14000. The purpose of this chapter is to afford to qualifying individuals health care and related remedial or preventive services, including related social services which are necessary for those receiving health care under this chapter.

The intent of the Legislature is to provide, to the extent practicable, through the provisions of this chapter, for health care for those aged and other persons, including family persons who lack sufficient annual income to meet the costs of health care, and whose other assets are so limited that their application toward the costs of such care would jeopardize the person or family's future minimum self-maintenance and security. It is intended that whenever possible and feasible:

(a) The means employed shall be such as to allow, to the extent practicable, eligible persons to secure health care in the same manner employed by the public generally, and without discrimination or segregation based purely on their economic disability.

(b) The benefits available under this chapter shall not duplicate those provided under other federal or state laws or under other contractual or legal entitlements of the person or persons receiving them.

(c) In the administration of this chapter and in establishing the means to be used, the department shall give due consideration both to the appropriate organization and to the ready accessibility and availability of the facilities and resources for health care to persons

eligible under this chapter, and to new and innovative approaches to the delivery of health care services.

The director may prescribe those items of exempt property which the director deems should be verified as to status and value in order to reasonably assure a correct designation of those items as exempt.

(c) The verification requirements of subdivision (b) apply to income, income deductions and property both of applicants for medical assistance (other than applicants for public assistance) and to persons whose income, income deductions, expenses or property holdings must be considered in determining the applicant's eligibility and share of cost.

(d) A determination of eligibility and share of cost may be extended beyond otherwise prescribed time frames if, in the county department's judgment, and subject to standards of the director, the applicant or designated representative has good cause for failure to provide the required verification and continues to make a good faith effort to provide such verification.

(e) To the extent permitted by federal law, in addition to the other verification requirements of this section, a county department may require verification of any other applicant statements, or conduct a full and complete investigation of the statements, whenever a verification or investigation is warranted in the judgment of the county department.

The department shall determine the form of the Medi-Cal card. The cards shall be for a term as determined by the department and, unless canceled for cause, shall entitle individuals to care and service as indicated. Cause for cancellation shall exist when the person dies, loses state residence, is found to be ineligible, or has been issued a new Medi-Cal card.

The court may, in the original order for support, order the custodial parent or other person to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(c) In the event obligations for support of a child are discharged in bankruptcy, the court may make all proper orders for the support, maintenance and education of the child, as the court may deem just.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. If the party to whom payments are to be made fails to notify the person ordered to make the payments, or the attorney of record of the person so ordered, of the happening of the contingency and continues to accept support payments, the supported party shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order

retains jurisdiction.

(e) In any proceeding under this section the court may order a party to submit to an examination by a vocational training consultant. The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination, and the person or persons by whom it is to be made. Methods of discovery other than that described in this subdivision may only be employed if a motion for modification of support is pending. In the absence of a pending motion for modification of support, a request for discovery pursuant to this section may be undertaken no more than once a year. This section may be enforced under Sections 1991, 1991.1, 1991.2, 1992, 1993, and 2034 of the Code of Civil Procedure, and any other statutes applicable to the enforcement of procedures for discovery. The Judicial Council shall adopt forms which shall be used in the procedures provided by this section.

CHAPTER 1360

An act to add Sections 14132.15 and 14132.35 to the Welfare and Institutions Code, relating to the medical assistance program.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Elderly stroke victims need rehabilitation services in order to regain the use of their limbs, speech, or other faculties which have been impaired by a stroke.

(b) Rehabilitation treatment can restore the self-sufficiency of stroke victims and allow them to remain living independently in the community.

SEC. 2. Section 14132.15 is added to the Welfare and Institutions Code, to read:

14132.15. For purposes of subdivision (p) of Section 14132, "rehabilitation services" means services intended to assist physically or cognitively impaired persons to achieve or regain their maximum functional potential for mobility, self-care, and independent living.

SEC. 3. Section 14132.35 is added to the Welfare and Institutions Code, to read:

14132.35. (a) Outpatient rehabilitation services are covered under this chapter, subject to utilization controls.

(b) The department and the Medi-Cal field offices shall not discriminate against elderly recipients in authorizing services under

this section, and shall recognize the importance of rehabilitation services in allowing elderly persons to remain independent and at home.

(c) Rehabilitation services may be provided in group settings, including what is referred to as stroke centers which offer programs and group training for adults in therapeutic exercise, activities of daily living, speech remediation, or counseling.

(d) In order to be eligible for reimbursement under this section, stroke centers shall be certified as participating providers and meet the rules and regulations of the department. Stroke centers shall meet the requirements for licensure of either adult day health care centers or outpatient rehabilitation clinics.

CHAPTER 1361

An act to add Sections 12810.2 and 27315 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 30, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 12810.2 is added to the Vehicle Code, to read:

12810.2. Notwithstanding subdivision (d) of Section 12810, no violation point count shall be given for a conviction of a violation of Section 27315 to determine if the person convicted is a negligent driver for purposes of Section 12809, or 13359.

SEC. 1.5. Section 27315 is added to the Vehicle Code, to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Private Passenger Motor Vehicle Safety Act.

(c) As used in this section, "private passenger motor vehicle" means any passenger vehicle as defined in Section 465 and any motortruck as defined in Section 410 of less than 6,001 pounds unladen weight, but "private passenger motor vehicle" does not

include a motorcycle as defined in Section 400.

(d) No person shall operate a private passenger motor vehicle on a highway unless that person and all passengers over the age of four are restrained by a safety belt, except that the operator of a taxicab, as defined in Section 27908, shall not operate the taxicab unless the operator and any passengers over the age of four years in the front seat are restrained by a safety belt.

(e) No person 16 years of age or over shall be a passenger in a private passenger motor vehicle on a highway unless that person is restrained by a safety belt.

(f) Every owner of a private passenger motor vehicle operated on a highway shall maintain safety belts in good working order for the use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision does not, however, require installation or maintenance of safety belts where not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition which would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is inappropriate.

(h) Notwithstanding subdivision (a) of Section 42001, any violation of subdivision (d), (e), or (f) is an infraction punishable by a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20) for a first offense, and a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or a driving school in which the use of safety belts is demonstrated.

(i) In any civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) shall not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(j) Notwithstanding Section 40300 or any other provision of law, a peace officer shall not stop or seize a person for a violation of subdivision (d), (e), or (f), nor arrest or issue a notice to appear or notice to correct for a violation of those subdivsions if the officer has no other cause to stop or seize the person other than a violation of subdivision (d), (e), or (f).

(k) If the United States Secretary of Transportation fails to promulgate safety standards for manual safety belt systems by September 1, 1987, no private passenger motor vehicle

manufactured after that date for sale or sold in this state shall be registered unless it contains a manual safety belt system which meets the performance standards applicable to automatic crash protection devices promulgated by the Secretary of Transportation pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R., Sec. 571.208) as in effect on January 1, 1985.

(*l*) Each private passenger motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S.4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R., Sec. 571.208), dated July 11, 1984. Any automobile manufacturer who sells or delivers a private passenger motor vehicle subject to the requirements of this subdivision who fails to comply with this subdivision shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying private passenger motor vehicle.

(m) Compliance with subdivision (k) or (*l*) by a manufacturer shall be made by self-certification in the same manner as self-certification is accomplished under federal law.

(n) This section does not apply to a person actually engaged in delivery of newspapers to customers along the person's route if the person is restrained by a safety belt prior to commencing and subsequent to completing delivery on the route.

(o) This section does not apply to a person actually engaged in collection and delivery activities as a rural delivery carrier for the United States Postal Service if the person is restrained by a safety belt prior to stopping at the first box and subsequent to stopping at the last box on the route.

(p) Subdivisions (d), (e), (f), (g), and (h) shall become inoperative immediately upon the date that the Secretary of the United States Department of Transportation, or his or her delegate, determines to rescind the portion of the Federal Motor Vehicle Safety Standard 208 (49 C.F.R. Sec. 571.208) which requires the installation of automatic restraints in new private passenger motor vehicles; provided, however, that those subdivisions shall not become inoperative if the secretary's decision to rescind Standard 208 is not based, in any respect, on the enactment or continued operation of those subdivisions.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1362

An act to amend Section 1597.531 of the Health and Safety Code, and to add Section 676.1 to, and to add Chapter 10 (commencing with Section 1862) to Part 2 of Division 1 of, the Insurance Code, relating to child day care facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1597.531 of the Health and Safety Code is amended to read:

1597.531. (a) All family day care homes for children shall either maintain in force liability insurance covering injury to clients and guests in the minimum amount of one hundred thousand dollars ($100,000) per occurrence, not to exceed three hundred thousand dollars ($300,000) in the aggregate during an annual policy period, or a bond in the aggregate amount of three hundred thousand dollars ($300,000). In lieu of the liability insurance or the bond, the family day care home may maintain a file of affidavits signed by each parent with a child enrolled in the home which meets the requirements of this subdivision. The affidavit shall state that the parent has been informed that the family day care home does not carry liability insurance or a bond according to standards established by the state. These affidavits shall be on a form provided by the department and shall be reviewed at each licensing inspection.

(b) The department shall initiate proceedings to revoke the license of any family day care home that is out of compliance with this section.

SEC. 2. Section 676.1 is added to the Insurance Code, to read:

676.1. (a) The arbitrary cancellation of a policy of homeowners' insurance solely on the basis that the policyholder is engaged in a licensed family day care business at the insured location shall subject the insurer to administrative sanctions authorized by this code unless, there has been a material misrepresentation of fact, the risk has changed substantially since the policy was issued, there has been a nonpayment of premium, or the insurer no longer writes homeowners policies.

(b) The arbitrary refusal to renew a policy of homeowners' insurance solely on the basis that the policy holder is engaged in a licensed family day care business at the insured location shall subject the insurer to administrative sanctions authorized by this code unless, there has been a material misrepresentation of fact, the risk has changed substantially since the policy was issued, there has been a nonpayment of premium, or the insurer no longer writes homeowners policies. This subdivision shall remain in effect only

until January 1, 1990, and as of such date is repealed.

(c) It shall be against public policy for a residential property insurance policy to provide liability coverage for losses arising out of, or in connection with, the operation of a family day care home. This coverage shall only be provided by a separate endorsement or insurance policy for which premiums have been assessed and collected.

SEC. 3. Chapter 10 (commencing with Section 1862) is added to Part 2 of Division 1 of the Insurance Code, to read:

CHAPTER 10. CHILD CARE INSURANCE ACT

1862. It is the intent of the Legislature in enacting this chapter to assure the availability, stability, and affordability of liability insurance for operators of day care in this state, and to provide the residents of this state an adequate, safe, affordable, and plentiful market of day care services.

1863. Unless the provision or context otherwise requires, the following definitions govern the construction of this chapter:

(a) "Commissioner" means the Insurance Commissioner of this state.

(b) "Net direct premiums" means gross direct premiums written on liability insurance in this state, including the liability portion of the multiperil policies and of automobile insurance policies, less return premiums and any surplus premium deposits. "Net direct premiums" shall not mean any reinsurance premiums or premiums for ocean marine insurance.

(c) "Insurer" means any person who undertakes to indemnify another against loss, damage, or liability arising from a contingent or unknown event, and shall include reciprocals and interinsurance exchanges.

(d) "Family day care provider" means those persons licensed pursuant to Section 1596.78 or 1596.79 of the Health and Safety Code.

1864. (a) On or before May 1 of each year, commencing in 1987, each insurer engaged in writing child care liability insurance coverage in this state shall submit to the commissioner a report of its operations regarding child care liability claims experience for the last preceding calendar year ending on December 31 on a form furnished by the commissioner. Each report shall separately state the following information for family day care homes, as defined in Section 1596.78 of the Health and Safety Code, and licensed child care centers, as defined in Section 1596.76 of the Health and Safety Code:

(1) Premiums earned.

(2) Premiums written.

(3) Number of claims.

(4) Number of new claims during the reporting period.

(5) Number of claims closed during the reporting period.

(6) Number of claims outstanding at the end of the reporting period.

(7) Total losses incurred.

(8) Total losses incurred as a percentage of premiums earned.

(9) Total number of policies in force on the last day of the reporting period.

(10) Total number of policies canceled.

(11) Total number of policies nonrenewed.

(12) Net underwriting gain or loss.

(13) Separate allocations of expenses for commissions, other acquisition costs, general office expenses, taxes, licenses and fees, and other expenses. The allocations required by this section shall be made by dividing the company's total premiums earned for child care liability insurance by its total premiums earned and applying the ratio determined to the expenses reported in the company's annual statement filed with the Commissioner pursuant to Section 900.

(b) The commissioner shall develop and issue reporting forms to insurers at least 90 days prior to the due date of the reports required pursuant to this section.

(c) By February 1, 1986, a task force appointed pursuant to this subdivision shall submit a preliminary report to the Legislature which contains recommendations on any other appropriate data to be required from insurers in their annual report of operations. A final report shall be submitted no later than July 1, 1986. The task force shall include one representative from the Insurance Commissioner, one representative from the insurance industry who shall be appointed by the Governor, and one representative from the Legislative Analyst's Office, as well as one child care provider appointed by the Senate Committee on Rules and one child care provider appointed by the Speaker of the Assembly. These members shall be appointed no later than October 15, 1985. The task force shall review all data used by insurance companies in calculating and determining increases in premiums, and the underwriting criteria and rationale they use to decide whether or not to provide coverage for child care providers.

(d) The Legislature finds that it is in the public interest of the policyholders of this state that insurers writing child care liability insurance permit remittance of premiums to occur on an installment basis.

(e) The information provided under this section pertaining to a specified claim, insurance policy, or insurer shall be confidential and shall only be revealed by the department on a nonspecific basis as part of an aggregate report of claims or policies.

SEC. 4. The Insurance Commissioner shall take those steps necessary to insure the availability of liability insurance to child care centers and family day care providers.

The commissioner shall so inform the Legislature and the Governor on the success of any program by February 1, 1986, and shall issue a followup report by July 1, 1986.

SEC. 5. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Child care providers are faced with the urgent problem of obtaining available and affordable liability insurance coverage for their child care operations.

The providers of child care services are experiencing midterm policy cancellations, substantial rate increases during the term of existing coverage, nonrenewals upon policy expiration dates, and substantial price increases and coverage limitations upon the renewal or purchase of new polices. Midterm cancellations and premium increases are frequently taking place regardless of a child care provider's risk quality, claims history, or loss experience.

The effects of indiscriminate policy cancellations and premium rate increases are far-reaching, touching not only the child care providers themselves, but the parents and children in need of child care services.

This crisis has forced child care providers to discontinue operations, pass the increased costs on to parents who cannot afford these increases, or illegally operate "underground" without a license. It is vital for the residents of this state to have available an adequate, safe, and affordable market of family day care services, and therefore it is necessary that this act take effect immediately.

CHAPTER 1363

An act to amend Section 1597.531 of the Health and Safety Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 1597.531 of the Health and Safety Code is amended to read:

In lieu of the liability insurance or the bond, the family day care home may maintain a file of affidavits signed by each parent with a child enrolled in the home which meets the requirements of this subdivision. The affidavit shall state that the parent has been informed that the family day care

home does not carry liability insurance or a bond according to standards established by the state. These affidavits shall be on a form provided by the department and shall be reviewed at each licensing inspection.

(b) The department shall initiate proceedings to revoke the license of any family day care home that is out of compliance with this section.

(dd) "State preschool services" means part-day educational programs for low-income or otherwise disadvantaged prekindergarten-age children.

(ee) "Support services" means those services which, when combined with child care and development services, help promote the healthy physical, mental, social, and emotional growth of children. Support services include, but are not limited to: protective services, parent training, provider and staff training, transportation, parent and child counseling, child development resource and referral services, and child placement counseling.

(ff) "Teacher" means a person with the appropriate certificate who provides program supervision and instruction which includes supervision of a number of aides, volunteers, and groups of children.

(gg) "Workday" means the time that the parent requires temporary care for a child for any of the following reasons:

(1) To undertake training in preparation for a job.

(2) To undertake or retain a job.

(3) To undertake other activities which are essential to maintaining or improving the social and economic function of the family, are beneficial to the community, or are required because of health problems in the family.

SEC. 3. Section 8208.5 is added to the Education Code, to read:

8208.5. Notwithstanding any other provision of law, child care and development programs, as defined in Section 8208, shall include, but not be limited to, respite child care and development.

SEC. 4. Section 8265 of the Education Code is amended to read:

8265. (a) The Superintendent of Public Instruction shall implement a plan which establishes reasonable standards and assigned reimbursement rates, which vary with the length of the program year and the hours of service.

Actual reimbursement shall not, in any case, exceed actual program costs, and parent fees shall be deducted from the assigned reimbursement rate or actual costs, whichever is less.

When establishing standards and assigned reimbursement rates, the Superintendent of Public Instruction shall confer with applicant agencies.

The reimbursement system, including standards and rates, shall be submitted to the Joint Legislative Budget Committee.

The Superintendent of Public Instruction may establish any regulations he or she deems advisable concerning conditions of service and hours of enrollment for children in the programs.

(b) The standard reimbursement rate shall be three thousand five hundred twenty-three dollars ($3,523) per unit of average daily enrollment for a 250-day year, increased by the cost-of-living adjustment granted by the Legislature beginning July 1, 1980.

(c) The plan shall require agencies having an assigned

reimbursement rate above the current year standard reimbursement rate to reduce costs on an incremental basis to achieve the standard reimbursement rate.

(d) The plan shall provide for adjusting reimbursement on a case-by-case basis, in order to maintain service levels for agencies currently at a rate less than the standard reimbursement rate. Assigned reimbursement rates shall be increased only on the basis of one or more of the following:

(1) Loss of program resources from other sources.

(2) Need of an agency to pay the same child care rates as those prevailing in the local community.

(3) Increased costs directly attributable to new or different regulations.

(4) Documented increased costs necessary to maintain the prior year's level of service and ensure the continuation of threatened programs.

Child care agencies funded at the lowest rates shall be given first priority for increases.

(e) The plan shall provide for expansion of child development programs at no more than the standard reimbursement rate for that fiscal year.

(f) The Superintendent of Public Instruction may reduce the percentage of reduction for any public agency:

(1) Which is currently serving more than 400 children; or

(2) Which has in effect a collective bargaining agreement; or

(3) For which other extenuating circumstances apply as determined by the Superintendent of Public Instruction.

SEC. 4.5. Section 8265.7 is added to the Education Code, to read:

8265.7. Notwithstanding Section 8265, programs above the standard reimbursement rate may be considered on a case-by-case basis for rate adjustments due to documented increases in insurance costs.

SEC. 5. Section 8397 of the Education Code is amended to read:

8397. (a) Notwithstanding any other law, infants whose parent or parents are high school students may attend infant care and development centers while their parents attend high school.

(b) Notwithstanding any other law, commencing January 1, 1986, the Superintendent of Public Instruction may enter into an agreement pursuant to Section 8390 permitting infants whose parent or parents are students in grades 7 and 8 to attend infant care and development centers while their parents attend school.

SEC. 6. (a) The sum of thirty million dollars ($30,000,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the 1985–86 fiscal year, in addition to, and in augmentation of, any other appropriations for the purposes of child care and development services, for expenditure for the purposes of Chapter 2 (commencing with Section 8200) of Part 6 of the Education Code for allocation in accordance with the following schedule:

(1)	Campus child care and development programs	$3,000,000
(2)	Migrant child care and development programs	$3,000,000
(3)	Child care and development programs serving the children of teenage parents, including, but not limited to, school age parenting and infant development programs	$1,400,000
(4)	Respite child care service	$3,000,000
(5)	Alternative payment programs	$2,400,000
(6)	State preschool program reimbursement rate increases	$1,200,000
(7)	State preschool program transportation	$500,000
(8)	Intergenerational child care	$500,000
(9)	Parent services projects	$500,000
(10)	Child development division study of severely handicapped needs	$75,000
(11)	California Child Care Initiative	$100,000
(12)	Staff development programs	$320,000
(13)	Program rate adjustments including increased insurance costs	$4,000,000
(14)	Cost-of-living adjustment of 6.19% for child development and state preschool programs	$6,126,000
(15)	All other child care and development programs	$3,879,000

(b) In contracting for the study for which seventy-five thousand dollars ($75,000) is allocated pursuant to paragraph (10) of subdivision (a), the Child Development Division shall require that the study do all of the following:

(1) Determine the range and extent of available services.

(2) Identify specific populations of children who are unserved or significantly underserved due to the nature and severity of their handicapping conditions.

(3) Make recommendations relevant to increasing the services available to those populations.

(4) Identify appropriate lines of communication and coordination with special education programs and activities.

(5) Investigate the availability of recent federal funds for services for handicapped children.

(c) In order to promote geographic equity in the distribution of the three million eight hundred seventy-nine thousand dollars ($3,879,000) to be allocated pursuant to paragraph (15) of subdivision (a), the Superintendent of Public Instruction shall disburse funds in accordance with all of the following procedures:

(1) To develop a formula to promote geographic equity, the superintendent shall use direct indicators of need for child care. These data shall be combined on a county by county basis. However, counties with populations of fewer than 50,000 persons shall receive

funding adequate to establish or expand at least one program. For the 1985–86 fiscal year, each of the following factors shall be given equal weight in the formula for allocation of funds:

(A) Each county's percentage of the number of women in the state's labor force.

(B) Each county's percentage of the number of children in the state who are younger than 14 years of age.

(C) Each county's percentage of the number of children in the state who receive Aid to Families with Dependent Children.

(2) The superintendent shall determine the total dollar amount allocated for each county for publicly subsidized child care services.

(3) The comparison of combined need with available public resources, as provided for in this section, shall guide the superintendent in determining the portion of funds for child care services pursuant to this chapter which will be available to applicant agencies from each county.

The size of the portions for expansion of child development services shall promote equal access to child development services for eligible families across the state by bringing the relative dollar amounts in each county into closer congruence with the relative need for child care services in each county.

(d) The one hundred thousand dollars ($100,000) appropriated pursuant to paragraph (11) of subdivision (a) to the Superintendent of Public Instruction for the purpose of matching private funds provided, as a part of the California Child Care Initiative, shall be allocated to child care resource and referral agencies in order to increase the availability of quality child care programs in the state. For the purposes of this subdivision, "California Child Care Initiative" means a demonstration project to expand the role and functions of selected resource and referral agencies in specific activities including needs assessment, recruitment and screening of providers, technical assistance, and staff development and training, in order to help communities build their capability in terms of both the number of child care spaces available and the quality of child care services offered. Development of a data base by the California Child Care Initiative Project shall be in accordance with guidelines established by the Superintendent of Public Instruction.

The superintendent shall allocate all state funds appropriated by this section to the San Francisco Foundation's California Child Care Initiative Fund for the purpose of making grants to those child care resource and referral agencies which have been selected as pilot sites for the California Child Care Initiative and have received matching grants for the initiative. The California Child Care Initiative shall insure that the state funds are matched with a minimum total four hundred thousand dollars ($400,000) contribution from private corporations and local governments. These funds shall be available without regard for fiscal year, except that any funds unexpended by July 1, 1988, shall revert to the General Fund.

(e) The State Department of Education shall, to the extent funds

are provided under paragraph (12) of subdivision (a), formally establish a state staff development plan and a child development staff development program. The program shall utilize, to the extent appropriate, the State Child Development Training Consortium of Community and State Colleges, other accredited public and private colleges, to provide onsite and offsite classes responsive to practitioner needs, and alternative staff development such as accredited short-term institutes and scholarships in the form of deferred tuition and the cost of books, materials, and supplies.

(f) Of the amounts appropriated, up to 3 percent, but not less than 1½ percent of the appropriations shall be allocated to the State Department of Education for the administration of this program for the 1985–86 fiscal year.

(g) The State Department of Education, the Department of Finance, and the office of the Legislative Analyst shall develop a workload standard for the audit, accounting, and legal analysis of contracts in the Office of Child Development. The development of these standards shall be used as a basis for the Office of Child Development budget beginning in the 1986–87 Budget Act. The workload standards shall be developed and submitted to the fiscal committees of the Legislature no later than March 31, 1986.

Funds appropriated by this act shall be expended at a rate during the 1985–86 fiscal year either so as not to exceed an annualized rate of thirty million dollars ($30,000,000) or in proportion to the amount approved in the schedule in subdivision (a).

SEC. 7. Funds appropriated for the purposes of this act shall not be included within "the total amount of money allocated for public education in California," as that term is used in Section 8880.1 of the Government Code, as added by the California State Lottery Act of 1984.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the State Department of Education to implement this act at the earliest possible time, it is necessary that this act take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 425.3 is added to the Government Code, to read:

425.3. Benitoite is the official state gemstone.

CHAPTER 1366

An act to amend Sections 25208.3 and 25208.4 of, and to add Section 25208.16 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25208.3 of the Health and Safety Code is amended to read:

25208.3. (a) On or before July 1, 1985, the state board shall, by emergency regulation, adopt a fee schedule which assesses a fee upon any person discharging any liquid hazardous wastes or hazardous wastes containing free liquids into a surface impoundment. The state board shall include in this fee schedule the fees charged for applications for, and renewals of, an exemption from Section 25208.5, as specified in subdivision (h) of Section 25208.5, from subdivision (a) of Section 25208.4, as specified in subdivision (b) of Section 25208.4, from subdivision (c) of Section 25208.4 as specified in Section 25208.16, and from Sections 25208.4 and 25208.5, as specified in subdivision (e) of Section 25208.13. The state board shall also include provisions in the fee schedule for assessing a penalty pursuant to subdivision (c). The state board shall set these fees at an amount equal to the state board's and regional board's reasonable and anticipated costs of administering this article.

(b) The emergency regulations which set the fee schedule shall be adopted by the state board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of these regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, any emergency regulations adopted by the state board pursuant to this section shall be filed with, but not be repealed by, the Office of Administrative Law and shall remain in effect until revised by the state board.

(c) The state board shall send a notice to each person subject to

the fee specified in subdivision (a). If a person fails to pay the fee within 60 days after receipt of this notice, the state board shall require the person to pay an additional penalty fee. The state board shall set the penalty fee at not more than 100 percent of the assessed fee, but in an amount sufficient to deter future noncompliance, as based upon that person's past history of compliance and ability to pay, and upon additional expenses incurred by this noncompliance.

(d) The state board shall collect and deposit the fees collected pursuant to this section in the Surface Impoundment Assessment Account, which is hereby created in the General Fund. The money within the Surface Impoundment Assessment Account is available, upon appropriation by the Legislature, to the state board and the regional boards for purposes of administering this article.

SEC. 2. Section 25208.4 of the Health and Safety Code, as amended by Section 1 of Chapter 117 of the Statutes of 1985, is amended to read:

25208.4. (a) Notwithstanding any other provision of law, unless granted an exemption pursuant to subdivision (b) or Section 25208.13, a person shall not discharge liquid hazardous wastes or hazardous wastes containing free liquids into a surface impoundment after June 30, 1988, if the surface impoundment, or the land immediately beneath it, contains hazardous wastes and is within one-half mile upgradient from a potential source of drinking water.

A person who owns a surface impoundment which meets the conditions specified in this subdivision shall close the impoundment.

(b) A person may apply to a regional board to exempt a surface impoundment from subdivision (a) pursuant to this subdivision. A person shall submit the application for exemption to the regional board on or before January 1, 1986.

(1) A regional board shall either grant or deny an exemption from subdivision (a) on or before December 31, 1987. A regional board may grant an exemption from subdivision (a) only if the regional board makes both of the following findings:

(A) No extremely hazardous wastes are currently being discharged into the surface impoundment, and either one of the following applies:

(i) The records of the person applying for an exemption indicate that no extremely hazardous wastes have been discharged into the surface impoundment.

(ii) Extremely hazardous wastes are not present in the surface impoundment, in the vadose zone, or in the waters of the state.

(B) The surface impoundment is in compliance with Section 25208.5, and a report has been filed pursuant to Section 25208.8.

(2) An exemption granted pursuant to this subdivision shall not be effective for more than five years. Applications for an exemption or a renewal of an exemption shall be accompanied by the fee specified in the fee schedule adopted by the state board pursuant to Section 25208.3. A regional board shall not renew the exemption unless the regional board makes both of the following findings:

(A) No hazardous waste constituents have migrated from the surface impoundment into the vadose zone or the waters of the state in concentrations which pollute the vadose zone, or pollute, or threaten to pollute, the waters of the state.

(B) Continuing the operation of the surface impoundment does not pose a significant potential of hazardous waste constituents migrating from the surface impoundment into the vadose zone or the waters of the state, thus polluting the vadose zone, or polluting, or threatening to pollute, these waters.

(3) Except as provided in paragraph (4), the regional board shall revoke an exemption granted pursuant to this subdivision and require the person granted the exemption to comply with subdivision (a) if the regional board determines that the surface impoundment granted the exemption is polluting, or threatening to pollute, the waters of the state or that hazardous waste constituents are migrating from the surface impoundment into the vadose zone or the waters of the state in concentrations which pollute or threaten to pollute these waters. The regional board shall also issue a cease and desist order pursuant to Section 13301 of the Water Code and require appropriate removal and remedial actions by the person granted the exemption, or the responsible parties, to clean up any pollution which may have occurred.

(4) Notwithstanding paragraph (3), a regional board may continue in effect an exemption granted pursuant to this subdivision if the regional board orders the person to double line the surface impoundment, equip the surface impoundment with a leachate collection system, and conduct groundwater monitoring, as specified in subdivision (a) of Section 25208.5, within one year after granting this continuance, and if the regional board makes all of the following findings:

(A) The surface impoundment granted the exemption has hazardous waste constituents, in concentrations which threaten to pollute the waters of the state, which are migrating from the surface impoundment into the vadose zone, but no hazardous waste constituents have migrated into the waters of the state.

(B) Installing double liners and a leachate collection system and conducting groundwater monitoring, as specified in subdivision (a) of Section 25208.5, will abate the threat to the waters of the state before any hazardous waste constituents migrate to the waters.

(C) All removal and remedial actions necessary to abate the threat specified in subparagraph (A) can be completed prior to the migration of any hazardous waste constituents into the waters of the state.

(5) Notwithstanding paragraph (4), the regional board shall revoke the exemption continued pursuant to paragraph (4) and shall require the person granted this continuance to comply with subdivision (a) if the regional board determines either of the following:

(A) The surface impoundment is polluting the waters of the state

or that hazardous waste constituents are migrating from the surface impoundment into the vadose zone or the waters of the state in concentrations which pollute, or threaten to pollute, these waters.

(B) The person does not comply with the board's order or conduct the necessary removal or remedial actions, as required by paragraph (4).

The regional board shall also issue a cease and desist order pursuant to Section 13301 of the Water Code and require appropriate removal and remedial actions by the person granted the exemption, or the responsible parties, to clean up any pollution which may have occurred, upon making either of these determinations.

(c) Notwithstanding any other provision of law, a person shall not do either of the following, unless the person is granted an exemption pursuant to Section 25208.13 or 25208.16, or unless the person is granted a variance for the discharge of a restricted hazardous waste pursuant to subdivision (d) by the department:

(1) On or after January 1, 1985, discharge restricted hazardous wastes containing cyanide wastes or polychlorinated biphenyls (PCBs), in the concentrations specified in paragraphs (1) and (4) of subdivision (a) of Section 25122.7, into a surface impoundment.

(2) On or after January 1, 1986, discharge any restricted hazardous waste, not otherwise specified in paragraph (1), into a surface impoundment.

(d) The department may grant a variance, in accordance with Section 66930 of Title 22 of the California Administrative Code, except as specified in paragraph (2) of this subdivision, from the requirements of paragraph (2) of subdivision (c) for restricted hazardous wastes which do not contain cyanide wastes or polychlorinated biphenyls (PCBs), in the concentrations specified in paragraphs (1) and (4) of subdivision (a) of Section 25122.7, if the department determines the discharge is in compliance with the provisions of this article and that sufficient recycling or treatment capacity for a particular restricted hazardous waste stream or category of restricted hazardous waste is not available in this state.

(1) No variance shall be granted by the department unless the application is accompanied by a demonstration, satisfactory to the department, that the surface impoundment will be equipped, on or before January 1, 1986, and before the issuance of the variance, with double liners, a leachate collection system, and a groundwater monitoring program, as specified in subdivision (a) of Section 25208.5, and that the applicant has done one of the following:

(A) Entered into a binding commitment to, and has applied for all required permits to, construct, or to otherwise provide for, alternative treatment or recycling facilities.

(B) If the variance is for an onsite facility, the applicant is making changes in the operations of the onsite facility which will eliminate the discharge of the restricted hazardous waste stream or category of restricted hazardous waste into the surface impoundment.

(2) All applications for a variance pursuant to this subdivision shall

be filed with the department on or before September 30, 1985.

(3) Any person applying for a variance shall, on or before January 1, 1986, do one of the following:

(A) Submit a hydrogeological assessment report to the regional board, as set forth in Section 25208.8.

(B) If the surface impoundment meets the conditions specified in subdivision (a), the applicant may apply for an exemption pursuant to subdivision (b).

(4) Notwithstanding any other provision of law, the regional board shall give the highest priority to acting upon any exemption application or hydrogeological assessment report filed pursuant to this subdivision. The regional board shall review the exemption application or the hydrogeological assessment report and shall approve or disapprove the report or exemption application within nine months after receiving the report or exemption application.

(5) Any person applying for a variance for a discharge pursuant to this subdivision shall make available to the department and to the regional board any records concerning the discharge which are relevant to the findings required to be made by the department or regional board pursuant to this subdivision.

(6) Notwithstanding subdivision (d) of Section 66930 of Title 22 of the California Administrative Code, a variance issued pursuant to this subdivison shall become effective only when the variance is issued by the department, and the variance shall not be deemed issued if the department fails to issue a decision approving or denying the variance petition within the time specified in that subdivision (d). The department may grant a variance only for a limited period of time, but for a period of no longer than one year. The variance shall include a date by which the generator or disposal facility receiving a variance shall construct recycling or treatment facilities or cease the discharge into the surface impoundment. The variance shall specify the date when the restricted hazardous waste stream or category of restricted hazardous waste shall be subject to the requirements specified in subdivision (c). The department may annually extend the variance of an individual applicant for an additional time, but not more than twice, if the applicant demonstrates to the department, and the department makes a written finding that, the applicant is making reasonable progress towards the reduction and final elimination of the discharge into the surface impoundment.

(7) The department shall, within 30 days after granting a variance pursuant to this subdivision, submit a copy of the variance to the appropriate regional board, to each Member of the Legislature in whose district is located the discharge to be exempted by the variance, to the Senate Committee on Toxics and Public Safety Management, and to the Assembly Committee on Environmental Safety and Toxic Materials.

(8) All variances granted pursuant to this subdivison are subject to review at the discretion of the department and may be revoked

at any time. The department shall revoke a variance granted pursuant to this subdivision if either the regional board or the department determines that the discharge of restricted hazardous wastes is polluting, or threatens to pollute, the waters of the state or that hazardous waste constituents are migrating from the surface impoundment into the vadose zone or the waters of the state in concentrations which pollute or threaten to pollute these waters.

(e) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. Section 25208.4 of the Health and Safety Code, as added by Section 2 of Chapter 117 of the Statutes of 1985, is amended to read:

25208.4. (a) Notwithstanding any other provision of law, unless the person was granted an exemption pursuant to subdivision (b) on or before December 31, 1987, pursuant to Section 25208.4, as it read on December 31, 1988, or pursuant to Section 25208.13, a person shall not discharge liquid hazardous wastes or hazardous wastes containing free liquids into a surface impoundment, if the surface impoundment, or the land immediately beneath it, contains hazardous wastes and is within one-half mile upgradient from a potential source of drinking water.

A person who owns a surface impoundment which meets the conditions specified in this subdivision shall close the impoundment.

(b) A person may apply to a regional board to exempt a surface impoundment from subdivision (a) pursuant to this subdivision. A person shall submit the application for exemption to the regional board on or before January 1, 1986.

(1) A regional board shall either grant or deny an exemption from subdivision (a) on or before December 31, 1987. A regional board may grant an exemption from subdivision (a) only if the regional board makes both of the following findings:

(A) No extremely hazardous wastes are currently being discharged into the surface impoundment, and either one of the following applies:

(i) The records of the person applying for an exemption indicate that no extremely hazardous wastes have been discharged into the surface impoundment.

(ii) Extremely hazardous wastes are not present in the surface impoundment, in the vadose zone, or in the waters of the state.

(B) The surface impoundment is in compliance with Section 25208.5, and a report has been filed pursuant to Section 25208.8.

(2) An exemption granted pursuant to this subdivision shall not be effective for more than five years. Applications for an exemption or a renewal of an exemption shall be accompanied by the fee specified in the fee schedule adopted by the state board pursuant to Section 25208.3. A regional board shall not renew the exemption unless the regional board makes both of the following findings:

(A) No hazardous waste constituents have migrated from the

surface impoundment into the vadose zone or the waters of the state in concentrations which pollute the vadose zone, or pollute, or threaten to pollute, the waters of the state.

(B) Continuing the operation of the surface impoundment does not pose a significant potential of hazardous waste constituents migrating from the surface impoundment into the vadose zone or the waters of the state, thus polluting the vadose zone, or polluting, or threatening to pollute, these waters.

(3) Except as provided in paragraph (4), the regional board shall revoke an exemption granted pursuant to this subdivision and require the person granted the exemption to comply with subdivision (a) if the regional board determines that the surface impoundment granted the exemption is polluting, or threatening to pollute, the waters of the state or that hazardous waste constituents are migrating from the surface impoundment into the vadose zone or the waters of the state in concentrations which pollute or threaten to pollute these waters. The regional board shall also issue a cease and desist order pursuant to Section 13301 of the Water Code and require appropriate removal and remedial actions by the person granted the exemption, or the responsible parties, to clean up any pollution which may have occurred.

(4) Notwithstanding paragraph (3), a regional board may continue in effect an exemption granted pursuant to this subdivision if the regional board orders the person to double line the surface impoundment, equip the surface impoundment with a leachate collection system, and conduct groundwater monitoring, as specified in subdivision (a) of Section 25208.5, within one year after granting this continuance, and if the regional board makes all of the following findings:

(A) The surface impoundment granted the exemption has hazardous waste constituents, in concentrations which threaten to pollute the waters of the state, which are migrating from the surface impoundment into the vadose zone, but no hazardous waste constituents have migrated into the waters of the state.

(B) Installing double liners and a leachate collection system and conducting groundwater monitoring, as specified in subdivision (a) of Section 25208.5, will abate the threat to the waters of the state before any hazardous waste constituents migrate to the waters.

(C) All removal and remedial actions necessary to abate the threat specified in subparagraph (A) can be completed prior to the migration of any hazardous waste constituents into the waters of the state.

(5) Notwithstanding paragraph (4), the regional board shall revoke the exemption continued pursuant to paragraph (4) and shall require the person granted this continuance to comply with subdivision (a) if the regional board determines either of the following:

(A) The surface impoundment is polluting the waters of the state or that hazardous waste constituents are migrating from the surface

impoundment into the vadose zone or the waters of the state in concentrations which pollute, or threaten to pollute, these waters.

(B) The person does not comply with the board's order or conduct the necessary removal or remedial actions, as required by paragraph (4).

The regional board shall also issue a cease and desist order pursuant to Section 13301 of the Water Code and require appropriate removal and remedial actions by the person granted the exemption, or the responsible parties, to clean up any pollution which may have occurred, upon making either of these determinations.

(c) Notwithstanding any other provision of law, a person shall not discharge any restricted hazardous waste into a surface impoundment, unless the person is granted an exemption pursuant to Section 25208.13 or 25208.16.

(d) This section shall become operative on January 1, 1989.

SEC. 4. Section 25208.16 is added to the Health and Safety Code, to read:

25208.16. (a) A person may apply to the regional board for an exemption from paragraph (2) of subdivision (c) of Section 25208.4 for a surface impoundment into which restricted hazardous wastes which do not contain cyanide wastes or polychlorinated biphenyls (PCBs) in concentrations specified in paragraphs (1) and (4) of subdivision (a) of Section 25122.7 are discharged for the purpose of onsite temporary storage and treatment by filing an application with the regional board. If the surface impoundment was constructed before January 1, 1984, the person shall file the application with a regional board by March 1, 1986. The initial application for exemption shall include a completed hydrogeological assessment report which contains the accurate data and documentation specified in Section 25208.8. A regional board may grant the applicant an exemption from paragraph (2) of subdivision (c) of Section 25208.4, if the regional board makes all of the following findings:

(1) No extremely hazardous wastes are currently being discharged into the surface impoundment, and either one of the following applies:

(A) The records of the person applying for an exemption indicate that no extremely hazardous wastes have been discharged into the surface impoundment.

(B) Extremely hazardous wastes are not present in the surface impoundment, in the vadose zone, or in the waters of the state.

(2) The surface impoundment is used for the purpose of temporary storage and noncontinuous batch treatment, all hazardous wastes are removed after each batch treatment within 30 days of discharge into the impoundment, and the surface impoundment is visually inspected prior to each use and tested for integrity at least annually and complies with subdivision (a) of Section 25208.7. A report of this test shall be filed with the regional board.

(3) The surface impoundment is in compliance with Section 25208.5 and a report has been filed pursuant to Section 25208.8.

(b) For purposes of this section, "treatment" means any method of neutralization and precipitation of metals from an acidic solution which changes the physical or chemical characteristics of the restricted hazardous waste so as to render it less harmful to the quality of the waters of the state, safer to handle, or easier to contain or manage.

(c) An exemption granted pursuant to subdivision (a) shall not be effective for more than five years. A regional board shall not renew the exemption unless the regional board makes the findings specified in subdivision (a).

(d) Applications for an exemption or renewal of an exemption shall be accompanied by the fee specified in the fee schedule adopted by the state board pursuant to Section 25208.3.

(e) If a regional board determines that a surface impoundment granted an exemption pursuant to subdivision (a) is polluting, or threatening to pollute, the waters of the state, the regional board shall take all of the actions specified in Section 25208.6.

(f) The exemption authorized by this section shall be available only for surface impoundments used for the temporary storage and treatment of boiler cleaning wastes at fossil-fueled powerplants owned or operated by a public utility subject to the jurisdiction of the Public Utilities Commission used to generate electricity for sale to the public.

(g) For purposes of this section, any surface impoundment located within one-half mile up gradient of a potential source of drinking water shall comply with the requirements for double liners, leachate collection systems, and groundwater monitoring specified in subdivision (a) of Section 25208.5 and shall not be granted an exemption pursuant to subdivision (c) of Section 25208.5.

(h) For purposes of this section, any surface impoundment not located within one-half mile up gradient of a potential source of drinking water shall be equipped with double liners, a leachate collection system, and groundwater monitoring. The leachate collection system and groundwater monitoring required by this subdivision shall be consistent with the requirements specified in subdivision (a) of Section 25208.5. The requirements for double liners in this section may be satisfied by double liners made of synthetic or other materials with a permeability of not more than 1×10^{-7} centimeters per second. If a substantial breach of the top liner in any surface impoundment covered by this subdivision is detected through inspection, testing, or otherwise, the integrity of the top liner shall be restored prior to the next subsequent use of the impoundment.

CHAPTER 1367

An act to amend Sections 2821, 4151, and 4217 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2821 of the Revenue and Taxation Code is amended to read:

2821. Any person filing an affidavit of interest may apply to the tax collector to have any parcel separately valued on the current roll for the purpose of paying taxes. A county may, upon approval of the board of supervisors, require that the applicant notify the property owner.

The application shall be made during the current fiscal year, and shall set forth the fact that a duly executed and recorded deed, purchase contract, deed of trust, mortgage, or final decree of court describes the parcel sought to be separately valued. A county may, upon approval of the board of supervisors, prohibit such applications during the 10-day period preceding each tax installment delinquent date and during the 10-day period prior to June 30th of each year.

The application may request that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests on the whole assessment be allowed to remain as a lien on the parcel sought to be separately valued.

If any lien not determined by the application of a tax rate on a valuation of property has been levied or placed on the whole assessment, the application may be accompanied by the certification of the taxing agency or revenue district authorized by law to levy or place the lien, setting forth the specific amount of that portion of the lien levied or placed on the whole assessment which is to continue to be levied or placed on the parcel sought to be separately valued.

The board of supervisors may provide that a parcel with a lien against it and other property, pursuant to the Improvement Act of 1911, Division 7 (commencing with Section 5000) of the Streets and Highways Code, or the Improvement Bond Act of 1915, Division 10 (commencing with Section 8500) of the Streets and Highways Code, will not be separately valued unless a request has been made to the agency levying the bond lien for a division of land and bond. A copy of the requested division of land and bond shall accompany the request for separate property tax valuation.

Any separations of property pursuant to this section are for valuing property for tax purposes only, and are not intended to create a legal building site or to supersede requirements pursuant to zoning, building, lot split or subdivision ordinances.

Upon authorization by ordinance by the board of supervisors, the

tax collector may charge an application fee for actual costs incurred for the processing of an application for the separate valuation of any parcel on the current roll. Fees shall be governed by the provisions of Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 2. Section 4151 of the Revenue and Taxation Code is amended to read:

4151. Any person filing an affidavit of interest may apply to the tax collector to have any parcel separately valued in order that it may be redeemed under the provisions of this chapter. The tax collector may file an application to have any parcel separately valued when such application is based on the fact that the parcel sought to be separately valued is separately assessed on the current roll.

The application shall set forth the fact that a duly executed and recorded deed, purchase contract, deed of trust, mortgage, or final decree of court describes the parcel sought to be separately valued.

The application may request that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests on the whole assessment for each of the years for which it was delinquent be allowed to remain as a lien on the parcel sought to be separately valued.

If any lien not determined by the application of a tax rate on a valuation of property has been levied or placed on the whole assessment, the application may be accompanied by the certification of the taxing agency or revenue district authorized by law to levy or place the lien, setting forth the specific amount of that portion of the lien levied or placed on the whole assessment which is to continue to be levied or placed on the parcel sought to be separately valued for each of the years for which it was delinquent.

Upon authorization by ordinance by the board of supervisors, the tax collector may charge an application fee for the actual cost incurred for the processing of an application for the separate valuation of any parcel for redemption under the provisions of this chapter. The fee shall be governed by the provisions of Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 3. Section 4217 of the Revenue and Taxation Code is amended to read:

4217. Any person may elect to pay delinquent taxes in installments under this article at any time prior to 5 p.m. on June 30th of the fifth year after the property was sold to the state and prior to the deeding to the state, except that if payment of delinquent taxes in installments is started under this article and the amount required to be paid in any fiscal year is not paid as required by this article, payments on property subject to deed during the calendar year in which default occurs may not again be started under this article. All other payments may be started on or after July 1 of the fiscal year commencing after the fiscal year in which default occurred.

Persons electing to pay delinquent taxes in installments may be

subject to a fee for processing their request.

The fee for payment of delinquent taxes in installments to the tax collector may be established by ordinance by the board of supervisors. The fee shall be governed by the provisions of Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 4. Section 4217 of the Revenue and Taxation Code is amended to read:

4217. Any person may elect to pay delinquent taxes in installments under this article at any time prior to 5 p.m. on June 30th of the fifth year after the property became tax defaulted, except that if payment of delinquent taxes in installments is started under this article and the amount required to be paid in any fiscal year is not paid as required by this article, payments on property which, but for the installment redemption plan, would have been subject to a power of sale pursuant to Section 3691 during the calendar year in which default on the redemption plan occurs may not again be started under this article. All other payments may be started on or after July 1 of the fiscal year commencing after the fiscal year in which default occurred.

Persons electing to pay delinquent taxes in installments may be subject to a fee for processing their request.

The fee for payment of delinquent taxes in installments to the tax collector may be established by ordinance by the board of supervisors. The fee shall be governed by the provisions of Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 5. Section 4 of this bill incorporates amendments to Section 4217 of the Revenue and Taxation Code proposed by both this bill and AB 634. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 4217 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 634, in which case Section 3 of this bill shall not become operative.

CHAPTER 1368

An act to amend Section 3440 of, to amend and renumber Sections 3441, 3442, and 3443 of, and to add Sections 3440.2, 3440.3, 3440.4, and 3440.6 to, the Civil Code, and to amend Sections 6103 and 9501 of the Commercial Code, relating to creditors' remedies.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 3440 of the Civil Code is amended to read:

3440. (a) Except as otherwise provided in this chapter, every transfer of personal property made by a person having at the time the possession of the property, and not accompanied by an immediate delivery followed by an actual and continued change of possession of the property, is void as against the transferor's creditors (secured or unsecured) at the time of the transfer and those who become creditors while the transferor remains in possession and the successors in interest of those creditors, and as against buyers from the transferor for value in good faith subsequent to the transfer.

(b) As used in this chapter, "creditor" has the same meaning specified in Section 3439.01 and includes an assignee under a general assignment for the benefit of creditors, as defined in Section 493.010 of the Code of Civil Procedure, and any person to whom the transferor's estate devolves in trust for the benefit of persons other than the transferor, who may exercise any or all of the rights provided in this chapter, if and to the the extent they are available to any one or more creditors of the assignor or transferor.

SEC. 2. Section 3440.2 is added to the Civil Code, to read:

3440.2. Subject to Section 3440.3, a transfer of personal property shall not be void under Section 3440 as against a creditor of the transferor or as against a buyer from the transferor, if the creditor's or buyer's claim or right against the transferor arises after the date all of the requirements of subdivision (h) of Section 3440.1 have been met, other than the requirement that filing of the financing statement and publication of the notice referred to therein be completed prior to the transfer.

SEC. 3. Section 3440.3 is added to the Civil Code, to read:

3440.3. A transfer of personal property, as to which the conditions set forth in subdivision (h) of Section 3440.1, Section 3440.2, or subdivision (b) of Section 3440.5 are satisfied, shall, nevertheless, be void under Section 3440 as against a person who has purchased the personal property from the transferor and who is a "buyer in the ordinary course of business," as defined in subdivision (9) of Section 1201 of the Commercial Code.

SEC. 4. Section 3440.4 is added to the Civil Code, to read:

3440.4. This chapter does not affect the rights of a buyer for value in good faith who purchases the transferred personal property from the transferee or from a successor in interest of the transferee, provided the transferor is no longer in possession of the personal property at the time of the purchase by that buyer.

SEC. 5. Section 3440.6 is added to the Civil Code, to read:

3440.6. No action shall be brought or levy made under this chapter more than one year after the earliest of the following dates:

(a) The date the person bringing the action or making the levy should have discovered the transfer in the exercise of reasonable diligence.

(b) The date the person bringing the action or making the levy obtained actual knowledge of the transfer.

(c) The date the delivery of, and actual and continued change of possession of, the property transferred occurred.

(d) If the financing statement filed pursuant to subdivision (h) of Section 3440.1 has not lapsed, the date the filing and publication requirements of subdivision (h) of Section 3440.1 were met, other than the requirement that the filing of the financing statement and publication of the notice referred to therein be completed prior to the transfer.

SEC. 6. Section 3441 of the Civil Code is amended and renumbered to read:

3440.1. This chapter does not apply to any of the following:

(a) Things in action.

(b) Ships or cargoes if either are at sea or in a foreign port.

(c) The sale of accounts or chattel paper governed by the Uniform Commercial Code, security interests, and contracts of bottomry or respondentia.

(d) Wines or brandies in the wineries, distilleries, or wine cellars of the makers or owners of the wines or brandies, or other persons having possession, care, and control of the wines or brandies, and the pipes, casks, and tanks in which the wines or brandies are contained, if the transfers are made in writing and executed and acknowledged, and if the transfers are recorded in the book of official records in the office of the county recorder of the county in which the wines, brandies, pipes, casks, and tanks are situated.

(e) A transfer or assignment made for the benefit of creditors generally or by any assignee acting under an assignment for the benefit of creditors generally.

(f) Property exempt from enforcement of a money judgment.

(g) Standing timber.

(h) Subject to the limitations in Section 3440.3, a transfer of personal property if all of the following conditions are satisfied:

(1) Prior to the date of the intended transfer, the transferor or the transferee files a financing statement, with respect to the property transferred, signed by the transferor. The financing statement shall be filed in the office of the Secretary of State in accordance with Chapter 4 (commencing with Section 9401) of Division 9 of the Commercial Code, but may use the terms "transferor" in lieu of "debtor" and "transferee" in lieu of "secured party." The provisions of Chapter 4 (commencing with Section 9401) of Division 9 of the Commercial Code shall apply as appropriate to the financing statement.

(2) The transferor or the transferee publishes a notice of the intended transfer one time in a newspaper of general circulation published in the judicial district in which the personal property is located, if there is one, and if there is none in the judicial district, then in a newspaper of general circulation in the county embracing the judicial district. The publication shall be completed not less than

10 days before the date the transfer occurs. The notice shall contain the name and address of the transferor and transferee and a general statement of the character of the personal property intended to be transferred, and shall indicate the place where the personal property is located and a date on or after which the transfer is to be made.

(i) Personal property not located within this state at the time of the transfer or attachment of the lien if the provisions of this subdivision are not used for the purpose of evading this chapter.

(j) A transfer of property which (1) is subject to a statute or treaty of the United States or a statute of this state that provides for the registration of transfers of title or issuance of certificates of title and (2) is so far perfected under that statute or treaty that a bona fide purchaser cannot acquire an interest in the property transferred that is superior to the interest of the transferee.

SEC. 9. Section 3442 of the Civil Code is amended and renumbered to read:

3440.5. (a) This chapter does not affect the rights of a secured party who, for value and in good faith, acquires a security interest in the transferred personal property from the transferee, or from the transferee's successor in interest, if the transferor is no longer in possession of the personal property at the time the security interest attaches.

(b) Additionally, except as provided in Section 3440.3, this chapter does not affect the rights of a secured party who acquires a security interest from the transferee, or from the tranferee's successor in interest, in the personal property, if all of the following conditions are satisfied:

(1) On or before the date the security agreement is executed, the intended debtor or secured party files a financing statement with respect to the property transferred, signed by the intended debtor. The financing statement shall be filed in the office of the Secretary of State in accordance with Chapter 4 (commencing with Section 9401) of Division 9 of the Commercial Code, but shall use the terms "transferor" in lieu of "debtor," "transferee" in lieu of "secured party," and "secured party" in lieu of "assignee of secured party." The provisions of Chapter 4 (commencing with Section 9401) of Division 9 of the Commercial Code shall apply as appropriate to such a statement. For the purpose of indexing, and in any certification of search, the Secretary of State may refer to any financing statement filed pursuant to this paragaph as a financing statement under the Commercial Code and may describe the transferor as a debtor and the transferee as a secured party.

Compliance with this paragraph shall, however, not perfect the security interest of the secured party. Perfection of such a security interest shall be governed by Division 9 (commencing with Section 9101) of the Commercial Code.

(2) The intended debtor or secured party publishes a notice of the transfer one time in a newspaper of general circulation published in the judicial district in which the personal property is located, if there

is one, and if there is none in the judicial district, then in a newspaper of general circulation in the county embracing the judicial district. The publication shall be completed not less than 10 days before the date of execution by the intended debtor of the intended security agreement. The notice shall contain the names and addresses of the transferor and transferee and of the intended debtor and secured party, a general statement of the character of the personal property transferred and intended to be subject to the security interest, the location of the personal property, and the date on or after which the security agreement is to be executed by the intended debtor.

SEC. 10. Section 3443 of the Civil Code is amended and renumbered to read:

3440.9. Subdivision (2) of Section 2402 of the Commercial Code is not restricted by the provisions of this chapter.

SEC. 11. Section 6103 of the Commercial Code is amended to read:

6103. The following transfers are not subject to this division:

(1) A transfer of personal property, if the personal property is leased back to the transferor immediately following the transfer, and if there has been compliance with subdivision (h) of Section 3440.1 of the Civil Code with respect to the transfer.

(2) Assignments for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.

(3) Transfers of property subject to a lien or other security interest in settlement or realization of such lien or other security interest.

(4) Sales by executors, administrators, receivers, trustees in bankruptcy, or any public officer under judicial process.

(5) Sales made in the course of judicial or administrative proceedings for the dissolution or reorganization of a corporation and of which notice is sent to the creditors of the corporation pursuant to order of the court or administrative agency.

(6) Transfers of property which is exempt from enforcement of a money judgment.

(7) The transfer of goods in a warehouse where a warehouse receipt has been issued therefor by a warehouseman (Section 7102) and a copy of such receipt is kept at the principal place of business of the warehouseman and at the warehouse in which said goods are stored.

(8) A transfer which is subject to and complies with Article 5 (commencing with Section 24070) of Chapter 6 of Division 9 of the Business and Professions Code, except that such transfer shall be subject to subdivision (1) of Section 6105 insofar as it refers to Section 6107, Section 6107 other than paragraph (e) of subdivision (1) thereof, and subdivision (a) of Section 6111.

SEC. 12. Section 9501 of the Commercial Code, as amended by Senate Bill No. 1305 of the 1985–86 Regular Session, is amended to read:

9501. (1) When a debtor is in default under a security

agreement, a secured party has the rights and remedies provided in this chapter and except as limited by subdivision (3) those provided in the security agreement. The secured party may reduce his or her claim to judgment, foreclose or otherwise enforce the security interest by any available judicial procedure. If the collateral is documents the secured party may proceed either as to the documents or as to the goods covered thereby. A secured party in possession has the rights, remedies and duties provided in Section 9207. The rights and remedies referred to in this subdivision are cumulative.

(2) After default, the debtor has the rights and remedies provided in this chapter, those provided in the security agreement and those provided in Section 9207.

(3) To the extent that they give rights to the debtor and impose duties on the secured party, the rules stated in the subdivisions referred to below may not be waived or varied except as provided with respect to compulsory disposition of collateral (subdivision (3) of Section 9504 and Section 9505) and with respect to redemption of collateral (Section 9506) but the parties may by agreement determine the standards by which the fulfillment of these rights and duties is to be measured if such standards are not manifestly unreasonable:

(a) Subdivision (2) of Section 9502 and subdivision (2) of Section 9504 insofar as they require accounting for surplus proceeds of collateral;

(b) Subdivision (3) of Section 9504 and subdivision (1) of Section 9505 which deal with disposition of collateral;

(c) Subdivision (2) of Section 9505 which deals with acceptance of collateral as discharge of obligation;

(d) Section 9506 which deals with redemption of collateral; and

(e) Subdivision (1) of Section 9507 which deals with the secured party's liability for failure to comply with this chapter.

(4) If an obligation secured by personal property or fixtures (Section 9313(1)(a)) is also secured by real property:

(a) The secured party may do any of the following:

(i) Proceed, in any sequence, (1) in accordance with the secured party's rights and remedies in respect of real property as to the real property security, and (2) in accordance with this chapter as to the personal property or fixtures.

(ii) Proceed in any sequence, as to both some or all of the real property and some or all of the personal property or fixtures in accordance with the secured party's rights and remedies in respect of the real property, by including the portion of the personal property or fixtures selected by the secured party in the judicial or nonjudicial foreclosure of the real property in accordance with the procedures applicable to real property. In proceeding under this subparagraph, a power of sale under the deed of trust or mortgage shall be exercisable with respect to both the real property and the personal property or fixtures being sold, and the sale may be

conducted by the mortgagee under the mortgage or by the trustee under the deed of trust. The secured party shall not be deemed to have elected irrevocably to proceed as to both real property and personal property or fixtures as provided in this subparagraph with respect to any particular property, unless and until that particular property has been actually disposed of pursuant to a unified sale (judicial or nonjudicial) conducted in accordance with the procedures applicable to real property, and then only as to the property so sold.

(iii) Proceed, in any sequence, as to part of the personal property or fixtures as provided in subparagraph (i), and as to other of the personal property or fixtures as provided in subparagraph (ii).

(b) Except as otherwise provided in paragraph (c), provisions and limitations of any law respecting real property and obligations secured by real property, including, but not limited to, Section 726 of the Code of Civil Procedure, provisions regarding acceleration or reinstatement of obligations secured by real property, prohibitions against deficiency judgments, and limitations on the right to proceed as to collateral, do not in any way apply to either (1) any personal property or fixtures as to which the secured party has proceeded or is proceeding in accordance with the secured party's rights and remedies as permitted under this chapter, or (2) the obligation secured by the personal property or fixtures.

(c) (i) Paragraph (b) does not limit the application of Section 580b of the Code of Civil Procedure.

(ii) If, in proceeding solely with respect to personal property or fixtures, the secured party commences a judicial action against the debtor (subdivision (1) or (5)), that judicial action shall constitute an action within the meaning of Section 726 of the Code of Civil Procedure if and only if a monetary judgment on the debt is sought against the debtor, and that action shall result in the subsequent unenforceability of the encumbrance on any real property not included in that action only if and when a monetary judgment on the debt is obtained against the debtor.

(iii) Nothing in paragraph (b) shall be construed to excuse compliance with Section 2924c of the Civil Code as a prerequisite to the nonjudicial sale of real property, but that section has no application to the right of a secured party to proceed as to personal property or fixtures.

(iv) Paragraph (b) does not deprive the debtor of the protection of Section 580d of the Code of Civil Procedure against a deficiency judgment following a sale of the real property collateral pursuant to a power of sale in a deed of trust or mortgage.

(v) Paragraph (b) does not apply to a loan or credit sale made to any individual primarily for personal, family, or household purposes.

(d) If the secured party realizes proceeds from the disposition of collateral that is personal property or fixtures, the following provisions shall apply:

(i) The disposition of the collateral, the realization of the

proceeds, the application of the proceeds, or any one or more of the foregoing shall not operate to cure any nonmonetary default.

(ii) The disposition of the collateral, the realization of the proceeds, the application of the proceeds, or any one or more of the foregoing shall not operate to cure any monetary default (although the application of the proceeds shall, to the extent of those proceeds, satisfy the secured obligation) so as to affect in any way the secured party's rights and remedies under this chapter with respect to any remaining personal property or fixtures collateral.

(e) An action by the secured party utilizing any available judicial procedure, as provided in subdivision (1), shall in no way be affected by omission of a prayer for a monetary judgment on the debt. A judicial action which neither prays for nor results in a monetary judgment on the debt shall not preclude a subsequent action seeking a monetary judgment on the debt.

(f) As used in this subdivision, "monetary judgment on the debt" means a judgment for the recovery from the debtor of all or part of the principal amount of the secured obligation, including, for purposes of this subdivision, contractual interest thereon. "Monetary judgment on the debt" does not include a judgment which provides only for other relief (whether or not that other relief is secured by the collateral), such as one or more forms of nonmonetary relief, and monetary relief ancillary to any of the foregoing, such as attorneys' fees and costs incurred in seeking the relief.

(g) If a secured party fails to comply with any of the requirements of this chapter in proceeding as to both real and personal property under subparagraph (ii) of paragraph (a):

(i) A purchaser for value of any interest in the real property at judicial or nonjudicial foreclosure proceedings conducted pursuant to subparagraph (ii) of paragraph (a) takes that interest free from any claim or interest of another person, or any defect in title, based upon that noncompliance, unless:

(A) The purchaser is the secured party and the failure to comply with this chapter occurred other than in good faith; or

(B) The purchaser is other than the secured party and at the time of sale of the real property at that foreclosure the purchaser had actual knowledge of the failure to comply with this chapter and that the noncompliance occurred other than in good faith.

Even if the purchaser at the foreclosure sale does not take his or her interest free of claims, interests, or title defects based upon that noncompliance with this chapter, a subsequent purchaser for value who acquires an interest in that real property from the purchaser at that foreclosure takes that interest free from any claim or interest of another person, or any defect in title, based upon that noncompliance, unless at the time of acquiring the interest the subsequent purchaser has actual knowledge of the failure to comply with this chapter and that the noncompliance occurred other than in good faith.

(ii) Rights in personal property or fixtures sold at judicial or

nonjudicial foreclosure proceedings pursuant to subparagraph (ii) of paragraph (a) shall be governed by subdivision (4) of Section 9504.

(5) When a secured party has reduced his or her claim to judgment the lien of any levy which may be made upon his or her collateral by virtue of any execution based upon the judgment shall relate back to the date of the perfection of the security interest in the collateral. A judicial sale, pursuant to that execution, is a foreclosure of the security interest by judicial procedure within the meaning of this section, and the secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this division.

SEC. 13. The amendments to Section 9501 of the Commercial Code made by Section 12 of this act shall not become operative, unless Senate Bill No. 1305 of the 1985–86 Regular Session is enacted and is effective January 1, 1986, and this bill is enacted after Senate Bill No. 1305.

CHAPTER 1369

An act to amend Sections 311, 493, 1036, 2100, 3551, 3573, 3615, 5284, 5373, and 5373.1 of, and to add Sections 422.1, 1033.5, and 1038.5 to, the Public Utilities Code, relating to public utilities, and making an appropriation therefor.

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 311 of the Public Utilities Code is amended to read:

311. The commission, each commissioner, the executive director, and the assistant executive directors may administer oaths, certify to all official acts, and issue subpoenas for the attendance of witnesses and the production of papers, waybills, books, accounts, documents, and testimony in any inquiry, investigation, hearing, or proceeding in any part of the state.

The administrative law judges may administer oaths, examine witnesses, issue subpoenas, and receive evidence, under rules that the commission adopts. The commission, upon scheduling hearings and specifying the scope of issues to be heard in any proceeding involving an electrical, gas, telephone, railroad, or water corporation, or a highway carrier, shall assign an administrative law judge to preside over the hearings, either sitting alone or assisting the commissioner or commissioners who will hear the case. The administrative law judge shall prepare and file an opinion setting forth recommendations, findings, and conclusions. The opinion of the administrative law judge shall become the proposed decision and

a part of the public record in the proceeding. The evidence in any hearing shall be taken by the administrative law judge designated for that purpose. The proposed decision of the administrative law judge shall be filed with the commission and served upon all parties to the action or proceeding without undue delay, and, in the case of a proceeding involving an electrical, gas, or telephone corporation, or a highway carrier, shall not be later than 90 days after the matter has been submitted for decision. The commission may, in issuing its decision, adopt, modify, or set aside the proposed decision or any part thereof. Every finding, opinion, and order made in the proposed decision and approved or confirmed by the commission shall, upon that approval or confirmation, be the finding, opinion, and order of the commission.

The commission may specify that the administrative law judge assigned to a proceeding involving an electrical, gas, telephone, railroad, or water corporation, or a highway carrier, initiated by ratepayer or subscriber complaint need not prepare, file, and serve an opinion, unless the commission finds this is required in the public interest in a particular case.

SEC. 2. Section 422.1 is added to the Public Utilities Code, to read:

422.1. In addition to the requirements of Section 422, the commission may establish a uniform annual fee to be paid by every charter-party carrier of passengers.

SEC. 3. Section 493 of the Public Utilities Code is amended to read:

493. (a) No common carrier subject to this part shall engage or participate in the transportation of persons or property, between points within this state, until its schedules of rates, fares, charges, and classifications have been filed and published in accordance with this part.

An act to amend Sections 50801, 50802, 50804, and 50805 of the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 50801 of the Health and Safety Code is amended to read:

50801. As used in this chapter:

(a) "Eligible recipient" means an agency of local government or a nonprofit organization which provides, or contracts with recognized community organizations to provide, emergency or temporary shelter for the homeless.

(b) "Department" means the Department of Housing and Community Development.

SEC. 2. Section 50802 of the Health and Safety Code is amended to read:

50802. (a) The department shall adopt guidelines to govern the equitable distribution of funds in accordance with the intent and provisions of this chapter. The total amount of funds allocated to eligible recipients within each county shall be based upon a formula which takes into account the relative number of persons in poverty within each county as compared to the state as a whole. To the extent feasible when distributing funds, the department shall also take into account the relative number of homeless within each county as compared to the state as a whole. However, the department may use the distribution formula in effect on the effective date of the amendments to this section at the 1985–86 Regular Session of the Legislature until the necessary information is available on poverty and homelessness in each county.

(b) Those guidelines shall grant priority for the distribution of funds to eligible recipients who meet any of the following criteria:

(1) To eligible recipients who make a commitment to provide

matching funds or in kind contributions.

(2) To eligible recipients who make a commitment to utilize homeless adults to operate and maintain the shelters and who will assist homeless persons in obtaining permanent shelter, job placement in the private sector, and other alternative sources of support.

(3) To eligible recipients who make a commitment to provide opportunities to homeless adults who have mechanical or construction skills and who are able to assist in the maintenance or rehabilitation of shelters.

SEC. 2.5. Section 50802 of the Health and Safety Code is amended to read:

50802. (a) The department shall, in ranking and rating applications for grants, give priority to those applications which are the most cost-effective, as determined by the department, in expanding and preserving the housing supply. The department shall adopt guidelines to govern the equitable distribution of funds in accordance with the intent and provisions of this chapter. The total amount of funds allocated to eligible recipients within each county shall be based upon a formula which takes into account the relative number of persons in poverty within each county as compared to the state as a whole. To the extent feasible when distributing funds, the department shall also take into account the relative number of homeless within each county as compared to the state as a whole. However, the department may use the distribution formula in effect on the effective date of the amendments to this section at the 1985–86 Regular Session of the Legislature until the necessary information is available on poverty and homelessness in each county.

(b) Those guidelines shall grant priority for the distribution of funds to eligible recipients who meet any of the following criteria:

SEC. 3. Section 50804 of the Health and Safety Code is amended to read:

50804. The department shall award grants in a timely fashion

pursuant to Section 50802 and shall provide funding only to eligible recipients. An eligible recipient may, with the department's approval, contract with a recognized community organization, as determined by the department, to provide temporary or emergency shelter for the homeless. Any application for funds may be rejected, if, in the department's judgment, the grant would not result in an efficient provision of shelter to the homeless.

SEC. 4. Section 50805 of the Health and Safety Code is amended to read:

50805. (a) Grants awarded pursuant to this chapter may be used, with the approval of the department, to purchase, lease, renovate, repair, or equip buildings and sites for use as emergency shelters, to operate those emergency shelters, and to administer emergency shelter programs.

(b) Any eligible recipient awarded a grant pursuant to this chapter shall be required to use the grant funds to provide emergency shelter to needy persons, to practice nondiscrimination in the provision of the shelter, to use grant funds to supplement, not supplant, other state and local programs providing social services, health care, and housing assistance, and to meet any other qualifications the department finds necessary to carry out the intent of this chapter.

(c) The department shall ensure all of the following:

(1) That an eligible recipient does not utilize grant funds to cover more than 80 percent of the operating expenses of the recipient.

(2) That no more than 5 percent of a grant awarded to an eligible recipient pursuant to this chapter is expended for administrative expenses.

(3) That not more than 30 percent of the moneys in the Emergency Housing and Assistance Fund are expended during any fiscal year for grants to cover operating expenses.

(d) (1) The department shall establish, by regulation, the types of expenses which are included within the meaning of operating and administrative expenses for purposes of this chapter.

(B) Administrative expenses relating to telephone charges, office space rent, salary and benefits for administrative staff personnel, office supplies, photocopying and printing, and mail and accounting services.

SEC. 5. Section 2.5 of this bill incorporates amendments to Section 50802 of the Health and Safety Code proposed by both this bill and SB 549. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, but this bill becomes operative first, (2) each bill amends Section 50802 of the

Health and Safety Code, and (3) this bill is enacted after SB 549, in which case Section 50802 of the Health and Safety Code, as amended by Section 2 of this bill, shall remain operative only until the operative date of SB 549, at which time Section 2.5 of this bill shall become operative.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 12022.9 is added to the Penal Code, to read:

12022.9. Any person who, during the commission or attempted commission of a felony, who knows or reasonably should know that the victim is pregnant, with intent to inflict injury, and without the consent of the woman, personally inflicts injury upon a pregnant woman which results in the termination of the pregnancy shall, in addition and consecutive to the punishment prescribed by the felony or attempted felony of which the person has been convicted, be punished by an additional term of five years in the state prison. The additional term provided in this section shall not be imposed unless the fact of such injury is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

Nothing in this section shall be construed as affecting the applicability of subdivision (a) of Section 187 of the Penal Code.

SEC. 2. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as provided in subdivision (c) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term and any additional term imposed pursuant to Section 667.5, 667.6, or 12022.1. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to Section 12022, 12022.3, 12022.5, 12022.6, 12022.7, 12022.8 or 12022.9. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for such consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each

other such felony conviction for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 12022, 12022.5, 12022.7, or 12022.9.

(b) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving both separate victims and separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 12022, 12022.5, 12022.7, or 12022.9. The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims and separate occasions.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from such custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all such convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. The provisions of this subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170 the court shall also impose the additional terms provided in Sections 667.5, 12022, 12022.5, 12022.6, 12022.7, and 12022.9, unless the additional punishment therefore is stricken pursuant to subdivision (g). The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of such additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.5, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply; however, in cases of robbery, rape or burglary, or attempted robbery, rape or burglary the court may impose both (1) one enhancement for weapons as provided in either Section 12022 or 12022.5 and (2) an enhancement for great bodily injury as provided in Section 12022.7 or 12022.9.

(f) The enhancements provided in Sections 667.5, 667.6, 12022, 12022.1, 12022.3, 12022.5, 12022.6, 12022.7, 12022.8, and 12022.9 shall be

pleaded and proven as provided by law.

(g) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (c) of this section, or an enhancement is imposed pursuant to Section 12022, 12022.5, 12022.6, 12022.7, or 12022.9, or the defendant stands convicted of felony escape from an institution in which he is lawfully confined.

(h) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in Sections 667.5, 12022, 12022.5, 12022.6, 12022.7, and 12022.9 if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

(i) For any violation of subdivision (2) or (3) of Section 261, Section 264.1, subdivision (b) of Section 288, Section 289, or sodomy or oral copulation by force, violence, duress, menace or threat of great bodily harm as provided in Section 286 or 288a, the number of enhancements which may be imposed shall not be limited, regardless of whether such enhancements are pursuant to this or some other section of law. Each of such enhancements shall be a full and separately served enhancement and shall not be merged with any term or with any other enhancement.

SEC. 2.5. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as provided in subdivision (c) and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment forall these convictions shall be the sum of the principal term, the subordinate term and any additional term imposed pursuant to Section 667.5, 667.6, or 12022.1. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to Section 12022, 12022.3, 12022.4, 12022.5, 12022.6, 12022.7, 12022.8, or 12022.9. The subordinate term for each consecutive offense which is not a "violent felony" as defined in subdivision (c) of Section 667.5 shall consist of one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall exclude any enhancements. In no case shall the total of subordinate terms for such consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8) of subdivision (c) of Section 667.5, shall consist of

one-third of the middle term of imprisonment prescribed for each other such felony conviction for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 12022, 12022.4, 12022.5, 12022.7, or 12022.9.

(b) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving both separate victims and separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 12022, 12022.4, 12022.5,, 12022.7, or 12022.9. The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims and separate occasions.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from such custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time such person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. The provisions of this subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170 the court shall also impose the additional terms provided in Sections 667.5, 12022, 12022.4, 12022.5, 12022.6, 12022.7, and 12022.9, unless the additional punishment therefore is stricken pursuant to subdivision (g). The court shall also impose any other additional term which the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of such additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) When two or more enhancements under Sections 12022, 12022.4, 12022.5, 12022.7, and 12022.9 may be imposed for any single offense, only the greatest enhancement shall apply; however, in cases of robbery, rape or burglary, or attempted robbery, rape or burglary the court may impose both (1) one enhancement for weapons as provided in either Section 12022, 12022.4, or 12022.5 and (2) an enhancement for great bodily injury as provided in Section 12022.7

or 12022.9.

(f) The enhancements provided in Sections 667.5, 667.6, 12022, 12022.1, 12022.3, 12022.4, 12022.5, 12022.6, 12022.7, 12022.8, and 12022.9 shall be pleaded and proven as provided by law.

(g) The term of imprisonment shall not exceed twice the number of years imposed by the trial court as the base term pursuant to subdivision (b) of Section 1170 unless the defendant stands convicted of a "violent felony" as defined in subdivision (c) of Section 667.5, or a consecutive sentence is being imposed pursuant to subdivision (c) of this section, or an enhancement is imposed pursuant to Section 12022, 12022.4, 12022.5, 12022.6, 12022.7, or 12022.9 or the defendant stands convicted of felony escape from an institution in which he is lawfully confined.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.3 (commencing with Section 8256) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 3.3. DISPLACED HOMEMAKER EMERGENCY LOAN ACT

8256. This chapter shall be known and may be cited as the Displaced Homemaker Emergency Loan Act.

8256.1. The Legislature hereby finds and declares that:

(a) Many persons, primarily women who have relied upon a spouse as primary or sole means of support, are temporarily without adequate resources to sustain themselves or their dependents, or to become self-sufficient, during transition times occasioned by abandonment, divorce, or widowhood.

(b) These persons, because of past financial status, may not qualify for public assistance programs. Often, they are ineligible for unemployment payments or other than minimal social security benefits because of their employment history. In many cases, they jointly own property, serving as a principal residence, which they are unable to liquidate in order to provide financial resources, yet which disqualifies them from receiving public assistance.

(c) An emergency loan program is necessary to assist displaced homemakers in adjusting to the fiscal, emotional, and career crises often inherent in abandonment, separation, divorce, or widowhood, and to provide them the opportunities and education necessary to live independently and become effective participants in the work force.

(d) The creation of the loan program contained in this chapter is an important enabling method for these persons to enhance their lives and to ensure their opportunity to achieve self-sufficiency.

8257. The Legislature hereby creates the Displaced Homemaker Emergency Loan Act which shall be administered by the California Commission on the Status of Women as a pilot project in the Counties of Marin, San Francisco, and Alameda.

(a) The commission is authorized to make any regulations, guidelines, and agreements deemed necessary by the commission to carry out the purposes and provisions of this act.

