opening of negotiations, the local program director shall submit to the board an outline of issues to be negotiated and the intended agreement on each issue.

(2) At each regular meeting of the board, during the period of negotiations, the local program director shall inform the board of progress on each issue and shall request the board's advice on how to further proceed on the negotiations.

(f) The county shall bear the financial risk in providing any and all mental health services to the population described and enumerated in the approved contract within the net amount.

(g) By April 1, 1989, the State Department of Mental Health shall submit to the Legislature an evaluation of the extent to which the objectives of negotiated net amount contracts have been met, including, but not limited to:

(1) Increased use of less restrictive treatment alternatives.

(2) Decreased rates compared to rates for similar services provided in counties that remain under the actual cost-reimbursement methodology.

(3) Quality and quantity of services and access to services equal to or better than the quality and quantity of services provided prior to negotiating the net amount contract.

(4) Reduction of state hospital utilization.

(h) This section shall remain in effect only until July 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1989, deletes or extends such date.

SEC. 3. Section 5705.2 of the Welfare and Institutions Code, as added by Section 60.2 of Chapter 1327 of the Statutes of 1984, is amended to read:

5705.2. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in subdivision (b), be given preference in contracts for services under this division.

(b) Negotiated net amounts or rates may be used as the cost of services only in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a program, less the amount of projected revenue. This net amount shall be negotiated between the provider of services and the county mental health program, and may be used by providers in contracts with the county. The negotiated net amount shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the net amount. If approval is received after the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with the provisions of Section 5705. Once the negotiated net amount is approved by the State Department of Mental Health, all participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county Short-Doyle plan for each fiscal year to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health. Contracts entered into pursuant to this paragraph shall be financed within an approved Short-Doyle plan or contract.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this paragraph.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. This rate shall be negotiated between the provider of services and the county mental health program. The

negotiated rate shall be submitted to the State Department of Mental Health prior to the commencement date of the contract. No contract shall become final until the State Department of Mental Health has approved the rate. If approval is received after the commencement date of the contract, the approval shall be retroactive to the commencement date of the contract, the provider shall be compensated for work performed pursuant to the contract in accordance with the provisions of Section 5705. Once this rate is approved by the State Department of Mental Health, all participating governmental funding sources shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling only as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and the local mental health program any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this paragraph.

This section shall become operative July 1, 1989.

SEC. 4. Section 14133.51 of the Welfare and Institutions Code is amended to read:

14133.51. Notwithstanding Section 14133.5, the Alameda County pilot program, as established in Section 14133.5, shall be a permanent program.

SEC. 5. The program set forth in subdivision (e) of Section 1161 of the Welfare and Institutions Code, as added by this act, shall not be included in the pilot program established by Section 1 of this bill if Assembly Bill 2001 of the 1985–86 Regular Session is enacted.

CHAPTER 1081

An act to amend and repeal Section 5600 of the Welfare and Institutions Code, relating to community mental health funding.

[Approved by Governor September 27, 1985. Filed with Secretary of State September 27, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 5600 of the Welfare and Institutions Code is amended to read:

5600. This part shall be known and may be cited as the Short-Doyle Act. This part is intended to organize and finance community mental health services for the mentally disordered in every county through locally administered and locally controlled community mental health programs. It is furthermore intended to better utilize existing resources at both the state and local levels in order to improve the effectiveness of necessary mental health services; to integrate state-operated and community mental health programs into a unified mental health system; to ensure that all mental health professions be appropriately represented and utilized in such mental health programs; to provide a means for participation by local governments in the determination of the need for and the allocation of mental health resources; to establish a uniform ratio of local and state government responsibility for financing mental health services; and to provide a means of allocating state mental health funds equitably among counties according to community needs.

Available funding for local programs, beyond the current base plus any cost-of-living adjustment granted by the Legislature, shall be allocated to counties based upon relative need, defined and appropriately revised by the department on an annual basis as the percentage of total state population and total state poverty population residing in that county. By January 1, 1987, the department shall submit to the Legislature data on the actual numbers of persons served and applicants awaiting service in each county to be considered as a part of the formula in the future. However, until equity of funding between counties is achieved, the allocation of funds shall also take into account the difference between relative needs, as defined above, and current relative resources, defined as the percentage of total state mental health funding currently allocated thereto, in such a manner that progress toward equity is reasonably assured provided, however, that no county allocation may be decreased for this purpose.

If state financing problems require a decrease in the department's total allocation and the amount available for local programs, the director shall distribute funds to each county based upon a method which takes into primary account the issue of equity of funding among the counties.

The goals of the community mental health programs provided under this part are:

(a) To assist persons who are institutionalized, or who have a high risk of becoming institutionalized, because of a mental disorder, to lead lives which are as normal and independent as possible,

consistent with their individual capacities and desires.

(b) To assist persons who experience temporary psychological problems, which disrupt normal living, to return as quickly as possible to a functioning level which enables them to cope with the problems of everyday life.

(c) To prevent serious mental disorders and psychological problems.

(d) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 5600 of the Welfare and Institutions Code as amended by Chapter 1327 of the Statutes of 1984, shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 1082

An act to add and repeal Section 6354 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6354 is added to the Revenue and Taxation Code, to read:

6354. There are exempted from the taxes imposed by this part, the gross receipts from the sales of commemorative "California Gold" medallions produced and sold in accordance with Chapter 25 (commencing with Section 7551) of Division 7 of Title 1 of the Government Code, and the storage, use, or other consumption in this state of commemorative "California Gold" medallions so produced and sold.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed unless a later enacted statute, which is enacted before that date deletes or extends the date.

SEC. 2. Nothwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1083

An act to amend Section 6006.5 of the Revenue and Taxation Code, relating to business permits, to take effect immediately, tax levy.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6006.5 of the Revenue and Taxation Code is amended to read:

6006.5. "Occasional sale" includes all of the following:

(a) A sale of property not held or used by a seller in the course of activities for which he or she is required to hold a seller's permit or permits or would be required to hold a seller's permit or permits if the activities were conducted in this state, provided that the sale is not one of a series of sales sufficient in number, scope, and character to constitute an activity for which he or she is required to hold a seller's permit or would be required to hold a seller's permit if the activity were conducted in this state.

(b) Any transfer of all or substantially all the property held or used by a person in the course of those activities when after the transfer the real or ultimate ownership of the property is substantially similar to that which existed before the transfer. For the purposes of this section, stockholders, bondholders, partners, or other persons holding an ownership interest in a corporation or other entity are regarded as having the "real or ultimate ownership" of the property of the corporation or other entity.

(c) A sale of property by a producer of hay, other than hay, provided that the sale is not one of a series of sales sufficient in number, scope, or character to constitute an activity for which the producer would be required to hold a seller's permit if the producer were not also selling hay.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act, and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the California Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the calendar month commencing after the effective date of this act.

CHAPTER 1084

An act to add Section 798.17 to the Civil Code, relating to mobilehome parks.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 798.17 is added to the Civil Code, to read:

798.17. (a) Rental agreements meeting the criteria of subdivision (b) shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent. The terms of such a rental agreement shall prevail over conflicting provisions of such an ordinance, rule, regulation, or initiative measure limiting or restricting rents in mobilehome parks only during the term of the rental agreement or one or more uninterrupted, continuous extensions thereof. If the rental agreement is not extended and no new rental agreement in excess of 12 months' duration is entered into, then the last rental rate charged for the space under the previous rental agreement shall be the base rent for purposes of applicable provisions of law concerning rent regulation, if any.

The first paragraph of a rental agreement entered into pursuant to this section shall contain a provision notifying the homeowner that the agreement will be exempt from any ordinance, rule, regulation, or initiative measure adopted by any local governmental entity which establishes a maximum amount that a landlord may charge a tenant for rent.

(b) Rental agreements subject to this section shall meet all of the following criteria:

(1) The rental agreement shall be in excess of 12 months' duration.

(2) The rental agreement shall be entered into between the management and a homeowner for the personal and actual residence of the homeowner.

This section does not apply to or supersede other provisions of this part or other state law.

CHAPTER 1085

An act to amend Sections 286 and 288a of the Penal Code, relating to crimes.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 286 of the Penal Code is amended to read:

286. (a) Sodomy is sexual conduct consisting of contact between the penis of one person and the anus of another person.

(b) (1) Except as provided in Section 288, any person who participates in an act of sodomy with another person who is under 18 years of age shall be punished by imprisonment in the state prison, or in a county jail for a period of not more than one year.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 15853 of the Government Code is amended to read:

15853. (a) The board is authorized to select and acquire, in the name of and on behalf of the state, with the consent of the state agency concerned, the fee or any lesser right or interest in any real

property necessary for any state purpose or function.

(b) Where moneys are appropriated by the Budget Act for any fiscal year or by any other act for the acquisition of land or other real property, either (1) subject to the provisions of the Property Acquisition Law or (2) for any state agency for whom property is acquired by the board, the moneys and acquisitions shall be subject to the provisions of this part and the moneys shall be expended in accordance with the provisions of this part, notwithstanding any other provisions of law.

(c) Notwithstanding any other provisions of law, all land and other real property to be acquired by or for any state agency, other than the Department of Transportation, the Department of Water Resources, the State Reclamation Board, the Department of Fish and Game, the Wildlife Conservation Board, the Public Employees' Retirement System, the State Teachers' Retirement System, and the State Lands Commission, except for property to be acquired for the State Lands Commission pursuant to an appropriation from the General Fund, shall be acquired by the State Public Works Board in accordance with the provisions of the Property Acquisition Law.

(d) (1) Notwithstanding subdivision (a), the board shall acquire, on behalf of and for the Department of Parks and Recreation, in accordance with this part, land or other real property or interests in real property, including options to purchase, which have been appraised and selected by the Department of Parks and Recreation pursuant to subdivisions (b) and (c) of Section 5006 of the Public Resources Code. Out of moneys appropriated for the acquisition of options to purchase, no more than ten thousand dollars ($10,000) may be expended for the acquisition of any single option unless otherwise provided by the Legislature.

(2) Notwithstanding Section 15854, purchase negotiations for the acquisition of any land or other real property for the state park system pursuant to subdivision (f) of Section 5006 of the Public Resources Code shall be initiated within six months of the effective date of the act which appropriates funds for the acquisition. Purchase negotiations on all projects not proposed pursuant to subdivision (f) of Section 5006 of the Public Resources Code shall be initiated within 12 months of the effective date of the act appropriating funds for the acquisition. Either title shall be conveyed or a written agreement to transfer title shall be executed within one year of the initiation of purchase negotiations unless the Department of Parks and Recreation formally abandons the acquisition prior to the conclusion of the one-year period. For the purposes of this section, in order for the Department of Parks and Recreation to "formally abandon" an acquisition, it shall transmit written notification to the board of its intent not to proceed with the acquisition.

(3) The board may, at any time during the periods specified in paragraph (2), commence condemnation proceedings if it finds it to be appropriate. However, if, within six months of the initiation of purchase negotiations, title is not conveyed or a written agreement

to transfer title is not signed, the acquisition has not been formally abandoned, or condemnation proceedings have not been commenced, the board shall immediately notify, by letter, the chair of the committee in each house of the Legislature which considers appropriations, the Chair of the Joint Legislative Budget Committee, and the Members of the Legislature within whose district any part of the land or other real property is located of the status of the acquisition. For the purpose of this paragraph, condemnation proceedings shall be deemed to be commenced as of the date the board authorizes acquisition by condemnation.

(5) The board may schedule special meetings as are necessary to expedite the acquisition of options to purchase land or other real property for the state park system.

(e) The board may acquire furnishings which the owner thereof agrees to sell and which are contained within improvements acquired by the board. Cost of acquisition of furnishings shall be charged to the appropriation available for acquisition of the real property.

SEC. 1.7. Section 5003.17 is added to the Public Resources Code, to read:

5003.17. (a) The department may lease, for any use, all or any portion of any parcel of real property acquired for state park system purposes, prior to its operation as a unit or part of a unit of the state park system open to public use, if the director finds that the use would be compatible with the ultimate contemplated use of the real property as a unit or part of a unit and with the sound management and conservation of resources within the unit.

(b) Rent shall be based on the fair market value of the property when used for the purpose for which it is leased. All rent shall be deposited pursuant to Section 5010.

(c) The lease term shall not exceed five years. All leases shall be subject to the approval of the Department of General Services.

(d) No lease shall be entered into that extends beyond the five-year period after acquisition of the property for the state park system unless the Legislature has reviewed and approved the proposed lease as part of the annual budget process, or the Public Works Board has determined that the proposed lease could not have been presented to the Legislature for review and approval in the course of its consideration of the Budget Bill and that it would be adverse to the interests of the public to defer that review and approval to a time when the Legislature next considers a Budget Bill. Upon making that determination, the board may review and approve the proposed lease after giving at least 20 days' written notice to the Chairman of the Joint Legislative Budget Committee and to the chairmen of the fiscal and appropriate policy committees of its intended action. All actions taken by the board pursuant to this

subdivision shall be reported to the Legislature in the next Governor's Budget.

The net proceeds of any sale made on behalf of the department pursuant to Section 11011 of the Government Code of any real property originally acquired for state park purposes, regardless of whether that real property is under the jurisdiction of the department, shall be deposited in the fund which was the original source for the acquisition of the property and shall be available for appropriation for the further extension, improvement, or development of the state park system in accordance with the law governing that fund. If the fund of origin is not in existence, or if the original source for the acquisition was funds from the federal government for park purposes or a donation of real property, the net proceeds shall be deposited in the State Parks and Recreation Fund and shall be available for appropriation for the further extension, improvement, or development of the state park system. If the real property was originally acquired with moneys appropriated from the General Fund, the net proceeds shall be deposited in the unappropriated surplus of the General Fund.

This section does not apply to the sale of any real property in the state vehicular recreation area and trail system.

SEC. 2.3. Section 5069.2 of the Public Resources Code is amended to read:

5069.2. Following approval of the general plan for a unit of the state park system pursuant to Section 5002.2, all real property which has been designated in the general plan for retention in agricultural use indefinitely as a feature of that unit shall be made available for leasing by the department for agricultural purposes. In addition, any real property which will not be improved pursuant to the general plan for at least three years from the date of approval of the general plan, and which was being leased for agricultural purposes immediately prior to approval of the general plan, may continue to be available for leasing for agricultural purposes if the director makes written findings that use would be compatible with the general plan or until the commencement of improvements thereon.

As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

In addition, if a penalty has been added pursuant to paragraph (1), (2), or (3), a claim for refund seeking the recovery of that penalty has been filed by the state assessee contesting the penalty within three months of the due date of the second installment, and the state assessee initiates an action in the superior court within one year of the filing of the claim for refund, the board shall not add any further penalties to any subsequent assessments for failure to comply with any subsequent request seeking information or data with respect to the same issue as set forth in a claim for refund filed within the time limits set forth above, until the year after a final decision of the court, and then only with respect to a failure to comply with a request for information with respect to assessments after a final decision of the court. CHAPTER 1097

An act to add Chapter 2.45 (commencing with Section 999q) to Title 6 of Part 2 of the Penal Code, relating to crimes.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 27, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.45 (commencing with Section 999q) is added to Title 6 of Part 2 of the Penal Code, to read:

CHAPTER 2.4. CHILD ABUSERS

999q. The Legislature hereby finds that child abusers present a clear and present danger to the mental health and physical well-being of the citizens of the State of California, especially of its children. The Legislature further finds that the concept of vertical prosecution, in which a specially trained deputy district attorney or prosecution unit is assigned to a case from its filing to its completion, is a proven way of demonstrably increasing the likelihood of convicting child abusers and ensuring appropriate sentences for such offenders. In enacting this chapter, the Legislature intends to support increased efforts by district attorneys' offices to prosecute child abusers through organizational and operational techniques that have already proven their effectiveness in selected counties in this and other states, as demonstrated by the California Career Criminal Prosecution Program, the California Gang Violence Suppression Program, and the Repeat Sexual Offender Prosecution Program.

999r. (a) There is hereby established in the Office of Criminal Justice Planning a program of financial and technical assistance for district attorneys' offices, designated the Child Abuser Prosecution Program. All funds appropriated to the Office of Criminal Justice Planning for the purposes of this chapter shall be administered and disbursed by the executive director of such office, and shall to the greatest extent feasible, be coordinated or consolidated with any federal or local funds that may be made available for these purposes.

The Office of Criminal Justice Planning shall establish guidelines for the provision of grant awards to proposed and existing programs prior to the allocation of funds under this chapter. These guidelines shall contain the criteria for the selection of agencies to receive funding and the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants pursuant to statutory authority. The guidelines shall not constitute rules, regulations, orders, or standards of general application. The

guidelines shall be submitted to the appropriate policy committees of the Legislature prior to their adoption.

(b) The executive director is authorized to allocate and award funds to counties in which child abuser offender prosecution units are established or are proposed to be established in substantial compliance with the policies and criteria set forth below in Sections 999s, 999t, and 999u.

(c) The allocation and award of funds shall be made upon application executed by the county's district attorney and approved by its board of supervisors. Funds disbursed under this chapter shall not supplant local funds that would, in the absence of the California Child Abuser Prosecution Program, be made available to support the prosecution of child abuser felony cases. Local grant awards made under this program shall not be subject to review as specified in Section 14780 of the Government Code.

999s. Child abuser prosecution units receiving funds under this chapter shall concentrate enhanced prosecution efforts and resources upon individuals identified under selection criteria set forth in Section 999t. Enhanced prosecution efforts and resources shall include, but not be limited to:

(a) Vertical prosecutorial representation, whereby the prosecutor who, or prosecution unit which, makes the initial filing or appearance in a case performs all subsequent court appearances on that particular case through its conclusion, including the sentencing phase.

(b) The assignment of highly qualified investigators and prosecutors to child abuser cases. "Highly qualified" for the purposes of this chapter means: (1) individuals with one year of experience in the investigation and prosecution of felonies or specifically the felonies listed in subdivision (a) of Section 999l or 999t; or (2) individuals whom the district attorney has selected to receive training as set forth in Section 13836; or (3) individuals who have attended a program providing equivalent training as approved by the Office of Criminal Justice Planning.

(c) A significant reduction of caseloads for investigators and prosecutors assigned to child abuser cases.

(d) Coordination with local rape victim counseling centers, child abuse services programs, and victim witness assistance programs. That coordination shall include, but not be limited to: referrals of individuals to receive client services; participation in local training programs; membership and participation in local task forces established to improve communication between criminal justice system agencies and community service agencies; and cooperating with individuals serving as liaison representatives of child abuse and child sexual abuse programs, local rape victim counseling centers and victim witness assistance programs.

999t. (a) An individual may be the subject of a child abuser prosecution effort who is under arrest for the sexual assault of a child as defined in subdivision (b) of Section 11165.

(b) In applying the child abuser selection criteria set forth above: (1) a district attorney may elect to limit child abuser prosecution efforts to persons arrested for any one or more of the offenses described in subdivision (a) if crime statistics demonstrate that the incidence of such one or more offenses presents a particularly serious problem in the county; (2) a district attorney shall not reject cases for filing exclusively on the basis that there is a family or personal relationship between the victim and the alleged offender.

(c) In exercising the prosecutorial discretion granted by Section 999v, the district attorney shall consider the character, the background, and the prior criminal background of the defendant.

999u. Each district attorney's office establishing a child abuser prosecution unit and receiving state support under this chapter shall adopt and pursue the following policies for child abuser cases:

(a) Except as provided in subdivision (b), all reasonable prosecutorial efforts will be made to resist the pretrial release of a charged defendant meeting child abuser selection criteria.

(b) Nothing in this chapter shall be construed to limit the application of diversion programs authorized by law. All reasonable efforts shall be made to utilize diversion alternatives in appropriate cases.

(c) All reasonable prosecutorial efforts will be made to reduce the time between arrest and disposition of charge against an individual meeting child abuser criteria.

999v. (a) The selection criteria set forth in Section 999t shall be adhered to for each child abuser case unless, in the reasonable exercise of prosecutor's discretion, extraordinary circumstances require departure from such policies in order to promote the general purposes and intent of this chapter.

(b) Each district attorney's office establishing a child abuser prosecution unit and receiving state support under this chapter shall submit the following information, on a quarterly basis, to the Office of Criminal Justice Planning:

(1) The number of child abuser cases referred to the district attorney's office for possible filing.

(2) The number of child abuser cases filed for felony prosecution.

(3) The number of sexual assault cases taken to trial.

(4) The number of child abuser cases tried which resulted in conviction.

999w. The characterization of a defendant as a "child abuser" as defined by this chapter shall not be communicated to the trier of fact.

999x. The Office of Criminal Justice Planning is encouraged to utilize any federal funds which may become available in order to implement the provisions of this chapter.

999y. The Office of Criminal Justice Planning shall report annually to the Legislature concerning the program established by this chapter.

The sum of fifty dollars ($50) shall be deposited into the fund for every conviction under Sections 11350, 11351, 11352, 11355, 11358, 11359, 11361, 11363, 11364, 11368, 11377, 11378, 11378.5, 11379, 11379.5, 11379.6, 11380, 11380.5, 11382, 11383, or 11550, subdivision (a) or (c) of Section 11357, or subdivision (a) of Section 11360, in addition to fines, forfeitures, and other moneys which are transmitted by the courts to the county treasurer pursuant to Section 11502. Such deposits shall be made prior to any transfer pursuant to Section 11502. The county may retain an amount of such money equal to its administrative cost incurred pursuant to this section. Moneys in the criminalistics laboratories fund shall, except as otherwise provided in this section, be used exclusively to fund (1) costs incurred by criminalistics laboratories providing microscopic and chemical analyses for controlled substances, in connection with criminal investigations conducted within both the incorporated or unincorporated portions of the county, (2) the purchase and maintenance of equipment for use by these laboratories in performing such analyses, and (3) for continuing education, training, and scientific development of forensic scientists regularly employed by these laboratories. As used in this section, "criminalistics laboratory" means a laboratory operated by, or under contract with, a city, county, or other public agency, including a criminalistics laboratory of the Department of Justice, (1) which has not less than one regularly employed forensic scientist engaged in the analysis of solid-dose controlled substances, and (2) which is registered as an analytical laboratory with the Drug Enforcement Administration of the United States Department of Justice for the possession of all scheduled controlled substances. In counties served by criminalistics laboratories of the Department of

The county treasurer shall, at the conclusion of each fiscal year, determine the amount of any funds remaining in the special fund established pursuant to this section after expenditures for that fiscal year have been made for the purposes herein specified. The county treasurer shall annually distribute such surplus funds in accordance with the allocation scheme for distribution of fines and forfeitures set forth in Section 11502.

An act to amend Section 49536 of the Education Code, relating to child nutrition, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that child nutrition programs play a vital role in the health and education of children. The Legislature also finds that the federal government's reduction of funding for child nutrition programs has resulted in reduced participation by needy children who cannot afford the increased price of subsidized meals.

It is the intent of the Legislature to reduce the price of subsidized meals and to increase the quality of child nutrition programs.

It is the intent of the Legislature that moneys provided by this act shall supplement and not supplant current expenditures by local agencies for child nutrition programs.

SEC. 2. Section 49536 of the Education Code is amended to read:

49536. Commencing with the 1985–86 fiscal year, funds allocated pursuant to subdivision (a) of Section 41350 to child nutrition entities for school and child care and development program meals pursuant to this article shall be disbursed on the basis of eleven and thirty-five hundredths of a cent ($0.1135) for each breakfast and eleven and thirty-five hundredths of a cent ($0.1135) for each lunch served.

The State Department of Education shall thereafter, prior to July 1 of each subsequent year, prescribe an adjustment in the state meal contribution rates established pursuant to this section for the forthcoming fiscal year. The adjustments shall reflect the changes in the cost of operating a school breakfast and lunch program and shall be made commencing on July 1 of each year. The adjustment shall be the average of the separate indices of the "Food Away From Home Index" for Los Angeles and San Francisco as prepared by the United States Bureau of Labor Statistics.

In giving effect to the cost-of-living provisions of this section, the Department of Education shall use the same month for computation of the percentage change in the cost of living after July 1, 1975. The same month shall be used annually thereafter. The product of any percentage increase or decrease in the average index and the per meal reimbursement disbursement rate shall be adjusted by the amount of any cost-of-living change currently in effect pursuant to the provisions of this section.

SEC. 3. It is the intent of the Legislature that the disbursements made pursuant to Section 49536 of the Education Code shall be funded by the annual Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to increase the quality of child nutrition programs at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 1101

An act to amend Section 42311 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 27, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 42311 of the Health and Safety Code is amended to read:

42311. (a) A district board may adopt, by regulation, a schedule of annual fees for the evaluation, issuance, and renewal of permits to

cover the cost of district programs related to permitted stationary sources authorized or required under this division that are not otherwise funded. The fees assessed under this section shall not exceed, for any fiscal year, the actual cost of district programs for the immediately preceding fiscal year with an adjustment not greater than the change in the annual California Consumer Price Index as determined pursuant to Section 2212 of the Revenue and Taxation Code for the preceding year. Any revenues received by the district pursuant to the fees, which exceed the cost of the programs, shall be carried over for expenditure in the subsequent fiscal year, and the schedule of fees shall be changed to reflect that carryover. Every person applying for a permit, notwithstanding Section 6103 of the Government Code, shall pay the fees required by the schedule. Nothing in this subdivision precludes the district from recovering, through its schedule of annual fees, the estimated reasonable costs of district programs related to permitted stationary sources.

(b) The district board may require an applicant to deposit a fee in accord with the schedule adopted pursuant to subdivision (a) prior to evaluating a permit application, if the district accounts for the costs of its services and refunds to the applicant any significant portion of the deposit which exceeds the actual, reasonable cost of evaluating the application.

(c) In addition to the fees authorized by subdivisions (a) and (b), the district board may adopt, by regulation, a fee schedule for district programs related to permitted stationary sources for fiscal years ending before July 1, 1986, which allows the district to offset the loss of any state and federal subvention funds. The total amount raised by this fee schedule shall not exceed the amount of funds lost from state and federal subventions.

(d) Except as provided in Section 42313, all the fees shall be paid to the district treasurer to the credit of the district.

(e) This section does not apply to the south coast district board which is governed by Section 40510.

(f) In addition to providing notice as otherwise required, before adopting a regulation establishing fees pursuant to this section, the district board shall hold at least one public meeting, at which oral or written presentations can be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the information required by this section is available, shall be mailed at least 14 days prior to the meeting to any interested party who files a written request with the district board. Any written request for the mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for the mailed notices shall be filed on or before April 1 of each year. The district board may establish a reasonable annual charge for sending the notices based on the estimated cost of providing that service. At least 10 days prior to the meeting, the district board shall make available to the public information

indicating the amount of cost, or estimated cost, required to provide the service for which the fee is charged and the revenue sources anticipated to provide the service. Any costs incurred by the district board in conducting the required meeting may be recovered from fees charged for the programs which were the subject of the meeting.

(g) The Legislature finds and declares that because districts vary greatly in their dependence on state and federal subvention programs, county and district property tax support, and permit fees, it is necessary to provide a transition period to develop an equitable funding mechanism for local districts. Subdivision (c) accordingly authorizes districts to adopt certain fee schedules only for fiscal years ending before July 1, 1986, unless a later enacted statute deletes or extends this date.

SEC. 2. Section 42311 of the Health and Safety Code is amended to read:

42311. (a) A district board may adopt, by regulation, a schedule of annual fees for the evaluation, issuance, and renewal of permits to cover the cost of district programs related to permitted stationary sources authorized or required under this division that are not otherwise funded. The fees assessed under this section shall not exceed, for any fiscal year, the actual cost of district programs for the immediately preceding fiscal year with an adjustment not greater than the change in the annual California Consumer Price Index as determined pursuant to Section 2212 of the Revenue and Taxation Code for the preceding year. Any revenues received by the district pursuant to the fees, which exceed the cost of the programs, shall be carried over for expenditure in the subsequent fiscal year, and the schedule of fees shall be changed to reflect that carryover. Every person applying for a permit, notwithstanding Section 6103 of the Government Code, shall pay the fees required by the schedule. Nothing in this subdivision precludes the district from recovering, through its schedule of annual fees, the estimated reasonable costs of district programs related to permitted stationary sources.

(b) The district board may require an applicant to deposit a fee in accord with the schedule adopted pursuant to subdivision (a) prior to evaluating a permit application, if the district accounts for the costs of its services and refunds to the applicant any significant portion of the deposit which exceeds the actual, reasonable cost of evaluating the application.

(c) In addition to the fees authorized by subdivisions (a) and (b), the district board may adopt, by regulation, a fee schedule for district programs related to permitted stationary sources for fiscal years ending before July 1, 1986, which allows the district to offset the loss of any state and federal subvention funds. The total amount raised by this fee schedule shall not exceed the amount of funds lost from state and federal subventions.

(d) Except as provided in Section 42313, all the fees shall be paid to the district treasurer to the credit of the district.

(e) This section does not apply to the south coast district board which is governed by Section 40510.

(f) In addition to providing notice as otherwise required, before adopting a regulation establishing fees pursuant to this section, the district board shall hold at least one public meeting, at which oral or written presentations can be made, as part of a regularly scheduled meeting. Notice of the time and place of the meeting, including a general explanation of the matter to be considered, and a statement that the information required by this section is available, shall be mailed at least 14 days prior to the meeting to any interested party who files a written request with the district board. Any written request for the mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for the mailed notices shall be filed on or before April 1 of each year. The district board may establish a reasonable annual charge for sending the notices based on the estimated cost of providing that service. At least 10 days prior to the meeting, the district board shall make available to the public information indicating the amount of cost, or estimated cost, required to provide the service for which the fee is charged and the revenue sources anticipated to provide the service. Any costs incurred by the district board in conducting the required meeting may be recovered from fees charged for the programs which were the subject of the meeting.

(g) The Legislature finds and declares that because districts vary greatly in their dependence on state and federal subvention programs, county and district property tax support, and permit fees, it is necessary to provide a transition period to develop an equitable funding mechanism for local districts. Subdivision (c) accordingly authorizes districts to adopt certain fee schedules only for fiscal years ending before July 1, 1986, unless a later enacted statute deletes or extends this date.

(h) In addition to any other fees authorized by this section, a district board may adopt, by regulation, a schedule of annual fees to be assessed against permitted nonvehicular sources emitting toxic air contaminants identified pursuant to the procedure set forth in Sections 39660, 39661, and 39662. A district board shall demonstrate that the fees assessed under this subdivision do not exceed the reasonable, anticipated costs of funding district activities mandated by Section 39666 related to nonvehicular source emissions. In making the demonstration, the district shall account for all direct and indirect costs of district activities related to each toxic air contaminant. If the district does not make this demonstration, it shall make reimbursement for that portion of the fee not determined to be reasonable.

SEC. 3. Section 2 of this bill incorporates amendments to Section 42311 of the Health and Safety Code proposed by both this bill and AB 681. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends

Section 42311 of the Health and Safety Code, and (3) this bill is enacted after AB 681, in which case Section 1 of this bill shall not become operative.

CHAPTER 1102

An act to add Chapter 15 (commencing with Section 76201) to Division 22 of the Food and Agricultural Code, relating to agricultural marketing, and making an appropriation therefor.

[Approved by Governor September 27, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 15 (commencing with Section 76201) is added to Division 22 of the Food and Agricultural Code, to read:

CHAPTER 15. CALIFORNIA SHEEP COMMISSION

Article 1. Declaration and General Provisions

76201. The production, slaughtering, manufacturing and distributing of sheep and wool, and the products derived therefrom constitute an important industry of this state which not only provides substantial and necessary revenues for the state and employment for its citizens, but also furnishes essential food and fiber vital to the public health and welfare.

76202. The maintenance and expansion of the sheep industry of California and of its local, national, and foreign markets, is necessary to assure the consuming public of a continuous supply of the vital food and fiber, and the maintenance of needed levels of income for those engaged in the sheep industry of this state.

76203. It is necessary for human nutrition and public benefit that the public be made aware of accurate and scientific information relative to the beneficial qualities of sheep, wool, and the products derived therefrom, and the values and uses thereof, and of the production and distribution costs necessary to make sheep, wool, and the products derived therefrom, available to the consuming public.

76204. The production and marketing of sheep, wool, and the products derived therefrom, produced in this state is hereby declared to be affected with a public interest. This chapter is enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

76205. No action taken by the commission, nor by any individual in accordance with this chapter or with the rules and regulations adopted under the chapter, is a violation of the so-called Cartwright

Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), the Fair Trade Act (Chapter 3 (commencing with Section 16900) of that Part 2), the Unfair Practices Act (Chapter 4 (commencing with Section 17000) of that Part 2), or any statutory or common law against monopolies or combinations in restraint of trade.

76205.5. This chapter shall be liberally construed. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the chapter, which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

76206. It is hereby declared, as a matter of legislative determination, that members of the commission are intended to represent and further the interest of a particular agricultural industry concerned, and that this representation and furtherance is intended to serve the public interest. Accordingly, the Legislature finds that, with respect to persons who are appointed to the commission, the particular agricultural industry concerned is tantamount to, and constitutes, the public generally within the meaning of Section 87103 of the Government Code.

76207. A commission form of administration created by this chapter is designed to deal with the broad fields of advertising, promotion, marketing research, production research, and protection of sheep.

Producers within districts 1 to 9, inclusive, shall each elect one producer to serve on the commission. Producers within districts 10 and 11 shall each elect two producers to serve on the commission.

(b) The public member shall be appointed to the commission by

the director from nominees recommended by the commission.

(c) The director and other appropriate individuals, as determined by the commission, shall be ex officio members of the commission.

76252. (a) The director may require the commission to correct or cease any existing activity or function which is determined by the director not to be in the public interest or which is in violation of this chapter.

(b) If the commission refuses or fails to cease these activities or functions or to make these corrections as required by the director, the director may, upon written notice, suspend all or a portion of the activities or functions of the commission until the time that the cessation or correction of activities or functions as required by the director has been accomplished by the commission.

(c) Actions of the commission in violation of the written notice are without legal force or effect. The director, to the extent feasible, shall issue the written notice prior to the commission entering into any contractual relationship affecting the existing or proposed activities or functions which are the subject of the written notice.

(d) Upon service of the written notice, the director shall notify the commission in writing of the specific acts which he or she determines are not in the public interest or are in violation of this chapter, his or her reasons for requiring a cessation or correction of specific existing or proposed activities or functions, and he or she may make recommendations that will make the activities or functions acceptable.

76253. The commission or the director may bring an action for judicial relief from the director's written notice, or from noncompliance by the commission with the written notice, as the case may be, in a court of competent jurisdiction, which may issue a temporary restraining order, permanent injunction, or other applicable relief.

76254. When the director is required to concur in a decision of the commission, he or she shall indicate his or her response to the commission within 15 working days from notification of the decision. The response may be a request that additional information be provided.

76255. The commission shall reimburse the director for all expenditures incurred by the director in carrying out his or her duties and responsibilities pursuant to this chapter. However, the court may, if it finds that the director acted arbitrarily or capriciously in restricting the activities or functions of the commission, relieve the commission of the responsibility for payment of the director's legal costs with regard to that action.

76256. Each member of the commission, except the ex officio members, shall have an alternate member to be elected in the same manner as the member. An alternate member shall, in the absence of the member for whom he or she is an alternate, serve in place of the member on the commission, and shall have and be able to exercise all the rights, privileges, and powers of the member when

serving on the commission. In the event of death, removal, resignation, or disqualification of a member, the alternate shall act as a member on the commission until a successor is elected and has qualified.

76257. Any vacancy on the commission occurring by the failure of any person elected to the commission as a member or alternate member to continue in his or her position due to a change in status, making him or her ineligible to serve, or due to death, removal, or resignation, shall be filled, for the unexpired portion of the term, by a majority vote of the commission. That person shall fulfill all the qualifications set forth in this article as required for the member whose office he or she is to fill.

The qualifications of a producer member and an alternate producer member shall be maintained during the entire term of office.

76258. The public member or his or her alternate on the commission, shall have all the powers, rights, and privileges of any other member on the commission. The public member shall not have any financial interest in the sheep or wool industry.

76259. The term of office of all members of the commission, except ex officio members, shall be two years from the date of their election and until their successors are qualified. However, of the first members of the commission, one-half of the producers shall serve for one year, and one-half of the producers shall serve for two years, with the determination of the term of each such member made by lot at the time of the election. Terms of office of each member of the commission shall be limited to four consecutive terms. A member of the commission who was selected by lot to serve a one-year term may serve four consecutive terms in addition to the first one-year term.

76260. The commission shall be and is hereby declared and created a corporate body. It shall have the power to sue and be sued, to contract and be contracted with, and to have and possess all of the powers of a corporation. It may adopt a corporate seal. Copies of its proceedings, records, and acts, when authenticated, shall be admissible in evidence in all courts of the state and shall be prima facie evidence of the truth of all statements therein.

76261. A quorum of the commission shall be eight voting members of the commission. Except as provided in Sections 76226 and 76382.5, the vote of a majority of members present at a meeting at which there is a quorum shall constitute the act of the commission.

76262. The director or his or her representatives shall be notified and may attend each meeting of the commission and any committee meeting of the commission.

76263. No member of the commission or member of a committee established by the commission who is a nonmember of the commission shall receive a salary. Each member of the commission,

except ex officio government members, and each member of a committee established by the commission who is a nonmember of the commission, may receive a sum not to exceed one hundred dollars ($100) per day, as established by the commission. This per diem shall be paid to members for each day spent in actual attendance at, or in traveling to and from, meetings of the commission or committees of the commission, or on special assignment for the commission, as approved by the commission. Members shall also receive the necessary traveling expenses and meal allowances, as approved by the commission.

76264. All funds received by any person from the assessments levied under the authority of this chapter or otherwise received by the commission shall be deposited in banks which the commission may designate and shall be disbursed by order of the commission through an agent or agents as it may designate for that purpose. The agent or agents shall be bonded by a fidelity bond, executed by a surety company authorized to transact business in this state, in favor of the commission, in the amount of not less than twenty-five thousand dollars ($25,000).

76265. The state is not liable for the acts of the commission or its contracts. Payments of all claims arising by reason of the administration of this chapter or acts of the commission are limited to the funds collected by the commission. No member of the commission, alternate member, or any employee or agent thereof, is personally liable for the contracts of the commission. No member of the commission, alternate member, or any employee or agent thereof, is responsible individually in any way to any producer, processor, handler, or any other person for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, or employee, except for his or her own individual acts of dishonesty or crime. No member of the commission, alternate member, or any employee or agent thereof, is responsible individually for any act or omission of any other member of the commission. Liability is several and not joint, and no member of the commission, alternate member, or any employee or agent thereof, is liable for the default of any other member of the commission.

Article 4. Powers and Duties of the Commission

76281. The powers and duties of the commission shall include, but are not limited to, all of those contained in this article.

76282. The commission may adopt and from time to time alter, rescind, modify, and amend all proper and necessary bylaws, rules, regulations, operating procedures, and orders for carrying out this chapter, including rules for appeals from any bylaw, rule, regulation, operating procedure, or order of the commission.

76283. The commission may administer and enforce this chapter and to do and perform all acts and exercise all powers incidental to, or in connection with, or deemed reasonably necessary for proper or

advisable effectuation of this chapter. The commission's authority includes, but is not limited to, entering into contracts for services with public and private agencies which are deemed necessary by the commission to carry out this chapter.

76285. The commission may employ a person to serve at the pleasure of the commission as president and chief executive officer of the commission, and other personnel, including legal counsel, necessary to carry out the provisions of this chapter. The commission may retain a management firm or the staff from any board, commission, or committee of the state to perform the functions prescribed by this section under the control of the commission. If the person engages in any conduct which the director determines is not in the public interest or which is in violation of this chapter, the director shall notify the commission of the conduct and request that corrective and, if appropriate, disciplinary action be taken by the commission. In the event that the commission fails or refuses to correct the situation or to take disciplinary action satisfactory to the director, the director may suspend or discharge the person.

76286. The commission may fix the compensation for all employees of the commission.

76287. The commission may appoint committees composed of both members and nonmembers of the commission including, but not limited to, a committee of handlers, to advise the commission in carrying out this chapter.

76288. The commission may establish offices, incur expenses, enter into any and all contracts and agreements, create liabilities, and borrow funds in advance of receipt of assessments as may be necessary in the opinion of the commission for the proper administration and enforcement of this chapter and the performance of its duties.

76289. The commission shall keep accurate books, records, and accounts of all of its dealings, which shall be subject to an annual audit by an auditing firm selected by the commission with the concurrence of the director. A summary of the audit shall be made a part of an annual report to all producers, copies of which shall also be submitted to the Legislature and the department. In addition, the director may, as he or she determines necessary, conduct or cause to be conducted a fiscal and compliance audit of the commission.

76290. The commission may promote the sale of lamb, wool, and the products derived therefrom by advertising and other promotional means, including cost-sharing advertising, for the purpose of maintaining and expanding present markets and creating new and larger intrastate, interstate, and foreign markets for lamb and wool, and to educate and instruct the public with respect to the many and varied uses of lamb, wool, and the products derived

therefrom.

76291. The commission may educate and instruct the wholesale and retail trade with respect to proper methods of handling and selling wool.

76291.3. The commission may make market surveys and analyses.

76291.5. The commission may present facts to, and negotiate with, state, federal, and foreign agencies on matters which affect this chapter.

76292. The commission may make, in its name, contracts to render service in formulating and conducting plans and programs and any other contracts or agreements that the commission may deem necessary for carrying out the purposes of this chapter.

76293. The commission may conduct, and contract with others to conduct, research, including the study, analysis, dissemination, and accumulation of information obtained from the research or elsewhere, regarding this chapter. In connection with the research, the commission may accept contributions of, or match, private, state, or federal funds that may be available for its purposes, and employ or make contributions of funds to other persons or state or federal agencies conducting the research.

76294. The commission may publish and distribute, without charge, a bulletin or other communication for dissemination of information to producers and handlers.

76295. The commission may establish an assessment rate to defray operating costs of the commission.

76296. The commission may establish an annual budget according to accepted accounting practices. The budget shall be concurred in by the director prior to disbursement of funds, except for disbursements made pursuant to Section 76286.

76297. The commission may submit to the director, for his or her concurrence, an annual statement of contemplated activities authorized pursuant to this chapter.

76298. The commission may investigate and prosecute civil violations of this chapter and file complaints with appropriate law enforcement agencies or officers for suspected criminal violations of this chapter.

Article 5. Implementation and Voting Procedures

76311. (a) Not later than April 1, 1986, or as soon thereafter as possible, the director shall establish a list of producers eligible to vote on implementation of this chapter. In establishing the list, the director may require that handlers, producers, and others submit the names and mailing addresses of all producers. The director also may require that the information provided include the quantity of wool produced by each producer or, in the alternative, may establish procedures for receiving the information at the time of the referendum vote specified in Section 76312. The request for the information shall be in writing. The information shall be filed within

30 days following receipt of the written request.

(b) Any producer whose name does not appear on the director's list may have his or her name established on the list by filing with the director a signed statement, identifying himself or herself as a producer. Failure to be on the list does not exempt the producer from paying assessments.

76312. This chapter, except as necessary to conduct an implementation referendum vote, shall not become operative until the director finds in a referendum vote conducted by the director that at least 40 percent of the total number of producers from the list established by the director pursuant to this article, participate, and that either of the following occurred:

(a) Sixty-five percent or more of the producers who voted in the referendum voted in favor of the provisions of this chapter, and the producers so voting marketed a majority of the total quantity of wool in the preceding season by all of the producers who voted in the referendum.

(b) A majority of the producers who voted in the referendum voted in favor of this chapter, and the producers so voting marketed 65 percent or more of the total quantity of wool in the preceding season by all of the producers who voted in the referendum.

76313. The director shall establish a period in which to conduct the referendum which shall not be less than 10 days nor more than 60 days in duration, and may prescribe additional procedures that may be necessary to conduct the referendum. If the initial period established is less than 60 days, the director may extend the period, however the total referendum period may not exceed 60 days.

76314. Nonreceipt of a ballot shall not invalidate a referendum.

76315. If the director finds that a favorable vote has been given as provided in Section 76312, he or she shall certify and give notice of the favorable vote to all producers whose names and addresses may be on file with the director.

76316. If the director finds that a favorable vote has not been given as provided in Section 76312, he or she shall certify and declare all provisions of this chapter inoperative.

76317. Upon certification of the commission, the director shall contact all producers in each district by mail, or call meetings of producers in each district for the purpose of nominating and electing persons for appointment to the commission. All producers on the director's list shall be given written notice of any election meetings at least 15 days prior to the meeting date.

76318. To be eligible for election to the commission, producer nominees must present to the director a nomination petition with the signatures of at least 10 eligible producers from the district from which the nominee is seeking election.

76319. Subsequent to the first election of members of the commission pursuant to this chapter, persons to be elected to the commission shall be selected pursuant to nomination and election procedures as shall be established by the commission with the

concurrence of the director.

76320. (a) Prior to the referendum vote conducted by the director pursuant to Section 76312, the proponents of the commission shall deposit with the director the amount that the director deems necessary to defray the expenses of preparing the necessary lists and information and conducting the vote.

(b) Any funds not used in carrying out Section 76312 shall be returned to the proponents of the commission who deposited the funds with the director.

(c) Upon establishment of the commission, the commission is authorized to reimburse the proponents of the commission for any funds deposited with the director which were used in carrying out Section 76312, and for any legal expenses and costs incurred in establishing the commission.

Article 6. Assessments and Records

76341. (a) The commission shall, not later than June 1 of each year, establish the assessment for the following marketing season.

(b) The assessment for the marketing season beginning on July 1, 1986, and ending on June 30, 1987, shall not exceed one and one-half cents ($0.015) per pound on all wool marketed by producers, as determined by the commission.

(c) For the marketing season beginning on July 1, 1987, and thereafter, the assessment shall not exceed four cents ($0.04) per pound on all wool marketed by producers, as determined by the commission.

(d) Assessments provided for in this section shall be upon the producer. The handler shall deduct the assessment from amounts paid by him or her to the producer and shall be a trustee of those funds until they are paid to the commission at the time and in the manner prescribed by the commission.

(e) A fee greater than the amount provided for in subdivision (c) may not be charged unless and until a greater fee is approved by producers pursuant to the procedures specified in Section 76312.

76341.5. This chapter does not apply to the wool produced only for the producer's home use. However, the producer shall file an affidavit with the commission establishing that he or she has not marketed the wool. The commission shall then determine whether the affidavit should be approved.

76342. Every handler shall keep a complete and accurate record of all wool handled with the name of the producer whose wool was handled. The records shall be in simple form and contain information as the commission shall prescribe. The records shall be preserved by the handler for a period of two years and shall be offered and submitted for inspection at any reasonable time upon written demand of the commission or its duly authorized agent.

76343. All proprietary information obtained by the commission or the director from producers or handlers, and all lists of producers

in the possession of the commission or the director are confidential and shall not be disclosed except when required in a judicial proceeding. Information on volume shipments, commodity value, and other related information which is required for reports to governmental agencies, financial reports made to the commission or aggregate sales and inventory information, and any other information which the handlers request from the commission to receive in total, excluding individual handler information, may be disclosed by the commission.

