STATUTES OF CALIFORNIA

1985–86

REGULAR SESSION

1986 CHAPTERS

CHAPTER 1

An act to repeal Section 25521 of the Health and Safety Code, relating to hazardous materials, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 3, 1986. Filed with Secretary of State February 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25521 of the Health and Safety Code is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to eliminate a source of misinterpretation concerning requirements for local programs regulating hazardous materials, and to enable cities and counties to implement those programs at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 2

An act to amend Section 6140.5 of, and to add Sections 6086.1, 6140.1, 6140.2, and 6140.3 to, the Business and Professions Code, relating to the State Bar of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 4, 1986. Filed with Secretary of State February 4, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 6086.1 is added to the Business and Professions Code, to read:

6086.1. Except as otherwise provided by law, hearings and records of original disciplinary proceedings in the State Bar Court shall be public, following a notice to show cause.

SEC. 2. Section 6140.1 is added to the Business and Professions Code, to read:

6140.1. (a) The board shall fix the annual membership fee for 1986 as follows:

(1) For active members who have been admitted to the practice of law in this state for three years or longer preceding the first day of February of the year for which the fee is payable, at the sum of one hundred eighty dollars ($180).

(2) For active members who have been admitted to the practice of law in this state for less than three years but more than one year preceding the first day of February of the year for which the fee is payable, at the sum of one hundred fifteen dollars ($115).

(3) For active members who have been admitted to the practice of law in this state for less than one year preceding the first day of February of the year for which the fee is payable, at the sum of one hundred dollars ($100).

(4) For inactive members, at the sum of twenty dollars ($20).

The fees authorized by this subdivision may be adjusted by the board to reflect any increase or decrease in the cost of living occurring after December 1984 and prior to the operative date of this section, not to exceed ten dollars ($10).

The fees authorized by this section are due and payable 60 days from the operative date of this section.

(b) In addition to the amount of the membership fee for 1986 equal to the amount of the membership fee for 1985 that was expended for discipline in 1985, twenty dollars ($20) of each fee received pursuant to paragraphs (1), (2), and (3) of subdivision (a) shall be expended on the disciplinary system.

(c) In 1986, the State Bar shall submit its budget for calendar year 1986 to the appropriate fiscal committees of each house of the Legislature for review and recommendation. Nothing in this subdivision shall be construed as having any effect on the period of time for which the annual budget of the State Bar is applicable.

(d) Commencing in 1986, the State Bar's proposed annual budget for the following year shall be submitted to the Legislature for review and approval as part of any bill that would authorize the imposition of membership dues for the following year. Approval of any such bill shall only require a majority vote.

SEC. 3. Section 6140.2 is added to the Business and Professions Code, to read:

6140.2. (a) On or before April 1, 1986, and June 1, 1986, the State Bar shall submit reports to the Judiciary Committees of the California State Senate and Assembly on the procedural changes and improvements which have been made in the State Bar disciplinary system and what effect these changes have had on the number of complaints pending, the time required to process these complaints, and the progress made in reducing the backlog of complaints.

(b) On or before December 31, 1987, the State Bar shall reduce by 80 percent the complaints within its inventory as of March 31, 1985, which have been received but have not resulted in dismissal, admonishment of the attorney involved, or filing of formal charges by State Bar Office of Trial Counsel. This reduction shall be accomplished by dismissal, admonishment of the attorney involved, or recommendation by the State Bar for disposition by the Supreme Court.

(c) The State Bar shall set as a goal by December 31, 1987, the improvement of its disciplinary system so that no more than six

months will elapse from the receipt of complaints to the time of dismissal, admonishment of the attorney involved, or the filing of formal charges by the State Bar Office of Trial Counsel.

SEC. 4. Section 6140.3 is added to the Business and Professions Code, to read:

6140.3. The board may increase the annual membership fee for 1986 fixed by subdivision (a) of Section 6140.1 by an additional amount, not to exceed ten dollars ($10), to be applied only to the cost of land and buildings used to conduct the operations of the State Bar. This additional fee shall not be used for capital expenditures but may only be used for the payment of interest on and the repayment of moneys borrowed for these purposes prior to the operative date of this section.

SEC. 5. Section 6140.5 of the Business and Professions Code is amended to read:

6140.5. (a) The board may establish and administer a Client Security Fund to relieve or mitigate pecuniary losses caused by the dishonest conduct of the active members of the State Bar. Any payments from the fund shall be discretionary and shall be subject to such regulation and conditions as the board shall prescribe. The board may delegate the administration of the fund to the State Bar Court, or to any board or committee created by the board of governors.

(b) Commencing January 1, 1972, the board may increase the annual membership fees fixed by it pursuant to Section 6140.1 by an additional amount per active member not to exceed ten dollars ($10) in any year, the additional amount to be applied only for the purposes of the fund and the costs of its administration, including, but not limited to, the costs of processing, determining, defending, or insuring claims against the fund.

SEC. 6. The Auditor General, with the cooperation of the Board of Governors of the State Bar, shall conduct a plebiscite of the members of the State Bar regarding the appropriate functions of the State Bar. Prior to submission of the plebiscite to members of the State Bar, the Auditor General shall submit the questions to be posed in the plebiscite to the chairperson and vice chairperson of the Senate and Assembly Committees on the Judiciary for their review and approval. The plebiscite shall be conducted by May 15, 1986. All costs of the plebiscite shall be borne by the State Bar.

No State Bar funds may be expended to make any communication to members of the State Bar concerning the issue posed in the plebiscite. As used in this section "communication" includes a statement contained in any publication funded in whole or in part by State Bar funds.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the State Bar to continue to function, it is necessary that this act take effect at the earliest date possible.

CHAPTER 3

An act relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 5, 1986. Filed with Secretary of State February 5, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Sections 3525 and 10218 of the Elections Code, or any other provision of law, the measure set forth in Senate Constitutional Amendment No. 28 of the 1985–86 Regular Session, as chaptered by the Secretary of State, shall be submitted to the people of the State of California for their ratification at the direct primary election, to be held June 3, 1986. This measure shall be submitted to the voters in substantial accordance with provisions of the Government Code and Elections Code governing submission of statewide measures to the voters at a statewide election.

SEC. 2. This bill shall become operative only if Senate Constitutional Amendment No. 28 of the 1985–86 Regular Session is chaptered.

SEC. 3. This act shall remain in effect only until January 1, 1987, and shall have no force or effect on or after that date, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that Senate Constitutional Amendment No. 28 of the 1985–86 Regular Session may be submitted to the voters at the 1986 direct primary election, it is necessary that this act take effect immediately.

CHAPTER 4

An act to amend Section 927 of, and to add and repeal Section 927.5 of, the Unemployment Insurance Code, relating to unemployment insurance, to take effect immediately, tax levy.

[Approved by Governor February 5, 1986. Filed with Secretary of State February 5, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 927 of the Unemployment Insurance Code

is amended to read:

927. "Wages" also means all tips which are received while performing services which constitute employment and included in a written statement furnished to the employer pursuant to Section 6053(a) of the Internal Revenue Code.

The changes in law made in this section by Chapter 1461 of the Statutes of 1985 shall apply with respect to wages earned on and after January 1, 1986, in conformity with the provisions of federal law.

SEC. 2. Section 927.5 is added to the Unemployment Insurance Code, to read:

927.5. (a) Notwithstanding Section 927, for the purposes of Part 2 (commencing with Section 2601) of this division only, "wages" shall also mean the amount of cash tips and cash gratuities received by a worker from persons other than his employer in the course of employment by an employer during any calendar month if the amount of the cash tips and cash gratuities is equal to or greater than twenty dollars ($20), and such tips and gratuities shall be treated as remuneration and wages paid by the employer to the worker.

(b) Each worker shall report to his or her employer in writing the amount of wages included in subdivision (a) on or before the 10th day of the calendar month following the calendar month in which they were received. The worker's statement required by Section 6053 of the Internal Revenue Code of 1954 may be used to satisfy the requirements of this subdivision.

(c) This section shall apply only with respect to wages earned before January 1, 1986. This section is repealed on January 1, 1987.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 5

An act to add Chapter 3.7 (commencing with Section 5700) to Division 5 of the Public Resources Code, relating to financing of a program of acquiring, developing, improving, rehabilitating, or restoring real property for park, beach, recreational, and historical resources preservation purposes through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 6, 1986. Filed with Secretary of State February 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.7 (commencing with Section 5700) is added to Division 5 of the Public Resources Code, to read:

CHAPTER 3.7. COMMUNITY PARKLANDS ACT OF 1986

Article 1. General Provisions

5700. This chapter shall be known and may be cited as the Community Parklands Act of 1986.

5701. The Legislature hereby finds and declares as follows:

(a) It is the responsibility of the state to encourage, and assist in the provision of, better parks and enhanced recreational opportunities for all citizens of California.

(b) Community, neighborhood, and regional parks, beaches, recreational areas, recreational trails, and other recreational facilities, and the preservation of historic sites and structures contribute significantly to a healthy physical and moral environment and also contribute to the economic betterment of the state.

(c) Many older parks and recreational facilities have deteriorated to the point where the original investment in them may become lost, and prompt action is necessary to restore them to usefulness.

(d) Accordingly, it is in the public interest for the state to assist counties, cities, and districts in providing these facilities for the use and enjoyment of citizens they serve.

5702. As used in this chapter, the following terms have the following meanings:

(a) "District" means any regional park district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3 and any recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780). With respect to any community which is not included within a regional park district or a recreation and park district and in which no city or county provides parks or recreational areas or facilities, "district" also means any other district which is authorized by statute to operate and manage parks or recreational areas or facilities, employs a full-time park and recreation director and offers year-round park and recreation services on lands and facilities owned by the district, and allocates a substantial portion of its annual operating budget to parks or recreation areas or facilities.

(b) "Fund" means the Community Parklands Fund.

(c) "Program" means the Community Parklands Program established by this chapter.

Article 2. Community Parklands Program

5710. (a) The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Community Parklands Fund, which is hereby created.

(b) All money deposited in the fund shall be available for appropriation in the manner set forth in Section 5735 in an amount not to exceed one hundred million dollars ($100,000,000) for grants to counties, cities, and districts for the acquisition, development,

rehabilitation, or restoration of real property for park, beach, recreational, or historical resources preservation purposes.

5711. (a) The total amount proposed to be appropriated for the program shall be included in a section in the Budget Bill for the 1987–88 fiscal year and each succeeding fiscal year for consideration by the Legislature and shall bear the caption "Community Parklands Program."

(b) Commencing with the Budget Bill for the 1990–91 fiscal year, any grant funds which were not accepted by a recipient or were not encumbered by the recipient within the three-year period specified in Section 5721 or which were restored pursuant to subdivision (c) of Section 5723 shall be available for appropriation for one or more projects of the type specified in Section 5712 that the Legislature deems to be of the highest priority statewide.

(c) All appropriations are subject to all limitations enacted in the Budget Act and to all fiscal procedures prescribed by law with respect to the expenditure of state funds unless expressly exempted from those laws by a statute enacted by the Legislature. The section in the Budget Act shall contain proposed appropriations only for the program contemplated by this chapter, and no funds derived from the bonds authorized by this chapter may be expended pursuant to an appropriation not contained in that section of the Budget Act.

5712. The grant funds authorized for the program may be expended by the recipient for any of the following purposes or any combination thereof:

(a) The rehabilitation, improvement, or restoration of deteriorated roads, utilities, and other structures and facilities within existing parks and recreational areas.

(b) Neighborhood, community, and regional parks.

(c) Beaches and public accessways to beaches.

(d) Historical sites and structures.

(e) Recreational areas and facilities.

(f) Hiking, bicycling, and equestrian trails.

(g) Development rights and scenic easements in connection with any acquisition made for any purpose specified in subdivisions (b) to (f), inclusive, so long as the right or easement directly enhances the enjoyment or usefulness of the acquisition.

Article 3. Administration

5720. (a) The grant funds authorized for the program shall be allocated to counties, cities, and districts on the basis of their populations, as determined by the Department of Parks and Recreation in cooperation with the Department of Finance on the basis of the most recent verifiable census data and such other population data as the Department of Parks and Recreation may require to be furnished by any county, city, or district.

(b) Forty percent of the total funds available for grants shall be allocated to counties and regional park, open-space, or park and

open-space districts formed pursuant to Chapter 3 (commencing with Section 5500). Each county's allocation shall be in the same ratio as the county's population is to the state's total population, except that each county shall be entitled to a minimum allocation of one hundred thousand dollars ($100,000). In any county that embraces all or part of the territory of a regional park, open-space, or park and open-space district whose board of directors is not the county board of supervisors, the amount allocated to the county shall be apportioned between the county and the regional district in proportion to the population of the county that is included within the territory of the regional district and the population of the county that is outside the territory of the regional district.

(c) (1) Sixty percent of the total funds available for grants shall be allocated to cities and districts, other than regional park, open-space, or park and open-space districts. Each city's and each such district's allocation shall be in the same ratio as the city's or district's population is to the combined total of the state's population that is included in incorporated areas and in unincorporated areas within districts, except that each city or district shall be entitled to a minimum allocation of twenty thousand dollars ($20,000). In any instance in which the boundary of a city overlaps the boundary of a district, the population in the area of overlapping jurisdictions shall be attributed to each jurisdiction in proportion to the extent to which each operates and manages parks and recreational areas and facilities for that population. In any instance in which the boundary of a city overlaps the boundary of a district, and in the area of overlap the city does not operate and manage parks and recreational areas and facilities, all grant funds shall be allocated to the district.

(2) Each city and other district whose boundaries overlap, shall develop a specific plan for allocating the grant funds in accordance with the formula specified in paragraph (1). If, by October 1, 1986, the plan has not been agreed to by the affected jurisdictions and submitted to the Department of Parks and Recreation, the Director of Parks and Recreation shall determine the allocation of the grant funds among the affected jurisdictions.

5721. (a) Individual applications for grants shall be submitted to the department for approval as to conformity with the requirements of this chapter. The application shall be accompanied by certification from the planning agency of the applicant that the project for which the grant is applied is consistent with the park and recreation element of the applicable city or county's general plan or the district's park and recreation plan and will satisfy a high priority need. In order to utilize available grant funds as effectively as possible, overlapping or adjoining jurisdictions are encouraged to combine projects and submit a joint application.

(b) The minimum amount that the applicant may request for any individual project is twenty thousand dollars ($20,000).

(c) Every application shall comply with the California Environmental Quality Act (Division 13 (commencing with Section

21000)).

(d) Grants that are wholly or partially for the acquisition of real property shall be made on the basis of 75 percent state funds and 25 percent local matching funds or property donated to be part of the project. The grant recipient shall certify to the department that there is available, or will become available prior to the commencement of any work on the project, matching funds or property in the required amount from a nonstate source. Certification of the source and amount or value shall be set forth in the application.

(e) The director shall annually forward a statement of the total amount to be appropriated in each fiscal year for projects approved for grants to the Director of Finance for inclusion in the Budget Bill. The amount of grant funds to be allocated to each eligible jurisdiction shall be published in the Governor's Budget for the fiscal year in which the appropriation for those grants is to be made and, as soon as possible thereafter, a list of projects for which grants have been approved shall be made available by the department.

(f) Grant funds shall be encumbered by the recipient within three years of the date the appropriation became effective, regardless of the date when the project was approved by the department pursuant to this section.

5722. Grant funds may be expended for development, rehabilitation, or restoration only on lands owned by, or subject to a lease or other long-term interest held by, the applicant. If the lands are not owned by the applicant, the applicant shall first demonstrate to the satisfaction of the director that the development, rehabilitation, or restoration will provide benefits commensurate with the type and duration of interest in land held by the applicant. No grant funds may be expended for any purpose that is not directly related to the operation and management of parks and recreational areas and facilities.

5723. (a) No grant funds authorized by this chapter shall be disbursed until the applicant agrees that any property acquired or developed with those funds shall be used by the applicant only for the purpose for which the funds were requested and that no other use of the property shall be permitted except by specific act of the Legislature.

(b) No funds shall be disbursed unless the applicant agrees to maintain and operate the property to be acquired or developed for a period commensurate with the type of project and the proportion of state funds and local matching funds or property allocated to the capital costs of the project.

(c) No funds shall be disbursed unless the applicant agrees to make the property to be acquired or developed open to use by the public by a date specified in the agreement. That date shall not be more than three years after the date upon which the project was approved by the department pursuant to Section 5721. The department may grant a postponement of the specified date if the

property is not or will not be open to use by the public by the specified date due to circumstances wholly beyond the control of the applicant. If the property is not open to use by the public by the date specified in the agreement, and any postponement thereof granted by the department, the grant funds shall be restored in full to the department and the applicant shall become ineligible to receive any further funds that may become available pursuant to this chapter. Any funds restored pursuant to this section shall be deposited in the fund and shall be available for appropriation pursuant to subdivision (b) of Section 5711.

5724. Any grant made pursuant to this chapter, and the performance of the applicant in expending the grant, may be audited at any time by the department.

5725. Of the total funds available for appropriation pursuant to this chapter, an amount, not to exceed four hundred thousand dollars ($400,000), may be appropriated for state administrative costs directly incurred in connection with this chapter.

Article 4. Fiscal Provisions

5730. Bonds in the total amount of one hundred million dollars ($100,000,000), or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of, and interest on, the bonds as the principal and interest become due and payable.

5731. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds maturing each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which shall be necessary to collect that additional sum.

5732. There is hereby appropriated from the General Fund, for the purpose of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as principal and interest become due and payable.

(b) The sum which is necessary to carry out the provisions of Section 5733, appropriated without regard to fiscal years.

5733. For the purposes of carrying out this article, the Director of Finance may, pursuant to appropriate authority in each annual Budget Act, authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds

which have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any moneys made available under this section shall be returned to the General Fund from moneys received from the sale of bonds for the purpose of carrying out this chapter. The money withdrawn from the General Fund shall be returned to the General Fund with interest at the rate earned by the money in the Pooled Money Investment Account during the time the money was withdrawn from the General Fund pursuant to this section.

5734. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

5735. Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Community Parklands Program Finance Committee is hereby created. The committee consists of the Controller, the Director of Finance, and the Treasurer. For purposes of this chapter, the Community Parklands Program Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law, and the Treasurer shall serve as chairperson of the committee.

5736. All money deposited in the fund which is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

5737. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

5738. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end, the provisions of this chapter are severable.

SEC. 2. Section 1 of this act shall become operative on July 1, 1986, if the voters, at the June 3, 1986, direct primary election, adopt the Community Parklands Act of 1986, as set forth in Section 1 of this act; except that only the funds available for appropriation for state administrative costs pursuant to Section 5725 of the Public Resources Code may be appropriated prior to the 1987–88 fiscal year.

SEC. 3. Notwithstanding Section 3525 of the Elections Code, if this act is adopted by the Legislature on or before January 29, 1986, Section 1 of this act shall be submitted to the voters at the June 3, 1986, direct primary election in accordance with provisions of the

Government Code and the Elections Code governing submission of statewide measures to the voters at a statewide election.

SEC. 4. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words "Community Parklands Act of 1986," and in the same square under those words, the following in eight-point type: "This act provides for a bond issue of one hundred million dollars ($100,000,000) to provide funds for acquiring, developing, improving, rehabilitating, or restoring urgently needed local and regional parks, beaches, recreational areas and facilities, and historical resources." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the measure proposed by this act may be submitted to the voters at the June 3, 1986, direct primary election, it is necessary that this act take effect immediately.

CHAPTER 6

An act to add Chapter 6.1 (commencing with Section 13450) to Division 7 of the Water Code, relating to financing a program of aid to public agencies for water conservation, groundwater recharge, and drainage water management through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 6, 1986. Filed with Secretary of State February 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.1 (commencing with Section 13450) is added to Division 7 of the Water Code, to read:

CHAPTER 6.1. WATER CONSERVATION AND WATER QUALITY BOND LAW OF 1986

13450. This chapter shall be known and may be cited as the Water

Conservation and Water Quality Bond Law of 1986.

13451. The Legislature finds and declares all of the following:

(a) An abundant supply of clean water is essential to the public health, safety, and welfare.

(b) An abundant supply of clean water fosters the beauty of California's environment, the expansion of industry and agriculture, maintains fish and wildlife, and supports recreation.

(c) The state's growing population has increasing needs for clean water supplies and adequate treatment facilities.

(d) It is of paramount importance that the water resources of the state be protected from pollution and conserved, and that the groundwater basins of the state be recharged whenever possible to ensure continued economic, community, and social growth.

(e) The chief cause of water pollution is the discharge of inadequately treated waste into the waters of the state.

(f) Local agencies have the primary responsibility for the construction, operation, and maintenance of facilities to cleanse our waters, to conserve water, and recharge groundwater basins.

(g) Rising costs of construction have pushed the costs of constructing treatment facilities and facilities to conserve water and recharge groundwater basins beyond the ability of local agencies to pay.

(h) Because water knows no political boundaries, it is desirable for the state to contribute to the construction of these facilities in order to meet its obligations to protect and promote the health, safety, and welfare of its people and the environment.

(i) Voluntary, cost-effective capital outlay water conservation programs can help meet growing demand for clean and abundant water supplies.

(j) Recharge of groundwater basins is an effective way to maximize availability of scarce water supplies throughout the state.

(k) California's abundant streams, rivers, bays, estuaries, and groundwater are threatened with pollution from agricultural drainage water which could threaten public health and fish and wildlife resources and impede economic and social growth if left unchecked. Proper containment structures and treatment facilities could provide for the handling of agricultural drainage water in an environmentally sensitive manner.

(*l*) (1) It is the intent of this chapter to provide funds for the construction of cost-effective containment structures and treatment facilities for the treatment, storage and disposal of agricultural drainage water.

(2) It is the further intent of this chapter to provide funds for voluntary, cost-effective capital outlay water conservation programs and groundwater recharge facilities cooperatively carried out by local agencies and the department.

13452. As used in this chapter, and for purposes of this chapter, as used in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2

of the Government Code), the following words have the following meanings:

(a) "Board" means the State Water Resources Control Board.

(b) "Committee" means the Water Conservation and Water Quality Finance Committee created by Section 13454.

(c) "Department" means the Department of Water Resources.

(d) "Drainage water management units" mean land and facilities for the treatment, storage, or disposal of agricultural drainage water which, if discharged untreated, would pollute or threaten to pollute the waters of the state.

(1) Drainage water management units may include any of the following:

(A) A surface impoundment which is a natural topographic depression, artificial excavation, or diked area formed primarily of earthen materials, which is designed to hold an accumulation of drainage water, including, but not limited to, holding, storage, settling, and aeration pits, evaporation ponds, percolation ponds, other ponds, and lagoons. Surface impoundment does not include a landfill, a land farm, a pile, an emergency containment dike, tank, or injection well.

(B) Conveyance facilities to the treatment or storage site, including devices for flow regulation.

(C) Facilities or works to treat agricultural drainage water to remove or substantially reduce the level of constituents which pollute or threaten to pollute the waters of the state, including, but not limited to, processes utilizing ion exchange, desalting technologies like reverse osmosis, and biological treatment.

(D) An injection well.

(2) Any or all of the drain water management units, including the land under the unit, may consist of separable features, or an appropriate share of multipurpose features, of a larger system, or both.

(e) "Fund" means the 1986 Water Conservation and Water Quality Bond Fund.

(f) "Groundwater recharge facilities" mean land and facilities for artificial groundwater recharge through methods which include, but are not limited to, (1) percolation using basins, pits, ditches and furrows, modified streambed, flooding, and well injection or (2) in-lieu recharge. "Groundwater recharge facilities" also mean capital outlay expenditures to expand, renovate, or restructure land and facilities already in use for the purpose of groundwater recharge.

Groundwater recharge facilities may include any of the following:

(1) Instream facilities for regulation of water levels, but not regulation of streamflow by storage to accomplish diversion from the waterway.

(2) Agency-owned facilities for extraction.

(3) Conveyance facilities to the recharge site, including devices for flow regulation and measurement of recharge waters.

Any part or all of the project facilities, including the land under the

facilities, may consist of the separable features, or an appropriate share of multipurpose features, of a larger system, or both.

(g) "In-lieu recharge" means accomplishing increased storage of groundwater by providing interruptible surface water to a user who relies on groundwater as a primary supply, to accomplish groundwater storage through the direct use of that surface water in lieu of pumping groundwater. In-lieu recharge would be used rather than continuing pumping while artificially recharging with the interruptible surface waters. However, bond proceeds shall not be used to purchase surface water for use in lieu of pumping groundwater.

(h) "Local agency" or "agency" means any city, county, district, joint powers authority, or other political subdivision of the state involved with water management.

(i) "Project" means all of the following:

(1) Groundwater recharge facilities.

(2) Voluntary, cost-effective capital outlay water conservation programs.

(3) Drainage water management units.

(j) "Voluntary, cost-effective capital outlay water conservation programs" mean those feasible capital outlay measures to improve the efficiency of water use through benefits which exceed their costs. The programs include, but are not limited to, lining or piping of ditches; improvements in water distribution system controls such as automated canal control, construction of small reservoirs within distribution systems which conserve water that has already been captured for use, and related physical improvements; tailwater pumpback recovery systems; major improvements or replacements of distribution systems to reduce leakage; and capital changes in on-farm irrigation systems which improve irrigation efficiency such as sprinkler or subsurface drip. In each case, the department shall determine that there is a net savings of water as a result of each proposed project and that the project is cost effective.

13453. There is hereby created the 1986 Water Conservation and Water Quality Bond Fund in the State Treasury. There shall be established in the fund a Water Conservation and Groundwater Recharge Account for the purpose of implementing Section 13458, and an Agricultural Drainage Water Account for the purpose of implementing Section 13459.

13454. (a) There is a Water Conservation and Water Quality Finance Committee consisting of the Governor or the Governor's designated representative, the Controller, the Treasurer, the Director of Finance, the Director of the Department of Water Resources, and the Executive Director of the State Water Resources Control Board.

(b) The Water Conservation and Water Quality Finance Committee is the "committee" as that term is used in the State General Obligation Bond Law.

13455. (a) The committee may create a debt or debts, liability or

liabilities, of the State of California in the aggregate amount of one hundred fifty million dollars ($150,000,000), in the manner provided in this chapter. The debt or debts, liability or liabilities, shall be created for the purpose of providing the fund to be used for the object and work specified in this section and in Sections 13458 and 13459.

(b) The department may enter into contracts and may adopt rules and regulations necessary to carry out the purposes of Section 13458.

(c) The department may expend not more than 2½ percent of the total amount of the bonds authorized to be issued under this chapter for the administration of Section 13458.

(d) The board may enter into contracts and may adopt rules and regulations necessary to carry out the purposes of Section 13459.

(e) The board may expend not more than 2½ percent of the total amount of the bonds authorized to be issued under this chapter for the administration of Section 13459.

(f) The department or the board may expend funds necessary to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

13456. All bonds which have been duly sold and delivered constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is pledged for the punctual payment of both principal and interest.

There shall be collected annually in the same manner, and at the same time as other state revenue is collected, the amount, in addition to the ordinary revenues of the state, required to pay the principal of, and interest on, the bonds. It is the duty of all officers charged by law with any duty in regard to the collection of that revenue to perform each and every act which is necessary to collect this additional amount.

All money deposited in the fund which has been derived from premium and accrued interest on bonds sold is available for transfer to the General Fund as a credit to expenditures for bond interest.

13457. The State General Obligation Bond Law is adopted for the purpose of the issuance, sale, and repayment of, and other matters with respect to, the bonds authorized by this chapter. The provisions of that law are included in this chapter as though set out in full in this chapter, except that, notwithstanding any provision in the State General Obligation Bond Law, the bonds authorized under this chapter shall bear the rates of interest, or maximum rates, fixed from time to time by the Treasurer with the approval of the committee. The maximum maturity of the bonds shall not exceed 50 years from the date of the bonds or from the date of each respective series. The maturity of each respective series shall be calculated from the date of the series.

13458. (a) The sum of seventy-five million dollars ($75,000,000) of the money in the fund shall be deposited in the Water Conservation and Groundwater Recharge Account and, notwithstanding Section 13340 of the Government Code, is

appropriated for expenditure in the 1986–87 fiscal year for loans to local agencies to aid in the acquisition and construction of voluntary, cost-effective capital outlay water conservation programs and groundwater recharge facilities and the purposes set forth in this section. Loans made in the 1986–87 fiscal year may not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations, to the policy committee of the Assembly as designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee, and the Chairperson of the Joint Legislative Budget Committee.

(b) Any contract entered into pursuant to this section may include provisions as may be determined by the department. However, any contract concerning an eligible, voluntary, cost-effective capital outlay water conservation program shall be supported by or shall include, in substance, all of the following:

(1) An estimate of the reasonable cost and benefit of the program.

(2) An agreement by the local agency to proceed expeditiously with, and complete, the program.

(3) A provision that there shall be no moratorium or deferment on payments of principal or interest.

(4) A loan period of up to 20 years with an interest rate set annually by the department at 50 percent of the interest rate computed by the true interest cost method on bonds most recently issued pursuant to this chapter. The interest rate set for each contract shall be applied throughout the contract's repayment period. There shall be a level annual repayment of principal and interest on the loans.

(5) A provision that the project shall not receive any more than five million dollars ($5,000,000) in loan proceeds from the department.

The department shall set priority for loans under this subdivision on the basis of the cost effectiveness of the proposed project, with the most cost-effective projects receiving the highest priorities.

(c) Any contract concerning an eligible project for groundwater recharge shall be supported by or shall include, in substance, all of the following:

(1) A finding by the department that the agency has the ability to repay the requested loan, that the project is economically justified, and that the project is feasible from an engineering and hydrogeologic viewpoint.

(2) An estimate of the reasonable cost and benefit of the project, including a feasibility report which shall set forth the economic justification and the engineering, hydrogeologic, and financial feasibility of the project, and shall include explanations of the proposed facilities and their relation to other water-related facilities in the basin or region.

(3) An agreement by the agency to proceed expeditiously to complete the project in conformance with the approved plans and

specifications and the feasibility report and to operate and maintain the project properly upon completion throughout the repayment period.

(4) A provision that there shall be no moratorium or deferment on payment of principal or interest.

(5) A loan period of up to 20 years with an interest rate set annually by the department at 50 percent of the interest rate computed by the true interest cost method on bonds most recently issued pursuant to this chapter. The interest rate set for each contract shall be applied throughout the contract's repayment period. There shall be a level annual repayment of principal and interest on the loans.

(6) A provision that the project shall not receive any more than five million dollars ($5,000,000) in loan proceeds from the department.

The department shall give priority under this subdivision to projects of agencies located in overdrafted groundwater basins and those projects of critical need, to projects whose feasibility studies show the greatest economic justification and the greatest engineering and hydrogeologic feasibility as determined by the department, and to projects located in areas which have existing water management programs.

(d) The department may make loans to local agencies, at the interest rates authorized under this section and under any terms and conditions as may be determined necessary by the department, for the purposes of financing feasibility studies of projects potentially eligible for funding under this section. No single potential project shall be eligible to receive more than one hundred thousand dollars ($100,000), and not more than 3 percent of the total amount of bonds authorized to be expended for purposes of this section may be expended for this purpose. A loan for a feasibility study shall not decrease the maximum amount of any other loan which may be made under this section.

13459. (a) The sum of seventy-five million dollars ($75,000,000) of the money in the fund shall be deposited in the Agricultural Drainage Water Account is appropriated for expenditure in the 1986–87 fiscal year for loans to agencies to aid in the construction of drainage water management units for the treatment, storage, or disposal of agricultural drainage water and the purposes set forth in this section. The board may loan an agency up to 100 percent of the total eligible costs of design and construction of an eligible project. Loans made in the 1986–87 fiscal year may not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations, to the policy committee of the Assembly as designated by the Speaker of the Assembly and the policy committee of the Senate designated by the Senate Rules Committee, and the Chairperson of the Joint Legislative Budget Committee.

(b) Any contract for an eligible project entered into pursuant to

this section may include such provisions as determined by the board and shall include, in substance, all of the following provisions:

(1) An estimate of the reasonable cost of the eligible project.

(2) An agreement by the agency to proceed expeditiously with, and complete, the eligible project; commence operation of the containment structures or treatment works upon completion and to properly operate and maintain the works in accordance with applicable provisions of law; provide for payment of the agency's share of the cost of the project, including principal and interest on any state loan made pursuant to this section; and, if appropriate, apply for and make reasonable efforts to secure federal assistance for the state-assisted project.

(c) All loans pursuant to this section are subject to all of the following provisions:

(1) Agencies seeking a loan shall demonstrate, to the satisfaction of the board, that an adequate opportunity for public participation regarding the loan has been provided.

(2) Any election held with respect to the loan shall include the entire agency except where the agency proposes to accept the loan on behalf of a specified portion, or portions, of the agency, in which case the referendum shall be held in that portion or portions of the agency only.

(3) Loan contracts may not provide a moratorium on payment of principal or interest.

(4) Loans shall be for a period of up to 20 years with an interest rate set annually by the board at 50 percent of the interest rate computed by the true interest cost method on bonds most recently issued pursuant to this chapter. The interest rate set for each contract shall be applied throughout the contract's repayment period. There shall be a level annual repayment of principal and interest on loans.

(5) The board in considering eligible projects shall give preference to technologies which treat drainage water where the board finds that the technology is readily available and economically feasible for the agency.

(6) No single project may receive more than twenty million dollars ($20,000,000) in loan proceeds from the board.

(d) The board may make loans to local agencies, at the interest rates authorized under this section and under any terms and conditions as may be determined necessary by the board, for purposes of financing feasibility studies of projects potentially eligible for funding under this section. No single potential project shall be eligible to receive more than one hundred thousand dollars ($100,000), and not more than 3 percent of the total amount of bonds authorized to be expended for purposes of this section may be expended for this purpose. A loan for a feasibility study shall not decrease the maximum amount of any other loan which may be made under this section.

13460. Money deposited in the fund pursuant to any provision of law requiring repayments to the state for assistance financed by the

proceeds of the bonds authorized by this chapter shall be available for transfer to the General Fund as a reimbursement for payment of bond principal and interest.

13461. There is hereby appropriated from the General Fund, for the purpose of this chapter, an amount equal to the sum of the following:

(a) The amount necessary annually to pay the principal of, and the interest on, the bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The amount necessary to carry out Section 13462, which is appropriated without regard to fiscal years.

13462. For the purpose of carrying out this chapter, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of amounts not to exceed the amount of the unsold bonds which the committee has authorized to be sold for the purpose of carrying out this chapter.

The amounts withdrawn shall be deposited in the fund and shall be disbursed by the department or the board in accordance with this chapter. Any money made available under this section to the department or the board shall be returned to the General Fund from money received from the sale of bonds. The withdrawals from the General Fund shall be returned to the General Fund with interest at the rate which would have otherwise been earned by those withdrawals in the Pooled Money Investment Fund.

13463. Upon request of the department or the board, the committee shall determine whether or not it is necessary or desirable to issue bonds authorized under this chapter.

13464. The committee may authorize the Treasurer to sell all, or any part, of the bonds at times fixed by the Treasurer.

13465. Notwithstanding Sections 13458 and 13459, the committee may proscribe further terms and conditions for loan contracts to authorize a deferment on payment of all or part of the principal.

13466. For the 1987–88 fiscal year and each year thereafter, a loan may be made by the department or the board only upon the specific approval of the Legislature, by an act enacted after the receipt of a report filed pursuant to Section 13467.

13467. (a) The department shall annually submit a report to the Legislature on the status of the loan program authorized under Section 13458, including a prioritized list of projects eligible for funding, and the need for financial assistance for voluntary, cost-effective capital outlay water conservation programs and groundwater recharge facilities.

(b) The board shall annually submit a report to the Legislature on the status of the loan program authorized under Section 13459, including a prioritized list of projects eligible for funding, and the status of agricultural drainage problems on a statewide basis.

13468. It is the intent of language in Section 13998.8(i)(3), Section 13999.10(d), and Section 13999.11(d) of the Water Code which was enacted by the voters in the Clean Water Bond Law of

1984 that "the average interest rate paid by the state on general obligation bonds in the calendar year immediately preceding the year in which the loan agreement is made" means the interest rate computed by the true interest cost method on the bonds most recently issued pursuant to the Clean Water Bond Law of 1984.

13469. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

SEC. 2. Section 1 of this act shall take effect upon the adoption by the voters of the Water Conservation and Water Quality Bond Law of 1986, as set forth in Section 1 of this act.

SEC. 3. Notwithstanding Section 3525 of the Elections Code, Section 1 of this act shall be submitted to the voters at the June 3, 1986, direct primary election in accordance with the provisions of the Government Code governing the submission of statewide measures to the voters at a statewide election and shall become operative upon the adoption of the measure.

SEC. 4. The requirement of Section 3572 of the Elections Code that the analysis of the measure by the Legislative Analyst be submitted to a committee of five persons shall not apply to the measure set forth in Section 1 of this act.

SEC. 5. Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "Water Conservation and Water Quality Bond Law of 1986," and in the same square under those words, the following in 8-point type: "This act provides for a bond issue of one hundred fifty million dollars ($150,000,000) to provide funds for water conservation, groundwater recharge, and drainage water management, and clarifies language in the Clean Water Bond Law of 1984." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Water Conservation and Water Quality Bond Law of 1986 to be submitted to the voters at the June 3, 1986, direct primary election so that vitally needed water conservation, groundwater recharge, and drainage projects may be undertaken at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 7

An act to amend Section 56830 of the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 14, 1986. Filed with Secretary of State February 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 56830 of the Education Code is amended to read:

56830. (a) The Legislature hereby finds and declares that, since the 1980–81 fiscal year, there have been significant annual deficiencies in special education funding that have created fiscal hardships for many school districts and county offices of education and adversely impacted the quality of services to many individuals with exceptional needs, in abrogation of the objectives set forth in Section 56000.

(b) It is the intent of the Legislature that the sum of at least fifty-five million dollars ($55,000,000) be appropriated in the Budget Act for the 1986–87 fiscal year, and at least one hundred fifteen million dollars ($115,000,000) be appropriated in the Budget Act for the 1987–88 fiscal year, in excess of the appropriations and cost-of-living adjustments for the 1985–86 fiscal year, to support programs for individuals with exceptional needs.

(1) Priority for appropriation of these funds in the 1986–87 fiscal year shall be accorded to programs that directly improve special education program quality, including, but not limited to, the restoration of instructional aide time in special day classes for nonseverely handicapped students, and in the resource specialist program to the level originally required by this part; further expansion of infant services and vocational programs; growth in low incidence funds; and additional growth in the number of instructional personnel service units.

(2) Based on the cost accounting information produced pursuant to Section 56730.5, consideration shall also be given in the 1987–88 fiscal year to revision of support services ratios, funding of the local general fund contribution computed pursuant to Section 56751 or 56753, and the expansion of low incidence funding to include specialized services, as appropriate, in addition to specialized materials and equipment.

SEC. 2. In addition to the appropriation made pursuant to Provision 4 of Item 6100-161-001 of Chapter 111 of the Statutes of 1985, there is hereby appropriated from the General Fund to Section A of the State School Fund five million dollars ($5,000,000) for special education program growth pursuant to Section 56728.6 of the Education Code.

This appropriation shall be in augmentation of Item 6100-161-001 of the Budget Act of 1985.

SEC. 3. It is the intent of the Legislature that the funds appropriated in Section 2 of this act shall be considered an advance allocation on the funds appropriated in the Budget Act for the 1986–87 fiscal year pursuant to subdivision (b) of Section 56830 of the Education Code, as added by Chapters 115 and 1603, Statutes of 1985. It is understood that continued funding for instructional personnel service units funded in 1985–86 by this advance allocation must be provided from the remaining allocation in the 1986–87 Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide relief to local educational agencies that are faced with the critical need for additional classes for handicapped pupils this school year, it is necessary that this act take effect immediately.

SEC. 5. Regardless of when this act becomes effective, it is the intent of the Legislature to make changes in state apportionments to school districts and county superintendents of schools for the entire 1985–86 fiscal year. For the purpose of implementing the changes required by this act, the Superintendent of Public Instruction and other public officers shall take all necessary steps to effect the required adjustment, including the authority to adjust allowance computations, apportionments, and disbursements ordered from Section A of the State School Fund and other public funds.

CHAPTER 8

An act to amend Section 3312 of, to add Sections 3332.5, 3335, and 3336 to, and to add and repeal Section 3337 of, the Food and Agricultural Code, relating to the California Exposition and State Fair, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 25, 1986 Filed with Secretary of State February 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 3312 of the Food and Agricultural Code is amended to read:

3312. (a) The governing body of the California Exposition and State Fair shall be an 11-member board of directors. The directors shall be residents of California and shall be appointed as follows:

(1) Nine directors shall be appointed by the Governor with the consent of the Senate. The directors appointed by the Governor shall

have general knowledge of, interest in, and expertise in one or more of the following areas: fair management, city or county government, horseracing, the arts, exhibiting, the media, education, youth, commerce and commercial products of the state, industry and industrial products of the state, agricultural production and forest industries, the entertainment industry, livestock and poultry, sports, recreation, fisheries, oceanography, organized labor, and finance and banking.

(A) Five of the directors appointed by the Governor shall be knowledgeable in the production, processing, or marketing of agricultural products and may be appointed from lists of nominees submitted for consideration to the Governor from California agricultural organizations, district agricultural associations, and county and citrus fruit fairs.

(B) One of the directors appointed by the Governor shall be a public member.

(C) Three of the directors appointed by the Governor shall be representative, to the extent possible, of areas of knowledge, interest, and expertise enumerated in paragraph (1).

(2) One director shall be appointed by the Speaker of the Assembly and one director shall be appointed by the Senate Committee on Rules. These persons shall be representative, to the extent possible, of areas of knowledge, interest, and expertise enumerated in paragraph (1).

(b) The directors shall be appointed for four-year terms. The appointing authority shall appoint directors to fill vacancies which occur during a term, and the appointments shall be for the remainder of the unexpired term. Of the four vacancies that will occur on December 31, 1986, two of the vacancies shall be filled by persons appointed pursuant to paragraph (2) of subdivision (a).

SEC. 1.5. Section 3332.5 is added to the Food and Agricultural Code, to read:

3332.5. If the board at any time sends out a request for proposal that could result in an agreement between the board and another party on any matter for a term in excess of 20 years, a copy of that request for proposal shall be sent to the Assembly Committee on Rules and the Senate Committee on Rules at the time at which the request is sent to prospective bidders.

SEC. 2. Section 3335 is added to the Food and Agricultural Code, to read:

3335. The California Exposition and State Fair Enterprise Fund is hereby created in the State Treasury. All funds received by the California Exposition and State Fair shall be deposited in the fund and remain in the fund until expended by the California Exposition and State Fair.

SEC. 3. Section 3336 is added to the Food and Agricultural Code, to read:

3336. The Department of Finance shall clearly indicate in the annual budget narrative and display the amount of any funds from

the California Exposition and State Fair which are transferred to the General Fund, and the amount of any General Fund money which is appropriated to the California Exposition and State Fair in excess of these funds, so that any General Fund subsidy or excess funds transferred to the General Fund are specifically identified.

SEC. 4. Section 3337 is added to the Food and Agricultural Code, to read:

3337. The Auditor General shall prepare an annual report on the fiscal status of the California Exposition and State Fair.

This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

SEC. 5. The sum of eight hundred thousand dollars ($800,000) is hereby transferred from the General Fund to the California Exposition and State Fair Enterprise Fund for expenditure during the 1985–86 fiscal year.

SEC. 6. (a) The Controller shall transfer, after January 1, 1986, from the General Fund to the California Exposition and State Fair Enterprise Fund all operating funds received by the California Exposition and State Fair from July 1, 1985, through the effective date of the creation of the California Exposition and State Fair Enterprise Fund, that the Director of Finance determines are in excess of six million eight hundred sixty-eight thousand dollars ($6,868,000).

(b) Any update of a master plan for the California Exposition and State Fair shall include a study of the feasibility of establishing an equestrian center at the facility.

(c) The California Exposition and State Fair shall study the feasibility of reinstating the county exhibits program at the state fair.

SEC. 7. The funds in the California Exposition and State Fair Enterprise Fund are hereby appropriated for encumbrance by the California Exposition and State Fair only during the 1985–86 fiscal year. It is the intent of the Legislature that, commencing with the 1986–87 fiscal year, the California Exposition and State Fair Enterprise Fund shall be subject to legislative review and appropriation through the annual Budget Act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the ongoing continuity and operation of the California Exposition and State Fair, it is necessary that this act take effect immediately.

CHAPTER 9

An act to amend Sections 1352, 1353, and 1367 of, and to repeal Section 1368 of, the Civil Code, and to amend Section 374 of the Code of Civil Procedure, relating to real property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 25, 1986 Filed with Secretary of State February 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1352 of the Civil Code is amended to read:

1352. This title applies and a common interest development is created whenever a separate interest coupled with an interest in the common area or membership in the association is, or has been, conveyed, provided, all of the following are recorded:

(a) A declaration.

(b) A condominium plan, if any exists.

(c) A final map or parcel map, if Division 2 (commencing with Section 66410) of Title 7 of the Government Code requires the recording of either a final map or parcel map for the common interest development.

SEC. 2. Section 1353 of the Civil Code is amended to read:

1353. (a) A declaration, recorded on or after January 1, 1986, shall contain a legal description of the common interest development, and a statement that the common interest development is a community apartment project, condominium project, planned development, stock cooperative, or combination thereof. The declaration shall additionally set forth the name of the association and the restrictions on the use or enjoyment of any portion of the common interest development that are intended to be enforceable equitable servitudes.

(b) The declaration may contain any other matters the original signator of the declaration or the owners consider appropriate.

SEC. 3. Section 1367 of the Civil Code is amended to read:

1367. (a) A regular or special assessment and any late charges, reasonable costs of collection, and interest, as assessed in accordance with Section 1366, shall be a debt of the owner of the separate interest at the time the assessment or other sums are levied.

(b) The amount of the assessment, plus any costs of collection, late charges, and interest assessed in accordance with Section 1366, shall be a lien on the owner's interest in the common interest development from and after the time the association causes to be recorded with the county recorder of the county in which the separate interest is located, a notice of delinquent assessment, which shall state the amount of the assessment and other sums imposed in accordance with Section 1366, a description of the owner's interest in the common interest development against which the assessment

and other sums are levied, the name of the record owner of the owner's interest in the common interest development against which the lien is imposed, and, in order for the lien to be enforced by nonjudicial foreclosure as provided in subdivision (d) the name and address of the trustee authorized by the association to enforce the lien by sale. The notice of delinquent assessment shall be signed by the person designated in the declaration or by the association for that purpose, or if no one is designated, by the president of the association. Upon payment of the sums specified in the notice of delinquent assessment, the association shall cause to be recorded a further notice stating the satisfaction and release of the lien thereof.

(c) A lien created pursuant to subdivision (b) shall be prior to all other liens recorded subsequent to the notice of assessment, except that the declaration may provide for the subordination thereof to any other liens and encumbrances.

(d) A lien created pursuant to subdivision (b) may be enforced in any manner permitted by law, including sale by the court, sale by the trustee designated in the notice of delinquent assessment, or sale by a trustee substituted pursuant to Section 2934a. Any sale by the trustee shall be conducted in accordance with the provisions of Sections 2924, 2924b, and 2924c applicable to the exercise of powers of sale in mortgages and deeds of trusts.

(e) Nothing in this section or in subdivision (a) of Section 726 of the Code of Civil Procedure prohibits actions against the owner of a separate interest to recover sums for which a lien is created pursuant to this section or prohibits an association from taking a deed in lieu of foreclosure.

(f) This section only applies to liens recorded on or after January 1, 1986.

SEC. 4. Section 1368 of the Civil Code, as added by Chapter 1003 of the Statutes of 1985, is repealed.

SEC. 5. Section 1368 of the Civil Code, as added by Section 4 of Chapter 1505 of the Statutes of 1985, is repealed.

SEC. 6. Section 374 of the Code of Civil Procedure is amended to read:

374. An association established to manage a common interest development shall have standing to institute, defend, settle, or intervene in litigation, arbitration, mediation, or administrative proceedings in its own name as the real party in interest and without joining with it the individual owners of the common interest development, in matters pertaining to the following:

(a) Enforcement of the governing documents.

(b) Damage to the common areas.

(c) Damage to the separate interests which the association is obligated to maintain or repair.

(d) Damage to the separate interests which arises out of, or is integrally related to, damage to the common areas or separate interests that the association is obligated to maintain or repair.

SEC. 7. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the application of Chapter 874 of the Statutes of 1985 and related statutes, it is necessary for this bill to take effect immediately.

CHAPTER 10

An act to amend Section 273.6 of the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 28, 1986. Filed with Secretary of State February 28, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 273.6 of the Penal Code is amended to read:

273.6. (a) Any willful and knowing violation of any of the the court orders set forth in this subdivision, when obtained pursuant to Section 4359, 4458, 4516, 7020, or 7021 of the Civil Code, Section 527.6 of the Code of Civil Procedure, or Chapter 4 (commencing with Section 540) of Title 7 of Part 2 of the Code of Civil Procedure shall be a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in the county jail for not more than 6 months or by both the fine and imprisonment.

(b) In the event of a violation of subdivision (a) which results in a physical injury, the person shall be imprisoned in the county jail for at least 48 hours, whether a fine or imprisonment is imposed, or the sentence is suspended.

(c) Subdivisions (a) and (b) shall apply to the following court orders:

(1) An order enjoining any party from molesting, attacking, striking, threatening, sexually assaulting, battering, harassing, or disturbing the peace of the other party, or other named family and household members.

(2) An order excluding one party from the family dwelling or from the dwelling of the other.

(3) An order enjoining a party from specified behavior which the court determined was necessary to effectuate the orders under subdivision (a) or (d).

(d) Any person who willfully and knowingly violates an order obtained pursuant to Section 527.6 of the Code of Civil Procedure shall be punishable as provided in subdivision (a). However, a person who has previously been convicted one or more times of violating an order obtained pursuant to Section 527.6 of the Code of Civil Procedure upon charges separately brought and tried, shall be

imprisoned in the county jail for not more than one year. Subject to the discretion of the court, the prosecution shall have the opportunity to present witnesses and relevant evidence at the time of the sentencing of a defendant pursuant to this subdivision.

(e) The prosecuting agency of each county shall have the primary responsibility for the enforcement of orders issued pursuant to the provisions listed in subdivisions (a), (b), and (d).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize at the earliest possible time, the imposition of misdemeanor criminal penalties for a violation of Section 273.6 of the Penal Code, regardless of whether or not a violation of a court order under specified provisions of current law results in an injury, it is necessary that this act take effect immediately.

CHAPTER 11

An act to amend Sections 42290 and 42291 of the Education Code, relating to school transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1986 Filed with Secretary of State March 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 42290 of the Education Code is amended to read:

42290. (a) Any school district or county office of education with an average daily attendance of less than 2,501 in any fiscal year may, in that fiscal year, apply to the State Department of Education for an apportionment for transportation equipment, as specified in Section 42291.

(b) The State Department of Education shall adopt regulations regarding district or county office applications pursuant to this section.

SEC. 2. Section 42291 of the Education Code is amended to read:

42291. (a) The State Department of Education shall grant applications for apportionments for purposes of this article, to the extent that funds are available, according to the following priorities:

(1) First priority for apportionments shall be for the purchase of new schoolbuses to replace existing schoolbuses owned by an eligible district or county office that do not conform to federal safety standards.

(2) Second priority for apportionments shall be for the reconditioning of existing schoolbuses owned by an eligible district or county office. For purposes of this paragraph, "reconditioning" includes, but is not limited to, retrofitting schoolbuses to conform to the federal Motor Vehicle Safety Standard 222 relating to schoolbus passenger seating and crash protection requirements.

(3) Any remaining funds shall be apportioned for the purchase of new schoolbuses by eligible districts and county offices which have proposed to increase the number of schoolbuses owned by the district or county office.

(b) The governing board of any school district or county office of education with an average attendance of less than 2,501 in the current fiscal year shall be eligible to receive apportionments under this section for the replacement of schoolbuses with new schoolbuses.

(c) The State Department of Education shall develop priority categories for funding under this section which are based solely on vehicle age and mileage. Seventy-five percent of the funds available in any fiscal year for the purposes of this section shall be distributed to school districts and county offices of education based upon priority categories which utilize only vehicle age, mileage, and type of vehicle. Twenty-five percent of the funds available in any fiscal year for purposes of this section shall be allocated based upon the condition of the vehicles to be replaced. School districts and county offices of education shall submit as evidence of the condition of the vehicle to be replaced, the most recent California Highway Patrol inspection report, a repair estimate made by an independent repair shop, and any other information requested by the department.

(d) The State Department of Education shall estimate the cost of a replacement vehicle of the same capacity as the vehicle being replaced. A school district's or county office of education's entitlement shall equal the department's estimated cost. A district or county office may use additional district or county office funds to purchase a schoolbus which is more expensive than the model used by the department to estimate the cost.

(e) Funds allocated pursuant to this section shall not be used to purchase a vehicle which does not meet the schoolbus passenger seating and crash protection requirements of the federal Motor Vehicle Safety Standard 222.

SEC. 3. The sum of three hundred thousand dollars ($300,000) is hereby appropriated from the Driver Training Penalty Assessment Fund to the California Highway Patrol to fund an engineering study and economic analysis of minimum standards for schoolbus replacement, reconditioning, inspection, and preventive maintenance. The study shall be administered by the California Highway Patrol, with the assistance and cooperation of the State

Department of Education. The purpose of the study is to develop information that may be used by the State Department of Education to identify schoolbuses which are suitable for retrofitting to 1977 federal safety standards, and to improve the allocation of funds pursuant to Article 4.5 (commencing with Section 42290) of Chapter 7 of Part 24 of the Education Code, to improve the effectiveness of bus inspections by the California Highway Patrol, and to improve schoolbus maintenance programs by school districts. The study shall identify the maintenance problems associated with various types and classes of schoolbuses and shall develop guidelines to assist school districts in making the most cost-effective use of their maintenance resources. The study shall be contracted through a request for the proposal process.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize eligible school districts and county offices of education to receive apportionments for the acquisition of schoolbuses pursuant to the requirements of this act at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 12

An act to add Title 4.7 (commencing with Section 4475) to Part 3 of the Penal Code, relating to correctional institutions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1986. Filed with Secretary of State March 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Title 4.7 (commencing with Section 4475) is added to Part 3 of the Penal Code, to read:

TITLE 4.7. COUNTY CORRECTIONAL FACILITY CAPITAL EXPENDITURE BOND ACT OF 1986

CHAPTER 1. FINDINGS AND DECLARATIONS

4475. This title shall be known and may be cited as the County Correctional Facility Capital Expenditure Bond Act of 1986.

4476. It is found and declared that:

(a) While the County Jail Capital Expenditure Bond Act of 1981 and the County Jail Capital Expenditure Bond Act of 1984 have helped eliminate many of the critically overcrowded conditions found in the 164 county jail facilities in the state, many problems

remain.

(b) Numerous county jails and juvenile facilities throughout California are dilapidated and overcrowded.

(c) Capital improvements are necessary to protect life and safety of the persons confined or employed in jail facilities and to upgrade the health and sanitary conditions of those facilities.

(d) County jails are threatened with closure or the imposition of court supervision if health and safety deficiencies are not corrected immediately.

(e) Due to fiscal constraints associated with the loss of local property tax revenues, counties are unable to finance the construction of adequate jail and juvenile facilities.

(f) Local facilities for adults and juveniles are operating over capacity and the population of these facilities is still increasing. It is essential to the public safety that construction of new facilities proceed as expeditiously as possible to relieve overcrowding and to maintain public safety and security.

CHAPTER 2. FISCAL PROVISIONS

4480. The State General Obligation Bond Law is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued pursuant to this title, and the provisions of that law are included in this title as though set out in full in this chapter except that, notwithstanding anything in the State General Obligation Bond Law, the maximum maturity of the bonds shall not exceed 20 years from the date of each respective series. The maturity of each respective series shall be calculated from the date of these series.

4481. As used in this title, and for the purpose of this title, the following words shall have the following meanings:

(a) "Committee" means the 1986 County Correctional Facility Capital Expenditure Finance Committee created by Section 4483.

(b) "Fund" means the 1986 County Correctional Facility Expenditure Fund.

(c) "County juvenile facilities" means county juvenile halls, juvenile homes, ranches, or camps, and other juvenile detention facilities.

4482. There is in the State Treasury the 1986 County Correctional Facility Capital Expenditure Fund, which fund is hereby created.

4483. For the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this title, the 1986 County Correctional Facility Capital Expenditure Finance Committee is hereby created. The committee consists of the Governor or his or her designated representative, the Controller, the Treasurer, and the Director of Finance. The County Correctional Facility Capital Expenditure Committee shall be the "committee" as that term is used in the State General Obligation Bond Law, and the Treasurer shall serve as chairman of the

Committee. The Board of Corrections is hereby designated as "the board" for purposes of this title and for the purposes of the State General Obligation Bond Law.

4484. The committee is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of four hundred ninety-five million dollars ($495,000,000), in the manner provided in this title. That debt or debts, liability or liabilities, shall be created for the purpose of providing the funds to be used for the object and work specified in Section 4485 and for administrative costs incurred in connection therewith.

4485. Moneys in the fund may be available for the construction, reconstruction, remodeling, and replacement of county jail facilities, including, but not limited to, separate facilities for care of mentally ill inmates and persons arrested because of intoxication, and the performance of deferred maintenance on county jail facilities except that up to twenty million dollars ($20,000,000) of the money in the fund shall be available for the construction, reconstruction, remodeling, and replacement of county juvenile facilities, and the performance of deferred maintenance on county juvenile facilities. However, deferred maintenance for jails and juvenile facilities shall only include items with a useful life of at least 10 years.

Expenditure shall be made only if county matching funds of 25 percent are provided as determined by the Legislature, except that this requirement may be modified or waived by the Legislature where it determines that it is necessary to facilitate the expeditious and equitable construction of state and local correctional facilities.

4485.5. During the design and planning stage for county jail facilities whose construction, reconstruction, or remodeling is financed by the fund, consideration shall be given to proper design to allow for areas where persons arrested for misdemeanors who are attempting to obtain release on bail can be safely accommodated without the necessity of unclothed body searches.

4485.6. In order to be eligible to receive funds derived from the issuance of General Obligation Bonds under this title, a county shall do all of the following:

(a) Adopt a plan to prohibit the detention of all juveniles in county jails unless otherwise authorized by law.

(b) Demonstrate that it has adequate facilities for mentally ill inmates or detainees and for those persons arrested because of inebriation, or demonstrate that it has a plan for the provision of services to these persons.

(c) Demonstrate that it has utilized, to the greatest practicable extent, alternatives to jail incarceration such as sheriff's work release under Section 4024.2, own recognizance release, and weekend work programs.

4485.7. Moneys in the fund may be available for construction of joint-use correctional facilities housing county and state or federal prisoners or any combination thereof in proportion to the county's

benefit.

4486. (a) When sold, the bonds authorized by this title shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereon.

(b) There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the interest and principal on the bonds maturing each year, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which shall be necessary to collect that additional sum.

(c) All money deposited in the fund which has been derived from premium and accrued interest on bonds sold shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

4487. All money deposited in the fund pursuant to any provision of law requiring repayments to the state for assistance financed by the proceeds of the bonds authorized by this title shall be available for transfer to the General Fund. When transferred to the General Fund, this money shall be applied as a reimbursement to the General Fund on account of principal and interest on the bonds which have been paid from the General Fund.

4488. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this title such an amount as will equal the following:

(a) That sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this title, as principal and interest become due and payable.

(b) That sum as is necessary to carry out the provisions of Section 4489, which sum is appropriated without regard to fiscal years.

4489. For the purpose of carrying out the provisions of this title, the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this title. Any amounts withdrawn shall be deposited in the fund and shall be disbursed by the board in accordance with this title. Any money made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this title. These withdrawals from the General Fund shall be returned to the General Fund with interest at the rate which would have otherwise been earned by these sums in the Pooled Money Investment Fund.

4490. The committee may authorize the Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the Treasurer.

4491. All proceeds from the sale of bonds, except those derived from premiums and accrued interest, shall be available for the purpose provided in Section 4485 but shall not be available for transfer to the General Fund to pay principal and interest on bonds. The money in the fund may be expended only as herein provided.

4492. Notwithstanding Section 16305.7 of the Government Code, all interest or other increment resulting from the investment of moneys deposited in the fund shall be credited to the fund.

4493. Money in the fund may only be expended for projects specified in this title as allocated in appropriations made by the Legislature.

4494. (a) It is the intent of the people in enacting this bond act that jail authorization and construction proceed as quickly as possible. Due to the severe shortage of jail facilities and the need to begin construction of jail facilities as soon as possible, all decisions of the board regarding construction, reconstruction, remodeling, or replacement of jail facilities financed by this title shall be final.

(b) No court shall have jurisdiction over these decisions of the board absent a showing, beyond a reasonable doubt, of a gross abuse of discretion by the board.

(c) Should an action be commenced alleging gross abuse of discretion by the board, no court shall have jurisdiction to delay, prohibit, or interfere with the construction, reconstruction, remodeling, or replacement of the subject jail facilities. The sole remedy available to the court is a mandate that steps be taken to mitigate the abuse of discretion.

(d) Nothing in this title is intended in any way to delay, prohibit, or interfere with the construction of jail facilities.

4495. If any provision of this title, or the application thereof, is held to be invalid, that invalidity shall not affect the other provisions or applications of the title which can be given effect without the invalid provision or application, and to this end the provisions of this title are severable.

SEC. 2. Notwithstanding Sections 3525 and 10218 of the Elections Code, Section 1 of this act shall be submitted to the voters at the June 3, 1986, direct primary election in substantial accordance with the provisions of the Government Code and the Elections Code governing the submission of statewide measures to the voters at a statewide election and shall become operative upon the adoption of the measure.

SEC.3. The requirement of Section 3572 of the Elections Code that the analysis of the measure by the Legislative Analyst be submitted to a committee of five persons shall not apply to the measure set forth in this act.

SEC. 3.5. Notwithstanding Section 3569 of the Elections Code, the Secretary of State shall be allowed not more than 16 additional days, as required, to furnish copy for preparation of the ballot pamphlets for the direct primary election to be held June 3, 1986, to the Office of State Printing.

SEC. 4. Notwithstanding any other provision of law, all ballots of the election, with respect to the measure set forth in Section 1 of this act, shall have printed thereon and in a square thereof, the words: " County Correctional Facility Capital Expenditure Bond Act of 1986," and in the same square under those words, the following in eight-point type: "This act provides for the construction, reconstruction, remodeling, and replacement of county correctional facilities and the performance of deferred maintenance thereon pursuant to a bond issue of four hundred ninety-five million dollars ($495,000,000)." Opposite the square there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting of the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof, are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Presently, local facilities for adults and juveniles are operating over capacity and the population in these facilities is still increasing. It is essential to the public safety that construction of new facilities proceed as expeditiously as possible to relieve overcrowding and to maintain public safety and security.

CHAPTER 13

An act to add Section 61765.75 to the Government Code, relating to community services districts and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 5, 1986 Filed with Secretary of State March 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 61765.75 is added to the Government Code, to read:

61765.75. Notwithstanding Section 61765, in the Julian Community Services District, the water standby or availability charge shall not exceed forty dollars ($40) per year for each acre of land on which the charge is levied or forty dollars ($40) per year for a parcel less than one acre.

This section, applicable only to the Julian Community Services District, is necessary because of the unique and special water management and financing problems in the area included within the

district.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary as a special law and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique and special water management and financing problems within the Julian Community Services District which are not common to other districts organized pursuant to the Community Services District Law. Enabling the district to levy increased water standby or availability charges will allow the district to more fairly allocate the cost of needed water system improvements to both improved and unimproved parcels of real property which benefit therefrom. If these increased charges are not authorized, the owners of improved property would be required to pay a disproportionately large share of the cost through increased water rates, and the owners of unimproved benefited parcels of property would pay little or nothing toward that cost.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the Julian Community Services District to finance urgently needed water system improvements at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 14

An act to amend Sections 370, 571, and 902 of the Probate Code, relating to probate.

[Approved by Governor March 10, 1986 Filed with Secretary of State March 10, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 370 of the Probate Code is amended to read:

370. Any person interested may contest the will by filing written grounds of opposition to the probate thereof at any time before the hearing of the petition for probate, and thereupon a citation shall be issued directed to the heirs of the decedent and to all persons interested in the will, including minors and incompetents, wherever residing, directing them to plead to the contest within 30 days after service of the citation, which shall be made in the manner provided by law for the service of a summons in a civil action. Any person so served may demur to the contest upon any of the grounds of demurrer available in civil actions. If the demurrer is sustained, the court may allow the contestant a reasonable time, not exceeding 10 days, within which to amend his contest. If the demurrer is overruled, the petitioner and others interested, within 10 days after

the receipt of written notice thereof, may jointly or separately answer the contest. An executor named in the will is under no duty to defend a contest of the will until he or she is appointed as executor by the court.

SEC. 2. Section 571 of the Probate Code is amended to read:

571. (a) The executor or administrator shall take into his or her possession all the estate of the decedent, real and personal, and collect all debts due to the decedent or to the estate.

(b) Unless otherwise ordered by the court pursuant to Section 572, when, at the time of his or her death, a partnership existed between the decedent and any other person, the surviving partner has the right to continue in possession of the partnership, and to settle its business, but the interest of the decedent in the partnership shall be included in the inventory, and be appraised as other property. The surviving partner shall settle the affairs of the partnership without delay, and account to the executor or administrator, and pay over such balances as may from time to time be payable to him or her, in right of the decedent. Upon application of the executor or administrator, the court or a judge thereof, whenever it appears necessary, may order the surviving partner to render an account, and in case of neglect or refusal may, after notice, compel it by attachment; and the executor or administrator may maintain against him or her any action which the decedent could have maintained.

(c) An executor or administrator who in good faith takes into his or her possession real or personal property reasonably believed by that executor or administrator to be a part of the estate of the decedent is not criminally or civilly liable to any person for so doing. The executor or administrator shall make reasonable efforts to determine the true nature of, and title to, property so taken into possession and during his or her possession shall be entitled to receive all rents, issues, and profits thereof. If the property is later determined not to be a part of the estate of the decedent, the executor or administrator shall deliver or cause to be delivered possession of the property to the person or persons legally entitled thereto together with all rents, issues, and profits thereof, received by the executor or administrator less any expenses incurred in the protection, and maintenance of the property and in the collection of the rents, issues, and profits thereof. The executor or administrator may request court approval prior to delivering such assets as required by this subdivision. The executor or administrator, and the attorneys for the executor or administrator, may be awarded reasonable compensation for services rendered in connection with the duties set forth in this subdivision as to property later determined not to be a part of the estate of the decedent upon a finding by the court that the services were of benefit to the estate, in which event compensation shall be a proper expense of administration of the estate of the decedent, or that the services were essential to the preservation, protection, and maintenance of the property, in which

event compensation shall be awarded as an expense deductible from the rents, issues, and profits thereof received by the executor or administrator, or if these be insufficient, as a lien against the property.

SEC. 3. Section 902 of the Probate Code is amended to read:

902. Such further allowances may be made as the court may deem just and reasonable for any extraordinary services, such as sales or mortgages of real or personal property, contested or litigated claims against the estate, the good faith defense of a will which is contested after the will is admitted to probate, the successful defense of a will which is contested before the will is admitted to probate, the preparation of estate, inheritance, income, sales or other tax returns, or the adjustment or litigation or payment of any of said taxes, litigation in regard to the property of the estate, the carrying on of the decedent's business pursuant to an order of the court, and such other litigation or special services as may be necessary for the executor or administrator to prosecute, defend, or perform.

The executor or administrator may also employ or retain tax counsel, tax auditors, accountants, or other tax experts for the performance of any action which such persons, respectively, may lawfully perform in the computation, reporting, or making of tax returns, or in negotiations or litigation which may be necessary for the final determination and payment of taxes, and pay from the funds of the estate for such services.

CHAPTER 15

An act to amend and repeal Section 69948 of the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 10, 1986 Filed with Secretary of State March 11, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 69948 of the Government Code is amended to read:

69948. (a) The fee for reporting testimony and proceedings in contested cases is fifty-five dollars ($55) a day, or any fractional part thereof.

(b) In San Joaquin County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(c) In Madera County, the fee for reporting testimony and proceedings in contested cases is eighty dollars ($80) a day, or any fractional part thereof.

(d) In Kings County, the fee for reporting testimony and

(g) In Yuba County, the fee for reporting testimony and proceedings in contested cases is ninety dollars ($90) per day, or any fractional part thereof.

(h) In Butte County, pro tempore reporters shall receive a fee of seventy-five dollars ($75) a day, or any fractional part thereof, for reporting testimony and proceedings in contested cases.

(i) In Sutter County, except as may otherwise be provided in Section 74839, the fee for reporting testimony and proceedings in contested cases is ninety dollars ($90) per day, or any fractional part thereof.

(j) In Napa County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(k) In Tehama County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(*l*) In Monterey County, the fee for reporting testimony and proceedings in contested cases in any court is seventy-five dollars ($75) a day or any fractional part thereof.

(m) In Nevada County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(n) In Calaveras County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) per day, or any fractional part thereof; provided that the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(o) In Placer County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(p) In Sierra County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(q) In Trinity County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(r) In Humboldt County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) per day, or any fractional part thereof.

(s) In Del Norte County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) per day, or any fractional part thereof.

(t) In Alpine County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(u) In Glenn County, the board of supervisors may, by ordinance,

prescribe a higher rate of compensation for superior court reporters.

(v) In Colusa County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) per day, or any fractional part thereof.

(w) In Shasta County, the fee for reporting testimony and proceedings in contested cases is seventy-five dollars ($75) per day, or any fractional part thereof.

(x) In Solano County, the fee for reporting testimony and proceedings in contested cases is ninety dollars ($90) per day, or fifty-five dollars ($55) per half day or fractional part thereof; provided that the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(y) In Inyo County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

(z) In Mono County, the board of supervisors may, by ordinance, prescribe a higher rate of compensation for superior court reporters.

SEC. 2. This act shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 69948 of the Government Code, as amended by Section 1 of Chapter 1374 of the Statutes of 1985, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure adequate court reporting services in Sierra, Inyo, and Mono Counties, it is necessary that this bill take effect immediately.

CHAPTER 16

An act to amend Sections 8690.4 and 8690.6 of the Government Code, to add Sections 17207 and 24347.5 to, and to add Chapter 4 (commencing with Section 181) to Part 1 of Division 1 of the Revenue and Taxation Code, relating to disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 11, 1986 Filed with Secretary of State March 11, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 8690.4 of the Government Code is amended to read:

8690.4. The Controller shall establish the following four special accounts in the Natural Disaster Assistance Fund:

(a) The Public Facilities Account, into which shall be paid all resources of the appropriation made by Section 4 of Chapter 624 of the Statutes of 1973, any money hereafter appropriated by the Legislature for allocation for public facilities projects, and any income from investment of moneys in the account and payments by local agencies in reimbursement of moneys disbursed from the account, including deferred payments with charges, pursuant to Section 8686.8.

(b) The Street and Highway Account, into which shall be paid all resources transferred from the Street and Highway Disaster Fund, any money received from the federal government as reimbursement to any city or county for expenditures from funds allocated, transferred or expended pursuant to this chapter for a street and highway project, any money hereafter appropriated by the Legislature for allocation for street and highway projects, and any income from investment of moneys in the account and payments by local agencies in reimbursement of moneys disbursed from the account including deferred payments with charges, pursuant to Section 8686.8.

(c) The 1983 Natural Disasters Account, into which shall be paid all moneys appropriated by the Legislature for allocation to those who have incurred losses or expenses resulting from the Coalinga earthquake of May 2, 1983, or the "Morgan Hill" earthquake of April 24, 1984, as follows:

(1) To reimburse local agencies for personnel overtime costs and for supplies used for disaster assistance.

(2) To provide for the repair, cleanup, and reconstruction of damaged public facilities.

(3) To provide state matching funds for federal assistance.

(4) To provide other assistance as the Director of the Office of Emergency Services deems necessary to carry out the provisions of this subdivision.

(d) The 1986 Flood Disaster Account, to be established by the Controller, into which shall be paid all moneys appropriated by the Legislature for allocation to reclamation and levee maintenance districts maintaining nonproject levees damaged by the storms and floods of February, 1986.

SEC. 2. Section 8690.6 of the Government Code is amended to read:

8690.6. (a) There is hereby established in the Reserve for Economic Uncertainties a Disaster Response-Emergency Operations Account. Notwithstanding Section 13340, moneys in the account are continuously appropriated, without regard to fiscal years, for allocation by the Director of Finance, upon an order of the Governor, to state or local agencies for costs, including the cost of providing disaster victim assistance, incurred related to emergencies declared by the Governor. For purposes of this section, an "emergency"

means a fire, flood, storm, tidal wave, earthquake or similar public calamity.

(b) The Director of Finance shall allocate funds pursuant to this section in accordance with Section 28 of the annual Budget Act.

(c) Funds allocated to local agencies under this section may be used to provide the local agency's share of the cost of participation in federal disaster relief programs, but shall not be used to supplant federal funds otherwise available in the absence of state financial relief. The Department of Finance may establish standards for the allocation of funds to local agencies. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2, these standards, if promulgated, shall not be subject to the review and approval of the Office of Administrative Law.

(d) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state funded disaster assistance, shall be deducted from sums received in payment of damage claims asserted against the state, its agents, or employees, for causing or contributing to the effects of the proclaimed disaster.

(e) This section shall become inoperative on June 30, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Chapter 4 (commencing with Section 181) is added to Part 1 of Division 1 of the Revenue and Taxation Code, to read:

CHAPTER 4. DISASTER RELIEF

181. As used in this chapter:

(a) "Eligible county" means a county which meets both of the following requirements:

(1) Has been proclaimed by the Governor to be in a state of disaster as a result of storms and floods occurring during February 1986.

(2) Has adopted an ordinance providing for property reassessment pursuant to Section 170.

(b) "Eligible property" means real property and any mobilehome which has received the homeowners' exemption or is eligible for the homeowners' exemption as of March 1, 1986, and which is located in an eligible county.

(c) "Property tax deferral claim" means a claim filed by the owner of eligible property in conjunction with or in addition to the filing of an application for reassessment of that property pursuant to Section 170, which enables the owner to defer payment of the April 10, 1986, installment of taxes on property on the regular secured roll for the 1985–86 fiscal year, as provided in Section 185.

182. On or before May 1, 1986, the tax collector of an eligible county shall certify to the Director of Finance the total amount of the second installment of property taxes on the regular secured roll for

the 1985–86 fiscal year which are not paid by 5 p.m. on April 10, 1986, and which are delinquent, less the total amount of payments of that second installment received between April 10, 1986, and the date of the tax collector's certification, and the delinquency percentage rate for property taxes on the regular secured roll for the 1982–83, 1983–84, and 1984–85 fiscal years.

182.5. If an eligible county has adopted an ordinance in accordance with Section 191, the tax collector shall certify to the Director of Finance on or before May 1, 1986, the total amount of supplemental roll property tax deferral claims submitted pursuant to Section 191 to the county by 5 p.m. on April 10, 1986.

183. If the tax collector of an eligible county has certified to the Director of Finance the information specified in Section 182, the Director of Finance shall determine an amount for payment to the county which is equal to the amount of the second installment of property taxes on the regular secured roll for the 1985–86 fiscal year which is not paid by 5 p.m. on April 10, 1986, less a percentage of that amount which is equal to the average delinquency rate for property taxes on the regular secured roll for the immediately preceding three fiscal years. The Director of Finance shall certify the amount so determined to the Controller for allocation to the county. Upon receipt of certification by the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days thereafter.

184. If the tax collector of an eligible county has certified to the Director of Finance the information specified in Section 182.5, the Director of Finance shall certify this amount to the Controller for allocation to the county. Upon receipt of certification by the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days thereafter.

185. (a) Any owner of eligible property who files on or before April 10, 1986, a claim for reassessment pursuant to the provisions of Section 170 based upon flood or storm damage occurring in February 1986 and amounting to ten thousand dollars ($10,000) or more may apply to the county assessor to defer payment of the second installment of property taxes on the regular secured roll for the 1985–86 fiscal year with respect to that property which are due no later than April 10, 1986. If a timely claim is filed, the payment shall be deferred without penalty or interest until the assessor has reassessed the property and a corrected bill prepared pursuant to the provisions of Section 170 has been sent to the property owner. Taxes deferred pursuant to this section are due 30 days after receipt by the owner of the corrected tax bill and if unpaid thereafter are delinquent as provided in Section 2610.5 and shall be subject to the penalty provided by law.

(b) If, following reassessment pursuant to subdivision (a), the assessor determines that an owner who applied and was granted a deferral of property taxes was not entitled to that deferral, the owner shall be assessed a delinquency penalty for the nonpayment of the

deferred taxes.

(c) The provisions of this section do not apply to property taxes paid through impound accounts.

187. On or before December 31, 1986, each eligible county shall compute and remit to the Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 183, less the amount of its property tax revenue lost in the 1985–86 fiscal year as a result of the reassessment pursuant to Section 170 of that property which was damaged or destroyed by the storms and floods of February 1986. If the amount computed pursuant to this section for an eligible county is less than zero, the Controller shall allocate that amount to the county.

187.5. On or before December 31, 1986, each eligible county which has adopted an ordinance in accordance with Section 191, shall compute and remit to the Controller for deposit in the General Fund an amount equal to the amount allocated to it by the Controller pursuant to Section 184, less the amount of its supplemental roll property tax revenue lost in the 1985–86 fiscal year as the result of reassessment pursuant to Section 170 of that property which was damaged or destroyed by the storms and floods of February 1986 and for which a deferral of supplemental roll property taxes was claimed pursuant to the ordinance adopted in accordance with Section 191.

188. The allocation of funds to counties made pursuant to Sections 183 and 184 shall be subject to review and audit by the Controller.

188.5. The Department of Finance and the Controller shall establish guidelines in carrying out the provisions of this chapter. These guidelines shall include a procedure for the review of claims submitted by an eligible county to the Department of Finance for allocations under this chapter. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these standards shall not be subject to the review and approval of the Office of Administrative Law.

189. Each eligible county shall make every reasonable effort to inform eligible property owners of the benefits provided by this chapter.

190. It is the intent of this chapter to provide immediate tax relief to homeowners whose property was damaged during the February 1986 storms and floods and to ensure that local governments receive the property tax revenues necessary to carry out their operations in the 1985–86 fiscal year.

191. Each eligible county may adopt an ordinance to permit the deferral of unpaid nondelinquent 1985–86 fiscal year supplemental roll taxes on eligible property reassessed pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 which has sustained ten thousand dollars ($10,000) or more in damage as the result of floods or storms occurring in February 1986 if the owner files a claim for deferral on or before April 10, 1986, with the assessor. The corrected supplemental bill shall be due on the last day of the month following

the month in which the corrected bill is mailed or the delinquent date of the second installment of the original bill, whichever is later.

SEC. 4. Section 17207 is added to the Revenue and Taxation Code, to read:

17207. (a) For disaster losses resulting from forest fire or any other related casualty occurring in 1985 in California or from storm, flooding, or any other related casualty occurring in 1986 in California which qualify for treatment under Section 165(i) of the Internal Revenue Code, to the extent that those losses, as computed pursuant to Section 165(a) of the Internal Revenue Code, as modified by Section 17206, exceed the taxable income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the taxable income of the year preceding the loss, then that "excess loss" may be carried to other taxable years as provided in subdivision (b).

(b) For losses covered by Sections 165(c)(1) and 165(c)(2) of the Internal Revenue Code, relating to trade or business losses, losses resulting from transactions entered into for profit, and for losses covered by Section 165(c)(3) of the Internal Revenue Code, relating to personal casualty losses, the "excess loss" may be carried forward to each of the five taxable years following the year the loss is claimed.

(c) The entire amount of any "excess loss" as defined in subdivision (a) shall be carried to the earliest of the taxable years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of "excess loss" over the sum of the taxable income for each of the prior taxable years to which that "excess loss" may be carried.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any loss sustained during February 1986 as the result of storm, flooding, or any other related casualty in any county in this state which was proclaimed by the Governor to be in a state of disaster.