(b) An advisory committee shall be formed including a representative each from the California Commission on the Status of Women; the State Treasurer's Office; the Business, Transportation and Housing Agency; the County of Marin Commission on the Status of Women; the Student Aid Commission; and a displaced homemaker service provider and a displaced homemaker selected by the California Commission on the Status of Women. The commission shall consult with the advisory committee and other appropriate officials in developing and administering this act.

(c) Loans may be made to displaced homemakers in amounts not to exceed two thousand five hundred dollars ($2,500) per displaced homemaker.

(d) Applications for loan guarantees shall be filed with the commission within six months from the displacement date.

(e) Loans shall not be made for purposes for which other public assistance is available.

(f) Priority shall be given to applicants who are participating in job search or educational programs designed to improve the employability of the individual or who meet the requirements of paragraph (4) of subdivision (a) of Section 8257.2. Loans shall not be made for this purpose if other assistance is available.

(g) Repayment of a loan shall commence no later than nine months after receipt of the loan, with an option to postpone the commencement of payments another six months in cases of need which are verified by the commission.

(h) Full payment shall be made within 48 months after commencing loan repayment.

(i) The minimum monthly payment on each loan shall be twenty-five dollars ($25).

8257.1. Loans shall be made for any of the following purposes:

(a) To maintain or acquire a residence, or electrical, gas, or telephone service.

(b) For medical emergencies or to maintain health insurance.

8257.2. (a) "Displaced homemaker" means a person who has been abandoned by, or separated from, a spouse, divorced, or

widowed and who has an economic need caused by the displacement, the criteria for which shall include any of the following categories:

(1) While married, did not work for a continuous period of at least five years up until the time of displacement or whose work did not provide sufficient job skills to enable him or her to find employment suitable to sustain him or her and the family.

(2) Whose income, at the time of displacement, did not amount to more than one-third of the gross household income and did not exceed two-thirds of the statewide median household income.

(3) Whose employment has ended within six months of displacement because of stress related to displacement.

(4) Because of age or care of dependents, has added economic burdens related to the displacement.

(b) "Displacement" means divorce, widowhood, or abandonment by, or separation from, a spouse.

(c) The date of displacement by divorce means the date of legal dissolution of the marriage. The date of displacement by widowhood means the official date of death of a spouse. The official date of abandonment or separation means the date after which the spouse has been absent from the household and is withholding the preseparation level of support to the abandoned or separated spouse. For loans requested as a result of abandonment or separation, the borrower shall sign a statement certifying the official date of separation or abandonment from his or her spouse as a part of the loan application process.

Housing Agency, and the State Treasurer shall select participating eligible lenders.

(b) An application to guaranty a loan made pursuant to the provisions of this chapter shall be made by an eligible lender on such form as the commission may require. The application shall set forth the amount of the loan, its maturity, interest rate, amortization, and any other information required by the commission.

(c) If, upon application by an eligible lender, the commission finds that the lender has made an eligible loan, the commission shall cause the loan to be guaranteed.

8258.1. Upon default by the borrower on any loan made pursuant to the provisions of this chapter, the lender, if a secured party pursuant to Division 9 (commencing with Section 9101) of the Commercial Code, shall take such steps, and avail itself of such rights and remedies as may be provided for in the security agreement and by virtue of Chapter 5 (commencing with Section 9501) of Division 9 of the Commercial Code except when, in the determination of the commission, special circumstances exist which do not warrant taking such action.

8258.2. (a) Upon default by the borrower on any loan made pursuant to the provisions of this chapter, the lender shall promptly notify the commission, and the commission shall, if requested, either at that time or after further collection efforts, promptly pay to the lender the amount of the loss sustained by the lender.

(b) In addition to the amount of loss, and with the approval of the commission, the lender may claim up to five hundred dollars ($500) for actual collection expenses incurred in the attempted collection of the loan. The collection expense shall be a charge against the Displaced Homemaker Emergency Loan Fund.

8258.3. Amounts recovered by a lender's collection efforts subsequent to presenting a claim for loss pursuant to this chapter shall be paid to the Treasurer for deposit in the Displaced Homemaker Emergency Loan Fund.

8258.4. Nothing in this chapter shall be construed to excuse the lender from exercising reasonable care and diligence in the making and collection of loans under the provisions of this chapter.

If the commission, after reasonable notice and opportunity for hearing to an eligible lender, finds that it has substantially failed to exercise the reasonable care and diligence required under this section, the commission shall disqualify that lender for further loans made pursuant to this chapter until the commission is satisfied that its failure has ceased and finds that there is reasonable assurance that the lender will in the future exercise necessary care and diligence.

8259. This chapter shall remain in effect until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 3. Section 3 of Chapter 1596 of the Statutes of 1984 is

repealed.

SEC. 4. Section 4 of Chapter 1596 of the Statutes of 1984 is repealed.

CHAPTER 1390

An act to add Division 25 (commencing with Section 35000) to the Public Resources Code, relating to resources, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Division 25 (commencing with Section 35000) is added to the Public Resources Code, to read:

DIVISION 25. COASTAL RESOURCES AND ENERGY ASSISTANCE

CHAPTER 1. GENERAL PROVISIONS

35000. This division shall be known and may be cited as the Coastal Resources and Energy Assistance Act.

35001. The Legislature finds and declares that it is essential that the state, in cooperation with local governments, invest a portion of federal revenues derived from the extraction of publicly owned, nonrenewable offshore energy resources for the sound protection and management of the state's renewable ocean and coastal resources.

35002. The Legislature further finds and declares that the federal government's accelerated and expanded federal offshore leasing program, in conjunction with the California State Lands Commission's submerged lands leasing program, have placed a greater strain on state and local government efforts to plan for and manage the ocean and coastal impacts caused by offshore oil and gas development.

35003. The Legislature further finds and declares, therefore, that a portion of federal revenues derived from the extraction of offshore energy resources should be expended by the state to further the following goals:

(a) Provision of financial assistance to coastal counties affected by federal and state offshore energy development.

(b) Assistance to local governments to exercise their responsibility for improving the management of the state's coastal resources.

CHAPTER 2. DEFINITIONS

35020. "Coastal city" means a city which lies, in whole or in part, within the coastal zone.

35021. "Coastal county" means a county or city and county which

lies, in whole or in part, within the coastal zone.

35022. "Coastal zone" means the coastal zone as defined in Section 30103.

35023. "Local coastal program" means a local coastal program as defined in Section 30108.6.

CHAPTER 3. COASTAL COUNTY OFFSHORE ENERGY ASSISTANCE

35030. The Secretary of Environmental Affairs, after consulting with the California Coastal Commission and the State Lands Commission concerning offshore energy activities, shall award block grants to coastal counties to be used for purposes of planning, assessment, mitigation, permitting, monitoring and enforcement, public services and facilities, and for other activities, related to offshore energy development, consistent with the requirements of the state's coastal management program.

35031. Prior to receiving block grants under this chapter, each coastal county shall submit a report to the Secretary of Environmental Affairs describing how the funds are to be expended. Before submitting the report, each coastal county shall provide opportunities for the public to review and comment on the report and shall hold at least one public hearing on the report.

35032. (a) The Secretary of Environmental Affairs shall determine the amount of each coastal county's block grant according to the following formula:

(1) Twenty-five percent of the funds appropriated pursuant to subdivision (a) of Section 35080 shall be allocated based on an estimate of the amount of oil and gas extracted from state or federal waters offshore of California that is expected in the next five years to be (A) landed in the county from offshore vessels and pipelines, and (B) refined or processed in the county after being transported through onshore pipelines which receive the oil or gas from marine terminals in state waters.

(2) Twenty-five percent of the funds appropriated pursuant to subdivision (a) of Section 35080 shall be allocated on the basis of the number of federal and state offshore tracts scheduled to be leased adjacent to the county within five years.

(3) Twenty percent of the funds appropriated pursuant to subdivision (a) of Section 35080 shall be allocated on the basis of the coastal county's shoreline mileage.

(4) Fifteen percent of the funds appropriated pursuant to subdivision (a) of Section 35080 shall be allocated on the basis of the coastal county's population.

(5) Twelve percent of the funds appropriated pursuant to subdivision (a) of Section 35080 shall be allocated on the basis of indirect effects of offshore oil development, including, but not limited to, degradation of air quality, increased need for public services due to location of support facilities, and impacts on port facilities. The Secretary of Environmental Affairs shall determine the

allocation of these funds based on evidence supplied by counties on the indirect effects of offshore oil development.

(b) If, after applying that formula, a coastal county would receive an amount greater than 20 percent of the amount appropriated pursuant to subdivision (a) of Section 35080, the Secretary of Environmental Affairs shall reduce the amount allocable to that county to 20 percent of the appropriated amount, with the remainder shared by other coastal counties in accordance with the formula.

(c) No coastal county shall receive less than 1 percent of the amount appropriated pursuant to subdivision (a) of Section 35080.

(d) Two percent of the amount appropriated pursuant to subdivision (a) of Section 35080 shall be allocated to the San Francisco Bay Conservation and Development Commission for allocation to counties within its jurisdiction that do not border on the Pacific Ocean.

(e) On an annual basis, the Secretary of Environmental Affairs shall review and assess county expenditures under this program. Not more than two hundred thousand dollars ($200,000) of the funds appropriated pursuant to subdivision (a) of Section 35080 may be used over a three-year period by the Secretary of Environmental Affairs to defray administrative costs.

CHAPTER 4. LOCAL GOVERNMENT COASTAL MANAGEMENT IMPROVEMENT PROGRAM

35040. (a) The Secretary of Environmental Affairs, after consulting with the California Coastal Commission and the State Lands Commission concerning offshore energy activities, shall award grants to coastal cities to be used for the purposes of planning, assessment, mitigation, permitting, monitoring and enforcement, public services and facilities, and for other activities related to offshore energy development, consistent with the requirements of the state's coastal management program.

(b) Prior to receiving grants under this chapter, each coastal city shall submit a report to the Secretary of Environmental Affairs describing how the funds are to be expended. Before submitting the report, each coastal city shall provide opportunities for the public to review and comment on the report and shall hold at least one public hearing on the report.

35040.5. Any funds appropriated in accordance with paragraph (b) of Section 35080 and not expended as described in Section 35040, may be awarded by the Secretary of Environmental Affairs for technical and financial assistance to coastal cities with approved local coastal programs to help them exercise effectively their responsibility for improving the management of the state's coastal resources. Technical and financial assistance shall be made available to coastal cities to do any of the following:

(a) Protect wetlands, flood plains, estuaries, beaches, dunes, and

fish and wildlife and their habitat within coastal areas.

(b) Minimize the loss of life and property in coastal flood-prone, storm surge, geologic hazard, and erosion-prone areas.

(c) Provide public access to the coast for recreational purposes, to acquire coastal view sheds, and to preserve and restore historic, cultural, and esthetic coastal sites.

(d) Facilitate the process for siting major facilities along the coast related to fisheries, recreation, and ports and other coastal dependent commercial uses, giving full consideration to environmental concerns as well as the need for economic development.

(e) Promote other coastal management improvements determined by the Secretary of Environmental Affairs to be consistent with the state's coastal management program.

35041. The Secretary of Environmental Affairs, in cooperation with the California Coastal Commission, shall develop and implement an application process to award local governments financial and technical assistance pursuant to this chapter on or before July 1, 1986.

35042. Any financial assistance provided to local governments under this chapter may not exceed 80 percent of the cost of carrying out the project. Block grant funds provided to coastal counties pursuant to Section 35030 may not be used for a local government's matching share under this section.

CHAPTER 5. FISHERIES PROTECTION PROGRAM

35050. The Department of Fish and Game shall expand its existing activities or initiate new activities in its marine resources program to do all of the following:

(a) Undertake regulatory, research, and contract activities, as well as coordination, with federal agencies, other state agencies, and local governments to improve the state's equipment and capability to respond to offshore oil spills.

(b) Research the effects of seismic testing on fish populations, including eggs and larvae.

35051. Not more than 3 percent of the funds appropriated pursuant to subdivision (c) of Section 35080 may be used by the Department of Fish and Game to defray administrative costs.

CHAPTER 6. FISCAL PROVISIONS

35080. The sum of thirty-eight million dollars ($38,000,000) of federal escrow funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act, as amended (43 U.S.C. Sec. 1337 (g)), is hereby appropriated or allocated for appropriation, as the case may be, from the Federal Trust Fund, for the purposes of this division, as follows:

(a) Twenty-five million dollars ($25,000,000) shall be deposited in

the Offshore Energy Assistance Fund, which is hereby created in the State Treasury, and, notwithstanding Section 13340 of the Government Code, is hereby appropriated, without regard to fiscal years, to the Secretary of Environmental Affairs for the purposes of Chapter 3 (commencing with Section 35030).

(b) Ten million five hundred thousand dollars ($10,500,000) shall be deposited in the Local Coastal Program Improvement Fund, which is hereby created in the State Treasury, and is hereby appropriated without regard to fiscal years to the Secretary of Environmental Affairs for the purposes of Chapter 4 (commencing with Section 35040). If the money available for the purposes of this division is reduced, the appropriation in this subdivision shall be reduced or eliminated prior to the reduction of the appropriations contained in the remainder of this section.

(c) Two million five hundred thousand dollars ($2,500,000) shall be deposited in a separate account in the Fish and Game Preservation Fund and shall be available for appropriation to the Department of Fish and Game for the purposes of Chapter 5 (commencing with Section 35050) in accordance with the following allocation:

(1) Two million two hundred fifty thousand dollars ($2,250,000) for the purposes of subdivision (a) of Section 35050.

(2) Two hundred fifty thousand dollars ($250,000) for the purposes of subdivision (b) of Section 35050.

35081. It is the intent of the Legislature that the federal escrow funds appropriated or allocated pursuant to Section 35080 for the purposes of this division be used only to augment, and not be used to replace, state funds appropriated or allocated for those purposes.

CHAPTER 1391

An act to amend Section 69952 of, and to add Section 69954 to, the Government Code, relating to courts.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 69952 of the Government Code is amended to read:

69952. In criminal cases in which the court specifically so directs, the fee for reporting and for a transcript ordered by the court to be made shall be paid out of the county treasury on the order of the court. The court shall not order to be transcribed and paid for out of the county treasury any matter or material except that reported by the reporter pursuant to Code of Civil Procedure Section 269. When there is no official reporter in attendance and a reporter pro tempore

is appointed, his or her reasonable expenses for traveling and detention shall be fixed and allowed by the court and paid in like manner. When the court orders a daily transcript, necessitating the services of two phonographic reporters, the reporting fee for each of the reporters and the transcript fee shall be proper charges against the county treasury, and the daily transcript shall be pursuant to Code of Civil Procedure Section 269. When the daily transcript is prepared by a single reporter, an additional fee for technological services, as set by the court with the agreement of the reporter, may be imposed. However, the total of the fee for a single reporter and the fee for technological services shall be less than the total fee for two reporters.

SEC. 2. Section 69954 is added to the Government Code, to read:

69954. Transcripts prepared by a reporter using computer assistance and delivered on a medium other than paper shall be compensated at the same rate set for paper transcripts, except the reporter may charge an additional fee not to exceed the cost of the medium or any copies thereof.

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1392

An act to amend Section 742 of, and to add Section 743 to, the Public Utilities Code, relating to electricity, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this act, that the Public Utilities Commission take cognizance of the competitive disadvantages endured by many industrial users of large quantities of electricity in this state, in comparison to similarly-situated industrial users in other states, that the commission consider, adopt, and implement, to the extent feasible as soon as possible, electrical rate structures for these users which will not result in increased rates for other classes of customers, and that the benefits from any cost savings from the implementation of Section 743 of the Public Utilities Code, as added by Section 3 of this act, shall accrue to those industrial customers whose electric service is furnished

pursuant to rates established under Section 743 so as to improve this competitive situation and enhance the business environment of California by providing long-term rate stability.

SEC. 2. Section 742 of the Public Utilities Code is amended to read:

742. (a) As used in this section, "steel producer" means a producer of steel products in California which in 1981 or any subsequent year produced at least 75,000 tons of rolled or finished steel and which has a maximum demand for electricity of 4,000 kilowatts or more at one plant location. Any steel producer which transfers any substantial amount of employment from its facilities in this state to any out-of-state facility or otherwise substantially reduces employment at its facilities in this state below the June 30, 1985, level, or fails to maintain and make reasonable and prudent investments in its facilities, as determined by the commission, is ineligible for any electic rate established pursuant to this section.

(b) As used in this section, "system average rate" means total jurisdictional revenues of the electrical corporation divided by total jurisdictional sales.

(c) Every electrical corporation furnishing electricity to a steel producer shall, in addition to its regular service, prepare and file tariffs providing for an optional alternative interruptible service to the steel producer providing for interruption of service upon reasonable notice to the steel producer consistent with safety of operations by the steel producer and providing for limits upon the frequency and duration of interruptions of service which the commission finds are reasonable in relation to the needs of the electrical corporation for reductions in load to meet system peak requirements and the burdens imposed upon the steel producer of reducing its operations during periods of interruption of electrical service.

(d) The rate charged for interruptible service shall consist of a charge per kilowatt hour equal to 55 percent of the system average rate.

(e) The rate charged by an electrical corporation for regular, noninterruptible service to a steel producer shall include only a charge per kilowatt hour equal to 70 percent of the system average rate.

(f) Steel producers shall be offered electrical service tariffs based on their choice of either or a combination of both of the rates established pursuant to subdivisions (c) and (d).

(g) Any steel producer operating under a tariff established for interruptible electrical service on January 1, 1983, may elect to receive electrical service pursuant to this section, notwithstanding that tariff.

(h) The implementation of a heavy-industry tariff under Section 743 supersedes any tariff fixed or rate implemented under this section.

(i) The commission shall require that any costs associated with the

implementation of this section shall be borne by nonresidential electrical service customer classes other than public agencies through a method to be determined by the commission, except that the commission shall prohibit any electrical corporation which has not prepared and filed a heavy-industry tariff under Section 743 on or before January 2, 1986, from recovering through rates or charges any cost associated with the implementation of this section.

The commission shall report to the Legislature and the Governor on or before September 30, 1985, on the overall impact of this section, including the effect on rates charged for the production of steel and on rates charged other customers, and recommend whether or not this section should be extended beyond January 1, 1986.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 3. Section 743 is added to the Public Utilities Code, to read:

743. (a) As used in this section, "steel producer" means a producer of steel products in California which in 1981 or any subsequent year produced at least 75,000 tons of rolled or finished steel and which has a maximum demand for electricity of 4,000 kilowatts or more at one plant location. Any steel producer which transfers any substantial amount of employment from its facilities in this state to any out-of-state facility or otherwise substantially reduces employment at its facilities in this state below the June 30, 1985, level, or fails to maintain and make reasonable and prudent investments in its facilities, as determined by the commission, is ineligible for any electric rate established pursuant to this section.

(b) As used in this section, "frozen food processor" means a corporation or person engaged in the processing of food in California, which food is classified according to the Standard Industrial Classification Manual, 1972, in Industry No. 2037 and Industry No. 2038 of Group 203, of Food and Kindred Products Major Group 20, as specified in Section 2900.3 of Title 7 of the Code of Federal Regulations. "Processing of food" includes the postprocessing storage of frozen food in a warehouse, or other facility, until the frozen food leaves the control or responsibility of the frozen food processor or until the frozen food processor no longer has an obligation to store the food.

(c) As used in this section, "system average rate" means total jurisdictional revenues of the electrical corporation divided by total jurisdictional sales.

(d) Every electrical corporation furnishing electricity to a steel producer, frozen food processor, or other heavy-industry customer, as determined and specified by the electrical corporation, shall prepare and file tariffs providing rates which shall be lower than the system average rate and take into consideration all of the following:

(1) Specific service requirements of individual customers, including, but not limited to, reliability, interruptability, quantity of use, and requirements of voltage.

(2) Incentives to achieve conservation, improvements in efficiency, and time-of-day load shifting.

(3) Implementation at the option of the customer.

(e) The commission shall consider and approve tariffs consistent with this section on or before July 1, 1986.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. The sum of two hundred twenty-nine thousand dollars ($229,000) is hereby appropriated from the Public Utilities Commission Utilities Reimbursement Account in the General Fund to the Public Utilities Commission for expenditure during the 1985–86 fiscal year for purposes of this act.

CHAPTER 1393

An act to add Section 2948.5 to the Civil Code, relating to real property.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2948.5 is added to the Civil Code, to read:

2948.5. Interest on the principal obligation of a promissory note secured by a mortgage or deed of trust on real property improved with one to four residential dwelling units shall not commence to accrue prior to close of escrow if the loan proceeds are paid into escrow or, if there is no escrow, the date upon which the loan proceeds have been made available for withdrawal as a matter of right, as specified in subdivision (d) of Section 12413 of the Insurance Code.

This section does not apply if the loan proceeds are paid or made available, as the case may be, in cash or by a check, cashier's check, negotiable order of withdrawal, share draft, traveler's check, or money order issued by, or drawn on, a financial institution, the accounts of which are insured by an agency or instrumentality of the United States, and which has an office in this state from which payment may be obtained.

CHAPTER 1394

An act to amend Section 429.11 of the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) California's rapidly changing social, economic, and environmental conditions present many new risks to public health which are often difficult to predict and prevent.

(2) While most communicable and infectious diseases have been controlled and are no longer major health risks, one out of every three Americans will contract some form of cancer during their lifetime.

(3) There is an urgent need to compile, analyze, and interpret statistical information which will enable public health officials to identify patterns of disease, isolate and research environmental health threats, and recommend actions to eliminate or reduce those threats.

(b) Therefore, it is the intent of the Legislature in this act to provide a more coordinated and efficient structure within state government to deal with these issues. The surveillance of occupational disease represents an important avenue for anticipating risks to public health.

SEC. 2. Section 429.11 of the Health and Safety Code is amended to read:

429.11. (a) The state department shall, by no later than January 1, 1987, establish and thereafter maintain a program on occupational health and occupational disease prevention, including, but not limited to, the following:

(1) Investigations into the causes of morbidity and mortality from work-induced diseases.

(2) Development of recommendations for improved control of work-induced diseases.

(3) Maintenance of a thorough knowledge of the effects of industrial chemicals and work practices on the health of California workers.

CHAPTER 1395

An act to add and repeal Section 25143.6 to the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 25143.6 is added to the Health and Safety Code, to read:

25143.6. (a) The department shall not classify as a hazardous waste, for purposes of disposal, any waste which results from the shredding of automobile bodies, household appliances, and sheet metal, if the producer of that waste demonstrates, and the department determines, that the waste will not pose a threat to human health or water quality if disposed of in a qualified Class III landfill, as specified in Section 2533 of Title 23 of the California Administrative Code, which is listed by a California regional water quality control board pursuant to subdivision (b). In making its determination that a producer's waste will not pose a threat to human health or water quality, the department shall use, as its standards, the criteria and procedures specified in Chapter 30 (commencing with Section 60001) of Division 4 of Title 22 of the California Administrative Code, for the identification of hazardous waste.

The department shall also, in making this determination, incorporate any relevant waste discharge requirements or other orders issued by the State Water Resources Control Board or a California regional water quality control board implementing applicable water quality plans, policies, rules and regulations adopted or approved by the State Water Resources Control Board pursuant to Division 7 (commencing with Section 13000) of the Water Code.

The department shall make its determination within 105 days of receipt of the information which is the basis of the demonstration from the producers.

The waste producer whose waste is so classified by the department shall provide the information which was the basis of the demonstration once a year and whenever a substantial change occurs in the mix of materials constituting the shredder feed. The producer shall also certify, in writing, to the department, that the producer has in place an ongoing program for inspection and removal of all automobile batteries, mufflers, and tailpipes from the shredder feed.

(b) Within 90 days after the effective date of this section, the following California regional water quality control boards shall prepare a list of Class III landfills, as specified in Section 2533 of Title

23 of the California Administrative Code, including at least one landfill in each specified water quality control region which is authorized to accept and dispose of the waste specified in subdivision (a): San Francisco Bay Region, Central Valley Region, Los Angeles Region, Santa Ana Region, and San Diego Region.

(c) Nothing in this section limits or abridges the powers or duties of the State Water Resources Control Board and any California regional water quality control board pursuant to Division 7 (commencing with Section 13000) of the Water Code.

(d) The classification of the waste specified in subdivision (a) as nonhazardous for the purposes of disposal shall not affect the status of that waste as a hazardous waste pursuant to any other statute and regulation, including those governing storage, transportation, manifests, and the payment of any hazardous waste disposal fees and taxes.

(e) This section does not authorize the disposal of hazardous waste in a Class III landfill if the waste was produced as the result of a remedial action at a site listed pursuant to Section 25356, unless the department determines that the waste is substantially the same as the waste specified in subdivision (a).

(f) This section shall remain in effect until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC 2. The California Waste Management Board shall conduct a study on the need for long-term additional capacity for disposal of the waste specified in subdivision (a) of Section 25143.6 of the Health and Safety Code and report its findings to the Legislature on or before January 1, 1987.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the need to safely dispose of certain types of hazardous waste in facilities which will protect the public, it is necessary that this act take effect immediately.

11964. (a) Except as provided in subdivision (b), each county shall have an advisory board on drug programs composed of not less than seven members appointed by the board of supervisors. Members shall have a professional interest in, or personal commitment to, alleviating problems related to drug abuse in their community. The membership shall include representatives from various economic, social, and occupational groups and shall be broadly representative of the demographic characteristics of the county.

The advisory board shall be independent from any other advisory board established pursuant to any provision of state law. However,

the advisory board shall coordinate its efforts, where appropriate, with other county advisory boards concerned with drug problems.

This subdivision applies only to counties the population of which exceeds 125,000.

(b) In counties where the population does not exceed 125,000, the board of supervisors shall appoint an advisory board which shall be composed of not less than seven members which may be independent, under the jurisdiction of another health-related advisory board established pursuant to any provision of state law, or has the same membership as such other advisory board or agency. It is the intent of the Legislature that the boards meet the same membership requirements described in subdivision (a).

(c) If two or more counties the combined population of which exceeds 200,000 jointly apply to the department for funds under this part, the advisory board for its drug program shall consist of not less than 15 members, and shall otherwise be subject to the requirements of subdivision (a). If the combined population of the counties does not exceed 200,000, the requirements of subdivision (b) shall apply to the counties.

(d) The Legislature recognizes that persons employed by programs which provide drug abuse services and members of their boards of directors have a great deal of knowledge and experience to share with other people in the community concerned with alleviating drug abuse problems. The Legislature also recognizes that there are many people in the community who have knowledge about, or interest or experience in, alleviating drug problems who do not have any direct or indirect financial or other relationship to drug programs in the county. The Legislature desires to include both groups of these persons on advisory boards and also to establish control for real or apparent conflicts of interest that might arise.

Therefore, there may be at least two representatives of a public or private drug abuse program, and these members shall comply with existing conflict of interest laws when participating in the tasks and functions of the board. The advisory board shall not include in excess of 33⅓ percent of its membership any person, or his or her spouse, who is any of the following:

(e) Except as required under subdivision (b), the advisory board shall not include any person, or his or her spouse, who is any of the following:

(1) A member of the board of supervisors or a person on the staff of a member of the board of supervisors.

(2) A county employee of the health-related agency or

department, with which the drug program administrator designated pursuant to Section 11962 may be affiliated.

The board of supervisors may, by resolution, designate further categories of persons who may not serve on the board, provided that the prohibitions are consistent with the intent of this section. It is the intent of the Legislature in authorizing the board of supervisors to designate such further categories that the integrity of, and the community's confidence in, the advisory board be maintained.

(f) In the event that prior to the expiration of his or her term, a member ceases to retain the status which qualified him or her for appointment to the advisory board, his or her membership on the advisory board shall terminate and there shall be a vacancy on the advisory board to be filled by the board of supervisors.

(g) The members of the advisory board may be removed for cause pursuant to standards adopted by the advisory board which are consistent with the provisions of this article and which are approved by the board of supervisors.

(h) Each member of the board shall be appointed for a term of three years. Persons already serving as members of the drug advisory board may continue to serve until the expiration of their terms, provided that they meet the other conditions for membership required pursuant to this article.

(i) The advisory board shall meet at least bimonthly and may meet at such other times as may be deemed necessary by the chair or drug program administrator. The members of the advisory board shall serve without compensation, but may be reimbursed for any actual and necessary expenses incurred in connection with their duties under this article. However, the members may receive compensation out of county funds at the option of the board of supervisors.

(j) All meetings of the advisory board shall be open to the public and shall be subject to the provisions of Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code, relating to meetings of local agencies.

(k) The advisory board shall do all of the following:

(6) Review and approve the procedures used to insure citizen and professional involvement at all stages of the planning process leading

to the formulation and adoption of the county drug program plan.

either physiological or psychological in nature.

(c) Budget information on the programs, activities and services supported by this drug program and the recipients of these services.

(d) List of unmet needs.

SEC. 11. Section 11983.21 is added to the Health and Safety Code, to read:

11983.21. The county may amend the county plan by submitting an amendment to the department for approval.

SEC. 13. Section 11983.5 of the Health and Safety Code is amended to read:

11983.5. (a) The 1984–85 fiscal year establishes base funding for the county drug allocation. It is the intent of the Legislature to assure the integrity and separate identity of a state drug abuse service by providing a separate allocation that is specifically for the drug abuse programs. Beginning with the 1985–86 fiscal year, cost-of-living adjustments, if granted, shall be tied to the previous year's base allocation.

(b) A county with a population of 200,000 or less may shift funds between alcohol and drug programs at its discretion to fund traditional alcohol and drug program services, as funded under, and defined in, subdivision (m) of Section 11765 and subdivision (e) of Section 11961. These shifts shall be reflected in the county alcohol and drug program plans. Prior to the county shifting funds between alcohol and drug programs, approval shall be requested and obtained by the county from the director. The request and approval shall be in writing. The request shall include a description of the process and procedures used by the county, including public hearings, in determining the need for the funding shift and shall be accompanied by resolutions of support from the county advisory board on alcohol problems and the county advisory board on drug programs. The request shall be submitted as part of the proposed annual county drug program plan submitted to the department by the board of supervisors pursuant to Section 11983.1.

(c) Notwithstanding any other provision of this section, the director may reduce funding below the base year amounts of counties which underspend their allocation for two consecutive years by more than 5 percent. Any reduction shall be limited to the difference between 5 percent of the allocation and the total amount unspent. The amounts underspent shall be based on the most recent cost reports.

(d) Upon approval by both parties, the county drug program plan shall be deemed to be a contract between the state and county. The

county drug program plan shall not be subject to review pursuant to Section 14780 of the Government Code.

SEC. 14. Section 11987.3 of the Health and Safety Code is amended to read:

11987.3. Drug abuse services allowable under the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code) and included in the county's drug program plan and that are approved by the State Department of Alcohol and Drug Programs and the State Department of Health Services as qualified for financial participation under Title XIX of the federal Social Security Act shall be funded, notwithstanding Section 11987.4, at 100 percent of the state and federal cost by using an appropriate portion of the county's existing drug program allocation, as determined by the State Department of Alcohol and Drug Programs. The intent of the Legislature in enacting this section is to provide a funding source for counties to establish drug abuse services without any increased costs to the State General Fund and at the same time not to require the county to provide additional matching funds in order for the county to use a portion of its state share of local drug programs Medi-Cal funds now available to counties without a required 10-percent match. If the federal government approves this financial participation under Title XIX, then the state allocation to counties pursuant to this section shall be supplemented to the extent of the additional federal participation.

SEC. 15. Section 11987.5 of the Health and Safety Code is amended to read:

11987.5. (a) The cost of services specified in the county drug program plan shall be actual cost as determined with standard accounting practices or a negotiated rate. Negotiated rate is a specific and fixed dollar rate for a specified unit of service provided. Negotiated rate may be used as the cost of services only between the county and private provider. The negotiated rate shall be approved by the county prior to commencing services for reimbursement and the rate shall be based upon the projected cost of providing the services and projected revenues realized as a result of providing the services. The provider shall make available to the county the prior year's actual costs of providing the services and actual revenues where the information is available.

(b) Once the negotiated rate has been approved by the county, all participating governmental funding sources, except the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), shall be bound to that rate as the cost of providing all or part of the total county drug program as described in the county drug program plan for each fiscal year to the extent that the governmental funding sources participate in funding the county drug program. Where the State Department of Health Services adopts regulations for determining reimbursement of drug program services formerly allowable under

the Short-Doyle program and reimbursed under the Medi-Cal Act, those regulations shall be controlling only as to the rates for reimbursement of drug program services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this section shall report to the State Department of Alcohol and Drug Programs and the county any information required by the State Department of Alcohol and Drug Programs in accordance with the procedures established by the Director of the State Department of Alcohol and Drug Programs.

(c) The Legislature recognizes that drug abuse services differ from mental health services provided through the State Department of Mental Health and therefore should not necessarily be bound by rate determination methodology used for reimbursement of those services formerly provided under the Short-Doyle program and reimbursed under the Medi-Cal Act. The State Department of Alcohol and Drug Programs and the State Department of Health Services shall, pursuant to Section 14021.5 of the Welfare and Institutions Code, develop a ratesetting methodology suitable for drug services reimbursed under the Medi-Cal program using an all-inclusive rate encompassing the costs of reimbursable service functions provided by each authorized modality.

(d) The department may negotiate net amount contracts between counties and the department in lieu of the annual county plan and budgets. Provisions of this contract shall be in accordance with the requirements in Section 11983.2.

SEC. 16. Section 11987.6 of the Health and Safety Code is amended to read:

11987.6. The director may reallocate, among county drug program plans, any funds for the current year appropriation, not budgeted by the counties under the county drug program plans. Reallocations shall be to counties desiring to provide services supplementary to services specified in approved county drug program plans in accordance with county and state drug program priorities.

SEC. 18. Section 11991.6 of the Health and Safety Code is amended to read:

11991.6. (a) Counties are encouraged to contract with providers for the provision of services funded through the state-approved county drug plan. Counties shall comply with the regulations of the department for the management of contracts with community organizations, as contained in the county administration and program services regulations as developed by the department.

(b) It is the intent of the Legislature that the state and counties work together to minimize audit exceptions. Audit findings as contained in the department audit reports may be appealed by counties directly to the department. Counties may retain disputed audit amounts of state and federal funds pending appeal, unless and until an audit appeal is resolved against the county.

(c) The department shall audit or contract to audit the

expenditures of counties and direct contractors at least every three years, including a sample of subcontractors funded in whole or in part with funds administered by the department.

(d) Counties shall repay to the department amounts of state and federal funds found, as a result of an audit, not to have been expended in accordance with the requirements set forth in this part, federal block grant law, federal or state regulations pertaining to drug abuse services, and the conditions set forth in any contract or interagency agreement. For organizations or services funded by any combination of state, federal, or other public and private funds, where a clear audit trail which shows the source and application of the funds is not maintained, repayment shall be determined by prorating audit findings between each funding source.

(e) For those audits conducted by the department, the director shall establish, administratively, policies and procedures for the resolution of disputed audit findings. The department shall consult with county drug administrators when proposing new procedures or changes in existing procedures for the resolution of disputed audit findings.

(f) There is established in the State Treasury an Audit Repayment Trust Fund. All undisputed repayments of state funds made pursuant to subdivision (c) and all repayments of state funds resulting from audit resolution procedures established pursuant to subdivision (d) shall be deposited in this fund. Money in the fund shall be available for allocation when appropriated by the Legislature.

(g) The department may deny or withhold payments or advances of funds to counties if it finds by audit or otherwise, that a program, the county planning process, or the county plan or any part thereof, is not in compliance with the provisions of this part, or if the department determines that the county is not following its approved plan.

(h) Notwithstanding the provisions of subdivision (a) of Section 53134 of the Government Code, audits performed pursuant to this section shall be conducted by qualified state or local government auditors or independent public accountants in accordance with the financial and compliance requirements of Federal Standards for Audit of Governmental Organizations, Programs, Activities, and Functions. These audits shall be completed no later than six months after completion of the audit fieldwork.

SEC. 19. Section 11997 of the Health and Safety Code is amended to read:

11997. The department shall conduct onsite monitoring and reviews of individual county operated drug programs and drug program administration with emphasis on the review of county administration. Reviews of county administration and programs shall be based on standards developed by the department by January 1, 1988. The administrative reviews shall include sampling of all services, including those provided by county contract providers.

(c) The additional terms provided in this section shall be in addition to any other punishment provided by law.

(d) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in this section if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

SEC. 4. Section 11379.8 is added to the Health and Safety Code, to read:

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 3.5 (commencing with Section 50171) of Part 1 of Division 31 of the Health and Safety Code is amended to read:

CHAPTER 3.5. QUALIFIED MORTGAGE BONDS AND MORTGAGE CREDIT CERTIFICATES

SEC. 2. Section 50171.5 is added to the Health and Safety Code, to read:

50171.5. The Legislature finds and declares that a direct mortgage subsidy program is one of the most economically efficient and easily targeted programs that can assist households unable to enjoy homeownership under today's market conditions.

The Legislature also finds and declares that the preservation and promotion of homeownership is beneficial to the social and economic fabric of the people of the state and provides economic balance and stability to cities and counties within this state.

The Legislature also finds and declares that housing affordability is a serious and continuing problem confronting first-time homebuyers. This also has serious economic and social implications for the well-being of the state. First-time homebuyers are of critical importance to the state because they generate significant economic activity through their purchases of housing.

It is, therefore, necessary to implement a program, which, when enacted, will further the purposes of this division. The provisions of the act which enacted this section during 1985 shall be liberally construed to effect the purposes of that act.

SEC. 3. Section 50173 of the Health and Safety Code is amended to read:

Mortgage Subsidy Bond Tax Act of 1980 (Title XI, Public Law 96-499) and Section 612 of the Tax Reform Act of 1984 (Public Law 98-369). Accordingly, the definitions contained in this article and the provisions of this chapter shall be construed to be consistent with the purposes and provisions of those federal acts and in its implementation. This chapter does not apply to any issuance of bonds which is excepted from, or otherwise not affected by, the federal acts.

To the extent that any provision of this chapter is held to be inconsistent with or repugnant to the federal acts, the provision shall be given effect in accordance with its terms to the greatest extent possible and consistent with the federal acts, and the inconsistency shall have no effect on the remaining provisions of this chapter.

50190. (a) One-third of the state ceiling shall be reserved for qualified mortgage bonds or mortgage credit certificates of state agencies and shall be allocated as follows: 3 percent shall be allocated for programs under the California National Guard Members

The plan shall specify the approximate date or dates on which the agency will issue bonds or establish a mortgage credit certificate program and the approximate amount of each bond issuance or the amount of mortgage credit certificates to be issued. On June 1 and September 1 each agency shall submit a report to the committee on its progress in utilizing its allocation. After June 1 of each year, the committee may reallocate such portion of a state agency's allocation as the committee finds the agency will be unable to utilize during the calendar year first to another state agency, and if the committee determines there is no other state agency able to use this allocation, then to local agencies in the manner provided in subdivision (b) of Section 50189.

(c) If in any year a state agency conducting a program or programs specified in this section determines it will be unable to utilize the full amount of the authority specified, it shall promptly notify the committee, which shall provide for reallocation to one or more of the state agencies for other programs specified in this section. If there is no other state agency able to use this allocation, then it shall be allocated to local agencies in the manner provided in subdivision (b) of Section 50189.

(d) The committee may reduce the amount of the allocation specified in subdivision (a) for any state agency which did not use all or a substantial portion of its previous year's allocation, and may reallocate such sums as provided in subdivision (b).

(e) A state agency which establishes a mortgage credit certificate program may charge a fee which is reasonably sufficient to cover the costs of administering the program.

SEC. 7. Section 50191 of the Health and Safety Code is amended to read:

50191. (a) To apply for an allocation of qualified mortgage bonds, at least 30 days prior to issuing qualified mortgage bonds, a local agency shall file with the committee a notice specifying the amount of qualified mortgage bonds proposed to be issued, the approximate date on which the qualified mortgage bonds are to be issued, the amount of the proposed issuance attributable to the local agency's entitlement allocation under subdivision (a) of Section

50189, the portion of the proposed issuance, if any, which is to be a supplementary allocation under subdivision (b) of Section 50189, the portion of the proposed issuance, if any, which is an allocation assigned to the local agency pursuant to Section 50193 and what portion, if any, will be assigned to its housing authority or redevelopment agency. The committee may require the local agency to submit verification of amounts assigned to it pursuant to Section 50192.

The notice to the committee shall include a copy of a resolution adopted by the local agency's legislative body authorizing application for an allocation of bonds. In addition, the notice shall contain certification from the local agency to the committee that the local agency has on deposit in an interest-bearing trust account an amount, or contain certification that there is a letter of credit in an amount, equal to one-half of 1 percent of the dollar amount of qualified mortgage bonds being requested for allocation. When it finds special circumstances exist, the committee may reduce the amount of the deposit required. Those circumstances may include, but are not limited to, the participation of nonprofit developers in the local agency's proposed issuance. Except to the extent needed to pay costs incurred in connection with the proposed issue of qualified mortgage bonds, the deposit shall be forfeited to be used by the local agency to assist housing for persons of low and moderate income, in an amount equal to one-half of 1 percent of the dollar amount of bonds allocated to the local agency but not sold within the time period specified in this section. The committee may require the local agency to justify what constitutes costs and may disallow those costs which, in the committee's determination are unjustified. When the committee finds that a local agency has sold substantially all of its allocation of bonds, or, for reasons beyond the control of the local agency has not sold all or substantially all of its allocation of bonds, the committee may waive or reduce the requirement for the forfeiture of such amount.

If an issuer establishes a mortgage credit certificate program, the amount or a portion of the amount the issuer has on deposit in an interest-bearing account or in a letter of credit in accordance with the preceding paragraph, may be withdrawn by the issuer at the following times:

(1) All of the amount on deposit or the amount of the letter of credit immediately following the issuance of all of the issuer's mortgage credit certificates.

(2) That portion of the amount on deposit or the amount of the letter of credit in proportion to the amount of the mortgage credit certificates that have been issued by the issuer.

Prior to April 1, a local agency may not file, and the committee may not accept, a notice of intent to issue qualified mortgage bonds in excess of its entitlement allocation plus amounts assigned pursuant to Section 50192, unless all proceeds of qualified mortgage bonds in excess of such amounts are restricted for use exclusively to provide

mortgages to persons and families whose incomes do not exceed the applicable maximum incomes specified in paragraphs (1) and (2) of subdivision (b) of Section 50189.

The committee may continue any list from the previous year of notices filed by local agencies for the allocation of qualified mortgage bonds. If the committee elects to continue an existing list of notices, it shall require the local agency whose notice was received in the previous year to designate whether it wishes to remain on the list and whether it wishes it to be deemed accepted as of January 1 or April 1. If the committee elects to continue an existing list, notices received on or after January 1 shall be added to the existing list in the order received by the committee.

Upon receipt of a notice pursuant to this subdivision, the committee shall advise the local agency of the aggregate amount of qualified mortgage bonds in each allocation category previously approved pursuant to this chapter in that calendar year. Within five days of selling qualified mortgage bonds, the local agency shall notify the committee of the amount of qualified mortgage bonds sold.

(b) Except as provided in Section 50186, the committee shall approve an allocation for qualified mortgage bonds specified in a notice filed by a local agency pursuant to subdivision (a) and which conforms to the requirements and limitations of this chapter, provided the allocation, when combined with previously approved allocations, would not exceed the respective portions of the state ceiling reserved for entitlement allocations and supplementary allocations during that calendar year. If the committee has not acted within 30 days after the date that the local agency files a notice with the committee pursuant to subdivision (a), the proposed allocation shall be deemed approved by the committee.

(c) Within 30 days of receiving a notice from the first local agency filing pursuant to subdivision (a), and every 30 days thereafter if requests for allocation are pending before the committee, the committee shall determine whether the combined and cumulative requests for allocations as of that date would, if approved, exceed the respective portions of the state ceiling reserved for entitlement and supplementary allocations to local agencies pursuant to Section 50189, or if after April 1, would exceed the local bond limit. If the sum of the requests would exceed the respective portions of the state ceiling reserved for entitlement and supplementary allocations on that date, or if after April 1, would exceed the local bond limit, the committee shall reduce each request pro rata based on the amount of each request so as not to exceed either the local bond limit or the respective portions of the state ceiling reserved for entitlement and supplementary allocations during the calendar year, except that no request for an entitlement allocation shall be reduced below twenty million dollars ($20,000,000).

(d) Unless sold, an allocation of qualified mortgage bonds to a local agency shall expire 90 days after the allocation was granted by the committee. However, the committee may, upon application of

the local agency in advance of the expiration date, extend the expiration date on the allocation for an additional period not to exceed 30 days, except as provided in subdivision (f), if the committee determines that the issuer demonstrates prior to the expiration date:

(1) The issuer had prepared the text of, and was prepared to market the bonds by distribution of, an official statement or other marketing materials.

(2) Interest rates or other terms when available in the financial markets were unacceptable to the issuer because, in the judgement of the issuer, such rates or terms made the financing of the mortgages to be provided by the issuance of the bonds infeasible for the homes to be financed.

Any allocation which has expired shall be available for reallocation to local agencies pursuant to Section 50189. If the amount of qualified mortgage bonds reported sold by a local agency pursuant to subdivision (a) of this section is less than the amount allocated to the local agency, the amount allocated but not sold shall be available as of the date of the local agency's report pursuant to subdivision (a) for reallocation to local agencies pursuant to Section 50189.

(e) The committee may disapprove or reduce the amount of an allocation requested by a local agency which did not use all or a substantial portion of an allocation granted after March 1, 1982.

(f) The committee may, in its discretion, grant further extentions of the expiration date of an allocation if, in its judgment, the issuer has been delayed in issuing bonds for reasons beyond its control. Such reasons may include, but are not limited to, the pendency of litigation which precludes the issuance of bonds, and the pendency of designations of areas of chronic economic distress as defined in the federal act.

(g) The committee may designate an appropriate individual who shall receive entitlement or supplementary allocation notices on behalf of the committee.

Any allocation which has expired shall be available for reallocation to local agencies pursuant to Section 50189. If the amount of qualified mortgage bonds reported sold by a local agency pursuant to subdivision (a) of this section is less than the amount allocated to the local agency, the amount allocated but not sold shall be available as of the date of the local agency's report pursuant to subdivision (a) for reallocation to local agencies pursuant to Section 50189.

SEC. 7.5. Article 4 (commencing with Section 50197) is added to Chapter 3.5 of Part 1 of Division 31 of the Health and Safety Code, to read:

Article 4. Mortgage Credit Certificates

50197. "Issuer," for purposes of this article, means a local agency and includes a redevelopment agency, housing authority, or other local entity, authorized by state law to issue qualified mortgage

bonds, to which a local agency has assigned an allocation under this chapter.

50197.1. An issuer may establish a mortgage credit certificate program pursuant to this article.

50197.2. (a) An issuer shall notify the committee if the issuer elects to exchange all or part of the issuer's authority to issue qualified mortgage bonds for authority to issue mortgage credit certificates. The notification shall include a statement which does both of the following:

(1) Specifies the amount of the qualified mortgage bond authority that the issuer will not be issuing in order to issue mortgage credit certificates.

(2) Explains how the issuer shall assure that the dollar amount of mortgage credit certificate authority will not be exceeded.

(b) An issuer may revoke the election if the issuer notifies the committee that it cannot successfully carry out that exchange.

50197.3. A mortgage credit certificate may be issued under a mortgage credit certificate program by a local agency pursuant to this chapter and the federal act, as defined by paragraph (2) of subdivision (f) of Section 50176.

50197.7. If an issuer elects to exchange all or part of a supplementary allocation of qualified mortgage bonds for authority to issue mortgage credit certificates, the issuance of those mortgage credit certificates shall be subject to the restriction imposed by subdivision (b) of Section 50189.

50198. The requirement that public notice be given that mortgage credit certificates will be issued, prescribed by Section 25(e)(5) of Title 25 of the United States Code, may be satisfied by the issuer or its lenders advertising their issuance at least 90 days prior to the issuance of any mortgage credit certificate. If an issuer is required to file an application with the committee for a qualified mortgage bond allocation, it may commence advertising for the issuance of a mortgage credit certificate on the day it files its application with the committee.

50198.5. An issuer shall develop and maintain a list of lenders that have entered into an agreement with the issuer who will make loans to qualified holders of mortgage credit certificates, as provided by the federal act, as defined by paragraph (2) of subdivision (g) of Section 50176.

50199. Notwithstanding any other provision of law, after a list of lenders has been completed by an issuer, after the qualified mortgage bond allocation has been approved by the committee, and after the issuer has made the election to exchange all or part of the issuer's authority to issue qualified mortgage bonds for authority to issue mortgage credit certificates, the issuer and its lenders shall have 90 days after the allocation is granted by the committee to establish, and file with the committee, a mortgage credit certificate program.

50199.5. Any issuer which establishes a mortgage credit certificate program may charge a fee which is reasonably sufficient

to cover the costs of administering that program.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize state and local agencies to issue mortgage credit certificates as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 1400

An act to add Section 25208.15 to the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25208.15 is added to the Health and Safety Code, to read:

25208.15. (a) Notwithstanding any other provision of this article, an in-ground sump, used by a pest control operator licensed under Section 11705 of the Food and Agricultural Code, or used by a local or state agency, which meets all of the specifications listed in subdivision (b) and complies with subdivision (c), is exempt from the requirements of subdivision (a) of Section 25208.4, Section 25208.5, and Section 25208.8 if, prior to installation, the plan for the in-ground system is submitted to the regional board and the regional board determines that the system complies with this section.

(b) For purposes of this article, an "in-ground sump" shall have the following specifications:

(1) It consists of two containment units. The primary container is constructed primarily of nonearthen materials, including, but not limited to, stainless steel or plastic, and is designed to prevent the migration of any constituents into the secondary container. The secondary container is constructed of impermeable materials and is designed to prevent the migration of any hazardous waste constituents into the ground surrounding the secondary container. The secondary container shall also be designed to prevent the intrusion of groundwater, rainwater, or any other surface runoff into the space beneath the primary container.

(2) It is designed to allow visual inspection of the space underlying the primary container each operating day.

(3) The dimensions of the in-ground sump do not exceed six feet in depth, nor 75 square feet of surface area for each hazardous waste containment system.

(4) The in-ground sump is used for pest control operations.

(c) In order to qualify for the exemption, an in-ground sump shall be pumped empty of free liquid at least twice each operating day and these free liquids shall not be returned to the sump. The sump shall be visually inspected at least once each operating day. A record of all visual inspections shall be maintained by the pest control operator or local or state agency and shall be audited by the regional board at least annually.

(d) If at any time the regional board determines that the primary container of an in-ground sump is leaking, the regional board shall immediately order the discharge to cease and shall either order installation of a new primary container as provided in paragraph (1) of subdivision (b) or revoke the exemption authorized by this section. Nothing in this section shall be construed to limit the regional board's authority to take any action necessary to determine whether an in-ground sump poses any threat to the waters of the state.

CHAPTER 1401

An act to amend Section 1808.7 of, and to add Section 41501 to, the Vehicle Code, relating to driving offenses.

(4) The number of children affected by the violation.

The licensing agency shall hold, within 30 days from the receipt of the request, an informal

conference. At the conclusion of the conference, the licensing agency may affirm, modify, or dismiss the citation or proposed penalty. The agency shall state in writing the reasons for any action taken in the informal conference.

10000. (a) Every person engaged in the business of canning, curing, preserving, packing, or otherwise processing, or dealing at wholesale in, the eggs of sturgeon for human consumption shall obtain a sturgeon egg processing license from the department for that purpose. (b) Possession of a sturgeon egg processing license issued pursuant to this division authorizes the licensee to can, cure, preserve, pack, or otherwise process, or deal at wholesale in, the eggs of sturgeon if, and only if, the eggs are lawfully taken or lawfully possessed pursuant to Section 7230 or 8371.

10004. Any information received or requested by the department shall be confidential, and the records shall not be public records, except that the information contained in the records may be compiled and published as summaries in a manner that will not

disclose the individual record or business of any person.

10005. (a) Any person convicted of a violation of this division or a violation of any other provision of this code or any regulation adopted pursuant thereto relating to sturgeon shall be prohibited from engaging in the business of canning, curing, preserving, packing, or otherwise processing, or dealing at wholesale or retail in the eggs of sturgeon in this state for one year from the date of the conviction.

Each day any fish of the species designated in any of those sections, or any part thereof, is unlawfully possessed and each unlawful transaction involving the purchase or sale of any fish of those species, or any part thereof, by a wholesale fish dealer is a separate violation.

SEC. 12. Section 12159 of the Fish and Game Code is amended to read:

12159. All birds, mammals, fish, reptiles, or amphibia, or any part thereof, which have been taken, possessed, sold, imported, or transported contrary to any of the laws of this state shall be seized by the department, and, in accordance with the commission's regulations, notice of seizure shall be given to the person who had possession of the birds, mammals, fish, reptiles, or amphibia, or any part thereof, at the time of the seizure if that person is known.

thereof in accordance with the provisions of Section 12160. However, if the birds, mammals, fish, reptiles, or amphibia or parts thereof may not be sold lawfully or have a current market value of less than one hundred dollars ($100), the judge may at his discretion order that they be donated to a state, county, city, or any charitable institution, or that they be destroyed.

SEC. 14. Section 12162 of the Fish and Game Code is amended to read:

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1404

An act to amend Sections 12996 and 12998 of, and to add Section 12648 to, the Food and Agricultural Code, relating to pesticides, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and determines all of the following:

(a) The proper, safe, and legal use of pesticides are essential for the production of food and fiber and for the protection of the public health and safety.

(b) The illegal use of pesticides on crops, commodities, or sites not included in the pesticide's registered labeling can pose a serious threat to the environment and to the public health and can cause serious market disruption because of loss of consumer confidence.

(c) When a crop or commodity has received an illegal pesticide application, laboratory analysis cannot always guarantee that every individual fruit or vegetable within the crop or commodity is free of illegal pesticide residues, and to require the Department of Food and Agriculture to sample and test the crop or commodity presents burdensome and costly procedures and severely impacts the department's ability to conduct its pesticide residue monitoring and enforcement program.

(d) Because harvest of a crop may occur very rapidly after the discovery of an illegal pesticide application, and once harvested the individual crop is difficult to trace in the wholesale and retail markets, immediate action may be necessary to insure that produce with illegal residues does not reach the marketplace.

(e) Illegal pesticide applications are often committed to gain an unfair advantage in the market, and it is unjust that those who intentionally use pesticides illegally should profit from this illegal act.

(f) An adequate remedy of law exists for contesting the declaration of a crop or commodity to be a public nuisance.

(g) It is necessary, because of the foregoing, to provide the Director of Food and Agriculture the authority to declare abatement of crops or commodities which have received illegal pesticide applications as a public nuisance.

SEC. 2. Section 12648 is added to the Food and Agricultural Code, to read:

12648. Notwithstanding any other provision of this code, if the director finds evidence that a crop, commodity, or site has been treated with an economic poison not registered pursuant to Chapter 2 (commencing with Section 12751) for use on the crop, commodity, or site and the treatment has resulted in, or could reasonably result in, the creation of a hazard to human health or an unfair business advantage, the crop or commodity may be declared by the director to be a public nuisance and may be seized and held to prevent harvest and sale. The director shall hold the crop or commodity for 30 days, and if no action has been filed to contest the seizure, the director may order the crop or commodity be destroyed.

SEC. 3. Section 12996 of the Food and Agricultural Code is amended to read:

12996. (a) Every person who violates any provision of this division relating to pesticides, or any regulation issued pursuant to a provision of this division relating to pesticides, is guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000), or by imprisonment of not more than six months, or by both fine and imprisonment. Upon a second or subsequent conviction of the same provision of this division relating to pesticides, a person shall be punished by a fine of not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000), or by imprisonment of not more than six months or by both fine and imprisonment. Each violation constitutes a separate offense.

(b) Notwithstanding the penalties prescribed in subdivision (a), if the offense involves an intentional violation which created or reasonably could have created a hazard to human health or the environment, the convicted person shall be punished by imprisonment in the county jail not exceeding one year or in the state prison or by fine of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000), or by both the fine and imprisonment.

SEC. 4. Section 12998 of the Food and Agricultural Code is amended to read:

12998. Any person who violates any provision of this division relating to pesticides, or any regulation issued pursuant to a provision of this division relating to pesticides, shall be liable civilly in an amount not exceeding ten thousand dollars ($10,000) for each violation. Any person who commits a second or subsequent violation that is the same as a prior violation or similar to a prior violation or whose intentional violation resulted or reasonably could have resulted in the creation of a hazard to human health or the environment or in the disruption of the market of the crop or commodity involved, shall be liable civilly in an amount not to exceed twenty-five thousand dollars ($25,000). Any money recovered under this section shall be paid into the Department of Food and Agriculture Fund for use by the department in administering the provisions of this division, and Division 6 (commencing with Section 11401).

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to protect the public health and safety by increasing sanctions against pesticide use violations at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 1405

An act to add and repeal Section 51257 of the Government Code, relating to agricultural land.

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 51257 is added to the Government Code, to read:

51257. (a) Notwithstanding any other provision of this chapter, a city, upon petition by a landowner, may enter into an agreement amending the boundaries of an agricultural preserve to remove land presently subject to the contract and to include land not presently subject to the contract, provided the city, after a noticed public

hearing, makes all of the following findings:

(1) All of the land is located within the coastal zone and the boundary adjustment has been approved by the California Coastal Commission. The California Coastal Commission shall approve the boundary adjustment only after a noticed public hearing and only if it finds both of the following:

(A) The boundary adjustment is consistent with the purposes of the California Coastal Act of 1976.

(B) The boundary adjustment is consistent with a plan for the long-term preservation of agriculture approved by the commission as consistent with the certified local coastal program in effect as of January 1, 1985. Any amendments to the local coastal program subsequent to this date may be considered for purposes of a boundary adjustment if each of the following conditions are met:

(i) The amendments relate to the acreage to be developed under the plan.

(ii) The amendments to the local coastal program will not result in the reduction of the amount of acreage under contract as of January 1, 1985.

(2) All of the land is located in an incorporated city within a county with a population in excess of 1,500,000.

(3) At least 50 percent of the land presently subject to the contract shall remain subject to the contract.

(4) The land to be added to the contract is equal to or larger in size than the land to be removed from the contract.

(5) The land to be added to the contract is equally or more suitable for agricultural use than the land to be removed from the contract. In determining the suitability of the land for agricultural use, the city shall consider the value of the crops which can be grown on the land, the soil quality of the land, the climate or microclimate in which the land is located, the grade of the land, the drainage of the land, and any other factor the city council deems to have a bearing upon the suitability of the land for agricultural use.

(6) The fair market value of the land to be added to the contract is equal to or greater than the fair market value of the land to be removed from the contract as of the date of the proposed agreement. For purposes of determining fair market value under this section, both the land to be added and the land to be removed shall be valued as though they were free of the contractual restriction.

(7) The contract affected by the boundary adjustment shall have been in effect for at least 10 years prior to the date of the proposed agreement.

(8) The boundary adjustment is consistent with the applicable provisions of the current general plan, and the general plan designation of the land being removed from the contract has been changed by amendment to, or adoption of, a general plan after the land became subject to the contract.

(9) The land to be added to the contract is in the same county, and within a contiguous body of land either under one contract or owned

by the same family as the land to be removed from the contract.

(10) The proposed agreement is consistent with the findings required by Section 51282, except that the city shall not be required to find that the boundary adjustment is for land on which a notice of nonrenewal has been served.

(b) Land which has been added to a preserve contract under the provisions of this section shall not thereafter be removed from the contract under the provisions of this section.

(c) A landowner may submit a petition to the city requesting an agreement pursuant to this section. The city may impose a fee upon the landowner in order to defray its administrative costs. The landowner shall transmit a copy of the petition to the Secretary of the Resources Agency and the Executive Director of the California Coastal Commission. The petition shall be accompanied by a proposal for an alternative use of the land together with any other information the city may require to make the findings required pursuant to this section. The agreement shall provide for an initial term at least as long as the term of the existing contract but not less than 15 years. The agreement shall further provide that for a period of five years after the effective date of the agreement, the applicant has waived the right to cancel the agreement. The city, before making the findings specified in this section, shall hold at least one public hearing for which notice shall be given in accordance with Section 51232. Upon making these findings, the city may approve the agreement, which shall be recorded in the manner provided for certificates of tentative cancellation specified in Section 51283.4. Amendment of any contract shall not occur until all conditions and contingencies specified in the agreement shall have been satisfied.

(d) It is the intent of this section to provide flexibility in the development of a local coastal program with provision for long-term preservation of agricultural lands independent of this chapter and in accordance with the provisions of the California Coastal Act of 1976 without diminishing the quality or quantity of land subject to agricultural preserve contracts and without imposing cancellation fees upon the landowners concerned.

(e) The Secretary of the Resources Agency shall report to the Legislature no later than January 1, 1988, on the statewide effect of this section.

(f) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute which is enacted before January 1, 1989, deletes or extends that date.

CHAPTER 1406

An act to amend Section 1203.066 of the Penal Code, relating to crimes.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.066 of the Penal Code is amended to read:

1203.066. (2) A person who caused bodily injury on the child victim in committing a violation of Section 288.

(3) A person convicted of a violation of Section 288 and who was a stranger to the child victim or made friends with the child victim for the purpose of committing an act in violation of Section 288, unless the defendant honestly and reasonably believed the victim was 14 years old or older.

(5) A person convicted of committing a violation of Section 288 and who has had a prior conviction of Section 261, 264.1, 267, 285, 288, or 289, of committing sodomy or oral copulation in violation of Section 286 or 288a by force, violence, duress, menace, or threat of great bodily harm, of assaulting another with intent to commit a crime specified in this paragraph in violation of Section 220, or a violation of Section 266.

(6) A person convicted of kidnapping the child victim in violation of either Section 207 or 209 and who kidnapped the victim for the purpose of committing a violation of Section 288.

(7) A person who is convicted of committing a violation of Section 288 on more than one victim at the same time or in the same course of conduct.

(8) A person who in violating Section 288 has substantial sexual conduct with a victim under the age of 11 years.

(9) A person who occupies a position of special trust and commits an act of substantial sexual conduct. "Position of special trust" means that position occupied by a person in a position of authority who by reason of that position is able to exercise undue influence over the victim. Position of authority includes, but is not limited to, the

position occupied by a natural parent, adoptive parent, stepparent, foster parent, relative, household member, adult youth leader, recreational director who is an adult, adult athletic manager, adult coach, teacher, counselor, religious leader, doctor, or employer.

(10) A person who, in committing a violation of Section 288, used obscene matter, as defined in Section 311, or matter (as defined in Section 311) depicting sexual conduct, as defined in Section 311.3.

(b) "Substantial sexual conduct" means penetration of the vagina or rectum by the penis of the offender or by any foreign object, oral copulation, or masturbation of either the victim or the offender.

(c) Paragraphs (7), (8), (9), and (10) of subdivision (a) shall not apply when the court makes all of the following findings:

(4) There is no threat of physical harm to the child victim if there is no imprisonment. The court upon making its findings pursuant to this subdivision is not precluded from sentencing the defendant to jail or prison, but retains the discretion not to. The court shall state its reasons on the record for whatever sentence it imposes on the defendant.

The court shall order the psychiatrist or psychologist appointed pursuant to Section 288.1 to include a consideration of the factors specified in paragraphs (2), (3), and (4) in making his or her report to the court.

(d) The existence of any fact which would make a person ineligible for probation under subdivision (a) shall be alleged in the accusatory pleading, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by plea of guilty or nolo contendere or by trial by the court sitting without a jury.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1407

An act to amend Sections 51010.5, 51012.3, 51013.5, 51014, 51015, and 51018 of the Government Code, relating to pipelines.

The people of the State of California do enact as follows:

SECTION 1. Section 51010.5 of the Government Code is amended to read:

51010.5. As used in this chapter, the following definitions apply:

51012.3. (a) The operator of a pipeline shall conform the pipeline to the federal regulations in Subparts A, B, and F of Part 195 of Title 49 of the Code of Federal Regulations, in accordance with the following schedule:

(1) On or before July 1, 1984, the pipeline operator shall meet the requirements of subsection (c) of Section 195.401 of Part 195 of Title 49 of the Code of Federal Regulations, but those requirements shall only apply to a pipeline constructed after January 1, 1984.

(2) On or before January 1, 1985, the pipeline operator shall meet the requirements of Section 195.402 of Part 195 of Title 49 of the Code of Federal Regulations. (b) For purposes of applying the federal regulations of Part 195 of Title 49 of the Code of Federal Regulations, the word "Secretary," when it appears in the federal regulations, means the "State Fire Marshal."

SEC. 3. Section 51013.5 of the Government Code is amended to read:

51013.5. (a) Newly constructed pipelines, existing pipelines that have been relocated or replaced, that part of a pipeline system that has been relocated or replaced, and pipelines constructed before

January 1, 1983, that transport hazardous liquid substances or highly volatile liquid substances, shall be tested in accordance with Subpart E (commencing with Section 195.300) of Part 195 of Title 49 of the Code of Federal Regulations.

(b) All pipelines not provided with properly sized automatic pressure relief devices or properly designed pressure limiting devices shall be hydrostatically tested annually.

(c) All pipelines over 10 years of age and not provided with effective cathodic protection shall be hydrostatically tested every three years.

(d) All pipelines over 10 years of age and provided with effective cathodic protection shall be hydrostatically tested every five years.

(e) Pipelines without evidence of compliance with the hydrostatic test requirements of Subpart E (commencing with Section 195.300) of Part 195 of Title 49 of the Code of Federal Regulations, and the pipelines specified in subdivisions (c) and (d) which have not been hydrostatically tested at least once since January 1, 1982, shall be brought into compliance by January 1, 1985. Intrastate pipelines subject to federal regulation under Amendment 195-33 to Part 195 of Title 49 of the Code of Federal Regulations issued April 17, 1985, (effective date, October 21, 1985), which have not been hydrostatically tested at least once since January 1, 1985, shall be brought into compliance by January 1, 1988.

(f) In addition to the above requirements, the State Fire Marshal may require any pipeline subject to this chapter to be subjected to a pressure test, at any time, in the interest of public safety.

(g) Other test methods may be approved by the State Fire Marshal on an individual basis.

SEC. 4. Section 51014 of the Government Code is amended to read:

51014. (a) The pressure tests required by subdivisions (b), (c), and (d) of Section 51013.5 shall be conducted in accordance with Subpart E (commencing with Section 195.300) of Part 195 of Title 49 of the Code of Federal Regulations, except that an additional four-hour leak test, as specified in subsection (c) of Section 195.302 of Part 195 of Title 49 of the Code of Federal Regulations, shall not be required under subdivision (b), (c), or (d) of Section 51013.5. The State Fire Marshal may authorize the use of liquid petroleum having a flashpoint over 140 degrees Fahrenheit or 60 degrees Centigrade as the test medium. Pressure tests performed under subdivisions (b), (c), and (d) of Section 51013.5 shall not show an hourly change for each section of the pipeline under test at the time in excess of either 10 gallons or the sum of one gallon and an amount computed at a rate in gallons per mile equivalent to one-tenth of the nominal internal diameter of the pipe in inches.

(b) Test pressure shall be at least 125 percent of the actual pipeline operating pressure.

SEC. 5. Section 51015 of the Government Code is amended to read:

51015. (a) Every pipeline operator shall provide the fire department having jurisdiction a map or suitable diagram showing the location of the pipeline. Every fire department shall provide to every pipeline operator the fire department's plans and procedures for extinguishing fires involving hazardous or highly volatile liquids in open areas, with specific reference to fire-extinguishing foam compounds.

(b) A pipeline operator shall make available to the State Fire Marshal, or any officers, employees, or agents authorized by the State Fire Marshal, upon presentation of appropriate credentials, any records, maps, and written procedures that are required, by this chapter, to be kept by the pipeline operator and which concern accident reporting, design, construction, testing, or operation and maintenance.

The State Fire Marshal, or any officer, employee, or agent authorized by the State Fire Marshal, may enter, inspect, and examine, at reasonable times and in a reasonable manner, the records and properties of any pipeline operators that are required to be inspected and examined to determine whether the pipeline operator is in compliance with this chapter.

SEC. 6. Section 51018 of the Government Code is amended to read:

51018. Every break, explosion, or fire involving a pipeline, including a pipeline otherwise exempted by subdivision (a) of Section 51010.5, and including a pipeline undergoing testing, shall be immediately reported to the State Fire Marshal and the local agency or fire department having jurisdiction.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act and because the only other costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1408

An act to amend Sections 8, 10, 11, and 13 of the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to county water authorities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 8 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 8. (a) An authority may incur indebtedness by contract other than by voting bonds or expenditure of bond proceeds up to a total amount equal to one-tenth of 1 percent of the assessed valuation, as defined in Section 135 of the Revenue and Taxation Code, or as otherwise hereafter defined by an act of the Legislature, of property taxable for authority purposes by a vote of three-fourths or more of the aggregate number of votes of all members of the board of directors. Any proposal to incur an indebtedness in excess of an amount equal to one-tenth of 1 percent of the assessed valuation, as defined in Section 135 of the Revenue and Taxation Code, or as otherwise hereafter defined by an act of the Legislature, of property taxable for authority purposes by contract other than by voting bonds or expenditure of bond proceeds, and any proposal to purchase, lease, or otherwise acquire rights, privileges, or services by contract, the compensation for which shall be payable over a period of time exceeding 20 years, shall be submitted to the qualified electors of the authority for their approval and shall be voted upon at an election where the proceedings are held, insofar as applicable, in the manner provided in this act for the authorization and issuance of the bonds of the authority, except that the vote of a majority of the electors voting upon the proposition shall be sufficient to authorize the incurring of the indebtedness. Notice of the election shall contain, in addition to the information required in the case of bond elections, a statement of the maximum amount of money to be paid under the contract, exclusive of penalties and interest, for what purposes the money is to be expended, and the property, improvements, works, rights, privileges, or services to be acquired thereby. The ballots at the election shall contain a brief statement of the general purposes of the contract and the amount of the obligation to be assumed, with the words "Contract—Yes" and "Contract—No." The board of directors may submit the contract or proposed contract to the superior court of the county where the authority is located to determine the validity thereof and the legal authority of the board to enter into the contract, with the same proceedings to be held as provided in this act in the case of the judicial determination of the validity of bonds issued pursuant to this act and with like effect.

(b) If a proposition to consider the issuance of revenue bonds under the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 6 of the Government Code) has been submitted to the qualified voters of an authority at an election held for that purpose and received the affirmative vote of a majority of the electors voting upon the proposition and, therefore, constitutes authority to issue revenue bonds under the Revenue Bond Law of 1941, the authority may, in lieu of issuing those

revenue bonds, incur an indebtedness by contract, in addition to the indebtedness authorized by subdivision (a), in an amount, excluding penalties and interest, up to the amount authorized by and for the purpose authorized by the revenue bond proposition. The indebtedness shall be payable over a period of not to exceed 30 years, as provided in the resolution of the board of directors.

SEC. 2. Section 10 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 10. (a) For the purposes of this section, the following definitions apply to the terms used; the term "city" means and includes any municipal corporation or municipality of the State of California, whether organized under a freeholder's charter or under the provisions of general law of the type and class of cities and incoporated towns; the term "water district" means and includes any municipal water district, municipal utility district, public utility district, county water district, irrigation district, or any other public corporation or agency of the State of California of similar character.

(b) Territory may be annexed to any county water authority organized under this act by one of the following methods:

(1) By annexation to, or consolidation with, the area of any city, the area of which, as a separate unit, has become a part of any county water authority organized under this act, the annexation or consolidation to occur upon compliance with the provisions of law governing the annexation to, or consolidation with, the area of the city. Upon completion of the annexation to, or consolidation with, the city in compliance with the provisions of law applicable thereto, the territory shall become, and be, a part of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the authority at the time authorized or outstanding.

(2) By annexation to, or consolidation with, any city which, as a separate unit, has become a part of any water district whose area, as a separate unit, has become a part of any county water authority organized under this act, in instances where, under the applicable provisions of law governing the change of boundaries of the water district, the annexation or consolidation automatically will result in the enlargement of the area of the water district, the annexation or consolidation to occur upon compliance with the provisions of law governing the annexation to, or consolidation with, the area of the city. Upon completion of the annexation to, or consolidation with, the city in compliance with the provisions of law applicable thereto, the territory shall become, and be, a part of the water district and of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the water district and of the county water authority, including the payment of bonds and other obligations of the water district and of the county water authority at the time authorized or outstanding. If any territory has been so annexed to, or consolidated with, any city prior to the

effective date of this paragraph, under conditions which would have resulted in the enlargement of the area of the county water authority had this paragraph then been in effect, upon compliance with the following provisions of this paragraph, the territory shall be annexed to, and shall become and be part of, the county water authority and shall be a part of the water district for all purposes, the last-mentioned provisions being as follows:

(A) The governing body of the city, at any time after the effective date of this paragraph, may adopt an ordinance which, after reciting that the territory has been annexed to, or consolidated with, the city by proceedings previously taken under statutory authority, and after referring to the applicable statutes and to the date and place of filing of the certificate or certificates evidencing the annexation or consolidation, shall describe the territory and shall determine and declare that the territory shall be, and thereby is, annexed to the county water authority, and the ordinance shall further determine and declare that the territory shall become and be, and thereby is, a part of the county water authority, and shall be, and thereby is, a part of the water district for all purposes.

(B) The governing body, or clerk thereof, of the city shall file a certified copy of the ordinance with the Secretary of State. Upon the filing of the certified copy of the ordinance in the office of the Secretary of State, the territory shall become, and be, a part of the county water authority and shall be a part of the water district for all purposes, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority and of the water district, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding.

(C) Upon the filing of the certified copy of the ordinance, the Secretary of State shall, within 10 days, issue a certificate, describing the territory, reciting the filing of the certified copy of the ordinance and the annexation of the territory to the county water authority, and declaring that the territory is a part of the county water authority and of the water district. The Secretary of State shall transmit the original of the certificate to the secretary of the county water authority and a duplicate of the original certificate to the clerk of the governing body of the water district, and shall forward a certified copy of the certificate to the county clerk of the county in which the county water authority is situated.

(3) Upon terms and conditions fixed by the board of directors of the county water authority and in the manner provided in subdivision (c), by direct annexation, as a separate unit, of the corporate area of any water district or city.

(4) Upon terms and conditions fixed by the board of directors of the county water authority and in the manner provided in subdivision (d), by annexation to, or consolidation with, any water district, the area of which, in whole or in part, is included within the county water authority as a separate unit; provided that, unless the

territory is so annexed to the county water authority with the consent of the board of directors, the annexation of territory to, or the consolidation of, the territory with the water district does not authorize or entitle the water district or the territory to demand or receive any water from the county water authority for use in the territory; and provided further, that, except where automatic annexation results under the conditions specified in paragraph (2), nothing in this act prevents the annexation of territory to, or the consolidation of territory with, any water district for its local purposes only and without annexing the territory to the county water authority, and the local annexation or consolidation may occur without requesting or obtaining the consent thereto of the board of directors of the county water authority.

(c) The governing body of any water district or city may apply to the board of directors of the county water authority for consent to annex the corporate area of the water district or city to the county water authority. The board of directors may grant or deny the application and, in granting the application, may fix the terms and conditions upon which the corporate area of the water district or city may be annexed to, and become a part of, the county water authority. These terms and conditions may provide, among other things, for the levy by the county water authority of special taxes upon taxable property within the water district or city, in addition to the taxes authorized to be levied by the county water authority by other provisions of this act. In case these terms and conditions provide for the levy of these special taxes, the board of directors, in fixing these terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising the aggregate sum, and that substantially equal annual levies will be made for the purpose of raising the sum over the period so prescribed. The action of the board of directors, evidenced by resolution, shall be promptly transmitted to the governing body of the applying water district or city and, if the action grants consent to the annexation, the governing body may thereupon submit, to the qualified electors of the water district or city at any general or special election held therein, the proposition of the annexation subject to the terms and conditions. Notice of the election shall be mailed to each voter qualified to vote at the election and shall be given by posting or publication. When notice is given by posting, the notices shall be posted at least 10 days and in three public places in the water district or city. When notice is given by publication, the notice shall be published in the water district or city pursuant to Section 6061 of the Government Code, at least 10 days before the date fixed for the election. The notice shall contain the substance of the terms and conditions fixed by the board of directors. The election shall be conducted and the returns thereof canvassed in the manner provided by law for elections in the water district or city. If the proposition receives the affirmative vote of a majority of electors of the water district or city voting thereon at the election, the

governing body of the water district or city shall certify the result of the election on the proposition to the board of directors of the county water authority, together with a legal description of the boundaries of the corporate area of the water district or city, accompanied by a map or plat indicating those boundaries. A certificate of proceedings shall be made by the secretary of the county water authority and filed with the Secretary of State. Upon the filing thereof in the office of the Secretary of State, the corporate area of the water district or city shall become, and be, an integral part of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding, and the board of directors of the county water authority may do all things necessary to enforce and make effective the terms and conditions of annexation fixed as authorized. Upon the filing of the certificate of proceedings, the Secretary of State shall, within 10 days, issue a certificate, reciting the filing of the papers and the annexation of the corporate area of the water district or city to the county water authority. The Secretary of State shall transmit the original of the certificate to the secretary of the county water authority and shall forward a certified copy thereof to the county clerk of the county in which the county water authority is situated.