76344. Every handler shall be personally liable for the payment of collected assessments and failure of a handler to collect the assessment from a producer shall not exempt the handler from liability.

76345. Any assessment which is levied as provided for in this chapter is a personal debt of every producer so assessed. Failure of a handler to collect the assessment shall not relieve the producer of the obligation to pay the assessment.

76346. Any producer or handler who fails to file a return or pay any assessment within the time required by the commission shall pay to the commission a penalty of 10 percent of the amount of the assessment determined to be due and, in addition, 1½ percent interest per month on the unpaid balance.

76347. When the handler is a corporation, all of the directors and officers of the corporation in their capacity as individuals shall be included, and any liability for failing to collect or make payment of assessments, of which a corporate handler may be subject to under this chapter, shall also include identical liability upon each director or officer of the corporation.

Article 7. Actions and Penalties

76361. It is unlawful for any person to do any of the following:

(a) Willfully render or furnish a false report, statement, or record required by the commission.

(b) When engaged in the handling of wool, to fail or refuse to furnish the commission or its duly authorized agents, information concerning the name and address of the persons from whom wool has been received and the quantity so received.

(c) Secrete, destroy, or alter records required to be kept under this chapter.

76362. The commission shall establish procedures for the purpose of according individuals aggrieved by its actions or determinations an informal hearing before the commission, or before a committee of the commission designated for that purpose. Appeals from decisions of the commission may be made to the director. The determination of the director shall be subject to judicial review upon petition, filed with the appropriate superior court.

76363. The commission may commence civil actions and utilize all remedies provided in law or equity for the collection of

assessments and civil penalties, and for the obtaining of injunctive relief or specific performance, regarding this chapter and the rules and regulations adopted pursuant to this chapter. A court shall issue to the commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has violated this chapter or any other rule or regulation of the commission, including, but not limited to, the nonpayment of assessments. No bond shall be required to be posted by the commission as a condition for the issuance of any writ of attachment or injunctive relief.

A writ of attachment shall be issued pursuant to Chapter 5 (commencing with Section 485.010) of Title 6.5 of Part 2 of the Code of Civil Procedure, except that the showing specified in Section 485.010 of the Code of Civil Procedure is not required. Injunctive relief shall be issued pursuant to Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the showing of irreparable harm or inadequate remedy at law specified in Section 526 and 527 of the Code of Civil Procedure is not required.

Upon entry of any final judgment on behalf of the commission against any defendant, the court shall enjoin the defendant from conducting any type of business regarding the commodity subject to this chapter until there is full compliance and satisfaction of the judgment. Upon a favorable verdict for the commission, it shall be entitled to receive reimbursement for any reasonable attorney's fees and other actual related costs. Venue for these actions may be established at the domicile or place of business of the defendant or in the county of the principal office of the commission. The commission may be sued only in the county of its principal office.

Article 8. Continuation or Suspension and Termination

76381. From July 1, 1990, to June 30, 1991, inclusive, the commission shall cause a referendum to be conducted among producers to determine whether the operations of this chapter shall be approved and continued in effect. A favorable vote under this chapter shall be found if the director determines from the referendum that a majority of the eligible producers voting in the referendum voted in favor of continuing the operations of this chapter. If the director finds that a favorable vote has been given, he or she shall so certify and this chapter shall remain effective. If the director finds that a favorable vote has not been given, he or she shall so certify and declare the operation of this chapter and the commission suspended upon expiration of the marketing season ending June 30, 1991. Thereupon, operations of the commission shall be concluded and funds distributed in the manner provided in Section 76383. No bond or security shall be required for any such referendum.

76382. Following a favorable referendum conducted prior to

June 30, 1991, a referendum shall be conducted by the commission every fifth year thereafter between October 1 and January 31, following procedures provided in Section 76381, unless a referendum is conducted as the result of a petition pursuant to this article. In that case, the referendum shall be every fifth year following the industry petitioned referendum following procedures provided for in Section 76381.

76382.5. Upon a finding by a two-thirds vote of the commission that the operation of this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director that the operation of this chapter be suspended. However, any suspension shall not become effective until the expiration of the current marketing season. The director shall, upon receipt of the recommendation, or may after a public hearing to review a petition filed with him or her requesting a suspension and signed by 20 percent of the producers by number who produced not less than 20 percent of the volume of wool in the immediately preceding season, hold a referendum among the producers to determine if the operations of the commission shall be suspended. However, the director shall not hold a referendum as a result of the petition unless the petitioner shows, by the weight of evidence, that the operation of this chapter has not tended to effectuate its declared purposes. The director shall establish a referendum period, which shall not be less than 10 days nor more than 60 days in duration. The director may prescribe additional procedures as may be necessary to conduct the referendum. At the close of the established referendum period, the director shall tabulate the ballots filed during the period. If at least 40 percent of the total number of producers from the list established by the director participate in the referendum, the director shall suspend the operation of this chapter if he or she finds either one of the following has occured:

(a) Sixty-five percent or more of the producers, who voted in the referendum, voted in favor of suspension, and the producers so voting marketed 50 percent or more of the total quantity of wool marketed in the preceding marketing season by all of the producers who voted in the referendum.

(b) A majority of the producers who voted in the referendum voted in favor of suspension, and the producers so voting marketed 65 percent or more of the total quantity of wool marketed in the preceding marketing season by all of the producers who voted in the referendum.

76382.6. The director shall terminate the commission at the end of the current marketing season if the director finds that the termination of the commission is requested in writing, within a 90-day period, by at least 51 percent of the eligible producers that are directly affected that produce at least 51 percent of the volume of the product.

The person or persons originating the request shall file a written notice with the director in a manner that establishes the date the

request is initiated. Any person may withdraw his or her name from the petition requesting the termination prior to the time the request is presented to the director.

The signatures to the petition requesting the termination need not all be appended to one sheet of paper. Each person signing the petition shall add to his or her signature his or her place of business, giving street and number. If no street and number exist, then a designation of the place of business shall be given which will enable the location to be readily ascertained.

The petition shall bear a copy of the notice of intention. Signatures shall be secured within the time limit specified in this section.

76383. After the effective date of suspension of the operation of this chapter, the operation of the commission shall be concluded and any and all funds remaining held by the commission, collected by assessment and not required to defray the expenses of concluding and terminating operations of the commission, shall be returned upon a pro rata basis to all persons from whom assessments were collected in the immediately preceding marketing season. However, if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of the prorate refund to these persons, any funds remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into an appropriate program conducted by the University of California or the California State University system, another state agency, or a federal agency which deals with the purposes of this chapter. If no program exists, the funds shall be paid into the State Treasury as unclaimed trust funds.

76384. Upon suspension of the operation of this chapter, the commission shall mail a copy of the notice of suspension to all producers affected by the suspension whose names and addresses are on file.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1103

An act to add Article 2 (commencing with Section 6420) of Chapter 5 of Division 6 of the Fish and Game Code, relating to fish.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 6420) is added to Chapter 5 of Division 6 of the Fish and Game Code, to read:

Article 2. Artificial Reefs

6420. The Legislature finds and declares all of the following:

(a) Declines in various southern California marine species of fish have adversely affected the sport and commercial fishing industry.

(b) Efforts to enhance these species through the placement of artifical reefs need to be investigated.

(c) A program of artificial reef research and development, including reef design, placement, and monitoring, is in the public interest and can best be accomplished under the administration of the department with the cooperation and assistance of the University of California, the California State University, other established, appropriate academic institutions, and other organizations with demonstrated expertise in the field.

(d) A state artificial reef research and construction program under the administration of the department is necessary to coordinate ongoing studies and construction of artificial reefs in waters of the state.

6421. For purposes of this article, the following terms have the following meaning:

(a) "Artificial reef" means manmade or natural objects intentionally placed in selected areas of the marine environment to duplicate those conditions that induce production of fish and invertebrates on natural reefs and rough bottoms, and that stimulate the growth of kelp or other midwater plant life which creates natural habitat for those species.

(b) "Production" means increases in the biomass of a species or number of species.

(c) "Program" means the California Artificial Reef Program.

6422. The department shall administer the California Artificial Reef Program.

6423. The program shall include all of the following:

(a) The placement of artificial reefs in state waters.

(b) A study of existing successful reefs and all new reefs placed by the program to determine the design criteria needed to construct artificial reefs capable of increasing fish and invertebrate production in waters of the state.

(c) A determination of the requirements for reef siting and placement.

6424. The amount allocated for the administration of the program in any fiscal year may not exceed the amount authorized by applicable state and federal policy guidelines.

6425. (a) It is the intent of the Legislature that not more than five hundred thousand dollars ($500,000) shall be allocated to the

program for the 1985–86 fiscal year.

(b) It is the intent of the Legislature that future sources of funding for the program may include, but are not limited to, the Fish and Game Preservation Fund, the California Environmental License Plate Fund, the Wildlife Restoration Fund, recreational bond act funds, federal grants-in-aid, county fish and game propagation funds, and private donations.

CHAPTER 1104

An act to amend Section 25402.1 of the Public Resources Code, relating to energy resources, and making an appropriation therefor.

[Approved by Governor September 27, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25402.1 of the Public Resources Code is amended to read:

25402.1. In order to implement the requirements of subdivisions (a) and (b) of Section 25402, the commission shall do all of the following:

(a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by residential and nonresidential buildings. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs.

(b) Establish a formal process for certification of compliance options for new products, materials, and calculation methods which provides for adequate technical and public review to ensure accurate, equitable, and timely evaluation of certification applications. Proponents filing applications for new products, materials, and calculation methods shall provide all information needed to evaluate the application that is required by the commission. The commission shall publish annually the results of its certification decisions and instructions to users and local building officials concerning requirements for showing compliance with the building standards for new products, materials, or calculation methods. The commission may charge and collect a reasonable fee from applicants to cover the costs under this subdivision. Any funds received by the commission for purposes of this subdivision shall be deposited in the Energy Resources Programs Account and, notwithstanding Section 13340 of the Government Code, are continuously appropriated to the commission for the purposes of this subdivision. Any unencumbered portion of funds collected as a fee for an application remaining in the Energy Resources Programs

Account after completion of the certification process for that application shall be returned to the applicant within a reasonable period of time.

(c) Include a prescriptive method of complying with the standards, including design aids such as a manual, sample calculations, and model structural designs.

(d) Certify, no later than 180 days after approval of the standards by the State Building Standards Commission, an energy conservation manual for use by designers, builders, and contractors of residential and nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies. The manual shall contain, but not be limited to, the following:

(1) The standards for energy conservation established by the commission.

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(4) Any other information which the commission finds will assist persons in conforming to the standards.

(5) Instructions for use of the computer program for calculating energy consumption in residential and nonresidential buildings.

(6) The prescriptive method for use as an alternative to the computer program.

(e) The commission shall establish a continuing program of technical assistance to local building departments in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities. The technical assistance program shall include the preparation and publication of forms and procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of those services.

(f) Subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department, unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivision (a) or (b) of Section 25402 and this section applicable to the building.

(2) Where there is no local building department, the commission shall enforce subdivisions (a) and (b) of Section 25402 and this section.

(3) If a local building department fails to enforce subdivisions (a) and (b) of Section 25402 and this section or any other provision of this chapter or standard adopted pursuant thereto, the commission may provide enforcement after furnishing 10 days' written notice to the local building department.

(4) A city, county, or city and county may, by ordinance or resolution, prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The commission may establish a schedule of fees sufficient to pay the costs incurred by that enforcement.

(g) Subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to those sections that are applicable to those buildings. Nothing in those sections shall prohibit either of the following:

(1) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(2) The enforcement of city or county energy conservation or energy insulation standards, whenever adopted, with regard to residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section, if the city or county files the basis of its determination that the standards are cost effective with the commission and the commission finds that the standards will require the diminution of energy consumption levels permitted by the rules and regulations adopted pursuant to those sections. If, after two or more years after the filing with the commission of the determination that those standards are cost effective, there has been a substantial change in the factual circumstances affecting the determination, upon application by any interested party, the city or county shall update and file a new basis of its determination that the standards are cost effective. The determination that the standards are cost effective shall be adopted by the governing body of the city or county at a public meeting. If, at the meeting on the matter, the governing body determines that the standards are no longer cost effective, the standards shall, as of that date, be unenforceable and no building permit or other entitlement shall be denied based on the noncompliance with the standards.

(h) The commission may exempt from the requirements of this

section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of the regulations.

(i) If a dispute arises between an applicant for a building permit and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties.

(j) Nothing in Section 25130, 25131, or 25402, or in this section shall be construed to prevent enforcement of any regulation adopted pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to September 16, 1977.

CHAPTER 1105

An act authorizing the grant and conveyance of property known as Otterbein State Recreation Area to the County of Los Angeles.

[Approved by Governor September 27, 1985. Filed with Secretary of State September 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Director of General Services is hereby authorized to grant and convey to the County of Los Angeles all the right, title, and interest of the state in that property known as Otterbein State Recreation Area on condition that the property be used as a public park and recreation area and that park improvements conform to the Otterbein State Recreation Area General Plan adopted pursuant to Section 5002.2 of the Public Resources Code and current at the time of transfer, except that the plan may be amended in accordance with the procedures for amendment of specific plans set forth in Article 8 (commencing with Section 65450) and Article 9 (commencing with Section 65500) of Chapter 3 of Division 1 of Title 7 of the Government Code, with duly noticed public hearings conducted by both the County of Los Angeles Regional Planning Commission and the County of Los Angeles Board of Supervisors prior to adoption. In reviewing any amendment of that plan, the county board of supervisors shall consider the development criteria of Section 5019.56 of the Public Resources Code.

Upon any breach of those conditions, the state may reenter the property, and upon that reentry, the interest of the County of Los

Angeles shall terminate and ownership shall be entirely in the state.

SEC. 2. The Legislature hereby finds and declares that a statewide public purpose is served by the grant of the property known as Otterbein State Recreation Area to the County of Los Angeles for use as a public park and recreation area under the administration and management of the county.

CHAPTER 1106

An act to amend Section 7267.2 of the Government Code, relating to eminent domain.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 7267.2 of the Government Code is amended to read:

7267.2. (a) Prior to adopting a resolution of necessity pursuant to Section 1245.230 and initiating negotiations for the acquisition of real property, the public entity shall establish an amount which it believes to be just compensation therefor, and shall make an offer to the owner or owners of record to acquire the property for the full amount so established, unless the owner cannot be located with reasonable diligence. The offer may be conditioned upon the legislative body's ratification of the offer by execution of a contract of acquisition or adoption of a resolution of necessity or both. In no event shall the amount be less than the public entity's approved appraisal of the fair market value of the property. Any decrease or increase in the fair market value of real property to be acquired prior to the date of valuation caused by the public improvement for which the property is acquired, or by the likelihood that the property would be acquired for the improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, shall be disregarded in determining the compensation for the property. The public entity shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation. Where the property involved is owner occupied residential property and contains no more than four residential units, the homeowner shall, upon request, be allowed to review a copy of the appraisal upon which the offer is based. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

(b) Notwithstanding subdivision (a), a public entity may make an offer to the owner or owners of record to acquire real property for less than an amount which it believes to be just compensation

therefor if (1) the real property is offered for sale by the owner at a specified price less than the amount the public entity believes to be just compensation therefor, (2) the public entity offers a price which is equal to the specified price for which the property is being offered by the landowner, and (3) no federal funds are involved in the acquisition, construction, or project development.

(c) As used in subdivision (b), "offered for sale" means any of the following:

(1) Directly offered by the landowner to the public entity for a specified price in advance of negotiations by the public entity.

(2) Offered for sale to the general public at an advertised or published, specified price set no more than six months prior to and still available at the time the public entity initiates contact with the landowner regarding the public entity's possible acquisition of the property.

CHAPTER 1107

An act to add Section 30176 to the Public Resources Code, relating to the coastal zone.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 30176 is added to the Public Resources Code, to read:

30176. (a) As used in this section, the Famosa Slough property is defined as follows:

That portion of Pueblo Lot 211 of the Pueblo Lands of San Diego, in the City of San Diego, County of San Diego, State of California, according to the map thereof made by James Pascoe in 1870, a copy of which map was filed in the Office of County Recorder of San Diego County, and is known as Miscellaneous Map No. 36, and a portion of Block "D" of Loma Alta No. 2, according to Map No. 1082, filed in the Office of County Recorder of San Diego County, and being more particularly described as a whole as follows:

Beginning at the intersection of the westerly line of Loma Palisades Unit No. 3, according to Map No. 3798, filed in the Office of County Recorder of San Diego County, February 5, 1958, with the southerly line of West Point Loma Boulevard as the intersection is shown on Map No. 3798, thence along the westerly and northwesterly boundary of Map No. 3798 as follows: south 06°11'20" east 710.65 feet; and south 36°09'50" west, 495.24 feet to an angle point therein, being also a point in the southeasterly line of Block "D" of Loma Alta No. 2; thence along the southeasterly line of Block "D" and the southwesterly prolongation thereof, south 36°09'50" west,

689.91 feet to the intersection with the southwesterly line of Block "D"; thence along the boundary of Block "D" as follows: thence north 53°50'00" west, 86.60 feet to an angle point therein; thence north 00°49'00" east, 1,547.80 feet to an intersection with the southerly line of West Point Loma Boulevard; thence along the southerly line as follows: north 84°54'00" east, 664.47 feet to the westerly terminus of a curve therein having a radius of 1,950.00 feet, as shown on Map No. 3798, and easterly along the arc of the curve through a central angle of 00°12'08" (record 00°12'08" per deed recorded December 31, 1968, as file/page 229499) a distance of 13.13 feet to the point of beginning.

(b) The State Coastal Conservancy and the Department of Fish and Game shall, jointly, in consultation with the owners of the properties described in subdivision (a), prepare and submit to the commission a plan which provides for the delineation of the developable area and wetland restoration of the Famosa Slough property and the restoration to wetland of the 10-acre property owned by the City of San Diego known as Famosa Channel. In preparing the plan, the conservancy and the Department of Fish and Game shall determine the size of the developable area of the Famosa Slough property by doing both of the following:

(1) Within a range of 5 to 10 acres, determining the area of the upland located on the Famosa Slough and Famosa Channel properties.

(2) Subtracting from the upland acreage the area needed for peripheral upland around Famosa Slough and Famosa Channel, and the area needed for a buffer, as determined in this subdivision, between the wetland and the development. The plan shall provide for restoration of the Famosa Slough property and the Famosa Boulevard right-of-way located between Camulos Street and Montalvo Street, not in the developable area, and the Famosa Channel, to the condition of a healthy and viable natural wetlands capable of attracting and sustaining species of plant and animal life native to a brackish marsh environment through appropriate means, including, particularly, the reestablishment of adequate saltwater flushing and measures for the mitigation of the effects of upstream runoff. The plan shall determine the location of development and wetland areas on the Famosa Slough property and the size and location of a buffer between the development and the wetlands, which is to be designed by the Department of Fish and Game. The plan shall also set forth arrangements for the maintenance of the wetlands, the wetland buffer, and peripheral upland slopes that will assure their perpetual health and viability. The plan shall include a design of a complete ecosystem that will achieve restoration and perpetuation of the wetlands in the manner described in this subdivision. A permanent easement shall be granted to the conservancy, or its assignee, on that portion of the wetland, wetland buffer, and peripheral upland slope areas described in subdivision (a) and this subdivision after restoration. Not later than 60 days after

the plan has been submitted to it, the commission shall, after a public hearing and by a majority vote of those present, determine whether the plan raises no substantial issue as to conformity with this section. If the commission determines that no substantial issue is raised, the plan shall be deemed certified as submitted. The commission shall adopt findings to support its action.

(c) The owner of the property described in subdivision (a) shall implement or provide funds to the conservancy sufficient to implement half of the cost of the plan specified in subdivision (b). The cost of, and adequacy of financing for, implementing the plan shall be approved by the conservancy. The owner shall enter into an agreement with the conservancy to perpetually maintain the properties consistent with subdivision (b).

(d) The developable area in the Famosa Slough property shall be excluded from the coastal zone upon certification by the Coastal Commission of the plan as required by subdivision (b) and certification by the State Coastal Conservancy that subdivision (c) has been complied with.

CHAPTER 1108

An act to amend Sections 1170 and 1170.85 of the Penal Code, relating to sentencing.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of 16 months, two or three years; two, three, or four years; two, three, or five years; three, four, or five years; two, four, or six years; three, four, or six years; three, five, or seven years; three, six, or eight years; five, seven, or nine years; five, seven, or 11 years, or any other specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment

specified unless such convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he had committed his crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, any such sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.5, 12022.6, or 12022.7. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison

and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(f) (1) Within one year after the commencement of the term of imprisonment, the Board of Prison Terms shall review the sentence to determine whether the sentence is disparate in comparison with the sentences imposed in similar cases. If the Board of Prison Terms determines that the sentence is disparate, the board shall notify the judge, the district attorney, the defense attorney, the defendant, and the Judicial Council. The notification shall include a statement of the reasons for finding the sentence disparate.

Within 120 days of receipt of this information, the sentencing court shall schedule a hearing and may recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if the defendant had not been sentenced previously, provided the new sentence is no greater than the initial sentence. In resentencing under this subdivision the court shall apply the sentencing rules of the Judicial Council and shall consider the information provided by the Board of Prison Terms.

(2) The review under this section shall concern the decision to deny probation and the sentencing decisions enumerated in paragraphs (2), (3), (4), and (5) of subdivision (a) of Section 1170.3 and apply the sentencing rules of the Judicial Council and the information regarding the sentences in this state of other persons convicted of similar crimes so as to eliminate disparity of sentences and to promote uniformity of sentencing.

(g) Prior to sentencing pursuant to this chapter, the court may request information from the Board of Prison Terms concerning the sentences in this state of other persons convicted of similar crimes under similar circumstances.

(h) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 2. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense

with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of 16 months, two or three years; two, three, or four years; two, three, or five years; three, four, or five years; two, four, or six years; three, four, or six years; three, five, or seven years; three, six, or eight years; five, seven, or nine years; five, seven, or 11 years, or any other specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless such convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he had committed his crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, any such sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation

or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.4, 12022.5, 12022.6, or 12022.7. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(f) (1) Within one year after the commencement of the term of imprisonment, the Board of Prison Terms shall review the sentence to determine whether the sentence is disparate in comparison with the sentences imposed in similar cases. If the Board of Prison Terms determines that the sentence is disparate, the board shall notify the judge, the district attorney, the defense attorney, the defendant, and the Judicial Council. The notification shall include a statement of the reasons for finding the sentence disparate.

Within 120 days of receipt of this information, the sentencing court shall schedule a hearing and may recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if the defendant had not been sentenced previously, provided the new sentence is no greater than the initial sentence. In resentencing under this subdivision the court shall apply the sentencing rules of the Judicial Council and shall consider the information provided by the Board of Prison Terms.

(2) The review under this section shall concern the decision to deny probation and the sentencing decisions enumerated in paragraphs (2), (3), (4), and (5) of subdivision (a) of Section 1170.3

and apply the sentencing rules of the Judicial Council and the information regarding the sentences in this state of other persons convicted of similar crimes so as to eliminate disparity of sentences and to promote uniformity of sentencing.

(g) Prior to sentencing pursuant to this chapter, the court may request information from the Board of Prison Terms concerning the sentences in this state of other persons convicted of similar crimes under similar circumstances.

(h) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 3. Section 1170.85 of the Penal Code is amended to read:

1170.85. (a) Upon conviction of any felony assault or battery offense, it shall be considered a circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170 if the offense was committed to prevent or dissuade a person who is or may become a witness from attending upon or testifying at any trial, proceeding, or inquiry authorized by law, or if the offense was committed because the person provided assistance or information to a law enforcement officer, or to a public prosecutor in a criminal or juvenile court proceeding.

(b) Upon conviction of any felony it shall be considered a circumstance in aggravation in imposing a term under subdivision (b) of Section 1170 if the victim of an offense is particularly vulnerable, or unable to defend himself or herself, due to age or significant disability.

SEC. 4. Section 2 of this bill incorporates amendments to Section 1170 of the Penal Code proposed by both this bill and SB 428. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 1170 of the Penal Code, and (3) this bill is enacted after SB 428, in which case Section 1 of this bill shall not become operative.

CHAPTER 1109

An act to amend Sections 7054, 7117, and 10376 of, and to repeal and add Section 7054.6 of, the Health and Safety Code, relating to human remains.

The people of the State of California do enact as follows:

(b) Cremated remains may be disposed of pursuant to Sections 7117 and 10376.5 or Sections 7054.6 and 10376.5.

SEC. 2. Section 7054.6 of the Health and Safety Code is repealed.

SEC. 3. Section 7054.6 is added to the Health and Safety Code, to read:

7054.6. Cremated remains may be removed in a durable container from the place of cremation or interment and kept in the dwelling owned or occupied by the person having the right to control disposition of the remains under Section 7100, or the durable container holding the cremated remains may be kept in a church or religious shrine, if written permission of the church or religious shrine is obtained and there is no conflict with local use permit requirements or zoning laws, if the removal is under the authority of a permit for disposition granted under Section 10376.5. The placement, in any place, of six or more cremated remains under this section does not constitute the place a cemetery, as defined in Section 8100.

SEC. 4. Section 7117 of the Health and Safety Code is amended to read:

7117. Cremated remains may be taken by boat from any harbor in this state, or by air, for burial at sea. Cremated remains shall be removed from their container before the remains are buried at sea.

Any person who buries at sea, either from a boat or from the air, any human cremated remains shall file with the local registrar of births and deaths in the county nearest the point where the remains were buried, a verified statement containing the name of the deceased person, the time and place of death, the place at which the cremated remains were buried, and any other information that the local registrar of births and deaths may require. The first copy of the endorsed permit shall be filed with the local registrar of births and deaths within 10 days of disposition. The third copy shall be returned to the office of issuance.

Notwithstanding any other provision of this code, the cremated remains of a deceased person may be buried at sea as provided in this section and Section 10376.5.

SEC. 5. Section 10376 of the Health and Safety Code is amended to read:

10376. (a) If the certificate of death is properly executed and complete, the local registrar of births and deaths shall issue a permit for disposition, which in all cases, shall specify any one of the following:

(1) The name of the cemetery where the remains shall be interred.

(2) Burial at sea as provided in Section 7117.

(3) The address of the location where the cremated remains will be kept, as provided in Section 7054.6, under the conditions the state registrar may approve, including, but not limited to, conditions in

keeping with public sensibilities, applicable laws, and reasonable assurances that the disposition will be carried out in accordance with the prescribed conditions and will not constitute a private or public nuisance.

(b) Notwithstanding any other provisions of this division relative to issuance of a permit for disposition, whenever the death occurred from a disease declared by the state department to be infectious, contagious, or communicable and dangerous to the public health, no permit for the disposition of the body shall be issued by the local registrar, except under those conditions which may be prescribed by the state department and local health officers.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1110

An act to amend Sections 1596.890 and 1597.09 of, to amend and renumber Section 1597.98 of, and to add Sections 1596.793, 1596.891, 1596.892, and 1596.99 to, the Health and Safety Code, relating to child day care.

(b) The penalty specified in subdivision (a) shall be imposed if the operator of an unlicensed facility refuses to seek licensure or the operator seeks licensure and is denied but continues to operate.

(c) The operator may appeal the assessment to the director. The department shall adopt regulations setting forth the appeals procedure.

(d) The operator shall be exempt from the civil penalty specified in subdivision (a) if a lack of liability insurance is the sole reason for nonlicensure and the reason for operating without liability insurance is not due to any fault on the part of the operator.

SEC. 3. Section 1596.892 is added to the Health and Safety Code, to read:

1596.892. The civil, criminal, and administrative remedies available to the department pursuant to this article are not exclusive, and may be sought and employed in any combination deemed advisable by the department to enforce the provisions of this chapter.

SEC. 4. Section 1596.99 is added to the Health and Safety Code, to read:

1596.99. (a) In addition to suspension or revocation of a license issued under this chapter, the Department may levy a civil penalty. The civil penalty may be in addition to the penalties of suspension or revocation.

(b) The amount of the civil penalty may not be less than twenty-five dollars ($25) nor more than fifty dollars ($50) per day for each violation of this chapter except where (1) the nature of the violation, (2) the seriousness of the violation, (3) the frequency of the violation, or (4) any combination of these factors warrants a higher penalty or an immediate civil penalty assessment as specified in subdivision (c), or both. In no event shall a civil penalty assessment exceed one hundred fifty dollars ($150) per day.

(c) Facilities cited for a repeated serious deficiency shall be subject to an immediate civil penalty assessment of one hundred fifty dollars ($150) and fifty dollars ($50) per day thereafter until the deficiency is corrected.

(d) Facilities which are assessed civil penalties under subdivision (c) and which repeat the deficiency shall be subject to an immediate assessment of one hundred fifty dollars ($150) and one hundred fifty dollars ($150) per day thereafter until the deficiency is corrected.

Upon a finding of noncompliance, the department may levy a civil penalty which shall be paid to the department each day until the department finds the center in compliance.

SEC. 7. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1111

An act to amend Section 11114 of the Penal Code, relating to missing persons.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11114 of the Penal Code is amended to read:

11114. (a) All local police and sheriffs' departments shall accept any report, including any telephonic report, of a missing person, including runaways, without delay. In cases where the report is taken by a department other than that of the city or county of residence of the missing person or runaway, the department taking the report shall, without delay, notify, and forward a copy of the report when completed to, the police or sheriff's department or departments having jurisdiction of the residence address of the missing person or runaway and of the place where the person was last seen. The report shall be transmitted by the department which took the report to the State Department of Justice, in a format and according to procedures established by the State Department of Justice, which shall transmit the report to the National Crime Information Center Missing Person System, or, at the option of the local police or sheriff's department, the local police or sheriff's department may transmit the report directly to federal agencies. If the person reported missing is under 12 years of age, the local police or sheriff's department shall transmit the report to the National Crime Information Center Missing Person

System within four hours after accepting the report. The police or sheriff's department having jurisdiction of the place in which the person reported missing was last seen may initiate the investigation of the location of the missing person, irrespective of the area of jurisdiction of the department taking the report.

(b) When any person makes a report of a missing person to a police or sheriff's department or other law enforcement authority, the person making the report shall be given in person or by mail a form supplied by the Department of Justice authorizing the release of the dental records of the person reported missing. Included with such form shall be instructions which state that if the person reported missing is still missing 30 days after the report is made, the release form signed by a member of the family or next of kin of the missing person should be taken to the dentist or dentists of the missing person to obtain the release of the dental records and that dental records should be submitted within 10 days by the person to whom released to the police or sheriff's department or other law enforcement authority to which the missing person report was made. When the person reported missing has not been found within 30 days and no family or next of kin exists or can be located, the law enforcement authority may execute a written declaration, stating that an active investigation seeking the location of the missing person is being conducted, and that the dental records are necessary for the exclusive purpose of furthering the investigation. The written declaration, signed by a peace officer, is sufficient authority for the dentist or dentists to release the missing person's dental records.

(c) When a person reported missing has not been found within 45 days, the sheriff, chief of police, or other law enforcement authority initiating and conducting the investigation for the missing person shall confer with the coroner or medical examiner prior to the preparation of a missing person report. After conferring with the coroner or medical examiner, the sheriff, chief of police, or other law enforcement authority initiating and conducting the investigation for the missing person shall submit a missing person report and the dental records received pursuant to subdivision (b) to the Department of Justice on forms supplied by the department for such purpose.

(d) Notwithstanding subdivisions (b) and (c), the form provided under subdivision (b) shall state that if the person reported missing is under 18 years of age, the form should be taken to the dentist or dentists immediately when the law enforcement authority determines that the disappearance was under suspicious circumstances, and that dental records should be submitted immediately thereafter to the law enforcement authority. Where authorized to execute a written declaration to obtain the release of dental records, the law enforcement authority may do so immediately when a person reported missing who is under 18 years of age is determined by the authority to have disappeared under suspicious circumstances. In that case, the law enforcement authority

should confer immediately with the coroner or medical examiners and should submit its report including the dental records within 24 hours thereafter to the Department of Justice.

(e) When a person reported missing has been found, the sheriff, chief of police, coroner or medical examiner, or other law enforcement authority shall report that information to the Department of Justice. After receiving that report, the department shall erase all records with respect to that person which are maintained pursuant to subdivision (f).

(f) The Department of Justice shall maintain a file of information concerning persons reported to it as missing and who have not been reported as found. The file shall contain the information referred to in subdivision (c) and any other information that the Department of Justice finds to be relevant to assisting in the location of a missing person.

The Department of Justice files shall be made available to law enforcement agencies attempting to locate missing persons. The department shall develop a system of cataloging missing person reports according to a variety of characteristics to facilitate locating particular categories of reports as needed.

SEC. 2. The Department of Justice shall conduct a study to determine if the establishment of time limitations for forwarding reports of missing minors by local agencies to state and federal authorities would expedite the location of or enhance the probability of locating those minors. The department shall report its findings to the Legislature no later than July 1, 1987.

SEC. 3. The Legislature declares that this act mandates a new program or higher level of service on local government. As required by Section 6 of Article XIII B of the California Constitution, reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1112

An act to add and repeal Section 14031.11 of the Government Code, relating to passenger trains.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 14031.11 is added to the Government Code, to read:

14031.11. (a) The department may make bulk purchases of passenger tickets for the San Francisco Peninsula commute corridor service from the Southern Pacific Transportation Company for resale to the public at less than the cost of the tickets to the department.

(b) The director shall determine the resale price of these tickets purchased by the department.

(c) The department shall report to the Legislature on or before December 31, 1987, on its implementation of this section.

(d) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 2. Nothing in this act shall be construed to violate the existing labor agreements, as of April 1, 1985, between the Southern Pacific Transportation Company and the Brotherhood of Railway, Airline and Steamship Clerks, Freight Handlers, Express and Station Employees, or to authorize, because of resale of tickets pursuant to Section 14031.11 of the Government Code, the elimination of any present employee position to perform ticket sales under the existing Scope Agreement, as of that date, unless modified by a subsequent Scope Agreement.

CHAPTER 1113

An act to amend Section 886.5 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 886.5 of the Welfare and Institutions Code is amended to read:

886.5. Notwithstanding the provisions of Section 886, a juvenile home, ranch, camp, or forestry camp may receive or contain a maximum of 125 children at any one time if the county has submitted a request for approval for expanded capacity to the Department of the Youth Authority demonstrating a need for juvenile home, ranch, camp, or forestry camp placements which exceeds the beds available in the county, and the department has approved that request. Any request from a county to expand the capacity of a juvenile home, ranch, camp or forestry camp pursuant to this section shall certify that the facility to be expanded will continue to meet the minimum standards adopted and prescribed pursuant to Section 885 during the period of expanded capacity. The department shall approve any such

request only after confirming by inspection of the facility sought to be expanded that the facility will comply with the minimum standards during its period of expanded capacity.

The Legislature finds and declares that the unique population pressures on juvenile detention facilities in Kern and Los Angeles Counties justify an authorization for limited term expansion, consistent with the safeguards set forth in this section, of the juvenile homes, ranches, camps and forestry camps in these two counties. Accordingly, the provisions of this section shall be applicable only to Kern and Los Angeles Counties.

The provisions of this section shall be operative only until January 1, 1989, and on that date are repealed unless a statute effective on or before that date deletes or extends that date.

CHAPTER 1114

An act to amend Sections 20100.2 and 21253 of, and to add Section 21253.1 to, the Government Code, relating to the Public Employees' Retirement System, and making an appropriation therefor.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 20100.2 is added to the Government Code, to read:

20100.2. The system shall pay one hundred dollars ($100) to the employer of a member of the board who is an employee of a school employer or a contracting public agency for every day or portion thereof of actual attendance at meetings of the board or any meeting of any committee of the board conducted for the purpose of carrying out the powers and duties of the board.

SEC. 2. Section 21253 of the Government Code is amended to read:

21253. Notwithstanding any other provision of law, and with respect only to an election by a contracting agency to amend its contract to become subject to Section 21252.6 or 21252.61 instead of Section 21252.1, the following shall apply:

(a) Members who are on the amending agency's active payroll on the effective date of such contract amendment shall elect in writing within 90 days after such effective date to be subject to Section 21252.1 or 21252.61, as applicable, or 21252.6 with respect to all safety service performed for such contracting agency.

(b) Members on such effective date, who are former employees of such amending agency, and whose service for such amending agency was subject to Section 21252.1, shall retain their rights under Section 21252.1.

(c) Former members who upon reentry into state service elect to redeposit contributions, shall be subject to Section 21252.6 or 21252.61, as applicable, with respect to all safety service performed for such amending agency prior to the effective date of such contract amendment.

(d) Notwithstanding Section 21251.15, a former member who reinstates to such amending agency as a local safety member must elect within 90 days of such reinstatement whether to be subject to Section 21252.6 or 21252.61, as applicable, or 21252.1 with respect to all such service with that contracting agency prior to the effective date of the contract amendment. Such election shall be effective only if the reinstated member remains in such employment for at least one year subsequent to reinstatement.

SEC. 3. Section 21253.1 is added to the Government Code, to read:

21253.1. Whenever a contracting agency amends its contract to become subject to Section 21251.61 instead of Section 21252.6, a member who previously elected, pursuant to Section 21253, to remain subject to Section 21252.1 shall elect in writing within 90 days of notification by the board whether to be subject to Section 21252.61 or Section 21252.1.

CHAPTER 1115

An act to amend Section 1296 of the Education Code, relating to schools.

[Approved by Governor September 27, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1296 of the Education Code is amended to read:

1296. (a) If the average daily attendance of the schools and classes maintained by a county superintendent of schools is 250 or more, each person who, after being employed for three complete consecutive school years by the superintendent in a teaching position in those schools or classes requiring certification qualifications and whose salary is paid from the county school service fund, is reelected for the next succeeding school year to such a position in those schools or classes, shall be classified as and become a permanent employee of the county superintendent of schools.

Such an employee shall have the same rights and duties as employees of school districts to which Section 44882 applies. Sections 44841, 44842, 44882, 44948.3, and 44948.5 are applicable to these employees.

This subdivision shall apply only to probationary employees whose

probationary period commenced prior to the 1983–84 fiscal year.

(b) If the average daily attendance of the schools and classes maintained by a county superintendent of schools is 250 or more, each person who, after being employed for two complete consecutive school years by the superintendent in a teaching position in those schools or classes requiring certification qualifications and whose salary is paid from the county school service fund, is reelected for the next succeeding school year to such a position in those schools or classes, shall be classified as and become a permanent employee of the county superintendent of schools.

The county superintendent of schools shall notify the employee, on or before March 15 of the employee's second complete consecutive year of employment by the superintendent in a teaching position in schools or classes maintained by the superintendent requiring certification qualifications, of the decision to reelect or not reelect the employee for the next succeeding school year to such a position in those schools. In the event that the county superintendent does not give notice pursuant to this section on or before March 15, the employee shall be deemed reelected for the next succeeding school year.

Such an employee shall have the same rights and duties as employees of school districts to which Section 44882 applies. Sections 44841, 44842, 44882, 44948.3, and 44948.5 are applicable to these employees.

This subdivision shall apply only to probationary employees whose probationary period commenced during the 1983–84 fiscal year or any fiscal year thereafter.

(c) As used in this section, "teaching position" means any certificated position designated as of January 1, 1983, by the county board of education or the county superintendent of schools as a teaching position for the purpose of granting probationary or permanent status.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1116

An act to add Sections 300.6 and 300.7 to the Health and Safety Code, relating to health.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares as follows:

(1) Lead has no known nutritional value and is highly toxic in small amounts, especially to infants and children.

(2) Lead has caused a significant lowering of the intelligence quotient among some children in the United States, impairing the mental ability of perhaps as many as 2,000,000 of them.

(b) It is the intent of this act to ameliorate the harmful effects of lead on children by restricting its use on conduits providing a water supply.

SEC. 2. Section 300.6 is added to the Health and Safety Code, to read:

300.6. (a) Solders containing more than 0.20 percent lead shall not be used in making joints and fittings in any private or public potable water supply system or any water user's pipelines.

(b) No solder containing more than 0.20 percent lead shall be sold in California on and after July 1, 1986, unless it contains a warning label which states: "Contains lead. California law prohibits the use of this solder in making joints and fittings in any private or public potable water supply system or any water user's pipelines."

(c) On and after January 1, 1986, lead pipe shall not be used in the construction of private or public potable water supply systems.

(d) The requirements of subdivision (a) shall not be applicable to potable water supply pipelines in any building where the date of application for a building permit is prior to the effective date of the standards adopted pursuant to Section 300.7.

SEC. 3. Section 300.7 is added to the Health and Safety Code, to read:

300.7. The department shall adopt building standards which will limit the use of lead materials in public and private water systems. The standards shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code and shall be published in the State Building Standards Code located in Title 24 of the California Administrative Code. The standards shall be enforced by the appropriate state and local building and health officials.

SEC. 4. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1117

An act to amend Section 65913 of, and to add Section 65913.4 to, the Government Code, relating to housing.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 65913 of the Government Code is amended to read:

65913. (a) The Legislature finds and declares that there exists a severe shortage of affordable housing, especially for persons and families of low and moderate income, and that there is an immediate need to encourage the development of new housing, not only through the provision of financial assistance, but also through changes in law designed to do all of the following:

(1) Expedite the local and state residential development process.

(2) Assure that local governments zone sufficient land at densities high enough for production of affordable housing.

(3) Assure that local governments make a diligent effort through the administration of land use and development controls and the provision of regulatory concessions and incentives to significantly reduce housing development costs and thereby facilitate the development of affordable housing, including housing for elderly persons and families, as defined by Section 50067 of the Health and Safety Code.

These changes in the law are consistent with the responsibility of local government to adopt the program required by subdivision (c) of Section 65583.

(b) The Legislature further finds and declares that the costs of new housing developments have been increased, in part, by the existing permit process and by existing land use regulations and that vitally needed housing developments have been halted or rendered infeasible despite the benefits to the public health, safety, and welfare of those developments and despite the absence of adverse environmental impacts. It is, therefore, necessary to enact this chapter and to amend existing statutes which govern housing development so as to provide greater encouragement for local and state governments to approve needed and sound housing developments.

SEC. 2. Section 65913.4 is added to the Government Code, to read:

65913.4. (a) If a developer agrees to construct a housing development with 20 percent or more of the units reserved for occupancy by lower income households, as defined by Section 50079.5 of the Health and Safety Code, including elderly persons and families, as defined by Section 50067 of the Health and Safety Code,

who meet the criteria for lower income households, a city, county, or city and county issuing permits for the housing development shall, unless it makes one of the findings described in subdivision (b), provide at least one, and may provide more, of the following regulatory concessions or incentives to ensure that the housing development will be produced at a reduced cost:

(1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements which exceed the minimum building standards approved by the State Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required.

(2) Density bonuses, as defined by Section 65915.

(3) Approval of mixed use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.

(4) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county which result in identifiable cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county or the waiver of fees or dedication requirements.

Any density bonus granted pursuant to this subdivision is an alternative to, and not in addition to, a density bonus granted pursuant to Section 65915.

(b) After evaluating the regulatory concessions or incentives which could result in the housing development being produced at a reduced cost pursuant to subdivision (a), a city, county, or city and county may determine that it is unnecessary or inappropriate to take any of the actions identified in subdivision (a). This determination shall be supported by either of the following written findings:

(1) The housing development does not need additional local assistance because the reserved units in the development would be affordable to very low income households, as defined by Section 50105 of the Health and Safety Code, without additional assistance.

(2) The actions identified in subdivision (a) would have a substantial adverse impact upon the public health or safety. This finding shall be based upon substantial evidence in the public record.

(c) This section applies to any housing development containing five or more units, including, but not limited to, those developments that receive federal, state, or local construction or mortgage financing assistance, mortgage insurance, or rent subsidies. The units for lower income households specified in subdivision (a) shall be

reserved for a period of 10 years, or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1118

An act to add and repeal Chapter 3.5 (commencing with Section 8600) of Part 6 of the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 8600) is added to Part 6 of the Education Code, to read:

CHAPTER 3.5. MATHEMATICS, ENGINEERING, AND SCIENCE ACHIEVEMENT PROGRAM

Article 1. General Program

8600. The Legislature hereby recognizes that the connections made between the public and private sectors through the Mathematics, Engineering, and Science Achievement (MESA) program have resulted in better preparation of underrepresented students for college in mathematics- and science-based fields.

The Legislature further recognizes that the imposition of additional high school mathematics and English course requirements for admission to the University of California and the California State University requires that underrepresented students who aspire to professions in mathematics- and science-based fields be placed in the appropriate courses and receive comprehensive career counseling in grades 6 through 9.

It is the intent of the Legislature that the MESA program continue to coordinate the efforts of private industry and the segments of public education to improve the preparation of underrepresented students for college in math- and science-based fields, and that the MESA program operate under the guidance of its advisory board composed of representatives from private industry and the segments of public education.

8601. The Mathematics, Engineering, and Science Achievement (MESA) program is a cooperative effort by secondary and postsecondary educational institutions, working with private industry, to increase the number of students who graduate from college or university with the academic skills needed to gain employment in engineering, mathematics, and science-related professions in California. The goals of the program shall include, but not be limited to, all of the following:

(a) To increase the number of low-income and ethnic minority secondary school students who are adequately prepared in mathematics and science to pursue a mathematics-based course of study in college.

(b) To provide supplemental services at the college and university level which will result in a higher retention rate of low-income and ethnic minority students majoring in engineering, computer science, and other mathematics-based fields.

(c) To increase the number of college and university graduates from ethnic minority backgrounds who secure employment and careers in mathematics-based fields such as engineering, management, and computer service.

8602. (a) To accomplish the goals set forth in Section 8601, the program shall include the following two components:

(1) Precollege programming, including, but not limited to, services provided to pupils in grades 6 to 12, inclusive.

(2) College and university level programming, including, but not limited to, services provided to students who enter college after receiving MESA precollege services.

(b) The programming specified in subdivision (a) shall include, but not be limited to, services designed to accomplish all of the following:

(1) Encourage students in the secondary schools, with a particular emphasis on students in grades 9 to 12, inclusive, to acquire the academic skills needed to study mathematics, engineering, or related sciences at the postsecondary level.

(2) Promote students' awareness of career opportunities and the skills necessary to realize those opportunities sufficiently early in the students' educational careers to permit and encourage them to acquire those skills.

(3) Promote cooperation among postsecondary educational institutions, the Superintendent of Public Instruction, and school districts in working towards achieving the goals of the program.

(4) Solicit contributions of time and resources from public and private postsecondary educational institutions, high schools, and private business and industry.

8604. Subject to the approval of the Regents of the University of California, the MESA program shall be administered as a public service program through a cooperative effort involving the Superintendent of Public Instruction, the Regents of the University of California, the Trustees of the California State University, the

Board of Governors of the California Community Colleges, private industry, engineering societies, and professional organizations.

