CHAPTER 528

An act to amend Section 232 of the Civil Code, and to amend Section 350 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 8, 1985 Filed with Secretary of State September 9, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any child under the age of 18 years declared free from the custody and control of either or both of his or her parents when the child comes within any of the following descriptions:

(1) The child has been left without provision for the child's

identification by his or her parent or parents or by others or has been left by both of his or her parents or his or her sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for the child's support, or without communication from the parent or parents, with the intent on the part of the parent or parents to abandon the child. The failure to provide identification, failure to provide support, or failure to communicate shall be presumptive evidence of the intent to abandon. If the parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by the parent or parents. In those cases in which the child has been left without provision for the child's identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

(2) Who has been neglected or cruelly treated by either or both parents, if the child has been a dependent child of the juvenile court under any subdivision of Section 300 of the Welfare and Institutions Code and the parent or parents have been deprived of the child's custody for one year prior to the filing of a petition pursuant to this section. Physical custody by the parent or parents for insubstantial periods of time shall not serve to interrupt the running of the one-year period.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when these controlled substances are used as part of a medically prescribed plan, or are morally depraved, if the child has been a dependent child of the juvenile court, and the parent or parents have been deprived of the child's custody continuously for one year immediately prior to the filing of a petition pursuant to this section. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child. Physical custody by the parent or parents for insubstantial periods of time shall not interrupt the running of the one-year period.

(4) Whose parent or parents are convicted of a felony, if the facts of the crime of which the parent or parents were convicted are of a nature so as to prove the unfitness of the parent or parents to have the future custody and control of the child.

(5) Whose parent or parents have been declared by a court of competent jurisdiction, wherever situated, to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents reside or are hospitalized, the Director of Mental Health or the Director of Developmental Services, or their equivalent, if any, and the superintendent of the hospital of which, if any, the

parent or parents are inmates or patients, certify that the parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are mentally disabled and are likely to remain so in the foreseeable future. As used in this subdivision, "mentally disabled" means that a parent or parents suffer any mental incapacity or disorder which renders the parent or parents unable to adequately care for and control the child. The evidence of any two experts, each of whom shall be either a physician and surgeon, certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code, or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, shall be required to support a finding under this subdivision. If, however, the parent or parents reside in another state or in a foreign country, the evidence required by this subdivision may be supplied by the affidavits of two experts, each of whom shall be either a physician and surgeon who is a resident of that state or foreign country, and who has been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine, or by a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who is licensed in that state or authorized to practice in that country. If the rights of any parent are sought to be terminated pursuant to this subdivision, and the parent has no attorney, the court shall appoint an attorney for the parent pursuant to Section 237.5, whether or not a request for the appointment is made by the parent.

(7) Who has been in out-of-home placement under the supervision of the juvenile court, the county welfare department, or other public or private licensed child-placing agency for a one-year period, if the court finds that return of the child to the child's parent or parents would be detrimental to the child and that the parent or parents have failed during that period, and are likely to fail in the future, to maintain an adequate parental relationship with the child, which includes providing both a home and care and control for the child.

If the minor has been adjudged a dependent child of the juvenile court and placed in out-of-home placement pursuant to Section 361 of the Welfare and Institutions Code, the one-year period shall be calculated from the date of the dispositional hearing at which the child was placed in out-of-home placement pursuant to that section. If the minor is in placement under the supervision of a county welfare department or other public or private licensed child-placing agency, pursuant to a voluntary placement, as described in Section 16507.4 of the Welfare and Institutions Code, the one-year period shall be calculated from the date the minor entered out-of-home

placement.

The court shall make a determination that reasonable services have been provided or offered to the parents which were designed to aid the parents to overcome the problems which led to the deprivation or continued loss of custody and that despite the availability of these services, return of the child to the parents would be detrimental to the child. The probation officer or social worker currently assigned to the case of the child shall appear at the termination proceedings.

If the minor has been adjudged to be a dependent child of the court pursuant to Section 300 of the Welfare and Institutions Code, the court shall review and consider the contents of the juvenile court file in determining if the services offered were reasonable under the circumstances.

Trial placement of the child in the physical custody of the parent or visitation of the child with the parent during the one-year period, when the trial placement or visitation does not result in permanent placement of the child with the parent, shall not serve to interrupt the running of the one-year period.

(8) A minor who has been found to be a dependent child of the court, pursuant to subdivision (d) of Section 300 of the Welfare and Institutions Code, as a result of severe physical abuse by a parent inflicted when the minor was under three years of age, who has been removed from the physical custody of the parent because of severe physical abuse by that parent pursuant to paragraph (5) of subdivision (b) of Section 361 of the Welfare and Institutions Code, and concerning whom the juvenile court has found that attempts at reunification with his or her parent or parents would be detrimental, pursuant to subdivision (c) of Section 366 of the Welfare and Institutions Code. In cases brought under this subdivision, the finding of the juvenile court that the minor was a victim of severe physical abuse, if final, shall be binding on the court. For purposes of this section, "severe physical abuse" means any of the following:

(A) Any single act of abuse which causes physical trauma of sufficient severity that, if left untreated, it would cause permanent physical disfigurement, permanent physical disability, or death.

(B) Any single act of sexual abuse which causes significant bleeding, deep bruising, or significant external or internal swelling.

(C) Repeated acts of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

The provisions of this paragraph only shall be applicable to free a child from the custody and control of a parent who has inflicted severe physical abuse on that child.

(b) At all termination proceedings, the court shall consider the wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and

any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to insure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) A finding pursuant to this section shall be supported by clear and convincing evidence.

(d) Section 5158 shall not apply to proceedings pursuant to this section.

SEC. 2. Section 350 of the Welfare and Institutions Code is amended to read:

350. (a) The judge of the juvenile court shall control all proceedings during the hearings with a view to the expeditious and effective ascertainment of the jurisdictional facts and the ascertainment of all information relative to the present condition and future welfare of the person upon whose behalf the petition is brought. Except where there is a contested issue of fact or law, the proceedings shall be conducted in an informal nonadversary atmosphere with a view to obtaining the maximum cooperation of the minor upon whose behalf the petition is brought and all persons interested in his or her welfare with such provisions as the court may make for the disposition and care of the minor.

(f) The testimony of a minor may be taken in chambers and outside the presence of the minor's parent or parents, if the minor's parent or parents are represented by counsel, the counsel is present and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to insure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

CHAPTER 529

An act to amend Sections 37100.5 and 50077 of the Government Code, and to add Section 7282 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 8, 1985. Filed with Secretary of State September 9, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 37100.5 of the Government Code is amended to read:

37100.5. Except as provided in Section 7282 of the Revenue and Taxation Code, the legislative body of any city may levy any tax which may be levied by any charter city, subject to the voters' approval pursuant to Article XIII A of the Constitution of California.

SEC. 2. Section 50077 of the Government Code is amended to read:

50077. (a) Except as provided in Section 7282 of the Revenue and Taxation Code, the legislative body of any city, county, or district may, following notice and public hearing, propose by ordinance or resolution the adoption of a special tax. The ordinance or resolution shall include the type of tax and rate of tax to be levied, the method of collection, and the date upon which an election shall be held to approve the levy of the tax. The proposition shall be submitted to the voters of the city, county, or district, or a portion thereof, and, upon the approval of two-thirds of the votes cast by voters voting upon the proposition, the city, county, or district may levy the tax.

(b) The legislative body of a city, or district, may provide for the collection of the special tax in the same manner and subject to the same penalty as, or with, other charges and taxes fixed and collected by the city, or district, or, by agreement with the county, by the county on behalf of the city, or district. If the special taxes are collected by the county on behalf of the city, or district, the county may deduct its reasonable costs incurred for the service before remittal of the balance to the city.

(c) The legislative body of a local agency which is conducting proceedings for the incorporation of a city, the formation of a district, a change of organization, a reorganization, a change of organization of a city, or a municipal reorganization, may propose by ordinance or resolution the adoption of a special tax in accordance with the provisions of subdivision (a) on behalf of an affected city or district.

(d) As used in this section "district" means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.

SEC. 3. Section 7282 is added to the Revenue and Taxation Code, to read:

7282. Notwithstanding any other provision of law, no city, county, or city and county may levy a tax on the privilege of occupying a campsite in a unit of the state park system.

CHAPTER 530

An act to amend Section 44012 of the Health and Safety Code, and to add Section 99314.4 to the Public Utilities Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 8, 1985. Filed with Secretary of State September 9, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 44012 of the Health and Safety Code is amended to read:

44012. The test at the test stations shall include all of the following:

(a) A determination that emission control devices and systems required by state and federal law are installed and functioning correctly in accordance with the test procedure adopted pursuant to subdivision (b) of Section 44013.

(b) For other than diesel-powered vehicles, a test of the vehicle's exhaust emissions of hydrocarbons, carbon monoxide, and carbon dioxide in an idle mode or loaded mode in accordance with the procedure prescribed by the department. Testing for nitrogen oxide emissions shall be included at the option of the district requesting the inspection program.

(c) For diesel-powered vehicles when the department determines that the inclusion of those vehicles is technologically and economically feasible, a test of the vehicle's exhaust emissions in an idle mode or loaded mode in accordance with the procedure prescribed by the department. The test may include testing of emissions of any or all of the pollutants specified in subdivision (b) and, upon the adoption of applicable standards, measurement of emissions of smoke or particulates, or both.

(d) A determination as to whether the vehicle complies with the emission standards for that vehicle's class and model-year as prescribed by the department.

SEC. 2. Section 99314.4 is added to the Public Utilities Code, to read:

99314.4. An operator in an urbanized area having a population of less than 200,000 persons may elect to participate in the funding exchange program authorized by this section. An operator electing to participate in the funding exchange program shall give notice to the director and shall indicate the amount of funds which it wants

allocated for the funding exchange program.

From funds that would otherwise be allocated to an operator pursuant to Sections 99313.3, 99314, and 99314.3, an amount so designated by the participating operator shall be allocated to the department for transfer pursuant to an agreement between the department and the State of Arizona whereby California can receive federal mass transportation funds originally apportioned to the State of Arizona.

The department shall allocate the federal mass transportation funds so received to each participating operator in the same proportion as the operator contributed to the funding exchange program. Funds so received shall be used only for the purposes authorized by this chapter and are subject to all statutes and rules and regulations applicable to funds allocated pursuant to Sections 99313 and 99314.

The Legislature finds and declares that the exchange of state funds for federal mass transportation funds authorized by this section will result in a net increase in the total amount of funds to be available to the participating operators.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for testing of exhaust emissions of diesel-powered vehicles and to make additional federal mass transportation funds available for essential transit service in California's urbanized areas of less than 200,000 population as soon as possible, and thereby help reduce air pollution, it is necessary that this act take effect immediately.

CHAPTER 531

An act to amend Section 25402.1 of the Public Resources Code, relating to energy resources.

[Approved by Governor September 8, 1985 Filed with Secretary of State September 9, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25402.1 of the Public Resources Code is amended to read:

25402.1. In order to implement the requirements of subdivisions (a) and (b) of Section 25402, the commission shall do all of the following:

(a) Develop a public domain computer program which will enable contractors, builders, architects, engineers, and government officials to estimate the energy consumed by residential and

nonresidential buildings. The commission may charge a fee for the use of the program, which fee shall be based upon the actual cost of the program, including any computer costs.

(b) Establish a formal process for certification of compliance options for new products, materials, and calculation methods which provides for adequate technical and public review to ensure accurate, equitable, and timely evaluation of certification applications. Proponents filing applications for new products, materials, and calculation methods shall provide all information needed to evaluate the application that is required by the commission. The commission shall publish annually the results of its certification decisions and instructions to users and local building officials concerning requirements for showing compliance with the building standards for new products, materials, or calculation methods. The commission may charge and collect a reasonable fee from applicants to cover the costs under this subdivision. Any funds received by the commission for purposes of this subdivision shall be deposited in the Energy Resources Programs Account for appropriation by the Legislature in the annual Budget Bill.

(c) Include a prescriptive method of complying with the standards, including design aids such as a manual, sample calculations, and model structural designs.

(d) Certify, no later than 180 days after approval of the standards by the State Building Standards Commission, an energy conservation manual for use by designers, builders, and contractors of residential and nonresidential buildings. The manual shall be furnished upon request at a price sufficient to cover the costs of production and shall be distributed at no cost to all affected local agencies. The manual shall contain, but not be limited to, the following:

(1) The standards for energy conservation established by the commission.

(2) Forms, charts, tables, and other data to assist designers and builders in meeting the standards.

(3) Design suggestions for meeting or exceeding the standards.

(4) Any other information which the commission finds will assist persons in conforming to the standards.

(5) Instructions for use of the computer program for calculating energy consumption in residential and nonresidential buildings.

(6) The prescriptive method for use as an alternative to the computer program.

(e) The commission shall establish a continuing program of technical assistance to local building departments in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The program shall include the training of local officials in building technology and enforcement procedures related to energy conservation, and the development of complementary training programs conducted by local governments, educational institutions, and other public or private entities. The technical assistance program shall include the preparation and publication of forms and

procedures for local building departments in performing the review of building plans and specifications. The commission shall provide, on a contract basis, a review of building plans and specifications submitted by a local building department, and shall adopt a schedule of fees sufficient to repay the cost of those services.

(f) Subdivisions (a) and (b) of Section 25402 and this section, and the rules and regulations of the commission adopted pursuant thereto, shall be enforced by the building department of every city, county, or city and county.

(1) No building permit for any residential or nonresidential building shall be issued by a local building department, unless a review by the building department of the plans for the proposed residential or nonresidential building contains detailed energy system specifications and confirms that the building satisfies the minimum standards established pursuant to subdivision (a) or (b) of Section 25402 and this section applicable to the building.

(2) Where there is no local building department, the commission shall enforce subdivisions (a) and (b) of Section 25402 and this section.

(3) If a local building department fails to enforce subdivisions (a) and (b) of Section 25402 and this section or any other provision of this chapter or standard adopted pursuant thereto, the commission may provide enforcement after furnishing 10 days' written notice to the local building department.

(4) A city, county, or city and county may, by ordinance or resolution, prescribe a schedule of fees sufficient to pay the costs incurred in the enforcement of subdivisions (a) and (b) of Section 25402 and this section. The commission may establish a schedule of fees sufficient to pay the costs incurred by that enforcement.

(g) Subdivisions (a) and (b) of Section 25402 and this section shall apply only to new residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to those sections that are applicable to those buildings. Nothing in those sections shall prohibit either of the following:

(1) The enforcement of state or local energy conservation or energy insulation standards, adopted prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section with regard to residential and nonresidential buildings on which actual site preparation and construction have commenced prior to that date.

(2) The enforcement of city or county energy conservation or energy insulation standards, whenever adopted, with regard to residential and nonresidential buildings on which actual site preparation and construction have not commenced prior to the effective date of rules and regulations adopted pursuant to subdivisions (a) and (b) of Section 25402 and this section, if the city or county files the basis of its determination that the standards are cost effective with the commission and the commission finds that the

standards will require the diminution of energy consumption levels permitted by the rules and regulations adopted pursuant to those sections. If, after two or more years after the filing with the commission of the determination that those standards are cost effective, there has been a substantial change in the factual circumstances affecting the determination, upon application by any interested party, the city or county shall update and file a new basis of its determination that the standards are cost effective. The determination that the standards are cost effective shall be adopted by the governing body of the city or county at a public meeting. If, at the meeting on the matter, the governing body determines that the standards are no longer cost effective, the standards shall, as of that date, be unenforceable and no building permit or other entitlement shall be denied based on the noncompliance with the standards.

(h) The commission may exempt from the requirements of this section and of any regulations adopted pursuant thereto any proposed building for which compliance would be impossible without substantial delays and increases in cost of construction, if the commission finds that substantial funds have been expended in good faith on planning, designing, architecture or engineering prior to the date of adoption of the regulations.

(i) If a dispute arises between an applicant for a building permit and the building department regarding interpretation of Section 25402 or the regulations adopted pursuant thereto, either party may submit the dispute to the commission for resolution. The commission's determination of the matter shall be binding on the parties.

(j) Nothing in Section 25130, 25131, or 25402, or in this section shall be construed to prevent enforcement of any regulation adopted pursuant to this chapter, or Chapter 11.5 (commencing with Section 19878) of Part 3 of Division 13 of the Health and Safety Code as they existed prior to September 16, 1977.

CHAPTER 532

An act to amend Section 24071 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor September 8, 1985. Filed with Secretary of State September 9, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 24071 of the Business and Professions Code is amended to read:

24071. The license of one spouse may be transferred to the other spouse when the application for transfer is made prior to the entry

of a final decree of divorce, and the license of a decedent, minor ward, incompetent person, conservatee, bankrupt person, person for whose estate a receiver is appointed, or assignor for the benefit of creditors may be transferred by or to the surviving partners of a deceased licensee, the executor, administrator, conservator or guardian of an estate of a licensee, the surviving spouse of a deceased licensee in the event that the deceased licensee leaves no estate to be administered, the trustee of a bankrupt estate of a licensee, a receiver of the estate of a licensee, or an assignee for the benefit of creditors of a licensee with the consent of the assignor, or a license may be transferred by or to a receiver appointed for a judgment debtor as provided by Section 708.630 of the Code of Civil Procedure, or a license may be transferred to a revocable living trust when the licensee is also the trustee, or a license may be transferred between partners where no new partner is being licensed, or a license may be transferred between corporations whose outstanding shares of stock are owned by the same natural persons, or a licensee may transfer upon compliance with Section 24073 any license to a corporation whose entire stock is owned by the licensee, or his spouse, or a license may be transferred from a corporation to a person who owns, or whose spouse owns, the entire stock of the corporation, and the fee for transfer of each license is fifty dollars ($50). The regular transfer fee provided in Section 24072 shall be due and payable upon the subsequent transfer of 25 percent of the stock in a corporation to which a license has been transferred by a licensee or his spouse pursuant to this section, except if such transfer of stock is from a parent to his child or grandchild, in which case the fee shall be one-half of the regular transfer fee. In no case shall a fee be charged for the transfer of an importer's license. All money collected from the fees provided for in this section shall be deposited directly in the General Fund in the State Treasury, rather than in the Alcohol Beverage Control Fund as provided in Section 25761.

CHAPTER 533

An act to amend Section 12022.1 of the Penal Code, relating to sentences.

[Approved by Governor September 8, 1985 Filed with Secretary of State September 9, 1985]

(2) "Secondary offense" means a felony offense alleged to have been committed while the person is released from custody for a primary offense.

(b) Any person arrested for a secondary offense which was alleged to have been committed while that person was released from custody on a primary offense shall be subject to a penalty enhancement of an additional two years in state prison which shall be served consecutive to any other term imposed by the court.

(c) The enhancement allegation provided in subdivision (b) shall be pleaded in the information or indictment which alleges the secondary offense and shall be proved as provided by law. The enhancement allegation may be pleaded in a complaint but need not be proved at the preliminary hearing for the secondary offense.

(d) Whenever there is a conviction for the secondary offense and the enhancement is proved, and the person is sentenced on the secondary offense prior to the conviction of the primary offense, the imposition of the enhancement shall be stayed pending imposition of the sentence for the primary offense. The stay shall be lifted by the court hearing the primary offense at the time of sentencing for that offense and shall be recorded in the abstract of judgment. If the person is acquitted of the primary offense the stay shall be permanent.

(e) If the person is convicted of a felony for the primary offense, is sentenced to state prison for the primary offense, and is convicted of a felony for the secondary offense, any state prison sentence for the secondary offense shall be consecutive to the primary sentence.

(f) If the person is convicted of a felony for the primary offense, is granted probation for the primary offense, and is convicted of a felony for the secondary offense, any state prison sentence for the secondary offense shall be enhanced as provided in subdivision (b).

(g) If the primary offense conviction is reversed on appeal, the enhancement shall be suspended pending retrial of that felony. Upon retrial and reconviction, the enhancement shall be reimposed. 25345. (a) There is hereby imposed a tax, payable annually, and to be collected by the board, upon each ton or fraction thereof, of waste and material specified in Section 25342, according to the formula specified in this section. The board shall set the base tax rate upon the waste and material specified in Section 25342 in accordance with the following formula:

$$\text{Base tax rate} = \frac{(\$15{,}000{,}000 + R)}{(0.15W_1 + W_2 + 2W_3 + 0.01W_4)}$$

where:

(1) W_1 is the total amount in tons of waste and material specified in subdivision (a) of Section 25344.

(2) W_2 is the total amount in tons of waste specified in subdivision (b) of Section 25344.

(3) W_3 is the total amount in tons of waste specified in subdivision (c) of Section 25344.

(4) W_4 is the total amount in tons of waste specified in subdivision (d) of Section 25344.

(5) R is the amount of refunds made pursuant to paragraph (3) of subdivision (d) of Section 25345.4.

(b) On or before May 1 of each year, using the formula specified in subdivision (a), the board shall determine the base tax rate for the current year.

(c) The tax imposed upon each person subject to Section 25342 shall be assessed according to the following formula:

$$\text{Tax} = (\text{base tax rate}) \times (0.15\ P_1 + P_2 + 2P_3 + 0.01P_4)$$

where:

(1) "Base tax rate" equals the figure determined pursuant to subdivision (a).

(2) P_1 is the amount in tons of waste and material specified by the person pursuant to subdivision (a) of Section 25342.

(3) P_2 is the amount in tons of waste specified by the person pursuant to subdivision (b) of Section 25342.

(4) P_3 is the total amount in tons of waste specified by the person pursuant to subdivision (c) of Section 25342.

(5) P_4 is the total amount in tons of waste specified by the person pursuant to subdivision (d) of Section 25342.

(d) On or before May 1 of each year, the board shall send to each person subject to Section 25342 a notice of assessment.

(e) On or before July 1 of each year, each person subject to Section 25342 shall pay to the board the amount of the assessment as stated in the notice. The tax under this chapter shall not be imposed again on hazardous waste or extremely hazardous waste if the waste, or any portion thereof, is removed subsequently to another place for disposal and if the person has paid the amount of assessment for the waste in accordance with this section before the removal thereof.

(f) Notwithstanding any other provision of this section, hazardous wastes disposed of into an injection well during the 1981 calendar year shall be subject to a tax rate that does not exceed 26.4 percent of the base tax rate, as determined in subdivision (a), as it read on January 1, 1984, per ton or fraction thereof.

(g) For purposes of this article, the following definitions apply:

(1) "Injection well" means a bored, drilled, or driven shaft, whose depth is greater than the largest surface dimension, and which is used to inject hazardous waste into an underground formation. Injection well does not mean any well located in class I or a class II–I disposal site, as defined in Sections 2510 and 2511 of Title 23 of the California Administrative Code, on September 25, 1981.

(2) "Formation" means a body of rock characterized by a degree of lithologic homogeneity which is prevailingly, but not necessarily, tabular and is mappable on the earth's surface or traceable in the subsurface.

(3) "Landfarm" means a waste management technique, conducted within a hazardous waste facility which has received a hazardous waste facilities permit or has obtained interim status pursuant to Article 9 (commencing with Section 25200) of Chapter 6.5, or pursuant to Section 6925 of Title 42 of the United States Code. This waste management technique consists of applying oily wastes, biodegradable wastes, or both wastes onto land and incorporating them into the surface of the soil and, by controlling critical parameters of alkalinity and acidity, moisture content, and soil texture, enhancing the aerobic biodegradation of the waste into carbon dioxide, water, and humus. Landfarming is a managed process which changes the physical, chemical, or biological composition of hydrocarbon wastes, and it does not include any other land disposal practices, including, but not limited to, landfilling or codisposal.

(h) The taxes assessed for the 1984 calendar year and due July 1, 1985, and the taxes assessed in all subsequent years, shall be determined pursuant to this section.

SEC. 2. Section 25345.4 is added to the Health and Safety Code, to read:

25345.4. (a) Notwithstanding any other provision of law, a person may apply to the board, pursuant to subdivision (d), for a refund for any tax assessed for the 1984 calendar year and paid during 1985, pursuant to Section 25345, if the tax is imposed upon

the disposal of any hazardous waste or extremely hazardous waste which was released in or onto land before September 25, 1981, and which is the subject of a voluntary removal or remedial action paid for by the owner of the land or the generator of that waste and conducted pursuant to a written plan approved by the department before July 10, 1984. The department may require the owner or generator to reimburse the department for the costs of any periodic site visits which are reasonably necessary to ensure compliance with the plan.

(b) This section does not apply if the original release of the hazardous waste or extremely hazardous waste was the result of willful or negligent misconduct by the responsible person.

(c) This section applies only to the determination of the taxes assessed for the 1984 calendar year.

(d) The board shall refund the tax paid in 1985 upon the hazardous waste or extremely hazardous waste disposed of pursuant to subdivision (a) from the following sources of funds:

(1) Any taxes collected pursuant to this article in 1985, from persons who did not submit an annual disposal report pursuant to Section 25342 on March 1, 1982, March 1, 1983, or March 1, 1984, for the waste disposed of by that person during the previous calendar year.

(2) If the funds specified in paragraph (1) are less than the amount of the refund for which the taxpayer may apply, the board shall pay the refund from any unencumbered balance in the Hazardous Substance Account on June 30, 1986.

(3) If the funds specified in paragraphs (1) and (2) are less than the amount of refund for which the taxpayer may apply, the taxpayer may apply to the board for the difference, and the board shall make the refund from the taxes collected pursuant to this article during 1986 and in any subsequent year. If the board makes a refund pursuant to this paragraph, the board shall set the base tax rate, as specified in subdivision (a) of Section 25345, to include the amount of the refund.

(e) Any refund made pursuant to this section shall not reduce the amount of any funds that would be otherwise available for expenditure from the Hazardous Substance Account pursuant to Sections 25351, 25352, or 25354.

SEC. 3. Section 25347 of the Health and Safety Code is amended to read:

25347. (a) In no event shall the total taxes collected in any one fiscal year pursuant to this chapter exceed fifteen million dollars ($15,000,000) plus the amount of refunds made pursuant to paragraph (3) of subdivision (d) of Section 25345.4. The calculation of the maximum tax to be assessed for the 1984 calendar year, and subsequent calendar years, shall be determined pursuant to this section.

(b) Notwithstanding any other provision of law, the board shall use the amount determined pursuant to subdivision (a) in setting

the base tax rate in Section 25345.

(c) This section does not prevent the board from collecting any taxes which are not paid when due, or from issuing any determination or redetermination pursuant to Sections 43201 and 43304 of the Revenue and Taxation Code. Any determination of taxes shall be at the tax rates established pursuant to Section 25345 of this code for the period for which the determination is issued.

SEC. 4. Section 25347.2 of the Health and Safety Code is amended to read:

25347.2. (a) "State account rebate" means the total taxes, interest, and penalties for any preceding calendar year which have been collected during the previous 12-month period, pursuant to Section 25345 and Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, less the total of:

(1) Fifteen million dollars ($15,000,000) plus the amount of refunds made pursuant to paragraph (3) of subdivision (d) of Section 25345.4, or the amount appropriated for the current fiscal year by the Legislature for the purposes of this chapter, whichever is the lesser amount.

(2) The total amount of refunds of tax, interest, and penalties paid during the previous 12-month period.

(3) The total amount of claims for refund filed and pending, to the extent that these claims relate to tax, interest, and penalties collected during the previous 12-month period.

(b) "Previous 12-month period" means the period from March 1 of the preceding year to March 1 of the current year.

(c) On or before June 1 of each year, the board shall compute the amount of the state account rebate for the previous 12-month period. The state account rebate shall be credited or paid to each person who paid taxes for the preceding calendar year pursuant to Section 25345 and Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code on a pro rata basis in proportion to the amount of taxes, interest, and penalties paid by that person for the preceding year.

(d) The amount of any credit or payment for the state account rebate shall be accompanied by a brief explanation or statement of account and may be reflected in the notice of assessment for the current year.

(e) Notwithstanding Section 13340 of the Government Code, there is hereby continuously appropriated from the Hazardous Substance Account in the General Fund, to the board, sufficient funds to pay the state account rebates authorized by this section.

SEC. 5. Section 25395 of the Health and Safety Code is amended to read:

25395. (a) Except as provided in subdivisions (b) and (c), this chapter, including, but not limited to, the tax imposed by Section 25345, shall remain in effect only until July 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted

before July 1, 1991, deletes or extends that date.

(b) On July 1, 1991, the Department of Finance shall submit a report to the Secretary of State which states whether the principal of, and interest on, the bonds sold pursuant to Article 7.5 (commencing with Section 25385) have been paid and the General Fund has been reimbursed for any and all amounts that were expended therefrom to pay the principal of, and interest on, those bonds. If the report states that the bonds have not been paid and the General Fund has not been reimbursed, then, notwithstanding subdivision (a), Article 1 (commencing with Section 25300), Article 2 (commencing with Section 25310), Article 3 (commencing with Section 25330), Article 4 (commencing with Section 25340), Article 6 (commencing with Section 25360), and Article 7.5 (commencing with Section 25385) shall not be repealed and shall remain in effect until the date specified in subdivision (c).

(c) If the articles specified in subdivision (b) remain in effect after July 1, 1991, pursuant to subdivision (b), on the date when the principal of, and interest on, the bonds sold pursuant to Article 7.5 (commencing with Section 25385) have been paid and the General Fund has been reimbursed for any and all amounts that were expended therefrom to pay the principal of, and interest on, those bonds, the Department of Finance shall submit a report to the Secretary of State containing that information. The articles specified in subdivision (b) shall be repealed on the date when that report is submitted.

(d) If the articles specified in subdivision (b) remain in effect after July 1, 1991, the committee, as defined in Section 25385.1, may determine the amount of the tax revenues to be collected annually pursuant to Section 25345, which amount may be less than, but shall not exceed, fifteen million dollars ($15,000,000) plus the amount of refunds made pursuant to paragraph (3) of subdivision (d) of Section 25345.4. The committee shall also inform the State Board of Equalization, on March 1 of each calendar year, of the amount of the tax revenues which will be collected for the previous calendar year.

SEC. 6. The Legislature hereby finds and declares that Section 2 of this act does not constitute a gift of public money, within the meaning of Section 6 of Article XVI of the California Constitution, as this act would fulfill the public purpose of encouraging the voluntary cleanup of hazardous substances. Section 25345.5 of the Health and Safety Code currently provides an exemption for the voluntary cleanup of hazardous waste disposed of after July 1, 1984, and this act would extend this existing incentive by recognizing efforts made during the first half of 1984.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the need to make this act applicable to the 1984 calendar year, and since the tax rate imposed by Section 25345 of the Health and Safety Code will be computed prior to the commencement of the 1985–86 fiscal year, it is necessary that this act take effect immediately.

(b) The Department of Motor Vehicles may suspend or revoke a schoolbus, school pupil activity, or youth busdriver certificate only in accordance with the procedures and under the circumstances specified in the guidelines adopted by the Department of the California Highway Patrol pursuant to subdivision (a).

The people of the State of California do enact as follows:

SECTION 1. Section 60043 of the Water Code is amended to read:

60043. Whenever any act is required to be done or proceeding taken on or set for a particular day or day of the week in any month, the act may be done or proceeding set for and acted upon on a day of the month otherwise specified for a regular meeting of the board.

SEC. 2. Section 60152 of the Water Code is repealed.

SEC. 3. Section 60156 of the Water Code is repealed.

SEC. 4. Section 60329 is added to the Water Code, to read:

60329. The board, by action uniformly applicable as to any quarter, and adopted prior to the commencement of the quarter, may provide that there shall not be due or payable any quarterly installment of less than three dollars ($3) otherwise payable by a producer under Section 60327 with respect to production of groundwater from all water-producing facilities operated by the producer during the quarterly period.

SEC. 5. Section 60343 is added to the Water Code, to read:

60343. If another public entity, or public entities, or a watermaster, or watermasters, appointed in one or more court adjudications, or any combination of the foregoing (hereafter "other regulator or regulators") is monitoring by appropriate means the water production of substantially all water producers within the district, the board may, by resolution, indefinitely suspend the date for affixing a water-measuring device as referenced in Section 60342.

The suspension does not affect any requirements of any other regulator or regulators. The suspension may be revoked, and the date for affixing water measuring devices established, by further board resolution.

All resolutions adopted under this section shall be published in the district pursuant to Section 6006 of the Government Code. In the case of any revocation, the publication shall be completed not less than two months prior to the operative date of the revocation. In the case of any revocation, notice of the operative date shall be given by first-class mail, postage prepaid, to operators at any address of record within the district within the time required for publication, but no defect in or failure to mail the notice to any operator affects the operative date of the revocation.

CHAPTER 537

An act to add Section 60318 to the Water Code, relating to water replenishment districts.

[Approved by Governor September 8, 1985 Filed with Secretary of State September 9, 1985.]

The people of the State of California do enact as follows:

If the board determines by resolution that there is a problem of groundwater contamination that a proposed program will remedy or ameliorate, an operator may make extractions of groundwater to remedy or ameliorate that problem exempt from any replenishment assessment if the water is not applied to beneficial surface use, its extractions are made in compliance with all the terms

and conditions of the board resolution, and the board has determined in the resolution either of the following:

(a) The groundwater to be extracted is unusable and cannot be economically blended for use with other water.

(b) The proposed program involves extraction of usable water in the same quantity as will be returned to the underground without degradation of quality.

The resolution may provide those terms and conditions the board deems appropriate, including, but not limited to, restrictions on the quantity of extractions to be so exempted, limitations on time, periodic reviews, requirement of submission of test results from a board-approved laboratory, and any other relevant terms or conditions. Upon written notice to the operator involved, the board may rescind or modify its resolution. The rescission or modification of the resolution shall apply to groundwater extractions occurring more than 10 days after the rescission or modification. Notice of rescission or modification shall be either mailed first-class mail, postage prepaid, at least two weeks prior to the meeting of the board at which the rescission or modification will be made to the address of record of the operator or personally delivered two weeks prior to the meeting. All board determinations shall be final.

(2) Any proposed special tax or change in a special tax is approved by the qualified electors of the district pursuant to this chapter. (b) The agreement shall not constitute a debt or liability of the local agency.

CHAPTER 540

An act to amend Section 1203.1 of the Penal Code, relating to crimes.

[Approved by Governor September 9, 1985 Filed with Secretary of State September 9, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.1 of the Penal Code, as amended by Section 4 of Chapter 980 of the Statutes of 1984, is amended to read:

1203.1. The court or judge thereof, in the order granting probation, may suspend the imposing, or the execution of the sentence and may direct that the suspension may continue for a period of time not exceeding the maximum possible term of the sentence, except as hereinafter set forth, and upon those terms and conditions as it shall determine. The court, or judge thereof, in the order granting probation and as a condition thereof may imprison the defendant in the county jail for a period not exceeding the maximum time fixed by law in the case; however, where the maximum possible term of the sentence is five years or less, then the period of suspension of imposition or execution of sentence may, in the discretion of the court, continue for not over five years; may fine the defendant in a sum not to exceed the maximum fine provided by law in the case; or may in connection with granting probation, impose either imprisonment in county jail, or fine, or both, or neither; shall provide for restitution in proper cases; and may require bonds for the faithful observance and performance of any or all of the conditions of probation.

The court shall consider whether the defendant as a condition of probation shall make restitution to the victim or the Restitution Fund. Any restitution payment received by a probation department in the form of cash or money order shall be forwarded to the victim within 30 days from the date the payment is received by the department. Any restitution payment received by a probation department in the form of a check or draft shall be forwarded to the victim within 45 days from the date the payment is received by the department, provided, that payment need not be forwarded to a victim until 180 days from the date the first such payment is received, if the restitution payments for that victim received by the probation

department total less than fifty dollars ($50). In cases where the court has ordered the defendant to pay restitution to multiple victims and where the administrative cost of disbursing restitution payments to multiple victims involves a significant cost, any restitution payment received by a probation department shall be forwarded to multiple victims when it is cost-effective to do so, but in no event shall restitution disbursements be delayed beyond 180 days from the date the payment is received by the probation department. In counties or cities and counties where road camps, farms, or other public work is available the court may place the probationer in such a road camp, farm, or other public work instead of in jail; Section 25359 of the Government Code shall apply to probation and the court shall have the same power to require adult probationers to work, as prisoners confined in the county jail are required to work, at public work. Each county board of supervisors may fix the scale of compensation of the adult probationers in that county. In all cases of probation the court may require as a condition of probation that the probationer go to work and earn money for the support of his or her dependents or to pay any fine imposed or reparation condition, to keep an account of his or her earnings, to report them to the probation officer and apply those earnings as directed by the court.

In all such cases if as a condition of probation a judge of the superior court sitting by authority of law elsewhere than at the county seat requires a convicted person to serve his or her sentence at intermittent periods the sentence may be served on the order of the judge at the city jail nearest to the place at which the court is sitting, and the cost of his or her maintenance shall be a county charge.

Upon conviction of any offense involving child abuse or neglect, the court may require, in addition to any or all of the above-mentioned terms of imprisonment, fine, and other reasonable conditions, that the defendant shall participate in counseling or education programs, or both, including, but not limited to, parent education or parenting programs operated by community colleges, school districts, other public agencies, or private agencies.

The court may impose and require any or all of the above-mentioned terms of imprisonment, fine, and conditions, and other reasonable conditions, as it may determine are fitting and proper to the end that justice may be done, that amends may be made to society for the breach of the law, for any injury done to any person resulting from that breach, and generally and specifically for the reformation and rehabilitation of the probationer, and that should the probationer violate any of the terms or conditions imposed by the court in the matter, it shall have authority to modify and change any and all such terms and conditions and to reimprison the probationer in the county jail within the limitations of the penalty of the public offense involved. Upon the defendant being released from the county jail under the terms of probation as

originally granted or any modification subsequently made, and in all cases where confinement in a county jail has not been a condition of the grant of probation, the court shall place the defendant or probationer in and under the charge of the probation officer of the court, for the period or term fixed for probation. [Approved by Governor September 9, 1985 Filed with Secretary of State September 9, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Part 2 (commencing with Section 35000) of Division 2 of Title 4 of the Government Code is repealed.

SEC. 2. Chapter 6.6 (commencing with Section 54773) of Part 1 of Division 2 of Title 5 of the Government Code is repealed.

DIVISION 3. CORTESE LOCAL GOVERNMENT REORGANIZATION ACT OF 1985

PART 1. GENERAL

CHAPTER 1. LEGISLATIVE FINDINGS AND DECLARATIONS

56000. This division shall be known and may be cited as the Cortese Local Government Reorganization Act of 1985.

56001. The Legislature finds and declares that it is the policy of the state to encourage orderly growth and development which are essential to the social, fiscal, and economic well-being of the state. The Legislature recognizes that the logical formation and determination of local agency boundaries is an important factor in promoting orderly development. Therefore, the Legislature further finds and declares that this policy should be effected by the logical formation and modification of the boundaries of local agencies.

The Legislature recognizes that urban population densities and intensive residential, commercial, and industrial development necessitate a broad spectrum and high level of community services and controls. The Legislature also recognizes that when areas become urbanized to the extent that they need the full range of community services, priorities are required to be established regarding the type and levels of services that the residents of an urban community need and desire; that community service priorities be established by weighing the total community service needs against the total financial resources available for securing community services; and that those community service priorities are required to reflect local circumstances, conditions, and limited financial resources. The Legislature finds and declares that a single governmental agency, rather than several limited purpose agencies, is in many cases better able to assess and be accountable for community service needs and financial resources and, therefore, is the best mechanism for establishing community service priorities.

On and after January 1, 1986, all changes of organization and reorganizations shall be initiated, conducted, and completed in accordance with, and as provided in, this division.

56101. This division does not apply to any proceeding for a change of organization or reorganization which is pending on January 1, 1986. These pending proceedings may be continued and completed under, and in accordance with, the provisions of law under which the proceedings were commenced. The repeals, amendments, and additions made by the act enacting this division shall not apply to any of those pending proceedings, and, the laws existing prior to January 1, 1986, shall continue in full force and effect, as applied to those pending proceedings.

56102. For the purpose of any action to determine or contest the validity of any change of organization or reorganization, the change of organization or reorganization shall be deemed to be completed and in existence upon the date of execution of the certificate of completion.

56103. An action to determine the validity of any change of organization or reorganization completed pursuant to this division shall be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

56104. If any provision of this division or the application of any provision of this division in any circumstance or to any person, city,

county, district, the state, or any agency or subdivision of the state is held invalid, that invalidity shall not affect other provisions or applications of this division which can be given effect without the invalid provision or application of the invalid provision, and to this end the provisions of this division are severable.

All determinations made by a commission under, and pursuant to, this division shall be final and conclusive in the absence of fraud or prejudicial abuse of discretion. The filing with the State Lands Commission shall be made prior to the executive officer issuing a certificate of filing for the proposal.

(c) The State Lands Commission shall approve or disapprove all portions of the boundaries located upon the tidelands or submerged lands. In making that determination, it shall, where feasible and appropriate, require any extensions of land boundaries of the city or proposed city to be at right angles to the general direction of the shoreline at each point of intersection of the shoreline with the land boundaries of the city or proposed city. However, in the interest of ensuring an orderly and equitable pattern of offshore boundaries, the

State Lands Commission may establish angles and other courses for each offshore boundary it deems necessary considering any irregularity of the shoreline, other geographical features, the effect of incorporation or annexation of the offshore or submerged lands on the uplands of the city, or proposed city, and adjoining territory, and the existing and potential boundaries of other cities and of unincorporated communities.

(d) Within 45 days after the filing of the boundary description and map with the State Lands Commission, the State Lands Commission shall make a determination of the proper offshore or submerged lands boundaries. That determination shall be final and conclusive. If the State Lands Commission does not make the determination within that time, the proposed offshore or submerged lands boundaries shall be deemed approved.

(e) The State Lands Commission shall report its determination to the executive officer and to each affected city, affected county, affected district, or person, if any, that has filed the boundary description and map. Thereafter, filings and action may be taken pursuant to this part.

56110. Territory may not be annexed to a city unless it is located in the same county. Unless otherwise provided in this division, territory may not be annexed to a city unless it is contiguous to the city at the time the proposal is initiated pursuant to this part. Territory incorporated as a city shall be located within one county and, except as otherwise provided in Section 56111, shall be contiguous with all other territory being incorporated as a city.

56111. Notwithstanding Section 56110, upon approval of the commission a city may annex noncontiguous territory not exceeding 300 acres in area, which is located in the same county as that in which the city is situated, and which is owned by the city and is being used for municipal purposes at the time commission proceedings are initiated. If, after the completion of the annexation, the city sells that territory or any part of that territory, all of the territory which is no longer owned by the city shall cease to be a part of the city. Territory which is used by a city for reclamation, disposal, and storage of treated waste water may be annexed to the city pursuant to this

section without limitation as to the size of the area encompassed within the territory so annexed.

If territory is annexed pursuant to this section, the annexing city may not annex any territory not owned by the city and not contiguous to the city, although the territory is contiguous to the territory annexed pursuant to this section.

Notwithstanding any other provision of this section, a city which annexes territory pursuant to this section may annex additional territory in the same county as that in which the city is situated which is owned by the United States government or the State of California and which is contiguous to the first-annexed territory if the total acreage of the first-annexed and the subsequently annexed territory together does not exceed 300 acres in area. If after the completion of the subsequent annexation, the city sells all or any part of the first-annexed territory, the subsequently annexed territory shall cease to be part of the city if the subsequently annexed territory is no longer contiguous to territory owned by the city.

When territory ceases to be part of a city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment. The resolution shall describe the detached territory and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing required by Chapter 8 (commencing with Section 57200).

If territory annexed to a city pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

56112. If authorized by the commission pursuant to subdivision (d) of Section 56375, unless the conducting authority terminates the proceedings as provided in Section 57080, the conducting authority shall order annexation of the territory without an election.

56113. (a) The authority to initiate, conduct, and complete any proceeding pursuant to Section 56112 does not apply to any territory which, after January 1, 1978, became surrounded or substantially surrounded by the city to which annexation is proposed. The authority to initiate, conduct, and complete any proceeding pursuant to Section 56112 shall expire January 1, 1988. The period of time between January 1, 1978, and January 1, 1988, shall not include any period of time during which, in an action pending in any court, a local agency is enjoined from conducting proceedings pursuant to Section 56112. Upon final disposition of that case, the previously enjoined local agency may initiate, conduct, and complete proceedings pursuant to Section 56112 for the same period of time as was remaining under that 10-year limit at the time the injunction commenced. However, if the remaining time is less than six months, that authority shall continue for six months following final disposition of the action.

(b) No new proposal involving the same or substantially the same territory as a proposal initiated pursuant to Section 56112 after January 1, 1984, shall be initiated for two years after the date of

adoption by the commission or by the conducting authority of a resolution terminating proceedings.

56114. (a) Notwithstanding Section 56031, unincorporated territory consisting of property abutting on a street, highway, or road, and the street, highway, or road, to the extent that it abuts that property, together with the road strip may be annexed to a city pursuant to this division under the following conditions:

(1) The annexation may be made only if the property to be annexed is within the sphere of influence of the annexing city, as adopted by the commission, and lies within an unincorporated area wholly surrounded by the annexing city or the annexing city and the county line or the annexing city and the Pacific Ocean or the annexing city and a boundary of another city.

(2) The property to be annexed shall not be annexed if the distance between the boundary of the annexing city and the point closest to the annexing city at which the road strip connects with the abutting property, as measured by the road strip, is more than one-half mile.

(b) Subsequent annexations to the road strip and abutting territory shall not be made unless both of the following conditions are met:

(1) The distance between the point at which the original road strip abuts the boundary of the annexing city and the point closest to the city at which the road strip connects with the abutting property to be annexed, as measured by the road strip, is one-half mile or less.

(2) The annexation is contiguous to the road strip.

(c) As used in this section:

(1) "Property to be annexed" means the property abutting on a street, highway, or road, and the street, highway, or road, to the extent it abuts the property.

(2) "Road strip" means the street, highway, or road which connects the territory of the property to be annexed to the annexing city.

(d) This section applies only to the City of Cupertino.

56115. If any fire protection district or fire district is organized under Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code, those provisions shall provide an additional and alternative authority and procedure for the initiation, conduct, and completion of detachments of territory from any such district or for the dissolution of any such district or for the inclusion of a city or a portion of a city in a district. When a proceeding for a detachment or dissolution is made pursuant to Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code, only the provisions of that law shall be applicable to the initiation, conduct, and completion of the proceedings, and this division shall not apply to the initiation, conduct, and completion of those proceedings.

56116. The Legislature declares that the doctrine of automatic

merger of a district with a city or the merger by operation of law of a district with a city has no further force or effect. The existence of a district shall not be extinguished or terminated as a result of the entire territory of that district being heretofore or hereafter included within a city unless that district is merged with the city as a result of proceedings taken pursuant to this division.

56117. A district of limited powers may be either merged with, or established as, a subsidiary district of a city in the manner provided in this division.

A mutual service agreement between a city and a district of limited powers may provide that the city shall not, while that agreement is in effect, or during any portion of the agreement's effective duration as the city and the district may stipulate in the agreement, initiate a proposal to establish the district as a subsidiary district of the city.

56118. Except for a proposal for the merger of a then existing subsidiary district, any proposal for a change of organization authorized by this division shall contain a request in the alternative, requesting either a merger or the establishment of a subsidiary district, as may be determined during the course of the proceedings. Any proposal requesting only merger shall be deemed to also include a request for the establishment of a subsidiary district and any proposal requesting only the establishment of a subsidiary district shall be deemed to also include a request for merger.

56119. It is not necessary for the principal act of any district to adopt or incorporate this division by reference and any change of organization or reorganization provided for by this division may be made by, or with respect to, any district. Except as otherwise provided in this division, in any change of organization or reorganization the principal act shall govern as to any provisions in the principal act pertaining to boundaries, to contiguity or noncontiguity of territory, to the incorporated or unincorporated status of territory, and to the overlapping of territory of a district with the territory of another district or city. Unless otherwise provided by the principal act, any territory annexed to a district shall be contiguous to the district and shall not be a part of another district formed under the same principal act without the consent of the other district.

56120. Where the principal act of any parent district provides that the boundaries of the parent district shall be automatically changed in the event of a change in the boundaries of a member district, or that the boundaries of the parent district may be concurrently changed with a change in the boundaries of a member district, the boundaries of the parent district shall be deemed to be automatically, or may be concurrently, changed as the case may be, when proceedings are in accordance with the provisions of the principal acts of any parent district, upon completion of a change of organization or a reorganization changing the boundaries of the member district. The commission of the principal county of the

member district shall have exclusive jurisdiction over such a change in boundaries of the member district and also of any parent district subject to this division.

56121. No change of organization or reorganization, or any term or condition of a change of organization or reorganization, shall impair the rights of any bondholder or other creditor of any county, city, or district. Notwithstanding any provision of this division, or of any change of organization or reorganization, or any term or condition of a change of organization or reorganization, each and every bondholder or other creditor may enforce all of his or her rights in the same manner, and to the same extent, as if the change of organization, reorganization, term, or condition had not been made. Those rights may also be enforced against agencies, and their respective officers, as follows:

(a) Annexation or detachment: against the city or district to, or from, which territory is annexed or detached.

(b) Incorporation: against the newly incorporated city.

(c) Formation: against the newly formed district.

(d) Disincorporation: against the successor county receiving distribution of the remaining assets of the disincorporated city.

(e) Dissolution: against the local agency receiving distribution of all or any part of the remaining assets of a dissolved district.

(f) Consolidation: against the consolidated successor city or district.

(g) Reorganization: against the affected city or district, successor county or newly incorporated city or newly formed district, as the case may be, for any of the above enumerated changes of organization or city incorporations which may be included in the particular reorganization.

56122. Section 56844 and any term and condition provided by, or made pursuant to, that section shall be enforceable by, between, among, and against any public agency or agencies designated in the term and condition, but shall not constitute, or be given effect as, a limitation upon the power of any bondholder or other creditor to enforce his or her rights, particularly any rights provided for by Part 5 (commencing with Section 57300), as if Section 56844 had not been enacted or the term and condition had not been made or provided pursuant to that section.

56123. Except as otherwise provided in Section 56124, if a proposed change of organization or a reorganization applies to two or more affected counties, for the purpose of this division, exclusive jurisdiction shall be vested in the officers of the principal county. Any notices, proceedings, orders, or any other acts authorized or required to be given, taken, or made by the commission, board of supervisors, clerk of a county, or any other county official, shall be given, taken, or made by the persons holding those offices in the principal county. Any officer of a county other than the principal county shall cooperate with the officers of the principal county and shall furnish the officers of the principal county with any certificates, records, or

certified copies of records as may be necessary to enable the officers of the principal county to comply with this division.

56124. If a proposed change of organization or a reorganization applies to two or more affected counties, for purposes of this division, exclusive jurisdiction may be vested in the officers of an affected county other than the principal county if all of the following occur:

(a) The commission of the principal county approves of having exclusive jurisdiction vested in another affected county.

(b) The commission of the principal county designates the affected county which shall assume exclusive jurisdiction.

(c) The commission of the affected county so designated agrees to assume exclusive jurisdiction.

If exclusive jurisdiction is vested in an affected county other than the principal county pursuant to this section, any notices, proceedings, orders, or any other acts authorized or required to be given, taken, or made by the commission, board of supervisors, clerk of a county, or any other officer of a county, shall be given, taken, or made by the persons holding those offices in the affected county. Any officer of a county other than the affected county shall cooperate with the officers of the affected county and shall furnish the officers of the affected county with any certificates, records, or certified copies of records as may be necessary to enable the officers of the affected county to comply with this division.

56125. If any reorganization provides for the formation of any new district or districts, the district or districts shall be deemed to have been formed upon compliance with the procedure and provisions of this division relating to reorganization. If the terms and conditions of any change of organization or reorganization provide for the formation of an improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district, that formation, annexation, or detachment shall be deemed to have been completed upon compliance with the procedure and provisions of this division relating to a change of organization or a reorganization. In any proceeding for a change of organization or a reorganization providing for territory to be formed into, or annexed to, or detached from, an improvement district, the clerk of the county or of the district, as the case may be, shall give mailed notice of hearing on the proposed change of organization or reorganization to all landowners owning land within the territory. No further or separate proceedings need be taken for the formation of any improvement district or for the annexation of territory to, or detachment of territory from, the existing improvement district. To that extent only, this division shall govern and provide the exclusive procedure for the formation of any such improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district and the provisions of the principal act relating to the formation of an improvement district or for the annexation of territory to, or detachment of territory from, an existing improvement district shall have no application.

56126. Upon request by the executive officer or the clerk of any county or district, the assessor of any city, county, or district shall furnish estimated assessed valuations, determined by the same methods and valuations used in preparing the last equalized assessment roll, in both of the following cases:

(a) Where real property is owned by a public agency and no assessed value for that real property is shown on the roll.

(b) Where a single assessment parcel shown on the last equalized assessment roll either:

(1) Has been split into two or more parcels by reason of the sale or conveyance of any portion of the original assessment parcel.

(2) Overlaps two or more counties, cities, districts, or election precincts, or any combination of those entities or precincts.

Any of these estimates shall be conclusively presumed to be assessed values for the purpose of this division, but shall be given no force or effect for other purposes.

56127. If the legislative body of any of the districts, agencies, or authorities enumerated in subdivision (c) of Section 56036 desires a determination by the commission that the district, agency, or authority is not a district or a special district, for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), the legislative body, prior to the adoption of any ordinance, resolution, or order proposing, declaring an intention, or initiating proceedings to make a change of organization, shall make application to the commission of the principal county describing the proposed change of organization and requesting that determination. If a proposal is initiated by other than the legislative body of a district or special district, the district or special district may, within 10 days of notification by the commission of the initiation of the proposal, request a determination by the commission that it is not a district or special district for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300). That application shall be filed with the executive officer and shall be presented to the commission not later than its next regular meeting. The executive officer shall give the legislative body filing the application mailed notice of the time and place at which the application shall be presented to the commission. No other notice is required to be given. However, the commission may, prior to making its findings and determinations, order the executive officer to give notice of the filing and presentation of the application by publication or by mailing to other affected counties, cities, and districts, or by both publication and mailing.

56128. (a) Upon presentation of any application filed pursuant to Section 56127, the commission shall determine that the applicant district, agency, or authority is not a district or special district for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), if the commission finds that the applicant is not engaged in any of the following:

(1) The distribution and sale for any purpose, other than for the

purpose of resale, of water or of gas or electricity for light, heat, or power.

(2) Furnishing sanitary sewer service or garbage and refuse collection service to the ultimate users, as defined in subdivision (b), of those services.

(3) Providing fire or police protection.

(4) The acquisition, construction, maintenance, lighting, or operation of streets and highways, street and highway improvements, or park and recreation facilities, except as an incident to the exercise of other lawful powers of the applicant.

(b) "Ultimate user" means any user or consumer other than the state, the United States, a city, a county, or a district, or any agency, department, or office of any of those entities or a public utility.

If the commission determines that any applicant district, agency, or authority enumerated in subdivision (c) of Section 56036 is not a district or special district, for purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), then those provisions shall not apply to the change of organization or reorganization described in the application and proceedings for the change of organization or reorganization shall be taken under and pursuant to the principal act. If no application is made to the commission, or if the commission in passing upon an application does not determine that the applicant is not a district or special district for the purposes of Part 4 (commencing with Section 57000) or Part 5 (commencing with Section 57300), then, except as otherwise provided in Section 56115, this division shall provide the sole and exclusive authority for the initiation, conduct, and completion for a change of organization or reorganization by that district, agency, or authority and, to the extent of any inconsistency between this division and the principal act of the applicant, this division shall control.

56129. (a) If a public utility has been granted a certificate of public convenience and necessity authorizing and requiring it to furnish gas or electric service within a certain service area and, as a result of a change of organization or a reorganization, territory consisting of all, or any part, of that service area becomes a part of, or is formed into, a district authorized by its principal act to furnish gas or electric service, the district shall not furnish that service within the territory except upon approval by both of the following:

(1) The commission after receipt and consideration of the report of the Public Utilities Commission made as provided in Section 56131.

(2) The voters within the territory, given at an election as provided in Section 56130.

(b) If both of those approvals are given, upon assumption of service by the district the public utility may at any time thereafter withdraw service within the territory, unless otherwise ordered by the Public Utilities Commission.

(c) "Gas or electric service," as used in this section and in Sections 56130, 56131, and 56832, means the distribution and sale for any

purpose, other than for the purpose of resale, of gas or electricity for light, heat, or power.

56130. Voter approval within the territory, as required by Section 56129, shall be given at an election. The question submitted at the election shall identify the district, designate the kind of service to be furnished, identify the territory within which the service is proposed to be furnished, and state the name of the public utility presently authorized to furnish the gas or electric service within the territory.

The district shall not furnish the gas or electric service, as defined in subdivision (c) of Section 56129, within the territory unless the question of furnishing the gas or electric service has been submitted to the voters at an election called, held, and conducted within the territory and a majority of the votes cast upon the question are in favor of the service. The board of supervisors or the legislative body of the conducting district may submit the question at the election called upon the question of confirmation of an order of change of organization or reorganization, or the board of directors of the district may submit the question of the gas or electric service at a special election called after completion of the proceedings for a change of organization or a reorganization. The question of the service shall be submitted as a separate proposition at any election within the territory and shall be voted upon only by qualified voters within the territory. If the question is defeated at the election, for one year thereafter no petition requesting the gas or electric service may be filed and no new election called upon the question.

56131. The executive officer shall file with the Public Utilities Commission a certified copy of any proposal for a change of organization or a reorganization which provides, as a part of the change of organization or reorganization, that gas or electric service, as defined in subdivision (c) of Section 56129, be furnished by a district within any of the territory affected by the change of organization or reorganization. The certified copy need not contain any signatures if the proposal is by petition. After that change of organization or reorganization has been ordered, the clerk of the district shall file with the Public Utilities Commission a certified copy of any ordinance, resolution, or order made by the board of directors of a district proposing to furnish gas or electric service, as defined in subdivision (c) of Section 56129, within the territory.

After that filing, the Public Utilities Commission shall cause an investigation to be made and may conduct any hearings in connection with the proposal. Upon completion of the investigation and not later than 90 days after the date of the filing, the Public Utilities Commission shall make a report to the commission stating whether, in the opinion of the Public Utilities Commission, the proposed service by the district within the territory will substantially impair the ability of the public utility to provide adequate service at reasonable rates within the remainder of the service area of the public utility.

The secretary of the Public Utilities Commission shall immediately

file a certified copy of that report with the executive officer.

CHAPTER 4. NOTICE

56150. Unless the provision or context otherwise requires, whenever this division requires notice to be published, posted, or mailed, the notice shall be published, posted, or mailed as provided in this chapter.

56151. Notice authorized or required to be given by publication, posting, or mailing shall be given by the clerk or executive officer and shall contain all matters required by any particular provision of this division. If any ordinance, resolution, or order of any legislative body or the commission gives notice and contains all matters required to be contained in any notice, the clerk or executive officer may cause a copy of that ordinance, resolution, or order to be published, posted, or mailed, in which case no other notice need be given by the clerk or executive officer. The notice requirements of Section 4002 of the Elections Code shall also apply to petitions to annex territory to a city, the consolidation of cities, or the dissolution of a city.

56152. Whenever any notice is required to be given and the duty of giving that notice is not specifically enjoined upon some officer, agency, or person, the clerk or executive officer, as the case may be, shall give notice or cause that notice to be given.

56153. Notice required to be published shall be published pursuant to Section 6061 in one or more newspapers of general circulation within each affected county, affected city, or affected district. If any newspaper is a newspaper of general circulation in two or more affected cities or affected districts, publication in that newspaper shall be sufficient publication for all those affected cities or affected districts. If there are two or more affected counties, publication shall be made in at least one newspaper of general circulation in each of the affected counties.

56154. If the published notice is a notice of a hearing, publication of the notice shall be commenced at least 15 days prior to the date specified in the notice for the hearing.

56155. Except as otherwise provided in this division, mailed notice shall be sent first class and deposited, postage prepaid, in the United States mails and shall be deemed to have been given when so deposited.

56156. If the mailed notice is notice of a hearing, the notice shall be mailed at least 15 days prior to the date specified in the notice for hearing.

56157. When mailed notice is required to be given to:

(a) A county, city, or district, it shall be addressed to the clerk of the county, city, or district.

(b) A conducting authority, it shall be given by certified mail, return receipt requested, and shall be addressed to the clerk of the conducting authority at the mailing address of the legislative body of

the authority as specified in the filing made pursuant to Section 53051.

(c) A commission, it shall be addressed to the executive officer.

(d) Chief petitioners, it shall be addressed to the persons so designated in the petition at the address specified in the petition.

(e) Landowners, it shall be addressed to each person to whom land is assessed, as shown upon the last equalized assessment roll of the county, at the address shown upon the assessment roll.

(f) Persons requesting special notice, it shall be addressed to each person who has filed a written request for special notice with the executive officer or clerk at the mailing address specified in the request.

56158. Notice required to be posted shall be posted on or near the doors of the meeting room of the legislative body or commission or upon any official bulletin board used for the purpose of posting public notices by, or pertaining to, the legislative body or commission.

56159. Posted notice shall remain posted for not less than five days. If the posted notice is notice of a hearing, posting shall be commenced at least 15 days prior to the date specified in the notice for hearing and shall continue to the time of the hearing.

PART 2. LOCAL AGENCY FORMATION COMMISSION

CHAPTER 1. GENERAL

56300. It is the intent of the Legislature that each commission establish policies and exercise its powers pursuant to this part in a manner that encourages and provides planned, well-ordered, efficient urban development patterns with appropriate consideration of preserving open-space lands within those patterns.

56301. Among the purposes of a commission are the discouragement of urban sprawl and the encouragement of the orderly formation and development of local agencies based upon local conditions and circumstances. One of the objects of the commission is to make studies and to obtain and furnish information which will contribute to the logical and reasonable development of local agencies in each county and to shape the development of local agencies so as to advantageously provide for the present and future needs of each county and its communities.

CHAPTER 2. FORMATION OF COMMISSION AND SELECTION OF COMMISSIONERS

56325. There is hereby continued in existence in each county a local agency formation commission. Except as otherwise provided in this chapter, the commission shall consist of five members selected as follows:

(a) Two representing the county, appointed by the board of

supervisors from their own membership. The board of supervisors shall appoint a third supervisor who shall be an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of a regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) Two representing the cities in the county, each of whom shall be a city officer, appointed by the city selection committee. The city selection committee shall also designate one alternate member who shall be appointed and serve pursuant to Section 56335.

(c) One representing the general public appointed by the other four members of the commission. The other four members of the commission may also designate one alternate member who shall be appointed and serve pursuant to Section 56331.

56326. In Los Angeles County, the commission shall consist of seven members, selected as follows:

(a) Two representing the county, appointed by the board of supervisors from its own membership. The board of supervisors shall also appoint a third supervisor who shall be an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of the regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) One representing the county, appointed by the board of supervisors, who shall not be a member of the board of supervisors but who shall be a resident of the San Fernando Valley Statistical Area, as defined in subdivision (c) of Section 11093. The board of supervisors shall also appoint an alternate member who shall not be a member of the board of supervisors but who is a resident of the San Fernando Valley Statistical Area. The alternate member may serve and vote in place of the member appointed pursuant to this subdivision if that member is absent or disqualifies himself or herself from participating in a meeting of the commission.

If the office of the regular member becomes vacant, the alternate member may serve and vote in place of the former regular member until the appointment and qualification of a regular member to fill the vacancy.

(c) Two representing the cities in the county, each of whom shall be a city officer, appointed by the city selection committee. The city selection committee shall also designate one alternate member who shall be appointed and serve pursuant to Section 56335.

(d) One representing a city in the county having a population in excess of 30 percent of the total population of the county who is a

member of the legislative body of the city, appointed by the presiding officer of the legislative body. The presiding officer of the legislative body shall also designate an alternate member who is a member of the legislative body. The alternate member may serve and vote in place of the member appointed pursuant to this subdivision if the member is absent or disqualifies himself or herself from participating in a meeting of the commission.

If the office of the regular member becomes vacant, the alternate member may serve and vote in place of the former regular member until the appointment and qualification of a regular member to fill the vacancy.

Prior to the end of each fiscal year, the city shall pay to the county that portion of the amount payable or paid by the county during the fiscal year pursuant to Section 56381 that is attributable to administrative costs incurred by the county on behalf of members serving on the commission pursuant to this subdivision and subdivision (b).

(e) One representing the general public appointed by the other six members of the commission.

56327. In Santa Clara County, the commission shall consist of five members, selected as follows:

(a) Two representing the county, appointed by the board of supervisors from their own membership. The board of supervisors shall appoint a third supervisor who shall serve as an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission. If the office of the regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) One representing the city in the county having the largest population, who is a member of the legislative body of the city, appointed by the city council. The city council shall also appoint an alternate member who is a member of the legislative body of the city. The alternate member may serve and vote in place of the regular city member if the city member is absent or disqualifies himself or herself from participating in a meeting of the commission. If the office of the regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

(c) One representing the cities in the county, who is a city officer appointed by the city selection committee. The city selection committee shall also designate one alternate member who shall be appointed and serve pursuant to Section 56335.

(d) One representing the general public, appointed by the other four members of the commission. This member shall not be a resident of a city which is already represented on the commission.

The commission may also appoint an alternate public member, who shall not be a resident of a city represented on the commission, and who may serve and vote in the place of the regular public member if the regular public member is absent or disqualifies himself or herself from participating in a meeting of the commission. If the office of the regular public member becomes vacant, the alternate member may serve and vote in place of the former regular public member until the appointment and qualification of a regular public member to fill the vacancy.

The member initially selected to serve pursuant to subdivision (b) shall commence serving on or after January 1, 1983, on a date determined by the city council of the city referred to in subdivision (b), and shall serve for the remainder of the term of, and in place of, a member to be designated by the city council, appointed pursuant to subdivision (b) of Section 56325.

56328. (a) In San Diego County, the commission, which consists of seven members, augmented pursuant to Section 56332, shall be additionally augmented by the appointment of an eighth member and that member shall, notwithstanding subdivision (b) of Section 56325, be a member of the legislative body of the city in the county having the largest population, appointed by the legislative body of that city.

(b) The legislative body of the city shall appoint an alternate member at the same time and in the same manner as it appoints the regular member appointed pursuant to subdivision (a). If the regular city member is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of the regular city member for that meeting. If the office of the regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

(c) The city representative initially appointed to serve pursuant to this section shall be appointed to a regular term to commence January 1, 1984.

(d) Before the end of each fiscal year, the city shall pay to the county that portion of the amount payable or paid by the county during the fiscal year pursuant to Section 56381 that is attributable to the additional administrative costs incurred by the county on behalf of members serving on the commission pursuant to subdivisions (a) and (b).