(1) If a water district applies to a county water authority for consent to annex its corporate area, as a separate unit, the water district shall include as a part of its corporate area the corporate areas of any cities (whether one or more) which are already included within the county water authority as separate units, or the water district shall include as a part of its corporate area the corporate areas, or portion thereof, already included within the county water authority, of any water districts (whether one or more) whose corporate areas, in whole or in part, are already included within the county water authority as separate units. That fact shall be taken into consideration by the board of directors of the county water authority in fixing the terms and conditions upon which the applying water district may be annexed to the county water authority, to the end that the areas within the unit member cities or water districts which are already a part of the county water authority, shall not be required to assume any greater financial burden or obligation to the county water authority than they would have had if they had remained a part of the county water authority as separate units.

Concurrently with any election called by an applying water district to submit to the qualified electors of the water district the question of whether the terms and conditions fixed by the board of directors of the county water authority for annexation shall be approved, the governing bodies of the unit member cities or water districts may call and hold elections within their respective corporate limits or portions thereof already included within the county water authority, to determine whether or not the cities or water districts

shall withdraw from the county water authority as separate units, and the proposed withdrawal may be made and submitted conditioned upon and effective when the applying water district has finally been annexed to the county water authority.

The effect of the concurrent elections, if a majority of the electors of the applying water district voting thereat vote in favor of annexation, and a majority of the electors of the unit member cities or water districts voting thereat vote in favor of withdrawing, shall be that the annexing water district thereafter shall be authorized to exercise the privileges and to discharge the duties prescribed in this act for public agencies whose areas, as separate units, are included within the county water authority, in place of and instead of the cities or water districts so withdrawing. Notwithstanding Section 11 of this act, the areas within the withdrawing cities or water districts shall remain a part of the county water authority and shall not be excluded therefrom, notwithstanding the fact that the cities or water districts, as corporate entities, have withdrawn from the authority.

If the water district does annex to the county water authority, the directors representing the withdrawing cities or water districts on the board of directors of the county water authority shall continue to act until their successors have been chosen and designated by the appropriate officers of the annexing water district and have qualified as members of the board of directors of the county water authority, after which time the directors representing the withdrawing cities or water districts shall no longer sit or vote on the board.

(2) If a water district applies to a county water authority for consent to annex its corporate area as a separate unit, the water district shall include as a part of its corporate area lands which are in public ownership exempt from taxation by a county water authority, and not within or adjacent to the area within the water district served with water by the district, and which are not to be supplied by the water district with water obtained from, and by reason of, its annexation to the county water authority. That fact may be taken into consideration by the board of directors of the county water authority in fixing the terms and conditions upon which the water district may be annexed to the county water authority and in determining the boundaries of the area to be annexed, and the county water authority may, in the discretion of its board of directors, annex all of the corporate area of the water district as a separate unit excepting that portion consisting of the publicly owned and tax-exempt lands.

(d) The governing body of any water district, the area of which, in whole or in part, is included within a county water authority as a separate unit, may apply to the board of directors of the county water authority for consent to annex to the county water authority territory which the water district seeks to annex to, or consolidate with, the water district, or territory which, without making the territory a part of the county water authority, already has been annexed to, or consolidated with, the water district. The board of directors may

grant or deny the application and, in granting the application, may fix the terms and conditions upon which the territory may be annexed to, and become a part of, the county water authority. The terms and conditions may provide, among other things, for the levy by the county water authority of special taxes upon taxable property within the territory in addition to the taxes authorized to be levied by the county water authority by other provisions of this act. In case the terms and conditions provide for the levy of those special taxes, the board of directors, in fixing those terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising that aggregate sum and that substantially equal annual levies will be made for the purpose of raising that sum over the period so prescribed. The action of the board of directors evidenced by resolution shall be promptly transmitted to the governing body of the applying water district and to the executive officer of the local agency formation commission of the county in which the county water authority is situated, who may defer the issuance of a certificate of filing until receipt of that resolution, and if the action grants consent to the annexation, the territory may be annexed to the county water authority as provided in paragraph (1) or (2).

(1) If the territory has not been previously annexed to, or consolidated with, the water district, upon completion of the annexation to, or consolidation with, the water district in compliance with the provisions of law applicable thereto, including this section, the territory shall become and be a part of the county water authority and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding, and the board of directors of the county water authority may do all things necessary to enforce and make effective the terms and conditions of annexation fixed; provided that, if the applicable provisions of law governing the annexation to, or consolidation with the water district require any notice of any election called for the purpose of determining whether the proposed annexation or consolidation shall occur, or shall require any notice of hearing or other notice to be given to the residents or electors of, or owners of property in, the territory, the notice shall contain the substance of the terms and conditions of annexation to the county water authority fixed by the board of directors of the county water authority; and provided further, that the local agency formation commission shall require that the annexation to the water district be subject to the terms and conditions fixed by the board of directors of the county water authority in addition to any other terms and conditions that may be required by the commission; and provided further, that the executive officer of the local agency formation commission having the duty of preparing, executing, and filing a certificate of completion resulting in the annexation to, or consolidation with, the water district, pursuant to the provisions of

law applicable thereto, shall include in the certificate of completion the terms and conditions fixed by the board of directors of the county water authority in accordance with the provisions of this act, and shall file a duplicate of the certificate with the board of directors of the county water authority.

(2) If the territory sought to be annexed to a county water authority has been previously annexed to, or consolidated with, the water district, the governing body of the water district, upon being advised of the action of the board of directors of the county water authority, and if the action grants consent to the annexation, may submit to the qualified electors of the territory, if the territory has 12 or more registered voters, at any general or special election held therein, the proposition of the annexation to the county water authority subject to the terms and conditions fixed by the board of directors of the county water authority. Notice of the election shall be given by publication. When the notice is given by posting, the notice shall be posted at least 10 days and in three public places in the territory. When the notice is given by publication, the notice shall be published in the water district pursuant to Section 6061 of the Government Code at least 10 days before the date fixed for the election. The notice shall contain the substance of the terms and conditions fixed by the board of directors. The election shall be conducted and the returns thereof canvassed by the governing body of the water district in the manner provided by law for elections in the water district. If the proposition receives the affirmative vote of a majority of electors of the territory voting thereon at the election, the governing body of the water district shall certify the result of the election on the proposition to the board of directors of the county water authority. If the territory has less than 12 registered voters, no election shall be required, and, following written notice to each owner of property shown on the last equalized assessment roll and the holding of a hearing not less than 10 days after that notice, the annexation may be approved upon the written consent of the owners of more than 50 percent of the assessed valuation of the territory. A certificate of proceedings shall be made by the secretary of the county water authority and filed with the Secretary of State. Upon the filing thereof in the office of the Secretary of State, the territory shall become, and be, a part of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding, and the board of directors of the county water authority may do all things necessary to enforce and make effective the terms and conditions of annexation of the territory to the county water authority fixed by its board of directors. Upon the filing of the certificate of proceedings, the Secretary of State shall, within 10 days, issue a certificate reciting the filing of the papers and the annexation of the territory to the county water authority. The Secretary of State shall transmit the original of the

certificate to the secretary of the county water authority and shall forward a certified copy thereof to the county clerk of the county in which the county water authority is situated.

(e) Should the corporate area, or all portions thereof already included within a county water authority, of any water district or city, the corporate area of which, in whole or in part, already is included within the county water authority as a separate unit, annex to a water district or city the corporate area of which, in whole or in part, already is a part of the county water authority as a separate unit, upon the completion of the annexation pursuant to the law pertaining thereto, the water district or city, the corporate area (or portions thereof) of which is so annexed, shall automatically cease to be a separate unit member of the county water authority, but the corporate area (or portions thereof) shall remain a part of the county water authority as a part of the unit member water district or city to which it was annexed. The executive officer of the local agency formation commission having the duty of preparing, executing, and filing the certificate of completion shall file, in addition to any other filings that may be required by law, a duplicate of the certificate with the board of directors of the county water authority.

Should any water district or city, the corporate area of which, in whole or in part, already is included within a county water authority as a separate unit, consolidate with a water district or city the corporate area of which, in whole or in part, already is a part of the county water authority as a separate unit, under the provisions of any law by the terms of which, after consolidation, a new district or city will result and the former water districts or cities participating in the consolidation shall no longer exist, the resulting new water district or city shall be substituted for the water districts or cities whose corporate existence has been terminated by the consolidation as a unit member of the county water authority, and the corporate areas (or portions thereof) of the former water district or cities shall remain a part of the county water authority as a part of the consolidation. The executive officer of the local agency formation commission having the duty of preparing, executing, and filing a certificate of completion shall file, in addition to any other filings that may be required by law, a duplicate of the certificate with the board of directors of the county water authority.

(f) The validity of any proceedings for the annexation to any county water authority organized under this act, of the corporate area of a water district or city as a separate unit, or of territory annexed to, or consolidated with, a water district or city which, as a unit, has been included within a county water authority, shall not be contested in any action unless the action has been brought within three months after the completion of the annexation or, in case the annexation is completed prior to the time that this subdivision takes effect, then within three months after this subdivision became effective.

(g) Whenever territory is annexed to or consolidated with any

water district, the corporate area of which, as a unit, has become a part of any county water authority organized under this act, regardless of whether the territory is annexed to and becomes a part of the county water authority, or whenever territory is annexed to any city under the conditions specified in paragraph (1) or (2) of subdivision (b), or whenever territory previously annexed to any city is annexed to the county water authority under the conditions specified in paragraph (2) of subdivision (b), the governing or legislative body, or clerk thereof, of the water district or city, shall file with the board of directors of the county water authority a statement of the change of boundaries of the water district or city, setting forth the legal description of the boundaries of the water district or city, as so changed, and of the part thereof within the county water authority, which statement shall be accompanied by a map or plat indicating those boundaries.

(h) The inclusion in a county water authority of the corporate area, in whole or in part, of any municipal water district, municipal utility district, public utility district, county water district, irrigation district, or other public corporation or agency of the state of similar character, referred to in Section 2, shall not destroy the identity or legal existence or impair the powers of any municipal water district, municipal utility district, public utility district, county water district, irrigation district, or other public corporation or agency of the state of similar character, notwithstanding the identity of purpose or substantial identity of purpose of the county water authority.

(i) In determining the number of members of the board of directors of a county water authority organized under this act, and the number of votes to be cast by the directors, from the component public agencies, the corporate areas of which, in whole or in part, are included as units within the county water authority, there shall be considered only the assessed valuation of the property taxable for county water authority purposes lying in the public agencies and in the county water authority. The directors shall be appointed by the chief executive officers, with the consent and approval of the governing bodies, of the component public agencies, respectively, without regard to whether the chief executive officers or members of the governing bodies have been chosen from, or represent, areas of their respective public agencies which lie outside of the county water authority. The phrase "any water district, the corporate area of which is included within the county water authority" and the phrase "each city, the area of which shall be a part of any county water authority incorporated under this act," and like phrases, used elsewhere in this act, shall be deemed to mean and refer to any water district or city, the corporate area of which, either in whole or in part, is included within the county water authority, but the duties and obligations of the county water authority shall extend only to that part of the corporate area of the water district or city which lie within the county water authority. As to the water district, city, or public agency, the corporate area of which lies partly within and partly

without the county water authority, the word "therein" and the phrase "within the city" and like words and phrases, used elsewhere in this act, shall be deemed to mean and refer to that part of the corporate area of the water district, city, or public agency which lies within the county water authority. The charges for water supplied by the county water authority to any component public agency, pursuant to its request, shall be and become an obligation of the public agency, regardless of whether the entire corporate area of the public agency is included within the county water authority, and the county water authority, in administrative and contractual matters, shall deal with the chief executive officers and governing bodies and other proper officials of the component public agencies as chosen or constituted under applicable laws governing the respective public agencies.

SEC. 3. Section 11 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 11. (a) Exclusion of territory from any county water authority may be effected by either of the following methods:

(1) Territory excluded from the portion of the corporate area of any public agency which lies within the exterior boundaries of a county water authority, the public agency being a unit of the authority, and which exclusion occurs in accordance with the provisions of law applicable to those exclusions, shall thereby be excluded from and shall no longer be a part of the authority; provided, that the taxable property within the excluded territory shall continue to be taxable by the county water authority for the purpose of paying the bounded or other indebtedness outstanding or contracted for at the time of the exclusion and until the bonded or other indebtedness has been satisfied; provided further, that if the taxable property within the excluded territory or any part thereof shall be, at the time of the exclusion, subject to special taxes levied, or to be levied, by the county water authority pursuant to terms and conditions previously fixed under paragraph subdivision (c) or (d) of Section 10 for the annexation of the excluded territory or part thereof to the county water authority, the taxable property within the excluded territory or part thereof so subject to those special taxes shall continue to be taxable by the county water authority for the purpose of raising the aggregate sums to be raised by the levy of special taxes upon taxable property within the respective annexing areas pursuant to terms and conditions for the annexation or annexations as so fixed and until the aggregate sums have been so raised by the special tax levies.

Exclusion of territory from a county water authority pursuant to this paragraph shall not occur if two or more public agencies that are included in a county water authority as separate units are subject to a reorganization of their boundaries under applicable provisions of law which would result in an exchange or transfer, but not an overlapping, of territory that is entirely within the county water authority. The boundaries of those agencies within the county water

authority, upon that reorganization and the filing with the secretary of the county water authority of a copy of the certificate of completion prepared, executed, and filed by the executive officer of the local agency formation commission responsible therefore constitute the boundaries of the agencies for all purposes of the county water authority, without action by the board of directors of the county water authority. If the exchange includes territory subject to special conditions and tax levies pursuant to the terms of annexation at the time the territory became a part of the county water authority, the territory shall continue to be subject to those conditions and to be taxable by the county water authority or those levies.

From and after the effective date of the inclusion of the territory by the including public agency, the territory shall be considered to be a part of the corporate area of the including agency; provided, however, that, if the taxable property within the territory, or any portion thereof, is subject to special taxes levied or to be levied by the county water authority pursuant to terms and condition previously fixed under subdivision (c) or (d) of Section 10 for the annexation of the territory or portion thereof to the county water authority, then the taxable property within the territory shall continue to be taxable by the county water authority for the purpose of raising the aggregate sums to be raised by the levy of the special taxes pursuant to the terms and conditions for the annexation or annexations as so fixed and until the aggregate sums have been or raised by the special tax levy.

(2) Any public agency whose corporate area as a unit has become or is a part of any county water authority may obtain the exclusion of the area therefrom in the following manner:

The governing body of any public agency may submit to the electors thereof at any general or special election the proposition of excluding from the county water authority the corporate area of the public agency. Notice of the election shall be given in the manner provided in subdivision (c) of Section 10. The election shall be conducted and the returns thereof canvassed in the manner provided by law for the conduct of elections in the public agency. If a majority of electors voting thereon vote in favor of withdrawal, the result thereof shall be certified by the governing body of the public agency to the board of directors of the county water authority. A certificate of the proceedings shall be made by the secretary of the county water authority and filed with the Secretary of State. Upon the filing of the certificate, the corporate area of the public agency shall be excluded from the county water authority and shall no longer be a part thereof; provided, that the taxable property within the excluded area shall continue to be taxable by the county water authority for the purpose of paying the bonded and other indebtedness of the county water authority outstanding or contracted for at the time of the exclusion and until the bonded or other indebtedness has been satisfied; provided further, that if the

taxable property within the excluded area or any part thereof is, at the time of the exclusion, subject to special taxes levied or to be levied by the county water authority pursuant to the terms and conditions previously fixed under subdivision (c) or (d) of Section 10 for the annexation of the excluded area or part thereof to the county water authority, the taxable property within the excluded area or part thereof so subject to the special taxes shall continue to be taxable by the county water authority for the purpose of raising the aggregate sums to be raised by the levy of special taxes upon taxable property within the respective annexing areas pursuant to the terms and conditions for the annexation or annexations as so fixed and until the aggregate sums have been so raised by the special tax levies. Upon the filing of the certificate of proceedings, the Secretary of State shall, within 10 days, issue a certificate reciting the filing of the papers in his or her office and the exclusion of the corporate area of the public agency from the county water authority. The Secretary of State shall transmit the original of the certificate to the secretary of the county water authority and shall forward a certified copy thereof to the county clerk of the county in which the county water authority is situated.

(b) Whenever territory is excluded from any public agency in accordance with paragraph (1) of subdivision (a), the governing body, or clerk thereof, of the public agency shall file with the board of directors of the county water authority a statement of the change of boundaries of the public agency, setting forth the legal description of the boundaries of the public agency, as so changed, and of the part thereof within the county water authority, which statement shall be accompanied by a map or plat indicating the boundaries.

(c) Whenever any territory has been excluded from any public agency prior to the effective date of this section, under conditions which would have resulted in the exclusion of the territory from a county water authority had paragraph (1) of subdivision (a) then been in effect, upon compliance with the following provisions of this paragraph, the territory shall be excluded from and shall no longer be a part of, the authority, the last-mentioned provisions being as follows:

(1) The governing body of the public agency may adopt an ordinance which, after reciting that the territory has been excluded from the public agency by proceedings previously taken under statutory authority, and after referring to the applicable statutes and to the date or dates upon which the exclusion became effective, shall describe the territory and shall determine and declare that the territory shall be, and thereby is, excluded from the county water authority.

(2) The governing body, or clerk thereof, of the public agency shall file a certified copy of the ordinance with the Secretary of State. Upon the filing of the certified copy of the ordinance in the office of the Secretary of State, the territory shall be excluded from, and shall no longer be a part of, the county water authority; provided, that the

taxable property within the excluded territory shall continue to be taxable by the county water authority for the purpose of paying the bonded or other indebtedness outstanding or contracted for at the time of the exclusion, and until the bonded or other indebtedness has been satisfied; provided further, that if the taxable property within the excluded territory or any part thereof is, at the time of the exclusion, subject to special taxes levied or to be levied by the county water authority pursuant to terms and conditions previously fixed under subdivision (c) or (d) of Section 10 for the annexation of the excluded territory or part thereof to the county water authority, the taxable property within the excluded territory or part thereof so subject to the special taxes shall continue to be taxable by the county water authority for the purpose of raising the aggregate sums to be raised by the levy of special taxes upon taxable property within the respective annexing areas pursuant to the terms and conditions for the annexation or annexations as so fixed, and until the aggregate sums have been so raised by the special tax levies.

(3) Upon the filing of the certified copy of the ordinance, the Secretary of State shall, within 10 days issue a certificate describing the territory, reciting the filing of certified copy of the ordinance and the exclusion of the territory from the county water authority, and declaring that the territory is no longer a part of the county water authority. The Secretary of State shall transmit the orginal of the certificate to the secretary of the county water authority and shall forward a certified copy of the certificate to the county clerk of the county in which the county water authority is situated.

(d) Whenever any territory has been exchanged or transferred pursuant to law prior to January 1, 1986, among two or more public agencies that are included in a county water authority as separate units, the territory shall not be deemed excluded from the county water authority, notwithstanding the failure of the county water authority to give its consent to the exchange or transfer of the territory, if there has been filed with the board of directors of the county water authority prior to January 1, 1986, a statement of the change of boundaries of the agencies, as so changed, and of the part within the county water authority, which statement shall be accompanied by a map or plat indicating those boundaries.

SEC. 4. Section 13 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

SEC. 13. All matters and things necessary for the proper administration of the affairs of the authority which are not provided for in this act shall be provided for by the board of directors of the authority by ordinance or resolution. Any action required by this act to be done by resolution may be done, with equal validity, by ordinance.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program

specified in this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit county water authorities to take advantage of lower financing rates at the earliest opportunity, it is necessary that this act take effect immediately.

CHAPTER 1409

An act to amend Section 1203.1c of the Penal Code, relating to incarceration costs.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.1c of the Penal Code is amended to read:

1203.1c. (a) In any case in which a defendant is convicted of an offense and is ordered to serve a period of confinement in a county jail, city jail, or other local detention facility as a term of probation, the court may, after a hearing, make a determination of the ability of the defendant to pay all or a portion of the reasonable costs of such incarceration, including incarceration pending disposition of the case. The reasonable cost of such incarceration shall not exceed the amount determined by the board of supervisors, with respect to the county jail, and by the city council, with respect to the city jail, to be the actual average cost thereof on a per-day basis. The court may, in its discretion, hold additional hearings during the probationary period. The court may, in its discretion before such hearing, order the defendant to file a statement setting forth his or her assets, liability and income, under penalty of perjury, and may order the defendant to appear before a county officer designated by the board of supervisors to make an inquiry into the ability of the defendant to pay all or a portion of such costs. At the hearing, the defendant shall be entitled to have the opportunity to be heard in person or to be represented by counsel, to present witnesses and other evidence, and to confront and cross-examine adverse witnesses. A defendant represented by counsel appointed by the court in the criminal proceedings shall be entitled to such representation at any hearing held pursuant to this section. If the court determines that the defendant has the ability to pay all or a part of the costs, the court may set the amount to be reimbursed and order the defendant to pay that sum to the county, or to the city with respect to incarceration in the city jail, in the manner in which the court believes reasonable

and compatible with the defendant's financial ability. The court shall order that such payments be made in the same manner as on a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

If practicable, the court shall order payments to be made on a monthly basis and the payments shall be made payable to the county officer designated by the board of supervisors, or to the city officer designated by the city council with respect to incarceration in the city jail.

A payment schedule for reimbursement of the costs of incarceration pursuant to this section based upon income shall be developed by the county officer designated by the board of supervisors, or by the city council with respect to incarceration in the city jail, and approved by the presiding judges of the municipal and superior courts.

(b) "Ability to pay" means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of incarceration and includes, but is not limited to, the defendant's:

(1) Present financial obligations, including family support obligations, and fines, penalties and other obligations to the court.

(2) Reasonably discernible future financial position. In no event shall the court consider a period of more than one year from the date of the hearing for purposes of determining reasonable discernible future position.

(3) Likelihood that the defendant shall be able to obtain employment within the one year period from the date of the hearing.

(4) Any other factor or factors which may bear upon the defendant's financial ability to reimburse the county or city for the costs.

(c) All sums paid by a defendant pursuant to this section shall be deposited in the general fund of the county or city.

(d) This section shall be operative in a county upon the adoption of an ordinance to that effect by the board of supervisors, and shall be operative in a city upon the adoption of an ordinance to that effect by the city council. Such ordinance shall include a designation of the officer responsible for collection of moneys ordered pursuant to this section and shall include a determination, to be reviewed annually, of the average per-day costs of incarceration in the county jail, city jail, or other local detention facility.

SEC. 2. Section 1203.1c of the Penal Code is amended to read:

1203.1c. (a) In any case in which a defendant is convicted of an offense and is ordered to serve a period of confinement in a county jail, city jail, or other local detention facility as a term of probation or a conditional sentence, the court may, after a hearing, make a determination of the ability of the defendant to pay all or a portion of the reasonable costs of such incarceration, including incarceration pending disposition of the case. The reasonable cost of such incarceration shall not exceed the amount determined by the board of supervisors, with respect to the county jail, and by the city council,

with respect to the city jail, to be the actual average cost thereof on a per-day basis. The court may, in its discretion, hold additional hearings during the probationary period. The court may, in its discretion before such hearing, order the defendant to file a statement setting forth his or her assets, liability and income, under penalty of perjury, and may order the defendant to appear before a county officer designated by the board of supervisors to make an inquiry into the ability of the defendant to pay all or a portion of such costs. At the hearing, the defendant shall be entitled to have the opportunity to be heard in person or to be represented by counsel, to present witnesses and other evidence, and to confront and cross-examine adverse witnesses. A defendant represented by counsel appointed by the court in the criminal proceedings shall be entitled to such representation at any hearing held pursuant to this section. If the court determines that the defendant has the ability to pay all or a part of the costs, the court may set the amount to be reimbursed and order the defendant to pay that sum to the county, or to the city with respect to incarceration in the city jail, in the manner in which the court believes reasonable and compatible with the defendant's financial ability. Execution may be issued on the order in the same manner as on a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

If practicable, the court shall order payments to be made on a monthly basis and the payments shall be made payable to the county officer designated by the board of supervisors, or to a city officer designated by the city council with respect to incarceration in the city jail.

A payment schedule for reimbursement of the costs of incarceration pursuant to this section based upon income shall be developed by the county officer designated by the board of supervisors, or by the city council with respect to incarceration in the city jail, and approved by the presiding judges of the municipal and superior courts.

(b) "Ability to pay" means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of incarceration and includes, but is not limited to, the defendant's:

(1) Present financial obligations, including family support obligations, and fines, penalties and other obligations to the court.

(2) Reasonably discernible future financial position. In no event shall the court consider a period of more than one year from the date of the hearing for purposes of determining reasonable discernible future position.

(3) Likelihood that the defendant shall be able to obtain employment within the one-year period from the date of the hearing.

(4) Any other factor or factors which may bear upon the defendant's financial ability to reimburse the county or city for the costs.

(c) All sums paid by a defendant pursuant to this section shall be

deposited in the general fund of the county or city.

(d) This section shall be operative in a county upon the adoption of an ordinance to that effect by the board of supervisors, and shall be operative in a city upon the adoption of an ordinance to that effect by the city council. Such ordinance shall include a designation of the officer responsible for collection of moneys ordered pursuant to this section and shall include a determination, to be reviewed annually, of the average per-day costs of incarceration in the county jail, city jail, or other local detention facility.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1203.1c of the Penal Code proposed by both this bill and SB 1252. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 1203.1c of the Penal Code, and (3) this bill is enacted after SB 1252, in which case Section 1 of this bill shall not become operative.

CHAPTER 1416

An act to amend Section 1615 of, and to add Sections 1600.5, 1616, 1617, 1618, 1619, and 1620 to, the Penal Code, relating to mentally disordered criminal offenders.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There is a need to develop mental health services which are designed to meet the treatment needs of those mentally ill persons who commit criminal offenses which constitute a threat to public safety, those who commit minor offenses as a result of an acute exacerbation of a severe mental disorder, and those who are diverted into the jails when acute inpatient beds and other emergency services are unavailable. These groups should be dealt with differently.

(b) The process for transfer of those who commit minor offenses

from the criminal justice system to the mental health system should be facilitated when the representatives of both systems determine that this is the appropriate course of action.

(c) Sufficient acute hospital and nonhospital placements and other emergency services should be available to persons with severe mental disorders who suffer acute psychotic episodes, so that peace officers attempting to obtain services for such persons whose condition qualifies them for treatment under Sections 5150 and 5151 of the Welfare and Institutions Code will not be turned away and the peace officer forced to book the person on a misdemeanor charge based on the same symptoms.

The Legislature further finds and declares that those persons who commit serious crimes as a result of a severe mental disorder should be provided with an appropriate level of treatment in an institutional setting and, upon their return to the community, should be provided with the level of treatment and supervision necessary to reasonably ensure that such a person does not commit another crime. These specialized treatment programs should integrate the treatment and supervision roles. These programs should be reserved for those persons with a severe mental illness and should not be used for those persons with character or personality disorders. To ensure that such a treatment system is designed appropriately, an effort should be made to collect the information necessary to better understand the dimensions of the problem. This will ensure that the most effective program design is developed.

SEC. 2. Section 1600.5 is added to the Penal Code, to read:

1600.5. For a person committed as a mentally disordered sex offender or committed pursuant to Section 1026 or 1026.5, who is placed on outpatient status under the provisions of this title, time spent on outpatient status, except when placed in a locked facility, shall not count as actual custody and shall not be credited toward the person's maximum term of commitment. Time spent in any locked facility shall count as actual custody and shall be credited toward the person's maximum term of commitment.

SEC. 3. Section 1615 of the Penal Code is amended to read:

1615. Pursuant to Section 5709.8 of the Welfare and Institutions Code, the State Department of Mental Health shall be responsible for the community treatment and supervision of judicially committed patients. These services shall be available on a county or regional basis. The department may provide these services directly or through contract with private providers or counties. The program or programs through which these services are provided shall be known as the conditional release program.

The department shall contact all county mental health programs by January 1, 1986, to determine their interest in providing an appropriate level of supervision and treatment of judicially committed patients at reasonable cost. County mental health agencies may agree or refuse to operate such a program.

The State Department of Mental Health shall ensure consistent

data gathering and program standards for use statewide by the conditional release program.

SEC. 4. Section 1616 is added to the Penal Code, to read:

1616. The state shall contract with a research agency which shall determine the prevalence of severe mental disorder among the state prison inmates and parolees, including persons admitted to prison, the resident population, and those discharged to parole. An evaluation of the array of services shall be performed, including the correctional, state hospital, and local inpatient programs; residential-level care and partial day care within the institutions as well as in the community; and the individual and group treatment which may be provided within the correctional setting and in the community upon release. The review shall include the interrelationship between the security and clinical staff, as well as the architectural design which aids meeting the treatment needs of these mentally ill offenders while maintaining a secure setting. Administration of these programs within the institutions and in the community shall be reviewed by the contracting agency. The ability of treatment programs to prevent reoffenses by inmates with severe mental disorders shall also be addressed. The process for evaluating inmates and parolees to determine their need for treatment and the ability to differentiate those who will benefit from treatment and those who will not shall be reviewed.

The State Department of Mental Health, the Department of Corrections, and the Department of Justice shall cooperate with the research agency conducting this study.

The research agency conducting this study shall consult with the State Department of Mental Health, the Department of Corrections, the Department of Justice, and the Forensic Mental Health Association of California in the design of the study.

SEC. 5. Section 1617 is added to the Penal Code, to read:

1617. The State Department of Mental Health shall research the demographic profiles and other related information pertaining to persons receiving supervision and treatment in the conditional release program. An evaluation of the program shall determine its effectiveness in successfully reintegrating these persons into society after release from state institutions. This evaluation of program effectiveness shall include, but not be limited to, a determination of the rates of reoffense while these persons are served by the program and after their discharge. This evaluation shall also address the effectiveness of the various treatment components of the program and their intensity.

The State Department of Mental Health may contract with an independent research agency to perform this research and evaluation project. Any independent research agency conducting this research shall consult with the Forensic Mental Health Association concerning the development of the research and evaluation design.

SEC. 6. Section 1618 is added to the Penal Code, to read:

1618. The administrators and the supervision and treatment staff of the conditional release program shall not be held criminally or civilly liable for any criminal acts committed by the persons on parole or judicial commitment status who receive supervision or treatment. This waiver of liability shall apply to employees of the State Department of Mental Health and the agencies or persons under contract to this department to provide supervision or treatment to mentally ill parolees or persons under judicial commitment.

SEC. 7. Section 1619 is added to the Penal Code, to read:

1619. The Department of Justice shall automate the criminal histories of all persons treated in the Conditional Release Program, as well as all persons committed as not guilty by reason of insanity pursuant to Section 1026, incompetent to stand trial pursuant to Section 1370 or 1370.2, any person currently under commitment as a mentally disordered sex offender , and persons treated pursuant to Section 1364 , 2684, or 2960.

SEC. 8. Section 1620 is added to the Penal Code, to read:

1620. The Department of Justice shall provide mental health agencies providing treatment to patients pursuant to Sections 1600 to 1610, inclusive, or pursuant to Section 2960, with access to criminal histories of those mentally ill offenders who are receiving treatment and supervision. Treatment and supervision staff who have access to these criminal histories shall maintain the confidentiality of the information and shall sign a statement to be developed by the Department of Justice which informs them of this obligation.

SEC. 9. Any costs associated with the provisions of this act shall be subject to appropriation through the Budget Act.

SECTION 1. Section 2970 is added to the Penal Code, to read:

2970. (a) Not later than 180 days prior to the termination of parole, or release from prison if the prisoner refused to agree to treatment as a condition of parole as required by Section 2960, unless good cause is shown for the reduction of that 180-day period, if the prisoner's severe mental disorder is not in remission or cannot be kept in remission, the medical director of the state hospital which is treating the parolee, or the county mental health director in charge of the parolee's outpatient program, or the Director of Corrections shall submit to the district attorney of the county in which the parolee is receiving outpatient treatment, or for those in prison the district attorney of the county of commitment, his or her written evaluation on remission. If requested by the district attorney, the written evaluation shall be accompanied by supporting affidavits. The district attorney may then file a petition with the superior court for continued involuntary treatment for one year. The petition shall state the reasons necessitating the continued treatment, with accompanying affidavits specifying the conditions in subdivision (b) of Section 2960 and that treatment during the parole period, if any, has been continuously provided by the State Department of Mental Health either in a state hospital or in an outpatient program. The petition shall also specify why the severe mental disorder is not in remission or cannot be kept in remission if the person's treatment is not continued.

(b) The court shall conduct a hearing on the petition for

continued treatment. The court shall advise the person of his or her right to be represented by an attorney and of the right to a jury trial. The attorney for the person shall be given a copy of the petition, and any supporting documents. The hearing is a civil hearing, however, in order to reduce costs the rules of criminal discovery as well as civil discovery shall be applicable. The need for continued treatment shall be proven beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been released, unless the time is waived by the person or unless good cause is shown.

(c) The people shall be represented by the district attorney. If the person is indigent, the county public defender shall be appointed.

(d) If the court or jury finds that the patient is a person described in subdivision (b) of Section 2960, and his or her severe mental disorder is not in remission or cannot be kept in remission if treatment is not continued, the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed, or recommitted to the outpatient program in which he or she was being treated at the time the petition was filed, or committed to the State Department of Mental Health if the person was in prison. The commitment shall be for a period of one year from the date of termination of parole or a previous commitment or the scheduled date of release from prison as specified in subdivision (a).

(e) The person shall be released on outpatient status if the committing court finds that there is reasonable cause to believe that the committed person can be safely and effectively treated on an outpatient basis. Except as provided in this subdivision, the provisions of Title 15 (commencing with Section 1600) of Part 2, shall apply to persons placed on outpatient status pursuant to this paragraph. The standard for revocation under Section 1609 shall be that the person cannot be safely and effectively treated on an outpatient basis.

(f) Prior to the termination of a commitment under this section, a petition for recommitment may be filed to determine whether the patient remains a person described in subdivision (b) of Section 2960, which severe mental disorder is not in remission or cannot be kept in remission if treatment is not continued. The recommitment proceeding shall be conducted in accordance with the provisions of this section.

(g) Any commitment under this section places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

(h) Except as provided in this subdivision, the person committed shall be considered to be an involuntary mental health patient and he or she shall be entitled to those rights set forth in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division

5 of the Welfare and Institutions Code. Commencing January 1, 1986, the State Department of Mental Health may adopt regulations to modify those rights as is necessary in order to provide for the reasonable security of the inpatient facility in which the patient is being held. This paragraph and the regulations adopted pursuant thereto shall become operative on January 1, 1987.

(i) This section applies to persons incarcerated before, as well as after, the effective date of this section.

(j) The definitions in Section 2960 apply to this section.

(k) If there is a conflict between the provisions of this section and Section 2960, the provisions of Section 2960 shall apply.

SEC. 1.5. Notwithstanding any other provision of law, there shall be no prohibition or limitation on the placement in any state hospital by the Director of Mental Health of judicially committed persons or of persons confined in a state hospital for purposes of mental health treatment pursuant to the Penal Code.

SEC. 1.7. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 2. This act shall only become operative if SB 1296 of the 1985–86 Regular Session is enacted, in which case both this act and SB 1296 shall become operative on the operative date contained in SB 1296. If SB 1296 of the 1985–86 Regular Session is not enacted, this act shall not become operative.

CHAPTER 1419

An act to amend Sections 2960 and 3003 of the Penal Code, relating to prisoners.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2960 of the Penal Code is amended to read:

2960. (a) The Legislature finds that there are prisoners who have a treatable, severe mental disorder which caused, was one of the causes of, or was an aggravating factor in the commission of the crime for which they were incarcerated. Secondly, the Legislature finds that if the severe mental disorders of those prisoners are not in remission or cannot be kept in remission at the time of their parole or upon termination of parole, there is a danger to society, and the state has a compelling interest in protecting the public. Thirdly, the

Legislature finds that in order to protect the public from those persons it is necessary to provide mental health treatment until the severe mental disorder which was one of the causes of or was an aggravating factor in the person's prior criminal behavior is in remission and can be kept in remission.

The Legislature further finds and declares the Department of Corrections should evaluate each prisoner for severe mental disorders during the first year of the prisoner's sentence, and that severely mentally disordered prisoners should be provided with an appropriate level of mental health treatment while in prison and when returned to the community.

(b) As a condition of parole, a prisoner who meets the following criteria shall be required to be treated by the State Department of Mental Health, and the State Department of Mental Health shall provide the necessary treatment:

(1) The prisoner has a severe mental disorder which is not in remission or cannot be kept in remission without treatment. The term "severe mental disorder" means an illness or disease or condition which substantially impairs the person's thought, perception of reality, emotional process, or judgment; or which grossly impairs behavior; or which demonstrates evidence of an acute brain syndrome for which prompt remission in the absence of treatment is unlikely. The term " severe mental disorder" as used in this section does not include a personality or adjustment disorder, epilepsy, mental retardation or other developmental disabilities, or addiction to or abuse of intoxicating substances. The term "remission" means a finding that the overt signs and symptoms of the severe mental disorder are controlled either by psychotropic medication or psychosocial support. A person "cannot be kept in remission without treatment" if during the year prior to the question being before the Board of Prison Terms or a trial court, he or she has been in remission and he or she has been physically violent, except in self-defense, or he or she has made a serious threat of substantial physical harm upon the person of another so as to cause the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family, or he or she has intentionally caused property damage, or he or she has not voluntarily followed the treatment plan. In determining if a person has voluntarily followed the treatment plan, the standard shall be whether the person has acted as a reasonable person would in following the treatment plan.

(2) The severe mental disorder was one of the causes of or was an aggravating factor in the commission of a crime for which the prisoner was sentenced to prison.

(3) The prisoner has been in treatment for the severe mental disorder for 90 days or more within the year prior to the prisoner's parole or release.

(4) Prior to release on parole the person in charge of treating the prisoner and a practicing psychiatrist or psychologist from the State Department of Mental Health have evaluated the prisoner at a

facility of the Department of Corrections, and a chief psychiatrist of the Department of Corrections has certified to the Board of Prison Terms that the prisoner has a severe mental disorder, that the disorder is not in remission, or cannot be kept in remission due to medical or psychosocial reasons or failure of the prisoner to voluntarily follow prescribed medical treatment, or both, and that the severe mental disorder was one of the causes or was an aggravating factor in the prisoner's criminal behavior. For prisoners being treated by the State Department of Mental Health pursuant to Section 2684, the certification shall be by a chief psychiatrist of the Department of Corrections, and the evaluation shall be done at a state hospital by the person at the state hospital in charge of treating the prisoner and a practicing psychiatrist or psychologist from the Department of Corrections.

If the professionals doing the evaluation do not concur that (A) the prisoner has a severe mental disorder, or (B) that the disorder is not in remission or cannot be kept in remission, or (C) that the severe mental disorder was a cause of, or aggravated the prisoner's criminal behavior, and a chief psychiatrist has certified the prisoner to the Board of Prison Terms pursuant to this paragraph, then the Board of Prison Terms shall order a further examination by two independent professionals, who have at least five years of experience in the diagnosis and treatment of mental disorders, who may be either psychiatrists, or licensed psychologists who have a doctoral degree in psychology. Only if both independent professionals concur with the chief psychiatrist's certification, shall the provisions of this subdivision be applicable to the prisoner.

On July 1 of each year the Department of Corrections and the State Department of Mental Health shall submit to the Board of Prison Terms a list of 20 or more independent professionals on which both departments concur. The professionals shall not be state government employees and shall have at least five years of experience in the diagnosis and treatment of mental disorders and shall include psychiatrists and licensed psychologists who have a doctoral degree in psychology. For purposes of this subdivision, when the Board of Prison Terms receives the list, they shall only appoint independent professionals from the list. The list shall not be binding on the Board of Prison Terms until they have received it, and shall not be binding after June 30 following receipt of the list.

(5) The crime referred to in paragraph (2) was a crime in which the prisoner used force or violence, or caused serious bodily injury as defined in paragraph (5) of subdivision (e) of Section 243.

(c) (1) The treatment required by subdivision (b) shall be inpatient unless the State Department of Mental Health certifies to the Board of Prison Terms that there is reasonable cause to believe the parolee can be safely and effectively treated on an outpatient basis, in which case the Board of Prison Terms shall permit the State Department of Mental Health to place the parolee in an outpatient treatment program specified by the State Department of Mental

Health. Any prisoner who is to be required to accept treatment pursuant to subdivision (b) shall be informed in writing of his or her right to request a hearing pursuant to subdivision (d). Prior to placing a parolee in a local outpatient program, the State Department of Mental Health shall consult with the local outpatient program as to the appropriate treatment plan. Notwithstanding any other provision of law, a parolee ordered to have outpatient treatment pursuant to this section may be placed in an outpatient treatment program used to provide outpatient treatment under Title 15 (commencing with Section 1600) of Part 2, but the procedural provisions of Title 15 shall not apply. The director of an outpatient program used to provide treatment under Title 15 in which a parolee is placed may place the parolee in a secure mental health facility if the parolee can no longer be safely or effectively treated in the outpatient program, and until the parolee can be safely and effectively treated in the program. Within 15 days after placement in a secure facility the State Department of Mental Health shall conduct a hearing on whether the parolee can be safely and effectively treated in the program. Before deciding to seek revocation of the parole of a parolee receiving mental health treatment pursuant to subdivision (b), and return him or her to prison, the parole officer shall consult with the director of the parolee's outpatient program.

(2) If the State Department of Mental Health has not placed a parolee on outpatient treatment within sixty days after receiving custody of the parolee or after parole is continued pursuant to Section 3001, the parolee may request a hearing before the Board of Prison Terms, and the board shall conduct a hearing to determine whether the prisoner shall be treated as an inpatient or an outpatient. At the hearing, the burden shall be on the State Department of Mental Health to establish that the prisoner requires inpatient treatment as described in this subdivision. If the prisoner or any person appearing on his or her behalf at the hearing requests it, the board shall appoint two independent professionals as provided for in paragraph (4) of subdivision (b).

(d) (1) A prisoner may request a hearing before the Board of Prison Terms, and the board shall conduct a hearing if so requested, for the purpose of proving that the prisoner does not meet the criteria in subdivision (b). At the hearing the burden of proof shall be on the person or agency who certified the prisoner under paragraph (4) of subdivision (b). If the prisoner or any person appearing on his or her behalf at the hearing requests it, the board shall appoint two independent professionals as provided for in paragraph (4) of subdivision (b). The prisoner shall be informed at the hearing of his or her right to request a trial pursuant to paragraph (2) of this subdivision. The Board of Prison Terms shall provide a prisoner who requests a trial a petition form and instructions for filing the petition.

(2) A prisoner who disagrees with the determination of the Board

of Prison Terms that he or she meets the criteria of subdivision (b), may file in the superior court of the county in which he or she is incarcerated or is being treated a petition for a hearing on whether he or she meets the criteria of subdivision (b). The court shall conduct a hearing on the petition within sixty calendar days after the petition is filed, unless either time is waived by the petitioner or his counsel, or good cause is shown. The order of the Board of Prison Terms shall be in effect until the completion of the court proceedings. The court shall advise the petitioner of his or her right to be represented by an attorney and of the right to a jury trial. The attorney for the petitioner shall be given a copy of the petition, and any supporting documents. The hearing shall be a civil hearing; however, in order to reduce costs, the rules of criminal discovery, as well as civil discovery, shall be applicable. The standard of proof shall be beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney.

(3) The provisions of this subdivision shall be applicable to a continuation of a parole pursuant to Section 3001.

(e) If the prisoner's severe mental disorder is put into remission during the parole period, and can be kept in remission, the Director of Mental Health shall notify the Board of Prison Terms and the State Department of Mental Health shall discontinue treating the parolee.

(f) (1) Not later than 180 days prior to the termination of parole, or release from prison if the prisoner refused to agree to treatment as a condition of parole as required by this section, unless good cause is shown for the reduction of that 180-day period, if the prisoner's severe mental disorder is not in remission or cannot be kept in remission, the medical director of the state hospital which is treating the parolee, or the county mental health director in charge of the parolee's outpatient program, or the Director of Corrections shall submit to the district attorney of the county in which the parolee is receiving outpatient treatment, or for those in prison the district attorney of the county of commitment, his or her written evaluation on remission. If requested by the district attorney, the written evaluation shall be accompanied by supporting affidavits. The district attorney may then file a petition with the superior court for continued involuntary treatment for one year. The petition shall state the reasons necessitating the continued treatment, with accompanying affidavits specifying the conditions in subdivision (b) and that treatment during the parole period, if any, has been continuously provided by the State Department of Mental Health either in a state hospital or in an outpatient program. The petition shall also specify why the severe mental disorder is not in remission or cannot be kept in remission if the person's treatment is not continued.

(2) The court shall conduct a hearing on the petition for continued treatment. The court shall advise the person of his or her right to be represented by an attorney and of the right to a jury trial.

The attorney for the person shall be given a copy of the petition, and any supporting documents. The hearing shall be a civil hearing, however, in order to reduce costs the rules of criminal discovery, as well as civil discovery, shall be applicable. The need for continued treatment shall be proven beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been released, unless the time is waived by the person or unless good cause is shown.

(3) The people shall be represented by the district attorney. If the person is indigent, the county public defender shall be appointed.

(4) If the court or jury finds that the patient is a person described in subdivision (b), and his or her severe mental disorder is not in remission or cannot be kept in remission if treatment is not continued, the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed, or recommitted to the outpatient program in which he or she was being treated at the time the petition was filed, or committed to the State Department of Mental Health if the person was in prison. The commitment shall be for a period of one year from the date of termination of parole or a previous commitment or the scheduled date of release from prison as specified in paragraph (1).

(5) A person shall be released on outpatient status if the committing court finds that there is reasonable cause to believe that the committed person can be safely and effectively treated on an outpatient basis. Except as provided in this paragraph, the provisions of Title 15 (commencing with Section 1600) of Part 2, shall apply to persons placed on outpatient status pursuant to this paragraph. The standard for revocation under Section 1609 shall be that the person cannot be safely and effectively treated on an outpatient basis.

(6) Prior to the termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the patient remains a person described in subdivision (b) which severe mental disorder is not in remission or cannot be kept in remission if treatment is not continued. The recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(7) Any commitment under this section places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

(8) Except as provided in this paragraph, the person committed shall be considered to be an involuntary mental health patient and he or she shall be entitled to those rights set forth in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code. Commencing January 1, 1986, the State Department of Mental Health may adopt regulations to modify those rights as is necessary in order to provide for the reasonable security of the inpatient facility in which the patient is

being held. This paragraph and the regulations adopted pursuant thereto shall become operative on January 1, 1987.

(g) Before releasing any inmate or terminating supervision of any parolee who is a danger to self or others, or gravely disabled as a result of mental disorder, and who does not come within the provisions of subdivision (b), the Director of Corrections may, upon probable cause, place, or cause to be placed, the person in a state hospital pursuant to the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code.

(h) The cost of inpatient or outpatient treatment under this article shall be a state expense while the person is under the jurisdiction of the Department of Corrections.

(i) Any person placed outside of a facility of the Department of Corrections for the purposes of inpatient treatment under this article shall not be deemed to be released from imprisonment or from the custody of the Department of Corrections prior to the expiration of the maximum term of imprisonment of the person.

(j) The amendments to this section made in the first year of the 1985–86 Regular Session apply to persons incarcerated before, as well as after, the effective date of those amendments.

SEC. 2. Section 3003 of the Penal Code is amended to read:

3003. (a) An inmate who is released on parole shall be returned to the county from which he or she was committed.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county in a case where that would be in the best interests of the public and of the parolee. If the authority setting the conditions of parole decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record. In making its decision, the authority may consider, among others, the following factors:

(1) The need to protect the life or safety of a victim, the parolee, a witness or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The last legal residence of the inmate having been in another county.

(5) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(6) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) An inmate may be paroled to another state pursuant to any other provision of law.

SEC. 2.5. Notwithstanding any other provision of law, there shall be no prohibition or limitation on the placement in any state hospital by the Director of Mental Health of judicially committed persons or

of persons confined in a state hospital for purposes of mental health treatment pursuant to the Penal Code.

SEC. 2.75. The Legislature finds and declares that Department of Corrections prisoners subject to the provisions of this act are in a separate, distinct class from persons who have been committed by the State Department of Mental Health under the provisions of Section 1026 or 1370 of the Penal Code, or former Section 6316 of the Welfare and Institutions Code. Therefore, it is not intended that any provision of this act be construed in any way to effect the status of persons committed to the State Department of Mental Health under Section 1026 or 1370 of the Penal Code, or former Section 6316 of the Welfare and Institutions Code. Nor are the provisions of this act intended in any manner to affect decisional law interpreting those statutes.

SEC. 2.85. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 3. Except as provided in paragraph (8) of subdivision (f) of Section 2960 of the Penal Code, this act shall become operative on July 1, 1986.

CHAPTER 1420

An act to add Section 11165.5 to the Penal Code, relating to crimes.

[Approved by Governor October 1, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11165.5 is added to the Penal Code, to read:

11165.5. As used in Sections 11165 and 11166.5, "child care custodian," in addition to the persons specified therein, means an instructional aide, a teacher's aide, or a teacher's assistant employed by any public or private school, who has been trained in the duties imposed by this article, if the school district has so warranted to the State Department of Education. It also includes a classified employee of any public school who has been trained in the duties imposed by this article if the school has so warranted to the State Department of Education.

SEC. 2. School districts which do not train the employees specified in Section 11165.5 of the Penal Code in the duties of child care custodians under the child abuse reporting laws shall report to the State Department of Education the reasons why this training is

not provided.

SEC. 3. The Legislature declares that this act mandates a new program or higher level of service on local government. As required by Section 6 of Article XIII B of the California Constitution, reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

SECTION 1. Section 24357.8 of the Revenue and Taxation Code is amended to read:

24357.8. (a) In the case of a qualified research contribution, the amount otherwise allowed as a deduction under Section 24357, shall be reduced by that amount of the reduction provided by Section 24357.1 which is no greater than the sum of the following:

(1) One-half of the amount computed pursuant to Section 24357.1 (computed without regard to this paragraph).

(2) The amount (if any) by which the charitable contribution deduction under this section for any qualified research contribution (computed by taking into account the amount determined by paragraph (1), but without regard to this paragraph) exceeds twice the basis of the property.

(b) For purposes of this section, "qualified research contribution" means a charitable contribution by a taxpayer of tangible personal property described in paragraph (1) of Section 1221 of the Internal Revenue Code of 1954, but only if all of the following conditions are met:

(1) The contribution is to an educational organization which is described in subsection (b) (1) (A) (ii) of Section 170 of the Internal Revenue Code of 1954 and which is an institution of higher education (as defined in Section 3304 (f) of the Internal Revenue Code of 1954) in California.

(2) The contribution is made not later than two years after the date the construction of the property is substantially completed.

(3) The original use of the property is by the donee.

(4) The property is scientific equipment or apparatus substantially all of the use of which by the donee is for research or experimentation (within the meaning of Sections 24365 to 24368, inclusive), or for research training, in physical, applied, or biological sciences, or for instructional purposes.

(5) The property is not transferred by the donee in exchange for money, other property, or services.

(6) The taxpayer receives from the donee a written statement representing that its use and disposition of the property will be in accordance with this section, and with respect to property substantially all of the use of which is for instructional purposes, the taxpayer receives from the donee a written statement representing that the property will be used as an integral part of the instructional program. In the case of a computer, the statement shall also represent that the donee has acquired or will acquire, necessary basic operational software and the means to provide trained staff to utilize the property.

(7) The contribution is made on or after July 1, 1983, and on or before December 31, 1987.

(8) The taxpayer shall report to the Franchise Tax Board, on forms prescribed by the board, the name and address of the recipient educational organization, a description of the qualified charitable contribution, the fair market value of the contribution, and the date the contribution was made. The taxpayer shall forward a copy of the forms, along with the written statements prescribed in paragraph (6), to the following:

(1) The President of the University of California, in the case of contributions to institutions within the University of California system.

(2) California Postsecondary Education Commission, in the case of contributions to private institutions.

SEC. 2. No later than February 1, 1987, the Legislative Analyst shall submit a report to the Legislature which evaluates the effect of Section 24357.8 of the Revenue and Taxation Code since its enactment.

The report shall address all of the following:

(a) The revenue loss to the state.

(b) The type and value of equipment contributed to educational organizations.

(c) The distribution of equipment by geographic region, by size of educational organization, and by any other appropriate indicator of the educational organizations' need for the equipment.

(d) The likely level of donations in 1988 and thereafter upon the elimination of the tax incentives provided by Section 24357.8 of the Revenue and Taxation Code.

In preparing the report prescribed by this section, the Legislative Analyst shall consult with the Franchise Tax Board, the President of the University of California, the Chancellor of the California State University, and the Chancellor of the California Community Colleges.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 1424

An act to add Section 6359.4 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6359.4 is added to the Revenue and Taxation Code, to read:

6359.4. Any vending machine operator is a consumer of, and shall not be considered a retailer of, food products which sell at retail for fifteen cents ($0.15) or less and which are actually sold through a vending machine.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 1425

An act relating to fires, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am reducing the appropriation contained in Section 1(a)(3) of Assembly Bill No. 2007 for the Department of Forestry from $21,893,000 to $10,893,000 I am approving the $10,893,000 appropriated for the Department of Forestry in order to meet the extraordinary fire suppression costs resulting from severe fires throughout the State

I believe that SB 1473 is the more appropriate bill to provide the $11,000,000 in funding because SB 1473 provides funding for specified costs associated with emergencies declared by the Governor, for which the Department of Forestry

qualifies. My action in this bill, combined with my action in SB 1473, will provide full funding for the Department of Forestry's fire suppression costs this fire season

I am also reducing this bill's appropriation by an additional $2,440,000 by eliminating the following appropriations in Section 1

(a) (1)	To various local agencies	$2,000,000
(a) (2)	To the Anderson Valley Community Service District	$15,000
(b)	To the County of Monterey for the purpose of conducting fishery restoration efforts at Lake San Antonio that will result from erosion and siltation occurring as a result of forest fires this year in the vicinity of the lake	$425,000

I am eliminating these amounts because it is unclear which state agency would be responsible for administrating claims and what costs would be reimbursable Also, SB 1473 is the more appropriate bill to address the issue of state reimbursement to local agencies for costs resulting from extraordinary fire seasons

With these reductions, I approve Assembly Bill No 2007

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of twenty-four million three hundred thirty-three thousand dollars ($24,333,000) is hereby appropriated from the Contingency Reserve for Economic Uncertainties, as provided in Section 12.30 of the Budget Act of 1985, as amended by Chapter 139 of the Statutes of 1985, in augmentation of Item 9840-001-001 of the Budget Act of 1985 for allocation by the Director of Finance to the following entities in accordance with the following schedule:

(a) To cover extraordinary costs incurred by the following entities in connection with the suppression of fires and other emergency services in connection with those fires:

(1)	To various local agencies	$2,000,000
(2)	To the Anderson Valley Community Service District	$15,000
(3)	To the Department of Forestry	$21,893,000
(b)	To the County of Monterey for the purpose of conducting fishery restoration efforts at Lake San Antonio that will result from erosion and siltation occurring as a result of forest fires this year in the vicinity of the lake	$425,000

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Extreme weather and other conditions have resulted in an unan-

ticipated number of severe fires throughout the state. In order to provide funds to various local agencies, including the Anderson Valley Community Services District, and to the State Department of Forestry for unexpected and extraordinary costs in connection with suppressing and providing other emergency services resulting from those fires and to provide funds for restoration of a fishery in Monterey County attributable to damage caused by fires as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1426

An act to amend Section 15200 of the Welfare and Institutions Code, and to repeal Section 56.9 of Chapter 268 of the Statutes of 1984, relating to children, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

This bill extends the 95/5 AFDC-FC program sharing ratio to June 30, 1988 Extending the sharing ratio sunset date will provide the State and counties the opportunity to negotiate a more equitable sharing ratio for all programs in which the State and local government provide a share of the funding This includes the foster care program

Furthermore, in light of more recent data from the Child Welfare Services program, with respect to caseload and program trends, I am supporting an augmentation to this program However, given the fact that the 1985–86 fiscal year is over one-quarter complete and the counties will require some lead time to hire new staff, I am reducing the appropriation contained in the bill from $15 to $5 million I believe this amount represents a level that can reasonably be expended in the current year However, it is my intention to include full funding of the prior year cost-of-living increases for the Child Welfare Services program in my proposed 1986–87 Budget

With this reduction, I approve Assembly Bill No 454

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 15200 of the Welfare and Institutions Code, as amended by Section 56.7 of Chapter 268 of the Statutes of 1984, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting available federal funds, the following sums:

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e) of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 89.2 percent of the sums specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the support and maintenance of needy children, 95 percent of the sum necessary for the adequate care of each child pursuant to subdivision (d) of Section 11450 for the period

July 1, 1979, to June 30, 1988.

(d) To each county for the support and care of hard-to-place adoptive children, 100 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall remain in effect only until July 1, 1988, and as of that date is repealed, unless a later enacted statute which is chaptered before July 1, 1988, deletes or extends that date.

SEC. 2. Section 15200 of the Welfare and Institutions Code, as amended by Section 56.8 of Chapter 268 of the Statutes of 1984, is amended to read:

15200. There is hereby appropriated out of any money in the State Treasury not otherwise appropriated, and after deducting federal funds available, the following sums:

(a) To each county for the support and maintenance of needy children, 89.2 percent of the sums specified in subdivision (a), and paragraphs (1) and (2) of subdivision (e), of Section 11450.

(b) To each county for the support and maintenance of pregnant mothers, 89.2 percent of the sum specified in subdivisions (b) and (c) of Section 11450.

(c) To each county for the adequate care of each child pursuant to subdivision (d) of Section 11450 the following amounts:

(1) The sum necessary for the adequate care of each child but not to exceed in any month the product of one hundred twenty dollars ($120) multiplied by the number of children in each county receiving foster care. The state shall pay 67.5 percent and the county shall pay 32.5 percent of the aid furnished for the adequate care of such children.

(2) The state shall reimburse counties for the nonfederal costs of providing an additional twelve dollars and fifty cents ($12.50) a month per eligible child to foster parents. In addition the state may, at its discretion, pay on a pro rata basis from funds specifically appropriated in the Budget Act additional aid for the adequate care of foster children receiving aid under subdivision (d) of Section 11450.

The financial benefit accruing from the additional funds available under this paragraph shall be passed on to foster parents in order to more adequately reimburse foster parents for their expense, and to enable counties to more readily recruit and retain a selection of homes suited to the diversified needs of the individual child, and the counties shall not substitute the additional state funds received under this paragraph for county funds being expended for foster care at the time when this section takes effect.

(d) To each county for the support and care of hard-to-place adoptive children, 100 percent of the nonfederal share of the amount specified in Section 16121.

(e) This section shall become operative on July 1, 1988.

SEC. 3. Section 56.9 of Chapter 268 of the Statutes of 1984 is repealed.

SEC. 4. In augmentation of Item 5180-181-001 (b) of Chapter 111

of the Statutes of 1985, there is hereby appropriated from the General Fund to the State Department of Social Services the sum of fifteen million dollars ($15,000,000) for allocation by the department for the provision of child welfare services, as provided for under Chapter 5 (commencing with Section 16500) of Part 4 of Division 9 of the Welfare and Institutions Code. It is the intent of the Legislature that this augmentation be provided in order to fund actual costs in the child welfare services program.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that abused and neglected children in this state can be appropriately protected as required under Chapter 978 of the Statutes of 1982, it is necessary that this act go into immediate effect.

CHAPTER 1427

An act relating to a study of a comprehensive service laboratory, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am deleting the $387,700 appropriation contained in Section 4 of Assembly Bill No 791 for the California State University, Fresno to determine the feasibility of developing and implementing physical, chemical and biological processes for the removal of salts, selenium, and other trace elements from agricultural drain waters in the San Joaquin Valley

The 1985–86 State budget provides $5,071,000 in additional funding for selenium-related projects

I believe that this $5,071,000 program represents a comprehensive State response to the selenium problem in California, and that the proposal contained in this bill should be considered during the normal budgetary process when its merits can be fully reviewed In addition, I believe that California State University, Fresno, is not the appropriate State entity to conduct the program proposed by this bill, since the California State University system is not involved in these kinds of research projects

With this deletion, I approve Assembly Bill No 791

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The Department of Water Resources shall conduct a study to determine the feasibility of entering into an interagency agreement with an appropriate state educational institution to establish a comprehensive, multifunctional service laboratory to provide support for chemical analysis of water, soil, and air systems associated with agricultural activities in this state and which meets the criteria established by Section 2 of this act. The study shall take into consideration services provided by private laboratories in order to avoid duplication of effort.

SEC. 2. (a) The laboratory shall perform analyses on a

production basis and shall furnish reference samples for analytical quality control.

(b) Activities of the laboratory shall include performance of analyses to identify constituents of water, soil, and air samples collected by agencies and organizations seeking to remedy the effects of water, soil, and air contamination associated with irrigation and agricultural operations in the state. Services of the laboratory may be provided to other agencies and organizations requiring analytical services.

(c) The laboratory shall operate a joint analytical data exchange (JADE) project wherein a system shall be developed to establish and maintain a database of the analytical data generated by the laboratory. Similar analytical information from other sources shall be included, where possible, in the database. To minimize unnecessary duplication of effort, the database shall be thoroughly documented, and the documentation shall be publicly available to other agencies, universities, and data analysts. The project shall provide the necessary software and hardware to permit statistical, modeling, and other utilization of the database.

(d) The laboratory shall assess the economic and technological feasibility of alternative forms of physical (including biological means) water treatment methods and establish pilot-testing facilities using those technologies and methods which have potential for contributing to reduction of contaminant levels in agricultural and natural drainage waters.

(e) (1) The laboratory shall perform economic and agronomic analyses of alternative cropping and irrigation practices to identify cost-effective alternatives to reduced crop production. These analyses shall also be conducted to take into account the total economic effects of various cropping and irrigation alternatives.

(2) The analyses required by paragraph (1) shall include, but are not necessarily limited to, all of the following:

(A) Determining the cost-effectiveness associated with production of salt-tolerant crops under a variety of soil salinity conditions.

(B) Determining crop production implications and cost-effectiveness associated with drain water reuse.

(C) Assessment of the cost-effectiveness and utilization potential for surface and buried drip irrigation systems and for shallow-basin flood irrigation.

(f) The laboratory shall conduct a series of informational and educational programs aimed at improving the following:

(1) Public and propriety understanding of water management, water quality, and water resource protection problems associated with irrigated agriculture.

(2) Efficiency of water management techniques and irrigation technologies.

(3) Exchange of technical and scientific information among members of the scientific, technical, and agricultural communities.

SEC. 3. The Department of Water Resources shall submit its final report to the Legislature on or before January 1, 1987.

SEC. 4. The sum of three hundred eighty-seven thousand seven hundred dollars ($387,700) is hereby appropriated from the General Fund to the Department of Water Resources for allocation to California State University, Fresno, for purposes of a determination of the feasibility of developing and implementing specific physical, chemical, or biological processes, or any combination of those processes, for the removal of salts, selenium, and other trace elements from agricultural drain waters in the San Joaquin Valley.

CHAPTER 1428

An act to add Sections 4030.9 and 25351.8 to the Health and Safety Code, relating to hazardous substances, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am approving Senate Bill No 1063 but reducing the $26 million appropriation from the Contingency Reserve for Economic Uncertainties Account in the General Fund by $5 million As I stated in language added to the 1985 Budget Act, for many years we have been addressing the problems resulting from the dumping of toxic wastes at the Stringfellow disposal site in Riverside County It is recognized as one of the top priority toxic waste problems in the United States and will continue to be until the problem is fully corrected The appropriation of $16 million in this bill for Stringfellow represents the latest estimates of what the Department of Health Services can effectively spend during this next year for clean-up and mitigation efforts at the Stringfellow site

I am reducing the $26 million appropriation by $5 million I am eliminating the $3 6 million appropriated to the State Water Resources Control Board to accelerate the Underground Storage Tank program When the underground tank surveillance program was first established, the responsibility for oversight of clean-up activities was to be assumed by local governments The $3 6 million in this bill assumes the State will assume primary responsibility for oversight which is a significant policy change My staff is currently working with the Legislature and other interested parties to resolve the oversight concerns and therefore I believe it would be premature to provide an appropriation to the board in this area

I am also eliminating $1 million appropriated to the Department of Health Services to investigate water contamination in the New River located in Imperial County. Because the source of pollution is outside the United States, and solution alternatives will involve the investment of major resources as well as the cooperation and participation of both the Mexican and United States governments it is inappropriate for this State to unilaterally deal with these problems

With this reduction, I am approving Senate Bill No 1063

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 4030.9 is added to the Health and Safety Code, to read:

4030.9. (a) The Emergency Clean Water Grant Fund is hereby established in the General Fund and, notwithstanding Section 13340

of the Government Code, is continuously appropriated to the department, without regard to fiscal years, to provide financial assistance to public water systems and to fund emergency actions by the department to ensure that safe drinking water supplies are available to all Californians who are served by public water systems.

(b) The department may expend funds in the Emergency Clean Water Grant Fund for the purposes specified in subdivision (a), including, but not limited to, payment for all of the following actions:

(1) The provision of alternative water supplies and bottled water.

(2) Improvements of the existing water supply system.

(3) Hookups with adjacent water systems.

(4) Design, purchase, installation, and operation and maintenance of water treatment technologies.

(c) On or before March 15, 1986, the department shall submit to the Legislature a report containing guidelines for the allocation and administration of moneys in the Emergency Clean Water Grant Fund. These guidelines shall include, but are not limited to, all of the following:

(1) A definition of what constitutes an emergency requiring an alternative or improved water supply.

(2) Priorities and procedures for allocating funds.

(3) Repayment provisions, as appropriate.

(4) Procedures for recovering funds from parties responsible for the contamination of public water supplies.

The guidelines are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 25351.8 is added to the Health and Safety Code, to read:

25351.8. (a) As part of its activities to monitor, assess, and evaluate the nature and extent of the hazardous substance release at the Stringfellow Quarry Class I Hazardous Waste Disposal Site and to conduct remedial and removal actions at the site, the department shall do all of the following:

(1) Determine the sources of the excess levels of radioactivity found in the groundwater in the area south of the Stringfellow site. The department shall identify the source and shall report to the Legislature on or before March 15, 1986, on its findings as to the levels of radioactivity, and the nature and direction of the spread of radioactivity. If the radioactive contamination is determined to be caused by the Stringfellow Acid Pits, the department shall reimburse the General Fund for expenditures pursuant to category (1) of subdivision (a) of Section 3 of the act enacting this section. This reimbursement shall be made from federal funds, the Hazardous Substance Account, or the Hazardous Substance Cleanup Fund.

(2) On or before March 15, 1986, identify and evaluate onsite techniques and methods that are capable of halting the spread of contaminants from the Stringfellow site.

(3) On or before March 15, 1986, establish a schedule for taking

remedial action at the Stringfellow site. The schedule shall include all of the following dates:

(A) A target date for fully and completely characterizing the site.

(B) A target date for completing preparation of a final remedial action plan for the site.

(C) A target date for entering into one or more contracts to carry out the remedial action plan for the site.

(D) A target date for completing an onsite system at the Stringfellow site that is capable of treating the hazardous substance and contaminated groundwater at, underneath, and near the Stringfellow site.

(4) On or before September 1, 1986, submit to the Legislature a status report on the latest results of the department's comprehensive health effects study of Stringfellow area residents.

(5) On or before March 15, 1985, commence hooking up residents of Glen Avon to an alternative safe water supply.

(6) On or before March 15, 1986, develop a plan that provides for an ongoing system to monitor for toxins from the site that could enter the Chino Basin.

(b) Notwithstanding any other provision of law, including, but not limited to, Sections 25334.5 and 25356, the department shall place the highest priority on taking removal and remedial actions at the Stringfellow Quarry Class I Hazardous Waste Disposal site and shall devote sufficient resources to accomplish the tasks required by this section. If the department does not complete the actions, determinations, or reports required by this section by the dates specified in subdivision (a), the department shall report to the Legislature on the reasons for the failure and shall specify the measures the department has taken to ensure prompt and full compliance with the requirements of this section.

(c) After the department completes each of the actions, determinations, or reports required by subdivision (a), the department shall promptly make the results of each action, determination, or report available to the public.

SEC. 3. The sum of twenty-six million dollars ($26,000,000) is hereby appropriated from the contingency reserve for economic uncertainties in the General Fund, as provided in Section 12.30 of the Budget Act of 1985 (Chapter 111, Statutes of 1985), as follows:

(a) Sixteen million dollars ($16,000,000) to State Department of Health Services for expenditure at the Stringfellow Acid Pits without regard to fiscal years in accordance with the following schedule:

Schedule:

(1) To provide a permanent alternative water supply to residents in Glen Avon who now receive bottled water from the state ..... $ 1,600,000

(2) To conduct a comprehensive health study of former and cur-

	rent residents near the Stringfellow Acid Pits to identify and assess both acute and chronic health problems that may be linked to contaminants from the Stringfellow site	$ 800,000
(3)	To establish a Special Stringfellow Reserve Account to be used by the department to fund special investigations and remedial or emergency actions that are necessary to fully protect the health of the residents near Stringfellow if the department determines that funds are not available from other sources including the federal Environmental Protection Agency, the responsible parties, the Hazardous Substance Account, and the Hazardous Substance Cleanup Fund	$13,600,000

(b) One million four hundred thousand dollars ($1,400,000) to the State Department of Health Services for expenditure without regard to fiscal years for the design, purchase, and installation of activated carbon absorption water treatment systems for the Rurban Homes and Richwood Mutual Water Companies and the expansion of the existing carbon treatment system for the Hemlock Mutual Water Company, except that the State Department of Health Services shall not expend the funds appropriated in this subdivision until the State Department of Health Services has entered into a written agreement with the federal Environmental Protection Agency in which the agency agrees to a schedule for reimbursing the state for a portion of design, purchase, and installation costs pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Sec. 9601 et seq.)

(c) Four million dollars ($4,000,000) to be transferred by the Controller to the Emergency Clean Water Grant Fund. This amount is available to the State Department of Health Services without regard to fiscal years, pursuant to Section 4030.9 of the Health and Safety Code, to take remedial action to ensure safe water supplies at public water systems where there is an imminent threat to public health due to contamination of the public water supply and for which the department determines that the situation would not otherwise be adequately addressed through an action funded by any other private, local, state, or federal agency or funding source, including the Hazardous Substance Account and the Hazardous Substance Cleanup Fund. Four hundred thou-

sand dollars ($400,000) shall be used to design, purchase, and install water filtration systems for nitrate removal for the McFarland Mutual Water Company.

(d) Three million six hundred thousand dollars ($3,600,000) to the State Water Resources Control Board to accelerate the cleanup of leaking underground storage tanks in accordance with the following schedule:

(2) To expand cleanup efforts by the Los Angeles Regional Water Quality Control Board	$ 800,000
(3) To expand cleanup efforts by the State Water Resources Control Board and the Los Angeles Regional Water Quality Control Board in the San Gabriel Valley	$ 450,000
(4) To expand statewide cleanup efforts in a manner determined to be most effective by the State Water Resources Control Board	$ 650,000

(e) One million dollars ($1,000,000) to the State Department of Health Services to conduct an investigation of contamination in the New River in Imperial County and to prepare a plan for remedial action.

SEC. 4. Upon installation of the carbon absorption water treatment systems funded in subdivision (b) of Section 3 of this act, the State Department of Health Services shall establish, pursuant to Section 25330.5 of the Health and Safety Code, a subaccount for site operation and maintenance for remedial measures affecting the San Gabriel Valley Superfund site, and shall deposit in the subaccount sufficient funds to cover the costs of operation and maintenance of the carbon absorption water treatment systems at the Richwood, Hemlock, and Rurban Homes Mutual Water Companies for 20 years. The funds shall be allocated from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund.

SEC. 5. Effective June 30, 1987, any unencumbered balance in excess of five million dollars ($5,000,000) remaining in the Special Stringfellow Reserve Account established pursuant to Section 3 of this act shall revert to the General Fund.

tion shall be made to the Chairperson of the Joint Legislative Committee on Superfund Oversight if Assembly Bill 129 of the 1985–86 Regular Session of the Legislature is enacted and becomes effective on or before January 1, 1986, and if Assembly Bill 129 establishes the Joint Legislative Committee on Superfund Oversight. If Assembly Bill 129 is not enacted and does not become effective on or before January 1, 1986, or if Assembly Bill 129 does not establish the Joint Legislative Committee on Superfund Oversight, the notification shall be made to the Chairperson of the Joint Legislative Budget Committee.

The notification shall provide complete documentation of each proposed expenditure, including:

(a) Purposes of the expenditure.

(b) Timetable for expenditure of funds and completion of proposed tasks.

(c) Whether the funds are for contracts, state staff, or operating expenses, and the amounts proposed for each contract or category of expense.

(d) Evaluation of alternative methods of meeting the purposes of the expenditure.

(e) Documentation of cost estimates.

(f) Information regarding the relationship between the proposed expenditure and other expenditures at the site.

(g) Explanation as to why the proposed funding source is appropriate and documentation of efforts to obtain federal, local, and other funds or resources and the support committed by these sources.

SEC. 7. It is the intent of the Legislature that the State Department of Health Services use, to the maximum extent feasible, all federal funds that may be available pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Sec. 9601, et seq.) funds secured from responsible parties, and funds appropriated to the Hazardous Substance Account and the Hazardous Substance Cleanup Fund for the activities required in this act. Furthermore, the Legislature declares that the appropriations made by subdivisions (a) and (b) of Section 3 of this act are necessary to ensure that vital health protection and cleanup activities are not delayed due to delays in the federal reauthorization of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that grave threats to public health and safety caused by ground and surface waters contaminated by hazardous substances can be alleviated without further delay, it is necessary that this act take effect immediately.

CHAPTER 1429

An act to amend Sections 5651 and 5655 of the Fish and Game Code, and to amend Section 152 of the Harbors and Navigation Code, relating to oil spills, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 5651 of the Fish and Game Code is amended to read:

5651. Whenever it is determined by the department that a continuing and chronic condition of pollution exists, the department shall report that condition to the appropriate regional water quality control board, and shall cooperate with the board in obtaining correction or abatement in accordance with any laws administered by the board for the control of practices for sewage and industrial waste disposal.

SEC. 2. Section 5655 of the Fish and Game Code is amended to read:

5655. (a) In addition to the responsibilities imposed pursuant to Section 5651, the department may clean up or abate the effects of any petroleum or petroleum product deposited or discharged in the waters of this state or deposited or discharged in any location onshore or offshore where the petroleum or petroleum product is likely to enter the waters of this state, order any person responsible for the deposit or discharge to clean up the petroleum or petroleum product or abate the effects of the deposit or discharge, and recover any costs incurred as a result of the cleanup or abatement from the responsible party.

(b) No order shall be issued pursuant to this section for the cleanup or abatement of petroleum or petroleum products in any sump, pond, pit, or lagoon used in conjunction with crude oil production which is in compliance with all applicable state and federal laws and regulations.

(c) The department may issue an order pursuant to this section only if there is an imminent and substantial endangerment to human health or the environment and the order shall remain in effect only until any cleanup and abatement order is issued pursuant to Section 13304 of the Water Code. A regional water quality control board shall incorporate the department's order into the cleanup and abatement order issued pursuant to Section 13304 of the Water Code, unless the department's order is inconsistent with any more stringent requirement established in the cleanup and abatement order. Any action taken in compliance with the department's order is not a violation of any subsequent regional water quality control board

cleanup and abatement order issued pursuant to Section 13304 of the Water Code.

(d) All money recovered or received pursuant to this section shall be deposited in the Fish and Game Preservation Fund.

(e) For purposes of this section, "petroleum product" means oil in any kind or form, including, but not limited to, fuel oil, sludge, oil refuse, and oil mixed with waste other than dredged spoil. "Petroleum product" does not include any pesticide which has been applied for agricultural, commercial, or industrial purposes or has been applied in accordance with a cooperative agreement authorized by Section 2426 of the Health and Safety Code, which has not been discharged accidentally or for purposes of disposal, and whose application was in compliance with all applicable state and federal laws and regulations.

SEC. 3. Section 5655 of the Fish and Game Code is amended to read:

5655. (a) In addition to the responsibilities imposed pursuant to Section 5651, the department may clean up or abate, or cause to be cleaned up or abated, the effects of any petroleum or petroleum product deposited or discharged in the waters of this state or deposited or discharged in any location onshore or offshore where the petroleum or petroleum product is likely to enter the waters of this state, order any person responsible for the deposit or discharge to clean up the petroleum or petroleum product or abate the effects of the deposit or discharge, and recover any costs incurred as a result of the cleanup or abatement from the responsible party.

(b) No order shall be issued pursuant to this section for the cleanup or abatement of petroleum products in any sump, pond, pit, or lagoon used in conjunction with crude oil production which is in compliance with all applicable state and federal laws and regulations.

(c) The department may issue an order pursuant to this section only if there is an imminent and substantial endangerment to human health or the environment and the order shall remain in effect only until any cleanup and abatement order is issued pursuant to Section 13304 of the Water Code. A regional water quality control board shall incorporate the department's order into the cleanup and abatement order issued pursuant to Section 13304 of the Water Code, unless the department's order is inconsistent with any more stringent requirement established in the cleanup and abatement order. Any action taken in compliance with the department's order is not a violation of any subsequent regional water quality control board cleanup and abatement order issued pursuant to Section 13304 of the Water Code.

(d) All money recovered or received pursuant to this section shall be deposited in the Fish and Game Preservation Fund.