8606. (a) A MESA advisory board shall be established, and shall include, but not be limited to, representatives from all of the following:

(1) Private business and industry.

(2) Secondary educational institutions.

(3) Postsecondary educational institutions.

(b) The MESA advisory board shall do all of the following:

(1) Develop and recommend goals, objectives, and general policies for the operation and improvement of MESA.

(2) Assist in securing financial, human, and other resources for MESA from private and public sources.

(3) Review the fiscal affairs of MESA.

(4) Continuously evaluate the success of MESA in meeting the goals specified in Section 8601.

(5) Attract and enhance public, governmental, and industrial participation in MESA.

(6) Review general personnel plans for MESA.

8608. State funding for the MESA program shall be provided on a matching basis, so that the total dollar amount received from private sources equals at least 50 percent of the total dollar amount provided by the state.

8609. Prior to January 1, 1989, the California Postsecondary Education Commission shall report to the Legislature regarding all of the following:

(a) Whether MESA is operating as a cooperative effort of secondary and postsecondary educational institutions working with private industry, as specified in Section 8604.

(b) Whether the MESA advisory board is functioning as specified in Section 8606.

(c) Recommendations for the improvement of MESA operations, as appropriate and consistent with legislative intent stated in Section 8600.

8610. Commencing on January 1, 1988, the Regents of the University of California shall submit an annual report to the Legislature regarding the number of students served by MESA, and the success of the program in fulfilling the goals specified in Section 8601. The report shall be submitted on or before January 1 of each year.

Article 2. Model Engineering and Science Career Preparatory Program

8612. To supplement existing precollege programming, the MESA program shall develop a model comprehensive engineering and science career preparatory program designed to increase junior high school pupils' awareness of, and preparation for, career options in engineering and science. The objectives of the program shall be

all of the following:

(a) To increase the pool of low-income and ethnic minority students who complete junior high school prepared to embark upon a college preparatory high school program which includes four years of coursework in mathematics, English, and science, respectively.

(b) To increase the number of low-income and ethnic minority junior high school students who complete prealgebra and pregeometry courses.

(c) To enhance the content and consistency of general mathematics and science junior high school curricula.

(d) To provide junior high school teachers with in-service and other training opportunities which improve the quality of their instruction and their interaction with students.

The model program shall emphasize providing services to pupils in grades 6 to 9, inclusive, and shall include the involvement of industry and practicing engineers.

8614. In order to properly test and evaluate the model program developed pursuant to Section 8612, MESA shall establish pilot projects at a minimum of three centers located throughout California. Each center shall serve an area which includes at least four junior high schools and approximately 130 students.

8616. The California Postsecondary Education Commission shall evaluate the effectiveness of the pilot projects established pursuant to Section 8614. On or before September 1, 1989, the commission shall submit to the Legislature a report summarizing the evaluation, including, but not limited to, its recommendations regarding the merits of the model program.

8618. The sum of one hundred seventy-five thousand dollars ($175,000) is hereby appropriated from the General Fund to the University of California for the 1985–86 fiscal year, for allocation to the Mathematics, Engineering, and Science Achievement (MESA) program for purposes of funding the pilot projects established pursuant to Section 8614:

(b) It is the intent of the Legislature that funding for the continuation of the pilot projects established pursuant to Section 8614 through the 1988–89 fiscal year be provided through the appropriation for the University of California provided in the annual Budget Act.

(c) The funds appropriated for purposes of funding the pilot projects established pursuant to Section 8614 shall not be available for expenditure in any fiscal year unless the MESA program obtains one hundred seventy-five thousand dollars ($175,000) in matching funds from the private sector for that fiscal year. Upon certification by the program of the availability of matching funds, the Regents of the University of California shall transfer an amount equal to the amount of matching funds to the MESA program.

Article 3. General Provisions

8620. No provision of this chapter shall apply to the University of California unless the Regents of the University of California, by resolution, make that provision applicable.

8622. This chapter shall become inoperative on June 30, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide funding for the establishment of pilot projects pursuant to the provisions of this act in the 1985–86 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1119

An act to amend Section 15463 of, and to add Section 15462.5 to, the Government Code, and to amend Sections 16707 and 16709 of the Welfare and Institutions Code, relating to county health facilities, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 15462.5 is added to the Government Code, to read:

15462.5. Exclusively for the purpose of securing the financing of projects through the issuance of revenue bonds through the authority, and notwithstanding any other law, any city and county or county may buy or lease health facilities from the authority, and in connection therewith, sell or lease health facilities to the authority in each case with the installment payment or rental provisions, term, payment, security default, remedy, and other terms or provisions as may be specified in the installment sale, lease, or other agreement or agreements, between the authority and the city and county or county, and the city and county or county may enter into any agreement for liquidity or credit enhancement it may deem necessary or appropriate in connection therewith. This section provides a complete, additional, and alternative method for performing the acts authorized by this section, and any sale or lease of health facilities to the authority, any purchase or lease of health facilities from the authority, and any agreement for liquidity or

credit enhancement in connection therewith, pursuant to this section, need not comply with the requirements of any other law applicable to sale, purchase, lease, or credit, as the case may be, by a city and county or county.

SEC. 1.5. Section 15463 of the Government Code is amended to read:

15463. (a) There is hereby created in the State Treasury, the County Health Facilities Financing Assistance Fund which, notwithstanding Section 13340, is continuously appropriated for the purposes of this section.

(b) The Controller shall transfer the following amounts to the fund:

(1) The unencumbered balances from appropriations pursuant to Sections 16702 and 16703 of the Welfare and Institutions Code from the 1981–82, 1982–83, and 1983–84 fiscal years, and each fiscal year thereafter, except any funds appropriated by the Legislature to the State Department of Health Services pursuant to subdivisions (a) and (e) of Section 16707 of the Welfare and Institutions Code and any funds contained in the County Medical Services Program Account or the County Medical Services Program Reserve Account established pursuant to Section 16709 of the Welfare and Institutions Code.

(2) Ten million dollars ($10,000,000) from that portion of the funds in the Special Account for Capital Outlay in the General Fund which is designated for county health authority local assistance.

(c) Investment income derived from moneys in the fund shall be utilized by the authority to provide assistance to counties to pay the debt service on loans for, or otherwise assist in the financing of, facilities, as defined in paragraph (8) of subdivision (d) of Section 15432, by doing any of the following:

(1) Paying not more than 50 percent of the debt service on loans for those facilities or on revenue bonds issued by the authority to finance those facilities, as determined by the authority.

(2) Paying the cost of insurance, letters of credit, lines of credit, or by utilizing other financial devices to enhance the credit of counties in order to secure the payment of debt service on loans for those facilities or on revenue bonds issued by the authority to finance those facilities.

(3) Paying costs, fees, and expenses incurred by counties or the authority in connection with issuing, carrying, or repaying the revenue bonds or financing, acquiring, or constructing those facilities.

(4) Providing any other financial, assistance or support for those facilities, including, but not limited to, payment of any outstanding indebtedness of the county for, or secured by, those facilities, as determined necessary or appropriate by the authority to carry out the purpose of this subdivision.

(d) The authority may create separate accounts within the fund for each facility assisted pursuant to subdivision (c) or for each assistance program.

(e) Any moneys in the fund which are not required for immediate use or disbursement, as determined by the authority, may be invested in any obligations, as specified by the authority, including, but not limited to, obligations that are exempt from federal income taxation pursuant to Section 103 of the Internal Revenue Code of 1954, as amended, and direct obligations of the United States issued in book entry form.

(f) Notwithstanding any other provision of law, interest earned on the investment of moneys in the fund shall be credited to the fund and shall be available for the purposes specified in subdivision (c).

SEC. 2. Section 16707 of the Welfare and Institutions Code is amended to read:

16707. (a) Savings that occur in the County Health Services Fund due to a lack of applications for funds or for failure of local jurisdictions to expend funds as required to qualify for funding under this part may be appropriated to the State Department of Health Services by the Legislature in the annual Budget Act. To the extent that these savings are appropriated, the state department shall allocate these funds and any other funds appropriated by the Legislature pursuant to priority categories established by the Legislature in the Budget Act pursuant to subdivision (b). The funds shall be available to local jurisdictions for one-time projects upon application by the governing body of the jurisdiction. These state funds shall only be expended if a local jurisdiction agrees to a net expenditure of local jurisdiction funds in the same amount as the state funds. However, the State Director of Health Services may waive or reduce this matching fund requirement when funds are needed for a public health emergency or for a distressed county hospital if the director determines that one of the following exists:

(1) Due to financial constraints, a local jurisdiction is unable to incur net expenditures of local jurisdiction funds in the same amount as state funds provided.

(2) The interest of the state would best be served by the waiver or reduction of the matching fund requirement.

(b) The priority categories established pursuant to subdivision (a) may include, but are not limited to, the following:

(1) Public health emergencies which are unforeseen events that pose an immediate threat to the public health, such as an impending outbreak of encephalitis, plague, or other infectious disease.

(2) Distressed county hospitals which are facilities in danger of closure due to deterioration, age, or lack of compliance with code standards, and which would, in the opinion of the State Department of Health Services, be likely to stay open if certain identifiable improvements are made. No expenditure in this category shall exceed one hundred fifty thousand dollars ($150,000).

(3) Computerization of county information systems which is equipment or software, or both, that would help county health departments' accounting, revenue recovery, collections and billings, patient records, management information, and birth certification

systems, or help provide the Legislature with information to better enable it to assess the impact and effectiveness of state funds used for public health and medically indigent care services.

(4) Refugee health programs which are projects that address the unique public health problems posed by the influx of refugees into California, such as tuberculosis testing, parasitic disease control, and nutrition education.

(5) County-clinic coordination which are projects that facilitate effective utilization of private nonprofit clinics to reduce costs and improve access to primary care and public health services in medically underserved areas. These funds shall not be used for capital financing.

(6) Elder care projects, which includes the development of adult day health care centers, which are projects for developing adult day health care councils, plans, and new centers, and assisting centers which have been licensed in the prior two years, and the development of previously nonexistent programs for the elderly, which are projects establishing new programs such as cervical and breast cancer education and detection, public health nursing programs specifically for seniors, addition of case management components to existing programs, and audio-visual nutrition education programs.

(7) Any public health purpose the Legislature deems necessary.

(c) The amount of savings which may be utilized pursuant to this section shall be limited each fiscal year to the amount of funds authorized through the regular budget process pursuant to subdivision (e) plus either of the following greater amounts: (1) an amount equal to one-quarter of 1 percent of the total amount of funds appropriated to the County Health Services Fund in that fiscal year; or (2) two million two hundred thousand dollars ($2,200,000). Any funds in excess of that amount which are savings from the allocation made pursuant to Section 16702 and any funds in excess of that amount allocated to a county which did not contract with the department, pursuant to Section 16709, for the fiscal year and which are savings from allocations made from the Medically Indigent Services Account pursuant to subdivision (b) of Section 16703 shall be transferred to the County Health Facilities Financing Assistance Fund created by subdivision (a) of Section 15463 of the Government Code.

(d) The director shall report annually to the Legislature on the prior year's distribution of funds under this section.

(e) The State Department of Health Services is authorized to utilize funds that accumulate in the County Health Services Fund for administration of this program so long as these costs are authorized through the regular budget process.

SEC. 3. Section 16709 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 588 of the Statutes of 1984, is amended to read:

16709. (a) The board of supervisors of a county with a population

under 300,000, as determined in accordance with the 1980 decennial census, may enter into a contract with the department and the department may enter into a contract with that county under which the department agrees to administer the program responsibilities for specified health services to county residents certified eligible for those services by the county. Any county may also elect to act jointly on a regional basis with other counties in assuming the program responsibilities and claim state funds on a joint basis.

(b) For the period from January 1, 1983, to June 30, 1983, each county intending to contract with the department pursuant to this section shall submit to the department a notice of intent to contract adopted by the board of supervisors no later than November 15, 1982. For each fiscal year thereafter, a notice adopted by the board of supervisors shall be submitted no later than April 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department.

(c) A county contracting with the department pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) The department shall establish the County Medical Services Program Account, hereinafter referred to as the program account, in the County Health Services Fund. The following amounts may be deposited in the account:

(1) Moneys allotted under subdivisions (c) and (d) of Section 16703 to each county electing to contract with the department under this section.

(2) Any interest earned upon money deposited in the account.

(3) Any other additional moneys provided by participating counties or appropriated by the Legislature to the account.

(e) Moneys in the account specified in subdivision (d) shall be used by the department for both of the following purposes:

(1) To pay for health care services provided to the county residents meeting the eligibility criteria established pursuant to subdivision (j).

(2) To defray the department's administrative costs incurred in implementing this section. Costs for administering this section shall be borne by the participating counties out of the account specified in subdivision (d).

For costs of the initial implementation of this section, which are incurred prior to signing contracts with the counties, the department is authorized to transfer up to five hundred thousand dollars ($500,000) from Item 4260-101-001(b) to Item 4260-101-001(c) to fund fiscal intermediary changes and to Item 4260-001-001 to fund additional staff. The funds shall be repaid from the account specified in subdivision (d) to the General Fund by June 30, 1984. Any change order to the Medi-Cal fiscal intermediary contract that is required to carry out this section shall be exempted from the 30-day notice to the Legislature required by the Budget Act of 1982, Section 2, Item 4260-101-001, provision 22. This change order shall be exempt from

the Department of General Services review and approval. The funds shall be repaid by funds specified in subdivision (e) to the General Fund by June 30, 1984. Transfer of funds shall be subject to Department of Finance approval and legislative notification.

(f) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from the investment shall be deposited in the Program Account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code. All this interest shall be available to reimburse program-covered services, or for expenditure to augment the program's rates, benefits, or eligibility criteria pursuant to subdivision (j).

(g) The department shall establish a separate County Medical Services Program Reserve Account, hereinafter referred to as the reserve account, in the County Health Services Fund. Six months after the end of the 1982–83 fiscal year and thereafter, six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the total allocation available for health services made pursuant to subdivisions (c) and (d) of Section 16703 for all counties electing to contract with the department under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j).

(h) Moneys in the program account and the reserve account shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

(i) Moneys appropriated pursuant to subdivisions (c) and (d) of Section 16703 for counties electing to contract with the department pursuant to this section shall be deposited monthly as provided in subdivision (b) of Section 16706 in the program account after execution of the contract specified in subdivision (a). The Department of Finance may accelerate the deposit of the funds when necessary to meet cash flow requirements.

(j) The state shall be at risk for any amount over and above the amounts deposited in the reserve account. As a condition of the state

assuming this risk, the department may require uniform eligibility criteria and benefits to be provided which shall be mutually established by participating counties in conjunction with the department. The department in consultation with the counties may revise these eligibility criteria and benefits or alter rates of payment during the fiscal year in order to assure that sufficient funds are available for health services to county residents certified as eligible for the services. The counties and the department shall work collectively to ensure that expenditures do not exceed the funds available in the program account and may adjust eligibility and benefit criteria and payments accordingly.

Contracts shall have no force and effect unless approved by the Department of Finance.

(*l*) The state shall not incur any liability except as specified in this section.

(m) Under the program provided for in this section, the department shall reimburse hospitals for inpatient services at the rates negotiated for the Medi-Cal program by the California Medical Assistance Commission, pursuant to Article 2.6 (commencing with Section 14081) of Chapter 7 of Part 3, if both of the following circumstances exist:

(1) The hospital has a contract with the state for these rates of reimbursement.

(2) The California Medical Assistance Commission determines that reimbursement to the hospital at the contracted rate will not have a detrimental fiscal impact on either the Medi-Cal program or the program provided for in this section. In negotiating and renegotiating contracts with hospitals, the commission may seek terms which allow reimbursement for patients receiving services under this section at contracted Medi-Cal rates.

Any hospital which has a contract with the state for inpatient services under the Medi-Cal program and which has been approved by the commission to be reimbursed for patients receiving services under this section shall not deny services to these patients.

(n) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 1120

An act to amend Sections 9380, 9383, 15600, and 15602 of, and to amend, repeal, and add Section 15630 of, to add Section 9387 to, to repeal and add Section 15610 of, and to add Article 5 (commencing with Section 15640) to Chapter 11 of Part 3 of Division 9 of, the Welfare and Institutions Code, relating to dependent adult and elder abuse.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 9380 of the Welfare and Institutions Code is amended to read:

9380. The Legislature finds and declares all of the following:

(a) Elders may be subjected to abuse, neglect, or abandonment, and that this state has a responsibility to protect these persons.

(b) Special attention should be directed to the needs and problems of the elderly, recognizing that these persons constitute a significant and identifiable segment of the population and that they are more subject to risks of abuse, neglect, and abandonment.

(c) Most elders who are at the greatest risk of abuse, neglect, and abandonment by their family or caretakers suffer physical impairments and other poor health that place them in a dependent and vulnerable position.

(d) Factors which contribute to abuse, neglect, and abandonment of elders are economic instability of the family, resentment of caretaker responsibilities, stress on the caretaker, and abuse by the caretaker of drugs or alcohol.

(e) This state shall foster and promote community services for the economic, social, and personal well-being of its citizens, in order to protect those persons described in this section.

(f) Uniform state guidelines which specify when county adult protective service agencies are to investigate allegations of abuse to elders and the appropriate role of local law enforcement do not currently exist and the implementation of these guidelines is necessary in order to ensure that a minimum level of protection is provided to elders in each county.

Therefore, it is the intent of the Legislature in enacting this chapter to provide, in those instances where a county has designated

an elder abuse reporting agency, that that agency shall receive referrals or complaints from public or private agencies, from any mandated reporter submitting reports pursuant to Section 9381, or from any other source having reasonable cause to know that the welfare of an elder is endangered, and shall take any actions as are considered necessary to protect the elder and correct the situation and ensure the individual's safety.

As used in this chapter:

(a) "Elder" means a person 65 years of age or older.

(b) "Elder abuse" means any one or more of the following acts which are inflicted by other than accidental means on an elder by another person: physical abuse, fiduciary abuse, neglect, or abandonment.

(c) "Physical abuse" means a situation where any person who has the care or custody of, or who stands in a position of trust with, an elder, willfully inflicts upon that elder any cruel or inhuman corporal punishment or injury. Physical abuse includes, but is not limited to, direct beatings, sexual assault, unreasonable physical constraint, or prolonged deprivation of food or water

(d) "Fiduciary abuse" means a situation where any person who stands in a position of trust with respect to an elder, willfully steals the money or property of that elder, or secretes or appropriates the money or property of that elder, to any use or purpose not in the due and lawful execution of his or her trust.

(e) "Neglect" means the negligent failure of any person having the care or custody of an elder to exercise that degree of care which a reasonable person in a like position would exercise. Neglect includes, but is not limited to:

(1) Failure to assist in personal hygiene, or in the provision of food, and clothing for an elder.

(2) Failure to provide the medical care for the physical and mental health needs of an elder. No person shall be deemed neglected or abused for the sole reason that he or she voluntarily relies on treatment by spiritual means through prayer alone in lieu of medical treatment.

(3) Failure to protect an elder from health and safety hazards.

(4) Failure to prevent an elder from suffering malnutrition.

(f) "Abandonment" means the desertion or willful forsaking of an elder person by any person having the care or custody of that elder under circumstances in which a reasonable person would continue to provide care or custody.

(h) "Medical practitioner" means a physician and surgeon, psychiatrist, psychologist, dentist, osteopath, podiatrist, chiropractor,

resident, intern, nurse, pharmacist, or any other person who is currently licensed under Division 2 (commencing with Section 500) of the Business and Professions Code.

(k) "Adult protective services" means those preventive and remedial activities performed on behalf of elders who are unable to protect their own interests, harmed or threatened with harm, caused physical or mental injury due to the action or inaction of another person or their own action due to ignorance, illiteracy, incompetence, or poor health, lacking in adequate food, shelter, or clothing, exploited of their income and resources, or deprived of entitlement due them.

SEC. 2. Section 9383 of the Welfare and Institutions Code is amended to read:

9383. (a) If a telephone report made pursuant to subdivision (a) of Section 9381 is received by an elder protective agency other than the appropriate law enforcement agency, the receiving agency shall relay the information to the law enforcement agency by telephone as soon as possible.

(b) When an elder protective agency receives a report of abuse, neglect or abandonment of an elder or dependent adult who resides in a community care facility, that elder protective agency shall report the incident to the licensing agency by telephone as soon as possible.

(c) An elder abuse victim may refuse or withdraw consent at any time to an investigation or the provision of protective services by an elder abuse agency. The agency shall act only with the consent of the victim unless a violation of the Penal Code has been alleged.

(d) If the elder abuse victim is so incapacitated that he or she cannot legally give or deny consent to protective services, a petition for temporary conservatorship or guardianship may be initiated in accordance with Section 2250 of the Probate Code.

SEC. 3. Section 9387 is added to the Welfare and Institutions Code, to read:

9387. The department, in cooperation with representatives of county government, and in consultation with the State Department of Education, the State Department of Developmental Services, and the Department of Justice, shall establish minimum guidelines for determining when investigation of an allegation of abuse is warranted.

The State Department of Social Services shall report to the Joint Legislative Budget Committee by January 1, 1988, on the fiscal and programmatic impacts of these guidelines on county adult protective

service agencies.

SEC. 4. Section 15600 of the Welfare and Institutions Code is amended to read:

15600. (a) The Legislature recognizes that dependent adults may be subjected to abuse, neglect, or abandonment and that this state has a responsibility to protect such persons.

(b) The Legislature further recognizes that a significant number of these persons are elderly. The Legislature desires to direct special attention to the needs and problems of the elderly, recognizing that these persons constitute a significant and identifiable segment of the population and that they are more subject to risks of abuse, neglect, and abandonment.

(c) The Legislature further recognizes that a significant number of these persons are developmentally disabled. Mental and verbal limitations often leave them vulnerable to abuse and incapable of asking for help and protection.

(d) Most elders and dependent adults who are at the greatest risk of abuse, neglect, and abandonment by their family or caretakers suffer physical impairments and other poor health that place them in a dependent and vulnerable position.

(e) Factors which contribute to abuse, neglect, and abandonment of elders and dependent adults are economic instability of the family, resentment of caretaker responsibilities, stress on the caretaker, and abuse by the caretaker of drugs or alcohol.

(f) The Legislature declares that this state shall foster and promote community services for the economic, social, and personal well-being of its citizens in order to protect those persons described in this section.

(g) Uniform state guidelines which specify when county adult protective service agencies are to investigate allegations of abuse to elders and dependent adults and the appropriate role of local law enforcement do not currently exist and the implementation of these guidelines is necessary in order to ensure that a minimum level of protection is provided to elders and dependent adults in each county.

(h) Therefore, it is the intent of the Legislature in enacting this chapter to provide, in those instances where a county has designated an elder or dependent adult abuse reporting agency, that that agency shall receive referrals or complaints from public or private agencies, from any mandated reporter submitting reports pursuant to Section 9381, or from any other source having reasonable cause to know that the welfare of an elder or dependent adult is endangered, and shall take such actions as are considered necessary to protect the elder or dependent adult and correct the situation and ensure the individual's safety.

SEC. 5. Section 15602 of the Welfare and Institutions Code is amended to read:

15602. This chapter shall remain in effect only until January 1, 1990, and on that date is repealed unless a later enacted statute,

CHAPTER 1122

An act to add Chapter 2.5 (commencing with Section 273.8) to Title 9 of Part 1 of the Penal Code, relating to crimes.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 273.8) is added to Title 9 of Part 1 of the Penal Code, to read:

CHAPTER 2.5. SPOUSAL ABUSERS

273.8. The Legislature hereby finds that spousal abusers present a clear and present danger to the mental and physical well-being of the citizens of the State of California. The Legislature further finds that the concept of vertical prosecution, in which a specially trained deputy district attorney or prosecution unit is assigned to a case from its filing to its completion, is a proven way of demonstrably increasing the likelihood of convicting spousal abusers and ensuring appropriate sentences for those offenders. In enacting this chapter, the Legislature intends to support increased efforts by district attorneys' offices to prosecute spousal abusers through organizational and operational techniques that have already proven their effectiveness in selected counties in this and other states .

273.81. (a) There is hereby established in the Office of Criminal Justice Planning a program of financial and technical assistance for district attorneys' offices, designated the Spousal Abuser Prosecution Program. All funds appropriated to the Office of Criminal Justice Planning for the purposes of this chapter shall be administered and disbursed by the executive director of that office, and shall to the greatest extent feasible, be coordinated or consolidated with any federal or local funds that may be made available for these purposes.

The Office of Criminal Justice Planning shall establish guidelines for the provision of grant awards to proposed and existing programs prior to the allocation of funds under this chapter. These guidelines shall contain the criteria for the selection of agencies to receive funding and the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants pursuant to statutory authority. The guidelines shall not constitute rules, regulations, orders, or standards of general application.

(b) The executive director is authorized to allocate and award funds to counties in which spousal abuser prosecution units are established or are proposed to be established in substantial compliance with the policies and criteria set forth in this chapter.

(c) The allocation and award of funds shall be made upon application executed by the county's district attorney or by the city's

attorney and approved by the county board of supervisors or by the city council. Funds disbursed under this chapter shall not supplant local funds that would, in the absence of the California Spousal Abuser Prosecution Program, be made available to support the prosecution of spousal abuser felony cases. Local grant awards made under this program shall not be subject to review as specified in Section 14780 of the Government Code.

(d) Local government recipients shall provide 20 percent matching funds for every grant awarded under this program.

273.82. spousal abuser prosecution units receiving funds under this chapter shall concentrate enhanced prosecution efforts and resources upon individuals identified under selection criteria set forth in Section 273.83. Enhanced prosecution efforts and resources shall include, but not be limited to, all of the following:

(a) (1) Vertical prosecutorial representation, whereby the prosecutor who, or prosecution unit which, makes the initial filing or appearance in a case performs all subsequent court appearances on that particular case through its conclusion, including the sentencing phase.

(2) Vertical counselor representation, whereby a trained domestic violence counselor maintains liaison from initial court appearances through the case's conclusion, including the sentencing phase.

(b) The assignment of highly qualified investigators and prosecutors to spousal abuser cases. "Highly qualified" for the purposes of this chapter means: (1) individuals with one year of experience in the investigation and prosecution of felonies or specifically the felonies listed in subdivision (a) of Section 9991 or 273.13, (2) individuals whom the district attorney has selected to receive training as set forth in Section 13836, or (3) individuals who have attended a program providing equivalent training as approved by the Office of Criminal Justice Planning.

(c) A significant reduction of caseloads for investigators and prosecutors assigned to spousal abuser cases.

(d) Coordination with local rape victim counseling centers, spousal abuse services programs, and victim witness assistance programs. That coordination shall include, but not be limited to: referrals of individuals to receive client services; participation in local training programs; membership and participation in local task forces established to improve communication between criminal justice system agencies and community service agencies; and cooperating with individuals serving as liaison representatives of local rape victim counseling centers, spousal abuse victim programs, and victim witness assistance programs.

273.83. (a) An individual shall be the subject of a spousal abuser prosecution effort who is under arrest for any act or omission described in subdivisions (a) and (b) of Section 13700.

(b) In applying the spousal abuser selection criteria set forth in subdivision (a), a district attorney shall not reject cases for filing

exclusively on the basis that there is a family or personal relationship between the victim and the alleged offender.

(c) In exercising the prosecutorial discretion granted by Section 273.85, the district attorney shall consider the number and seriousness of the offenses currently charged against the defendant.

273.84. Subject to the provisions of Chapter 2.6 (commencing with Section 1000.6) of Title 6 of Part 2, each district attorney's office establishing a spousal abuser prosecution unit and receiving state support under this chapter shall adopt and pursue the following policies for spousal abuser cases:

(a) All reasonable prosecutorial efforts will be made to resist the pretrial release of a charged defendant meeting spousal abuser selection criteria.

(b) All reasonable prosecutorial efforts will be made to persuade the court to impose the most severe authorized sentence upon a person convicted after prosecution as a spousal abuser. In the prosecution of an intrafamily sexual abuse case, discretion may be exercised as to the type and nature of sentence recommended to the court.

(c) All reasonable prosecutorial efforts will be made to reduce the time between arrest and disposition of charge against an individual meeting spousal abuser criteria.

273.85. (a) The selection criteria set forth in Section 273.84 shall be adhered to for each spousal abuser case unless, in the reasonable exercise of prosecutor's discretion, extraordinary circumstances require departure from such policies in order to promote the general purposes and intent of this chapter.

(b) Each district attorney's office establishing a spousal abuser prosecution unit and receiving state support under this chapter shall submit the following information, on a quarterly basis, to the Office of Criminal Justice Planning:

(1) The number of spousal abuser cases referred to the district attorney's office for possible filing.

(2) The number of spousal abuser cases filed for felony prosecution.

(3) The number of spousal abuser cases taken to trial.

(4) The number of spousal abuser cases tried which resulted in conviction.

273.86. The characterization of a defendant as a "spousal abuser" as defined by this chapter shall not be communicated to the trier of fact.

273.87. The Office of Criminal Justice Planning is encouraged to utilize Federal Victims of Crimes Act (VOCA) funds or any other federal funds which may become available in order to implement the provisions of this chapter.

(e) Revenues collected under this section shall be deposited in the general fund of the local governmental entity which issues the notice to appear.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

20,000 square feet of surface area, including, but not limited to, a manmade lake or swimming lagoon with sand beaches.

CHAPTER 1126

An act to repeal and add Section 10854 of the Revenue and Taxation Code, and to amend Sections 9554 and 42001 of, to add Section 42001.8 to, and to amend, repeal, and add Section 22651 of, the Vehicle Code, relating to motor vehicles, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that revenue losses to the State of California resulting from failure to pay motor vehicle registration and license fees approach seventy million dollars ($70,000,000) annually, and that increased enforcement and

penalties, together with a final, limited opportunity to pay overdue fees without penalty, is necessary to generate additional revenue to support essential activities of the Department of the California Highway Patrol and the Department of Motor Vehicles and to improve public compliance.

It is therefore the intent of the Legislature, in enacting this act, to combine a program of increased penalties for, and enforcement of, delinquent motor vehicle registration and license fees with a limited period of amnesty from the penalties provided for delinquent fees on a one-time only basis to encourage persons in arrears to meet these obligations without penalties prior to the effective date of increased penalties and enforcement. It is the further intent of the Legislature to encourage local governments to institute parking violation amnesty programs coinciding with the registration and license fee amnesty program enacted by this act to encourage persons delinquent in both paying their parking violation penalties and their registration and license fees to settle their overdue obligations during a joint amnesty period.

SEC. 2. Section 10854 of the Revenue and Taxation Code is repealed.

SEC. 3. Section 10854 is added to the Revenue and Taxation Code, to read:

10854. Penalties for failure to pay license fees before delinquency are as specified in Section 9554 of the Vehicle Code.

SEC. 4. Section 9554 of the Vehicle Code is amended to read:

9554. (a) The penalty shall be computed as provided in Sections 9406 and 9559 and shall be collected with the fee, except that the penalty for deliquency with respect to any transfer is three dollars ($3), and applies only to the last transfer.

(b) A penalty shall be added on any application for original or renewal of registration made later than midnight of the date of expiration or on or after the date penalties become due. The penalty shall be computed after the registration and weight fees have been combined with the license fee specified in Section 10751 of the Revenue and Taxation Code.

(c) For a delinquency period of one year or less, the penalty is 20 percent of the fee.

(d) For a delinquency period of more than one year to and including two years, the penalty is 40 percent of the fee.

SEC. 5. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove a vehicle from a highway located within the territorial limits in which the officer or employee may act under any of the following circumstances:

(a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.

(b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.

(c) When any vehicle is found upon a highway and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.

(d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.

(e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.

(f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.

(g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to an extent so as to be unable to provide for its custody or removal.

(h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.

(i) When any vehicle registered in a foreign jurisdiction or without a current California registration is found upon a highway and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued to such a vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate

within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

(j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.

(k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.

(*l*) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.

(n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.

(o) When any unattended vehicle is found upon a highway with a registration expiration date in excess of one year before the date it is found on the highway. For purposes of this subdivision, the unattended vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration. In lieu of obtaining proof of current registration, the storing agency may, in its discretion, issue a notice to appear for the registration violation.

(p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway shall not be released to the registered

owner or his or her agent except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.

(q) This section shall remain in effect only until April 1, 1986, and on that date is repealed unless a later enacted statute, which is enacted on or before April 1, 1986, deletes or extends that date.

SEC. 6. Section 22651 of the Vehicle Code is amended to read:

(b) "Department" or "state department" means the State Department of Social Services.

(c) "Director" means the Director of Social Services.

SEC. 2. Section 1502.5 is added to the Health and Safety Code, to read:

Notwithstanding any provision of Section 1502, if Senate Bill 185 of the 1985–86 Regular Session of the Legislature is chaptered, residential care facilities for the elderly, as defined in Section 1569.2, shall not be considered community care facilities and shall be subject only to the provisions of the California Residential Care Facilities for the Elderly Act, Chapter 3.3 (commencing with Section 1569).

SEC. 3. Chapter 3.3 (commencing with Section 1569) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 3.3. RESIDENTIAL CARE FACILITIES FOR THE ELDERLY

Article 1. General Provisions

1569. This chapter shall be known and may be cited as the California Residential Care Facilities for the Elderly Act.

1569.1. The Legislature hereby finds and declares:

(a) The Legislature has taken steps in recent years to develop a continuum of long-term social and health support services for older persons in the community that provide a range of options for long-term care and residential care facilities for the elderly are central in that continuum.

(b) These efforts require a reevaluation of residential care for the elderly outside the constraints of the Community Care Facilities Act.

(c) The Community Care Facilities Act was enacted in 1973 with the primary purpose of ensuring that residents of state hospitals would have access to safe, alternative community-based housing.

(d) Since that time, due to shortages in affordable housing and a greater demand for residences for the elderly providing some care and supervision, a growing number of elderly persons with health and social care needs now reside in community care facilities that may or may not be designed to meet their needs.

(e) Progress in the field of gerontology has provided new insights and information as to the types of services required to allow older persons to remain as independent as possible while residing in a residential care facility for the elderly.

(f) The fluctuating health and social status of older persons

demands a system of residential care that can respond to these needs by making available multilevels of service within the facility, thus reducing the need for residents with fluctuating conditions to move between medical and nonmedical facilities.

(g) Residential care facilities for the elderly which are not primarily medically oriented represent a humane approach to meeting the housing, social and service needs of older persons, and can provide a homelike environment for older persons with a variety of care needs.

(h) It is, therefore, the intent of the Legislature to require that residential care facilities for the elderly be licensed as a separate category within the existing licensing structure of the State Department of Social Services.

1569.2. As used in this chapter:

(a) "Care and supervision" means the provision or promise to provide or make available in the future, in a residential care facility for the elderly, assistance with personal activities of daily living for residents who require this type of assistance.

(b) "Department" means the State Department of Social Services.

(c) "Director" means the Director of Social Services.

(d) "Health related services" mean services which shall be directly provided by an appropriate skilled professional, including a registered nurse, licensed vocational nurse, physical therapist, or occupational therapist.

(e) "Instrumental activities of daily living" means any of the following: housework, meal preparation and cleanup, laundry, taking of medication, money management, appropriate transportation, correspondence, telephoning, and related tasks.

(f) "License" means a basic permit to operate a residential care facility for the elderly.

(g) "Personal activities of daily living" means any of the following: dressing, feeding, toileting, bathing, transferring, and mobility and associated tasks.

(h) "Personal care" means assistance with personal activities of daily living, as defined.

(i) "Residential care facility for the elderly" means a group housing arrangement chosen voluntarily by residents over 60, but also including persons under 60 with compatible needs, who are provided varying levels and intensities of care and supervision or personal care, based upon their varying needs, as determined in order to be admitted and to remain in the facility. This subdivision shall be operative only until the enactment of legislation implementing the three levels of care in residential care facilities for the elderly pursuant to Section 1569.70.

(j) "Residential care facility for the elderly" means a group housing arrangement chosen voluntarily by residents over 60, but also including persons under 60 with compatible needs, who are provided varying levels of intensity of care and supervision, personal

care, or health related services, based upon their varying needs, as determined in order to be admitted and to remain in the facility.

This subdivision shall become operative upon the enactment of legislation implementing the three levels of care in residential care facilities for the elderly pursuant to Section 1569.70.

(k) "Supportive services" means resources available to the resident in the community which help to maintain their functional ability and meet their needs as identified in the individual resident assessment. Supportive services may include any of the following: medical, dental, and other health care services; transportation; recreational and leisure activities; social services; mental health services; and protective services.

1569.3. The license of any facility licensed as a residential facility for the elderly under the California Community Care Facilities Act provided for in Chapter 3 (commencing with Section 1500) on January 1, 1986, shall automatically be transferred for the unexpired term of the license to licensure as a residential care facility for the elderly under this act.

Article 2. Licensing

1569.10. (a) No person, firm, partnership, association, or corporation within the state shall operate, establish, manage, conduct, or maintain a residential care facility for the elderly in this state, without first obtaining a license therefor, as provided in this chapter. This section shall apply to residential care facilities for the elderly directly operated by a county. Each county operated residential care facility for the elderly shall comply with the standards established by the director.

(b) If Assembly Bill 384 of the 1985–86 Regular Session of the Legislature is chaptered and adds Section 1569.10 to the Health and Safety Code, that section shall prevail over this section.

1569.11. The department shall inspect and license residential care facilities for the elderly. A license is not transferable.

1569.12. The department may provide consulting services upon request to any residential care facility for the elderly to assist in the identification or correction of deficiencies and in the upgrading of the quality of care provided by the facility.

1569.13. The department may contract for state, county, or other public agencies to assume specified licensing, approval, or consultation responsibilities. In exercising the authority so delegated, these agencies shall conform to the requirements of this chapter and to the rules, regulations, and standards of the department. The department shall reimburse agencies for services performed pursuant to this section, and the payments shall not exceed actual cost.

If any grants-in-aid are made by the federal government for the support of any inspection or consultation service approved by the department, the amount of the federal grant shall first be applied to

defer the cost of the service before state reimbursement is made.

1569.14. No license issued pursuant to this chapter shall have any property value for sale or exchange purposes and no person, including any owner, agent, or broker, shall sell or exchange any license for any commercial purpose.

1569.145. This chapter does not apply to any of the following:

(a) Any health facility, as defined by Section 1250.

(b) Any clinic, as defined by Section 1202.

(c) Any facility conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

(d) Any house, institution, hotel, or other similar place that supplies board and room only, or room only, or board only; provided, however, that no resident thereof requires any element of care as determined by the director.

(e) Recovery houses or other similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision.

(f) Any arrangement for the receiving and care of persons by a relative or any arrangement for the receiving and care of persons from only one family by a close friend of the guardian or conservator, if the arrangement is not for financial profit and occurs only occasionally and irregularly, as defined by regulations of the department.

(g) Any similar facility determined by the director.

1569.147. (a) Nothing in this chapter authorizes the imposition of rent regulations or controls for licensed residential care facilities for the elderly.

(b) Licensed residential care facilities for the elderly are not subject to controls on rent imposed by any state or local agency or other local government entity.

1569.15. Any person desiring issuance or renewal of a license for a residential care facility for the elderly under this chapter shall file with the department, pursuant to regulations, an application on forms furnished by the department, which shall include, but not be limited to:

(a) Evidence satisfactory to the department of the ability of the applicant to comply with this chapter and of rules and regulations adopted under this chapter by the department. Where there is an application for renewal of a license, evidence satisfactory to the department that the licensee has substantially complied for the term of the previous license with this chapter, and with the rules and regulations adopted pursuant to this chapter.

(b) Evidence satisfactory to the department that the applicant is of reputable and responsible character. The evidence shall include, but not be limited to, a criminal record clearance pursuant to Section 1569.17, employment history, and character references. If the

applicant is a firm, association, organization, partnership, business trust, corporation, or company, like evidence shall be submitted as to the members or shareholders thereof, and the person in charge of the residential care facility for the elderly which application for issuance or renewal of license or special permit is made.

(c) Evidence satisfactory to the department that the applicant has sufficient financial resources to maintain the standards of service required by regulations adopted pursuant to this chapter.

(d) Disclosure of the applicant's prior or present service as an administrator, general partner, corporate officer or director of, or as a person who has held or holds a beneficial ownership of 10 percent or more in, any residential care facility for the elderly or in any facility licensed pursuant to Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), or Chapter 3 (commencing with Section 1500).

(e) Disclosure of any revocation or other disciplinary action taken, or in the process of being taken, against a license held or previously held by the entities specified in subdivision (c).

(f) Any other information as may be required by the department for the proper administration and enforcement of this chapter.

(g) Following the implementation of Article 7 (commencing with Section 1569.70) evidence satisfactory to the department of the applicant's ability to meet regulatory requirements for the level of care the facility intends to provide.

(h) Evidence satisfactory to the department of adequate knowledge of supportive services and other community supports which may be necessary to meet the needs of elderly residents.

(i) A signed statement that the person desiring issuance or renewal of a license has read and understood the residential care facility for the elderly statute and regulations.

1569.155. Upon initial licensure, residential care facilities for the elderly shall be provided a printed copy of all applicable regulations by the department, without charge. All licensees shall subscribe to the appropriate regulation subscription service and are responsible for keeping current on changes in regulatory requirements.

1569.157. (a) Every licensed residential care facility for the elderly, at the request of a majority of its residents, shall assist the residents in establishing and maintaining a resident-oriented facility council. The council shall be composed of residents of the facility and may include family members of residents of the facility. The council may, among other things, make recommendations to facility administrators to improve the quality of daily living in the facility and may negotiate to protect residents' rights with facility administrators.

(b) A violation of subdivision (a) shall not be subject to the provisions of Section 1569.40, but shall be subject to any other provision of this chapter.

1569.16. If an application for a license indicates, or the department determines during the application review process, that

the applicant previously was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), or Chapter 3 (commencing with Section 1500) and the prior license was revoked within the preceding two years, the department shall cease any further review of the application until two years shall have elapsed from the date of the revocation. The cessation of review shall not constitute a denial of the application for purposes of Section 1569.22 or any other provision of law. All residential care facilities for the elderly are exempt from the health planning requirements contained in Part 1.5 (commencing with Section 437) of Division 1.

1569.17. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than 20 days following employment, residence, or initial presence in the residential care facility for the elderly. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 273a or 273d of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting such person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license pursuant to subdivision (a), or for employment, residence, or presence in a residential care

facility for the elderly as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in paragraph (1) of Section 273a or Section 273d of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

1569.18. (a) A fee adjusted by facility and capacity shall be charged by the department for the issuance or renewal of a license to operate a residential care facility for the elderly or for processing any application therefor. The amount of the fee shall be based upon a portion of the application and renewal processing costs, but fee shall not exceed the following:

Capacity	Fee
1- 6	$100
7-15	$150
16-49	$200
50+	$250

No local jurisdiction shall impose any business license, fee, or tax for the privilege of operating a facility licensed under this chapter which serves six or fewer persons.

(b) The revenues collected from licensing fees pursuant to this section shall be deposited into the Residential Care Facility for the Elderly Fund created by subdivision (c), and, when appropriated, shall be utilized by the department to finance postlicensure inspections pursuant to Section 1569.24 to allow increased monitoring of facilities with a history of noncompliance with licensing laws and regulations pursuant to this chapter and for administrative activities in support of the licensing program. The revenues collected shall be used in addition to any other funds appropriated in support of the licensing program.

The department shall not utilize any portion of these revenues sooner than 30 days after notification in writing of the purpose and use, as approved by the Department of Finance, the Joint Legislative Budget Committee and the chairpersons of the committee in each house that considers appropriations for each fiscal year. For fiscal year 1986–87 and thereafter, the department shall submit a budget change proposal to justify any positions or any other related support costs on an ongoing basis.

(d) These fees applicable to residential care facilities for the elderly shall not be effective unless licensing fees are established for all community residential care facilities licensed by the State Department of Social Services.

1569.19. Each new license issued pursuant to this chapter shall expire 12 months from the date of issuance.

A renewal license may be issued for a period not to exceed two years; provided however, that the licensee has been found not to be in violation of any statutory requirements or rules or regulations, during the preceding license period.

Application for renewal of a license shall be filed with the department pursuant to departmental rules and regulations.

If Assembly Bill No. 1674 of the 1985–86 Regular Session of the Legislature is chaptered and adds Section 1569.19 to the Health and Safety Code, that section shall prevail over this section.

1569.20. Upon the filing of the application for issuance or renewal of a license and substantial compliance with this chapter and the rules and regulations of the department, the director shall issue to the applicant the license. If the director finds that the applicant is not in compliance with the laws or regulations of this chapter, the director shall deny the applicant a license or license renewal.

1569.21. The director may issue provisional licenses to operate residential care facilities for the elderly for the facilities which the director determines are in substantial compliance with this chapter and the rules and regulations adopted pursuant thereto; provided, that no life safety risks are involved, as determined by the director. In determining whether any life safety risks are involved, the director shall require completion of all applicable fire clearances and criminal record clearances as otherwise required by the department's rules and regulations. This provisional license shall expire six months from the date of issuance, or at such earlier time as the director may determine, and may not be renewed. However, the director may extend the term of a provisional license for an additional six months at time of application, if it is determined that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant; provided, that all other requirements for a license have been met.

1569.22. Immediately upon the denial of any application for a license, the department shall notify the applicant in writing. Within 15 days after the department mails the notice, the applicant may present his or her written petition for a hearing to the department. Upon receipt by the department of the petition in proper form, the petition shall be set for hearing. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department has all the powers granted therein.

1569.23. As a requirement for licensure, the applicant shall attend a one-day orientation given by the department which outlines the applicable rules and regulations, and the scope and responsibility for operation of a residential care facility for the elderly. The orientation shall include information on relevant community services, and may include participation by local area agencies on aging, the Long-Term Care Ombudsman, and provider organizations.

1569.24. Within 90 days of initial licensure, the department shall inspect the facility to evaluate compliance with rules and regulations and to assess the facility's continuing ability to meet regulatory requirements.

The department may take appropriate remedial action as provided for in this chapter.

Article 3. Regulations

1569.30. (a) The department shall adopt, amend, or repeal, in accordance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules, regulations, and standards as may be necessary or proper to carry out the purposes and intent of this chapter and to enable the department to exercise the powers and perform the duties conferred upon it by this chapter, not inconsistent with any statute of this state.

(b) The regulations governing residential facilities for the elderly under the Community Care Facilities Act provided for in Chapter 3 (commencing with Section 1500) shall continue to govern residential care facilities for the elderly under this act until amended or repealed.

1569.31. The regulations for a license shall prescribe standards of safety and sanitation for the physical plant and standards for basic care and supervision, personal care, and services to be provided.

The department's regulations shall allow for the development of new and innovative community programs.

In adopting regulations which implement this chapter, the department shall provide flexibility to allow facilities conducted by and exclusively for adherents of a well-recognized church or religious denomination who rely solely on prayer or spiritual means for healing to operate a licensed residential care facility for the elderly.

