When computing the change in taxable assessed value between the 1980–81 fiscal year and the 1981–82 fiscal year, the assessed values for the 1980–81 fiscal year shall be multiplied by four. (c) As used in paragraphs (a) and (b), the "last known address" of each trustor or mortgagor means the last business or residence address actually known by the mortgagee, beneficiary, trustee, or other person authorized to record the notice of default. The beneficiary shall inform the trustee of the trustor's last address actually known by the beneficiary. being foreclosed, or recorded prior to or concurrently with the deed of trust or mortgage being foreclosed but subject to a recorded agreement or a recorded statement of subordination to the deed of trust or mortgage being foreclosed.

(d) The mailing of notices in the manner set forth in paragraph (a) shall not impose upon any licensed attorney, agent, or employee of any person entitled to receive notices as herein set forth any duty to communicate the notice to the entitled person from the fact that the mailing address used by the county recorder is the address of the attorney, agent, or employee.

(4) Any deed of trust or mortgage with power of sale hereafter executed upon real property may contain a request that a copy of any notice of default and a copy of any notice of sale thereunder shall be mailed to any person or party thereto at the address of the person given therein, and a copy of any notice of default and of any notice of sale shall be mailed to each of these at the same time and in the same manner required as though a separate request therefor had been filed by each of such persons as herein authorized. If any deed of trust or mortgage with power of sale executed after September 19, 1939, except a deed of trust or mortgage of any of the classes excepted from the provisions of Section 2924 does not contain a request of the trustor or mortgagor for special notice at the address of such person given therein or does contain such a request but no address of the person is given therein and if no request for special notice by the trustor or mortgagor in substantially the form set forth in this section has subsequently been recorded, a copy of the notice of default shall be published once a week for at least four weeks in a newspaper of

The person shall execute and retain an affidavit identifying the notice mailed, showing the name and residence or business address of that person, that he or she is over the age of 18 years, the date of deposit in the mail, the name and address of the trustor or mortgagor to whom sent, and that the envelope was sealed and deposited in the mail with postage fully prepaid. In the absence of fraud, the affidavit required by this subdivision shall establish a conclusive presumption of mailing.

(6) No request for a copy of any notice filed for record pursuant to this section, no statement or allegation in any such request, and no record thereof shall affect the title to real property or be deemed notice to any person that any person requesting copies of notice has or claims any right, title or interest in, or lien or charge upon the property described in the deed of trust or mortgage referred to therein.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or paragraph (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to the provisions of Title 2 (commencing with Section 1801), the seller shall specify on

the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of such contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or such assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (3) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by Section 2924 to 2924i, inclusive, postponement upon the written request of the trustor pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.

(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed two hundred dollars ($200) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amounts authorized herein.

(e) Reinstatement of a monetary default under the terms of an obligation secured by a deed of trust, or mortgage may be made at any time within the period commencing with the date of recordation of the notice of default until five business days prior to the date of sale set forth in the initial recorded notice of sale.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from such date until five business days prior to the

date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from such date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale, whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, their agents or successors shall be liable in any manner to a trustor, mortgagor, their agents or successors for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created hereby. Any right of reinstatement created hereby is terminated five business days prior to the date of sale set forth in the initial date of sale, and is revived only as prescribed herein and only as of the date set forth herein.

SEC. 3. Section 2924d of the Civil Code is amended to read:

2924d. (a) Commencing with the date that the notice of sale is deposited in the mail, as provided in Section 2924b, and until the property is sold pursuant to the power of sale contained in the mortgage or deed of trust, a beneficiary, trustee, mortgagee, or his or her agent or successor in interest, may demand and receive from a trustor, mortgagor, or his or her agent or successor in interest, or any beneficiary under a subordinate deed of trust, or any other person having a subordinate lien or encumbrance of record those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed three hundred dollars ($300) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus 1 percent of any portion of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-half of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such

charge does not exceed the amounts authorized herein. Any charge for trustee's or attorney's fees made pursuant to the provisions of this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (d) of Section 2924c.

(b) Upon the sale of property pursuant to a power of sale, a trustee, or his or her agent or successor in interest, may demand and receive from a beneficiary, or his or her agent or successor in interest, or may deduct from the proceeds of the sale, those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed three hundred dollars ($300) or one percent of the unpaid principal sum secured, whichever is greater. Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amount authorized herein. Any charges for trustee's or attorney's fees made pursuant to the provisions of this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (a) of this section and subdivision (d) of Section 2924c.

(c) (1) No person shall pay or offer to pay or collect any rebate or kickback for the referral of business involving the performance of any act required by this article.

(2) Any person who violates this subdivision shall be liable to the trustor for three times the amount of any rebate or kickback, plus reasonable attorney's fees and costs, in addition to any other remedies provided by law.

(3) No violation of this subdivision shall affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value without notice.

(d) It shall not be unlawful for a trustee to pay or offer to pay a fee to an agent or subagent of the trustee for work performed by the agent or subagent in discharging the trustee's obligations under the terms of the mortgage or deed of trust.

(e) When a court issues a decree of foreclosure, it shall have discretion to award attorney's fees, costs, and expenses as are reasonable, if provided for in the note, deed of trust, or mortgage, pursuant to Section 580c of the Code of Civil Procedure.

SEC. 4. Section 2924d of the Civil Code is amended to read:

2924d. (a) Commencing with the date that the notice of sale is deposited in the mail, as provided in Section 2924b, and until the property is sold pursuant to the power of sale contained in the mortgage or deed of trust, a beneficiary, trustee, mortgagee, or his or her agent or successor in interest, may demand and receive from a trustor, mortgagor, or his or her agent or successor in interest, or any beneficiary under a subordinate deed of trust, or any other person having a subordinate lien or encumbrance of record those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the

terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed three hundred dollars ($300) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus 1 percent of any portion of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-half of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amounts authorized herein. Any charge for trustee's or attorney's fees made pursuant to the provisions of this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (d) of Section 2924c.

(b) Upon the sale of property pursuant to a power of sale, a trustee, or his or her agent or successor in interest, may demand and receive from a beneficiary, or his or her agent or successor in interest, or may deduct from the proceeds of the sale, those reasonable costs and expenses, to the extent allowed by subdivision (c) of Section 2924c, which are actually incurred in enforcing the terms of the obligation and trustee's or attorney's fees which are hereby authorized to be in an amount which does not exceed three hundred dollars ($300) or one percent of the unpaid principal sum secured, whichever is greater. Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where such charge does not exceed the amount authorized herein. Any charges for trustee's or attorney's fees made pursuant to the provisions of this subdivision shall be in lieu of and not in addition to those charges authorized by subdivision (a) of this section and subdivision (d) of Section 2924c.

(c) (1) No person shall pay or offer to pay or collect any rebate or kickback for the referral of business involving the performance of any act required by this article.

(2) Any person who violates this subdivision shall be liable to the trustor for three times the amount of any rebate or kickback, plus reasonable attorney's fees and costs, in addition to any other remedies provided by law.

(3) No violation of this subdivision shall affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value without notice.

(d) It shall not be unlawful for a trustee to pay or offer to pay a fee to an agent or subagent of the trustee for work performed by the agent or subagent in discharging the trustee's obligations under the terms of the deed of trust. Any payment of a fee by a trustee to an agent or subagent of the trustee for work performed by the agent or

subagent in discharging the trustee's obligations under the terms of the deed of trust shall be conclusively presumed to be lawful and valid if the fee, when combined with other fees of the trustee, does not exceed in the aggregate the trustee's fee authorized by subdivision (d) of Section 2924c or subdivision (a) or (b) of this section.

(e) When a court issues a decree of foreclosure, it shall have discretion to award attorney's fees, costs, and expenses as are reasonable, if provided for in the note, deed of trust, or mortgage, pursuant to Section 580c of the Code of Civil Procedure.

SEC. 5. Section 2924g of the Civil Code is amended to read:

2924g. (a) All sales of property under the power of sale contained in any deed of trust or mortgage shall be held in the county where such property or some part thereof is situated, and shall be made at auction, to the highest bidder, between the hours of 9 a.m. and 5 p.m. on any business day, Monday through Friday.

The sale shall commence at the time and location specified in the notice of sale. Any postponement shall be announced at the time and location specified in the notice of sale for commencement of such sale or pursuant to paragraph (1) of subdivision (c) herein.

If the sale of more than one parcel of real property has been scheduled for the same time and location by the same trustee, (1) any postponement of any of the sales shall be announced at the time published in the notice of sale; (2) the first sale shall commence at the time published in the notice of sale or immediately after the announcement of any postponement; and (3) each subsequent sale shall take place as soon as possible after the preceding sale has been completed.

(b) When the property consists of several known lots or parcels they shall be sold separately unless the deed of trust or mortgage provides otherwise; or when a portion of such property is claimed by a third person, and he requires it to be sold separately, such portion may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when such property consists of such several known lots or parcels which may be sold to advantage separately, and the trustee shall follow such direction. After sufficient property has been sold to satisfy the indebtedness no more can be sold.

If the property under power of sale is in two or more counties the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion thereof is located.

(c) (1) There may be a postponement of the sale proceedings at any time prior to the completion of the sale thereof at the discretion of the trustee, upon instruction by the beneficiary to the trustee that the sale proceedings be postponed, or upon the written request of the trustor, provided the reason for the request is to permit the trustor to obtain cash sufficient to satisfy the obligation or bid at the

sale and the written request identifies the source from which the funds are being obtained. The trustor shall be entitled to make one such request for postponement and any postponement made at the request of the trustor shall be for a period not to exceed one business day.

There may be a maximum of three postponements of the sale proceedings pursuant to this subdivision. In the event that the sale proceedings are postponed three times, the scheduling of any further sale proceedings shall be preceded by the giving of a new notice of sale in the manner prescribed by Section 2924f. A postponement made upon the request of the trustor shall not be deemed a postponement for purposes of this paragraph.

(2) The trustee shall postpone the sale upon the order of any court of competent jurisdiction; or by operation of law; or by the mutual agreement, whether oral or in writing, of any trustor and any beneficiary or any mortgagor and any mortgagee. Any postponement pursuant to this paragraph shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision nor shall a postponement resulting from the prohibition upon a sale within seven days from the expiration of an injunction, restraining order, or stay as provided in subdivision (d) be deemed a postponement for purposes of this subdivision.

(d) The notice of each postponement and the reason therefor shall be given by public declaration by the trustee at the time and place last appointed for sale. Such a public declaration of postponement shall also set forth the new date, time, and place of sale, which place of sale shall be the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given. However, upon the expiration of an injunction, restraining order, or stay from any court of competent jurisdiction which has not otherwise expressly provided in its original order or any amendment thereto, or upon expiration of a postponement arising by operation of law, the sale shall be conducted no sooner than seven days thereafter and a new notice of postponement shall be given if the sale had been scheduled to occur during that seven-day period. The trustee shall maintain records of each postponement and the reason therefor.

SEC. 6. Section 4 of this bill incorporates amendments to Section 2924d of the Civil Code proposed by both this bill and SB 930. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 2924d of the Civil Code, and (3) this bill is enacted after SB 930, in which case Section 3 of this bill shall not become operative.

SEC. 7. The provisions of Section 2 that amend paragraph (1) of subdivision (a) and paragraph (1) of subdivision (b) of, and add subdivision (e) to, Section 2924c of the Civil Code, shall apply to foreclosure proceedings commenced by the recordation of a notice of default recorded on or after January 1, 1986.

SEC. 8. The changes in subdivision (d) of Section 2924d of the Civil Code made by Section 4 do not constitute a change in, but are declaratory of, the existing law.

CHAPTER 1207

An act to amend Section 25252 of the Health and Safety Code, relating to health.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25252 of the Health and Safety Code is amended to read:

25252. (a) Notwithstanding Section 5328 of the Welfare and Institutions Code, and except as provided in Sections 25253 and 25254, any adult patient of a health care provider, any minor patient authorized by law to consent to medical treatment, and any patient representative shall be entitled to inspect patient records upon presenting to the health care provider a written request for those records and upon payment of reasonable clerical costs incurred in locating and making the records available. However, a patient who is a minor shall be entitled to inspect patient records pertaining only to health care of a type for which the minor is lawfully authorized to consent. A health care provider shall permit this inspection during business hours within five working days after receipt of such a written request. The inspection shall be conducted by the patient or patient's representative requesting the inspection, who may be accompanied by one other person of his or her choosing.

(b) Additionally, any patient or patient's representative shall be entitled to copies of all or any portion of the patient records which he or she has a right to inspect, upon presenting a written request to the health care provider specifying the records to be copied, together with a fee to defray the cost of copying, which shall not exceed twenty-five cents ($0.25) per page or fifty cents ($0.50) per page for records that are copied from microfilm and any additional reasonable clerical costs incurred in making the records available. The health care provider shall ensure that the copies are transmitted within 15 days after receiving the written request.

(c) Copies of X-rays or tracings derived from electrocardiography, electroencephalography, or electromyography need not be provided to the patient or patient's representative under this section, if the original X-rays or tracings are transmitted to another health care provider upon written request of the patient or patient's representative and within 15 days after receipt of such a request. Any such request shall specify the name and address of the

health care provider to whom the records are to be delivered. All reasonable costs, not exceeding actual costs, incurred by a health care provider in providing copies pursuant to this subdivision may be charged to the patient or representative requesting the copies.

(d) Nothing in this section shall be construed to preclude a health care provider from requiring reasonable verification of identity prior to permitting inspection or copying of patient records, provided this requirement is not used oppressively or discriminatorily to frustrate or delay compliance with this section. Nothing in this chapter shall be deemed to supersede any rights which a patient or representative might otherwise have or exercise under Section 1158 of the Evidence Code or any other provision of law. Nothing in this chapter shall require a health care provider to retain records longer than required by applicable statutes or administrative regulations.

(e) Nothing in this chapter shall be construed to render a health care provider liable for the quality of his or her records or the copies provided in excess of existing law and regulations adopted pursuant thereto with respect to the quality of medical records. A health care provider shall not be liable to the patient or any other person for any consequences which result from disclosure of patient records as required by this chapter. A health care provider shall not discriminate against classes or categories of providers in the transmittal of X-rays or other patient records, or copies of these X-rays or records, to other providers as authorized by this section.

Every health care provider shall adopt policies and establish procedures for the uniform transmittal of X-rays and other patient records that effectively prevent the discrimination described in this subdivision. A health care provider may establish reasonable conditions, including a reasonable deposit fee, to ensure the return of original X-rays transmitted to another health care provider, provided the conditions do not discriminate on the basis of, or in a manner related to, the license of the provider to which the X-rays are transmitted.

(f) Any health care provider described in paragraphs (4) to (10), inclusive, of subdivision (a) of Section 25251 who willfully violates this chapter is guilty of unprofessional conduct. Any health care provider described in paragraphs (1) to (3), inclusive, of subdivision (a) of Section 25251 that willfully violates this chapter is guilty of an infraction punishable by a fine of not more than one hundred dollars ($100). The state agency, board or commission which issued the health care provider's professional or institutional license shall consider a violation as grounds for disciplinary action with respect to the licensure, including suspension or revocation of the license or certificate.

SEC. 2. No appropriation is made by this act pursuant to Section 2231 or 2234 of the Revenue and Taxation Code or Section 6 of Article XIII B of the California Constitution because self-financing authority is provided in Sections 1177, 1473, and 25252 of the Health and Safety Code to cover costs that may be incurred in carrying on any program

or performing any service required to be carried on or performed by this act and because the only other costs which may be incurred by a local agency will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction or eliminates a crime or infraction.

CHAPTER 1208

An act to amend Sections 7397 and 7398.5 of the Business and Professions Code, relating to cosmetology.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 7397 of the Business and Professions Code is amended to read:

7397. (a) Every school shall keep a daily record of the attendance of each student and the time devoted by each student to the various practices or branches of cosmetology and electrology. It shall establish grades, and hold examinations before issuing diplomas.

(b) No student shall be required or permitted to attend more than eight hours of instruction or practice, or any combination thereof, in any one day, except that a student may be permitted to complete a service in process, but not to exceed 30 consecutive minutes.

(c) The board shall maintain, in a manner that is accessible, as well as cost and labor efficient, a current record of course credit received by each student, which shall be compiled from records supplied to the board by each school when a student enrolls or reenrolls in, withdraws from, or completes a given course of study.

SEC. 2. Section 7398.5 of the Business and Professions Code is amended to read:

7398.5. (a) Every school shall fix its tuition at such an amount as will enable it to furnish without further charge to the student all cosmetics, materials, and supplies used on the public and in classes. This does not include books and instruments.

(b) Notwithstanding any other provision of law, no student withdrawing from or completing a course of study at a school of cosmetology or electrology shall have a right to copies of any student records relating to him or her maintained by the school, until full payment has been made by the student of all fees and charges due to the school which are specified in the contract between the student and the school.

(c) In accordance with subdivision (b), a school of cosmetology or electrology shall include a disclosure statement, in 12-point boldface type, on the contract between the student and the school which

reads as follows:

COPIES OF STUDENT RECORDS SHALL NOT BE PROVIDED UNTIL ALL FEES AND CHARGES SPECIFIED IN THIS CONTRACT ARE PAID IN FULL (Business and Professions Code Section 7398.5(b)). (NOTE: WITHOUT PROPER RECORDS, ONE CANNOT QUALIFY FOR THE STATE EXAMINATION FOR LICENSURE (Business and Professions Code Section 7370)).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1209

An act to amend Section 11122 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11122 of the Health and Safety Code is amended to read:

11122. (a) A controlled substance shall be stored only in a warehouse which is licensed by the Board of Pharmacy.

(b) This section shall not apply to any of the following:

(1) Any pharmacy or other person who is licensed or authorized by this state to sell or furnish the controlled substance upon the written prescription of a physician, dentist, podiatrist, or veterinarian, or pharmacist acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1, or registered nurse acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1, or physician's assistant acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1.

controlled substance for administration to his or her patients.

(3) Any licensed laboratory in this state which is authorized to receive and use the controlled substance.

(4) Any licensed hospital in this state.

(5) Any person who obtains the controlled substance upon the prescription of a physician, dentist, podiatrist, or veterinarian, or pharmacist acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1, or registered nurse acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1, or physician's assistant acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1 for his or her personal use.

(6) Any agent or employee of any licensed manufacturer or wholesaler who possesses the controlled substance for display purposes or furnishes controlled substances as a sample at no cost to a licensed pharmacist, physician, dentist, podiatrist, or veterinarian, or registered nurse acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1, or physician's assistant acting within the scope of a project authorized under Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1.

(7) A manufacturer licensed pursuant to Section 26685 of this code or Section 4084 or 4084.6 of the Business and Professions Code.

(9) Any emergency medical technician-II, emergency medical technician-paramedic, or mobile intensive care nurse, certified or authorized pursuant to Division 2.5 (commencing with Section 1797) to provide prehospital limited advanced life support or advanced life support as part of a local emergency medical services system, who, in a secure manner and according to policies and procedures established by the local emergency medical services agency as part of the local emergency medical services plan, transports, stores, or administers controlled substances acting within his or her scope of practice.

(10) Any emergency medical response or transport unit which has been approved by the local emergency medical services agency and is operating as part of the local emergency medical services system according to policies and procedures established by the local medical services agency for the emergency medical treatment and transport of patients, upon which, controlled substances authorized by the scope of practice of the prehospital personnel approved to staff the unit are stored or transported in a secure manner according to policies and procedures established by the local emergency medical services agency.

SEC. 2. Commencing January 1, 1987, the Director of the Emergency Medical Services Authority shall investigate and

determine if the storage and transportation of controlled substances has increased the attempted theft of these substances or endangered the personal safety of EMS personnel, and shall report the results of this investigation to the Legislature by February 1, 1987.

CHAPTER 1210

An act to add Article 6 (commencing with Section 54750) to Chapter 9 of Part 29 of the Education Code, relating to college admission tests, and making an appropriation therefor.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 54750) is added to Chapter 9 of Part 29 of the Education Code, to read:

Article 6. College Admissions Test Preparation Pilot Projects

54750. The Legislature hereby finds and declares that economically disadvantaged and ethnic minority students remain seriously underrepresented in admissions to the California State University and the University of California, and the independent colleges and universities of the State of California, and that efforts to promote the increased eligibility of these students to these institutions must begin at the earliest opportunity for intervention during the secondary level of education. The Legislature also finds and declares that research conducted by the California Postsecondary Education Commission has identified, among other barriers, that the lack of test taking opportunities in school districts maintaining high schools with high populations of economically disadvantaged and ethnic minority students and the failure of these students to participate in meaningful numbers during test-taking opportunities are contributors to the low admissions levels.

It is the intent of the Legislature in enacting this article to enable these students to take advantage of the development and implementation of effective innovative methods and test preparation activities by test sponsors designed to increase the number of students taking these college admissions tests and to improve their test-taking skills. It is not the intent of the Legislature that this pilot project be designed exclusively for the purpose of preparing students to take a particular test.

54751. (a) The Superintendent of Public Instruction shall establish college admissions test preparation pilot projects for eligible school districts in accordance with the requirements of this article. The goals of the pilot projects shall include all of the

following:

(1) The identification of students from groups underrepresented in admissions to public postsecondary educational institutions eligible to participate in the pilot projects and the development of methods to encourage the participation of these students in the pilot project and the taking of college admissions tests required for admission to public four-year postsecondary educational institutions.

(2) The promotion of test programs, test preparation programs, and related counseling and guidance services and curriculum improvements for participating school districts with low enrollments of students into these institutions.

(3) The identification of methods to increase the direct participation of test sponsors in participating school districts to increase student participation and performance in college admissions tests.

(4) The development of model test preparation programs for dissemination to other school districts in the state.

(b) The Superintendent of Public Instruction shall select eligible school districts from school districts submitting applications for participation in college admissions test preparation pilot projects.

The superintendent shall approve college admissions test preparation pilot project grants for school districts which meet at least three of the following criteria:

(1) The applicant has low university enrollment rates.

(2) The applicant has a high concentration of students enrolled in grades 9 and 10 from groups which are underrepresented in admissions to postsecondary educational institutions.

(3) The applicant has historically had a low percentage of college admissions test takers.

(4) The applicant demonstrates its ability to meet the objectives of the pilot projects as demonstrated by the commitment of school district funds or substantial in-kind services to support the pilot project.

(5) The applicant assures that the activities and materials developed under the pilot project are available to all students in the school district.

(c) Pilot projects approved under this section shall be awarded for a three-year grant period. The superintendent may terminate any approved project if it is determined that the pilot project is no longer meeting the requirements of this article. The superintendent shall ensure that approved pilot projects are, insofar as qualifying proposals are submitted, equitably distributed among school districts differing in location and size.

54751.1. Priority in the selection of school districts for funding shall be given for either of the following, aimed at increasing participation of underrepresented students in postsecondary education:

(a) Pilot projects articulated with a program of secondary school counseling pursuant to Section 84 of Chapter 498 of the Statutes of

1983 having the potential for increasing college aspirations and preparation of underrepresented students.

(b) Pilot projects which include school or district educational activities having the potential for increasing academic preparation of underrepresented students.

54752. It is the intent of the Legislature that the governing board of each school district operating an approved college admissions test preparation pilot project shall enter into agreements with college admissions test sponsors for the purpose of establishing and maintaining test preparation activities for the benefit of students, teachers, counselors, and parents. The plan for test preparation activities shall be adopted at a public meeting of the governing board and shall include, but need not necessarily be limited to, all of the following:

(a) Activities and materials for students designed to enable them to comprehend the requirements of college admissions tests, including a review of nonsecure test content, a review of test-taking strategies, the computation of raw scores, the interpretation of test scores, and special preparations, as appropriate.

(b) Activities and materials for teachers and counselors designed to facilitate their assistance of students to learn from the testing experience, including an evaluation of the test component contents, the review of test strategies, study designs for developing appropriate test preparation activities, and guidelines for the interpretation of group data and test results.

(c) Activities and materials for parents designed to assist and encourage their involvement with the test-taking and college decisionmaking experience of their children, including clear and easily understood descriptions of the role, uses, the interpretation of college admissions tests, and information on the details and requirements of the examination process and college and university admissions application procedures.

(d) Materials for students, parents, teachers, and counselors concerning the nature, registration and administration procedures, testing dates and sites, costs, and fee waiver policies for each of the commonly accepted college admissions tests.

54753. The Superintendent of Public Instruction shall submit a report to the Legislature on or before January 1, 1988, regarding the implementation and effectiveness of college admissions test preparation pilot projects. The report shall include data on all of the following:

(a) Any increased student participation in college admissions test taking in schools operating approved pilot projects.

(b) Any improvements in student performance on each of the commonly accepted college admissions tests, including performance on subtests.

(c) The levels of support for these projects made by test sponsors.

54753.1. Funds shall be awarded to school districts by the State Department of Education no later than February 28, 1986. Funding

to participant districts with exemplary multiyear test preparation pilot projects shall not exceed one hundred thousand dollars ($100,000).

SEC. 2. The sum of three hundred thousand dollars ($300,000) is hereby reappropriated from Item 6100-107-001 of the Budget Act of 1985 to the Superintendent of Public Instruction for purposes of establishing college admissions test preparation pilot projects pursuant to Article 6 (commencing with Section 54750) of Chapter 9 of Part 29 of the Education Code.

It is the intent of the Legislature that funding at equivalent levels in subsequent fiscal years shall be included in the Budget Act for each fiscal year.

SEC. 3. Funds appropriated for the purposes of this act shall not be included within "the total amount of money allocated for public education in California," as that term is used in Section 8880.1 of the Government Code, as added by the California State Lottery Act of 1984.

CHAPTER 1211

An act to amend Sections 2627.5, 2627.7, 2658, 2675, 2770, and 2777 of, and to add Section 2735.1 to, the Unemployment Insurance Code, relating to unemployment insurance, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2627.5 of the Unemployment Insurance Code is amended to read:

2627.5. (a) If an individual, pursuant to orders of his or her physician, is confined in a hospital for at least one day, any unexpired full days of the waiting period required by subdivision (b) of Section 2627 shall be waived. This subdivision shall apply to an individual's confinement in a nursing home as defined by subparagraph (B) of paragraph (4) of subdivision (c), but only if immediately prior to such confinement he or she was confined in a hospital (other than a nursing home) for not less than 15 consecutive days pursuant to the orders of his or her physician or confined to such nursing home by order of a physician, where such nursing home is used where an individual's disability requires immediate hospitalization and a bed is unavailable in a hospital (other than a nursing home).

(b) In addition to the certificate required by Section 2706.1, the waiver provided by this section shall be supported by a certificate stating the day when an individual's confinement in a hospital commenced, and stating that the confinement was 24 hours or more

in duration or that a full day's rate was charged and signed by the registrar or other appropriate official of the hospital. However, if it is not practical to obtain the certificate described in this subdivision, the department may use any other means it deems reasonable to obtain verification of the information required by this subdivision.

(D) Any institution which is operated as a hospital by the United States government or a duly authorized agency thereof.

(5) "Orders of his or her physician" means court order or physician's or health officer's certificate or order of a physician as defined in Section 3209.3 of the Labor Code or order of a practitioner duly authorized by any bona fide church, sect, denomination or

organization whose principles or teachings call for dependence for healing entirely upon prayer or spiritual means or order of a duly authorized medical officer of any facility of the United States government or order of any member of any one of the professions enumerated in Section 3209.3 of the Labor Code duly licensed by and practicing within the scope of such license in any state outside this state or in any foreign country, or in a territory or possession of any country.

SEC. 2. Section 2627.7 of the Unemployment Insurance Code is amended to read:

2627.7. (a) If an individual, pursuant to orders of his or her physician, receives treatment in a hospital surgical unit or a surgical clinic which requires a stay of less than 24 hours, any unexpired full days of the waiting period required by subdivision (b) of Section 2627 shall be waived, provided the individual is disabled for a period of eight days or more during the disability benefit period as a result of the treatment.

(b) In addition to the certificate required by Section 2706.1, the waiver provided by this section shall be supported by both of the following:

(1) A certificate stating the day the individual received such treatment, signed by an appropriate official of the hospital or clinic. However, if it is not practical to obtain this certificate, the department may use any other means it deems reasonable to obtain verification of the information required by this paragraph.

(2) A certificate that the individual is disabled for eight days or more as a result of such treatment, signed by his or her physician.

(c) As used in this section:

(1) "Hospital" means:

(A) Within the State of California, any institution which is licensed as a general hospital by the State Department of Health Services under Section 1253 of the Health and Safety Code.

(B) Outside the State of California, any institution in another state or foreign country, or in a territory or possession of any country, which is either:

(C) Any institution operated as a hospital by the United States government or a duly authorized agency thereof.

(2) "Surgical clinic" means a clinic which is not a part of and not operating under the license of a hospital, which is licensed by the State Department of Health Services under Section 1205 of the Health and Safety Code or is exempt from licensing under subdivision (b), (c), (d), or (f) of Section 1206 of that code, and which provides treatment for patients who remain less than 24 hours.

A surgical clinic does not include the offices of private physicians as defined in Section 3209.3 of the Labor Code in individual or group practice.

(3) "Surgical unit" means a unit located in or operating under the license of a hospital and providing treatment for patients who remain less than 24 hours.

(4) "Orders of his or her physician" means a court order or physician's or health officer's certificate or order of a physician as defined in Section 3209.3 of the Labor Code or order of a duly authorized medical officer of any facility of the United States government or order of any member of any one of the professions enumerated in Section 3209.3 of the Labor Code duly licensed by and practicing within the scope of such license in any state outside this state or in any foreign country, or in a territory or possession of any country.

SEC. 3. Section 2658 of the Unemployment Insurance Code is amended to read:

2658. Notwithstanding any inconsistent provisions in this part, except as provided in subdivision (b) of Section 2611, in determining the benefit rights of any person who was involved in a trade dispute during the disability base period, as determined pursuant to Section 2610, there shall be excluded from the disability base period those quarters during which the person performed no services in employment for 60 days or more as a result of a trade dispute. For all quarters so excluded there shall be substituted an equal number of quarters immediately preceding the commencement of the trade dispute. In the event the disability base period so determined includes wages in calendar quarters for which the records have been destroyed under proper approval, a claimant may establish the amount of wages by affidavit in accordance with authorized regulations. The quarter of commencement of the trade dispute shall be counted as a completed quarter if the director finds that the inclusion thereof would be more equitable to the claimant.

SEC. 4. Section 2675 of the Unemployment Insurance Code is amended to read:

2675. (a) An individual shall be disqualified from receiving benefits under this part if he or she has willfully, for the purpose of obtaining benefits, either made a false statement or representation, with actual knowledge of the falsity thereof, or withheld a material fact in order to obtain any benefits under this part.

(b) An individual disqualified under subdivision (a) under a determination transmitted to him or her by the department, shall be ineligible to receive benefits for the day during which there occurred the cause of the disqualification and for not less than seven nor more than 35 subsequent days for which he or she is otherwise eligible for benefits under this part. When successive disqualifications under subdivision (a) occur, the director may extend the period of ineligibility for an additional period not to exceed 56 days.

(c) If all or any of the assessed days of ineligibility cannot be served because the individual is no longer otherwise eligible for benefits under this part, the assessed days of ineligibility shall be applied to any subsequent disability benefit period for which he or she is otherwise eligible for benefits. No disqualification under this subdivision shall be applied, however, to any day of eligibility which falls beyond the three-year period next succeeding the date upon which the determination was mailed or served by the department.

SEC. 5. Section 2735.1 is added to the Unemployment Insurance Code, to read:

2735.1. If the director finds that an individual has been overpaid unemployment compensation disability benefits because he or she willfully, for the purpose of obtaining unemployment compensation disability benefits, either made a false statement or representation, with actual knowledge of the falsity thereof, or withheld a material fact, the director shall assess against the individual an amount equal to 30 percent of the overpayment amount. For the purpose of collection, an assessment made pursuant to this section may be treated as an overpayment. Assessments collected under this section shall be deposited in the Unemployment Compensation Disability Fund. No penalty under this section shall be assessed with regard to any false statement or representation made prior to January 1, 1986.

SEC. 6. Section 2770 of the Unemployment Insurance Code is amended to read:

2770. Except when subdivision (b) of Section 2611 is applicable, in determining the benefit rights of trainees the disability base period shall exclude those quarters during which the trainee was in military service 60 days or more. For all quarters so excluded there shall be substituted an equal number of quarters immediately preceding the trainee's entry into military service. In the event the base period so determined includes wages in calendar quarters for which the records have been destroyed under proper approval, the claimant may establish the amount of the wages by affidavit in accordance with authorized regulation. The quarter of entry into military service shall be counted as a completed quarter if the director finds that the inclusion thereof would be more equitable to the trainee.

SEC. 7. Section 2777 of the Unemployment Insurance Code is amended to read:

2777. Except as provided in subdivision (b) of Section 2611, in determining the benefit rights of any industrially disabled person the disability base period shall exclude those quarters during which such person was industrially disabled for 60 days or more. For all quarters so excluded there shall be substituted an equal number of quarters immediately preceding the commencement of his or her industrial disability. In the event the base period so determined includes wages in calendar quarters for which the records have been destroyed under proper approval, a claimant may establish the amount of wages by affidavit in accordance with authorized regulations. The

quarter of commencement of an industrial disability shall be counted as a completed quarter if the director finds that the inclusion thereof would be more equitable to the industrially disabled person.

CHAPTER 1212

An act to add Section 463 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 463 is added to the Public Utilities Code, to read:

463. (a) For purposes of establishing rates for any electrical or gas corporation, the commission shall disallow expenses reflecting the direct or indirect costs resulting from any unreasonable error or omission relating to the planning, construction, or operation of any portion of the corporation's plant which cost, or is estimated to have cost, more than fifty million dollars ($50,000,000), including any expenses resulting from delays caused by any unreasonable error or omission. Nothing in this section prohibits a finding by the commission of other unreasonable or imprudent expenses. This subdivision is a clarification of the existing authority of the commission, is not intended to limit or restrict any power or authority of the commission conferred by any other provision of law, and applies to all matters pending before the commission. This section does not prohibit the commission from establishing rates for an electrical or gas corporation on a basis other than an allowed rate of return on undepreciated capital costs.

(b) Whenever an electrical or gas corporation fails to prepare or maintain records sufficient to enable the commission to completely evaluate any relevant or potentially relevant issue related to the reasonableness and prudence of any expense relating to the planning, construction, or operation of the corporation's plant, the commission shall disallow that expense for purposes of establishing rates for the corporation. This subdivision does not apply where the commission determines that a reasonable person could not have anticipated either the relevance or potential relevance, to an evaluation of costs incurred on the project, of preparing or maintaining the records or the extent of recordkeeping required to adequately evaluate those costs.

(c) For purposes of this section:

(1) "Planning" includes, but is not limited to, activities related to the initial and subsequent assessments of the need for a plant construction project; the selection of contractors and the negotiation

of contract provisions; certification; project organization; and site selection, including the investigation and interpretation of environmental factors such as seismic conditions and other external factors affecting the construction, operation, and safety of the plant.

(2) "Construction" includes, but is not limited to, activities related to engineering such as the development and use of specifications, drawings, and procedures; the preparation and use of construction plans, including blueprints; procurement activities; repairs, replacement, redesign, or repositioning of equipment and facilities; startup activities; and quality assurance and quality control activities.

(3) "Operation" includes, but is not limited to, activities related to decisions affecting the timing and nature of the use of the plant; dispatch and control activities and decisions; and plant operation, fuel loading, and maintenance.

(4) "Error" includes, but is not limited to, any action or direction which causes an avoidable (i) increase in the time required to bring the plant to full commercial operation, (ii) change in the number or types of personnel or firms required to bring the plant to full commercial operation, (iii) increase in the number of worker hours required to complete any portion of the plant construction project, or (iv) change of equipment, configuration, design, schedule, or program.

(5) "Omission" includes, but is not limited to, any failure to act or to provide direction which causes an avoidable (i) increase in the time required to bring the plant to full commercial operation, (ii) change in the number or types of personnel or firms required to bring the plant to full commercial operation, (iii) increase in the number of worker hours required to complete any portion of the plant construction project, or (iv) change of equipment, configuration, design, schedule, or program.

SEC. 2. The Public Utilities Commission, in its final order and decision in the application of Pacific Gas and Electric Company for an increase in rates reflecting expenses related to the construction of that project known as the Diablo Canyon Nuclear Power Plant, if the commission determines that the company shall be allowed to earn a return on undepreciated capital costs related to the project, shall make specific findings as to those costs, if any, including costs resulting from delays, directly or indirectly related to (1) the discovery of the Hosgri seismic fault, the reasonableness or prudence of when that discovery was made, and the reasonableness of the company's response to that discovery and (2) the questionable use of blueprints, commonly known as the "mirror image" problem, together with any other issues related to the adequacy of the quality assurance program which may have been revealed subsequent to the discovery of the "mirror image" problem. The commission shall, in addition, make specific findings as to whether or not any of these matters constitute errors or omissions under Section 463 of the Public Utilities Code. This section does not apply if the commission

establishes the rates for the Diablo Canyon Nuclear Power Plant on a basis other than an allowed rate of return on undepreciated capital costs.

CHAPTER 1213

An act to amend Sections 71202 and 71203 of the Education Code, relating to community colleges.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds that:

(1) California's four billion one hundred million dollar ($4,100,000,000) restaurant industry is one of the state's largest industries, and contributes significantly to the welfare and enjoyment of California residents by providing employment opportunities and tax revenues, as well as superb dining experiences.

(2) California's restaurant industry is projected to grow at an annual rate of 7 percent for the next 10 years, creating many new, quality jobs for culinary arts professionals in the state. Projections also indicate that there will be a serious shortage of trained personnel to fill these new positions.

(3) The California community colleges, with 35 districts operating culinary arts programs, are an important source of training for people desiring to begin professional careers in California's food industry.

(b) In enacting this act, it is the intent of the Legislature that California play a leadership role in improving culinary arts programs by providing incentive funding for the formation of partnerships between community colleges and local restaurants.

SEC. 2. Section 71202 of the Education Code is amended to read:

71202. (a) For the purposes of this article, a qualified in-service training program is one which provides all of the following:

(1) Addresses one or more vocational education curriculum areas, including culinary arts and food service, that are affected by changing technology and workplace skills.

(2) Provides for a local contribution to match state funds through financial support or in-kind services. For the purposes of this paragraph, local matching funds may include, but not be limited to, funds received from any of the following:

(A) The federal Job Training Partnership Act.

(B) The Employment Training Panel.

(C) Business labor councils.

(D) The private sector.

(E) Private foundations.

(3) Is conducted at the worksite, or in specialized training facilities owned or operated by private industry for the purposes of training.

(b) For purposes of this section, the only item of approved expenditure attributable to the state appropriation for this article shall be the stipends for the teacher or counselor and the 10 percent administration expenses. Approvable costs shall not include reimbursements to private industry for facilities or employer services.

SEC. 3. Section 71203 of the Education Code is amended to read:

71203. In selecting proposals to receive in-service training grants under this article, the chancellor shall ensure that all of the following criteria are met:

(a) The maximum amount that an individual district receives within a 12-month period shall not exceed one hundred thousand dollars ($100,000), except that multicollege districts may qualify to receive within a 12-month period an amount equal to fifty thousand dollars ($50,000) multiplied times the number of colleges within the district.

(b) The proposals selected shall reflect the diverse makeup of geographical regions, district sizes, and vocational education program offerings of the community college districts. The chancellor shall ensure, to the extent local applications are submitted for consideration, that culinary arts and food service programs receive a reasonable share of the in-service training grants.

(c) The proposals selected shall reflect areas of greatest need, taking into consideration the projected demand for skilled employees in particular occupational areas as well as the prior in-service training, coursework, and work experience of instructors and counselors in all vocational education curriculum areas who are eligible to participate in the program.

SEC. 4. Funds appropriated for the purposes of this act shall not be included within "the total amount of money allocated for public education in California," as that term is used in Section 8880.1 of the Government Code, as added by the California State Lottery Act of 1984.

CHAPTER 1214

An act to amend Section 19460 of, and to add Chapter 10 (commencing with Section 19850) to Part 2 of Division 10 of, the Welfare and Institutions Code, relating to rehabilitation, and making an appropriation therefor.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 19460 of the Welfare and Institutions Code is amended to read:

19460. There is in the State Treasury a permanent revolving fund to be known as the Rehabilitation Revolving Loan Guarantee Fund, and to be administered by the department. There is within the Rehabilitation Revolving Loan Guarantee Fund the Supported Employment Revolving Loan Account. The money deposited in the fund is hereby appropriated, without regard to fiscal years, for the purposes of this article and Chapter 10 (commencing with Section 19890). The fund shall be used to guarantee loans made by eligible lenders to eligible persons for the purchase of vans, automobiles, and other special equipment to facilitate transportation of the physically handicapped, and to assist private employers and employees with disabilities to purchase durable equipment, adaptive aids, and assistive devices in order to engage in employment, including, but not limited to, supported employment as defined and determined by the department.

SEC. 2. Chapter 10 (commencing with Section 19850) is added to Part 2 of Division 10 of the Welfare and Institutions Code, to read:

CHAPTER 10. SUPPORTED EMPLOYMENT LOANS

19850. The Legislature finds and declares all of the following:

(a) The state has made a commitment to the development of appropriate vocational education, training, and employment-related activities for persons with disabilities.

(b) The goal of these activities is to provide that which is necessary for persons with disabilities to lead more independent, productive, and normal lives.

(c) The successful provision of these programs and services depends upon the cooperation of the public sector with the private sector, which is the primary source of competitive employment.

(d) The Department of Rehabilitation is the state department best suited to provide the leadership and coordination of activities necessary to ensure that persons with disabilities find the appropriate vocational training and employment opportunities.

(e) There is an important role to be played toward this goal by the Governor's Committee on Employment of the Handicapped, the Department of Developmental Services, the Employment Development Department, the State Department of Education, the community college system, and other state agencies.

(f) The federal government has announced a major initiative to influence the policies of states in the direction of "supported employment" for persons with disabilities who are unable to engage in competitive employment and who are not eligible for traditional vocational rehabilitation.

(g) The state must make a commitment to ensure there are

incentives for employers to hire persons with disabilities and that the disincentives to employment for these persons are eliminated.

19851. The Legislature also finds and declares that a loan guarantee program to assist employers and employees with disabilities to purchase durable equipment, adaptive aids, and assistive devices in order to engage in employment or supported employment, as defined by the department, is necessary to enable disabled persons to become effective participants in the work force.

19852. As used in this chapter:

(a) "Account" means the Supported Employment Revolving Loan Guarantee Account created pursuant to Section 19460.

(b) "Supported employment" means an alternative method of providing day activity services to individuals who do not qualify for vocational rehabilitation. There are four characteristics which distinguish "supported employment" from both vocational rehabilitation services and traditional methods of providing day activity services: (1) service recipients appear to lack the potential for unassisted competitive employment; (2) ongoing training, supervision and support services must be provided; (3) the opportunity is designed to provide the same benefits that other persons receive from work, such as an adequate income level, quality of working life, security, and mobility; and (4) there is flexibility in the provision of support which is necessary to enable the person to function effectively at the worksite.

19853. The Supported Employment Revolving Loan Guarantee Account shall be administered by the Department of Rehabilitation.

(a) Loan guarantees may be made to private employers and employees with disabilities to purchase durable equipment, adaptive aids, and assistive devices in order to engage in employment upon such terms and conditions as the department may, by regulation, determine. Nothing in this section shall be construed to allow public employers to abrogate their "reasonable accommodation" and related responsibilities pursuant to federal and state laws. Nothing in this section shall be construed to prevent the assistance of employees with disabilities who have been successfully rehabilitated or who are not eligible for vocational rehabilitative services with funds from the loan guarantee account to purchase newly developed equipment or to replace worn or obsolete equipment.

(b) In making decisions about eligibility for loan guarantees pursuant to this section, the department shall determine whether the person requesting a loan guarantee is not able to purchase the needed durable equipment, adaptive aid, or assistive device from a free or less costly source, including, but not limited to, Medi-Cal or vocational rehabilitation. In recommending eligibility for a loan from this account for an employee, the department shall make any loan guarantee contingent upon the employment of the person and upon a determination that the person reasonably can be expected to repay the loan given the expected income.

(c) The effective interest rate to the borrower shall be a percent

per annum, which is less than the fair market interest rate at the time the loan guarantee request is considered by the department, and which is based upon the ability of the borrower to pay, as determined by the department. When an application for a loan guarantee is approved by the department, the differential interest between the percent per annum approved by the department and the rate charged by the participating lender shall be prepaid by the department out of the supported employment loan guarantee account. If the borrower defaults on any loan guaranteed by this program, the participating lenders shall reimburse the department for any interest not accrued, after deduction for any unavoidable loss suffered by the lender.

(d) To the extent possible, loans made pursuant to this chapter shall provide for a security interest to be given the lending institution in the equipment, aids, and devices for which the loan is made.

19854. The department shall provide information to applicants for guarantees from the loan guarantee account on ways to eliminate disincentives to employment, including, but not limited to, the federal "special benefits" program pursuant to subsections (a) and (b) of Section 1619 of the Social Security Act, the Supplemental Security Income (SSI) "Extended Period of Eligibility" (EPE), the development of a "Plan to Achieve Self Support" (PASS), and the "Income Related Work Expense" (IRWE) options.

19855. No more than 10 percent per fiscal year of the account may be used by the department for documented administrative costs incurred in administering the account. The department may enter into contracts with any public or private party for the provision of services relating to the administration of this program.

19856. The department shall report on the utilization of the account to the Legislature by July 1, 1987. The report shall include, but not be limited to, (a) information on the types and costs of equipment, aids, and devices purchased with money from the account; (b) difficulties encountered in administering the account; (c) recommendations for changes in the provisions of this chapter; and (d) data on the fiscal impact and any savings to the state's General Fund as a result of assisting persons with disabilities in becoming engaged in employment through the provisions of this chapter.

19857. The Legislature finds and declares that there are persons with disabilities who are unable to purchase appropriate, individually tailored systems which will enable them to communicate and function within our communities. There is currently a lack of continuity of financing for some individuals for research, development, and clinical application of custom solutions which are unavailable commercially.

(a) The Legislature hereby authorizes the Director of Rehabilitation to fund two dependency reduction projects in order to make available for these persons for whom there is no source of funding for all or part of the services necessary to provide the

custom-tailored communication and functioning devices and systems, which will meet their needs and which are unavailable commercially. The dependency reduction projects shall be nonprofit corporations or educational institutions which have demonstrated abilities to provide necessary research, development, and clinical application of custom-tailored devices and systems.

(b) In determining what entities to designate as dependency reduction projects, the director shall take into account the willingness and ability of a prospective contractor to make any custom-tailored devices and systems available at reasonable costs for other persons with similar needs. The director may grant a license or the right of ownership for any devices or custom-tailored systems. This shall be addressed by the department in any regulations promulgated pursuant to the authority in this chapter.

For purposes of this section, a "custom-tailored system" which is unavailable commercially may consist of one or more commercially available components.

The projects shall provide direct client services which will include assessment, training, support, and followup services, which will ensure that the person is able to use successfully a custom-tailored device or system.

The department shall work closely with the dependency reduction projects in order to determine to what extent there might be any cost sharing or joint venture with the department and to ensure that there is no duplication of funding for any of the necessary services. No more than 10 percent of the appropriation shall be used by the department to develop, award, or administer the projects. The department may enter into contracts with any public or private party for the provision of services relating to the administration of this program.

(c) By October 1, 1986, the director shall report to the Legislature on the effectiveness of the dependency reduction projects in meeting the requirements of this chapter and shall make recommendations of policy changes which will ensure that persons with needs similar to those who have been served under the projects will be able to obtain necessary, individually tailored devices and systems at reasonable costs. This report shall include any recommendations on any other state agencies which should be responsible for providing, or paying for, any of the services which are necessary in order to implement the requirements of the dependency reduction projects.

(d) This section shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before that date, deletes or extends that date.

SEC. 3. Subject to the availability of funds, the sum of two hundred thousand dollars ($200,000) is hereby appropriated from the Rehabilitation Revolving Loan Guarantee Fund to the Department of Rehabilitation for deposit in the Supported Employment Revolving Loan Account for the purposes of Section 2

of this act.

SEC. 4. There is hereby appropriated two hundred fifty thousand dollars ($250,000) from the General Fund to the Department of Rehabilitation for purposes of the dependency reduction projects of this act.

CHAPTER 1216

An act to add and repeal Chapter 12 (commencing with Section 11100) of Part 7 of the Education Code, relating to hyperactive children, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 11100) is added to Part 7 of the Education Code, to read:

CHAPTER 12. PILOT PROJECT ON HYPERACTIVITY

11100. The Legislature finds that there is a high correlation between hyperactivity in children and juvenile delinquency. Studies have indicated that between 5 percent and 15 percent of school age children may easily be identified as being hyperactive. Though these children possess normal intelligence, their ability to learn is affected by their hyperactivity in a way that causes them serious social and academic problems. Estimates indicate that more than half of all male admissions to the California Youth Authority are hyperactive and that the average period of confinement of these hyperactive youths is substantially higher than nonhyperactive youths.

The Legislature further finds that little effort has been made to identify or assist hyperactive children, that methods for identification and assistance have been developed but have not been adequately tested, and that successful identification and assistance throughout California schools have the potential of significantly decreasing juvenile crime and correspondingly increasing the safety of the people of California.

11101. For purposes of this chapter, "hyperactivity" means Attention Deficit Disorder with Hyperactivity, as set forth in the Diagnostic and Statistical Manual of Mental Disorders, Third Edition, and is characterized by the following:

(1) Severely limited attention span.

(2) Impulsivity.

(3) Excessive motor activity.

(4) Poor organizational skills such as disorganized written and manual production.

(5) Difficulty in following oral directions.

Associated features include obstinacy, stubbornness, negativism, bossiness, bullying, increased mood lability, low frustration tolerance, temper outbursts, low self-esteem, and lack of response to discipline.

11102. There is hereby established a three-year Pilot Project on Hyperactivity in the San Diego Unified School District of San Diego County, the Lincoln School District of San Joaquin County, and the Long Beach Unified School District of Los Angeles County. The project shall use existing identification and assistance programs within those school districts and shall develop the programs in accordance with all of the following:

(a) The project shall serve hyperactive children enrolled in kindergarten and grades 1 through 6 who are not currently being served by any existing program.

(b) The project shall serve hyperactive children who have been referred by any of the following:

(1) A screening process.

(2) A teacher.

(3) Pupil personnel services.

(4) Other school personnel who have had opportunities to observe hyperactive children in interpersonal contacts.

(5) Parents.

(c) The project in each district shall include, but not be limited to, all of the following:

(1) School-based counseling and psychological services.

(2) Educational therapy.

(3) Nutritional evaluation.

(4) Parental involvement in the treatment programs.

(5) Referral to appropriate public and private community services for children in need of such a referral.

(d) Parental consent shall be obtained prior to the participation of a child in the project.

(e) No provision of this chapter shall be construed to authorize pilot project personnel to administer medication to any child participating in the project.

(f) All direct and indirect costs of the pilot project shall not exceed, and shall be paid solely from, funds appropriated for the purposes of this chapter.

11103. (a) There is hereby established a Joint Task Force on

Hyperactivity of the State Department of Justice and the State Department of Education. The task force shall be comprised of the following members:

(1) The Superintendent of Public Instruction, or his or her designee, who shall serve as chairperson of the task force.

(2) The Attorney General, or his or her designee.

(3) A psychiatrist specializing in hyperactivity, appointed by the Superintendent of Public Instruction.

(4) A representative from each of the school districts designated in Section 11102.

(5) A parent of a hyperactive child, appointed by the Superintendent of Public Instruction.

(6) A nutritionist, appointed by the Superintendent of Public Instruction.

(b) The task force shall oversee the implementation of the pilot project, provide information on its progress to other school districts, and offer assistance to other school districts wishing to adopt similar programs.

11104. (a) The task force shall develop a uniform system for the maintenance of records regarding each child identified as being hyperactive. The records shall include all of the following information:

(1) The assistance recommended and provided, if any.

(2) The nature of any serious disciplinary offense occurring while the child was at school.

(3) The nature of any criminal offense committed by the child during the time he or she was enrolled in the school district.

(4) The child's success or failure in completing the school program.

(b) The task force shall encourage other school districts to adopt this record keeping system.

(c) The information collected by the system shall be examined to determine what type of program, if any, and what method of assistance, if any, reduced childhood antisocial behavior, enhanced academic performance, and improved social adjustment.

(d) Information within the system which identifies any individual is confidential, and, except as authorized by this section, disclosure of that information is a misdemeanor. A coded identification system, which replaces the name of an individual with a code, shall be developed for recordkeeping purposes. The name of each individual and his or her corresponding code shall appear on a master list. The master list is, and shall be designated, confidential and shall be stored in a locked file. Upon the termination of the project, the master list shall be destroyed. The fact that information about an individual has been collected by the system is not admissible in any legal proceedings.

(e) At the end of the pilot project, the records, excepting all names and other personally identifiable information, shall be deposited with the Health Unit of the State Department of

Education.

11105. The task force shall report to the Legislature on or before January 1, 1989, on the progress of the pilot project and on whether or not the project has confirmed the Legislature's findings stated in Section 11100. The task force shall also recommend whatever additional legislation it finds advisable.

11106. This chapter shall become inoperative on July 1, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The sum of two hundred ten thousand dollars ($210,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for purposes of Chapter 12 (commencing with Section 11100) of Part 7 of the Education Code, for allocation according to the following schedule:

(a) To the San Diego Unified School District, for the 1986–87 fiscal year	$70,000 per fiscal year
(b) To the Lincoln School District, for the 1986–87 fiscal year	$70,000 per fiscal year
(c) To the Long Beach Unified School District, for the 1986–87 fiscal year	$70,000 per fiscal year

SEC. 3. It is the intent of the Legislature that funding for the purposes of Chapter 12 (commencing with Section 11100) of Part 7 of the Education Code for the 1987–88 and 1988–89 fiscal years be provided in the annual Budget Act for each of those fiscal years.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the funds to be allocated to the affected school districts pursuant to Section 2 of this act are sufficient to pay for the program or level of service mandated by this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

So that the Joint Task Force on Hyperactivity of the State Department of Justice and the State Department of Education may begin its work as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1217

An act to amend Sections 710, 1026, 1255.3, and 1585 of, to add Section 806 to, and to repeal Article 7 (commencing with Section 841) of Chapter 3 of Part 1 of Division 1 of, the Unemployment Insurance Code, and to repeal Sections 106 and 107 of Chapter 2 of the Statutes of 1978, relating to unemployment insurance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(1) Untold numbers of Californians, particularly senior citizens, have been notified by the Employment Development Department that they are liable for unemployment insurance compensation benefit overpayments and for penalty assessments pursuant to Sections 1255.3, 1375, and 1375.1 of the Unemployment Insurance Code. As a result, the economic hardship on these Californians will be severe in many instances since these persons are receiving retirement pension income and a significant number of them are partially employed in order to supplement their family income.

(2) The Employment Development Department is conducting a manual search of thousands of unemployment insurance claims with the intent to recover untold numbers of overpayments which were made to senior citizens. The repayments range from ten dollars ($10) to three thousand dollars ($3,000) and require recipients to complete family financial data questionnaires in order to determine whether waiver of repayment is in order.

(3) Unknown numbers of Californians were not notified pursuant to Employment Development Department Field Office Directive 83-181 U.I. that there was any dispute regarding their entitlement to full unemployment insurance compensation benefits. This uncertainty with regard to notification was recently determined by a unanimous vote of the California Unemployment Insurance Appeals Board in Precedent Benefit Decision No. P-B-438, issued December 18, 1984, and in Precedent Benefit Decision No. P-B-439, issued January 29, 1985.

(4) The Employment Development Department failed to respond in a timely manner to a written legislative inquiry and request for documentation dated November 8, 1984, on this unemployment insurance compensation and pension offset issue.

(5) The United States Congress, in enacting Public Law 94-566, amended the Federal Unemployment Tax Act to require states to enact legislation which would withhold from unemployment

insurance benefits the amount of all prior work pension benefits received by a claimant from any source, effective with weeks beginning after September 30, 1979. The Congress later deferred the implementation date to weeks beginning after March 31, 1980, by House Resolution 3904. Tremendous public interest prompted the Congress to reexamine the pension offset issue, which resulted in the passage of Public Law 96-364. This act amended the pension offset program, for weeks beginning on or after November 1, 1980, to provide that pensions are deductible only if specific factors were present, and the act permitted the states the option of not deducting that portion of the pension benefit attributable to contributions made by the individuals.

(6) Conflicting interpretations with respect to the application of Section 1255.3 of the Unemployment Insurance Code have resulted in litigation. As a result, on May 2, 1982, a federal district court in the case of Rivera v. Patino (524 F. Supp. 136) held that if entitlement to social security benefits was earned prior to base period employment, the social security benefits could not be used to offset unemployment insurance benefits. The United States Ninth Circuit Court of Appeals reversed the district court's decision in Rivera v. Becerra and Donovan (714 F. 2d 887) on August 29, 1983. This decision was stayed on September 28, 1983, pending disposition by the United States Supreme Court of a petition for writ of certiorari. The Supreme Court denied certiorari and the self-imposed stay was lifted by the ninth circuit court on March 19, 1984.

(7) The Employment Development Department issued Field Office Directive No. 83-33, dated March 18, 1983, to inform its field offices that an appeal had been filed by the Department of Labor from the Rivera decision and that it would be necessary to inform claimants who were held to be eligible for benefits under the provisions of the Rivera criteria that an appeal from that decision had been filed and that they may have to repay any benefits received under the Rivera ruling should a higher court reverse that decision. The department developed a form DE 4240 to advise the claimants that they may be required to repay an overpayment in the event of an adverse decision by the courts in the Rivera case.

(8) In Gilles v. Dept. of Human Resources (11 Cal. 3d 313) the court indicated that equity and good conscience, the language used in Section 1375 of the Unemployment Insurance Code, was not rigid and specific, but looked to the basic precepts of justice and morality. The court indicated that notice is indeed one relevant factor, since the claimant who receives timely warning that he or she may be called upon to repay benefits cannot blindly assume no such obligation will be imposed. Under the Gilles, supra, situation, when a department knows litigation is pending and knows that the claimant may be required to repay benefits but fails to warn the claimant, the claimant thus loses the option of declining to accept benefits or accepting benefits and placing himself or herself in a position to repay.

(9) The Employment Development Department's rules and regulations, specifically Section 1375-1(d)(1) of Title 22 of the California Administrative Code, deal specifically with notice to the claimant and provide that a claimant is not liable for repayment of an overpayment in circumstances where an appeal is pending unless the claimant has had notice of a prospective requirement of repaying the overpayed benefits.

It was the intent of the Legislature in passing Chapter 1174 of the Statutes of 1980 to provide unemployment insurance compensation claimants with relaxed provisions of the federal pension offset law. Further, it was the intent of the Legislature in enacting Section 1255.4 of the Unemployment Insurance Code to provide that it is deemed to be against equity and good conscience within the meaning of subdivision (d) of Section 1375 of Title 22 of the California Administrative Code to collect an overpayment relating to a military pension based on medical disability and subject to the pension offset requirements enacted by Chapter 1174 of the Statutes of 1980.

It is further the intent of the Legislature in this act to require the Employment Development Department to cease benefit overpayment assessments and penalty assessments in social security pension offset situations, to retroactively return to these claimants any payments or penalty assessments which they have tendered and to utilize the proceeds of the Benefit Audit Fund and Unemployment Insurance Trust Fund for the purpose of ensuring that appropriate moneys are available to meet these required actions.

It is the intent of the Legislature in this act to prohibit the deduction of social security pensions received from base-period employers from all types of unemployment compensation benefits since November 1, 1980.

The Legislature further intends to maintain a pension offset standard while recognizing the equity issue between social security pensions and all other pensions. In addressing the "all other pensions" equity issue, the Legislature intends to permit a reduction of unemployment compensation benefits based on pension moneys attributable to the employer contributions which are presumed to occur after the claimant has received all of his or her own contributions plus interest and earnings.

SEC. 2. The Legislature hereby finds and declares that Chapter 2 of the Statutes of 1978, which requires local public employees to be covered by the state unemployment insurance law, constitutes a state-mandated local program, and, thus, local public entity costs incurred in complying with Chapter 2 are to be reimbursed by the state pursuant to Section 6 of Article XIII B of the California Constitution. Pursuant to Section 6 of Article XIII B of the California Constitution, and notwithstanding any other provision of law, the state shall not be liable for claims prior to July 1, 1980.

SEC. 3. Section 710 of the Unemployment Insurance Code is

amended to read:

710. (a) Any public entity for which services that do constitute employment under Section 605 are performed and for which other services that do not constitute employment are performed may elect to become an employer subject to this part and Parts 3 (commencing with Section 3501) and 4 (commencing with Section 4001) of this division for not less than two calendar years with respect to those other services and to have those other services performed by its employees constitute employment subject to this part and Parts 3 and 4 for that period. Upon the filing of an election the filing public entity shall, upon approval by the director, become an employer subject to this part and Parts 3 and 4 with respect to the services covered to the same extent as other employers, and those services performed by its employees, including those with civil service or tenure positions, shall constitute employment subject to this part and Parts 3 and 4 effective on the first day of the calendar quarter following the quarter in which the election is filed.

(b) The public entity may exclude from coverage under an election pursuant to this section any service excluded under Section 634.5.

(c) Any public entity that has elected coverage under this section may elect any method of financing coverage otherwise permitted under Section 803 or Article 6 (commencing with Section 821), but the same method of financing coverage shall apply to all coverage by the public entity. Subdivision (b) of Section 802 shall apply to any election under Section 803, except that any election under Section 803 shall be terminated on the effective date of the termination of an election for coverage under this section.

(d) The director may require from the public entity employment, financial, statistical, or other information and reports, properly verified, as may be deemed necessary by the director to carry out his or her duties under this division, which shall be filed with the director at the time and in the manner prescribed by him or her.

(e) The director may tabulate and publish information obtained pursuant to this section in statistical form and may divulge the name of the public entity.

(f) The public entity shall keep work records as prescribed by the director for the proper administration of this division.

(g) Except as inconsistent with the provisions of this section, the provisions of this division and authorized regulations shall apply to any matter arising pursuant to this section.

SEC. 4. Section 806 is added to the Unemployment Insurance Code, to read:

806. (a) The department shall give notice, as required by Section 1327, to each public entity, as defined by Section 605, which has elected a method of financing under Section 803 at a single address to be selected by the entity.

(b) The department shall implement subdivision (a) according to the following schedule:

(1) For the State of California, by July 1, 1986.

(2) For all public entities with more than 100 employees, by October 1, 1986.

(3) For all other local public entities, by January 1, 1987.

SEC. 5. Article 7 (commencing with Section 841) of Chapter 3 of Part 1 of Division 1 of the Unemployment Insurance Code is repealed.

SEC. 6. Section 1026 of the Unemployment Insurance Code is amended to read:

1026. (a) The director shall maintain a separate account for each employer, and shall credit each account with all the contributions paid on his or her behalf.

(b) Unemployment compensation benefits paid to an unemployed individual during any benefit year shall be charged against the account of his or her employer during his or her base period, but if the individual performed services in employment for more than one employer during his or her base period, unemployment compensation benefits paid to him or her shall be charged against the respective accounts of the employers in the proportion that the total wages paid to the individual in employment for each employer bears to the total wages paid to the individual in employment for all employers during the base period.

(c) The director shall credit the interest earned by the Unemployment Fund to each positive reserve employer account in proportion to the amount the account bears to the total of all positive reserve accounts.

(d) Except as provided by Sections 803, 804, 821, and 1032.7, and Chapter 5.8 (commencing with Section 1480), in proportion to the amount each employer's taxable wages bears to the total of all employers' taxable wages, the director shall credit to each employer account all of the following:

(1) Benefit overpayments collected in the four quarters prior to the computation date.

(2) Contributions paid pursuant to Section 978.5.

(3) Positive balances in reserve accounts canceled pursuant to Section 1029.

(4) Other nontax income.

(e) Except as provided by Sections 803, 804, 821, and 1032.7, and Chapter 5.8 (commencing with Section 1480), in the same proportion as provided in subdivision (d), the director shall charge to each employer account all of the following:

(1) The amount of negative reserve balances accrued to the computation date each year.

(2) Benefit overpayments established in the four quarters prior to the computation date.

(3) Benefits not charged to employer reserve accounts pursuant to Section 1032, 1032.5, 1034, 1035, 1036, 1335, 1338, or 1380.

(4) Other items of expense and benefit charges not included in active employer reserve accounts.

SEC. 7. Section 1255.3 of the Unemployment Insurance Code is amended to read:

1255.3. (a) Except as provided by subdivision (c), the amount of unemployment compensation benefits, extended duration benefits, and federal-state extended benefits payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which that individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of the individual shall be reduced, but not below zero, by an amount equal to the amount of the pension, retirement or retired pay, annuity, or other payment, which is reasonably attributable to that week.

(b) Subdivision (a) shall be operative only during such time as Section 3304 of the Federal Unemployment Tax Act requires that state unemployment insurance laws contain those provisions as a condition of certification of state unemployment insurance laws by the Secretary of Labor.

(c) (1) Subdivision (a) shall apply to any pension, retirement or retired pay, annuity, or other similar periodic payment only if both of the following are met:

(A) The pension, retirement or retired pay, annuity, or similar payment is under a plan maintained (or contributed to) by a base period or chargeable employer.

(B) In the case of such a payment not made under the federal Social Security Act or the federal Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), services performed for the employer by the individual after the beginning of the base period (or remuneration for such services) affect eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or similar periodic payment.

(2) In addition, subdivision (a) shall not apply to federal old-age, survivors, and disability insurance benefits provided for under Title II of the federal Social Security Act (42 U.S.C. Sec. 401 et seq.).

It shall be presumed that any moneys, including interest and earnings, received by a claimant from any pension, retirement or retired pay, annuity, or other similar periodic payment are divisible between the employee and employer contributions. It is further presumed that employee's contributions are received prior to employer contributions. Under these circumstances, the employee's contributions shall not apply to subdivision (a).

(d) The provisions of subdivision (a) shall not apply to that portion of any pension, retirement or retired pay, annuity or other similar periodic payment which is attributable to contributions made by the individual for the pension, retirement or retired pay, annuity, or other similar periodic payment.

(e) Except as otherwise provided in subdivision (f), the amendments made to subdivision (c) of this section during the 1985 portion of the 1985–86 Regular Session shall apply retroactively to all unemployment compensation benefits, extended duration benefits,

and federal-state extended benefits, payable to an individual for any week which begins after November 1, 1980.

(f) Notwithstanding Section 1341, the retroactive application of subdivision (c), as provided in subdivision (e), shall be limited to benefits payable to claimants who are alive on the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are

any of the following:

(a) Preliminary drafts, notes, or interagency or intraagency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, until the pending litigation or claim has been finally adjudicated or otherwise settled.

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any such investigatory or security files compiled by any other state or local police agency, or any such investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, vandalism, vehicle theft, or a crime of violence as

defined by subdivision (b) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation; provided, however, that nothing in this division shall require the disclosure of that portion of those investigative files which reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name, current address, and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) The time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date and location of occurrence, the time and date of the report, the name, age and current address of the victim, except that the address of the victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code shall not be disclosed, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or weapons involved.

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained, provided, however, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with the licensing agency to establish his or her personal qualification for the license, certificate, or permit applied for.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of the financial data would be competitively injurious to the applicant and the data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application which are subject to disclosure under this chapter.

(p) Records of state agencies related to activities governed by Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1, Chapter 10.5 (commencing with Section 3525) of Division 4 of Title 1, and Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, which reveal a state agency's deliberative processes, impressions, evaluations, opinions, recommendations, meeting minutes, research, work products, theories, or strategy, or which provide instruction, advice, or training to employees who do not have full collective bargaining and representation rights under the above chapters. Nothing in this subdivision shall be construed to limit the disclosure duties of a state agency with respect to any other records relating to the activities governed by the employee relations acts referred to in this subdivision.

(q) Records of state agencies related to activities governed by Articles 2.6 (commencing with Section 14081), 2.8 (commencing with Section 14087.5), and 2.91 (commencing with Section 14089) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, which reveal the special negotiator's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services, impressions, opinions, recommendations, meeting minutes, research, work product,

theories, or strategy, or which provide instruction, advice, or training to employees.

Except for the portion of a contract containing the rates of payment, contracts for inpatient services entered into pursuant to these articles, on or after April 1, 1984, shall be open to inspection one year after they are fully executed. In the event that a contract for inpatient services which is entered into prior to April 1, 1984, is amended on or after April 1, 1984, the amendment, except for any portion containing the rates of payment, shall be open to inspection one year after it is fully executed. If the California Medical Assistance Commission enters into contracts with health care providers for other than inpatient hospital services, those contracts shall be open to inspection one year after they are fully executed.

Three years after a contract or amendment is open to inspection under this subdivision, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

Notwithstanding any other provision of law, the entire contract or amendment shall be open to inspection by the Joint Legislative Audit Committee. The Joint Legislative Audit Committee shall maintain the confidentiality of the contracts and amendments until such time as a contract or amendment is fully open to inspection by the public.

(r) Records of Native American graves, cemeteries, and sacred places maintained by the Native American Heritage Commission.

(s) A final accreditation report of the Joint Commission on Accreditation of Hospitals which has been transmitted to the State Department of Health Services pursuant to subdivision (b) of Section 1282 of the Health and Safety Code.

Nothing in this section is to be construed as preventing any agency from opening its records concerning the administration of the agency to public inspection, unless disclosure is otherwise prohibited by law.

Nothing in this section is to be construed as preventing any health facility from disclosing to a certified bargaining agent relevant financing information pursuant to Section 8 of the National Labor Relations Act.

SEC. 2. Section 14165.9 of the Welfare and Institutions Code is amended to read:

The May report shall serve as an update of information contained in subdivisions (a) to (c), inclusive, of the January report.

CHAPTER 1219

An act to add and repeal Section 19356.5 to the Welfare and Institutions Code, relating to habilitation services, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985. Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 19356.5 is added to the Welfare and Institutions Code, to read:

19356.5. (a) Notwithstanding subdivision (b) of Section 19356, the department shall have the authority to set rates for new work activity programs commencing with the 1985–86 fiscal year. Subdivision (a) of Section 19356, and regulations promulgated thereunder, shall govern the establishment of new work activity programs in terms of confirming the need for a new work activity program, the capacity of that program to deliver services effectively, and the ability of the program to comply with accreditation and certification requirements of the Habilitation Services Program where applicable. For purposes of this section, new work activity programs shall include those which first began providing habilitation services in the 1984–85 fiscal year at rates based on the statewide average rate.

New work activity programs shall not include any existing work activity program components currently funded by the department or any related or successor organizations to such work activity programs. This definition of a new work activity program is intended to prevent any work activity program from frustrating the purposes of this section by reorganizing in an attempt to qualify as a new work activity program. This limitation is not, however, intended to restrict the establishment of a new program component by an existing

provider, as specified in paragraphs (2) and (3) of subdivision (d).

(b) When a new work activity program has a historical cost period on which to base a rate, as specified in subdivision (a) of Section 19356, and the regulations promulgated thereunder, the department shall set the rate in accordance with that subdivision and the rate derived thereby shall, subject to rate adjustments provided by law, remain the rate of that work activity program until July 1, 1988.

(c) Whenever a new work activity program does not have a historical cost period on which to base a rate, the rate for that work activity program shall, for the first state fiscal year of funding under this chapter, be based on a statewide average rate. The department shall set the rate for the second fiscal year of funding under this chapter in accordance with subdivision (b).

(d) Any rate determined pursuant to subdivision (c) shall be set according to whichever of the following statewide averages is most applicable, with respect to the purpose or size of the new work activity programs:

(1) The statewide average rate of all work activity programs of similar size based on the average number of all clients served in all work related programs in the historical cost period of those work activity programs. Average rates shall be determined for work activity programs serving an average of one to 30 clients, 31 to 100 clients, and more than 100 clients.

(2) The statewide average rate of all work activity programs, without regard to size, which have as their primary purpose the provision of services to meet the habilitation needs of special groups of persons with developmental disabilities such as persons with cerebral palsy or autism.

(3) The statewide average rate of all work activity programs, without regard to size, which have as their primary purpose the provision of community integrated services including, but not limited to, work stations within industry, supervision at the employer site, on-the-job support, job coaching, job-placement followup, and employer intervention.

(e) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. (a) The sum of six hundred thousand dollars ($600,000) is hereby appropriated from the General Fund to the Department of Rehabilitation, for expenditure during the 1985–86 fiscal year, in order to implement Section 19356.5 of the Welfare and Institutions Code, as contained in Section 1 of this act. If the amount of six hundred thousand dollars ($600,000) appropriated by the Budget Act of 1985 may be used to implement Section 19356.5 of the Welfare and Institutions Code, then those funds shall be used to implement that section in lieu of the appropriation made by this subdivision.

(b) If all funds appropriated for purposes of implementing Section 19356.5 of the Welfare and Institutions Code, either for the

1985–86 fiscal year, or for any subsequent fiscal year, are expended prior to the end of the applicable fiscal year, the Department of Rehabilitation may utilize other funds appropriated for purposes of Chapter 4.5 (commencing with Section 19350) of Division 10 of the Welfare and Institutions Code in order to implement Section 19356.5 of the Welfare and Institutions Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that an adequate ratesetting methodology for services provided by work activity programs being funded by the Department of Rehabilitation is established for the 1985–86 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 1220

An act to repeal Article 1.1 (commencing with Section 8756) of Chapter 4 of Part 3 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 1.1 (commencing with Section 8756) of Chapter 4 of Part 3 of Division 2 of the Revenue and Taxation Code is repealed.

CHAPTER 1221

An act to amend Sections 14005.16 and 14006.2 of the Welfare and Institutions Code, to amend Section 1 of Chapter 1518 of the Statutes of 1984, and to repeal Section 2 of Chapter 1031 of the Statutes of 1983, relating to medical assistance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1985 Filed with Secretary of State September 29, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 14005.16 of the Welfare and Institutions Code is amended to read:

14005.16. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who resides in a

skilled nursing facility or an intermediate care facility, and who is in a Medi-Cal family budget unit separate from that of his or her spouse, the community property interest of the noninstitutionalized spouse in the income of the married individual shall not be considered income available to that individual.

(b) For the purposes of this section, there shall be a presumption, rebuttable by either spouse, that each spouse has a community property interest in one-half of the total monthly income of both spouses.

SEC. 2. Section 14006.2 of the Welfare and Institutions Code is amended to read:

14006.2. (a) In determining the eligibility of a married individual, pursuant to Section 14005.4 or 14005.7, who, in accordance with Title XIX of the federal Social Security Act and regulations adopted pursuant thereto, is considered to be living separately from his or her spouse, the individual shall be considered to have made a transfer of resources for full and adequate consideration under Section 14006 or 14015 by reason of either of the following:

(1) Having entered into a written agreement with his or her spouse dividing their community property into equal shares of separate property. Property so agreed to be separate property shall be considered by the department to be the separate property of the spouse who, pursuant to the agreement, is the owner of the property. Only in cases in which separate property owned by one spouse is actually made available to the other spouse, may the department count the separate property in the eligibility determination of the nonowner spouse.

(2) Having transferred to his or her spouse all of his or her interest in a home, whether the transfer was made before or after the individual became a resident in a skilled nursing facility or an intermediate care facility in accordance with and to the extent permitted by Title XIX of the federal Social Security Act and regulations promulgated pursuant thereto.

(b) The department shall furnish to all Medi-Cal applicants a clear and simple statement in writing advising them that (1) in the case of an individual who is an inpatient in a skilled nursing facility, intermediate care facility or other medical institution, if the individual or the individual's conservator transferred to the individual's spouse all of the interest in a home, the individual shall not be considered ineligible for Medi-Cal by reason of the transfer; and that (2) if the individual and the individual's spouse execute a written interspousal agreement which divides and transmutes community property into equal shares of separate property, the separate property of the individual's spouse shall not be considered available to the individual and need not be spent by the spouse for the individual's care in a skilled nursing facility, intermediate care facility or other medical institution. The statement provided for in this subdivision shall also be furnished to each individual admitted to a skilled nursing or intermediate care facility, along with, but

separately from, the statement required under Section 72527 of Title 22 of the California Administrative Code.