(e) For purposes of this section, "petroleum product" means oil in any kind or form, including, but not limited to, fuel oil, sludge, oil refuse, and oil mixed with waste other than dredged spoil. "Petroleum product" does not include any pesticide which has been

applied for agricultural, commercial, or industrial purposes or has been applied in accordance with a cooperative agreement authorized by Section 2426 of the Health and Safety Code, which has not been discharged accidentally or for purposes of disposal, and whose application was in compliance with all applicable state and federal laws and regulations.

SEC. 4. Section 152 of the Harbors and Navigation Code is amended to read:

152. All state agencies with cleanup or other responsibilities under the state oil spill contingency plan established pursuant to Article 3.5 (commencing with Section 8574.1) of Chapter 7 of Division 1 of Title 2 of the Government Code, shall perform their responsibilities under that plan under the direction of the chairperson, or his designee, of the State Interagency Oil Spill Committee. The state agency coordinator, as designated under the state oil spill contingency plan, shall cooperate with the federal on-scene coordinator to the maximum extent feasible. All state agencies responding to an oil spill, or any threat thereof, shall notify, in writing, the appropriate regional water quality control board of the nature of the spill, or threat thereof, and of the corrective action taken or contemplated.

SEC. 5. The Department of Fish and Game shall report to the Legislature and the Governor by July 1, 1988. The report shall contain the department's findings of the needs identified as a result of the research and studies provided in Section 7 and its recommendations of appropriate action to be taken in responding to the needs identified. The department's report shall also describe whether it has been successful in securing petroleum samples and cargo manifests, through the voluntary cooperation of the oil and gas and maritime industries, needed to implement the laboratory research authorized in paragraph (1) of subdivision (a) of Section 7 of this act.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. (a) The sum of two million two hundred fifty thousand dollars ($2,250,000) is hereby appropriated from the Fish and Game Preservation Fund to the Department of Fish and Game for expenditure during the 1986–87, 1987–88, and 1988–89 fiscal years in the following amounts and for the following purposes:

(1) Three hundred fifty thousand dollars ($350,000) for laboratory and consultant contract costs incurred in obtaining, cataloging, storing, and examining petroleum samples and cargo manifests requested and received from owners and operators of vessels transporting petroleum or petroleum products in state waters.

(2) Five hundred thousand dollars ($500,000) for contracts for equipment, consultant services, and other services related to state agency oil spill response command, control, and communications; the cleaning of oiled birds and marine mammals; oil spill response personnel training and practice drills; other activities of state agencies associated with the cleanup and abatement of oil spills; the evaluation and assessment of the damage to wildlife and living marine resources from oil spills; and the biennial publication of a containment, cleanup, and damage evaluation and assessment manual for use by the State Interagency Oil Spill Committee and by any other governmental agency responding to an oil spill.

(3) One million two hundred fifty thousand dollars ($1,250,000) for consultant service contracts and for costs of surveys of existing research programs and any necessary additional research on the effects of chemical dispersants on wildlife and living marine resources; the periodic revision, in cooperation with the State Water Resources Control Board, of the list of licensed oil spill cleanup agents; and the biennial publication of an instructional manual which sets forth a decision process for approving the use of oil spill cleanup agents, a list of state-licensed oil spill cleanup agents, criteria for selecting those agents, and directions for applying those agents.

(4) One hundred fifty thousand dollars ($150,000) for consultant service contracts and costs incurred in compiling existing and producing new surveys and maps, in cooperation with the National Oceanic and Atmospheric Administration, the United States Minerals Management Service, and any other appropriate agency of the federal government and the maritime and oil and gas industries, of sensitive fish and wildlife habitat in, and immediately adjacent to, state waters that are particularly vulnerable to oil spills for the purpose of siting containment and cleanup equipment at locations near those habitat areas.

(b) This section shall become operative when and only if Senate Bill 959 of the 1985–86 Regular Session of the Legislature is enacted and allocates at least two million two hundred fifty thousand dollars ($2,250,000) to the Fish and Game Preservation Fund

SEC. 8. Section 3 of this bill incorporates amendments to Section 5655 of the Fish and Game Code proposed by both this bill and AB 1835. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, but this bill becomes operative first, (2) each bill amends Section 5655 of the Fish and Game Code, and (3) this bill is enacted after AB 1835, in which case Section 5655 of the Fish and Game Code, as amended by Section 2 of this bill, shall remain operative only until the operative date of AB 1835, at which time Section 3 of this bill shall become operative.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

It is essential that, as soon as possible, the Department of Fish and

Game, which chairs the state's Interagency Oil Spill Committee, be provided with authority to clean up and abate oil spills in state waters and that a Fish and Game Department oil spill response program be established, using federal offshore oil revenues which the state is about to receive. In the absence of immediate enactment of this bill, there is no assurance that the state will have adequate authority or financial resources to respond to an oil spill such as the Puerto Rican spill which recently occurred near San Francisco Bay. It is thus necessary that this act take effect immediately.

CHAPTER 1430

An act to add Article 10 (commencing with Section 54250) to Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, and to add Sections 10013 and 10014 to the Public Utilities Code, relating to water pollution control.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The Legislature recognizes that federal grant money for constructing and improving local wastewater and sewerage systems has sharply declined during the last several years. Because current levels of federal and state grant funding are inadequate, an additional two billion dollars ($2,000,000,000) is needed in California to meet current clean water goals. Consequently, alternative methods of financing the construction, operation, and improvement of wastewater and sewerage systems must be developed and encouraged.

(b) The Governor's Infrastructure Review Task Force report of April 1984 identified one alternative method of financing needed wastewater treatment systems, called privatization.

(c) The Legislature has authorized the City of Norco, Riverside County, to enter into a privatization project for the provision of wastewater and sewerage services and has exempted the project from the jurisdiction of the Public Utilities Commission, as provided in Chapter 1112 of the Statutes of 1984, effective September 13, 1984. In granting this exemption, the Legislature recognized that there were unique and compelling circumstances applicable solely to the City of Norco that would not be generally applicable statewide and did not intend for this specific exemption to set a precedent for any future privatization projects of a similar type.

(d) In order to become a feasible alternative, privatization must be capable of meeting the public's need for reliable, quality service at a cost equal to, or lower than, it could obtain with conventional

financing.

(e) Notwithstanding Chapter 1112 of the Statutes of 1984, it is in the public interest to ensure that any future contracts entered into by a local agency with any corporation, partnership, or person for the provision of wastewater or sewerage services minimize construction, financing, and operating risks to the local agency, and that the public receive the same reliable quality of service that it would have received if the facility were publicly owned and operated.

SEC. 2. Section 10013 is added to the Public Utilities Code, to read:

10013. (a) Prior to signing an executed franchise, license, or service agreement with a local agency, a privatizer shall apply to the commission for a determination that the proposed privatization project is not a public utility within the meaning of Section 216 and is therefore exempt from commission regulation. When a privatizer files an application with the commission, the privatizer shall include the information the commission requires to make a determination in accordance with subdivisions (b), (c), (d), and (e).

(b) (1) Not later than 30 calendar days after the privatizer submits its application to the commission, the commission shall determine in writing whether the application is complete and shall immediately transmit the determination to the privatizer.

(2) If the application is determined not to be complete, the commission shall specify in writing those parts of the application which are incomplete and shall indicate the manner in which it can be made complete, including a list and thorough description of the specific information needed to complete the application. The applicant shall submit materials to the commission in response to the list and description. Upon resubmittal of the application, a new 30-calendar-day period shall begin, during which the commission shall determine the completeness of the application.

(3) If the application is deemed complete, the commission may determine not later than 30 calendar days after the application is deemed complete that the privatization project is not a public utility within the meaning of Section 216 and is therefore exempt from commission regulation, if the commission finds that the application clearly complies with the criteria in subdivisions (d) and (e). If the commission does not make this finding, then it shall proceed under the schedule established in subdivision (c).

(4) If the commission fails to make a written determination as to the completeness of the application within 30 calendar days after receipt of the original or resubmitted application, the application shall be deemed complete for purposes of this section.

(c) Within 90 calendar days after the application is deemed complete, the commission shall determine whether the privatization project is a public utility within the meaning of Section 216 using the criteria in subdivisions (d) and (e). The commission may hold a hearing on the matter if the commission finds it to be necessary. If the commission takes no action within that time period, the project

shall be deemed exempt from commission regulation. No franchise, license, or service agreement between a privatizer and a local agency shall be entered into until the commission has either exempted the project or the 90-calendar-day period has expired, whichever comes first. Nothing in this section precludes a privatizer and the commission from mutually agreeing to a further extension of any time limit provided in this section.

(d) The commission may determine that a privatization project is not a public utility within the meaning of Section 216, and is therefore exempt from commission regulation if it finds that the application submitted and any subsequent changes to the executed franchise, license, or service agreement both demonstrates that the local agency retains sufficient jurisdiction to protect the public interest and adequately addresses all aspects of the provision of service which would otherwise be subject to commission regulation. In making its determination, the commission shall not determine whether the local agency has complied with Section 54253 of the Government Code. The decision of the commission shall be final and conclusive in the absence of any subsequent changes.

(e) In making a determination pursuant to subdivision (c), the commission shall review the application and any subsequent changes to the executed franchise, license, or service agreement to ensure that the application or executed agreement, where applicable, grants the local agency, at a minimum, all of the following:

(1) Exclusive authority to establish all rates and rate changes charged to the public.

(2) Approval over any proposal of the privatizer to provide new, additional, or alternative service to any other public or private entity or to change the service fee paid to the privatizer by the local agency.

(3) Approval over the original design and construction of the project, including any changes in design, alterations, or additions to the project.

(4) Approval over any changes in ownership of the party or parties subject to the franchise, license, or service agreement.

(5) Authority to impose fines and penalties for noncompliance with any provision of the executed franchise, license, or service agreement, or for failure to provide the service within the time period agreed to in the franchise, license, or service agreement.

(6) Authority to ensure that the facility is adequately maintained.

(7) Adequate opportunity to monitor compliance with the agreement and to ensure the project will be operated to meet any applicable federal or state water quality standards or other applicable laws.

(8) Adequate opportunity to amend the agreement in the event of unforeseen circumstances or contingencies, such as flood, earthquake, fire, or other natural disasters or federal tax law changes.

(f) The commission may adopt whatever procedures it deems necessary to carry out the provisions of subdivisions (a), (b), (c), (d), and (e). The commission shall adopt regulations for reviewing any

proposed changes to an executed franchise, license, or service agreement to determine if the proposed changes could render the project a public utility within the meaning of Section 216. The commission shall charge each privatizer submitting an application pursuant to this section a fee which will be sufficient to defray the costs incurred in processing the application and rendering a decision upon it.

(g) As used in this section, "privatization project" means any wastewater or sewerage project that is owned and operated by a privatizer pursuant to a franchise, license, or service agreement with a local agency, or any agency of that local agency, pursuant to which services are supplied for the benefit of the local agency, its residents, or both, or any agency of the state. "Project" includes, but is not limited to, financing, designing, constructing, repairing, replacing, maintaining, and operating collector systems, pumping stations, treatment plants, and lateral interceptors, and outfall sewers. "Local agency" means any city, county, city and county, special district, or county service area. "Privatizer" means any corporation, partnership, or natural person, excluding municipal corporations, which owns and operates a wastewater or sewerage project pursuant to a franchise, license, or service agreement with a local agency. "Privatization project," as used in this section, includes the Santa Ana Watershed Project Authority's Arlington Basin Groundwater Desalter Project, which will treat groundwater contaminated by wastewater.

SEC. 3. Section 10014 is added to the Public Utilities Code, to read:

10014. The commission may enter into a contract with a local agency to provide any technical assistance needed to comply with Section 10013, if the contract includes provisions for the commission to be reimbursed for its estimated reasonable costs.

SEC. 4. Article 10 (commencing with Section 54250) is added to Chapter 5 of Part 1 of Division 2 of Title 5 of the Government Code, to read:

Article 10. The Local Government Privatization Act of 1985

54250. The following definitions shall control the construction of this article:

(a) "Local agency" means any city, county, city and county, special district, or county service area.

(b) "Commission" means the Public Utilities Commission.

(c) "Privatization project" means any wastewater or sewerage project that is owned and operated by a corporation, partnership, or natural person pursuant to a franchise, license, or service agreement with a local agency or any agency of that local agency pursuant to which services are supplied for the benefit of the local agency, its residents, or both, or any agency of the state. "Privatization project," as used in this article, includes the Santa Ana Watershed Project

Authority's Arlington Basin Groundwater Desalter Project, which will treat groundwater contaminated by wastewater.

(d) "Project" includes, but is not limited to, financing, designing, constructing, repairing, replacing, maintaining, and operating collector systems, pumping stations, treatment plants, and lateral interceptors, and outfall sewers.

(e) "Privatizer" means any corporation, partnership, or natural person, excluding municipal corporations, which owns and operates a wastewater or sewerage project pursuant to a franchise, license, or service agreement with a local agency.

54251. (a) A local agency may, pursuant to this article, authorize, grant, or enter into one or more exclusive or nonexclusive franchise, license, or service agreements with a privatizer for the design, ownership, financing, construction, maintenance, or operation of a privatization project.

(b) A local agency may enact any measures necessary and convenient to carry out this article.

(c) Notwithstanding Section 25210.77b, within a county service area, a county may fix a charge in excess of ten dollars ($10) for each acre of land, or ten dollars ($10) for each parcel of land of less than one acre for sewer standby charges subject to a privatization project pursuant to this article.

54252. (a) In accordance with Section 10013 of the Public Utilities Code, prior to signing an executed franchise, license, or service agreement with a local agency, a privatizer shall apply to the commission for a determination that the proposed privatization project is not a public utility within the meaning of Section 216 of the Public Utilities Code and is therefore exempt from commission regulation. The application shall include such information as the commission requires to make this determination, as well as any information needed to comply with subdivisions (d) and (e) of Section 10013 of the Public Utilities Code.

(b) A local agency may contract with the commission for any technical assistance deemed necessary to comply with Section 10013 of the Public Utilities Code and shall reimburse the commission for estimated reasonable costs. The local agency may charge the privatizer a fee to pay these costs.

54253. No franchise, license, or service agreement for a privatization project pursuant to this article shall be entered into between a local agency and a privatizer, unless and until all of the following occur:

(a) The privatizer has filed an application with the commission and the commission has made a determination that the project is exempt pursuant to subdivision (c) of Section 10013 of the Public Utilities Code.

(b) The local agency has selected the privatizer through a competitive procedure which is not based solely on the price offered by the privatizer.

(c) The local agency has evaluated the project's design, capacity,

financial feasibility, and cost compared with other conventional financing methods, as well as other alternatives to the project and found that the project's costs will be equal to, or lower than, conventional financing.

(d) The local agency has conducted a noticed public hearing on the proposed franchise, license, or service agreement. The notice for the public hearing shall be published pursuant to Section 6062 and shall contain, at a minimum, all of the following:

(1) A statement that the privatizer has applied for an exemption from commission regulation, pursuant to Section 10013 of the Public Utilities Code.

(2) A statement describing the proposed privatization project, including its cost and service area.

(3) A statement of the time and place of the public hearing to be held for the purpose of hearing public comments on the proposed franchise, license, or service agreement for the privatization project.

(4) A statement of where and when the proposed franchise, license, or service agreement will be available for public inspection prior to the hearing.

(e) The local agency has adopted the executed franchise, license, or service agreement for a privatization project by ordinance which states that it is subject to the provisions for referendum applicable to a local agency.

(f) The local agency retains ownership over any treated effluent from the privatization project that is not consigned to an outfall sewer but is made available for commercial or agricultural use.

(g) The agreement contains provisions stating it shall be subject to the state's prevailing wage laws.

(h) The local agency has met and conferred with all affected employee organizations under whose jurisdiction the work or service proposed under the franchise, license, or service agreement would normally be performed. The local agency shall make all reasonable efforts to avoid reducing its existing work force or demoting its existing employees as a result of entering into the franchise, license, or service agreement. If any adverse impacts which are raised by either party during the meet and confer process are necessary, the local agency shall adopt by resolution detailed findings explaining the necessity for the adverse impacts.

(i) The local agency finds that the privatizer has the expertise to ensure the continued operation and maintenance of the privatization project. This expertise shall include, but not be limited to, an adequate number of personnel certified in wastewater treatment plant operations pursuant to Chapter 9 (commencing with Section 13625) of Division 7 of the Water Code.

(j) The agreement contains provisions to ensure that the privatization project is operated to meet any applicable federal or state water quality standards or other laws.

54254. A local agency's compliance with Section 54253 shall constitute compliance with Division 3 (commencing with Section

6001) of the Public Utilities Code.

54255. (a) Any ordinance subject to referendum under Section 54253 shall be published after adoption as required by law for ordinances of the local agency generally, or, if there is no requirement applicable to the ordinance, then once pursuant to the provisions of Sections 6040 through 6044 within 15 days after the adoption of the ordinance.

(b) If a local agency does not otherwise have statutory power to enact an ordinance pursuant to Section 54253, the governing body of the local agency may introduce and enact an ordinance at any regular or adjourned regular meeting by a majority vote of all of its members. If ordinances of a local agency are not otherwise subject to referendum, then the local agency may proceed as follows:

(1) The governing body of the local agency may refer any ordinance enacted pursuant to Section 54253 to the electors of the local agency in the same manner as the board of supervisors of a county may refer county questions pursuant to Section 3750 of the Elections Code.

(2) The electors of the local agency shall have the right to petition for referendum on the ordinance in the same manner and subject to the same rules as are set forth in Sections 3751 to 3754, inclusive, of the Elections Code, except that all computations referred to in those sections and officers of the county mentioned in those sections shall be construed to refer to comparable computations and officers of the local agency.

(c) If the governing board of a local agency is an elected board, the electors of the local agency for the purposes of this section shall be the electors of the territory entitled to vote at elections for members of the governing board or in the case of county service area, the electors within the county service area. If a local agency does not have an elected governing board, the electors residing within the boundaries of the local agency who would be qualified to vote for candidates for Governor at any gubernatorial election shall be the electors of the local agency for the purposes of this section.

54256. In the event an ordinance enacted pursuant to Section 54253 authorizing a local agency to enter into a privatization project agreement is subjected to a successful referendum election, no ordinance authorizing the local agency to enter into a franchise, license, or service agreement for the same or substantially the same purpose shall be passed by that local agency for a period of one year from the date of the referendum, repeal, or rescission.

SEC. 3. Article 6 (commencing with Section 54720) is added to Chapter 9 of Part 29 of the Education Code, to read:

Article 6. School-Based Pupil Motivation and Maintenance Program and Dropout Recovery Act

54720. The Legislature finds that there is an increasing percentage of pupils in school who are in danger of not satisfactorily completing a high school diploma program, or its equivalent, and that these pupils will face additional dangers due to inadequate academic, job, and social competencies.

The Legislature further finds that the characteristics of high-risk pupils are well documented and consist of, but are not limited to, the following school-related factors: absenteeism, truancy, and frequent tardiness; poor grades; low math and reading scores; failure in one or more grades; limited extracurricular participation; lack of identification with the school; failure to see the relevance of education to life experience; boredom with school; disruptive

behavior and rebellious attitudes toward authority; verbal and language deficiencies; and inability to tolerate structured activities.

The Legislature further finds that all youth are entitled to an opportunity for a free education at public expense that culminates in a high school diploma or its equivalent.

The Legislature further finds that there are numerous educationally sound programs, practices, and interventions for alleviating school-related factors for high-risk pupils.

The Legislature also finds and declares that it has established many categorical, optional, and alternative programs to address the needs of high-risk pupils and that provisions to waive those statutes or regulations for purposes of maximizing resources and coordinating programs already exist.

In recognition of the fact that all youth are entitled to a free public education culminating in a high school diploma, or its equivalent, and that a high percentage of California's youth are in danger of not reaching that goal, it is the intent of the Legislature to increase the student holding power of schools through the effective coordination and promotion of existing categorical and apportionment programs, and to increase student holding power generated through improved attendance and increases in apportionment revenues. Many schools which serve a disproportionate number of high-risk youth are unable, because of the immediate problem of inadequate revenues, to retain acceptable percentages of their pupils.

It is the intent of the Legislature to provide greater flexibility for schools and school districts to better coordinate the categorical funds and optional apportionment programs while ensuring that schools continue to receive categorical funds and optional apportionments to meet their needs.

It is further the intent of the Legislature to focus the authority to exercise that flexibility at the school level, with the approval and under the policy direction of, the governing board.

The Legislature further intends to provide supplemental revenue to those schools to improve programs and increase school motivation and maintenance and dropout recovery programs, thereby placing financially disadvantaged schools in a position eventually to generate adequate revenue from existing apportionment programs.

54721. Unless the context otherwise requires, the definitions in this section shall govern the construction of this article.

(a) "Motivation and maintenance" means the ability of schools to provide a high quality curriculum and programs of instruction that will keep pupils in school and reduce pupil absenteeism, truancy, tardiness, and school dropout rates.

(b) "Retention rate" means the percentage of time schools hold pupils. If a pupil enrolled in a school attends each class period or day of instruction, that school's retention rate would be 100 percent.

(c) "High-risk pupils" are those pupils who are susceptible to frequent absenteeism, truancy, or tardiness, or who have the potential to dropout from school for, among other factors, pregnancy

or marriage, financial needs, dislike of school, classes, or teachers, lack of basic skills, disciplinary problems, low self-esteem, emotional or physical problems, or feelings of alienation.

(d) "Outreach consultant" means a person knowledgeable about school programs and operations, community agencies and resources, and business and employment opportunities who is capable of coordinating these systems and resources to support the needs of high-risk pupils.

(e) "Dropout rate" means the percentage of pupils enrolled in any of grades 7 to 12, inclusive, who stop attending school prior to graduation from high school and who do not request, within 45 school days of leaving school, that their academic records be forwarded to another school.

54722. The provisions of this article shall apply only to school districts and schools which participate in school motivation and maintenance programs pursuant to this article. No school may operate pursuant to this article unless an application to operate a school motivation and maintenance program has been submitted and approved by the Superintendent of Public Instruction, and unless a newly developed plan or a revision of the previously approved plan has been approved by the local governing board and is retained at the school site. These plans shall be available to the Superintendent of Public Instruction upon request and shall be made available to the public on a reasonable basis pursuant to the provisions of the California Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

For purposes of this article, wherever appropriate, the provisions of Article 3 (commencing with Section 52850) and Article 5 (commencing with Section 52885) of Chapter 12 of Part 28 shall apply.

54723. (a) A school district on behalf of a school may apply to use funds or generate and expend apportionments allocated pursuant to Article 8 (commencing with Section 8240) of Chapter 2 of Part 6, Article 4 (commencing with Section 8750) of Chapter 4 of Part 6, Article 5 (commencing with Section 44520) of Chapter 3 and Article 1 (commencing with Section 44670) of Chapter 3.1 of Part 25, Article 1 (commencing with Section 48400) and Article 3 (commencing with Section 48430) of Chapter 3 of Part 27, Article 2 (commencing with Section 48630) and Article 3 (commencing with Section 48650) of Chapter 4 of Part 27, Article 5.5 (commencing with Section 51745) and Article 7 (commencing with Section 51760) of Chapter 5 of Part 28, Article 15 (commencing with Section 51870) of Chapter 5, Chapter 6 (commencing with Section 52000), Chapter 8 (commencing with Section 52200), Article 1 (commencing with Section 52300) and Article 2 (commencing with Section 52340) of Chapter 9 of this part, Article 1 (commencing with Section 52500) and Article 6 (commencing with Section 52610) of Chapter 10 of Part 28, Chapter 1 (commencing with Section 54000) and Chapter 2

(commencing with Section 54100) of Part 29, and Part 30 (commencing with Section 56000), and Chapter 1 (commencing with Section 500) of Part 2 of Division 2 of the Military and Veterans Code, without complying with the provisions of those statutes or the related California Administrative Code regulations, provided that the school and school district meet the criteria established in this article.

(b) In no event shall subdivision (a) be construed to include bilingual education programs established pursuant to Article 3 (commencing with Section 52160) of Chapter 7 within the provisions of this article.

54724. A school site council shall be established at each school that participates in motivation and maintenance programs. The council shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by the parents; and, in secondary schools, pupils selected by pupils attending the school.

At the secondary level, the council shall be constituted to ensure parity between (a) the principal, classroom teachers and other school personnel; and (b) equal numbers of parents and pupils.

At both the elementary and secondary levels, classroom teachers shall comprise the majority of persons represented under category (a).

Existing schoolwide advisory groups or school support groups may be utilized as the school site council if the groups conform to the provisions of this section.

The Superintendent of Public Instruction shall provide several examples of selection and replacement procedures that may be considered by school site councils.

54725. The governing board of each school district shall do all of the following:

(a) Ensure that the principal of each school receives information covering the provisions of this article, and provides that information to teachers, other school personnel, parents, and, in secondary schools, pupils.

(b) Adopt policies to ensure that, prior to a school beginning to develop a plan pursuant to Section 54726, a school site council, as described in Section 54724, is established at the school site to consider whether or not it wishes the local school to participate in school-based motivation and maintenance program. The board shall ensure that all interested persons, including, but not limited to, the principal, teachers, other school personnel, parents, and, in secondary schools, pupils have an opportunity to meet in public to establish the council.

(c) Ensure that funds coordinated pursuant to this article are used to supplement, not supplant, existing state and local fiscal efforts.

54726. For school-based motivation and maintenance programs, the school site council shall develop a school plan for increasing the retention rate of the school for all pupils with special emphasis on the needs of high-risk pupils. For schools establishing school-based motivation and maintenance programs, the plan shall include, but need not be limited to, all of the following:

54727. Any governing board, on behalf of a school site council, may request the State Board of Education to grant a waiver of any provision of this article. The State Board of Education may grant a request when it finds that the failure to do so would hinder the implementation or maintenance of a successful school-based coordinated program or pupil motivation and maintenance program.

If the State Board of Education approves a waiver request, the waiver shall apply only to the school or schools that requested the waiver and shall be effective for no more than two years. The State Board of Education may renew a waiver request.

54728. If a school district and school choose to include within the provisions of this article funds allocated pursuant to Article 1 (commencing with Section 52300) of Chapter 9, the school district shall use those funds exclusively for preparing individuals for employment.

The adopted rules and regulations shall require each certified educational clinic to authorize the State Department of Education to conduct audits for the purpose of examining its financial records.

The adopted rules and regulations shall also require that any fund balances remaining under a contract which is not fully performed shall be returned to the Superintendent of Public Instruction for reallocation without regard to fiscal year.

58559. Each eligible school dropout participating in any program under this chapter shall have on file with the appropriate certified

(2) The defendant's promise not to depart this state without leave of the court.

(3) Agreement by the defendant to waive extradition if the

defendant fails to appear as required and is apprehended outside of the State of California.

(4) The acknowledgment of the defendant that he or she has been informed of the consequences and penalties applicable to violation of the conditions of release.

SEC. 2. Section 1318.1 of the Penal Code is amended to read:

1318.1. A court may, with the concurrence of the board of supervisors, employ an investigative staff for the purpose of recommending whether a defendant should be released on his or her own recognizance.

The salaries of such staff are a proper charge against the county.

SEC. 3. Section 1320 of the Penal Code is amended to read:

1320. (a) Every person who is charged with the commission of a misdemeanor who is released from custody on his or her own recognizance and who in order to evade the process of the court willfully fails to appear as required, is guilty of a misdemeanor. (b) Every person who is charged with the commission of a felony who is released from custody on his or her own recognizance and who in order to evade the process of the court willfully fails to appear as required, is guilty of a felony, and upon conviction shall be punished by a fine not exceeding five thousand dollars ($5,000) or by imprisonment in the state prison, or in the county jail for not more than one year, or by both such fine and imprisonment. It shall be presumed that a defendant who willfully fails to appear within 14 days of the date assigned for his or her appearance intended to evade the process of the court.

SEC. 4. Section 13825 of the Penal Code is repealed.

SEC. 5. Section 17 of Chapter 873 of the Statutes of 1979 is amended to read:

Sec. 17. Sections 4, and 11 to 13, inclusive, of this act shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. The remainder of this act shall remain in effect only until December 31, 1985.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 1433

An act to add Sections 44261.7 and 44276 to the Education Code, relating to education.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 44261.7 is added to the Education Code, to read:

44261.7. Commencing July 1, 1988, the minimum requirements for a clear teaching credential also include satisfactory completion of computer education coursework which includes general and specialized skills in the use of computers in educational settings, in accordance with regulations established by the commission.

SEC. 2. Section 44276 is added to the Education Code, to read:

44276. (a) The Legislature hereby finds and declares that California's public school pupils need quality instruction and support in the areas of computer education in order to develop the skills necessary for entry into an increasingly technological society. The Legislature recognizes that computers and other technologies are an integral part of contemporary society and the state educational system.

It is the intent of the Legislature in enacting this section to provide a statewide standard for the preparation of educational personnel in the areas of computer education.

(b) For purposes of this section, "computer education" means the process of teaching pupils about computers.

(c) The Commission on Teacher Credentialing, in consultation with the Superintendent of Public Instruction, may develop and disseminate voluntary standards for the training and performance of teachers and resource personnel in the area of computer education.

(d) The Commission on Teacher Credentialing shall study the effectiveness of the training and performance of teachers and resource personnel in the area of computer education, and shall submit a report on the results of the study to the Legislature on or before December 31, 1987.

CHAPTER 1434

An act relating to wildlife, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) During 1986, a small migratory songbird called the Least Bell's Vireo (Vireo bellii pusillus) is expected to be listed as an endangered species by the Secretary of the Department of Interior. The bird has already been determined to be endangered by the state.

(b) The total population of the birds in the United States, about 300 pairs, is in southern California and predominantly in San Diego County, although significant populations also inhabit Riverside and San Bernardino Counties. The reasons for the bird's precipitous decline in numbers are primarily the destruction of their preferred habitat by urban development and agriculture, and parasitism by a nonendangered species, the Brown Headed Cowbird (Molothrus ater).

(c) It is unquestionable that the Vireo qualifies for listing as an endangered species. However, its habitat lies partially in areas of southern California which are scheduled for critical transportation, flood control, and water quality improvements.

(d) It is desirable that these projects proceed on or near their original schedules while satisfying the requirements of the Endangered Species Act, and that the Least Bell's Vireo be saved from extinction and encouraged to expand its numbers and range.

SEC. 2. Notwithstanding subdivision (g) of Section 21191 of the Public Resources Code, the sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the State Highway Account in the State Transportation Fund to the Department of Transportation for allocation on a 50-50 matching fund basis to the San Diego Association of Governments to develop, through a cooperative effort, a program which consists of an overall plan and strategy for recovery of the Least Bell's Vireo, individual habitat conservation plans, and a management project in the species' habitat area. The program shall include all the following components:

(a) A task force which includes broad representation from involved local, state, and federal agencies and concerned groups in the private sector. The task force shall include, but not be limited to, representatives from the City of San Diego, the County of San Diego, the County of Riverside, the County of San Bernardino, the City of Oceanside, the City of Santee, the Audubon Society, San Diego State University, the Zoological Society of San Diego, the San Diego County Water Authority, the Department of Transportation, the Department of Fish and Game, and the United States Fish and Wildlife Service. The task force shall act as a selection panel and make a recommendation to the San Diego Association of Governments on the hiring of the environmental consultant and shall review and comment on the plan and program provided for in subdivision (b) for the purpose of assuring that appropriate species and habitat management occurs.

(b) A plan and program which includes all of the following:

(1) A plan for the conservation of the species on a rangewide basis, in the context of planning for riparian habitat generally.

(2) Development of individual habitat conservation plans, particularly with respect to riparian habitat areas where significant and multipurpose uses are contemplated.

(3) Development of institutional arrangements which would provide for the future preservation and maintenance of appropriate habitat for the species.

(4) Development of an ongoing, active management program in cooperation with other local, state, and federal agencies and public and private sector interests.

(c) At the request of the task force, involving as advisers the Zoological Society of San Diego and San Diego State University in habitat identification, development of management procedures, and research into the feasibility of captive propagation of the species.

(d) Conducting, at the consensus of the task force, field projects to enhance habitat areas, reduce cowbird parasitism or, if appropriate, both.

(e) Providing all management and support activities necessary for the resolution of conflicts and in support of preservation of the species.

(f) Including in the program other areas of the species range including Riverside and San Bernardino Counties.

(g) Encouraging private and public agency financial participation in habitat enhancement, species management, and other programs by proponents of projects which conflict with the species habitat.

CHAPTER 1435

An act to amend Section 25144 of, to add Article 7 (commencing with Section 44558) to Chapter 1 of Division 27 of, and to repeal Section 25162 of, the Health and Safety Code, relating to hazardous waste, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25144 of the Health and Safety Code is amended to read:

25144. Except as regulated by the Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. Sec. 6901 et seq.), a biological process on the property of the producer treating oil, its products, and water, and producing an effluent which is continuously discharged to

navigable waters in compliance with a permit issued pursuant to Section 402 of the Federal Water Pollution Control Act (33 U.S.C. Sec. 1342) is exempt from this chapter. However, residues produced in the treatment process and subsequently removed that conform to any criterion adopted pursuant to Section 25141 are not exempt.

SEC. 2. Section 25162 of the Health and Safety Code is repealed.

SEC. 3. The Legislature hereby finds and declares that a need exists to provide financial incentives to industry to invest in facilities which treat, recycle, destroy, or dispose of hazardous waste to reduce the amount of hazardous wastes disposed of in landfills. In addition, while it is recognized that the pollution control facility financing program administered by the California Pollution Control Financing Authority has successfully utilized tax exempt revenue bonds to lower the borrowing costs of industry for financing pollution control facilities, including certain hazardous waste facilities, the Legislature also finds that the hazardous waste facility financing program provided by Article 7 (commencing with Section 44558) of Chapter 1 of Division 27 of the Health and Safety Code will further enhance and accelerate industry investment in those facilities, and will complement the authority's existing programs.

SEC. 4. Article 7 (commencing with Section 44558) is added to Chapter 1 of Division 27 of the Health and Safety Code, to read:

Article 7. Hazardous Waste Reduction Incentive Program

44558. (a) The authority may contract with qualified financial institutions or agencies, including, but not limited to, banks, investment and mortgage bankers, insurance companies, sureties, and guarantors, to provide any necessary support for the granting of credit to enable the authority to better provide the financial assistance which the authority is authorized to provide, pursuant to Section 44526, to a participating party, for a project specified in Section 44558.1. The authority may, in providing financial assistance, expend up to two hundred fifty thousand dollars ($250,000) from the Hazardous Waste Reduction Incentive Account for each project.

(b) The forms of financial assistance which the authority may provide under this article include, but are not limited to, payments to reduce, but not eliminate, the interest rate on loans, payments of part or all of the cost of acquiring letters of credit, insurance, guarantees, or other forms of credit support, or payment of part or all of the authority's costs in issuing revenue bonds.

44558.1. A project for which financial assistance may be provided pursuant to this article shall meet all of the following requirements:

(a) The project shall be located in California.

(b) The project shall be used to acquire, construct, or install equipment to recycle or treat hazardous wastes by removing liquids or reducing the toxicity of the hazardous waste, thereby reducing the need to dispose of the hazardous waste into or onto the land, including land farms, deep injection wells, surface impoundments,

and landfills. The project shall not utilize surface impoundments of hazardous waste for the purpose of evaporation.

(c) The project shall comply with any other requirements which the authority, in consultation with the State Department of Health Services, the State Water Resources Control Board, the State Air Resources Board, and any other appropriate state agency, may determine.

(d) The State Department of Health Services, and other state agencies as appropriate, shall inspect the project when construction is completed and operation has begun, and at suitable intervals thereafter, to ensure that the project appropriately recycles or treats hazardous waste. Inspection reports shall be submitted to the authority.

44558.2. A participating party receiving a loan or other form of financial assistance pursuant to this article shall provide the authority with an annual report, in the form prescribed by the authority, describing the performance of the project.

44558.3. (a) The Hazardous Waste Reduction Incentive Account is hereby created in the General Fund.

The funds deposited in that account shall be available, upon appropriation by the Legislature in the annual Budget Act, for carrying out the purposes of this article.

(b) Notwithstanding Section 16475 of the Government Code, any interest earned or increment which accrues in the Hazardous Waste Reduction Incentive Account shall be credited to that account and shall not be transferred to the Surplus Money Investment Fund.

SEC. 5. (a) The sum of two million six hundred thousand dollars ($2,600,000) is hereby transferred from the General Fund to the Hazardous Waste Reduction Incentive Account.

(b) The sum of two million six hundred thousand dollars ($2,600,000) is hereby appropriated from the Hazardous Waste Reduction Incentive Account to the California Pollution Control Financing Authority for the purpose of carrying out Article 7 (commencing with Section 44558) of Chapter 1 of Division 27 of the Health and Safety Code.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the urgent need to provide financing for equipment which lessens the need to dispose of hazardous waste on land, and the danger to the public health and the environment caused by the land disposal of hazardous waste, it is necessary that this act take effect immediately.

CHAPTER 1436

An act to amend and renumber Section 6254.1 of the Government Code, relating to pesticides.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6254.1 of the Government Code is amended and renumbered to read:

6254.2. (a) Nothing in this chapter exempts from public disclosure the same categories of pesticide safety and efficacy information that are disclosable under paragraph (1) of subsection (d) of Section 10 of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136h(d)(1)), if the individual requesting the information is not an employee or agent specified in subdivision (h) and signs the affirmation specified in subdivision (h).

(b) The Director of Food and Agriculture, upon his or her initiative, or upon receipt of a request pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1) for the release of data submitted and designated as a trade secret by a registrant or applicant, shall determine whether any or all of the data so submitted is a properly designated trade secret. In order to assure that the interested public has an opportunity to obtain and review pesticide safety and efficacy data and to comment prior to the expiration of the public comment period on a proposed pesticide registration, the director shall provide notice to interested persons when an application for registration enters the registration evaluation process.

(c) If the director determines that the data is not a trade secret, the director shall notify the registrant or applicant by certified mail.

(d) The registrant or applicant shall have 30 days after receipt of this notification to provide the director with a complete justification and statement of the grounds on which the trade secret privilege is claimed. This justification and statement shall be submitted by certified mail.

(e) The director shall determine whether the data is protected as a trade secret within 15 days after receipt of the justification and statement or, if no justification and statement is filed, within 45 days of the original notice. The director shall notify the registrant or applicant and any party who has requested the data pursuant to the California Public Records Act of that determination by certified mail. If the director determines that the data is not protected as a trade secret, the final notice shall also specify a date, not sooner than 15 days after the date of mailing of the final notice, when the data shall be available to any person requesting information pursuant to subdivision (a).

(f) "Trade secret" means data that is nondisclosable under paragraph (1) of subsection (d) of Section 10 of the Federal Insecticide, Fungicide, and Rodenticide Act.

(g) This section shall be operative only so long as, and to the extent that, enforcement of paragraph (1) of subsection (d) of Section 10 of the Federal Insecticide, Fungicide, and Rodenticide Act has not been enjoined by federal court order, and shall become inoperative if an unappealable federal court judgment or decision becomes final that holds that paragraph invalid, to the extent of the invalidity.

(h) The Director of Food and Agriculture shall not knowingly disclose information submitted by an applicant or registrant pursuant to Article 4 (commencing with Section 12811) of Chapter 2 of Division 7 of the Food and Agricultural Code to any employee or agent of any business or other entity engaged in the production, sale, or distribution of pesticides in countries other than the United States or in other countries in addition to the United States, or to any other person who intends to deliver this information to any foreign or multi-national business or entity, unless the applicant or registrant consents to this disclosure. To implement this subdivision, the director shall require the following affirmation to be signed by the person who requests information pursuant to this section:

This affirmation is required by Section 6254.2 of the Government Code.

I have requested access to information submitted by an applicant or registrant under the California Food and Agricultural Code. I hereby affirm all of the following:

(2) I will not purposefully deliver or negligently cause the data to be delivered to such a business or entity or its agents or employees.

I am aware that I may be subject to criminal penalties under Section 118 of the Penal Code if I make any statement of material facts knowing that the statement is false or if I willfully conceal any material fact.

Name	Organization

Client, if you are requesting access on behalf of someone other than the organization or affiliation listed above	

(i) Notwithstanding any other provision of this section, the Director of Food and Agriculture may disclose information submitted by an applicant or registrant to any person in connection with a public proceeding conducted under law or regulation, if the director determines that the information is needed to determine whether a pesticide, or any ingredient of any pesticide, causes unreasonable adverse effects on health or the environment.

(j) The director shall maintain records of the names of persons to whom data is disclosed pursuant to this section and the persons or organizations they represent and shall inform the applicant or registrant of the names and the affiliation of these persons.

(k) Section 118 of the Penal Code applies to any affirmation made pursuant to this section.

(m) This section does not prohibit any person from maintaining a civil action for wrongful disclosure of trade secrets.

(n) The director may limit an individual to one request per month pursuant to this section if the director determines that a person has made a frivolous request within the past 12-month period.

CHAPTER 1437

An act to add Sections 97.85 and 99.5 to the Revenue and Taxation Code, relating to public finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 97.85 is added to the Revenue and Taxation Code, to read:

97.85. (a) Notwithstanding any other provision of law, the 1982–83 fiscal year business inventory exemption subvention previously authorized by Section 16113 of the Government Code, may be removed by any county from the allocation and apportionment formula prescribed by this chapter, so long as the amount which is removed from each jurisdiction in the county represents the jurisdiction's most recent allocation of that subvention pursuant to Section 97.5. This section shall not apply to any county which in the 1980–81 fiscal year removed that subvention authorized by Section 16113 of the Government Code, as it read then, from the allocation and apportionment formula by spreading the reduction across tax rate areas or reducing the annual tax increment computation.

(b) For the 1984–85 fiscal year only, any county of the first class may remove the 1982–83 fiscal year business inventory exemption subvention referred to in subdivision (a) from the allocation and apportionment formula prescribed by this chapter on the basis of the amounts credited to each jurisdiction for the subvention and related nonexempt revenues in the 1978–79 fiscal year, and the growth in those revenues during any subsequent year. However, commencing with the 1985–86 fiscal year, any county of the first class shall adjust the apportionment percentages pursuant to Section 97.5 as if the county in the 1984–85 fiscal year had removed that business inventory exemption subvention on the basis of each jurisdiction's most recent allocation of the subvention pursuant to this chapter, rather than on the basis of the amount of the subvention and related nonexempt revenues credited to each jurisdiction in the 1978–79 fiscal year and each subsequent year.

(c) In the event a county of the first class removed the business inventory exemption subvention referred to in subdivision (a) during the 1984–85 fiscal year in accordance with subdivision (b), for the 1985–86 fiscal year only, the county auditor shall compute for each local agency its share of the additional local agency revenues which resulted from making the adjustment authorized by subdivision (b), rather than removing the business inventory exemption subvention in accordance with the most recent allocation of that subvention. The precise amount of each local agency's share of the additional revenue shall be calculated, rather than a pro rata amount based on the 1984–85 fiscal year property tax allocations. The county auditor shall then subtract the share of each local agency from the 1985–86 fiscal year property tax allocation of the local agency, except that for the county the amount of the reduction shall be the difference between the share for the county and the amount not yet billed to the state for holding in local detention facilities parolees who have violated the conditions of parole and are awaiting disposition of their cases as a result of parole revocation hearings, as audited jointly by the Department of Finance and the Department

of Corrections. The total of all such reductions shall be added on a pro rata basis to the 1985–86 property tax allocations of school entities. The adjustments required by this subdivision shall be in addition to the required 1985–86 fiscal year adjustment of the apportionment percentages pursuant to subdivision (b).

(d) It is the intent of the Legislature that the shift of funds between certain local agencies and school entities, as required by subdivision (c), shall offset the 1984–85 fiscal year loss of school entity property tax revenues from the 1984–85 fiscal year adjustment authorized by subdivision (b). It is also the intent of the Legislature that with the above exclusion of counties from the adjustment to 1985–86 fiscal year property tax allocations the state shall not reimburse a county of the first class, pursuant to Section 4016.5 of the Penal Code, for its costs incurred before May 1, 1985, and not yet billed to the state, for holding in local detention facilities parolees who have violated the conditions of parole and are awaiting disposition of their cases as a result of parole revocation hearings.

SEC. 2. Section 99.5 is added to the Revenue and Taxation Code, to read.

99.5. (a) For the purposes of the computations required by this chapter for the 1986–87 fiscal year and fiscal years thereafter, in the case of any transfer of property tax revenues between local agencies which is adopted and approved in conformity with subdivisions (b) and (c), the county auditor shall adjust the allocation of property tax revenue determined pursuant to Section 97, or the annual tax increment determined pursuant to Section 98, for those local agencies whose allocation would be altered by the transfer.

(b) Commencing with the 1986–87 fiscal year or any fiscal year thereafter, a local agency may, by the adoption of a resolution of its governing board, determine to exchange any portion of its property tax revenues which is allocable to one or more tax rate areas, with one or more other local agencies having the same tax rate area or tax rate areas. Upon the adoption of the resolution, the governing board of the local agency shall notify the board of supervisors of the affected county.

If the transfer of property tax revenues will alter the property tax revenue allocation of a city, the governing board of the local agency shall, upon adoption of the resolution, also notify the affected city.

(c) If the board of supervisors of the affected county concurs with the proposed exchange of property tax revenues, it shall, by resolution, approve the exchange and notify the county auditor. If the property tax allocation of a city would be affected by the exchange, the board shall not notify the county auditor pursuant to this subdivision until the city council of the affected city has, by resolution, approved the proposed exchange of property tax revenues.

(d) Upon receipt of notification from the board of supervisors pursuant to subdivision (c), the county auditor shall make the necessary adjustments specified in subdivision (a).

(e) Prior to the adoption by the governing board of a local agency of a resolution pursuant to subdivision (b), the local agency shall hold a public hearing to consider the effect of the proposed transfer. Notice of the hearing shall be published pursuant to Section 6061 of the Government Code in one or more newspapers of general circulation within the local agency.

(f) No local agency shall reallocate property tax revenue pursuant to this section unless the transfer will not result in any increase in the ratio between the amount of revenues of the transferring agency which are generated by regulatory licenses, use charges, user fees, or assessments and the amount of revenues of the transferring agency used to finance services provided by it.

(g) This section applies only to exchanges affecting the Ventura Regional Sanitation District located within the County of Ventura.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 3.5. The Legislature finds and declares in enacting Section 2 of this act that a special law is necessary and that a general law cananot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique fiscal circumstances involving the Ventura County Regional Sanitation District located within the County of Ventura.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide local agencies with sufficient time to plan for the orderly transfer of service areas and service responsibilities, it is necessary that this act go into immediate effect.

17885. (a) Revenue bonds issued under this chapter are not and shall not be deemed to constitute a debt or liability of the state, or any political subdivision thereof, and are not and shall not be deemed to be a pledge of the faith and credit of the state, or any political

subdivision thereof, other than the authority. Revenue bonds of the authority shall be payable solely from funds provided under this chapter.

(b) Each revenue bond of the authority shall include a statement on the face of the bond that neither the State of California nor the authority is obligated to pay the principal or interest thereon, except from revenues of the authority, and shall also include a statement that neither the faith or credit, nor the taxing power of the State of California, nor any political subdivision, is pledged to the payment of the principal or interest of the bonds.

(c) The issuance of revenue bonds under this chapter shall not directly, indirectly, or contingently obligate the state, or any political subdivision thereof, to levy or pledge any form of taxation, or make any appropriation for their payment.

(a) Any holder of revenue bonds issued under this chapter, or any coupons appertaining thereto, or the trustee or trustees under any trust agreement, indenture, or resolution, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any rights conferred under state law, by this chapter, or under the terms of any trust agreement, indenture, or resolution, except to the extent that these rights may be otherwise restricted by any resolution authorizing the issuance of these bonds, or by any trust agreement or indenture securing these bonds.

(b) Any holder of revenue bonds issued under this chapter, or any coupons appertaining thereto, or the trustee or trustees under any trust agreement, indenture, or resolution, may enforce and compel the performance of all duties required under this chapter, or by any trust agreement, indenture, or resolution, to be performed by the authority, or by any officer, employee, or agent of the authority.

17887. All moneys received under this chapter, whether received as proceeds from the sale of revenue bonds or as revenues, are trust funds to be held and applied solely as provided in this chapter. 17888. (a) The authority may provide for the issuance of the revenue bonds of the authority for the purpose of refunding any bonds, or any series or issue of the revenue bonds of the authority then outstanding, and may include the payment of any redemption premium for those bonds and any interest accrued or to accrue to the date of redemption and purchase or maturity of those bonds.

(b) The proceeds of any bonds issued for the purpose of refunding of outstanding bonds may, in the discretion of the authority, be applied to the purchase or redemption prior to maturity or retirement at maturity of the outstanding bonds on their earliest or any subsequent redemption date or upon the purchase or at the

maturity thereof, or paid to a third person to assume the authority's obligation to make those payments, and may, pending that application, be placed in escrow to be applied to the purchase or retirement at maturity or redemption on any date or dates as may be determined by the authority.

(c) Any escrowed proceeds, pending such use may be invested and reinvested in obligations or securities authorized by resolution of the authority, maturing at any time or times as shall be appropriate to assure the prompt payment, as to principal, interest, and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income and profits, if any, earned or realized on any investment may also be applied to the payment of the outstanding bonds to be so refunded or of interest in the refunding bonds. After the terms of the escrow have been fully satisfied and carried out, any balance of proceeds and interest, income profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner.

(d) All refunding bonds are subject to the provisions of this chapter, in the same manner and to the same extent, as other bonds issued pursuant to this chapter.

(b) The authority is not required to pay any taxes or assessments upon, or with respect to, any project or property acquired by or for the authority under this chapter, or upon any income therefrom, or on or from any other assets or operations of the authority.

17891. (a) The State of California pledges and agrees with the holders of the bonds issued pursuant to this chapter, and with those parties who may enter into contracts with the authority pursuant to the provisions of this chapter, that the state will not limit, alter, or restrict the rights hereby vested in the authority to finance educational facilities. The State of California pledges and agrees to

fulfill the terms of any agreements made with the holders of bonds authorized by this chapter, and with the parties who may enter into contracts with the authority pursuant to this chapter, and pledges and agrees not to impair the rights or remedies of the holders of any revenue bonds or any parties until the bonds, together with interest, are fully paid and discharged and any contracts are fully performed on the part of the authority.

(b) The authority shall have the right to include the pledges made pursuant to this section in its revenue bonds and contracts.

17892. (a) Pledges by or to the authority of revenues, moneys, accounts, accounts receivable, contract rights, or other rights to payment of any other kind made by or to the authority pursuant to this chapter shall be valid and binding from the time the pledge is made for the benefit of the pledges, and the successors thereto.

(b) The revenues, moneys, accounts, accounts receivable, and other rights to payment of any other kind pledged and thereafter received by the authority or its assignees, shall immediately be subject to the lien of the pledge without physical delivery, or any further act. The lien of any pledge shall be valid and binding against all parties, irrespective of whether the parties have notice of the claim. The trust agreement, indenture, resolution, or other instrument by which any pledge is created need not be recorded.

17893. (a) The authority shall fix, revise, charge, and collect rents for the use of each project owned by the authority, and may contract with any person, partnership, association, corporation, or other body, whether public or private, for that purpose. (1) To pay the principal, sinking fund payments, if any, premiums, if any, and the interest on outstanding bonds of the authority issued in respect of the project when due and payable.

(2) To create and maintain reserves which may, but need not necessarily be required or provided for, in the resolution relating to the revenue bonds of the authority.

The authority may issue additional revenue bonds which may be ranked on a parity with other bonds relating to the project to the extent, and under the terms and conditions provided, in the bond resolution.

(c) The authority and a participating school district may include in any lease or agreement between them or with a credit provider

any terms and conditions relating to insurance, liquidity, or credit enhancement of the bonds, or any other lawful terms and conditions the authority deems necessary or desirable to facilitate the purposes of this chapter.

17894. The authority may authorize any participating school district to act as its agent in the performance of acts specifically approved by the authority, and all acts required under Article 3 (commencing with Section 39140) of Chapter 1 of Part 23. The authorizations may include, but are not necessarily limited to, all of the following:

(a) The selection of school sites.

(b) The securing of appraisals.

(c) Contracts for architectural services.

(d) The advertisement for construction bids and the entry into contracts for construction.

(e) The purchase of furniture and equipment.

17895. Whenever the principal and interest on bonds issued by the authority to finance the cost of a project, or to refinance the outstanding indebtedness of one or more participating school districts, including any refunding bonds issued to refund and refinance those bonds, have been fully paid or retired, or whenever adequate provision has been made to fully pay and retire the bonds, and all other conditions of the resolution, lease, trust indenture and any security interest, or any other instrument or instruments authorizing and securing the bonds have been satisfied and the lien of security interest has been released in accordance with those provisions, the authority shall promptly provide for and execute any releases, release deeds, reassignments, deeds, and conveyances as are necessary and required to convey or release its rights, title, and interest in the project financed, to the participating school districts.

17896. (a) This chapter shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized in this chapter, and shall be deemed as being supplemental and additional to the powers conferred by other applicable laws, except that the issuance of revenue bonds and refunding bonds and the undertaking or projects or financings under this chapter need not comply with the requirements of any other laws applicable to the issuance of bonds, including, without limitation, Division 13 (commencing with Section 21000) of the Public Resources Code.

(b) Except as provided in subdivision (a), the financing of a project under this chapter shall not exempt a project from any of the requirements of law which are otherwise applicable to the project.

17897. To the extent that the provisions of this chapter are inconsistent with any other provisions of any general statute, or a special act or parts thereof, the provisions of this chapter shall be deemed controlling.

17898. Any net earnings of the authority beyond that necessary for the retirement of any obligations issued by the authority, or to

implement the purposes of this chapter, may inure only to the benefit of the State of California or the authority.

17899. Upon the dissolution of the authority, title to all property owned by the authority shall vest in the successor authority created by the Legislature, if any, if the successor authority meets the requirements of Section 103 of the federal Internal Revenue Code of 1954, as amended, and its implementing regulations, as an authority entitled to issue obligations on behalf of the State of California, the interest from which is exempted from federal income taxation.

In the event that a successor authority is not created, title to all property owned by the authority shall vest in the State of California.

17899.1. (a) Any participating school district, exclusively for the purpose of securing financing of projects or working capital through the issuance of revenue bonds by the authority, and notwithstanding any other provision of law, may borrow money or lease educational facilities from the authority, and in connection therewith, lease property to the authority, at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other payment, security, default, remedy, and other terms or provisions as may be specified in a loan, loan purchase, lease, or other agreement between the authority and the participating school district, subject to the following conditions:

(1) The sum of the amount borrowed and the interest payable thereon shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district funds which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the district.

(2) In computing the maximum amount which may be borrowed in any fiscal year pursuant to paragraph (1), the district may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(3) A participating school district that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan within 15 months of the loan date.

(4) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating school district must demonstrate to the satisfaction of the authority that, during the term of any loan received pursuant to this chapter, the participating school district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating school district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Any participating school district may enter into any

agreement for liquidity or credit enhancement, with any reimbursement, interest, security, and other terms it may deem necessary or appropriate in connection with the borrowing of money or the lease of educational facilities, whichever is applicable.

(c) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the borrowing of money or lease of educational facilities from the authority. Any agreement entered into in connection with the borrowing of money or the lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement in connection with it under this section, need not comply with the requirements of any other law applicable to borrowing, leasing, or credit, as the case may be, by a school district.

17899.2. An action may be commenced under Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure to determine the validity of any issuance or proposed issuance of revenue bonds, the loan of the proceeds thereof, the lease of facilities financed or refinanced under this chapter, or the legality and validity of any proceedings previously taken or proposed in a resolution of the authority to be taken for the authorization, issuance, sale, and delivery of the bonds, for the use of the proceeds thereof, or for the payment of the principal and interest thereon.

17899.3. (a) The total amount of revenue bonds which may be issued and outstanding at any time under this chapter shall not exceed two hundred fifty million dollars ($250,000,000).

(b) For purposes of subdivision (a), bonds which meet any of the following conditions shall not be deemed to be outstanding:

CHAPTER 1439

An act to amend Sections 25334.5, 25356, and 25360 of, and to add Sections 25335, 25351.1, and 25355.5 to, the Health and Safety Code, relating to hazardous substances, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25334.5 of the Health and Safety Code is amended to read:

25334.5. (a) The department shall prepare, as part of the Governor's Annual Budget, a site-specific plan of expenditures for removal and remedial actions to be paid for pursuant to Section 25385.6. The department shall include, in the plan, a review of the status of each removal and remedial action, including, but not limited to, the major tasks and deadlines, the priority ranking of these sites for cleanup by the department and the federal government, the remedial action plan approval schedule, the progress on a cooperative agreement with the federal government, negotiations with responsible parties, and the projected revenue sources. The department shall update this plan annually by detailing any changes in the plan, and shall also update the plan as specified in subdivisions (b) and (c). The department shall also include, in the plan, a projection of the cash flow for each remedial and removal action for at least a five-year period, including a review of receipts from responsible parties, cost recovery actions, federal moneys, and loan payments.

(b) The department shall periodically update the expenditure plan to reflect any changes in the priority ranking of sites when this list is revised pursuant to Section 25356, including the addition of newly ranked sites.

(c) The director shall notify the Chairperson of the Joint Legislative Budget Committee, the chairperson of the policy committee of the Assembly designated by the Speaker of the Assembly, and the chairperson of the policy committee of the Senate designated by the Senate Rules Committee, in writing, at least 30 days before adding new sites to the expenditure plan or changing the priority ranking of sites in the expenditure plan.

SEC. 2. Section 25335 is added to the Health and Safety Code, to read:

25335. The department shall submit requests to transfer funds appropriated in schedules (b) and (c), as set forth in Section 7 of the act that enacted this section, together with supporting information and an expenditure plan, to the policy committee of the Assembly designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee for review and approval. The requests shall be submitted to the policy committee of the Assembly designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee not later than 30 days, or any lesser period of time determined by the chairpersons of the committees, before submitting requests for authorization to expend the funds to the Hazardous Substance Cleanup Committee, as required by Section 25385.6. If both the policy committee of the Assembly designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee disapproves the request, by a majority vote of each committee membership, the Hazardous

Substance Cleanup Committee shall not authorize the department to expend the funds. If either the policy committee of the Assembly designated by the Speaker of the Assembly or the policy committee of the Senate designated by the Senate Rules Committee fails to take any action to approve or disapprove the requested transfer of funds within 30 days after submittal of the request, or if only one committee disapproves the request, the Hazardous Substance Cleanup Committee may authorize the department to expend the funds.

SEC. 3. Section 25351.1 is added to the Health and Safety Code, to read:

25351.1. (a) Except as provided in subdivision (b), and notwithstanding Section 13340 of the Government Code, there is hereby transferred annually from the state account to the Hazardous Substance Clearing Account, and appropriated therefrom, the sum of five million dollars ($5,000,000) for the payment of the principal of, and interest on, bonds sold pursuant to Article 7.5 (commencing with Section 25385).

(b) Each year, the sum transferred and appropriated pursuant to subdivision (a) shall be reduced by the amounts recovered pursuant to Section 25360 and deposited in the Hazardous Substance Clearing Account during the previous calendar year.

(c) This section shall become operative on July 1, 1987.

SEC. 4. Section 25355.5 is added to the Health and Safety Code, to read:

25355.5. (a) Except as provided in subdivisions (b), (c), and (d), no money shall be expended from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund for removal or remedial actions on any site selected for inclusion on the list established pursuant to Section 25356, unless the department first takes both of the following actions:

(1) The department issues one of the following orders or enters into the following agreement:

(A) The department issues an order specifying a schedule for compliance or correction pursuant to Section 25187.

(B) The department issues an order establishing a schedule for removing or remedying the release of a hazardous substance at the site, or for correcting the conditions that threaten the release of a hazardous substance. The order shall include, but is not limited to, requiring specific dates by which necessary corrective actions shall be taken to remove the threat of a release, or dates by which the nature and extent of a release shall be determined and the site adequately characterized, a remedial action plan shall be prepared, the remedial action plan shall be submitted to the department for approval, and a removal or remedial action shall be completed.

(C) The department enters into an enforceable agreement with a potentially responsible party for the site which requires the party to take necessary corrective action to remove the threat of the release, or to determine the nature and extent of the release and

adequately characterize the site, prepare a remedial action plan, and complete the necessary removal or remedial actions, as required in the approved remedial action plan.

(2) The department determines, in writing, that the potentially responsible party or parties for the hazardous substance release site have not complied with all of the terms of an order issued pursuant to subparagraph (A) or (B) of paragraph (1) or an agreement entered into pursuant to subparagraph (C) of paragraph (1). Before the department determines that a potentially responsible party is not in compliance with the order or agreement, the department shall give the potentially responsible party written notice of the proposed determination and an opportunity to correct the noncompliance or show why the order should be modified. After the department has made the final determination that a potentially responsible party is not in compliance with the order or agreement, the department may expend money from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund for a removal or remedial action.

(b) Subdivision (a) does not apply, and money from the Hazardous Substance Account or the Hazardous Substance Cleanup Fund shall be available, upon appropriation by the Legislature, for removal or remedial actions, if any of the following conditions apply:

(1) The department, after a reasonable effort, is unable to identify a potential responsible party for the hazardous substance release site.

(2) The department determines that immediate corrective action is necessary, as provided in Section 25354.

(3) The director determines that removal or remedial action at a site is necessary because there may be an imminent and substantial endangerment to the public health or welfare or to the environment.

(c) Notwithstanding subdivision (a), the department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Account to issue an order or enter into an enforceable agreement pursuant to paragraph (1) of subdivision (a), and to review, comment upon, and approve or disapprove remedial action plans submitted by potentially responsible parties subject to the orders or the enforceable agreement.

(d) Notwithstanding subdivision (a), the department may expend funds, upon appropriation by the Legislature, from the Hazardous Substance Cleanup Fund or the Hazardous Substance Account to provide for oversight of removal and remedial actions, or to provide the state's share of a removal or remedial action, if the site is also listed on the federal act (42 U.S.C. Sec. 9604(c)(3)).

(e) A responsible party who fails, as determined by the department in writing, to comply with an order issued pursuant to subparagraph (A) or (B) of paragraph (1) of subdivision (a), or to comply with all of the terms of an enforceable agreement entered into pursuant to subparagraph (C) of paragraph (1) of subdivision (a), shall be deemed, for purposes of subdivision (b) of Section 25355,

to have failed to take action properly and in a timely fashion with respect to a hazardous substance release or a threatened release.

SEC. 5. Section 25356 of the Health and Safety Code is amended to read:

25356. (a) The department shall adopt, by regulation, the criteria for the selection and for the priority ranking of sites for remedial action under this chapter. The criteria shall take into account the pertinent factors relating to the public health and the environment, which shall include, but are not limited to, potential hazards to public health and environment, the risk of fire or explosion, toxic hazards, the estimated costs of remedial action, the public health benefits resulting from the remedial action, and the criteria established pursuant to Section 105(8) of the federal act (42 U.S.C. Sec. 9605(8)).

(b) The department shall publish and revise, at least annually, a listing of the sites subject to this chapter. The sites shall be categorized and placed on one of the following lists:

(1) A list of the hazardous substance release sites for which the department has identified a responsible party, and the responsible party is in compliance, as determined by the department, with an order issued, or an enforceable agreement entered into, pursuant to subdivision (a) of Section 25355.5. The department may, at its discretion, rank sites on this list in accordance with the criteria adopted pursuant to subdivision (a) for the priority ranking of sites.

(2) A list of the hazardous substance release sites for which all of the following apply:

(A) The department has not been able to identify a responsible party or the responsible party is not in compliance, as determined by the department, with an order issued, or an enforceable agreement entered into, pursuant to subdivision (a) of Section 25355.5.

(B) The nature and extent of the hazardous substance release at the site has not been adequately characterized by the responsible party or the department.

The department shall characterize a site on the list before ranking the site on the list described in paragraph (3). The department may use the ranking of sites published in its January 1985 report entitled "Expenditure Plan for the Hazardous Substance Cleanup Bond Act of 1984," as revised, to establish priorities for characterizing the sites.

(3) A list of the hazardous substance release sites which were previously listed pursuant to paragraph (1), if the sites have been adequately characterized but the responsible parties are not in compliance with an order or enforceable agreement issued or entered into pursuant to subdivision (a) of Section 25355.5, or sites which were previously listed pursuant to paragraph (2) but which have since been adequately characterized by the department. Sites on the list specified in this paragraph shall be ranked in accordance with the criteria adopted for the priority ranking of sites pursuant to subdivision (a).

(c) The department's development and publication of the listings

of sites, pursuant to subdivision (b), are not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) Funds appropriated to the department for remedial action shall be expended in conformance with the priority ranking of sites, as established on the list of sites specified in paragraph (3) of subdivision (b), except that funds appropriated for remedial action may be expended without conforming to the priority ranking if both of the following apply:

(1) The funds are necessary to monitor removal or remedial actions conducted by private parties listed pursuant to paragraph (1) of subdivision (b) or the state funds are necessary for the state share of a removal or remedial action pursuant to Section 104(c)(3) of the federal act (42 U.S.C Sec. 9604(c)(3)).

(2) The funds are used for either of the following purposes:

(A) To assess, evaluate, and characterize the nature and extent of a hazardous substance release on sites listed pursuant to paragraph (2) of subdivision (b).

(B) To carry out activities pursuant to paragraph (2) or (3) of subdivision (b), or subdivision (c) or (d) of, Section 25355.5.

(e) Funds may be expended on more than one site on the list specified in paragraphs (2) and (3) of subdivision (b) at any one time. In addition, funds may be expended for oversight of any activities conducted by a responsible party on more than one site on the list specified in paragraph (1) of subdivision (b) at any one time.

(f) This section does not require the department to characterize every site listed pursuant to paragraph (2) of subdivision (b) before the department may begin removal or remedial actions at sites listed pursuant to paragraph (3) of subdivision (b).

SEC. 6. Section 25360 of the Health and Safety Code is amended to read:

25360. Any costs incurred and payable from the state account or the Hazardous Substance Cleanup Fund shall be recovered by the Attorney General, upon the request of the department, from the liable person or persons. The amount of any costs which may be recovered pursuant to this section, for a remedial or removal action paid from the Hazardous Substance Cleanup Fund, shall include the amount paid from that fund and interest on that amount calculated at a rate equal to the interest rate of the bonds sold pursuant to Article 7.5 (commencing with Section 25385). In addition, the person or persons are liable to the department for administrative costs in an amount equal to 10 percent of the reasonable cost actually incurred, or five hundred dollars ($500), whichever is greater.

The amount of cost determined pursuant to this section shall be recoverable in a civil action. Nothing in this section deprives a party of any defense he or she may have.

Moneys recovered by the Attorney General pursuant to this section shall be deposited in the state account, except that, if the costs incurred were paid from the Hazardous Substance Cleanup Fund,

the Attorney General shall deposit the amounts recovered into the Hazardous Substance Clearing Account. Moneys deposited in the Hazardous Substance Clearing Account pursuant to this section are available to pay the principal of, and interest on, bonds sold pursuant to Article 7.5 (commencing with Section 25385).

SEC. 7. The sum of eighty-seven million seven hundred ninety-one thousand dollars ($87,791,000) is hereby appropriated from the Hazardous Substance Cleanup Fund to the State Department of Health Services, for purposes specified in Section 25385.6 of the Health and Safety Code. Notwithstanding Section 13340 of the Government Code, these funds are appropriated, and shall be available for expenditure, without regard to fiscal years, in accordance with the State Department of Health Services expenditure plan developed pursuant to Section 25334.5 of the Health and Safety Code, as specified in the following schedule:

Schedule:

(a) For the costs of removal or remedial actions incurred by the state, or by any local agency with approval of the State Director of Health Services, and for site characterization, as provided in paragraphs (2) and (3) of subdivision (b) of Section 25385.6 of the Health and Safety Code and as further provided in the expenditure plan prepared pursuant to Section 25334.5 of the Health and Safety Code	$34,341,000
(b) For the state share of a removal or remedial action pursuant to Section 104(c)(3) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Sec. 9604(c)(3)), as provided in paragraph (1) of subdivision (b) of Section 25385.6 of the Health and Safety Code	$14,240,000
(c) For reserve for transfer to (a) or (b), pursuant to provision (4)	$32,710,000
(d) For the state's share of removal and remedial action at Stringfellow Acid Pits, up to six million five hundred thousand dollars ($6,500,000) as needed to meet the state's share of removal and remedial action costs pursuant to Section	

104(c)(3) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Sec. 9604(c)(3)), as provided in paragraph (1) of subdivision (b) of Section 25385.6 of the Health and Safety Code.

If less than six million five hundred thousand dollars ($6,500,000) is necessary for removal and remedial action at the Stringfellow Acid Pits under this schedule, the remaining sum is transferred to Schedule (c).

Provisions:

1. The funds appropriated in Schedule (a) shall be expended in acccordance with the expenditure plan prepared by the State Department of Health Services pursuant to Section 25334.5 of the Health and Safety Code. The State Director of Health Services may approve the transfer of funds appropriated in Schedule (a) among hazardous substance release sites if the approval is based on new information regarding the availability of funding or expenditure requirements for specific hazardous substance release sites. This new information may include, but is not limited to, the identification of new funding sources, or a determination that previously projected costs for site characterization or removal or remedial actions at specific sites were overestimated or underestimated. The State Director of Health Services shall notify the Chairperson of the Joint Legislative Budget Committee, the chairperson of the policy committee of the Assembly designated by the Speaker of the Assembly, and the chairperson of the policy committee of the Senate designated by the Senate Rules Committee, in writing, at least 30 days, or any lesser period of time which each chairperson may determine, before transferring funds among sites.
2. Except as otherwise provided in Sections 25355.5 and 25356 of the Health and Safety Code, the funds appropriated in Schedule (a) or (b), or transferred to these schedules from Schedule (c), shall not be expended for response actions, including site characterization and removal or remedial action, at a hazardous substance re-

lease site when any of the following conditions apply:

(a) A responsible party for the site is in compliance, as determined by the State Department of Health Services, with the schedule for removing or remedying the release of a hazardous substance at the site or for correcting the conditions that threaten the release of a hazardous substance, as established in an order issued by the State Department of Health Services pursuant to subparagraph (B) of paragraph (1) of subdivision (a) of Section 25355.5 of the Health and Safety Code.

(b) A potentially responsible party has entered into an enforceable agreement with the State Department of Health Services pursuant to subparagraph (C) of paragraph (1) of subdivision (a) of Section 25355.5 of the Health and Safety Code, and the responsible party is in full compliance, as determined by the State Department of Health Services, with all the terms of the agreement.

(c) A responsible party for the site is in compliance, as determined by the State Department of Health Services, with an order specifying a schedule for compliance or correction issued pursuant to Section 25187 of the Health and Safety Code.

(d) A responsible party for the site has adequately responded to a determination issued by the State Director of Health Services pursuant to paragraph (3) of subdivision (b) of Section 25355.5 of the Health and Safety Code.

(e) The State Department of Health Services has failed to comply with Section 25355.5 of the Health and Safety Code.

3. The funds appropriated in Schedule (b) shall only be expended as provided in the expenditure plan prepared by the State Department of Health Services pursuant to Section 25334.5 of the Health and Safety Code. The State Director of Health Services may approve the transfer of funds appropriated in Schedule (b) among hazardous substance release sites only if both the policy committee of the Assembly designated by the Speaker of the Assembly and the policy

committee of the Senate designated by the Senate Rules Committee do not disapprove, as provided in Section 25335 of the Health and Safety Code.

4. The funds appropriated in Schedule (c) are available for expenditure only upon transfer to Schedule (a) or (b). Notwithstanding any other provision of law, the funds appropriated pursuant to Schedule (c) may only be transferred as provided in this section. The State Director of Health Services may approve the transfer of funds from schedule (c) to Schedules (a) or (b) if both the policy committee of the Assembly designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee do not disapprove, pursuant to Section 25335 of the Health and Safety Code. Funds may be transferred from Schedule (c) to Schedule (a) or (b) for any of the following purposes:
   (a) To augment the funds appropriated in Schedule (a), as needed, to pay the costs of site characterization and removal or remedial actions at hazardous substance release sites.
   (b) To augment the funds appropriated in Schedule (b) when any of the following conditions apply:
      (i) The funds appropriated in Schedule (b) are not sufficient to pay the state share of a removal or remedial action at a hazardous substance release site.
      (ii) Federal funds for a removal or remedial action undertaken pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Secs. 9601 et seq.) are not made available by the federal government or are delayed and the State Director of Health Services determines that delay in responding to a hazardous substance release will result in substantially higher costs in taking the removal or remedial action.
   (c) To augment the funds appropriated in Schedule (a) or (b) when the State Director of Health Services determines that immediate response action at a site to contain

or limit the migration of a hazardous substance release will substantially reduce the final cost of taking removal or remedial action at the site.

5. Sufficient funds shall be retained from the $32,710,000 in Schedule (c) to ensure availability of state matching funds at Stringfellow Acid Pits. The department shall provide the Legislature with a cost estimate for removal and remedial actions at Stringfellow Acid Pits at Stringfellow not later than January 1, 1986.

SEC. 8. Notwithstanding any other provision of law, any funds in the Hazardous Substance Account which remain unobligated and unencumbered as of June 30, 1985, as determined by the department, shall remain available for encumbrance and expenditure by the department until June 30, 1986.

SEC. 9. Notwithstanding any other provision of law, proceeds from the sale of bonds authorized by the Johnston-Filante Hazardous Substance Cleanup Bond Act of 1984 (Article 7.5 (commencing with Section 25385) of Chapter 6.8 of Division 20 of the Health and Safety Code) may be used to fund expenditures made by the State Department of Health Services which commenced on or after January 1, 1985, for the purposes specified in Section 25385.6 of the Health and Safety Code.

SEC. 10. Notwithstanding any other provision of law, the State Department of Health Services may use the authorization for the sale of bonds by the Hazardous Substance Cleanup Committee as the basis for encumbering funds for site characterization and for contracting for removal and remedial actions. However, the State Department of Health Services shall not encumber these funds for an amount which exceeds the amounts appropriated in Schedules (a) and (b) of Section 7 of this act and the additional amounts that are transferred from Schedule (c) to Schedules (a) and (b) pursuant to provision (4) of Section 7 of this act.

SEC. 11. The policy committee of the Assembly designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee shall assume primary responsibility for providing close legislative scrutiny over the implementation and administration of the Carpenter-Presley-Tanner Hazardous Substance Account Act (Chapter 6.8 (commencing with Section 25300) of Division 20 of the Health and Safety Code), including the Johnston-Filante Hazardous Substance Cleanup Bond Act of 1984 (Article 7.5 (commencing with Section 25385) of Chapter 6.8) and any other act that provides funding for state or local removal and remedial actions in response to releases of hazardous substances, pursuant to the Carpenter-Presley-Tanner Hazardous Substance Account Act.

SEC. 12. This act is an urgency statute necessary for the immedi-

ate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since many hazardous substance release sites have been identified as posing a substantial threat to the public's health and safety, it is necessary to immediately implement the Johnston-Filante Hazardous Substance Cleanup Bond Act of 1984, as approved by the voters at the November 6, 1984 general election, to clean up these sites.

CHAPTER 1440

An act to amend Section 60248 of, to add Section 60247.5 to, to add Articles 23 (commencing with Section 8480) and 24 (commencing with Section 8493) to Chapter 2 of Part 6 of, and to add Article 4.7 (commencing with Section 42300) to Chapter 7 of Part 24 of, the Education Code, to amend Section 15463 of the Government Code, and to add Section 2549 to the Streets and Highways Code, relating to fiscal affairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am reducing the appropriation in Assembly Bill No 1024 from $117,779,500 to $117,279,500 by deleting the $500,000 appropriation in Section 19 for workshops concerning the California Medi-Cal Reform Act

While I agree to set aside these funds for the purpose indicated, I believe the workshops are the appropriate responsibility of the Department of Health Services, rather than the California Medical Assistance Commission

With this deletion, I am approving Assembly Bill No. 1024

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Article 23 (commencing with Section 8480) is added to Chapter 2 of Part 6 of the Education Code, to read:

Article 23. Child Supervision Programs

8480. The governing board of any school district conducting instruction for students in any grade level up to, and including, the completion of junior high school may establish a program of affordably priced supervision for children before and after school.

8481. Child supervision programs conducted pursuant to this article shall be licensed or exempt programs administered and monitored by the school district. Programs may be staffed by district personnel or may be subcontracted to qualified private or nonprofit, or other public agencies. Each program shall be designed by administrators of the district to fit the needs at each school or site where a program is conducted.

8482. Child supervision programs conducted pursuant to this article shall consist of supervised activities including, but not limited to, arts and crafts, sports, quiet games, playground time and snacks, and homework. Computer training may also be made available. Extra enrichment programs and study trips may be made available for a fee which shall be paid by the children's parents or guardians.

8483. Each school which elects to establish a child supervision program shall apply to the State Department of Education for a grant for each program of up to four thousand dollars ($4,000). Grants for the new programs established pursuant to this section shall be allocated to programs that meet both the following requirements:

(a) Have conducted a needs assessment of the local community.

(b) Provide for a viable program plan.

The grants may be used for any of the following: one month's staffing cost, snacks, and the purchase of sports equipment, games, computers, and supplies as indicated by the budget submitted by the district. After the program is operating, the district shall maintain the program through the fees charged the parents and guardians of the children in the program. The fee may be the same for each child regardless of family income or the number of hours a child participates in the program so that the selfsupporting nature of the program is assured. School programs shall seek funding from local business, community, and philanthropic organizations to ensure that no needy child who desires to participate shall be denied the opportunity to participate because of inability to pay the fee. No one who desires to participate in the program shall be denied the opportunity to participate because of inability to pay the fee. The state department shall fund up to 250 programs.