SEC. 5. Section 24347.5 is added to the Revenue and Taxation Code, to read:

24347.5. (a) In lieu of Section 24347, for disaster losses resulting from forest fire or any other related casualty occurring in 1985 in California or from storm, flooding, or any other related casualty occurring in 1986 in California, a deduction is allowed pursuant to Section 165(i) of the Internal Revenue Code.

(b) To the extent that losses under subdivision (a) exceed the net income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the net income of the year preceding the loss, then that "excess loss" may be carried forward to each of the five income years following the income year the loss is claimed.

(c) The entire amount of any "excess loss" as defined in subdivision (b) shall be carried to the earliest of the income years to which, by reason of subdivision (b), the loss may be carried. The

portion of the loss which shall be carried to each of the other income years shall be the excess, if any, of the amount of "excess loss" over the sum of the net income for each of the prior income years to which that "excess loss" may be carried.

(d) The provisions of this section and Section 165(i) of the Internal Revenue Code shall be applicable to any loss sustained during February 1986 as the result of storm, flooding, or any other related casualty in any county in this state which was proclaimed by the Governor to be in a state of disaster.

(e) Any corporation subject to the provisions of Section 25101 or 25101.15 that has disaster losses pursuant to this section, shall determine the "excess loss" to be carried to other income years under the principles specified in Section 25110 relating to net operating losses.

SEC. 6. (a) The sum of one hundred fifteen million dollars ($115,000,000), is hereby tranferred from the Reserve for Economic Uncertainties to the Disaster Response-Emergency Operations Account, for allocation by the Director of Finance in accordance with Section 8690.6 of the Government Code and this section.

(b) Of the funds transferred pursuant to subdivision (a), the sum of ten million dollars ($10,000,000) shall be allocated to the State Department of Social Services to provide individual and family grant assistance to persons incurring damage due to storms and floods occurring in February 1986. These funds shall not be used to fulfill matching fund requirements for federal disaster assistance, but shall be used to supplement the individual and family grant program. A supplemental grant provided for under this subdivision to an individual or family shall not exceed five thousasnd dollars ($5,000).

(c) Of the funds transferred pursuant to subdivision (a), the sum of twenty million dollars ($20,000,000) shall be available for the reimbursement of local agencies for property tax revenue losses in the 1985–86 fiscal year which are attributable to the property tax relief provisions of Chapter 4 (commencing with Section 181) of Part 1 of Division 1 of the Revenue and Taxation Code.

(d) (1) Of the funds transferred pursuant to subdivision (a), the sum of eighty million dollars ($80,000,000) shall be allocated to counties which have been declared by the Governor as requiring disaster assistance due to storms and floods occurring in February 1986 in accordance with this subdivision.

(2) Each local agency in an eligible county shall send to the county within which it is located, a copy of each preliminary claim for costs incurred by the local agency due to storm and flood damage occurring during February 1986, which it submits to the Office of Emergency Services. Each eligible county shall aggregate the amount of all claims submitted to it by local agencies, and shall submit this aggregate claim to the Director of Finance.

(3) Each eligible county shall also submit a final report on the costs which all local agencies within the county have incurred due to storm and flood damage occurring during February 1986.

(4) The Department of Finance, in cooperation with the Office of Emergency Services, shall allocate funds available for purposes of this subdivision based upon damage estimates of the Office of Emergency Services. The amount of funds which a county shall receive pursuant to this subdivision shall be based upon the ratio of the damage which the Office of Emergency Services estimates to have been incurred in that county to the total amount of the damage which the Office of Emergency Services estimates to have been incurred in all eligible counties.

(e) Notwithstanding subdivision (b) of Section 8690.6 of the Government Code, funds allocated pursuant to this section shall not be subject to the process contained in Section 28 of the Budget Act. Funds allocated pursuant to subdivision (d) shall, however, be allocated in accordance with Section 27 of the Budget Act.

(f) Within 10 days of receipt by the county of all claims by local agencies required to be submitted to the county pursuant to paragraph (2) of subdivision (d), the board of supervisors shall form an advisory body consisting of representatives of each affected local agency whose purpose shall be to advise and consult with the board of supervisors in the allocation of funds allocated pursuant to subdivision (d).

Not later than 20 days following the formation of the advisory body, the board of supervisors shall conduct a noticed public hearing at which the advisory body established pursuant to this subdivision shall report its recommendations to the board. After receiving public testimony, the board of supervisors shall allocate funds received pursuant to subdivision (d) to local agencies as it deems appropriate. The decision of the board of supervisors shall be final.

It is the intent of the Legislature that the distribution of these moneys be based primarily upon proportional losses suffered and costs incurred by local agencies.

(g) Of the funds transferred pursuant to subdivision (a), the sum of five million dollars ($5,000,000) shall be transferred from the Disaster Response-Emergency Operations Account to the 1986 Flood Disaster Account. Moneys transferred pursuant to this subdivision are hereby appropriated without regard to fiscal years and shall be available to the Office of Emergency Services for allocation to reclamation and levee maintenance districts in counties declared disaster areas by federal or state authorities due to the February 1986 storms and floods to repair damage to nonproject levees and to meet other costs related to flood damage, including but not limited to, flood fight and dewatering costs.

Financial assistance to districts under this emergency repair program shall be operated to the extent possible in accordance with administrative procedures and standards established pursuant to Part 9 (commencing with Section 12980) of Division 6 of the Water Code, including criteria for repair according to improvement and maintenance standards, for submission and approval of plans, and for inspection of work performed. Repair of breaks on a levee shall meet

a standard sufficient to prevent infiltration of water through the levee.

Districts shall share in the costs of the work required in accordance with subdivision (b) of Section 8686 of the Government Code. The Office of Emergency Services shall adopt a reimbursement schedule which provides for payment for up to 75 percent of the total amount eligible for reimbursement to be made upon substantial completion of the applicable repairs. Final payment shall be held pending completion and approval of the final audit.

Where applicable, a district shall apply for federal disaster assistance funds. Any amount of federal relief funds provided above 75 percent of the cost of the eligible project shall be deducted from the cost of the project as provided for under Section 8686.2 of the Government Code.

For the purposes of this subdivision, "nonproject levee" means any levee which is not a project facility under the Water Resources Law of 1945.

This emergency repair program shall supplement the existing Delta Levee Maintenance Program. Reimbursement of costs for emergency repair to a district shall in no way affect its eligibility for additional reimbursement of costs under the Delta Levee Maintenance Program. Eligibility for reimbursement under this subdivision shall not be limited to districts located within the Delta as defined in Section 12200 of the Water Code.

The intent of the emergency repair program provided for under this subdivision is to ensure early repair of damage and restoration of levees and assist in financing the work required. Reclamation district levees are part of an integral system which prevents intrusion of salt water from San Francisco Bay into the Delta and protects the quality of water used by residents throughout the state. Immediate repair of the breaks and dewatering of flooded areas is necessary to preserve the structural integrity of the levee system, alleviate wind and water erosion across flood waters, prevent damage to adjacent levees and expedite occupancy of residential dwellings.

Any unused funds shall revert to the Disaster Response-Emergency Operations Account.

(h) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state-funded disaster assistance shall constitute a lien in favor of the state against any recovery by a recipient of assistance from any other source, including the State of California, for damages arising out of or by virtue of the proclaimed disaster. The state shall be subrogated to the rights of these recipients of assistance.

SEC. 7. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act.

Any costs mandated upon local agencies pursuant to this act shall be paid for out of funds appropriated pursuant to this act.

SEC. 8. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The recent disastrous and extensive storms and floods in the northern part of this state, in the areas subsequently proclaimed to be in a state of disaster, have destroyed and damaged property to such an extent that many of the property owners will either be unable to pay the second installment of county taxes by 5 p.m. April 10, 1986, with a resulting loss of tax revenue to the counties involved, or these property owners will find payment of penalties and interest on these taxes such a heavy financial burden that they will be delayed in restoring their property to its previous condition so that its value on tax rolls in future years will not be sufficient to provide reasonable support for local government. There is a grave danger that in the time of need these counties will not be able to perform their governmental functions without this tax revenue. In order that these counties may continue to perform their governmental functions without interruption, it is necessary that this act go into immediate effect.

CHAPTER 17

An act relating to mental health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 14, 1986 Filed with Secretary of State March 14, 1986]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million one hundred seventy-eight thousand three hundred fifty-four dollars ($2,178,354) is hereby appropriated without regard to fiscal years to the State Department of Mental Health, payable from the Special Account for Capital Outlay, for expenditure for security improvements and other necessary improvements related to those security improvements at Patton State Hospital. The purposes for which expenditures from this appropriation may be made include, but are not limited to, all preliminary plans, working drawings, and construction necessary to complete the improvements.

SEC. 2. Notwithstanding any other provision of law to the

contrary, the total patient population, irrespective of method of placement or commitment, at Patton State Hospital shall not exceed 1,336, or the licensed capacity, if less.

SEC. 3. The State Department of Mental Health shall make an assessment of the security risk potential of all state hospital patients admitted under provisions of the Penal Code. Periodic reassessments shall be made of the security risk potential of each patient at least annually. The Director of Mental Health shall establish policies, procedures, and criteria so that patients assessed for security risk potential are rated as either high, medium, or low risk.

To the extent possible and subject both to the availability of beds at other state hospitals for the mentally disordered and to the patient's clinical status, patients admitted to, or maintained at, Patton State Hospital shall be those assessed to be medium- or low-security risk.

SEC. 4. Due to the unique circumstances concerning the lack of adequate security at Patton State Hospital, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

Any funds which have been appropriated for the purpose of preliminary plans for office buildings at Atascadero State Hospital may be utilized for planning for construction in accordance with the requirements for Type II buildings as set forth in Title 24 of the California Administrative Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assure sufficient security and safety at Patton State Hospital and Atascadero State Hospital and to safely accommodate the changing characteristics of the patient population, it is necessary that this act go into immediate effect.

CHAPTER 18

An act relating to courts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 14, 1986 Filed with Secretary of State March 14, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated to the Controller for allocation and disbursement, as follows:

(1) From the General Fund to Marin County for

costs incurred pursuant to Section 4700.2 of the Penal Code in fiscal years 1984–85 and 1985–86	$165,000
(2) From the Special Account for Capital Outlay to the Judicial Council for preliminary plans, working drawings and construction remodeling and expansion of office space in the Fresno state building in augmentation of category (1) of Item 0250-301-036 of the Budget Act of 1984	$85,000
Total	$250,000

(b) It is the intent of the Legislature that, after this act is chaptered, no further funds shall be appropriated in the 1985–86 fiscal year for the purpose of paragraph (2) of subdivision (a).

(c) The Controller shall reduce the amount appropriated by paragraph (2) of subdivision (a) by any amounts appropriated by a bill chaptered in 1986 for use during the 1985–86 fiscal year for the same purpose as paragraph (2) of subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The trial costs to Marin County in the case of People v. Bingham are expected to be considerable and in order for that county to manage the fiscal difficulties precipitated by this trial, and in order to complete the construction of needed office space in the Fresno state building, it is necessary for this act to go into immediate effect.

CHAPTER 19

An act making an appropriation for the payment of certain claims against the State of California, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature Filed with Secretary of State March 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to settle claims against the state and to end a hardship to

claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 20

An act to amend Sections 5054, 5057, and 5058 of the Food and Agricultural Code, and to amend and repeal Section 21080.5 of the Public Resources Code, relating to pest control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 14, 1986 Filed with Secretary of State March 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 5054 of the Food and Agricultural Code is amended to read:

5054. Any action or proceeding to attack, review, set aside, void, or annul the activity of the director under this division or Division 5 (commencing with Section 9101) shall be brought pursuant to Section 1085.5 of the Code of Civil Procedure. It shall not be an abuse of discretion for the director, acting pursuant to statutory authority contained in this division or Division 5 (commencing with Section 9101), to use a material registered pursuant to Division 6 (commencing with Section 11401) or Division 7 (commencing with Section 12501), in a manner consistent with the registration, label restrictions, applicable regulations, and applicable provisions of federal law and in full compliance with all limitations, restrictions, or other criteria set forth in Divisions 5 (commencing with Section 9101), 6 (commencing with Section 11401), and 7 (commencing with Section 12501), provided that nothing herein shall limit review of a decision of the director to proceed with a control or eradication project.

SEC. 2. Section 5057 of the Food and Agricultural Code is amended to read:

5057. In determining whether to grant a pretrial order staying the underlying activities which are the subject of the petition, or a continuance, the court shall balance the irreparable injury to the petitioner as against the irreparable injury to the ability of the director to carry out the program and shall also consider whether the public interest will be adversely affected. The pretrial stay shall operate until the date of hearing, but in no case longer than 10 days, and shall expire thereafter unless a new stay is issued by the court.

SEC. 3. Section 5058 of the Food and Agricultural Code is amended to read:

5058. Where feasible, no trial or hearing on the merits shall be set less than three days prior to the beginning of the activities which are the subject of the challenge. The complaint and supporting

affidavits, declarations, and other evidence shall be filed and personally served no later than 10 days prior to the hearing, with responsive papers filed and personally served no later than five days prior to the hearing. Any reply shall be filed and personally served two days prior to the hearing, and shall not contain any new cause of action or new evidence unless it can be established that the facts giving rise to the cause of action or new evidence was not available at the original filing. No additional material may be filed by the parties at the time of hearing, unless it can be established the material was not available at the time of the filing of the responsive or reply papers, no prejudice will result to the opposing party or, the court is able to continue the matter without impairing the public interest.

SEC. 4. Section 21080.5 of the Public Resources Code, as amended by Chapter 1282 of the Statutes of 1985, is amended to read:

21080.5. (a) When the regulatory program of a state agency, board, or commission requires a plan or other written documentation, containing environmental information and complying with the requirements of paragraph (3) of subdivision (d), to be submitted in support of any of the activities listed in subdivision (b), the plan or other written documentation may be submitted in lieu of the environmental impact report required by this division; provided, that the Secretary of the Resources Agency has certified the regulatory program pursuant to this section.

(b) This section shall apply only to regulatory programs or portions thereof which involve either of the following:

(1) The issuance to a person of a lease, permit, license, certificate, or other entitlement for use.

(2) The adoption or approval of standards, rules, regulations, or plans for use in the regulatory program.

(c) A regulatory program certified pursuant to this section is exempt from the provisions of Chapter 3 (commencing with Section 21100) and Chapter 4 (commencing with Section 21150) and Section 21167.

(d) In order to qualify for certification pursuant to this section, a regulatory program shall require utilization of an interdisciplinary approach which will ensure the integrated use of the natural and social sciences in decisionmaking and shall meet all of the following criteria:

(1) The enabling legislation of the regulatory program shall:

(i) Include protection of the environment among its principal purposes.

(ii) Contain authority for the administering agency to promulgate rules and regulations for the protection of the environment, guided by standards set forth in the enabling legislation.

(2) The rules and regulations adopted by the administering agency shall:

(i) Require that an activity will not be approved or adopted as proposed if there are feasible alternatives or feasible mitigation

measures available which would substantially lessen any significant adverse impact which the activity may have on the environment.

(ii) Include guidelines for the orderly evaluation of proposed activities and the preparation of the plan or other written documentation in a manner consistent with the environmental protection purposes of the regulatory program.

(iii) Require the administering agency to consult with all public agencies which have jurisdiction, by law, with respect to the proposed activity.

(iv) Require that final action on the proposed activity include the written responses of the issuing authority to significant environmental points raised during the evaluation process.

(v) Require the filing of a notice of the decision by the administering agency on the proposed activity with the Secretary of the Resources Agency. Those notices shall be available for public inspection, and a list of the notices shall be posted on a weekly basis in the office of the Resources Agency. Each list shall remain posted for a period of 30 days.

(vi) Require notice of the filing of the plan or other written documentation to be made to the public and to any person who requests, in writing, notification. The notification shall be made in a manner that will provide the public or any person requesting notification with sufficient time to review and comment on the filing.

(3) The plan or other written documentation required by the regulatory program shall:

(i) Include a description of the proposed activity with alternatives to the activity, and mitigation measures to minimize any significant adverse environmental impact.

(ii) Be available for a reasonable time for review and comment by other public agencies and the general public.

(e) The Secretary of the Resources Agency shall certify a regulatory program which the secretary determines meets all the qualifications for certification set forth in this section, and withdraw certification on determination that the regulatory program has been altered so that it no longer meets those qualifications. Certification and withdrawal of certification shall occur only after compliance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

In determining whether or not a regulatory program meets the qualifications for certification set forth in this section, the inquiry of the Secretary of the Resources Agency shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The inquiry shall not extend to individual decisions to be reached under the regulatory program, including the nature of specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity.

In the event that the Secretary of the Resources Agency determines that the regulatory program submitted for certification

does not meet the qualifications for certification set forth in this section, the secretary shall adopt findings setting forth the reasons for the determination.

(f) After a regulatory program has been certified pursuant to this section, any proposed change in the program which could affect compliance with the qualifications for certification specified in subdivision (d) may be submitted to the Secretary of the Resources Agency for review and comment. The scope of the secretary's review shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The review shall not extend to individual decisions to be reached under the regulatory program, including specific alternatives or mitigation measures which might be proposed to lessen any significant adverse environmental effects of the activity. The secretary shall have 30 days after receipt of the proposed change to notify the state agency, board, or commission whether the proposed change will alter the regulatory program so that it no longer meets the qualification for certification established in this section and will result in a withdrawal of certification as provided in this section.

(g) Any action or proceeding to attack, review, set aside, void, or annul a determination or decision of a state agency, board, or commission approving or adopting a proposed activity under a regulatory program which has been certified pursuant to this section on the basis that the plan or other written documentation prepared pursuant to paragraph (3) of subdivision (d) does not comply with the provisions of this section shall be commenced no later than 30 days from the date of the filing of notice of the approval or adoption of the activity.

(h) Any action or proceeding to attack, review, set aside, void, or annul a determination of the Secretary of the Resources Agency to certify a regulatory program pursuant to this section on the basis that the regulatory program does not comply with the provisions of this section shall be commenced within 30 days after certification by the secretary.

In any action brought under this subdivision, the inquiry shall extend only to whether there was a prejudicial abuse of discretion by the Secretary of the Resources Agency. Abuse of discretion is established if the secretary has not proceeded in a manner required by law or if the determination is not supported by substantial evidence.

(i) For purposes of this section, any county agricultural commissioner shall be considered a state agency.

(j) For purposes of this section, any air quality management district or air pollution control district shall be considered a state agency, except that the approval, if any, by such agency of a nonattainment area plan shall be subject to the provisions of this section only if, and to the extent that, such approval adopts or amends rules or regulations.

(k) Any program for the regulation of pesticides certified

pursuant to this section and Chapter 308 of the Statutes of 1978 shall apply to the use of pesticides by any state agency acting under authority of Divisions 4 (commencing with Section 5001) and 5 (commencing with Section 9101) of the Food and Agricultural Code in eradicating a plant or animal pest.

(*l*) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 21080.5 of the Public Resources Code, as amended by Section 1 of Chapter 58 of the Statutes of 1982, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify provisions relating to the authority of the Director of Food and Agriculture to undertake pest control or eradication projects and to thereby provide more effective pest control, which benefits California's environment and agriculture, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 21

An act to add Section 13117 to the Health and Safety Code, relating to liquefied petroleum gas.

[Approved by Governor March 16, 1986 Filed with Secretary of State March 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 13117 is added to the Health and Safety Code, to read:

13117. (a) Any new detector or new automatic high pressure shutoff device sold by any person on or after January 1, 1987, in this state shall, prior to sale, be approved by the State Fire Marshal.

(b) For purposes of this section:

(1) "Liquefied petroleum gas" has the same meaning as that term is defined by Section 380 of the Vehicle Code.

(2) "Detector" means any electronic or mechanical device which monitors the unintended or accidental release of liquefied petroleum gas from any tank or other storage facility.

(3) "Automatic high pressure shutoff device" means a device which meets all of the following requirements:

(A) Senses excess pressure and automatically shuts off the

liquefied petroleum gas supply system before the pressure reaches a danger level.

(B) At the same time, signals the shutoff with a red indicator.

(C) Prevents the unit to be reset until the high pressure problem has been corrected.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 22

An act to add and repeal Article 6.5 (commencing with Section 1310) of Chapter 2 of Division 2 of the Health and Safety Code, relating to health facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 19, 1986. Filed with Secretary of State March 20, 1986]

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 1310) is added to Chapter 2 of Division 2 of the Health and Safety Code, to read:

Article 6.5. Demonstration Project for Alzheimer's Disease Institutes

1310. This article is known and may be cited as the "Duffy Alzheimer's Disease Institute Act."

1310.1. The Legislature finds and declares as follows:

(a) Alzheimer's disease is a clinical problem of major significance.

(b) In response to the growing recognition that this disorder is now a major health problem, it is necessary to establish Alzheimer's disease institutes as a demonstration project for the treatment of Alzheimer's disease and related dementias to provide the highest quality of care for patients and their families.

(c) The demonstration project shall provide a continuum of care for Alzheimer's disease and related dementias, and it shall provide a comprehensive array of complementing service modes operating as essential components.

(d) The project shall combine traditional programs with specialized strategies and interventions appropriate to meet the special needs of individuals afflicted with Alzheimer's disease or other related dementias, their caregivers, and their families.

1310.2. It is the intent of the Legislature that the office, in designating Alzheimer's disease institutes, shall give first priority to approving qualified applicants that propose to provide services in settings and facilities that serve patients with Alzheimer's disease exclusively. If an insufficient number of proposed exclusive providers apply, the office shall give second priority to qualified applicants that propose to provide services in settings and facilities that serve patients with Alzheimer's disease, as well as other patients.

1310.3. The purpose of the demonstration project established pursuant to this article is to accomplish all of the following:

(a) Demonstrate the efficacy of an integrated continuum of inpatient and outpatient services in providing improved services to patients with Alzheimer's disease and related dementias and their families.

(b) Demonstrate, through this integrated continuum of services, that coordinated clinical interventions can reduce lengths of stay for patients in an inpatient setting.

(c) Refine intervention and treatment modalities developed for the care of Alzheimer's victims and related dementias in order to provide improved protocols for the care of these patients in all settings.

1310.5. The specific objectives for each Alzheimer's disease institute established pursuant to this article are all of the following:

(a) To enhance accurate differential diagnosis of persons with symptoms of cognitive impairment.

(b) To provide comprehensive assessments of the health, well-being, and functional effectiveness of patients and their families.

(c) To provide a wide array of innovative therapeutic programs and strategies for the management, treatment, and rehabilitation of patients with Alzheimer's disease and related dementias.

(d) To offer a wide array of supportive services, as well as innovative treatment programs, for families and other caregivers.

(e) To provide opportunities for basic and clinical research to appropriately implement the purposes of Section 1310.3 in order to prevent or cure Alzheimer's disease and related dementias.

(f) To provide professional opportunities for educational development of professionals, family, and other caregivers.

(g) To identify and collect available information about Alzheimer's disease and related dementias, including, but not limited to, training guides, research reports, and the organization of a system for dissemination of materials.

1310.7. Unless the context otherwise requires, the following definitions shall govern construction of this article:

(a) "Day health care services" means those services that provide recreation, social contact, and access to medical rehabilitation care during the day.

(b) "Director" means the Director of Statewide Health and Planning and Development.

(c) "Home care services" means those health care and special support services provided in the home to serve the needs of patients with dementia and their families.

(d) "Hospice care" means a combination inpatient and home care program to maximize the comfort of the patient and optimize the quality of life for patients and families in the terminal phase of dementia.

(e) "Office" means the Office of Statewide Health Planning and Development.

(f) "Respite care" means inpatient and outpatient care provided on an intermittent basis to the patient to relieve the family or other caregivers from demands of home care for a period of time.

(g) "State department" means the State Department of Health Services.

1311. The office shall establish and administer a four-year demonstration project for the establishment of three Alzheimer's disease institutes. Approved projects shall be geographically distributed so that one project is located in southern, central, and northern California.

1311.1. (a) Applicants for projects shall be competively evaluated by the office, in consultation with the technical advisory committee specified in Section 1311.3, based on specific written criteria. The office shall consult with the Department of General Services on the specific written criteria to be used and the selection process.

(b) The office shall not solicit applications for participation in this demonstration project sooner than 30 days after the office has provided the chairpersons of the appropriate policy committees of each house of the Legislature with a report detailing the criteria and standards developed pursuant to Section 1311.5 for the project and for the selection process.

1311.2. (a) The criteria and standards under which projects shall operate, including those established pursuant to Section 1311.5, shall be comparable, as determined by the office, to the licensing requirements of adult day health facilities, home health agencies, and other facilities which provide services to patients with Alzheimer's disease.

(b) The state department shall be responsible for monitoring compliance with the criteria and standards established by the office pursuant to Section 1311.5 and shall have the authority to enforce compliance, except that the office shall retain the sole authority to withdraw or suspend, in whole or in part, a demonstration project designation.

(c) As a condition of participation in the demonstration project, each institute shall provide the statistical data and patient information that the office deems necessary. It is the intent of the Legislature that the office shall develop procedures to assure the confidentiality of patient information and shall only disclose patient information, including name identification, as is necessary to

administer this article or any other provision of law.

(d) The building facilities utilized by each institute for this demonstration project shall meet the requirements of Division 12.5 (commencing with Section 15000), except that the office may grant any variance deemed necessary, including a complete exemption for those facilities providing services not otherwise subject to these requirements, to facilitate the project, provided that the health and safety of the building occupants would not be jeopardized by the variance or exemptions. For the purpose of this article, all building facilities utilized by each institute shall be deemed to meet the definition specified in subdivision (a) of Section 15026.

1311.3. The director, not later than 30 days after the effective date of this article, shall convene an ad hoc advisory committee composed of not more than 11 members, including one representative from the Department of Aging, one representative from the state department, two representatives with experience operating acute care facilities, and one representative from a skilled nursing facility, which provides Alzheimer's disease programs, and any other persons who have professional or personal, but a nonfinancial, interest, as determined by the director. The members of the advisory committee who are not state officers or employees shall pay their own expenses related to participation on the committee, except that the director may waive this requirement for good cause.

1311.5. Commencing March 1, 1986, or as soon thereafter as is feasible, the office shall develop criteria and standards under which the demonstration project shall operate. The criteria and standards shall be completed on or before July 1, 1986, or as soon thereafter as is feasible. The criteria and standards shall include, but not be limited to, the objectives, services, and requirements delineated in Sections 1310.3 and 1310.5. Criteria and standards shall also include criteria for an evaluation of the demonstration project which shall be included in the report to the Legislature pursuant to Section 1313. The criteria and standards shall not include the provision of inpatient care services provided by acute care hospitals as defined in subdivision (a) of Section 1250, and licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2. These criteria and standards need not be adopted by the office as regulations.

1311.7. (a) An Alzheimer's disease institute shall meet all of the following requirements:

(1) The governing body of the institute or entity shall be the governing body of a licensed general acute care hospital, as defined in subdivision (a) of Section 1250.

(2) Implement an interagency agreement with a school of medicine to support all of the following:

(A) Clinical research.

(B) Preclinical, clinical, and postgraduate training of health science students.

(C) Professional education of physicians, registered nurses, and

other health care providers.

(D) Any other service which is necessary to establish continuity of care for patients.

(b) An Alzheimer's disease institute shall finance all operations of the institute.

1312. Services to be provided, or arranged for, by an Alzheimer's disease institute shall include, but not be limited to, the following:

(a) Intake management by an interdisciplinary team.

(b) Comprehensive assessment for the development of a treatment and management plan based upon an initial diagnostic evaluation.

(c) Diagnostic evaluation comprised of all of the following:

(1) Biopsycholosocial examination of the patients.

(2) Assessment of the family.

(3) A home visit, as appropriate.

(d) Case management of patients and, if appropriate, of families and other caregivers.

(e) The following specialty services shall be provided at least on a consultative or contractual basis:

(1) Internal medicine.

(2) Neurology.

(3) Neurosurgery.

(4) Psychiatry (preferably geriatric psychiatry).

(f) Various levels of care to be provided or arranged for, by an Alzheimer's disease institute shall be all of the following:

(1) Skilled nursing care.

(2) Intermediate care.

(3) Day health care.

(4) Outpatient care.

(5) Home care.

(6) Respite care.

(7) Hospice care.

(8) Referral services for individuals diagnosed as not having Alzheimer's disease.

1312.3. (a) The demonstration project required by this article shall be designated by the office no later than January 1, 1987.

(b) Multiple licenses or certificate of need requirements shall not be applicable to projects established pursuant to this article.

(c) Medi-Cal reimbursement will be utilized for eligible beneficiaries and services. However, nothing in this article provides for new Medi-Cal service categories or rates.

1312.5. A licensed health care facility which provides Alzheimer's disease services and which does not elect to participate in the demonstration project under this article, shall not be precluded from holding out, advertising, or conducting those services or programs.

1312.7. (a) The state department, in consultation with any other state agencies, shall pursue any federal waivers necessary to implement this pilot project.

(b) Any regulations the office or state department adopts to

implement this article shall be adopted as emergency regulations in accordance with Section 11346.1 of the Government Code, except that the regulations shall be exempt from the requirements of subdivisions (e), (f), and (g) of that section. The regulations shall be deemed an emergency for the purposes of Section 11346.1 of the Government Code and shall remain in effect until July 1, 1990, unless amended or repealed by the adopting agency.

1313. (a) The office shall charge each participant a reasonable fee, not to exceed seventy-five thousand dollars ($75,000) per year, in total, to cover the cost incurred by the office for administering this article.

(b) The state department may charge a fee, in addition to any levied pursuant to subdivision (a), to cover the costs pursuant to this article, provided that the facility involved in the project for which the fee would be assessed is not a licensed health facility, as defined by Section 1250. Fees charged by the state department shall not exceed the fees currently charged comparable health facilities licensed by the state department to cover the costs of performing its licensing and certification functions.

(c) The office and the state department shall notify each institute, in writing, by July 1 of each year of the fee being assessed. The fee assessed each institute shall be due and remitted by July 30 of the year in which it was assessed.

1313.3. The office shall submit an annual report to the Legislature commencing on or before January 1, 1988, concerning the progress of the demonstration project. The report shall include, but is not limited to, the number of participants served, a description of the services provided and the cost per service and per patient (for the entire institute) in the aggregate. A final report shall be submitted by the office to the Legislature on or before January 1, 1990, which shall include all of the information required in the above-described progress reports, an evaluation of the demonstration project, and a description of the legislative and regulatory changes that would be required to make the institutes established pursuant to this article permanent.

1313.5. This article shall remain in effect until July 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1990, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Alzheimer's disease institutes are desperately needed to treat the growing number of persons afflicted with Alzheimer's disease and related dementias and it is, therefore, necessary that this act go into immediate effect.

CHAPTER 23

An act relating to air transportation.

[Approved by Governor March 19, 1986 Filed with Secretary of State March 20, 1986]

The people of the State of California do enact as follows:

SECTION 1. That allocation totaling five thousand dollars ($5,000) from the Aeronautics Account in the State Transportation Fund made by the Department of Transportation to the City of Atwater and expended by that city for airport purposes at the Atwater Municipal Airport during the 1977–78 and 1978–79 fiscal years is hereby ratified, validated, confirmed, and declared legally effective for all purposes.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary since special facts and circumstances applicable to the City of Atwater, and not generally applicable, make the accomplishment of this purpose impossible by any general law. There exists a dispute as to the validity of an allocation made by the Department of Transportation to the City of Atwater from the Aeronautics Account in the State Transportation Fund for airport purposes based on a good faith expenditure of these funds. The Legislature further finds and declares that these are the only such expenditures of funds involved, that the purpose of this act is impossible to accomplish by any general law, and that a special statute within the meaning of Section 16 of Article IV of the California Constitution applicable only to the City of Atwater is therefore necessary.

CHAPTER 24

An act to amend Sections 19596.5, 19612, and 19615 of, and to add Sections 19498, 19610.4, and 19619.6 to, the Business and Professions Code, to add Sections 4402 and 4403 to the Food and Agricultural Code, and to amend Section 22 of Chapter 1440 of the Statutes of 1985, relating to fairs and horseracing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 19498 is added to the Business and Professions Code, to read:

19498. (a) Any association other than a fair which conducts a horseracing meeting with an average daily handle of one million five hundred thousand dollars ($1,500,000) or more shall produce a live audiovisual signal of its racing program and shall make this signal available at a reasonable cost, as determined by the board, to any satellite wagering facility authorized to conduct wagering pursuant to Section 19596.5.

(b) Any fair or any association with an average daily handle of less than one million five hundred thousand dollars ($1,500,000) may produce, at its option, a live audiovisual signal of its racing program. If the fair or association produces a signal of its program, the signal shall be made available at a reasonable cost, as determined by the board, to any satellite wagering facility authorized to conduct wagering pursuant to Section 19596.5.

(c) An association or fair may discontinue transmission of its signal to any satellite wagering facility which is found by the board to be in material breach of its obligation to pay the costs of producing and transmitting the signal, to have made an unauthorized use of the signal, to have violated the board's regulations regarding exclusion of persons pursuant to Section 19572, or to otherwise be in substantial noncompliance with this chapter.

SEC. 2. Section 19596.5 of the Business and Professions Code is amended to read:

19596.5. (a) Notwithstanding any other provision of law, the board may authorize an association licensed to conduct a racing meeting in the northern zone to operate a satellite wagering facility at its racetrack inclosure, except during the part of the day the association is conducting racing at its racetrack, if all of the following conditions are met:

(1) The association operating the satellite wagering facility has executed an agreement approved by the board with the association conducting a racing meeting in the northern zone that authorizes parimutuel wagering at the satellite wagering facility. The agreement shall provide that the wagers made at the satellite wagering facility will be included in the appropriate conventional or exotic pool at the racetrack where the racing meeting is conducted.

(2) The horsemen's organization which represents the horsemen at the association which conducts the racing meeting on which wagers are accepted consents to the acceptance of wagers at the satellite wagering facility.

(3) The accommodations and equipment used in conducting wagering at the satellite wagering facility and their location have been approved by the board.

(4) The method used by the satellite wagering facility to transmit wagers, odds, results, and other data related to wagering has been approved by the board.

(b) The deductions from wagers at satellite wagering facilities shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted. Notwithstanding any other

provision of law, 2 percent of the amount handled by the satellite wagering facility shall be retained as a commission. The funds remaining after distribution of the 2 percent commission shall be distributed in the same relative percentages (reduced pro rata for the 2 percent commission) as provided by Article 9.5 (commencing with Section 19610) for the association which conducts the racing meeting, except that commencing January 1, 1988, the funds available for distribution to the association which conducts the racing meeting and for distribution to the horsemen, in the form of purses, shall be accumulated and shall be distributed equally between (1) the association which conducts the racing meeting and (2) the horsemen, in the form of purses, who participate in the racing meeting of the association which conducts the racing meeting.

(c) All revenues payable to the state from satellite wagering facilities located at fairs shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, are hereby continuously appropriated to the Department of Food and Agriculture, for allocation by the director in his or her discretion, for (1) repayment of the principal of, and interest on, bonds issued by a joint powers agency, or of other debt service incurred, for the purpose of constructing improvements only at a fair's racetrack inclosure, (2) for repayment of expenses incurred by fairs in establishing and operating satellite wagering facilities, (3) for health and safety repair projects at fairs, and (4) for support purposes of fairs generally.

SEC. 3. Section 19610.4 is added to the Business and Professions Code, to read:

19610.4. Notwithstanding Section 19610.3, any association which conducts a racing meeting pursuant to Section 19549.3 or 19549.9 shall deduct an additional amount of 0.33 of 1 percent from the total parimutuel wagers placed within its inclosure.

The amounts deducted pursuant to this section shall be distributed to the city in which the racing meeting is conducted or, if the meeting is conducted outside the limits of any city, to the county in which the racing meeting is conducted. If a city or county has elected by ordinance to receive a distribution from a racing association under this section, it shall not at any time thereafter assess or collect, with respect to an event conducted by that racing association, any license or excise tax or fee, including, but not limited to, any admission, parking, or business tax, or any tax or fee levied solely upon the racing association conducting a racing meeting or any racing patron. Furthermore, a city or county electing to receive a distribution under this section shall provide ordinary and traditional municipal services, such as police services and traffic control, in connection with the racing meetings. If an eligible city or county does not elect to receive a distribution under this section, the amount deducted shall be paid to the state as an additional license fee.

SEC. 4. Section 19612 of the Business and Professions Code is amended to read:

19612. (a) Except as otherwise provided, every association which conducts a harness or quarter horse race meeting shall pay a daily license fee at the following rates based upon its daily conventional and exotic parimutuel handle:

Daily Handle	License Fee Rate
$550,000 or less	2.5 percent of handle
$550,001 to $750,000	$13,750 plus 5.5 percent of the handle in excess of $550,001
$750,001 and more	$24,750 plus 4.7 percent of the handle in excess of $750,001

In addition, every association subject to this subdivision shall pay an additional license fee at the rate of 0.75 percent of its daily exotic parimutuel handle. Except as provided in Section 19610.5, no such association shall pay a license fee in excess of 3.8 percent of the daily conventional parimutuel handle and 4.55 percent of the daily exotic parimutuel handle.

(b) With respect to quarter horse meetings, all funds remaining from the deductions provided in Sections 19610, 19491, and 19491.5, after distribution of the applicable license fee, shall be distributed 55 percent as commissions and 45 percent as purses. With respect to harness meetings, except for meetings conducted pursuant to Section 19549.2, the funds remaining from deductions provided in Section 19610, after distribution of the applicable license fee, shall be distributed 59.5 percent as commissions and 40.5 percent as purses. For meetings conducted pursuant to Section 19549.2, the funds remaining from deductions provided in Section 19610, after distribution of the applicable license fee, shall be distributed 50 percent as commissions and 50 percent as purses.

(c) Every harness association which conducted its racing meeting in a single continuous period prior to January 1, 1979, or any transferee or successor or subsequent transferee or successor of the business or assets of the association, and thereafter conducts a split racing meeting, shall pay a daily license fee based upon its daily conventional and exotic parimutuel handle in accordance with the following schedule:

Daily Handle	License Fee Rate
$1,000,000 or less	1.5 percent of handle
$1,000,001 and more	$15,000 plus 10.7 percent of the handle in excess of $1,000,001

In addition, every such association shall pay an additional license fee at the rate of 0.75 percent of its daily exotic parimutuel handle. Except as provided in Section 19610.5, no such association shall pay a license fee in excess of 3.04 percent of its daily conventional parimutuel handle and 3.79 percent of its daily exotic parimutuel handle.

(d) Every quarter horse association which conducted its racing

meeting in the northern zone prior to January 1, 1979, or which conducts its meeting pursuant to Section 19549.3 or 19549.9, shall pay a daily license fee based upon its daily conventional and exotic parimutuel handle in accordance with the following schedule:

Daily Handle	License Fee Rate
$550,000 or less	1.5 percent of handle
$550,001 to $750,000	$8,250 plus 2.75 percent of the handle in excess of $550,001
$750,001 and more	$13,750 plus 4.7 percent of the handle in excess of $750,001

In addition, every such association shall pay an additional license fee at the rate of 0.75 percent of its daily exotic parimutuel handle. Except as provided in Section 19610.5, no such association shall pay a license fee in excess of 3.8 percent of the daily conventional parimutuel handle and 4.55 percent of its daily exotic parimutuel handle.

(e) Every association which conducted a quarter horse racing meeting in the southern zone during the daytime prior to January 1, 1979, and thereafter conducts such a meeting at night, shall be entitled to the following license fee adjustment:

For each 1 percent that the association's average daily handle in the 1981 year, during the period from the commencement of the meeting to December 25, falls below its 1980 average daily handle during the same period, the amount of the applicable license fee as set forth in subdivision (a) shall be reduced by 2 percent.

(f) Any association qualified to operate its meetings pursuant to Section 19612.6 shall be entitled to continue to distribute license fees, commissions, and purses as provided by that section.

(g) Notwithstanding subdivision (b), for every association which conducts a quarter horse meeting in the northern zone pursuant to subdivision (d), the amount remaining after deduction of the state license fee shall be distributed between commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting. Every association conducting a quarter horse meeting pursuant to subdivision (d) may deduct an additional amount up to 1 percent of its conventional and exotic parimutuel pools to be distributed as commissions. The association may also deduct an additional 1 percent from the exotic parimutuel pools to be distributed as commissions and purses as agreed to by the association conducting the meeting and the organization representing the horsemen participating at the meeting.

SEC. 5. Section 19615 of the Business and Professions Code is amended to read:

19615. (a) The board shall provide a method for estimating the aggregate handle for each association's proposed race meeting. Estimates may be revised during the course of the meeting. Based upon the estimate, each association shall pay its license fee weekly, and

purses shall be reasonably allocated over the period of the association's anticipated race meeting pursuant to a purse program developed by the association in consultation with the horsemen's organization contracting with the association with respect to the conduct of racing meetings subject to approval of the board.

(b) Within seven days after the close of a race meeting an association shall pay any license fee theretofore unpaid, or shall have refunded to it any excess license fee theretofore paid.

(c) If, at the close of a thoroughbred racing meeting, it is determined that the association conducting the meeting has not made payments to or for the benefit of owners and breeders of horses in an amount equaling the percentages set forth in this chapter, any excess shall be deducted from, and any deficiency not in excess of an amount agreed upon between the association and the horsemen's organization contracting with the association with respect to the conduct of racing meetings shall be added to the amount the association is required to pay to or for the benefit of owners and breeders of horses at its racing meeting in the following calendar year. Any deficiency in excess of the amount agreed upon shall be distributed as provided in the agreement.

(d) If, at the close of any other racing meeting, it is determined that the association conducting the meeting has not made payments to or for the benefit of owners and breeders of horses in an amount equaling the percentages set forth in this chapter, any excess shall be deducted from, and any deficiency shall be added to, the amount the association is required to pay to or for the benefit of owners and breeders of horses at its racing meeting in the following calendar year.

(e) Any two associations conducting a meeting pursuant to Section 19612.6 may, with the approval of the board, combine their excesses or deficiencies from prior meetings if the associations and the organizations representing the horsemen all agree.

(f) Any associations conducting a harness meeting in the northern zone, including an association conducting any meeting pursuant to Section 19549.3, may, with the approval of the board, combine their excesses or deficiencies from prior meetings if the associations and the organizations representing horsemen all agree.

SEC. 6. Section 19619.6 is added to the Business and Professions Code, to read:

19619.6. Every association which provides a live audiovisual signal of its program to a satellite wagering facility pursuant to Section 19498 shall cooperate with the operator of the satellite wagering facility with respect to arrangements with the on-track totalizator company for access to its on-track totalizator system for purposes of combining parimutuel pools.

SEC. 7. Section 4402 is added to the Food and Agricultural Code, to read:

4402. The department may expend funds appropriated by Section 22 of Chapter 1440 of the Statutes of 1985 in the 1985–86 and

1986–87 fiscal years for capital outlay and deferred and major maintenance projects of a health and safety nature at county fairs, district agricultural association fairs, and citrus fruit fairs.

SEC. 8. Section 4403 is added to the Food and Agricultural Code, to read:

4403. (a) A county fair, district agricultural association fair, or citrus fruit fair may expend funds for promotional and public relations purposes of the fair.

(b) The department may expend funds for promotional and public relations purposes for county fairs, district agricultural association fairs, and citrus fruit fairs.

SEC. 9. Section 22 of Chapter 1440 of the Statutes of 1985 is amended to read:

Sec. 22. The sum of two million dollars ($2,000,000) of the settlement funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act (43 U.S.C. Sec. 1337(g)) is hereby appropriated to the Department of Food and Agriculture for expenditure pursuant to Section 4402 of the Food and Agricultural Code.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act may apply to the current racing season and that fairs may receive needed funds as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 25

An act to amend Sections 9384 and 15620 of, to add Chapter 13 (commencing with Section 15750) to Part 3 of Division 9 of, the Welfare and Institutions Code, relating to dependent adult abuse.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 9384 of the Welfare and Institutions Code is amended to read:

9384. Each county shall report monthly to the State Department of Social Services on the number of reports of abuse received pursuant to this chapter.

SEC. 2. Section 15620 of the Welfare and Institutions Code is amended to read:

15620. The State Department of Social Services shall submit a report to the Legislature and Governor on the characteristics of abuse victims. The State Department of Social Services shall

incorporate any and all comments or observations on abuse of the elderly as defined in Section 9380. The State Department of Social Services, in consultation with the State Department of Developmental Services, the Department of Justice, county adult protective services agencies, and agencies designated by contract to receive reports of abuse pursuant to this chapter, shall design the report form for dependent adult abuse. The counties, or the designated contract agency shall submit reports to the department on dependent adult abuse monthly.

SEC. 3. Chapter 13 (commencing with Section 15750) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 13. ADULT PROTECTIVE SERVICES

15750. Each county welfare department shall establish and support a system of protective services to elderly and dependent adults who may be subjected to neglect, abuse, or exploitation or who are unable to protect their own interest.

This system shall be known as the county adult protective services system.

15751. Each county shall establish and maintain a specialized entity within the county welfare department which shall have lead responsibility for the operation of the adult protective services program.

15752. "Adult protective services" means those preventive and remedial activities performed on behalf of dependent individuals 18 years or older who meet any of the following criteria:

(a) They are unable to protect their own interests.

(b) They are harmed or threatened with harm.

(c) They are caused physical or mental injury due to ignorance, illiteracy, incompetence, or poor health.

(d) They are lacking in adequate food, shelter, or clothing.

(e) They are exploited of their income and resources, or deprived of an entitlement due them.

15753. Adult protective services may include, but are not limited to, investigations, needs assessment, a system in which reporting of abuse can occur on a 24-hour basis, emergency shelter, and adult respite care.

CHAPTER 26

An act to amend Section 11023 of, and to add Section 11010.8 to, the Business and Professions Code, relating to real property, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11010.8 is added to the Business and Professions Code, to read:

11010.8. (a) The requirement that a notice of intention be filed pursuant to Section 11010 is not applicable to the purchase of a mobilehome park by a nonprofit corporation if all of the following occur:

(1) A majority of the shareholders or members of the nonprofit corporation constitute a majority of the tenants of the mobilehome park and majority of the members of the board of directors of the nonprofit corporation are tenants of the mobilehome park.

(2) The shareholders or members of the nonprofit corporation do not represent expressly or by implication that any shareholder or member of the corporation will receive a separate subdivided interest in any portion of the mobilehome park as a result of the purchase.

(3) The nonprofit corporation does not sell or lease, or offer for sale or lease, or otherwise transfer any separate subdivided interest in any portion of the mobilehome park without first obtaining a public report from the Real Estate Commissioner.

(4) All funds of tenants for the purchase of the mobilehome park are deposited in escrow until the document transferring title of the mobilehome park to the nonprofit corporation is recorded.

(b) "Separate subdivided interest," as used in subdivision (a), has the same meaning as "subdivided lands" or "subdivision" as defined by Sections 11000, 11000.1, or 11004.5.

SEC. 2. Section 11023 of the Business and Professions Code is amended to read:

11023. Any person who violates Section 11010, 11010.1, 11010.8, 11013.1, 11013.2, 11013.4, 11018.2, 11018.7, 11019, or 11022 is guilty of a public offense punishable by a fine not exceeding ten thousand dollars ($10,000) or by imprisonment in the state prison, or in the county jail not exceeding one year, or by both that fine and imprisonment.

SEC. 3. The sum of twelve thousand dollars ($12,000) is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund to the Department of Motor Vehicles in augmentation of category (3) (70.18.010) of Item 2740-301-044 of the

Budget Act of 1984 (Chapter 258 of the Statutes of 1984), as reappropriated by category (1) of Item 2740-490 of the Budget Act of 1985 (Chapter 111 of the Statutes of 1985), for increase in the administrative acquisition costs, as defined in Section 9.20 of the Budget Act of 1985, for the purposes of site search, expenses, site suitability report, environmental documentation, appraisal, and other necessary administrative costs to acquire a site for the Pomona field office.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide opportunities for the purchase of mobilehome parks by nonprofit corporations formed by tenants of those mobilehome parks as soon as possible, and to permit acquisition and preliminary plans for an urgently needed office building and parking facility in the City of Pomona to be completed at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 27

An act to amend Sections 7065.1, 7071.9, 7083, 7090.1, and 7099 of, and to add Section 7071.7 to, the Business and Professions Code, relating to contractors.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 7065.1 of the Business and Professions Code is amended to read:

7065.1. Notwithstanding Section 7065, the registrar may waive the examination for a contractor's license under any of the following circumstances:

(a) The qualifying individual has, for five of the seven years immediately preceding the application for licensure, been listed on the official records of the board as a member of the personnel of any licensee who held an active license, which was in good standing, in the same classification being applied for.

(b) The qualifying individual is an immediate member of the family of a licensee whose individual license was active and in good

standing for five of the seven years immediately preceding the application for licensure, and the qualifying individual is able to show all of the following:

(1) The qualifying individual has been actively engaged in the licensee's business for five of the seven years immediately preceding the application for licensure.

(2) The license is required to continue the existing family business in the event of the absence or death of the licensee.

(3) An application is made for a new license in the same classifications in which the licensee is or was licensed.

(c) The qualifying individual is an employee of a corporation seeking to replace its former qualifying individual and has been employed by that corporation under the following conditions:

(1) For five of the seven years immediately preceding the application for licensure, the qualifying individual has been continually employed by the corporation in a supervisory capacity in the same classifications being applied for.

(2) For five of the seven years immediately preceding the application for licensure, the corporation has held an active license in good standing in the same classifications being applied for.

For purposes of this section, employees of a corporation shall include, but not be limited to, the officers of a corporation.

SEC. 2. Section 7071.7 is added to the Business and Professions Code, to read:

7071.7. (a) Except as provided in subdivision (b), the registrar shall accept a bond required by Section 7071.6, 7071.8, or 7071.9 as of the effective date shown on the bond, if the bond is received by the registrar within 90 days after that date, and shall reinstate the license to which the bond pertains, if otherwise eligible, retroactive to the effective date of the bond.

(b) Notwithstanding subdivision (a), the registrar shall accept a bond as of the effective date shown on the bond, even if the bond is not received by the registrar within 90 days after that date, upon a showing by the licensee, on a form acceptable to the registrar, that the failure to have a bond on file was due to circumstances beyond the control of the licensee. The registrar shall reinstate the license to which the bond pertains, if otherwise eligible, retroactive to the effective date of the bond.

SEC. 3. Section 7071.9 of the Business and Professions Code is amended to read:

7071.9. (a) If the qualifying individual, as referred to in Sections 7068 and 7068.1, is not either the proprietor, a general partner, or joint licensee, he or she shall file or have on file a qualifying individual's bond as provided in Section 7071.10 in the sum of five thousand dollars ($5,000). This bond is in addition to, and may not be combined with, any contractor's bond required by Sections 7071.5 to 7071.8, inclusive, and is required for the issuance, reinstatement, reactivation, or continued valid use of a license.

(b) The responsible managing officer of a corporation shall not be

required to file or have on file a qualifying individual's bond, if he or she owns 10 percent or more of the voting stock of the corporation and certifies to that fact on a form prescribed by the registrar.

SEC. 4. Section 7083 of the Business and Professions Code is amended to read:

7083. All licensees shall notify the registrar in writing within 90 days of any change to information recorded under this chapter, in a format prescribed by the registrar. This notification requirement shall include, but not be limited to, changes in address, personnel, name style, bond exemption pursuant to Section 7071.9, or exemption to qualify multiple licenses pursuant to Section 7068.1.

SEC. 5. Section 7090.1 of the Business and Professions Code is amended to read:

7090.1. Notwithstanding any other provisions of law, the failure to pay a civil penalty, or to comply with an order of correction or an order to pay a specified sum to an injured party in lieu of correction once the order has become final, shall be grounds for denial of, or the refusal to renew, a license.

SEC. 6. Section 7099 of the Business and Professions Code is amended to read:

7099. If, upon investigation, the registrar has probable cause to believe that a licensee, or an applicant for a license under this chapter, has violated provisions of this chapter which are grounds for denial, revocation, or suspension of license, he or she may, in lieu of proceeding pursuant to this article, issue a citation to the licensee or applicant. Each citation shall be in writing and shall describe with particularity the nature of the violation, including a reference to the provision of this chapter alleged to have been violated. In addition, each citation may contain an order of correction fixing a reasonable time for correction of the violation or an order, against the licensee only, for payment of a specified sum to an injured party in lieu of correction, and may contain an assessment of a civil penalty.

CHAPTER 28

An act to add Section 40809 to the Health and Safety Code, relating to air pollution.

[Approved by Governor March 21, 1986. Filed with Secretary of State March 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 40809 is added to the Health and Safety Code, to read:

40809. (a) The office of the county counsel may represent both the district and the hearing board on a matter relating to a hearing before the hearing board as long as the same individual attorney does

not represent both the district and the hearing board.

(b) This section does not apply to the bay district or the south coast district.

CHAPTER 29

An act to amend Section 214 of the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 214 of the Revenue and Taxation Code is amended to read:

214. (a) Property used exclusively for religious, hospital, scientific, or charitable purposes owned and operated by community chests, funds, foundations or corporations organized and operated for religious, hospital, scientific, or charitable purposes is exempt from taxation if:

(1) The owner is not organized or operated for profit; provided, that in the case of hospitals, such organization shall not be deemed to be organized or operated for profit, if during the immediate preceding fiscal year the excess of operating revenues, exclusive of gifts, endowments and grants-in-aid, over operating expenses shall not have exceeded a sum equivalent to 10 percent of such operating expenses. As used herein, operating expenses shall include depreciation based on cost of replacement and amortization of, and interest on, indebtedness.

(2) No part of the net earnings of the owner inures to the benefit of any private shareholder or individual.

(3) The property is used for the actual operation of the exempt activity, and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(4) The property is not used or operated by the owner or by any other person so as to benefit any officer, trustee, director, shareholder, member, employee, contributor, or bondholder of the owner or operator, or any other person, through the distribution of profits, payment of excessive charges or compensations or the more advantageous pursuit of their business or profession.

(5) The property is not used by the owner or members thereof for fraternal or lodge purposes, or for social club purposes except where such use is clearly incidental to a primary religious, hospital, scientific, or charitable purpose.

(6) The property is irrevocably dedicated to religious, charitable, scientific, or hospital purposes and upon the liquidation, dissolution

or abandonment of the owner will not inure to the benefit of any private person except a fund, foundation or corporation organized and operated for religious, hospital, scientific, or charitable purposes.

(7) The property, if used exclusively for scientific purposes, is used by a foundation or institution which, in addition to complying with the foregoing requirements for the exemption of charitable organization in general, has been chartered by the Congress of the United States (except that this requirement shall not apply when the scientific purposes are medical research), and whose objects are the encouragement or conduct of scientific investigation, research and discovery for the benefit of the community at large.

The exemption provided for herein shall be known as the "welfare exemption." This exemption shall be in addition to any other exemption now provided by law and the existence of the exemption provision in paragraph (2) of subdivision (a) of Section 202 shall not preclude the exemption under this section for museum or library property. Except as provided in subdivision (e), this section shall not be construed to enlarge the college exemption.

(b) Property used exclusively for school purposes of less than collegiate grade and owned and operated by religious, hospital or charitable funds, foundations or corporations, which property and funds, foundations or corporations meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section.

(c) Property used exclusively for nursery school purposes and owned and operated by religious, hospital or charitable funds, foundations or corporations, which property and funds, foundations or corporations meet all the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section.

(d) Property used exclusively for a noncommercial educational FM broadcast station or an educational television station and owned and operated by religious, hospital, scientific or charitable funds, foundations or corporations meeting all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section.

(e) Property used exclusively for religious, charitable, scientific, or hospital purposes and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations or educational institutions of collegiate grade, as defined in Section 203, which property and funds, foundations, corporations, or educational institutions meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section. As to educational institutions of collegiate grade, as defined in Section 203, the requirements of

paragraph (6) of subdivision (a) shall be deemed to be met if both of the following are met:

(1) The property of the educational institution is irrevocably dedicated in its articles of incorporation to charitable and educational purposes, to religious and educational purposes, or to educational purposes.

(2) The articles of incorporation of the educational institution provide for distribution of its property upon its liquidation, dissolution, or abandonment to a fund, foundation, or corporation organized and operated for religious, hospital, scientific, charitable, or educational purposes meeting the requirements for exemption provided by Section 203 or this section.

(f) Property used exclusively for housing and related facilities for elderly or handicapped families and financed by, including, but not limited to, the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), or Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), and owned and operated by religious, hospital, scientific or charitable funds, foundations or corporations meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California and this section. The amendment of this paragraph made at the 1983–84 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the existing law. However, no refund of property taxes shall be required as a result of this amendment for any fiscal year prior to the fiscal year in which the amendment takes effect.

Property used exclusively for housing and related facilities for elderly or handicapped families at which supplemental care or services designed to meet the special needs of elderly or handicapped residents are not provided, or which is not financed by the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), or Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715), shall not be entitled to exemption pursuant to this subdivision unless the property is used for housing and related facilities for low- and moderate-income elderly or handicapped families. Property which would otherwise be exempt pursuant to this subdivision, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, shall be entitled to a partial exemption. The partial exemption shall be equal to that percentage of the value of the property which is equal to the percentage which the number of low- and moderate-income elderly and handicapped families occupying the property is of the total number of families occupying the property.

As used in this subdivision, "low and moderate income" has the same meaning as the term "persons and families of low or moderate

income" as defined by Section 50093 of the Health and Safety Code.

SEC. 2. The amendment of subdivision (e) in Section 214 of the Revenue and Taxation Code made by Section 1 of this act shall be operative for the 1986–87 fiscal year and fiscal years thereafter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify at the earliest possible time the Legislature's intent with respect to the administration of provisions enacted in 1985 which are to be effective for the 1986–87 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 30

An act to amend Section 2097 of the Fish and Game Code, relating to endangered species.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2097 of the Fish and Game Code is amended to read:

2097. This article shall remain in effect only until July 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before July 1, 1988, deletes or extends that date.

CHAPTER 31

An act to amend Section 13260 of, and to add Section 50906 to, the Water Code, relating to water resources, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 13260 of the Water Code is amended to read:

13260. (a) All of the following persons shall file with the regional board of that region a report of the discharge, containing the information which may be required by the regional board:

(1) Any person discharging waste or proposing to discharge waste within any region that could affect the quality of the waters of the

state, other than into a community sewer system.

(2) Any person who is a citizen, domiciliary, or political agency or entity of this state discharging waste or proposing to discharge waste outside the boundaries of the state in a manner that could affect the quality of the waters of the state within any region.

(3) Any person proposing to construct an injection well.

(b) No report need be filed pursuant to subdivision (a) if the requirement is waived pursuant to Section 13269.

(c) Every person subject to subdivision (a) shall file with the regional board of that region a report of any material change or proposed change in the character, location, or volume of the discharge.

(d) Each report submitted under this section shall be sworn to or submitted under penalty of perjury.

(e) Each report submitted under this section shall be accompanied by a filing fee of not to exceed fifty thousand dollars ($50,000) according to a reasonable fee schedule established by the state board. Fees shall be calculated on the basis of total flow, volume, number of animals, or area involved and shall be reasonably related to the costs to the regional board.

(f) The state board shall adopt regulations setting forth reasonable time limits within which the regional board shall determine the adequacy of a report submitted under this section.

SEC. 2. Section 50906 is added to the Water Code, to read:

50906. Reclamation District No. 1004 may, in conjunction with the County of Colusa, construct, maintain, and operate a plant for the generation of hydroelectric power, together with transmission lines for the conveyance thereof and with other facilities that may be necessary or appropriate for the construction, maintenance, and operation of that plant. Construction of the plant and transmission lines may be financed by the issuance of time warrants pursuant to Article 3 (commencing with Section 53040) of Chapter 1 of Part 9 to pay the cost of construction of the plant, transmission lines, and related facilities, except that the board may, by resolution, provide for the payment of those time warrants solely from the proceeds derived from the operation of the hydroelectric powerplant, in lieu of the assessment described in Section 53040, and may, in that event, pledge the plant, transmission lines, and related facilities and the revenues from the operation of the hydroelectric plant as the sole security for the payment of the time warrants.

The hydroelectric plant, transmission lines, and related facilities constructed pursuant to this section may be leased for operation to, or the power generated may be sold to, a public utility or public agency engaged in the distribution, use, or sale of electricity, but shall not be offered for sale directly by the district to customers other than a public utility or public agency.

Proceeds from the sale of electricity shall be utilized to retire any time warrants issued for construction of the facilities and otherwise for the powers and purposes for which the district was formed.

SEC. 3. Reclamation District No. 1004 has a potential source of hydroelectric power in conjuction with the County of Colusa which can provide power for use by the district or funds for the purpose of defraying the cost of power and other district expenses. This source of hydroelectric power is not common to other reclamation districts. The Legislature, therefore, finds and declares that a special law is necessary with respect to Reclamation District No. 1004, that the provisions of Section 2 of this act are needed to meet special circumstances within that district, and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for more effective water quality regulation by the California regional water quality control boards at the earliest possible time, and to authorize the construction of urgently needed hydroelectric facilities by Reclamation District No. 1004 in conjunction with the County of Colusa at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 32

An act to amend Sections 11019.5 and 15202 of the Government Code, to amend Section 13516 of the Penal Code, and to amend Section 2 of Chapter 1469 of the Statutes of 1984, relating to crime, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 21, 1986. Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11019.5 of the Government Code is amended to read:

11019.5. (a) Notwithstanding any other provision of law, but to the extent consistent with applicable federal law or regulation, any state department specified in subdivision (b), after receiving a request by a board of supervisors of an affected county which has a population of 150,000 or less as of January 1, 1983, and upon determining that advance payment is essential to the effective implementation of a particular program, and further to the extent that funds are available, and not more frequently than once each month, may advance to the county an amount not to exceed one-twelfth of the annual allocations, subventions, or reimbursements required for the delivery of services by a county.

(b) This section applies to the Department of Corrections, the Department of Health Services, and the State Department of Mental Health, and to claims presented to the Controller pursuant to subdivision (b) of Section 15202.

(c) The director of each department specified in subdivision (b) and the Controller shall promulgate regulations or guidelines and a plan to establish control procedures to define the scope of operational information required from a county in order to guarantee advance payments pursuant to this section. No county may receive an advance payment unless the county has complied with the provisions of the department's plan and regulations. Each department plan shall be approved by the Department of Finance prior to its implementation.

(d) Claim schedules for advance payments shall be presented to the appropriate department in the manner prescribed by the department. Payment of claims shall be made within 60 days after a claim is received by the department.

(e) Each department specified in subdivision (b) shall review periodically and adjust advances to actual expenditures for the claim period. Additionally, each department shall take into consideration the timing of the implementation of new programs in the computation of advances. The authority contained in this chapter shall not supersede or limit any other provision of law authorizing the state to conduct required audits of claims transactions.

(f) A county, upon determining that an advance payment is essential for the effective implementation of a particular program, and to the extent funds are available, and not more frequently than once each month, may advance to other affected local public agencies located within its jurisdiction (i.e., school districts, special districts, cities, etc.) an amount not to exceed one-twelfth of the annual allocations, reimbursements, or subventions required for the delivery of services pursuant to related state and federal laws.

SEC. 2. Section 15202 of the Government Code, as amended by Chapter 1469 of the Statutes of 1984, is amended to read:

15202. (a) A county with a population of 300,000 or less, at the time of the 1980 decennial census, which is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of 90 percent of the costs incurred by the county for each such trial or hearing, without regard to fiscal year, in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(b) (1) A county with a population of 150,000 or less, at the time of the 1980 decennial census, which is responsible for the cost of two or more trials or hearings within a fiscal year of a person or persons for the offense of homicide may apply to the Controller for reimbursement of 90 percent of the costs incurred in a fiscal year by the county for the conduct of the first trial within a fiscal year and

85 percent of the costs incurred in a fiscal year by the county for the conduct of any and all subsequent trials or hearings, in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(2) A county with a population of 150,000 or less, at the time of the 1980 decennial census, which, within a fiscal year, is reimbursed for costs incurred by the county for the conduct of only one trial or hearing pursuant to subdivision (a) shall be reimbursed for that one trial or hearing in subsequent fiscal years for costs incurred in those subsequent fiscal years without again being required to expend county funds equal to 0.00625 of 1 percent of assessed valuation of property within the county so long as all reimbursements to the county under this paragraph are for only that one trial or hearing.

For purposes of this subdivision, in determining the costs of a homicide trial, trials, hearing, or hearings, the costs shall include, all pretrial, trial, and posttrial costs incurred in connection with the investigation, prosecution, and defense of a homicide case or cases within a fiscal year, including, but not limited to, the costs incurred by the district attorney, sheriff, public defender, and witnesses, which were reasonably required by the court and participants in the case or cases, and other extraordinary costs associated with the investigation in homicide cases.

(c) A county with a population exceeding 300,000 at the time of the 1980 decennial census which is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of 80 percent of the costs incurred by the county in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent, and not in excess of the amount of money derived from a tax of 0.0125 of 1 percent, and for reimbursement of 100 percent of the costs incurred in excess of the amount of money derived from a tax of 0.0125 percent, of the full value of property assessed for purposes of taxation within the county.

(d) The Controller shall not reimburse any county for costs that exceed the standards for travel and per diem expenses set forth in Sections 700 to 715, and 718, of Title 2 of the California Administrative Code. The Controller may reimburse extraordinary costs in unusual cases if the county provides sufficient justification of the need for such expenditures.

(e) The Legislature recognizes that the conduct of trials for persons accused of homicide should not be hampered or delayed because of a lack of funds available to the counties for that purpose. While this section is intended to provide an equitable basis for determining the allocation to the state of the costs of homicide trials in any particular county, the rising costs of those trials necessitate an objective study to assure reasonable financial restraints and incentives for cost-effectiveness that do not place an unreasonable burden on the treasury of the smaller counties.

In order to assist the Governor and the Legislature in making that

determination, the Office of Planning and Research, in cooperation with the Legislative Analyst, state and local agencies, representatives of law enforcement and the defense bar, and other public officials, shall undertake a study of the effectiveness of this section with regard to those concerns, and, no later than July 1, 1987, shall submit a report to the Governor and to the Legislature with its findings and any recommendations for amendment of this section.

SEC. 3. Section 13516 of the Penal Code is amended to read:

13516. (a) The commission shall prepare guidelines establishing standard procedures which may be followed by police agencies in the investigation of sexual assault cases, and cases involving the sexual exploitation or sexual abuse of children, including, police response to, and treatment of, victims of these crimes.

(b) The course of training leading to the basic certificate issued by the commission shall, on and after July 1, 1977, include adequate instruction in the procedures described in subdivision (a). No reimbursement shall be made to local agencies based on attendance on or after that date at any course which does not comply with the requirements of this subdivision.

(c) The commission shall prepare and implement a course for the training of specialists in the investigation of sexual assault cases, child sexual exploitation cases, and child sexual abuse cases. Officers assigned to investigation duties which include the handling of cases involving the sexual exploitation or sexual abuse of children, shall successfully complete that training within six months of the date the assignment was made.

(d) It is the intent of the Legislature in the enactment of this section to encourage the establishment of sex crime investigation units in police agencies throughout the state, which units shall include, but not be limited to, investigating crimes involving the sexual exploitation and sexual abuse of children.

(e) It is the further intent of the Legislature in the enactment of this section to encourage the establishment of investigation guidelines that take into consideration the sensitive nature of the sexual exploitation and sexual abuse of children with respect to both the accused and the alleged victim.

SEC. 4. Section 2 of Chapter 1469 of the Statutes of 1984 is amended to read:

Sec. 2. Section 1 of this act applies to any case in which a final judgment was not entered prior to January 1, 1985. Section 1 shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 15202 of the Government Code, as amended by Section 46 of Chapter 323 the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 5. With respect to the amendments set forth in Sections 2

and 4 of this act, the Legislature finds and declares the following:

(a) That Chapter 1469 of the Statutes of 1984 enacted provisions intended to accomplish each of the following objectives:

(1) Authorized, until January 1, 1989, a new procedure for additional state reimbursement for costs of homicide trials in counties with a population of 300,000 or less.

(2) Directed the Office of Planning and Research to undertake a study, in cooperation with specified public agencies, concerning this provision for reimbursement and to report to the Governor and the Legislature no later than July 1, 1987.

(b) That pending the study outcome there is an immediate need to provide further interim state assistance to small rural counties, with a population of 150,000 or less, that are facing worsening fiscal crises and serious cash flow problems due to extraordinary costs of the investigation and prosecution of a rash of multiple homicides.

(c) That authorization, for an interim period, be provided by this act establishing a revised procedure for small rural counties allowing them to be eligible for additional reimbursement, payable on a regularly scheduled basis, to help relieve the onerous financial burdens suddenly encumbered by excessive costs of homicide cases over which the small counties have virtually no control.

(d) That the short-term fiscal relief provided by subdivision (b) of Section 15202 of the Government Code, as amended by Section 2 of this act, recognizes and is consistent with the fiscal and programmatic relationships and responsibilities between the state and small rural counties as they involve funding and criminal justice program delivery of partnership programs of local and statewide significance.

(e) That the short-term fiscal relief provided by sudivision (b) of Section 15202 of the Government Code, as amended by Section 2 of this act, shall only be made available to the applicable counties for the costs incurred by them as set forth in that section involving activities undertaken following the filing, in the superior court, of an indictment.

SEC. 6. It is the further intent of the Legislature that the amendments to Section 15202 of the Government Code made by Section 2 of this act be given effect with respect to any extraordinary costs incurred in the investigation and prosecution of any homicide case if the costs were incurred on or after July 1, 1985.

SEC. 7. The sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated from the General Fund to the Controller for expenditure in the 1985–86 fiscal year in augmentation of, and for the purpose of paying claims filed pursuant to subdivision (b) of Section 15202 of the Government Code pursuant to the standards provided in provision 2 of Item 8180-101-001 of the Budget Act of 1985. If those funds are not sufficient to satisfy those claims, the Controller shall request the Director of Finance to include any amounts necessary in a deficiency appropriation.

SEC. 8. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

A rash of homicide cases in counties has caused a drain on the cash flow of those counties.

CHAPTER 33

An act to amend Section 13511 of the Penal Code, relating to crimes.

[Approved by Governor March 21, 1986. Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 13511 of the Penal Code is amended to read:

13511. (a) In establishing standards for training, the commission shall, so far as consistent with the purposes of this chapter, permit required training to be obtained at institutions approved by the commission.

(b) In those instances where persons have acquired prior equivalent peace officer training, the commission shall, no later than July 1, 1981, and thereafter, provide the opportunity for testing in lieu of attendance at a basic training academy or accredited college. Tests shall be constructed to verify possession of minimum knowledge and skills required by the commission as outlined in its basic course. These tests shall be scheduled periodically in convenient locations, and an opportunity shall be provided for testing and retesting under procedural guidelines established by the commission. The retesting procedures shall be designed so that any portion which has been previously passed need not be retaken. The commission shall charge a fee to cover administrative costs which is sufficient to cover all the costs associated with the testing conducted under this subdivision.

CHAPTER 34

An act to add Section 602.2 of the Penal Code, relating to trespass.

[Approved by Governor March 21, 1986 Filed with Secretary of State March 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 602.2 is added to the Penal Code, to read:

602.2. Any ordinance or resolution adopted by a county which

requires written permission to enter vacant or unimproved private land from either the owner, the owner's agent, or the person in lawful possession of private land, shall not apply unless the land is immediately adjacent and contiguous to residential property, or enclosed by fence, or under cultivation, or posted with signs forbidding trespass, displayed at intervals of not less than three to a mile, along all exterior boundaries and at all roads and trails entering the private land.

CHAPTER 35

An act to amend Section 66424.1 of the Government Code, relating to subdivisions.

[Approved by Governor March 28, 1986 Filed with Secretary of State March 31, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 66424.1 of the Government Code is amended to read:

66424.1. Nothing in Section 66424 shall prevent a purchaser of a unit of land created under the provisions of this division or a local ordinance enacted pursuant thereto, from subdividing the land one or more times, pursuant to the provisions of this division prior to the time that an equalized county assessment roll has been completed reflecting the creation of the unit proposed to be subdivided.

Nothing contained in this chapter shall prevent the same subdivider of a unit of land created under the provisions of this division, or a local ordinance enacted pursuant thereto, from making consecutive subdivisions of the same parcel or any portion thereof.

Further, local agencies shall not, by ordinance or policy, prohibit consecutive subdivision of the same parcel or any portion thereof either by the same subdivider or a subsequent purchaser because the parcel was previously subdivided.

Nothing contained in this section shall limit the authority of a local agency to impose appropriate conditions or requirements on the consecutive subdivisions.

CHAPTER 36

An act to add Article 7 (commencing with Section 4696) to Chapter 6 of Division 4.5 of the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1986 Filed with Secretary of State March 31, 1986]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 4696) is added to Chapter 6, of Division 4.5 of the Welfare and Institutions Code, to read:

Article 7. Regional Center Clients Requiring Mental Health Services

4696. The Legislature places a high priority on ensuring that regional center clients and their families can avail themselves of mental health services which are appropriate to meet their needs. The purpose of this article is to determine methods of identifying these clients as well as the type and extent of services which should be available.

4696.1. The State Department of Developmental Services, in consultation with the State Department of Mental Health, shall submit a report to the Legislature no later than March 15, 1987, which shall include, but not be limited to, all of the following:

(a) Recommendations on client evaluation and referral procedures for regional center clients needing mental health services.

(b) Recommendations for professional training and curriculum, which should be made available in order to ensure that regional centers and local mental health programs have the necessary, qualified personnel to meet the needs of clients who may require the services as specified in the individual program plan pursuant to Sections 4646 and 4648.

(c) Recommendations for the level and type of professional services necessary for each regional center to provide 24-hour crises intervention services.

(d) Options for effectively delivering the services required in subdivision (c).

(e) Recommendations for amendments to the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5, in order to ensure that regional center clients receive necessary mental health services.

(f) Costs of providing services recommended in the report.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that regional center clients and their families who find themselves in crises situations and in need of mental health services can receive the appropriate services as soon as feasible, it is necessary that this act take effect immediately.

CHAPTER 37

An act to add Section 72252.7 to the Education Code, relating to community colleges.

[Approved by Governor March 28, 1986 Filed with Secretary of State March 31, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 72252.7 is added to the Education Code, to read:

72252.7. The fee requirements of Section 72252 shall be defrayed pursuant to Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session for any student who, at the time of enrollment, is a child or dependent of a veteran, as specified in subdivision (a), (b), or (c) of Section 32320.

CHAPTER 38

An act to add Section 25503.6 to the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1986 Filed with Secretary of State March 31, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.6 is added to the Business and Professions Code, to read:

25503.6. (a) Notwithstanding any other provision of this chapter, the holder of a beer manufacturer's or winegrower's license may purchase advertising space and time from, or on behalf of, an on-sale retail licensee subject to all of the following conditions:

(1) The on-sale licensee is the owner of a fully enclosed arena with a fixed seating capacity in excess of 10,000 seats located within a county of the eighth class, as defined in Section 28029 of the Government Code.

(2) The advertising space or time is purchased only in connection with events to be held on the premises of the arena owned by the on-sale licensee.

(3) The on-sale licensee serves other brands of beer or wine in addition to the brand manufactured by the beer manufacturer or produced by the winegrower purchasing the advertising space or time.

(b) Any purchase of advertising space or time pursuant to subdivision (a) shall be conducted pursuant to a written contract entered into by the holder of the beer manufacturer's or winegrower's license and the on-sale licensee.

(c) Any holder of a beer manufacturer's license or winegrower's license who, through coercion or other illegal means, induces a holder of a beer or wine wholesaler's license to fulfill those contractual obligations entered into pursuant to subdivision (a) or (b) shall be guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, or by a fine in an amount equal to the entire value of the advertising space or time involved in the contract, plus ten thousand dollars ($10,000), or by both imprisonment and fine. The person shall also be subject to license revocation pursuant to Section 24200.

SEC. 2. The Legislature finds that it is necessary that the exception established by this act to the general prohibition against manufacturers compensating retailers in any way in connection with the advertising of alcoholic beverages be limited to the express terms of the exception so as not to undermine the general prohibition, and intends that this act be construed accordingly.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that advertising space may be purchased in connection with events which are scheduled for the winter and spring of 1986, it is necessary that this act go into immediate effect.

CHAPTER 39

An act to amend Section 15432 of the Government Code, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1986 Filed with Secretary of State March 31, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 15432 of the Government Code is amended to read:

15432. As used in this part, the following words and terms shall have the following meanings, unless the context clearly indicates or requires another or different meaning or intent:

(a) "Act" means the California Health Facilities Financing Authority Act.

(b) "Authority" means the California Health Facilities Financing Authority created by this part or any board, body, commission, department, or officer succeeding to the principal functions thereof or to which the powers conferred upon the authority by this part shall be given by law.

(c) "Cost," as applied to a project or portion of a project financed under this part, means and includes all or any part of the cost of construction and acquisition of all lands, structures, real or personal property, rights, rights-of-way, franchises, easements, and interests acquired or used for a project, the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which those buildings or structures may be moved, the cost of all machinery and equipment, financing charges, interest prior to, during, and for a period not to exceed one year following completion of construction, as determined by the authority, reserves for principal and interest and for extensions, enlargements, additions, replacements, renovations and improvements, the cost of engineering, reasonable financial and legal services, plans, specifications, studies, surveys, estimates, administrative expenses, and other expenses necessary or incident to determining the feasibility of constructing any project or incident to the construction or acquisition or financing of any project.

(d) "Health facility" means any facility, place, or building which is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer, except in the cases of county outpatient facilities, community clinics, as defined in paragraph (6), and child day care facilities, as defined in paragraph (10), and includes all of

the following types:

(1) A general acute care hospital which is a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care, including the following basic services: medical, nursing, surgical, anesthesia, laboratory, radiology, pharmacy, and dietary services.

(2) An acute psychiatric hospital which is a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical staff which provides 24-hour inpatient care for mentally disordered, incompetent, or other patients referred to in Division 5 (commencing with Section 5000) or Division 6 (commencing with Section 6000) of the Welfare and Institutions Code, including the following basic services: medical, nursing, rehabilitative, pharmacy, and dietary services.

(3) A skilled nursing facility which is a health facility which provides the following basic services: skilled nursing care and supportive care to patients whose primary need is for availability or skilled nursing care on an extended basis.

(4) An intermediate care facility which is a health facility which provides the following basic services: inpatient care to ambulatory or semiambulatory patients who have recurring need for skilled nursing supervision and need supportive care, but who do not require availability or continuous skilled nursing care.

(5) A special health care facility which is a health facility having a duly constituted governing body with overall administrative and professional responsibility and an organized medical or dental staff which provides inpatient or outpatient, acute or nonacute care, including, but not limited to, medical, nursing, rehabilitation, dental, or maternity.

(6) A community clinic which is a clinic operated by a tax-exempt nonprofit corporation which is supported and maintained in whole or in part by donations, bequests, gifts, grants, government funds or contributions, which may be in the form of money, goods, or services. In a community clinic, any charges to the patient shall be based on the patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a community clinic. However, the licensee of any community clinic so licensed on September 26, 1978, shall not be required to obtain tax-exempt status under either federal or state law. No natural person or persons shall operate a community clinic.

(7) An adult day health center which is a facility, as defined under subdivision (b) of Section 1570.7 of the Health and Safety Code, which provides adult day health care, as defined under subdivision (a) of Section 1570.7 of the Health and Safety Code.

(8) Any other type of facility for the provision of inpatient or outpatient care which is a county health facility, as defined in subdivision (a) of Section 16715 of the Welfare and Institutions Code, (without regard to whether funding is provided for the facility under that section).

(9) A multilevel facility is an institutional arrangement where a residential facility for the elderly is operated as a part of, or in conjunction with, an intermediate care facility, a skilled nursing facility, or a general acute care hospital. "Elderly," for the purposes of this paragraph, means a person 62 years of age or older.

(10) A child day care facility operated in conjunction with a health facility. A child day care facility is a facility, as defined in Section 1596.750 of the Health and Safety Code. For purposes of this paragraph, "child" means a minor from birth to 18 years of age.

"Health facility" includes a clinic which is described in subdivision (*l*) of Section 1206 of the Health and Safety Code.