(c) In order to qualify for Medi-Cal benefits pursuant to Section 14005.4 or 14005.7, a married individual who resides in a skilled nursing facility or intermediate care facility, and who is in a Medi-Cal budget unit separate from that of his or her spouse, shall be required to expend his or her other resources for his or her own benefit, so that the amount which remains does not exceed the limit established pursuant to subdivision (c) of Section 14006. For purposes of this section, the term "his or her other resources" shall be limited to the following:

(1) All of his or her separate property that would not have been exempt under applicable Medi-Cal laws and regulations at the time when he or she entered a skilled nursing or intermediate care facility, or at the date of execution of the agreement referred to in this section, whichever is earlier. For purposes of this paragraph, the mere change of residence from one facility to another shall not be deemed to be a new entry.

(2) One-half of all the community property, or the proceeds from the sale or exchange of that property, that would not have been exempt at the time described in paragraph (1).

(d) For purposes of subdivision (c), in the absence of an agreement such as that referred to in subdivision (a), there shall be a presumption, rebuttable by either spouse, that all property owned by either spouse was community property.

(e) The statement furnished pursuant to subdivision (b) shall advise all persons entering a long-term care facility, and all Medi-Cal applicants that only their half of the community property shall be taken into account in determining their eligibility for Medi-Cal, whether or not they execute the written interspousal agreement referred to in the statement.

SEC. 3. Section 1 of Chapter 1518 of the Statutes of 1984 is amended to read:

Section 1. It is the intent of the Legislature in enacting this act to reduce the number of situations in which a misunderstanding of the Medi-Cal Act, as it applies to nursing home costs, causes either the unnecessary destitution of the entire family, or a dissolution of marriage unnecessarily carried out to prevent destitution.

It is further the intent of the Legislature that the community property and community income of a noninstitutionalized spouse be protected for his or her use, when the other spouse becomes institutionalized, and must apply for Medi-Cal to pay the cost of skilled or intermediate nursing facility care.

It is further the intent of the Legislature that Medi-Cal eligibility standards shall reflect and be commensurate with the duty of an institutionalized recipient to support his or her family.

SEC. 4. Section 2 of Chapter 1031 of the Statutes of 1983 is repealed.

SEC. 5. (a) The State Director of Health Services shall, within 30

days of the effective date of this act, adopt emergency regulations implementing this act in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare.

[Approved by Governor September 29, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 46201 of the Education Code is amended to read:

46201. (a) In each of the 1984–85, 1985–86, and 1986–87 fiscal years, for each school district which certifies to the Superintendent of Public Instruction that it offers at least the amount of instructional time specified in this subdivision, the Superintendent of Public Instruction shall determine an amount equal to twenty dollars ($20) per unit of current year second principal apportionment regular average daily attendance in kindergarten and grades 1 to 8, inclusive, and forty dollars ($40) per unit of current year second principal apportionment regular average daily attendance in grades 9 to 12, inclusive. This section shall not apply to adult average daily attendance, the average daily attendance for pupils attending summer school, alternative school, regional occupational centers and programs, continuation high schools, or opportunity schools, and the attendance of pupils while participating in community college or independent study programs.

(1) In the 1984–85 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(B) One-third of the difference between the number of minutes specified for that grade level in paragraph (3) and the number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(2) In the 1985–86 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

grades 9 to 12, inclusive. Nothing in this Section is intended to require a school to adopt a class period format if it currently does not have that format, provided that it offers each student the equivalent of 24 course years of instruction for grades 9 to 12, inclusive.

(b) If any of the amounts of instructional time specified in paragraph (3) of subdivision (a) is a lesser number of minutes for that grade level than actually provided by the district in the same grade in the 1982–83 fiscal year, the 1982–83 fiscal year number of minutes for that grade level shall instead be the requirement for the purposes of subdivision paragraphs (1), (2), and (3) of (a).

For each school district which receives an apportionment pursuant to subdivision (a) in the 1985–86 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 1986–87 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1986–87 fiscal year base revenue limit per unit of average daily attendance pursuant to subdivision (c), as adjusted in the 1986–87 fiscal year and fiscal years thereafter.

For each school district which receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (3) of subdivision (a) in the 1987–88 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to subdivision (c), as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

As used in this section, "class period" means an amount of uninterrupted instructional time of not less than 45 minutes.

46201. (a) In each of the 1984–85, 1985–86, and 1986–87 fiscal years, for each school district which certifies to the Superintendent of Public Instruction that it offers at least the amount of instructional time specified in this subdivision at a grade level or levels, the Superintendent of Public Instruction shall determine an amount equal to twenty dollars ($20) per unit of current year second principal apportionment regular average daily attendance in kindergarten and grades 1 to 8, inclusive, and forty dollars ($40) per unit of current year second principal apportionment regular average daily attendance in grades 9 to 12, inclusive. This section shall not apply to adult average daily attendance, the average daily attendance for pupils attending summer school, alternative schools, regional occupational centers and programs, continuation high schools, or opportunity schools, and the attendance of pupils while participating in community college or independent study programs.

(1) In the 1984–85 fiscal year, for kindergarten and each of grades 1 to 12, inclusive, the sum of subparagraphs (A) and (B):

(A) The number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(D) 64,800 minutes in no less than six class periods each day in grades 9 to 12, inclusive, except as otherwise provided in paragraph (4).

(4) If the school district demonstrates to the State Board of Education that its program for grades 9 to 12, inclusive, will offer to each student the equivalent of 24 course years of instruction, the board may, pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20, waive the requirement of subparagraph (D) of paragraph (3) that the designated number of annual instructional minutes be provided in no less than six class periods each day in grades 9 to 12, inclusive. Nothing in this Section is intended to require a school to adopt a class period format if it currently does not have that format, provided that it offers each student the equivalent

of 24 course years of instruction for grades 9 to 12, inclusive.

(5) For any school site at which programs are operated in more than one of the grade levels enumerated in subparagraph (B) or (C) of paragraph (3), the school district may calculate a weighted average of minutes for those grade levels at that school site for purposes of making the certification authorized by this subdivision.

(b) If any of the amounts of instructional time specified in paragraph (3) of subdivision (a) is a lesser number of minutes for that grade level than actually provided by the district in the same grade in the 1982–83 fiscal year, the 1982–83 fiscal year number of minutes for that grade level shall instead be the requirement for the purposes of subdivision paragraphs (1), (2), and (3) of (a).

(c) For any school district which receives an apportionment pursuant to subdivision (a) in the 1984–85 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (1) of subdivision (a) in the 1985–86 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1985–86 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph 4 of subdivision (b) of Section 42238, as adjusted in the 1985–86 fiscal year and fiscal years thereafter.

For each school district which receives an apportionment pursuant to subdivision (a) in the 1985–86 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 1986–87 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1986–87 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph 4 of subdivision (b) of Section 42238, as adjusted in the 1986–87 fiscal year and fiscal years thereafter.

For each school district which receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and which reduces the amount of instructional time offered below the minimum amounts specified in paragraph (3) of subdivision (a) in the 1987–88 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph 4 of subdivision (b) of Section 42238, as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

10310.5. (a) The director shall establish training programs to prepare state agency employees authorized to make purchases of equipment, supplies, and materials to effectively carry out their responsibilities. The training programs shall be designed to include planning for an agency's needs and the assessment of its ability to store standard items, how to use the state warehouses and identify vendors with state master contracts, how to anticipate the length of time needed for items to be delivered by state warehouses, state vendors or prison industries, and how to work with the Controller's office to ensure that vendors are paid within the period prescribed in Section 926.15 of the Government Code, which also sets forth a penalty for late payments. The training shall commence no later than June 1, 1986.

The employee in each state agency who has the primary responsibility for purchasing equipment, supplies, and materials shall receive the highest priority for enrollment in the program. Within available resources, the training program shall be made available to other employees.

The director's report shall include the number of employees trained, the departments represented by the employees trained, an evaluation by the participants of the value of the training, and an assessment of measurable improvements in purchasing transactions by state agency personnel as determined by a periodic review of such transactions for timeliness and accuracy of deliveries. In addition, the Department of General Services may report on any changes in the incidence of late payments to vendors which result in penalties as authorized in Section 926.15 of the

Government Code.

(c) The Legislative Analyst shall transmit the report and his or her evaluation of the effectiveness of the training program to the Legislature during hearings on the 1989–90 annual Budget. In addition to information provided by the department, the Legislative Analyst shall contact a representative number of state agencies which participated in the training program to determine its effectiveness, and shall base his or her evaluation on the department's report and the results of the agency sampling.

(d) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

The Department of Personnel Administration shall, prior to establishing the training program required by this section, consult with the Department of General Services concerning the training curriculum and the development of a training manual on contract administration.

The employee in each state agency who has the primary responsibility for preparing and administering contracts shall receive the highest priority for enrollment in the program. Within available resources, the training program shall be made available to other employees.

(b) It is the intent of the Legislature that the employee in each state agency who has the primary responsibility for preparing and administering contracts shall receive training which includes all of the following: preparation of estimates, pertinent statutes and regulations, standard business practices regarding contracts and competitive bidding, and standard language and clauses used in contracts approved by the department.

(c) It is the further intent of the Legislature that the Department of General Services compile in a single location of the State Administrative Manual all standard language, terms, definitions, and clauses used in state agency contracts.

(d) The Department of General Services shall report to the Governor and to the Legislative Analyst on the training provided to state agency employees. This report shall be made no later than August 31, 1988. The report shall include, but need not be limited to, the number of employees trained, the state agencies represented by the employees trained, an evaluation by the participants of the value of the training, and an assessment of measurable improvements in contracts written and administered by state agency personnel, as determined by periodic review of contracts returned to state

agencies due to drafting errors.

(e) The Legislative Analyst shall transmit the report and his or her evaluation of the effectiveness of the training program to the Legislature during the hearings on the 1989–90 annual Budget. In addition to information provided by the Department of General Services, the Legislative Analyst shall contact a representative number of state agencies which participated in the training program to determine its effectiveness and shall base his or her evaluation on the Department of General Services' report and the results of the agency sampling.

(f) This section shall remain in effect only until January 1, 1991, and as of that date is repealed unless a later enacted statute which is enacted before January 1, 1991, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1991, pursuant to Section 9611 of the Government Code, Section 10349, as added by Section 4 of Chapter 1231 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

(c) Subdivisions (a) and (b) shall not apply to any person who brings or possesses a knife having a blade longer than 3½ inches or a razor with an unguarded blade upon the grounds of, or within, a public school providing instruction in kindergarten or any of grades 1 through 12 or any state university, state college, or community college at the direction of a certificated or classified employee of the school for use in a school-sponsored activity or class.

(d) Subdivisions (a) and (b) do not apply to any person who brings or possesses a knife having a blade longer than 3½ inches or a razor with an unguarded blade upon the grounds of, or within, a public school providing instruction in kindergarten or any of grades 1 through 12, inclusive, or any state university, state college, or community college for a lawful purpose within the scope of the person's employment.

12651. Notwithstanding any other provision of law, any person may purchase, possess, or use a stun gun, subject to the following requirements:

Violation of this section shall be a public offense punishable by a fifty dollar ($50) fine for each weapon sold without the booklet.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1228

An act to amend Sections 25283, 25291, and 25299.1 of, and to add and repeal Section 25284.5 of, the Health and Safety Code, relating to hazardous substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 25283 of the Health and Safety Code is amended to read:

25283. Every county shall implement this chapter pursuant to the regulations adopted by the board. A city may, by ordinance, assume responsibility for the implementation of this chapter pursuant to the regulations adopted by the board and, if so, shall have exclusive jurisdiction within the boundary of the city for the purposes of carrying out this chapter. A city which assumes responsibility for implementation of this chapter shall assume this responsibility on or before January 1, 1986, and shall provide notice of its program and consult with the county in which the city is located. A county shall designate a department, office, or other agency of that county as the local agency responsible for administering and enforcing this chapter, and a city which assumes responsibility for implementing this chapter shall also make a similar designation.

SEC. 2. Section 25284.5 is added to the Health and Safety Code, to read:

25284.5. (a) Notwithstanding Section 25284, a local agency may instead issue an interim permit if the local agency does not issue or refuse to issue the permit application submitted pursuant to Section 25286 within 30 days after the local agency receives the permit application. If an interim permit is issued, the local agency shall, on or before March 1, 1986, approve, modify and approve, or disapprove the monitoring program proposed in the permit application.

(b) Within six months after the local agency approves the monitoring system proposed in the application, the owner or operator of the underground storage tank for which the interim

permit has been issued shall install the approved monitoring system.

(c) The local agency shall, on or before September 1, 1986, either issue a permit pursuant to Section 25284 to the owner or operator of an underground storage tank granted an interim permit pursuant to this section, if the approved monitoring system has been installed and the tank is otherwise in compliance with this chapter, or the local agency shall, on or before that date, refuse to issue the permit if the monitoring system has not been installed or if the tank is not otherwise in compliance with this chapter.

(d) During the period from the date of issuance of the interim permit until the permit is issued or refused, the interim permitholder shall not be held to be in violation of Sections 25284, 25291, and 25292.

(e) This section shall become inoperative on September 1, 1986, and as of January 1, 1987, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1987, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 3. Section 25291 of the Health and Safety Code is amended to read:

25291. Every underground storage tank installed after January 1, 1984, shall meet all of the following requirements:

(a) Be designed and constructed to provide primary and secondary levels of containment of the hazardous substances stored in it in accordance with the following performance standards:

(1) Primary containment shall be product-tight.

(2) Secondary containment shall be constructed to prevent structural weakening as a result of contact with any released hazardous substances, and also shall be capable of storing the hazardous substances for the maximum anticipated period of time necessary for the recovery of any released hazardous substance.

(3) In the case of an installation with one primary container, the secondary containment shall be large enough to contain at least 100 percent of the volume of the primary tank.

(4) In the case of multiple primary tanks, the secondary container shall be large enough to contain 150 percent of the volume of the largest primary tank placed in it, or 10 percent of the aggregate internal volume of all primary tanks, whichever is greater.

(5) If the facility is open to rainfall, then the secondary containment shall be able to additionally accommodate the volume of a 24-hour rainfall as determined by a 100-year storm history.

(6) Single-walled containers do not fulfill the requirement of an underground storage tank providing both a primary and a secondary containment. However, an underground storage tank with a primary container constructed with a double complete shell shall be deemed to have met the requirements for primary and secondary containment set forth in this section if the outer shell is constructed primarily of nonearthen materials, including, but not limited to, concrete, steel, and plastic, which provide structural support and a continuous leak detection system with alarm is located in the space between the shells; the system is capable of detecting the entry of

hazardous substances from the inner container into the space; and the system is capable of detecting water intrusion into the space from the outer shell.

(7) The design and construction of underground storage tanks for motor vehicle fuels storage need not meet the requirements of paragraphs (1) to (6), inclusive, if all of the following conditions exist:

(A) The primary containment construction is of glass fiber reinforced plastic, cathodically protected steel, or steel clad with glass fiber reinforced plastic.

(B) Any alternative primary containment is installed in conjunction with a system that will intercept and direct a leak from any part of the tank to a monitoring well to detect any release of motor vehicle fuels stored in the tank.

(C) The system designed to provide early leak detection and response, and to protect the groundwater from releases.

(D) The monitoring is in accordance with the alternative method identified in paragraph (4) of subdivision (b) of Section 25292.

(E) Pressurized piping systems connected to underground storage tanks used for the storage of motor vehicle fuels and monitored in accordance with paragraph (4) of subdivision (b) of Section 25292 also meet the requirements of this subdivision provided that the tank meets the conditions of subparagraphs (A) to (D), inclusive.

(b) Be designed and constructed with a monitoring system capable of detecting the entry of the hazardous substance stored in the primary containment into the secondary containment. If water could intrude into the secondary containment, a means of monitoring for water intrusion and for safely removing the water shall also be provided.

(c) When required by the local agency, a means of overfill protection for any primary tank, including an overfill prevention device or an attention-getting higher level alarm, or both. Primary tank filling operations of underground storage tanks containing motor vehicle fuels which are visually monitored and controlled by a facility operator satisfy the requirements of this subdivision.

(d) If different substances are stored in the same tank and in combination may cause a fire or explosion, or the production of flammable, toxic, or poisonous gas, or the deterioration of a primary or secondary container, then they shall be separated in both the primary and secondary containment so as to avoid potential intermixing.

(e) If water could enter into the secondary containment by precipitation or infiltration, the facility shall contain a means of removing the water by the owner or operator. This removal system shall also prevent uncontrolled removal of this water and provide for a means of analyzing the removed water for hazardous substance contamination and a means of disposing of the water, if so contaminated, at an authorized disposal facility.

(f) Before the underground storage tank is covered, enclosed, or

placed in use, the standard installation testing for requirements for underground storage systems specified in Section 2-7 of the Flammable and Combustible Liquids Code, adopted by the National Fire Protection Association, (NFPA 30) as amended and published in the respective edition of the Uniform Fire Code, shall be followed.

(g) Before the underground storage tank is placed in service, the underground storage systems shall be tested in operating condition using a precision test as defined in National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Liquids," as amended, for proving the integrity of an underground storage tank.

(h) If the underground storage tank is designed to maintain a water level in the secondary containment, the tank shall be equipped with a safe method of removing any excess water to a holding facility and the owner or operator shall inspect the holding facility monthly for the presence of excess water overflow. If excess water is present in the holding facility, the permitholder shall provide a means to analyze the water for hazardous substance contamination and a means to dispose of the water, if so contaminated, at an authorized disposal facility.

SEC. 4. Section 25291 of the Health and Safety Code is amended to read:

25291. Every underground storage tank installed after January 1, 1984, shall meet all of the following requirements:

(a) Be designed and constructed to provide primary and secondary levels of containment of the hazardous substances stored in it in accordance with the following performance standards:

(1) Primary containment shall be product-tight.

(2) Secondary containment shall be constructed to prevent structural weakening as a result of contact with any released hazardous substances, and also shall be capable of storing the hazardous substances for the maximum anticipated period of time necessary for the recovery of any released hazardous substance.

(3) In the case of an installation with one primary container, the secondary containment shall be large enough to contain at least 100 percent of the volume of the primary tank.

(4) In the case of multiple primary tanks, the secondary container shall be large enough to contain 150 percent of the volume of the largest primary tank placed in it, or 10 percent of the aggregate internal volume of all primary tanks, whichever is greater.

(5) If the facility is open to rainfall, then the secondary containment shall be able to additionally accommodate the maximum volume of a 24-hour rainfall as determined by a 25-year storm history.

(6) Single-walled containers do not fulfill the requirement of an underground storage tank providing both a primary and a secondary containment. However, an underground storage tank with a primary container constructed with a double complete shell shall be deemed to have met the requirements for primary and secondary

containment set forth in this section if the outer shell is constructed primarily of nonearthen materials, including, but not limited to, concrete, steel, and plastic, which provide structural support and a continuous leak detection system with alarm is located in the space between the shells; the system is capable of detecting the entry of hazardous substances from the inner container into the space; and the system is capable of detecting water intrusion into the space from the outer shell.

(B) Any alternative primary containment is installed in conjunction with a system that will intercept and direct a leak from any part of the tank to a monitoring well to detect any release of motor vehicle fuels stored in the tank.

(C) The system designed to provide early leak detection and response, and to protect the groundwater from releases.

(D) The monitoring is in accordance with the alternative method identified in paragraph (4) of subdivision (b) of Section 25292.

(E) Pressurized piping systems connected to underground storage tanks used for the storage of motor vehicle fuels and monitored in accordance with paragraph (4) of subdivision (b) of Section 25292 also meet the requirements of this subdivision provided that the tank meets the conditions of subparagraphs (A) to (D), inclusive.

(b) Be designed and constructed with a monitoring system capable of detecting the entry of the hazardous substance stored in the primary containment into the secondary containment. If water could intrude into the secondary containment, a means of monitoring for water intrusion and for safely removing the water shall also be provided.

(c) When required by the local agency, a means of overfill protection for any primary tank, including an overfill prevention device or an attention-getting higher level alarm, or both. Primary tank filling operations of underground storage tanks containing motor vehicle fuels which are visually monitored and controlled by a facility operator satisfy the requirements of this subdivision.

(d) If different substances are stored in the same tank and in combination may cause a fire or explosion, or the production of flammable, toxic, or poisonous gas, or the deterioration of a primary or secondary container, then they shall be separated in both the primary and secondary containment so as to avoid potential intermixing.

(e) If water could enter into the secondary containment by precipitation or infiltration, the facility shall contain a means of removing the water by the owner or operator. This removal system

shall also prevent uncontrolled removal of this water and provide for a means of analyzing the removed water for hazardous substance contamination and a means of disposing of the water, if so contaminated, at an authorized disposal facility.

(f) Before the underground storage tank is covered, enclosed, or placed in use, the standard installation testing for requirements for underground storage systems specified in Section 2-7 of the Flammable and Combustible Liquids Code, adopted by the National Fire Protection Association, (NFPA 30) as amended and published in the respective edition of the Uniform Fire Code, shall be followed.

(h) If the underground storage tank is designed to maintain a water level in the secondary containment, the tank shall be equipped with a safe method of removing any excess water to a holding facility and the owner or operator shall inspect the holding facility monthly for the presence of excess water overflow. If excess water is present in the holding facility, the permitholder shall provide a means to analyze the water for hazardous substance contamination and a means to dispose of the water, if so contaminated, at an authorized disposal facility.

SEC. 5. Section 25299.1 of the Health and Safety Code is amended to read:

25299.1. (a) Any city or county which prior to January 1, 1984, adopted an ordinance which, at a minimum met the requirements set forth in Sections 25284 and 25284.1, as they read on January 1, 1984, prior to being amended and renumbered, providing for double containment, monitoring of underground storage tanks and under which permits are issued therefor, is exempt from this chapter so long as the ordinance, as it may be amended, continues to meet the requirements of Sections 25284 and 25284.1, as they read on January 1, 1984, prior to being amended and renumbered.

Those local agencies which are exempted from this chapter pursuant to this subdivision shall submit to the board the application form and annual information specified by Section 25286 and shall submit a written report of any unauthorized release from an underground storage tank to the Office of Emergency Services within 10 working days from the time the local agency is notified of the unauthorized release. Every local agency exempted from this chapter, except a county of the fifth class and the cities within that county, shall, until January 1, 1990, collect and transmit to the board the surcharge specified in subdivision (b) of Section 25287.

(b) This chapter does not limit or abridge the authority of any city or county to adopt an ordinance requiring information, conducting investigations, inspections, or implementing and enforcing this

chapter.

SEC. 6. Section 4 of this bill incorporates amendments to Section 25291 of the Health and Safety Code proposed by both this bill and AB 1755. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, but this bill becomes operative first, (2) each bill amends Section 25291 of the Health and Safety Code, and (3) this bill is enacted after AB 1755, in which case Section 25291 of the Health and Safety Code, as amended by Section 3 of this bill, shall remain operative only until the operative date of AB 1755, at which time Section 4 of this bill shall become operative.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to delays in the rulemaking process, and the need to extend the date for compliance with this chapter from July 1, 1985, to January 1, 1986, it is necessary that this act take effect immediately.

CHAPTER 1229

An act to add Sections 12669, 12669.1, and 12669.2 to the Water Code, and to amend Sections 7, 8, 22, 22(a), 23, 28, and 46 of, and to add Section 23.5 to, the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), relating to flood control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 12669 is added to the Water Code, to read:

12669. The plan of improvement for flood control and other purposes on the Fresno County Stream Group identified as the Redbank-Fancher Creeks Flood Control Project, except for the Redbank Creek Detention Basin, is hereby adopted and authorized substantially in accordance with the recommendations of the Chief of Engineers in House Document Numbered 98-147, at an estimated cost to the state of such sum as may be appropriated for state cooperation by the Legislature upon recommendation and advice of the department or Reclamation Board. If state bond act moneys are available for flood control purposes, the Legislature may appropriate those moneys for this project. This authorization shall not be deemed to confer preference on this project over the needs of other statewide programs in the appropriation of available funds. Funds shall be appropriated pursuant to this authorization only upon the act of Congress adopting and authorizing the project as substantially

described in House Document Numbered 98-147. The Legislature affirms the topographical and hydrological characteristics of the Fresno County Stream Group for which provision for participation in reservoirs has been made in Section 12868 and determines that the Redbank-Fancher Creeks Flood Control Project is a project on the Fresno County Stream Group, as defined and excepted in Section 12826. The department or Reclamation Board may loan the local agency the funds necessary to pay the local portion of the costs of the lands, easements, and rights-of-way, less the credit provided by Section 12585.3. The rate of interest on the loan shall be the current rate for the Pooled Money Investment Account. The department or Reclamation Board may pay 50 percent of the nonfederal capital costs of the recreation and fish and wildlife enhancement features of the project.

SEC. 2. Section 12669.1 is added to the Water Code, to read:

12669.1. The Fresno Metropolitan Flood Control District may, in lieu of the Reclamation Board, give assurances satisfactory to the Secretary of the Army that the local cooperation required by House Document Numbered 98-147 will be furnished in connection with the project for flood control adopted and authorized in Section 12669.

SEC. 3. Section 12669.2 is added to the Water Code, to read:

12669.2. The Fresno Metropolitan Flood Control District, in conjunction with the Department of the Army, may, in lieu of the Reclamation Board, execute the plans and project referred to in Section 12669 and may make modifications and amendments to the plans as may be necessary to execute the plans for the purposes of Chapter 1 (commencing with Section 12570) and this part.

SEC. 4. Section 7 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 7. (a) The objects and purposes of this act and of the district shall be to provide for (1) the control of flood, storm, and other waste waters of or within the district, including waters which arise outside the district and which flow or drain into or through the district; (2) the protection from damage by flood, storm, or waste waters of private property and of public highways and other public property within the district; and (3) the conservation of flood, storm, waste, and other surface waters for beneficial and useful purposes by spreading, storing, retaining, or causing those waters, or any part thereof, to percolate into the soil within or without the district or the saving and conservation in any manner of any or all of those waters.

(b) The land within the district, and each drainage area and zone thereof, shall be conclusively presumed to benefit from the continued operation and maintenance of the district (1) in relation to the value of the land and the improvements thereon or (2), in the alternative, in relation to the use to which the land may be put and the services and benefits provided, and shall be subject to assessment as provided by this act. Nothing in this subdivision shall abrogate the findings required by Sections 31 and 38 of this act.

SEC. 6. Section 22 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 22. The board of directors shall, not later than the beginning of each fiscal year, prepare an estimate in writing of the amount of money needed for the objects and purposes of the district for that fiscal year. The estimate shall include the estimated amount required to pay the expenses of the district, the cost of maintenance and operation of any works maintained or operated by the district or under its authority, the amount of any indebtedness (other than bonded debt) of the district currently due or to become due in such

fiscal year with interest, if any, payable thereon, the amount deemed necessary by the board of directors for a reserve fund to meet the expenses of the district during the first six months of the next subsequent fiscal year, and the estimated amount necessary for the payment of the costs of any action or proceeding which may be taken by the district, including the cost of employment of attorneys and engineers. The estimate may for convenience be called the "annual budget." A copy of the estimate shall be filed with the Board of Supervisors of the County of Fresno and the auditor thereof not later than the tenth day of July of such fiscal year. There shall be added to the estimate the amount required to provide for the payment of principal and interest of outstanding bonds of the district and the payment of principal and interest of bonds authorized but not sold but which the board of directors believes will be sold during the first six months of such fiscal year.

SEC. 7. Section 22(a) of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 22(a). If the board of directors determines that the money needed by the district for acquisition and construction of land and improvements has been reduced by reason of the completion of works of improvement in a drainage area or zone with defined boundaries, the board may proportionately reduce the amount to be assessed upon the taxable real property in that drainage area or zone for the fiscal year, so that the property owners in the drainage area or zone will not be assessed for costs of acquisitions and improvements outside of the drainage area or zone not of benefit to the property owners, and the board of directors may request that the board of supervisors determine the rate of assessment tax separately for the drainage area or zone.

SEC. 8. Section 23 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 23. The board of supervisors shall annually, not later than the first Monday in September, levy an assessment tax upon the taxable real property in the district sufficient to carry out any of the objects and purposes of this act, all of which are of benefit to those lands and the improvements thereon, and to raise the amount stated in the annual budget, and also an assessment tax sufficient to raise the amount required for payment of principal and interest of bonds of the district. The board of supervisors shall determine the rate of each such assessment tax in the district and separately in any drainage area or zone with defined boundaries if so requested by the board of directors of the district pursuant to Section 22(a) by deducting 10 percent for the anticipated delinquencies from the total assessed value of the taxable real property in the district as it appears on any assessment roll or system of the county maintained for the purpose of levying ad valorem taxes or ad valorem assessments and then dividing the sum to be raised by the remainder of such total assessed value in the district and separately in any drainage area or zone with defined boundaries which is the subject of a request pursuant to

Section 22(a); provided, that if a fraction of a cent occurs on a valuation of one hundred dollars ($100) it shall be taken as a full cent. The assessment tax levied during any year for all purposes other than bond principal and interest shall not exceed twenty cents ($0.20) on each one hundred dollars ($100) of the assessed value of the taxable real property in the district according to the last equalized county assessment roll; provided, that such maximum permissible rate of assessment tax may be increased by the qualified voters of the district. The assessment tax shall be extended and collected in the same manner and by the same officers and with the same penalties and interest as general county taxes, and when collected shall be paid into the treasury of the county and credited to the district.

SEC. 9. Section 23.5 is added to the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), to read:

Sec. 23.5. (a) The Legislature hereby finds and declares that a county may face substantial expense in maintaining a roll or system which reflects both current values of property for purposes of ad valorem assessments as provided by this act as well as the property values for general taxation mandated by Article XIII A of the California Constitution. The Legislature further finds and declares that a fair and proper assessment for district objects and purposes may be levied on the alternative basis of the use to which the benefited land may be put and the services and benefits provided.

(b) The board of supervisors of the county and the board of directors of the district may evaluate the costs of maintaining a system to determine benefits according to assessed valuation of land and improvements thereon pursuant to Section 23 and the cost of determining benefits pursuant to use and services and benefits provided pursuant to Section 23.5. Pursuant to that determination, the board of supervisors and the board of director may elect to levy an assessment as set forth in Section 23 or this section sufficient to raise the amount or amounts represented annually by the district.

(c) The assessment authorized to be levied on each parcel under this section shall be based upon the parcel's proportionate benefit, taking into account the zone in which it is located, its size, and its capacity for being put to use, with respect to all other parcels in the district. The aggregate of all the assessments shall not exceed the maximum limit set forth in Section 23, except as that limit is increased by the qualified voters of the district.

(d) Prior to July 10 of each year, the district shall transmit to the board of supervisors the benefit and land use categories and factors required to levy the assessment authorized by this section.

(e) Prior to March 1 of any year, landowners in the district may petition the board of directors to review, or the board of directors may elect to review on its own motion, the land use categories and factors determined by the district and submitted to the board of supervisors pursuant to this section. The petition shall be signed by at least 1 percent of the landowners within the district. The board of directors shall set a time and place for hearing upon the petition and

shall give notice of the hearing by publishing the notice twice in a publication of general circulation at least 20 days prior to the hearing. The board of directors may, by resolution at the conclusion of the hearing, modify the land use categories and factors as, in its judgment, is required and that modification shall become effective the next tax year following the next March 1.

(f) If the board of supervisors of the county and the board of directors of the district elect to use the alternative assessment basis provided in this section, the county and the district may recover their reasonable costs of preparing, levying, and collecting the assessments. The district shall pay to the county from the proceeds of the assessments the county's portion of the costs.

SEC. 10. Section 28 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 28. The words hereinafter defined shall be given the meaning stated in this section, unless the context of the word as used at a particular place in the act indicates a different meaning at such place.

1. As used in this act,

(a) "District" means "Fresno Metropolitan Flood Control District";

(b) "Board" means "board of directors of that district";

(c) "County" means "County of Fresno";

(d) "City" means "City of Fresno" when the land and works are within the City of Fresno and the "City of Clovis" when the land or works are within that city;

(e) "Irrigation district" means "Fresno Irrigation District";

(f) "Board of supervisors" means "Board of Supervisors of the County of Fresno."

2. As used in this act, the words "flood control works" include dams, reservoirs, canals, ditches, drains, the improvement of natural or artificial watercourses, and the acquisition and construction of any and all improvements appurtenant to or necessary for any flood control, drainage, or water conservation work or works, and include the acquisition of any land, easements, property, or rights necessary for the flood control, drainage, or water conservation works.

3. As used in this act, the term "public official" means all elected officials and officers, including employees, of the City of Fresno, the City of Clovis, and the County of Fresno.

(4) Wherever in this act the term "assessment tax" is used, the term shall not be deemed or construed as referring to a tax in the technical sense of the term, but shall be deemed to refer to assessments based on benefits.

SEC. 11. Section 46 of the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955) is amended to read:

Sec. 46. (a) The district may be divided into as many local drainage areas or zones as may be deemed convenient for the objects and purposes of the district, and each local drainage area or zone shall be composed of and include all of the lands which in the opinion

of the board of directors will be benefited in like manner. Each local drainage area or zone shall be designated on a map or plat of the district filed in the office of the board of directors, and the designation shall show the separate boundaries of each local drainage area or zone and a statement of the total cost or revenue or percentage thereof to be raised from each area or zone.

(b) If, in the opinion of the board of directors, modification of the zones is appropriate in order to better reflect the benefits as then received by lands within the district from the maintenance, operations, extension, or repair of works or improvements of the district, the district shall prepare a new map showing the proposed new zone boundaries with a statement of the new total cost or revenue or percentage to be raised from each zone. Upon the filing of the map showing proposed new zone boundaries, the board of directors shall give notice to all persons interested in the district by publication in a newspaper of general circulation published in the district, once a week for two successive weeks, which notice shall designate the time and place of hearing by the board of directors, at which time and place any person interested in the district may appear and object to the zones into which the district is divided, or the total cost or revenue or percentages to be raised from each of the zones. All objections shall be in writing, signed by the person or persons making the objection, and filed with the board of directors on or before the date fixed for the hearing. Upon hearing, the board of directors may change or modify any of the zones or the percentages of the cost or revenue to be raised therefrom. The hearing may be continued from time to time by the board of directors by an order entered on its minutes. The location and extent of the zones within the district and the total cost or revenue or percentages to be raised therefrom shall be finally established and determined by the board of directors and shall prevail for all purposes until any obligation of the district incurred on behalf of the zones shall have been fully discharged and until further modified pursuant to this section. The findings and determinations of the board of directors as to the extent and boundaries of the zones and the percentages of the cost or revenue to be raised therefrom shall be final and conclusive.

(c) The board may institute projects for single local drainage areas and zones and joint projects for two or more local areas or zones, for the financing, constructing, maintaining, operating, extending, repairing, or otherwise improving any work or improvement authorized by this act and of common benefit to the area or zone or participating areas and zones.

(d) The board may levy assessments, assessment taxes, benefit assessments, or taxes, as provided in this act, or incur bonded indebtedness to pay the cost of any work or improvement or the operating, maintaining, repairing, or extending any work or improvement within those local drainage areas or zones.

(e) For the purpose of acquiring authority to proceed with a

project or projects within and for the benefit of any local drainage areas or zones and to be financed under the bonding authority of this section, the board shall adopt a resolution specifying its intention to undertake such a project. The resolution will include engineering estimates of costs to be borne by the participating local drainage areas or zones, and shall fix a time and place for public hearing and shall refer to a map or maps showing project construction and location. Notice of the hearing shall be given by publication in a newspaper of general circulation within the district pursuant to Section 6056 of the Government Code. The notice shall designate a public place within the district where a copy of the maps may be seen during the two week period prior to the hearing.

At the time and place fixed for the hearing, or the continued portion thereof, the board shall consider all oral and written testimony. Upon the conclusion of the hearing the board may abandon the proposed project or proceed, unless, prior to the time set for receiving protests, a written protest against the project signed by holders of title to real property or assessable interests therein representing more than a majority of all holders of title within the participating drainage areas or zones is filed with the board and not withdrawn. In that event the proceedings shall be terminated and the project or projects shall not be reinitiated in the same drainage areas or zones for a period of six months.

In all matters referred to in this subdivision, the last equalized assessment roll of the County of Fresno shall be prima facie evidence as to the ownership of real property and the names and numbers of the holders of title. The board shall be entitled to inquire and take evidence for purposes of identifying any person claiming the right to file a written protest. Unless satisfactory evidence is furnished, the right to sign and file a protest may be denied.

(f) The procedure for authorizing bonds shall be as follows:

(1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any local drainage areas or zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each local drainage area or zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of the bonds. The board shall cause a copy of the resolution, duly certified by the secretary, to be filed for record in the office of the Recorder of Fresno County within five days after its issuance. From and after the filing of the copy of the resolution, the board shall be deemed vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in paragraph (1), the board may call a special bond election in the local drainage area or zone or participating local drainage areas or zones at which shall be submitted to the qualified electors of the local drainage area or zone or participating local drainage areas or zones the question whether or not bonds shall be issued in the amount or

amounts determined in the resolution and for the purpose or purposes therein stated. The bonds and the interest thereon shall be paid from revenue derived from annual assessment taxes levied as provided in this act.

(3) The board shall call such special bond election by resolution and submit to the qualified electors of the local drainage area or zone or participating local drainage areas or zones the proposition of incurring a bonded debt in the local drainage area or zone or participating local drainage areas or zones in the amount and for the purposes stated in the resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of the resolution specified in paragraph (1), and on file for particulars; and the resolution shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on that indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed the maximum rate permitted by law. For the purposes of that election, the board shall provide in the resolution for such election by mailed ballot or shall in the resolution establish special bond election precincts within the boundaries of each local drainage area or zone and participating local drainage area or zone and may form election precincts by consolidating the precincts established for general elections in the district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

The board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the map to be posted in a prominent place in the county courthouse for public inspection for at least 30 days before the date fixed for such election.

The resolution calling for such special bond election shall, prior to the date set for such election, be published in a newspaper of general circulation circulated in each local drainage area or zone and participating local drainage area or zone affected for six consecutive times, if published in a daily newspaper of general circulation, or two times, if published in a weekly newspaper of general circulation. The last publication of such resolution shall be at least 14 days before the election, and if there be no such newspaper, then such resolution shall be posted in five public places, designated by the board, in each local drainage area or zone and participating local drainage area or zone for at least 30 days before the date fixed for such election. No other notice of such election need be given nor polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by the election. Where a project affects a single local drainage area or zone only, if at such election a majority of the votes cast in the local drainage area or zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for the local drainage area or zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating local drainage zones is to be determined at such election, no bonds for any of such participating local drainage zones shall be issued or sold unless a majority of the votes cast on the proposition in each such participating local drainage area or zone are in favor of incurring the bonded indebtedness to be undertaken by the local drainage area or zone.

(g) The board shall, subject to the provisions of this act, prescribe by resolution the form of the bonds, which shall include a designation of the local drainage area or zone or participating local drainage area or zone affected, and of the interest coupons attached thereto. The bonds shall be payable, annually or semiannually at the discretion of the board, each and every year on a day and date, and at a place, to be fixed by the board and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of the indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than two years from the date of issuance for the earliest maturity of each issue or series of bonds. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series.

The bonds shall be issued in such denomination as the board may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100), nor of a greater denomination than ten thousand dollars ($10,000), and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of the maximum rate allowed by law, and shall be made payable annually or semiannually, and said bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the secretary of said district, and the seal of said district shall be affixed thereto by said secretary. Either or both of such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said secretary by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or

countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until the delivery of the bonds.

(h) The board may issue and sell the bonds of the local drainage areas or zones authorized as hereinbefore provided above or below par value, and the proceeds of the sale of such bonds shall be placed in the treasury of the County of Fresno to the credit of the district and the respective participating local drainage zones thereof, for the use and purposes of the local drainage zone or zones voting said bonds; and the proper record of such transactions shall be placed upon the books of said county treasurer, and the respective local drainage area or zone funds shall be applied exclusively to the purposes and objects mentioned in the resolution calling for such special bond election as aforesaid, subject to the provisions in this act contained. Payments from the local drainage area or zone funds shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the County of Fresno.

(i) Any bonds issued under the provisions of this act, and the interest thereon, shall be paid by revenue derived from the levy of an annual assessment tax on all taxable real property within a local drainage area or zone or participating local drainage areas or zones, including both land and improvements thereon.

(j) The board shall levy an assessment tax each year sufficient to pay the interest and such portion of the principal of said bonds as is due or to become due before the time for making the next general levy. Such assessment taxes shall be levied and collected in the respective local drainage areas or zones of issuance together with and not separately from taxes for county purposes, and when collected shall be paid into the county treasury of Fresno County to the credit of the local drainage area or zone of issuance, and to be used for the payment of the principal and interest on said bonds and for no other purpose. The principal and interest on said bonds shall be paid by the county treasurer of said Fresno County in the manner provided by law for the payment of principal and interest on bonds of the county.

(k) The provisions of law of this state, prescribing the time and manner of levying, assessing, equalizing and collecting county property taxes, including the sale of property for delinquency and the redemption from such sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable, and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof.

(*l*) The bonds of the district issued for any local drainage area or zone thereof pursuant to this act, shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the state school funds, and whenever any money or funds may by law now or hereafter enacted be invested in bonds of cities, cities and counties,

counties, school districts or municipalities in the State of California, such money or funds may be invested in the bonds of the district, issued in accordance with the provisions of this act, and whenever bonds of cities, cities and counties, counties, school districts or municipalities, may by any law now or hereafter enacted be used as security for the performance of any act, such bonds of the district may be so used.

This section is intended to be and shall be considered the latest enactment with respect to the matters herein contained and any and all acts or parts of acts in conflict with the provisions hereof are hereby repealed.

(m) All bonds issued by the district under the provisions of this act shall be free and exempt from all taxation within the State of California. It is hereby declared that the district organized by this act is a legal government within the meaning of Section 26 of Article XIII of the Constitution of this state.

(n) The repeal or amendment of this act shall not in any way affect or release any of the property in the district or any local drainage area or zone thereof from the obligations of any outstanding bonds or indebtedness until all such bonds and outstanding indebtedness have been fully paid and discharged.

(o) Notwithstanding any provisions of this act to the contrary, in the event the proceeds from the sale of bonds of any local drainage area or zone are invested temporarily in United States bonds, notes, or certificates of indebtedness, or in other legal investments pending the expenditure of the funds for the purpose or purposes for which the indebtedness was incurred, any revenue or interest received or accruing therefrom may be used to pay the annual or semiannual installments of principal or interest on the bonds as the same becomes due.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that needed flood control improvements, operations, and maintenance may be performed as soon as possible, it is necessary that this act take effect immediately.

SEC. 2. Section 1000.6 is added to the Fish and Game Code, to read:

1000.6. (a) The Legislature finds and declares all of the following:

(1) The commercial fishing industry of the North Coast has been greatly affected by decisions made by federal and state agencies concerning the health of the salmon resource and the consequent shortening or closing of the season, further impacting the already economically depressed region.

(2) Sportfishing on the North Coast, a staple of the tourism industry of the region, could be substantially affected by the limitations of the salmon seasons.

(3) The method of determining salmon escapement counts on only the Klamath River is inadequate for determining the overall health of the salmon resource in northern California waters and consequent decisions regarding the commercial, sport, and Indian salmon fisheries in those waters because it does not take into consideration the escapement figures on the Eel River and the Smith River.

(b) The department shall use present assessment methods to assess the salmon escapement count on the Eel River and the Smith River, as well as the Klamath River, systems, employing out-of-work fishermen, where possible, to do the counts with department personnel in supervisory capacities. Those figures shall be used by the commission and the department in all reports, recommendations, and decisions concerning the establishment of the commercial and sportfishing seasons in the state waters and in all recommendations to the Pacific Fishery Management Council or other regulatory agencies. This program shall be a priority for funding under the Fisheries Restoration Act of 1985 (Chapter 8 (commencing with Section 2760) added to Division 3 of the Fish and Game Code by Senate Bill No. 400 of the 1985–86 Regular Session).

(c) The department shall install sonar fish counting devices on the Klamath River system as a three-year test program to determine the

accuracy of the devices, and shall make recommendations to the Legislature by January 1, 1990, as to their accuracy and whether they should be installed on other river systems. Present assessment methods shall continue on the Klamath River system during the test period as a control mechanism.

SEC. 3. The sum of four hundred thousand dollars ($400,000) is hereby appropriated from the Fisheries Restoration Account created in the Fish and Game Preservation Fund by Senate Bill 400 of the 1985–86 Regular Session to the Department of Fish and Game for the purposes of subdivision (c) of Section 1000.6 of the Fish and Game Code, to be allocated for equipment, personnel, and administration, as determined by the department.

CHAPTER 1232

An act to amend Section 1564 of the Health and Safety Code, to amend Sections 1026, 1026.2, 1026.5, 1026.6, 1370, 1370.2, 1370.4, 1372, 1374, 1602, 1603, 1604, 1605, 1606, 1607, 1608, 1609, 1610, and 11105.1 of the Penal Code, and to amend Sections 5400, 5514, 5604.1, 5705.5, 5709.8, 5750, 5755, 5755.1, 5763, 5764, 5766, 5766.1, 5766.2, and 5767 of, and to add and repeal Section 5712.01 of, the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1564 of the Health and Safety Code is amended to read:

1564. (a) No individual who has ever been convicted of a sex offense against a minor shall reside in a community care facility that is within one mile of an elementary school.

(b) Any community care facility which is located within one mile of an elementary school shall obtain from each individual who is a resident of the facility on the effective date of this section a signed statement that the resident or applicant for residence has never been convicted of a sex offense against a minor.

(c) If on January 1, 1983, a person who has been convicted of a sex offense against a minor is residing in a community care facility that is within one mile of a school, the operator shall notify the appropriate placement agency. Continued residence in the facility shall extend no longer than six months.

(d) Prior to placement in a community care facility which is located within one mile of an elementary school, the placement agency shall obtain, from the client to be placed, a signed statement that he or she has never been convicted of a sex offense against a

minor. Any placement agent who knowingly places a person who has been convicted of a sex offense against a minor in a facility which is located within one mile of an elementary school shall be guilty of a misdemeanor.

Where there is no placement agency involved, the community care facility shall obtain from any applicant a signed statement that he or she has never been convicted of a sex offense against a minor.

(e) Any resident or applicant for residence who makes a false statement as to a conviction for a prior sex offense against a minor is guilty of a misdemeanor.

(f) For purposes of this section, "sex offense" means any one or more of the following offenses:

(1) Any offense defined in Section 220, 261, 261.5, 266, 266e, 266f, 266i, 266j, 267, 273f as it pertains to houses of prostitution, 273g, 285, 286, 288, 288a, 289, 290, 311, 311.2, 311.4, 313.1, 318, subdivision (a) or (d) of Section 647, 647a, 650½ as it relates to lewd or lascivious behavior, 653f, or 653m of the Penal Code.

(2) Any offense defined in subdivision (5) of former Section 647 of the Penal Code repealed by Chapter 560 of the Statutes of 1961, or any offense defined in subdivision (2) of former Section 311 of the Penal Code repealed by Chapter 2147 of the Statutes of 1961, if the offense defined in such sections was committed prior to September 15, 1961.

(3) Any offense defined in Section 314 of the Penal Code committed on or after September 15, 1961.

(4) Any offense defined in subdivision (1) of former Section 311 of the Penal Code repealed by Chapter 2147 of the Statutes of 1961 committed on or after September 7, 1955, and prior to September 15, 1961.

(5) Any offense involving lewd and lascivious conduct under Section 272 of the Penal Code committed on or after September 15, 1961.

(6) Any offense involving lewd and lascivious conduct under former Section 702 of the Welfare and Institutions Code repealed by Chapter 1616 of the Statutes of 1961, if such offense was committed prior to September 15, 1961.

(7) Any offense defined in Section 286 or 288a of the Penal Code prior to the effective date of the amendment of either section enacted at the 1975–76 Regular Session of the Legislature committed prior to the effective date of the amendment.

(8) Any attempt or conspiracy to commit any of the above-mentioned offenses.

(9) Any federal sex offense or any sex offense committed or attempted in any other state which, if committed or attempted in this state, would have been punishable as one or more of the above-mentioned offenses.

(g) This section shall not apply to residential care facilities for the elderly or to any person receiving community supervision and treatment pursuant to Title 15 (commencing with Section 1600) of

Part 2 of the Penal Code.

SEC. 1.5. Section 1026 of the Penal Code is amended to read:

1026. (a) When a defendant pleads not guilty by reason of insanity, and also joins with it another plea or pleas, the defendant shall first be tried as if only such other plea or pleas had been entered, and in that trial the defendant shall be conclusively presumed to have been sane at the time the offense is alleged to have been committed. If the jury shall find the defendant guilty, or if the defendant pleads only not guilty by reason of insanity, then the question whether the defendant was sane or insane at the time the offense was committed shall be promptly tried, either before the same jury or before a new jury in the discretion of the court. In that trial, the jury shall return a verdict either that the defendant was sane at the time the offense was committed or was insane at the time the offense was committed. If the verdict or finding is that the defendant was sane at the time the offense was committed, the court shall sentence the defendant as provided by law. If the verdict or finding be that the defendant was insane at the time the offense was committed, the court, unless it shall appear to the court that the sanity of the defendant has been recovered fully, shall direct that the defendant be confined in a state hospital for the care and treatment of the mentally disordered or any other appropriate public or private treatment facility approved by the community program director, or the court may order the defendant placed on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2. The court shall transmit a copy of its order to the community program director or a designee, and if the defendant is ordered confined in a state hospital or other treatment facility, copies of the arrest reports and the report of the community program director required under subdivision (b) shall accompany the person to the state hospital or other treatment facility where the defendant is to be confined.

(b) Prior to making such order directing that the defendant be confined in a state hospital or other treatment facility or placed on outpatient status, the court shall order the community program director or a designee to evaluate the defendant and to submit to the court within 15 judicial days of the order a written recommendation as to whether the defendant should be placed on outpatient status or confined in a state hospital or other treatment facility. No person shall be admitted to a state hospital or other treatment facility or placed on outpatient status under this section without having been evaluated by the community program director or a designee. If, however, it shall appear to the court that the sanity of the defendant has been recovered fully, the defendant shall be remanded to the custody of the sheriff until the issue of sanity shall have been finally determined in the manner prescribed by law. A defendant committed to a state hospital or other treatment facility or placed on outpatient status pursuant to Title 15 (commencing with Section 1600) of Part 2 shall not be released from confinement, parole, or outpatient status unless and until the court which committed the

person shall, after notice and hearing, find and determine that the person's sanity has been restored. Nothing in this section shall prevent the transfer of such person from one state hospital to any other state hospital by proper authority. Nothing in this section shall prevent the transfer of the patient to a hospital in another state in the manner provided in Section 4119 of the Welfare and Institutions Code.

(c) If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the medical director of the state hospital and the community program director that the defendant be transferred to a public or private treatment facility approved by the community program director, order the defendant transferred to that facility. If the defendant is committed or transferred to a public or private treatment facility approved by the community program director, the court may, upon receiving the written recommendation of the community program director, order the defendant transferred to a state hospital or to another public or private treatment facility approved by the community program director. Where either the defendant or the prosecuting attorney chooses to contest either kind of order of transfer, a petition may be filed in the court requesting a hearing which shall be held if the court determines that sufficient grounds exist. At that hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same procedures and standards of proof as used in conducting probation revocation hearings pursuant to Section 1203.2.

(d) Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the community program director or a designee.

(e) If the defendant is confined in a state hospital or other treatment facility as an inpatient or is on parole under the provisions of subdivision (a) or (b) of Section 1611, the medical director of the facility shall, at six-month intervals, submit a report in writing to the court and the community program director of the county of commitment or a designee setting forth the status and progress of the defendant. The court shall transmit copies of these reports to the prosecutor and defense counsel.

(f) When directing that the defendant be confined in a state hospital pursuant to subdivision (a), the court shall select the state hospital in accordance with the policies established by the Department of Mental Health.

(g) For purposes of this section and Sections 1026.1 to 1026.6, inclusive, "community program director" means the person, agency, or entity designated by the State Department of Mental Health pursuant to Section 1605 of this code and Section 5709.8 of the Welfare and Institutions Code.

SEC. 2. Section 1026.2 of the Penal Code, as amended by Section

3.5 of Chapter 1488 of the Statutes of 1984, is amended to read:

1026.2. (a) An application for the release of a person who has been committed to a state hospital or other treatment facility, as provided in Section 1026, upon the ground that sanity has been restored, may be made to the superior court of the county from which the commitment was made, either by the person, or by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600) of Part 2. The court shall give notice of the hearing date to the prosecuting attorney, the community program director or a designee, and the medical director or person in charge of the facility providing treatment to the committed person at least 15 judicial days in advance of the hearing date.

(b) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained pending the hearing on the application for release. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(c) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1' (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code); however, a county jail may not be designated unless the services specified above are provided, and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with, or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate order, including continuance of the proceedings.

(d) No hearing upon the application shall be allowed until the person committed shall have been confined or placed on outpatient status or on parole under Section 1611 for a period of not less than 180 days from the date of the order of commitment.

(e) The court shall hold a hearing to determine if the person applying for restoration of sanity would no longer be a danger to the health and safety of others, including himself or herself, if under supervision and treatment in the community. If the court at the hearing determines the applicant will not be a danger to the health and safety of others, including himself or herself, while under

supervision and treatment in the community, the court shall order the applicant placed with an appropriate local mental health program for one year. All or a substantial portion of the program shall include outpatient supervision and treatment. The court shall retain jurisdiction. The court at the end of the one year, shall have a trial to determine if sanity has been restored, which means the applicant is no longer a danger to the health and safety of others, including himself or herself. The court shall not determine whether the applicant has been restored to sanity until the applicant has completed the one year in the appropriate local mental health program. The court shall notify the persons required to be notified in subdivision (a) of the hearing date.

(f) If the applicant is on parole or outpatient status and has been on it for one year or longer, then it is deemed that the applicant has completed the required one year in an appropriate local mental health program and the court shall, if all other applicable provisions of law have been met, hold the trial on restoration of sanity as provided for in this section.

(g) Before placing an applicant in an appropriate local mental health program, the community program director shall submit to the court a written recommendation as to what local mental health program is the most appropriate for supervising and treating the applicant. If the court does not accept the community program director's recommendation, the court shall specify the reason or reasons for its order on the court record. The provisions of Sections 1605 to 1610.5, inclusive, shall be applicable to the person placed in the local mental health program unless otherwise ordered by the court.

(h) If the court determines that the person should be transferred to an appropriate local mental health program, the community program director or a designee shall make the necessary placement arrangements, and, within 21 days after receiving notice of the court finding, the person shall be placed in the community in accordance with the treatment and supervision plan, unless good cause for not doing so is made known to the court.

(i) If at the trial for restoration of sanity the court rules adversely to the applicant, the court may place the applicant on outpatient status, pursuant to Title 15 (commencing with Section 1600) of Part 2, unless by a preponderance of the evidence it is shown the applicant does not meet the requirements of Section 1603.

(j) If the court denies the application to place the person in an appropriate local mental health program or if restoration of sanity is denied, no new application may be filed by the person until one year has elapsed from the date of the denial.

(k) In any hearing authorized by this section, the applicant shall have the burden of proof by a preponderance of the evidence.

(*l*) If the application for the release is not made by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where

the person is on outpatient status under Title 15 (commencing with Section 1600), no action on the application shall be taken by the court without first obtaining the written recommendation of the medical director of the state hospital or other treatment facility or of the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600).

(m) This section shall become operative on January 1, 1986, and shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. Section 1026.2 of the Penal Code, as amended by Section 1 of Chapter 1416 of the Statutes of 1984, is amended to read:

1026.2. (a) An application for the release of a person who has been committed to a state hospital or other treatment facility, as provided in Section 1026, upon the ground that sanity has been restored, may be made to the superior court of the county from which the commitment was made, either by the person, or by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600) of Part 2. The court shall give notice of the hearing date to the prosecuting attorney, the community program director or a designee, and the medical director or person in charge of the facility providing treatment to the committed person at least 15 judicial days in advance of the hearing date.

(b) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained pending the hearing on the application for release. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(c) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code); however, a county jail may not be designated unless the services specified above are provided, and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with, or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate

order, including continuance of the proceedings.

(d) No hearing upon the application for release shall be allowed until the person committed shall have been confined or placed on outpatient status or on parole under Section 1611 for a period of not less than 90 days from the date of the order of commitment. If the finding of the court is adverse to releasing the person on the ground that sanity has not been restored, no application shall be filed by the person until one year has elapsed from the date of hearing upon the last preceding application. In any hearing authorized by this section, the burden of proving that sanity has been restored shall be upon the applicant. The court shall notify the community program director or a designee and the medical director or person in charge of the facility providing treatment to the committed person whether or not the defendant was found by the court to have recovered sanity.

(e) If the application for the release is not made by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600), no action on the application shall be taken by the court without first obtaining the written recommendation of the medical director of the state hospital or other treatment facility or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600).

(f) This section shall become operative on January 1, 1989.

SEC. 3.5. Section 1026.5 of the Penal Code is amended to read:

1026.5. (a) (1) In the case of any person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony on or after July 1, 1977, the court shall state in the commitment order the maximum term of commitment, and the person may not be kept in actual custody longer than the maximum term of commitment, except as provided in this section. For the purposes of this section, "maximum term of commitment" shall mean the longest term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, including the upper term of the base offense and any additional terms for enhancements and consecutive sentences which could have been imposed less any applicable credits as defined by Section 2900.5, and disregarding any credits which could have been earned pursuant to Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3.

(2) In the case of a person confined in a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604, who committed a felony prior to July 1, 1977, and who could have been sentenced under Section 1168 or 1170 if the offense was committed after July 1, 1977, the Board of Prison Terms shall determine the maximum term of commitment which could have been imposed under paragraph (1), and the person may not be kept in actual custody longer than the maximum

term of commitment, except as provided in subdivision (b). The time limits of this section are not jurisdictional.

In fixing a term under this section, the board shall utilize the upper term of imprisonment which could have been imposed for the offense or offenses of which the person was convicted, increased by any additional terms which could have been imposed based on matters which were found to be true in the committing court. However, if at least two of the members of the board after reviewing the person's file determine that a longer term should be imposed for the reasons specified in Section 1170.2, a longer term may be imposed following the procedures and guidelines set forth in Section 1170.2, except that any hearings deemed necessary by the board shall be held within 90 days of September 28, 1979. Within 90 days of the date the person is received by the state hospital or other treatment facility, or of September 28, 1979, whichever is later, the Board of Prison Terms shall provide each person with the determination of the person's maximum term of commitment or shall notify such person that a hearing will be scheduled to determine the term.

Within 20 days following the determination of the maximum term of commitment the board shall provide the person, the prosecuting attorney, the committing court, and the state hospital or other treatment facility with a written statement setting forth the maximum term of commitment, the calculations, and any materials considered in determining the maximum term.

(3) In the case of a person committed to a state hospital or other treatment facility pursuant to Section 1026 or placed on outpatient status pursuant to Section 1604 who committed a misdemeanor, the maximum term of commitment shall be the longest term of county jail confinement which could have been imposed for the offense or offenses which the person was found to have committed, and the person may not be kept in actual custody longer than this maximum term.

(4) Nothing in this subdivision limits the power of any state hospital or other treatment facility or of the committing court to release the person, conditionally or otherwise, for any period of time allowed by any other provision of law.

(b) (1) A person may be committed beyond the term prescribed by subdivision (a) only under the procedure set forth in this subdivision and only if such person has been committed under Section 1026 for a felony, and who by reason of a mental disease, defect, or disorder represents a substantial danger of physical harm to others.

(2) Not later than 180 days prior to the termination of the maximum term of commitment prescribed in subdivision (a), the medical director of a state hospital in which the person is being treated, or the medical director of the person's treatment facility or the local program director, if the person is being treated outside a state hospital setting, shall submit to the prosecuting attorney his or her opinion as to whether or not the patient is a person described in

paragraph (1). If requested by the prosecuting attorney, the opinion shall be accompanied by supporting evaluations and relevant hospital records. The prosecuting attorney may then file a petition for extended commitment in the superior court which issued the original commitment. Such petition shall be filed no later than 90 days before the expiration of the original commitment unless good cause is shown. Such petition shall state the reasons for the extended commitment, with accompanying affidavits specifying the factual basis for believing that the person meets each of the requirements set forth in paragraph (1).

(3) When such a petition is filed, the court shall advise the person named in the petition of the right to be represented by an attorney and of the right to a jury trial. The rules of discovery in criminal cases shall apply.

(4) The court shall conduct a hearing on the petition for extended commitment. The trial shall be by jury unless waived by both the person and the prosecuting attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been released, unless such time is waived by the person or unless good cause is shown.

(5) The person shall be entitled to the rights guaranteed under the federal and State Constitutions for criminal proceedings. All proceedings shall be in accordance with applicable constitutional guarantees. The state shall be represented by the district attorney who shall notify the Attorney General in writing that a case has been referred under this section. If the person is indigent, the county public defender or State Public Defender shall be appointed. The State Public Defender may provide for representation of the person in any manner authorized by Section 15402 of the Government Code. Appointment of necessary psychologists or psychiatrists shall be made in accordance with this article and Penal Code and Evidence Code provisions applicable to criminal defendants who have entered pleas of not guilty by reason of insanity.

(6) If the court or jury finds that the patient is a person described in paragraph (1), the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed. Any such commitment shall be for an additional period of two years from the date of termination of the previous commitment.

(7) A person committed under this subdivision shall be eligible for release to outpatient status pursuant to the provisions of Title 15 (commencing with Section 1600) of Part 2.

(8) Prior to termination of a commitment under this subdivision, a petition for recommitment may be filed to determine whether the patient remains a person described in paragraph (1). Such recommitment proceeding shall be conducted in accordance with the provisions of this subdivision.

(9) Any commitment under this subdivision places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

SEC. 4. Section 1026.6 of the Penal Code is amended to read:

1026.6. Whenever any person who has been committed to a state hospital pursuant to Section 1026 is released for any reason, including placement on outpatient status, the director of the hospital shall notify the community program director of the county, and the chief law enforcement officer of the jurisdiction, in which the person will reside upon release, if that information is available.

SEC. 5. Section 1370 of the Penal Code is amended to read:

1370. (a) (1) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced. If the defendant is found mentally incompetent, the trial or judgment shall be suspended until the person becomes mentally competent, and the court shall order that (i) in the meantime, the defendant be delivered by the sheriff to a state hospital for the care and treatment of the mentally disordered or to any other available public or private treatment facility approved by the community program director which will promote the defendant's speedy restoration to mental competence, or placed on outpatient status as specified in Section 1600 and (ii) upon the filing of a certificate of restoration to competence, the defendant be returned to court in accordance with the provisions of Section 1372. The court shall transmit a copy of its order to the community program director or a designee.

(2) Prior to making such order directing that the defendant be confined in a state hospital or other treatment facility or placed on outpatient status, the court shall order the community program director or a designee to evaluate the defendant and to submit to the court within 15 judicial days of such order a written recommendation as to whether the defendant should be required to undergo outpatient treatment, or committed to a state hospital or to any other treatment facility. No person shall be admitted to a state hospital or other treatment facility or placed on outpatient status under this section without having been evaluated by the community program director or a designee.

(3) If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the medical director of the state hospital and the community program director that the defendant be transferred to a public or private treatment facility approved by the community program director, order the defendant transferred to such facility. If the defendant is committed or transferred to a public or private treatment facility approved by the community program director, the court may, upon receiving the written recommendation of the community program director, transfer the defendant to a state hospital or to another public or private treatment facility approved by the community program director. In the event of dismissal of the criminal charges before the defendant recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section

5000) of Division 5 of the Welfare and Institutions Code). Where either the defendant or the prosecutor chooses to contest either kind of order of transfer, a petition may be filed in the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At such hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the community program director or a designee.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the medical director of the state hospital or other treatment facility to which the defendant is confined shall make a written report to the court and the community program director for the county or region of commitment or a designee concerning the defendant's progress toward recovery of mental competence. Where the defendant is on outpatient status, the outpatient treatment staff shall make a written report to the community program director concerning the defendant's progress toward recovery of mental competence. Within 90 days of placement on outpatient status, the community program director shall report to the court on this matter. If the defendant has not recovered mental competence, but the report discloses a substantial likelihood the defendant will regain mental competence in the foreseeable future, the defendant shall remain in the state hospital or other treatment facility or on outpatient status. Thereafter, at six-month intervals or until the defendant becomes mentally competent, where the defendant is confined in a treatment facility, the medical director of the hospital or person in charge of the facility shall report in writing to the court and the community program director or a designee regarding the defendant's progress toward recovery of mental competence. Where the defendant is on outpatient status, after the initial 90-day report, the outpatient treatment staff shall report to the community program director on the defendant's progress toward recovery and the community program director shall report to the court on this matter at six-month intervals. A copy of these reports shall be provided to the prosecutor and defense counsel by the court. If the report indicates that there is no substantial likelihood that the defendant will regain mental competence in the foreseeable future, the committing court shall order the defendant to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the community program director or a designee.

(2) Any defendant who has been committed or has been on outpatient status for 18 months and is still hospitalized or on outpatient status shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section

1369. The court shall transmit a copy of its order to the community program director or a designee.

(3) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant shall be returned to the committing court. The court shall transmit a copy of its order to the community program director or a designee.

(c) (1) If, at the end of three years from the date of commitment or a period of commitment equal to the maximum term of imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, the defendant has not recovered mental competence, the defendant shall be returned to the committing court. The court shall notify the community program director or a designee of such return and of any resulting court orders.

(2) Whenever any defendant is returned to the court pursuant to paragraph (1) or (2) of subdivision (b) or paragraph (1) of subdivision (c) of this section and it appears to the court that the defendant is gravely disabled as defined in paragraph (2) of subdivision (h) of Section 5008 of the Welfare and Institutions Code, the court shall order the conservatorship investigator of the county of commitment of the defendant to initiate conservatorship proceedings for such defendant pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code. Any hearings required in the conservatorship proceedings shall be held in the superior court in the county which ordered the commitment. The court shall transmit a copy of the order directing initiation of conservatorship proceedings to the community program director or a designee and shall notify the community program director or a designee of the outcome of such proceedings.

(d) The criminal action remains subject to dismissal pursuant to Section 1385. If the criminal action is dismissed, the court shall transmit a copy of the order of dismissal to the community program director or a designee.

(e) If the criminal charge against the defendant is dismissed, the defendant shall be released from any commitment ordered under this section, but without prejudice to the initiation of any proceedings which may be appropriate under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code.

(f) As used in this chapter, "community program director" means the person, agency, or entity designated by the State Department of Mental Health pursuant to Section 1605 of this code and Section 5709.8 of the Welfare and Institutions Code.

SEC. 6. Section 1370.2 of the Penal Code is amended to read:

1370.2. If a person is adjudged mentally incompetent pursuant to the provisions of this chapter, the superior court may dismiss any misdemeanor charge pending against the mentally incompetent person. Ten days notice shall be given to the district attorney of any

motion to dismiss pursuant to this section. The court shall transmit a copy of any order dismissing a misdemeanor charge pursuant to this section to either the community program director or the regional center director and the Director of Developmental Services, as appropriate.

SEC. 7. Section 1370.4 of the Penal Code is amended to read:

1370.4. If, in the evaluation ordered by the court under Section 1370.1, the regional center director, or a designee, is of the opinion that the defendant is not a danger to the health and safety of others while on outpatient treatment and will benefit from such treatment, and has obtained the agreement of the person in charge of a residential facility and of the defendant that the defendant will receive and submit to outpatient treatment and that the person in charge of the facility will designate a person to be the outpatient supervisor of the defendant, the court may order the defendant to undergo outpatient treatment. All of the provisions of Title 15 (commencing with Section 1600) of Part 2 shall apply where a defendant is placed on outpatient status under this section, except that the regional center director shall be substituted for the community program director, the Director of Developmental Services for the Director of Mental Health, and a residential facility for a treatment facility for the purposes of this section.

SEC. 8. Section 1372 of the Penal Code is amended to read:

1372. (a) (1) If the medical director of the state hospital or other facility to which the defendant is committed, or the community program director or regional center director providing outpatient services under Title 15 (commencing with Section 1600) of Part 2 or Section 1370.4, determines that the defendant has regained mental competence, such director shall immediately certify that fact to the court.

(2) Upon the filing of a certificate of restoration, the defendant shall be returned to the committing court in the following manner: A patient who remains confined in a state hospital or other treatment facility shall be redelivered to the sheriff of the county from which the patient was committed. The sheriff shall immediately return the person to the court for further proceedings. The patient who is on outpatient status shall be returned to court through arrangements made by the outpatient treatment supervisor.

(b) If the defendant becomes mentally competent after a conservatorship has been established pursuant to the applicable provisions of the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code, and Section 1370, the conservator shall certify that fact to the sheriff and district attorney of the county in which defendant's case is pending, defendant's attorney of record, and the committing court.

(c) When a defendant is returned to court with a certification that competence has been regained, the court shall notify either the community program director or the regional center director and the Director of Developmental Services, as appropriate, of the date of

any hearing on the defendant's competence and whether or not the defendant was found by the court to have recovered competence.

(d) Where the committing court approves the certificate of restoration to competence as to a person in custody, the court shall hold a hearing to determine whether the person is entitled to be admitted to bail or released on own recognizance status pending conclusion of the proceedings. Where the superior court approves the certificate of restoration to competence regarding a person on outpatient status, unless it appears that the person has refused to come to court, that person shall remain released either on own recognizance status, or, in the case of a developmentally disabled person, either on the defendant's promise or on the promise of a responsible adult to secure the person's appearance in court for further proceedings. Where the person has refused to come to court, the court shall set bail and may place the person in custody until bail is posted.

(e) A defendant subject to either subdivision (a) or (b) who is not admitted to bail or released under subdivision (d) may, at the discretion of the court, upon recommendation of the director of the facility where the defendant is receiving treatment, be returned to the hospital or facility of his or her original commitment or other appropriate secure facility approved by either the community program director or the regional center director. The recommendation submitted to the court shall be based on the opinion that the person will need continued treatment in a hospital or treatment facility in order to maintain competence to stand trial or that placing the person in a jail environment would create a substantial risk that the person would again become incompetent to stand trial before criminal proceedings could be resumed.

SEC. 9. Section 1374 of the Penal Code is amended to read:

1374. When a defendant who has been found incompetent is on outpatient status under Title 15 (commencing with Section 1600) of Part 2 and the outpatient treatment staff is of the opinion that the defendant has recovered competence, the supervisor shall communicate such opinion to the community program director. If the community program director concurs, that opinion shall be certified by such director to the committing court. The court shall calendar the case for further proceeding pursuant to Section 1372.

SEC. 10. Section 1602 of the Penal Code is amended to read:

1602. (a) Any person subject to the provisions of subdivision (b) of Section 1601 may be placed on outpatient status, if all of the following conditions are satisfied:

(1) In the case of a person who is an inpatient, the director of the state hospital or other treatment facility to which the person has been committed advises the court that the defendant will not be a danger to the health and safety of others while on outpatient status, and will benefit from such outpatient status.

(2) In all cases, the community program director or a designee advises the court that the defendant will not be a danger to the

health and safety of others while on outpatient status, will benefit from such status, and identifies an appropriate program of supervision and treatment.

(3) After actual notice to the prosecutor and defense counsel, and after a hearing in court, the court specifically approves the recommendation and plan for outpatient status.

(b) The community program director or a designee shall prepare and submit the evaluation and the treatment plan specified in paragraph (2) of subdivision (a) to the court within 15 calendar days after notification by the court to do so, except that in the case of a person who is an inpatient, the evaluation and treatment plan shall be submitted within 30 calendar days after notification by the court to do so.

(c) Any evaluations and recommendations pursuant to paragraphs (1) and (2) of subdivision (a) shall include review and consideration of complete, available information regarding the circumstances of the criminal offense and the person's prior criminal history.

(3) After actual notice to the prosecutor and defense counsel, and to the victim or next of kin of the victim of the offense for which the person was committed where a request for such notice has been filed with the court, and after a hearing in court, the court specifically approves the recommendation and plan for outpatient status pursuant to Section 1604. The burden shall be on the victim or next of kin to the victim to keep the court apprised of the party's current mailing address.

In any case in which the victim or next of kin to the victim has filed a request for notice with the director of the state hospital or other treatment facility, he or she shall be notified by the director at the inception of any program in which the committed person would be allowed any type of day release unattended by the staff of the facility.

(b) The community program director shall prepare and submit the evaluation and the treatment plan specified in paragraph (2) of subdivision (a) to the court within 30 calendar days after notification by the court to do so.

(c) Any evaluations and recommendations pursuant to

paragraphs (1) and (2) of subdivision (a) shall include review and consideration of complete, available information regarding the circumstances of the criminal offense and the person's prior criminal history.

(d) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

(2) The community program director advises the court that the defendant will benefit from such status, and identifies an appropriate program of supervision and treatment.

(3) After actual notice to the prosecutor and defense counsel, and to the victim or next of kin of the victim of the offense for which the person was committed where a request for such notice has been filed with the court, and after a hearing in court, the court specifically approves the recommendation and plan for outpatient status pursuant to Section 1604. The burden shall be on the victim or next of kin to the victim to keep the court apprised of the party's current mailing address.

In any case in which the victim or next of kin to the victim has filed a request for notice with the director of the state hospital or other treatment facility, he or she shall be notified by the director at the inception of any program in which the committed person would be allowed any type of day release unattended by the staff of the facility.

(b) The community program director shall prepare and submit the evaluation and the treatment plan specified in paragraph (2) of subdivision (a) to the court within 30 calendar days after notification by the court to do so.

(c) Any evaluations and recommendations pursuant to paragraphs (1) and (2) of subdivision (a) shall include review and consideration of complete, available information regarding the circumstances of the criminal offense and the person's prior criminal history.

(2) The community program director advises the court that the defendant will benefit from that status, and identifies an appropriate program of supervision and treatment.

(3) After actual notice to the prosecutor and defense counsel, and after a hearing in court, the court specifically approves the recommendation and plan for outpatient status pursuant to Section 1604.

(a) Upon receipt by the committing court of the recommendation of the director of the state hospital or other treatment facility to which the person has been committed that the person may be eligible for outpatient status as set forth in subdivision (a) (1) of Section 1602 or 1603, the court shall immediately forward such recommendation to the community program director, prosecutor, and defense counsel. In any hearing conducted pursuant to this section, the court shall

consider the circumstances and nature of the criminal offense leading to commitment and shall consider the person's prior criminal history.

(d) The court shall, after a hearing in court, either approve or disapprove the recommendation for outpatient status. If the approval of the court is given, the defendant shall be placed on outpatient status subject to the terms and conditions specified in the supervision and treatment plan. If the outpatient treatment occurs in a county other than the county of commitment, the court shall transmit a copy of the case record to the superior court in the county where outpatient treatment occurs, so that the record will be available if revocation proceedings are initiated pursuant to Section 1608 or 1609.

(b) The State Department of Mental Health shall notify in writing the superior court, the district attorney, the county public defender or public defense agency, and the county mental health director of each county as to the person, agency, or entity designated to be the community program director for that county, and timely written notice shall be given whenever a new community program director is to be designated.

(c) The community program director shall be the outpatient treatment supervisor of persons placed on outpatient status under the provisions of this title. The community program director may delegate such outpatient treatment supervision responsibility to a designee.

(d) The outpatient treatment supervisor shall, at 90-day intervals following the beginning of outpatient treatment, submit to the court, the prosecutor and defense counsel, and to the community program director, where appropriate, a report setting forth the status and progress of the defendant.

SEC. 16. Section 1606 of the Penal Code is amended to read:

1606. Outpatient status shall be for a period not to exceed one year. At the end of the period of outpatient status approved by the court, the court shall, after actual notice to the prosecutor, the defense counsel, and the community program director, and after a hearing in court, either discharge the person from commitment under appropriate provisions of the law, order the person confined to a treatment facility, or renew its approval of outpatient status.

Prior to such hearing, the community program director shall furnish a report and recommendation to the medical director of the state hospital, where appropriate, and to the court, which the court shall make available to the prosecutor and defense counsel. The person shall remain on outpatient status until the court renders its decision unless hospitalized under other provision of the law. The hearing pursuant to the provisions of this section shall be held no later than 30 days after the end of the one-year period of outpatient status unless good cause exists. The court shall transmit a copy of its order to the community program director or a designee.