SEC. 2. Article 24 (commencing with Section 8493) is added to Chapter 2 of Part 6 of the Education Code, to read:

Article 24. Child Care and Development Facilities Capital Outlay

8493. It is the intent of the Legislature that funds be appropriated for capital outlay for purposes of providing facilities for child care and development services provided pursuant to this chapter, including, but not limited to, all of the following purposes:

(a) For the purchase of relocatable facilities by the state for lease to qualifying contracting agencies in areas with no available economically practical or feasible child care and development facilities.

(b) For renovation and repair of child care and development facilities in order to comply with state and local health and safety standards and licensing requirements, without unnecessarily increasing the value of the facility.

8494. (a) All of the following child care and development programs, other than those providing extended day care services, shall be eligible to receive a loan for the renovation and repair of

facilities used for the program or to lease relocatable facilities to be used for the program:

(1) Private nonprofit child care and development programs currently, or soon to be, under contract with the State Department of Education pursuant to Section 8262.

(2) Child care and development programs conducted pursuant to Article 4 (commencing with Section 8225).

(3) Child care and development programs operated by, or in a facility owned by, a public entity.

(b) A recipient of a loan pursuant to this section shall document that the renovated facility shall comply with all laws and regulations applicable to child care facilities provided for pursuant to Chapter 3.4 (commencing with Section 1596.70) and Chapter 3.5 (commencing with Section 1596.90) of Division 2 of the Health and Safety Code.

(c) A recipient of a loan pursuant to this section shall assure the board that the renovated facility shall be used for the purposes of the child care and development program for the entire loan period, which shall be determined by the board as follows:

(1) For loans equal to or less than thirty thousand dollars ($30,000), not less than three years.

(2) For loans exceeding thirty thousand dollars ($30,000), the loan period shall increase one year for each additional ten thousand dollars ($10,000) or part thereof, to a maximum of fifty thousand dollars ($50,000).

(d) Interest on the loan principal shall be charged at a rate equal to the average of the interest rate applied to the last three bond sales pursuant to Chapter 21.6 (commencing with Section 17695) of Part 10.

(e) In the event that a recipient ceases to use the renovated facility for purposes of the child care and development program prior to the expiration of the loan period, the board shall collect the entire outstanding balance of the loan, plus interest, notwithstanding the loan period originally set pursuant to subdivision (c), unless the board deems it appropriate to waive repayment at that time.

(f) If the renovated facility has been continuously used for purposes of the child care and development program for the entire loan period, the board shall waive repayment of the amount of the loan principal, plus interest, at the end of the loan period.

8495. There is hereby created in the State Treasury the State Child Care Capital Outlay Fund. Notwithstanding Section 13340 of the Government Code, all moneys in the State Child Care Capital Outlay Fund, including moneys deposited in that fund from any source whatsoever, shall be continuously appropriated without regard to fiscal year for expenditure pursuant to the provisions of this article. The fund shall be administered by the State Allocation Board, which may authorize the expenditure of any moneys in the fund for capital outlay projects pursuant to Section 8277.7 or this article.

8496. The State Allocation Board may use an amount not to exceed four hundred thousand dollars ($400,000), or 4 percent of the

total funds available for the purposes of this article, whichever is less, in any given fiscal year for necessary administrative costs incurred pursuant to this article, including, but not limited to, the establishment of new administrative positions.

8498. (a) The State Allocation Board may use up to 5 percent of any appropriation for the purposes of this article to provide loans to private nonsectarian child care and development programs not under contract with the State Department of Education for renovation and repair of existing program facilities, in accordance with this section.

(b) The Superintendant of Public Instruction shall establish qualifications to determine the eligibility of child care agencies for loans pursuant to this section.

(c) The board, with any necessary assistance from the Superintendent of Public Instruction, may do any of the following:

(1) Establish procedures and policies in connection with the administration of this section it deems necessary.

(2) Adopt rules and regulations for the administration of this section requiring procedure, forms, and information it deems necessary.

(d) A recipient of a loan pursuant to this section shall do all of the following:

(1) Document that the renovated facility shall comply with all laws and regulations applicable to child care facilities provided for pursuant to Chapter 3.4 (commencing with Section 1596.70) and Chapter 3.5 (commencing with Section 1596.90) of Division 2 of the Health and Safety Code.

(2) Demonstrate to the satisfaction of the board that it will have sufficient revenues to pay the principal and interest on the loan and to maintain the operation of the child care facility.

(e) A recipient of a loan pursuant to this section shall assure the board that the renovated facility shall be used for purposes of the child care and development program for the following periods:

(1) For loans equal to or less than thirty thousand dollars ($30,000), not less than three years from the beginning of the loan period.

(f) The board shall set the period of the loan for each recipient, up to a maximum of 10 years, based upon the amount of the loan, the recipient's ability to repay the loan, and the length of time the recipient has committed to use the renovated facility for purposes of the child care and development program.

(g) Interest on the loan principal shall be charged at a rate equal to the average of the interest rate applied to the last three bond sales pursuant to Chapter 21.6 (commencing with Section 17695) of Part 10.

(h) In the event that a recipient ceases to use the renovated facility for purposes of the child care and development program prior to the expiration of the period specified pursuant to subdivision (e), the board shall collect the entire outstanding balance of the loan, plus interest, notwithstanding the loan period originally set pursuant to subdivision (f).

SEC. 3. Article 4.7 (commencing with Section 42300) is added to Chapter 7 of Part 24 of the Education Code, to read:

Article 4.7. School Transportation

42300. Any school district or county office of education with an average daily attendance of 2,501 or more, but less than 6,000, may apply to the State Department of Education for a one-time only apportionment for the purchase of transportation equipment, as specified in Section 42301. The State Department of Education shall adopt regulations regarding district or county office applications pursuant to this section.

42301. (a) The State Department of Education shall grant applications for apportionments for purposes of this article, to the extent that funds are available, according to the following priorities:

(1) First priority for apportionments shall be for the purchase of new schoolbuses to replace existing schoolbuses owned by an eligible district or county office that do not conform to federal safety standards.

(2) Second priority for apportionments shall be for the reconditioning of existing schoolbuses owned by an eligible district or county office. For purposes of this paragraph, "reconditioning" includes, but is not limited to, retrofitting schoolbuses to conform to the federal Motor Vehicle Safety Standard 222 relating to schoolbus passenger seating and crash protection requirements.

(3) Any remaining funds shall be apportioned for the purchase of new schoolbuses by eligible districts or county offices which have proposed to increase the number of schoolbuses owned by the district or county office of education.

(4) In awarding grants, in accordance with the priorities established by paragraphs (1), (2), and (3), the State Department of Education shall give priority to eligible school districts with the smallest average daily attendance, as determined by the department.

(b) The governing board of any school district or county office of education shall be eligible to receive apportionments under this article for the replacement of schoolbuses.

(c) Any school district or county office of education receiving funds under this section shall be required to pay a percentage of the estimated cost of a new schoolbus, based upon the following calculation:

$$5 + \left[\frac{\text{Current year average daily attendance} - 1{,}000}{9{,}000} \times 25 \right]$$

Each school district or county office shall also be required to contribute 50 percent of any proceeds from the sale of any schoolbus to be replaced with a new schoolbus purchased under this article.

(d) Insofar as possible, any purchases of new schoolbuses with funds apportioned pursuant to this article shall be made by the Department of General Services. Title to any schoolbus purchased by the Department of General Services pursuant to this section shall be in the name of the school district or county office of education for which the schoolbus was purchased.

(e) The State Department of Education shall develop priority categories for funding under this section which are based solely on vehicle age and mileage. Seventy-five percent of the funds available in any fiscal year for the purposes of this section shall be distributed to school districts and county offices of education based upon priority categories that utilize only vehicle age, mileage, and type of vehicle. Twenty-five percent of the funds available in any fiscal year for purposes of this section shall be allocated based upon the condition of the vehicles to be replaced. School districts and county offices shall submit as evidence of the condition of the vehicle to be replaced, the most recent California Highway Patrol inspection report, a repair estimate made by an independent repair shop, and any other information requested by the department.

(f) The State Department of Education shall estimate the cost of a replacement vehicle of the same capacity as the vehicle being replaced. A school district's or county office's entitlement shall equal the department's estimated cost, less any contributions determined pursuant to this section. A district or county office may use additional district or county office funds to purchase a schoolbus which is more expensive than the model used by the department to estimate the cost.

(g) Funds allocated pursuant to this section shall not be used to purchase a vehicle which does not meet the schoolbus passenger seating and crash protection requirements of the federal Motor Vehicle Safety Standard 222.

42302. An interagency agreement shall be executed between the State Department of Education and the Office of the Legislative Analyst, which shall provide for the transfer to the Office of the Legislative Analyst of one hundred thousand dollars ($100,000) appropriated by Section 4 of the act adding this article. The Office of the Legislative Analyst shall expend that amount, or as much thereof as may be necessary, for the purpose of contracting with an individual, group of individuals, firm, or organization deemed qualified and competent by the Legislative Analyst to study and develop recommendations concerning the study required by Section 42303.

42303. (a) A study shall be conducted of school transportation costs which shall report findings and make recommendations regarding the state's role in financing school transportation. The study shall include, but not be limited to, the following aspects of home-to-school transportation:

(1) The short and long-run cost of contract busing versus district-owned and operated systems.

(2) The cost and feasibility of regional and other multidistrict home-to-school transportation systems.

(3) The factors that contribute to the cost of home-to-school transportation in districts with diverse characteristics across the state.

(4) The impact of enrollment growth over the next 10 years on the need for home-to-school transportation.

(5) The use of incentives in funding formulas to encourage cost-effective local transportation programs.

(6) Alternative arrangements for financing home-to-school transportation including state, regional, multidistrict, local district, and user funds.

(b) A preliminary report for the study required by subdivision (a) shall be completed by March 31, 1986, with a final report to be submitted to the Legislative Analyst by June 30, 1986.

SEC. 7. Section 60248 of the Education Code is amended to read:

60248. School district governing boards shall use the funds apportioned pursuant to Section 60247 solely for the purchase of instructional and other materials, as defined in Article 2 (commencing with Section 60010) of Chapter 1, for pupils in grades 9 through 12. (d) Funds appropriated by subdivision (a) shall supplement, and shall not supplant or be supplanted by, any payments for public education made pursuant to Chapter 12.5 (commencing with Section 8880) of Division 1 of Title 2 of the Government Code. These funds shall be deemed to be a one-time allocation and shall not be considered an ongoing commitment for instructional materials funding.

SEC. 9. Section 15463 of the Government Code is amended to read:

15463. (a) There is hereby created in the State Treasury, the County Health Facilities Financing Assistance Fund which, notwithstanding Section 13340, is continuously appropriated for the purposes of this section.

The department may expend these funds only upon an agreement with the County of Ventura on the location of the freeway callboxes and upon an agreement with the county and affected cities within the county to fund all ongoing maintenance and operating costs of the callbox system.

SEC. 14. (a) The Legislature finds and declares all of the following:

(1) The Portuguese Bend landslide on the Palos Verdes Peninsula has destroyed private property resulting in local revenue losses of two million dollars ($2,000,000) annually.

(2) The continued movement of the slide threatens continued use of Palos Verdes Drive South, the primary transportation route for residents in the southern region of the Palos Verdes Peninsula and the County of Los Angeles, which is intermittently closed to public buslines due to the state of disrepair.

(3) Continued movement of the slide threatens coastal access and recreational opportunities along the shore.

(4) Continued movement of the slide threatens the public health and safety by its continual disruption of water, power, telephone, natural gas, and sewage lines.

(5) The slide is the largest in the State of California and offers unique educational value to educational institutions concerned with the causes and prevention of similar natural disasters elsewhere.

(6) Action is required now to remedy this natural disaster because slide movement has reached a critical speed, which will result in substantial additional damages in the immediate future, and potential solutions to remedying this problem have only recently been demonstrated.

(b) Of amounts received from the settlement pursuant to Section 8(g) of the Outer Continental Shelf Lands Act as amended (43 U.S.C. Sec. 1337(g)), the sum of two million dollars ($2,000,000) is hereby appropriated to the Controller for transfer to the City of Rancho Palos Verdes, upon request of the city, for the following purposes:

(a) For engineering and administrative costs. Engineering expenditures shall be for costs for the design, construction, and operation of economical structures, equipment, and systems which aid in the stabilization of the Portuguese Bend landslide. Administrative expenditures shall be for costs associated with management, oversight, and implementation of the projects described in subdivisions (b), (c), and (d).

(b) For dewatering. Dewatering expenditures shall be for costs to install dewatering wells, pipes, and pumps to transport subsurface water contributing to slide instability to the Pacific Ocean.

(c) For surface water drainage systems. Surface water drainage expenditures shall be for costs to reestablish natural canyon drainage in various locations throughout the slide area and maintain an adequate system for surface water runoff from the slide to the Pacific Ocean.

(d) For land grading costs to close slide-created land fissures and to fill land depressions to prevent water ponding within the slide area. Grading expenditures shall also include the relocation of approximately 300,000 cubic yards of earth from points within the slide area at which it acts as a landslide driving force to points within the slide area at which it will provide a resistive force to slide action.

SEC. 15. (a) The Legislature hereby finds and declares all of the following:

(1) During 1986, a small migratory songbird called the Least Bell's Vireo (Vireo bellii pusillus) is expected to be listed as an endangered species by the Secretary of the Department of Interior. The bird has already been determined to be endangered by the state.

(2) The total population of the birds in the United States, about 300 pairs, is in southern California and predominantly in San Diego County, although significant populations also inhabit Riverside and San Bernardino Counties. The reasons for the bird's precipitous decline in numbers are primarily the destruction of their preferred habitat by urban development and agriculture, and parasitism by a nonendangered species, the Brown Headed Cowbird (Molothrus ater).

(3) It is unquestionable that the Vireo qualifies for listing as an endangered species. However, its habitat lies partially in areas of southern California which are scheduled for critical transportation, flood control, and water quality improvements.

(4) It is desirable that these projects proceed on or near their original schedules while satisfying the requirements of the Endangered Species Act, and that the Least Bell's Vireo be saved from extinction and encouraged to expand its numbers and range.

(b) The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from settlement funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act (43 U.S.C. Sec. 1337(g)) to the Department of Transportation for allocation on a 50-50 matching fund basis to the San Diego Association of Governments to develop, through a cooperative effort, a program

which consists of an overall plan and strategy for recovery of the Least Bell's Vireo, individual habitat conservation plans, and a management project in the species' habitat area. The program shall include all the following components:

(1) A task force which includes broad representation from involved local, state, and federal agencies and concerned groups in the private sector. The task force shall include, but not be limited to, representatives from the City of San Diego, the County of San Diego, the County of Riverside, the County of San Bernardino, the City of Oceanside, the City of Santee, the Audubon Society, San Diego State University, the Zoological Society of San Diego, the San Diego County Water Authority, the Department of Transportation, the Department of Fish and Game, and the United States Fish and Wildlife Service. The task force shall act as a selection panel and make a recommendation to the San Diego Association of Governments on the hiring of the environmental consultant and shall review and comment on the plan and program provided for in subdivision (b) for the purpose of assuring that appropriate species and habitat management occurs.

(2) A plan and program which includes all of the following:

(A) A plan for the conservation of the species on a rangewide basis, in the context of planning for riparian habitat generally.

(B) Development of individual habitat conservation plans, particularly with respect to riparian habitat areas where significant and multipurpose uses are contemplated.

(C) Development of institutional arrangements which would provide for the future preservation and maintenance of appropriate habitat for the species.

(D) Development of an ongoing, active management program in cooperation with other local, state, and federal agencies and public and private sector interests.

(3) At the request of the task force, involving as advisers the Zoological Society of San Diego and San Diego State University in habitat identification, development of management procedures, and research into the feasibility of captive propagation of the species.

(4) Conducting, at the consensus of the task force, field projects to enhance habitat areas, reduce Cowbird parasitism or, if appropriate, both.

(5) Providing all management and support activities necessary for the resolution of conflicts and in support of preservation of the species.

(6) Including in the program other areas of the species range including Riverside and San Bernardino Counties.

(7) Encouraging private and public agency financial participation in habitat enhancement, species management, and other programs by proponents of projects which conflict with the species habitat.

SEC. 16. (a) The sum of thirteen million five hundred thousand dollars ($13,500,000) of the settlement funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act

(b) The State Allocation Board shall allocate the funds appropriated under subdivision (a) only to those school districts in which a high percentage of the pupils, or a significant number of the pupils, are enrolled in year-round or continuous schools as described in Section 1. The board shall grant preference in the allocation of those funds to those year-round or continuous schools that are both situated in climates that require air-conditioning and insulation during June, July, and August, and have a high percentage of overcrowding of pupils.

SECTION 1. The Legislature hereby finds and declares that the State of California has become a haven for millions of persons from diverse cultures and languages. The Legislature also finds and declares that the state has become a multilingual state, with the number of native languages spoken approaching 90.

The Legislature further finds that many of these adults are in need of formal instruction in the English language in order to enable them to become fully participating and productive members of our society.

It is the intent of the Legislature to provide for the specific allocation of funding for specific enrollments in adult education programs in English as a second language based upon documentation of a school district's or community college district's need for that funding, as determined by the Superintendent of Public Instruction or the Chancellor of the California Community Colleges, respectively.

SEC. 2. (a) Notwithstanding any other provision of law, including Section 52616 of the Education Code, an amount not to exceed one million five hundred thousand dollars ($1,500,000) is hereby appropriated from the General Fund to Section A of the State School Fund for allocation to school districts in the 1985–86 fiscal year for the purpose of funding extraordinary needs in adult education programs in English as a second language provided under subdivision (c) of Section 41976 of the Education Code.

(b) The appropriation made by subdivision (a) shall be made only for the 1985–86 fiscal year as an emergency augmentation of the funds appropriated for those purposes in the Budget Act for the 1985–86 fiscal year and shall be available for expenditure in the 1985–86 and 1986–87 fiscal years.

The Superintendent of Public Instruction will give priority for the allocation of funds under subdivision (a) to districts whose current enrollment in adult classes in English as a second language are lowest in proportion to the limited-English proficient count in the districts served by the adult education program. However, the Superintendent of Public Instruction may waive the requirements of this subdivision and funds may be distributed to an applicant school district that proves to the satisfaction of the superintendent, undue hardship in complying with these requirements.

(e) Any funds allocated to school districts under this act shall only be used for local assistance in augmentation of Item 6100-156-001 of the Budget Act for the 1985–86 fiscal year.

SEC. 3. (a) An amount not to exceed three hundred thousand dollars ($300,000) is hereby appropriated from the General Fund to Section B of the State School Fund for allocation to community college districts in the 1985–86 fiscal year for the purpose of funding extraordinary needs in adult education programs in English as a second language provided under paragraph (3) of subdivision (a) of Section 84711 of the Education Code.

(b) The appropriation made by subdivision (a) shall be in augmentation of funds allocated to community college districts by Item 6870-101-001 of the Budget Act for the 1985–86 fiscal year and shall be available for expenditure in the 1985–86 and 1986–87 fiscal years.

(c) Funds allocated to community college districts under this act shall only be allocated for growth in average daily attendance for programs provided under paragraph (3) of subdivision (a) of Section 84711 of the Education Code which is in excess of the amount allocated to community college districts for growth in average daily attendance for these programs in the Budget Act for the 1985–86 fiscal year.

Community college districts providing adult education programs under an agreement and which have experienced a decline in their average daily attendance in the 1984–85 fiscal year below that of the 1982–83 base fiscal year, shall be ineligible to receive funding under this act.

(e) Eligible community college districts shall submit an application for funding to the Chancellor of the California Community Colleges. The chancellor shall allocate funds based on information provided by the Superintendent of Public Instruction pursuant to subdivision (d).

SEC. 4. Funds appropriated for the purposes of this act shall not be included within "the total amount of money allocated for public education in California," as that term is used in Section 8880.1 of the Government Code, as added by the California State Lottery Act of 1984.

SECTION 1. Chapter 11 (commencing with Section 13897) is added to Title 6 of Part 4 of the Penal Code, to read:

CHAPTER 11. VICTIMS' LEGAL RESOURCE CENTER

13897. The Legislature finds and declares each of the following:

(a) The citizens of California have expressed great concern for the plight of crime victims.

(b) It is in the best interest, not only of the victims and their families, but also of all the citizens of California to ensure that crime victims receive comprehensive assistance in overcoming the effects of victimization.

(c) While many options and rights exist for the crime victim, including providing financial assistance pursuant to Chapter 5 (commencing with Section 13959) of Part 4 of Division 3 of Title 2 of the Government Code, participation in sentencing and parole eligibility hearings of criminal perpetrators, civil litigation against the perpetrator and third parties, assistance from victim-witness programs, and private support and counseling services, research indicates that many crime victims suffer needlessly because they are not aware of these options and rights, or are apprehensive or uncertain about where to go for assistance or how to exercise their rights.

(d) It is thus necessary to provide a resource center, statewide in scope, where victims of crime and their families can receive referral information, assistance, and legal guidance in order to deal effectively with their needs as victims and minimize the continuing victimization process, which often results from a complex justice system. This resource center shall be independent, offer victims assistance in understanding and effectively exercising their legal rights, provide information about their rights and the workings of the criminal justice system, and direct them to appropriate local resources and agencies which can offer further assistance. The resource center shall provide, on a statewide basis, information assistance for all crime victims without charge and shall complement the efforts of various local programs, including victim-witness programs, rape crisis units, domestic violence projects, and child abuse centers.

13897.1. There shall be established a resource center which shall operate a statewide, toll-free information service, consisting of legal and other information, for crime victims. The center shall provide information and educational materials discussing victims' legal rights. The center shall distribute these materials to administrative agencies, law enforcement agencies, victim-service programs, local, regional, and statewide education systems, appropriate human service agencies, and political, social, civic, and religious leaders and organizations.

13897.2. (a) Within 120 days of the effective date of this chapter, the Office of Criminal Justice Planning shall grant an award to an appropriate private, nonprofit organization, to provide a statewide resource center, as described in Section 13897.1.

(b) The center shall:

(1) Provide callers with information about victims' legal rights to compensation pursuant to Chapter 5 (commencing with Section 13959) of Part 4 of Division 3 of Title 2 of the Government Code and, where appropriate, provide victims with guidance in exercising these rights.

(2) Advise callers about any potential civil causes of action, and where appropriate, provide callers with references to local legal aid and lawyer referral services.

(3) Advise and assist callers in understanding and implementing their rights to participate in sentencing and parole eligibility hearings as provided by statute.

(4) Advise callers about victims' rights in the criminal justice system, assist them in overcoming problems, including the return of property, and inform them of any procedures protecting witnesses.

(5) Refer callers, as appropriate, to local programs, which include victim-witness programs, rape crisis units, domestic violence projects, and child sexual abuse centers.

(6) Refer callers to local resources for information about appropriate public and private benefits and the means of obtaining aid.

(7) Publicize the existence of the toll-free service through the print and electronic media, including public service announcements, brochures, press announcements, various other educational materials, and agreements for the provision of publicity, by private entities.

(8) Compile comprehensive referral lists of local resources that include the followoing: victims' assistance resources, including legal and medical services, financial assistance, personal counseling and support services, and victims' support groups.

(9) Produce promotional materials for distribution to law enforcement agencies, state and local agencies, print, radio, and television media outlets, and the general public. These materials shall include placards, video and audio training materials, written handbooks, and brochures for public distribution. Distribution of these materials shall be coordinated with the local victims' service

programs.

(10) Research, compile, and maintain a library of legal information concerning crime victims and their rights.

(11) Provide a 10-percent minimum cash match for all funds appropriated pursuant to this chapter which match may include federal and private funds in order to supplement any funds appropriated by the Legislature.

(c) The resource center shall be located so as to assure convenient and regular access between the center and those state agencies most concerned with crime victims. The entity receiving the grant shall be a private, nonprofit organization, independent of law enforcement agencies, and have qualified staff knowledgeable in the legal rights of crime victims and the programs and services available to victims throughout the state. The subgrantee shall have an existing statewide, toll-free information service and have demonstrated substantial capacity and experience serving crime victims in areas required by this act.

(d) The services of the resource center shall not duplicate the victim service activities of the Office of Criminal Justice Planning or those activities of local victim programs funded through the office.

13897.3. The Office of Criminal Justice Planning shall develop written guidelines for funding and performance standards for monitoring the effectiveness of the resource center program. The program shall be evaluated by a public or private nonprofit entity under a contract with the Office of Criminal Justice Planning.

SEC. 2. (a) The sum of two hundred thousand dollars ($200,000) is hereby appropriated from the General Fund to the Office of Criminal Justice Planning for purposes of this act.

CHAPTER 1445

An act to add and repeal Chapter 6 (commencing with Section 13700) to Part 3 of Division 9 of the Welfare and Institutions Code, relating to homeless youth, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. This act may be cited, and shall be known, as the Homeless Youth Act of 1985.

SEC. 2. Chapter 6 (commencing with Section 13700) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 6. HOMELESS YOUTH EMERGENCY SERVICE PILOT PROJECTS

13700. The Legislature finds and declares all of the following:

(a) There are homeless minors living on the streets of major urban centers in this state without adequate food, shelter, health care or financial support.

(b) Many of these homeless youth in these urban centers come from out-of-city or out-of-county locations.

(c) The homeless child, in many instances, has a history of physical or sexual abuse at home, and of having been rejected or forced out of the parental home.

(d) While living on the streets, these youth fall prey to drug abuse, prostitution and other illegal activities.

(e) Local public agencies are unable to provide these youth with an adequate level or range of remedial services.

(f) These homeless minors are urgently in need of specialized services to locate them, to assist them with their immediate survival needs, and to address their long-term need to reunite with their parents or find a suitable home.

The purpose of this chapter is therefore to establish one Homeless Youth Emergency Service Pilot Project in the County of Los Angeles, and one in the City and County of San Francisco, where the problem is most acute, and to examine the condition of homeless youth in major urban areas of this state with populations of 500,000 or more and develop a profile of homeless youth in terms of background and available services, in order to locate these youth, to provide for their emergency survival needs, and to assist them in reunification with their parents or in finding a suitable home.

13700.5. For purposes of this chapter, "office" means the Office of Criminal Justice Planning.

13701. Each homeless youth pilot project established under this chapter shall provide services which shall include, but are not limited to all of the following:

(a) Food and access to an overnight shelter.

(b) Counseling to address immediate emotional crises or problems.

(c) Outreach services to locate homeless youth and link them with services, and drop-in facilities to make the services accessible to the street population.

(d) Screening for basic health needs and referral to public and private agencies for health care.

(e) Linkage to other services offered by public and private agencies.

(f) Long-term stabilization planning so that the youth may be returned to the parental home under circumstances favoring long-term reunification with the family, or so that the youth can be suitably placed in a situation outside the family when family reunification is not possible.

(g) Followup services to ensure that the return to the family or the placement outside the family is stable.

13702. In addition to the services provided for in Section 13701, each homeless youth emergency services pilot project shall collect data based upon client service histories, including data from similar youth service providers in urban areas of this state with populations of 500,000 or more. These data shall include client demographic and cost information on each case that will be sufficient to allow for the effective evaluation of the projects. These client data shall remain confidential unless disclosure is provided for under some other provision of law, and if disclosure is required it shall be made only in the manner provided for under such other provision of law.

13703. (a) One homeless youth emergency service pilot project shall be established in the County of Los Angeles and one shall be

established in the City and County of San Francisco. Each pilot project may have one central location or may have more than one location in the service area in order to serve effectively the area population of homeless youth. Each pilot project shall be operated by an agency in accordance with the grant award agreement with the office.

(b) The office shall prepare and disseminate a request for proposals for grantees under this chapter by February 15, 1986. The office shall enter into grant award agreements, and the operation of pilot projects shall begin, not later than June 1, 1986. Each pilot project shall remain in operation for a period of two years from the commencement of operation. The second year of operation shall be contingent upon appropriation of funds in the 1986–87 Budget Act.

(c) An agency eligible to apply for funds under this chapter and to operate a homeless youth emergency service pilot project shall be a private, nonprofit agency with a demonstrated record of success in the delivery of services to homeless youth. The agency selected for each pilot project shall demonstrate the ability to provide each of the services described in Section 13701, either directly or under subcontract with a competent provider. Preference shall be given to agencies that demonstrate a history of coordination with other public and private agencies in the service region that provide services to homeless youth. Preference shall also be given to agencies that will involve a network of youth-serving agencies in the delivery of services to homeless youth under this chapter.

13704. The office shall monitor the pilot projects established under this chapter. In monitoring and evaluating the pilot projects, the office shall coordinate its efforts with the activities relating to homeless youth of the state advisory group on juvenile justice, as described in Sections 1785 and 1786. The office shall submit an evaluation of the pilot projects established under this chapter to the Legislature on or before December 1, 1988.

13705. This chapter shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends that date.

SEC. 3. The sum of nine hundred sixty-eight thousand dollars ($968,000) is hereby appropriated from the General Fund to the Office of Criminal Justice Planning in order to implement the first contract year of the pilot projects established pursuant to Chapter 6 (commencing with Section 13700) of Part 3 of Division 9 of the Welfare and Institutions Code, for allocation as follows:

(a) The sum of nine hundred twenty thousand dollars ($920,000) shall be allocated to the pilot program grantees selected pursuant to Chapter 6 (commencing with Section 13700) of Part 3 of Division 9 of the Welfare and Institutions Code as follows:

(1) The sum of three hundred sixty-eight thousand dollars ($368,000) to the pilot project grantee serving the City and County of San Francisco.

(2) The sum of five hundred fifty-two thousand dollars ($552,000) to the pilot project grantee serving the County of Los Angeles.

(b) The sum of forty-eight thousand dollars ($48,000) shall be allocated to the Office of Criminal Justice Planning in order to cover the administrative costs of the department associated with the implementation, monitoring, and evaluation of each of the two-year pilot projects established by this act.

The Legislature intends that funds for the second grant year of the projects authorized by this act be provided to the Office of Criminal Justice Planning in the 1986–87 Budget Act.

CHAPTER 1446

An act to add Section 6015.5 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6015.5 is added to the Revenue and Taxation Code, to read:

6015.5. Notwithstanding any other provision of law, any broadcaster, printer, outdoor advertising firm, advertising distributor, or publisher which broadcasts, publishes or displays or distributes paid commercial advertising in this state which is intended to be disseminated primarily to consumers located in this state and is only secondarily disseminated to bordering jurisdictions, including advertising appearing exclusively in a California edition or section of a national publication, shall be regarded for purposes of this part and Part 1.5 (commencing with Section 7200) only, as the agent of the person or entity placing the advertisement and that person or entity placing the advertisement shall be regarded as a "retailer engaged in business in this state."

The agency created by this part is for the sole purpose of providing a presence in California for the imposition of a tax on out-of-state advertisers or sellers. The agent shall have no responsibility to report, or liability to pay, any tax imposed under this part and shall not be restricted by its provisions from accepting ads from out-of-state advertisers or sellers.

CHAPTER 1447

An act to amend Sections 94310 and 94331 of the Education Code, relating to postsecondary education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 94310 of the Education Code is amended to read:

94310. No institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of at least one of the subdivisions of this section.

(a) The institution meets the requirements of one or both of the following paragraphs:

(1) The institution, at the time of the issuance of a degree, has accreditation of the institution, program, or specific course of study upon which the degree is based by a national accrediting agency recognized by the United States Department of Education, by the Western Association of Schools and Colleges, or by the Committee of Bar Examiners for the State of California. The institution shall file with the superintendent an annual affidavit by the administrative head of the institution stating that the institution is so accredited. Institutions authorized to operate under this paragraph may issue diplomas and certificates as well as degrees.

(2) An institution incorporated in another state that has accreditation from a regional accrediting association recognized by the United States Department of Education at the time of the issuance of a degree, and that is licensed by the superintendent, may issue degrees, diplomas, or certificates.

(A) The superintendent shall not license an institution to issue degrees, diplomas, or certificates pursuant to this paragraph until he or she has conducted a qualitative review and assessment of, and has approved, the operations of the institution in California, and the superintendent has determined all of the following:

(i) The institution has financial resources to ensure the capability of fulfilling the program or programs for enrolled students.

(ii) The faculty includes personnel who possess appropriate degrees from institutions accredited by a regional accrediting association recognized by the United States Department of Education in the degree major field or fields offered, in sufficient number to provide the educational services.

(iii) The education services and curriculum clearly relate to the objectives of the proposed program or programs, which are comparable in scope and sequence to minimum standards of

comparable programs offered by accredited institutions already operating in this state.

(iv) The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

(v) The institution has verifiable evidence of academic achievement comparable to that required of graduates of other accredited institutions operating in this state for the program or programs upon which the degree, diploma, or certificate is based.

(B) All institutions incorporated in another state that were offering educational programs in California and were authorized to operate pursuant to paragraph (1) of subdivision (a) on December 31, 1985, shall have the option until and including December 31, 1989, of continued operation in California pursuant to authorization under paragraph (1) of subdivision (a) or through licensure pursuant to this paragraph.

(C) Except as otherwise provided by subparagraph (D), the superintendent shall grant licensed status under this paragraph for a period of four years.

(D) The superintendent shall grant licensed status under this paragraph until December 31, 1987, for all other institutions incorporated in another state that offered educational programs in California prior to July 1, 1985, that file with the superintendent within 30 days from the effective date of the amendments to this section enacted by the Statutes of 1985 all of the following information:

(i) A copy of the institution's most recent self-study report prepared for the institution's home regional accrediting association, as well as a copy of the institution's team report prepared by the accrediting association.

(ii) A list of the locations of all of the operations of the institution in California.

(iii) A list of all degree, diploma, and certificate programs offered by the institution in California, as well as the curriculum, instruction, and faculty utilized in each program.

(iv) A list of degrees, diplomas, and certificates offered by the institution.

Institutions licensed under this subparagraph shall offer in California only programs that the institution can document to have been acknowledged and favorably reviewed by the home regional accrediting association.

(E) (i) The Director of the California Postsecondary Education Commission shall establish a special committee of persons with demonstrated knowledge of both regional accrediting standards and procedures and the special demands of off-campus programs. The committee shall include representatives from the State Department of Education, institutions incorporated in other states that offer educational programs in California, and public and private California colleges and universities.

(ii) The committee shall develop proposed standards and procedures to be used in the onsite review and licensure of institutions applying for licensure under this paragraph, subject to the principle that educational innovation and competition shall not be hindered unreasonably.

(iii) The committee shall report to the California Postsecondary Education Commission and the Superintendent of Public Instruction by November 1, 1985, regarding the proposed standards and procedures. The commission shall take action on the proposed standards within 60 days of receipt of the report by the special committee. This paragraph shall become inoperative on January 1, 1987, if the commission has not adopted standards and procedures proposed by the special committee by that date.

(iv) The committee shall utilize the following principles in the development of these standards and procedures:

(A) Within two years from the enactment of this statute, the State Department of Education shall review the operations of all institutions operating under the provisions of this subdivision.

(B) Following the initial state review, subsequent onsite reviews by the superintendents shall be conducted wherever possible in conjunction with institutional reviews by the regional accrediting association. However, if there is substantial evidence that the institution is not in compliance with state standards, the superintendent may initiate a special review of the California operations of the institution.

(C) Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution-based and not site-based.

(D) The superintendent shall develop a procedural rationale to justify the number of sites to be visited by the state in the review of the institution's operations in California.

(E) The purpose of the onsite review by the superintendent shall be to determine that operations by the institution in California meet the minimum state standards identified in statute.

(F) The standards and procedures shall not unreasonably hinder educational innovation and competition.

(v) Prior to December 31, 1987, the State Department of Education shall utilize the standards and procedures recommended by the special committee and acted upon by the commission to review all institutions operating pursuant to subdivision (d) of Section 94310(a)(2).

(b) The institution, at the time of the issuance of a degree, has full institutional approval by the superintendent to award or issue specific professional, technological, or education degrees.

(1) The superintendent shall not approve an institution to issue degrees until he or she has conducted a qualitative review and assessment of, has approved each program offered by the institution, and has determined all of the following:

(A) The institution has facilities, financial resources,

administrative capabilities, faculty, and other necessary educational expertise and resources to afford students, and require of students, the completion of a program of education that will prepare them for the attainment of a professional, technological, or educational objective, including, but not limited to, a degree.

(B) The curriculum is consistent in quality with curricula offered by appropriate established accredited institutions that are recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California and issue the appropriate degree upon the satisfactory completion of specific qualitative academic programs.

(C) The course for which the degree is granted achieves its professed or claimed academic objective for higher education, with verifiable evidence of academic achievement comparable to that required of graduates of other recognized schools accredited by an appropriate accrediting commission recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California.

The criteria developed for conducting the review and assessment shall effectuate the purposes of this chapter, but shall not unreasonably hinder legitimate educational innovation.

(2) The superintendent shall conduct the qualitative review and assessment of the institution and all programs offered through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the superintendent for that purpose. The visiting committee, which shall be impaneled by the superintendent within 90 days of the date of receipt of a completed application, shall be composed of educators from both accredited and state approved institutions. Within 90 days of the receipt of the visiting committee's report and recommendations, the superintendent shall take one of the following actions:

(A) Grant full institutional approval for a period not to exceed three years.

(B) Grant candidate for institutional approval status for a period not to exceed two years plus the remainder of the calendar year in which the application was made. Candidate status may be renewed only one time, at the discretion of the superintendent.

(C) Disapprove the application.

If the application is disapproved, or candidate for institutional approval status is granted, the institution shall be advised of the specific reasons for the action and the specific corrective measures needed to achieve full institutional approval. An institution may not advertise itself as an approved or fully approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section.

(3) (A) The superintendent shall grant full institutional approval status for three years to all institutions operating pursuant to subdivision (b) of Section 94310 on June 30, 1984, as it read on that date and that have received full approval of all courses offered.

(B) The superintendent shall grant candidate for institutional approval status for a period not to exceed two years to all institutions operating on June 30, 1984, pursuant to both subdivisions (b) and (c) of Section 94310 as it read on that date. The superintendent shall specify a date, prior to June 30, 1986, by which all institutions operating pursuant to this subparagraph shall file a completed application for either full institutional approval pursuant to this subdivision, or authorization to operate pursuant to subdivision (c).

(4) The superintendent may authorize any institution approved to issue degrees pursuant to this subdivision to issue diplomas for the completion of courses of study that do not fully meet the degree requirements, but are within the institution's approved degree program.

The superintendent may approve an application to issue honorary degrees if the applicant institution has received full institutional approval to issue academic degrees.

(c) The institution has demonstrated that it is in compliance with formal standards recommended by the Council for Private Postsecondary Educational Institutions and adopted by the superintendent, which shall include, but not be limited to, the standards developed by the special committee pursuant to Section 94304.5.

(1) The institution shall demonstrate compliance with the standards through a comprehensive onsite review process conducted by a three-member visiting committee impaneled by the superintendent for that purpose pursuant to paragraph (2). The process shall review all of the following:

(A) Institutional objectives.
(B) Administrative methods.
(C) Curriculum.
(D) Instruction.
(E) Faculty, including their qualifications.
(F) Physical facilities.
(G) Administrative personnel.
(H) Procedures for keeping educational records.
(I) Tuition, fee, and refund schedules.
(J) Admissions standards.
(K) Scholastic regulations and graduation requirements.
(L) Degrees offered.
(M) Financial stability, including that the capital assets of the institution are sufficient for the type, level, and number of degree programs offered and that the current assets of the institution are sufficient to serve the number of students then currently enrolled and to meet any tuition or fee refunds that may reasonably be expected under the institution's refund policy.

(2) Within 90 days of the date of receipt of a completed application, the superintendent shall impanel a visiting committee for the purpose of reviewing the applicant institution. The visiting committee shall be composed as follows:

(A) One member appointed by the director of the California Postsecondary Education Commission.

(B) One member appointed by the superintendent from a list of three names submitted by the Council for Private Postsecondary Educational Institutions.

(C) One member appointed by the superintendent from his or her staff, who shall serve as chairperson of the visiting committee.

(D) Additional members may be appointed by the superintendent if the superintendent determines that their technical expertise is necessary to review the applicant institution. These members shall be nonvoting members.

(3) The visiting committee's responsibilities shall include all of the following:

(A) To verify the accuracy of the information submitted by the applicant institution.

(B) To determine whether the applicant institution complies with the standards required by statute and regulation.

(C) To provide the applicant institution with a preliminary report of its findings, including its recommendation regarding the grant of the requested authorization, no later than 30 days following completion of the onsite review. The applicant institution shall provide the visiting committee with any additional information the visiting committee may request within 30 days after receipt of the preliminary report.

(D) To review the applicant institution's response to the preliminary report, and no later than 30 days following receipt of the response, submit a final report to the superintendent. The final report shall include the visiting committee's recommendation for the grant of authorization or for the denial of that authorization.

(4) If the visiting committee's recommendation regarding authorization is not unanimous, the superintendent shall refer the final report to the council or to an appropriate appeals committee of the council for its advice pursuant to paragraph (8) of subdivision (f) of Section 94304.

(5) Within 90 days of the receipt of a unanimous visiting committee's report or the advice of the council, as appropriate, the superintendent shall take one of the following alternative actions:

(A) Grant the applicant institution full authorization for a period not to exceed five years. Authorization pursuant to this subparagraph shall continue to be valid upon payment of the annual renewal fee specified in Section 94331.

(B) Disapprove the application.

The superintendent shall advise the applicant institution of the specific reasons for action taken pursuant to subparagraph (B) and of the specific corrective measures needed to obtain authorization. If those corrective measures have been taken, authorization may then be granted for an initial period not to exceed one year, and for periods of five years upon each subsequent renewal, subject to the payment of the annual renewal fee specified in Section 94331.

(6) Not later than 90 days prior to the expiration of an authorization to operate, an institution shall file a completed application for reauthorization pursuant to subdivision (c) with the superintendent. The reauthorization process for all institutions shall include a full review by a visiting committee.

(7) All institutions operating pursuant to authorization received under this subdivision in effect on June 30, 1984, shall receive conditional authorization for a period not to exceed three years. On a specified date prior to June 30, 1987, determined by the superintendent, each institution granted conditional authorization pursuant to this paragraph shall file a completed application for reauthorization pursuant to subdivision (c).

(8) Authorization received pursuant to this subdivision shall not be interpreted to endorse, and it is unlawful for, any institution to represent by any means that the State of California, the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made any accreditation or endorsement of the course of study or degree.

(9) If at any time the superintendent determines that an authorized institution has significantly deviated from the standards for authorization, but not to an extent that would warrant the withdrawal of the institution's authorization, the superintendent may place the institution on probation for a specific period of time. During the period of probation, the institution shall be subject to special scrutiny by the superintendent. That scrutiny may include required submission of periodic reports, as prescribed by the superintendent, and special visits by authorized representatives of the superintendent. If at the end of the specified probation period, the institution has not taken steps to eliminate the cause for its probation which the superintendent finds satisfactory, the superintendent may withdraw the institution's authorization to award degrees. An institution placed on probation pursuant to this paragraph may appeal the superintendent's action to the council. The appeal shall be filed no later than 30 days following the superintendent's initial action pursuant to this paragraph.

(d) The institution is structured by schools of theology, and awards degrees primarily in theology and other areas of religious study, and it has filed all of the following affidavits with the superintendent:

(1) An annual affidavit of "full disclosure" describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty with qualifications, physical facilities, administrative personnel, educational recordkeeping procedures, tuition and fee schedule, tuition refund schedule, scholastic regulations, degrees to be conferred, graduation requirements, and financial stability as evidenced by a certified financial statement for the preceding year.

(2) An affidavit by the president or other head stating that the institution owns, and shall continue to own, net assets in the amount

of fifty thousand dollars ($50,000) which is used solely for the purpose of education as stated in paragraph (1), located within this state, and stating that these assets provide sufficient resources to achieve the educational objectives of the institution. These assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

(3) An annual affidavit by the president or other head setting forth, as a minimum, all of the following information:

(A) All names, whether real or fictitious, of the person, institution, firm, association, partnership, or corporation under which it has done or is doing business.

(B) The address, including city and street, of every place of doing business of the person, firm, association, partnership, or corporation, within this state.

(C) The address, including city and street, of the location of the records of the person, firm, association, partnership, or corporation, and the name and address, including city and street, of the custodian of those records.

(D) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association, partnership, or corporation.

(E) That the records required by subdivision (k) of Section 94312 are maintained at the address stated, and are true and accurate.

Any change in the items of information required to be included in this affidavit shall be reported to the superintendent within 20 days of the change.

Within 90 days of the receipt of the affidavits described in paragraphs (1), (2), and (3), and prior to granting the initial authorization to operate, the superintendent shall verify the truthfulness and accuracy of the affidavits by impaneling a three-member team comprised of one representative which he or she shall select, one representative of the California Postsecondary Education Commission, and one representative selected by, but not affiliated with, the institution to be inspected. Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. Authorization to operate may be denied only if the affidavits are inaccurate. Authorization to operate may be granted for one year initially and for periods of three years upon each subsequent renewal, subject to payment of an annual fee pursuant to Section 94331. For all affidavits beyond the initial application, the superintendent may take any steps necessary to verify the truthfulness and accuracy of the affidavits. Filing pursuant to this

subdivision shall not be interpreted to mean, and it shall be unlawful for, any institution to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study or degree.

SEC. 2. Section 94331 of the Education Code is amended to read:

94331. The superintendent shall establish and maintain a Private Postsecondary Education Administration Fund. All fees collected pursuant to this section shall be credited to this fund, along with any interest on the money, for administration of the provisions of this chapter. The money in the fund is continuously appropriated to the State Department of Education without regard to fiscal years. However, if the Legislature makes an appropriation for the support of the Office of Private Postsecondary Education in the Budget Act of any fiscal year, the amount for support of the Office of Postsecondary Education expended from the Private Postsecondary Education Administration Fund during that fiscal year shall not exceed the amount appropriated by the Budget Act.

For the approval or authorization of private institutions operating under this chapter, including the licensure of institutions operating pursuant to paragraph (2) of subdivision (a) of Section 94310, the superintendent shall charge an amount not exceeding the the actual costs of approving or authorizing the private institutions. If the actual costs incurred exceed the proceeds of the maximum amount so computed, the superintendent may further increase the maximum fee up to the amount of the actual costs incurred, with the approval of the council. [Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am eliminating the $296,000 for support of the California Coastal Commission contained in Section 2 1 of Senate Bill 1332 The need for the additional funding contained in this bill has not been substantiated I am approving $344,000 in this bill to provide $14,000 for support of the San Francisco Bay Conservation and Development Commission and $330,000 for local assistance programs and activities which facilitate completion and implementation of local coastal programs

With this reduction, I approve Senate Bill No 1332

GEORGE DEUKMEJIAN, Governor

SECTION 1. Item 3720-001-890 of the Budget Act of 1985 (Chapter 111, Statutes of 1985) is amended to read:

3720-001-890—For support of California Coastal Commission, for transfer to Item 3720-001-001, payable from special federal funds disbursed pursuant to the Federal Coastal Zone Management Act of 1972, as amended (16 U.S.C. 1451 et seq.) and deposited in the Federal Trust Fund 1,360,000

3720-003-890—For support of the California Coastal

CHAPTER 1452

An act to repeal Section 1141.32 of the Code of Civil Procedure, relating to judicial arbitration, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am deleting the annual appropriation of $4 million (commencing in the 1986–87 fiscal year) contained in Section 2 of Assembly Bill No 48.

State funding for the judicial arbitration program should be reviewed annually to insure that both the legislative and executive branches have an ongoing review of the program and its attendant cost to the State

With this deletion, I approve Assembly Bill No 48

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 1141.32 of the Code of Civil Procedure is repealed.

SEC. 2. There is hereby appropriated from the General Fund to the Controller for allocation and disbursement for purposes of this act the sum of two million dollars ($2,000,000) for the 1985–86 fiscal year and the sum of four million dollars ($4,000,000), annually, for each fiscal year thereafter.

CHAPTER 1453

An act to add Section 238 to the Water Code, relating to water resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

I am deleting the $2,200,000 appropriation contained in Section 3 of Senate Bill No 674

After reviewing this legislation, I have concluded that its merits do not outweigh the need for funding top priority programs and continuing a prudent reserve for economic uncertainties

The demands placed on budget resources require all of us to set priorities The budget enacted in July of 1985 appropriated over $28 billion (from the General Fund) to essential services provided by State government as determined by the Legislature and this Administration This represents an 11 5% increase in expenditures over the budget enacted in July of 1984 That increase was for the purpose of funding priority programs while at the same time maintaining our reserve and preserving our fiscal integrity It is imperative that the State of California continues to live within its means

Therefore, while not issuing a conclusion on the merits of this appropriation, I have determined that it cannot be approved if we are to stay on our prescribed course of fiscal responsibility

With this deletion, I approve Senate Bill No 674, which will authorize the Department of Water Resources to use $400,000 for an alternative bank protection demonstration project in the vicinity of Woodson Bridge on the Sacramento River

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 238 is added to the Water Code, to read:

238. (a) The department shall conduct studies of the Sacramento River and the Feather River and their tributaries north of Sacramento, including watershed hydrologic inventories and studies of water sources and supplies to meet local needs, flood control, water quality, seepage and erosion control, fishery restoration, and preservation of riparian habitat. The department shall submit the results of its studies and its recommendations to the Legislature.

SEC. 2. Notwithstanding any other provision of law, up to four hundred thousand dollars ($400,000) of the amount appropriated to the Department of Water Resources in subdivision (2) of Item 3860-301-036 (30.95.010 - Sacramento-San Joaquin River Bank Protection Program) of the Budget Act of 1985 (Chapter 111 of the Statutes of 1985) may be used by the department for the design, construction, maintenance, and monitoring of an alternative bank protection demonstration project in the vicinity of Woodson Bridge on the Sacramento River.

SEC. 3. The sum of two million two hundred thousand dollars ($2,200,000) is hereby appropriated from the contingency reserve for economic uncertainties established within the General Fund by Section 12.30 of the Budget Act of 1985 (Chapter 111 of the Statutes of 1985) to the Department of Water Resources for expenditure as follows:

(a) The sum of two hundred thousand dollars ($200,000) for the acquisition and installation of an Automated Local Evaluation in Real Time (ALERT) flood warning system in locations to be determined by the department. Because of the imminent threat of severe, wildfire-induced flood damage during the 1985–86 flood season, the department may use urgency purchasing and contracting procedures as determined to be necessary to acquire and install this warning system.

(b) The sum of two million dollars ($2,000,000) for assistance to local agencies in preventing further wildfire-induced damage during the 1985–86 flood season. Among other purposes, this appropriation may be utilized by the department (1) to evaluate the probable effectiveness of protective works proposed by local agencies, (2) to meet the requirements for nonfederal financial participation under flood prevention programs of the federal government, provided local agencies expend at least 10 percent of the total cost of federally assisted protective work, and (3) to meet the requirements for flood prevention programs not eligible for federal funds, provided local agencies extend at least 25 percent of the total cost for state assisted protective work. For the purposes of this subdivision, the Juncal Dam Watershed of Santa Barbara County and the Lexington Dam Watershed of Santa Clara County are eligible for state assistance.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Widespread wildfires have stripped protective vegetation away from many areas, exposing the state to potentially severe flooding problems in major burn areas. In order for the flood warning system and funding provided for by this act to be effective during the 1985–86 flood season, it is necessary that this act take effect immediately. In addition, in order for the Department of Water Resources to perform necessary river studies and river bank protection work in as timely a manner as possible, it is necessary that this act take effect immediately.

CHAPTER 1454

CHAPTER 1455

An act to amend the heading of Article 8 (commencing with Section 60110) of Chapter 1 of Part 33 of, and to add Sections 51220.1 and 60115 to, the Education Code, and to amend Sections 1660.8, 11113, and 27360 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985]

I am deleting the $262,750 General Fund appropriation contained in Section 10 of Senate Bill No 127

I am supportive of this legislation which would ensure that young people are informed of the hazards of drinking or the use of drugs while driving a vehicle However, I am not convinced of the need for the additional funding called for by this bill

The demands placed on budget resources require all of us to set priorities The budget enacted in July of 1985 appropriated over $28 billion (from the General Fund) to essential services provided by State government as determined by the Legislature and this Administration This represents an 11 5% increase in expenditures over the budget enacted in July of 1984 That increase was for the purpose of funding priority programs while at the same time maintaining our reserve and preserving our fiscal integrity It is imperative that the State of California continues to live within its means

With this deletion, I approve Senate Bill No 127

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. CHAPTER 2.5. INTERAGENCY SCHOOL SAFETY DEMONSTRATION ACT OF 1985

Article 1. General Provisions

32260. This chapter shall be known and may be referred to as the Interagency School Safety Demonstration Act of 1985.

32261. The Legislature hereby recognizes that all pupils enrolled in the state public schools have the inalienable right to attend classes on campuses which are safe, secure, and peaceful. The Legislature also recognizes that pupils cannot fully benefit from an educational program unless they attend school on a regular basis. In addition, the Legislature further recognizes that school crime, vandalism, truancy, and excessive absenteeism are significant problems on far too many school campuses in the state.

The Legislature hereby finds and declares that the establishment of an interagency coordination system is the most efficient and long-lasting means of resolving school and commuity problems of crime, vandalism, and truancy.

It is the intent of the Legislature in enacting this chapter to encourage school districts, county offices of education, and law enforcement agencies to develop and implement interagency strategies, programs, and activities which will improve school attendance and reduce the rates of school crime and vandalism.

32262. (a) There is hereby established the School Safety Partnership, comprised of the Superintendent of Public Instruction and the Attorney General. The duties of the partnership shall consist of all of the following:

(1) The development of programs and policies necessary to

implement the provisions of this chapter, including the policies prescribed by Section 32261.

(2) The administration of interagency safe school programs, procedures, and activities conducted pursuant to this chapter.

(3) The formulation of recommendations to be submitted as part of an annual report to the Legislature regarding the implementation of this chapter.

(4) Cooperation with other states and state and federal agencies on matters relating to school safety.

(b) As used in this chapter, the term "partnership" means the School Safety Partnership established by this section.

Article 2. Interagency Safe School Model Programs

32270. (a) From funds appropriated for that purpose, the partnership shall establish for the 1985-86 and 1986-87 school years 30 interagency safe school model programs in accordance with the requirements of this article to address the problems of school safety, truancy, and excessive absenteeism.

In selecting program applicants, the Superintendent of Public Instruction shall ensure that the approved model programs are broadly representative of the geographic and ethnic diversity of the state.

(c) The project period for approved model programs shall be from January 1, 1986, to June 30, 1987.

(d) As used in this chapter, the term "school district" shall be construed to include county offices of education.

32271. Applications to establish interagency safe school model programs shall be jointly submitted by applicant school districts and the appropriate law enforcement agencies for that district to address local school safety topics, including, but not necessarily limited to, all of the following:

(a) The reduction of school violence and vandalism.

(b) The improvement of school attendance.

(c) The reduction of truancy rates.

(1) The extent to which the proposed model program addresses the specific problem areas defined in Section 32271 and identified by the applicant school district.

(2) The extent to which the applicant school district has solicited the input of education professionals, law enforcement agencies, and community representatives in the planning of the proposed model program.

(3) The ability of the applicant to effectively manage and administer the proposed model program.

(4) The extent to which the proposed model program is capable of being replicated by other school districts in the state at the conclusion of the project period.

(5) The applicant's commitment to the implementation of the proposed model program and its plan for the continuation of the program upon termination of state funding.

(b) The partnership shall provide for the selection of a model program review panel comprised of representatives from various education and law enforcement agencies.

32273. (a) The partnership shall develop guidelines for the funding of model school programs approved pursuant to this article. The adopted guidelines shall provide reimbursement to approved model programs on a quarterly basis. Reimbursement under this subdivision shall be limited to a maximum of 75 percent of the total approved level of funding for costs incurred pending the submission of an end-of-project report submitted by the model program pursuant to Section 32274. Upon receipt of the final project report, the balance of the approved level of funding shall be reimbursed to the approved model program.

(b) Each model program shall designate a participating agency as the agency responsible for the fiscal management of the model program. The designated agency shall submit quarterly financial reports to the superintendent upon forms designated by the superintendent for that purpose.

To correct this situation, the Chancellor of the California Community Colleges shall do the following:

(c) With respect to each item of Section 1245 property (as defined in Section 1245(a)(3) of the Internal Revenue Code) which is subject to a lease, the amount by which—

(2) The amount which would have been allowable if the expenditures had been capitalized and amortized ratably over the 10-year period beginning with the taxable year in which those expenditures

were made.

(i) An amount equal to the excess of—

(1) The amount allowable as a deduction under Section 173 or 174(a) of the Internal Revenue Code, relating to circulation expenses and research and experimental expenditures, for the taxable year, over

(2) The amount which would have been allowable for the taxable year with respect to expenditures paid or incurred during that taxable year if—

provided for in this part of the code.

SEC. 88. Section 23732 of the Revenue and Taxation Code is amended to read:

23732. (a) (1) Except as otherwise provided in this subdivision, the term "unrelated business taxable income" means the gross income derived by any organization from any unrelated trade or business (as defined in Section 23734) regularly carried on by it, less the deductions allowed by this article which are directly connected with the carrying on of such trade or business, both computed with the modifications provided in subdivision (b).

(2) (A) In the case of an organization described in Section 23701g, 23701i, 23701n, or 23701q the term "unrelated business taxable income" means the gross income (excluding any exempt function income), less the deductions allowed by this article which are directly connected with the production of the gross income (excluding function income), both computed with the modifications provided in paragraphs (9), (10), and (11) of subdivision (b).

(B) For purposes of subparagraph (A), the term "exempt function income" means the gross income from dues, fees, charges, or similar amounts paid by members of the organization as consideration for providing such members or their dependents or guests goods, facilities, or services in furtherance of the purposes constituting the basis for the exemption of the organization to which such income is paid. Such term also means all income (other than an amount equal to the gross income derived from any unrelated trade or business regularly carried on by such organization computed as if the organization were subject to paragraph (1)), which is set aside—

(i) For a purpose specified in Section 170(c)(4) of the Internal Revenue Code, or

(ii) In the case of an organization described in Section 23701i, 23701n, or 23701q to provide for the payment of life, sick, accident, or other benefits, including reasonable costs of administration directly connected with a purpose described in clause (i) or (ii).

If during the taxable year, an amount which is attributable to income so set aside is used for a purpose other than that described in clause (i) or (ii), such amount shall be included, under subparagraph (A), in unrelated business taxable income for the taxable year.

(C) If property used directly in the performance of the exempt function of an organization described in Section 23701g, 23701i, 23701n, or 23701q is sold by such organization, and within a period beginning one year before the date of such sale, and ending three years after such date, other property is purchased and used by such organization directly in the performance of its exempt function, gain (if any) from such sale shall be recognized only to the extent that such organization's sales price of the old property exceeds the organization's cost of purchasing the other property. For purposes of this subparagraph, the destruction in whole or in part, theft, seizure, requisition, or condemnation of property, shall be treated as the sale of such property and rules similar to the rules provided by subsec-

tions (b), (c), (e), and (j) of Section 1034 of the Internal Revenue Code shall apply.

(D) (i) In the case of any organization described in Section 23701i, 23701n, or 23701q, a set-aside for any purpose specified in clause (ii) of subparagraph (B) may be taken into account under subparagraph (B) only to the extent that the set-aside does not result in an amount of assets set aside for that purpose in excess of the account limit determined under Section 419A(c) of the Internal Revenue Code for the income year (not taking into account any reserve described in Section 419A(c)(2)(A) of the Internal Revenue Code for postretirement medical benefits).

(ii) No set-aside for assets used in the provision of benefit described in clause (ii) of subparagraph (B) shall be taken into account.

(iii) (I) Clause (i) shall not apply to any income attributable to an existing reserve for postretirement medical or life insurance benefits.

(II) For purposes of subclause (I), "existing reserve for postretirement medical or life insurance benefit" means the amount of assets set aside as of the close of the last plan year ending before July 18, 1984, for purposes of postretirement medical benefits or life insurance benefits to be provided to covered employees.

(III) All payments during plan years ending on or after July 18, 1984, of postretirement medical benefits or life insurance benefits shall be charged against the reserve referred to in subclause (II). Except to the extent provided in regulations prescribed by the Franchise Tax Board, all plans of an employer shall be treated as one plan for purposes of the preceding sentence.

(iv) This paragraph shall not apply to any organization if substantially all of the contributions to that organization are made by employers who were exempt from tax under this chapter throughout the five income year period ending with the income year in which the contributions are made.

(3) If a corporation exempt under Section 23701h—

(A) Pays any amount of its net income for a taxable year to an organization (parent) exempt from taxation under Section 23701 or 17631 (or in case of an organization located outside the state the exemption may be under Section 501(a) of the Internal Revenue Code) or which would pay such amount but for the fact that the expenses of collecting its income exceeded its income, and

(B) Such corporation and such organization file a consolidated federal return for the year and furnish a copy of the consolidated return with its return, such corporation shall be treated, for the purposes of the tax imposed by Section 23731, as being organized and operated for the same purposes as such organization in addition to the purposes described in Section 23701h.

(b) The modifications referred to in subdivision (a) are the following:

(1) There shall be excluded all dividends, interest, and annuities, and all deductions directly connected with such income.

(2) There shall be excluded all royalties (including overriding royalties) whether measured by production or by gross or taxable income from the property, and all deductions directly connected with such income.

(3) In the case of rents—

(A) Except as provided in subparagraph (B), there shall be excluded—

(i) All rents from real property, and

(ii) All rents from personal property leased with such real property, if the rents attributable to such personal property are an incidental amount of the total rents received or accrued under the lease, determined at the time the personal property is placed in service.

(B) Subparagraph (A) shall not apply—

(i) If more than 50 percent of the total rent received or accrued under the lease is attributable to personal property described in subparagraph (A) (ii), or

(ii) If the determination of the amount of such rent depends in whole or in part on the income or profits derived by any person from the property leased (other than an amount based on a fixed percentage or percentages of receipts or sales).

(C) There shall be excluded all deductions directly connected with rents excluded under subparagraph (A).

(4) Notwithstanding paragraph (1), (2), (3), or (5), in case of debt-financed property (as defined in Section 23735) there shall be included, as an item of gross income derived from an unrelated trade or business, the amount ascertained under paragraph (1) of subdivision (a) of Section 23735, and there shall be allowed, as a deduction, the amount ascertained under paragraph (2) of subdivision (a) of Section 23735.

(5) There shall be excluded all gains or losses from the sale, exchange or other disposition of property other than—

(A) Stock in trade or other property of a kind which would properly be includable in inventory if on hand at the close of the taxable year, or

(B) Property held primarily for sale to customers in the ordinary course of the trade or business.

This paragraph shall not apply with respect to the cutting of timber which is considered, on the application of Section 17711, as a sale or exchange of such timber.

(6) There shall be excluded all income derived from research for (A) the United States, or any of its agencies or instrumentalities, or (B) any state or political subdivision thereof; and there shall be excluded all deductions directly connected with such income.

(7) In the case of a college, university, or hospital, there shall be excluded all income derived from research performed for any person, and all deductions directly connected with such income.

(8) In the case of an organization operated primarily for purposes of carrying on fundamental research the results of which are freely available to the general public, there shall be excluded all income

derived from research performed for any person, and all deductions directly connected with such income.

(9) In the case of any organization (other than a trust) subject to tax under Section 23731, the deduction allowed by Section 24357 (relating to charitable, etc., contributions and gifts) shall be allowed (whether or not directly connected with the carrying on of the trade or business), but shall not exceed 5 percent of the unrelated business taxable income computed without the benefit of this paragraph.

(10) In the case of any trust subject to taxation under Section 23731 or subdivision (a) of Section 17651, the deduction allowed by Section 170 of the Internal Revenue Code (relating to charitable, etc., contributions and gifts) shall be allowed (whether or not directly connected with the carrying on of the trade or business) and for such purpose a distribution made by the trust to a beneficiary described in Section 170 of the Internal Revenue Code shall be considered a gift or contribution. The deduction allowed by this paragraph shall be allowed with the limitations prescribed in Section 17241 determined with reference to the unrelated business taxable income computed without the benefit of this paragraph (in lieu of with reference to adjusted gross income).

(11) There shall also be allowed a specific deduction of one thousand dollars ($1,000). In the case of a diocese, province of a religious order, or a convention or association of churches, there shall be allowed, with respect to each parish, individual church, district, or other local unit, a specific deduction equal to the lower of—

(A) One thousand dollars ($1,000), or

(B) The gross income derived from any unrelated trade or business regularly carried on by such local unit.

(12) In the case of an organization which is described in Section 23701a, there shall be excluded all income used to establish, maintain, or operate a retirement home, hospital, or other similar facility for the exclusive use and benefit of the aged and infirm members of such an organization, which is derived from agricultural pursuits conducted on ground contiguous to the retirement home, hospital, or similar facility and further provided that such income does not provide more than 75 percent of the cost of maintaining and operating the retirement home, hospital, or similar facility; and there shall be excluded all deductions directly connected with such income.

(13) Notwithstanding paragraph (1), (2), or (3), amounts of interest, annuities, royalties, and rents derived from any organization (in this paragraph called the controlled organization) of which the organization deriving such amounts (in this paragraph called the controlling organization) has control (as defined in Section 24564) shall be included as an item of gross income (whether or not the activity from which such amounts are derived represents a trade or business or is regularly carried on) in an amount which bears the same ratio as—

(A) (i) In the case of a controlled organization which is not exempt from taxation under Section 23701 or 17631, the excess of

the amount of taxable income of the controlled organization over the amount of such organization's taxable income which if derived directly by the controlling organization would not be unrelated business taxable income, or

(ii) In the case of a controlled organization which is exempt from taxation under Section 23701 or 17631, the amount of unrelated business taxable income of the controlled organization, bears to

(B) The taxable income of the controlled organization (determined in the case of a controlled organization to which subparagraph (A) (ii) applies as if it were not an organization exempt from taxation under Section 23701 or 17631), but not less than the amount determined in clause (i) or (ii), as the case may be, of subparagraph (A),

both amounts computed without regard to amounts paid directly or indirectly to the controlling organization. There shall be allowed all deductions directly connected with amounts included in gross income under the preceding sentence.

SEC. 89. Section 23735 of the Revenue and Taxation Code is amended to read:

23735. (a) In computing under Section 23732 the unrelated business taxable income for any taxable year—

(1) There shall be included with respect to each debt-financed property as an item of gross income derived from an unrelated trade or business an amount which is the same percentage (but not in excess of 100 percent) of the total gross income derived during the taxable year from or on account of such property as (A) the average acquisition indebtedness (as defined in subdivision (C) (7) for the taxable year with respect to the property is of (B) the average amount (determined under regulations prescribed by the Franchise Tax Board) of the adjusted basis of such property during the period it is held by the organization during such taxable year.

(2) There shall be allowed with respect to each debt-financed property, as a deduction to be taken into account in computing unrelated debt-financed income, an amount determined by applying (except as provided in the last sentence of this paragraph) the percentage derived under paragraph (1) to the sum determined under paragraph (3). The percentage derived under this paragraph shall not be applied with respect to the deduction of any capital loss resulting from the carryover of net capital losses under Section 18152.

(3) The sum referred to in paragraph (2) is the sum of the deductions under this part which are directly connected with the debt-financed property or the income therefrom, except that if the debt-financed property is of a character which is subject to the allowance for depreciation provided in Section 24349, the allowance shall be computed only by use of the straight line method.

(b) For the purpose of this section—

(1) The term "debt-financed property" means any property which is held to produce income and with respect to which there is an acquisition indebtedness (as defined in subdivision (c)) at any

time during the taxable year (or, if the property was disposed of during the taxable year, with respect to which there was an acquisition indebtedness at any time during the 12-month period ending with the date of such disposition), except that such term does not include—

(A) (i) Any property substantially all the use of which is substantially related (aside from the need of the organization for income or funds) to the exercise or performance by such organization of its charitable, educational, or other purpose of function constituting the basis for its exemption under Section 17631 or 23701; or

(ii) Any property to which clause (i) does not apply, to the extent that its use is so substantially related;

(B) Except in the case of income excluded under paragraph (5) of subdivision (b) of Section 23732, any property to the extent that the income from such property is taken into account in computing the gross income of any unrelated trade or business;

(C) Any property to the extent that the income from such property is excluded by reason of the provisions of paragraph (6), (7), or (8) of subdivision (b) of Section 23732 in computing the gross income of any unrelated trade or business; or

(D) Any property to the extent that it is used in any trade or business described in subdivision (a), (b), or (c) of Section 23734. For purposes of subparagraph (A), substantially all the use of a property shall be considered to be substantially related to the exercise or performance by an organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under Section 17631 or 23701 if such property is real property subject to a lease to a medical clinic entered into primarily for purposes which are substantially related (aside from the need of such organization for income or funds or the use it makes of the rents derived) to the exercise or performance by such organization of its charitable, educational, or other purpose or function constituting the basis for its exemption under Section 17631 or 23701.

(2) For purposes of applying subparagraphs (A), (C), and (D) of paragraph (1), the use of any property by an exempt organization which is related to an organization shall be treated as use by such organization.

(3) (A) If an organization acquires real property for the principal purpose of using the land (commencing within 10 years of the time of acquisition) in the manner described in subparagraph (A) of paragraph (1) and at the time of acquisition the property is in the neighborhood of other property owned by the organization which is used in such manner, the real property acquired for such future use shall not be treated as debt-financed property so long as the organization does not abandon its intent to so use the land within the 10-year period. The preceding sentence shall not apply for any period after the expiration of the 10-year period, and shall apply after the first five years of the 10-year period only if the organization establishes to the satisfaction of the Franchise Tax Board that it is reasonably certain

that the land will be used in the described manner before the expiration of the 10-year period.

(B) If the first sentence of subparagraph (A) is inapplicable only because—

(i) The acquired land is not in the neighborhood referred to in subparagraph (A), or

(ii) The organization (for the period after the first five years of the 10-year period) is unable to establish to the satisfaction of the Franchise Tax Board that it is reasonably certain that the land will be used in the manner described in subparagraph (A) of paragraph (1) before the expiration of the 10-year period, but the land is converted to such use by the organization within the 10-year period,

the real property (subject to the provisions of subparagraph (D)) shall not be treated as debt-financed property for any period before such conversion. For purposes of this subparagraph, land shall not be treated as used in the manner described in subparagraph (A) of paragraph (1) by reason of the use made of any structure which was on the land when acquired by the organization.

(C) Subparagraphs (A) and (B)—

(i) Shall apply with respect to any structure on the land when acquired by the organization, or to the land occupied by the structure, only if (and so long as) the intended future use of the land in the manner described in subparagraph (A) of paragraph (1) requires that the structure be demolished or removed in order to use the land in such manner;

(ii) Shall not apply to structures erected on the land after the acquisition of the land; and

(iii) Shall not apply to property subject to a lease which is an "Article 2" lease as (defined in Section 23735a).

(D) If an organization for any taxable year has not used land in the manner to satisfy the actual use condition of subparagraph (B) before the time prescribed by law (including extensions thereof) for filing the return for such taxable year, the tax for such year shall be computed without regard to the application of subparagraph (B), but if and when such use condition is satisfied, the provisions of subparagraph (B) shall then be applied to such taxable year. If the actual use condition of subparagraph (B) is satisfied for any taxable year after such time for filing the return, and if credit or refund of any overpayment for the taxable year resulting from the satisfaction of such use condition is prevented at the close of the taxable year in which the use condition is satisfied, by the operation of any law or rule of law (other than Section 25781, relating to closing agreements and compromises), credit or refund of such overpayment may nevertheless be allowed or made if claim therefor is filed before the expiration of one year after the close of the taxable year in which the use condition is satisfied.

(E) In applying this paragraph to a church or convention or association of churches, in lieu of the 10-year period referred to in

subparagraphs (A) and (B) a 15-year period shall be applied, and subparagraph (A) and clause (ii) of subparagraph (B) shall apply whether or not the acquired land meets the neighborhood test.

(c) For the purpose of this section—

(1) The term "acquisition indebtedness" means with respect to any debt-financed property, the unpaid amount of—

(A) The indebtedness incurred by the organization in acquiring or improving such property;

(B) The indebtedness incurred before the acquisition or improvement of such property if such indebtedness would not have been incurred but for such acquisition or improvement; and

(C) The indebtedness incurred after the acquisition or improvement of such property if such indebtedness would not have been incurred but for such acquisition or improvement and the incurrence of such indebtedness was reasonably foreseeable at the time of such acquisition or improvement;

except that in case of any taxable year beginning before January 1, 1972, any indebtedness incurred before June 28, 1966 shall not be taken into account unless such indebtedness constitutes Article 2 lease indebtedness (as defined in Section 23735a).

(2) Property acquired subject to mortgage shall be subject to the following rules, exceptions, and limitations.

(A) Where property (no matter how acquired) is acquired subject to a mortgage or other similar lien, the amount of the indebtedness secured by such mortgage or lien shall be considered as an indebtedness of the organization incurred in acquiring such property even though the organization did not assume or agree to pay such indebtedness.

(B) Where property subject to a mortgage is acquired by an organization by bequest or devise, the indebtedness secured by the mortgage shall not be treated as acquisition indebtedness during a period of 10 years following the date of the acquisition. If an organization acquires property by gift subject to a mortgage which was placed on the property more than five years before the gift, which property was held by the donor more than five years before the gift, the indebtedness secured in such mortgage shall not be treated as acquisition indebtedness during a period of 10 years following the date of such gift. This subparagraph shall not apply if the organization, in order to acquire the equity in the property by bequest, devise, or gift, assumes and agrees to pay the indebtedness secured by the mortgage, or if the organization makes any payment for the equity in the property owned by the decedent or the donor.

(C) Where state law provides that—

(i) A lien for taxes, or

(ii) A lien for assessments, made by a state or a political subdivision thereof attaches to property prior to the time when such taxes or assessments become due and payable, then such lien shall be treated as similar to a mortgage (within the meaning of subparagraph (A)) but only after such taxes or assessments become due and

payable and the organization has had an opportunity to pay such taxes or assessments in accordance with state law.

(3) An extension, renewal, or refinancing of an obligation evidencing a preexisting indebtedness shall not be treated, for the purpose of this section, as the creation of a new indebtedness.

(4) The term "acquisition indebtedness" does not include indebtedness the incurrence of which is inherent in the performance or exercise of the purpose or function constituting the basis of the organization's exemption.

(5) The term "acquisition indebtedness" does not include an obligation to pay an annuity which—

(A) Is the sole consideration (other than a mortgage to which subparagraph (B) of paragraph (2) applies) issued in exchange for property if, at the time of the exchange, the value of the annuity is less than 90 percent of the value of the property received in the exchange,

(B) Is payable over the life of one individual in being at the time the annuity is issued or over the lives of two individuals in being at such time, and

(C) Is payable under a contract which—

(i) Does not guarantee a minimum amount of payments or specify a maximum amount of payments, and

(ii) Does not provide for any adjustment of the amount of the annuity payments by reference to the income received from the transferred property or any other property.

(6) The term "acquisition indebtedness" does not include an obligation, to the extent that it is insured by the Federal Housing Administration, to finance the purchase, rehabilitation, or construction of housing for low- and moderate-income persons.

(7) The term "average acquisition indebtedness" for any taxable year with respect to a debt-financed property means the average amount determined under regulations prescribed by the Franchise Tax Board, of the acquisition indebtedness during the period the property is held by the organization during the taxable year, except that for the purpose of computing the percentage of any gain or loss to be taken into account on a sale or other disposition of debt-financed property, such term means the highest amount of the acquisition indebtedness with respect to such property during the 12-month period ending with the date of the sale or other disposition.

(8) (A) Except as provided in subparagraph (B), "acquisition indebtedness" does not, for purposes of this section, include indebtedness incurred by a qualified organization in acquiring or improving any real property.

(B) The provisions of subparagraph (A) shall not apply in any case in which—

(i) The price for the acquisition or improvement is not a fixed amount determined as of the date of the acquisition or the completion of the improvement;

(ii) The amount of any indebtedness or any other amount payable

with respect to that indebtedness, or the time for making any payment of any such amount, is dependent, in whole or in part, upon any revenue, income, or profits derived from that real property;

(iii) The real property is at any time after the acquisition leased by the qualified organization to the person selling that property to that organization or to any person who bears a relationship described in Section 267(b) or 707(b) of the Internal Revenue Code to that person;

(iv) The real property is acquired by a qualified trust from, or is at any time after the acquisition leased by that trust to, any person who—

(I) Bears a relationship which is described in subparagraph (C), (E), or (G) of Section 4975(e)(2) of the Internal Revenue Code to any plan with respect to which that trust was formed, or

(II) Bears a relationship which is described in subparagraph (F) or (H) of Section 4975(e)(2) of the Internal Revenue Code to any person described in subclause (I);

(v) Any person described in clause (iii) or (iv) who provides the qualified organization with financing in connection with the acquisition or improvement; or

(vi) The real property is held by a partnership unless the partnership meets the requirements of clauses (i) to (v), inclusive, and unless—

(I) All of the partners of the partnership are qualified organizations, or

(II) Each allocation to a partner of the partnership which is a qualified organization is a qualified allocation within the meaning of Section 168(j)(9) of the Internal Revenue Code.

For purposes of subclause (I) of clause (vi), an organization shall not be treated as a qualified organization if any income of that organization would be unrelated business taxable income (determined without regard to this paragraph).