"Health facility" includes the following facilities, if operated in conjunction with one or more of the above types of facilities: a laboratory, laundry, nurses or interns residence, housing for staff or employees and their families, patients or relatives of patients, physicians' facility, administration building, research facility, maintenance, storage, or utility facility and all structures or facilities related to any of the foregoing or required or useful for the operation of a health facility, and the necessary and usual attendant and related facilities and equipment and including parking and supportive service facilities or structures required or useful for the orderly conduct of such health facility.

"Health facility" does not include any institution, place, or building used or to be used primarily for sectarian instruction or study or as a place for devotional activities or religious worship.

(e) "Participating health institution" means a city, city and county, county, a district hospital, or a private nonprofit corporation or association authorized by the laws of this state to provide or operate a health facility and which, pursuant to the provisions of this part, undertakes the financing or refinancing of the construction or acquisition of a project or of working capital as provided in this part.

(f) "Project" means construction, expansion, remodeling, renovation, furnishing, or equipping of a health facility or acquisition of a health facility to be financed or refinanced with funds provided in whole or in part pursuant to this part. "Project" may include any combination of one or more of the foregoing undertaken jointly by any participating health institution with one or more other participating health institutions.

(g) "Working capital" means moneys to be used by, or on behalf of, a city, city and county, county, or hospital district to pay or prepay maintenance or operation expenses or any other costs that would be treated as an expense item, under generally accepted accounting principles, in connection with the ownership or operation of a health facility by a city, county, city and county, or hospital district,

including, but not limited to, reserves for maintenance or operation expenses, interest for not to exceed one year on any loan for working capital made pursuant to this part, and reserves for debt service with respect to, and any costs necessary or incidental to, that financing.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the substantial need for additional child day care facilities, which has been documented, it is necessary for this act to take effect immediately to make financing for these facilities available at the earliest possible time.

CHAPTER 40

An act to add Section 11503 to the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1986. Filed with Secretary of State March 31, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11503 is added to the Penal Code, to read:

11503. There is hereby created in the State Treasury the Local Public Prosecutors and Public Defenders Training Fund for the support of the Prosecutors and Public Defenders Education and Training Program, established pursuant to this title.

SEC. 2. Any moneys which, on the effective date of this act, are in the General Fund accounts established by the Controller to receive the balance of funds that remained in the prior Local Public Prosecutors and Public Defenders Training Fund when it expired on January 1, 1986, and to receive any transfers from the Assessment Fund of moneys otherwise owing to the prior Local Public Prosecutors and Public Defenders Training Fund pursuant to paragraph (6) of subdivision (f) of Section 1464 of the Penal Code after that fund expired on January 1, 1986, are hereby transferred to the new Local Public Prosecutors and Public Defenders Training Fund established pursuant to this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the funding needed for the Prosecutors and Public Defenders Education and Training Program during the remaining portion of the 1985–86 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 41

An act to amend Section 14036 of the Government Code, to amend Section 7102 of the Revenue and Taxation Code, and to amend Sections 2126 and 2127 of the Streets and Highways Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1986. Filed with Secretary of State March 31, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14036 of the Government Code is amended to read:

14036. The department shall prepare a rail passenger development plan annually for submission to the Legislature, the Governor, the Public Utilities Commission, and the California Transportation Commission. The plan shall be submitted to the commission by each January 1 for its advice and consent and to the Legislature, the Governor, and the Public Utilities Commission by the following March 1. The plan shall consist of all of the following:

(a) For capital and operating subsidies, all actual encumbrances for the prior year; and for state operations, all actual expenditures for the prior year. All revenues shall be identified by source. Variances in expenditures from the prior year's plan for capital and operating subsidies shall be identified for each route.

(b) For capital and operating subsidies, estimated encumbrances and revenues for the current year; and for state operations, estimated expenditures for the current year. The department shall use the same format as is required for prior year expenditures pursuant to subdivision (a).

(c) For the budget year and the four following fiscal years, proposed encumbrances for capital and operating subsidies shall be reported in the same format as is required for prior year's expenditures. For state operations, proposed expenditures for the budget year shall be reported.

(d) The identification and cost of capital facilities necessary to enhance competitiveness of rail passenger services.

(e) A performance evaluation of all services in operation, including performance trends, potential for efficiency and effectiveness, possible improvements, and strategies to achieve that potential.

(f) A recommendation of a level of and program for services over a five-year period.

(g) An evaluation of reports by regional planning agencies and county transportation commissions on commuter service alternatives in their regions, including presentation of their recommendations.

(h) A map showing all existing intercity and commuter passenger rail routes and services, all proposed intercity and commuter passenger rail routes and services, and all intercity and commuter passenger rail routes and services that are the subject of feasibility studies.

This report shall be prepared in consultation with the Public Utilities Commission and the National Rail Passenger Corporation. The department may consult with other agencies, organizations, and persons with expertise. The department shall employ realistic assumptions, using Public Utilities Commission cost data whenever possible, with respect to the level of services it can provide and the cost of these services when developing the plan.

SEC. 2. Section 7102 of the Revenue and Taxation Code is amended to read:

7102. The money in the fund shall, upon order of the Controller, be drawn therefrom for refunds under this part or be transferred in the following manner:

(a) (1) All revenues, less refunds, derived under this part at the 4¾ percent rate, including the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of motor vehicle fuel which would not have been received if the sales and use tax rate had been 5 percent and if motor vehicle fuel, as defined for purposes of the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301)), had been exempt from sales and use taxes, shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance shall be transferred during each fiscal year to the Transportation Planning and Development Account in the State Transportation Fund for appropriation pursuant to Section 99312 of the Public Utilities Code.

(2) If the amount transferred pursuant to paragraph (1) is less than one hundred ten million dollars ($110,000,000) in any fiscal year, an additional amount equal to the difference between one hundred ten million dollars ($110,000,000) and the amount so transferred shall be transferred, to the extent funds are available, as follows:

(A) For the 1986–87 fiscal year, from the General Fund.

(B) For the 1987–88 and each subsequent fiscal year, from the state revenues due to the imposition of sales and use taxes on fuel, as defined for purposes of the Use Fuel Tax Law (Part 3 (commencing with Section 8601)).

(b) The balance shall be transferred to the General Fund.

(c) The estimate required by subdivision (a) shall be based on taxable transactions occurring during a calendar year, and the transfers required by subdivision (a) shall be made during the fiscal year that commences during that same calendar year. Transfers required by paragraphs (1) and (2) of subdivision (a) shall be made quarterly.

SEC. 3. Section 2126 of the Streets and Highways Code is amended to read:

2126. (a) The money appropriated pursuant to Item

9675-101-890 of the Budget Act of 1985 (Chapter 111 of the Statutes of 1985) is hereby appropriated to the Controller for allocation to counties and cities for street and highway maintenance and reconstruction, 55 percent to the cities for allocation pursuant to subdivision (b) and 45 percent to the counties for allocation pursuant to subdivision (c).

(b) (1) The amount to be allocated to a city, including a city and county, equals the amount available for allocation to the cities pursuant to subdivision (a) times the ratio of the total allocation it received pursuant to Section 2107 over all allocations made pursuant to that section during the prior fiscal year.

(2) In the case of a city whose incorporation was effective after July 2, 1984, and which did not receive an allocation of funds appropriated for allocation pursuant to subdivision (a) of Section 7 of Chapter 1600 of the Statutes of 1985, the amount calculated for allocation pursuant to subdivision (b) of that Section 7 shall be increased by an amount which will provide the city an amount equivalent to the total allocation it would have received pursuant to subdivisions (a) and (b) of that Section 7.

(c) Fifty-five percent of the funds payable under this section to counties, including a city and county, shall be apportioned among the counties in the proportion that the number of fee-paid and exempt vehicles registered in each county bears to the total number of fee-paid and exempt vehicles which are registered in the state.

Forty-five percent of the funds payable under this section to counties, including a city and county, shall be apportioned among the counties in the proportion that the number of miles of maintained county roads in each county bears to the total number of miles of maintained county roads in the state.

(d) For purposes of this section:

(1) "Maintenance" means (A) patching and (B) overlay and sealing.

(2) "Reconstruction" does not include widening to increase the traffic capacity of a street or highway, but does include any widening of the roadway if the widening is necessary to bring the roadway width to the desirable minimum width consistent with the geometric design criteria of the department for nonfreeway 3R (reconstruction, resurfacing, and rehabilitation) projects.

(e) The Controller shall allocate the funds available for that Item 9675-101-890 within 30 days after they become available to the state.

SEC. 4. Section 2127 of the Streets and Highways Code is amended to read:

2127. (a) In order to receive any allocation pursuant to Section 2126 or Section 7 of the act enacting this section, the city or county, as the case may be, shall expend for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during each of the fiscal years that it receives an allocation pursuant to Section 2126 or that Section 7 not less than its base year expenditure, excluding the allocation received

pursuant to Section 2126 or that Section 7, or both, during the fiscal year. This expenditure matching requirement shall terminate on July 1, 1987.

(b) The allocation shall be expended within one year of its disbursement by the Controller to the city or county, as the case may be.

(c) (1) For purposes of this section, "base year expenditure" means the amount that the city or county, as the case may be, expended for patching, overlay and sealing, and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151.

(2) If the sum of the actual cash received by a city or county during the fiscal year pursuant to Section 500 of Title 16, Section 104 (b) (2) and (6) and Section 125 of Title 23, and Chapter 68 (commencing with Section 5121) of the Title 42 of the United States Code expended for the maintenance and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151, is more than the sum of funds it received from those sources during any fiscal year, the base year expenditure of the city or county, as the case may be, for the fiscal year shall be reduced by the difference between the sums.

(d) For each fiscal year during which an allocation was made pursuant to Section 2126 or that Section 7, or both, the Controller shall audit the amount each county and city expended for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year.

(e) (1) If the Controller determines pursuant to subdivision (d) that a county or city, for the fiscal year, expended for the maintenance and reconstruction of its local street and highway system less than the required amount determined pursuant to subdivision (a), its allocation pursuant to Section 2104 or 2107, as the case may be, shall be reduced during the next fiscal year by the amount that its expenditure is less than the required amount.

(2) Paragraph (1) does not apply to a city or county during the fiscal year in which it returns to the Controller the allocation it received pursuant to Section 2126 or that Section 7, or both. The city or county shall return the allocation plus any accrued interest within 30 days following the effective date of the statute which added this paragraph, or, in the case of future allocations, within 30 days after receipt of the allocation.

(f) Any funds withheld or returned as a result of subdivision (e) of this section shall be reallocated to the other counties and cities whose expenditure is not less than its required amount pursuant to subdivision (b) or (c) of Section 2126, as the case may be.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the flexibility in transportation financing afforded by this act may be implemented at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 42

An act to amend Section 2501 of, and to add Section 2507 to, the Streets and Highways Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1986. Filed with Secretary of State April 1, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2501 of the Streets and Highways Code is amended to read:

2501. Federal law has authorized appropriations for expenditure for public mass transportation on highways in rural areas in order to enhance access of rural area populations to employment, health care, retail centers, education, and public services. The purpose of this chapter is to implement that program in this state. The boards of supervisors, city councils, and the department are authorized to do all things necessary and proper in their respective jurisdictions to secure the federal funds for use on rural highway public mass transportation projects in accordance with the intent of federal law and of this chapter.

SEC. 2. Section 2507 is added to the Streets and Highways Code, to read:

2507. Notwithstanding any other provision of law, the department may authorize the Controller to make payments to claimants for work performed on a rural public mass transportation project prior to the execution of a formal grant agreement subject to all of the following conditions:

(a) The work is expressly included in a program of projects approved by the department and submitted to the United States Department of Transportation for funding.

(b) A grant agreement for the work is subsequently executed between the department and the claimant.

(c) Funds are specifically appropriated and available for the work.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that transit operators providing essential service to the elderly, handicapped, and other persons residing in remote rural

areas would not be forced to discontinue operations, it is necessary that this act take effect immediately.

CHAPTER 43

An act to add Chapter 13.5 (commencing with Section 26250) to Part 2 of Division 2 of Title 3 of the Government Code, relating to justice facility financing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1986. Filed with Secretary of State April 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13.5 (commencing with Section 26250) is added to Part 2 of Division 2 of Title 3 of the Government Code, to read:

CHAPTER 13.5. SAN DIEGO COUNTY REGIONAL JUSTICE FACILITY FINANCING ACT

Article 1. General Provisions, Findings, and Definitions

26250. This chapter shall be known and may be cited as the San Diego County Regional Justice Facility Financing Act.

26251. The Legislature hereby finds and declares all of the following:

(a) Recognizing the scarcity of resources available for regional justice facility development, alternative methods of financing provided in this chapter are needed to finance the cost of maintaining, acquiring, constructing, and developing facilities for the administration of justice in the County of San Diego, and these methods will increase economic opportunities, contribute to economic development, be in the public interest and serve a public purpose and promote the health, safety, and welfare of the citizens within the County of San Diego.

(b) It is in the public interest to allow the voters of San Diego County to create a financing mechanism which will permit regional justice facility plans to be implemented in a timely manner to provide improvements to the regional justice system.

Article 2. Transactions and Use Tax

26255. The Legislature, by the enactment of this article, intends the additional funds provided the County of San Diego by this article to supplement existing local revenues being used to finance the regional justice system. The government agencies are further

encouraged to maintain their existing commitment of local funds for regional justice system services.

26256. A retail transactions and use tax ordinance applicable in the incorporated and unincorporated territory of the county shall be imposed by the Board of Supervisors of the County of San Diego (hereafter referred to as the "board") in accordance with Section 26260 and Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code, if two-thirds of the electors voting on the measure vote to approve its imposition at a special election called for that purpose by the board. The tax ordinance shall take effect at the close of the polls on the day of election at which the proposition is adopted. The initial collection of the transactions and use tax shall take place in accordance with Section 26259.

If, at any time, the voters do not approve the imposition of the transactions and use tax, this chapter shall remain in full force and effect. The board may, at any time thereafter, submit the same, or a different, measure to the voters in accordance with this chapter.

26257. The board, in the ordinance, shall state the nature of the tax to be imposed, the tax rate or the maximum tax rate, the purposes for which the revenue derived from the tax shall be used, and a term during which the tax shall be imposed. The purposes for which the tax revenues shall be used may include, but are not limited to, the administration of this chapter, including legal actions related thereto, and site acquisition, capital acquisition, construction, reconstruction, expansion, improvement, maintenance, and financing of regional justice facilities. These purposes include expenditures for planning, environmental reviews, engineering and design costs, and related right-of-way acquisition. The proceeds of the tax shall not be used for the operation of any regional justice facility or program.

26258. For purposes of this section, "regional justice facilities" includes, but is not limited to, jails, women's centers, detention facilities, juvenile halls, and courtrooms.

26259. (a) Any transactions and use tax ordinance adopted pursuant to this article shall be operative on the first day of the first calendar quarter commencing more than 120 days after adoption of the ordinance.

(b) Prior to the operative date of the ordinance, the county shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of the ordinance.

26260. (a) The board, subject to the approval of the voters, may impose a maximum tax rate of ½ percent under this chapter and Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code for up to five years, and the board may state the maximum tax rate in terms of not to exceed ½ percent. The board shall not levy the tax at a rate other than one-half of 1 percent, unless specifically authorized by the Legislature.

(b) The tax rate adopted pursuant to this article, unless otherwise

prohibited, may be increased by the board by ordinance adopted in the manner and by the vote stated in Section 26256 and approved by two-thirds of the electors voting on the measure at an election called for that purpose by the board.

26261. The board may reduce a tax rate to percentages lower than that approved by the voters and may further provide for an increase of the tax rate if it has previously been lowered. However, the tax rate may not be increased to a rate above the tax rate approved by the voters.

Any revised tax rate may be adopted only if the board determines that the proceeds of the taxes with the altered tax rate will be sufficient to provide for the payment of principal of, and interest on, any limited tax bonds and any other indebtedness incurred by the county which was to be payable from the proceeds of the retail transactions and use tax.

26262. Notwithstanding any other provision of law relating to the calling and conduct of elections by a county, the board may place on the ballot at a special election to be held November 4, 1986, or any other date subsequent thereto upon the call of the board, a ballot proposition for the imposition of a retail transactions and use tax as authorized by this chapter and an increase in the appropriation limit pursuant to Article XIII B of the California Constitution.

The actual wording of the ballot proposition, regardless of the system of voting used, shall read substantially as follows:

SAN DIEGO COUNTY REGIONAL JUSTICE FACILITIES FINANCING ORDINANCE AND AN INCREASE IN THE APPROPRIATION LIMIT OF THE COUNTY OF SAN DIEGO Shall approval be given to (1) an ordinance of the County of San Diego imposing a one-half of one percent transaction and use tax for a term not to exceed five years to be used solely for the purposes of improving, expanding, constructing, or acquiring sites for regional justice facilities to the extent state or federal funds are not made available to the County of San Diego specifically for those purposes, and (2) an increase in the appropriation limit of the County of San Diego in the amount equal to the amount of such tax to be collected?	YES NO	

26263. Any action or proceeding wherein the validity of the adoption of the retail transactions and use tax ordinance provided for in this article or any of the proceedings in relation thereto is contested, questioned, or denied, shall be commenced within six

months from the date of the election at which the ordinance is approved. Otherwise, all proceedings in relation thereto, including the adoption and approval of the ordinance, shall be held to be valid and in every respect legal and incontestable.

SEC. 2. It is the intent of the Legislature in enacting this act to ensure that the County of San Diego is not deprived of state funds which might be made available to finance needed justice system facilities subsequent to the enactment of this chapter, whether those funds be provided by statute or constitutional amendment. To that end, any ballot measure seeking voter approval for a local transactions and use tax to finance justice system facilities pursuant to this chapter shall contain language which will result in a reduction in the amount of revenue generated annually by that tax equivalent to the amount of state funding made available annually to the County of San Diego pursuant to a subsequently enacted state program to fund county justice system facility costs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that a ballot measure be permitted to be placed before the voters in November 1986, or any other date upon the call of the San Diego County Board of Supervisors, which will allow the voters to create a financing mechanism for improvements to the regional justice system in a timely manner, it is necessary that this act take effect immediately.

CHAPTER 44

An act to amend Sections 894 and 895 of the Military and Veterans Code, relating to veterans' benefits.

[Approved by Governor April 1, 1986. Filed with Secretary of State April 2, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 894 of the Military and Veterans Code is amended to read:

894. For students of collegiate, community college, business and trade school rank, the amount expended by the department as an allowance for living expenses shall not exceed one hundred dollars ($100) per month. Dependents enrolled in the fifth year of any course requiring five years may be considered to be at the undergraduate level. For students of high school rank, the amount shall not exceed fifty dollars ($50) per month during the time the student is in actual attendance at a day school. Absence during the month on account of illness shall be included as attendance.

SEC. 2. Section 895 of the Military and Veterans Code is amended to read:

895. For tuition and fees:

(a) The amount expended on account of any one applicant of undergraduate, collegiate, community college, business, or trade school rank under this article shall not exceed the maximum rate authorized for the regular school year under Section 69566 of the Education Code and not to exceed one-third more for students pursuing a summer session or full year course.

(b) For students of high school rank, the sum shall not exceed four hundred fifty dollars ($450) a year for students pursuing a regular course and five hundred fifty dollars ($550) a year for students pursuing a summer session or full year course.

CHAPTER 45

An act to add Article 13 (commencing with Section 45460) to Chapter 5 of Part 25 of, and to add Article 10 (commencing with Section 88270) to Chapter 4 of Part 51 of,the Education Code, relating to classified school employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 1, 1986 Filed with Secretary of State April 2, 1986]

The people of the State of California do enact as follows:

SECTION 1. Article 13 (commencing with Section 45460) is added to Chapter 5 of Part 25 of the Education Code, to read:

Article 13. Classified School Employee Week

45460. The third full week in May is designated as Classified School Employee Week.

All public schools shall annually observe that week in recognition of classified school employees and the contributions they make to the educational community. The observances required by this section shall be integrated into the regular school program.

This section shall apply to all schools under the jurisdiction of any school district or county board of education that has adopted the merit system in the same manner and effect as if it were a part of Article 6 (commencing with Section 45240), as well as to schools under the jurisdiction of any school district or county board of education that has not adopted the merit system.

SEC. 2. Article 10 (commencing with Section 88270) is added to Chapter 4 of Part 51 of the Education Code, to read:

Article 10. Classified School Employee Week

88270. The third full week in May is designated as Classified School Employee Week.

All community colleges shall annually observe that week in recognition of classified school employees and the contributions they make to the educational community. The observances required by this section shall be integrated into the regular community college program.

This section shall apply to all colleges under the jurisdiction of any community college district that has adopted the merit system in the same manner and effect as if it were a part of Article 3 (commencing with Section 88060), as well as to colleges under the jurisdiction of any district that has not adopted the merit system.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to have the third full week in May of 1986 designated as Classified School Employee Week, it is necessary that this act take effect immediately.

CHAPTER 46

An act to amend Section 72252 of the Education Code, relating to community colleges.

[Approved by Governor April 9, 1986 Filed with Secretary of State April 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 72252 of the Education Code is amended to read:

72252. (a) Commencing with the semester, term, or quarter that begins after July 31, 1984, the governing board of each community college district shall charge each student a fee, pursuant to this section.

(b) The fee prescribed by this section shall equal fifty dollars ($50) per semester for students enrolled in classes totaling six or more credit semester units, and five dollars ($5) per unit per semester for students enrolled in classes totaling less than six credit semester units.

The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system or other alternative system approved pursuant to Section 78002, and shall also proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these

adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts, 98 percent of the revenues received by districts from charging a fee pursuant to this section or from fees defrayed pursuant to subdivision (f) shall be deemed to be local property tax revenue within the meaning of subdivision (b) of Section 84700.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement shall not apply to students enrolled in the noncredit courses designated by Section 84711, or to California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be defrayed pursuant to Section 19 of Chapter 1 of the 1983–84 Second Extraordinary Session for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program.

(h) Student financial aid funds appropriated for the purpose of assisting students to pay the fee required by this section may be awarded without regard to the requirements of Chapter 2 (commencing with Section 69500) of Part 42.

(i) The board of governors shall adopt regulations implementing this section as regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(j) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1988, deletes or extends that date.

CHAPTER 47

An act to amend Sections 1202.7 and 1202.8 of the Penal Code, relating to crime.

[Approved by Governor April 9, 1986. Filed with Secretary of State April 10, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1202.7 of the Penal Code is amended to read:

1202.7. The Legislature finds and declares that the provision of probation services is an essential element in the administration of criminal justice. The safety of the public, which shall be a primary goal through the enforcement of court-ordered conditions of probation; the nature of the offense; the interests of justice, including punishment, reintegration of the offender into the community, and enforcement of conditions of probation; the loss to the victim; and the needs of the defendant shall be the primary considerations in the granting of probation.

SEC. 2. Section 1202.8 of the Penal Code is amended to read:

1202.8. Persons placed on probation by a court shall be under the supervision of the county probation officer who shall determine both the level and type of supervision consistent with the court-ordered conditions of probation.

CHAPTER 48

An act to amend Section 31641.04 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor April 9, 1986. Filed with Secretary of State April 10, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 31641.04 of the Government Code is amended to read:

31641.04. (a) When the board of supervisors, by resolution, determines that because of an impending curtailment of service or change in the manner of performing service, savings of money, or other economic benefit resulting to the county, the best interests of the county would be served, a member shall be eligible to receive additional service credit if the following conditions exist:

(1) The member is employed in a job classification, county department, or other county organizational unit included in the resolution adopted by the board of supervisors.

(2) The member retires on or between dates specified by the board of supervisors in its resolution. In no event shall the specified period exceed 180 days.

(3) The county transmits to the retirement fund an amount determined by the board of retirement which is equal to the actuarial equivalent of the difference between the allowance the member receives after the receipt of service credit under this section and the amount he would have received without such service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the county and the board of retirement.

(b) The amount of service credit shall be that amount as the board of supervisors determines but shall not be more than two years regardless of credited service and shall not exceed the number of years intervening between the date of the member's retirement and the date the member would be required to be retired because of age.

(c) A county which elects to make the payment prescribed by subdivision (a) shall make such payment with respect to all eligible employees who retire during the period specified by the board of supervisors.

(d) This section shall not be applicable to any member otherwise eligible if such member receives any unemployment insurance payments during the period six months prior to the period specified pursuant to subdivision (a). This section shall not be applicable to any member if the member is not eligible to retire without the additional credit available under this section.

(e) This section shall not be applicable in any county until it is adopted by ordinance of the board of supervisors. Any county may adopt or readopt this section from time to time as conditions may warrant. This section shall not be applicable in any district whose employees are members of the system pursuant to Section 31557 until it is adopted by ordinance by the governing body of the district. Any district whose employees are members of the system pursuant to Section 31557 may adopt or readopt this section from time to time as conditions warrant.

(f) Any member who qualifies under this section upon subsequent reentry to county employment shall forfeit the service credit acquired under this section, unless the reentry is a result of a temporary callback limited to a maximum of 720 hours of service in any one year.

(g) This section shall not be subject to the provisions of Chapter 10 (commencing with Section 3500) of Division 4 of Title 1.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 49

An act to amend Section 4 of Chapter 342 of the Statutes of 1983, relating to civil actions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1986. Filed with Secretary of State April 10, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 4 of Chapter 342 of the Statutes of 1983 is amended to read:

Sec. 4. This act applies to proceedings commenced on or after January 1, 1984, regardless of the date of acquisition of property subject to the proceedings or the date of any agreement affecting the property.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Sections 4800.1 and 4800.2 of the Civil Code were enacted by Chapter 342 of the Statutes of 1983 and applied immediately to all family law proceedings not yet final on January 1, 1984, its effective date, in order to cure a serious problem in the law governing division of assets at dissolution of marriage (See Report of Senate Committee on Judiciary on Assembly Bill 26, 83 Senate Journal 4865, July 14, 1983). The Supreme Court in In re Marriage of Buol, 39 Cal. 3d 751, 705 P.2d 354, 218 Cal. Rptr. 31 (1985), held that this legislation cannot be applied to pending litigation in some circumstances, but the precise scope of the decision is unclear.

The Buol decision has caused confusion among family law judges and lawyers as to what law governs in a heavily litigated area in which important property rights are affected. The decision also frustrates the intent of the Legislature to correct a serious problem in the law that is causing inequitable treatment of many parties.

This act is intended to resolve the confusion caused by Buol and to reaffirm the need for immediately applicable legislation, to the extent constitutionally permissible, in order to assure all litigants of equitable treatment upon dissolution of marriage. Any further delay will accentuate unreasonably the current confusion and problems in this area of the law.

CHAPTER 50

An act relating to senior centers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 11, 1986. Filed with Secretary of State April 14, 1986]

The people of the State of California do enact as follows:

SEC. 2. If an agency that was awarded funds withdraws or is unable to complete the project authorized, the Department of Aging, with the advice of the area agency on aging, is authorized to contract with another public or private agency to complete the original project, if feasible.

SEC. 3. If Senior Center Bond Act funds become available as a result of nonperformance of a grantee or completion of a project with funds remaining, the Department of Aging is authorized to award funds to the applicant in the next priority order as determined by the area agency on aging in the planning and service area to which Senior Center Bond Act funds were originally allocated.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that funds are allocated for approved senior center proposals, pursuant to the Senior Center Bond Act of 1984, at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 51

An act to amend Sections 311, 312.1, and 313 of the Penal Code, relating to obscene and harmful matter.

[Approved by Governor April 14, 1986 Filed with Secretary of State April 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the La Follette-Deddeh Anti-Obscenity Law.

SEC. 2. Section 311 of the Penal Code is amended to read:

311. As used in this chapter:

(a) "Obscene matter" means matter taken as a whole, the predominant appeal of which to the average person, applying contemporary statewide standards, is to prurient interest, meaning a shameful or morbid interest in nudity, sex, or excretion; and is matter which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is matter which taken as a whole lacks significant literary, artistic, political, educational, or scientific value.

(1) The predominant appeal to prurient interest of the matter is judged with reference to average adults unless it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, that evidence is probative with respect to the nature of the matter and can justify the conclusion that the matter lacks significant literary, artistic, political, educational, or scientific value.

(3) In determining whether the matter taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters, the fact that the defendant knew that the matter depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making that determination.

(b) "Matter" means any book, magazine, newspaper or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription or mechanical, chemical or electrical reproduction or any other articles, equipment, machines or materials.

(c) "Person" means any individual, partnership, firm, association,

corporation, or other legal entity.

(d) "Distribute" means to transfer possession of, whether with or without consideration.

(e) "Knowingly" means being aware of the character of the matter or live conduct.

(f) "Exhibit" means to show.

(g) "Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including but not limited to singing, speaking, dancing, acting, simulating, or pantomiming, where, taken as a whole, the predominant appeal of such conduct to the average person, applying contemporary statewide standards is to prurient interest, meaning a shameful or morbid interest in nudity, sex, or excretion; and is conduct which taken as a whole goes substantially beyond customary limits of candor in description or representation of such matters; and is conduct which taken as a whole lacks significant literary, artistic, political, educational, or scientific value.

(1) The predominant appeal to prurient interest of the conduct is judged with reference to average adults unless it appears from the nature of the conduct or the circumstances of its production, presentation or exhibition, that it is designed for clearly defined deviant sexual groups, in which case the predominant appeal of the conduct shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation advertising, or exhibition indicate that live conduct is being commercially exploited by the defendant for the sake of its prurient appeal, that evidence is probative with respect to the nature of the conduct and can justify the conclusion that the conduct lacks significant literary, artistic, political, educational, or scientific value.

(3) In determining whether the live conduct taken as a whole goes substantially beyond customary limits of candor in description or representation of such matter, the fact that the defendant knew that the live conduct depicts persons under the age of 16 years engaged in sexual conduct, as defined in subdivision (c) of Section 311.4, is a factor which can be considered in making that determination.

SEC. 3. Section 312.1 of the Penal Code is amended to read:

312.1. In any prosecution for a violation of the provisions of this chapter or of Chapter 7.6 (commencing with Section 313), neither the prosecution nor the defense shall be required to introduce expert witness testimony concerning the obscene or harmful character of the matter or live conduct which is the subject of any the prosecution. Any evidence which tends to establish contemporary community standards of appeal to prurient interest or of customary limits of candor in the description or representation of nudity, sex or excretion, or which bears upon the question of significant literary, artistic, political, educational, or scientific value shall, subject to the

provisions of the Evidence Code, be admissible when offered by either the prosecution or by the defense.

SEC. 4. Section 313 of the Penal Code is amended to read:

313. As used in this chapter:

(a) "Harmful matter" means matter taken as a whole, the predominant appeal of which to the average person, applying contemporary statewide standards, is to prurient interest, meaning a shameful or morbid interest in nudity, sex, or excretion, and is patently offensive to the prevailing standards in the adult community as a whole with respect to what is suitable material for minors, and lacks significant literary, artistic, political, educational, or scientific value for minors.

(1) When it appears from the nature of the matter or the circumstances of its dissemination, distribution or exhibition that it is designed for clearly defined deviant sexual groups, the predominant appeal of the matter shall be judged with reference to its intended recipient group.

(2) In prosecutions under this chapter, where circumstances of production, presentation, sale, dissemination, distribution, or publicity indicate that matter is being commercially exploited by the defendant for the sake of its prurient appeal, that evidence is probative with respect to the nature of the matter and can justify the conclusion that the matter lacks significant literary, artistic, political, educational, or scientific value for minors.

(b) "Matter" means any book, magazine, newspaper, or other printed or written material or any picture, drawing, photograph, motion picture, or other pictorial representation or any statue or other figure, or any recording, transcription, or mechanical, chemical, or electrical reproduction or any other articles, equipment, machines, or materials.

(c) "Person" means any individual, partnership, firm, association, corporation, or other legal entity.

(d) "Distribute" means to transfer possession of, whether with or without consideration.

(e) "Knowingly" means being aware of the character of the matter.

(f) "Exhibit" means to show.

(g) "Minor" means any natural person under 18 years of age.

SEC. 5. No appropriation is made and no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution or Section 2231 or 2234 of the Revenue and Taxation Code because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 52

An act to amend Section 1538.5 of the Penal Code, relating to criminal procedure.

[Approved by Governor April 14, 1986 Filed with Secretary of State April 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1538.5 of the Penal Code, is amended to read:

1538.5. (a) A defendant may move for the return of property or to suppress as evidence any tangible or intangible thing obtained as a result of a search or seizure on either of the following grounds:

(1) The search or seizure without a warrant was unreasonable.

(2) The search or seizure with a warrant was unreasonable because (i) the warrant is insufficient on its face; (ii) the property or evidence obtained is not that described in the warrant; (iii) there was not probable cause for the issuance of the warrant; (iv) the method of execution of the warrant violated federal or state constitutional standards; (v) there was any other violation of federal or state constitutional standards.

(b) When consistent with the procedures set forth in this section and subject to the provisions of Section 170 through 170.6 of the Code of Civil Procedure, the motion should first be heard by the magistrate who issued the search warrant if there is a warrant.

(c) Whenever a search or seizure motion is made in the municipal, justice or superior court as provided in this section, the judge or magistrate shall receive evidence on any issue of fact necessary to determine the motion.

(d) If a search or seizure motion is granted pursuant to the proceedings authorized by this section, the property or evidence shall not be admissible against the movant at any trial or other hearing unless further proceedings authorized by this section, Section 871.5, Section 1238, or Section 1466 are utilized by the people.

(e) If a search or seizure motion is granted at a trial, the property shall be returned upon order of the court unless it is otherwise subject to lawful detention. If the motion is granted at a special hearing, the property shall be returned upon order of the court only if, after the conclusion of any further proceedings authorized by this section or Section 1238 or Section 1466, the property is not subject to lawful detention or if the time for initiating such proceedings has expired, whichever occurs last. If the motion is granted at a preliminary hearing, the property shall be returned upon order of court after 10 days unless the property is otherwise subject to lawful detention or unless, within that time, further proceedings authorized by this section, Section 871.5, or Section 1238 are utilized; if they are utilized, the property shall be returned only if, after the conclusion

of such proceedings, the property is no longer subject to lawful detention.

(f) If the property or evidence relates to a felony offense initiated by a complaint, the motion shall be made in the superior court only upon filing of an information, except that the defendant may make the motion at the preliminary hearing in the municipal or justice court but the motion in the municipal or justice court shall be restricted to evidence sought to be introduced by the people at the preliminary hearing.

(g) If the property or evidence relates to a misdemeanor complaint, the motion shall be made in the municipal or justice court before trial and heard prior to trial at a special hearing relating to the validity of the search or seizure. If the property or evidence relates to a misdemeanor filed together with a felony, the procedure provided for a felony in this section and Sections 1238 and 1539 shall be applicable.

(h) If, prior to the trial of a felony or misdemeanor, opportunity for this motion did not exist or the defendant was not aware of the grounds for the motion, the defendant shall have the right to make this motion during the course of trial in the municipal, justice or superior court.

(i) If the property or evidence obtained relates to a felony offense initiated by complaint and the defendant was held to answer at the preliminary hearing, or if the property or evidence relates to a felony offense initiated by indictment, the defendant shall have the right to renew or make the motion in the superior court at a special hearing relating to the validity of the search or seizure which shall be heard prior to trial and at least 10 days after notice to the people unless the people are willing to waive a portion of this time. If the offense was initiated by indictment or if the offense was initiated by complaint and no motion was made at the preliminary hearing, the defendant shall have the right to fully litigate the validity of a search or seizure on the basis of the evidence presented at a special hearing. If the motion was made at the preliminary hearing, unless otherwise agreed to by all parties, evidence presented at the special hearing shall be limited to the transcript of the preliminary hearing and to evidence which could not reasonably have been presented at the preliminary hearing, except that the people may recall witnesses who testified at the preliminary hearing. If the people object to the presentation of evidence at the special hearing on the grounds that the evidence could reasonably have been presented at the preliminary hearing, the defendant shall be entitled to an in camera hearing to determine that issue. The superior court shall base its ruling on all evidence presented at the special hearing and on the transcript of the preliminary hearing, and the findings of the magistrate shall be binding on the superior court as to evidence or property not affected by evidence presented at the special hearing. After the special hearing is held in the superior court, any review thereafter desired by the defendant prior to trial shall be by means

of an extraordinary writ of mandate or prohibition filed within 30 days after the denial of his motion at the special hearing.

(j) If the property or evidence relates to a felony offense initiated by complaint and the defendant's motion for the return of the property or suppression of the evidence at the preliminary hearing is granted, and if the defendant is not held to answer at the preliminary hearing, the people may file a new complaint or seek an indictment after the preliminary hearing, and the ruling at the prior hearing shall not be binding in any subsequent proceeding. In the alternative, the people may move to reinstate the complaint, or those parts of the complaint for which the defendant was not held to answer, pursuant to Section 871.5. If the property or evidence relates to a felony offense initiated by complaint and the defendant's motion for the return or suppression of the property or evidence at the preliminary hearing is granted, and if the defendant is held to answer at the preliminary hearing, the ruling at the preliminary hearing shall be binding upon the people unless, upon notice to the defendant and the court in which the preliminary hearing was held and upon the filing of an information, the people within 15 days after the preliminary hearing request in the superior court a special hearing, in which case the validity of the search or seizure shall be relitigated de novo on the basis of the evidence presented at the special hearing, and the defendant shall be entitled, as a matter of right, to a continuance of the special hearing for a period of time up to 30 days. If defendant's motion is granted at a special hearing in the superior court, the people, if they have additional evidence relating to the motion and not presented at the special hearing, shall have the right to show good cause at the trial why such evidence was not presented at the special hearing and why the prior ruling at the special hearing should not be binding, or the people may seek appellate review as provided in subdivision (o), unless the court prior to the time such review is sought has dismissed the case pursuant to Section 1385. If the property or evidence seized relates solely to a misdemeanor complaint, and the defendant made a motion for the return of property or the suppression of evidence in the municipal court or justice court prior to trial, both the people and defendant shall have the right to appeal any decision of that court relating to that motion to the superior court of the county in which such inferior court is located, in accordance with the California Rules of Court provisions governing appeals from municipal and justice courts in criminal cases. If the people prosecute review by appeal or writ to decision, or any review thereof, in a felony or misdemeanor case, it shall be binding upon them.

(k) If the defendant's motion to return property or suppress evidence is granted and the case is dismissed pursuant to Section 1385, or the people appeal in a misdemeanor case pursuant to subdivision (j), the defendant shall be released pursuant to Section 1318 if he is in custody and not returned to custody unless the proceedings are resumed in the trial court and he is lawfully ordered

by the court to be returned to custody.

If the defendant's motion to return property or suppress evidence is granted and the people file a petition for writ of mandate or prohibition pursuant to subdivision (o) or a notice of intention to file such a petition, the defendant shall be released pursuant to Section 1318 unless (1) he is charged with a capital offense in a case where the proof is evident and the presumption great, or (2) he is charged with a noncapital offense defined in Chapter 1 (commencing with Section 187) of Title 8 of Part 1 and the court orders that the defendant be discharged from actual custody upon bail.

(*l*) If the defendant's motion to return property or suppress evidence is granted, the trial of a criminal case shall be stayed to a specified date pending the termination in the appellate courts of this state of the proceedings provided for in this section, Section 871.5, Section 1238, or Section 1466 and, except upon stipulation of the parties, pending the time for the initiation of such proceedings. Upon the termination of such proceedings, the defendant shall be brought to trial as provided by Section 1382, and subject to the provisions of Section 1382, whenever the people have sought and been denied appellate review pursuant to subdivision (o), the defendant shall be entitled to have the action dismissed if he is not brought to trial within 30 days of the date of the order which is the last denial of the petition. Nothing contained in this subdivision shall prohibit a court, at the same time as it rules upon the search and seizure motion, from dismissing a case pursuant to Section 1385 when such dismissal is upon the court's own motion and is based upon an order at the special hearing granting defendant's motion to return property or suppress evidence. In a misdemeanor case, the defendant shall be entitled to a continuance of up to 30 days if he intends to file a motion to return property or suppress evidence and needs this time to prepare for the special hearing on the motion. In case of an appeal by the defendant in a misdemeanor case from the denial of such motion, he shall be entitled to bail as a matter of right, and, in the discretion of the trial or appellate court, may be released on his own recognizance pursuant to Section 1318.4.

(m) The proceedings provided for in this section, Section 871.5, Section 995, Section 1238, and Section 1466 shall constitute the sole and exclusive remedies prior to conviction to test the unreasonableness of a search or seizure where the person making the motion for the return of property or the suppression of evidence is a defendant in a criminal case and the property or thing has been offered or will be offered as evidence against him. A defendant may seek further review of the validity of a search or seizure on appeal from a conviction in a criminal case notwithstanding the fact that such judgment of conviction is predicated upon a plea of guilty. Such review on appeal may be obtained by the defendant providing that at some stage of the proceedings prior to conviction he has moved for the return of property or the suppression of the evidence.

(n) Nothing contained in this section shall prohibit a person from

making a motion, otherwise permitted by law, to return property, brought on the ground that the property obtained is protected by the free speech and press provisions of the Federal and State Constitutions. Nothing in this section shall be construed as altering (i) the law of standing to raise the issue of an unreasonable search or seizure; (ii) the law relating to the status of the person conducting the search or seizure; (iii) the law relating to the burden of proof regarding the search or seizure; (iv) the law relating to the reasonableness of a search or seizure regardless of any warrant which may have been utilized; or (v) the procedure and law relating to a motion made pursuant to Section 871.5 or 995 or the procedures which may be initiated after the granting or denial of such a motion.

(o) Within 30 days after a defendant's motion is granted at a special hearing in the superior court, the people may file a petition for writ of mandate or prohibition, seeking appellate review of the ruling regarding the search or seizure motion. If the trial of a criminal case is set for a date which is less than 30 days from the granting of a defendant's motion at a special hearing in the superior court, the people, if they have not filed such a petition and wish to preserve their right to file such a petition, shall file in the superior court on or before the trial date or within 10 days after the special hearing, whichever occurs last, a notice of intention to file such a petition and shall serve a copy of the notice upon the defendant.

SEC. 2. The Legislature hereby declares that the amendment to Section 1538.5 of the Penal Code made in Section 1 of this act does not create any new grounds for the exclusion of evidence that did not exist prior to the effective date of this act. It is the intent of the Legislature that the changes made in that section are procedural only.

CHAPTER 53

An act to amend Section 51228 of the Education Code, relating to schools.

[Approved by Governor April 15, 1986. Filed with Secretary of State April 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 51228 of the Education Code is amended to read:

51228. (a) Each school district maintaining any of grades 7 to 12, inclusive, shall offer to all otherwise qualified pupils in those grades a course of study fulfilling the requirements and prerequisites for admission to the California public universities.

(b) Each school district maintaining any of grades 7 to 12, inclusive, shall offer to all otherwise qualified pupils in those grades

a course of study which provides an opportunity for those pupils to attain entry-level employment skills in business or industry upon graduation from high school.

(c) Any school district which adopts a required curriculum that meets or exceeds the model standards developed by the State Board of Education pursuant to Section 51226 shall be deemed to have fulfilled its responsibilities pursuant to this section.

(d) Any school district which adopts a required curriculum pursuant to subdivision (c) that meets or exceeds the model standards developed by the State Board of Education pursuant to Section 51226, or which adopts alternative means for pupils to complete the prescribed course of study pursuant to subdivision (b) of Section 51225.3, may substitute pupil demonstration of competence in the prescribed subjects through a practical demonstration of these skills in a regional occupational center or program, work experience, interdisciplinary study, independent study, credit earned at a postsecondary institution, or other outside school experience, as prescribed by Section 51225.

CHAPTER 54

An act to amend Sections 17063, 17276.5, 17507, and 24417 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor April 15, 1986. Filed with Secretary of State April 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17063 of the Revenue and Taxation Code is amended to read:

17063. For purposes of this chapter, the items of tax preference are:

(a) An amount equal to the excess itemized deductions for the taxable year (as determined under Section 17063.2).

(b) With respect to each "Section 1250 property" (as defined in Section 1250(c) of the Internal Revenue Code), the amount by which the deduction allowable for the taxable year for exhaustion, wear or tear, obsolescence, or amortization exceeds the depreciation deduction which would have been allowable for the taxable year, had the taxpayer depreciated the property under the straight line method for each taxable year of its useful life (determined without regard to Section 167(k) of the Internal Revenue Code) for which the taxpayer has held the property.

(c) With respect to each item of Section 1245 property (as defined in Section 1245(a) (3) of the Internal Revenue Code) which is subject to a lease, the amount by which—

(1) The deduction allowable for the taxable year for depreciation or amortization, exceeds

(2) The deduction which would have been allowable for the taxable year had the taxpayer depreciated the property under the straight line method for each taxable year of its useful life for which the taxpayer has held the property.

(d) With respect to each property (as defined in Sections 17681 to 17690, inclusive), the excess of the deduction for depletion allowable under Section 17681 for the taxable year over the adjusted basis of the property at the end of the taxable year (determined without regard to the depletion deduction for the taxable year).

(e) The amount of the tax preference income with respect to capital gains shall be an amount (but not below zero) equal to the difference between (1) the taxpayer's total net capital gains and losses (determined without regard to any capital loss carryover) for the taxable year, and (2) the taxpayer's net capital gains and losses recognized by virtue of Section 18162.5 for the same taxable year.

(f) The amount of net farm loss in excess of fifty thousand dollars ($50,000) which is deducted from nonfarm income. In the case of a husband or wife who files a separate return, the amount specified in the preceding sentence shall be twenty-five thousand dollars ($25,000). This subdivision shall not apply if two-thirds or more of the taxpayer's gross income from all sources for three taxable years out of the immediately preceding five years is from farming. Nor shall this subdivision apply if the net farm loss is the result of aquaculture activities. For purposes of this subdivision, "aquaculture" means a form of agriculture as defined in Section 17 of the Fish and Game Code.

(g) The excess of the intangible drilling and development costs described in Section 263(c) of the Internal Revenue Code paid or incurred in connection with oil, gas, and geothermal wells (other than costs incurred in drilling a nonproductive well) allowable under this part for the taxable year over the amount which would have been allowable for the taxable year if such costs had been capitalized and straight line recovery of intangibles (as defined in Section 17063.3) had been used with respect to such costs. This subdivision shall be applied separately with respect to:

(1) All oil and gas properties which are not described in paragraph (2), and

(2) All properties which are geothermal deposits (as defined in Section 613(e)(3) of the Internal Revenue Code of 1954).

(h) With respect to each mine or other natural deposit (other than an oil or gas well) of the taxpayer, an amount equal to the excess of—

(1) The amount allowable as a deduction under Section 17689.5 or 17690(a), over

(2) The amount which would have been allowable if the expenditures had been capitalized and amortized ratably over the 10-year period beginning with the taxable year in which those

expenditures were made.

(i) An amount equal to the excess of—

(1) The amount allowable as a deduction under Section 173 or 174(a) of the Internal Revenue Code, relating to circulation expenses and research and experimental expenditures, for the taxable year, over

(2) The amount which would have been allowable for the taxable year with respect to expenditures paid or incurred during that taxable year if—

(A) The circulation expenditures described in Section 173 of the Internal Revenue Code had been capitalized and amortized ratably over the three-year period beginning with the taxable year in which those expenditures were made, or

(B) The research and experimental expenditures described in Section 174 of the Internal Revenue Code had been capitalized and amortized ratably over the 10-year period beginning with the taxable year in which those expenditures were made.

SEC. 1.5. Section 17063 of the Revenue and Taxation Code is amended to read:

17063. For purposes of this chapter, the items of tax preference are:

(a) An amount equal to the excess itemized deductions for the taxable year (as determined under Section 17063.2).

(b) With respect to each "Section 1250 property" (as defined in Section 1250(c) of the Internal Revenue Code), the amount by which the deduction allowable for the taxable year for exhaustion, wear or tear, obsolescence, or amortization exceeds the depreciation deduction which would have been allowable for the taxable year, had the taxpayer depreciated the property under the straight line method for each taxable year of its useful life (determined without regard to Section 167(k) of the Internal Revenue Code) for which the taxpayer has held the property.

(c) With respect to each item of Section 1245 property (as defined in Section 1245(a)(3) of the Internal Revenue Code) which is subject to a lease, the amount by which—

(1) The deduction allowable for the taxable year for depreciation or amortization, exceeds

(2) The deduction which would have been allowable for the taxable year had the taxpayer depreciated the property under the straight line method for each taxable year of its useful life for which the taxpayer has held the property.

(d) With respect to each property (as defined in Sections 17681 to 17690, inclusive), the excess of the deduction for depletion allowable under Section 17681 for the taxable year over the adjusted basis of the property at the end of the taxable year (determined without regard to the depletion deduction for the taxable year).

(e) The amount of the tax preference income with respect to capital gains shall be an amount (but not below zero) equal to the difference between (1) the taxpayer's total net capital gains and

losses (determined without regard to any capital loss carryover) for the taxable year, and (2) the taxpayer's net capital gains and losses recognized by virtue of Section 18162.5 for the same taxable year.

(f) The amount of net farm loss in excess of fifty thousand dollars ($50,000) which is deducted from nonfarm income. In the case of a husband or wife who files a separate return, the amount specified in the preceding sentence shall be twenty-five thousand dollars ($25,000). This subdivision shall not apply if two-thirds or more of the taxpayer's gross income from all sources for three taxable years out of the immediately preceding five years is from farming. Nor shall this subdivision apply if the net farm loss is the result of aquaculture activities. For purposes of this subdivision, "aquaculture" means a form of agriculture as defined in Section 17 of the Fish and Game Code.

(g) The excess of the intangible drilling and development costs described in Section 263(c) of the Internal Revenue Code paid or incurred in connection with oil, gas, and geothermal wells (other than costs incurred in drilling a nonproductive well) allowable under this part for the taxable year over the amount which would have been allowable for the taxable year if such costs had been capitalized and straight line recovery of intangibles (as defined in Section 17063.3) had been used with respect to such costs. This subdivision shall be applied separately with respect to:

(1) All oil and gas properties which are not described in paragraph (2), and

(2) All properties which are geothermal deposits (as defined in Section 613(e) (3) of the Internal Revenue Code of 1954).

(h) With respect to each mine or other natural deposit (other than an oil or gas well) of the taxpayer, an amount equal to the excess of—

(1) The amount allowable as a deduction under Section 17689.5 or 17690(a), over

(2) The amount which would have been allowable if the expenditures had been capitalized and amortized ratably over the 10-year period beginning with the taxable year in which those expenditures were made.

(i) An amount equal to the excess of—

(1) The amount allowable as a deduction under Section 173 or 174(a) of the Internal Revenue Code, relating to circulation expenses and research and experimental expenditures, for the taxable year, over

(2) The amount which would have been allowable for the taxable year with respect to expenditures paid or incurred during that taxable year if—

(A) The circulation expenditures described in Section 173 of the Internal Revenue Code had been capitalized and amortized ratably over the three-year period beginning with the taxable year in which those expenditures were made, or

(B) The research and experimental expenditures described in

Section 174 of the Internal Revenue Code had been capitalized and amortized ratably over the 10-year period beginning with the taxable year in which those expenditures were made.

(j) The amount allowable as a deduction for interest paid or accrued for the taxable year on nonmortgage indebtedness. For purposes of this subdivision, "nonmortgage indebtedness" means all forms of indebtedness except indebtedness secured by a mortgage or deed of trust on real property and indebtedness related to a trade or business.

SEC. 2. Section 17276.5 of the Revenue and Taxation Code is amended to read:

17276.5. The term "qualified taxpayer" as used in Section 17276 means any one of the following:

(a) A taxpayer engaged in a new small business.

(1) A net operating loss of a new small business shall not be a net operating loss carryback to any taxable year and shall be a net operating loss carryover to each of the 15 taxable years following the taxable year of the loss.

(A) A net operating loss may be carried over only by the individual or legal entity incurring the net operating loss.

(B) A net operating loss deduction by a taxpayer shall be allowed only for losses occurring within the first 24 months of active operation of the small business.

(C) The total amount of net operating loss a new small business may carry over pursuant to Section 17276 beginning on or after January 1, 1984, and thereafter, shall not exceed an aggregate of one hundred thousand dollars ($100,000) for all taxable years.

(2) For purposes of this subdivision, the definition of "small business" established by the Department of General Services shall apply, with the following modifications:

(A) A taxpayer shall qualify as a "small business" if the gross receipts for the initial year of operation do not exceed one-third of the maximum receipts specified in Section 1896 of Subchapter 8 of Title 2 of the California Administrative Code for the applicable industry group. If the maximum receipts specified are modified at any time during the taxable year, the amount stated at the end of the taxable year shall apply.

(B) Where the initial calendar year of operation is less than 12 months, gross receipts for that year shall be annualized for purposes of applying subparagraph (A).

(C) The taxpayer shall bear the burden of furnishing all information in support of a claim that it qualifies as a new "small business" as defined in this subdivision.

The term "new small business" does not include any business or corporation which, for tax purposes only, liquidates its assets, in whole or in part, in anticipation of an operating loss and then subsequently reorganizes that portion of the business or corporation under a new name.

(3) No net operating loss deduction shall be allowed for any loss

which occurs prior to January 1, 1984, or for any loss which occurs in any taxable year beginning prior to January 1, 1984.

(4) For purposes of this subdivision, "net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributable to a new small business.

(b) A taxpayer engaged in the conduct of a qualified business within a program area (as defined in Section 7082 of the Government Code).

(1) A net operating loss shall not be a net operating loss carryback to any taxable year and a net operating loss for any taxable year beginning on or after the date that the taxpayer becomes a qualified business shall be a net operating loss carryover to each of the 15 taxable years following the taxable year of loss.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributable to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code). That attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any taxable year beginning prior to January 1, 1984.

(c) A taxpayer who is engaged in the conduct of a trade or business within an enterprise zone designated pursuant to Section 7073 of the Government Code on or after that designation.

(1) A net operating loss shall not be a net operating loss carryback to any taxable year and a net operating loss for any taxable year beginning on or after the date that the area in which the taxpayer conducts a trade or business is designated an enterprise zone shall be a net operating loss carryover to each following taxable year that ends before the expiration or revocation of the designation of the enterprise zone under Section 7073 of the Government Code or to each of 15 taxable years following the taxable year of loss, if longer.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributable to the business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code). The attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(B) A net operating loss carryover shall be a deduction only with

respect to income attributed to the business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any taxable year beginning prior to January 1, 1984.

(d) A taxpayer engaged in the business of farming in this state.

(1) A net operating loss shall not be a net operating loss carryback to any taxable year and shall be a net operating loss carryover to each of the 15 taxable years following the taxable year of the loss.

(A) A net operating loss may be carried over only by the individual or legal entity incurring the net operating loss, except as provided by Section 642(h) of the Internal Revenue Code.

(B) For any net operating loss incurred in any taxable year beginning on or after January 1, 1985, the total amount of net operating loss that a taxpayer may carryover pursuant to Section 17276 to any taxable year beginning on or after January 1, 1986, shall not exceed an aggregate of fifty thousand dollars ($50,000) for any one taxable year. The net operating loss deduction claimed by any taxpayer pursuant to Section 17276 for any taxable year beginning after December 31, 1985, and incurred in any taxable year beginning after December 31, 1984, through any taxable year ending on or before December 31, 1992, shall not exceed an aggregate of two hundred fifty thousand dollars ($250,000).

(2) For purposes of this subdivision:

(A) (i) Except as provided in clause (ii), "net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributed to the business of farming.

(ii) For purposes of clause (i), the amount of the nonbusiness deductions and the zero bracket amount deduction determined under Section 172(d)(4) and Section 172(d)(7) of the Internal Revenue Code, respectively, shall not be allowed in determining the amount of a net operating loss.

(B) A net operating loss carryover shall be a deduction only against income attributed to the business of farming.

(C) The term "business of farming" means that at least two-thirds of the taxpayer's gross income from all sources for three out of the immediately preceding five taxable years is from farming. The term "business of farming" shall have the same meaning as the term "carrying on of the trade or business of farming" as that term is used in Section 17064.7.

(D) The term "in this state" means that the sum of the taxpayer's payroll and property factors in this state divided by two is at least two-thirds. For the purposes of this subdivision, "property factor" is the same as that defined in Section 25129. For the purposes of this subdivision, "payroll factor" is the same as that defined in Section 25132. For the purposes of this subdivision, the property factor shall

not include the lease or fee payments for grazing rights for periods of six months or less in an annual period.

(3) Where 50 percent or more of the stock of a corporation engaged in the business of farming is owned by a taxpayer (including the taxpayer's spouse or minor child) engaged in the business of farming, the aggregate net farm operating loss deductions of the taxpayer (including the taxpayer's spouse or minor child) and the corporation cannot exceed the amounts specified in subparagraph (B) of paragraph (1).

(4) This subdivision shall not apply to any taxpayer engaged in the business of farming which, principally for the purpose of avoiding tax, liquidates assets, in whole or in part and then subsequently reorganizes that portion of the business under a new name.

(5) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1985, or for any loss which occurs in any taxable year beginning prior to January 1, 1985. No net operating loss deduction shall be allowed for any loss which occurs in any taxable year ending after December 31, 1992.

(e) A taxpayer who qualifies as a "qualified taxpayer" shall, for the taxable year of the net operating loss and any taxable year to which that net operating loss may be carried, designate on the return filed for each year the subdivision of this section which applies to that taxpayer with respect to that net operating loss. If the taxpayer is eligible to qualify under more than one subdivision of this section, the designation is to be made after taking into account the election required by subdivision (f) and shall be consistent with that election.

(f) If a taxpayer is eligible to qualify under more than one subdivision of this section as a "qualified taxpayer," with respect to a net operating loss in a taxable year, the taxpayer shall elect which subdivision of this section is to apply to the taxpayer. The election is to be made in a statement attached to the original return, timely filed, for the year the net operating loss is incurred and shall be irrevocable.

SEC. 3. Section 17507 of the Revenue and Taxation Code is amended to read:

17507. The provisions of Section 408 of the Internal Revenue Code, relating to individual retirement accounts, shall be modified as follows:

(a) The following provisions shall be incorporated into Section 408(e) of the Internal Revenue Code:

(1) In the case of such a plan in existence in taxable year 1975 where contributions were made pursuant to, and in conformance with, Section 408 or 409 of the Internal Revenue Code of 1954, as amended by the Employee Retirement Income Security Act of 1974 (P.L. 93-406), any net income attributable to the 1975 contribution shall not be includable in the gross income, for taxable year 1977 or succeeding taxable years, of the individual for whose benefit the plan was established until distributed pursuant to the provisions of the plan or by operation of law.

(2) In the case of a simplified employee pension, where contributions are also made pursuant to, and in conformance with, the provisions of Section 408(k) of the Internal Revenue Code of 1954, the net income attributable to the nondeductible portion of such contributions shall not be includable in the gross income of the individual for whose benefit the plan was established for the taxable year or for succeeding taxable years until distributed pursuant to the provisions of the plan or by operation of law.

(3) Notwithstanding the limitations provided in Section 17272 with respect to the amount of deductible contributions and individuals eligible for the deduction, any income attributable to contributions made to a plan in existence in taxable years beginning on or after January 1, 1982, in conformance with Sections 219, 220, 408, and 409 of the Internal Revenue Code of 1954, as amended by Public Law 97-34, shall not be includable in the gross income of the individual for whose benefit the plan was established until distributed pursuant to the provisions of the plan or by operation of law. The Franchise Tax Board shall prescribe regulations with respect to the determination of the amount of the income included in the amount distributed or deemed distributed by operation of law which is includable in the individual's gross income in the taxable year in which the distribution is received or deemed distributed by operation of law.

(b) The additional tax imposed by Section 408(f) of the Internal Revenue Code shall be an amount equal to 2½ percent of the amount required to be included in gross income.

(c) The provisions of Section 408(d) of the Internal Revenue Code are modified as follows:

(1) For taxable years beginning on or after January 1, 1983, Section 408(d)(1) of the Internal Revenue Code shall be modified to provide that the basis of any person in such an account or annuity is the amount of contributions not allowed as a deduction under subdivision (a), (e), or (g) of Section 17272 on account of the purchase of the account or annuity.

(2) Any amount paid or distributed out of an individual retirement account or under an individual retirement annuity shall first be attributable to basis as defined in paragraph (1) and shall not be included in gross income until the amount excluded under this paragraph is equal to the amount of the basis.

(d) A copy of the report, which is required to be filed with the Secretary of the Treasury under Section 408(i) or 408(*l*) of the Internal Revenue Code, shall be filed with the Franchise Tax Board at the same time and in the same manner as specified in those sections.

SEC. 4. Section 24417 of the Revenue and Taxation Code is amended to read:

24417. The term "qualified taxpayer" as used in Section 24416 means any one of the following:

(a) A taxpayer engaged in a new small business.

(1) A net operating loss of a new small business shall not be a net operating loss carryback to any income year and shall be a net operating loss carryover to each of the 15 income years following the income year of the loss.

(A) A net operating loss may be carried over only by the corporation incurring the net operating loss.

(B) A net operating loss deduction by a taxpayer shall be allowed only for losses occurring within the first 24 months of active operation of the small business.

(C) The total amount of net operating loss a new small business may carry over pursuant to Section 24416 beginning on or after January 1, 1984, and thereafter, shall not exceed an aggregate of one hundred thousand dollars ($100,000) for all income years.

(2) For purposes of this subdivision, the definition of "small business" established by the Department of General Services shall apply, with the following modifications:

(A) A taxpayer shall qualify as a "small business" if the gross receipts for the initial year of operation do not exceed one-third of the maximum receipts specified in Section 1896 of subchapter 8 of Title 2 of the California Administrative Code for the applicable industry group. If the maximum receipts specified are modified at any time during the income year, the amount stated at the end of the income year shall apply.

(B) Where the initial calendar year of operation is less than 12 months, gross receipts for that year shall be annualized for purposes of applying subparagraph (A).

(C) The taxpayer shall bear the burden of furnishing all information in support of a claim that it qualifies as a new "small business" as defined in this subdivision.

(3) The term "new small business" does not include any of the following:

(A) A corporation which, for tax purposes only, liquidates its assets in whole or in part, in anticipation of an operating loss and then subsequently reorganizes that portion of the corporation under a new name.

(B) A corporation which is part of a controlled group, as defined by Section 1563 of the Internal Revenue Code. However, for purposes of this subparagraph, where the term "80 percent" is used in Section 1563 of the Internal Revenue Code, the term "50 percent" shall be substituted in lieu of "80 percent."

(C) A corporation which is controlled by another corporation, and whose affiliation with the controlling corporation does not constitute a small business. For purposes of this subparagraph, "controlled" means the ownership of stock possessing more than 50 percent of the total combined voting power of all classes of stock entitled to vote.

(4) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any income year beginning prior to January 1, 1984.

(5) For purposes of this subdivision, "net operating loss" means

the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributable to a new small business.

(b) A taxpayer engaged in the conduct of a qualified business within a program area (as defined in Section 7082 of the Government Code).

(1) (A) A net operating loss shall not be a net operating loss carryback for any income year and, except as provided in subparagraph (B), a net operating loss for any income year beginning on or after the date that the taxpayer becomes a qualified business shall be a net operating loss carryover to each of the 15 income years following the income year of loss.

(B) In the case of a financial institution to which Section 585, 586, or 593 of the Internal Revenue Code applies, a net operating loss for any income year beginning on or after January 1, 1984, shall be a net operating loss carryover to each of the three income years following the income year of the loss. Subdivision (e) of Section 24416 and Section 172(b)(1)(F) and (G) of the Internal Revenue Code shall not apply.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributable to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code). That attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(3) In determining the amount of the net operating loss deduction of any taxpayer under this subdivision, there shall be disregarded the net operating loss of that taxpayer for any income year for which the taxpayer is an electing small business corporation under Subchapter S of the Internal Revenue Code.

(4) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any income year beginning prior to January 1, 1984.

(c) A taxpayer who is engaged in the conduct of a trade or business within an enterprise zone designated pursuant to Section 7073 of the Government Code on or after that designation.

(1) (A) A net operating loss shall not be a net operating loss carryback to any income year and, except as provided in subparagraph (B), a net operating loss for any income year beginning on or after the date that the area in which the taxpayer conducts a trade or business is designated an enterprise zone shall be a net operating loss carryover to each following income year that ends before the expiration or revocation of the designation of the

enterprise zone under Section 7073 of the Government Code or to each of 15 income years following the income year of loss, if longer.

(B) In the case of a financial institution to which Section 585, 586, or 593 of the Internal Revenue Code applies, a net operating loss for any income year beginning on or after January 1, 1984, shall be a net operating loss carryover to each of the five income years following the income year of the loss. Subdivision (e) of Section 24416 and Section 172(B)(1)(F) and (G) of the Internal Revenue Code shall not apply.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributable to the business activities of the taxpayer within the enterprize zone (as defined in Section 7073 of the Government Code). The attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(3) In determining the amount of the net operating loss deduction of any taxpayer under this subdivision, there shall be disregarded the net operating loss of that taxpayer for any income year for which the taxpayer is an electing small business corporation under Subchapter S of the Internal Revenue Code.

(4) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any income year beginning prior to January 1, 1984.

(d) A taxpayer engaged in the business of farming in this state.

(1) A net operating loss shall not be a net operating loss carryback to any income year and shall be a net operating loss carryover to each of the 15 income years following the income year of the loss.

(A) A net operating loss may be carried over only by the corporation incurring the net operating loss.

(B) For any net operating loss incurred in any income year beginning on or after January 1, 1985, the total amount of net operating loss that a taxpayer may carryover pursuant to Section 24416 to any income year beginning on or after January 1, 1986, shall not exceed an aggregate of fifty thousand dollars ($50,000) for any one income year. The net operating loss deduction claimed by any taxpayer pursuant to Section 24416 for any income year beginning after December 31, 1985, and incurred in any income year beginning after December 31, 1984, through any income year ending on or before December 31, 1992, shall not exceed an aggregate of two hundred fifty thousand dollars ($250,000).

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under

Section 172 of the Internal Revenue Code, as modified by Section 24416, attributed to the business of farming.

(B) A net operating loss carryover shall be a deduction only against income attributed to the business of farming.

(C) The term "business of farming" means that at least two-thirds of the taxpayer's gross income from all sources for three out of the immediately preceding five years is from farming. The term "business of farming" shall have the same meaning as the term "carrying on of the trade or business of farming" as that term is used in Section 17064.7.

(D) The term "in this state" means that the sum of the taxpayer's property and payroll factors (computed pursuant to Chapter 17 (commencing with Section 25101)), divided by two is at least two-thirds.

(3) Where 50 percent or more of the stock of a corporation engaged in the business of farming is owned by a taxpayer (including the taxpayer's spouse or minor child) engaged in the business of farming, the aggregate net farm operating loss deductions of the taxpayer (including the taxpayer's spouse or minor child) and the corporation cannot exceed the amounts specified in subparagraph (B) of paragraph (1).

(4) This subdivision shall not apply to any taxpayer engaged in the business of farming which, principally for the purpose of avoiding tax, liquidates assets, in whole or in part, and then subsequently reorganizes that portion of the business under a new name.

(5) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1985, or for any loss which occurs in any income year beginning prior to January 1, 1985. No net operating loss deduction shall be allowed for any loss which occurs in any income year ending after December 31, 1992.

(6) This subdivision shall not apply with respect to any corporation which has more than 10 shareholders.

(e) A taxpayer who qualifies as a "qualified taxpayer" shall, for the income year of the net operating loss and any income year to which that net operating loss may be carried, designate on the return filed for each year the subdivision of this section which applies to that taxpayer with respect to that net operating loss. If the taxpayer is eligible to qualify under more than one subdivision of this section, the designation is to be made after taking into account the election required by subdivision (f) and shall be consistent with that election.

(f) If a taxpayer is eligible to qualify under more than one subdivision of this section as a "qualified taxpayer," with respect to a net operating loss in an income year, the taxpayer shall elect which subdivision of this section is to apply to the taxpayer. The election is to be made in a statement attached to the original return, timely filed, for the year the net operating loss is incurred and shall be irrevocable.

SEC. 5. On or before December 31, 1991, the Franchise Tax Board shall report to the Legislature on the number of taxpayers

making use of the net operating loss carryover provisions of subdivision (d) of Sections 17276.5 and 24417 of the Revenue and Taxation Code, and the aggregate amount of loss which has been carried over pursuant to those subdivisions for each taxable and income year beginning after December 31, 1984, and ending on or before December 31, 1990.

SEC. 6. The amendments to Section 17507 of the Revenue and Taxation Code made by this act shall apply in the computation of taxes for taxable years commencing on or after January 1, 1985.

SEC. 7. Section 1.5 of this bill incorporates amendments to Section 17063 of the Revenue and Taxation Code proposed by both this bill and AB 742. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1987, (2) each bill amends Section 17063 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 742, in which case Section 17063 of the Revenue and Taxation Code, as amended by AB 742, shall remain operative only until the operative date of this bill, at which time Section 1.5 of this bill shall become operative, and Section 1 of this bill shall not become operative.

SEC. 8. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 55

An act to amend Sections 8880.5, 8880.13, 8880.18, 8880.19, 8880.29, 8880.32, 8880.34, 8880.35, 8880.38, 8880.43, 8880.46, 8880.48, 8880.50, 8880.52, 8880.54, 8880.56, 8880.59, 8880.60, 8880.61, 8880.65, and 8880.70 of, and to repeal and add Section 8880.57 of, the Government Code, and to amend Sections 470 and 475 of, and to add Section 11105.01 to, the Penal Code, relating to the California State Lottery Act of 1984, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 15, 1986 Filed with Secretary of State April 16, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the provisions of this act further the purpose of the California State Lottery Act of 1984.

(b) The Legislature further finds and declares that this act is intended to clarify inconsistencies in the original California State Lottery Act of 1984 and is intended to foster and promote full competition in contracting. It is the Legislature's intent that full competition in contracting will ensure that more of the funds generated by the Lottery Act will go directly to education and further the purpose of the act which is to provide additional moneys to benefit education.

(c) The Legislature further declares that it is the intent of this act to encourage the Lottery Commission to provide every opportunity for small businesses, economically disadvantaged businesses, and California businesses to participate in the Lottery contracting process.

SEC. 2. Section 8880.5 of the Government Code is amended to read:

8880.5. Allocations for Education

The California State Lottery Education Fund is created within the State Treasury, and is continuously appropriated for carrying out the purposes of this chapter. The Controller shall draw warrants on this fund and distribute them quarterly in the following manner, provided that the payments specified in subdivisions (a) to (f), inclusive, shall be equal per capita amounts:

(a) Payments shall be made directly to public school districts, including county superintendents of schools, serving grades kindergarten through 12, or any part thereof, on the basis of an equal amount for each unit of average daily attendance, as defined by law.

(b) Payments shall also be made directly to public school districts serving community colleges, on the basis of an equal amount for each unit of average daily attendance, as defined by law.

(c) Payments shall also be made directly to the Board of Trustees of the California State University on the basis of an amount for each unit of equivalent full-time enrollment. Funds received by the trustees shall be deposited in and expended from the California State University Lottery Education Fund which is hereby created.

(d) Payments shall also be made directly to the Regents of the University of California on the basis of an amount for each unit of equivalent full-time enrollment.

(e) Payments shall also be made directly to the Board of Directors of the Hastings College of the Law on the basis of an amount for each unit of equivalent full-time enrollment.

(f) Payments shall also be made directly to the California Maritime Academy Board of Governors on the basis of an amount for each unit of equivalent full-time enrollment.

(g) No Budget Act or other statutory provision shall direct that payments for public education made pursuant to this chapter be used for purposes and programs (including workload adjustments and maintenance of the level of service) authorized by Chapters 498, 565, and 1302 of the Statutes of 1983, Chapter 97 or 258 of the Statutes of 1984, or Chapter 1 of the Statutes of 1984, Second Extraordinary Session.

(h) School districts and other agencies receiving funds distributed pursuant to this chapter may at their option utilize funds allocated by this chapter to provide additional funds for those purposes and programs prescribed by subdivision (g) for the purpose of enrichment or expansion.

(i) As a condition of receiving any moneys pursuant to subdivision (a) or (b), each district and county superintendent of schools shall

establish a separate account for the receipt and expenditure of those moneys, which account shall be clearly identified as a lottery education account.

It is the intent of this chapter that all funds allocated from the California State Lottery Education Fund shall be used exclusively for the education of pupils and students and no funds shall be spent for acquisition of real property, construction of facilities, financing of research, or any other noninstructional purpose.

SEC. 3. Section 8880.13 of the Government Code is amended to read:

8880.13. "Lottery Game Retailer"

"Lottery Game Retailer" means a person or organization with whom the Lottery Commission may contract for the purpose of selling tickets or shares in Lottery Games to the public.

SEC. 4. Section 8880.18 of the Government Code is amended to read:

8880.18. Compensation and Expenses

Commissioners shall be compensated at the rate of one hundred dollars ($100) for each day they are engaged in Commission business. Commission members shall be reimbursed for actual expenses incurred on Commission business, including necessary travel expenses as determined by the Department of Personnel Administration.

SEC. 5. Section 8880.19 of the Government Code is amended to read:

8880.19. Annual Selection of Chairperson

The Commission shall select annually from its membership a chairperson. The chairperson shall have the power to convene special meetings of the Commission upon 48 hours' written notice to members of the Commission.

SEC. 6. Section 8880.29 of the Government Code is amended to read:

8880.29. Number and Value of Prizes

(a) The Commission shall promulgate rules and regulations which specify the number and value of prizes for winning tickets or shares in each Lottery Game including, without limitation, cash prizes, merchandise prizes, prizes consisting of deferred payments or annuities, and prizes of tickets or shares in the same Lottery Game or other games conducted by the Lottery, provided:

(1) In Lottery Games utilizing tickets, the overall estimated odds of winning some prize or some cash prize as appropriate for the Lottery Game shall be printed on each ticket.

(2) A detailed tabulation of the estimated number of prizes of each particular prize denomination that are expected to be awarded in each Lottery Game, or the estimated odds of winning the prizes, shall be available at each location at which tickets or shares in such Lottery Games are offered for sale to the public.

(b) Annuity contracts which are purchased for prizes shall be exempt from the requirements of Section 8880.57.

SEC. 7. Section 8880.32 of the Government Code is amended to read:

8880.32. Validation and Payment of Prizes

The Commission shall promulgate rules and regulations to establish a system of verifying the validity of prizes and to effect payment of such prizes, provided:

(a) For convenience of the public, Lottery Game Retailers may be authorized by the Commission to pay winners of up to six hundred dollars ($600) after performing validation procedures on their premises appropriate to the Lottery Game involved.

(b) No prize may be paid arising from tickets or shares that are stolen, counterfeit, altered, fraudulent, unissued, produced or issued in error, unreadable, not received or not recorded by the Lottery by applicable deadlines, lacking in captions that confirm and agree with the lottery play symbols required by the Lottery Game involved, purchased by a minor, or not in compliance with such additional specific rules and regulations and confidential validation and security tests appropriate to the particular Lottery Game.

(c) No particular prize in any Lottery Game may be paid more than once, and in the event the Commission reaches a binding determination that more than one claimant is entitled to a particular prize, the sole remedy of the claimants is the award to each of them of an equal share in the prize and the Commission shall direct the Controller to disburse the award to the claimants in equal shares.

(d) The Commission may specify that winners of less than twenty-five dollars ($25) claim the prizes from either the same Lottery Game Retailer from whom it was purchased or from the Lottery itself.

(e) Players shall have the right to claim prize money for 180 days after the drawing or the end of the Lottery Game or play in which the prize was won. The Commission may define shorter time periods for eligibility for participation in, and entry into, drawings involving entries or finalists. If a valid claim is not made for a prize directly payable by the Lottery Commission within the period applicable for that prize, the unclaimed prize money shall revert to the benefit of the public purpose described in this chapter.

(f) After the expiration of the claim period for prizes for each Lottery Game, the Commission shall make available a detailed tabulation of the total number of tickets or shares actually sold in a Lottery Game and the total number of prizes of each prize denomination that were actually claimed and paid directly by the Lottery Commission.

(g) The right of any person to a prize shall not be assignable, except that payment of any prize may be paid to the estate of a deceased prize winner or to a person designated pursuant to an appropriate judicial order. In the event that there is no probate, the prize shall be distributed in accordance with Section 21211. The Director, the Commission, and the state shall be discharged of all further liability upon the payment of a prize pursuant to this

subdivision.

(h) A ticket or share shall not be purchased by, and a prize shall not be paid to, a member of the Commission or to any officer or employee of the Commission or to any spouse, child, brother, sister, or parent of that person. Any person who knowingly sells or purchases a ticket or share in violation of this section, or who knowingly claims or attempts to claim a prize with a ticket or share that was purchased or sold in violation of this section, is guilty of a misdemeanor.

(i) No prize shall be paid to any person under the age of 18 years. Any person who knowingly claims or attempts to claim a prize with a ticket or share purchased by a person under the age of 18 years is guilty of a misdemeanor.

SEC. 8. Section 8880.34 of the Government Code is amended to read:

8880.34. Salary

The Director shall be compensated at the rate determined by the Department of Personnel Administration. The Director shall devote his or her entire time and attention to the duties of his or her office and shall not be engaged in any other profession or occupation.

SEC. 9. Section 8880.35 of the Government Code is amended to read:

8880.35. Duties, Powers, and Jurisdiction

The Director shall, subject to the approval of the Commission, perform all duties, exercise all powers and jurisdiction, assume and discharge all responsibilities, and carry out and effect all purposes of this chapter. The Director shall act as Secretary of the Commission and Executive Officer of the Lottery. The Director shall supervise and administer the operation of the Lottery in accordance with this chapter and the rules and regulations promulgated by the Commission. In addition, the Director shall have access to criminal history information pursuant to Sections 11105 and 11105.01 of the Penal Code. In all decisions, the Director shall take into account the particularly sensitive nature of the California State Lottery and shall act to promote and ensure integrity, security, honesty, and fairness of the operation and administration of the Lottery.

SEC. 10. Section 8880.38 of the Government Code is amended to read:

8880.38. Deputy Director for Security

One of the deputy directors shall be responsible for a security division to assure integrity, honesty, and fairness in the operation and administration of the California State Lottery, including, but not limited to, an examination of the qualifications of all prospective employees, Lottery Game Retailers, and Lottery suppliers as defined in Section 8880.57. The Deputy Director for Security shall be qualified by training and experience, including at least five years of law enforcement experience, and shall have knowledge and experience in computer security, to fulfill these responsibilities. The Deputy Director for Security shall confer with the Attorney General

or his or her designee and the Controller or his or her designee as the Deputy Director for Security deems necessary and advisable to promote and ensure integrity, security, honesty, and fairness of the operation and administration of the Lottery. The Deputy Director for Security shall report any alleged violation of any law related to the operations of the California State Lottery to the appropriate law enforcement agency and the Attorney General for further investigation and action. The Deputy Director for Security and lottery security officers shall have access to criminal history information pursuant to Sections 11105 and 11105.01 of the Penal Code.

SEC. 11. Section 8880.43 of the Government Code is amended to read:

8880.43. Independent Audit of Lottery Finances

The Director shall engage an independent firm of certified public accountants to conduct an annual audit of all accounts and transactions of the Lottery. The audit report shall be presented to the Commission, the Governor, the Controller, the Treasurer, the Attorney General, and the Legislature.

SEC. 12. Section 8880.46 of the Government Code is amended to read:

8880.46. Independent Audit of Lottery Security

After the first nine months of sales to the public, the Commission shall engage an independent firm experienced in security procedures, including, but not limited to, computer security and systems security, to conduct a comprehensive study and evaluation of all aspects of security in the operation of the Lottery. This study shall include, but not be limited to, personnel security, Lottery Game Retailer security, Lottery Contractors security, security of manufacturing operations of Lottery Contractors, security against ticket counterfeiting and alterations and other means of fraudently winning, security of drawings, computer security, data communications security, data base security, systems security, lottery premises and warehouse security, security in distribution, security involving validation and payment procedures, security involving unclaimed prizes, security aspects applicable to each particular Lottery Game, security against locating winners in Lottery Games having preprinted winners, and any other aspects of security applicable to the Lottery and its operations. The portion of the report containing the overall evaluation of the Lottery in terms of each aspect of security shall be presented to the Commission, the Governor, the Controller, the Treasurer, the Attorney General, and the Legislature. The portion of the report containing specific recommendations shall be exempt from public disclosure and shall be presented only to the Commission, the Attorney General, the Controller and the Governor. Upon request, all materials and data used in the production of the report shall be made available to the Commission, the Attorney General, the Controller, and the Governor. Similar audits of security shall be conducted biannually

thereafter.