SEC. 17. Section 1607 of the Penal Code is amended to read:

1607. If the outpatient supervisor is of the opinion that the person has regained competence to stand trial, or is no longer insane, or is no longer a mentally disordered sex offender, the community program director shall submit such opinion to the medical director of the state hospital, where appropriate, and to the court which shall calendar the case for further proceedings under the provisions of Section 1372 or 1026.2 of this code or Section 6325 of the Welfare and Institutions Code.

The community program director shall furnish a copy of this request to the defense counsel and to the prosecutor in both counties if the request is made in the county of treatment rather than the county of commitment.

Within 15 judicial days, the court where the request was filed shall hold a hearing and shall either approve or disapprove the request for revocation of outpatient status. If the court approves the request for revocation, the court shall order that the person be confined in a state hospital or other treatment facility approved by the community program director. The court shall transmit a copy of its order to the community program director or a designee. prosecutor may petition the court for a hearing to determine whether the person shall be continued on that status. Upon receipt of the petition, the court shall calendar the case for further proceedings within 15 judicial days and the clerk shall notify the person, the community program director, and the attorney of record for the person of the hearing date. Upon failure of the person to appear as noticed, if a proper affidavit of service and advisement has been filed with the court, the court may issue a body attachment for such person. If, after a hearing in court conducted using the same standards used in conducting probation revocation hearings pursuant to Section 1203.2, the judge determines that the person is a danger to the health and safety of others, the court shall order that the person be confined in a state hospital or other treatment facility which has been approved by the community program director.

SEC. 20. Section 1610 of the Penal Code is amended to read:

1610. Upon the filing of a request for revocation under Section 1608 or 1609 and pending the court's decision on revocation, the person subject to revocation may be confined in a state hospital or other treatment facility by the community program director when it is the opinion of that director that the person will now be a danger to self or to another while on outpatient status and that to delay hospitalization until the revocation hearing would pose an imminent risk of harm to the person or to another. Upon the request of the community program director or a designee, a peace officer shall take, or cause to be taken, the person into custody and transport the person to a treatment facility for hospitalization under this section. The community program director shall notify the court in writing of the admission of the person to inpatient status and of the factual basis for the opinion that such immediate return to inpatient treatment was necessary. The court shall supply a copy of these documents to the prosecutor and defense counsel.

A person hospitalized under this section shall have the right to judicial review of the detention in the manner prescribed in Article 5 (commencing with Section 5275) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code and to an explanation of rights in the manner prescribed in Section 5352.1 of the Welfare and Institutions Code.

CHAPTER 1234

An act to amend Section 11105 of, and to add Article 3.5 (commencing with Section 11112.1) to Chapter 1 of Title 1 of Part 4 of, the Penal Code, relating to fingerprints, and making an appropriation therefor.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that funds were appropriated to the Department of Justice in the 1983–84 fiscal year for the California Identification System, a multiyear project to automate the department's manual fingerprint files and establish an automated statewide system for identifying latent fingerprints. This system will allow California law enforcement agencies to solve many presently unsolvable crimes and greatly improve the ability of those agencies to identify criminal offenders. In order to maximize the benefits of the California Identification System, local law enforcement agencies will require direct access to the department's automated files for rapid, accurate, and cost-effective identification of individuals. A uniform statewide system allowing local law enforcement agencies direct access to the California Identification System is, therefore, essential to improve the timeliness and accuracy of identification procedures by the statewide criminal justice system.

(b) The Legislature further finds and declares that most local governments will need financial assistance from the state to acquire equipment necessary to directly access the California Identification System. A uniform statewide system allowing local law enforcement agencies direct access to the California Identification System being essential to improve the timeliness and accuracy of identification procedures used by the criminal justice system, it is, therefore, the intent of the Legislature to provide funding to purchase remote access equipment necessary for local law enforcement agencies.

SEC. 2. Section 11105 of the Penal Code is amended to read:

11105. (a) (1) The Department of Justice shall maintain state summary criminal history information.

If the Attorney General supplies the data pursuant to this paragraph, the Attorney General shall furnish a copy of the data to the current or prospective employee to whom the data relates.

The college or university may require the convicted felon to be fingerprinted, and any inquiry to the department under this section shall include the convicted felon's fingerprints and any other information specified by the department.

(d) Whenever an authorized request for state summary criminal history information pertains to a person whose fingerprints are on file with the Department of Justice and the department has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying such request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

(e) Whenever state summary criminal history information is furnished as the result of an application and is to be used for employment, licensing or certification purposes, the Department of Justice may charge the person or entity making the request a fee which it determines to be sufficient to reimburse the department for the cost of furnishing such information. Any public utility's request for state summary criminal history information for purposes of employing current or prospective employees who may be seeking entrance to private residences in the course of their employment shall be deemed a "compelling need" as required to be shown in this subdivision.

Nothing in this section shall be construed as imposing any duty upon public utilities to request state summary criminal history information on any current or prospective employees.

(10) To any campus of the California State University and Colleges or the University of California, or any four-year college or university accredited by a regional accreditation organization approved by the United States Department of Education, when needed in conjunction with an application for admission by a convicted felon to any special education program for convicted felons, including, but not limited to, university alternatives and halfway houses. Only conviction information shall be furnished. The college or university may require the convicted felon to be fingerprinted, and any inquiry to the department under this section shall include the convicted felon's fingerprints and any other information specified by the department.

(d) Whenever an authorized request for state summary criminal history information pertains to a person whose fingerprints are on file with the Department of Justice and the department has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying such request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

(e) Whenever state summary criminal history information is furnished as the result of an application and is to be used for employment, licensing or certification purposes, the Department of Justice may charge the person or entity making the request a fee which it determines to be sufficient to reimburse the department for the cost of furnishing such information. In addition, the Department of Justice may add a surcharge to the fee to fund maintenance and improvements to the systems from which the information is obtained. Notwithstanding any other provisions of law, any person or entity required to pay a fee to the department for information received under this section may charge the applicant a fee sufficient to reimburse the person or entity for such expense. All moneys received by the department pursuant to this section, Section 12054 of the Penal Code, and Section 13588 of the Education Code shall be

deposited in a special account in the General Fund to be available for expenditure by the department to offset costs incurred pursuant to such sections and for maintenance and improvements to the systems from which the information is obtained when appropriated by the Legislature therefor.

(f) Whenever there is a conflict, the processing of criminal fingerprints and fingerprints of applicants for security guard or alarm agent registrations or firearms qualification permits submitted pursuant to Section 7514 of the Business and Professions Code shall take priority over the processing of applicant fingerprints.

(g) It is not a violation of this section to disseminate statistical or research information obtained from a record, provided that the identity of the subject of the record is not disclosed.

(h) It is not a violation of this section to include information obtained from a record in (1) a transcript or record of a judicial or administrative proceeding or (2) any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

SEC. 3. Article 3.5 (commencing with Section 11112.1) is added to Chapter 1 of Title 1 of Part 4 of the Penal Code, to read:

Article 3.5. Fingerprints

11112.1. As used in this article:

(a) "California Identification System" or "Cal-ID" means the automated system maintained by the Department of Justice for retaining fingerprint files and identifying latent fingerprints.

(b) "Remote Access Network" or "RAN" means a uniform statewide network of equipment and procedures allowing local law enforcement agencies direct access to the California Identification System.

(c) "Department" means the Department of Justice.

(d) "Cal-ID Telecommunications System" means a statewide telecommunications network dedicated to the transmission of fingerprint identification data in conjunction with Cal-ID for use by law enforcement agencies.

11112.2. The department shall develop a master plan recommending the type, number, and location of equipment necessary to implement RAN. The department shall also develop policy guidelines, and administrative procedures to facilitate implementation and use of RAN. The RAN master plan shall include reasonable interface specifications to access Cal-ID and shall be provided to any supplier of automated fingerprint identification systems interested in bidding on RAN by May 15, 1986.

11112.3. (a) The Attorney General shall appoint a RAN Advisory Committee to review the master plan, policy guidelines, and administrative procedures prepared by the department and advise the Attorney General of any modifications the committee deems necessary. Final approval and acceptance of the RAN Advisory

Committee proposals shall be made by the Attorney General.

(b) The RAN Advisory Committee shall be composed of one representative from each of the following: The League of California Cities, California Peace Officers' Association, California District Attorneys' Association, California Police Chiefs' Association, California State Sheriffs' Association, County Supervisors' Association of California, Department of General Services, Office of Information Technology, and the Department of Justice. The members of the committee shall select a chairperson. The members shall serve without compensation, but reasonable and necessary travel and per diem expenses incurred by committee members shall be reimbursed by the department. The RAN Advisory Committee shall terminate January 1, 1989, unless extended by legislation enacted prior thereto.

11112.4. (a) Within each county or group of counties eligible to receive funding under the department's master plan for equipment, which elects to participate in the remote access network, a local board shall be established to determine the placement of RAN equipment within the county, and to coordinate acceptance, delivery, and installation. The board shall also develop any procedures necessary to regulate the ongoing use and maintenance of that equipment, adhering to the policy guidelines and procedures adopted by the department. The local board shall consider placement of equipment on the basis of the following criteria:

(1) The crime rate of the jurisdiction or jurisdictions served by the agency.

(2) The number of criminal offenses reported by the agency or agencies to the department.

(3) The potential number of fingerprint cards and latent fingerprints processed.

(4) The number of sworn personnel of the agency or agencies.

(b) Except as provided in subdivision (c), each local board shall be composed of seven members, as follows: a member of the board of supervisors, the sheriff, the district attorney, the chief of police of the department having the largest number of sworn personnel within the county, a second chief selected by all other police chiefs within the county, a mayor elected by the city selection committee established pursuant to Section 50270 of the Government Code, and a member-at-large chosen by the other members. In any county lacking two chiefs of police, a substitute member shall be selected by the other members on the board. Groups of counties forming a local region shall establish a seven-member board with each county having equal representation on the board and at least one member-at-large. If the number of participating counties precludes equal representation on a seven-member board, the size of the board shall be expanded so that each county has at least two representatives and there is a single member-at-large.

(c) In any county with a population of 5,000,000 or more, each local board shall be composed of seven members, as follows: a

member of the board of supervisors, the sheriff, the district attorney, the chief of police of the department having the largest number of sworn personnel within the county, a second chief selected by all other police chiefs within the county, the mayor of the city with the greatest population within the county, and a member-at-large chosen by the other members. In any county lacking two chiefs of police, a substitute member shall be selected by the other members of the board.

11112.5. (a) Costs for equipment purchases based upon the master plan approved by the Attorney General, including state sales tax, freight, insurance, and installation, shall be prorated between the state and local governmental entity. The state's share shall be 70 percent. The local government's share shall be 30 percent, paid in legal tender. Purchases may be made under the existing Cal-ID contract through the Department of General Services.

(b) Alternatively, at the discretion of the local board, an independent competitive procurement may be initiated under the following conditions:

(1) Prior to submitting a bid in an independent procurement, any prospective bidder must demonstrate the ability to meet or exceed performance levels established in the existing Cal-ID contract and demonstrate the ability to interface with Cal-ID and meet or exceed performance levels established in the existing Cal-ID contract without degrading the performance of the Cal-ID system.

(2) Both qualifying benchmarks will be at the prospective bidder's expense and will be conducted by the Department of Justice.

(3) In the event that no vendor other than the existing contract vendor qualifies to bid, purchases shall be made by the Department of General Services on behalf of local agencies pursuant to the existing Cal-ID contract.

(c) Competitive local procurements must adhere to the following guidelines:

(1) Administrative requirements contained within Section 5200 of the State Administrative Manual shall be met.

(2) Local procurements shall not increase the costs the state would otherwise be obligated to pay.

(3) Final bids submitted in an independent procurement shall contain a signed contract that represents an irrevocable offer that does not materially deviate from the terms and conditions of the existing Cal-ID contract.

(4) The selected vendor shall post a performance bond in an amount equal to 25 percent of the local equipment costs. The bond shall remain in effect until the local acceptance test has been successfully completed.

(5) Requests for tender, including contract language, shall be approved by the Department of General Services prior to release. The Department of General Services and the Department of Justice shall be represented on the evaluation and selection team.

(d) The local government agency shall be responsible for all costs related to conducting a local bid, site preparation, equipment maintenance, ongoing operational costs, file conversion over and above those records that are available on magnetic media from the Department of Justice, and equipment enhancements or systems design which exceed the basic design specifications of the Department of Justice. The state shall provide sufficient circuitry from Sacramento to each county, or group of counties to handle all fingerprint data traffic. The state shall provide for annual maintenance of that line.

11112.6. (a) The Cal-ID Telecommunications System shall be under the direction of the Attorney General and shall be used exclusively for the official business of the state, and the official business of any city, county, city and county, or other public agency.

(b) The Cal-ID Telecommunications System shall provide telecommunication lines to one location in every participating county.

(c) The Cal-ID Telecommunications System shall be maintained at all times by the department with equipment and facilities adequate to meet the needs of law enforcement. The system shall be designed to accommodate present and future data transmission equipment.

11112.7. The Attorney General shall provide an annual status report to the Legislature beginning January 1, 1987, with the final report due January 1, 1989. The report shall include the status of the project to date, funds expended, and need, if any, for revision to the master plan.

SEC. 4. The sum of seven million dollars ($7,000,000) is hereby appropriated from the General Fund to the Department of Justice to provide the funding for purchases of computing equipment and telecommunications equipment and services, including interface development, and for expenses related to the California Identification System, pursuant to this act, to be available for expenditure through June 30, 1987.

SEC. 5. Section 2.5 of this bill incorporates amendments to Section 11105 of the Penal Code proposed by both this bill and AB 1587. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 11105 of the Penal Code, and (3) this bill is enacted after AB 1587, in which case Section 2 of this bill shall not become operative.

CHAPTER 1235

An act to amend Section 43151, to amend, repeal, and add Section 43156 of, and to add Section 43203.5 to, the Health and Safety Code, and to amend Sections 4453 and 11705 of the Vehicle Code, relating to air pollution.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 43151 of the Health and Safety Code is amended to read:

43151. (a) No person who is a resident of, or who operates an established place of business within, this state shall import, deliver, purchase, rent, lease, acquire, or receive a new motor vehicle, new motor vehicle engine, or motor vehicle with a new motor vehicle engine for use, registration, or resale in this state unless such motor vehicle engine or motor vehicle has been certified pursuant to this chapter. No person shall attempt or assist in any such action.

(b) This article shall not apply to a vehicle acquired by a resident of this state for the purpose of replacing a vehicle registered to such resident which was damaged or became inoperative beyond reasonable repair or was stolen while out of this state; provided that such replacement vehicle is acquired out of state at the time the previously owned vehicle was either damaged or became inoperative or was stolen. This article shall not apply to a vehicle transferred by inheritance, or by a decree of divorce, dissolution, or legal separation entered by a court of competent jurisdiction, or to any vehicle sold after the effective date of the amendments to this subdivision at the 1979–80 Regular Session of the Legislature if the vehicle was registered in this state before such effective date.

(c) This chapter shall not apply to any motor vehicle having a certificate of conformity issued pursuant to the Clean Air Act (42 U.S.C. Sec. 7401 et seq.) and originally registered in another state by a resident of that state who subsequently establishes residence in this state and who, upon registration of the vehicle in this state, provides satisfactory evidence to the Department of Motor Vehicles of the previous residence and registration. This subdivision shall become operative 180 calendar days after the state board adopts regulations for the certification of new direct import vehicles pursuant to Section 43203.5.

(d) "Established place of business," as used in this section, means a place actually occupied either continuously or at regular periods.

SEC. 2. Section 43156 of the Health and Safety Code is amended to read:

43156. For purposes of this article, it is conclusively presumed that the equitable or legal title to a motor vehicle, other than a motorcycle, with an odometer reading of 7,500 miles or more has been transferred to an ultimate purchaser and that the equitable or legal title to a motor vehicle, other than a motorcycle, with an odometer reading of less than 7,500 miles has not been transferred to an ultimate purchaser.

For purposes of this article, it is conclusively presumed that the equitable or legal title to a motorcycle with an odometer reading of

1,350 miles or more has been transferred to an ultimate purchaser and that the equitable or legal title to a motorcycle with an odometer reading of less than 1,350 miles has not been transferred to an ultimate purchaser.

This section shall remain in effect only until 180 days after the state board adopts regulations for the certification of new direct import vehicles pursuant to Section 43203.5.

SEC. 3. Section 43156 is added to the Health and Safety Code, to read:

43156. (a) For purposes of this article, it is conclusively presumed that the equitable or legal title to a motor vehicle, other than a motorcycle, with an odometer reading of 7,500 miles or more, has been transferred to an ultimate purchaser, except as provided in subdivision (b), and that the equitable or legal title to a motor vehicle, other than a motorcycle, with an odometer reading of less than 7,500 miles, has not been transferred to an ultimate purchaser.

(b) For purposes of this article, it is conclusively presumed that the equitable and legal title to a new direct import vehicle, as defined by Section 43203 5, which is less than two years old, has not been transferred to an ultimate purchaser and that the equitable or legal title to a new direct import motor vehicle, which is at least two years old, has been transferred to an ultimate purchaser.

For purposes of this subdivision, the age of a motor vehicle shall be determined by the following, in descending order of preference:

(1) From the first calendar day of the model year as indicated in the vehicle identification number.

(2) From the last calendar day of the month the vehicle was delivered by the manufacturer as shown on the foreign title document.

(3) From January 1 of the same calendar year as the model year shown on the foreign title document.

(4) From the last calendar day of the month the foreign title document was issued.

(c) For purposes of this article, it is conclusively presumed that the equitable or legal title to a motorcycle with an odometer reading of 1,350 miles or more has been transferred to an ultimate purchaser and that the equitable or legal title to a motorcycle with an odometer reading of less than 1,350 miles has not been transferred to an ultimate purchaser.

(d) This section shall become operative 180 days after the state board adopts regulations for the certification of new direct import vehicles pursuant to Section 43203.5.

SEC. 4. Section 43203.5 is added to the Health and Safety Code, to read:

43203.5. The state board shall adopt, by regulation, a certification program for new direct import vehicles. As used in this section, "new direct import vehicle" means any light duty motor vehicle manufactured outside of the United States and not intended by the manufacturer for sale in the United States which is less than two

years old and was not certified by the state board pursuant to Article 1 (commencing with Section 43100). The state board shall issue a certificate of conformance to each new direct import vehicle which meets the requirements of the certification program. Any bonding requirements for the certification program may not exceed one thousand dollars ($1,000) per new direct import vehicle or engine.

The model year designation for new direct import vehicles in an engine family shall be determined on the same basis as vehicles in the same engine family which are offered for sale in California by the manufacturer. The model year designation for any new direct import motor vehicle in an engine family which the manufacturer does not offer for sale in California shall be determined in accordance with the regulations adopted by the state board. The designations shall apply for all purposes of the certification program and for registration of new direct import vehicles.

The state board shall, by regulation, impose fees to recover the state board's costs, including enforcement costs, of administration of the certification program. Failure to pay the fees within 60 days of receipt after notification by the state board shall result in the assessment of a 10 percent penalty. An additional interest assessment on the fees equivalent to the rate earned by the Pooled Money Investment Fund shall accrue at the end of each 30-day period that the fees remain unpaid. Nonpayment of the fees for more than one year shall result in the state board withholding future certification of new vehicles for sale in California.

Fees collected in accordance with this section shall be deposited in the Air Pollution Control Fund.

SEC. 5. Section 4453 of the Vehicle Code is amended to read:

4453. (4) A motor vehicle formerly operated as a taxicab as defined in subdivision (c) of Section 27908.

(c) The director may modify the form, arrangement, and

information appearing on the face of the registration card and may provide for standardization and abbreviation of fictitious or firm names thereon whenever the director finds that the efficiency of the department will be promoted thereby, except that general delivery or post office box numbers shall not be permitted as the address of the registered owner unless there is no other address.

SEC. 6. Section 11705 of the Vehicle Code is amended to read:

CHAPTER 1236

An act to add Chapter 8 (commencing with Section 2760) to Division 3 of the Fish and Game Code, and to add and repeal Section 6217.1 of the Public Resources Code, relating to fish and game, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 2760) is added to Division 3 of the Fish and Game Code, to read:

CHAPTER 8. FISHERIES RESTORATION

2760. This chapter shall be known and may be cited as the Fisheries Restoration Act of 1985.

2761. The Legislature finds and declares as follows:

(a) Many of California's significant fish and wildlife resources in inland and coastal waters have declined as the result of many development projects which have provided valuable economic growth.

(b) Fish and wildlife have been adversely affected by water developments that have significantly altered water flows in many of California's rivers and streams, thereby affecting fish and wildlife, their habitat, adjacent riparian habitat, spawning areas, and migration routes.

(c) Fish and wildlife are important public resources with significant economical, environmental, recreational, aesthetic, and educational values.

(d) California intends to make reasonable efforts to prevent further declines in fish and wildlife, intends to restore fish and wildlife to historic levels where possible, and intends to enhance fish and wildlife resources where possible.

2762. (a) The Fisheries Restoration Account is hereby created in the Fish and Game Preservation Fund. The moneys in the Fisheries Restoration Account are hereby appropriated for each of the 1985–86 and 1986–87 fiscal years to the department for expenditure pursuant to subdivision (b).

(b) The moneys in the Fisheries Restoration Account may be expended for the construction, operation, and administration of projects designed to restore and maintain fishery resources and their habitat that have been damaged by past water diversions and projects and other development activities. Expenditures shall not be authorized for a project to be funded under this subdivision before a date which is 30 days after the department has furnished a copy of the proposal for the project to be funded, together with supporting descriptions, to the Joint Committee on Fisheries and Aquaculture and to the Joint Legislative Budget Committee. These projects shall have as their primary objective the restoration of fishery resources. Projects may include, but shall not be limited to, the acquisition of lands, restoration of habitat, restoration or creation of spawning areas, kelp restoration, artificial reef construction, construction of fish screens or fish ladders, stream rehabilitation, and installation of

pollution control facilities. Projects for restoration or creation of spawning areas shall utilize natural spawning rather than hatcheries to the extent possible.

Under no circumstances shall any water project be absolved under this subdivision of any mitigation requirements which are placed upon it under existing law.

No land shall be acquired pursuant to this chapter by eminent domain proceedings.

(c) Priority for funding shall be given to projects that employ fishermen, fish processing workers, and others who are unemployed or underemployed due to the elimination of a commercial fishing season as a result of restrictions imposed by federal regulations. This priority shall remain in effect only as long as those restrictions are in force.

2763. The director shall consult with the Resources Agency, the Department of Water Resources, the State Water Resources Control Board, the State Coastal Conservancy, the San Francisco Bay Conservation and Development Commission, and the California Coastal Commission in determining projects proposed for funding pursuant to Section 2762.

2764. The director shall consult with other responsible state agencies and appropriate fishery advisory committees, including, but not limited to, the Advisory Committee on Salmon and Steelhead Trout and the Striped Bass Stamp Advisory Committee, in developing projects to be funded pursuant to Section 2762.

2765. The California Water Commission, in any recommendation it may make to the Congress of the United States on funding for water projects, shall include recommendations for studies, programs, and facilities necessary to correct fish and wildlife problems cause, fully or partially, by federal water facilities and operation, including, but not limited to, all of the following:

(a) The Red Bluff Dam.

(b) The Trinity and Lewiston Dams.

(c) The facilities necessary to protect wildlife areas in the Suisun Marsh and the Sacramento-San Joaquin Delta from adverse water quality effects caused by the federal Central Valley Project.

(d) The Kesterson Reservoir and the San Luis Drain.

SEC. 2. Section 6217.1 is added to the Public Resources Code, to read:

6217.1. (a) There is hereby transferred to the Fisheries Restoration Account in the Fish and Game Preservation Fund the amount of five million dollars ($5,000,000) for each of the 1985–86 and 1986–87 fiscal years from revenues, moneys, and remittances deposited by the commission pursuant to Section 6217, which amounts shall be transferred after the allocation is made pursuant to subdivision (b) of Section 6217 but before the allocation is made pursuant to subdivision (c) of Section 6217.

(b) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the severe decline in a number of fishery resources and their habitat, the elimination of the commercial salmon fishing season for northern California, and the economic effect of recent back to back poor fishing seasons caused by adverse climatic conditions, it is necessary that this act take effect immediately.

CHAPTER 1237

An act to amend Sections 42238 and 42238.4 of the Education Code, and to amend Item 6100-101-001 of Section 2.00 of Chapter 111 of the Statutes of 1985, relating to school finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985–86 fiscal year only, the equalization adjustment specified in Section 42238.4.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the

current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

The access lands may be leased for a period not to exceed 25 years, if approved by the conservancy and the Department of General Services. Nothing in this act prevents the Department of Parks and Recreation from purchasing the coastal access lands from the conservancy or from any other party for operation as an element of the state park system.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 4520 of the Welfare and Institutions Code is amended to read:

Therefore, a State Council on Developmental Disabilities with authority independent of any single state service agency is needed and is hereby created.

Chapter 2 (commencing with Section 4520), Chapter 3 (commencing with Section 4560), and Chapter 4 (commencing with Section 4570) are intended by the Legislature to secure full compliance with the requirements of the Developmental Disabilities Assistance and Bill of Rights Act of 1975 (Public Law 94-103), as amended and extended, which provides federal funds to assist the state in planning, coordinating, monitoring, and evaluating services for persons with developmental disabilities and in establishing a system to protect and advocate the legal and civil rights of persons with developmental disabilities.

The people of the State of California do enact as follows:

SECTION 1. Section 25123.3 of the Health and Safety Code is amended to read:

25123.3. (a) "Storage facility" means a hazardous waste facility at which the hazardous waste meets any of the following requirements:

(1) The hazardous waste is contained for periods greater than 90 days at an onsite facility.

(2) The hazardous waste is contained in a tank for any period of time and the quantities of the hazardous waste exceed 5,000 gallons or 45,000 pounds, whichever is greater. For purposes of this paragraph, "tank" does not include a portable tank used for a period of not more than 14 calendar days at an onsite facility or used to accumulate hazardous waste onsite which has been generated from onsite maintenance operations which occur less frequently than annually.

(3) The hazardous waste is contained for any period of time at an offsite facility which is not a transfer facility.

(4) The hazardous waste is contained at a transfer facility for periods greater than 96 hours.

(b) The time period for calculating the 90-day period for purposes of paragraph (1) of subdivision (a) begins when the facility has accumulated 100 kilograms of hazardous waste or 1 kilogram of extremely hazardous waste, except that, if the facility generates more than 100 kilograms of hazardous waste or 1 kilogram of extremely hazardous waste during any calendar month, the time period begins when any amount of hazardous waste first begins to accumulate.

(c) For purposes of this section, "transfer facility" means any offsite facility which is related to the transportation of hazardous waste, including, but not limited to, loading docks, parking areas, storage areas, and other similar areas where shipments of hazardous waste are held during the normal course of transportation.

(a) Coordinate research and development regarding methods of hazardous waste handling, storage, use, processing, and disposal and may conduct appropriate studies relating to hazardous wastes.

(b) Maintain a technical reference center on hazardous waste management practices, including, but not limited to, hazardous waste disposal, recycling practices, and related information for public and private use.

(2) Directories of known and permitted commercial hazardous waste recyclers in the state.

(k) Establish and maintain an information clearinghouse, which shall consist of a record of wastes which may be recyclable. Every producer of hazardous waste shall supply the department with information for the clearinghouse. Each producer shall not be required to supply any more information than is required by the manifests provided for in Section 25160. The department shall make this information available to persons who desire to recycle the wastes. The information shall be made available in such a way that the trade secrets of the producer are protected.

(*l*) Conduct pilot projects, as appropriate, to document the technical performance of emerging technologies which offer potential for ameliorating California's hazardous waste disposal problems.

(m) Develop and implement an industry education program which shall emphasize small business education and shall include, but not be limited to, all of the following elements:

(1) Preparation of a synopsis of laws and regulations relating to hazardous waste, which the department shall publish by January 1 of each year.

(2) Publication of educational pamphlets for selected types of business explaining selected areas of the law, regulations, or programs concerning hazardous waste.

(3) Audio-visual training programs, as needed.

(4) An annual California Hazardous Waste Management Symposium.

SEC. 3. Section 25172.6 is added to the Health and Safety Code, to read:

25172.6. (a) The department shall enter into contracts or agreements with educational, professional, or trade associations, using a competitive bidding process, to establish specialized training programs with a statewide focus to instruct businesses and other entities on compliance with statutes and regulations governing the handling, disposal, transportation, and storage of hazardous waste.

(b) On or before March 31, 1986, the department shall develop procedures for the entering into of contracts and agreements pursuant to subdivision (a).

SEC. 4. Section 25201 of the Health and Safety Code is amended to read:

25201. No operator of a storage facility, treatment facility, waste transfer station, resource recovery facility, or waste disposal site shall accept, treat, store, or dispose of a hazardous waste at the facility, station, area, or site, unless the operator holds a hazardous waste facilities permit from the department to use and operate the facility, station, area, or site.

SEC. 5. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the Hazardous Waste Control Account in the General Fund to the State Department of Health Services to carry out its duties pursuant to Section 25172.6 of the Health and Safety Code.

SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. Notwithstanding Section 2231.5 of the Revenue and

Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1246

An act to add Section 9318 to the Welfare and Institutions Code, relating to transit.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Under the existing federal Older Americans Act, as amended (42 U.S.C. Sec. 3000), federal funds are provided to the Department of Aging as agent for this state for the provision of nutrition services and supportive services to older Californians.

(b) Funded supportive services include transportation, information and referral, legal assistance, and in-home supportive services.

(c) Despite recent augmentations in the level of both congregate and home-delivered nutrition services, it has become increasingly difficult to provide these nutrition services because of the lack of adequate transportation services.

(d) Largely as a result of inadequate transportation services, many elderly people are not able to live wholesome and enjoyable lives to their fullest potential because of the lack of social supportive services, often leading to premature and unnecessary institutionalization.

Therefore, it is the intent of the Legislature that the "Social Supportive Services Transportation Act of 1985" be enacted as a means of addressing these unmet needs.

SEC. 2. Section 9318 is added to the Welfare and Institutions Code, to read:

9318. The department shall report to the Legislature by October 1, 1987, on the need for transportation services for older persons. The report shall assess the level of unmet specialized transportation needs, propose an action plan to meet the identified needs that stresses coordination or consolidation of transportation services with other social services programs, and suggest alternatives for funding the necessary level of transportation needs.

CHAPTER 1247

An act to amend Section 8880.52 of the Government Code, relating to the California State Lottery, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows.

SECTION 1. The Legislature finds and declares that the provisions of this act further the purpose of the California State Lottery Act of 1984.

SEC. 2. Section 8880.52 of the Government Code is amended to read:

8880.52. Sales to Minors

(a) No tickets or shares in lottery games shall be sold to persons under the age of 18 years. In the case of lottery tickets or shares sold by lottery game retailers or their employees, such persons shall establish safeguards to assure that such sales are not made to persons under the age of 18 years. In the case of sales of tickets or shares sold by vending machines or other devices, the commission shall establish safeguards to help assure that such vending machines or devices are not operated by persons under the age of 18 years.

(b) All tickets or shares in lottery games shall include, and any devices which dispense tickets or shares in lottery games shall have posted in a conspicuous place thereupon, a notice which declares that state law prohibits the selling of a lottery ticket or share to, and the payment of any prize to, a person under the age of 18 years.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the changes proposed by this bill in the California State Lottery Act of 1984 to be effective upon the implementation of the California State Lottery, it is necessary that this act take effect immediately.

CHAPTER 1248

An act to amend Section 38225 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

(b) In addition to the service fee specified in subdivision (a), a special fee of six dollars ($6) shall be paid at the time of payment of the service fee for the issuance or renewal of an identification plate or device. All fees received by the department pursuant to this subdivision, and all day use, overnight use, or annual or biennial use fees for state vehicular recreation areas received by the Department of Parks and Recreation, shall be deposited in the Off-Highway Vehicle Fund, which is hereby created. There shall be a separate reporting of special fee revenues by vehicle type, including four-wheeled vehicles, three-wheelers, motorcycles, and snowmobiles. All money in the fund is continuously appropriated for expenditure by the Department of Parks and Recreation for the purposes specified in Article 6 (commencing with Section 5090.60) of Chapter 1.25 of Division 5 of the Public Resources Code.

(c) In addition to the service fees specified in subdivision (a), a fee of one dollar ($1) shall be paid at the time of issuance or renewal of identification of off-highway motor vehicles subject to identification, except as expressly exempted under this division. The department shall deposit the fee received under this subdivision in the Motor Vehicle Account in the State Transportation Fund. The money deposited in the account pursuant to this subdivision shall be available, upon appropriation by the Legislature, for expenditure to offset the costs of maintaining the uniformed field strength of the Department of the California Highway Patrol.

(d) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. Any unencumbered funds remaining in the Off-Highway Vehicle Fund on January 1, 1988, shall be transferred to the General Fund.

SEC. 2. Section 38225 of the Vehicle Code, as added by Section 15 of Chapter 994 of the Statutes of 1982, is amended to read:

The department shall deposit the fee received under this subdivision in the Motor Vehicle Account in the State Transportation Fund.

(c) This section shall become operative on January 1, 1988.

SEC. 3. The sum of forty thousand dollars ($40,000) is hereby appropriated from the Off-Highway Vehicle Fund to the Department of Parks and Recreation for making a grant to the County of San Diego for the preparation of an environmental impact report on the proposed Otay Mesa off-highway vehicle site. The making of the grant shall be conditioned upon a positive finding in the feasibility study being conducted by the County of San Diego on the proposed Otay Mesa off-highway vehicle site.

SEC. 4. Sections 1 and 2 of this act shall become operative only if Assembly Bill No. 1201 of the 1985–86 Regular Session is enacted. If Assembly Bill 1201 is enacted, Sections 1 and 2 of this act shall become operative at the same time that Assembly Bill 1201 takes effect.

CHAPTER 1249

An act to amend Sections 314 and 583 of the Public Utilities Code, relating to the Public Utilities Commission.

[Approved by Governor September 29, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows.

SECTION 1. Section 314 of the Public Utilities Code is amended to read:

314. (a) The commission, each commissioner, and each officer and person employed by the commission may, at any time, inspect the accounts, books, papers, and documents of any public utility. The commission, each commissioner, and any officer of the commission or any employee authorized to administer oaths may examine under oath any officer, agent, or employee of a public utility in relation to its business and affairs. Any person, other than a commissioner or an officer of the commission, demanding to make any inspection shall produce, under the hand and seal of the commission, authorization to make the inspection. A written record of the testimony or statement so given under oath shall be made and filed with the commission.

(b) Subdivision (a) also applies to inspections of the accounts, books, papers, and documents of any business which is a subsidiary or affiliate of a telephone corporation with respect to any transaction between the corporation and the subsidiary or affiliate or any matter affecting the establishment of rates for, or the ascertainment of expenses of, the corporation.

SEC. 2. Section 583 of the Public Utilities Code is amended to read:

583. No information furnished to the commission by a public

utility, or any business which is a subsidiary or affiliate of a public utility, except those matters specifically required to be open to public inspection by this part, shall be open to public inspection or made public except on order of the commission, or by the commission or a commissioner in the course of a hearing or proceeding. Any present or former officer or employee of the commission who divulges any such information is guilty of a misdemeanor.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1250

An act to amend Section 19614.2 of, and to add Section 19576 to, the Business and Professions Code, and to amend Sections 5701 and 5703 of the Revenue and Taxation Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 19576 is added to the Business and Professions Code, to read:

19576. (a) No person may furnish a tape of any quarter horse race occurring in this state to any other person either within or outside of the state for any commercial purpose, including the use of the tape in any type of video game, without first securing the consent of the racing association conducting the meeting, the organization representing horsemen participating in the meeting, and the board.

(b) No person may use any tape of any quarter horse race occurring in this state for any commercial purpose without first securing the consent of the racing association holding the meeting, the organization representing horsemen participating in the meeting, and the board.

(c) Any person whose consent is required under this section may file and maintain an action in superior court to obtain an injunction against the furnishing or commercial use of a quarter horse race tape in violation of this section.

SEC. 2. Section 19614.2 of the Business and Professions Code is amended to read:

19614.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, the California Exposition and State Fair, or a district or county fair, or an association conducting its meeting

pursuant to Section 19549.1, may deduct from the total amount handled in daily double, quiniela, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the current year of the fair meet. Of the amount deducted, if any, 52 percent shall be distributed as additional purses and 48 percent shall be distributed as additional commissions.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

(c) From the amount deducted for thoroughbred purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning at the meeting. The sum shall be deposited within seven days of the close of the meeting with the official registering agency of California thoroughbred racehorses in a depository approved by the board. After deduction of expenses, not to exceed 5 percent, and approval of all the deductions by the board, the fund shall then be distributed on a prorated percentage basis of first moneys earned to the persons owning California-bred thoroughbreds at the time of their wins, in accordance with the qualifying standards specified in subdivision (c) of Section 19617.

(d) From the amount deducted for quarter horse purses under subdivision (a), a sum equal to 25 percent thereof shall be held by the association to be paid as owners' premiums for California-breds winning or placing at the meeting. The premiums shall be distributed within 30 days of the date on which the funds are received by the officially recognized organization designated to administer this subdivision on a prorated percentage basis of first and second place moneys earned to persons owning California-bred quarter horses at the time of their wins or places in races having a total purse value equal to or in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year.

The board shall designate the officially recognized organizations representing quarter horse horsemen to administer this subdivision and to distribute premiums.

The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

(e) From the amount deducted for Appaloosa and Arabian horse purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be paid as owner's premiums for California-breds winning at the meeting. The premiums shall be distributed within 30 days of the close of the meeting on a prorated percentage basis of first moneys earned to persons owning California-bred Appaloosa and Arabian horses at the time of their

wins in races having a total purse value in excess of the average purse value for races, other than stakes races, won by California-bred horses during the previous year. The board shall designate the officially recognized organization representing Appaloosa and Arabian horsemen to administer this subdivision and to distribute premiums. The organization may, with the approval of the board, make a deduction for expenses not to exceed 5 percent of the total awards fund.

SEC. 3. Section 5701 of the Revenue and Taxation Code is amended to read:

5701. The Legislature finds that subjecting racehorses to the general property tax has resulted in a serious lack of uniformity as between one county and another respecting the method used in arriving at an assessed value; that this has resulted in serious inequities between the owners of racehorses depending in part on the county wherein they are assessed; that a continuation of current assessment practices will result in a substantial decrease in the breeding, boarding, and training of racehorses for racing competition in California and that current assessment practices have caused racehorse owners to remove their horses from California to other major breeding states with the result that over a period of time if these assessment practices are continued, both the breeding and racing of racehorses in California will suffer in that the quality and quantity of racehorses will be reduced and impaired; that a severe loss of employment and taxes to breeding and racing will result, attendance at race meetings will decrease, and betting will be reduced with consequent substantial loss of revenue to California. It is the intent of the Legislature, in enacting this part, to establish a more equitable method of taxing racehorses and thereby provide incentives to owners of these horses to maintain their horses within the state by providing for a uniform system of in-lieu taxation for the racehorses subject to the provisions of this part. The Legislature further finds that, because Arabian horses begin racing and breeding at least one year later than other breeds, Arabian horses should be treated equitably by allowing that breed four years before they are required to begin racing or be engaged in breeding activities.

SEC. 4. Section 5703 of the Revenue and Taxation Code is amended to read:

5703. "Racehorse" means each live horse, including a stallion, mare, gelding, ridgeling, colt, filly, or foal, that is or will be eligible to participate in or produce foals which will be eligible to participate in a horseracing contest in California wherein parimutuel racing is permitted under rules and regulations prescribed by the California Horse Racing Board. "Racehorse" does not mean or include any horse over three years old, or four years old in the case of an Arabian horse, that has not participated in a horserace contest on which parimutuel wagering is permitted or has not been used for breeding purposes in order to produce racehorses during the two previous calendar years.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Persons are in possession of tapes of quarter horse races run in this state, and these persons are presently distributing the tapes in other states for profit without permission of the owners. Thus, in order to restrict this practice as quickly as possible and to make changes relating to taxation of Arabian horses as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1251

The payments shall be no less than 50 percent of the estimated highest average annual compensation earnable by the local safety officer during the three consecutive years of employment immediately preceding the effective date of his or her disability retirement, unless the local safety officer chooses an optional settlement in the permanent disability retirement application process which would reduce the pension allowance below 50 percent. In the case where the local safety officer's choice

lowers the disability pension allowance below 50 percent of average annual compensation as calculated, the advanced pension payments shall be set at an amount equal to the disability pension allowance. If a local agency has an adopted policy of paying for any accumulated sick leave after the safety officer is eligible for a disability allowance, the advanced disability pension payments under this section can only be made when the local safety officer has exhausted all sick leave payments. Advanced disability pension payments shall not be considered a salary under this or any other provision of law. All advanced disability pension payments made by a local agency with membership in the Public Employees' Retirement System shall be reimbursed by the Public Employees' Retirement System pursuant to Section 21293.1 of the Government Code.

(b) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 8. (a) Section 2 of this bill incorporates amendments to Section 20022 of the Government Code proposed by both this bill and SB 843. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, (2) each bill amends Section 20022 of the Government Code, and (3) SB 1203 is not enacted or as enacted does not amend that section, and (4) this bill is enacted after SB 843, in which case Sections 1, 3, and 4 of this bill shall not become operative.

CHAPTER 1261

An act to add and repeal Article 1.7 (commencing with Section 26638.1) to Chapter 2 of Part 3 of Division 2 of Title 3 of the Government Code, relating to peace officers.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Article 1.7 (commencing with Section 26638.1) is added to Chapter 2 of Part 3 of Division 2 of Title 3 of the Government Code, to read:

Article 1.7. Sacramento County Sheriff-Marshal Consolidation

26638.1. This article shall apply only to a county of the eighth class. It shall be known as the Sacramento County Court Services Consolidation Act of 1985.

26638.2. Notwithstanding any other provision of law, the Board of Supervisors of the County of Sacramento may, by ordinance, abolish the office of marshal of the municipal court and consolidate the services and personnel of the Sacramento County Marshal's Department into the Sacramento County Sheriff's Department.

Upon the effective date of such a consolidation ordinance, Sections 74194 and 74195 shall cease to be operative, and Sections 26638.3 to

26638.12, inclusive, shall become operative and shall continue in full force and effect during the period of consolidation. As used in Sections 26638.3 to 26638.12, inclusive, "municipal court" means the Sacramento Municipal Court District.

This article shall be repealed by operation of law in the event the board of supervisors does not, by June 30, 1986, adopt a consolidation ordinance pursuant to this article.

26638.3. All persons who, immediately preceding the effective date of abolition of the marshal's office and department, are assigned to the marshal's department in management, administrative, supervisory, peace officer, clerical, and other positions shall, on the effective date of the abolition, be assigned to the sheriff's department in the same class, or if such classes are not within the department, a comparable class; and no probationary or permanent employee shall be laid off as a result of implementation of the abolition and consolidation. The discretion of the board of supervisors to lay off as a result of the elimination or reduction in level of any service delivered by the sheriff, whether caused by the board's decision to underfund existing staffing or otherwise, shall not be impaired.

Marshal's lieutenants shall be assigned to the class of sheriff's lieutenant, and shall not be eligible to participate in a promotional examination for the class of sheriff's captain for a period of one year following the effective date of the abolition and consolidation. Marshal's deputies performing bailiffing functions shall be assigned to bailiffing functions for the superior and municipal courts for five years following the effective date of the abolition and consolidation. No provision of this section shall be deemed to restrict the authority of the sheriff to discipline any employee in accordance with county standards, procedures and limitations otherwise applicable, and except as otherwise expressly provided herein the discretion of the sheriff to assign, promote, direct, and control employees formerly assigned to the marshal's department shall not be deemed to be in any manner restricted by virtue of the abolition or consolidation.

26638.4. Notwithstanding the provisions of Sections 23608, 23665, 26603, and 71260 to 71265, inclusive, or any other provision of law, the sheriff shall provide to the superior court within the County of Sacramento and to the Sacramento Municipal Court District all of the following:

(a) Notice and process services, including the service of summons, subpoenas, warrants, and other civil and criminal process

(b) Court security services, including prisoner transportation services, prisoner escort services, bailiff services, courthouse and other court security services, and the execution of court orders and bench warrants requiring the immediate presence in court of a defendant or witness.

26638.5. The sheriff shall provide, within the limits of the resources at his or her disposal, notice and process and court security services to the superior and municipal courts of at least as high a quality as were provided preceding the abolition and consolidation.

The sheriff shall designate a position assigned to the administration of notice and process service as a court liaison officer whose duty it shall be to advise and confer with the courts respecting the quality of notice and process services.

All notice and process and court security services provided by the sheriff shall be apportioned between the superior and municipal courts in an equitable manner.

26638.6. There is hereby created as a separate unit within the sheriff's department a court security services unit, the functions of which shall be to provide to the superior and municipal courts within Sacramento County prisoner transportation services, prisoner escort services, court control, courthouse and other court building security, bailiff services and the execution of court orders and bench warrants requiring the immediate presence in court of a defendant or witness. All sheriff's personnel responsible for the delivery of these services shall be assigned to the court security services unit. The sheriff shall provide all security services to the courts through that unit.

26638.7. The court security services unit shall be headed by a chief deputy who reports directly to the sheriff through the undersheriff, and whose administrative offices are situated at such location as the presiding judges of the superior and municipal courts may direct.

The chief deputy shall be exempt from civil service, and shall not be a member of the county's classified service. The chief deputy shall be appointed by the sheriff from among Sacramento County employees who are assigned to the sheriff's department, and who are qualified peace officers. The person appointed chief deputy shall serve in that office at the individual pleasures of the sheriff, judges of the superior court, and judges of the municipal court. The chief deputy shall be subject to release from that office at the will of either the sheriff, or the judges of either the superior or municipal courts, as reflected by a majority vote of the judges in either court. A person released from the office of chief deputy shall be returned to the highest salaried county class which that person occupied preceding his or her appointment to the office of chief deputy. The chief deputy, during the period he or she occupies that office, shall be subject to suspension or dismissal from county employment at the sole discretion of the sheriff, subject to those county standards, procedures, and limitations as are applicable to county employees within the classified service.

Notwithstanding the provisions of the preceding paragraph, the first occupant of the office of chief deputy shall be the person who occupied the office of Sacramento County Marshal immediately preceding the effective date of the abolition of that office and consolidation. The first occupant shall be subject to release from that office and suspension or dismissal from county employment in accordance with the same terms, conditions, and procedures as are prescribed above. In the event the first occupant of the office of chief deputy is released from that office, he or she shall be assigned, at the

discretion of the sheriff, to any existing vacancy in the classes of sheriff's captain, sheriff's lieutenant, sheriff's sergeant or deputy sheriff, at a salary equal to that which he or she was receiving immediately preceding the effective date of release from the chief deputy office. Upon assignment to such a class, the first occupant shall immediately acquire permanent civil service status, and shall thereafter be subject to discipline or other adverse employment action subject to the same regulations and procedures as are applicable to other classified personnel occupying the same class.

The office of chief deputy, court security services, is created as one whose principal function is to serve the superior and municipal courts, is created by the Legislature as a court position, and is assigned solely for organizational purposes to the sheriff's department in order to promote the efficient utilization of personnel resources and preserve unity of command in the delivery of peace officer services.

26638.8. The sheriff, through the chief deputy, court security services, shall prepare and present for approval by the superior and municipal courts, as expressed by a majority vote by the judges of each court, written policies prescribing procedures and methods for the adequate and prompt delivery of court security services. The policies shall contain such elements as either court may prescribe, including, but not limited to:

(a) The transportation of prisoners in a manner which assures timely production at court hearings, within the limits of personnel resources at the disposal of the chief deputy, court security services.

(b) The approval by individual superior and municipal court judges of the identity of bailiffs assigned on a regular or continuing basis to the courtrooms of those judges.

(c) The organizational plan for the court security services unit in relation to the allocation of staffing levels to various functions of the court security services unit, within the limits of personnel resources at the disposal of the chief deputy, court security services, including the regular assignment of one bailiff to each permanent sitting judge, commissioner and referee.

(d) The filling with reasonable dispatch of positions which become vacant due to employment termination, leave or incapacity; and, in the event of vacancies caused by the long-term incapacity of a sworn officer, that the sheriff make his or her best effort to assign the vacant position elsewhere within the department in a manner which makes available another sworn officer for court duties.

(e) With the foregoing exceptions, the reservation of discretion to the chief deputy, court security services, to assign, direct, and control the personnel of his or her unit.

Amendments of the policies shall be subject to advance approval by the courts in the same manner as the courts approve the original policies.

26638.9. The superior and municipal courts shall bring any complaints regarding the sheriff's performance under this article and

any written policies adopted pursuant hereto to the attention of the sheriff, and shall cooperate with the sheriff to resolve them. The courts shall also actively participate and cooperate in the preparation and presentation of all budget requests for the court security services unit. The budget for the unit shall be prescribed from year to year by the board of supervisors through adoption of the annual budget. During any budget year, the staffing for the unit may be adjusted within budgeted resources and personnel classifications only with the approval of the courts under policies adopted pursuant to subdivisions (c) and (d) of Section 26638.8.

The sheriff shall not transfer or otherwise divert from the court security services unit personnel or other resources allocated to that unit by the annual final budget approved by the board of supervisors, except on a temporary basis in the event of a sudden and unforeseen emergency requiring the immediate commitment of significant resources in relation to other functions performed by the sheriff.

That organization plan for the court security services unit and the level of staffing and hours of staffing services prescribed therein set forth in that document entitled "Sacramento County Court Security Services Unit, Organization Plan," dated June 1, 1985, on file with the clerk of the Board of Supervisors of the County of Sacramento, shall, at minimum, be maintained during the 1985–86 fiscal year from and after the effective date of the abolition and consolidation authorized by this article; and the levels of staffing and hours of staffing services shall be subject to modification, increase or decrease by the board of supervisors in future fiscal years.

26638.10. In the event that either the superior or municipal court concludes by majority vote of its members that the sheriff has substantially failed to comply with any term of this article or written policies adopted hereunder, that court may request that the board of supervisors form and fund an independent review team to review the sheriff's compliance with this article or policies and report thereon. The board shall form and fund such review. The review team shall be selected by five persons who are the presiding judges of the superior and municipal courts, county executive, sheriff and a disinterested public member selected by the board.

(a) The sheriff shall take all necessary reasonable steps to remedy any violation of this article or policies adopted hereunder found by the review team. The failure of the sheriff to take such steps and violations of this article or policies adopted hereunder shall be reviewable in an action brought by the court requesting formation of the team under Section 1085 of the Code of Civil Procedure.

(b) Any findings by the review team relating to understaffing, insufficient or inadequate facilities, insufficient or inadequate equipment or appliances, or any other matter requiring as a remedy the appropriation or expenditure of public funds by the board of supervisors shall be advisory only, and shall not be enforceable by mandate or any other judicial proceeding against the county or board of supervisors.

The provisions of this section shall not be deemed to constitute an exclusive remedy, an administrative remedy which must be exhausted or to otherwise bar any other remedy which may be available to the courts under this article or any other laws for a violation of the provisions of this article or written policies adopted hereunder.

26638.11. Neither this article nor any provision hereof, including Section 26638.10, shall be deemed in any manner to limit or otherwise impair the legal power vested by other laws, including Section 68073, in the superior and municipal courts within Sacramento County to secure proper provision of court-related services.

26638.12. This article shall become inoperative on June 30, 1992, and, as of January 1, 1993, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1993, deletes or extends those dates. Upon the repeal of this article, Sections 74194 and 74195 shall cease to be inoperative.

The deposits shall be made prior to any transfer pursuant to Section 11502. The county may retain an amount of this money equal to its administrative cost incurred pursuant to this section. [Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares as follows:

(1) The Department of Food and Agriculture and the State Department of Health Services have made extraordinary efforts to protect the consuming public from the risks associated with instances occurring during the summer of 1985 of the improper application of pesticides on watermelons, resulting in the confiscation and destruction of a significant portion of the 1985 watermelon crop.

(2) Those law-abiding farmers, shippers, brokers, wholesalers, and retailers who were not involved in this pesticide misuse have nonetheless suffered economic hardships due to the confiscation and destruction of these watermelons by public officials to eliminate any possible risk to the public health and safety.

(3) There is precedent for state economic assistance for the losses suffered by innocent persons during the recent epidemics of Newcastle's disease, avian influenza, brucellosis, and the Mediterranean Fruit Fly.

(b) It is, therefore, the intent of the Legislature, in enacting this act, to provide certain relief from the economic impacts of this recent watermelon crop emergency by facilitating settlement of all legitimate claims arising out of this situation.

SEC. 2. This act is applicable to claims relating to or resulting from the confiscation and destruction of watermelons during the summer of 1985 due to the improper use of pesticides arising both before and after the effective date of this act, together with administrative expenses of the State Board of Control related to the processing of those claims.

SEC. 3. All claims under this act shall be filed with the State

Board of Control on or before December 1, 1985.

SEC. 4. The State Board of Control shall consider and approve or reject all claims pursuant to this act, and may require the submission of sufficient evidence or documentation in support thereof as it may specify. Those claims shall include free on board price, preharvest costs, and average market value.

As used in this section, "average market value" means the average free on board market price for watermelons over the preceding five-year period computed on a county-by-county basis by the county agricultural commissioner for each county. Those claims submitted under average market value shall only be approved if the FOB price received does not cover actual documented production costs.

SEC. 5. (a) The Director of Food and Agriculture shall, on request of the State Board of Control, review and certify to the board all claims found and determined to be valid and proper for reimbursement of losses suffered by farmers, shippers, brokers, wholesalers, and retailers by reason of confiscation of watermelons during the summer of 1985 because of the danger of pesticide misuse.

(b) The director shall disapprove and refuse to certify to the board the claim of any person whom the director finds and determines improperly applied, or improperly permitted to be applied, any pesticide to the watermelons which are the subject of the claim.

SEC. 6. (a) The State Board of Control shall periodically report to the Assembly Committee on Ways and Means and to the Senate Committee on Appropriations on the number, types, and amounts of claims approved under this act.

(b) The State Board of Control shall, every 60 days, make a report to the Chairperson of the Joint Legislative Budget Committee. The report shall contain the total number of claims filed to date, the total number of claims rejected and allowed, and the total dollar amount of claims allowed.

CHAPTER 1266

An act to add Section 667.5 to, and to add Article 6 (commencing with Section 13000) to Chapter 2 of Division 3 of, the Insurance Code, relating to insurance.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 667.5 is added to the Insurance Code, to read:

667.5. Unless a policy specifically provides otherwise, the cancellation of a policy, or any change in the policy, executed by an

insurer, at the request of the named insured designated on the declarations page of the policy, shall be binding upon any other insured or named insured.

Notice of cancellation or an endorsement evidencing the named insured's request shall be mailed or delivered to the address stated in the policy to all individuals or to all entities designated as named insureds on the declarations page of the policy.

SEC. 2. Article 6 (commencing with Section 13000) is added to Chapter 2 of Division 3 of the Insurance Code, to read:

Article 6. Insurance Fraud Reporting

Relevant information may include, but is not limited to, all of the following:

(1) Insurance policy information relevant to the insurance fraud under investigation, including, but not limited to, any application for a policy.

(2) Policy premium payment records which are available.

(3) History of previous claims made by the insured.

(4) Information relating to the investigation of the insurance fraud, including statements of any person, proof of loss, and notice of loss.

(5) Complete copies of both sides of payment drafts.

(b) The provisions of subdivision (a) shall not operate to authorize disclosure of medical information not otherwise authorized for disclosure pursuant to law.

(c) For purposes of this article, "authorized governmental agency" means those agencies employing officers designated in subdivisions (a) and (b) of Section 830.1 and subdivision (a) of Section 830.2 of the Penal Code.

13001. Any information acquired pursuant to this article shall not be a part of any public record. Except as otherwise provided by law, any authorized governmental agency, an insurer, or an agent authorized by an insurer to act on its behalf, which receives any information furnished pursuant to this article, shall not release that information to public inspection until such time as its release is required in connection with a criminal or civil proceeding.

13002. In the absence of fraud or malice, no insurer, or any employee or agent authorized by an insurer to act on behalf of the insurer, and no authorized governmental agency or its respective employees, shall be subject to any civil liability for libel, slander, or any other relevant cause of action by virtue of releasing or receiving

any information pursuant to Section 13000 or 13001. Nothing in this article is intended to, or does in any way or manner, abrogate or lessen the existing common law or statutory privileges and immunities of an insurer, or any employee or agent authorized by that insurer to act on behalf of the insurer, or of any authorized governmental agency or its respective employees.

13003. (a) For purposes of this article, "insurance fraud" does not include motor vehicle theft and motor vehicle insurance fraud reporting subject to the provisions of Chapter 5 (commencing with Section 10900) of Division 4 of the Vehicle Code.

(b) As used in this article, "authorized governmental agency" means the police department of a city, or a city and county, the sheriff's office or department of a county, the district attorney of any county, or city and county, and any other law enforcement agency of this state or any city or county, or city and county.

13004. Any or all information released or received by an authorized governmental entity pursuant to Section 13000 or 13001 shall be provided by that agency to the Bureau of Fraudulent Claims within 10 days of the agency's receipt of the information.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1267

An act to add Section 36512.3 to the Government Code, relating to cities.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 36512.3 is added to the Government Code, to read:

36512.3. (a) Notwithstanding Section 34902 or 36512, an appointment shall not be made to fill a vacancy on a city council if the appointment would result in a majority of the members serving on the council having been appointed. The vacancy shall be filled in the manner provided by this section.

(b) The city council may call an election to fill the vacancy, to be held on the next regularly established election date not less than 90 days after the call.

(c) If the city council does not call an election pursuant to

subdivision (b), the vacancy shall be filled at the next regularly established election date.

(d) This section shall apply to any vacancy which otherwise could have been filled by an appointment made on or after January 1, 1986.

CHAPTER 1268

An act to amend Sections 1163 and 1164 of the Harbors and Navigation Code, relating to pilots.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1163 of the Harbors and Navigation Code is amended to read:

1163. (a) (1) Each retired or disabled pilot shall receive, as a monthly pension, that amount which is eighty-five dollars ($85) multiplied by the number of full years of service he performed as a pilot licensed under this division.

(2) A pilot who retires or becomes disabled shall not begin to receive his pension until the benefit year next following the date on which he retires or becomes disabled.

(3) No retired pilot shall receive benefits pursuant to the pension plan in any benefit year unless his resignation as an active pilot specifying a proposed date of retirement was submitted, in writing, to the board, prior to December if his retirement is to be effective the first day of the following January or prior to June if his retirement is to be effective the first day of the following July. His resignation shall become effective on either January 1 or July 1 as specified in the written resignation.

(4) If a retired or disabled pilot who is receiving a pension dies without a wife surviving him, his successor in interest shall receive the proceeds of the pension for the remainder of the benefit year, after which time it shall cease.

(b) (1) The widow of a deceased pilot who would be eligible for a pension pursuant to subdivision (c) of Section 1164 shall receive, as a monthly pension, one-half of the amount that her deceased husband would have received as a pension pursuant to this section had he lived.

(2) If a retired or disabled pilot receiving a pension dies, his widow shall continue to receive the full pension to which her deceased husband was entitled for the balance of the benefit year, after which she shall receive the amount specified in paragraph (1) of this subdivision.

(3) When a widow receiving a pension dies, her successor in interest shall receive the proceeds of the pension for the remainder

of the benefit year, after which time it shall cease.

(c) For the purposes of the computations described in paragraph (1) of subdivision (a), six months or more of service by a pilot shall be considered a full year.

SEC. 2. Section 1164 of the Harbors and Navigation Code is amended to read:

1164. (a) A pilot shall be eligible for the pension provided in Section 1163 if he meets all of the following requirements:

(1) Held a license as a pilot and served at least 10 years in that capacity or has attained 62 years of age, whichever occurs first.

(2) Retired after January 1, 1972.

(3) Is at least 60 years of age.

(b) A disabled pilot shall be eligible for the pension provided in Section 1163 if it has been determined by the Board of Pilot Commissioners, based upon competent medical evidence, that such pilot is unable to perform the duties of a pilot. As used in this chapter, "disabled" means a disability of permanent or extended and uncertain duration, as determined by the board, on the basis of competent medical opinion.

(c) (1) A widow of a deceased pilot shall be eligible for the pension provided in subdivision (b) of Section 1163 if her deceased pilot husband died after January 1, 1972, and if he had held a license as a pilot.

(2) In order for a widow to be eligible for any pension benefits pursuant to this chapter, she shall have been legally married to the deceased pilot for at least one year prior to his death.

(3) A widow of a deceased pilot shall neither be eligible for nor receive pension benefits pursuant to this chapter if she remarries.

CHAPTER 1269

An act to amend Section 6317 of the Labor Code, relating to occupational safety and health.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6317 of the Labor Code is amended to read:

6317. If, upon inspection or investigation, the division believes that an employer has violated Section 25910 of the Health and Safety Code or any standard, rule, order, or regulation established pursuant to Chapter 6 (commencing with Section 140) of Division 1 of the Labor Code, or any standard, rule, order, or regulation established pursuant to this part, it shall with reasonable promptness issue a citation to the employer. Each citation shall be in writing and shall describe with particularity the nature of the violation, including a

reference to the provision of the code, standard, rule, regulation, or order alleged to have been violated. In addition, the citation shall fix a reasonable time for the abatement of the alleged violation. The period specified for abatement shall not commence running until the date the citation or notice is received by certified mail and the certified mail receipt is signed, or if not signed, the date the return is made to the post office. If the division officially and directly delivers the citation or notice to the employer, the period specified for abatement shall commence running on the date of the delivery.

A "notice" in lieu of citation may be issued with respect to violations found in an inspection or investigation which meet either of the following requirements:

(1) The violations do not have a direct relationship upon the health or safety of an employee.

(2) The violations do not have an immediate relationship to the health or safety of an employee, and are of a general or regulatory nature. A notice in lieu of a citation may be issued only if the employer agrees to correct the violations within a reasonable time, as specified by the division, and agrees not to appeal the finding of the division that the violations exist. A notice issued pursuant to this paragraph shall have the same effect as a citation for purposes of establishing repeat violations or a failure to abate. Every notice shall clearly state the abatement period specified by the division, that the notice may not be appealed, and that the notice has the same effect as a citation for purposes of establishing a repeated violation or a failure to abate. The employer shall indicate agreement to the provisions and conditions of the notice by his or her signature on the notice.

Under no circumstances shall a notice be issued in lieu of a citation if the violations are serious, repeated, willful, or arise from a failure to abate.

The director shall prescribe guidelines for the issuance of these notices.

The division may impose a civil penalty against an employer as specified in Chapter 4 (commencing with Section 6423) of this part, provided, that no civil penalty shall be imposed against any employer for first-instance violations of any standard, rule, order, or regulation, (other than serious, willful, or repeated violations) resulting from the inspection of the employer's establishment or workplace, unless the establishment or workplace is cited, on the basis of the inspection, for 10 or more violations. A notice in lieu of a citation may not be issued if the number of first instance violations found in the inspection (other than serious, willful, or repeated violations) is 10 or more violations.

No citation or notice shall be issued by the division for a given violation or violations after six months have elapsed since occurrence of the violation.

The director shall prescribe procedures for the issuance of a citation or notice.

The division shall prepare and maintain records capable of supplying an inspector with previous citations and notices issued to an employer.

SEC. 2. The Division of Occupational Safety and Health shall analyze the impact of utilization of the notice in lieu of citation pursuant to paragraph (2) of Section 6317 of the Labor Code by evaluating relevant criteria, including, but not limited to, the number of inspections conducted, the number of serious citations, the number of general or regulatory violations, and the number of notices issued. The division shall report its findings to the Legislature by February 15, 1988.

CHAPTER 1270

An act to amend Section 4476 of, and to add Section 4561.7 to, the Public Resources Code, relating to forest practices, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4476 of the Public Resources Code is amended to read:

4476. Any contract which is entered into pursuant to this article shall do all of the following:

(a) Vest in the director the final authority to determine the time during which wildland fuel and structural fire hazards may be burned to minimize the risk of escape of a fire set in a prescribed burning operation and to facilitate maintenance of air quality.

(b) Clearly state the obligation of each party to such contract to provide, maintain, and repair equipment and indicate the number of each type of equipment to be provided and the duration of its availability.

(c) Designate an officer of the department as the fire boss with final authority to approve and amend the plan and formula applicable to the prescribed burning operation, to determine that the site has been prepared and the crew and equipment are ready to commence the operation, and to supervise the work assignments of departmental employees and all personnel furnished by the person contracting with the department until the prescribed burning is completed and all fire is declared to be out.

(d) Specify the duties of, and the precautions taken by, the person contracting with the department and any personnel furnished by that person.

(e) Provide that any personnel furnished by a person contracting with the department to assist in any aspect of site preparation or

prescribed burning shall be an agent of that person for all purposes of worker compensation. However, any volunteer recruited or used by the department to suppress a wildland fire originating or spreading from a prescribed burning operation is an employee of the department for all purposes of worker compensation.

(f) Specify the value assigned to the materials, services, or equipment furnished by the person contracting with the department in lieu of payment of all or part of that person's share of the actual costs.

(g) Specify the total costs of the prescribed burning operation and the pro rata share thereof for each party to the contract. Any person contracting with the department shall, prior to the commencement of any work by the department, place on deposit in an interest-bearing escrow or trust account with a California-licensed financial institution an amount equal to that person's pro rata share of the costs, less the value of materials, services, or equipment specified pursuant to subdivision (e). Interest earned on the account shall accrue to the depositor and may be separately disbursed from the principal amount upon request of the depositor. Disbursement of funds on deposit in the trust or escrow account shall be authorized by the depositor within 15 days after completion, to the depositor's satisfaction, of all work specified in the contract to be done by the department.

(h) Provide that the department may, in its discretion, purchase a third party liability policy of insurance which provides coverage against loss resulting from a wildland fire sustained by any person or public agency, including the federal government. The amount of the policy, if purchased, shall be determined by the director. The policy shall name the person contracting with the department and the department as joint policy holders. The premium shall be included as a cost prorated as provided in subdivision (g). A certificate of insurance, if purchased, covering each policy shall be attached to or become a part of the contract. In this event, the department may agree to indemnify and hold harmless the person or public agency contracting with the department with respect to liability arising out of performance of the contract.

Section 4561.7 is added to the Public Resources Code, to read:

4561.7. (a) The site designated for testing purposes by subdivision (b) is exempt from any stocking requirements.

(b) Testing may be permitted only on a 35-acre area located in the Pudding Creek drainage of Mendocino County in Sections 19 and 30, T19N, R16W, M.D.B. & M.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit testing and an exemption from stocking standards for timber operations on the area designated in Section 2 of this act, and to authorize the Department of Forestry, in its

discretion, to purchase insurance pursuant to its burning contracts as quickly as possible in view of rapidly changing circumstances, it is necessary that this act take effect immediately.

CHAPTER 1271

An act to amend Section 12981 of the Water Code, relating to water resources.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following concerning the levees in the Sacramento-San Joaquin Delta:

(a) Some delta levees are becoming more and more unstable because (1) they were never built to proper engineering standards, (2) they are substantially undersized, (3) the underlying peat is a very poor foundation material for what are now large and heavy levees, and (4) subsidence is causing increased hydrostatic pressure against the levees.

(b) The United States Army Corps of Engineers has estimated that the probability of failure for some of the delta levees is greater than 10 failures over a 110-year period.

(c) The federal Central Valley Project and the state water project use the natural delta channels to carry water from the Sacramento River system across the delta to the export pumps in the south delta, thereby supplying about 20 percent of the water used in the state.

(d) The East Bay Municipal Utility District's water pipelines cross the delta, and the Contra Costa Water District diverts water directly from the delta.

(e) Depending on hydrologic conditions, the failure of one or more critical levees in the delta could draw salt water into the delta from the Carquinez Straits and San Francisco Bay, thereby contaminating the water in the delta.

(f) The contamination of the water in the delta could make the export water unusable for an extended period of time, with substantial economic and social effects upon the areas that are dependent on that water.

(g) In order to protect this water supply and thereby the state's economy, it is only prudent that the state have an emergency plan to respond to the failure of one or more critical levees in the delta.

SEC. 2. The Department of Water Resources shall prepare an emergency plan which will allow the federal Central Valley Project and the State Water Resources Development System to continue exporting, or quickly resume exporting, usable water from the

Sacramento-San Joaquin Delta in the event of the failure of one or more levees in the delta as the result of levee overtoppings, levee foundation failure, liquefaction of levees due to an earthquake, or other failure modes. The emergency plan shall also allow the East Bay Municipal Utility District and the Contra Costa Water District to continue delivering, or quickly resume delivering, usable water.

The emergency plan shall also include consideration of a catastrophic failure of a large number of levees that might occur with a strong earthquake on the San Andreas Fault. The emergency plan shall designate which levees are critical for the maintenance of export water quality and shall evaluate the levels of risk for failure for those critical levees. The emergency plan shall be designed to respond to short-term consequences of levee failure and shall not be designed to respond to long-term delta water transfer issues or to long-term levee reconstruction issues.

The recommended emergency plan, including alternative plans, shall be submitted to the Legislature on or before January 1, 1987, for consideration.

This section does not authorize the construction of physical works of any kind, including, but not limited to, any peripheral canal or through-delta channel plan.

SEC. 3. Section 12981 of the Water Code is amended to read:

12981. The Legislature hereby finds and declares that the delta is endowed with many invaluable and unique resources and that these resources are of major statewide significance. The Legislature further finds and declares that the delta's uniqueness is particularly characterized by its hundreds of miles of meandering waterways and the many islands adjacent thereto; that, in order to preserve the delta's invaluable resources, which include highly productive agriculture, recreational assets, fisheries, and wildlife environment, the physical characteristics of the delta should be preserved essentially in their present form; and that the key to preserving the delta's physical characteristics is the system of levees defining the waterways and producing the adjacent islands. However, the Legislature recognizes that it may not be economically justifiable to maintain all delta islands.

CHAPTER 1272

An act to amend Section 106.7 of the Water Code, relating to water.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The Federal Energy Regulatory Commission's decision to apply the avoided cost benefits under the Public Utilities Regulatory Policies Act of 1978 to small hydroelectric projects has created a rush to dam and divert many small streams by developers.

(b) Most of these small hydroelectric projects, which are "qualifying small power production facilities" under Section 210 of the Public Utilities Regulatory Policies Act of 1978, would not be economical if they were subjected to free market principles, and their profitability depends significantly on the availability of ratepayer and taxpayer subsidies provided under federal law.

(c) This rush of small hydroelectric projects, which are "qualifying small power production facilities" under Section 210 of the Public Utilities Regulatory Policies Act of 1978, threatens to despoil many streams in California that provide important fishing and other recreational opportunities to Californians and are important to local economies.

(d) California's growth and economic health will continue, requiring an increased supply of affordable and dependable energy.

(e) Emphasis for the development of small hydroelectric power generation projects which are "qualifying small power production facilities" under Section 210 of the Public Utilities Regulatory Policies Act of 1978, should be placed on existing dams, diversions, and canals that are sufficient to generate power without significant adverse environmental effects.

SEC. 2. Section 106.7 of the Water Code is amended to read:

106.7. (a) It is hereby declared to be the established policy of this state to support and encourage the development of environmentally compatible small hydroelectric projects as a renewable energy source, provided that the projects do not result in surface disturbances within the following sensitive areas:

(1) Any component of the California Wild and Scenic Rivers System or the National Wild and Scenic Rivers System.

(2) Any river designated for study pursuant to Section 5(a) of the National Wild and Scenic River Act (16 U.S.C. 1276(a)). This paragraph shall not apply to any river which, upon the completion of the study, is not included in the National Wild and Scenic Rivers System.

(3) Any state or federally designated wilderness area.

(4) Any areas designated as a "Critical Condor Habitat" by the United States Fish and Wildlife Service.

(b) State agencies shall not approve small hydroelectric development within the sensitive areas specified in subdivision (a).

(c) Significant adverse impacts associated with small hydroelectric projects shall be identified by those agencies responsible for the preparation of the environmental impact document.

(d) Emphasis on the development of small hydroelectric power

generating facilities which are "qualifying small power production facilities" under Section 210 of the Public Utilities Regulatory Policies Act of 1978, shall be on existing dams, diversions, and canals with a sufficient drop so that power may be efficiently generated without significant environmental effects.

(e) When considering the economic feasibility of a proposed small hydroelectric power generating facility which is a "qualifying small power production facility" under Section 210 of the Public Utilities Regulatory Policies Act of 1978, and which is not on an existing dam, diversion, or canal, the board shall, in the water right application proceedings, make specific findings concerning the cost of mitigation measures and the cost impact of providing bypass flows to protect instream uses. The economic analysis of cost mitigation measures and power generation values shall be made using generally accepted economic techniques.

Subdivisions (d) and (e) do not apply to projects with a nameplate capacity of less than 100 kilowatts.

CHAPTER 1273

An act to amend Sections 75.41, 75.43, and 75.70 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 75.41 of the Revenue and Taxation Code is amended to read:

75.41. (a) The auditor shall apply the current year's tax rate, as defined in Section 75.4, to the supplemental assessment or assessments, computing the amount of taxes that would be due for a full year. For property on the supplemental roll, the taxes due shall be computed in two equal installments.

(b) The taxes due shall be adjusted by a proration factor to reflect the portion of the tax year remaining as determined by the date on which the change in ownership occurred or the new construction was completed. In computing the portion of the tax year remaining, the change in ownership or completion of new construction shall be presumed to have occurred on the first day of the month following the date on which change in ownership or completion of new construction occurred.

(c) (1) If the presumed date specified in subdivision (b) is April 1, the taxes on the supplemental assessment for the current roll shall be multiplied by 0.25; and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(2) If the presumed date specified in subdivision (b) is May 1, the

taxes on the supplemental assessment for the current roll shall be multiplied by 0.17; and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(3) If the presumed date specified in subdivision (b) is June 1, the taxes on the supplemental assessment for the current roll shall be multiplied by 0.08; and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(4) If the presumed date specified in subdivision (b) is July 1, no supplemental assessment shall be made on the current roll, and the taxes on the supplemental assessment for the roll being prepared shall be multiplied by 1.00.

(5) If the presumed date specified in subdivision (b) is on or after August 1, and on or before March 1, the following table of factors shall be used:

If the presumed date is:	The taxes on the supplemental assessment on the current roll shall be multiplied by:
August 1	.92
September 1	.83
October 1	.75
November 1	.67
December 1	.58
January 1	.50
February 1	.42
March 1	.33

(d) After computing the taxes due, if the amount is ten dollars ($10) or less, the auditor may cancel the taxes as provided by Section 4986.8.

(e) If the supplemental assessment is a negative amount, the auditor shall follow the procedures of this section to determine the amount of refund to which the assessee is entitled.

SEC. 2. Section 75.43 of the Revenue and Taxation Code is amended to read:

75.43. (a) If a refund is due the assessee, the auditor shall make the refund within 90 days of the date of enrollment of the negative assessment on the supplemental roll. Refunds shall be made from taxes collected on assessments made on the supplemental roll.

(b) If the refund is not made as provided in subdivision (a), interest shall be paid at a rate provided by Section 5151, computed from a date 30 days after the date of enrollment of the negative assessment to the date the refund is mailed when the interest is ten dollars ($10) or more on amounts refunded under Section 5096.

SEC. 3. Section 75.70 of the Revenue and Taxation Code is amended to read:

75.70. (a) Notwithstanding any other provision of law, for the 1983–84 fiscal year, each county auditor shall allocate to all elementary, high school, and unified school districts within the county in

proportion to each district's average daily attendance, as certified by the Superintendent of Public Instruction for purposes of the advance apportionment of state aid in the then current fiscal year, without respect to the allocation of property tax revenues pursuant to Chapter 6 (commencing with Section 95) of Part 0.5, and without respect to allocation and payment of funds as provided for in subdivision (b) of Section 33670 of the Health and Safety Code, an amount equal to the additional revenues generated by the rate levied pursuant to subdivision (a) of Section 1 of Article XIII A of the California Constitution applied to the increased assessments for the current roll under this chapter. Additional revenues generated by a rate or rates levied in excess of the limitation prescribed by subdivision (a) of Section 1 of Article XIII A of the California Constitution shall be allocated to the fund for which the tax rate or rates were levied.