56329. If there is no city in the county, the commission shall consist of five members, selected as follows:

(a) Three representing the county, appointed by the board of supervisors from their own membership. The board of supervisors shall appoint a fourth supervisor who is an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of a regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) Two representing the general public appointed by the other three members of the commission.

56330. If there is only one city in the county, the commission shall consist of five members, selected as follows:

(a) Two representing the county, appointed by the board of supervisors from their own membership. The board of supervisors shall appoint a third supervisor who is an alternate member of the commission. The alternate member may serve and vote in place of any supervisor on the commission who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of the regular county member becomes vacant, the alternate member may serve and vote in place of the former regular county member until the appointment and qualification of a regular county member to fill the vacancy.

(b) One representing the city, who is a city officer, appointed by the legislative body of the city. The legislative body of the city shall also designate one alternate member who shall serve and vote in the absence or disqualification of the regular appointed city representative.

If the office of the regular city member becomes vacant, the alternate city member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

(c) Two representing the general public appointed by the other three members of the commission.

56331. When appointing a public member pursuant to Sections 56325, 56326, 56329, and 56330, the commission may also appoint an alternate public member who may serve and vote in place of a regular public member who is absent or who disqualifies himself or herself from participating in a meeting of the commission.

If the office of a regular public member becomes vacant, the alternate member may serve and vote in place of the former regular public member until the appointment and qualification of a regular public member to fill the vacancy.

56332. (a) The commission of any county shall be enlarged by two members if, pursuant to Chapter 5 (commencing with Section 56450), the commission of any county does both of the following:

(1) Orders representation of special districts upon the commission.

(2) Adopts regulations affecting the functions and services of special districts.

In addition to the commission members selected pursuant to Sections 56325, 56329, and 56330, two commission members shall be selected by an independent special district selection committee to represent special districts in the county.

(b) The independent special district selection committee shall consist of the presiding officer of the legislative body of each independent special district. However, if the presiding officer of an independent special district is unable to attend a meeting of the independent special district selection committee, the legislative body of the district may appoint one of its members to attend the meeting of the selection committee in the presiding officer's place. Those districts shall include districts located wholly within the county and those containing territory within the county representing 50 percent or more of the assessed value of taxable property of the district, as shown on the last equalized county assessment roll. Each member of the committee shall be entitled to one vote for each independent special district of which he or she is the presiding officer. Members representing a majority of the eligible districts shall constitute a quorum.

(c) The executive officer shall call and give written notice of all meetings of the members of the selection committee. A meeting shall be called and held under either of the following circumstances:

(1) Whenever a vacancy exists among the members or alternate members representing independent special districts upon the commission.

(2) Upon receipt of a written request by one or more members of the selection committee representing districts having 10 percent or more of the assessed value of taxable property within the county, as shown on the last equalized county assessment roll.

(d) If the executive officer determines that a meeting of the special district selection committee, for the purpose of selecting the special district representatives or for filling a vacancy, is not feasible, the executive officer may conduct the business of the committee in writing, as provided in this subdivision. The executive officer may call for nominations to be submitted in writing within 30 days. At the end of the nominating period, the executive officer shall prepare and deliver, or send by certified mail, to each independent special district one ballot and voting instructions. The ballot shall include the names of all nominees and the office for which each was nominated. The districts shall return the ballots to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballots to the districts. Any ballot received by the executive officer after the specified date is invalid. The executive officer shall announce the results of the election within seven days of the specified date.

(e) The selection committee shall appoint two regular members and one alternate member to the commission. The members so appointed shall be elected or appointed special district officers residing within the county but shall not be members of the legislative body of a city or county. If one of the regular district members is absent from a commission meeting, disqualifies himself or herself from participating in a meeting, or is automatically disqualified from participating in a meeting, the alternate district member may serve

and vote in place of the regular district member for that meeting. When the commission is considering any proposal affecting the district for which the regular member is a special district officer, that member is automatically disqualified from participating in proceedings of the commission with respect to the proposal and the alternate member shall serve and vote in place of the regular member upon the proposal.

(f) If the office of a regular district member becomes vacant, the alternate member may serve and vote in place of the former regular district member until the appointment and qualification of a regular district member to fill the vacancy.

56333. When a commission is enlarged to seven members as provided in Section 56332, the public members appointed pursuant to Sections 56325, 56329, and 56330 shall thereafter be appointed by members of the commission representing cities, counties, and special districts. Those appointments shall be made at the times and in the manner provided in Section 56334.

56334. The term of office of each member shall be four years and until the appointment and qualification of his or her successor. Upon enlargement of the commission by two members, as provided in Section 56332, the new members first appointed to represent independent special districts shall classify themselves by lot so that the expiration date of the term of office of one new member coincides with the existing member who holds the office represented by the original two-year term on the commission and of the other new member coincides with the existing member who holds the office represented by the original four-year term on the commission. The body which originally appointed a member whose term has expired shall appoint his or her successor for a full term of four years. Any member may be removed at any time and without cause by the body appointing that member. The expiration date of the term of office of each member shall be the first Monday in May in the year in which the term of the member expires. Any vacancy in the membership of the commission shall be filled for the unexpired term by appointment by the body which originally appointed the member whose office has become vacant.

The chairperson of the commission shall be selected by the members of the commission.

Commission members and alternates shall be reimbursed for the actual amount of their reasonable and necessary expenses incurred in attending meetings and in performing the duties of their office. The board of supervisors may authorize payment of a per diem to commission members and alternates for each day while they are in attendance at meetings of the commission.

56335. In each county containing two or more cities, regular and alternate city members to the commission shall be appointed by the city selection committee organized in the county pursuant to and in the manner provided in Article 11 (commencing with Section 50270) of Chapter 1 of Part 1 of Division 1. Regular members of the

commission shall be appointed by the city selection committee pursuant to Sections 56325, 56326, and 56327.

The city selection committee shall appoint one alternate member to the commission in the same manner as it appoints a regular member. If one of the regular city members is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of that regular city member for that meeting.

Except in the case of a member appointed pursuant to subdivision (d) of Section 56326 or subdivision (b) of Section 56327, a city selection committee, may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on annexations to the city of which the member is a representative.

If the office of a regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

56336. Each commission may adopt regulations with respect to disqualification of members from participating in the review of a proposal. In the absence, however, of those regulations, Section 56332 or 56335 shall apply. The representation by a member of a city shall not disqualify, or be cause for disqualification of, the member from acting on a proposal affecting the city, and any regulation providing for the disqualification of a city representative is null and void.

56337. A city or county officer may serve as a member of the commission while holding office as a city or county officer. If a member who is a city or county officer ceases to be an officer of a city or county during his or her term, his or her membership on the commission shall be considered vacant.

CHAPTER 3. POWERS

56375. The commission shall have all of the following powers and duties subject to any limitations upon its jurisdiction set forth in this part:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally, proposals for changes of organization or reorganization. However, a commission shall not have the power to disapprove an annexation to a city, initiated by resolution, of contiguous territory which the commission finds is either:

(1) Surrounded or substantially surrounded by the city to which the annexation is proposed or by that city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 56064, is designated for urban growth by the general plan of the annexing city, and is not within the sphere of influence of another city.

(2) Located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined by Section 56064, and is designated for urban growth by the general plan of the annexing city.

As a condition to the annexation of an area, which is surrounded, or substantially surrounded, by the city to which the annexation is proposed, the commission may require, where consistent with the purposes of this division, that the annexation include the entire island of surrounded, or substantially surrounded, territory.

A commission shall not impose any conditions which would directly regulate land use, property development, or subdivision requirements. When the development purposes are not made known to the annexing city, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing city or county. This paragraph does not prohibit a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed. However, the commission shall not specify how, or in what manner, the territory shall be prezoned.

(b) With regard to a proposal for annexation or detachment of territory to, or from, a city or district or with regard to a proposal for reorganization which includes annexation or detachment, to determine whether territory proposed for annexation or detachment, as described in its resolution approving the annexation, detachment, or reorganization, is inhabited or uninhabited.

(c) With regard to a proposal for consolidation of two or more cities or districts, to determine which city or district shall be the consolidated, successor city or district.

(d) To approve the annexation to a city after notice and hearing, and authorize the conducting authority to order annexation of the territory without an election, if the commission finds that the territory contained in an annexation proposal meets all of the following requirements:

(1) It does not exceed 75 acres in area, that area constitutes the entire island, and the island does not constitute a part of an unincorporated area which is more than 100 acres in area.

(2) It is surrounded in either of the following ways:

(A) Surrounded, or substantially surrounded, by the city to which annexation is proposed or by the city and a county boundary or the Pacific Ocean.

(B) Surrounded by the city to which annexation is proposed and adjacent cities.

(3) It is substantially developed or developing. The finding required by this subparagraph shall be based upon one or more factors, including, but not limited to, any of the following factors:

(i) The availability of public utility services.

(ii) The presence of public improvements.

(iii) The presence of physical improvements upon the parcel or parcels within the area.

(4) It is not prime agricultural land, as defined by Section 56064.

(5) It will benefit from the annexation or is receiving benefits from the annexing city.

(e) To approve the annexation of unincorporated, noncontiguous territory, subject to the limitations of Section 56111, located in the same county as that in which the city is located, and which is owned by a city and used for municipal purposes and to authorize the conducting authority to annex the territory without notice and hearing.

(f) Subject to Section 56029, to designate in the resolution making determinations the conducting authority for proceedings.

(g) When a change of organization or a reorganization includes the annexation of inhabited territory to a city and the assessed value of land within the territory equals one-half or more of the assessed value of land within the city, or the number of registered voters residing within the territory equals one-half or more of the number of registered voters residing within the city, to determine as a condition of the proposal that the change of organization or reorganization shall also be subject to confirmation by the voters in an election to be called, held, and conducted within the territory of the city to which annexation is proposed.

(h) With respect to the incorporation of a new city, to determine the number of registered voters residing within the proposed city.

(i) To adopt procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 56841.

(j) To adopt standards and procedures for the evaluation of service plans submitted pursuant to Section 56653.

(k) To make and enforce regulations for the orderly and fair conduct of hearings by the commission.

(*l*) To incur usual and necessary expenses for the accomplishment of its functions.

(m) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(n) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty of those boundaries, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(o) To waive the restrictions of Section 56109 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(p) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to ensure the health, safety, or welfare of the residents of the area and if it finds that the waiver would not affect the ability of a city to provide any

service. However, within 60 days of the inclusion of the territory within the city, the legislative body may adopt a resolution nullifying the waiver.

(q) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the property tax revenue to be exchanged by the affected local agencies pursuant to Section 56842.

56376. The commission shall not impose a condition for the provision of services by the annexing city to an area which has not been placed within that city's adopted sphere of influence, as defined in Section 56076, unless that condition would mitigate effects which are a direct result of the annexation.

In the case of any annexation proposal for which a certificate of completion was not recorded prior to January 1, 1985, a condition imposed thereon which does not comply with the requirements of this section is null and void and shall not affect the validity of, or terminate the annexation proceedings.

56377. In reviewing and approving or disapproving proposals which could reasonably be expected to induce, facilitate, or lead to the conversion of existing open-space lands to uses other than open-space uses, the commission shall consider all of the following policies and priorities:

(a) Development or use of land for other than open-space uses shall be guided away from existing prime agricultural lands in open-space use toward areas containing nonprime agricultural lands, unless that action would not promote the planned, orderly, efficient development of an area.

(b) Development of existing vacant or nonprime agricultural lands for urban uses within the existing jurisdiction of a local agency or within the sphere of influence of a local agency should be encouraged before any proposal is approved which would allow for or lead to the development of existing open-space lands for non-open-space uses which are outside of the existing jurisdiction of the local agency or outside of the existing sphere of influence of the local agency.

56377.5. Every determination made by a commission regarding the matters provided for by subdivisons (a), (o), and (p) of Section 56375 shall be consistent with the spheres of influence of the local agencies affected by those determinations.

56378. In addition to its other powers, the commission shall initiate and make studies of existing governmental agencies. Those studies shall include, but shall not be limited to, inventorying those agencies and determining their maximum service area and service capacities. In conducting those studies, the commission may ask for land use information, studies, and plans of cities, counties, districts, including school districts, community college districts, and regional agencies and state agencies and departments. Cities, counties, districts, including school districts, community college districts,

regional agencies, and state agencies and departments, shall comply with the request of the commission for that information and the commission shall make its studies available to public agencies and any interested person. In making these studies, the commission may cooperate with the county planning commissions.

The commission, or the board of supervisors on behalf of the commission, may apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

56379. Any person may, prior to any meeting, request any commission to cause a transcript record to be made of a meeting. If the cost of the record is borne by that person, the commission shall cause a transcript record to be made.

56380. The board of supervisors shall, in conformance with Section 56381, furnish the commission with necessary quarters, equipment, and supplies, and the usual and necessary operating expenses incurred by the commission shall be a county charge.

56381. On or before the 10th day of June, the commission shall prepare and transmit to the board of supervisors an estimate of the amount of money needed for the purposes prescribed by Section 56380 during the following fiscal year. The board of supervisors shall provide for the use of the commission during that fiscal year not less than the amount of money equal to any one of the following:

(a) The amount fixed by the commission.

(b) The amount appropriated in the prior fiscal year increased by the same percentage as the appropriations limit of the county for that fiscal year will be increased from the prior fiscal year.

(c) The amount determined in subdivision (b) plus any additional amount the board of supervisors deems necessary.

The county auditor shall audit and allow or reject all claims for expenditures for county charges incurred pursuant to this chapter in lieu of, and with the same effect as, allowance or rejection of claims by the board of supervisors.

56382. The commission may authorize the destruction of any duplicate record, paper, or other document if the original or a photographic copy of the record, paper, or other document is retained in the files of the commission. The commission may authorize the destruction of original records more than two years old if a photographic copy of the original record is made and preserved.

56383. The commission may, after giving public notice and holding a hearing, establish a schedule of fees for filing and processing applications filed with the commission pursuant to Section 56828. Those fees shall not exceed those charged pursuant to Sections 56654 and 56655. When a district files an application for extension of its powers, a commission may establish a schedule of fees for costs incurred pursuant to that application. Those fees shall not exceed the estimated reasonable cost of providing the service, or one thousand five hundred dollars ($1,500), whichever is less. Those fees shall be imposed pursuant to Chapter 13 (commencing with Section

54990) of Part 1 of Division 2 of Title 5.

56384. The commission may appoint an executive officer who shall conduct and perform the day-to-day business of the commission. If the commission does not appoint an executive officer, the county administrator, or, if there is none, the county clerk, shall act as executive officer for the commission.

56385. The commission may contract for retirement benefits for the executive officer or staff personnel pursuant to the County Employees Retirement Law of 1937, Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 or the Public Employees' Retirement Law, Part 3 (commencing with Section 20000) of Division 5 of Title 2. It may also provide for health and medical benefits.

The commission shall preserve accrued vacation, sick leave, compensatory time, and retirement benefits of persons hired from within the employment of their respective county.

56386. The officers and employees of a city, county, or special district, including any school district, community college district, and any regional agency, or state agency or department, as may be necessary, shall furnish the executive officer with any records or information in their possession which may be necessary to assist the commission.

Upon request by the commission or the executive officer, the county surveyor, or any other county officer, county official, or employee as the board of supervisors may designate, shall examine and report to the commission or the executive officer upon any application or other document involving any of the matters specified in subdivision (n) of Section 56375.

56387. Except as otherwise provided in Section 56388, if any district is, or as a result of a proposed change of organization or reorganization would be, located in more than one county, the commission of the principal county shall have exclusive jurisdiction over the matters authorized and required by this part.

56388. If any proposal involves a district which is, or as a result of a proposed change of organization or reorganization would be, located in more than one county, exclusive jurisdiction for that proposal over the matters authorized and required by this part may be vested in the commission of a county, other than the principal county, in which territory of the district is located or is proposed to be located if all of the following occur:

(a) The commission of the principal county agrees to having the exclusive jurisdiction vested in the commission of another county.

(b) The commission of the principal county designates the commission of another county which shall assume exclusive jurisdiction.

(c) The commission of the county so designated agrees to assume exclusive jurisdiction.

CHAPTER 4. SPHERES OF INFLUENCE

56425. (a) In order to carry out its purposes and responsibilities for planning and shaping the logical and orderly development and coordination of local governmental agencies so as to advantageously provide for the present and future needs of the county and its communities, the commission shall develop and determine the sphere of influence of each local governmental agency within the county. In determining the sphere of influence of each local agency, the commission shall consider and prepare a written statement of its determinations with respect to each of the following:

(1) The present and planned land uses in the area, including agricultural and open-space lands.

(2) The present and probable need for public facilities and services in the area.

(3) The present capacity of public facilities and adequacy of public services which the agency provides or is authorized to provide.

(4) The existence of any social or economic communities of interest in the area if the commission determines that they are relevant to the agency.

(b) Upon determination of a sphere of influence, the commission shall adopt that sphere, and shall periodically review and update the adopted sphere.

(c) The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for those recommendations. Those recommendations shall be made available, upon request, to other agencies or to the public.

56426. (a) The commission shall develop, determine, and adopt the sphere of influence for each local agency within its jurisdiction which provides facilities or services related to development no later than January 1, 1985. The commission shall develop, determine, and adopt the sphere of influence for all other local agencies within its jurisdiction no later than June 30, 1985.

(b) Until January 1, 1985, a commission which has not adopted a sphere of influence for a local agency which provides facilities or services related to development may review, approve, conditionally approve, or disapprove a proposal which includes territory which might be contained within the sphere of such local agency. Until June 30, 1985, a commission which has not adopted a sphere of influence for other local agencies may review, approve, conditionally approve, or disapprove proposals which include territory which might be contained within the sphere of influence of these local agencies. Until January 1, 1985, when acting on a proposal pursuant to this subdivision the commission shall prepare a written statement of determinations with respect to the existence of agricultural preserves in the area which could be considered within an agency's sphere of influence and the effect on maintaining the physical and

economic integrity of those preserves in the event that those preserves are within a sphere of influence of a local governmental agency. If the proposal would result in the conversion of prime agricultural land to nonagricultural use, the commission shall make written determinations explaining the reasons for its decision.

On and after January 1, 1985, a commission shall not approve or conditionally approve any proposal which would result in the conversion of agricultural land to nonagricultural use if the commission has not adopted a sphere of influence for each local agency which might, as determined by the commission, include the subject territory in its sphere of influence and which provides facilities or services related to development.

(c) "Facilities or services related to development," as used in this section, means public works or service programs related to sewers, nonagricultural water, streets and roads, flood control, drainage, and structural fire protection.

56427. The commission shall adopt, amend, or revise spheres of influence after a public hearing called and held for that purpose. At least 15 days prior to the date of that hearing, the executive officer shall give mailed notice of the hearing to each affected local agency or affected county, and to any interested party who has filed a written request for notice with the executive officer. In addition, at least 15 days prior to the date of that hearing, the executive officer shall cause notice of the hearing to be published in accordance with Section 56153 in a newspaper of general circulation which is circulated within the territory affected by the sphere of influence proposed to be adopted. The commission may continue from time to time any hearing called pursuant to this section.

At any hearing called and held pursuant to this section, the commission shall hear and consider oral or written testimony presented by any affected local agency or affected county or any interested person who wishes to appear.

This section shall only apply to spheres of influence adopted by the commission after January 1, 1975.

56428. If any local agency or county desires an amendment or revision of an adopted sphere of influence or urban service area, as defined by Section 56080, the local agency or county, by resolution of its legislative body, may file a request for amendment or revision with the executive officer who shall present the request to the commission at its next regular meeting. The commission, upon receipt of that resolution, shall set a time and date for hearing of the request and shall direct the executive officer to give notice of the hearing at the times and in the manner prescribed in Section 56427. At the hearing, the commission shall hear any interested persons and consider the requests for an amendment or revision of the sphere of influence or urban service area. The commission may continue the hearing from time to time not to exceed 70 days from the date specified in the notice of hearing. At the conclusion of the hearing, the commission shall deny or approve, in whole or in part, the

request.

Any local agency or county making a request pursuant to this section shall reimburse the commission for the actual and direct costs incurred by the commission in complying with this section. However, the commission may waive that reimbursement if it finds that the request for amendment or revision of a sphere of influence or urban service area can be considered and studied as a part of the periodic review of spheres of influence required by Section 56425.

CHAPTER 5. SPECIAL DISTRICTS

56450. The commission may take proceedings pursuant to this chapter for the adoption, amendment, or repeal of regulations affecting the functions and services of special districts within the county and for representation of special districts upon the commission. Those proceedings may be initiated either by the commission or by independent special districts within the county. If those regulations are adopted and affect the functions or services provided or authorized to be provided by law by special districts within the county, then, so long as those regulations remain in effect, special districts shall be represented by members appointed to the commission.

56451. The commission may adopt, amend, or repeal regulations affecting the functions and services of special districts within the county. The regulations shall designate the special districts, by type and by principal act, to which they apply and the regulations shall not apply to, or affect the functions and services of, any special districts not so designated. The regulations may do any of the following:

(a) Classify the various types of service which customarily are, or can be, provided within a single function of a special district. A class may be based upon the type of service, the purpose or use of the service, the facilities used to provide the service, the type of consumers or users of the service, the extent of territory provided with the service, and any other factors which, in the opinion of the commission, are necessary or convenient to group persons, properties, or activities into a class having common characteristics distinct from those of other classes.

(b) Require existing districts to file written statements with the commission specifying the functions or classes of service provided by those districts.

(c) Establish the nature, location, and extent of any functions or classes of service provided by existing districts.

(d) Determine that, except as otherwise authorized by the regulations, no new or different function or class of service shall be provided by any existing district.

The regulations shall not apply to the extension or enlargement, within the boundaries of an existing special district, of any function or service which the commission, pursuant to this section, has

established is currently being provided by that special district.

56452. In any county where regulations have been adopted, an application for the formation of a special district shall set forth the functions and services proposed to be provided by the district. If, in the opinion of the commission, approval of the application will necessitate adoption of any new regulations or the amendment or repeal of any existing regulations, the commission may condition approval of the application upon the adoption, amendment, or repeal of the regulations and shall initiate and conduct proceedings pursuant to this chapter for the adoption, amendment, or repeal of those regulations.

56453. Either the commission or the legislative body of any independent special district within a county may adopt a resolution initiating proceedings.

(a) If a resolution proposes representation of special districts upon the commission, it shall also request the adoption of regulations, as designated in Section 56451, affecting the functions and services of special districts within the county.

(b) If a resolution proposes only the adoption, amendment, or repeal of regulations affecting the functions and services of special districts, it shall request that the commission do either of the following:

(1) Consider the proposal without reference to a special district advisory committee, in which case the resolution shall contain the text of the regulations proposed to be adopted, amended, or repealed.

(2) Refer the proposal to a special district advisory committee for study, report, and recommendation, in which case the resolution shall generally describe the nature of the regulations proposed to be amended, adopted, or repealed and, if then available, shall refer to a text on file with the clerk of the district for a detailed description of the regulations.

56454. If the commission adopts a resolution pursuant to subdivision (a) of Section 56453, the executive officer shall immediately call a meeting of the independent special district selection committee referred to in Section 56332. The meeting shall be held not less than 15, or more than 35, days from the adoption of the resolution by the commission. The independent special district selection committee shall meet at the time and place designated by the executive officer and shall consider the resolution adopted by the commission. By majority vote of those district representatives voting on the issue, the selection committee shall either approve or disapprove the resolution adopted by the commission. If the selection committee approves the resolution adopted by the commission, it shall immediately inform the executive officer of that action, and the commission at its next meeting shall adopt a resolution of intention pursuant to Section 56458. If the selection committee disapproves the resolution adopted by the commission, it shall immediately inform the executive officer of this action and all

further proceedings under this chapter shall cease.

56455. If an independent special district adopts a resolution pursuant to subdivision (a) of Section 56453, it shall immediately forward a copy of the resolution to the executive officer. Upon receipt of those resolutions from a majority of independent special districts within a county, the commission, at its next regular meeting, shall, by majority vote of those present and voting on the issue, either approve or disapprove special district representation on the commission. If the commission approves that representation, it shall immediately adopt a resolution of intention pursuant to Section 56458. If the commission disapproves that representation, all further proceedings under this chapter shall cease.

56456. A certified copy of any resolution which has been adopted by an independent special district pursuant to subdivision (b) of Section 56453 and a copy of the text, if any, of proposed regulations referred to in the resolution shall be filed with the executive officer. If a resolution, or substantially identical resolution, has been filed by a majority of independent special districts within the county, then, not later than 35 days after the filing, the commission shall adopt a resolution of intention in accordance with the filed resolution or resolutions.

56457. Minor changes in any existing regulation affecting special districts may be ordered by the commission, without adoption of a resolution of intention, notice, and hearing, or reference to a special district advisory committee, if the commission makes a determination that those changes will not substantially affect the functions and services of any special district subject to those regulations and that determination is concurred in by both of the commission members appointed to represent the special districts.

56458. Whenever the commission, or the independent special districts, as the case may be, have complied with the applicable provisions of Sections 56453, 56454, 56455, and 56456, the commission shall adopt a resolution of intention pursuant to this section. The resolution of intention shall do all of the following:

(a) State whether the proceedings are initiated by the commission or by an independent special district or districts, in which case, the names of those districts shall be set forth.

(b) If the resolution of intention proposes only the adoption, amendment, or repeal of regulations affecting the functions and services of special districts, it shall state that the commission proposes either of the following:

(1) To consider the proposal without reference to a special district advisory committee, in which case the resolution shall contain the text of the regulations proposed to be adopted, amended, or repealed.

(2) To refer the proposal to a special district advisory committee for study, report, and recommendation, in which case the resolution shall generally describe the nature of the regulations proposed to be amended, adopted, or repealed and, if then available, shall refer to

a text on file with the executive officer for a detailed description of the regulations.

In addition, the resolution of intention adopted pursuant to this subdivision shall also fix a time, not less than 15 or more than 35 days after the adoption of the resolution of intention, and the place of hearing by the commission on the question of whether the proposal made by the resolution should be disapproved, approved, and ordered without reference to a special district advisory committee, or referred to a special district advisory committee for study, report, and recommendation to the commission.

(c) If the resolution of intention proposes representation of special districts on the commission, it shall state that the commission proposes to refer the proposal to a special district advisory committee and the commission shall immediately order the proposal referred to that committee pursuant to Section 56461.

56459. If a hearing is called pursuant to subdivision (b) of Section 56458, the executive officer shall give notice of the hearing by publication, as provided in Sections 56153 and 56154, by posting, as provided in Sections 56158 and 56159, and by mailing to the clerk of the county and each local agency within the county, as provided in Sections 56155, 56156, and 56157.

56460. The hearing referred to in Section 56459 shall be held by the commission at the time and place specified or to which the hearing may be continued. After the conclusion of the hearing, the commission shall adopt a resolution disapproving the proposal made by the resolution of intention, approving and ordering the proposal without reference to a special district advisory committee, or ordering the proposal referred to a special district advisory committee for study, report, and recommendation.

56461. If the commission orders a proposal referred to a special district advisory committee for study, report, and recommendation, the appointment of, and proceedings by, the advisory committee shall be made and taken substantially in accordance with the provisions of Chapter 6 (commencing with Section 56475), pertaining to reorganization committees, except that the advisory committee shall not be terminated until after the commission acts upon the report and recommendation of the advisory committee. When applied to proceedings taken pursuant to this chapter:

(a) "Plan of reorganization" means a plan containing the text of regulations affecting the functions and services of special districts.

(b) "Proposal of reorganization," "reorganization," or "change of organization" means a proposal made pursuant to this chapter.

(c) "Reorganization committee" means the special district advisory committee.

(d) "Subject district" means an independent special district affected by a proposal made pursuant to this chapter.

If the commission is of the opinion that special districts, other than independent special districts, may be affected by the proposal, then, in addition to the appointment of voting members to the advisory

committee to represent independent special districts, the commission may authorize the legislative bodies of special districts, other than independent special districts, to appoint nonvoting members to the advisory committee. Any nonvoting member shall have all of the rights of a voting member except the right to vote.

56462. Where a special district advisory committee consists of voting members representing more than five independent special districts, the advisory committee may appoint an executive committee to undertake all or part of the study and may authorize the executive committee to prepare a tentative report and recommendation for submission to and approval by the full advisory committee. The executive committee shall consist of the number of voting members as the advisory committee may determine. If the commission authorizes the appointment of nonvoting members to the advisory committee, those nonvoting members may appoint members to the executive committee in numbers not exceeding those appointed by the voting members and any nonvoting member appointed to the executive committee shall have all of the rights of a voting member on the committee, except the right to vote.

Upon completion of the studies of the executive committee, the executive committee shall report to the full advisory committee and submit any tentative report and recommendation prepared by the executive committee. Thereafter, the advisory committee may reject any tentative report and recommendation submitted, may adopt any tentative report and recommendation submitted, either as submitted by the executive committee or as changed by the full advisory committee, or the advisory committee may prepare its own report and recommendation.

56463. Not later than 35 days after the filing with the executive officer of the report and recommendation of a special district advisory committee, the commission shall take one of the following actions:

(a) If the report concerns only the adoption, amendment, or repeal of regulations affecting the functions and services of special districts, the commission may do either of the following:

(1) Disapprove the report without further notice and hearing.

(2) Adopt a resolution of intention to hold a hearing on the report pursuant to subdivision (b).

(b) If the report concerns a request for special district representation on the commission and the adoption, in connection with that representation, of regulations affecting the functions and services of special districts, the commission shall adopt a resolution declaring its intention to approve the report and recommendation, as filed or as those regulations may be changed by the commission after notice and hearing on those regulations. A resolution of intention shall do all of the following:

(1) Refer to the report and recommendation of the special district advisory committee, generally describe the nature and contents of the report and recommendation, and refer to the report and

recommendation on file with the executive officer for a detailed description report and recommendation.

(2) Declare the intention of the commission to approve the recommendation and report, as filed or as those regulations may be changed by the commission after notice and hearing.

(3) Fix a time, not less than 15 days, or more than 35 days, after the adoption of the resolution of intention, and the place of hearing by the commission, on the question of whether the report and recommendation filed by the special district advisory committee should be approved, either as filed or as ordered changed by the commission after notice and hearing.

56464. The executive officer shall give notice of the hearing by publication, as provided in Sections 56153 and 56154, by posting, as provided in Sections 56158 and 56159, and by mailing to the clerk of the county and each local agency within the county, as provided in Sections 56155, 56156, and 56157.

56465. The hearing shall be held by the commission at the time and place specified or to which the hearing may be continued. During the course of the hearing, the commission may propose changes in the report and recommendations. Any proposed changes shall be referred, for review, to the special district advisory committee, or if the advisory committee has appointed an executive committee, to that executive committee. The advisory committee, or the executive committee, shall have 60 days to report back to the commission. If no report is received by the commission within 60 days, the advisory committee shall be deemed to have approved the proposed changes in the report and recommendation.

Within 30 days after the conclusion of the hearing, the commission shall adopt a resolution approving the report and recommendation, either as filed or as those regulations may be changed by the commission.

56466. Any resolution approving the report and recommendation of a special district advisory committee, either as filed or as changed by the commission, shall order both of the following:

(a) The adoption, amendment, or repeal of regulations, in accordance with the recommendations of the approved report.

(b) The chairperson of the commission to call and give notice of a meeting of the independent special district selection committee to be held within 15 days after the adoption of the resolution in order to select special district representatives on the commission pursuant to Section 56332.

CHAPTER 6. REORGANIZATION PLANS

56475. A reorganization or a plan of reorganization shall provide for one or more changes of organization of any type for each of the subject districts and may provide for the formation of one or more new districts pursuant to the principal act or acts designated in the reorganization or plan of reorganization. Chapter 2 (commencing

with Section 58500) of Division 2 of Title 6 does not apply to the formation of a district made pursuant to a reorganization or plan of reorganization.

56476. Upon the presentation of any petition or applications making a proposal for a reorganization, the commission may take proceedings pursuant to Part 3 (commencing with Section 56650) without referring the proposal to a reorganization committee, as provided in this part.

56477. Before any proposal for reorganization is referred to any reorganization committee, the commission may provide for a public hearing on the question of whether the proposal should be disapproved or referred to a reorganization committee and set a time and place for that hearing.

56478. The executive officer shall give notice of that hearing by publication, as provided in Sections 56153 and 56154, and by posting, as provided in Sections 56158 and 56159.

56479. The executive officer shall also give mailed notice of any hearing, as provided in Sections 56155 to 56157, inclusive, by mailing notice of hearing to all of the following persons and entities:

(a) Each affected city and affected district.

(b) The chief petitioners, if any.

(c) Each person who has filed a written request for special notice with the executive officer.

56480. The hearing shall be held by the commission on the date and at the time and place specified in the notice. After the conclusion of the hearing, the commission shall adopt a resolution doing either of the following:

(a) Disapproving the proposal of reorganization.

(b) Ordering the proposal referred to a reorganization committee for study, report, and recommendation.

56481. The commission may accept contributions from any source for the purpose of paying the expenses of a reorganization committee in the conduct of its study, report, and recommendation. Any affected county, affected city, or affected district may make contributions for that purpose. The commission and any affected county, affected city, or affected district may make any of its facilities available for the use of a reorganization committee and may authorize any of its officers and employees to furnish advice, assistance, or services to the committee.

56482. Any resolution adopted by the commission ordering a proposal of reorganization referred to a reorganization committee shall do all of the following:

(a) Describe the proposed reorganization and designate the subject districts (the description and designation may be by reference to the proposal).

(b) Specify the maximum number of members, not to exceed three, to represent each subject district on the committee.

(c) Fix a time and place for the first meeting of the reorganization committee.

(d) Designate a date, not less than 60 days from the date of the first meeting of the committee, for the completion and submission to the commission of the report and recommendation of the committee.

56483. From time to time during the course of study upon a proposed plan of reorganization, the commission may do any of the following:

(a) Extend the time for completion and submission of the report and recommendation of a reorganization committee.

(b) Change the scope of the study by the addition or deletion of territory or of subject districts.

(c) Authorize the committee to develop, study, report, and make recommendations upon alternative plans of reorganization.

56484. At least 15 days before the date of the first meeting of a reorganization committee, the executive officer shall mail a copy of the resolution adopted by the commission to each subject district designated in the resolution.

56485. Any person, including, but not limited to, a member of the legislative body of a subject district and an officer or employee of the district, may be appointed as a member to represent the district upon a reorganization committee.

56486. The legislative body of each subject district shall appoint one or more members, not to exceed the maximum number specified by the commission, to represent the district on the reorganization committee. That legislative body may from time to time remove and replace any member previously appointed by it and may fill any vacancy in its membership upon the committee.

56487. The clerk of a subject district shall give immediate notice to the executive officer of all appointments and removals made by the legislative body to a reorganization committee.

56488. At any time after the date fixed for the first meeting of a reorganization committee or during the course of the study by the committee, if the legislative body of any subject district, after written request by the executive officer, does not appoint any members to the committee, those members may be appointed by the commission.

56489. If, during the course of study upon a proposed plan of reorganization, the commission authorizes a change in the scope of the study, the membership of the reorganization committee shall be immediately changed to exclude representatives of each district or city for which a change of organization is no longer proposed and to include representatives of each district or city for which a new change of organization is proposed.

56490. Subject to any standards and procedures adopted by regulation by the commission, a reorganization committee shall provide for the selection of a presiding officer and secretary either of whom may but are not required to be members of the committee, adopt the standards and procedures which it deems advisable, fix the time and place for meetings of the committee, and determine the

manner and method to be followed by the committee in its study, report, and recommendation.

56491. A quorum shall be deemed to be present at a meeting of a reorganization committee if members representing one-half or more of the subject districts are present. Each subject district shall be entitled to one vote at any reorganization committee meeting, which vote shall be determined by a majority of the members of the district present at the meeting.

56492. If a reorganization committee does not complete and submit its report and recommendation before the date specified by the commission or, prior to that date, if members of the committee representing one-half or more of the subject districts report to the commission that the committee is unable to agree upon the report and recommendation, the commission may either order the discharge of the committee, or appoint additional members to the committee, not to exceed the maximum number authorized for a single subject district, to represent the public and order the committee, as so enlarged, to continue its study.

56493. If the commission orders the discharge of a reorganization committee, the commission may make a study, report, and recommendation upon a plan of reorganization in the place of the reorganization committee.

56494. If the commission appoints additional members to the reorganization committee to represent the public and orders the reorganization committee, as so enlarged, to continue its study, the additional members shall have all of the rights and powers of members representing a single subject district, including participation in all studies, reports, and recommendations, attendance at all meetings, and the casting of a single vote on behalf of all of the additional members on any matter before the committee.

56495. Every officer of any affected county, affected city, or affected district shall make available to a reorganization committee any records, reports, maps, data, or other documents which in any way affect or pertain to the committee's study, report, and recommendation and shall confer with the committee concerning the problems and affairs of that county, city, or district.

56496. Upon completion of the study of a reorganization committee, the committee shall prepare and submit to the commission a report and recommendation containing all of the following:

(a) A brief summary of the nature and extent of the study of the committee.

(b) A full and complete description of the plan of reorganization and any alternative plans of reorganization which were studied by the committee.

(c) The recommendation of the committee for the approval or disapproval of all or any part of the plan of reorganization and of any alternative plans of reorganization.

56497. Approval by a reorganization committee of the report and

recommendation shall require the affirmative vote of more than one-half of the subject districts represented on the reorganization committee.

56498. The reorganization committee shall file the original of its report and recommendation with the executive officer and a copy of the report and recommendation with the clerk of each subject district. Upon filing that report and recommendation with the executive officer, the reorganization committee shall be terminated. However, the commission may cause the committee to be reconvened at any time for the sole purpose of correcting or clarifying any error, omission, or uncertainty appearing in the report and recommendation, as determined by the commission.

PART 3. COMMISSION PROCEEDINGS FOR CHANGES OF ORGANIZATION OR REORGANIZATION

CHAPTER 1. GENERAL

56650. Commission proceedings for a change of organization or a reorganization may be initiated by petition or by resolution of application in accordance with this chapter.

56651. Commission proceedings shall be deemed initiated on the date a petition or resolution of application is accepted for filing and a certificate of filing is issued by the executive officer of the commission of the county in which the affected territory is located.

56652. Each application shall be in the form as the commission may prescribe and shall contain all of the following information:

(a) A petition or resolution of application initiating the proposal.

(b) A statement of the nature of each proposal.

(c) A map and description, acceptable to the executive officer, of the boundaries of the subject territory for each proposed change of organization or reorganization.

(d) Any data and information as may be required by any regulation of the commission.

(e) Any additional data and information, as may be required by the executive officer, pertaining to any of the matters or factors which may be considered by the commission.

(f) The names of the officers or persons, not to exceed three in number, who are to be furnished with copies of the report by the executive officer and who are to be given mailed notice of the hearing.

56653. (a) Whenever a local agency submits a resolution of application for a change of organization or reorganization pursuant to this part, the local agency shall submit with the resolution of application a plan for providing services within the affected territory.

(b) The plan for providing services shall include all of the following information and any additional information required by the commission or the executive officer:

(1) An enumeration and description of the services to be extended to the affected territory.

(2) The level and range of those services.

(3) An indication of when those services can feasibly be extended to the affected territory.

(4) An indication of any improvement or upgrading of structures, roads, sewer or water facilities, or other conditions the local agency would impose or require within the affected territory if the change of organization or reorganization is completed.

(5) Information with respect to how those services will be financed.

56654. The commission may, after giving public notice and holding a hearing, establish a schedule of processing fees for the estimated expenses of the proceedings to be taken by the commission and any reorganization committee. Those fees shall not exceed the estimated reasonable cost of providing that service, or one thousand five hundred dollars ($1,500), whichever is less, for each separate change of organization contained in a proposal. These fees shall be imposed pursuant to Chapter 13 (commencing with Section 54990) of Part 1 of Division 2. The processing fee shall be deposited with the executive officer after the filing with the executive officer of any resolution of application by the legislative body of a local agency or the certification by the executive officer of the sufficiency of a petition. The deposit of the processing fee shall be made within the period specified by the commission. No further action shall be taken upon any resolution of application or petition until the processing fee is deposited.

56655. A commission may, after giving public notice and holding a hearing, establish a schedule of filing fees for checking the sufficiency of any petition filed with the executive officer. Those fees shall not exceed the estimated reasonable cost of providing that service, or fifty cents ($0.50), whichever is less, for each signature affixed to the petition. A minimum filing fee of not to exceed ten dollars ($10) may be established. These fees shall be imposed pursuant to Chapter 13 (commencing with Section 54990) of Part 1 of Division 2. Any fees so established shall be paid to the executive officer at the time of filing a petition. No petition shall be deemed filed until those fees have been paid.

CHAPTER 2. FORM, FILING, AND CERTIFICATION OF PETITION

56700. A proposal for a change of organization or a reorganization may be made by petition. The petition shall do all of the following:

(a) State that the proposal is made pursuant to this part.

(b) State the nature of the proposal and list all proposed changes of organization.

(c) Set forth a description of the boundaries of the affected territory accompanied by a map showing the boundaries.

(d) Set forth any proposed terms and conditions.

(e) State the reason or reasons for the proposal.

(f) State whether the petition is signed by registered voters or owners of land.

(g) Designate not to exceed three persons as chief petitioners, setting forth their names and mailing addresses.

(h) Request that proceedings be taken for the proposal pursuant to this part.

56701. If a petition is for incorporation of a new city, consolidation of cities or districts, or formation of a new district, the petition may propose a name for the new or consolidated city or district.

The proposed name for the new or consolidated city may contain the word "town."

56702. If the petition is for incorporation, it may also include provisions for appointment of a city manager and appointment of elective city officials, except city council members.

56703. A petition may consist of a single instrument or separate counterparts. All petitions shall be filed with the executive officer. All counterparts of a petition or of any supplemental petition, shall be filed at the same time.

56704. (a) Each person signing a petition shall, at the time he or she signs the petition, affix after his or her signature the date upon which he or she signs the petition.

(b) If a petition is signed by registered voters, each person signing the petition shall, in addition to his or her signature, affix the date upon which he or she signs the petition and indicate on the petition his or her place of residence, giving street and number or other designation sufficient to enable the place of residence to be readily ascertained.

(c) If a petition is signed by owners of land, each person signing the petition shall, in addition to the signature and the date on which he or she signs the petition, include a written description sufficient to identify the location of the land owned by each person signing the petition.

56705. No petition shall be accepted for filing unless the signatures on the petition are secured within six months of the date on which the first signature on the petition was affixed and the petition is submitted to the executive officer for filing within 60 days after the last signature is affixed. If the elapsed time between the date on which the last signature is affixed and the date on which the petition is submitted for filing is more than 60 days, the executive officer shall file the petition in accordance with Section 56709.

56706. Within 30 days after the date of filing a petition, the executive officer shall, if any processing fee established pursuant to Section 56654 has been paid, cause the petition to be examined and shall prepare a certificate of sufficiency indicating whether the petition is signed by the requisite number of signers.

If the certificate of the executive officer shows the petition to be insufficient, the executive officer shall immediately give notice by certified mail of the insufficiency to the chief petitioners, if any. That

mailed notice shall state in what amount the petition is insufficient. Within 15 days after the date of the notice of insufficiency, a supplemental petition bearing additional signatures may be filed with the executive officer.

Within 10 days after the date of filing a supplemental petition, the executive officer shall examine the supplemental petition and certify in writing the results of his or her examination.

A certificate of sufficiency shall be signed by the executive officer and dated. That certificate shall also state the minimum signature requirements for a sufficient petition and show the results of the executive officer's examination. The executive officer shall mail a copy of the certificate of sufficiency to the chief petitioners, if any.

56707. If a petition is signed by registered voters, the executive officer shall cause the names of the signers on the petition to be compared with the voters' register in the office of the county clerk or registrar of voters and ascertain both of the following:

(a) The number of registered voters in the affected territory.

(b) The number of qualified signers appearing upon the petition.

56708. If a petition is signed by owners of land, the executive officer shall cause the names of the signers on the petition to be compared with the names of the persons shown as owners of land on the last equalized assessment roll of the county and ascertain, to the extent possible, both of the following:

(a) The total number of landowners within the territory and the total assessed valuation of all land within the affected territory.

(b) The total number of landowners represented by qualified signers and the total assessed valuation of land owned by qualified signers.

56709. If the petition, including any supplemental petition, is certified to be insufficient, it shall be filed with the executive officer as a public record, without prejudice to the filing of a new petition. The executive officer shall give mailed notice to the chief petitioners, if any, stating that the petition has been found to be insufficient.

56710. For purposes of evaluating the sufficiency of any petition signed by owners of land:

(a) The assessed value to be given land exempt from taxation or owned by a public agency shall be determined by the county assessor, at the request of the executive officer, in the same amount as the county assessor would assess that land, if the land were not exempt from taxation or owned by a public agency.

(b) The value given land held in joint tenancy or tenancy in common shall be determined in proportion to the proportionate interest of the petitioner in that land.

(c) The executive officer shall disregard the signature of any person not shown as owner on the last equalized assessment roll unless prior to certification the executive officer is furnished with written evidence, satisfactory to the executive officer, that the signer meets any of the following requirements:

(1) Is a legal representative of the owner.

(2) Is entitled to be shown as owner of land on the next assessment roll.

(3) Is a purchaser of land under a recorded written agreement of sale.

(4) Is authorized to sign for, and on behalf of, any public agency owning land.

56711. Any public or federal agency owning land within the territory which is the subject of the proposed change of organization or reorganization shall be deemed a landowner for the purpose of the signing and certification of a petition for the change of organization or reorganization. That agency may authorize the petition to be signed for the agency, and on behalf of the agency, by any duly authorized officer or employee.

56759. A petition for the dissolution of a registered voter district, signed by three or more registered voters within the district or by three or more landowners within a landowner-voter district, shall be deemed to be a sufficient petition, if, in addition to the matters required by Section 56700, the petition recites that the district has been in existence for at least three years and states, on information and belief, that the corporate powers of the district have not been used and that one or more of the following conditions have existed or now exist:

Except for the provisions regarding signers and signatures, a resolution of application shall contain all of the matters specified for a petition in Section 56700 and shall be submitted with a plan for services prepared pursuant to Section 56653.

56801. Prior to submitting a resolution of application for the annexation of territory described in subdivision (d) of Section 56375 to the commission, the legislative body adopting the resolution shall conduct a public hearing on the resolution. Notice of the hearing shall be published pursuant to Sections 56153 and 56154. At the hearing, any landowner shall be given an opportunity to present his or her views on the resolution.

56802. The clerk of the legislative body adopting a resolution of application shall file a certified copy of that resolution with the executive officer.

CHAPTER 5. COMMISSION PROCEEDINGS

56825. The commission shall have the powers and duties set forth in Part 2 (commencing with Section 56300) and the additional powers and duties specified in this chapter.

56826. (a) The commission shall not review a reorganization which includes an annexation to any city in Santa Clara County of unincorporated territory which is within the urban service area of the city if the reorganization is initiated by resolution of the legislative body of the city.

(b) The city council shall be the conducting authority for the reorganization and the proceedings for the reorganization shall be initiated and conducted as nearly as may be practicable in accordance with Part 4 (commencing with Section 57000).

The city council, in adopting the resolution approving the reorganization, shall make all of the following findings:

(1) That the unincorporated territory is within the urban service area of the city as adopted by the commission.

(2) That the county surveyor has determined the boundaries of the proposal to be definite and certain, and in compliance with the road annexation policies of the commission. The city shall reimburse the county for the actual costs incurred by the county surveyor in making this determination.

(3) That the proposal does not split lines of assessment or ownership.

(4) That the proposal does not create islands or areas in which it would be difficult to provide municipal services.

(5) That the proposal is consistent with the adopted general plan of the city.

(6) That the territory is contiguous to existing city limits.

(7) That the city has complied with all conditions imposed by the commission for inclusion of the territory in the urban service area of the city.

(c) All reorganizations which involve territory for which the land use designation in the general plan of the city has changed from the time that the urban service area of the city was last adopted by the commission, and which are processed by a city pursuant to this section shall be subject to an appeal to the commission upon submission of a petition of appeal, signed by at least 50 registered voters in the county.

(d) An appeal to the commission may also be made by submission of a resolution of appeal adopted by the legislative body of a special district solely for the purpose of determining whether some or all of the territory contained in the reorganization proposal should also be annexed or detached from that special district.

(e) Any petition submitted under subdivision (c) or resolution submitted under subdivision (d) shall be submitted to the executive officer within 15 days of the adoption by the city council of the resolution approving the annexation. The executive officer shall schedule the hearing for the next regular meeting of the commission as is practicable. The commission may set a reasonable appeal fee.

(f) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

56827. If two or more proposals pending before the commission conflict or in any way are inconsistent with each other, as determined by the commission, the commission may determine the relative priority for conducting any further proceedings based on any of those proposals. That determination shall be included in the terms and conditions imposed by the commission. In the absence of that determination, priority is given to that proceeding which shall be based upon the proposal first filed with the executive officer.

56828. Any petitioner or legislative body desiring to initiate proceedings shall submit an application to the executive officer of the principal county. Except when a commission is the lead agency pursuant to Section 21067 of the Public Resources Code, the executive officer shall determine within 30 days of receiving an application whether the application is complete and acceptable for filing or incomplete. If the appropriate fees have been paid, an application shall be deemed accepted for filing if no determination has been made by the executive officer within the 30-day period. An executive officer shall accept for filing, and file, any application submitted in the form prescribed by the commission and containing all of the information and data required pursuant to Section 56652. When an application is accepted for filing, the executive officer shall immediately issue a certificate of filing to the applicant. A certificate of filing shall be in the form prescribed by the executive officer and shall specify the date upon which the proposal shall be heard by the

commission. From the date of issuance of a certificate of filing, or the date upon which an application is deemed to have been accepted, whichever is earlier, an application shall be deemed filed pursuant to this division. If an application is determined not to be complete, the executive officer shall immediately transmit that determination to the applicant specifying those parts of the application which are incomplete and the manner in which they can be made complete.

Following the issuance of the certificate of filing, the executive officer shall proceed to set the proposal for hearing and give published notice thereof as provided in this part. The date of the hearing shall be not more than 90 days after issuance of the certificate of filing or after the application is deemed to have been accepted, whichever is earlier. The date for conducting the hearing, as determined pursuant to the preceding sentence, is mandatory. If a special district is, or as a result of a proposed formation or annexation will be, located in more than one county, the executive officer of the principal county shall immediately furnish a copy of any application accepted for filing by that executive officer to the executive officer of each such other county.

56829. (a) Within 10 days after receiving a proposal to form a subsidiary district, the executive officer shall notify by certified mail the district or districts which are the subject of the proposal.

(b) Within 35 days after receiving the notice from the executive officer, the board of directors of the subject district or districts may do either of the following:

(1) Adopt a resolution consenting to the subsidiary district proposal, with or without requesting additional terms and conditions.

(2) Adopt a resolution of intention to file an alternative proposal to the subsidiary district proposal.

(c) Any resolution adopted under paragraph (1) or (2) of subdivision (b) shall immediately be filed with the executive officer.

(d) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1990, deletes or extends that date.

56830. (a) If a district files a resolution of intention to file an alternative proposal pursuant to paragraph (2) of subdivision (b) of Section 56829, the executive officer shall take no further action on the original proposal to form a subsidiary district for a period of 70 days. During this period, the district which has filed a resolution of intention shall prepare and submit a completed application for the alternative proposal in a form similar to the original proposal, as prescribed by the commission.

(b) A district which has filed a resolution of intention to file an alternative proposal but which does not file a completed application within the prescribed time period, shall be deemed to have consented to the original proposal to form a subsidiary district.

(c) After receiving an alternative proposal, the executive officer shall analyze and report on both the original proposal and the alternative proposal concurrently and set both for hearing by the

commission in order that both proposals may be considered simultaneously at a single hearing.

(d) "Alternative proposal," as used in this section, means an alternative proposal to a subsidiary district proposal as provided for in Section 56829.

(e) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1990, deletes or extends that date.

56831. (a) Within 35 days following the conclusion of a hearing on an original and an alternative proposal to form a subsidiary district, the commission shall adopt its resolution of determination, which shall do one of the following:

(1) Deny both the original proposal and the alternative proposal.

(2) Approve both the original proposal and the alternative proposal.

(3) Approve one proposal and deny the other.

(b) If the commission approves both proposals, it shall adopt an order directing the board of supervisors to consider both proposals at a single hearing and to do one of the following:

(1) Deny both the original proposal and the alternative proposal.

(2) Approve both the original proposal and the alternative proposal.

(3) Approve one proposal and deny the other.

(c) "Alternative proposal," as used in this section, means an alternative proposal to a subsidiary district proposal as provided for in Section 56829.

(d) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1990, deletes or extends that date.

56832. If any sufficient petition or resolution of application shall propose, as a part of the petition or resolution of application, that the district shall furnish gas or electric service, as provided in Sections 56129 to 56131, inclusive, a certified copy of the report of the Public Utilities Commission shall be on file with the executive officer prior to setting that petition or resolution for public hearing by the commission.

56833. The executive officer shall review each application which is filed with the executive officer and shall prepare a report, including his or her recommendations, on the application. The report shall be completed not less than five days prior to the date specified in the notice of hearing. Upon completion, the executive officer shall furnish copies of the report to the officers or persons designated in the application, to each affected local agency and where a district is, or will be, located in more than one county, to the executive officer of each other affected county.

56834. The executive officer shall give notice of any hearing by the commission by publication, as provided in Sections 56153 and 56154, and by posting, as provided in Sections 56158 and 56159.

56835. The executive officer shall also give mailed notice of any

hearing by the commission, as provided in Sections 56155 to 56157, inclusive, by mailing notice of the hearing to all of the following persons and entities:

(a) To each affected local agency.

(b) To the chief petitioners, if any.

(c) To each person who has filed a written request for special notice with the executive officer.

(d) If the proposal is for any annexation or detachment, or for a reorganization providing for the formation of a new district, to each city within three miles of the exterior boundaries of the territory proposed to be annexed, detached, or formed into a new district.

(e) If the proposal is to incorporate a new city or for the formation of a district, to the affected county.

56836. (a) The commission may make either of the following determinations without notice and hearing:

(1) Subject to the limitations of Section 56837, approval or disapproval of a proposal for an annexation, detachment, or reorganization which consists solely of annexations or detachments, or both.

(2) Subject to the limitations of Section 56837, approval or disapproval of the formation of a county service area.

(b) Except for the determinations authorized to be made by subdivision (a), the commission shall not make any determinations upon any proposal, plan of reorganization, or report and recommendation of a reorganization committee until after public hearing by the commission on that proposal, plan of reorganization, or report and recommendation of a reorganization committee.

56837. (a) If a petition for an annexation, a detachment, or a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is signed by all of the owners of land within the affected territory of the proposed change of organization or reorganization, or if a resolution of application by a legislative body of an affected district, affected county, or affected city making a proposal for an annexation or detachment, or for a reorganization consisting solely of annexations or detachments, or both, or the formation of a county service area is accompanied by proof, satisfactory to the commission, that all the owners of land within the affected territory have given their written consent to that change of organization or reorganization, the commission may approve or disapprove the change of organization or reorganization, without notice and hearing by the commission. In those cases, the commission may also approve and authorize the conducting authority to conduct proceedings for the change of organization or reorganization under any of the following conditions:

(1) Without notice and hearing.

(2) Without an election.

(3) Without notice, hearing, or an election.

(b) The executive officer shall give any district or city whose boundaries would be changed by a proposed change of organization

or reorganization which could be subject to the provisions of this section mailed notice of the filing of the petition or resolution of application initiating proceedings by the commission. The commission shall not, without the written consent of the district or city whose boundaries would be changed by the proposed change of organization or reorganization, take any further action on the petition or resolution of application for 10 days following that mailing. Upon written demand by an affected district or affected city, filed with the executive officer during that 10-day period, the commission shall make determinations upon the petition or resolution of application only after notice and hearing on the petition or resolution of application. If no written demand is filed, the commission may make those determinations without notice and hearing. By written consent, which may be filed with the executive officer at any time, a district or city may do any of the following:

(1) Waive the requirement of mailed notice.

(2) Consent to the commission making determinations without notice and hearing.

(3) Waive the requirement of mailed notice and consent to the commission making determinations without notice and hearing.

56838. Where the commission desires to provide for notice and hearing prior to making a determination on a matter which the commission is authorized, but not required, to determine without notice and hearing, the commission shall order a public hearing on that matter and set a date, time, and place for the hearing. The date of hearing shall not be more than 90 days after the date of the order.

56839. (a) If a majority of the members of each of the legislative bodies of two or more districts adopt substantially similar resolutions of application making proposals either for the consolidation of all the districts or for the reorganization of all or any part of the districts into a single district, the commission shall approve, or conditionally approve, the proposal. The commission shall authorize the board of supervisors to order the consolidation or reorganization without an election, except as otherwise provided in subdivision (b) of Section 57081.

(b) Before ordering any material change in the provisions or the terms and conditions of the consolidation or reorganization, as set forth in the proposals of the districts, the commission shall direct the executive officer to give each district mailed notice of that change. The commission shall not, without the written consent of all districts, take any further action on the consolidation or reorganization for 30 days following that mailing. Upon written demand by any of the districts, filed with the executive officer during that 30-day period, the commission shall make determinations upon the proposals only after notice and hearing proposals. If no written demand is filed, the commission may make those determinations without notice and hearing.

56840. (a) The hearing shall be held by the commission upon the date and at the time and place specified. The hearing may be

continued from time to time but not to exceed 70 days from the date specified in the original notice.

(b) At the hearing, the commission shall hear and receive any oral or written protests, objections, or evidence which shall be made, presented, or filed, and consider the report of the executive officer and the plan for providing services to the territory prepared pursuant to Section 56653.

56841. Factors to be considered in the review of a proposal shall include, but not be limited to, all of the following:

(a) Population, population density; land area and land use; per capita assessed valuation; topography, natural boundaries, and drainage basins; proximity to other populated areas; the likelihood of significant growth in the area, and in adjacent incorporated and unincorporated areas, during the next 10 years.

(b) Need for organized community services; the present cost and adequacy of governmental services and controls in the area; probable future needs for those services and controls; probable effect of the proposed incorporation, formation, annexation, or exclusion and of alternative courses of action on the cost and adequacy of services and controls in the area and adjacent areas.

"Services," as used in this subdivision, refers to governmental services whether or not the services are services which would be provided by local agencies subject to this division, and includes the public facilities necessary to provide those services.

(c) The effect of the proposed action and of alternative actions, on adjacent areas, on mutual social and economic interests, and on the local governmental structure of the county.

(d) The conformity of both the proposal and its anticipated effects with both the adopted commission policies on providing planned, orderly, efficient patterns of urban development, and the policies and priorities set forth in Section 56377.

(e) The effect of the proposal on maintaining the physical and economic integrity of agricultural lands, as defined by Section 56016.

(f) The definiteness and certainty of the boundaries of the territory, the nonconformance of proposed boundaries with lines of assessment or ownership, the creation of islands or corridors of unincorporated territory, and other similar matters affecting the proposed boundaries.

(g) Consistency with city or county general and specific plans.

(h) The sphere of influence of any local agency which may be applicable to the proposal being reviewed.

(i) The comments of any affected local agency.

56842. (a) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall, pursuant to the provisions of subdivision (b), determine the amount of property tax revenue to be exchanged by the affected local agency.

(b) In making its determination as required by subdivision (a),

the commission shall do all of the following:

(1) Request the county auditor to determine the proportion that the amount of property tax revenue derived by each affected local agency pursuant to subdivision (b) of Section 2237 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by each affected local agency in the prior fiscal year.

(2) Determine, based on information submitted by each affected local agency, an amount equal to the total cost to each affected local agency during the prior fiscal year of providing those services which the new jurisdiction will assume within the area subject to the proposal.

(3) Multiply the amount determined pursuant to paragraph (2) for each affected local agency by the corresponding proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by each affected local agency during the prior fiscal year within the area subject to the proposal.

(c) Following the approval of a proposal subject to this section, the executive officer shall notify the auditor of the amount determined in paragraph (3) of subdivision (b).

56843. (a) In any commission order giving approval to any change of organization or reorganization, the commission may make that approval conditional upon any of the following factors:

(1) Any of the conditions set forth in Section 56844.

(2) The initiation, conduct, or completion of proceedings for another change of organization or a reorganization.

(3) The approval or disapproval, with or without election, as may be provided by this division, of any resolution or ordinance ordering that change of organization or reorganization.

(b) If the commission so conditions its approval, the commission may order that any further action pursuant to this division be continued and held in abeyance for the period of time designated by the commission, not to exceed six months from the date of that conditional approval.

(c) The commission order may also provide that any election called upon any change of organization or reorganization shall be called, held, and conducted before, upon the same date as, or after the date of any election to be called, held, and conducted upon any other change of organization or reorganization.

(d) The commission order may also provide that in any election at which the questions of annexation and district reorganization or incorporation and district reorganization are to be considered at the same time, there shall be a single question appearing on the ballot upon the issues of annexation and district reorganization or incorporation and district reorganization.

56844. Any change of organization or reorganization may provide for, or be made subject to one or more of, the following terms and conditions. However, none of the following terms and conditions

shall directly regulate land use, property development, or subdivision requirements:

(a) The payment of a fixed or determinable amount of money, either as a lump sum or in installments, for the acquisition, transfer, use or right of use of all or any part of the existing property, real or personal, of any city, county, or district.

(d) If, as a result of any term or condition made pursuant to subdivision (c), the liability of any affected city, affected county, or affected district for payment of the principal of any bonded indebtedness is increased or decreased, the term and condition may specify the amount, if any, of that increase or decrease which shall be included in, or excluded from, the outstanding bonded indebtedness of any such entity for the purpose of the application of any statute or charter provision imposing a limitation upon the principal amount of outstanding bonded indebtedness of the entity.

(e) The formation of a new improvement district or districts or the annexation or detachment of territory to, or from, any existing improvement district or districts.

(f) The incurring of new indebtedness or liability by, or on behalf of, all or any part of any local agency, including territory being annexed to any local agency, or of any existing or proposed new improvement local agency within that local agency. The new indebtedness may be the obligation solely of territory to be annexed if the local agency has the authority to establish zones for incurring indebtedness. The indebtedness or liability shall be incurred substantially in accordance with the laws otherwise applicable to the local agency.

(g) The issuance and sale of any bonds, including authorized but unissued bonds of a local agency, either by that local agency or by

(*l*) The employment, transfer, or discharge of employees, the continuation, modification, or termination of existing employment contracts, civil service rights, seniority rights, retirement rights, and other employee benefits and rights.

(m) The designation of a city, county, or district, as the successor to any local agency which is extinguished as a result of any change of organization or reorganization, for the purpose of succeeding to all of the rights, duties, and obligations of the extinguished local agency with respect to enforcement, performance, or payment of any outstanding bonds, including revenue bonds, or other contracts and obligations of the extinguished local agency.

(n) The designation (1) of the method for the selection of members of the legislative body of a district or (2) the number of those members, or (3) both, where the proceedings are for a consolidation, or a reorganization providing for a consolidation or formation of a new district and the principal act provides for alternative methods of that selection or for varying numbers of those members, or both.

56845. Proposed terms and conditions for a change of organization or a reorganization may be contained in any proposal for change of organization or reorganization. At any time prior to completion of a change of organization or a reorganization, proposed terms and conditions or proposed additions, deletions, amendments, or revisions of any terms and conditions proposed to, or specified by, the commission may be submitted to the commission pursuant to Section 56857.

56846. Any of the terms and conditions authorized by Section 56844 may be made applicable to all or any part of any city or district or any improvement district within that local agency or any territory annexed to, or detached from, any city or district or improvement district within that local agency.

56847. If any change of organization or reorganization pertains to city or district territory which is located, in whole or in part, within the boundaries of any city or county, any terms and conditions authorized by Section 56844 may be made applicable to that city or county. However, no indebtedness or liability which is subject to the requirement of an election, under the provisions of Section 18 of Article XVI of the California Constitution, shall be incurred or assumed by any city or county, except as provided in Section 18 of Article XVI of the California Constitution.

56848. (a) Notwithstanding any other provision of law, if an application is for the incorporation of a new city or the annexation of territory to an existing city, the commission may, in any resolution approving that incorporation or annexation, provide that any territory of a fire protection district which is to be dissolved pursuant to Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code as a result of that incorporation or annexation, or any territory which is to be detached from a fire protection district organized under that part or a county service area organized pursuant to Chapter 2.2 (commencing with Section 25210.1) of Part 2 of Division 2 of Title 3 as a result of that incorporation or annexation, is subject to any of the terms and conditions authorized in Section 56844, as the commission specifies in the resolution with respect to that territory.

(b) When, pursuant to Section 13954 of the Health and Safety Code, the commission is required to determine a division of the property and assets of a fire protection district between that district and a city, the commission may by regulation provide a procedure for making that determination. However, that procedure shall provide that the determination shall be made by resolution adopted by the commission. The commission shall cause a certified copy of that resolution to be mailed to the legislative body of the fire protection district and the city council.

56849. In any order approving a proposal for an annexation to, or detachment from, a district, the commission may determine that any election called upon the question of confirming an order for the

annexation or detachment shall be called, held, and conducted upon that question under either of the following conditions:

(a) Only within the territory ordered to be annexed or detached.

(b) Both within the territory ordered to be annexed or detached and within all or any part of the district which is outside of the territory.

56850. In any order approving a proposal for an annexation or a reorganization which includes annexation of inhabited territory to a city when the assessed value of land within that territory proposed to be annexed equals one-half, or more, of that within the city, as shown by the last equalized assessment rolls, or the number of registered voters of the territory equals one-half, or more, of the number of registered voters within the city, as shown by the county register of voters, the commission shall require that an election called upon the question of confirming the reorganization shall also be called, held, and conducted within the territory of the city to which territory is proposed to be annexed.

56851. At any time not later than 35 days after the conclusion of the hearing, the commission shall adopt a resolution making determinations approving or disapproving the proposal, with or without conditions, the plan of reorganization, or any alternative plan of reorganization as set forth in the report and recommendation of a reorganization committee. If the commission disapproves the proposal, plan of reorganization, or any alternative plan of reorganization, no further proceedings shall be taken on those proposals or plans.

56852. The resolution making determinations shall also do all of the following:

(a) Make any of the findings or determinations authorized or required pursuant to Section 56375.

(b) If applicable, assign a distinctive short-term designation to the affected territory and a description of the territory.

(c) Direct the appropriate conducting authority to initiate proceedings in compliance with the resolution.

56853. The executive officer shall mail a copy of the resolution adopted by the commission making determinations addressed to each of the following persons or entities:

(a) The chief petitioners, if any, where the proceedings for change of organization were initiated by petition.

(b) Each affected local agency whose boundaries would be changed by the proposal.

(c) The conducting authority, by certified mail, return receipt requested.