SEC. 13. Section 8880.48 of the Government Code is amended to read:

8880.48. Selection of Lottery Game Retailers

(a) The Director shall, pursuant to this chapter and the rules and regulations of the Commission, select as Lottery Game Retailers such persons and organizations as the Director deems shall best serve the public convenience and promote the sale of tickets or shares. No person under the age of 18 years shall be a Lottery Game Retailer. In the selection of Lottery Game Retailers, the Director shall consider factors such as financial responsibility, integrity, reputation, accessibility of the place of business or activity to the public, security of the premises, the sufficiency of existing Lottery Game Retailers to serve the public convenience, and the projected volume of the sales for the Lottery Game involved.

(b) In order to allow an evaluation of the competence, integrity, and character of potential Lottery Game Retailers, the Commission may require information it deems necessary of any person, corporation, trust, association, partnership, or joint venture applying for authority to act as a Lottery Game Retailer.

No person shall be a Lottery Game Retailer who is engaged exclusively in the business of selling lottery tickets or shares. A person lawfully engaged in nongovernmental business on state property, an owner or lessee of an establishment which sells alcoholic beverages and civic and fraternal organizations may be selected as a Lottery Game Retailer. The Director may contract with Lottery Game Retailers on a seasonal or temporary basis.

(c) The Commission shall establish a formal written appeal process concerning the denial of an application for, or revocation of, a grant of authority to be a Lottery Game Retailer.

SEC. 14. Section 8880.50 of the Government Code is amended to read:

8880.50. Termination of Lottery Game Retailer

(a) The Commission shall promulgate rules and regulations which shall prescribe the procedure by which a contract with a Lottery Game Retailer may be terminated and the reasons for the termination, including, but not limited to, instances where a Lottery Game Retailer knowingly sells a ticket or share to any person under the age of 18 years.

(b) Any Lottery Game Retailer who employs or uses the services of any person under the age of 18 years for the sale of lottery tickets or shares shall be subject to suspension or revocation of his or her license. However, a person under the age of 18 years may be employed or used to sell lottery tickets or shares, if that person is under the continuous supervision of a person 21 years of age or older.

SEC. 15. Section 8880.52 of the Government Code is amended to read:

8880.52. Sales to Minors

(a) No tickets or shares in Lottery Games shall be sold to persons

under the age of 18 years. Any person who knowingly sells a ticket or share in a Lottery Game to a person under the age of 18 years is guilty of a misdemeanor. Any person under the age of 18 years who buys a ticket or share in a Lottery is guilty of a misdemeanor. In the case of lottery tickets or shares sold by Lottery Game Retailers or their employees, these persons shall establish safeguards to assure that the sales are not made to persons under the age of 18 years. In the case of the dispensing of tickets or shares by vending machines or other devices, the Commission shall establish safeguards to help assure that the vending machines or devices are not operated by persons under the age of 18 years.

(b) All tickets or shares in Lottery Games shall include, and any devices which dispense tickets or shares in Lottery Games shall have posted in a conspicuous place thereupon, a notice which declares that state law prohibits the selling of a lottery ticket or share to, and the payment of any prize to, a person under the age of 18 years.

SEC. 16. Section 8880.54 of the Government Code is amended to read:

8880.54. Bonding

The Director may require a bond from any Lottery Game Retailer in an amount specified by regulation or may purchase blanket bonds covering the activities of selected Lottery Game Retailers. These bonds shall be payable upon order of the Commission.

SEC. 17. Section 8880.56 of the Government Code is amended to read:

8880.56. Procurement

(a) Notwithstanding other provisions of law, the Director may purchase or lease such goods and services as are necessary for effectuating the purposes of this chapter. The Director may not contract with any private party for the operation and administration of the California State Lottery created by this chapter. However, this section does not preclude procurements which integrate functions such as game design, supply, advertising, and public relations. In all procurement decisions, the Commission and Director shall take into account the particularly sensitive nature of the California State Lottery and shall act to promote and ensure integrity, security, honesty, and fairness in the operation and administration of the Lottery and the objective of raising net revenues for the benefit of the public purpose described in this chapter.

(b) Notwithstanding any other provision of this chapter, the following shall apply to procurement for or by the Commission:

(1) With respect to the procurement for the printing of lottery tickets or the acquisition of any electronic computer, including any software used in conjunction therewith, the Commission shall adopt and publish competitive bidding procedures for the award of any procurement or contract in order to assure the fullest competition in the procurement. These procedures shall include a bid protest procedure.

(2) The provisions of Article 1 (commencing with Section 11250)

of Chapter 3 of Part 1 of Division 3 apply to the Commission.

(3) The Commission is subject to the Small Business Procurement and Contract Act, as provided in Chapter 6.5 (commencing with Section 14835) of Part 5.5 of Division 3.

(4) In advertising or awarding any contract for the procurement of goods and services exceeding five hundred thousand dollars ($500,000), the Commission and the Director shall require all bidders or contractors, or both, to include specific plans or arrangements to utilize subcontracts with socially or economically disadvantaged small business concerns. The plans shall specifically identify the feasibility of utilizing the subcontract services, delineate the nature and extent of the services to be utilized, and those concerns or individuals identified for subcontracting if known.

It is the intention of the Legislature in enacting this section to establish as an objective of the utmost importance the advancement of business opportunities for these small business concerns in the private business activities created by the California State Lottery. In that regard, the Commission and the Director shall have an affirmative duty to achieve the most feasible and practicable level of participation by socially or economically disadvantaged small business concerns in its procurement programs.

By July 1, 1986, the Commission shall adopt proposal evaluation procedures, criteria, and contract terms which are consistent with the advancement of business opportunities for small business concerns in the private business activities created by the California State Lottery and which will achieve the most feasible and practicable level of participation by socially, economically and disadvantaged small business concerns in its procurement programs. The proposal evaluation procedures, criteria, and contract terms adopted shall be reported in writing to both houses of the Legislature on or before July 1, 1986.

For the purposes of this section, socially and economically disadvantaged persons include women, Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts, and Native Hawaiians), Asian-Pacific Americans (including persons whose origins are from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, the United States Trust Territories of the Pacific, Northern Marianas, Laos, Cambodia, and Taiwan), and other minorities or any other natural persons found by the Commission to be disadvantaged.

(5) The Commission shall report to the Legislature by July 1, 1987, on the level of participation of small businesses, economically and socially disadvantaged businesses, and California businesses in all contracts awarded by the Commission.

(6) The Lottery shall fully comply with the requirements of paragraphs (2), (3) and (4) except that any function or role which is otherwise the responsibility of the Department of Finance or the Department of General Services shall instead, for purposes of this subdivision, be the sole responsibility of the Lottery, which shall have

the sole authority to perform that function or role.

SEC. 18. Section 8880.57 of the Government Code is repealed.

SEC. 19. Section 8880.57 is added to the Government Code, to read:

8880.57. Disclosures

In order to allow an evaluation of the competence, integrity, and character of potential Lottery Contractors for the California State Lottery, any person, corporation, trust, association, partnership, or joint venture which submits a bid, proposal, or offer as part of procurement for a contract for any goods or services for the California State Lottery, other than materials, supplies, services, and equipment which are common to the ordinary operations of state agencies, shall comply with each of the following:

(a) At the time of the submission of the bid, proposal, or offer to the Lottery, disclose the bidder's name and address and, as applicable, the name and address of the following:

(1) If the bidder is a corporation, the officers, directors, and each owner, directly or indirectly, of any equity security or other ownership interest in the corporation. However, in the case of owners of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to beneficially own 5 percent or more of the publicly held securities need be disclosed.

(2) If the bidder is a trust, the trustee and all persons entitled to receive income or benefit from the trust.

(3) If the bidder is an association, the members, officers, and directors.

(4) If the bidder is a subsidiary, the officers, directors, and stockholders of the parent company thereof. However, in the case of owners of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to beneficially own 5 percent or more of the publicly held securities need be disclosed.

(5) If the bidder is a partnership or joint venture, all of the general partners, limited partners, or joint venturers.

(6) If the parent company, general partner, limited partner, or joint venturer of any bidder is itself a corporation, trust, association, subsidiary, partnership, or joint venture, then the disclosure of such information as necessary to determine ultimate ownership. However, in the case of owners of publicly held equity securities of a publicly traded corporation, only the names and addresses of those known to the corporation to beneficially own 5 percent or more of the publicly held securities need be disclosed.

(7) If the bidder proposes to subcontract any substantial portion of the work to be performed to a subcontractor, then all of the information required in this section shall be disclosed for the subcontractor as if it were itself a bidder.

(b) After receipt of a bid, proposal, or offer, but prior to the award of a contract, the Commission may require a potential Lottery

Contractor to provide any or all of the following information:

(1) A disclosure of all the states and jurisdictions in which the bidder does business, and the nature of that business for each state or jurisdiction.

(2) A disclosure of all the states and jurisdictions in which the bidder has contracts to supply gaming goods or services, including, but not limited to, lottery goods and services, and the nature of the goods or services involved for each state or jurisdiction.

(3) A disclosure of all the states and jurisdictions in which the bidder has applied for, has sought renewal of, has received, has been denied, has pending, or has had revoked a gaming license of any kind, and the disposition in each state or jurisdiction. If any gaming license has not been renewed or any gaming license application has been either denied or has remained pending for more than six months, all of the facts and circumstances underlying this failure to receive a gaming license shall be disclosed.

(4) A disclosure of the details of any conviction or judgment of a state or federal court against the bidder of any gambling-related offense, or criminal offense other than traffic violations.

(5) A disclosure of the details of any bankruptcy, insolvency, or reorganization, or any judgment or pending litigation involving fraud or deceit against the bidder.

(6) A disclosure for each bidder who is a natural person of his or her employment, residence, educational, and military history since the age of 18 years.

(7) A disclosure consolidating all reportable information on all reportable contributions by the bidder to any local, state, or federal political candidate or political committee in this state for the past five years that is reportable under any existing state or federal law.

(8) A disclosure of the identity of any entity with which the bidder has a joint venture or other contractual arrangement to supply any state or jurisdiction with gaming goods or services, including, but not limited to, lottery goods or services; including a disclosure with regard to the entity of all of the information requested under paragraphs (1) to (8), inclusive.

(9) In the instance of a procurement for the printing of lottery tickets, for goods or services involving the receiving or recording of number selections, or for goods or services involving the determination of winners, an additional disclosure consisting of the individual federal and state income tax returns for the past three years and a current individual financial statement for each bidder who is a natural person. The disclosures provided in this paragraph shall be considered confidential and shall be transmitted directly to the Deputy Director for Security and the Attorney General for their review.

(10) Such additional disclosures and information as may be appropriate for the procurement involved as determined by the Commission.

(c) With respect to the persons or entities described in

paragraphs (1) to (7), inclusive, of subdivision (a), the Commission may request the disclosure of any information required in subdivision (b), which shall be relevant to the award of any contract.

(d) No contract with any bidder who has not complied with the disclosure requirements described in this section shall be entered into or be enforceable. Any contract with any Lottery Contractor who does not comply with these requirements for maintaining the currency of the disclosures during the term of the contract as may be specified in the contract may be terminated by the Commission. In addition, the Commission may deny or cancel a contract with a Lottery Contractor or any of the persons or entities included in paragraphs (1) to (7), inclusive, of subdivision (a) if any of the following apply:

(1) False statements have been made in any information which is required under this section.

(2) Any of the persons or entities have been convicted of a crime punishable as a felony.

(3) Any of the persons or entities have been convicted of an offense involving dishonesty or any gambling-related offense.

(e) This section shall be construed broadly and liberally to achieve the end of full disclosure of all information necessary to allow for a full and complete evaluation of the competence, integrity, and character of potential suppliers of the California State Lottery Commission.

SEC. 20. Section 8880.59 of the Government Code is amended to read:

8880.59. Performance Bond

Each Lottery Contractor shall post a performance bond with the Commission, using a surety acceptable to the Commission, in an amount equal to the full amount estimated to be paid annually to the supplier under the contract. The Commission may require any Lottery Game Retailer to provide a fidelity bond which shall be payable upon order of the Commission.

SEC. 21. Section 8880.60 of the Government Code is amended to read:

8880.60. Contracts

Subject to the approval of the Commission, the Director may directly solicit proposals or enter into contracts for the purchase or lease of goods or services for effectuating the purpose of this chapter. In awarding contracts in response to solicitations for proposals conducted by the California State Lottery, the Director shall award the contracts to the responsible supplier submitting the lowest and best proposal pursuant to the procedures adopted by the Commission as prescribed in subdivision (b) of Section 8880.56, which maximizes the benefits to the state in relation to cost in the areas of security, competence, experience, timely performance, and maximization of net revenues to benefit the public purpose described in this chapter. All contracts entered into by the Director shall be subject to the approval of the Commission.

SEC. 22. Section 8880.61 of the Government Code is amended to read:

8880.61. State Lottery Fund

(a) A special fund to be known as the "State Lottery Fund" is created within the State Treasury which is continuously appropriated for carrying out the purposes of this chapter. The fund shall receive all proceeds from the sales of lottery tickets or shares, the temporary line of credit for initial startup costs, and all other moneys credited to the Lottery from any other source. The Treasurer shall designate a depository to receive lottery proceeds for transmission to the State Treasury and for deposit in the State Lottery Fund.

(b) Except as provided by this chapter, moneys in the General Fund or any other state fund shall not be transferred to the State Lottery Fund or otherwise used to support the California State Lottery or the Lottery Commission or to pay the debts, obligations, or encumbrances of the State Lottery Fund or the Commission.

SEC. 23. Section 8880.65 of the Government Code is amended to read:

8880.65. Transfer of Net Revenues

The funds remaining in the State Lottery Fund after accrual of all revenues to the State Lottery Fund, and after accrual of all obligations of the Lottery for prizes, expenses, and the repayment of any funds advanced from the temporary line of credit for initial startup costs and interest thereon shall be deemed to be the net revenues of the Lottery. The net revenues of the Lottery shall be transferred from the State Lottery Fund not less than quarterly to the California State Lottery Education Fund.

SEC. 24. Section 8880.70 of the Government Code is amended to read:

8880.70. Lawful Activity

Any other state or local law providing any penalty, disability, restriction, or prohibition for the possession, manufacture, transportation, distribution, advertising, or sale of any lottery tickets or shares shall not apply to the tickets or shares of the California State Lottery.

A business or entity may manufacture, assemble, repair, maintain, print, or otherwise produce and transport various devices, paraphernalia, equipment, tickets, or other products which are used in a state lottery.

SEC. 25. Section 470 of the Penal Code is amended to read:

470. Every person who, with intent to defraud, signs the name of another person, or a fictitious person, knowing that he or she has no authority so to do, to, or falsely makes, alters, forges, or counterfeits, any charter, letters patent, deed, lease, indenture, writing obligatory, will, testament, codicil, bond, covenant, bank bill or note, post note, check, draft, bill of exchange, contract, promissory note, due bill for the payment of money or property, receipt for money or property, passage ticket, lottery ticket or share purporting to be issued under

the California State Lottery Act of 1984, trading stamp, power of attorney, or any certificate of any share, right, or interest in the stock of any corporation or association, or any controller's warrant for the payment of money at the treasury, county order or warrant, or request for the payment of money, or the delivery of goods or chattels of any kind, or for the delivery of any instrument of writing, or acquittance, release, or receipt for money or goods, or any acquittance, release, or discharge of any debt, account, suit, action, demand, or other thing, real or personal, or any transfer or assurance of money, certificate of shares of stock, goods, chattels, or other property whatever, or any letter of attorney, or other power to receive money, or to receive or transfer certificates of shares of stock or annuities, or to let, lease, dispose of, alien, or convey any goods, chattels, lands, or tenements, or other estate, real or personal, or any acceptance or indorsement of any bill of exchange, promissory note, draft, order, or any assignment of any bond, writing obligatory, promissory note, or other contract for money or other property; or counterfeits or forges the seal or handwriting of another; or utters, publishes, passes, or attempts to pass, as true and genuine, any of the above-named false, altered, forged, or counterfeited matters, as above specified and described, knowing the same to be false, altered, forged, or counterfeited, with intent to prejudice, damage, or defraud any person; or who, with intent to defraud, alters, corrupts, or falsifies any record of any will, codicil, conveyance, or other instrument, the record of which is by law evidence, or any record of any judgment of a court or the return of any officer to any process of any court, is guilty of forgery.

SEC. 26. Section 475 of the Penal Code is amended to read:

475. Every person who has in his or her possession, or receives from another person, any forged promissory note or bank bill, or bills, or any counterfeited trading stamp, or stamps, or lottery ticket or share purporting to be issued under the California State Lottery Act of 1984, or tickets or shares, for the payment of money or property, with the intention to pass the same, or to permit, cause, or procure the same to be uttered or passed, with the intention to defraud any person, knowing the same to be forged or counterfeited, or has or keeps in his or her possession any blank or unfinished note or bank bill made in the form or similitude of any promissory note or bill for payment of money or property, made to be issued by any incorporated bank or banking company, or any blank or unfinished check, money order, or traveler's check, made in the form or similitude of any check, money order, or traveler's check, whether the parties thereto are real or fictitious, with intention to fill up and complete the blank and unfinished note or bill, check, money order, or traveler's check, or to permit, or cause, or procure the same to be filled up and completed in order to utter or pass the same, or to permit, or cause, or procure the same to be uttered or passed, to defraud any person, is punishable by imprisonment in the state prison, or by imprisonment in the county jail for not more than one

year.

SEC. 27. Section 11105.01 is added to the Penal Code, to read:

11105.01. In addition to furnishing state summary criminal history information to the persons and entities set forth in Section 11105 and subject to the requirements and conditions set forth in that section, the Attorney General shall furnish state summary criminal history information to the Director, the Deputy Director for Security, and lottery security officers of the California State Lottery.

SEC. 28. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 29. The changes in law made by Sections 17, 19, and 21 of this act, which amend Sections 8880.56, 8880.57, and 8880.60 of the Government Code, respectively, shall not apply to any contract entered into or solicited by the California State Lottery prior to the effective date of this act.

SEC. 30. It is the intent of the Legislature that the amendments to Section 470 of the Penal Code made by Section 25 of this act do not constitute a change in, but are declaratory of, the existing law.

SEC. 31. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to further the purpose of the California State Lottery Act of 1984 and the will of the people it is necessary that this act take effect immediately.

CHAPTER 56

An act to amend Section 22200 of the Education Code, relating to the State Teachers' Retirement System, and making an appropriation therefor.

[Approved by Governor April 17, 1986 Filed with Secretary of State April 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 22200 of the Education Code is amended to read:

22200. The system is managed by the Teachers' Retirement Board. The members of the board are as follows:

(a) The Superintendent of Public Instruction.

(b) The Controller.

(c) The Treasurer.

(d) The Director of Finance.

(e) One member who, at the time of appointment, is a member of the governing board of a school district or a community college district.

(f) Three members of the State Teachers' Retirement System, as follows:

(1) Two members who, at time of appointment, are classroom teachers in grades kindergarten through 12.

(2) One member, who at time of appointment, is a community college instructor with expertise in the areas of business or economics or both business and economics and who shall be appointed by the Governor for a term of four years from a list submitted by the Chancellor of the California Community Colleges.

(g) A retirant of the system.

(h) One officer of a life insurance company appointed by the Governor for a term of four years, subject to confirmation by the Senate.

(i) One officer of a bank or a savings and loan institution who has had at least five years of broad professional investment experience handling various asset classes such as stocks, bonds, and mortgage investments and who shall be appointed by the Governor for a term of four years, subject to confirmation by the Senate.

(j) One member representing the public, appointed by the Governor for a term of four years, subject to confirmation by the Senate.

The members of the board provided by subdivisions (e) and (g) and paragraph (1) of subdivision (f) shall be appointed by the Governor for four-year terms from a list submitted by the Superintendent of Public Instruction.

The members of the board shall annually elect a chairperson and vice chairperson.

SEC. 2. There is hereby appropriated from the Teachers' Retirement Fund the sum of four thousand dollars ($4,000) to the Teachers' Retirement Board to pay the costs of implementing this act during fiscal year 1985–86.

CHAPTER 57

An act to amend Section 12814.5 of the Vehicle Code, relating to drivers' licenses.

[Approved by Governor April 21, 1986 Filed with Secretary of State April 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 12814.5 of the Vehicle Code is amended to read:

12814.5. (a) At the discretion of the director, drivers' licenses expiring on or after January 1, 1983, may, subject to subdivision (b), be renewed by mail for a four-year period for licensees not holding a probationary license, whose records, for the four years immediately preceding the determination of eligibility for the renewal, show no convictions of violating traffic laws, no involvement in a traffic accident, and no notification of a violation of subdivision (a) of Section 40509.

(b) The director may establish a demonstration program to evaluate the traffic safety and other effects of renewing driver's licenses by mail. If a demonstration program is established, the director may, under that program, renew by mail driver's licenses expiring on or after January 1, 1983, for licensees whose records, for the two years immediately preceding the determination of eligibility for the renewal, show no convictions of violating traffic laws, no involvement in a traffic accident, and no notification of a violation of subdivision (a) of Section 40509, and additionally whose records, for the four years immediately preceding that determination, do not show a violation which has a violation point count of two determined in accordance with Section 12810 or a fatal accident notation. The department shall terminate the demonstration program when its evaluation is completed or may terminate the program at any time the department determines that the program has an adverse impact on traffic safety.

(c) For purposes of subdivision (a) or (b), a driver's record that shows involvement in not more than one traffic accident within the two-year period preceding driver's license renewal shall not be considered to be involvement in a traffic accident if (1) the driver met the requirements of Chapter 1 (commencing with Section 16000) of Division 7 with respect to the accident and (2) the driver was not cited for any violation of this code in connection with the accident.

(d) No renewal by mail shall be granted to any person who is 70 years of age or older.

(e) The department shall charge a fee of ten dollars ($10) for each license renewal granted pursuant to subdivision (a) or (b).

(f) The department shall monitor and conduct a continuing study of the effects of the license renewal by mail under subdivisions (a) and (b) and submit an interim report to the Legislature not later than January 1, 1986, and a final report to the Legislature not later than March 1, 1989, on its findings. The study shall include, but not be limited to, safety issues. The final report shall specifically include information regarding the impact on traffic safety of persons who receive a second extension under subdivision (b), which information shall cover a period not less than 24 months of experience following the second consecutive extension.

(g) The department shall notify each licensee granted a renewal by mail pursuant to this section of major changes to the Vehicle Code affecting traffic laws occurring during the prior four-year period.

(h) The department shall not renew a driver's license by mail if the license has been previously renewed by mail two consecutive times for four-year periods. .

CHAPTER 58

An act to amend Section 21204 of the Vehicle Code, relating to bicycles.

[Approved by Governor April 22, 1986. Filed with Secretary of State April 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 21204 of the Vehicle Code is amended to read:

21204. (a) No person operating a bicycle upon a highway shall ride other than upon or astride a permanent and regular seat attached thereto.

(b) No operator shall allow a person riding as a passenger, and no person shall ride as a passenger, on a bicycle upon a highway other than upon or astride a separate seat attached thereto. If the passenger is four years of age or younger, or weighs 40 pounds or less, the seat shall have adequate provision for retaining the passenger in place and for protecting the passenger from the moving parts of the bicycle.

(c) No person operating a bicycle upon a highway shall allow any person who is four years of age or younger, or weighs 40 pounds or less, to ride as a passenger on a bicycle unless that passenger is wearing a helmet meeting the standards of the American National Standards Institute (ANSI Z 90.4 bicycle helmet standards) or of the Snell Memorial Foundation's 1984 Standard for Protective Headgear for Use in Bicycling.

(d) For purposes of this section, wearing a helmet means having a helmet of good fit fastened securely upon the head with the helmet straps.

(e) The first violation of subdivision (c) by any person shall be dismissed by a court if the person charged produces proof that a helmet meeting the standards prescribed in subdivision (c) has been purchased for use by the passenger four years of age or younger, or weighing 40 pounds or less.

(f) Notwithstanding any other provision of law, any violation of subdivision (c) is an infraction punishable by a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district

will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 59

An act to amend and repeal Section 1238 of the Penal Code, relating to appeals.

[Approved by Governor April 22, 1986. Filed with Secretary of State April 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1238 of the Penal Code is amended to read:

1238. (a) An appeal may be taken by the people from any of the following:

(1) An order setting aside the indictment, information, or complaint.

(2) A judgment for the defendant on a demurrer to the indictment, accusation, or information.

(3) An order granting a new trial.

(4) An order arresting judgment.

(5) An order made after judgment, affecting the substantial rights of the people.

(6) An order modifying the verdict or finding by reducing the degree of the offense or the punishment imposed or modifying the offense to a lesser offense.

(7) An order dismissing a case prior to trial made upon motion of the court pursuant to Section 1385 whenever such order is based upon an order granting defendant's motion to return or suppress property or evidence made at a special hearing as provided in this code.

(8) An order or judgment dismissing or otherwise terminating the action before the defendant has been placed in jeopardy or where the defendant has waived jeopardy.

(9) An order denying the motion of the people to reinstate the complaint or a portion thereof pursuant to Section 871.5.

(10) The imposition of an unlawful sentence, whether or not the court suspends the execution of the sentence, except that portion of a sentence imposing a prison term which is based upon a court's choice that a term of imprisonment (A) be the upper, middle, or lower term, unless the term selected is not set forth in an applicable statute, or (B) be consecutive or concurrent to another term of imprisonment, unless an applicable statute requires that the term be consecutive. As used in this paragraph, "unlawful sentence" means the imposition of a sentence not authorized by law or the imposition of a sentence based upon an unlawful order of the court which strikes

or otherwise modifies the effect of an enhancement or prior conviction.

(b) If, pursuant to paragraph (8) of subdivision (a), the people prosecute an appeal to decision, or any review of such decision, it shall be binding upon them and they shall be prohibited from refiling the case which was appealed.

(c) When an appeal is taken pursuant to paragraph (7) of subdivision (a), the court may review the order granting defendant's motion to return or suppress property or evidence made at a special hearing as provided in this code.

(d) Nothing contained in this section shall be construed to authorize an appeal from an order granting probation. Instead, the people may seek appellate review of any grant of probation, whether or not the court imposes sentence, by means of a petition for a writ of mandate or prohibition which is filed within 60 days after probation is granted. The review of any grant of probation shall include review of any order underlying the grant of probation.

(e) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1988, pursuant to Section 9611 of the Government Code, Section 1238 of the Penal Code, as amended by Section 5 of Chapter 938 the Statutes of 1980, shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 60

An act to amend Section 42290 of, and to add Section 42301.1 to, the Education Code, relating to schools.

[Approved by Governor April 22, 1986 Filed with Secretary of State April 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 42290 of the Education Code is amended to read:

42290. Any school district or county office of education with an average daily attendance of less than 2,501 in any fiscal year may, in that fiscal year, apply to the State Department of Education for an apportionment for transportation equipment, as specified in Section 42291. The State Department of Education shall adopt regulations regarding district applications pursuant to this section.

SEC. 2. Section 42301.1 is added to the Education Code, to read:

42301.1. In allocating any funds for schoolbus replacement or reconditioning, the State Department of Education shall allocate funds for vehicles used in special education in not less than the

proportion as the percentage of vehicles used compares to total schoolbuses in the state. The State Department of Education shall adopt regulations to implement this section in an equitable manner.

School districts or county offices of education providing transportation services through a cooperative, consortium, or joint powers agreement, shall be eligible to participate by application from the member district.

The Division of State Special Schools of the State Department of Education shall have the same status as a school district for the purposes of this section.

SEC. 3. Section 1 of this act shall only become operative if AB 1293 is not chaptered, or, if AB 1293 is chaptered, it does not amend Section 42290 of the Education Code.

CHAPTER 61

An act to amend Section 8660 of the Elections Code, relating to democratic state central committee.

[Approved by Governor April 22, 1986 Filed with Secretary of State April 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 8660 of the Elections Code is amended to read:

8660. The state central committee shall consist of:

(a) One member for each of the following elective officials:

(1) Governor.

(2) Lieutenant Governor.

(3) Treasurer.

(4) Controller.

(5) Attorney General.

(6) Secretary of State.

(7) All members of the State Board of Equalization.

(8) All Senators and Representatives of Congress from California.

(9) All Members of the State Legislature.

(b) Members elected by county central committees pursuant to this part.

(c) Members appointed pursuant to this part.

(d) The national committeemen and national committeewomen of the party.

(e) Any person elected to fill a vacancy in the State Legislature in a special election.

(f) Such immediate past party officers as may be provided by party bylaws.

(g) Members elected by Assembly district caucuses pursuant to this part.

(h) The President of the California Democratic Council.

(i) The president, vice president, northern section president, and the southern section president of the Federation of Young Democrats, and any officer of the National Young Democrats who resides in California.

(j) Former elected, nonjudicial statewide officeholders as described in Section 8660.3.

CHAPTER 62

An act to amend Section 1062.10 of the Code of Civil Procedure, relating to property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1986 Filed with Secretary of State April 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1062.10 of the Code of Civil Procedure is amended to read:

1062.10. No person or legal entity may maintain an action in any court in this state to enforce the terms of a real property sales contract as defined in Section 2985 of the Civil Code or a conditional sale contract on a mobilehome subject to local property taxation and subject to Division 13 (commencing with Section 18000) of Part 2 of the Health and Safety Code, providing for a change in ownership of real property or of a mobilehome subject to local property taxation until the agreement is duly recorded by the county recorder or the change-in-ownership statement required by Section 480 of the Revenue and Taxation Code is filed as provided in that section.

This section shall apply to the enforcement of those agreements which are alleged to have transferred ownership of real property or of a mobilehome subject to property taxation which are entered into after January 1, 1986.

SEC. 2. This act is declaratory of existing law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the law relating to the enforceability of contracts conveying real property it is necessary for this act to take effect immediately.

CHAPTER 63

An act to amend Section 11058 of the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1986. Filed with Secretary of State April 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11058 of the Health and Safety Code is amended to read:

11058. (a) The controlled substances listed in this section are included in Schedule V.

(b) Schedule V shall consist of the drugs and other substances, by whatever official name, common or usual name, chemical name, or brand name designated, listed in this section.

(c) Narcotic drugs containing nonnarcotic active medicinal ingredients. Any compound, mixture, or preparation containing any of the following narcotic drugs, or their salts calculated as the free anhydrous base or alkaloid, in limited quantities as set forth below, which shall include one or more nonnarcotic active medicinal ingredients in sufficient proportion to confer upon the compound, mixture, or preparation valuable medicinal qualities other than those possessed by narcotic drugs alone:

(1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams.

(2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams.

(3) Not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams.

(4) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulfate per dosage unit.

(5) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams.

(6) Not more than 0.5 milligram of difenoxin and not less than 25 micrograms of atropine sulfate per dosage unit.

(d) Buprenorphine.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate confusion among pharmacists, physicians, pharmaceutical manufacturers, and patients, and to conform state law with federal rules and regulations, it is necessary that this act take effect immediately.

CHAPTER 64

An act to amend and repeal Section 1026.6 of the Penal Code, relating to criminal defendants.

[Approved by Governor April 23, 1986. Filed with Secretary of State April 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1026.6 of the Penal Code is amended to read:

1026.6. Whenever any person who has been committed to a state hospital pursuant to Section 1026 is released for any reason, including placement on outpatient status, the director of the hospital shall notify the community program director of the county, the county mental health director, and the chief law enforcement officer of the jurisdiction, in which the person will reside upon release, if that information is available.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 1026.6 of the Penal Code, as amended by Section 4 of Chapter 1232 the Statutes of 1985, shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 65

An act to add Section 3209 to the Fish and Game Code, relating to domesticated game birds.

[Approved by Governor April 23, 1986. Filed with Secretary of State April 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3209 is added to the Fish and Game Code, to read:

3209. (a) In lieu of the tag required by Section 3206, poultry processing plants licensed pursuant to Chapter 4 (commencing with Section 18650) or Chapter 4.1 (commencing with Section 18940) of Part 3 of Division 9 of the Food and Agricultural Code, which process domesticated game birds received from persons licensed pursuant to this article, may package each individual carcass in a nonreusable container clearly labeled on the outside with the species of bird and the wording "Product of a Licensed California Domesticated Game

Breeder."

(b) Each processor receiving domesticated game birds shall keep a complete record of all birds received showing all of the following:

(1) The date received.

(2) The number and species of birds in each lot or shipment.

(3) The complete name, address, and domesticated game breeders' license number of the person from whom the birds were received.

(4) The disposition of processed birds, the date of sale or shipment, the quantity and species sold or shipped, and the person to whom the birds were sold or shipped.

(c) The records shall be retained by the processor for one year following date of processing. These records shall be subject to inspection upon demand by any officer of the department during hours the processing plant is in operation or open for business.

(d) This section does not affect the requirements of Section 3206 governing tagging domesticated game birds for transportation by those other than licensed poultry processors.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 66

An act to amend Section 19286.7 of the Revenue and Taxation Code, and to amend Section 11025 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor April 23, 1986 Filed with Secretary of State April 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 19286.7 of the Revenue and Taxation Code is amended to read:

19286.7. Notwithstanding any other provision of law, the State Department of Social Services shall annually inform the Franchise Tax Board of the names and social security numbers of all applicants for or recipients of public social services programs.

The Franchise Tax Board, upon receipt of such information, shall inform the State Department of Social Services of any such applicant or recipient who received interest or dividends within the prior calendar year, as reflected on magnetic tape information returns supplied to the Franchise Tax Board by payers, or on the magnetic tape prepared by the Franchise Tax Board which reflects paper

information returns supplied to the Franchise Tax Board by payers. In addition, the Franchise Tax Board shall provide, from those sources, the State Department of Social Services with the payee's name, social security number, and address; the payer's name or federal employer identification number, including branch code numbers, if applicable, and address; the dollar amount of interest or dividends; and any identifying account numbers.

The Franchise Tax Board shall return all information received from the State Department of Social Services after completing the exchange of information with the State Department of Social Services.

SEC. 2. Section 11025 of the Welfare and Institutions Code is amended to read:

11025. The State Department of Social Services shall utilize the records of the Franchise Tax Board to match interest and dividends against reported income of applicants for and recipients of aid or public social services under this division. The matching information shall then be forwarded to the appropriate county welfare department for use in determining the eligibility of, and proper grant amount for, applicants for, and recipients of, aid or public social services under this division. Any and all documents and records which result from the matching of records with the Franchise Tax Board shall be subject to the confidentiality requirements of Section 10850.

This section shall not be construed to supersede the requirements and protections in the California Right to Financial Privacy Act under Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code in obtaining information in possession of any financial institution.

SEC. 3. Section 2 of this act shall become operative July 1, 1987.

SEC. 4. Until such time as the State Department of Social Services implements the federal regulations requiring the matching of unearned income in the Aid to Families with Dependent Children and Food Stamp programs, the state shall pay 100 percent of the nonfederal share of the costs associated with the asset match initial case review function.

SEC. 5. The State Department of Social Services shall report to the Legislature when the department implements the federal regulations requiring the matching of unearned income in the Aid to Families with Dependent Children and Food Stamp programs, as specified in Section 4 of this act.

CHAPTER 67

An act to amend Section 6461 of the Food and Agricultural Code, relating to plant pests.

[Approved by Governor April 23, 1986 Filed with Secretary of State April 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 6461 of the Food and Agricultural Code is amended to read:

6461. Except as otherwise provided in this article, if any shipment of plants or any other things in violation of this chapter or any quarantine which has been established, is brought into this state and it is found to be infested or infected, or there is reasonable cause to believe that it may be infested or infected, with any pest, the shipment shall be immediately destroyed by, or under the supervision of, the officer who inspects it, at the expense of the owner or bailee of the shipment.

CHAPTER 68

An act to amend Sections 70046.1, 70047.1, 74661, 74665, and 74666 of, and to repeal and add Section 74663 of, the Government Code, relating to courts.

[Approved by Governor April 23, 1986 Filed with Secretary of State April 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 70046.1 of the Government Code is amended to read:

70046.1. In Santa Clara County, the board of supervisors shall fix the salary of regular official reporters, which shall not be less than a biweekly salary of one thousand three hundred forty-four dollars and fifty-six cents ($1,344.56), and the compensation of official reporters pro tempore, which shall be at a rate not less than seventy dollars and forty-eight cents ($70.48) per half day and one hundred forty dollars and ninety-six cents ($140.96) per day.

During the hours that the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of the duties required of them by law and shall not engage in or solicit to engage in any other employment in their professional capacity.

SEC. 1.5. Section 70047.1 of the Government Code is amended to read:

70047.1. (a) In Stanislaus County, the duties of official reporters shall be performed as provided by law. As full compensation for taking notes in criminal cases in the superior court, each reporter shall receive a monthly salary of one thousand nine hundred sixty dollars ($1,960). Beginning January 1, 1986, pro tempore reporters shall receive one hundred five dollars ($105) per day, or any part of a day, for reporting criminal matters; and beginning January 1, 1987, pro tempore reporters shall receive one hundred fifteen dollars ($115) per day, or any part of a day, for reporting criminal matters. The fee for reporting testimony and proceedings in civil contested cases is one hundred ten dollars ($110) a day, or any part of a day.

(b) For purposes of retirement, the compensation of a reporter is deemed to be the total of all per day and transcription fees paid by the county to all of the reporters of the superior court for all phonographic reporting services divided by the number of superior court official reporters, plus the reporter's salary. All other fees of reporters shall be as otherwise provided by law. When it is necessary to appoint a pro tempore reporter, the reporter shall be allowed the fees otherwise provided by law.

(c) The salary range of official court reporters may be adjusted by joint action and approval of the board of supervisors and a majority of the judges of the superior court. Any changes in compensation made pursuant to this subdivision shall be on an interim basis and shall expire January 1 following adjournment of the next regular session of the Legislature, unless ratified at that session.

SEC. 2. Section 74661 of the Government Code is amended to read:

74661. The Santa Clara County Judicial District shall have 26 judges; provided that there shall be any number of additional judges up to 28 at such time as the Santa Clara County Board of Supervisors finds that there are sufficient funds to provide for any or all of the additional judges and adopts a resolution or resolutions to that effect.

SEC. 3. Section 74663 of the Government Code is repealed.

SEC. 4. Section 74663 is added to the Government Code, to read:

74663. In the Santa Clara County Judicial District there shall be one clerk-administrative officer who shall receive a salary of two thousand two hundred sixty-three dollars and fifty-two cents ($2,263.52) biweekly and shall, notwithstanding Section 74666, be appointed by and serve at the pleasure of a majority of the judges of the municipal court. In addition, there shall be two legal aides (unclassified) who shall serve one-year terms. The legal aides shall be appointed by and serve at the pleasure of a majority of the judges. The legal aides shall receive a salary as specified in range 34.4B.

The clerk-administrative officer may appoint all of the following:

(a) One assistant clerk-administrative officer who shall also act as secretary to the judges and who shall receive a salary of one thousand nine hundred seventeen dollars and eighty-four cents ($1,917.84) biweekly.

(b) One administrative assistant to the clerk-administrative

officer who shall receive a salary as specified in range 32.7A.

(c) One court support coordinator who shall receive a salary as specified in range 27.5A.

(d) One senior accountant who shall receive a salary as specified in range 31.9A.

(e) One accountant III who shall receive a salary as specified in range 29.4A.

(f) One secretary II who shall receive a salary as specified in range 41.4B.

(g) One municipal court division manager III who shall receive a salary specified in range 33.5A.

(h) Three municipal court division managers II who shall receive a salary as specified in range 31.8A.

(i) Two municipal court division managers I who shall receive a salary as specified in range 30.5A.

(j) One chief deputy court clerk II who shall receive a salary as specified in range 29.5A.

(k) Six chief deputy court clerks I who shall receive a salary as specified in range 28.5A.

(*l*) Seven supervising deputy court clerks II who shall receive a salary as specified in range 26.5A.

(m) Two supervising deputy court clerks I who shall receive a salary as specified in range 23.5A.

(n) Eight assistant supervising deputy court clerks who shall receive a salary as specified in range 40.5B.

(o) Forty-seven municipal courtroom clerks who shall receive a salary as specified in range 43.5B.

(p) One hundred seventy-five deputy court clerks II who shall receive a salary as specified in range 38.4B or deputy court clerks I who shall receive a salary as specified in range 35.9B.

(q) Six account assistants who shall receive a salary as specified in range 40.1B.

(r) One senior data entry operator who shall receive a salary as specified in range 39.2B.

(s) Ten data entry operators who shall receive a salary as specified in range 37.5B.

(t) One messenger-driver who shall receive a salary as specified in range 34.4B.

In the Santa Clara County Judicial District official reporters appointed pursuant to Section 72194 shall be attachés of the court and in lieu of any other compensation provided by law for their services in reporting testimony and proceedings in the court, shall receive a biweekly salary as specified in range 51.5B which shall be a charge against the general fund of the county. If the board of supervisors increases salaries and adopts a pay plan for official reporters in the superior court pursuant to Section 70046.1, the salary increase or pay plan shall apply equally for all official reporters in municipal courts, but all such changes or adjustments shall be effective only until the second year following the calendar year in

which the adjustment is made. During the hours which the courts are open for transaction of judicial business, official reporters shall devote full time to the performance of the duties required of them by law, and shall not engage in or solicit to engage in any other employment in their professional capacity.

SEC. 5. Section 74665 of the Government Code is amended to read:

74665. In the Santa Clara County Judicial District the judges of such courts, pursuant to Section 72194, may appoint as many additional reporters as the business of the courts may require, who shall be known as official reporters pro tempore, and who shall serve without salary but shall receive the fees provided by Sections 69947 to 69953, inclusive, except that in lieu of the per diem fees provided in said sections for reporting testimony and proceedings, the official reporters pro tempore shall in all cases receive seventy dollars and forty-eight cents ($70.48) per half day and one hundred forty dollars and ninety-six cents ($140.96) per day, which shall, upon order of the court, be a charge against the general fund of the county. If the board of supervisors increases the per diem fees for official court reporters pro tempore in the superior court pursuant to Section 70046.1, such increase shall apply equally for all official reporters pro tempore in the municipal courts, but all such increases shall be effective only until the second year following the calendar year in which the adjustment is made.

SEC. 6. Section 74666 of the Government Code is amended to read:

74666. Attachés of the Santa Clara County Judicial District shall be subject to the provisions of merit system rules established pursuant to the charter of the County of Santa Clara in the same manner and to the same extent as applicable generally to officers and employees of said county.

Each attaché shall receive a salary computed in accordance with the range established for that position or classification in order to provide compensation comparable to other positions and classifications in the county service as such comparability is determined by the board of supervisors. Whenever reference to a numbered salary range is made in any section of this article, the schedule found in the basic salary plan as adopted by the board of supervisors, which includes the same range numbers and rates of pay utilized for general employees of Santa Clara County, shall apply.

If the board of supervisors increases or decreases salaries, or adopts a revised salary plan, the new schedule of salaries and ranges shall apply equally to and be effective for such attachés of the court in the manner and on the date as is determined by the board of supervisors, but all such changes or adjustments shall be effective only until the second year following the calendar year in which the adjustment is made.

Such attachés shall be entitled to receive, on prescribed terms and conditions, such vacation, sick leave, leave of absence, and other

benefits as are or may be provided by the board of supervisors from time to time. Such attachés may be appointed, promoted, demoted, terminated, or transferred, or their status otherwise adjusted, in the same manner and with the same effect as is or may be provided for by law. Such attachés shall be subject to such employment qualifications as may be adopted for their positions.

This section is expressly subject to the provisions of Section 72002.1 and any other provisions of state law regarding attachés of the court.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 69

An act to amend Section 22238 of the Education Code, and to add Section 31725.6 to the Government Code, relating to public retirement systems, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1986. Filed with Secretary of State April 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 22238 of the Education Code is amended to read:

22238. Notwithstanding any other provision of law, the board may, pursuant to Section 22222 and in conformance with its fiduciary duty as set forth in Section 22225.5, enter into correspondent agreements with private lending institutions in this state to utilize the retirement fund to assist system members and retirants, through financing, to obtain homes in this state.

The terms and conditions of the correspondent agreements shall address all of the following:

(a) That home loans be made available to currently employed members and retirants for the purchase of single-family dwellings, single-family cooperative apartments, and single-family condominiums.

(b) That the private lending institution shall originate and service these home loans.

(c) That the recipients of the loans occupy the homes as their permanent residences pursuant to rules and regulations adopted by the board or as these terms are defined in the correspondent agreements.

(d) That home loans shall be available only for the purchase of homes in this state.

(e) That the amount and length of the loans shall include terms and conditions that set a loan to value ratio of a maximum of 95 percent in the case of persons purchasing their first home in this state, and 80 percent in the case of persons purchasing other than their first home; provided, however, that the portion of any loan exceeding 80 percent of value shall be insured by an admitted mortgage guaranty insurer conforming to the provisions of Chapter 2A (commencing with Section 12640.01) of Part 6 of Division 2 of the Insurance Code in an amount so that the unguaranteed portion of the loan does not exceed 75 percent of the market value of the property together with improvements thereon.

(f) That there may be prepayment penalties assessed on loans, the terms and conditions of which shall be set forth in the correspondent agreement.

(g) That the criteria and terms for loans shall provide the greatest benefit to members and retirants consistent with the financial integrity of the program and the sound investment of the retirement fund.

(h) That loans shall not be made at a rate lower than the market rate.

(i) Such other terms and conditions as the parties to the correspondent agreement may deem appropriate.

SEC. 2. Section 31725.6 is added to the Government Code, to read:

31725.6. (a) When the board finds, based on medical advice, that a member in county service is incapacitated for the performance of the member's duties, the board shall determine, based upon that medical advice, whether the member is capable of performing other duties. If the board determines that a member, although incapacitated for the performance of the member's duties, is capable of performing other duties, the board shall inform the appropriate agency in county service of its findings and request that the agency immediately initiate a suitable rehabilitation program for the member pursuant to Section 139.5 of the Labor Code, whereby the member could become qualified for assignment to a position in county service consistent with the rehabilitation program.

(b) When the appropriate agency in county service receives such a request from the board, the agency shall immediately refer the member to a qualified rehabilitation representative for vocational evaluation. During the course of the evaluation, the rehabilitation representative shall consult with the appropriate agency in county service to determine what position, if any, in county service would be compatible with the member's aptitudes, interests, and abilities and whether rehabilitation services will enable the member to become qualified to perform the duties of the position.

(c) Upon completion of the vocational evaluation of the member, the rehabilitation representative shall develop a suitable rehabilitation plan and submit the plan for concurrence by the member and the appropriate agency in county service and,

thereafter, the agency shall forward the plan to the Division of Industrial Accidents for approval pursuant to Section 139.5 of the Labor Code.

(d) Upon receipt of approval of the rehabilitation plan, the appropriate agency in county service shall notify the board that the agency is either proceeding to implement an approved rehabilitation plan that will qualify the member for a position in county service specified in the plan or is unable to provide a position in county service compatible with the approved rehabilitation plan. The agency shall not consider as compatible a position for which the compensation is less than an amount equal to two-thirds of the compensation for the position for which the member was incapacitated.

(e) Upon commencement of service by the member in the position specified in the approved rehabilitation plan, the member shall not be paid the disability retirement allowance to which the member would otherwise be entitled during the entire period that the member remains in county service. However, if the compensation rate of the position specified in the approved rehabilitation plan is less than the compensation rate of the position for which the member was incapacitated, the board shall, in lieu of disability retirement allowance, pay to the member a supplemental disability allowance in an amount equal to the difference between the compensation rate of the position for which the member was incapacitated, applicable on the date of the commencement of service by the member in the position specified in the approved rehabilitation plan, and the compensation rate of the position specified in the plan, applicable on the same date. The disability allowance shall be adjusted annually to equal the difference between the current compensation rate of the position for which the member was incapacitated and the current compensation of the position specified in the approved rehabilitation plan. The supplemental disability allowance payments shall commence upon suspension of the disability retirement allowance and the amount of the payments shall not be greater than the disability retirement allowance to which the member would otherwise be entitled. Supplemental disability allowance payments made pursuant to this section shall be considered as a charge against the county advance reserve for current service, and all of these payments received by a member shall be considered as a part of the member's compensation within the meaning of Section 31460.

(f) From the time that the member is eligible to receive a disability retirement allowance until the appropriate agency is able to provide the position in county service specified in the approved rehabilitation plan, and the member has commenced service in that position, the disability retirement allowance to which the member is entitled under this article shall be paid. Upon commencement of service by the member in the position specified in the approved rehabilitation plan, the period during which the member was

receiving disability retirement payments shall not be considered as breaking the continuity of the member's service, and the rate of the member's contributions shall continue to be based on the same age at entrance into the retirement system as the member's rates were based on prior to the date of the member's disability. The member's accumulated contributions shall not be reduced as a result of the member receiving the disability retirement payments, but shall be increased by the amount of interest that would have accrued had the member not been retired.

(g) Notwithstanding Section 31560, a member whose principal duties, while serving in the position for which the member was incapacitated, consisted of activities defined in Section 31469.3 shall, upon commencement of service by the member in the position specified in the approved rehabilitation plan, continue to be considered as satisfying the requirements of Section 31560, notwithstanding the actual duties performed during the entire period that the member remains in county service.

(h) If, within one year from the date that the member has been eligible for a disability retirement allowance, the appropriate agency in county service has offered to the member, in writing, the position specified in the rehabilitation plan which had previously been concurred, in writing, by the member and approved by the Division of Industrial Accidents pursuant to Section 139.5 of the Labor Code, the member shall, within 30 days of receipt of the notice, report for duty at the location specified in the notice. If the member refuses to report for duty within the time specified, the appropriate agency in county service may apply to the board to have the member's allowance discontinued. The board shall be authorized to discontinue the member's disability retirement allowance if based upon substantial evidence of the refusal of the member to report to work without reasonable cause. However, the board shall not be authorized to impair any other of the rights or retirement benefits to which the member would otherwise be entitled.

(i) This section shall apply only to members who are eligible to retire for service-connected disability.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is an immediate need of the members and retirants of the State Teachers' Retirement System for the home loan financing provided by this act. In addition, in order that provision may be made at the earliest possible time for the rehabilitation and return to service of county employees recovering from service-connected disabilities, it is necessary that this act take effect immediately.

CHAPTER 70

An act to amend Section 39015 of the Education Code, relating to property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1986. Filed with Secretary of State April 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 39015 of the Education Code is amended to read:

39015. Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board, and does not use the site within (1) five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district, or, (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district, or if a school district has a site at any grade level which has previously been used but has not been used for school purposes within the preceding five years, the school district shall be subject to nonuse payments, unless the State Allocation Board, from time to time, makes a determination that the school district will utilize the property for the purpose for which it was intended within a reasonable period of time, in a specific amount for each additional year in which the site is retained and not used by the district beyond the foregoing specified periods, except the first additional year shall be deemed to end not earlier than April 30, 1973.

The payments required shall be computed by the Executive Officer of the State Allocation Board and certified to the Controller, and payments shall be equal to one one-hundredth ($1/100$) of the original purchase price of the site modified by either a factor reflecting the change in assessed value of all lands in the state from the date of purchase of the site to the current date or any other factor which in the determination of the State Allocation Board is applicable to the site under consideration.

Whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the school site for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 39360) of Chapter 3 of Part 23 and has received no bids which in the judgment of the State Allocation Board reflect the fair market value of the property, the Executive Officer of the State Allocation Board shall not compute any nonuse payments for the site for a period of one year beyond the date of the determination.

Nonuse payments shall not be required for any year with respect

to a school site that for one-half or more of the number of days of that year has been utilized (1) by the school district, or by any other governmental entity pursuant to agreement with the school district, for school or community playground, playing field, or other outdoor recreational purposes, or (2) by the State Allocation Board, pursuant to agreement with the school district, for the storage of emergency portable classrooms.

Nonuse payments shall not be required for any year with respect to a school site which was leased at least one-half of the days in that year in a manner that subjected the site to property taxes equal to the taxes which would have been paid if the site had been sold.

SEC. 2. (a) The Director of General Services, with the approval of the State Public Works Board and the Director of Parks and Recreation, is hereby authorized to sell, exchange, or lease for current market value or for any lesser consideration authorized by law, and upon those terms and conditions and subject to those reservations and exceptions which the Director of General Services deems to be in the best interest of the state, all that portion of the property described in the deed from Cecil C. Hendrickson and Garnet J. Hendrickson, husband and wife, to the State of California recorded July 27, 1972, in Book 2412, page 709, Official Records of the County of Santa Barbara situated in the County of Santa Barbara, State of California, lying southeasterly of the centerline of Oak Avenue, and northeasterly of Sixth Street according to the map filed in Rack Number 2, as Map Number 4 of Miscellaneous Records of the County of Santa Barbara, containing 0.52 acres, more or less.

(b) Notice of every public auction or bid opening shall be posted on the property to be sold and shall be published in a newspaper of general circulation published in the county in which the real property to be sold is situated. All parcels in this act are exempt from the provisions of Sections 21100 to 21174, inclusive, of the Public Resources Code.

(c) (1) Any cost or expense incurred in the disposition of any parcel may be reimbursed from the proceeds of that disposition.

(2) Subject to paragraph (1), any moneys received from the disposition of any parcel described in this section shall be paid into the General Fund; except that the net proceeds of any sale of state park property shall be deposited as provided in Section 5003.15 of the Public Resources Code.

(d) As to any property sold pursuant to this section containing 10 acres or less, the Director of General Services shall except and reserve to the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, below a depth of 500 feet, without surface rights of entry. As to any property sold pursuant to this section containing more than 10 acres, the Director of General Services shall except and reserve in the state all mineral deposits, as defined in Section 6407 of the Public Resources Code, together with the right to prospect for, mine, and remove the deposits. The rights to prospect for, mine, and remove shall be limited to those areas of

the property conveyed which the director, after consultation with the State Lands Commission, determines to be reasonably necessary for the removal of the resources and deposits.

SEC. 3. Due to the unique circumstances concerning facility needs in the City of Carpinteria for the Santa Barbara Community College District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the pubilc peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to change requirements for nonuse payments for certain school sites as soon as possible and in order that the Santa Barbara Community College District may, at the earliest possible time, acquire the surplus state property provided for in this act for continuation of an existing educational program in the City of Carpinteria, it is necessary that this act take effect immediately.

CHAPTER 71

An act to amend Section 300 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor April 25, 1986 Filed with Secretary of State April 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 300 of the Welfare and Institutions Code is amended to read:

300. Any person under the age of 18 years who comes within any of the following descriptions is within the jurisdiction of the juvenile court which may adjudge that person to be a dependent child of the court:

(a) Who is in need of proper and effective parental care or control and has no parent or guardian, or has no parent or guardian willing to exercise or capable of exercising care or control, or has no parent or guardian actually exercising care or control.

(b) Who is destitute, or who is not provided with the necessities of life, or who is not provided with a home or suitable place of abode, except that no person may be adjudged a dependent child solely due to the lack of an emergency shelter for the family.

(c) Who is physically dangerous to the public because of a mental or physical deficiency, disorder, or abnormality.

(d) Whose home is an unfit place for him or her by reason of neglect, cruelty, depravity, or physical abuse of either of his or her parents, or of his or her guardian or other person in whose custody

or care he or she is.

(e) Who has been freed for adoption from one or both parents for 12 months by either relinquishment or termination of parental rights and for whom an interlocutory decree has not been granted pursuant to Section 224n of the Civil Code or an adoption petition has not been granted.

(f) It is the intention of the Legislature in enacting the amendments to subdivision (a) enacted at the 1985–86 Regular Session, to assure that courts, in making a determination pursuant to subdivision (a) shall not focus upon the fact that a parent has a physical disability. The Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of happy and well-adjusted children and that a court's determination pursuant to subdivision (a) should center upon whether a parent's disability prevents him or her from exercising care and control.

CHAPTER 72

An act to amend Sections 33190 and 33191 of, and to repeal and add Section 44237 of, the Education Code, relating to education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1986. Filed with Secretary of State April 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 33190 of the Education Code is amended to read:

33190. Every person, firm, association, partnership, or corporation offering or conducting private school instruction on the elementary or high school level shall between the first and 15th day of October of each year, commencing on October 1, 1967, file with the Superintendent of Public Instruction an affidavit or statement, under penalty of perjury, by the owner or other head setting forth the following information for the current year:

(a) All names, whether real or fictitious, of the person, firm, association, partnership, or corporation under which it has done and is doing business.

(b) The address, including city and street, of every place of doing business of the person, firm, association, partnership, or corporation within the State of California.

(c) The address, including city and street, of the location of the records of the person, firm, association, partnership, or corporation, and the name and address, including city and street, of the custodian of such records.

(d) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association,

partnership, or corporation.

(e) The school enrollment, by grades, number of teachers, coeducational or enrollment limited to boys or girls and boarding facilities.

(f) That the following records are maintained at the address stated, and are true and accurate:

(1) The records required to be kept by Section 48222.

(2) The courses of study offered by the institution.

(3) The names and addresses, including city and street, of its faculty, together with a record of the educational qualifications of each.

(g) Criminal record summary information has been obtained pursuant to Section 44237.

Whenever two or more private schools are under the effective control or supervision of a single administrative unit, such administrative unit may comply with the provisions of this section on behalf of each of the schools under its control or supervision by submitting one report.

Filing pursuant to this section shall not be interpreted to mean, and it shall be unlawful for any school to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, the State Department of Education, or any division or bureau of the department, or any accrediting agency has made any evaluation, recognition, approval, or endorsement of the school or course unless this is an actual fact.

The Superintendent of Public Instruction shall prepare and publish a list of private elementary and high schools to include the name and address of the school and the name of the school owner or administrator.

SEC. 2. Section 33191 of the Education Code is amended to read:

33191. (a) Commencing October 1, 1985, the affidavit or statement filed with the Superintendent of Public Instruction pursuant to Section 33190 shall, under penalty of perjury, include a statement manifesting compliance with the provisions of Section 44237.

(b) In the case of any private school where the instructor also serves as the administrator of the school, the affidavit or statement shall be made available upon request to the parents or guardians of all pupils currently enrolled in the school and to any parent or guardian considering whether to enroll his or her child in the school.

SEC. 3. Section 44237 of the Education Code is repealed.

SEC. 4. Section 44237 is added to the Education Code, to read:

44237. (a) Commencing October 1, 1985, every person, firm, association, partnership, or corporation offering or conducting private school instruction on the elementary or high school level shall require each new employee having contact with minor pupils and not possessing a valid California state teaching credential, or not currently licensed by another state agency that requires a criminal

record summary, to submit on or before the first day of his or her employment, two sets of fingerprints to the Department of Justice for the purpose of obtaining a criminal record summary from the Department of Justice and the Federal Bureau of Investigation. This requirement is a condition of employment.

(b) The Department of Justice shall furnish a criminal record summary to the employer designated by a new employee submitting fingerprints pursuant to subdivision (a). The criminal record summary shall contain only arrests resulting in a conviction and arrests pending final adjudication. The criminal record summary furnished to the employer shall be maintained by the employer in a secured file separate from personnel files, and shall be maintained in accordance with regulations for Criminal Offender Record Information Security as specified in Subchapter 7 (commencing with Section 700) of Chapter 1 of Title 11 of the California Administrative Code.

(c) The employer may request subsequent arrest service from the Department of Justice as is provided under Section 11105.2 of the Penal Code.

(d) As used in this section, the following terms shall have the following definitions:

(1) "Employer" means every person, firm, association, partnership, or corporation offering or conducting private school instruction on the elementary or high school level.

(2) "New employee" means any person hired to work in a private school on or after July 1, 1985, on a regular, paid full-time or regular, paid part-time basis who will have contact with minor pupils.

(e) Any new employee who wishes to have his or her employer consider information relevant to his or her criminal record, such as evidence of rehabilitation, shall be responsible for submitting these facts or documentation to his or her employer.

(f) The Commission on Teacher Credentialing shall send on a monthly basis to each private school a list of all teachers who have had their state teaching credential revoked or suspended. The list shall be identical to the list compiled for public schools in the state. The commission shall also send on a quarterly basis a complete and updated list of all teachers who have had their teaching credentials revoked or suspended, excluding teachers who have had their credentials reinstated, or who are deceased.

(g) The Department of Justice may charge each applicant for a criminal record summary a reasonable fee to cover costs associated with the processing of the criminal record summary. In no event, shall the fee exceed the actual costs incurred by the department.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the Department of Justice to furnish criminal record summaries and subsequent arrest services for those

employees hired to work on or after the effective date of this bill, by the fall 1985 school year, it is necessary that this act take effect immediately as an urgency statute.

CHAPTER 73

An act relating to community college finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1986 Filed with Secretary of State April 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The sum of four hundred thousand dollars ($400,000) is hereby reappropriated from the amounts remaining from the sum appropriated in subdivision (a), and the sum of eight hundred thousand dollars ($800,000) is hereby reappropriated from the sum appropriated in subdivision (b), of Section 3 of Chapter 184 of the Statutes of 1985, to Section B of the State School Fund for emergency apportionments to the Lassen Community College District for the 1985–86 fiscal year pursuant to Article 2 (commencing with Section 84309) of Chapter 3 of Part 50 of the Education Code.

SEC. 2. The sum of one million two hundred thousand dollars ($1,200,000) is hereby reappropriated from the amounts remaining from the sum appropriated in subdivision (a), and the sum of two million dollars ($2,000,000) is hereby reappropriated from the sum appropriated in subdivision (c), of Section 3 of Chapter 184 of the Statutes of 1985, and the sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund, to Section B of the State School Fund for emergency apportionments to the Peralta Community College District for the 1985–86 fiscal year pursuant to Article 2 (commencing with Section 84309) of Chapter 3 of Part 50 of the Education Code.

SEC. 3. As a condition of receiving any emergency apportionment funds pursuant to this act, in addition to complying with Article 2 (commencing with Section 84309) of Chapter 3 of Part 50 of the Education Code, all of the following conditions shall apply:

(a) The governing boards of the Lassen Community College District and the Peralta Community College District shall each provide all of the following to the Chancellor of the California Community Colleges:

(1) A detailed plan to resolve the financial problems of the district, including the achievement of fiscal stability. The plan shall be submitted for the 1986–87 fiscal year, and annually thereafter for each subsequent fiscal year, as of such dates as are designated by the

chancellor, until the total allocation made pursuant to this act, including interest, is repaid. The plan shall be consistent with the management plan submitted pursuant to Article 2 (commencing with Section 84309) of Chapter 3 of Part 50 of the Education Code. Each annual fiscal plan shall be prepared on both a cash and accrual basis. No district or individual campus expenditure shall deviate from the fiscal plan without the prior written approval of the chancellor.

(2) An educational plan, including, but not necessarily limited to, details on how educational programs, personnel, facilities, and other programs will be affected by each fiscal plan.

(3) Quarterly reports during the 1985–86 fiscal year and in each fiscal year thereafter until the total allocation is repaid, on actual receipts and expenditures compared to the budgeted amounts, by detailed line item.

(4) Other fiscal and management reports as are deemed necessary by the chancellor to ensure the fiscal stability of the district in accordance with this section.

(b) No funds shall be apportioned under this act to any district until the requirements set forth in Article 2 (commencing with Section 84309) of Chapter 3 of Part 50 of the Education Code are met. The chancellor may release a portion not to exceed 25 percent of the district's loan, if in his or her judgment, it is likely that acceptable plans will be submitted by the district and approved. No additional funds shall be released by the chancellor pursuant to this section until the requirements of this section are met.

(c) As to each of these districts, until the total allocation made to the district pursuant to this act, including interest, is repaid and the district has regained fiscal stability, as determined by the chancellor, the chancellor or his or her designee shall:

(1) Review and monitor the plans, reports, and other fiscal material required under subdivision (a), and, at any time, propose any modifications to the fiscal and educational plans he or she deems necessary for the district's achievement of fiscal stability.

(2) If the district fails to adequately implement any proposed modification, do either or both of the following:

(A) Require that all subsequent actions of the district to implement the fiscal and educational plans be submitted for prior written approval.

(B) Reduce any apportionment to the district in any amount he or she deems appropriate.

(3) Report to the chairs of the fiscal and educational policy committees of both houses of the Legislature, the Director of Finance, and the Governor any action taken against the district pursuant to paragraph (2), as well as any corrective action taken by the district thereafter.

(4) Commencing no later than six months after the effective date of this act, and at least every six months thereafter, report to the Joint Legislative Budget Committee and the Director of Finance of the status of the repayment of emergency apportionment funds, the

adequacy of the district's funding level pursuant to this act, and the financial condition of the district. The chancellor shall also conduct a followup review after the final repayment of the total allocation to each district and submit a report thereon to the Joint Legislative Budget Committee and the Director of Finance.

For the purposes of paragraphs (1) and (2), the chancellor may contract for the services to be performed by a designee. The chancellor may transfer to the support budget of the chancellor's office, from funding that would otherwise have been apportioned to the Lassen Community College District and the Peralta Community College District under Section B of the State School Fund, those funds necessary to pay all costs incurred by the designee in performing the services.

(d) The chancellor shall direct the governing board of any community college district receiving apportionments pursuant to this act to submit a petition, file a plan for the adjustment of debts, and otherwise comply with Chapter 9 (commencing with Section 901) of Title 11 of the United States Code if both of the remedies set forth in paragraph (2) of subdivision (c) have been implemented and, in his or her judgment, either of the following conditions nonetheless occurs:

(1) The district is not taking steps necessary to achieve fiscal stability.

(2) Continuation of the district's then current fiscal management practices would not resolve the fiscal deficit of the district and enable it to repay the emergency apportionment funds.

All actions taken by the district pursuant to Chapter 9 (commencing with Section 901) of Title 11 of the United States Code shall be subject to the direction of the chancellor. Any plan filed pursuant to Chapter 9 (commencing with Section 901) of Title 11 of the United States Code may include, but is not limited to, the granting to the chancellor or his or her designee the right of prior approval over any aspects of the operation of the district.

SEC. 4. Notwithstanding any other provision of law, the knowing violation by any governing board member, other officer, or employee of the district of any provision of the fiscal plan approved by the Chancellor of the California Community Colleges or his or her designee under Section 3, or of any modification to that plan proposed by the chancellor or his or her designee and agreed to by the governing board of the district, shall be deemed a violation of official duty for which that officer or employee may be judicially removed from office or employment pursuant to Section 661 of the Penal Code.

The Chancellor of the California Community Colleges, and any other persons or entities as the court may deem proper, shall have standing to initiate an appropriate judicial action for the purposes of this section.

SEC. 5. Due to the unique circumstances affecting the Lassen Community College District and the Peralta Community College

District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Lassen Community College District and the Peralta Community College District to maintain their current educational programs for the 1985–86 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 74

An act to repeal, add, and repeal Section 213.6 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1986. Filed with Secretary of State April 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 213.6 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 213.6 is added to the Revenue and Taxation Code, to read:

213.6. (a) Personal property owned and operated by an organization incorporated by an act of the United States Congress whose purposes are to provide adequate facilities to assist in meeting local and national emergencies and to promote the public welfare and provide aviation and aerospace education and training which is used exclusively for those purposes shall be exempt from taxation, provided that the organization qualifies for exemption under Section 501(c)(3) of the Internal Revenue Code of 1954.

(b) This section shall be effective commencing with the lien date in 1986.

(c) This section shall remain in effect to and including the lien date in 1995, after which it shall become inoperative. This section shall remain in effect only until January 1, 1996, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1996, deletes or extends that date.

SEC. 3. This act makes a classification or exemption of property for purposes of ad valorem property taxation within the meaning of Section 2229 of the Revenue and Taxation Code.

SEC. 4. The Legislature finds and declares that the retroactive continuation of the exemption provided by this act serves a public purpose for all state and local governments inasmuch as the loss of

the tax exemption would result in a major reduction in the ability of the Civil Air Patrol to provide necessary search and rescue/disaster relief programs on a statewide basis.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reinstitute a lapsed program as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 75

An act to validate the organization, boundaries, acts, proceedings, and bonds of public bodies, and to provide limitations of time within which actions may be commenced, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 25, 1986. Filed with Secretary of State April 25, 1986.]

The people of the State of California do enact as follows:

The term "public body" and the plural thereof, as used in this act, shall include only those entities which are specifically enumerated in this section.

(b) "Bonds" means all instruments evidencing an indebtedness of a public body incurred or to be incurred for any public purpose, all leases, installment purchase agreements, or similar agreements in which the obligor is one or more public bodies, all instruments evidencing the borrowing of money in anticipation of taxes, revenues, or other income of such body, all instruments payable from revenues or special funds of such public bodies, all certificates of participation evidencing interests in the leases, installment purchase agreements, or similar agreements, and all instruments funding, refunding, replacing, or amending any thereof or any indebtedness.

(c) "Hereafter" means any time subsequent to the effective date of this act.

(d) "Heretofore" means any time prior to the effective date of this act.

(e) "Now" means the effective date of this act.

SEC. 3. All public bodies heretofore organized or existing under,

or under color of, any law are hereby declared to have been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations, of such a public body regularly formed pursuant to law.

SEC. 4. The boundaries of every public body as heretofore established, defined, or recorded, or as heretofore actually shown on maps or plats used by the assessor, are hereby confirmed, validated, and declared legally established.

SEC. 5. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger, or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger, or dissolution of such public bodies.

SEC. 6. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds of any such public body for any public purpose are hereby authorized, confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board, or agency heretofore done or taken upon the question of the authorization, issuance, sale, execution, delivery, or exchange of such bonds.

All bonds of, or relating to, any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore awarded and sold to a purchaser and hereafter issued and delivered in accordance with the contract of sale and other proceedings for the award and sale shall be the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore authorized to be issued by ordinance, resolution, order, or other action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. All bonds of, or relating to, any public body heretofore authorized to be issued at an election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid, and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question

of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid, and binding obligations of the public body.

SEC. 7. (a) This act shall operate to supply such legislative authorization as may be necessary to authorize, confirm, and validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) This act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) This act shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which is pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to authorize, confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void, or ineffective.

(d) This act shall not operate to authorize, confirm, validate, or legalize a contract between any public body and the United States.

SEC. 8. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization, or incorporation of any public body, or for any annexation thereto, exclusion therefrom, or other change of boundaries thereof, or for the consolidation, merger, or dissolution of any public bodies, or for, or in connection with, the authorization, issuance, sale, execution, delivery, or exchange of bonds thereof upon any ground involving any alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of such matters shall be held to be valid and in every respect legal and incontestable. This act shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 9. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by those sections.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting the necessity are:

To validate the organization, boundaries, acts, proceedings, and bonds of public bodies as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 76

An act to amend Section 14087.51 of the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 30, 1986. Filed with Secretary of State April 30, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14087.51 of the Welfare and Institutions Code is amended to read:

14087.51. It is necessary that a special commission be established in San Mateo County in order to meet the problems of the delivery of publicly assisted medical care in the county and to demonstrate ways of promoting quality care and cost efficiency. Because there is no general law under which such a commission could be formed, the adoption of a special act and the formation of a special commission is required.

The Board of Supervisors of San Mateo County may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter. If the board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean the commission established pursuant to this section.

The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, and such other matters as the board of supervisors deems necessary or convenient for the conduct of the county commission's activities. All commissioners shall be appointed by majority vote of the board of supervisors and shall serve at the pleasure thereof. The board of supervisors may appoint no more than two of its own members to serve on the commission.

As an alternative to establishing a separate commission, the enabling ordinance may designate the board of supervisors itself as the commission authorized by this article.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to apply the provisions of this act to the appointment of members of the special commission in San Mateo County prior to the end of the 1986 calendar year, it is essential that this act go into effect immediately.

CHAPTER 77

An act to amend Section 9409 of the Welfare and Institutions Code, relating to elderly persons, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 3, 1986 Filed with Secretary of State May 5, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 9409 of the Welfare and Institutions Code is amended to read:

9409. This chapter shall remain in effect until the state establishes a new local long-term care delivery system pursuant to the Torres-Felando Long-Term Care Reform Act (Chapter 1453 of the Statutes of 1982) or until June 30, 1989, whichever comes first and as of that date is repealed unless a later enacted statute chaptered prior to that date extends or deletes that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid the interruption of a vital service to elderly persons, it is essential that this act take effect immediately.

CHAPTER 78

An act to add Section 6054 to the Business and Professions Code, relating to criminal history information.

[Approved by Governor May 3, 1986. Filed with Secretary of State May 5, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 6054 is added to the Business and Professions Code, to read:

6054. State and local law enforcement and licensing bodies and departments, officers and employees thereof, and officials and attachés of the courts of this state shall cooperate with and give reasonable assistance and information, including the providing of

state summary criminal history information and local summary criminal history information, to the State Bar of California or any authorized representative thereof, in connection with any investigation or proceeding within the jurisdiction of the State Bar of California, regarding the admission to the practice of law or discipline of attorneys or their reinstatement to the practice of law.

The State Bar of California shall require that an applicant for admission or reinstatement to the practice of law in California shall be fingerprinted in order to establish the identity of the applicant and in order to determine whether the applicant has a record of criminal conviction in this state or in other states. The information obtained as a result of the fingerprinting of an applicant shall be limited to the official use of the State Bar in establishing the identity of the applicant and in determining the character and fitness of the applicant for admission or reinstatement. After admission or reinstatement all fingerprint records of that applicant shall be destroyed.

All costs of providing criminal history information to, and the processing of fingerprints for, the State Bar, as required by this section, shall be borne by the State Bar.

SEC. 2. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 79

An act to amend Section 7071.8 of the Business and Professions Code, relating to contractors.

[Approved by Governor May 3, 1986 Filed with Secretary of State May 5, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7071.8 of the Business and Professions Code is amended to read:

7071.8. (a) This section applies to an application for a license, for restoration of a license, or for continued valid use of a license which has been disciplined, whether or not the disciplinary action has been stayed, made by any of the following persons or firms:

(1) Any person whose license has been suspended or revoked as a result of disciplinary action for violation of this chapter.

(2) Any person who was an officer, director, member, partner or qualifying individual for a licensee at any time during which cause

for disciplinary action occurred resulting in suspension or revocation of the licensee's license and who had knowledge of or participated in the act or omission which was the cause for the disciplinary action for violation of this chapter.

(3) Any partnership, corporation, firm or association of which any officer, director, member, partner or qualifying person has had the license suspended or revoked as a result of disciplinary action for violation of this chapter.

(4) Any partnership, corporation, firm or association of which any officer, director, member, partner or qualifying person was a member, officer, director, partner or qualifying person of a licensee at any time during which cause for disciplinary action occurred resulting in suspension or revocation of the license, and who had knowledge of or participated in the act or omission which was the cause for the disciplinary action for violation of this chapter.

(b) The board shall require as a condition precedent to the issuance, reissuance or restoration of a license to the applicant, or removal of suspension, or to the continued valid use of a license which has been suspended or revoked, but which suspension or revocation has been stayed, that the applicant or licensee file or have on file a contractor's bond in a sum to be fixed by the registrar based upon the seriousness of the violation, but which sum shall not be less than fifteen thousand dollars ($15,000) nor more than 10 times that amount required by Section 7071.6.

(c) The bond is in addition to, may not be combined with, and does not replace any other type of bond required by this chapter. The bond shall remain on file with the registrar for a period of at least two years and for such additional time as the registrar may determine. The bond period shall run only while the license is current, active, and in good standing, and shall be extended until such time as the license has been current, active, and in good standing for the required period. Each applicant or licensee shall be required to file only one disciplinary contractor's bond of the type described in this section for each application or license subject to this bond requirement.

CHAPTER 80

An act to amend Sections 11370.2, 11370.4, and 11379.8 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor May 3, 1986. Filed with Secretary of State May 5, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11370.2 of the Health and Safety Code is amended to read:

11370.2. (a) Any person convicted of a violation of Section 11351 or 11352 shall receive, in addition to any other punishment authorized by law, including Section 667.5 of the Penal Code, a full, separate, and consecutive three-year term for each prior felony conviction of Section 11351, 11352, 11378, 11378.5, 11379, 11379.5, 11379.6, 11380, 11380.5, or 11383, whether or not the prior conviction resulted in a term of imprisonment.

(b) Any person convicted of a violation of Section 11378.5, 11379.5, 11379.6, 11380.5, or 11383 shall receive, in addition to any other punishment authorized by law, including Section 667.5 of the Penal Code, a full, separate, and consecutive three-year term for each prior felony conviction of Section 11351, 11352, 11378, 11378.5, 11379, 11379.5, 11379.6, 11380, 11380.5, or 11383, whether or not the prior conviction resulted in a term of imprisonment.

(c) Any person convicted of a violation of Section 11378 or 11379 with respect to any substance containing a controlled substance specified in paragraph (1) or (2) of subdivision (d) of Section 11055 shall receive, in addition to any other punishment authorized by law, including Section 667.5 of the Penal Code, a full, separate, and consecutive three-year term for each prior felony conviction of Section 11351, 11352, 11378, 11378.5, 11379, 11379.5, 11379.6, 11380, 11380.5, or 11383, whether or not the prior conviction resulted in a term of imprisonment.

(d) The enhancements provided for in this section shall be pleaded and proven as provided by law.

SEC. 2. Section 11370.4 of the Health and Safety Code is amended to read:

11370.4. (a) Any person convicted of a violation of Section 11351 or 11352 with respect to a substance containing heroin or cocaine shall receive an additional term as follows:

(1) Where the substance exceeds three pounds by weight, the person shall receive an additional term of three years.

(2) Where the substance exceeds 10 pounds by weight, the person shall receive an additional term of five years.

(3) Where the substance exceeds 25 pounds by weight, the person shall receive an additional term of 10 years.

(b) Any person convicted of a violation of Section 11378, 11378.5, 11379, or 11379.5 with respect to a substance containing methamphetamine, amphetamine, or phencyclidine (PCP) and its analogs shall receive an additional term as follows:

(1) Where the substance exceeds three pounds by weight, or nine gallons by liquid volume, the person shall receive an additional term of three years.

(2) Where the substance exceeds 10 pounds by weight, or 33⅓ gallons by liquid volume, the person shall receive an additional term of five years.

(3) Where the substance exceeds 25 pounds by weight, or 62½ gallons by liquid volume, the person shall receive an additional term of 10 years.

In computing the quantities involved in this subdivision, plant or vegetable material seized shall not be included.

(c) The additional terms provided in this section shall not be imposed unless the allegation that the weight of the substance containing heroin, cocaine, methamphetamine, amphetamine, or phencyclidine (PCP) and its analogs exceeds the amounts provided in this section is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(d) The additional terms provided in this section shall be in addition to any other punishment provided by law.

(e) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in this section if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

SEC. 3. Section 11379.8 of the Health and Safety Code is amended to read:

11379.8. (a) Any person convicted of a violation of subdivision (a) of Section 11379.6 with respect to any substance containing a controlled substance which is specified in paragraph (21), (22), or (23) of subdivision (d) of Section 11054, or in paragraph (1) or (2) of subdivision (d) or in paragraph (3) of subdivision (e) or in paragraph (2) of subdivision (f) of Section 11055 shall receive an additional term as follows:

(1) Where the substance exceeds three gallons of liquid by volume or one pound of solid substances by weight, the person shall receive an additional term of three years.

(2) Where the substance exceeds 10 gallons by liquid volume or three pounds of solid substance by weight, the person shall receive an additional term of five years.

(3) Where the substance exceeds 25 gallons of liquid volume or 10 pounds of solid substance by weight, the person shall receive an additional term of 10 years.

In computing the quantities involved in this subdivision, plant or vegetable material seized shall not be included.

(b) The additional terms provided in this section shall not be imposed unless the allegation that the controlled substance exceeds the amounts provided in this section is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(c) The additional terms provided in this section shall be in addition to any other punishment provided by law.