(b) For the 1984–85 fiscal year, the county auditor shall, without respect to the allocation of property tax revenues pursuant to Chapter 6 (commencing with Section 95) of Part 0.5, do all of the following:

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 7572 of the Government Code is amended to read:

7572. (a) A child shall be assessed in all areas related to the suspected handicap by those qualified to make a determination of the child's need for the service before any action is taken with respect to the provision of related services or designated instruction and services to a child, including, but not limited to, services in the areas of, occupational therapy, physical therapy, psychotherapy, and other mental health assessments. All assessments required or conducted pursuant to this section shall be governed by the assessment procedures contained in Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of the Education Code.

(b) Occupational therapy and physical therapy assessments shall be conducted by qualified medical personnel as specified in regulations developed by the State Department of Health Services in consultation with the State Department of Education.

(c) Psychotherapy and other mental health assessments shall be conducted by qualified mental health professionals as specified in regulations developed by the State Department of Mental Health, in consultation with the State Department of Education, pursuant to this chapter.

(d) A related service or designated instruction and service shall only be added to the child's individualized education program by the individualized education program team, as described in Part 30 (commencing with Section 56000) of the Education Code, if a formal assessment has been conducted pursuant to this section, and a qualified person conducting the assessment recommended the

service in order for the child to benefit from special education. In no case shall the inclusion of necessary related services in a pupil's individualized education plan be contingent upon identifying the funding source. Nothing in this section shall prevent a parent from obtaining an independent assessment in accordance with subdivision (b) of Section 56329 of the Education Code, which shall be considered by the individualized education program team.

(1) Whenever an assessment has been conducted pursuant to subdivision (b) or (c), the recommendation of the person who conducted the assessment shall be reviewed and discussed with the parent and with appropriate members of the individualized education program team prior to the meeting of the individualized education program team. When the proposed recommendation of the person has been discussed with the parent and there is disagreement on the recommendation pertaining to the related service, the parent shall be notified in writing and may require the person who conducted the assessment to attend the individualized education program team meeting to discuss the recommendation. The person who conducted the assessment shall attend the individualized education program team meeting if requested. Following this discussion and review, the recommendation of the person who conducted the assessment shall be the recommendation of the individualized education program team members who are attending on behalf of the local educational agency.

(2) If an independent assessment for the provision of related services or designated instruction and services is submitted to the individualized education program team, review of that assessment shall be conducted by the person specified in subdivisions (b) and (c). The recommendation of the person who reviewed the independent assessment shall be reviewed and discussed with the parent and with appropriate members of the individualized education program team prior to the meeting of the individualized education program team. The parent shall be notified in writing and may request the person who reviewed the independent assessment to attend the individualized education program team meeting to discuss the recommendation. The person who reviewed the independent assessment shall attend the individualized education program team meeting if requested. Following this review and discussion, the recommendation of the person who reviewed the independent assessment shall be the recommendation of the individualized education program team members who are attending on behalf of the local agency.

(3) Any disputes between the parent and team members representing the public agencies regarding a recommendation made in accordance with paragraphs (1) and (2) shall be resolved pursuant to Chapter 5 (commencing with Section 56500) of Part 30 of Division 4 of the Education Code.

(e) Whenever a related service or designated instruction and service specified in subdivision (b) or (c) is to be considered for

inclusion in the child's individualized education program, the local education agency shall invite the responsible public agency representative to meet with the individualized education program team to determine the need for the service and participate in developing the individualized education program. If the responsible public agency representative cannot meet with the individualized education program team, then the representative shall provide written information concerning the need for the service pursuant to subdivision (d) of this section. Conference calls, together with written recommendations, are acceptable forms of participation. If the responsible public agency representative will not be available to participate in the individualized education program meeting, the local educational agency shall ensure that a qualified substitute is available to explain and interpret the evaluation pursuant to subdivision (d) of Section 56341 of the Education Code. A copy of the information shall be provided by the responsible public agency to the parents or any adult pupil for whom no guardian or conservator has been appointed.

SEC. 2. Section 7572.5 of the Government Code is amended to read:

7572.5. (a) When an assessment is conducted pursuant to Article 2 (commencing with Section 56320) of Chapter 4 of Part 30 of Division 4 of the Education Code, which determines that a child is seriously emotionally disturbed, as defined in Section 300.5 of Title 34 of the Code of Federal Regulations, and any member of the individualized education program team recommends residential placement based on relevant assessment information, the individualized education program team shall be expanded to include a representative of the county mental health department.

(b) The expanded individualized education program team shall review the assessment and determine whether:

(1) The child's needs can reasonably be met through any combination of nonresidential services, preventing the need for out-of-home care.

(2) Residential care is necessary for the child to benefit from educational services.

(3) Residential services are available which address the needs identified in the assessment and which will ameliorate the conditions leading to the seriously emotionally disturbed designation.

(c) If the review required in subdivision (b) results in an individualized education program which calls for residential placement, the individualized education program shall include all the items outlined in Section 56345 of the Education Code, and shall also include:

(1) Designation of the county mental health department as lead case manager. Lead case management responsibility may be delegated to the county welfare department by agreement between the county welfare department and the designated mental health department. The mental health department shall retain financial

responsibility for provision of case management services.

(2) Provision for a review of the case progress, the continuing need for out-of-home placement, the extent of compliance with the individualized education program, and progress toward alleviating the need for out-of-home care, by the full individualized education program team at least every six months.

(3) Identification of an appropriate residential facility for placement with the assistance of the county welfare department as necessary.

SEC. 3. Section 7574 of the Government Code is repealed.

SEC. 4. Section 7575 of the Government Code is amended to read:

7575. (a) (1) Notwithstanding any other provision of law, the State Department of Health Services, or any designated local agency administering the California Children's Services, shall be responsible for the provision of medically necessary occupational therapy and physical therapy, as specified by Section 250 et seq. of the Health and Safety Code, by reason of medical diagnosis and when contained in the child's individualized education program.

(2) Related services or designated instruction and services not deemed to be medically necessary by the State Department of Health Services, which the individualized education program team determines are necessary in order to assist a child to benefit from special education, shall be provided by the local education agency by qualified personnel whose employment standards are covered by the Education Code and implementing regulations.

(b) The department shall determine whether a California Children's Services eligible pupil, or a pupil with a private medical referral needs medically necessary occupational therapy or physical therapy. A medical referral shall be based on a written report from a licensed physician and surgeon who has examined the pupil. The written report shall include the following:

(1) The diagnosed neuromuscular, musculoskeletal, or physical handicapping condition prompting the referral.

(2) The referring physician's treatment goals and objectives.

(3) The basis for determining the recommended treatment goals and objectives, including how these will ameliorate or improve the pupil's diagnosed condition.

(4) The relationship of the medical disability to the pupil's need for special education and related services.

(5) Relevant medical records.

(c) The department shall provide the service directly or by contracting with another public agency, qualified individual, or a state-certified nonpublic nonsectarian school or agency.

(d) Local education agencies shall provide necessary space and equipment for the provision of occupational therapy and physical therapy in the most efficient and effective manner.

(e) The department shall also be responsible for providing the services of a home health aide when the local education agency

considers a less restrictive placement from home to school for a pupil for whom both of the following conditions exist:

(1) The California Medical Assistance Program provides a life-supporting medical service via a home health agency during the time in which the pupil would be in school or traveling between school and home.

(2) The medical service provided requires that the pupil receive the personal assistance or attention of a nurse, home health aide, parent or guardian, or some other specially trained adult in order to be effectively delivered.

SEC. 5. Section 7576 of the Government Code is amended to read:

7576. Notwithstanding any other provision of law, the State Department of Mental Health, or any community mental health service designated by the State Department of Mental Health, shall be responsible for the provision of psychotherapy or other mental health services, as defined by regulation by the State Department of Mental Health, developed in consultation with the State Department of Education, when required in the child's individualized education program. This service shall be provided directly or by contracting with another public agency, qualified individual, or a state-certified nonpublic, nonsectarian school or agency.

SEC. 6. Section 7579 of the Government Code is amended to read:

7579. (a) Prior to placing a handicapped child or a child suspected of being handicapped in a residential facility, outside the child's home, a court, regional center for the developmentally disabled, or public agency other than an educational agency, shall notify the administrator of the special education local plan area in which the residential facility is located. The administrator of the special education local plan area shall provide the court or other placing agency with information about the availability of an appropriate public or nonpublic, nonsectarian special education program in the special education local plan area where the residential facility is located.

(b) Notwithstanding Section 56159 of the Education Code, the involvement of the administrator of the special education local plan area in the placement discussion, pursuant to subdivision (a), shall in no way obligate a public education agency to pay for the residential costs and the cost of noneducational services for a child placed in a licensed children's institution or foster family home.

(c) It is the intent of the Legislature that this section will encourage communication between the courts and other public agencies which engage in referring children to, or placing children in, residential facilities, and representatives of local education agencies. It is not the intent of the section to hinder the courts or public agencies in their responsibilities for placing handicapped children in residential facilities when appropriate.

SEC. 7. Section 7582 of the Government Code is amended to

read:

7582. Assessments and therapy treatment services provided under programs of the State Department of Health Services or the State Department of Mental Health, or their designated local agencies, rendered to a child referred by a local education agency for an assessment or a handicapped child with an individualized education program, shall be exempt from financial eligibility standards and family repayment requirements for these services when rendered pursuant to this chapter.

SEC. 8. Section 7583 of the Government Code is amended to read:

7583. Each local agency affected by this chapter shall estimate expenditures which were previously borne by the agency which will, as a result of enactment of this chapter, shift to another agency, or shall identify and estimate its responsibility for expenditures which will be acquired by the agency as a result of enactment of this chapter. The agency shall report the estimated shifts in responsibility in costs through appropriate state agencies by March 15, 1985, and report actual shifts in expenditures annually by March 15 in subsequent years. The appropriate state agencies shall submit this information to the Department of Finance annually by April 30.

(b) The Department of Finance shall, in the annual Budget Act, recommend appropriate adjustments, if any, in allocations and entitlements to local agencies to reflect any shifts in expenditures caused by this chapter.

(c) Any reductions in state allocations for local educational agencies resulting from this chapter shall be applied equally on a pro rata basis by the Superintendent of Public Instruction.

(d) By January 15, 1985, the superintendent and the Secretary of Health and Welfare shall jointly develop uniform data collection forms to be used by local agencies in reporting under this section.

(e) This section shall remain in effect only until July 1, 1986, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1986, deletes or extends this date.

7586.5. Not later than January 1, 1988, the Superintendent of Public Instruction and the Secretary of Health and Welfare shall jointly submit to the Legislature and the Governor a report on the implementation of this chapter. read:

7587. By January 1, 1986, each state department named in this chapter shall develop regulations, as necessary, for the department or designated local agency to implement this act. All regulations shall be reviewed by the Superintendent of Public Instruction prior to filing with the Office of Administrative Law, in order to ensure consistency with federal and state laws and regulations governing the education of handicapped children. The directors of each department shall adopt all regulations pursuant to this section as emergency regulations in accordance with the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purpose of the Administrative Procedure Act, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. These regulations shall not be subject to the review and approval of the Office of Administrative Law shall not be subject to automatic repeal until 180 days after the regulations take effect; and shall become effective immediately upon filing with the Secretary of State. Regulations adopted pursuant to this section shall be developed with the maximum feasible opportunity for public participation and comments.

(8) A detailed description of renovation or remodeling costs, if any.

(c) Additional information as may be necessary to meet local planning needs as determined by the county.

(d) A summary presentation of all expected expenditures of county, state, and federal government funds and all anticipated public and private revenues.

(e) Assurances that the county is in compliance with the following requirements:

(1) The Local Mental Health Advisory Board has reviewed and approved procedures insuring citizen and professional involvement leading to the formulation and adoption of the annual Short-Doyle plan.

(2) A quality assurance plan approved by the department is in force.

(3) Certification review hearing procedures approved by the department are in force.

(4) A plan for providing case management services approved by the department is in force.

(f) Other information determined to be necessary by the director.

(g) A description of the services required by Sections 7571 and 7576 of the Government Code, including the cost of those services.

Any county that wishes to modify its plan shall obtain prior approval by the department in accordance with procedures established by the director.

SEC. 13. Section 10950 of the Welfare and Institutions Code is amended to read:

10950. If any applicant for or recipient of public social services is dissatisfied with any action of the county department relating to his application for or receipt of public social services, if his application is not acted upon with reasonable promptness, or if any person who desires to apply for public social services is refused the opportunity to submit a signed application therefor, and is dissatisfied with such refusal, he shall, in person or through an authorized representative, without the necessity of filing a claim with the board of supervisors, upon filing a request with the State Department of Social Services or the State Department of Health Services, whichever department administers the public social service, be accorded an opportunity for a fair hearing.

Notwithstanding any other provision of this code, there is no right to a state hearing when either (1) state or federal law requires automatic grant adjustments for classes of recipients unless the reason for an individual request is incorrect grant computation, or (2) the sole issue is a federal or state law requiring an automatic change in services or medical assistance which adversely affects some or all recipients.

For the purposes of administering health care services and medical assistance, the State Director of Health Services shall have those powers and duties conferred on the Director of Social Services by this chapter to conduct fair hearings in order to secure approval of a state plan under the provisions of applicable federal law.

The State Director of Health Services may contract with the State Department of Social Services for the provisions of fair hearings in accordance with this chapter.

As used in this chapter, "recipient" means an applicant for or recipient of public social services except aid exclusively financed by county funds or aid under Chapter 3 (commencing with Section 12000) of Part 3 of this division, or those activities conducted under Chapter 6 (commencing with Section 18350) of Part 6.

SEC. 14. Section 11401 of the Welfare and Institutions Code is amended to read:

11401. Aid in the form of AFDC-FC shall be provided under this chapter on behalf of any child under the age of 18, except as provided in Section 11403, who meets the conditions of subdivision (a), (b), or (c):

(a) The child has been relinquished, for purposes of adoption, to a licensed adoption agency, or the department, or the parental rights of either or both of his or her parents have been terminated after an action under the Civil Code has been brought by a licensed adoption agency or the department, provided that the licensed adoption agency or the department, if responsible for placement and care, provides to such children all services as required by the department to children in foster care.

(b) The child has been deprived of parental support or care due to any of the reasons set out under Section 11250, provided:

(1) The child has been removed from the physical custody of his or her parent or guardian as a result of a judicial determination that continuance in the home would be contrary to the child's welfare and that, if the child was placed in foster care, reasonable efforts were made, and will continue to be made, to prevent or eliminate the need for removal of the child from his or her home and to make it possible for the child to return to his or her home, and any of the following apply:

(A) The child has been adjudged a dependent child of the court on the grounds that he or she is a person described by Section 300.

(B) The child has been adjudged a ward of the court on the grounds that he or she is a person described by Sections 601 and 602.

(C) The child has been detained under a court order pursuant to Section 319 or 636 which remains in effect.

(2) The child has been voluntarily placed by his or her parent or guardian pursuant to Section 11401.1 or in a demonstration county, pursuant to Section 16550, et seq.

(3) The child is living in the home of a nonrelated legal guardian.

(c) The child has been placed in foster care under the federal Indian Child Welfare Act. Sections 11402, 11404, and 11405 shall not be construed as limiting payments to Indian children, as defined in the federal Indian Child Welfare Act, placed in accordance with that act.

SEC. 15. Chapter 6 (commencing with Section 18350) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 6. SERIOUSLY EMOTIONALLY DISTURBED CHILDREN: 24-HOUR OUT-OF-HOME CARE

18350. (a) Payments for 24-hour out-of-home care shall be provided under this chapter on behalf of any seriously emotionally disturbed child who has been placed out-of-home pursuant to an individualized education program developed under Section 7572.5 of the Government Code. These payments shall not constitute an aid payment or aid program.

(b) Payments shall only be made to children placed in privately operated residential facilities licensed in accordance with the Community Care Facilities Act.

(c) Payments shall be based on rates established in accordance with Sections 11461, 11462, and 11463 and shall be based on providers' actual allowable costs.

(d) Payments for 24-hour out-of-home care under this section shall not result in any cost to the seriously emotionally disturbed child or his or her parent or parents.

18351. (a) Payments shall be issued by the county welfare department to residential care providers upon receipt of authorization documents from the State Department of Mental Health or a designated county mental health agency. The county welfare department located in the same county as the county mental health agency designated to provide case management services shall be responsible for payment under this section. Authorization documents shall be submitted directly to the county welfare department clerical unit responsible for issuance of warrants and shall include information sufficient to demonstrate that the child meets all eligibility criteria established in regulations by the State Department of Mental Health, developed in consultation with the State Department of Education.

(b) The county welfare department shall submit reports to the State Department of Social Services for reimbursement of payments issued to seriously emotionally disturbed children for 24-hour out-of-home care.

18352. County welfare departments may, at their option and with approval of the State Department of Social Services and other appropriate agencies, enter into agreements with other local agencies for the delivery of a single payment for all related services for a seriously emotionally disturbed child to a residential care provider.

18353. When an individualized education program calls for 24-hour out-of-home care, the county welfare department shall provide assistance, as necessary, in identifying a facility suited to the child's needs and in placing the child in the facility.

18354. (a) If a provider of 24-hour out-of-home care to a child who has been placed pursuant to Section 7572.5 of the Government Code in a 24-hour out-of-home placement disputes an action of the

designated county mental health agency regarding the providers eligibility for payment, the provider may request a review of the issue by the designated county mental health agency. Designated county mental health agencies may establish policies and procedures, as may be necessary, to implement this subdivision.

(b) If the issue remains unresolved after the review by the designated county mental health agency, then the provider may request a review of the issue by the State Department of Mental Health. The Director of Mental Health may establish policies and procedures, as may be necessary, to implement this subdivision. The review under this subdivision shall be limited to the issue of whether the eligibility for payment criteria established by the State Department of Mental Health was correctly applied.

18355. Notwithstanding any other provision of the law, 24-hour out-of-home care for seriously emotionally disturbed children who are placed in accordance with Section 7572.5 of the Government Code shall be funded from a separate appropriation in the budget of the State Department of Social Services in order to fund both 24-hour out-of-home care payment and local administrative costs. Reimbursement for 24-hour out-of-home care payment costs shall be from that appropriation, subject to the same sharing ratio as prescribed in subdivision (c) of Section 15200, and available funds. Reimbursements for local administrative costs shall also be from that appropriation, subject to the same sharing ratio as prescribed in Section 15204.2 for the Aid to Families with Dependent Children program, and available funds.

SEC. 15.5. (a) The Legislature recognizes that current estimates of the number of severely emotionally disturbed children in the state who need 24-hour out-of-home care may be less than the number of children in need of such care as determined appropriate through the Individual Education Plan (IEP) process established under Chapter 1747, of the Statutes of 1984.

(b) Therefore, the State Department of Social Services and the State Department of Education shall jointly report to the Joint Legislative Budget Committee by January 1, 1988, regarding any growth in the number of severely emotionally disturbed children determined to need 24-hour out-of-home care as a result of Chapter 1747 of the Statutes of 1984. This report shall include documentation of the cost impacts on the state, county, and federal governments for the cost of 24-hour out-of-home care for these children.

SEC. 16. CHAPTER 1275

An act to amend Sections 51005, 51335, and 52080 of the Health and Safety Code, relating to housing.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 51005 of the Health and Safety Code is amended to read:

51005. (a) The agency shall, within 90 days following the close of each fiscal year, submit an annual report of its activities under this division for the preceding year to the Governor, the Secretary of the Business and Transportation Agency, the Director of Housing and Community Development, the Treasurer, the Joint Legislative Budget Committee, and the Legislature. The report shall set forth a complete operating and financial statement of the agency during the concluded fiscal year. The report shall specify the number of units

assisted, the distribution of units among the metropolitan, nonmetropolitan, and rural areas of the state, and shall contain a summary of statistical data relative to the incomes of households occupying assisted units, the monthly rentals charged to occupants of rental housing developments, and the sales prices of housing developments purchased during the previous fiscal year by housing sponsors who are persons or families of low or moderate income. The report shall also include a statement of accomplishment during the previous year with respect to the agency's progress, priorities, and affirmative action efforts. The agency shall specifically include in its report on affirmative action goals, statistical data on the numbers and percentages of minority sponsors, developers, contractors, subcontractors, suppliers, architects, engineers, attorneys, mortgage bankers or other lenders, insurance agents and managing agents. The agency shall cause an audit of its books and accounts with respect to its activities under this division to be made at least once during each fiscal year by an independent certified public accountant and the agency shall be subject to audit by the Department of Finance not more often than once each fiscal year.

(b) The agency shall also include in its annual report information with respect to the number of manufactured housing units assisted by the agency.

(c) Commencing with the report prepared for the 1985–86 fiscal year, the agency shall include information with respect to the proceeds derived from the issuance of bonds or securities and any interest or other increment derived from the investment of bonds or securities, and the uses for which those proceeds or increments are being made as provided for in Section 51365. The report shall include the amount by which each fund balance exceeds indenture requirements.

SEC. 2. Section 51335 of the Health and Safety Code is amended to read:

51335. (a) (1) Not less than 20 percent of the total number of units in a multifamily rental housing development financed, or for which financing has been extended or committed, pursuant to this chapter from the proceeds of sale of each bond issuance of the agency shall be for occupancy on a priority basis by lower income households. If a multifamily rental housing development is located within a targeted area project, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code, not less than 15 percent of the total number of units financed, or for which financing has been extended or committed pursuant to this chapter, shall be for occupancy on a priority basis by lower income households. Not less than one-half of the units required for occupancy on a priority basis by lower income households shall be for occupancy on a priority basis for very low income households.

The rental payments on the units required for occupancy by very low income households shall not exceed 30 percent of 50 percent of area median income. If the sponsor elects to establish a base rent for

all or part of the units for lower income households and very low income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall assume that one person will occupy a studio unit, two persons will occupy a one bedroom unit, three persons will occupy a two bedroom unit, four persons will occupy a three bedroom unit, and five persons will occupy a four bedroom unit.

(2) The local agency issuing permits for the development of the multifamily rental housing development shall consider opportunities to contribute to the economic feasibility of the units and to the provision of units for very low income households through concessions and inducements such as the following:

(A) Reductions in construction and design requirements.

(B) Reductions in setback and square footage requirements and the ratio of vehicular parking spaces that would otherwise be required.

(C) Granting density bonuses.

(D) Providing expedited processing of permits.

(E) Modifying zoning code requirements to allow mixed use zoning.

(F) Reducing or eliminating fees and charges for filing and processing applications, petitions, permits, planning services, water and sewer connections, and other fees and charges.

(G) Reducing or eliminating requirements relating to monetary exactions, dedications, reservations of land, or construction of public facilities.

(H) Other financial incentives or concessions for the multifamily rental housing development which result in identifiable cost reductions, as determined by the agency. The agency shall ensure that the local agency issuing permits for the development considers its responsibilities under this section and makes a good faith effort to enhance the feasibility of the project and to provide housing for lower income households and very low income households.

(3) The agency shall not permit a selection criteria to be applied to certificate holders under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) that is any more burdensome than the criteria applied to all other prospective tenants.

(4) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for lower income households, very low income households, and persons and families of low or moderate income. To that end, the quality of materials and the amenities provided should not be excessive so as to hinder the prospect of achieving the stated goal. The Legislature finds and declares that the design standards utilized by the agency in the past including, but not limited to, the design requirements adopted to govern the new construction program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), are substantially in excess of those required for a decent, healthy, and safe residential unit and intends, by the amendment

adding this paragraph to this section by the Statutes of 1985, that the agency finance multifamily rental developments with substantially less costly design requirements than those required by the agency prior to January 1, 1986.

(5) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for families. To that end, developments with three and four bedroom units affordable to larger families shall have priority over competing developments.

(b) As a condition of financing pursuant to this chapter, the housing sponsor shall enter into a regulatory agreement with the agency providing that units reserved for occupancy by lower income households remain available on a priority basis for occupancy until the bonds are retired. The regulatory agreement shall contain a provision making the covenants and conditions of the agreement binding upon successors in interest of the housing sponsor. The regulatory agreement shall be recorded in the office of the county recorder of the county in which the multifamily rental housing development is located.

(c) The agency shall ensure that units occupied by lower income households are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.

(d) (1) The agency shall give priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees for multifamily rental housing developments which incorporate innovative and energy-efficient techniques which reduce development or operating costs and which have the lowest feasible per unit cost, as determined by the agency, based on efficiency of design, the elimination of improvements that are not required by applicable building standards, or a reduction in the amount of local fees imposed on the development.

(2) The agency shall give equal priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees on multifamily rental housing developments which do any of the following:

(A) Utilize federal housing or development assistance.

(B) Utilize redevelopment funds or other local financial assistance, including, but not limited to, contributions of land, or for which local fees have been reduced.

(C) Are sponsored by a nonprofit housing organization.

(D) Provide a significant number of housing units, as determined by the agency, as part of a coordinated jobs and housing plan adopted by a local government.

(E) Exceed a ratio whereby 20 percent of the units are reserved for occupancy by lower income households, or whereby 10 percent of the units are reserved for occupancy by very low income households, or which provide units for lower income households or very low income households for the longest period of time beyond

the minimum number of years.

(e) (1) New and existing rental housing developments may be syndicated after prior written approval of the agency. The agency shall grant that approval only after the agency determines that the terms and conditions of the syndication comply with this section.

(2) The terms and conditions of the syndication shall not reduce or limit any of the requirements of this chapter or regulations adopted or documents executed pursuant to this chapter. No requirements of the state shall be subordinated to the syndication agreement. A syndication shall not result in the provision of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement.

(f) At the option of the agency, the amendments to this section made by Chapter 907 of the Statutes of 1983 may be made applicable to any multifamily rental housing development financed by the issuance, on or after September 3, 1982, of bonds authorized by this chapter.

SEC. 3. Section 52080 of the Health and Safety Code is amended to read:

52080. (a) (1) Not less than 20 percent of the total number of units in a multifamily rental housing development financed, or for which financing has been extended or committed, pursuant to this chapter from the proceeds of sale of each bond issuance of the city or county shall be for occupancy on a priority basis by lower income households, as defined by Section 50079.5. If a multifamily rental housing development is located within a targeted area project, as defined by Section 103 (b) (12) (A) of Title 26 of the United States Code, not less than 15 percent of the total number of units financed, or for which financing has been extended or committed pursuant to this chapter, shall be for occupancy on a priority basis by lower income households. Not less than one-half of the units required for occupancy on a priority basis by lower income households shall be for occupancy on a priority basis for very low income households, as defined by Section 50105.

The rental payments on the units required for occupancy by very low income households shall not exceed 30 percent of 50 percent of area median income. If the sponsor elects to establish a base rent for all or part of the units for lower income households and very low income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall assume that one person will occupy a studio unit, two persons will occupy a one bedroom unit, three persons will occupy a two bedroom unit, four persons will occupy a three bedroom unit, and five persons will occupy a four bedroom unit.

(2) The governing body shall ensure that the local agency issuing permits for the development of the multifamily rental housing development shall consider opportunities to contribute to the economic feasibility of the units and to the provision of units for very low income households through concessions and inducements such

as the following:

(A) Reductions in construction and design requirements.

(B) Reductions in setback and square footage requirements and the ratio of vehicular parking spaces that would otherwise be required.

(C) Granting density bonuses.

(D) Providing expedited processing of permits.

(E) Modifying zoning code requirements to allow mixed use zoning.

(F) Reducing or eliminating fees and charges for filing and processing applications, petitions, permits, planning services, water and sewer connections, and other fees and charges.

(G) Reducing or eliminating requirements relating to monetary exactions, dedications, reservations of land, or construction of public facilities.

(H) Other financial incentives or concessions for the multifamily rental housing development which result in identifiable cost reductions, as determined by the governing body. The governing body shall ensure that the local agency issuing permits for the development considers its responsibilities under this section and makes a good faith effort to enhance the feasibility of the project and to provide housing for lower income households and very low income households.

(3) The governing body shall not permit a selection criteria to be applied to certificate holders under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) that is more burdensome than the criteria applied to all other prospective tenants.

(4) It is the intent of the Legislature that the governing body finance projects that assist in meeting the urgent need for providing shelter for lower income households, very low income households, and persons and families of low or moderate income. To that end, the quality of materials and the amenities provided should not be excessive so as to hinder the prospect of achieving the stated goal. The Legislature finds and declares that the design standards utilized in the past, including, but not limited to, the design requirements adopted to govern the new construction program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), are substantially in excess of those required for a decent, healthy, and safe residential unit and intends, by the amendment adding this paragraph to this section by the Statutes of 1985, that cities and counties finance multifamily rental developments with substantially less costly design requirements that those required by the governing body prior to January 1, 1986.

(5) It is the intent of the Legislature that the governing body finance projects that assist in meeting the urgent need for providing shelter for families. To that end, developments with three and four bedroom units affordable to larger families shall have priority over competing developments.

(b) As a condition of financing pursuant to this chapter, the

housing sponsor shall enter into a regulatory agreement with the city or county providing that units reserved for occupancy by lower income households remain available on a priority basis for occupancy until the bonds are retired. The regulatory agreement shall contain a provision making the covenants and conditions of the agreement binding upon successors in interest of the housing sponsor. The regulatory agreement shall be recorded in the office of the county recorder of the county in which the multifamily rental housing development is located.

(c) The governing body shall ensure that units occupied by lower income households are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.

(d) (1) The city or county shall give priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees or other local fees for multifamily rental developments which incorporate innovative and energy-efficient techniques which reduce development or operating costs and which have the lowest feasible per unit cost, as determined by the city or county, based on efficiency of design or the elimination of improvements that are not required by applicable building standards.

(2) The city or county shall give equal priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees or other local fees on multifamily rental housing developments which do any of the following:

(A) Utilize federal housing or development assistance.

(B) Utilize redevelopment funds or other local financial assistance, including, but not limited to, contributions of land.

(C) Are sponsored by a nonprofit housing organization.

(D) Provide a significant number of housing units, as determined by the city or county, as part of a coordinated jobs and housing plan adopted by the city or county.

(E) Exceed a ratio whereby 20 percent of the units are reserved for occupancy by lower income households, or whereby 10 percent of the units are reserved for occupancy by very low income households, or which provide units for lower income households or very low income households for the longest period of time beyond the minimum number or years.

(e) (1) New and existing rental housing developments may be syndicated after prior written approval of the governing body. The governing body shall grant that approval only after the city or county determines that the terms and conditions of the syndication comply with this section.

(2) The terms and conditions of the syndication shall not reduce or limit any of the requirements of this chapter or regulations adopted or documents executed pursuant to this chapter. No requirements of the city or county shall be subordinated to the syndication agreement. A syndication shall not result in the provision

of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement.

(f) At the option of the city or county, the amendments to this subdivision made by Chapter 907 of the Statutes of 1983 may be made applicable to any multifamily rental housing development financed by the issuance, on or after September 3, 1982, of bonds authorized by this chapter.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1276

An act to amend Sections 33760, 33760.5, and 34312.3 of the Health and Safety Code, relating to housing.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature declares that the California Housing Finance Agency shall, in accordance with the general requirements of Section 51007 of the Health and Safety Code, attempt to develop specific programs, as determined by the board of directors, addressing the need for rental housing for lower income households and very low income households utilizing any interest earned on available surplus funds. The agency shall submit a report on the proposed programs to the Legislature on or before April 1, 1986.

SEC. 2. Section 33760 of the Health and Safety Code is amended to read:

33760. (a) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties, or make loans to qualified mortgage lenders, for financing any of the following:

(1) Residential construction within a redevelopment project area.

(2) Residential construction of residences in which the dwelling units are committed, for the period during which the loan is outstanding, for occupancy by persons or families who are eligible for

financial assistance specifically provided by a governmental agency for the benefit of occupants of the residence.

(3) To the extent required by Section 103A of Title 26 of the United States Code, as amended, to maintain the exemption from federal income taxes of interest on bonds or notes issued by the agency under this chapter, residences located within targeted areas, as defined by Section 103(b) (12) (A) of Title 26 of the United States Code. Any loans to qualified mortgage lenders shall be made under terms and conditions which, in addition to other provisions as determined by the agency, shall require the qualified mortgage lender to use all of the net proceeds thereof, directly or indirectly, for the making of mortgage loans or construction loans in an appropriate principal amount equal to the amount of the net proceeds. Those mortgage loans may, but need not, be insured.

(b) (1) Not less than 20 percent (15 percent in target areas) of the units in any residential project financed pursuant to this section on or after January 1, 1986, shall be occupied by, or made available to, individuals of low and moderate income, as defined by Section 103(b) (12) (C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(2) Not less than one-half of the units described in paragraph (1) shall be occupied by, or made available to, very low income households, as defined by Section 50105. The rental payments for those units shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937, (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(c) No agency may issue any bonds on or after January 1, 1986, until the information required to be filed pursuant to Section 8855.5 of the Government Code has been filed with the California Debt Advisory Commission and the Treasurer certifies to the Legislature that the agency has filed that information.

(d) Units required to be reserved for occupancy as provided in subdivision (b) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

SEC. 3. Section 33760.5 of the Health and Safety Code is amended to read:

33760.5. (a) Notwithstanding the requirements of Section 33760, agencies which operate within a jurisdiction, the population of which is in excess of 600,000 persons, as determined by the Department of Finance, may additionally provide financing for residential construction of multifamily rental units outside of a redevelopment project area as set forth in and subject to the limitations of this section.

(b) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties for financing residential construction of multifamily rental units.

(c) Not less than 20 percent (15 percent in target areas) of the units in each project financed pursuant to this section shall be occupied by, or made available to, individuals of low and moderate income, as defined in Section 103(b)(12)(C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(d) Not less than one-half of the low and moderate income units described in subdivision (c) shall be occupied by, or made available to, very low income households, as defined in Section 50105. The rental payments for those units shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937, (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of four-bedroom unit.

(e) No agency may issue any bonds on or after January 1, 1986, until the information required to be filed pursuant to Section 8855.5 of the Government Code has been filed with the California Debt Advisory Commission and the Treasurer certifies to the Legislature that the agency has filed that information.

(f) Units required to be reserved for occupancy by subdivisions (c) and (d) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

(g) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which

is enacted before January 1, 1988, deletes or extends that date.

SEC. 4. Section 34312.3 of the Health and Safety Code is amended to read:

34312.3. (a) Subject to the requirements of this section and of Article 5 (commencing with Section 34350), an authority may do any of the following:

(1) Issue revenue bonds for the purpose of financing the construction or development of multifamily rental housing and for the provision of capital improvements in connection with and determined necessary to the multifamily rental housing.

(2) Make or undertake commitments to make construction loans and mortgage loans to finance the development of multifamily rental housing.

(3) Purchase or undertake, directly or indirectly through lending institutions, commitments to purchase, construction loans, and mortgage loans originated in accordance with a financing agreement with the authority to finance the development of multifamily rental housing or make loans to lending institutions under terms and conditions which, in addition to other provisions determined by the authority, shall require the lending institutions to use the net proceeds of the loans for the making, directly or indirectly, of construction loans or mortgage loans to finance the development of multifamily rental housing.

(b) An authority may develop, rehabilitate, or finance housing projects or participate in the development, rehabilitation, or financing of housing projects; or purchase, sell, lease, own, operate, or manage housing projects so assisted, subject to all of the requirements of this section.

So long as the proceeds of any sale, lease, or other disposition of real property, net of the cost of sale, are to be used directly to assist a housing project pursuant to this section for persons of low income, and the funds in any trust fund established pursuant to subdivision (f) are used directly to assist housing units for persons of very low income, an authority may, after a public hearing, sell, lease, or otherwise dispose of the real property without complying with any provision of law concerning disposition of surplus property, including, but not limited to, Sections 34315.5 and 34315.7.

An authority may convey surplus lands it acquires from another public agency to a nonprofit or private developer for development of single-family homes where the development will provide for homeownership for persons and families of low or moderate income, as defined in Section 50093. This conveyance shall be after a public hearing. With the exception of subdivisions (b), (c), and (d) of Section 34315.7, the conveyance need not comply with any law concerning the disposition of surplus properties, including, but not limited to, Section 34315.5 or subdivision (a) of Section 34315.7. The proceeds of any sale or other disposition of surplus land, net of the cost of sale, shall be used to assist a housing project pursuant to this section for persons of low income.

(c) (1) (A) Not less than 20 percent of all units in housing projects assisted by an authority pursuant to this section shall be available for occupancy on a priority basis to persons of low income. In the case of housing projects located within a targeted area, as defined by Section 103(b)(12)(A) of Title 26 of the United States Code, not less than 15 percent of all units in such housing projects assisted pursuant to this section shall be for occupancy on a priority basis by persons of low income.

(B) If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(2) (A) Not less than one-half of the units required to be available for occupancy pursuant to paragraph (1) and financed with any bonds issued on or after January 1, 1986, shall be occupied by, or made available to, very low income households, as defined by Section 50105.

(B) The rental payments for those units shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.

(3) Any indebtedness incurred pursuant to a mortgage loan financed under the terms of this chapter shall be subject to acceleration and the balance owing declared immediately due and payable upon any sale of an owner-occupied residence to a purchaser who does not meet the required qualifications for borrowers as established by the authority.

(4) The authority shall require the owners of housing projects assisted pursuant to this section to accept as tenants, on the same basis as all other prospective tenants, in the units reserved for very low income households, any very low income households who are recipients of federal certificates for rent subsidies pursuant to the existing program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor. The authority shall not permit a selection criteria to be applied to Section 8 certificate holders that is any more burdensome than the criteria applied to all other prospective tenants.

(5) No resident in housing units assisted pursuant to this section shall be denied continued occupancy or ownership because, after admission, the resident's family income increases to exceed the

eligibility level. However, the authority shall ensure that percentage requirements of this section shall continue to be met by providing the next available unit or units to persons of low income or by taking other actions to satisfy the percentage requirements of this section.

(6) In determining whether the percentage requirements of subdivision (c) have been achieved, the following terms and conditions shall be applied:

(A) The requirement that 20 percent or 15 percent, as the case may be, of the housing units assisted by an authority pursuant to this section shall be available on a priority basis to, or occupied by, households whose adjusted gross income does not exceed the applicable limits prescribed by subdivision (c) shall apply to the aggregate number of units assisted by an authority pursuant to this section.

(B) This section applies only to housing units first assisted after January 1, 1983, and the percentage requirements of subdivision (c) shall be complied with by January 1, 1986, and on January 1 of each even-numbered year thereafter.

(C) The percentage requirements of subdivision (c) shall be achieved within each of the following categories: (1) rental housing developments; (2) homeownership developments; and (3) rehabilitation financing. Housing units provided by rehabilitation financing shall not be counted within either of the first two categories.

(d) Units required to be reserved for occupancy by subdivision (c) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

(e) No housing authority may issue any bonds on or after January 1, 1986, until the information required to be filed pursuant to Section 8855.5 of the Government Code has been filed with the California Debt Advisory Commission and the Treasurer certifies to the Legislature that the housing authority has filed that information.

However, recognizing that housing projects only for low-income households cannot be adequately assisted or developed with currently available funds, and that excess funds from housing projects assisted pursuant to this section can be utilized to further assist in the provision of housing for lower income households, it is the intent of the Legislature that the authorization of this section is to be used to enhance and supplement the traditional housing authority role of providing housing only for low-income households.

(1) A family shall be (A) a current aid recipient, (B) income eligible, or (C) one whose children are recipients of protective services, or whose children have been identified as being abused,

neglected, or exploited, or at risk of being abused, neglected, or exploited.

(2) A family shall need the child care service because the child is identified by a legal, medical, or social service agency as being (A) a recipient of protective services, (B) being neglected, abused, or exploited, or at risk of neglect, abuse, or exploitation, or (C) having a medical or psychiatric special need which cannot be met without provision of child day care, or the parents are (i) engaged in vocational training leading directly to a recognized trade, paraprofession, or profession, (ii) employed or seeking employment, or (iii) incapacitated, including a medical or psychiatric special need which cannot be met without provision of child day care.

(b) Priority for state and federally subsidized child development services shall be as follows:

(1) First priority shall be given to recipients of child protective services for children who are neglected or abused, or at risk of being neglected or abused, upon written referral from a legal, medical, or social service agency. When an agency is unable to enroll a child in the first priority category, the agency shall refer the family to local resource and referral services to locate services for the child.

(2) Second priority shall be equally given to eligible families, regardless of the number of parents in the home, who are income eligible. Within this priority, families with the lowest gross monthly income in relation to family size, as determined by a schedule adopted by the Superintendent of Public Instruction, shall be admitted first. When two or more families are in the same priority in relation to income, the family which has been on the waiting list for the longest amount of time shall be admitted first. For purposes of determining order of admission, the grants of public assistance recipients shall be counted as income.

(3) The superintendent shall set criteria for and may grant specific waivers of the priorities established in this subdivision for agencies which wish to serve specific populations, such as handicapped children or children of prisoners. These new waivers shall not include proposals to avoid appropriate fee schedules or admit ineligible families, but may include proposals to accept members of special populations in other than strict income order, as long as appropriate fees are paid.

(c) A physical examination and evaluation, including age-appropriate immunization, shall be required prior to, or within six weeks of, enrollment. No standard, rule, or regulation shall require medical examination or immunization for admission to a child care and development program of a child whose parent or guardian files a letter with the governing board of the child care and development program stating that the medical examination or immunization is contrary to his or her religious beliefs, or provide for the exclusion of a child from the program because of a parent or guardian having filed the letter. However, whenever there is good cause to believe that a child is suffering from a recognized contagious

or infectious disease, the child shall be temporarily excluded from the program until the governing board of the child care and development program is satisfied that any contagious or infectious disease does not exist.

(d) Regulations formulated and promulgated pursuant to this section shall include the recommendations of the State Department of Health Services relative to health care screening and the provision of health care services. The Superintendent of Public Instruction shall seek the advice and assistance of these health authorities in situations where service under this chapter includes or requires care of ill or disabled children.

(e) The Superintendent of Public Instruction shall establish a fee schedule for families utilizing child care and development services pursuant to this chapter. No fees shall be assessed for families whose children are enrolled in the state preschool program.

(f) The superintendent shall establish guidelines for the collection of employer sponsored child care benefit payments from any parent whose child receives subsidized child care and development services. These guidelines shall provide for the collection of the full amount of the benefit payment, but not to exceed the actual cost of child care and development services provided, notwithstanding the applicable fee based on the fee schedule.

(g) The Superintendent of Public Instruction shall establish guidelines according to which the director or a duly authorized representative of the child care and development program will certify children as eligible for state reimbursement pursuant to this section.

(h) No public funds shall be paid directly or indirectly to any agency which does not pay at least the minimum wage to each of its employees.

SEC. 12. Section 8265 of the Education Code is amended to read:

8265. (a) The Superintendent of Public Instruction shall implement a plan which establishes reasonable standards and assigned reimbursement rates, which vary with the length of the program year and the hours of service.

Parent fees shall be deducted from these costs, except when the contractor provides services to eligible children beyond the minimum service required by the contract. In that case, parent fees may be used to pay reasonable and necessary costs of providing additional services.

When establishing standards and assigned reimbursement rates, the Superintendent of Public Instruction shall confer with applicant agencies.

The reimbursement system, including standards and rates, shall be submitted to the Joint Legislative Budget Committee.

The Superintendent of Public Instruction may establish any regulations he or she deems advisable concerning conditions of

service and hours of enrollment for children in the programs.

(b) The standard reimbursement rate shall be three thousand five hundred twenty-three dollars ($3,523) per unit of average daily enrollment for a 250-day year, increased by the cost-of-living adjustment granted by the Legislature beginning July 1, 1980.

(c) The plan shall require agencies having an assigned reimbursement rate above the current year standard reimbursement rate to reduce costs on an incremental basis to achieve the standard reimbursement rate.

(d) The plan shall provide for adjusting reimbursement on a case-by-case basis, in order to maintain service levels for agencies currently reimbursed at a rate less than the standard reimbursement rate. Assigned reimbursement rates shall be increased only on the basis of one or more of the following:

(1) Loss of program resources from other sources.

(2) Need of an agency to pay the same child care rates as those prevailing in the local community.

(3) Increased costs directly attributable to new or different regulations.

(4) Documented increased costs necessary to maintain the prior year's level of service and ensure the continuation of threatened programs.

Child care agencies funded at the lowest rates shall be given first priority for increases.

(e) The plan shall provide for expansion of child development programs at no more than the standard reimbursement rate for that fiscal year.

(f) The Superintendent of Public Instruction may reduce the percentage of reduction for any public agency:

(1) Which is currently serving more than 400 children; or

(2) Which has in effect a collective bargaining agreement; or

(3) For which other extenuating circumstances apply as determined by the Superintendent of Public Instruction.

SEC. 13. Section 8276.7 is added to the Education Code, to read:

8276.7. Unless specifically exempted by the Legislature, the administrative cost for all state-funded child care and development programs and all federal programs administered by the state shall not exceed 15 percent of the funds provided for those programs. Eighty-five percent of these funds shall be used to provide direct services in accordance with rules and regulations, or contractual funding terms and conditions prescribed by the Superintendent of Public Instruction.

SEC. 14. Section 8288 of the Education Code is amended to read:

8288. Until the Superintendent of Public Instruction promulgates regulations for center-based programs establishing staffing ratios, the following staffing ratios shall apply:

(a) Infants, 0 to 2 years old—1:3 adult-child ratio, 1:18 teacher-child ratio.

(b) Infants and toddlers, 0 to 2 years old—1:4 adult-child ratio, 1:16

teacher-child ratio.

(c) Children 3 to 6 years old—1:8 adult-child ratio, 1:24 teacher-child ratio.

(d) Children 6 to 10 years old—1:14 adult-child ratio, 1:28 teacher-child ratio.

(e) Children 10 to 14 years old—1:18 adult-child ratio, 1:36 teacher-child ratio.

(f) Whenever groups of children of varying ages are commingled, the teacher and adult ratios shall be proportionate and appropriate to the ages and groups of children.

(g) Within 60 days of the effective date of this section, the Superintendent of Public Instruction shall establish a timetable for the promulgation of regulations of staffing ratios, and shall promulgate the regulations within an 18-month period thereafter.

SEC. 15. Section 89403 of the Education Code is repealed.

CHAPTER 1279

An act to add Sections 1942.3 and 1942.4 to the Civil Code, to amend Section 1176 of the Code of Civil Procedure, and to amend Sections 17959.4 and 17980 of the Health and Safety Code, relating to remedies.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1942.3 is added to the Civil Code, to read:

1942.3. (a) In any unlawful detainer action by the landlord to recover possession from a tenant, a rebuttable presumption affecting the burden of producing evidence that the landlord has breached the habitability requirements in Section 1941 is created if all of the following conditions exist:

(1) The dwelling substantially lacks any of the affirmative standard characteristics listed in Section 1941.1.

(2) A public officer or employee who is responsible for the enforcement of any housing law has notified the landlord, or an agent of the landlord, in a written notice issued after inspection of the premises which informs the landlord of his or her obligations to abate the nuisance or repair the substandard conditions.

(3) The conditions have existed and have not been abated 60 days beyond the date of issuance of the notice specified in paragraph (2) and the delay is without good cause.

(4) The conditions were not caused by an act or omission of the tenant or lessee in violation of Section 1929 or 1941.2.

(b) The presumption specified in subdivision (a) does not arise unless all of the conditions set forth therein are proven, but failure

to so establish the presumption shall not otherwise affect the right of the tenant to raise and pursue any defense based on the landlord's breach of the implied warranty of habitability.

(c) The presumption provided in this section shall apply only to rental agreements or leases entered into or renewed on or after January 1, 1986.

SEC. 2. Section 1942.4 is added to the Civil Code, to read:

1942.4. (a) Any landlord who demands or collects rent when all of the following conditions exist is liable to the tenant or lessee for the actual damages sustained by the tenant or lessee and special damages in an amount not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000):

(1) The rental dwelling substantially lacks any of the affirmative standard characteristics listed in Section 1941.1.

(2) A public officer or employee who is responsible for the enforcement of any housing law has notified the landlord, or an agent of the landlord, in a written notice issued after inspection of the premises which informs the landlord of his or her obligations to abate the nuisance or repair the substandard conditions.

(3) The conditions have existed and have not been abated 60 days beyond the date of issuance of the notice specified in paragraph (2) and the delay is without good cause.

(4) The conditions were not caused by an act or omission of the tenant or lessee in violation of Section 1929 or 1941.2.

(b) In addition to recovery of allowable costs of suit, the prevailing party shall be entitled to recovery of reasonable attorney's fees in an amount fixed by the court.

(c) The tenant or lessee shall be under no obligation to undertake any other remedy prior to exercising his or her rights under this section.

(d) Any action under this section may be maintained in small claims court if the actual or special damages claimed are within the jurisdictional amount specified in Section 116.2 of the Code of Civil Procedure.

(e) The remedy provided by this section applies only to rental agreements or leases entered into or renewed on or after January 1, 1986, and may be utilized in addition to any other remedy provided by this chapter, the rental agreement, lease, or other applicable statutory or common law.

SEC. 3. Section 1176 of the Code of Civil Procedure is amended to read:

1176. (a) An appeal taken by the defendant shall not automatically stay proceedings upon the judgment. Petition for stay of the judgment pending appeal shall first be directed to the judge before whom it was rendered. Stay of judgment shall be granted when the court finds that the moving party will suffer extreme hardship in the absence of a stay and that the nonmoving party will not be irreparably injured by its issuance. If the stay is denied by the trial court, the defendant may forthwith file a petition for an

extraordinary writ with the appropriate appeals court. If the trial or appellate court stays enforcement of the judgment, the court may condition the stay on whatever conditions the court deems just, but in any case it shall order the payment of the reasonable monthly rental value to the court monthly in advance as rent would otherwise become due as a condition of issuing the stay of enforcement. As used in this subdivision, "reasonable rental value" means the contract rent unless the rental value has been modified by the trial court in which case that modified rental value shall be used.

(b) A new cause of action on the same agreement for the rental of real property shall not be barred because of an appeal by any party.

SEC. 4. Section 17959.4 of the Health and Safety Code is amended to read:

17959.4. The housing appeals board may, in cases of extreme hardship to owner-occupants or tenants of dwellings, provide for deferral of the effective date of orders of abatement. Any deferral of the effective date of an order of abatement under this section shall terminate upon any sale or transfer of the dwelling by the owner-occupant but shall not terminate upon the sale or transfer of the dwelling if the dwelling is occupied by a tenant other than the owner-occupant.

SEC. 5. Section 17980 of the Health and Safety Code is amended to read:

17980. (a) If any building is constructed, altered, converted, or maintained in violation of any provision of, or of any order or notice giving a reasonable time to correct that violation issued by an enforcement agency pursuant to, this part, the building standards published in the State Building Standards Code, or other rules and regulations adopted pursuant to this part, or if a nuisance exists in any building or upon the lot on which it is situated, the enforcement agency shall, after 30 days' notice to abate the nuisance, institute any appropriate action or proceeding to prevent, restrain, correct, or abate the violation or nuisance.

(b) Whenever the enforcement agency has inspected or caused to be inspected any building and has determined that the building is a substandard building, the enforcement agency shall commence proceedings to abate the violation by repair, rehabilitation, vacation, or demolition of the building. The enforcement agency shall not require the vacating of a residential building unless it concurrently requires expeditious demolition or repair to comply with this part, the building standards published in the State Building Standards Code, or other rules and regulations adopted pursuant to this part. The owner shall have the choice of repairing or demolishing. However, if the owner chooses to repair, the enforcement agency shall require that the building be brought into compliance according to a reasonable and feasible schedule for expeditious repair. The enforcement agency may require vacation and demolition or may itself vacate the building, repair, demolish, or institute any other

appropriate action or proceeding, if any of the following occur:

(1) The repair work is not done as scheduled.

(2) The owner does not make a timely choice of repair or demolition.

(3) The owner selects an option which cannot be completed within a reasonable period of time, as determined by the department, for any reason, including, but not limited to, an outstanding judicial or administrative order.

In deciding whether to require vacation of the building or to repair as necessary, the enforcement agency shall give preference to the repair of the building whenever it is economically feasible to do so, without having to repair more than 75 percent of the dwelling, as determined by the enforcement agency, and shall give full consideration to the needs for housing as expressed in the local jurisdiction's housing element.

(c) Notwithstanding subdivision (b) and notwithstanding local ordinances, tenants in a residential building shall be provided notice of any violation described in subdivision (a) which affects the health and safety of the occupants and which violates Section 1941.1 of the Civil Code, an order of the code enforcement agency issued after inspection of the premises declaring the dwelling to be substandard, the enforcement agency's decision to repair or demolish, or the issuance of a building or demolition permit following the abatement order of an enforcement agency.

The notice may be provided either by first-class mail to each affected residential unit, or by posting a copy of the notice in a prominent place on the affected residential unit at the discretion of the enforcement agency.

(d) All notices issued by the enforcement agency to correct violations or to abate nuisances shall contain a provision notifying the owner that, in accordance with Sections 17274 and 24436.5 of the Revenue and Taxation Code, a tax deduction may not be allowed for interest, taxes, depreciation, or amortization paid or incurred in the taxable year.

(e) The enforcement agency may charge the owner of the building for its postage or mileage cost for sending or posting the notices required to be given by this section.

SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1280

An act to add Sections 18990 and 19141.1 to the Government Code, relating to state employees.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 18990 is added to the Government Code, to read:

18990. (a) Notwithstanding any other provision of law or rule, persons employed by the Legislature for two or more consecutive years with no mandatory civil service return right shall be eligible to apply for promotional civil service examinations including examinations for career executive assignments for which they meet the minimum qualifications as prescribed by the class specification. Persons receiving passing scores shall have their names placed on promotional lists resulting from these examinations or otherwise gain eligibility for appointment. In evaluating minimum qualifications, related legislative experience shall be considered state civil service experience in a class deemed comparable by the State Personnel Board, based on the duties and responsibilities assigned.

(b) In cases where promotional examinations are given by more than one department for the same classification, the employee shall select one department in which to compete. Once this selection is made, it cannot be changed for the duration of the promotional list established from the examination in which the employee participated. Employees may transfer list eligibility between departments in the same manner as provided for civil service employees.

(c) Employees who meet the requirements of this section and resign from the employment of the Legislature shall have the same rights and eligibility to take promotional civil service examinations and maintain promotional list eligibility as is provided to permanent civil service employees who resign from civil service.

(d) Notwithstanding subdivision (c), this section shall also apply to former employees of the Legislature with at least two or more consecutive years of service who terminated their employment with the Legislature not more than three years prior to January 1, 1986.

SEC. 2. Section 19141.1 is added to the Government Code, to read:

19141.1. (a) This section applies only to a permanent employee, or an employee who previously had permanent status, and who has a reinstatement right pursuant to Section 19141. The State Personnel Board may adopt rules to implement this section.

(b) Within four years of the termination of an appointment in an exempt position, either by the employee or the appointing power, an

employee who has completed a minimum of five years of state service experience and at least one year but less than three years of exempt service shall be given an opportunity upon request to obtain civil service appointment eligibility, through a deferred examination, for any position offered by any appointing power in any class for which a current eligible list exists and which has a salary range up to two steps higher than the employee's former position. If the employee has three or more years of exempt service, the opportunity shall be provided for any class at least two salary steps below the employee's exempt salary level.

(c) At the termination of an exempt appointment, either by the employee or the appointing power, on or after January 1, 1987, an employee who has at least 10 years of state service including five years of civil service experience and at least three consecutive years of exempt service under a single appointing power and who requests reinstatement in writing within 10 days of the termination, shall be reinstated upon request to (1) his or her former position or (2) any vacant position for which the employee has civil service eligibility under the appointing power where the three years of service were completed and which is at least two salary steps below the employee's exempt salary level. In the absence of current list eligibility, an employee shall be entitled to a deferred examination for placement on a current eligible list for classes meeting the mandatory reinstatement criteria. If the employee obtains civil service appointment eligibility at any time within two years of the termination of the exempt appointment, and a vacant position in the appropriate class is not available, the employee's name shall be placed on the appointing power's departmental or subdivisional reemployment for any classes and locations which would satisfy the employee's reinstatement request. Departmental or subdivisional reemployment list eligibility granted under this section shall not result in placement on any general reemployment list.

If an employee cannot be placed in a vacant position pursuant to this section, the employee shall be reinstated to his or her former position.

CHAPTER 1281

An act to amend Sections 7028.10, 7028.11, 7099, and 7152 of the Business and Professions Code, relating to contractors.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 7028.10 of the Business and Professions Code is amended to read:

7028.10. Any person served with a citation under Section 7028.7 may appeal to the registrar within 15 working days after service of the citation with respect to violations alleged, scope of the order of abatement, or amount of civil penalty assessed.

SEC. 2. Section 7028.11 of the Business and Professions Code is amended to read:

7028.11. If within 15 working days after service of the citation, the person cited fails to notify the registrar that he or she intends to appeal the citation, the citation shall be deemed a final order of the registrar and not subject to review by any court or agency. The 15-day period may be extended by the registrar for good cause.

SEC. 3. Section 7099 of the Business and Professions Code is amended to read:

7099. If, upon investigation, the registrar has probable cause to believe that a licensee, or an applicant for a license under this chapter, has violated provisions of this chapter which are grounds for revocation or suspension, he may, in lieu of proceeding pursuant to this article, issue a citation to such licensee. Each citation shall be in writing and shall describe with particularity the nature of the violation, including a reference to the provision of this chapter alleged to have been violated. In addition, each citation may contain an order of correction fixing a reasonable time for correction of the violation or an order, against the licensee only, for payment of a specified sum to an injured party in lieu of correction, and may contain an assessment of a civil penalty.

SEC. 4. Section 7152 of the Business and Professions Code is amended to read:

7152. (a) "Home improvement salesperson" is a person employed by a contractor licensed under this chapter to solicit, sell, negotiate or execute contracts for home improvements, for the sale, installation or furnishing of home improvement goods or services, or swimming pool contracts subject to Section 7167.

(b) The following shall not be required to be registered as home improvement salespersons:

(1) An officer of record of a corporation licensed pursuant to this chapter.

(2) A qualifying person, as defined in Section 7068.

(3) A salesperson whose sales are all made pursuant to negotiations between the parties if the negotiations are initiated by the prospective buyer at or with a general merchandise retail establishment that operates from a fixed location where goods or services are offered for sale.

(4) A person who contacts the prospective buyer for the exclusive purpose of scheduling appointments for a registered home improvement salesperson.

(5) A bona fide service repairperson who is in the employ of a licensed contractor and whose repair or service call is limited to the service, repair, or emergency repair initially requested by the buyer of the service.

CHAPTER 1282

An act to add Section 1085.5 to the Code of Civil Procedure, and to amend and repeal Section 14006 of, and to add and repeal Chapter 1.5 (commencing with Section 5051) of Part 1 of Division 4 of, the Food and Agricultural Code, and to amend and repeal Section 21080.5 of the Public Resources Code, relating to pest control.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1085.5 is added to the Code of Civil Procedure, to read:

1085.5. Notwithstanding this chapter, in any action or proceeding to attack, review, set aside, void, or annul the activity of the director under Chapter 1.5 (commencing with Section 5051) of Part 1 of Division 4, or under Division 5 (commencing with Section 9101), of the Food and Agricultural Code, the procedure for issuance of a writ of mandate shall be in accordance with Chapter 1.5 (commencing with Section 5051) of Part 1 of Division 4 of the Food and Agricultural Code.

SEC. 2. Chapter 1.5 (commencing with Section 5051) is added to Part 1 of Division 4 of the Food and Agricultural Code, to read:

CHAPTER 1.5. PEST CONTROL AND ERADICATION CHALLENGES

5051. Whenever the director exercises authority on a control or eradication project pursuant to this division or Division 5 (commencing with Section 9101), a written decision describing the proposed action shall be adopted and shall contain findings as to the need for the action, the statutory basis for that action, and notification that any action challenging the decision shall be brought within 30 days. The decision shall be a public record, available to the public upon request, shall be published in a newspaper of general circulation in the county, and shall be filed with the governing body of any affected city, county, or city and county in accordance with the procedures set forth in Section 21152 of the Public Resources Code. Any addition to or expansion of a declared treatment area shall also comply with the requirements of this section.

5052. Within 30 days after the filing of the written decision with the governing body of the affected city, county, or city and county as described in Section 5051, any person or local governmental agency within a declared treatment area may bring an action by way of mandamus challenging that decision in accordance with this chapter. Any person or local governmental agency in a new treatment area shall have 30 days to contest that inclusion from the date of inclusion. Lack of actual notice of the decision shall not be a defense or bar to dismissal for an untimely filing if the applicable

notice requirements of Section 5051 have been met.

5053. Any action or proceeding to attack, review, set aside, void, or annul the activity of the director under this division or Division 5 (commencing with Section 9101) shall be brought pursuant to Section 1085 of the Code of Civil Procedure. The court's inquiry shall extend only to whether there was a prejudicial abuse of discretion. An abuse of discretion shall be found if the decision was arbitrary or capricious or the director did not proceed in the manner required by law.

5054. It shall not be an abuse of discretion for the director, acting pursuant to statutory authority contained in this division or Division 5 (commencing with Section 9101), to use a material registered pursuant to Division 6 (commencing with Section 11401) or Division 7 (commencing with Section 12501), in a manner consistent with the registration, label restrictions, applicable regulations, and applicable provisions of federal law and in full compliance with all limitations, restrictions, or other criteria set forth in Divisions 5 (commencing with Section 9101), 6 (commencing with Section 11401), and 7 (commencing with Section 12501).

5056. The evidence considered by the court may include an administrative record prepared and submitted by the department, as well as such otherwise competent evidence as may be allowed by the court in its discretion. The court shall rule upon the admissibility of all evidence to which objections are lodged. The court shall not rely upon any declarations submitted by an expert witness pursuant to Article 1 (commencing with Section 720) of Chapter 3 of Division 6 of the Evidence Code or Chapter 1 (commencing with Section 800) of Division 7 of the Evidence Code where a request for production and cross-examination of the witness has been made and granted upon a showing of good cause. The court shall order the production of a witness in response to that request unless it finds that production is not feasible or the witness is unavailable or except in the interest of justice.

5057. In determining whether to grant a pretrial order staying the underlying activities which are the subject of the petition, or a continuance, the court shall balance the irreparable injury to the petitioner versus the irreparable injury to the ability of the director to carry out the program and whether the public interest will be adversely affected. The pretrail stay shall operate until the date of hearing, but in no case longer than 10 days, and shall expire thereafter unless a new stay is issued by the court.

5058. Where feasible, no hearing shall be set less than three days prior to the beginning of the activities which are the subject of the challenge. The complaint and supporting affidavits, declarations, and other evidence shall be filed and personally served no later than 10 days prior to the hearing, with responsive papers filed and personally served no later than five days prior to the hearing. Any reply shall be filed and personally served two days prior to the hearing, and shall not contain any new cause of action or new evidence unless it can

be established that the facts giving rise to the cause of action or new evidence was not available at the original filing. No additional material may be filed by the parties at the time of hearing, unless it can be established the material was not available at the time of the filing of the responsive or reply papers, no prejudice will result to the opposing party, or the court is able to continue the matter without impairing the public interest.

5061. The court shall enter judgment either commanding the director to set aside the order of decision or denying the writ. Where the judgment commands the order of decision be set aside, the court shall remand the matter to the director for reconsideration, but the judgment shall not limit or control in any way the discretion legally vested in the director. Where new evidence is presented which was not considered by the director in making the decision, and where that evidence is found by the court upon a showing of good cause to be material and could not reasonably have been presented to the director prior to the time the decision was made, the court may stay the proceedings and remand the matter to the director for consideration of the new evidence. The court may also stay the operation of the administrative order or decision pursuant to Section 5057. The court may stay the operation of the administrative order or decision pending judgment of the court or until the filing of a notice of appeal from the judgment, except that no stay shall be imposed or continued unless the court is satisfied it will not be detrimental to the public interest. Where the court makes such a finding, an appeal shall not operate as an automatic stay of the decision of the court.

5062. On appeal, the reviewing court shall not issue a stay or writ of supercedeas unless the moving party demonstrates either of the following:

(a) Probable success on the merits and the possibility of irreparable injury.

(b) Serious questions raised on appeal and the balance of the hardships is tipped sharply in favor of the moving party.

5063. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

5064. This chapter shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 2. Section 14006 of the Food and Agricultural Code is amended to read:

14006. The regulations shall prescribe the time when, and the conditions under which, a restricted material may be used or possessed in different areas of the state, and may prohibit its use or possession in those areas. That usage shall be limited to those situations in which it is reasonably certain that no injury will result,

or no nonrestricted material or procedure is equally effective and practical. For purposes of this section, "reasonably certain" does not mean beyond a reasonable doubt. The regulations may provide that a restricted material shall be used only under permit of the commissioner or under the direct supervision of the commissioner, subject to any of the following limitations:

(a) In certain areas.

(b) Under certain conditions relating to safety.

(c) When used in excess of certain quantities or concentrations.

(d) When used in certain mixtures.

(e) In compliance with the industrial safety orders of the Department of Industrial Relations and any order of the director or commissioner.

(f) On agreement by the owner or person in possession of the property to be treated to comply with certain conditions.

(g) Any other limitation the director determines to be necessary to effectuate the purposes of this chapter.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 14006 of the Food and Agricultural Code, as amended by Section 13.5 of Chapter 1276 of the Statutes of 1971, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. The Legislature hereby finds and declares the following:

(a) Agriculture is a major and essential component of California's economy.

(b) The proper, safe, and efficient use of pesticides is essential for the protection and production of agricultural commodities and for health protection.

(c) The enactment of Chapter 308 of the Statutes of 1978 created a functional equivalency program which provides for reasonable environmental review of that pesticide use.

(d) Exotic plant or animal pests pose a threat to the viability of agriculture and the health and safety of the people of this state.

(e) The Department of Food and Agriculture, along with county commissioners, are charged by law with the control or eradication, where feasible, of the exotic plant and animal pests.

(f) In so discharging their duties, the Director of Food and Agriculture and county commissioners must be free to employ such registered materials under federal or state law, as may be necessary, and preparation of an environmental impact report would be duplicative and unreasonable and a burden on the carrying out of those duties.

(g) The amendment of Section 21080.5 of the Public Resources Code contained in Section 4 of this act is necessary to clarify existing law and does not expand or diminish that law.

This section shall remain in effect only until January 1, 1988, and

as of that date is repealed, unless a later enacted statute is enacted before January 1, 1988, deletes or extends that date.

SEC. 4. Section 21080.5 of the Public Resources Code is amended to read:

21080.5. (a) When the regulatory program of a state agency, board, or commission requires a plan or other written documentation, containing environmental information and complying with the requirements of paragraph (3) of subdivision (d), to be submitted in support of any of the activities listed in subdivision (b), the plan or other written documentation may be submitted in lieu of the environmental impact report required by this division; provided, that the Secretary of the Resources Agency has certified the regulatory program pursuant to this section.

(b) This section shall apply only to regulatory programs or portions thereof which involve either of the following:

(1) The issuance to a person of a lease, permit, license, certificate, or other entitlement for use.

(2) The adoption or approval of standards, rules, regulations, or plans for use in the regulatory program.

(c) A regulatory program certified pursuant to this section is exempt from the provisions of Chapter 3 (commencing with Section 21100) and Chapter 4 (commencing with Section 21150) and Section 21167.

(d) In order to qualify for certification pursuant to this section, a regulatory program shall require utilization of an interdisciplinary approach which will ensure the integrated use of the natural and social sciences in decisionmaking and shall meet all of the following criteria:

(1) The enabling legislation of the regulatory program shall:

(i) Include protection of the environment among its principal purposes.

(ii) Contain authority for the administering agency to promulgate rules and regulations for the protection of the environment, guided by standards set forth in the enabling legislation.

(2) The rules and regulations adopted by the administering agency shall:

(i) Require that an activity will not be approved or adopted as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen any significant adverse impact which the activity may have on the environment.

(ii) Include guidelines for the orderly evaluation of proposed activities and the preparation of the plan or other written documentation in a manner consistent with the environmental protection purposes of the regulatory program.

(iii) Require the administering agency to consult with all public agencies which have jurisdiction, by law, with respect to the proposed activity.

(iv) Require that final action on the proposed activity include the written responses of the issuing authority to significant

environmental points raised during the evaluation process.

(v) Require the filing of a notice of the decision by the administering agency on the proposed activity with the Secretary of the Resources Agency. Those notices shall be available for public inspection, and a list of the notices shall be posted on a weekly basis in the office of the Resources Agency. Each list shall remain posted for a period of 30 days.

(vi) Require notice of the filing of the plan or other written documentation to be made to the public and to any person who requests, in writing, notification. The notification shall be made in a manner that will provide the public or any person requesting notification with sufficient time to review and comment on the filing.

(3) The plan or other written documentation required by the regulatory program shall:

(i) Include a description of the proposed activity with alternatives to the activity, and mitigation measures to minimize any significant adverse environmental impact.

(ii) Be available for a reasonable time for review and comment by other public agencies and the general public.

(e) The Secretary of the Resources Agency shall certify a regulatory program which the secretary determines meets all the qualifications for certification set forth in this section, and withdraw certification on determination that the regulatory program has been altered so that it no longer meets those qualifications. Certification and withdrawal of certification shall occur only after compliance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

In determining whether or not a regulatory program meets the qualifications for certification set forth in this section, the inquiry of the Secretary of the Resources Agency shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The inquiry shall not extend to individual decisions to be reached under the regulatory program, including the nature of specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity.

In the event that the Secretary of the Resources Agency determines that the regulatory program submitted for certification does not meet the qualifications for certification set forth in this section, the secretary shall adopt findings setting forth the reasons for the determination.

(f) After a regulatory program has been certified pursuant to this section, any proposed change in the program which could affect compliance with the qualifications for certification specified in subdivision (d) may be submitted to the Secretary of the Resources Agency for review and comment. The scope of the secretary's review shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The review shall not extend to individual decisions to be reached under the regulatory

program, including specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity. The secretary shall have 30 days after receipt of the proposed change to notify the state agency, board, or commission whether the proposed change will alter the regulatory program so that it no longer meets the qualification for certification established in this section and will result in a withdrawal of certification as provided in this section.

(g) Any action or proceeding to attack, review, set aside, void, or annul a determination or decision of a state agency, board, or commission approving or adopting a proposed activity under a regulatory program which has been certified pursuant to this section on the basis that the plan or other written documentation prepared pursuant to paragraph (3) of subdivision (d) does not comply with the provisions of this section shall be commenced no later than 30 days from the date of the filing of notice of the approval or adoption of the activity.

(h) Any action or proceeding to attack, review, set aside, void, or annul a determination of the Secretary of the Resources Agency to certify a regulatory program pursuant to this section on the basis that the regulatory program does not comply with the provisions of this section shall be commenced within 30 days after certification by the secretary.

In any action brought under this subdivision, the inquiry shall extend only to whether there was a prejudicial abuse of discretion by the Secretary of the Resources Agency. Abuse of discretion is established if the secretary has not proceeded in a manner required by law or if the determination is not supported by substantial evidence.

(i) For purposes of this section, any county agricultural commissioner shall be considered a state agency.

(j) For purposes of this section, any air quality management district or air pollution control district shall be considered a state agency, except that the approval, if any, by such agency of a nonattainment area plan shall be subject to the provisions of this section only if, and to the extent that, such approval adopts or amends rules or regulations.

(k) Any program for the regulation of pesticides certified pursuant to this section and Chapter 308 of the Statutes of 1978 shall apply to the use of pesticides by any state agency acting under authority of Divisions 4 (commencing with Section 5001) and 5 (commencing with Section 9101) of the Food and Agricultural Code in eradicating or controlling a plant or animal pest.

(*l*) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 21080.5 of the Public Resources Code, as amended by Section 1 of Chapter

58 of the Statutes of 1982, shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 1283

An act to amend Sections 871 and 1768.7 of the Welfare and Institutions Code, relating to youths.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 871 of the Welfare and Institutions Code is amended to read:

871. (a) Any person under the custody of a probation officer or any peace officer in a county juvenile hall, or committed to a county juvenile home, ranch, camp, or forestry camp, or any person being transported to or from a county juvenile hall, home, ranch, camp, or forestry camp, who escapes or attempts to escape from that place or during transportation to or from that place, is guilty of a misdemeanor, punishable by imprisonment in the county jail not exceeding one year.

(b) Any person who commits any of the acts described in subdivision (a) by use of force or violence shall be punished by imprisonment in a county jail for not more than one year or by imprisonment in the state prison.

SEC. 2. Section 1768.7 of the Welfare and Institutions Code is amended to read:

1768.7. (a) Any person committed to the authority who escapes or attempts to escape from the institution or facility in which he or she is confined, who escapes or attempts to escape while being conveyed to or from such an institution or facility, who escapes or attempts to escape while outside or away from such an institution or facility under custody of Youth Authority officials, officers, or employees, or who, with intent to abscond from the custody of the Youth Authority, fails to return to such an institution or facility at the prescribed time while outside or away from the institution or facility on furlough or temporary release, is guilty of a felony.

(b) Any offense set forth in subdivision (a) which is accomplished by force or violence is punishable by imprisonment in the state prison for a term of two, four, or six years. Any offense set forth in subdivision (a) which is accomplished without force or violence is punishable by imprisonment in the state prison for a term of 16 months, two or three years or in the county jail not exceeding one year.

(c) For purposes of this section, "committed to the authority" means a commitment to the Youth Authority pursuant to Section 731

or 1731.5; a remand to the custody of the Youth Authority pursuant to Section 707.2; a placement at the Youth Authority pursuant to Section 704, 1731.6, or 1753.1; or a transfer to the custody of the Youth Authority pursuant to subdivision (c) of Section 1731.5.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1284

An act to add Section 1921 to the Civil Code, relating to loans.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1921 is added to the Civil Code, to read:

1921. (a) As used in this section:

(1) "Adjustable-rate residential mortgage loan" means any loan or credit sale which is primarily for personal, family, or household purposes which bears interest at a rate subject to change during the term of the loan, whether predetermined or otherwise, and which is made upon the security of real property containing not less than one nor more than four dwelling units.

(2) "Lender" means any person, association, corporation, partnership, limited partnership, or other business entity making, in any 12-month period, more than 10 loans or credit sales upon the security of residential real property containing not less then one nor more than four dwelling units.

(b) Any lender offering adjustable-rate residential mortgage loans shall provide to prospective borrowers a copy of the most recent available publication of the Federal Reserve Board that is designed to provide the public with descriptive information concerning adjustable-rate mortgages (currently entitled "Consumer Handbook on Adjustable Rate Mortgages"), either upon the prospective borrower's request or at the same time the lender first provides written information, other than direct-mail advertising, concerning any adjustable-rate residential mortgage loan or credit sale to the prospective borrower, whichever is earlier. Any lender who fails to comply with the requirements of this section may be enjoined by any court of competent jurisdiction and shall be liable for actual damages, the costs of the action, and reasonable attorney's fees as determined by the court. The court may make those orders as may be necessary to prevent future violations of this section.

(c) A lender that makes adjustable-rate mortgage loan disclosures pursuant to either Part 29 of Chapter 1 of, or Part 563 of Chapter V of, Title 12 of the Code of Federal Regulations, may comply with this section by providing the descriptive information required by subdivision (b) at the same time and under the same circumstances that it makes disclosures in accordance with those federal regulations. Such a lender shall also display and make the descriptive information available to the public in an area of the lender's office that is open to the public.

CHAPTER 1285

An act to add Sections 12534, 12582, and 12608.5 to the Food and Agricultural Code, and to add Sections 26539 and 26539.5 to the Health and Safety Code, relating to pesticide residue, and making an appropriation therefor.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 12534 is added to the Food and Agricultural Code, to read:

12534. (a) Pursuant to this chapter, the director shall conduct a pesticide residue monitoring program for produce destined for processing to determine which pesticides are most likely to leave a residue and to what extent it is necessary to monitor the produce.

(b) The results of the program shall be made available to the Director of Health Services to provide accurate information to better focus sampling priorities.

SEC. 2. Section 12582 is added to the Food and Agricultural Code, to read:

12582. The director shall immediately notify the Director of Health Services by telephone, with immediate written confirmation, whenever a lot of produce destined for processing is found to be in violation of this chapter.

SEC. 3. Section 12608.5 is added to the Food and Agricultural Code, to read:

12608.5. Upon demand of the owner or person in rightful possession of the produce for permission to remove the produce destined for processing, the director shall release the produce to the custody of the Director of Health Services.

SEC. 4. Section 26539 is added to the Health and Safety Code, to read:

26539. The director, with the assistance of the Department of Food and Agriculture, and in cooperation with the federal Food and Drug Administration and Environmental Protection Agency, shall

identify those pesticides most likely to leave residue in processed foods.