1569.312. Every facility required to be licensed under this chapter shall provide at least the following basic services:

(a) Assistance with instrumental activities of daily living in the combinations which meet the needs of residents.

(b) Helping residents gain access to appropriate supportive services, as defined, in the community.

(c) Being aware of the resident's general whereabouts, although the resident may travel independently in the community.

(d) Monitoring the activities of the residents while they are under the supervision of the facility to ensure their general health, safety, and wellbeing.

(e) Encouraging the residents to maintain and develop their maximum functional ability through participation in planned activities.

1569.32. Any duly authorized officer, employee, or agent of the department may, upon presentation of proper identification, enter and inspect any place providing personal care, supervision, and services at any time, with or without advance notice, to secure compliance with, or to prevent a violation of, this chapter.

1569.33. Every licensed residential care facility for the elderly shall be periodically inspected and evaluated for quality of care by a representative or representatives designated by the director. Evaluations shall be conducted at least once per year and as often as necessary to insure the quality of care being provided.

The department shall notify the facility in writing of all deficiencies in its compliance with the provisions of this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the facility. Upon finding of noncompliance, the department may levy a civil penalty not to exceed fifty dollars ($50) per day which shall be paid to the department each day until the department finds the facility in compliance. If the facility fails to comply within the established length of time, then the amount collected from the facility shall be forfeited to the department. In that case, the department may also initiate action against the facility in accordance with Article 5 (commencing with Section 1569.50).

Reports on the results of each inspection, evaluation, or consultation shall be kept on file in the department, and all inspection reports, consultation reports, lists of deficiencies, and plans of correction shall be open to public inspection in the county in which the facility is located.

If Assembly Bill 1676 of the 1985–86 Regular Session of the Legislature is chaptered and adds Section 1569.33 to the Health and Safety Code, that section shall prevail over this section.

1569.335. (a) The department shall require that the facility operator, at the expense of the facility, transmit a copy of all substantiated complaints, by certified mail, to the state ombudsman in the Department of Aging, as well as the local ombudsman, if one exists, in the following cases:

(1) In the case of any substantiated complaint relating to resident physical or sexual abuse. The facility shall have three days, from the date the facility receives the citation from the state department to comply.

(2) In any case in which a facility has received three or more substantiated complaints relating to the same violation during the term of the current license.

(b) Each facility shall retain a copy of the notices transmitted pursuant to subdivision (b) and proof of their transmittal by certified mail for a period of one year after their transmittal.

(c) If any facility to which this section applies fails to comply with this section, as determined by the department, the department shall initiate civil penalty action against the facility in accordance with Article 3 (commencing with Section 1569.30) and the related rules and regulations.

(d) If Assembly Bill No. 17 of the 1985–86 Regular Session of the Legislature is chaptered and adds Section 1569.335 to the Health and Safety Code, that section shall prevail over this section.

1569.34. The director shall have the authority to contract for per-

sonal services as required in order to perform inspections of, or consultation with, residential care facilities for the elderly.

The department shall establish by December 1, 1986, within the department an interdisciplinary team of professionals to advise the department on implementation of this chapter and to be available in crisis situations to assist local licensing evaluators on the needs of elderly residents in facilities.

This team shall include at least a geriatric nurse practitioner or a public health nurse with geriatric experience and a social worker with related experience.

1569.345. Upon request, the department shall provide the Office of the State Long-Term Care Ombudsman and any approved organizations of the office with copies of inspection reports for residential care facilities for the elderly.

1569.35. (a) Any person may request an inspection of any residential care facility for the elderly in accordance with this chapter by transmitting to the department notice of an alleged violation of applicable requirements prescribed by statutes or regulations of this state, including, but not limited to, a denial of access of any person authorized to enter the facility pursuant to Section 9722 of the Welfare and Institutions Code. Any such notice shall be in writing, specifying to a reasonable extent the details of the alleged violation, and shall be signed by the complainant.

(b) The substance of the complaint shall be provided to the licensee no earlier than at the time of the inspection. Unless the complainant specifically requests otherwise, neither the substance of the complaint provided the licensee nor any copy of the complaint or any record published, released, or otherwise made available to the licensee shall disclose the name of any person mentioned in the complaint except the name of any duly authorized officer, employee, or agent of the department conducting the investigation or inspection pursuant to this chapter.

(c) Upon receipt of a complaint, other than a complaint alleging denial of a statutory right of access to a residential care facility for the elderly, the department shall make a preliminary review and, unless the department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection within 10 days after receiving the complaint. In either event, the complainant shall be promptly informed of the department's proposed course of action.

(d) Upon receipt of a complaint alleging denial of a statutory right of access to a residential facility for the elderly, the department shall review the complaint. The complainant shall be notified promptly of the department's proposed course of action.

1569.355. The director shall establish an automated license information system on licensees and former licensees of licensed residential care facilities for the elderly. The system shall maintain a record of any information that may be pertinent, as determined by the director, for licensure under this chapter. This information may in-

clude, but is not limited to, the licensees' addresses, telephone numbers, violations of any laws related to the care of clients in a residential care facility for the elderly, licenses, revocation of any licenses and, to the extent permitted by federal law, social security numbers.

1569.36. (a) Not less than 30 days prior to the expiration date of any residential care facility for the elderly license, the department may transmit a copy to the state ombudsman in the Department of Aging as well as the local ombudsman, if one exists, of all notices sent to the facility by the department during the term of the current license as a result of a substantiated complaint regarding a violation of any of the provisions of this chapter relating to resident abuse and neglect, food, sanitation, incidental medical care, and residential supervision. During that one-year period the copy of the notices transmitted and the proof of the transmittal shall be open for public inspection.

(b) The department shall provide the names and addresses of the state ombudsman in the Department of Aging and, where applicable, the local ombudsman, to each residential care facility for the elderly. Further, the department shall notify each facility of its obligation when it is required to comply with this section.

1569.37. No licensee shall discriminate or retaliate in any manner against any person receiving the services of such licensee's residential care facility for the elderly, or against any employee of the licensee's facility, on the basis, or for the reason that, the person or employee or any other person has initiated or participated in an inspection pursuant to Section 1569.35.

Article 4. Offenses

1569.40. (a) Any person who violates this chapter, or who willfully or repeatedly violates any rule or regulation adopted under this chapter, is guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed one thousand dollars ($1,000) or by imprisonment in the county jail for a period not to exceed 180 days, or by both a fine and imprisonment.

(b) If Assembly Bill No. 1940 of the 1985–86 Regular Session of the Legislature is chaptered and adds Section 1569.40 to the Health and Safety Code, that section shall prevail over this section.

1569.41. The director may bring an action to enjoin the violation or threatened violation of Section 1569.10 or 1569.44, or both, in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss. Upon a finding by the director that the violations threaten the health or safety of persons in, or served by, a residential care facility for the elderly, the agency contracted with pursuant to Sec-

tion 1569.13 may bring an action to enjoin the violation, threatened violation, or continued violation by any residential care facility for the elderly which is located in an area for which it is responsible pursuant to the terms of the contract.

With respect to any and all actions brought pursuant to this section alleging actual violation of Section 1569.10 or 1569.44, or both, the court shall, if it finds the allegations to be true, issue its order enjoining the residential care facility for the elderly from continuance of the violation.

1569.42. Any action brought by the director against a residential care facility for the elderly shall not abate by reason of a sale or other transfer of ownership of the residential care facility for the elderly which is a party to the action except with express written consent of the director.

1569.43. The district attorney of every county shall, upon application by the state department or its authorized representative, institute and conduct the prosecution of any action for violation of this chapter within his or her county.

1569.44. A facility shall be required to be licensed if any of the following apply:

(a) It is providing care, supervision, and services as defined by regulations for residential care facilities for the elderly.

(b) It is represented as offering those services defined in regulations.

(c) It is knowingly accepting or retaining residents who need care, supervision, or services as defined by regulations.

If Assembly Bill 384 of the 1985–86 Regular Session of the Legislature is chaptered and adds Section 1569.44 to the Health and Safety Code, that section shall prevail over this section.

1569.45. A facility shall be licensed as a residential care facility for the elderly if it offers care and supervision, as defined, to its residents. Every residential care facility for the elderly in this state shall be licensed under this chapter.

1569.495. The civil, criminal, and administrative remedies available to the department pursuant to this article are not exclusive, and may be sought and employed in any combination deemed advisable by the state department to enforce this chapter.

Article 5. Suspension and Revocation

1569.50. The department may suspend or revoke any license issued under this chapter upon any of the following grounds and in the manner provided in this chapter:

(a) Violation by the licensee of this chapter or of the rules and regulations adopted under this chapter.

(b) Aiding, abetting, or permitting the violation of this chapter or of the rules and regulations adopted under this chapter.

(c) Conduct in the operation or maintenance, or both the operation and maintenance, of a residential facility for the elderly which

is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility or the people of the State of California.

(d) The conviction of a licensee, or other person mentioned in Section 1569.17 at any time during licensure, of a crime as defined in Section 1569.17.

The director may temporarily suspend any license, prior to any hearing when, in the opinion of the director, such action is necessary to protect residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date thereof and at the same time shall serve such provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of such notice. The temporary suspension shall remain in effect until such time as the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

1569.51. Proceedings for the suspension, revocation, or denial of a license under this chapter shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the powers granted by these provisions. In the event of conflict between this chapter and those provisions of the Government Code, the provisions of the Government Code shall prevail.

1569.52. The withdrawal of an application for a license after it has been filed with the department shall not, unless the department consents in writing to such withdrawal, deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any such ground.

The suspension, expiration, or forfeiture by operation of law of a license issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee on any such ground.

1569.53. Any license suspended or revoked pursuant to this chapter may be reinstated pursuant to Section 11522 of the Government Code.

Whenever a license issued under this chapter for a residential care

facility for the elderly is suspended, revoked, temporarily suspended, forfeited, canceled, or expires, the department shall provide written notice of the occurrence within 10 days to the local director of social services in the county in which the facility is located.

Article 6. Other Provisions

1569.60. (a) The director shall require as a condition precedent to the issuance, or renewal, of any license for a residential care facility for the elderly, if the licensee handles or will handle any money of a person within the facility, that the applicant for the license or the renewal of the license file or have on file with the department a bond issued by a surety company admitted to do business in this state in a sum to be fixed by the department based upon the magnitude of the operations of the applicant, but which sum shall not be less than one thousand dollars ($1,000), running to the State of California and conditioned upon his or her faithful and honest handling of the money of persons within the facility.

(b) The failure of any licensee under this chapter to maintain on file with the state department a bond in the amount prescribed by the director or who embezzles the trust funds of a person in the facility shall constitute cause for the revocation of the license.

(c) The provisions of this section shall not apply if the licensee handles moneys of persons within the residential care facility for the elderly in amounts less than fifty dollars ($50) per person and less than five hundred dollars ($500) for all persons in any month.

1569.61. The director may grant a partial or total variance from the bonding requirements of Section 1569.60 for any residential care facility for the elderly if he or she finds that compliance with them is so onerous that a residential care facility for the elderly will cease to operate, and if he or she also finds that money of the persons received or cared for in the facility has been, or will be, deposited in a bank in this state, in a trust company authorized to transact a trust business in this state, or in a savings and loan association in this state, upon condition that such money may not be withdrawn except on authorization of the guardian or conservator of the person.

1569.62. The director shall insure that operators and staffs of residential care facilities for the elderly have appropriate training to provide the care and services for which a license or certificate is issued. The department shall develop jointly with the Department of Aging, with input from provider organizations, requirements for a uniform core of knowledge within the required 20 hours of continuing education for administrators, and their designated substitutes, of residential care facilities for the elderly. This knowledge base shall include, as a minimum, basic understanding of the psycho-social and physical care needs of elderly persons and administration. The department shall develop jointly with the Department of Aging, with input from provider organizations, a uniform resident assessment tool to be used by all residential care facilities for the elderly. The

assessment tool shall, in lay terms, help to identify resident needs for service and assistance with activities of daily living.

The departments shall develop a mandatory training program on the utilization of the assessment tool to be given to administrators and their designated substitutes.

1569.63. The director shall insure that licensing personnel at the department have appropriate training to properly carry out this chapter.

1569.64. The department shall institute a staff development and training program within the organization structure to develop among staff the knowledge and understanding necessary to successfully carry out this chapter. Specifically, the department shall do all of the following:

(a) Provide staff with 36 hours of training per year which reflect the unique needs of the elderly.

(b) Give priority to applications from individuals with experience as care providers to the elderly.

(c) Provide new staff who have earned fewer than 16 semester units in gerontology or geriatric education from an accredited college at least 40 hours of preservice training in the aging process and the psycho-social and health care needs of elderly persons during the first 90 days of their employment.

1569.65. (a) On or before January 1, 1987, the department shall publish a comprehensive consumer guideline brochure to assist persons in the evaluation and selection of a licensed residential care facility for the elderly. The department shall develop the brochure for publication with the advice and assistance of the Advisory Committee on Community Care Facilities and the State Department of Aging.

(b) The consumer guideline brochure shall include, but not be limited to, guidelines highlighting resident health and safety issues to be considered in the selection of a residential care facility for the elderly, locations of the licensing offices of the State Department of Social Services where facility records may be reviewed, types of local organizations which may have additional information on specific facilities, and a list of recommended inquiries to be made in the selection of a residential care facility for the elderly.

(c) Upon publication, the consumer guideline brochures shall be distributed to statewide resident advocacy groups, statewide consumer advocacy groups, state and local ombudsmen, and all licensed residential care facilities for the elderly. The brochure shall be made available on request to all other interested persons.

1569.66. At least annually, the director shall publish and make available to interested persons a list or lists covering all licensed residential care facilities for the elderly, the services for which each facility has been licensed, and the evaluation rating of each residential care facility for the elderly. A list or lists containing changes in facility ratings shall be published and made available periodically, as determined by the director.

1569.67. For the purposes of any contract, deed, or covenant for the transfer of real property executed on or after January 1, 1979, a residential facility for the elderly which serves six or fewer persons shall be considered a residential use of property and a use of property by a single family, notwithstanding any disclaimers to the contrary.

Article 7. Levels of Care

1569.70. The Health and Welfare Agency, through an interagency task force, including a representative from the Department of Finance, shall submit to the Legislature by December 1, 1986, an implementation plan to establish regulations for three levels of care under the residential care facilities for the elderly license.

(a) The guidelines for the development of these levels of care are:

(1) Level I-Basic care and supervision. Residents at this level are able to maintain a higher degree of independence and need only minimum care and supervision, as defined, and minimal personal care assistance.

(2) Level II-Nonmedical personal care. Residents at this level have functional limitations and psycho-social needs requiring not only care and supervision but frequent assistance with personal activities of daily living and active intervention to help them maintain their potential for independent living.

(3) Level III-Health related assistance. Residents at this level require the services of lower levels and rely on the facility for extensive assistance with personal activities of daily living. This level may include residents who also require the occasional services of an appropriate skilled professional due to chronic health problems and returning residents recovering from illness, injury, or treatment which required placement in facilities providing higher levels of care.

These levels are to be based on the services required by residents at each level due to their functional limitations.

(b) The implementation plan shall include:

(1) Guidelines for meeting requirements at each level of care by utilizing appropriate community and professional services. The department shall develop options for facilities to meet resident needs by accessing community services or hiring appropriate staff.

(2) Assessment procedures for facility evaluation of resident level of care needs.

(3) Process for ensuring the individual facility's ability to serve clients at each level of care they intend to provide.

(4) Recommendations for a supplemental rate structure based on the services required at Levels II and III to be provided for residents who need those levels of care and are recipients of SSI/SSP. These rates shall be in addition to the basic SSI/SSP rate for providing care and supervision and shall reflect actual costs of operation for residential care facilities for the elderly developed in a rate study completed by the task force.

In developing the supplemental rate structure, the task force shall consider various payment mechanisms, including but not limited to, a voucher system, vendorization, and direct payments to beneficiaries.

(5) Procedures for assessment and certification of SSI/SSP recipients by county social services departments to allow for administration of the supplemental rate structure.

(6) Recommendations for appropriations in the 1987–88 Budget to implement the levels of care system.

(7) Procedures for evaluating and monitoring the appropriateness of the levels of care determined for SSI/SSP recipients.

(c) Implementation of the levels of care system shall require approval by the Legislature, and is subject to future appropriations in the Budget Act.

The implementation plan shall consider the applicability of the 1985 level of care report developed by the Health and Welfare Agency, so as to ensure continuity in the residential care facility for the elderly program as outlined under this chapter.

1569.71. In consultation with the State Fire Marshal the department shall develop and expedite implementation of regulations related to nonambulatory persons that ensure resident safety but also provide flexibility to allow residents to remain in the least restrictive environment.

Following the implementation of levels of care, regulations related to nonambulatory persons shall also provide the flexibility necessary for those levels in residential care facilities for the elderly.

SEC. 4. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the State Department of Social Services for the purposes of this act to be allocated as follows:

(a) Staff training, 1985–86 fiscal year	$60,000
(b) Establishment of an interdisciplinary team pursuant to Section 1569.34 of the Health and Safety Code, 1986–87 fiscal year	$40,000

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1128

1541. All actions brought in any court against any athlete agent may be brought in the name of the person damaged upon the bond deposited with the state by the athlete agent, and may be transferred and assigned as other claims for damages. The amount of damages claimed by plaintiff, and not the penalty named in the bond, determines the jurisdiction of the court in which the action is brought.

SEC. 34. Section 1542 of the Labor Code is amended to read:

1542. When an athlete agent has departed from the state with intent to defraud creditors or to avoid service of summons in an action brought under this chapter, service shall be made upon the surety of an athlete agent, in accordance with the Code of Civil Procedure. A copy of the summons shall be mailed to the athlete

agent at the last known post office address of his or her residence and also at the place where the business of the athlete agent was conducted as shown by the records of the Labor Commissioner. Service is complete as to the athlete agent, after mailing, at the expiration of the time prescribed by the Code of Civil Procedure for service of summons in the particular court in which suit is brought.

SEC. 35. Section 1543 of the Labor Code is amended to read:

1543. In cases of controversy arising under this chapter the parties involved shall refer the matters in dispute to the Labor Commissioner, who shall hear and determine the same, subject to an appeal within 10 days after determination, to the court of competent jurisdiction where the same shall be heard de novo.

The Labor Commissioner may certify without a hearing that there is no controversy within the meaning of this section if he or she has by investigation established that there is no dispute as to the amount of the fee due. Service of the certification shall be made upon all parties concerned by registered or certified mail with return receipt requested and the certification shall become conclusive 10 days after the date of mailing if no objection has been filed with the Labor Commissioner during that period.

SEC. 36. Section 1544 of the Labor Code is amended to read:

1544. Notwithstanding Section 1543, a provision in a contract providing for the decision by arbitration of any controversy under the contract or as to its existence, validity, construction, performance, nonperformance, breach, operation, continuance, or termination, shall be valid if all of the following occur:

(a) The provision is contained in a contract between an athlete agent and a person for whom the athlete agent under the contract undertakes to endeavor to secure employment.

(b) The provision is inserted in the contract pursuant to any rule, regulation, or contract of a bona fide labor union regulating the relations of its members to an athlete agent.

(c) The contract provides for reasonable notice to the Labor Commissioner of the time and place of all arbitration hearings.

(d) The contract provides that the Labor Commissioner or his or her authorized representative has the right to attend all arbitration hearings.

Except as otherwise provided in this section, any such arbitration shall be governed by the provisions of Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure.

If there is such an arbitration provision in a contract, the contract need not provide that the athlete agent agrees to refer any controversy between the person and the athlete agent regarding the terms of the contract to the Labor Commissioner for adjustment, and Section 1543 shall not apply to controversies pertaining to the contract.

A provision in a contract providing for the decision by arbitration of any controversy arising under this chapter which does not meet the requirements of this section is not made valid by Section 1281 of

the Code of Civil Procedure.

SEC. 36.5. Section 1545 of the Labor Code is repealed.

SEC. 37. Section 1546 of the Labor Code is amended to read:

1546. Any agent contract which is negotiated by any athlete agent who has failed to comply with Section 1510 is void and unenforceable.

SEC. 38. Section 1547 of the Labor Code is amended to read:

1547. Any person, or agent or officer thereof, who violates any provision of this chapter is guilty of a misdemeanor, punishable by a fine of not less than one thousand dollars ($1,000) or imprisonment for a period of not more than 90 days, or both.

SEC. 39. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

registration as a professional engineer, and certificates of authority may be renewed at any time within five years after expiration on filing of application for renewal on a form prescribed by the board and payment of the renewal fee in effect on the last preceding regular renewal date. If the certificate is renewed more than 60 days after its expiration, the certificate holder, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs.

SEC. 12. Section 6796.3 of the Business and Professions Code is amended to read:

6796.3. Certificates of registration as a professional engineer, and certificates of authority to use the title "structural engineer," "soil engineer," or "consulting engineer" which are not renewed within five years after expiration may not be renewed, restored, reinstated, or reissued unless all the following apply:

(a) The registrant or certificate holder has not committed any acts or crimes constituting grounds for denial of registration or of a certificate under Section 480. If the registrant or certificate holder has been practicing with an expired license or delinquent license, the board may, in its discretion, deny the application for renewal, restoration, reinstatement, or reissuance, and may file a statement of issues, as described in Section 11504 of the Government Code, based upon the registrant's or certificate holder's practice with an expired or delinquent license. The board may also, in its discretion, renew, restore, reinstate, or reissue a license if the applicant has been practicing with an expired license or delinquent license, and the board may attach conditions to the renewal, restoration, reinstatement, or reissuance of the expired license or delinquent license.

(b) The registrant or certificate holder takes and passes the examination, if any, which would be required of him or her if he or she were then applying for the certificate for the first time, or otherwise establishes to the satisfaction of the board that, with due regard for the public interest, he or she is qualified to practice the branch of engineering in which he or she seeks renewal or reinstatement.

(c) The registrant or certificate holder pays all of the fees that would be required of him or her if he or she were then applying for the certificate for the first time.

The board may, by regulation, provide for the waiver or refund of all or any part of the application fee in those cases in which a certificate is issued without an examination pursuant to the provisions of this section.

SEC. 13. Section 6796.5 is added to the Business and Professions Code, to read:

6796.5. Once an expired or delinquent certificate of registration

or certificate of authority is renewed, restored, reinstated, or reissued pursuant to Section 6796 or 6796.3, all the following shall apply:

(a) The board shall continue to have full jurisdiction and authority over the registrant or certificate holder as if the registration or authority had not expired or become delinquent.

(b) The work performed by the registrant or certificate holder during a period of expiration or delinquency shall be deemed lawful and validly performed as to persons or entities other than the registrant or authority holder.

(c) The renewal, restoration, reinstatement, or reissuance of a registration or certificate of authority shall not affect liability issues regarding work performed during a period of expiration or delinquency, nor does the fact of performance during a period of expiration on delinquency affect liability issues.

SEC. 14. Section 6796.6 is added to the Business and Professions Code, to read:

6796.6. Notwithstanding any other provision of law, the board may adopt rules to provide an opportunity from January 1, 1986, to December 31, 1987, for current delinquent registrants to have their certificate of registration or certificate of authority renewed, restored, reinstated, or reissued. The board may provide a special fee including any appropriate penalties for such action. The board may require the taking of an examination if the applicant's certificate or authority is more than five years delinquent.

SEC. 15. Section 3.5 of this bill incorporates amendments to Section 6751 of the Business and Professions Code proposed by both this bill and SB 1030. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 6751 of the Business and Professions Code, and (3) this bill is enacted after SB 1030, in which case Section 3 of this bill shall not become operative.

CHAPTER 1135

An act to amend Section 33334.3 of, and to add Sections 33334.6 and 33334.7 to, the Health and Safety Code, relating to housing.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.3 of the Health and Safety Code is amended to read:

33334.3. (a) The funds which are required by Section 33334.2 or 33334.6 to be used for the purposes of increasing and improving the community's supply of low- and moderate-income housing shall be

held in a separate Low and Moderate Income Housing Fund until used.

(b) Any interest earned by the Low and Moderate Income Housing Fund shall accrue to the fund and may only be used in the manner prescribed in Section 33334.2.

(c) The moneys in the Low and Moderate Income Housing Fund shall be used to increase and improve the supply of low- and moderate-income housing within the territorial jurisdiction of the agency.

(d) It is the intent of the Legislature that the Low and Moderate Income Housing Fund be used to the maximum extent possible to defray the costs of production and improvement of low- and moderate-income housing and that the amount of money spent for planning and general administrative activities associated with the development or improvement of that housing not be disproportionate to the amount actually spent for the costs of production and improvement of that housing.

(e) "Housing," as used in this section, includes residential hotels, as defined in subdivision (k) of Section 37912.

SEC. 2. Section 33334.6 is added to the Health and Safety Code, to read:

33334.6. (a) The Legislature finds and declares that the provision of housing is itself a fundamental purpose of the Community Redevelopment Law and that a generally inadequate statewide supply of decent, safe, and sanitary housing affordable to persons and families of low or moderate income, as defined by Section 50093, threatens the accomplishment of the primary purposes of the Community Redevelopment Law, including job creation, attracting new private investments, and creating physical, economic, social, and environmental conditions to remove and prevent the recurrence of blight. The Legislature further finds and declares that the provision and improvement of affordable housing, as provided by Section 33334.2, outside of redevelopment project areas can be of direct benefit to those projects in assisting the accomplishment of project objectives whether or not those redevelopment projects provide for housing within the project area. The Legislature finds and determines that the provision of affordable housing by redevelopment agencies and the use of taxes allocated to the agency pursuant to subdivision (b) of Section 33670 is of statewide benefit and of particular benefit and assistance to all local governmental agencies in the areas where the housing is provided.

(b) This section is applicable to all project areas, or portions of project areas, which are not subject to Section 33334.2, except that a project area, or portion of a project area, for which a resolution was adopted pursuant to subdivision (i) of Section 33334.2 is subject to this section. Project areas subject to this section which are merged prior to, or on or after, January 1, 1986, are subject to the requirements of both this section and Section 33487. The deposit of taxes into the Low and Moderate Income Housing Fund in

compliance with either this section or Section 33487 shall satisfy the requirements of both sections in the year those taxes are deposited.

(c) Except as otherwise permitted by subdivisions (d) and (e), not less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 from project areas specified in subdivision (b) for the 1985–86 fiscal year and each succeeding fiscal year shall be deposited into the Low and Moderate Income Housing Fund established pursuant to Section 33334.3 and used for the purposes set forth in Section 33334.2, unless the agency, by resolution, makes one of the findings described in paragraphs (1) to (3), inclusive, of subdivision (a) of Section 33334.2. Subdivisions (b) and (c) of Section 33334.2 apply if an agency makes any of those findings.

(d) In any fiscal year, the agency may deposit less than the amount required by subdivision (c) into the Low and Moderate Income Housing Fund if the agency finds that the difference between the amount deposited and the amount required by subdivision (c) is necessary to make payments under existing obligations of amounts due or required to be committed, set aside, or reserved by the agency during that fiscal year and which are used by the agency for that purpose. For purposes of this section, "existing obligations" means the principal of, and interest on, loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the agency to finance or refinance, in whole or in part, any redevelopment project existing on, and created prior to January 1, 1986, and contained on the statement of existing obligations adopted pursuant to subdivision (f). Obligations incurred on or after January 1, 1986, shall be deemed existing obligations for purposes of this section if the net proceeds are used to refinance existing obligations contained on the statement.

(e) In each fiscal year prior to July 1, 1996, the agency may deposit less than the amount required by subdivisions (c) and (d) into the Low and Moderate Income Housing Fund if the agency finds that the deposit of less than the amount required by those subdivisions is necessary in order to provide for the orderly and timely completion of public and private projects, programs, or activities approved by the agency prior to January 1, 1986, which are contained on the statement of existing programs adopted pursuant to subdivision (f). Approval of these projects, programs, and activities means approval by the agency of written documents which demonstrate an intent to implement a specific project, program, or activity and is not limited to final approval of a specific project, program, or activity.

(f) Any agency which deposits less than the amount required by subdivision (c) into the Low and Moderate Income Housing Fund pursuant to subdivision (d) or (e) shall adopt prior to September 1, 1986, by resolution, after a noticed public hearing, a statement of existing obligations or a statement of existing programs, or both.

(1) The agency shall prepare and submit the proposed statement to the legislative body and to the Department of Housing and Community Development prior to giving notice of the public

hearing. Notice of the time and place of the public hearing shall be transmitted to the Department of Housing and Community Development at least 15 days prior to the public hearing and notice of the time and place of the public hearing shall be published in a newspaper of general circulation in the community once a week for at least two successive weeks prior to the public hearing. The legislative body shall maintain a record of the public hearing.

(2) A copy of the resolution adopted by the agency, together with any amendments to the statement of the agency, shall be transmitted to the Department of Housing and Community Development within 10 days following adoption of the resolution by the agency.

(3) A statement of existing obligations shall describe each existing obligation and, based upon the best available information, as determined by the agency, list the total amount of the existing obligation, the annual payments required to be made by the agency pursuant to the existing obligation, and the date the existing obligation will be discharged in full.

(4) A statement of existing programs shall list the specific public and private projects, programs, or activities approved prior to January 1, 1986, which are necessary for the orderly completion of the redevelopment plan as it existed on January 1, 1986. No project, program, or activity shall be included on the statement of existing programs unless written evidence of the existence and approval of the project, program, or activity prior to January 1, 1986, is attached to the statement of existing programs.

(g) If, pursuant to subdivision (d) or (e), the agency deposits less than 20 percent of the taxes allocated to the agency pursuant to Section 33670 in any fiscal year in the Low and Moderate Income Housing Fund, the agency may adopt a resolution declaring the existence of a deficit in that fund in an amount equal to the difference between 20 percent of the taxes allocated to the agency pursuant to Section 33670 for each affected project and the amount deposited that year. If the agency adopts that resolution, the agency shall also adopt a plan to eliminate the deficit in subsequent years as determined by the agency.

(h) The obligations imposed by this section, including deficits, if any, created under this section, are hereby declared to be an indebtedness of the redevelopment project to which they relate, payable from taxes allocated to the agency pursuant to Section 33670, and shall constitute an indebtedness of the agency with respect to the redevelopment project until paid in full.

(i) In any litigation to challenge or attack a statement of existing obligations, the decision by the agency after the public hearing to include an existing obligation on the statement of existing obligations, or the decision by the agency after the public hearing to include a project, program, or activity on the statement of existing programs, the court shall uphold the action of the agency unless the court finds that the agency has abused its discretion. The Legislature finds and declares that this standard of review is necessary in order

to protect against the possible impairment of existing obligations, programs, and activities because agencies with project areas adopted prior to January 1, 1977, have incurred existing obligations and have adopted projects, programs, and activities with the authority to receive and pledge the entire allocation of funds authorized by Section 33670.

SEC. 3. Section 33334.7 is added to the Health and Safety Code, to read:

33334.7. Programs to assist or develop low- and moderate-income housing pursuant to Sections 33334.2, 33334.3, 33334.6, 33413, and 33449 shall be entitled to priority consideration for assistance in housing programs administered by the California Housing Finance Agency, the Department of Housing and Community Development, and other state agencies and departments, if those agencies or departments determine that the housing is otherwise eligible for assistance under a particular program.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1136

An act to amend Section 11713 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11713 of the Vehicle Code is amended to read:

11713. It is unlawful and a violation of this code for the holder of any license issued under this article:

(a) To make or disseminate or cause to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatever, any statement which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading; or to so make or disseminate or cause to be so disseminated any such statement as part of a plan or scheme with the intent not to sell any vehicle or service so advertised at the price stated therein, or as so advertised.

(b) To advertise or offer for sale or exchange in any manner, any vehicle not actually for sale at the premises of the dealer or available to the dealer from the manufacturer or distributor of the vehicle at the time of the advertisement or offer.

(c) To fail within 48 hours in writing to withdraw any advertisement of a vehicle that has been sold or withdrawn from sale.

(d) To advertise or represent a vehicle as a new vehicle if the vehicle falls within the purview of Section 665.

(e) To engage in the business for which the licensee is licensed without having in force and effect a bond as required by this article.

(f) For any licensed dealer to engage in the business for which the dealer is licensed without at all times maintaining an established place of business as required by this code.

(g) To include, as an added cost to the selling price of a vehicle, an amount for licensing or transfer of title of the vehicle, which amount is not due to the state unless, prior to the sale, that amount has been paid by a dealer to the state in order to avoid penalties that would have accrued because of late payment of the fees. However, a dealer may collect from the second purchaser of a vehicle a prorated fee based upon the number of months remaining in the registration year for that vehicle, if the vehicle had been previously sold by the dealer and the sale was subsequently rescinded and all the fees that were paid, as required by this code and Chapter 2 (commencing with Section 10751) of Division 2 of the Revenue and Taxation Code, were returned to the first purchaser of the vehicle.

(h) To employ any person as a salesperson who has not been licensed pursuant to Article 2 (commencing with Section 11800), and whose license is not displayed on the premises of the dealer as required by Section 11812, or to fail to willfully notify the department by mail within 10 days of the employment or termination of employment of a salesperson.

(i) To deliver, following sale, a vehicle for operation on California highways, if the vehicle does not meet all of the equipment requirements of Division 12 (commencing with Section 24000).

(j) To use or permit the use of the special plates assigned to him or her for any purpose other than as permitted by Section 11715.

(k) To advertise or otherwise represent, or knowingly to allow to be advertised or represented on behalf of or at the place of business of the license holder, that no downpayment is required in connection with the sale of a vehicle when a downpayment is in fact required and the buyer is advised or induced to finance the downpayment by a loan in addition to any other loan financing the remainder of the purchase price of the vehicle.

(*l*) To participate in the sale of a vehicle reported to the Department of Motor Vehicles under Section 5900 or 5901 without making the return and payment of any sales tax due and required by Section 6451 of the Revenue and Taxation Code.

(m) To permit the use of the dealer's license, supplies, or books by any other person for the purpose of permitting that person to

engage in the sale of vehicles required to be registered under this code, or to permit the use of the dealer's license, supplies, or books to operate a branch location to be used by any other person, whether or not the licensee has any financial or equitable interest or investment in the vehicles sold by, or the business of, or branch location used by, the other person.

(n) To violate any of the provisions of Article 10 (commencing with Section 28050) of Chapter 5 of Division 12.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1137

An act to amend Section 10800 of the Health and Safety Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 10800 of the Health and Safety Code is amended to read:

10800. The Legislature hereby finds and declares that birth defects, stillbirths, and miscarriages represent problems of public health importance about which too little is known; that such conditions lead to severe mental anguish on the part of parents and relatives and frequently to high medical care costs; and that a system to obtain more information about these conditions could result in development of preventive measures to decrease their incidence in the future. Therefore, it is the intent of the Legislature in enacting this section to accomplish all of the following:

(a) To expand the program of birth defects monitoring.

(b) To provide information on the incidence and trends of birth defects, stillbirths, and miscarriages.

(c) To provide information to determine whether environmental hazards are associated with birth defects, stillbirths, and miscarriages.

(d) To provide information as to other possible causes of birth defects, stillbirths, and miscarriages.

(e) To develop prevention strategies for reducing the incidence of birth defects, stillbirths, and miscarriages.

SEC. 2. The sum of one million dollars ($1,000,000) is hereby

appropriated from the General Fund to the State Department of Health Services for the last eight months of the 1985–86 fiscal year for purposes of implementing Division 9.5 (commencing with Section 10800) of the Health and Safety Code to expand the birth defects monitoring program to the Counties of Fresno, Sacramento, Merced, Monterey, Santa Cruz, Yolo, Stanislaus, Tulare, Napa, and San Joaquin.

SEC. 3. It is the intent of the Legislature that the implementation of the expansion described in Section 2 and plans for future expansion be evaluated by the Task Force on Expansion of the Birth Defects Monitoring Program. It is the intent of the Legislature that funding for the birth defects monitoring program in future years be through the normal budgetary process.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the funding for the California Birth Defects Monitoring Program to be synchronized with the fiscal year and in order for birth defects monitoring to begin in the Counties of Fresno, Sacramento, Merced, Monterey, Santa Cruz, Yolo, Stanislaus, Tulare, Napa, and San Joaquin, as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 1138

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 9884.6 of the Business and Professions Code is amended to read:

CHAPTER 6. DIRECT IMPORT USED MOTOR VEHICLES

44200. For purposes of this chapter, "direct import used motor vehicle" means a 1975 or later model-year light-duty motor vehicle not originally intended by the manufacturer for sale in the United States which is at least two years old and was not certified by the state board pursuant to Article 1 (commencing with Section 43100) of Chapter 2.

For the purposes of this subdivision, the age of a motor vehicle shall be determined by the following, in descending order of preference:

(a) From the first calendar day of the model year as indicated in the vehicle identification number.

(b) From the last calendar day of the month the vehicle was delivered by the manufacturer as shown on the foreign title document.

(c) From January 1 of the same calendar year as the model year shown on the foreign title document.

(d) From the last calendar day of the month the foreign title document was issued.

44201. The state board shall adopt, by regulation, a certification program for direct import used motor vehicles. The state board shall issue a certificate of conformance to each direct import used motor vehicle which meets the requirements of this program.

44202. A direct import used motor vehicle which was not registered in this state prior to the adoption of regulations adopted pursuant to Section 44201, may not be registered in this state unless it has received a certificate of conformance from the state board, except as provided in Section 44210.

44203. The certification program established pursuant to Section 44201 shall require all of the following components:

(a) A test of the vehicle's emissions performed at a laboratory licensed by the state board.

(b) A determination that the emissions of the vehicle meet applicable emission standards adopted by the state board.

(c) Any vehicle labelling and description of any emissions-related modifications to the vehicle that the state board finds appropriate to assure that the emission-related system of the vehicle can be inspected, serviced, and repaired successfully throughout the state.

(d) Any other requirements the board may determine appropriate to assure the direct import used motor vehicle will continue to comply with emission standards in use, except that no requirement may be established to warrant the emissions control system or to recall vehicles which exhibit a defective emission control system subsequent to receiving a valid certificate of conformance.

44204. The state board may perform a confirmatory test of the vehicle's emissions prior to issuance of a certificate of conformity.

44205. The state board shall adopt regulations prescribing the requirements for any laboratory seeking approval as a state-licensed

laboratory for purposes of this chapter. The requirements shall include, but not be limited to, all of the following:

(a) An agreement to random inspections of the facility and any vehicles on the premises by the state board or its designee.

(b) Recordkeeping for testing and quality control.

(c) An agreement to perform correlation testing at the request of the state board.

44209. Any person who falsifies any test record or report which has been submitted to any other person, the department, or the state board pursuant to this chapter is subject to punishment by a fine of not less than one thousand dollars ($1,000) or more than five thousand dollars ($5,000), by imprisonment for not more than five years, or by both the fine and imprisonment.

44210. The requirements of Section 44202 do not apply to any motor vehicle having a certificate of conformity issued by the federal Environmental Protection Agency pursuant to the federal Clean Air Act (42 U.S.C. Section 7401, et seq.) and originally registered in another state by a person who was a resident of that state for at least one year prior to the original registration, who subsequently establishes residence in this state and who, upon registration of the vehicle in California, provides evidence satisfactory to the Department of Motor Vehicles of that previous residence and registration.

SEC. 3. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the State Air Resources Board for expenditure during the 1985–86 fiscal year to carry out its duties pursuant to Chapter 6 (commencing with Section 44200) of Part 5 of Division 26 of the Health and Safety Code.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1139

An act to amend Sections 2540, 2541, 2542, and 2560 of the Business and Professions Code, relating to contact lens dispensing.

A registered dispensing optician shall not fit a contact lens or lenses, or a plano contact lens or lenses, unless the prescription specifically refers to and authorizes contact lenses. A registered dispensing optician shall not fit a generic type of contact lens or mode of wear for a contact lens contrary to the type or mode, if any, referred to in the prescription.

SEC. 4. Section 2560 of the Business and Professions Code is amended to read:

In no event shall a registered contact lens dispenser supervise more than three contact lens dispenser trainees. An individual shall not fit contact lenses as a trainee after acquiring five full years of experience in fitting contact lenses. After acquiring five full years of experience,

the trainee may fit contact lenses only as a registered contact lens dispenser as provided in Section 2561.

CHAPTER 1140

An act to amend Section 22790 of the Government Code, relating to health benefits.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 22790 of the Government Code is amended to read:

22790. The board may contract with carriers for basic health benefit plans, comprehensive benefit plans, and, for employees and annuitants who are also covered under basic plans, major medical plans or approve basic health benefit plans offered by employee organizations, provided that the carriers have operated successfully in the prepaid hospital and medical care field prior to the contracting for or approval thereof. Such plans shall include hospital benefits, surgical benefits, in-hospital medical benefits, outpatient benefits, obstetrical benefits, and may include other benefits including, but not limited to, benefits offered by a bona fide church, sect, denomination or organization whose principles include healing entirely by prayer or spiritual means. The board shall contract with a sufficient number of carriers and plans that provide chiropractic services so that every employee and annuitant shall have a reasonable opportunity to enroll in a plan that provides chiropractic services without prior referral by a physician. The board may contract with health maintenance organizations approved under Title XIII of the federal Public Health Services Act. The board shall approve any basic health benefit plan in existence on January 1, 1962, which meets the requirements of this part and the minimum standards and other rules and requirements prescribed by the board, and for which payroll deductions were authorized under Section 1151.

CHAPTER 1141

An act to amend Section 5080.20 of the Public Resources Code, relating to parks and recreation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 5080.20 of the Public Resources Code is amended to read:

5080.20. No contract, including a contract entered into on lands operated pursuant to an agreement entered into under Article 2 (commencing with Section 5080.30), which is expected to involve a total investment or estimated annual gross sales in excess of two hundred fifty thousand dollars ($250,000), may be advertised for bid, negotiated, renegotiated, or amended in any material respect unless and until all of the following requirements have been complied with:

(a) The commission has reviewed the proposed services, facilities, and location of the concession and determined that they meet the requirements of Sections 5001.9 and 5080.03 and are compatible with the classification of the unit in which the concession will be operated.

(b) The Legislature has reviewed and approved the proposed concession as part of the annual budget process or the requirements of subdivision (c) have been complied with. No proposed concession shall be submitted for review by the Legislature until the commission has made its determination pursuant to subdivision (a), unless deferring review by the Legislature would be adverse to the interests of the public, in which case the Legislature's review may precede the commission's determination.

(c) Following enactment of the Budget Bill, the board has determined that the proposed concession could not have been presented to the Legislature for review and approval in the course of its consideration of the Budget Bill, or the proposed concession was reviewed and approved but it is necessary to revise the terms of the invitation to bid or the contract in a material respect, and that it would be adverse to the interests of the public to defer that review and approval to a time when the Legislature next considers a Budget Bill. Upon making that determination, the board may review and approve the proposed concession, or any revision thereof, after giving at least 20 days' written notice to the Chairman of the Joint Legislative Budget Committee and to the chairmen of the fiscal and appropriate policy committees of its intended action. All actions taken by the board pursuant to this subdivision shall be reported to the Legislature in the next Governor's Budget.

(d) The proposed concession is accompanied with documentation sufficient to enable the Legislature, the commission, and the board, as the case may be, to ascertain whether the concession will conform to the requirements of this article and, as to the Legislature and the board, to evaluate fully all terms on which the concession is proposed to be let, including the rent and other returns anticipated to be received.

SEC. 2. (a) Notwithstanding subdivision (g) of Section 21191 of

the Public Resources Code, the sum of twenty-nine thousand five hundred dollars ($29,500) is hereby appropriated from the California Environmental License Plate Fund to the Department of Parks and Recreation for the Riverside-Chinatown archaeological project.

(b) None of the funds appropriated in this section may be disbursed unless and until the Director of Parks and Recreation determines that funds and in-kind services from nonstate sources in an amount at least equal to the amount appropriated in this section have been committed to the project for the 1985–86 fiscal year and that the County of Riverside has required that the Riverside-Chinatown Project be submitted for a determination of eligibility for nomination to the national register of historic places under the National Historic Preservation Act of 1966.

(c) Copies of all reports, memoranda, and analyses of artifacts financed with the funds appropriated in this section shall be furnished to the Office of Interpretive Services and the Office of Historic Preservation. Following receipt of the collection, the Riverside Municipal Museum shall make available representative, museum-quality artifacts to the Department of Parks and Recreation on a long-term loan for display at suitable places throughout California, including, particularly, places suitable for the interpretation of the history of the Chinese in California.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that urgently needed park and recreation projects at Castaic Lake State Recreation Area and other locally operated units of the state park system may be developed at the earliest possible time, and to provide funding for the proper preservation and interpretation of fragile archaeological artifacts at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 1142

An act to amend Sections 1063 and 5003.1 of, and to add Section 5003.2 to, the Public Utilities Code, relating to carriers, and making an appropriation therefor.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1063 of the Public Utilities Code is amended to read:

1063. No common carrier shall begin to operate any motor vehicle, for the transportation of property for compensation on any

public highway in this state without first having obtained from the commission a certificate declaring that public convenience and necessity require that operation. No certificate shall be required of any highway common carrier as to the fixed termini between which, or the route over which, it was actually operating as a highway common carrier on July 26, 1917, and in good faith continuously thereafter, or for the performance of pickup, delivery, or transfer services by the carrier within the carrier's lawfully published pickup and delivery zones insofar as the pickup and delivery limits do not include territory in excess of three miles from the corporate limits of any city or three miles from the post office of any unincorporated point. Any right, privilege, franchise, or permit held, owned, or obtained by any common carrier may be sold, leased, transferred, or inherited as other property, only upon authorization by the commission. For purposes of this section, "public convenience and necessity," as it affects applications for new, or extentions of existing, cement carrier certificates, means that the applicant has met the criteria for a cement contract carrier permit in Section 3623.

No certificate shall be issued unless it has been shown that the applicant meets one of the following residence requirements: If an individual, the applicant has resided in the State of California for not less than 90 days next preceding the filing of the application. If a partnership, the partner having the largest percentage interest in the partnership has resided in the State of California continuously for not less than 90 days next preceding the filing of the application. If a corporation, the applicant shall be a domestic corporation or has qualified to transact business in the State of California as a foreign corporation at the time of filing the application.

SEC. 2. Section 5003.1 of the Public Utilities Code is amended to read:

5003.1. Every railroad corporation, express corporation and freight forwarder, as these terms are defined in Part 1 (commencing with Section 201) of Division 1, and every motor transportation broker, as defined in Section 4803, and every person or corporation owning or operating motor vehicles in the transportation of property for hire upon the public highways under the jurisdiction of the commission shall, between the first and 15th days of January, April, July, and October of each year, file with the commission a statement showing the gross operating revenue derived by that person or corporation from the transportation of property for the preceding three calendar months, and shall, at the time of filing the report, pay to the commission a fee of ten dollars ($10) for each quarter. Every express corporation, freight forwarder, motor transportation broker, and every person or corporation owning or operating motor vehicles in the transportation of property for hire upon the public highways under the jurisdiction of the commission shall, at the time of filing the report, pay to the commission a fee equal to one-third of 1 percent of the amount of the gross operating revenue, except as follows:

(a) For any particular fiscal year, the commission, with the approval of the Department of Finance, may fix the fee at less than one-third of 1 percent of that amount.