(C) For purposes of this paragraph, "qualified organization" means either of the following:

(i) An organization described in Section 170(b)(1)(A)(ii) of the Internal Revenue Code and its affiliated support organizations described in subdivision (a) of Section 23709.

(ii) Any trust which constitutes a qualified trust under Section 401 of the Internal Revenue Code.

(D) Rules similar to the rules of clause (vi) of subparagraph (B) shall also apply in the case of any pass-thru entity other than a partnership and in the case of tiered partnerships and other entities.

(d) If the property was acquired in a complete or partial liquidation of a corporation in exchange for its stock, the basis of the property, for the purposes of this article, shall be the same as it would be in the hands of the transferor corporation, increased by the amount of gain recognized to the transferor corporation upon such distribution and by the amount of any gain to the organization which was included, on account of such distribution, in its unrelated business

taxable income under subdivision (a).

(e) Where debt-financed property is held for purposes described in subparagraph (A), (B), (C), or (D) of paragraph (1) of subdivision (b) as well as for other purposes, proper allocation shall be made with respect to basis, indebtedness, and income and deductions. The allocations and exclusions required by this section shall be made in accordance with regulations prescribed by the Franchise Tax Board to the extent proper to carry out the purposes of this section.

(f) The Franchise Tax Board shall prescribe any regulations which may be necessary or appropriate to carry out the purposes of this section, including regulations to prevent the circumvention of any provision of this section through the use of segregated asset accounts.

SEC. 90. Section 24275 is added to the Revenue and Taxation Code, to read:

24275. In the case of any taxpayer who is required to include the amount of any nuclear decommissioning costs in the taxpayer's cost of service for ratemaking purposes, there shall be includable in the gross income of that taxpayer the amount so included for any income year.

SEC. 91. Section 24307 of the Revenue and Taxation Code is amended to read:

24307. (a) (1) Gross income does not include any amount which (but for this subdivision) would be includable in gross income by reason of the discharge (in whole or in part) of indebtedness of the taxpayer if—

(A) The discharge occurs when the taxpayer is insolvent, or

(B) The indebtedness discharged is qualified business indebtedness.

(2) Subparagraph (B) of paragraph (1) shall not apply to a discharge to the extent that the taxpayer is insolvent.

(3) In the case of a discharge to which subparagraph (A) of paragraph (1) applies, the amount excluded under subparagraph (A) of paragraph (1) shall not exceed the amount by which the taxpayer is insolvent.

(b) (1) The amount excluded from gross income under subparagraph (A) of paragraph (1) of subdivision (a) shall, except as provided in paragraph (5), be applied to reduce the basis of the property of the taxpayer.

(2) For provisions for making the reduction see Section 24918.

(3) The reduction shall be one dollar ($1) for each dollar excluded by subdivision (a).

(4) The reduction shall be made after the determination of the tax imposed by this chapter for the income year of the discharge.

(5) (A) The taxpayer may elect to apply any portion of the reduction referred to in paragraph (1) to the reduction under Section 24918 of the basis of the depreciable property of the taxpayer.

(B) The amount to which an election under this subdivision applies shall not exceed the aggregate adjusted bases of the depreciable property held by the taxpayer as of the beginning of the income year

following the income year in which the discharge occurs.

(C) Paragraph (1) shall not apply to any amount to which an election under this subdivision applies.

(c) (1) In the case of a discharge of qualified business indebtedness, the amount excluded from gross income under subparagraph (B) of paragraph (1) of subdivision (a) shall be applied to reduce the basis of the depreciable property of the taxpayer.

(2) For provisions for making the reduction see Section 24918.

(3) The amount excluded under subparagraph (B) of paragraph (1) of subdivision (a) shall not exceed the aggregate adjusted bases of the depreciable property held by the taxpayer as of the beginning of the income year following the income year in which the discharge occurs (determined after any reductions under subdivision (b)).

(d) (1) For purposes of this section, the term "indebtedness of the taxpayer" means any indebtedness—

(A) For which the taxpayer is liable, or

(B) Subject to which the taxpayer holds property.

(2) For purposes of this section, the term "insolvent" means the excess of liabilities over the fair market value of assets. With respect to any discharge, whether or not the taxpayer is insolvent, and the amount by which the taxpayer is insolvent, shall be determined on the basis of the taxpayer's assets and liabilities immediately before the discharge.

(3) Indebtedness of the taxpayer shall be treated as qualified business indebtedness if (and only if)—

(A) The indebtedness was incurred or assumed—

(i) By a corporation, or

(ii) By an individual in connection with property used in his trade or business, and

(B) Such taxpayer makes an election under this paragraph with respect to such indebtedness.

(4) The term "depreciable property" has the same meaning as when used in Section 24918.

(5) In the case of a partnership, subdivisions (a), (b), and (c) shall be applied at the partner level.

(6) (A) An election under paragraph (3) of this subdivision or under paragraph (5) of subdivision (b) shall be made on the taxpayer's return for the income year in which the discharge occurs or at such other time as may be permitted in regulations prescribed by the Franchise Tax Board.

(B) An election referred to in subparagraph (A), once made, may be revoked only with the consent of the Franchise Tax Board.

(C) An election referred to in subparagraph (A) shall be made in such manner as the Franchise Tax Board may by regulations prescribe.

(7) For provision that no reduction is to be made in the basis of exempt property of an individual debtor, see Section 24918(c)(1).

(e) For purposes of this title—

(1) Except as otherwise provided in this section, there shall be no

insolvency exception from the general rule that gross income includes income from the discharge of indebtedness.

(2) No income shall be realized from the discharge of indebtedness to the extent that payment of the liability would have given rise to a deduction.

(3) The amount taken into account with respect to any discharge shall be properly adjusted for unamortized premium and unamortized discount with respect to the indebtedness discharged.

(4) (A) For purposes of determining income of the debtor from discharge of indebtedness, to the extent provided in regulations prescribed by the Franchise Tax Board, the acquisition of outstanding indebtedness by a person bearing a relationship to the debtor specified in Section 267(b) or 707(b) of the Internal Revenue Code from a person who does not bear such a relationship to the debtor shall be treated as the acquisition of such indebtedness by the debtor. Such regulations shall provide for such adjustments in the treatment of any subsequent transactions involving the indebtedness as may be appropriate by reason of the application of the preceding sentence.

(B) For purposes of this paragraph, Sections 267(b) and 707(b) of the Internal Revenue Code shall be applied as if Section 267(c)(4) of the Internal Revenue Code provided that the family of an individual consists of the individual's spouse, the individual's children, grandchildren, and parents, and any spouse of the individual's children or grandchildren.

(5) If—

(A) The debt of a purchaser of property to the seller of such property which arose out of the purchase of such property is reduced,

(B) Such reduction does not occur when the purchaser is insolvent, and

(C) But for this paragraph, such reduction would be treated as income to the purchaser from the discharge of indebtedness,

then such reduction shall be treated as a purchase price adjustment.

(6) For purposes of determining income of the debtor from discharge of indebtedness, if a debtor corporation acquires its indebtedness from a shareholder as a contribution to capital, such corporation shall be treated as having satisfied the indebtedness with an amount of money equal to the shareholder's adjusted basis in the indebtedness.

(7) (A) If a creditor acquires stock of a debtor corporation in satisfaction of such corporation's indebtedness—

(i) Such stock (and any other property the basis of which is determined in whole or in part by reference to the adjusted basis of such stock) shall be treated as Section 1245 of the Internal Revenue Code property (as modified by Section 18170),

(ii) The aggregate amount allowed to the creditor—

(I) As deductions under subdivision (a) of Section 24348 (by reason of the worthlessness or partial worthlessness of the indebtedness), or

(II) As an ordinary loss on the exchange,

shall be treated as an amount allowed as a deduction for depreciation, and

(iii) An exchange of such stock qualifying under Section 354(a), 355(a), or 356(a) of the Internal Revenue Code shall be treated as an exchange to which Section 1245(b)(3) of the Internal Revenue Code applies.

The amount determined under clause (ii) shall be reduced by the amount (if any) included in the creditor's gross income on the exchange.

(B) In the case of a taxpayer to whom the portion of subdivision (a) of Section 24348 (relating to reserve for bad debts) applies, the amount determined under clause (ii) of subparagraph (A) shall be the aggregate charges to the reserve resulting from the worthlessness or partial worthlessness of the indebtedness.

(C) In the case of any creditor who computes his taxable income under the cash receipts and disbursements method, proper adjustment shall be made in the amount taken into account under clause (ii) of subparagraph (A) for any amount which was not included in the creditor's gross income but which would have been included in such gross income if such indebtedness had been satisfied in full.

(D) For purposes of this paragraph, stock of a corporation in control (within the meaning of Section 24564) of the debtor corporation shall be treated as stock of the debtor corporation.

(E) For purposes of this paragraph, the term "debtor corporation" includes a successor corporation.

(F) Under regulations prescribed by the Franchise Tax Board, rules similar to the rules of subparagraphs (A), (B), (C), (D), and (E) of this paragraph shall apply with respect to the indebtedness of a partnership.

(8) For purposes of determining income of the debtor from discharge of indebtedness, the stock for debt exception shall not apply—

(A) To the issuance of nominal or token shares, or

(B) With respect to an unsecured creditor, where the ratio of the value of the stock received by such unsecured creditor to the amount of his indebtedness canceled or exchanged for stock in the workout is less than 50 percent of a similar ratio computed for all unsecured creditors participating in the workout.

(9) Any amount included in gross income by reason of the discharge of indebtedness shall not be taken into account for purposes of Section 24413.

(10) (A) For purposes of determining income of a debtor from discharge of indebtedness, if a debtor corporation transfers stock to a creditor in satisfaction of its indebtedness, that corporation shall be treated as having satisfied the indebtedness with an amount of money equal to the fair market value of the stock.

(B) Subparagraph (A) shall not apply to the extent the debtor is insolvent.

(C) (i) Subparagraph (A) shall not apply to any transfer of stock

in a qualified workout.

(ii) For purposes of clause (i), "qualified workout" means any plan under which stock is transferred to creditors in satisfaction of indebtedness if all of the following occur:

(I) Because of cash flow and credit problems, the corporation making that transfer will have trouble in meeting liabilities coming due during the next 12 months to such an extent that there is a substantial threat of involuntary proceedings relating to insolvency or bankruptcy.

(II) That corporation in any report to its shareholders for the period during which that transfer occurs includes a statement that such corporation believes it meets the requirement of subclause (I) and that it is availing itself of the workout provisions of this subparagraph.

(III) The holders of more than 50 percent of the total indebtedness of the corporation approve that plan.

(IV) At least 25 percent of the total indebtedness of the corporation is extinguished by transfers pursuant to that plan.

(4) Any other consistent method productive of an annual allowance which, when added to all allowances for the period commencing with the taxpayer's use of the property and including the income year, does not, during the first two-thirds of the useful life of the property, exceed the total of such allowances which would have been used had such allowances been computed under the method described in paragraph (2).

Nothing in this subsection shall be construed to limit or reduce an allowance otherwise allowable under subdivision (a).

(c) For property used in a trade or business, or held for production of income, there shall be allowed as a depreciation deduction a reasonable allowance for the cost of a solar energy system and allowable conservation measures over a 60-month period.

This method shall be in lieu of any other method of computing the depreciation deduction under subdivision (a) of Section 24349, and in lieu of any deduction for amortization, for these expenditures.

(b) (1) Except as provided in paragraph (2), the aggregate amount of rehabilitation expenditures paid or incurred by the taxpayer with respect to any dwelling unit in any low-income rental housing which may be taken into account under subdivision (a) shall not exceed twenty thousand dollars ($20,000).

(3) Rehabilitation expenditures paid or incurred by the taxpayer in any income year with respect to any dwelling unit in any low-income rental housing shall be taken into account under subdivision (a) only if over a period of two consecutive years, including the income year, the aggregate amount of those expenditures exceeds three thousand dollars ($3,000).

(2) "Low-income rental housing" means any building the dwelling units in which are held for occupancy on a rental basis by families and individuals of low or moderate income, as determined by the Franchise Tax Board in a manner consistent with the Leased Housing Program under Section 8 of the United States Housing Act of 1937 pursuant to regulations prescribed under this section.

(5) For purposes of subdivision (b)—

(A) All component members of an affiliated group shall be treated as one taxpayer, and

(B) The taxpayer shall apportion the dollar limitation contained in subdivision (b) among the component members of the affiliated group in whatever manner the board shall by regulations prescribe.

(6) For purposes of paragraphs (2) and (5), "affiliated group" has the meaning assigned to it by Section 1504 of the Internal Revenue Code, except that, for these purposes, the phrase "more than 50 percent" shall be substituted for the phrase "at least 80 percent" each place it appears in Section 1504(a) of the Internal Revenue Code.

In any such case, the stock so acquired shall be treated as having been transferred by the person from whom acquired, and as having been received by the corporation acquiring it, as a contribution to the capital of such corporation.

(2) For purposes of Section 24455, if:

(A) In return for property, one corporation acquires from a shareholder of another corporation stock in such other corporation, and

(B) The issuing corporation controls the acquiring corporation, then such property shall be treated as a distribution in redemption of the stock of the issuing corporation.

In applying subdivision (a) of Section 24497 (relating to constructive ownership of stock) with respect to subdivision (b) of Section 24455 for purposes of this paragraph, paragraph (2) of subdivision (a) of Section 24497 shall be applied without regard to the 50 percent limitation contained therein.

and after the transfer, the transferors are in control of the acquiring corporation, the person or persons in control of each corporation shall include each of the persons who transfer stock.

(ii) Paragraph (3) of subdivision (c) of Section 24497 shall be applied—

(I) By substituting "5 percent" for "50 percent," and

(II) In any case where that paragraph would not apply but for subclause (I), by considering a corporation as owning the stock (other than stock in that corporation) owned by or for any shareholder of that corporation in that proportion which the value of the stock which that shareholder owned in that corporation bears to the value of all stock in that corporation.

(A) Interest paid or accrued on indebtedness incurred or continued to acquire, construct, or carry property.

(B) Property taxes.

(C) Similar carrying charges, to the extent that interest, taxes, or charges are attributable to the construction period for that property and would be allowable as a deduction in determining net income under this chapter for the income year in which paid or incurred (determined without regard to Section 24373.5).

(3) The term "construction period" has the meaning given that term by Section 189(e)(2) of the Internal Revenue Code (determined without regard to any real property limitation).

(b) (1) Any amount allowable as a deduction under Section 24423 in determining net income (other than costs incurred in connection with a nonproductive well)—

(i) Shall be capitalized, and

(ii) Shall be allowed as a deduction ratably over the 60-month period beginning with the month in which the production from the well begins.

(2) Any amount allowable as a deduction under subdivision (a) of

Section 24836 or 24837.5 in determining taxable income—

(i) Shall be capitalized, and

(ii) Shall be allowed as a deduction ratably over the 120-month period beginning with the later of—

(I) The month in which production from the deposit begins, or

(II) The month in which the amount was paid or incurred.

(c) Sections 24364, 24368.1, and 24407 to 24409, inclusive, shall not apply.

(d) In the case of any distribution of property by a corporation described in Section 24483.5, earnings and profits shall be increased by the amount of any gain which would be includable in gross income for any income year if paragraph (2) of subdivision (a) of Section 24483.5 did not apply.

(e) Earning and profits shall be increased or decreased by the amount of any increase or decrease in the LIFO recapture amount (determined under paragraph (3) of subdivision (b) of Section 24511) as of the close of each income year, except that any decrease below the LIFO recapture amount as of the close of the income year preceding the first income year to which this paragraph applies to the taxpayer shall be taken into account only to the extent provided in regulations prescribed by the Franchise Tax Board.

(f) In the case of any installment sale, earnings and profits shall be computed as if the corporation did not use the installment method.

(g) In the case of a taxpayer who uses the completed contract method of accounting, earnings and profits shall be computed as if that taxpayer used the percentage of completion method of accounting.

(h) If a corporation distributes amounts in a redemption to which subdivision (a) of Section 24455 applies, the part of that distribution which is properly chargeable to earnings and profits shall be an amount which is not in excess of the ratable share of the earnings and profits of that corporation accumulated after February 28, 1913, attributable to the stock so redeemed.

SEC. 124. Section 24519 of the Revenue and Taxation Code is amended to read:

24519. (a) For purposes of this part, if a purchasing corporation makes an election under this section (or is treated under subdivision (e) as having made such an election), then, in the case of any qualified stock purchase, the target corporation—

(1) Shall be treated as having sold all of its assets at the close of the acquisition date at fair market value in a single transaction to which Sections 24512, 24513, 24514, and 24516, apply, and

(2) Shall be treated as a new corporation which purchased all of the assets referred to in paragraph (1) as of the beginning of the day after the acquisition date.

(b) (1) For purposes of subdivision (a), the assets of the target corporation shall be treated as purchased for an amount equal to the sum of the following:

(A) The grossed-up basis of the purchasing corporation's recently

purchased stock, and

(B) The basis of the purchased corporation's nonrecently purchased stock.

(2) The amount described in paragraph (1) shall be adjusted under regulations prescribed by the Franchise Tax Board for liabilities of the target corporation and other relevant items.

(3) (A) Under regulations prescribed by the Franchise Tax Board, the basis of the purchasing corporation's nonrecently purchased stock shall be the basis amount determined under subparagraph (B) of this paragraph if the purchasing corporation makes an election to recognize gain as if that stock were sold on the acquisition date for an amount equal to the basis amount determined under subparagraph (B).

(B) For purposes of subparagraph (A), the basis amount determined under this subparagraph shall be an amount equal to the grossed-up basis determined under subparagraph (A) of paragraph (1) multiplied by a fraction—

(i) The numerator of which is the percentage of stock (by value) in the target corporation attributable to the purchasing corporation s nonrecently purchased stock, and

(ii) The denominator of which is 100 percent minus the percentage referred to in clause (i).

(4) For purposes of paragraph (1), the grossed-up basis shall be an amount equal to the basis of the corporation's recently purchased stock, multiplied by a fraction—

(A) The numerator of which is 100 percent, minus the percentage of stock (by value) in the target corporation attributable to the purchasing corporation's nonrecently purchased stock, and

(B) The denominator of which is the percentage of stock (by value) in the target corporation attributable to the purchasing corporation's recently purchased stock.

(5) The amount determined under paragraphs (1) and (2) shall be allocated among the assets of the target corporation under regulations prescribed by the Franchise Tax Board.

(6) For purposes of this subdivision:

(A) "Recently purchased stock" means any stock in the target corporation which is held by the purchasing corporation on the acquisition date and which was purchased by that corporation during the 12-month acquisition period.

(B) "Nonrecently purchased stock" means any stock in the target corporation which is held by the purchasing corporation on the acquisition date and which is not recently purchased stock.

(c) (1) If during the one-year period beginning on the acquisition date the maximum percentage (by value) of stock in the target corporation held by the purchasing corporation is less than 100 percent, then in applying Sections 24512, 24513, 24514, and 24516 for purposes of paragraph (1) of subdivision (a), the nonrecognition of gain or loss shall be limited to an amount determined by applying that maximum percentage to that gain or loss. The preceding sen-

tence shall not apply if the target corporation is liquidated during that one-year period and Section 24503 does not apply to that liquidation.

(2) If, in connection with a qualified stock purchase with respect to which an election is made under this section, the target corporation makes a distribution in complete redemption of all of the stock of a shareholder which qualifies under paragraph (3) of subdivision (b) of Section 24455 (determined without regard to the application of clause (ii) of subparagraph (A) of paragraph (2) of subdivision (c) of Section 24455), Section 24511 shall apply to that distribution as if it were a distribution in complete liquidation.

(d) For purposes of this section—

(1) The term "purchasing corporation" means any corporation which makes a qualified stock purchase of stock of another corporation.

(2) The term "target corporation" means any corporation the stock of which is acquired by another corporation in a qualified stock purchase.

(3) The term "qualified stock purchase" means any transaction or series of transactions in which stock of one corporation possessing—

(A) At least 80 percent of total combined voting power of all classes of stock entitled to vote, and

(B) At least 80 percent of the total number of shares of all other classes of stock (except nonvoting stock which is limited and preferred as to dividends), is acquired by another corporation by purchase during the 12-month acquisition period.

(e) (1) A purchasing corporation shall be treated as having made an election under this section with respect to any target corporation if, at any time during the consistency period, it acquires any asset of the target corporation (or a target affiliate).

(2) Paragraph (1) shall not apply with respect to any acquisition by the purchasing corporation if—

(A) That acquisition is pursuant to a sale by the target corporation (or the target affiliate) in the ordinary course of its trade or business,

(B) The basis of the property acquired is determined (wholly) by reference to the adjusted basis of that property in the hands of the person from whom acquired,

(C) That acquisition was before September 1, 1982, or

(D) That acquisition is described in regulations prescribed by the Franchise Tax Board and meets any conditions which those regulations may provide.

(3) Whenever necessary to carry out the purpose of this subdivision and subdivision (f), the Franchise Tax Board may treat stock acquisitions which are pursuant to a plan and which meet the 80 percent requirements of subparagraphs (A) and (B) of paragraph (3) of subdivision (d) as qualified stock purchases.

(f) If a purchasing corporation makes qualified stock purchases with respect to the target corporation and one or more target affiliates during any consistency period, then (except as otherwise pro-

vided in subdivision (e))—

(1) Any election under this section with respect to the first such purchase shall apply to each other such purchase, and

(2) No election may be made under this section with respect to the second or subsequent such purchase if such an election was not made with respect to the first such purchase.

(g) (1) Except as otherwise provided in regulations, an election under this section shall be made not later than the 15th day of the 9th month, beginning after the month in which the acquisition date occurs.

(2) An election by the purchasing corporation under this section shall be made in such manner as the Franchise Tax Board shall by regulations prescribe.

(3) An election by a purchasing corporation under this section, once made, shall be irrevocable.

(h) For purposes of this section—

(1) The term "12-month period" means the 12-month period beginning with the date of the first acquisition by purchase of stock included in a qualified stock purchase (or if any of that stock was acquired in an acquisition which is a purchase by reason of subparagraph (C) of paragraph (3), the date on which the acquiring corporation is first considered under Section 24497 (other than subdivision (d) thereof) as owning stock owned by the corporation from which that acquisition was made).

(2) The term "acquisition date" means, with respect to any corporation, the first day on which there is a qualified stock purchase with respect to the stock of that corporation.

(3) (A) The term "purchase" means any acquisition of stock, but only if—

(i) The basis of the stock in the hands of the purchasing corporation is not determined,

(I) In whole or in part by reference to the adjusted basis of such stock in the hands of the person from whom acquired, or

(II) Under Section 18032 (relating to property acquired from a decedent),

(ii) The stock is not acquired in an exchange to which Section 24521, 24531, 24532 to 24533, inclusive, or 24535 to 24539, inclusive, apply, and is not acquired in any other transaction described in regulations in which the transferor does not recognize the entire amount of the gain or loss realized on the transaction, and

(iii) The stock is not acquired from a person the ownership of whose stock would, under Section 24497 (other than subdivision (d) thereof), be attributed to the person acquiring that stock.

(B) The term "purchase" includes any deemed purchase under paragraph (2) of subdivision (a). The acquisition date for a corporation which is deemed purchased under paragraph (2) of subdivision (a) shall be determined under regulations prescribed by the Franchise Tax Board.

(C) (i) Clause (iii) of a subparagraph (A) shall not apply to an

acquisition of stock from a related corporation if at least 50 percent in value of the stock of that related corporation was acquired by purchase (within the meaning of subparagraphs (A) and (B)).

(ii) Clause (i) of subparagraph (A) shall not apply to an acquisition of stock described in clause (i) of this subparagraph if the corporation acquiring that stock—

(I) Made a qualified stock purchase of stock of the related corporation, and

(II) Made an election under this section (or is treated under subdivision (e) as having made such an election) with respect to that qualified stock purchase.

(iii) For purposes of this subparagraph, a corporation is a related corporation if stock owned by that corporation is treated (under Section 24497 other than subdivision (d) thereof) as owned by the corporation acquiring the stock.

(4) (A) Except as provided in subparagraph (B), the term "consistency period" means the period consisting of—

(i) The one-year period before the beginning of the 12-month acquisition period for the target corporation,

(ii) That acquisition period (up to and including the acquisition date), and

(iii) The one-year period beginning on the date after the acquisition date.

(B) The period referred to in subparagraph (A) shall also include any period during which the Franchise Tax Board determines that there was in effect a plan to make a qualified stock purchase plus one of more other qualified stock purchases (or asset acquisitions described in subdivision (e)) with respect to the target corporation or any target affiliate.

(5) The term "affiliated group" has the meaning given to such term by Section 1504(a) of the Internal Revenue Code (determined without regard to the exceptions contained in Section 1504(b) of the Internal Revenue Code).

(6) (A) A corporation shall be treated as a target affiliate of the target corporation if each of those corporations was, at any time during so much of the consistency period as ends on the acquisition date of the target corporation, a member of an affiliated group which had the same common parent.

(B) Except as otherwise provided in regulations (and subject to such conditions as may be provided in regulations)—

(i) The term "target affiliate" does not include a foreign corporation, and

(ii) Stock held by a target affiliate in a foreign corporation shall be excluded from the operation of this section.

(7) For purposes of paragraph (1) of subdivision (c), any increase in the maximum percentage of stock taken into account over the percentage of stock (by value) of the target corporation held by the purchasing corporation on the acquisition date shall be taken into account only to the extent that increase is attributable to either of the

following:

(A) A purchase.

(B) A redemption of stock of the target corporation—

(i) To which subdivision (a) of Section 24455 applies, or

(ii) In the case of a shareholder who is not a corporation, to which Sections 24451 to 24454.2, inclusive, apply.

(8) Except as provided in regulations prescribed by the Franchise Tax Board, stock and asset acquisitions made by members of the same affiliated group shall be treated as made by one corporation.

(9) Except as otherwise provided in paragraph (10) or in regulations prescribed under this paragraph, the target corporation shall not be treated as a member of an affiliated group with respect to the sale described in paragraph (1) of subdivision (a).

(10) (A) Under regulations prescribed by the Franchise Tax Board, an election may be made under which if—

(i) The target corporation was, before the transaction, a member of the selling consolidated group, and

(ii) The target corporation recognizes gain or loss with respect to the transaction as if it sold all of its assets in a single transaction, then the target corporation shall be treated as a member of the selling consolidated group with respect to that sale, and (to the extent provided in regulations) no gain or loss will be recognized on stock sold or exchanged in the transaction by members of the selling consolidated group.

(B) For purposes of subparagraph (A), the term "selling consolidated group" means any group of corporations which (for the taxable period which includes the transaction)—

(i) Includes the target corporation, and

(ii) Files a combined return.

(11) For purposes of paragraph (1) of subdivision (a), fair market value may be determined on the basis of a formula provided in regulations prescribed by the Franchise Tax Board which takes into account liabilities and other relevant items.

(12) If—

(A) During the 12-month period ending on the acquisition date the target corporation adopted a plan of complete liquidation,

(B) That plan was not rescinded before the close of the acquisition date, and

(C) The purchasing corporation makes an election under this section (or is treated under subdivision (e) as having made such an election) with respect to the target corporation,

then, subject to rules similar to the rules of paragraph (1) of subdivision (c), for purposes of Sections 24512 to 24518, inclusive, (and other provisions which relate to Sections 24512 to 24518, inclusive), the target corporation shall be treated as having distributed all of its assets as of the close of the acquisition date.

(13) For purposes of Sections 25951 to 25954, inclusive, tax attributable to the sale described in paragraph (1) of subdivision (a) shall not be taken into account.

(14) Under regulations prescribed by the Franchise Tax Board, a combined deemed sale return may be filed by all target corporations acquired by a purchasing corporation on the same acquisition date if those target corporations were members of the same selling consolidated group (as defined in subparagraph (B) of paragraph (10)).

(i) The Franchise Tax Board shall prescribe such regulations as may be necessary or appropriate to carry out the purposes of this section, including both of the following:

(1) Regulations to ensure that the purpose of this section to require consistency of treatment of stock and asset sales and purchases may not be circumvented through the use of any provision of law or regulations (including the combined return regulations).

(2) Regulations providing for the coordination of the provisions of this section with the provision of this title relating to foreign corporations and their shareholders.

SEC. 125. Section 24561 of the Revenue and Taxation Code is amended to read:

24561. (a) (1) If, in connection with any exchange described in Section 24502, 24521, 24531, 24535, 24536, 24537, 24538, 24539, or 24551, a United States person transfers property to a foreign corporation, that foreign corporation shall not, for purposes of determining the extent to which gain shall be recognized on that transfer, be considered to be a corporation.

(2) Except to the extent provided in regulations, paragraph (1) shall not apply to the transfer of stock or securities of a foreign corporation which is a party to the exchange or a party to the reorganization.

(3) (A) Except as provided in regulations, paragraph (1) shall not apply to any property transferred to a foreign corporation for use by that foreign corporation in the active conduct of a trade or business outside of the United States.

(B) Except as provided in regulations, subparagraph (A) shall not apply to any of the following:

(i) Property described in paragraph (1) or (3) of Section 1221 of the Internal Revenue Code (relating to inventory and copyrights, etc.).

(ii) Installment obligations, accounts receivable, or similar property.

(iii) Foreign currency or other property denominated in foreign currency.

(iv) Intangible property (within the meaning of Section 936(h)(3)(B) of the Internal Revenue Code).

(v) Property with respect to which the transferor is a lessor at the time of the transfer, except that this clause shall not apply if the transferee was the lessee.

(C) Except as provided in regulations, subparagraph (A) shall not apply to gain realized on the transfer of the assets of a foreign branch of a United States person to a foreign corporation in an exchange described in paragraph (1) to the extent that:

(i) The sum of losses—

(I) Which were incurred by the foreign branch before the transfer, and

(II) With respect to which a deduction was allowed to the taxpayer, exceeds

(ii) The sum of—

(I) Any income of that branch for an income year after the income year in which the loss was incurred and through the close of the income year of the transfer, and

(II) The amount which is recognized under Section 904(f)(3) of the Internal Revenue Code, on account of the transfer.

Any gain recognized by reason of the preceding sentence shall be treated for purposes of this part as income from sources outside the United States having the same character as those losses had.

(4) Except as provided in regulations, a transfer by a United States person of an interest in a partnership to a foreign corporation in an exchange described in paragraph (1) shall, for purposes of this subdivision, be treated as a transfer to that corporation of that person's pro rata share of the assets of the partnership.

(5) Paragraph (1) shall not apply to the transfer of any property which the Franchise Tax Board, in order to carry out the purposes of this subdivision, designates by regulation.

(b) (1) In the case of any exchange described in Section 24502, 24521, 24531, 24532, 24533, 24535, 24536, 24537, 24538, 24539, or 24551 in connection with which there is no transfer of property described in subdivision (a) (1), a foreign corporation shall be considered to be a corporation except to the extent provided in regulations prescribed by the Franchise Tax Board which are necessary or appropriate to prevent the avoidance of taxes under this part.

(2) The regulations prescribed pursuant to paragraph (1) shall include (but shall not be limited to) regulations dealing with the sale or exchange of stock or securities in a foreign corporation by a United States person, including regulations providing—

(A) The circumstances under which—

(i) Gain shall be recognized currently, or amounts included in gross income currently as a dividend, of both, or

(ii) Gain or other amounts may be deferred for inclusion in the gross income of a shareholder (or his successor in interest) at a later date, and

(B) The extent to which adjustments shall be made to earnings and profits, basis of stock or securities, and basis of assets.

(c) (1) For purposes of this section, any distribution described in Sections 24532 and 24533 (or so much of Sections 24535 to 24539, inclusive, as relates to Sections 24532 and 24533) shall be treated as an exchange whether or not it is an exchange.

(2) For purposes of this part, any transfer of property to a foreign corporation as a contribution to the capital of such corporation by one or more persons who immediately after the transfer, own (within the meaning of Section 24497) stock possessing at least 80 percent

of the total combined voting power of all classes of stock of such corporation entitled to vote shall be treated as an exchange of such property for stock of the foreign corporation equal in value to the fair market value of the property transferred.

(d) (1) Except as provided in regulations prescribed by the Franchise Tax Board, if a United States person transfers any intangible property (within the meaning of Section 936(h) (3) (B) of the Internal Revenue Code) to a foreign corporation in an exchange described in Section 24521 or 24551—

(A) Subdivision (a) shall not apply to the transfer of that property, and

(B) The provisions of this subdivision shall apply to that transfer.

(2) (A) If paragraph (1) applies to any transfer, the United States person transferring that property shall be treated as—

(i) Having sold that property in exchange for payments which are contingent upon the productivity, use, or disposition of that property, and

(ii) Receiving amounts which reasonably reflect the amounts which would have been received—

(I) Annually in the form of those payments over the useful life of that property, or

(II) In the case of a disposition following that transfer (whether direct or indirect), at the time of the disposition.

(B) For purposes of this part, the earnings and profits of a foreign corporation to which the intangible property was transferred shall be reduced by the amount required to be included in the income of the transferor of the intangible property under clause (ii) of subparagraph (A).

(C) For purposes of this part, any amount including in gross income by reason of this subdivision shall be treated as ordinary income from sources within the United States.

(e) In the case of any distribution described in Section 24511 by a domestic corporation which is made to a person who is not a United States person, to the extent provided in regulations, gain shall be recognized under principles similar to the principles of this section.

(f) In the case of any exchange beginning before January 1, 1978—

(1) Subdivision (a) shall be applied without regard to whether or not there is a transfer of property described in subdivision (a) (1), and

(2) Subdivision (b) shall not apply.

SEC. 126. Section 24562 of the Revenue and Taxation Code is amended to read:

24562. (a) For purposes of Chapter 8 (commencing with Section 24451), Chapter 9 (commencing with Section 24501), and this chapter, "reorganization" means any of the following:

(1) A statutory merger or consolidation.

(2) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring

corporation), of stock of another corporation if, immediately after the acquisition, the acquiring corporation has control of that other corporation (whether or not the acquiring corporation had control immediately before the acquisition).

(3) The acquisition by one corporation, in exchange solely for all or a part of its voting stock (or in exchange solely for all or a part of the voting stock of a corporation which is in control of the acquiring corporation), of substantially all of the properties of another corporation, but in determining whether the exchange is solely for stock the assumption by the acquiring corporation of a liability of the other, or the fact that property acquired is subject to a liability, shall be disregarded.

(4) A transfer by a corporation of all or a part of its assets to another corporation if immediately after the transfer the transferor, or one or more of its shareholders (including persons who were shareholders immediately before the transfer), or any combination thereof, is in control of the corporation to which the assets are transferred; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(5) A recapitalization.

(6) A mere change in identity, form, or place of organization of one corporation, however effected.

(7) A transfer by a corporation of all or part of its assets to another corporation in a Title 11 or similar case; but only if, in pursuance of the plan, stock or securities of the corporation to which the assets are transferred are distributed in a transaction which qualifies under Section 24531, 24533, or 24535.

(b) (1) If a transaction is described in both paragraph (3) and paragraph (4) of subdivision (a), then, for purposes of this chapter, the transaction shall be treated as described only in paragraph (4) of subdivision (a).

(2) If:

(A) One corporation acquires substantially all of the properties of another corporation;

(B) The acquisition would qualify under paragraph (3) of subdivision (a) but for the fact that the acquiring corporation exchanges money or other property in addition to voting stock; and

(C) The acquiring corporation acquires, solely for voting stock described in paragraph (3) of subdivision (a), property of the other corporation having a fair market value which is at least 80 percent of the fair market value of all of the property of the other corporation;

then the acquisition shall (subject to paragraph (1) of this subdivision) be treated as qualifying under paragraph (3) of subdivision (a). Solely for the purpose of determining whether subparagraph (C) of the preceding sentence applies, the amount of any liability assumed by the acquiring corporation, and the amount of any liability to which any property acquired by the acquiring corporation is subject,

shall be treated as money paid for the property.

(3) A transaction otherwise qualifying under paragraph (1), (2), or (3) of subdivision (a) shall not be disqualified by reason of the fact that part or all of the assets or stock which were acquired in the transaction are transferred to a corporation controlled by the corporation acquiring the assets or stock. A similar rule shall apply to a transaction otherwise qualifying under paragraph (7) of subdivision (a) where the requirements of subparagraphs (A) and (B) of paragraph (1) of subdivision (b) of Section 24531 are met with respect to the acquisition of the assets.

(4) The acquisition by one corporation, in exchange for stock of a corporation (referred to in this paragraph as "controlling corporation") which is in control of the acquiring corporation, of substantially all of the properties of another corporation which in the transaction is merged into the acquiring corporation shall not disqualify a transaction under paragraph (1) or paragraph (7) of subdivision (a), if both of the following apply:

(A) No stock of the acquiring corporation is used in the transaction.

(B) In the case of a transaction under paragraph (1) of subdivision (a), the transaction would have qualified under paragraph (1) of subdivision (a) had the merger been into the controlling corporation.

(5) A transaction otherwise qualifying under paragraph (1) of subdivision (a) shall not be disqualified by reason of the fact that stock of a corporation (referred to in this paragraph as the "controlling corporation") which before the merger was in control of the merged corporation is used in the transaction, if both of the following apply:

(A) After the transaction, the corporation surviving the merger holds substantially all of its properties and of the properties of the merged corporation (other than stock of the controlling corporation distributed in the transaction).

(B) In the transaction, former shareholders of the surviving corporation exchanged, for an amount of voting stock of the controlling corporation, an amount of stock in the surviving corporation which constitutes control of such corporation.

(6) (A) If immediately before a transaction described in subdivision (a) (other than paragraph (5) thereof), two or more parties to the transaction were investment companies, then the transaction shall not be considered to be a reorganization with respect to any such investment company (and its shareholders and security holders) unless it was a regulated investment company, a real estate investment trust, or a corporation which meets the requirements of subparagraph (B).

(B) A corporation meets the requirements of this subparagraph if not more than 25 percent of the value of its total assets is invested in the stock and securities of any one issuer, and not more than 50 percent of the value of its total assets is invested in the stock and

securities of five or fewer issuers. For purposes of this paragraph, all members of a controlled group of corporations (within the meaning of Section 1563(a) of the Internal Revenue Code of 1954) shall be treated as one issuer.

(C) For purposes of this paragraph, "investment company" means a regulated investment company, a real estate investment trust, or a corporation 50 percent or more of the value of whose total assets are stock and securities and 80 percent or more of the value of whose total assets are assets held for investment. In making the 50-percent and 80-percent determinations under the preceding sentence, stock and securities in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and a corporation shall be considered a subsidiary if the parent owns 50 percent or more of the combined voting power of all classes of stock entitled to vote, or 50 percent or more of the total value of shares of all classes of stock outstanding.

(D) For purposes of this paragraph, in determining total assets there shall be excluded cash and cash items (including receivables), government securities, and, under regulations prescribed by the Franchise Tax Board, assets acquired (through incurring indebtedness or otherwise) for purposes of meeting the requirements of subparagraph (B) or ceasing to be an investment company.

(E) This paragraph does not apply if the stock of each investment company is owned substantially by the same persons in the same proportions.

(F) If an investment company which does not meet the requirements of subparagraph (B) acquires assets of another corporation, subparagraph (A) shall be applied to that investment company and its shareholders and security holders as though its assets had been acquired by that other corporation. If the investment company acquires stock of another corporation in a reorganization described in paragraph (2) of subdivision (a) of Section 24562 (hereafter referred to as the "actual acquisition") subparagraph (A) shall be applied to the shareholders of that investment company as though they had exchanged with the other corporation all of their stock in the investment company for stock having a fair market value equal to the fair market value of their stock of the investment company immediately after the exchange.

(G) For purposes of subparagraphs (B) and (C), "securities" includes obligations of state and local governments, commodity futures contracts, shares of regulated investment companies and real estate investment trusts, and other investments constituting a security within the meaning of the Investment Company Act of 1940, 15 U.S.C. 80a-2(36).

(7) (A) A transaction shall fail to meet the requirements of paragraph (3) of subdivision (a), unless the acquired corporation distributes the stock, securities, and other properties it receives, as well as its other properties, in pursuance of the plan of reorganization.

(B) The Franchise Tax Board may waive the application of subparagraph (A) to any transaction subject to any conditions the Franchise Tax Board may prescribe.

(c) The amendments made to this section by the 1971 First Extraordinary Session of the Legislature shall apply to statutory mergers occurring after December 31, 1970.

(d) (1) For purposes of this chapter, "Title 11 or similar case" means—

(A) A case under Title 11 of the United States Code, to the extent this chapter is not in conflict with Section 346(q) (17) (C) of Title 11, or

(B) A receivership, foreclosure, or similar proceeding in a federal or state court.

(2) In applying paragraph (7) of subdivision (a), a transfer of the assets of a corporation shall be treated as made in a Title 11 or similar case only if both of the following apply:

(d) (1) Subdivision (a) shall not apply to any disposition if the taxpayer elects to have subdivision (a) not apply to such disposition.

(2) Except as otherwise provided, an election under paragraph (1) with respect to a disposition may be made only on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed by this part for the income year in which the disposition occurs. (B) Before the person making the first disposition receives all payments with respect to such disposition, the related person disposes of the property (hereinafter in this subdivision referred to as the "second disposition"),

then, for purposes of this section, the amount realized with respect to such second disposition shall be treated as received at the time of the second disposition by the person making the first disposition.

(2) (A) Except in the case of marketable securities, paragraph (1) shall apply only if the date of the second disposition is not more than two years after the date of the first disposition.

(B) The running of the two-year period set forth in subparagraph (A) shall be suspended with respect to any property for any period during which the related person's risk of loss with respect to the property is substantially diminished by—

(5) If paragraph (1) applies for any income year, payments received in subsequent income years by the person making the first disposition shall not be treated as the receipt of payments with respect to the first disposition to the extent that the aggregate of such payments does not exceed the amount treated as received by reason of paragraph (1).

(8) The period for assessing a deficiency with respect to a first disposition (to the extent such deficiency is attributable to the application of this subdivision) shall not expire before the day which is two years after the date on which the person making the first disposition furnishes (in such manner as the Franchise Tax Board may prescribe) a notice that there was a second disposition of the property to which this subdivision may have applied. (i) Subparagraph (A) shall not apply to such obligation, and

(ii) For purposes of this part, all payments to be received by the shareholder shall be deemed received in the year the shareholder receives the obligation.

(D) For purposes of subparagraph (A) of paragraph (1) of subdivision (e), disposition of property by the corporation shall be treated also as disposition of such property by the shareholder.

(E) For purposes of subparagraph (A), in any case to which subdivision (c) of Section 24514 applies, an obligation acquired in respect of a sale or exchange by the selling corporation shall be treated as so acquired by the corporation distributing the obligation to the shareholder.

(B) By reason of the liquidation such shareholder receives property in more than one income year,

The credit shall be applied first to the earliest taxable years possible.

(k) The amount of the credit allowed by this section in any taxable year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. In addition, no deduction shall be allowed under Section 24343 for that portion of the wages or salaries paid or incurred for the income year upon which the credit allowable under this section is based.

(j) In the case where the credit allowed under this section exceeds the taxes imposed by this part for the year (except the minimum franchise tax and the tax on preference income) that portion of the credit which exceeds those taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding years for the number of years in which the designation of an enterprise zone under Section 7073 of the Government Code is operative, or 15 income years, if longer, until the credit is used. (g) In the case where the credit allowed under this section exceeds the taxes imposed by this part for the year (except the minimum franchise tax and the tax on preference income) that portion of the credit which exceeds those taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding years until the credit is used. The credit shall be applied first to the earliest years possible.

(h) The amount of the credit allowed by this section for any year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. (e) If a taxpayer is eligible to qualify under more than one subdivision of this section as a "qualified taxpayer," with respect to a net operating loss in an income year, the taxpayer shall elect which subdivision of this section is to apply to the taxpayer. CHAPTER 1463

An act to amend Sections 711, 712, and 7149 of, and to amend and repeal Sections 331, 332, 396, 713, 1002, 1053, 2540, 3031, 3055, 3081, 3203, 3242, 3280, 3300, 3510, 3806, 4006, 4031, 4033, 4751, and 5653 of, the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

[Approved by Governor October 1, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 331 of the Fish and Game Code is amended to read:

331. The commission may determine and fix the area or areas, the seasons and hours, the bag and possession limit, and the sex and total number of antelope (Antilocapra americana) that may be taken under regulations which the commission may prescribe from time to time. Only a resident of the State of California possessing a valid hunting license and over the age of 16 years, who has not taken an antelope under these provisions during the 10 years immediately preceding, may obtain a license for the taking of antelope. Only one license may be issued to any one individual in any 10-year period.

A license may be issued upon payment of a fee of fifty-five dollars ($55). The fee shall be deposited in the Fish and Game Preservation Fund and shall be expended, in addition to money budgeted for salaries of persons in the department, for the expense of enforcing this section and the processing of applications.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

If that date upon which this section becomes inoperative is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 331 of the Fish and Game Code, as amended by Section 1 of Chapter 353 of the Statutes of 1977, shall have the same force and effect as if this temporary

provision had not been enacted.

SEC. 2. Section 332 of the Fish and Game Code is amended to read:

332. The commission may determine and fix the area or areas, the seasons and hours, the bag and possession limit, and the number of elk that may be taken under rules and regulations which the commission may prescribe from time to time. The commission may not authorize the taking of tule elk until the total statewide population of those mammals exceeds 2,000, or it is determined by the Legislature, pursuant to the reports required by Section 3951, that suitable areas cannot be found in California to accommodate such a population in a healthy condition. Only a resident of the State of California over the age of 16 years and possessing a valid hunting license may obtain a license for the taking of elk.

A license may be issued upon payment of a fee of one hundred sixty-five dollars ($165). The fees shall be deposited in the Fish and Game Preservation Fund and shall be expended in addition to money budgeted for salaries of the department, for the expense of enforcing the provisions of this section and the processing of the applications.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

If that date upon which this section becomes inoperative is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 332 of the Fish and Game Code, as amended by Section 2 of Chapter 353 of the Statutes of 1977, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Section 396 of the Fish and Game Code is amended to read:

396. The fee for a falconry license is forty dollars ($40) per fiscal year beginning July 1, or any part thereof, except that upon the filing of an affidavit showing the loss or destruction of an unexpired falconry license and the payment of a fee of eight dollars ($8), a duplicate license may be issued for the remainder of the license period.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

If that date upon which this section becomes inoperative is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 396 of the Fish and Game Code, as amended by Section 2 of Chapter 409 of the Statutes of 1977, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 4. Section 711 of the Fish and Game Code is amended to

read:

711. It is the intent of the Legislature to ensure adequate funding from appropriate sources for the department. To this end, the Legislature finds and declares that:

(a) The costs of special repairs and capital outlay, nongame fish and wildlife programs, and free hunting and fishing license programs shall be provided annually in the Budget Act by appropriating money from the General Fund and sources other than the Fish and Game Preservation Fund to the department for these purposes.

(b) The costs of commercial fishing programs shall be provided solely out of revenues from commercial fishing taxes, license fees, and other revenues, and from reimbursements and federal funds received for commercial fishing programs.

(c) The costs of hunting and sport fishing programs shall be provided solely out of hunting and sport fishing revenues and reimbursements and federal funds received for hunting and sport fishing programs. These revenues shall not be used to support commercial fishing programs, free hunting and fishing license programs, or nongame fish and wildlife programs.

(d) Hunting, sportfishing, and sport ocean fishing license fees shall be adjusted annually to an amount equal to that computed pursuant to Section 713. However, a substantial increase in the aggregate of hunting and sportfishing programs shall be reflected by appropriate amendments to the sections of this code that establish the base sport license fee levels. The inflationary index provided in Section 713 may not be used to accommodate a substantial increase in the aggregate of hunting and sportfishing programs.

For purposes of this article, "substantial increase" means an increase in excess of 5 percent of the Fish and Game Preservation Fund portion of the department's current year support budget, excluding cost-of-living increases provided for salaries, staff benefits, and operating expenses.

SEC. 5. Section 712 of the Fish and Game Code is amended to read:

712. The Department of Finance shall include in the Governor's Budget sufficient moneys from the General Fund and sources other than the Fish and Game Preservation Fund to pay the costs of the department's nongame programs, including those necessary for the protection and enhancement of California's nongame fish and wildlife and their habitat, the free hunting and fishing license programs, and special repairs and capital outlay.

The Department of Finance shall not include in the Governor's Budget any appropriation from the Fish and Game Preservation Fund for any program or project which is not expressly found to be an activity relating to the protection or propagation of fish and game, except to the extent that moneys have been deposited in that fund from collections under a law which is not related to the protection or propagation of fish and game.

Any study relating to funding of programs administered or

conducted by the department shall include express findings of whether the program is related to the protection or propagation of fish and game and shall describe the relationship.

SEC. 6. Section 713 of the Fish and Game Code is amended to read:

713. (a) Not later than August 1 of each year, the Department of Finance shall submit to the department a factor which reflects changes in an inflationary index developed by the Department of Finance, calculated by comparing the department's cost of salaries, staff benefits, operating expenses, special repairs, capital outlay, and other nonsubstantial costs paid from the Fish and Game Preservation Fund in the fiscal year ending on June 30 of that same year with those costs in the 1984–85 fiscal year.

(b) The factor shall be multiplied by the individual base fee for each license, stamp, permit, or tag. The product shall be rounded to the nearest twenty-five cents ($0.25), and the resulting amount shall be the fee for any license year beginning on or after January 1 of the next succeeding calendar year for any license, stamp, permit, or tag which is adjusted under this section pursuant to other provisions of this code.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 713 of the Fish and Game Code, as amended by Section 1 of Chapter 1411 of the Statutes of 1984, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 7. Section 1002 of the Fish and Game Code is amended to read:

1002. The department may issue permits, subject to restrictions and regulations which the commission deems desirable, to take or possess, in any part of the state, for scientific, educational, or propagation purposes, mammals, birds and the nests and eggs thereof, fish, amphibia, reptiles, or any other form of plant or animal life.

The fee for the permits is fifteen dollars ($15) per year, except that a permit without fee may be issued for either of the following:

(a) Authorizing only the banding of birds and the exhibition of live or dead wildlife specimens by public zoological gardens, scientific or educational institutions.

(b) To students regularly enrolled in commercial fishing classes in a school operating under the jurisdiction of the State Board of Education or in commercial fishing classes in a community college and to faculty members of those schools or a community college when conducting regularly enrolled classes in commercial fishing. Any permit issued under this subdivision shall apply only when the students are under the direct supervision of the instructor approved by the school or community college to teach the class. All fish taken

shall be taken in accordance with state law except that Sections 7850 and 7880 to 7890, inclusive, shall not apply to persons or equipment operating under this subdivision. All fish taken under authority of a permit issued under this subdivision may be sold only to a person licensed pursuant to Section 8040 or donated to a charitable institution. All funds received from the sale of the fish shall be used solely for the support of the commercial fishing classes.

A special student permit may be issued pursuant to this section, on the payment of a fee of eight dollars ($8) to any student in a school of collegiate level who is required by an instructor in wildlife research in the school to collect specimens used in laboratory work in the school under supervision and in connection with a course in wildlife research or in the conduct of wildlife investigations and studies on behalf of the public.

The license year for permits issued pursuant to this section is the calendar year or any part thereof. It is not necessary for the possessor of the permit to have a sport fishing or hunting license to pursue the scientific collecting of any fish, reptile, aquatic animal or plant, bird, or mammal in this state.

Nothing in this section authorizes any act which violates Section 597 of the Penal Code.

A permit under this section does not authorize the taking of fish or mammals from the ocean waters of this state which are within the boundaries of any city if the city has filed with the department an objection to the taking.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 1002 of the Fish and Game Code, as amended by Section 3 of Chapter 353 of the Statutes of 1977, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 8. Section 1053 of the Fish and Game Code is amended to read:

1053. Not more than one license or not more than the number of license tags authorized by statute or regulation of the same class shall be issued to or purchased by a person for the same license year, except upon:

(a) The expiration of the license.

(b) The filing of an affidavit showing the loss or destruction of an unexpired license or license tag previously issued and payment of the full fee.

(c) The filing of an affidavit showing the loss or destruction of an unexpired commercial fishing license or packing and processing license and payment of a fee of eight dollars ($8).

(d) The filing of an affidavit showing the loss or destruction of an unexpired sport fishing or hunting license, and payment of a fee of three dollars ($3). Duplicate sportfishing or hunting licenses issued

pursuant to this subdivision shall be issued only by the department.

Any person authorized by the department to issue licenses may administer the oath for purposes of the affidavit without any fee. Each of the affidavits provided for under subdivisions (b), (c), and (d) shall be filed with the department at the times and in the manner prescribed by the department.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

If that date upon which this section becomes inoperative is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 1053 of the Fish and Game Code, as amended by Section 2 of Chapter 1117 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 9. Section 2540 of the Fish and Game Code is amended to read:

2540. The fee for a revocable guide license issued to a resident of this state is forty-five dollars ($45), and the fee for a license issued to a nonresident is one hundred twenty-five dollars ($125). A guide license shall be valid for the fiscal year in which issued or, if issued after the beginning of a fiscal year, for the remainder of that fiscal year.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

If that date upon which this section becomes inoperative is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 2540 of the Fish and Game Code, as amended by Section 5 of Chapter 538 of the Statutes of 1974, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 10. Section 3031 of the Fish and Game Code is amended to read:

(c) To any person not a resident of this state, upon the payment of a fee of fifty-nine dollars ($59).

(d) To any person not a resident of this state, valid for one day and only for the taking of domesticated game birds and pheasants while on the premises of a licensed pheasant club, or for the taking of domesticated migratory game birds on areas licensed for shooting those birds, upon the payment of a fee of eight dollars ($8).

(e) To any person not a resident of this state, valid only at an organizational field trial under Section 3510, upon the payment of a fee of fifteen dollars ($15).

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

If that date upon which this section becomes inoperative is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 3031 of the Fish and Game Code, as amended by Section 4 of Chapter 1117 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 11. Section 3055 of the Fish and Game Code is amended to read:

3055. Persons who apply for a resident hunting license and qualify for the license through the issuance of a certificate of competence in hunter safety, principles of conservation, and sportsmanship as provided by this article, shall obtain a hunter safety instruction validation stamp. The hunter safety instruction validation stamp shall be issued by license agents for a fee of two dollars ($2) in the same manner as resident hunting licenses. SEC. 12. Section 3081 of the Fish and Game Code is amended to read:

3081. It is unlawful to possess deer, elk, bear, or antelope meat except as follows:

The notice shall be forwarded to each party in the same manner as provided for mailing the original notice to the registered owner.

The notice of sale shall be given at least 10 days before the date fixed for a public sale or on or after which any private sale is to be made.

(6) For purposes of this subdivision, a manufactured home, mobilehome, or floating home shall be deemed abandoned if the foreclosing creditor gives written notice of its belief of abandonment to the registered owner as provided in this paragraph and the registered owner fails to give the foreclosing creditor written notice, prior to the appropriate date specified in the foreclosing creditor's notice, stating that the registered owner has not abandoned and does not intend to abandon the manufactured home, mobilehome, or floating home and stating an address at which the registered owner may be served by certified mail with a summons in connection with any legal action which the foreclosing creditor may appropriately initiate. The foreclosing creditor may give a notice of belief of abandonment only where it reasonably believes that the registered owner has abandoned the manufactured home, mobilehome, or floating home. The notice of belief of abandonment shall be personally delivered to the registered owner or sent by registered or certified mail, with postage prepaid, to the registered owner at his or her last known address and, if there is reason to believe that the notice sent to that address will not be received by the registered owner, to any other address, if any, known to the foreclosing creditor where the registered owner may reasonably be expected to receive the notice. (c) A nonresident owner of a foreign manufactured home or mobilehome otherwise subject to registration under this code may, subject to exceptions and special provisions contained in this chapter, occupy or permit occupancy of the manufactured home or mobilehome within this state without registering the manufactured home or mobilehome in, or paying any fees to, this state, subject to the condition that the manufactured home or mobilehome at all times, when occupied in this state, is duly registered in the place of residence of the owner and displays on the manufactured home or mobilehome a valid registration issued for that manufactured home or mobilehome in the place of residence of the owner.

(e) Any nonresident owner of a manufactured home or mobilehome of a type subject to registration in this state who, while

(g) Any person who enters California for the purpose of establishing or reestablishing residence or accepting gainful employment following his or her discharge from the armed forces of this country may occupy a manufactured home or mobilehome owned by that person at the time of his or her discharge and registered to him or her in a foreign jurisdiction where his or her military orders required his or her presence without registering the manufactured home or mobilehome in this state until the expiration of the registration period current at the time of his or her discharge and entrance into California.

(h) Any new and previously unregistered, unoccupied manufactured home, mobilehome, or commercial coach which is part of an inventory held for sale by a manufacturer or dealer in the course of business.

SEC. 9. Section 18080.7 of the Health and Safety Code is amended to read:

18080.7. (a) Each person acquiring or retaining a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part, unless the collateral is inventory, shall forward or cause to be forwarded to the department the application for original registration contemplated by Section 18085 with respect to a security interest acquired or retained at or before original registration, or the certificate of title or current registration card with appropriate insertions and signatures as respectively contemplated by Section 18100.5 with respect to a security interest acquired or retained at a time subsequent to original registration, together with the filing fee prescribed by department regulations.

(b) A security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part, unless the collateral is inventory, is perfected when it has attached as contemplated by subdivision (a) and by subdivision (2) of Section 9203 of the Commercial Code and when the department has received the items required by subdivision (a), whichever occurs later, except as otherwise provided by Section 9305 of the Commercial Code. The department may adopt regulations authorizing its acceptance of a statement of lien by means of electronic facsimile. If the department adopts these regulations, a security interest may also be perfected when it has attached and when the department has received the electronic facsimile, whichever occurs later, subject to the receipt by the department of the items required by subdivision (a), other than the fee, within 10 days of the date of its receipt of the electronic facsimile, provided that the fee required by subdivision (a) is paid in a timely fashion pursuant to these regulations.

(d) Upon establishing or amending the permanent title record, the department shall issue to the registered owner a current

registration card indicating the interest of the secured party and shall forward a copy of that registration card to all persons holding a record security interest in the manufactured home, mobilehome, commercial coach, truck camper, or floating home.

(e) Except as otherwise provided in subdivision (b) of Section 18100.5, the department shall not refuse to establish or amend the permanent title record to indicate a security interest which is authorized by law to be recorded and which would otherwise satisfy statutory requirements for departmental documentation and recordation on the basis of lack of knowledge as to the attachment of the security interest prior to its receipt of the statement of lien or an electronic facsimile thereof.

(f) The department shall designate the holder of a perfected security interest as either the legal owner or a junior lienholder as provided in this article, Article 3 (commencing with Section 18085), or Article 4 (commencing with Section 18098), as applicable.

(h) Except as otherwise provided in this part, a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration with the department is governed by Division 9 (commencing with Section 9101) of the Commercial Code.

(E) The date first sold or leased to a purchaser or lessee for purposes other than resale.

(F) Any other information as may be reasonably required by the department to enable it to determine whether the manufactured home, mobilehome, commercial coach, truck camper, or floating home is lawfully entitled to registration.

(c) If the application is for a floating home, other evidence of ownership may be accepted at the sole discretion of the department in lieu of the manufacturer's certificate of origin.

SEC. 13. Section 18085.5 of the Health and Safety Code is amended to read:

18085.5. SEC. 14. Section 18086.5 of the Health and Safety Code is amended to read:

18086.5. (a) In the absence of the regularly required supporting evidence of ownership and upon application for registration or transfer of a manufactured home, mobilehome, commercial coach, truck camper, or floating home, the department may accept an undertaking or bond which shall be conditioned to protect the department and all officers and employees thereof and any subsequent purchaser of the manufactured home, mobilehome, commercial coach, truck camper, or floating home, any person acquiring a lien or security interest thereon, or the successor in interest of that purchaser or that person against any loss or damage on account of any defect in or undisclosed claim upon the right, title, and interest of the applicant or other person in and to the manufactured home, mobilehome, commercial coach, truck camper, or floating home.

(b) Any interested person shall have a right of action to recover on any bond or undertaking for any breach of the conditions for which the bond was deposited, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. In the event the manufactured home, mobilehome, commercial coach, truck camper, or floating home is no longer subject to registration in this state and the currently valid certificate of title is surrendered to the department, the bond or undertaking shall be returned and surrendered at the end of three years or, prior thereto, at the discretion of the department.

SEC. 15. Section 18089 of the Health and Safety Code is amended to read:

18089. In the event application is made in this state for registration of a manufactured home, mobilehome, commercial coach, truck camper, or floating home and the department is not satisfied as to the ownership of the manufactured home, mobilehome, commercial coach, truck camper, or floating home or the existence of foreign liens thereon, then the department may register the manufactured home, mobilehome, commercial coach, truck camper, or floating home and issue a registration card with distinctive markings, but shall withhold issuance of a California certificate of title, unless the applicant presents documents sufficient to reasonably satisfy the department of the applicant's ownership of the manufactured home, mobilehome, commercial coach, truck camper, or floating home and the absence of any liens thereon or posts a bond pursuant to subdivision (a) of Section 18086.5.

(b) The department shall designate on the permanent title record as the legal owner the holder, if any, of the perfected security interest in the manufactured home, mobilehome, commercial coach, truck camper, or floating home. If there is more than one junior lienholder, they shall be listed on the permanent title record in the same order as is designated in the application for the original registration. A copy of the registration card shall be sent to each junior lienholder and the creditor identified on the manufacturer's certificate of origin.

(d) If an application for registration specifies more than one secured creditor and the department is unable to determine from the application which creditor is to be the legal owner, or the seniority order in which junior lienholders are to be designated, the department shall so notify the applicant for registration and all secured creditors and shall withhold registration or transfer of registration until the department receives the designation.

(e) The certificate of title and the registration card issued pursuant to this section shall show the name and address of all registered owners, the legal owner, if any, and all junior lienholders, if any, with the junior lienholders listed in the same order as designated on the permanent title record.

The department may modify the form, arrangement, and information appearing on the registration card and may provide for standardization and abbreviations whenever the efficiency of the department will be promoted thereby, except that general delivery or post office boxes shall not be permitted as the address of the registered owner unless there is no other address.

SEC. 19. Section 18092 of the Health and Safety Code is amended to read:

18092. (a) Every manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration shall be issued a registration decal. The design of the decal shall be determined by the director and the decal shall be issued by the department. The decal shall be at least 2½ inches high and 2½ inches wide.

18098. Whenever any person, after making application for the registration of a manufactured home, mobilehome, commercial coach, truck camper, or floating home required to be registered under this part, or after obtaining registration or being recorded on

the permanent title record of the manufactured home, mobilehome, commercial coach, truck camper, or floating home registration as registered owner, legal owner, or junior lienholder, moves or acquires a new permanent address, or where a person other than the registered owner assigns his or her interest to any other person different from that shown on the certificate of title, the registration card, or the application therefor, that person shall, within 10 days thereafter, notify the department of both the old and new address. No penalty shall arise from failure to notify the department pursuant to this section, nor shall the department or any other person have liability for any notification required by law or regulation other than first-class mailing to the permanent address of record.

SEC. 22. Section 18098.5 of the Health and Safety Code is amended to read:

18098.5. Any registered owner of a manufactured home, mobilehome, commercial coach, truck camper, or floating home who moves or acquires a new permanent address different from the address shown upon the registration card issued for the manufactured home, mobilehome, commercial coach, truck camper, or floating home shall, within 10 days, mark out the former address shown on the face of the card and indelibly write or type the new address on the face of the card immediately below the former address and initial this change.

SEC. 23. Section 18099.5 of the Health and Safety Code is amended to read:

18099.5. (a) Except as otherwise provided in subdivision (b), no person shall move, permit to be moved, or cause to be moved, any manufactured home, mobilehome, or floating home from the situs indicated on the registration card, without first obtaining the written consent of the legal owner and of each junior lienholder, if any. The written consent shall be obtained on forms approved by the department. In the event that there is no legal owner and no junior lienholder, the registered owner shall complete the written consent form. The original copy of each written consent form shall accompany the manufactured home, mobilehome, or floating home to its new situs in lieu of a registration card.

(b) If the person proposing to move a manufactured home, mobilehome, or floating home required to be registered under this part shall have requested the consent required by subdivision (a) delivered to a secured party or mailed to such person by certified mail, return receipt requested, and the secured party has within 30 days neither given nor withheld its consent, the person proposing to move the manufactured home, mobilehome, or floating home shall notify the department on a form approved by the department of such event and a copy of such form shall accompany the manufactured home, mobilehome, or floating home to its new situs.

SEC. 24. Section 18100 of the Health and Safety Code is amended to read:

18100. Any registered owner, legal owner, or junior lienholder

who moves, permits to be moved, or causes to be moved, a manufactured home, mobilehome, or floating home subject to registration under this part shall apply to the department within 10 days therefrom for an amended registration card upon forms provided by the department and with fees for an amended registration card as prescribed by the department. (c) The current registration card.

In the event that the new situs location cannot be determined at the time of application, the application shall so indicate and the department shall hold the application in suspense until this information is received. The applicant or the applicant's agent shall, immediately upon determining a new situs address where the manufactured home, mobilehome, or floating home is to be installed for occupancy, notify the department of the new situs address.

Upon receipt of the completed application the department shall issue an amended registration card for the manufactured home, mobilehome, or floating home to the registered owner.

SEC. 25. Section 18100.5 of the Health and Safety Code is amended to read:

18100.5. (a) If the title or interest of a registered owner, legal owner, junior lienholder in a manufactured home, mobilehome, commercial coach, or truck camper, or floating home for which an original registration under this part has been obtained is transferred to another person, or, if all outstanding secured obligations previously held by a legal owner registered on the original or a subsequent registration or by a junior lienholder are satisfied and the person no longer has any obligation to extend credit, incur obligations, or otherwise give value to be secured by the manufactured home, mobilehome, commercial coach, truck camper, or floating home, or, if a security interest is taken in a manufactured home, mobilehome, commercial coach, truck camper, or floating home after the permanent title record has been established, the department shall be notified within 20 days and shall act as follows:

(1) If the title or interest of a registered owner or legal owner is being transferred, the transferor and the transferee of the title or interest shall execute in the manner prescribed by the department the certificate of title for the manufactured home, mobilehome, commercial coach, truck camper, or floating home. If the transfer is made by a registered owner and the transferee is to assume the underlying indebtedness secured by the manufactured home, mobilehome, commercial coach, truck camper, or floating home and owed to a legal owner, the legal owner shall state on the certificate of title that legal title and interest are to be retained. The certificate of title along with all other supporting documents shall be fowarded

to the department with appropriate fees. The department shall appropriately amend the permanent title record of the manufactured home, mobilehome, commercial coach, truck camper, or floating home, forward a new certificate of title reflecting the change to the permanent title record to the legal owner by first-class mail, and forward an amended registration card reflecting the change to the permanent title record to the registered owner with copies to all secured parties shown on the permanent title record. If there is no legal owner, the new certificate of title and amended registration card shall be forwarded to the registered owner.

(2) If the interest of a junior lienholder is being transferred, the transferor and the transferee shall execute in a manner prescribed by the department the registration card, and the card so executed shall be forwarded to the department with appropriate fees. The department shall appropriately amend the permanent title record and forward an amended registration card reflecting the change to the permanent title record to the registered owner with copies to all secured parties shown on the permanent title record.

(3) If a creditor acquires a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home after the permanent title record has been established, the department shall amend the permanent title record to reflect the interest as that of a legal owner or as that of a junior lienholder, as appropriate. If the permanent title record already reflects the interest of one or more junior lienholders, the creditor then perfecting its interest pursuant to this section shall be designated as the most junior lienholder.

(4) If a legal owner no longer holds an outstanding obligation or a commitment to make advances, incur obligations, or otherwise give value to be secured by the manufactured home, mobilehome, commercial coach, or truck camper, or floating home, the legal owner shall indicate its release of lien by appropriately signing the certificate of title for the manufactured home, mobilehome, commercial coach, truck camper, or floating home and forward the certificate of title to the department with appropriate fees. The department shall appropriately amend the permanent title record for the manufactured home, mobilehome, commercial coach, truck camper, or floating home, deliver a new certificate of title reflecting the change to the permanent title record to the new legal owner, if any, by first-class mail, and forward an amended registration card reflecting the change to the permanent title record to the registered owner with copies to all secured parties shown on the registration card. For purposes of this paragraph, the following person shall be designated as the new legal owner:

(A) The junior lienholder, if any.

(B) If there is more than one junior lienholder, the junior lienholder whose statement of lien was designated as the most senior junior lienholder on the permanent title record shall be the legal owner.

(5) If a junior lienholder no longer holds an outstanding obligation or a commitment to make advances, incur obligations, or otherwise give value to be secured by the manufactured home, mobilehome, commercial coach, truck camper, or floating home, the junior lienholder shall forward the properly executed and released junior lienholder registration card to the department with appropriate fees. The department shall appropriately amend the permanent title record for the manufactured home, mobilehome, commercial coach, truck camper, or floating home and forward an amended registration card reflecting the change to the permanent title record to the registered owner with copies to all secured parties shown on the permanent title record.

(b) (1) Notwithstanding subdivision (d) of this section and subdivisions (c) and (e) of Section 18080.7, for the 120-day period beginning upon the receipt by the department of the notice of escrow and appropriate fee provided by paragraph (1) of subdivision (d) of Section 18035, or until the escrow is canceled or until the escrow closes and the resulting transfers of ownership interests and transfers or creation of legal owner and junior lienholder interests are acknowledged by the department as amendments to the permanent title record of the manufactured home, mobilehome, or floating home, whichever is earlier, the department, except at its sole discretion, shall impose a moratorium on all of the following:

(A) On any other amendments to the permanent title record of the manufactured home, mobilehome, floating home for the purpose of transferring any ownership interest or transferring or creating any security interest in the manufactured home or mobilehome.

(B) On issuing any duplicate, substitute, or new certificate of title, registration card, or copy of a registration card regarding the manufactured home, mobilehome, or floating home.

(C) On subsequent notices of escrow openings.

(2) The department shall, upon receipt of the notice of escrow and the appropriate fee, forward to the escrow agent an acknowledgement of receipt and a true and correct copy of the permanent title record as of the commencement of the period of moratorium.

(c) If a secured party fails to comply with the provisions of subdivision (a) relating to releases of lien and the secured party thereafter receives a written demand from the registered owner that the secured party release its lien, the secured party shall be liable to the registered owner for all actual damages suffered by the registered owner by reason of the failure to release the lien unless the secured party, within 20 days of receipt of the demand, complies with the requirements of subdivision (a), except where the secured party has reasonable cause for noncompliance.

(d) Whenever the title or interest of the registered owner or legal owner in or to a manufactured home, mobilehome, commercial coach, truck camper, or floating home registered under this part passes to another in a manner other than by voluntary transfer, the

new registered owner or legal owner may obtain a transfer of registration upon application therefor and upon presentation of the last certificate of title, if available, and current registration card, if available, issued for the manufactured home, mobilehome, commercial coach, truck camper, or floating home and any instruments or documents of authority or certified copies thereof as may be required by the department, or required by law, to evidence or effect the transfer of title or interest in that case. The department, when satisfied of the genuineness and regularity of the transfer, shall amend the permanent title record of the manufactured home, mobilehome, commercial coach, truck camper, or floating home, issue a new current registration card and certificate of title, and forward copies of the current registration card to all junior lienholders.

(e) The department shall not transfer registration until the applicant complies with the requirements of Section 18092.7.

SEC. 26. Section 18101 of the Health and Safety Code is amended to read:

18101. No transfer of the title of a manufactured home, mobilehome, commercial coach, truck camper, or floating home registered under this code shall be effective until the transferor has made proper endorsement and delivery of the certificate of title and delivery of the registration card to the transferee as provided in this code.

SEC. 27. Section 18102 of the Health and Safety Code is amended to read:

18102. Upon the death of a registered or legal owner of a manufactured home, mobilehome, commercial coach, truck camper, or floating home registered under this part, without the decedent leaving other property necessitating probate, unless the manufactured home, mobilehome, commercial coach, or truck camper is, by will, otherwise bequeathed, and irrespective of the value of the manufactured home, mobilehome, commercial coach, truck camper, or floating home the surviving heir or beneficiary in the order named in Section 630 of the Probate Code may secure a transfer of registration of the title or interest of the decedent upon presenting to the department all of the following:

(a) The appropriate certificate of title and registration card, if available.

(b) A certified statement of the heir or beneficiary setting forth his or her interest in the estate of the decedent.

(c) The names and addresses of any other heirs or beneficiaries.

(d) If required by the department, a certificate of the death of the decedent.

(e) A statement that there are no creditors of the decedent or, if so, that the creditors of the decedent have been paid in full or their claims have been otherwise discharged.

SEC. 28. Section 18103 of the Health and Safety Code is amended to read:

18103. Whenever application is made to the department for a transfer of registration of a manufactured home, mobilehome, commercial coach, truck camper, or floating home to a new registered or legal owner and the applicant is unable to present the registration card issued for the manufactured home, mobilehome, commercial coach, truck camper, or floating home because it is in the possession of the department upon an application for renewal of registration, the department may transfer the registration of the manufactured home, mobilehome, commercial coach, truck camper, or floating home upon production of the properly endorsed certificate of title to the manufactured home, mobilehome, commercial coach, truck camper, or floating home and a temporary receipt, on a form prescribed by the department containing any information that the department deems necessary, including, but not limited to, the registration decal number assigned to the manufactured home, mobilehome, commercial coach, truck camper, or floating home and the serial number of the manufactured home, mobilehome, commercial coach, truck camper, or floating home and accompanied by the amount of fees for renewal of the registration.

SEC. 29. Section 18105 of the Health and Safety Code is amended to read:

18105. (a) Except as otherwise provided in subdivision (e) or (g), the security interest of the legal owner has priority over conflicting security interests of junior lienholders and holders of security interests perfected pursuant to Section 9305 of the Commercial Code and of unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds.

(b) Except as otherwise provided in subdivision (e) or (g), the security interest of a junior lienholder has priority over conflicting security interests of holders of security interests perfected pursuant to Section 9305 of the Commercial Code and of unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds. Conflicting security interests of junior lienholders rank in the order designated on the permanent title record maintained by the department.

(c) Except as otherwise provided in subdivision (e) or (g), a security interest perfected pursuant to Section 9305 of the Commercial Code has priority over conflicting unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds.

(d) Except as otherwise provided in subdivision (e) or (g), conflicting unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part and its proceeds rank according to priority in time of attachment.

(e) (1) Except as otherwise provided in subdivision (g), the security interest of any secured party shall not have priority over any security interest of a party having a subordinate security interest by virtue of the preceding provisions of this section to the extent that the otherwise senior secured obligation was incurred subsequent to receipt by that creditor of actual or constructive notice of the existence of the otherwise junior security interest unless the obligation arose pursuant to the terms of a security agreement for the purpose of preserving the collateral or protecting the interest of the senior secured party therein or unless the otherwise senior secured obligation was incurred under a binding agreement that the credit would be extended by that creditor.

(2) For purposes of this subdivision receipt of a copy of the registration certificate which reflects the existence of a security interest shall constitute constructive notice of the existence of the security interest. In interpreting the provisions of this subdivision but for no other purposes, it is the intent of the Legislature that the priorities among conflicting security interests be determined in accordance with the rules of law applicable to priority as to interests in real property.

(f) Except as otherwise provided in subdivision (g), the security interest of the legal owner or a junior lienholder has priority over a conflicting security interest of a holder of a perfected security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part which is inventory, including the proceeds of the inventory. The rules of priority regarding conflicting security interests of holders of a perfected security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part which is inventory and of holders of security interests perfected pursuant to Section 9305 of the Commercial Code or unperfected security interests in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part shall be governed by Section 9312 of the Commercial Code.

(g) If the holders of two or more of the several security interests shall otherwise agree among themselves, the relative priorities among the holders of security interests who have so agreed shall be determined according to this agreement.

SEC. 30. Section 18106 of the Health and Safety Code is amended to read:

18106. (a) As used in this section, "lien creditor" means a creditor who has acquired a lien on a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part by attachment, levy, or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition, or a receiver in equity from the time of appointment, as contemplated by subdivision (3) of Section 9301 of the

Commercial Code.

(b) Except as provided in subdivision (c), an unperfected security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home subject to registration under this part is subordinate to the rights of a person who becomes a lien creditor before the security interest is perfected.

(c) If a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home becomes perfected as contemplated by subdivision (a) of Section 18080.7, the security interest is senior to the rights of a lien creditor which arise between the time the security interest attaches and the time of perfection.

(d) A person who becomes a lien creditor while a security interest in a manufactured home, mobilehome, commercial coach, truck camper, or floating home is perfected by any of the means contemplated by subdivision (b) of Section 18080.7 takes subject to the perfected security interest only to the extent that it secures advances either made before that person becomes a lien creditor or made thereafter which would otherwise be senior to a competing security interest as provided in subdivision (e) of Section 18105.

SEC. 31. Section 18108 of the Health and Safety Code is amended to read:

18108. If any registration card or registration decal is stolen, lost, mutilated, or illegible, the registered owner of the manufactured home, mobilehome, commercial coach, truck camper, or floating home for which it was issued, as shown by the records of the department, shall immediately make application for, and may, upon the applicant furnishing information satisfactory to the department and paying the required fees, obtain a duplicate, substitute, or new registration under a new registration number, as determined by the department.