56854. Any legislative body conducting a proceeding as described in Section 56857 may, before the completion of that proceeding, on good cause being shown, correct clerical errors or mistakes made through inadvertence, surprise, or excusable neglect that may be contained in the resolution adopted by the commission making determinations, if it first obtains the written consent of either the

executive officer or the commission. The commission may likewise make those corrections before the completion of subsequent proceedings upon application by any member of the commission, by the executive officer, or by any affected agency.

56855. (a) Except as otherwise provided in subdivision (b), if the commission wholly disapproves any proposal:

(1) No further proceedings shall be taken on that proposal.

(2) No similar proposal involving the same or substantially the same territory shall be initiated for one year after the date of adoption of the resolution terminating proceedings.

(b) The commission may waive the requirements of subdivision (a) if it finds those requirements are detrimental to the public interest.

56856. The commission may, at any time, authorize any legislative body holding a hearing pursuant to this division, to continue the hearing to a date or dates extending beyond the dates specified in this division.

56857. The conducting authority or any affected county, city, district, landowner, voter, taxpayer, inhabitant, or other interested person desiring any addition, deletion, amendment, or revision of any resolution adopted by the commission making determinations approving the proposal or of any term, condition, or other provision in that resolution, including the boundaries of the affected territory determined and established by the commission, shall file a written application with the executive officer before final action of the conducting authority or within 30 days of the adoption of the resolution by the commission, and the executive officer shall present the application to the commission at its next meeting.

Once a request for a rehearing is filed with the executive officer, the conducting authority shall be notified by the executive officer, and the conducting authority shall not take final action until the commission has made a determination on the requested change.

Reconsideration of the commission resolution shall be made prior to final action of the conducting authority and in no case to exceed 60 days from the date of notification by the executive officer. The filed application may be withdrawn by the applicant at any time prior to its having been denied or approved by the commission.

The commission may do either of the following:

(a) Without further notice and hearing, deny or approve the application in whole or in part.

(b) Provide for notice and hearing upon the application in the same manner as for the original proposal, prior to denying or approving the application.

The determinations of the commission as specified in its resolution, or in any amended resolution, including the commission's determinations as to boundaries of the affected territory, shall be final and conclusive, and no further changes shall be made except as provided in this section.

56858. If pursuant to Section 56857, the commission approves any

addition, deletion, amendment, or revision of its resolution making determinations, further proceedings for the change of organization or reorganization shall be taken in compliance with that addition, deletion, amendment, or revision. Any provision of this division requiring compliance with the resolution adopted by the commission making determinations shall be deemed to include any addition, deletion, amendment, or revision made to that resolution.

56859. Whenever the executive officer is required by law to prepare an impartial analysis of a ballot proposition for approval by the commission, the commission may, by regulation, provide a procedure for approval or modification of the executive officer's analysis.

In any event, the analysis shall be prepared and submitted to the commission in sufficient time for the commission to consider and approve or modify the analysis, and submit the analysis to the officials conducting the election not later than the last day for submission of rebuttal arguments. The impartial analysis submitted by the commission shall not exceed 500 words in length and shall include a general description of the affected territory.

PART 4. CONDUCTING AUTHORITY PROCEEDINGS FOR CHANGES OF ORGANIZATION OR REORGANIZATION

CHAPTER 1. GENERAL

57000. (a) After completion of proceedings by the commission pursuant to Part 3 (commencing with Section 56650), proceedings for a change of organization or reorganization shall be taken pursuant to this part.

(b) If a proposal is approved by the commission, with or without amendment, wholly, partially, or conditionally, the conducting authority shall conduct proceedings in accordance with this part. The proceedings shall be conducted and completed pursuant to those provisions which are applicable to the proposal and the territory contained in the proposal as it is approved by the commission. If the commission approves the proposal with modifications or conditions, proceedings shall be conducted and completed in compliance with those modifications or conditions.

57001. If the conducting authority does not complete a proceeding within one year after the commission approves a proposal for that proceeding, the proceeding shall be deemed abandoned unless prior to the expiration of that year the commission authorizes an extension of time for that completion. The inability of the conducting authority to complete a proceeding because of the order or decree of a court of competent jurisdiction temporarily enjoining or restraining the proceedings shall not be deemed a failure of completion and the one-year period shall be tolled for the time that order or decree is in effect.

57002. (a) Within 35 days following the adoption of the

commission's resolution making determinations, the clerk of the conducting authority shall set the proposal for hearing and give notice of that hearing by mailing, publication, and posting, as provided in Chapter 4 (commencing with Section 56150) of Part 1. The date of that hearing shall not be less than 15 days, or more than 60 days, after the date the notice is given.

(b) If authorized by the commission pursuant to Section 56837, a change of organization or reorganization may be approved by resolution of the conducting authority without notice, hearing, and election.

57003. Once notice is given by the clerk of the conducting authority pursuant to this chapter, jurisdiction over the proceedings is acquired by the legislative body of the conducting authority, and until those proceedings are completed or terminated pursuant to this part, no conflicting petition or resolution of application seeking the change of organization or reorganization of all or part of the territory described by the resolution initiating proceedings shall be filed with, or acted on, by the commission.

57004. The conducting authority may establish a schedule of processing fees for the estimated expenses of complying with procedures required or authorized by this part or local ordinance. The fees shall not exceed the amount reasonably required by the conducting authority to comply with those procedures. Notification of the fee schedule shall be given to the chief petitioners. The processing fee shall be deposited with the conducting authority. The deposit of the processing fee shall be made within the period of time specified by the conducting authority. No further action shall be taken until the processing fee is deposited.

57005. After the expiration of 60 days from the date of adoption of the commission's resolution making determinations, the commission may by resolution certify either of the following to the board of supervisors of the principal county in which the affected territory is located:

(a) That the executive officer was unable to effect mailing or delivery of a certified copy of the commission's resolution making determinations to any conducting authority for either of the following reasons:

(1) The conducting authority did not make the filing required by Section 53051.

(2) The return, undelivered, of that certified copy after having been mailed to the clerk of a conducting authority at the address specified in the filing required by Section 53051.

(b) That the conducting authority has not initiated, conducted, or completed proceedings for the change of organization or reorganization in compliance with the commission's resolution making determinations or has not complied with any terms or conditions of that resolution.

57006. At any time after the adoption of a resolution of certification pursuant to Section 57005, the board of supervisors and

the clerk and the other officers of the county shall assume jurisdiction to conduct and complete any proceedings for the change of organization or reorganization and to enforce compliance with any terms or conditions referred to in that resolution. Upon the assumption of that jurisdiction, the board of supervisors and the clerk and other officers of the county shall have exclusive jurisdiction with respect to those proceedings and shall exercise all powers and duties vested in the conducting authority and the clerk or other officers of the conducting authority for the purpose of completing those proceedings. Any jurisdiction assumed and exercised by the board of supervisors and the clerk or other officers of the county pursuant to this section shall be given the same force and effect as if taken by the conducting authority and the clerk or officers of the conducting authority.

57007. Except when a district formation is part of a reorganization, formation proceedings shall be conducted as set forth in the principal act of the district to be formed, and this part shall not apply, except for the provisions relating to the completion and effective date of a change of organization or reorganization contained in Chapter 8 (commencing with Section 57200). When the district formation is part of a reorganization, all of the proceedings shall be conducted pursuant to this part.

CHAPTER 2. NOTICE OF HEARING

57025. Upon receipt of a copy of the commission's resolution making determinations, the clerk of the conducting authority shall give notice of the hearing to be held on the proposal by publication pursuant to Sections 56153 and 56154 and by posting pursuant to Sections 56158 and 56159. The clerk shall also give mailed notice to each affected city, affected district, or affected county, the commission, the chief petitioners, if any, all landowners owning land within any territory proposed to be formed into, or to be annexed to, or detached from, an improvement district within any city or district, and to persons requesting special notice, in accordance with the provisions of Sections 56155 to 56157, inclusive.

57026. The mailed notice required to be given by Section 57025 shall contain all of the following information:

(a) A statement of the distinctive short form designation assigned by the commission to the proposal.

(b) A statement of the manner in which, and by whom, preliminary proceedings were commenced. However, a reference to the chief petitioners, if any, shall be sufficient where preliminary proceedings were commenced by a petition.

(c) A description of the exterior boundaries of the subject territory.

(d) A description of the particular change or changes of organization proposed for each of the subject districts or cities and new districts or new cities proposed to be formed, and any terms and

conditions to be applicable. The description may include a reference to the commission's resolution making determinations for a full and complete description of the change of organization or reorganization, and the terms and conditions.

(e) A statement of the reason or reasons for the change of organization or reorganization as set forth in the proposal submitted to the commission.

(f) A statement of the time, date, and place of the hearing on the proposed change of organization or reorganization.

(g) If the subject territory is inhabited and the change of organization or reorganization provides for the submission of written protests, a statement that any owner of land within the territory, or any registered voter residing within the territory, may file a written protest against the proposal with the clerk of the conducting authority at any time prior to the conclusion of the hearing by the conducting authority on the proposal.

(h) If the subject territory is uninhabited and the change of organization or reorganization provides for submission of written protests, a statement that any owner of land within the territory may file a written protest against the proposal with the clerk of the conducting authority at any time prior to the conclusion of the hearing by the conducting authority on the proposal.

CHAPTER 3. CONDUCT OF HEARING

57050. (a) The hearing on the proposal shall be held by the conducting authority on the date and at the time specified in the notice given by the clerk. The hearing may be continued from time to time but not to exceed 60 days from the date specified for the hearing in the notice.

(b) At the hearing, prior to consideration of protests, the commission's resolution making determinations shall be summarized. At that hearing, the conducting authority shall hear and receive any oral or written protests, objections, or evidence which is made, presented, or filed. Any person who has filed a written protest may withdraw that protest at any time prior to the conclusion of the hearing.

57051. At any time prior to the time specified for commencement of the hearing in the notice given by the clerk, but not thereafter, any owner of land or any registered voter within inhabited territory proposed to be annexed or detached, or any owner of land within uninhabited territory proposed to be annexed or detached, may file a written protest against the annexation or detachment. Each written protest shall state whether it is made by a landowner or registered voter and the name and address of the owner of the land affected and the street address or other description sufficient to identify the location of the land or the name and address of the registered voter as it appears on the affidavit of registration. Protests may be made on behalf of an owner of land by an agent authorized

in writing by the owner to act as agent with respect to that land. Protests may be made on behalf of a private corporation which is an owner of land by any officer or employee of the corporation without written authorization by the corporation to act as agent in making that protest.

Each written protest shall show the date that each signature was affixed to the protest. All signatures without a date or bearing a date prior to the date of publication of the notice shall be disregarded for purposes of ascertaining the value of any written protests.

57052. Upon conclusion of the hearing, the conducting authority shall determine the value of written protests filed and not withdrawn. The value of written protests shall be determined in the same manner prescribed in Sections 56707, 56708, and 56710 for determining the sufficiency of petitions filed with the commission.

57053. If the terms and conditions of any change of organization provide for the formation of a new improvement district, or the annexation or detachment of territory to, or from, an existing improvement district, the conducting authority shall do all of the following:

(a) Exclude any lands proposed to be formed into, or to be annexed to, the improvement district which the conducting authority finds will not be benefited by becoming a part of the improvement district.

(c) Notify the commission of any exclusion of lands pursuant to subdivision (a) or (b).

57126. Special elections called within all or any part of a landowner-voter district shall be governed by the general elections

provisions of the principal act, so far as they may be applicable, relating to the qualifications of voters, the manner of voting, the form of the ballot, the duties of precinct and election officers, the canvassing of returns, and all other particulars. To the extent of any inconsistency between the provisions of this division and the principal act as determined by the conducting authority, the provisions of this division shall control.

57127. If the conducting authority calls any special election within all or any part of any district, any references in the principal act to the board of directors of the district and to the clerk or secretary of the district shall be deemed to mean the conducting authority and the clerk, respectively.

57127.5. If special elections are called upon the same question or questions within all or any part of any landowner-voter district, and any city or registered-voter district, the provisions of Section 57125 shall apply, except that, as to the landowner-voter district, the provisions of its principal act shall govern the qualifications of landowner-voters, the number of votes which each landowner-voter is entitled to cast, the manner of voting, and the form of the ballot.

57128. Where any special election or elections are called upon the question of confirmation of an order for a reorganization and the areas within which the election or elections are called contain overlapping territory of two or more cities or districts, within all of the overlapping territory the election precincts, polling places, voting booths, and ballot boxes shall, in every case, be the same and there shall be only one precinct board or set of election officers for each precinct.

57129. Where any records of a city or a district are required for the purpose of calling, holding, or conducting any special election called by the conducting authority pursuant to this division, those records or certified copies of those records shall be delivered, upon request, to the conducting authority by the city or district officer having custody of the records or copies and shall be returned to that officer immediately after the canvass of the election returns. All other election records, documents, instruments, and election supplies, including, but not limited to, rosters, ballots, and tally sheets, shall be retained or disposed of by the clerk in the manner provided by law.

57130. The clerk of the agency conducting the election shall cause notice of each change of organization or reorganization election to be given by publication, posting, and mailing as provided in Chapter 2 (commencing with Section 57025) of Part 4.

57131. The notice of election required to be given by Section 57130 shall contain all of the matters specified in Section 57100.

57132. The election on the question of the change of organization or reorganization shall be called and held on the next regular election date occurring at least 88 days after the date upon which the resolution calling the election was adopted.

57133. The question or questions to be submitted at any special

election or elections called pursuant to this part shall be in substantially the following form:

(a) For an incorporation: "Shall the order adopted on _____, 19____, by the Board of Supervisors of _____ County ordering the incorporation of the territory described in the order and designated in the order as _____ (insert the distinct short form designation previously assigned by the commission) be confirmed?"

(b) For an annexation: "Shall the order adopted on _____, 19____, by the _____ (insert conducting authority) ordering the annexation to _____ (insert city or district) of the territory described in that order and designated as _____ (insert the short form designation previously assigned by the commission) be confirmed?"

(c) For a detachment: "Shall the order adopted on _____, 19____, by the _____ (insert conducting authority) ordering the detachment from the _____ (insert city or district) of the territory described in the order and designated in the order as _____ (insert the short form designation previously assigned by the commission) be confirmed?"

(d) For a city consolidation: "Shall the order adopted on _____, 19____, by the _____ (insert conducting authority) of the City of _____ (insert name of city) ordering the consolidation of the Cities of _____ (insert names of all cities ordered consolidated) into a single city known as the City of _____ be confirmed?"

(e) For a disincorporation: "Shall the order adopted on _____, 19____, by the City Council of the City of _____ ordering the disincorporation of the City of _____ be confirmed?"

(f) For a reorganization: "Shall the order adopted on _____, 19____, by the _____ (insert conducting authority) ordering a reorganization affecting the _____ (insert names of all affected cities or districts) and providing for _____ (insert list of all changes of organization or new cities proposed to be incorporated or districts to be formed) be confirmed?"

(g) For a district dissolution: "Shall the order adopted on _____, 19____, by the Board of Supervisors of the County of _____ ordering the dissolution of the _____ district be confirmed?"

(h) For a district consolidation: "Shall the order adopted on _____, 19____, by the Board of Supervisors of the County of _____ ordering the consolidation of _____ (insert the names of all districts ordered consolidated) into a single district known as the _____ District be confirmed?"

(i) For a merger: "Shall the order adopted on _____, 19____, by the Board of Supervisors of the County of _____ ordering the merger of the _____ District with the City of _____ be confirmed?"

(j) For establishment of a subsidiary district: "Shall the order adopted on _____, 19____, by the Board of Supervisors of the County of _____ ordering the _____ District established as a

subsidiary district of the City of _____ be confirmed?"

(k) For a district formation, use form of question under principal act of district being formed. If none, use substantially the following form: "Shall the order adopted on _____, 19____, by the Board of Supervisors of _____ County ordering the formation of a district in the territory described, known as _____, be approved?"

57134. If the change of organization or reorganization has been ordered subject to any terms and conditions, there shall be added to the end of the questions set forth in Section 57133 words substantially as follows:

"Subject to the terms and conditions specified in the order."

57135. (a) If any of the terms and conditions have the effect of imposing or increasing liability for payment of (1) taxes or assessments to be levied and collected, (2) service charges, rentals, or rates to be fixed and collected, or (3) both, upon or within all or any part of the territory affected by the proposed change of organization or reorganization, the question shall contain a very brief summary of the purpose, nature, and extent of the liability and shall refer to the order ordering the change of organization or reorganization for particulars. The legislative body may include in the question a summary of any of the other terms and conditions.

(b) No reference need be made to any liability for payment of any of the following to be imposed for the usual and ordinary support, management, and operation of any district:

(1) Annual taxes or assessments.

(2) Ordinary service charges, rentals, or rates.

(3) Both taxes or assessments and service charges, rentals, or rates.

(c) Where a summary is included in a question, there shall be added to the clause set forth in Section 57134 words substantially as follows:

"Such terms and conditions including (set forth very brief summary), all as more particularly described and set forth in the order."

57136. This section shall apply only to changes of organization and reorganizations made by, or with respect to, a member district. If a change of organization or reorganization adding territory to a member district will not result in the additional territory being entitled to receive or be furnished with any new or additional governmental or proprietary service or commodity by the parent district, the question submitted to the voters shall so indicate. If a change of organization or a reorganization removing territory from a member district will result in the termination of any existing entitlement of the territory to receive, or be furnished with, any governmental or proprietary service or commodity from the parent district, the question submitted to the voters shall so indicate.

57137. On the ballot opposite each question and to its right, the words "Yes" and "No" shall be printed on separate lines with voting squares.

57138. If the conducting authority orders both a merger and the

establishment of a subsidiary district, questions on each such matter shall be printed on the ballot, one above the other. Immediately preceding the first question, there shall be printed in the words "Vote on both questions."

57139. If a special election or elections is called upon an order of reorganization which provides for a consolidation or the formation of a new district, or both, or upon an order of consolidation, members of the legislative body and other officers of the consolidated district or the new district, as the case may be, shall be selected in the manner provided by the principal act. If the principal act or the terms and conditions of the reorganization or consolidation provide for the election of the officers or members, they shall be nominated in the manner provided in the principal act and shall be voted upon at the special election or elections upon the question of confirming the order of reorganization or consolidation. If the order of reorganization or consolidation is confirmed at the special election or elections, the officers or members of the legislative body of the consolidated district or the new district, as the case may be, who are elected at the election or elections shall become the officers or members of the legislative body of the consolidated district or new district.

57140. Where a special election is called upon the question of confirming an order for a change of organization or a reorganization, each person entitled to vote as a result of residing or owning land within the territory in which the election is called shall be entitled to ballots and votes as follows:

(a) In the case of cities or registered-voter districts, to one ballot and one vote.

(b) In the case of landowner-voter districts, to the number of ballots and votes authorized by the principal act of the district.

57141. Where a special election or elections are called upon the question of confirming an order for a merger or the establishment of a subsidiary district, or both, each person entitled to vote as a result of residing or owning land within the territory within which the election is called shall be entitled to ballots and votes as follows:

(a) Where the election is called only within the district:

(1) In the case of a registered-voter district, each registered voter shall be entitled to one ballot and one vote.

(2) In the case of a landowner-voter district, each landowner-voter shall be entitled to the number of ballots and votes authorized by the principal act of the district.

(b) Where one election is called within the district and another election is called within the territory of the city outside the boundaries of the agency:

(1) In the case of the city, each registered voter within the territory of the city outside the boundaries of the district shall be entitled to one city ballot and one vote on the question.

(2) In the case of the district, each person entitled to vote as a result of residing or owning land within the district shall be entitled

to the number of district ballots and votes authorized by the principal act of the district.

Where separate elections are called within both the district and the territory of the city outside the boundaries of the district, separate forms of city and district ballots, printed on different colors of paper, shall be provided. The city and district ballots shall be separately canvassed.

57142. Where a special election is called upon the question of confirming an order of reorganization, each person entitled to vote as a result of residing or owning land within the territory within which the election is called shall be entitled to ballots and votes as follows:

(a) Each person who qualifies only as a registered voter of any city or registered voter district, regardless of the number of registered voters, is entitled to one ballot and one vote.

(b) Each person who qualifies only as a landowner-voter of any subject district, regardless of the number of landowner voters, is entitled to the number of ballots and votes authorized by the principal act for one such district; if there is more than one such district, that person upon declaration made to the precinct or election officers shall be furnished with a ballot or ballots for the particular district designated by that person.

(c) Each person who qualifies both as a registered voter and as a landowner-voter of any of the subject agencies, may at his or her option vote either as a registered voter or as a landowner-voter, but not both. That person, upon declaration made to the precinct or election officers, shall be furnished with a ballot or ballots for the particular city or district designated by that person.

57143. In any special election or elections called upon the question of confirmation of an order for merger or the establishment of a subsidiary district or for a reorganization, where the results of the election or elections are to be determined from votes of both landowner-voters and registered voters, the votes of the landowner-voters shall be computed and equated with the votes of the registered voters in the following manner:

(a) First, the per capita assessed value of land for each registered voter within the county within which the elections are held shall be determined to the nearest even dollar by dividing the total assessed value of land within the county, as shown on the last equalized assessment roll of the county, by the total number of voters who were registered in the county at the close of registration, as provided in the Elections Code, next preceding the date of the election. If any landowner-voter district is located in more than one county, the per capita assessed value for each county shall be multiplied by a percentage, to the nearest one-tenth of 1 percent, those percentages being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of those multiplications shall then be added and the total, to the nearest even dollar, shall be deemed to be the per

capita assessed value for all the counties.

(b) Second, if any such landowner-voter district does not use the county assessment roll for the purposes of levying and collecting district assessments or taxes, the per capita assessed value of land for each registered voter within the county shall be corrected by multiplying the per capita assessed value by a correction factor determined as follows: The total assessed valuation of all lands within the district, as shown upon the last equalized assessment roll or book of the district, shall be divided by the corresponding total assessed valuation of all lands within the district, as shown upon the last equalized assessment roll of the county, and the quotient, expressed to the nearest of two decimal places, shall represent the correction factor. If any landowner-voter district is located in more than one county, a correction factor shall be determined, in the manner above provided, for each such county covering all those portions of the district which are located within the county; the correction factor for each county shall then be multiplied by a percentage, to the nearest one-tenth of 1 percent, that percentage being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of those multiplications shall then be added and the total, to the nearest of two decimal places, shall be deemed to be the correction factor for all the counties.

(c) Third, the corrected per capita assessed value, determined to the nearest even dollar, shall then be adjusted by dividing it by the number of dollars required for a single vote by a landowner-voter, as specified in the principal act determining the landowner-voter's right to vote.

(d) Fourth, the total number of votes cast by landowner-voters for and against the question shall be divided by the corrected and adjusted per capita assessed value and the quotients, to the nearest whole figures, shall be deemed to be the number of votes of landowner-voters which shall be equated with the votes of the registered-voters of any city or registered voter district, cast for and against the question.

57144. Within five days after a special election is called pursuant to this part, the conducting authority which has called the election shall transmit, by certified mail, a written notification of the election call to the executive officer of the commission of the county in which the affected territory is located. That written notice shall include a description of the boundaries of the affected territory as assigned by the commission. Written notice required by this section may be made in the form of a certified copy of the resolution adopted by the legislative body calling the election.

The executive officer shall submit to the commission, for its approval or modification, an impartial analysis of the proposed incorporation or change of organization.

The impartial analysis shall not exceed 500 words in length in addition to a general description of the boundaries of the territory

affected.

The commission shall approve or modify the analysis and submit the analysis to the clerk of the legislative body conducting the election no later than the last day for submission of rebuttal arguments.

57145. (a) The conducting authority, or any member or members of the conducting authority authorized by it, or any individual voter or association of citizens entitled to vote on the change of organization or reorganization, or any combination of those voters and association of citizens may file a written argument for, or a written argument against, the question to be submitted to the voters.

Arguments shall not exceed 300 words in length and shall be filed with the clerk of the conducting authority no later than the last day for submission of arguments specified by Section 57146.

(b) If more than one argument for or more than one argument against the proposal is filed with the clerk within the time prescribed in Section 57145, the clerk shall select one of the arguments for printing and distribution to the voters.

In selecting the arguments, the clerk shall give preference and priority in the order named to the following arguments:

(1) The conducting authority or any authorized member or members of the conducting authority.

(2) Individual voters or association of citizens or a combination of voters and associations.

57146. (a) On the basis of the time reasonably necessary to prepare and print the arguments, analysis, and sample ballots for the election, the clerk of the conducting authority shall fix and determine a reasonable date prior to the election after which no arguments for or against the measure may be submitted for printing and distribution to the voters. Notice of the date fixed shall be published in accordance with Section 56153 in a newspaper of general circulation which is circulated in the affected territory. Arguments may be changed until and including the date fixed by the clerk.

(b) The notice shall contain all of the following information:

(1) A statement of the proposition to be voted on and a general description of the boundaries of the affected territory.

(2) An invitation to any registered voter or association of citizens entitled to vote on the proposal to submit and file with the clerk for printing and distribution in the ballot pamphlet, an argument for or an argument against the proposal.

(3) The date of the election.

(4) A statement that only one argument for and one argument against will be selected and printed in the ballot pamphlet.

(5) A statement that arguments shall not exceed 300 words in length and shall be accompanied by not more than three signatures.

57147. Section 3787 of the Elections Code applies to the preparation and submittal of rebuttal arguments.

57148. (a) The clerk shall cause a ballot pamphlet concerning the proposal to be printed and mailed to each voter entitled to vote on the question.

The ballot pamphlet shall contain all of the following information in the order prescribed:

(1) The complete text of the proposition to be voted on.

(2) The impartial analysis of the proposition prepared by the commission.

(3) One argument for the proposal, if any.

(4) One rebuttal to the argument for the proposal, if any.

(5) One argument against the proposal, if any.

(6) One rebuttal to the argument against the proposal, if any.

(b) The clerk shall mail a ballot pamphlet to each voter entitled to vote in the election at least 10 days prior to the date of the election. The ballot pamphlet is "official matter" within the meaning of Section 10010 of the Elections Code.

57149. The canvass of ballots cast at any election held pursuant to this division shall be conducted pursuant to Sections 17080 to 17089, inclusive, of the Elections Code.

57150. All proper expenses incurred in conducting elections for a change of organization or reorganization pursuant to this chapter shall be paid, unless otherwise provided by agreement between the conducting authority and the proponents, as follows:

(a) In the case of annexation or detachment proceedings, by the local agency to or from which territory is annexed, or from which territory is detached, or was proposed to be annexed or detached.

(b) In the case of incorporation or formation proceedings, by the newly incorporated city or the newly formed district, if successful, or by the county within which the proposed city or district is located if the incorporation proceedings are terminated.

(c) In the case of disincorporation or dissolution proceedings, from the remaining assets of the disincorporated city or dissolved district or by the city proposed to be disincorporated or the district proposed to be dissolved if disincorporation or dissolution proceedings are terminated.

(d) In the case of consolidation proceedings, by the successor city or district or by the local agencies proposed to be consolidated, to be paid by those local agencies in proportion to their respective assessed values, if proceedings are terminated.

(e) In the case of a reorganization:

(1) If the reorganization is ordered, by the affected local agencies or successor local agencies, as the case may be, for any of the above-enumerated changes of organization which may be included in the particular reorganization, to be paid by those local agencies in proportion to their assessed value.

(2) If the reorganization proceedings are terminated or the proposal is defeated by the county within which the city is located.

CHAPTER 7. RESOLUTION CONFIRMING ELECTION RESULTS

57175. After the canvass of the returns of any election or elections called on the question of a change of organization or reorganization, the conducting authority shall declare by resolution the total number of votes cast in the election or elections, and the number of votes cast for and against the change of organization or reorganization.

57176. The conducting authority shall adopt a resolution confirming the order of the change of organization or reorganization if a majority of votes cast upon the question are in favor of the change of organization or reorganization in either of the following circumstances:

(a) At an election called in the territory ordered to be organized or reorganized.

(b) At an election called within the territory ordered to be organized or reorganized and within the territory of the affected agency. The clerk of the conducting authority shall cause a copy of the resolution confirming the order of organization or reorganization to be filed with the executive officer.

57177. The conducting authority shall adopt a resolution confirming either the order of a merger or the order for the establishment of a subsidiary district in the following manner:

(a) Where the question submitted to the voters was only upon merger or only upon establishment of a subsidiary district, the conducting authority shall adopt a resolution confirming the order if a majority of the votes cast on the question favored the order either:

(1) At an election called only within the district.

(2) At each election, where one election was called within the district and another election was called within the terrritory of the city outside the boundaries of the district.

(b) Where both the question of merger and the question of establishment of a subsidiary district were submitted to the voters within the district only and both questions were favored by a majority of the voters, the conducting authority shall order that change of organization favored by the greater number of voters. Where the number of votes was the same on both questions, the merger shall be ordered.

(c) Where both the question of merger and the question of establishment of a subsidiary district were submitted at an election called both within the district and at an election within the territory of the city outside the district boundaries, and both questions were favored by a majority of the voters in both areas, that change of organization receiving the greater number of votes in both elections shall be ordered. Where the number of votes was the same, or where the question of merger received the greater number of votes in one of the elections, a merger shall be ordered.

57177.5. In the case of elections on an order of consolidation of cities or districts, the conducting authority shall take one of the following actions:

(a) Adopt a resolution confirming the order of consolidation if, within the territory of each city or district ordered to be consolidated, a majority of the votes cast on the question favored the consolidation.

(b) Adopt a resolution terminating proceedings if, in one of the cities or districts ordered to be consolidated, the votes cast in favor of consolidation did not constitute a majority. A certified copy of the resolution shall be filed with the executive officer.

57178. In addition to any other requirements, the resolution confirming an order of incorporation or consolidation of cities shall do all of the following:

(a) Give the name of the new or successor city favored by the electors.

(b) Declare the persons receiving the highest number of votes for the several offices of the new or successor city to be elected to those offices.

(c) In the case of an incorporation, declare which system of electing council members was favored, that is, election by district or election at large; and declare whether the city manager form of government was favored by the electors.

57179. If the majority of the votes cast is against the change of organization or reorganization, the conducting authority by resolution shall terminate proceedings and file a certified copy of the resolution with the executive officer.

CHAPTER 8. COMPLETION AND EFFECTIVE DATE OF CHANGE OF ORGANIZATION OR REORGANIZATION

57200. (a) Immediately after adoption of a resolution ordering a change of organization or reorganization without election or a resolution confirming an order for a change of organization or reorganization after confirmation by the voters, the clerk of the conducting authority shall transmit a certified copy of the resolution along with a remittance to cover the fees required by Section 54902.5 to the executive officer.

(b) The executive officer shall examine the resolution and determine whether it is in compliance with the boundaries, modifications, and conditions specified by the commission in its resolution making determinations.

(1) If the resolution ordering the change of organization or reorganization is determined not to be in compliance by the executive officer, the executive officer shall specify in writing the points of noncompliance and return the resolution to the conducting authority for modification.

(2) If the resolution ordering the change of organization or reorganization is determined to be in compliance by the executive officer, the executive officer shall prepare and execute a certificate of completion and shall make the filings required by this division.

57201. The certificate of completion prepared and executed by

the executive officer shall contain all of the following information:

(a) The name of each newly incorporated city, each new district, and the name of each existing local agency for which a change of organization or reorganization was ordered and the name of the county within which any new or existing local agencies are located.

(b) A statement of each type of change of organization or reorganization ordered.

(c) A description of the boundaries of the new city ordered incorporated, the new district ordered formed or of any territory affected by the change of organization or reorganization, which description may be made by reference to a map and legal description showing the boundaries attached to the certificate.

(d) Any terms and conditions of the change of organization or reorganization.

(e) The date of adoption of the resolution ordering the change of organization or reorganization, without an election; or the date of adoption of the resolution confirming an order for the change of organization or reorganization after confirmation by the voters.

If any resolution contains the information required to be contained in the certificate, the executive officer may attach a certified copy of the resolution to the certificate and refer to the resolution in the certificate.

57202. (a) If an effective date is fixed in the terms and conditions or the resolution ordering or confirming the order of a change of organization or reorganization, that date shall be the effective date.

An effective date shall not be fixed which is either of the following:

(1) Earlier than the date of execution of the certificate of completion.

(2) Later than one year after the date of execution of the certificate of completion.

(b) The change of organization or reorganization shall be complete from the date of execution of the certificate of completion and effective from the dates specified in the terms and conditions of the resolution adopted by the conducting authority, unless no effective date has been fixed in those terms and conditions.

(c) If no effective date has been fixed in any of the terms and conditions, the effective date of a change of organization or a reorganization shall be the date of the recordation made with the county recorder and, if filed with the recorder of more than one county, the date of the last such recordation.

57203. The executive officer shall record a certified copy of the certificate of completion with the county recorder of each county in which all or any part of the boundaries of any new district formed or any territory ordered to be annexed to, or detached from, a district is located, and shall file a certified copy of the certificate of completion, indicating the recording numbers affixed by the county recorder, with the clerk of the legislative body of each local agency subject to the change of organization or reorganization.

After recordation of the certificate of completion by the executive

officer, the recorder shall file with the county surveyor a copy of the boundary description included in the certificate of completion as provided by subdivision (c) of Section 57201.

57204. The executive officer shall file the statement of boundary change or creation with the Board of Equalization, the county assessor, and the county auditor as may be provided for by Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5.

57205. For any change of organization or reorganization of a city, the executive officer shall, within 30 days after the recordation of the certificate of completion with the county recorder, file a notice with the Secretary of State briefly describing the change of organization or reorganization. The failure to file the notice within the time required by this section shall not affect any determination as to the completion of proceedings or the effective date of those proceedings.

PART 5. TERMS AND CONDITIONS AND EFFECT OF A CHANGE OF ORGANIZATION OR REORGANIZATION

CHAPTER 1. GENERAL

57300. Any proceeding completed pursuant to this division shall not alter or affect the boundaries of any Assembly or Senatorial district.

57301. If at any time between each decennial federal census, a city annexes or detaches territory or consolidates with another city, the city council of the city annexing or detaching the territory or the city council of the successor city, shall reexamine the boundaries of its council districts, if any, after the first census is taken or after the population estimates are obtained, following the annexation, detachment, or consolidation.

If, upon reexamination, the city council finds that the population of any council districts have varied so that the districts no longer meet the criteria specified in Section 35101 of the Elections Code, the city council shall, within 60 days after the census is taken, or population estimate received, by ordinance or resolution, adjust the boundaries of any or all of the council districts of the city so that the districts are as nearly equal in population as may be possible.

57302. The general provisions of this part shall apply only if, and to the extent that, the terms and conditions of any change of organization or reorganization do not make specific provision for any of the matters referred to in this part. If a change of organization or a reorganization specifically provides for, and is made subject to any of, the terms and conditions authorized by Section 56844, the specific terms and conditions shall control over the general provisions of this part. Any of those terms and conditions may be provided for, and be made applicable to, any affected county, affected city, or affected district, to all or any part of the territory of the county, city, or district, to any territory proposed to be annexed to the county, city,

or district and to the owner or owners of property within that territory.

57303. If no determination is made pursuant to subdivision (d) of Section 56844, the principal amount of bonded indebtedness which may be incurred or assumed by any city, county, or district, under any statute or charter provision imposing a limitation on bonded indebtedness, shall not be affected by any change of organization or reorganization.

CHAPTER 2. EFFECT OF ANNEXATION

57325. On and after the effective date of an annexation, the territory annexed to a city or district, all inhabitants of that territory, and all persons entitled to vote by reason of residing within that territory shall be subject to the jurisdiction of the city or district and, except as otherwise provided in this chapter, shall have the same rights and duties as if the territory had been a part of the city or district upon its original formation incorporation.

57326. As an alternative to any procedure prescribed by law for the division of taxes or assessments collected in a district lying partially or wholly in territory annexed by an incorporated city, the city and the district may enter into an agreement providing that the district shall continue to perform services for the annexed territory until the close of the fiscal year for which the district has levied taxes or assessments.

57327. No payment for the use, or right of use, of the existing property, real or personal, of any district or city shall be required by reason of the annexation of territory to that district or city.

57328. Any territory annexed to a city or district shall be liable for payment of principal, interest, and any other amounts which shall become due on account of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of the city or district, but not of any improvement district within the district. It shall be subject to the levying or fixing and collection of any of the following which may be necessary to provide for that payment:

(a) Taxes or assessments.

(b) Service charges, rentals, or rates.

(c) Both taxes or assessments and service charges, rentals, or rates.

CHAPTER 3. EFFECT DETACHMENT

57350. Except as otherwise provided in this chapter, on and after the effective date of a detachment, the territory detached from a city or district, all inhabitants within the territory, and all persons formerly entitled to vote by reason of residing within the territory shall cease to be subject to the jurisdiction of the city or district and shall have none of the rights or duties of the remaining territory, inhabitants, or voters of the city or district.

57351. Unless otherwise provided in the terms and conditions of the detachment, the city from which territory is detached may from time to time levy and collect from the detached territory its just proportion of liability for payment of the interest and principal of debts of the city contracted prior to detachment.

57352. At any time, the detached territory may tender to the city council of the city or the legislative body of the district the amount for which the detached territory is liable. If tender is made, the authority of the city or district to levy taxes on the detached territory shall cease.

57353. No inhabitant, property owner, taxpayer, consumer, or user within territory detached from a district or city shall be entitled to either of the following:

(a) All or any part or to any payment on account of the moneys or funds, including cash on hand and moneys due but uncollected, or any property, real or personal, of the city or district.

(b) Any refund by reason of any taxes, assessments, service charges, rentals, or rates collected prior to the effective date of the detachment.

57354. Any territory detached from a city or district shall continue to be liable for the payment of principal, interest, and any other amounts which become due on account of any bonds, including revenue bonds, or other contracts or obligations of the district and any improvement district within which the detached territory has been situated, as are outstanding on the effective date of detachment. It shall be subject to the levying or fixing and collection of any of the following which may be necessary to provide for that payment:

(a) Taxes or assessments.

(b) Service charges, rentals, or rates.

(c) Both taxes or assessments and service charges, rentals, or rates.

CHAPTER 4. EFFECT OF INCORPORATION

57375. Except as otherwise provided in this chapter, on and after the effective date of an incorporation, the territory incorporated, all inhabitants within the territory, and all persons entitled to vote within the newly incorporated city by reason of residing in the city are subject to the jurisdiction of the city and shall have the rights and duties conferred on them as inhabitants and voters of the incorporated city.

57376. If the newly incorporated city comprises territory formerly unincorporated, the city council shall, immediately following its organization and prior to performing any other official act, adopt an ordinance providing that all county ordinances previously applicable shall remain in full force and effect as city ordinances for a period of 120 days after incorporation, or until the city council has enacted ordinances superseding the county ordinances, whichever occurs first. The ordinance shall provide that

no city ordinance enacted within that 120-day period of time be deemed to supersede any county ordinance unless the city ordinance specifically refers to the county ordinance, and states an intention to supersede it. Enforcement of the continuing county ordinances in the incorporated area shall be by the city, except insofar as enforcement services are furnished in accordance with Section 57384.

57377. Officers, except members of the city council, shall hold office until the first succeeding general municipal election held in the city and until their successors are elected and qualified. Of the five elected members of the city council, the three receiving the lowest number of votes shall hold office until the first succeeding general municipal election held in the city and until their successors are elected and qualified, and the two receiving the highest number of votes shall hold office until the second succeeding general municipal election held in the city and until their successors are elected and qualified. If two or more members of the city council are elected by the same number of votes, the terms of each shall be determined by lot. The members of the city council elected to succeed the members elected at the incorporation election shall hold office for four years from the Tuesday succeeding their election, and until their successors are elected and qualified.

57378. If the voters in the incorporation election determine that future city council members shall be elected "by districts," or "from districts," the provisions of Article 2 (commencing with Section 34870) of Chapter 4 of Part 1 of Division 2 shall apply to those elections.

57379. If the first general municipal election following an incorporation election will occur less than one year after the incorporation election, all of the city council members elected at the incorporation election shall hold office until the second general municipal election following the incorporation election and until their successors are elected and qualified. Of the five city council members elected at the second general municipal election, the three receiving the lowest number of votes shall hold office for two years and until their successors are elected and qualified, and the two receiving the highest number of votes shall hold office for four years and until their successors are elected and qualified. Subsequent city council members shall hold office for four years from the Tuesday succeeding their election, and until their successors are elected and qualified. This section applies only to city council members elected at an incorporation election held on or after September 15, 1961.

The first general municipal election following the incorporation election shall not be held unless either a proposition is to be voted upon or offices other than city council member offices are to be filled.

57380. Courts shall take judicial notice of the organization and existence of cities incorporated pursuant to this division.

57381. Immediately upon qualification of the elected officers, all

persons in possession of the offices of the city shall surrender the possession of the offices, though the terms of the offices for which they were elected or appointed have not expired.

57382. All officers, boards, and persons holding any property in trust for any city use shall convey that property to the city or officer entitled to the property.

57383. The board of supervisors of Los Angeles County may, by a two-thirds vote, convey any parking lot owned by the county and situated within the boundaries of an incorporated city to the city for public parking purposes, without consideration other than the agreement by the city to continue to use and maintain the property as a public parking lot.

This section applies only to parking lots acquired principally from revenues raised through onstreet or offstreet parking fees for the specific purpose of parking lot development, and does not apply to lots purchased through expenditures from the general fund or other means to serve as sites for other types of facilities.

The conveyance provided for by this section shall not occur until all liens or financial obligations attached to those lots have been satisfied.

57384. (a) Whenever a city has been incorporated from territory formerly unincorporated, the board of supervisors shall continue to furnish, without additional charge, to the area incorporated all services furnished to the area prior to the incorporation. Those services shall be furnished for the remainder of the fiscal year during which the incorporation became effective or until the city council requests discontinuance of the services, whichever occurs first.

(b) At the request of the city council, the board of supervisors, by resolution, may determine to furnish, without charge, to the area incorporated all or a portion of services furnished to the area prior to the incorporation for an additional period of time after the end of the fiscal year during which the incorporation became effective. The additional period of time after the end of the fiscal year during which the incorporation became effective for which the board of supervisors determines to provide services, without charge, and the specific services to be provided shall be specifically stated in the resolution adopted by the board of supervisors.

CHAPTER 5. EFFECT OF DISINCORPORATION

57400. Except as otherwise provided in this chapter, on and after the effective date of a disincorporation, the territory of the disincorporated city, all inhabitants within the territory, and all persons formerly entitled to vote by reason of residing within the territory shall cease to be subject to the jurisdiction of the disincorporated city and shall have none of the rights or duties of inhabitants or voters of a city.

57401. Prior to the effective date of the disincorporation, every public officer of the city shall turn over to the board of supervisors

the public property in his or her possession.

57402. After ascertaining that disincorporation has carried, the conducting authority shall determine and certify in a written statement to the board of supervisors the indebtedness of the city, the amount of money in its treasury, and the amount of any tax levy or other obligation due the city which is unpaid or has not been collected.

57403. Within 30 days after the disincorporation election but prior to the effective date of the disincorporation, the city council of the disincorporated city shall turn over to the county treasurer all city money in its possession.

57404. If the conducting authority does not provide the board of supervisors with the certified statement required by Section 57402, the board shall make the determinations provided for in that section.

57405. If a tax has been levied by the disincorporated city and remains uncollected, the county tax collector shall collect it when due and pay it into the county treasury.

57406. All property upon which any tax levied by the disincorporated city has become delinquent, and all property sold for any tax levied by the disincorporated city, may be redeemed by any interested party, on payment to the county treasurer of the sum which the auditor estimates would have been necessary to redeem the property if there had been no disincorporation.

57407. All money paid into the county treasury pursuant to this chapter shall be placed to the credit of a special fund established for the purpose of settling the affairs of the disincorporated city.

57408. Warrants for city indebtedness shall be drawn by the board of supervisors on the special fund.

57409. If there is not sufficient money in the treasury to the credit of the special fund to pay any city indebtedness, the board of supervisors shall cause to be levied, and there shall be collected from the territory formerly included within the city, taxes sufficient to pay the indebtedness as it becomes due.

57410. Any taxes levied pursuant to Section 57409 shall be assessed, levied, and collected in the same manner and at the same time as other county taxes, and are additional taxes upon the property included within the territory of the disincorporated city.

57411. Any surplus remaining in the special fund after the payment of any debts shall be, at the discretion of the board of supervisors, transferred to the school districts, community college districts, or districts included in the former city or used for the improvement of streets within the territory of the former city.

57412. The board of supervisors shall provide for collection of debts due the city and wind up its affairs. Upon an order by the board of supervisors, the appropriate county officer shall perform any act necessary for winding up the city affairs, with the same effect as if it had been performed by the proper city officer.

57413. The county succeeds to all of the rights of the city in the debts and may collect or sue for them in the name of the county.

57414. All costs and expenses incurred in winding up city affairs are part of the special fund.

57415. By ordinance, the board of supervisors may assume control of, and continue to administer, all electric, power, lighting, or gas plants and all systems of waterworks, street lighting, or any other public utility owned by the city at the time of its disincorporation.

57416. If the revenues from any public utility referred to in Section 57415 are not sufficient for its administration, conduct, or improvement, the board of supervisors shall levy a special tax upon all property within the disincorporated city. The special tax shall be levied upon the assessed value of the property as shown by the equalized assessment roll in effect on the first day of March of that year, and collected in the same manner and form of other county taxes.

57417. All sums collected shall be placed in a separate fund in the county treasury for the administration, conduct, and improvement of the public utility for which the tax is levied.

57418. If any city has within its boundaries, at the time of incorporation, at least two-thirds of the assessed value of an assessable property formerly contained within a disincorporated city, it becomes the owner of all public property formerly belonging to the disincorporated city and that proportion of the debts, liabilities, and credits owned by or due to the disincorporated city as the value of the assessable property of the disincorporated city lying within the boundaries of the new city bears to the value of all assessable property formerly contained within the disincorporated city. The value is that shown by the equalized assessment roll in effect in the fiscal year in which the city was disincorporated.

57419. No tax shall be levied upon any territory not included within the former limits of the disincorporated city for any debt or liability of the disincorporated city.

57420. Upon written request by the legislative body of a newly incorporated city, the board of supervisors shall cause the county auditor to prepare, without cost, a statement of the value of the assessable property in the disincorporated city and the value of that property now contained in the incorporated city. If the statement shows that at least two-thirds of the assessed value of all assessable property formerly contained within the disincorporated city is contained within the boundaries of the newly incorporated city, the board of supervisors shall fix the relative proportion by an order entered in the minutes, and the newly incorporated city is liable for that proportion of the debts and liabilities of the disincorporated city.

57421. The board of supervisors shall forward a certified copy of the order to the Secretary of State and the city clerk, and turn over to the city council all public property taken by the board of supervisors and the proportion of the special fund to which the city is entitled. Thereafter, ownership of, and title to, all public property formerly belonging to the disincorporated city is vested in the city as fully as if the property had been originally acquired by it.

57422. Annually, at the time other city taxes are levied and collected, the city council shall levy and collect a special tax on the territory of the disincorporated city within the limits of the city sufficient to pay its proportion of the bonded indebtedness as it becomes due.

57423. Annually, at the time other county taxes are levied and collected, the board of supervisors shall levy and collect a special tax on the remainder of the territory sufficient to pay the balance of the debt, and pay this sum to the city treasurer.

57424. With the proceeds of those taxes, the city treasurer shall pay the bonded indebtedness as it becomes due.

57425. If any property within the former limits of the disincorporated city was sold for taxes levied by that city, it may be redeemed or a tax bond issued as if the city had not disincorporated. Those proceedings shall be had and deeds issued in the name of the city in which the land is situated.

CHAPTER 6. EFFECT OF DISSOLUTION

57450. On and after the effective date of the dissolution of a district, the district shall be dissolved, disincorporated, and extinguished, its existence shall be terminated, and all of its corporate powers shall cease, except for the purpose of winding up the affairs of the district and as otherwise provided in this chapter.

57451. For the purpose of winding up the affairs of a dissolved district, the successor of the dissolved district shall be determined as follows:

(a) If the territory of a dissolved district is located entirely within the incorporated territory of a single city, the city is the successor.

(b) If the territory of a dissolved district is located entirely within the unincorporated territory of a single county, the county is the successor.

(c) If the territory of a dissolved district is located within the incorporated territory of more than one city or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities and counties, the successor is that city whose incorporated territory or that county whose unincorporated territory shall, upon the effective date of dissolution, contain the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

(d) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed to a single existing district, the single existing district is the successor.

(e) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed to two or more existing districts, the successor is that existing district which, upon the effective date of dissolution, contains the greater assessed value

of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

57452. Upon the effective date of dissolution control over all of the moneys or funds, including cash on hand and moneys due but uncollected, and all property, real or personal, of the dissolved district is vested in the successor for the purpose of winding up the affairs of the district.

57453. For the sole and exclusive purpose of winding up the affairs of the dissolved district, the successor and the officers and legislative body of the successor have the same powers and duties as the dissolved district and the officers and legislative body of the dissolved district and all of the following additional powers and duties:

(a) To exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved district.

(b) To compromise and settle claims of every kind and nature.

(c) To sue or be sued in the same manner and to the same extent as the dissolved district and the officers and legislative body of the dissolved district.

These powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until the time when the affairs of the dissolved district have been completely wound up.

57454. No inhabitant, property owner, taxpayer, consumer, or user within the territory of a dissolved district shall be entitled to either of the following:

(a) All or any part, or to any payment on account of the moneys or funds, including cash on hand and moneys due but uncollected, or any property, real or personal, of the dissolved district.

(b) Any refund by reason of any taxes, assessments, service charges, rentals, or rates collected prior to the effective date of dissolution.

57455. Any moneys and funds of the dissolved district and any moneys or funds received by the successor from the sale or other disposition of any property, real or personal, of the dissolved district shall be used to the extent necessary, for the payment of principal, interest and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district.

57456. (a) When the successor determines that payment, or provision for payment, has been made of all short-term obligations of the dissolved district, the successor shall distribute any of the remaining assets of the dissolved district in the manner provided in Section 57457.

(b) "Short-term obligations," as used in subdivision (a), includes all amounts which shall be due and payable, prior to the end of the fiscal year commencing next after the effective date of dissolution, upon any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district. All other obligations

shall be long-term obligations.

57457. Remaining assets of the dissolved district shall be distributed by the successor as follows:

(a) If the territory of the dissolved district is located entirely within the incorporated territory of a single city, all of the assets shall be distributed to that city.

(b) If the territory of the dissolved district is located entirely within the unincorporated territory of a single county, all the assets of the dissolved district shall be distributed to that county.

(c) If the territory of a dissolved district is located within the incorporated territory of more than one city, or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities and counties, the assets of the dissolved district shall be apportioned between all such cities and counties and distributed as follows:

(1) All real property located within the incorporated territory of any city or within the unincorporated territory of any county, as the case may be, shall be distributed to that city or county.

(2) All moneys or funds including cash on hand and money due but uncollected and all personal property shall be divided among and distributed to each city or county in the proportion that the assessed value of the taxable property of the dissolved district within the incorporated territory of each city or within the unincorporated territory of each county shall bear to the total assessed value of all taxable property within the dissolved district, the assessed values being those shown upon the last equalized assessment roll or rolls of the county or counties upon the effective date of the dissolution.

57458. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding long-term obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a dissolved district, the legislative body of the successor shall in each year provide for the levy and collection of taxes or assessments upon the property sufficient to pay any principal, interest, and any other amounts owing on account of such obligations, as they become due. Those taxes or assessments shall be levied and collected in the manner provided by the principal act of the dissolved district.

57459. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the dissolved district, the successor shall not do either of the following:

(a) Sell, encumber, or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived from that enterprise, except as expressly authorized by the ordinance, resolution, or indenture authorizing or providing for the issuance of any of the bonds, contracts, or other obligations.

(b) Distribute less than the whole of the revenue-producing enterprise to any city or county.

57460. If at the time of distribution more than one city or county or any combination of cities or counties are entitled to distribution of portions of a revenue-producing enterprise but the successor is unable to distribute the same because of Section 57459, the successor shall retain the revenue-producing enterprise and all revenues derived from that enterprise until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of the enterprise, at which time the successor shall distribute the enterprise and any revenues derived therefrom in accordance with Section 57457.

57461. Where any bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise are outstanding upon the effective date of dissolution, the successor, prior to distribution, or any city or county, after distribution, shall succeed to all rights and liabilities of the dissolved district under any ordinance, resolution, or indenture authorizing the bonds, contracts, or other obligations or providing for the issuance of the bonds, contracts, or other obligations and may sue or be sued upon those rights and liability in the same manner and to the same extent as the dissolved district.

57462. Any funds, money, or property of a dissolved district which have been impressed with any public trust, use, or purpose shall continue to be so impressed until that public trust, use, or purpose is vacated, abandoned, or terminated, in the manner provided by law.

57463. Subject to the provisions of Section 57462, any funds, money, or property of a dissolved district may be used by the successor for the purpose of winding up the affairs of the district and, after distribution to any city, county, or district may be used for any lawful purpose of the city, county, or district to which the funds, money, or property have been distributed. So far as may be practicable, the funds, money, or property shall be used for the benefit of the lands, inhabitants, and taxpayers within the territory of the dissolved district.

CHAPTER 7. EFFECT OF CONSOLIDATION OF CITIES

57475. If the successor city has a freeholder's charter, the successor city shall be governed as a new city under the freeholder's charter of the successor city. If the successor city was organized under former Part 2 (commencing with Section 35000) of Division 2 of Title 4, or its predecessors, the successor city shall be governed in the same manner as a new city. Except as otherwise provided in this chapter, the successor city shall be governed in the name of the successor city. If the electors have expressed a preference for the

name of the successor city, the successor city is deemed to have the name favored by the electors. The predecessor cities are dissolved and disincorporated and if any of them has a freeholder's charter, it is deemed surrendered and annulled and they are merged into the successor city. Immediately upon qualifying, the officers of the successor city who have been elected shall enter upon the duties of their offices and hold office until the next general municipal election and until their successors are elected and qualified. All persons in possession of, or occupying, the offices in each of the predecessor cities shall surrender them immediately to the proper officers of the successor city.

57476. Upon consolidation, the title to any property owned or held by, or in trust for, each predecessor city or by its officers or boards in trust for public use shall be vested in the successor city or its officers or boards.

57477. Except as otherwise provided in this division, consolidation does not affect any debts, demands, liabilities, or obligations of any kind existing in favor of or against the cities consolidated at the time of consolidation. Consolidation does not affect any pending action or proceeding involving any such debt, demand, liability, or obligation or any action or proceedings brought by or against any city prior to consolidation. The proceedings shall be continued and concluded by final judgment or otherwise as if consolidation had not been effected. Those rights or liabilities are the rights and liabilities of the successor city.

57478. Immediately upon consolidation, all ordinances of the predecessor cities are deemed repealed. That repeal shall not discharge any person from any existing civil or criminal liability nor affect any pending prosecution for violation of any of those ordinances.

57479. The repeal of ordinances provided by Section 57478 shall not apply to any of the following:

(a) Ordinances under which vested rights have accrued.

(b) Ordinances relating to proceedings for street or other public improvements.

(c) Ordinances relating to zoning or land use regulation.

(d) Proceedings for opening, extending, widening, straightening, or changing the grade of streets or other public places.

These proceedings shall be continued and conducted by the successor city with the same effect as if continued and conducted by the city which commenced them.

57480. On and after the effective date of the consolidation, all ordinances, if any, of the successor city shall have full effect throughout the successor city.

57481. Unless otherwise provided in the terms and conditions of the consolidation, the property in cities consolidated pursuant to this chapter shall not be taxed to pay any indebtedness or liability of any other city contracted or incurred prior to, or existing at, the time of consolidation.

57482. The city council of the successor city shall separately levy and collect the taxes necessary to pay the indebtedness or liability of each predecessor city within the territory of each predecessor city.

57483. Where the successor city is, or becomes, a chartered city, under a freeholder's charter providing that boroughs may be established in territories or cities annexed to or consolidated with it, this division does not prevent a predecessor city, or any part of it, from becoming a borough.

CHAPTER 8. EFFECT OF CONSOLIDATION OF DISTRICTS

57500. On and after the effective date of a consolidation, the consolidated district succeeds to all of the powers, rights, duties, obligations, functions, and properties of all predecessor districts which have been united or joined into the consolidated district. The territory of a consolidated district, all inhabitants within that territory, and all persons entitled to vote by reason of residing or owning land within the territory are subject to the jurisdiction of the consolidated district and, except as otherwise provided in this chapter, have the same rights and duties as if the consolidated district had been originally formed under the principal act.

57501. No payment for the use, or right of use, of any property, real or personal, acquired or constructed by any predecessor district shall be required by reason of the consolidation of the district with other predecessor districts.

57502. The territory of a consolidated district shall be liable for payment of principal, interest, and any other amounts which become due on account of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of all predecessor districts, and are subject to the levying or fixing and collection of any of the following which may be necessary to provide for payment:

(a) Taxes or assessments.

(b) Service charges, rentals, or rates.

(c) Both taxes or assessments and service charges, rentals, or rates.

However, only the territory within an improvement district shall be liable for any payment required on account of any bonds, including revenue bonds, or other contracts previously authorized or issued by, or on behalf of, the improvement district.

CHAPTER 9. MERGERS AND THE ESTABLISHMENT OF SUBSIDIARY DISTRICTS

57525. On and after the effective date of a merger of a district of limited powers with a city, the district is extinguished, terminated, and its existence ceases, except as otherwise provided in this chapter.

57526. Upon the effective date of a merger, all of the moneys or funds, including cash on hand and moneys due but uncollected and all property, real or personal, of the merged district is vested in the

city.

57527. No inhabitant, property owner, taxpayer, consumer, or user within the territory of a merged district shall be entitled to either of the following:

(a) All or any part, or to any payment on account of the moneys or funds, including cash on hand and moneys due but uncollected, and any property, real or personal, of the merged district.

(b) Any refund by reason of any taxes, assessments, service charges, rentals, or rates collected prior to the effective date of merger.

57528. Any moneys and funds of the merged district and any moneys or funds received by the city from the sale or other disposition of any property, real or personal, of the merged district shall be used, to the extent necessary, for the payment of principal, interest, and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts and obligations of the merged district.

57529. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a merged district, the city council shall in each year provide for the levy and collection of taxes and assessments upon the property sufficient to pay any principal, interest, and any other amounts owing on account of such obligations, as they become due. Those taxes and assessments shall be levied and collected in the manner provided by the principal act of the merged district.

57530. Until payment, or provision for payment, has been made of all principal, interest, and any other amounts owing on account of any outstanding bonds, contracts, or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the merged district, the city shall not sell, encumber, or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived from the enterprise, except as expressly authorized by the ordinance, resolution, or indenture authorizing the bonds, contracts, or other obligations or providing for the issuance of any bonds, contracts, or other obligations.

57531. Where any bonds, including revenue bonds, contracts, or other obligations of the merged district are outstanding upon the effective date of merger, the city succeeds to all of the rights and liabilities of the merged district under any ordinance, resolution, indenture, contract, or other obligation or providing for or authorizing the issuance of any bonds, contracts, or other obligations and may sue and be sued upon those rights and liabilities in the same manner and to the same extent as the merged district.

57532. Any funds, money, or property of a merged district which have been impressed with any public trust, use, or purpose shall continue to be so impressed until the public trust, use, or purpose is

vacated, abandoned, or terminated, in the manner provided by law.

57533. Subject to Section 57532, any funds, money, or property of a merged district may be used for any lawful purpose of the city. So far as may be practicable, as determined by the city council, any of these funds, money, or property shall be used for the benefit of the lands, inhabitants, and taxpayers within the territory of the merged district.

57534. On and after the effective date of an order establishing a district of limited powers as a subsidiary district of a city, the city council shall be designated as, and empowered to act as, ex officio the board of directors of the district. The district shall continue in existence with all of the powers, rights, duties, obligations, and functions provided for by the principal act, except for any provisions relating to the selection or removal of the members of the board of directors of the district.

57535. If any court determines that any incompatibility exists by reason of the same person or persons holding office both as a member of the city council and as a member of the board of directors of a subsidiary district, the court shall order the vacation of the office of that person as a member of the board of directors, but not as a member of the city council, and shall order the membership of the board of directors to be selected in the manner provided by the principal act.

CHAPTER 10. EFFECT OF REORGANIZATION

57550. On and after the effective date of a reorganization, each change of organization ordered for any city or district shall be given the force and effect pertaining to a change of organization of that type, as provided in this part.

SEC. 4. Division 1 (commencing with Section 56000) of Title 6 of the Government Code is repealed.

SEC. 5. Sections 1 to 4 of this act shall become operative January 1, 1986.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is necessary for this act to take effect as soon as possible so that the provisions of other acts which amend, add, or repeal statutes affected by this act can be conformed to this act.

CHAPTER 542

An act to amend Sections 75.12, 214, and 2189.3 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1985 Filed with Secretary of State September 9, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 75.12 of the Revenue and Taxation Code is amended to read:

75.12. (a) For the purposes of this chapter, new construction shall be deemed completed on the earliest of the following dates:

(1) The date upon which the new construction is available for use by the owner, unless the owner does not intend to occupy or use the property. The owner shall notify the assessor prior to, or within 30 days of, the date of commencement of construction that he or she does not intend to occupy or use the property. If the owner does not notify the assessor as provided in this subdivision, the date shall be conclusively presumed to be the date of completion.

(2) If the owner does not intend to occupy or use the property, the date the property is occupied or used with the owner's consent.

(3) If the property cannot be functionally used or occupied on the date it is available for use considering the type of property and any special facts and circumstances affecting use or occupancy, the date the property can be functionally used or occupied.

(b) For the purposes of this section:

(1) "Occupy or use" means the occupancy or use by the owner, including the rental or lease of the property, except as provided in paragraph (2).

Property which would otherwise be exempt pursuant to this subdivision, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, shall be entitled to a partial exemption. A nonprofit public benefit corporation shall only be eligible to receive a penalty payment if it has been awarded a contract in an amount less than five hundred thousand dollars ($500,000).

(b) In applying this section to claims submitted to the state, or to its fiscal intermediary, by providers of services or equipment under the Medi-Cal program, pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, payment for claims shall be due 30 days after a claim is received by the state or its fiscal intermediary, unless reasonable cause for nonpayment exists. With regard to Medi-Cal claims "reasonable cause" shall include review of claims to determine medical necessity, review of claims for providers subject to special prepayment fraud and abuse controls, and claims which require review by the fiscal intermediary or department due to special circumstances. Claims requiring special review as specified above shall not be eligible for a late payment penalty.

(c) Unless otherwise specified, for the purposes of this section, "reasonable cause" shall include review of a claim which is improperly executed by the claimant or for which additional evidence of the validity of the claim is required. If it is determined by the state agency that a claim was improperly executed or that additional evidence of the validity of the claim is required, the small business or nonprofit public benefit corporation shall be notified within 15 working days of receipt by the state agency that the claim needs correction or that additional evidence of validity is required. The required payment date for claims requiring correction or additional information establishing validity shall be 30 days from the date the corrected claim is received by the state agency.

(d) For the purposes of this section, "required payment date" means: (1) the date on which payment is due under the terms of the contract; or (2) if a specific date is not established by contract, the date upon which an invoice is received, if the invoice specifies payment is due upon receipt; or (3) if a specific date is not established by contract or invoice, 30 days after receipt of a proper

invoice for the amount of the payment due.

(e) For the purposes of this section, "small business" means any business so defined by regulations of the Department of General Services which implements this section.

(f) For the purposes of this section, "nonprofit public benefit corporation" means a corporation as defined by subdivision (b) of Section 5046 of the Corporations Code which has registered with the Department of General Services as a small business.

(g) Any penalty required to be paid by a state agency pursuant to this section shall be paid by the Controller out of the state agency's budget.

(h) When a state agency is required by this section to pay a penalty, it shall be presumed that the fault is that of the head of the state agency and, in such cases, the head of the state agency shall submit to the Legislature a report on the actions taken to correct the problem.

(i) Any state agency which requests that the Legislature make a deficiency appropriation for the agency shall identify what part of the requested amount is necessitated because of any penalties imposed by this section.

(j) Accrual of the penalty provided by subdivision (a) shall cease on the date a claims schedule for the claim is submitted to the Controller. For purposes of this section, the term "small business" shall, in referring to providers under the Medi-Cal program, mean a business:

(1) Where the principal office is located in California.

(2) Where the officers, if any, are domiciled in California.

(3) Which is independently owned and operated.

(k) No nonprofit public benefit corporation awarded a contract pursuant to this section shall be eligible for a late payment penalty if the state agency has failed to make timely payment because no Budget Act has been enacted.

(b) Review and approve a general acute care hospital's application for beds to be designated as swing beds.

(c) Negotiate and grant exceptions to the licensure requirements for general acute care hospitals that are necessary to serve the purposes of this article if the granting of these exceptions does not jeopardize the health and welfare of the patients.

(d) Immediately upon the denial of an application for swing beds, notify the applicant in writing. Within 20 days after the state department mails the notice, the applicant may present a written petition for a hearing to the state department. Upon receipt by the state department of the petition in proper form, the petition shall be set for hearing. The proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the state department shall have all the powers granted therein.

(e) On behalf of approved hospitals, seek appropriate federal waivers consistent with this article.

1263.1. For the purposes of this article, the following definitions shall apply:

(a) "Swing beds" means beds licensed for general acute care, pursuant to Section 1250.1, which may, subject to this article, be used as skilled nursing beds, as classified in Section 1250.1. "Swing beds" shall retain the general acute care bed classification for the purposes of Part 1.5 (commencing with Section 437) of Division 1.

(b) "State department" means the State Department of Health Services.

(c) "Office" means the Office of Statewide Health Planning and Development.

1263.2. The office shall designate, at least annually, areas having an excess of general acute care beds and a shortage of skilled nursing beds. These areas shall correspond to the health facilities planning areas identified in the Statewide Health Facilities and Services Plan specified in subdivision (d) of Section 437.7. In making these designations, the office shall consider the need for general acute care and skilled nursing beds identified in the Statewide Health Facilities

and Services Plan, the number and utilization of swing beds previously designated in the area, the number of administrative days, as set forth in subdivision (c) of Section 1263.7, authorized by the state department, and other relevant factors. Other than as provided in this section, an acute care hospital shall be subject to the applicable requirements pertaining to approval of projects, as defined in Section 437.10, which are set forth in Part 1.5 (commencing with Section 437) of Division 1.

1263.3. (a) In order to be eligible for a special designation pursuant to this article, an applicant shall meet both of the following:

(1) The applicant shall be a licensed general acute care hospital, as defined in subdivision (a) of Section 1250, or a group thereof.

(2) The applicant shall be located within an area designated pursuant to Section 1263.2 as having an oversupply of acute care beds and a shortage of skilled nursing care beds.