(b) The commission may increase the fee pursuant to subdivision (b) of Section 5003.2.

SEC. 3. Section 5003.2 is added to the Public Utilities Code, to read:

5003.2. (a) Notwithstanding Section 5003.1, the commission shall require every highway carrier otherwise subject to Section 5003.1 for whom the commission does not establish minimum rates, or require rates to be on file with the commission, to pay a fee equal to 1/10 of 1 percent of the amount of gross operating revenue. This reduced fee shall remain in effect from July 1, 1986, to June 30, 1987.

(b) From July 1, 1986, to June 30, 1987, the commission may raise the fee imposed by Section 5003.1 upon those persons and corporations subject to that section for whom the commission establishes minimum rates or requires rates to be on file, up to a maximum of one-half of 1 percent of gross operating revenue, if the commission decides this increase is necessary to maintain adequate financing during this period.

(c) From July 1, 1986, to June 30, 1987, the commission shall conduct a study to determine the actual costs to the commission for the services it is required to provide, or does provide, to highway carriers subject to Section 5003.1 for whom the commission does not establish minimum rates or require rates to be on file with the commission. After this study is complete, the commission, the Department of Finance, and representatives of the carrier industry shall assess the results of the study, to advise whether a permanent reduced fee for highway carriers should be established.

SEC. 4. The sum of seventy thousand dollars ($70,000) is hereby appropriated from the Transportation Rate Fund to the Public Utilities Commission for the 1986–87 fiscal year for the purpose of carrying out the changes made to Section 5003.1 of the Public Utilities Code by Section 1 of this act and for implementing Section 5003.2 of the Public Utilities Code.

SEC. 5. This act shall become operative on July 1, 1986.

CHAPTER 1143

The defendant may be accompanied by his or her attorney, and may enter a plea, during such an arraignment. The defendant shall have the right to make his or her plea while physically present in the courtroom if he or she so requests.

(c) Each county conducting a pilot project pursuant to this section shall submit reports to the Legislative Analyst and the Judicial Council no later than September 30 of each year. The report shall include the following data:

(3) The number and impact of add-on defendants arraigned.

(e) Notwithstanding any other provision of this section, a judge may order a defendant's personal appearance in court for arraignment, and shall not pursuant to this section accept a plea of guilty or no contest from a defendant not physically in the courtroom.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to achieve the maximum benefit from the experience gained during the operation of the pilot projects in question, it is necessary that this act take effect immediately.

CHAPTER 1144

An act to add Section 14005.75 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 14005.75 is added to the Welfare and Institutions Code, to read:

14005.75. A person who is otherwise eligible for Medi-Cal benefits under either Section 14005.4 or 14005.7, except for income and resource eligibility, and who is receiving Medi-Cal services for the treatment of multiple sclerosis, shall continue to be eligible to receive benefits only for these services under Medi-Cal, provided that all other conditions of eligibility for the Medi-Cal program are met. These restricted benefits shall continue until such time as the person is eligible for, and receives, third party coverage for these treatments. However, restricted benefits under this section shall not continue for more than two years.

CHAPTER 1145

An act to add Chapter 4 (commencing with Section 99170) to Part 65 of the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 99170) is added to Part 65 of the Education Code, to read:

CHAPTER 4. COMPREHENSIVE STUDENT PROGRESS STUDY

99170. The Legislature hereby recognizes all of the following:

(a) The proportion of students who complete their high school education has been declining, and the rate of completion is particularly low among the fastest growing subgroups in the population.

(b) The factors which contribute to the progressively lower high school graduation rates and the different graduation rates among subgroups are not well understood.

(c) California's secondary students are becoming less competitive compared with national standards of academic achievement. While this relatively lower level of academic preparation has been linked to course selection patterns and the amount of instruction received, the factors which influence course selection and other related variables affecting student performance are not well understood.

(d) The proportion of high school graduates eligible for enrollment in the state's public universities has declined since 1976. There are also significant differences in the rates of eligibility achievement of various subgroups, which are reflected in differential enrollment rates, resulting in certain ethnic groups continuing to be severely underrepresented in public universities.

(e) While the participation rate in postsecondary education remains relatively high, the rate of degree completion is relatively low in California. The consequences for both students and the state of so many students currently enrolling in college, only to drop out before completing their degrees, are not well understood.

(f) In light of the recent increase in the state's fiscal support for all levels of education, and the array of educational reform and improvement efforts being implemented at all levels of education, the Legislature needs to better understand the effect of these reforms and funding increases upon meeting the needs of both students and society. In addition, improved data on student persistence and educational quality will complement the work of the

Commission for the Review of the Master Plan for Higher Education.

99172. The California Postsecondary Education Commission, in cooperation with the State Department of Education and the public and private segments of higher education, shall develop a feasibility plan for a study to provide comprehensive information about the factors which affect students' progress through California's educational system, from elementary school through postgraduate education. The feasibility plan shall do all of the following:

(a) Recognize the need for the study to provide information regarding, but not limited to, all of the following factors:

(1) Student progress through elementary and secondary school, including an assessment of those elements of categorical aid programs which enhance pupil progress.

(2) The transition from secondary to postsecondary education or employment.

(3) Transfer among, and retention within, the various segments of postsecondary education, and completion of degree programs.

(b) Recognize the need for the study to examine those factors which cause or assist students to continue their education, and, alternatively, the factors which contribute to the interruption or termination of elementary, secondary, and postsecondary education.

(c) Recognize the need for the study to provide information about students, including their course selection patterns, and their demographic, socioeconomic, and academic performance characteristics.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the California Postsecondary Education Commission to develop the feasibility plan for a comprehensive study on student progress at the earliest possible date, so that the commission may submit the feasibility plan to the Legislature by the March 15, 1986, deadline imposed by this act, it is necessary that this act take effect immediately.

CHAPTER 1146

An act relating to toxic gases, and making an appropriation therefor.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the State Air Resources Board for a study of the use and management of toxic gases and of accidental releases of toxic gases. The study shall be administered by the Santa Clara Fire Chiefs Association.

(b) Except as provided in subdivision (c), the study shall include, but is not limited to, the following:

(1) An evaluation of the feasibility and desirability of applying the standards that govern the transportation of nuclear materials to the transportation of toxic gases.

(2) The development of guidelines for public information programs on the hazards associated with accidental toxic gas releases and the risks associated with these accidental events.

(3) The development of model emergency response plans which local governments can use to respond to accidents involving the 15 most commonly used toxic gases in California.

(4) The preparation of training guidelines for public safety personnel responsible for enforcing the model ordinance drafted pursuant to paragraph (5) and for employees and management personnel employed at industrial facilities where toxic gases are stored and used.

(5) The drafting of a model ordinance which shall include, but is not limited to, the following:

(A) A definition of "toxic gas."

(B) Performance standards for systems that are intended to prevent the accidental release of toxic gases.

(C) The types of systems that are available or should be developed in order to meet the performance standards established pursuant to subparagraph (B).

(E) Requirements for the labeling of containers used for the storage and transportation of toxic gases and storage area standards, including area entry protection, seismic safety requirements, product separation, accidental release monitoring, alarm systems, ventilation controls, and automatic fire protection systems.

(F) Training standards for public and private sector employees, emergency response procedures, and notification requirements for accidental releases.

(c) The study prepared pursuant to this act shall not duplicate other work on accidental toxic gas releases presently underway in the state, including work being done under the CAL/OSHA program, the Office of Emergency Services, and the South Coast Air Quality Management District.

SEC. 2. The study described in Section 1 shall be completed, and a report on its results transmitted by the Santa Clara Fire Chiefs Association to the State Air Resources Board and to the Legislature, on or before January 1, 1987.

CHAPTER 1147

An act to add Section 10806 to the Health and Safety Code, relating to the Birth Defect Monitoring Program, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) In Section 10800 of the Health and Safety Code, the Legislature has previously found and declared all of the following:

(1) That birth defects, stillbirths, and miscarriages represent problems of importance to public health about which too little is known.

(2) That the conditions described in paragraph (1) lead to severe mental anguish on the part of parents and relatives and frequently lead to high costs for medical care.

(3) That a program to obtain more information about the medical problems described in paragraph (1) could result in the development of preventive measures to decrease their incidence in the future.

(b) In Section 10801 of the Health and Safety Code, the Legislature has authorized the State Director of Health Services to establish the California Birth Defects Registry, and has provided financing to maintain a birth defect monitoring program in the following five counties in the San Francisco Bay Area: Alameda, Contra Costa, San Francisco, San Mateo, and Santa Clara.

(c) The Legislature recognizes the value of expanding the Birth Defect Monitoring Program provided for in Division 9.5 (commencing with Section 10800) of the Health and Safety Code to include the County of Orange. This expansion is due to the highly industrialized nature of the county, its location in the southern half of the state, and in recognition of the model tumor registry program already established in the county.

(d) Therefore, it is the purpose of this act to authorize the State Department of Health Services to contract with the County of Orange, in the manner provided in Section 10806 of the Health and Safety Code, for the implementation of the Birth Defect Monitoring Program in that county.

SEC. 2. Section 10806 is added to the Health and Safety Code, to read:

10806. The State Department of Health Services may enter into an agreement with a county for the establishment and implementation of the Birth Defect Monitoring Program in that county. The agreement shall include provisions requiring full compliance with all the requirements of this division.

SEC. 3. The sum of two hundred seventy-five thousand dollars ($275,000) is hereby appropriated from the General Fund to the State Department of Health Services for expenditure without regard to fiscal year to expand the Birth Defect Monitoring Program provided for in Division 9.5 (commencing with Section 10800) of the Health and Safety Code to the County of Orange.

CHAPTER 1148

An act to amend Section 25168 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25168 of the Health and Safety Code is amended to read:

25168. (a) No registration shall be granted under this article unless all of the following requirements are met:

(1) The truck, trailer, semitrailer, vacuum tank, cargo tank, or container, excluding containers holding hazardous waste packages pursuant to federal Department of Transportation requirements, used to transport all types of hazardous wastes, has been inspected and received a certificate of compliance under this article.

(2) The employer owning, leasing, renting, or otherwise providing vehicles or containers used in the transportation of hazardous waste has provided both of the following:

(A) Training for any person who has not been issued a certificate pursuant to Section 12804.1 of the Vehicle Code and who will operate the vehicles or containers, which training shall be adequate to ensure the safe handling of the hazardous waste to be transported.

(B) Written documentation verifying that the operators of the vehicles or containers have received the training required by subparagraph (A).

(b) The Department of the California Highway Patrol, after consultation with the State Department of Health Services and the Department of Motor Vehicles, shall prescribe minimum standards relative to course length and subject matter for the training required by subparagraph (A) of paragraph (2) of subdivision (a).

CHAPTER 1149

An act to add Chapter 1.5 (commencing with Section 41100) to Part 24 of the Education Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.5 (commencing with Section 41100) is added to Part 24 of the Education Code, to read:

CHAPTER 1.5. SCHOOL BUSINESS PERSONNEL STAFF DEVELOPMENT TRAINING PROGRAM

41100. It is the intent of the Legislature in enacting this chapter to establish a five-year school business personnel staff development program to provide in-service training to meet the particular needs and responsibilities of school business personnel for offices of the county superintendent of schools and school districts. In-service training provided under this chapter shall focus on skills that are necessary to carry out routine business operations and to provide support to ensure that financial managers and their staffs are kept up to date with school finance and financial management changes. The program shall provide comprehensive training designed to acquaint these persons with the state system of financial reporting, recommended budgeting, accounting, business operations, data management, and recommended audit practices established by the Controller.

It is the intent of the Legislature to encourage agencies and organizations which provide in-service training programs for school district governing board members and school superintendents to include the general financial and management principles used in the business personnel training program authorized by this chapter, and to encourage these programs to ensure that key elements and concepts of school finance and financial management are clearly understood and their respective responsibilities clearly defined.

It is the intent of the Legislature that in-service programs established under this chapter be developed by the State Department of Education, with the assistance of the Controller, Department of Finance, Auditor General, representatives of private auditing, accounting, and financial management firms, school district and county school business personnel, to be conducted by the State Department of Education and individuals, firms, or agencies experienced in the training and education of school business personnel.

It is the intent of the Legislature that, during the 1986–87 fiscal

year, the staff development training program be conducted for purposes of developing, testing, and evaluating the effectiveness of the program prior to its statewide implementation.

It is further the intent of the Legislature that offices of the county superintendent of schools and school districts undergo an assessment of their present capacity to implement the state-recommended financial system for budgeting, accounting, and auditing.

The Legislature finds that the State Department of Education, in consultation with representatives of school districts, offices of the county superintendents of schools, financial management firms, public accounting firms, and other appropriate state agencies, including the Controller and the Department of Finance, has developed a model state financial reporting system applicable to each office of the county superintendent of schools and each school district. The model shall be used as a base document during the 1985–86 and 1986–87 fiscal years for purposes of developing the program. The model financial reporting system includes recommended budgeting, accounting, and reporting systems, and is designed to accommodate state auditing requirements issued by the Controller.

The Legislature further finds that an increasing number of school districts and offices of the county superintendent of schools have relied upon loans from the state as a result of budget, accounting, and general fiscal management deficiencies.

41101. (a) The State Department of Education, with the assistance of the Controller, Department of Finance, Auditor General, and private financial management and auditing firms, shall design and implement a system to review and assess, for purposes of establishing a training schedule, the capacity of school districts and offices of the county superintendent of schools to implement budgeting, accounting, auditing, and data processing practices, including the model financial reporting system developed by the department, in cooperation with other agencies and firms. The review and assessment system shall combine the efforts of state, county, and private sector personnel in the review and assessment process.

(b) To the extent funds are appropriated for this purpose, the State Department of Education shall conduct a school business personnel staff development program which shall focus on building the skill levels necessary for school district and county office business personnel to carry out routine business operations and to provide ongoing support to ensure that financial managers and their employees are able to keep pace with the continuing changes in school finance and financial management.

The department shall also make the program available to other agencies and organizations capable of utilizing the program to ensure that school district governing board members and school superintendents clearly understand the key elements and concepts of school finance and financial management, and to ensure that their

responsibilities relating to the financial management of schools are clearly defined.

(c) In addition to the requirements of subdivision (b), the department shall ensure that the staff development training program complements and supplements the changes implemented by the model financial reporting system developed by the department.

41102. (a) The department shall take such steps as are necessary, including contracting with private financial management and accounting firms and other appropriate organizations, to provide school business personnel staff development and training programs to personnel employed by school districts and county offices. The program shall be designed to ensure that participants receive up to one week of in-service training in the areas prescribed in subdivision (b) of Section 41101.

In awarding contracts under this subdivision, the department shall ensure that each contractor has previous experience in the training and education of school business personnel, and the necessary capability and personnel to participate in the staff development programs prescribed in subdivision (b) of Section 41101 and subdivision (a) of Section 41103.

(b) Upon completion of the program, the department shall forward a letter on behalf of each program participant to the county superintendent of schools or school district governing board indicating the names of persons completing the program and the number of hours of training provided.

41103. (a) To the extent funds are appropriated for this purpose, the department shall conduct the school business personnel staff development training program as a pilot program during the 1986-87 fiscal year. The program shall be conducted in conjunction with the testing of the department's model financial reporting system.

(b) The State Department of Education, the Controller, and the Department of Finance shall evaluate the pilot program on or before October 1, 1987, for purposes of determining whether the program may be appropriately and reasonably implemented on a statewide basis. If it is determined that the pilot program is capable of being conducted on a statewide basis, the program shall be implemented statewide for the period beginning July 1, 1988, and continuing through July 1, 1991. The Legislature hereby recognizes that it may not be feasible to fully implement the program on a statewide basis during the 1988-89 fiscal year. It is the intent of the Legislature to authorize the department to schedule a phased in statewide implementation of the program, so long as the department ensures that each school district and county office requiring training is provided an opportunity to participate in the program on or before July 1, 1991.

(c) For purposes of testing the model financial reporting system developed by the department, the Superintendent of Public Instruction may waive the requirements of current law and

regulations which are in conflict with the proposed model procedures, submission dates for budget documents, interim financial reports, and annual financial statements. These waivers shall only be applicable to school districts and county offices participating in the testing and development of the model financial reporting system which is part of the school business personnel staff development and training program during the 1985–86 and 1986–87 fiscal years.

SEC. 2. (a) It is the intent of the Legislature that the State Department of Education shall provide that, from funds appropriated for administrator training and evaluation programs by subdivision (a) of Item 6100-191-001 of the Budget Act of 1985, the sum of two hundred fifty thousand dollars ($250,000) shall be used for purposes of subdivision (a) of Section 41101, and of Section 41102, of the Education Code during the 1985–86 fiscal year.

(b) It is the intent of the Legislature that funds in an amount at least equivalent to that provided in subdivision (a) shall be made available in the 1986–87, 1987–88, 1988–89, and 1989–90 fiscal years.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize school districts and county superintendents of schools participating in school business personnel staff development training programs under this act to make the necessary budget adjustments prior to the adoption of their final budget for the 1985–86 fiscal year, it is necessary that this act take effect immediately.

(j) For an employer, labor organization, employment agency, apprenticeship training program, or any training program leading to employment, to fail to take all reasonable steps necessary to prevent discrimination and harassment from occurring.

(k) For an employer or other entity covered by this part to refuse to hire or employ a person or to refuse to select a person for a training program leading to employment or to bar or to discharge a person from employment or from a training program leading to employment, or to discriminate against a person in compensation or in terms, conditions, or privileges of employment because of a conflict between the person's religious belief or observance and any employment requirement, unless the employer or other entity covered by this part demonstrates that it has explored any available reasonable alternative means of accommodating the religious belief or observance, including the possibilities of excusing the person from those duties which conflict with his or her religious belief or observance or permitting those duties to be performed at another

time or by another person, but is unable to reasonably accommodate the religious belief or observance without undue hardship on the conduct of the business of the employer or other entity covered by this part. Religious belief or observance, as used in this section, includes, but is not limited to, observance such as a Sabbath or other religious holy day or days, and reasonable time necessary for travel prior and subsequent to a religious observance.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6361 of the Revenue and Taxation Code is amended to read:

6361. Any nonprofit organization, youth group sponsored by a school district, or other organization the primary purpose of which is to provide a supervised program of competitive sports for youth, or to promote good citizenship in youth, which does not discriminate

"Irregular or intermittent," as used in this section, means associated directly with a particular event, such as fairs, galas, parades, scout-a-ramas, games, and similar activities. Included are refreshment stands or booths that are utilized at scheduled events of organized leagues, but not included are storefront or mobile retail outlets which ordinarily require local business licenses, or activities by any group that does not qualify for tax-exempt status under Section 170(c) of the Internal Revenue Code.

The organizations described in this section include only Little League, Bobby Sox, Boy Scouts, Cub Scouts, Girl Scouts, Campfire Girls, Young Men's Christian Association, Young Women's Christian Association, Future Farmers of America, Future Homemakers of America, and 4-H Clubs.

"Nonprofit organization," as used in this section, does not include the state or any of its political subdivisions.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because revenue losses to local agencies due to this act are minor in nature and will not cause any financial burden to local government.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 1154

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is the existing policy of the State of California to prohibit discrimination, harassment, and retaliation in state civil service employment on the basis of any protected group classification. It is the existing policy of

the State of California, as declared by the Legislature, that procedures be established by which allegations of discrimination may be filed, timely and efficiently investigated, and fairly adjudicated according to due process and equal protection quarantees. To further this intent, the Legislature enacts this act.

SEC. 2. Section 18671.1 of the Government Code is amended to read:

18671.1. Whenever a hearing or investigation is conducted by the board or its authorized representative in regard to an appeal by an employee, the hearing or investigation shall be commenced within a reasonable time after the filing of the petition and the board shall render its decision within a reasonable time after the conclusion of the hearing or investigation, except that the period from the filing of the petition to the decision of the board shall not exceed six months and except that the board may extend the six-month period up to 45 additional days. In the event of an extension, the board shall publish substantial reasons for the need for the extension in its calendar prior to the conclusion of the six-month period. The provision relating to the six-month period for a decision may be waived by the employee but if not so waived, a failure to render a timely decision shall be deemed an exhaustion of all available administrative remedies. In cases involving complaints of discrimination, harassment, or retaliation, where the executive officer renders a decision, the decision shall be rendered within four months of the filing of the appeal.

SEC. 3. Section 18675 of the Government Code is amended to read:

18675. (a) All hearings and investigations authorized by this part shall be governed by this part and by rules of practice and procedure adopted by the board. In the conduct of any hearing or investigation any informality in any proceeding or in the manner of taking testimony shall not invalidate any order, decision, or rule made, approved, or confirmed by the board.

(b) During the investigation or hearing of a complaint of discrimination, harassment, or retaliation of a state employee, the board hearing officer, the departmental hearing officer, the board investigator, or the departmental investigator shall give due consideration to current laws and decisions applicable to the state civil service in arriving at a recommended decision. The recommended decisions of the hearing officer and the board shall include references to those laws and decisions applied.

SEC. 4. Section 19583 of the Government Code is amended to read:

19583. The board shall render a decision within a reasonable time after the hearing or investigation. The adverse action taken by the appointing power shall stand unless modified or revoked by the board. If the board finds that the cause or causes for which the adverse action was imposed were insufficient or not sustained, or that the employee was justified in the course of conduct upon which

the causes were based, it may modify or revoke the adverse action and it may order the employee returned to his or her position with appropriate restoration of backpay and lost benefits either as of the date of the adverse action or as of such later date as it may specify. The decision of the board shall be entered upon the minutes of the board and the official roster.

SEC. 5. Section 19583.5 of the Government Code is amended to read:

19583.5. (a) Any person with the consent of the board or the appointing power may file charges against an employee requesting that adverse action be taken for one or more causes for discipline specified in this article. The employee against whom the charges are filed shall have a right to answer as provided in this article. In all such cases a hearing shall be conducted in accord with this article and if the board finds that the charges are true it shall have the power to take such adverse action as in its judgment is just and proper.

(b) This section shall not be construed to supersede Section 19682.

SEC. 6. Section 19702.5 of the Government Code is amended to read:

19702.5. (a) The board shall provide to the Fair Employment and Housing Commission a copy of each affirmative action plan, and all subsequent amendments of such plans, adopted by each state agency, department, office or commission.

(b) The board shall annually, commencing January 1, 1975, submit to the Fair Employment and Housing Commission a statistical survey of the employment of each state agency, department, office or commission. The survey shall include, but not be limited to: sex, age, ethnic origin, current employment classification, salary, full-time or other employment status, department and administrative unit, and county of employment of employees.

(c) The board shall provide annual reports to the Legislature concerning the number and types of formal discrimination complaints and appeals against each appointing authority, including the length of time required for resolution, and the complaint and appeal outcome. At least once every three years the board shall conduct hearings to assess the effectiveness, accessibility, and fairness of the state discrimination complaint process. The outcome of these hearings shall be reported to the Legislature within 90 days of the hearing and shall include action plans for board resolution of deficiencies and any legislative recommendations.

(d) These reports and information shall constitute public records.

CHAPTER 1155

An act to add Section 11462.7 to the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11462.7 is added to the Welfare and Institutions Code, to read:

11462.7. (a) The Legislature finds and declares that group home providers are often unclear or uncertain about the standards used by the department to determine the reasonableness of expenditures pursuant to Section 11462.

(b) The department shall, no later than July 1, 1986, make available to all group home providers, in writing, its standards which are currently in use to determine which costs are "reasonable" pursuant to Section 11462.

(d) The department shall consult with representatives of group home providers concerning the development of new reasonableness standards and the modification of existing reasonableness standards. Group home providers shall receive written notice of, and have the opportunity to comment upon, new and modified reasonableness standards proposed by the department.

(e) Notwithstanding subdivsions (b), (c), and (d), in the event of an unanticipated circumstance or unusual expenditure, the department may exercise its discretion in interpreting what is a reasonable expenditure. However, the department shall make those interpretations available to group home providers, in writing, as quickly as it is practical to do so.

Nothing in this section shall be construed to authorize marriage, family, and child counselors or clinical social workers to determine disability for the purposes of Article 3 (commencing with Section 4650) of Chapter 2 of Part 2.

SEC. 3. Section 3351 of the Labor Code is amended to read:

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there has been a decline in racing days, attendance at racing meetings, and parimutuel handle in harness and quarter horse racing and intends to make additional racing opportunities available in order to avoid the collapse of these industries and the loss of investments in breeding farms and horses and the loss of significant employment in these segments of the racing industry. The Legislature further finds and declares that the California Horse Racing Board has the responsibility for the regulation of harness and quarter horse racing and intends to give the board the power and flexibility to adjust racing schedules to accommodate the additional racing opportunities in order to maintain the state's interest in these

industries and the revenues the state receives from horseracing.

SEC. 2. Section 19531 of the Business and Professions Code is amended to read:

19531. The board shall make such allocations of racing weeks, including such simultaneous racing between zones, as it deems appropriate. The maximum number of racing weeks which may be allocated for horseracing other than at the California Exposition and State Fair, or county or district agricultural association fairs, shall be as follows:

(a) For thoroughbred racing: 40 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone.

(c) For quarter horse racing: 15 weeks per year in the northern zone and 30 weeks per year in the combined central and southern zones.

(d) In its written application for a license, an applicant shall state the time of day (subject to Section 19571) during which it will conduct its racing meeting, and particularly the first race starting time for the various racing days. After receiving a license, a licensee shall not change such first race starting time without securing prior approval of the board.

(e) Notwithstanding this section or any other provision in this chapter, the board shall not allocate dates to a thoroughbred association in the central zone for the purpose of conducting racing during daytime hours if a thoroughbred racing association is conducting racing in the southern zone on the same date during daytime hours.

SEC. 2.5. Section 19531 of the Business and Professions Code is amended to read:

19531. The board shall make allocations of racing weeks, including simultaneous racing between zones, as it deems appropriate. The maximum number of racing weeks which may be allocated for horseracing other than at the California Exposition and State Fair, or county or district agricultural association fairs, shall be as follows:

(a) For thoroughbred racing: 40 weeks per year in the northern zone; 42 weeks per year in the central zone; and seven weeks per year in the southern zone.

(b) For harness racing: 25 weeks per year in the northern zone and 25 weeks per year in the combined central and southern zones.

(c) For quarter horse racing: 25 weeks per year in the northern zone; and 30 weeks per year in the combined central and southern zones.

(d) In its written application for a license, an applicant shall state the time of day (subject to Section 19571) during which it will conduct its racing meeting, and particularly the first race starting time for the various racing days. After receiving a license, a licensee

shall not change the first race starting time without securing prior approval of the board.

(e) Notwithstanding this section or any other provision in this chapter, the board shall not allocate dates to a thoroughbred association in the central zone for the purpose of conducting racing during daytime hours if a thoroughbred racing association is conducting racing in the southern zone on the same date during daytime hours.

SEC. 5. Section 2.5 of this bill incorporates amendments to Section 19531 of the Business and Professions Code proposed by this bill, AB 777, and SB 1005. It shall only become operative if (1) this bill and either or both of the other bills are enacted and become effective before January 1, 1986, (2) each bill amends Section 19531 of the Business and Professions Code, and (3) this bill is enacted after AB 777, or SB 1005, in which case Section 19531 of the Business and Professions Code, as amended by AB 777 or SB 1005, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of the bill shall not become operative.

CHAPTER 1158

An act to amend, repeal, and add Section 51225.3 to the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 51225.3 of the Education Code is amended to read:

51225.3. (a) Commencing with the 1986–87 school year, no pupil shall receive a diploma of graduation from high school who, while in grades 9 through 12, has not completed all of the following:

(1) At least the following numbers of courses in the subjects specified, each course having a duration of one year.

(A) Three courses in English.

(B) Two courses in mathematics.

(C) Two courses in science, including biological and physical

sciences.

(D) Three courses in social studies, including United States history and geography; world history, culture, and geography; and American government, civics, and economics.

(E) One course in visual or performing arts or foreign language.

(F) Two courses in physical education, unless the pupil has been exempted pursuant to the provisions of this code:

(2) Such other coursework as the governing board of the school district may by rule specify.

(b) The governing board, with the active involvement of parents, administrators, teachers, and pupils, shall adopt alternative means for students to complete the prescribed course of study which may include practical demonstration of skills and competencies, supervised work experience or other outside school experience, interdisciplinary study, independent study, and credit earned at a postsecondary institution. Requirements for graduation and specified alternative modes for completing the prescribed course of study shall be made available to pupils, parents, and the public.

This section shall remain in effect only until July 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1988, deletes or extends that date.

SEC. 2. Section 51225.3 is added to the Education Code, to read:

51225.3. (a) Commencing with the 1988–89 school year, no pupil shall receive a diploma of graduation from high school who, while in grades 9 through 12, has not completed all of the following:

Requirements for graduation and specified alternative modes for completing the prescribed course of

study shall be made available to pupils, parents, and the public.

This section shall become operative on July 1, 1988.

SEC. 3. The Legislature finds that the growth and stability of a democratic society and the ability of individuals to be effective consumers depends in large measure on each citizen's understanding of economics and the study of economics was recently included in the requirements for high school graduation.

The Legislature also finds that only half of all high school social studies teachers have had an economics course, and that they lack knowledge and familiarity with economics necessary to instruct students.

It is the intent of the Legislature, therefore, to increase the educational opportunities in economics for teachers and students by providing funding to support the Centers for Economic Education.

SEC. 4. On or before January 1, 1987, the Trustees of the California State University shall report to the Legislature regarding the success of the Centers for Economic Education program.

SEC. 5. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the General Fund to the Trustees of the California State University for the period commencing January 1, 1986, and ending June 30, 1986, for purposes of augmenting funding to the Centers for Economic Education. [Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Under existing law:

(1) Any elder care custodian, medical practitioner, nonmedical practitioner, or employee of an elder protective agency who has actual knowledge that an elder whom he or she observes in his or her professional capacity has been the victim of physical abuse is required to report the suspected instance of abuse to an elder protective agency.

(2) Any other person may report suspected abuse to an elder protective agency.

(b) Current information, although meager, generally shows that the abused older person usually is:

(1) Seventy-five years of age and female, and living with the abuser who is a family member.

(2) Suffering from a physical or mental ailment.

(3) Totally reliant on the abuser, who is typically a son or daughter, often an alcoholic or a drug abuser.

(c) There exists a great difficulty in getting an elderly person to report or testify concerning instances of abuse due to the elderly person's fear of further alienating the caretaker, and his or her recognition of the fact that since there is no alternative living situation available, the elderly person must either stay in the same living situation, thereby leaving the elderly person in danger of retaliation and further abuse, or be placed in a convalescent home.

(d) The intervention capacity of agencies is very limited due to a lack of any plan or program to remove the elderly person from the abusing situation.

SEC. 2. Chapter 6.3 (commencing with Section 13500) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 6.3. EMERGENCY SHELTERS FOR ELDERLY AND DEPENDENT ADULT ABUSE VICTIMS

13500. The department shall develop a program for the establishment of emergency and temporary shelters for elderly and dependent adult victims of abuse, neglect, or abandonment. Counseling services shall be provided at the emergency or temporary shelters for these elderly and dependent adult victims of abuse, neglect, or abandonment.

13501. The program provided for under this chapter shall be implemented on a pilot project basis in a minimum of six consenting counties. The program shall commence operation on January 1, 1986, and shall remain in operation until January 1, 1989, unless extended by the Legislature.

13502. The department, in consultation with representatives of county welfare departments providing services under this chapter, shall develop regulations to be utilized for this program if the program is extended by the Legislature. These regulations shall be completed prior to January 1, 1989.

13503. (a) Adult protective services pilot projects shall utilize existing resources whenever possible. New facilities shall be established to provide emergency shelters only where existing resources are inadequate.

(b) Adult protective services pilot projects shall coordinate their efforts with local agencies which provide adult services.

13503.5. A county may contract with nonprofit organizations and private sector entities pursuant to established bidding procedures for

the rendering of services under the pilot project established in that county.

13504. The department shall submit to the Governor and the Legislature, by January 1, 1988, a report evaluating the effectiveness of the program provided for under this chapter. The report shall include, but not be limited to, the number of persons served under the program. The report shall also include information as to the cost of the services provided for in this chapter, and recommendations as to whether the program should be extended beyond January 1, 1989.

13505. This chapter shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute chaptered prior to that date extends or deletes that date.

SEC. 3. The sum of five hundred sixty thousand dollars ($560,000) is hereby appropriated from the General Fund to the State Department of Social Services to implement this act as follows:

(a) The sum of thirty thousand dollars ($30,000) is hereby appropriated for expenditure during the 1985–86 fiscal year.

The people of the State of California do enact as follows:

SECTION 1. Section 30796.7 is added to the Streets and Highways Code, to read:

30796.7. (a) Notwithstanding Section 30101 or 30102, except for the purposes of subdivisions (b) and (c), a toll may not be collected from any person crossing the San Diego-Coronado Bridge after the bonds issued to construct the bridge have been retired.

(b) The commission may continue to collect tolls for the purposes of bridge operation, maintenance, rehabilitation, and improvement and improving the approaches to the bridge.

(c) In addition to the purposes for which tolls may be collected pursuant to subdivision (b), tolls may also be collected for the purpose of funding a study, to be conducted by the department, of transportation improvements and programs to alleviate bridge-related transportation problems. The study shall be completed and submitted with recommendations to the commission not later than July 1, 1986.

(d) The commission shall conduct a public hearing for the purpose of receiving input from the City of San Diego, City of Coronado, San Diego Association of Governments, and others on the issue of the level of the tolls charged. (b) For a married couple, both qualifying for benefits under this chapter, and one of whom is blind, the sum of nine hundred eighty-two dollars ($982) per month.

(c) For an aged or disabled applicant or recipient, the sum of four hundred seventy-seven dollars ($477) per month.

(d) For a married couple both qualifying for benefits under this chapter as aged or disabled, the sum of eight hundred eighty-six dollars ($886) per month.

(e) For an aged or disabled applicant or recipient under subdivision (c) or for a married couple under subdivision (d) whose living arrangement prevents preparation of his or her or their meals at home shall be entitled to an allowance of fifty-one dollars ($51) per month for an individual and one hundred three dollars ($103) per month for a married couple in addition to any other amount he or she is entitled to under this chapter.

(f) For a disabled minor under 18 living with a parent or guardian or relative by blood or marriage, the sum of three hundred seventy-eight dollars ($378) per month.

(g) For a recipient in a nonmedical out-of-home care facility, the sum of five hundred thirty-nine dollars ($539) per month.

(i) In the case of any individual, or couple, whose federal benefit received under Part A of Title XVI of the Social Security Act is reduced in accordance with Section 1612(a)(2)(A) of Public Law 92-603 because he lives in another person's household and receives support and maintenance-in-kind from such person, the appropriate grant level set forth in subdivision (a), (b), (c), or (d) of this section shall be reduced by the amount of the reduction in the federal benefit, subject to the provisions in Section 12204.

This subdivision shall be operative only during such time that such in-kind support and maintenance, under federal law, is treated as providing the basis for a lower payment standard rather than being treated as the receipt of unearned income.

This section shall become effective on January 1, 1984.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the federal government's refusal to administer funds intended to be made available for the personal and incidental needs of Medi-Cal recipients in medical facilities, through an increase in the amounts allowed to these recipients for these needs under Chapter 1621 of the Statutes of 1984, some persons are not receiving the increase intended by the Legislature.

In order that these individuals may receive this increase, as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 1162

An act to amend Section 6854 of, and to add Section 6855 to, the Vehicle Code, relating to commercial vehicles.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 6854 of the Vehicle Code is amended to read:

6854. (a) Any owner or lessor of a commercial vehicle with primary registration and plates issued in a foreign jurisdiction which

does not grant reciprocal privileges to California owners of commercial vehicles shall submit to the department proof of ability to respond in damages issued by an insurance company authorized to do business in California. This section shall apply only to commercial vehicles having an unladen weight of over 7,000 pounds which is used in the transportation of property in the conduct of a business.

(b) As an alternative to the requirements of subdivision (a), proof of ability to respond in damages may be met by submitting to the department either of the following:

(1) A certificate of registration as a foreign motor carrier or foreign motor private carrier issued by the Interstate Commerce Commission under Part 1171 of Title 49 of the Code of Federal Regulations.

(2) Contractual documents showing to the satisfaction of the department that a trailer or semitrailer subject to registration under Part 1171 of Title 49 of the Code of Federal Regulations will be towed by a truck or truck tractor operated by a motor carrier having highway carrier operating authority issued by the Public Utilities Commission.

SEC. 2. Section 6855 is added to the Vehicle Code, to read:

(b) Operate beyond the limitations or restrictions specified in the certificate as issued.

(c) Refuse to show the certificate upon request of a peace officer.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1163

An act to add and repeal Chapter 12 (commencing with Section 15710) of Part 3 of Division 9 of the Welfare and Institutions Code, relating to elderly persons, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 15710) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 12. ADULT PROTECTIVE SERVICES DEMONSTRATION PROGRAM

Article 1. Findings and Declarations

15710. The Legislature finds and declares all of the following:

(a) Recent investigations by congressional and legislative committees, academic researchers, human service agencies, and other organizations and individuals concerned with the welfare of elders and dependent adults have revealed a growing problem of abuse to these populations.

(b) The United States House of Representatives' Committee on Aging issued a report revealing that 4 percent of the nation's elderly, or one of every 25 older Americans, may be victims of some form of abuse, which means as many as 150,000 older Californians may be victims of abuse.

(c) The problems in the Adult Protective Services system include all of the following:

(1) A lack of statewide standards for investigation, assessment, intervention, and removal of abused or neglected elderly and dependent adults from their homes.

(2) A lack of early intervention resources to assist caretakers in caring for elderly and functionally disabled loved ones.

(3) A lack of structured and timely decisionmaking by the various agencies that deal with potential abuse victims.

(4) The current system of Adult Protective Services is not now adequate to meet the increasing need for services for adult abuse victims.

(d) Dependent adults and the elderly who need protection should receive assistance which permits them to live in the least restrictive environment with maximum independence.

(e) In order to address these serious problems and to meet the critical needs in this area, the state should initiate model projects in a minimum of five counties which will enable the Legislature to try new approaches to reform the Adult Protective Services system on a limited basis for a limited time with the goal of collecting data on the most effective and cost-efficient models for protecting vulnerable adults and elders and keeping them as independent as possible.

Article 2. Definitions

15715. As used in this chapter:

(a) (1) "Adult protective services" means those preventive and remedial activities performed on behalf of dependent individuals 18 years of age or older who meet any of the following criteria:

(D) They are lacking in adequate food, shelter, or clothing.

(E) They have been exploited through a taking of their income and resources, or have been deprived of an entitlement due them.

(2) Adult protective services may include, but are not limited to, investigations, needs assessment, case management, counseling, emergency shelter and transitional care, emergency in-home caretakers, adult respite care, transportation, representative payee services, money management, information and referral services, in-home support services, and out-of-home care services.

(b) "Investigation" means that activity necessary to determine the validity of a report of elder or dependent adult abuse, neglect, or abandonment.

(c) "Abuse" means the infliction of injury, intimidation, cruel punishment, or other treatment with resulting physical harm or pain or mental suffering, or the deprivation by a caregiver of goods or services which are necessary to avoid physical harm or mental suffering.

(d) "Neglect" means the failure of any person having the care or custody of a dependent adult to exercise that degree of care which a reasonable person in a like position would exercise. Neglect includes, but is not limited to:

(1) Failure to assist in personal hygiene, or in the provision of food and clothing for a dependent adult.

(2) Failure to provide the medical care for the physical and mental health needs of a dependent adult. No person shall be deemed neglected or abused for the sole reason that he or she voluntarily relies on treatment by spiritual means through prayer alone in lieu of medical treatment.

(3) Failure to protect a dependent adult from health and safety hazards.

(4) Failure to prevent a dependent adult from suffering malnutrition.

(e) "Abandonment" means the desertion or willful forsaking of a dependent adult by a caregiver.

(f) "Physical abuse" means a situation where any person who has the care or custody of, or who stands in a position of trust with, a dependent adult, willfully inflicts upon that dependent adult any cruel or inhuman corporal punishment or injury. Physical abuse

includes, but is not limited to, direct beatings, sexual assault, unreasonable physical constraint, or prolonged deprivation of food or water.

(i) "Transitional care" means temporary out-of-home placement or in-home services which will provide for the care needs and immediate safety of an elderly or dependent abuse victim until a permanent solution can be developed and implemented.

(j) Out-of-home placement includes, but is not limited to, placement in any of the following:

(1) A residential facility.

(2) A foster home setting.

(3) A residential hotel.

(4) A shelter designed specifically for the purpose of providing transitional care to elderly persons.

(k) "Elderly abuse" is defined as that term is defined pursuant to subdivisions (a) to (f), inclusive, of Section 9380.

Article 3. Establishment of Model Projects

15720. Model adult protective services projects shall be developed in accordance with the guidelines and principles set forth in this chapter. County welfare departments, or county welfare departments in consortium with local public or private elder and dependent adult abuse prevention programs with demonstrated expertise in providing services to victims of abuse, their families and abusers, may apply to the department to be considered for one of the model projects authorized by this chapter. It is the intent of the Legislature to fund different models of adult protective services under this chapter, for comparison purposes.

15721. (a) The director shall, in consultation with county representatives and the Department of Aging, develop minimum guidelines and evaluation criteria for the adult protective services model projects. These broad guidelines shall be designed to meet all of the following goals, as set forth in Title XX of the federal Social Security Act (42 U.S.C. 1397 et seq.):

(1) Achieving or maintaining self-support to prevent, reduce, or eliminate dependency.

(2) Achieving or maintaining self-sufficiency, including reduction or prevention of dependency.

(3) Preventing or remedying neglect, abuse, exploitation of adults unable to protect their own interests, or reuniting families.

(4) Preventing or reducing inappropriate institutional care by providing community-based care, home-based care, or other forms of less intensive care.

(5) Securing referral or admission for institutional care when other forms of care are not appropriate or providing services to individuals or institutions.

(b) In addition, these adult protective services model projects shall be developed in accordance with all of the following criteria:

(1) The projects shall serve elderly and dependent adults without regard to income.

(2) Project funds received by a county shall not be used to supplant already existing adult protective services funding.

(3) In counties where adult protective services presently are established, these services may be supplemented as necessary pursuant to this chapter.

(4) Each demonstration county shall utilize available private resources in the county prior to developing new county-operated services when the private adult services resources are of at least equal quality and of lesser or equal cost as compared to county-operated resources.

(5) For the purposes of the model projects established under this chapter, counties may, subject to the approval of the department, contract for the performance of activities related to the provision of adult protective services. Counties shall not, however, contract for the performance of client eligibility determinations or needs assessments for county-administered programs.

(6) Each county shall outline steps for resource identification and coordination with local programs administered by the Department of Aging, including programs under the Older Californians Act, provided for pursuant to Division 8.5 (commencing with Section 9000), and the Long-Term Care Ombudsman program, provided for under Chapter 9 (commencing with Section 9700) of Division 8.5, the department, the State Department of Health Services, the State Department of Mental Health, the State Department of Alcohol and Drug Programs, the Department of Rehabilitation and the State Department of Developmental Services, as well as private or other resources in the community, in order to promote efficient utilization of resources and to avoid duplication of service programs.

(c) At least one demonstration county shall be in a rural area, and model projects shall be established in both northern and southern areas of the state.

(d) A county welfare department interested in participating in a model project shall submit a proposal to the department. In addition to addressing the requirements of subdivisions (a), (b), and (e), the proposal shall include at a minimum, all of the following:

(1) A description of the problems which the project is intended to resolve.

(2) Target population size and characteristics.

(3) Cost estimates.

(4) A specific evaluation plan and evaluation criteria.

(e) Project proposals submitted by the applicant counties shall include, at a minimum, procedures for all of the following:

(1) Twenty-four-hour access to adult protective services, which may include availability by telephone or in person.

(2) Investigation of reports of abuse. Investigation methods may include a private in-person interview with an alleged victim, collateral contacts with physicians, neighbors, family members, and friends, and a medical examination.

(3) Assessment of the client's need for services. The assessment process may include the development of an interdisciplinary assessment process, case management, interviews with clients, or review of appropriate records.

(4) Methods of assuring that a client receives needed services to ensure his or her safety. These services may include in-home caretakers, respite care, transitional care, access to medical care, legal assistance, guardianship, and out-of-home care. A portion of each allocation to model projects shall be used for the development or utilization of transitional care, as defined in subdivision (i) of Section 15715.

(5) The use of crisis or time-limited intervention in care planning, which may include one-time-only or short-term services to address immediate needs.

(6) Coordination with existing community resources to ensure maximum access on behalf of clients and to avoid duplicative service efforts. This may include interagency agreements and letters of understanding.

(7) Programs that are designed to prevent neglect, abuse, or exploitation of elderly and dependent adults, which may include respite care or community education.

Model projects may develop alternative methods for addressing the procedures required by this subdivision, subject to approval by the department.

Article 4. Project Selection and Evaluation

15730. The department shall select a minimum of five county adult protective service agencies, with the consent of each county, to operate model projects pursuant to this chapter. The department shall enter into agreements, and negotiate contracts with, the submitting county agency to operate model projects consistent with the criteria set forth in Section 15721. Model projects selected pursuant to this chapter shall include different methods of service delivery and differing combinations of services.

15730.5. The department shall monitor and evaluate the model projects implemented pursuant to this chapter. Model pilot project counties shall provide the information necessary to monitor and

evaluate projects as determined by the department. Evaluation criteria shall include, but not be limited to, all of the following:

(a) The criteria set forth in Section 15721.

(b) The effectiveness of services provided to recipients.

(c) Program costs.

(d) The effectiveness in coordinating with other related services available to recipients.

(e) Model project program and cost effectiveness in relation to other model projects and nonmodel control counties.

15731. On or before December 31, 1987, the department shall submit a report to the Legislature which shall include, but shall not be limited to, all of the following:

(a) A financial report for each model project.

(b) A qualitative and quantitative profile of the model projects and eligible persons receiving services.

(c) A report addressing each of the evaluation components contained in Section 15730.5.

(d) An assessment of the demand for services and an evaluation of the success the models have in meeting this demand.

(e) Specific identification of any factors which significantly enhance or inhibit the success of these models in protecting vulnerable elderly and dependent adults.

(f) The appropriateness of continuing the projects or services on a demonstration or statewide basis.

Article 5. Funding

15740. The sum of one million dollars ($1,000,000) is hereby appropriated from the General Fund to the department for allocation to model projects pursuant to this chapter. The department shall use no more than 10 percent of these funds for administriative costs.

Model project counties shall provide matching funds of 20 percent of project expenditures for each year. Matching funds may be provided through cash or in-kind contributions, including staff, space, equipment, materials, and reasonable administrative services. The provisions permitting in-kind matching of funds are designed to encourage private and public collaboration in the development and delivery of services.