(d) Notwithstanding any other provision of law, the court may strike the additional punishment for the enhancements provided in this section if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

CHAPTER 81

An act to amend Section 2931a of the Civil Code, and to add Section 2196 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor May 5, 1986 Filed with Secretary of State May 6, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2931a of the Civil Code is amended to read:

2931a. In any action brought to determine conflicting claims to real property, or for partition of real property, or to foreclose a deed of trust, mortgage, or other lien upon real property, or in all eminent domain proceedings under Section 1250.110 et seq., of the Code of Civil Procedure against real property upon which exists a lien to secure the payment of taxes or other obligations to an agency of the State of California, other than ad valorem taxes upon the real property, the state agency charged with the collection of the tax obligation may be made a party. In such an action, the court shall have jurisdiction to determine the priority and effect of the liens described in the complaint in or upon the property, but the jurisdiction of the court in the action shall not include a determination of the validity of the tax giving rise to the lien or claim of lien. The complaint or petition in the action shall contain a description of the lien sufficient to enable the tax or other obligation, payment of which it secures, to be identified with certainty, and shall include the name and address of the person owing the tax or other obligation, the name of the state agency that recorded the lien, and the date and place where the lien was recorded. Services of process in the action shall be made upon the agency, officer, board, commission, department, division, or other body charged with the collection of the tax or obligation. It shall be the duty of the Attorney General to represent the state agency in any such action.

SEC. 2. Section 2196 is added to the Revenue and Taxation Code, to read:

2196. (a) If the tax collector determines, following the presentation of evidence by the owner or assessee of real property, that a lien on that property for unpaid taxes, assessments, fees, or charges levied by a local public entity has been erroneously filed for recordation, the tax collector shall send a document to the recorder stating the facts which indicate the erroneous filing. The document shall be clearly labeled with the words "Removal of Invalid Lien."

(b) The recorder shall mail the original "Removal of Invalid Lien" document to the owner of the property after recording the document.

(c) For purposes of this section, "local public entity" means a county, a city, or a district.

SEC. 3. No reimbursement shall be made from the State

Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 82

An act to add Section 2764 to the Public Resources Code, relating to surface mining and reclamation.

[Approved by Governor May 5, 1986. Filed with Secretary of State May 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2764 is added to the Public Resources Code, to read:

2764. (a) Upon the request of an operator or other interested person and payment by the requesting person of the estimated cost of processing the request, the lead agency having jurisdiction shall amend its general plan, or prepare a new specific plan or amend any applicable specific plan, that shall, with respect to the continuation of the existing surface mining operation for which the request is made, plan for future land uses in the vicinity of, and access routes serving, the surface mining operation in light of the importance of the minerals to their market region as a whole, and not just their importance to the lead agency's area of jurisdiction.

(b) In adopting amendments to the general plan, or adopting or amending a specific plan, the lead agency shall make written legislative findings as to whether the future land uses and particular access routes will be compatible or incompatible with the continuation of the surface mining operation, and if they are found to be incompatible, the findings shall include a statement of the reasons why they are to be provided for, notwithstanding the importance of the minerals to their market region as a whole or their previous designation by the board, as the case may be.

(c) Any evaluation of a mineral deposit prepared by a lead agency for the purpose of carrying out this section shall be transmitted to the State Geologist and the board.

(d) The procedure provided for in this section shall not be undertaken in any area that has been designated pursuant to Article 6 (commencing with Section 2790) if mineral resource management policies have been established and incorporated in the lead agency's general plan in conformance with Article 4 (commencing with Section 2755).

SEC. 2. No appropriation is made by this act pursuant to Section

6 of Article XIII B of the California Constitution because self-financing authority is provided in this act by the addition of Section 2764 to the Public Resources Code to cover any costs that may be incurred in carrying on any program or performing any service required to be carried on or performed by this act.

CHAPTER 83

An act relating to public utilities.

[Approved by Governor May 5, 1986. Filed with Secretary of State May 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) The Public Utilities Commission shall investigate and study the situation existing in regions throughout the state involving agricultural processors of both food and fiber and operators of refrigerated warehousing necessary for the processing and marketing of agricultural commodities operating in a common production or marketing area which are charged significantly different rates for the same, or substantially the same, electric or gas service.

(b) The investigation and study shall include, but not be limited to, analyses of all of the following:

(1) The effects of different electric and gas rate structures on agricultural processors and refrigerated warehouse operators which are similarly situated.

(2) The rate structuring processes and methods of every electrical and gas corporation serving agricultural processors and refrigerated warehouse operators.

(3) The impact of time-of-day use rates on agricultural processors.

(4) The effects of contracts between electrical and gas corporations and their intermediary suppliers on agricultural processors and refrigerated warehouse operators.

(5) The effects on rates charged to agricultural processors and refrigerated warehouse operators of the different sources of supply of electricity and gas.

(c) The commission shall report its findings, conclusions, and recommendations to the Legislature on or before April 1, 1987.

CHAPTER 84

An act to repeal Section 13968.1 of the Government Code, and to add Section 13823.95 to the Penal Code, relating to victims of crime.

[Approved by Governor May 5, 1986. Filed with Secretary of State May 6, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 13968.1 of the Government Code is repealed.

SEC. 2. Section 13823.95 is added to the Penal Code, to read:

13823.95. No costs incurred by a physician, hospital, or other emergency medical facility for the examination of the victim of a sexual assault, as described in the protocol developed pursuant to Section 13823.5, when the examination is performed, pursuant to Sections 13823.5 and 13823.7, for the purposes of gathering evidence for possible prosecution, shall be charged directly or indirectly to the victim of the assault. Those costs shall be treated as local costs and charged to the appropriate local government agency as follows:

(a) If the examination is provided at a county or city hospital, or hospital district facility, the county shall pay the expenses.

(b) If the examination is performed at a private hospital or in the office of a physician and surgeon, the expenses shall be paid by the local governmental agency in whose jurisdiction the alleged offense was committed.

Bills for these costs shall be submitted to the law enforcement agency in the jurisdiction in which the alleged offense was committed which requests the examination.

The law enforcement agency in the jurisdiction in which the alleged offense was committed which requests the examination has the option of determining whether or not the examination will be performed in the office of a physician and surgeon.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 85

An act to amend Sections 667 and 1385 of the Penal Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 1986 Filed with Secretary of State May 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Career Criminal Punishment Act."

SEC. 1.5. Section 667 of the Penal Code is amended to read:

667. (a) In compliance with subdivision (b) of Section 1385, any person convicted of a serious felony who previously has been convicted of a serious felony in this state or of any offense committed in another jurisdiction which includes all of the elements of any serious felony, shall receive, in addition to the sentence imposed by the court for the present offense, a five-year enhancement for each such prior conviction on charges brought and tried separately. The terms of the present offense and each enhancement shall run consecutively.

(b) This section shall not be applied when the punishment imposed under other provisions of law would result in a longer term of imprisonment. There is no requirement of prior incarceration or commitment for this section to apply.

(c) The Legislature may increase the length of the enhancement of sentence provided in this section by a statute passed by majority vote of each house thereof.

(d) As used in this section "serious felony" means a serious felony listed in subdivision (c) of Section 1192.7.

(e) The provisions of this section shall not be amended by the Legislature except by statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership concurring, or by a statute that becomes effective only when approved by the electors.

SEC. 2. Section 1385 of the Penal Code is amended to read:

1385. (a) The judge or magistrate may, either of his or her own motion or upon the application of the prosecuting attorney, and in furtherance of justice, order an action to be dismissed. The reasons for the dismissal must be set forth in an order entered upon the minutes. No dismissal shall be made for any cause which would be ground of demurrer to the accusatory pleading.

(b) This section does not authorize a judge to strike any prior conviction of a serious felony for purposes of enhancement of a sentence under Section 667.

SEC. 3. It is the intent of the Legislature to abrogate the holding in People v. Fritz, 40 Cal. 3d 227, and to restrict the authority of the

trial court to strike prior convictions of serious felonies when imposing an enhancement under Section 667 of the Penal Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

So as to abrogate the decision, without undue delay, of the California Supreme Court in People v. Fritz, 40 Cal. 3d 227, which held on October 28, 1985, that a judge has discretion under Section 1385 of the Penal Code to strike a previous conviction of serious felonies, as defined, under Section 667 of the Penal Code and, therefore, may limit the imposition of enhancements in the sentencing of those convicted felons, it is necessary that this act go into immediate effect.

CHAPTER 86

An act to amend Sections 56332, 56335, and 56336 of the Government Code, relating to local agencies.

[Approved by Governor May 5, 1986. Filed with Secretary of State May 6, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 56332 of the Government Code is amended to read:

56332. (a) The commission of any county shall be enlarged by two members if, pursuant to Chapter 5 (commencing with Section 56450), the commission of any county does both of the following:

(1) Orders representation of special districts upon the commission.

(2) Adopts regulations affecting the functions and services of special districts.

In addition to the commission members selected pursuant to Sections 56325, 56329, and 56330, two commission members shall be selected by an independent special district selection committee to represent special districts in the county.

(b) The independent special district selection committee shall consist of the presiding officer of the legislative body of each independent special district. However, if the presiding officer of an independent special district is unable to attend a meeting of the independent special district selection committee, the legislative body of the district may appoint one of its members to attend the meeting of the selection committee in the presiding officer's place. Those districts shall include districts located wholly within the county and those containing territory within the county representing 50 percent or more of the assessed value of taxable

property of the district, as shown on the last equalized county assessment roll. Each member of the committee shall be entitled to one vote for each independent special district of which he or she is the presiding officer. Members representing a majority of the eligible districts shall constitute a quorum.

(c) The executive officer shall call and give written notice of all meetings of the members of the selection committee. A meeting shall be called and held under either of the following circumstances:

(1) Whenever a vacancy exists among the members or alternate members representing independent special districts upon the commission.

(2) Upon receipt of a written request by one or more members of the selection committee representing districts having 10 percent or more of the assessed value of taxable property within the county, as shown on the last equalized county assessment roll.

(d) If the executive officer determines that a meeting of the special district selection committee, for the purpose of selecting the special district representatives or for filling a vacancy, is not feasible, the executive officer may conduct the business of the committee in writing, as provided in this subdivision. The executive officer may call for nominations to be submitted in writing within 30 days. At the end of the nominating period, the executive officer shall prepare and deliver, or send by certified mail, to each independent special district one ballot and voting instructions. The ballot shall include the names of all nominees and the office for which each was nominated. The districts shall return the ballots to the executive officer by the date specified in the voting instructions, which date shall be at least 30 days from the date on which the executive officer mailed the ballots to the districts. Any ballot received by the executive officer after the specified date is invalid. The executive officer shall announce the results of the election within seven days of the specified date.

(e) The selection committee shall appoint two regular members and one alternate member to the commission. The members so appointed shall be elected or appointed special district officers residing within the county but shall not be members of the legislative body of a city or county. If one of the regular district members is absent from a commission meeting or disqualifies himself or herself from participating in a meeting, the alternate district member may serve and vote in place of the regular district member for that meeting. The representation by a regular district member who is a special district officer shall not disqualify, or be cause for disqualification of, the member from acting on a proposal affecting the special district. The special district selection committee may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the district of which the member is a representative.

(f) If the office of a regular district member becomes vacant, the alternate member may serve and vote in place of the former regular district member until the appointment and qualification of a regular

district member to fill the vacancy.

SEC. 2. Section 56335 of the Government Code is amended to read:

56335. In each county containing two or more cities, regular and alternate city members to the commission shall be appointed by the city selection committee organized in the county pursuant to and in the manner provided in Article 11 (commencing with Section 50270) of Chapter 1 of Part 1 of Division 1. Regular members of the commission shall be appointed by the city selection committee pursuant to Sections 56325, 56326, and 56327.

The city selection committee shall appoint one alternate member to the commission in the same manner as it appoints a regular member. If one of the regular city members is absent from a commission meeting, or disqualifies himself or herself from participating in a meeting, the alternate member may serve and vote in place of that regular city member for that meeting.

Except in the case of a member appointed pursuant to subdivision (d) of Section 56326 or subdivision (b) of Section 56327, a city selection committee, may, at the time it appoints a member or alternate, provide that the member or alternate is disqualified from voting on proposals affecting the city which the member or alternate represents.

If the office of a regular city member becomes vacant, the alternate member may serve and vote in place of the former regular city member until the appointment and qualification of a regular city member to fill the vacancy.

SEC. 3. Section 56336 of the Government Code is amended to read:

56336. Each commission may adopt regulations with respect to disqualification of members or alternates from participating in the review of a proposal. In the absence, however, of those regulations, Section 56332 or 56335 shall apply. The representation by a member or alternate of a city or district shall not disqualify, or be cause for disqualification of, the member or alternate from acting on a proposal affecting the city or the district, and any regulation providing for the disqualification of a city or district representative for that reason is null and void.

CHAPTER 87

An act to amend Section 35291 of, and to add Sections 35291.5 and 35291.7 to, the Education Code, relating to schools.

[Approved by Governor May 11, 1986 Filed with Secretary of State May 12, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 35291 of the Education Code is amended to read:

35291. The governing board of any school district shall prescribe rules not inconsistent with law or with the rules prescribed by the State Board of Education, for the government and discipline of the schools under its jurisdiction. The governing board of each school district which maintains any of grades 1 through 12, inclusive, shall, at the time and in the manner prescribed by Sections 48980 and 48981, notify the parent or guardian of all pupils registered in schools of the district of the availability of rules of the district pertaining to student discipline.

SEC. 2. Section 35291.5 is added to the Education Code, to read:

35291.5. (a) On or before December 1, 1987, and at least every four years thereafter, each public school, in accordance with the requirements of this section, shall adopt rules and procedures on school discipline applicable to the school. The school discipline rules and procedures shall be consistent with any applicable policies adopted by the governing board and state statutes governing school discipline. In developing these rules and procedures, each school shall solicit the participation, views, and advice of one representative selected by each of the following groups:

(1) Parents.

(2) Teachers.

(3) School administrators.

(4) School security personnel, if any.

(5) For junior high schools and high schools, pupils enrolled in the school.

Meetings for the development of the rules and procedures should be developed and held within the school's existing resources, during nonclassroom hours, and on normal schooldays.

The final version of the rules and procedures on school discipline with attendant regulations shall be adopted by a panel comprised of the principal of the school, or his or her designee, and a representative selected by classroom teachers employed at the school.

It shall be the duty of each employee of the school to enforce the rules and procedures on school discipline adopted under this section.

(b) The governing board of each school district shall prescribe procedures to provide written notice to continuing pupils at the

beginning of each school year and to transfer pupils at the time of their enrollment in the school and to their parents or guardians regarding the school discipline rules and procedures adopted pursuant to subdivision (a).

(c) Each school shall file a copy of its school discipline rules and procedures with the district superintendent of schools and governing board on or before January 1, 1988.

(d) The governing board may review, at an open meeting, the approved school discipline rules and procedures for consistency with governing board policy and state statutes.

SEC. 2.5. Section 35291.7 is added to the Education Code, to read:

35291.7. Additional employees may not be hired and substitute teachers may not be utilized in order to comply with the requirements of Sections 35291 and 35291.5.

SEC. 3. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 88

An act to amend Section 86 of the Code of Civil Procedure, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1986. Filed with Secretary of State May 13, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 86 of the Code of Civil Procedure is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five

thousand dollars ($25,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding twenty-five thousand dollars ($25,000) or property of a value not exceeding twenty-five thousand dollars ($25,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of real property where rent is charged, and the amount of the last rental charged is one thousand dollars ($1,000) per month or less, and the whole amount of damages claimed is twenty-five thousand dollars ($25,000) or less.

(B) In all other actions to recover possession of real property where the rental value is one thousand dollars ($1,000) per month or less, and the whole amount claimed is twenty-five thousand dollars ($25,000) or less.

(5) In all actions to enforce and foreclose liens on personal property where the amount of the liens is twenty-five thousand dollars ($25,000) or less.

(6) In all actions to enforce and foreclose liens of mechanics, materialmen, artisans, laborers, and of all other persons to whom liens are given under the provisions of Chapter 2 (commencing with Section 3109) of Title 15 of Part 4 of Division 3 of the Civil Code, or to enforce and foreclose an assessment lien on a condominium created pursuant to Section 1356 of the Civil Code, where the amount of the liens is twenty-five thousand dollars ($25,000) or less. However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(8) To issue temporary restraining orders and preliminary injunctions, to take accounts, and to appoint receivers where necessary to preserve the property or rights of any party to an action of which the court has jurisdiction; to appoint a receiver and to make

any order or perform any act, pursuant to Title 9 (commencing with Section 680.010) of Part 2 (enforcement of judgments); to determine title to personal property seized in an action pending in such court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding twenty-five thousand dollars ($25,000) or the debt denied does not exceed twenty-five thousand dollars ($25,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, except for uninsured motorist arbitration proceedings in accordance with Section 11580.2 of the Insurance Code, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than twenty-five thousand dollars ($25,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to exclude uninsured motorist arbitration proceedings from the jurisdiction of municipal courts and justice courts at the earliest possible time it is necessary that this act take effect immediately.

CHAPTER 89

An act to amend Sections 1137 and 1178 of, to add Section 1137.1 to, and to repeal and add Section 1221 of, the Unemployment Insurance Code, relating to unemployment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1986. Filed with Secretary of State May 13, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1137 of the Unemployment Insurance Code is amended to read:

1137. (a) If the director finds, in accordance with Section 1137.1, that the collection of any contributions will be jeopardized by delay the director shall thereupon make an assessment of those contributions, served pursuant to Section 1206, noting upon the assessment that it is a jeopardy assessment levied under this section and the facts upon which the director finds that collection of contributions will be jeopardized by delay. The amount of the assessment shall be immediately delinquent, whether or not the time otherwise allowed by law or authorized regulations has expired. When applicable, the penalties provided in Sections 1126, 1127, and 1128, and interest under Section 1129, shall attach to the amount of the contributions specified in the jeopardy assessment. Penalties under Section 1135 shall apply if payment is not made, or security for payment is not provided, within 30 days of service of a jeopardy assessment.

(b) In levying the assessment, the director may demand a deposit of such security as the director deems necessary to ensure compliance with this division, including additional security from time to time, but not more frequently than monthly, in the amount of accumulating interest. The deposit of sufficient security to ensure compliance shall stay other collection action by the director while the assessment is under review. The deposit of the sufficient security shall not be a condition for the exercise of the review and appeal rights of the employer pursuant to Sections 1221, 1222, 1223, and 1224. The filing of a petition for reassessment pursuant to Section 1221 shall not stay collection action by the director while the assessment is under review, but shall stay the sale of all property other than perishable goods seized by the director pursuant to the collection action until a final decision from a preliminary hearing pursuant to subdivision (b) of Section 1221 is issued by the administrative law judge or the board.

SEC. 2. Section 1137.1 is added to the Unemployment Insurance Code, to read:

1137.1. A jeopardy assessment may be made only upon a finding by the director, based upon probable cause, that any of the following

conditions are met:

(a) The employing unit is insolvent.

(b) The employing unit has transferred, or is about to transfer, assets for less than fair market value, and by so doing has rendered, or is likely to render, itself insolvent.

(c) The employing unit has been dissolved.

(d) Any person liable for the employing unit's contribution, or any owner, officer, director, partner, or other person having charge of the affairs of the employing unit has departed or is about to depart the State of California and that the departure is likely to deprive the director of a source of payment of the employing unit's contribution.

(e) Any person referred to in subdivision (d), or the employing unit, is secreting assets or is moving, placing, or depositing assets outside of the state for the purpose of interfering with the orderly collection of any contribution. The moving, placing, or depositing of assets outside of the state which constitutes a regular business practice and which does not in any way deplete the assets of the employing unit shall not be deemed to be interfering with the orderly collection of any contribution under this subdivision.

SEC. 3. Section 1178 of the Unemployment Insurance Code is amended to read:

1178. (a) A claim for refund or credit may be filed with the director for any overpayment including, but not limited to, amounts paid subsequent to the filing for record of a certificate under Section 1703 or the entry of a judgment under Section 1815.

(b) No refund shall be made or credit allowed unless a claim therefor is filed with the director within three years from the last day of the calendar month following the close of the calendar quarter for which the overpayment was made or within six months after assessments made under Article 8 (commencing with Section 1126) of this chapter become final or within 60 days from the date of overpayment, whichever period expires the later, but prior to the expiration of such periods even though no claim is filed the director on his own initiative shall make refunds pursuant to Section 1177 or may allow credits.

(c) No refund of employer or worker contributions, penalties or interest shall be made or credit for worker contributions allowed unless the employing unit conforms, within one year after the allowance of credit or approval of the claim for refund, to authorized regulations with respect to the refund to workers entitled thereto of any money deducted by the employing unit under Section 984.

(d) Following a final decision denying a petition for reassessment pursuant to Article 11 (commencing with Section 1221), the employing unit or other person which was a party to the petition may file a claim for refund upon payment of the amount of the assessment, including interest and penalties, and thereafter may pursue all administrative and judicial review rights accorded in Article 11 (commencing with Section 1221) and Article 12 (commencing with Section 1241).

SEC. 4. Section 1221 of the Unemployment Insurance Code is repealed.

SEC. 5. Section 1221 is added to the Unemployment Insurance Code, to read:

1221. (a) Within 10 working days of notice of an assessment pursuant to Section 1137, the employer may file a petition for reassessment of the jeopardy assessment pursuant to Section 1222.

(b) Within five days of receiving a petition for reassessment pursuant to subdivision (a), the board shall notify the employer of the date and time of a preliminary hearing to determine the reasonableness of levying the assessment pursuant to Section 1137. The preliminary hearing shall be held before an administrative law judge and scheduled not less than 10 nor more than 20 days from the filing of the petition for reassessment. The administrative law judge shall issue a decision within 10 days of the scheduled hearing date. The date scheduled for the preliminary hearing may be continued by the administrative law judge upon the request of the employer and the director.

(c) The burden of proof on the issue of the reasonableness of levying the assessment pursuant to Section 1137 shall be on the director. In determining the reasonableness of levying the assessment pursuant to Section 1137 at the preliminary hearing, the administrative law judge shall consider and make findings on whether the director had probable cause under Section 1137.1 to levy the assessment pursuant to Section 1137. If the administrative law judge or the board, on appeal from an administrative law judge's decision, decides that the assessment should not have been levied under Section 1137, the assessment shall automatically become, and shall have the effect of, an assessment pursuant to Section 1126 or 1127, whichever is applicable. If the administrative law judge or the board decides that the assessment was properly levied under Section 1137, this decision shall be incorporated in any decision rendered following the hearing pursuant to subdivision (d). The board shall expedite any appeal from an administrative law judge's decision on a preliminary hearing.

(d) All other issues raised by a petition for reassessment filed pursuant to subdivision (a), including, but not limited to, the appropriateness of the amount assessed, shall be determined at a hearing scheduled and held pursuant to Sections 1223 and 1224.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make essential changes to unemployment compensation benefit provisions, and to facilitate the orderly administration of the unemployment compensation system as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 90

An act to add Section 17913 to the Health and Safety Code, relating to building standards.

[Approved by Governor May 13, 1986. Filed with Secretary of State May 13, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 17913 is added to the Health and Safety Code, to read:

17913. (a) The department shall notify the entities listed in subdivision (c) of the dates that each of the uniform codes described in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 17922 are published by the specified organizations and the dates the codes are approved by the State Building Standards Commission pursuant to Section 18930 or the dates the codes are considered to be adopted pursuant to subdivision (a) of Section 17922.

(b) The department may publish information bulletins regarding code enforcement as emergencies occur or at any other time the department determines appropriate.

(c) The department shall distribute the information described in subdivision (a), and may distribute the information described in subdivision (b), to the following entities:

(1) The building department in each county and city.

(2) Housing code officials, fire service officials, professional associations concerned with building standards, and any other persons or entities the department determines appropriate.

CHAPTER 91

An act to amend Sections 10232.5 and 10241 of the Business and Professions Code, relating to loans.

[Approved by Governor May 13, 1986 Filed with Secretary of State May 13, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the disclosure of information to a prospective lender is an important and integral part of the process of arranging a loan and that the existence of liens which will be junior to the lien securing the loan being arranged should be clearly disclosed. It is the intent of the Legislature in enacting this act to require disclosure of junior liens of which the loan broker has actual knowledge.

SEC. 2. Section 10232.5 of the Business and Professions Code is

amended to read:

10232.5. (a) If the real estate broker is performing acts described in subdivision (d) of Section 10131 in negotiating a loan to be secured by a lien on real property or on a business opportunity, the statement required to be given to the prospective lender shall include, but shall not necessarily be limited to, the following information:

(1) Address or other means of identification of the real property that is to be the security for the borrower's obligation.

(2) Estimated fair market value of the securing property, and, if the broker is relying on an appraisal in estimating the fair market value, the date that the appraisal was made and the name and employment of the person who made the appraisal.

(3) Age, size, type of construction and a description of improvements to the property if contained in the appraisal or as represented to the broker by the prospective borrower.

(4) Identity, occupation, employment, income, and credit data about the prospective borrower or borrowers as represented to the broker by the prospective borrower or borrowers.

(5) Terms of the promissory note to be given to the lender.

(6) Pertinent information concerning all encumbrances which constitute liens against the securing property and, to the extent of actual knowledge of the broker, pertinent information about other loans that the borrower expects or anticipates will result in a lien being recorded against the property securing the promissory note to be created in favor of the prospective lender.

As used in this paragraph, actual knowledge with repect to any anticipated or expected loan, means knowledge gained by the broker through arranging such other loan or receipt of written notification of such other loan.

(7) Provisions for servicing of the loan, if any, including disposition of the late charge and prepayment penalty fees paid by the borrower.

(8) Detailed information concerning any proposed arrangement under which the prospective lender along with persons not otherwise associated with him or her will be joint beneficiaries or obligees.

(9) If the solicitation is subject to the provisions of Section 10231.2, a detailed statement of the intended use and disposition of the funds being solicited including an explanation of the nature and extent of the benefits to be directly or indirectly derived by the broker.

(b) If the real estate broker is performing acts described in subdivision (e) of Section 10131 or in Section 10131.1 in negotiating the sale of real property sales contract or promissory note secured directly or collaterally by a lien on real property, the statement required to be given to the prospective purchaser by Section 10232.4 shall include, but shall not necessarily be limited to, the following information:

(1) Address or other means of identification of the real property that is the security for the trustor's or vendee's obligation.

(2) Estimated fair market value of the real property, and if the broker is relying on an appraisal in estimating the fair market value, the date that the appraisal was made and the name and employment of the person who made the appraisal.

(3) Age, size, type of construction and a description of improvements to the real property if known by the broker.

(4) Information available to the broker relative to the ability of the trustor or vendee to meet his or her contractual obligations under the note or contract including the trustor's or vendee's payment history under the note or contract.

(5) Terms of the contract or note including the principal balance owing.

(6) Provisions for servicing of the note or contract, if any, including disposition of late charge, prepayment penalty or other fees or charges paid by the trustor or vendee.

(7) Detailed information concerning any proposed arrangement under which the prospective purchaser along with persons not otherwise associated with him or her will be joint beneficiaries or obligees.

(8) A statement as to whether the dealer is acting as a principal or as an agent in the transaction with the prospective purchaser.

SEC. 3. Section 10241 of the Business and Professions Code is amended to read:

10241. The statement required by Section 10240, the form of which shall be approved by the commissioner, shall set forth separately the following items:

(a) The estimated maximum costs and expenses of making the loan, which are to be paid by the borrower, including but not limited to:

(1) Appraisal fees.
(2) Escrow fees.
(3) Title charges.
(4) Notary fees.
(5) Recording fees.
(6) Credit investigation fees.

If a real estate licensee performs or is to perform any of the services provided for in this subdivision, such licensee shall be entitled to the costs and expenses thereof in addition to the charges provided for in subdivision (b).

(b) The total of the brokerage or commissions contracted for or to be received by the real estate broker for services performed as an agent in negotiating, procuring or arranging the loan or the total of loan origination fees, points, bonuses and other charges in lieu of interest to be received by the broker if he or she elects to act as a lender rather than agent in the transaction.

(c) Any liens against the real property, as disclosed by the borrower, the approximate amount thereof, and whether each lien will remain senior, or will be subordinate, to the lien that will secure the loan.

(d) The estimated amounts to be paid on the order of the borrower, as disclosed by the borrower, including but not limited to:

(1) Fire insurance premiums.

(2) Amounts due on prior liens, including interest or other charges arising in connection with the payment, release, reconveyance, extinction or other removal of record of such prior liens.

(3) Amounts due other creditors.

(4) Assumption, transfer, forwarding and beneficiary statement fees.

(e) The estimated balance of the loan funds to be paid to the borrower after deducting the total of subdivisions (a), (b) and (d).

(f) The principal amount of the loan.

(g) The rate of interest.

(h) The term of the loan, the number of installments, the amount of each installment, and the approximate balance, due at maturity.

(i) A statement containing the name of the real estate broker negotiating the loan, his or her license number, and the address of his or her licensed place of business.

(j) If the broker anticipates that the loan to the borrower may be made wholly or in part from broker-controlled funds, a statement to that effect.

For purposes of this section, broker-controlled funds means funds owned by the broker, by a spouse, child, parent, grandparent, brother, sister, father-in-law, mother-in-law, brother-in-law or sister-in-law of the broker, or by any entity in which the broker alone or together with any of the above relatives of the broker has an ownership interest of greater than 25 percent.

(k) The terms of prepayment privileges, and penalties, if any.

(*l*) A statement that the purchase of credit or credit disability insurance is not required as a condition for the making of the loan.

(m) If the loan is one that is within the limits specified in Section 10245, a certification by the real estate licensee negotiating the loan that the loan is being made in compliance with the provisions of this article.

CHAPTER 92

An act making an appropriation to the Uninsured Employers Fund, relating to workers' compensation, to take effect immediately, usual current expenses.

[Approved by Governor May 13, 1986 Filed with Secretary of State May 13, 1986]

The people of the State of California do enact as follows:

SECTION 1. The sum of two million two hundred eighty-seven thousand dollars ($2,287,000) is hereby appropriated from the Employment Development Department Contingent Fund to the Uninsured Employers Fund to overcome estimated deficiencies for the payment of workers' compensation benefits to injured workers for the 1985–86 fiscal year.

SEC. 2. The Director of Finance may withhold authorization for the expenditure of the funds appropriated by Section 1 until the preliminary estimates of the potential deficiencies are verified, and shall authorize the expenditure of the funds only to the extent of the verified deficiencies.

SEC. 3. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 93

An act to amend Section 13241 of, to add Section 13242 to, and to repeal Sections 13240, 13242, 13243, and 13245 of, the Health and Safety Code, relating to fire inspections.

[Approved by Governor May 13, 1986. Filed with Secretary of State May 13, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 13240 of the Health and Safety Code is repealed.

SEC. 2. Section 13241 of the Health and Safety Code is amended to read:

13241. Every local fire enforcing agency shall promptly notify the owner and operator of those hotels, motels, and high rise structures not meeting the State Fire Marshal's regulations and building standards applicable to those occupancies. The owner and operator of those occupancies shall comply with the State Fire Marshal regulations and building standards within a reasonable time as established by the local fire enforcing agency.

SEC. 3. Section 13242 of the Health and Safety Code is repealed.

SEC. 4. Section 13242 is added to the Health and Safety Code, to read:

13242. A local fire enforcing agency may require the owner of any hotel, motel, or high rise structure not brought into compliance with the State Fire Marshal's regulations and building standards within the time established by the agency to post a notice of nonconformance. The notice shall be placed in a conspicuous area of the structure in accordance with regulations adopted by the State

Fire Marshal.

SEC. 5. Section 13243 of the Health and Safety Code is repealed.

SEC. 6. Section 13245 of the Health and Safety Code is repealed.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 94

An act to add Section 1798.57 to the Civil Code, relating to records, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1986 Filed with Secretary of State May 13, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1798.57 is added to the Civil Code, to read:

1798.57. Except for disclosures which are otherwise required or permitted by law, the intentional disclosure of medical, psychiatric, or psychological information in violation of the disclosure provisions of this chapter is punishable as a misdemeanor if the wrongful disclosure results in economic loss or personal injury to the individual to whom the information pertains.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Medical and claim files pertaining to a person often contain more privileged, confidential, and personal information than other files necessarily maintained by governmental agencies. It is essential that these records be maintained in a manner consistent with rigid safeguards previously enacted. To assure an individual's inalienable right to privacy and to clearly reaffirm the Legislature's commitment to protecting that right, it is essential that this act take effect immediately.

CHAPTER 95

An act to add Section 503.5 to the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1986. Filed with Secretary of State April 13, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 503.5 is added to the Elections Code, to read:

503.5. In the event that the county clerk receives an affidavit of registration that does not include portions of the information for which space is provided, the county clerk or registrar of voters shall apply the following rebuttable presumptions:

(a) If no middle name or initial is shown, it shall be presumed that none exists.

(b) If no occupation is shown, it shall be presumed that the affiant declined to state his or her occupation.

(c) If no party affiliation is shown, it shall be presumed that the affiant has no party affiliation.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that this act apply to the June 1986 primary election, it is necessary that this act take effect immediately.

CHAPTER 96

An act to add and repeal Section 17113.5 of the Elections Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 19, 1986 Filed with Secretary of State May 20, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17113.5 is added to the Elections Code, to read:

17113.5. Notwithstanding Sections 2502, 2600, 2650, and 17113 or any other provision of law, if an incumbent sheriff is a candidate for the office of sheriff at an election held with the statewide primary at which candidates for Governor are nominated, and the incumbent sheriff dies after the hour of 12:01 a.m. of the 59th day before the election, at which only one other candidate, excluding any write-in candidates, has qualified to have his or her name placed on the ballot for the office, that election shall not be held, and no votes cast for that office shall be counted. Instead, a special election for the office of sheriff shall be held on the 10th Tuesday preceding the statewide general election.

Candidates at the special election for sheriff shall be nominated in accordance with Chapter 5 (commencing with Section 6400) of Division 6, except that forms for securing signatures in lieu of a filing fee need not be made available until 15 days before the first day for circulating nomination papers, in-lieu-filing-fee petitions shall be filed at least seven days prior to the closing of the nomination period, nomination papers shall be delivered for filing to the county clerk not less than 39 days and not more than 63 days before the special election, any candidate's statement shall be filed with the clerk no later than the 39th day before the special election, and the clerk shall conduct the randomized alphabet drawing under procedures similar to Section 10217 and 10217.5. Any candidate who paid a filing fee in connection with the previously scheduled election shall not be required to pay any additional filing fee but shall be required to file new nomination papers.

Notwithstanding any other provision of law, any statement of an election contest shall be filed within 10 days of the board's declaration of the results.

If no candidate receives a majority of the votes cast for the office of sheriff at the special election, then the two candidates who receive the highest number of votes shall be the only candidates for that office at an ensuing runoff election to be consolidated with the statewide general election following the special election.

Notwithstanding any other provision of law, notice of the runoff election shall be published at least 20 days before the election, and the clerk shall conduct the randomized alphabet drawing under procedures similar to Sections 10217 and 10217.5.

The county clerk shall post and publish a notice that the election for sheriff scheduled for June, 1986, will not be held and that a special election for sheriff will be held on August 26, 1986, with a runoff election on November 4, 1986, if necessary.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

SEC. 3. This act is an urgency statute necessary for immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are as follows:

An incumbent sheriff suddenly and unexpectedly has died before the June 3, 1986, election. Only one other candidate's name will appear on the ballot. Other qualified candidates did not declare their candidacies because the incumbent sheriff was seeking reelection. It is necessary to cancel the upcoming election and hold a special election in November, 1986, so that voters will have a full and fair opportunity to select their sheriff from the broadest field of qualified candidates possible.

CHAPTER 97

An act to amend Section 48980 of, and to add Sections 48206.3, 48206.5, 48207, and 48208 to, the Education Code, relating to compulsory education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 20, 1986 Filed with Secretary of State May 20, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 48206.3 is added to the Education Code, to read:

48206.3. (a) Except for those pupils receiving individual instruction provided pursuant to Section 48206.5, a pupil with a temporary disability which makes attendance in the regular day classes or alternative education program in which the pupil is enrolled impossible or inadvisable shall receive individual instruction provided by the district in which the pupil is deemed to reside pursuant to Section 48207.

(b) For purposes of this section and Sections 48206.5, 48207, and 48208, the following terms have the following meanings:

(1) "Individual instruction" means instruction provided to an individual pupil in a hospital or other residential health facility, excluding state hospitals, the pupil's home, or under other circumstances prescribed by regulations adopted for that purpose by the State Board of Education.

(2) "Temporary disability" means a physical, mental, or emotional disability incurred while a pupil is enrolled in regular day classes or an alternative education program, and after which the pupil can reasonably be expected to return to regular day classes or the alternative education program without special intervention. A temporary disability shall not include a disability for which a pupil is identified as an individual with exceptional needs pursuant to

Section 56026.

(c) (1) For purposes of computing average daily attendance pursuant to Section 42238.5, each clock hour of teaching time devoted to individual instruction shall count as one day of attendance.

(2) No pupil shall be credited with more than five days of attendance per calendar week, or more than the total number of calendar days that regular classes are maintained by the district in any fiscal year.

(d) Notice of the availability of individualized instruction shall be given pursuant to Section 48980.

SEC. 2. Section 48206.5 is added to the Education Code, to read:

48206.5. Any school district which, prior to January 1, 1986, maintained a program to provide individual instruction to pupils enrolled in regular day classes or an alternative education program offered by the district who have a temporary disability may continue the program as it existed prior to January 1, 1986.

SEC. 3. Section 48207 is added to the Education Code, to read:

48207. Notwithstanding Section 48200, a pupil with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the school district in which the pupil's parent or guardian resides shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

SEC. 4. Section 48208 is added to the Education Code, to read:

48208. (a) It shall be the primary responsibility of the parent or guardian of a pupil with a temporary disability to notify the school district in which the pupil is deemed to reside pursuant to Section 48207 of the pupil's presence in a qualifying hospital.

(b) Upon receipt of notification pursuant to subdivision (a), a school district shall do all of the following:

(1) Within five working days of receipt of the notification, determine whether the pupil will be able to receive individualized instruction, and, if the determination is positive, when the individualized instruction may commence. Individualized instruction shall commence no later than five working days after the positive determination has been rendered.

(2) Provide the pupil with individualized instruction pursuant to Section 48206.3. The school district may enter into an agreement with the school district in which the pupil previously attended regular day classes or an alternative education program, to have the school district the pupil previously attended provide the pupil with individualized instruction pursuant to Section 48206.3.

(3) Within five working days of the commencement of individualized instruction, provide the school district in which the pupil previously attended regular day classes or an alternative education program with written notice that the pupil shall not be counted by that district for purposes of computing average daily

attendance pursuant to Section 42238.5, effective the date on which individualized instruction commenced.

SEC. 5. Section 48980 of the Education Code is amended to read:

48980. (a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under Sections 32390, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51240, and 51550, and Article 3 (commencing with Section 56030) of Chapter 1 of Part 30.

(b) The notification shall also advise the parent or guardian of the availability of individualized instruction as prescribed by Section 48206.3, and of the program prescribed by Article 9 (commencing with Section 49510) of Chapter 9.

SEC. 6. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that there is no delay in providing appropriate educational services to pupils with temporary disabilities, it is necessary that this act take effect immediately.

CHAPTER 98

An act to amend Section 11000.1 of the Business and Professions Code, relating to real estate.

[Approved by Governor May 20, 1986. Filed with Secretary of State May 20, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11000.1 of the Business and Professions Code is amended to read:

11000.1. (a) "Subdivided lands" and "subdivision," as defined by Sections 11000, 11000.5, and 11004.5, also includes improved or unimproved land or lands, lot or lots, or parcel or parcels, of any size, in which, for the purpose of sale or lease or financing, whether immediate or future, five or more undivided interests are created or are proposed to be created.

(b) This section shall not apply to the creation or proposed

creation of undivided interests in land if any one of the following conditions exist:

(1) The undivided interests are held or to be held by persons related one to the other by blood or marriage.

(2) The undivided interests are to be purchased and owned solely by persons who present evidence satisfactory to the Real Estate Commissioner that they are knowledgeable and experienced investors who comprehend the nature and extent of the risks involved in the ownership of these interests. The Real Estate Commissioner shall grant an exemption from the provisions of this part if the undivided interests are to be purchased by no more than 10 persons, each of whom furnishes a signed statement to the commissioner that he (1) is fully informed concerning the real property to be acquired and his interest therein including the risks involved in ownership of undivided interests, and (2) is purchasing the interest or interests for his own account and with no present intention to resell or otherwise dispose of the interest for value, and (3) expressly waives protections afforded to a purchaser by the provisions of this part.

(3) The undivided interests are created as the result of a foreclosure sale.

(4) The undivided interests are created by a valid order or decree of a court.

(5) The offering and sale of the undivided interests have been expressly qualified by the issuance of a permit from the California Commissioner of Corporations pursuant to the Corporate Securities Act.

(6) The real property is offered for sale as a time-share project as defined in Section 11003.5.

CHAPTER 99

An act to amend Section 2 of Chapter 1313 of the Statutes of 1985, relating to transportation.

[Approved by Governor May 20, 1986 Filed with Secretary of State May 20, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of Chapter 1313 of the Statutes of 1985 is amended to read:

Sec. 2. (a) There is hereby created the Los Angeles-San Diego State Rail Corridor Study Group. The group shall be chaired by the Director of Transportation or a designee of the director.

(b) The following may each appoint a representative to the group:

(1) The Los Angeles County Transportation Commission.

(2) The Orange County Transportation Commission.
(3) The Southern California Association of Governments.
(4) The San Diego Association of Governments.
(5) The Speaker of the Assembly.
(6) The Senate Committee on Rules.
(7) The National Railroad Passenger Corporation (Amtrak).
(8) The Atchison, Topeka and Santa Fe Railway Company.
(9) The Federal Railroad Administration.
(10) The Secretary-Treasurer of the California Labor Federation.

This representative to the group shall be a resident of the County of Los Angeles, Orange, or San Diego; currently employed in one of the crafts engaged in the operation of the National Railroad Passenger Corporation trains in the Los Angeles-San Diego corridor; and a representative of a group of employees so engaged.

(c) The group shall develop a program of incremental upgrading of the rail corridor and, in this connection, shall do all of the following:

(1) Identify improvements on the line that will reduce train running times, increase reliability of service, and facilitate additional frequencies for both intercity and commuter service, while maintaining capacity for current freight operations.

(A) Review existing studies of the rail transportation needs of the corridor.

(B) Survey present utilization of facilities for rail travel within the corridor.

(2) Develop criteria to determine priorities of these improvements on a cost-benefit basis, and analyze and make recommendations of the feasible alternative modes of rail transportation.

(3) Investigate the feasibility of public acquisition of all or part of the line to preserve rail passenger and transit service.

(4) Establish an implementation and funding plan.

(d) The group shall prepare and submit to the Legislature a report of its findings and recommendations to the Legislature on or before June 30, 1987.

CHAPTER 100

An act relating to environmental protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 21, 1986. Filed with Secretary of State May 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That the County of San Diego has entered into an agreement whereby it has acquired a three-fifths interest in park property known as Holmwood Canyon. The remainder of this property may be acquired for eight hundred thousand dollars ($800,000). Terms of the agreement require the county to pay an additional one hundred thousand dollars ($100,000) if the acquisition is not completed by June 1, 1986. The county cannot complete this purchase without state financial assistance.

(b) That the acquisition of the Holmwood Canyon property qualifies under the California Environmental Protection Program for state financial assistance under the program. The Secretary of the Resources Agency has included the Holmwood Canyon project as one of the projects recommended for funding in the Governor's Budget for 1986–87 fiscal year. Eight hundred thousand dollars ($800,000) of state financial assistance is recommended and is presently available for appropriation from the California Environmental License Plate Fund.

SEC. 2. Notwithstanding Section 21191 of the Public Resources Code, the sum of eight hundred thousand dollars ($800,000) is hereby appropriated from the California Environmental License Plate Fund to the State Coastal Conservancy for allocation to the County of San Diego for the acquisition of the park property known as Holmwood Canyon.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the County of San Diego to complete acquisition of Holmwood Canyon property prior to June 1, 1986, and to save one hundred thousand dollars ($100,000) in acquisition costs, it is necessary that this act take effect immediately.

CHAPTER 101

An act to add and repeal Section 19549.8 of the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 21, 1986. Filed with Secretary of State May 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 19549.8 is added to the Business and Professions Code, to read:

19549.8. Notwithstanding Section 19414.5, the board may allocate racing weeks consisting of four or more racing days to an association conducting racing meetings pursuant to Section 19549.1, 19549.6, or 19549.7 if the association and the organization representing the horsemen agree to the allocation.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue to provide horseracing meetings that will maximize revenues to the state, it is necessary that this act take effect immediately.

CHAPTER 102

An act to amend Section 2416 of the Vehicle Code, relating to vehicles.

[Approved by Governor May 22, 1986. Filed with Secretary of State May 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2416 of the Vehicle Code is amended to read:

2416. (a) The Commissioner of the California Highway Patrol may issue authorized emergency vehicle permits only for the following vehicles, and then only upon a finding in each case that the vehicle is used in responding to emergency calls for fire or law enforcement or for the immediate preservation of life or property or for the apprehension of law violators:

(1) Any vehicle maintained in whole or in part by the state, a county or a city and privately owned and operated by a constable, deputy constable, marshal, deputy marshal, or person who is a member of, and who receives salary from, and is regularly employed by, a police department or sheriff's department, provided the state, county or city does not furnish to that person a publicly owned authorized emergency vehicle.

(2) Any vehicle owned and operated by a public utility, used primarily to accomplish emergency repairs to utility facilities or used primarily by railroad policemen, who are commissioned by the

Governor, in the performance of their duties.

(3) Firefighting or rescue equipment designed and operated exclusively as such.

(4) Any vehicle operated by the chief, assistant chief, or one other uniformed person designated by the chief of a fire department organized as provided in the Health and Safety Code or the Government Code or pursuant to special act of the Legislature.

(5) Any vehicle of an air pollution control district used to enforce provisions of law relating to air pollution from motor vehicles.

(6) Any vehicle operated by the chief of any fire department established on any base of the armed forces of the United States.

(7) Any vehicle owned and operated by any fire company organized pursuant to Part 4 (commencing with Section 14825) of the Health and Safety Code.

(8) Privately owned ambulances licensed pursuant to Chapter 2.5 (commencing with Section 2500).

(9) Vehicles other than privately owned ambulances used by privately owned ambulance operators exclusively to transport medical supplies, lifesaving equipment, or personnel to the scene of an emergency when a request for medical supplies, lifesaving equipment, or personnel has been made by any person or public agency responsible for providing emergency medical transportation. These vehicles shall display a sign or lettering not less than two and one-half inches in height, in a color providing a sharp contrast to its background, on each side showing the name of the ambulance operator.

(b) The commissioner may adopt and enforce regulations to implement this section.

(c) Violation of any regulation adopted by the commissioner pursuant to this section is a misdemeanor.

CHAPTER 103

An act to amend Section 3524 of the Government Code, relating to state employer-employee relations.

[Approved by Governor May 22, 1986. Filed with Secretary of State May 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 3524 of the Government Code is amended to read:

3524. This chapter shall be known and may be cited as the Ralph C. Dills Act.

CHAPTER 104

An act to add Section 1102 to the Public Utilities Code, relating to electrical corporations.

[Approved by Governor May 23, 1986 Filed with Secretary of State May 27, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1102 is added to the Public Utilities Code, to read:

1102. (a) Notwithstanding any other provision of this article, and in addition to the requirements of Article 1 (commencing with Section 1001), an electrical corporation proposing to construct an electrical transmission line to the northwestern United States shall provide the commission with sufficient reliable information to enable the commission to determine that the proposed line, at the electric rates expected to prevail over the useful life of the line, will be cost effective. The commission, in its analysis of the forecast cost of electricity, shall take into consideration the recent increases in the charges for purchasing surplus electricity from the northwestern United States, the possibility of future increases in those charges, the feasibility of negotiating long-term contracts under reasonable charges, and the feasibility of purchasing electricity directly from Canada rather than through the Bonneville Power Administration.

(b) The commission shall not issue a certificate of public convenience and necessity unless it is satisfied that the electrical corporation has provided the information described in subdivision (a).

CHAPTER 105

An act to amend Section 8134 of the Streets and Highways Code, relating to separation of grade districts.

[Approved by Governor May 24, 1986. Filed with Secretary of State May 27, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 8134 of the Streets and Highways Code is amended to read:

8134. The commission is authorized to pay each commissioner an amount not to exceed one hundred dollars ($100) for each meeting of the commission attended by the commissioner, not exceeding two meetings during any one calendar month, together with expenses necessarily incurred by the commissioner in traveling between his or

her place of residence and the place of meeting, and while traveling in connection with the business of the commission, when previously authorized by the commission.

CHAPTER 106

An act to add Section 6512.6 to the Health and Safety Code, relating to sanitary districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1986 Filed with Secretary of State May 27, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 6512.6 is added to the Health and Safety Code, to read:

6512.6. Notwithstanding any other provision of law, for the purpose of furnishing water in the district for any present or future beneficial use, the Lost Hills Sanitary District may exercise any of the powers of a county water district, including the power to acquire, operate, finance, and control water rights, works, property, rights, and privileges useful or necessary to convey, supply, store, or make use of water for any useful purpose, all in the same manner as county water districts formed under the County Water District Law (Division 12 (commencing with Section 30000) of the Water Code). However, the Lost Hills Sanitary District shall otherwise continue to be governed in all respects as a sanitary district under the provisions of this part, and the provisions of this section are intended only to vest additional powers in the district which the district may elect to exercise.

SEC. 2. The provisions of Section 1 of this act are necessary because there is no other entity within the territory of the Lost Hills Sanitary District which is willing and able to provide water service for the benefit of the people of the district, and it is necessary to ensure that the Lost Hills Sanitary District is authorized to do any act necessary to furnish sufficient water in the district for any present or future beneficial use. This problem is not common to all districts formed under the Sanitary District Act of 1923. It is therefore hereby declared that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution and that the enactment of Section 6512.6 of the Health and Safety Code as a special law is necessary for the solution of problems existing in the Lost Hills Sanitary District.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize the Lost Hills Sanitary District to furnish urgently needed water for municipal purposes at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 107

An act to amend Section 48321 of the Education Code, relating to school attendance.

[Approved by Governor May 24, 1986. Filed with Secretary of State May 27, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 48321 of the Education Code is amended to read:

48321. (a) A county school attendance review board may be established in each county. The county school attendance review board, if established, shall include, but need not be limited to, a parent and representatives of (1) school districts, (2) the county probation department, (3) the county welfare department, (4) the county superintendent of schools, (5) law enforcement agencies, (6) community-based youth service centers, (7) school guidance personnel, and (8) child welfare and attendance personnel. The school district representatives on the county school attendance review board shall be nominated by the governing boards of school districts and shall be appointed by the county superintendent of schools. All other persons and group representatives shall be appointed by the county board of education.

Where a county school attendance review board exists, the county superintendent of schools shall, at the beginning of each school year, convene a meeting of the county school attendance review board for the purpose of adopting plans to promote interagency and community cooperation and to reduce the duplication of services provided to youth who have serious school attendance and behavior problems.

(b) Local school attendance review boards may include, but need not be limited to, a parent and representatives of (1) school districts, (2) the county probation department, (3) the county welfare department, and (4) the county superintendent of schools, (5) law enforcement agencies, (6) community-based youth service centers, (7) school guidance personnel, and (8) child welfare and attendance personnel. Other persons or group representatives shall be appointed by the county board of education.

(c) The county school attendance review board may elect pursuant to regulations adopted pursuant to Section 48324, one member as chairman with responsibility for coordinating services of the county school attendance review board.

(d) The county school attendance review board may provide for the establishment of local school attendance review boards in any number as shall be necessary to carry out the intent of this article.

(e) In any county in which there is no county school attendance review board, a school district governing board may elect to establish a local school attendance review board, which shall operate in the same manner and have the same authority as a county school attendance review board.

(f) The county school attendance review board may provide consultant services to, and coordinate activities of, local school attendance review boards in meeting the special needs of pupils with school attendance or school behavior problems.

(g) When the county school attendance review board determines that the needs of pupils as defined in this article can best be served by a single board, the county school attendance review board may then serve as the school attendance review board for all pupils in the county, or, upon the request of any school district in the county, the county school attendance review board may serve as the school attendance review board for pupils of that district.

(h) Nothing in this article is intended to prohibit any agreement on the part of counties to provide such services on a regional basis.

CHAPTER 108

An act to add Section 26001.5 to the Government Code, relating to streets and highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 24, 1986. Filed with Secretary of State May 27, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 26001.5 is added to the Government Code, to read:

26001.5. The board may deposit funds that it receives from its grant of a franchise to use the public roads in the general fund of the county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enable counties to maintain the infrastructure that is a part of county government, it is necessary that this act take effect immediately.

CHAPTER 109

An act to amend Section 11519 of the Vehicle Code, relating to motor vehicles.

[Approved by Governor May 28, 1986. Filed with Secretary of State May 28, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11519 of the Vehicle Code is amended to read:

11519. No vehicle which has been reported dismantled may be subsequently registered until there is submitted to the department with the prescribed bill of sale an appropriate application, official lamp and brake adjustment certificates issued by an official lamp and brake adjusting station licensed by the Department of Consumer Affairs, except that fleet owners of motor trucks of three or more axles which are more than 6,000 pounds unladen weight and truck tractors may instead submit an official lamp and brake certification for their rebuilt vehicle if they operate an inspection and maintenance station licensed by the commissioner pursuant to subdivision (b) of Section 2525, other documents and fees required, and, with respect to any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that the vehicle is properly equipped with a motor vehicle pollution control device or devices which are in proper operating condition and which are in compliance with the provisions of Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code.

CHAPTER 110

An act to add Section 43017 to the Health and Safety Code, relating to air pollution.

[Approved by Governor May 28, 1986. Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 43017 is added to the Health and Safety Code, to read:

43017. The state board may enjoin any violation of any provision of this part, or of any order, rule, or regulation of the state board, in a civil action brought in the name of the people of the State of

California, except that the state board shall not be required to allege facts necessary to show, or tending to show, lack of adequate remedy at law or to show, or tending to show, irreparable damage or loss.

CHAPTER 111

An act to amend Section 48900 of the Education Code, relating to schools.

[Approved by Governor May 28, 1986. Filed with Secretary of State May 28, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 48900 of the Education Code is amended to read:

48900. A pupil shall not be suspended from school or recommended for expulsion unless the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has:

(a) Caused, attempted to cause, or threatened to cause physical injury to another person.

(b) Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any such object, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.

(c) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.

(d) Unlawfully offered, arranged, or negotiated to sell any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and then either sold, delivered, or otherwise furnished to any person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.

(e) Committed robbery or extortion.

(f) Caused or attempted to cause damage to school property or private property.

(g) Stolen or attempted to steal school property or private property.

(h) Possessed or used tobacco, except as provided in Section 48901.

(i) Committed an obscene act or engaged in habitual profanity or vulgarity.

(j) Had unlawful possession of, or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Section 11014.5 of the Health and Safety Code.

(k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

(*l*) Knowingly received stolen school property or private property.

No pupil shall be suspended or expelled for any of the acts enumerated unless that act is related to school activity or school attendance. A pupil may be suspended or expelled for acts which are enumerated in this section and related to school activity or attendance which occur at any time, including, but not limited to, any of the following:

(1) While on school grounds.

(2) While going to or coming from school.

(3) During the lunch period whether on or off the campus.

(4) During, or while going to or coming from, a school sponsored activity.

It is the intent of the Legislature that alternatives to suspensions or expulsion be imposed against any pupil who is truant, tardy, or otherwise absent from school activities.

CHAPTER 112

An act to amend Section 48205 of the Education Code, relating to education.

[Approved by Governor May 28, 1986. Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 48205 of the Education Code is amended to read:

48205. Notwithstanding Section 48200, a pupil shall be excused from school for justifiable personal reasons, including, but not limited to, an appearance in court, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, or an employment conference, when the pupil's absence has been requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion, shall be given full credit therefor. The teacher of any class from which a

pupil is absent shall determine, pursuant to the regulations of the governing board of the school district, what assignments the pupil shall make up and in what period of time the pupil shall complete those assignments. The tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

CHAPTER 113

An act to amend Sections 213.7, 214.8, and 231 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor May 28, 1986 Filed with Secretary of State May 28, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 213.7 of the Revenue and Taxation Code is amended to read:

213.7. (a) As used in Section 214, "property used exclusively for religious hospital, scientific or charitable purposes" shall include the property of a volunteer fire department which is used exclusively for volunteer fire department purposes; provided that the department qualifies for exemption either under Section 23701d or 23701f of this code or under Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code of 1954. This section shall not be construed to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code, but not otherwise qualified for the "welfare exemption" under other provisions of this code.

As used in this section, "volunteer fire department" means any fund, foundation or corporation regularly organized for volunteer fire department purposes, which qualified as an exempt organization on or before January 1, 1969, either under Section 23701d or 23701f of this code or under Section 501(c)(3) or 501(c)(4) of the Internal Revenue Code of 1954, having official recognition and full or partial support of the government of the county, city or district in which such volunteer fire department is located, and which has functions having an exclusive connection with the prevention and extinguishing of fires within the area of the county, city or district extending official recognition for the benefit of the public generally and to lessen the burdens of the entity of government which would otherwise be obligated to furnish such fire protection.

(b) For purposes of subdivision (a), an organization shall not be deemed to be qualified as an exempt organization unless the organization files with the assessor duplicate copies of a valid,

unrevoked letter or ruling from either the Franchise Tax Board, or in the alternative, the Internal Revenue Service, which states that the organization qualifies as an exempt organization under the appropriate provisions of the Bank and Corporation Tax Law or the Internal Revenue Code.

SEC. 2. Section 214.8 of the Revenue and Taxation Code is amended to read:

214.8. (a) Except as provided in Sections 213.7 and 231, the "welfare exemption" shall not be granted to any organization unless it is qualified as an exempt organization under either Section 23701d of this code or Section 501(c)(3) of the Internal Revenue Code of 1954. This section shall not be construed to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(3) of the Internal Revenue Code of 1954 but not otherwise qualified for the "welfare exemption" under other provisions of this code.

The exemption for veterans' organizations shall not be granted to any organization unless it is qualified as an exempt organization under either Section 23701f of this code or under Section 501(c)(4) or 501(c)(19) of the Internal Revenue Code of 1954. This section shall not be construed to enlarge the "veterans' organization exemption" to apply to organizations qualified under Section 501(c)(4) or 501(c)(19) but not otherwise qualified for the "veterans' organization exemption" under other provisions of this code.

(b) For purposes of subdivision (a), an organization shall not be deemed to be qualified as an exempt organization unless the organization files with the assessor duplicate copies of a valid, unrevoked letter or ruling from either the Franchise Tax Board, or in the alternative, the Internal Revenue Service, which states that the organization qualifies as an exempt organization under the appropriate provisions of the Bank and Corporation Tax Law or the Internal Revenue Code.

SEC. 3. Section 231 of the Revenue and Taxation Code is amended to read:

231. (a) Property which is owned by a nonprofit corporation and leased to, and used exclusively by, government for its interest and benefit shall be exempt from taxation within the meaning of "charitable purposes" in subdivision (b) of Section 4 and Section 5 of Article XIII of the Constitution of the State of California if:

(1) All of the provisions of Section 214 are complied with, except subdivision (6). For purposes of subdivision (6) of Section 214, irrevocable dedication to charitable purpose shall be deemed to exist if the lease provides that the property shall be transferred in fee to the entity of government leasing the same upon the sooner of either the liquidation, dissolution, or abandonment of the owner or at the time the last rental payment is made under the provisions of the lease.

(2) All of the provisions of Section 254.5 relating to owners are

complied with, commencing during calendar year 1969.

(3) All of the provisions of Section 214.01 are complied with by March 15, 1970.

(b) As used in this section "property" means:

(1) Any building or structure of a kind or nature which is uniquely of a governmental character and includes, but is not limited to, the following:

(A) City halls.

(B) Courthouses.

(C) Administration buildings.

(D) Police stations, jails, or detention facilities.

(E) Fire stations.

(F) Parks or playgrounds.

(G) Hospitals.

(H) Water systems and waste water facilities.

(I) Toll bridges.

(2) Any other property required for the use and occupation of the buildings and leased to government.

(3) Any possessory interest of the nonprofit corporation in property and in the land upon which the property was constructed and so much of the surrounding land that is required for the use and occupation of the property.

(4) Any building and its equipment in the course of construction on or after the first Monday of March, 1954, together with the land on which it is located as may be required for the use and occupation of the building when such building and equipment is being constructed for the sole purpose of being leased to government to lessen its burden.

"Uniquely of a governmental character" means the property, except hospitals, water systems, waste water facilities and toll bridges, is not intended to produce income or revenue in the form of rents or admission, user or service fees, or charges.

(c) As used in this section "property" does not include any possessory interest of any person or organization not exempt from taxation.

(d) As used in this section "nonprofit corporation" means a community chest, fund, foundation or corporation, not conducted for profit, and no part of the net earnings of which inures to the benefit of any private shareholder or individual and such nonprofit corporation is organized and operated for the sole purpose of leasing property to government and to lessen the burden of government and, in fact, only leases property to government. Such nonprofit corporation shall qualify as an exempt organization either under Section 23701f of this code or Section 501(c)(4) of the Internal Revenue Code of 1954. This subdivision is not intended to enlarge the "welfare exemption" to apply to organizations qualified under Section 501(c)(4) of the Internal Revenue Code of 1954 but not otherwise qualified for the "welfare exemption" under this section. Nonprofit corporations meeting the tests of this subdivision are

deemed to be organized and operated for charitable purposes.

(e) As used in this section "government" means the State of California, a city, city and county, county, public corporation, and a hospital district.

(f) The exemption provided for in this section shall be deemed to be within the "welfare exemption" for purposes of Section 251.

(g) For leases first entered into by and between government and nonprofit corporation on or after January 1, 1969, all requirements of this section shall be met for the property and the nonprofit corporation to qualify for the exemption provided by this section.

(h) For leases first entered into by and between government and nonprofit corporation on or before December 31, 1968, all requirements of this section shall be met except that the last unnumbered paragraph of subdivision (b) shall not apply and for the purposes of subdivision (b) (1) the list of real property qualifying for this exemption includes community recreation buildings or facilities, golf courses, airports, water, sewer and drainage facilities, music centers and their related facilities, and public parking incidental to and in connection with one of the buildings or structures set forth in this section.

(i) Property exempt under this section shall be located within the boundaries of the entity of government leasing the same.

(j) Where the construction has commenced on or after January 1, 1969, improvements shall be advertised and put to competitive bid to qualify for the exemption provided by this section.

(k) For purposes of subdivision (d), a nonprofit corporation shall not be deemed to be qualified as an exempt organization unless the organization files with the assessor duplicate copies of a valid, unrevoked letter or ruling from either the Franchise Tax Board, or in the alternative, the Internal Revenue Service, which states that the organization qualifies as an exempt organization under the appropriate provisions of the Bank and Corporation Tax Law or the Internal Revenue Code.

SEC. 4. The amendments of Sections 213.7, 214.8, and 231 of the Revenue and Taxation Code by Sections 1, 2, and 3 of this act shall be operative for exemption claims filed for the 1987–88 fiscal year and fiscal years thereafter.

CHAPTER 114

An act to amend Section 1280 of the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor May 28, 1986 Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1280 of the Unemployment Insurance Code is amended to read:

1280. (a) An individual's weekly benefit amount is the amount appearing in column B in the following applicable table opposite that wage bracket in column A which contains the amount of wages paid to the individual for employment by employers during the quarter of his or her base period in which his or her wages were the highest.

(b) For new claims filed with an effective date beginning on or after January 1, 1983, the following table shall be applicable under subdivision (a):

CHAPTER 115

An act to amend Sections 75005, 75030.5, 75030.7, 75030.8, 75030.9, 75032, 75033, 75033.1, 75033.5, 75070, 75071, 75072, 75076, 75093, 75104.4, 75106, 75107, 75109, and 75109.5 of, and to repeal Sections 75034, 75036, and 75060.2 of, the Government Code, relating to the Judges' Retirement System.

[Approved by Governor May 28, 1986. Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 75005 of the Government Code is amended to read:

75005. Notwithstanding any other provision of law, this chapter shall be administered and governed by the Board of Administration of the Public Employees' Retirement System in accordance with the Public Employees' Retirement Law to the same extent and with the same effect as if those provisions are contained in the Judges' Retirement Law, except for those provisions which provide for the payment of an allowance or other benefit and except for those provisions which conflict with any provision of the Judges' Retirement Law. "State Controller" or "Controller" as used in this chapter, or any other provision of law relating to the chapter, shall be construed to refer to and mean the "Board of Administration of the Public Employees' Retirement System"; however, the Controller shall continue to perform the duties prescribed in Sections 75092, 75097, 75101, and 75102.

All payments from the Judges' Retirement Fund shall be made upon warrants drawn by the Controller upon demands by the Board of Administration of the Public Employees' Retirement System.

SEC. 2. Section 75030.5 of the Government Code is amended to

read:

75030.5. Any judge who first becomes a judge on or after May 1, 1962, and who has served as an elected state constitutional officer before becoming a judge, or any judge who first became a judge prior to that date who has served as a constitutional officer or as a public legal officer before becoming a judge, has a right to elect, by written election filed with the Judges' Retirement System at any time prior to retirement, to make contributions pursuant to this section for, and receive credit in this system as, service for all or any part of the time he served as such officer, excluding any period of time for which he is receiving, or is entitled to receive, a retirement allowance from any other public retirement system.

As used in this chapter, the term "elected state constitutional officer" means the holder of the office of Member of the Senate or Assembly, Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Superintendent of Public Instruction, or member of the State Board of Equalization.

As used in this chapter, the term "constitutional officer" means the holder of an office created by the California Constitution, and "public legal officer" means the holder of any legal office of the state or any agency of the state or of any county or city in the state who is paid a salary or other fixed regular compensation and who is admitted and licensed to practice law in the State of California during the time of holding the office and whose principal duties in the office are legal in nature, such as Attorney General, Legislative Counsel, Commissioner of Corporations, district attorney, county counsel, city attorney, city prosecutor, public defender, or deputy of any such office, or a secretary to the Governor whose duties include the hearing of extradition matters, admitted and licensed to practice law in the State of California during the time of holding the office and whose principal duties in the office are legal in nature.

Every judge electing to receive credit for service pursuant to this section shall at the time of filing his election, and as a condition to receiving such credit, pay into the Judges' Retirement Fund a sum equal to the amount which would have been deducted from his salary and paid into that fund pursuant to Section 75102 had he been a judge during the time for which he elects to receive credit for service, computed by applying the rates of deduction applicable to judges' salaries during such time to the rate of salary he actually received during his first year as a judge, plus interest at 3 percent a year, to the date of his payment, upon the amounts of such deductions and from the respective dates they would have been paid had he been a judge during the time for which he elects to receive credit for service. Such amount and interest shall be determined by the Judges' Retirement System in accordance with this section. Funds transferred to the Judges' Retirement Fund pursuant to Section 9356.5 shall be deducted from such payment. Any funds so transferred which are in excess of the amount required by this section shall be refunded to the judge.

This section shall not apply to any person who, on or after January 1, 1986, first becomes or continues as an elected state constitutional officer, in a term which commences on or after January 1, 1986.

SEC. 3. Section 75030.7 of the Government Code is amended to read:

75030.7. A Member of the Senate or Assembly who is not returned to office, or who chooses not to run, when the Senate or Assembly district, respectively, to which he was last elected, is altered pursuant to a reapportionment of legislative districts other than a decennial reapportionment, and whose contributions as a judge remain on deposit in the fund under Section 75033, shall, during the term of office for which he was elected:

(a) Have a right under Section 75030.5 to elect by written election filed with the Judges' Retirement System at any time prior to his retirement, to make contributions pursuant to Section 75030.5 and to receive credit in this system as service rendered for all or any part of his service as an elected state constitutional officer, or as a public legal officer, as defined in Section 75030.5, either before or after his service as a judge, excluding any period of time for which he is receiving or is entitled to receive a retirement allowance from any other public retirement system. This subdivision shall not apply to any person who, on or after January 1, 1986, first becomes or continues as an elected state constitutional officer, as defined by Section 75030.5, in a term which commences on or after January 1, 1986.

(b) Be retired as a judge under Section 75025 upon attaining, as provided in this section, the age and service requirements specified in that section.

For the purposes of this section, "service as an elected state constitutional officer" shall include all or any portion of the term of office for which he was duly elected as such elected state constitutional officer as specified by law at the time of his election preceding such reapportionment.

SEC. 4. Section 75030.8 of the Government Code is amended to read:

75030.8. A Member of the Senate or Assembly who is not returned to office, or who chooses not to run, when the Senate or Assembly district, respectively, to which he was last elected, is altered pursuant to a reapportionment of legislative districts other than a decennial reapportionment, and whose contributions as a judge remain on deposit in the fund under Section 75033, shall, during the term of office for which he was elected:

(a) Have a right under Section 75030.5 to elect by written election filed with the Judges' Retirement System at any time prior to his retirement, to make contributions pursuant to Section 75030.5 and to receive credit in this system as service rendered for all or any part of his service as an elected state constitutional officer, or as a public legal officer, as defined in Section 75030.5, either before or after his service as a judge, excluding any period of time for which he is

receiving or is entitled to receive a retirement allowance from any other public retirement system. This subdivision shall not apply to any person who, on or after January 1, 1986, first becomes or continues as an elected state constitutional officer, as defined by Section 75030.5, in a term which commences on or after January 1, 1986.

(b) Be retired as a judge under Section 75025 upon attaining, as provided in this section, the age and service requirements specified in that section.

For the purposes of this section, "service as an elected state constitutional officer" shall include all or any portion of the term of office for which he was duly elected as such elected state constitutional officer as specified by law at the time of his election preceding such reapportionment.

SEC. 5. Section 75030.9 of the Government Code is amended to read:

75030.9. A Member of the Senate or Assembly whose contributions as a judge remain on deposit in the fund under Section 75033, shall, during the term of office for which he was elected:

(a) Have a right under Section 75030.5 to elect by written election filed with the Judges' Retirement System at any time prior to his retirement, to make contributions pursuant to Section 75030.5 and to receive credit in this system as service rendered for all or any part of his service as an elected state constitutional officer, or as a public legal officer, as defined in Section 75030.5, either before or after his service as a judge, excluding any period of time for which he is receiving or is entitled to receive a retirement allowance from any other public retirement system. This subdivision shall not apply to any person who, on or after January 1, 1986, first becomes or continues as an elected state constitutional officer, as defined by Section 75030.5, in a term which commences on or after January 1, 1986.

(b) Be retired as a judge under Section 75025 upon attaining, as provided in this section, the age and service requirements specified in that section.

For the purposes of this section, "service as an elected state constitutional officer" shall include all or any portion of the term of office for which he or she was duly elected as such elected state constitutional officer as specified by law at the time of his election.

SEC. 6. Section 75032 of the Government Code is amended to read:

75032. Every judge who has retired or who retires pursuant to Section 75025 before or after September 11, 1957, shall, during the remainder of his or her life, receive an allowance equal to one-half the salary payable, at the time payment of the allowance falls due, to the judge holding the judicial office to which he or she was last appointed or elected by the people. The allowance shall be paid by the state at the times and in the manner provided for the payment of salaries of justices of the Supreme Court.

This amendment to this section enacted by the Legislature at its 1957 Regular Session does not give any retired judge a claim against the state for any increase in retirement allowance or other benefit for time prior to September 11, 1957.

SEC. 7. Section 75033 of the Government Code is amended to read:

75033. Notwithstanding any other provision of this chapter, if the service of a judge, who has been elected or appointed as such, is discontinued by any means other than death, resignation, recall, impeachment, or retirement pursuant to this chapter, he shall have the right to elect in writing filed with the Judges' Retirement System within ninety (90) days thereafter, and without right of revocation, whether to allow his accumulated contributions to remain in the fund. A judge who after the effective date of the 1972 amendments to this section leaves his office to accept any lucrative office under the United States within the purview of Section 7 of Article VII of the Constitution shall not be eligible for deferred retirement under this section. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A judge who so elects to allow his accumulated contributions to remain in the fund shall, upon his application therefor to the Judges' Retirement System be retired, and after attaining age 65 receive a retirement allowance based upon the judicial service with which he is credited, in the same manner as other judges, except that his retirement allowance is an annual amount equal to 5 percent of the compensation payable, at the time payments of the allowance fall due, to the judge holding the office which the retired judge last held prior to the discontinuance of his service as judge, multiplied by the number of years and fractions of years of service with which the retired judge is entitled to be credited at the time of such discontinuance of his service, not to exceed eight years.

This section shall not be applicable to any person who becomes a judge after January 1, 1974.

The amendments to this section during 1977 shall also be applicable to persons who elected to allow their accumulated contributions to remain in the fund prior to January 1, 1978.

SEC. 8. Section 75033.1 of the Government Code is amended to read:

75033.1. Any judge who is removed from office by the Supreme Court shall not receive any of the benefits provided by Section 75033. The amount of his accumulated contributions shall be paid to him by the Judges' Retirement System.

This section shall be applicable only to a person who becomes a judge after the effective date of this section.

SEC. 9. Section 75033.5 of the Government Code is amended to read:

75033.5. Notwithstanding any other provision of this chapter, any judge with at least five years of service, and prior to attaining age 70, may retire, and upon his application therefor to the Judges'

Retirement System after reaching the age which would have permitted him to retire for age and length of service under Section 75025 had he remained continuously in service as a judge up to such age, receive a retirement allowance based upon the judicial service as a judge of a court of record, with which he is credited, in the same manner as other judges, except as otherwise provided by this section the retirement allowance is an annual amount equal to 3.75 percent of the compensation payable, at the time payments of the allowance fall due, to the judge holding the office which the retired judge last held prior to his discontinuance of his service as judge, multiplied by the number of years and fractions of years of service with which the retired judge is entitled to be credited at the time of his retirement, not to exceed 20 years.

If a judge has served more than five years but less than 12 years, the above percentage of compensation payable shall be reduced 0.25 percent for each year that the service of the judge is less than 12 years.

No judge shall be eligible to receive an allowance pursuant to this section until the attainment of age 63 unless the judge is credited with 20 years of judicial service and has attained age 60.

The surviving spouse of any judge who has so elected to retire under this section shall receive for life an allowance equal to one-half of the retirement allowance that would be payable to the judge were he living and receiving the benefits accorded by this section, commencing with the day following the date of the death, if the judge dies after commencement of receipt of benefits, or the date the judge would have been able to commence receipt of benefits but for his death, if his death occurs prior to commencement of receipt of benefits.

An election to retire under this section shall be made in writing and filed with the Judges' Retirement System, and shall be without right of revocation, and upon such filing said judge shall be deemed retired with receipt of benefits deferred until herein provided, and the judicial office from which he has retired shall become vacant. Said notice and election of retirement shall be sufficient if it states in substance that said judge elects to retire under the benefits of this section.

A judge who leaves his office to accept any lucrative office under the United States within the purview of Section 7 of Article VII of the Constitution shall have any benefits receivable hereunder reduced by the amount of any salary or retirement benefits he receives by virtue of his service in such office.

SEC. 10. Section 75034 of the Government Code is repealed.

SEC. 11. Section 75036 of the Government Code is repealed.

SEC. 12. Section 75060.2 of the Government Code is repealed.

SEC. 13. Section 75070 of the Government Code is amended to read:

75070. In lieu of the retirement allowance for his life alone, a judge may elect, or revoke or change a previous election prior to the

approval of the previous election, to have the actuarial equivalent of his retirement allowance as of the date of retirement applied to a lesser retirement allowance, in accordance with one of the optional settlements specified in Section 75071.

That election, revocation, or change of election shall be made by a writing filed with the Judges' Retirement System prior to the making of the first payment on account of any retirement allowance.

SEC. 14. Section 75071 of the Government Code is amended to read:

75071. (a) Optional settlement one consists of the right to have a retirement allowance paid him or her until his or her death and if he or she dies before he or she receives the amount of his or her accumulated contributions at retirement, to have the balance at death paid to his or her surviving spouse or estate.

(b) Optional settlement two consists of the right to have a retirement allowance paid him or her until his or her death and thereafter to his or her surviving spouse for life.

(c) Optional settlement three consists of the right to have a retirement allowance paid him or her until his or her death, and thereafter to have one-half of his or her retirement allowance paid to his or her surviving spouse for life.

(d) Optional settlement four consists of such other benefits as are the actuarial equivalent of his or her retirement allowance, that he or she may select subject to the approval of the Judges' Retirement System.

SEC. 15. Section 75072 of the Government Code is amended to read:

75072. If, during the life of a judge who has elected to receive an optional settlement in lieu of a retirement allowance for his or her life alone, or during the life of a surviving spouse beneficiary under such a settlement upon whose life contingency the optional settlement elected depends, the compensation payable to the judge holding the judicial office to which the retired judge was last appointed or elected by the people prior to his or her retirement is increased, the amounts payable to the retired judge or to his or her beneficiary, or both, shall be recomputed and increased to be the actuarial equivalent of the increased amount of the retirement allowance to which the retired judge would be entitled if he or she had not elected an optional settlement. However, this section does not give any retired judge or his or her beneficiary any claim against the state for any increase in retirement allowance or other benefit for time prior to the increase in the compensation of the incumbent judge.

SEC. 16. Section 75076 of the Government Code is amended to read:

75076. (a) A judge who qualifies, as prescribed in Section 75075, to receive the benefits accorded by this article shall receive a retirement allowance equal to 65 percent of the salary payable, at the time payment of the allowance falls due, to the judge holding the

judicial office to which he was last elected or appointed; except that if upon retirement a judge has received credit for 20 or more years of service rendered prior to the expiration of the time within which the judge is eligible to elect to receive the benefits accorded by this article and for which he has contributed to the Judges' Retirement Fund his retirement allowance shall equal 75 percent of such salary.

(b) Any judge retiring after the effective date of this subdivision who has or shall become entitled to credit for service as a judge of a court of record prior to the inclusion of the judges of such courts, or of all such courts, under the Judges' Retirement Law, or as a "judge of an excluded court" as defined by Section 75029, or as a "constitutional officer" or "public legal officer" as defined by Section 75030.5, without having contributed therefor to the Judges' Retirement Fund, may at any time prior to retirement contribute for all or any part of such service by paying into the fund a sum of money computed by applying to the rate of salary which he actually received during his first year of service as a judge the rate of deduction first applicable to his salary as a judge after the inclusion of the judges of his court under the Judges' Retirement Law, multiplied by the period of service for which contributions are elected to be made, plus interest at 3 percent a year to the date of his payment upon the amounts of such deductions and from the respective dates they would have been made if he had been the holder of a judicial office subject to the provisions of the Judges' Retirement Law at the time of the rendition of the services for which he has received or hereafter receives such credit.

This subdivision shall apply also to any judge who has retired prior to the effective date of this subdivision and subsequent to September 18, 1959, provided such judge shall file his election and make such contribution with respect to prior service, as authorized hereunder, within one year after the effective date of this subdivision. Any change in the retirement benefits to any such judge which results from such contribution on prior service shall become effective and shall accrue from the date of filing such election and payment of such contribution as authorized hereunder.

The amount of any contribution hereunder and interest thereon shall be determined by the Judges' Retirement System in accordance with this subdivision.

(c) If the judge retires pursuant to Section 75025, the allowance is payable during the remainder of his life; if pursuant to Section 75060, it is payable as provided in Section 75060.6.

SEC. 17. Section 75093 of the Government Code is amended to read:

75093. Notwithstanding any other provisions of this article to the contrary, the surviving spouse of any judge who died in office after January 1, 1966 may elect to receive a monthly allowance, equal to 25 percent of the monthly salary payable at the time payment of the allowance falls due, to the judge last holding the judicial office to which the deceased judge was last elected or appointed.

A surviving spouse who receives an allowance under this section, shall have no other claim with respect to the Judges' Retirement Fund or with respect to any other provisions of the Judges' Retirement Law.

If the surviving spouse has received a benefit under Division 4 (commencing with Section 3201) of the Labor Code, on account of the death of such a person, the amount of any such benefit shall be deducted from the allowance payable under this section.

The allowance provided by this section shall be payable commencing with the day following the date of the judge's death.

This section does not apply to the death of any retired judge while serving on assignment in any court.