(b) A description of how the facility will account for Medi-Cal cost report purposes for the following:

(1) Direct and indirect cost associated with acute care and skilled nursing care.

(2) Charges associated with acute care and skilled nursing care.

If after the time has elapsed, the acute care hospital so applying has received no notice of approval or disapproval from the State Director of Health Services, the application shall be deemed approved. The approval shall be solely for the purposes of the demonstration project authorized by this article, and for that limited purpose any changes in bed classification approved by the State Director of Health Services shall not require a certificate of need under any provision of law, including Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

In reviewing applications from more than one acute care hospital,

not all of which can be approved pursuant to paragraph (2) of subdivision (a) of Section 1263.3, the State Director of Health Services shall consider the cost and quality of skilled nursing care to be provided in the facility.

1263.6. If an acute care hospital has swing beds occupied for long-term care and is notified by a skilled nursing or intermediate care facility that it has beds available within a 25-mile radius of the hospital, the acute care hospital shall transfer appropriate patients to occupy the available beds. However, a skilled nursing or intermediate care facility shall accept and retain only patients for whom it can provide adequate care.

1263.7. (a) Medi-Cal reimbursement for use of swing beds designated pursuant to this article shall be made by the department at the current Medi-Cal acute care hospital distinct part rate if those beds are in use as skilled nursing beds and all the requirements of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code are met.

(b) If swing beds are in use as acute care beds and that use is in conformance with requirements of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code and this article, Medi-Cal reimbursement shall be at the hospital's Medi-Cal approved acute care rate.

(c) An acute care hospital designated to have swing beds shall not be reimbursed for administrative days, which are days authorized by the department of an acute level of care when a lower level of care would be appropriate but is locally unavailable, unless the hospital's designated swing beds are at full occupancy or the entire hospital is at 90 percent occupancy.

(d) Notwithstanding any other provision of this article, the State Director of Health Services may by regulations reduce the swing beds reimbursement rate, and in that event, the swing beds reimbursement rate shall not exceed the rate prescribed by regulations of the state director pursuant to this subdivision.

1263.8. (a) In accordance with the procedures prescribed in subdivision (d) of Section 1263, the state department shall terminate a hospital's swing bed designation authorized by this article if it finds that the hospital is not in compliance with this article or the welfare or safety of the patients served by the facility is adversely affected, or both.

(b) A hospital may terminate its swing bed designation subject to six months' advance notice to the state department and the Office of Statewide Health Planning and Development.

(c) Upon termination from the project, as prescribed by this section, the hospital beds shall revert to the same status held immediately preceding the hospital's participation in the demonstration project.

1263.9. (a) The Director of Health Services shall annually report to the Legislature, commencing July 1, 1986, on the effectiveness of swing bed designation and on the impact on reimbursement levels

and procedures of Medi-Cal and Medicare of those designations.

(b) Hospitals participating in a swing bed demonstration project shall submit an annual report to the state department and the Office of Statewide Health Planning and Development showing the bed utilization, including use of swing beds for patients who might previously have been sent home to wait for nursing home space, quality of care and facility cost impact, and overall effectiveness of the demonstration project.

1263.10. Implementation of this article shall be consistent with federal rules and regulations. The state department shall seek federal authorization for the implementation of this article. To the extent permitted by federal law, each department within the Health and Welfare Agency shall waive regulations and general policies and make resources available which are necessary for the administration of this article.

1263.11. This article shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 1.5. The State Department of Health Services shall seek any federal waiver necessary to implement the Medi-Cal provisions of this act. Any Medi-Cal provision for which an appropriate federal waiver cannot be obtained shall not be implemented. Provisions of this act which may be implemented without a federal waiver shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. Upon federal approval of the demonstration project, as described in this section, the state department shall immediately transmit to the Senate and Assembly of the California Legislature a letter indicating the approval and the date thereof which shall be published in the Senate and Assembly Journals.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate the critical shortage of available care for patients needing cost-effective, long-term, and subacute medical care, it is necessary that this act take effect immediately.

other time is less than the specified amount.

(c) If a loan made by a licensed personal property broker is in a principal amount of the specified amount or more, the fact that the transaction is in the form of a sale of accounts, chattel paper, contract rights, goods, or instruments or a lease of goods, or in the form of an advance on the purchase price of any of the foregoing, shall not be deemed to affect the loan or the bona fides of the amount thereof or to indicate that the provisions of the applicable section are used for the purpose of evading this division.

(b) A subsequent advance of money of less than the specified amount pursuant to a revolving or open end loan agreement or similar agreement between a borrower and a licensed commercial finance lender which gives the borrower the right to draw upon all or any part of the line of credit, or a loan agreement providing for the making of advances to the borrower from time to time up to an aggregate maximum amount which gives the borrower the right to draw all or any part of the total amount, shall be deemed to be a loan of a principal amount of the specified amount or more if the line of credit or the aggregate maximum amount is the specified amount or more and the initial advance was the specified amount or more even though the actual unpaid balance after the advance or at any other time is less than the specified amount.

(c) If a loan made by a licensed commercial finance lender is in a principal amount of the specified amount or more, the fact that the transaction is in the form of a sale of accounts, chattel paper, contract rights, goods, or instruments, or a lease of goods, or in the form of an

advance on the purchase price of any of the foregoing, shall not be deemed to affect the bona fides of the amount thereof.

CHAPTER 565

An act to add Sections 59234.5 and 60016 to the Food and Agricultural Code, relating to agricultural marketing.

[Approved by Governor September 13, 1985. Filed with Secretary of State September 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 59234.5 is added to the Food and Agricultural Code, to read:

59234.5. (a) When the director makes a determination that a marketing program assessment payment due pursuant to this chapter is deficient as to the payment due, the director may determine the amount of the deficiency, including any applicable penalty, as provided in this section. After giving notice that a deficiency determination is proposed and an opportunity to file a report or provide supplemental information is provided, the director may make one or more deficiency determinations of the amount due for any reporting period based on information in the director's possession. When a business is discontinued, a deficiency determination may be made at any time thereafter as to liability arising out of the operation of that business.

The director shall give notice of the proposed deficiency determination and the notice of deficiency determination by placing the notice thereof in a sealed envelope with postage paid addressed to the person affected as it appears in the records of the marketing order or as otherwise available to the director. The giving of notice is complete at the time of deposit in the United States mail. In lieu of mailing, a notice may be served personally by delivering it to the person to be served.

Except in the case of fraud or failure to file a required return, a notice of a deficiency determination shall be given within four years of the accrual of the deficiency.

(b) The person against whom a deficiency determination is made may petition the director for redetermination within 30 days after the serving of the notice of deficiency determination. If a petition is not filed within 30 days, the deficiency determination shall become final.

A petition for redetermination shall be in writing, state the specific grounds upon which it is based, and be supported by applicable records and declarations under penalty of perjury that the information supporting the petition is accurate and complete. If a petition for redetermination is duly filed, the director shall reconsider the deficiency determination and may grant a hearing thereon. The director shall, as soon as practicable, make an order on redetermination, which shall become final 30 days after service of notice of the order of redetermination upon the petitioner. The

notice of the order shall be served in the same manner as the notice of the original deficiency determination.

(c) If any amount required to be paid pursuant to a deficiency determination or redetermination is not paid within the time specified in the notice thereof, the director may, within four years thereafter, file in the Superior Court for the County of Sacramento, or the superior court of any other county, a certificate specifying the amount required to be paid, the name and address of the person liable as it appears on the records of the director, and a request that judgment be entered against the person in that amount 30 days after the filing. Notice of the filing shall be given in the same manner as for the notice of deficiency determination. The court shall enter a judgment in conformance with the director's certificate 30 days after its filing, unless a petition for judicial review has been filed within the 30-day period.

An abstract of the judgment, or a copy thereof, may be filed with the county recorder of any county. From the time of filing of the judgment, the amount of the judgment constitutes a lien upon all of the property in the county owned by the judgment debtor. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the date of the judgment, unless sooner released or otherwise discharged. The lien imposed by this section is not valid insofar as personal property is concerned against a purchaser for value without actual knowledge of the lien.

Execution shall issue upon the judgment upon request of the director in the same manner as execution may issue upon other judgments, and sales shall be held under execution as prescribed in the Code of Civil Procedure.

(d) The person named in a notice of deficiency determination or redetermination may, within 30 days of the notice of filing with the superior court, file an action for judicial review thereof, as provided in subdivision (c), in the Superior Court for the County of Sacramento or, with the director's consent, the superior court of any other county where the Attorney General maintains an office. As a condition of staying entry of judgment or granting other relief, the court shall require the filing of a corporate surety bond with the director in the amount of the deficiency stated in the certificate. In any court proceeding, the certificate of the director determining the deficiency shall be prima facie evidence of the fee and the amount due and unpaid.

(e) The provisions of this section are supplemental to any other procedures for collection and imposition of fees and penalties provided by this chapter.

In lieu of proceeding pursuant to this section, the director may file a complaint for collection of unpaid assessments as provided by law.

SEC. 2. Section 60016 is added to the Food and Agricultural Code, to read:

60016. (a) When the director makes a determination that a marketing program fee payment due pursuant to this chapter is

deficient as to the payment due, the director may determine the amount of the deficiency, including any applicable penalty, as provided in this section. After giving notice that a deficiency determination is proposed and an opportunity to file a report or provide supplemental information is provided, the director may make one or more deficiency determinations of the amount due for any reporting period based on information in the director's possession. When a business is discontinued, a deficiency determination may be made at any time thereafter as to liability arising out of the operation of that business.

The director shall give notice of the proposed deficiency determination and the notice of deficiency determination by placing the notice thereof in a sealed envelope with postage paid addressed to the person affected as it appears in the records of the marketing order or as otherwise available to the director. The giving of notice is complete at the time of deposit in the United States mail. In lieu of mailing, a notice may be served personally by delivering it to the person to be served.

Except in the case of fraud or failure to file a required return, a notice of a deficiency determination shall be given within four years of the accrual of the deficiency.

(b) The person against whom a deficiency determination is made may petition the director for redetermination within 30 days after the serving of the notice of deficiency determination. If a petition is not filed within 30 days, the deficiency determination shall become final.

A petition for redetermination shall be in writing, state the specific grounds upon which it is based, and be supported by applicable records and declarations under penalty of perjury that the information supporting the petition is accurate and complete. If a petition for redetermination is duly filed, the director shall reconsider the deficiency determination and may grant a hearing thereon. The director shall, as soon as practicable, make an order on redetermination, which shall become final 30 days after service of notice of the order of redetermination upon the petitioner. The notice of the order shall be served in the same manner as the notice of the original deficiency determination.

(c) If any amount required to be paid pursuant to a deficiency determination or redetermination is not paid within the time specified in the notice thereof, the director may, within four years thereafter, file in the Superior Court for the County of Sacramento, or the superior court of any other county, a certificate specifying the amount required to be paid, the name and address of the person liable as it appears on the records of the director, and a request that judgment be entered against the person in that amount 30 days after the filing. Notice of the filing shall be given in the same manner as for the notice of deficiency determination. The court shall enter a judgment in conformance with the director's certificate 30 days after its filing, unless a petition for judicial review has been filed within the

30-day period.

An abstract of the judgment, or a copy thereof, may be filed with the county recorder of any county. From the time of filing of the judgment, the amount of the judgment constitutes a lien upon all of the property in the county owned by the judgment debtor. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the date of the judgment, unless sooner released or otherwise discharged. The lien imposed by this section is not valid insofar as personal property is concerned against a purchaser for value without actual knowledge of the lien.

Execution shall issue upon the judgment upon request of the director in the same manner as execution may issue upon other judgments, and sales shall be held under execution as prescribed in the Code of Civil Procedure.

(d) The person named in a notice of deficiency determination or redetermination may, within 30 days of the notice of filing with the superior court, file an action for judicial review thereof, as provided in subdivision (c), in the Superior Court for the County of Sacramento or, with the director's consent, the superior court of any other county where the Attorney General maintains an office. As a condition of staying entry of judgment or granting other relief, the court shall require the filing of a corporate surety bond with the director in the amount of the deficiency stated in the certificate. In any court proceeding, the certificate of the director determining the deficiency shall be prima facie evidence of the fee and the amount due and unpaid.

(e) The provisions of this section are supplemental to any other procedures for collection and imposition of fees and penalties provided by this chapter.

In lieu of proceeding pursuant to this section, the director may file a complaint for collection of unpaid fees as provided by law.

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 4. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 566

An act to add and repeal Section 23014.5 of the Government Code, relating to Sonoma County, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 1985. Filed with Secretary of State September 13, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 23014.5 is added to the Government Code, to read:

23014.5. (a) Pursuant to a resolution adopted by a four-fifths vote of all of the members of the Board of Supervisors of Sonoma County, the county may appropriate any of its available moneys to a revolving fund not to exceed four million dollars ($4,000,000) to be used for a public purpose of the County of Sonoma, as determined by its board of supervisors, by any county water district, county sanitation district, flood control district, or county maintenance district, located wholly within the county, for the acquisition of real or personal property, environmental impact studies, fiscal analysis, engineering services, or the construction of structures or improvements needed for district purposes. The revolving fund shall be reimbursed by a district receiving funds pursuant to this section as provided for in Section 23014.

(b) This section shall remain in effect only until January 1, 1991, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends such date.

SEC. 2. The County of Sonoma faces unique problems in upgrading existing facilities and constructing new facilities for wastewater collection, treatment and disposal. The Sonoma County Public Works Department anticipates having seven construction contracts underway in this regard in the near future and the simultaneous cash demand needs of such contracts exceeds the five hundred thousand dollars ($500,000) ceiling provided in existing law for county assistance. In order to solve those problems, it is necessary for the County of Sonoma to be authorized to provide four million dollars ($4,000,000) of assistance to the projects. Because of the special situation involving the County of Sonoma, a general law may not be made applicable within the meaning of Section 16 of Article IV of the Constitution and it is necessary that this special act be adopted.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Various construction projects in Sonoma County with respect to the upgrading and construction of wastewater collection, treatment,

and disposal facilities have obtained financial assistance under the State Clean Water Grant Program and the Federal Water Pollution Control Act of 1972. In order to resolve certain cash flow problems which will occur during the actual construction periods of those projects and to ensure that projects are constructed, it is necessary that this act take effect immediately.

CHAPTER 567

An act to amend Section 2782 of, and to add Section 2782.2 to, the Civil Code, relating to indemnity.

[Approved by Governor September 13, 1985 Filed with Secretary of State September 13, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2782 of the Civil Code is amended to read:

2782. (a) Except as provided in Sections 2782.1, 2782.2, and 2782.5, provisions, clauses, covenants, or agreements contained in, collateral to, or affecting any construction contract and which purport to indemnify the promisee against liability for damages for death or bodily injury to persons, injury to property, or any other loss, damage or expense arising from the sole negligence or willful misconduct of the promisee or the promisee's agents, servants or independent contractors who are directly responsible to such promisee, or for defects in design furnished by such persons, are against public policy and are void and unenforceable; provided, however, that this provision shall not affect the validity of any insurance contract, workers' compensation or agreement issued by an admitted insurer as defined by the Insurance Code.

(b) Except as provided in Sections 2782.1, 2782.2, and 2782.5, provisions, clauses, covenants, or agreements contained in, collateral to, or affecting any construction contract with a public agency which purport to impose on the contractor, or relieve the public agency from, liability for the active negligence of the public agency shall be void and unenforceable.

SEC. 2. Section 2782.2 is added to the Civil Code, to read:

2782.2. (a) Nothing contained in subdivision (a) of Section 2782 prevents an agreement to indemnify a professional engineer against liability for the negligence of the engineer, or the engineer's agents or employees, in providing inspection services to plants or other facilities if all the following criteria are satisfied:

(1) The promisor is the owner of the plants or facilities inspected.

(2) The promisor is audited annually by an independent certified public accountant, public accountant, or accounting licentiate of another state authorized by the laws of that state to perform the audit.

(3) The net worth of the promisor exceeds ten million dollars ($10,000,000), as determined by the promisor's most recent annual independent audit. The requirement of this paragraph shall be satisfied at the time the contract for indemnification is entered, and a subsequent reduction of the promisor's net worth shall not void the obligation to indemnify.

(4) The promisor is self-insured with respect to liability arising from ownership of the plant or facility.

(5) The indemnification shall not be applicable to the first two hundred fifty thousand dollars ($250,000) of liability.

(b) Subdivision (a) does not authorize contracts for indemnification of liability arising from willful misconduct.

CHAPTER 568

An act to amend Section 10980 of the Welfare and Institutions Code, relating to food stamps, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 1985. Filed with Secretary of State September 13, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 10980 of the Welfare and Institutions Code is amended to read:

10980. (a) Any person who, willfully and knowingly, with the intent to deceive, makes a false statement or representation or knowingly fails to disclose a material fact in order to obtain aid under the provisions of this division or who, knowing he or she is not entitled thereto, attempts to obtain aid or to continue to receive aid to which he or she is not entitled, or to receive a larger amount than that to which he or she is legally entitled, is guilty of a misdemeanor, punishable by imprisonment in the county jail for a period of not more than six months, a fine of not more than five hundred dollars ($500), or by both such imprisonment and fine.

(b) Any person who knowingly makes more than one application for aid under the provisions of this division with the intent of establishing multiple entitlements for any person for the same period or who makes an application for such aid for a fictitious or nonexistent person or by claiming a false identity for any person is guilty of a felony, punishable by imprisonment in the state prison for a period of 16 months, two years, or three years, a fine of not more than five thousand dollars ($5,000), or by both such imprisonment and fine, or by imprisonment in the county jail for a period of not more than one year, or a fine of not more than one thousand dollars ($1,000), or by both such imprisonment and fine.

(c) Whenever any person has, by means of false statement or

representation or by impersonation or other fraudulent device, obtained or retained aid under the provisions of this division for himself or herself or for a child not in fact entitled thereto, the person obtaining such aid shall be punished as follows:

(1) If the total amount of such aid obtained or retained is four hundred dollars ($400) or less, by imprisonment in the county jail for a period of not more than six months, a fine of not more than five hundred dollars ($500), or by both such imprisonment and fine.

(2) If the total amount of such aid obtained or retained is more than four hundred dollars ($400), by imprisonment in the state prison for a period of 16 months, two years, or three years, a fine of not more than five thousand dollars ($5,000), or by both such imprisonment and fine; or by imprisonment in the county jail for a period of not more than one year, or a fine of not more than one thousand dollars ($1,000), or by both such imprisonment and fine.

(d) Any person who knowingly uses, transfers, acquires, or possesses blank authorizations to participate in the federal Food Stamp Program in any manner not authorized by Chapter 10 (commencing with Section 18900) of Part 6 with the intent to defraud is guilty of a felony, punishable by imprisonment in the state prison for a period of 16 months, two years, or three years, a fine of not more than five thousand dollars ($5,000), or by both such imprisonment and fine.

(e) Any person who counterfeits or alters or knowingly uses, transfers, acquires, or possesses counterfeited or altered authorizations to participate in the federal Food Stamp Program or food stamps in any manner not authorized by the Food Stamp Act of 1964 (Public Law 88-525 and all amendments made thereto) or the federal regulations pursuant to the act is guilty of forgery.

(f) Any person who fraudulently appropriates food stamps or authorizations to participate in the federal Food Stamp Program with which he or she has been entrusted pursuant to his or her duties as a public employee is guilty of embezzlement of public funds.

(g) Whoever knowingly uses, transfers, sells, purchases, or possesses food stamps or authorizations to participate in the federal Food Stamp Program in any manner not authorized by Chapter 10 (commencing with Section 18900), of Part 6, or by the federal Food Stamp Act of 1977 (Public Law 95-113 and all amendments made thereto) is; (1) guilty of a misdemeanor if the face value of the food stamps or the authorizations to participate is four hundred dollars ($400) or less, and shall be punished by imprisonment in the county jail for a period of not more than six months, a fine of not more than five hundred dollars ($500), or by both such imprisonment and fine, or (2) guilty of a felony if the face value of the food stamps or the authorizations to participate exceeds four hundred dollars ($400), and shall be punished by imprisonment in the state prison for a period of 16 months, two years, or three years, a fine of not more than five thousand dollars ($5,000), or by both such imprisonment and fine or by imprisonment in the county jail for a period of not more

than one year, or a fine of not more than one thousand dollars ($1,000), or by both such imprisonment and fine.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that specified illegal acts concerning the use of food stamps are subject to criminal penalties, as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 569

An act to amend Section 45308 of the Education Code, relating to classified employees.

[Approved by Governor September 13, 1985. Filed with Secretary of State September 13, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 45308 of the Education Code is amended to read:

45308. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, in school districts with an average daily attendance below 400,000, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 45128. For purposes of this section, in school districts with an average daily attendance of 400,000 or more, for service commencing or continuing after January 1, 1986, "length of service" shall be determined by the date of hire.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid industrial accident leave. In the event an employee returns to work following any other unpaid leave

of absence, no further seniority shall be accrued for the time not worked.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

CHAPTER 570

An act to amend Section 1798.165 of the Health and Safety Code, relating to trauma systems.

[Approved by Governor September 13, 1985 Filed with Secretary of State September 13, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1798.165 of the Health and Safety Code is amended to read:

1798.165. (a) Local emergency medical services agencies may designate trauma facilities as part of their trauma care system pursuant to the regulations promulgated by the authority.

(b) The health facility shall only be designated to provide the level of trauma care and service for which it is qualified and which is included within the system implemented by the agency.

(c) No health care provider shall use the terms "trauma facility," "trauma hospital," "trauma center," "trauma care provider," "trauma vehicle," or similar terminology in its signs or advertisements, or in printed materials and information it furnishes to the general public, unless the use is authorized by the local EMS agency.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(b) This section does not apply to persons to whom the board did not mail either (1) written notice of the board meeting at which the petition pursuant to Section 2525 is to be considered as an item of business, or (2) written notice of the pendency of the proceedings pursuant to Section 2526.

CHAPTER 573

An act to amend Sections 3774, 3800, and 3802 of, and to add Sections 3802.5 and 3804.1 to, the Public Utilities Code, relating to highway carriers.

[Approved by Governor September 13, 1985 Filed with Secretary of State September 13, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 3774 of the Public Utilities Code is amended to read:

3774. The commission may cancel, revoke, or suspend the operating permit or permits of any highway carrier upon any of the following grounds:

(a) Any illegally conducted highway carrier operations.

(b) The violation of any of the provisions of this chapter, or of any operating permit issued thereunder.

(c) The violation of any order, decision, rule, regulation, direction, demand, or requirement established by the commission pursuant to this chapter.

(d) The conviction of the highway carrier of any misdemeanor under this chapter.

(e) The rendition of a judgment against the highway carrier for any penalty imposed under this chapter.

(f) The failure of a highway carrier to pay any fee imposed upon the carrier within the time required by law.

As an alternative to the cancellation, revocation, or suspension of an operating permit or permits, the commission may impose upon the holder of the permit or permits a fine of not exceeding twenty thousand dollars ($20,000). The commission may assess interest upon any fine imposed, the interest to commence upon the day the payment of the fine is delinquent. All fines and interest collected shall be deposited at least once each month in the State Treasury to the credit of the General Fund.

SEC. 2. Section 3800 of the Public Utilities Code is amended to read:

3800. All of these fines shall be paid into the State Treasury to the credit of the General Fund. The remedy and penalty provided by this section are cumulative and shall not be a bar to or affect any other remedy or penalty provided for in this chapter, or to the exercise by the commission of its power to punish for contempt.

(f) For the 1979–80 fiscal year only:

(1) The amount of property tax revenue, attributable to the tax rate area, for each jurisdiction for the prior fiscal year shall be considered to be the total property tax revenue for such jurisdiction for fiscal year 1978–79 allocated among tax rate areas in the same proportion which the taxable assessed valuation for fiscal year 1978–79 in each tax rate area bears to the total taxable assessed valuation of all tax rate areas in which the jurisdiction was located in fiscal year 1978–79.

(2) Property tax revenue received by local agencies in the prior fiscal year shall include the amount of state assistance payments allocated to each local agency, allocated among tax rate areas in proportion to the jurisdiction's taxable assessed valuation within each tax rate area for the 1978–79 fiscal year.

(3) Property tax revenue received by school entities in the prior fiscal year shall be reduced by the adjustments required by subdivision (b) of Section 96, allocated among tax rate areas, in proportion to the school entity's taxable assessed valuation within each tax rate area for the 1978–79 fiscal year.

CHAPTER 577

An act to amend Sections 51852, 51852.5 and 51853 of, and to add Section 18938.5 to, the Health and Safety Code, relating to buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 13, 1985 Filed with Secretary of State September 14, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 18938.5 is added to the Health and Safety Code, to read:

18938.5. Only those building standards approved by the commission, and which are effective within a local agency at the time an application for a building permit is submitted, apply to construction performed under that building permit.

SEC. 2. Section 51852 of the Health and Safety Code is amended to read:

51852. Loans insured under this part shall meet all of the following requirements:

(a) The loans shall be made for a period acceptable to the agency not to exceed 40 years or four-fifths of the remaining life of the structure, as determined by the agency in accordance with its regulations, whichever is less.

(b) The loans shall be subject to maximum loan amounts for each category of loan authorized to be insured under this part.

(c) The loans shall be secured by mortgages, or the loan shall be wholly or partially insured or guaranteed by an agency or instrumentality of the United States, except for property improvement loans under limits established by the agency.

(d) The agency may establish loan-to-value limitations for each

category of loan and may set forth limitations on the further encumbrance of structures and other real property securing loans, but only to the extent necessary to prevent unreasonable impairment of the agency's security. In no case involving refinancing, shall the loan have a principal obligation in an amount exceeding the sum of the estimated cost of rehabilitation, if any, and the amount required to refinance existing indebtedness secured by the property and settlement and closing costs incurred in connection therewith.

(e) Loans for the rehabilitation of residential structures shall have a principal obligation not exceeding an amount which, when added to any outstanding indebtedness constituting a lien upon the property securing the loan, creates a total outstanding indebtedness which would be reasonably secured by a mortgage of first priority on the property pursuant to subdivision (d), and as set forth in regulations of the agency.

(f) Loans for refinancing may be insured only if refinancing is necessary to permit a borrower to afford the cost of rehabilitation or to minimize rent increases for occupants of the residential structure, where the rents would otherwise exceed affordable rents due to the expense of rehabilitation, or to achieve another purpose specified in this division.

(g) With respect to any loan for the rehabilitation of a residential structure, the agency shall determine that the rehabilitation is economically feasible. For purposes of this subdivision, the economic feasibility of commercial space in a mixed residential and commercial structure shall be determined independently for any structure to be rehabilitated for mixed residential and commercial uses.

(h) No borrower shall be eligible for insurance of a loan or loans for acquisition or rehabilitation of more than one residential structure, unless the borrower is a qualified developer.

(i) For the purpose of increasing the efficiency and minimizing the cost of the loan insurance program, the agency may insure or issue commitments to insure loans, upon the certification of an officer of an approved lending institution that the proposed rehabilitation conforms to requirements specified by regulations of the agency regarding economic feasibility and commercial demand.

(j) With respect to any loan for rehabilitation or rehabilitation in combination with refinancing or purchase, the loan agreement shall provide that all funds loaned for repairs and improvements shall be paid after completion or according to a progress payment schedule to the owner and contractor or other provider of goods or services jointly at the times as payment becomes due, and provided the work or portion of the work for which payment is tendered is certified, as provided by regulation of the agency, to be in compliance with contract specifications and applicable state or local housing or building standards.

(k) The agency shall contract with the insured or the borrower,

or both, during the term of the insurance if the agency determines that either or both of those contracts is necessary to maintain residential rentals available to lower income households at affordable rents.

(*l*) Relocation payments shall be made to persons and families displaced in making a site or residential structure available for rehabilitation or construction financed by loans insured under this part, and relocation advisory assistance provided to those persons, as specified by Section 51063. Relocation payments shall also be made to owners involuntarily displaced because of inability to afford costs of compliance required pursuant to this part, but any payment pursuant to Section 4623 of Title 42 of the United States Code or Section 7263 of the Government Code shall be limited to the reasonable costs of a replacement dwelling adequate to accommodate the displaced person or family without regard to whether the dwelling is otherwise comparable to the dwelling formerly occupied, less the amount received from sale of the dwelling. Relocation payments may be made from the proceeds of insured loans as authorized by the agency.

(m) The residential structure for which a loan is insured pursuant to this part shall be insured against loss due to fire and other causes, as provided by the regulations of the agency.

(n) Any other terms and conditions as the agency, by regulation, determines are necessary to further the purposes of this part.

SEC. 3. Section 51852.5 of the Health and Safety Code is amended to read:

(1) Any local government prohibitions against condominium conversion any time after 10 years from the date a certificate of occupancy is issued. Any such condominium conversion shall be made in accordance with the requirements of Article 2.5 (commencing with Section 66452.50) of Chapter 3 of Division 2 of Title 7 of the Government Code.

(2) Any rent control except for units made available to lower income households as provided pursuant to subdivision (b) of Section 51226 and subdivision (k) of Section 51852.

(b) Any rental housing development which is financed from mortgages insured or coinsured pursuant to this chapter is exempt from any architectural or design review by the agency.

SEC. 4. Section 51853 of the Health and Safety Code is amended to read:

51853. The agency may provide insurance pursuant to this part for loans for housing developments and residential structures which will be occupied primarily by persons and families of low or moderate income and for loans for privately financed rental housing developments which will benefit lower income households.

"Privately financed rental housing development," as used in this section, includes rental housing developments financed by local public entities, as defined by Section 50079.

SEC. 5. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that certain adjustments in insurance coverage and that certainty concerning the application of building standards can be provided as soon as possible, it is necessary for this act to take effect immediately.

(b) The dates of maturity, and the amount of the bonds maturing at each date of maturity, which amounts need not be equal, but which dates shall be at annual or semiannual intervals, and the first of which dates of maturity shall be not more than five years, and the last of which dates of maturity shall be not more than 45 years, after the date of the bonds.

(c) Whether or not the bonds are to be subject to redemption at the option of the board prior to maturity, and, if so, the provisions for the redemption, the manner of the call thereof, and the price or prices at which the bonds shall be subject to redemption.

If the registration is provided for, coupon bonds may be interchanged for registered bonds and registered bonds for coupon bonds, and all of the provisions of this chapter with reference to the payment of bonds and interest coupons shall be subject to the terms and conditions of the registration with respect to the payment of registered bonds and the interest on registered bonds.

(i) All other terms and conditions of the bonds and of the execution, issuance, and sale of the bonds, which shall be consistent with all of the provisions of this chapter.

Based on the information provided by the regional centers and other local agencies, the State Council on Developmental Disabilities shall annually develop an assessment of the level of need for new community programs. This needs assessment shall be included in the state plan. The State Council on Developmental Disabilities, in consultation with the State Department of Developmental Services, shall make a recommendation to the Department of Finance as to the level of funding for program development to be included in the Governor's Budget, based upon this needs assessment.

(b) Parental fee schedules shall be evaluated pursuant to Section 4784 and adjusted annually by the department, with the approval of the state council. Fees for out-of-home care shall bear an equitable relationship to the cost of the care and the ability of the family to pay.

(c) In addition to parental fees and General Fund appropriations, the Program Development Fund may be augmented by federal funds available to the state for program development purposes, when these funds are allotted to the Program Development Fund in the state plan. The Program Development Fund is hereby appropriated to the department, and subject to any allocations which may be made in the annual Budget Act. In no event shall any of these funds revert to the General Fund.

(d) The department may allocate funds from the Program Development Fund for any legal purpose, provided that requests for proposals and allocations are approved by the state council in consultation with the department, and are consistent with the

priorities for program development in the state plan. Allocations from the Program Development Fund shall take into consideration the following factors:

(1) The future fiscal impact of the allocations on other state supported programs for developmentally disabled persons.

(2) The information on priority services needed, but currently unavailable, submitted by the regional centers.

Consistent with the level of need as determined in the state plan, excess parental fees may be used for purposes other than new program development only when specifically appropriated to the State Department of Developmental Services for those purposes.

For the 1982–83 fiscal year only, parental fees in excess of those appropriated in the Budget Act of 1982 are hereby appropriated to the State Department of Developmental Services for purchasing services by regional centers.

(e) Under no circumstances shall the deposit of federal moneys into the Program Development Fund be construed as requiring the State Department of Developmental Services to comply with a definition of "developmental disabilities" and "services for persons with developmental disabilities" other than as specified in subdivisions (a) and (b) of Section 4512 for the purposes of determining eligibility for developmental services or for allocating parental fees and state general funds deposited in the Program Development Fund.

SEC. 4. Section 4784 of the Welfare and Institutions Code is amended to read:

4784. (a) The Director of Developmental Services shall establish, annually review, and adjust as needed, a schedule of parental fees for services received through the regional centers. This schedule shall be revised to reflect changes in economic conditions that affect parents' ability to pay the fee, but not to exceed an inflationary factor as determined by the department.

(b) The parental fee schedule established pursuant to this section shall be exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) In establishing the amount parents shall pay, the director shall take into account all of the following factors:

(1) Medical expenses incurred prior to regional center care.

(2) Whether the child is living at home.

(3) Parental payments for medical expenses, clothing, incidentals, and other items considered necessary to the normal rearing of a child.

(4) Transportation expenses incurred in visiting a child.

(d) All parental payments shall be deposited in the Program Development Fund established in Chapter 6 (commencing with Section 4670) to provide resources needed to initiate new programs, consistent with approved priorities for program development in the state plan.

The people of the State of California do enact as follows:

SECTION 1. Section 2881 of the Public Utilities Code is amended to read:

2881. (d) The commission shall establish a rate recovery mechanism, which shall not exceed ten cents ($0.10) per month for each line of a subscriber, to allow telephone corporations to recover costs as they are incurred under this section. The commission shall require that the programs implemented under this section be identified on subscribers' bills as "communication devices funds for deaf and disabled" and shall establish a separate fund and require separate accounting for each of the programs implemented under this section.

(e) The commission shall determine and specify those statewide organizations representing the deaf or severely hearing-impaired which shall receive a telecommunications device pursuant to subdivision (a) or a dual party relay system pursuant to subdivision (b), or both, and in which offices the equipment shall be installed in the case of an organization having more than one office. The commission shall direct the telephone corporations subject to its jurisdiction to comply with its determinations and specifications in this regard.

The form also shall contain a certificate of marriage, which shall be filled out by the parties upon performance of the marriage and authenticated by the person performing the marriage.

(4) If, after an approval to authorize confidential marriages is granted pursuant to this subdivision, it is discovered that the notary public has engaged in any of the actions specified in Section 8214.1 of the Government Code, the approval shall be revoked. In such a case, any fees paid by the notary public may be retained by the county clerk.

(5) No approval shall be granted pursuant to this subdivision unless the notary public shows evidence of successful completion of a course of instruction concerning the authorization of confidential marriages that shall be conducted by the county clerk. The course of instruction shall not exceed two hours in duration.

(6) The county clerk shall maintain a list of the notaries public who are approved to authorize confidential marriages. The list shall be available for inspection by the public. It is the responsibility of a notary public approved to authorize confidential marriages pursuant to this subdivision to keep current the information required in subparagraphs (A), (C), (D), and (E) of paragraph (2). This information shall be used by the county clerk to update the list required to be maintained by this paragraph.

(7) If a notary public who is approved to authorize confidential marriages pursuant to this subdivision is alleged to have violated any of the provisions of this article, the county clerk shall conduct a hearing to determine if the approval of the notary public should be suspended or revoked. The notary public may present such evidence as is necessary in his or her defense. If the county clerk determines that the notary public has violated any of the provisions of this article, the county clerk may place the notary public on probation or suspend or revoke his or her registration. The county clerk shall report the findings of the hearing to the Secretary of State for whatever action the Secretary of State deems appropriate.

(e) The county clerk shall, not less than quarterly, transmit copies of all confidential marriage certificates filed after January 1, 1982, to the State Registrar of Vital Statistics. The registrar may destroy the copies so transmitted after they have been indexed. The registrar may respond to an inquiry as to the existence of a marriage performed pursuant to this section, but shall not disclose the date of such a marriage.

(f) The county clerk may conduct a search for a confidential marriage certificate for the purpose of confirming the existence of a marriage; however, the date of the marriage and any other information contained in the certificate shall not be disclosed except

upon order of the superior court.

(g) A party to a confidential marriage may obtain a certified copy of the confidential marriage certificate from the county clerk of the county in which the certificate is filed in any of the following ways:

(1) By submitting the application for a certified copy of the confidential marriage certificate provided to the parties at the time of the marriage.

(2) By personally appearing before a notary public or at the county clerk's office in his or her county of residence, producing proper identification, obtaining a certificate attesting to his or her identity from the notary public or county clerk, and transmitting that certificate, together with a request for the certified copy of the confidential marriage certificate, to the county clerk of the county with which the certificate is filed.

(3) By personally appearing at the county clerk's office where the certificate is filed and producing proper identification.

Copies of a confidential marriage certificate may be issued to the parties to such a marriage upon the payment of a fee equivalent to that charged for copies of a certificate of marriage.

(h) In the event that a certificate furnished pursuant to this section is lost, damaged, or destroyed after the performance of the marriage and before it is filed, the county clerk may issue a replacement upon the payment of a fee of five dollars ($5).

SEC. 3. Section 4213.1 of the Civil Code is amended to read:

4213.1. If, for any reason, either or both of the parties to be married is physically unable to appear in person before the county clerk, a confidential marriage license shall be issued by the county clerk to the person performing the ceremony upon that person's presenting an affidavit to the county clerk signed by the person and the parties to be married, explaining the reason for the inability to appear.

SEC. 4. Section 4215 of the Civil Code is amended to read:

4215. The provisions of this article, so far as they relate to the solemnizing of marriages, are not applicable to members of any particular religious denomination having, as such, any peculiar mode of entering the marriage relation; but those marriages must be declared, as provided in Section 4210, and be acknowledged and recorded, as provided in Section 4211. Where a marriage is declared as provided in Section 4210 the husband or wife must file the declaration with the county recorder within 30 days after the marriage, and upon receiving it the county recorder must record the declaration. If the husband or wife fails to make the declaration and file it for record they are liable to the same penalties as any person authorized to solemnize marriages, who fails to make the return of the solemnization as provided by law.

SEC. 5. Any marriage solemnized by a judge or magistrate of the United States, as defined in Section 4205 of the Civil Code, as amended by this act, in this state prior to the effective date of this act that is not otherwise invalid is hereby retroactively validated as

of the date on which it was solemnized.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 8. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 587

An act to amend Sections 163.5 and 7137 of, and to add and repeal Section 163.6 of, the Business and Professions Code, and to amend Section 11522 of the Government Code, relating to licenses, and making an appropriation therefor.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 163.5 of the Business and Professions Code is amended to read:

163.5. Except as otherwise provided by law, the delinquency, penalty, or late fee for any licensee within the Department of Consumer Affairs shall be 50 percent of the renewal fee for such license in effect on the date of the renewal of the license, but not less than twenty-five dollars ($25) nor more than one hundred fifty dollars ($150).

A delinquency, penalty, or late fee shall not be assessed until 30 days have elapsed from the date that the licensing agency mailed a notice of renewal to the licensee at the licensee's last known address of record. The notice shall specify the date for timely renewal, and that failure to renew in a timely fashion shall result in the assessment of a delinquency, penalty, or late fee.

In the event a reinstatement or like fee is charged for the reinstatement of a license, the reinstatement fee shall be 150 percent of the renewal fee for such license in effect on the date of the

reinstatement of the license, but not more than twenty-five dollars ($25) in excess of the renewal fee, except that in the event that such a fee is fixed by statute at less than 150 percent of the renewal fee and less than the renewal fee plus twenty-five dollars ($25), the fee so fixed shall be charged.

SEC. 2. Section 163.6 is added to the Business and Professions Code, to read:

163.6. Whenever any board, bureau, committee, or commission experiences an increase in revenue as a result of the provisions of the act which added this section, a commensurate reduction in license renewal fees shall be adopted by the affected licensing agency by resolution of the board, committee, or commission or by directive of the director in the case of a bureau. When a reduction in renewal fees is required, the reduction shall be made within 90 days of the next renewal period, and, in the case of a continuous renewal cycle, the determination of surplus shall be made at the end of each fiscal year and a commensurate reduction in renewal fees ordered by the end of the first quarter of the following fiscal year.

This section shall become inoperative on June 30, 1991, and, as of January 1, 1992, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1992, deletes or extends the dates on which it becomes inoperative and is repealed.

It is the intent of the Legislature that by June 30, 1991, every board, bureau, committee, and commission shall have permanently adjusted their license renewal fees to offset any additional revenue resulting from the act which added this section.

SEC. 3. Section 7137 of the Business and Professions Code is amended to read:

7137. The amount of the fees prescribed by this chapter shall be fixed by the board according to the following schedule:

(a) The application fee for an original license in a single classification shall not exceed one hundred fifty dollars ($150).

The application fee for each additional classification applied for in connection with an original license shall not exceed fifty dollars ($50).

The application fee for each additional classification pursuant to Section 7059 shall not exceed fifty dollars ($50).

The application fee to replace a responsible managing officer or employee pursuant to Section 7068.2 shall not exceed fifty dollars ($50).

(b) The fee for rescheduling an examination for an applicant who has applied for an original license, additional classification, or a change of responsible managing officer or responsible managing employee, shall not exceed fifty dollars ($50).

(c) The initial license fee for an active or inactive license shall not exceed one hundred fifty dollars ($150).

(d) The renewal fee for an active license shall not exceed two hundred dollars ($200).

The renewal fee for an inactive license shall not exceed fifty dollars ($50).

(e) The delinquency fee is an amount equal to 50 percent of the renewal fee, but not more than twenty-five dollars ($25).

(f) The registration fee for a home improvement salesperson shall not exceed fifty dollars ($50).

(g) The renewal fee for a home improvement salesperson registration shall not exceed seventy-five dollars ($75).

SEC. 4. Section 11522 of the Government Code is amended to read:

11522. A person whose license has been revoked or suspended may petition the agency for reinstatement or reduction of penalty after a period of not less than one year has elapsed from the effective date of the decision or from the date of the denial of a similar petition. The agency shall give notice to the Attorney General of the filing of the petition and the Attorney General and the petitioner shall be afforded an opportunity to present either oral or written argument before the agency itself. The agency itself shall decide the petition, and the decision shall include the reasons therefor, and any terms and conditions that the agency reasonably deems appropriate to impose as a condition of reinstatement. This section shall not apply if the statutes dealing with the particular agency contain different provisions for reinstatement or reduction of penalty.

SEC. 5. The Legislature finds and declares that the amendments to Section 11522 of the Government Code made by this act reflect the original intent of the Legislature in enacting Section 11522 of the Government Code, and that the amendments to that section made by this act do not constitute a change in, but are declaratory of, the existing law.

6012.2. (a) For purposes of this part, "gross receipts" from the sale of a used mobilehome, as defined in Section 18014 of the Health and Safety Code, and the "sales price" of a used mobilehome, sold or stored, used, or otherwise consumed in this state shall be based on the current value of the used mobilehome, as specified by a recognized value guide, whenever a registered or legal owner sells a used mobilehome through a person licensed under the Health and Safety Code as a dealer and not on the dealer's own account or through a licensed real estate broker acting pursuant to Section 10131.6 of the Business and Professions Code, or whenever a purchaser of a used mobilehome is required to pay the use tax to the Department of Housing and Community Development.

If the value guide does not specify the model or manufacturer of a used mobilehome, the value of the used mobilehome shall be

If the actual sales price of a used mobilehome is less than the current value specified in the value guide, the "sales price" and "gross receipts" shall be based on the actual sales price of the mobilehome as evidenced by the purchase documents. The State Board of Equalization shall approve the value guides for use within this state through regulation.

(b) For the purposes of this part, "gross receipts" from the sale of a mobilehome, whether new or used, and the "sales price" of a mobilehome, whether new or used, shall exclude the amount of separately stated escrow fees on the sale of such mobilehome.

(b) Any person making sales to the operator of a catering truck who fails to comply with this section shall pay a penalty of five hundred dollars ($500) for each such failure to comply.

(c) If the board finds that a person's failure to comply with this section is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty imposed by this section.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

SEC. 5. Section 6901 of the Revenue and Taxation Code is amended to read:

6901. If the board determines that any amount, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in

the records of the board and shall certify to the State Board of Control the amount collected in excess of the amount legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control the excess amount collected or paid shall be credited by the board on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his successors, administrators, or executors.

In the case, however, of a determination by the board that an amount not exceeding fifteen thousand dollars ($15,000) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his successors, administrators, or executors.

Any overpayment of the use tax by a purchaser to a retailer who is required to collect the tax and who gives the purchaser a receipt therefor pursuant to Article 1, Chapter 3, of this part shall be credited or refunded by the state to the purchaser.

If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. SEC. 9. Section 7262.2 is added to the Revenue and Taxation Code, to read:

7262.2. The transactions and use tax ordinance of a district adopted pursuant to this part, shall be deemed to adopt by reference the provisions of Sections 7261 and 7262, as now in effect or as later amended, which are required to be included in the ordinance, regardless of whether or not the ordinance was adopted or amended prior to or after the effective date of this section.

SEC. 13. Section 9151 of the Revenue and Taxation Code is amended to read:

9151. If the board determines that any amount not required to be paid under this part has been paid by any person, the board shall set forth that fact in its records and certify to the State Board of Control the amount paid in excess of the amount legally due and the person by whom the excess was paid to the board or from whom it was collected. prescribe.

The service supplier will include a list of any service users who have refused to pay a cumulative total of three dollars ($3) or more of the surcharge imposed by this part with each return filing.

SEC. 28. Section 41071 of the Revenue and Taxation Code is amended to read:

41071. The amount of the determination, exclusive of penalties, shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the day specified pursuant to Section 41051 for which the amount or any portion thereof should have been returned until the date of payment.

SEC. 29. Section 41076 of the Revenue and Taxation Code is amended to read:

41076. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return every notice of a deficiency determination shall be mailed within three years after the last day of the second calendar month following the quarterly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later. In the case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the second calendar month following the month for which the amount is proposed to be determined.

SEC. 30. Section 41078 is added the Revenue and Taxation Code, to read:

If before the expiration of the time prescribed in Section 41076 for the mailing of a notice of deficiency determination, the taxpayer has consented in writing to the mailing of the notice after that time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

SEC. 31. Section 41082 of the Revenue and Taxation Code is amended to read:

41082. The amount of the determination, exclusive of penalties, shall bear interest at the modified adjusted rate per month, or fraction thereof, established pursuant to Section 6591.5, from the day specified pursuant to Section 41051 for which the amount or any portion thereof should have been returned until the date of payment.

41088. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 41074 or Section 41080 applies to the amount of the determination as originally made or as increased, the claim for increase must be

asserted within eight years after the last day of the second calendar month following the quarterly period for which the increase is asserted.

SEC. 33. Section 41100 of the Revenue and Taxation Code is amended to read:

41100. If the board determines that any amount, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of the amount legally due and the person from whom it was collected or by whom paid. In the case, however, of a determination by the board that an amount not exceeding fifteen thousand dollars ($15,000) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his successors, administrators, or executors.

Any overpayment of the surcharge by a service user to a service supplier who is required to collect the surcharge shall be credited or refunded by the state to the service user; provided however, that if the service supplier has paid the amount to the board and establishes to the satisfaction of the board that it has not collected the amount from the service user or has refunded the amount to the service user, the overpayment may be credited or refunded by the state to the service supplier.

43451. If the board determines that any amount of tax, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of what was legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control, the excess amount collected or paid shall be credited on any amounts then due from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

However, in the case of a determination by the board that an amount not to exceed fifteen thousand dollars ($15,000) was not required to be paid under this part, the board without obtaining the approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

SEC. 37. Section 43491 of the Revenue and Taxation Code is amended to read:

If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. SEC. 39. Section 44066 of the Revenue and Taxation Code is amended to read:

44066. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return, every notice of a deficiency determination shall be mailed within three years after the last day of the second calendar month following the quarterly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires later. In the case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the second calendar month following the quarterly period for which the amount is proposed to be determined.

The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

SEC. 41. Section 44083 of the Revenue and Taxation Code is amended to read:

SEC. 42. Section 44091 of the Revenue and Taxation Code is amended to read:

If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 44070 and 44090.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

SEC. 43. Section 44100 of the Revenue and Taxation Code is amended to read:

44100. If the board determines that any amount, penalty, or interest has been paid more than once, the board shall set forth that fact in the records of the board and shall certify to the State Board

of Control the amount collected in excess of the amount legally due and the person from whom it was collected. If approved by the State Board of Control, the excess amount collected or paid shall be credited by the board on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his or her successors, administrators, or executors.

In the case of a determination by the board that an amount not exceeding fifteen thousand dollars ($15,000) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his or her successors, administrators, or executors.

(a) To the individual to whom the information pertains.

(b) With the prior written voluntary consent of the individual to whom the record pertains, but only if such consent has been obtained not more than 30 days before the disclosure, or in the time limit agreed to by the individual in the written consent.

(c) To the duly appointed guardian or conservator of the individual or a person representing the individual provided that it can be proven with reasonable certainty through the possession of agency forms, documents or correspondence that such person is the authorized representative of the individual to whom the information pertains.

information was acquired.

(e) To a person, or to another agency where the transfer is necessary for the transferee agency to perform its constitutional or statutory duties, and the use is compatible with a purpose for which the information was collected and the use or transfer is listed in the notice provided pursuant to Section 1798.9 or accounted for in accordance with Section 1798.25.

(f) To a governmental entity when required by state or federal law.

(i) Pursuant to a determination by the agency which maintains information that compelling circumstances exist which affect the health or safety of an individual, if upon the disclosure notification is transmitted to the individual to whom the information pertains at his or her last known address. Disclosure shall not be made if it is in conflict with other state or federal law.

(j) To the State Archives of the State of California as a record which has sufficient historical or other value to warrant its continued preservation by the California state government, or for evaluation by the Director of General Services or his or her designee to determine whether the record has further administrative, legal, or fiscal value.

(k) To any person pursuant to a subpoena, court order, or other compulsory legal process if, before the disclosure, the agency reasonably attempts to notify the individual to whom the record pertains, and if the notification is not prohibited by law.

(*l*) To any person pursuant to a search warrant.

(m) Pursuant to Article 3 (commencing with Section 1800) of Chapter 1 of Division 2 of the Vehicle Code.

(n) For the sole purpose of verifying and paying government health care service claims made pursuant to Division 9 (commencing with Section 10000) of the Welfare and Institutions Code.

(o) To a law enforcement agency when required for an investigation of unlawful activity, unless the disclosure is otherwise prohibited by law.

(p) To another person or governmental organization to the extent necessary to obtain information from the person or governmental organization as necessary for an investigation by the agency of a failure to comply with a specific state law which the agency is responsible for enforcing.

(q) To the Office of Information Practices when the transfer is necessary for that office to investigate a complaint it has received regarding an alleged violation of any provision of this chapter or to

perform its mediation functions, provided that the Office of Information Practices has received the written voluntary consent of the individual to whom the information pertains for such a transfer.

(r) To an adopted person and is limited to general background information pertaining to the adopted person's natural parents, provided that the information does not include or reveal the identity of the natural parents.

(s) To a child or a grandchild of an adopted person and disclosure is limited to medically necessary information pertaining to the adopted person's natural parents. However the information, or the process for obtaining the information, shall not include or reveal the identity of the natural parents. The State Department of Social Services shall adopt regulations governing the release of information pursuant to this subdivision by July 1, 1985. The regulations shall require licensed adoption agencies to provide the same services provided by the department as established by this subdivision.

(t) To a committee of the Legislature or to a Member of the Legislature, or his or her staff when authorized in writing by the member, where such member has permission to obtain the information from the individual to whom it pertains or where the member provides reasonable assurance that he or she is acting in behalf of the individual.

(u) To the University of California or a nonprofit educational institution conducting scientific research, provided the request for information includes assurances of the need for personal information, procedures for protecting the confidentiality of the information and assurances that the personal identity of the subject shall not be further disclosed in individually identifiable form.

(v) To an insurer if authorized by Chapter 5 (commencing with Section 10900) of Division 4 of the Vehicle Code.

The provisions of this article shall not be construed to require the disclosure of personal information to the individual to whom the information pertains when that information may otherwise be withheld as set forth in Section 1798.40.

SEC. 12. Section 1798.25 of the Civil Code is amended to read:

1798.25. Each agency shall keep an accurate accounting of the date, nature, and purpose of each disclosure of a record made pursuant to subdivision (i), (k), (*l*), (o), or (p), of Section 1798.24. This accounting shall also be required for disclosures made pursuant to subdivision (e) or (f) of Section 1798.24 unless notice of the type of disclosure has been provided pursuant to Sections 1798.9 and 1798.10. The accounting shall also include the name, title, and business address of the person or agency to whom the disclosure was made.

Routine disclosures of information pertaining to crimes, offenders, and suspected offenders to law enforcement agencies of federal, state, and local government shall be deemed to be disclosures pursuant to subdivision (e) of Section 1798.24 for the purpose of meeting this requirement.

SEC. 13. Section 1798.28 of the Civil Code is amended to read:

1798.28. Each agency, after July 1, 1978, shall inform any person or agency to whom a record containing personal information has been disclosed during the preceding three years of any correction of an error or notation of dispute made pursuant to Sections 1798.35 and 1798.36 if (1) an accounting of the disclosure is required by Section 1798.25 or 1798.26, and the accounting has not been destroyed pursuant to Section 1798.27, or (2) the information provides the name of the person or agency to whom the disclosure was made, or (3) the person who is the subject of the disclosed record provides the name of the person or agency to whom the information was disclosed.

SEC. 14. Section 1798.31 of the Civil Code is repealed.

SEC. 15. Section 1798.34 of the Civil Code is amended to read:

1798.34. (a) Except as otherwise provided in this chapter, each agency shall permit any individual upon request and proper identification to inspect all the personal information in any record containing personal information and maintained by reference to an identifying particular assigned to the individual within 30 days of the agency's receipt of the request for active records, and within 60 days of the agency's receipt of the request for records that are geographically dispersed or which are inactive and in central storage. Failure to respond within these time limits shall be deemed denial. In addition, the individual shall be permitted to inspect any personal information about himself or herself where it is maintained by reference to an identifying particular other than that of the individual, if the agency knows or should know that the information exists. The individual also shall be permitted to inspect the accounting made pursuant to Article 7 (commencing with Section 1798.25).

(b) The agency shall permit the individual, and, upon the individual's request, another person of the individual's own choosing to inspect all the personal information in the record and have an exact copy made of all or any portion thereof within 15 days of the inspection. It may require the individual to furnish a written statement authorizing disclosure of the individual's record to another person of the individual's choosing.

(c) The agency shall present the information in the record in a form reasonably comprehensible to the general public.

(d) Whenever an agency is unable to access a record by reference to name only, or when access by name only would impose an unreasonable administrative burden, it may require the individual to submit such other identifying information as will facilitate access to the record.

(e) When an individual is entitled under this chapter to gain access to the information in a record containing personal information, the information or a true copy thereof shall be made available to the individual at a location near the residence of the individual or by mail, whenever reasonable.

SEC. 16. Section 1798.38 of the Civil Code is amended to read:

1798.38. If information, including letters of recommendation, compiled for the purpose of determining suitability, eligibility, or qualifications for employment, advancement, renewal of appointment or promotion, status as adoptive parents, or for the receipt of state contracts, or for licensing purposes, was received with the promise or, prior to July 1, 1978, with the understanding that the identity of the source of the information would be held in confidence and the source is not in a supervisory position with respect to the individual to whom the record pertains, the agency shall fully inform the individual of all personal information about that individual without identification of the source. This may be done by providing a copy of the text of the material with only such deletions as are necessary to protect the identity of the source or by providing a comprehensive summary of the substance of the material. Whichever method is used, the agency shall insure that full disclosure is made to the subject of any personal information that could reasonably in any way reflect or convey anything detrimental, disparaging, or threatening to an individual's reputation, rights, benefits, privileges, or qualifications, or be used by an agency to make a determination that would affect an individual's rights, benefits, privileges, or qualifications. In institutions of higher education, "supervisory positions" shall not be deemed to include chairpersons of academic departments.

SEC. 17. Section 1798.40 of the Civil Code is amended and renumbered to read:

1798.41. (a) Except as provided in subdivision (c), if the agency determines that information requested pursuant to Section 1798.34 is exempt from access, it shall inform the individual in writing of the agency's finding that disclosure is not required by law.

(b) Except as provided in subdivision (c), each agency shall conduct a review of its determination that particular information is exempt from access pursuant to Section 1798.40, within 30 days from the receipt of a request by an individual directly affected by the determination, and inform the individual in writing of the findings of the review. The review shall be conducted by the head of the agency or an official specifically designated by the head of the agency.

(c) If the agency believes that compliance with subdivision (a) would seriously interfere with attempts to apprehend persons who are wanted for committing a crime or attempts to prevent the commission of a crime or would endanger the life of an informant or other person submitting information contained in the record, it may petition the presiding judge of the superior court of the county in which the record is maintained to issue an ex parte order authorizing the agency to respond to the individual that no record is maintained. All proceedings before the court shall be in camera. If the presiding judge finds that there are reasonable grounds to believe that compliance with subdivision (a) will seriously interfere with

attempts to apprehend persons who are wanted for committing a crime or attempts to prevent the commission of a crime or will endanger the life of an informant or other person submitting information contained in the record, the judge shall issue an order authorizing the agency to respond to the individual that no record is maintained by the agency. The order shall not be issued for longer than 30 days but can be renewed at 30-day intervals. If a request pursuant to this section is received after the expiration of the order, the agency must either respond pursuant to subdivision (a) or seek a new order pursuant to this subdivision.

SEC. 18. Section 1798.40 is added to the Civil Code, to read:

1798.40. This chapter shall not be construed to require an agency to disclose personal information to the individual to whom the information pertains, if the information meets any of the following criteria:

(a) Is compiled for the purpose of identifying individual criminal offenders and alleged offenders and consists only of identifying data and notations of arrests, the nature and disposition of criminal charges, sentencing, confinement, release, and parole and probation status.

(b) Is compiled for the purpose of a criminal investigation of suspected criminal activities, including reports of informants and investigators, and associated with an identifiable individual.

(c) Is contained in any record which could identify an individual and which is compiled at any stage of the process of enforcement of the criminal laws, from the arrest or indictment stage through release from supervision and including the process of extradition or the exercise of executive clemency.

(d) Is maintained for the purpose of an investigation of an individual's fitness for licensure or public employment, or of a grievance or complaint, or a suspected civil offense, so long as the information is withheld only so as not to compromise the investigation, or a related investigation. The identities of individuals who provided information for the investigation may be withheld pursuant to Section 1798.38.

(e) Would compromise the objectivity or fairness of a competitive examination for appointment or promotion in public service, or to determine fitness for licensure, or to determine scholastic aptitude.

(f) Pertains to the physical or psychological condition of the individual, if the agency determines that disclosure would be detrimental to the individual. The information shall, upon the individual's written authorization, be disclosed to a licensed medical practitioner or psychologist designated by the individual.

(g) Relates to the settlement of claims for work related illnesses or injuries and is maintained exclusively by the State Compensation Insurance Fund.

(h) Is required by statute to be withheld from the individual to whom it pertains.

This section shall not be construed to deny an individual access to

information relating to him or her if access is allowed by another statute or decisional law of this state.

SEC. 19. Section 1798.41 of the Civil Code is amended and renumbered to read:

1798.42. In disclosing information contained in a record to an individual, an agency shall not disclose any personal information relating to another individual which may be contained in the record. To comply with this section, an agency shall, in disclosing information, delete from disclosure such information as may be necessary. This section shall not be construed to authorize withholding the identities of sources except as provided in Sections 1798.38 and 1798.40.

SEC. 20. Section 1798.42 of the Civil Code is amended and renumbered to read:

1798.43. In disclosing information contained in a record to an individual, an agency need not disclose any information pertaining to that individual which is exempt under Section 1798.40. To comply with this section, an agency may, in disclosing personal information contained in a record, delete from the disclosure any exempt information.

SEC. 21. Section 1798.43 of the Civil Code is amended and renumbered to read:

1798.44. This article applies to the rights of an individual to whom personal information pertains and not to the authority or right of any other person, agency, other state governmental entity, or governmental entity to obtain this information.

SEC. 22. Section 1798.46 of the Civil Code is amended to read:

1798.46. In any suit brought under the provisions of subdivision (a) of Section 1798.45:

(a) The court may enjoin the agency from withholding the records and order the production to the complainant of any agency records improperly withheld from the complainant. In such a suit the court shall determine the matter de novo, and may examine the contents of any agency records in camera to determine whether the records or any portion thereof may be withheld as being exempt from the individual's right of access and the burden is on the agency to sustain its action.

(b) The court shall assess against the agency reasonable attorney's fees and other litigation costs reasonably incurred in any suit under this section in which the complainant has prevailed. A party may be considered to have prevailed even though he or she does not prevail on all issues or against all parties.

SEC. 23. Section 1798.53 of the Civil Code is amended to read:

1798.53. Any person, other than an employee of the state or of a local government agency acting solely in his or her official capacity, who intentionally discloses information, not otherwise public, which they know or should reasonably know was obtained from personal information maintained by a state agency or from "records" within a "system of records" (as these terms are defined in the Federal

Privacy Act of 1974 (P. L. 93-579; 5 U.S.C. 552a)) maintained by a federal government agency, shall be subject to a civil action, for invasion of privacy, by the individual to whom the information pertains.

In any successful action brought under this section, the complainant, in addition to any special or general damages awarded, shall be awarded a minimum of two thousand five hundred dollars ($2,500) in exemplary damages as well as attorney's fees and other litigation costs reasonably incurred in the suit.

The right, remedy, and cause of action set forth in this section shall be nonexclusive and is in addition to all other rights, remedies, and causes of action for invasion of privacy, inherent in Section 1 of Article I of the California Constitution.

SEC. 24. Section 1798.56 of the Civil Code is amended to read:

1798.56. Any person who willfully requests or obtains any record containing personal information from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than five thousand dollars ($5,000), or imprisoned not more than one year, or both.

SEC. 25. Section 1798.65 of the Civil Code is repealed.

SEC. 26. Section 1798.77 is added to the Civil Code, to read:

1798.77. Each agency shall ensure that no record containing personal information shall be modified, transferred, or destroyed to avoid compliance with any of the provisions of this chapter. In the event that an agency fails to comply with the provisions of this section, an individual may bring a civil action and seek the appropriate remedies and damages in accordance with the provisions of Article 9 (commencing with Section 1798.45).

An agency shall not remove or destroy personal information about an individual who has requested access to the information before allowing the individual access to the record containing the information.

SEC. 27. Section 1798.78 is added to the Civil Code, to read:

1798.78. This chapter shall not be deemed to supersede the provisions of Chapter 1299 of the Statutes of 1976.

SEC. 28. Section 2 of Chapter 709 of the Statutes of 1977 is repealed.

SEC. 29. Section 5 of Chapter 709 of the Statutes of 1977 is repealed.

CHAPTER 596

An act to add Chapter 7.5 (commencing with Section 1361) to Part 1 of Division 1 of the Public Utilities Code, relating to public utility facilities.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.5 (commencing with Section 1361) is added to Part 1 of Division 1 of the Public Utilities Code, to read:

CHAPTER 7.5. DECOMMISSIONING OF NUCLEAR FACILITIES

1361. This chapter shall be known and may be cited as the Nuclear Facility Decommissioning Act of 1985.

1362. The Legislature hereby finds and declares all of the following:

(a) The citizens of California should be protected from exposure to radiation from nuclear facilities.

(b) It is in the best interest of all citizens of California that the costs of electricity generated by nuclear facilities be fairly distributed among present and future generations of California ratepayers so that ratepayers are charged only for costs that are determined by the commission to be reasonably and prudently incurred.

(c) The costs of electricity generated by nuclear facilities, including the cost of their decontamination and decommissioning, should be reduced to the lowest level consistent with public health and safety.

(d) The ultimate costs of the decommissioning of nuclear facilities are of significant magnitude, and introduce an element of financial risk for both ratepayers and investors unless prudent provision is made for defraying those costs.

(e) In order to reduce both risk and ultimate cost for all of its citizens, the State of California should establish a comprehensive framework for timely payment of the costs of decommissioning, and provide for allocation of risks and costs among the respective interests.

(f) The principal considerations in establishing a state policy respecting the economic aspects of decommissioning are as follows:

(1) Assuring that the funds required for decommissioning are available at the time and in the amount required for protection of the public.

(2) Minimizing the cost to ratepayers of an acceptable level of assurance.

(3) Structuring payments for decommissioning so that ratepayers and investors are treated equitably over time so that ratepayers are

charged only for costs that are determined by the commission to be reasonably and prudently incurred.

1363. It is the intent of the Legislature in enacting this chapter to protect the ratepayers of California, both present and future, from risk of unreasonable costs associated with ownership and operation of nuclear powerplants. To that end, the commission shall develop regulations and guidelines that promote realism in estimating cost, provide periodic review procedures that create maximum incentives for accurate cost estimations, and provide for decommissioning cost controls.

1364. Unless the context otherwise requires, the definitions in this section shall govern construction of this chapter:

(a) "Decommissioning" means to remove nuclear facilities safely from service and to reduce residual radioactivity to a level that permits release of the property for unrestricted use and termination of license, or as otherwise defined by the Nuclear Regulatory Commission or its successor. Decommissioning also includes other activities and costs, if any, which may be included in Internal Revenue Service regulations implementing Section 468A of the United States Internal Revenue Code.

(b) "Nuclear facilities" means the site, building and contents, and equipment associated with any activity licensed by the Nuclear Regulatory Commission, or as may be otherwise defined by the Nuclear Regulatory Commission or its successor.

1365. (a) Each public utility owning, in whole or in part, or operating nuclear facilities, located in California or elsewhere, shall establish an externally managed, segregated fund for the purposes of this chapter. In addition, each public utility may establish other funds, as appropriate, for payment of decommissioning costs of nuclear facilities.

(b) The externally managed, segregated fund established pursuant to subdivision (a) shall be a fund which qualifies for a tax deduction pursuant to Section 468A of the United States Internal Revenue Code, and applicable regulations of the Internal Revenue Service adopted pursuant thereto, if that tax treatment is determined by the commission to be in the best long-term interests of the ratepayers of the public utility.

(c) The commission shall authorize each public utility to collect sufficient revenues in rates to make the maximum contributions to the fund established pursuant to Section 468A of the United States Internal Revenue Code and applicable regulations, that are deductible for federal and state income tax purposes, and to otherwise recover the revenue requirement associated with reasonable and prudent decommissioning costs of the nuclear facilities for purposes of making contributions into other funds established pursuant to subdivision (a).