Funds appropriated under this section shall not be expended until the adoption by the department of standards to be met by grantees pursuant to this chapter.

15741. The department may establish staff positions as needed for the purpose of implementing and administering the model adult protective services projects provided for in this chapter.

Article 6. Duration of Chapter

15745. This chapter shall remain in effect only until July 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted prior to July 1, 1988, deletes or extends that date.

CHAPTER 1164

An act to amend Sections 15600 and 15602 of, to add Sections 15632, 15633, 15633.5, 15634, 15635, 15637, and 15640 to, and to repeal and add Sections 15610, 15630, and 15631 of, the Welfare and Institutions Code, relating to dependent adults, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 15600 of the Welfare and Institutions Code is amended to read:

15600. (a) The Legislature recognizes that dependent adults may be subjected to abuse, neglect, or abandonment and that this state has a responsibility to protect such persons.

(b) The Legislature further recognizes that a significant number of these persons are elderly. The Legislature desires to direct special attention to the needs and problems of the elderly, recognizing that these persons constitute a significant and identifiable segment of the population and that they are more subject to risks of abuse, neglect, and abandonment.

(c) The Legislature further recognizes that a significant number of these persons have developmental disabilities and that mental and verbal limitations often leave them vulnerable to abuse and incapable of asking for help and protection.

(d) Most elders and dependent adults who are at the greatest risk of abuse, neglect, or abandonment by their family or caretakers suffer physical impairments and other poor health that place them in a dependent and vulnerable position.

(e) Factors which contribute to abuse, neglect, or abandonment of elders and dependent adults are economic instability of the family, resentment of caretaker responsibilities, stress on the caretaker, and abuse by the caretaker of drugs or alcohol.

(f) The Legislature declares that this state shall foster and promote community services for the economic, social, and personal well-being of its citizens in order to protect those persons described in this section.

(g) Uniform state guidelines which specify when county adult protective service agencies are to investigate allegations of abuse to

elders and dependent adults and the appropriate role of local law enforcement do not currently exist and the implementation of these guidelines is necessary in order to ensure that a minimum level of protection is provided to elders and dependent adults in each county.

(h) Therefore, it is the intent of the Legislature in enacting this chapter to provide that, in those instances where a county has designated an elder or dependent adult abuse reporting agency, that agency shall receive referrals or complaints from public or private agencies, from any mandated reporter submitting reports pursuant to Section 9381 or 15630, or from any other source having reasonable cause to know that the welfare of an elder or dependent adult is endangered, and shall take such actions as are considered necessary to protect the elder or dependent adult and correct the situation and ensure the individual's safety.

SEC. 9. Section 15633 is added to the Welfare and Institutions Code, to read:

15633. (a) A telephone report of a known or suspected instance of dependent adult abuse shall include the name of the person making the report, the name and age of the dependent adult, the present location of the dependent adult, the names and addresses of family members or any other person responsible for the dependent adult's care, if known, the nature and extent of the dependent adult's condition, and any other information, including information that led that person to suspect dependent adult abuse requested by the adult protective services agency.

(b) The written reports required for the reporting procedures, as defined in this chapter, shall be submitted on forms adopted by the department after consultation with representatives of the various law enforcement agencies, professional medical and nursing agencies, hospital associations, the Department of Aging, the State Department of Developmental Services, the State Department of Education, and the county probation or welfare departments. These forms shall be distributed by the county adult protective services agencies.

(c) Information relevant to the incident of dependent adult abuse may also be given to an investigator from an adult protective services agency or a local law enforcement agency who is investigating the known or suspected case of dependent adult abuse.

(d) The identity of all persons who report under this chapter shall be confidential and disclosed only between adult protective services agencies or local law enforcement agencies, or to counsel representing an adult protective services or a local law enforcement agency, to the district attorney in a criminal prosecution, or when persons reporting waive confidentiality, or by court order.

(e) Notwithstanding subdivision (a), persons who may report pursuant to Section 15631 are not required to include their names.

SEC. 10. Section 15633.5 is added to the Welfare and Institutions Code, to read:

15633.5. (a) The reports required by Section 15630 shall be confidential and may be disclosed only as provided in subdivision (b). Any violation of the confidentiality required by this chapter is a misdemeanor punishable by not more than six months in the county jail, by a fine of five hundred dollars ($500), or by both that fine and imprisonment.

(b) Reports of suspected dependent adult abuse and information contained therein may be disclosed only to the following:

(1) Persons or agencies to whom disclosure of the identity of the reporting party is permitted under Section 15633.

(2) Persons or agencies to whom disclosure of information is permitted under subdivision (b) of Section 15635.

(3) Persons or agencies with whom investigations of abuse of dependent adults are coordinated under regulations promulgated under Section 15640.

(c) This section shall not be interpreted to allow disclosure of any reports or records relevant to the reports of dependent adult abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of the abuse.

SEC. 11. Section 15634 is added to the Welfare and Institutions Code, to read:

15634. (a) No care custodian, health practitioner or employee of an adult protective service agency or a local law enforcement agency who reports a known or suspected instance of dependent adult abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of dependent adult abuse shall not incur civil or criminal liability as a result of any report authorized by this article, unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, or any person taking photographs at his or her discretion, shall incur any civil or criminal liability for taking photographs of a suspected victim of dependent adult abuse or causing photographs to be taken of such a suspected victim or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any care custodian, health practitioner, or employee of an adult protective services agency or a local law enforcement agency who, pursuant to a request from an adult protective services agency or a local law enforcement agency, provides the requesting agency with access to the victim of a known or suspected instance of dependent adult abuse shall not incur civil or criminal liability as a

result of providing that access.

(c) The Legislature finds that, even though it has provided immunity from liability to persons required to report dependent adult abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a care custodian, health practitioner, or an employee of an adult protective services agency or a local law enforcement agency may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000). This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) Any person who fails to report an instance of dependent adult abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, by a fine of not exceeding one thousand dollars ($1,000), or by both that fine and imprisonment.

SEC. 12. Section 15635 is added to the Welfare and Institutions Code, to read:

15635. (a) The county board of supervisors may designate a voluntary or private nonprofit community agency to receive reports filed pursuant to this article.

(b) Each county adult protective services agency or designated control agency shall maintain an inventory of all public and private service agencies available to assist victims of abuse, as defined by Section 15610. This inventory shall be used to refer victims in the event that the county adult protective services agency cannot resolve the immediate needs of the victim, and to serve the victim on a long-term, followup basis. The intent of this section is to acknowledge that limited funds are available to resolve all suspected cases of abuse reported to a county adult protective services agency.

(c) Counties are encouraged to establish a formal agreement with the local long-term care ombudsman programs designated by the Department of Aging to help resolve suspected cases of abuse occurring in an institutional setting.

SEC. 13. Section 15637 is added to the Welfare and Institutions Code, to read:

15637. In any court proceeding or administrative hearing, neither the physician-patient privilege nor the psychotherapist-patient privilege applies to the specific information required to be reported pursuant to this chapter. Nothing in this chapter shall be interpreted as requiring an attorney to violate his or her oath and duties pursuant to Section 6067 or subdivision (e) of Section 6068 of the Business and Professions Code, and Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code.

SEC. 14. Section 15640 is added to the Welfare and Institutions Code, to read:

15640. (a) The department, in cooperation with representatives of county government, and in consultation with the State Department of Education, the State Department of Developmental Services, and the Department of Justice, shall establish minimum guidelines for determining when an investigation of an allegation of abuse is warranted. The department shall report to the Joint Legislative Budget Committee by January 1, 1988, on the fiscal and programmatic impact of these guidelines on county adult protective service agencies.

(b) The Department of Justice, in consultation with the department, the State Department of Education, the State Department of Developmental Services, and representatives of local law enforcement and county adult protective service agencies shall develop uniform guidelines for local law enforcement assistance with investigations of allegations of abuse to elderly persons and dependent adults conducted by county adult protective service agencies. Consistent with these guidelines, county adult protective service agencies may seek local law enforcement assistance with investigations of allegations of abuse to elders and dependent adults. The Department of Justice shall report to the Joint Legislative Budget Committee by January 1, 1988, on the fiscal and programmatic impact of these guidelines on local law enforcement agencies.

SEC. 15. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for reporting of dependent adult abuse at the earliest possible time, it is necessary that this act take effect

immediately.

CHAPTER 1165

An act to amend Section 1533 of the Health and Safety Code, relating to community care facilities.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1533 of the Health and Safety Code is amended to read:

1533. Except as otherwise provided in this section, any duly authorized officer, employee, or agent of the State Department of Social Services may, upon presentation of proper identification, enter and inspect any place providing personal care, supervision, and services at any time, with or without advance notice, to secure compliance with, or to prevent a violation of, any provision of this chapter.

Foster family homes which are considered private residences for the purposes of Section 1530.5 shall not be subject to inspection by the department or its officers without advance notice, except in response to a complaint or unless an inspection is made within 120 days prior to license renewal. The unannounced visits may be made only once during the 120-day period prior to license renewal, and shall not constitute the annual evaluation visit required by Section 1534. Inspection visits to foster family homes shall be made during normal business hours, unless the serious nature of a complaint requires otherwise.

"Normal business hours," as used in this section, means from 8 a.m. to 5 p.m., inclusive, of each day from Monday to Friday, inclusive, other than state holidays.

34007. (a) Every person that uses any pasteurizing apparatus for the manufacture of soft fresh cheese varieties that are not cultured shall sample and test the pasteurized milk daily from each pasteurizer to determine the presence of phosphatase enzymes in a manner approved by the director. Records of the tests shall be made and kept on file for not less than one year after they are made. The records shall at all times be open to the inspection of the director and to all state, county, and municipal officers who are required to enforce laws and ordinances regarding milk products or the public health.

(b) The director, in addition to the authority granted by this section and by Sections 33517, 35862, and 35892, shall require the physical examination and testing of any dairy farm workers or milk products plant employees when there is reasonable cause to believe a worker or employee could be infected with a milk-borne disease.

SEC. 5. Section 34064 of the Food and Agricultural Code is amended to read:

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1167

An act to add Chapter 6.95 (commencing with Section 25500) to Division 20 of the Health and Safety Code, relating to hazardous materials.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.95 (commencing with Section 25500) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 6.95. HAZARDOUS MATERIALS RELEASE RESPONSE PLANS AND INVENTORY

25500. The Legislature declares that, in order to protect the public health and safety and the environment, it is necessary to establish business and area plans relating to the handling and release or threatened release of hazardous materials. The establishment of minimum statewide standards for these plans is a statewide concern. Basic information on the location, type, quantity, and the health risks of hazardous materials handled, used, stored, or disposed of in the state, which could be accidently released into the environment, is not now available to firefighters, health officials, planners, public safety officers, health care providers, regulatory agencies, and other interested persons. The information provided by business and area plans is necessary in order to prevent or mitigate the damage to the health and safety of persons and the environment from the release or threatened release of hazardous materials into the workplace and environment.

The Legislature further finds and declares that this chapter does not occupy the whole area of regulating the inventorying of hazardous materials and the preparation of hazardous materials response plans by businesses and the Legislature does not intend to preempt any local actions, ordinances, or regulations which impose additional or more stringent requirements on businesses which handle hazardous materials. Thus, in enacting this chapter, it is not the intent of the Legislature to preempt or otherwise nullify any other statute or local ordinances containing the same or greater standards and protections.

25501. Unless the context indicates otherwise, the following definitions govern the construction of this chapter:

(a) "Administering agency" means the department, office, or other agency of a county or city designated pursuant to subdivision (c) of Section 25502.

(d) "Business plan" means a separate plan for each facility, site, or branch of a business which meets the requirements of Section 25504.

(e) "Chemical name" means the scientific designation of a substance in accordance with the nomenclature system developed by the International Union of Pure and Applied Chemistry or the system developed by the Chemical Abstracts Service.

(f) "Common name" means any designation or identification, such as a code name, code number, trade name, or brand name, used to identify a substance other than by its chemical name.

(g) "Department" means the State Department of Health Services and "director" means the State Director of Health Services.

(h) "Handle" means to use, generate, process, produce, package, treat, store, emit, discharge, or dispose of a hazardous material in any fashion.

(i) "Handler" means any business which handles a hazardous material.

(j) "Hazardous material" means any material that, because of its quantity, concentration, or physical or chemical characteristics, poses a significant present or potential hazard to human health and safety or to the environment if released into the workplace or the environment. "Hazardous materials" include, but are not limited to, hazardous substances, hazardous waste, and any material which a handler or the administering agency has a reasonable basis for believing that it would be injurious to the health and safety of persons or harmful to the environment if released into the workplace or the environment.

(k) "Hazardous substance" means any substance or chemical product for which one of the following applies:

(1) The manufacturer or producer is required to prepare a MSDS for the substance or product pursuant to the Hazardous Substances Information and Training Act (Chapter 2.5 (commencing with Section 6360) of Part 1 of Division 5 of the Labor Code) or pursuant to any applicable federal law or regulation.

(2) The substance is listed as a radioactive material in Appendix B of Chapter 1 of Title 10 of the Code of Federal Regulations,

maintained and updated by the Nuclear Regulatory Commission.

(4) The materials listed in subdivision (b) of Section 6382 of the Labor Code.

(*l*) "Hazardous waste" means hazardous waste, as defined by Sections 25115, 25117, and 25316.

(m) "Office" means the Office of Emergency Services.

(n) "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping, or disposing into the environment, unless permitted or authorized by a regulatory agency.

(o) "SIC Code" means the identification number assigned by the Standard Industrial Classification Code to specific types of businesses.

(p) "Threatened release" means a condition creating a substantial probability of harm, when the probability and potential extent of harm make it reasonably necessary to take immediate action to prevent, reduce, or mitigate damages to persons, property, or the environment.

(q) "Emergency rescue personnel" means any public employee, including, but not limited to, any fireman, firefighter, or emergency rescue personnel, as defined in Section 245.1 of the Penal Code, who responds to any condition caused, in whole or in part, by a hazardous material that jeopardizes, or could jeopardize, public health or safety or the environment.

(r) "City" includes any city and county.

(s) "Trade secret" means trade secrets as defined in subdivision (d) of Section 6254.7 of the Government Code and Section 1060 of the Evidence Code.

25502. (a) Except as provided pursuant to subdivision (b), every county shall implement this chapter as to the handling of hazardous materials in the county. Each county shall ensure full access to, and the availability of, information submitted under this chapter to emergency rescue personnel and other appropriate governmental entities within its jurisdiction.

(b) A city may, by ordinance, assume responsibility for the implementation of this chapter and, if so, shall have exclusive jurisdiction within the boundary of the city for the purposes of carrying out this chapter. A city which assumes responsibility for implementation of this chapter shall provide notice of its ordinance and shall consult with, and coordinate its activities with, the county in which the city is located to avoid duplicating efforts or any misunderstandings regarding the areas, duties, and responsibilities of each administering agency.

(c) The county and any city which assumes responsibility pursuant to subdivision (b) shall designate a department, office, or other agency of the county or city, as the case may be, as the administering agency responsible for administering and enforcing

this chapter. The county and any city which assumes responsibility pursuant to subdivision (b) shall notify the office immediately upon making a designation. A county shall designate an administering agency on or before January 30, 1986.

25503. (a) Not later than May 1, 1986, the office shall adopt, after public hearing and consultation with the office of the State Fire Marshal and other appropriate public entities, regulations for minimum standards for business plans and area plans.

(b) The standards for business plans adopted pursuant to subdivision (a) shall do all of the following:

(1) Set forth minimum requirements of adequacy, and not preclude the imposition of additional or more stringent requirements by local government.

(2) Take into consideration and adjust for the size of the business and the nature of the damage potential of its hazardous materials in establishing standards for subdivisions (b) and (c) of Section 25504.

(3) Take into account the existence of local area and business plans which meet the requirements of this chapter so as to minimize the duplication of local efforts, consistent with the objectives of this chapter.

(4) Include an optional model reporting form.

(5) Define what releases are required to be reported pursuant to Section 25507. The office shall consider the existing federal reporting requirements in determining a definition of reporting releases pursuant to Section 25507.

(c) An administering agency shall establish an area plan for emergency response to a release or threatened release of a hazardous material within its jurisdiction. The area plans shall meet the standards prepared by the office pursuant to subdivision (a). They shall also include, at a minimum, provisions for all of the following:

(1) Procedures and protocols for emergency rescue personnel, including the safety and health of those personnel.

(2) Preemergency planning.

(3) Notification and coordination of onsite activities with state, local, and federal agencies, responsible parties, and special districts.

(4) Training of appropriate employees.

(5) Onsite public safety and information.

(6) Required supplies and equipment.

(7) Access to emergency response contractors and hazardous waste disposal sites.

(8) Incident critique and followup.

(d) The administering agency shall submit a copy of the proposed area plan, within 120 days after adoption of area plan standards, to the office for review. The office shall notify the administering agency as to whether the area plan is adequate and meets the area plan standards. The administering agency shall within 45 days of this notice submit a corrected area plan.

(e) An administering agency shall submit to the office, along with its area plan, both of the following;

(1) The basic provisions of a plan to conduct onsite inspections of businesses subject to this chapter by either the administering agency or other appropriate entity. These inspections shall ensure compliance with this chapter and shall identify existing safety hazards or suggest preventative measures designed to minimize the risk of the release of hazardous material into the workplace or environment.

(2) A plan to institute a data management system which will assist in the efficient access to and utilization of information collected under this chapter.

25503.5. (a) Within the boundaries of each county and any city which has assumed responsibility for the implementation of this chapter pursuant to Section 25502, any business, except as provided in subdivision (b), which handles a hazardous material shall establish a business plan for emergency response to a release or threatened release of a hazardous material in accordance with the standards adopted pursuant to Section 25503.

(b) (1) Hazardous material contained solely in a consumer product direct for distribution to, and use by, the general public is exempt from the business plan requirements of this chapter unless the administering agency has found, and has provided notice to the business handling the product, that the handling of certain quantities of the product requires the submission of a business plan, or any portion thereof, in response to public health, safety, or environmental concerns.

(2) Any business handling less than 500 pounds, 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas, in the aggregate at any one time in a month, of a product or formulation containing a hazardous material is exempt from the business plan requirements of this chapter unless the administering agency has found, and has provided notice to the business handling the product or formulation, that the weight or volume limits specified in this paragraph, are to be lowered for a specific hazardous material in response to public health, safety, or environmental concerns.

(3) The administering agency, upon application by a handler, may, exempt a handler from any portion of the business plan upon a written finding that the exemption would not effect the ability of the administering agency and emergency rescue personnel to effectively respond to the release of a hazardous material and that there are unusual circumstances justifying this exemption. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(4) The administering agency upon application by a handler may exempt a hazardous material from the inventory provisions of this chapter upon proof that the material does not pose a significant present or potential hazard to human health and safety or to the environment if released into the workplace or environment. The administering agency shall specify in writing the basis for any

exemption under this paragraph.

(c) The administering agency shall require that all business plans have 24-hour availability to emergency rescue personnel. At the discretion of the administering agency or the emergency rescue personnel, copies of area plans and business plans, or portions thereof, may be maintained by the emergency rescue personnel for their use.

25504. Business plans shall include all of the following:

(a) The inventory of information required by Section 25509 and whatever additional information that the administering agency finds is necessary to protect the health and safety of persons, property, or the environment. Any such information is, however, subject to trade secret protection pursuant to Section 25511.

(b) Emergency response plans and procedures in the event of a reportable release or threatened release of a hazardous material, including, but not limited to, all of the following:

(1) Immediate notification to appropriate local emergency rescue personnel and the office.

(2) Procedures for the mitigation of a release or threatened release to minimize any potential harm or damage to persons, property, or the environment.

(3) Evacuation plans and procedures, including immediate notice, for the business site and for the affected public.

(c) Training for all new employees and annual training, including refresher courses, for all employees in safety procedures in the event of a release or threatened release of a hazardous material, including, but not limited to, familiarity with the plans and procedures specified in subdivision (b).

25505. Not later than six months after the office adopts regulation standards for business plans, each handler shall submit its business plan to the administering agency and certify that it meets the requirements of this chapter. If, after review, the administering agency determines that the handler's business plan is deficient in any way, the administrative agency shall notify the handler of these defects. The handler shall submit a corrected business plan within 30 days of the notice. If a handler fails after reasonable notice to submit a business plan in compliance with this chapter, the administering agency shall immediately take appropriate action to enforce this chapter, including the imposition of civil and criminal penalties specified in this chapter.

(b) In addition to the requirements of Section 25510, whenever a substantial change in the handler's operations occurs which requires a modification of its business plan, the handler shall submit a copy of the plan revisions to the administering agency within 30 days of the operational change.

(c) The handler shall, in any case, review the business plan, submitted pursuant to subdivisions (a) and (b), at least once every two years, to determine if a revision is needed and certify to the administering agency that the review was made and that any

necessary changes were made to the plan and the changes submitted to the administering agency. However, the inventory form shall be completed annually pursuant to Section 25508.

25506. The administering agency shall maintain files of all business plans received and shall index them by street address and company name. The business plan and revisions shall be available for public inspection during the regular working hours of the administering agency. The administering agency shall transmit copies of the business plan or any information contained in the business plan to any state or local agency that makes a request therefor.

25507. The handler shall, upon discovery, immediately report any release or threatened release of a hazardous material to the administering agency, and to the office, in accordance with the regulations adopted pursuant to Section 25503. Each handler shall provide all state, city, or county fire or public health or safety personnel and emergency rescue personnel with access to the handler's facilities.

25508. Unless exempted from the business plan requirements under this chapter, any business which handles a hazardous material shall annually submit a completed inventory form to the administering agency of the county or city in which the business is located.

25509. (a) The inventory form shall include, but shall not be limited to, information on all of the following:

(1) A listing of the chemical name and common names of every hazardous substance handled by the business completing the inventory form.

(2) The category of waste, including the general chemical and mineral composition of the waste listed by probable maximum and minimum concentrations, of every hazardous waste handled by the business completing the inventory form.

(3) The maximum amount of each hazardous material disclosed in paragraphs (1) and (2) which is handled at any one time by the business over the course of the year.

(4) The total estimated amount of each hazardous material disclosed in paragraphs (1) and (2) which is handled by the business throughout the course of the year.

(5) Sufficient information on how and where the hazardous materials disclosed in paragraphs (1) and (2) are handled by the business to allow fire, safety, health, and other appropriate personnel to prepare adequate emergency responses to potential releases of the hazardous materials.

(6) The SIC Code number of the business if applicable.

(7) The name and phone number of the person representing the business and able to assist emergency personnel in the event of an emergency involving the business during nonbusiness hours.

(b) The administering agency may permit the reporting of the amount of hazardous material under this section by ranges, rather

than a specific amount, as long as those ranges provide the information necessary to meet the needs of emergency rescue personnel, to determine the potential hazard from a release of the materials, and meets the purposes of this chapter.

25510. Within 30 days of any one of the following events, any business subject to Section 25508 shall submit an amendment to the inventory form detailing the handling, and the following appropriate information:

(1) A 100 percent or more increase in the quantity of a previously disclosed material.

(2) Any handling of a previously undisclosed hazardous material subject to the inventory requirements of this chapter.

(3) Change of business address.

(4) Change of business ownership.

(5) Change of business name.

25511. (a) If a business believes that the inventory required by this chapter involves the release of a trade secret, the business shall nevertheless make the disclosure to the administering agency, and shall notify the administering agency in writing of that belief on the inventory form. As used in this chapter "trade secret" has the meanings given to it by Section 6254.7 of the Government Code and Section 1060 of the Evidence Code.

(b) Subject to this section, the administering agency shall protect from disclosure any trade secret designated as such by the handler.

(c) Upon receipt of a request for the release of information to the public which includes information which the handler has notified the administering agency is a trade secret pursuant to subdivision (a), the administering agency shall notify the handler in writing of the request by certified mail, return receipt requested. The administering agency shall release the information to the public, but not earlier than 30 days after the date of mailing the notice of the request for information, unless, prior to the expiration of the 30-day period, the handler files an action in an appropriate court for a declaratory judgment that the information is subject to protection under subdivision (b) or for an injunction prohibiting disclosure of the information to the public and promptly notifies the administering agency of that action. This section does not permit a handler to refuse to disclose the information required pursuant to this chapter to the administering agency.

(d) Any information which is confidential pursuant to this section shall not be disclosed to anyone except the following:

(1) An officer or employee of the county or city, the state, or the United States, in connection with the official duties of that officer or employee under any law for the protection of health, or to contractors with the county or city and their employees if, in the opinion of the administering agency, disclosure is necessary and required for the satisfactory performance of a contract, for performance of work, or to protect the health and safety of the employees of the contractor.

(2) Any physician where the physician certifies in writing to the administering agency that the information is necessary to the medical treatment of the physician's patient.

(e) For purposes of this section, fire and emergency rescue personnel and county health personnel operating within the jurisdiction of the county or city shall be considered employees of the county or city, as the case may be.

(f) Any physician who, by virtue of having obtained possession of, or access to, confidential information, and who, knowing that disclosure of the information to the general public is prohibited by this section, knowingly and willfully discloses the information in any manner to any person not entitled to receive it, is guilty of a misdemeanor.

(g) Any officer or employee of the county or city or former officer or employee who, by virtue of that employment or official position, has possession of, or has access to, confidential information, and who, knowing that disclosure of the information to the general public is prohibited by this section, knowingly and willfully discloses the information in any manner to any person not entitled to receive it, is guilty of a misdemeanor. Any contractor with the county or city and any employee of the contractor, who has been furnished information as authorized by this section, shall be considered an employee of the county or city for purposes of this section.

(h) Information certified by appropriate officials of the United States as necessary to be kept secret for national defense purposes shall be accorded the full protections against disclosure as specified by those officials or in accordance with the laws of the United States.

25512. The submission of any information required under this chapter does not affect any other liability or responsibility of a business with regard to safeguarding the health and safety of an employee or any other person.

25513. Each administering county or city may, upon a majority vote of the governing body, adopt a schedule of fees to be collected from each business required to submit a business plan pursuant to this chapter which is within its jurisdiction. The fee shall be set in an amount sufficient to pay only those costs incurred by the county or city in carrying out the provisions of this chapter.

25514. (a) Any business that violates Sections 25503.5 to 25505, inclusive, or Sections 25508 to 25510, inclusive, shall be civilly liable to the administering county or city in an amount of not more than two thousand dollars ($2,000) for each day in which the violation occurs. If the violation results in, or significantly contributes to, an emergency, including a fire, the business shall also be assessed the full cost of the county or city emergency response, as well as the cost of cleaning up and disposing of the hazardous materials.

(b) Any business that knowingly violates Sections 25503.5 to 25505, inclusive, or Sections 25508 to 25510, inclusive, after reasonable notice of the violation shall be civilly liable to the administering county or city in an amount not to exceed five thousand dollars

($5,000) for each day in which the violation occurs.

25515. Any person or business who violates Section 25507 shall, upon conviction, be punished by a fine of not more than twenty-five thousand dollars ($25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. If the conviction is for a violation committed after a first conviction under this section, the person shall be punished by a fine of not less than two thousand dollars ($2,000) or more than fifty thousand dollars ($50,000) per day of violation, or by imprisonment in the state prison for 16, 20, or 24 months or in the county jail for not more than one year, or by both the fine and imprisonment. Furthermore, if the violation results in, or significantly contributes to, an emergency, including a fire, to which the county or city is required to respond, the person shall also be assessed the full cost of the county or city emergency response, as well as the cost of cleaning up and disposing of the hazardous materials.

25516. When the administering agency determines that a business has engaged in, is engaged in, or is about to engage in any acts or practices which constitute or will constitute a violation of this chapter or any regulation or order promulgated thereunder, and when requested by the administering agency, the city attorney of the city or the district attorney of the county in which those acts or practices have occurred, are occurring, or will occur shall make application to the superior court for an order enjoining the acts or practices or for an order directing compliance, and, upon a showing that the person or business has engaged in, is engaged in, or is about to engage in the acts or practices, a permanent or temporary injunction, restraining order, or other appropriate order may be granted. This section does not prohibit a city attorney or district attorney from seeking the same relief upon the city attorney's or district attorney's own motion.

25517. (a) Any person who provides information which materially contributes to the imposition of a civil penalty, whether by settlement or court order, under Section 25514, as determined by the city attorney or district attorney filing the action, shall be paid a reward by the administering agency pursuant to regulations adopted by the department equal to 10 percent of the amount of the civil penalty collected. No reward paid pursuant to this subdivision shall exceed five thousand dollars ($5,000).

(b) Any person who provides information which materially contributes to the conviction of a person or business under Section 25515, as determined by the city attorney or district attorney filing the action, shall be paid a reward by the administering agency pursuant to regulations adopted by the department equal to 10 percent of the amount of the fine collected and deposited in the county treasury pursuant to Section 1643 of the Penal Code. No reward paid pursuant to this subdivision shall exceed five thousand dollars ($5,000).

(c) No informant shall be eligible for a reward for a violation known to the administering agency, unless the information materially contributes to the imposition of criminal or civil penalties for a violation specified in this section.

(d) If there is more than one informant for a single violation, the person making the first notification received by the department shall be eligible for the reward, except that, if the notifications are postmarked on the same day or telephoned notifications are received on the same day, the reward shall be divided equally among those informants.

(e) Public officers and employees of the United States, the State of California, or counties and cities in this state are not eligible for the reward pursuant to subdivision (a) or (b), unless the providing of the information does not relate in any manner to their responsibilities as public officers or employees.

(f) An informant who is an employee of a business and who provides information that the business has violated this chapter is not eligible for a reward if the employee intentionally or negligently caused the violation or if the employee's primary and regular responsibilities included investigating the violation, unless the business knowingly caused the violation.

(g) On or before July 1, 1986, the department shall adopt regulations which establish procedures for the receipt and review of claims for payment of rewards for furnishing information materially contributing to the imposition of civil or criminal penalties for a violation specified in this section.

25518. This chapter shall be construed liberally so as to accomplish the intent of the Legislature in protecting the public health and safety and the environment.

25519. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to that end the provisions of this chapter are severable.

25520. The office, not later than January 10, 1986, shall adopt emergency regulations for the immediate report of release or threatened release of a hazardous material as required by Section 25507 until regulations are adopted pursuant to Section 25503. Regulations adopted pursuant to this section are not subject to review by the Office of Administrative Law.

25521. Subdivision (a) of Section 25504 shall not apply in a county which, prior to January 1, 1985, has adopted an ordinance establishing a program for the management of hazardous materials releases which includes an ongoing facility inspection program to ascertain potential chemical hazards posed by businesses in the county, a comprehensive hazardous material incident response plan, and an ongoing hazardous materials task force responsible for recommending improvements to the program, if the program was developed in accordance with a countywide study completed no

later than July 1, 1983, on the specific needs of the county as to information and training for response to hazardous materials releases, and that study provided for full participation by the public, government, and the regulated community.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act (1) creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction or (2) the local agency or school district has authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1168

An act to add Section 13825.5 to the Health and Safety Code, to amend Section 98.6 of the Revenue and Taxation Code, and to amend Section 6 of Chapter 107 of the Statutes of 1985, relating to public finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 98.6 of the Revenue and Taxation Code is amended to read:

98.6. (a) Notwithstanding any other provision of this chapter, the amount allocated pursuant to Sections 96 or 97, and 98, to a special district, as defined in Article 1 (commencing with Section 2201) of Chapter 3 of Part 4, excluding multicounty districts, and the amount allocated pursuant to Section 75.70 to a special district which is governed by the board of supervisors of a county or whose governing body is the same as the board of supervisors of a county, shall be reduced by an amount computed as follows:

(1) A ratio shall be computed for each of the special districts equal to the amount of state assistance payment for the special district for the 1978–79 fiscal year divided by the sum of the state assistance payment for the special district plus the amount of property tax revenue allocated to the special district for the 1978–79 fiscal year pursuant to Section 26912 of the Government Code.

(2) The amount by which the allocation pursuant to Sections 75.70, 96 or 97, and 98, shall be reduced shall be equal to the allocation multiplied by the factor computed for the district pursuant to paragraph (1).

(3) For the 1984–85 fiscal year and each fiscal year thereafter, the

amount computed for each special district pursuant to this subdivision, other than a special district governed by a county board of supervisors or whose governing board is the same as the county board of supervisors, shall not be greater than the amount computed for the 1983–84 fiscal year.

(4) The total of all amounts computed for special districts within each county shall be deposited in the Special District Augmentation Fund which shall specify amounts for each governing body as defined in Section 16271 of the Government Code and which shall be allocated pursuant to subdivision (b).

(b) There is hereby created a Special District Augmentation Fund in each county to augment the revenues of special districts. On or before June 1 of each year, the governing body shall notify each special district of the estimated amount of funds in the Special District Augmentation Fund available to special districts in the coming fiscal year. The board of supervisors may make loans to special districts pursuant to Section 23010 of the Government Code. The auditor shall, on or before September 30 of each year, notify each governing body, as defined in Section 16271 of the Government Code, of the amount allocated to it pursuant to this section.

Within 15 days of the notice, the governing body shall hold a public hearing for the purpose of determining the distribution of the funds. The governing body shall send written notice to the legislative body of each special district which is not governed by the board of supervisors or the city council and shall publish the notice in a newspaper of general circulation in the county not less than three days prior to the hearing. The notice shall include the amount of funds available to special districts, and the time and place of the hearing.

Within 30 days of the notice of allocation, the governing body shall determine the amount of funds to be disbursed to each special district. In determining the amount of funds to be disbursed to each special district, the governing body shall not:

(1) Consider as district revenues any assessments, charges, or special taxes collected pursuant to Section 50077 or 50078 or Article 16 (commencing with Section 53970) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code.

(2) Allocate to a district which collected those assessments, charges, or special taxes, an amount less than the amount which would have been allocated to the district had it not collected any assessments, charges, or special taxes.

(3) Consider revenues distributed to the district from the supplemental unsecured property tax revenue as defined in Section 97.1.

(4) Allocate funds to any special district which is governed by the board of supervisors or the city council if the governing body intends that those funds are to be transferred to that county or city upon or after disbursement to the special district, except as reimbursement to the city or county for services rendered to the special district.

(c) In determining the amount of funds to be disbursed to a special district, the governing body may restrict the use of the funds requested by a special district for purposes of capital purchases to those purposes.

(d) The funds provided for by subdivisions (b) and (c) shall be used exclusively for special districts and shall not be used for any general county or municipal expenses, except that:

(1) The governing body may allocate to its general fund an amount not to exceed the actual demonstrated cost of administering the Special District Augmentation Fund, which shall be an amount necessary to reimburse the actual demonstrated expenditures made to carry out the requirements of subdivisions (a) and (b), and also the actual demonstrated cost of providing the assistance requested by special districts, which amount shall not exceed 1 percent of the amount in the fund.

(2) The governing body may allocate to a special account in its general fund an amount not to exceed 1 percent of the amount of the Special District Augmentation Fund to pay only the costs of the following:

(A) Expenses incurred by special districts in the event of an emergency. As used in this subparagraph, "emergency" means a sudden, unexpected occurrence, which threatens the public peace, health, safety, or welfare and which is, or is likely to be, beyond the control of the services, personnel, equipment, or facilities of the special district.

(B) To carry out the purposes of the California Special District Consolidation Assistance Program established pursuant to Chapter 9.5 (commencing with Section 60350) of Division 2 of Title 6 of the Government Code.

(C) To establish a Special District Augmentation Fund loan program. The program funds may be loaned to special districts under those terms and conditions and in those amounts as are specified by the governing body.

(e) Notwithstanding paragraphs (1), (2), and (3) of subdivision (b), the governing body may reduce the allocation to a district which collected those assessments, charges, or special taxes:

(1) To an amount which is generated by that district pursuant to paragraph (2) of subdivision (a).

(2) As a result of an emergency resolution adopted pursuant to Section 29127 of the Government Code.

(f) The county auditor shall disburse funds to the special district in the same manner as disbursements which are made from the county treasurers property tax trust fund.

(g) Disbursements to cities with more than one subsidiary special district may be made to the city. Each city shall distribute these funds to their individual subsidiary special districts in accordance with the city council's final determination.

SEC. 2. Section 13825.5 is added to the Health and Safety Code, to read:

13825.5. Proceedings for district formations may not be initiated until they have been reviewed and approved by the local agency formation commission. This is declaratory of existing law.

SEC. 3. Section 6 of Chapter 107 of the Statutes of 1985 is amended to read:

Sec. 6. The sum of four hundred fifty-two million eight hundred sixty-nine thousand dollars ($452,869,000) is hereby appropriated in accordance with the following schedule:

(a) Four hundred forty-six million five hundred eighty-seven thousand seven hundred nine dollars ($446,587,709) is appropriated for expenditure in the 1984–85 fiscal year in augmentation of, and for the purposes of contingencies or emergencies as provided in, Items 9840-001-001, 9840-001-494, and 9840-011-001 of the Budget Act of 1984 as follows:

(1) From the General Fund to the reserve for contingencies or emergencies in Item 9840-001-001	$422,349,709
(2) From special funds to the reserve for contingencies or emergencies in Item 9840-001-494	$20,803,000
(3) From nongovernmental cost funds to the reserve for contingencies or emergencies in Item 9840-001-988	$3,435,000
(4) From the General Fund to the reserve for contingencies or emergencies (loans) in Item 9840-011-001	($2,000,000)

(b) Six million two hundred eighty-one thousand two hundred ninety-one dollars ($6,281,291) is appropriated from the Federal Revenue Sharing Fund to the General Fund, for transfer by the Controller to Item 5180-111-001 of the Budget Act of 1984, in augmentation of the state's share of the State Supplementary Payment Program for aged, blind, and disabled persons. The appropriation contained in this subdivision shall be expended prior to the expenditure of funds appropriated by subdivision (a) for the same purpose.

(c) (1) Of the amount appropriated in paragraph (1) of subdivision (a), twenty-one million eight hundred thousand dollars ($21,800,000) is for allocation by the Controller in the form of loans to eligible special districts for shortfalls in funding received through supplemental roll tax revenues during the 1984–85 fiscal year.

(2) Notwithstanding Section 16314 of the Government Code, no loan made pursuant to paragraph (1) shall require the payment of interest. These loans shall be available only to those special districts whose shortfall in funding received through supplemental roll tax revenues during the 1984–85 fiscal year is at least five hundred dollars ($500) and shall be made only upon application to the Controller by each special district, in the form and the manner prescribed by the

Controller. The actual amount allocated to each eligible special district by the Controller shall be in accordance with the provisions of Section 16111.5 of the Government Code. The amount loaned to any special district for the 1984–85 fiscal year shall be repaid to the Controller from proceeds which the borrowing special district receives from the supplemental roll tax revenues attributable to the 1984–85 fiscal year after June 30, 1985. The Controller may require each county auditor to repay these loans on behalf of all special districts in the county to which loans were made. The county auditor may recover his or her administrative costs in making repayment from each borrowing special district in proportion to the amount of its loan.

(d) Notwithstanding any other provision of law, inasmuch as any special district has not repaid a loan obtained pursuant to subdivision (c) and the district has received supplemental property tax revenues attributable to the 1984–85 fiscal year after June 30, 1985, the Controller shall withhold from that district the amount of revenue received after June 30, 1985, that is attributable to the 1984–85 fiscal year from the reimbursement for revenue lost by reason of the homeowners' property tax exemption until the loan is repaid in full.

(e) It is the intent of the Legislature that the loans to special districts for shortfalls in supplemental property tax revenues be provided on a one-time-only basis and, if shortfalls occur in subsequent years, the shortfall shall be financed through other revenue sources available to special districts.

SEC. 4. The Legislature finds and declares that it is necessary to examine the fiscal relationships between the state and special districts, and to develop a stable, predictable system of finance effective for the 1985–86 fiscal year. Special districts require stable financing to adequately plan and provide services. Therefore, it is the intent of this Legislature to further develop the necessary legislation to respond to special districts' needs. Moreover, it is the intent of the Legislature that, in examining the options for adjusting the fiscal base of special districts, consideration be given to providing special districts with stable revenue sources which would not be subject to annual state budgetary decisions.

SEC. 5. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the

meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act which would make statutory changes necessary to provide for local government financing during the 1985–86 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 1169

An act to add Section 2085 to the Business and Professions Code, relating to physicians and surgeons.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2085 is added to the Business and Professions Code, to read:

2085. (a) Notwithstanding the provisions of Section 2084, a graduate of an approved medical school located in the United States or Canada who has graduated from a special medical school program which does not substantially meet the requirements of Section 2089 with respect to any aspect of curriculum length or content may be approved by the division if the division determines that the applicant has otherwise received adequate instruction in the subjects listed in subdivision (b) of Section 2089. The division may require an applicant under this section to undertake additional education to bring up to standard instruction in the subjects listed in subdivision (b) of Section 2089 as a condition of issuing a physician's and surgeon's certificate. In approving an applicant under this section, the division may take into account the applicant's total relevant academic experience, including performance on standardized national examinations.

(b) Notwithstanding the provisions of subdivision (a) of this section or Sections 2084 and 2089, an applicant who is a graduate of an approved medical school located in the United States or Canada who has graduated from a special medical school program that does not substantially meet the requirements of Section 2089 with respect to any aspect of curriculum length or content shall be presumed to meet the requirements of Sections 2084 and 2089 if the special medical school program has been reviewed and approved by a national accrediting agency approved by the division and recognized by the United States Department of Education. This presumption may be overcome upon a finding by the division that the medical education received by the applicant is not the educational equivalent of the medical education received by graduates of medical schools approved pursuant to subdivision (a) of this section or Section 2084. In making its finding, the division shall consider, at a minimum, the

applicant's total academic and medical training experience prior to and following as well as during medical school, the applicant's performance on standarized national examinations, including the National Board Examinations, the applicant's achievements as a house staff officer, and the number of years of postgraduate medical training completed by the applicant.

CHAPTER 1170

An act to amend Sections 2141, 2144, and 2148 of, to amend and renumber Section 2136 of, to add Sections 2066 and 2437 to, and to repeal Sections 2135, 2142, 2146, 2147, and 2152 of, the Business and Professions Code, relating to physicians and surgeons, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2066 is added to the Business and Professions Code, to read:

CHAPTER 1172

An act to amend Section 802 of, and to add Section 868.8 to, the Penal Code, relating to witnesses, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

I am deleting the $160,000 appropriation contained in Section 4 of Senate Bill No. 301

I have deleted the appropriation because the Center for Judicial Education and Research already offers training in handling child witnesses Any additional training in handling of child abuse victims can be achieved within the framework of the existing budget I fully support the remaining provisions of the bill

With this deletion, I approve Senate Bill No 301

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that it is necessary to provide alleged child molestation victims with additional consideration and different treatment from that which is afforded to adults. The Legislature intends, by this act, to provide minors under the age of 11 who are alleged sexual offense victims with certain additional rights and protections during their involvement with criminal proceedings. The Legislature also urges the news media to use restraint in revealing the identity of these alleged victims, especially in particularly sensitive cases.

The Legislature further finds and declares that some researchers believe that the alleged child molestation victim who is required to testify in court may experience psychological stress in discussing the

alleged offense, that traditional court procedures may fail to take into account the potential damage to the child witness, that these procedures might exacerbate any damage already done to the child, and that judges who deal with child molestation cases should receive training in the psychological and social issues of child molestation, the basic principles of child protection and development, and techniques that may make the child more cooperative and thus aid the truth-gathering process.

The Legislature further finds and declares that innovative approaches in the legal system's handling of alleged child sexual abuse cases should be adopted to prevent additional trauma to the child. The Legislature finds that some researchers believe that traditional courtroom settings intimidate child witnesses and thus may hinder the truth-gathering process; that in order to elicit information most effectively and to maintain the child's cooperation it may be necessary to create new courtroom configurations, designed to respond to the child's size, limited capacity to communicate, and special needs for comfort, support, and reassurance.

SEC. 2. Section 802 of the Penal Code is amended to read:

802. (a) Except as provided in subdivision (b), prosecution for an offense not punishable by death or imprisonment in the state prison shall be commenced within one year after commission of the offense.

(b) Prosecution for a misdemeanor violation of Section 647a, committed with or upon a minor under the age of 11, shall be commenced within two years after commission of the offense.

SEC. 3. Section 868.8 is added to the Penal Code, to read:

868.8. Notwithstanding any other provision of law, in any criminal proceeding in which the defendant is charged with a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, or 289, subdivision (1) of Section 314, or Section 647a, committed with or upon a minor under the age of 11, the court shall take special precautions to provide for the comfort and support of the minor and to protect the minor, from coercion, intimidation, or undue influence as a witness, including, but not limited to, any of the following:

(a) In the court's discretion, the witness may be allowed reasonable periods of relief from examination and cross-examination during which he or she may retire from the courtroom.

(b) Notwithstanding Section 68110 of the Government Code, in his or her discretion, the judge may remove his or her robe if the judge believes that this formal attire intimidates the minor.

SEC. 4. The sum of one hundred sixty thousand dollars ($160,000) is hereby appropriated from the General Fund to the Judicial Council for the necessary expenses involved in the implementation, no later than June 30, 1987, of the inclusion within the judicial education program of a course of instruction regarding the appropriate handling of alleged child abuse victims and in providing continuing educational resources for judges with respect to alleged

child abuse victims by tape or live programs, particularly for those judges who will be dealing with alleged child abuse victims.

CHAPTER 1173

An act to add Chapter 3.7 (commencing with Section 44780) to Part 25 of the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

I am reducing the appropriation contained in Section 2 of Assembly Bill No 2543 from $500,000 to $25,000 by deleting the $475,000 appropriation amended in schedule (a) (1) for the operation of six international studies resource centers. This will provide the necessary funding to the Department of Education for organizational costs for this program

The demands placed on budget resources require all of us to set priorities The budget enacted in July of 1985 appropriated over $28 billion (from the General Fund) to essential services provided by State government as determined by the legislature and this Administration This represents an 11 5% increase in expenditures over the budget enacted in July of 1984. That increase was for the purpose of funding priority programs while at the same time maintaining our reserve and preserving our fiscal integrity It is imperative that the State of California continues to live within its means

Therefore, while not issuing a final conclusion on the merits the initial appropriation for the centers with this reduction I have determined that it cannot be approved, at this time, if we are to stay on our prescribed course of fiscal responsibility With this reduction, I approve Assembly Bill No 2543

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.7 (commencing with Section 44780) is added to Part 25 of the Education Code, to read:

CHAPTER 3.7. CALIFORNIA INTERNATIONAL STUDIES PROJECT

44780. The Legislature finds that there has been a significant decline in knowledge and skills related to international affairs and other cultures. This has serious consequences, in view of the growing interrelation of nations and people, and the increasing impact that international factors have on our society in political, economic, and cultural terms. Many occupations require a knowledge of the histories, languages, and traditions of other cultures and the ability to analyze and interpret complex international issues. Our society requires citizens who understand the role of our state and our nation in a rapidly changing world.