SEC. 5. Section 26539.5 is added to the Health and Safety Code, to read:

26539.5. Whenever the director has been notified by the Director of Food and Agriculture pursuant to Section 12582 of the Food and Agricultural Code, the director shall immediately notify the processor, if known, by telephone, with immediate written confirmation, and take appropriate action pursuant to Section 26200.

SEC. 6. The sum of two hundred ten thousand five hundred seventy-one dollars ($210,571) is hereby appropriated from the General Fund to the Department of Food and Agriculture for purposes of Section 12534 of the Food and Agricultural Code.

CHAPTER 1286

An act to amend Sections 4075, 4076, 4078, 5651.1, and 5755 of, and to add Sections 319.1, 635.1, 4075.5, 4079, 5150.1, 5150.2, 5150.3, 5578.5, 5600.1, 5704.7, 5705.4, 5769, and 5770.5 to, to add Chapter 6.5 (commencing with Section 5560) to Part 1 of Division 5 of, Chapter 2.6 (commencing with Section 5680), Chapter 2.7 (commencing with Section 5690), Chapter 2.8 (commencing with Section 5697), Chapter 3.1 (commencing with Section 5725), and Chapter 4.1 (commencing with Section 5775) to Part 2 of Division 5 of, the Welfare and Institutions Code, relating to mental health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Mental Health Services Reform Act of 1985 and may also be known and cited as the Bronzan-Mojonnier Act of 1985.

Consistent with the state's responsibility to provide for the general welfare of all its people, the State of California shall establish policies to promote mental health and to prevent mental illness among its people and to provide appropriate and effective treatment for those who experience significant mental disability.

All citizens share a responsibility for ensuring a safe and decent environment for the mentally disabled. Such an environment is necessary before any treatment of a mental disability can have a positive effect. The goal of treatment is to restore individuals to their highest level of functioning and independence. Treatment approaches must be individualized and must recognize and reward the unique progress of each individual. Families, who frequently

function as care givers, must be integrated into treatment plans whenever appropriate. The consequences of neglecting this public duty extend far beyond the human suffering of the individuals and their families and result in significant damage to society.

Consistent data, information, programmatic and clinical evaluation tools, and research, both basic as well as applied, are all necessary elements to build a base of knowledge in order to fulfill these responsibilities.

SEC. 1.5. The California State Assembly Select Committee on Mental Health has reviewed extensive studies, conducted public hearings and conferences with providers and recipients of mental health services. Based upon the work of the select committee, the Legislature finds and declares that:

(a) When deinstitutionalization policies were first adopted, the state and counties both assumed that the resources previously required to support the large state institutions would be shifted to the county level to support and treat those persons returned to or left in the community. In dramatic contrast to the community care system which developed for the developmentally disabled, in fact, this did not happen. As a result, large numbers of mentally disordered adults are homeless or living in seriously substandard conditions. Many others, in jails and prisons, receive little or no treatment, are discharged without proper provision for mental health treatment only to be reincarcerated at even greater human and public cost.

(b) For those persons suffering from major mental disorders and their families, the absence of public policy for psychiatric and psychological help, treatment, and psychosocial vocational support under deinstitutionalization has often had tragic and brutal consequences. The "chronically mentally ill" need the same things in their lives most other people take for granted: shelter, food, clothing, friends, meaningful work, and a sense of self-worth. State mental health policy must demonstrate and reinforce the fact that the mentally disordered have personal value in this society and that they shall be provided access to the necessary social, medical, psychological, and vocational resources to make the most of their lives.

(c) This absence of clear public policy has left the public mental health system in this state to manage the consequences. Many counties have performed admirably under the circumstances. Counties which have successfully developed or used a balanced continuum of services, ranging from a sophisticated battery of medical, psychiatric, psychological, and diagnostic and treatment techniques to simple but effective self-help, peer counseling, and social skill development, offer the most appropriate and cost-effective services to those with mental health treatment needs. But in too many other counties the volume of demand has far outweighed their ability to respond. The system cries out for the focused attention of state and county government over the next

several years.

(d) The multitude of reforms contained in this act are intended to be a first step on the pathway to build a body of public policy designed to make deinstitutionalization work for the mentally disordered and their families. By 1990 a review of California's public mental health system should reveal the following characteristics:

(1) Active participation for consumers and families in case management and treatment decisions throughout the system.

(2) Expanded alternatives to hospitalization in all areas of the state.

(3) Community support programs and a conservatorship system throughout the state focused on individual progress toward independent living in the community.

(4) Effective and active case management for those identified populations with long-term care needs.

(5) Adequate provision for involuntary treatment in each county as necessary.

(6) Sufficient acute hospital and nonhospital beds and other emergency services should be available so that peace officers attempting to obtain services for persons whose condition qualifies them for treatment under Sections 5150 and 5151 will not be turned away and left to book the person on a misdemeanor charge based on the same symptoms.

(7) Periodic and ongoing clinical evaluation of all cases and general ongoing evaluation of the system's aggregate performance.

(8) Ongoing medication monitoring for all clients.

(9) Flexibility for communities to design public or private systems of care, or both, culturally appropriate to those to be served.

(10) Full integration of medical services into the mental health care system.

(11) Training and development of appropriate professional and nonprofessional personnel to achieve these goals.

(12) An identified role for research in the system.

SEC. 1.6. Section 319.1 is added to the Welfare and Institutions Code, to read:

319.1. When the court finds a minor to be a person described by Section 300, and believes that the minor may need specialized mental health treatment while the minor is unable to reside in his or her natural home, the court shall notify the director of the county mental health department in the county where the minor resides. The county mental health department shall perform the duties required under Section 5697.5 for all those minors.

Nothing in this section shall restrict the provisions of emergency psychiatric services to those minors who are involved in dependency cases and have not yet reached the point of ajudication or disposition, nor shall it operate to restrict evaluations at an earlier stage of the proceedings or to restrict orders removing the minor from a detention facility for psychiatric treatment.

SEC. 2. Section 635.1 is added to the Welfare and Institutions

Code, to read:

635.1. When the court finds a minor to be a person described by Section 602 and believes the minor may need specialized mental health treatment while the minor is unable to reside in his or her natural home, the court shall notify the director of the county mental health department in the county where the minor resides. The county mental health department shall perform the duties required under Section 5697.5 for all those minors.

Nothing in this section shall restrict the provision of emergency psychiatric services to those minors who have not yet reached the point of ajudication or disposition, nor shall it operate to restrict evaluations at an earlier stage of the proceedings or to restrict the use of Sections 4011.6 and 4011.8 of the Penal Code.

SEC. 3. Section 4075 of the Welfare and Institutions Code is amended to read:

4075. The department shall establish and maintain an equitable system of payment for the special needs of mentally disordered persons in private residential care facilities for the mentally disabled as follows:

(a) The department shall establish the rates of payment which shall be based on the functional ability and programmatic needs of clients. By July 1, 1987, the department shall establish a standardized assessment tool and client monitoring system for counties to use in determining the functional ability and programmatic needs of mentally disordered clients pursuant to this chapter.

(b) No later than October 1, 1985, the department shall adopt regulations as are necessary to establish eligibility criteria for private residential care facilities, including, but not limited to, training and educational requirements for facility operators and staff and ability to meet specified special needs of clients.

(c) By July 1, 1980, and each year thereafter, the department shall establish rates. The rates shall annually be proposed to the Legislature by March 1 and shall be operative on July 1 of each year. In recommending funds to be appropriated, the department shall include actual caseload numbers, case estimates, and county and state administrative costs which shall be separately identified from the rates established by the department under this section. These rates shall include, but not be limited to, each of the cost elements in this section as follows:

(1) Rates established for all facilities shall include an adequate amount to care for "basic living needs" of a mentally disordered person. "Basic living needs" are defined to include housing (shelter, utilities, and furnishings), food, and personal care. These amounts shall be adjusted annually to reflect cost-of-living changes. A redetermination of basic living costs shall be undertaken every three years by the State Department of Mental Health using the best available estimating methods.

(2) To the extent applicable, rates established for facilities shall include a reasonable amount for "unallocated services." Such costs

shall be determined using generally accepted accounting principles. "Unallocated services" means the indirect costs of managing a facility and includes costs of managerial personnel, facility operation, maintenance and repair, employee benefits, taxes, interest, insurance, depreciation, and general and administrative support. If a facility serves other persons in addition to mentally disordered persons, unallocated services expenses shall be reimbursed under the provision of this section, only for the proportion of the costs associated with the care of mentally disordered persons.

(3) Rates established for facilities shall include an amount to reimburse facilities for the depreciation of "mandated capital improvements and equipment" as established in the state's uniform accounting manual. For purposes of this section, "mandated capital improvements and equipment" are only those remodeling and equipment costs incurred by a facility because an agency of government has required the remodeling or equipment as a condition for the use of the facility as a provider of care to mentally disordered persons.

(4) To the extent applicable, rates established for all facilities shall include as a "factor" an amount to reflect differences in the cost of living for different geographic areas in the state.

(5) Rates established for facilities shall include an amount for supervision where the functional ability or programmatic needs of residents require augmented supervisory staff.

(6) Rates of payment for private residential care facilities shall be established in ways which assure the maximum utilization of all federal and other sources of funding, to which mentally disordered persons are legally entitled, prior to the commitment of state funds for those purposes.

(d) Notwithstanding any other provision of law, the rates established under this section shall be equal to the rates established by the State Department of Developmental Services for equivalent categories on July 1, 1985, of regional center clients in private residential care facilities for the developmentally disabled, until the time, but in no case later than July 1, 1987, the department has established the assessment tool required under subdivision (a). However, in no case shall the rates established under this section be less than the rates paid for equivalent categories of regional center clients which were in effect on July 1, 1985.

(e) County and state administrative costs shall be separately identified from the rates established by the department under this section.

SEC. 4. Section 4075.5 is added to the Welfare and Institutions Code, to read:

4075.5. The Legislature finds as follows:

(a) The patient population in private residential care facilities for the mentally disordered has changed dramatically over recent years. Where previously the majority of these patients were in their 50's, the majority are now in their 30's, and likely to be more active and

violent with problems of alcohol or drug addiction and behavior control.

(b) Rates set for private residential care facilities for the mentally disordered are insufficient to assure adequate treatment of patients' programmatic needs because the rate structure is not based on these needs.

(c) Due to these insufficient payments, operators of private residential care facilities are not given any incentive to serve the more severely disturbed, and it is difficult to recruit sufficient private residential care facilities.

(d) Due to lack of incentive to serve the mentally disordered, the number of residential care facilities serving these persons has decreased rapidly in recent years. At the same time, research reports document a significant increase in the number of homeless persons, many of them mentally disordered.

(e) The homeless mentally disordered have become significant burdens on local governments and charitable relief organizations whose resources are overwhelmed by the number of persons requiring emergency food and shelter. Lack of access by mentally disordered homeless persons to necessities such as shelter, food, medical care, and mental health treatment represents a threat to their health and safety. Businesses and local economies are also impacted by the presence of homeless mentally disordered persons who do not have access to these necessities.

SEC. 4.5. Section 4076 of the Welfare and Institutions Code is amended to read:

4076. Each county shall apply for the adjusted rates and county administrative costs established under this chapter as part of the Short-Doyle plan pursuant to Section 5651 or a negotiated net amount contract by the state or county pursuant to subdivision (c) of Section 5705.2. However, notwithstanding Section 5705, no county matching funds are required under this section for fiscal years 1985–86 and 1986–87.

SEC. 5. Section 4078 of the Welfare and Institutions Code is amended to read:

4078. Facilities funded pursuant to this chapter shall be licensed under existing licensing categories, including provisional licenses.

SEC. 6. Section 4079 is added to the Welfare and Institutions Code, to read:

4079. Notwithstanding any other provision of law, the amounts paid under this chapter to eligible private residential care facilities shall not be less than the rates established by the department pursuant to Section 4075.

SEC. 6.2. Section 5150.1 is added to the Welfare and Institutions Code, to read:

5150.1. No peace officer seeking to transport, or having transported, a person to a designated facility for assessment under Section 5150, shall be instructed by mental health personnel to take the person to, or keep the person at, a jail solely because of the

unavailability of an acute bed, nor shall the peace officer be forbidden to transport the person directly to the designated facility. No mental health employee from any county, state, city, or any private agency providing Short-Doyle psychiatric emergency services shall interfere with a peace officer performing duties under Section 5150 by preventing the peace officer from entering a designated facility with the person to be assessed, nor shall any employee of such an agency require the peace officer to remove the person without assessment as a condition of allowing the peace officer to depart.

"Peace officer" for the purposes of this section also means a jailer seeking to transport or transporting a person in custody to a designated facility for assessment consistent with Section 4011.6 or 4011.8 of the Penal Code and Section 5150.

SEC. 6.4. Section 5150.2 is added to the Welfare and Institutions Code, to read:

5150.2. In each county whenever a peace officer has transported a person to a designated facility for assessment under Section 5150, that officer shall be detained no longer than the time necessary to complete documentation of the factual basis of the detention under Section 5150 and a safe and orderly transfer of physical custody of the person. The documentation shall include detailed information regarding the factual circumstances and observations constituting probable cause for the peace officer to believe that the individual required psychiatric evaluation under the standards of Section 5105.

Each county shall establish disposition procedures and guidelines with local law enforcement agencies as necessary to relate to persons not admitted for evaluation and treatment and who decline alternative mental health services and to relate to the safe and orderly transfer of physical custody of persons under Section 5150, including those who have a criminal detention pending.

SEC. 6.6. Section 5150.3 is added to the Welfare and Institutions Code, to read:

5150.3. Whenever any person presented for evaluation at a facility designated under Section 5150 is found to be in need of mental health services, but is not admitted to the facility, all available alternative services provided for pursuant to Section 5151 shall be offered as determined by the county mental health director.

SEC. 6.7. Section 5150.4 is added to the Welfare and Institutions Code, to read:

5150.4. "Assessment" for the purposes of this article, means the determination of whether a person shall be evaluated and treated pursuant to Section 5150.

SEC. 6.8. Chapter 6.5 (commencing with Section 5560) is added to Part 1 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 6.5. POLICY INITIATIVES RELATING TO THE CRIMINALIZATION OF THE MENTALLY DISORDERED

5560. The Legislature has found that in some counties an extreme shortage of mental health emergency services, including state and local acute psychiatric beds, has resulted in the redirection of long-time psychiatric patients from the mental health system into the jails. This can occur when peace officers are unable to obtain either evaluation for a person under Section 5150 or the alternative services mandated by Section 5151. It can also occur when a local law enforcement agency cannot afford the waiting time necessary to determine whether the mental health treatment system will take responsibility for the patient. The symptoms of the acute psychotic episode which may provide the basis for involuntary treatment under these sections, can also constitute the factual basis for a municipal code, Penal Code, or other violation. This is often termed a "mercy booking" or booking, in lieu of a bed. A person suffering from an acute psychotic episode may become temporarily unacceptable in both living and employment arrangements and in dealing with public agencies and business establishments. When denied services under Section 5150 because no state or local acute care beds are available, that person is unable to resume community living and community treatment and often becomes homeless. Even in a system with adequate acute beds and alternative emergency psychiatric services, an acutely psychotic person is sometimes booked for an offense when Section 5150 would have been used if the condition had been recognized.

5561. The director shall request five counties whose total population comprises no less than a majority of the state's total population to assess with county mental health and law enforcement agencies the adequacy and appropriateness of existing county mental health emergency response systems. If any other county which otherwise meets this goal, but would nonetheless choose to make specific findings and recommendations to the state regarding the appropriateness of county services, the county shall be permitted to do so. Notwithstanding any other provision of law, no information solely reported pursuant to this chapter shall be used by any state agency to sanction, either through licensure or reimbursement, policies in any county.

5562. (a) In preparing the recommendations pursuant to Section 5561, the county shall review available data for each year from 1977 to the effective date of this chapter on all of the following:

(1) The number of jail or court initiated adult orders under Section 4011.6 of the Penal Code and separately stated, the number under Section 4011.8 of the Penal Code, including any available data on matters such as a backlog of persons waiting for beds on these orders.

(2) The number of persons being released from the jail who were referred under Section 5150.

(3) The number of misdemeanants, by offenses charged in the criminal complaint, referred for proceedings under Section 1368 of the Penal Code.

(4) The number of persons receiving antipsychotic medication in the jail.

(5) The number of publicly funded acute psychiatric beds for involuntary patients available to the county at local or state hospitals, specifically excluding from the count long-term or rehabilitation state hospital beds.

(6) If available, the number of persons refused evaluation under Section 5150 for lack of an available placement. To obtain this information the county mental health director shall contact law enforcement agencies within the county.

(b) If comprehensive data for all of those years are not available under subdivision (a), any studies made or data collected for sample periods may be supplied. Any related information including, but not limited to, the number of persons seeking admission who were arrested on or adjacent to psychiatric hospital grounds for refusing to leave, or any logs or other data prepared for any civil suit may be provided, so that the county may determine which areas have the most compelling need.

(c) The department shall provide counties information from its own records on the number of holds written under Sections 5150 and 5250 on residents of applicant counties for each year from 1977 to the effective date of this section.

(d) The sheriff and local police agencies in each county shall be provided the opportunity to review and comment on the information gathered relative to their county under this section.

5563. A report detailing the findings developed pursuant to this chapter shall be prepared by the department and submitted to the Governor and Legislature within two years after the effective date of this chapter. The report shall include specific recommendations concerning needed resources, changes in statute, policy, and operating procedure that will assure the availability of psychiatric emergency services for persons referred by peace officers under Sections 5150 and 5151 of the Welfare and Institutions Code.

SEC. 6.9. Section 5578.5 is added to the Welfare and Institutions Code, to read:

5578.5. During the 1985–86 fiscal year, each county shall initiate discussions with other public agencies serving seriously emotionally disturbed children and adolescents, including, but not limited to, special education, foster care, and child protective and juvenile justice services to identify common needs and joint planning opportunities.

No later than January 1, 1987, each county shall have a plan for the development of a coordinated system of services to address the needs of seriously emotionally disturbed children.

The plan shall include protocols developed in the county for case assessment designed to determine the least restrictive appropriate

mental health treatment setting for each child, planning and facilitating the provision of needed services for the child and family when necessary, monitoring those services, and methods for client and family advocacy to occur within the system.

A special section of the county Short-Doyle Plan submitted to the state in preparation for the 1986–87 budget shall include a brief description of the progress of the county in developing the local plan required by this section, as well as fiscal estimates for the following three fiscal years for anticipated costs associated with the development of the system.

SEC. 7. Section 5600.1 is added to the Welfare and Institutions Code, to read:

5600.1. Whenever a county believes that a mentally disabled person may be unable to manage his or her SSI/SSP funds, the county mental health program shall advise the person that he or she may have a trusted family member, relative or friend designated as their representative payee under the SSI/SSP program.

SEC. 7.5. Section 5651.1 of the Welfare and Institutions Code is amended to read:

5651.1. In developing and providing the services of a county mental health program, the county shall consider, and make provision for, all of the following priority populations:

(a) Chronically mentally ill, including those who are homeless.

(b) Mentally disturbed children and adolescents, including juvenile sex offenders and juvenile victims of sex offenses.

(c) Mentally ill elderly, including those who are isolated elderly.

(d) Mentally ill jail inmates, mentally ill wards of juvenile detention facilities, and mentally ill persons who are nuisance offenders to prevent inappropriate placement in the justice system.

(e) Underserved populations, including ethnic minorities, refugees, veterans, and other victims of posttraumatic stress disorders, and individuals diagnosed as both mentally ill and developmentally disabled.

The enumeration of priority populations in this section does not establish a priority ranking.

SEC. 8. Chapter 2.6 (commencing with Section 5680) is added to Part 2 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 2.6. COMMUNITY SUPPORT SYSTEM FOR HOMELESS MENTALLY DISABLED PERSONS

5680. In order to assist homeless mentally disabled persons to secure, stabilize, and maintain safe and adequate living arrangements in the community, the Legislature hereby establishes the Community Support System for Homeless Mentally Disabled.

5681. It is the intent of the Legislature that funds shall be made available to counties to assure the delivery of long-range services and community support assistance to homeless mentally disabled persons and those at risk of becoming homeless.

It is further the intent of the Legislature that all services of the community support system are to be offered to such persons on a voluntary basis, that the active participation of the clients being provided services is encouraged at all times, and programs are designed to be accessible to the clients intended to be served.

It is further the intent of the Legislature that specific outreach and service priority be given under this chapter to homeless mentally disabled persons not served by any local or state programs as of the effective date of this section.

5682. The goal of the community support system is to assure that needed community services are provided to homeless mentally disabled persons and those at risk of becoming homeless to stabilize, maintain, and enhance their living in the community.

5683. The function of the community support system is to conduct active outreach to homeless mentally disabled persons, to secure and maintain income, housing, food, and clothing for clients, and to develop social skills and prevocational and vocational skills on a voluntary basis. Each community support system shall make available, as may be necessary to meet each client's needs, the following:

(a) Personal assistance in securing and maintaining housing, food, and clothing arrangements.

(b) Personal assistance in securing and maintaining income and health benefits.

(c) Money management assistance.

(d) Crisis intervention services, focusing on finding appropriate alternatives to acute inpatient hospital care.

(e) Social and vocational skill development activities, as determined by each client's needs, interests, and abilities.

(f) Service coordination including, but not limited to, treatment services.

No individual service offered may be contingent upon the acceptance of any other community support service or mental health treatment.

Each agency designated by a county to be a service provider under this chapter shall establish personnel hiring policies that it determines are necessary to ensure the hiring of staff with demonstrated skills in various functions to be performed by the agency.

5684. Each community support program shall also assist its clients to establish self-help groups and peer counseling. Each agency shall offer each client a written individualized service plan that will specify the services to be provided as a result of discussions with the client and the rights of the client, as well as the expected results or outcomes of the services. Each program shall encourage each client to include family members, friends, his or her primary therapist, and his or her physician in the development of his or her individualized service plan.

5685. Counties may provide specific services, contract with a

public or private agency, or a combination of both. Nothing contained in this article shall prevent a county from developing a consortium model which involves a number of providers performing specific functions. If a county decides to contract out a portion or all of the community support program functions, priority shall be given to providers, public or private, that have demonstrated an ability and desire to the county to work with the population intended to be served and which possess the management skills needed to perform the functions they propose to perform.

5686. The director shall establish guidelines governing the Community Support System for Homeless Mentally Disordered that will allow the counties maximum flexibility in meeting local needs while fulfilling the intent of the Legislature in authorizing this chapter.

The director shall consult with the California Conference of Local Mental Health Directors, the Citizens Advisory Council and other appropriate agencies and groups, in developing the policies and procedures for implementing this chapter which shall include:

(a) A definition of "homeless" and "at risk of being homeless" as applied to the people to be served by this chapter. This definition shall reflect the fact that many people with serious mental disabilities may now move in and out of many facilities and living arrangements or may be isolated in inappropriate living arrangements and that these people are intended to be served by this chapter in addition to those literally living out on the street.

(b) Criteria for departmental review and approval of local county plans.

(c) Documentation that, upon release from 24-hour health facilities where he or she was receiving mental health evaluation or treatment, was offered assistance from the community support program in obtaining suitable living arrangements.

(d) Guidelines and minimum requirements for agency client service agreements cited in Section 5681.

(e) Guidelines for the agency or client to revise or terminate the service agreement cited in Section 5681.

5686.5. In order to make the most efficient use of the public funds appropriated for this purpose, counties are encouraged to maximize the use of existing public and private community resources. If voluntarily requested by the client, the community support agency shall help the client learn to manage his or her own money. Any SSI/SSP money, if managed by the program, shall, at all times, be considered as the client's money. Nothing in this section, however, shall prevent a client from purchasing residential care with SSI/SSP funds.

5687. The department shall establish such administrative requirements as are necessary for providers participating in the community support program in order to assure proper management of public funds to be spent pursuant to this chapter for the direct benefit of clients served, including, but not limited to, bonding,

insurance, and accounting procedures. These requirements shall be developed in consultation with the Director of Finance and the Controller.

No county shall release funds to a provider proposed to participate in the community support program until these requirements are met.

5687.5. The department shall obtain from every local mental health program a statement which describes the county's response to providing services to this population, unless the program statement is already included in the county plan.

5688. Program statements by counties shall contain the following information:

(a) An estimate of the population fitting the eligibility criteria established by the department and a description of the methods used to produce the estimate.

(b) The number of people to be served for the fiscal year.

(c) A description of outreach activities that will be conducted to establish initial contact with the people to be served.

(d) A description of the core services as enumerated in Section 5686 and any other services to be directly provided by the community support system, consistent with the provisions of Section 5686.

(e) Demonstrated linkage to appropriate agencies to ensure that eligibility for public entitlements is determined for each client in the most expeditious and efficient manner. This shall include a description of how the county will provide persons with a medical or psychiatric evaluation, or both, as required by the appropriate agencies.

(f) A description of the mental health services that will be made available and accessible to the clients served.

(g) A description of the services to be obtained from other agencies and organizations in the community that are accessible to the clients, including such documentation as letters of agreement, resolutions passed by governing bodies, contracts, or letters of intent.

(h) An annual budget containing such information as required by the department. Notwithstanding the provisions of Section 17000, the budget shall demonstrate a maintenance of effort in current mental health and other social service agencies and benefits in the county for homeless mentally disabled persons as defined in this chapter.

5688.5. The department shall review and evaluate all submissions by the counties and notify the counties in writing of their acceptance or denial within 60 days of submission.

SEC. 9. Chapter 2.7 (commencing with Section 5690) is added to Part 2 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 2.7. COMMUNITY VOCATIONAL TREATMENT SYSTEM

5690. It is the intent of the Legislature to establish in each county a system of community vocational treatment programs, consisting of prevocational, vocational, and employment elements, for persons with serious mental disabilities. It is further the intent of the Legislature that there be a range of available services in each county based on the principle that work is an essential treatment component in the local mental health treatment and support system.

5691. Counties may implement the community vocational treatment system described in this chapter with existing county allocations, funds available from the Department of Rehabilitation and other state agencies, or by utilizing any supplemental Short-Doyle allocation that may be appropriate.

5692. The Director of Mental Health and the Director of Rehabilitation shall convene an interdepartmental task force that will compare the habilitation and rehabilitation services available to developmentally disabled persons through the Department of Rehabilitation with those available to mentally ill persons, the funds made available for each group for habilitation, and recommend an approach that will facilitate the development of community vocational treatment systems, coordinate the utilization of state and federal resources, and encourage counties to maximize the utilization of federal funds through the contract mechanism authorized in Section 5653.

5693. Programs that constitute the community vocational treatment system are of the following types:

(a) Prevocational programs which may be, but are not limited to, components of day treatment programs, socialization and activity centers, board-and-care facilities, and skilled nursing-special treatment programs. Prevocational programs may use individual and group therapies, educational groups, volunteer service programs, and other modalities to prepare individuals for participation in a vocational program and eventual employment.

(b) Vocational programs providing linkage and coordination for the system and which provide the following:

(1) Information, outreach, and referral services which provide ongoing liaison with prevocational programs, ongoing evaluation and referral of clients in long-term supportive employment programs, self-help groups, and mental health professionals in private practice.

(2) Intake and evaluation services which may use vocational testing and analysis of work history to identify vocational strengths, weaknesses, and needs. The evaluation findings shall be used by the client and the program to negotiate the goals and objectives of an individual vocational plan.

(3) Work experience programs which consist of time-limited work opportunities that enable participants to develop work skills and establish a work history. These programs may include vocational agency-operated businesses, work placements in the community, or

other activities that provide a realistic work environment.

(4) Individual and group counseling services which are separated from the work experience component; individual counseling to assist clients in resolving problems related to the work situation, to update and renegotiate the individual vocational plan, and to assist clients with nonwork-related problems that affect their participation in the program; group counseling to address Social Security Administration rules and regulations, the effects of medication on work performance, the relationship between work and mental health, attributes and attitudes necessary for successful employment, job-seeking skills, and other related topics.

(5) Job development, placement, and referral services which assist clients in the following areas: obtaining competitive employment; admission to job training or education programs; referral to the Department of Rehabilitation; long-term supportive employment programs; vocational agency-operated competitive employment programs; governmental and private sector affirmative action hiring programs for the disabled; or other specialized employment programs. If employment, training, or education programs are not suitable for a client, the client will be actively referred back to a prevocational program or other mental health program that best meets his or her current needs.

(6) Support services which may include peer support groups and job clubs to assist clients in obtaining and maintaining employment; ongoing client counseling and placement followup; employer training, consultation, and placement followup services; and consultation services to prevocational programs.

(c) Employment programs established concurrently with, or after, vocational programs which are alternatives to competitive employment and which include both of the following:

(1) Long-term supportive employment programs that are coordinated with the client's SSI/SSP benefits to assure continued eligibility. Clients participating in this type of program should be reevaluated at intervals, not to exceed three months, to determine if the program continues to meet their needs or if referral to another vocational program is indicated. This type of program shall strive toward economic self-sufficiency, and, as a minimum goal, provide 50 percent of their total operating costs from program-generated revenue within a three-year period.

(2) Client-operated alternative employment programs that are managed and controlled by clients and that primarily employ clients and former clients.

5694. The following principles should guide development of community vocational treatment systems:

(a) Work:

(1) Work should be meaningful, necessary, and have value to the individual performing it.

(2) Clear distinctions should be maintained between vocational programs and other types of programs, including, but not limited to,

socialization and recreation programs.

(3) For individuals participating in programs classified as employment or vocational, every effort should be made to pay them the minimum wage. However, as a minimum goal they should not be paid less than 50 percent of the minimum wage, and wages shall be paid in compliance with all state and federal labor laws.

(4) That work will result in the development of attributes that will enhance further employability.

(b) Staff:

(1) Staffing patterns at all levels should reflect the cultural, linguistic, ethnic, racial, disability, sexual, and other social characteristics of the community the program serves.

(2) All participating programs should take affirmative action to encourage the application and employment of consumers and former consumers of the mental health system at all program levels.

(3) Programs should be designed to use multidisciplinary professional consultation and staff to meet the specific diagnostic and treatment needs of clients.

(4) When operating a business enterprise, programs should employ individuals with the business, management, supervisorial, trade, and occupational skills necessary for successful operation.

(5) Programs should, where appropriate, employ paraprofessionals.

(6) Programs should develop and implement staff training and development plans for personnel at all levels.

(c) Facilities:

(1) The individual elements of the system should, where possible, be in separate facilities.

(2) Facilities housing vocational and employment programs should be modeled on competitive businesses operating in the community.

(3) Facilities shall be in compliance with all state and federal safety, health, and accessibility regulations.

(d) System:

(1) Counties developing a community vocational treatment system should utilize existing program resources to develop prevocational programs and a referral base for vocational programs.

(2) Individual programs operate most effectively within the context of a complete system. Counties undertaking development of a community vocational treatment system should commit themselves to the implementation of regionally integrated prevocational, vocational, and employment programs within a three-year period.

(3) Rural counties, where appropriate, should be encouraged to develop intercounty systems, or to integrate their programs with programs serving other target populations.

(4) The system should have the capacity to deliver services tailored to individual needs. If a program is found to be unsuitable for a client at a specific time, an explanation will be provided to the

client and he or she shall be referred to a more suitable program and encouraged to reapply. The system should have policies designed to meet changing client needs and to work with individuals over time to develop their vocational potential.

5695. Counties undertaking development of a community vocational treatment system are encouraged to establish an advisory group consisting of primary consumers, parents, representatives from the business community, and other individuals who may provide assistance in developing the system.

5696. The director shall provide technical assistance to those counties developing a community vocational treatment system. In the event that the department lacks sufficient resources to provide technical assistance, it may be provided by contract.

SEC. 10. Chapter 2.8 (commencing with Section 5697) is added to Part 2 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 2.8. POLICY INITIATIVES FOR SERIOUSLY EMOTIONALLY DISTURBED CHILDREN

Article 1. Coordination of Children's Services

5697. As used in this article, "seriously emotionally disturbed child or adolescent" means a child or adolescent with a mental disorder identified in the current edition of the Diagnostic and Statistical Manual of Mental Disorders resulting in behavior which is inappropriate to the child's age according to expected developmental norms. This abnormal behavior is persistent, the behavioral symptomology is both severe and frequent, the behavior causes suffering, social restriction, interference with development, and has a negative effect on others to the detriment of the child's development in needed relationships. When applied to the educational needs of seriously emotionally disturbed children or adolescents, applicable federal laws and regulations defining those children or adolescents shall apply.

5697.5. When the director of mental health in a county is notified pursuant to the provisions of Section 319.1 or 635.1 of this code or Section 7572.5 of the Government Code about a specific case, the mental health director shall assign the responsibility either directly or through contract with a private provider, to review the information and assess whether or not the child is seriously emotionally disturbed as well as to determine the level of involvement in the case needed to assure access to appropriate mental health treatment services and whether appropriate treatment is available through the minor's own resources, those of the family or another private party, or through another agency, and to ensure access to services available within the county's program. This determination shall be submitted in writing to the notifying agency within 30 days. If appropriate treatment is not available within the county's program, nothing in this section shall prevent the

court from ordering treatment directly or through a family's private resources.

Article 2. Programs to Reduce the Incidence of Youth Suicide

5698. The department shall develop a five-year youth suicide prevention program to develop all of the following:

(a) Research and data collection on youth suicide.

(b) Public education material production and distribution in conjunction with other public agencies and the private sector throughout the state.

(c) Training programs involving students, parents, teachers, school administrators, mental health professionals, local social service agencies, juvenile justice representatives, and others concerned with the problem of youth suicide.

(d) A final evaluation and report to the Governor and Legislature no later than July 1, 1991.

SEC. 10.5. Section 5704.7 is added to the Welfare and Institutions Code, to read:

5704.7. The State Department of Mental Health and the State Department of Health Services shall implement a cost study, to be completed by January 31, 1987, to determine the actual cost, per reimbursable service function, of Short-Doyle mental health services provided to children, adolescents, and their families. These costs shall be the basis for the calculation and establishment of distinct rates or reimbursement for services provided to children, adolescents, and their families under the Short-Doyle/Medi-Cal Program effective July 1, 1987. The State Department of Health Services shall make the necessary amendments to the State Medicaid Plan and to regulations pertaining to reimbursement for Short-Doyle mental health services provided to Medi-Cal beneficiaries.

SEC. 11. Section 5705.4 is added to the Welfare and Institutions Code, to read:

5705.4. For the 1985–86 and 1986–87 fiscal years, the cost requirement for local financial participation pursuant to Section 5705, including administrative costs, shall be waived for supplemental rates of payment for residential care facilities for the mentally disordered pursuant to Section 4076.

SEC. 12. Chapter 3.1 (commencing with Section 5725) is added to Part 2 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 3.1. TARGETED SUPPLEMENT FUND

5725. The Legislature finds that a number of particular critical problems within the current public mental health system throughout the state require an immediate commitment for local assistance to provide counties with the opportunity to address these problems. Further, the Legislature finds that providing this assistance will encourage innovation in the development of the state-county

partnership through the initiation of information and evaluation systems designed to measure the outcome and impact of specific interventions addressing these problems.

5726. There is hereby created in the State Treasury the Target Supplement Fund. This fund is created for the department to support the development of resources and systems in solving the locally identified problems in serving the priority populations identified in Section 5651.1 and for the purposes projected under Section 5727 and to measure the outcome and impact resulting from the implementation of this article.

The Target Supplement Fund shall be funded from any appropriations made for these purposes.

5727. The director shall approve, subject to available funds, county plans for utilization of its allocation under this chapter if, in the director's judgment, the county has complied with all of the following:

(a) The plan will utilize funds for any of the purposes established annually in the Budget Act relative to the priority populations enumerated in Section 5651.1. During the 1986–87 fiscal year, the fund shall be used for the following purposes:

(1) To reduce and eliminate the incidence of seriously mentally disordered persons being inappropriately placed in the criminal justice system rather than receiving needed mental health treatment.

(2) To reduce the waiting lists and management problems in local jails for seriously mentally disordered inmates who require secure mental health treatment settings.

(3) To reduce the incidence of sex offenses among children and adolescents in the state.

(4) To increase utilization of mental health treatment services among elderly and veterans.

(b) The county will otherwise maintain its Short-Doyle program and not shift the subvention of services to this revenue source.

(c) The county has demonstrated evidence of the local priorities to be addressed and has provided detailed information which assures specific methods will be utilized to measure on both a quantative and qualitative basis the outcome and impact of the activities to be supported from this fund.

(d) The county has demonstrated joint planning with other public agencies involved in serving the same populations.

5728. At least annually, the director shall offer counties the opportunity to apply for unallocated or unexpended funds under this chapter.

5729. Section 5704.6 does not apply for the purposes of this chapter, except that the director may allow a county to fund children's services under this chapter if the county has a plan approved by the director pursuant to Section 5578.5.

SEC. 13. Section 5755 of the Welfare and Institutions Code is amended to read:

5755. Each year, the State Department of Mental Health shall adopt and submit to the Legislature a state plan for community mental health services which shall include, but is not limited to, program needs of the priority populations identified in Section 5651.1. The director shall consult with the California Conference of Local Mental Health Directors and the Citizens Advisory Council in developing the state plan. The plan shall include proposals for developing needed programs and shall be updated and amended as necessary.

SEC. 14. Section 5769 is added to the Welfare and Institutions Code, to read:

5769. The department shall review the licensing, benefits, and reimbursement policies of the Medi-Cal program and make recommendations as necessary to the Director of Health Services, the Secretary of the Health and Welfare Agency, the Governor, and the Legislature to assure that these state policies are consistent with the following goals:

(a) Voluntary placement for the provision of mental health treatment services shall be encouraged at all times.

(b) Counties shall be allowed maximum flexibility to respond to community needs for the provision of involuntary mental health treatment.

The director shall consult with the Conference of Local Mental Health Directors and the Citizens Advisory Council in fulfilling this responsibility.

SEC. 14.5. Section 5770.5 is added to the Welfare and Institutions Code, to read:

5770.5. The department shall encourage county mental health programs to develop and support local programs designed to provide technical assistance to self-help groups for the purposes of maintaining existing groups, as well as to stimulate development of new self-help groups from locally defined needs.

SEC. 15. Chapter 4.1 (commencing with Section 5775) is added to Part 2 of Division 5 of the Welfare and Institutions Code, to read:

CHAPTER 4.1. RESEARCH

5775. It is the intent of the Legislature that the department provide leadership in the establishment and funding of mental health research projects. The projects shall lead to better understanding of the mental health needs of treatment alternatives necessary to meet those needs of the citizens of this state.

5776. The director shall appoint a Mental Health Research Advisory Committee. This committee shall consult with program administrators, providers, consumers, families, and research scientists. This committee shall advise and assist the director in establishing research priorities and in other research related activities as appropriate.

5777. Research performed pursuant to this chapter shall have as

a priority serious psychiatric disorders which are the responsibility of the department. Research shall be conducted in, or in collaboration with, state or local mental health program facilities that serve public needs. In order to preserve continuity, research programs may be funded for up to five years depending upon the nature of the project and availability of funds.

5778. In order to improve the quality of mental health care in this state, a portion of the funding for research pursuant to this chapter shall be used to provide technical advice, consultation, and education on diagnosis and treatment within the public mental health system upon request of a county.

SEC. 16. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 17. Compliance with the requirements resulting from this act shall be subject to appropriation through the Budget Act.

SEC. 18. Funds from one-time savings in Item 4440-101-001 of the Budget Act of 1985 are hereby reappropriated to the Director of Mental Health to implement additional 24-hour care beds on a half-year basis pursuant to this section to reduce the incidence of seriously mentally disordered persons from being inappropriately placed in the criminal justice system rather than receiving needed mental health treatment. The Director of Mental Health shall provide a 30-day written notice to the Joint Legislative Budget Committee prior to approving the use of these savings for the purposes of this section.

The services provided pursuant to this section shall be funded on an ongoing basis from any appropriations made available for these purposes.

SEC. 19. Sections 3, 4, 4.5, 5, 6, and 11 shall not become operative if Senate Bill 155 of the 1985–86 Regular Session of the Legislature is chaptered and becomes operative on or before January 1, 1986. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the criteria and program descriptions for the distribution of the twenty million dollars ($20,000,000) appropriated by Item 4440-101-001 of the Budget Act of 1985 for programs for the chronically mentally ill homeless in a timely manner, it is necessary that this act take effect immediately.

CHAPTER 1287

An act to add and repeal Sections 15953 and 65081.5 of the Government Code, relating to transit.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The transportation needs of the elderly and handicapped are often not being met by the existing transportation systems and, in many rural areas of the state, there exist no public transportation systems at all.

(b) In both rural and urban areas of California, existing public transit systems have difficulty meeting the special needs of the elderly and handicapped.

(c) Often, specialized transportation (paratransit) is the only means of transportation available to the elderly and handicapped. These specialized transportation services provide needed rides for medical purposes, shopping, employment, to nutrition sites, to adult day health centers, and to social day centers.

(d) Transportation services are also necessary as support for other programs operated for the transportation handicapped, such as regional centers, senior centers, senior legal services, multipurpose senior services projects, stroke rehabilitation centers, and in-home supportive service programs.

(e) The ability of elderly and handicapped persons to remain in their home and community environment is directly related to their ability to gain access to these necessary services and programs. It is also in the best interests of the state, for social, health, and economic reasons, to minimize the number of elderly and handicapped persons who may require institutionalization.

(f) The Legislature enacted the Social Service Transportation Improvement Act (Part 13 (commencing with Section 15950) of Division 3 of Title 2 of the Government Code) to improve transportation services required by social service recipients by promoting the consolidation and better coordination of these services. In so doing, the Legislature intended that each transportation planning agency and county transportation commission designate a consolidated transportation service agency for the purpose of implementing the goals of the act. Many of the transportation planning agencies and county transportation commissions have not complied with that act, and in other counties a consolidated transportation service agency has been designated but is nonfunctioning. Thus, the goals of the Legislature have not yet been completely achieved.

(g) It is therefore the intent of this act to better identify the transportation needs of elderly and handicapped persons residing in rural areas and to provide an incentive to transportation planning agencies and county transportation commissions to fully implement the goals established by the Social Service Transportation Improvement Act.

SEC. 2. Section 15953 is added to the Government Code, to read:

15953. The Department of Transportation, with the assistance of the California Association for Coordinated Transportation, shall develop an action plan that will have as its major focus the continuing implementation of this part. The plan developed by the department shall stress coordination with existing agencies and associations involved in promoting coordinated and consolidated specialized transportation. The department shall fund its activities pursuant to this section with existing resources.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 3. Section 65081.5 is added to the Government Code, to read:

65081.5. (a) The regional transportation plan prepared pursuant to Section 65081 shall include in the biannual update, beginning January 1, 1986, a section that specifically focuses on the transportation needs of elderly and handicapped persons who reside in rural areas.

(b) "Rural area" means all parts of the state other than those defined as urbanized areas in Section 99217 of the Public Utilities Code.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 4. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 1288

An act to amend Sections 5113, 5152, 5154, 5170.7, 5172, 5173, 5257, 5259.3, 5264, 5267, 5306, and 5309 of the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 5113 of the Welfare and Institutions Code is amended to read:

5113. Except as provided in Sections 5154, 5173, 5259.3, 5267, and 5306, the facility providing treatment pursuant to Article 1 (commencing with Section 5150), Article 1.5 (commencing with Section 5170), Article 4 (commencing with Section 5250), Article 4.5 (commencing with Section 5260) or Article 6 (commencing with Section 5300), the superintendent of the facility, the professional person in charge of the facility and his or her designee, or the peace officer responsible for the detainment of the person shall not be civilly or criminally liable for any action by a person released at or before the end of the period for which he or she was admitted pursuant to the provisions of the appropriate article.

SEC. 2. Section 5152 of the Welfare and Institutions Code is amended to read:

5152. Persons who have been certified for 14 days of intensive treatment under this article and to whom Section 5226.1 is not applicable, or with respect to whom the criminal charge has been dismissed under Section 5226.1, shall be released at the end of the 14 days unless any of the following applies:

(a) Nothing in this article shall prohibit the superintendent or professional person in charge of the hospital in which the person is being involuntarily treated from releasing him or her from treatment prior to the expiration of the commitment period when, the psychiatrist directly responsible for the person's treatment believes, as a result of his or her personal observations, that the person being involuntarily treated no longer constitutes a demonstrated danger of substantial physical harm to others. If any other professional person who is authorized to release the person, believes the person should be released prior to the expiration of the commitment period, and the psychiatrist directly responsible for the person's treatment objects, the matter shall be referred to the medical director of the facility for the final decision. However, if the medical director is not a psychiatrist, he or she shall appoint a designee who is a psychiatrist. If the matter is referred, the person shall be released prior to the expiration of the commitment period only if the psychiatrist making the final decision believes, as a result of his or her personal observations, that the person being involuntarily treated no longer constitutes a demonstrated danger of substantial physical harm to others.

This hearing shall be held within five judicial days of the actual notice required by this subdivision.

CHAPTER 1289

An act to amend Sections 4762, 40501, 41103, and 42007 of, and to add Section 42201.6 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 4762 of the Vehicle Code is amended to read:

4762. The department shall remit all bail collected, after deducting the administrative fee authorized by Section 4763, for each notice of violation for which bail has been collected pursuant to Section 4760, to each jurisdiction in the amounts due to each jurisdiction according to its unadjudicated notices of violation. Within 45 days from the time bail is recorded by the department, the department shall inform each jurisdiction of which of its notices have been discharged by deposit of the appropriate amounts of bail.

SEC. 2. Section 40501 of the Vehicle Code is amended to read:

40501. The time specified in the notice to appear shall be a specific date which is at least 21 days after the arrest, except that the court having jurisdiction over the offense charged may authorize the arresting officer to specify on the notice that an appearance may be made before the time specified.

SEC. 3. Section 41103 of the Vehicle Code is amended to read:

41103. (a) The method of giving notice for purposes of Section 41102 is as follows:

(1) During the time of the violation, a notice of violation shall be securely attached to the vehicle setting forth the violation, including reference to the section of this code or of the local ordinance or federal statute or regulation violated, the approximate time of violation, the location where the violation occurred, and the license number and expiration date, the color of the vehicle, and, if possible, the year, make, and model of the vehicle. The notice shall specify a time and place for appearance by the registered owner or the lessee or renter in answer to the notice.

(2) The notice shall be attached to the vehicle so as to be easily observed by the person in charge of the vehicle upon the person's return.

Upon request, by mail or in person, the agency issuing or adjudicating the notice of violation or the court shall provide the person charged or his or her agent a copy of the original notice of violation within 15 days of the request for a fee sufficient to recover the actual cost of providing this service, not to exceed one dollar ($1). A failure to comply with this request shall result in a dismissal of the charge. If the description of the vehicle on the notice of violation does not match the corresponding information on the registration card for that vehicle, the court or agency may, on written request of the person charged, dismiss the charge without the necessity of an appearance by that person.

(b) Before any notice of noncompliance may be forwarded to the department under Section 41103.5 or any warrant for the arrest of a

resident of this state may be issued following the filing of a complaint charging a violation involving the standing or parking of a vehicle, a notice of the parking violation shall be given to the person charged. The notice of parking violation shall contain the information required by subdivision (a) and by Section 40309.5, and shall also inform the registered owner or the lessee or renter that, unless he or she sends the amount of the original bail by mail to, or pays it in person to, the person authorized to receive deposits of bail, or appears in the court designated in the notice within 30 days after service of the notice and answers the charge, or completes and files an affidavit of nonownership, the renewal of the vehicle registration is contingent upon compliance with the notice of a parking violation and that, failing compliance, a warrant or citation to appear may be issued against him or her.

The notice of parking violation shall contain or be accompanied by an unexecuted affidavit of nonownership. In addition to any other required information, the notice shall also provide information as to what constitutes nonownership, information as to the effect of executing that affidavit, and instructions for mailing or returning the affidavit to the court. Upon receipt of evidence satisfactory to the court that the person charged with violating Section 41102 has made a bona fide sale or transfer of the vehicle and has delivered possession of it to the purchaser prior to the date of the alleged violation, the court shall obtain verification from the department that the person charged has complied with the requirements of subdivision (a) or (b) of Section 5602, and, if so, the charges against the person under Section 41102 shall be dismissed. Upon return of the notice to the court with any indication that the notice has not been delivered to the person charged, the court shall, before issuing any warrant of arrest for a resident of this state, inquire of the department as to whether or not the person charged has complied with the requirements of subdivision (a) or (b) of Section 5602, and, if so, the charges against the person under Section 41102 and the charges against the person under any provision of this code governing the standing or parking of a vehicle, any federal statute or regulation, or any ordinance enacted by local authorities, shall be dismissed.

The notice of parking violation shall be given, either by personal delivery to the owner, lessee, or renter, or by mail, postage prepaid, addressed to the owner, lessee, or renter at the address as shown by the records of the department or the leasing or renting agency. The giving of notice by personal delivery is complete upon delivery of a copy of the notice to that person. The giving of notice by mail is complete upon the expiration of 10 days after the mailing of the notice.

Proof of giving the notice may be made by the certificate of any traffic or police officer or affidavit of any person over 18 years of age naming the person to whom the notice was given and specifying the time, place, and manner of the giving.

(c) Before any warrant for the arrest of a nonresident of this state

may be issued following the filing of a complaint charging a violation involving the standing or parking of a vehicle, a notice of parking violation shall be given to the person charged. The notice shall contain the information required by subdivision (a) and shall also inform the registered owner or the lessee or renter that, unless he or she appears in the court designated in the notice within 30 days after service of the notice and answers the charge, or completes and files an affidavit of nonownership, a warrant will be issued against him or her.

SEC. 4. Section 42007 of the Vehicle Code is amended to read:

42007. (a) Upon the order of a majority of the judges or the sole judge of a superior, municipal or justice court, the clerk of the court shall collect a uniform fee from every person ordered or permitted to attend a school pursuant to Section 42005 or attending any other court-supervised program of driving instruction. The fee shall be commensurate with the cost incurred by the court in carrying out Section 42005 or in supervising any other similar program, but may not exceed twelve dollars ($12), including any penalty assessment, per person. The fee may not include the cost, or any part thereof, of instruction offered by the school or other program.

(b) Revenues derived from the fee collected under subdivision (a) shall be deposited by the clerk in accordance with Section 68084 of the Government Code. The county board of supervisors may use these funds for any county purpose.

(c) No fee other than that authorized by subdivision (a) may be imposed by the court on any person ordered or permitted to attend a school or program under subdivision (a).

(d) As used in this section, "court-supervised program" includes, but is not limited to, any program of driving instruction the successful completion of which is accepted by the court in lieu of adjudicating a violation of this code.

SEC. 5. Section 42201.6 is added to the Vehicle Code, to read:

42201.6. (a) A deposit of bail received with respect to an infraction violation of any provision of this code, including, but not limited to, a violation involving the standing or parking of a vehicle shall be refunded by the agency which issued the notice of violation or the court within 30 days of a dismissal or a finding of not guilty of the offense charged.

(b) Multiple or duplicate deposits of bail shall be identified by the court or agency and refunded within 30 days of identification.

SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 7. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by

that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1290

An act to amend Sections 31751 and 32000 of, to add Section 30503 to, and to repeal Section 31750 of, the Food and Agricultural Code, relating to animals.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 30503 is added to the Food and Agricultural Code, to read:

30503. (a) No public pound, society for the prevention of cruelty to animals shelter, or humane shelter shall sell or give away any dog that has not been spayed or neutered, unless a deposit for spaying or neutering the dog has been tendered to the pound or shelter. The deposit shall be in the amount determined by the pound or shelter to be comparable to the lowest fee charged by veterinarians in the locale, but shall not exceed forty dollars ($40). A veterinarian shall perform the operation. If a female dog and her puppies are sold or given away to one individual, only a single deposit shall be required. The pound or shelter may make appropriate arrangements for the spaying or neutering of the dog, or may return the deposit to the person purchasing or receiving the dog upon presentation of a written statement or receipt from the veterinarian or clinic that the dog has been spayed or neutered. The deposit may also include an amount necessary to recover any additional costs under this section.

(b) Any dog over six months of age at the time it is sold or given away by the pound or shelter shall be spayed or neutered within 60 days, or the deposit shall be deemed unclaimed. Any dog six months of age or younger at the time it is sold or given away by the pound or shelter shall be spayed or neutered within six months, or the deposit shall be deemed unclaimed.

(c) Any deposit not claimed under subdivision (a) shall be used only for the following purposes:

(1) A public education program to prevent overpopulation of dogs and cats.

(2) A program to spay or neuter dogs and cats.

(3) A followup program to assure that animals sold or given away by the pound or shelter are spayed or neutered.

(4) Any additional costs incurred under this section.

(d) Public pounds, society for the prevention of cruelty to animals shelters, and humane shelters may enter into cooperative agreements with each other and with veterinarians in carrying out

this section.

SEC. 2. Section 31750 of the Food and Agricultural Code is repealed.

SEC. 3. Section 31751 of the Food and Agricultural Code is amended to read:

31751. (a) No public pound, society for the prevention of cruelty to animals shelter, or humane shelter shall sell or give away any cat that has not been spayed or neutered, unless a deposit for spaying or neutering the cat has been tendered to the pound or shelter. The deposit shall be in the amount determined by the pound or shelter to be comparable to the lowest fee charged by veterinarians in the locale, but shall not exceed thirty dollars ($30). A veterinarian shall perform the operation. If a female cat and her kittens are sold or given away to one individual, only a single deposit shall be required. The pound or shelter may make appropriate arrangements for the spaying or neutering of the cat, or may return the deposit to the person purchasing or receiving the cat upon presentation of a written statement or receipt from the veterinarian or clinic that the cat has been spayed or neutered. The deposit may also include the amount necessary to recover any additional costs under this section.

(b) All cats over six months of age at the time they are sold or given away by the pound or shelter shall be spayed or neutered within 60 days, or the deposit shall be deemed unclaimed. All cats six months of age or younger at the time they are sold or given away by the pound or shelter shall be spayed or neutered within six months, or the deposit shall be deemed unclaimed.

(c) Any deposits not claimed under subdivision (a) shall be used only for the following purposes:

(1) A public education program to prevent overpopulation of cats and dogs.

(2) A program to spay or neuter cats and dogs.

(3) A followup program to assure that animals sold or given away by the pound or shelter are spayed or neutered.

(4) Any additional costs incurred under this section.

(d) Public pounds, society for the prevention of cruelty to animals shelters, and humane shelters may enter into cooperative agreements with each other and with veterinarians in carrying out this section.

SEC. 4. Section 32000 of the Food and Agricultural Code is amended to read:

32000. The selling or giving away of any animal to any facility subject to the provision of Public Law 89, Chapter 544, of the 89th Congress, Second Session (7 U.S.C. Sec. 2131 et seq.) shall be conditioned upon compliance by the facility with the provisions of that law, and that selling or giving away shall be exempt from Sections 30503 and 31751.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs

in this act which, in the aggregate, do not result in additional net costs, and other costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1291

An act to amend Section 1950.5 of the Civil Code, relating to landlord and tenant.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1950.5 of the Civil Code is amended to read:

1950.5. (a) The provisions of this section shall apply to security for a rental agreement for residential property, that is, property used as the dwelling of the tenant.

(b) As used in this section, "security" means any payment, fee, deposit or charge, including, but not limited to, an advance payment of rent, used or to be used for any purpose, including, but not limited to, any of the following:

(1) The compensation of a landlord for a tenant's default in the payment of rent.

(2) The repair of damages to the premises caused by the tenant.

(3) The cleaning of the premises upon termination of the tenancy.

(c) A landlord may not demand or receive security, however denominated, in an amount or value in excess of an amount equal to two months' rent, in the case of unfurnished residential property, and an amount equal to three months' rent in the case of furnished residential property, in addition to any rent for the first month paid on or before initial occupancy. This subdivision does not prohibit an advance payment of not less than six months' rent where the term of the lease is six months or longer.

This subdivision does not preclude a landlord and a tenant from entering into a mutual agreement for the landlord, at the request of the tenant and for a specified fee or charge, to make structural, decorative, furnishing, or other similar alterations, other than that cleaning or repairing for which the landlord may charge the previous tenant as provided by subdivision (e).

(d) Any security shall be held by the landlord for the tenant who is party to such lease or agreement. The claim of a tenant to the security shall be prior to the claim of any creditor of the landlord.

(e) The landlord may claim of the security only those amounts as are reasonably necessary to remedy tenant defaults in the payment

of rent, to repair damages to the premises caused by the tenant, exclusive of ordinary wear and tear, or to clean the premises, if necessary, upon termination of the tenancy. No later than two weeks after the tenant has vacated the premises, the landlord shall furnish the tenant with an itemized written statement of the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of the security to the tenant.

(f) Upon termination of the landlord's interest in the dwelling unit in question, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or the landlord's agent shall, within a reasonable time, do one of the following acts, either of which shall relieve the landlord of further liability with respect to the security held:

(1) Transfer the portion of the security remaining after any lawful deductions made under subdivision (e) to the landlord's successor in interest, and thereafter notify the tenant by personal delivery or certified mail of the transfer, of any claims made against the security, of the amount of the security deposited, and of the names of the successors in interest, their address, and their telephone number. If the notice to the tenant is made by personal delivery, the tenant shall acknowledge receipt of the notice and sign his or her name on the landlord's copy of the notice.

(2) Return the portion of the security remaining after any lawful deductions made under subdivision (e) to the tenant, together with an accounting as provided in subdivision (e).

(g) Prior to the voluntary transfer of a landlord's interest in a dwelling unit the landlord shall deliver to the landlord's successor in interest a statement indicating the following:

(1) The security remaining after any lawful deductions are made.

(2) His or her election under paragraph (1) or (2) of subdivision (f).

Nothing in this subdivision shall affect the validity of title to the real property transferred in violation of the provisions of this subdivision.

(h) In the event of noncompliance with subdivision (f), the landlord's successors in interest shall be jointly and severally liable with the landlord for repayment of the security, or that portion thereof to which the tenant is entitled, when and as provided in subdivisions (e) and (f). A successor in interest of a landlord may not require the tenant to post any security to replace that amount not transferred to the tenant or successors in interest as provided in subdivision (f), unless and until the successor in interest first makes restitution of the initial security as provided in paragraph (2) of subdivision (f) or provides the tenant with an accounting as provided in subdivision (e).

Nothing in this subdivision shall preclude a successor in interest from recovering from the tenant compensatory damages that are in excess of the security received from the landlord previously paid by

the tenant to the landlord.

(i) Notwithstanding subdivision (h), if upon inquiry and reasonable investigation, a landlord's successor in interest has a good faith belief that the lawfully remaining security deposit is transferred to him or her or returned to the tenant pursuant to subdivision (f), he or she shall not be liable for damages as provided in subdivision (k), or any security not transferred pursuant to subdivision (f).

(j) Upon receipt of any portion of the security under paragraph (1) of subdivision (f), the landlord's successors in interest shall have all of the rights and obligations of a landlord holding such security with respect to the security.

(k) The bad faith claim or retention by a landlord or the landlord's successors in interest of the security or any portion thereof, in violation of this section or the bad faith demand of replacement security in violation of subdivision (h), may subject the landlord or the landlord's successors in interest to damages not to exceed two hundred dollars ($200), in addition to any actual damages. In any action under this section, the landlord or the landlord's successors in interest shall have the burden of proof as to the reasonableness of the amounts claimed or the authority pursuant to this section to demand additional security deposits.

(*l*) No lease or rental agreement shall contain any provision characterizing any security as "nonrefundable."

(m) Any action under this section may be maintained in small claims court if the damages claimed, whether actual or punitive or both, are within the jurisdictional amount allowed by Section 116.2 of the Code of Civil Procedure.

(n) Proof of the existence of and the amount of a security deposit may be established by any credible evidence, including, but not limited to, a canceled check, a receipt, a lease indicating the requirement of a deposit as well as the amount, prior consistent statements or actions of the landlord or tenant, or a statement under penalty of perjury which satisfies the credibility requirements set forth in Section 780 of the Evidence Code.

(o) To the extent that this section is a recodification of the provisions of Chapter 1317 of the Statutes of 1970, as amended by Chapter 618 of the Statutes of 1972, this section became operative on January 1, 1971, and shall apply only to payments or deposits made on or after that date.

The amendments made to the law, as effective on January 1, 1977, by the enactment of this section in the 1977–78 Legislative Session, exclusive of subdivision (e), shall be applicable to all tenancies, leases, or rental agreements for residential property created or renewed on or after January 1, 1978.

Subdivision (e) of this section shall be applicable to all tenancies, leases, or rental agreements for residential property terminated on or after January 1, 1978.

SEC. 2. Section 1950.5 of the Civil Code is amended to read:

1950.5. (a) The provisions of this section shall apply to security

for a rental agreement for residential property, that is, property used as the dwelling of the tenant.

(b) As used in this section, "security" means any payment, fee, deposit or charge, including, but not limited to, an advance payment of rent, used or to be used for any purpose, including, but not limited to, any of the following:

(1) The compensation of a landlord for a tenant's default in the payment of rent.

(2) The repair of damages to the premises caused by the tenant or by a guest or licensee of the tenant.

(3) The cleaning of the premises upon termination of the tenancy.

(c) A landlord may not demand or receive security, however denominated, in an amount or value in excess of an amount equal to two months' rent, in the case of unfurnished residential property, and an amount equal to three months' rent in the case of furnished residential property, in addition to any rent for the first month paid on or before initial occupancy. This subdivision does not prohibit an advance payment of not less than six months' rent where the term of the lease is six months or longer.

This subdivision does not preclude a landlord and a tenant from entering into a mutual agreement for the landlord, at the request of the tenant and for a specified fee or charge, to make structural, decorative, furnishing, or other similar alterations, if the alterations are other than cleaning or repairing for which the landlord may charge the previous tenant as provided by subdivision (e).

(d) Any security shall be held by the landlord for the tenant who is party to the lease or agreement. The claim of a tenant to the security shall be prior to the claim of any creditor of the landlord.

(e) The landlord may claim of the security only those amounts as are reasonably necessary to remedy tenant defaults in the payment of rent, to repair damages to the premises caused by the tenant, exclusive of ordinary wear and tear, or to clean the premises, if necessary, upon termination of the tenancy. The landlord may not assert a claim against the tenant or the security for damages to the premises or any defective conditions that preexisted the tenancy, for ordinary wear and tear or the effects thereof, whether the wear and tear preexisted the tenancy or occurred during the tenancy, or for the cumulative effects of ordinary wear and tear occurring during any one or more tenancies.

(f) No later than two weeks after the tenant has vacated the premises, the landlord shall furnish the tenant with an itemized written statement of the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of the security to the tenant.

(g) Upon termination of the landlord's interest in the dwelling unit in question, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or the landlord's agent shall, within a reasonable time, do one of the following acts, either of which shall relieve the landlord of further liability with respect to the

security held:

(1) Transfer the portion of the security remaining after any lawful deductions made under subdivision (e) to the landlord's successor in interest, and thereafter notify the tenant by personal delivery or certified mail of the transfer, of any claims made against the security, of the amount of the security deposited, and of the names of the successors in interest, their address, and their telephone number. If the notice to the tenant is made by personal delivery, the tenant shall acknowledge receipt of the notice and sign his or her name on the landlord's copy of the notice.

(2) Return the portion of the security remaining after any lawful deductions made under subdivision (e) to the tenant, together with an accounting as provided in subdivision (f).

(h) Prior to the voluntary transfer of a landlord's interest in a dwelling unit the landlord shall deliver to the landlord's successor in interest a statement indicating the following:

(1) The security remaining after any lawful deductions are made.

(2) His or her election under paragraph (1) or (2) of subdivision (g).

Nothing in this subdivision shall affect the validity of title to the real property transferred in violation of the provisions of this subdivision.

(i) In the event of noncompliance with subdivision (g), the landlord's successors in interest shall be jointly and severally liable with the landlord for repayment of the security, or that portion thereof to which the tenant is entitled, when and as provided in subdivisions (e) and (f). A successor in interest of a landlord may not require the tenant to post any security to replace that amount not transferred to the tenant or successors in interest as provided in subdivision (g), unless and until the successor in interest first makes restitution of the initial security as provided in paragraph (2) of subdivision (g) or provides the tenant with an accounting as provided in subdivision (f).

Nothing in this subdivision shall preclude a successor in interest from recovering from the tenant compensatory damages that are in excess of the security received from the landlord previously paid by the tenant to the landlord.

Notwithstanding the provisions of this subdivision, if upon inquiry and reasonable investigation, a landlord's successor in interest has a good faith belief that the lawfully remaining security deposit is transferred to him or her or returned to the tenant pursuant to subdivision (g), he or she shall not be liable for damages as provided in subdivision (k), or any security not transferred pursuant to subdivision (g).

(j) Upon receipt of any portion of the security under paragraph (1) of subdivision (g), the landlord's successors in interest shall have all of the rights and obligations of a landlord holding the security with respect to the security.

(k) The bad faith claim or retention by a landlord or the landlord's

successors in interest of the security or any portion thereof, in violation of this section or the bad faith demand of replacement security in violation of subdivision (i), may subject the landlord or the landlord's successors in interest to damages not to exceed two hundred dollars ($200), in addition to any actual damages, plus, from and after January 1, 1987, interest on the security, or remaining portion thereof, at the rate of 2 percent per month from the due date until paid. In any action under this section, the landlord or the landlord's successors in interest shall have the burden of proof as to the reasonableness of the amounts claimed or the authority pursuant to this section to demand additional security deposits.

(*l*) No lease or rental agreement shall contain any provision characterizing any security as "nonrefundable."

(m) Any action under this section may be maintained in small claims court if the damages claimed, whether actual or punitive or both, are within the jurisdictional amount allowed by Section 116.2 of the Code of Civil Procedure.

(n) Proof of the existence of and the amount of a security deposit may be established by any credible evidence, including, but not limited to, a canceled check, a receipt, a lease indicating the requirement of a deposit as well as the amount, prior consistent statements or actions of the landlord or tenant, or a statement under penalty of perjury which satisfies the credibility requirements set forth in Section 780 of the Evidence Code.

(o) The amendments to this section made during the 1985 portion of the 1985–86 Regular Session of the Legislature which are set forth in subdivision (e) are declaratory of existing law.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1950.5 of the Civil Code proposed by both this bill and AB 2289. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1986, (2) each bill amends Section 1950.5 of the Civil Code, and (3) this bill is enacted after AB 2289, in which case Section 1 of this bill shall not become operative.

CHAPTER 1292

An act to amend Section 2982.8 of the Civil Code, relating to automobile sales.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 2982.8 of the Civil Code is amended to read:

2982.8. (a) If a buyer is obligated under the terms of the conditional sale contract to maintain insurance on the vehicle and subsequent to the execution of the contract the buyer either fails to

maintain or requests the holder to procure such insurance, any amounts advanced by the holder to procure such insurance may be the subject of finance charges from the date of advance as provided in subdivision (d). Such amounts shall be secured as provided in the contract and permitted by Section 2984.2 if the holder notifies the buyer in writing of his or her option to repay such amounts in any one of the following ways:

(1) Full payment within 10 days from the date of giving or mailing the notice.

(2) Full amortization during the term of the insurance.

(3) If offered by the holder, any other amortization plan.

If the buyer neither pays in full the amounts advanced nor notifies the holder in writing of his or her choice regarding amortization options before the expiration of 10 days from the date of giving or mailing the notice by the holder, the holder shall amortize the amounts advanced on a secured basis pursuant to paragraph (2).

(b) The written notification described in subdivision (a) shall also set forth the amounts advanced by the holder and, with respect to each amortization plan the amount of the additional finance charge, the sum of the amounts advanced and the additional finance charge, the number of installments required, the amount of each installment and the date for payment of the installments.

In addition, the notice shall contain a statement in contrasting red print in at least eight-point bold type, which reads as follows:

"WARNING - IT IS YOUR RESPONSIBILITY UNDER CALIFORNIA LAW TO OBTAIN LIABILITY INSURANCE OR BE SUBJECT TO PENALTIES FOR VIOLATING SECTION 16020 OF THE VEHICLE CODE, WHICH MAY INCLUDE LOSS OF LICENSE OR A FINE. THE INSURANCE ACQUIRED BY THE LIENHOLDER DOES NOT PROVIDE LIABILITY COVERAGE AND DOES NOT SATISFY YOUR RESPONSIBILITY UNDER CALIFORNIA LAW."

(c) If subsequent to the execution of the contract the holder advances amounts for repairs to or preservation of the motor vehicle or preservation of the holder's security interest therein and such advances are occasioned by the buyer's default under the contract, such advances may be the subject of finance charges from the date of advance as provided in subdivision (d) and shall be secured as provided in the contract and permitted by Section 2984.2.

(d) The maximum rate of finance charge which may be imposed on amounts advanced by the holder subsequent to the execution of the contract for insurance, repairs to or preservation of the motor vehicle, or preservation of the holder's security interest therein, shall not exceed the annual percentage rate disclosed pursuant to Section 2982.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1293

An act to amend Section 14088.1 of, and to repeal Section 14088.8 of, the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 14088.1 of the Welfare and Institutions Code is amended to read:

14088.1. The department or a county which has contracted for the provision of services pursuant to this article may, within geographical areas designated by the department, enter into contracts with primary care providers. The contracts shall be on a capitated rate or risk sharing basis, or a combination of both. The rate of payment for services shall not vary solely according to the category of licensure of the facility in which the services are rendered by providers within each geographical area. The rate of payment established under the contract shall not exceed the total per capita amount which the department estimates would be payable for all services and requirements covered under the contract if all such services and requirements were to be furnished Medi-Cal beneficiaries under the Medi-Cal fee-for-service program except that, for a period of two years after the effective date of Senate Bill 2012, as enacted during the 1981–82 Regular Session, reimbursement may include an additional amount to a primary care provider who enters into a contract for providing case management services.

Prior to entering into any contract for primary care case management under this chapter, the department shall provide public notice of its intent to enter into such a contract. Furthermore, the department shall develop specific criteria for evaluating potential contractors which ensure that all types of primary care providers are given equal consideration in the contractor selection process.

SEC. 2. Section 14088.8 of the Welfare and Institutions Code is repealed.

SEC. 3. This act shall become operative on July 1, 1986.

CHAPTER 1294

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 113 of the Health and Safety Code is amended to read:

113. (a) The fees or charges for the issuance or renewal of any permit, license, or registration pursuant to Sections 436.53, 543, 544, 545, 546, 547, 1616, 1676, 1677, 4042, 4042.2, 4042.3, 11887, 25198.7, 25694, 25696, 25697, 25816, 25817, 26688, 27010, 27011, 28126, 28410, 28411, and 28702 shall be adjusted annually by the percentage change printed in the Budget Act for those items appropriating funds to the department. After the first annual adjustment of fees or charges pursuant to this section, the fees or charges subject to subsequent adjustment shall be the fees or charges for the prior calendar year. The percentage change shall be determined by the Department of Finance, and shall include at least the total percentage change in salaries and operating expenses of the department. However, the total increase in amounts collected under this section shall not exceed the total increased cost of the program or service provided.

(b) The department shall publish annually a list of the actual numerical fee charges for each permit, license, certification, or registration governed by this section. This adjustment of fees and publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 25816 of the Health and Safety Code is amended to read:

25816. (a) The department shall provide by regulation a schedule of the fees which shall be paid by applicants for the licensing of radioactive materials and of devices and equipment utilizing these materials. The revenues derived from the fees shall be used, together with other funds made available therefor, for the purpose of the issuance of licenses and the inspection and regulation of the licensees.

(b) A local agency participating in a negotiated agreement pursuant to Section 25810 shall be fully reimbursed for direct and indirect costs based upon activities governed by Section 25816.1. With respect to these agreements, any salaries, benefits, and other indirect costs shall not exceed comparable costs of the department. Any changes in the frequency of inspections or the level of reimbursement of local agencies made by this section and Section

25816.1 during the 1985–86 Regular Session shall not affect ongoing contracts.

(c) The fees for licenses for radioactive materials and of devices and equipment utilizing those materials shall be adjusted annually pursuant to Section 113.

SEC. 3. Section 25816.1 is added to the Health and Safety Code, to read:

SEC. 4. Section 25817 of the Health and Safety Code is amended to read:

25817. (a) The department shall provide by regulation a ranking of priority for inspection, as determined by the degree of potentially damaging exposure of persons by ionizing radiation, and a schedule of fees, based upon such priority ranking, which shall be paid by persons possessing sources of ionizing radiation which are subject to registration in accordance with subdivision (b) of Section 25815, and regulations adopted pursuant thereto. The revenues derived from the fees shall be used, together with other funds made available therefor, for the purpose of carrying out any inspections of the sources of ionizing radiation required by this chapter or regulations adopted pursuant thereto. The fees shall, together with any other funds made available to the department, be sufficient to cover the costs of administering this chapter, and shall be set in amounts intended to cover the costs of administering this chapter for each priority source of ionizing radiation but, during the 1986–87 fiscal year, shall not exceed eighty-five dollars ($85) annually for each high-priority source of ionizing radiation, sixty-two dollars ($62) annually for each medium-priority source of ionizing radiation, and twenty-eight dollars ($28) annually for each source of ionizing radiation used in dentistry. Revenues generated by the fees shall not offset any general funds appropriated for the support of the radiologic programs authorized pursuant to Chapter 7.4 (commencing with Section 25660) and Chapter 7.6 (commencing with Section 25800) of this division. Persons who pay fees shall not be required to pay, directly or indirectly, for the share of the costs of administering this chapter of those persons for whom fees are waived.

(b) A local agency participating in a negotiated agreement pursuant to Section 25810 shall be fully reimbursed for direct and indirect costs based upon activities governed by Section 25817.1. With respect to these agreements, any salaries, benefits, and other indirect costs shall not exceed comparable costs of the department. Any changes in the frequency of inspections or the level of reimbursement to local agencies made by this section or Section 25817.1 during the 1985–86 Regular Session shall not affect ongoing contracts.

(c) The fees paid by persons possessing sources of ionizing

radiation shall be adjusted annually pursuant to Section 113.

SEC. 5. Section 25817.1 is added to the Health and Safety Code, to read:

25817.1. The average inspection frequency for ionizing radiation machines shall be once every three years for high priority sources of ionizing radiation, and once every four and one-quarter years for medium-priority sources. Sources of ionizing radiation used in dentistry shall be screened for defects by mail or other offsite methodology not less frequently than once every five years, with physical inspection of the 50 percent, determined by the department to be most in need of inspection, to average at least once every six years.

One member of the advisory board shall be a member of the local governing body. Not less than 51 percent of the members of the advisory board shall be persons representative of the public interest in mental health. However not less than one-half of the members representing the public interest shall be persons or the parents, spouse, sibling, or adult children of persons, who have received mental health services from a city or county Short-Doyle program or any of its contract agencies, a state hospital, or any public or private nonprofit mental health agency. If, however, prior to the expiration of such term a member ceases to retain the status which qualified the person for appointment on the board, the membership on the board shall terminate and there shall be a vacancy on the board.

(c) If two or more local agencies jointly establish a community mental health service under Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the advisory board for the community mental health service shall consist of an additional two members for each additional agency, one of whom shall be a member of the governing body or a person who does not qualify as a professional member under this section designated by the governing body and the second of whom shall be a person or a parent, spouse, sibling, or adult child of a person who has received mental health services.

(d) No member of the advisory board or his or her spouse shall be a full-time or part-time county employee of a county mental health service, an employee of the State Department of Mental Health, or an employee of, or a member of the governing body of, a Short-Doyle contract agency.

(e) If it is not possible to secure membership as specified from among persons who reside in the county, the governing body may substitute representatives of the public interest in mental health who are not full-time or part-time employees of the county mental health service, the State Department of Mental Health, or on the staff of, or a member of the governing body of, a Short-Doyle contract agency.

CHAPTER 1297

An act to add Section 585 to, and to add Article 6 (commencing with Section 1821) to Chapter 9 of Part 1 of Division 1 of, the Public Utilities Code, relating to public utilities, and making an appropriation therefor.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The need for comprehensive long-range planning is an accepted principle in many businesses and industries in California,

including public utilities.

(b) Computer models are important planning tools widely used by public utilities in California.

(c) The Public Utilities Commission should have reasonable access to computer programs and models used by public utilities subject to its jurisdiction, to improve the quality and efficiency of its regulation.

(d) The public's ability to protect its interests in the long run are directly affected by the quality of its participation in the long-range planning processes of public utilities, including the process of the creation and use of computer models.

(e) Public utilities have a legitimate need to reasonably assure the security of their computer resources, including confidential and proprietary information and customers of public utilities have a reasonable expectation of privacy concerning customer-specific records maintained by utilities.