1366. (a) Each public utility owning, in whole or in part, or operating a nuclear facility, located in California or elsewhere, shall provide a decommissioning cost estimate to the commission for all

nuclear facilities which shall include all of the following:

(1) An estimate of costs of decommissioning.

(2) A description of changes in regulation, technology, and economics affecting the estimate of costs.

(3) A description of additions and deletions to nuclear facilities.

(4) Upon request of the commission, other information required by the Nuclear Regulatory Commission regarding decommissioning costs.

(b) The decommissioning cost estimate study shall be periodically revised in accordance with procedures adopted by the commission pursuant to Section 1367.

1367. The commission shall review, in conjunction with each general rate case proceeding of each public utility, the decommissioning cost estimate of each public utility in order to ensure that the estimate takes account of the changes in the technology and regulation of decommissioning, the operating experience of each nuclear facility, and the changes in the general economy. The review shall specifically include all cost estimates, the basis for the cost estimates, and all assumptions about the remaining useful life of the nuclear facilities.

1368. The expenses associated with decommissioning of nuclear facilities shall be paid from the funds established pursuant to Section 1365. In the event that the money in the funds are insufficient for payment of all decommissioning costs, the commission shall determine whether the costs incurred in excess of the money in the funds are reasonable in amount and prudently incurred. If the commission determines that the excess costs are reasonable in amount and prudently incurred, the commission shall authorize these costs to be charged to ratepayers.

1369. The commission shall, for ratemaking purposes, review and approve the estimated service life and estimated retirement date of all nuclear facilities.

SEC. 2. This act shall become operative only if Assembly Bill 66 of the 1985–86 Regular Session is enacted and becomes effective.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 597

An act to amend Section 10334 of the Public Contract Code, relating to service revolvers.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 10334 of the Public Contract Code is amended to read:

10334. (a) No state employee may purchase any goods, supplies, equipment, or materials from the state, unless the goods, supplies, equipment, or materials are offered to the general public in the regular course of the state's business on the same terms and conditions as those applicable to the employee. CHAPTER 599

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 4801) of Division 2 of the Public Utilities Code is repealed.

SEC. 2. Chapter 5 (commencing with Section 4801) is added to Division 2 of the Public Utilities Code, to read:

CHAPTER 5. MOTOR TRANSPORTATION BROKERS

Article 1. General Provisions and Definitions

4801. This chapter shall be known and may be cited as the Motor Transportation Brokers' Act.

4802. The Legislature finds and declares that the business of acting as an intermediary between the public and motor carriers of property operating over the public highways of the state is affected with a public interest and that it is the purpose of this chapter to secure for the public the full benefit of the services of these intermediaries, to promote competitive and efficient transportation services, and to protect the public from unfair or deceptive practices by these intermediaries.

4803. This chapter does not regulate commerce between this and any other state or with any foreign nation except to the extent permitted under the Constitution and laws of the United States.

4804. As used in this chapter, "brokerage" or "brokerage service" means the arranging for the transportation of property by a motor carrier over the highways of this state for or on behalf of a shipper, a consignor, or a consignee.

4805. As used in this chapter, "commission" means the Public Utilities Commission.

4806. As used in this chapter, "corporation" includes a corporation, a company, an association, and a joint stock association.

4807. As used in this chapter, "motor carrier" includes any person or corporation, or its lessee, or trustee or receiver appointed by any court, transporting or offering to transport property for compensation over the highways of this state. "Motor carrier" does not include a passenger stage corporation engaged in transporting baggage or express incidental to the transportation of passengers or a cement carrier, cement contract carrier, dump truck carrier, or household goods carrier.

4808. As used in this chapter, "motor transportation broker" includes any person or corporation, or its lessee, or trustee or receiver appointed by any court, arranging or offering to arrange for the transportation of property for compensation by any motor carrier over the highways of this state.

A motor carrier or any employee or bona fide agent of a motor carrier is not a motor transportation broker by reason of arranging or offering to arrange for the transportation of any shipment which it is authorized to transport and has contracted to transport. As used in this paragraph, "bona fide agent" is a person or corporation which is a part of the normal organization of a motor carrier and performs duties under the carrier's directions pursuant to a preexisting agreement providing for a continuing relationship which precludes the exercise of discretion by the agent in allocating traffic between the motor carrier and others.

4809 As used in this chapter, "nonbrokerage service" means all service performed by a motor transportation broker on behalf of a motor carrier, shipper, consignor, or consignee other than a brokerage service.

4810. As used in this chapter, "person" includes an individual, a firm, or a partnership.

Article 2. Licenses

4821. No person or corporation shall act in any manner as a motor transportation broker without being licensed therefor.

4822. (a) An application for a motor transportation broker's license shall be made in writing to the commission and shall be in a form and shall contain the information the commission requires.

(b) A fee of five hundred dollars ($500) shall accompany every application for a motor transportation broker's license. The commission shall deposit all fees received under this chapter at least once each month in the Treasury to the credit of the Transportation Rate Fund.

4823. The commission shall issue a motor transportation broker's license to an applicant that it finds and determines is fit, willing, and able to act as a broker for transportation as authorized by the license

and to comply with this chapter and the rules and orders of the commission.

4824. The commission shall require that every motor transportation broker file with the commission a bond, policy of insurance, or other security in an amount and form approved by the commission guaranteeing that all money received for the payment of transportation charges is paid to the motor carrier providing the transportation. In addition to any other penalty, the commission shall suspend or revoke the license of any motor transportation broker violating this section.

4825. (a) A motor transportation broker's license permits the broker to do all of the following:

(1) Offer its services to motor carriers, consignors, consignees, and shippers without limitation to specified carriers, consignors, consignees, or shippers.

(2) Issue invoices for its services to motor carriers, consignors, consignees, and shippers.

(3) Receive compensation from more than one party to the same transportation transaction.

(b) Notwithstanding paragraph (3) of subdivision (a), a motor transportation broker shall collect and transmit to the motor carrier all applicable charges for every shipment but may charge and collect in addition thereto an agreed-upon commission from the motor carrier or agreed-upon compensation, or both a commission and compensation, from the consignor, consignee, or shipper.

4826. Every motor transportation broker shall prominently display in its place of business its license and any other matters that the commission requires.

4827. No action against the surety on a motor transportation broker's bond may be brought later than one year after the accrual of the cause of action thereon.

4828. A motor transportation broker's license is not transferable except upon approval of the commission after a finding that the applicant for transfer is fit, willing, and able to perform the duties of a motor transportation broker and that the transfer is not contrary to the public interest.

4829. A motor transportation broker which is a corporation shall inform the commission of any change in control of the corporation. The commission may require the corporation to submit a new application for a motor transportation broker's license showing to the satisfaction of the commission that the change in control is not contrary to the public interest or, if contrary to the public interest, the commission may deny the application and revoke the license.

Article 3. Regulation

4841. The commission may regulate the operations, practices, and contracts of motor transportation brokers, may prescribe rules applicable to the operations of motor transportation brokers, but

shall not regulate the rates and charges of motor transportation brokers.

4842. A person or corporation may hold a certificate or permit as a motor carrier together with a motor transportation broker's license, but may not act both as a motor carrier and as a motor transportation broker with respect to the same transportation transaction. Every motor carrier holding a motor transportation broker's license is subject to this chapter with respect to all operations under that license.

4843. Every motor transportation broker shall keep a record of each transaction which contains all of the following:

(a) The name and address of the consignor.

(b) The name, address, and commission certificate or permit number of the originating motor carrier.

(c) The bill of lading or freight bill number.

(d) The amount of compensation paid to the motor transportation broker for brokerage service performed and the name of the payer.

(e) A description of any nonbrokerage service performed, the amount of compensation paid to the motor transportation broker, and the name of the payer.

(f) The amount of any transportation charges collected by the motor transportation broker and the date of transmittal of these charges to the motor carrier.

4844. (a) The commission or its authorized employees, representatives, or inspectors, shall, at all times, have access to all accounts, records, and memoranda, including all documents, books, papers, and correspondence kept, or required to be kept, by a motor transportation broker, and may photocopy or electrostatically or photostatically reproduce, at the commission's expense, any of these accounts, records, memoranda, documents, books, papers, and correspondence at either the premises of the motor transportation broker or the offices of the commission. A motor transportation broker may determine whether the copying or reproduction is done at its premises or at the offices of the commission, and if copying or reproduction expenses are incurred by the motor transportation broker. The commission shall, upon request, reimburse the motor transportation broker for those expenses.

(b) For purposes of maintaining its records, a motor transportation broker may keep master lists by consignors and by each motor carrier's certificate or permit number in lieu of a separate record for each transaction.

4845. (a) Every motor transportation broker shall retain its records at its principal place of business within this state for at least three years.

(b) The employees, representatives, and inspectors of the commission may, under its order or direction, inspect and examine any lands, buildings, equipment, accounts, books, records, and memoranda, including all documents, papers, and correspondence, kept or required to be kept, by a motor transportation broker.

4846. A motor transportation broker and a motor carrier which are parties to a transaction may each inspect the records of the other relating to that transaction at reasonable times.

4847. A motor transportation broker which engages in any other business shall maintain records which segregate the transactions of that other business from its brokerage service. Expenses or other matters that are common to both businesses shall be allocated on an equitable basis, as the commission may prescribe.

4848. Any person or corporation which does one or more acts constituting any of the following is a motor transportation broker subject to this chapter:

(a) Offering or advertising to provide, for compensation, transportation service by motor carrier over the highways of this state.

(b) Operating or managing any place of business where transportation service by motor carrier is offered for compensation.

(c) Aiding, abetting, or advising any person or corporation in any of the activities specified in subdivision (a) or (b).

4849. Whenever any person is arrested for any violation of this chapter, the arresting officer shall confiscate for use in evidence any materials used or useful for the purpose of advertising the person arrested as a motor transportation broker.

4850. (a) A motor transportation broker shall charge or receive no compensation from any motor carrier if the broker owns or has any material beneficial interest in the shipment transported by the motor carrier or if there is any common ownership or means of control by the motor transportation broker over the motor carrier.

(b) The commission may determine any question of fact arising under this section.

4851. A motor transportation broker shall not give or offer to give any money or thing of value to a shipper, consignor, or consignee, or any officer or employee thereof, as an inducement for any brokerage service except inexpensive advertising items furnished for promotional purposes.

4852. A motor transportation broker shall advertise or perform no brokerage service under any name other than that for which its license is issued.

4853. No motor transportation broker shall, directly or indirectly, advertise or otherwise represent its operations to be those of a carrier. A motor transportation broker shall, in any advertising of its brokerage service, indicate the status of its operation as a brokerage service.

4854. No motor transportation broker shall furnish, under lease or otherwise, any motor vehicle for the purpose of transporting any shipment with respect to which it performs any brokerage service.

4855. Whenever a motor transportation broker acts on behalf of any person or corporation subject to any requirement of law or rule or order of the commission respecting freight invoices, the transmittal of bills or payments, or the extension of credit, the motor

transportation broker is likewise subject to the same requirement.

Article 4. Violations

4870. (a) The commission may suspend or revoke any license issued pursuant to this chapter if it makes any of the following determinations:

(1) The licensee is not a fit and proper person to hold the license.

(2) The licensee, in acting as a motor transportation broker, has engaged in false advertising and false representation in violation of the laws of this state, or any ordinance or regulation of a local agency.

(3) The licensee has sold, offered for sale, or negotiated for sale, transportation by any carrier, that, under the laws of this state, is conducted in an unauthorized manner or a manner contrary to the public interest, or that sale, offer, negotiation, or transportation is in violation of this chapter or the general orders or rules of the commission issued pursuant to this chapter.

(b) As an alternative to the cancellation, revocation, or suspension of a license, the commission may impose upon the holder of the license a civil penalty of not more than five thousand dollars ($5,000) for a first offense and not more than ten thousand dollars ($10,000) for any second or succeeding offense. All penalties collected shall be deposited at least once each month in the State Treasury to the credit of the Transportation Rate Fund.

4871. The commission may file a complaint for violation of this chapter before any court of competent jurisdiction, and the commission and its counsel, or other official representatives, may assist in presenting facts at the trial. The district attorney of a county in which a violation of this chapter occurs shall prosecute the violations either with or without the request of the commission.

4872. This chapter does not release any right of the state, the commission, or any person or corporation to any fine, penalty, or forfeiture which may arise under any other law. All penalties provided in this chapter are cumulative, and any action for one or more penalties does not prevent recovery of any other penalty or forfeiture nor prevent the commission's exercise of its power to punish for contempt.

4873. Any corporation or person charged with acting as a motor transportation broker without a license has the burden of proving either that the person or corporation is licensed or that the carrier for which the person or corporation was acting is not a motor carrier within the meaning of this chapter.

4874. Any person or corporation convicted of acting as a motor transportation broker without a license is punishable as follows:

(a) If a person, for a first offense, by a fine of not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for not to exceed six months, or by both; or for a subsequent offense, by a fine of not to exceed two thousand dollars ($2,000), by imprisonment in the county jail or state prison for not to exceed one year, or by

both.

(b) If a corporation, for a first offense, by a fine of not to exceed five thousand dollars ($5,000); or for a subsequent offense, by a fine of not to exceed ten thousand dollars ($10,000).

4875. Any motor transportation broker convicted of violating any provision of this chapter is punishable as follows:

(a) If a person, by a fine of not to exceed one thousand dollars ($1,000), by imprisonment in the county jail for not to exceed six months, or by both; and by suspension or revocation of license.

(b) If a corporation, by a fine of not to exceed five thousand dollars ($5,000) and by suspension or revocation of license.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if all of the following occur:

(a) The purchase money security interest is perfected at the time the debtor receives possession of the inventory.

(b) The purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the 21-day period where the purchase money security interest is temporarily perfected without filing or possession (subdivision (5) of Section 9304).

(c) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory.

(d) The notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within 20 days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not

qualify for the special priorities set forth in subdivisions (3) and (4)), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subdivision (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under Section 8321 on securities, the security interest has the same priority for the purposes of subdivision (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

specified in subdivision (a) and the additional fees specified in this subdivision and subdivision (c) for each 30-day period for which they remain unpaid, commencing 60 days after the receipt of the original invoice.

(c) A manufacturer who fails to pay all the fees imposed pursuant to this section within one year from the date of receipt of the original invoice shall pay a penalty fee equal to 100 percent of the fees imposed pursuant to subdivisions (a) and (b). A manufacturer who fails to pay all the fees and penalties imposed pursuant to this section within two years from the date of receipt of the original invoice shall pay a penalty equal to 100 percent of the fees and penalties imposed pursuant to subdivisions (a) and (b) and to this subdivision, for each one-year period for which they remain unpaid.

(d) Fees authorized by this section shall be imposed only for surveillance of emissions from new motor vehicles actually conducted.

(e) Notwithstanding Section 13340 of the Government Code, all fees collected pursuant to subdivision (a) are continuously appropriated to the state board, to be credited as a reimbursement of the board's costs incurred in its program for the surveillance of emissions from new vehicles. SEC. 2. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he is so held in custody, at the rate specified in the judgment. When the defendant has been convicted of a misdemeanor, a judgment that the defendant pay a fine may also direct that he pay the fine within a limited time or in installments on specified dates and that in default of payment as therein stipulated he be imprisoned in the discretion of the court either until the defaulted installment is satisfied or until the fine is satisfied in full; but unless the direction is given in the judgment, the fine shall be payable forthwith.

(b) Except as otherwise provided in case of fines imposed as conditions of probation, the defendant must pay the fine to the clerk of the court, or to the judge thereof if there is no clerk, unless the defendant is taken into custody for nonpayment of the fine, in which event payments made while he is in custody shall be made to the officer who holds him in custody and all amounts so paid shall be forthwith paid over by the officer to the court which rendered the judgment. The clerk shall report to the court every default in payment of a fine or any part thereof, of if there is no clerk, the court shall take notice of the default. If time has been given for payment of a fine or it has been made payable in installments, the court shall, upon any default in payment immediately order the arrest of the defendant and order him to show cause why he should not be imprisoned until the fine or installment thereof, as the case may be, is satisfied in full. If the fine, or installment, is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full. The provisions of this section shall apply to any violation of any of the codes or statutes of the State of California punishable by a fine or by a fine and imprisonment.

(c) The defendant shall pay to the clerk of the court or the collecting agency a fee for the processing of installment accounts. This fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30).

(d) The Legislature hereby authorizes the establishment of the following program described in this section, to be implemented in the County of San Diego, upon the adoption of a resolution by the board of supervisors authorizing it. The Board of Supervisors of the County of San Diego may establish a fee for the processing of accounts receivable that are not to be paid in installments. The defendant shall pay to the clerk of the court or the collecting agency the fee established for the processing of such accounts. The fee shall equal the administrative and clerical costs, as determined by the board of supervisors, except that the fee shall not exceed thirty dollars ($30).

CHAPTER 615

An act to amend Section 10105 of, and to add Section 10122.6 to, the Public Contract Code, relating to public works contracts.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 10105 of the Public Contract Code is amended to read:

10105. (a) As used in this part, "project" includes the erection, construction, alteration, repair or improvement of any state structure, building, road, or other state improvement of any kind which will exceed a total cost calculated pursuant to subdivision (b).

(b) The total cost limit for calendar years 1986 and 1987 shall be thirty-five thousand dollars ($35,000). For calendar year 1988, and at two year intervals thereafter, the total cost limit shall be adjusted upward or downward by the Director of Finance to reflect the percentage change in the annual California Construction Index as used by the Department of General Services. The amount shall be rounded off to the nearest one thousand dollar ($1,000) figure.

SEC. 2. Section 10122.6 is added to the Public Contract Code, to read:

10122.6. Notwithstanding the project cost limit provided in Section 10105, work in excess of twenty-five thousand dollars ($25,000) which would otherwise constitute a project, shall not be done by day's labor unless the requirements of Section 10122 are met.

CHAPTER 616

An act to add Section 25503.8 to the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.8 is added to the Business and Professions Code, to read:

25503.8. (a) Notwithstanding any other provision of this chapter, the holder of a beer manufacturer's or winegrower's license may purchase advertising space and time from, or on behalf of, an on-sale retail licensee if all of the following conditions are met:

(1) The on-sale licensee is the owner of a fully enclosed auditorium or theater with a fixed seating capacity in excess of 6,000 seats, at least 60 percent of the use of which is for plays or musical concerts, not including sporting events.

(2) The advertising space or time is purchased only in connection with sponsorship of plays or musical concerts to be held on the premises of the auditorium or theater owned by the on-sale licensee.

(3) The on-sale licensee serves other brands of beer or wine in addition to the brand manufactured by the beer manufacturer or produced by the winegrower purchasing the advertising space or time.

(b) Any purchase of advertising space or time conducted pursuant to subdivision (a) shall be conducted pursuant to a written contract entered into by the holder of the beer manufacturer's or winegrower's license and the on-sale licensee, which contract shall not in any way involve the holder of a beer or wine wholesaler's license.

(c) Any holder of a beer manufacturer's license or winegrower's license who, through coercion or other means, induces a holder of a beer or wine wholesaler's license to fulfill those contractual obligations entered into pursuant to subdivision (a) or (b) shall be guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, or by a fine in an amount equal to the entire value of the advertising space or time involved in the contract, plus ten thousand dollars ($10,000), or by both imprisonment and fine. The person shall also be subject to license revocation pursuant to Section 24200.

SEC. 2. The Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent manufacturers from dominating local markets through incentives and compensation to

retailers. The Legislature further finds that it is necessary that the exception established by this act to the general prohibition against manufacturers compensating retailers in any way in connection with the advertising of alcoholic beverages be limited to the express terms of the exception so as not to undermine the general prohibition, and intends that this act be construed accordingly.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that advertising space may be purchased in connection with the sponsorship of plays or musical concerts which are scheduled for the summer and fall of 1985, it is necessary that this act go into immediate effect.

CHAPTER 617

An act to amend Sections 24005, 27720, 27721, 27722, 27724, 27725, 51283.3, 53891, and 65101 of, to add Sections 25845 27728, 34502, 34503, 34504, and 65106 to, to repeal Sections 25845, 34503, 34504, 34505, 34506, 34507, 34508, 34509, 34510, 34511, and 34512 of, the Government Code, to amend Sections 8890, 9025, and 33445 of the Health and Safety Code, to amend Sections 15968 and 15969 of the Public Utilities Code, and to amend Section 1611.5 of the Revenue and Taxation Code, relating to local agencies.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 24005 of the Government Code is amended to read:

24005. County officers and employees are entitled to a vacation with pay for each year of full-time service. Elected county officers under bond are not subject to the provisions of this section.

SEC. 2. Section 25845 of the Government Code is repealed.

SEC. 3. Section 25845 is added to the Government Code, to read:

25845. (a) The board of supervisors, by ordinance, may establish a procedure for the abatement of a nuisance. The ordinance shall, at a minimum, provide that the owner of the parcel, and anyone known to the board of supervisors to be in possession of the parcel, be given

notice of the abatement proceeding and an opportunity to appear before the board of supervisors and be heard prior to the abatement of the nuisance by the county. However, nothing in this section prohibits the summary abatement of a nuisance upon order of the board of supervisors, or upon order of any other county officer authorized by law to summarily abate nuisances, if the board or officer determines that the nuisance constitutes an immediate threat to public health or safety.

(b) If the owner fails to pay the costs of the abatement upon demand by the county, the board of supervisors may order the cost of the abatement to be specially assessed against the parcel. The assessment may be collected at the same time and in the same manner as ordinary county taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as are provided for ordinary county taxes. All laws applicable to the levy, collection, and enforcement of county taxes are applicable to such a special assessment.

(c) If the board of supervisors specially assesses the cost of the abatement against the parcel, the board also may cause a notice of abatement lien to be recorded. The notice shall, at a minimum, identify the record owner or possessor of property, set forth the last known address of the record owner or possessor, set forth the date upon which abatement of the nuisance was ordered by the board of supervisors and the date the abatement was complete, and include a description of the real property subject to the lien and the amount of the abatement cost.

(d) However, if the board of supervisors does not cause the recordation of a notice of abatement lien pursuant to subdivision (c), and any real property to which the costs of abatement relates has been transferred or conveyed to a bona fide purchaser for value, or a lien on a bona fide encumbrancer for value has been created and attaches to that property, prior to the date on which the first installment of county taxes would become delinquent, then the cost of abatement shall not result in a lien against that real property but shall be transferred to the unsecured roll for collection.

(e) Recordation of a notice of abatement lien pursuant to subdivision (c) has the same effect as recordation of an abstract of a money judgment recorded pursuant to Article 2 (commencing with Section 697.310) of Chapter 2 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure. The lien created has the same priority as a judgment lien on real property and continues in effect until released. Upon order of the board of supervisors, or any county officer authorized by the board of supervisors to act on its behalf, an abatement lien created under this section may be released or subordinated in the same manner as a judgment lien on real property may be released or subordinated.

SEC. 4. Section 27720 of the Government Code is amended to read:

27720. The board of supervisors of any county may establish the

office of county hearing officer. The duties of the office are to conduct hearings for the county or any board, agency, commission, or committee of the county.

SEC. 5. Section 27721 of the Government Code is amended to read:

27721. When a state law or local ordinance provides that a hearing be held or that findings of fact or conclusions of law be made by any county board, agency, commission, or committee, the county hearing officer may be authorized by ordinance or resolution to conduct the hearing; to issue subpoenas; to receive evidence; to administer oaths; to rule on questions of law and the admissibility of evidence; and to prepare a record of the proceedings.

SEC. 6. Section 27722 of the Government Code is amended to read:

27722. (a) If the hearing officer is authorized to decide a matter upon which a hearing has been held pursuant to Section 27721, the officer shall render a written decision, including any findings or conclusions required for that decision, and submit the decision and the record to the clerk of the local body on whose behalf the hearing was held.

(b) If the hearing officer is not authorized to decide a matter upon which a hearing has been held pursuant to Section 27221, the officer shall prepare a recommended decision, including any findings or conclusions required for that decision, and shall submit that recommendation and the record to the clerk of the local body on whose behalf the hearing was held. The local body may adopt the recommended findings, conclusions, and decision, or may reject the recommendation and enter its own findings, conclusions, and decision after a review of the record.

SEC. 7. Section 27724 of the Government Code is amended to read:

27724. Any county hearing officer, or any deputy or assistant hearing officer, appointed pursuant to this chapter, shall be an attorney at law having been admitted to practice before the courts of this state for at least five years prior to his or her appointment.

SEC. 8. Section 27725 of the Government Code is amended to read:

27725. Any other local public entity may contract with the county to employ the services of the county hearing officer. The duties and responsibilities of the hearing officer described in Sections 27721 and 27722 shall be set forth in the contract. Reimbursement to the county for the services of a county hearing officer shall be made as provided in the contract. If no provision for reimbursement is contained in the contract, reimbursement shall be made on a pro rata basis of actual cost to the county in providing the service including salaries, benefits, overhead, and any travel expense.

SEC. 9. Section 27728 is added to the Government Code, to read:

27728. The provisions of this chapter provide an alternative to, and do not supersede, any other provision of law providing for any

matter to be heard or determined by a hearing officer.

SEC. 10. Section 34502 is added to the Government Code, to read:

34502. The legislative body may, by ordinance adopted by a four-fifths vote of its members, change the name of the city. In the same manner, the legislative body may eliminate the word "city" from the corporate name and substitute the word "town" or eliminate the word "town" and substitute the word "city."

SEC. 11. Section 34503 of the Government Code is repealed.

SEC. 12. Section 34503 is added to the Government Code, to read:

34503. Within 10 days of the effective date of an ordinance adopted pursuant to Section 34502, or within 10 days of the date the legislative body declares the vote on an ordinance passed by initiative or referendum, the city clerk shall file a copy of the ordinance with the Secretary of State, the board of supervisors of the county in which the city is located, and the local agency formation commission of the county in which the city is located.

SEC. 13. Section 34504 of the Government Code is repealed.

SEC. 14. Section 34504 is added to the Government Code, to read:

34504. If an ordinance proposed pursuant to Section 34502 fails passage by the legislative body or if the voters fail to confirm the ordinance, no ordinance changing the name of the city shall be considered for two years from the date of the vote of the legislative body or from the date of the election.

SEC. 15. Section 34505 of the Government Code is repealed.

SEC. 16. Section 34506 of the Government Code is repealed.

SEC. 17. Section 34507 of the Government Code is repealed.

SEC. 19. Section 34509 of the Government Code is repealed.

SEC. 20. Section 34510 of the Government Code is repealed.

SEC. 21. Section 34511 of the Government Code is repealed.

SEC. 22. Section 34512 of the Government Code is repealed.

SEC. 23. Section 51283.3 of the Government Code is amended to read:

51283.3. (a) Upon tentative approval of a cancellation petition, the clerk of the board or council shall record in the office of the county recorder of the county in which the land as to which the contract is canceled is located a certificate, which shall set forth the name of the owner of the land at the time the contract was canceled with the amount of the cancellation fee certified by the board or council as being due pursuant to this article, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of the certificate, the contract shall be finally canceled and, to the extent the cancellation fee has not yet been paid, a lien shall be created and attach against the real property described therein and any other real property owned by the person named therein as the owner and located within the county. The lien shall have the force, effect, and priority of a judgment lien. Nothing in this section or Section 51283 shall preclude the board or council from requiring payment in full of the

cancellation fee prior to the cancellation becoming effective.

(b) In no case, shall the cancellation of a contract be final until the notice of cancellation is actually recorded as provided in this section. Notwithstanding any provision of the Revenue and Taxation Code, any payments required by Sections 51283 and 51283.1 shall not create nor impose a lien or charge on the land as to which a contract is canceled except as herein provided.

(c) Upon the payment of the cancellation fee or any portion thereof, the clerk of the board or council shall record with the county recorder a written certificate of the release in whole or in part of the lien.

SEC. 24. Section 53891 of the Government Code is amended to read:

53891. The officer of each local agency who has charge of the financial records shall furnish to the Controller a report of all the financial transactions of the local agency during the next preceding fiscal year. The report shall be furnished within 90 days after the close of each fiscal year and shall be in the form required by the Controller. However, in the case of local agencies filing annual financial materials with the California Health Facilities Commission or any successor thereto pursuant to Section 441.18 of the Health and Safety Code, the audited report shall be furnished within 120 days after the close of each fiscal year. Further, in the case of community redevelopment agencies filing annual reports with the Controller pursuant to Section 33080 of the Health and Safety Code, the report shall be furnished within six months of the end of the agency's fiscal year.

The Controller shall prescribe uniform accounting and reporting procedures which shall be applicable to all local agencies except cities, counties, and school districts, and except for local agencies which substantially follow a system of accounting prescribed by the Public Utilities Commission of the State of California or the Federal Power Commission. The procedures shall be adopted under the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. The Controller shall prescribe the procedures only after consultation with and approval of a local governmental advisory committee established pursuant to Section 12463.1. Approval of the procedures shall be by majority vote of the members present at a meeting of the committee called by the chairman thereof.

SEC. 25. Section 65101 of the Government Code is amended to read:

(1) That the buildings, facilities, structures, or other improvements are of benefit to the project area or the immediate neighborhood in which the project is located, regardless of whether the improvement is within another project area, or in the case of a project area in which substantially all of the land is publicly owned that the improvement is of benefit to an adjacent project area of the agency.

(2) That no other reasonable means of financing such buildings, facilities, structures, or other improvements, are available to the community.

Those determinations by the agency and the local legislative body shall be final and conclusive. For redevelopment plans, and amendments to those plans which add territory to a project, adopted after October 1, 1976, acquisition of property and installation or construction of each facility shall be provided for in the redevelopment plan. A redevelopment agency shall not pay for the

normal maintenance or operations of buildings, facilities, structures, or other improvements which are publicly owned. Normal maintenance or operations do not include the construction, expansion, addition to, or reconstruction of, buildings, facilities, structures, or other improvements which are publicly owned otherwise undertaken pursuant to this section.

When the value of the land or the cost of the installation and construction of the building, facility, structure, or other improvement, or both, has been, or will be, paid or provided for initially by the community or other public corporation, the agency may enter into a contract with the community or other public corporation under which it agrees to reimburse the community or other public corporation for all or part of the value of the land or all or part of the cost of the building, facility, structure, or other improvement, or both, by periodic payments over a period of years.

The obligation of the agency under the contract shall constitute an indebtedness of the agency for the purpose of carrying out the redevelopment project for the project area, which indebtedness may be made payable out of taxes levied in the project area and allocated to the agency under subdivision (b) of Section 33670, or out of any other available funds.

In a case where the land has been or will be acquired by, or the cost of the installation and construction of the building, facility, structure or other improvement has been paid by, a parking authority, joint powers entity, or other public corporation to provide a building, facility, structure, or other improvement which has been or will be leased to the community, the contract may be made with, and the reimbursement may be made payable to, the community.

With respect to the financing, acquisition, or construction of a transportation, collection, and distribution system and related peripheral parking facilities, in a county with a population of 4,000,000 persons or more, the agency shall, in order to exercise the powers granted by this section, enter into an agreement with the rapid transit district which includes the county, or a portion thereof, in which agreement the rapid transit district shall be given all of the following responsibilities:

(a) To participate with the other parties to the agreement to design, determine the location and extent of the necessary rights-of-way for, and construct, the transportation, collection, and distribution systems and related peripheral parking structures and facilities.

1611.5. Written findings of fact of the county board shall be made if requested in writing by a party up to or at the commencement of the hearing, and if payment of any fee or deposit which may be required to cover the expense of preparing the findings is made by the party prior to the conclusion of the hearing. However, the party requesting findings may abandon the request and waive findings at the conclusion of the hearing. If the requesting party abandons his or her request at this time, his or her fee or deposit shall be returned if no findings have yet been prepared. If the request is abandoned, the other party may orally or in writing renew the request upon payment of the required fee or deposit, and becomes responsible for any costs for the preparation of findings. A reasonable fee may be imposed by the county to cover the expense of preparing findings and conclusions. The written findings of fact shall fairly disclose the board's determination of all material points raised by the party in his or her petition and at the hearing, including a statement of the method or methods of valuation used in appraising the property.

At the hearing the final determinations by the board shall be supported by the weight of the evidence and, with regard to questions of value, its determinations shall be made without limitation by reason of the applicant's opinion of value stated in the application for reduction in assessment pursuant to subdivision (a) of Section 1603.

If written findings of fact have been requested, the board shall transmit those findings to the requesting party accompanied by a notice that any request for a transcript of the proceedings must be made within 60 days following the date of the final determination of the board.

SEC. 33. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

The people of the State of California do enact as follows:

(a) Whenever proof of financial responsibility has been established under subdivision (a) of Section 16054.2 and a period of four years has elapsed following the effective date of the suspension, the cash deposit, or any balance thereof remaining, shall be refunded to the person entitled thereto, if the director is satisfied that there are no outstanding or pending claims against the deposit.

SEC. 2. Section 16370 of the Vehicle Code is amended to read:

The court shall determine the required fees, which shall be commensurate with the cost incurred by the court in carrying out this section.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level

The people of the State of California do enact as follows:

(c) Affirmative relief may not be claimed in the answer.

(d) If the complaint is subject to Article 2 (commencing with Section 90) of Chapter 5 of Title 1 of Part 1 or is not verified, a general denial is sufficient but only puts in issue the material allegations of the complaint. If the complaint is verified, unless the complaint is subject to Article 2 (commencing with Section 90) of Chapter 5 of Title 1 of Part 1 or if the cause of action is a claim assigned to a third party for collection, the denial of the allegations shall be made positively or according to the information and belief of the defendant.

(e) If the defendant has no information or belief upon the subject sufficient to enable him or her to answer an allegation of the complaint, he or she may so state in his or her answer and place his or her denial on that ground.

(f) The denials of the allegations controverted may be stated by reference to specific paragraphs or parts of the complaint; or by express admission of certain allegations of the complaint with a general denial of all of the allegations not so admitted; or by denial of certain allegations upon information and belief, or for lack of sufficient information or belief, with a general denial of all allegations not so denied or expressly admitted.

In addition, the notice may be served by mail pursuant to Section 1012, but in those cases the period of notice shall be at least 25 days if the place of address is within the State of California, at least 30 days if the place of address is outside the State of California but within the United States, and at least 40 days if the place of address is outside the United States. Upon a showing of good cause, the court may shorten the time for giving the required notice to permit the determination of the issue to be made before the commencement of the trial of the action, or before the verdict or judgment if settlement is made after the trial has commenced.

(b) The issue of the good faith of a settlement may be determined by the court on the basis of affidavits served with the notice of hearing, and any counteraffidavits filed in response thereto, or the court may, in its discretion, receive other evidence at the hearing.

(c) A determination by the court that the settlement was made in good faith shall bar any other joint tortfeasor from any further claims against the settling tortfeasor for equitable comparative contribution, or partial or comparative indemnity, based on comparative negligence or comparative fault.

(d) The party asserting the lack of good faith shall have the burden of proof on that issue.

(e) When a determination of the good faith or lack of good faith of a settlement is made, any party aggrieved by the determination may petition the proper court to review the determination by writ of mandate. The petition for writ of mandate shall be filed within 20 days after service of written notice of the determination, or within such additional time not exceeding 20 days as the trial court may allow.

(1) The court shall, within 30 days of the receipt of all materials to be filed by the parties, determine whether or not the court will hear the writ and notify the parties of its determination.

(2) If the court grants a hearing on the writ, the hearing shall be given special precedence over all other civil matters on the calendar of the court except those matters to which equal or greater precedence on the calendar is granted by law.

The running of any period of time after which an action would be subject to dismissal pursuant to Section 583 shall be tolled during the period of review of a determination pursuant to this subdivision.

However, the rate of assessment deducted from the payments to producers for market milk, including the handler's own production, and the rate of fees paid by handlers shall at all times be in the ratio of 2 to 1.

The amount of the fee shall be paid to the director on or before the 45th day following the last day of the month in which the market milk was received.

34304. Any assessment or fee payable pursuant to this article is a debt of the person by whom the assessment or fee is payable and is due and payable to the director upon the date set forth in Section 34302. If the person does not pay the assessment or fee by the required date, the director may file a complaint against the person in a court of competent jurisdiction for the collection of the assessment or fee.

18928. Any state agency adopting a model code shall:

(a) Reference the most recent edition of applicable model codes.

(1) The date of publication for the first edition of the model code printed in the model code. If only a month and year are shown by the model code adopting agency or body, the date of publication shall be considered to be the last day of the month shown.

(2) If no publication date is shown in the model code, the commission shall determine the earliest date when copies of the model code are available to the adopting agencies. The "publication date of a model code" shall be the date so determined by the commission. The commission shall notify all adopting agencies of its determination within 15 days.

SEC. 2. Section 18930 of the Health and Safety Code is amended to read:

18930. (a) Any building standard adopted by state agencies shall be submitted, to and approved by, the State Building Standards Commission prior to codification. In order to accomplish this task, building standards adopted by state agencies and submitted to the commission for approval shall be accompanied by an analysis written by the adopting agency which shall, to the satisfaction of the commission, justify the approval thereof in terms of the following criteria:

(1) The proposed building standard does not conflict with, overlap, or duplicate other building standards.

(2) The proposed building standard is within the parameters established by enabling legislation and is not expressly within the exclusive jurisdiction of another agency.

(3) The public interest requires the adoption of the building standards.

(4) The proposed building standard is not unreasonable, arbitrary, unfair, or capricious, in whole or in part.

(5) The cost to the public is reasonable based on the overall benefit to be derived from the building standards.

(6) The proposed building standard is not unnecessarily ambiguous or vague, in whole or in part.

(7) (A) The applicable national specifications, published standards, and model codes have been incorporated therein as provided in this part, where appropriate.

(B) If a national specification, published standard, or model code does not adequately address the goals of the state agency, a statement defining the inadequacy shall accompany the proposed building standard when submitted to the commission.

(C) If there is no national specification, published standard, or model code that is relevant to the proposed building standard, the state agency shall prepare a statement informing the commission and submit that statement with the proposed building standard.

(8) The format of the proposed building standards is consistent with that adopted by the commission.

(9) The proposed building standard, if intended to promote fire and panic safety, has the written approval of the State Fire Marshal.

(b) In reviewing building standards submitted for its approval, the commission shall consider only the following:

(1) Except as provided in subdivision (b) of Section 11342.3 of the Government Code, the record of the proceedings of the adopting agency.

(2) The evidence submitted to, and considered by, the adopting agency.

(c) The commission shall give great weight to the determinations and analysis of the adopting agency on each of the criteria for approval set forth in subdivision (a). Any factual determinations of the adopting agency shall be considered conclusive by the

commission unless the commission specifically finds, and sets forth its reasoning in writing, that such factual determination is arbitrary and capricious or substantially unsupported by the evidence considered by the adopting agency.

Whenever the commission makes such a finding, it shall return the standard to the adopting agency for a reexamination of its original determination of the disputed fact.

(d) Whenever a building standard is principally intended to protect the public health and safety, its adoption shall not be a "factual determination" for purposes of subdivision (c). Whenever a building standard is principally intended to conserve energy or other natural resources, the commission shall consider or review the cost to the public or benefit to be derived as a "factual determination" pursuant to subdivision (c). Whenever a building standard is intended to promote fire and panic safety, the commission shall, unless adopted by the State Fire Marshal, submit the building standard to the State Fire Marshal for prior approval.

(e) Whenever the commission finds, pursuant to paragraph (2) of subdivision (a), that a building standard is adopted by an adopting agency pursuant to statutes requiring adoption of the building standard, the commission shall not consider or review whether the adoption is in the public interest pursuant to paragraph (3) of subdivision (a).

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 76121 is added to the Education Code, to read:

76121. The governing board of each community college district shall require each community college maintained by the district, in administering any test or examination, to permit any student who is eligible to undergo the test or examination to do so, without penalty, at a time when that activity would not violate the student's religious creed. This requirement shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship which could not reasonably have been avoided. In any court proceeding in which the existence of an undue

hardship which could not reasonably have been avoided is an issue, the burden of proof shall be upon the institution.

SEC. 2. Article 3 (commencing with Section 89320) is added to Chapter 3 of Part 55 of the Education Code, to read:

Article 3. Accommodation of Religious Creed

89320. The Trustees of the California State University shall require each state university, in administering any test or examination, to permit any student who is eligible to undergo the test or examination to do so, without penalty, at a time when that activity would not violate the student's religious creed. This requirement shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship which could not reasonably have been avoided. In any court proceeding in which the existence of an undue hardship which could not reasonably have been avoided is an issue, the burden of proof shall be upon the institution.

SEC. 3. Article 5 (commencing with Section 92640) is added to Chapter 6 of Part 57 of the Education Code, to read:

Article 5. Accommodation of Religious Creed

92640. (a) It is the request of the Legislature that the Regents of the University of California develop policies and procedures to ensure that each campus of the university, in administering any test or examination, shall permit any student who is eligible to undergo the test or examination to do so, without penalty, at a time when that activity would not violate the student's religious creed. This requirement shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship which could not reasonably have been avoided. In any court proceeding in which the existence of an undue hardship which could not reasonably have been avoided is an issue, the burden of proof shall be upon the institution.

(b) It is further requested that the regents report to the Legislature, no later than six months after the effective date of this section, regarding any actions taken to implement this section.

SEC. 4. Chapter 3.2 (commencing with Section 94355) is added to Part 59 of the Education Code, to read:

CHAPTER 3.2. ACCOMMODATION OF RELIGIOUS CREED

94355. (a) As a condition of doing business in this state, each postsecondary educational institution governed by Chapter 3 (commencing with Section 94300) of Part 59, and each organization that administers educational testing for use in the admissions process by any public or private postsecondary educational institution, shall, in administering any test or examination, permit any student who is

eligible to undergo the test or examination to do so, without penalty, at a time when that activity would not violate the student's religious creed.

(b) This requirement shall not apply in the event that administering the test or examination at an alternate time would impose an undue hardship which could not reasonably have been avoided. In any court proceeding in which the existence of an undue hardship which could not reasonably have been avoided is an issue, the burden of proof shall be upon the institution.

SEC. 5. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 6. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 634

CHAPTER 635

An act to amend Sections 1580 and 1584 of the Fish and Game Code, relating to ecological reserves, and making an appropriation therefor.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1580 of the Fish and Game Code is amended to read:

1580. The Legislature hereby declares that the policy of the state is to protect threatened or endangered native plants, wildlife, or aquatic organisms or specialized habitat types, both terrestrial and aquatic, or large heterogeneous natural marine gene pools for the future use of mankind through the establishment of ecological reserves. For the purpose of establishing those ecological reserves, the department, with the approval of the commission, may obtain, accept on behalf of the state, acquire, or control, by purchase, lease, easement, gift, rental, memorandum of understanding, or otherwise, and occupy, develop, maintain, use, and administer land, or land and water, or land and water rights, suitable for the purpose of establishing ecological reserves. Any property obtained, accepted, acquired, or controlled by the department pursuant to the provisions of this article may be designated by the commission as an ecological reserve. The commission may adopt regulations for the occupation, use, operation, protection, enhancement, maintenance, and administration of ecological reserves. The ecological reserves shall not be classified as wildlife management areas pursuant to Section 1504 and shall be exempt from Section 1504.

SEC. 2. Section 1584 of the Fish and Game Code is amended to read:

1584. As used in this article, "ecological reserve" means land or land and water areas which are designated as an ecological reserve by the commission pursuant to Section 1580 and which are to be preserved in a natural condition for the benefit of the general public to observe native flora and fauna and for scientific study.

CHAPTER 636

An act to amend and renumber Section 13305 of the Government Code, relating to fiscal affairs.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 13305 of the Government Code is amended and renumbered to read:

13306. The Department of Finance, with the concurrence of the Controller, may establish additional funds as are necessary to properly manage and account for the financial activities and resources of the state, provided that only the minimum number of funds necessary to comply with legal requirements, "Generally Accepted Accounting Principles," and effective financial administration shall be established.

Because complete conformance to "Generally Accepted Accounting Principles" may be impractical or not authorized, the Department of Finance is authorized to deviate from them if conformance would not be in the best interests of the state; provided, however, that the department notifies the Controller of additional major deviations and the Controller agrees with the deviations prior to implementation.

The Department of Finance shall notify the Joint Legislative Budget Committee when major changes are proposed to the accounting system to bring it into conformance to "Generally Accepted Accounting Principles." The notification shall include an estimate of the fiscal effect of the major changes being proposed.

CHAPTER 637

An act to add and repeal Chapter 3.7 (commencing with Section 13827) to Title 6 of Part 4 of the Penal Code, relating to sex offenders, and making an appropriation therefor.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.7 (commencing with Section 13827) is added to Title 6 of Part 4 of the Penal Code, to read:

CHAPTER 3.7. JUVENILE SEX OFFENDERS

13827. This chapter shall be known and may be cited as the Juvenile Sex Offender Treatment Act of 1985.

13827.1. From any funds appropriated therefor, the Office of Criminal Justice Planning shall establish a pilot program to provide treatment to juvenile sex offenders declared to be wards of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code, but who are not committed to the Youth Authority. The pilot programs shall be established for a four-year period in up to three counties. The counties shall be selected from among those counties submitting applications to the office requesting to be selected to participate in the program, based on a determination that the counties would be capable of establishing such a program. Capability may be demonstrated by current county efforts to provide treatment programs to juvenile sex offenders.

The participating counties shall be selected by May 1, 1986. The pilot programs shall be operational by July 1, 1986 and shall terminate on July 1, 1990.

13827.2. A county that applies to participate in the program established by this chapter shall demonstrate the following in its application for participation:

(a) Identification of the need for a juvenile sex offender treatment program.

(b) Evidence that the county agency providing mental health services, the county agency providing public assistance, the district attorney, the juvenile court, the probation department, private entities, and local school districts are participating in and coordinating case referral, case management, and service delivery to the persons whom they serve.

13827.3. Notwithstanding any other provision of law, in a county in which a pilot program is established, on and after the date of the establishment of that program, any person who is adjudged to be a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code on the basis of the violation of Section 261, 264.1, 266, 285, 286, 288, 288a, or 289, and who is not committed to the Youth Authority, shall be ordered to participate in the treatment services provided by the pilot program.

13827.4. The county agency providing mental health services in a county participating in the pilot program shall assign a counselor to any person described in Section 13827.3. Any counselor so assigned

shall be qualified to treat juvenile sex offenders, as determined by the county in conjunction with the Office of Criminal Justice Planning.

13827.5. To the extent that funds are appropriated therefor, the state shall reimburse a county for all costs incurred in conducting a pilot program established pursuant to this chapter.

13827.6. On or before January 1, 1991, the Office of Criminal Justice Planning shall submit a written report to the Legislature containing all of the following information:

(a) The number of juveniles that participated in the program.

(b) The costs of the pilot programs.

(c) The nature of the treatment provided to participants in the programs.

(d) The results of the treatment provided to participants in the programs, including data concerning recidivism by participants and any other nonsexually-related criminal offenses committed by participants.

(e) The results of combining intrafamily and pedophile treatment.

13827.7. Counties selected to participate in the pilot program shall utilize any funds available from public and private sources for the purposes of the program and existing treatment services prior to utilizing state funds allocated for the purposes of the pilot program.

SEC. 2. This act shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

SEC. 3. The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to the Office of Criminal Justice Planning for expenditure during 1986 for the purposes of this act. No more than 10 percent of that amount may be expended for administrative purposes.

CHAPTER 638

An act to add Article 5 (commencing with Section 975) to Chapter 5 of Division 4 of the Military and Veterans Code, relating to veterans.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 975) is added to Chapter 5 of Division 4 of the Military and Veterans Code, to read:

Article 5. Veterans' Affairs Commissions

975. The board of supervisors of any county may create and appoint members to a veterans' affairs commission either as an independent agency or in conjunction with a California National Guard members' commission or a veterans' memorial commission, or in any combination of these commissions.

CHAPTER 639

An act to add Section 33333.4 to the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 33333.4 is added to the Health and Safety Code, to read:

33333.4. (a) Every legislative body which adopted a final redevelopment plan prior to October 1, 1976, that contains the provisions set forth in Section 33670 but which does not contain all of the limitations required by Section 33333.2, shall adopt an ordinance on or before December 31, 1986, which contains all of the following:

(1) A limitation on the number of dollars of taxes which may be divided and allocated to the redevelopment agency pursuant to the plan. Taxes shall not be divided and shall not be allocated to the redevelopment agency beyond that limitation.

(2) A time limit on the establishing of loans, advances, and indebtedness to finance in whole, or in part, the redevelopment project. No loans, advances, or indebtedness to be repaid from the allocation of taxes shall be established or incurred by the agency beyond the time limitation.

(3) A time limit, not to exceed 12 years, for commencement of eminent domain proceedings to acquire property within the project area.

(b) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(c) This section shall not be construed to allow the impairment of any obligation or indebtedness incurred by the legislative body or the agency pursuant to this part.

(d) The limitations established in the ordinance by the legislative body shall be final and conclusive. The Legislature finds and declares that this is necessary because redevelopment agencies with project areas established prior to October 1, 1976, have incurred existing obligations and indebtedness and have adopted projects, programs, and activities with the authority to receive and pledge the entire allocation of taxes authorized by Section 33670 and that it is necessary to protect against the possible impairment of existing obligations and indebtedness and to allow the completion of adopted projects and programs.

(e) The ordinance adopted by the legislative body in compliance with this section does not relieve any agency of its obligations under Section 33334.2, 33334.3, Article 9 (commencing with Section 33410), or any other requirement contained in this part.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 640

An act to amend Section 37001 of the Education Code, relating to schools.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 37001 of the Education Code is amended to read:

37001. Whenever the governing board of a school district is unable to maintain the school or schools in the district because of its inability to secure a teacher or teachers, or because of lack of facilities, the board may maintain the school or schools of the district elsewhere than within the district or contract for the education of the pupils of the school or schools with the governing board of another district. In addition, the board may maintain one or more regular day schools in an adjacent district, pursuant to contract with the governing board of that district, as necessary to permit a more efficient use of all existing and planned school facilities in the

geographical area in which the districts are located.

CHAPTER 641

An act to amend and repeal Section 10473 of the Business and Professions Code, relating to real estate licensees.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 10473 of the Business and Professions Code is amended to read:

10473. Whenever the court proceeds upon an application as set forth in Section 10471, it shall order payment out of the Recovery Account only upon a determination that the aggrieved party has a valid cause of action within the purview of Section 10471 and has complied with Section 10472.

The commissioner may defend any such action on behalf of the Recovery Account and shall have recourse to all appropriate means of defense and review, including examination of witnesses and the right to relitigate any issues, material and relevant in the proceeding against the Recovery Account, which were determined in the underlying action on which the judgment in favor of the applicant was based. If the judgment in favor of the applicant was by default, stipulation, or consent, or was pursuant to Section 594 of the Code of Civil Procedure, or whenever the action against the licensee was defended by a trustee in bankruptcy, the applicant shall have the burden of proving that the cause of action against the licensee was for fraud, misrepresentation, deceit, or conversion of trust funds. Otherwise, the judgment shall create a rebuttable presumption of the fraud, misrepresentation, deceit, or conversion of trust funds by the licensee, which presumption shall affect the burden of producing evidence.

The commissioner may move the court at any time to dismiss the application when it appears there are no triable issues and the petition is without merit. The motion may be supported by affidavit of any person or persons having knowledge of the facts, and may be made on the basis that the petition, and the judgment referred to therein, does not form the basis for a meritorious recovery claim within the purview of Section 10471; provided, however, the commissioner shall give written notice at least 10 days before such motion.

The commissioner may, subject to court approval, compromise a claim based upon the application of an aggrieved party. He shall not be bound by any prior compromise or stipulation of the judgment debtor.

If Senate Bill No. 512 of the 1985–86 Regular Session is enacted and repeals this article operative January 1, 1987, this section shall remain in effect only until January 1, 1987, and as of that date is repealed.

CHAPTER 642

An act to amend Sections 44701, 44703, and 44704 of the Education Code, relating to schools.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 44701 of the Education Code is amended to read:

44701. Any teacher eligible to receive an instructional improvement grant, or any group of eligible teachers, may submit a grant proposal to the grant committee established pursuant to Section 44702.

Each grant recipient shall be a full-time teacher or mentor teacher whose primary duty is classroom instruction.

SEC. 2. Section 44703 of the Education Code is amended to read:

44703. (a) The governing board of any school district which applies to the Superintendent of Public Instruction for funding pursuant to this chapter shall review the recommendations of the grant committee and make the final decision on awards of grant funds for purposes of this chapter. The governing board shall award grants so as to improve instruction in those areas of the district with greatest need.

The governing board may award for any grant proposal submitted by an individual teacher any amount not in excess of two thousand dollars ($2,000) per fiscal year. The governing board may award for any grant proposal submitted by a group of teachers any amount not in excess of two thousand dollars ($2,000) per fiscal year for each eligible teacher in the group.

(b) The governing board shall annually certify to the Superintendent of Public Instruction the number of instructional improvement grants awarded and the aggregate amount of money awarded for the grants and may include a request for reimbursement for administrative costs of this chapter in an amount not to exceed 5 percent of the district's entitlement for funding computed pursuant to subdivision (b) of Section 44704.

SEC. 3. Section 44704 of the Education Code is amended to read:

44704. (a) On or before March 1 of each year, the State Department of Education shall report to the fiscal committee of each house of the Legislature the number of teachers eligible for instructional improvement grants, as specified in Section 44701, in

each district for the then current fiscal year. It is the intent of the Legislature that the Budget Act for each fiscal year appropriate funds for purposes of this chapter in an amount equal to 5 percent of the number of permanent full-time teachers, exclusive of teachers in adult education, child care and development, and regional occupational centers and programs, multiplied by two thousand dollars ($2,000).

(b) The Superintendent of Public Instruction shall compute each fiscal year for each school district, an entitlement equal to 5 percent of the number of permanent, full-time teachers, exclusive of teachers in adult education, child care and development, and regional occupational centers and programs, multiplied by two thousand dollars ($2,000). The superintendent shall apportion to each school district from funds appropriated for the purposes of this chapter in that fiscal year, the amount certified by the governing board pursuant to Section 44703, but not in excess of the district's entitlement.

In the event that, in any fiscal year, sufficient funds are not appropriated to fully fund each school district requesting apportionments for purposes of this chapter, the superintendent shall reduce each district's apportionment on a pro rata basis.

SEC. 4. Sections 1, 2, and 3 of this act shall become operative on July 1, 1986.

CHAPTER 643

An act to repeal Section 7 of Chapter 1509 of the Statutes of 1984, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 7 of Chapter 1509 of the Statutes of 1984 is repealed.

SEC. 2. Section 1 shall be deemed to be operative January 1, 1985.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Existing law requires the State Department of Health Services and the negotiator to adopt emergency regulations necessary to implement this act. In order to require, instead, that as of January 1, 1985, these regulations be subject to the regular procedures for the adoption of administrative regulations, it is necessary that this act take effect immediately.

CHAPTER 644

An act to add Section 21051.3 to the Food and Agricultural Code, relating to cattle, and making an appropriation therefor.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 21051.3 is added to the Food and Agricultural Code, to read:

21051.3. (a) Any person who moves or transports any animal without inspection, as required by this chapter, is liable to the director for a civil penalty in the amount of the expenses incurred by the director to investigate and prosecute the violation and, if the violation involved the unlawful taking of animals, the expenses incurred by the director to recover and return the animal or animals to their owner.

(b) If the director finds that a violation of subdivision (a) has occurred, he or she shall calculate the amount of the civil penalty and make demand for payment within 30 days thereof. The respondent may deny liability in whole or in part, in which case the director shall set the matter for hearing before a hearing officer of the department or, at the director's discretion, pursuant to Section 11502 of the Government Code. The hearing procedure under this subdivision shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The respondent may petition for judicial review of the director's determination to assess a civil penalty pursuant to Section 1094.5 of the Code of Civil Procedure by filing an action within 30 days of the date of service of the director's decision.

(d) The civil penalty in this section is in addition to any other civil or criminal penalties provided by law.

(e) Any funds collected pursuant to this section shall be paid into the Department of Food and Agriculture Fund.

CHAPTER 645

An act to amend Sections 36060, 36063, 36447.11, 36447.12, and 36447.13 of, and to add Section 36063.5 to, the Water Code, relating to California water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 36060 of the Water Code is amended to read:

36060. This article applies only to the Irvine Ranch, Moulton-Niguel, and Santa Margarita Water Districts. "District" as used in this article means the Irvine Ranch Water District, the Moulton-Niguel Water District, or the Santa Margarita Water District.

SEC. 2. Section 36063 of the Water Code is amended to read:

36063. (a) Whenever the board of directors determines that prudent management of the fiscal affairs of the district so requires, it may refund by defeasing or calling for redemption any outstanding bonds, subject to all of the following:

(1) The last-maturing refunding bonds shall mature not later than the date on which the last-maturing bonds being refunded would have matured.

(2) Refunding bonds shall not be issued unless the total interest cost to maturity of the refunding bonds added to the principal amount of those refunding bonds will be less than the total interest cost to maturity of the bonds being refunded added to the principal amount of the bonds being refunded. If any of the refunding bonds or the bonds being refunded, or both, bear or may bear interest at a variable rate, thereby making the actual total interest cost to maturity indeterminable in advance of maturity, the determination required by this paragraph may consist of a finding made by the board based on substantial evidence, which means evidence that is reasonable, credible, and of solid value and ponderable legal significance, based upon the record as a whole. The test in Section 53552 of the Government Code need not be met if the determination in this paragraph is made.

(3) The savings achieved through the refunding of bonds shall be used by the board of directors solely to reduce the assessments or charges, or both, which are fixed and collected for the payment of principal of, and interest on, the refunding bonds. The reductions to reflect the savings in any fiscal year shall be made not later than the next succeeding fiscal year.

(b) The refunding bonds shall be issued according to Article 9 (commencing with Section 53550) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code.

(c) When the originally issued bonds have been refunded, the refunding bonds shall thereafter take the place of, and be deemed for all purposes to be, the bonds corresponding to the portion of the authorization by the voters from which the refunded bonds were originally issued and shall be payable from the same funds as those refunded bonds. Following the refunding, the same portion of the corresponding voter authorization as was previously canceled by issuance of the refunded bonds shall remain canceled and shall be deemed to be the amount of indebtedness issued from the voter

authorization representing the refunding bonds. However, refunding bonds issued under this section shall be used only for the purpose of reducing debt service costs on bonds issued from indebtedness approved by the voters prior to July 1, 1978, or refunding bonds issued in place thereof under this section.

(d) Notwithstanding Section 53569 of the Government Code and Section 35996 of this code, if the board of directors determines that to do so would be consistent with prudent management of the district's fiscal affairs, the board may sell refunding bonds issued under this section at private sale without advertising for bids.

(e) The disbursement of the proceeds of the refunding bonds, pursuant to this section, shall be at the direction of the board of directors or the district's authorized officers.

SEC. 2.5. Section 36063.5 is added to the Water Code, to read:

36063.5. (a) The following terms shall have the following meanings for purposes of this section:

(1) "Bond counsel" means any attorney or firm of attorneys that represents the issuer of a new issue of bonds with respect to the issuance of the bonds and that renders a written legal opinion to, or as counsel for, the issuer with respect to the validity of the bonds.

(2) "Bond" means any bonds, notes, or other evidences of indebtedness issued by a district, or certificates of participation in any lease, sale, or other obligations of a district. "New issue of bonds" means the original issuance of bonds by a district to one or more purchasers until, in the case of underwriters, the end of the underwriting period. In the case of bonds with a tender or put option feature, or commercial paper, "new issue of bonds" means only the original issuance and not any remarketing, rollover, or reissuance.

(3) A "financial advisory relationship" exists when an investment firm, or other person or firm in the business of providing financial advisory or financial consulting services to issuers with respect to municipal securities, renders, or enters into an agreement to render, financial advisory or financial consultant services to, or on behalf of, an issuer with respect to a new issue or issues of bonds, including advice with respect to the structure, timing, terms, and other similar matters concerning the issue or issues, for a fee or other compensation or in expectation of such compensation for the rendering of those services. However, a financial advisory relationship does not exist when, in the course of acting as an underwriter, an investment firm renders advice to an issuer, including advice with respect to the structure, timing, terms, and other similar matters concerning a new issue of bonds or when, for any new issue of bonds, an investment firm advises and assists an issuer with respect to obtaining consent from holders of previously issued bonds in connection with, among other things, amendments of covenants or defaults.

(4) "Investment firm" means any bank, investment bank, partnership, corporation, association, or other firm engaged in the business of buying and selling bonds for its own account or for the

account of others as part of its regular business.

(b) No investment firm that has, or has had, a financial advisory relationship with respect to a new issue of bonds shall acquire as principal either alone or as a participant in a syndicate or other similar account formed for the purpose of purchasing, directly or indirectly, from the issuer all or any portion of the issue, or arrange for the acquisition or participation by a person controlling, controlled by, or under common control with the investment firm, unless the issue is to be sold by the issuer at competitive bid and the issuer has, prior to the bid, expressly consented in writing to the acquisition or participation. The limitations and requirements set forth in this section also apply to any investment firm controlling, controlled by, or under common control with the investment firm having a financial advisory relationship. The use of the term "indirectly" in this section does not preclude any investment firm which has a financial advisory relationship with respect to a new issue of bonds from purchasing any of those bonds from an underwriter, either for its own trading account or for the account of its customers, except to the extent that the purchase is made to contravene the purpose and intent of this section.

(c) Each financial advisory relationship shall be evidenced by a written document executed prior to, upon, or promptly after the inception of the financial advisory relationship, or promptly after the creation or selection of the issuer if the issuer does not exist or has not been determined at the time the relationship commences. That written document shall set forth the basis of compensation for the financial advisory services to be rendered, which shall be on a basis other than as a percentage of the amount of the bonds to be sold.

(d) No bond counsel with respect to a new issue of bonds shall also be counsel, with respect to that new issue of bonds, to the underwriter or other initial purchaser of the bonds. This section does not preclude the bond counsel from rendering one or more opinions to the underwriter or purchaser with respect to the bonds, the documents or laws pursuant to which the bonds are issued, the official statement, offering circular, or other disclosure document describing the bonds, or any related matter, if the opinion is rendered as bond counsel and not as counsel to the underwriter or purchaser.

(e) Injunctive relief shall be available, subject to judicial discretion, to prohibit or enjoin any violation of this section, but no violation shall affect the authority, validity, or enforceability of bonds.

SEC. 3. Section 36447.11 of the Water Code is amended to read:

36447.11. Refunding bonds issued under Article 6 (commencing with Section 36060) of Chapter 2 may be issued in the manner set forth in this chapter regardless of whether or not the bonds being refunded were issued in the manner set forth in this chapter. The par value of each improvement district's refunding bonds included in the consolidated refunding bonds shall be only sufficient to provide

for the refunding of that improvement district's bonds to be refunded.

SEC. 4. Section 36447.12 of the Water Code is amended to read:

36447.12. In lieu of refunding outstanding bonds by defeasing or calling for redemption, the board may also refund under Article 6 (commencing with Section 36060) of Chapter 2 by purchasing the bonds to be refunded with proceeds of the refunding bonds or by acquiring the bonds to be refunded and exchanging them for the refunding bonds, in either case in a negotiated transaction with the bondholder or through an intermediary agent of the district.

SEC. 5. Section 36447.13 of the Water Code is amended to read:

36447.13. Sections 36447.9, 36447.10, 36447.11, and 36447.12 may be utilized by the board whether the bonds or refunding bonds are issued as consolidated bonds or otherwise, provided that all the bonds and refunding bonds issued under this chapter shall be investigated and certified in the manner required by Section 36152.

SEC. 6. The Legislature finds and declares that there are special financial circumstances unique to the Irvine Ranch Water District, the Santa Margarita Water District, and the Moulton-Niguel Water District which make this act necessary and that a general law within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

A reduction in debt service cost is achievable for bonds of the improvement districts of the Irvine Ranch Water District, the Santa Margarita Water District, and the Moulton-Niguel Water District if authority is given to utilize a specified test to determine whether that reduction will result from a refunding of bonds bearing interest at a fixed rate with bonds bearing interest at a variable rate. To afford the district the earliest possible opportunity to lower the financial burden of debt service for the ratepayers and taxpayers, it is necessary that this act take effect immediately.

CHAPTER 646

An act to add Section 23112.5 to the Vehicle Code, relating to highways.

[Approved by Governor September 16, 1985. Filed with Secretary of State September 17, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 23112.5 is added to the Vehicle Code, to read:

23112.5. Any person who dumps, spills, or causes the release of hazardous material, as defined by Section 353, or hazardous waste, as defined by Section 25117 of the Health and Safety Code, upon any highway shall notify the Department of the California Highway Patrol or the agency having traffic jurisdiction for that highway of the dump, spill, or release, as soon as the person has knowledge of the dump, spill, or release and notification is possible. Notwithstanding Section 42001, any person who is convicted of a violation of this section shall be punished by a mandatory fine of not less than two thousand dollars ($2,000).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 647

An act to add Section 31104.8 to the Water Code, relating to county water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 31104.8 is added to the Water Code, to read:

31104.8. (a) Notwithstanding any other provision of this division, the Santa Ana Mountains County Water District may fix, in each fiscal year, within Community Facilities District No. 2 of the district, sewage and waste service standby or availability assessments of not more than two hundred fifty dollars ($250) per year for each acre or portion thereof to which sewage and waste service is immediately available. The Board of Directors of the Santa Ana Mountains County Water District may establish schedules varying the assessment according to the land uses and the degree of availability or quantity of use of the sewer capacity to the affected lands.

(b) The Santa Ana Mountains County Water District may elect to have the assessments authorized by subdivision (a) for the fiscal year collected on the tax roll in the same manner, by the same persons, and at the same time, as, and together with and not separately from, county taxes. In that event, the district shall prepare a written report which shall be filed with the secretary. The report shall contain a description of each parcel of real property and the amount of the

assessment for each parcel for the year.

(c) The sewage and waste service standby or availability assessment authorized by this section shall not be imposed on any subdivided parcel upon which there exists a residential unit which has been connected to domestic sewer facilities of the Santa Ana Mountains County Water District.

(d) The procedures set forth in Sections 31032.2 to 31032.9, inclusive, apply to any assessments imposed pursuant to subdivision (a).

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique and special sewer management problems within the Santa Ana Mountains County Water District which are not common to other districts organized pursuant to the County Water District Law.

The area within the Santa Ana Mountains County Water District is primarily undeveloped. Newly developing land requires sewer capacity which may be financed by the issuance of bonds. In order to make these bond issues viable without placing a disproportionate share of the debt service burden levied to pay the interest and redemption charges on bonded indebtedness on the initially developed property, it is necessary to provide a mechanism whereby undeveloped property can bear a portion of the burden of sewer availability.