The Legislature further finds that many factors contribute to this decline, but that a primary cause is the lack of adequate preparation of teachers in international studies. Few teachers have ever taken an international studies course, and teachers already in the classroom have few opportunities to improve their competence in this field.

Although some colleges and universities are now requiring more courses in international studies and foreign languages, this will not fully address the problem since current teachers will provide the bulk of instruction for many years to come. Therefore, the Legislature recognizes the need to assist current teachers to gain the skills and knowledge necessary to increase the international studies competence of their students. The Legislature further finds that this competence problem is shared by all segments and levels of California education, and that it can best be addressed by cooperatively planned and funded efforts.

An international studies project should therefore be created, to be modeled after the Bay Area Global Education Project, a publicly and privately funded curriculum and staff development project that has earned national acclaim since 1979.

44781. (a) The California International Studies Project is hereby established to provide a cooperative, intersegmental approach to solving the international studies skills problem in California's schools. This project shall be administered by a public or private institution of higher education in this state, selected pursuant to Section 44782, and shall consist of international studies resource centers operated throughout the state by four-year colleges or universities, or by nonprofit agencies in conjunction with four-year colleges and universities.

(b) The project shall include the following elements:

(1) The preparation by world affairs specialists of instructional materials on international issues and cultures appropriate for use in elementary and secondary school classrooms.

(2) In-service training of classroom teachers.

(3) The training of a group of highly skilled and knowledgeable teachers to serve as leading international studies resource practitioners in curriculum and staff development projects. The primary role of these teachers shall be to train other teachers in the knowledge, curriculum, and skills associated with the project.

(4) The development of a support system for teachers learning new international skills, including content training, curriculum demonstrations, instructional resource services, information sharing, and individual assistance and counseling.

(5) Collaboration between elementary and secondary teachers and international teaching and research personnel and colleges, universities, and nonschool international organizations.

(6) Collaboration in colleges and universities between international specialists in history, economics, international relations, foreign languages, and related fields, and specialists in teaching methods and strategies.

(7) Cooperation between schools, regional or county educational agencies, and colleges and universities.

(8) Development of an evaluation process to assess the following:

(A) The attitudes of project site participants toward the effectiveness of the local resource center.

(B) The international skills and knowledge of students in participating schools.

44782. The Superintendent of Public Instruction shall contract, no later than 75 days after the enactment of this chapter, with a public or private institution of higher education in this state for the administration of the project. Notwithstanding any other provision of law, this contract shall be for a term of five years, subject to the availability of funding for this purpose. The superintendent shall select for this purpose the institution that is best able to demonstrate a history of all of the following:

(a) Successful experience directing a comprehensive international studies curriculum and staff development program for elementary and secondary teachers. The institution shall submit documentation from local school districts that clearly indicates their willingness to cooperate in the project by providing payment for a portion of the costs of release time for teacher training.

(b) Obtaining private and public financial support for the development and operation of curriculum and staff development programs.

(c) Developing and operating interdepartmental programs within higher education.

(d) Developing and operating collaborative programs involving colleges, universities, and nonschool organizations having international resources.

44783. (a) The institution selected under Section 44782 shall select international studies resource centers from applicant colleges, universities, and nonprofit agencies to establish and operate the centers throughout the state. The programs to be operated by the centers shall be subject to the review and approval of the administering institution, pursuant to consultation with the advisory committee established under Section 44784.

(b) The program operated by any resource center shall further, as the primary objective of the project, the enhancement of the quality of elementary and secondary school instruction in courses that satisfy the high school graduation requirements set forth in Section 51225.3, with particular emphasis on world history and cultures, economics, and foreign languages. The resource center program shall include, but not be limited to, the following elements:

(1) The preparation by world affairs specialists of instructional materials on international issues and other cultures appropriate for use in elementary and secondary school classrooms.

(2) In-service training of classroom teachers.

(3) The training of a group of highly skilled and knowledgeable teachers to serve as leading international studies resource practitioners in curriculum and staff development projects.

(5) Collaboration between elementary and secondary teachers and international teaching and research personnel in colleges, universities, and nonschool international organizations.

(6) Collaboration in colleges and universities between international specialists in history, economics, international relations, foreign languages, and related fields, and specialists in teaching methods and strategies.

(7) Cooperation between schools, regional or county educational agencies, and colleges and universities.

(8) The development of an evaluation process to assess the following:

(A) The attitudes of project participants toward the effectiveness of the local resource center.

44784. (a) The institution selected under Section 44782 shall be assisted by an advisory committee, the function of which shall be:

(1) To review and comment on plans for the establishment of the resource centers.

(2) To assist in determining criteria for local and private funding matches to be required for the operation of each resource center.

(3) To advise the project on the selection of proposals for funding.

(4) To annually evaluate the project and the designated resource centers in view of the objectives of this chapter, and to recommend appropriate changes. This evaluation shall be reported to the Superintendent of Public Instruction, the Legislature, and the Governor in a manner designed to coincide with the budget process.

Each resource center shall conduct an annual evaluation to measure the international skills of students reached by the site program, the attitudes of project site participants toward the effectiveness of the project, the rate of participation by teachers, the application by teachers of training materials and techniques to instructional purposes, the dissemination of training materials and techniques to other teachers, and other information the site directors deem appropriate. The results of this evaluation shall be reported to the advisory committee.

44787. State funding for each resource center shall be not less than forty-five thousand dollars ($45,000) but not more than sixty-five thousand dollars ($65,000) per fiscal year, which shall be matched by local and private funds in cash or in-kind equal to at least 50 percent of state funding. SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to implement this necessary and cost-effective program before the 1986–87 school year, it is necessary that this act take effect immediately.

CHAPTER 1174

An act to add Section 868.8 to the Penal Code, relating to witnesses.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares that it is necessary to provide alleged child molestation victims with additional consideration and different treatment from that which is afforded to adults. The Legislature intends, by this act, to provide minors under the age of 11 who are alleged sexual offense victims with certain additional rights and protections during their involvement with criminal proceedings. The Legislature also urges the news media to use restraint in revealing the identity of these alleged victims, especially in particularly sensitive cases.

(b) The Legislature further finds and declares that some researchers believe that the alleged child molestation victim who is required to testify in court may experience psychological stress in discussing the alleged offense, that traditional court procedures may fail to take into account the potential damage to the child witness, that these procedures might exacerbate any damage already done to the child, and that judges who deal with child molestation cases should receive training in the psychological and social issues of child molestation, the basic principles of child protection and development, and techniques that may make the child more

cooperative and thus aid the truth-gathering process.

(c) The Legislature further finds and declares that innovative approaches in the legal system's handling of alleged child sexual abuse cases should be adopted to prevent additional trauma to the child. The Legislature finds that some researchers believe that traditional courtroom settings intimidate child witnesses and thus may hinder the truth-gathering process; that in order to elicit information most effectively and to maintain the child's cooperation it may be necessary to create new courtroom configurations, designed to respond to the child's size, limited capacity to communicate, and special needs for comfort, support, and reassurance.

SEC. 2. Section 868.8 is added to the Penal Code, to read:

868.8. Notwithstanding any other provision of law, in any criminal proceeding in which the defendant is charged with a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, or 289, subdivision (1) of Section 314, or Section 647a, committed with or upon a minor under the age of 11, the court shall take special precautions to provide for the comfort and support of the minor and to protect the minor from coercion, intimidation, or undue influence as a witness, including, but not limited to, any of the following:

(a) In the court's discretion, the witness may be allowed reasonable periods of relief from examination and cross-examination during which he or she may retire from the courtroom.

(b) Notwithstanding Section 68110 of the Government Code, in his or her discretion, the judge may remove his or her robe if the judge believes that this formal attire intimidates the minor.

(c) In the court's discretion the judge, parties, witnesses, support persons, and court personnel may be relocated within the courtroom to facilitate a more comfortable and personal environment for the child witness.

CHAPTER 1175

An act making an appropriation for the payment of certain claims against the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 28, 1985]

I am reducing the appropriation contained in Assembly Bill No. 1301 from $20,851,761 to $6,884,761

I am deleting the $13,967,000 appropriation in Schedule (g) to reimburse claims of water districts for costs incurred under Section 60301 to 60355 of Title 22 of the California Administrative Code. I believe that those costs, which are attributable to additional treatment of reclaimed water prior to its sale, are more appropriately recoverable from the purchasers of the reclaimed water

[Became law without Governor's signature Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature recognizes the necessity of individually reviewing applications from graduates of foreign medical schools which have not been approved by the Division of Licensing of the Board of Medical Quality Assurance. The

Legislature declares its intent that, in addition to disapproving foreign medical schools which do not meet California standards, the division shall move toward the approval of foreign medical schools which do meet California standards, either directly by individual school, or indirectly through national, international, or foreign national accrediting organizations.

(b) The Legislature recognizes that the Commission of the Federation of State Medical Boards has signed agreements with the licensing agencies of 50 states, two territories, and the District of Columbia under which it will conduct factfinding inspections of foreign medical schools on behalf of the licensing agencies. The Legislature desires to conserve resources and promote a national, systematic approach to approval of foreign medical schools.

(c) The division shall work with the federation commission to develop a factfinding capability for foreign medical schools, in order that an ongoing program for approving foreign medical schools can be established.

(d) In order to promote the speedy development of a program for approving foreign medical schools, the division or its agents shall conduct, in the 1986–87 fiscal year, site visits to inspect the medical school accreditation systems as well as individual schools of three countries on three different continents. The countries shall be selected so as to represent a diversity of cultural and educational backgrounds. In selecting the countries for site visits, the division shall also take into account the number of medical school graduates from the country seeking licensure in California, and measurements of quality, such as average scores on standardized national examinations. Each site visit shall review the country's medical school accreditation process and shall include visits to one or more medical schools accredited by that process.

(e) The division shall report to the Legislature on or before December 31, 1987, on its site visit findings and the results of the federation commission's factfinding activities upon completion of the site visits. The report shall indicate what actions the division has taken based on reports prepared by the federation commission, including, but not limited to, the number of foreign schools approved and disapproved by the board. The report shall contain (1) an evaluation of proposals to establish an ongoing process of approving foreign medical schools and (2) appropriate policy recommendations to the Legislature.

(f) The division shall also report to the Legislature on the suitability of the individual schools and accreditation processes inspected and shall outline future steps needed to grant approval to those schools and processes.

SEC. 1.5. Section 2066 is added to the Business and Professions Code, to read:

(2) The graduate is registered with the division for the clinical service.

(b) A graduate may engage in the practice of medicine under this section until the receipt of his or her physician's and surgeon's certificate. If the graduate fails to take the oral and clinical examination without good cause, as determined by the Division of Licensing, or fails to pass the examination and receive a certificate by the completion of the graduate's second year of postgraduate training, all privileges under this section shall automatically cease.

The division may require an applicant under this section to undertake additional education to bring up to standard, instruction in the subjects listed in subdivision (b) of Section 2089 as a condition of issuing a physician's and surgeon's certificate. This presumption may be overcome upon a finding by the division that the medical education received by the applicant is not the educational equivalent of the medical education received by graduates of medical schools approved pursuant to subdivision (a) of this section or Section 2084. In making its finding, the division shall consider, at a minimum, the applicant's total academic and medical training experience prior to and following as well as during medical school, the applicant's performance on standardized national examinations, including the National Board Examinations, the applicant's achievements as a house staff officer, and the number of years of postgraduate medical training completed by the applicant.

For the purposes of computing the 1985–86 tax year and subsequent tax years, the amounts included in the 1984–85 tax year for the purpose of correcting distributions for 1979 to 1984 shall not be used. Unlike other counties, the County of Sonoma was unable to comply with the new revenue distribution system because of the lack of a sophisticated computer system necessary as a prerequisite to comply the new method of computation.

For all other committees, the audit and investigation shall cover all campaign statements filed during the previous two calendar years.

SEC. 12.5. Section 90002 of the Government Code is amended to read:

90002. (a) Audits and investigations of lobbying firms and lobbyist employers shall be performed on an annual basis and shall cover reports filed during a period of one year.

(b) If a lobbying firm or lobbyist employer keeps a separate account for all receipts and payments for which reporting is required by this chapter, the requirement of an audit under subdivision (a) of Section 90001 shall be satisfied by an audit of that account and the supporting documentation required to be maintained by Section 86110.

(c) No audit or investigation of any candidate, controlled committee, or committee primarily supporting or opposing a candidate or a measure in connection with a report or statement required by Chapter 4 of this title, shall begin until after the last date for filing the first report or statement following the general, runoff or special election for the office for which the candidate ran, or following the election at which the measure was adopted or defeated, except that audits and investigations of statewide candidates, their controlled committees, and committees primarily supporting or opposing such statewide candidates supporting candidates who were defeated in the primary election and who are not required to file statements for the general election may begin after the last date for filing the first report or statement following the primary election. When the campaign statements or reports of a

candidate, controlled committee, or a committee primarily supporting or opposing a candidate are audited and investigated, the audit and investigation shall cover all campaign statements and reports filed for the primary and general or special or runoff elections and any previous campaign statement or report filed pursuant to Section 84200 or 84200.5 since the last election for that office. When the campaign statements or reports of a committee primarily supporting or opposing a measure are audited and investigated, the audit and investigation shall cover all campaign statements and reports from the beginning date of the first campaign statement filed by the committee in connection with the measure. For all other committees, the audit and investigation shall cover all campaign statements filed during the previous two calendar years.

SEC. 13. Section 12.5 of this bill incorporates amendments to Section 90002 of the Government Code proposed by both this bill and SB 726. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 90002 of the Government Code, and (3) this bill is enacted after SB 726, in which case Section 12 of this bill shall not become operative.

SEC. 13.5. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The current system of lobbyist reporting is generating excessive amounts of extraneous information which tends to obscure the actual impact of lobbyists and their employers upon the legislative process. In order to enable the Fair Political Practices Commission to adopt implementing regulations and forms and produce an instructional manual to provide the public with more relevant and usable information prior to the 1986 legislative elections, it is necessary that this bill take effect immediately.

CHAPTER 1184

An act to amend Section 25356.1 of the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25356.1 of the Health and Safety Code is amended to read:

25356.1. (a) The department, or, if appropriate, the regional water quality control board shall prepare or approve remedial action plans for all sites listed pursuant to Section 25356.

(b) A potentially responsible party may request the department or the regional water quality control board, when appropriate, to prepare or approve a remedial action plan for any site not listed pursuant to Section 25356 if the department or the State Water Resources Control Board determines that a removal or remedial action is required to respond to a release of a hazardous substance. The department or the state board shall respond to a request to prepare or approve a remedial action plan within 90 days of receipt. This subdivision does not affect the authority of any regional water quality control board to issue and enforce a cleanup and abatement order pursuant to Section 13304 of the Water Code or a cease and desist order pursuant to Section 13301 of the Water Code.

(c) All remedial action plans prepared or approved pursuant to this section shall be based upon Section 25350, Subpart F of the National Oil and Hazardous Substances Pollution Contingency Plan (40 C.F.R. Sec. 300.61 et seq.), and upon all of the following factors, to the extent that these factors are consistent with these federal regulations and do not require a less stringent level of cleanup than these federal regulations:

(1) Health and safety risks posed by the conditions at the site. When considering these risks, the department or the regional water quality control board shall consider scientific data and reports which may have a relationship to the site.

(2) The effect of contamination or pollution levels upon present, future, and probable beneficial uses of contaminated, polluted, or threatened resources.

(3) The effect of alternative remedial action measures on the reasonable availability of groundwater resources for present, future, and probable beneficial uses. The department or regional water quality control board shall consider the extent to which remedial action measures are available which use, as a principal element, treatment that significantly reduces the volume, toxicity, or mobility of the hazardous substances, as opposed to remedial actions which do not use this treatment. The department or regional water quality control board shall not select remedial action measures which use offsite transport and disposal of untreated hazardous substances or contaminated materials if practical and cost-effective treatment technologies are available.

(4) Site specific characteristics, including the potential for offsite migration of hazardous substances, the surface or subsurface soil, and the hydrogeologic conditions, as well as preexisting background contamination levels.

(5) Cost effectiveness of alternative remedial action measures. In evaluating the cost effectiveness of proposed alternative remedial action measures, the department or regional water quality control board shall consider, to the extent possible, the total short-term and long-term costs of these actions . Land disposal shall not be deemed the most cost-effective measure merely on the basis of lower short-term cost.

(6) The potential environmental impacts of alternative remedial action measures, including, but not limited to, land disposal of the untreated hazardous substances as opposed to treatment of the hazardous substances to remove or reduce its volume, toxicity, or mobility prior to disposal.

(d) A remedial action plan prepared or approved pursuant to this section shall include a statement of reasons setting forth the basis for the removal and remedial actions selected. The statement shall include an evaluation of each proposed alternative submitted to, or prepared by, the department or the regional water quality control board for a particular site. The statement shall also include an evaluation of the consistency of the removal and remedial actions proposed by the plan with the federal regulations and factors specified in subdivision (c) and shall set forth the reasons for rejection of alternative removal and remedial actions. The statement shall also include a nonbinding preliminary allocation of responsibility among all identifiable potentially responsible parties at a particular site, including those parties which may have been released, or may otherwise be immune, from liability pursuant to this chapter or any other provision of law. Before adopting a final remedial action plan, the department or the regional water quality control board shall prepare or approve a draft remedial action plan and shall do all of the following:

(1) Circulate the draft plan for at least 30 days for public comment.

(2) Notify affected local and state agencies of the removal and remedial actions proposed in the remedial action plan and publish a notice in a newspaper of general circulation in the area affected by the draft remedial action plan. The department or the regional water quality control board shall also post notices in the location where the proposed removal or remedial action would be located and shall notify, by direct mailing, the owners of property contiguous to the site addressed by the plan, as shown in the latest equalized assessment roll.

(3) Hold one or more meetings with the lead and responsible agencies for the removal and remedial actions, the potentially responsible parties for the removal and remedial actions, and the interested public, to provide the public with the information which is necessary to address the issues which concern the public. The information to be provided shall include an assessment of the degree of contamination, the characteristics of the hazardous substances, an estimate of the time required to carry out the removal and remedial

actions, and a description of the proposed removal and remedial actions.

(4) Comply with Section 25358.7.

(e) After complying with subdivision (d), the department or the regional water quality control board shall review and consider any public comments, and shall revise the draft plan, if appropriate. The department or the regional water quality control board shall then issue the final remedial action plan.

(f) A potentially responsible party named in the final remedial action plan issued by the department or the regional water quality control board may seek judicial review of the final remedial action plan pursuant to Section 1085 of the Code of Civil Procedure within 30 days after the final plan is issued. The filing of a petition seeking judicial review of a final remedial action plan shall not stay any removal or remedial action specified in the final plan.

For purposes of judicial review, the court shall uphold the final remedial action plan if the plan is based upon substantial evidence available to the department or the regional water quality control board, as the case may be. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction, including, but not limited to, enjoining the expenditure of funds pursuant to paragraph (2) of subdivision (b) of Section 25385.6.

(g) This section does not require the department or a regional water quality control board to prepare a remedial action plan if conditions present at a site present an imminent or substantial endangerment to the public health and safety or to the environment.

(h) Article 2 (commencing with Section 13320), Article 3 (commencing with Section 13330), Article 5 (commencing with Section 13350), and Article 6 (commencing with Section 13360) of Chapter 5 of Division 7 of the Water Code apply to any action or failure to act by a regional water quality control board pursuant to this section.

CHAPTER 1185

An act to amend Section 4560 of the Government Code, relating to state employees.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4560 of the Government Code is amended to read:

4560. The Legislature finds and declares that there is a substantial need to provide adequate child care facilities for state employees.

When the state constructs, acquires, or receives as a gift any office

building which can accommodate 700 or more state employees, or when additions, alterations, or repairs are made to existing state-owned office buildings which can accommodate 700 or more state employees, and the additions, alterations, or repairs both change and affect the use of 25 percent of the net square feet area of the building and include the addition to, alteration of, or repair of the first floor, adequate space shall be designated within the building to meet the child care needs of those employees, if a review of those employees slated to occupy the new or renovated building shows sufficient need for child care services for 30 or more children. The review shall be conducted by the Department of General Services and the Governor's Advisory Committee on Child Development Programs established pursuant to Section 8254 of the Education Code. The Director of General Services may secure space in any adequate facility for the same purposes only in the event that all other physical requirements controlling the development of the child care facilities within the office building cannot be utilized, provided that funds for the off-site facilities are made available.

It is the intent of the Legislature that existing state office buildings, at the discretion of the Director of General Services, may be retrofitted to accommodate a child care facility. State funds required for the retrofitting shall be subject to regular budgetary procedures and approvals.

Space designed within a state-owned office building for the child care facility shall comply with the prevailing local and state safety building codes for child care facilities.

The indoor area shall not exceed 2,100 square feet, nor be less than that required to accommodate 30 children, excluding space for restrooms, kitchen facilities, storage areas, and teacher offices. Outdoor play area space shall correspond with the indoor play area as set forth in Title 22 of the California Administrative Code.

Utilization of the space shall be subject to terms and conditions as set forth by the Director of General Services. The terms shall include payment of rent, proof of financial responsibility, and maintenance of space. The space shall be made available to the employees who wish to establish child care facilities at a rate to be established by the Director of General Services based upon the actual cost to the state, the average cost of state-owned space in the area, or the statewide average cost of state-owned space, whichever is less.

The employee-occupants shall be notified in writing by the department or departments occupying the building, of the availability of space to be used for a child care facility no earlier than 180 days prior to the projected date of occupancy of a new building or space provided as the result of additions, alterations, or repairs to an existing state-owned building, and the additions, alterations, or repairs that both change and affect the use of 25 percent of the net square feet area of the building and include the addition to, alteration of, or repair of the first floor. If, within 30 days after full occupancy of a new office building or 30 days after the completion

of additions, alterations, or repairs to an existing state-owned office building, the employee-occupants so desiring have not filed an application with the Secretary of State as a nonprofit corporation for the purpose of organizing a child care center, deposited two months' rent in a commercial or savings account, and entered into a contract with the Department of General Services, the space may be used for any other purpose, as long as no permanent alteration of the space occurs. Other purposes may include, but are not limited to, conference rooms, storage areas, or offices. The space for child care shall be held for the employee-occupants' nonprofit corporation only as long as they pay the monthly rent and meet the terms set forth in the contract. Payment of rent shall commence 30 days after full occupancy of a new office building or 30 days after completion of additions, alterations, or repairs, as specified in this section.

If at a later date, the employee-occupants so desiring (a) file an application with the Secretary of State as a nonprofit corporation for the purpose of organizing a child care facility, (b) deposit two month's rent in a commercial or savings account, and (c) notify the Director of General Services of those actions, then the space shall be reconverted for child care purposes within 180 days of the notice.

Children of whom at least one parent or guardian is a state employee shall be given priority admission, over other children, to the child care facility.

When a child care center has been operative for five years, the Director of General Services shall assess the child care needs of the state employees using the center and the office space needs of the building within which the center is located. If the assessment demonstrates a greater need for office space than for child care, the Director of General Services may close the child care center. Ninety days' written notice shall be given to the director or head teacher of the center of the closure.

This section shall not be construed to apply to those buildings which provide care or 24-hour residential care for patients, inmates, or wards of the state, such as state hospitals and correctional facilities.

CHAPTER 1186

An act to amend Sections 1802.1 and 2981 of the Civil Code, relating to retail installment sales.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1802.1 of the Civil Code is amended to read:

1802.1. "Goods" means tangible chattels bought for use primarily for personal, family or household purposes, including certificates or

coupons exchangeable for such goods, and including goods which, at the time of the sale or subsequently are to be so affixed to real property as to become a part of such real property whether or not severable therefrom, but does not include any vehicle required to be registered under the Vehicle Code, nor any goods sold or leased with such a vehicle if sold under a contract governed by Section 2982 or leased under a contract governed by Section 2985.7. "Goods" also includes a trailer which is sold in conjunction with a vessel, as defined in subdivision (a) of Section 9840 of the Vehicle Code, unless the sales transaction is exempted under Section 1801.4. As used in this section, "trailer" means a vehicle designed solely for carrying vessels.

SEC. 2. Section 2981 of the Civil Code is amended to read:

2981. As used in this chapter, unless the context otherwise requires:

(a) "Conditional sale contract" means:

(1) Any contract for the sale of a motor vehicle between a buyer and a seller, with or without accessories, under which possession is delivered to the buyer and either (A) the title vests in the buyer thereafter only upon the payment of all or a part of the price, or the performance of any other condition, or (B) a lien on the property is to vest in the seller as security for the payment of part or all of the price, or for the performance of any other condition, or

(2) Any contract for the bailment of a moter vehicle between a buyer and a seller, with or without accessories, by which the bailee or lessee agrees to pay as compensation for use a sum substantially equivalent to or in excess of the aggregate value of the vehicle and its accessories, if any, at the time the contract is executed, and by which it is agreed that the bailee or lessee will become, or for no other or for a nominal consideration has the option of becoming, the owner of the vehicle upon full compliance with the terms of the contract.

(b) "Seller" means a person engaged in the business of selling or leasing motor vehicles under conditional sale contracts.

(c) "Buyer" means the person who buys or hires a motor vehicle under a conditional sale contract.

(d) "Person" includes an individual, company, firm, association, partnership, trust, corporation, or other legal entity.

(e) "Cash price" means the amount for which the seller would sell and transfer to the buyer unqualified title to the motor vehicle described in the conditional sale contract, if the property were sold for cash at the seller's place of business on the date the contract is executed, and shall include taxes to the extent imposed on the cash sale and the cash price of accessories or services related to the sale such as delivery, installation, alterations, modifications, improvements, document preparation fees, or a service contract.

(f) "Downpayment" means any payment which the buyer pays or agrees to pay to the seller in cash or property value or money's worth at or prior to delivery by the seller to the buyer of the motor vehicle described in the conditional sale contract. The term shall also include

the amount of any portion of the downpayment the payment of which is deferred until not later than the due date of the second otherwise scheduled payment, if the amount of the deferred downpayment is not subject to a finance charge. The term does not include any administrative finance charge charged, received or collected by the seller as provided in this chapter.

(g) "Amount financed" means the amount required to be disclosed pursuant to paragraph (8) of subdivision (a) of Section 2982.

(h) "Unpaid balance" means the difference between (e) and (f), plus all insurance premiums (except for credit life or disability insurance when the amount thereof is included in the finance charge), which are included in the contract balance, and the total amount paid or to be paid (1) to any public officer in connection with the transaction, and (2) for license, certificate of title, and registration fees imposed by law, and the amount of the state fee for issuance of a certificate of compliance or certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code.

(i) "Finance charge" has the meaning set forth for that term in Section 226.4 of Regulation Z. The term shall not include delinquency charges or collection costs and fees as provided by subdivision (k) of Section 2982, extension or deferral agreement charges as provided by Section 2982.3, or amounts for insurance, repairs to or preservation of the motor vehicle, or preservation of the security interest therein advanced by the holder under the terms of the contract.

(j) "Total of payments" means the amount required to be disclosed pursuant to subdivision (h) of Section 226.18 of Regulation Z. The term includes any portion of the downpayment which is deferred until not later than the second otherwise scheduled payment and which is not subject to a finance charge. (k) "Motor vehicle" means any vehicle required to be registered under the Vehicle Code which is bought for use primarily for personal or family purposes, and does not mean any vehicle which is bought for use primarily for business or commercial purposes or a mobilehome, as defined in Section 18008 of the Health and Safety Code which is sold on or after July 1, 1981. "Motor vehicle" does not include any trailer which is sold in conjunction with a vessel and which comes within the definition of "goods" under Section 1802.1.

(*l*) "Purchase order" means a sales order, car reservation, statement of transaction or any other such instrument used in the conditional sale of a motor vehicle pending execution of a conditional sale contract. (n) "Simple-interest basis" means the determination of a finance charge, other than an administrative finance charge, by applying a constant rate to the unpaid balance as it changes from time to time either:

(1) Calculated on the basis of a 365-day year and actual days elapsed (although the seller may, but need not, adjust its calculations to account for leap years); reference in this chapter to the "365-day basis" shall mean this method of determining the finance charge, or

(2) For contracts entered into prior to January 1, 1988, calculated on the basis of a 360-day year consisting of 12 months of 30 days each and on the assumption that all payments will be received by the seller on their respective due dates; reference in this chapter to the "360-day basis" shall mean this method of determining the finance charge.

(o) "Precomputed basis" means the determination of a finance charge by multiplying the original unpaid balance of the contract by a rate and multiplying that product by the number of payment periods elapsing between the date of the contract and the date of the last scheduled payment.

(p) "Service contract" means a contract in writing to perform, over a fixed period of time or for a specified duration, services relating to the maintenance or repair, or both, of the motor vehicle described in the conditional sale contract.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1187

An act to amend Section 777 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 777 of the Welfare and Institutions Code is amended to read:

777. An order changing or modifying a previous order by removing a minor from the physical custody of a parent, guardian, relative, or friend and directing placement in a foster home, or commitment to a private institution or commitment to a county institution, or an order changing or modifying a previous order by directing commitment to the Youth Authority shall be made only after noticed hearing upon a supplemental petition.

(a) The supplemental petition shall be filed by the probation officer, where a minor has been declared a ward of the court or a probationer under Section 601, and by the prosecuting attorney at the request of the probation officer where a minor has been declared a ward or probationer under Section 602, in the original matter and shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the minor.

(b) Notwithstanding the provisions of subdivision (a), if the petition alleges a violation of a condition of probation and is for the commitment of a minor to a county juvenile institution for a period of 30 days or less, or for a less restrictive disposition, it is not necessary to allege and prove that the previous disposition has not been effective in the rehabilitation or protection of the minor. However, before any period of commitment in excess of 15 days is ordered, the court shall determine and consider the effect that an extended commitment period would have on the minor's schooling, including possible loss of credits, and on any current employment of the minor. In order to make such a commitment the court must, however, find that the commitment is in the best interest of the minor. The provisions of this subdivision may not be utilized more than twice during the time the minor is a ward of the court.

(c) Upon the filing of a supplemental petition, the clerk of the juvenile court shall immediately set the same for hearing within 30 days, and the probation officer shall cause notice of it to be served upon the persons and in the manner prescribed by Sections 658 and 660.

(d) An order for the detention of the minor pending adjudication of the petition may be made only after a hearing is conducted pursuant to Article 15 (commencing with Section 625) of this chapter.

(e) The filing of a supplemental petition and the hearing thereon shall not be required for the commitment of a minor to a county institution for a period of 30 days or less pursuant to an original or a previous order imposing a specified time in custody and staying the enforcement of the order subject to subsequent violation of a condition or conditions of probation, provided that in order to make the commitment, the court finds at a hearing that the minor has

violated a condition of probation.

CHAPTER 1188

An act to add Section 987.81 to the Penal Code, relating to legal assistance.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.81 is added to the Penal Code, to read:

987.81. (a) In any case in which a defendant is provided legal assistance, either through the public defender or private counsel appointed by the court, upon conclusion of the criminal proceedings in the trial court, or upon the withdrawal of the public defender or appointed private counsel, the court shall consider the available information concerning the defendant's ability to pay the costs of legal assistance and may, after notice, as provided in subdivision (b), hold a hearing to make a determination of the present ability of the defendant to pay all or a portion of the cost thereof. Notwithstanding the above, in any case where the court has ordered the probation officer to investigate and report to the court pursuant to subdivision (b) of Section 1203, the court may hold such a hearing. The court may, in its discretion, hold one such additional hearing within six months of the conclusion of the criminal proceedings.

(b) Concurrent with the furnishing of counsel or legal assistance by the court, the court shall order the defendant to appear before a county officer designated by the court to make an inquiry into the ability of the defendant to pay all or a portion of the legal assistance provided. Prior to the furnishing of counsel or legal assistance by the court, the court shall give notice to the defendant that the court shall, after a hearing, make a determination of the present ability of the defendant to pay all or a portion of the cost of counsel. The court shall also give notice that, if the court determines that the defendant has the present ability, the court shall order him or her to pay all or a part of the cost. The notice shall inform the defendant that the order shall have the same force and effect as a judgment in a civil action and shall be subject to enforcement against the property of the defendant in the same manner as any other money judgment.

(c) The provisions of this section shall apply only in a county in which the board of supervisors adopts a resolution which elects to proceed under this section.

CHAPTER 1189

An act to add Section 462 to, and to add and repeal Chapter 6 (commencing with Section 58551) of Part 1 of Division 21 of, the Food and Agricultural Code, relating to agricultural marketing, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 462 is added to the Food and Agricultural Code, to read:

462. The director may enter into an agreement with one or more organizations representing growers, shippers, and manufacturers of agricultural commodities whereby research will be conducted by public or private agencies to determine methods, techniques, or criteria for agricultural commodities to qualify for entrance into foreign markets.

The agreement shall specify that the state will provide 50 percent of the funds necessary for the research and the other parties to the agreement will provide the remaining 50 percent.

State funds shall be available for expenditure for the purposes of this section upon appropriation therefor in the Budget Act or other statute.

SEC. 2. Chapter 6 (commencing with Section 58551) is added to Part 1 of Division 21 of the Food and Agricultural Code, to read:

CHAPTER 6. FOREIGN MARKETING

Article 1. General Provisions

58551. This chapter shall be known and may be cited as the Foreign Market Development Export Incentive Program for California Agriculture Act.

58552. (a) The Legislature finds and declares that it is the policy of this state to encourage and promote the sale of agricultural products of California in foreign markets and to assist farmers, processors, distributors, and exporters in meeting world market needs.

(b) The Legislature further finds and declares, as being consistent with the Thurman Agricultural Policy Act (Chapter 6 (commencing with Section 801) of Part 1 of Division 1), both of the following:

(1) The harvest from approximately one out of every four acres of California cropland is now sold in foreign markets, thus the state's agricultural economy is dependent upon international trade.

(2) It is in the public's best interest to assist California agriculture in market development for agricultural products, and to expand

world trade in these products to maximize growth in the state's economy.

58553. The definitions in this article apply to this chapter.

58554. "Agricultural commodities" means the products of California farms and ranches and items processed from these products, and includes forest products and fish and fish products produced in California.

58555. "Constraint" means a condition in a particular country or region which needs to be addressed in order to develop, expand, or maintain agricultural commodity exports.

58556. "Cooperator" means a private or nonprofit agricultural marketing organization or state marketing order board or commission organized pursuant to this code operating in California which is actively engaged in the marketing of agricultural commodities and has entered into a project agreement with the department to contribute cash, goods, or services to a foreign market development program.

58557. "Marketing" means the advertising, sale, and distribution of agricultural commodities, including private brands and trade names, in foreign markets.

58558. "Marketing plan" means the primary annual document prepared by cooperators and approved by the director which defines activities and budgets addressing constraints and the marketing of agricultural commodities.

58559. "Project agreement" means a contract between the department and a cooperator under which the cooperator agrees to conduct activities that both address constraints and encourage the development or maintenance of agricultural commodity export sales.

58560. "State funds" means the funds made available by the department under a project agreement.

58561. "Third party cooperator" means a foreign government or private organization which has entered into an agreement with a cooperator to join in the marketing of agricultural commodities.

58562. (a) "Cooperator contributions" means contributions of money, personnel, materials, facilities, services, or supplies, expressed in terms of United States dollar value, that are furnished by the cooperator and any third party cooperator to help carry out the terms of a project agreement. Funds, services, or personnel provided by any state or federal agency, except funds from a state marketing order board or commission organized pursuant to this code, cannot be counted as a contribution.

58563. The department shall adopt regulations, including criteria to establish what constitutes cooperator contributions, necessary to effectuate this chapter. Whenever applicable, the regulations shall be consistent with similar regulations adopted by the Foreign Agriculture Service of the United States Department of Agriculture.

Article 2. Project Agreements

58571. (a) Project agreements may be entered into between the department and cooperators in order to address constraints and encourage the marketing of agricultural commodities in foreign countries. A project agreement may be limited to activities in one country, or may include activities in several countries. Project agreements shall include, but are not limited to, all of the following:

(1) A description of the commodity, or commodities, for which a project agreement is being requested and a statement that California export availabilities are expected to be adequate during the life of the project.

(2) A description of the applicant organization or firm.

(3) A justification for participation in the foreign market development program.

(4) A statement of proposed activities, including specific information on the activities to be conducted, the countries in which they will be undertaken, who will conduct or supervise them, and the expected results.

Nothing in this section exempts any used or spent etchant, stripping solution, or plating solution from any other requirement of this chapter.

CHAPTER 1192

An act to add Article 7.3 (commencing with Section 51770) to Chapter 5 of Part 28 of the Education Code, relating to schools.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 7.3 (commencing with Section 51770) is added to Chapter 5 of Part 28 of the Education Code, to read:

Article 7.3. Energy Education

51770. The Legislature hereby finds and declares that despite various energy conservation measures, energy costs have continued to increase and will likely increase in the future. The Legislature also finds and declares that a model comprehensive energy education program to be made available to pupils enrolled in the public schools is required in order to acquaint pupils with the limited availability of energy resources, the need for effective energy conservation measures, and other issues addressing our future energy needs.

51771. (a) The Superintendent of Public Instruction shall provide for the development of a model energy education program appropriate for use by school districts maintaining kindergarten and grades 1 to 12, inclusive. In developing the model program, the superintendent may utilize or incorporate existing instructional materials in the area of energy and other available resources, so long as the superintendent determines that they are reasonably balanced and objective, or are capable of being used in conjunction with other materials to establish a reasonably balanced and objective perspective. The model program, including the review of the utilization or incorporation of existing instructional materials in the area of energy and other available resources, shall be developed in consultation with the California Energy Commission, and shall be periodically updated to incorporate additional technological changes.

The model program shall include an accurate, objective assessment of the nation's current and projected energy supplies and a review of the nation's progress in the development of alternative energy resources, with an emphasis on renewable energy sources such as solar and wind power.

(b) The model program shall be designed to provide instruction to pupils regarding all of the following:

(1) The finite nature of our nation's current basic energy resources.

(2) The effects of energy extraction from nonrenewable resources on the environment.

(3) An examination of the balance between consumer demands for energy and the need for energy conservation, as well as the effect of present energy usage on the energy needs of future generations.

(4) An examination of policy issues regarding the use of alternative energy resources, including the weatherization of homes and businesses, individual and business energy conservation, the availability of incentives to promote the development of renewable energy resources, and the cost-effectiveness of various types of energy production such as fossil fuels, nuclear energy, solar power, wind power, and geothermal energy.

(5) An examination of the viability of energy conservation as an energy resource.

51772. The Superintendent of Public Instruction shall make the

model program developed under this article available to each school district. School districts shall have the option to include the model program as part of their required or authorized courses of instruction, but it is the intent of the Legislature that the Superintendent of Public Instruction shall take any steps necessary to encourage school districts to provide some form of energy education instruction.

(b) Persons transporting only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or the health officer's authorized representative pursuant to Chapter 6 (commencing with Section 25000) are exempt from the requirements of subdivision (a).

(c) Persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the requirements of subdivisions (a) and (e) and from the requirements

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste, the extremely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces no more than 100 kilograms of hazardous waste in any month.

(d) Any person registered as a hazardous waste hauler pursuant to subdivision (a) is not subject to the registration requirements of Chapter 6 (commencing with Section 25000), but shall comply with the terms, conditions, orders, and directions as the health officer or the health officer's authorized representative may deem necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city or county in which the registered hazardous waste hauler will be conducting the activities described in Section 25001.

SEC. 2. Section 25345.5 of the Health and Safety Code is amended to read:

25345.5. (a) The recordkeeping requirements of Section 25342 and the tax provided for in Section 25345 do not apply to hazardous wastes collected by any public agency or any person operating a voluntary hazardous waste collection program under an agreement with a public agency, if the waste results from a voluntary hazardous waste collection program which complies with all requirements of Chapter 6.5 (commencing with Section 25100) and regulations adopted pursuant thereto. For the purposes of this subdivision, "voluntary hazardous waste collection program" means a program in which small quantities of hazardous wastes are received from noncommercial sources, stored, and ultimately transferred to a licensed hazardous waste disposal site.

(b) The tax provided for in Section 25345 shall not apply to hazardous wastes generated or disposed of by local vector control

agencies which have entered into a cooperative agreement pursuant to Section 2426 or by county agricultural commissioners if the hazardous wastes result from their control activities and if they comply with the requirements of Chapter 6.5 (commencing with Section 25100) and regulations adopted pursuant thereto.

(c) The recordkeeping requirements of Section 25342 and the tax provided for in Section 25345 do not apply to hazardous waste disposed of, or submitted for disposal, if the hazardous waste meets all of the following requirements:

(1) The hazardous waste was located on the property of a landowner who did not produce, generate, or deposit the hazardous waste on the property.

(2) The hazardous waste was removed from the property and disposed of, before September 25, 1981, at a facility licensed by the department, the landowner paid for the costs of that removal and disposal, and the removal and disposal was carried out pursuant to permits issued by, or under the direction of, the department or a local agency.

(3) The landowner removed and disposed of the hazardous waste for the purpose of developing the property with a housing development project, of which at least 15 percent of the total units are affordable to low- and moderate-income families, without the use of direct subsidies by the state or federal government.

SEC. 3. Section 25366.5 is added to the Health and Safety Code, to read:

25366.5. (a) Any public agency operating a voluntary hazardous waste collection program, as defined in Section 25345.5, or any person operating such a program under an agreement with a public agency, shall not be held liable in any cost recovery action brought pursuant to Section 25360 for any waste which has been properly handled and transported to an authorized hazardous waste treatment or disposal facility at a location other than that of the collection program.

(b) Except as provided in subdivision (a), this section does not affect or modify the obligations or liabilities of any person imposed pursuant to any state or federal law.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) When the patient, with the approval of the physician, licensed psychologist, or social worker with a master's degree in social work, who is in charge of the patient, designates persons to whom information or records may be released, except that nothing in this article shall be construed to compel a physician, psychologist, social worker, nurse, attorney, or other professional person to reveal information which has been given to him or her in confidence by members of a patient's family.

(c) To the extent necessary for a recipient to make a claim, or for a claim to be made on behalf of a recipient for aid, insurance, or medical assistance to which he or she may be entitled.

The agreement shall only be operative until sentence is passed on the crime of which the person was convicted. The confidential information released pursuant to this subdivision shall be transmitted to the court separately from the probation report and shall not be placed in the probation report. (r) To persons serving on an interagency case management council established in compliance with Section 5606.6 to the extent necessary to perform its duties. This council shall attempt to obtain

the consent of the client. If this consent is not given by the client, the council shall justify in the client's chart why these records are necessary for the work of the council.

(m) To county patients' rights advocates who have been given knowing voluntary authorization by a client or a guardian ad litem. The client or guardian ad litem, whoever entered into the agreement, may revoke such authorization at any time, either in writing or by oral declaration to an approved advocate.

(n) To a committee established in compliance with Sections 4070 and 5624.

(o) In providing information as described in Section 7325.5. Nothing in this subdivision shall permit the release of any information other than that described in Section 7325.5.

(q) If the patient gives his or her consent, information specifically pertaining to the existence of genetically handicapping conditions, as defined in Section 341.5 of the Health and Safety Code, may be released to qualified professional persons for purposes of genetic counseling for blood relatives upon request of the blood relative. For

purposes of this subdivision, "qualified professional persons" means those persons with the qualifications necessary to carry out the genetic counseling duties under this subdivision as determined by the genetic disease unit established in the State Department of Health Services under Section 309 of the Health and Safety Code. If the patient does not respond or cannot respond to a request for permission to release information pursuant to this subdivision after reasonable attempts have been made over a two-week period to get a response, the information may be released upon request of the blood relative.

(r) To the agency established in this state to fulfill the requirements and assurances of Section 142 of the federal Developmental Disabilities Act of 1984 for a system to protect and advocate the rights of persons with developmental disabilities, as defined in Section 102(7) of the federal act. For purposes of this subdivision, "psychotherapist" means anyone so defined within Section 1010 of the Evidence Code.

This provision shall not be construed to allow any civil or criminal liability against a psychotherapist or any law enforcement person or agency.

(t) To persons serving on an interagency case management council established in compliance with Section 5606.6 to the extent necessary to perform its duties. This council shall attempt to obtain the consent of the client. If this consent is not given by the client, the council shall justify in the client's chart why these records are necessary for the work of the council.

The amendment of subdivision (d) enacted at the 1970 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the preexisting law.

SEC. 5. Section 5606.6 is added to the Welfare and Institutions Code, to read:

CHAPTER 1195

An act to amend Sections 19175, 19574.1, 19582, and 19584 of, to add Section 19574.2 to, and to repeal and add Section 19579 of, the Government Code, relating to disciplinary hearings.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 19175 of the Government Code is amended to read:

19175. The board at the written request of a rejected probationer, filed within 15 calendar days of the effective date of rejection, may investigate with or without a hearing the reasons for rejection. After investigation, the board may do any of the following:

(a) Affirm the action of the appointing power.

(b) Modify the action of the appointing power.

(c) Restore the name of the rejected probationer to the employment list for certification to any position within the class; provided, that his or her name shall not be certified to the agency by which he or she was rejected, except with the concurrence of the appointing power thereof.

(d) Restore him or her to the position from which he or she was rejected, but this shall be done only if the board determines, after hearing, that there is no substantial evidence to support the reason or reasons for rejection, or that the rejection was made in fraud or bad faith. At any such hearing the rejected probationer shall have the burden of proof; subject to rebuttal by him or her, it shall be presumed that the rejection was free from fraud and bad faith and that the statement of reasons therefor in the notice of rejection is true.

SEC. 2. Section 19574.1 of the Government Code is amended to read:

19574.1. (a) An employee who has been served with notice of adverse action, or a representative designated by the employee, shall have the right to inspect any documents in the possession of, or under the control of, the appointing power which are relevant to the adverse action taken or which would constitute "relevant evidence" as defined in Section 210 of the Evidence Code. The employee, or the designated representative, shall also have the right to interview other employees having knowledge of the acts or omissions upon which the adverse action was based. Interviews of other employees and inspection of documents shall be at times and places reasonable for the employee and for the appointing power.

(b) The appointing power shall make all reasonable efforts necessary to assure the cooperation of any other employees interviewed pursuant to this section.

SEC. 3. Section 19574.2 is added to the Government Code, to read:

19574.2. (a) Any party claiming that his or her request for discovery pursuant to Section 19574.1 has not been complied with may serve and file a petition to compel discovery with the Hearing Office of the State Personnel Board, naming as respondent the party

refusing or failing to comply with Section 19574.1. The petition shall state facts showing that the respondent party failed or refused to comply with Section 19574.1, a description of the matters sought to be discovered, the reason or reasons why the matter is discoverable under Section 19574.1, and the ground or grounds of respondent's refusal so far as known to petitioner.