(f) This act is declarative of existing law.

SEC. 2. Section 585 is added to the Public Utilities Code, to read:

585. (a) Except as provided in subdivision (d), every public utility and business specified in subdivision (b) shall in any rate proceeding or proceeding establishing a fact or rule that may influence a rate, provide the commission with access to all computer models, as defined in Section 1821, which are used by that public utility or business to substantiate their showing in the proceeding.

(b) The commission shall, by rule or order, with full opportunity for participation by utilities and other affected parties, establish procedures and safeguards governing its access to, and monitoring, verification, and use of, computer models of every public utility and of any business which is a commission regulated subsidiary or affiliate of a public utility with respect to any rate proceeding or proceeding establishing a fact or rule that may influence a rate. The time, place, and manner of commission access shall, to the extent practicable, be the subject of mutual agreement between the commission and the affected utility, and the parties shall make every good faith effort to reach agreement. If an agreement is reached, it shall include, but is not limited to, provisions to reasonably assure the legitimate needs for security of the public utilities' computer resources. These provisions shall provide for the confidentiality of records, the protection of proprietary information, and the protection of the reasonable expectation of customers of public utilities in the privacy of customer-specific records maintained by the utility. If no agreement is reached, any order issued by the commission requiring computer access shall include, but is not limited to, provisions providing for the security of the utility's data bases, confidentiality of records, protection of proprietary information, and the privacy of customer-specific records maintained by the utility. The commission shall convene a proceeding to adopt these rules as soon as possible after the operative date of the act adding this section to the code.

(c) This section shall not expand or limit any powers of the

commission to prescribe the manner of keeping books, records, and systems of accounts of public utilities and to investigate any of these books, records, systems of accounts, or memoranda under existing law, or any other power of the commission under existing law. Any utility may object to a rule or order of the commission concerning the access prescribed herein under the rules of procedure of the commission consistent with existing law.

(d) This section does not apply to common carriers.

SEC. 3. Article 6 (commencing with Section 1821) is added to Chapter 9 of Part 1 of Division 1 of the Public Utilities Code, to read:

Article 6. Computer Models

1821. As used in this article, the following definitions apply:

(a) "Computer model" means a computer program.

(b) "Operations model" means a computer model that replicates, lists, describes, or forecasts a public utility's internal functions, including, but not limited to, its accounting procedures, cash management procedures, personnel assignments and procedures, and inventory control.

(c) "Planning model" means a computer model that replicates, lists, describes, or forecasts a public utility's complex functions, including, but not limited to, the forecasting of future loads and resources, calculating costs of electricity generation, producing financial statements, and calculating costs of natural gas production or supply.

(d) "Public utility" includes every public utility and every business which is a commission regulated subsidiary or commission regulated affiliate of a public utility. "Public utility" does not include a common carrier or a telephone corporation whose service is determined to be competitive by the commission.

(e) "Verify" means to assess the extent to which the computer model mimics reality.

1822. (a) Any computer model that is the basis for any testimony or exhibit in a hearing or proceeding before the commission shall be available to, and subject to verification by, the commission and parties to the hearing or proceedings to the extent necessary for cross-examination or rebuttal, subject to applicable rules of evidence, except that verification is not required for any electricity demand model or forecast prepared by the State Energy Resources Conservation and Development Commission pursuant to Section 25309 or 25402.1 of the Public Resources Code and approved and adopted after a hearing during which testimony was offered subject to cross-examination. The commission shall afford each of these electricity demand models or forecasts the evidentiary weight it determines appropriate. Nothing in this subdivision requires the State Energy Resources Conservation and Development Commission to approve or adopt any electricity demand model or forecast.

(b) Any testimony presented in a hearing or proceeding before the commission that is based in whole, or in part, on a computer model shall include a listing of all the equations and assumptions built into the model.

(c) Any data base that is used for any testimony or exhibit in a hearing or proceeding before the commission shall be reasonably accessible to the commission staff and parties to the hearing or proceeding to the extent necessary for cross-examination or rebuttal, subject to applicable rules of evidence, as applied in commission proceedings.

(d) The commission shall adopt rules and procedures to meet the requirements specified in subdivisions (a), (b), and (c). These rules shall include procedural safeguards that protect data bases and models not owned by the public utility.

(e) The commission shall establish appropriate procedures for determining the appropriate level of compensation for a party's access.

(f) Each party shall have access to the computer programs and models of each other party to the extent provided by Section 1822. The commission shall not require a utility to provide a remote terminal or other direct physical link to the computer systems of a utility to a third party.

1823. The commission shall periodically review and monitor the development and use of any operations model used by any public utility. The commission or any party may use the output of these operations models as evidence in a proceeding or hearing, without introducing into evidence the full methodology used to generate this output, if the commission has monitored that operations model continuously for at least 12 months before the hearing or proceeding and has reviewed and verified the operations model for accuracy no more than three months before the hearing or proceeding. However, no party shall be prohibited from reasonably cross-examining any witness who introduces this evidence.

1824. The commission shall conduct studies to verify, validate, and improve the production cost planning models and the financial planning models of public utilities to facilitate their use by the commission. The commission shall complete the studies of the respective models used and report the results thereof to the Legislature on or before January 1, 1987.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. The sum of three hundred ninety thousand dollars ($390,000) is hereby appropriated from the Public Utilities Commission Utilities Reimbursement Account in the General Fund to the Public Utilities Commission to carry out Section 585 of, and

Article 6 (commencing with Section 1821) of Chapter 9 of Part 1 of Division 1 of, the Public Utilities Code.

CHAPTER 1298

An act to add Article 15 (commencing with Section 13141) to Chapter 2 of Division 7 of the Food and Agricultural Code, relating to water contamination.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Article 15 (commencing with Section 13141) is added to Chapter 2 of Division 7 of the Food and Agricultural Code, to read:

Article 15. The Pesticide Contamination Prevention Act

13141. The Legislature finds and declares all of the following:

(a) It is the right of every citizen in this state to drink safe, potable, wholesome, and pure drinking water.

(b) The health and economic prosperity of rural communities and individual farm families in the state are threatened by contaminated drinking water supplies because of their proximity to the use of pesticides.

(c) Pesticide contaminants and other organic chemicals are being found at an ever increasing rate in underground drinking water supplies.

(d) The United States Environmental Protection Agency has concluded that evidence of relatively localized levels of pesticide pollution should be treated as a warning of more widespread, future contamination.

(e) Groundwater once polluted cannot be easily cleaned up; thus, there is a considerable potential that groundwater pollution will continue long after actions have been taken to restrict application of the pesticide to land.

(f) Due to the potential widespread exposure to public drinking water supplies from pesticide applications to the land and the resultant risk to public health and welfare, the potential for pollution of groundwater due to pesticide use must be considered in the registration, renewal, and reregistration process.

(g) It is the purpose of this article to prevent further pesticide pollution of the groundwater aquifers of this state which may be used for drinking water supplies.

13142. For the purposes of this article, the following definitions apply:

(a) "Board" means the State Water Resources Control Board.

(b) "Groundwater protection data gap" means that, for a particular economic poison, the director, after study, has been unable to determine that each study required pursuant to subdivision (a) of Section 13143 has been submitted or that each study submitted pursuant to subdivision (a) of Section 13143 is valid, complete, and adequate.

(c) "Henry's Law constant" is an indicator of the escaping tendency of dilute solutes from water and is approximated by the ratio of the vapor pressure to the water solubility at the same temperature.

(d) "Soil adsorption coefficient" is a measure of the tendency of economic poisons, or their biologically active transformation products, to bond to the surfaces of soil particles.

(e) "Pesticide registrant" means a person that has registered an economic poison pursuant to this chapter.

(f) "Agricultural use" has the same meaning as defined in Section 11408.

(g) "Active ingredient" has the same meaning as defined in Section 136 of Title 7 of the United States Code.

(h) "Economic poison" has the same meaning as defined in Section 12753.

(i) "Degradation product" means a substance resulting from the transformation of an economic poison by physicochemical or biochemical means.

(j) "Pollution", for the purposes of this article, means the introduction into the groundwaters of the state of an active ingredient, other specified product, or degradation product of an active ingredient of an economic poison above a level, with an adequate margin of safety, that does not cause adverse health effects.

(k) "Chemigation" means a method of irrigation whereby an economic poison is mixed with irrigation water before the water is applied to the crop or the soil.

(*l*) "Soil microbial zone" means the zone of the soil below which the activity of microbial species is so reduced that it has no significant effect on pesticide breakdown.

13143. (a) Not later than December 1, 1986, a person that has registered an economic poison in California for agricultural use shall submit to the director the information prescribed in this subdivision. The information shall be submitted for each active ingredient in each economic poison registered. The registrant shall submit all of the following information:

(1) Water solubility.

(2) Vapor pressure.

(3) Octanol-water partition coefficient.

(4) The soil adsorption coefficient.

(5) Henry's Law constant.

(6) Dissipation studies, including hydrolysis, photolysis, aerobic and anaerobic soil metabolism, and field dissipation, under California

or similar environmental use conditions.

(7) Any additional information the director determines is necessary.

(b) The director also may require the information prescribed in subdivision (a) for other specified ingredients and degradation products of an active ingredient in any economic poison. The director shall also require this information when the State Department of Health Services or the board submits a written request for the information to the director, if the State Department of Health Services or the board specifies the reasons why they consider the information necessary. The director shall deny the request upon a written finding that, based on available scientific evidence, the request would not further the purposes of this article.

(c) All information submitted pursuant to subdivision (a) shall be presented in English and summarized in tabular form on no more than three sheets of paper with the actual studies, including methods and protocols attached. All information shall, at a minimum, meet the testing methods and reporting requirements provided by the Environmental Protection Agency Pesticide Assessment Guidelines, Subdivision D Series 60 to 64, inclusive, for product chemistry and Subdivision N Series 161 to 164, inclusive, for environmental fate, including information required for degradation products in specific studies. With prior approval from the director, registrants may use specified alternative protocols as permitted by the United States Environmental Protection Agency guidelines, if the director finds use of the protocol is consistent with, and accomplishes the objectives of, this article. Studies conducted on active ingredients in the formulation of economic poisons shall meet the same testing methods as required for studies conducted on active ingredients. The department, in consultation with the board, may, in addition, require specified testing protocols that are specific to California soil and climatic conditions. The director may give a pesticide registrant an extension of up to two years if it determines that this additional time is necessary and warranted to complete the studies required in paragraph (6) of subdivision (a). No extension of the deadline for these studies shall go beyond December 1, 1989. When seeking the extension, the registrant shall submit to the director a written report on the current status of the dissipation studies for which the extension is being sought. For registrants granted an extension pursuant to this section, Section 13145 shall be effective upon the completion date established by the director.

(d) The director may grant the registrant an extension beyond the one authorized in subdivision (c), if all of the following conditions are met:

(1) The registrant submits a written request to the director for an extension beyond the one granted pursuant to subdivision (c). The request shall include the reasons why the extension is necessary and the findings produced by the study up to the time the request is made.

(2) The director finds that the registrant has made every effort to complete the studies required in paragraph (6) of subdivision (a) within the required time limits of the extension granted pursuant to subdivision (c) and that those studies could not be completed within the required time limits due to circumstances beyond the control of the registrant.

(3) The director establishes a final deadline, not to exceed one year beyond the time limit of the extension granted pursuant to subdivision (c), and a schedule of progress by which the registrant shall complete the studies required in paragraph (6) of subdivision (a).

(e) After December 1, 1986, no registration of any new economic poison shall be granted unless the applicant submits all of the information required by the director pursuant to this article and the director finds that the information meets the requirements of this article.

13144. (a) Not later than December 1, 1986, the department shall establish specific numerical values for water solubility, soil adsorption coefficient (Koc), hydrolysis, aerobic and anaerobic soil metabolism, and field dissipation. The values established by the department shall be at least equal to those established by the Environmental Protection Agency. The department may revise the numerical values when the department finds that the revision is necessary to protect the groundwater of the state. The numerical values established or revised by the department shall always be at least as stringent as the values being used by the Environmental Protection Agency at the time the values are established or revised by the department.

(b) Not later than December 1, 1987, and annually thereafter, the director shall report the following information to the Legislature, the State Department of Health Services, and the board for each economic poison registered for agricultural use:

(1) A list of each active ingredient, other specified ingredient, or degradation product of an active ingredient of an economic poison for which there is a groundwater protection data gap.

(2) A list of each economic poison that contains an active ingredient, other specified ingredients, or degradation product of an active ingredient which is greater than one or more of the numerical values established pursuant to subdivision (a), or is less than the numerical value in the case of soil adsorption coefficient, in both of the following categories:

(A) Water solubility or soil adsorption coefficient (Koc).

(B) Hydrolysis, aerobic soil metabolism, anaerobic soil metabolism, or field dissipation.

(3) For each economic poison listed pursuant to paragraph (2) for which information is available, a list of the amount sold in California during the most recent year for which sales information is available and where and for what purpose the economic poison was used, when this information is available in the pesticide use report.

(c) The department shall determine to the extent possible, the toxicological significance of the degradation products and other specified ingredients identified pursuant to paragraph (2) of subdivision (b).

13145. (a) Any registrant of an economic poison identified in paragraph (1) of subdivision (b) of Section 13144 shall be subject to a fine of up to ten thousand dollars ($10,000) for each day the groundwater protection data gap exists. In determining the amount of the fine, the director shall consider both of the following:

(1) The extent to which the registrant has made every effort to submit valid, complete, and adequate information within the required time limits.

(2) Circumstances beyond the control of the registrant that have prevented the registrant from submitting valid, complete, and adequate information within the required time limits.

(b) If there is a dispute between the director and a registrant regarding the existence of a groundwater protection data gap and the director desires to levy a fine on the registrant pursuant to this section, the director shall submit the issues of the dispute to the subcommittee created pursuant to subdivision (b) of Section 13150. The subcommittee shall review the evidence submitted by the registrant and the director and make recommendations to the director on whether or not the groundwater data gap exists.

(c) The provisions of subdivisions (a) and (b) shall not apply to pesticide products whose registration has lapsed or has been cancelled, or to products that have been granted a current extension pursuant to Section 13143.

(d) The director shall, by regulation, establish a list of economic poisons that have the potential to pollute groundwater. The list shall be entitled the Groundwater Protection List. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, the director shall immediately place all economic poisons identified in paragraph (2) of subdivision (b) of Section 13144 on the Groundwater Protection List and shall regulate the use of these economic poisons if the economic poison is intended to be applied to or injected into the soil by ground-based application equipment or by chemigation, or the label of the economic poison requires or recommends that the application be followed, within 72 hours, by flood or furrow irrigation. The director shall adopt regulations to carry out the provisions of this article. The regulations shall include, but are not limited to, the following:

(1) Any person who uses an economic poison which has been placed on the Groundwater Protection List is required to report to the county agricultural commissioner the use of the economic poison on a form prescribed by the director. The reporting deadline shall conform to the deadline established for the reporting of the use of restricted materials.

(2) Dealers of economic poisons shall make quarterly reports to

the director of all sales of economic poisons. This report shall include lists of all sales by purchases.

13146. (a) The director shall not register or renew the registration of an economic poison intended to be applied to or injected into the ground by ground-based application equipment or by chemigation after December 1, 1988, if there is a groundwater protection data gap for that economic poison, unless the registrant has been granted a current extension pursuant to Section 13143.

(b) The director shall not register or renew the registration of an economic poison intended for use with other than ground-based application equipment after December 1, 1989, if there is a groundwater protection data gap for that economic poison, unless the registrant has been granted a current extension pursuant to Section 13143.

(c) If a registrant does not comply with the information requirements of Section 13143, the department shall file the information requirements of Section 13143 in accordance with procedures provided in subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. In order to carry out this section, the director has the same authority to require information from registrants of active pesticide ingredients that the administrator of the Environmental Protection Agency has pursuant to subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. On or before July 1, 1986, the director shall, by regulation, prescribe procedures for resolving disputes or funding the filing of the information requirements of Section 13143. The procedures may include mediation and arbitration. The arbitration procedures, insofar as practical, shall be consistent with the federal act, or otherwise shall be in accordance with the commercial arbitration rules established by the American Arbitration Association. The procedures shall be established so as to resolve any dispute with the timetable established in Section 13143.

(d) For an active ingredient or economic poison for which a registrant or registrants do not provide the information required pursuant to Section 13143, the director may determine the active ingredient or economic poison to be critical to agricultural production and the director may utilize assessments charged to those registrants of the active ingredient for which the information is required pursuant to Section 13143 in amounts necessary to cover the department's expenses in obtaining the information. The assessment shall be made pursuant to Section 12824. The director may also request an appropriation to be used in combination with assessments to obtain the required information.

13147. On or before December 1, 1987, and annually thereafter, the director shall request a budget appropriation in order to meet the reasonable and anticipated costs of conducting soil and water monitoring pursuant to Section 13148, a review of data submitted pursuant to Section 13143, and the administration of economic

poisons placed on the Groundwater Protection List pursuant to this article.

13148. (a) In order to more accurately determine the mobility and persistence of the economic poisons identified pursuant to paragraph (2) of subdivision (b) of Section 13144 and to determine if these economic poisons have migrated to groundwaters of the state, the director shall conduct soil and groundwater monitoring statewide in areas of the state where the economic poison is primarily used or where other factors identified pursuant to Section 13143 and subdivision (b) of Section 13144, including physicochemical characteristics and use practices of the economic poisons, indicate a probability that the economic poison may migrate to the groundwaters of the state. The monitoring shall commence within one year after the economic poison is placed on the Groundwater Protection List and shall be conducted in accordance with standard protocol and testing procedures established pursuant to subdivision (b). Monitoring programs shall replicate conditions under which the economic poison is normally used in the area of monitoring. In developing a monitoring program, the director shall coordinate with other agencies that conduct soil and groundwater monitoring.

(b) Within 90 days after an economic poison is placed on the Groundwater Protection List pursuant to subdivision (d) of Section 13145, the director, in consultation with the board, shall develop a standard protocol and testing procedure for each economic poison identified pursuant to subdivision (d) of Section 13145.

(c) The director shall report all monitoring results to the State Department of Health Services and the board.

13149. (a) Within 90 days after an economic poison is found under any of the conditions listed in paragraph (1), (2), or (3), the director shall determine whether the economic poison resulted from agricultural use in accordance with state and federal laws and regulations, and shall state in writing the reasons for the determination.

(1) An active ingredient of an economic poison has been found at or below the deepest of the following depths:

(A) Eight feet below the soil surface.

(B) Below the root zone of the crop where the active ingredient was found.

(C) Below the soil microbial zone.

(2) An active ingredient of an economic poison has been found in the groundwaters of the state.

(3) The economic poison has degradation products or other specified ingredients which pose a threat to public health and which have been found under the conditions specified for active ingredients in either paragraph (1) or (2).

(b) Upon a determination by the director that an economic poison meets any of the conditions specified in paragraph (1), (2), or (3) of subdivision (a) as a result of agricultural use in accordance

with state and federal laws and regulations, the director shall immediately notify the registrant of the determination and of the registrant's opportunity to request a hearing pursuant to subdivision (c).

(c) Any economic poison that meets any of the conditions in subdivision (b) shall be subject to the provisions of Section 13150, provided the registrant of the economic poison requests, within 30 days after the notice is issued, that the subcommittee conduct a hearing, as described in Section 13150. Notwithstanding any other provision of law, if the registrant does not request the hearing within 30 days after the notice is issued, the director shall cancel the registration of the economic poison.

(d) For the purposes of this section, any finding of an economic poison shall result from an analytical method approved by the department and shall be verified, within 30 days, by a second analytical method or a second analytical laboratory approved by the department.

13150. The director may allow the continued registration, sale, and use of an economic poison which meets any one of the conditions specified in Section 13149 if all of the following conditions are met:

(a) The registrant submits a report and documented evidence which demonstrate both of the following:

(1) That the presence in the soil of any active ingredient, other specified ingredient, or degradation product does not threaten to pollute the groundwaters of the state in any region within the state in which the economic poison may be used according to the terms under which it is registered.

(2) That any active ingredient, other specified ingredient, or degradation product that has been found in groundwater has not polluted, and does not threaten to pollute, the groundwater of the state in any region within the state in which the economic poison may be used according to the terms under which it is registered.

(b) A subcommittee of the director's pesticide registration and evaluation committee, consisting of one member each representing the director, the State Department of Health Services, and the board, holds a hearing, within 180 days after it is requested by the registrant, to review the report and documented evidence submitted by the registrant and any other information or data which the subcommittee determines is necessary to make a finding.

(c) The subcommittee, within 90 days after the hearing is conducted, makes any of the following findings and recommendations:

(1) That the ingredient found in the soil or groundwater has not polluted and does not threaten to pollute the groundwaters of the state.

(2) That the agricultural use of the economic poison can be modified so that there is a high probability that the economic poison would not pollute the groundwaters of the state.

(3) That modification of the agricultural use of the economic

poison pursuant to paragraph (2) or cancellation of the economic poison will cause severe economic hardship on the state's agricultural industry, and that no alternative products or practices can be effectively used so that there is a high probability that pollution of the groundwater of the state will not occur. The subcommittee shall recommend a level of the economic poison that does not significantly diminish the margin of safety recognized by the subcommittee to not cause adverse health effects.

When the subcommittee makes a finding pursuant to paragraph (2) or (3), it shall determine whether the adverse health effects of the economic poison are carcinogenic, mutagenic, teratogenic, or neurotoxic.

(d) The director, within 30 days after the subcommittee issues its findings, does any of the following:

(1) Concurs with the subcommittee finding pursuant to paragraph (1) of subdivision (c) of Section 13149,

(2) Concurs with the subcommittee finding pursuant to paragraph (2) of subdivision (c) of Section 13149, and adopts modifications that result in a high probability that the economic poison would not pollute the groundwaters of the state,

(3) Concurs with the subcommittee findings pursuant to paragraph (3) of subdivision (c), or determines that the subcommittee finding pursuant to paragraph (2) of subdivision (c) will cause severe economic hardship on the state's agricultural industry. In either case, the director shall adopt the subcommittee's recommended level or shall establish a different level, provided the level does not significantly diminish the margin of safety to not cause adverse health effects.

(4) Determines that, contrary to the finding of the subcommittee, no pollution or threat to pollution exists. The director shall state the reasons for his or her decisions in writing at the time any action is taken, specifying any differences with the subcommittee's findings and recommendations. The written statement shall be transmitted to the appropriate committees of the Senate and Assembly, the Department of Health Services, and the board.

When the director takes action pursuant to paragraph (2) or (3), he or she shall determine whether the adverse health effects of the economic poison are carcinogenic, mutagenic, teratogenic, or neurotoxic.

13151. Any economic poison identified pursuant to Section 13149 which fails to meet any of the conditions of Section 13150 shall be canceled.

13152. (a) The director shall conduct ongoing soil and groundwater monitoring of any economic poison whose continued use is permitted pursuant to paragraph (3) of subdivision (d) of Section 13150.

(b) Any economic poison monitored pursuant to this section that is determined, by review of monitoring data and any other relevant data, to pollute the groundwaters of the state two years after the

director takes action pursuant to paragraph (3) of subdivision (d) of Section 13150 shall be canceled unless the director has determined that the adverse health effects of the economic poison are not carcinogenic, mutagenic, teratogenic, or neurotoxic.

(c) The director shall maintain a statewide data base of wells sampled for pesticide active ingredients. All agencies shall submit to the director, in a timely manner, the results of any well sampling for pesticide active ingredients and the results of any well sampling that detect any pesticide active ingredients.

(d) Not later than June 30, 1986, the director, the State Department of Health Services, and the board shall jointly establish minimum requirements for well sampling that will ensure precise and accurate results. The requirements shall be distributed to all agencies that conduct well sampling. All well sampling conducted after December 1, 1986, shall meet the minimum requirements established pursuant to this subdivision.

(e) The director, in consultation with the State Department of Health Services and the board, shall report the following information to the Legislature, the State Department of Health Services, and the board on or before December 1, 1986, and annually thereafter:

(1) The number of wells sampled for pesticide active ingredients, the location of the wells from where the samples were taken, the well numbers, if available, and the agencies responsible for drawing and analyzing the samples.

(2) The number of well samples with detectable levels of pesticide active ingredients, the location of the wells from which the samples were taken, the well numbers, if available, and the agencies responsible for drawing and analyzing the samples.

(3) An analysis of the results of well sampling described in paragraphs (1) and (2), to determine the probable source of the residues. The analysis shall consider factors such as the physical and chemical characteristics of the economic poison, volume of use and method of application of the economic poison, irrigation practices related to use of the economic poison, and types of soil in areas where the economic poison is applied.

(4) Actions taken by the director and the board to prevent economic poisons from migrating to groundwaters of the state.

SEC. 2. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. Notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of this act shall remain in effect unless and until they are amended or repealed by a later enacted act.

CHAPTER 1299

An act to add Sections 8220.1 and 8220.2 to the Education Code, relating to child care and development, and making an appropriation therefor.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to promote parental options for subsidized child care. The alternative payment program is a flexible approach to subsidizing unmet child care needs because it allows for parental choice in selecting the most appropriate child care. Through the alternative payment program, children are placed in either child care centers or family day care homes, which are able to meet the special needs of working mothers who often need weekend, evening or swing shift child care. Fees for the alternative payment program are set in the market place and are therefore lower than other forms of subsidized care. Lower average costs allow the state to serve more needy children with the same scarce child care dollars.

SEC. 2. Section 8220.1 is added to the Education Code, to read:

8220.1. (a) The State Department of Education shall contract with local contracting agencies for alternative payment programs so that services will be provided throughout the state. The department shall expand existing alternative payment programs and fund new alternative payment programs to the extent that funds are provided by the Legislature.

(b) Funding for the new programs pursuant to this section shall be allocated to programs which meet all of the following requirements:

(1) Applicants shall conform to the requirements of this article.

(2) Applicants shall demonstrate that an alternative payment child development program is an appropriate method of delivering child care services within the county or service area at the level requested in the application by doing either of the following:

(A) Demonstrating the availability of sufficient licensed or exempt child care providers.

(B) Providing a plan for the development of sufficient licensed child care providers working in cooperation with the local resource and referral agency.

(3) Applicants shall demonstrate the administrative viability of the alternative payment agency and its capacity to meet performance requirements.

(4) Existing alternative payment child development programs receiving funds for expansion into a new service area shall be funded at a documented rate appropriate to that community and may contract separately as appropriate.

SEC. 3. Section 8220.2 is added to the Education Code, to read:

8220.2. Alternative payment programs shall serve an identifiable geographic area approved by the State Department of Education. The service area may be delineated by jurisdictional city or county boundaries, by natural geographic barriers, streets, roads, or zip codes.

In the appropriation of expansion funds allocated in this section and in Assembly Bill 55 of the 1985–86 Regular Session of the Legislature, first priority shall be given to develop the alternative payment programs in unserved areas of the state.

Second priority shall be given to expand current alternative payment programs. The state department shall reserve funds to ensure that at least 50 percent of the moneys allotted for the alternative payment program in both Assembly Bill 55 of the 1985–86 Regular Session of the Legislature and this section shall be used to fund this second priority.

SEC. 4. The sum of one million three hundred thousand dollars ($1,300,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation according to the following schedule:

(a) One million two hundred thousand dollars ($1,200,000) for the expansion of child care alternative payment programs. Of this sum, thirty thousand dollars ($30,000) shall be allocated for training and technical assistance. The State Department of Education shall select a nonprofit organization to provide these services. The organization selected shall have demonstrated experience and expertise in the provision of training and technical assistance to new and existing alternative payment programs. In addition thirty thousand dollars ($30,000) shall be allocated to the State Department of Education for administration of the provisions of this bill and the alternative payment program provisions of Assembly Bill 55 of the 1985–86 Regular Session of the Legislature.

(b) One hundred thousand dollars ($100,000) for the San Francisco Foundation's California Child Care Initiative Fund for the purpose of making grants to selected child care resource and referral agencies in order to increase the availability of quality child care programs in the state. For the purposes of this section, the California Child Care Initiative shall be defined as a demonstration project to expand the role and functions of selected resource and referral agencies in specific activities including needs assessment, recruitment and screening of providers, technical assistance, staff development and training.

The California Child Care Initiative shall ensure that the state funds are matched with a minimum total four hundred thousand dollars ($400,000) contribution from private corporations and local governments. These funds shall be available without regard to fiscal year, except that any funds unexpended by July 1, 1988, shall revert to the General Fund.

SEC. 5. Sections 2 and 3 of this act shall become operative only if Assembly Bill 55 of the 1985–86 Regular Session of the Legislature is enacted and becomes effective on or before January 1, 1986, and in that case shall become operative at the same time as Assembly Bill 55 of the 1985–86 Regular Session of the Legislature or January 1, 1986, whichever is later.

CHAPTER 1300

An act to amend and supplement the Budget Act of 1985 by adding Item 3810-303-036 thereto, relating to public resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the purchase of real property in Cabrini/Craig and Elmwood/Wildwood Canyons in the Verdugo Mountains is necessary to preserve open space and to facilitate public use of the Rim of the Valley Trail.

SEC. 2. Item 3810-303-036 is added to the Budget Act of 1985 (Chapter 111, Statutes of 1985), to read:

3810-303-036—For capital outlay and local assistance, Santa Monica Mountains Conservancy, payable from the Special Account for Capital Outlay		3,000,000
Schedule:		
(1) Project planning and design	25,000	
(2) Open space, recreation areas, and improvements in Cabrini/Craig Canyon, Burbank, Rim of the Valley Trail Corridor	2,500,000	
(3) Trail corridor access, improvements, and open space, Elmwood/Wildwood Canyons, Burbank, Rim of the Valley Trail Corridor	475,000	
Provisions:		
1. Notwithstanding any other provision of law, the amount in category (2) may be used to secure		

an option on those properties.

2. Funds appropriated in this item may be encumbered for individual acquisitions, but no funds shall be encumbered or granted by the conservancy for an individual acquisition unless and until the City of Burbank has encumbered, from nonstate sources, an amount at least equal to the amount encumbered or granted by the conservancy for that acquisition.
3. Prior to the encumbrance of funds appropriated by this item, the Executive Director of the conservancy shall certify to the Controller the approval of the fair market value appraisal for any property to be acquired.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that urgently needed projects may be commenced by the Santa Monica Mountains Conservancy at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1301

An act to amend Section 11311 of, to add Section 11312.1 to, and to repeal Section 11312 of, the Welfare and Institutions Code, relating to public assistance.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that applicants for and recipients of Aid to Families with Dependent Children would rather work than receive public assistance, if there were jobs available that provided enough income to meet the needs of the children and the family. The Legislature further finds that many recipients of the Aid to Families with Dependent Children program do not have an existing work history, which itself is an obstacle to locating full-time employment.

In order to assist recipients in establishing a work history and on-the-job experience and also to create an incentive for organizations and businesses to hire recipients a grant diversion program is hereby established.

SEC. 2. Section 11311 of the Welfare and Institutions Code, as amended by Chapter 119 of the Statutes of 1985, is amended to read:

11311. The State Department of Social Services, shall contract with San Diego County, at the county's option, to provide experimental work experience assignments for unemployed parents receiving aid under this chapter who have completed job search assistance workshops and are still unemployed and for whom those work experience assignments are appropriate based upon an assessment by the county under contract with the State Department of Social Services. Participants shall be the designated unemployed parent from two-parent families receiving aid under this chapter, and the unemployed parent in the single-parent household. For purposes of participation, only one custodial parent who is legally obligated to support the child, or, in cases where an eligible child has two legal guardians, only one legal guardian shall be required to participate in the program.

A work experience assignment shall provide all of the following:

(a) Appropriate standards for health, safety, and other conditions applicable to the performance of work.

(b) Assignments which do not result in displacement of persons currently employed (including reduction in overtime pay), the filling of established unfilled position vacancies, or infringement upon promotional opportunities, which would otherwise be available to currently employed regular employees by any actions taken on behalf of a participant in other than an entry-level position, prior to compliance with applicable personnel procedures and collective bargaining agreements. Assignments shall not be made in any bargaining unit where positions are vacant or where employees are on layoff.

(c) Reasonable conditions of work, taking into account the geographic region, the residence of the participants, and the proficiency of the participants.

(d) Participants shall not be required to travel an unreasonable distance from their homes or remain away from their homes overnight.

(e) (1) The maximum number of hours in any month that a participant may be required to work is that number which equals the amount of aid payable with respect to the family of which the individual is a member, less any amount of child support received by the parent, or by the county on behalf of a child eligible for aid under this chapter divided by the greater of the federal or the applicable minimum wage. This paragraph shall apply to all participants currently assigned to an EWEP project on the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session of the Legislature.

(2) The maximum number of hours in any month that a participant may be required to work is that number which equals the amount of aid payable with respect to the family of which the individual is a member, less any amount of child support received by the parent, or by the county on behalf of a child eligible for aid under this chapter, divided by the greater of (A) the federal or applicable

minimum wage or (B) the wage which would be equivalent to the wage for a position most similar to the assignment. This paragraph shall apply to assignments to any EWEP project site developed after the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session of the Legislature. After September 1, 1985, this paragraph shall additionally apply to participants newly assigned to EWEP project sites in existence on the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session of the Legislature.

For purposes of paragraphs (1) and (2), work experience assignments shall not exceed 13 weeks in duration. In no event shall the hours of required work exceed 32 hours in four days of any given workweek, the fifth day of the workweek remaining for job search.

(f) Transportation and other costs reasonably necessary and directly related to participation in the assignment. The county shall make every effort to provide transportation expenses in advance of need, and when it is not possible to do so, the county shall reimburse the participant within 14 days from the time that the expense is incurred. To facilitate advance payments of transportation expenses, the department shall seek a federal waiver to hold the county harmless for reimbursements disallowed because a recipient failed to participate in the program. In the event a federal waiver cannot be obtained, the state and county shall share the cost of the disallowed reimbursements equally.

(g) An assignment shall not be developed in response to, or be associated with, the existence of a strike, lockout, or other bona fide labor dispute, or be in violation of any existing collective bargaining agreement between employees and employers.

(h) An assignment shall not be developed through replacement of a person in a position that has been created by termination or layoff of a person for purposes of this section.

(i) A person shall not be required to accept a work experience assignment, if the assignment would result in the removal of the individual from a training program which utilizes funds made available pursuant to the federal Job Training Partnership Act (P.L. 97-300, 29 U.S.C. Sec. 1501 et seq.), or any other recognized training program or an accredited educational institution, if the individual is enrolled in nine or more semester units, or their equivalent, toward the attainment of a degree or a certification. A nonexempt individual who is enrolled in an educational program for nine or more semester units, or their equivalent, shall not be required to participate in the Employment Preparation Program pursuant to Article 3.5 (commencing with Section 11325) until the summer recess or other academic recess which provides sufficient time to complete the Employment Preparation Program without an interruption in the individual's educational program.

(j) If an overpayment occurs, pursuant to Section 11004, an amount equal to the minimum wage multiplied by the number of hours worked in that month in a community work experience

position shall be deducted from the overpayment assessed for the month in which that work was performed. This paragraph shall become inoperative unless a federal waiver is secured.

(k) All participants shall receive at the time of orientation a description of the program, including what will be expected of the participant and the consequences of failing to participate, what services will be available, and the resources available to a participant in the event the participant believes that the program imposes undue hardship.

(*l*) The participant shall be allowed to select his or her work experience assignment from a list of project sites provided by the county.

The purpose of the work experience experiment shall be to determine the usefulness of such an approach in achieving the eventual employment of the unemployed parent.

The work experience assignment shall be in public and private nonprofit agencies which meet the requirements of subdivision (e) of Section 5007.5 of the Unemployment Insurance Code.

If it appears that a participant is not willing to take part in the program, the county shall provide an opportunity for that person to establish good cause for lack of participation. Good cause criteria to be utilized, commencing on July 1, 1985, by Work Incentive Demonstration programs and the Employment Preparation Program, provided for pursuant to Article 3.5 (commencing with Section 11325), shall also apply to this section effective January 1, 1986, to the extent that they are consistent with this section.

Good cause shall include all of the following:

(a) Illness or incapacity.

(b) Court-required appearances or temporary incarceration.

(c) Major family crisis.

(d) Breakdown in transportation arrangements with no readily accessible alternative means of transportation.

(e) Inclement weather which prevented the recipient and other persons similarly situated from traveling to or participating in the prescribed activity.

(f) Breakdown in child care arrangements.

(g) Lack of other supportive services necessary for participation.

(h) Refusal to accept major medical services even if the refusal precludes participation in the program.

(i) Other substantial and compelling reasons.

The conciliation procedures provided for under subdivision (b) of Section 5302 of the Unemployment Insurance Code shall apply to this section.

Notwithstanding Section 11308, if a principal wage earner is sanctioned due to failure to meet the requirements of this section, failure to meet these requirements shall not affect the eligibility for aid of any other member of the family unit. This paragraph shall not be operative if it is found to jeopardize federal financial participation for the remaining portions of the program authorized by this section

provided that the federal government issues a final order and the state has exhausted all available remedies.

Notwithstanding Section 11308, if a principal wage earner is sanctioned due to failure to meet the requirements of Article 3.5 (commencing with Section 11325), failure to meet these requirements shall not affect the eligibility for aid of any other member of the family unit. This provision shall become inoperative unless a federal waiver is secured. The State Department of Social Services shall seek a waiver from the federal government in order to implement this paragraph.

If at any time during the time the participant or family is ineligible for aid, the participant agrees to participate, the sanctions procedure shall stop, and the participant or family unit shall be considered eligible for the benefits it was entitled to prior to the imposition of sanctions, except that this provision shall not apply if sanctions are imposed against a participant more than once. Retroactive payments shall not be made for the sanction period unless the sanctions were made erroneously. All notice of action letters shall come from the department, and not from the Employment Development Department. This paragraph shall apply to persons sanctioned for failure to meet the requirements of this section and Article 3.5 (commencing with Section 11325). This paragraph shall become inoperative unless a federal waiver is secured.

From whatever state or federal funds are appropriated to support community work experience programs, funds shall be allocated sufficient to meet the child care needs of eligible participants, including those participants with school age children who are in need of care before or after school hours. No registrant shall be required to participate until a thorough, individual assessment of child care needs is conducted, and appropriate child care arrangements are made. The evaluation of the need for child care shall be conducted jointly between the registrant and the county social worker assigned to the case. The county shall assist the registrant in obtaining suitable child care. Appropriate child care may be arranged by any of the following:

(1) Direct referral to licensed child care homes and facilities.

(2) Referral to a state-funded resource and referral agency.

(3) Independently arranged in-home or out-of-home child care by family members.

The county shall conduct a periodic review of child care arrangements to ensure adequate care and supervision of the children throughout the registrant's participation in the program components. This review shall be conducted at least bimonthly and the results of the review, as well as the results of the initial assessment, shall be thoroughly documented in the registrant's case file.

Approved child care arrangements shall be by direct payment to the child care provider.

A cooperative agencies resources for education program shall be

established in San Diego County at a local community college. Where it is appropriate, recipients participating in employment preparation programs or community work experience program may be referred to this cooperative agencies resources for education program.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless either:

(1) Federal financial participation cannot be obtained for recipients of aid under this chapter participating in the program provided for in this section, in which case this section shall remain in effect only until July 1, 1986, and as of that date is repealed.

(2) A later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 11312 of the Welfare and Institutions Code, as added by Chapter 522 of the Statutes of 1984, is repealed.

SEC. 4. Section 11312.1 is added to the Welfare and Institutions Code, to read:

11312.1. (a) The State Department of Social Services shall establish a grant diversion program, which may be implemented at the option of a county, as part of the Work Incentive Demonstration Program. In addition, the department shall seek appropriate waivers from the federal government, if necessary, in order to operate the grant diversion program.

(b) This program shall be administered either by the counties or through agreements between counties and entities administering services in service delivery areas designated pursuant to Division 8 (commencing with Section 15000) of the Unemployment Insurance Code, subject to the approval of the State Department of Social Services. Any county which wishes to implement a grant diversion program shall submit a plan to the department showing why the program would be cost-effective, and including what applicants or recipients of aid under this chapter will be targeted, and what grant savings the state can expect. The program shall provide for the diversion of aid to pay a part of the wages of participants engaged in on-the-job training with for profit or nonprofit, organizations or small disadvantaged business enterprises as defined by the department, who have agreed to either employ a participant, or guarantee a priority to hire a participant when a vacancy occurs, upon successful completion of the training, or employed by a for profit or nonprofit agency which places recipients in training with employers who qualify under this section and receives compensation from the employers for the services performed by the recipients. On-the-job training programs utilizing grant diversions shall be for a period not exceeding nine months, and the amount of the wage subsidy may be periodically reduced during the period of training. Participants shall continue to be eligible for Medi-Cal benefits pursuant to Chapter 7 (commencing with Section 14000). Grant diversion participants shall be eligible for the thirty dollars ($30) plus

one-third of earned income exclusion from income deemed available to a recipient of aid in computing his or her aid grant under this chapter, unless prohibited by federal law. All grant diversion jobs shall meet federal or state minimum standards, whichever are applicable.

(c) The department shall, subject to the availability of funds, publicize the existence of this program, and shall coordinate this program with the federal Small Business Administration.

(d) An applicant or recipient of aid under this chapter who participates in a grant diversion program shall be guaranteed that the value of the benefits available to him or her prior to his or her entry into the program shall not be diminished. Furthermore, a participant employed pursuant to this section shall be treated in the same manner as are regular employees, and the participant's salary shall be the amount that he or she would have received if employed in that position and not participating pursuant to this section.

(e) All applicants or recipients of aid under this chapter shall be provided with information concerning the program. Participation in the program shall be voluntary, and no person shall have any sanction applied to him or her for failure to participate. No sanctions shall be imposed against a program participant if he or she is terminated by the employer. If, however, the department determines that the termination was for good cause, as defined in Division 2 (commencing with Section 5000) of the Unemployment Insurance Code, the participant shall be ineligible for further participation in the program.

(f) All employers participating in the program shall provide written assurances that they will hire persons employed under this program, or guarantee a priority to hire persons employed under this program, when vacancies or new jobs are created in their establishments.

(g) An employer, prior to becoming eligible to fill a position under this program, shall certify to the department that the employment, offer of employment, or work activity complies with all of the following conditions:

(1) The conditions of work are reasonable and not in violation of applicable federal, state, and local safety and health standards.

(2) The assignments are not in any way related to political, electoral, or partisan activities.

(3) The grant diversion position utilized or established pursuant to this section is not created as the result of, or does not result in, any of the following:

(A) Displacement of current employees, including overtime currently worked by these employees.

(B) The filling of established unfilled positions.

(C) The filling of positions which would otherwise be promotional opportunities for current employees.

(D) The filling of a position, prior to compliance with applicable personnel procedures or provisions of collective bargaining

agreements.

(E) The filling of a position created by termination, layoff, or reduction in workforce.

(F) The filling of a work assignment customarily performed by a worker in a job classification within a recognized collective bargaining unit in that specific worksite, or the filling of a work assignment in any bargaining unit in which funded positions are vacant or in which regular employees are on layoff.

(G) A strike, lockout, or other bona fide labor dispute, or violation of any existing collective bargaining agreement between employees and employers.

(h) If the department determines that an organization participating under this section is not complying with the provisions of this section or with any agreements entered into pursuant to this section, the department shall terminate the organization's eligibility to participate under this section.

The department shall, or shall require each county to, periodically review compliance by organizations participating under this program with the provisions of this section.

(i) If AB 2580 or any other bill is enacted during the 1985–86 Regular Session which provides for a grant diversion program the department shall administer this section in a manner so as to avoid duplication of services and maximize fiscal efficiency.

SEC. 5. (a) The State Department of Social Services shall report to the Legislature by December 1, 1986, and shall provide a second report by December 1, 1987, on the San Diego Work Experience Program, provided for pursuant to Section 11311 of the Welfare and Institutions Code, including the Employment Preparation Program and any other component added after the effective date of this act. The department shall submit a proposed methodology for the first report to the Joint Legislative Budget Committee by January 15, 1986, and for the second report by January 1, 1987. The Legislative Analyst shall provide the department with his or her comments and suggestions regarding the proposed methodology for the first report by March 15, 1986. (5) The duration of employment in jobs by component.

(6) The average cost per participant, by component.

(7) The average cost per employed participant, by component.

(8) The number of, and reason for, terminations, by component.

(9) The number and reasons for sanctions, by component.

(10) Prior work history of all participants before they entered the program, including wages and benefits.

(11) Caseload statistics which reflect how many families were on aid at the beginning and end of the fiscal year.

(c) The Legislative Analyst shall provide the Legislature with his or her review of the department's first report in the Analysis of the 1987–88 Budget Bill, and of the second report in the Analysis of the 1988–89 Budget Bill.

CHAPTER 1302

An act to add Section 6517.5 to the Government Code, relating to state office buildings.

[Approved by Governor September 30, 1985 Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 6517.5 is added to the Government Code, to read:

6517.5. (a) Notwithstanding any other provision of this chapter, the Community Redevelopment Agency of the City of Los Angeles may advance funds, not to exceed four million dollars ($4,000,000), to the Department of General Services and the Los Angeles State Office Building Authority to complete plans and prepare bid specifications and related documents for a proposed state office building to be located in the City of Los Angeles between Spring Street, Main Street, Third Avenue, and Fourth Street, subject to the requirements of this section.

(b) The department or the authority shall make a determination on whether to proceed with construction of the state office building by June 30, 1987.

(c) If the department or the authority determines not to proceed with construction of the state office building, the department shall reimburse the agency by December 31, 1987, from the Special Fund for Capital Outlay, for any and all funds advanced by the agency to the department or to the authority for completing plans, preparing bid documents, and taking other actions, including the employment of legal counsel, relating to the design development phase, construction document phase, and bidding phase for the state office building.

(d) If the department or the authority determines to proceed with construction of the state office building, the agency shall be reimbursed for any and all funds advanced by the agency from the bond proceeds or from other financing available for construction of

the state office building.

(e) The authority may acquire, own, construct, and operate parking facilities to serve the state office building, as the authority may deem to be in the best interests of the people of the State of California.

(f) The department and the agency may amend the authority agreement to provide for longer terms of office and to remove the restrictions on the number of terms for the members of the governing board of the authority, as the department and agency may deem appropriate.

(g) As used in this section, "funds advanced by the agency" means the principal amount of the agency's advance.

SEC. 2. The Legislature finds and declares that a general statute within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable for the purposes of this act due to the unique circumstances affecting the Los Angeles State Office Building Authority, and a joint exercise of powers agreement between the Community Redevelopment Agency of the City of Los Angeles and the Department of General Services, that are not applicable statewide.

CHAPTER 1303

An act to amend Section 2512 of, and to add Section 2422 to, the Vehicle Code, relating to the California Highway Patrol.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 2422 is added to the Vehicle Code, to read:

2422. The department shall determine and implement the basic level of emergency medical dispatcher training for dispatchers employed by the department based on guidelines developed by the California Emergency Medical Services Authority with the concurrence of the department. Implementation shall commence not later than January 1, 1987. Notwithstanding the foregoing, the commissioner may adopt a higher level of training for department dispatchers where appropriate.

The department shall report to the Legislature on progress in the implementation of an emergency medical dispatch training program not later than January 1, 1988.

SEC. 2. Section 2512 of the Vehicle Code is amended to read:

2512. (a) The commissioner, after consultation with, and pursuant to the recommendations of, the Emergency Medical Service Authority and the Department of Motor Vehicles, shall adopt and enforce reasonable regulations as the commissioner determines

are necessary for the public health and safety regarding the operation, equipment, and certification of drivers of all ambulances used for emergency services. The regulations shall not conflict with standards established by the Emergency Medical Service Authority pursuant to Section 1797.170 of the Health and Safety Code. The commissioner shall exempt, upon request of the county board of supervisors that an exemption is necessary for public health and safety, noncommercial ambulances operated within the county from the regulations adopted under this section as are specified in the board of supervisors' request. The Emergency Medical Service Authority shall be notified by the county boards of supervisors of any exemptions. The commissioner may, with the consent of the Director of Motor Vehicles, authorize the director to administer any regulations adopted pursuant to this section which relate to the issuance, suspension, or revocation of ambulance drivers' certificates, to charge a fee of twelve dollars ($12) for issuance of the certificate, and, in the administration thereof, to exercise the powers granted to the commissioner by this section.

(b) This section shall not preclude the adoption of more restrictive regulations by local authorities, except that inspection of ambulances pursuant to subdivision (b) of Section 2510 shall not be duplicated by local authorities. It is the intent of the Legislature that regulations adopted by the commissioner pursuant to this section shall be the minimum necessary to protect public health and safety, and shall not be so restrictive as to preclude compliance by ambulances operated in sparsely populated areas. The provisions of this subdivision shall not relieve the owner or driver of any ambulance from compliance with Section 21055.

(c) The Department of the California Highway Patrol shall prepare, and make available for purchase, an ambulance driver's handbook.

CHAPTER 1304

An act to amend Section 25169 of the Health and Safety Code, and to add Section 3631.5 to the Public Utilities Code, relating to carriers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares as follows:

(1) The state is responsible for ensuring that the public is financially protected against injuries and damages that may occur as

a result of accidents involving highway carriers transporting hazardous materials including, but not limited to, hazardous wastes.

(2) Applicable rules and orders of the Public Utilities Commission establish only two minimum levels of financial responsibility for highway carriers in California: one million two hundred thousand dollars ($1,200,000) for carriers of petroleum and petroleum wastes, and six hundred thousand dollars ($600,000) for all other highway carriers, including carriers of nonpetroleum hazardous materials and hazardous wastes.

(3) The United States Department of Transportation requires significantly higher levels of financial responsibility for motor carriers of hazardous materials and hazardous wastes than for motor carriers of nonhazardous materials or wastes.

(4) The United States Department of Transportation, as of July 1, 1984, increased the minimum levels of financial responsibility required for motor carriers of hazardous materials and hazardous wastes to encourage them to operate and maintain their vehicles safely and to assure that they maintain an adequate level of financial responsibility.

(b) It is, therefore, the purpose of this act to require highway carriers transporting hazardous materials and hazardous wastes to obtain and maintain adequate financial responsibility.

SEC. 2. Section 25169 of the Health and Safety Code is amended to read:

25169. (a) Every transporter of hazardous waste shall maintain ability to respond in damages resulting from the operation of that business consistent with whichever of the following requires the highest limits:

(1) The liability limits prescribed pursuant to Section 3631 of the Public Utilities Code.

(2) The liability limits prescribed pursuant to Section 3631.5 of the Public Utilities Code.

(3) A higher limit than that prescribed pursuant to paragraph (1) or (2), when deemed necessary and so established by the department.

(b) The department shall, within two working days of being informed of any violation of subdivision (a), transmit a notice of violation to the transporter suspected of the violation. If the transporter so notified does not present proof of compliance with subdivision (a) to the department's satisfaction within 30 days of transmittal of the notice, the department shall immediately, notwithstanding Section 25168.2, suspend the transporter's registration. If proof of compliance is not submitted within 60 days, the registration shall immediately be revoked, notwithstanding Section 25168.2. A transporter whose registration is revoked pursuant to this subdivision may apply again for registration upon furnishing proof of compliance with subdivision (a).

SEC. 3. Section 3631.5 is added to the Public Utilities Code, to read:

3631.5. (a) Notwithstanding Section 3631, the commission shall, within 60 days after the operative date of the statute enacting this section, require every highway carrier transporting any hazardous material, as defined by Section 353 of the Vehicle Code, to obtain and continue in effect protection against liability imposed by law on the carrier for the payment of damages for personal injury or death, and damage to or destruction of property, in amounts of not less than the minimum levels of financial responsibility specified for carriers of hazardous materials by the United States Department of Transportation in Part 387 of Title 49 of the Code of Federal Regulations.

SEC. 4. The sum of forty thousand dollars ($40,000) is hereby appropriated from the Transportation Rate Fund to the Public Utilities Commission for expenditure during the 1985–86 fiscal year for purposes of Section 3631.5 of the Public Utilities Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that transporters of hazardous waste adopt and maintain adequate financial responsibility, for the protection of the public health and safety, as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1305

An act to amend Sections 1572, 1572.5, 1575.7, 1588, 1588.2, 1588.5, 1588.7, and 1589.5 of the Health and Safety Code, and to amend Section 14575 of the Welfare and Institutions Code, relating to aging, and making an appropriation therefor.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 1572 of the Health and Safety Code, as amended by Section 4 of Chapter 1600 of the Statutes of 1984, is amended read:

1572. To the extent provided for under Section 9316 of the Welfare and Institutions Code, the functions and duties of the state department provided for under this chapter shall be performed for three years by the Department of Aging commencing on the date the functions are transferred from the Department of Health Services to the Department of Aging. These functions shall be transferred when the Department of Aging develops an implementation plan clearly defining the authority, functions, and responsibility of the Department of Aging, and signs an interagency

agreement with the state department to specify how the departments shall work together in areas of mutual concern.

The interagency agreement shall specify that the Department of Aging is designated by the state department as the agency responsible for community long-term care programs. At a minimum, the interagency agreement shall clarify each department's responsibilities on issues involving licensure and certification of adult day health care providers, payment of adult day health care claims, prior authorization of services, promulgation of regulations, and development of adult day health care Medi-Cal rates. This agreement shall also include provisions whereby the state department and the Department of Aging shall collaborate in the development and implementation of health programs and services for older persons and functionally impaired adults.

By December 1, 1986, the Department of Aging shall submit to the Joint Legislative Budget Committee and the fiscal committees of both houses a report specifically addressing the goals of the adult day health care program and how they have been met as a result of this transfer from the state department to the Department of Aging. To the extent necessary for implementation of Section 9316 of the Welfare and Institutions Code, as used in this chapter, "director" shall refer to the Director of the Department of Aging and "state department" shall refer to the Department of Aging. An Adult Day Health Care Committee is hereby established in the Department of Aging. The committee shall include a member of the California Commission on Aging, who shall be a member of the Long-Term Care Committee of the commission, a representative of the Association for Adult Day Care Services, a representative of the California Association of Area Agencies on Aging, a representative of the California Conference of Local Health Officers, a member of a local adult day health care planning council, and representatives from other appropriate state departments, including the State Department of Health Services, the State Department of Social Services, the State Department of Mental Health, and the State Department of Rehabilitation, as deemed appropriate by the Director of the Department of Aging. The committee shall advise the Director of the Department of Aging in developing policies and procedures for regulation of the Adult Day Health Care program.

This function shall also include advice to the Director of the Department of Aging for recommendations to the State Department of Health Services on licensure, Medi-Cal reimbursement, and utilization control issues.

Additionally, the functions of the committee shall include all of the following:

(a) The committee shall review and make recommendations on guidelines for adoption by the Director of the Department of Aging setting forth principles for evaluation of community need for adult day health care, which shall take into consideration the desirability of coordinating and utilizing existing resources, avoidance of

duplication of services and inefficient operations, and locational preferences with respect to accessibility and availability to the economically disadvantaged older person.

(b) The committee shall review county plans submitted pursuant to Section 1572.9. Such county plans shall be approved if consistent with the guidelines adopted by the director pursuant to subdivision (a).

(c) The committee shall review and make recommendations to the Director of the Department of Aging concerning individual proposals for startup funds and for original licensure of proposed adult day health care centers. The Director of the Department of Aging shall make recommendations regarding licensure to the Licensing and Certification Division in the State Department of Health Services. This review may include onsite inspections by the committee, or a special subcommittee thereof, for the purpose of evaluating a proposed provider or its facility. The basis of this review shall be the approved county plan and an evaluation of the ability of the applicant to provide adult day health care in accordance with the requirements of this chapter and regulations adopted hereunder. A public hearing on each individual proposal for an adult day health care center may be held by the department in conjunction with the local adult day health care council in the county to be served. A hearing shall be held if requested by a local adult day health care council. In order to provide the greatest public input, the hearing should preferably be held in the services area to be served.

This section shall remain in effect only until three years from the date upon which responsibility for the adult day health care program is transferred to the Department of Aging, and as of that date is repealed, unless a later enacted statute enacted prior to that date extends or deletes that date.

SEC. 2. Section 1572.5 of the Health and Safety Code is amended to read:

1572.5. (a) The board of supervisors of any county may establish for the county an adult day health care planning council as provided in this section. Alternatively, two or more adjacent counties may agree to form a single adult day health care planning council with jurisdiction in all participating counties. Each council shall be comprised of 15 members appointed by the board of supervisors, or jointly appointed by the boards of supervisors of counties having a single council, as follows:

(1) Eight members of the council shall be persons over 55 years of age who have a demonstrated interest in the special health and social needs of the elderly and who are representative of organizations dedicated primarily to the needs of older persons, including those of low-income and racial and ethnic minorities.

(2) A representative of the area agency on aging designated pursuant to Public Law 94-135 or, if none, a county agency responsible for services to senior citizens.

(3) A representative of a county agency responsible for

administration of health programs for senior citizens.

(4) A representative of an area health planning agency designated pursuant to Section 437.7 for an area included within the council's jurisdiction.

(5) A representative of the county medical society.

(6) A representative of a publicly funded senior citizen transportation program.

(7) A representative of a health facility or organization of health facilities providing acute or long-term care to the elderly.

(8) A member-at-large who has demonstrated an interest in alternatives to institutional long-term care.

(b) The board of supervisors, with the approval of the Department of Aging, may designate the area agency on aging advisory council as the adult day health care planning council in counties in which all of the following exist:

(1) An adult day health care planning council has not been established.

(2) The board of supervisors governs the area agency on aging.

(3) The area agency on aging has demonstrated interest and commitment in alternatives to institutional long-term care.

(4) The area agency on aging advisory council includes representatives of county or community-based agencies which are responsible for administering or providing long-term care services or which have demonstrated an interest in developing long-term care alternatives.

The board of supervisors shall seek the advice and assistance of other health and transportation representatives identified in this section.

(c) If persons meeting the qualifications specified by any paragraph of subdivision (a) are unavailable or unwilling to serve on the council, the appointing power may apply to the director for an exemption. In this case, the director shall grant an exemption and shall specify such alternative qualifications as will best serve the purposes of this chapter with due regard for local conditions.

SEC. 3. Section 1575.7 of the Health and Safety Code is amended to read:

1575.7. The State Department of Health Services, prior to issuing a new license, shall secure from an appropriate law enforcement agency records of any criminal activity, other than minor traffic violations, of the administrator, program director, and fiscal officer of the proposed adult day health care center. The state department shall obtain the records each time these positions are to be filled. A past conviction of any crime, especially any crime involving misuse of funds involving physical abuse shall, in the discretion of the State Department of Health Services, be grounds for denial of the license.

Suspension of the applicant from the Medi-Cal program or prior violations of statutory provisions or regulations relating to licensure of a health facility, community care facility, or clinic shall also be grounds for a denial of licensure, where determined by the state

department to indicate a substantial probability that the applicant will not comply with this chapter and regulations adopted hereunder.

No applicant which is licensed as a health facility, community care facility, or clinic may be issued a license for an adult day health care center while there exists a subsisting, uncorrected violation of the statutes or regulations relating to such licensure.

SEC. 4. Section 1588 of the Health and Safety Code is amended to read:

1588. (a) The state department shall, subject to the availability of funds appropriated therefor, conduct a grants-in-aid program for the following purposes:

(1) To assist in the establishment of new adult day health care centers.

(2) To assist in stabilizing the health care operations of adult day health care centers which have been licensed for a period of two years or less.

(3) To assist in stabilizing the health care operations of adult day health care centers which have been licensed for a period of four years or less when identified expansion meets criteria outlined in the specific guidelines established for the grant-supported activities. Expansion under this paragraph shall be based on documented unmet need.

(4) To fund innovative and creative adult day health care programs designed to provide a high quality of health services at a minimum cost.

(b) The grants authorized pursuant to this article shall be limited in purpose to defraying operating expenses of the center, including staffing costs, required renovation costs, and facility rental costs.

SEC. 5. Section 1588.2 of the Health and Safety Code is amended to read:

1588.2. Eligibility for grants pursuant to this article shall be limited to any public or private nonprofit agency. The grant amount available for a single project shall not exceed fifty thousand dollars ($50,000). As a condition of making a grant, the director shall require the applicant to match not less than 20 percent of the amount granted. The required match may be cash or in-kind contributions, or a combination of both. In-kind contributions may include, but shall not be limited to, staff and volunteer services.

SEC. 6. Section 1588.5 of the Health and Safety Code is amended to read:

1588.5. In developing policies and priorities pertaining to the allocation of grant funds, the state department shall give primary consideration to the following factors:

(a) The applicant's need for funds.

(b) The demonstrated community support for the project.

(c) The applicant's long-term prospects for financial stability.

(d) The applicant's demonstrated marketing strategies.

(e) The applicant's ability to provide innovative services and to

coordinate other services in the continuum of care.

(f) Special consideration shall be given to any applicant who is in any one of the following categories:

(1) Applicants in rural areas.

(2) Applicants in counties where there are no other centers.

(3) Applicants who deliver services in an area with a high elderly ethnic minority population.

(4) Applicants who are located in a service area with a high percentage of elderly Medi-Cal beneficiaries when compared to the total elderly population of the service area.

SEC. 7. Section 1588.7 of the Health and Safety Code is amended to read:

1588.7. (a) The state department shall adopt specific guidelines for the establishment of grant-supported activities, including criteria for evaluation of each activity and monitoring to assure compliance with grant conditions and applicable regulations of the state department. The guidelines shall be developed in consultation with the Long-Term Care Committee. Funds shall not be awarded until the proposal receives favorable recommendation from the local adult day health care planning council, as established pursuant to Section 1572.5, and is approved by the state department.

(b) The state department shall develop a contract with each selected project.

SEC. 8. Section 1589.5 of the Health and Safety Code is amended to read:

1589.5. (a) One million dollars ($1,000,000) is hereby appropriated, without regard to fiscal year, from the General Fund to the Department of Aging to provide grants and to defray state administrative expenses incurred pursuant to this article.

(b) The amount of one million five hundred thousand dollars ($1,500,000) is hereby appropriated without regard to fiscal year, from the General Fund to the Department of Aging for the purposes prescribed by subdivision (a). This sum is in addition to any unexpended portion of the one million dollars ($1,000,000) appropriated by subdivision (a).

(c) State administrative costs on grants issued pursuant to this article shall not exceed 10 percent of the amount of the grants.

SEC. 9. Section 14575 of the Welfare and Institutions Code is amended to read:

14575. Each adult day health care provider shall maintain a uniform accounting and reporting system as developed by the department, in consultation with the provider. The provider shall submit annual cost reports to the department no later than three months after the close of the facility's fiscal year. The report shall be submitted in the format prescribed by the state. Each facility shall maintain, for a period of three years following the submission of annual cost reports, financial and statistical records of the period covered by the cost reports which are accurate and in sufficient detail to substantiate the cost data reported. These records shall be

made available to state or federal representatives upon request. The department may request a financial review performed by an independent certified public accountant as part of the provider's annual report. All certified financial statements shall be filed with the department within a period no later than three months after the department's request. The department may require a limited or complete certified public accountant audit when the monitoring activities carried out pursuant to Section 14573 reveal significant financial management deficiencies.

CHAPTER 1306

An act to amend Section 1660.8 of the Vehicle Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds that the level of alcohol, drug, and other substance abuse by children in some California public schools has reached an epidemic proportion and is resulting in a serious health danger.

The Legislature further finds that public school-based programs to combat substance abuse are likely to be successful.

SEC. 2. Section 1660.8 of the Vehicle Code is amended to read:

1660.8. The money in the First Offender Program Evaluation Fund shall be used only for purposes of evaluating first offender programs; for purposes of educational programs relating to alcohol, drug, or other substance abuse; and for the administration of the fund, and may be expended only upon appropriation of the Legislature.

This section shall remain in effect only until July 1, 1987, and as of that date is repealed. Any moneys remaining in the fund and unencumbered at that time shall be transferred to the General Fund.

SEC. 3. In order to reduce and prevent student substance abuse, the State Department of Education, and the Department of Justice by way of their School-Law Enforcement Partnership, in cooperation with the Department of Alcohol and Drug Programs and the Office of Criminal Justice Planning, shall develop a year-round pilot program involving school activities, community activities, and summer programs employing a "positive role model" concept. Because most school children have a role model identification with a famous figure from the sports world, who has positively impressed them in some way, the program shall be focused on famous national and local celebrity athletes, both amateur and professional, who have

extensive knowledge and training in the field of substance abuse.

SEC. 4. The Superintendent of Public Instruction shall conduct a three-year pilot program that has been developed pursuant to Section 2, from July 1, 1985, to June 30, 1988, in selected regions of the state, as determined by the State Department of Education based on the "positive role model" concept.

The department shall contract with a qualified nonprofit organization to conduct the project and shall award the contract through a competitive request for proposals process. The department shall require nonprofit organizations to demonstrate that they are capable of providing matching or in-kind funds equivalent to at least 25 percent of the contract amount.

SEC. 5. The State Department of Education shall evaluate the effectiveness of the pilot program, and shall report the findings to the Legislature on or before September 1 of each year.

CHAPTER 1307

An act to repeal Division 17 (commencing with Section 35000) of the Financial Code, and to amend Section 82 of, and to add Article 5 (commencing with Section 76) to Chapter 2 of Division 1 of, the Harbors and Navigation Code, relating to recreational marinas.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Division 17 (commencing with Section 35000) of the Financial Code is repealed.

SEC. 2. Article 5 (commencing with Section 76) is added to Chapter 2 of Division 1 of the Harbors and Navigation Code, to read:

Article 5. Recreational Marinas

76. It is the intent of the Legislature that Harbors and Watercraft Revolving Fund moneys be used to implement the intent of Section 71.5 by providing loans directly to private recreational marina owners for the development, expansion, and improvement of boating facilities. It is the further intent of the Legislature that borrowers receiving loans not charge unreasonably high boat berthing fees at their harbor facilities, but that those borrowers be entitled to charge rates that provide for servicing of borrowed indebtedness obtained to develop those facilities, provide for other expenses incurred in operating the facilities, establish reasonable reserves for repairs, maintenance, and replacement of those facilities, and provide a reasonable return on the borrower's invested capital.

76.1. "Private marina owner" means a profit-oriented business enterprise which owns and operates, or intends to develop and operate, a small boat recreational facility providing boat berthing on a wet or dry storage basis and other improvements commonly found in a facility of that type on privately or publicly owned waters within this state.

76.2. "Recreational marina" means a marina owned by a private marina owner which is used by the public primarily for recreational purposes.

76.3. (a) The department may make loans to private marina owners for not more than 75 percent of the actual direct cost for labor and materials to develop a recreational marina. Loan funds from the department shall be utilized for berthing facilities, parking, public access facilities, restrooms, utilities, landscaping, and other incidental boating-related amenities.

(b) No loan made by the department to a private marina owner shall exceed 25 percent of the funds annually budgeted for purposes of this article.

(c) The department shall not make a loan to a recreational marina that restricts access or bars the public other than what is consistent with general commercial business practices.

(d) Any private marina owner who purchases facilities previously developed with a department loan is eligible to apply for a new construction loan from the department.

76.4. (a) An application for a loan under Section 76.3 shall be filed with the department and shall:

(1) Include a feasibility study containing sufficient information and detail to demonstrate that the project is engineeringly and financially feasible.

(2) Be processed with due diligence, giving consideration to the needs of the borrower and the interest of the public in preserving the integrity of the Harbors and Watercraft Revolving Fund.

(3) Include evidence of compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(4) Include all costs incurred by the applicant in processing and obtaining loan proceeds.

(b) The costs of brokerage fees, planning studies, and all other costs for the preparation of the loan application shall be borne by the applicant.

76.5. In processing applications under this article, the department shall give priority to applications from private marina owners who have not received previous loans from the department. If the department finds a proposed loan project is feasible, the loan request shall be submitted to the commission for its advice and consent.

76.6. Loans made under this article shall include, but are not limited to, the following terms and conditions:

(a) The annual rate of interest charged by the department shall be a rate equal to 2 percent per annum plus the prevailing rate of interest existing in the marketplace for lending institutions' most creditworthy borrowers. For purposes of this article, the prevailing rate of interest existing in the marketplace for lending institutions' most creditworthy borrowers means the prime or base rate of interest.

(b) The department shall require collateral in the amount of 110 percent of the loan.

(c) The length of a loan shall not exceed 20 years, or be longer than the length of the borrower's leasehold estate, including renewal options, if the loan is based upon a leasehold estate of the borrower.

(d) All loans shall amortize the principal over the term of the loan. However, a loan shall become due and payable in full if the borrower sells or otherwise transfers the recreational marina developed with departmental funds, unless the transfer is, by reason of the death of the borrower, to the borrower's heirs, or the transfer is to another business entity controlled by the borrower in a transaction that does not result in a material change in control or ownership of the recreational marina.

(e) The department's loans shall not be subordinated to any future loans obtained by a private marina owner, except in those cases involving loans acquired for refinancing previous senior loans.

76.7. (a) All loans made by the department to private marina owners shall be funded from the Harbors and Watercraft Revolving

Fund.

(b) All loans, including those loans previously made under Section 35300 of the Financial Code, shall be repaid by private marina owners to the Harbors and Watercraft Revolving Fund.

(c) Private marina owners receiving loans made by the department shall not charge unreasonably high boat berthing fees.

(d) The department shall monitor the berthing fees of the private marina owners receiving department loans to ensure that these rates are not exorbitant.

76.8. The department may adopt regulations to implement or make this article more specific, including standards for the approval of loans, including, but not limited to, definitions of collateral, standards for the payment of loans, and the form of documents to be used to evidence loans. The purpose of the regulations shall be to ensure that loans made under this article conform with customary commercial practices.

76.9. The maximum amount of funds available for loans pursuant to Section 76.3 shall be according to the following schedule which shall be reviewed after the third year of the program:

(a) Fiscal year 1986–87	$1,000,000
(b) Fiscal year 1987–88	1,500,000
(c) Fiscal year 1988–89	2,000,000

SEC. 3. Section 82 of the Harbors and Navigation Code is amended to read:

82. The commission, in furtherance of the public interest and in accordance therewith, shall advise the department with respect to all matters within the jurisdiction of the department. The department shall submit any proposed changes in regulations pertaining to boating functions and responsibilities of the department to the commission for its review and comment prior to enactment of changes. The department shall submit proposals for transfers pursuant to Section 70, loans pursuant to Section 71.4 or 76.3, and grants pursuant to Section 72.5 to the commission for its advice and consent.

CHAPTER 1310

An act to amend Sections 1054.5, 1055, 1056, and 1059 of, to add Sections 1055.5 and 1070 to, and to add and repeal Section 1056.5 of, the Fish and Game Code, relating to licenses, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State September 30, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1054.5 of the Fish and Game Code is amended to read:

1054.5. The department may issue certificates, permits, licenses, license stamps, and license tags and shall collect for each certificate, permit, license, license stamp, or license tag issued the fees prescribed in this code or in regulations adopted pursuant to this code. No commissioner and no officer or employee of the department may issue licenses, license stamps, or license tags as a license agent pursuant to Section 1055.

SEC. 2. Section 1055 of the Fish and Game Code is amended to read:

1055. (a) The department may authorize any person, except a commissioner or an officer or employee of the department, to be a license agent to issue licenses, license stamps, and license tags. It may consign licenses, license stamps, and license tags to license agents without receiving payment therefor, upon application of the license agent and upon the giving of a bond or assigning a certificate of deposit, payable to the department, as provided in this article. It shall not consign any licenses, license stamps, and license tags to any license agent who fails to fully comply with Section 1055.5.

(b) A license agent authorized under subdivision (a) shall add a handling charge to the fees, which fees are prescribed in this code or in regulations adopted pursuant to this code, for licenses and license tags issued by the license agent in an amount, as follows:

(1) Fifty cents ($0.50) for each commercial fishing license or commercial passenger fishing boat license.

(2) Fifty cents ($0.50) for each sport fishing license or for each hunting license.

(3) Fifty cents ($0.50) for each deer tag application or bear tag application.

(c) No handling charge added under subdivision (b) shall be added for any hunting license stamp, sport fishing license stamp, or special use stamp.

(d) The handling charge added under subdivision (b) shall be incorporated into the total amount collected for issuing the license, license stamp, or license tag, but the handling charge shall not be included when determining license fees in accordance with Section 713. No license agent shall collect from the license applicant any amount which is less than the fee prescribed in this code, or in regulations adopted pursuant to this code, for any license, license stamp, or license tag issued.

(e) The handling charge required by subdivision (b) is the license agent's only compensation for services. No other additional fee or charge shall be made by the license agent for issuing licenses, license stamps, or license tags authorized under this section.

(f) In order to facilitate the prompt remittance of fees and more accurate accounting of licenses, license stamps, and license tags provided for issuance to license agents, the department shall provide each in books containing licenses, license stamps, or license tags that

do not exceed the total fees for 20 resident sportfishing licenses. This subdivision does not apply to nonresident licenses and nonresident license tags. This subdivision applies only to license years commencing on or after July 1, 1986.

(g) At any single business location, a license agent shall issue all items from a single book before commencing to issue licenses, license stamps, or license tags of the same series from another book.

(h) The department, alternatively, may provide for the issuance of licenses, license stamps, and license tags to authorized license agents and shall collect, in cash or cashier's check, at the time the documents are provided an amount equal to the fees for all of the licenses, license stamps, and license tags provided. Any license agent who pays the fees for licenses, license stamps, and license tags provided is exempt from subdivisions (a) and (e) of Section 1055.5, Section 1056, and Section 1059. Licenses, license stamps, and license tags provided pursuant to this subdivision and remaining unissued at the end of the license year may be returned to the department, within 60 days of their expiration date, for refund or credit, or a combination thereof.

(i) All unissued and expired licenses, license stamps, and license tags shall be returned to the department. Any license agent who does not return them within 20 days following the last day of the license year shall not be provided additional licenses, license stamps, or license tags until the unissued and expired licenses, license stamps, and license tags have been returned to the department. In addition, any unissued and expired item that is not returned within 60 days following the last day of the license year shall not be eligible for any refund or credit.

SEC. 3. Section 1055.5 is added to the Fish and Game Code, to read:

1055.5. (a) Except as provided in subdivision (c) or (d), each license agent authorized pursuant to Section 1055 shall remit to the department the fees prescribed in this code or in regulations adopted pursuant to this code for all licenses, license stamps, or license tags issued in each calendar month not later than 20 days following the last day of that calendar month. The transmittal of the fees to the department shall be accompanied with an accounting report on forms provided by the department of all licenses, license stamps, and license tags received, issued, remaining on hand, reported lost under subdivision (b), and returned to the department during the preceding month.

(b) A license agent shall report any losses of licenses, license stamps, or license tags, or any part or all of the fees received for them, to the department on or before the end of the next business day of the department.

(c) A license agent is not required to remit the fees for a book of licenses, license stamps, or license tags in any month if, on the last day of the preceding month, all items in that single book provided for issuance at a single business location are not issued. If, however,

all items in that book are issued, the license agent shall remit the fees for that book and transmit the accounting report in accordance with the requirements of this section.

(d) The license agent may retain not more than fifteen cents ($0.15) of the fee received for each Colorado River special use stamp issued pursuant to Section 7180 as compensation for services. The license agent shall remit to the department the fees prescribed by Section 7180, less any amounts retained under this subdivision, for all Colorado River special use stamps issued. The license agent shall remit the net fees with an accounting report as prescribed in subdivision (a).

(e) Except as provided in subdivision (c), any fee remittance and accounting report not transmitted to the department within 30 days following the last day of each calendar month is delinquent, and fees due are subject to interest and penalties prescribed in subdivision (b) of Section 1059. Interest and penalties shall be computed beginning 21 days following the last day of the calendar month in which the fees were collected.

SEC. 4. Section 1056 of the Fish and Game Code is amended to read:

1056. (a) Every person authorized to issue licenses, license stamps, and license tags under Section 1055 shall execute, in favor of the department, a bond or certificate of deposit, payable to the department, in a sum equal to the value of fees due from the licenses, license stamps, and license tags provided for issuance to that license agent. The bond or certificate of deposit shall secure the faithful accounting and payment to the department of the funds collected and the faithful performance of the duties imposed upon the license agent by this article.

(b) Any license agent who fails to transmit the fees or accounting reports required by Section 1055.5 not later than 60 days following the last day of that calendar month in which the fees were collected shall be bonded pursuant to subdivision (a) in order to continue as a license agent.