This act is necessary to permit the burden of financing vital sewer facilities in the partially undeveloped district to be more equitably allocated to all properties benefiting from the availability of a sewer system.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to efficiently and fairly publicly finance needed sewer facilities within the Santa Ana Mountains County Water District without placing additional portion of burdens on future homeowners within the district, it is necessary to provide for a standby charge on undeveloped property. In order to provide sewer facilities at the earliest possible date for the developing areas of the district, it is necessary that this act take effect immediately.

CHAPTER 648

An act to add Sections 44227.2, 44227.3, and 44227.4 to, and to add and repeal Section 44227.1 of, the Education Code, relating to bilingual education.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 44227.1 is added to the Education Code, to read:

44227.1. (a) The Commission on Teacher Credentialing shall authorize private postsecondary educational institutions to offer bilingual education training programs to individuals holding a baccalaureate degree and a valid teaching credential, which will enable them to pursue a bilingual-crosscultural certificate of competence or a bilingual-crosscultural specialist credential, if the institution meets all of the following requirements:

SEC. 3. Section 44227.3 is added to the Education Code, to read:

44227.3. Any institution meeting the requirements prescribed in Section 44227.1 for the establishment of a bilingual education program which is denied approval to operate the program by the Commission on Teacher Credentialing shall be provided written notification by the commission within 30 days of the denial stating the reasons for the denial. An applicant institution may appeal the denial of the application within 60 days after receipt of the written notice. An appeal of the decision to deny an application shall be reviewed by an administrative law judge at a hearing convened for that purpose. The decision of the administrative law judge shall be binding on the commission. Nothing in this section shall be construed to prohibit an applicant institution from reapplying to the commission pursuant to Section 44227.1 if the decision of the commission to deny the application is upheld on appeal.

SEC. 4. Section 44227.4 is added to the Education Code, to read:

44227.4. The commission shall submit a report to the Legislature on or before December 31, 1989, regarding the number of private

postsecondary educational institutions authorized under this section to offer bilingual education training programs and the number of individuals granted bilingual-crosscultural specialist credentials by these institutions.

CHAPTER 649

An act to amend and repeal and add Section 42238.1 of the Education Code, relating to school finance.

SEC. 2. Section 42238.1 is added to the Education Code, to read:

42238.1. For the 1986–87 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall compute an inflation adjustment equal to the product of subdivisions (a) and (b):

(a) Compute the sum of the following:

(1) The statewide average base revenue limit per unit of average daily attendance for the prior fiscal year for districts of similar type.

(2) The amount, if any, per unit of average daily attendance received by the district pursuant to Article 8 (commencing with Section 46200) of Chapter 2 of Part 26 for the prior fiscal year.

(c) This section shall become operative July 1, 1986.

SEC. 3. Regardless of when this act becomes effective, it is the intent of the Legislature to make changes in state apportionments to school districts for the entire 1985–86 fiscal year. For the purpose of implementing the changes required by Section 1 of this act, the Superintendent of Public Instruction and other public officers shall take all necessary steps to effect the required adjustments, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund and other public funds.

The people of the State of California do enact as follows:

SECTION 1. Section 33673.1 is added to the Health and Safety Code, to read:

33673.1. Every redevelopment agency shall provide notice to the local assessor within 30 days whenever the agency leases real property in a redevelopment project to any person or persons for redevelopment. CHAPTER 666

An act to amend Section 3732 of the Labor Code, relating to workers' compensation.

[Approved by Governor September 16, 1985 Filed with Secretary of State September 17, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 3732 of the Labor Code is amended to read:

3732. (a) If compensation is paid or becomes payable from the Uninsured Employers Fund, whether as a result of a findings and award, award based upon stipulations, compromise and release executed on behalf of the director, or payments voluntarily furnished by the director pursuant to Section 4903.3, the director may recover damages from any person or entity, other than the employer, whose tortious act or omission proximately caused the injury or death of the employee. The damages shall include any compensation, including additional compensation by way of interest or penalty, paid or payable by the director, plus the expense incurred by the director in investigating and litigating the workers' compensation claim and a reasonable attorney fee for litigating the workers' compensation claim. The director may compromise, or settle and release any claim, and may waive any claim, including the lien allowed by this section,

in whole or in part, for the convenience of the director.

(b) Except as otherwise provided in this section, Chapter 5 (commencing with Section 3850) of Part 1 of Division 4 shall be applicable to such actions, the director being treated as an employer within the meaning of Chapter 5 to the extent not inconsistent with this section.

(c) Actions brought under this section shall be commenced within one year after the later of either the time the director pays or the time the director becomes obligated to pay any compensation from the Uninsured Employers Fund.

(d) In the trial of these actions, any negligence attributable to the employer shall not be imputed to the director or to the Uninsured Employers Fund, and the damages recoverable by the director shall not be reduced by any percentage of fault or negligence attributable to the employer or to the employee.

(e) In determining the credit to the Uninsured Employers Fund provided by Section 3861, the appeals board shall not take into consideration any negligence of the employer, but shall allow a credit for the entire amount of the employee's recovery either by settlement or after judgment, as has not theretofore been applied to the payment of expenses or attorney's fees.

(f) When an action or claim is brought by an employee, his or her guardian, conservator, personal representative, estate, survivors, or heirs against a third party who may be liable for causing the injury or death of the employee, any settlement or judgment obtained is subject to the director's claim for damages recoverable by the director pursuant to subdivision (a), and the director shall have a lien against any settlement in the amount of the damages.

(g) No judgment or settlement in any action or claim by an employee, his or her guardian, conservator, personal representative, survivors, or heirs to recover damages for injuries, where the director has an interest, shall be satisfied without first giving the director notice and a reasonable opportunity to perfect and satisfy his or her lien.

(h) When the director has perfected a lien upon a judgment or settlement in favor of an employee, his or her guardian, conservator, personal representative, survivors or heirs against any third party, the director shall be entitled to a writ of execution as a lien claimant to enforce payment of the lien against the third party with interest and other accruing costs as in the case of other executions. In the event the amount of the judgment or settlement so recovered has been paid to the employee, his or her guardian, conservator, personal representative, survivors, or heirs, the director shall be entitled to a writ of execution against the employee, his or her guardian, conservator, personal representative, survivors, or heirs to the extent of the director's lien, with interest and other accruing costs as in the cost of other executions.

(i) Except as otherwise provided in this section, notwithstanding any other provision of law, the entire amount of any settlement of

the action or claim of the employee, his or her guardian, conservator, personal representative, survivors, or heirs, with or without suit, is subject to the director's lien claim for the damages recoverable by the director pursuant to subdivision (a).

(j) Where the action or claim is brought by the employee, his or her guardian, conservator, personal representative, estate, survivors, or heirs, and the director has not joined in the action, and the employee, his or her guardian, conservator, personal representative, estate, survivors, or heirs incur a personal liability to pay attorney's fees and costs of litigation, the director's claim for damages shall be limited to the amount of the director's claim for damages less that portion of the costs of litigation expenses determined by multiplying the total cost of litigation expenses by the ratio of the full amount of the director's claim for damages to the full amount of the judgment, award, or settlement, and less 25 percent of the balance after subtracting the director's share of litigation expenses, which represents the director's reasonable share of attorney's fees incurred.

(k) In the trial of the director's action for damages, and in the allowance of his or her lien in an action by the employee, guardian, executor, personal representative, survivors, or heirs, the compensation paid from the Uninsured Employers Fund pursuant to an award as provided in Section 3716 is conclusively presumed to be reasonable in amount and to be proximately caused by the event or events which caused the employee's injury or death.

(*l*) In the action for damages the director shall be entitled to recover, if he or she prevails, the entire amount of the damages recoverable by the director pursuant to subdivision (a), regardless of whether the damages recoverable by the employee, guardian, conservator, personal representative, survivors, or heirs are of lesser amount.

SEC. 2. The amendments to subdivision (c) of Section 3732 of the Labor Code, as contained in Section 1 of this act, are intended to be retrospective and shall apply to any claim which could be, but has not yet been, brought on January 1, 1986, under the language of subdivision (c) of Section 3732 of the Labor Code, as amended by Section 1 of this act. Except for the amendments to subdivision (c), of Section 3732 of the Labor Code, as contained in Section 1 of this act, the amendments to that section, as contained in Section 1 of this act, shall apply to all claims of the director and all claims of the employee, guardian, conservator, personal representative, estate, survivors, or heirs not yet reduced to final judgment as of January 1, 1986.

(e) If the court finds in favor of the plaintiff in any action or proceeding brought pursuant to subdivision (d), the court shall direct the city, county, city and county, or any other local public entity to refund the unlawful portion of the payment, with interest at the rate of 8 percent per annum, or return the unlawful portion of the exaction imposed.

(f) Approval or conditional approval of a development occurs, for the purposes of this section, when the tentative map, tentative parcel map, or parcel map is approved or conditionally approved or when the parcel map is recorded if a tentative map or tentative parcel map is not required.

(g) The establishment of the imposition of fees, taxes, assessments, dedications, reservations, or other exactions occurs, for the purposes of this section, when they are imposed or levied on a specific development.

The people of the State of California do enact as follows:

SECTION 1. The Bridgeville School District desires to use a structure that does not conform to the so-called Field Act, for classroom purposes. It is necessary that this structure be used pending replacement of the facility by the district pursuant to the Leroy F. Greene State School Building Lease-Purchase Law of 1976.

SEC. 2. The governing board of the Modoc Joint Unified School District needs to conduct a continuation high school program in three classrooms of a school building in Alturas that does not conform to the so-called Field Act. As the district is unable under present law to sell bonds or to levy and collect an additional property tax to pay for a lease-purchase of additional buildings, it is necessary that the existing building be used for that purpose if the continuation high school program is to continue to exist.

SEC. 3. Notwithstanding Section 39227 of the Education Code, the governing board of the Bridgeville School District may use the existing structure described in Section 1 for classroom purposes from the effective date of this act until January 1, 1990, upon which date this act is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the date on which the act is repealed. During the period of use authorized by this section, the structure shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210)

of Chapter 2 of Part 23 of the Education Code.

SEC. 4. Notwithstanding Section 39227 of the Education Code, the governing board of the Modoc Joint Unified School District may use the existing school building in Alturas, described in Section 2 of this act, to conduct a continuation high school program until permanent replacement facilities for this purpose are constructed and ready for occupancy, or until June 30, 1988, whichever occurs earlier. During the period of continued use authorized by this section, the buildings shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

SEC. 5. Due to the unique circumstances specified in Sections 1 and 2 of this act concerning the Bridgeville School District and the Modoc Joint Unified School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediately effect. The facts constituting the necessity are:

In order to permit the Bridgeville School District and the Modoc Joint Unified School District to use structures that do not satisfy Field Act standards, so that their classes may be operated without interruption or delay, it is necessary that this act take effect immediately.

(a) In addition to Section 38025 and after complying with subdivision (c), if a local authority or the Director of Parks and Recreation finds that a highway, or a portion thereof, under the jurisdiction of the authority or the director, as the case may be, is located in such a manner as to provide a connecting link between off-highway motor vehicle trail segments, between an off-highway motor vehicle recreational use area and necessary service facilities, or between lodging facilities and an off-highway motor vehicle recreational facility and if it is found that the highway is designed and constructed so as to safely permit the use of regular vehicular traffic and also the driving of off-highway motor vehicles on that highway, the local authority, by resolution or ordinance, or the Director of Parks and Recreation, as the case may be, may designate that highway, or a portion thereof, for combined use and shall prescribe rules and regulations therefor. No highway, or portion thereof, shall be so designated for a distance of more than three miles. No freeway shall be designated under this section.

(b) The Off-Highway Motor Vehicle Recreation Commission may propose highway segments for consideration by local authorities or the Director of Parks and Recreation for combined use.

(c) Prior to designating a highway or portion thereof on the motion of either the local authority or the Director of Parks and Recreation, or as a recommendation of the Off-Highway Motor Vehicle Recreation Commission, a local authority or the Director of Parks and Recreation shall notify the Commissioner of the California Highway Patrol, and shall not designate any segment pursuant to subdivision (a) which, in the opinion of the commissioner, would create a potential traffic safety hazard.

(d) A designation of a highway, or a portion thereof, under subdivision (a) shall become effective upon the erection of appropriate signs of a type approved by the Department of Transportation on and along the highway, or portion thereof.

The cost of the signs shall be reimbursed from the Off-Highway Vehicle Fund, when appropriated by the Legislature, or by expenditure of funds from a grant made pursuant to Section 5090.50 of the Public Resources Code.

(b) Notwithstanding subdivision (a), it is unlawful for any person using an off-highway vehicle on a combined-use highway to do any of the following:

(1) Operate an off-highway motor vehicle on the highway during the hours of darkness.

(2) Operate any vehicle on the highway which does not have an operational stoplight.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 677

An act to amend Section 330.7 of the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1985. Filed with Secretary of State September 18, 1985]

330.7. (a) It shall be a defense to any prosecution under this chapter relating to slot machines, as defined in subdivision (2) of Section 330b, if the defendant shows that the slot machine is an antique slot machine and was not operated for gambling purposes while in the defendant's possession. For the purposes of this section, the term "antique slot machine" means a slot machine manufactured in the United States of which two-thirds or more, by count, of the visible exterior metal components (excluding fasteners) are original equipment manufactured prior to 1956; provided, however, that if the machine has a front or top casting, or both, the front casting or the top casting must have been manufactured prior to 1956.

(b) Notwithstanding Section 335a, whenever the defense provided by subdivision (a) is offered, no slot machine seized from any defendant shall be destroyed or otherwise altered until after a final court determination that such defense is not applicable. If the defense is applicable, any such slot machine shall be returned pursuant to provisions of law providing for the return of property.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the confusion in the law interpreting the term "antique slot machines" it is essential that this clarifying legislation take effect immediately.

Such lower amount may be applied generally or for specific services. The director may terminate the requirement for prior authorization when he determines that it is no longer necessary to postpone elective services.

CHAPTER 688

An act to amend Section 66452.6 of the Government Code, relating to subdivisions.

[Approved by Governor September 17, 1985 Filed with Secretary of State September 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 66452.6 of the Government Code, as amended by Section 3.5 of Chapter 1302 of the Statutes of 1984, is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months.

(b) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence, provided however, that the length of the moratorium does not exceed five years.

Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the

time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body pursuant to Section 66457 without first processing a new tentative map. Once a timely filing is made pursuant to Section 66457, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. If the advisory agency denies a subdivider's application for extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium is deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because the condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period as provided by ordinance but shall not be less than one year or more than two years beyond the recording of the final map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from

the date that a complete application is filed. Any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 1.5. Section 66452.6 of the Government Code, as amended by Section 3.5 of Chapter 1302 of the Statutes of 1984, is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is subject to a requirement of one hundred thousand dollars ($100,000) or more to construct or improve or finance the construction or improvement of public improvements outside the boundaries of the tentative map, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

"Public improvements," as used in this subdivision, includes traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence, provided however, that the length of the moratorium does not exceed five years.

Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not

include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body pursuant to Section 66457 without first processing a new tentative map. Once a timely filing is made pursuant to Section 66457, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. If the advisory agency denies a subdivider's application for extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium is deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because the condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period as provided by ordinance but shall not be less than one year or more than two years beyond the recording of the final

map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one-year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. Any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 66452.6 of the Government Code proposed by both this bill and AB 1624. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 66452.6 of the Government Code, as amended by Section 3.5 of Chapter 1302 of the Statutes of 1984, and (3) this bill is enacted after AB 1624, in which case Section 1 of this bill shall not become operative.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

The trustees shall annually, on or before December 31, report to the Department of Finance and the Joint Legislative Budget Committee the instances in which an exemption from the bidding process was allowed due to "unexpected causes."

(c) The commissioner may authorize the return to the Recovery Account of all or any amount previously transferred to the Real Estate Fund under this section.

10471. (a) When an aggrieved person obtains a final judgment in a court of competent jurisdiction against a defendant based upon the defendant's fraud, misrepresentation, deceit, or conversion of trust funds arising directly out of any transaction in which the defendant, while licensed under this part, performed acts for which that license was required, the aggrieved person may, upon the judgment becoming final, file an application with the Department of Real Estate for payment from the Recovery Account, within the limitations specified in Section 10474, of the amount unpaid on the judgment which represents an actual and direct loss to the claimant in the transaction.

If you fail to do so, you will have waived your right to present your objections to payment."

(d) If a judgment debtor fails to file a written response to the application with the department within 30 days after personal service, mailing, or final publication of the notice, the judgment debtor shall not thereafter be entitled to notice of any action taken or proposed to be taken by the commissioner with respect to the claim.

10471.3. (a) The commissioner shall render a final written decision on the application within 90 days after a completed application has been received unless the claimant agrees in writing to extend the time within which the commissioner may render a decision. If the commissioner fails to render a written decision in response to the claim within 90 days after its receipt or within the extended period agreed to by the claimant, the claim shall be deemed to have been denied by the commissioner on the final day for rendering the decision.

(b) The commissioner may deny or grant the application or may enter into a compromise with the claimant to pay less in settlement than the full amount of the claim. "If you desire a judicial review of the suspension of your licenses and license rights, you may petition the superior court in the county in which the judgment which is the basis of this claim was rendered, for a writ of mandamus. To be timely, the petition must be filed with the court within 30 days of receipt of this notice."

10471.6. At any time prior to the rendering of a decision on a claim if the commissioner determines that the aggregate valid claims of all aggrieved persons against that licensee are likely to exceed the limits of liability in Section 10474, the commissioner shall, in lieu of further administrative proceedings, initiate a proration proceeding pursuant to Section 10474.5 in any court of competent jurisdiction in which a judgment meeting the requirements of Section 10471 has been entered against the licensee.

10472. (a) A claimant against whom the commissioner has rendered a decision denying an application pursuant to Section

10471 may, within six months after receipt of notice of the denial, file a verified application in the court in which judgment was entered in favor of the claimant, for an Order Directing Payment Out of the Recovery Account based upon the grounds set forth in the claimant's application to the commissioner.

"If you wish to defend in court against this claim, you must file a written response with the court within 30 days after having been served with a copy of the application. If you do not file a written response, you will have waived your right to defend against the claim."

10472.1. (a) The commissioner and the judgment debtor shall each have 30 days after being served with the application in which to file a written response. The court shall thereafter set the matter for hearing upon the petition of the claimant. The court shall grant a request of the commissioner for a continuance of as much as 30 days and may, upon a showing of good cause by any party, continue the hearing for such time as the court deems appropriate.

(b) At the hearing, the claimant shall be required to establish compliance with the requirements of Section 10471.

(c) If the judgment debtor fails to file a written response to the application, the claim may be compromised or settled by the commissioner at any time during the court proceedings and the court shall, upon joint petition of the applicant and the commissioner, issue an order directing payment out of the Recovery Account.

10473. Whenever the court proceeds upon an application under Section 10472, it shall order payment out of the Recovery Account only upon a determination that the aggrieved party has a valid cause of action within the purview of Section 10471, and has complied with Section 10472.

The commissioner may defend any such action on behalf of the Recovery Account and shall have recourse to all appropriate

means of defense and review, including examination of witnesses and the right to relitigate any issues material and relevant in the proceeding against the Recovery Account which were determined in the underlying action on which the judgment in favor of the applicant was based. If the judgment in favor of the applicant was by default, stipulation, consent, or pursuant to Section 594 of the Code of Civil Procedure, or whenever the action against the licensee was defended by a trustee in bankruptcy, the applicant shall have the burden of proving that the cause of action against the licensee was for fraud, misrepresentation, deceit, or conversion of trust funds. Otherwise, the judgment shall create a rebuttable presumption of the fraud, misrepresentation, deceit, or conversion of trust funds by the licensee, which presumption shall affect the burden of producing evidence.

The commissioner may move the court at any time to dismiss the application when it appears there are no triable issues and the petition is without merit. The motion may be supported by affidavit of any person or persons having knowledge of the facts, and may be made on the basis that the petition, and the judgment referred to therein, does not form the basis for a meritorious recovery claim within the purview of Section 10471; provided, however, the commissioner shall give written notice at least 10 days before the motion.

The commissioner may, subject to court approval, compromise a claim based upon the application of an aggrieved party. The commissioner shall not be bound by any compromise or stipulation of the judgment debtor.

10473.1. The judgment debtor may defend an action against the Recovery Account on his or her own behalf and shall have recourse to all appropriate means of defense and review, including examination of witnesses. All matters, including, but not limited to, the issues of fraud, misrepresentation, deceit, or conversion of trust funds, finally adjudicated in the underlying action are conclusive as to the judgment debtor and the applicant in the proceeding against the Recovery Account.

10474. Notwithstanding any other provision of this chapter and regardless of the number of persons aggrieved or parcels of real estate involved in a transaction or the number of judgments against a licensee, the liability of the Recovery Account shall not exceed the following amounts:

(a) For causes of action which occurred on or after July 1, 1964, and prior to January 1, 1975, ten thousand dollars ($10,000) for any one transaction and twenty thousand dollars ($20,000) for any one licensee.

(b) For causes of action which occurred on or after January 1, 1975, and prior to January 1, 1980, ten thousand dollars ($10,000) for any one transaction and forty thousand dollars ($40,000) for any one licensee.

(c) For causes of action which occurred on or after January 1,

1980, twenty thousand dollars ($20,000) for any one transaction and one hundred thousand dollars ($100,000) for any one licensee.

10474.5. If the amount of liability of the Recovery Account as provided for in Section 10474 is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, the amount shall be distributed among them in the ratio that their respective claims bear to the aggregate of the valid claims, or in any other manner as the court deems equitable. Distribution of any moneys shall be among the persons entitled to share therein, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the commissioner, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the respective rights of all claimants to the Recovery Account may be equitably adjudicated and settled.

10475. Should the commissioner pay from the Recovery Account any amount in settlement of a claim or toward satisfaction of a judgment against a licensed broker or salesperson, the license of the broker or salesperson shall be automatically suspended upon the date of payment from the Recovery Account. No broker or salesperson shall be granted reinstatement until he or she has repaid in full, plus interest at the prevailing legal rate applicable to a judgment rendered in any court of this state, the amount paid from the Recovery Account on his or her account. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this chapter.

10476. If, at any time, the money deposited in the Recovery Account is insufficient to satisfy any duly authorized claim or portion thereof, the commissioner shall, when sufficient money has been deposited in the Recovery Account, satisfy the unpaid claims or portions thereof, in the order that the claims or portions thereof were originally filed, plus accumulated interest at the rate of 4 percent a year.

10477. Any sums received by the commissioner pursuant to any provisions of this chapter shall be deposited in the State Treasury and credited to the Recovery Account.

10478. It shall be unlawful for any person or the agent of any person to file with the commissioner any notice, statement, or other document required under the provisions of this chapter which is false or untrue or contains any willful, material misstatement of fact. Such conduct shall constitute a public offense punishable by imprisonment in the county jail for a period of not more than one year or a fine of not more than one thousand dollars ($1,000), or both.

10479. When, the commissioner has paid from the Recovery Account any sum to the judgment creditor, the commissioner shall be subrogated to all of the rights of the judgment creditor and the judgment creditor shall assign all of his or her right, title, and

interest in the judgment to the commissioner and any amount and interest so recovered by the commissioner on the judgment shall be deposited to the Recovery Account.

10480. The failure of an aggrieved person to comply with all of the provisions of this chapter shall constitute a waiver of any rights hereunder.

10481. Nothing in this chapter limits the authority of the commissioner to take disciplinary action against any licensee for a violation of the Real Estate Law, or of Chapter 1 (commencing with Section 11000) of Part 2, or of the rules and regulations of the commissioner; nor shall the repayment in full of all obligations to the Recovery Account by any licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to the Real Estate Law.

SEC. 4. To the extent that there are inconsistencies between this act and provisions of Article 3 (commencing with Section 10470) of Chapter 6 of Part 1 of Division 4 in effect immediately prior to the operative date of this act, the latter provisions shall apply in the case of an application properly filed with the court in accordance with Section 10471 prior to the operative date of this act.

SEC. 5. This act shall become operative on January 1, 1987.

CHAPTER 692

An act to amend Sections 21190 and 21191 of the Public Resources Code, relating to the California Environmental Protection Program.

[Approved by Governor September 17, 1985 Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 21190 of the Public Resources Code is amended to read:

21190. There is in this state the California Environmental Protection Program, which shall be concerned with the preservation and protection of California's environment. In this connection, the Legislature hereby finds and declares that, since the inception of the program pursuant to the Marks-Badham Environmental Protection and Research Act, the Department of Motor Vehicles has, in the course of issuing environmental license plates, consistently informed potential purchasers of those plates, by means of a detailed brochure, of the manner in which the program functions, the particular purposes for which revenues from the issuance of those plates can lawfully be expended, and examples of particular projects and programs that have been financed by those revenues. Therefore, because of this representation by the Department of Motor Vehicles, purchasers come to expect and rely that the moneys paid by them will be expended only for those particular purposes, which results in an obligation on the part of the state to expend the revenues only for those particular purposes.

Accordingly, all funds expended pursuant to this division shall be used only to support identifiable projects and programs of state agencies, cities, counties, districts, the University of California, and private research organizations which have a clearly defined benefit to the people of the State of California and which have one or more

of the following purposes:

(a) The control and abatement of air pollution, including all phases of research into the sources, dynamics, and effects of environmental pollutants.

(b) The acquisition, preservation, restoration, or any combination thereof, of natural areas or ecological reserves.

(c) Environmental education, including formal school programs and informal public education programs. The State Department of Education may administer moneys appropriated for these programs, but shall distribute not less than 90 percent of moneys appropriated for the purposes of this subdivision to fund environmental education programs of school districts, other local schools, state agencies other than the State Department of Education, and community organizations. Not more than 10 percent of the moneys appropriated for environmental education may be used for State Department of Education programs or defraying administrative costs.

(d) Protection of nongame species and threatened and endangered plants and animals.

(e) Protection, enhancement, and restoration of fish and wildlife habitat and related water quality, including review of the potential impact of development activities and land use changes on that habitat.

(f) The purchase, on an opportunity basis, of real property consisting of sensitive natural areas for the state park system and for local and regional parks.

(g) Reduction or minimization of the effects of soil erosion and the discharge of sediment into the waters of the Lake Tahoe region, including the restoration of disturbed wetlands and stream environment zones, through projects by the California Tahoe Conservancy and grants to local public agencies, state agencies, federal agencies, and nonprofit organizations.

SEC. 2. Section 21191 of the Public Resources Code is amended to read:

21191. (a) The California Environmental License Plate Fund which supersedes the California Environmental Protection Program Fund is continued in existence in the State Treasury, and consists of the moneys deposited in the fund pursuant to any provision of law.

(b) The Controller shall transfer from the California Environmental License Plate Fund to the Motor Vehicle Account in the State Transportation Fund amounts equal to the actual costs incurred by the Department of Motor Vehicles in performing its duties pursuant to Sections 5004, 5004.5, and 5022 and Article 8.5 (commencing with Section 5100) of Chapter 1 of Division 3 of the Vehicle Code.

(c) The Controller shall transfer to the post fund of the Veterans' Home of California, established pursuant to Section 1047 of the Military and Veterans Code, all revenue derived from the issuance of prisoner of war special license plates pursuant to Section 5101.5 of the Vehicle Code less the administrative costs of the Department of

Motor Vehicles in that regard.

(d) The Director of Motor Vehicles shall certify the amounts of the administrative costs of the Department of Motor Vehicles in subdivisions (b) and (c) to the Controller.

(e) The balance of the moneys in the California Environmental License Plate Fund shall be available for expenditure for the exclusive trust purposes specified in Section 21190, upon appropriation by the Legislature. However, all moneys derived from the issuance of commemorative 1984 Olympic reflectorized license plates in the Environmental License Plate Fund shall be used only for capital outlay purposes.

(f) All proposed appropriations for the program shall be summarized in a section in the Governor's Budget for each fiscal year and shall bear the caption "California Environmental Protection Program." The section shall contain a separate description of each project for which an appropriation is made. All such appropriations shall be made to the department performing the project and accounted for separately.

SEC. 3. This act shall become operative on July 1, 1986.

CHAPTER 693

(d) The State Director of Health Services shall issue a final decision regarding the drug product and shall submit any regulation adding a drug product to, or deleting a drug product from, the Medi-Cal drug formulary to the Office of Administrative Law, along with the completed rulemaking record, within seven months after the hearing prescribed in subdivision (a). This section shall not, however, be construed in a manner which results in the disapproval or invalidation of a regulation for failure to comply with the time frames prescribed in this subdivision and subdivisions (a) and (c).

(e) The criteria used by the department in deciding whether a drug product shall be added to or deleted from the formulary shall be limited to the criteria adopted as department regulations. The criteria shall be specific and unambiguous.

(f) Departmental requests for information from persons filing drug petitions to which this section applies shall be specific and unambiguous and shall be made solely for the purpose of addressing the criteria utilized in accordance with subdivision (e).

(g) All published studies received by the department pursuant to a drug petition prior to the close of the public regulatory hearing record shall be accepted and considered by the department.

SEC. 2. Section 14105.41 is added to the Welfare and Institutions Code, to read:

14105.41. (a) For the purpose of adding drugs to, or deleting drugs from, the Medi-Cal drug formulary as described in Section 14105.4, whether pursuant to a petition or by the department independent of a petition, all of the requirements of the Administrative Procedure Act contained in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable except that the requirements of subdivision (a) of Section 11347.1 and subdivision (b) of Section 11346.7 of the Government Code shall be deemed to have been complied with if the department does all of the following:

(1) Upon receipt of a petition requesting the addition of a drug to,

or the deletion of a drug from, the Medi-Cal drug formulary, the department shall notify the petitioner directly and in writing of the receipt of the petition and shall, within 30 days, either return the petition as incomplete or schedule the petition for public hearing, unless the public hearing is not required pursuant to Section 14105.9.

(2) Notifies each petitioner directly and in writing of its decision regarding the addition of a drug product to, or deletion of a drug product from, the formulary and shall state the reason or reasons for its decision and the specific regulatory criteria that are the basis of the department's decision.

(B) The recommendation of the Medical Therapeutic and Drug Advisory Committee.

(C) The decision of the department.

(D) A statement of the reason and the specific regulatory criteria that are the basis of the department's decision.

(b) Any additional information provided to the department during the posting of revisions to the proposed regulation shall be responded to by the department directly and in writing to the originator. That response shall notify the originator whether the additional information has resulted in a changed decision.

(c) For the purpose of review by the court, if any, and review and approval by the Office of Administrative Law of changes to the Medi-Cal drug formulary adopted by the department, each drug added to, or deleted from, the formulary shall be considered to be a separate regulation and shall be severable from all other additions or deletions of drugs contained in the rulemaking file.

(d) This section shall be applicable to any Medi-Cal drug formulary regulation package filed with the Office of Administrative Law after January 1, 1986.

The adopted rules and regulations shall include, but need not be limited to, minimum educational and work experience standards which will ensure that these employees are qualified to provide supervision and instruction of pupils participating in interscholastic athletic programs and activities.

(b) The governing board of each school district shall comply with the rules and regulations establishing minimum qualifications for persons employed in a limited assignment supervising the athletic activities of pupils adopted by the State Board of Education under Subdivision (a).

(c) Each school district shall annually file a certification to the State Board of Education, on forms designated by the department for that purpose, that it is in compliance with the requirements of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 696

An act to amend Sections 8411, 8412, 8413, 8414, and 8415 of, and to repeal Sections 8414.5, 8416, and 8417 of, the Fish and Game Code, relating to mackerel, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

The department shall study the Pacific mackerel resource and fishery for biological and management purposes. On or before February 1 of each year, the department shall prepare a report on the status of the Pacific mackerel resource and fishery.

The report shall include, but shall not be limited to, an estimate of the size of the total population of Pacific mackerel for the current season and an estimate of the expected size of the total population of Pacific mackerel at the beginning of the next season.

(b) If the department determines that the total population of Pacific mackerel is 20,000 tons or greater, but less than 150,000 tons, the director shall establish a season quota equal to 30 percent of the Pacific mackerel in excess of 20,000 tons.

(c) If the department determines that the total population of Pacific mackerel is 150,000 tons or greater, there shall not be a season quota limitation on the take of Pacific mackerel.

SEC. 8. Section 8417 of the Fish and Game Code is repealed.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to be operative for this year's season, which begins July 1, 1985, it is necessary for this act to take effect immediately.

50738.5. (a) The department shall establish and administer an annuity fund and may, notwithstanding any other provision of this chapter, make commitments to provide annuity payments from the fund directly to sponsors of rental housing developments which will receive construction or mortgage financing, or both, from the Farmers Home Administration to ensure affordable rents to eligible households.

(b) The department shall require annual reports on the use of annuity funds and any audits necessary to ensure the proper use of moneys from the annuity fund. The department shall review all complaints received concerning those funds and shall have all powers necessary to assure the lawful application of those funds.

(c) Any rental housing development assisted pursuant to this

section shall be governed by a regulatory agreement between the sponsor and the department. The regulatory agreement shall meet all of the requirements imposed by subdivisions (b), (c), (d), and (e) of Section 50757. The regulatory agreement shall also contain restrictions on the occupancy of the dwelling units within the rental housing development necessary to meet the requirements of subdivisions (a), (b), (c), and (e) of Section 50736 and Section 50739. In addition, elderly or physically handicapped households shall be allocated not less than 20 percent, or more than 50 percent, of the assisted units provided pursuant to this section. Other handicapped households shall be eligible for assisted units pursuant to this subdivision or subdivision (a), (b), (c), or (e) of Section 50736 if they otherwise meet the requirements imposed by those provisions.

(d) The department may utilize up to 2½ percent of the moneys appropriated for purposes of this section for administrative costs incurred in administering this section.

(e) The department shall make requests for proposals available to all potential sponsors of rental housing developments to be financed by the Farmers Home Administration who request them. The department shall encourage nonprofit sponsors and public agency sponsors to submit proposals. The request for proposals shall provide information about the availability of annuity payments to ensure affordable rents in rental housing developments financed by the Farmers Home Administration, the department's criteria for making commitments of its annuity funds, and the appropriate application procedure. The applicant shall be required by the department to concurrently submit a preapplication for financing to the Farmers Home Administration. The department shall submit to the Farmers Home Administration those applications for which the department has made commitments for annuity payments under this section. This section does not prohibit a sponsor of a rental housing development from applying directly to the Farmers Home Administration for financing and for federal rental assistance payments.

(f) "Rental housing development," as used in this section, includes farm labor housing developments financed or insured by the Farmers Home Administration pursuant to Section 1484, 1485, or 1486 of Title 42 of the United States Code.

The reports are not required to contain any proprietary information, nor shall they create any obligation by any commercial port to any present or prospective user of port facilities by reason of anything contained in the reports.

(b) The Department of Commerce shall collect and compile the reports submitted to the department and the State Lands Commission pursuant to subdivision (a), and the department shall prepare and transmit to the Governor and the Legislature a summary thereof on or before June 30, 1986.

(c) As used in this section, the term "commercial port" means a port which obtains 50 percent or more of its revenue from maritime trade.

Nothing in this section shall be construed to prohibit the provision of nursing services in a clinic licensed pursuant to this chapter. In no case shall a clinic be deemed to be a health facility subject to the provisions of Chapter 2 (commencing with Section 1250) of this division. A place, establishment, or institution which solely provides advice, counseling, information, or referrals on the maintenance of health or on the means and measures to prevent or avoid sickness, disease, or injury, where such advice, counseling, information, or referrals does not constitute the practice of medicine, surgery, dentistry, optometry, or podiatry, shall not be deemed a clinic for purposes of this chapter.

References in this chapter to "primary care clinics" shall mean and designate all the types of clinics specified in subdivision (a) of Section 1204, including community clinics and free clinics. References in this chapter to specialty clinics shall mean and designate all the types of clinics specified in subdivision (b) of Section 1204, including surgical clinics, chronic dialysis clinics, and rehabilitation clinics.

SEC. 3. Section 1204 of the Health and Safety Code is amended to read:

the patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a community clinic; provided, that the licensee of any community clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a community clinic.

No corporation other than a nonprofit corporation exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a free clinic; provided, that the licensee of any free clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a free clinic.

(b) The following types of specialty clinics shall be eligible for licensure as specialty clinics pursuant to this chapter:

(1) A "surgical clinic" means a clinic which is not part of a hospital and which provides ambulatory surgical care for patients who remain less than 24 hours. A surgical clinic does not include any place or establishment owned or leased and operated as a clinic or office by one or more physicians or dentists in individual or group practice, regardless of the name used publicly to identify the place or establishment, provided, however, that physicians or dentists may, at their option, apply for licensure.

(3) A "rehabilitation clinic" means a clinic which, in addition to providing medical services directly, also provides physical rehabilitation services for patients who remain less than 24 hours. Rehabilitation clinics shall provide at least two of the following rehabilitation services: physical therapy, occupational therapy, social, speech pathology, and audiology services. A rehabilitation clinic does not include the offices of a private physician in individual or group practice.

SEC. 4. Section 1206 of the Health and Safety Code is amended to read:

1206. This chapter does not apply to the following:

the director, who shall grant the exception to any facility meeting the criteria of Section 1201.5. Notwithstanding the licensure exemption contained in this subdivision, a nonprofit speech and hearing center shall be deemed to be an organized outpatient clinic for purposes of qualifying for reimbursement as a rehabilitation center under the Medi-Cal Act, Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

[Approved by Governor September 17, 1985. Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 9889.30 of the Business and Professions Code is amended to read:

9889.30. The Legislature hereby intends to create a program to be known as the Better Auto Repair Program to assist California motor vehicle owners in selecting a competent automotive repair facility, through a system that is simple, accurate, and regularly updated.

The Legislature recognizes the great dilemma faced by California motorists, in a state that has the most mechanically mobile population in the history of mankind, yet one in which widespread dissatisfaction exists over repair facilities available to maintain and repair motor vehicles.

The Legislature, in establishing this program, also recognizes dilemmas faced by the automotive repair industry, with the increasing complexity and diversity of the modern automobile, the wide variety of expertise exercised by the 33,000 automotive repair facilities in the state, and the difficulties faced by any industry effort to establish and maintain industry-wide standards, particularly when faced with a shrinking labor pool of journeymen and veteran mechanics. It recognizes the desire of the overwhelming majority of repair shops to provide honest, competent repair, and the social and economic necessity for such service. The Legislature believes that this voluntary program will meet the needs of both segments.

The program shall be set up on a pilot study basis and shall terminate on December 31, 1987. The study area shall include the portions of Sacramento, Placer, Yolo, San Joaquin, Yuba, and Sutter Counties as the Bureau of Automotive Repair may designate, with an emphasis to be placed on the more heavily populated areas.

SEC. 1.5. Section 44050 of the Health and Safety Code is amended and renumbered to read:

44056. (a) Except as otherwise provided in Sections 44051 and 44051.5, any person who violates any provision of this chapter, or any order, rule, or regulation of the department adopted pursuant to this chapter, is liable for a civil penalty not to exceed five hundred dollars ($500) for each day in which each violation occurs. Any action to recover civil penalties shall be brought by the Attorney General in

the name of the state on behalf of the department, or may be brought by any district attorney, city attorney, or attorney for a district.

(b) The penalties specified in subdivision (a) do not apply to an owner or operator of a motor vehicle, except an owner or operator who does any of the following:

(1) Obtains, or who attempts to obtain, a certificate of compliance or noncompliance without complying with the requirements of Section 44015.

(2) Registers a motor vehicle at an address other than the owner's or operator's residence address for the purpose of avoiding the requirements of this chapter.

SEC. 2. Section 44051 of the Health and Safety Code is amended and renumbered to read:

44057. The action shall be brought by the attorney general in the name of the state on behalf of the department, or may be brought by any district attorney, city attorney, or attorney for a district. An action brought under this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that it shall not be necessary to show lack of an adequate remedy at law or to show irreparable damage or loss.

The citation shall be served pursuant to subdivision (c) of Section 11505 of the Government Code.

any civil or criminal action or special proceeding of any kind or character nor hear any matter therein which involves a contested issue of law or fact when it shall be established as hereinafter provided that such judge or court commissioner is prejudiced against any party or attorney or the interest of any party or attorney appearing in such action or proceeding.

(2) Any party to or any attorney appearing in any such action or proceeding may establish such prejudice by an oral or written motion without notice supported by affidavit or declaration under penalty of perjury or an oral statement under oath that the judge, court commissioner, or referee before whom such action or proceeding is pending or to whom it is assigned is prejudiced against any such party or attorney or the interest of such party or attorney so that such party or attorney cannot or believes that he cannot have a fair and impartial trial or hearing before such judge, court commissioner, or referee. Where the judge, court commissioner, or referee assigned to or who is scheduled to try the cause or hear the matter is known at least 10 days before the date set for trial or hearing, the motion shall be made at least five days before that date. If directed to the trial of a cause where there is a master calendar, the motion shall be made to the judge supervising the master calendar not later than the time the cause is assigned for trial. If the court in which the action is pending is authorized to have no more than one judge and the motion claims that the duly elected or appointed judge of that court is prejudiced, the motion shall be made before the expiration of 30 days from the date of the first appearance in the action of the party who is making the motion or whose attorney is making the motion. In no event shall any judge, court commissioner, or referee entertain such motion if it be made after the drawing of the name of the first juror, or if there be no jury, after the making of an opening statement by counsel for plaintiff, or if there be no such statement, then after swearing in the first witness or the giving of any evidence or after trial of the cause has otherwise commenced. If the motion is directed to a hearing (other than the trial of a cause), the motion must be made not later than the commencement of the hearing. In the case of trials or hearings not herein specifically provided for, the procedure herein specified shall be followed as nearly as may be. The fact that a judge, court commissioner, or referee has presided at or acted in connection with a pretrial conference or other hearing, proceeding or motion prior to trial and not involving a determination of contested fact issues relating to the merits shall not preclude the later making of the motion provided for herein at the time and in the manner hereinbefore provided.

A motion under this paragraph may be made following reversal on appeal of a trial court's decision if the trial judge in the prior proceeding is assigned to conduct a new trial on the matter. The motion shall be made within 60 days after the party or the party's attorney has been notified of the assignment.

(3) If such motion is duly presented and such affidavit or declaration under penalty of perjury is duly filed or such oral statement under oath is duly made, thereupon and without any further act or proof, the judge supervising the master calendar, if any, shall assign some other judge, court commissioner, or referee to try the cause or hear the matter. In other cases, the trial of the cause or the hearing of the matter shall be assigned or transferred to another judge, court commissioner, or referee of the court in which the trial or matter is pending or, if there is no other judge, court commissioner, or referee of the court in which the trial or matter is pending, the Chairman of the Judicial Council shall assign some other judge, court commissioner, or referee to try such cause or hear such matter as promptly as possible. Under no circumstances shall a party or attorney be permitted to make more than one such motion in any one action or special proceeding pursuant to this section; and in actions or special proceedings where there may be more than one plaintiff or similar party or more than one defendant or similar party appearing in the action or special proceeding, only one motion for each side may be made in any one action or special proceeding.

(4) Unless required for the convenience of the court or unless good cause is shown, a continuance of the trial or hearing shall not be granted by reason of the making of a motion under this section. If a continuance is granted, the cause or matter shall be continued from day to day or for other limited periods upon the trial or other calendar and shall be reassigned or transferred for trial or hearing as promptly as possible.

(5) Any affidavit filed pursuant to this section shall be in substantially the following form:

(6) Any oral statement under oath or declaration under penalty of perjury made pursuant to this section shall include substantially the same contents as the affidavit above.

(7) Nothing in this section shall affect or limit the provisions of Section 170 and Title 4, Part 2, of this code and this section shall be construed as cumulative thereto.

(8) If any provision of this section or the application to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the section which can be given effect without the invalid provision or application and to this end the provisions of this section are declared to be severable.

The employing unit so notified shall submit within 10 days after the mailing of the notice any facts then known which may affect the claimant's eligibility for benefits, including, but not limited to, facts pertaining to eligibility under Section 1256. The 10-day period may be extended for good cause. If after the 10-day period the employing

unit acquires knowledge of facts which may affect the eligibility of the claimant and facts could not reasonably have been known within the period, the employing unit shall, within 10 days of acquiring the knowledge, submit the facts to the department, and the 10-day period may also be extended for good cause.

The employing unit so notified shall submit within 10 days after the mailing of the notice any facts then known which may affect the individual's eligibility for federal-state extended benefits. During the period of use authorized by this section, the buildings and related facilities shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23. The liability of the Madera Unified School District and the members of its governing board during the period of use authorized by this section shall be determined by the provisions of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

SEC. 2. The use of the buildings herein described may be continued until June 30, 1988, or until the final completion of replacement facilities, whichever occurs first. During the period of use authorized by this section, the buildings shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23. The liability of the Allan Hancock Joint Community College District and the members of its governing board during the period of use authorized by this section shall be determined by the provisions of Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

The district's authorization to use these buildings and facilities, which do not satisfy Field Act standards, expires on June 30, 1985, and the district will not be able to fund and construct replacement facilities by that date. In addition, the authorization of the Allan Hancock Joint Community College District to use buildings that do not satisfy Field Act standards for classroom and support services expires on June 30, 1985, and the district will not be able to obtain replacement facilities by that date. If two or more districts are under the jurisdiction of governing boards of identical personnel, only one commission shall be appointed. In such cases this article shall apply alike to all of the districts, and the expenses of the commission shall be paid out of the general funds of all of the districts in proportion to the benefits derived therefrom as determined by the governing board.

SEC. 2. Section 45244 of the Education Code is amended to read:

In the case of the nominees of the classified employees, the board shall appoint the nominee, unless the classified employees voluntarily withdraw the name of the nominee and submit the name of a new nominee. In the latter case, the board shall then appoint the new nominee.

(e) In the event a vacancy exists because of a failure of the classified employees to agree on a nominee, the board may make an emergency appointment as authorized in subdivision (b) of Section 45248. CHAPTER 725

An act to amend Section 1157 of the Evidence Code, relating to discovery.

The people of the State of California do enact as follows:

SECTION 1. Section 1157 of the Evidence Code is amended to read:

(b) Except as hereinafter provided, no person in attendance at a meeting of any of those committees shall be required to testify as to what transpired at that meeting.

(c) The prohibition relating to discovery or testimony does not apply to the statements made by any person in attendance at a meeting of any of those committees who is a party to an action or proceeding the subject matter of which was reviewed at that meeting, or to any person requesting hospital staff privileges, or in any action against an insurance carrier alleging bad faith by the carrier in refusing to accept a settlement offer within the policy limits.

(d) The prohibitions in this section do not apply to medical, dental, dental hygienist, podiatric, dietetic, psychological, veterinary, or chiropractic society committees that exceed 10 percent of the membership of the society, nor to any of those committees if any person serves upon the committee when his or her own conduct or practice is being reviewed.

(e) The amendments made to this section by Chapter 1081 of the Statutes of 1983, or at the 1985 portion of the 1985–86 Regular Session of the Legislature, do not exclude the discovery or use of relevant evidence in a criminal action.

CHAPTER 726

An act to add Section 1596.8865 to the Health and Safety Code, relating to licensed care facilities.

[Approved by Governor September 17, 1985 Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.8865 is added to the Health and Safety Code, to read:

1596.8865. (a) When a local child protective agency, as defined in Section 11165 of the Penal Code, has a reasonable suspicion, as defined in subdivision (a) of Section 11166 of the Penal Code, that the death or serious injury of a child occurred at a child day care facility because of abuse or willful neglect by the personnel of the child day care facility, the agency shall immediately notify the director.

(b) Within two working days of receipt of the evidence that the death or serious injury occurred at a child day care facility because of abuse or willful neglect by the personnel of the child day care facility, the department shall temporarily suspend the license, registration, or special permit of the facility and shall immediately

notify the licensee, registrant, or holder of the special permit of the temporary suspension and the effective date thereof and at the same time serve the provider with an accusation. The hearing shall be set and conducted in the manner provided in Section 1596.886, and the temporary suspension shall have the same effect and duration as provided in Section 1596.886.

(c) The director shall request that, and the city police, county sheriff, or other law enforcement agencies and any other county agencies investigating the death or serious injury of the child shall, expedite and coordinate evidence gathering in the case and make the evidence available, to the extent that providing the evidence will not adversely affect any criminal prosecution, as soon as possible for the purposes of the hearing on the temporary suspension.

(d) As used in this section, "serious injury" means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 727

An act to amend Section 5 of Chapter 1214 of the Statutes of 1983, and making an appropriation therefor, relating to school transportation.

SEC. 2. Due to the unique circumstances under which the Snelling-Merced Falls Union Elementary School District temporarily

suspended its home-to-school transportation program in the 1981–82 fiscal year, which was subsequently used as the base year for state funding of home-to-school transportation, it is necessary that funding be made available to the district, and the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 3. Regardless of when this act becomes effective, it is the intent of the Legislature to make changes in state apportionments to the Snelling-Merced Falls Union Elementary School District in the 1983–84 fiscal year. For purposes of implementing the change required by this act, the Superintendent of Public Instruction and other public officers shall take all necessary steps to effect the required adjustments, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund and other public funds.

SEC. 4. The sum of ten thousand four hundred fifty-four dollars ($10,454) is hereby appropriated from the General Fund to the State Department of Education, in augmentation of appropriations made for the 1983–84 and 1984–85 fiscal years, for the purpose of funding the increased home-to-school transportation entitlements authorized pursuant to Section 1 of this act.

No person, firm, partnership, association, or corporation within the state and no state or local public agency shall operate, establish, manage, conduct, or maintain a community care facility in this state, without first obtaining and maintaining a valid license therefor as provided in this chapter.

No person, firm, partnership, association, or corporation within the state and no state or local public agency shall provide specialized services within a community care facility in this state, without first obtaining a special permit therefor as provided in this chapter.

Except for a juvenile hall operated by a county, or a public recreation program, this section applies to community care facilities directly operated by a state or local public agency. Each community care facility operated by a state or local public agency shall comply with the standards established by the director for community care facilities.

As used in this chapter, "local public agency" means a city, county, special district, school district, community college district, chartered city, or chartered city and county.

SEC. 3. Section 1541 of the Health and Safety Code is amended to read:

1541. The director may bring an action to enjoin the violation or threatened violation of Section 1503.5 or 1508, or both, in the superior court in and for the county in which the violation occurred or is about to occur. Any proceeding under the provisions of this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the director shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or irreparable damage or loss. Upon a finding by the director that the violations threaten the health or safety of persons in, or served by, a community care facility, the agency contracted with pursuant to Section 1511 may bring an action to enjoin the violation, threatened violation, or continued violation by any community care facility which is located in an area for which it is responsible pursuant to the

terms of the contract.

With respect to any and all actions brought pursuant to this section alleging actual violation of Section 1503.5 or 1508, or both, the court shall, if it finds the allegations to be true, issue its order enjoining the community care facility from continuance of the violation.

SEC. 4. Section 1569.10 is added to the Health and Safety Code, to read:

1569.10. No person, firm, partnership, association, or corporation within the state and no state or local public agency shall operate, establish, manage, conduct, or maintain a residential facility for the elderly in this state without first obtaining and maintaining a valid license therefor, as provided in this chapter.

SEC. 5. Section 1569.44 is added to the Health and Safety Code, to read:

1569.44. (a) A facility shall be deemed to be an "unlicensed residential facility for the elderly" and "maintained and operated to provide residential care" if it is unlicensed and not exempt from licensure, and any one of the following conditions is satisfied:

(1) The facility is providing care and supervision services, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

SEC. 6. Sections 4 and 5 of this act shall only become operative if Senate Bill 185 of the 1985–86 Regular Session is chaptered and becomes effective on or before January 1, 1986.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC 8. This act is an urgency statute necessary for the

(b) Subdivision (a) does not limit the admissibility of evidence if all persons who conducted or otherwise participated in the mediation consent to its disclosure.

(f) Paragraph (2) of subdivision (a) does not limit either of the following:

(1) Not have committed acts or crimes constituting grounds for denial of registration under Section 480.

SEC. 9. Section 6759 of the Business and Professions Code is amended to read:

6759. The board, upon application therefor, on its prescribed form, and the payment of the application fee fixed by this chapter,

may issue a certificate of registration as a professional engineer, without written examination, to any person holding a certificate of registration issued to him or her by any state or country when the applicant's qualifications meet the requirements of this chapter, and rules established by the board. The board shall not require a comity applicant to meet any requirement not required of California applicants. For purposes of this section, equivalent second division examinations shall be eight-hour written examinations prepared by or administered by a state or territory either by single or combined branch at the level generally administered by the board to persons who passed or were exempted from the first division examination. Applicants who have passed an equivalent second division combined branch or a single branch examination in a branch not recognized for registration in California shall be registered in the branch in which their experience and education indicate the closest relationship.

(g) Who, unless appropriately registered, manages, or conducts as manager, proprietor, or agent, any place of business from which civil, electrical, or mechanical engineering work is solicited, performed, or practiced.

(h) Who uses the title, or any combination of such title, of "professional engineer," "registered engineer," or the branch titles specified in Section 6732, or the authority titles specified in Section 6763, or "engineer-in-training," or who makes use of any abbreviation of such title which might lead to the belief that he or

she is a registered engineer, without being registered as required by this act.

(i) Who uses the title "consulting engineer" without being registered as required by this act or without being authorized to use such title pursuant to legislation enacted at the 1963, 1965 or 1968 Regular Session.

(j) Who violates any provision of this chapter.

SEC. 12. Section 7.5 of this bill incorporates amendments to Section 6751 of the Business and Professions Code proposed by both this bill and SB 128. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 6751 of the Business and Professions Code, and (3) this bill is enacted after SB 128, in which case Section 7 of this bill shall not become operative.

CHAPTER 733

An act to amend Sections 22458.4 and 24458.4 of the Financial Code, relating to loans.

[Approved by Governor September 17, 1985. Filed with Secretary of State September 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 22458.4 of the Financial Code is amended to read:

22458.4. On any loan made which is secured in part by real property, an appraisal fee not to exceed the actual cost of the appraisal may be charged by the licensee if a written appraisal is rendered to the licensee by a qualified appraiser. Only one fee for appraising the same real property may be collected unless the borrower has obtained a new or additional loan and more than one year has elapsed since the prior appraisal. The fee is not included in charges as defined in this article or in determining the maximum charges which may be made under this article.

SEC. 2. Section 24458.4 of the Financial Code is amended to read:

24458.4. On any loan made which is secured by real property, an appraisal fee not to exceed the actual cost of the appraisal may be charged by the licensee if a written appraisal is rendered to the licensee by a qualified appraiser. Only one fee for appraising the same real property may be collected unless the borrower has obtained a new or additional loan and more than one year has elapsed since the prior appraisal. The fee is not included in charges as defined in this article or in determining the maximum charges which may be made under this article.

CHAPTER 734

An act to add Section 17538.7 to the Business and Professions Code, relating to consumer credit.

[Approved by Governor September 17, 1985 Filed with Secretary of State September 18, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 17538.7 is added to the Business and Professions Code, to read:

17538.7. (a) It is unlawful for a seller to advertise any payment, number of payments, or period of repayment for any goods, property, or services purchased through an extension of consumer credit under an open-end credit plan accepted for purchases by more than one seller unless the seller clearly and conspicuously discloses all of the following:

(1) The cash price and the amount or percentage of a downpayment, if any.

(2) The monthly or other periodic payment, the number of payments or the period of repayment, the total amount of all payments, and whether the monthly or other periodic payment is calculated on the assumption that the purchaser has no outstanding balance due under the open-end credit plan, if that is the case.

(3) The amount of the finance charge and any periodic rate that may be applied expressed as an annual percentage rate as described under subdivision (e). If the open-end credit plan provides for a variable periodic rate, that fact shall be disclosed.

(4) Any minimum, fixed, transaction, activity, or similar charge and any membership or participation fee that could be imposed.

(5) The name of the creditor, if not the seller.

(6) Whether the advertised terms are available to the purchaser only after the creditor's approval, if that is the case.

(b) (1) A catalog or other multiple-page advertisement that gives information in a table or schedule in sufficient detail to permit determination of the disclosures required by subdivision (a) shall be considered a single advertisement if (A) the table or schedule is clearly and conspicuously set forth, and (B) any statement of the amount of any payment, the number of payments, or the period of repayment appearing anywhere else in the catalog or advertisement clearly refers to the page on which the table or schedule begins.

(2) A catalog or multiple-page advertisement complies with subdivision (a) if the table or schedule includes all appropriate disclosures for a representative scale of amounts up to the level of the more commonly sold higher-priced property or services offered.

(c) It is unlawful for a seller to advertise any payment, number of payments, or period of repayment for particular goods, property, or services purchased through an extension of consumer credit under

any open-end credit plan unless the seller clearly and conspicuously discloses the cash price proximate to the advertised payment, number of payments, or period of repayment.

(d) It is unlawful for a seller to advertise terms that actually are not or will not be arranged or offered by the creditor.

(e) (1) For the purposes of this title, the terms "person," "creditor," "consumer credit," "open-end credit," "cash price," "downpayment," "finance charge," "periodic rate," and "annual percentage rate" have the same meaning as used in Regulation Z.

(2) The term "Regulation Z" shall mean any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the Federal Truth in Lending Act, (Public Law 90-321, as amended), and any interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board under the Truth in Lending Act, to issue those interpretations or approvals.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 735

An act to amend Sections 13353 and 23206 of, to amend and renumber Sections 13353.5 and 13354 of, and to add Sections 23157 and 23159 to, the Vehicle Code, relating to driving offenses.

[Approved by Governor September 17, 1985 Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the state's drunk driving laws are not completely effective because of the refusal by many drivers to take the required chemical tests which show their intoxication. It is therefore the intent of the Legislature to enhance the penalties for refusal to complete the chemical test. It is further the intent of the Legislature to reorganize the Vehicle Code so that all current provisions related to the duty of a driver to submit to chemical tests are consolidated in the article prescribing offenses involving alcohol and drugs. This act shall be known, and may be cited as, the La Follette-Katz Chemical Test Enhancement Act.

SEC. 2. Section 13353 of the Vehicle Code is amended to read:

13353. (a) If any person refuses the officer's request to submit to, or fails to complete, a chemical test or tests pursuant to Section 23157, upon receipt of the officer's sworn statement that the officer had

reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153 and that the person had refused to submit to, or did not complete, the test or tests after being requested by the officer, the department shall (1) suspend the person's privilege to operate a motor vehicle for a period of six months, (2) suspend the person's privilege to operate a motor vehicle for a period of one year if the person has previously been convicted of a violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal, or (3) revoke the person's privilege to operate a motor vehicle for a period for three years if the person has previously been convicted of two or more violations of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal. The officer's sworn statement shall be submitted on a form furnished or approved by the department. The suspension or revocation shall not become effective until 10 days after the giving of written notice thereof, or until the end of any stay of the suspension, as provided for in subdivision (c) or (d).

(b) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person was placed under arrest, whether the person refused to submit to, or did not complete, the test or tests after being requested by a peace officer, and whether, except for the persons described in subdivision (a) of Section 23157 who are incapable of refusing, the person had been told that his or her driving privilege would be suspended or revoked if he or she refused to submit to, or did not complete, the test or tests.

(c) An application for a hearing made by the affected person within 10 days of receiving notice of the department's action shall stay the suspension or revocation by the department for a period of 15 days. The department shall, within the period of 15 days, hold a hearing in the county in which the violation occurred. If the department does not grant a hearing within 15 days, the suspension or revocation shall not take place until the person is granted a hearing and is notified of the department's action as provided in subdivision (d). If the county in which the violation occurred is also the county of the person's residence, and the person requests that the hearing be continued to a date beyond the period of 15 days, the suspension or revocation shall become effective immediately upon receipt of the department's notice that the request for continuance has been granted. If the hearing is to be held in a county other than the county of the person's residence, the department shall, upon

request, grant the person a continuance of up to 15 days, and shall not suspend or revoke the license until after that time.

(d) If the department determines, upon a hearing of the matter, to suspend or revoke the affected person's privilege to operate a motor vehicle, the suspension or revocation shall not become effective until five days after receipt by the person of the department's notification of that suspension or revocation.

SEC. 3. Section 13353.5 of the Vehicle Code is amended and renumbered to read:

23157.5. (a) In addition to the requirements of Section 23157, a person who chooses to submit to a breath test shall be advised before or after the test that the breath-testing equipment does not retain any sample of the breath and that no breath sample will be available after the test which could be analyzed later by the person or any other person.

(b) The person shall also be advised that, because no breath sample is retained, the person will be given an opportunity to provide a blood or urine sample that will be retained at no cost to the person so that there will be something retained that may be subsequently analyzed for the alcoholic content of the person's blood. If the person completes a breath test and wishes to provide a blood or urine sample to be retained, the sample shall be collected and retained in the same manner as if the person had chosen a blood or urine test initially.

(c) The person shall also be advised that the blood or urine sample may be tested by either party in any criminal prosecution. The failure of either party to perform this test shall place no duty upon the opposing party to perform the test nor affect the admissibility of any other evidence of the alcoholic content of the blood of the person arrested

SEC. 4. Section 13354 of the Vehicle Code is amended and renumbered to read:

23158. (a) Only a licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, or certified paramedic acting at the request of a peace officer may withdraw blood for the purpose of determining the alcoholic content therein. This limitation does not apply to the taking of breath specimens. An emergency call for paramedic services takes precedence over a peace officer's request for a paramedic to withdraw blood for determining its alcoholic content. A certified paramedic shall not withdraw blood for this purpose unless authorized by his or her employer to do so.

(b) The person tested may, at his own expense, have a licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, or any other person of his or her own choosing administer a test in addition to any test administered at the direction of a peace officer for the purpose of determining the amount of alcohol in the person's blood at the time alleged as shown by chemical analysis of

his or her blood, breath, or urine. The failure or inability to obtain an additional test by a person does not preclude the admissibility in evidence of the test taken at the direction of a peace officer.

(c) Upon the request of the person tested, full information concerning the test taken at the direction of the peace officer shall be made available to the person or the person's attorney.

(d) Notwithstanding any other provision of law, no licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist or clinical laboratory bioanalyst, or certified paramedic, or hospital, laboratory, or clinic employing or utilizing the services of the licensed physician and surgeon, registered nurse, licensed vocational nurse, duly licensed laboratory technologist or clinical laboratory bioanalyst, or certified paramedic, owning or leasing the premises on which tests are performed, shall incur any civil or criminal liability as a result of the administering of a blood test in a reasonable manner in a hospital, medical laboratory, or medical clinic environment, according to accepted medical practices, without violence by the person administering the test, and when requested in writing by a peace officer to administer the test.

(e) If the test given under Section 23157 is a chemical test of urine, the person tested shall be given such privacy in the taking of the urine specimen as will ensure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved.

(f) The department, in cooperation with the State Department of Health Services or any other appropriate agency, shall adopt uniform standards for the withdrawal, handling, and preservation of blood samples prior to analysis.

(g) As used in this section, "certified paramedic" does not include any employee of a fire department.

(h) Consent, waiver of liability, or the offering to, acceptance by, or refusal of consent or waiver of liability by the person on whom a test is administered, is not an issue or relevant to the immunity from liability for medical personnel or the medical facility under subdivision (d).

SEC. 5. Section 23157 is added to the Vehicle Code, to read:

23157. (a) (1) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. The person shall be told that his or her failure to submit to, or the noncompletion of, the required chemical testing will result in (A) mandatory imprisonment if the person is

convicted of a violation of Section 23152 or 23153, (B) the suspension of the person's privilege to operate a motor vehicle for a period of six months, (C) the suspension of the person's privilege to operate a motor vehicle for a period of one year if the person has previously been convicted of a violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal, or (D) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the person has previously been convicted of two or more violations of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the person shall be advised by the officer that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall submit to the person's choice of the remaining tests or test, and the person shall be advised by the officer that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the person shall be advised by the officer that he or she has that choice.

A person who chooses to submit to a breath test may also be required to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and shall be advised by the officer that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

This power to assign includes the power to transfer a teacher from one school to another school at which the teacher is certificated to serve within the district when the superintendent concludes that the transfer is in the best interest of the district.

CHAPTER 747

An act to amend Section 44830 of the Education Code, relating to certificated employees.

[Approved by Governor September 18, 1985 Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 44830 of the Education Code is amended to read:

44830. (a) A governing board of a school district shall employ for positions requiring certification qualifications, only persons who possess the qualifications therefor prescribed by law. It is contrary to the public policy of this state for any person or persons charged, by the governing boards, with the responsibility of recommending persons for employment by the boards to refuse or to fail to do so for reasons of race, color, religious creed, sex, or national origin of the applicants for that employment.

(b) Commencing on February 1, 1983, no school district governing board shall initially hire on a permanent, temporary, or substitute basis a certificated person seeking employment in the capacity designated in his or her credential unless that person has demonstrated basic skills proficiency as provided in Section 44252.5 or unless the person is exempted from the requirement by subdivisions (c), (d), (e), (f), (g), (h), (i), (j), (k), (*l*), (m), and (n).

(1) The governing board of a school district, with the authorization of the Commission on Teacher Credentialing, may administer the basic skills proficiency test required under the provisions of Sections 44252 and 44252.5.

(2) The superintendent, in conjunction with the commission and local governing boards, shall take steps necessary to ensure the effective implementation of this subdivision.

It is the intent of the Legislature that in effectively implementing the provisions of this subdivision, school district governing boards shall direct superintendents of schools to prepare for emergencies by developing a pool of qualified emergency substitute teachers. This preparation shall include public notice of the test requirements and of the dates and locations of administrations of the tests. District governing boards shall make special efforts to encourage individuals who are known to be qualified in other respects as substitutes to take the state basic skills proficiency test at its earliest administration.

(3) Demonstration of proficiency in reading, writing, and mathematics by any person pursuant to Section 44252 shall satisfy the

requirements of this subdivision.

(c) A certificated person shall not be required to take the state basic skills proficiency test if he or she has been employed in a position requiring certification in any school district within 39 months prior to employment with the district. A person holding a valid California credential who has not been employed in a position requiring certification in any school district within 39 months prior to employment and who has not taken the state basic skills proficiency test, but who has passed a basic skills proficiency examination which has been developed and administered by the school district offering that person employment, may be employed by the governing board of that school district on a temporary basis on the condition that he or she will take the state basic skills proficiency test within one year of the date of his or her employment.

(d) Nothing in this section shall require a person employed solely for purposes of teaching adults in an apprenticeship program, approved by the Apprenticeship Standards Division of the Department of Industrial Relations, to pass the state proficiency assessment instrument as a condition of employment.

(e) Nothing in this section shall require the holder of a child care permit or a permit authorizing service in a development center for the handicapped to take the state basic skills proficiency test, so long as the holder of the permit is not required to have a baccalaureate degree.

(f) Nothing in this section shall require the holder of a credential issued by the commission who seeks an additional credential or authorization to teach, to take the state basic skills proficiency test.