SEC. 32. Section 18108.5 of the Health and Safety Code is amended to read:

18108.5. If any certificate of title is stolen, lost, mutilated, or illegible, the legal owner of the manufactured home, mobilehome, commercial coach, truck camper, or floating home for which it was issued, as shown by the records of the department, shall immediately make application for, and may, upon payment of required fees and the applicant furnishing information satisfactory to the department, obtain a duplicate certificate of title.

SEC. 33. Section 18116.1 of the Health and Safety Code is amended to read:

18116.1. (a) Nonpayment of the fees and penalties provided for in Sections 18114 and 18115 and in subdivisions (a), (b), and (c) of Section 18116 that are due on a mobilehome, manufactured home, commercial coach, truck camper, or floating home shall constitute a lien in favor of the State of California in the amount owing.

(b) Notwithstanding any other provision of law, the lien provided for in subdivision (a) shall continue to accrue for all registration years

in which the fees and penalties remain unpaid.

(c) Until the amount of a lien provided for in subdivision (a) or (b) is paid to the department, the department shall not do either of the following:

(1) Amend the permanent title record of the manufactured home or mobilehome which is the subject of the lien for the purpose of transferring any ownership interest or transferring or creating any security interest in the manufactured home or mobilehome.

(2) Issue any duplicate, substitute, or new certificate of title, registration card, or copy of a registration card with respect to the manufactured home or mobilehome which is the subject of the lien.

SEC. 34. Section 18116.5 of the Health and Safety Code is amended to read:

18116.5. Used manufactured homes, used mobilehomes, and used floating homes subject to local property taxation are exempt from the payment of use tax upon resale or transfer as provided in Section 6379 of the Revenue and Taxation Code.

SEC. 35. Section 18117.5 of the Health and Safety Code is amended to read:

18117.5. The transfer fee is delinquent if not paid within 20 days of receipt by the transferee of a properly executed certificate of title for the manufactured home, mobilehome, commercial coach, truck camper, or floating home.

SEC. 36. Section 229 of the Revenue and Taxation Code is amended to read:

229. (a) A floating home shall be assessed in the same manner as real property.

(b) For purposes of determining the valuation of floating homes pursuant to this section, the procedures set forth in Section 110.1 shall apply, except that:

(1) The 1979 lien date shall be substituted for the 1975 lien date.

(2) The 1979–80 assessment roll shall be substituted for the 1975–76 assessment roll.

(3) The date January 1, 1983, shall be substituted for the dates June 30, 1980, and June 30, 1981.

(c) "Floating home" means a floating structure which is all of the following:

(1) It is designed and built to be used, or is modified to be used, as a stationary waterborne residential dwelling.

(2) It has no mode of power of its own.

(3) It is dependent for utilities upon a continuous utility linkage to a source originating on shore.

(4) It has a permanent continuous hookup to a shoreside sewage system.

"Floating home" does not include a vessel. This section does not affect existing law regarding residential use of tide and submerged lands.

SEC. 37. Section 5 of this act makes a classification or exemption of property for purposes of ad valorem property taxation within the

meaning of Section 2229 of the Revenue and Taxation Code.

SEC. 38. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 39. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Under existing laws, many persons wishing to sell or transfer floating homes are unable to do so because adequate financing is not available. This bill will make floating homes better security for loans and provide a remedy for this situation. In order to make this remedy available as soon as possible and to make "floating homes" subject to various provisions of the Mobilehomes-Manufactured Housing Act of 1980, it is necessary for this act to take effect immediately.

CHAPTER 1468

An act relating to environmental protection, and making an appropriation therefor.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Portuguese Bend landslide on the Palos Verdes Peninsula has destroyed private property resulting in local revenue losses of two million dollars ($2,000,000) annually.

(b) The continued movement of the slide threatens continued use of Palos Verdes Drive South, the primary transportation route for residents in the southern region of the Palos Verdes Peninsula and the County of Los Angeles, which is intermittently closed to public bus lines due to the state of disrepair.

(c) Continued movement of the slide threatens coastal access and recreational opportunities along the shore.

(d) Continued movement of the slide threatens the public health and safety by its continual disruption of water, power, telephone, natural gas, and sewage lines.

(e) The slide is the largest in the State of California and offers unique educational value to educational institutions concerned with the causes and prevention of similar natural disasters elsewhere.

(f) Action is required now to remedy this natural disaster because

slide movement has reached a critical speed, which will result in substantial additional damages in the immediate future, and potential solutions to remedying this problem have only recently been demonstrated.

SEC. 2. Notwithstanding any other provision of law, of the amounts received from the settlement pursuant to Section 8(g) of the Outer Continental Shelf Lands Act as amended (43 U.S.C. Sec. 1337(g)), two million dollars ($2,000,000) shall be second in allocation priority to the funds appropriated in Item 9675-101-890 of the Budget Act of 1985 (Chapter 111, Statutes of 1985) and shall be appropriated from the Federal Trust Fund to the Controller for transfer to the City of Rancho Palos Verdes, upon request of the city, as follows:

(a) Two hundred fifty thousand dollars ($250,000) for engineering and administrative costs. Engineering expenditures shall be for costs for the design, construction, and operation of economical structures, equipment, and systems which aid in the stabilization of the Portuguese Bend landslide. Administrative expenditures shall be for costs associated with management, oversight, and implementation of the projects described in subdivisions (b), (c), and (d).

(b) Four hundred thousand dollars ($400,000) for dewatering. Dewatering expenditures shall be for costs to install dewatering wells, pipes, and pumps to transport subsurface water contributing to slide instability to the Pacific Ocean.

(c) Seven hundred fifty thousand dollars ($750,000) for surface water drainage systems. Surface water drainage expenditures shall be for costs to reestablish natural canyon drainage in various locations throughout the slide area and maintain an adequate system for surface water runoff from the slide to the Pacific Ocean.

(d) Six hundred thousand dollars ($600,000) for grading. Grading expenditures shall be for land grading costs to close slide-created land fissures and to fill land depressions to prevent water ponding within the slide area. Grading expenditures shall also include the relocation of approximately 300,000 cubic yards of earth from points within the slide area at which it acts as a landslide driving force to points within the slide area at which it will provide a resistive force to slide action.

(e) Notwithstanding the specific amounts allocated pursuant to this section, of the total amount appropriated in this section, the Controller may retain up to 2 percent for administrative costs.

SEC. 3. Neither the state, nor any officer or employee of the state, shall incur any liability for any injury resulting from any activity conducted using funds allocated pursuant to this act solely on the basis that these funds were provided by the state pursuant to this act.

CHAPTER 1469

An act to amend Section 25375 of the Health and Safety Code, relating to hazardous substances, and making an appropriation therefor.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25375 of the Health and Safety Code is amended to read:

25375. (a) If the board makes the determination, specified in subdivision (b), that losses resulted from the claimant's damages, injury, or disease, only the following losses are compensable pursuant to this article:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to three years from the onset of treatment.

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed fifteen thousand dollars ($15,000) per year for three years.

(3) One hundred percent of uninsured, out-of-pocket expenses for remedial action on the claimant's property undertaken to address a release of a hazardous substance when all of the following apply:

(A) The claimant's property is an owner-occupied single-family residence.

(B) The remedial action was ordered by federal, state, or local authorities due to a release of a hazardous substance.

(C) The department makes one of the following determinations:

(i) The release of the hazardous substance originated outside the boundaries of the property.

(ii) The release of the hazardous substance occurred on the property, was the result of an action which violated state or federal law, and the responsible party cannot be identified or cannot be located, or a judgment against the responsible party cannot be satisfied.

The maximum compensation under this paragraph is limited to twenty-five thousand dollars ($25,000) per residence and to one hundred thousand dollars ($100,000) for five contiguous residential properties. Any compensation provided shall be reduced by the amount that the remedial action results in a capital improvement to the claimant's residence.

(b) A loss specified in subdivision (a) is compensable if the board makes all of the following findings, based upon a preponderance of the evidence:

(1) A release of a hazardous substance occurred.

(2) The claimant or the claimant's property was exposed to the

release of the hazardous substance.

(3) The exposure of the claimant to the release of the hazardous substance was of such a duration, and to such a quantity of the hazardous substance, that the exposure caused the damages, injury, or disease which resulted in the claimant's loss.

(c) No money shall be used for the payment of any claim authorized by this chapter, where the claim is the result of long-term exposure to ambient concentrations of air pollutants.

SEC. 2. Section 25375 of the Health and Safety Code is amended to read:

25375. (a) If the board makes the determination, specified in subdivision (b), that losses resulted from the claimant's damages, injury, or disease, only the following losses are compensable pursuant to this article:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to three years from the onset of treatment.

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed fifteen thousand dollars ($15,000) per year for three years.

(3) One hundred percent of uninsured, out-of-pocket expenses for remedial action on the claimant's property undertaken to address a release of a hazardous substance when all of the following apply:

(A) The claimant's property is an owner-occupied single-family residence.

(B) The remedial action was ordered by federal, state, or local authorities due to a release of a hazardous substance.

(C) The department makes one of the following determinations:

(i) The release of the hazardous substance originated outside the boundaries of the property.

(ii) The release of the hazardous substance occurred on the property, was the result of an action which violated state or federal law, and the responsible party cannot be identified or cannot be located, or a judgment against the responsible party cannot be satisfied.

The maximum compensation under this paragraph is limited to twenty-five thousand dollars ($25,000) per residence and to one hundred thousand dollars ($100,000) for five contiguous residential properties. Any compensation provided shall be reduced by the amount that the remedial action results in a capital improvement to the claimant's residence.

(4) One hundred percent of the fair market value of owner-occupied real property that is rendered permanently unfit for occupancy because of the release of a hazardous substance. For purposes of this paragraph, real property is rendered permanently unfit for occupancy only if a state or federal agency requires that it be evacuated for a period of six or more months because of the release of a hazardous substance. The fair market value of the real property shall be determined by an independent appraiser, and shall

be considered by the independent appraiser as being equal to the value of the real property prior to the release of the hazardous substance that caused the evacuation of the property. Where compensation is made by the board pursuant to this paragraph, sole ownership of the real property shall be transferred to the state and any proceeds resulting from the final disposition of the real property shall be deposited into the state account, for expenditure by the department upon appropriation by the Legislature. To be eligible for compensation pursuant to this paragraph, claims for compensation shall be made within 12 months of the date on which the evacuation was ordered.

(5) One hundred percent of the expenses incurred due to the evacuation of a residence ordered by a state or federal agency. For purposes of this paragraph, "evacuation expenses" include the cost of shelter and any other emergency expenditures incurred due to an evacuation ordered by a state or federal agency. The board may provide compensation, pursuant to this paragraph, only if it finds that the evacuation expenses represent reasonable costs for the goods or services purchased, and would not have been incurred if an evacuation caused by a hazardous substance release had not occurred. The board may provide compensation for these evacuation expenses only if they were incurred within 12 months from the date on which evacuation was ordered.

(b) A loss specified in subdivision (a) is compensable if the board makes all of the following findings, based upon a preponderance of the evidence:

(1) A release of a hazardous substance occurred.

(2) The claimant or the claimant's property was exposed to the release of the hazardous substance.

(3) The exposure of the claimant to the release of the hazardous substance was of such a duration, and to such a quantity of the hazardous substance, that the exposure caused the damages, injury, or disease which resulted in the claimant's loss.

(4) For purposes of paragraphs (4) and (5) of subdivision (a), the hazardous substance release, or the order which resulted in the claim for compensation occurred on or after January 1, 1986.

(5) The conditions and requirements of this article including, but not limited to, the conditions of Sections 25372 and 25373, have been met.

(c) No money shall be used for the payment of any claim authorized by this chapter, where the claim is the result of long-term exposure to ambient concentrations of air pollutants.

SEC. 3. Section 2 of this bill incorporates amendments to Section 25375 of the Health and Safety Code proposed by both this bill and AB 651. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 25375 of the Health and Safety Code, and (3) this bill is enacted after AB 651, in which case Section 1 of this bill shall not become operative.

The funds appropriated by this subdivision shall supplement, and shall not supplant, any other funds appropriated for instructional materials by the Budget Act of 1985.

(b) Seventy percent of the funds appropriated by subdivision (a) shall be used according to Section 4 of this act, and the remaining 30

percent shall be apportioned pursuant to Section 60247.5 of the Education Code.

SEC. 4. Seventy percent of the funds appropriated by Section 3 of this act shall be expended in accordance with the provisions of Article 3 (commencing with Section 60240) of Chapter 2 of Part 33 of the Education Code for the benefit of pupils enrolled in kindergarten and grades 1 through 8.

SEC. 5. Funds appropriated by Section 3 of this act shall supplement, and shall not supplant or be supplanted by, any payments for public education made pursuant to Chapter 12.5 (commencing with Section 8880) of Division 1 of Title 2 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to give appropriate recognition as soon as possible to stepparents, who play a major role in the rearing of children, it is necessary that this act take effect immediately.

CHAPTER 1472

An act to amend Section 1203.4 of the Penal Code, relating to criminal procedure.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.4 of the Penal Code is amended to read:

1203.4. (a) In any case in which a defendant has fulfilled the conditions of probation for the entire period of probation, or has been discharged prior to the termination of the period of probation, or in any other case in which a court, in its discretion and the interests of justice, determines that a defendant should be granted the relief available under this section, the defendant shall, at any time after the termination of the period of probation, if he or she is not then serving a sentence for any offense, on probation for any offense, or charged with the commission of any offense, be permitted by the court to withdraw his or her plea of guilty or plea of nolo contendere and enter a plea of not guilty; or, if he or she has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and, in either case, the court shall thereupon dismiss the accusations or information against the defendant and except as noted below, he or she shall thereafter be released from all penalties and disabilities resulting from the offense of which he or she has been convicted, except as provided in Section 13555 of the Vehicle Code. The probationer shall be informed, in his or her probation papers, of this right and privilege and his or her right, if any, to petition for a certificate of rehabilitation and pardon. The probationer may make the application and change of plea in person or by attorney, or by the probation officer authorized in writing; however, in any subsequent prosecution of the defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. The order shall state, and the probationer shall be informed, that the order does not relieve him or her of the obligation to disclose the conviction in response to any direct question contained in any questionnaire or application for public office or for licensure by any state or local agency.

Dismissal of an accusation or information pursuant to this section does not permit a person to own, possess, or have in his or her custody or control any firearm capable of being concealed upon the person or prevent his or her conviction under Section 12021.

This subdivision shall apply to all applications for relief under this section which are filed on or after November 23, 1970.

(b) Subdivision (a) of this section does not apply to any misdemeanor which is within the provisions of subdivision (b) of Section 42001 of the Vehicle Code, or to any infraction.

(c) A person who petitions for a change of plea or setting aside of a verdict under this section may be required to reimburse the county for the cost of services rendered at a rate to be determined by the county board of supervisors not to exceed sixty dollars ($60), and to reimburse any city for the cost of services rendered at a rate to be determined by the city council not to exceed sixty dollars ($60).

Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (f) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the cost for services established pursuant to this subdivision.

(d) No relief shall be granted under this section unless the prosecuting attorney has been given 15 days' notice of the petition for relief. The probation officer shall notify the prosecuting attorney when a petition is filed, pursuant to this section.

It shall be presumed that the prosecuting attorney has received notice if proof of service is filed with the court.

(e) If, after receiving notice pursuant to subdivision (d), the prosecuting attorney fails to appear and object to a petition for dismissal, the prosecuting attorney may not move to set aside or otherwise appeal the grant of that petition.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1474

An act to amend Section 290.2 of, and to amend, repeal, and add Section 290 to, the Penal Code, and to amend Section 781 of the Welfare and Institutions Code, relating to crimes.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

If the conviction which makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency which prosecuted the person; and one copy to the court where the person was prosecuted. All such forms shall, if the conviction which makes the person subject to this section is a felony conviction, be transmitted within such times as to be received by the local law enforcement agency, prosecuting agency, and court 30 days prior to the discharge, parole, or release of the person.

(c) Any person who, after August 1, 1950, is convicted in this state of the commission or attempt to commit any of the above-mentioned offenses and who is released on probation or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the court in which the person has been convicted and the court shall require the person to read and sign such form as may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, and shall send one copy to the Department of Justice, and shall forward one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of the following offenses shall be subject to registration under the procedures of this section: assault with intent to commit rape, sodomy, or oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220; or any offense defined in Section 288, 647a, paragraph (1) of subdivision (b) or subdivision (c) or (d) of Section 286, paragraph (1) of subdivision (b) or subdivision (c) or (d) of Section 288a, subdivision (2) of Section 261, or subdivision (a) of Section 289; or any offense under Section 264.1 involving rape in concert with force or fear of bodily

injury or penetration by any foreign object in concert with force or fear of bodily injury.

(2) Prior to discharge or parole from the Youth Authority, all persons subject to registration shall be informed of the duty to register under the procedures set forth in this section. Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(3) The duty to register under this section for offenses adjudicated by a juvenile court shall terminate when a person reaches the age of 25.

(4) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person required to register attains the age of 25 or has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code, whichever event occurs first. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case which are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) The registration shall consist of (a) a statement in writing signed by the person, giving such information as may be required by the Department of Justice, and (b) the fingerprints and photograph of the person. The law enforcement agency shall, within three days after receipt of this information, forward it to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence.

(g) Any person required to register under this section who violates any of its provisions is guilty of a misdemeanor. In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in the county jail and of completing probation of at least one year.

(h) Whenever any person is released on parole or probation and

is required to register under this section but fails to do so within the time prescribed, the Board of Prison Terms, the Youth Authority, or the court, as the case may be, shall order the parole or probation of the person revoked.

(i) The statements, photographs, and fingerprints herein required shall not be open to inspection by the public or by any person other than a regularly employed peace or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including fire fighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This provision does not apply to any person temporarily released under guard from the institution where he or she is confined.

(*l*) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14 days. This notice shall be provided in writing by the registering agency. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (f) if the person did register within 30 days.

(m) This section shall remain in effect only until January 1, 1988, and on that date is repealed.

The official in charge of the place of confinement or hospital shall give one copy of the form to the person, and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency having jurisdiction over the place the person expects to reside upon discharge, parole, or release. The court shall give one copy of the form to the person, and shall send one copy to the Department of Justice, and shall forward one copy to the appropriate law enforcement agency having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of the following offenses shall be subject to registration under the procedures of this section: assault with intent to commit rape, sodomy, or oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220; or any offense defined in Section 288, paragraph (1) of subdivision (b) or subdivision (c) or (d) of Section 286, paragraph (1) of subdivision (b) or subdivision (c) or (d) of Section 288a, subdivision (2) of Section 261, or subdivision (a) of Section 289; or any offense under Section 264.1 involving rape in concert with force or fear of bodily injury or penetration by any foreign object in concert with force or fear of bodily injury.

(2) Prior to discharge or parole from the Youth Authority, all persons subject to registration shall be informed of the duty to register under the procedures set forth in this section. Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(3) The duty to register under this section for offenses adjudicated by a juvenile court shall terminate when a person reaches the age of 25.

This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case which are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) The registration shall consist of (a) a statement in writing signed by the person, giving such information as may be required by the Department of Justice, and (b) the fingerprints and photograph of the person. Within three days thereafter, the registering law enforcement agency shall forward the statement, fingerprints, and

photograph to the Department of Justice.

The law enforcement agency shall, within three days after receipt of this information, forward it to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency having local jurisdiction of the new place of residence.

In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in the county jail and of completing probation of at least one year.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the Board of Prison Terms, the Youth Authority, or the court, as the case may be, shall order the parole or probation of the person revoked.

(i) The statements, photographs, and fingerprints herein required shall not be open to inspection by the public or by any person other than a regularly employed peace or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including fire fighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This provision does not apply to any person temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14

days. This notice shall be provided in writing by the registering agency. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (f) if the person did register within 30 days.

(m) This section shall be operative January 1, 1988.

SEC. 3. Section 290.2 of the Penal Code is amended to read:

290.2. (a) Any person required to register under Section 290 because of the commission of or the attempt to commit a felony offense specified in Section 290 who is discharged or paroled from a state prison or any institution under the jurisdiction of the Youth Authority where he or she was confined or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under the provisions of Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be required to provide two specimens of blood and a saliva sample to that institution.

The withdrawal of blood shall be performed in a medically approved manner. Only a physician, registered nurse, licensed vocational nurse, duly licensed clinical laboratory technologist, or clinical laboratory bioanalyst may withdraw the blood specimens for purposes of this section.

(b) The Department of Justice shall provide all blood specimen vials, mailing tubes, labels, and instructions for the collection of the blood specimens and saliva samples. The specimens and samples shall thereafter be forwarded to the Department of Justice criminalistics laboratory in Sacramento for analysis and categorizing into blood groupings.

(c) The blood grouping analysis information shall be filed with the offender's file maintained by the Sex Registration Unit of the Department of Justice, and shall not be included in the state summary criminal history information.

(d) The blood grouping analysis information shall be released only to law enforcement agencies and district attorneys' offices, at the request of the agency.

SEC. 4. Section 781 of the Welfare and Institutions Code is amended to read:

781. (a) In any case in which a petition has been filed with a juvenile court to commence proceedings to adjudge a person a ward of the court, in any case in which a person is cited to appear before a probation officer or is taken before a probation officer pursuant to Section 626, or in any case in which a minor is taken before any officer of a law enforcement agency, the person or the county probation officer may, five years or more after the jurisdiction of the juvenile court has terminated as to the person, or, in a case in which no petition is filed, five years or more after the person was cited to appear before a probation officer or was taken before a probation officer pursuant to Section 626 or was taken before any officer of a law enforcement agency, or, in any case, at any time after the person

has reached the age of 18 years, petition the court for sealing of the records, including records of arrest, relating to the person's case, in the custody of the juvenile court and probation officer and any other agencies, including law enforcement agencies, and public officials as the petitioner alleges, in his or her petition, to have custody of the records. The court shall notify the district attorney of the county and the county probation officer, if he or she is not the petitioner, and the district attorney or probation officer or any of their deputies or any other person having relevant evidence may testify at the hearing on the petition. If, after hearing, the court finds that since the termination of jurisdiction or action pursuant to Section 626, as the case may be, he or she has not been convicted of a felony or of any misdemeanor involving moral turpitude and that rehabilitation has been attained to the satisfaction of the court, it shall order all records, papers, and exhibits in the person's case in the custody of the juvenile court sealed, including the juvenile court record, minute book entries, and entries on dockets, and other records relating to the case in the custody of the other agencies and officials as are named in the order. In any case in which a ward of the juvenile court is subject to the registration requirements set forth in Section 290 of the Penal Code, a court, in ordering the sealing of the juvenile records of the person, also shall provide in the order that the person is relieved from the registration requirement and for the destruction of all registration information in the custody of the Department of Justice and other agencies and officials. Notwithstanding any other provision of law, the court shall not order the person's records sealed in any case in which the person has been found by the juvenile court to have committed an offense listed in subdivision (b) of Section 707 until at least three years have elapsed since commission of the offense listed in subdivision (b) of Section 707. Once the court has ordered the person's records sealed, the proceedings in the case shall be deemed never to have occurred, and the person may properly reply accordingly to any inquiry about the events, the records of which are ordered sealed. The court shall send a copy of the order to each agency and official named therein, directing the agency to seal its records and stating the date thereafter to destroy the sealed records. Each such agency and official shall seal the records in its custody as directed by the order, shall advise the court of its compliance, and thereupon shall seal the copy of the court's order for sealing of records that it, he, or she received. The person who is the subject of records sealed pursuant to this section may petition the superior court to permit inspection of the records by persons named in the petition, and the superior court may so order. Otherwise, except as provided in subdivision (b), the records shall not be open to inspection.

(b) In any action or proceeding based upon defamation, a court, upon a showing of good cause, may order any records sealed under this section to be opened and admitted into evidence. The records shall be confidential and shall be available for inspection only by the

court, jury, parties, counsel for the parties, and any other person who is authorized by the court to inspect them. Upon the judgment in the action or proceeding becoming final, the court shall order the records sealed.

(c) (1) Subdivision (a) does not apply to Department of Motor Vehicle records of any convictions for offenses under the Vehicle Code or any local ordinance relating to the operation, stopping and standing, or parking of a vehicle where the record of any such conviction would be a public record under Section 1808 of the Vehicle Code. However, if a court orders a case record containing any such conviction to be sealed under this section, and if the Department of Motor Vehicles maintains a public record of such a conviction, the court shall notify the Department of Motor Vehicles of the sealing and the department shall advise the court of its receipt of the notice.

Notwithstanding any other provision of law, subsequent to the notification, the Department of Motor Vehicles shall allow access to its record of convictions only to the subject of the record and to insurers which have been granted requester code numbers by the department. Any insurer to which such a record of conviction is disclosed, when such a conviction record has otherwise been sealed under this section, shall be given notice of the sealing when the record is disclosed to the insurer. The insurer may use the information contained in the record for purposes of determining eligibility for insurance and insurance rates for the subject of the record, and the information shall not be used for any other purpose nor shall it be disclosed by an insurer to any person or party not having access to the record.

(2) This subdivision shall not be construed as preventing the sealing of any record which is maintained by any agency or party other than the Department of Motor Vehicles.

(3) This subdivision shall not be construed as affecting the procedures or authority of the Department of Motor Vehicles for purging department records.

(d) Unless for good cause the court determines that the juvenile court record shall be retained, the court shall order the destruction of a person's juvenile court records that were sealed pursuant to this section as follows: five years after the record was ordered sealed, if the person who is the subject of the record was alleged or adjudged to be a person described by Section 601; or when the person who is the subject of the record reaches the age of 38 years, if the person was alleged or adjudged to be a person described by Section 602. Any other agency in possession of sealed records shall destroy its records in accordance with this section.

SEC. 5. In the event that funds are appropriated therefor in the Budget Act of 1986, the Department of Justice shall conduct a study on the effectiveness of statutory requirements for the registration of sex offenders and report thereon to the Legislature by January 1, 1991.

SEC. 6. The Department of Justice shall conduct a study of the effectiveness of, and the justification for, the inclusion of violations of Section 647a of the Penal Code in subdivision (d) of Section 290 of the Penal Code, and shall report thereon to the Legislature by January 1, 1987.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 8. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

The people of the State of California do enact as follows:

SECTION 1. Section 23206.5 is added to the Vehicle Code, to read:

23206.5. (a) If any person is convicted of a violation of Section 23152 or 23153 and the offense was a second or subsequent offense punishable under Section 23165, 23170, 23175, or 23185, the court shall require that any term of imprisonment that is imposed by the court shall include at least one period of not less than 48 consecutive hours of imprisonment, or in the alternative and notwithstanding Section 4024.2 of the Penal Code, that the person shall serve not less than 10 days of community service.

(b) Notwithstanding any other provision of law, except Section 2900.5 of the Penal Code, unless the court expressly finds in the circumstances that the punishment inflicted would be cruel or unusual punishment prohibited by Section 17 of Article I of the California Constitution, no court or person to whom a person is remanded for execution of sentence shall release, or permit the release of, a person from the requirements of subdivision (a), including, but not limited to, any work-release program, weekend service of sentence program, diversion or treatment program, or

otherwise.

(c) For the purposes of this section, "imprisonment" means confinement in a jail, in a minimum security facility, or in an inpatient rehabilitation facility, as provided in Part 1309 (commencing with Section 1309.1) of Title 23 of the Code of Federal Regulations.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1476

An act to amend Section 12640.11 of the Insurance Code, relating to insurance.

[Approved by Governor October 2, 1985. Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 12640.11 of the Insurance Code is amended to read:

12640.11. (a) Nothing in this chapter (commencing with Section 12640.01) shall be construed as limiting the right of any mortgage guaranty insurer to impose reasonable requirements upon the lender with regard to the terms of any note or bond or other evidence of indebtedness secured by a mortgage or deed of trust, such as requiring a stipulated down payment by the borrower.

(b) All statements and descriptions in any application for mortgage guaranty insurance or in negotiations for that insurance, and all documents relating thereto, submitted to the mortgage guaranty insurer shall be deemed to be representations and not warranties. Furthermore, misrepresentations and incorrect or incomplete statements in any such application, negotiations, and all documents relating thereto shall not prevent a recovery under a policy of mortgage guaranty insurance unless:

(1) Fraudulent; or

(2) Material either to the acceptance of the risk or to the hazard assumed by the insurer; or

(3) The insurer in good faith would either not have issued the mortgage guaranty insurance policy or extended coverage thereunder, or would not have issued the policy or extended coverage in as large an amount or at the premium rate as applied for or would not have provided coverage with respect to the hazard resulting in the loss if the true facts had been known to the insurer

as required by the application for the policy or for the extension of coverage or otherwise.

CHAPTER 1477

(b) Any person, service, bureau, organization, club, résumé service, or employment counseling service, which by advertisement or otherwise offers, as one of its main objects or purposes, to procure employment for any person who will pay for its services, or that collects dues, tuition, or membership or registration fees of any sort, where the main object of the person paying the same is to secure employment.

(3) A central hiring establishment, intelligence office, registry,

(4) A person employing individuals to render personal services to, for, or under the direction of, a third person is not a labor contractor within the meaning of this chapter if the person employing the individuals, in addition to wages or salaries, pays federal social security taxes, state and federal unemployment insurance, carries workers' compensation insurance as required by state law, and sustains responsibility for the acts of his or her employees while rendering services to, for, or under the direction of, a third person, and has no applicant-paid liquidated damage clause. SEC. 3. Section 9909.6 of the Business and Professions Code is amended to read:

9909.6. An "employment counseling service" for the purposes of this chapter shall be deemed to be an "employment agency." [Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 12002.1 is added to the Fish and Game Code, to read:

12002.1. Notwithstanding Section 12002, the punishment for taking a game mammal or bird for which a hunting license issued pursuant to Section 3031 is required or a license tag or license stamp is required, without having in one's possession the required, valid license, or without having in one's possession any required license tag or license stamp, or when the taking of that game mammal or bird is prohibited by allowable season, limit, time, or area, is punishable by a fine of not more than two thousand dollars ($2,000), or imprisonment in the county jail for not more than one year, or both that fine and imprisonment, or by any greater punishment prescribed by this code.

Any charge under this section may be dismissed when the person charged produces in court a license, license tag, or license stamp, as required, issued to the person and valid at the time of the person's arrest and if the taking was otherwise lawful with respect to season, limit, time, and area.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1479

An act to amend Sections 1197.5, 6309, 6311, and 6312 of, to add Section 98.75 to, and to repeal and add Section 98.7 of, the Labor Code, relating to employment.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 98.7 of the Labor Code is repealed.

SEC. 2. Section 98.7 is added to the Labor Code, to read:

98.7. (a) Any person who believes that he or she has been discharged or otherwise discriminated against in violation of any provision of this code under the jurisdiction of the Labor Commissioner may file a complaint with the division within 30 days after the occurrence of the violation. The 30-day period may be extended for good cause. The complaint shall be investigated by a discrimination complaint investigator in accordance with this section. The Labor Commissioner shall establish procedures for the

investigation of discrimination complaints. A summary of the procedures shall be provided to each complainant and respondent at the time of initial contact. The Labor Commissioner shall inform complainants charging a violation of Section 6310 or 6311, at the time of initial contact, of his or her right to file a separate, concurrent complaint with the United States Department of Labor within 30 days after the occurrence of the violation.

(b) Each complaint of unlawful discharge or discrimination shall be assigned to a discrimination complaint investigator who shall prepare and submit a report to the Labor Commissioner based on an investigation of the complaint. The Labor Commissioner may designate the chief deputy or assistant Labor Commissioner or the chief counsel to receive and review the reports. The investigation shall include, where appropriate, interviews with the complainant, respondent, and any witnesses who may have information concerning the alleged violation, and a review of any documents which may be relevant to the disposition of the complaint. The identity of witnesses shall remain confidential unless the identification of the witness becomes necessary to proceed with the investigation or to prosecute an action to enforce a determination. The investigation report submitted to the Labor Commissioner or designee shall include the statements and documents obtained in the investigation, and the findings of the investigator concerning whether a violation occurred. The Labor Commissioner may hold an investigative hearing whenever the Labor Commissioner determines, after review of the investigation report, that a hearing is necessary to fully establish the facts. In the hearing the investigation report shall be made a part of the record and the complainant and respondent shall have the opportunity to present further evidence. The Labor Commissioner shall issue, serve, and enforce any necessary subpoenas.

(c) If the Labor Commissioner determines a violation has occurred, he or she shall notify the complainant and respondent and direct the respondent to cease and desist from the violation and take such action as is deemed necessary to remedy the violation, including, where appropriate, rehiring or reinstatement, reimbursement of lost wages and interest thereon, payment of reasonable attorney's fees associated with any hearing held by the Labor Commissioner in investigating the complaint, and the posting of notices to employees. If the respondent does not comply with the order within 10 working days following notification of the Labor Commissioner's determination, the Labor Commissioner shall bring an action promptly in an appropriate court against the respondent. If the Labor Commissioner fails to bring an action in court promptly, the complainant may bring an action against the Labor Commissioner in any appropriate court for a writ of mandate to compel the Labor Commissioner to bring an action in court against the respondent. If the complainant prevails in his or her action for a writ, the court shall award the complainant court costs and

reasonable attorney's fees, notwithstanding any other provision of law. Regardless of any delay in bringing an action in court, the Labor Commissioner shall not be divested of jurisdiction. In any such action, the court may permit the claimant to intervene as a party plaintiff to the action and shall have jurisdiction, for cause shown, to restrain the violation and to order all appropriate relief. Appropriate relief includes, but is not limited to, rehiring or reinstatement of the complainant, reimbursement of lost wages and interest thereon, and such other compensation or equitable relief as is appropriate under the circumstances of the case. The Labor Commissioner shall petition the court for appropriate temporary relief or restraining order unless he or she determines good cause exists for not doing so.

(d) If the Labor Commissioner determines no violation has occurred, he or she shall notify the complainant and respondent and shall dismiss the complaint. The Labor Commissioner may direct the complainant to pay reasonable attorney's fees associated with any hearing held by the Labor Commissioner if the Labor Commissioner finds the complaint was frivolous, unreasonable, groundless, and was brought in bad faith. The complainant may, after notification of the Labor Commissioner's determination to dismiss a complaint, bring an action in an appropriate court, which shall have jurisdiction to determine whether a violation occurred, and if so, to restrain the violation and order all appropriate relief to remedy the violation. Appropriate relief includes, but is not limited to, rehiring or reinstatement of the complainant, reimbursement of lost wages and interest thereon, and such other compensation or equitable relief as is appropriate under the circumstances of the case. When dismissing a complaint, the Labor Commissioner shall advise the complainant of his or her right to bring an action in an appropriate court if he or she disagrees with the determination of the Labor Commissioner, and in the case of an alleged violation of Section 6310 or 6311, to file a complaint against the state program with the United States Department of Labor.

(e) The Labor Commissioner shall notify the complainant and respondent of his or her determination under subdivision (c) or (d), not later than 60 days after the filing of the complaint. Determinations by the Labor Commissioner under subdivision (c) or (d) may be appealed by the complainant or respondent to the Director of Industrial Relations within 10 days following notification of the determination. The appeal shall set forth specifically and in full detail the grounds upon which the appealing party considers the Labor Commissioner's determination to be unjust or unlawful, and every issue to be considered by the director. The director may consider any issue relating to the initial determination and may modify, affirm, or reverse the Labor Commissioner's determination. The director's determination shall be the determination of the Labor Commissioner. The director shall notify the complainant and respondent of his or her determination within 10 days of receipt of the appeal.

(f) The rights and remedies provided by this section do not preclude an employee from pursuing any other rights and remedies under any other provisions of law.

SEC. 3. Section 98.75 is added to the Labor Code, to follow Section 98.7, to read:

98.75. The Labor Commissioner shall submit a report to the Legislature by February 15, 1987, and annually thereafter by February 15, providing the following information with respect to discrimination complaints for the previous calendar year:

(a) The number of complaints filed pursuant to Section 98.7 or 1197.5, grouped according to the section of the Labor Code allegedly violated.

(b) The number of determinations issued, the number of investigative hearings held, the number of complaints dismissed, and the number of complaints found to be valid, grouped by the year in which the complaints were filed.

(c) The number of cases in which the respondent complied with the Labor Commissioner's order to remedy unlawful discrimination, the number of these orders with which respondents failed to comply, the number of court actions brought by the Labor Commissioner to remedy unlawful discrimination, and the results of those court actions. If the Labor Commissioner did not bring an action in court within 10 days against a respondent who failed to comply with his or her order, the report shall specify the reasons for not bringing action in court.

SEC. 4. Section 1197.5 of the Labor Code is amended to read:

1197.5. (a) No employer shall pay any individual in the employer's employ at wage rates less than the rates paid to employees of the opposite sex in the same establishment for equal work on jobs the performance of which requires equal skill, effort, and responsibility, and which are performed under similar working conditions, except where the payment is made pursuant to a seniority system, a merit system, a system which measures earnings by quantity or quality of production, or a differential based on any bona fide factor other than sex.

(b) Any employer who violates subdivision (a) is liable to the employee affected in the amount of the wages, and interest thereon, of which the employee is deprived by reason of the violation, and in an additional equal amount as liquidated damages.

(c) The provisions of this section shall be administered and enforced by the Division of Labor Standards Enforcement. If the division finds that an employer has violated this section, it may supervise the payment of wages and interest found to be due and unpaid to employees under subdivision (a). Acceptance of payment in full made by an employer and approved by the division shall constitute a waiver on the part of the employee of the employee's cause of action under subdivision (g).

(d) Every employer shall maintain records of the wages and wage rates, job classifications, and other terms and conditions of

employment of the persons employed by the employer. All of the records shall be kept on file for a period of two years.

(e) Any employee may file a complaint with the division that the wages paid are less than the wages to which the employee is entitled under subdivision (a). These complaints shall be investigated as provided in subdivision (b) of Section 98.7. The name of any employee who submits to the division a complaint regarding an alleged violation of subdivision (a) shall be kept confidential by the division until validity of the complaint is established by the division, or unless the confidentiality must be abridged by the division in order to investigate the complaint. The name of the complaining employee shall remain confidential if the complaint is withdrawn before the confidentiality is abridged by the division. The division shall take all proceedings necessary to enforce the payment of any sums found to be due and unpaid to these employees.

(f) The department or division may commence and prosecute, unless otherwise requested by the employee or affected group of employees, a civil action on behalf of the employee and on behalf of a similarly affected group of employees to recover unpaid wages and liquidated damages under subdivision (a), and in addition shall be entitled to recover costs of suit. The consent of any employee to the bringing of any action shall constitute a waiver on the part of the employee of the employee's cause of action under subdivision (g) unless the action is dismissed without prejudice by the department or the division, except that the employee may intervene in the suit or may initiate independent action if the suit has not been determined within 180 days from the date of the filing of the complaint.

(g) Any employee receiving less than the wage to which the employee is entitled under this section may recover in a civil action the balance of the wages, including interest thereon, and an equal amount as liquidated damages, together with the costs of the suit and reasonable attorney's fees, notwithstanding any agreement to work for a lesser wage.

(h) A civil action to recover wages under subdivision (a) may be commenced no later than two years after the cause of action occurs, except that a cause of action arising out of a willful violation may be commenced no later than three years after the cause of action occurs.

(i) If an employee recovers amounts due the employee under subdivision (b), and also files a complaint or brings an action under subdivision (d) of Section 206 of Title 29 of the United States Code which results in an additional recovery under federal law for the same violation, the employee shall return to the employer the amounts recovered under subdivision (b), or the amounts recovered under federal law, whichever is less.

SEC. 5. Section 6309 of the Labor Code is amended to read:

6309. Whenever the division learns or has reason to believe that any employment or place of employment is not safe or is injurious to the welfare of any employee, it may, of its own motion, or upon

complaint, summarily investigate the same, with or without notice or hearings. However, when the division secures a complaint from an employee, the employee's representative, or an employer of an employee directly involved in an unsafe place of employment, that his or her employment or place of employment is not safe, it shall, with or without notice or hearing, summarily investigate the same as soon as possible, but not later than three working days after receipt of a complaint charging a serious violation, and not later than 14 calendar days after receipt of a complaint charging a nonserious violation. For purposes of this section, a complaint shall be deemed to allege a serious violation if the division determines that the complaint charges that there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations, or processes which have been adopted or are in use in a place of employment. All other complaints shall be deemed to allege nonserious violations. The division may enter and serve any necessary order relative thereto. The division is not required to respond to any complaint within this period where, from the facts stated in the complaint, it determines that the complaint is intended to willfully harass an employer or is without any reasonable basis.

The division shall keep complete and accurate records of any complaints, whether verbal or written, and shall inform the complainant, whenever his or her identity is known, of any action taken by the division in regard to the subject matter of the complaint, and the reasons for the action. The records of the division shall include the dates on which any action was taken on the complaint, or the reasons for not taking any action on the complaint. The division shall, pursuant to authorized regulations, conduct an informal review of any refusal by a representative of the division to issue a citation with respect to any alleged violation. The division shall furnish the employee or the representative of employees requesting the review a written statement of the reasons for the division's final disposition of the case.

The name of any person who submits to the division a complaint regarding the unsafeness of an employment or place of employment shall be kept confidential by the division unless that person requests otherwise.

The requirements of this section shall not relieve the division of its requirement to inspect and assure that all places of employment are safe and healthful for employees. The division shall maintain the capability to receive and act upon complaints at all times.

SEC. 6. Section 6311 of the Labor Code is amended to read:

6311. No employee shall be laid off or discharged for refusing to perform work in the performance of which this code, including Section 6400, any occupational safety or health standard or any safety order of the division or standards board will be violated, where the violation would create a real and apparent hazard to the employee or his or her fellow employees. Any employee who is laid off or

discharged in violation of this section or is otherwise not paid because he or she refused to perform work in the performance of which this code, any occupational safety or health standard or any safety order of the division or standards board will be violated and where the violation would create a real and apparent hazard to the employee or his or her fellow employees shall have a right of action for wages for the time the employee is without work as a result of the layoff or discharge.

SEC. 7. Section 6312 of the Labor Code is amended to read:

6312. Any employee who believes that he or she has been discharged or otherwise discriminated against by any person in violation of Section 6310 or 6311 may file a complaint with the Labor Commissioner pursuant to Section 98.7.

SEC. 8. The discrimination complaint investigator shall be designated or appointed no later than 60 days after the effective date of this act. Personnel assigned to the investigation of discrimination complaints shall receive all necessary and appropriate training in the investigation of discrimination complaints upon designation or appointment as discrimination complaint investigators. Discrimination complaints assigned for investigation shall have a higher priority than any other work assigned to these investigators.

(c) "Federal system" means the Old Age and Survivors Insurance provisions of the Social Security Act.

(d) "Member" or "general member" means an employee hired on a permanent basis, as defined by the employer, except an employee eligible for safety membership.

(e) "Primary insurance amount" means the monthly retirement benefit payable under the federal system at the normal retirement age.

Unless otherwise provided, service shall not include military service or public service other than service with the employer.

(g) "Final compensation" means the average annual compensation earnable by a member during any three years elected by a member at or before the time he or she files an application for retirement, or, if he or she fails to elect, during the three years immediately preceding his or her retirement. If a member has less than three years of service, his or her final compensation shall be determined by dividing his or her total compensation by the number of months of service credited to him or her and multiplying by 12.

The board of supervisors of any county subject to this article shall establish a defined contribution retirement plan authorized by Section 401 of the United States Code or a similar plan authorized by the United States Code.

31511.3. (a) Absence from work or termination of employment while an eligible employee or disability beneficiary, as defined by the long-term disability plan provided by the employer, shall not be considered as breaking the continuity of service.

(b) For the purposes of subdivision (b) of Section 31511.4, an unpaid leave of absence which has been approved by the employer, shall not be considered an interruption of service. However, the period of time of unpaid leave shall not be considered as service in calculating the retirement benefits otherwise provided under this article.

31511.4. (a) Retirement of a member who has met the requirements for age and service shall be made by the board, at which time the member becomes a retired member.

(b) Any member who has completed 10 years of service shall be vested under the retirement plan created by this article.

(c) Any vested member who has attained normal retirement age may be retired upon filing with the board a written application on a form provided by the board for normal retirement setting forth the desired effective retirement date. For purposes of this article,

normal retirement date means the first day of the month coincident with or next following the member's normal retirement age. For purposes of this article, normal retirement age means:

1959	66 and 10 months
1960 and later	67.

(d) Any vested member who has attained the age of 55 years may be retired upon filing with the board a written application on a form provided by the board for early retirement setting forth the desired effective retirement date.

(e) The normal retirement pension for a member who has attained normal retirement age shall consist of an annual allowance payable in monthly installments for the life of the retired member equal to: 2.333 percent of his or her final compensation multiplied by the number of years of service to the preceding completed month to which the member is entitled to be credited at retirement, but not to exceed 30 years; reduced by 2.166 percent of the estimated primary insurance amount, if any, multiplied by the number of years of service to the preceding completed month to which the member is entitled to be credited at retirement, but not to exceed 30 years, multiplied by a fraction, the numerator of which is the number of years of service with the employer subject to coverage under the federal system, but not to exceed 30 years, and the denominator of which is 30.

(f) The early retirement pension shall consist of an annual allowance payable in monthly installments for the life of the retired member in an amount which is the actuarial equivalent of the normal retirement pension to which the retired member would be entitled if otherwise eligible for normal retirement, which shall be computed by multiplying the normal retirement pension by the early retirement adjustment factor set forth, based on the number of years and months by which the member's early retirement date precedes the member's normal retirement date, in the following tables:

(g) The board, upon the advice of the actuary, shall establish and adjust, as required, the table of estimated primary insurance amounts, which shall be utilized in computing the retirement benefit. For purposes of this article, the primary insurance amount shall

be estimated based on the employee's age as of the date of retirement or the date of termination of a vested member, whichever is applicable, and the employee's earnings, provided that:

(1) An employee's earnings prior to the first day of service with the employer shall be assumed to have been zero, and

(2) An employee's earnings during the period of service shall include only those earnings paid by the employer, and

(3) For those members who have not attained the normal retirement age under the federal system as of the date of retirement (i) future earnings in employment covered by the federal system shall be assumed to continue at the rate of pay received by the employee from the employer as of the date of retirement or the date of termination of a vested member, whichever is applicable, and (ii) future wage bases, as defined by the federal system, shall be assumed to continue at the wage base in effect in the year of retirement or the year of termination of a vested member, whichever is applicable, and (iii) cost-of-living increases in the year of retirement and delayed retirement credit provided under the federal system shall not be included in the calculation of the estimated primary insurance amount.

(h) The employer shall certify the years of service to be credited at retirement and the final compensation to be utilized in computing the normal and early retirement pension.

(i) Notwithstanding subdivision (e), any retired member receiving a normal retirement pension may present evidence required by the board of the retired member's actual primary insurance amount. For purposes of this subdivision, the actual primary insurance amount shall be the amount payable under the federal system on the retired member's date of retirement without regard to delayed retirement credit or any deductions on account of work or any reductions on account of early retirement. Following receipt of that evidence, the board shall adjust the retired member's pension from the date of retirement to equal the amount of the pension to which he or she would have been entitled on that date had the estimated primary insurance amount equaled the actual primary insurance amount.

(j) All part-time and intermittent employees of a county which elects to be subject to this article shall not be eligible to participate in the retirement plans provided by this article.

31511.5. Notwithstanding any other provision of this chapter to the contrary, no surviving spouse benefit shall be paid to a surviving spouse of a member who at the time of death had not met the minimum age and service credit requirements for service retirement.

31511.6. General members may, within 180 days of the operative date of this article, elect to transfer to the retirement plan created by this article upon proper application executed by the member and filed with the board. Furthermore, any general member who does not elect to transfer during this 180-day period, may elect to transfer

within the 30 days prior to any annual anniversary of the operative date of this article. Such a transfer is voluntary and shall be irrevocable.

31511.7. Until the completion of the next regularly scheduled actuarial survey of the retirement system, the employer contribution rate required to finance the plan created by this article shall be established by the board, upon the recommendation of the actuary.

31511.8. The board shall before April 1 of each year determine whether there has been an increase or decrease in the cost of living as provided in this section. Notwithstanding Section 31481 or any other provision of this chapter (commencing with Section 31450), every retirement allowance, optional death allowance, or annual death allowance payable to or on account of any member of the plan created by this article who retires at or beyond normal retirement age or dies shall, as of April 1st of each year, be increased or decreased by a percentage of the total allowance then being received found by the board to approximate to the nearest one-half of 1 percent the percentage of annual increase or decrease in the cost of living as of January 1st of each year as shown by the then current Bureau of Labor Statistics Consumer Price Index for All Urban Consumers for the Los Angeles-Anaheim-Long Beach area, but such change shall not exceed 5 percent per year; however, the amount of any cost-of-living increase or decrease in any year which is not met by the maximum annual change of 5 percent in allowances shall be accumulated to be met by increases or decreases in allowances in future years; except that no decrease shall reduce the allowance below the amount being received by the member or his or her beneficiary on the effective date of the allowance. No adjustment shall be made in the retirement allowance of a member who retires prior to attaining normal retirement age until the member attains normal retirement age.

31511.9. (a) An employer which is subject to this article shall provide disability benefits for its employees through a long-term disability plan which shall be separate from and administered separately from the retirement plans authorized by this article and all other retirement plans.

(b) The long-term disability plan shall consist of a separate trust which shall be funded utilizing a level cost method and employer contributions. No employee shall be required to make any employee contribution to the long-term disability plan.

(c) The board of supervisors shall contract for the resolution of the issue of disability. The board of supervisors shall establish an appeals board to which a member who is aggrieved by a decision of the administrator may appeal.

(d) Any member permanently incapacitated for the performance of duty, regardless of age or years of service, shall receive disability benefits as follows: (1) for not to exceed two years; (2) for any time after the expiration of the two-year period specified in subdivision (a) if, and only if the member is unable to perform the duties of any

occupation for which the member is qualified by reason of training or experience.

(e) The disability benefit shall be 50 percent of the final compensation of the member reduced by any Social Security benefits, workers' compensation benefits, and earnings from any employment other than employment which is part of a rehabilitation program.

31511.10. (a) The board of retirement shall establish a position whose qualifications shall include experience in administration and communication of defined benefit plans and defined contribution plans and whose duties shall include management of the plan or plans adopted pursuant to this article and reporting to the county treasurer and the director of personnel.

(b) The board of retirement shall establish and implement a comprehensive communication program to educate employees regarding the benefits available under this article and Social Security.

31511.11. (a) The board of supervisors of any county subject to this article shall establish a defined contribution retirement plan authorized by Section 401 of the Internal Revenue Code of 1954 or a similar plan authorized by the Internal Revenue Code of 1954.

(b) Any full-time employee of the county who is hired by the county on or after the operative date of this article in that county and has completed 6 months of credited full-time service with the county or any member who elects to transfer to the retirement plan created by this article shall participate in the plan.

(c) The county shall partially or fully match the contributions of the employee on the basis mutually agreed to by the board of supervisors and the employee representatives.

(d) The right of the employee to benefits derived from employee contributions vests upon the commencement of the participation by the employee in the plan.

(e) The right of the employee to benefits derived from matching employer contributions vests 100 percent after five years of full-time service with the county.

(f) Upon termination of the employment of an employee whose benefits derived from employer contributions are not vested, benefits derived from the contributions of the employee shall be refunded to the employee and the matching contributions of the employer shall be credited to reduce future employer contributions or to pay expenses of the plan.

(g) The defined contribution plan shall accept rollover contributions from other plans to the extent authorized by federal law.

(h) The plan shall be administered in accordance with subdivision (k) of Section 401 of the United States Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 1481

An act to amend Section 10232 of the Business and Professions Code, relating to property.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 10232 of the Business and Professions Code is amended to read:

10232. (a) Except as otherwise expressly provided, the provisions of Sections 10232.1, 10232.2, 10232.25, 10232.4, and 10232.5 are applicable to every real estate broker who intends or reasonably expects in any successive 12 months to do either of the following:

(1) Negotiate any combination of 20 or more of the following transactions pursuant to subdivision (d) or (e) of Section 10131 or Section 10131.1 in an aggregate amount of more than two million dollars ($2,000,000):

(A) Loans secured directly or collaterally by liens on real property or on business opportunities as agent for another or others.

(B) Sales or exchanges of real property sales contracts or promissory notes secured directly or collaterally by liens on real property or on business opportunities as agent for another or others.

(C) Sales or exchanges of real property sales contracts or promissory notes secured directly or collaterally by liens on real property as the owner of such notes or contracts.

(2) Make collections of payments in an aggregate amount of five hundred thousand dollars ($500,000) or more on behalf of owners of promissory notes secured directly or collaterally by liens on real property, owners of real property sales contracts, or both.

Persons under common management, direction or control in conducting the activities enumerated above shall be considered as one person for the purpose of applying the above criteria.

(b) The negotiation of any combination of five or more new loans and sales or exchanges of existing promissory notes and real property sales contracts of an aggregate amount of more than five hundred thousand dollars ($500,000) in any three successive months or any combination of 10 or more new loans and sales or exchanges of existing promissory notes and real property sales contracts of an aggregate amount of more than one million dollars ($1,000,000) in any successive six months shall create a rebuttable presumption that the broker intends to negotiate new loans and sales and exchanges of an aggregate amount that will meet the criteria of subdivision (a).

(c) Loans or sales negotiated by a broker, or for which a broker collects payments or provides other servicing for the owner of the note or contract, shall not be counted in determining whether the broker meets the criteria of subdivisions (a) and (b) if any of the

following apply:

(1) The lender or purchaser is the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation, the Government National Mortgage Association, a bank, a bank holding company, a wholly-owned subsidiary of a bank holding company, a savings and loan association, a savings and loan association holding company, an industrial loan company, a credit union, an insurance company, or a pension trust.

(2) The loan or sale is negotiated, or the loan or contract is being serviced for the owner, under authority of a permit issued pursuant to the provisions of Article 6 (commencing with Section 10237) or applicable provisions of the Corporate Securities Law of 1968 (Section 25000 and following of the Corporations Code).

(d) If two or more real estate brokers who are not under common management, direction, or control, cooperate in the negotiation of a loan or the sale or exchange of a promissory note or real property sales contract and share in the compensation for their services, the dollar amount of the transaction shall be allocated according to the ratio that the compensation received by each broker bears to the total compensation received by all brokers for their services in negotiating the loan or sale or exchange.

(e) A real estate broker who on the effective date of this section satisfies the criteria of subdivision (a) or (b) shall, within 30 days thereafter, notify the Department of Real Estate in writing of that fact. A broker who first meets any of the criteria of subdivision (a) or (b) after January 1, 1982, shall notify the department in writing within 30 days after such a determination is made.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1482

An act to amend Section 49553 of, and to add Sections 49559 and 49560 to, the Education Code, relating to schools, and making an appropriation therefor.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that adolescent pregnancies often result in premature births, higher rates of infant deaths, school dropout rates, high medical costs, and

long-term poverty and dependency on public assistance programs. The Legislature also finds that federal, state, and local child nutrition programs that play a vital role in the health and education of children fail to adequately provide for the increased nutritional requirements of pregnancy and lactation for adolescents.

It is the intent of the Legislature to increase the meal reimbursement to those schools participating in the special school nutrition supplement program, and thereby to support the health and well-being of the students' newborn children.

It is the further intent of the Legislature that funds provided by this act shall supplement, and not supplant, current expenditures by federal, state, or local agencies for child nutrition programs.

SEC. 2. Section 49553 of the Education Code is amended to read:

49553. (a) For the purposes of this article, a nutritionally adequate lunch is one which meets one-third of the daily allowance established by the National Research Council.

(b) For the purposes of special school nutrition supplements provided to pregnant or lactating students under Section 49559, protein and grain meal components for any given day shall, together, offer a total of five ounces of protein, one ounce of which shall be cheese or eight ounces of milk and three servings from the grain group, preferably whole grains. This may be accomplished by adding one ounce of protein and one serving from the grain group at breakfast or serving these as a snack, and by adding one or two ounces of protein, one ounce of which must be cheese or eight ounces of milk, to lunch, or by offering a morning supplement consisting of two or three ounces of protein, one ounce of which must be cheese, or eight ounces of milk, and one or two servings from the grain group. Meal components where only breakfast is served shall be increased to a total including one ounce of protein and two servings from the grain group, preferably whole grains. Where both breakfast and lunch are provided, they shall, together, provide a total of five ounces of protein foods, one ounce of which shall be cheese, three servings from the grain group, preferably whole grains, one and one-fourth cups from the fruit and vegetable group, and one pint from the milk group.

SEC. 3. Section 49559 is added to the Education Code, to read:

49559. (a) Any school food authority that participates in a federal child nutrition program and is reimbursed pursuant to subdivision (b) of Section 41350 for meals served pursuant to this article may, commencing with the program period of January 1, 1986, to June 30, 1986, be reimbursed at the rate of 20 cents ($0.20) for breakfast or snack and 20 cents ($0.20) for lunch or 40 cents ($0.40) for a morning supplement. If the sum appropriated for purposes of this section is not sufficient to make the allowances specified by this section, the allowances shall be reduced proportionately. This rate shall be in addition to the reimbursement currently provided under Section 49536. The additional funds shall be used exclusively to supplement the meals served pursuant to Section 49550.

(b) Pregnant or lactating students shall qualify for nutrition program supplements under this section upon the submission of a written statement from their physicians certifying that they are pregnant or lactating. All statements shall be strictly confidential, in accordance with Section 49558.

(c) The State Department of Education shall make allowances to school food authorities from the General Fund on at least a quarterly basis. Program providers shall submit claims to the department within 10 calendar days of the end of each quarter. Within 45 calendar days of submission of a valid claim, the State Department of Education shall tender reimbursement.

(d) The State Department of Education shall, prior to July 1 of each year, prescribe an adjustment in the state meal contribution rates for the next fiscal year. The adjustments shall reflect the changes in the cost of operating a school breakfast, snack, morning supplement, and lunch program and shall be effective July 1 of each year. The adjustment shall be based on the average of the separate indices of the "Food Away From Home Index" for Los Angeles and San Francisco, as prepared by the United States Bureau of Labor Statistics.

In giving effect to the cost-of-living provisions of this subdivision, the State Department of Education shall prescribe a calendar month for the computation of the percentage change in the cost of living after July 1, 1985. The same month shall be used annually thereafter. The product of any percentage increase or decrease in the average index and the per meal reimbursement disbursement rate shall be adjusted by the amount of any cost-of-living change currently in effect pursuant to this subdivision. For the purposes of this subdivision, state reimbursement shall be made for the breakfast or lunch which qualifies for reimbursement pursuant to the nutritional requirements of Section 49553.

SEC. 4. Section 49560 is added to the Education Code, to read:

49560. The child nutrition programs operated pursuant to Section 49559 shall maintain a data base as specified by the Superintendent of Public Instruction for purposes of program evaluation. From the funds appropriated in Section 4 of this act, an amount not to exceed 5 percent may be used for administrative expenses incurred by the State Department of Education, including administrative costs incurred in the collection of the data.

SEC. 5. The sum of three hundred thousand dollars ($300,000) is hereby appropriated from the General Fund for reimbursement to school districts providing nutrition supplement programs for pregnant or lactating students pursuant to Section 49559 of the Education Code. It is the intent of the Legislature that no more than five hundred thousand dollars ($500,000) shall be appropriated in the future from the General Fund for any one fiscal year for these programs.

CHAPTER 1483

An act to add Article 6.5 (commencing with Section 69612) to Chapter 2 of Part 42 of, and to repeal Article 6 (commencing with Section 69600) of Chapter 2 of Part 42 of, the Education Code, relating to student financial aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 69600) of Chapter 2 of Part 42 of the Education Code is repealed.

SEC. 2. Article 6.5 (commencing with Section 69612) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 6.5. Assumption Program of Loans for Education

69612. (a) The Legislature hereby recognizes that there is a growing shortage of high quality classroom teachers, and that certain populations are particularly underrepresented in the teaching profession. The teacher shortage is currently most serious in the subject areas of mathematics, science, and bilingual education, partly due to the shortage of students in these fields entering the teaching profession. The Legislature also recognizes that many school districts have difficulty recruiting and retaining high quality teachers for schools serving large populations of students from low-income families.

The Legislature finds that the rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important consideration in a student's decision to pursue a postsecondary education. The availability of financial aid and loan repayment assistance are often particularly important considerations for students from underrepresented postsecondary student populations in making their educational decisions.

(b) It is the intent of the Legislature that the Assumption Program of Loans for Education be designed to encourage persons to enter into the teaching profession in designated subject matter shortage areas and in schools serving large populations of students from low-income families. It is further the intent of the Legislature in enacting this article to do all of the following:

(1) Provide outstanding postsecondary students, particularly those from populations underrepresented in the teaching profession, with the assurance of financial assistance to encourage them to complete postsecondary education programs leading to teaching credentials, and to seek employment as teachers.

(2) Provide persons who agree to become teacher trainees or teacher interns in a subject matter shortage area with the assurance of financial assistance to encourage them to complete the additional coursework necessary to obtain a teaching credential.

(3) Identify subject matter areas in which there are shortages of teachers and provide incentives for persons to obtain teaching credentials and seek teaching positions in those areas.

(4) Identify schools serving large populations of students from low-income families and provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools

69612.5. (a) It is the intent of the Legislature that all loan assumptions awarded in the 1984–85 school year pursuant to Article 6 (commencing with Section 69600) be credited pursuant to the terms specified in Section 69607, as that section read in that school year, and paid from funds annually appropriated for that purpose in the Budget Act.

(b) It is the intent of the Legislature that, commencing with the 1985–86 school year, all persons eligible to receive conditional warrants for loan assumptions pursuant to this article shall be persons who need to complete additional training or coursework in order to be fully credentialed to teach in a designated subject matter shortage area, or in schools serving a large population of students from low-income families.

69613. (a) Any person enrolled in an institution of postsecondary education participating in the loan assumption program set forth in this article, or any person who agrees to participate in a teacher trainee or teacher internship program, may be eligible to receive a conditional warrant for loan assumption, to be redeemed pursuant to Section 69613.2 upon becoming employed as a teacher. In order to be eligible to receive a loan assumption warrant, an applicant shall satisfy all of the conditions specified in either subdivision (b) or (c):

SEC. 27. Section 7394.5 is added to the Business and Professions Code, to read:

7394.5. A student who transfers from one course of study to another, or a holder of a special license who enrolls in a general course of study, shall receive credit for total clock hours completed equal to that calculated by a method determined by the rules and regulations of the board, and shall receive credit and a balance for the minimum hours of technical instruction and the minimum practical operations required in each applicable subject equal to that calculated by a method determined by the rules and regulations of the board.

SEC. 28. Section 7396.6 of the Business and Professions Code is amended to read:

7396.6. No applicant shall be granted a license to operate a school of cosmetology or a school of electrology unless he or she submits evidence satisfactory to the board of his or her financial ability to provide the facilities and equipment required by board regulation and to maintain the operation of the proposed school for a period of one year.

SEC. 29. Section 7396.8 of the Business and Professions Code is amended to read:

7396.8. A student who enrolls in a school of cosmetology or electrology shall within seven days after the date of enrollment pay to the board the enrollment fee required by this chapter. Upon receipt of the fee and upon receipt of the enrollment certificate filed

for the student by the school, the board shall issue to the student a registration card for the course in which the student is enrolled and shall at the same time furnish a copy of the card to the school. Except as otherwise provided in this section, the registration card so issued shall entitle the student to complete the course in which the student is enrolled without payment of any further enrollment fee. If the student withdraws from the course for which the fee was paid and later enrolls in the same or a different course, whether in the same or a different school, or if the student transfers from the course for which the fee was paid to a different course, whether in the same or a different school, the student shall pay a new enrollment fee for the course in the same manner as required by this section for the original fee and the board shall issue to the student a registration card for the new course. If within 20 days after a student has enrolled in a particular course the school has not received a copy of a registration card issued to the student for the course in accordance with the provisions of this section, it shall require the student to discontinue training and shall not permit the student to resume training until it has received from the board a copy of a card so issued.

This section shall not apply to a person who is an inmate of a correctional institution while the person is confined therein.

SEC. 30. Section 7401 of the Business and Professions Code is amended to read:

7401. Every person who successfully completes the courses in cosmetology, any of its branches, or electrology given in a school under the Public School System of this state is eligible for registration and license under this chapter the same as if the courses were completed in a licensed private school of cosmetology or electrology approved by the State Board of Cosmetology.

For this purpose, successful completion of courses in cosmetology, any of its branches, or electrology given in public schools of the Public School System equal to and the equivalent of the courses required to be given in licensed private schools of cosmetology and electrology approved by the State Board of Cosmetology shall be deemed to be the fulfillment of the requirements of this chapter in regard to completion of courses in licensed schools of cosmetology or electrology approved by the State Board of Cosmetology.

SEC. 31. Section 7402 of the Business and Professions Code is amended to read:

7402. No school of cosmetology shall enroll any person as a student who is not at least 16 years of age.

SEC. 32. Section 7411 of the Business and Professions Code is amended to read:

7411. Every licensee shall display the license in a conspicuous place in his or her place of business or place of employment.

7425. (a) The board may revoke, suspend, or deny at any time any license required by the provisions of this chapter on any of the

grounds for disciplinary action provided in this article. The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

(b) In any case in which the administrative law judge recommends that the board revoke, suspend, or deny a license, the administrative law judge shall, upon request of the board and upon presentation of suitable proof, order the licensee to pay the board the reasonable costs of the investigation and adjudication of the case. For purposes of this section, "costs" include charges by the board for investigating the case, charges incurred by the Office of the Attorney General for investigating and presenting the case, and charges incurred by the Office of Administrative Hearings for hearing the case and issuing a proposed decision.

(c) The costs to be assessed shall be fixed by the administrative law judge and shall not, in any event, be increased by the board. When the board does not adopt a proposed decision and remands the case to an administrative law judge, the administrative law judge shall not increase the amount of any costs assessed in the proposed decision.

(d) The board may enforce the order for payment in the superior court in the county where the administrative hearing was held. This right of enforcement shall be in addition to any other rights the board may have as to any licensee directed to pay costs.

(e) In any judicial action for the recovery of costs, proof of the board's decision shall be conclusive proof of the validity of the order of payment and the terms for payment.

(f) All costs recovered under this section shall be deposited in the Board of Cosmetology contingent fund as a reimbursement in either the fiscal year in which the costs are actually recovered or the previous fiscal year, as the board may direct.

SEC. 36. Section 5.5 of this bill incorporates amendments to Section 7320 of the Business and Professions Code proposed by both

this bill and SB 180. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, (2) each bill amends Section 7320 of the Business and Professions Code, and (3) this bill is enacted after SB 180, in which case Section 7320 of the Business and Professions Code, as amended by SB 180, shall remain operative only until the operative date of this bill, at which time Section 5.5 of this bill shall become operative, and Section 5 of this bill shall not become operative.

SEC. 37. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 38. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 1485

An act to amend Section 27712 of, and to add Chapter 15 (commencing with Section 27750) to Part 3 of Division 2 of Title 3 of, the Government Code, to amend Sections 1203, 1203.1c, 1203.1d, and 1205 of the Penal Code, and to amend Sections 323, 336, 338, 362, 639, 659, 661, 727, and 903.45 of the Welfare and Institutions Code, relating to counties.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 27712 of the Government Code is amended to read:

27712. (a) In any case in which a party is provided legal assistance, either through the public defender or private counsel appointed by the court, upon conclusion of the proceedings, or upon the withdrawal of the public defender or private counsel, after a hearing on the matter, the court may make a determination of the ability of the party to pay all or a portion of the cost of such legal assistance. Such determination of ability to pay shall only be made after a hearing conducted according to the provisions of Section 987.8 of the Penal Code; except that, in any court where a county financial

evaluation officer is available, the court shall order the party to appear before the county financial evaluation officer, who shall make an inquiry into the party's ability to pay this cost as well as other court-related costs. The party shall have the right to dispute the county finanacial evaluation officer's evaluation, in which case he or she shall be entitled to a hearing pursuant to Section 27752. If the party agrees with the county financial evaluation officer's evaluation, the county financial evaluation officer shall petition the court for an order to that effect. The court may, in its discretion, hold one such additional hearing, or the county financial evaluation officer may hold one such additional evaluation, within six months of the conclusion of the criminal proceedings. If the court determines, or upon petition by the county financial evaluation officer is satisfied, that the party has the ability to pay all or part of the cost, it shall order the party to pay the sum to the county in any installments and manner which it believes reasonable and compatible with the party's ability to pay. Execution may be issued on the order in the same manner as on a judgment in a civil action. The order shall not be enforced by contempt.

The court, or in a county which has a county financial evaluation officer, the board of supervisors, shall adjudge a standard by which to measure the cost of legal assistance provided, which standard shall reflect the actual cost of legal services provided. Appointed counsel shall provide evidence of the services performed pursuant to such standard.

SEC. 2. Chapter 15 (commencing with Section 27750) is added to Part 3 of Division 2 of Title 3 of the Government Code, to read:

CHAPTER 15. COUNTY FINANCIAL EVALUATION OFFICER

27750. The board of supervisors of any county may designate a county officer to make financial evaluations of defendants and other persons liable for reimbursable costs under the law. A county officer so designated shall be known as the county financial evaluation officer, whose duties shall be to determine, according to the standards set by the board of supervisors and at the direction of the court, the financial ability of parties who have incurred, or will incur, attorney's fees or other court-related or court-ordered costs, which costs by law must be waived or the services provided free of charge if the party is indigent.

27751. A county financial evaluation officer is authorized to perform the functions of a probation officer set forth in Sections 275, 276, and 323 of the Welfare and Institutions Code and Sections 1685 to 1687, inclusive, of the Code of Civil Procedure.

27752. A county financial evaluation officer is authorized to make financial evaluations and collect moneys pursuant to Section 4602 of the Civil Code; Sections 987.4, 987.8, 1203, 1203.1, 1203.1b, 1203.1c, 1203.1e, 1205, and 1209 of the Penal Code; and Sections 353, 353.5, 376, 700, 727, 751, 903, 903.1, 903.2, 903.3, and 903.45 of the Welfare and

Institutions Code.

27753. In any court where a financial evaluation officer is available, prior to the furnishing of counsel or legal assistance by the court, the court shall give notice to the defendant that the court, after a hearing pursuant to Section 27755 of the Government Code, shall make a determination of the ability of the defendant to pay all or a portion of the cost of counsel. The court shall give the defendant notice of his or her procedural rights under Section 27755 of the Government Code. The court shall also give notice that, if the court determines that the defendant has the financial ability, the court shall order him or her to pay all or a part of such cost in a manner which the court believes reasonable and compatible with the defendant's financial ability. The notice shall inform the defendant that the order shall have the same force and effect as a judgment in a civil action and shall be subject to enforcement against the property of the defendant in the same manner as any other money judgment. The notice shall also inform the defendant that if he or she is ordered to appear before the county financial evaluation officer and fails to so appear, an order for the full cost of the legal assistance provided shall be entered against him or her. The provisions of this section shall apply to all proceedings, including contempt proceedings, in which the party is represented by a public defender or appointed counsel.

27754. Notwithstanding any provision of the Penal Code to the contrary, in any court where a county financial evaluation officer is available, if there are any costs which a person might have to reimburse the county for under the Penal Code based on his or her financial ability at the conclusion of the proceedings, the court shall order such person to appear before the county financial evaluation officer, who shall make an inquiry into such person's ability to pay these costs, as well as other court-related costs. When the person is so ordered to appear before the county financial evaluation officer, the court shall then determine if there are other costs which he or she might have to pay that depend on his or her financial ability, and if so, shall order that the county financial evaluation officer make an inquiry into the person's ability to pay all or a portion of all such costs. The person shall have the right to dispute the county financial officer's evaluation, in which case he or she shall be entitled to a hearing pursuant to Section 27755 of the Government Code in the court that concluded the proceedings.

If the person, after having been ordered to appear before the county financial evaluation officer, has been given proper notice and fails to appear before the county financial evaluation officer as ordered, the county financial evaluation officer shall recommend to the court that the person be ordered to pay the full amount of such costs. Proper notice to the person shall contain all of the following:

(a) That he or she has a right to a statement of such cost as soon as it is available.

(b) The person's procedural rights under Section 27755 of the

Government Code.

(c) The time limit within which the person's appearance is required.

(d) A warning that if the person fails to appear before the county financial evaluation officer, such officer will recommend that the court order the person to pay such cost in full.

If the county financial evaluation officer determines that the person has the ability to pay all or a portion of these costs, with or without terms, and he or she concurs in this determination and agrees to the terms of payment, the county financial evaluation officer, upon his or her written evaluation and the person's written agreement, shall petition the court for an order requiring the person to pay that sum to the county in a manner which is reasonable and compatible with the person's financial ability. This order need not be obtained in the court which concluded the proceedings, and may be granted without further notice to the person, provided a copy of the order is served on the person by mail.

However, if the county financial evaluation officer cannot reach an agreement with the person with respect to either the person's liability for the costs, the amount of such costs, his or her ability to pay the same, or the terms of payment, the matter shall be deemed in dispute and referred by the county financial evaluation officer back to the court for a hearing pursuant to Section 27755 of the Government Code.

27755. (a) At any hearing required by law to determine a person's ability to pay court-related costs, such person shall have the right to be heard in person and to be represented by counsel, to present witnesses and other evidence, to confront and cross-examine adverse witnesses, to have the evidence against him or her disclosed to him or her, and to have a written statement of the findings of the court. A defendant represented by counsel appointed by the court in the criminal proceedings shall be entitled to such representation at any hearing held pursuant to this section. If the court determines that such person has the ability to pay all or a part of the costs, the court may set the amount to be reimbursed and order him or her to pay that sum to the county in the manner in which the court believes reasonable and compatible with his or her financial ability.

Failure of any such person who is not in custody to appear after proper notice for his or her financial evaluation before a county financial evaluation officer, or for this hearing, is a sufficient basis for an order directing the person to pay the full cost of his or her court-related costs as determined by the court. Proper notice to the person shall contain all of the following:

(1) That he or she has a right to a statement of such cost as soon as it is available.

(2) The person's procedural rights under this section.

(3) The time limit within which the person's appearance is required.

(4) A warning that if the person fails to appear before the county

financial evaluation officer, the county financial evaluation officer will recommend that the court order the person to pay such cost in full.

The order to pay all or a part of such costs may be enforced in the manner provided for enforcement of money judgments generally, including any balance remaining unpaid at the end of the person's probationary period, but may not be enforced by contempt unless otherwise provided for by law.

Any order entered under this subdivision is subject to relief under the provisions of Section 473 of the Code of Civil Procedure.

(b) As used in this section:

(1) "Legal assistance" means legal counsel and supportive services including, but not limited to, medical and psychiatric examinations, investigative services, expert testimony and any other form of services provided to assist the person in the preparation and presentation of the person's case.

(2) "Ability to pay" means the overall capability of the person to reimburse the costs, or a portion of the costs involved and shall include, but not be limited to, all of the following:

(A) The person's present financial position.

(B) The person's reasonably discernible future financial position. In no event shall the court consider a period of more than six months from the date of the hearing or evaluation, whichever is applicable, for purposes of determining the person's reasonably discernible future financial position. Unless the court finds unusual circumstances, a defendant sentenced to state prison shall be determined not to have a reasonably discernible future financial ability to reimburse the costs involved, and need not be referred to the county financial evaluation officer for a financial evaluation.

(C) The likelihood that the person shall be able to obtain employment within a six-month period from the date of the hearing or evaluation, whichever is applicable.

(D) Any other factor or factors which may bear upon the person's financial capability to reimburse the county for the costs involved.

(c) If the court determines that the person has the ability to pay all or a part of the cost, the court shall set the amount to be reimbursed and order the person to pay the sum to the county in a manner in which the court believes reasonable and compatible with the person's financial ability. Failure of a person who is not in custody to appear at the evaluation or the hearing after due notice is sufficient grounds for an order directing the person to pay the amount of such costs as determined by the court. The order to pay all or a part of the costs may be enforced in the manner provided for enforcement of money judgments generally, but may not be enforced by contempt.

An order entered pursuant to this subdivision is subject to relief under Section 473 of the Code of Civil Procedure.

(d) At any time during the pendency of the judgment rendered according to the terms of this section, a person against whom a

judgment has been rendered may petition the rendering court to modify or vacate said judgment on the grounds of a change in circumstances with regard to the person's ability to pay the judgment. The court shall advise the person of this right at the time it renders the judgment.

27556. Notwithstanding Section 903.4 of the Welfare and Institutions Code, in any county where the board of supervisors has designated a county financial evaluation officer, the county financial evaluation officer shall make financial evaluations of parental liability for reimbursements and other court-ordered costs pursuant to Sections 903, 903.1, 903.2, 903.3, and 903.45 of the Welfare and Institutions Code, as directed by the board of supervisors, or as established by order of the juvenile court, and may enforce the court order as any other civil judgment, including any balance remaining unpaid after jurisdiction of the minor has terminated.

27757. (a) Except as otherwise ordered by the juvenile court, a county financial evaluation officer, upon satisfactory proof, may reduce, cancel, or remit the costs and charges listed in Sections 903, 903.1, 903.2, 903.3, and 903.45 of the Welfare and Institutions Code, or established by order of the juvenile court.

(b) The county financial evaluation officer may, following entry of an order by the juvenile court that a minor person be represented by the public defender or private attorney or be placed under the probation supervision of the probation officer or be placed or detained in, or committed to, a county institution or other place, make an investigation to determine the moneys, the property, or interest in property, if any, the minor person has, and whether he or she has a duly appointed and acting guardian to protect his or her property interests. The county financial evaluation officer may also make an investigation to determine whether the minor person has any relative or relatives responsible under the provisions of this chapter, and may ascertain the financial condition of that relative or those relatives to determine whether they are financially able to pay such charges.