SEC. 18. Section 75104.4 of the Government Code is amended to read:

75104.4. The surviving spouse of any judge who dies on or after January 1, 1954, but before retirement and after becoming eligible for retirement pursuant to Section 75025 or Section 75033 or who dies on or after January 1, 1954, while serving as judge and has served as a judge for 30 years, shall receive an allowance equal to one-half of the amount of the unmodified retirement allowance that would be payable to the judge were he living and retired under this chapter. The allowance is payable commencing upon the day following the date of the death of the judge and continuing until the death or remarriage of the surviving spouse. If, pursuant to this section, an allowance is paid to the surviving spouse of a judge, no payment shall be made pursuant to Section 75104 or Section 75104.5.

The Legislature hereby finds and declares that the payment of allowances to the surviving spouse of a judge pursuant to this section, as amended at the 1959 Regular Session of the Legislature, serves a public purpose in that it promotes the public welfare by encouraging experienced jurists to continue their service in the expectation that the Legislature will fairly provide for their surviving spouses under changing circumstances, as the Legislature is now doing for spouses of judges who have heretofore died. Continued service by, and increased efficiency of, judges secure in this knowledge will more than compensate the state for any increased expense for allowances to surviving spouses provided by the amendment enacted at the 1959 session of the Legislature.

SEC. 19. Section 75106 of the Government Code is amended to read:

75106. The State Treasurer is the custodian of the Judges' Retirement Fund. At the end of each month the Judges' Retirement System shall ascertain the written notices of voluntary retirement and the written certificates of involuntary retirement which have been filed with the Judges' Retirement System and cause warrants to be drawn upon the State Treasury in favor of each retired judge for the amount of the retirement allowance to which he is entitled.

SEC. 20. Section 75107 of the Government Code is amended to read:

75107. Whenever it appears to the Judges' Retirement System that the money in the Judges' Retirement Fund is insufficient, or is likely to become insufficient, to pay all retirement allowances payable by law to retired judges and all other obligations of the fund which will become payable during the ensuing fiscal year, the Judges' Retirement System shall report such condition of the fund to the Legislature at its next regular session, and upon receipt of such report it shall be the duty and obligation of the Legislature to appropriate, in the State Budget Act, or otherwise, such sums as may be necessary to make the Judges' Retirement Fund fully sufficient to pay all of the obligations of the fund which will become payable during the ensuing fiscal year.

SEC. 21. Section 75109 of the Government Code is amended to read:

75109. If the Judges' Retirement System determines that there has been an overpayment of contributions or that any amount not required to be paid under this chapter has been paid by a judge, the Judges' Retirement System shall refund the amount of the overpayment or excess payment to the judge. So much money as may be necessary is hereby appropriated from the Judges' Retirement Fund for the purpose of making refunds under this section.

SEC. 22. Section 75109.5 of the Government Code is amended to read:

75109.5. The Judges' Retirement System shall keep in convenient form such data as is necessary for the actuarial valuation of this retirement law. As of June 30, 1973, and thereafter at the ends of periods not to exceed four years, the Judges' Retirement System shall cause to be made an actuarial investigation into the mortality, service and compensation experience of members and persons receiving benefits and an actuarial valuation of the assets and liabilities of this retirement law. From time to time the Judges' Retirement System shall determine the rate of interest being earned on the Judges' Retirement Fund.

The Judges' Retirement System shall cause to be published, as of the date of the investigation and valuation, a financial statement showing an actuarial valuation of the assets and liabilities of the system and a certified statement as to the accumulated cash and securities in the Judges' Retirement Fund. The Judges' Retirement System shall include recommendations for financing the retirement law in the financial statement.

CHAPTER 116

An act to add Chapter 10.6 (commencing with Section 25925) to Division 20 of the Health and Safety Code, relating to asbestos, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1986 Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10.6 (commencing with Section 25925) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 10.6. ASBESTOS ABATEMENT AND CONTROL

25925. (a) "Asbestos" means naturally occurring fibrous hydrated mineral silicates, including chrysotile, crocidolite, amosite, fibrous tremolite, fibrous anthophyllite, and fibrous actinolite.

(b) "Asbestos materials" means materials formed by mixing asbestos fibers with other products, including, but not limited to, rock wool, plaster, cellulose, clay, vermiculite, perlite, and a variety of adhesives, whether sprayed on surfaces or applied to surfaces in the form of a plaster or a textured paint.

(c) "Public building" means any structure, facility, or building owned or leased by the State of California, the University of California, or any local agency as defined in Section 54980 of the Government Code. "Public building" does not include any building or structure used for a primary or secondary school.

25926. The Legislature finds that:

(a) Substantial medical and scientific evidence indicates that human exposure to asbestos fibers significantly increases the risk of contracting cancer and other debilitating or fatal diseases, including, but not limited to, asbestosis.

(b) The Legislature has taken measures to reduce the risk of asbestos exposure for school children and school employees by creating a statewide program to rid schools of asbestos (Chapter 1751, Statutes of 1984).

(c) Asbestos materials were commonly used in public buildings for fireproofing, soundproofing, decoration, thermal insulation, and other purposes.

(d) When these materials deteriorate or become loose, damaged, or friable, they release asbestos fibers into the ambient air. This may result in exposure of employees and the public to potentially dangerous levels of asbestos.

(e) It is vital for the safety of the public to identify the precise location and condition of asbestos materials in public buildings in order to institute abatement and control procedures as needed and

to ensure that when repairs or renovations are undertaken that any asbestos materials present are properly handled.

25927. It is the intent of the Legislature to ensure the safety of the public and of public employees by creating an interdepartmental task force composed of representatives from the State Department of Health Services, the Department of Industrial Relations, the Department of General Services, and the Commission on Building Standards, which shall be known as the Asbestos Assessment Task Force to analyze the magnitude of the asbestos problem in public buildings.

The State Department of Health Services shall be responsible for coordinating the work of the Asbestos Assessment Task Force and compiling a report to include all of the following:

(a) A statewide inspection plan and a schedule for assessing the presence and condition of asbestos in public buildings. In developing the inspection plan the Asbestos Assessment Task Force shall do all of the following:

(1) Inspect a representative sample of public buildings and utilize the data to project priorities and costs for inspection and asbestos abatement and control required for public buildings.

(2) Design a uniform reporting form for building inspection to document the presence of asbestos and their location within the building. The form shall contain an evaluation of the extent to which any asbestos materials are loose, friable, flaking, dusting or otherwise show evidence of damage, deterioration, or disturbance and the causes, if ascertainable, of such problems.

(3) Develop criteria to rate buildings according to the degree of hazard posed by the presence and condition of the asbestos materials in the buildings. The criteria shall include, but not be limited to, considerations of the exposure potential for the type of public and employee use of the building and the condition and location of the asbestos material. The criteria shall include a designation of an emergency situation in which the condition or location of the asbestos materials constitutes an imminent and severe threat to human health.

(4) Design an emergency procedure for buildings in which the condition of the asbestos materials constitutes an imminent and severe threat to human health.

(5) Design an information system which will provide building maintenance personnel, employees and the public with information about the asbestos materials in the building. The information system shall include a notification procedure for employees and the public concerning any activities to contain or remove asbestos materials or to renovate, repair, or engage in construction activities in buildings containing asbestos materials.

(6) Design a statewide register which contains information, including, but not limited to, reports of any inspection for asbestos and any containment, abatement, encapsulation or other asbestos control measures.

(b) Review the relevant research, laws and regulations and develop methods and standards to accurately assess the potential for employee and public exposure to asbestos in public buildings. These methods and standards shall include recommendations for effective asbestos control which may be taken to minimize employee and public exposure and recommendations regarding standards for minimum levels of asbestos concentration in ambient air in public buildings. In developing the methods and standards the Asbestos Assessment Task Force shall hold public hearings to obtain testimony from the scientific community and the public.

The duties to inspect public buildings and to report to the Legislature which are imposed on the state pursuant to this chapter shall not be interpreted to impose on the state, the University of California, or any local agency any duty to repair buildings if that duty does not exist on the date this chapter becomes operative.

Local agencies are urged to provide the Asbestos Assessment Task Force with data needed by the task force to complete the duties imposed pursuant to this chapter.

25928. The State Department of Health Services shall report to the Legislature by December 31, 1987, on the results of the Asbestos Assessment Task Force recommendations and inspections pursuant to Section 25927.

25929. If any building standards are adopted pursuant to this chapter, the standards shall be placed in the appropriate sections of the State Building Standards Code, contained in Title 24 of the California Administrative Code.

SEC. 2. There is hereby appropriated the sum of two hundred thousand dollars ($200,000) from the General Fund to the State Department of Health Services for the purpose of funding the Asbestos Assessment Task Force.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To safeguard the public health from the hazards of asbestos it is imperative that this act become effective immediately.

CHAPTER 117

An act to amend Section 35239 of the Education Code, relating to compensation of governing board members, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1986. Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 35239 of the Education Code is amended to read:

35239. (a) In a school district which during the preceding fiscal year had an average daily attendance of 70 or less, a member of the governing board may receive a reasonable compensation from the district for necessary work and labor performed by him or her for the district in repairing the schoolhouse, fences, and other property belonging to the district, or in furnishing wood or other necessary supplies.

(b) In a school district which during the preceding fiscal year had an average daily attendance of 70 or less, a member of the governing board may receive a reasonable compensation from the district for providing services in a classified position if the collective bargaining agent for classified employees in that district and the governing board concur that no other qualified person is available.

(c) The requisition drawn pursuant to subdivision (a) or (b) for payment of services or supplies shall be signed by the other members of the governing board and shall be subject to approval by the county superintendent of schools.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid or eliminate hardships created in school districts, it is necessary that this act go into immediate effect.

CHAPTER 118

An act to amend Section 45308 of the Education Code, relating to classified employees.

[Approved by Governor May 28, 1986 Filed with Secretary of State May 28, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 45308 of the Education Code is amended to read:

45308. Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff.

For purposes of this section, in school districts with an average daily attendance below 400,000, for service commencing or continuing after July 1, 1971, "length of service" means all hours in paid status, whether during the school year, a holiday, recess, or during any period that a school is in session or closed, but does not include any hours compensated solely on an overtime basis as provided for in Section 45128. For purposes of this section, in school districts with an average daily attendance of 400,000 or more, for service commencing or continuing after January 1, 1986, "length of service" shall be determined by the date of hire.

Nothing contained in this section shall preclude the granting of "length of service" credit for time spent on military leave of absence, or unpaid illness leave, or unpaid maternity leave, or unpaid industrial accident leave. In the event an employee returns to work following any other unpaid leave of absence, no further seniority shall be accrued for the time not worked.

"Hours in paid status" shall not be interpreted to mean any service performed prior to entering into a probationary or permanent status in the classified service of the district except service in restricted positions as provided in this chapter.

CHAPTER 119

An act to amend Section 12301 of the Welfare and Institutions Code, relating to public social services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 30, 1986. Filed with Secretary of State June 2, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the In-home Supportive Services program, provided for pursuant to Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, provides supportive services that enable aged, blind, and disabled persons to safely remain in their own homes. The Legislature further finds that this program contributes significantly to the goal of fostering maximum independence wherever possible and therefore provides an important alternative to placement in a long-term health care facility or other institution outside the home. It is therefore the intent of this act to assess the utilization of program funds and to assess the interrelationship between the In-Home Supportive Services program and other programs that may affect program caseload.

SEC. 2. Section 12301 of the Welfare and Institutions Code is amended to read:

12301. (a) The intent of the Legislature in enacting this article is to provide supplemental or additional services to the social and rehabilitative services in Article 6 (commencing with Section 12250) of this chapter. The Legislature further intends that necessary in-home supportive services shall be provided in a uniform manner in every county based on individual need consistent with the appropriation provided for such services in the annual Budget Act and the provisions of this chapter, in the absence of alternative in-home supportive services provided by an able and willing individual or local agency at no cost to the recipient, except as required under Section 12304.5. An able spouse who is available to assist the recipient shall be deemed willing to provide at no cost any services under this article except nonmedical personal services and paramedical services. When a spouse leaves full-time employment or is prevented from obtaining full-time employment because no other suitable provider is available and where the inability of such provider to provide supportive services may result in inappropriate placement or inadequate care, the spouse shall also be paid for accompaniment when needed during necessary travel to health-related appointments and protective supervision.

(b) Commencing in fiscal year 1985–86, each county shall be notified of its allocation and projected caseload by July 31 of each fiscal year and shall submit a plan to the department within 30 days showing how the county intends to keep program expenditures under this article within the amount of its allocation plus any matching funds required to be expended by the county. If a county cannot keep expenditures within the amount of its allocation plus any matching funds required to be expended by each county, prior to implementing any program reductions, the county shall submit a reduction plan to the department that is prepared in accordance with paragraphs (1) to (5), inclusive, of subdivision (j). The reduction plan shall specify which services will be cut and which client population will be affected. Program reductions shall occur only as an incident to an approved plan.

(c) In approving any reduction plan, the department shall consider all program cost components it determines to be relevant. Within a reasonable period of time, the department shall approve or require modification of the reduction plan as it determines appropriate.

(d) The department may provide additional funds from the existing appropriation to forestall the requirement of any program reductions on a county-by-county basis.

(e) In the event program reductions are necessary, reductions shall be calculated to reduce services only by an amount which would enable a county to remain within the amount of its allocation plus any matching funds required to be expended by each county. Counties that can remain within their allocation shall not implement reductions.

(f) Counties shall also continually monitor their program

expenditures throughout the fiscal year. If at any time a county discovers that its anticipated expenditures will exceed the amount of its allocation plus any matching funds required to be expended by each county, the county shall immediately notify, and submit a reduction plan to, the department for approval prior to implementing program reductions.

(g) The department shall notify the Joint Legislative Budget Committee and the fiscal committees of both houses within 30 days of the date it approves a reduction plan.

(h) Each county shall report all of the following to the department by August 31 of each year:

(1) Information on caseload, including the number of persons who receive 20 or more hours of personal services, between 18 and 20 hours of personal services, the number of persons receiving protective supervision, and the number of cases per age of recipient.

(2) An estimate of the impact on caseload and hours of service in the In-Home Supportive Services program in the current fiscal year from In-Home Supportive Services referrals made by any of the following programs:

(A) The new linkages program authorized by Chapter 1637 of the Statutes of 1984.

(B) Multipurpose senior service centers.

(C) Adult day health care centers.

(D) Diagnostically related groups and early hospital discharges.

(E) Preadmission screening.

(F) Reported adult abuse.

This estimate shall be based upon referrals from these programs made during the preceding fiscal year.

The county shall also report which methods of outreach are being utilized by the county regarding the availability of services under this article.

When a county does not have the capability of reporting on all cases specified under paragraphs (1) and (2) in a timely manner, the county may report to the department on the basis of a representative sample of cases.

The department shall consider using this information to develop its annual budget request or, should the department decide that a deficiency appropriation is necessary, any deficiency request.

(i) On or before January 10 of each year, the department shall submit a report to the Joint Legislative Budget Committee and the fiscal committees of both houses which includes a compilation by county of the data collected pursuant to paragraphs (1) and (2) of subdivision (h) and, by county (1) the amount allocated at the beginning of the fiscal year, (2) the amount expended during the first three months of the fiscal year, (3) an estimate of total fiscal year expenditures, (4) any reallocation of funds among counties, (5) any approved reductions including a description of which services were cut and what clients were affected, and (6) a list, by county, of any new programs under subparagraphs (A), (B), (C), and (E) of

paragaraph (2) of subdivision (h).

(j) The following priorities are established to direct counties and the department on how to implement needed program reductions:

(1) Reduction in the frequency with which nonessential services are provided.

(2) Elimination of nonessential-service categories.

(3) Termination or denial of eligibility to persons requiring only domestic services.

(4) Termination or denial of eligibility to persons who, in the absence of services, would not require placement in a medical out-of-home care facility.

(5) Per capita reduction in the cost of services authorized.

Any program reductions shall be implemented so as to avoid, to the extent feasible within budgetary constraints, out-of-home placements.

The counties and the State Department of Social Services shall utilize these options in the order of their appearance. In no event shall services be terminated or denied to any eligible person who in the absence of services would require medical out-of-home care. In no event shall services be terminated or denied to any eligible person who in the absence of such services would become unemployed.

Nonessential services are routine mending, ironing, heavy cleaning, domestic services, yard hazard abatement except for snow removal, teaching and demonstration, and any other services specified by the department. Restrictions on nonessential services shall be excepted on a case by case basis when denial or termination of such services would result in placement in a medical out-of-home facility or in a loss of employment, in a life threatening situation in conditions which present a substantial threat to health or safety, or in any other condition specified by the department. Essential services shall at a minimum include those services listed in subdivision (e) of Section 12304.

SEC. 3. The State Department of Social Services shall immediately implement this act. If it is necessary to adopt regulations to do so, the director shall immediately adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. These regulations shall become effective immediately upon filing with the Secretary of State and shall not remain in effect more than 120 days unless the State Department of Social Services complies with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 4. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500)

of Division 4 of Title 2 of the Government Code.

SEC. 5. The sum of fifteen million four hundred thousand dollars ($15,400,000) is hereby appropriated from the General Fund to the State Department of Social Services in augmentation of Item 5180-151-001 (b) (1) of the Budget Act of 1985 (Chapter 111, Statutes of 1985).

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the State Department of Social Services and counties improve the administration and monitoring of the In-Home Supportive Services program, and to ensure that provider payments be uninterrupted, it is necessary that this act go into immediate effect.

CHAPTER 120

An act to amend Section 6102 of the Penal Code, relating to correctional facilities.

[Approved by Governor June 2, 1986. Filed with Secretary of State June 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 6102 of the Penal Code is amended to read:

6102. The primary purpose of the medical facility shall be the receiving, segregation, confinement, treatment and care of males under the custody of the Department of Corrections or any agency thereof who are any of the following:

(a) Mentally disordered.

(b) Developmentally disabled.

(c) Addicted to the use of controlled substances.

(d) Suffering from any other chronic disease or condition.

CHAPTER 121

An act to amend Section 14672.9 of the Government Code, and to amend Section 4446 of the Welfare and Institutions Code, relating to state property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14672.9 of the Government Code is amended to read:

14672.9. (a) Notwithstanding Section 14670, the Director of General Services, with the consent of the State Department of Developmental Services, may let in the best interests of the state to a nonprofit corporation, for the purposes specified in this section, real property not exceeding 45.3 acres located within the grounds of the Agnews State Hospital. Of this amount, up to 27 acres may be leased for a period not to exceed 79 years beginning in 1974 and ending July 1, 2053, for the purpose of constructing a business development park. In addition, no more than five acres, of the remaining acres, required by the local government agency for offsite improvements and roadways to support the business development park, may be leased for a period not to exceed 79 years beginning in 1974 and ending July 1, 2053. The remaining acres shall be leased for a period not to exceed 50 years beginning in 1974 and ending on July 1, 2024, for the purpose of conducting an educational and work program for developmentally disabled and other handicapped persons. In the event the nonprofit corporation fails to substantially commence construction of the business development park by July 1, 1988, the terms of the lease allowing construction of a business development park and roadways and offsite improvements shall be null and void, and the lease shall revert to a 50-year period terminating July 1, 2024.

The Department of General Services may provide a one-year extension to the deadline for commencement of construction if the department determines the nonprofit corporation has reasonable grounds for failure to commence construction.

(b) The lease authorized by this section shall be subject to periodic review every five years. The review shall require submission of a report every five years by the lessee. The report shall be reviewed by the Director of General Services, who shall assure the state that the original purposes of the lease are being carried out.

(c) Subject to the approval of the Director of General Services and the State Department of Developmental Services, a lease executed under subdivision (a) may be revised to provide any of the following:

(1) That the nonprofit corporation may assign its interest in the leased property, in whole or in part.

(2) That the nonprofit corporation may sublet all or any portion of the leased property.

(3) That the nonprofit corporation may enter into joint ventures with any other person, firm, partnership, or corporation to construct facilities or to conduct programs and activities on the leased

property.

(d) Any revision of the nonprofit corporation's lease pursuant to subdivision (c) shall be subject to the requirement that all activities, assignments, and subleases shall be in furtherance of the purposes specified in subdivision (a).

(e) Any sublease or partial assignment or transfer of the nonprofit corporation's interest in the leased property, whether voluntary, involuntary, or by operation of law, shall not terminate the nonprofit corporation's remaining interest in the leased property.

(f) In addition to rent paid by the nonprofit corporation to the state, the nonprofit corporation shall pay the state 50 percent of the gross rental income resulting from any subleases pursuant to subdivision (c) through June 30, 2024, and 75 percent of the gross rental income from July 1, 2024, to July 1, 2053. Any proceeds received by the state shall be deposited in a special account within the General Fund to be known as the Developmental Disabilities Services Account. All funds within this account shall be held without regard to fiscal years and shall be available for appropriation by the Legislature for the benefit of persons with developmental disabilities. Any interest accruing to moneys deposited in the account also shall accrue to the account.

On or before April 15 of each year beginning in 1987, the State Department of Developmental Services shall submit a report to the Assembly Ways and Means Committee and the Senate Appropriations Committee. The report shall include, but not be limited to, the following information:

(1) The amount of funds in the Developmental Disabilities Services Account in the General Fund.

(2) The department's priorities for expenditure of those funds.

(g) Any profits to the nonprofit corporation from the proceeds of a sublease executed pursuant to paragraph (2) of subdivision (c) shall be directed into programs for persons with disabilities for the purpose of directly benefiting clients of the nonprofit corporation.

(h) A minimum of 15 percent of the total number of jobs created as a result of the sublease shall be reserved for handicapped employees and placed by the nonprofit corporation.

SEC. 2. Section 4446 of the Welfare and Institutions Code is amended to read:

4446. (a) Notwithstanding Section 4444, the Director of General Services may enter into an agreement with the City of Santa Clara for the dedication of a public right-of-way and the granting of long-term easements, as specified in subdivision (d), by the department over and across state property within Agnews State Hospital, for public road purposes.

(b) The term of any easement agreed to by the department shall be of sufficient duration to enable the city to exercise jurisdiction over the public street or road thereon for maintenance purposes. Any construction or maintenance of a public street or road shall be at no cost to the state, and shall be subject to any applicable state or

local requirements relating to accessibility for the physically handicapped or disabled.

(c) The agreement shall contain such terms, conditions, reservations, and exceptions as the director deems in the best interest of the state, and as will protect the future use and marketability of the property.

(d) Any public right-of-way or easements agreed to pursuant to subdivision (a) shall meet the following specifications:

(1) A public right-of-way over approximately an 80-foot wide strip of land starting at a point approximately 1450 feet east of the center line of De La Cruz Boulevard and running in a northerly direction from Montague Expressway approximately 2200 feet to a point 250 feet south of the northern boundary of the Camsi III property, the last 970 feet of which lies contiguous with the western boundary of the Camsi III property, together with land necessary for acceleration and deceleration lanes from the proposed collector street onto and off of Montague Expressway, the land consisting of two wedge shaped parcels, 600 feet in length and varying width, between 20 feet to 0 feet.

(2) A 20-foot wide easement for entry into state land, to fill an existing channel and install and maintain a water main, lying contiguous to the northern right-of-way line of Montague Expressway and running from the western boundary of Camsi III property, westerly to De La Cruz Boulevard, excepting that right-of-way previously described in paragraph (1) of this subdivision for the proposed street purpose.

(3) A 30-foot wide easement, for the purpose of filling an existing storm channel, running from Montague Expressway 441 feet northerly along the water boundary of Camsi III property.

(4) Other easements determined by the Director of General Services as necessary for the purpose of constructing a business development park pursuant to Section 14672.9 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to meet the financing requirements for construction of vitally needed facilities for rehabilitation services for the mentally retarded and other persons with disabilities in California at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 122

An act relating to parks and recreation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Pursuant to Section 5626 of the Public Resources Code, the County of Sonoma is hereby authorized to retain and convert to road right-of-way purposes an approximately one-acre portion of Maxwell Farms Regional Park acquired with a grant of state funds described in the Department of Parks and Recreation project BG-49-002 under the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act (Chapter 3.2 (commencing with Section 5620) of Division 5 of the Public Resources Code) appropriated by Item 271 of the Budget Act of 1976 (Chapter 320, Statutes of 1976) and Item 227 of the Budget Act of 1977 (Chapter 219, Statutes of 1977), subject to the condition that the County of Sonoma transfers to Maxwell Farms Regional Park other county-owned property as an addition to the park.

SEC. 2. The funds appropriated in category (1) of Item 3790-101-036 of Section 2 of the Budget Act of 1985 (Chapter 111, Statutes 1985) are hereby reappropriated to the Department of Parks and Recreation for allocation for park and recreation purposes to the East Bay Regional Park District and the East Bay Municipal Utility District pursuant to an agreement between the two districts which is subject to approval by the department.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that right-of-way realignment necessary to permit safe ingress to and egress from Maxwell Farms Regional Park in Sonoma County may be commenced at the earliest possible time, and in order to ensure public access to recreational areas to be provided by the East Bay Regional Park District and the East Bay Municipal Utility District, it is necessary that this act take effect immediately.

CHAPTER 123

An act to amend and repeal Section 18300 of the Health and Safety Code, relating to the Mobilehome Parks Act.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 18300 of the Health and Safety Code, as amended by Section 5 of Chapter 210 of the Statutes of 1985, is amended to read:

18300. (a) This part applies to all parts of the state and supersedes any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to this part. Except as provided in Section 18930, the department may adopt regulations to interpret and make specific this part and when adopted the regulations shall apply to all parts of the state.

(b) Upon 30 days' written notice from the governing body to the department, any city, county, or city and county may assume the responsibility for the enforcement of this part and the regulations adopted pursuant to this part following approval by the department for the assumption.

(c) The department shall adopt regulations which set forth the conditions for assumption and may include required qualifications of local enforcement agencies. The conditions set forth and the qualifications required in the regulations which set forth the conditions for assumption shall relate solely to the ability of local agencies to enforce properly this part and the regulations adopted pursuant to this part. The regulations which set forth the conditions for assumption shall not set requirements for local agencies different than those which the state maintains for its own enforcement program. When assumption is approved, the department shall transfer the responsibility for enforcement to the city, county, or city and county, together with all records of mobilehome parks within the jurisdiction of the city, county, or city and county.

(d) (1) In the event of nonenforcement of this part or the regulations adopted pursuant to this part by a city, county, or city and county, the department shall enforce this part and the regulations adopted pursuant to this part in the city, county, or city and county after the department has given written notice to the governing body of the city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and the city, county, or city and county has failed to initiate corrective measures to carry out its responsibility within 30 days of the notice.

(2) Where the department determines that the local enforcement agency is not properly enforcing this part, the local enforcement

agency shall have the right to appeal the decision to the director of the department.

(e) Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of the notice, shall assume responsibility within 30 days.

(f) Every city, county, or city and county, within its jurisdiction, shall enforce this part and the regulations adopted pursuant to this part, as they relate to manufactured homes or mobilehomes and to mobilehome accessory buildings or structures located outside of mobilehome parks.

(g) This part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of their police powers, from doing any of the following:

(1) From establishing, subject to the requirements of Sections 65852.3 and 65852.7 of the Government Code, certain zones for manufactured homes, mobilehomes, or mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, or tent camps within the city, county, or city and county, or establishing types of uses and locations, including family mobilehome parks, adult mobilehome parks, mobilehome condominiums, mobilehome subdivisions, or mobilehome planned unit developments within the city, county, or city and county, as defined in the zoning ordinance, or from adopting rules and regulations by ordinance or resolution prescribing park perimeter walls or enclosures on public street frontage, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, recreational vehicle parks, temporary recreational vehicle parks, or tent camps.

(2) From regulating the construction and use of equipment and facilities located outside of a manufactured home, mobilehome, or recreational vehicle used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when the facilities are located outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park for which a permit is required by this part or the regulations adopted pursuant thereto.

(3) From requiring a permit to use a manufactured home, mobilehome, or recreational vehicle outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of manufactured homes, mobilehomes, and recreational vehicles, which permit may be refused or revoked if the use violates this part or Part 2 (commencing with Section 18000), any regulations adopted pursuant thereto, or any local ordinance applicable to that use.

(4) From requiring a local building permit to construct an accessory structure for a manufactured home or mobilehome when

the manufactured home or mobilehome is located outside a mobilehome park, recreational vehicle park, or temporary recreational vehicle park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) and the regulations adopted pursuant thereto do not require the issuance of a permit therefor by the department.

(h) (1) A city, including a charter city, county, or city and county, shall not require the average density in a new mobilehome park to be less than that permitted by the applicable zoning ordinance, plus any density bonus, as defined in Section 65915 of the Government Code, for other affordable housing forms.

(2) A city, including a charter city, county, or city and county, shall not require a new mobilehome park to include a clubhouse. Recreational facilities, recreational areas, accessory structures, or improvements may be required only to the extent that the facilities or improvements are required in other types of residential developments containing a like number of residential dwelling units.

SEC. 2. Section 18300 of the Health and Safety Code, as amended by Section 6 of Chapter 210 of the Statutes of 1985, is repealed.

CHAPTER 124

An act to amend Section 2554 of the Streets and Highways Code, relating to streets and highways.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2554 of the Streets and Highways Code is amended to read:

2554. The moneys received by each authority pursuant to subdivision (b) of Section 9250.10 of the Vehicle Code shall be used for the implementation, maintenance, and operation of an emergency motorist aid system for emergency call boxes on the portions of the California Freeway and Expressway System located within the county in which the authority is established. The Department of Transportation and the Department of the California Highway Patrol shall each review and approve plans for implementation of an emergency motorist aid system proposed for any state highway route and shall be reimbursed by the service authority for all costs incurred.

An authority may construct and maintain the facilities of an emergency motorist aid system or it may contract with a private person or entity to do so.

CHAPTER 125

An act to amend Sections 16367.5, 16367.6, 16367.61, 16367.65, 16367.7, and 16367.75 of the Government Code, and to amend Section 11 of Chapter 1604 of the Statutes of 1985, relating to energy assistance.

[Approved by Governor June 2, 1986. Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 16367.5 of the Government Code is amended to read:

16367.5. The Department of Economic Opportunity shall receive and administer the federal Low-Income Home Energy Assistance Programs Block Grant, provided for pursuant to the Low-Income Home Energy Assistance Act of 1981, as amended (42 U.S.C. Sec. 8621 et seq.), and shall allocate funds received as follows:

(a) Five percent of the total federal allocation shall be allocated for purposes of administration. An additional 2.5 percent of the total federal allocation shall be set aside for administrative purposes and made available upon request of the Department of Finance and pursuant to Section 28 of Chapter 99 of the Statutes of 1981.

(b) An amount not to exceed 10 percent of the total federal allocation to the State Department of Social Services for social service programs under Chapter 5 (commencing with Section 13000) of Part 3 of Division 9 of the Welfare and Institutions Code.

This allocation shall be implemented prior to the first fiscal year for which an equivalent amount of state funding is identified and appropriated to the State Department of Social Services. It is the intent of the Legislature that identification and appropriation of an equivalent amount of state funding be made pursuant to the Budget Act of 1986.

(c) Fifteen percent of the total federal allocation for weatherization services for eligible individuals. For the purposes of this subdivision, weatherization shall include all energy conservation measures and energy efficient appliances that are cost effective and improve energy efficiency. For the purposes of this subdivision, these services shall be available to households in which one or more individuals are receiving aid under Chapter 2 (commencing with Section 11200) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code, county general assistance recipients under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code, Food Stamp Program recipients, provided for under Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code, payments under Section 415, 521, 541, or 542 of Title 38 of the United States Code, or under Section 306 of

the Veterans' and Survivors' Pension Improvement Act of 1978, and other households with incomes that do not exceed an amount equal to 150 percent of the federally established poverty level.

(d) Twenty-five percent for the Energy Crisis Intervention Program which shall consist solely of emergency assistance to eligible individuals for programs specified in this subdivision who give evidence of one or more of the following conditions:

(1) Proof of utility shutoff notice.

(2) Proof of energy termination.

(3) Insufficient funds to establish a new energy account.

(4) Insufficient funds to pay a current or delinquent utility bill.

(5) Insufficient funds to pay the cost of space heating devices where no alternative source of space heating is reasonably available.

(6) Insufficient funds to pay for essential firewood.

(7) Insufficient funds to pay for the cost of emergency repairs to heating and cooling units.

(8) Insufficient funds to pay energy costs for a household in which a household member's medical condition requires use of life support or climate and temperature control systems.

The crisis intervention program shall not include advocacy, community mobilization, or community planning.

The Energy Crisis Intervention Program shall be available to households containing recipients of programs contained in Division 9 (commencing with Section 10000) of the Welfare and Institutions Code and which are referred to in subdivision (c) and other households with incomes that do not exceed 130 percent of the federally established poverty level.

(e) The remainder of the total federal allocation shall be utilized for aid for home energy costs for direct assistance payments, which shall be distributed in accordance with subdivision (b) of Section 16367.6. Services shall be provided to both of the following:

(1) Households in which one or more individuals are receiving any of the following:

(A) Aid to families with dependent children under the state's plan approved under Part A of Title IV of the federal Social Security Act (42 U.S.C. Sec. 601 et seq.) and Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, other than aid in the form of foster care received in accordance with Section 408 of the federal Social Security Act.

(B) Supplemental Security Income payments under Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code).

(C) Food stamps received pursuant to Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code.

(D) Payments under Section 415, 521, 541, or 542 of Title 38, United States Code, or under Section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978.

(2) Households with incomes which do not exceed the greater of either an amount equal to 150 percent of the poverty level for this state, or an amount equal to 60 percent of the state median income, except that no household may be excluded from eligibility under this paragraph if the household has an income which is less than 110 percent of the poverty level of this state.

(f) The Department of Economic Opportunity shall contract with local public or private nonprofit agencies to assist with outreach and intake and other activities to enroll eligible individuals.

(g) The program components provided for in subdivisions (c) and (e) shall include activities to enroll eligible individuals, especially the elderly and disabled, and to educate recipients about general energy conservation practices and about the availability of state and utility programs for free weatherization of low-income homes.

(h) The Department of Economic Opportunity and the Office of Planning and Research may enter into an interagency agreement concerning the education component of this section. If an agreement is entered into pursuant to this subdivision, it shall provide that the Office of Planning and Research shall contract with local public or private nonprofit agencies for the education component. In order to maximize the efficiency of these programs, the Office of Planning and Research shall contract, to the extent feasible, with community-based organizations and community-action agencies providing crisis intervention grants under this section.

SEC. 2. Section 16367.6 of the Government Code is amended to read:

16367.6. (a) The Department of Economic Opportunity shall receive and administer all state and federal funds which are allocated for programs to provide energy assistance to qualified low-income individuals only, except for those funds which are allocated to, and distributed by, the California Energy Extension Service.

(b) No later than November 1, 1984, the Department of Economic Opportunity shall promulgate a comprehensive procedure to assure that those energy assistance funds are utilized in the most productive and efficient manner, including a distribution system whereby all funds allocated for direct assistance payments are distributed by state and local agencies directly to the electrical or gas corporations or other suppliers of energy on behalf of the qualified low-income individuals or by two-party checks made payable to both the energy supplier and the individual. In establishing this system, the Department of Economic Opportunity shall consult with representatives of electrical or gas corporations or other suppliers of energy and with local agencies that participate in distributing assistance funds.

The Department of Economic Opportunity shall have the discretion to adjust payments to the energy supplier or the individual or to make direct payments to the individual for payment to an energy supplier in special or unique circumstances not otherwise provided for in this section.

(c) The Department of Economic Opportunity shall submit an annual report to the Legislature no later than August 15 describing the following aspects of the Low-Income Home Energy Assistance Program:

(1) The amount of money expended on the program.

(2) The number of individuals served by the program.

(3) The average amount of assistance provided to program recipients.

(4) The amount of unexpended Home Energy Assistance Program funds remaining after the close of the application period.

(5) An estimate of the number of individuals eligible under paragraph (2) of subdivision (e) of Section 16367.5 and the number and level of those eligible individuals served within available resources.

SEC. 3. Section 16367.61 of the Government Code is amended to read:

16367.61. In order to make administrative improvements in the Low-Income Home Energy Assistance Program components provided for in subdivisions (c), (d), and (e) of Section 16367.5, the Department of Economic Opportunity shall contract, during the 1986 program year, with nonprofit organizations to implement pilot programs and demonstration projects including, but not limited to, all of the following:

(a) Decentralization of the Low-Income Home Energy Assistance Program providing benefits to eligible individuals.

(b) A trust account system for the payment of utility companies by contractors on behalf of eligible individuals.

(c) An electronic transfer payment system between the Department of Economic Opportunity, commercial banks, local administering agencies, and participating energy suppliers.

(d) Analyze the Department of Economic Opportunity operated weatherization programs provided for under subdivision (c) of Section 16367.5, using utility-funded programs as models, and recommend techniques to increase efficiency and provide maximum energy savings for dollars spent.

SEC. 4. Section 16367.65 of the Government Code is amended to read:

16367.65. The Department of Economic Opportunity may enter into an agreement with the California Energy Extension Service to provide technical assistance and outreach programs to low-income individuals and the Department of Economic Opportunity energy agencies which shall include, but not be limited to, all of the following:

(a) Energy education programs for recipients of low-income energy assistance.

(b) Energy education to senior citizens, disabled individuals, Native Americans, seasonal migrant workers, and rural communities.

(c) Training programs and technical assistance for community action agencies and community-based organizations and other

groups which administer the low-income home energy assistance programs at the local level.

SEC. 5. Section 16367.7 of the Government Code is amended to read:

16367.7. Whenever the Department of Economic Opportunity does not allocate Energy Crisis Intervention Program funds on schedule to a community-based organization or community action agency and the organization or agency finds it necessary to obtain a loan in order to cover its program costs, the office shall pay any interest charges on the loan out of the funds budgeted for the administration of the Department of Economic Opportunity, unless the failure to allocate is due to an incomplete application or report and the office promptly gives notice of this fact to the organization or agency.

Any interest payable by the office pursuant to this section shall be paid by the Controller to the organization or agency from available funds in the office's budget. If any interest charge is paid by the office pursuant to this section, the office shall report this fact to the Legislature and describe what actions are being taken to prevent additional payments of interest charges.

SEC. 6. Section 16367.75 of the Government Code is amended to read:

16367.75. The Department of Economic Opportunity shall biennially, commencing January 1, 1987, submit a report to the Legislature on the results of the pilot projects and demonstration program, provided for under subdivision (f) of Section 16367.5 and Sections 16367.61 and 16367.65, and the impact of expanding program eligibility.

SEC. 7. Section 11 of Chapter 1604 of the Statutes of 1985 is amended to read:

Sec. 11. (a) The sum of two million dollars ($2,000,000) is hereby appropriated from the Federal Trust Fund, which was created pursuant to Section 16360 of the Government Code, for the Energy Crisis Intervention Program provided under subdivision (c) of Section 16367.5 of the Government Code. This sum shall be allocated from the sum of two million dollars ($2,000,000) transferred from the General Fund to the Federal Trust Fund in repayment of interest earned on federal Petroleum Violation Escrow Account receipts deposited in the Federal Trust Fund.

(b) The sum of three million dollars ($3,000,000) is hereby appropriated from petroleum violation escrow funds to which the State of California is entitled pursuant to the decision and order of the United States Department of Energy regarding allocation of National Helium Corporation overcharges in Case Number HQF-0501, to the Department of Transportation for assistance to local governments for improved traffic flow efficiency through optimized traffic signal timing and operation. This assistance shall give priority to projects located in low-income communities.

(c) The sum of three million three hundred thousand dollars

($3,300,000) is hereby appropriated from petroleum violation escrow funds to which the State of California is entitled pursuant to the decision and order of the United States Department of Energy, dated March 20, 1985, regarding the allocation of Charter Company overcharges in Case Number HQF-0480, to the State Energy Resources Conservation and Development Commission for a program to provide technical and financial assistance for public and private transit operators for the acquisition and operation of new and retrofitted methanol-powered transit buses.

(d) The sum of nine hundred thousand dollars ($900,000) of any other petroleum overcharge settlement funds to which the State of California is entitled and which are available to the state on or before September 1, 1985, is hereby appropriated to the Office of Planning and Research, Energy Extension Service, for a loan program to assist low-income fishing fleet operators to conserve fuel.

(e) The sum of two hundred thousand dollars ($200,000) of any other petroleum overcharge settlement funds to which the State of California is entitled and which are available to the state on or before September 1, 1985, is hereby appropriated to the State Department of Education to establish a pilot program to fit automobile driver training vehicles with instrumentation providing instructional information on fuel consumption and vehicle fuel efficiency, and provide in-service training to automobile driver training instructors on fuel efficient driving techniques and the use of this equipment. Any school district shall be eligible to apply for participation in the pilot program, with preference given to districts in regions with high vehicular air pollution. No more than one-third of the total appropriation under this section shall be used to evaluate the pilot program.

CHAPTER 126

An act to add Section 6502.7 to the Government Code, relating to public agencies.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 6502.7 is added to the Government Code, to read:

6502.7. (a) If authorized by their legislative or other governing bodies, two or more public agencies which have the authority to identify, plan for, monitor, control, regulate, dispose of, or abate liquid, toxic, or hazardous wastes or hazardous materials may, by agreement, jointly exercise any of these powers common to the contracting parties.

(b) The contracting parties may provide special services, including persons specially trained, experienced, expert, and competent to perform these special services.

(c) The provisions of this section are declaratory of existing law and do not limit any authority which already exists.

CHAPTER 127

An act to amend Sections 15045 and 15078 of the Unemployment Insurance Code, relating to job training.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 15045 of the Unemployment Insurance Code is amended to read:

15045. The opportunity shall be provided for public review and comment on the plan prior to final approval and in accordance with procedures which the chief elected officials determine are reasonable and appropriate, and which shall provide all of the following:

(a) A public hearing on the proposed plan by the private industry council, with at least 10 days' advance public notice, prior to submission to the chief elected official or officials.

(b) A 30-day post hearing comment period prior to final adoption of the plan by the council and submission to the chief elected officials.

(c) A requirement that the council or the local governmental unit or units, or both, respond in writing to any comments submitted concerning the plan as a part of the plan to be submitted to the department.

SEC. 2. Section 15078 of the Unemployment Insurance Code is amended to read:

15078. For purposes of matching federal funds as required in Section 304 of Title III of the federal Job Training Partnership Act, to the extent such funds are appropriated, "state matching funds" shall include, but not be limited to, all of the following:

(a) Funds expended pursuant to Chapter 2.8 (commencing with Section 9950) of Part 1 of Division 3.

(b) Funds expended pursuant to Chapter 2.9 (commencing with Section 9970) of Part 1 of Division 3.

(c) Funds expended pursuant to Chapter 3.5 (commencing with Section 10200) of Part 1 of Division 3.

(d) Funds expended pursuant to Article 1.5 (commencing with Section 1266) of Chapter 5 of Part 1 of Division 1.

CHAPTER 128

An act relating to public lands formerly comprising Bidwell State Park.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The County of Butte is hereby authorized and empowered to grant, convey, or otherwise transfer to the City of Chico, and its successors, all of the right title, and interest held by the county in those lands granted to it by Chapter 73 of the Statutes of 1950, First Extraordinary Session, which, on January 1, 1987, are situated within the adopted sphere of influence of the City of Chico, excluding any lands transferred pursuant to Chapter 536 of the Statutes of 1977, and the land so transferred to the city shall remain subject to all of the conditions, restrictions, and limitations imposed upon the County of Butte and its successors by Chapter 73 of the Statutes of 1950, First Extraordinary Session, except that, notwithstanding subdivision (b) of Section 1 of Chapter 73, the City of Chico is not required to improve the park and may apply for local assistance park grants for the park.

CHAPTER 129

An act to add Section 323.3 to the Health and Safety Code, and to amend Item 4260-001-001 of Section 2.00 of Chapter 111 of the Statutes of 1985, relating to health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 323.3 is added to the Health and Safety Code, to read:

323.3. The department may contract with a private entity for the performance of processing claims for state reimbursement, so long as the cost of the contract is no more than 85 percent of the cost of the service if performed in state service and there is compliance with other applicable provisions of the Government Code including, but not limited to, Sections 19130 to 19132, inclusive.

SEC. 2. Item 4260-001-001 of Section 2.00 of Chapter 111 of the Statutes of 1985 is amended to read:

4260-001-001—For support of Department of Health Services 123,142,486

Schedule:

(a) 100000-Personal Services	146,762,225
(b) 300000-Operating expenses and equipment	124,437,428
(c) Special Item of Expense—Hazardous Substances Bond program	0
(d) Reimbursements	–8,843,799
(e) Amount payable from the Hazardous Waste Control Account, General Fund (Item 4260-001-014)	–17,180,903

(h) Amount payable from the Sanitary Registration Fund (Item 4260-001-335)	–86,000
(i) Amount payable from the Hazardous Substances Account, General Fund (Item 4260-001-455)	–7,716,000
(ix) Amount payable from the Hazardous Substance Account (Item 4260-020-455)	–1,816,000
(ixx) Amount payable from the Hazardous Substance Account (Item 4260-030-455)	–2,050,000
(j) Amount payable from the Hazardous Substance Cleanup Fund (Item 4260-001-825)	–6,379,000
(k) Amount payable from the Federal Trust Fund (Item 4260-001-890) ..	–86,653,034
(m) Amount payable from the Local Health Capital Expenditure Account (Item 4260-001-900)	–166,000

Provisions:

1. Should any additional federal funds become available to support venereal disease programs currently operated pursuant to state law by the Department of Health Services, such funds shall be used in lieu of funds appropriated by this item for the same purpose to the extent consistent with federal law or regulations.
2. Department fees subject to the annual fee increase provisions of subdivision (a) of Section 113 and subdivision (a) of Section 114 of the

Health and Safety Code as added by Chapter 1012, Statutes of 1980 and Chapter 327, Statutes of 1982, shall be increased at a rate of 1.72 percent effective January 1, 1986. For each 1-percent increase in employee compensation granted in the Budget Act, 0.57 percent shall be added to the fee adjustment.

3. Departmental fees subject to the annual fee increase provisions of Section 116 of the Health and Safety Code as added by Chapter 327, Statutes of 1982 shall be decreased at a rate of 6.38 percent effective January 1, 1986. For each 1-percent increase in employee compensation granted in the Budget Act, 0.53 percent shall be added to the fee adjustment.
4. Effective July 1, 1985, the annual fee, for a general acute hospital, acute psychiatric hospital, special hospital, general acute care/rehabilitation hospital, psychiatric health facility, and chemical dependency recovery hospital is $11.03 per bed.

   Effective July 1, 1985, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is $52.20 per bed.
5. The Department of Health Services shall submit a report within 30 days of the end of each month to the chairperson of the fiscal committee of each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee if, in any given month, the department's salary savings rate exceeds 9.5 percent. The first report shall be due September 30 and shall cover the July and August pay periods. The report shall identify the reason for the excess savings and the steps the department plans to take to ensure that budgeted positions are filled.

18. Departmental fees subject to the annual fee adjustment pursuant to Section 115(a) of the Health and Safety Code, added by Chapter 327, Statutes of 1982, shall be increased by 1.03 percent effective January 1, 1986. For each 1-percent increase in employee compensation granted in the 1985 Budget Act, 0.37 percent shall be added to the fee adjustment.
19. The regulation package prepared by the department to establish maximum contaminant levels for drinking water shall include separate documentation of the results from the risk as-

sessment and engineering feasibility studies used to develop the levels so that health risks and costs of achieving recommended levels and alternative levels can be determined. In addition, the regulation establishing the maximum contaminant level shall include an estimate of the health risk imposed on persons exposed to drinking water with contaminants at a level equal to the allowed maximum.

20. The department shall develop, at a minimum, three primary drinking water standards (maximum contaminant levels) during the 1985–86 fiscal year from among the following organic chemicals: trichloroethylene (TCE), 1,1,1,-trichloroethane (TCA), perchloroethylene (PCE), ethylene dibromide (EDB) and dibromochloropropane (DBCP) and develop five action levels (health advisories), as appropriate.

In developing maximum contaminant levels the department shall, in cases of scientific ambiguity, use the criteria most protective of public health and incorporate the following considerations:

(a) The existence of groups or individuals in the population which are more susceptible to adverse effects than the normal healthy adult.

(b) The exposure of contaminants in media other than drinking water (including exposures in food, in the ambient air, and in occupational settings) and the resulting body burden of contaminants.

(c) Possible synergistic effects resulting from exposure to, or interaction by two or more contaminants.

(d) The contaminants exposure and body burden levels which alter physiological function or structure in a manner reasonably suspected of increasing the risk of illness.

The department shall not award any contract for the development of maximum contaminant levels until such time as conflict of interest guidelines have been developed.

Not more than $1,400,000 shall be spent on the development of primary drinking water standards, which shall be based on the state statutes in effect on July 1, 1985.

21. Of the amount appropriated by this item, $2,600,000 shall not be available for expenditure

until such time as legislation has been chaptered the provisions of which:

(a) Immediately establish interim public health drinking water standards for at least 30 organic chemicals; and

(b) Set forth specific public health criteria for the development of maximum contaminant levels.

22. Funds for state services, administration, research and training projects as identified on page HW56 through HW61 of the 1985–86 Governor's Budget, excluding reimbursement from responsible parties for Superfund cleanups, are hereby approved for expenditure. The Department of Health Services shall process a budget revision for each project through the Department of Finance prior to any expenditure of funds and shall provide notification pursuant to Section 28 for any amounts in excess of those identified and for projects not identified.

23. Of the amount appropriated by this item, $450,000 shall be used to conduct a special pilot study on treatment technologies and management strategies for improving water quality affected by organic chemicals and trihalomethanes provided that:

(a) $25,000 shall be available immediately, contingent upon the availability of an equal amount from private sector companies in Santa Clara County, to review available literature regarding drinking water treatment technologies and develop an appropriate work plan to evaluate these technologies; and

(b) An additional amount of $425,000 shall be available for execution of the work plan, contingent upon the availability of matching funds of $150,000 from the Santa Clara Valley Water District and an additional $275,000 from private sector companies in Santa Clara County.

24. Of the amount appropriated by this item, $553,000 shall be used to contract with the County of Santa Clara for a pilot program to test private domestic water wells. The department shall secure a detailed work plan and evidence of a 25 percent match in cash or in-kind services from the county prior to awarding this contract and shall require a comprehensive report on the

findings of this pilot program.

26. The Department of Health Services is prohibited from implementing a preventive health services reorganization proposal until 30 days after it provides a report to the Legislature which:
    (a) Meets the requirements of the law regarding the Rural Health Division.
    (b) Details position changes associated with the proposal, absent any other department proposals, and provides specific justification for any position increases or decreases.
    (c) Describes the need for and benefits of the reorganization.
27. Whenever the department discovers a contaminant in an existing or potential source of drinking water for which no action level or maximum contaminant level has been established, the department shall develop an action level within 120 days of discovery or advise the Legislature regarding why an action level is not needed or cannot be developed within the time limits prescribed.
28. Of the funds appropriated by this act, the department shall use $48,000 from the General Fund and $52,000 from federal funds for overtime related to off-hours nursing home inspections.
29. The department shall implement cancer registries in the following counties: Amador, El Dorado, Fresno, Kern, Kings, Lassen, Madera, Merced, Monterey, Sacramento, San Benito, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Tulare, Ventura, and Yolo. Any funds not used to implement the cancer registry shall revert to the General Fund. The department shall maintain data that identify the actual cost of implementing a cancer registry. Funds appropriated for the purpose of implementing a cancer registry shall be used only for that purpose.
30. Of the amount appropriated by this item, $365,000 shall be used to assist the 9 regional water quality control boards in cleaning up contamination from leaking underground storage tanks. The department shall provide expert advice and assistance to the State Regional Water Boards on matters relating to the health effects of toxic substances in water supplies and the cleanup of contamination or pollution from

leaking underground tanks and other sources. Such advice and assistance shall include, but not be limited to:

(a) Assistance in developing procedures and protocols for assessing risks resulting from leaking underground tanks.

(b) Preparation of toxicological risk assessments.

(c) Expert testimony.

(d) Assistance in preparing public information and educational materials.

31. Of the amount appropriated by this item, the sum of $2,323,000 shall be allocated without regard to fiscal years, for the purpose of implementing Division 9.5 (commencing with Section 10800) of the Health and Safety Code as follows:

(a) To expand the Birth Defects Monitoring Program by contracting with the Counties of Fresno, Sacramento, Orange, Merced, Monterey, Santa Cruz, Solano, Yolo, Yuba, Sutter, Nevada, Amador, Calaveras, Stanislaus, Placer, Tuolumne, Colusa, Humboldt, San Joaquin, and Del Norte 2,016,000

(b) To purchase new computer and computer-related equipment and services for the Birth Defects Monitoring Program..... 307,000

32. The Department of Health Services shall establish an Occupational Health and Disease Prevention Program. The program shall be directed toward:

(a) Establishing an effective occupational disease surveillance program and developing baseline data to be used by epidemiological and occupational health researchers and the Department of Industrial Relations.

(b) Providing technical assistance to local health agencies and other state agencies regarding occupational health issues.

(c) Providing specialized training and technical assistance to local health agencies and other state agencies regarding occupational health issues.

33. The department shall establish 6 positions and allocate $500,000 from this item for the following

activities:

(a) Assessing and evaluating deficiencies in existing surveillance mechanisms including but not limited to: physicians First Reports of Occupational Illness, employers First Reports of Occupational Illness, on-going death certificate studies, and the Northern California Tumore Registry.

(b) Working with other state and local agencies to improve the utility and validity of existing data bases for surveillance of occupational exposures, morbidity and mortality.

(c) Working with other programs within the Department of Health Services to generate data pertinent to the study of occupational morbidity and mortality. Such programs shall include but not be limited to the Birth Defects Monitoring Program, Resource for Cancer Epidemiology, and the Center for Health Statistics.

(d) Establishing with local health agencies, private health practitioners, and the Northern and Southern California Occupational Health Centers, pilot surveillance systems for occupational disease.

(e) Providing medical, statistical, and epidemiological assistance to counties to investigate and evaluate occupational health problems.

(f) Establishing a health hazard evaluation program to which county and other state agencies may refer matters for investigation.

(g) Providing epidemiological consultation to Cal/OSHA.

34. The Director of the Department of Health Services shall notify the chairperson of the committee in each house that considers appropriations no later than 30 days after it determines that it is unable fully to respond to a request from a local air district for technical assistance or for a risk assessment related to toxic air contaminants. The notification shall, at a minimum, include a description of the request and the reasons why the request cannot be met.

The Department of Health Services, as part of the toxic air contaminants program, shall recommend to the Department of Industrial Relations a workplace standard for each air contaminant analyzed pursuant to a request

from the Air Resources Board.

35. Of the funds augmented to this item, $6,335,000 shall be allocated as follows:
    (a) $85,000 to develop informational and educational materials on AIDS.
    (b) $1,500,000 to train crisis center staff on AIDS treatment and the ELISA test.
    (c) $150,000 for an evaluation of educational materials developed.
    (d) $100,000 to support an office of AIDS ombudsman within the department; the ombudsman shall be appointed by the director.
    (e) $250,000 to educate home health agency and attendant care workers.
    (f) $4,250,000 for information and education grants.
36. $360,000 of the funds appropriated by this item shall be used to develop the following:
    (a) Audio and video materials for a media campaign that informs the general public that (1) the ELISA test does not diagnose AIDS and (2) it is safe to give blood.
    (b) Written and video materials for individuals considering use of the ELISA test which clarify that the ELISA test is not a diagnostic test.
    (c) Written and video materials providing health professionals with basic information concerning the test and its potential psychological effects.
37. Beginning on October 1, 1985, the Department of Health Services shall submit to the chairperson of the fiscal committee of each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee quarterly status reports on the testing program specified in Chapter 23 of the Statutes of 1985.
38. The department shall adhere to the following requirements when spending the $1,500,000 augmentation for mental health needs arising from the HTLV-III Anti-bodies test.
    (a) The funds shall be spent on (1) training staff in crisis centers on the treatment of AIDS patients or (2) short-term counseling, not to exceed five visits per individual, for individuals who have taken the ELISA test and need additional counseling.
    (b) The department shall develop the request

for proposals in conjunction with the Department of Mental Health.

(c) Funds shall be allocated through the competitive bid process established by Chapter 1257 of the Statutes of 1983.

(d) The department shall include in the request for proposals, language that authorizes grantees to accept donations from those receiving services.

39. The department shall ensure that (a) educational materials on AIDS are made available in languages other than English, as needed, and that (b) agencies receiving information and education funds coordinate their plans to avoid duplication of effort.

40. The funds available for AIDS information and education contracts may be used for purposes including, but not limited to, (a) General education of the public; and (b) Support of a media campaign on AIDS. The department shall create a reserve with $100,000 of these funds, which shall be used to address specific situations where public concern or fear of AIDS has become, or threatens to become, a problem as determined by the director.

41. Agencies receiving contracts for AIDS information and education projects may include in their contract up to: (a) 15 percent in overhead costs as long as the overhead is directly related to the project funded by the department; and (b) 20 percent in overhead costs if the committee established pursuant to Chapter 1257, Statutes of 1983 determines that exceptional circumstances exist. All contractors must attest, under penalty of perjury, that the overhead costs claimed are directly related to the project funded by the department. It is the intent of the Legislature that restrictions on overhead costs shall prevent any increase in the size of the state bureaucracy.

42. The department shall (a) develop and submit to the Legislature by October 31, 1985, a comprehensive plan to address the information and education, testing, mental health, research, and treatment needs resulting from the AIDS epidemic, and (b) consider the needs identified when developing the 1986–87 Budget.

43. The committee established pursuant to Chapter 1257 of the Statutes of 1983 shall establish and convene an advisory group consisting of (a) rep-

resentatives of the committee; (b) the University of California AIDS Research Committee; (c) providers; (d) the Legislature; and (e) the executive branch in order to review both the department's comprehensive plan and issues regarding implementation. The group shall meet no less than twice a year and report its findings to the Legislature and the Governor.

45. The department shall ensure that hypertension control areas, shall subcontract with the Asian Pacific Islander Task Force, the East Los Angeles Task Force, and the Martin Luther King-Drew Medical Center for no less than $60,000 each.

46. Of the amount appropriated by this item, $747,000 shall be used to fund hypertension control services for identified hypertensive patients of target ethnic groups in Los Angeles, the San Francisco Bay Area, Fresno, and San Diego.

47. The department shall periodically evaluate the hypertensive control services provided to determine their effectiveness in assisting patients to maintain preferred treatment regimes.

48. The department shall issue contracts to evaluate the effectiveness of the AIDS information and education materials produced by its contractors and shall submit a written evaluation to all appropriate parties.

49. The department shall spend $250,000 on education of hospital, home health agency and attendance care workers. In expending the funds, the department:

(a) Shall ensure that educational materials shall be developed in languages other than English.

(b) Shall allocate funds through the competitive process established by Chapter 1257 of the Statutes of 1983.

(c) Shall ensure that local agencies allocated funds coordinate plans to avoid duplication of effort.

52. The department, in consultation with the counties, shall develop a method for including assets in determining eligibility and repayment obligations, based on the systems proposed by the southern California CCS administrators and the Auditor General, a combination of these systems, or other methods.

The department shall submit to the fiscal

committees and the Joint Legislative Budget Committee by December 1, 1985, a detailed plan for a pilot project to collect information on the feasibility of implementing the method selected by the department. Under the pilot project, families would submit information about assets for purposes of information gathering and testing administrative procedures. Actual eligiblity and repayment obligations would be based on existing law. The plan shall include (a) a detailed description of the proposed method and the specific administrative procedures involved, (b) a schedule for implementing the pilot project, (c) an evaluation plan, and (d) a procedure for reimbursing county administrative costs.

The department shall implement the nine-month pilot program in no fewer than four independent counties by February 1, 1986. The department shall make status reports available as requested.

The department shall submit to the fiscal committees and the Joint Legislative Budget Committee a final evaluation by April 1, 1987. The evaluation report shall include, at a minimum, a comparison between the current system and the method tested of (a) the number of families that are determined eligible; (b) the costs for services to eligible clients; (c) the number of families subject to repayment; (d) the total repayments assessed; distributed by the amount of the repayment; and (e) county and state administrative costs. The report shall also identify problems with implementing the method and discuss how the tested system might be modified to ameliorate these problems.

53. The California Children's Services program and the Audits and Investigations Division shall jointly develop a schedule and procedures by October 1, 1985, that ensure independent CCS programs are comprehensively reviewed every two years for compliance with both programmatic and fiscal requirements. The program and the division shall each conduct comprehensive reviews according to these procedures in four independent counties by December 31, 1985, four by March 30, 1986, and four by June 30, 1986. The 12 counties reviewed by each unit

shall represent at least 40 percent of CCS payments. The reports shall be available 60 days after completion of the reviews.

These reviews shall include an examination of a sample of records to determine compliance with the department's existing requirements, specifically including, but not limited to, insurance company billing, referral to Medi-Cal, collection of repayment obligations, caseload closure, and pharmaceutical payments. The department shall also develop and implement formal procedures and timelines for followup on review findings. The procedures shall involve county submission of a corrective action plan and regular onsite followup by department staff to ensure compliance with program requirements when reviews indicate deficiencies.

56. In 1985–86, the department shall survey rural, unsurveyed counties to detect sites that pose a potential threat to the public health and the environment. The following procedures shall be used in surveying counties to detect potential hazardous waste sites: (a) review history of hazardous materials and waste generation in the county; (b) review available information from county/local agencies and the regional water quality control boards; and (c) conduct initial assessments for all potential sites identified.

57. The department shall notify the chairpersons of the appropriate legislative policy committees, the legislative fiscal committees, and the Joint Legislative Budget Committee and the members whose districts include a Superfund site on the federal National Priority List whenever a change occurs as to the governmental agency with lead responsibility for the mitigation at that site. The notification shall include an explanation for that change in reference to the criteria for deciding lead status submitted by the department to the Legislature in May 1985. The department shall provide the notification 30 days prior to the change or within 10 days after the change in an emergency or in the case of imminent or substantial endangerment of public health.

58. The sum of $500,000 is appropriated to the Department of Health Services to fund a contract for purposes of training local health department personnel in the management and control of

hazardous waste. The contractor shall conduct training sessions in locations throughout the state. The training sessions shall include, but not be limited to, the following:

(a) Statutes and regulations dealing with hazardous waste emphazing recent changes in federal and state statutes and regulations.
(b) Inspection of hazardous waste storage facilities. Training to include procedures for working with law enforcement agencies and collection and presentation of evidence in legal proceedings.
(c) Personnel protection and safety.
(d) Manifest requirements for hazardous waste generators, transporters and storers.
(e) Department of Transportation Title 49 requirements.
(f) Emergency response to hazardous waste spills.
(g) Hazardous waste treatment technology.
(h) Remedial action, site cleanup and mitigation.

The contractor shall have demonstrated abilities in the following areas:

(a) Curriculum development and provision of training in the public health aspects of hazardous waste management.
(b) Development of needs assessments and program evaluation instruments as such instruments relate to local public health agencies.
(c) Experience in provision of training to local public health agency personnel.
(d) Capabilities to recruit expert consultants in the field of hazardous waste management including indivduals with expertise in the delivery of local programs.
(e) Detailed knowledge of the delivery of local public health services.
(f) Detailed knowledge of local hazardous waste management programs.

59. The Department of Health Services shall complete a study which identifies types or categories of hazardous wastes which should not be placed in or onto the land due to the toxicity, persistence, mobility or bioaccumlative properties of the waste. The department shall propose regulations by June 30, 1986, to restrict these wastes from land disposal.

60. The Department of Finance may authorize the transfer of funds appropriated in Item 4260-010-455 if it notifies the Legislature pursuant to Section 28 of this act and submits complete documentation regarding how the transferred funds would be spent and justification for the proposed expenditures.
61. The total amount of expenditures from Items 4260-020-455 and 4260-030-455 shall not exceed the total amount received from responsible parties.
62. Reimbursements from responsible parties for expenditures from the Hazardous Substance Account or other state funds, excluding bond act funds, shall be scheduled in Item 4260-030-455. The Department of Finance may authorize the expenditure of funds appropriated in Item 4260-030-455 to Item 4260-020-455 if it notifies the Legislature pursuant to Section 28.00 of this act and submits complete documentation regarding how the transferred funds would be spent and justification for the proposed expenditure.
65. The reduction of $750,000 relating to the proposed need for additional laboratory needs in the Toxic Substances Control Division is exempt from Section 13332.15 of the Government Code.
63. Except as otherwise prohibited by law, the department shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount, such that if the new fees were effective throughout the 1985–86 fiscal year, the estimated revenues would be sufficient to offset at least 95% of the approved program level intended to be supported by such fees. This provision shall not apply to the fees for bottled water licenses, water vending machines and shellfish certificates. For radioactive materials licenses, the approved program level shall be calculated based on the total approved program level less the portion of the total approved program level attributable to fee-exempt facilities.
66. Of the amounts appropriated for hypertension control projects, $180,000 shall be used to conduct a study on stress and hypertension among bus drivers.

SEC. 3. This act is an urgency statute necessary for the immedi-

ate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to obtain substantial savings of state funds through the utilization of a private contractor for the processing of claims under the Child Health and Disability Program, as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 130

An act to amend Section 27315 of the Vehicle Code, relating to seatbelts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 27315 of the Vehicle Code is amended to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Private Passenger Motor Vehicle Safety Act.

(c) As used in this section, "private passenger motor vehicle" means any passenger vehicle as defined in Section 465 and any motortruck as defined in Section 410 of less than 6,001 pounds unladen weight, but "private passenger motor vehicle" does not include a motorcycle as defined in Section 400.

(d) No person shall operate a private passenger motor vehicle on a highway unless that person and all passengers four years of age or over are restrained by a safety belt, except that the operator of a taxicab, as defined in Section 27908, or the operator of a limousine for hire, or the operator of an authorized emergency vehicle, as defined in subdivision (a) of Section 165, shall not operate the taxicab, limousine for hire, or authorized emergency vehicle unless the operator and any passengers four years of age or over in the front seat

are restrained by a safety belt.

(e) No person 16 years of age or over shall be a passenger in a private passenger motor vehicle on a highway unless that person is restrained by a safety belt.

(f) Every owner of a private passenger motor vehicle operated on a highway shall maintain safety belts in good working order for the use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision does not, however, require installation or maintenance of safety belts where not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition which would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is inappropriate. This section also does not apply to a peace officer, as defined in Section 830 of the Penal Code, when in an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, or to any passenger in any seat behind the front seat of an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165 operated by the peace officer, unless required by the agency employing the peace officer.

(h) Notwithstanding subdivision (a) of Section 42001, any violation of subdivision (d), (e), or (f) is an infraction punishable by a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20) for a first offense, and a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or a driving school in which the use of safety belts is demonstrated.

(i) In any civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) shall not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(j) Notwithstanding Section 40300 or any other provision of law, a peace officer shall not stop or seize a person for a violation of subdivision (d), (e), or (f), nor arrest or issue a notice to appear or notice to correct for a violation of those subdivsions if the officer has no other cause to stop or seize the person other than a violation of subdivision (d), (e), or (f).

(k) If the United States Secretary of Transportation fails to promulgate safety standards for manual safety belt systems by

September 1, 1989, no private passenger motor vehicle manufactured after that date for sale or sold in this state shall be registered unless it contains a manual safety belt system which meets the performance standards applicable to automatic crash protection devices promulgated by the Secretary of Transportation pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208) as in effect on January 1, 1985.

(*l*) Each private passenger motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208), as published in Volume 49 of the Federal Register, No. 138, page 29009. Any automobile manufacturer who sells or delivers a private passenger motor vehicle subject to the requirements of this subdivision who fails to comply with this subdivision shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying private passenger motor vehicle.

(m) Compliance with subdivision (k) or (*l*) by a manufacturer shall be made by self-certification in the same manner as self-certification is accomplished under federal law.

(n) This section does not apply to a person actually engaged in delivery of newspapers to customers along the person's route if the person is restrained by a safety belt prior to commencing and subsequent to completing delivery on the route.

(o) This section does not apply to a person actually engaged in collection and delivery activities as a rural delivery carrier for the United States Postal Service if the person is restrained by a safety belt prior to stopping at the first box and subsequent to stopping at the last box on the route.

(p) Subdivisions (d), (e), (f), (g), and (h) shall become inoperative immediately upon the date that the Secretary of the United States Department of Transportation, or his or her delegate, determines to rescind the portion of the Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. Sec. 571.208) which requires the installation of automatic restraints in new private passenger motor vehicles; provided, however, that those subdivisions shall not become inoperative if the secretary's decision to rescind Standard No. 208 is not based, in any respect, on the enactment or continued operation of those subdivisions.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The requirement for safety belt restraint of passengers in emergency vehicles, including prisoners in police cars, victims and attending medical care personnel in ambulances and fire department vehicles, and passengers in limousines, like passengers in taxicabs may cause more harm than it promotes safety, or the use of

the restraints by passengers may not be controllable by the operator who must, for public safety reasons, transport them. Therefore, in order to provide exemptions for those persons in the interest of the greater public safety at the earliest possible time, and to eliminate any ambiguity regarding the use of safety belts by passengers who are four years of age or over at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 131

An act to amend Section 5091.16 of the Public Resources Code, relating to parking, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1986. Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 5091.16 of the Public Resources Code is amended to read:

5091.16. In order to allow sufficient time to acquaint the public with the requirements of this chapter, if any person cited in accordance with Section 5091.15 presents, by mail or in person, proof of issue of a SNO-PARK permit on or before the date on which he or she promised to appear, the court shall dismiss the violation for failure to display a SNO-PARK parking permit when required.

This section shall become inoperative on May 30, 1986, or the effective date of the bill amending this section in the 1985–86 Regular Session of the Legislature, whichever is later, and, as of January 1, 1987, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1987, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to apply to the 1986–87 winter season beginning November 1, 1986, it is necessary that this act take effect immediately.

CHAPTER 132

An act to add Section 61601.4 to the Government Code, relating to special districts.

[Approved by Governor June 2, 1986. Filed with Secretary of State June 3, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.4 is added to the Government Code, to read:

61601.4. (a) Notwithstanding Section 61600 or Section 20681 of the Public Contract Code, the Board of Directors of the Big Bear City Community Services District may determine by resolution that it is feasible, economically sound, and in the public interest for the district to enter into a joint exercise of powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 with the City of Big Bear Lake or the County of San Bernardino, or both, for the acquisition, operation, and maintenance of the electric distribution system which presently serves the district or for the construction and replacement of, or for additions or improvements to, this system.

(b) The board may adopt this additional purpose by resolution entered in the minutes of a meeting of the board, and thereafter the district may exercise these powers. The district may exercise no power over any other electric distribution system, and may only exercise these powers through a joint exercise of powers agreement.

SEC. 2. The Legislature finds and declares that the electric distribution system in the Big Bear City Community Services District is currently owned and operated by a privately owned public utility and is soon to be acquired by the City of Big Bear Lake and the County of San Bernardino, and that it is in the public interest to allow the district to participate in the acquisition, operation, and maintenance of that system. The Legislature further finds and declares that these facts and circumstances are applicable only to the district and are not generally applicable, that the accomplishment of this purpose is impossible by any general law, and that a special statute within the meaning of Section 16 of Article IV of the California Constitution applicable only to the Big Bear City Community Services District is therefore necessary.

CHAPTER 133

An act to amend Section 7302 of the Business and Professions Code, relating to the State Board of Cosmetology.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 7302 of the Business and Professions Code is amended to read:

7302. A person appointed as a member of the board:

(a) With the exception of a public member, shall be registered as a cosmetologist, or any of its branches, under this chapter, or participate actively in the management of a school of cosmetology or electrology as the owner of, or as a member of a partnership or officer of a corporation which owns, such school.

(b) With the exception of a public member, shall be, at the time of appointment, either actually engaged in conducting a cosmetological establishment, or actually engaged in the practice of cosmetology, or any of its branches, or electrology.

(c) Shall be of good moral character.

(d) Shall not be connected, directly or indirectly, in the wholesale business of the manufacture, rental, sale or distribution of cosmetological appliances or supplies.

(e) With the exception of a public member, shall have had at least five years' experience in the actual practice of cosmetology, or any of its branches, or electrology in this state immediately prior to the appointment. Persons shall be considered to be engaged in the actual practice of cosmetology, or any of its branches, or electrology within the meaning of this subdivision if they participate actively in the management of a school of cosmetology or electrology as the owner of, or as a member of a partnership or officer of a corporation which owns, such school.

(f) Shall be at least 25 years of age.

The public members shall not be licentiates of the board.

CHAPTER 134

An act to amend Section 33012 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor June 2, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 33012 of the Health and Safety Code is amended to read:

33012. (a) "Financial burden or detriment" means either of the following:

(1) A net increase in the quality or quantity of a service of the affected taxing entity caused by the redevelopment project.

(2) A loss of property tax revenues by the affected taxing entity produced by a change of ownership or new construction which would have been received, or was reasonably expected to have been received, by the taxing entity if the redevelopment project was not established.

(b) The division of taxes pursuant to Section 33670, by itself, shall not constitute a financial burden or detriment.

(c) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1989, deletes or extends that date.

CHAPTER 135

An act to amend Section 40227 of the Health and Safety Code, relating to the Bay Area Air Quality Management District.

[Approved by Governor June 3, 1986 Filed with Secretary of State June 3, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 40227 of the Health and Safety Code is amended to read:

40227. Each member of the bay district board shall receive actual and necessary expenses incurred in the performance of board duties, and may receive compensation, to be determined by the bay district board, not to exceed one hundred dollars ($100) for each day attending the meetings of the bay district board and committee meetings thereof, or, upon authorization of the bay district board, while on official business of the bay district, but the compensation shall not exceed six thousand dollars ($6,000) in any one year. Compensation pursuant to this section shall be fixed by ordinance.

CHAPTER 136

An act to amend Section 65979 of the Government Code, relating to school facilities.

[Approved by Governor June 5, 1986. Filed with Secretary of State June 6, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 65979 of the Government Code is amended to read:

65979. (a) One year after receipt of an apportionment pursuant to the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 22 (commencing with Section 17700 of Part 10 of the Education Code) for the construction of a school, the city or county shall not be permitted thereafter, pursuant to this chapter or pursuant to any other school facilities financing arrangement the district may have with builders of residential development, to levy any fee or to require the dedication of any land within the attendance area of the school for which the apportionment was received. However, any time after receipt of the apportionment there may be a determination of overcrowding pursuant to Section 65971, if both of the following further findings are made:

(1) That during the period of construction, or after construction has been completed, additional overcrowding would occur from continued residential development.

(2) That any fee levied and any required dedication of land levied after the receipt of the construction apportionment can be used to avoid the additional overcrowding prior to the school being available for use by the school district.

(b) Any amounts of fees collected or land dedicated after the receipt of the construction apportionment and not used to avoid overcrowding shall be returned to the person who paid the fee or made the land dedication.

CHAPTER 137

An act to amend Section 7135 of the Business and Professions Code, relating to contractors.

[Approved by Governor June 5, 1986 Filed with Secretary of State June 6, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7135 of the Business and Professions Code is amended to read:

7135. (a) The fees and civil penalties received under this chapter shall be deposited in the Contractors' License Fund. All moneys in the fund are hereby appropriated for the purposes of this chapter.

(b) It is the intent of the Legislature that the board shall use moneys appropriated from the fund to improve its administrative and investigative oversight activities and capacity.

CHAPTER 138

An act to amend Section 17510.3 of the Business and Professions Code, relating to charitable solicitations.

[Approved by Governor June 7, 1986 Filed with Secretary of State June 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 17510.3 of the Business and Professions Code is amended to read:

17510.3. (a) Prior to any solicitation or sales solicitation for charitable purposes, the solicitor or seller shall exhibit to the prospective donor or purchaser a card entitled "Solicitation or Sale for Charitable Purposes Card." The card shall be signed and dated under penalty of perjury by an individual who is a principal, staff member, or officer of the soliciting organization. The card shall give the name and address of the soliciting organization or the person who signed the card and the name and business address of the paid individual who is doing the actual soliciting.

In lieu of exhibiting a card, the solicitor or seller may distribute during the course of the solicitation any printed material, such as a solicitation brochure, provided such material complies with the standards set forth below, and provided that the solicitor or seller informs the prospective donor or purchaser that such information as required below is contained in the printed material.

Information on the card or printed material shall be presented in at least 10-point type and shall include the following:

(1) The name and address of the combined campaign, each organization, or fund on behalf of which all or any part of the money collected will be utilized for charitable purposes.

(2) If there is no organization or fund, the manner in which the money collected will be utilized for charitable purposes.

(3) The amount, stated as a percentage of the total gift or purchase price, that will be used for charitable purposes.

(4) If paid fund raisers are paid a set fee rather than a percentage of the total amount raised, the card shall show the total cost that is estimated will be used for direct fundraising expenses.

(5) If the solicitation is not a sale solicitation, the card may state,

in place of the amount of fundraising expenses, that an audited financial statement of such expenses may be obtained by contacting the organization at the address disclosed.

(6) The non-tax-exempt status of the organization or fund, if the organization or fund for which the money or funds are being solicited does not have a charitable tax exemption under both federal and state law.

(7) The percentage of the total gift or purchase price which may be deducted as a charitable contribution under both federal and state law. If no portion is so deductible the card shall state that "This contribution is not tax deductible."

(8) If the organization making the solicitation represents any nongovernmental organization by any name which includes, but is not limited to, the term "officer," "peace officer," "police," "law enforcement," "reserve officer," "deputy," "California Highway Patrol," "Highway Patrol," or "deputy sheriff," which would reasonably be understood to imply that the organization is composed of law enforcement personnel, the solicitor shall give the total number of members in the organization and the number of members working or living within the county where the solicitation is being made, and if the solicitation is for advertising, the statewide circulation of the publication in which the solicited ad will appear.

(b) Knowing and willful noncompliance by any individual volunteer who receives no compensation of any type from or in connection with a solicitation by any charitable organization shall subject the solicitor or seller to the penalties of the law.

(c) When the solicitation is not a sales solicitation, any individual volunteer who receives no compensation of any type from, or in connection with, a solicitation by any charitable organization may comply with the disclosure provisions by providing the name and address of the charitable organization on behalf of which all or any part of the money collected will be utilized for charitable purposes, by stating the charitable purposes for which the solicitation is made, and by stating to the person solicited that information about revenues and expenses of such organization, including its administration and fundraising costs, may be obtained by contacting the organization's office at the address disclosed. Such organization shall provide such information to the person solicited within seven days after receipt of the request.

(d) A volunteer who receives no compensation of any type from, or in connection with, a solicitation or sales solicitation by a charitable organization which has qualified for a tax exemption under Section 501(c)(3) of the Internal Revenue Code of 1954, and who is 18 years of age or younger, is not required to make any disclosures pursuant to this section.

CHAPTER 139

An act to add Section 455.5 to the Public Utilities Code, relating to public utilities.

[Approved by Governor June 7, 1986 Filed with Secretary of State June 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 455.5 is added to the Public Utilities Code, to read:

455.5. (a) In establishing rates for any electrical, gas, heat, or water corporation, the commission may eliminate consideration of the value of any portion of any electric, gas, heat, or water generation or production facility which, after having been placed in service, remains out of service for nine or more consecutive months, and may disallow any expenses related to that facility. Upon eliminating consideration of any portion of a facility or disallowing any expenses related thereto under this section, the commission shall reduce the rates of the corporation accordingly and shall, for accounting purposes, record the value of that portion of the facility in a deferred debit account and shall treat this amount similar to the treatment of the allowance for funds used during construction. When that portion of the facility is returned to useful service, as provided in subdivision (c), the corporation may apply to the commission for the inclusion of its value and expenses related to its operation for purposes of the establishment of the corporation's rates.

(b) Every electrical, gas, heat, and water corporation shall periodically, as required by the commission, report to the commission on the status of any portion of any electric, gas, heat, or water generation or production facility which is out of service and shall immediately notify the commission when any portion of the facility has been out of service for nine consecutive months.

(c) Within 45 days of receiving the notification specified in subdivision (b), the commission shall institute an investigation to determine whether to reduce the rates of the corporation to reflect the portion of the electric, gas, heat, or water generation or production facility which is out of service. The commission's order shall require that rates associated with that facility are subject to refund from the date the order instituting the investigation was issued. The commission shall consolidate the hearing on the investigation with the next general rate proceeding instituted for the corporation.