(g) Nothing in this section shall require the holder of a credential to provide service in the health profession to take the state basic skills proficiency test, so long as that person does not teach in the public schools.

(h) If the basic skills proficiency test is not administered at the time of hiring, the holder of a vocational designated subject credential who has not already taken and passed the basic skills proficiency test may be hired on the condition that he or she will take the test at its next local administration.

(i) If the holder of a vocational designated subject credential does not pass a proficiency assessment in basic skills pursuant to this section, he or she shall be given one year in which to retake and pass the proficiency assessment in basic skills. If at the expiration of the one-year period he or she has not passed the proficiency assessment in basic skills, he or she shall be subject to dismissal under procedures established in Article 3 (commencing with Section 44930) of Chapter 4.

(j) Nothing in this section shall be construed as requiring the holder of a vocational designated subject credential to pass the state basic skills proficiency test as a condition of employment. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in

a joint powers agreement, which employs the holder of a vocational designated subject credential shall establish its own basic skills proficiency for these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(k) Nothing in this section shall be construed as requiring the holder of an adult education designated subject credential for other than academic subjects, who is employed in an instructional setting for 20 hours or less per week, to pass the state proficiency assessment as a condition of employment.

(*l*) Nothing in this section shall be construed to require certificated personnel employed under a foreign exchange program to take the state basic skills proficiency test. The maximum period of exemption under this subdivision shall be one year.

(m) A school district may hire a teacher credentialed in another state who has not taken the state basic skills test if, at a public meeting, the school district governing board certifies that no person who meets the credentialing requirements and who has satisfied the basic skills requirement specified in Section 44261.5 is available to fill a position deemed necessary to the normal operation of the school curriculum. The board shall include in the certification a statement of the need to fill the position and the reasons for the need, proof of its attempts to recruit qualified teachers in California, and a statement attesting to the failure of those attempts. Such certification shall be submitted to the commission with the name of the teacher the board intends to employ pursuant to this section. The commission shall issue an emergency credential pursuant to paragraph 3 of subdivision (b) of Section 44252, upon receipt of this documentation.

(n) Notwithstanding any other provision of law, a school district may hire a certificated teacher who has not taken the state basic skills proficiency test if that person has not yet been afforded the opportunity to take the test. The person shall then take the test at the earliest opportunity and may remain employed by the district pending the receipt of his or her test results.

(o) The commission shall require that each applicant for a credential issued by the commission, unless exempted by the provisions of Section 44252, take the state basic skills proficiency test for diagnostic purposes. Each applicant shall take the test no later than the deadline for the submission of his or her application for entrance to the credential program. Test results shall be forwarded to each California postsecondary institution to which the applicant has applied.

(b) Upon application for a reduction in an assessment pursuant to subdivision (a), the county board shall hear all the evidence pertinent to the application, including the facts that gave rise to the erroneous assessment, and shall make its own determination of the property's full cash value. In no event shall the county board accept a written stipulation as to the full cash value of the property, as provided in Section 1607, or waive the appearance of the party affected or his or her agent or the assessor.

(b) This section applies only to those crimes which are established in common between the States of Arizona and California; and an acquittal or conviction and sentence by one state shall bar a prosecution for the same act or omission by the other.

(b) As a result of the determination made in subdivision (a), the State Allocation Board may increase the apportionment to a school district by the amount it determines necessary to complete the critical project.

Services or the county health department recommends to the operator that it notify its customers to avoid internal consumption of the water supply and to use bottled water due to a chemical contamination problem which may pose a health risk.

(f) The content of the notices required by this section shall be approved by the department. Notice shall be repeated at intervals, as required by the department, until the department concludes that there is compliance with its standards or requirements. Notices may be given by the department.

(g) Whenever a school or school system, the owner or operator of residential rental property, or the owner or operator of a business property receives a notification from a person operating a public water system under any provison of this section, the school or school system shall notify school employees, students and parents if the students are minors, the owner or operator of a residential rental property shall notify tenants, and the owner or operator of business property shall notify employees of businesses located on the property.

CHAPTER 763

An act to amend Sections 1797.1, 1797.2, and 1797.3 of, and to add Section 1797.6 to, the Civil Code, and to amend Sections 18021.5, 18025, 18029, and 18550.5 of the Health and Safety Code, relating to consumer protection.

[Approved by Governor September 18, 1985 Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1797.1 of the Civil Code is amended to read:

1797.1. (a) As used in this chapter, "mobilehome" is defined pursuant to Section 18008 of the Health and Safety Code and "manufactured home" is defined pursuant to Section 18007 of the Health and Safety Code.

(b) As used in this chapter, "substantial defects in materials and workmanship" means defects objectively manifested by broken, ripped, cracked, stained, or missing parts or components, or workmanship resulting in improper function of materials, components, appliances, or systems as installed or manufactured by the dealer or manufacturer.

SEC. 2. Section 1797.2 of the Civil Code is amended to read:

1797.2. The warranty provided for in this chapter shall apply to the manufacturer of the mobilehome or the manufactured home as well as to the dealer who sells the mobilehome or the manufactured home to the buyer. The warranty shall cover the electrical, plumbing, heating, cooling, fire safety, and structural systems, and all appliances of the mobilehome or manufactured home as installed or manufactured by the dealer or manufacturer.

SEC. 3. Section 1797.3 of the Civil Code is amended to read:

1797.3. The mobilehome/manufactured home warranty from the manufacturer or dealer to the buyer shall be set forth in a separate written document entitled "Mobilehome/Manufactured Home Warranty," shall be delivered to the buyer by the dealer at the time the contract of sale is signed, and shall contain, but is not limited to, the following terms:

(a) That the mobilehome or manufactured home is free from any substantial defects in materials or workmanship.

(b) That the manufacturer or dealer or both shall take appropriate corrective action at the site of the mobilehome or manufactured home in instances of substantial defects in materials or workmanship which become evident within one year from the date of delivery of the mobilehome or manufactured home to the buyer, provided the buyer or his or her transferee gives written notice of those defects to the manufacturer or dealer at their business address not later than one year and 10 days after date of delivery.

(c) That the manufacturer and dealer shall be jointly and

severally liable to the buyer for the fulfillment of the terms of warranty, and that the buyer may notify either one or both of the need for appropriate corrective action in instances of substantial defects in materials or workmanship.

(d) That the address and the phone number of where to mail or deliver written notices of defects shall be set forth in the document.

(e) That the one-year warranty period applies to the plumbing, heating, electrical, cooling, fire safety, and structural systems and all appliances of the mobilehome or manufactured home.

(f) That while the manufacturers of any or all appliances may also issue their own warranties, the primary responsibility for appropriate corrective action under the warranty rests with the dealer and manufacturer, and the buyer should report all complaints to the dealer and manufacturer initially.

(g) That if corrective action taken by the manufacturer or dealer fails to eliminate a substantial defect, then the material, system, appliance, or component shall be replaced in kind. As used in this subdivision, "replaced in kind" means (1) replacement with the identical material, system, appliance, or component, and, if not available (2) replacement with a comparable or better material, system, appliance, or component.

SEC. 4. Section 1797.6 is added to the Civil Code, to read:

1797.6. Manufacturers and dealers shall keep records of all actions taken pursuant to this chapter including all correspondence to or from the buyer for a period of three years from the date of delivery.

SEC. 5. Section 18021.5 of the Health and Safety Code is amended to read:

18021.5. (a) Any person who knowingly violates any of the provisions of this part relating to licensing or titling and registration, or any rules or regulations promulgated therefor, is guilty of a misdemeanor, punishable by a fine not exceeding two thousand dollars ($2,000) or by imprisonment not exceeding 30 days, or by both.

(b) The department, after notice and hearing, may suspend or revoke the license issued to a licensee, as provided for by this part, who knowingly violates any of the provisions of this part. In any hearing before a judge or in any administrative action before an administrative law judge, the department may seek and may recover its investigative and enforcement costs from the licensee unless the licensee prevails on the charges. The department may also seek fines, and may seek restitution as provided in subdivision (d).

(c) Any person who knowingly violates any provision of this part relating to licensing or titling and registration, or any rules or regulations promulgated therefor, shall be liable for a civil penalty not exceeding two thousand dollars ($2,000) for each violation or for each day of a continuing violation. The department shall institute or maintain an action in a court of appropriate jurisdiction to collect any civil penalty arising under this section.

(d) In addition to the other remedies provided in this section, the

department may pursue any other remedies provided for in this part and may seek restitution for any monetary loss to a purchaser, seller, licensee, financing agency, governmental agency, or other person or entity suffering a monetary loss as a result of a violation of this part.

SEC. 6. Section 18025 of the Health and Safety Code is amended to read:

18025. (a) Except as provided in subdivision (b), it is unlawful for any person to sell, offer for sale, rent, or lease within this state, any manufactured home or any mobilehome, commercial coach, special purpose commercial coach, or recreational vehicle manufactured after September 1, 1958, containing structural, fire safety, plumbing, heat-producing, or electrical systems and equipment unless the systems and equipment meet the requirements of the department for those systems and equipment and the installation of them. The department may promulgate those rules and regulations which shall be reasonably consistent with recognized and accepted principles for structural, fire safety, plumbing, heat-producing, and electrical systems and equipment and installations, respectively, in order to protect the health and safety of the people of this state from dangers inherent in the use of substandard and unsafe structural, fire safety, plumbing, heat-producing, and electrical equipment and installations.

(b) All manufactured homes and mobilehomes manufactured on or after June 15, 1976, shall comply with the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C., Sec. 5401 et seq.).

SEC. 7. Section 18029 of the Health and Safety Code, as amended by Section 11 of Chapter 975 of the Statutes of 1981, is amended to read:

18029. It is unlawful for any person to alter or convert, or cause to be altered or converted, the structural, fire safety, plumbing, heat-producing, or electrical systems and installations or equipment of a manufactured home, mobilehome, recreational vehicle, special purpose commercial coach, or commercial coach which bears a department insignia of approval or federal label when the manufactured home, mobilehome, recreational vehicle, special purpose commercial coach, or commercial coach is used, occupied, sold, or offered for sale within this state, unless performance is in compliance with regulations adopted by the department. The department may adopt regulations providing requirements for alterations and conversions.

SEC. 8. Section 18550.5 of the Health and Safety Code is amended to read:

18550.5. (a) An owner of a manufactured home or mobilehome may remove or cause to be removed the towbar, wheels, wheel hubs, or axles from a manufactured home or mobilehome.

(b) A dealer may remove the towbar, wheels, wheel hubs, or axles from a manufactured home or mobilehome only if such act is in accordance with the purchase document and subdivision (a) of

Section 18035.3.

(c) A manufacturer may deliver a manufactured home or mobilehome to a dealer without the towbar, wheels, wheel hubs, or axles or may remove or cause those items to be removed if the manufacturer complies with the provisions of Section 18032.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 764

An act to amend Sections 907, 1503, 1504, 2105, and 2108 of, to add Sections 2117, 2206, and 2302.5 to, and to repeal and add Section 2107 of, the Corporations Code, and to amend Sections 12210 and 12210.5 of the Government Code, relating to corporations.

[Approved by Governor September 18, 1985. Filed with Secretary of State September 18, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 907 of the Corporations Code is amended to read:

907. (a) The certificate of amendment shall establish the wording of the amendment or amended articles by one or more of the following means:

(1) By stating that the articles shall be amended to read as therein set forth in full.

(2) By stating that any provision of the articles, which shall be identified by the numerical or other designation given it in the articles or by stating the wording thereof, shall be stricken from the articles or shall be amended to read as set forth in the certificate.

(3) By stating that the provisions set forth therein shall be added to the articles.

(b) If the purpose of the amendment is to effect a stock split or reverse stock split or to reclassify, cancel, exchange, or otherwise change outstanding shares, the amended articles shall state the effect thereof on outstanding shares.

(c) In the event of an amendment to change the statement of authorized shares from a single class of shares to two classes, the shares outstanding immediately prior to the amendment are automatically considered to be the same number of shares of the common stock class. If the designation of only one of the two classes includes "common," that class is the common stock class. If the designation of both classes or of neither class includes "common" but

one of the two classes has limited or no voting rights, the class whose voting rights are not limited is the common stock class for the purpose of this subdivision. This subdivision has no application if the amendment of articles includes a statement of the effect of the amendment on outstanding shares pursuant to subdivision (b).

(d) An amendment which adds or eliminates a stated par value or changes the stated par value and which does not also state the effect of the amendment on outstanding shares is not thereby subject to subdivision (b).

SEC. 1.5. Section 1503 of the Corporations Code is amended to read:

1503. An agent designated for service of process pursuant to Section 202, 1502, 2105, or 2117 may file a signed and acknowledged written statement of resignation as such agent. Thereupon the authority of the agent to act in such capacity shall cease and the Secretary of State forthwith shall give written notice of the filing of the statement of resignation by mail to the corporation addressed to its principal executive office.

SEC. 2. Section 1504 of the Corporations Code is amended to read:

1504. If a natural person who has been designated agent for service of process pursuant to Section 202, 1502, 2105, or 2117 dies or resigns or no longer resides in the state or if the corporate agent for such purpose resigns, dissolves, withdraws from the state, forfeits its right to transact intrastate business, has its corporate rights, powers and privileges suspended or ceases to exist, the corporation shall forthwith file a designation of a new agent conforming to the requirements of Section 1502 or 2117.

SEC. 3. Section 2105 of the Corporations Code is amended to read:

2105. (a) A foreign corporation shall not transact intrastate business without having first obtained from the Secretary of State a certificate of qualification. To obtain that certificate it shall file, on a form prescribed by the Secretary of State, a statement and designation signed by a corporate officer stating:

(1) Its name and the state or place of its incorporation or organization.

(2) The address of its principal executive office.

(3) The address of its principal office within this state, if any.

(4) The name of an agent upon whom process directed to the corporation may be served within this state. Such designation shall comply with the provisions of subdivision (b) of Section 1502.

(5) Its irrevocable consent to service of process directed to it upon the agent designated and to service of process on the Secretary of State if the agent so designated or the agent's successor is no longer authorized to act or cannot be found at the address given.

(6) If it is a corporation which will be subject to the Insurance Code as an insurer, it shall so state that fact.

(b) Annexed to that statement and designation shall be a

certificate by an authorized public official of the state or place of incorporation of the corporation to the effect that such corporation is an existing corporation in good standing in that state or place or, in the case of an association, an officers' certificate stating that it is a validly organized and existing business association under the laws of a specified foreign jurisdiction.

(c) Before it may be designated by any foreign corporation as its agent for service of process, any corporate agent must comply with Section 1505.

SEC. 4. Section 2107 of the Corporations Code is repealed.

SEC. 5. Section 2107 is added to the Corporations Code, to read:

2107. (a) If any foreign corporation (but not a foreign association) qualified to transact intrastate business shall change its name or make a change affecting an assumed name under Section 2106, it shall file, on a form prescribed by the Secretary of State, an amended statement signed by a corporate officer setting forth the change made. The amended statement shall set forth the name relinquished as well as the new name assumed and there shall be annexed to the amended statement a certificate of an authorized public official of its state or place of incorporation that the change of name was made in accordance with the laws of that state or place. Upon the filing of the amended statement, the Secretary of State shall issue a new certificate of qualification.

(b) If any foreign association qualified to transact intrastate business shall change its name, the address of its principal office in this state, the address of its principal executive office or its agent for the service of process, or if the stated address of any natural person designated as agent is changed, it shall file, on a form prescribed by the Secretary of State, an amended statement and designation signed by an officer setting forth the change or changes made. In the case of a change of name, the amended statement and designation shall set forth the name relinquished as well as the new name assumed and there shall be annexed to the amended statement and designation an officer's certificate stating that such change of name was made in accordance with its declaration of trust. If the change includes a change of name, or a change affecting an assumed name pursuant to Section 2106, upon the filing of the amended statement, the Secretary of State shall issue a new certificate of qualification.

(c) If the change includes a change of name of an insurer subject to the Insurance Code, the form shall include a statement that the corporation is such an insurer if it does not already so appear.

(d) If a foreign corporation qualified to transact business in this state shall change the address of its principal office in this state, the address of its principal executive office, or its agent for the service of process, or if the stated address of any natural person designated as agent is changed, the filing of a statement pursuant to Section 2117 shall supersede the statement and designation with respect thereto.

SEC. 6. Section 2108 of the Corporations Code is amended to read:

2108. (a) Except as provided in subdivision (f), each foreign corporation (other than a foreign association) qualified to transact intrastate business and each foreign parent corporation subject to Section 2115 shall file annually within three months and 15 days after the close of its income year ending on or after December 31, 1976 or within 30 days after the filing of its franchise tax return with the Franchise Tax Board if an extension of time for filing the return was granted, an officers' certificate setting forth:

(1) The percentage of its outstanding voting securities held of record, as of the last record date for a shareholder's meeting, by persons having addresses in this state, calculated as provided in Section 2115 and either

(2) That all the income of the corporation was taxable for California franchise tax purposes or that such income would have been so taxable if the corporation had had sufficient income to be subject to more than the minimum franchise tax; or

(3) Its property factor, payroll factor and sales factor computed as provided in Section 2115.

If the percentage in response to paragraph (1) is 40 percent or less, the officers' certificate need not include the information required by paragraph (2) or (3).

(b) The Secretary of State shall mail a form for compliance with this section to each foreign corporation qualified to transact intrastate business in reasonably sufficient time for such compliance. The form shall state the due date thereof and shall be mailed to the last address of the corporation according to the records of the Secretary of State. Neither the failure of the Secretary of State to mail the form nor the failure of the corporation to receive it is an excuse for failure to comply with this section.

(c) The Secretary of State need not mail a form to a foreign corporation exempted from this section by subdivision (f) or a foreign corporation whose right to exercise its corporate powers, rights and privileges in this state were forfeited by the Franchise Tax Board pursuant to Section 23301 or 23301.5 of the Revenue and Taxation Code more than six months prior to the date the Secretary of State would otherwise have mailed the form pursuant to subdivision (b) and which right has not been revived on or prior to such date of mailing.

(d) The Secretary of State shall forfeit the right of any foreign corporation to transact intrastate business if it fails to file the statement required by this section for a period of six months after notice given to it by the Secretary of State that such filing is delinquent and that it will have its right to transact intrastate business forfeited unless it complies with this section.

(e) Neither the report required by this section nor the computation provided by Section 2115 shall have any effect with respect to the basis upon which the corporation reports its income for franchise tax purposes.

(f) A foreign corporation is exempt from filing an officers'

certificate pursuant to this section if, as indicated by the most recent filing pursuant to Section 2117, the foreign corporation is any of the following:

(1) A corporation described in subdivision (e) of Section 2115.

(2) An insurer pursuant to Section 28 of Article XIII of the California Constitution.

(3) A nonprofit corporation.

(g) As used in this section, an officers' certificate is a certificate signed and verified by any one of the officers specified in Section 173, or by an officer performing similar duties under another title.

SEC. 7. Section 2117 is added to the Corporations Code, to read:

2117. (a) Every foreign corporation (other than a foreign association) qualified to transact intrastate business shall file, annually during the applicable filing period in each year, on a form prescribed by the Secretary of State, a statement containing: (1) the names and complete business or residence addresses of its chief executive officer, secretary and chief financial officer; (2) the street address of its principal executive office; (3) the street address of its principal business office in this state, if any; and (4) a statement of the general type of business which constitutes the principal business activity of the corporation (for example, manufacturer of aircraft; wholesale liquor distributor; retail department store). If the officers of the corporation use other titles, the statement shall include the officers performing comparable duties under other titles. If the corporation has no officers, or has no officers who are natural persons, the statement shall include the names of natural persons performing comparable duties for the corporation pursuant to a management contract or other arrangement.

(b) The statement required by subdivision (a) shall also designate, as the agent of the corporation for the purpose of service of process, a natural person residing in this state or a corporation that has complied with Section 1505 and whose capacity to act as such agent has not terminated. If a natural person is designated, the statement shall set forth the person's complete business or residence address. If a corporate agent is designated, no address for it shall be set forth.

(c) The statement shall also include wording prescribed by the Secretary of State by which the corporation may indicate that the corporation is exempt from filing an officers' certificate pursuant to subdivision (f) of Section 2108.

(d) Whenever any of the information required by subdivision (a) is changed, the corporation may file a current statement containing all the information required by subdivisions (a) and (b). In order to change its agent for service of process or the address of the agent, the corporation shall file a current statement containing all the information required by subdivisions (a) and (b). Whenever any statement is filed pursuant to this section, it supersedes any previously filed statement and the statement in the filing pursuant to Section 2105.

(e) Subdivisions (c), (d), (f), and (g) of Section 1502 apply to statements filed pursuant to this section except that "articles" shall mean the filing pursuant to Section 2105.

SEC. 8. Section 2206 is added to the Corporations Code, to read:

2206. (a) Sections 2204 and 2205 apply to foreign corporations with respect to the statements required to be filed by Section 2117. For this purpose, the suspension of the corporate powers, rights, and privileges of a domestic corporation shall mean the forfeiture of the exercise of the corporate powers, rights, and privileges of a foreign corporation in this state.

(b) A foreign nonprofit corporation which has suffered the forfeiture of the exercise of the corporate powers, rights, and privileges in this state may nevertheless file an application for exempt status as specified in Section 23301 of the Revenue and Taxation Code.

(c) The forfeiture of the exercise of the corporate powers, rights, and privileges of a foreign corporation in this state as used in subdivision (a) does not prohibit the transaction of business in this state by a foreign corporation if the business transacted subsequent to the forfeiture would not, considered as an entirety, require the foreign corporation to obtain a certificate of qualification pursuant to Sections 191 and 2105.

SEC. 8.5. Section 2302.5 is added to the Corporations Code, to read:

2302.5. The absence of any reference to par value in the articles of a corporation which is subject to the prior law relating to the contents of articles as specified in Section 2302 is equivalent to a statement that the shares of stock are to be without par value.

SEC. 9. Section 12210 of the Government Code is amended to read:

12210. (a) The fee for filing the statement pursuant to Section 1502 or 2117 of the Corporations Code is five dollars ($5).

(b) The fee for filing the statement pursuant to Section 6210, 8210, or 6210 as made applicable pursuant to Section 9660 of the Corporations Code is two dollars and fifty cents ($2.50).

(c) The fee for filing the statement pursuant to Section 12570 of the Corporations Code is two dollars and fifty cents ($2.50).

(d) There is no filing fee for filing an officers' certificate pursuant to Section 2108 of the Corporations Code.

SEC. 10. Section 12210.5 of the Government Code is amended to read:

12210.5. The fee for furnishing a copy of a statement filed pursuant to Section 1502, 2108, 2117, 6210, 8210, 12570, or Section 6210 as made applicable pursuant to Section 9660 of, the Corporations Code or Section 3301 of the Corporations Code as in effect prior to January 1, 1977, is one dollar ($1).

SEC. 11. This act shall become operative on July 1, 1986, except for Sections 1 and 8.5 of this act, which shall become operative on January 1, 1986.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

However, where a source of funds is a loan made in the lender's ordinary course of business, if the person filing such statement so requests, the name of the lender shall not be made available to the public;

(3) Any plans or proposals which such persons may have to liquidate such insurer, to sell its assets or merge it with any person, or to make any other major change in its business or corporate structure or management;

(4) The amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person which are beneficially owned, and the amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person concerning which there is a right to acquire beneficial ownership, by each such person and by each affiliate of each such person, together with the name and address of each such affiliate;

Copies of any additional material soliciting or requesting such tender offers subsequent to the initial solicitation or request, and copies of any amendment to any such agreement, shall contain such information as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders, and shall be filed with the commissioner and sent to such insurer not later than the time copies of such material are first published or sent or given to security holders or such amendment is entered into.

(b) If the person required to file the statement referred to in subdivision (a) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to: (1) each partner of such partnership or limited partnership, (2) each member of such syndicate or group, and (3) each person who controls such partner or member. If a person referred to in (1), (2), or (3) of this subdivision is a corporation or the person required to file the statement referred to in subdivision (a) is a corporation, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to such corporation and each officer and director of such corporation and each person who is directly or indirectly the beneficial owner of more than 10 percent of the outstanding voting securities of such corporation.

(c) If any tender offer, request, or invitation for tenders, or agreement to exchange or otherwise acquire securities or to merge or otherwise acquire control referred to in subdivision (a) of this section, is proposed to be made by means of a registration statement under the federal Securities Act of 1933, or in circumstances requiring the disclosure of similar information under the federal Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subdivision (a) may file that registration

statement with the commissioner as full satisfaction of the requirement in subdivision (a).

(d) The purchases, exchanges, mergers, or other acquisitions of control referred to in subdivision (a) of this section may not be made until the commissioner either approves the purchases, exchanges, mergers, or other acquisitions of control within 60 days after the statement required by subdivision (a) has been filed with him or fails to disapprove such purchases, exchanges, mergers, or other acquisitions of control within such 60-day period. The commissioner may disapprove any such transaction within such 60-day period if he finds any of the following:

(1) After the change of control the domestic insurer referred to in subdivision (a) could not satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(2) The purchases, exchanges, mergers, or other acquisitions of control would substantially lessen competition in insurance in this state or create a monopoly therein;

(3) The financial condition of an acquiring person is such as might jeopardize the financial stability of the insurer, or prejudice the interests of its policyholders;

(4) The plans or proposals which the acquiring person has to liquidate the insurer, to sell its assets, or to merge it with any person, or to make any other major change in its business or corporate structure or management, are not fair and reasonable to policyholders;

(5) The competence, experience, and integrity of those persons who would control the operation of the insurer indicate that it would not be in the interest of policyholders, or the public to permit them to do so.

(e) The commissioner shall require the payment of two thousand three hundred sixty dollars ($2,360) as a fee for filing an application under this section, the amount to accompany the application.

(f) The provisions of this section shall not apply to any offer for or request or invitation for tenders of any voting securities, or any agreement to exchange securities for or otherwise acquire control, if, and to the extent that, the commissioner, by rule or regulation or by order, shall exempt the same from the provisions of this section as not comprehended within the purposes thereof.

1215.4. (a) Every insurer which is authorized to do business in this state and which is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in this section. Such exemption from registration for such foreign insurers shall not apply to any commercially domiciled insurer within this state, as provided in Section 1215.13. Any insurer which is subject to registration under

this section shall register within 60 days after the effective date of this article or 15 days after it becomes subject to registration, whichever is later, unless the commissioner for good cause shown extends the time for registration, and then within such extended time. The commissioner may require a holding company system which is not subject to registration under this section to furnish a copy of the registration statement or other information filed by such insurance company with the insurance regulatory authority of domiciliary jurisdiction.

(b) Every insurer subject to registration shall file a registration statement on a form provided by the commissioner, which shall contain current information about the following:

(1) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling such insurer;

(2) The following agreements in force, relationships subsisting, and transactions currently outstanding between such insurer and its affiliates:

(ii) Purchases, sales, or exchanges of assets;

(iii) Transactions not in the ordinary course of business;

(iv) Guarantees or undertakings for the benefit of an affiliate which result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) All management and service contracts and all cost-sharing arrangements, other than cost-allocation arrangements based upon generally accepted accounting principles;

(vi) Reinsurance agreements covering all or substantially all of one or more lines of insurance of the ceding company.

(3) Other matters as may be included in registration forms adopted by the National Association of Insurance Commissioners, to the extent required by the commissioner.

(c) No information need be disclosed on the registration statement filed pursuant to subdivision (b) of this section if such information is not material for the purposes of this article.

(1) Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments made within the immediately preceding 12 months involving, in the net aggregate, one-half of 1 percent or less of an insurer's admitted assets, or 5 percent or less of an insurer's surplus as to policyholders, determined by whichever is greater, as of the 31st day of December next preceding, shall not be deemed material for purposes of this section.

(2) Unless the commissioner by rule, regulation, or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, or investments made within the immediately preceding 12 months

involving in the net aggregate more than either 5 percent of the insurer's admitted assets or 25 percent of the insurer's surplus as to policyholders, determined by whichever is the lesser, as of the 31st day of December next preceding shall be deemed material transactions of an extraordinary type.

(d) Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions on amendment forms provided by the commissioner within 15 days after the end of the month in which it learns of each such change or addition. However, subject to this subdivision, each registered insurer shall so report all dividends and other distributions to shareholders promptly upon the declaration thereof. Material transactions which are of the extraordinary type, as defined in paragraph (2) of subdivision (c), shall not be consummated without prior approval of the commissioner. The commissioner shall require the payment of one thousand one hundred eighty dollars ($1,180) as a fee for the approval of the forms filed pursuant to this subdivision. The payment shall accompany the filing of the form.

(e) The commissioner shall terminate the registration of any insurer which demonstrates that it no longer is a member of an insurance holding company system.

(f) The commissioner may require or allow two or more affiliated insurers subject to registration hereunder to file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements.

(g) The commissioner may allow any insurer which is authorized to do business in this state and which is part of an insurance holding company system to register on behalf of any affiliated insurer which is required to register under subdivision (a) of this section and to file all information and material required to be filed under this article.

(h) The provisions of this section shall not apply to any insurer, information, or transaction if and to the extent that the commissioner by rule, regulation, or order shall exempt the same from the provisions of this section as not comprehended within the purposes of this section.

(i) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer or such a disclaimer may be filed by such insurer or any member of an insurance holding company system. The disclaimer shall fully disclose all material relationships and bases for affiliation between such person and such insurer, as well as the basis for disclaiming such affiliation. After a disclaimer has been filed, the insurer shall be relieved of any duty to register or report under this section which may arise out of the insurer's relationship with such person unless and until the commissioner disallows such a disclaimer. The commissioner shall disallow such a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific

findings of fact to support such disallowance.

(j) The failure to file a registration statement or any amendment thereto required by this section within the time specified for such filing shall be a violation of this article.

To request such an order such reciprocal or interinsurance exchange shall file a petition with the commissioner, on a form prescribed by the commissioner. The filing fee for such a petition shall be two hundred thirty-six dollars ($236). (c) At such time as all reciprocal or interinsurance exchanges conducting insurance business in this state are by law governed for all purposes as to required minimum surplus (including that for admission, amendment of certificate of authority and solvency) by the same standards for minimum paid-in capital and surplus as are then applicable to capital stock insurers, any domestic reciprocal or interinsurance exchange may obtain the order provided in subdivision (a), subject to the provisions in subdivision (a) by showing that it has maintained such minimum paid-in capital and surplus requirement applicable to capital stock insurers for at least five consecutive years in lieu of the three million dollars ($3,000,000) surplus prescribed in subdivision (a).

(d) If the power of attorney or any policy of any domestic reciprocal or interinsurance exchange obtaining the order provided by subdivision (a) contains language directly or indirectly creating a liability for assessment, in respect to policies issued prior to or issued after such an order becomes final such power of attorney and

all such policies shall be deemed in law to have been amended to delete and repeal any and all such assessment provisions as of the date such order becomes final without any further action on the part of such a reciprocal or interinsurance exchange, its subscribers, its attorney in fact or the body exercising the subscriber's rights.

Such license shall not be granted until the applicant conforms to the requirements of this section and all other provisions of this code specifically applicable to applicant. After issuance the holder shall continue to comply with the requirements as to its business set forth in this code, in the applicable rules and regulations of the commissioner and in the laws of this state.

Any underwritten title company who possesses, or is required to possess, a license pursuant to this section shall be subject as if an insurer to the provisions of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of this code and shall be deemed to be subject to authorization by the Insurance Commissioner within the meaning of subdivision (e) of Section 25100 of the Corporations Code.

Such license may be obtained by filing an application on a form prescribed by the commissioner accompanied by a filing fee of three hundred fifty-four dollars ($354). Such license when issued shall be for an indefinite term and shall expire with the termination of the existence of the holder, subject to the annual renewal fee imposed under Sections 12415 and 12416.

An underwritten title company seeking to extend its license to an additional county shall pay a two hundred seven dollar ($207) fee for each such additional county, and shall furnish to the commissioner evidence, at least sufficient to meet the minimum net worth requirements of paragraph (2), of its financial ability to expand its business operation to include such additional county or counties.

(4) Such an underwritten title company shall furnish an audit to the commissioner on the forms provided by the commissioner annually, either on a calendar year basis on or before March 31st or, if approved in writing by the commissioner in respect to any individual company, on a fiscal year basis on or before 90 days after the end of the fiscal year. The time for furnishing any such audit may be extended, for good cause shown, on written approval of the commissioner for a period, not to exceed 60 days. Failure to submit an audit on time, or within such extended time as the commissioner may grant, shall be grounds for an order by the commissioner to accept no new business pursuant to subdivision (d). Such audits shall

be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public.

The audits shall be made in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant whose certification or license is in good standing at the time of the preparation. The fee for filing the audit shall be three hundred thirteen dollars ($313).

The commissioner may refuse to accept an audit or order a new audit for any of the following reasons:

(i) Adverse result in any proceeding before the State Board of Accountancy affecting the auditor's license.

(ii) The auditor has an affiliation with the underwritten title company or any of its officers or directors which would prevent his reports on the company from being reasonably objective.

(iii) The auditor has suffered conviction of any misdemeanor or felony based on his activities as an accountant.

(iv) Judgment adverse to the auditor in any civil action finding him guilty of fraud, deceit or misrepresentation in the practice of his profession.

Any company which fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred eighteen dollars ($118) and on failure to pay such or any other fee or file the audit required by this section shall forfeit the privilege of accepting new business until the delinquency is corrected.

(b) Such an underwritten title company may engage in the escrow business and act as escrow agent provided that:

(1) It shall maintain record of all receipts and disbursements of escrow funds.

(2) It shall deposit seven thousand five hundred dollars ($7,500) for each county in which it transacts business in some form permitted by Section 12351 with the commissioner who shall forthwith make a special deposit thereof in the State Treasury and such deposit shall be subject to the provisions of Sections 12353, 12356, 12357, and 12358 and as long as there are no claims against the deposit all interest and dividends thereon shall be paid to the depositor. The deposit shall be for the security and protection of persons having lawful claims against the depositor growing out of escrow transactions with it. Such deposit shall be maintained until four years after all escrows handled by the depositor have been closed.

(A) The commissioner may release such deposits prior to the passage of such four-year period upon presentation of evidence satisfactory to the commissioner of either a statutory merger of the depositor into a licensee or certificate holder subject to the jurisdiction of the commissioner, or a valid assumption agreement under which all liability of the depositor stemming from escrow transactions handled by it is assumed by a licensee or certificate holder subject to the jurisdiction of the commissioner.

(B) With the foregoing exceptions, the deposit shall be returned

to the depositor or lawful successor in interest following the four-year period, upon presentation of evidence satisfactory to the commissioner that there are no claims against the deposit stemming from escrow transactions handled by the depositor. If the commissioner has evidence of one or more claims against the depositor, and the depositor is not in conservatorship or liquidation, the commissioner may interplead the deposit by special endorsement to a court of competent jurisdiction for distribution on the basis that claims against the depositor stemming from escrow transactions handled by it have priority in such distribution over other claims against the depositor.

(c) The commissioner shall, whenever it appears necessary, examine the business and affairs of a company licensed under this section. All such examinations shall be at the expense of the company.

(d) At any time that the commissioner determines, after notice and hearing, that a company licensed under this section has willfully failed to comply with any of the provisions of this section, the commissioner shall make his order prohibiting the company from conducting its business for a period of not more than one year.

Any company violating such an order is subject to seizure under Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1 is guilty of a misdemeanor and may have its license revoked by the commissioner. Any person aiding and abetting any company in a violation of such an order is guilty of a misdemeanor.

The purpose of this section is to maintain the solvency of the companies subject to this section and to protect the public by preventing fraud and requiring fair dealing. In order to carry out such purposes the commissioner may make reasonable rules and regulations to govern the conduct of its business of companies subject to this section.

The name under which each underwritten title company is licensed shall at all times be an approved name. The fee for filing an application for a change of name shall be one hundred eighteen dollars ($118). Each such company shall be subject to the provisions of Article 14 (commencing with Section 1010) and Article 14.5 (commencing with Section 1065.1) of Chapter 1 of Part 2 of Division 1.

Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

Each underwritten title company possessing a license of indefinite term pursuant to Section 12389 shall owe and pay an annual renewal fee of two hundred thirty-six dollars

($236), except that: (a) where the aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business is less than 50,000, such company shall owe and pay an annual renewal fee of one hundred eighteen dollars ($118), or (b) where the aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business is more than 50,000 but less than 100,000, such company shall owe and pay an annual renewal fee of one hundred fifty dollars ($150). Such fees shall be for annual periods commencing on July 1 of each year and ending on June 30 of each year, and shall be due on March 1st preceding the annual period for which such fees are charged, and shall be delinquent on and after April 1st next following the date when due.

12640.20. The commissioner shall collect in advance a fee of four hundred seventy-two dollars ($472) from each mortgage guaranty insurer for the examination and analysis of the reinsurance contracts, final prospectus, and private placement memorandum filed with the commissioner after the issuance of a pool insurance policy.

(b) The situations under which such service may be so made and the circumstances under which these provisions apply are:

(2) Where service is to be made on an admitted foreign or alien insurer, when service cannot be made on the principal statutory agent of such insurer duly appointed pursuant to Article 3 (commencing with Section 1600) of Chapter 4 of Part 2 of Division 1 for reasons specified in Section 1604 or otherwise recognized by law.

(3) In actions against nonadmitted insurers, including nonadmitted fraternal benefit societies and reciprocals, under the circumstances described in Article 4 (commencing with Section 1610) of Chapter 4 of Part 2 of Division 1. This provision shall not

Notwithstanding Section 20362, the commission may direct the purchase of any supply, equipment, or material without observance of any provision in this article regarding contracts, bids, advertisement, or notice upon a finding by two-thirds of all members of the commission that there is only a single source of procurement therefor and that the purchase is for the sole purpose of duplicating

or replacing supply, equipment, or material already in use.

SEC. 8. Section 20368 is added to the Public Contract Code, to read:

20368. (a) The Legislature finds and declares that (1) because of the highly specialized and unique nature of rail transit equipment, (2) because of products and materials which are undergoing rapid technological changes, and (3) for the introduction of new technological changes into the operations of the commission, it may be in the public interest to consider, in addition to price, factors such as vendor financing, performance reliability, standardization, life-cycle costs, delivery timetables, and support logistics in the award of contracts for these vehicles and equipment.

(b) This section applies only to the purchase by the commission of (1) specialized rail transit equipment and (2) computers, telecommunications equipment, fare collections equipment, microwave equipment, and other related electronic equipment and apparatus. This section does not apply to the purchase of rail transit vehicles.

(c) The commission may, after finding by a two-thirds vote of all of its members that a particular procurement qualifies under subdivision (b), direct that the procurement be conducted through competitive negotiation under this section. For purposes of this section, competitive negotiation includes, but is not limited to, all of the following requirements:

(1) The request for proposals shall be prepared and submitted to an adequate number of qualified sources, as determined by the commission, to permit reasonable competition consistent with the nature and requirement of the procurement.

(2) Notice of the request for proposals shall be published at least twice in a newspaper of general circulation, at least 10 days before the date for receipt of the proposals.

(3) The request for proposals shall identify all significant evaluation factors, including price, and their relative importance.

(4) The commission shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for contract award.

(5) Award shall be made to the qualified proposer whose proposal will be most advantageous to the commission with price and all other factors considered.

(d) The commission, at its discretion, may reject any and all proposals and request new proposals.

(e) Any proposer may protest any acquisition conducted in accordance with this section by filing with the commission, within 10 days after receiving notice of the recommended award, exclusive of Saturdays and Sundays, a full and complete written statement specifying in detail the grounds of the protest and the facts supporting the protest. The protesting proposer shall be granted an opportunity to appear and be heard before the commission prior to the final award. The decision of the commission on the protest is

final.

SEC. 9. Section 20369 is added to the Public Contract Code, to read:

20369. In order to facilitate the participation of minority-owned and women-owned businesses and disadvantaged individuals in activities and contracts of the commission, to the extent that the provisions of Executive Order 11246 of September 24, 1965, as amended, and Chapter 60 (commencing with Section 60.1) of Title 41 and Part 23 (commencing with Section 23.1) of Title 49 of the Code of Federal Regulations are not applicable, the commission has the authority to develop a program to implement similar provisions applicable to its activities and contracts.

SEC. 10. Section 130220.5 is added to the Public Utilities Code, to read:

130220.5. (a) The Los Angeles County Transportation Commission has the power of eminent domain to take any property necessary, incidental, or convenient to the exercise of its powers pursuant to this division.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 776

An act to amend Sections 14019.3, 14019.4, 14024, and 14124.74 of, and to add Section 14124.791 to, the Welfare and Institutions Code, relating to medical assistance.

[Approved by Governor September 18, 1985. Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 14019.3 of the Welfare and Institutions Code is amended to read:

14019.3. A beneficiary or any person on behalf of the beneficiary who has paid for health care services otherwise covered by the Medi-Cal program received by the beneficiary shall be entitled to a return from the provider of any part of the payment which meets all of the following:

(a) Was rendered during any period prior to the receipt of his or her Medi-Cal card, for which the card authorizes payment under Section 14018 or 14019.

(b) Was reimbursed to the provider by the Medi-Cal program, following all audits and appeals to which the provider is entitled.

(c) Is not payable by a third party under contractual or other legal entitlement.

(d) Was not used to satisfy his or her paid or obligated liability for health care services or to establish eligibility.

To the extent permitted by federal law, whether or not a facility actually evicts a beneficiary, a beneficiary who may validly be evicted pursuant to Section 1439.7 of the Health and Safety Code, and who has received and paid for health care services otherwise covered by the Medi-Cal program shall not be entitled to the return from the provider of any part of the payment for which service was rendered during any period prior to the date upon which knowledge is acquired by the licensee of the application of the beneficiary for Medi-Cal or the date of application for Medi-Cal, whichever is later.

Upon presentation of the Medi-Cal card or other proof of eligibility, the provider shall submit a Medi-Cal claim for reimbursement, subject to the rules and regulations of the Medi-Cal program. Payment received from the state in accordance with Medi-Cal fee structures shall constitute payment in full, except that a provider may recover remaining unpaid charges to the extent that any other state or federal medical care programs permit the recovery or to the extent that any other contractual entitlement, including, but not limited to, a private group or indemnification insurance program, is obligated to pay the charges for the care provided the beneficiary. The provider shall return any and all payments made by the beneficiary, or any person on behalf of the beneficiary, other than a third party obligated to pay charges by reason of the beneficiary's other contractual or legal entitlement for Medi-Cal program covered services upon receipt of Medi-Cal payment.

SEC. 2. Section 14019.4 of the Welfare and Institutions Code is amended to read:

14019.4. (a) Any provider of health care services who obtains a label or copy from the Medi-Cal card or other proof of eligibility pursuant to this chapter shall not seek reimbursement nor attempt to obtain payment for the cost of such covered health care services from the eligible applicant or recipient, or any person other than the department, a third party payer who provides a contractual or legal entitlement to health care services.

(b) Whenever a service or set of services rendered to a Medi-Cal beneficiary results in the submission of a claim in excess of five hundred dollars ($500), and the beneficiary has given the provider proof of eligibility to receive such service or services, the provider shall issue the beneficiary a receipt to document that appropriate proof of eligibility has been provided. The form and content of such receipts shall be determined by the provider but shall be sufficient to comply with the intent of this subdivision. Skilled nursing facilities and intermediate care facilities are exempt from the requirements of this subdivision.

SEC. 3. Section 14024 of the Welfare and Institutions Code is amended to read:

14024. When health care services are provided to a person under

this chapter who at the time the service is provided has any other contractual or legal entitlement to such services, the director shall have the right to recover from the person, corporation, or partnership who owes such entitlement, the amount which would have been paid to the person entitled thereto, or to a third party in his behalf, or the value of the service actually provided, if the person entitled thereto was entitled to services. The Attorney General may, to recover under this section, institute and prosecute legal proceedings against the person, corporation, or partnership owing such entitlement in the appropriate court in the name of the director.

To the extent permitted by federal law and subject to the director's prior right to recover upon any contractual or legal entitlement or other third-party liability for the cost incurred in rendering care, the provider of services shall remain entitled to recover remaining unpaid charges to the extent that any third party is obligated to pay the charges by reason of the beneficiary's other contractual entitlement. Any claim shall not be permitted to the extent that the claim would reduce the director's right to recover pursuant to Section 14124.78.

The provider of services shall be required to notify the department of any potential contractual or legal entitlement or other third-party liability within 60 days of discovery. A provider who has obtained proof of Medi-Cal eligibility and who makes a claim for payment by any third party shall disclose in the claim that the patient is a Medi-Cal beneficiary.

SEC. 4. Section 14124.74 of the Welfare and Institutions Code is amended to read:

14124.74. In the event of judgment or award in a suit or claim against a third party or carrier:

(a) If the action or claim is prosecuted by the beneficiary alone, the court or agency shall first order paid from any judgment or award the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees, when an attorney has been retained. After payment of such expenses and attorney's fees the court or agency shall, on the application of the director, allow as a first lien against the amount of such judgment or award, the amount of the director's expenditures for the benefit of the beneficiary under the Medi-Cal program, as provided in subdivision (d) of Section 14124.72, and as a second lien, the amount of any unpaid charges, pursuant to Section 14019.3, owed to a provider, as provided in Section 14124.791.

(b) If the action or claim is prosecuted both by the beneficiary and the director, the court or agency shall first order paid from any judgment or award, the reasonable litigation expenses incurred in preparation and prosecution of such action or claim, together with reasonable attorney's fees based solely on the services rendered for the benefit of the beneficiary. After payment of such expenses and attorney's fees, the court or agency shall first apply out of the balance

of such judgment or award an amount sufficient to reimburse the director the full amount of benefits paid on behalf of the beneficiary under the Medi-Cal program, and then an amount sufficient to reimburse a provider who has filed a lien for any unpaid charges for services rendered to the beneficiary, as provided under Section 14124.791.

SEC. 5. Section 14124.791 is added to the Welfare and Institutions Code, to read:

14124.791. (a) Subject to the director's prior right of recovery, a provider who has rendered services to a beneficiary because of an injury for which a third party is liable and who has received payment under the Medi-Cal program, which payment did not cover the full amount of the provider's charges for the services, shall be entitled to file a lien for the amount of unpaid charges against any judgment, award, or settlement obtained by the beneficiary or the director against that third party.

(b) If either the beneficiary or the director brings an action or claim against the third party, the party bringing the action shall, within 30 days of bringing the action, give written notice to any provider who is eligible to file a lien under subdivision (a) of the action and of the name of the court or state or local agency in which the action or claim is brought. Notice shall be given by personal service or registered mail, and proof of service shall be filed in the action or claim.

(c) The provider's claim for reimbursement for unpaid charges for services rendered to the beneficiary shall be limited to the amount of unpaid charges less 25 percent, which represents the provider's reasonable share of attorneys' fees for prosecution of the action and that portion of the cost of litigation expenses determined by multiplying the expenses by the ratio of the full amount of the unpaid charges to the full amount of the judgment, award, or settlement.

(d) No claim authorized by this section shall be permitted to the extent that the claim would reduce the director's right to recover pursuant to Section 14124.78.

SEC. 6. The State Department of Health Services shall seek any federal waivers necessary to implement the provisions of this act. The provisions for which appropriate federal waivers cannot be obtained shall not be implemented. Provisions for which waivers are obtained or for which waivers are not required shall be implemented notwithstanding any inability to obtain federal waivers for the other provisions. No provision of this act shall be implemented unless matching funds from Title XIX of the federal Social Security Act are available.

CHAPTER 777

An act relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1985. Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that there presently is, and will continue to be, a serious shortage of high-quality classroom teachers willing to teach in the public schools, particularly in the subject areas of elementary education, mathematics, science, and computer science. The Legislature also finds and declares that improved research into elementary and secondary education is a high priority for the state.

The Legislature recognizes that, because of the increasing difficulty of recruiting qualified students into educational instruction and research and because of the anticipated high turnover rate among research faculty over the next decade, there is a need to develop a systematic plan to upgrade and maintain the state's investment in teacher education and educational research.

SEC. 2. (a) The Regents of the University of California are hereby requested, and the Trustees of the California State University are hereby required, to develop an academic and budgetary plan for each campus operating programs in teacher education, continuing education, graduate professional and academic education, and educational research through the year 2000. These plans shall be compiled into a systemwide plan, and shall, at a minimum, include campus-level plans regarding all of the following:

(1) Projections of student demand into each of these programs, based upon clearly defined assumptions about admissions standards, credential requirements, and other factors affecting student demands.

(2) Projections of anticipated turnover and plans for rehiring for all regular and irregular ranks of faculty by area of specialization, based upon the assumptions described in paragraph (1).

(3) Plans for recruiting faculty and students for areas where there is current or projected need.

(4) Plans for increasing the representation of underrepresented groups among students and faculty.

(5) Plans for improving the integration of research into all aspects of teacher education.

(6) Plans for developing research in areas of statewide need.

(b) The Regents of the University of California and the Trustees of the California State University are requested to convene a group to oversee the development of the plans prescribed in subdivision (a). The group shall be responsible for developing recommendations

about the relative roles and responsibilities of the two systems in teacher and administrator education and educational research in the state, and for defining common data elements and planning assumptions so that the information presented by the two systems is reasonably compatible.

(c) The reports required by subdivision (a) shall be submitted to the Legislature and the Governor by September 30, 1986. Prior to submission to the Legislature and the Governor, the reports shall be submitted to the Department of Finance, the Joint Legislative Budget Committee, the California Postsecondary Education Commission, and the Commission on Teacher Credentialing for their review and comment.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to request the Regents or the University of California, and to require the Trustees of the California State University to undertake the development of the academic and budgetary plan for teacher training described in Section 2 of this act at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 778

An act to amend Sections 948, 965, 965.2, 965.6, and 965.8 of the Government Code, relating to public liability.

[Approved by Governor September 18, 1985. Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 948 of the Government Code is amended to read:

948. (a) The head of the state agency concerned, upon recommendation of the Attorney General or other attorney authorized to represent the state, may settle, adjust, or compromise any pending action where the Director of Finance certifies that a sufficient appropriation for the payment of claims exists. Claims arising out of the activities of the State Department of Transportation may be paid if either the Director of Transportation or the Director of Finance certifies that a sufficient appropriation for the payment of the claim exists.

(b) Where no funds or insufficient funds for such payment exist, the head of the state agency concerned, upon recommendation of the Attorney General or other attorney authorized to represent the state, may settle, adjust or compromise any pending action with the approval of the Department of Finance.

(c) As used in this section, "state agency" means any office, officer, department, division, bureau, board, commission or agency of the state claims against which are paid by warrants drawn by the Controller.

SEC. 2. Section 965 of the Government Code is amended to read:

965. Upon the allowance by the State Board of Control of all or part of a claim for which the Director of Finance certifies that a sufficient appropriation for the payment of the claim exists, and the execution and presentation of such documents as the board may require which discharge the state of all liability under the claim, the board shall designate the fund from which the claim is to be paid and the state agency concerned shall pay the claim from such fund. Where no sufficient appropriation for such payment is available, the board shall report to the Legislature in accordance with Section 912.8. Claims arising out of the activities of the State Department of Transportation may be paid if either the Director of Transportation or the Director of Finance certifies that a sufficient appropriation for the payment of the claim exists.

SEC. 3. Section 965.2 of the Government Code is amended to read:

965.2. The Controller shall draw a warrant for the payment of any final judgment or settlement against the state whenever the Director of Finance certifies that a sufficient appropriation for the payment of such judgment or settlement exists. Claims upon such judgments and settlements are exempt from Section 925.6. Claims arising out of the activities of the State Department of Transportation may be paid if either the Director of Transportation or the Director of Finance certifies that a sufficient appropriation for the payment of the claim exists.

SEC. 4. Section 965.6 of the Government Code is amended to read:

965.6. Notwithstanding any other provision of law, neither the state, nor any of its officers or employees, can be required by any court in any proceeding to pay or offset a tort liability claim, settlement, or judgment for which the state is liable unless one of the following conditions exists:

(a) The Legislature has authorized the payment or offset of the specific tort liability claim, settlement, or judgment.

(b) The Director of Finance, or the Director of Transportation for claims arising out of the activities of the Department of Transportation, has certified that a sufficient appropriation for the payment of the claim, settlement, or judgment or to provide for such offset exists.

SEC. 5. Section 965.8 of the Government Code is amended to read:

965.8. Where any provision of this division requires a certificate of the Director of Finance or the Director of Transportation that a sufficient appropriation exists for the payment of a claim, settlement, compromise, or judgment or requires a certificate of the Director of

Finance or the Director of Transportation that a sufficient appropriation exists to provide for an offset, a writ of mandate is an appropriate remedy to compel the Director of Finance or the Director of Transportation to so certify if a sufficient appropriation in fact exists for that purpose.

CHAPTER 779

An act to add Section 7184 to the Health and Safety Code, relating to anatomical donors.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 7184 is added to the Health and Safety Code, to read:

7184. Each general acute care hospital shall develop a protocol for identifying potential organ and tissue donors. The protocol shall require that any deceased individual's next of kin or other individual, as set forth in Section 7151.5, at or near the time of notification of death be asked whether the deceased was an organ donor or if the family is a donor family. If not, the family shall be informed of the option to donate organs and tissues pursuant to Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7. With the approval of the designated next of kin or other individual, as set forth in Section 7151.5, the hospital shall then notify an organ and tissue procurement organization and cooperate in the procurement of the anatomical gift or gifts. The protocol shall encourage reasonable discretion and sensitivity to the family circumstances in all discussions regarding donations of tissue or organs. The protocol may take into account the deceased individual's religious beliefs or obvious nonsuitability for organ and tissue donation. In the event an organ and tissue procurement organization does not exist in a region, the hospital shall contact an organ or a tissue procurement organization, as appropriate. Laws pertaining to notification of the coroner shall be complied with in all cases of reportable deaths.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments, pursuant to Sections 1177 and 1473 of the Health and Safety Code, sufficient to pay for the program or level of service mandated by this act.

CHAPTER 780

An act to amend Section 1320.5 of the Penal Code, relating to bail.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1320.5 of the Penal Code is amended to read:

1320.5. Every person who is charged with the commission of a felony, who is released from custody on bail, and who in order to evade the process of the court willfully fails to appear as required, is guilty of a felony. Upon a conviction under this section, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000) or by imprisonment in the state prison, or in the county jail for not more than one year, or by both the fine and imprisonment. Willful failure to appear within 14 days of the date assigned for appearance may be found to have been for the purpose of evading the process of the court.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 781

An act to amend Section 594 of the Penal Code, relating to vandalism.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 594 of the Penal Code is amended to read:

594. (a) Every person who maliciously (1) defaces with paint or any other liquid, (2) damages or (3) destroys any real or personal property not his own, in cases otherwise than those specified by state law, is guilty of vandalism.

(b) (1) If the amount of defacement, damage or destruction is five thousand dollars ($5,000) or more, vandalism is punishable by imprisonment in the state prison, or in a county jail not exceeding one year, or by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(2) If the amount of defacement, damage or destruction is one thousand dollars ($1,000) or more but less than five thousand dollars ($5,000), vandalism is punishable by imprisonment in the county jail not exceeding one year, or by a fine of five thousand dollars ($5,000), or by both that fine and imprisonment.

(3) If the amount of defacement, damage or destruction is less than one thousand dollars ($1,000), vandalism is punishable by imprisonment in the county jail for not more than six months, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 782

An act to amend Section 243.4 of the Penal Code, relating to crimes.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 243.4 of the Penal Code is amended to read:

243.4. (a) Any person who touches an intimate part of another person while that person is unlawfully restrained by the accused or an accomplice, and if the touching is against the will of the person touched and is for the purpose of sexual arousal, gratification, or abuse, is guilty of sexual battery. Such an act is punishable by either imprisonment in the county jail for not more than one year or in the state prison for two, three, or four years.

CHAPTER 783

An act to add Article 15 (commencing with Section 1350) to Chapter 2 of Division 10 of the Evidence Code, and to amend Sections 1335, 1336, 1337, and 1341 of the Penal Code, relating to evidence.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 15 (commencing with Section 1350) is added to Chapter 2 of Division 10 of the Evidence Code, to read:

Article 15. Declarant Unavailable as Witness

1350. (a) In a criminal proceeding charging a serious felony, evidence of a statement made by a declarant is not made inadmissible by the hearsay rule if the declarant is unavailable as a witness, and all of the following are true:

(1) There is clear and convincing evidence that the declarant's unavailability was knowingly caused by, aided by, or solicited by the

party against whom the statement is offered for the purpose of preventing the arrest or prosecution of the party and is the result of the death by homicide or the kidnapping of the declarant.

(2) There is no evidence that the unavailability of the declarant was caused by, aided by, solicited by, or procured on behalf of, the party who is offering the statement.

(3) The statement has been memorialized in a tape recording made by a law enforcement official, or in a written statement prepared by a law enforcement official and signed by the declarant and notorized in the presence of the law enforcement official, prior to the death or kidnapping of the declarant.

(4) The statement was made under circumstances which indicate its trustworthiness and was not the result of promise, inducement, threat, or coercion.

(5) The statement is relevant to the issues to be tried.

(6) The statement is corroborated by other evidence which tends to connect the party against whom the statement is offered with the commission of the serious felony with which the party is charged. The corroboration is not sufficient if it merely shows the commission of the offense or the circumstances thereof.

(b) If the prosecution intends to offer a statement pursuant to this section, the prosecution shall serve a written notice upon the defendant at least 10 days prior to the hearing or trial at which the prosecution intends to offer the statement, unless the prosecution shows good cause for the failure to provide that notice. In the event that good cause is shown, the defendant shall be entitled to a reasonable continuance of the hearing or trial.

(c) If the statement is offered during trial, the court's determination shall be made out of the presence of the jury. If the defendant elects to testify at the hearing on a motion brought pursuant to this section, the court shall exclude from the examination every person except the clerk, the court reporter, the bailiff, the prosecutor, the investigating officer, the defendant and his or her counsel, an investigator for the defendant, and the officer having custody of the defendant. Notwithstanding any other provision of law, the defendant's testimony at the hearing shall not be admissible in any other proceeding except the hearing brought on the motion pursuant to this section. If a transcript is made of the defendant's testimony, it shall be sealed and transmitted to the clerk of the court in which the action is pending.

(d) As used in this section, "serious felony" means any of the felonies listed in subdivision (c) of Section 1192.7 of the Penal Code or any violation of Section 11351, 11352, 11378, or 11379 of the Health and Safety Code.

(e) If a statement to be admitted pursuant to this section includes hearsay statements made by anyone other than the declarant who is unavailable pursuant to subdivision (a), those hearsay statements are inadmissible unless they meet the requirements of an exception to the hearsay rule.

SEC. 2. Section 1335 of the Penal Code is amended to read:

1335. (a) When a defendant has been charged with a public offense triable in any court, he or she in all cases, and the people in cases other than those for which the punishment may be death, may, if the defendant has been fully informed of his or her right to counsel as provided by law, have witnesses examined conditionally in his or her or their behalf, as prescribed in this chapter.

(b) When a defendant has been charged with a serious felony, the people may, if the defendant has been fully informed of his or her right to counsel as provided by law, have a witness examined conditionally as prescribed in this chapter if the people have evidence that the life of the witness is in jeopardy.

(c) As used in this section, "serious felony" means any of the felonies listed in subdivision (c) of Section 1192.7 or any violation of Section 11351, 11352, 11378, or 11379 of the Health and Safety Code.

SEC. 3. Section 1336 of the Penal Code is amended to read:

1336. (a) When a material witness for the defendant, or for the people, is about to leave the state, or is so sick or infirm as to afford reasonable grounds for apprehension that he or she will be unable to attend the trial, the defendant or the people may apply for an order that the witness be examined conditionally.

(b) When the people have evidence that the life of a prosecution witness is in jeopardy, the people may apply for an order that the witness be examined conditionally.

SEC. 4. Section 1337 of the Penal Code is amended to read:

1337. The application shall be made upon affidavit stating all of the following:

(1) The nature of the offense charged.

(2) The state of the proceedings in the action.

(3) The name and residence of the witness, and that his or her testimony is material to the defense or the prosecution of the action.

(4) That the witness is about to leave the state, or is so sick or infirm as to afford reasonable grounds for apprehending that he or she will not be able to attend the trial, or that the life of the witness is in jeopardy.

SEC. 5. Section 1341 of the Penal Code is amended to read:

1341. If, at the time and place so designated, it is shown to the satisfaction of the magistrate that the witness is not about to leave the state, or is not sick or infirm, or that the life of the witness is not in jeopardy, or that the application was made to avoid the examination of the witness on the trial, the examination cannot take place.

CHAPTER 785

An act to amend Section 204 of the Labor Code, relating to the payment of wages.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 204 of the Labor Code is amended to read:

204. All wages, other than those mentioned in Section 201, 202, 204.1, or 204.2, earned by any person in any employment are due and payable twice during each calendar month, on days designated in advance by the employer as the regular paydays. Labor performed between the 1st and 15th days, inclusive, of any calendar month shall be paid for between the 16th and the 26th day of the month during which the labor was performed, and labor performed between the 16th and the last day, inclusive, of any calendar month, shall be paid for between the 1st and 10th day of the following month; provided, however, that salaries of executive, administrative, and professional employees of employers covered by the Fair Labor Standards Act, as set forth pursuant to Section 13(a)(1) of the Fair Labor Standards Act, as amended through March 1, 1969, in Part 541 of Title 29 of the Code of Federal Regulations, as that part now reads or may be amended to read at any time hereafter, may be paid once a month on or before the 26th day of the month during which the labor was performed if the entire month's salaries, including the unearned portion between the date of payment and the last day of the month, are paid at that time. Notwithstanding any other provision of this section, all wages earned for labor in excess of the normal work period shall be paid no later than the payday for the next regular payroll period.

However, when employees are covered by a collective bargaining agreement that provides different pay arrangements, those arrangements shall apply to the covered employees.

The requirements of this section shall be deemed satisfied by the payment of wages for weekly or biweekly payroll if the wages are paid not more than seven calendar days following the close of the payroll period.

CHAPTER 786

An act to amend Section 6012.8 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 6012.8 of the Revenue and Taxation Code is amended to read:

6012.8. (a) For the purposes of this part, "gross receipts" from the sale of a new mobilehome, and the "sales price" of a new mobilehome sold or stored, used, or otherwise consumed in this state shall be 75 percent of the sales price of the mobilehome to the retailer, if the mobilehome is sold by the retailer to the purchaser for installation on a foundation system pursuant to Section 18551 of the Health and Safety Code for occupancy as a residence, and is thereafter subject to property taxation. The retailer shall be considered to be the consumer for purposes of this part if the sale by the retailer would otherwise have been subject to sales tax and if the retailer is not also the manufacturer of the mobilehome. If the retailer of the mobilehome is the manufacturer, tax shall be measured by an amount equal to 75 percent of the sales price at which a similar mobilehome ready for installation would be sold by the manufacturer to a retailer-consumer in this state.

Notwithstanding any other provision of this part, a retailer may give a resale certificate for the purchase by the retailer of such a mobilehome and shall report the gross receipts or sales price from the purchase with the return for the period during which the mobilehome is sold to the purchaser for installation for occupancy as a residence.

Notwithstanding any other provision of this part, any retailer who is a licensed mobilehome dealer under Section 18006.2 of the Health and Safety Code is a retailer-consumer regardless of whether or not it installs the mobilehome on a foundation system as an improvement to realty. The licensed dealer may give a resale certificate for the purchase of such a mobilehome, and shall report the gross receipts or sales price from the purchase with the return for the period during which the mobilehome is installed by the licensed dealer for occupancy as a residence.

(b) For purposes of this section, a "mobilehome" is defined in Sections 18008 and 18211 of the Health and Safety Code.

(c) If a purchaser certifies in writing to a retailer that the mobilehome purchased will be consumed in a manner or for a purpose entitling the retailer to exclude 25 percent of the gross receipts or sales price to the retailer from the measure of tax, and uses the property in some other manner or for some other purpose which would not be subject to any other exclusion or exemption under this part, the purchaser shall be liable for payment of tax measured by the amount of the sales price to the purchaser less an amount equal to 75 percent of the gross receipts or sales price of the mobilehome to the retailer.

(d) There are exempted from the taxes imposed by this part, the gross receipts from the sale of, and the storage, use, or other consumption in this state of any used mobilehome, the initial retail sale of which qualified for the partial exemption from tax provided for by this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent undue hardship to the manufactured housing industry because of an administrative ruling which has caused the loss of many thousands of dollars to mobilehome manufacturers and to avoid the loss of many millions of dollars to local communities where mobilehomes are sold, it is necessary for this act to take effect immedately.

CHAPTER 787

An act to amend Section 14170 of the Welfare and Institutions Code, and to amend Section 2.5 of Chapter 19 of the Statutes of 1978, relating to the medical assistance program, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 14170 of the Welfare and Institutions Code is amended to read:

14170. Amounts paid for services provided to Medi-Cal beneficiaries shall be audited by the department in the manner and form prescribed by it. The department shall maintain adequate controls to insure responsibility and accountability for the expenditure of federal and state funds. Cost reports and other data submitted by providers to a state agency for the purpose of

determining reasonable costs for services or establishing rates of payment shall be considered true and correct unless audited or reviewed by the department within 18 months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later; provided, however, that cost reports and other data for cost reporting periods beginning on January 1, 1972, and thereafter shall be considered true and correct unless audited or reviewed within three years after the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are determined to be the result of intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

Notwithstanding any other provision of law, skilled nursing facilities and intermediate care facilities which have received and are receiving funds for salary increases pursuant to Sections 14110.6 and 14110.7 shall maintain payroll and personnel records for examination by auditors from the department and the Labor Commissioner beginning March 1985 until the records have been audited, or until December 31, 1992, whichever occurs first.

SEC. 2. Section 2.5 of Chapter 19 of the Statutes of 1978 is amended to read:

Sec. 2.5. (a) The Labor Commissioner is hereby authorized to audit payroll and personnel records of skilled nursing facilities and intermediate care facilities for the purposes of ensuring compliance with the wage levels provided for in this chapter.

(b) The Labor Commissioner is hereby authorized to recover from the skilled nursing facility or the intermediate care facility any wages less than the minimum provided for in this chapter. The recovered funds shall be provided to the employees who were underpaid.

(c) The Labor Commissioner may recover any funds not used for increases in wages pursuant to Sections 14110.6 and 14110.7 of the Welfare and Institutions Code. The recovered funds shall be provided to the employees who were underpaid. All penalties collected pursuant to these sections shall be forwarded to the Controller for deposit in the General Fund.

(d) The Labor Commissioner is hereby authorized to impose any other penalties within his or her powers against any skilled nursing facility or intermediate care facility that is in violation of the wage requirements of this chapter. The amount of any penalties already paid to the State Department of Health Services pursuant to this chapter shall be deducted from the amount of any unpaid penalties imposed by the Labor Commissioner pursuant to this chapter. The amount of any penalties already paid to the Labor Commissioner pursuant to this chapter shall be deducted from the amount of any

unpaid penalties imposed by the State Department of Health Services pursuant to this chapter.