(c) In any case where a county has expended money for the support and maintenance of any ward, dependent child or other minor person, or has furnished support and maintenance, and the court has not made an order of reimbursement to the county, in whole or in part, as provided by law, or the court has made and subsequently revoked such an order, if the ward, dependent child or other minor person or parent, guardian, or other person liable for the support of the ward, dependent child or other minor person acquires property, money, or estate subsequent to the date the juvenile court assumed jurisdiction over the ward, dependent child or minor person, or subsequent to the date the order of reimbursement was revoked, the county shall have a claim for said reimbursement against the ward, dependent child or other minor person or parent, guardian or other person responsible for such support and maintenance. Such claim shall be enforced by the county financial

evaluation officer or the district attorney, as the case may be.

27758. Any report of the county financial evaluation officer filed with the court may be inspected or copied only as follows:

(a) By any person, from the date judgment is pronounced or probation granted or, in the case of a report arising out of a previous arrest, from the date the subsequent accusatory pleading is filed, to and including 60 days from the date judgment is pronounced or probation is granted, whichever is earlier.

(b) By any person, at any time, by order of the court, upon filing a petition therefor by such person.

(c) By the general public, if the court upon its own motion orders that a report or reports shall be open or that the contents of the report or reports shall be disclosed.

(d) By any person authorized or required by law to inspect or receive copies of the report.

SEC. 3. Section 1203 of the Penal Code is amended to read:

1203. (a) As used in this code, "probation" shall mean the suspension of the imposition or execution of a sentence and the order of conditional and revocable release in the community under the supervision of the probation officer. As used in this code, "conditional sentence" shall mean the suspension of the imposition or execution of a sentence and the order of revocable release in the community subject to the conditions established by the court without the supervision of the probation officer. It is the intent of the Legislature that both conditional sentence and probation are authorized whenever probation is authorized in any code as a sentencing option for infractions or misdemeanors.

(b) Except as provided in subdivision (j), in every case in which a person is convicted of a felony and is eligible for probation, before judgment is pronounced, the court shall immediately refer the matter to the probation officer to investigate and report to the court, at a specified time, upon the circumstances surrounding the crime and the prior history and record of the person, which may be considered either in aggravation or mitigation of the punishment. The probation officer shall immediately investigate and make a written report to the court of his or her findings and recommendations, including his or her recommendations as to the granting or denying of probation and the conditions of probation, if granted. Pursuant to Section 828 of the Welfare and Institutions Code, the probation officer shall include in his or her report any information gathered by a law enforcement agency relating to the taking of the defendant into custody as a minor, which shall be considered for purposes of determining whether adjudications of commissions of crimes as a juvenile warrant a finding that there are circumstances in aggravation pursuant to Section 1170 or to deny probation. The probation officer shall also include in the report his or her recommendation of the amount the defendant should be required to pay as a restitution fine pursuant to Section 13967 of the Government Code. The probation officer shall also include in his or

her report a recommendation as to whether the court shall require, as a condition of probation, restitution to the victim or to the Restitution Fund. The report shall be made available to the court and the prosecuting and defense attorney at least nine days prior to the time fixed by the court for the hearing and determination of the report, and shall be filed with the clerk of the court as a record in the case at the time of the hearing. The time within which the report shall be made available and filed may be waived by written stipulation of the prosecuting and defense attorneys which is filed with the court or an oral stipulation in open court which is made and entered upon the minutes of the court. At a time fixed by the court, the court shall hear and determine the application, if one has been made, or, in any case, the suitability of probation in the particular case. At the hearing, the court shall consider any report of the probation officer and shall make a statement that it has considered such report which shall be filed with the clerk of the court as a record in the case. If the court determines that there are circumstances in mitigation of the punishment prescribed by law or that the ends of justice would be served by granting probation to the person, it may place the person on probation. If probation is denied, the clerk of the court shall immediately send a copy of the report to the Department of Corrections at the prison or other institution to which the person is delivered.

(c) If a defendant is not represented by an attorney, the court shall order the probation officer who makes the probation report to discuss its contents with the defendant.

(d) In every case in which a person is convicted of a misdemeanor, the court may either refer the matter to the probation officer for an investigation and a report or summarily pronounce a conditional sentence. If such a case is not referred to the probation officer, in sentencing the person, the court may consider any information concerning the person which could have been included in a probation report. The court shall inform the person of the information to be considered and permit him or her to answer or controvert such information. For this purpose, upon the request of the person, the court shall grant a continuance before the judgment is pronounced.

(e) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any of the following persons:

(1) Unless the person had a lawful right to carry a deadly weapon, other than a firearm, at the time of the perpetration of the crime or his or her arrest, any person who has been convicted of arson, robbery, burglary, burglary with explosives, rape with force or violence, murder, assault with intent to commit murder, attempt to commit murder, trainwrecking, kidnapping, escape from the state prison, or a conspiracy to commit one or more of such crimes and was armed with such weapon at either of such times.

(2) Any person who used or attempted to use a deadly weapon

upon a human being in connection with the perpetration of the crime of which he or she has been convicted.

(3) Any person who willfully inflicted great bodily injury or torture in the perpetration of the crime of which he or she has been convicted.

(4) Any person who has been previously convicted twice in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony.

(5) Unless the person has never been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, any person who has been convicted of burglary with explosives, rape with force or violence, murder, attempt to commit murder, assault with intent to commit murder, trainwrecking, extortion, kidnapping, escape from the state prison, a violation of Section 286, 288, or 288a, or a conspiracy to commit one or more of such crimes.

(6) Any person who has been previously convicted once in this state of a felony or in any other place of a public offense which, if committed in this state, would have been punishable as a felony, if he or she committed any of the following acts:

(A) Unless the person had a lawful right to carry a deadly weapon at the time of the perpetration of such previous crime or his or her arrest for such previous crime, he or she was armed with such weapon at either of such times.

(B) The person used or attempted to use a deadly weapon upon a human being in connection with the perpetration of such previous crime.

(C) The person willfully inflicted great bodily injury or torture in the perpetration of such previous crime.

(7) Any public official or peace officer of this state or any city, county, or other political subdivision who, in the discharge of the duties of his or her public office or employment, accepted or gave or offered to accept or give any bribe, embezzled public money, or was guilty of extortion.

(8) Any person who knowingly furnishes or gives away phencyclidine.

(9) Any person who intentionally inflicted great bodily injury in the commission of arson under subdivision (a) of Section 451 or who intentionally set fire to, burned, or caused the burning of, an inhabited structure or inhabited property in violation of subdivision (b) of Section 451.

(f) When probation is granted in a case which comes within the provisions of subdivision (e), the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(g) If a person is not eligible for probation, the judge shall refer the matter to the probation officer for an investigation of the facts relevant to determination of the amount of a restitution fine pursuant to Section 13967 of the Government Code in all cases where

such determination is applicable. The judge, in his or her discretion, may direct the probation officer to investigate all facts relevant to the sentencing of the person. Upon such referral, the probation officer shall immediately investigate the circumstances surrounding the crime and the prior record and history of the person and make a written report to the court of his or her findings. The findings shall include a recommendation of the amount of the restitution fine as provided in Section 13967 of the Government Code.

(h) In any case in which a defendant is convicted of a felony and a probation report is prepared pursuant to subdivision (b) or (g), the probation officer shall obtain and include in such report a statement of the comments of the victim concerning the offense. The court may direct the probation officer not to obtain such a statement in any case where the victim has in fact testified at any of the court proceedings concerning the offense.

(i) No probationer shall be released to enter another state unless his or her case has been referred to the Administrator, Interstate Probation and Parole Compacts, pursuant to the Uniform Act for Out-of-State Probationer or Parolee Supervision (Article 3 (commencing with Section 11175) of Chapter 2 of Title 1 of Part 4).

(j) In any court where a county financial evaluation officer is available, in addition to referring the matter to the probation officer, the court may order the defendant to appear before such county financial evaluation officer for a financial evaluation of the defendant's ability to pay restitution, in which case the county financial evaluation officer shall report his or her findings regarding restitution and other court-related costs to the probation officer on the question of the defendant's ability to pay such costs.

Any order made pursuant to this subdivision may be enforced as a violation of the terms and conditions of probation upon willful failure to pay and at the discretion of the court and as stated in the order, may be enforced in the same manner as a judgment in a civil action, if any balance remains unpaid at the end of the defendant's probationary period.

SEC. 4. Section 1203.1c of the Penal Code is amended to read:

1203.1c. (a) In any case in which a defendant is convicted of an offense and is ordered to serve a period of confinement in a county jail or other local detention facility as a term of probation or a conditional sentence, the court may, after a hearing, make a determination of the ability of the defendant to pay all or a portion of the reasonable costs of such incarceration, including incarceration pending disposition of the case. The reasonable cost of such incarceration shall not exceed the amount determined by the board of supervisors of the county to be the actual average cost thereof on a per-day basis. The court may, in its discretion, hold additional hearings during the probationary period. The court may, in its discretion before such hearing, order the defendant to file a statement setting forth his or her assets, liability and income, under penalty of perjury, and may order the defendant to appear before a

At the hearing, the defendant shall be entitled to have the opportunity to be heard in person or to be represented by counsel, to present witnesses and other evidence, and to confront and cross-examine adverse witnesses. A defendant represented by counsel appointed by the court in the criminal proceedings shall be entitled to such representation at any hearing held pursuant to this section. If the court determines that the defendant has the ability to pay all or a part of the costs, the court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner in which the court believes reasonable and compatible with the defendant's financial ability. Execution may be issued on the order in the same manner as on a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

If practicable, the court shall order payments to be made on a monthly basis and the payments shall be made payable to the county officer designated by the board of supervisors.

A payment schedule for reimbursement of the costs of incarceration pursuant to this section based upon income shall be developed by the county officer designated by the board of supervisors and approved by the presiding judges of the municipal and superior courts.

(b) "Ability to pay" means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of incarceration and includes, but is not limited to, the defendant's:

(1) Present financial obligations, including family support obligations, and fines, penalties and other obligations to the court.

(3) Likelihood that the defendant shall be able to obtain employment within the one-year period from the date of the hearing.

(4) Any other factor or factors which may bear upon the defendant's financial ability to reimburse the county for the costs.

(c) All sums paid by a defendant pursuant to this section shall be deposited in the general fund of the county.

(d) This section shall be operative in a county upon the adoption of an ordinance to that effect by the board of supervisors. Such ordinance shall include a designation of the county officer responsible for collection of moneys ordered pursuant to this section and shall include a determination, to be reviewed annually, of the average per-day costs of incarceration in the county jail or other local detention facility.

At the hearing, the defendant shall be entitled to have the opportunity to be heard in person or to be represented by counsel, to present witnesses and other evidence, and to confront and cross-examine adverse witnesses. A defendant represented by counsel appointed by the court in the criminal proceedings shall be entitled to such representation at any hearing held pursuant to this section. If the court determines that the defendant has the ability to pay all or a part of the costs, the court may set the amount to be reimbursed and order the defendant to pay that sum to the county, or to the city with respect to incarceration in the city jail, in the manner in which the court believes reasonable and compatible with the defendant's financial ability. Execution may be issued on the order in the same manner as on a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

If practicable, the court shall order payments to be made on a monthly basis and the payments shall be made payable to the county officer designated by the board of supervisors, or to a city officer designated by the city council with respect to incarceration in the city jail.

Each of these judgments shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more than one day for each thirty dollars ($30) of the fine, nor exceed in any case the term for which the defendant might be sentenced to

imprisonment for the offense of which he or she has been convicted. If time has been given for payment of a fine or it has been made payable in installments, the court shall, upon any default in payment immediately order the arrest of the defendant and order him or her to show cause why he or she should not be imprisoned until the fine or installment thereof, as the case may be, is satisfied in full. If the fine, or installment, is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full. The provisions of this section shall apply to any violation of any of the codes or statutes of the State of California punishable by a fine or by a fine and imprisonment. Each of these judgments shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more than one day for each thirty dollars ($30) of the fine, nor exceed in any case the term for which the defendant might be sentenced to imprisonment for the offense of which he or she has been convicted. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he or she is so held in custody, at the rate specified in the judgment. When the defendant has been convicted of a misdemeanor, a judgment that the defendant pay a fine may also direct that he or she pay the fine within a limited time or in installments on specified dates and that in default of payment as therein stipulated he or she be imprisoned in the discretion of the court either until the defaulted installment is satisfied or until the fine is satisfied in full; but unless the direction is given in the judgment, the fine shall be payable forthwith.

(b) Except as otherwise provided in case of fines imposed as conditions of probation, the defendant must pay the fine to the clerk of the court, or to the judge thereof if there is no clerk, unless the defendant is taken into custody for nonpayment of the fine, in which event payments made while he or she is in custody shall be made to the officer who holds him or her in custody and all amounts so paid shall be forthwith paid over by the officer to the court which rendered the judgment. If the fine, or installment, is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full. The provisions of this section shall apply to any violation of any of the codes or statutes of the State of California punishable by a fine or by a fine and imprisonment.

SEC. 15.1. Section 903.45 of the Welfare and Institutions Code is amended to read:

903.45. (a) The board of supervisors may designate a county financial evaluation officer pursuant to Section 27750 of the Government Code to make financial evaluations of parental liability for reimbursement pursuant to Sections 903, 903.1, 903.2, 903.3, and other reimbursable costs allowed by law, as set forth in this section.

(b) In any county where a board of supervisors has designated a county financial evaluation officer, the juvenile court shall, at the close of the disposition hearing, order any person liable for the cost of support, pursuant to Section 903, the cost of legal services as provided for in Section 903.1 or probation costs as provided for in Section 903.2, or any other reimbursable costs allowed under this code, to appear before the financial evaluation officer for a financial evaluation of his or her ability to pay those costs; and if the responsible person is not present at the disposition hearing, the court shall cite him or her to appear for such a financial evaluation.

If the county financial evaluation officer determines that a person so responsible has the ability to pay all or part of the costs, the county financial evaluation officer shall petition the court for an order requiring the person to pay that sum to the county. In evaluating a person's ability to pay under this section, the county financial evaluation officer and the court shall take into consideration the family's income, the necessary obligations of the family, and the number of persons dependent upon this income. Any person appearing for a financial evaluation shall have the right to dispute the county financial evaluation officer's determination, in which case he or she shall be entitled to a hearing before the juvenile court. The county financial evaluation officer at the time of the financial evaluation shall advise such a person of his or her right to a hearing and of his or her rights pursuant to subdivision (c).

At the hearing, any person so responsible for costs shall be entitled to have, but shall not be limited to, the opportunity to be heard in person, to present witnesses and other documentary evidence, to confront and cross-examine adverse witnesses, to disclosure of the evidence against him or her, and to receive a written statement of the findings of the court. The person shall have the right to be represented by counsel, and, when the person is unable to afford counsel, the right to appointed counsel. If the court determines that the person has the ability to pay all or part of the costs, including the costs of any counsel appointed to represent the person at the hearing, the court shall set the amount to be reimbursed and order him or her to pay that sum to the county in a manner in which the court believes reasonable and compatible with the person's financial ability.

If such person or persons, after having been ordered to appear before the county financial evaluation officer, have been given proper notice and fail to appear as ordered, the county financial evaluation officer shall recommend to the court that he, she, or they be ordered to pay the full amount of such costs. Proper notice to him, her, or them shall contain all of the following:

(1) That he, she or they have a right to a statement of such costs as soon as it is available.

(2) His, her, or their procedural rights under Section 27755 of the Government Code.

(3) The time limit within which his, her, or their appearance is required.

(4) A warning that if he, she, or they fail to appear before the county financial evaluation officer, such officer will recommend that the court order him, her, or them to pay such costs in full.

If the county financial evaluation officer determines that such person or persons have the ability to pay all or a portion of these costs, with or without terms, and he, she, or they concur in this determination and agree to the terms of payments, the county financial evaluation officer, upon his or her written evaluation and such person's or persons' written agreement, shall petition the court for an order requiring him, her, or them to pay that sum to the

county in a manner which is reasonable and compatible with his, her, or their financial ability. This order may be granted without further notice to such person or persons, provided a copy of the order is served on him, her, or them by mail.

However, if the county financial evaluation officer cannot reach an agreement with such person or persons with respect to either the liability for the costs, the amount of such costs, his, her or their ability to pay the same, or the terms of payment, the matter shall be deemed in dispute and referred by the county financial evaluation officer back to the court for a hearing.

(c) At any time prior to the satisfaction of a judgment entered pursuant to this section, a person against whom the judgment was entered may petition the rendering court to modify or vacate the judgment on the basis of a change in circumstances relating to his or her ability to pay the judgment.

(d) Execution may be issued on the order in the same manner as on a judgment in a civil action, including any balance remaining unpaid at the termination of the court's jurisdiction over the minor.

It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 1203.1c of the Penal Code, and (3) this bill is enacted after AB 1740, in which case Section 4 of this bill shall not become operative.

SEC. 15.6. Section 6.5 of this bill incorporates amendments to Section 1205 of the Penal Code proposed by both this bill and SB 800. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 1205 of the Penal Code, and (3) this bill is enacted after SB 800, in which case Section 6 of this bill shall not become operative.

SEC. 16. Section 14 of this bill incorporates amendments to Section 661 of the Welfare and Institutions Code proposed by both this bill and AB 378. CHAPTER 1486

An act to amend Sections 1305 and 1305.1 of the Penal Code, relating to bail.

[Approved by Governor October 2, 1985. Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code, as amended by Chapter 1114 of the Statutes of 1972, is amended to read:

1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, the court must direct the fact to be entered upon its minutes, and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds one hundred dollars ($100), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of bond, and shall execute a certificate of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant appears, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. The court may order the bail reinstated and the defendant released again on the same bond after notice to the bail, provided that the bail has not surrendered the defendant. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall under terms as may be just direct the forfeiture of the undertaking or the deposit to be set aside and the

bail or the money deposited instead of bail exonerated immediately.

If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without notice by the bail to the district attorney or prosecuting attorney, who may request a hearing within 10 days after receipt of the notice. The court shall then set the date, time, and place of hearing and give notice to the district attorney or prosecuting attorney and to the bail.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his presence in court is lawfully required, or to surrender himself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for his neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

SEC. 3. Section 1305.1 of the Penal Code is amended to read:

1305.1. If an assessment is made a condition of discharging the forfeiture under Section 1305, the clerk of the court shall within 30 days mail notice thereof to the surety or depositor at the address of its principal office and shall execute a certificate of mailing and place it in the court's file in the case. The time limit for payment shall in no event be less than 30 days after the date of mailing of such notice.

If the assessment has not been paid by the date specified, the court shall determine if a certificate of mailing has been executed, and if none has, the court shall cause a notice to be mailed to the surety or depositor, and said surety or depositor shall be allowed an additional 30 days to pay the assessment.

CHAPTER 1487

An act to amend 1042, 46146, 48800, 48802, and 76002 of, and to add Sections 48800.5, 48803, and 76001.5 to, the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1985. Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1042 of the Education Code is amended to read:

1042. County boards of education may:

(a) Adopt rules and regulations governing the administration of the office of the county superintendent of schools.

(b) Review the county superintendent of schools annual itemized estimate of anticipated revenue and expenditures before the annual itemized estimate is filed with the auditor as required by Section 29040 of the Government Code, and make any revisions, reductions, or additions therein it deems advisable and proper. No itemized estimate shall be filed by the county superintendent of schools or be approved by the board of supervisors until it has first been so reviewed and approved by the county board of education.

(c) In the name by which the board of education is designated, acquire, lease, lease-purchase, hold and convey real property for the purpose of housing the offices and the services of the county superintendent of schools, except that this subdivision shall only apply to the county boards of education to which all or a portion of the duties and functions of the county board of supervisors specified in subdivision (b) of Section 1080 have been transferred, with the exception of the recreational duties and recreational functions specified in subdivisions (c) and (e) of Section 1080.

(d) Contract with and employ any persons for the furnishing to the board of special services and advice in financial, economic, accounting, engineering, legal, or administrative matters, if these persons are specially trained and experienced and competent to perform the special services required. The board may pay from any available funds such compensation to these persons as it deems proper for the services rendered.

(e) Notwithstanding Section 25304 of the Government Code, fill by appointment any vacancy that occurs during the term of office of the county superintendent of schools. In any county in which the superintendent is elected, the appointee shall hold office until the office is filled by election at the next gubernatorial election.

The authority described in this subdivision shall be vested in a county board of education only upon its adoption by the board at a public meeting held pursuant to Article 1 (commencing with Section

1000) of Chapter 1 of Part 2.

SEC. 2. Section 46146 of the Education Code is amended to read:

46146. (a) A day of attendance in grades 11 and 12 is 180 minutes of attendance if the pupil is enrolled part-time in classes of the California State University or the University of California for which academic credit will be provided upon satisfactory completion of enrolled courses.

(b) A day of attendance for any pupil who is a special part-time student enrolled in a community college under Article 1 (commencing with Section 48800) of Chapter 5 of Part 27 is 180 minutes of attendance for which academic credit will be provided upon satisfactory completion of enrolled courses.

(c) Notwithstanding any other provisions of law, the 180-minute minimum school day permitted by this section shall, for the purposes of average daily attendance, be computed and reported as attendance for three-quarters of the full 240-minute minimum school day prescribed by Section 46141.

SEC. 2.5. Section 48800 of the Education Code is amended to read:

48800. The governing board of any school district may determine which students would benefit from advanced scholastic or vocational work. The intent of this section is to provide educational enrichment opportunities for a limited number of eligible pupils, rather than to reduce current course requirements of elementary and secondary schools. The governing board may authorize those students, upon recommendation of the principal of the school that the pupil attends, and with parental consent, to attend a community college as special part-time students and to undertake one or more courses of instruction offered at the community college level.

The students shall receive credit for community college courses that they complete, in the same manner as regularly enrolled community college students.

SEC. 3. Section 48800.5 is added to the Education Code, to read:

48800.5. (a) A parent or guardian of any pupil, regardless of the pupil's age or class level, may petition the governing board of the school district in which the pupil is enrolled to authorize the attendance of the pupil at a community college as a special full-time student on the ground that the pupil would benefit from advanced scholastic or vocational work that would thereby be available. If the governing board denies the petition, the pupil's parent or guardian may file an appeal with the county board of education, which shall render a final decision on the petition.

Any pupil who attends a community college as a special full-time student pursuant to this section is exempt from compulsory school attendance under Chapter 2 (commencing with Section 46100) of Part 26.

(b) A parent or guardian of a pupil who is not enrolled in a public school may directly petition the president of any community college to authorize the attendance of the pupil at the community college

as a special full-time student on the ground that the pupil would benefit from advanced scholastic or vocational work that would thereby be available.

(c) Any pupil authorized to attend a community college as a special full-time student shall, nevertheless, be required to undertake courses of instruction of a scope and duration sufficient to satisfy the requirements of law.

(d) For purposes of allowances and apportionments from the State School Fund, a community college shall be credited with additional units of average daily attendance attributable to the attendance of special full-time students at the community college.

SEC. 4. Section 48802 of the Education Code is amended to read:

48802. For purposes of allowances and apportionments from Section B of the State School Fund, a community college shall be credited with additional units of average daily attendance attributable to the attendance of pupils at the community college as special part-time students pursuant to this article.

A school district whose pupils attend a community college as special part-time students pursuant to this article shall, for purposes of allowances and apportionments from Section A of the State School Fund, continue to receive credit for attendance by those pupils computed in the manner prescribed by law, and a pupil's attendance at school for the minimum schoolday shall be deemed a day of attendance for purposes of making the computation.

SEC. 5. Section 48803 is added to the Education Code, to read:

48803. The Superintendent of Public Instruction shall annually report to the Legislature concerning the special part-time and special full-time students described in this article. The report shall include, but need not be limited to, the following information:

(1) The number and grade level of these students attending community colleges.

(2) The courses in which these students are enrolled.

SEC. 6. Section 76001.5 is added to the Education Code, to read:

76001.5. The president of any community college may admit to the community college as a special full-time student any student who is eligible to attend community college pursuant to Section 48800.5, and who, in the opinion of the college president, could benefit from the course or class.

The attendance of a student at a community college as a special part-time student pursuant to this section is authorized attendance, for which the community college shall be credited pursuant to Section 48800.5.

SEC. 7. Section 76002 of the Education Code is amended to read:

76002. (a) The president of any community college may admit to the summer session of the community college as a special student any student, with parental consent:

(1) Whose admission to summer session is recommended by the principal of the school which the student attends.

(2) Who has demonstrated adequate preparation in the discipline

to be studied.

(3) Who has availed himself or herself of all opportunities to enroll in an equivalent course at his or her school of attendance.

(b) A principal may recommend such a student as a special student pursuant to rules and regulations which may be adopted by the governing board of the school district. The principal of a school shall not recommend a number of students who have completed a particular grade in excess of 5 percent of the total number of students in the school who have completed that grade immediately prior to the time of recommendation.

(c) The attendance of a special summer session student at a community college pursuant to this section shall be credited to the district maintaining the community college for the purposes of allowances and apportionments from the State School Fund. The student shall receive credit for community college courses that he or she completes, in the same manner as a regularly enrolled community college student.

(d) Sections 76001, 76001.5, and 48800 to 48802, inclusive, do not apply to the special students authorized to be admitted to a community college summer session pursuant to this section.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that necessary changes in the provisions governing the appointment of county superintendents of schools and the admission of pupils in public schools to the community college system may be implemented prior to the beginning of the 1985–86 academic year, it is necessary that this act take effect immediately.

CHAPTER 1488

An act to amend Sections 1253.3 and 4002 of, to add Chapter 5.5 (commencing with Section 1451) to Part 1 of Division 1 of, and to repeal Sections 978.1, 1253.9, and 1375.2 of, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 978.1 of the Unemployment Insurance Code is repealed.

SEC. 2. Section 1253.3 of the Unemployment Insurance Code is amended to read:

1253.3. (a) Notwithstanding any other provision of this division, unemployment compensation benefits, extended duration benefits,

and federal-state extended benefits are payable on the basis of service to which Section 3309(a)(1) of the Internal Revenue Code of 1954 applies, in the same amount, on the same terms, and subject to the same conditions as benefits payable on the basis of other service subject to this division, except as provided by this section.

(b) Benefits specified by subdivision (a) based on service performed in the employ of a nonprofit organization, or of any public entity as defined by Section 605, or of any federally operated school, with respect to service in an instructional, research, or principal administrative capacity for an educational institution are not payable to any individual with respect to any week which begins during the period between two successive academic years or terms or, when an agreement provides instead for a similar period between two regular but not successive terms, during that period, or during a period of paid sabbatical leave provided for in the individual's contract, if the individual performs services in the first of the academic years or terms and if there is a contract or a reasonable assurance that the individual will perform services for any educational institution in the second of the academic years or terms.

(c) Benefits specified by subdivision (a) based on service performed in the employ of a nonprofit organization, or of any public entity as defined by Section 605, or of any federally operated school, with respect to service in any other capacity than specified in subdivision (b) for an educational institution shall not be payable to any individual with respect to any week which commences during a period between two successive academic years or terms if the individual performs the service in the first of the academic years or terms and there is a reasonable assurance that the individual will perform the service in the second of the academic years or terms . However, if the individual was not offered an opportunity to perform the services for an educational institution for the second of the academic years or terms, the individual shall be entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this subdivision. Retroactive benefits shall be claimed in accordance with the department's procedures which shall specify that except where the individual was entitled to benefits based on services performed for other than an educational institution, an individual who has a reasonable assurance of reemployment may satisfy the search for work requirement of subdivision (e) of Section 1253, by registering for work pursuant to subdivision (b) of Section 1253 during the period between the first and second academic terms or years. A claim for retroactive benefits may be made no later than 30 days following the commencement of the second academic year or term.

(d) Benefits specified by subdivision (a) based on service performed in the employ of a nonprofit organization, or of any public entity as defined by Section 605, or of any federally operated school, with respect to services specified by subdivision (b) or (c), are not

payable to any individual with respect to any week which commences during an established and customary vacation period or holiday recess if the individual performs the services in the period immediately before the vacation period or holiday recess, and there is a reasonable assurance that the individual will perform the services in the period immediately following the vacation period or holiday recess.

(e) With respect to any services specified by subdivision (b) or (c), compensation payable on the basis of services in any such capacity may be denied as specified in subdivision (b), (c), or (d) to any individual who performed the services in an educational institution while in the employ of an educational service agency, and for this purpose the term "educational service agency" means a governmental agency or governmental entity which is established and operated exclusively for the purpose of providing the services to one or more educational institutions.

(f) Benefits specified by subdivision (a) based on service performed in the employ of a nonprofit organization, or of any public entity as defined by Section 605, are not payable during the periods of time, and subject to the same conditions, contained in subdivisions (b), (c), (d), and (h), if the services are provided to, or on behalf of, an educational institution.

(g) For purposes of this section, "reasonable assurance" includes, but is not limited to, an offer of employment or assignment made by the educational institution, provided that the offer or assignment is not contingent on enrollment, funding, or program changes. An individual who has been notified that he or she will be replaced and does not have an offer of employment or assignment to perform services for an educational institution is not considered to have reasonable assurance.

(h) For purposes of this section, if the time for service performed during the period of and pursuant to any contract for any academic year or term by an individual for any employing unit as specified in subdivision (b) or (c) constitutes one-half or more of the time in total service performed for the employing unit by the individual during that same period for remuneration, all the services of the individual for the employing unit for that period shall be deemed subject to the benefit payment restriction provisions of this section.

(i) Any public entity as defined by Section 605, with respect to any individual performing a service in any other capacity other than specified in subdivision (b) for an educational institution, shall provide a written statement indicating the following to the individual no later than 30 days before the end of the first of the academic years or terms:

(1) Whether or not there is a reasonable assurance of reemployment.

(2) Whether or not it is stated that the individual has no reasonable assurance of reemployment, that the individual should file a claim for benefits at the close of the academic year or term.

(3) If it is stated that the individual has reasonable assurance of reemployment, the written statement shall also inform the employee that he or she may file a claim for benefits and that the determination for eligibility for benefits is made by the Employment Development Department and not by the employer.

(4) If it is stated that the individual has reasonable assurance of reemployment, that the individual shall be entitled to a retroactive payment of benefits if the individual is not offered an opportunity to perform the services for the educational institution for the second of the academic years or terms, if the individual is otherwise eligible and he or she filed a claim for each week benefits are claimed, and if a claim for retroactive benefits is made no later than 30 days following the commencement of the second academic year or term.

SEC. 2.5. Section 1253.9 of the Unemployment Insurance Code is repealed.

SEC. 3. Section 1375.2 of the Unemployment Insurance Code is repealed.

SEC. 4. Chapter 5.5 (commencing with Section 1451) is added to Part 1 of Division 1 of the Unemployment Insurance Code, to read:

These benefits shall only be paid for weeks of unemployment occurring between school terms and during an established and customary vacation period or holiday recess when other benefits are denied solely by reason of Section 1253.3.

1453. (a) There shall be transferred to the Employment Development Department from funds appropriated for support of the State Department of Education and allocated to the state special

schools, at the times and in the manner provided in subdivision (b), an amount equal to the additional cost to the Employment Development Department for added administrative work arising out of this chapter.

(b) The director shall determine the sums he or she estimates the department will be entitled to receive from the State Department of Education under this section for each fiscal year, reduced or increased by any sum by which he or she finds that his or her estimates for any prior fiscal year were greater or less than the amounts which were actually required. The sum of the amounts transferred or expended pursuant to Section 1452, subdivision (a), and this subdivision in any one fiscal year shall not exceed the amount appropriated in the then current fiscal year to the State Department of Education for the purposes of this chapter.

(c) The director may require from the State Department of Education such employment, wage, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his or her duties under this division, which shall be filed with the director at the time and in the manner prescribed by him or her.

(e) The State Department of Education shall provide each employee subject to this chapter, at the end of each school term, with written information advising the employee of benefit rights pursuant to this chapter.

1454. An individual who receives any unemployment compensation benefits otherwise payable irrespective of this chapter, including retroactive unemployment compensation benefits paid pursuant to subdivision (c) of Section 1253.3, who has received benefits under this chapter for the same period, shall be liable for repayment to the state of the amount of benefits paid under this chapter for that period.

SEC. 5. Section 4002 of the Unemployment Insurance Code is amended to read:

4002. (a) Except as otherwise provided, the provisions and definitions of Part 1 (commencing with Section 100) apply to this part. In case of any conflict between the provisions of Part 1 and the provisions of this part, the provisions of this part shall prevail with respect to federal-state extended benefits.

(b) Except as otherwise provided, subdivision (d) of Section 1253, and Sections 1030, 1032, 1254, 1277, 1281, 1327, 1328, 1329, 1330, and 1331 do not apply to this part.

(c) The provisions of Part 2 (commencing with Section 2601) of, and of Part 3 (commencing with Section 3501) do not apply to this part.

CHAPTER 1489

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1547 of the Penal Code is amended to read:

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1490

An act to amend Section 14671.2 of the Government Code, to amend Sections 50802 and 50805 of the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 14671.2 of the Government Code is amended to read:

14671.2. Notwithstanding Section 14670, the Director of General

Services, with the consent of the state agency concerned and the approval of the governing body of any concerned local agency, may let for any period of time any real property or interest in real property which belongs to the state, when the director deems the letting serves a beneficial public purpose limited to the development of housing, including emergency shelters, or park and recreation facilities. The leases shall be let in accordance with procedures prescribed by the director which facilitate development of housing or park and recreation facilities when such use is compatible with current use and foreseeable future use of the property. All proposed leases shall be reviewed by the State Public Works Board. In all cases, however, at least 25 percent of the housing units developed on state property leased pursuant to this section shall be available for the term of the lease to moderate-income persons as defined by Section 50093 of the Health and Safety Code, 12.5 percent shall be available for the term of the lease to low-income persons as defined by Section 50093 of the Health and Safety Code, and 12.5 percent shall be available for the term of the lease to very low-income persons as defined by Section 50105 of the Health and Safety Code.

In letting leases pursuant to this section, the director shall: (1) give preference to projects which provide for more affordable units than required by the percentages specified in this section; (2) determine that the project is compatible with local planning goals and environmental objectives.

The director may enter into leases pursuant to this section at less than market value, provided that the cost of administering the lease is recovered. The Department of Housing and Community Development shall recommend to the Director of General Services a lease amount which will enable the provision of housing for persons of low and moderate income.

All leases executed pursuant to this section shall contain a recital that the director has found the letting serves the required beneficial public purpose and complies with all provisions of this section, which recital shall be conclusive in favor of lessees from the state and their mortgagees.

SEC. 2. Section 50802 of the Health and Safety Code is amended to read:

50802. (a) The department shall, in ranking and rating applications for grants, give priority to those applications which are the most cost effective, as determined by the department, in expanding and preserving the housing supply. The department shall adopt guidelines to govern the distribution of funds in accordance with the intent and provisions of this chapter.

(b) Those guidelines shall grant priority for the distribution of funds to eligible recipients who meet any of the following criteria:

(1) To eligible recipients who make a commitment to provide matching funds or in-kind contributions.

(2) To eligible recipients who make a commitment to utilize homeless adults to operate and maintain the shelters and who will

assist homeless persons in obtaining permanent shelter, job placement or other alternative sources of support, or both job placement and other alternative sources of support.

(3) To eligible recipients who make a commitment to provide opportunities to homeless adults who have mechanical or construction skills and who are able to assist in the maintenance or rehabilitation of shelters.

(4) To eligible recipients who form emergency resource groups for joint agency management.

(c) Those guidelines shall grant priority for the distribution of grant funds for operating expenses to eligible recipients who provide a job access telephone and a mailing address for homeless adults.

SEC. 2.5. Section 50802 of the Health and Safety Code is amended to read:

50802. (a) The department shall, in ranking and rating applications for grants, give priority to those applications which are the most cost effective, as determined by the department, in expanding and preserving the housing supply. The department shall adopt guidelines to govern the equitable distribution of funds in accordance with the intent and provisions of this chapter. The total amount of funds allocated to eligible recipients within each county shall be based upon a formula which takes into account the relative number of persons in poverty within each county as compared to the state as a whole. To the extent feasible when distributing funds, the department shall also take into account the relative number of homeless within each county as compared to the state as a whole. However, the department may use the distribution formula in effect on the effective date of the amendments to this section at the 1985–86 Regular Session of the Legislature until the necessary information is available on poverty and homelessness in each county.

(b) Those guidelines shall grant priority for the distribution of funds to eligible recipients who meet any of the following criteria:

(1) To eligible recipients who make a commitment to provide matching funds or in-kind contributions.

(2) To eligible recipients who make a commitment to utilize homeless adults to operate and maintain the shelters and who will assist homeless persons in obtaining permanent shelter, job placement or other alternative sources of support, or both job placement and other alternative sources of support.

(3) To eligible recipients who make a commitment to provide opportunities to homeless adults who have mechanical or construction skills and who are able to assist in the maintenance or rehabilitation of shelters.

(4) To eligible recipients who form emergency resource groups for joint agency management.

(c) Those guidelines shall grant priority for the distribution of grant funds for operating expenses to eligible recipients who provide a job access telephone and a mailing address for homeless adults.

SEC. 3. Section 50805 of the Health and Safety Code is amended

to read:

50805. (a) Grants awarded pursuant to this chapter may be used, with the approval of the department, to purchase, lease, renovate, repair, or equip buildings and sites for use as emergency shelters, to operate those emergency shelters, and to administer emergency shelter programs.

(b) Any eligible recipient awarded a grant pursuant to this chapter shall be required to use the grant funds to provide emergency shelter to needy persons, to practice nondiscrimination in the provision of the shelter, to use grant funds to supplement, not supplant, other state and local programs providing social services, health care, and housing assistance, and to meet any other qualifications the department finds necessary to carry out the intent of this chapter.

(c) The department shall ensure all of the following:

(1) That an eligible recipient does not utilize grant funds to cover more than 80 percent of the operating expenses of the recipient.

(2) That not more than 5 percent of a grant awarded to an eligible recipient pursuant to this chapter is expended for administrative expenses.

(3) That not more than 30 percent of the moneys in the Emergency Housing and Assistance Fund are expended during any fiscal year for grants to cover operating expenses.

(d) (1) The department shall establish, by regulation, the types of expenses which are included within the meaning of operating and administrative expenses for purposes of this chapter.

(2) At a minimum, those regulations shall include, but not be limited to, the following types of operating and administrative expenses:

(A) Operating expenses relating to supervising and counseling clients in obtaining permanent shelter, job placement, and other sources of support.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 50802 of the Health and Safety Code proposed by both this bill and AB 1736. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, (2) each bill amends Section 50802 of the Health and Safety Code, and (3) this bill is enacted after AB 1736, in which case Section 50802 of the Health and Safety Code, as amended by AB 1736, shall remain operative only until the operative date of this bill, at which time Section 2.5 of this bill shall become operative, and Section 2 of this bill shall not become operative.

CHAPTER 1491

An act to add Chapter 12 (commencing with Section 8870) to Division 1 of Title 2 of the Government Code, relating to seismic safety, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 8870) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 12. CALIFORNIA EARTHQUAKE HAZARDS REDUCTION ACT

8870. The Legislature finds and declares as follows:

(a) California is situated on the rim of the Circum-Pacific seismic belt and it is inevitable that earthquakes along the state's numerous faults will cause extensive property damage and endanger the lives of people nearby. The risk to life and property is especially significant near the San Andreas fault where rapid growth and population increases have occurred in our largest urban centers over the last several decades. With each passing year, the potential for an earthquake-caused catastrophe increases as California's growth continues and the time lengthens since the last great earthquake.

(b) Earthquakes have caused and can cause in the future enormous loss of life, injury, destruction of property, and economic and social disruption. With respect to future earthquakes, that loss, injury, destruction, and disruption can be reduced substantially by developing and implementing earthquake hazards reduction measures, including, but not limited to, the following:

(1) Improving design and construction methods and practices.

(2) Rehabilitating hazardous buildings.

(3) Coordinating emergency planning for response by the government and private sectors.

(4) Implementing land use and redevelopment planning.

(5) Developing public information and education programs.

(6) Improving emergency response capabilities and emergency management systems.

(7) Developing long-term social and economic recovery strategies.

(8) Upgrading the strong motion instrumentation system.

(9) Improving basic research of physical and social earthquake phenomena.

(c) While the major responsibility for dealing with earthquakes before and after they happen is firmly fixed with local government,

state government also has fundamental responsibilities to take all reasonable measures to reduce the seismic hazards to which the citizens of California are exposed. The state should assume a leadership role by influencing the direction of existing and future national earthquake hazard reduction programs and should serve as a model for local hazard reduction measures.

(d) Earthquake hazard reduction measures often benefit many state programs and bring about improvements in buildings, dams, transportation facilities, communications, fire safety, toxic materials handling, and emergency response preparations.

(e) Over the past 10 years, numerous studies have been completed by the Seismic Safety Commission, the Office of Emergency Services, the California Division of Mines and Geology, the Governor's Earthquake Task Force, the federal government, and private sector organizations recommending improvements in hazard mitigation programs to reduce the earthquake threat in California. Implementing recommendations from these studies will reduce earthquake hazards, improve earthquake disaster response, and guide reconstruction and recovery efforts.

8871. This chapter shall be known and may be cited as the California Earthquake Hazards Reduction Act of 1986.

8872. (a) There is hereby established a coordinated program pursuant to which the state shall implement new and expanded activities to significantly reduce the earthquake threat to its citizens. This program, to be known as the California Earthquake Hazard Reduction Program, shall be prepared and administered by the Seismic Safety Commission pursuant to its existing authority under Section 8897.

(b) The program set forth in subdivision (a) shall specify priorities, funding sources, and amounts, schedules, and other resources needed to significantly reduce earthquake hazards statewide by January 1, 2000. The achievement of this goal shall be undertaken with the following objectives:

(1) Mitigation. The reduction of the earthquake hazard to acceptable levels through significant reduction in the number of hazardous buildings and the expansion of scientific and engineering studies.

(2) Preparedness. The increase in the level of preparedness statewide by appropriate measures to deal with special issues, such as earthquake prediction, hazardous materials, critical facilities, and disaster preparedness plans for all major population centers, and education, training, and public information.

(3) Response. The enhancement of the state's capability to respond to a major earthquake disaster by giving priority to increased coordination and integration of federal, state, and local plans and preparedness activities, improvements in the statewide communication system, creation of a state emergency coordination center or centers, and greater automation of emergency management data.

(4) Recovery. The development of management systems for major earthquake recovery, the enhancement of resources management, and the minimization of high unemployment, multiple business failures, tax base erosion, and associated monetary and financial issues critical to the restoration of California's economy and public services.

(c) The state's existing seismic safety activities are currently administered by over two dozen separate agencies. Responsibility for administering these activities shall remain with these agencies. These existing activities shall continue and shall be incorporated into the coordinated program established under subdivision (a).

(d) The program shall consist of a series of five-year programs and each five-year program shall be revised by the Seismic Safety Commission annually and submitted to the Governor and the Legislature. Each revision shall include a finding on the state's progress toward the goal stated in subdivision (b).

(e) The immediate steps to be undertaken by the commission shall include the performance of existing activities provided in the budget prepared by the Governor for the 1985–86 fiscal year and the Budget Act of 1985 and the preparation of the first five-year program.

(f) The first five-year program document shall be completed by September 1, 1986, and shall include specific measures and funding needed for adequate progress towards the state's earthquake safety goals by January 1, 2000. This program and subsequent programs shall cover a five-year implementation period and shall recommend any necessary statutory changes for program implementation.

8873. (a) The Office of Emergency Services shall establish an interim state operations center in southern California to coordinate response to a major earthquake, the office shall also develop an operational communications plan for the center based upon an inventory of current communications capabilities and an assessment of structural vulnerabilities.

(b) The office shall undertake a design analysis regarding construction of a permanent state operations center in southern California, including an evaluation of telecommunications and information technology systems for emergency management functions.

(c) All appropriations for the purposes of subdivision (a) or (b) shall be reviewed by the Department of Finance prior to obligation of funds.

8874. The commission shall prepare the California Earthquake Hazard Reduction Program, in consultation with the Office of Emergency Services, the Division of Mines and Geology in the Department of Conservation, the Office of the State Architect, the Emergency Medical Services Authority, the University of California and other appropriate institutions of higher learning, the California National Guard, the Department of Finance, other appropriate state and local agencies, the private sector, volunteer groups, and the Legislature.

The commission may hold public hearings or joint hearings with other groups and conduct other activities as necessary for the development of the program.

SEC. 2. The sum of six hundred thousand dollars ($600,000) is hereby appropriated from the General Fund for expenditure as follows:

(a) One hundred fifty thousand dollars ($150,000) to the Seismic Safety Commission to prepare the California Earthquake Hazard Reduction Program.

(b) Three hundred twenty-five thousand dollars ($325,000) to the Office of Emergency Services to carry out subdivision (a) of Section 8873 of the Government Code.

(c) One hundred twenty-five thousand dollars ($125,000) to the Office of Emergency Services to carry out subdivision (b) of Section 8873 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reduce threats to the safety of life and property in California, critical improvements and capabilities found necessary in recent earthquake hazard reports and studies to ensure the economic, social, and environmental well-being of the citizens of this state must be implemented at the earliest possible time. In order that the long-term improvement program contemplated by this act to implement this goal can be commenced immediately, it is necessary that this act go into immediate effect.

CHAPTER 1492

An act to add Section 917.15 to the Code of Civil Procedure, relating to hazardous substances.

[Approved by Governor October 2, 1985. Filed with Secretary of State October 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 917.15 is added to the Code of Civil Procedure, to read:

917.15. The perfecting of an appeal shall not stay enforcement of the judgment or order in the trial court if the judgment or order appealed from, or the administrative order which is the subject of the trial court proceeding, was issued pursuant to either of the following:

(a) Subdivision (a) of Section 25358.3 of the Health and Safety Code and ordered a responsible party to take appropriate removal or remedial actions in response to a release or a threatened release of a hazardous substance.

(b) Section 25181 of the Health and Safety Code and ordered the party to comply with Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code or any rule, regulation, permit, covenant, standard, requirement, or order issued, adopted or executed pursuant to that Chapter 6.5.

CHAPTER 1493

An act to amend Section 230.7 of the Civil Code, relating to adoption.

[Approved by Governor October 2, 1985. Filed with Secretary of State October 2, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 230.7 of the Civil Code is amended to read:

230.7. (a) Notwithstanding any other provision of law, the State Department of Social Services and any licensed adoption agency shall release any letters, photographs, or other items of personal property in their possession to any adoptee, birth parent, or adoptive parent, upon written request. The material may be requested by any of the following parties:

(1) The adoptee, provided that he or she has attained the age of 18 years.

(2) The adoptive parent or parents, on behalf of an adoptee under the age of 18 years, as long as instructions to the contrary have not been made by the depositor.

(3) The birth parent or parents.

Notwithstanding any other provision of law, all identifying names and addresses shall be deleted from the letters, photographs, or items of personal property before delivery to the requester.

(b) Any letters, photographs, or other items of personal property deposited on or after January 1, 1985, shall be accompanied by a release form or similar document signed by the person depositing the material, specifying to whom the material may be released. At its discretion, the department or licensed adoption agency shall have the right to refuse for deposit items of personal property that, because of value or bulk, would pose storage problems.

(c) Notwithstanding subdivision (a), only the following photographs deposited before January 1, 1985, shall be released:

(1) Photographs of the adoptee which have been requested by the adoptee.

(2) Photographs which have been deposited by the adoptee, the adoptive parent or parents, or the birth parent or parents, and for which there is a letter or other document on file indicating that person's consent to the release of the photographs.

(d) The department and licensed adoption agencies may charge

a fee to cover the actual costs of any services required by this section in excess of normal postadoptive services provided by the department or agency. The department shall develop a fee schedule that shall be implemented by the department and licensed adoption agencies in assessing charges to the person who deposits the material or the person to whom the material is released. The fee may be waived by the department or licensed adoption agencies in cases in which it is established that a financial hardship exists.

(e) As used in this section, "photograph" means a photograph of the person depositing the photograph or the person making the request for the release.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1494

An act to add Section 12980 to the Insurance Code, and to amend Section 16072 of, and to add Section 16076 to, the Vehicle Code, relating to financial responsibility, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 2, 1985. Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 12980 is added to the Insurance Code, to read:

12980. The Financial Responsibility Penalty Account is hereby created in the General Fund. Moneys in the account shall be expended, upon appropriation therefor, for matters including, but not limited to, automobile insurance and financial responsibility of vehicle owners and operators.

SEC. 2. Section 16072 of the Vehicle Code is amended to read:

16072. (a) The suspension of the driving privilege of a person as provided in Section 16070 shall not be terminated until one year has elapsed from the date of actual commencement of the suspension and until the person files proof of financial responsibility, provided that the suspension shall be reinstated if the person fails to maintain proof of financial responsibility for three years. However, in lieu of suspending a person's driving privilege pursuant to this section, the department may, upon application, restrict the person's driving privilege to necessary travel to and from that person's place of employment and to driving that is required in the person's course of employment, when driving a motor vehicle is necessary in order to

perform the duties of the person's primary employment, if the person files and thereafter maintains proof of financial responsibility pursuant to Section 16021 and pays a penalty fee to the department of two hundred fifty dollars ($250). The restriction shall remain in effect for the period of suspension required by this section. If proof of financial responsibility is established by the filing of evidence that the person procured an automobile or motor vehicle liability policy or bond, and coverage under that policy or bond terminates, the insurer or surety shall inform the department of the date of termination.

(b) The driving privilege shall not be suspended under Section 16070, and, if a suspension has been imposed and is in effect under Section 16070, that suspension shall be terminated, if the driving privilege is suspended under Section 16370 or 16381 as the result of a judgment arising out of the accident for which proof of financial responsibility was required to be established. The department may suspend or reimpose the suspension of the driving privilege of a person under Section 16070 if the suspension under Section 16370 or 16381 is later set aside for a reason other than that the person has satisfied the judgment in full or to the extent provided in Chapter 2 (commencing with Section 16250) and has given proof of ability to respond in damages as provided in Chapter 3 (commencing with Section 16430).

(c) Notwithstanding Chapter 2 (commencing with Section 42200) of Division 18, all revenues derived from the penalty fees provided in subdivision (a) shall be deposited in the Financial Responsibility Penalty Account in the General Fund. The balance in this fund on July 1, 1986, and each successive July 1 thereafter, which is not subject to appropriation as provided in Section 12980 of the Insurance Code, shall revert to the General Fund.

SEC. 3. Section 16076 is added to the Vehicle Code, to read:

16076. The department shall notify every person whose driving privilege is currently suspended on January 1, 1986, or thereafter is suspended, pursuant to Section 16370, of the restricted driving privilege authorized under Section 16072.

This section shall be known and may be cited as the Mello-McAlister Restricted Employment Driving Privilege Act.

SEC. 4. (a) The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the Financial Responsibility Penalty Account in the General Fund to the Department of Insurance for allocation for the following purposes:

(1) An amount not to exceed fifty thousand dollars ($50,000) for expenditure in the 1985–86 fiscal year for investigative services pursuant to complaints by licensees of the Department of Insurance under Senate Bill 10 of the 1985–86 Regular Session of the Legislature.

This paragraph shall become operative only if Senate Bill 10 of the 1985–86 Regular Session is enacted and becomes effective on or before January 1, 1986.

(2) An amount not to exceed fifty thousand dollars ($50,000) to be allocated to the Department of Motor Vehicles for its administrative costs in performing the notification required by Section 16076 of the Vehicle Code, upon certification of those costs by the Director of Motor Vehicles.

(b) Any amount of the appropriation in this section which does not become operative or which has not been encumbered on or before July 1, 1986, shall revert to the Financial Responsibility Penalty Account in the General Fund.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide necessary transportation for persons gainfully employed and encourage drivers to provide financial responsibility at the earliest possible time, it is necessary that this statute take effect immediately.

CHAPTER 1495

An act to amend Sections 20131, 21235, and 21236 of, and to add Section 21237 to, the Government Code, relating to the Public Employees' Retirement System, and making an appropriation therefor.

[Approved by Governor October 2, 1985 Filed with Secretary of State October 2, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 20131 of the Government Code is amended to read:

20131. The board shall credit all contributions of members and retired members in the retirement fund with interest at the current annual interest rate, compounded at each June 30th. The board may set the current annual interest rate at the level which provides for the maintenance of the Investment Dividend Disbursement Account and the Purchasing Power Accounts as specified in Section 21235, 21236, and 21237. For the purposes of this section, the current annual interest rate shall be not less than the current actuarial interest rate. In crediting interest for any fiscal year to contributions of members made during that year, the board may apply one interest rate to the total of such contributions made through the month next preceding the date through which interest is credited, under the assumption that such contributions were made in equal monthly amounts from the July 1st next preceding, to said month, both inclusive.

This section shall become operative on July 1, 1983.

SEC. 2. Section 21235 of the Government Code is amended to read:

21235. (a) The board shall establish an Investment Dividend Disbursement Account in the retirement fund consisting of that amount of the earnings of the retirement fund which remains after the sequential application of Sections 20202.5, 20203, 20131.1, and 20131. The board shall establish in the retirement fund such Purchasing Power Accounts, based on relative purchasing power, as the board deems necessary, which Purchasing Power Accounts shall consist of the amount of earnings of the retirement fund determined pursuant to Section 21237.

This subdivision shall become operative on July 1, 1982, and shall remain operative only until January 1, 1994, when it shall cease to have any force or effect.

(b) The Investment Dividend Disbursement Account may be utilized, as specified in subdivision (e), to increase all monthly allowances paid by the system to an amount equal to a maximum of 75 percent of the purchasing power, as determined by the board, of the initial monthly allowances that were received by every retired person or survivor or beneficiary of a state, school or local member or retired person who was eligible to receive any allowance at the end of each fiscal year. If sufficient funds are not available within a Purchasing Power Account to adjust allowances to a maximum of 75 percent of purchasing power, the board may transfer funds maintained in the Investment Dividend Disbursement Account to the Purchasing Power Account to provide for the increases authorized by this section. If sufficient funds are not available in any particular Purchasing Power Accounts to adjust allowances to a maximum of 75 percent of purchasing power, the board may adjust allowances to eligible recipients by a lesser amount. The board may, for reasons of insufficient funds, determine that no increase under this section shall be made.

(c) The amount specified in subdivision (a) is hereby appropriated from the Investment Dividend Disbursement Account and from such Purchasing Power Account as have been established to the board without regard to fiscal years. Whenever the board determines that there are sufficient funds the board shall apply those funds to the increases authorized by this section.

(d) The board shall inform each recipient of benefits under subdivision (b) that the increases are not cumulative, not part of the base retirement allowance, and may be available for only a limited period of time and that the board may discontinue the increases.

(e) The board, on January 1, 1984, and, upon the commencement of each quarter thereafter, shall pay the benefit provided by this section for the succeeding quarter.

SEC. 3. Section 21236 of the Government Code is amended to read:

21236. (a) The board shall pay, on October 1, 1984, and at the beginning of each succeeding calendar year, from any funds in a

Purchasing Power Account not then needed for the purposes of Section 21235, the amount required for the purposes of this section, which is appropriated to the board without regard to fiscal years, for use for the sole purpose of providing quarterly increases from October 1, 1984, through December 31, 1993, as specified in subdivision (d) in the monthly allowance of every person who was eligible to receive the 10 percent quarterly increase provided by Section 21232 on September 30, 1984.

(b) Whenever the board determines that there are sufficient funds in a Purchasing Power Account, the board shall apply those funds to the increases authorized by this section. If the funds in a Purchasing Power Account are not sufficient to pay the increases prescribed in subdivision (d), the board shall proportionately reduce all payments.

(c) The board shall inform each recipient of benefits under subdivision (a) that the increases are not cumulative and shall not be included in their base allowance and may be available for only a limited time.

(d) The total quarterly increases payable for the period from October 1, 1984, through December 31, 1993, shall be the difference between the July 1, 1984, 10 percent quarterly payment under Section 21232 and the amount payable under Section 21235 at the time a payment under this section would be made. Whenever the amount payable under Section 21235 is equal to or greater than the amount payable under Section 21232 on July 1, 1984, there shall be no amount payable under this section.

(e) This section shall remain operative only until January 1, 1994, when it shall cease to have any force or effect.

SEC. 4. Section 21237 is added to the Government Code, to read:

21237. (a) Notwithstanding any other provision of this part, effective January 1, 1986, the Investment Dividend Disbursement Account shall consist of an amount not to exceed the amount of the funds transferred from the Reserve for Deficiencies to the Investment Dividend Disbursement Account on June 30, 1983, less the amount of investment earnings attributable to member accounts for fiscal year 1982–83, plus future account earnings. The board shall annually credit interest to the account at the same crediting rate used to credit retired member reserves. The board may utilize the earnings on the account attributable to the period from June 30, 1983, through June 30, 1985, to credit contributions of members in the retirement fund. That additional interest crediting shall not exceed one percent of the balances in member accounts. Transfers authorized by the board pursuant to subdivision (b) of Section 21235 shall reduce the maximum allowable account balance by the amount transferred.

(b) All other funds available pursuant to Section 21235 shall be retained in Purchasing Power Accounts. The board shall annually transfer from the Purchasing Power Accounts to the appropriate retired member accounts, as determined by the board, any funds in

excess of the amounts disbursed pursuant to Sections 21235 and 21236 in the two previous fiscal years, as provided in subdivision (c).

(c) The board shall annually determine, pursuant to subdivision (c) of Section 21221, the extent to which the purchasing power of benefits provided by the system have decreased. The board shall annually transfer from the Purchasing Power Accounts, as provided in subdivision (b), any funds in excess of those disbursed pursuant to Sections 21235 and 21236 for the following periods:

(1) If purchasing power has decreased 5 percent or less, for the two previous fiscal years.

(2) If purchasing power has decreased more than 5, but less than 7 percent, for the two and one-half previous fiscal years.

(3) If purchasing power has decreased 7 percent or more, for the previous three fiscal years.

(d) In establishing the initial Purchasing Power Account balances, the board shall include disbursements pursuant to Section 21235 only.

SEC. 5. The Legislature finds and declares that the provisions of this act extend benefits provided under an existing program and, therefore, do not constitute a mandate on local contracting agencies of the Public Employees' Retirement System.

CHAPTER 1496

SEC. 2. Section 437.10 of the Health and Safety Code is amended to read:

437.10. Except as otherwise exempted by any other provision of law, projects requiring a certificate of need issued by the Office of Statewide Health Planning and Development are the following:

(a) Construction of a new health facility, relocation of a health

facility or specialty clinic on a site which is not the same site or adjacent thereto, the increase of bed capacity in an existing health facility, the conversion of an entire existing health facility from one license category to another, or the conversion of a health facility's existing beds from any bed classification set forth in Section 1250.1 to skilled nursing beds, psychiatric beds, or intermediate care beds, and the conversion of skilled nursing beds, psychiatric beds, or intermediate care beds to any other bed classification set forth in Section 1250.1, except for skilled nursing beds or intermediate care beds licensed as of March 1, 1983, as part of a general acute care hospital. The conversion may not exceed during any three-year period 5 percent of the existing beds of the bed classification to which the conversion is made.

A health facility may use beds in one bed classification which, pursuant to the facility's license, have been designated in another bed classification, if all of these bed classification changes do not at any time exceed 5 percent of the total number of the facility's beds as set forth by the facility's license and if use meets the requirements of Chapter 2 (commencing with Section 1250) of Division 2. In addition, a facility may use an additional 5 percent of its beds in this manner if the director finds that seasonal fluctuations justify it.

For purposes of this subdivision, "adjacent," means real property within a 400-yard radius of the site on which a health facility or specialty clinic currently exists.

(b) Establishment of a new specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, a project by a health facility for expanded outpatient surgical capacity, the conversion of an existing primary care clinic to a specialty clinic, or the conversion of an existing specialty clinic to a different category of specialty-clinic licensure. It does not constitute a project and no certificate of need is required for the establishment of a primary care clinic, as defined in subdivision (a) of Section 1204, the conversion of an existing specialty clinic to a primary care clinic, or the conversion of an existing primary care clinic to a different category of primary-care-clinic licensure. Any capital expenditure involved in the establishment of a primary care clinic also does not constitute a project, except as provided in subdivision (d).

(c) The establishment of a new special service delineated in subdivision (a), (b), (c), (e), (f), (g), or (h) of Section 1255, or the establishment by a specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, of a new special service identified by or pursuant to Section 1203.

(d) The initial purchase or lease by a clinic subject to licensure under Chapter 1 (commencing with Section 1200) of Division 2, of diagnostic or therapeutic equipment with a value in excess of one million dollars ($1,000,000) in a single fiscal year, or for which the cumulative cost exceeds this amount in more than one fiscal year. For purposes of this subdivision, the purchase or lease of one or more articles of functionally related diagnostic or therapeutic equipment,

as determined by the office, shall be considered together.

(e) (1) Any project requiring a capital expenditure for a specialty clinic, as defined in paragraphs (1) and (3) of subdivision (b) of Section 1204, or for the services, equipment or modernization of a specialty clinic in excess of one million dollars ($1,000,000) in the current fiscal year or cumulation to an expenditure of one million dollars ($1,000,000) in the same fiscal year or subsequent fiscal years for a single project.

(2) The threshold exemptions from certificate-of-need requirements provided for in this subdivision do not apply to projects for expanded outpatient surgical capacity.

(3) For the purposes of this subdivision, "capital expenditure" means any of the following:

(A) An expenditure, including an expenditure for a construction project undertaken by the specialty clinic as its own contractor, which under generally accepted accounting principles is not properly chargeable as an expense of operation and maintenance and which exceeds one million dollars ($1,000,000). The cost of studies, surveys, legal fees, land, offsite improvements, designs, plans, working drawings, specifications, and other activities essential to the acquisition, improvement, expansion, or replacement of the physical plant and equipment with respect to which the expenditure is made shall be included in determining whether the cost exceeds one million dollars ($1,000,000). Where the estimated cost of a proposed project, including cost escalation factors appropriate to the area in which the project is located, is, within 60 days of the date on which the obligation for the expenditure is incurred, certified by a licensed architect or engineer to be one million dollars ($1,000,000) or less, that expenditure shall be deemed not to exceed one million dollars ($1,000,000) regardless of the actual cost of the project. However, in any case where the actual cost of the project exceeds one million dollars ($1,000,000) the specialty clinic on whose behalf the expenditure is made shall provide written notification of the cost to the office not more than 30 days after the date on which the expenditure is incurred. The notification shall include a copy of the certified estimate.

(B) The acquisition, under lease or comparable arrangement, or through donation, of equipment for a specialty clinic, the expenditure for which would have been considered a capital expenditure if the person had acquired it by purchase. For the purposes of this paragraph, "donation" does not include a bequest.

(C) Any change in a proposed capital expenditure which itself meets the criteria set forth in this subdivision.

(4) "Capital expenditure" includes the total cost of the proposed project as certified by a licensed architect or engineer based on preliminary plans or specifications and concurred in by the state department.

(5) For the purposes of this subdivision, "project" does not include the purchase of real property for future use or the transfer

of ownership, in whole or part, of an existing specialty clinic or the acquisition of all or substantially all of the assets or stock thereof, or the construction, modernization, purchase, lease, or other acquisition of parking lots or parking structures, telephone systems, and nonclinical data-processing systems.

(6) For the purposes of this subdivision, "modernization" means the alteration, expansion, repair, remodeling, replacement, or renovation of existing buildings, including initial equipment thereof, and the replacement of equipment of existing buildings.

(f) Except as provided in subdivision (g), only those projects where 25 percent or less of the patients are covered by prepaid health care.

(g) Projects otherwise subject to review under subdivision (a) which are for the addition of new licensed skilled nursing beds by construction or conversion, regardless of the percentage of patients served who are covered by prepaid health care.

(h) (1) Except as provided in paragraph (2), the office shall annually adjust the dollar thresholds set forth in subdivisions (d) and (e) to reflect changes in the cost of living, as determined by the Department of Finance, using 1981 as the base year.

(2) Notwithstanding the amount of the dollar thresholds specified in paragraph (1), in the event Congress increases or repeals the amount or amounts of the thresholds, the dollar thresholds set forth in subdivisions (d) and (e) shall be the highest amount or amounts permitted by Public Law 93-641, as amended, or one million dollars ($1,000,000), whichever is less, on the date congressional action is effective.

(i) This section is not applicable to an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing.

SEC. 2.5. Section 441.21 of the Health and Safety Code is amended to read:

441.21. Intermediate care facilities/developmentally disabled habilitative, as defined in subdivision (a) of Section 1250, shall not be subject to the Health Data Advisory Council Consolidation Act (Part 1.8 (commencing with Section 443)).

This section shall remain in effect until January 1, 1987, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1987, deletes or extends such date.

SEC. 3. Section 441.22 is added to the Health and Safety Code, to read:

441.22. Intermediate care facilities/developmentally disabled—nursing, as defined in subdivision (h) of Section 1250, shall not be subject to the Health Data and Advisory Council Consolidation Act (Part 1.8 (commencing with Section 443)).

SEC. 4. Section 1250 of the Health and Safety Code is amended to read:

1250. As used in this chapter, "health facility" means any facility, place, or building which is organized, maintained, and operated for

the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, and includes the following types:

(a) "General acute care hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services. A general acute care hospital may include more than one physical plant maintained and operated on separate premises as provided in Section 1250.8. A general acute care hospital which exclusively provides acute medical rehabilitation center services, including at least physical therapy, occupational therapy, and speech therapy, may provide for the required surgical and anesthesia services through a contract with another acute care hospital. In addition, a general acute care hospital which, on July 1, 1983, provided required surgical and anesthesia services through a contract or agreement with another acute care hospital may continue to provide these surgical and anesthesia services through a contract or agreement with an acute care hospital.

(b) "Acute psychiatric hospital" means a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(c) "Skilled nursing facility" means a health facility which provides skilled nursing care and supportive care to patients whose primary need is for availability of skilled nursing care on an extended basis.

(d) "Intermediate care facility" means a health facility which provides inpatient care to ambulatory or nonambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability of continuous skilled nursing care.

(e) "Intermediate care facility/developmentally disabled habilitative" means a facility with a capacity of four to 15 beds which provides 24-hour personal care, habilitation, developmental, and supportive health services to 15 or fewer developmentally disabled persons who have intermittent recurring needs for nursing services, but have been certified by a physician as not requiring availability of continuous skilled nursing care.

(f) "Special hospital" means a health facility having a duly

constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff which provides inpatient or outpatient care in dentistry or maternity.

(g) "Intermediate care facility/developmentally disabled" means a facility which provides 24-hour personal care, habilitation, developmental, and supportive health services to developmentally disabled clients whose primary need is for developmental services and who have a recurring but intermittent need for skilled nursing services.

(h) "Intermediate care facility/developmentally disabled—nursing" means a facility with a capacity of four to six beds which provides 24-hour personal care, developmental services, and nursing supervision for developmentally disabled persons who have intermittent recurring needs for skilled nursing care but have been certified by a physician as not requiring continuous skilled nursing care. The facility shall serve medically fragile persons who have developmental disabilities or demonstrate significant developmental delay that may lead to a developmental disability if not treated.

SEC. 5. Section 1250.1 of the Health and Safety Code is amended to read:

1250.1. The state department shall adopt regulations which define the following bed classifications for health facilities:

(a) General acute care,

(b) General acute care rehabilitation,

(c) Skilled nursing,

(d) Intermediate care—developmental disabilities,

(e) Intermediate care—other,

(f) Acute psychiatric,

(g) Specialized care, with respect to special hospitals only,

(h) Chemical dependency recovery,

(i) Intermediate care facility/developmentally disabled habilitative,

(j) Intermediate care facility/developmentally disabled—nursing.

Except as provided in Section 1253.1, beds classified as intermediate care beds, on September 27, 1978, shall be reclassified by the state department as intermediate care—other. This reclassification shall not constitute a "project" within the meaning of Section 437.10 and shall not be subject to any requirement for a certificate of need under Part 1.5 (commencing with Section 437) of Division 1, and regulations of the state department governing intermediate care prior to such effective date shall continue to be applicable to the intermediate care—other classification unless and until amended or repealed by the state department.

SEC. 6. Section 1265 of the Health and Safety Code is amended to read:

1265. Any person, political subdivision of the state, or governmental agency desiring a license for a health facility or

approval for a special service under this chapter shall file with the state department a verified application on forms prescribed and furnished by the state department, containing all of the following:

(a) The name of the applicant and, if an individual, whether the applicant has attained the age of 18 years.

(b) The type of facility or health facility.

(c) The location thereof.

(d) The name of the person in charge thereof.

(e) Evidence satisfactory to the state department that the applicant is of reputable and responsible character. If applicant is a firm, association, organization, partnership, business trust, corporation, or company, like evidence shall be submitted as to the members or shareholders thereof, and the person in charge of the health facility for which application for license is made. If the applicant is a political subdivision of the state or other governmental agency, like evidence shall be submitted as to the person in charge of the health facility for which application for license is made.

(f) Evidence satisfactory to the state department of the ability of the applicant to comply with this chapter and of rules and regulations promulgated under this chapter by the state department.

(g) Any other information as may be required by the state department for the proper administration and enforcement of this chapter.

(h) Upon submission of an application to the state department by an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing, the application shall include a statement of need signed by the chairperson of the area board pursuant to Chapter 4 (commencing with Section 4570) of Division 4.5 of the Welfare and Institutions Code. In the event the area board has not provided the statement of need within 30 days of receipt of the request from the applicant, the state department may process the application for license without the statement.

SEC. 7. Section 1267.8 of the Health and Safety Code is amended to read:

1267.8. (a) An intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing shall meet the same fire safety standards adopted by the State Fire Marshal pursuant to Sections 13113, 13113.5, 13143, and 13143.6 that apply to community care facilities, as defined in Section 1502, of similar size and with residents of similar age and ambulatory status. No other state or local regulations relating to fire safety shall apply to these facilities and the requirements specified in this section shall be uniformly enforced by state and local fire authorities.

(b) An intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing shall meet the same seismic safety requirements applied to community care facilities of similar size with residents of

similar age and ambulatory status. No additional requirements relating to seismic safety shall apply to such facilities.

(c) Whether or not unrelated persons are living together, an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of the facility shall be considered a family for the purposes of any law or zoning ordinance which is related to the residential use of property pursuant to this article.

For the purposes of all local ordinances, an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing shall not be included within the definition of a boarding house, rooming house, institution or home for the care of minors, the aged, or the mentally infirm, foster care home, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the intermediate care facility/developmentally disabled habilitative or intermediate care facility/developmentally disabled—nursing is a business run for profit or differs in any other way from a single-family residence.

This section does not forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing as long as such restrictions are identical to those applied to other single-family residences.

This section does not forbid the application to an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity, as long as that ordinance does not distinguish intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing from other single-family dwellings and that the ordinance does not distinguish residents of the intermediate care facility/developmentally disabled habilitative or intermediate care facility/developmentally disabled—nursing from persons who reside in other single-family dwellings.

No conditional use permit, zoning variance, or other zoning clearance shall be required of an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing which is not required of a single-family residence in the same zone.

Use of a single-family dwelling for purposes of an intermediate care facility/developmentally disabled habilitative serving six or

fewer persons or an intermediate care facility/developmentally disabled—nursing shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section supersedes Section 13143 to the extent these provisions are applicable to intermediate care facility/developmentally disabled habilitative providing care for six or fewer residents or an intermediate care facility/developmentally disabled—nursing.

SEC. 8. Section 1267.9 is added to the Health and Safety Code, to read:

1267.9. (a) The Legislature hereby declares it to be the policy of the state to prevent overconcentrations of intermediate care facilities/developmentally disabled habilitative or intermediate care facilities/developmentally disabled—nursing which impair the integrity of residential neighborhoods. Therefore, the director shall deny an application for a new intermediate care facility/developmentally disabled habilitative license or a new intermediate care facility/developmentally disabled—nursing license, if the director determines that the location is in such proximity to an existing intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing as would result in overconcentration.

(b) As used in this section, "overconcentration" means that if a new license is issued, there will be intermediate care facilities/developmentally disabled habilitative, intermediate care facilities/developmentally disabled—nursing, or residential care facilities as defined in Section 1502 which are separated by a distance of less than 300 feet, as measured from any point upon the outside walls of the structures housing such facilities. Based on special local needs and conditions, the director may approve a separation distance of less than 300 feet with the approval of the city or county in which the proposed facility will be located.

(c) At least 45 days prior to approving any application for a new intermediate care facility/developmentally disabled habilitative or a new intermediate care facility/developmentally disabled—nursing, the director shall notify, in writing, the city or county planning authority in which the facility will be located, of the proposed location of the facility.

(d) Any city or county may request denial of the license applied for on the basis of overconcentration of intermediate care facilities/developmentally disabled habilitative or intermediate care facilities/developmentally disabled—nursing.

(e) Nothing in this section authorizes the director, on the basis of overconcentration, to refuse to renew an intermediate care facility/developmentally disabled habilitative license or an intermediate care facility/developmentally disabled—nursing license or to refuse to grant a license upon a change of ownership of an existing intermediate care facility/developmentally disabled

habilitative or intermediate care facility/developmentally disabled—nursing where there is no change in the location of the facility.

(f) Foster family homes and residential care facilities for the elderly shall not be considered in determining overconcentration of intermediate care facilities/developmentally disabled-habilitative, intermediate care facilities/developmentally disabled-nursing or residential care facilities, as defined in Section 1502.

SEC. 9. Section 1276.5 of the Health and Safety Code is amended to read:

1276.5. The department shall adopt regulations setting forth the minimum number of equivalent nursing hours per patient required in skilled nursing and intermediate care facilities.

For the purposes of this section "nursing hours" means the number of hours of work performed per patient day by aides, nursing assistants, or orderlies plus two times the number of hours worked per patient day by registered nurses and licensed vocational nurses (except directors of nursing in facilities of 60 or larger capacity) and, in the distinct part of facilities and freestanding facilities providing care for the developmentally disabled or mentally disordered, licensed psychiatric technicians who perform direct nursing services for patients in skilled nursing and intermediate care facilities, except when the skilled nursing and intermediate care facility is licensed as a part of a state hospital.

Notwithstanding Section 1276, the department shall require the utilization of a registered nurse at all times if the department determines that the services of a skilled nursing and intermediate care facility require the utilization of a registered nurse.

Except as otherwise provided by law, the administrator of an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing shall be either a licensed nursing home administrator or a qualified mental retardation professional.

SEC. 10. Section 1275.3 is added to the Health and Safety Code, to read:

1275.3. (a) The State Department of Health Services and the State Department of Developmental Services shall jointly develop and implement licensing and Medi-Cal regulations appropriate for intermediate care facilities/developmentally disabled—nursing. The State Director of Health Services shall adopt these regulations as emergency regulations and, notwithstanding any provision of law, shall transmit emergency regulations adopted pursuant to this subdivision directly to the Secretary of State for filing, and regulations shall become effective immediately upon filing.

The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(b) The regulations adopted pursuant to subdivision (a) shall ensure that residents of intermediate care facilities/developmentally

disabled—nursing receive appropriate medical and nursing services, and developmental program services in a normalized, least restrictive physical and programmatic environment appropriate to individual resident need.

In addition, the regulations shall do all of the following:

(1) Include provisions for the completion of a clinical and developmental assessment of placement needs, including medical and other needs, and the degree to which they are being met, of clients placed in an intermediate care facility/developmentally disabled-nursing and for the monitoring of these needs at regular intervals.

(2) Provide for maximum utilization of generic community resources by clients residing in a facility.

(3) Require the State Department of Developmental Services to review and approve an applicant's program plan as part of the licensing and certification process.

(4) Require that the physician providing the certification that placement in the intermediate care facility/developmentally disabled—nursing is needed, consult with the physician who was the physician of record at the time the person's proposed placement is being considered by the interdisciplinary team.

(c) Nothing in this section supersedes the authority of the State Fire Marshal pursuant to Sections 13113, 13113.5, 13143, and 13143.6 to the extent that these sections are applicable to community care facilities.

(d) The State Department of Developmental Services, in consultation with the State Department of Health Services, shall report to the Legislature no later than January 1, 1989, regarding the number and types of clients being served in intermediate care facilities/developmentally disabled-nursing and any problems encountered by facilities or the departments in implementing the new licensure category.

SEC. 11. Section 1280 of the Health and Safety Code is amended to read:

1280. The state department may provide consulting services upon request to any health facility to assist in the identification or correction of deficiencies or the upgrading of the quality of care provided by the health facility.

The state department shall notify the health facility of all deficiencies in its compliance with this chapter and the rules and regulations adopted hereunder, and the health facility shall agree with the state department upon a plan of corrections which shall give the health facility a reasonable time to correct such deficiencies. If at the end of the allotted time, as revealed by inspection, the health facility has failed to correct the deficiencies, the director may take action to revoke or suspend the license.

Reports on the results of each inspection of a health facility shall be prepared by the inspector or inspector team and shall be kept on file in the state department along with the plan of correction and

health facility comments. The inspection report may include a recommendation for reinspection. Inspection reports of an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing shall be provided by the state department to the appropriate regional center pursuant to Chapter 5 (commencing with Section 4620) of Division 4.5 of the Welfare and Institutions Code.

All inspection reports, lists of deficiencies, and plans of correction shall be open to public inspection.

In no event shall the act of providing a plan of correction, the content of the plan of correction, or the execution of a plan of correction, be used in any legal action or administrative proceeding as an admission within the meaning of Sections 1220 to 1227, inclusive, of the Evidence Code against the health facility, its licensee, or its personnel.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.