(d) Upon being informed by the corporation that any portion of its electric, gas, heat, or water generation or production facility which was eliminated from consideration by the commission in establishing rates for being out of service for nine or more consecutive months, pursuant to subdivision (a) or (b), has been

restored to service and has achieved at least 100 continuous hours of operation, the commission may again consider that portion of the facility for purposes of establishing rates, and may adjust the corporation's rates accordingly without a hearing, except that a hearing is required on whether to include, for purposes of establishing rates, any additional plant value added.

(e) Nothing in this section prohibits the commission from reviewing the effects of any electric, gas, heat, or water generation or production facility which has been out of service for less than nine consecutive months.

(f) For purposes of this section, an electric, gas, heat, or water generation or production facility includes only such a facility that the commission determines to be a major facility of the corporation, and does not include any facility determined by the commission to constitute plant held for future use.

CHAPTER 140

An act to repeal Section 39479 of the Education Code, relating to school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 7, 1986. Filed with Secretary of State June 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 39479 of the Education Code is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue the operation of the joint use of school buildings, it is necessary that this act take effect immediately.

CHAPTER 141

An act to repeal Chapter 10 (commencing with Section 248) of Title 8 of Part 1 of the Penal Code, relating to libel.

[Approved by Governor June 7, 1986 Filed with Secretary of State June 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 248) of Title 8 of Part 1 of the Penal Code is repealed.

CHAPTER 142

An act to amend Section 32518 of, and to repeal Section 39492 of, the Food and Agricultural Code, relating to dairy products.

[Approved by Governor June 7, 1986. Filed with Secretary of State June 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 32518 of the Food and Agricultural Code is amended to read:

32518. Notwithstanding Section 32517, the term "sterilization" or "sterilized" may be used to describe milk and milk products processed under conditions equivalent to sterile processing and aseptically packaged in hermetically sealed containers for sale under refrigerated conditions.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 2. Section 39492 of the Food and Agricultural Code is repealed.

CHAPTER 143

An act to amend Section 4511 of the Civil Code, relating to family law.

[Approved by Governor June 7, 1986. Filed with Secretary of State June 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 4511 of the Civil Code is amended to read:

4511. (a) No decree of dissolution or of legal separation may be granted upon the default of one of the parties or upon any statement or finding of fact made by a referee; but the court shall, in addition to any statement or finding of the referee, require proof of the grounds alleged, and the proof, if not taken before the court, shall be by affidavit.

(b) If the proof is by affidavit the personal appearance of the affiant shall only be required when it appears to the court that any of the following circumstances exist: reconciliation of the parties is reasonably possible; a proposed child custody order is not in the best interests of the child; a proposed child support order is less than a noncustodial parent is capable of paying; or a personal appearance of any party or interested person would be in the best interests of justice.

(c) Every affidavit submitted pursuant to this section shall contain a stipulation by the affiant that he or she understands that proof will be by affidavit and that he or she will not appear before the court unless so ordered by the court.

CHAPTER 144

An act to amend Section 2613 of the Probate Code, relating to protective proceedings.

[Approved by Governor June 7, 1986 Filed with Secretary of State June 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2613 of the Probate Code is amended to read:

2613. Whenever any property of the ward or conservatee is discovered that was not included in the inventory, or whenever any other property is received by the ward or conservatee or by the guardian or conservator on behalf of the ward or conservatee (other than by the actions of the guardian or conservator in the investment and management of the estate), the guardian or conservator shall file a supplemental inventory and appraisement for that property and like proceedings shall be followed with respect thereto as in the case of an original inventory, but the appraisement shall be made as of the date the property was so discovered or received.

CHAPTER 145

An act to amend Section 42684 of the Food and Agricultural Code, relating to agriculture.

[Approved by Governor June 7, 1986. Filed with Secretary of State June 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 42684 of the Food and Agricultural Code is amended to read:

42684. (a) It is hereby declared that the establishment and maintenance of minimum standards of quality and maturity for fruits, nuts, and vegetables is essential to insure that products of acceptable and marketable quality will be available to the consumer.

(b) Any quality and maturity standards adopted by the director pursuant to this division shall apply to the particular fruit, nut, or vegetable involved regardless of whether the item was produced in

this state or outside of this state.

(c) The director may, upon a petition of a commercial producer or handler that the director finds has a substantial interest in the growing or handling of the particular fruit, nut, or vegetable involved, hold a hearing to establish, modify, or rescind, by regulation, quality and maturity standards for any fruits, nuts, or vegetables.

(d) The director shall, upon a petition of 10 commercial producers or handlers, each of whom the director finds has a separate and substantial interest in the growing or handling of the particular fruit, nut, or vegetable involved, or a petition by the Director of the Department of Consumer Affairs, hold a hearing to establish, modify, or rescind, by regulation, quality and maturity standards for any fruits, nuts, or vegetables.

(e) In establishing, modifying, or rescinding any quality and maturity standard for any fruit, nut, or vegetable pursuant to this chapter, the director shall do all of the following: (1) find that the regulation will provide the consumer with acceptable quality fruits, nuts, and vegetables which will also provide stability in the marketing of these products, (2) find that the regulation will tend to prevent waste in the production and marketing of fruits, nuts, and vegetables, (3) consider the impact of the regulation upon the agricultural industry, and (4) find that the regulation is necessary to accomplish the purposes of this chapter.

(f) All regulations shall be adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. However, the director, or to adopting any emergency regulations for quality and maturity standards for any fruits, nuts, and vegetables, shall hold a public hearing. Notice of the hearing shall be given to all persons known to the director to be interested in the proposed emergency regulations, not less than three days prior to such hearing. Any such public hearing on emergency regulations is not in place of, and shall not preclude the director from holding, a public hearing within 120 days after adoption of emergency regulations to make the emergency regulations permanent.

CHAPTER 146

An act to amend Section 2895 of, and to add Section 2872.2 to, the Business and Professions Code, relating to vocational nurses, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 9, 1986. Filed with Secretary of State June 10, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2872.2 is added to the Business and Professions Code, to read:

2872.2. An applicant for license by examination shall submit a written application in the form prescribed by the board.

After completion of a board accredited or approved nursing program and approval of the application, the board may issue an interim permit authorizing the applicant to practice vocational nursing pending the results of the first licensing examination.

If the applicant passes the examination, the interim permit shall remain in effect until an initial license is issued by the board. If the applicant fails the examination, the interim permit shall terminate upon notice by certified mail, return receipt requested, or if the applicant fails to receive the notice, upon the date specified in the interim permit.

A permittee shall function under the supervision of a licensed vocational nurse or a registered nurse, who shall be present and available on the premises during the time the permittee is rendering professional services. The supervising licensed vocational nurse or registered nurse may delegate to the permittee any function taught in the permittee's basic nursing program.

An interim permittee shall not use any title or designation other than vocational nurse interim permittee or "V.N.I.P."

SEC. 2. Section 2895 of the Business and Professions Code is amended to read:

2895. The amount of the fees prescribed by this chapter in connection with the issuance of licenses under its provisions is that fixed by the following schedule:

(a) The fee to be paid upon the filing of an application shall be fixed by the board, with the approval of the director, at not more than fifty dollars ($50).

(b) The fee for any examination after the first shall be fixed by the board, at not more than thirty-five dollars ($35).

(c) The renewal fee shall be fixed by the board, with the approval of the director, at not more than fifty dollars ($50).

(d) Notwithstanding Section 163.5, the delinquency fee for failure to pay the renewal fee within the prescribed time shall be fixed by the board at not more than 50 percent of the regular renewal fee but not more than twenty-five dollars ($25).

(e) The initial license fee is an amount equal to the renewal fee in effect on the date the application for the license is filed.

(f) The fee to be paid for an interim permit shall be fixed by the board, at no more than twenty dollars ($20).

No further fee shall be required for a license or a renewal thereof other than as prescribed by this chapter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Board of Vocational Nurse and Psychiatric Technician Examiners will re-enter the National Council of State Boards of Nursing in July 1986, and will utilize the National Examination (NCLEX-PN). This change will reduce licensure examination administrations from four to two each year. In order that vocational nurses may be employed during the longer period between examinations, it is necessary that this act go into immediate effect.

CHAPTER 147

An act to amend Section 42451 of the Health and Safety Code, relating to air pollution.

[Approved by Governor June 11, 1986. Filed with Secretary of State June 12, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 42451 of the Health and Safety Code is amended to read:

42451. (a) On its own motion, or upon the motion of the district board or the air pollution control officer, the hearing board may, after notice and a hearing, issue an order for abatement whenever it finds that any person is in violation of Section 41700 or 41701 or of any order, rule, or regulation prohibiting or limiting the discharge of air contaminants into the air.

(b) As an alternative to subdivision (a), the hearing board may issue an order for abatement pursuant to the stipulation of the air pollution control officer and the person or persons accused of violating Section 41700 or 41701, or any order, rule, or regulation prohibiting or limiting the discharge of contaminants into the air, upon the terms and conditions set forth in the stipulation, without making the finding required under subdivision (a). The hearing board shall, however, include a written explanation of its action in the order for abatement.

CHAPTER 148

An act to add and repeal Article 2.5 (commencing with Section 44929.1) to Chapter 4 of Part 25 of, the Education Code, relating to employment of private sector teachers.

[Approved by Governor June 11, 1986 Filed with Secretary of State June 12, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.5 (commencing with Section 44929.1) is added to Chapter 4 of Part 25 of the Education Code, to read:

Article 2.5. Private Sector Teacher Program

44929.1. The Legislature finds and declares that private industry is a teaching resource for public schools. It is the intent of the Legislature to provide a means whereby a school district or county office of education may utilize qualified private industry personnel on a full-time employment exchange basis with certificated school district employees or certificated employees of a county office of education, or as part-time teachers in a specified subject area if there is a shortage of properly certificated school district or county office of education employees available to teach in that specified subject area.

44929.2. The governing board of any school district or county office of education may enter into an agreement with a private company for the exchange and employment of regular credentialed employees, and employees of the private company. Any certificated school district employee or certificated county office of education employee employed as provided in this subdivision shall be known as a "school district exchange employee" or a "county office of education exchange employee" respectively. Any private sector employee employed as provided in this subdivision shall be known as a "private sector exchange teacher." For purposes of this article, "private company" means any business entity that is not a public entity. No exchange shall be made without the consent of the employee to be exchanged. The district may require as a condition for being a school district or county office of education employee that the employee shall agree in writing to render service in the employ of the governing board of the district or the county office of education upon his or her return for a period of two years.

44929.3. Due consideration shall be given to the general qualifications and professional status of the school district employee or county office of education employee compared to the general qualifications and professional status of the private sector employee for whom exchanged. It shall not be a requirement that the school district employee or county office of education employee assume the

duties of the private sector employee, or that the private sector employee teach the same subject or grade, or both, as the school district employee or county office of education employee for whom exchanged.

44929.4. No person may be employed as a private sector exchange teacher by a school district or county office of education in the state unless he or she holds an emergency credential or any other valid, current credential issued by the Commission on Teacher Credentialing authorizing him or her to serve in a position requiring certification in the school district or by the county office of education proposing to employ him or her.

44929.5. A private sector exchange teacher shall teach with the assistance and guidance of a teacher holding a valid, current credential issued by the Commission on Teacher Credentialing.

44929.6. Prior to assuming classroom duties, an exchange teacher designee shall complete a fieldwork assignment consisting of working in a classroom with a credentialed teacher for one regularly scheduled summer session or its equivalent.

The school district shall assign the private sector exchange teacher to a subject that as closely as possible approximated the subject matter to be taught the following year.

44929.7. A school district or county office of education may employ a full-time private sector exchange teacher in a bona fide employee exchange in which a school district exchange employee or county office of education exchange employee is employed full time by the private sector employer and employed during the same time period as the private sector exchange teacher serves in a certificated capacity in the school district or for the county office of education. The private sector exchange teacher and school district exchange employee or county office of education exchange employee shall participate in the exchange for a specified period, not to exceed one school year.

44929.8. The private sector employer shall continue to pay the private sector exchange teacher his or her regular salary, and make all regular salary deductions during the period of the exchange.

44929.9. The school district or county office of education employing the private sector exchange teacher shall continue to pay the regular salary of the school district exchange employee or county office of education exchange employee and make all deductions required by law, including, but not limited to, retirement contributions during the period of the exchange.

44929.10. A school district exchange employee or a county office of education exchange employee this section shall have the same rights as exchange certificated employees under Section 44854.

44929.11. The governing board of any school district or any county office of education may enter into an agreement with a private company for the employment of an employee of the private company as a part-time private sector teacher by the school district or county office of education. Any private sector employee employed

as provided in this section shall be known as a "part-time private sector teacher."

44929.12. No person may be employed as a part-time private sector teacher by a school district or county office of education unless he or she holds an emergency teaching credential or any other valid, current credential issued by the Commission on Teacher Credentialing authorizing him or her to serve in a position requiring certification in the school district or county office of education proposing to employ him or her.

44929.13. (a) A school district or county office of education may employ a part-time private sector teacher for not more than two class periods per day in any one semester if the governing board of the employing school district or the county office of education certifies to the Commission on Teacher Credentialing that there is a shortage within that school district or the jurisdiction of the county office of education of available certificated employees in a specified subject area. The part-time private sector teacher may only teach a subject area in which a shortage of available certificated employees exists.

(b) For the purposes of this section, no school district or county office of education shall certify a teacher shortage in a specified subject area, unless it determines all of the following:

(1) No qualified teacher is available from outside the school district or county office of education.

(2) No teacher currently teaching in the school where the private sector employee will be utilized is qualified to teach the class.

(3) No qualified teacher in the school requested the assignment.

(4) Whether transfer from another school is appropriate.

(5) If a transfer is appropriate, whether any teacher qualified within the school district to teach the class requested a transfer for that purpose.

(c) This certification shall include a written statement as to both of the following:

(1) Whether the exclusive representative of employees, if any, as provided in Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, participated in the development of the certification.

(2) The exclusive representatives position regarding the certification of shortage. If in the opinion of the bargaining unit the school district or county office of education failed to follow the steps in subdivision (b), the private sector credential shall not be issued until the Commission on Teacher Credentialing, at its next regularly scheduled meeting determines that the school district or county office of education followed the procedure in subdivision (b). The Commission on Teacher Credentialing shall make its determination solely on whether the school district or county office of education followed the steps in subdivision (b).

(d) For the purposes of subdivision (b), "qualified" includes, but is not limited to, the appropriate credential with teaching experience and demonstrated expertise in the subject area at the level for which

the shortage exists.

44929.14. (a) Private sector exchange teachers and part-time private sector teachers shall be required to perform all duties inherent in their school district or county office of education assignments, including, but not limited to, attending (1) staff meetings, (2) department meetings, (3) school open house, and (4) parent conferences.

(b) Part-time private sector teachers may not be required to supervise noninstructional activities.

44929.15. The governing board of each school district or the county office of education employing a private sector exchange teacher or, part-time private sector teacher shall develop and implement a professional development plan for each private sector exchange teacher and part-time private sector teacher that shall provide a minimum of 45 hours of pedagogical preparation. A minimum of 10 of the 45 hours shall be prior to assuming classroom duties.

44929.16. This chapter shall remain in effect only until June 30, 1990, and as of that date is repealed, unless a later enacted statute which is enacted before June 30, 1990, deletes or extends that date.

CHAPTER 149

An act to amend Section 24411 of the Vehicle Code, relating to vehicles.

[Approved by Governor June 11, 1986 Filed with Secretary of State June 12, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 24411 of the Vehicle Code is amended to read:

24411. Notwithstanding any other provision of law, a vehicle may be equipped with not more than eight lamps for use as headlamps while the vehicle is operated or driven off the highway. The lamps shall be mounted at a height of not less than 16 inches from the ground, or more than 12 inches above the top of the passenger compartment, at any place between the front of the vehicle and a line lying on a point 40 inches to the rear of the seat occupied by the driver, shall be wired independently of all other lighting circuits, and, whenever the vehicle is operated or driven upon a highway, shall be covered or hooded with an opaque hood or cover, and turned off.

CHAPTER 150

An act to add Section 45254 to the Education Code, relating to public school employment.

[Approved by Governor June 11, 1986 Filed with Secretary of State June 12, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 45254 is added to the Education Code, to read:

45254. The budget for the first year of the personnel commission of the school district may be determined by the governing board. The governing board may advance funds for the establishment of the work of the personnel commission.

CHAPTER 151

An act to add Section 853.7a to the Penal Code, and to add Section 40508.5 of the Vehicle Code, relating to courts.

[Approved by Governor June 11, 1986 Filed with Secretary of State June 12, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 853.7a is added to the Penal Code, to read:

853.7a. (a) In addition to the fees authorized or required by any other provision of law, a county may, by resolution of the board of supervisors, authorize the courts of that county to impose an assessment of seven dollars ($7) upon every person convicted under Section 853.7, whether or not a fine is imposed.

(b) The clerk of the court shall deposit the amounts collected under this section in the county treasury. All money so deposited shall be used exclusively for the development and operation of an automated county warrant system.

SEC. 2. Section 40508.5 is added to the Vehicle Code, to read:

40508.5. (a) In addition to the fees authorized or required by any other provision of law, a county may, by resolution of the board of supervisors, authorize the courts of that county to impose an assessment of seven dollars ($7) upon every person convicted under Section 40508, whether or not a fine is imposed.

(b) The courts authorized pursuant to subdivision (a) shall increase the bail schedule amounts to reflect the amount of the assessment imposed by this section.

(c) If bail is returned, the amount of the assessment shall also be returned.

(d) The clerk of the court shall deposit the amounts collected under this section in the county treasury. All money so deposited shall be used exclusively for the development and operation of an automated county warrant system.

CHAPTER 152

An act to amend Section 52324.6 of the Education Code, relating to regional occupational programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 11, 1986 Filed with Secretary of State June 12, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 52324.6 of the Education Code is amended to read:

52324.6. (a) Any regional occupational program shall be eligible to apply for apportionments as a necessary small regional occupational program under this section if it is a regional occupational program with an annual total average daily attendance of 350 or less in the prior fiscal year, and the regional occupational program provides instructional service to a comprehensive high school or schools that have an average daily attendance in grades 9 to 12, inclusive, during the fiscal year of less than 350.

A necessary small regional occupational program may apply for a small school regional occupational program service allocation pursuant to this section for each comprehensive high school within its boundaries that has an average daily attendance of less than 350 during the fiscal year, and at which instruction is provided by the regional occupational program.

For each regional occupational program that qualifies as a necessary small regional occupational program, the county superintendents of schools shall annually certify eligibility of regional occupational programs within their jurisdiction for funding under this section based on subdivisions (b) to (d), inclusive.

(b) The Superintendent of Public Instruction shall annually allocate regional occupational program small school service funding, in accordance with the schedule prescribed in this subdivision, for each comprehensive high school with an average daily attendance during the fiscal year of less than 350 that exists within an eligible regional occupational program. Regional occupational programs that do not certify the employment of the minimum number of full-time equivalent certificated employees at each school shall have the total small school regional occupational program service allocation for that school reduced by a pro rata amount, based on the percentage of employee service provided in comparison to the total number of

regional occupational program employees required for full funding.

The necessary small regional occupational program service allocation schedule is as follows:

Average daily attendance per eligible comprehensive high school within the necessary small ROP	Minimum number of full-time equivalent certificated ROP employees required for full funding of ROP service to each small school	Small school service allocation
0–50	0.50	$19,776
51–100	0.83	33,026
101–150	1.00	39,552
151–200	1.17	46,078
201–250	1.33	52,802
251–300	1.50	59,328
301–350	1.67	65,854

The small regional occupation program service allocation shall be adjusted annually by the same percentage cost-of-living adjustment applied to other regional occupational center and program revenue limits.

(c) If a regional occupational program applies for funding under this section, the regional occupational program shall certify to the Superintendent of Public Instruction all concurrently enrolled average daily attendance generated during the previous year in each school to which small regional occupational program service funds were allocated under subdivision (b). The average daily attendance certified under this subdivision shall be subtracted from the regional occupational program's prior year total allowable average daily attendance, and the remainder shall become the current year allowable regional occupational program average daily attendance for all nonconcurrently enrolled students and concurrently enrolled students from schools with enrollments larger than 351 students. This calculation shall be completed the year a regional occupational program applies to become a necessary small regional occupational program. The adjusted allowable daily attendance shall be the new base average daily attendance upon which growth is calculated for nonconcurrently enrolled students and concurrently enrolled students from high schools with enrollments of 351 or more, within an eligible regional occupational program. The same annual growth rate applicable to all other regional occupational programs shall be applied each year to the adjusted allowable average daily attendance calculated for a regional occupational program under this subdivision.

(d) Total annual apportionments for regional occupational programs that qualify for funding under this section as necessary small regional occupational programs shall be calculated in accordance with the following formula:

Total small school ROP allocations for service to comprehensive high schools of less than 350 average daily attendance pursuant to subdivision (b)	+	Reported allowable average daily attendance pursuant to subdivision (c) multiplied by either the statewide average ROP revenue limit or the ROP revenue limit, whichever is greater	=	Total annual state apportionment for a necessary small ROP

(e) Nothing in this section shall be construed to require eligible regional occupational programs to apply for funding under this section.

(f) In fiscal years subsequent to the 1985–86 fiscal year, the prior year's apportionment under this section shall be annually adjusted by the same cost-of-living increase provided to regional occupational programs through the standard apportionment system.

(g) Notwithstanding any other provision of law, the amount specified by Section 2 of Chapter 1538 of the Statutes of 1985 shall be used to fund the difference between the amount authorized pursuant to this section on January 1, 1986, and the amount authorized pursuant to Provision 2 of Item 6100-102-001 of the Budget Act of 1985.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make certain funds available for expenditure by regional occupation programs as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 153

An act to amend Section 12200 of the Corporations Code, relating to consumer cooperative corporations.

[Approved by Governor June 11, 1986. Filed with Secretary of State June 12, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that there is an urgent need for hazardous waste treatment facilities to safely handle and dispose of hazardous wastes generated by California businesses. The need for new treatment and recycling capacity is particularly urgent for small and medium-sized businesses that individually may not find the cost of constructing or operating their own facilities affordable.

The Legislature further finds and declares that cooperatives formed by California businesses have proven to be successful mechanisms for small and medium-sized businesses of all types.

It is the intent of the Legislature in enacting this act to encourage small and medium-sized businesses that produce hazardous wastes to engage in joint efforts including the formation of cooperative corporations, to make the treatment and recycling of their wastes more economically feasible. Therefore, this act includes specific mention in the Consumer Cooperative Corporation Law of cooperatives formed for the purpose of recycling or treating hazardous wastes.

SEC. 2. Section 12200 of the Corporations Code is amended to read:

12200. This part shall be known as the Consumer Cooperative Corporation Law. This part is intended primarily to apply to the organization and operation of consumer cooperatives. It is also applicable to other cooperatives, including, but not limited to, cooperatives formed for the purpose of recycling or treating hazardous wastes, which elect to incorporate under it.

CHAPTER 154

An act relating to subdivisions.

[Approved by Governor June 11, 1986. Filed with Secretary of State June 12, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding the repeal of Section 8 of Chapter 1192 of the Statutes of 1979, as amended by Chapter 976 of the Statutes of 1983, all sales made pursuant to a subdivision public report issued by the Department of Real Estate after January 1, 1980, and on or before June 30, 1984, as amended or renewed by the department, for a stock cooperative conversion, shall be valid under the Subdivision Map Act if the stock cooperative conversion and all sales thereunder were valid pursuant to Section 8 of Chapter 1192 of the Statutes of 1979 as amended by Chapter 976 of the Statutes of 1983 when the subdivision public report was issued.

(b) Subdivision (a) does not constitute a change in, but is, instead, declaratory of the existing law.

CHAPTER 155

An act to add Section 11626.1 to, and to add and repeal Section 11622.1 of, the Insurance Code, and to add and repeal Article 5.5 (commencing with Section 3651) of Chapter 1 of Division 2 of the Public Utilities Code, relating to carriers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 15, 1986 Filed with Secretary of State June 16, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) The Public Utilities Commission shall conduct a study of the availability and cost of insurance required under the Public Utilities Code or by commission regulation to be procured and maintained in force by intrastate for-hire carriers of property subject to the jurisdiction and control of the commission, which elect this form of protection against accident liability, including insurance covering public liability for personal injury and death; injury to and death of passengers; loss of and damage to freight, baggage, and express; and loss of and damage to vehicles and other property. The commission shall contract with qualified persons for the performance of the study and preparation of the final report and recommendations. The commission and its contractor shall have the complete and unqualified cooperation of the Commissioner of Insurance and of the Department of Insurance in performing the study, and shall have access, as needed, to any and all records in the possession of the department, except that all records in the possession of the department which are confidential and not available to the public shall remain so even when made available to the commission and its contractor. The commissioner and the department shall assist the commission and its contractor in obtaining information from insurers.

(b) In its study, the commission shall identify each insurer issuing policies of insurance of the type described in subdivision (a), as shown by certificates of insurance on file with the commission, and shall identify trends in the insurance industry with respect to entry into and exit from the business of issuing these policies of insurance. The commission and its contractor shall develop incurred loss and earned premium information relating to policies of insurance issued, for which certificates are filed with the commission pursuant to its General Order 100 requirements, for accident years 1982, 1983, 1984, and 1985.

(c) As an element of its study, the commission and its contractor shall undertake a study of the underwriting, claims, and loss experience of each insurer who writes insurance pursuant to Article 5.5 (commencing with Section 3651) of Chapter 1 of Division 2 of the

Public Utilities Code and shall undertake an actuarial analysis of the program.

(d) As an element of its study, the commission and its contractor shall undertake a study of whether insurance providers distinguish in fact between highway carriers (regulated carriers of property) and other operators of trucks for actuarial purposes, and whether there is a basis in fact for that distinction.

(e) As an element of its study, the commission and its contractor shall investigate whether insurance providers distinguish in fact for actuarial purposes between highway carriers on the basis of vehicle configuration and on the basis of commodities or freight hauled.

(f) Based on its study, the commission shall make findings and determinations on the availability and adequacy of insurance coverage for highway carriers as required under the Public Utilities Code, the effect of the availability of insurance on the entry into and exit from the highway carrier industry of persons and corporations, and any trends ascertained or developed in this regard, and shall set forth its conclusions and recommendations as to measures required to improve the availability of insurance meeting these needs and to assure compliance with the insurance requirements of that code.

SEC. 2. The Public Utilities Commission shall prepare and submit to the Legislature on or before February 1, 1987, a preliminary report on premiums and limits of liability as provided in subdivision (b) of Section 1 of this act and on other matters for which data has been made available. The commission shall prepare and submit to the Legislature on or before July 1, 1987, a report of its findings and recommendations pursuant to the study required by Section 1.

SEC. 3. Section 11622.1 is added to the Insurance Code, to read:

11622.1. (a) The assigned risk plan shall require the issuance of a policy affording coverage for persons operating as seasonal agricultural carriers pursuant to a permit issued by the Public Utilities Commission under Section 3584.2 of the Public Utilities Code during 1986, and participating in the seasonal agricultural licensee insurance program pursuant to Section 3652 of the Public Utilities Code.

(b) The policy shall be in a minimum amount as is necessary to satisfy the requirements of Section 3652 of the Public Utilities Code.

(c) The duration of the policy shall be the duration of the seasonal permit, including any extensions thereof, but not more than six months, and shall expire not later than January 1, 1987. The policy may be for three months, with renewal of the policy conditioned on the filing of an appropriate application with the Public Utilities Commission for renewal of the seasonal permit pursuant to Section 3584.2 of the Public Utilities Code. The policy shall not be cancelable on less than 30 days written notice to the commission except if cessation of operations as a highway carrier is approved by the commission.

(d) Premiums for the policy may be paid in two equal installments.

(e) Insurers issuing policies under this section shall maintain separate records and accounts of the underwriting, claims, and loss experience and any other information necessary to enable the Public Utilities Commission to undertake an actual analysis of all insurance provided pursuant to this section.

(f) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1987, deletes or extends that date.

SEC. 4. Section 11626.1 is added to the Insurance Code, to read:

11626.1. (a) No insurer shall downgrade the rating, or otherwise adversely affect the insurability, of a person insured under Section 11622.1 solely because of that person's participation in the assigned risk plan or because that person contracts with a person insured under Section 11622.1.

(b) An insurer violating subdivision (a) is subject to the penalties set forth in Section 11626, and shall restore the insurance rating, insurability, and coverage of any person harmed by the violation.

SEC. 4.5. Article 5.5 (commencing with Section 3651) is added to Chapter 1 of Division 2 of the Public Utilities Code, to read:

Article 5.5. Seasonal Agricultural Licensee Insurance Program

3651. It is the policy of this state to ensure the safety of the public on the highways, to provide adequate insurance against injuries and damage caused by accidents involving trucks, and to promote freedom of movement by carriers of the products of agriculture consistent with the maintenance of adequate safety and levels of insurance.

3652. (a) Notwithstanding any other law or commission regulation establishing a required minimum level of insurance, a highway carrier operating pursuant to a seasonal permit issued or renewed during 1986 pursuant to Section 3584.2 shall be required to carry public liability insurance in an amount not less than three hundred thousand dollars ($300,000) per occurrence, so long as the highway carrier is operating exclusively as a subhauler performing transportation governed by Article 3.5 (commencing with Section 3581) during the policy period. Any requirement of a larger minimum level of public liability coverage shall be at the sole expense of the person, including an overlying carrier, making the requirement.

(b) Evidence of the insurance shall be furnished to the commission in the same form as for other insurance, and the showing shall satisfy the financial responsibility requirements of Section 3584.

3653. This article shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date.

SEC. 5. The sum of up to five hundred thousand dollars ($500,000) is hereby appropriated from the Transportation Rate Fund to the Public Utilities Commission for purposes of the study

and report required by Sections 1 and 2 of this act.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting the necessity are:

The transportation of the 1986 agricultural crop requires augmentation of the available fleet of trucks by the usual complement of highway carriers operating as seasonal agricultural carriers. These carriers will be unable to obtain insurance without the provisions of this act. In order for the Public Utilities Commission to conduct a needed study of the insurance situation and for the required insurance coverage to be available as quickly as possible, it is necessary that this act take effect immediately.

CHAPTER 156

An act to amend Section 65852.2 of the Government Code, relating to housing.

[Approved by Governor June 15, 1986 Filed with Secretary of State June 16, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 65852.2 of the Government Code is amended to read:

65852.2. (a) Any local agency may, by ordinance, provide for the creation of second units in single-family and multifamily residential zones consistent with all of the following provisions:

(1) Areas may be designated within the jurisdiction of the local agency where second units may be permitted.

(2) The designation of areas may be based on criteria, which may include, but are not limited to, the adequacy of water and sewer services and the impact of second units on traffic flow.

(3) Standards may be imposed on second units which include, but are not limited to, parking, height, setback, lot coverage, architectural review, and maximum size of a unit.

(4) A local agency may find that second units do not exceed the allowable density for the lot upon which the second unit is located, and that second units are a residential use that is consistent with the existing general plan and zoning designation for the lot.

(5) The second units created shall not be considered in the

application of any local ordinance, policy, or program to limit residential growth.

(6) A local agency may establish a process for the issuance of a conditional use permit for second units.

(b) When a local agency which has not adopted an ordinance governing second units in accordance with subdivision (a) or (c) receives its first application on or after July 1, 1983, for a conditional use permit pursuant to this subdivision, the local agency shall accept the application and approve or disapprove the application pursuant to this subdivision unless it adopts an ordinance in accordance with subdivision (a) or (c) within 120 days after receiving the application. Notwithstanding Section 65901, every local agency shall grant a special use or a conditional use permit for the creation of a second unit if the second unit complies with all of the following:

(1) The unit is not intended for sale and may be rented.

(2) The lot is zoned for single-family or multifamily use.

(3) The lot contains an existing single-family dwelling.

(4) The second unit is either attached to the existing dwelling and located within the living area of the existing dwelling or detached from the existing dwelling and located on the same lot as the existing dwelling.

(5) Any increase in the floor area of an attached second unit shall not exceed 15 percent of the existing living area.

(6) The total area of floor space for a detached second unit shall not exceed 640 square feet.

(7) Any construction shall conform to height, setback, lot coverage, architectural review, site plan review, fees, charges, and other zoning requirements generally applicable to residential construction in the zone in which the property is located.

(8) Local building code requirements which apply to detached dwellings, as appropriate.

(9) Approval by the local health officer where a private sewage disposal system is being used, if required.

No other local ordinance, policy, or regulation shall be the basis for the denial of a building permit or a use permit under this subdivision.

This subdivision establishes the maximum standards that local agencies shall use to evaluate proposed second units on lots zoned for residential use which contain an existing single-family dwelling. No additional standards, other than those provided in this subdivision or subdivision (a), shall be utilized or imposed, except that a local agency may require an applicant for a permit issued pursuant to this subdivision to be an owner-occupant.

This section does not limit the authority of local agencies to adopt less restrictive requirements for the creation of second units.

No changes in zoning ordinances or other ordinances or any changes in the general plan shall be required to implement this subdivision. Any local agency may amend its zoning ordinance or general plan to incorporate the policies, procedures, or other provisions applicable to the creation of second units if these

provisions are consistent with the limitations of this subdivision.

A second unit which conforms to the requirements of this subdivision shall not be considered to exceed the allowable density for the lot upon which it is located, and shall be deemed to be a residential use which is consistent with the existing general plan and zoning designations for the lot. The second units shall not be considered in the application of any local ordinance, policy, or program to limit residential growth.

(c) No local agency shall adopt an ordinance which totally precludes second units within single-family and multifamily zoned areas unless the ordinance contains findings acknowledging that the ordinance may limit housing opportunities of the region and further contains findings that specific adverse impacts on the public health, safety, and welfare that would result from allowing second units within single-family and multifamily zoned areas justify adopting the ordinance.

(d) Local agencies shall submit a copy of the ordinances adopted pursuant to subdivision (a) or (c) to the Department of Housing and Community Development within 60 days after adoption.

(e) As used in this section, the following terms mean:

(1) "Living area," means the interior habitable area of a dwelling unit including basements and attics but does not include a garage or any accessory structure.

(2) "Local agency" means a city, county, or city and county, whether general law or chartered.

(3) "Second unit" means an attached or a detached residential dwelling unit which provides complete independent living facilities for one or more persons. It shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same parcel as the single-family dwelling is situated.

SEC. 2. Section 1 of this act shall become operative April 1, 1987.

CHAPTER 157

An act to amend Sections 7551 and 7554 of the Government Code, relating to gold medallions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1986 Filed with Secretary of State June 16, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 7551 of the Government Code is amended to read:

7551. The Department of General Services shall cause to be designed a series of commemorative gold medallions in not less than 1 troy ounce, 0.5 troy ounce, 0.25 troy ounce, and 0.1 troy ounce sizes

of .999 fine gold.

SEC. 2. Section 7554 of the Government Code is amended to read:

7554. The Department of General Services shall, for the use of the Great Seal of the State of California, charge the following royalties:

(a) For each medallion in the 1 troy ounce size, four dollars ($4).

(b) For each medallion in the 0.5 troy ounce size, two dollars ($2).

(c) For each medallion in the 0.25 troy ounce size, one dollar ($1).

(d) For each medallion in the 0.1 troy ounce size, fifty cents ($0.50).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for production of an additional medallion in 1986, thereby increasing state revenue, it is essential that this act take effect immediately.

CHAPTER 158

An act to amend Sections 7074, 7091, and 14838 of the Government Code, and to amend Sections 17053.8, 17053.11, 17231, 17252.5, 17265, 17276.5, 24331, 24333, 24356.2, 24384, and 24417, of the Revenue and Taxation Code, relating to economic development, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1986. Filed with Secretary of State June 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7074 of the Government Code is amended to read:

7074. (a) Individuals residing within an enterprise zone may establish, under the provisions of this chapter, a nonprofit neighborhood enterprise association corporation (NEAC) as follows:

(1) There shall be only one nonprofit neighborhood enterprise association corporation chartered for each, or any portion of, a geographic neighborhood area.

(2) The geographic neighborhood area to which each corporation applies shall be defined by the incorporating residents.

(3) An association shall become a chartered, nonprofit NEAC by a resolution of each governing body that has any of its area within the proposed NEAC area.

(b) The incorporating residents shall draft articles of incorporation and bylaws for a nonprofit mutual benefit corporation pursuant to the Nonprofit Mutual Benefit Corporation Law (Part 3

(commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code). The articles and bylaws of each corporation shall provide for each of the following:

(1) Describe the geographic neighborhood area to which the incorporating association applies.

(2) Describe the manner in which a membership interest in that corporation shall be offered to each resident and business owner of the neighborhood.

(3) Contain provisions for the amendment of the articles and bylaws by a majority of the members.

(4) Authorize the corporation to engage in business only within the particular zone in which the neighborhood area of the corporation is located.

(5) Establish only one class of membership, which shall have voting rights.

(6) Provide technical and financial assistance to private sector investors within an enterprise zone.

(c) The incorporating residents shall send to all residents and business owners of the corporation's neighborhood area each of the following:

(1) An explanation of the proposed new corporation and their rights in it.

(2) A copy of the corporate articles and bylaws.

(3) An offer of a membership interest to which each particular resident and business owner is entitled without any charge for that membership.

(d) The board of directors of the corporation shall apply to the Secretary of State for certification of its articles of incorporation establishing the corporation as a nonprofit corporation. The Secretary of State shall provide technical assistance to zone residents attempting to incorporate under this section.

(e) Upon certification of its articles of incorporation and compliance with paragraph (3) of subdivision (a), the NEAC shall send the department a copy of its articles of incorporations and bylaws, the names of its officers, and an official copy of each resolution required in paragraph (3) of subdivision (a). The NEAC shall send the department a copy of any and all changes in the above items or in the geographic neighborhood area to which the incorporating association applies.

(f) All property which is owned by the state or local government within the neighborhood area of a certified corporation and is not in current use by that government and which is not necessary for a public purpose of the state or local agency owning the property may be leased to the corporation at a price below fair market value, provided that it serves a public purpose to lease at below fair market value. Any lease agreement so executed shall permit the corporation to sublease or assign its leasehold interest to private entities conducting or intending to conduct business operations within the zone. The lease may be renewed upon expiration if the corporation

has continuously complied with the requirements of this chapter.

SEC. 1.5. Section 7091 of the Government Code is amended to read:

7091. (a) Notwithstanding the bonding limitation specified in Section 91573, the California Industrial Development Financing Advisory Commission shall authorize an annual maximum amount of qualifying bonds of seventy-five million dollars ($75,000,000).

(b) Notwithstanding Section 91503, the bonding authorization contained in subdivision (a) shall be used for providing funds to qualified businesses within designated program areas or any business which is located within an enterprise zone which is designated under any other provision of state law. However, any portion of the annual maximum amount specified in subdivision (a) which in any year is not used for the purpose specified in this subdivision may be used in the next succeeding year for the purpose of any program administered by the California Industrial Development Financing Advisory Commission.

(c) The annual maximum bonding authority specified in subdivision (a) is exclusive of, and in addition to, the maximum bonding authority specified in Section 91573.

SEC. 2. Section 14838 of the Government Code, as amended by Section 4 of Chapter 823 of the Statutes of 1985, is amended to read:

14838. In order to facilitate the participation of small business in state procurement and in construction contracts, and in service contracts, under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, or the delivery of services, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts, and in service contracts.

(b) Provide for small business preference in construction or the procurement of goods or the delivery of services where responsibility and quality are equal. The preference to small business shall be 5 percent for the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars ($50,000) for any bid. In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

(c) Give special consideration to small businesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on these subprojects.

(f) Small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).

(g) This section shall remain in effect only until July 1, 1988, and as of that date is repealed.

SEC. 3. Section 14838 of the Government Code, as added by Section 5 of Chapter 823 of the Statutes of 1985, is amended to read:

14838. In order to facilitate the participation of small business in state procurement and in construction contracts under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:

(a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts.

(b) Provide for small business preference in construction or the procurement of goods where responsibility and quality are equal. The preference to small business shall be 5 percent of the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars ($50,000) for any bid. In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar ($50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

(c) Give special consideration to small businesses by both:

(1) Reducing the experience required.

(2) Reducing the level of inventory normally required.

(d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.

(e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to

allow a small business contractor to qualify to bid on these subprojects.

(f) Small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).

(g) This section shall become operative on July 1, 1988.

SEC. 4. Section 17053.8 of the Revenue and Taxation Code is amended to read:

17053.8. (a) There shall be allowed as credit against the "net tax" (as defined in Section 17039) for the taxable year an amount equal to the sum of each of the following:

(1) Fifty percent for qualified wages in year 1.

(2) Forty percent for qualified wages in year 2.

(3) Thirty percent for qualified wages in year 3.

(4) Twenty percent for qualified wages in year 4.

(5) Ten percent for qualified wages in year 5.

(b) For purposes of this section:

(1) "Qualified wages" means the wages paid or incurred by the employer during the taxable year to qualified disadvantaged individuals "Qualified wages" means that portion of hourly wages which does not exceed 150 percent of the minimum wage.

(2) "Qualified years 1 through 5 wages" means, with respect to any individual, qualified wages received during the 60-month period beginning with the day the individual commences employment within an enterprise zone.

(3) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(c) For purposes of this section:

(1) "Qualified disadvantaged individual" means an individual—

(A) Who is a qualified employee within the meaning of subdivision (d).

(B) Who is hired by the employer after the designation of the area in which services were performed as an enterprise zone (under Section 7073 of the Government Code).

(C) Who is any of the following:

(i) An individual who has been determined eligible by the administrative entity of a service delivery area for services under the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.) and who is receiving subsidized employment, training, or services funded by the federal Job Training Partnership Act, except for an

individual who only receives outreach, intake, or assessment services or a combination thereof.

(ii) Any voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 provided for pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(iii) Any voluntary or mandatory registrant for the Work Incentive Demonstration Program provided for pursuant to Section 11347 of the Welfare and Institutions Code.

(iv) Any voluntary or mandatory registrant for the Employment Preparation Program provided for pursuant to Article 3.5 (commencing with Section 11325) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(d) For purposes of this section: "qualified employee" means an individual—

(1) At least 90 percent of whose services for the taxpayer during the taxable year are directly related to the conduct of the taxpayer's trade or business located in an enterprise zone, and

(2) Who performs at least 50 percent of his or her services for the taxpayer during the taxable year in an enterprise zone.

(e) (1) For purposes of this section:

(A) All employees of trades or businesses (which are not incorporated) which are under common control shall be treated as employed by a single employer, and

(B) The credit (if any) allowable by this section with respect to each trade or business shall be determined by reference to its proportionate share of the qualified wages giving rise to the credit.

The regulations prescribed under this paragraph shall be based on principles similar to the principles which apply in the case of controlled groups of corporations as specified in subdivision (e) of Section 24331.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (f)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(f) (1) If the employment of any employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount (determined under those regulations) equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to

qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of an individual, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(g) In the case of an estate or trust—

(A) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each, and

(B) Any beneficiary to whom any qualified wages have been apportioned under paragraph (A) shall be treated (for purposes of this part) as the employer with respect to those wages.

(h) For purposes of this section, "enterprise zone" means an area for which designation as an enterprise zone is in effect under Section 7073 of the Government Code.

(i) The credit shall be reduced by the credit allowed under Section 17053.7. The credit shall also be reduced by the credit allowed under Section 51 of the Internal Revenue Code.

In addition, no deduction shall be allowed as provided in Section 162 of the Internal Revenue Code for that portion of the wages or salaries paid or incurred for the taxable year upon which the credit is based.

(j) In the case where the credit allowed under this section exceeds the net tax for the taxable year, that portion of the credit which exceeds the net tax may be carried over to the net tax in succeeding

taxable years for the number of taxable years in which the designation of an enterprise zone under Section 7073 of the Government Code is operative, or 15 taxable years, if longer, until the credit is used. The credit shall be applied first to the earliest taxable years possible.

(k) The amount of the credit allowed by this section in any taxable year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

SEC. 5. Section 17053.11 of the Revenue and Taxation Code is amended to read:

17053.11. (a) There shall be allowed as a credit against the "net tax" (as defined in Section 17039) for the taxable year the amount determined in subdivisions (c) and (d) for a qualified business which hires a qualified employee.

(b) For purposes of this section:

(1) "Qualified business" means a qualified business, as defined in Section 7082 of the Government Code, except that the percentage requirements with respect to employment of residents of a high-density unemployment area shall be applicable only to those employees hired within the 12 months immediately preceding the date that the business seeks certification from the Department of Commerce and not to the entire workforce of the business. A business shall be a qualified business only for the purposes of this section, provided that the Department of Commerce certifies that the business meets the standards set forth in this paragraph.

(2) "Qualified employee" means an employee who has been an unemployed resident of a high density unemployment area (as defined in Section 7082 of the Government Code) prior to being employed by the qualified business. For the purposes of this section, participation by a prospective employee in a state or federally funded job training or work demonstration program shall not constitute employment, or effect the eligibility of an otherwise qualified employee. Qualified employee includes an otherwise qualified employee who is employed by a qualified business in the 90 days prior to its certification by the Department of Commerce as a qualified business for the purpose of becoming eligible for that certification.

(c) The credit provided for each qualified employee who has been unemployed for at least six months prior to being employed and has been hired pursuant to subdivision (a), shall be as follows:

(1) Twelve percent of qualified wages for the first six months of employment.

(2) Twelve percent of qualified wages for the second six months

of employment.

(3) Seven percent of qualified wages for the second year of employment.

(d) The credit provided for each qualified employee who has been unemployed for at least three months but less than six months prior to being employed shall be 5 percent of qualified wages for the first year of employment; however, the credit for the second year of employment shall be that provided in paragraph (3) of subdivision (c).

(e) For purposes of this section, "qualified wages" means that portion of wages not in excess of 150 percent of the minimum hourly wage paid or incurred by the qualified business during the taxable year to the qualified employee.

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (c) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) Paragraph (1) shall not apply to any of the following:

(A) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(B) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(C) A termination of employment of an individual, if it is determined under the applicable unemployment compensation provisions that the termination was due to the misconduct of that individual.

(D) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(E) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both number of employees and hours of employment.

(g) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over to the "net tax" in succeeding taxable years until the credit is used. The credit shall be applied first to the earliest taxable years possible.

(h) The amount of the credit allowed by this section for any taxable year shall not exceed the amount of tax which would be

imposed on the income attributed to business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

SEC. 6. Section 17231 of the Revenue and Taxation Code is amended to read:

17231. (a) There shall be allowed as a deduction the amount of net interest received by the taxpayer in payment on indebtedness of either of the following:

(1) A qualified business (as defined in Section 7082 of the Government Code).

(2) A person or entity engaged in the conduct of a trade or business located in an enterpise zone (as defined in Section 7073 of the Government Code).

(b) No deduction shall be allowed under subdivision (a) unless at the time the indebtedness is incurred each of following requirements are met:

(1) The qualified business is located solely within a program area (as defined in Section 7082 of the Government Code), or the trade or business is located solely within an enterprise zone (as defined in Section 7073 of the Government Code).

(2) The indebtedness is incurred solely in connection with activity within the program area or enterprise zone.

(3) The taxpayer has no equity or other ownership interest in the debtor.

SEC. 7. Section 17252.5 of the Revenue and Taxation Code is amended to read:

17252.5. (a) A taxpayer may elect to treat the cost of any Section 17252.5 property as an expense which is not chargeable to capital account. Any cost so treated shall be allowed as a deduction for the taxable year in which Section 17252.5 property is placed in service.

(b) In the case of a husband or wife filing separate returns for a taxable year with respect to each return the applicable amount shall be equal to 50 percent of the amount otherwise determined under subdivision (a).

(c) (1) An election under this section for any taxable year shall—

(A) Specify the items of Section 17252.5 property to which the election applies and the portion of the cost of each of those items which is to be taken into account under subdivision (a), and

(B) Be made on the taxpayer's return of the tax imposed by this part for the taxable year.

(2) Any election made under this section, and any specification contained in that election, may not be revoked except with the consent of the Franchise Tax Board.

(d) (1) For purposes of this section, "Section 17252.5 property" means any recovery property which is Section 38 property under the

terms of the Internal Revenue Code and which is acquired by purchase for exclusive use in a trade or business conducted within an enterprise zone designated pursuant to Section 7073 of the Government Code.

(2) For purposes of paragraph (1), "purchase" means any acquisition of property, but only if—

(A) The property is not acquired from a person whose relationship to the person acquiring it would result in the disallowance of losses under Section 267 or 707(b) of the Internal Revenue Code (but, in applying subsections (b) and (c) of Section 267 of the Internal Revenue Code for purposes of this section, Section 267(c)(4) of the Internal Revenue Code shall be treated as providing that the family of an individual shall include only his spouse, ancestors, and lineal descendants),

(B) The basis of the property in the hands of the person acquiring it is not determined—

(i) In whole or in part by reference to the adjusted basis of such property in the hands of the person from whom acquired, or

(ii) Under Sections 18031 through 18033 (relating to property acquired from a decedent).

(3) For purposes of this section, the cost of property does not include so much of the basis of the property as is determined by reference to the basis of other property held at any time by the person acquiring the property.

(4) This section shall not apply to estates and trusts.

(5) This section shall not apply to any Section 17252.5 property purchased by any person described in Section 46(e)(3) of the Internal Revenue Code unless the credit under Section 38 of the Internal Revenue Code is allowable with respect to that person for that property (determined without regard to this section).

(6) In the case of a partnership, the dollar limitation contained in subdivision (g) shall apply with respect to the partnership and with respect to each partner.

(e) For purposes of this section, "taxpayer" means a taxpayer who conducts a trade or business within an enterprise zone designated pursuant to Section 7073 of the Government Code.

(f) Any taxpayer who elects to be subject to this section shall not be entitled to claim additional depreciation pursuant to Section 17252 with respect to any property which constitutes Section 17252.5 property.

(g) The deduction allowable under subdivision (a) for any taxable year shall not exceed the following applicable amount for the taxable year of the designation of an enterprise zone and taxable years thereafter:

	The applicable amount is:
Taxable year of designation	$ 5,000
1st taxable year thereafter	5,000

2nd taxable year thereafter	7,500
3rd taxable year thereafter	7,500
Each taxable year thereafter	10,000

(h) This section shall apply only to property which is used exclusively in a trade or business conducted within an enterprise zone.

(i) Any amounts deducted under subdivision (a) with respect to property which ceases to be used in the trade or business within an enterprise zone at any time before the close of the second taxable year after the property was placed in service shall be included in income for that year.

SEC. 8. Section 17265 of the Revenue and Taxation Code is amended to read:

17265. (a) A taxpayer may elect to treat 40 percent of the cost of any Section 17265 property as an expense which is not chargeable to capital account. Any cost so treated shall be allowed as a deduction for the taxable year in which the Section 17265 property is placed in service.

(b) In the case of a husband and wife filing separate returns for a taxable year, the applicable amount under subdivision (a) shall be equal to 50 percent of the percentage specified in subdivision (a).

(c) (1) An election under this section for any taxable year shall—

(A) Specify the items of Section 17265 property to which the election applies and the percentage of the cost of each of those items which is to be taken into account under subdivision (a).

(B) Be made on the taxpayer's return of the tax imposed by this part for the taxable year.

This election shall be made in the time, form, and manner which the Franchise Tax Board may prescribe.

(2) Any election made under this section, and any specification contained in that election, may not be revoked except with the consent of the Franchise Tax Board.

(d) (1) For purposes of this section, "Section 17265 property" means property acquired by the taxpayer which is used exclusively within a program area (as defined in Section 7082 of the Government Code) and consists of machinery and machinery parts used for fabricating, processing, assembling, and manufacturing and machinery and machinery parts used for the production of renewable energy resources or air or water pollution control mechanisms.

"Section 17265 property" also means property used as an integral part of a qualified business within a program area (as defined in Section 7082 of the Government Code).

(2) For purposes of paragraph (1), "purchase" means any acquisition of property, but only if—

(A) The property is not acquired from a person whose relationship to the person acquiring it would result in the disallowance of losses under Section 267 or Section 707(b) of the Internal Revenue Code (but, in applying Sections 267(b) and 267(c) for purposes of this section, Section 267(c)(4) shall be treated as providing that the

family of an individual shall include only the individual's spouse, ancestors, and lineal descendants),

(B) The basis of the property in the hands of the person acquiring it is not determined—

(i) In whole or in part by reference to the adjusted basis of that property in the hands of the person from whom it is acquired, or

(ii) Under Sections 18032 and 18033 (relating to property acquired from a decedent).

(3) For purposes of this section, the cost of property does not include so much of the basis of the property as is determined by reference to the basis of other property held at any time by the person acquiring the property.

(4) This section shall not apply to estates and trusts.

(5) This section shall not apply to any Section 17265 property purchased by any person described in Section 46(e) (3) of the Internal Revenue Code unless the credit under Section 38 of the Internal Revenue Code is allowable with respect to that person for that property (determined without regard to this section).

(6) In the case of a partnership, the percentage limitation specified in subdivision (a) shall apply with respect to the partnership and with respect to each partner.

(e) For purposes of this section, "taxpayer" means a taxpayer who conducts a qualified business within a program area (as defined in Section 7082 of the Government Code).

(f) Any taxpayer who elects to be subject to this section shall not be entitled to claim additional depreciation pursuant to Section 17252 with respect to any property which constitutes Section 17265 property; however, the taxpayer may claim depreciation by any method permitted by Section 17250, commencing with the taxable year following the taxable year in which the Section 17265 property is placed in service.

(g) The aggregate cost which may be taken into account under subdivision (a) for any taxable year shall not exceed the following applicable amount for the taxable year of the designation of a program area and taxable years thereafter:

	The applicable amount is:
Taxable year of designation	$100,000
1st taxable year thereafter	100,000
2nd taxable year thereafter	75,000
3rd taxable year thereafter	75,000
Each taxable year thereafter	50,000

(h) Any amounts deducted under subdivision (a) with respect to property which ceases to be qualified property at any time before the close of the second taxable year after the property is placed in service shall be included in income for that year.

SEC. 9. Section 17276.5 of the Revenue and Taxation Code, as

amended by Chapter 54 of the Statutes of 1986, is amended to read:

17276.5. The term "qualified taxpayer" as used in Section 17276 means any one of the following:

(a) A taxpayer engaged in a new small business.

(1) A net operating loss of a new small business shall not be a net operating loss carryback to any taxable year and shall be a net operating loss carryover to each of the 15 taxable years following the taxable year of the loss.

(A) A net operating loss may be carried over only by the individual or legal entity incurring the net operating loss.

(B) A net operating loss deduction by a taxpayer shall be allowed only for losses occurring within the first 24 months of active operation of the small business.

(C) The total amount of net operating loss a new small business may carry over pursuant to Section 17276 beginning on or after January 1, 1984, and thereafter, shall not exceed an aggregate of one hundred thousand dollars ($100,000) for all taxable years.

(2) For purposes of this subdivision, the definition of "small business" established by the Department of General Services shall apply, with the following modifications:

(A) A taxpayer shall qualify as a "small business" if the gross receipts for the initial year of operation do not exceed one-third of the maximum receipts specified in Section 1896 of Subchapter 8 of Title 2 of the California Administrative Code as it may be amended from time to time for the applicable industry group. If the maximum receipts specified are modified at any time during the taxable year, the amount stated at the end of the taxable year shall apply.

(B) Where the initial calendar year of operation is less than 12 months, gross receipts for that year shall be annualized for purposes of applying subparagraph (A).

(C) The taxpayer shall bear the burden of furnishing all information in support of a claim that it qualifies as a new "small business" as defined in this subdivision.

The term "new small business" does not include any business or corporation which, for tax purposes only, liquidates its assets, in whole or in part, in anticipation of an operating loss and then subsequently reorganizes that portion of the business or corporation under a new name.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any taxable year beginning prior to January 1, 1984.

(4) For purposes of this subdivision, "net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributable to a new small business.

(b) A taxpayer engaged in the conduct of a qualified business within a program area (as defined in Section 7082 of the Government Code).

(1) A net operating loss shall not be a net operating loss carryback to any taxable year and a net operating loss for any taxable year

beginning on or after the date that the taxpayer becomes a qualified business shall be a net operating loss carryover to each of the 15 taxable years following the taxable year of loss.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributable to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code). That attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any taxable year beginning prior to January 1, 1984.

(c) A taxpayer who is engaged in the conduct of a trade or business within an enterprise zone designated pursuant to Section 7073 of the Government Code on or after that designation.

(1) A net operating loss shall not be a net operating loss carryback to any taxable year and a net operating loss for any taxable year beginning on or after the date that the area in which the taxpayer conducts a trade or business is designated an enterprise zone shall be a net operating loss carryover to each following taxable year that ends before the expiration or revocation of the designation of the enterprise zone under Section 7073 of the Government Code or to each of 15 taxable years following the taxable year of loss, if longer.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributable to the business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code). The attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any taxable year beginning prior to January 1, 1984.

(d) A taxpayer engaged in the business of farming in this state.

(1) A net operating loss shall not be a net operating loss carryback to any taxable year and shall be a net operating loss carryover to each

of the 15 taxable years following the taxable year of the loss.

(A) A net operating loss may be carried over only by the individual or legal entity incurring the net operating loss, except as provided by Section 642(h) of the Internal Revenue Code.

(B) For any net operating loss incurred in any taxable year beginning on or after January 1, 1985, the total amount of net operating loss that a taxpayer may carryover pursuant to Section 17276 to any taxable year beginning on or after January 1, 1986, shall not exceed an aggregate of fifty thousand dollars ($50,000) for any one taxable year. The net operating loss deduction claimed by any taxpayer pursuant to Section 17276 for any taxable year beginning after December 31, 1985, and incurred in any taxable year beginning after December 31, 1984, through any taxable year ending on or before December 31, 1992, shall not exceed an aggregate of two hundred fifty thousand dollars ($250,000).

(2) For purposes of this subdivision:

(A) (i) Except as provided in clause (ii), "net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 17276, attributed to the business of farming.

(ii) For purposes of clause (i), the amount of the nonbusiness deductions and the zero bracket amount deduction determined under Section 172(d)(4) and Section 172(d)(7) of the Internal Revenue Code, respectively, shall not be allowed in determining the amount of a net operating loss.

(B) A net operating loss carryover shall be a deduction only against income attributed to the business of farming.

(C) The term "business of farming" means that at least two-thirds of the taxpayer's gross income from all sources for three out of the immediately preceding five taxable years is from farming. The term "business of farming" shall have the same meaning as the term "carrying on of the trade or business of farming" as that term is used in Section 17064.7.

(D) The term "in this state" means that the sum of the taxpayer's payroll and property factors in this state divided by two is at least two-thirds. For the purposes of this subdivision, "property factor" is the same as that defined in Section 25129. For the purposes of this subdivision, "payroll factor" is the same as that defined in Section 25132. For the purposes of this subdivision, the property factor shall not include the lease or fee payments for grazing rights for periods of six months or less in an annual period.

(3) Where 50 percent or more of the stock of a corporation engaged in the business of farming is owned by a taxpayer (including the taxpayer's spouse or minor child) engaged in the business of farming, the aggregate net farm operating loss deductions of the taxpayer (including the taxpayer's spouse or minor child) and the corporation cannot exceed the amounts specified in subparagraph (B) of paragraph (1).

(4) This subdivision shall not apply to any taxpayer engaged in the

business of farming which, principally for the purpose of avoiding tax, liquidates assets, in whole or in part and then subsequently reorganizes that portion of the business under a new name.

(5) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1985, or for any loss which occurs in any taxable year beginning prior to January 1, 1985. No net operating loss deduction shall be allowed for any loss which occurs in any taxable year ending after December 31, 1992.

(e) A taxpayer who qualifies as a "qualified taxpayer" shall, for the taxable year of the net operating loss and any taxable year to which that net operating loss may be carried, designate on the return filed for each year the subdivision of this section which applies to that taxpayer with respect to that net operating loss. If the taxpayer is eligible to qualify under more than one subdivision of this section, the designation is to be made after taking into account the election required by subdivision (f) and shall be consistent with that election.

(f) If a taxpayer is eligible to qualify under more than one subdivision of this section as a "qualified taxpayer," with respect to a net operating loss in a taxable year, the taxpayer shall elect which subdivision of this section is to apply to the taxpayer. The election is to be made in a statement attached to the original return, timely filed, for the year the net operating loss is incurred and shall be irrevocable.

SEC. 10. Section 24331 of the Revenue and Taxation Code is amended to read:

24331. (a) There shall be allowed as a credit against the tax imposed by this part for the year (except the minimum franchise tax and the tax on preference income) an amount equal to the sum of each of the following:

(1) Fifty percent for qualified wages in year 1.

(2) Forty percent for qualified wages in year 2.

(3) Thirty percent for qualified wages in year 3.

(4) Twenty percent for qualified wages in year 4.

(5) Ten percent for qualified wages in year 5.

(b) For purposes of this section:

(1) "Qualified wages" means the wages paid or incurred by the employer during the income year to qualified disadvantaged individuals. "Qualified wages" means that portion of hourly wages which does not exceed 150 percent of the minimum wage.

(2) "Qualified years 1 through 5 wages" means, with respect to any individual, qualified wages received during the 60-month period beginning with the day the individual commences employment within an enterprise zone.

(3) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(c) For purposes of this section:

(1) "Qualified disadvantaged individual" means an individual—

(A) Who is a qualified employee within the meaning of subdivi-

sion (d).

(B) Who is hired by the employer after the designation of the area in which services were performed as an enterprise zone (under Section 7073 of the Government Code).

(C) Who is any of the following:

(i) An individual who has been determined eligible by the administrative entity of a service delivery area for services under the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.) and who is receiving subsidized employment, training, or services funded by the federal Job Training Partnership Act, except for an individual who only receives outreach, intake, or assessment services or a combination thereof.

(ii) Any voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 provided for pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(iii) Any voluntary or mandatory registrant for the Work Incentive Demonstration Program provided for pursuant to Section 11347 of the Welfare and Institutions Code.

(iv) Any voluntary or mandatory registrant for the Employment Preparation Program provided for pursuant to Article 3.5 (commencing with Section 11325) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(d) For purposes of this section, "qualified employee" means an individual—

(1) At least 90 percent of whose services for the taxpayer during the income year are directly related to the conduct of the taxpayer's trade or business located in an enterprise zone.

(2) Who performs at least 50 percent of his or her services for the taxpayer during the income year in an enterprise zone.

(e) (1) For purposes of this section, all employees of all corporations which are members of the same controlled group of corporations shall be treated as employed by a single employer. In any such case, the credit (if any) allowable by this section to each member shall be determined by reference to its proportionate share of the qualified wages giving rise to the credit. For purposes of this subdivision, "controlled group of corporations" has the meaning given to that term by Section 1563(a) of the Internal Revenue Code, except that—

(A) "More than 50 percent" shall be substituted for "at least 80 percent" each place it appears in Section 1563(a)(1) of the Internal Revenue Code.

(B) The determination shall be made without regard to subsections (a)(4) and (e)(3)(C) of Section 1563 of the Internal Revenue Code.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this

section (other than subdivision (f)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of an individual, if it is determined under the applicable unemployment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated—

(i) By a transaction to which Section 381 (a) of the Internal Revenue Code applies, if the employee continues to be employed by the acquiring corporation, or

(ii) By reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(g) In the case of—

(1) An organization to which Section 593 of the Internal Revenue Code applies, and

(2) A regulated investment company or a real estate investment trust subject to taxation under this part rules similar to the rules provided in subsections (e) and (h) of Section 46 of the Internal Revenue Code shall apply.

(h) For purposes of this section, "enterprise zone" means an area for which designation as an enterprise zone is in effect under Section 7073 of the Government Code.

(i) The credit shall be reduced by the credit allowed under Section 24330. The credit shall also be reduced by the credit allowed under Section 51 of the Internal Revenue Code.

In addition, no deduction shall be allowed under Section 24343 for that portion of the wages or salaries paid or incurred for the income year upon which the credit allowable under this section is based.

(j) In the case where the credit allowed under this section exceeds the taxes imposed by this part for the year (except the minimum franchise tax and the tax on preference income) that portion of the credit which exceeds those taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding years for the number of years in which the designation of an enterprise zone under Section 7073 of the Government Code is operative, or 15 income years, if longer, until the credit is used. The credit shall be applied first to the earliest years possible.

(k) The amount of the credit provided by this section shall not in any year exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Government Code). The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

SEC. 11. Section 24333 of the Revenue and Taxation Code is amended to read:

24333. (a) There shall be allowed as a credit against the tax imposed by this part for the year (except the minimum franchise tax and the tax on preference income) for the year the amount determined in subdivisions (c) and (d) for a qualified business which hires a qualified employee.

(b) For purposes of this section:

(1) "Qualified business" means a qualified business, as defined in Section 7082 of the Government Code, except that the percentage requirements with respect to employment of residents of a high-density unemployment area shall be applicable only to those employees hired within the 12 months immediately preceding the date that the business seeks certification from the Department of Commerce and not to the entire workforce of the business. A business shall be a qualified business only for the purposes of this section, provided that the Department of Commerce certifies that the business meets the standards set forth in this paragraph.

(2) "Qualified employee" means an employee who has been an

unemployed resident of a high density unemployment area (as defined in Section 7082 of the Government Code) prior to being employed by the qualified business. For the purposes of this section, participation by a prospective employee in a state or federally funded job training or work demonstration program shall not constitute employment, or effect the eligibility of an otherwise qualified employee. Qualified employee includes an otherwise qualified employee who is employed by a qualified business in the 90 days prior to its certification by the Department of Commerce as a qualified business for the purpose of becoming eligible for that certification.

(c) The credit provided for each qualified employee who has been unemployed for at least six months prior to being employed pursuant to subdivision (a) shall be as follows:

(1) Twelve percent of qualified wages for the first six months of employment.

(2) Twelve percent of qualified wages for the second six months of employment.

(3) Seven percent of qualified wages for the second year of employment.

(d) The credit provided for each qualified employee who has been unemployed for at least three months but less than six months prior to being employed shall be 5 percent of qualified wages for the first year of employment; however, the credit for the second year of employment shall be that provided in paragraph (3) of subdivision (c).

(e) For purposes of this section, "qualified wages" means that portion of wages not in excess of 150 percent of the minimum hourly wage paid or incurred by the qualified business during the income year to the qualified employee.

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (c) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that employee.

(2) Paragraph (1) shall not apply to any of the following:

(A) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(B) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(C) A termination of employment of an individual, if it is deter-

mined under the applicable unemployment compensation provisions that the termination was due to the misconduct of that individual.

(D) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(E) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both number of employees and hours of employment.

(g) In the case where the credit allowed under this section exceeds the taxes imposed by this part for the year (except the minimum franchise tax and the tax on preference income) that portion of the credit which exceeds those taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding years until the credit is used. The credit shall be applied first to the earliest years possible.

(h) The amount of the credit allowed by this section for any year shall not exceed the amount of tax which would be imposed on the income attributed to business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) as if that attributed income represented all of the net income of the taxpayer subject to tax under this part. The amount of that attributed income shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

SEC. 12. Section 24356.2 of the Revenue and Taxation Code is amended to read:

24356.2. (a) A taxpayer may elect to treat the cost of any Section 24356.2 property as an expense which is not chargeable to capital account. Any cost so treated shall be allowed as a deduction for the income year in which the Section 24356.2 property is placed in service.

(b) (1) An election under this section for any income year shall—

(A) Specify the items of Section 24356.2 property to which the election applies and the portion of the cost of each of those items which is to be taken into account under subdivision (a), and

(B) Be made on the taxpayer's return of the tax imposed by this part for the income year.

(2) Any election made under this section, and any specification contained in that election, may not be revoked except with the consent of the Franchise Tax Board.

(c) (1) For purposes of this section, "Section 24356.2 property" means any recovery property which is Section 38 property under the terms of the Internal Revenue Code and which is acquired by purchase for exclusive use in a trade or business conducted within an enterprise zone designated pursuant to Section 7073 of the Government Code.

(2) For purposes of paragraph (1), "purchase" means any acquisition of property, but only if—

(A) The property is not acquired from a person whose relationship to the person acquiring it would result in the disallowance of

losses under Section 24427 through 24429 (but, in applying Sections 24428 and 24429 for purposes of this section, subdivision (d) of Section 24429 shall be treated as providing that the family of an individual shall include only his spouse, ancestors, and lineal descendants),

(B) The property is not acquired by one component member of an affiliated group from another component member of the same affiliated group, and

(C) The basis of the property in the hands of the person acquiring it is not determined in whole or in part by reference to the adjusted basis of such property in the hands of the person from whom acquired.

(3) For purposes of this section, the cost of property does not include so much of the basis of that property as is determined by reference to the basis of other property held at any time by the person acquiring that property.

(4) This section shall not apply to any Section 24356.2 property purchased by any person described in Section 46(e)(3) of the Internal Revenue Code unless the credit under Section 38 of the Internal Revenue Code is allowable with respect to that person for that property (determined without regard to this section).

(5) For purposes of subdivision (b)—

(A) All component members of an affiliated group shall be treated as one taxpayer, and

(B) The taxpayer shall apportion the dollar limitation contained in subdivision (f) among the component members of the affiliated group in whatever manner the board shall by regulations prescribe.

(6) For purposes of paragraphs (2) and (5), "affiliated group" has the meaning assigned to it by Section 1504 of the Internal Revenue Code, except that, for these purposes, the phrase "more than 50 percent" shall be substituted for the phrase "at least 80 percent" each place it appears in Section 1504(a) of the Internal Revenue Code.

(d) For purposes of this section, "taxpayer" means a taxpayer who conducts a trade or business within an enterprise zone designated pursuant to Section 7073 of the Government Code.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to claim additional depreciation pursuant to Section 24356 with respect to any property which constitutes Section 24356.2 property.

(f) The deduction allowable under subdivision (a) for any income year shall not exceed the following applicable amount for the income year of the designation of an enterprise zone and income years thereafter:

	The applicable amount is:
Income year of designation	$ 5,000
1st income year thereafter	5,000
2nd income year thereafter	7,500
3rd income year thereafter	7,500

Each income year thereafter 10,000

(g) This section shall apply only to property which is used exclusively in a trade or business conducted within an enterprise zone.

(h) Any amounts deducted under subdivision (a) with respect to property which ceases to be used in the trade or business within an enterprise zone at any time before the close of the second income year after the property is placed in service shall be included in income for that year.

SEC. 13. Section 24384 of the Revenue and Taxation Code is amended to read:

24384. (a) There shall be allowed as a deduction the amount of net interest received by the taxpayer in payment of indebtedness of either of the following:

(1) A qualified business (as defined in Section 7082 of the Government Code).

(2) A person or entity engaged in trade or business located in an enterprise zone (as defined in Section 7073 of the Government Code).

(b) No deduction shall be allowed under subdivision (a) unless at the time the indebtedness is incurred each of the following requirements are met:

(1) The qualified business is located solely within a program area (as defined in Section 7082 of the Government Code), or the trade or business is located solely within an enterprise zone (as defined in Section 7073 of the Government Code).

(2) The indebtedness is incurred solely in connection with activity within the program area or enterprise zone.

(3) The taxpayer has no equity or other ownership interest in the debtor.

SEC. 14. Section 24417 of the Revenue and Taxation Code, as amended by Chapter 54 of the Statutes of 1986, is amended to read:

24417. The term "qualified taxpayer" as used in Section 24416 means any one of the following:

(a) A taxpayer engaged in a new small business.

(1) A net operating loss of a new small business shall not be a net operating loss carryback to any income year and shall be a net operating loss carryover to each of the 15 income years following the income year of the loss.

(A) A net operating loss may be carried over only by the corporation incurring the net operating loss.

(B) A net operating loss deduction by a taxpayer shall be allowed only for losses occurring within the first 24 months of active operation of the small business.

(C) The total amount of net operating loss a new small business may carry over pursuant to Section 24416 beginning on or after January 1, 1984, and thereafter, shall not exceed an aggregate of one hundred thousand dollars ($100,000) for all income years.

(2) For purposes of this subdivision, the definition of "small busi-

ness" established by the Department of General Services shall apply, with the following modifications:

(A) A taxpayer shall qualify as a "small business" if the gross receipts for the initial year of operation do not exceed one-third of the maximum receipts specified in Section 1896 of Subchapter 8 of Title 2 of the California Administrative Code as it may be amended from time to time for the applicable industry group. If the maximum receipts specified are modified at any time during the income year, the amount stated at the end of the income year shall apply.

(B) Where the initial calendar year of operation is less than 12 months, gross receipts for that year shall be annualized for purposes of applying subparagraph (A).

(C) The taxpayer shall bear the burden of furnishing all information in support of a claim that it qualifies as a new "small business" as defined in this subdivision.

(3) The term "new small business" does not include any of the following:

(A) A corporation which, for tax purposes only, liquidates its assets in whole or in part, in anticipation of an operating loss and then subsequently reorganizes that portion of the corporation under a new name.

(B) A corporation which is part of a controlled group, as defined by Section 1563 of the Internal Revenue Code. However, for purposes of this subparagraph, where the term "80 percent" is used in Section 1563 of the Internal Revenue Code, the term "50 percent" shall be substituted in lieu of "80 percent."

(C) A corporation which is controlled by another corporation, and whose affiliation with the controlling corporation does not constitute a small business. For purposes of this subparagraph, "controlled" means the ownership of stock possessing more than 50 percent of the total combined voting power of all classes of stock entitled to vote.

(4) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any income year beginning prior to January 1, 1984.

(5) For purposes of this subdivision, "net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributable to a new small business.

(b) A taxpayer engaged in the conduct of a qualified business within a program area (as defined in Section 7082 of the Government Code).

(1) (A) A net operating loss shall not be a net operating loss carryback for any income year and, except as provided in subparagraph (B), a net operating loss for any income year beginning on or after the date that the taxpayer becomes a qualified business shall be a net operating loss carryover to each of the 15 income years following the income year of loss.

(B) In the case of a financial institution to which Section 585, 586, or 593 of the Internal Revenue Code applies, a net operating loss for any income year beginning on or after January 1, 1984, shall be a net

operating loss carryover to each of the three income years following the income year of the loss. Subdivision (e) of Section 24416 and Section 172(b)(1)(F) and (G) of the Internal Revenue Code shall not apply.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributable to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code). That attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the program area (as defined in Section 7082 of the Government Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any income year beginning prior to January 1, 1984.

(c) A taxpayer who is engaged in the conduct of a trade or business within an enterprise zone designated pursuant to Section 7073 of the Government Code on or after that designation.

(1) (A) A net operating loss shall not be a net operating loss carryback to any income year and, except as provided in subparagraph (B), a net operating loss for any income year beginning on or after the date that the area in which the taxpayer conducts a trade or business is designated an enterprise zone shall be a net operating loss carryover to each following income year that ends before the expiration or revocation of the designation of the enterprise zone under Section 7073 of the Government Code or to each of 15 income years following the income year of loss, if longer.

(B) In the case of a financial institution to which Section 585, 586, or 593 of the Internal Revenue Code applies, a net operating loss for any income year beginning on or after January 1, 1984, shall be a net operating loss carryover to each of the five income years following the income year of the loss. Subdivision (e) of Section 24416 and Section 172(B)(1)(F) and (G) of the Internal Revenue Code shall not apply.

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributable to the business activities of the taxpayer within the enterprize zone (as defined in Section 7073 of the Government Code). The attributed loss shall be determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(B) A net operating loss carryover shall be a deduction only with respect to income attributed to the business activities of the taxpayer within the enterprise zone (as defined in Section 7073 of the Govern-

ment Code) determined in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17.

(3) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1984, or for any loss which occurs in any income year beginning prior to January 1, 1984.

(d) A taxpayer engaged in the business of farming in this state.

(1) A net operating loss shall not be a net operating loss carryback to any income year and shall be a net operating loss carryover to each of the 15 income years following the income year of the loss.

(A) A net operating loss may be carried over only by the corporation incurring the net operating loss.

(B) For any net operating loss incurred in any income year beginning on or after January 1, 1985, the total amount of net operating loss that a taxpayer may carryover pursuant to Section 24416 to any income year beginning on or after January 1, 1986, shall not exceed an aggregate of fifty thousand dollars ($50,000) for any one income year. The net operating loss deduction claimed by any taxpayer pursuant to Section 24416 for any income year beginning after December 31, 1985, and incurred in any income year beginning after December 31, 1984, through any income year ending on or before December 31, 1992, shall not exceed an aggregate of two hundred fifty thousand dollars ($250,000).

(2) For purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416, attributed to the business of farming.

(B) A net operating loss carryover shall be a deduction only against income attributed to the business of farming.

(C) The term "business of farming" means that at least two-thirds of the taxpayer's gross income from all sources for three out of the immediately preceding five years is from farming. The term "business of farming" shall have the same meaning as the term "carrying on of the trade or business of farming" as that term is used in Section 17064.7.

(D) The term "in this state" means that the sum of the taxpayer's property and payroll factors (computed pursuant to Chapter 17 (commencing with Section 25101)), divided by two is at least two-thirds.

(3) Where 50 percent or more of the stock of a corporation engaged in the business of farming is owned by a taxpayer (including the taxpayer's spouse or minor child) engaged in the business of farming, the aggregate net farm operating loss deductions of the taxpayer (including the taxpayer's spouse or minor child) and the corporation cannot exceed the amounts specified in subparagraph (B) of paragraph (1).

(4) This subdivision shall not apply to any taxpayer engaged in the business of farming which, principally for the purpose of avoiding tax, liquidates assets, in whole or in part, and then subsequently reorganizes that portion of the business under a new name.

(5) No net operating loss deduction shall be allowed for any loss which occurs prior to January 1, 1985, or for any loss which occurs in any income year beginning prior to January 1, 1985. No net operating loss deduction shall be allowed for any loss which occurs in any income year ending after December 31, 1992.

(6) This subdivision shall not apply with respect to any corporation which has more than 10 shareholders.

(e) A taxpayer who qualifies as a "qualified taxpayer" shall, for the income year of the net operating loss and any income year to which that net operating loss may be carried, designate on the return filed for each year the subdivision of this section which applies to that taxpayer with respect to that net operating loss. If the taxpayer is eligible to qualify under more than one subdivision of this section, the designation is to be made after taking into account the election required by subdivision (f) and shall be consistent with that election.

(f) If a taxpayer is eligible to qualify under more than one subdivision of this section as a "qualified taxpayer," with respect to a net operating loss in an income year, the taxpayer shall elect which subdivision of this section is to apply to the taxpayer. The election is to be made in a statement attached to the original return, timely filed, for the year the net operating loss is incurred and shall be irrevocable.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Since enterprise zones will become effective on July 1, 1986, in order to effectuate important changes in provisions relating to enterprise zones, as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 159

An act to amend Sections 4622 and 4626 of the Welfare and Institutions Code, relating to developmental disabilities.

[Approved by Governor June 17, 1986 Filed with Secretary of State June 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 4622 of the Welfare and Institutions Code is amended to read:

4622. After July 1, 1978, the state shall contract only with agencies, the governing boards or the program policy committees of which conform to all of the following criteria:

(a) The governing board or the program policy committee shall be composed of individuals with demonstrated interest in, or

knowledge of, developmental disabilities.

(b) The membership of the governing board or the program policy committee shall include persons with legal, management, public relations, and developmental disability program skills.

(c) The membership of the governing board or the program policy committee shall include representatives of the various categories of disability to be served by the regional center.

(d) The governing board or the program policy committee shall reflect the geographic and ethnic characteristics of the area to be served by the regional center.

(e) A minimum of one-third of the members of the governing board or the program policy committee shall be persons with developmental disabilities or their parents or legal guardians.

(f) Members of the governing board or the program policy committee shall not be permitted to serve longer than six consecutive years.

(g) The governing board shall appoint an advisory committee composed of a wide variety of persons representing the various categories of providers from which the regional center purchases client services. The advisory committee shall provide advice, guidance, recommendations, and technical assistance to the regional center board in order to assist the regional center in carrying out its mandated functions. The advisory committee shall designate one of its members to serve as a member of the regional center board.