(e) Any evidence of failure to pay wage rates as provided for by this chapter shall be provided to the Labor Commissioner.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 10 of the Statutes of 1985, which took effect immediately, increased payment rates for certain long-term health care facilities providing Medi-Cal services to be used to implement wage increases and benefit increases provided under the chapter and for specified increases in staff and service hours for these facilities required by the chapter. This act permits the Labor Commissioner to recover any funds not used for these purposes, and it is therefore necessary that this act take effect immediately.

CHAPTER 788

An act to amend Sections 51222 and 66474.4 of the Government Code, relating to land use.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 51222 of the Government Code is amended to read:

51222. The Legislature further declares that it is in the public interest for local officials and landowners to retain agricultural lands which are subject to contracts entered into pursuant to this act in parcels large enough to sustain agricultural uses permitted under the contracts. For purposes of this section, agricultural land shall be presumed to be in parcels large enough to sustain their agricultural use if the land is (1) at least 10 acres in size in the case of prime agricultural land, or (2) at least 40 acres in size in the case of land which is not prime agricultural land.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1991, deletes or extends that date.

SEC. 2. Section 66474.4 of the Government Code is amended to read:

66474.4. (a) The legislative body of a city or county shall deny approval of a tentative map, or a parcel map for which a tentative map was not required, if it finds that the land is subject to a contract entered into pursuant to the California Land Conservation Act of 1965 (Chapter 7 (commencing with Section 51200) of Division 1 of

Title 5) and that the resulting parcels following a subdivision of that land would be too small to sustain their agricultural use. For purposes of this section, land shall be presumed to be in parcels too small to sustain their agricultural use if the land is (1) less than 10 acres in size in the case of prime agricultural land, or (2) less than 40 acres in size in the case of land which is not prime agricultural land. For purposes of this section, agricultural land shall be presumed to be in parcels large enough to sustain their agricultural use if the land is (1) at least 10 acres in size in the case of prime agricultural land, or (2) at least 40 acres in size in the case of land which is not prime agricultural land.

(b) A legislative body may approve a subdivision with parcels smaller than those specified in this section if the legislative body makes either of the following findings:

(1) The parcels can nevertheless sustain an agricultural use permitted under the contract, or are subject to a written agreement for joint management pursuant to Section 51230.1, provided that the parcels which are jointly managed total at least 10 acres in size in the case of prime agricultural land or 40 acres in size in the case of land which is not prime agricultural land.

(2) One of the parcels contains a residence and is subject to Section 428 of the Revenue and Taxation Code; the residence has existed on the property for at least five years; the landowner has owned the parcels for at least 10 years; and the remaining parcels shown on the map are at least 10 acres in size if the land is prime agricultural land, or at least 40 acres in size if the land is not prime agricultural land.

(c) No other homesite parcels as described in paragraph (2) of subdivision (b) may be created on any remaining parcels under contract for at least 10 years following the creation of a homesite parcel pursuant to this section.

(d) This section shall not apply to land which is subject to a contract when any of the following has occurred:

(1) A local agency formation commission has approved the annexation of the land to a city and the city will not succeed to the contract as provided in Sections 51243 and 51243.5.

(2) Written notice of nonrenewal of the contract has been served prior to March 7, 1985, as provided in Section 51245.

(3) Written notice of nonrenewal of the contract has been served on or after March 7, 1985, as provided in Section 51245, and, as a result of that notice, there are no more than three years remaining in the term of the contract.

(4) The board or council has granted tentative approval for cancellation of the contract as provided in Section 51282.

(e) This section shall not be construed as limiting the power of legislative bodies to establish minimum parcel sizes larger than those specified in subdivision (a).

(f) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which

is chaptered before January 1, 1991, deletes or extends that date.

CHAPTER 791

An act to amend Section 19464 of the Business and Professions Code, relating to horseracing.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 19464 of the Business and Professions Code is amended to read:

19464. (a) No application for a horse owner's license or for a license to conduct a race meeting shall be granted unless the applicant's liability for workers' compensation is secured in accordance with Division 4 (commencing with Section 3700) of the Labor Code. Any termination of security for that liability during the period of a license shall result in the immediate automatic suspension of the license during the period of that termination and also shall be a ground for revocation of the license.

(b) No application for a license to conduct a race meeting shall be granted unless the applicant has deposited with the board a surety bond in the amount of one hundred thousand dollars ($100,000), or a greater amount, as determined by the board, which is sufficient to ensure payment of employee wages and benefits including, but not limited to, health, welfare, and pension plans. The surety bond shall be maintained during the period of the meeting and for an additional period, as determined by the board, sufficient to assure that all payments are made. In the event of a dispute over the amount owed, the dispute shall be resolved through the grievance procedures set forth in the labor agreement of the union representing the class of employees affected.

For the purposes of this subdivision, an insured certificate of deposit payable to the Treasurer of the State of California shall be considered equivalent to a surety bond and shall be acceptable to the board upon such terms and conditions as it may prescribe. Interest paid to the state on the certificate of deposit shall be refunded to the applicant.

This subdivision does not apply to any person or association licensed to operate a horse race meeting prior to January 1, 1986, which has conducted a race meeting in each of the immediate three previous consecutive calendar years.

SEC. 2. Section 19464 of the Business and Professions Code is amended to read:

19464. (a) No application for a horse owner's license or for a

license to conduct a race meeting or operate a racing theater shall be granted unless the applicant's liability for workers' compensation is secured in accordance with Division 4 (commencing with Section 3700) of the Labor Code. Any termination of security for that liability during the period of a license shall result in the immediate automatic suspension of the license during the period of that termination and also shall be a ground for revocation of the license.

(b) No application for a license to conduct a race meeting or operate a racing theater shall be granted unless the applicant has deposited with the board a surety bond in the amount of one hundred thousand dollars ($100,000), or a greater amount, as determined by the board, which is sufficient to ensure payment of employee wages and benefits including, but not limited to, health, welfare, and pension plans. The surety bond shall be maintained during the period of the meeting and for an additional period, as determined by the board, sufficient to assure that all payments are made. In the event of a dispute over the amount owed, the dispute shall be resolved through the grievance procedures set forth in the labor agreement of the union representing the class of employees affected.

For the purposes of this subdivision, an insured certificate of deposit payable to the Treasurer of the State of California shall be considered equivalent to a surety bond and shall be acceptable to the board upon such terms and conditions as it may prescribe. Interest paid to the state on the certificate of deposit shall be refunded to the applicant.

This subdivision does not apply to any person or association licensed to operate a horse race meeting prior to January 1, 1986, which has conducted a race meeting in each of the immediate three previous consecutive calendar years.

SEC. 3. Section 2 of this bill shall become operative only if both Senate Bill 590 and Senate Bill 763 are enacted in the 1985–86 Regular Session. If either bill is not enacted, then Section 1 of this bill shall become operative.

CHAPTER 792

An act to amend Sections 488, 11580.06, 11580.2, 11580.26, and 11583 of the Insurance Code, relating to liability insurance.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 488 of the Insurance Code is amended to read:

488. No insurer shall, in issuing or renewing a private passenger

automobile insurance policy, increase the premium on that policy for the reason that the insured or applicant for insurance has been convicted for traffic violations committed while operating a motor vehicle for compensation during the hours of his employment if, with respect to a conviction, the employee or applicant has submitted to the insurer a written declaration made by the employee under penalty of perjury that the applicant or insured was, at that time, operating a motor vehicle for compensation during the hours of his or her employment. This section applies only to those individuals whose specific duties include driving their employer's motor vehicles or individuals who have authority in their name from the Public Utilities Commission to operate as a highway carrier and who are the registered owners or lease operators of the motor vehicle used in the operation as a highway carrier.

This section does not apply to any insured or applicant for insurance convicted of any of the following:

(a) Homicide or assault arising out of the operation of a motor vehicle for compensation during the hours of employment.

(b) A violation while operating a motor vehicle for compensation during the hours of employment of any of the following sections or section subdivisions of the Vehicle Code:

(1) Subdivision (a) of Section 14601.

(2) Subdivision (a) of Section 14601.1.

(3) Subdivision (a) of Section 14601.2.

(4) Section 20001 or 20002.

(5) Subdivision (a) of Section 20008.

(6) Section 23103, 23104, 23152, or 23153.

This section shall not apply to any person insured under the California assigned risk plan prescribed by Article 4 (commencing with Section 11620), Chapter 1, Part 3, Division 2 of this code.

SEC. 2. Section 11580.06 of the Insurance Code is amended to read:

11580.06. Except as may be otherwise provided in this article:

(a) The term "motor vehicle" means any vehicle designed for use principally upon streets and highways and subject to motor vehicle registration under the laws of this state.

(b) The term "insured" shall include the person or persons to whom any policy subject to this article is issued as named insured and any other person to whom coverage is afforded under the terms of any such policy.

(c) The term "bodily injury" shall include sickness or disease, including death resulting therefrom.

(d) The term "automobile" means any self-propelled motor vehicle, with neither more than nor less than four wheels, designed for use principally upon streets and highways and subject to motor vehicle registration under the laws of this state.

(e) The term "arrest" shall have the same meaning as set forth in Section 834 of the Penal Code.

(f) The term "operated by" or "when operating" shall be

conclusively presumed to describe the conduct of the person sitting immediately behind the steering controls of the motor vehicle. The person shall be conclusively presumed to be the sole operator of the motor vehicle.

(g) The term "use" when applied to a motor vehicle shall only mean operating, maintaining, loading, or unloading a motor vehicle.

(h) The word "terms" when used with reference to a policy or endorsement includes the provision of coverage, exclusions, restrictions, conditions, deductions, and limits.

SEC. 3. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the limits specified in subdivision (m) and in no case less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, the insured's heirs or legal representative for all sums within such limits which he, she, or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) but not less than the financial responsibility requirements specified in Section 16056 of the Vehicle Code. Any such agreements by any named insured or agreement for the amount of coverage shall be binding upon every insured to whom the policy or endorsement provisions apply while the policy is in force, and shall continue to be so binding with respect to any continuation or renewal of the policy or with respect to any other policy which extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer, or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles or if the automobile liability coverage is provided only on an excess or umbrella basis. Nothing in this section shall be construed to require that uninsured motorist

coverage shall be offered or provided in any homeowner policy, personal and residents' liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any other policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or to delete such coverage when a motor vehicle is operated by a natural person or persons designated by name, or agree to provide such coverage in an amount less than that required by subdivision (m) of Section 11580.2 of the Insurance Code, but not less than the financial responsibility requirements. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the limits established by law, which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured or a resident of the same household. An uninsured motor vehicle includes an underinsured motor vehicle as defined in subdivision (p) of Section 11580.2 of the Insurance Code."

The agreement may contain additional statements not in derogation of or in conflict with the foregoing. The execution of the agreement shall relieve the insurer of liability under this section while the agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above if the named insured is an individual the term "insured" means the named insured and the spouse of the named insured and, while residents of the same household, relatives of either while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; as used in (a) above, if the named insured is an entity other than an individual, the term "insured" means any person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he or she is entitled to recover for care or loss of services because of bodily injury

to which the policy provisions or endorsement apply. As used in this subdivision, the word "individual" shall not include persons doing business as corporations, partnerships, or associations. The term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute automobile for which liability coverage is provided in the policy or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his or her permission or consent, express or implied, and any other automobile not owned by or furnished for the regular use of the named insured or any resident of the same household, or by a natural person or persons for whom coverage has been deleted in accordance with subdivision (a) while being operated by the named insured or his or her spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. As used in this section, the term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or an "underinsured motor vehicle" as defined in subdivision (p), or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of the automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his or her behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his or her legal representative has or the insured's heirs have a cause of action arising out of the accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. As used in this section, the term "uninsured motor vehicle" shall not include a motor vehicle owned or operated by the named insured or any resident of the same household or self-insured within the meaning of the Financial Responsibility Law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such

government or an agency of any of the foregoing, or a land motor vehicle or trailer while located for use as a residence or premises and not as a vehicle, or any equipment or vehicle designed or modified for use primarily off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making the payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

Nothing in this section is intended to exclude from the definition of an uninsured motor vehicle any motorcycle or private passenger type four wheel drive motor vehicle if that vehicle was subject to and failed to comply with the Financial Responsibility Law of this state.

(c) The insurance coverage provided for in this section does not apply either as primary or as excess coverage to:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from a motor vehicle other than the described motor vehicle if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his or her representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle. "Motor vehicle" as used in this paragraph means any self-propelled vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (2) of subdivision (c), the policy or

endorsement may provide that if the insured has insurance available to the insured under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bear to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him or her, the damages which the insured shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under the automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his or her insurer, his or her legal representative, or his or her heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, the claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) the claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue therein for purposes of issuance of a subpoena by an attorney of a party to the arbitration under Section 1985 of the Code of Civil Procedure. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to these determinations, and all rights, remedies, obligations, liabilities and procedures set forth in Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under Article 3 with respect to the same accident, subject, however, to the right of the court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of paragraph (4) of subdivision (a) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in paragraph (2) of subdivision (b) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person legally liable for such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he or she may be entitled under any other insurance coverage applicable; nor shall payment under this section

to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him or her, his or her executor, administrator, heirs, or legal representative under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part, including any amounts tendered to the insured as advance payment on behalf of such other person by the insurer providing the underlying liability insurance.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction and notice of such suit has been given the insurer, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the injury or death. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation as defined in subdivision (f) of Section 11580.1. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after

January 1, 1976.

(m) Coverage provided under an uninsured motorist endorsement or coverage shall be offered with coverage limits equal to the limits of liability for bodily injury in the underlying policy of insurance, but shall not be required to be offered with limits in excess of the following amounts:

(1) A limit of thirty thousand dollars ($30,000) because of bodily injury to or death of one person in any one accident.

(2) Subject to the limit for one person set forth in paragraph (1), a limit of sixty thousand dollars ($60,000) because of bodily injury to or death of two or more persons in any one accident.

(n) Underinsured motorist coverage shall be offered with limits equal to the limits of liability for the insured's uninsured motorist limits in the underlying policy, and may be offered with limits in excess of such uninsured motorist coverage. For the purposes of this section, uninsured and underinsured motorist coverage shall be offered as a single coverage. However, an insurer may offer coverage for damages for bodily injury or wrongful death from the owner or operator of an underinsured motor vehicle at greater limits than an uninsured motor vehicle.

(o) If an insured has failed to provide an insurer with wage loss information or medical treatment record releases within 15 days of the insurer's request or has failed to submit to a medical examination arranged by the insurer within 20 days of the insurer's request, the insurer may, at any time prior to 30 days before the actual arbitration proceedings commence, request, and the insured shall furnish, wage loss information or medical treatment record releases, and the insurer may require the insured, except during periods of hospitalization, to make himself or herself available for a medical examination. The wage loss information or medical treatment record releases shall be submitted by the insured within 10 days of request and the medical examination shall be arranged by the insurer no sooner than 10 days after request, unless the insured agrees to an earlier examination date, and not later than 20 days after the request. If the insured fails to comply with the requirements of this subdivision, the actual arbitration proceedings shall be stayed for at least 30 days following compliance by the insured. The proceedings shall be scheduled as soon as practicable following expiration of the 30-day period.

(p) This subdivision applies only when bodily injury, as defined in subdivision (b), is caused by an underinsured motor vehicle. If the provisions of this subdivision conflict with subdivisions (a) through (o), the provisions of this subdivision shall prevail.

(1) As used in this subdivision, "an insured motor vehicle" is one that is insured under a motor vehicle liability policy, or automobile liability insurance policy, self-insured, or for which a cash deposit or bond has been posted to satisfy a financial responsibility law.

(2) "Underinsured motor vehicle" means a motor vehicle that is an insured motor vehicle but insured for an amount that is less than

the uninsured motorist limits carried on the motor vehicle of the injured person.

(3) This coverage does not apply to any bodily injury until the limits of bodily injury liability policies applicable to all insured motor vehicles causing the injury have been exhausted by payment of judgments or settlements, and proof of such is submitted to the insurer providing the underinsured motorist coverage.

(4) When bodily injury is caused by one or more motor vehicles, whether insured, underinsured, or uninsured, the maximum liability of the insurer providing the underinsured motorist coverage shall not exceed the insured's underinsured motorist coverage limits, less the amount paid to the insured by or for any person or organization that may be held legally liable for the injury.

(5) The insurer paying a claim under this subdivision shall, to the extent of such payment, be entitled to reimbursement or credit in the amount received by the insured from the owner or operator of the underinsured motor vehicle or the insurer of such owner or operator.

(6) If the insured brings an action against the owner or operator of an underinsured motor vehicle, he or she shall forthwith give to the insurer providing the underinsured motorist coverage a copy of the complaint by personal service or certified mail. All pleadings and depositions shall be made available for copying or copies furnished the insurer, at the insurer's expense, within a reasonable time.

(7) Underinsured motorist coverage shall be included in all policies of bodily injury liability insurance providing uninsured motorist coverage issued or renewed on or after July 1, 1985. Notwithstanding this section, an agreement to delete uninsured motorist coverage completely, or with respect to a person or persons designated by name, executed prior to July 1, 1985, shall remain in full force and effect.

(q) Regardless of the number of vehicles involved whether insured or not, persons covered, claims made, premiums paid or the number of premiums shown on the policy, in no event shall the limit of liability for two or more motor vehicles or two or more policies be added together, combined, or stacked to determine the limit of insurance coverage available to injured persons.

SEC. 4. Section 11580.26 of the Insurance Code is amended to read:

11580.26. (a) Except where a named insured has agreed pursuant to Section 11580.2 to delete the coverages provided by that section, no policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except where the policy provides insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, and except a policy insuring a commercial vehicle as defined in Section 260 of the Vehicle Code, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state

upon any motor vehicle then principally used or principally garaged in this state, unless a named insured has been offered the following coverage:

(1) Where the policy of motor vehicle liability insurance includes collision coverage as defined in subdivision (d) of Section 660, coverage which provides that the deductible amount, if any, to be paid by the named insured under the collision coverage shall be payable by the insurer in the event of collision involving a vehicle owned by the named insured and insured under the policy, and an uninsured motor vehicle.

(2) Where the policy of motor vehicle liability insurance does not include collision coverage as defined in subdivision (d) of Section 660, coverage for property damage to the insured motor vehicle, but not including personal property contained therein, caused by the owner or operator of an uninsured motor vehicle. As used in this subdivision, "property damage" means payment for loss or damage to the insured motor vehicle resulting from collision, not to exceed its actual cash value or three thousand five hundred dollars ($3,500), whichever is less, for which loss or damage the insured is legally entitled to recover from the owner or operator of an uninsured motor vehicle. Property damage does not include compensation for loss of use of the motor vehicle. As used in this subdivision, the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist property damage coverage or endorsement applies.

(b) Every payment by an insurer under either coverage provided in paragraphs (1) and (2) of subdivision (a) shall be payable under the terms and conditions set forth in the policy, and shall be made only where the collision involves actual, direct physical contact between the insured and the uninsured motor vehicle and the owner or operator of the uninsured motor vehicle is identified or the uninsured motor vehicle is identified by its license number, provided that the insured or someone on his or her behalf shall have reported the accident within 10 business days to his or her insurer or their agent and, provided further, that it is also determined by the insured and insurer or, in the event of disagreement, by arbitration conducted by a single neutral arbitrator, when the insured has formally instituted arbitration proceedings within one year from the date of the accident, that the insured is legally entitled to recover the amount of the payments for property damage from the owner or operator of the uninsured motor vehicle. No cause of action shall exist against either an insured or insurer from exercising the right to request arbitration of a claim under this section or Section 11580.2.

(c) Any named insured, prior to or subsequent to the issuance or renewal of a policy, may elect not to accept the type of coverage provided by this section or the insurer and any named insured may agree in writing to waive this coverage when a motor vehicle is used or operated by a person or persons designated by name. That election shall be binding upon every insured to whom the policy or

endorsement provisions apply while the policy is in force and shall continue to be so binding, with respect to any continuation or renewal of the policy, or with respect to any other policy which extends, changes, supersedes, or replaces the policy issued to the named insured by the same insurer or with respect to reinstatement of the policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage, with respect to the use of any motor vehicle, is limited to the contingent liability arising out of the use of nonowned motor vehicles or if the automobile liability coverage is provided only on an excess or umbrella basis.

(d) An insurer paying a claim under any coverage required by this section shall be entitled to be subrogated to the rights of the insured to whom the claim was paid against any person legally liable for the damage to the insured motor vehicle to the extent that payment was made. The action may be brought within three years from the date that payment was made pursuant to this section.

In the event of a covered loss to a vehicle that is insured for the coverage described in paragraph (2) of subdivision (a) and also insured for collision coverage, the collision coverage shall pay for the covered loss and the insurance described in paragraph (2) of subdivision (a) shall only pay any deductible not covered by the collision coverage not to exceed three thousand five hundred dollars ($3,500).

(e) As used in this section, "uninsured motor vehicle" means any motor vehicle with respect to the ownership, maintenance, or use of which there is no property damage liability insurance or bond applicable at the time of the accident, or there is applicable insurance or bond but the company writing the insurance or bond denies coverage thereunder or refuses to admit coverage thereunder, except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no property damage liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof. A motor vehicle which has at least the minimum property damage liability limits required pursuant to Section 16056 of the Vehicle Code shall not be held to be an uninsured motor vehicle even when the property damage liability limits are not sufficient to compensate for all property damage caused by the owner or operator of the vehicle. As used in this section, "uninsured motor vehicle" shall not include a motor vehicle owned or operated by any insured or any resident of the named insured's household or self-insured within the meaning of the financial responsibility provisions of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any government, or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawler treads or while located for use as a residence for premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off

public roads, except while actually upon public roads. As used in this section, "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of the accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of the coverage, the insurer making the payment shall, to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of the person against the insolvent insurer.

(f) The offer of coverage required by this section shall be made only for policies issued or renewed on or after July 1, 1984.

(g) Any insurer whose insured has made a claim under either coverage provided in paragraphs (1) and (2) of subdivision (a), and that claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to the property damage. Failure of the insurer to provide the written notice shall operate to toll any applicable statute of limitation until 30 days after the date the written notice is actually given. The notice shall not be required if the insurer has received notice that the insured is represented by an attorney.

(h) This section shall remain in effect only until January 1, 1989, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends such date.

SEC. 5. Section 11583 of the Insurance Code is amended to read:

11583. No advance payment or partial payment of damages made by any person, or made by his insurer under liability insurance as defined in subdivision (a) of Section 108, as an accommodation to an injured person or on his behalf to others or to the heirs at law or dependents of a deceased person because of an injury or death claim or potential claim against any person or insured shall be construed as an admission of liability by the person claimed against, or of that person's or the insurer's recognition of such liability, with respect to such injured or deceased person or with respect to any other claim arising from the same accident or event. Any such payments shall, however, constitute a credit and be deductible from any final settlement made or judgment rendered with respect to such injured or deceased person which does not expressly take into account such advance payments. Any person, including any insurer, who makes such an advance or partial payment, shall at the time of beginning payment, notify the recipient thereof in writing of the statute of limitations applicable to the cause of action which such recipient may bring against such person as a result of such injury or death, including any time limitations within which claims are required to be made

against the state or any local public entity when such payments are made on behalf of such public entities. Failure to provide such written notice shall operate to toll any such applicable statute of limitations or time limitations from the time of such advance or partial payment until such written notice is actually given. That notification shall not be required if the recipient is represented by an attorney.

CHAPTER 793

An act to amend Section 54790 of, and to add Section 54790.6 to, the Government Code, relating to land use planning.

[Approved by Governor September 19, 1985. Filed with Secretary of State September 19, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 54790 of the Government Code, as amended by Section 1 of Chapter 1302 of the Statutes of 1984, is amended to read:

54790. The commission shall have the following powers and duties, subject to the limitations upon its jurisdiction herein set forth:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally proposals for:

(1) The incorporation of cities.

(2) The formation of special districts.

(3) The annexation of territory to local agencies, (other than local agencies the annexation of territory to which is required to be made pursuant to the provisions of Division 1 (commencing with Section 56000) of Title 6); provided, however, that a commission shall not have the power to disapprove an annexation, initiated by resolution, of contiguous territory which the commission finds is either (1) surrounded or substantially surrounded by the city to which the annexation is proposed or by such city and a county boundary or the Pacific Ocean if the territory to be annexed is substantially developed or developing, is not prime agricultural land as defined in Section 35046, and is designated for urban growth by the general plan of the annexing city or, (2) located within an urban service area which has been delineated and adopted by a commission, which is not prime agricultural land, as defined in Section 35046 and is designated for urban growth by the general plan of the annexing city. A commission shall not impose any conditions which would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing agency, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing agency. Nothing in this paragraph, however, shall be

construed as prohibiting a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed provided that the commission shall not specify how, or in what manner, the territory shall be prezoned.

(4) The exclusion of territory from a city.

(5) The disincorporation of a city.

(6) The consolidation of two or more cities.

(7) The development of new communities within the jurisdiction of the commission pursuant to Sections 33021 and 33298 of the Health and Safety Code.

(b) To adopt procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 54796.

(c) To make and enforce rules and regulations for the orderly and fair conduct of hearings by the commission.

(d) To incur usual and necessary expenses for the accomplishment of its functions.

(e) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(f) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty thereof, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(g) To waive the restrictions of Section 35010 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(h) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to insure the health, safety, or welfare of the area's residents and if it finds that such waiver would not affect the ability of a city to provide any service; provided, however, that within 60 days of the inclusion of the territory within the city, the governing body may adopt a resolution nullifying the waiver.

This section shall remain in effect only until January 1, 1988, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends such date.

SEC. 2. Section 54790 of the Government Code, as amended by Section 2 of Chapter 1302 of the Statutes of 1984, is amended to read:

54790. The commission shall have the following powers and duties, subject to the limitations upon its jurisdiction herein set forth:

(a) To review and approve or disapprove with or without amendment, wholly, partially, or conditionally proposals for:

(1) The incorporation of cities.

(2) The formation of special districts.

(3) The annexation of territory to local agencies, (other than local agencies the annexation of territory to which is required to be made pursuant to the provisions of Division 1 (commencing with Section 56000) of Title 6); provided that a commission shall not impose any conditions which would directly regulate land use density or intensity, property development, or subdivision requirements. When the development purposes are not made known to the annexing agency, the annexation shall be reviewed on the basis of the adopted plans and policies of the annexing agency. Nothing in this paragraph, however, shall be construed as prohibiting a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed provided that the commission shall not specify how, or in what manner, the territory shall be prezoned.

(4) The exclusion of territory from a city.

(5) The disincorporation of a city.

(6) The consolidation of two or more cities.

(7) The development of new communities within the jurisdiction of the commission pursuant to Sections 33021 and 33298 of the Health and Safety Code.

(b) To adopt procedures for the evaluation of proposals. The commission may adopt standards for any of the factors enumerated in Section 54796.

(c) To make and enforce rules and regulations for the orderly and fair conduct of hearings by the commission.

(d) To incur usual and necessary expenses for the accomplishment of its functions.

(e) To appoint and assign staff personnel and to employ or contract for professional or consulting services to carry out and effect the functions of the commission.

(f) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty thereof, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(g) To waive the restrictions of Section 35010 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

(h) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to insure the health, safety, or welfare of the area's residents and if it finds that such waiver would not affect the ability of a city to provide any service; provided, however, that within 60 days of the inclusion of the territory within the city, the governing body may adopt a resolution nullifying the waiver.

This section shall become operative January 1, 1988.

SEC. 3. Section 54790.6 is added to the Government Code, to

read:

54790.6. (a) The commission shall not impose any condition on an annexing local agency with respect to the standards or frequency of maintenance of any existing street or road within the annexed territory.

(b) The commission shall not impose a condition which requires a local agency to improve an existing public facility which is not owned by the agency.

(c) This section shall not be construed as authorizing a commission to impose any conditions which it is not otherwise authorized to impose.

SEC. 21. The heading of Article 4.5 (commencing with Section 19130) of Chapter 6 of Part 2 of Division 5 of Title 2 of the Government Code is amended and renumbered to read:

Article 4. Personal Services Contracts

SEC. 22. Section 19130 of the Government Code is amended to read:

19130. The purpose of this article is to establish standards for the use of personal services contracts.

(a) Personal services contracting is permissible to achieve cost savings when all the following conditions are met:

(1) The contracting agency clearly demonstrates that the

proposed contract will result in actual overall cost savings to the state, provided that:

(A) In comparing costs, there shall be included the state's additional cost of providing the same service as proposed by a contractor. These additional costs shall include the salaries and benefits of additional staff that would be needed and the cost of additional space, equipment, and materials needed to perform the function.

(B) In comparing costs, there shall not be included the state's indirect overhead costs unless these costs can be attributed solely to the function in question and would not exist if that function was not performed in state service. Indirect overhead costs shall mean the pro rata share of existing administrative salaries and benefits, rent, equipment costs, utilities, and materials.

(C) In comparing costs, there shall be included in the cost of a contractor providing a service any continuing state costs that would be directly associated with the contracted function. These continuing state costs shall include, but not be limited to, those for inspection, supervision, and monitoring.

(2) Proposals to contract out work shall not be approved solely on the basis that savings will result from lower contractor pay rates or benefits. Proposals to contract out work shall be eligible for approval if the contractor's wages are at the industry's level and do not significantly undercut state pay rates.

(3) The contract does not cause the displacement of civil service employees. The term "displacement" includes layoff, demotion, involuntary transfer to a new class, involuntary transfer to a new location requiring a change of residence, and time base reductions. Displacement does not include changes in shifts or days off, nor does it include reassignment to other positions within the same class and general location.

(4) The contract does not adversely affect the state's affirmative action efforts.

(5) The savings shall be large enough to ensure that they will not be eliminated by private sector and state cost fluctuations that could normally be expected during the contracting period.

(6) The amount of savings clearly justify the size and duration of the contracting agreement.

(7) The contract is awarded through a publicized, competitive bidding process.

(8) The contract includes specific provisions pertaining to the qualifications of the staff that will perform the work under the contract, as well as assurance that the contractor's hiring practices meet applicable nondiscrimination, affirmative action standards.

(9) The potential for future economic risk to the state from potential contractor rate increases is minimal.

(10) The contract is with a firm. A "firm" means a corporation, partnership, nonprofit organization, or sole proprietorship.

(11) The potential economic advantage of contracting is not

outweighed by the public's interest in having a particular function performed directly by state government.

(b) Personal services contracting also shall be permissible when any of the following conditions can be met:

(1) The functions contracted are exempted from civil service by Section 4 of Article VII of the California Constitution, which describes exempt appointments.

(2) The contract is for a new state function and the Legislature has specifically mandated or authorized the performance of the work by independent contractors.

(3) The services contracted are not available within civil service, cannot be performed satisfactorily by civil service employees, or are of such a highly specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the civil service system.

(4) The services are incidental to a contract for the purchase or lease of real or personal property. Contracts under this criterion, known as "service agreements," shall include, but not be limited to, agreements to service or maintain office equipment or computers that are leased or rented.

(5) The legislative, administrative, or legal goals and purposes cannot be accomplished through the utilization of persons selected pursuant to the regular civil service system. Contracts are permissible under this criterion to protect against a conflict of interest or to insure independent and unbiased findings in cases where there is a clear need for a different, outside perspective. These contracts shall include, but not be limited to, obtaining expert witnesses in litigation.

(6) The nature of the work is such that the Government Code standards for emergency appointments apply. These contracts shall conform with Article 8 (commencing with Section 19888) of Chapter 2.5 of Part 2.6.

(7) State agencies need private counsel because a conflict of interest on the part of the Attorney General's office prevents it from representing the agency without compromising its position. These contracts shall require the written consent of the Attorney General, pursuant to Section 11040.

(8) The contractor will provide equipment, materials, facilities, or support services that could not feasibly be provided by the state in the location where the services are to be performed.

(9) The contractor will conduct training courses for which appropriately qualified civil service instructors are not available, provided that permanent instructor positions in academies or similar settings shall be filled through civil service appointment.

(10) The services are of such an urgent, temporary, or occasional nature that the delay incumbent in their implementation under civil service would frustrate their very purpose.

(c) All persons who provide services to the state under conditions the board determines constitute an employment relationship shall,

unless exempted from civil service by Section 4 of Article VII of the California Constitution, be retained under an appropriate civil service appointment.

SEC. 23. Section 19142 of the Government Code is amended to read:

19142. Every person accepts and holds a position in the state civil service subject to mandatory reinstatement of another person.

Upon reinstatement of such a person any necessary separations are effected under the provisions of this part governing layoff and demotion except that (1) an employee who is not to be separated from state service need not receive advance notification as provided in Section 19997.13, and (2) seniority shall not be counted as provided in Section 19997.3 when this would result in the layoff of the person who has the reinstatement right. Under such a circumstance, qualifying service in classes at substantially the same or higher salary level is the only state service that shall be counted for purposes of determining who is to be separated.

SEC. 24. The heading of Chapter 7 (commencing with Section 19251) of Part 2 of Division 5 of Title 2 of the Government Code is amended and renumbered to read:

CHAPTER 6. SERVICE

SEC. 25. Section 19253.5 of the Government Code is amended to read:

19253.5. (a) In accordance with board rule, the appointing power may require an employee to submit to a medical examination by a physician or physicians designated by the appointing power to evaluate the capacity of the employee to perform the work of his or her position.

(b) Fees for the examination and for the services of medical specialists or technicians, if necessary, shall be paid by the state agency. The employee may submit medical or other evidence to the examining physician or to the appointing power. The examining physician shall make a written report of the examination to the appointing power. The appointing power shall provide a copy to the physician designated by the employee.

(c) When the appointing power, after considering the conclusions of the medical examination and other pertinent information, concludes that the employee is unable to perform the work of his or her present position, but is able to perform the work of another position including one of less than full time, the appointing power may demote or transfer the employee to such a position.

Except as authorized by the Department of Personnel Administration under Section 19837, the employee demoted or transferred pursuant to this section shall receive the maximum of the salary range of the class to which he or she is demoted or transferred, provided that the salary is not greater than the salary he or she received at the time of his or her demotion or transfer.

(d) When the appointing power after considering the conclusions of the medical examination provided for by this section or medical reports from the employee's physician, and other pertinent information, concludes that the employee is unable to perform the work of his or her present position, or any other position in the agency, and the employee is not eligible or waives the right to retire for disability and elects to withdraw his or her retirement contributions or to permit his or her contributions to remain in the retirement fund with rights to service retirement, the appointing power may terminate the appointment of the employee.

The board may sustain, disapprove, or modify the demotion, transfer, or termination.

(g) Whenever the board revokes or modifies a demotion, transfer, or termination, the board shall direct the payment of salary to the employee calculated on the same basis and using the same standards as provided in Section 19584.

(h) Upon the request of an appointing authority or the petition of the employee who was terminated, demoted, or transferred in accordance with this section, the employee shall be reinstated to an appropriate vacant position in the same class, in a comparable class or in a lower related class if it is determined by the board that the employee is no longer incapacitated for duty. Such a reinstatement to a position in a different agency may be made only with the concurrence of that agency. In approving or ordering the reinstatements, the board may require the satisfactory completion of a new probationary period. When the board finds the employee who was terminated, demoted, or transferred is no longer incapacitated for duty but there is no vacant position to which the employee appropriately can be appointed, the name of the employee shall be placed upon such reemployment lists as are determined to be appropriate by the board.

6. any power or purpose of said district provided for in this act including, but not limited to, the granting of the right to the use of any water or the right to store such water in any reservoir of the district or to carrying such water through any tunnel, canal, ditch or conduit of the district or for the delivery, sale, or exchange of any water right, water supply or water pumped, stored, appropriated or otherwise acquired or secured for the use of said district, or for controlling drainage waters, or flood or storm waters of streams in or running into said district, or for the protection of life or property therein, or for the purpose of conserving any waters for the beneficial use within said district, or in any other works, uses, or purposes provided for in this act; and to adopt and carry out any definite plan or system for accomplishing, facilitating and/or financing all work which may lawfully be accomplished by the district and to enforce said plan or system by resolution or ordinance.

8. To carry on technical and other necessary investigations, make measurements, collect data, make analyses, studies, and inspections pertaining to water supply, water rights, control of flood and storm waters, and use of water both within and without said district relating to watercourses or streams flowing in or into said district. For such purposes, the district shall have the right of access through its authorized representatives to all properties within the district and elsewhere relating to watercourses and streams flowing in or into said district. The district, through its authorized representatives, may enter upon such lands and make examinations, surveys, and maps thereof.

9. To prescribe, revise and collect fees and charges for facilities furnished or to be furnished to any new building, improvement or structure by the use of any flood control or storm drainage system constructed or to be constructed in a zone of the district, and whenever a drainage or flood control problem is referred to the district by the County of Santa Clara, or any incorporated city therein, to require the installation of drainage or flood control improvements necessary and/or convenient for needs of the zone, including but not limited to, residential, subdivision, commercial and industrial drainage and flood control needs, said county and cities being hereby authorized to refer all drainage and flood control problems, arising under the Subdivision Map Act or otherwise, to the district for solution. Revenues derived under this section shall be used for the acquisition, construction, reconstruction, maintenance and operation of the flood control or storm drainage facilities of the said zone, to reduce the principal or interest of any bonded indebtedness thereof, or to replace funds expended on behalf of said zone derived from the fund created under authority of Section 13, subdivision 1.

10. To incur indebtedness, and to issue bonds in the manner herein provided.

11. To cause taxes or assessments to be levied and collected for the purpose of paying any obligation of the district, and to carry out

13. To have the power and right to disseminate information concerning the rights, properties, activities, plans and proposals of the district; provided, however, that expenditures during any fiscal year for such purposes shall not exceed one-half cent ($0.005) for each one hundred dollars ($100) of assessed valuation of such district.

14. To pay to any city, public agency, district, or educational institution recognized under Division 21 (commencing with Section 29001) of the Education Code, a portion of the cost of water imported by such city, public agency, district, or educational institution into, for use within, and of benefit to the Santa Clara Valley Water District.

15. To establish designated floodways in accordance with the provisions of the Cobey-Alquist Flood Plain Management Act (Chapter 4 (commencing with Section 8400), Part 2, Division 5 of the Water Code).

16. To acquire, construct, maintain, operate and install landscaping or recreational facilities in connection with any dam, reservoir, or other works owned or controlled by the district.

Upon and following the effective date of the ordinance, the County of Santa Clara or any incorporated city therein shall require all persons applying for any land development permit or approval to show the existence and location of any water well upon a map of the property the subject of the application. When a well is shown, the map shall be referred to the district immediately upon receipt for review and investigation. If upon review and investigation the district determines that the well or wells are to be sealed by the applicant pursuant to the ordinance, the determination shall be transmitted promptly to the applicant by the district as a requirement in writing.

SEC. 2. Section 6.1 is added to the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951), to read:

Sec. 6.1. Any abandoned or unused water well endangering the public health and safety by creating a water contamination hazard is a public nuisance. The board shall, by ordinance, establish standards for what constitutes a water contamination hazard.

Whenever the district determines that a public nuisance, as so defined, exists, it shall, by certified mail, notify the then current record owner of the property to abate the public nuisance and that it is the intention of the district to record a notice of violation of the

ordinance. The notice to the owner shall describe the violation and specify a time, date, and place for a hearing, at which the owner may present evidence to the board that a public nuisance does not actually exist and that the notice should not be recorded. The notice to the owner shall state that, unless the public nuisance is abated within the time specified by the board following the hearing, the district may abate the public nuisance and the costs of the abatement will be assessed against the property. The meeting shall take place no sooner than 30 days and no later than 60 days from date of mailing. If, within 15 days of receipt of the notice, the owner of the real property fails to inform the district of his or her objection to recording the notice of violation, the board shall record the notice of violation with the county recorder. If, after the owner has presented evidence, it is determined that there has been no violation, the district shall mail a clearance letter to the then current owner of record. If, however, after the owner has presented evidence, the board determines that a violation has in fact occurred, the board shall record the notice of violation with the county recorder. The notice of violation, when recorded, shall be deemed to be constructive notice of the violation to all successors in interest in the property. The county recorder shall index the names of the fee owners in the general index.

If the board determines, at the conclusion of the hearing, that a public nuisance actually exists, the board shall order the property owner to abate the public nuisance within a specified time.

If the public nuisance is not abated within the time specified in the order of the board following a hearing, the district may abate the public nuisance. Any entry upon private property by the district for this purpose shall be preceded by written notice to the owner by certified mail stating the date and place of entry, the purpose thereof, and the number of persons entering. If the mailed notice is returned undelivered, the district may post a copy thereof at the proposed entry point five days prior to entry.

Any costs incurred by the district in abating a public nuisance pursuant to this section are a lien upon the property upon which the public nuisance existed when notice of the lien is filed and recorded.

Notice of the lien, particularly identifying the property on which the nuisance was abated and the amount of the lien, and naming the owner of record of the property, shall be recorded by the district in the office of the Santa Clara County Recorder within one year after the first item of expenditures by the district or within 90 days after the completion of the work, whichever first occurs. Upon recordation of the notice of lien, the lien shall have the same force, effect, and priority as a judgment lien, except that it shall attach only to the property described in the notice, and shall continue for 10 years from the time of recording of the notice unless sooner released or otherwise discharged.

SEC. 3. Section 9 of the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951), is amended to read:

Sec. 9. The board shall have power to adopt resolutions for the district which shall be adopted, certified to, recorded, and published, in the same manner except as herein otherwise provided for, as are resolutions for the County of Santa Clara.

The board shall have the power to adopt ordinances for the district. All ordinances shall be enacted only by rollcall vote entered into the proceedings of the board. An ordinance shall be in full force and effect 30 days after adoption, and shall be published once in full in a newspaper of general circulation, printed, published, and circulated in the district within 10 days after adoption. It is a misdemeanor for any person to violate any district ordinance adopted pursuant to this section from and after the effective date of the ordinance. The violation shall be punishable by a fine not exceeding five hundred dollars ($500), or imprisonment in the county jail not to exceed 30 days, or both that fine and that imprisonment. Any violation or threatened violation may also be enjoined by civil action. The board shall have power to make and enforce all needful rules, regulations, standards, and procedures for the administration and government of the district, and to appoint and employ all needful agents, superintendents, engineers, attorneys, and employees to properly look after the performance of any work provided for in this act and to operate and maintain those works, and to perform all other acts necessary or proper to accomplish the purposes of this act.

In addition to the officers and employees herein otherwise prescribed, the board may in its discretion appoint a chairman, a clerk and such other officers and employees for the board or district as in its judgment may be deemed necessary, prescribe their duties and fix their compensation. Those officers and employees shall be employed, suspended, or their employment terminated in accordance with an ordinance setting forth rules, regulations, standards and procedures for appointment, suspension and termination of employment.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or agencies which desire legislative authority to carry out the program specified in this act, and because the local agency or agencies have the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, and because the only other costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The groundwater basins underlying the Santa Clara Valley Water District are threatened with contamination. Contaminants present in upper aquifers may be transmitted to lower aquifers, which constitute a principal source of drinking water, by movement through unused or abandoned wells. In order that the work of finding and sealing those wells may be undertaken at the earliest possible time, it is necessary that this act take effect immediately.

(a) Except as provided in subdivision (b), the following requirements apply to the transportation of hazardous waste for which registration is required pursuant to Section 25163 of the Health and Safety Code, other than radioactive materials subject to Division 14.5 (commencing with Section 33000):

(1) Transportation from the point of origin to the appropriate waste facility shall be by the most direct route, utilizing state or interstate highways wherever possible. When transporting within a city or any other congested area, exceptions to direct routes shall be made in order to avoid congested thoroughfares, places where crowds are assembled, and residence districts as defined in Section 515. Vehicles subject to this section may also use highways which provide reasonable access to fuel, repair, rest, or food facilities that are designed and intended to accommodate commercial vehicle parking, when that access is consistent with safe vehicle operation and when the facility is within one-half road mile of points of entry or exit from the state or interstate highway being used.

(2) Only highways of sufficient width and load bearing capacity for the vehicle or combination of vehicles shall be used.

(3) Vehicles shall not be left unattended or parked overnight in a residence district, as defined in Section 515.

(4) When transporting hazardous waste pursuant to Section 25169.3 of the Health and Safety Code, all provisions of the waste hauler transportation safety plan, as approved by the State Department of Health Services, shall be complied with.

(5) Deviation from the routes required by this subdivision shall not be excused on the basis of operating convenience, unless in an emergency and with the concurrence of a member of the California Highway Patrol.

(b) The Department of the California Highway Patrol, after consultation with the State Department of Transportation or the city or county agency with traffic control jurisdiction over a highway, may prohibit vehicles transporting hazardous waste subject to this section from using that highway if all of the following requirements are met:

(1) The highway is posted, in conformity with standards of the Department of the California Highway Patrol, by the agency having jurisdiction over the highway.

(2) The highway is included in a list of highways restricted pursuant to this subdivision published by the Department of the California Highway Patrol and available to interested parties for not less than 14 days.

(3) The highway is appreciably less safe than a reasonable alternate highway as determined by using the "Guidelines for Applying Criteria to Designate Routes for Transporting Hazardous Materials" prepared by the Federal Highway Administration (FHWA A-IP-80-15).

(4) The restriction on the use of the highway pursuant to this subdivision is not precluded or preempted by federal law.

(5) A finding is made by the Department of the California Highway Patrol that the impact of the proposed highway restriction on surrounding jurisdictions has been considered.

The list of restricted highways developed by the Department of the California Highway Patrol shall be published by the department every six months.

(c) It is unlawful for the owner of any vehicle or the authorized agent of the owner to drive, or to direct or knowingly permit the driving of, the vehicle in violation of this section. Violation of any provision of this section is a misdemeanor punishable as follows:

(1) For a first violation, a fine not exceeding five hundred dollars ($500) or imprisonment in the county jail not exceeding 30 days, or both that fine and imprisonment.

(2) For a second violation, a fine not exceeding one thousand dollars ($1,000) or imprisonment in the county jail not exceeding 60 days, or both that fine and imprisonment.

(3) For a third or subsequent violation, a fine not exceeding two thousand five hundred dollars ($2,500) or imprisonment in the county jail not exceeding 120 days, or both that fine and imprisonment.

(d) Additionally, upon recommendation of the Department of the California Highway Patrol, three or more violations of this section constitute grounds for suspension or revocation of registration or denial of an application for registration under Section 25163 of the Health and Safety Code by the State Department of Health Services. Proceedings in these cases shall be subject to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(e) Nothing contained in this section shall be deemed to exempt any person subject to this section from other provisions of this code.

(f) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 2. Section 31303 is added to the Vehicle Code, to read:

31303. (a) The provisions of this section apply to the highway transportation of hazardous materials and hazardous waste for which the display of placards or markings is required pursuant to Section 27903. This section does not apply to hazardous materials being transported on specified routes pursuant to Section 31616 or 33000.

(b) Unless restricted or prohibited pursuant to Section 31304, the transportation shall be on state or interstate highways which offer the least overall transit time whenever practicable.

(c) The transporter shall avoid, whenever practicable, congested thoroughfares, places where crowds are assembled, and residence districts as defined in Section 515.

(d) Vehicles used for the transportation shall not be left unattended or parked overnight in a residence district as defined in Section 515.

(e) When transporting hazardous waste pursuant to Section 25169.3 of the Health and Safety Code, all provisions of the waste hauler transportation safety plan, as approved by the State Department of Health Services, shall be complied with.

(f) Transportation which deviates from the routes required by this section shall not be excused on the basis of operating convenience.

(g) Notwithstanding subdivisions (b) and (c), vehicles engaged in the transportation may also use any of the following highways:

(1) Highways which provide necessary access to local pickup or delivery points consistent with safe vehicle operation.

(2) Highways which provide reasonable access to fuel, repairs, rest, or food facilities that are designed and intended to accommodate commercial vehicle parking, when that access is consistent with safe vehicle operation and when the facility is within one-half road mile of points of entry or exit from the state or interstate highway being used.

(3) Highways restricted or prohibited pursuant to this section when no other lawful alternative exists.

(h) This section shall become operative on January 1, 1987.

SEC. 3. Section 31304 is added to the Vehicle Code, to read:

31304. (a) The transportation of hazardous materials and hazardous waste for which the display of placards or markings is required pursuant to Section 27903 may be restricted or prohibited, by the Department of the California Highway Patrol, after consultation with the State Department of Transportation, with regard to state or interstate highways, or by a city or county by ordinance or resolution, after formal notice to the Department of the California Highway Patrol and with the concurrence of their appropriate transportation planning agency defined in Section 29532 of the Government Code, with regard to specified highways under their control, if all of the following requirements are met:

(1) The respective highway is appreciably less safe than a reasonable alternate highway as determined by using the "Guidelines for Applying Criteria to Designate Routes for Transporting Hazardous Materials" prepared by the Federal Highway Administration (FHWA A-IP-80-15).

(2) The restriction or prohibition on the use of the highway pursuant to this section is not precluded or preempted by federal law.

(3) The restriction or prohibition does not eliminate necessary access to local pickup or delivery points consistent with safe vehicle operation; does not eliminate reasonable access to fuel, repairs, rest,

or food facilities that are designed and intended to accommodate commercial vehicle parking, when that access is consistent with safe vehicle operation and when the facility is within one-half road mile of points of entry or exit from the state or interstate highway being used; or does not restrict or prohibit the use of highways when no other lawful alternative exists.

(4) Written concurrence has been obtained from affected surrounding jurisdictions that the proposed restriction or prohibition is not incompatible with through transportation. If written concurrence is not granted by one of the affected surrounding jurisdictions, that action may be appealed to the appropriate transportation planning agency for final resolution.

(5) The highway is posted by the agency responsible for highway signs on that highway in conformity with standards of the State Department of Transportation.

(6) A list of the routes restricted or prohibited is submitted to the Department of the California Highway Patrol.

(7) The highway is included in a list of highways restricted or prohibited pursuant to this section which is published by the Department of the California Highway Patrol and is available to interested parties for not less than 14 days.

(b) Notwithstanding any prohibition or restriction adopted pursuant to subdivision (a), deviation from restricted or prohibited routes is authorized in an emergency or other special circumstances with the concurrence of a member of the agency having traffic law enforcement authority for the highway.

(c) This section shall become operative on January 1, 1987.

SEC. 4. Section 31305 is added to the Vehicle Code, to read:

31305. (a) Upon receipt of a written petition from a local jurisdiction or motor carrier adversely affected by a restriction or prohibition adopted pursuant to Section 31304, the Department of the California Highway Patrol may preempt any local restriction or prohibition that, in its opinion, is not compatible with reasonable and necessary access or the use of highways when no other lawful alternative exists as provided for in paragraph (3) of subdivision (a) of that section, or through transportation as provided for in paragraph (4) of subdivision (a) of that section.

(b) Upon receipt of a written petition from a local jurisdiction or motor carrier adversely affected by a preemption issued pursuant to subdivision (a), the Department of the California Highway Patrol, after holding a public hearing, shall render a decision upholding or denying the petition.

(c) This section shall become operative on January 1, 1987.

SEC. 5. Section 31306 is added to the Vehicle Code, to read:

31306. (a) A list of highways restricted or prohibited pursuant to subdivision (a) of Section 31304 shall be published or updated by the Department of the California Highway Patrol semiannually.

(b) This section shall become operative on January 1, 1987.

SEC. 6. Section 31307 is added to the Vehicle Code, to read:

31307. (a) It is unlawful for the owner of any vehicle or the authorized agent of the owner to drive, or to direct or knowingly permit the driving of, the vehicle in violation of Section 31303 or 31304. Violation of any of these sections is a misdemeanor punishable as follows:

(1) For a first violation, a fine not exceeding five hundred dollars ($500), imprisonment in the county jail not exceeding 60 days, or both the fine and imprisonment.

(2) For a second violation within a 12-month period, a fine not exceeding one thousand dollars ($1,000), imprisonment in the county jail not exceeding 60 days, or both the fine and imprisonment.

(3) For a third or subsequent violation within a 12-month period, a fine not exceeding two thousand five hundred dollars ($2,500), imprisonment in the county jail not exceeding 120 days, or both the fine and imprisonment.

(b) Additionally, upon recommendation of the Department of the California Highway Patrol, three or more violations of these sections constitute grounds for suspension or revocation of registration, or denial of an application for registration under Section 25163 of the Health and Safety Code by the State Department of Health Services. Proceedings in these cases shall be subject to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) This section shall become operative on January 1, 1987.

SEC. 7. Section 31308 is added to the Vehicle Code, to read:

CHAPTER 818

An act to amend Section 4026.2 of, and to add Section 4026.3 to, the Health and Safety Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1985 Filed with Secretary of State September 19, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4026.2 of the Health and Safety Code is amended to read:

4026.2. (a) The Legislature finds that the department has complied with subdivision (b) of Section 4026.1 by submitting the plan, "A Program for Detecting and Monitoring Organic Chemical Contaminants in Drinking Water" in November 1981.

(b) Pursuant to the proposed plan, and within three months after the effective date of this section, the department shall do the following:

(1) Conduct an evaluation of each public water system to determine the potential for contamination. This evaluation shall include, but not be limited to:

(A) A review of the historical water quality data of each system to determine possible evidence of degradation.

(B) A review, to be coordinated with the State Water Resources Control Board and the California regional water quality control boards, of past and present waste disposal practices that may potentially affect the respective well water supply.

(C) A review of other organic chemicals used in the water supply area, which have potential health risks and may have the potential for contaminating drinking water supplies because of environmental persistence or resistance to natural degradation under conditions existing in California.

(2) Upon a determination by the department that a public water system is subject to potential contamination, the department shall notify the public water system of the specific contaminants or class of contaminants to be analyzed. The department, when applicable, shall require the public water system to use the Environmental

Protection Agency's 13 approved analytical techniques as established under subdivision (h) of Section 304 of the Clean Water Act to qualitatively identify the complete range of contaminants in the same class as the specific contaminant or class of contaminants being analyzed. The department shall begin notifying public water systems within three months after the effective date of this section, notifying first those public water systems with the greater health risks and potential for contaminating drinking water, and shall complete the notification process within 12 months after the effective date of this statute.

(3) Upon notification by the department, the public water system shall prepare a proposed systematic water analysis plan for the contaminants. The proposed plan shall be submitted to the department within 90 days of receipt of the notification. The department shall approve, modify, or return for modification all plans within 30 days of receipt of the water analysis plan.

(4) Following receipt of an approved plan from the department, the public water system shall conduct the water analysis and submit a water analysis report to the department within 90 days, in accordance with the approved plan.

(5) After reviewing the report, the department may, by order, require the public water system to conduct a periodic water analysis in accordance with conditions specified by the department. The water analysis shall be reported on a quarterly basis, unless the department finds that reasonable action requires either more frequent or less frequent analysis.

The report shall be considered a complete report within the meaning of, and for the purposes of, Section 4023.

(c) Except as otherwise provided in Section 4026.3, public water systems with 200 connections or less are exempt from this section.

SEC. 2. Section 4026.3 is added to the Health and Safety Code, to read:

4026.3. (a) The Legislature finds and declares all of the following:

(1) The large water system testing program has discovered chemical contamination of the state's drinking water with increasing frequency.

(2) A significant number of California residents rely on the state's small water systems to provide their water.

(3) The small systems, because they tend to be located in outlying rural areas where pesticide use is prevalent, and because they draw their water from shallow aquifers, face a serious threat of contamination.

(4) Unchecked water sources that may be contaminated pose a potentially serious threat to the health of the citizens of California, particularly those living in outlying rural areas.

(5) It is in the interest of all Californians that a testing program for small public water systems be implemented and carried out as expeditiously as possible.

(b) For purposes of this section, "small public water system" means a system with 200 connections or less, and is one of the following:

(1) A community water system which serves at least 15 service connections used by yearlong residents or regularly serves at least 25 yearlong residents.

(2) A state small water system.

(3) A noncommunity water system such as a school, labor camp, institution, or place of employment, as designated by the department.

(c) The department shall conduct training workshops to assist health officers in evaluation of small public water systems for organic chemical contamination, and in sampling and testing procedures. The department shall, at a minimum, provide health officers with guidelines for evaluating systems and instructions for sampling.

(d) The department shall develop a schedule for conduct of the programs by the local health officers. The schedule shall establish a program to address first those systems with the most serious potential for contamination. The department shall enter into agreements with the local health agencies to conduct the necessary work to be performed pursuant to the schedule. The department shall begin the program no later than three months after the effective date of this section. All local health officers shall complete the evaluation, sampling, testing, review of sampling results, and notification to the public water systems within their jurisdiction in accordance with the agreements entered into with the department and within the schedule established by the department. All work required by this section shall be completed within three years of the effective date of this section.

(e) In consultation with the department, the local health officer shall conduct an evaluation of all small public water systems under their jurisdictions to determine the potential for contamination of groundwater sources by organic chemicals. These evaluations shall follow the criteria set forth under paragraph (1) of subdivision (b) of Section 4026.2.

(f) Based upon the evaluation of each system, the local health officers shall develop a sampling plan for each system within their jurisdiction. The health officer shall collect samples in accordance with the plan and shall submit the samples for analysis to a certified laboratory designated by the department. When applicable, the laboratory shall test water samples using the Environmental Protection Agency's 13 approved analytical techniques established under subdivision (h) of Section 304 of the Clean Water Act to qualitatively identify the complete range of contaminants in the same class as the specific contaminant or class of contaminants being analyzed.

(g) Within 10 days of the receipt from the laboratory of the testing results, the local health officer shall notify the small public water system, the department and the California regional water quality

control board for that region of the results.

(h) Following a review of the testing results, the local health officer may order the public water system to conduct a periodic water sampling and analysis program in accordance with conditions specified by the local health officer. The department shall provide ongoing advice and assistance to local health officers in interpreting test results and determining appropriate notification and followup activities in those instances where contaminants are found.

(i) This section shall be operative during any fiscal year only if the Legislature appropriates sufficient funds to pay for all state-mandated costs to be incurred by local agencies pursuant to this section during that year.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the health and safety of individuals served by small public water systems who may be receiving water contaminated by organic chemicals, it is necessary for this act to take effect immediately.

4990.6. Not later than the first of March of each calendar year, the board shall elect a chairperson and a vice chairperson from its membership.

The application for reconsideration shall be filed with the board within 30 days after notice of the rejection or failure was received and only one application for reconsideration may be filed upon any one application for a certificate or upon any one application for an examination.

Article 3. Revenue

4994. Notwithstanding Section 13340 of the Government Code and except as provided in Section 4984.6, all moneys in the Behavioral Science Examiners Fund are continuously appropriated to the board, to be expended by it for the purposes of the programs under its jurisdiction.

Article 4. Clinical Social Workers

4996. Only individuals who have received a license under this article may style themselves as "Licensed Clinical Social Workers." Every individual who styles himself or herself or who holds himself or herself out to be a licensed clinical social worker, or who uses any words or symbols indicating or tending to indicate that he or she is a licensed clinical social worker, without holding his or her license in good standing under this article, is guilty of a misdemeanor.

It is unlawful for any person to engage in the practice of clinical social work unless at the time of so doing such person holds a valid, unexpired, and unrevoked license under this article.

4996.1. The board shall issue a licensed clinical social worker license to each applicant who qualifies therefor, and if required to

take it, successfully passes the examination given pursuant to this article.

4996.2. Each applicant shall furnish evidence satisfactory to the board that he or she complies with all of the following requirements:

One year of that experience shall have been in a hospital, clinic, or agency in which the applicant, under professional supervision or with professional consultation or both, has employed those methods or measures. The board may establish standards for equivalent means of meeting the requirements of this subdivision. The standards shall insure that the performance of services authorized by Section 4996.5 by persons complying with the standards shall be done in a manner which protects the health and welfare of the persons receiving the services.

(d) Has not committed any crimes or acts constituting grounds for denial of licensure under Section 480.

(e) Has completed adequate instruction and training in the subject of alcoholism and other chemical substance dependency. This requirement applies only to applicants who matriculate on or after January 1, 1986.

4996.3. Each first application shall be accompanied with a fee of fifty dollars ($50), which shall be deposited by the board into the State Treasury to the credit of the Behavioral Science Examiners Fund.

4996.4. Notwithstanding Section 4996.3, an applicant who has failed the examination can reapply upon payment of a fee of ten dollars ($10) if he or she reapplies within the 12-month period subsequent to failure of the examination.

4996.5. The board shall issue a license to each applicant meeting the requirements of this article, which license, so long as the annual renewal fees have been paid, licenses the holder to engage in the practice of clinical social work as defined in Section 4996.9, entitles the holder to use the title of licensed clinical social worker, and authorizes the holder to hold himself or herself out as qualified to perform any of the functions delineated by this chapter. The form and content of the license shall be determined by the director in accordance with Section 164.

4996.6. A renewal fee in the sum of ten dollars ($10) shall be charged and collected annually by the board prior to the last day of March of each calendar year. The fees shall be deposited in the State Treasury to the credit of the Behavioral Science Examiners Fund. A five dollar ($5) delinquency fee shall be added to the renewal fee when the renewal fee is not received by the board prior to the last day of March of each calendar year. Any person who permits his or

her license to become delinquent may have it restored only upon the payment of all fees which he or she would have paid if the license had not become delinquent plus the payment of the delinquency fee.

4996.7. A license shall be displayed in the licensee's primary place of practice.

4996.8. The current annual renewal receipt shall be displayed near the license.

4996.9. The practice of clinical social work is defined as a service in which a special knowledge of social resources, human capabilities, and the part that unconscious motivation plays in determining behavior, is directed at helping people to achieve more adequate, satisfying, and productive social adjustments. The application of social work principles and methods includes, but is not restricted to, counseling and using applied psychotherapy of a nonmedical nature with individuals, families, or groups; providing information and referral services; providing or arranging for the provision of social services; explaining or interpreting the psychosocial aspects in the situations of individuals, families, or groups; helping communities to organize, to provide, or to improve social or health services; or doing research related to social work.

Psychotherapy, within the meaning of this chapter, is the use of psychosocial methods within a professional relationship, to assist the person or persons to achieve a better psychosocial adaptation, to acquire greater human realization of psychosocial potential and adaptation, to modify internal and external conditions which affect individuals, groups, or communities in respect to behavior, emotions, and thinking, in respect to their intrapersonal and interpersonal processes.

4996.10. The provisions of this article shall be construed only as provisions relating to the examination and licensing of clinical social workers.

4996.11. The board may suspend or revoke the license of any person who is guilty on the grounds set forth in Section 4992.3. The proceedings for the suspension or revocation of licenses under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted in that chapter.

4996.12. Any person who violates this chapter shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding a period of six months, or by a fine not exceeding one thousand dollars ($1,000), or by both.

4996.13. Nothing in this article shall prevent qualified members of other professional groups from doing work of a psychosocial nature consistent with the standards and ethics of their respective professions. However, they shall not hold themselves out to the public by any title or description of services incorporating the words psychosocial, or clinical social worker, or that they shall not state or imply that they are licensed to practice clinical social work. These

qualified members of other professional groups include, but are not limited to, the following:

However, they shall not offer to render clinical social work services, as defined in Section 4996.9, to the public for a fee, monetary or otherwise, over and above the salary they receive for the performance of their official duties with the organization in which they are employed.

(a) Persons employed by the United States Department of Health and Human Services.

4996.15. Nothing in this article shall restrict or prevent activities of a psychosocial nature on the part of persons employed by accredited academic institutions, public schools, government agencies, or nonprofit institutions engaged in the training of graduate students or social work interns pursuing the course of study leading to a master's degree in social work in an accredited college or university, or working in a recognized training program, provided that these activities and services constitute a part of a supervised course of study and that those persons are designated by such titles as social work interns, social work trainees, or other titles clearly

indicating the training status appropriate to their level of training. The term "social work intern," however, shall be reserved for persons enrolled in a master's or doctoral training program in social work in an accredited school or department of social work.

4996.16. Nothing in this article shall restrict a person or persons from another state, from offering clinical social work services, in this state, if the services are performed for no more than five days in any calendar month. If that person meets the qualifications and requirements stated in Section 4996.2 and resides in a state or territory of the United States, or foreign country, or province which does not grant a certification or license to clinical social workers, he or she may offer clinical social work services in this state for a total of not more than 30 days in any calendar year without being licensed under this chapter.

4996.17. A person other than a licensed clinical social worker may be employed as an apprentice clinical social worker by a licensed clinical social worker, a licensed psychologist, or a psychiatrist who is a licensed physician and surgeon, provided that:

(a) That person has a master's degree from an accredited school or department of social work.

(b) That person is at all times under the supervision of a licensed clinical social worker, a licensed psychologist, or a board certified psychiatrist who shall be responsible for insuring that the extent, kind, and quality of the clinical social work services he or she performs are consistent with competent practice and be responsible for his or her compliance with this chapter, and the regulations adopted pursuant to this chapter.

(c) That person does not provide clinical social work services to the public for a fee, monetary or otherwise, except as an employee of the professional person qualified under this section.

(d) The employing licensed clinical social worker, licensed psychologist, or psychiatrist has submitted to the board the name and professional qualifications of the apprentice clinical social worker. No licensed clinical social worker may employ more than three apprentice clinical social workers at any given time unless specifically authorized to do so by the board. No licensed clinical psychologist nor psychiatrist shall employ more than one apprentice clinical social worker at any given time.

(e) That person complies with any regulations the board may, from time to time, duly adopt relating to the fulfillment of requirements in continuing education.

4996.18. Nothing in this article shall prohibit the acts or practices of a licensed clinical social workers corporation duly certificated pursuant to the Moscone-Knox Professional Corporation Act, as contained in Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the Corporations Code and Article 5 (commencing with Section 4998), when the corporation is in compliance with (a) the Moscone-Knox Professional Corporation Act; (b) Article 5 (commencing with Section 4998); and (c) all other statutes and all

The application shall be signed and verified by an officer of the corporation.

4998.2. Each licensed clinical social workers corporation shall file with the board annually and at such other times as the board may require a report containing such information pertaining to qualification and compliance with the statutes, rules, and regulations of the board as the board may determine. The fee for filing a report shall be fixed by the board. All reports shall be signed and verified by an officer of the corporation.

4998.6. A licensed clinical social workers corporation shall not do or fail to do any act the doing of which or the failure to do which would constitute unprofessional conduct under any statute, rule, or regulation now or hereafter in effect. In the conduct of its practice, it shall observe and be bound by those statutes, rules, and regulations to the same extent as a person holding a license under Section 4996.1. The board shall have the same powers of suspension, revocation, and discipline against a licensed clinical social workers corporation as are now or hereafter authorized by Section 4996.11, or by any other similar statute against individual licensees. Proceedings against a licensed clinical social workers corporation shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted in that chapter.