(b) The petition shall be served upon respondent party and filed within 14 days after the respondent party first evidenced his or her failure or refusal to comply with Section 19574.1 or within 30 days after the request was made and the party has failed to reply to the request, whichever period is longer. However, no petition may be filed within 15 days of the date set for commencement of the administrative hearing, except upon a petition and a determination by the administrative law judge of good cause. In determining good cause, the administrative law judge shall consider the necessity and reasons for the discovery, the diligence or lack of diligence of the moving party, whether the granting of the petition will delay the commencement of the administrative hearing on the date set, and the possible prejudice of the action to any party. The respondent shall have a right to file a written answer to the petition. Any answer shall be filed with the Hearing Office of the State Personnel Board and the petitioner within 15 days of service of the petition.

Unless otherwise stipulated by the parties and as provided by this section, the administrative law judge shall review the petition and any response filed by the respondent and issue a decision granting or denying the petition within 20 days after the filing of the petition. Nothing in this section shall preclude the administrative law judge from determining that an evidentiary hearing shall be conducted prior to the issuance of a decision on the petition. In the event that a hearing is ordered, the decision of the administrative law judge shall be issued within 20 days of the closing of the hearing.

A party aggrieved by the decision of the administrative law judge may, within 30 days of service of the decision, file a petition to compel discovery in the superior court for the county in which the administrative hearing will be held. The petition shall be served on the respondent party.

(c) If from a reading of the petition the court is satisfied that the petition sets forth good cause for relief, the court shall issue an order to show cause directed to the respondent party; otherwise the court shall enter an order denying the petition. The order to show cause shall be served upon the respondent and his or her attorney of record in the administrative proceeding by personal delivery or certified mail and shall be returnable no earlier than 10 days from its issuance nor later than 30 days after the filing of the petition. The respondent party shall have the right to serve and file a written answer or other response to the petition and order to show cause.

(d) The court may, in its discretion, order the administrative proceeding stayed during the pendency of the proceeding, and, if necessary, for a reasonable time thereafter to afford the parties time

to comply with the court order.

(e) Where the matter sought to be discovered is under the custody or control of the respondent party and the respondent party asserts that the matter is not a discoverable matter under Section 19574.1, or is privileged against disclosure under Section 19574.1, the court may order lodged with it matters which are provided in subdivision (b) of Section 915 of the Evidence Code and shall examine the matters in accordance with the provisions thereof.

(f) The court shall decide the case on the matters examined by the court in camera, the papers filed by the parties, and such oral argument and additional evidence as the court may allow.

(g) Unless otherwise stipulated by the parties, the court shall no later than 45 days after the filing of the petition file its order denying or granting the petition; provided, however, that the court may on its own motion for good cause extend the time an additional 45 days. The order of the court shall be in writing setting forth the matters or parts the petitioner is entitled to discover under Section 19574.1. A copy of the order shall forthwith be served by mail by the clerk upon the parties. Where the order grants the petition in whole or in part, the order shall not become effective until 10 days after the date the order is served by the clerk. Where the order denies relief to the petitioning party, the order shall be effective on the date it is served by the clerk.

(h) The order of the superior court shall be final and, except for this subdivision, shall not be subject to review by appeal. A party aggrieved by the order, or any part thereof, may within 30 days after the service of the superior court's order serve and file in the district court of appeal for the district in which the superior court is located, a petition for a writ of mandamus to compel the superior court to set aside, or otherwise modify, its order. Where a review is sought from an order granting discovery, the order of the trial court and the administrative proceeding shall be stayed upon the filing of the petition for writ of mandamus; provided, however, that the court of appeal may dissolve or modify the stay thereafter, if it is in the public interest to do so. Where the review is sought from a denial of discovery, neither the trial court's order nor the administrative proceeding shall be stayed by the court of appeal except upon a clear showing of probable error.

(i) Where the superior court finds that a party or his or her attorney, without substantial justification, failed or refused to comply with Section 19574.1, or, without substantial justification, filed a petition to compel discovery pursuant to this section, or, without substantial justification, failed to comply with any order of court made pursuant to this section, the court may award court costs and reasonable attorney fees to the opposing party. Nothing in this subdivision shall limit the power of the superior court to compel obedience to its orders by contempt proceedings.

SEC. 4. Section 19579 of the Government Code is repealed.

SEC. 4.5. Section 19579 is added to the Government Code, to

read:

19579. Failure of either party (the employee, the employer, or their representatives) to proceed at the hearing shall be deemed a withdrawal of the action or appeal, unless the hearing is continued by mutual agreement of the parties, or upon showing of good cause.

SEC. 5. Section 19582 of the Government Code is amended to read:

19582. (a) Hearings may be held by the board, or by any authorized representative, but the board shall render the decision which in its judgment is just and proper.

During a hearing, after the appointing authority has completed the opening statement or the presentation of evidence, the employee without waiving his or her right to offer evidence in the event the motion is not granted, may move for a dismissal of the charges.

If it appears that the evidence presented supports the granting of the motion as to some but not all of the issues involved in the action, the board or the authorized representative shall grant the motion as to those issues and the action shall proceed as to the issues remaining. Despite the granting of the motion, no judgment shall be entered prior to a final determination of the action on the remaining issues, and shall be subject to final review and approval by the board.

(b) If a contested case is heard by an authorized representative he shall prepare a proposed decision in such form that it may be adopted as the decision in the case. A copy of the proposed decision shall be filed by the board as a public record and furnished to each party within 10 days after the proposed decision is filed with the board. The board itself may adopt the proposed decision in its entirety, or may reduce the adverse action set forth therein and adopt the balance of the proposed decision.

(c) If the proposed decision is not adopted as provided in subdivision (b) each party shall be notified of such action, and the board itself may decide the case upon the record, including the transcript, with or without taking any additional evidence, or may refer the case to the same or another authorized representative to take additional evidence. If the case is so assigned to an authorized representative he shall prepare a proposed decision as provided in subdivision (b) upon the additional evidence and the transcript and other papers which are part of the record of the prior hearing. A copy of such proposed decision shall be furnished to each party. The board itself shall decide no case provided for in this subdivision without affording the parties the opportunity to present oral and written argument before the board itself. If additional oral evidence is introduced before the board itself no board member may vote unless he heard the additional oral evidence.

(d) In arriving at a decision or a proposed decision the board or its authorized representative may consider any prior suspension or suspensions of appellant by authority of any appointing power, or any prior proceedings under this article.

(e) The decision shall be in writing and contain findings of fact and the adverse action, if any. The findings may be stated in the language of the pleadings or by reference thereto. Copies of the decision shall be delivered to the parties personally or sent to them by registered mail.

SEC. 6. Section 19584 of the Government Code is amended to read:

19584. Whenever the board revokes or modifies an adverse action and orders that the employee be returned to his or her position, it shall direct the payment of salary and all interest accrued thereto, and the reinstatement of all benefits that otherwise would have normally accrued. Benefits shall include, but shall not be limited to, retirement, medical, dental, and seniority benefits pursuant to memoranda of understanding for that classification of employee to the employee for such period of time as the board finds the adverse action was improperly in effect.

Salary shall not be authorized or paid for any portion of a period of adverse action that the employee was not ready, able, and willing to perform the duties of his or her position, whether such adverse action is valid or not or the causes on which it is based state facts sufficient to constitute cause for discipline.

From any such salary due there shall be deducted compensation that the employee earned, or might reasonably have earned, during any period commencing more than six months after the initial date of the suspension.

CHAPTER 1196

An act to amend Sections 7852.8, 8230, 8233.5, and 8249 of the Fish and Game Code, relating to fish, making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 7852.8 of the Fish and Game Code is amended to read:

7852.8. The owner or operator of each vessel holding a commercial salmon vessel permit under Section 8232 shall obtain a commercial fishing salmon stamp for each vessel owned or operated and pay the fees for the stamp under Sections 7852.5 and 7860 for each year, whether engaged in commercial fishing for salmon or not.

SEC. 2. Section 8230 of the Fish and Game Code is amended to read:

8230. (a) The Legislature finds and declares that commercial salmon fishing is affected with a public interest and that the preservation of commercial salmon fishing directly affects the health

and welfare of the public. The Legislature further finds and declares that, due to past declines in salmon stocks, the increase in the number of persons participating in commercial salmon fishing, the number and types of vessels being used, and the commensurate increase in the salmon fishing potential of the commercial salmon fishing fleet, it is necessary and proper to limit the persons who are eligible to take salmon for commercial purposes and to regulate the amount of salmon that may be taken by restricting the number and salmon fishing potential of the vessels in the commercial salmon fishing fleet in order to preserve and rebuild the salmon resource, to protect commercial salmon fishing, and thereby protect the health and welfare of the public.

(b) The Legislature further finds and declares the following:

(1) The system for allocating commercial salmon vessel permits enacted in this article is an interim system created in response to the urgent need to protect the salmon resource in California waters while inflicting the least hardship on the people of the state.

(2) The Legislature shall, on or before January 1, 1988, enact a permanent system to regulate entry into the commercial salmon fishery which will continue to be equitable and provide for new entry.

(3) In order to devise a permanent system to regulate entry into the commercial salmon fishery, the Legislature shall continue to collect information on the salmon fishery from the department with the assistance of the Joint Committee on Fisheries and Aquaculture. This information shall include the impact that equipment and experience have on the fishery and the burden placed on the fishery by commercial salmon fishermen.

(4) A report containing the requested information shall be prepared by the department with the assistance of the committee and transmitted to the Legislature on or before January 1, 1987.

SEC. 3. Section 8233.5 of the Fish and Game Code is amended to read:

8233.5. No vessel permit shall be issued or renewed under this article unless the owner or operator obtains a commercial fishing salmon stamp and pays the fees for the stamp prescribed in Sections 7852.5 and 7860 for that vessel prior to, or simultaneously with, the application for issuance or renewal of the commercial salmon vessel permit and the payment of fees under Section 8236.

SEC. 4. Section 8249 of the Fish and Game Code is amended to read:

8249. This article shall remain in effect only until January 1, 1987, and as of that date is repealed unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 5. (a) In order for the Commercial Salmon Fishing Review Board to assist in the creation of a permanent limited entry law, the Department of Fish and Game, with the advice of the Commercial Salmon Fishing Review Board, shall enter into a consulting services contract with one or more consultants acceptable to the Director of

Fish and Game.

(b) The Commercial Salmon Fishing Review Board, the Department of Fish and Game, the Department of Finance, and any other state agency involved in the letting of any contract under subdivision (a) shall act as expeditiously as possible so that the requirements of this article and the requirements of Resolution Chapter 141 of the Statutes of 1983, including the submission of reports to the Legislature and to the Department of Fish and Game, may be carried out in a timely manner.

(c) The Department of Fish and Game shall provide information to any consultant with whom a contract is entered into pursuant to this section. Notwithstanding any other provision of law, the personal services contract authorized by this section shall be exempt from Article 5 (commencing with Section 10355) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. There is hereby appropriated the sum of forty-five thousand dollars ($45,000), from amounts paid for commercial salmon vessel permits or renewals of those permits in the Fish and Game Preservation Fund, to the Department of Fish and Game for expenditure during the 1985–86 and 1986–87 fiscal years to provide the funds for a personal services contract that shall result in a study and report needed to identify the overall economic impact that commercial salmon fishing has on the State of California, including the effects that the present and the future permanent commercial salmon limited entry law has, and may have, on the state's economy and the salmon resource. The study shall also explore and suggest, if feasible, an ideal or optimum fleet profile, taking all pertinent factors into consideration, so that the salmon resource and salmon fishing industry can exist in balance with one another.

CHAPTER 1197

Paragraph (7) of subdivision (d) shall not apply to a sale for a separate price of bakery goods or beverages (other than bouillon, consommé, or soup), or where the food product is purchased cold or frozen; "hot prepared food products" means those products, items or components which have been prepared for sale in a heated condition and which are sold at any temperature which is higher than the air temperature of the room or place where they are sold.

SEC. 1.5. Section 6359 of the Revenue and Taxation Code is amended to read:

(2) When the food products are furnished, prepared, or served for consumption at tables, chairs, or counters or from trays, glasses, dishes, or other tableware whether provided by the retailer or by a person with whom the retailer contracts to furnish, prepare, or serve food products to others.

(3) When the food products are ordinarily sold for immediate

consumption on or near a location at which parking facilities are provided primarily for the use of patrons in consuming the products purchased at the location, even though such products are sold on a "take out" or "to go" order and are actually packaged or wrapped and taken from the premises of the retailer.

(4) When the food products are sold for consumption within a place, the entrance to which is subject to an admission charge, except for national and state parks and monuments, marinas, campgrounds, and recreational vehicle parks.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to the section nor shall there by any appropriation made by this act because revenue losses to local agencies due to this act are minor in nature and will not cause any financial burden to local government.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act or January 1, 1986, whichever date is sooner.

CHAPTER 10. EARTHQUAKES

2800. The Legislature finds and declares all of the following:

(a) The state's major metropolitan areas are subject to potentially devastating large magnitude earthquakes and earth scientists estimate that there is a high probability that one or more large earthquakes will occur in California between now and the end of the century.

(b) Loss of life and property damage resulting from a damaging earthquake could be substantially reduced if there existed a reliable short-term earthquake prediction system capable of providing public warning of the size and location of a damaging earthquake within a timeframe of a few weeks to a few hours.

(c) While earth scientists are not in full agreement about the feasibility of short-term earthquake prediction, there is increasing interest in the possibility that precursory geochemical and geophysical phenomena can be identified within short timeframes and that these precursory events can become the basis for timely and reliable warnings of damaging earthquakes.

(d) California currently has a unique opportunity to assess the feasibility of short-term earthquake prediction by joining the United States Geological Survey in a study of the Parkfield section of the San Andreas fault in Monterey County. This section has, between 1857 and 1966, produced almost identical earthquakes of about 5.6 magnitude on the average of every 22 years. Another earthquake probably will occur in January of 1988, plus or minus four years. If adequate instrumentation is in place by the time the earthquake occurs, it may be possible to identify specific precursory phenomena. However, at present, the instrumentation is not considered adequate to fully monitor precursory events and, because of anticipated federal budget cuts, additional instrumentation is unlikely to be installed unless the state is able to participate in the Parkfield study. State participation would also allow the United States Geological Survey to share its data from Parkfield and permit the state to

independently analyze and evaluate this data specifically for earthquake prediction and response purposes.

(e) If precursory earthquake phenomena are identified as a result of the Parkfield study, there is a need to assess the feasibility of establishing a statewide earthquake prediction system and to develop a short-term response plan which, among other things, would include development of procedures for verifying the predicted event and guidelines for taking state action in response to anomalous precursory phenomena.

2801. As used in this chapter:

(a) "Long-term prediction" means a prediction of an earthquake that is expected to occur within a few years up to a few decades.

(b) "Intermediate-term prediction" means a prediction of an earthquake that is expected to occur within a period of a few weeks to a few years.

(c) "Short-term prediction" means a prediction of an earthquake that is expected to occur within a few hours to a few weeks.

(d) "Parkfield prototype earthquake prediction system" means a dense cluster of instruments along the Parkfield section of the San Andreas fault which monitors earthquake activity, local distortion of the Earth's crust, strain levels, creep adjustments along the fault, and other phenomena which may be useful in making a short-term earthquake prediction.

(e) "Parkfield characteristic earthquake" means an earthquake that has, among other qualities, a magnitude between 5.5 and 6.0 on the Richter scale, and occurs on a location somewhere along the 15-mile section of the San Andreas fault that is centered in the City of Parkfield.

2802. (a) The department shall develop jointly with the United States Geological Survey a prototype earthquake prediction system along the cental San Andreas fault near the City of Parkfield.

(b) The system shall include a dense cluster of seismic and crustal deformation instrumentation capable of monitoring geophysical and geochemical phenomena associated with earthquakes in the region. These data shall be analyzed continuously to determine if precursory anomalies can be identified with sufficient certainty to make a short-term prediction. The department shall not duplicate any of the ongoing efforts of the United States Geological Survey or any public or private college or university in the development of this system.

(c) In meeting its obligations under this chapter, the department shall develop, in cooperation with the United States Geological Survey, a plan for completion of the Parkfield instrumentation network. The plan shall provide for all of the following:

(1) Augmentation of monitoring instruments with the goal of detecting precursors of the Parkfield characteristic earthquake.

(2) Operation by the department of a remote data review station in Sacramento which will provide state scientists with data from the Parkfield prototype earthquake prediction system and other data, as required, to advise the Office of Emergency Services of the

occurrence of precursors and verification of the predicted event.

(3) Advising the United States Geological Survey, the Office of Emergency Services, the Seismic Safety Commission, and the California Earthquake Prediction Evaluation Council, regarding the department's review of Parkfield data.

(d) On January 1, 1987, the department shall issue a progress report to the Governor, the Legislature, and the Seismic Safety Commission. An annual progress report shall be made each year thereafter. The project shall terminate on January 1, 1992, unless extended by statute.

2803. (a) Concurrently with the development of the Parkfield prototype earthquake prediction system, the Office of Emergency Services, in consultation with the California Earthquake Prediction Evaluation Council, shall develop a comprehensive emergency response plan for short-term earthquake predictions. The plan shall include all of the following:

(1) A method of peer review involving the California Earthquake Prediction Evaluation Council to evaluate the validity of short-term earthquake predictions and to develop guidelines for initiating state action in response to anomalous geochemical and geophysical phenomena.

(2) A means of rapidly activating governmental response to a predicted event.

(3) Plans for mitigating earthquake losses to vulnerable populations, including, but not limited to, drawdown of impoundment levels behind dams, positioning of emergency equipment in safe areas, and mobilization of firefighting, law enforcement, rescue, and medical personnel.

(4) A public warning system.

(5) Strategies for dealing with earthquake predictions that fail to occur (false alarms) and the failure of an earthquake prediction system to forecast a damaging event.

(b) The Office of Emergency Services shall consult with the department, the Seismic Safety Commission, the United States Geological Survey, and the Federal Emergency Management Agency in the development of the plan.

2804. The department and the Seismic Safety Commission may solicit and receive gifts and grants from other public and private agencies for the state's share of costs under this chapter.

SEC. 2. The sum of one million seventy-five thousand dollars ($1,075,000) is hereby appropriated from the General Fund for allocation as follows:

(a) One million dollars ($1,000,000) to the Department of Conservation for the purpose of establishing the prototype earthquake prediction system.

(b) Seventy-five thousand dollars ($75,000) to the Office of Emergency Services for the development of a comprehensive earthquake prediction response plan, as described in Chapter 10 (commencing with Section 2800) of Division 2 of the Public

Resources Code. No appropriated funds may be encumbered until matching federal assistance funds are received by the state.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that state funding may be coordinated with federal funding for earthquake prediction research which is expected to become available in October of 1985, it is necessary that this act take effect immediately.

CHAPTER 1199

An act to amend Sections 50668.4, 65091, 65092, 65302, 65451, 65453, 65456, 65850, 65901, 66492, and 66717 of the Government Code, relating to planning.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 50668.4 of the Government Code, as added by Chapter 320 of the Statutes of 1985, is amended to read:

50668.4. All pledged revenue shall be deposited in the special fund and payments shall be made therefrom in the order specified in subdivisions (a) to (c), inclusive, of Section 50665.7.

SEC. 2. Section 65091 of the Government Code is amended to read:

65091. (a) When a provision of this title requires notice of a public hearing to be given pursuant to this section, notice shall be given in all of the following ways:

(1) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to the owner of the subject real property or the owner's duly authorized agent, and to the project applicant.

(2) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to each local agency expected to provide water, sewage, streets, roads, schools, or other essential facilities or services to the project, whose ability to provide those facilities and services may be significantly affected.

(3) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to all owners of real property as shown on the latest equalized assessment roll within 300 feet of the real property that is the subject of the hearing. In lieu of utilizing the assessment roll, the local agency may utilize records of the county assessor or tax collector which contain more recent information than the assessment roll. If the number of owners to whom notice would be mailed or delivered pursuant to this paragraph or paragraph (1)

is greater than 1,000, a local agency, in lieu of mailed or delivered notice, may provide notice by placing a display advertisement of at least one-eighth page in at least one newspaper of general circulation within the local agency in which the proceeding is conducted at least 10 days prior to the hearing.

(4) If the notice is mailed or delivered pursuant to paragraph (3), the notice shall also either be:

(A) Published pursuant to Section 6061 in at least one newspaper of general circulation within the local agency which is conducting the proceeding at least 10 days prior to the hearing.

(B) Posted at least 10 days prior to the hearing in at least three public places within the boundaries of the local agency, including one public place in the area directly affected by the proceeding.

(b) The notice shall include the information specified in Section 65094.

(c) In addition to the notice required by this section, a local agency may give notice of the hearing in any other manner it deems necessary or desirable.

SEC. 3. Section 65092 of the Government Code is amended to read:

65092. When a provision of this title requires notice of a public hearing to be given pursuant to Section 65090 or 65091, the notice shall also be mailed or delivered at least 10 days prior to the hearing to any person who has filed a written request for notice with either the clerk of the governing body or with any other person designated by the governing body to receive these requests. The local agency may charge a fee which is reasonably related to the costs of providing this service and the local agency may require each request to be annually renewed.

SEC. 4. Section 65302 of the Government Code, as amended by Chapter 114 of the Statutes of 1985, is amended to read:

65302. The general plan shall consist of a statement of development policies and shall include a diagram or diagrams and text setting forth objectives, principles, standards, and plan proposals. The plan shall include the following elements:

(a) A land use element which designates the proposed general distribution and general location and extent of the uses of the land for housing, business, industry, open space, including agriculture, natural resources, recreation, and enjoyment of scenic beauty, education, public buildings and grounds, solid and liquid waste disposal facilities, and other categories of public and private uses of land. The land use element shall include a statement of the standards of population density and building intensity recommended for the various districts and other territory covered by the plan. The land use element shall identify areas covered by the plan which are subject to flooding and shall be reviewed annually with respect to those areas. The land use element shall designate, in a land use category that provides for timber production, those parcels of real property zoned for timberland production pursuant to the California

Timberland Productivity Act of 1982, Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5.

(b) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other local public utilities and facilities, all correlated with the land use element of the plan.

(c) A housing element as provided in Article 10.6 (commencing with Section 65580).

(d) A conservation element for the conservation, development, and utilization of natural resources including water and its hydraulic force, forests, soils, rivers and other waters, harbors, fisheries, wildlife, minerals, and other natural resources. That portion of the conservation element including waters shall be developed in coordination with any countywide water agency and with all district and city agencies which have developed, served, controlled or conserved water for any purpose for the county or city for which the plan is prepared. The conservation element may also cover:

(1) The reclamation of land and waters.

(2) Prevention and control of the pollution of streams and other waters.

(3) Regulation of the use of land in stream channels and other areas required for the accomplishment of the conservation plan.

(4) Prevention, control, and correction of the erosion of soils, beaches, and shores.

(5) Protection of watersheds.

(6) The location, quantity and quality of the rock, sand and gravel resources.

(7) Flood control.

The conservation element shall be prepared and adopted no later than December 31, 1973.

(e) An open-space element as provided in Article 10.5 (commencing with Section 65560).

(f) A noise element which shall identify and appraise noise problems in the community. The noise element shall recognize the guidelines established by the Office of Noise Control in the State Department of Health Services and shall analyze and quantify, to the extent practicable, as determined by the legislative body, current and projected noise levels for all of the following sources:

(1) Highways and freeways.

(2) Primary arterials and major local streets.

(3) Passenger and freight on-line railroad operations and ground rapid transit systems.

(4) Commercial, general aviation, heliport, helistop, and military airport operations, aircraft overflights, jet engine test stands, and all other ground facilities and maintenance functions related to airport operation.

(5) Local industrial plants, including, but not limited to, railroad classification yards.

(6) Other ground stationary noise sources identified by local

agencies as contributing to the community noise environment.

Noise contours shall be shown for all of these sources and stated in terms of community noise equivalent level (CNEL) or day-night average level (L_{dn}). The noise contours shall be prepared on the basis of noise monitoring or following generally accepted noise modeling techniques for the various sources identified in paragraphs (1) to (6), inclusive.

The noise contours shall be used as a guide for establishing a pattern of land uses in the land use element that minimizes the exposure of community residents to excessive noise.

The noise element shall include implementation measures and possible solutions that address existing and foreseeable noise problems, if any. The adopted noise element shall serve as a guideline for compliance with the state's noise insulation standards.

(g) A safety element for the protection of the community from any unreasonable risks associated with the effects of seismically induced surface rupture, ground shaking, ground failure, tsunami, seiche, and dam failure; slope instability leading to mudslides and landslides; subsidence and other geologic hazards known to the legislative body; flooding; and wild land and urban fires. The safety element shall include mapping of known seismic and other geologic hazards. It shall also address evacuation routes, peakload water supply requirements, and minimum road widths and clearances around structures, as those items relate to identified fire and geologic hazards.

To the extent that a county's safety element is sufficiently detailed and contains appropriate policies and programs for adoption by a city, a city may adopt that portion of the county's safety element that pertains to the city's planning area in satisfaction of the requirement imposed by this subdivision.

Each county and city shall submit to the Division of Mines and Geology of the Department of Conservation one copy of the safety element and any technical studies used for developing the safety element.

SEC. 5. Section 65451 of the Government Code is amended to read:

65451. (a) A specific plan shall include a text and a diagram or diagrams which specify all of the following in detail:

(1) The distribution, location, and extent of the uses of land, including open space, within the area covered by the plan.

(2) The proposed distribution, location, and extent and intensity of major components of public and private transportation, sewage, water, drainage, solid waste disposal, energy, and other essential facilities proposed to be located within the area covered by the plan and needed to support the land uses described in the plan.

(3) Standards and criteria by which development will proceed, and standards for the conservation, development, and utilization of natural resources, where applicable.

(4) A program of implementation measures including regulations,

programs, public works projects, and financing measures necessary to carry out paragraphs (1), (2), and (3).

(b) The specific plan shall include a statement of the relationship of the specific plan to the general plan.

SEC. 6. Section 65453 of the Government Code is amended to read:

65453. (a) A specific plan shall be prepared, adopted, and amended in the same manner as a general plan, except that a specific plan may be adopted by resolution or by ordinance and may be amended as often as deemed necessary by the legislative body.

(b) A specific plan may be repealed in the same manner as it is required to be amended.

SEC. 7. Section 65456 of the Government Code, as amended by Chapter 338 of the Statutes of 1985, is amended to read:

65456. (a) The legislative body, after adopting a specific plan, may impose a specific plan fee upon persons seeking governmental approvals which are required to be consistent with the specific plan. The fees shall be established so that, in the aggregate, they defray but as estimated do not exceed, the cost of preparation, adoption, and administration of the specific plan, including costs incurred pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code. As nearly as can be estimated, the fee charged shall be a prorated amount in accordance with the applicant's relative benefit derived from the specific plan. It is the intent of the Legislature in providing for such fees to charge persons who benefit from specific plans for the costs of developing those specific plans which result in savings to them by reducing the cost of documenting environmental consequences and advocating changed land uses which may be authorized pursuant to the specific plan.

(b) Notwithstanding Section 54992, a city or county may require a person who requests adoption, amendment, or repeal of a specific plan to deposit with the planning agency an amount equal to the estimated cost of preparing the plan, amendment, or repeal prior to its preparation by the planning agency.

(c) Copies of the documents adopting or amending the specific plan, including the diagrams and text, shall be made available to local agencies, and shall be made available to the general public as follows:

(1) Within one working day following the date of adoption, the clerk of the legislative body shall make the documents adopting or amending the plan, including the diagrams and text, available to the public for inspection.

(2) Within two working days after receipt of a request for a copy of the documents adopting or amending the plan, including the diagrams and text, accompanied by payment for the reasonable cost of copying, the clerk shall furnish the requested copy to the person making the request.

(d) A city or county may charge a fee for a copy of a specific plan or amendments to a specific plan in an amount that is reasonably related to the cost of providing that document.

SEC. 8. Section 65850 of the Government Code is amended to read:

65850. The legislative body of any county or city may, pursuant to this chapter, adopt ordinances that do any of the following:

(a) Regulate the use of buildings, structures, and land as between industry, business, residences, open space, including agriculture, recreation, enjoyment of scenic beauty, use of natural resources, and other purposes.

(b) Regulate signs and billboards.

(c) Regulate all of the following:

(1) The location, height, bulk, number of stories, and size of buildings and structures.

(2) The size and use of lots, yards, courts, and other open spaces.

(3) The percentage of a lot which may be occupied by a building or structure.

(4) The intensity of land use.

(d) Establish requirements for offstreet parking and loading.

(e) Establish and maintain building setback lines.

(f) Create civic districts around civic centers, public parks, public buildings, or public grounds, and establish regulations for those civic districts.

SEC. 9. Section 65901 of the Government Code is amended to read:

65901. (a) The board of zoning adjustment or zoning administrator shall hear and decide applications for conditional uses or other permits when the zoning ordinance provides therefor and establishes criteria for determining those matters, and applications for variances from the terms of the zoning ordinance. The board of zoning adjustment or the zoning administrator may also exercise any other powers granted by local ordinance, and may adopt all rules and procedures necessary or convenient for the conduct of the board's or administrator's business.

(b) In accordance with the requirements for variances specified in Section 65906, the legislative body of the city or county may, by ordinance, authorize the board of zoning adjustment or zoning administrator to decide applications for variance from the terms of the zoning ordinance without a public hearing on the application. That ordinance shall specify the kinds of variances which may be granted by the board of zoning adjustment or zoning administrator, and the extent of variation which the board of zoning adjustment or zoning administrator may allow.

SEC. 10. Section 66492 of the Government Code, as amended by Chapter 114 of the Statutes of 1985, is amended to read:

66492. Prior to the filing of the final map or parcel map with the legislative body, the subdivider shall, in accordance with procedures established by the county, file with the county recorder of the county in which any part of the subdivision is located, a certificate from the official computing redemptions in any public agency in which any part of the subdivision is located, showing that, according to the

records of that office, there are no liens against the subdivision or any part thereof for unpaid, state, county, municipal or local taxes or special assessments collected as taxes, except taxes or special assessments not yet payable..

SEC. 11. Section 66717 of the Government Code is amended to read:

66717. "Regional planning agency" means any of the following:

(1) An agency organized pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 81012 of the Government Code is amended to read:

81012. This title may be amended or repealed by the procedures set forth in this section. If any portion of subdivision (a) is declared invalid, then subdivision (b) shall be the exclusive means of amending or repealing this title.

(a) This title may be amended to further its purposes by statute, passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring and signed by the Governor, if at least 12 days prior to passage in each house the bill in its final form has been delivered to the commission for distribution to the news media and to every person who has requested the commission to send copies of such bills to him or her.

(b) This title may be amended or repealed by a statute that becomes effective only when approved by the electors.

SEC. 2. Section 91007 of the Government Code is amended to read:

91007. (a) Any person, before filing a civil action pursuant to Sections 91004 and 91005, must first file with the civil prosecutor a written request for the civil prosecutor to commence the action. The request shall include a statement of the grounds for believing a cause

of action exists. The civil prosecutor shall respond within forty days after receipt of the request, indicating whether he intends to file a civil action. If the civil prosecutor indicates in the affirmative, and files suit within forty days thereafter, no other action may be brought unless the action brought by the civil prosecutor is dismissed without prejudice as provided for in Section 91008.

(b) Any person filing a complaint, cross-complaint or other initial pleading in a civil action pursuant to Sections 91003, 91004, 91005, or 91005.5 shall, within 10 days of filing the complaint, cross-complaint, or initial pleading, serve on the Fair Political Practices Commission a copy of the complaint, cross-complaint, or initial pleading or a notice containing all of the following:

(1) The full title and number of the case.

(2) The court in which the case is pending.

(3) The name and address of the attorney for the person filing the complaint, cross-complaint, or other initial pleading.

(4) A statement that the case raises issues under the Political Reform Act.

(c) No complaint, cross-complaint, or other initial pleading shall be dismissed for failure to comply with subdivision (b).

SEC. 3. Section 91013 of the Government Code is amended to read:

91013. (a) If any person files an original statement or report after any deadline imposed by this act, he or she shall, in addition to any other penalties or remedies established by this act, be liable in the amount of ten dollars ($10) per day after the deadline until the statement or report is filed, to the officer with whom the statement or report is required to be filed. Liability need not be enforced by the filing officer if on an impartial basis he or she determines that the late filing was not willful and that enforcement of the liability will not further the purposes of the act, except that no liability shall be waived if a statement or report is not filed within 30 days for a statement of economic interest, other than a candidate's statement filed pursuant to Section 87201, five days for a second preelection campaign statement, and 10 days for all other statements or reports, after the filing officer has sent specific written notice of the filing requirement.

(b) If any person files a copy of a statement or report after any deadline imposed by this act, he or she shall, in addition to any other penalties or remedies established by this chapter, be liable in the amount of ten dollars ($10) per day, starting 10 days, or five days in the case of the second preelection campaign statement, after the officer has sent specific written notice of the filing requirement and until the statement is filed.

(c) The officer shall deposit any funds received under this section into the general fund of the jurisdiction of which he or she is an officer. No liability under this section shall exceed the cumulative amount stated in the late statement or report, or one hundred dollars ($100), whichever is greater.

SEC. 4. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012.

CHAPTER 1201

An act to amend Sections 3016, 3050, 3050.5, 3062, and 11723 of, and to add Section 3050.7 to, the Vehicle Code, relating to occupational licenses, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 3016 of the Vehicle Code is amended to read:

3016. New vehicle dealers and other licensees under the jurisdiction of the board shall be charged fees sufficient to fully fund the board's activities. The fees shall be deposited, and held separate from other moneys, in the Motor Vehicle Account in the State Transportation Fund, and shall not be transferred to the State Highway Account pursuant to Section 42273.

The fees shall be available, when appropriated, exclusively to fund the board's activities. If at the conclusion of any fiscal year the amount of fees collected exceeds the amount of expenditures for this purpose during the fiscal year, the surplus shall be carried over into the succeeding fiscal year.

SEC. 2. Section 3050 of the Vehicle Code is amended to read:

3050. The board shall do all of the following:

(a) Adopt rules and regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code governing such matters as are specifically committed to its jurisdiction.

(b) Hear and consider, within the limitations and in accordance with the procedure provided, an appeal presented by an applicant for, or holder of, a license as a new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative when the applicant or licensee submits an appeal provided for in this chapter from a decision arising out of the department.

(c) Consider any matter concerning the activities or practices of any person applying for or holding a license as a new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative pursuant to Chapter 4 (commencing with Section 11700) of Division 5 submitted by any person. A member of the board who is a new motor vehicle dealer may not participate in,

hear, comment, advise other members upon, or decide any matter considered by the board pursuant to this subdivision that involves a dispute between a franchisee and franchisor. After such consideration, the board may do any one or any combination of the following:

(1) Direct the department to conduct investigation of matters that the board deems reasonable, and make a written report on the results of the investigation to the board within the time specified by the board.

(2) Undertake to arbitrate amicably or resolve any honest difference of opinion or viewpoint existing between any member of the public and any new motor vehicle dealer, manufacturer, manufacturer branch, distributor branch, or representative.

(3) Order the department to exercise any and all authority or power that the department may have with respect to the issuance, renewal, refusal to renew, suspension, or revocation of the license of any new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative as such license is required under Chapter 4 (commencing with Section 11700) of Division 5.

(d) Hear and consider, within the limitations and in accordance with the procedure provided, a protest presented by a franchisee pursuant to Section 3060, 3062, 3064, or 3065. A member of the board who is a new motor vehicle dealer may not participate in, hear, comment, advise other members upon, or decide, any matter involving a protest filed pursuant to Article 4 (commencing with Section 3060).

SEC. 3. Section 3050.5 of the Vehicle Code is amended to read:

3050.5. Pursuant to Section 3016, the board shall establish a fee for the initial filing by any party in regard to any appeal, protest, or petition filed pursuant to this chapter.

SEC. 4. Section 3050.7 is added to the Vehicle Code, to read:

3050.7. Whenever the parties to any protest or petition submit a proposed stipulated decision and proposed order of the board, a copy of the proposed stipulated decision and order shall be transmitted by the secretary of the board to each member of the board. The proposed stipulated decision and order shall be deemed to be adopted by the board unless any member of the board notifies the secretary of the board of an objection thereto within 10 days after that board member has received a copy of the proposed stipulated decision and order.

SEC. 5. Section 3062 of the Vehicle Code is amended to read:

3062. (a) Except as otherwise provided in subdivisions (b) and (c), in the event that a franchisor seeks to enter into a franchise establishing an additional motor vehicle dealership within a relevant market area where the same line-make is then represented, or relocating an existing motor vehicle dealership, the franchisor shall in writing first notify the board and each franchisee in that line-make in the relevant market area of the franchisor's intention to establish

an additional dealership or to relocate an existing dealership within or into that market area. Within 20 days of receiving that notice or within 20 days after the end of any appeal procedure provided by the franchisor, any such franchisee may file with the board a protest to the establishing or relocating of the dealership. If within this time a franchisee files with the board a request for additional time to file a protest, the board or its secretary, upon a showing of good cause, may grant an additional 10 days to file the protest. When such a protest is filed, the board shall inform the franchisor that a timely protest has been filed, that a hearing is required pursuant to Section 3066, and that the franchisor shall not establish or relocate the proposed dealership until the board has held a hearing as provided in Section 3066, nor thereafter, if the board has determined that there is good cause for not permitting the dealership. In the event of multiple protests, hearings may be consolidated to expedite the disposition of the issue.

(b) Subdivision (a) does not apply to either of the following:

(1) The relocation of an existing dealership to any location which is both within the same city as, and is within one mile from, the existing dealership location.

(2) The establishment at any location which is both within the same city as, and is within one-quarter mile from, the location of a dealership of the same line-make that has been out of operation for less than 90 days.

The authorization shall continue in force and effect for so long as the licensee continues to be licensed by the department.

15029. No person shall concurrently hold a license under the provisions of this chapter and the provisions of Chapter 1 (commencing with Section 14000).

15030. Each licensee shall maintain a record containing that information relative to his or her employees as may be prescribed by the commissioner.

15031. No licensee shall conduct a business under a fictitious or other business name unless and until he or she has obtained the written authorization of the commissioner to do so.

The commissioner shall not authorize the use of a fictitious or other business name which is so similar to that of a public officer or agency of that used by another licensee that the public may be confused or mislead thereby.

The authorization shall require, as a condition precedent to the use of any fictitious name, that the licensee comply with Chapter 5 (commencing with Section 17900) of Part 3 of Division 7 of the Business and Professions Code.

A licensee desiring to conduct his or her business under more than one fictitious name shall obtain the authorization of the commissioner in a manner prescribed in this section for the use of such name.

The bond, as to its form, execution, and sufficiency of the surety shall be approved by the commissioner.

15034. The bond required by this chapter shall be taken in the name of the people in the state and every person injured by the willful, malicious, or wrongful act of the principal may bring an action on the bond in his or her name to recover damages suffered by reason of that willful, malicious, or wrongful act.

15035. Every licensee shall at all times maintain on file the surety bond required by this chapter in full force and effect and upon failure to do so the license of the licensee shall be forthwith suspended and shall not be reinstated until an application therefore, in the form prescribed by the commissioner, is filed together with a proper bond. The commissioner may deny the application notwithstanding the applicant's compliance with this section:

(a) For any reason which would justify a refusal to issue, or a suspension or revocation of, a license.

(b) For the performance of applicant of any practice while under suspension for failure to keep his or her bond in force, for which a license under this chapter is required.

15036. In lieu of the surety bond required by this chapter there may be deposited with the State of California the sum of five thousand dollars ($5,000) in cash, or evidence of deposit of the sum of five thousand dollars ($5,000) in banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation, or investment certificates or share accounts in the amount of five thousand dollars ($5,000) issued by a savings and loan association doing business in this state and insured by the Federal Savings and Loan Insurance Corporation, or evidence of a certificate of funds or share account of the sum of five thousand dollars ($5,000) in a credit union as defined in Section 14000 of the Financial Code whose share deposits are guaranteed by the National Credit Union Administration or guaranteed by any other agency approved by the Department of Corporations.

15037. Bonds executed and filed with the commissioner pursuant to this chapter shall remain in force and effect until the surety has terminated future liability by 30-day notice to the commissioner.

Article 5. Disciplinary Proceedings

15038. Except as otherwise required to comply with the provisions of Article 6 (commencing with Section 15044), the proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

15039. The commissioner may suspend or revoke a license issued under this chapter if he or she determines that the licensee has done any of the following:

(m) Acceptance of employment adverse to a client or former client relating to a matter with respect to which the licensee has obtained confidential information by reason of or in the course of his or her employment by that client or former client.

15040. The record or conviction, or a certified copy thereof, shall be conclusive evidence of the conviction as that term is used in this article or Section 15018.

A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this

article or Section 15018. The commissioner may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing that person to withdraw his or her plea of guilty and enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

15041. The commissioner shall suspend or revoke a license issued under this chapter if the commissioner determines that the licensee has:

(a) Used any letterhead, advertisement, or other printed matter, or in any matter whatever represented that he or she is an instrumentality of the federal government, a state, or any political subdivision thereof.

(b) Used a name different than that under which he or she is currently licensed in an advertisement, solicitation, or contract for business.

(d) Acceptance of employment adverse to a client or former client relating to a matter with respect to which the licensee has obtained confidential information by reason of or in the course of his or her employment by that client or former client.

15043. The commissioner, in lieu of suspending or revoking a license issued under this chapter for violations of Sections 15039, 15041, and 15042, may impose a civil penalty not to exceed five hundred dollars ($500) upon a licensee, if the commissioner determines that such action better serves the purposes of this chapter.

Article 6. Nonresidents

15044. As used in this article, "presiding officer" means the Executive Officer of the Office of Administrative Hearings.

15045. The acceptance of a nonresident licensee of any of the rights and privileges conferred upon him or her by this chapter, as evidenced by his or her performance in this state, either personally or through an employee, of any act for which a licensee is required by this chapter, is equivalent to the appointment by that licensee of

the presiding officer as his or her true and lawful attorney upon who may be served all lawful process and any disciplinary proceedings conducted upon him or her under this chapter.

15046. The acceptance of such rights and privileges as evidenced by such act shall signify the agreement of the licensee that any such process which is served against him or her in the manner provided in this article shall be of the same legal force and validity as if serviced upon him or her personally in this state.

15047. Service shall be made by leaving a copy of the accusation, together with notice of defense and statement to respondent as described in Section 11505 of the Government Code, with a fee of five dollars ($5) for each licensee to be served, in the hands of the presiding officer or in his or her office in Sacramento. That service shall be sufficient service on the licensees subject to compliance with Section 15048.

15048. A notice of that service and a copy of the accusation, together with the notice of defense and statement to respondent shall forthwith be sent by registered mail by the presiding officer to the licensee at his or her last known address as furnished by the commissioner. Personal service of the notice, copy of the accusation, notice of defense, and statement to respondent upon the licensee whenever found outside this state shall be the equivalent to those mailings.

15049. Proof of compliance with Section 15048 shall be made in the event of service by mail by affidavit of the presiding officer or his or her authorized employee showing such service by mailing, together with the return receipt of the United States Post Office bearing the signature of the licensee or his or her agent. That affidavit or receipt shall be appended to the original accusation on file with the commissioner. In the event of personal service outside this state, such compliance may be proven by the return of any duly constituted public officer qualified to serve process in civil actions in the state or jurisdiction where the licensee is found, showing such service to have been made. Such return shall be appended to the original accusation on file with the commissioner.

15050. The commissioner, or if the proceeding is heard before a hearing officer of the Office of Administrative Hearings, the hearing officer, may order those postponements or continuances and grant those extensions of time as may be necessary to afford the licensee reasonable opportunity to defend the proceedings. In no event shall the licensee have less than 30 days after the date of service of accusation in which to file a notice of defense, nor shall the notice of hearings provided for in Section 11509 of the Government Code or the notice and copy of affidavit referred to in Section 11514 of the Government Code be mailed or delivered less than 20 days prior to the date of hearing, and the time for making a request to cross-examine under Section 11514 of the Government Code shall be not less than 15 days.

15051. The presiding officer shall keep a record of all process served upon him or her pursuant to this article, which records shall show the day and hour of service.

15052. As used in this article, "nonresident" means a person who is not a resident of this state at the time of the performance of the act referred to in Section 15045.

Article 7. Penal Provisions

15053. Any person who knowingly falsifies the fingerprints or photographs submitted under subdivision (f) of Section 15010 is guilty of a felony. Any person who violates any of the other provisions of this chapter is guilty of a misdemeanor punishable by fine not to exceed five hundred dollars ($500) or by imprisonment in the county jail not to exceed one year, or by both that fine and imprisonment.

Article 8. Expiration and Renewal of Licenses and Cards

15054. Every license, branch office certificate, and pocket card issued under this chapter shall expire on May 31 of each even-numbered year. To renew an unexpired license or certificate, the licensee shall, on or before the date on which it would otherwise expire, apply for renewal on a form prescribed by the commissioner, and pay the renewal fee prescribed by this chapter. On renewal, such evidence of renewal of the license or certificate as the commissioner may prescribe, and renewal pocket cards for the persons mentioned in Section 15022 shall be issued to the licensee.

15055. Notwithstanding Section 15054, the commissioner may establish license periods and renewal dates for all licenses issued pursuant to this chapter so as to distribute the renewal work to permit the most efficient and economic use of personnel and equipment. In such cases, to the extent practical, provisions shall be made for the proration or other adjustment of fees so that no person shall be required to pay more than that which he or she would have been required to pay and no change in license period or renewal date shall be made.

15056. Except as otherwise provided in this article, an expired license or branch office certificate may be renewed at any time within five years after its expiration on the filing of an application for renewal on a form prescribed by the commissioner, and the payment of a renewal fee in effect on the last preceding regular renewal date. If the license or certificate is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license or certificate shall continue in effect through the date provided in Section 15044 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

Renewal of a license or certificate shall not prohibit the bringing of disciplinary proceedings for an act committed before the effective date of the renewal.

15057. A suspended license or branch office certificate is subject to expiration and shall be renewed as provided in this article, but renewal of the license does not entitle the licensee, while the license remains suspended and until it is reinstated, to engage in the licensed activity, or any other activity or conduct in violation of the order or judgment by which the license was suspended, and renewal of the branch office certificate does not entitle the licensee, while the certificate remains suspended, and until it is reinstated, to engage in the license activity at the location for which the certificate was issued, or to engage in any other activity or conduct in violation with an order or judgment by which certificate was suspended.

15058. A revoked license or branch officer certificate is subject to expiration as provided in this article, but it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition precedent to its reinstatement, shall pay a reinstatement fee in the amount equal to the renewal fee in effect on the last regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any accrued at the time of its revocation.

15059. A license or branch office certificate which is not renewed within five years after its expiration may not be renewed, restored, reinstated, or reissued thereafter.

The holder of the license or certificate may obtain a new license or certificate only on compliance with all of the provisions of this chapter relating to the issuance of an original license or certificate.

15060. The amount of fees prescribed by this chapter, unless otherwise fixed, is that fixed in the following schedule:

(a) The application fee for an original license is twenty-five dollars ($25).

(b) The application fee for an original branch office certificate is fifteen dollars ($15).