(c) The department may waive the requirements of subdivisions (a) and (b) if the license agent has fully complied with Section 1055.5 in each month of the preceding 12 months.

SEC. 5. Section 1056.5 is added to the Fish and Game Code, to read:

1056.5. Notwithstanding subdivision (c) of Section 1056, the department may waive the requirements of subdivision (a) of Section 1056 if the license agent has not been delinquent since July 1, 1985.

This section shall become operative on the operative date of the act enacting this section, and as of July 1, 1986, is repealed, unless a later enacted statute, which becomes effective on or before July 1, 1986, deletes or extends the dates on which it becomes inoperative or is repealed.

SEC. 6. Section 1059 of the Fish and Game Code is amended to

read:

1059. (a) The failure or refusal of any license agent to account for licenses, license stamps, or license tags, or any fees received from their issuance as required by Section 1055.5 or upon demand by an authorized representative of the department is a misdemeanor.

(b) In addition to subdivision (a), any license agent who fails to remit fees to the department on or before the date required by Section 1055.5 shall pay interest and penalties prescribed for sales and use taxes and, except as otherwise provided in this code, the department shall collect amounts owing under the procedures prescribed for sales and use taxes provided in Chapter 5 (commencing with Section 6451) and Chapter 6 (commencing with Section 6701) of Part 1 of Division 2 of the Revenue and Taxation Code, insofar as they may be applicable, and for those purposes, "board" means the department.

SEC. 7. Section 1070 is added to the Fish and Game Code, to read:

1070. (a) The department shall transmit monthly to the Department of Finance, for review, a summary report of the fee remittances and accounting reports received under Section 1055.5 and a delinquency report containing the name and address of any person who failed or refused to fully comply with Section 1055.5. The summary fee remittance and accounting report and the delinquency report shall be transmitted to the Department of Finance not later than 45 days following the last day of the calendar month for which the fee remittances and accounting reports were due under Section 1055.5.

Step 1. $27,273
Step 2. 28,638
Step 3. 30,057
Step 4. 31,559

Reporters shall initially be placed at step 1 of the salary schedule except reporters may be placed at a higher step with the approval of the county administrative officer, and shall advance one step annually upon the anniversary date of the employment. If, because of recruitment difficulties, it is necessary to appoint a court reporter at a step of the salary schedule which is above the step at which any court reporters are currently employed, all court reporters below that step will move to the higher step at the discretion of the judges of the court.

Each pro tempore reporter shall be paid one hundred four dollars and ninety cents ($104.90) for a full day on duty under order of the court. For purposes of receiving the above compensation, one or more of the following shall apply:

(1) The court has indicated in advance that the pro tempore assignment is for a full day.

(2) The pro tempore reporter, having accepted a full-day assignment, has not voluntarily relinquished his or her services at or before the end of four hours of service.

(3) The pro tempore reporter was on duty for more than four hours.

Each pro tempore reporter shall be paid sixty-two dollars and ninety-four cents ($62.94) for one-half day of duty under order of the court when (a) the court has indicated in advance that the pro tempore assignment is for a half day and the pro tempore reporter is on duty for four hours or less, generally exclusive of the noon recess; or (b) the court has indicated in advance that the pro tempore assignment is for a full day but the pro tempore reporter is on duty for four hours or less and consents to being released for the balance of the day.

Where a pro tempore reporter has agreed to a one-half day assignment, the courts shall make every practicable effort to assure that the pro tempore reporter shall not be on duty for longer than four hours, unless the pro tempore reporter agrees with the court to work beyond four hours. In the latter case, the full-day pro tempore rate of one hundred four dollars and ninety cents ($104.90) shall apply.

Nothing herein shall be construed to limit the court's authority to in all instances pay a pro tempore reporter at the rate of one hundred four dollars and ninety cents ($104.90) when, in the court's judgment, said rate is necessary to obtain pro tempore reporter services for the court.

In addition to the salary herein provided, each regularly employed reporter shall accrue and be entitled to receive sick leave benefits at the rate of 3.6924 hours of sick leave with pay for each pay period or major fraction thereof, served up to an accumulative total of 156 working days. Each such reporter shall accrue and receive vacation at the same rate as judges of such court not to exceed 21 working days a year which may be accrued not to exceed 42 days to be taken at such time as the judge to which he has been assigned consents.

In such county the fee required by Section 70053 shall be eleven dollars and fifty cents ($11.50).

SEC. 3. Section 70047.1 of the Government Code is amended to read:

As full compensation for taking notes in criminal cases in the superior court, each reporter shall receive a monthly salary of one thousand nine hundred sixty dollars ($1,960), pro tempore reporters shall receive seventy-five dollars ($75) per day, or any part of a day, for reporting criminal matters, and the fee for reporting testimony and proceedings in civil contested cases is one hundred ten dollars ($110) a day, or any part of a day.

(b) For purposes of retirement, the compensation of a reporter is

deemed to be the total of all per day and transcription fees paid by the county to all of the reporters of the superior court for all phonographic reporting services divided by the number of superior court official reporters, plus the reporter's salary. All other fees of reporters shall be as otherwise provided by law. When it is necessary to appoint a pro tempore reporter, the reporter shall be allowed the fees otherwise provided by law.

(c) The salary range of official court reporters may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the superior court. Any changes in compensation made pursuant to this subdivision shall be on an interim basis and shall expire January 1 following adjournment of the next regular session of the Legislature, unless ratified at that session.

SEC. 4. Section 70059.7 of the Government Code is amended to read:

70059.7. In Santa Barbara County each regular official reporter shall be paid a biweekly salary which shall be one thousand two hundred ninety-seven dollars and ninety-three cents ($1,297.93) which salary shall include payment for services in reporting all proceedings in the superior court, before the grand jury, and before coroners' inquests.

Reporters pro tempore shall be paid at the per diem rate of one hundred twenty-nine dollars ($129) for the days they are actually on duty under order of the court, and shall receive from the county their necessary traveling and other expenses when necessarily called from other counties. Rates of compensation of regular official reporters and official reporters pro tempore may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the court, provided, however, that any changes in compensation which are made pursuant to this section shall be on an interim basis and shall remain in effect only until January 1, 1987, unless ratified by statute by the Legislature prior to that date.

In such a county, the fee required by Section 70053 shall be ten dollars ($10).

In addition to any fee otherwise required, in all contested civil trials wherein the services of a court reporter have been requested by any party to the action, a per diem fee shall be charged to the party requesting such service, or, at the discretion of the court, to the parties on a pro rata basis, for each day of court reporting service or portion thereof, equal to the per diem rate established for pro tempore reporters of the court. If the court assesses the reporter's fee on a pro rata basis, the reporter and fee attached thereto may be waived upon the timely stipulation of all parties. Fees in long-cause civil trials shall be posted with the clerk's office no later than 14 days prior to the date set for master calendar. Fees in short-cause civil trials of one day or less, shall be posted with the clerk's office no later than seven days prior to the date set for the short-cause calendar.

The people of the State of California do enact as follows:

SECTION 1. Section 1596.841 is added to the Health and Safety Code, to read:

The department or the local licensing agency, if there is one, shall also post a written notice

of the temporary suspension at the facility in a place readily visible and accessible to the parents or guardians of children receiving services at the facility. Removal of the posted notice while the temporary suspension is in effect is a violation of this chapter punishable by a fine of five hundred dollars ($500).

(b) If a temporary suspension order is not effected within 30 days of the filing of an accusation, the director or the local licensing agency shall send written notification that the accusation has been filed to the parent or guardian of each child receiving services in the facility.

CHAPTER 1313

An act relating to transportation, and making an appropriation therefor.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) In the Los Angeles-San Diego transportation corridor, which traverses the state's three most populous counties, is one of the most heavily traveled transportation corridors in the country. State Highway Route 5, which is the major transportation facility serving this corridor, is already operating at design capacity on many segments of the highway.

(b) It is obvious that, if the ever-expanding transportation needs in the Los Angeles-San Diego corridor are to be met, alternate modes of transportation need to be expanded and the corridor studied and considered as a whole in achieving this end.

(c) The existing rail line in the Los Angeles-San Diego corridor has the potential to accommodate a significant portion of intercity and commuter travel within the corridor, and it is necessary and in the public interest to develop a program of upgrading the line to accommodate faster and more frequent rail service that will not disrupt essential freight service.

SEC. 2. (a) There is hereby created the Los Angeles-San Diego State Rail Corridor Study Group. The group shall be chaired by the Director of Transportation or a designee of the director.

(b) The following may each appoint a representative to the group:

(1) The Los Angeles County Transportation Commission.

(2) The Orange County Transportation Commission.

(3) The Southern California Association of Governments.

(4) The San Diego Association of Governments.

(5) The Speaker of the Assembly.

(6) The Senate Committee on Rules.

(7) The National Railroad Passenger Corporation (Amtrak).

(8) The Atchison, Topeka and Santa Fe Railway Company.

(9) The Federal Railroad Administration.

(10) The Secretary-Treasurer of the California Labor Federation. This representative to the group shall be a resident of the County of Los Angeles, Orange, or San Diego; currently employed in one of the crafts engaged in the operation of the National Railroad Passenger Corporation trains in the Los Angeles-San Diego corridor; and a representative of a group of employees so engaged.

(c) The group shall develop a program of incremental upgrading of the rail corridor and, in this connection, shall do all of the following:

(1) Identify improvements on the line that will reduce train running times, increase reliability of service, and facilitate additional frequencies for both intercity and commuter service, while maintaining capacity for current freight operations.

(A) Review existing studies of the rail transportation needs of the corridor.

(B) Survey present utilization of facilities for rail travel within the corridor.

(2) Develop criteria to determine priorities of these improvements on a cost-benefit basis, and analyze and make recommendations of the feasible alternative modes of rail transportation.

(3) Investigate the feasibility of public acquisition of all or part of the line to preserve rail passenger and transit service.

(4) Establish an implementation and funding plan.

(d) The group shall prepare and submit to the Legislature a report of its findings and recommendations to the Legislature on or before January 1, 1987.

SEC. 3. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the Transportation Planning and Development Account in the State Transportation Fund to the Department of Transportation for purposes of Section 2 of this act, to be made available to match, in an equal amount, any funds or in-kind services or contributions provided for these purposes from nonstate sources.

CHAPTER 1314

An act to amend Section 11311 of, to amend, repeal, and add Sections 11325, 11326, 11327, 11329, 11330, and 11331 of, the Welfare and Institutions Code, relating to employment.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 11311 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 119 of the Statutes of 1985, is amended to read:

11311. The State Department of Social Services, shall contract with San Diego County, at the county's option, to provide experimental work experience assignments for unemployed parents receiving aid under this chapter who have completed job search assistance workshops and are still unemployed and for whom those work experience assignments are appropriate based upon an assessment by the county under contract with the State Department of Social Services. Participants shall be the designated unemployed parent from two-parent families receiving aid under this chapter, and the unemployed parent in the single-parent household. For purposes of participation, only one custodial parent who is legally obligated to support the child, or, in cases where an eligible child has two legal guardians, only one legal guardian shall be required to participate in the program.

A work experience assignment shall provide all of the following:

(a) Appropriate standards for health, safety, and other conditions applicable to the performance of work.

(b) Assignments which do not result in displacement of persons currently employed (including reduction in overtime pay), the filling of established unfilled position vacancies, or infringement upon promotional opportunities, which would otherwise be available to currently employed regular employees by any actions taken on behalf of a participant in other than an entry-level position, prior to compliance with applicable personnel procedures and collective bargaining agreements. Assignments shall not be made in any bargaining unit where positions are vacant or where employees are on layoff.

(c) Reasonable conditions of work, taking into account the geographic region, the residence of the participants, and the proficiency of the participants.

(d) Participants shall not be required to travel an unreasonable distance from their homes or remain away from their homes overnight.

(e) (1) The maximum number of hours in any month that a participant may be required to work is that number which equals the

amount of aid payable with respect to the family of which the individual is a member, less any amount of child support received by the parent, or by the county on behalf of a child eligible for aid under this chapter divided by the greater of the federal or the applicable minimum wage. This paragraph shall apply to all participants currently assigned to an EWEP project on the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session of the Legislature.

(2) The maximum number of hours in any month that a participant may be required to work is that number which equals the amount of aid payable with respect to the family of which the individual is a member, less any amount of child support received by the parent, or by the county on behalf of a child eligible for aid under this chapter, divided by the greater of (A) the federal or applicable minimum wage or (B) the wage which would be equivalent to the wage for a position most similar to the assignment. This paragraph shall apply to assignments to any EWEP project site developed after the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session of the Legislature. After September 1, 1985, this paragraph shall additionally apply to participants newly assigned to EWEP project sites in existence on the effective date of the amendments made to this section during the 1985 portion of the 1985–86 Regular Session of the Legislature.

For purposes of paragraphs (1) and (2), work experience assignments shall not exceed 13 weeks in duration. In no event shall the hours of required work exceed 32 hours in four days of any given workweek, the fifth day of the workweek remaining for job search.

(f) Transportation and other costs reasonably necessary and directly related to participation in the assignment. The county shall make every effort to provide transportation expenses in advance of need, and when it is not possible to do so, the county shall reimburse the participant within 14 days from the time that the expense is incurred. To facilitate advance payments of transportation expenses, the department shall seek a federal waiver to hold the county harmless for reimbursements disallowed because a recipient failed to participate in the program. In the event a federal waiver cannot be obtained, the state and county shall share the cost of the disallowed reimbursements equally.

(g) An assignment shall not be developed in response to, or be associated with, the existence of a strike, lockout, or other bona fide labor dispute, or be in violation of any existing collective bargaining agreement between employees and employers.

(h) An assignment shall not be developed through replacement of a person in a position that has been created by termination or layoff of a person for purposes of this section.

(i) A person shall not be required to accept a work experience assignment, if the assignment would result in the removal of the individual from a training program which utilizes funds made available pursuant to the federal Job Training Partnership Act (P.L.

97-300, 29 U.S.C. Sec. 1501, et seq.), or any other recognized training program or an accredited educational institution, if the individual is enrolled in nine or more semester units, or their equivalent, toward the attainment of a degree or a certification. A nonexempt individual who is enrolled in an educational program for nine or more semester units, or their equivalent, shall not be required to participate in the Employment Preparation Program pursuant to Article 3.5 (commencing with Section 11325) until the summer recess or other academic recess which provides sufficient time to complete the Employment Preparation Program without an interruption in the individual's educational program.

(j) If an overpayment occurs, pursuant to Section 11004, an amount equal to the minimum wage multiplied by the number of hours worked in that month in a community work experience position shall be deducted from the overpayment assessed for the month in which that work was performed. This paragraph shall become inoperative unless a federal waiver is secured.

(k) All participants shall receive at the time of orientation a description of the program, including what will be expected of the participant and the consequences of failing to participate, what services will be available, and the resources available to a participant in the event the participant believes that the program imposes undue hardship.

(*l*) The participant shall be allowed to select his or her work experience assignment from a list of project sites provided by the county.

The purpose of the work experience experiment shall be to determine the usefulness of such an approach in achieving the eventual employment of the unemployed parent.

The work experience assignment shall be in public and private nonprofit agencies which meet the requirements of subdivision (e) of Section 5007.5 of the Unemployment Insurance Code.

If it appears that a participant is not willing to take part in the program, the county shall provide an opportunity for that person to establish good cause for lack of participation. Good cause criteria to be utilized, commencing on July 1, 1985, by Work Incentive Demonstration programs and the Employment Preparation Program, provided for pursuant to Article 3.5 (commencing with Section 11325), shall also apply to this section effective January 1, 1986, to the extent that they are consistent with this section.

Good cause shall include all of the following:

(a) Illness or incapacity.

(b) Court-required appearances or temporary incarceration.

(c) Major family crisis.

(d) Breakdown in transportation arrangements with no readily accessible alternative means of transportation.

(e) Inclement weather which prevented the recipient and other persons similarly situated from traveling to or participating in the prescribed activity.

(f) Breakdown in child care arrangements.

(g) Lack of other supportive services necessary for participation.

(h) Refusal to accept major medical services even if the refusal precludes participation in the program.

(i) Other substantial and compelling reasons.

The conciliation procedures provided for under subdivision (b) of Section 5302 of the Unemployment Insurance Code shall apply to this section.

Notwithstanding Section 11308, if a principal wage earner is sanctioned due to failure to meet the requirements of this section, failure to meet these requirements shall not affect the eligibility for aid of any other member of the family unit. This paragraph shall not be operative if it is found to jeopardize federal financial participation for the remaining portions of the program authorized by this section provided that the federal government issues a final order and the state has exhausted all available remedies.

Notwithstanding Section 11308, if a principal wage earner is sanctioned due to failure to meet the requirements of Article 3.5 (commencing with Section 11325), failure to meet these requirements shall not affect the eligibility for aid of any other member of the family unit. This provision shall become inoperative unless a federal waiver is secured. The State Department of Social Services shall seek a waiver from the federal government in order to implement this paragraph.

If at any time during the time the participant or family is ineligible for aid, the participant agrees to participate, the sanctions procedure shall stop, and the participant or family unit shall be considered eligible for the benefits it was entitled to prior to the imposition of sanctions, except that this provision shall not apply if sanctions are imposed against a participant more than once. Retroactive payments shall not be made for the sanction period unless the sanctions were made erroneously. All notice of action letters shall come from the department, and not from the Employment Development Department. This paragraph shall apply to persons sanctioned for failure to meet the requirements of this section and Article 3.5 (commencing with Section 11325). This paragraph shall become inoperative unless a federal waiver is secured.

From whatever state or federal funds are appropriated to support community work experience programs, funds shall be allocated sufficient to meet the child care needs of eligible participants, including those participants with school age children who are in need of care before or after school hours. No registrant shall be required to participate until a thorough, individual assessment of child care needs is conducted, and appropriate child care arrangements are made. The evaluation of the need for child care shall be conducted jointly between the registrant and the county social worker assigned to the case. The county shall assist the registrant in obtaining suitable child care. Appropriate child care may be arranged by any of the following:

(1) Direct referral to licensed child care homes and facilities.

(2) Referral to a state-funded resource and referral agency.

(3) Independently arranged in-home or out-of-home child care by family members.

The county shall conduct a periodic review of child care arrangements to ensure adequate care and supervision of the children throughout the registrant's participation in the program components. This review shall be conducted at least bimonthly and the results of the review, as well as the results of the initial assessment, shall be thoroughly documented in the registrant's case file.

Approved child care arrangements shall be by direct payment to the child care provider.

A cooperative agencies resources for education program shall be established in San Diego County at a local community college. Where it is appropriate, recipients participating in employment preparation programs or community work experience program may be referred to this cooperative agencies resources for education program.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless either:

(1) Federal financial participation cannot be obtained for recipients of aid under this chapter participating in the program provided for in this section, in which case this section shall remain in effect only until July 1, 1986, and as of that date is repealed.

(2) A later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 1.5. Section 11325 of the Welfare and Institutions Code is amended to read:

11325. The Legislature recognizes that most employable persons who receive public assistance would prefer to be self-supporting if offered the opportunity to do so.

The Legislature further recognizes that the general public lacks confidence in the existing public assistance system because rather than eliminating dependency, the system often seems to encourage it by not providing sufficient incentives for work.

The Legislature further recognizes that public assistance programs should be reserved for those persons who are in need because of their inability to work productively due to circumstances beyond their control.

Therefore, it is the intent of the Legislature to pursue a more intensive approach to solving the employment problems of those persons who are in need of assistance because, although they are able to work, they lack the training or experience required by employers or they lack the ability to find and retain suitable permanent employment.

Toward the achievement of this end, the Legislature intends that the provisions of this article serve to implement an integrated

Employment Preparation Program to be administered by the State Department of Social Services. The goal of the Employment Preparation Program is to prevent and reduce welfare dependency by assisting AFDC applicants and recipients to find jobs as quickly as possible. To attain this goal, services and techniques such as any of the following may be utilized:

(a) Providing immediate job services.

(b) Imparting self-help job search skills at the earliest possible time.

(c) Assisting in direct placement and self-placement of AFDC applicants and recipients into permanent private sector and unsubsidized employment. Recipients who do not succeed in obtaining employment through the Employment Preparation Program may be eligible for participation in the California Welfare Employment Skills Training Act established pursuant to Article 3.7 (commencing with Section 11340), subject to the eligibility criteria set forth in that article and to the availability of sufficient funding.

(d) Developing effective linkages among all state and local employment and training agencies, especially those operating Job Training Partnership Act (JTPA) programs, provided for pursuant to Division 8 (commencing with Section 15000) of the Unemployment Insurance Code, to ensure that AFDC applicants and recipients have maximum work and training opportunities.

This section shall become inoperative on January 1, 1988, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 11325 is added to the Welfare and Institutions Code, to read:

11325. The Legislature recognizes that most employable persons who receive public assistance would prefer to be self-supporting if offered the opportunity to do so.

The Legislature further recognizes that the general public lacks confidence in the existing public assistance system because rather than eliminating dependency, the system often seems to encourage it by not providing sufficient incentives for work.

The Legislature further recognizes that public assistance programs should be reserved for those persons who are in need because of their inability to work productively due to circumstances beyond their control.

Therefore, it is the intent of the Legislature to pursue a more intensive approach to solving the employment problems of those persons who are in need of assistance because, although they are able to work, they lack the training or experience required by employers or they lack the ability to find and retain suitable permanent employment.

Toward the achievement of this end, the Legislature intends that the provisions of this article serve to implement an integrated Employment Preparation Program to be administered by the

Employment Development Department with the full cooperation of the State Department of Social Services, city and county employment and training agencies, and county welfare departments. The goal of the Employment Preparation Program is to prevent and reduce welfare dependency by assisting AFDC applicants and recipients to find jobs as quickly as possible. To attain this goal, the Employment Development Department shall utilize such services and techniques as:

(a) Providing immediate job services.

(b) Imparting self-help job search skills at the earliest possible time.

(d) Developing effective linkages among all state and local employment and training agencies, especially those operating federal Job Training Partnership Act (29 U.S.C. Sec. 1501, et seq.) programs, to ensure that AFDC applicants and recipients have maximum work and training opportunities.

5201. A minor may make a valid premarital agreement or other marital property agreement if the minor is emancipated or is otherwise capable of contracting marriage.

5202. (a) A premarital agreement or other marital property agreement that is executed and acknowledged or proved in the manner that a grant of real property is required to be executed and acknowledged or proved may be recorded in the office of the recorder of each county in which real property affected by the agreement is situated.

(b) Recording or nonrecording of a premarital agreement or other marital property agreement has the same effect as recording or nonrecording of a grant of real property.

5203. Nothing in this chapter affects the validity or effect of premarital agreements made before January 1, 1986, and the validity and effect of those agreements shall continue to be determined by the law applicable to the agreements prior to January 1, 1986.

CHAPTER 2. UNIFORM PREMARITAL AGREEMENT ACT

Article 1. Preliminary Provisions

5300. This chapter shall be known and may be cited as the Uniform Premarital Agreement Act.

5301. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

5302. This chapter is effective on and after January 1, 1986, and applies to any premarital agreement executed on or after that date.

Article 2. Premarital Agreements

5310. As used in this chapter:

(a) "Premarital agreement" means an agreement between prospective spouses made in contemplation of marriage and to be effective upon marriage.

(b) "Property" means an interest, present or future, legal or equitable, vested or contingent, in real or personal property, including income and earnings.

5311. A premarital agreement shall be in writing and signed by both parties. It is enforceable without consideration.

5312. (a) Parties to a premarital agreement may contract with respect to all of the following:

(1) The rights and obligations of each of the parties in any of the property of either or both of them whenever and wherever acquired or located.

(2) The right to buy, sell, use, transfer, exchange, abandon, lease, consume, expend, assign, create a security interest in, mortgage, encumber, dispose of, or otherwise manage and control property.

(3) The disposition of property upon separation, marital dissolution, death, or the occurrence or nonoccurrence of any other event.

(4) The making of a will, trust, or other arrangement to carry out the provisions of the agreement.

(5) The ownership rights in and disposition of the death benefit from a life insurance policy.

5314. After marriage, a premarital agreement may be amended or revoked only by a written agreement, signed by the parties. The amended agreement or the revocation is enforceable without consideration.

5315. (a) A premarital agreement is not enforceable if the party against whom enforcement is sought proves either of the following:

(1) That party did not execute the agreement voluntarily.

(2) The agreement was unconscionable when it was executed and, before execution of the agreement, all of the following applied to that party:

(C) He or she did not have, or reasonably could not have had, an adequate knowledge of the property or financial obligations of the other party.

(b) An issue of unconscionability of a premarital agreement shall be decided by the court as a matter of law.

5316. If a marriage is determined to be void, an agreement that would otherwise have been a premarital agreement is enforceable only to the extent necessary to avoid an inequitable result.

5317. Any statute of limitations applicable to an action asserting a claim for relief under a premarital agreement is tolled during the marriage of the parties to the agreement. However, equitable defenses limiting the time for enforcement, including laches and estoppel, are available to either party.

SEC. 4. If any provision of this act or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 1316

An act to amend Sections 779.1 and 779.21 of, and to add Sections 779.32, 779.33, and 779.35 to, the Insurance Code, relating to insurance.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 779.1 of the Insurance Code is amended to read:

779.1. The purpose of this article is to promote the public welfare by regulating credit life insurance and credit disability insurance. Nothing in this article is intended to prohibit or discourage reasonable competition.

SEC. 2. Section 779.21 of the Insurance Code is amended to read:

779.21. The commissioner may adopt, pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, such reasonable rules and regulations as may be necessary to carry out the provisions of this article. However, except as otherwise provided in Section 779.35, the Legislature reserves to itself, on or after January 1, 1985, the adoption of any additional rules or regulations governing rates for or compensation derived from the sale of credit life and credit disability insurance or rules and regulations governing retention or reserve levels, as may be necessary to carry out the provisions of this chapter.

SEC. 3. Section 779.32 is added to the Insurance Code, to read:

779.32. (a) The term "compensation," for the purpose of this article means any valuable consideration including, but not limited to, all paid or credited commissions, contingent commissions, service fees, fees, consulting fees paid or credited within or outside this state in relation to business produced or to be produced or written or to be written in this state, electronic data process equipment or services, supplies (other than forms approved by the commissioner and the usual claims and reporting forms and envelopes for transmitting the claims and brochures, rate books, and rate charts), rental equipment of any type, advertising, telephone provided by an insurer, its agent, or any related person without charge of actual charge or at a charge less than the usual cost, profit sharing plans, experience rating refunds, experience rating credits, dividends,

expense allowances, stock plans or bonuses, and any other form of credit, including moneys assumed, or expenditures in any form whatsoever, direct or indirect, paid by or on behalf of the insurer, or by any subsidiary or parent, or subsidiary of the parent of the insurer, or by any other person to or on behalf of any group policyholder, agent, general agent, or disability broker or withheld by any group policyholder, agent, general agent, or disability broker.

(b) The maximum amount of total compensation, as defined in subdivision (a), payable by any insurer shall not exceed 35 percent of the prima facie credit life insurance rates and 30 percent of the prima facie disability insurance rates. Of the maximum total compensation allowable, the creditor shall be limited to a compensation rate of 27.5 percent of the prima facie credit life insurance rates and 23.75 percent of the prima facie credit disability insurance rates. The general agent's maximum total compensation allowable shall be limited to 7.5 percent of the prima facie credit life insurance rates and 6.25 percent of the prima facie credit disability insurance rates. A creditor may not receive both the creditor's and the general agent's compensation on its own produced insurance. A general agent may also receive additional primary compensation deducted from the maximum primary compensation allowable to the creditor.

If the commissioner has reason to believe that compensation is in fact or is contracted to be in excess of the maximum amount specified in this section, the commissioner may conduct a hearing or investigation, including the right to examine any contracts relating to the direct or indirect payment of compensation, to determine whether the insurer, general agent, or any other person is paying or whether an agent, general agent, or broker is receiving any form of compensation in excess of the applicable maximum amount of compensation specified in this section.

(c) On and after January 1, 1987, no contract of credit life or credit disability insurance shall be issued in this state unless, if applicable, the maker first ascertains, using reasonable diligence, that any nonadmitted reinsurer possesses capital and surplus of at least one million dollars ($1,000,000).

(d) Nothing in this article shall be construed to authorize the payment of any form of compensation to any creditor or to any person otherwise prohibited from receiving that form of compensation. Nor shall this article be construed to authorize the payment of experience rating refunds prior to the anniversary date of the policy. Those refunds shall be computed annually based on premiums earned to that anniversary date.

SEC. 4. Section 779.33 is added to the Insurance Code, to read:

779.33. The use of compensating balances or special deposit accounts in connection, either directly or indirectly, with a credit life insurance program or a credit disability insurance program of a credit institution, whether on a group or an individual basis, is prohibited.

Compensating balances or special deposit accounts include, but not to the exclusion of other types of balances and accounts, the following:

(1) The deposit of premiums to the account of the insurer in the financial institution for which the insurer provides the credit insurance program, when the account is either noninterest bearing or at a rate of interest less than usual or is controlled by the institution.

(2) Remitting premiums to the insurer after the expiration of the grace period on a regular basis so that the arrearage period is constant.

(3) The retention of premiums by an agent or broker to whom the financial institution remits premiums for a period of time which is not reasonably related to the time normally expected to be needed for the agent or broker to remit the premium to the insurer, if that delay is a continuing feature of the premium paying process.

(4) Any other practice which unduly delays receipt of premiums by the insurer on a regular basis, or which is followed by an insurer when the practice involves use of the financial resources of the insurer for the benefit of the credit institution.

The foregoing criteria apply regardless of whether premiums are due the insurer on the single premium in advance system or on the monthly outstanding balance system. Nothing herein shall prevent the insurer from making deposits in a financial institution which are not related to a credit insurance program if it is in fact not related to whether the insurer is the insurer which insures the credit insurance program.

SEC. 5. Section 779.35 is added to the Insurance Code, to read:

779.35. (a) The premium rates applicable with respect to the sale of credit life and credit disability insurance are those rates in effect March 5, 1985, as follows:

(1) Premium rates applicable with respect to the sale of credit life insurance are those rates and presumptive loss levels contained in Section 2248.9 of Title 10 of the California Administrative Code, except that the presumptive loss ratio level for Class C credit unions shall not be 70 percent but shall be the same as that specified for all classes except C and F.

(2) Premium rates applicable with respect to the sale of credit disability insurance are those rates and presumptive loss ratio levels referred to in Section 2248.9 of Title 10 of the California Administrative Code, except that the presumptive loss ratio level for Class C credit unions shall not be 70 percent but shall be the same as that specified for all classes except C and F. The disability rates are the credit disability insurance rate tables A through E incorporated in Section 2248.9 by express reference.

(b) The foregoing rates shall not be subject to adjustment based upon creditor size criteria in effect on March 5, 1985, and contained in subdivisions (b) and (c) of Section 2248.9, and related tables, of Title 10 of the California Administrative Code. Furthermore the

rates shall not be subject to those upward or downward rate deviation provisions in effect on March 5, 1985, and contained in Section 2248.10, and related tables, of Title 10 of the California Administrative Code. The commissioner may, however, adjust any rate specified in subdivision (a) if it is demonstrated to his or her satisfaction that the rate provides an inadequate margin for reasonable expenses, profits, or reserves.

SEC. 6. It is the intent of the Legislature that, except as authorized pursuant to subdivision (b) of Section 779.35 of the Insurance Code, the provisions of this act shall operate to prohibit the adoption of any regulations of the Department of Insurance with respect to credit life and credit disability insurance except for regulations promulgated pursuant to Section 779.27 of the Insurance Code.

SEC. 12. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the uniquely complex relationships which exist among cities, special districts, and unincorporated communities in the state's most populous county. In light of these complex relationships, proposals to alter the boundaries of large cities require additional procedures which are not applicable to other local agencies.

SEC. 13. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1325

An act to amend Sections 17052.5, 17052.8, 23601, and 23601.5 of the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) A sum, not to exceed two million four hundred thousand dollars ($2,400,000), is hereby appropriated from the General Fund to the Controller for allocation from the Tax Relief and Refund Account for the purpose of making the refunds provided for in Section 17052.8 of the Revenue and Taxation Code, as enacted by Chapter 904 of the Statutes of 1980, and for the purpose of reimbursing associated administrative costs, in an amount not to exceed one hundred thousand dollars ($100,000), incurred by the Franchise Tax Board.

(b) It is the intent of the Legislature in enacting this statute to provide relief to those individuals whose adjusted gross income was less than fifteen thousand dollars ($15,000) and to those married couples whose adjusted gross income was less than thirty thousand dollars ($30,000), in the taxable year in which the credit was originally claimed and who filed valid claims for a refundable tax credit during the filing period established by former Section 17052.8, as determined by the Franchise Tax Board, for a tax year to which Section 17052.8 applied and for which the refundable tax credit was not paid.

(c) Taxpayers eligible for refunds under this act are individuals who meet all of the following:

(1) Are described in subdivision (b).

(2) Had tax liabilities for the four preceding taxable years, computed for the respective taxable year under the Personal Income Tax Law minus all other credits provided for in the Personal Income Tax Law, except the credits provided in Sections 17053.5, 17061, and 18551.1, the sum of which is less than the refundable tax credit claimed under Section 17052.8 of the Revenue and Taxation Code, as enacted by Chapter 904 of the Statutes of 1980 (relating to energy conservation measures).

(3) Were not required to pay tax on preference income imposed by Chapter 2.1 (commencing with Section 17062) of Part 10 of Division 2 of the Revenue and Taxation Code in the taxable year in which the tax credit was originally claimed.

(d) The amount authorized by the Franchise Tax Board shall equal the amount of the original claim less any portion of the claim which was subsequently used, or could have been used, as an offset

against taxes owed. The amount paid shall not include interest on the original amount claimed.

(e) The Franchise Tax Board shall, within 90 days from the effective date of this act, give notice to all individuals known by the Franchise Tax Board to be potentially eligible for the relief provided by this act. The notice shall be accompanied by a claim form and shall specify that claims for relief shall be filed not later than 90 days from the date the claim form was mailed to the individual by the Franchise Tax Board. No claim shall be authorized by the Franchise Tax Board for payment before 180 days after the effective date of this act. If the Franchise Tax Board determines that the total claims submitted exceed the sum of two million three hundred thousand dollars ($2,300,000), the Franchise Tax Board shall immediately report that fact to the Legislature and the Director of Finance, specifying the amount of the deficiency and shall thereupon pay a prorated amount for all valid claims. The Director of Finance shall include in the budget for the 1986–87 fiscal year an item appropriating an amount sufficient to meet any deficiency in excess of one hundred thousand dollars ($100,000).

SEC. 2. Section 17052.5 of the Revenue and Taxation Code is amended to read:

17052.5. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraph (A), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (h)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and before August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 50 percent, and the credit shall not exceed three thousand dollars ($3,000) per solar energy system as defined in subdivision (h). For purposes of determining the eligibility of systems installed on multifamily dwellings, the percentage credit specified by this paragraph shall apply to multifamily dwellings if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. For any such solar energy system installed on dwellings, excluding multifamily dwellings, on or after August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 10 percent and the credit shall not exceed one thousand dollars ($1,000) per solar energy system as defined in subdivision (h).

(A) Only the owner of the premises (as defined in subdivision (h)) on which the solar energy system is installed may claim the tax

credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election, if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system installed prior to August 1, 1985, for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations made prior to August 1, 1985, which qualify for this credit, the credit shall be as defined in this paragraph.

(B) The solar energy tax credit shall be claimed in the state income tax return for the taxable year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit for the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the single-family dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars ($3,000) per system for installations made on or before July 31, 1985, and one thousand dollars ($1,000) per system for installations made on or after August 1, 1985.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (h)) of the solar energy system, except for wind energy systems installed on or after January 1, 1986, for which the credit shall be 15 percent of the cost. This paragraph shall apply to solar energy systems installed on multifamily dwellings on or after August 1, 1985, except as provided in paragraph (2).

A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in subdivision (h)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost. This paragraph shall not apply to systems installed on or after August 1, 1985, except for those multifamily installations described in paragraph (2).

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who lease a solar energy system installed on premises in California owned by the taxpayer shall receive a tax credit as provided in subparagraph (A) or (B) provided the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (h)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars ($3,000) for each system installed on or before July

31, 1985, and one thousand dollars ($1,000) for each system installed on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subparagraph shall be 50 percent. For any solar energy system installed on dwellings, exclusive of multifamily dwellings, on or after August 1, 1985, the percentage specified by this subparagraph shall be 10 percent.

(B) In the case of premises other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the credit shall equal 25 percent of the cost (as defined in subdivision (h)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. This subparagraph shall apply to systems installed on multifamily dwellings on and after August 1, 1985, except as provided in paragraph (2). In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public entity for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and any grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises.

(d) In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over to the "net tax" in succeeding taxable years, until the credit is used. The credit shall be applied first to the earliest years possible. With respect to solar energy systems installed before January 1, 1985, where the credit allowed exceeds the taxpayer's net tax for the taxable year in which the system was installed, no excess portion of the credit shall be

applied against the taxpayer's "net tax" for the 1985 taxable year and no more than one-third of the excess portion of the credit shall be applied against the taxpayer's "net tax" for each of the 1986, 1987, and 1988 taxable years. For the 1989 taxable year and taxable years thereafter, any remaining excess credit may be applied and carried forward without restriction. With regard to wind energy systems purchased and installed on or after August 1, 1985, and on or before December 31, 1985, no more than one-third of the allowable credit under this section shall be applied against the taxpayer's "net tax" for each of the 1985, 1986, and 1987 taxable years. Any credit remaining after the 1987 taxable year shall be applied and carried forward without restriction. However, the full credit allowed under this section for wind energy systems may be applied against the taxpayer's "net tax" for the 1985 taxable year if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. With regard to wind energy systems installed on or after January 1, 1986, no more than one-third of the allowable credit under this section shall be applied against the taxpayer's "net tax" for each of the taxpayer's 1986, 1987, and 1988 taxable years. Any credit remaining after the 1988 taxable year shall be applied and carried forward without restriction.

(f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. These guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(g) To the extent that federal energy tax credits are allowed or allowable for costs incurred by a taxpayer for the purchase and installation of a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed 55 percent of these costs, notwithstanding the carryover provisions of subdivision (e). For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subdivision shall be 50 percent. This subdivision shall not apply to solar energy systems installed on or after August 1, 1985, except those multifamily installations described in paragraph (2) of subdivision (a).

(h) For purposes of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Cost" includes all of the following:

(A) Equipment and installation charges.

(B) Compensation paid to the owner of burdened property in connection with the acquisition of a solar easement, as defined in Section 801.5 of the Civil Code, and the fees for the recording of this easement.

(C) In the case of a system which is leased, the principal recovery portion of lease payments, which is the cost incurred by the taxpayer in acquiring the solar energy system excluding interest charges and maintenance expenses.

"Cost" does not include interest charges and costs associated with the acquisition of an easement other than a solar easement.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(4) "Premises" means the principal stationary location in California where the system is installed for direct use or for purposes of sale of energy, and includes land, easements, buildings or portions thereof, and mobilehomes.

(5) "Dwelling" means a building, or portion thereof, used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and the individual units of condominiums.

(B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings.

(6) (A) "Solar energy system" means the use of solar devices for the individual function of:

(i) Domestic or service water heating.

(ii) Space conditioning.

(iii) Production of electricity.

(iv) Process heat.

(v) Solar mechanical energy.

(vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(7) "Solar device" means the equipment associated with the collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living or commercial space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(10) "Semipassive thermal system" means a system which utilizes the structural elements of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(11) "Municipal solar utility" means a city, county, or municipal utility district, or agency thereof, which sells or leases solar or other energy generating equipment or energy saving devices for residential, commercial, agricultural, or industrial uses or which issues permits to companies engaged in the leasing of this equipment.

(i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17250. In addition, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.

(j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(k) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

(*l*) Notwithstanding the provisions of subdivision (k), a taxpayer or any other party who has undertaken significant construction or expenditures associated with the acquisition or installation of a solar energy system on or before October 31, 1986, shall be eligible for the tax credit authorized by this section in the taxable year in which the system is installed if the installation is completed on or before June 30, 1987.

For purposes of this section, "significant construction or expenditures associated with the acquisition or installation of a solar energy system" requires the completion of at least two of the following:

(i) The placement of at least 50 percent of the funds necessary for project completion in an escrow account. Funds placed in escrow may include funds borrowed pursuant to a construction loan or other debt arrangement.

(ii) The payment of all necessary earnest money required to

maintain interconnection priority with a purchasing utility and the receipt of all required building permits or zoning approval, such as a conditional use permit.

(iii) The signing of a binding agreement (such as a lease, easement, or purchase agreement) for the land necessary for the solar energy system and the signing of a binding agreement for major solar energy production equipment purchases necessary for the solar energy system.

SEC. 3. Section 17052.8 of the Revenue and Taxation Code is amended to read:

17052.8. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039, an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, and before August 1, 1985, including measures installed on multifamily dwellings before August 1, 1985, the percentage specified in the preceding sentence shall be 35 percent, and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures which are installed on or after August 1, 1985, excluding measures installed on multifamily dwellings on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent, and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the energy conservation tax credit for any or all energy conservation measures installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the measures are installed may claim the credit provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state income tax return for the taxable year in which the energy conservation measures were installed. However, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the energy conservation measures are installed may claim the credit in the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the single-family dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the taxable year in which the energy conservation measure was installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that tax year.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the amount of the credit allowed by this section which is applicable to installations of measures made prior to January 1, 1986, shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measures. With regard to premises in California which are owned by the taxpayer, other than single-family dwellings, the amount of the credit allowed by this section which is applicable to installations made on or after January 1, 1986, shall be 20 percent of the cost, as defined in paragraph (7) of the energy conservation measures.

(4) (A) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the energy conservation measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost. This paragraph shall not apply to energy conservation measures installed on or after August 1, 1985.

(B) In the case of a taxpayer who qualifies for a refund provided for under this subdivision, whose credits exceed tax liability computed under this part, minus all other credits provided in this part, except the credits provided in Sections 17053.5, 17061, and 18551.1, such taxpayer shall be allowed a credit to the extent of the taxpayer's tax liability plus a refund in excess of that amount up to, or combined credit and refund equal to, the credit otherwise provided in this section. For the purposes of this subdivision, a taxpayer qualified for a refund means an individual taxpayer whose adjusted gross income is less than fifteen thousand dollars ($15,000) and married taxpayers filing joint returns whose adjusted gross income is less than thirty thousand dollars ($30,000), in the taxable year in which the credit provided in this section is claimed. This subparagraph shall not apply to taxable years beginning on or after January 1, 1982.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the

principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and on or before July 31, 1985, the percentage specified in the preceding sentence shall be 35 percent and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures which are installed on dwellings, excluding multifamily dwellings, on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent, and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(B) In the case of premises, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the credit provided by this paragraph for installation of measures made before January 1, 1986, shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. In the case of premises, other than single-family dwellings, the credit provided by this paragraph for installations of measures made on or after January 1, 1986, shall equal 20 percent of the cost (as defined in paragraph (7)) of the purchased portion and 20 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payment for the first three years of operation or until the credit terminates, whichever occurs first. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purpose of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures, but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any energy conservation measure for which a

credit is allowed shall be reduced by the amount of the credit. The basis adjustment shall be made for the taxable year for which the credit is allowed.

(c) With the exception of a husband and wife, if there is more than one owner of a premises on which energy conservation measures are installed, each owner shall be eligible to receive the energy conservation tax credit in proportion to his or her ownership interests in the premises. In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.

(d) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds such "net tax" may be carried over to the "net tax" in succeeding taxable years, provided that no excess portion of the allowable credit available with respect to measures installed before January 1, 1985, shall be applied against the taxpayer's "net tax" for the 1985 taxable year and no more than one-third of the allowable excess portion of the credit shall be applied against the taxpayer's "net tax" for each of the taxpayer's 1986, 1987, and 1988 taxable years. For the 1989 taxable year and taxable years thereafter, any unused portion of the credit shall be applied and carried forward without restriction. This subdivision does not apply to taxpayers eligible for a refund pursuant to subparagraph (B) of paragraph (4) of subdivision (a).

(e) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(f) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent of the cost for measures installed on or before July 31, 1983, or 35 percent of the costs for measures installed on or after August 1, 1983, and on or before July

31, 1985, notwithstanding the carryover provisions of subdivision (d). This paragraph shall not apply to measures installed on or after August 1, 1985.

(2) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent the credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (3) of subdivision (a), for measures installed prior to August 1, 1985, shall be reduced by the amount of the federal credit. This paragraph shall not apply to measures installed on or after August 1, 1985.

Energy conservation measures in the generic categories of subparagraphs (A), (B), (C), (D), (E), (F), (K), and (O) shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1986.

Energy conservation measures in the generic categories of subparagraphs (G), (H), (I), (J), (L), (M), and (N) shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for taxable years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date specified in this paragraph.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means the operational California plan approved in 1983 pursuant to Section 456.204 of Title 10 of the Code of Federal Regulations and maintained

under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(h) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17253. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(i) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the taxable year in which the energy conservation measure was installed or for any prior taxable year.

(j) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(k) (1) Except as provided in paragraph (2) of this subdivision, the tax credit provided by this section shall not apply to energy conservation measures required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding the provisions of paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (g).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 4. Section 23601 of the Revenue and Taxation Code is amended to read:

23601. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (6).

(2) Except as provided in subparagraph (A), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (f)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned

by the taxpayer at the time of installation. For any such solar energy system installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and before August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (e) shall be 50 percent, and the credit shall not exceed three thousand dollars ($3,000) per solar energy system as defined in subdivision (f). For purposes of determining the eligibility of systems installed on multifamily dwellings, the percentage credit specified by this paragraph shall apply to multifamily dwellings if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. For any such solar energy system installed on single-family dwellings, on or after August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (e) shall be 10 percent, and the credit shall not exceed one thousand dollars ($1,000) per solar energy system as defined in subdivision (f).

(A) Only the owner of the premises (as defined in subdivision (f)) on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system installed prior to August 1, 1985, for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations made prior to August 1, 1985, which qualify for this credit, the credit shall be as defined in this paragraph.

(B) The solar energy tax credit shall be claimed in the state return for the income year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit for the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the single-family dwelling.

(C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the

formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars ($3,000) per system for installations made on or before July 31, 1985, and one thousand dollars ($1,000) per system for installations made on or after August 1, 1985.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (f)) of the solar energy system, except for wind energy systems installed on or after January 1, 1986, for which the credit shall be 15 percent of the cost. This paragraph shall apply to solar energy systems installed on multifamily dwellings on or after August 1, 1985, except as provided in paragraph (2).

A taxpayer, who claimed the solar energy tax credit on the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

(4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in subdivision (f)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost. This paragraph shall not apply to systems installed on or after August 1, 1985, except for those multifamily installations described in paragraph (2).

(5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by

the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(6) Taxpayers who lease a solar energy system installed on premises in California owned by the taxpayer shall receive a tax credit as provided in subparagraph (A) or (B) provided that the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.

(A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (f)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars ($3,000) for each system installed on or before July 31, 1985, and one thousand dollars ($1,000) for each system installed on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subparagraph shall be 50 percent. For any solar energy system installed on single-family dwellings on or after August 1, 1985, the percentage specified by this subparagraph shall be 10 percent.

(B) In the case of premises other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the credit shall equal 25 percent of the cost (as defined in subdivision (f)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. This subparagraph shall apply to systems installed on multifamily dwellings on or after August 1, 1985, except as provided in paragraph (2). In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year.

(7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public agency for such system.

(b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years until the credit is used. The credit shall be applied first to the earliest years possible. With respect to solar energy systems installed before January 1, 1985, where the credit allowed exceeds the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year in which the system was installed, no excess portion of the credit shall be applied against the taxpayer's taxes imposed by this part for the 1985 income year and no more than one-third of the excess portion of the credit shall be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1986, 1987, and 1988 income years. For the 1989 income year and income years thereafter, any remaining excess credit may be carried forward and applied against the taxpayer's tax imposed by this part (except for the minimum franchise tax and the tax on preference income) without restriction. With regard to wind energy systems purchased and installed on or after August 1, 1985, and on or before December 31, 1985, no more than one-third of the allowable credit under this section shall be applied against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1985, 1986, and 1987 income years. Any credit remaining after the 1987 taxable year may be carried forward without restriction. However, the full credit allowed under this section for wind energy systems may be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the 1985 income year if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. With regard to wind energy systems installed on or after January 1, 1986, no more than one-third of the allowable credit under this section shall be applied against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1986, 1987, and 1988 income years. Any credit remaining after the 1988 income year may be carried forward and applied against the taxpayer's tax imposed by this part (except the minimum franchise tax and the tax on preference income) without restriction.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be

eligible for the credit provided by this section. These guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

(e) If federal income tax credit is enacted for costs incurred by a taxpayer for the purchase or lease and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (c). For any solar energy system installed on or after August 1, 1983, and before August 1, 1985, the percentage specified by this subdivision shall be 50 percent. This subdivision shall not apply to solar energy systems installed on or after August 1, 1985, except those multifamily installations described in paragraph (2) of subdivision (a).

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Cost" includes equipment and installation charges, but shall exclude interest charges. In the case of a system which is leased, "cost" means the principal recovery portion of lease payments which is the cost incurred by the taxpayer in acquiring the solar energy system, but excluding interest charges and maintenance expenses.

(3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(4) "Premises" means the principal stationary location in California where the system is installed for direct use or for purposes of sale of energy, and includes land, easements, buildings or portions thereof, and mobilehomes.

(5) "Dwelling" means a building, or portion thereof, used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and the individual units of condominiums.

(B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings.

(6) (A) "Solar energy system" means the use of solar devices for the individual function of:

(i) Domestic or service water heating.

(ii) Space conditioning.
(iii) Production of electricity.
(iv) Process heat.
(v) Solar mechanical energy.
(vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

(B) Eligible solar energy systems shall have a useful life of not less than three years.

(7) "Solar device" means the equipment associated with the collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

(8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.

(9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living or commercial space to provide for collection, storage, or distribution of solar energy for heating or cooling.

(10) "Semipassive thermal system" means a system which utilizes the structural elements of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.

(11) "Municipal solar utility" means a city, county, or municipal utility district, or agency thereof, which sells or leases solar or other energy generating equipment or energy saving devices for residential, commercial, agricultural, or industrial uses, or which issues permits to companies engaged in the leasing of this equipment.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take a depreciation pursuant to Section 24349. Also, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.

(h) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.

(i) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.

(j) Notwithstanding the provisions of subdivision (i), a taxpayer or any other party who has undertaken significant construction or expenditures associated with the acquisition or installation of a solar energy system on or before October 31, 1986, shall be eligible for the tax credit authorized by this section in the income year in which the system is installed if the installation is completed on or before June 30, 1987.

For purposes of this section, "significant construction or expenditures associated with the acquisition or installation of a solar energy system" requires the completion of at least two of the following:

(i) The placement of at least 50 percent of the funds necessary for project completion in an escrow account. Funds placed in escrow may include funds borrowed pursuant to a construction loan or other debt arrangement.

(ii) The payment of all necessary earnest money required to maintain interconnection priority with a purchasing utility and the receipt of all required building permits or zoning approval, such as a conditional use permit.

(iii) The signing of a binding agreement (such as a lease, easement, or purchase agreement) for the land necessary for the solar energy system and the signing of a binding agreement for major energy production equipment purchases necessary for the solar energy system.

SEC. 5. Section 23601.5 of the Revenue and Taxation Code is amended to read:

23601.5. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (5).

(2) Except as provided in paragraphs (3) and (5), the amount of the credit allowed by this section shall be 40 percent of the cost (as defined in paragraph (7)) incurred by the taxpayer for energy conservation measures installed on premises in California which are owned by the taxpayer at the time of installation. For energy conservation measures which are installed on or after August 1, 1983, and before August 1, 1985, including measures installed on multifamily dwelling units before August 1, 1985, the percentage specified in the preceding sentence shall be 35 percent (in lieu of 40 percent) and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures installed on or after August 1, 1985, excluding measures installed on multifamily dwellings on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent, and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. The owner of the premises on which the energy conservation measures are installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the energy

conservation tax credit for any or all measures installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the measures are installed may claim the credit, provided that the purchaser can confirm the election by a written document signed by the owner-builder or owner-developer.

The energy conservation tax credit shall be claimed in the state return for the income year in which the energy conservation measures were installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for energy conservation measures, the original purchaser of the new single-family dwelling on which the measures are installed may claim the credit in the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the new single-family dwelling.

A taxpayer who claimed the energy conservation tax credit in the state income tax return for the year in which the energy conservation measures were installed, may in any subsequent year claim an energy conservation tax credit for additional energy conservation measures installed in that year.

(3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the amount of the credit allowed by this section which is applicable to installations of measures made prior to January 1, 1986, shall be 25 percent of the cost (as defined in paragraph (7)) of the energy conservation measure. With regard to premises in California which are owned by the taxpayer, other than single-family dwellings, the amount of the credit allowed by this section which is applicable to installations made on or after January 1, 1986, shall be 20 percent of the cost (as defined in paragraph (7)) of the energy conservation measure.

(4) If energy conservation measures serve two or more dwelling units, the owner or owners of the dwellings shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in paragraph (7)) of the energy conservation measures by the number of dwelling units served by the measures, and applying the formula described in paragraph (2) or (5) to the per dwelling cost. This paragraph shall not apply to energy conservation measures installed on or after August 1, 1985.

(5) Taxpayers who partially own and partially lease on premises in California which are owned by the taxpayer energy conservation measures from a utility or other lessor shall receive a tax credit as provided in subparagraph (A) or (B).

(A) Except as provided in subparagraph (B), the credit provided by this paragraph shall equal 40 percent of the cost (as defined in paragraph (7)) of the purchased portion and 40 percent of the

principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. For energy conservation measures which are installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and on or before July 31, 1985, the percentage specified in the preceding sentence shall be 35 percent and the credit shall not exceed one thousand five hundred dollars ($1,500) for each premises. For energy conservation measures which are installed on dwellings, excluding multifamily dwellings, on or after August 1, 1985, the percentage specified in the preceding sentence shall be 10 percent and the credit shall not exceed seven hundred fifty dollars ($750) for each premises. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(B) In the case of premises, other than single-family dwellings and those multifamily dwellings on which measures are installed before August 1, 1985, the credit provided by this paragraph for installation of measures made before January 1, 1986, shall equal 25 percent of the cost (as defined in paragraph (7)) of the purchased portion and 25 percent of the principal recovery portion (as defined in paragraph (7)) of the lease payments for the first three years of operation or until the energy conservation tax credit terminates, whichever occurs first. In the case of premises, other than single-family dwellings, the credit provided by this paragraph for installations of measures made on or after January 1, 1986, shall equal 20 percent of the cost (as defined in paragraph (7)) of the purchased portion and 20 percent of the principal recovery portion (as defined in paragraph (7) of the lease payments for the first three years of operation or until the credit terminates, whichever occurs first. In any one year, the tax credit shall apply only to the principal recovery portion of the lease payments made during that year and to amounts expended on the purchased portion of the measure (including installation charges) during that year.

(6) For purposes of computing the credit provided by this section and the basis of the property, the cost of any energy conservation measure eligible for the credit provided by this section shall be reduced by the amount of any grant or any nonreimbursable financial assistance (other than interest charges) provided by a utility or a public entity.

(7) For the purpose of computing the credit provided by this section, "cost" shall include installation charges, but shall exclude interest charges. In the case of measures which are leased, "cost" shall mean the principal recovery portion of monthly lease payments. "Principal recovery portion" means the cost incurred by the lessor in acquiring the energy conservation measures but does not include interest charges, sales taxes, or maintenance expenses.

(b) The basis of any system for which a credit is allowed shall be

reduced by the amount of the credit. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the energy conservation tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years, provided that no excess portion of the allowable credit available with respect to measures installed before January 1, 1985, is applied against the taxpayer's taxes imposed by this part for the 1985 income year and no more than one-third of the excess portion of the credit is applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the taxpayer's 1986, 1987, and 1988 income years. For the 1989 income year and income years thereafter, any unused portion of credit may be carried forward and applied against the taxpayer's tax imposed by this part (except the minimum franchise tax and the tax on preference income) without restriction.

(d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, adopt regulations which establish minimum standards which any item of a generic category of energy conservation measure, as defined by this section, must meet to be eligible for an energy conservation tax credit. Such standards shall include minimum provisions for effectiveness, safety and consumer protection which are consistent with standards established pursuant to the National Energy Conservation Policy Act and other applicable federal and state law. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section. Regulations adopted by the Energy Resources Conservation and Development Commission and the Franchise Tax Board, pursuant to this section, shall be in language which is easily understood by the general public.

(e) (1) If a federal income tax credit is enacted for costs incurred by a taxpayer for the purchase and installation of energy conservation measures in dwelling units, then to the extent such credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (2) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed either 40 percent of the costs for measures installed on or before July 31, 1983, or 35 percent of the costs for measures installed on or after August 1, 1983, and on or before July 31, 1985, notwithstanding the carryover provisions of subdivision (c). This paragraph shall not apply to measures installed on or after August 1, 1985.

(2) If a federal income tax credit is enacted for costs incurred by

a taxpayer for the purchase and installation of energy conservation measures in other than dwelling units, then to the extent the credit is allowed or allowable for an energy conservation measure as defined in this section, the state credit provided in paragraph (3) of subdivision (a) for measures installed prior to August 1, 1985, shall be reduced by the amount of such federal credit. This paragraph shall not apply to measures installed on or after August 1, 1985.

(f) The following definitions govern construction of this section:

(1) "Installed" means placed in position in a functionally operative state.

(2) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.

(3) "Premises" means land, buildings or portions thereof, or mobilehomes.

(4) "Dwelling" means a building used for residential purposes, and includes each of the following:

(A) "Single-family dwelling" means single-family residences, mobilehomes, and individual units of condominiums.

(D) Low-flow devices on all accessible shower heads.

(E) Caulking or sealing of all major cracks and joints and other openings in building exteriors to reduce the loss of heated or cooled air or the entry of outside air where feasible, and sealing of wall outlets.

(F) Insulation of all accessible supply and return heating and cooling system ducts and plenums which are located in unheated or uncooled areas and sealing of all duct and plenum joints with pressure-sensitive tape or mastic.

(G) Wall insulation.

(H) Floor insulation in premises with electrical resistance heating.

(I) Ventilation cooling fans; attic ventilators, and economizer

systems.

(J) Heat pumps and water heating heat pumps (including those which use air, water, or earth as a source or sink of heat) which replace electric resistance heaters or are used in conjunction with a solar energy system.

(K) Covers for swimming pools or hot tubs which transmit the sun's radiation energy into the water or reduce heat loss or water evaporation.

(L) For existing dwellings, such other measures or devices as may be designated "residential energy conservation measures" approved and adopted as part of the operational California plan approved in 1983 pursuant to Section 456.024 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or an appropriate operational Residential Conservation Service Plan pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206) and recommended as the result of an audit conducted under the auspices of such a plan. This generic category includes, but is not limited to:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the opening of heating and cooling systems which achieve increased efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed windows and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes, which substantially reduce the energy needed for space heating and cooling.

(v) Floor insulation, except as specified in subparagraph (H).

(M) For existing dwellings where there is no operational Residential Conservation Service (RCS) Plan certified in accordance with this section or in regions where such a plan does not provide energy audits, and for premises other than dwellings:

(i) Electrical or mechanical furnace ignition systems which replace gas pilot lights.

(ii) Devices modifying the openings of restaurant food preparation appliances or heating and cooling systems so as to achieve increased energy efficiency.

(iii) Storm or thermal windows or doors for the exterior of dwellings, evaporative coolers, heat absorbing or heat reflective glazed window and door materials, exterior shading devices, and movable insulation such as shutters or thermal drapes which substantially reduce the energy needed for space heating and cooling, and glazing material (other than doors and windows), controls or automatic switching devices for effective use of natural light to replace electric interior lighting which result in a net energy

(vii) Controls or automatic switching devices for the effective use of natural light to replace electric interior lighting which result in a net energy saving.

(viii) Thermal energy storage devices containing control systems.

Energy conservation measures in the generic categories of subparagraph (A), (B), (C), (D), (E), (F), (K), and (O) shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1986.

Energy conservation measures in the generic categories of subparagraphs (G), (H), (I), (J), (L), (M), and (N) shall be ineligible as energy conservation measures and shall have no force or effect in the computation of taxes for income years which begin after December 31, 1985. State agencies shall ensure that taxpayers may qualify for a tax credit under the provisions of subparagraph (L) until the termination date specified in this paragraph.

(6) The energy conservation tax credit provided by this section shall also apply to the cost of conducting energy audits and engineering feasibility studies resulting therefrom.

(7) "Operational Residential Conservation Service Plan" means the operational California plan approved in 1983 pursuant to Section 456.024 of Title 10 of the Code of Federal Regulations and maintained under the authority of this section until December 31, 1985, or a Residential Conservation Service (RCS) Plan, developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), and which provides energy

audits for measures identified in this section in accordance with the requirements of such an RCS Plan. The Energy Resources Conservation and Development Commission shall, after at least one public hearing, certify when participating utilities identified in the California Plan for the Residential Conservation Service dated January 1981, have operational RCS Plans. In the case of a publicly owned utility, a Residential Conservation Service Plan developed pursuant to the provisions of Section 210 of Title II of the National Energy Conservation Policy Act (92 Stat. 3206), shall be certified by the governing board of the publicly owned utility to be operational. Certification that a plan is operational by the commission or the governing board of a publicly owned utility shall occur only after a finding is made that audits are available to utility customers within the time specified in the appropriate approved plan.

(g) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 24349.7. In addition, the taxpayer may take depreciation pursuant to that section for the cost of an energy conservation measure in excess of the amount of the tax credit claimed under this section.

(h) No tax credit shall be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the income year in which the energy conservation measure was installed or any prior income year.

(i) No credit shall be allowed under this section if the amount would (but for this subdivision) be less than ten dollars ($10).

(j) (1) Except as provided in paragraph (2) of this subdivision, the energy credit provided by this section shall not apply to any energy conservation measure required by state laws and regulations pursuant thereto, at the time of installation.

(2) Notwithstanding paragraph (1), a credit shall be allowed for energy conservation measures specified in subparagraph (K) of paragraph (5) of subdivision (f).

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 1326

An act to add Section 41853.3 to the Education Code, relating to pupil transportation.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 41853.3 is added to the Education Code, to read:

41853.3. (a) On or before February 1, 1986, the Antelope Valley Schools Transportation Agency may request that it be deemed to be a single entity for purposes of receiving transportation allowances pursuant to this article and, if the single entity status is requested, shall cause a notice of the joint powers agreement to be prepared and filed with the Superintendent of Public Instruction. The notice shall include all information required for that notice prescribed by Section 6503.5 of the Government Code.

(b) Upon receipt of the notification described in subdivision (a), state verification of the joint powers agreement, and the consent of each participating agency, the Superintendent of Public Instruction shall authorize the Los Angeles County Office of Education to file consolidated reports and other documents required by this section and emergency rules and regulations prescribed by the superintendent for purposes of receiving transportation allowances for pupil transportation services provided by the Antelope Valley Schools Transportation Agency. The consolidated pupil transportation allowances for the Antelope Valley Schools Transportation Agency shall be apportioned to the Los Angeles County Office of Education until such time as the joint powers agreement executed pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title I of the Government Code is terminated, or until one or more of the participating entities rescinds its consent.

Notwithstanding any other provision of law, the Superintendent of Public Instruction shall adopt emergency rules and regulations in order to implement the provisions of this section. The adopted regulations shall be filed with the Secretary of State as emergency regulations.

(c) The Antelope Valley Schools Transportation Agency shall operate under the requirements of Chapter 5 (commencing with Section 6500) of Division 7 of Title I of the Government Code and shall be subject to the same restrictions as are applicable to school districts under that chapter, including the preparation of budget and financial statements required by Article 1 (commencing with Section 42100) and Article 2 (commencing with Section 42120) of Chapter 6 of Part 24; the accounting and auditing requirements

prescribed by Article 1 (commencing with Section 41000) and Article 2 (commencing with Section 41010) of Chapter 1 of Part 24; and the expenditure and appropriation controls prescribed by Chapter 9 (commencing with Section 42600) of Part 24.

(d) The Antelope Valley Schools Transportation Agency shall annually report to its participating school districts, on forms designated for that purpose by the Superintendent of Public Instruction, any information deemed necessary by the superintendent.

(e) Changes in the membership of the Antelope Valley Schools Transportation Agency shall be approved in accordance with the transportation agency joint powers agreement, or by amendment to that agreement by the transportation agency governing board. The transportation agency and educational entities requesting any change shall notify the superintendent on or before May 1 preceding the beginning of the fiscal year.

(f) For purposes of Section 41851 of the Education Code, the home-to-school transportation aid received by the Antelope Valley Schools Transportation Agency in the 1985–86 fiscal year and each fiscal year thereafter shall be computed as if the home-to-school transportation aid received by the transportation agency in the 1984–85 fiscal year was one million eight hundred thirty thousand seven hundred three dollars ($1,830,703).

(g) The Legislature hereby recognizes that the use of a joint powers agreement by the Antelope Valley Schools Transportation Agency for the purpose of receiving apportionments under Section 41851 of the Education Code is a new concept which requires evaluation prior to approval for use in other areas of the state. On or before January 1, 1988, the State Department of Education, the Department of Finance, the Los Angeles County Office of Education, and the Controller shall conduct an evaluation of the Antelope Valley Schools Transportation Agency and submit recommendations to the Legislature regarding the use of joint powers agreements for these purposes prior to any extension of this authorization for other agreements.

CHAPTER 1328

An act to add Section 2036.1 to the Code of Civil Procedure, to add Sections 783 and 1106 to the Evidence Code, and to amend Sections 11507.6 and 11513 of the Government Code, relating to evidence.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is the existing policy of the State of California to ensure that the causes of action for claims of sexual harassment, sexual assault, or sexual battery are given proper meaning. The discovery of sexual aspects of complainant's lives, as well as those of their past and current friends and acquaintances, has the clear potential to discourage complaints and to annoy and harass litigants. That annoyance and discomfort, as a result of defendant or respondent inquiries, is unnecessary and deplorable. Without protection against it, individuals whose intimate lives are unjustifiably and offensively

intruded upon might face the "Catch-22" of invoking their remedy only at the risk of enduring further intrusions into details of their personal lives in discovery, and in open quasi-judicial or judicial proceedings.

The Legislature is mindful that a similar state of affairs once confronted victims in criminal prosecutions for rape, who often ran the risk of finding their own moral characters on trial during the prosecution of their assailants. The Legislature has taken measures to curb those abuses in rape proceedings. It is the intent of the Legislature to take similar measures in sexual harassment, sexual assault, or sexual battery cases.

The Legislature concludes that the use of evidence of a complainant's sexual behavior is more often harassing and intimidating than genuinely probative, and the potential for prejudice outweighs whatever probative value that evidence may have. Absent extraordinary circumstances, inquiry into those areas should not be permitted, either in discovery or at trial.

SEC. 2. Section 2036.1 is added to the Code of Civil Procedure, to read:

2036.1. In any civil action alleging conduct which constitutes sexual harassment, sexual assault, or sexual battery, a party is required to show "good cause" in accordance with Section 2036 to obtain discovery regarding the plaintiff's sexual conduct with individuals other than the alleged perpetrator. That showing shall be made by noticed motion and shall not be made or considered by the court at an ex parte hearing.

SEC. 3. Section 783 is added to the Evidence Code, to read:

783. In any civil action alleging conduct which constitutes sexual harassment, sexual assault, or sexual battery, if evidence of sexual conduct of the plaintiff is offered to attack credibility of the plaintiff under Section 780, the following procedures shall be followed:

(a) A written motion shall be made by the defendant to the court and the plaintiff's attorney stating that the defense has an offer of proof of the relevancy of evidence of the sexual conduct of the plaintiff proposed to be presented.

(b) The written motion shall be accompanied by an affidavit in which the offer of proof shall be stated.

(c) If the court finds that the offer of proof is sufficient, the court shall order a hearing out of the presence of the jury, if any, and at the hearing allow the questioning of the plaintiff regarding the offer of proof made by the defendant.

(d) At the conclusion of the hearing, if the court finds that evidence proposed to be offered by the defendant regarding the sexual conduct of the plaintiff is relevant pursuant to Section 780, and is not inadmissible pursuant to Section 352, the court may make an order stating what evidence may be introduced by the defendant, and the nature of the questions to be permitted. The defendant may then offer evidence pursuant to the order of the court.

SEC. 4. Section 1106 is added to the Evidence Code, to read:

1106. (a) In any civil action alleging conduct which constitutes sexual harassment, sexual assault, or sexual battery, opinion evidence, reputation evidence, and evidence of specific instances of plaintiff's sexual conduct, or any of such evidence, is not admissible by the defendant in order to prove consent by the plaintiff or the absence of injury to the plaintiff, unless the injury alleged by the plaintiff is in the nature of loss of consortium.

(b) Subdivision (a) shall not be applicable to evidence of the plaintiff's sexual conduct with the alleged perpetrator.

(c) If the plaintiff introduces evidence, including testimony of a witness, or the plaintiff as a witness gives testimony, and the evidence or testimony relates to the plaintiff's sexual conduct, the defendant may cross-examine the witness who gives the testimony and offer relevant evidence limited specifically to the rebuttal of the evidence introduced by the plaintiff or given by the plaintiff.

(d) Nothing in this section shall be construed to make inadmissible any evidence offered to attack the credibility of the plaintiff as provided in Section 783.

SEC. 5. Section 11507.6 of the Government Code is amended to read:

11507.6. After initiation of a proceeding in which a respondent or other party is entitled to a hearing on the merits, a party, upon written request made to another party, prior to the hearing and within 30 days after service by the agency of the initial pleading or within 15 days after such service of an additional pleading, is entitled to (1) obtain the names and addresses of witnesses to the extent known to the other party, including, but not limited to, those intended to be called to testify at the hearing, and (2) inspect and make a copy of any of the following in the possession or custody or under the control of the other party:

(a) A statement of a person, other than the respondent, named in the initial administrative pleading, or in any additional pleading, when it is claimed that the act or omission of the respondent as to such person is the basis for the administrative proceeding;

(b) A statement pertaining to the subject matter of the proceeding made by any party to another party or person;

(c) Statements of witnesses then proposed to be called by the party and of other persons having personal knowledge of the acts, omissions or events which are the basis for the proceeding, not included in (a) or (b) above;

(d) All writings, including, but not limited to, reports of mental, physical and blood examinations and things which the party then proposes to offer in evidence;

(e) Any other writing or thing which is relevant and which would be admissible in evidence;

(f) Investigative reports made by or on behalf of the agency or other party pertaining to the subject matter of the proceeding, to the extent that such reports (1) contain the names and addresses of witnesses or of persons having personal knowledge of the acts,

omissions or events which are the basis for the proceeding, or (2) reflect matters perceived by the investigator in the course of his or her investigation, or (3) contain or include by attachment any statement or writing described in (a) to (e), inclusive, or summary thereof.

For the purpose of this section, "statements" include written statements by the person signed or otherwise authenticated by him or her, stenographic, mechanical, electrical or other recordings, or transcripts thereof, of oral statements by the person, and written reports or summaries of such oral statements.

Nothing in this section shall authorize the inspection or copying of any writing or thing which is privileged from disclosure by law or otherwise made confidential or protected as the attorney's work product.

(g) In any proceeding under subdivision (i) or (j) of Section 12940, or Section 19572 or 19702, alleging conduct which constitutes sexual harassment, sexual assault, or sexual battery, evidence of specific instances of a complainant's sexual conduct with individuals other than the alleged perpetrator is not discoverable unless it is to be offered at a hearing to attack the credibility of the complainant as provided for under subdivision (j) of Section 11513. This subdivision is intended only to limit the scope of discovery; it is not intended to affect the methods of discovery allowed under this section.

SEC. 6. Section 11513 of the Government Code is amended to read:

11513. (a) Oral evidence shall be taken only on oath or affirmation.

(b) Each party shall have these rights: to call and examine witnesses, to introduce exhibits; to cross-examine opposing witnesses on any matter relevant to the issues even though that matter was not covered in the direct examination; to impeach any witness regardless of which party first called him or her to testify; and to rebut the evidence against him or her. If respondent does not testify in his or her own behalf he or she may be called and examined as if under cross-examination.

(c) The hearing need not be conducted according to technical rules relating to evidence and witnesses, except as hereinafter provided. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper the admission of the evidence over objection in civil actions. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statute to be recognized at the hearing, and irrelevant and unduly repetitious evidence shall be excluded.

In any proceeding under subdivision (i) or (j) of Section 12940, or Section 19572 or 19702, alleging conduct which constitutes sexual harassment, sexual assault, or sexual battery, evidence of specific instances of a complainant's sexual conduct with individuals other than the alleged perpetrator is not admissible at hearing unless offered to attack the credibility of the complainant, as provided for under subdivision (j). Reputation or opinion evidence regarding the sexual behavior of the complainant is not admissible for any purpose.

(d) The hearing shall be conducted in the English language, except that a party who does not proficiently speak or understand the English language and who requests language assistance shall be provided an interpreter approved by the administrative law judge or hearing officer conducting the proceedings. The cost of providing the interpreter shall be paid by the agency having jurisdiction over the matter if the administrative law judge or hearing officer so directs, otherwise the party for whom the interpreter is provided.

The administrative law judge's or hearing officer's decision to direct payment shall be based upon an equitable consideration of all the circumstances in each case, such as the ability of the party in need of the interpreter to pay, except with respect to hearings before the Workers' Compensation Appeals Board or the Division of Industrial Accidents relating to worker's compensation claims. With respect to these hearings, the payment of the costs of providing an interpreter shall be governed by the rules and regulations promulgated by the Workers' Compensation Appeals Board or the Administrative Director of the Division of Industrial Accidents, as appropriate. Such an interpreter shall be selected pursuant to regulations issued by both of the following:

(1) The State Personnel Board which shall establish criteria for an interpreter's proficiency in both English and the language in which the person will testify.

(2) The employing agency which shall establish materials and examinations for an interpreter's understanding of its technical program terminology and procedures.

(e) The State Personnel Board shall compile and publish a list of interpreters it has determined to be proficient in various languages and any interpreter so listed shall be eligible to be examined by each employing agency relating to its technical program terminology and procedures. Any interpreter whose language proficiency and knowledge of the terminology and procedures has been satisfactorily determined by the employing agency shall be deemed to be approved by an administrative law judge or a hearing officer of the agency.

(f) In the event that interpreters on the approved list cannot be present at the hearing, or if there is no interpreter on the approved list for a particular language, the hearing agency shall have discretionary authority to provisionally qualify and utilize other interpreters.

(g) Every state agency affected by this section shall advise each

party of their right to an interpreter at the same time that each party is advised of the hearing date. Each party in need of an interpreter shall also be encouraged to give timely notice to the agency conducting the hearing so that appropriate arrangements can be made.

(h) The rules of confidentiality of the agency, if any, which may apply in an adjudicatory hearing, shall apply to any interpreter in the hearing, whether or not the rules so state.

(i) The interpreter shall not have had any involvement in the issues of the case prior to the hearing.

As used in subdivisions (d) and (e), the terms "administrative law judge" and "hearing officer" shall not be construed to require the use of an Office of Administrative Hearings' administrative law judge or hearing officer.

(j) Evidence of specific instances of a complainant's sexual conduct with individuals other than the alleged perpetrator is presumed inadmissible absent an offer of proof establishing its relevance and reliability and that its probative value is not substantially outweighed by the probability that its admission will create substantial danger of undue prejudice or confuse the issue.

(k) For purposes of this section "complainant" means any person claiming to have been subjected to conduct which constitutes sexual harassment, sexual assault, or sexual battery.

CHAPTER 1330

An act to amend Section 13353 of, and to add Section 23157 to, the Vehicle Code, relating to driving offenses.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 13353 of the Vehicle Code is amended to read:

13353. (a) (1) Any person who drives a motor vehicle shall be deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of, and when ordered by, a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in (A) the suspension of the person's privilege to operate a motor vehicle for a period of six months, (B) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the person has been convicted of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal, or (C) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the person has been convicted of two or more separate violations of Section 23103 as specified in Section 23103.5, 23152, or 23153, or any combination thereof within five years of the date of the refusal.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person shall have the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall then have the choice of submitting to and completing any of the remaining tests or test, and the officer shall advise the person that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person shall have the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) An officer may order a person who chooses to submit to a breath test to also submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The

person shall have the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall then have the choice of submitting to and completing the other remaining test, and the officer shall advise the person that the person has that choice.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person shall have the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal shall be deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead shall be deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) If any person refuses the officer's order to submit to, or fails to complete, a chemical test or tests, upon receipt of the officer's sworn statement that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153 and that the person had refused to submit to, or did not complete, the test or tests after being requested by the officer, the department shall (1) suspend the person's privilege to operate a motor vehicle for a period of six months, (2) revoke the person's privilege to operate a motor vehicle for a period of two years if the person has been convicted of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal, or (3) revoke the person's privilege to operate a motor vehicle for a period for three years if the person has been convicted of two or more separate violations of Section 23103 as specified in Section 23103.5, 23152, or 23153, or any combination thereof, within five years of the date of the refusal. The officer's

sworn statement shall be submitted on a form furnished or approved by the department. The suspension or revocation shall not become effective until 10 days after the giving of written notice thereof, as provided for in subdivision (c).

(c) (1) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person was placed under arrest, whether the person refused to submit to, or did not complete, the test or tests after being ordered by a peace officer, and whether, except for the persons described in subdivision (a) who are incapable of refusing, the person had been told that his or her driving privilege would be suspended or revoked if he or she refused to submit to, or did not complete, the test or tests.

(2) An application for a hearing made by the affected person within 10 days of receiving notice of the department's action shall stay the suspension or revocation by the department for a period of 15 days. The department shall, within the period of 15 days, hold a hearing in the county in which the violation occurred. If the department does not grant a hearing within 15 days, the suspension or revocation shall not take place until the person is granted a hearing and is notified of the department's action as provided in paragraph (3). If the county in which the violation occurred is also the county of the person's residence, and the person requests that the hearing be continued to a date beyond the period of 15 days, the suspension or revocation shall become effective immediately upon receipt of the department's notice that the request for continuance has been granted. If the hearing is to be held in a county other than the county of the person's residence, the department shall, upon request, grant the person a continuance of up to 15 days, and shall not suspend or revoke the license until after that time.

(3) If the department determines, upon a hearing of the matter, to suspend or revoke the affected person's privilege to operate a motor vehicle, the suspension or revocation shall not become effective until five days after receipt by the person of the department's notification of that suspension or revocation.

(d) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(e) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(f) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section

23152 or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood, breath, or urine for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

SEC. 2. Section 13353 of the Vehicle Code is amended to read:

13353. (a) If any person refuses the officer's order to submit to, or fails to complete, a chemical test or tests pursuant to Section 23157, upon receipt of the officer's sworn statement that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153 and that the person had refused to submit to, or did not complete, the test or tests after being requested by the officer, the department shall (1) suspend the person's privilege to operate a motor vehicle for a period of six months, (2) revoke the person's privilege to operate a motor vehicle for a period of two years if the person has been convicted of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal, or (3) revoke the person's privilege to operate a motor vehicle for a period for three years if the person has been convicted of two or more separate violations of Section 23103 as specified in 23103.5, 23152, or 23153, or any combination thereof, within five years of the date of the refusal. The officer's sworn statement shall be submitted on a form furnished or approved by the department. The suspension or revocation shall not become effective until 10 days after the giving of written notice thereof, or until the end of any stay of the suspension, as provided for in subdivision (c) or (d).

(b) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person was placed under arrest, whether the person refused to submit to, or did not complete, the test or tests after being ordered by a peace officer, and whether, except for the persons described in subdivision (a) of Section 23157 who are incapable of refusing, the person had been told that his or her driving privilege would be suspended or revoked if he or she refused to submit to, or did not complete, the test or tests.

(c) An application for a hearing made by the affected person within 10 days of receiving notice of the department's action shall stay the suspension or revocation by the department for a period of 15 days. The department shall, within the period of 15 days, hold a hearing in the county in which the violation occurred. If the department does not grant a hearing within 15 days, the suspension

or revocation shall not take place until the person is granted a hearing and is notified of the department's action as provided in subdivision (d). If the county in which the violation occurred is also the county of the person's residence, and the person requests that the hearing be continued to a date beyond the period of 15 days, the suspension or revocation shall become effective immediately upon receipt of the department's notice that the request for continuance has been granted. If the hearing is to be held in a county other than the county of the person's residence, the department shall, upon request, grant the person a continuance of up to 15 days, and shall not suspend or revoke the license until after that time.

(d) If the department determines, upon a hearing of the matter, to suspend or revoke the affected person's privilege to operate a motor vehicle, the suspension or revocation shall not become effective until five days after receipt by the person of the department's notification of that suspension or revocation.

SEC. 3. Section 23157 is added to the Vehicle Code, to read:

23157. (a) (1) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of, and when ordered by, a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. (2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall submit to the person's choice of the remaining tests or test, and the officer shall

advise the person that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) An officer may order a person who chooses to submit to a breath test to also submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and

surgeon is exempt from the blood test required by this section.

(d) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section 23152 or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood, breath, or urine for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

SEC. 7. Sections 2 and 3 of this bill incorporates amendments to Section 13353 of the Vehicle Code proposed by both this bill and AB 331 as reflected in that section and in Section 23157 proposed by AB 331. They shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 13353 of the Vehicle Code and AB 331 adds Section 23157 to the Vehicle Code, and (3) this bill is enacted after AB 331, in which case Section 1 of this bill shall not become operative.

If any lot or parcel of land for which a bond has been issued is divided into two or more separate lots or parcels of land, including separate condominium interests, or if any two or more separate lots or parcels of land or separate condominium interests are combined into fewer lots or parcels, the bond or bonds may be surrendered and new bonds issued to the holder of the existing bond or bonds in the

manner prescribed in this chapter.

SEC. 2. Section 6481 of the Streets and Highways Code is amended to read:

6481. When it is desired that new bonds be issued, an application therefor in writing signed by the owner of any interest in any of the lots or parcels, including condominium interests, into which the original lot or parcel has been divided, or by the owner of the lots or parcels into which the original lots or parcels have been combined, shall be filed with the street superintendent. The application shall indicate how the original lot or parcel has been divided or how the original lots or parcels have been combined, request the street superintendent to apportion the amount remaining unpaid on the assessment in accordance with the division or combination, and be accompanied by a fee of five dollars ($5) for each separate part or parcel of land into which the original lot or parcel has been divided or for each original lot or parcel from which the newly combined lots or parcels were aggregated. If the legislative body determines that the fee set forth above is not sufficient to reimburse the city for the necessary administrative costs in processing applications under this chapter, the legislative body by resolution may fix a fee in an amount that will reimburse the city for the necessary costs in processing applications under this chapter. The street superintendent shall deposit all of these fees in the treasury.

SEC. 3. Section 6482 of the Streets and Highways Code is amended to read:

6482. Upon receipt of the application and fee the street superintendent shall apportion to each separate part of the original lot or parcel of land the proportionate part of the amount remaining unpaid on the assessment that would have been levied thereon had the lot or parcel of land been so divided at the time the original assessment was made, or shall apportion to each combined parcel the proportionate part of the amount remaining unpaid on the assessment that would have been levied thereon had the parcel been so combined at the time the original assessment was made.

SEC. 4. Section 6483 of the Streets and Highways Code is amended to read:

6483. When the apportionment has been made an application signed by all persons owning an interest in the original lot or parcel or lots or parcels of land and by the holder of the existing bond on the lot or parcel of land or lots or parcels may be filed with the treasurer requesting that new bonds be issued for the amounts shown by the apportioned assessment. The application shall be accompanied by evidence satisfactory to the treasurer that it is signed by all of the necessary persons.

SEC. 5. Section 6484 of the Streets and Highways Code is amended to read:

6484. When the treasurer has ascertained that the application is signed by all the necessary persons he or she shall so advise the street superintendent. The street superintendent shall thereupon amend

the recorded diagram and assessment to conform to the division or combination and apportionment and assign new assessment numbers to each separate part of the original lot or parcel of land.

8665.5. The notice of assessment recorded with the county recorder pursuant to Section 3114 shall include the following statement:

Notice is further given that unpaid assessments are subject to interest at a variable interest rate.

Alternatively, if the treasurer collects the assessments, all sums received may be forwarded to the paying agent designated by the legislative body for paying bonds and interest. Under no circumstances shall the bonds or the interest thereon be paid out of any other fund.

SEC. 10. Section 8672 of the Streets and Highways Code is amended to read:

10204.5. If the legislative body adopts the report, that presumption shall be conclusive.

SEC. 13. It is the intent of the Legislature that the amendments made to Sections 6480, 6481, 6482, 6483, and 6484 of the Streets and Highways Code by this act are declarations of existing law and make no substantive change in the meaning or intent of those sections.

Accordingly, applications for permits shall be processed in the order received. In addition, no fee shall be imposed with respect to any permit issued more than 10 working days after receipt of a complete and properly filled in application that satisfies all requirements of applicable statutes and regulations, and any fee previously collected shall be promptly refunded. The people of the State of California do enact as follows:

SECTION 1. Section 22658 of the Vehicle Code is amended to read:

22658. (a) The owner or person in lawful possession of any private property may, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the city police or county sheriff, whichever is appropriate, cause the removal of a vehicle parked on the property to the nearest public garage, if (1) there is displayed, in plain view at all entrances to the property, a sign not less than 17 by 22 inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency, and the sign may also indicate that a citation may also be issued for the violation, or (2) the lot or parcel upon which the vehicle is parked is improved with a single-family dwelling.

(b) The person causing removal of the vehicle shall, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner thereof, immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the

owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to an officer removing a vehicle from private property.

(c) This section does not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.

(d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.

(e) Any owner or person in lawful possession of any private property causing the removal of a vehicle parked on that property is liable for double the storage or towing charges whenever there has been a failure to post a sign as required by subdivision (a) or to state the grounds for the removal of the vehicle if requested by the legal or registered owner of the vehicle as required by subdivision (f).

(f) Any owner or person in lawful possession of any private property causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company that removes the vehicle under this section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle pursuant to subdivision (d) and, (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.

(g) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.

(h) A towing company may impose a charge of not more than twenty dollars ($20) for the towing of a vehicle at the request of the owner of private property or that owner's agent pursuant to this section if the owner of the vehicle or the owner's agent returns to the vehicle before it is removed from the private property.

(i) A charge for towing or storage, or both, of a vehicle under this section is excessive if the charge is greater than the charge which would have been made for towing or storage, or both, made at the request of a law enforcement agency under an agreement between the law enforcement agency and a towing company.

(j) Any person who charges a vehicle owner a towing or service charge at an excessive rate, as described in subdivision (i), is liable to the vehicle owner for four times the amount charged.

(k) Persons operating or in charge of any storage facility where vehicles are stored pursuant to this section shall accept a valid bank

credit card or cash for payment of towing and storage by a registered owner or the owner's agent claiming the vehicle. In addition, persons operating or in charge of the storage facility shall have sufficient moneys on the premises to accommodate, and make change in, a reasonable monetary transaction.

SEC. 2. Section 22953 is added to the Vehicle Code, to read:

22953. (a) Every owner or person in lawful possession of any private property which is held open to the public, or a discernible portion thereof, for parking of vehicles at no fee, shall not tow or remove, or cause the towing or removal, of any vehicle within one hour of the vehicle being parked.

(b) Notwithstanding subdivision (a), a vehicle may be removed immediately after being illegally parked within 15 feet of a fire hydrant, in a fire lane, or in a parking space or stall legally designated for disabled persons.

(c) Subdivision (a) does not apply to property designated for parking at an apartment complex, or to property designated for parking at a hotel or motel where the parking stalls or spaces are clearly marked for a specific room.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1336

An act to amend Section 14110.6 of the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 14110.6 of the Welfare and Institutions Code is amended to read:

14110.6. (a) The director shall adopt regulations, establishing payment rates for skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative as defined in Section 1250 of the Health and Safety Code, which are sufficient to provide an increase of one dollar and ninety-six cents ($1.96) per patient day for skilled nursing patients, one dollar and fifty-eight cents ($1.58) per patient day for intermediate care patients, two dollars and twenty-nine cents ($2.29) per patient day

for intermediate care facilities/developmentally disabled patients, to be used for wage increases and benefits to all employees, except a licensed nursing home administrator or an administrator-in-training and two dollars and thirty-five cents ($2.35) per patient day for intermediate care facilities/developmentally disabled-habilitative patients in facilities with 4 to 6 beds, and one dollar and ninety-eight cents ($1.98) per patient day for intermediate care facilities/developmentally disabled-habilitative patients in facilities with 7 to 15 beds, to be used for wage increases and benefits to all direct care staff. However, if either (1) the entry level wages of the lowest paid nonadministrative employee of a skilled nursing facility, intermediate care facility, intermediate care facility/developmentally disabled, or intermediate care facility/developmentally disabled-habilitative exceeds six dollars ($6) per hour as of August 1, 1984; or (2) upon the election of a county board of supervisors, for any skilled nursing facility, intermediate care facility, intermediate care facility/developmentally disabled, or intermediate care facility/developmentally disabled-habilitative, which is operated by a county, the funds received pursuant to regulations adopted pursuant to this section shall be used solely for labor costs directly related to providing patient care services in order to meet patients' needs including the uses of funds provided for under subdivision (d) of Section 14110.7. Any increase in wages and benefits required by this section shall be in addition to any future mandatory increases required by federal or state law. The rate shall provide funding for the portion of additional costs necessary to implement the wage and benefit increase required by this section attributable to Medi-Cal patients. The portion of those additional costs shall be the same as the ratio of Medi-Cal patients to the total number of patients in the facility. These regulations shall be adopted, effective March 15, 1985, for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, and by October 1, 1985, for intermediate care facilities/developmentally disabled-habilitative.

(b) Each skilled nursing facility, intermediate care facility, or intermediate care facility/developmentally disabled shall certify all of the following:

(1) All employees, except a licensed nursing home administrator or an administrator-in-training of a licensed nursing home, shall receive at least the prevailing federal or state minimum wage rate plus the average hourly wage increase established pursuant to Chapter 19 of the Statutes of 1978, and this section.

(2) All employees of the facility, except a licensed administrator or administrator-in-training, shall be paid not less than the sum of the employee's actual rate of pay as of the effective date of the Medi-Cal rate increase provided for under Section 14110.7 plus the amount of the adjustment specified pursuant to this section, or not less than the applicable agreed to rate plus the amount of the adjustment,

whichever is greater.

(3) Any wage increase required pursuant to Section 1268.5 of the Health and Safety Code, is in addition to any minimum wages provided in this section.

(4) For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal patient days recorded by the facility in the month of December 1983 shall be multiplied by the amount per patient day specified in subdivision (a) plus the amount provided by Chapter 19 of the Statutes of 1978. The new wage levels shall be determined by dividing the Medi-Cal funds received by the nonovertime hours worked by covered employees in December 1983, plus any adjustments due to additional employees as specified in Section 14110.7 and adjustments to reflect employee benefit allowances.

(c) Each intermediate care facility/developmentally disabled-habilitative shall certify all of the following:

(1) All direct care staff, as defined in the department's regulations developed pursuant to Section 1267.7 of the Health and Safety Code, shall receive at least the prevailing federal or state minimum wage plus the average hourly wage increase pursuant to this section.

(2) For purposes of determining the amount of Medi-Cal funds to be distributed for intermediate care facilities/developmentally disabled-habilitative for employee wages and benefits, the total Medi-Cal patient days in the month of December 1984, shall be multiplied by the amount per patient day specified in subdivision (a). The new wage level shall be determined by dividing the Medi-Cal funds received by the nonovertime hours by covered direct care employees in December 1984, and adjustments to reflect employee benefit allowances.

(d) The director shall order the inspection of relevant payroll and personnel records of skilled nursing facilities, intermediate care facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative which are reimbursed for Medi-Cal patients under the rate of reimbursement established pursuant to subdivision (a) to ensure that the wage and benefit increases provided for have been implemented.

(e) Any facility which is paid under the rate provided for in subdivision (a) which the director finds has not made the wage and benefit increases provided for shall be liable for the amount of funds paid to the facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits, plus a penalty equal to 10 percent of the funds not so distributed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the wage revisions affecting the quality of care

rendered in California long-term health care facilities are extended to intermediate care facilities/developmentally disabled-habilitative at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 1337

An act to amend Sections 51005 and 51350 of the Health and Safety Code, relating to the California Housing Finance Agency, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

The report shall also include a statement of accomplishment during the previous year with respect to the agency's progress, priorities, and affirmative action efforts. The agency shall specifically include in its report on affirmative action goals, statistical data on the numbers and percentages of minority sponsors, developers, contractors, subcontractors, suppliers, architects, engineers, attorneys, mortgage bankers or other lenders, insurance agents, and managing agents.

(b) The report shall also include specific information evaluating the extent to which the programs administered by the agency have attained the statutory objectives of the agency, including, but not limited to, the primary purpose of the agency in meeting the housing needs of persons and families of low or moderate income pursuant to Section 50950; the occupancy requirements for very low income households established pursuant to Sections 50951 and 51226; and the

elderly and orthopedic disability occupancy requirements established pursuant to Section 51230. The report shall include specific information on the use of surplus moneys pursuant to Section 51007 and any recommendations described in Section 51227.

(c) The agency shall cause an audit of its books and accounts with respect to its activities under this division to be made at least once during each fiscal year by an independent certified public accountant and the agency shall be subject to audit by the Department of Finance not more often than once each fiscal year.

(b) Sale of the bonds of the agency shall be coordinated by the Treasurer. To obtain a date for the sale of bonds, the agency shall inform the Treasurer of the amount of the proposed issue. Upon that notification, the Treasurer shall provide three 10-day periods, within the 90 days next following, when the bonds can be sold. SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The additional bond authorization contained in this act is necessary to help alleviate immediately the critical shortage of housing affordable to persons and families of low or moderate income. It is also necessary that the annual report by the California Housing Finance Agency include the additional information required by that act as soon as possible. Thus, it is essential for this act to take effect immediately.

CHAPTER 1338

An act to amend Sections 25342, 25344, and 25345 of, and to add Sections 25117.7, 25123.6, 25155.5, 25155.6, 25155.7, 25155.8, and 25179 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) There are many complex organic chemicals with a high toxicity, which are not economically and technologically feasible to recycle, and for which, at the present time, there are no satisfactory disposal techniques.

(b) The purpose of this act is to create a climate in which a public and private partnership can be developed to provide environmentally sound disposal techniques, utilization techniques, or both, for modern complex chemicals.

(c) Incineration represents a state-of-the-art technology that has the capacity to transform many of these organic chemicals from

hazardous to clinically inert substances.

(d) It is the intent of the Legislature that incineration be considered by the state as a satisfactory method of treating those hazardous wastes which can be so treated, and the Legislature hereby encourages all state agencies, local entities, and private industry involved in the area of management and control of hazardous waste to place a high priority on using incineration techniques to treat those hazardous wastes which can be so treated.

(e) It is not the intention of the Legislature to discourage any search for other alternative means of disposal or treatment of chemicals with high toxicity, or to discourage use of alternative means of disposal or treatment, if these means equally protect the public health and safety.

SEC. 2. Section 25117.7 is added to the Health and Safety Code, to read:

25117.7. "Hazardous waste facility" means all contiguous land and structures, other appurtenances, and improvements on the land, used for treating, storing, or disposing of hazardous waste.

SEC. 3. Section 25123.6 is added to the Health and Safety Code, to read:

25123.6. "Volatile organic compound" means a compound which is a volatile organic compound according to Method No. 8240 in the Environmental Protection Agency Document No. Solid Waste 846 (1982) or any equivalent, alternative method acceptable to the department.

SEC. 4. Section 25155.5 is added to the Health and Safety Code, to read:

25155.5. (a) Except as provided in subdivisions (c) and (d) and Sections 25155.6 and 25155.7, any person who, after January 1, 1988, disposes of hazardous waste, which has a heating value of more than 3,000 British Thermal Units per pound of waste material, shall dispose of those wastes by incineration, or by any other means of treatment that is effective and equally protective of the environment and has been authorized by the department as part of a hazardous waste facilities permit issued pursuant to Section 25200. The heating value of the hazardous waste shall be determined without considering any dilution which may occur that is not a normal part of a manufacturing process and shall be determined by tests prescribed by the American Society of Testing and Materials.

(b) Except as provided in subdivisions (c) and (d) and Sections 25155.6 and 25155.7, any person who, after January 1, 1990, disposes of hazardous waste which contains volatile organic compounds in concentrations of more than the percentage by weight determined by the department pursuant to subdivision (e), shall dispose of these hazardous wastes by incineration, or by any other means of treatment that is effective and equally protective of the environment and has been authorized by the department as part of a hazardous waste facilities permit issued pursuant to Section 25200. The concentrations of the volatile organic compounds in the waste shall

be determined without considering any dilution which may occur, unless the dilution is a normal part of a manufacturing process.

(c) If the department determines that adequate incineration or treatment capacity does not exist within the state, a person disposing of the hazardous waste specified in either subdivision (a) or (b) is exempt from the requirements of either subdivision (a) or (b), as the case may be, until the department determines that adequate incineration or treatment capacity is available.

(d) This section does not require the incineration of any hazardous waste which is economically and technologically feasible to recycle, including that waste which the producer reclaims or recycles onsite, as determined by the department pursuant to Section 25175, if the waste is, in fact, reclaimed or recycled.

(e) On or before January 1, 1987, the department shall determine the percentage of volatile organic compounds above which incineration or treatment is required pursuant to subdivision (b). The percentage shall be not less than 1 percent or more than 8 percent. In making this determination, the department shall consider (1) the reliability and availability of testing procedures for determining the volatile organic compound content of waste materials and (2) the technical and economic feasibility of incineration or other means of treatment authorized by subdivision (b). Before making a final determination, the department shall consult with, and consider the views of, the State Air Resources Board, air pollution control districts and air quality management districts, waste generators, persons who provide incineration or other authorized treatment technology or facilities, and the environmental community.

SEC. 5. Section 25155.6 is added to the Health and Safety Code, to read:

25155.6. All of the following hazardous wastes are exempt from Section 25155.5:

(a) Drilling fluids, produced waters, and other fluids or materials which are brought to the surface and then reinjected in conjunction with the exploration, development, or production of crude oil, geothermal energy, or natural gas.

(b) Mining overburden, as defined by Section 2732 of the Public Resources Code, which is deposited within a mining permit area pursuant to a permit issued pursuant to the Surface Mining and Reclamation Act of 1975 (Chapter 9 (commencing with Section 2710) of Division 2 of the Public Resources Code).

(c) Contaminated soil from the cleanup of any release of hazardous substances, as defined by Article 2 (commencing with Section 25310) of Chapter 6.8, if all the following conditions are met:

(1) The disposal method for the contaminated soil has been approved by the appropriate responsible state agency as part of the cleanup plan for that particular release.

(2) The department determines that, due to the nature of the release, incineration or any other treatment process is not

practicable or feasible.

(d) Contaminated soil from any remedial or removal of any release of hazardous substances not required to be reported.

(e) Any waste which meets a pretreatment standard established by the Environmental Protection Agency pursuant to Section 6924(m) of Title 42 of the United States Code.

(f) Hazardous waste which meets the requirements of subdivision (a) or (b) of Section 25155.5, but which cannot either be treated or incinerated, as determined by the department.

SEC. 6. Section 25155.7 is added to the Health and Safety Code, to read:

25155.7. A hazardous waste producer may request the department, in writing, for an emergency variance to exempt a particular hazardous waste from the incineration or treatment requirement of subdivision (a) of Section 25155.5, and to permit the land disposal of that hazardous waste, if the incineration facility used by that producer, either onsite or offsite, has an unplanned shutdown, and if both of the following apply:

(a) There are no other incineration or treatment facilities of adequate capacity available in the state.

where:

(1) W_1 is the total amount in tons of waste and material specified in subdivision (a) of Section 25344.

(f) Notwithstanding any other provision of this section, hazardous wastes disposed of into an injection well during the 1981 calendar year shall be subject to a tax rate that does not exceed 26.4 percent of the base tax rate, as determined in subdivision (a), as it read on January 1, 1984, per ton or fraction thereof.

(2) "Formation" means a body of rock characterized by a degree of lithologic homogeneity which is prevailingly, but not necessarily, tabular and is mappable on the earth's surface or traceable in the subsurface.

Landfarming is a managed process which changes the physical, chemical, or biological composition of hydrocarbon wastes, and it

does not include any other land disposal practices, including, but not limited to, landfilling or codisposal.

The people of the State of California do enact as follows:

SECTION 1. Section 13352 of the Vehicle Code is amended to read:

13352. (a) The department shall immediately suspend or revoke the privilege of any person to operate a motor vehicle upon receipt of a duly certified abstract of the record of any court showing that the person has been convicted of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, or upon receipt of a report of a judge of the juvenile court, a juvenile traffic hearing officer, or a referee of a juvenile court showing that the person has been found to have committed a violation of Section 23152 or 23153 or subdivision (a) of Section 23109. For purposes of this section, suspension or revocation shall be as follows:

(1) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23160, the privilege shall be suspended for a period of six months if the court orders the department to suspend the privilege, or if the court does not grant probation, or if the offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate specified in Section 12804.1. However, where (A) the driving privilege is required to be suspended by this paragraph due to the violation having occurred in vehicles requiring a class 1 or class 2 driver's license, and (B) the court grants probation and imposes the condition specified in

subdivision (b) of Section 23161, the department shall issue the person a class 3 driver's license restricted in the same manner and subject to the same conditions as specified in subdivision (e) of Section 13352.5. The department shall issue the restricted license upon receipt of an abstract of record from the court pursuant to Section 1803 certifying that the court has granted probation to the person on conditions which include the condition specified in subdivision (b) of Section 23161.

(2) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23180, the privilege shall be suspended for a period of one year. The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

(4) Except as provided in Section 13352.5, upon a conviction or finding of a violation of Section 23153 punishable under Section 23185, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430.

(5) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23170, the privilege shall be revoked for a period of three years. The privilege shall not be reinstated until the person files proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion of a one-year program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of a one-year program is required in order to become eligible for a California driver's license. Any individual convicted of a violation of Section 23152 punishable under Section 23170 may also, at any time after sentencing, petition the court for referral to a one-year program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(6) Upon a conviction or finding of a violation of Section 23153 punishable under Section 23190, the privilege shall be revoked for a period of five years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion of a one-year program approved pursuant to

Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of a one-year program is required in order to become eligible for a California driver's license. Any individual convicted of a violation of Section 23153 punishable under Section 23190 may also, at any time after sentencing, petition the court for referral to a one-year program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(7) Upon a conviction or finding of a violation of Section 23152 punishable under Section 23175, the privilege shall be revoked for a period of four years. The privilege shall not be reinstated until evidence satisfactory to the department establishes that no grounds exist which would authorize the refusal to issue a license and until the person gives proof of ability to respond in damages as defined in Section 16430 and gives proof satisfactory to the department of successful completion of a one-year program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. The court shall advise the person at the time of sentencing that completion of a one-year program is required in order to become eligible for a California driver's license. Any individual convicted of a violation of Section 23153 punishable under Section 23175 may also, at any time after sentencing, petition the court for referral to a one-year program approved pursuant to Chapter 9 (commencing with Section 11837) of Part 2 of Division 10.5 of the Health and Safety Code. Unless good cause is shown, the court shall order the referral.

(8) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (e) of that section, the privilege shall be suspended for a period of 90 days to six months, if and as ordered by the court.

(9) Upon a conviction or finding of a violation of subdivision (a) of Section 23109 punishable under subdivision (f) of that section, the privilege shall be suspended for a period of six months, if the court orders the department to suspend the privilege. The privilege shall not be reinstated until the person gives proof of ability to respond in damages as defined in Section 16430.

(b) For the purpose of paragraphs (2) to (9), inclusive, of subdivision (a), the finding of the juvenile court judge, the juvenile traffic hearing officer, or the referee of a juvenile court of a commission of a violation of Section 23152 or 23153 or subdivision (a) of Section 23109, as specified in subdivision (a) of this section, is a conviction.

(c) Each judge of a juvenile court, juvenile traffic hearing officer, or referee of a juvenile court shall immediately report the findings specified in subdivision (a) to the department.

(d) A conviction of an offense in any state, territory, or possession of the United States, the District of Columbia, the Commonwealth

of Puerto Rico, or the Dominion of Canada which, if committed in this state, would be a violation of Section 23152, is a conviction of Section 23152 for purposes of this section, and such a conviction of an offense which, if committed in this state, would be a violation of Section 23153, is a conviction of Section 23153 for purposes of this section. 22816.6. Any permanent intermittent employee enrolled in a health benefits plan under this part who would lose health benefits coverage due to a reduction in working hours shall be entitled to have his or her coverage and the coverage of any family members continued until July 31, 1987, upon assuming payment of the contributions otherwise required of the employer on account of the enrollment.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 22822 of the Government Code is amended to read:

22822. Notwithstanding any other provision of this chapter, with respect to state officers and employees, a permanent intermittent employee, who has an appointment of more than six months and works at least half-time, shall be eligible to enroll or register not to enroll for health benefits within 60 calendar days after having been credited with a minimum of 480 paid hours within one of two designated 6-month periods in a calendar year. To continue benefits, a permanent intermittent employee must be credited with a minimum of 480 paid hours in a designated 6-month period or 960 paid hours in two consecutive designated 6-month periods. For the purposes of this section, the designated 6-month periods are January 1 through June 30 and July 1 through December 31 of each calendar year.

SEC. 3. Section 22954 of the Government Code is amended to read:

22954. Any permanent intermittent employee enrolled in a dental care plan under this part who would lose dental care benefits coverage due to a reduction in working hours shall be entitled to have his or her coverage and the coverage of any family members continued until July 31, 1987, upon assuming payment of the contributions otherwise required of the employer on account of the enrollment.

This section shall become inoperative on July 1, 1987, and, as of January 1, 1988, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1988, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. The Legislature hereby finds and declares: that Section 22822 of the Government Code, as added by Chapter 1320 of the Statutes of 1984, was the vehicle utilized to implement the memoranda of understanding entered into by the Governor and the various employee organizations representing several groups of state employees; that all parties thereto agree that their intent was to

make Section 22822 applicable only to permanent intermittent state employees; that, however, the term "permanent" was inadvertently omitted from that section; and that this act corrects that inadvertent omission.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that an inadvertent omission from Section 22822 of the Government Code (Ch. 1320, Stats. 1984, effective September 24, 1984) may be corrected at the earliest possible time, and to ensure the continued extension, on or after July 1, 1985, of health and dental benefits granted by Chapter 1214 of the Statutes of 1984 for permanent intermittent employees who will otherwise lose their benefits coverage due to a reduction in working hours it is necessary that this act take effect immediately.

CHAPTER 1341

An act to amend Sections 356, 358, and 358.1 of, and to add Section 356.5 to, the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 356 of the Welfare and Institutions Code is amended to read:

356. After hearing the evidence, the court shall make a finding, noted in the minutes of the court, whether or not the minor is a person described by Section 300. If it finds that the minor is not such a person, it shall order that the petition be dismissed and the minor be discharged from any detention or restriction theretofore ordered. If the court finds that the minor is such a person, it shall make and enter its findings and order accordingly and shall then proceed to hear evidence on the question of the proper disposition of the minor. Prior to making a finding required under this section, the court may continue the hearing, if necessary, to receive the social study of the probation officer and any study or evaluation made by a child advocate appointed by the court, or to receive other evidence on its own motion, the motion of a parent or guardian, or the motion of the minor as follows:

(a) If the minor is detained during the continuance, the continuance shall not exceed 10 judicial days.

(b) If the minor is not detained during the continuance, the continuance shall not exceed 30 days after the date of filing the

petition. However, the court may, for cause, continue the hearing for an additional 15 days.

(c) The court may make such order for detention of the minor or for the minor's release from detention, during the period of the continuance, as is appropriate.

If the court finds that the minor is a person described by subdivision (d) of Section 300, it shall make and enter a finding as to whether or not the minor has been a victim of severe physical abuse.

For the purposes of this section, "severe physical abuse" means any of the following: any single act of abuse which causes physical trauma of sufficient severity that, if left untreated, it would cause permanent physical disfigurement, permanent physical disability, or death; any single act of sexual abuse which causes significant bleeding, deep bruising, or significant external or internal swelling; or repeated acts of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

SEC. 2. Section 356.5 is added to the Welfare and Institutions Code, to read:

356.5. A child advocate appointed by the court to represent the interests of a dependent child in a proceeding under this chapter shall have the same duties and responsibilities as a guardian ad litem and shall be trained by and function under the auspices of a court appointed special advocate guardian ad litem program, formed and operating under the guidelines established by the National Court Appointed Special Advocate Association.

SEC 3. Section 358 of the Welfare and Institutions Code is amended to read:

358. (a) After finding that a minor is a person described in Section 300, the court shall hear evidence on the question of the proper disposition to be made of the minor. The court shall receive in evidence the social study of the minor made by the probation officer, any study or evaluation made by a child advocate appointed by the court, and such other relevant and material evidence as may be offered. In any judgment and order of disposition, the court shall specifically state that the social study made by the probation officer and the study or evaluation made by the child advocate appointed by the court, if there be any, has been read and considered by the court in arriving at its judgment and order of disposition.

(b) If the court finds that a minor is described by subdivision (e) of Section 300, the court shall conduct the dispositional proceeding described under subdivision (a) pursuant to Section 366.25.

SEC. 4. Section 358.1 of the Welfare and Institutions Code is amended to read:

358.1. Each social study or evaluation made by a probation officer or child advocate appointed by the court, required to be received in evidence pursuant to Section 358 shall include, but not be limited to, a factual discussion of each of the following subjects:

(a) Whether the county welfare department or probation officer

has considered child protective services, as defined in Chapter 5 (commencing with Section 16500) of Part 4 of Division 9, as a possible solution to the problems at hand, and has offered these services to qualified parents if appropriate under the circumstances.

(b) What plan, if any, for return of the child is recommended to the court by the county welfare department or probation officer.

(c) Whether the best interests of the minor will be served by granting reasonable visitation rights with the minor to his or her grandparents, in order to maintain and strengthen the minor's family relationships.

(d) Whether the subject child appears to be a person who is eligible to be considered for further court action to free the child from parental custody and control pursuant to Section 232 of the Civil Code.

CHAPTER 1342

An act to amend Sections 51283 and 65570 of, and to add Section 51283.5 to, the Government Code, relating to planning.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 51283 of the Government Code is amended to read:

51283. (a) Prior to any action by the board or council giving tentative approval to the cancellation of any contract, the county assessor of the county in which the land is located shall determine the full cash value of the land as though it were free of the contractual restriction. The assessor shall certify to the board or council the cancellation valuation of the land for the purpose of determining the cancellation fee.

(b) Prior to giving tentative approval to the cancellation of any contract, the board or council shall determine and certify to the county auditor the amount of the cancellation fee which the landowner shall pay the county treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 12½ percent of the cancellation valuation of the property.

(c) If they find that it is in the public interest to do so, the board or council may waive any payment or any portion of a payment by the landowner, or may extend the time for making the payment or a portion of the payment contingent upon the future use made of the land and its economic return to the landowner for a period of time not to exceed the unexpired period of the contract, had it not been cancelled, if all of the following occur:

(1) The cancellation is caused by an involuntary transfer or

change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to the owner.

(2) The board or council has determined it is in the best interests of the program to conserve agricultural land use that the payment be either deferred or not required.

(3) The waiver or extension of time is approved by the Secretary of the Resources Agency. The secretary shall approve a waiver or extension of time if the secretary finds that the granting of the waiver or extension of time by the local agency is consistent with the policies of this chapter and that the local agency complied with this article. In evaluating a request for a waiver or extension of time, the secretary shall review the findings of the board or council, the evidence in the record of the local agency, and any other evidence the secretary may receive concerning the cancellation, waiver, or extension of time.

(d) When deferred taxes required by this section are collected, they shall be transmitted by the county treasurer to the Controller and be deposited in the General Fund. The funds collected by the county treasurer with respect to each cancellation of a contract shall be transmitted to the Controller within 30 days of the board's or council's execution of a certificate of cancellation of contract, as specified in subdivision (b) of Section 51283.4.

(e) The first four hundred fifty thousand dollars ($450,000) of revenue paid to the Controller pursuant to subdivision (d), in the 1984–85 fiscal year and any fiscal year thereafter, shall be paid to the State Treasury to the credit of the Farmlands Mapping Account, which is hereby created in the General Fund. These funds shall be available for appropriation to the Department of Conservation for purposes of the farmlands mapping and monitoring program established pursuant to Section 65570. All unencumbered funds in the Farmlands Mapping Account as of June 30 of each fiscal year shall revert to the General Fund.

(f) In addition to the amount of funds deposited in the Farmlands Mapping Account pursuant to subdivision (e), a one-time additional one hundred forty-eight thousand dollars ($148,000) of the revenue paid to the Controller, pursuant to subdivision (d), shall, upon appropriation by the Legislature, be deposited in the account and utilized by the Department of Conservation to prepare Interim Farmland maps as permitted by subdivision (d) of Section 65570.

SEC. 2. Section 51283.5 is added to the Government Code, to read:

51283.5. (a) The Department of Conservation shall submit a report containing all of the following specific information relating to not less than one-third of all cities and counties participating in the Williamson Act program on or before May 15, 1987, and on or before that date each year thereafter:

(1) The number of contract cancellation requests for which notices of hearings were mailed to the Director of Conservation

pursuant to Section 51284 which were approved by boards or councils during the prior fiscal year ending June 30 or for which approval is still pending by boards or councils on that date.

(2) The amount of cancellation fees payable to the county treasurer as deferred taxes and which are required to be transmitted to the Controller pursuant to subdivision (d) of Section 51283 which have not been collected or which remain unpaid.

(3) The total number of acres covered by certificates of cancellation of contracts during the previous fiscal year.

(b) The Legislature may, upon the request of the department, appropriate funds from the deferred taxes deposited in the General Fund pursuant to subdivision (d) of Section 51283 in an amount sufficient to prepare the report required by this section.

(c) The department shall submit the report required by subdivision (a) only if the Legislative Analyst determines, on or before July 15 of each year, that sufficient funds are appropriated by the annual Budget Act to make that report. The Legislative Analyst shall transmit that determination to the Director of Conservation, the Secretary of the Senate, and the Chief Clerk of the Assembly on or before July 15 of each year.

SEC. 3. Section 65570 of the Government Code is amended to read:

65570. (a) The Director of Conservation may establish, after notice and hearing, rules and regulations, and require reports from local officials and may employ, borrow, or contract for such staff or other forms of assistance as are reasonably necessary to carry out this section, Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2, and Section 612 of the Public Resources Code. In carrying out his or her duties under those sections, it is the intention of the Legislature that the director shall consult with the Director of Food and Agriculture and the Director of Planning and Research.

(b) By November 1 of each year, the Department of Conservation shall collect or acquire information on the amount of land converted to or from agricultural use in the previous fiscal year (July 1-June 30) for every county for which Important Farmland Series maps exist. By December 31 of each year, the department shall report to the Legislature on the data collected pursuant to this section. In reporting, the department shall specify, by category of agricultural land, the amount of land converted to, or from, agricultural use, by county and on a statewide basis. The department shall also report on the nonagricultural uses to which these agricultural lands were converted or committed.

For the purposes of this section, the following definitions apply unless otherwise specified:

(1) "Important Farmland Series maps" means those maps compiled by the United States Soil Conservation Service and updated and modified by the Department of Conservation.

(2) "Interim Farmland maps" means those maps prepared by the

Department of Conservation for areas that do not have the current soil survey information needed to compile Important Farmland Series maps. The Interim Farmland maps shall indicate areas of irrigated agriculture, dry-farmed agriculture, grazing lands, urban and built-up lands, and any areas committed to urban or other nonagricultural uses.

(3) "Category of agricultural land" means prime farmland, farmland of statewide importance, unique farmland, and farmland of local importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and grazing land. "Grazing land" means land on which the existing vegetation, whether grown naturally or through management, is suitable for grazing or browsing of livestock.

(4) "Amount of land converted to agricultural use" means those lands which were brought into agricultural use or reestablished in agricultural use and were not shown as agricultural land on Important Farmland Series maps maintained by the Department of Conservation and current to the previous July 1.

(5) "Amount of land converted from agricultural use" means those lands which were permanently converted or committed to urban or other nonagricultural uses and were shown as agricultural land on Important Farmland Series maps maintained by the Department of Conservation and current to the previous July 1.

(c) By July 1 of each year, the Department of Conservation shall update and send counties copies of Important Farmland Series maps current to the previous July 1. Counties may, until September 1 of each year, review the maps and notify the department of any changes in agricultural land pursuant to subdivision (b) that occurred during the previous fiscal year, and note and request correction of any discrepancies or errors in the classification of agricultural lands on the maps. The department shall make those corrections requested by counties. The department shall provide staff assistance, as available, to collect or acquire information on the amount of land converted to, or from, agricultural use in the previous fiscal year for those counties for which Important Farmland Series maps exist.

(d) The Department of Conservation may prepare Interim Farmland maps to supplement the Important Farmland Series maps.

(e) The Legislature finds that the purpose of the Important Farmland Series maps and the Interim Farmland maps is not to consider the economic viability of agricultural lands or their current designation in the general plan. The purpose of the maps is limited to the preparation of an inventory of agricultural lands, as defined in this chapter, as well as land already committed to future urban or other nonagricultural purposes.

CHAPTER 1343

An act to amend Section 6592 of, and to add Sections 7051.1 and 7051.2 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 6592 of the Revenue and Taxation Code is amended to read:

6592. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 6476, 6477, 6511, 6565, 6591, and 7051.2.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

SEC. 2. Section 6592 of the Revenue and Taxation Code is amended to read:

6592. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 6476, 6477, 6480.4, 6511, 6565, 6591, and 7051.2.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases his or her claim for relief.

SEC. 3. Sections 7051.1 is added to the Revenue and Taxation Code, to read:

7051.1. The board may adopt rules and regulations which provide for the issuance of a permit to a person who holds a valid seller's permit which allows the purchase of tangible personal property without payment by the retailer of the tax imposed under this part and any reimbursement of the sales tax to the retailer by that person, if all of the following conditions are met:

(a) That person agrees to report and pay the retailer's tax liability directly to the board.

(b) The board determines that such a direct payment permit will facilitate the collection of the tax imposed under this part.

(c) The board determines that the issuance of a direct payment permit is to the mutual convenience of the board, the person to whom the direct payment permit is issued, and the retailers whose tax liability will be reported and paid by that person.

(d) The board determines that the issuance of a direct payment

permit will not result in a tax loss either in total or on a cash flow basis. To ensure against a potential cash flow loss, the board may accelerate by not more than 10 days the prepayment due dates of a person.

(e) Any person who is issued a direct payment permit shall include with each tax return required to be filed under this part a schedule upon which all local sales and use tax, and any applicable district transactions and use tax, reported on the return as provided in subdivision (a) is allocated to the cities, counties, city and county, redevelopment agencies, and districts to which the tax would have been allocated if it had been reported and paid by the retailers.

SEC. 4. Section 7051.2 is added to the Revenue and Taxation Code, to read:

7051.2. (a) If a holder of a direct payment permit issued by the board pursuant to Section 7051.1 gives an exemption certificate to a retailer for the purpose of paying that retailer's tax liability to the board, and fails or refuses to pay that retailer's tax liability to the board on a timely basis, then in addition to that retailer's tax liability, the direct payment permitholder shall be subject to the same penalty provisions that would apply if that permit holder was the retailer.

(b) If a holder of a direct payment permit issued by the board pursuant to Section 7051.1 does not properly allocate a retailer's local sales and use tax liability, or that retailer's district transactions and use tax liability, if applicable, to the cities, counties, city and county, redevelopment agencies, and districts to which those taxes would have been allocated if properly reported by that retailer, then the direct payment permitholder shall be liable to the state for a penalty of 10 percent of the amount of that retailer's tax liability not properly allocated by the direct payment permitholder for improper allocation due to negligence or intentional disregard of the law.

SEC. 5. Section 2 of this bill incorporates amendments to Section 6592 of the Revenue and Taxation Code proposed by both this bill and SB 842. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1986, but this bill becomes operative first, (2) each bill amends Section 6592 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 842, in which case Section 6592 of the Revenue and Taxation Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 842, at which time Section 2 of this bill shall become operative.

CHAPTER 1344

An act to amend Sections 7506.5 and 12481 of the Government Code, relating to state officers and employees.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985.]

The people of the State of California do enact as follows:

SECTION 1. Section 7506.5 of the Government Code, as added by Chapter 1317 of the Statutes of 1982, is amended to read:

7506.5. The Controller shall make an agreement with one or more financial institutions participating in the Automated Clearing House pursuant to the local rules, and shall establish a program, for the direct deposit by electronic fund transfer of the benefits, after any withholding required by law and authorized deductions, of any person entitled to the receipt of benefits from any state retirement system who authorizes the direct deposit thereof by electronic fund transfer into the person's account at the financial institution of his or her choice.

SEC. 2. Section 12481 of the Government Code is amended to read:

12481. (a) Notwithstanding any other provision of law, the Controller shall make an agreement with one or more financial institutions participating in the Automated Clearing House pursuant to the local rules, and shall establish a program, for direct deposit by electronic fund transfer of the salary or wages, after any withholding required by law and authorized deductions, of officers and employees of the state who authorize the direct deposit thereof by electronic fund transfer into the person's account at the financial institution of his or her choice.

(b) The direct deposit of state payroll pursuant to this section shall be known as the State of california Sure Pay Plan.

SEC. 3. This act shall become operative on January 1, 1987.

CHAPTER 1345

An act to amend Sections 1804 and 12804.3 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 1804 of the Vehicle Code, as amended by Section 1 of Chapter 667 of the Statutes of 1984, is amended to read:

1804. The abstract shall be made upon a form furnished or approved by the department and shall contain all necessary information to identify the defendant, the date and nature of the offense, the license plate number of the vehicle involved in the offense, whether the license is commercial or noncommercial, whether the vehicle was transporting a load required to be

transported by a driver certified pursuant to Section 12804.1, and whether the operator of the vehicle is required to be certified pursuant to Section 12804.3, the date of hearing, and the judgment.

As to any abstract for which the original arrest and final conviction was for a violation of Section 23101 or 23102, as those sections read before January 1, 1982, or Section 23152 or 23153, the abstract shall contain a statement indicating the percentage of alcohol, by weight, in the person's blood whenever that percentage was determined by a chemical test. The information regarding the chemical test shall be compiled only when it is readily available to the clerk of the court. All information required to be compiled pursuant to this paragraph shall be kept confidential in the records of the department and shall not be reported upon any driving record of any individual. The information required to be compiled pursuant to this paragraph shall not be released to any other public or private agency, except for research and statistical summary purposes and, for those purposes, the name and address of the person and any other identifying information shall not be disclosed.

The Legislature finds and declares that blood-alcohol percentages have valuable research potential in providing statistical summary information on impaired drivers but that a specific blood-alcohol percentage is only an item of evidence for purposes of criminal and licensing sanctions imposed by law. The Legislature recognizes that the accuracy of the determination of a specific blood-alcohol percentage is not the critical determination in a conviction for driving under the influence of an alcoholic beverage if the blood-alcohol percentage exceeds the statutory amount. The Legislature finds and declares that the blood-alcohol percentage should not be used by the department for imposing licensing sanctions and the greater or lesser amount of the blood-alcohol percentage should not be used for any other rating purposes.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute which is enacted on or before January 1, 1989, deletes or extends that date.

SEC. 2. Section 1804 of the Vehicle Code, as amended by Section 2 of Chapter 667 of the Statutes of 1984, is amended to read:

1804. The abstract shall be made upon a form furnished or approved by the department and shall contain all necessary information to identify the defendant, the date and nature of the offense, the license plate number of the vehicle involved in the offense, whether the license is commercial or noncommercial, whether the vehicle was transporting a load required to be transported by a driver certified pursuant to Section 12804.1 and whether the operator of the vehicle is required to be certified pursuant to Section 12804.3, the date of hearing, and the judgment.

This section shall become operative on January 1, 1989.

SEC. 3. Section 12804.3 of the Vehicle Code is amended to read:

12804.3. (a) No person shall operate combinations of vehicles with any tank configuration, which are required to be operated by

a class 1 driver and which are transporting bulk liquid loads, unless the person has in his or her possession a certificate required by this section.

(b) Applicants for a certificate pursuant to this section shall pay a fee of twelve dollars ($12) to the department.

(c) Applicants for the certificate shall be required to meet all licensing requirements for a class 1 license issued pursuant to Section 12804 and shall be required to submit to a test of the applicant's knowledge and understanding of the provisions of this code and safe driving practices relating to the operation of combinations of vehicles with any tank configuration transporting bulk loads.

(d) The department may accept a certificate of training, as authorized under subdivision (b) of Section 3100, in lieu of the knowledge test required under subdivision (c) of this section, when the certificate of training is issued by an employer of the applicant.

(e) Renewal of the certificate is subject to Section 12814, as it may apply to a certificate.

(f) Implementation dates for this section may be established by the department by regulation in order to accomplish an orderly certification program.

SEC. 4. No reimbursement is required by Sections 1 and 2 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in Sections 1 and 2 of this act which, in the aggregate, do not result in additional net costs, and no reimbursement is required by Section 3 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because Section 3 of this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1346

An act to amend Sections 15432, 15438, 15438.5, 15452, 15453.7, 15454, and 15462 of the Government Code, relating to health facilities, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

(d) "Health facility" means any facility, place, or building which is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, except in the cases of county outpatient facilities and community clinics, as defined in paragraph (6), and includes all of the following types:

(1) A general acute care hospital which is a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services.

(2) An acute psychiatric hospital which is a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy,

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Cities, counties, hospital districts, and a city and county are finding it difficult or impossible to borrow sufficient funds to finance their working capital needs with respect to health facilities owned or operated by those cities, counties, hospital districts, and the city and county. In order to make that financing available to those entities as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 1347

An act to amend Section 81831 of, and to repeal and add Section 81838 of, the Education Code, relating to community colleges.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares that community colleges have the following capital outlay needs:

(1) Construction of community colleges in districts without permanent campuses.

(2) Construction of new facilities at existing campuses, consistent with the balanced campus concept adopted by the Board of Governors of the California Community Colleges.

(3) Renovation and repair of existing community college facilities.

(b) The Legislature further finds that due to revenue constraints in recent years, many community college districts are unable to provide required matching funds for capital outlay projects in a single fiscal year.

(c) In enacting this act, it is the intent of the Legislature to provide state assistance for priority community college capital outlay projects to the extent that nonstate funds cannot be secured.

SEC. 2. Section 81831 of the Education Code is amended to read:

81831. The chancellor shall review and evaluate each proposed project with reference to the elements of the capital construction program specified in Section 81821. The review shall include the following elements:

(a) An architectural analysis to determine costs of the various phases of the project, with particular attention to be directed to the type of construction, unit costs, and the efficiency of particular buildings and facilities in terms of effective utilization of area.

(b) Determining the amount of federal funds available for the project, and taking appropriate measures to ensure that the project will qualify for the maximum amounts of federal funds practicable under the circumstances.

"Federal funds" means any construction and equipment moneys provided by the federal government to a community college district for the project or any part of the project, which are or will be available to the district for the project.

(c) Determining the total cost of the project, reducing the total cost by the amount of federal funds available therefor, and determining the remainder thereof to be borne by the state, or, if the district has matching funds, by the state and by the district.

The determination as to whether the district has funds to provide all or part of its matching share of the project shall be made on the basis of district ability. If the district ability, as determined by Section 81838, is sufficient to meet the matching costs of the project or its individual phases of planning, working drawings, construction, equipment, or land acquisition, the district shall bear its matching share of the cost of the project or one or more of its phases. If the district funds available are insufficient to provide the district's matching share for the cost of the project or one or more of its phases, computed pursuant to Section 81838, the district shall provide the moneys available, as defined by the board of governors, and state funds may be requested to provide the balance of funds required.

Private funds available for specific projects may be used as a credit toward the district match.

(d) Determining the total of funds required for the first phase of the project to be provided on a matching basis by the state and the district, and the total state appropriation required to be provided for the project or one or more of its phases.

SEC. 3. Section 81838 of the Education Code is repealed.

SEC. 4. Section 81838 is added to the Education Code, to read:

81838. The board of governors shall adopt criteria for determining districts' matching shares of the cost of capital outlay projects. Pursuant to that criteria, the chancellor shall recommend each district's match, which shall be reviewed by the board in forwarding its annual budget request to the Department of Finance for determination by the Legislature.

8513. (a) The board shall prescribe a form entitled "Notice to Owner" which shall describe, in nontechnical language and in a clear and coherent manner using words with common and everyday meaning, the pertinent provisions of this state's mechanics' lien laws and the rights and responsibilities of an owner of property and a registered pest control company thereunder. Each company registered under this chapter, prior to entering into a contract with an owner for work for which a company registration is required, shall give a copy of this "Notice to Owner" to the owner, his or her agent, or the payer.

(b) No company which is required to be registered under this chapter shall require or request a waiver of lien rights from any subcontractor, employee, or supplier.

(c) Each company registered under this chapter which acts as a subcontractor for another company registered under this chapter shall, with 20 days of commencement of any work for which a company registration is required, give the preliminary 20-day notice (private work) in accordance with the provisions of Section 3097 of the Civil Code, to the owner, his or her agent, or the payer.

(e) Each company registered under this chapter which subcontracts to another company registered under this chapter work for which a company registration is required shall furnish to the subcontractor the name of the owner, his or her agent, or the payer.

8514. Notwithstanding any provision of this chapter, after an inspection has been made a registered company which holds a branch registration for the control of household pests, or wood destroying pests or organisms, but its branch registration restricts the method of eradication or control permitted, may recommend and enter into a contract for the eradication or control of pests within the scope of its branch registration, provided it subcontracts in writing the actual performance of the work to a registered company which holds a branch registration authorizing the particular method to be

used.

A registered company may in writing subcontract any pest control work for which it is registered in any branch or branches to a registered company holding a valid branch registration to do such work.

Nothing herein contained shall permit or authorize any registered company to perform, attempt to perform, advertise or hold out to the public or to any person that it is authorized, qualified or registered to perform, pest control work in any branch, or by any method, for which it is not registered.

Subcontracting of work, as permitted herein, shall not relieve the prime contractor or the subcontractor from responsibility for, or from disciplinary action because of, any act or omission on its part, which would otherwise be a ground for disciplinary action.

SEC. 20. Section 8515 of the Business and Professions Code is amended to read:

8515. SEC. 21. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) The provisions of this section shall apply only to wood-destroying pests or organisms.

(b) No registered company shall commence work on a contract, or sign, issue or deliver any documents expressing an opinion or statement relating to the absence or presence of wood-destroying pests or organisms until an inspection has been made. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than five working days after the date the inspection is made. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest to whom the board is to send certified copies of inspection reports and completion notices as provided in subdivision (e).

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures

or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions exist which would ordinarily subject such parts to attack by wood-destroying pests or organisms.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces or other parts subject to attack by wood-destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions and insufficient ventilation are to be reported.

(8) Indication or description of any areas normally subject to damage which are inaccessible or for other reason not inspected, with suggestion for further inspection if practicable. If, after the report has been made in compliance with the provisions of this section, authority is given later to open inaccessible areas, a supplementary report on conditions in these areas shall be made.

(9) Recommendations for corrective measures.

(10) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(11) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

An estimate shall be given with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(d) Control service is defined as the regular reinspection of a

property after a report has been made in compliance with the provisions of this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs 1 to 9, inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood-destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(e) Whenever a report is filed pursuant to subdivision (b), the board shall forthwith send to any person or firm designated under paragraph 3 of that subdivision a certified copy of all inspection reports and completion notices made on the property and filed with the board during the preceding two years, if so requested and upon payment of an appropriate search fee.

(f) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for two years.

8518. When a registered company completes work under a contract, it shall not later than five working days thereafter file with the board a notice of work completed, on a form prescribed by the board. The notice shall include a statement of the cost of the completed work and estimated cost of work not completed. Each such notice shall have affixed thereto a stamp issued by the board in the denomination fixed by the board pursuant to Section 8674 as the fee for filing a notice of work completed. The board shall provide for the sale of such stamps and for the refund of moneys paid for stamps which are returned to it unused.

SEC. 24. Section 8519 of the Business and Professions Code is amended to read:

8519. Certification as used in this section means a written statement by the registered company attesting to the statement contained therein relating to the absence or presence of wood-destroying pests or organisms and, listing such recommendations, if any, which appear on an inspection report prepared pursuant to Section 8516, and which relate to (1) infestation or infection of wood-destroying pests or organisms found, or (2) repair of structurally weakened members caused by such infestation or infection, and which recommendations have not been completed at the time of certification.

Any registered company which makes an inspection report pursuant to Section 8516, shall, if requested by the person ordering such inspection report, prepare and deliver to such person or his or her designated agent, a certification, to provide:

(a) When the inspection report prepared pursuant to Section 8516 has disclosed no infestation or infection: "This is to certify that the above property was inspected on _____ (date) in accordance with the Structural Pest Control Act and rules and regulations adopted pursuant thereto, and that no evidence of active infestation or infection was found."

(b) When the inspection report prepared pursuant to Section 8516 discloses infestation or infection and the notice of work completed prepared pursuant to Section 8518 indicates that all recommendations to remove that infestation or infection and to repair damage caused by that infestation or infection have been completed: "This is to certify that the property described herein is now free of evidence of active infestation or infection."

(c) When the inspection report prepared pursuant to Section 8516 discloses infestation or infection and the notice of work completed prepared pursuant to Section 8518 indicates that the registered company has not completed all recommendations to remove that infestation or infection or to repair damage caused by it: "This is to certify that the property described herein is now free of evidence of active infestation or infection except as follows: _____ (describing infestations, infections, damage or evidence thereof, excepted)."

Such certificate shall be accompanied by a copy of the inspection report prepared pursuant to Section 8516, and by a copy of the notice of work completed prepared pursuant to Section 8518, if any such notice has been prepared at the time of the certification, or such certification may be endorsed on and made a part of that inspection report or notice of work completed.

Registration is granted when the state finds that based on existing scientific evidence there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized."

"If within 24 hours following application you experience symptoms similar to common seasonal illness comparable to the flu, contact your physician or poison control center (telephone number) and your pest control company immediately." (c) As used in subdivision (a), the term "routine investigations" means all investigations of pesticide misuse by a board licensee or registered company except: (1) investigation of misuse incidents which are referred to the board for disciplinary action or which are the basis for county actions to suspend or fine structural pest control licensees or registered companies in accordance with the lists promulgated pursuant to subdivision (b), or (2) any investigation performed by the county agricultural commissioner which has been requested by the board and involves exclusively a violation of this code.

(d) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

(b) The licensee or registered company may appeal a fine or suspension to the Disciplinary Review Committee established in Section 8660 and shall be subject to the procedures in Section 8662.

(c) If a suspension or fine is ordered, it may not take effect until 20 days after the date of the decision if no appeal is filed. If an appeal pursuant to Section 8662 is filed, the order shall be stayed until 20 days after the committee has ruled on the appeal.

(d) Once final action pursuant to this section is taken, no other administrative or civil action may be taken by any state governmental agency for the same violation. However, action taken pursuant to this section may be used by the board as evidence of prior discipline, and multiple local actions may be the basis for statewide disciplinary action by the board pursuant to Section 8620. A certified copy of the order of suspension or fine issued pursuant to this section or Section 8662 shall constitute conclusive evidence of the occurrence of the violation.

(e) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

In addition to its authority to suspend or revoke a license, the board shall have the authority to assess a civil penalty as follows:

(a) Upon the conclusion of a hearing held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, if the proposed decision of the hearing officer is that the licensee is guilty of or has committed any one of the acts or omissions constituting grounds for disciplinary action, the proposed decision shall provide for the imposition of a suspension or for the revocation of the license. In such a case the board may impose the suspension or revocation. The board may also, in lieu of a suspension, assess a civil penalty. The licensee may express a preference for a form of discipline, but the board shall not be bound by any such

expression of preference.

If a licensee elects to stipulate to a disciplinary action prior to an administrative hearing, the board may impose a civil penalty, in accordance with the provisions of this section, in lieu of suspension.

If a proposed stipulation is rejected by the board, it shall be null and void and shall not constitute an admission of any violation charged.

(b) The civil penalty shall not be more than two thousand dollars ($2,000) for an actual suspension of one to 19 days.

(c) The civil penalty shall not be more than five thousand dollars ($5,000) for an actual suspension of 20 to 45 days.

(d) If a licensee is assessed the civil penalty in lieu of an actual suspension, the penalty shall be paid before the effective date of the decision.

(e) If the civil penalty is not paid before the effective date of the suspension, the license shall be suspended until the penalty is paid or until the actual suspension is served.

No civil penalty shall be assessed in lieu of any suspension which exceeds 45 days. In any order of suspension or revocation the board may authorize the completion of any contract or work contracted for under terms and conditions set forth in the order.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. In such a case the board may impose the suspension or revocation. The board may also, in lieu of a suspension, assess a civil penalty. The licensee may express a preference for a form of discipline, but the board shall not be bound by any such expression of preference.

If a licensee elects to stipulate to a disciplinary action prior to an administrative hearing, the board may impose a civil penalty, in accordance with the provisions of this section, in lieu of suspension.

If a proposed stipulation is rejected by the board, it shall be null and void and shall not constitute an admission of any violation charged.

(b) The civil penalty shall not be more than two thousand dollars ($2,000) for an actual suspension of one to 19 days.

(c) The civil penalty shall not be more than five thousand dollars ($5,000) for an actual suspension of 20 to 45 days.

(d) If a licensee is assessed the civil penalty in lieu of an actual suspension, the penalty shall be paid before the effective date of the decision.

(e) If the civil penalty is not paid before the effective date of the suspension, the license shall be suspended until the penalty is paid or until the actual suspension is served.

No civil penalty shall be assessed in lieu of any suspension which exceeds 45 days. The proceedings under this article shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

The notice sent to the registered company shall inform the registered company that if it desires a hearing to contest such finding of noncompliance, such hearing shall be requested by written notice to the board within 20 days of receipt of the notice of noncompliance from the board. CHAPTER 1349

An act to add Section 18496.1 to, and to repeal and add Section 18521.5 of, the Financial Code, relating to industrial loan companies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 18496.1 is added to the Financial Code, to read:

18496.1. (a) A director, officer, employee, or agent of Thrift Guaranty Corporation shall be subject to liability for acts of fraud, willful misconduct, or reckless or criminal acts arising out of, or in connection with, the performance of his or her duties on behalf of Thrift Guaranty Corporation, but shall not be subject to liability or causes of action for acts other than those set forth in this section.

(b) The board of directors shall exercise reasonable efforts to obtain directors, officers, employees, and agents, errors and omissions liability insurance coverage and shall within 30 days from the end of each fiscal year submit to the commissioner its reports, advising the commissioner of the terms and costs of such coverage, if available.

SEC. 2. Section 18521.5, as added to the Financial Code by Chapter 142 of the Statutes of 1985, is repealed.

SEC. 3. Section 18521.5 is added to the Financial Code, to read:

18521.5. (a) Notwithstanding Section 18521 or 18100.5, until July 1, 1990, each industrial loan company, other than a premium finance agency, which has issued and has outstanding thrift obligations shall, as a condition of its authority to continue to conduct business under this division, have its outstanding thrift obligations insured or guaranteed by Thrift Guaranty Corporation, an instrumentality of the United States government, or by a private insurer, surety, or guarantee company authorized to transact business in California and approved by the commissioner after consultation with the Insurance Commissioner; however, each industrial loan company shall, as a condition of its authority to continue to conduct business under this division, continue to participate as a member or a special member as defined in Section 18476, in Thrift Guaranty Corporation in accordance with this chapter and rules established by the Board of Directors of Guaranty Corporation until it has paid assessments

required by Section 18537.

(b) On and after July 1, 1990, each industrial loan company, other than a premium finance agency, which has issued and has outstanding thrift obligations, shall, as a condition of its authority to continue to conduct business under this division, participate as a member of the Federal Deposit Insurance Corporation; or in a similar instrumentality of the federal government; or in a successor corporation to Thrift Guaranty Corporation created by its members, having the power and authority of its predecessor as set forth in this division, which is not an instrumentality of the State of California and for which the state is not responsible or liable in case of any losses occasioned by actions of the corporation, and which shall obtain and maintain insurance for its fund, or participate in a group insurance contract for the thrift obligations of its members, either of which insurance plans shall be approved by the commissioner; or be insured by a private insurer, surety, or guarantee company or companies authorized to transact business in California and approved by the commissioner after consultation with the Insurance Commissioner.

(c) Any person not transacting the business of an industrial loan company prior to the effective date of this section, who thereafter commences business under the provisions of this division, shall, upon commencement of its business, participate as a member of the Federal Deposit Insurance Corporation, or in a similar instrumentality of the federal government.

(d) Until July 1, 1990, Thrift Guaranty Corporation shall have the power to seek insurance, guarantee, or surety, with an insurer or surety, or guarantor authorized to transact business in this state. The insurance shall be subject to the approval of the commissioner after consultation with the Insurance Commissioner. It is the intent of the Legislature to permit the Guaranty Corporation to seek insurance and the Guaranty Corporation's insurer to seek reinsurance.

(e) In addition to any other provision of this section, if during that period of time ending July 1, 1990, the United States Congress or the Board of Governors of the Federal Reserve System adopt or amend a law or regulations which pertain to an industrial loan company applying for and obtaining membership in the Federal Deposit Insurance Corporation, and the new federal law or regulations prevent an industrial loan company from obtaining Federal Deposit Insurance Corporation coverage solely because the company's holding company status prevents Federal Deposit Insurance Corporation membership, a successor to the Thrift Guaranty Corporation approved by the commissioner, or some other institutional mechanism approved by the commissioner, which obtains insurance in accordance with this subdivision, may continue to discharge its function so long as the insurance remains in effect.

(f) Within one year of the effective date of the act which adds this section, and annually thereafter until July 1, 1990, the commissioner shall report to the Legislature on the following:

(1) The progress of Thrift Guaranty Corporation in obtaining

reinsurance.

(2) The progress of licensees in converting to coverage by an instrumentality of the United States government or by a private insurer, surety, or guarantor.

(3) Recommendations for additional legislation if, in the commissioner's opinion, additional legislation would be desirable to encourage industrial loan companies to seek coverage for investment certificates from sources other than Thrift Guaranty Corporation.

The commissioner shall submit special reports on these matters as may be required by the circumstances.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The recent failure of a large industrial loan company has imposed a threat to the state's economy. It is necessary that this act take effect immediately in order to safeguard the public health, safety, and welfare, to alleviate real danger to lives and property, and to relieve the severe hardship suffered by thousands of California residents.

CHAPTER 1350

[Approved by Governor September 30, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 131.1 is added to the Streets and Highways Code, to read:

131.1. Upon the request of any Service Authority for Freeway Emergencies that has imposed additional fees on vehicles pursuant to Section 9250.10 of the Vehicle Code, the department may contract with the authority for the installation, operation, and maintenance of emergency call boxes on portions of the California Freeway and Expressway System within the county. The service authority shall reimburse the department for all costs incurred under this section.

SEC. 2. Chapter 14 (commencing with Section 2550) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 14. SERVICE AUTHORITY FOR FREEWAY EMERGENCIES

2550. A Service Authority for Freeway Emergencies may be established in any county if the board of supervisors of the county and a majority of the cities within the county having a majority of the population adopt resolutions providing for the establishment of the authority.

2551. An authority established under this section shall have 7 members, with 2 members selected by the board of supervisors and 5 members selected jointly by the affected cities.

2552. The authority may contract and may undertake any act convenient or necessary to carry out this chapter and any other law relating to the authority.

2553. Any authority established under this chapter may impose a fee, not to exceed one dollar ($1) per year, on vehicles registered in the county pursuant to Section 9250.10 of the Vehicle Code.

2554. The moneys received by each authority pursuant to subdivision (b) of Section 9250.10 of the Vehicle Code shall be used for the implementation, maintenance and operation of an emergency motorist aid system, including, but not limited to, emergency call boxes and emergency mechanical service patrols on the portions of the California Freeway and Expressway System located within the county in which the authority is established. The Department of Transportation and the Department of the California Highway Patrol shall each review and approve plans for implementation of an emergency motorist aid system proposed for any state highway route and shall be reimbursed by the service authority for all costs incurred.

An authority may construct and maintain the facilities of an emergency motorist aid system or it may contract with a private person or entity to do so.

2555. Any service authority may, pursuant to Chapter 6 (commencing with Section 54300) of Division 2 of Title 5 of the Government Code, issue revenue bonds for the purposes of this chapter and pledge revenues to be received from the fees.

SEC. 3. Section 2421.5 is added to the Vehicle Code, to read:

2421.5. When any Service Authority for Freeway Emergencies has imposed additional fees on vehicles pursuant to Section 2553 of the Streets and Highways Code, the department shall answer calls and provide central dispatching services for the system on the portions of the California Freeway and Expressway System within the county. The department shall determine and authorize the service providers eligible to participate in the system. The service authority shall reimburse the department for all costs incurred under this section.

SEC. 4. Section 9250.10 is added to the Vehicle Code, to read:

9250.10. (a) In addition to any other fees specified in this code and the Revenue and Taxation Code, any additional fees imposed by a Service Authority for Freeway Emergencies pursuant to Section 2553 of the Streets and Highways Code shall be paid to the department at the time of registration or renewal of registration of every vehicle subject to registration under this code in the subject counties, except those vehicles that are expressly exempted under this code from the payment of registration fees.

(b) After deducting its administrative costs, the department shall distribute the additional fees collected pursuant to subdivision (a) to the authority in the county in which they were collected.

CHAPTER 1351

An act to amend Sections 33763 and 33766 of the Health and Safety Code, relating to housing.

[Approved by Governor September 30, 1985 Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. Section 33763 of the Health and Safety Code is amended to read:

33763. (a) No loan shall be made for financing except through a qualified mortgage lender.

(b) All mortgage loans made for financing pursuant to this chapter from the proceeds of bonds issued on or before October 1, 1983, shall be insured or guaranteed, in whole or in part, by any instrumentality of the United States, or the State of California, or by any person licensed to insure mortgages in this state. Mortgage loans made for financing pursuant to this chapter from the proceeds of bonds issued after October 1, 1983, may be insured or guaranteed, in whole or in part by those entities or persons. However, nothing in this subdivision shall impair any contractual rights which may have vested in bondholders or other persons prior to October 1, 1983.

SEC. 2. Section 33766 of the Health and Safety Code is amended to read:

33766. Revenues and the proceeds of mortgage insurance or guarantee claims, if any, shall be the sole source of funds pledged by an agency for repayment of its revenue bonds. Revenue bonds issued under this chapter do not constitute a debt or liability of the agency or the state for which the faith and credit of the agency or the state is pledged but shall be payable solely from revenues and the proceeds of mortgage insurance or guarantee claims, if any.

CHAPTER 1352

An act to amend Sections 4075 and 4076 of, and to add Section 5705.6 to, the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1985. Filed with Secretary of State October 1, 1985]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds as follows:

(a) The patient population in private residential care facilities for

the mentally disordered has changed dramatically over recent years. Where previously the majority of such patients were in their 50's, the majority are now in their 30's, and likely to be more active and violent with problems of alcohol or drug addiction and behavior control.

(b) Rates set for private residential care facilities for the mentally disordered are insufficient to assure adequate treatment of patients' programmatic needs because the rate structure is not based on such needs.

(c) Due to such insufficient payments, operators of private residential care facilities are not given any incentive to serve the more severely disturbed, and it is difficult to recruit sufficient private residential care facilities.

(d) Due to lack of incentive to serve the mentally disordered, the number of residential care facilities serving such persons has decreased rapidly in recent years. At the same time, research reports document a significant increase in the number of homeless persons, many of them mentally disordered.

(e) The homeless mentally disordered have become significant burdens on local governments and charitable relief organizations whose resources are overwhelmed by the number of persons requiring emergency food and shelter. Lack of access by mentally disordered homeless persons to necessities such as shelter, food, medical care, and mental health treatment represents a threat to their health and safety. Businesses and local economies are also impacted by the presence of homeless mentally disordered persons who do not have access to these necessities.

SEC. 2. Section 4075 of the Welfare and Institutions Code is amended to read:

4075. The department shall establish and maintain an equitable system of payment for the special needs of mentally disordered persons in private residential care facilities for the mentally disabled as follows:

(a) The department shall establish the rates of payment which shall be based on the functional ability and programmatic needs of clients. By July 1, 1987, the department shall establish a standardized assessment tool and client monitoring system for counties to use in determining the functional ability and programmatic needs of mentally disordered clients pursuant to this chapter.

(b) No later than October 1, 1985, the department shall adopt regulations as are necessary to establish eligibility criteria for private residential care facilities, including, but not limited to, training and educational requirements for facility operators and staff and ability to meet specified special needs of clients.

(c) By July 1, 1980, and each year thereafter, the department shall establish rates. Such rates shall annually be proposed to the Legislature by March 1 and shall be operative on July 1 of each year. In recommending funds to be appropriated, the department shall include actual caseload numbers, case estimates, and separate county

and state administrative costs which shall be separately identified from the rates established by the department under this section. These rates shall include, but not be limited to, each of the cost elements in this section as follows:

(1) Rates established for all facilities shall include an adequate amount to care for "basic living needs" of a mentally disordered person. "Basic living needs" are defined to include housing (shelter, utilities, and furnishings), food, and personal care. These amounts shall be adjusted annually to reflect cost-of-living changes. A redetermination of basic living costs shall be undertaken every three years by the State Department of Mental Health using the best available estimating methods.

(2) To the extent applicable, rates established for facilities shall include a reasonable amount for "unallocated services." Such costs shall be determined using generally accepted accounting principles. "Unallocated services" means the indirect costs of managing a facility and includes costs of managerial personnel, facility operation, maintenance and repair, employee benefits, taxes, interest, insurance, depreciation, and general and administrative support. If a facility serves other persons in addition to mentally disordered persons, unallocated services expenses shall be reimbursed under the provision of this section, only for the proportion of the costs associated with the care of mentally disordered persons.

(3) Rates established for facilities shall include an amount to reimburse facilities for the depreciation of "mandated capital improvements and equipment" as established in the state's uniform accounting manual. For purposes of this section, "mandated capital improvements and equipment" are only those remodeling and equipment costs incurred by a facility because an agency of government has required such remodeling or equipment as a condition for the use of the facility as a provider of care to mentally disordered persons.

(4) To the extent applicable, rates established for all facilities shall include as a "factor" an amount to reflect differences in the cost of living for different geographic areas in the state.

(5) Rates established for facilities shall include an amount for supervision where the functional ability or programmatic needs of residents require augmented supervisory staff.

(6) Rates of payment for private residential care facilities shall be established in such ways as to assure the maximum utilization of all federal and other sources of funding, to which mentally disordered persons are legally entitled, prior to the commitment of state funds for such purposes.

(d) Notwithstanding any other provision of law, the rates established under this section shall be equal to the rates established by the State Department of Developmental Services for equivalent categories on July 1, 1985, of regional center clients in private residential care facilities for the developmentally disabled, until the time, but in no case later than July 1, 1987, the department has

established the assessment tool required under subdivision (a). However, in no case shall the rates established under this section be less than the rates paid for equivalent categories of regional center clients which were in effect on July 1, 1985.

(e) County and state administrative costs shall be separately identified from the rates established by the department under this section.

SEC. 3. Section 4076 of the Welfare and Institutions Code is amended to read:

4076. Each county shall apply for the adjusted rates and county administrative costs established under this chapter as part of the Short-Doyle plan pursuant to Section 5651 or a negotiated net amount contract by the state and county. However, notwithstanding Section 5705, no county matching funds are required under this section for fiscal years 1985–86 and 1986–87.

SEC. 4. Section 5705.6 is added to the Welfare and Institutions Code, to read:

5705.6. In addition to the waiver provided for in Section 5705.4, for 1985–86 and 1986–87 fiscal years, the cost requirement for local financial participation pursuant to Section 5705, including county administrative costs, shall be waived for supplemental rates of payment for residential care facilities for the mentally disordered pursuant to Section 4076.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the urgency of providing an adequate reimbursement rate structure for private residential care facilities and encouraging such facilities to serve mentally disabled persons, and meeting the shelter needs of mentally disordered persons whose homelessness is a threat to their health and safety and, in some cases, to public safety, and to provide a vital component of local Short-Doyle programs, it is necessary that this act take effect immediately.