(h) No member of the board or the program policy committee who is an employee or member of the governing board of a provider from which the regional center purchases client services shall do any of the following:

(1) Serve as an officer of the board or program policy committee.

(2) Vote on any fiscal matter affecting the purchase of services from any regional center provider.

(3) Vote on any issue other than as described in paragraph (2), in which the member has a financial interest, as defined in Section 87103 of the Government Code, and determined by the regional center board or program policy committee. The member shall provide a list of his or her financial interests, as defined in Section 87103, to the regional center board or program policy committee.

Nothing in this section shall prevent the appointment to a regional center governing board or the program policy committee of a person who meets the criteria for more than one of the categories listed above.

This section shall remain in effect only until January 1, 1989, and on that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 4622 of the Welfare and Institutions Code, as added by Section 550 of Chapter 1252 of the Statutes of 1977, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 4626 of the Welfare and Institutions Code is amended to read:

4626. (a) In order to prevent potential conflicts of interest, no member of the governing board or member of the program policy committee of a regional center shall be any of the following:

(1) An employee of the State Department of Developmental Services or any state or local agency which provides services to a regional center client, if employed in a capacity which includes administrative or policymaking responsibility, or responsibility for the regulation of the regional center.

(2) An employee or a member of the state council or an area board.

(3) Except as otherwise provided in subdivision (h) of Section 4622, an employee or member of the governing board of any entity from which the regional center purchases client services.

(4) Any person who has a financial interest, as defined in Section 87103 of the Government Code, in regional center operations, except as a consumer of regional center services.

(b) Notwithstanding paragraph (1) of subdivision (a), members serving on the governing board or program policy committee of a regional center on January 1, 1982, may continue to serve on the board or committee until the expiration of their term as defined in subdivision (f) of Section 4622. Notwithstanding any other provision of this section, members serving on the governing board or program policy committee of a regional center on January 1, 1982, may continue to serve on the board or committee until the expiration of their current term. Changes in the composition of the board or committee required by amendments to this section that are operative on January 1, 1982, shall apply only to subsequent vacancies on the board or committee.

This section shall remain in effect only until January 1, 1989, and on that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 4626 of the Welfare and Institutions Code, as amended by Section 168 of Chapter 101 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 160

An act to amend Section 830.6 of the Penal Code, relating to peace officers.

[Approved by Governor June 17, 1986 Filed with Secretary of State June 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 830.6 of the Penal Code is amended to read:

830.6. (a) (1) Whenever any qualified person is deputized or appointed by the proper authority as a reserve or auxiliary sheriff or city policeman, a deputy sheriff, a reserve police officer of a regional park district or of a transit district, or a deputy of the Department of Fish and Game, and is assigned specific police functions by that authority, the person is a peace officer; provided, the person qualifies as set forth in Section 832.6, and provided further, that the authority of the person as a peace officer shall extend only for the duration of the person's specific assignment. A transit district reserve officer may carry firearms only if authorized by, and under those terms and conditions as are specified by, his or her employing agency.

(2) Whenever any qualified person is deputized or appointed by the proper authority as a reserve or auxiliary sheriff or city policeman, a deputy sheriff, or a reserve police officer of a regional park district or of a transit district, and is so designated by local ordinance or, if the local agency is not authorized to act by ordinance, by resolution, either individually or by class, and is assigned to the prevention and detection of crime and the general enforcement of the laws of this state by that authority, the person is a peace officer; provided the person qualifies as set forth in paragraph (1) of subdivision (a) of Section 832.6, and provided further, that the authority of the person shall include the full powers and duties of a peace officer as provided by Section 830.1, or in the case of a transit district reserve police officer, the powers and duties which are authorized in Section 830.4.

(b) Whenever any person is summoned to the aid of any uniformed peace officer, the summoned person shall be vested with the powers of a peace officer as are expressly delegated to him or her by the summoning officer or as are otherwise reasonably necessary to properly assist the officer.

CHAPTER 161

An act to repeal Section 1770.1 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor June 17, 1986 Filed with Secretary of State June 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1770.1 of the Welfare and Institutions Code is repealed.

CHAPTER 162

An act to amend Sections 17925 and 17927 of the Business and Professions Code, relating to fictitious business name statements.

[Approved by Governor June 17, 1986 Filed with Secretary of State June 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17925 of the Business and Professions Code is amended to read:

17925. (a) The county clerk shall maintain one or more indices which permit the determination of at least the following information:

(1) Whether any business using a specific fictitious business name has on file a fictitious business name statement setting forth such name and, if so, the file number of the statement.

(2) Whether any individual, general partner, or corporation is listed in any fictitious business name statement on file and, if so, the file number of the statement.

(3) Whether a statement of abandonment of use of a specific business name is on file and, if so, the file number of the statement of abandonment.

(4) Whether a statement of withdrawal from a partnership operating under fictitious business name is on file and, if so, the file number of the statement of withdrawal.

(b) Four years after a fictitious business name statement has expired, the county clerk may delete the information concerning that statement from the index, including any references to statements of abandonment of use, statements of withdrawal of partnerships, or any other references related to a fictitious business name statement which is being deleted from the index.

SEC. 2. Section 17927 of the Business and Professions Code is amended to read:

17927. (a) The county clerk shall mark each fictitious business

name statement with a file number and the date of filing and shall retain the original statement for his or her file. He or she may destroy or otherwise dispose of the statement four years after the statement expires.

(b) The county clerk shall mark each statement of abandonment of use of fictitious business name or statement of withdrawal from partnership operating under fictitious business name with a file number and the date of filing. He or she may destroy or otherwise dispose of the statement at the same time the fictitious business name statement to which it relates is destroyed pursuant to subdivision (a).

(c) In lieu of retaining the original statement on file, the county clerk may retain a copy of the statement in accordance with Section 69844.5 of the Government Code.

CHAPTER 163

An act to amend Sections 1585 and 1821 of, and to amend and renumber Section 777 of, the Financial Code, relating to financial institutions.

[Approved by Governor June 17, 1986 Filed with Secretary of State June 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 777 of the Financial Code, as amended by Chapter 1203 of the Statutes of 1982, is amended and renumbered to read:

777.5. (a) Notwithstanding the provisions of Sections 1051, 1052, and 1054 of the Labor Code and Section 2947 of the Penal Code, a commercial bank licensed to do business in California under the laws of this state or of the United States, or officer or employee thereof, may deliver fingerprints taken of an applicant for employment to local, state, or federal law enforcement agencies for the purpose of obtaining information as to the existence and nature of a criminal record, if any, of the applicant relating to convictions, and to any arrest for which the applicant is released on bail or on his or her own recognizance pending trial, for the commission or attempted commission of a crime involving robbery, burglary, theft, embezzlement, fraud, forgery, bookmaking, receiving stolen property, counterfeiting, or involving checks or credit cards or using computers.

(b) The Department of Justice shall, pursuant to Section 11105 of the Penal Code, and a local agency may, pursuant to Section 13300 of the Penal Code, furnish to the officer of the bank responsible for the final decision regarding employment of the applicant, or to his or her designees having responsibilities for personnel or security decisions in the usual scope and course of their employment with the

bank, summary criminal history information when requested pursuant to this section. If, upon evaluation of the criminal history information received pursuant to this section, the bank determines that employment of the applicant would constitute an unreasonable risk to the bank or its customers, the applicant may be denied employment.

(c) A request for records pursuant to this section made of the Department of Justice shall be on a form approved by the department. The department may charge a fee to be paid by the requesting bank pursuant to subdivision (e) of Section 11105 of the Penal Code. No request shall be submitted without the written consent of the applicant.

(d) Any criminal history information obtained pursuant to this section is confidential and no recipient shall disclose its contents other than for the purpose for which it was acquired.

SEC. 2. Section 1585 of the Financial Code is amended to read:

1585. Any corporation doing a departmental business as a title insurance company and as a trust company shall, as to its trust department, be subject to the requirements and have the benefit of the following provisions:

(a) It shall be subject to supervision and examination by the superintendent. The charges for this supervision and examination shall be assessed and paid in accordance with Article 5 (commencing with Section 270) of Chapter 2.

(b) It shall make all reports required by the superintendent of trust companies under this division.

(c) It shall be subject to and have the benefit of all provisions and requirements of this division and of all rules and regulations of the superintendent applicable to trust companies.

SEC. 3. Section 1821 of the Financial Code is amended to read:

1821. Whenever it appears to the superintendent that:

(a) Any licensee has violated any law of this state;

(b) Any licensee is conducting its business in an unsafe or unauthorized manner;

(c) Any licensee refuses to submit its books, papers, and affairs to the inspection of the superintendent;

(d) Any licensee or any officer of a licensee, if a corporation, refuses to be examined upon oath touching the concerns of such licensee;

(e) Any licensee has suspended payment of its obligations;

(f) Any licensee is in such condition that it is unsound, unsafe, or inexpedient for it to transact business; or

(g) Any licensee neglects or refuses to observe any order of the superintendent made pursuant to Section 1818 unless the enforcement of such order is restrained in a proceeding brought by the licensee;

the superintendent may forthwith take possession of the property and business of such licensee and retain possession until such licensee resumes business or its affairs be finally liquidated as herein

provided. Such licensee, with the consent of the superintendent, may resume business upon such conditions as he may prescribe.

CHAPTER 164

An act to add Section 6267 to the Government Code, relating to library records.

[Approved by Governor June 17, 1986. Filed with Secretary of State June 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 6267 is added to the Government Code, to read:

6267. All registration and circulation records of any library which is in whole or in part supported by public funds shall remain confidential and shall not be disclosed to any person, local agency, or state agency except as follows:

(a) By a person acting within the scope of his or her duties within the administration of the library.

(b) By a person authorized, in writing, by the individual to whom the records pertain, to inspect the records.

(c) By order of the appropriate superior court.

As used in this section, the term "registration records" includes any information which a library requires a patron to provide in order to become eligible to borrow books and other materials, and the term "circulation records" includes any information which identifies the patrons borrowing particular books and other material.

This section shall not apply to statistical reports of registration and circulation nor to records of fines collected by the library.

CHAPTER 165

An act to amend, repeal, and add Sections 18020, 18025.5, and 18030 of, and to add and repeal Section 18013.2 of, the Health and Safety Code, relating to the Mobilehomes-Manufactured Housing Act of 1980, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1986. Filed with Secretary of State June 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 18013.2 is added to the Health and Safety Code, to read:

18013.2. "Third-party entity" or " third party," as used in this

part, means an entity which is all of the following:

(a) In the business of inspecting equipment, systems, and assemblies.

(b) In the business of monitoring quality assurance programs.

(c) Not under the control or jurisdiction of any manufacturer or supplier for any affected industry except by contract as required and approved by the department.

(d) Making available specific information as required by the department.

(e) Approved by the department.

(f) This section shall remain in effect only until three calendar years subsequent to the initial approval date by the Department of Housing and Community Development of a third-party entity pursuant to subdivision (b) of Section 18020 or until January 1, 1990, whichever date occurs first, and as of that date is repealed unless a later enacted statute which is chaptered on or before the date of repeal deletes or extends those dates.

SEC. 2. Section 18020 of the Health and Safety Code is amended to read:

18020. (a) Except as provided by the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401, et seq.), as it applies to the manufacture of new manufactured housing, the department shall enforce this part and the rules and regulations adopted thereunder.

(b) The department may, at the department's sole option, enforce Chapter 4 (commencing with Section 18025) and the rules and regulations adopted thereunder through department-approved third-party entities. The department shall adopt regulations for the approval of third-party entities, including, but not limited to, all of the following criteria:

(1) Freedom from any conflict of interest.

(2) Qualifications of personnel.

(3) Frequency of inspections or monitorings of manufacturer quality control.

(4) Involvement in collusive or fraudulent actions related to the performance of activities required by Section 18013.2.

(5) Any other conditions of operations the department may reasonably require.

(c) The department shall assure rotation of third-party entities performing inspection services for any manufacturing facility within the state to prevent either the third-party entity from performing within the same facility for more than 365 calendar days or from performing inspections for any facility when the third-party entity performed inspection services within the previous 365 calendar days.

(d) The department shall monitor the performance of third-party entities approved pursuant to subdivision (b) and shall require periodic reports in written form containing information the department may reasonably require to determine compliance with the conditions of the department's approval.

(1) When the department receives information about an alleged inadequacy in the performance of a third-party entity, including any involvement in collusive or fraudulent actions related to the performance of activities required by Section 18013.2, it shall consider the information in its monitoring efforts and make a determination about the validity of the alleged inadequacy in a timely manner.

(2) Where the department determines, either through its monitoring efforts or through information provided by any other person, that an approved third-party entity has failed to perform to the conditions of approval, the department may withdraw approval by forwarding written notice to the approved third-party entity by registered mail to its address of record, briefly summarizing the cause for the department's decision.

(3) A third-party entity upon having its approval withdrawn by the department, may request a hearing before the director of the department. The request for hearing shall be in writing and either delivered or postmarked prior to midnight on the 10th calendar day from the date of the department's notice.

(4) The department, upon timely receipt of a written request for hearing, shall, within 30 calendar days, schedule a hearing before the director or his or her agent. All hearings pursuant to this subdivision shall be held in the department's Sacramento offices and the decision of the director shall be final.

(5) A third-party entity whose approval has been withdrawn by the department shall not be permitted to reapply for the department's approval pursuant to subdivision (b) for a period of one year from the date the approval was withdrawn by the department.

(6) A third-party entity whose approval has been withdrawn more than once by the department shall not be permitted to reapply for department approval pursuant to subdivision (b) for a period of not less than one year from the date the department's approval was last withdrawn.

(7) No third-party entity shall perform the activities required by Section 18013.2 unless it has the approval of the department.

(e) (1) Upon finding a violation of subdivision (b) on the part of a third-party entity, the director shall issue citations and levy administrative fines. Each citation and fine assessment shall be in writing and describe the particulars for the citation. The citation and fine assessment shall be issued no later than six months after discovery of the violation.

(2) The fine for the first violation shall be at least five hundred dollars ($500) and shall not exceed one thousand dollars ($1,000), the fine for the second violation shall be at least two thousand dollars ($2,000) and not exceed four thousand dollars ($4,000), and the fine for the third violation shall be at least five thousand dollars ($5,000), and shall not exceed ten thousand dollars ($10,000). The fines shall be assessed for each day the violation occurs. If a third-party entity

has been cited more than three times during a 365 day period, the approval to conduct inspections on behalf of the department shall be suspended for a minimum of one year.

(3) The third-party entity may request an administrative hearing on the citation or fine. If the party fails to request a hearing within 30 days, and does not pay the fine, the approval to perform inspections shall be automatically revoked, until such time as the department finds that the circumstances which led to the citation have been corrected and the fines have been paid.

(4) Upon review of the findings from the administrative hearing, the director may modify, rescind, or uphold the citation and fine assessment. The decision of the director shall be served by regular mail.

(5) The fines shall be paid into the Housing and Community Development Fund, which is hereby created in the State Treasury, and shall be used, when appropriated by the Legislature, to offset the department's costs to administer this part.

(f) The remedies provided in this part to any aggrieved party are not exclusive and shall not preclude the applicability of any other provision of law.

(g) This section shall remain in effect only until three calendar years subsequent to the initial approval date by the Department of Housing and Community Development of a third-party entity pursuant to subdivision (b) of Section 18020 or until January 1, 1990, whichever date occurs first and as of that date is repealed unless a later enacted statute which is chaptered on or before the date of repeal deletes or extends those dates. If those dates are not deleted or extended, then on and after whichever of those dates occurs first, pursuant to Section 9611 of the Government Code, Section 18020 of the Health and Safety Code as amended by Chapter 975 of the Statutes of 1981 shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Section 18025.5 of the Health and Safety Code is amended to read:

18025.5. (a) Pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C., Sec. 5401, et seq.), the department is authorized to assume responsibility for enforcement of manufactured home and mobilehome construction and safety standards relating to any issue with respect to which a federal standard has been established. The department may adopt regulations to ensure acceptance by the Secretary of Housing and Urban Development of California's plan for administration and enforcement of federal manufactured home and mobilehome safety and construction standards.

(b) The department is authorized to conduct inspections and investigations which it determines may be necessary to secure enforcement of the provisions of this part and regulations adopted pursuant thereto. For the purposes of enforcement of this part and the related regulations, persons duly designated by the director of

the department, upon presenting appropriate credentials to the owner, operator, or agent in charge, may:

(1) Enter, at any reasonable times and without advance notice, any factory, warehouse, saleslot, or establishment in which manufactured homes, mobilehomes, or commercial coaches are manufactured, stored, held for sale, sold, or offered for sale, rent, or lease.

(2) Inspect, at reasonable times, within reasonable limits, and in a reasonable manner, any factory, warehouse, saleslot, or establishment, and inspect the books, papers, records, and documents to ensure compliance with the provisions of this part.

(c) The department shall report monthly to the United States Department of Housing and Urban Development on the status of consumer complaints received by the department related to the performance of specific third-party inspection entities and shall make appropriate recommendations as to the Department of Housing and Urban Development's continued acceptance and approval of those entities.

(d) When the department is not the enforcement agency, every third-party entity shall promptly report, in writing, to the department any change in contractual relations with a manufacturer, which the third-party entity reasonably believes to be related to the inspection activities of the third-party entity.

(1) The department shall investigate all of these reports and make all recommendations to the Department of Housing and Urban Development regarding the department's findings which are appropriate.

(2) The findings of the department may be the basis for the commencement of a proceeding concerning revocation or suspension of a manufacturer's license.

(e) This section shall remain in effect only until three calendar years subsequent to the initial approval date by the Department of Housing and Community Development of a third-party entity pursuant to subdivision (b) of Section 18020 or until January 1, 1990, whichever date occurs first and as of that date is repealed unless a later enacted statute which is chaptered on or before the date of repeal deletes or extends those dates. If those dates are not deleted or extended, then on and after whichever of those dates occurs first, pursuant to Section 9611 of the Government Code, Section 18025.5 of the Health and Safety Code as amended by Chapter 1076 of the Statutes of 1983 shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 4. Section 18030 of the Health and Safety Code is amended to read:

18030. If the department determines that standards for commercial coaches, special purpose commercial coaches, and recreational vehicles, which have been prescribed by the statutes or regulations of another state, are at least equal to the standards prescribed by the department, the department may so provide by

regulation. Thereafter, any commercial coaches, special purpose commercial coaches, or recreational vehicles which that other state has approved as meeting its standards shall be deemed to meet the standards of the department, if the department determines that the standards of the other state are actually being enforced.

This section shall remain in effect only until three calendar years subsequent to the initial approval date by the Department of Housing and Community Development of a third-party entity pursuant to subdivision (b) of Section 18020 or until January 1, 1990, whichever date occurs first and as of that date is repealed unless a later enacted statute which is chaptered on or before the date of repeal deletes or extends those dates. If those dates are not deleted or extended, then on and after whichever of those dates occurs first, pursuant to Section 9611 of the Government Code, Section 18030 of the Health and Safety Code as amended by Chapter 1342 of the Statutes of 1984 shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 5. No later than July 1, 1989, the Department of Housing and Community Development shall transmit to the Governor and the Legislature a report which shall include, but need not be limited to, all of the following:

(a) A description and evaluation of the adequacy of the inspection activities performed by third-party entities.

(b) A description of, and supporting data on the frequency of inspections performed by, third-party entities, and an evaluation of the quality of those inspections in meeting the requirements of this act.

(c) Recommendations, as needed, to improve the operation and administration of third-party inspections and the desirability of continuing the authority for those inspections.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the necessary time for the Department of Housing and Community Development to develop adequate security, quality control, and assurance provisions, to adopt regulations, and to ensure that the conduct of manufactured housing inspection in California continues without reduction in frequency or quality, it is necessary for this act to take effect immediately.

CHAPTER 166

An act to repeal Section 1001.35 of the Penal Code, and to amend Section 4778 of the Welfare and Institutions Code, relating to developmental disabilities.

[Approved by Governor June 17, 1986 Filed with Secretary of State June 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1001.35 of the Penal Code is repealed.

SEC. 2. Section 4778 of the Welfare and Institutions Code is amended to read:

4778. To the extent feasible, all funds appropriated for developmental disabilities programs under this part shall be allocated to such programs by August 1 of each year. Any funds not allocated by that date shall be reported to the Legislature together with specific reasons for the nonallocation of such funds.

CHAPTER 167

An act to amend Section 66801 of the Government Code, relating to the Tahoe Regional Planning Compact.

[Approved by Governor June 17, 1986. Filed with Secretary of State June 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 66801 of the Government Code is amended to read:

66801. The provisions of this interstate compact executed between the States of Nevada and California are as follows:

TAHOE REGIONAL PLANNING COMPACT

ARTICLE I. FINDINGS AND DECLARATIONS OF POLICY

(a) It is found and declared that:

(1) The waters of Lake Tahoe and other resources of the region are threatened with deterioration or degeneration, which endangers the natural beauty and economic productivity of the region.

(2) The public and private interests and investments in the region are substantial.

(3) The region exhibits unique environmental and ecological values which are irreplaceable.

(4) By virtue of the special conditions and circumstances of the

region's natural ecology, developmental pattern, population distribution and human needs, the region is experiencing problems of resource use and deficiencies of environmental control.

(5) Increasing urbanization is threatening the ecological values of the region and threatening the public opportunities for use of the public lands.

(6) Maintenance of the social and economic health of the region depends on maintaining the significant scenic, recreational, educational, scientific, natural and public health values provided by the Lake Tahoe Basin.

(7) There is a public interest in protecting, preserving and enhancing these values for the residents of the region and for visitors to the region.

(8) Responsibilities for providing recreational and scientific opportunities, preserving scenic and natural areas, and safeguarding the public who live, work and play in or visit the region are divided among local governments, regional agencies, the States of California and Nevada, and the federal government.

(9) In recognition of the public investment and multistate and national significance of the recreational values, the federal government has an interest in the acquisition of recreational property and the management of resources in the region to preserve environmental and recreational values, and the federal government should assist the states in fulfilling their responsibilities.

(10) In order to preserve the scenic beauty and outdoor recreational opportunities of the region, there is a need to insure an equilibrium between the region's natural endowment and its manmade environment.

(b) In order to enhance the efficiency and governmental effectiveness of the region, it is imperative that there be established a Tahoe Regional Planning Agency with the powers conferred by this compact including the power to establish environmental threshold carrying capacities and to adopt and enforce a regional plan and implementing ordinances which will achieve and maintain such capacities while providing opportunities for orderly growth and development consistent with such capacities.

(c) The Tahoe Regional Planning Agency shall interpret and administer its plans, ordinances, rules and regulations in accordance with the provisions of this compact.

ARTICLE II. DEFINITIONS

As used in this compact, the following terms have the following meanings:

(a) "Region," includes Lake Tahoe, the adjacent parts of Douglas and Washoe Counties and Carson City, which for the purposes of this compact shall be deemed a county, lying within the Tahoe Basin in the State of Nevada, and the adjacent parts of the Counties of Placer and El Dorado lying within the Tahoe Basin in the State of California,

and that additional and adjacent part of the County of Placer outside of the Tahoe Basin in the State of California which lies southward and eastward of a line starting at the intersection of the basin crestline and the north boundary of Section 1, thence west to the northwest corner of Section 3, thence south to the intersection of the basin crestline and the west boundary of Section 10; all sections referring to Township 15 North, Range 16 East, M.D.B. & M. The region defined and described herein shall be as precisely delineated on official maps of the agency.

(b) "Agency" means the Tahoe Regional Planning Agency.

(c) "Governing body" means the governing board of the Tahoe Regional Planning Agency.

(d) "Regional plan" means the long-term general plan for the development of the region.

(e) "Planning commission" means the advisory planning commission appointed pursuant to subdivision (h) of Article III.

(f) "Gaming" means to deal, operate, carry on, conduct, maintain or expose for play any banking or percentage game played with cards, dice or any mechanical device or machine for money, property, checks, credit or any representative of value, including, without limiting the generality of the foregoing, faro, monte, roulette, keno, bingo, fan-tan, twenty-one, blackjack, seven-and-a-half, big injun, klondike, craps, stud poker, draw poker or slot machine, but does not include social games played solely for drinks, or cigars or cigarettes served individually, games played in private homes or residences for prizes or games operated by charitable or educational organizations, to the extent excluded by applicable state law.

(g) "Restricted gaming license" means a license to operate not more than 15 slot machines on which a quarterly fee is charged pursuant to NRS 463.373 and no other games.

(h) "Project" means an activity undertaken by any person, including any public agency, if the activity may substantially affect the land, water, air, space or any other natural resources of the region.

(i) "Environmental threshold carrying capacity" means an environmental standard necessary to maintain a significant scenic, recreational, educational, scientific or natural value of the region or to maintain public health and safety within the region. Such standards shall include but not be limited to standards for air quality, water quality, soil conservation, vegetation preservation and noise.

(j) "Feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social and technological factors.

(k) "Areas open to public use" means all of the areas within a structure housing gaming under a nonrestricted license except areas devoted to the private use of guests.

(*l*) "Areas devoted to private use of guests" means hotel rooms and hallways to serve hotel room areas, and any parking areas. A

hallway serves hotel room areas if more than 50 percent of the areas of each side of the hallway are hotel rooms.

(m) "Nonrestricted license" means a gaming license which is not a restricted gaming license.

ARTICLE III. ORGANIZATION

(a) There is created the Tahoe Regional Planning Agency as a separate legal entity.

The governing body of the agency shall be constituted as follows:

(1) California delegation:

(A) One member appointed by each of the County Boards of Supervisors of the Counties of El Dorado and Placer and one member appointed by the City Council of the City of South Lake Tahoe. Any such member may be a member of the county board of supervisors or city council, respectively, and shall reside in the territorial jurisdiction of the governmental body making the appointment.

(B) Two members appointed by the Governor of California, one member appointed by the Speaker of the Assembly of California and one member appointed by the Senate Rules Committee of the State of California. The members appointed pursuant to this subparagraph shall not be residents of the region and shall represent the public at large within the State of California. A member appointed by the Speaker of the Assembly or the Senate Rules Committee may, subject to confirmation by his or her appointing power, designate an alternate to attend meetings and vote in the absence of the appointed member. The designation of a named alternate, which shall be in writing and contain evidence of confirmation by the appointing power, shall be kept on file with the agency. An appointed member may change his or her alternate from time to time, with the confirmation of the appointing power, but shall have only one designated alternate at a time. An alternate shall be subject to those qualifications and requirements prescribed by this compact that are applicable to the appointed member.

(2) Nevada delegation:

(A) One member appointed by each of the boards of county commissioners of Douglas and Washoe Counties and one member appointed by the Board of Supervisors of Carson City. Any such member may be a member of the board of county commissioners or board of supervisors, respectively, and shall reside in the territorial jurisdiction of the governmental body making the appointment.

(B) Two members appointed by the Governor of Nevada, one member appointed by the Speaker of the Assembly and one member appointed by the Majority Leader of the Nevada Senate. All members appointed pursuant to this subparagraph shall not be residents of the region and shall represent the public at large within the State of Nevada. A member appointed by the Speaker of the Nevada Assembly or the Majority Leader of the Nevada Senate may,

subject to confirmation by his or her appointing power, designate an alternate to attend meetings and vote in the absence of the appointed member. The designation of a named alternate, which shall be in writing and contain evidence of confirmation by the appointing power, shall be kept on file with the agency. An appointed member may change his or her alternate from time to time, with the confirmation of the appointing power, but shall have only one designated alternate at a time. An alternate shall be subject to those qualifications and requirements prescribed by this compact that are applicable to the appointed member.

(3) If any appointing authority under paragraph (1)(A), (1)(B), (2)(A) or (2)(B) fails to make such an appointment within 60 days after the effective date of the amendments to this compact or the occurrence of a vacancy on the governing body, the governor of the state in which the appointing authority is located shall make the appointment. The term of any member so appointed shall be 1 year.

(4) The position of any member of the governing body shall be deemed vacant if such a member is absent from three consecutive meetings of the governing body in any calendar year.

(5) Each member and employee of the agency shall disclose his economic interests in the region within 10 days after taking his seat on the governing board or being employed by the agency and shall thereafter disclose any further economic interest which he acquires, as soon as feasible after he acquires it. As used in this paragraph, "economic interests" means:

(A) Any business entity operating in the region in which the member or employee has a direct or indirect investment worth more than one thousand dollars ($1,000).

(B) Any real property located in the region in which the member or employee has a direct or indirect interest worth more than one thousand dollars ($1,000).

(C) Any source of income attributable to activities in the region, other than loans by or deposits with a commercial lending institution in the regular course of business, aggregating two hundred fifty dollars ($250) or more in value received by or promised to the member within the preceding 12 months; or

(D) Any business entity operating in the region in which the member or employee is a director, officer, partner, trustee, employee or holds any position of management.

No member or employee of the agency shall make, or attempt to influence, an agency decision in which he knows or has reason to know he has an economic interest. Members and employees of the agency must disqualify themselves from making or participating in the making of any decision of the agency when it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public generally, on the economic interests of the member or employee.

(b) The members of the agency shall serve without compensation, but the expenses of each member shall be met by the

body which he represents in accordance with the law of that body. All other expenses incurred by the governing body in the course of exercising the powers conferred upon it by this compact unless met in some other manner specifically provided, shall be paid by the agency out of its own funds.

(c) The members of the governing body serve at the pleasure of the appointing authority in each case, but each appointment shall be reviewed no less often than every 4 years. Members may be reappointed.

(d) The governing body of the agency shall meet at least monthly. All meetings shall be opened to the public to the extent required by the law of the State of California or the State of Nevada, whichever imposes the greater requirement, applicable to local governments at the time such meeting is held. The governing body shall fix a date for its regular monthly meeting in such terms as the "the first Monday of each month," and shall not change such date more often than once in any calendar year. Notice of the date so fixed shall be given by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region. Notice of any special meeting, except an emergency meeting, shall be given by so publishing the date and place and posting an agenda at least 5 days prior to the meeting.

(e) The position of a member of the governing body shall be considered vacated upon his loss of any of the qualifications required for his appointment and in such event the appointing authority shall appoint a successor.

(f) The governing body shall elect from its own members a chairman and vice chairman, whose terms of office shall be 2 years, and who may be reelected. If a vacancy occurs in either office, the governing body may fill such vacancy for the unexpired term.

(g) Four of the members of the governing body from each state constitute a quorum for the transaction of the business of the agency. The voting procedures shall be as follows:

(1) For adopting, amending or repealing environmental threshold carrying capacities, the regional plan, and ordinances, rules and regulations, and for granting variances from the ordinances, rules and regulations, the vote of at least four of the members of each state agreeing with the vote of at least four members of the other state shall be required to take action. If there is no vote of at least four of the members from one state agreeing with the vote of at least four of the members of the other state on the actions specified in this paragraph, an action of rejection shall be deemed to have been taken.

(2) For approving a project, the affirmative vote of at least five members from the state in which the project is located and the affirmative vote of at least nine members of the governing body are required. If at least five members of the governing body from the state in which the project is located and at least nine members of the

entire governing body do not vote in favor of the project, upon a motion for approval, an action of rejection shall be deemed to have been taken. A decision by the agency to approve a project shall be supported by a statement of findings, adopted by the agency, which indicates that the project complies with the regional plan and with applicable ordinances, rules and regulations of the agency.

(3) For routine business and for directing the agency's staff on litigation and enforcement actions, at least eight members of the governing body must agree to take action. If at least eight votes in favor of such action are not cast, an action of rejection shall be deemed to have been taken.

Whenever under the provisions of this compact or any ordinance, rule, regulation or policy adopted pursuant thereto, the agency is required to review or approve any project, public or private, the agency shall take final action by vote, whether to approve, to require modification or to reject such project, within 180 days after the application for such project is accepted as complete by the agency in compliance with the agency's rules and regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If a final action by vote does not take place within 180 days, the applicant may bring an action in a court of competent jurisdiction to compel a vote unless he has agreed to an extension. This provision does not limit the right of any person to obtain judicial review of agency action under subdivision (h) of Article VI. The vote of each member of the governing body shall be individually recorded. The governing body shall adopt its own rules, regulations and procedures.

(h) An advisory planning commission shall be appointed by the agency. The commission shall include: the chief planning officers of Placer County, El Dorado County, and the City of South Lake Tahoe in California and of Douglas County, Washoe County and Carson City in Nevada, the executive officer of the Lahontan Regional Water Quality Control Board of the State of California, the executive officer of the Air Resources Board of the State of California, the Director of the State Department of Conservation and Natural Resources of the State of Nevada, the Administrator of the Division of Environmental Protection in the State Department of Conservation and Natural Resources of the State of Nevada, the Administrator of the Lake Tahoe Management Unit of the United States Forest Service, and at least four lay members with an equal number from each state, at least half of whom shall be residents of the region. Any official member may designate an alternate.

The term of office of each lay member of the advisory planning commission shall be 2 years. Members may be reappointed.

The position of each member of the advisory planning commission shall be considered vacated upon loss of any of the qualifications required for appointment, and in such an event the appointing authority shall appoint a successor.

The advisory planning commission shall elect from its own

members a chairman and a vice chairman, whose terms of office shall be 2 years and who may be reelected. If a vacancy occurs in either office, the advisory planning commission shall fill such vacancy for the unexpired term.

A majority of the members of the advisory planning commission constitutes a quorum for the transaction of the business of the commission. A majority vote of the quorum present shall be required to take action with respect to any matter.

(i) The agency shall establish and maintain an office within the region, and for this purpose the agency may rent or own property and equipment. Every plan, ordinance and other record of the agency which is of such nature as to constitute a public record under the law of either the State of California or the State of Nevada shall be opened to inspection and copying during regular office hours.

(j) Each authority charged under this compact or by the law of either state with the duty of appointing a member of the governing body of the agency shall by certified copy of its resolution or other action notify the Secretary of State of its own state of the action taken.

ARTICLE IV. PERSONNEL

(a) The governing body shall determine the qualification of, and it shall appoint and fix the salary of, the executive officer of the agency, and shall employ such other staff and legal counsel as may be necessary to execute the powers and functions provided for under this compact or in accordance with any intergovernmental contracts or agreements the agency may be responsible for administering.

(b) Agency personnel standards and regulations shall conform insofar as possible to the regulations and procedures of the civil service of the State of California or the State of Nevada, as may be determined by the governing body of the agency; and shall be regional and bistate in application and effect; provided that the governing body may, for administrative convenience and at its discretion, assign the administration of designated personnel arrangements to an agency of either state, and provided that administratively convenient adjustments be made in the standards and regulations governing personnel assigned under intergovernmental agreements.

(c) The agency may establish and maintain or participate in such additional programs of employee benefits as may be appropriate to afford employees of the agency terms and conditions of employment similar to those enjoyed by employees of California and Nevada generally.

ARTICLE V. PLANNING

(a) In preparing each of the plans required by this article and each amendment thereto, if any, subsequent to its adoption, the

planning commission after due notice shall hold at least one public hearing which may be continued from time to time, and shall review the testimony and any written recommendations presented at such hearing before recommending the plan or amendment. The notice required by this subdivision shall be given at least 20 days prior to the public hearing by publication at least once in a newspaper or combination of newspapers whose circulation is general throughout the region and in each county a portion of whose territory lies within the region.

The planning commission shall then recommend such plan or amendment to the governing body for adoption by ordinance. The governing body may adopt, modify or reject the proposed plan or amendment, or may initiate and adopt a plan or amendment without referring it to the planning commission. If the governing body initiates or substantially modifies a plan or amendment, it shall hold at least one public hearing thereon after due notice as required in this subdivision.

If a request is made for the amendment of the regional plan by:

(1) A political subdivision a part of whose territory would be affected by such amendment; or

(2) The owner or lessee of real property which would be affected by such amendment, the governing body shall complete its action on such amendment within 180 days after such request is accepted as complete according to standards which must be prescribed by ordinance of the agency.

(b) The agency shall develop, in cooperation with the States of California and Nevada, environmental threshold carrying capacities for the region. The agency should request the President's Council on Environmental Quality, the United States Forest Service and other appropriate agencies to assist in developing such environmental threshold carrying capacities. Within 18 months after the effective date of the amendments to this compact, the agency shall adopt environmental threshold carrying capacities for the region.

(c) Within 1 year after the adoption of the environmental threshold carrying capacities for the region, the agency shall amend the regional plan so that, at a minimum, the plan and all of its elements, as implemented through agency ordinances, rules and regulations, achieves and maintains the adopted environmental threshold carrying capacities. Each element of the plan shall contain implementation provisions and time schedules for such implementation by ordinance. The planning commission and governing body shall continuously review and maintain the regional plan. The regional plan shall consist of a diagram, or diagrams, and text, or texts setting forth the projects and proposals for implementation of the regional plan, a description of the needs and goals of the region and a statement of the policies, standards and elements of the regional plan.

The regional plan shall be a single enforceable plan and include all of the following correlated elements:

(1) A land use plan for the integrated arrangement and general location and extent of, and the criteria and standards for, the uses of land, water, air, space and other natural resources within the region, including but not limited to, an indication or allocation of maximum population densities and permitted uses.

(2) A transportation plan for the integrated development of a regional system of transportation, including but not limited to parkways, highways, transportation facilities, transit routes, waterways, navigation facilities, public transportation facilities, bicycle facilities, and appurtenant terminals and facilities for the movement of people and goods within the region. The goal of transportation planning shall be:

(A) To reduce dependency on the automobile by making more effective use of existing transportation modes and of public transit to move people and goods within the region and

(B) To reduce to the extent feasible air pollution which is caused by motor vehicles.

Where increases in capacity are required, the agency shall give preference to providing such capacity through public transportation and public programs and projects related to transportation. The agency shall review and consider all existing transportation plans in preparing its regional transportation plan pursuant to this paragraph.

The plan shall provide for an appropriate transit system for the region.

The plan shall give consideration to:

(A) Completion of the Loop Road in the States of Nevada and California;

(B) Utilization of a light rail mass transit system in the South Shore area; and

(C) Utilization of a transit terminal in the Kingsbury Grade area.

Until the regional plan is revised, or a new transportation plan is adopted in accordance with this paragraph, the agency has no effective transportation plan.

(3) A conservation plan for the preservation, development, utilization, and management of the scenic and other natural resources within the basin, including but not limited to, soils, shoreline and submerged lands, scenic corridors along transportation routes, open spaces, recreational and historical facilities.

(4) A recreation plan for the development, utilization, and management of the recreational resources of the region, including but not limited to, wilderness and forested lands, parks and parkways, riding and hiking trails, beaches and playgrounds, marinas, areas for skiing and other recreational facilities.

(5) A public services and facilities plan for the general location, scale and provision of public services and facilities, which, by the nature of their function, size, extent and other characteristics are necessary or appropriate for inclusion in the regional plan.

In formulating and maintaining the regional plan, the planning commission and governing body shall take account of and shall seek

to harmonize the needs of the region as a whole, the plans of the counties and cities within the region, the plans and planning activities of the state, federal and other public agencies and nongovernmental agencies and organizations which affect or are concerned with planning and development within the region.

(d) The regional plan shall provide for attaining and maintaining federal, state, or local air and water quality standards, whichever are strictest, in the respective portions of the region for which the standards are applicable.

The agency may, however, adopt air or water quality standards or control measures more stringent than the applicable state implementation plan or the applicable federal, state, or local standards for the region, if it finds that such additional standards or control measures are necessary to achieve the purposes of this compact. Each element of the regional plan, where applicable, shall, by ordinance, identify the means and time schedule by which air and water quality standards will be attained.

(e) Except for the Regional Transportation Plan of the California Tahoe Regional Planning Agency, the regional plan, ordinances, rules and regulations adopted by the California Tahoe Regional Planning Agency in effect on July 1, 1980, shall be the regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency for that portion of the Tahoe region located in the State of California. Such plan, ordinance, rule or regulation may be amended or repealed by the governing body of the agency. The plans, ordinances, rules and regulations of the Tahoe Regional Planning Agency that do not conflict with, or are not addressed by, the California Tahoe Regional Planning Agency's plans, ordinances, rules and regulations referred to in this subdivision shall continue to be applicable unless amended or repealed by the governing body of the agency. No provision of the regional plan, ordinances, rules and regulations of the California Tahoe Regional Planning Agency referred to in this subdivision shall apply to that portion of the region within the State of Nevada, unless such provision is adopted for the Nevada portion of the region by the governing body of the agency.

(f) The regional plan, ordinances, rules and regulations of the Tahoe Regional Planning Agency apply to that portion of the region within the State of Nevada.

(g) The agency shall adopt ordinances prescribing specific written findings that the agency must make prior to approving any project in the region. These findings shall relate to environmental protection and shall insure that the project under review will not adversely affect implementation of the regional plan and will not cause the adopted environmental threshold carrying capacities of the region to be exceeded.

(h) The agency shall maintain the data, maps and other information developed in the course of formulating and administering the regional plan, in a form suitable to assure a consistent view of developmental trends and other relevant

information for the availability of and use by other agencies of government and by private organizations and individuals concerned.

(i) Where necessary for the realization of the regional plan, the agency may engage in collaborative planning with local governmental jurisdictions located outside the region, but contiguous to its boundaries. In formulating and implementing the regional plan, the agency shall seek the cooperation and consider the recommendations of counties and cities and other agencies of local government, of state and federal agencies, of educational institutions and research organizations, whether public or private, and of civic groups and private persons.

ARTICLE VI. AGENCY'S POWERS

(a) The governing body shall adopt all necessary ordinances, rules, and regulations to effectuate the adopted regional plan. Except as otherwise provided in this compact, every such ordinance, rule or regulation shall establish a minimum standard applicable throughout the region. Any political subdivision or public agency may adopt and enforce an equal or higher requirement applicable to the same subject of regulation in its territory. The regulations of the agency shall contain standards including but not limited to the following: water purity and clarity; subdivision; zoning; tree removal; solid waste disposal; sewage disposal; land fills, excavations, cuts and grading; piers, harbors, breakwaters or channels and other shoreline developments; waste disposal in shoreline areas; waste disposal from boats; mobile-home parks; house relocation; outdoor advertising; flood plain protection; soil and sedimentation control; air pollution; and watershed protection. Whenever possible without diminishing the effectiveness of the regional plan, the ordinances, rules, regulations and policies shall be confined to matters which are general and regional in application, leaving to the jurisdiction of the respective states, counties and cities the enactment of specific and local ordinances, rules, regulations and policies which conform to the regional plan.

The agency shall prescribe by ordinance those activities which it has determined will not have substantial effect on the land, water, air, space or any other natural resources in the region and therefore will be exempt from its review and approval.

Every ordinance adopted by the agency shall be published at least once by title in a newspaper or combination of newspapers whose circulation is general throughout the region. Except an ordinance adopting or amending the regional plan, no ordinance shall become effective until 60 days after its adoption. Immediately after its adoption, a copy of each ordinance shall be transmitted to the governing body of each political subdivision having territory within the region.

(b) No project other than those to be reviewed and approved

under the special provisions of subdivisions (d), (e), (f) and (g) may be developed in the region without obtaining the review and approval of the agency and no project may be approved unless it is found to comply with the regional plan and with the ordinances, rules and regulations enacted pursuant to subdivision (a) to effectuate that plan.

The agency may approve a project in the region only after making the written findings required by this subdivision or subdivision (g) of Article V. Such findings shall be based on substantial evidence in the record.

Before adoption by the agency of the ordinances required in subdivision (g) of Article V, the agency may approve a project in the region only after making written findings on the basis of substantial evidence in the record that the project is consistent with the regional plan then in effect and with applicable plans, ordinances, regulations and standards of federal and state agencies relating to the protection, maintenance and enhancement of environmental quality in the region.

(c) The Legislatures of the States of California and Nevada find that in order to make effective the regional plan as revised by the agency, it is necessary to halt temporarily works of development in the region which might otherwise absorb the entire capability of the region for further development or direct it out of harmony with the ultimate plan. Subject to the limitation provided in this subdivision, from the effective date of the amendments to this compact until the regional plan is amended pursuant to subdivision (c) of Article V, or until May 1, 1983, whichever is earlier:

(1) Except as otherwise provided in this paragraph, no new subdivision, planned unit development, or condominium project may be approved unless a complete tentative map or plan has been approved before the effective date of the amendments to this compact by all agencies having jurisdiction. The subdivision of land owned by a general improvement district, which existed and owned the land before the effective date of the amendments to this compact, may be approved if subdivision of the land is necessary to avoid insolvency of the district.

(2) Except as provided in paragraph (3), no apartment building may be erected unless the required permits for such building have been secured from all agencies having jurisdiction, prior to the effective date of the amendments to this compact.

(3) During each of the calendar years 1980, 1981, and 1982 no city or county may issue building permits which authorize the construction of a greater number of new residential units within the region than were authorized within the region by building permits issued by that city or county during calendar year 1978. For the period of January through April, 1983 building permits authorizing the construction of no more than ⅓ of that number may be issued by each such city or county. For purposes of this paragraph a "residential unit" means either a single family residence or an

individual residential unit within a larger building, such as an apartment building, a duplex or a condominium.

The Legislatures find the respective numbers of residential units authorized within the region during calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined)	252
2. Placer County	278
3. Carson City	0
4. Douglas County	339
5. Washoe County	739

(4) During each of the calendar years 1980, 1981 and 1982, no city or county may issue building permits which authorize construction of a greater square footage of new commercial buildings within the region than were authorized within the region by building permits for commercial purposes issued by that city or county during the calendar year 1978. For the period of January through April, 1983 building permits authorizing the construction of no more than ⅓ the amount of that square footage may be issued by each such city or county.

The Legislatures find the respective square footages of commercial buildings authorized within the region during calendar year 1978 to be as follows:

1. City of South Lake Tahoe and El Dorado County (combined)	64,324
2. Placer County	23,000
3. Carson City	0
4. Douglas County	57,354
5. Washoe County	50,600

(5) No structure may be erected to house gaming under a nonrestricted license.

(6) No facility for the treatment of sewage may be constructed or enlarged except:

(A) To comply, as ordered by the appropriate state agency for the control of water pollution, with existing limitations of effluence under the Clean Water Act, 33 U.S.C. S1251 et seq., and the applicable state law for control of water pollution; or

(B) To accommodate development which is not prohibited or limited by this subdivision; or

(C) In the case of Douglas County Sewer District #1, to modify or otherwise alter sewage treatment facilities existing on the effective date of the amendments to this compact so that such facilities will be able to treat the total volume of effluence for which they were originally designed which is 3.0 mgd. Such modification or alteration is not a "project"; is not subject to the requirements of Article VII; and does not require a permit from the agency. Before commencing

such modification or alternative, however, the district shall submit to the agency its report identifying any significant soil erosion problems which may be caused by such modifications or alterations and the measures which the district proposes to take to mitigate or avoid such problems.

The moratorium imposed by this subdivision does not apply to work done pursuant to a right vested before the effective date of the amendments to this compact. Notwithstanding the expiration date of the moratorium imposed by this subdivision, no new highway may be built or existing highway widened to accommodate additional continuous lanes for automobiles until the regional transportation plan is revised and adopted.

The moratorium imposed by this subdivision does not apply to the construction of any parking garage which has been approved by the agency prior to May 4, 1979, whether that approval was affirmative or by default. The provisions of this paragraph are not an expression of legislative intent that any such parking garage, the approval of which is the subject of litigation which was pending on the effective date of the amendments to this compact, should, or should not, be constructed. The provisions of this paragraph are intended solely to permit construction of such a parking garage if judgment sustaining the agency's approval to construct that parking garage has become final and no appeal is pending or may lawfully be taken to a higher court.

(d) Subject to the final order of any court of competent jurisdiction entered in litigation contesting the validity of an approval by the Tahoe Regional Planning Agency, whether that approval was affirmative or by default, if that litigation was pending on May 4, 1979, the agency and the States of California and Nevada shall recognize as a permitted and conforming use:

(1) Every structure housing gaming under a nonrestricted license which existed as a licensed gaming establishment on May 4, 1979, or whose construction was approved by the Tahoe Regional Planning Agency affirmatively or deemed approved before that date. The construction or use of any structure to house gaming under a nonrestricted license not so existing or approved, or the enlargement in cubic volume of any such existing or approved structure is prohibited.

(2) Every other nonrestricted gaming establishment whose use was seasonal and whose license was issued before May 4, 1979, for the same season and for the number and type of games and slot machines on which taxes or fees were paid in the calendar year 1978.

(3) Gaming conducted pursuant to a restricted gaming license issued before May 4, 1979, to the extent permitted by that license on that date. The area within any structure housing gaming under a nonrestricted license which may be open to public use (as distinct from that devoted to the private use of guests and exclusive of any parking area) is limited to the area existing or approved for public use on May 4, 1979. Within these limits, any external modification of

the structure which requires a permit from a local government also requires approval from the agency. The agency shall not permit restaurants, convention facilities, showrooms or other public areas to be constructed elsewhere in the region outside the structure in order to replace areas existing or approved for public use on May 4, 1979.

(e) Any structure housing licensed gaming may be rebuilt or replaced to a size not to exceed the cubic volume, height and land coverage existing or approved on May 4, 1979, without the review or approval of the agency or any planning or regulatory authority of the State of Nevada whose review or approval would be required for a new structure.

(f) The following provisions apply to any internal or external modification, remodeling, change in use, or repair of a structure housing gaming under a nonrestricted license which is not prohibited by subdivision (d):

(1) The agency's review of an external modification of the structure which requires a permit from a local government is limited to determining whether the external modification will do any of the following:

(A) Enlarge the cubic volume of the structure;

(B) Increase the total square footage of area open to or approved for public use on May 4, 1979;

(C) Convert an area devoted to the private use of guests to an area open to public use;

(D) Increase the public area open to public use which is used for gaming beyond the limits contained in paragraph (3); and

(E) Conflict with or be subject to the provisions of any of the agency's ordinances that are generally applicable throughout the region.

The agency shall make this determination within 60 days after the proposal is delivered to the agency in compliance with the agency's rules or regulations governing such delivery unless the applicant has agreed to an extension of this time limit. If an external modification is determined to have any of the effects enumerated in subparagraphs (A) through (C), it is prohibited. If an external modification is determined to have any of the effects enumerated in subparagraphs (D) or (E), it is subject to the applicable provisions of this compact. If an external modification is determined to have no such effect, it is not subject to the provisions of this compact.

(2) Except as provided in paragraph (3), internal modification, remodeling, change in use or repair of a structure housing gaming under a nonrestricted license is not a project and does not require the review or approval of the agency.

(3) Internal modification, remodeling, change in use or repair of areas open to the public use within a structure housing gaming under a nonrestricted license which alone or in combination with any other such modification, remodeling, change in use or repair will increase the total portion of those areas which are used for gaming by more than the product of the total base area, as defined below, in square

feet existing on or approved before August 4, 1980, multiplied by 15 percent constitutes a project and is subject to all of the provisions of this compact relating to projects. For purposes of this paragraph and the determination required by subdivision (g), base area means all of the area within a structure housing gaming under a nonrestricted license which may be open to public use, whether or not gaming is actually conducted or carried on in that area, except retail stores, convention centers and meeting rooms, administrative offices, kitchens, maintenance and storage areas, rest rooms, engineering and mechanical rooms, accounting rooms and counting rooms.

(g) In order to administer and enforce the provisions of subdivisions (d), (e) and (f), the State of Nevada, through its appropriate planning or regulatory agency, shall require the owner or licensee of a structure housing gaming under a nonrestricted license to provide:

(1) Documents containing sufficient information for the Nevada agency to establish the following relative to the structure:

(A) The location of its external walls;

(B) Its total cubic volume;

(C) Within its external walls, the area in square feet open or approved for public use and the area in square feet devoted to or approved for the private use of guests on May 4, 1979;

(D) The amount of surface area of land under the structure; and

(E) The base area as defined in paragraph (3) of subdivision (f) in square feet existing on or approved before August 4, 1980.

(2) An informational report whenever any internal modification, remodeling, change in use, or repair will increase the total portion of the areas open to public use which is used for gaming.

The Nevada agency shall transmit this information to the Tahoe Regional Planning Agency.

(h) Gaming conducted pursuant to a restricted gaming license is exempt from review by the agency if it is incidental to the primary use of the premises.

(i) The provisions of subdivisions (d) and (e) are intended only to limit gaming and related activities as conducted within a gaming establishment, or construction designed to permit the enlargement of such activities, and not to limit any other use of property zoned for commercial use or the accommodation of tourists, as approved by the agency.

(j) Legal actions arising out of or alleging a violation of the provisions of this compact, of the regional plan or of an ordinance or regulation of the agency or of a permit or a condition of a permit issued by the agency are governed by the following provisions:

(1) This subdivision applies to:

(A) Actions arising out of activities directly undertaken by the agency.

(B) Actions arising out of the issuance to a person of a lease, permit, license or other entitlement for use by the agency.

(C) Actions arising out of any other act or failure to act by any person or public agency.

Such legal actions may be filed and the provisions of this subdivision apply equally in the appropriate courts of California and Nevada and of the United States.

(2) Venue lies:

(A) If a civil or criminal action challenges an activity by the agency or any person which is undertaken or to be undertaken upon a parcel of real property, in the state or federal judicial district where the real property is situated.

(B) If an action challenges an activity which does not involve a specific parcel of land (such as an action challenging an ordinance of the agency), in any state or federal court having jurisdiction within the region.

(3) Any aggrieved person may file an action in an appropriate court of the State of California or Nevada or of the United States alleging noncompliance with the provisions of this compact or with an ordinance or regulation of the agency. In the case of governmental agencies, "aggrieved person" means the Tahoe Regional Planning Agency or any state, federal or local agency. In the case of any person other than a governmental agency who challenges an action of the Tahoe Regional Planning Agency, "aggrieved person" means any person who has appeared, either in person, through an authorized representative, or in writing, before the agency at an appropriate administrative hearing to register objection to the action which is being challenged, or who had good cause for not making such an appearance.

(4) A legal action arising out of the adoption or amendment of the regional plan or of any ordinance or regulation of the agency, or out of the granting or denial of any permit, shall be commenced within 60 days after final action by the agency. All other legal actions shall be commenced within 65 days after discovery of the cause of action.

(5) In any legal action filed pursuant to this subdivision which challenges an adjudicatory act or decision of the agency to approve or disapprove a project, the scope of judicial inquiry shall extend only to whether there was prejudicial abuse of discretion. Prejudicial abuse of discretion is established if the agency has not proceeded in a manner required by law or if the act or decision of the agency was not supported by substantial evidence in light of the whole record. In making such a determination the court shall not exercise its independent judgment on evidence but shall only determine whether the act or decision was supported by substantial evidence in light of the whole record. In any legal action filed pursuant to this subdivision which challenges a legislative act or decision of the agency (such as the adoption of the regional plan and the enactment of implementing ordinances), the scope of the judicial inquiry shall extend only to the questions of whether the act or decision has been arbitrary, capricious or lacking substantial evidentiary support or whether the agency has failed to proceed in a manner required by law.

(6) The provisions of this subdivision do not apply to any legal

proceeding pending on the date when this subdivision becomes effective. Any such legal proceeding shall be conducted and concluded under the provisions of law which were applicable prior to the effective date of this subdivision.

(7) The security required for the issuance of a temporary restraining order or preliminary injunction based upon an alleged violation of this compact or any ordinance, plan, rule or regulation adopted pursuant thereto is governed by the rule or statute applicable to the court in which the action is brought unless the action is brought by a public agency or political subdivision to enforce its own rules, regulations and ordinances in which case no security shall be required.

(k) The agency shall monitor activities in the region and may bring enforcement actions in the region to ensure compliance with the regional plan and adopted ordinances, rules, regulations and policies. If it is found that the regional plan, or ordinances, rules, regulations and policies are not being enforced by a local jurisdiction, the agency may bring action in a court of competent jurisdiction to ensure compliance.

(*l*) Any person who violates any provision of this compact or of any ordinance or regulation of the agency or of any condition of approval imposed by the agency is subject to a civil penalty not to exceed five thousand dollars ($5,000). Any such person is subject to an additional civil penalty not to exceed five thousand dollars ($5,000) per day, for each day on which such a violation persists. In imposing the penalties authorized by this subdivision, the court shall consider the nature of the violation and shall impose a greater penalty if it was willful or resulted from gross negligence than if it resulted from inadvertence or simple negligence

(m) The agency is hereby empowered to initiate, negotiate and participate in contracts and agreements among the local governmental authorities of the region, or any other intergovernmental contracts or agreements authorized by state or federal law

(n) Each intergovernmental contract or agreement shall provide for its own funding and staffing, but this shall not preclude financial contributions from the local authorities concerned or from supplementary sources.

(o) Every record of the agency, whether public or not, shall be open for examination to the Legislature and Controller of the State of California and the Legislative Auditor of the State of Nevada.

(p) Approval by the agency of any project expires 3 years after the date of final action by the agency or the effective date of the amendments to this compact, whichever is later, unless construction is begun within that time and diligently pursued thereafter, or the use or activity has commenced. In computing the 3-year period any period of time during which the project is the subject of a legal action which delays or renders impossible the diligent pursuit of that project shall not be counted. Any license, permit or certificate issued by the agency which has an expiration date shall be extended by that

period of time during which the project is the subject of such legal action as provided in this subdivision.

(q) The governing body shall maintain a current list of real property known to be available for exchange with the United States or with other owners of real property in order to facilitate exchanges of real property by owners of real property in the region.

ARTICLE VII. ENVIRONMENTAL IMPACT STATEMENTS

(a) The Tahoe Regional Planning Agency when acting upon matters that have a significant effect on the environment shall:

(1) Utilize a systematic, interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts in planning and in decisionmaking which may have an impact on man's environment;

(2) Prepare and consider a detailed environmental impact statement before deciding to approve or carry out any project. The detailed environmental impact statement shall include the following:

(A) The significant environmental impacts of the proposed project;

(B) Any significant adverse environmental effects which cannot be avoided should the project be implemented;

(C) Alternatives to the proposed project;

(D) Mitigation measures which must be implemented to assure meeting standards of the region;

(E) The relationship between local short-term uses of man's environment and the maintenance and enhancement of long-term productivity;

(F) Any significant irreversible and irretrievable commitments of resources which would be involved in the proposed project should it be implemented; and

(G) The growth-inducing impact of the proposed project;

(3) Study, develop and describe appropriate alternatives to recommended courses of action for any project which involves unresolved conflicts concerning alternative uses of available resources;

(4) Make available to states, counties, municipalities, institutions and individuals, advice and information useful in restoring, maintaining and enhancing the quality of the region's environment; and

(5) Initiate and utilize ecological information in the planning and development of resource-oriented projects.

(b) Prior to completing an environmental impact statement, the agency shall consult with and obtain the comments of any federal, state or local agency which has jurisdiction by law or special expertise with respect to any environmental impact involved. Copies of such statement and the comments and views of the appropriate federal, state and local agencies which are authorized to develop and enforce environmental standards shall be made available to the public and shall accompany the project through the review processes. The public shall be consulted during the environmental impact statement

process and views shall be solicited during a public comment period not to be less than 60 days.

(c) Any environmental impact statement required pursuant to this article need not repeat in its entirety any information or data which is relevant to such a statement and is a matter of public record or is generally available to the public, such as information contained in an environmental impact report prepared pursuant to the California Environmental Quality Act or a federal environmental impact statement prepared pursuant to the National Environmental Policy Act of 1969. However, such information or data shall be briefly described in the environmental impact statement and its relationship to the environmental impact statement shall be indicated.

In addition, any person may submit information relative to a proposed project which may be included, in whole or in part, in any environmental impact statement required by this article.

(d) In addition to the written findings specified by agency ordinance to implement the regional plan, the agency shall make either of the following written findings before approving a project for which an environmental impact statement was prepared:

(1) Changes or alterations have been required in or incorporated into such project which avoid or reduce the significant adverse environmental effects to a less than significant level; or

(2) Specific considerations, such as economic, social or technical, make infeasible the mitigation measures or project alternatives discussed in the environmental impact statement on the project.

A separate written finding shall be made for each significant effect identified in the environmental impact statement on the project. All written findings must be supported by substantial evidence in the record.

(e) The agency may charge and collect a reasonable fee from any person proposing a project subject to the provisions of this compact in order to recover the estimated costs incurred by the agency in preparing an environmental impact statement under this article.

(f) The agency shall adopt by ordinance a list of classes of projects which the agency has determined will not have a significant effect on the environment and therefore will be exempt from the requirement for the preparation of an environmental impact statement under this article. Prior to adopting the list, the agency shall make a written finding supported by substantial evidence in the record that each class of projects will not have a significant effect on the environment.

ARTICLE VIII. FINANCES

(a) On or before September 30 of each calendar year the agency shall establish the amount of money necessary to support its activities for the next succeeding fiscal year commencing July 1 of the following year. The agency shall apportion seventy-five thousand dollars ($75,000) of this amount among the counties within the region on the

same ratio to the total sum required as the full cash valuation of taxable property within the region in each county bears to the total full cash valuation of taxable property within the region. In addition, each county within the region in California shall pay eighteen thousand seven hundred fifty dollars ($18,750) to the agency and each county within the region in Nevada, including Carson City, shall pay twelve thousand five hundred dollars ($12,500) to the agency, from any funds available therefor. The State of California and the State of Nevada may pay to the agency by July 1, of each year any additional sums necessary to support the operations of the agency pursuant to this compact. If additional funds are required, the agency shall make a request for the funds to the States of California and Nevada. Requests for state funds must be apportioned two-thirds from California and one-third from Nevada. Money appropriated shall be paid within 30 days.

(b) The agency may fix and collect reasonable fees for any services rendered by it.

(c) The agency shall submit an itemized budget to the states for review with any request for state funds, shall be strictly accountable to any county in the region and the states for all funds paid by them to the agency and shall be strictly accountable to all participating bodies for all receipts and disbursement.

(d) The agency is authorized to receive gifts, donations, subventions, grants, and other financial aids and funds; but the agency may not own land except as provided in subdivision (i) of Article III.

(e) The agency shall not obligate itself beyond the moneys due under this article for its support from the several counties and the states for the current fiscal year, plus any moneys on hand or irrevocably pledged to its support from other sources. No obligation contracted by the agency shall bind either of the party states or any political subdivision thereof.

ARTICLE IX. TRANSPORTATION DISTRICT

(a) The Tahoe transportation district is hereby established as a special purpose district. The boundaries of the district are coterminous with those of the region.

(b) The business of the district shall be managed by a board of directors consisting of:

(1) One member of the county board of supervisors of each of the counties of El Dorado and Placer;

(2) One member of the city council of the City of South Lake Tahoe;

(3) One member each of the board of county commissioners of Douglas County and of Washoe County;

(4) One member of the board of supervisors of Carson City;

(5) The director of the California Department of Transportation; and

(6) The director of the department of transportation of the State

of Nevada.

Any director may designate an alternate.

(c) The vote of at least five of the directors must agree to take action. If at least five votes in favor of an action are not cast, an action of rejections shall be deemed to have been taken.

(d) The Tahoe transportation district may by resolution establish procedures for the adoption of its budgets, the appropriation of its money and the carrying on of its other financial activities. These procedures must conform insofar as is practicable to the procedures for financial administration of the State of California or the State of Nevada or one or more of the local governments in the region.

(e) The Tahoe transportation district may in accordance with the adopted transportation plan:

(1) Own and operate a public transportation system to the exclusion of all other publicly owned transportation systems in the region.

(2) Acquire upon mutually agreeable terms any public transportation system or facility owned by a county, city or special purpose district or any privately owned transportation system or facility within the region.

(3) Hire the employees of existing public transportation systems that are acquired by the district without loss of benefits to the employees, bargain collectively with employee organizations, and extend pension and other collateral benefits to employees.

(4) Contract with private companies to provide supplementary transportation or provide any of the services needed in operating a system of transportation for the region.

(5) Fix the rates and charges for transit services provided pursuant to this subdivision.

(6) Issue revenue bonds and other evidence of indebtedness and make other financial arrangements appropriate for developing and operating a public transportation system.

(7) By resolution, determine and propose for adoption a tax for the purpose of obtaining services of the district. The tax proposed must be general and of uniform operation throughout the region, and may not be graduated in any way, except for a sales and use tax which, if approved by the voters, may be administered through the States of California and Nevada respectively in accordance with the laws that apply within their respective jurisdictions. The district is prohibited from imposing any other tax measured by gross or net receipts on business, an ad valorem tax, a tax or charge that is assessed against people or vehicles as they enter or leave the region, and any tax, direct or indirect, on gaming tables and devices. Any such proposition must be submitted to the voters of the district and shall become effective upon approval of a majority of the voters voting on the proposition. The revenues from any such tax must be used for the services for which it was imposed, and for no other purpose.

(8) Provide service from inside the region to convenient airport, railroad and interstate bus terminals without regard to the boundaries of the region.

(f) The Legislatures of the States of California and Nevada may, by substantively identical enactments, amend this article.

ARTICLE X. MISCELLANEOUS

(a) It is intended that the provisions of this compact shall be reasonably and liberally construed to effectuate the purposes thereof. Except as provided in subdivision (c), the provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining state and in full force and effect as to the state affected as to all severable matters.

(b) The agency shall have such additional powers and duties as may hereafter be delegated or imposed upon it from time to time by the action of the Legislature of either state concurred in by the Legislature of the other.

(c) A state party to this compact may withdraw therefrom by enacting a statute repealing the compact. Notice of withdrawal shall be communicated officially and in writing to the Governor of the other state and to the agency administrators. This provision is not severable, and if it is held to be unconstitutional or invalid, no other provision of this compact shall be binding upon the State of Nevada or the State of California.

(d) No provision of this compact shall have any effect upon the allocation, distribution or storage of interstate waters or upon any appropriative water right.

CHAPTER 168

An act to add Section 5005.01 to the Public Resources Code, relating to parks and recreation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 18, 1986 Filed with Secretary of State June 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 5005.01 is added to the Public Resources Code, to read:

5005.01. (a) The Department of Parks and Recreation shall, after

consultation with appropriate Native American groups, receive and accept a donation of Indian artifacts found in the vicinity of the Los Encinos State Historic Park. The donation shall consist of a representative sample of artifacts determined by the department to be of historic or cultural interest to the residents of the San Fernando Valley.

(b) The department shall, after consultation with appropriate Native American groups, house and display the donated artifacts at the Los Encinos State Historic Park.

(c) Artifacts not received and accepted pursuant to subdivision (a) may be donated to colleges, universities, museums, appropriate Native American groups, or nonprofit organizations in California.

SEC. 2. The sum of one hundred ninty-five thousand dollars ($195,000) is hereby appropriated from the General Fund to the Department of Parks and Recreation for Los Encinos State Historic Park, allocated as follows:

(a) One hundred seventy-five thousand dollars ($175,000) for restoration of the "Garnier House."

(b) Twenty thousand dollars ($20,000) to provide parking.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that valuable Indian artifacts may be received by the state at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 169

An act to amend Section 40154 of the Health and Safety Code, relating to air pollution.

[Approved by Governor June 18, 1986. Filed with Secretary of State June 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 40154 of the Health and Safety Code is amended to read:

40154. Each member of the unified district board shall, upon the adoption of a resolution by the unified district board, receive the actual and necessary expenses incurred in the performance of his or her duties, plus a compensation of one hundred dollars ($100) for each day attending the meetings of the unified district board or any committee of the unified district board or, upon authorization by the unified district board, while engaged in official business of the unified district, but that compensation shall not exceed three thousand six hundred dollars ($3,600) in any one year.

CHAPTER 170

An act to make an appropriation in augmentation of Items 6100-101-001, 9840-001-001, 9840-001-494, and 9840-001-988 of the Budget Act of 1985, and of the State School Fund, and for transfer to the Emergency Telephone Number Account in the General Fund, relating to contingencies or emergencies, to take effect immediately, usual current expenses.

[Approved by Governor June 19, 1986. Filed with Secretary of State June 19, 1986.]

I am reducing and deleting the following appropriations contained in Assembly Bill No 3293

Department of Forestry —$1,000,000

This reduction is based on revised estimates of funding requirements

Department of Aging —$ 833,000

This bill also contains $1 2 million for Aging Nutrition programs I am eliminating $833,000 which is provided for support services

Department of Education —$2,968,050

I am reducing the $4,351,000 augmentation the Legislature made for K-12 district revenue limits to $2,176,000 I believe this amount, along with the $55,836,000 loan made to school districts will fund the statutory requirements of this program If it is later determined that more funding is required, I will support legislation to provide the additional amount.

I am deleting the $793,050 added by the Legislature to provide additional incentive funds for year-round school programs My 1986–87 Budget includes sufficient funds to accommodate this and other certified claims.

With these reductions and deletions, I approve Assembly Bill No. 3293

George Deukmejian, Governor

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of three hundred sixty million eight hundred twenty-one thousand four hundred twenty-nine dollars ($360,821,429) is hereby appropriated for expenditure in the 1985–86 fiscal year in accordance with the following schedule:

(1) Three hundred sixty million fifty-seven thousand four hundred twenty-nine dollars ($360,057,429) in augmentation of, and for the purposes of, contingencies or emergencies, as provided in Items 9840-001-001, 9840-001-494, and 9840-001-988 of the Budget Act of 1985, to be allocated as follows:

(A) Three hundred twenty-nine million four hundred thirty-one thousand four hundred twenty-nine dollars ($329,431,429) from the General Fund to the Reserve for Contingencies or Emergencies in Item 9840-001-001. Out of the funds allocated pursuant to this subparagraph, one million seven hundred seventy-eight thousand dollars ($1,778,000) shall be provided to the Department of Fish and Game to cover costs of complying with the federal Fair Labor

Standards Act. The Department of Fish and Game shall repay to the General Fund from the Fish and Game Preservation Fund one million four hundred fifty-five thousand dollars ($1,455,000) of this amount, plus interest calculated at the rate received by funds in the Pooled Money Investment Account.

(B) Twenty-six million eighty-six thousand dollars ($26,086,000) from unallocated special funds to the Reserve for Contingencies or Emergencies in Item 9840-001-494.

(C) Four million five hundred forty thousand dollars ($4,540,000) from unallocated nongovernmental cost funds to the Reserve for Contingencies or Emergencies in Item 9840-001-988.

(2) Seven hundred sixty-four thousand dollars ($764,000) from the General Fund for transfer by the State Controller to the Emergency Telephone Number Account in the General Fund on June 30, 1986. For yearend reporting purposes, this transfer shall be treated as a 1985–86 fiscal year transaction.

(b) The Director of Finance may withhold authorization for expenditure of funds provided in this section until such time as, and to the extent that, preliminary estimates of potential deficiencies are verified.

SEC. 2. (a) Prior to certification of the second principal apportionment for the 1985–86 fiscal year, the Superintendent of Public Instruction shall.

(1) Determine the total local revenues for the 1985–86 fiscal year calculated pursuant to subdivision (h) of Section 42238 of the Education Code, as reported for the second principal apportionment.

(2) Compute the difference between the amount determined in paragraph (1) and the comparable amount estimated by the Department of Finance.

(3) Determine the lesser of the estimated deficiency for the 1985–86 fiscal year for K–12 district revenue limits, as reported at the second principal apportionment, or the amount computed in paragraph (2).

(b) Notwithstanding any other provision of law, the amount determined in paragraph (3) of subdivision (a) shall, upon approval of the Director of Finance, be appropriated from the General Fund to the Superintendent of Public Instruction for transfer to Section A of the State School Fund. This amount shall be available for the purpose of funding K–12 district revenue limit apportionments as certified at the second principal apportionment.

(c) On or before December 15, 1986, the Superintendent of Public Instruction shall report to the Director of Finance the actual annual local revenues received by school districts for the 1985–86 fiscal year.

(d) At the first principal apportionment of the 1986–87 fiscal year, the Superintendent of Public Instruction shall report to the Director of Finance and the State Controller the amount, if any, by which the actual annual local revenues received by school districts reported at the 1985–86 annual apportionment exceed the level of local revenues

received by school districts reported at the 1985–86 second principal apportionment. The State Controller shall transfer this amount from the funds appropriated in Item 6100-101-001 of the Budget Act of 1986 to the unappropriated balance of the General Fund.

SEC. 3. Notwithstanding provision 5 of Item 6100-101-001 of the Budget Act of 1985 or any other provision of law, the State Controller shall transfer three million five hundred thousand dollars ($3,500,000) of the funds appropriated for regional occupational centers and programs by provision 5 of Item 6100-102-001 of the Budget Act of 1985 to Item 6100-101-001 of the Budget Act of 1985. This amount shall be available to fund any deficiency in K–12 district revenue limit apportionments in the 1985–86 fiscal year. The $500,000 augmentation made to Item 6100-102-001 of the Budget Act of 1985 by Section 15.5 of Chapter 1025 of the Statutes of 1985 shall not be included in the funds transferred pursuant to this section.

SEC. 4. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 171

An act to amend Sections 44256 and 44264 of the Education Code, relating to education.

[Approved by Governor June 21, 1986. Filed with Secretary of State June 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 44256 of the Education Code is amended to read:

44256. Authorization for teaching credentials shall be of four basic kinds, as defined below:

(a) "Single subject instruction" means the practice of assignment of teachers and students to specified subject matter courses, as is commonly practiced in California high schools and most California junior high schools. The holder of a single subject teaching credential or a standard secondary credential or a special secondary teaching credential, as defined in this subdivision, who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 7 to 12, other than the subject for which he or she is already certificated to teach, shall be eligible to have this subject appear on the credential as an authorization to teach this subject. The commission, by regulation, may require that evidence of additional competence is a condition for instruction in particular subjects, including, but not limited to, foreign languages. The commission may establish and

implement alternative requirements for additional authorizations to the single subject credential on the basis of specialized needs. For purposes of this subdivision, a special secondary teaching credential means a special secondary teaching credential issued on the basis of at least a baccalaureate degree, a student teaching requirement, and 24 semester units of coursework in the subject specialty of the credential.

(b) "Multiple subject instruction" means the practice of assignment of teachers and students for multiple subject matter instruction, as is commonly practiced in California elementary schools and as is commonly practiced in early childhood education.

The holder of a multiple subject teaching credential or a standard elementary credential who has completed 20 semester hours of coursework or 10 semester hours of upper division or graduate coursework approved by the commission at an accredited institution in any subject commonly taught in grades 6, 7, 8, and 9 shall be eligible to have that subject appear on the credential as authorization to teach the subject in departmentalized classes in grades 6, 7, 8, and 9. The holder of a multiple subject teaching credential or a standard elementary credential shall be authorized to teach any subject in departmentalized classes to a given class or group of students below grade 9, provided that the teacher has completed at least eight semester units, or four upper division or graduate units, of coursework at an accredited institution in each subject to be taught. The authorization shall be with the teacher's consent and shall be restricted to a partial assignment. However, the commission, by regulation, may provide that evidence of additional competence is necessary for instruction in particular subjects, including, but not limited to, foreign languages. The commission may establish and implement alternative requirements for additional authorizations to the multiple subject credential on the basis of specialized needs.

(c) "Specialist instruction" means any specialty requiring advanced preparation or special competence including, but not limited to, reading specialist, mathematics specialist, specialist in special education, or early childhood education, and such other specialties as the commission may determine.

(d) "Designated subjects" means the practice of assignment of teachers and students to designated technical, trade, or vocational courses which courses may be part of a program of trade, technical, or vocational education.

SEC. 2. Section 44264 of the Education Code is amended to read:

44264. Notwithstanding any other provision of law, a person holding a credential issued under the laws and regulations in effect on or before December 31, 1971, authorizing teaching in grades 7 to 12, inclusive, or grades 7 to 9, inclusive, in the secondary schools may be assigned, with his or her consent, to teach any subject authorized on his or her credential in grades 5 and 6 or grade 5 or grade 6 in a departmentalized program in a school composed of grades 5, 6, 7, and 8 or grades 6, 7, and 8.

Notwithstanding any other provision of law, a person holding a credential issued under the laws and regulations in effect on or before December 31, 1971, authorizing administration in grades 7 to 12, inclusive, in the secondary schools may be assigned, with his or her consent, to provide administration for grades 5 and 6 or grade 6, in a school composed of grades 5, 6, 7, and 8 or grades 6, 7, and 8.

CHAPTER 172

An act to amend and repeal Section 48204 of, and to add and repeal Section 46601.5 of, the Education Code, relating to schools.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 46601.5 is added to the Education Code, to read:

46601.5. (a) The governing boards of any two school districts that have been requested by a pupil's parent or legal guardian, to enter into an agreement for interdistrict attendance pursuant to Section 46600, shall, in considering that request, give consideration to the child care needs of the pupil.

(b) This section shall remain in effect only until June 30, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1990, deletes or extends that date.

SEC. 2. Section 48204 of the Education Code is amended to read:

48204. Notwithstanding Section 48200, a pupil shall be deemed to have complied with the residency requirements for school attendance in a school district, provided he or she is any of the following:

(a) A pupil placed within the boundaries of that school district in a regularly established licensed children's institution, or a licensed foster home, or a family home pursuant to a commitment or placement under Chapter 2 (commencing with Section 200) of Part 1 of Division 2 of the Welfare and Institutions Code.

An agency placing a pupil in such a home or institution shall provide evidence to the school that the placement or commitment is pursuant to law.

(b) A pupil for whom interdistrict attendance has been approved pursuant to Chapter 5 (commencing with Section 46600) of Part 26 of Division 3 of this title.

(c) A pupil whose residence is located within the boundaries of that school district and whose parent or legal guardian is relieved of responsibility, control, and authority through emancipation.

(d) A pupil whose parent or legal guardian has established the residence of the pupil in a home located within the boundaries of

that school district, provided such home is properly licensed as required by law. The person maintaining such a home shall provide evidence to the school that a current license is in effect or that a license is not required under the law.

(e) A pupil residing in a state hospital located within the boundaries of that school district.

(f) An elementary school pupil, one or both of whose parents, or whose legal guardian, is employed within the boundaries of that school district.

(1) Nothing in this subdivision requires the school district within which the pupil's parents or guardians are employed to admit the pupil to its schools. Districts may not, however, refuse to admit pupils under this subdivision on the basis, except as expressly provided in this subdivision, of race, ethnicity, sex, parental income, scholastic achievement, or any other arbitrary consideration.

(2) The school district in which the residency of either the pupil's parents or guardians is established, or the school district to which the pupil is to be transferred under this subdivision, may prohibit the transfer of the pupil under this subdivision if the governing board of the district determines that the transfer would negatively impact the district's court-ordered or voluntary desegregation plan.

(3) The school district to which the pupil is to be transferred under this subdivision may prohibit the transfer of the pupil if the district determines that the additional cost of educating the pupil would exceed the amount of additional state aid received as a result of the transfer.

(4) Any district governing board prohibiting a transfer pursuant to paragraph (1), (2), or (3) shall identify, and communicate in writing to the pupil's parent or guardian, the specific reasons for that determination and shall ensure that the determination, and the specific reasons therefor, are accurately recorded in the minutes of the board meeting in which the determination was made.

(5) The average daily attendance for pupils admitted pursuant to this subdivision shall be calculated pursuant to Section 46616.

(6) Unless approved by the sending district, this subdivision does not authorize a transfer of pupils out of any given district in any fiscal year in excess of the following amounts:

(A) For any district with an average daily attendance for that fiscal year of less than 501, 5 percent of the average daily attendance of the district.

(B) For any district with an average daily attendance for that fiscal year of 501 or more, but less than 2501, 3 percent of the average daily attendance of the district or 25 pupils, whichever is greater.

(C) For any district with an average daily attendance of 2501 or more, 1 percent of the average daily attendance of the district or 75 pupils, whichever is greater.

(7) Pursuant to this subdivision, districts shall report annually to the Superintendent of Public Instruction all of the following:

(A) The number of requests for interdistrict transfers.

(B) The number of students transferred out of the district.

(C) The number of students transferred into the district.

The State Department of Education shall summarize the school district reports and report to the Legislature annually.

(g) This section shall remain in effect only until June 30, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after July 1, 1990, pursuant to Section 9611 of the Government Code, Section 48204 of the Education Code, as amended by Section 3 of Chapter 1191 of the Statutes of 1980, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 173

An act to amend Sections 779 and 7460 of, and to add Section 15102 to, the Financial Code, relating to loans.

[Approved by Governor June 21, 1986. Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 779 of the Financial Code is amended to read:

779. (a) Notwithstanding Section 726 of the Code of Civil Procedure or any other provision of law to the contrary, a state or nationally chartered bank, its subsidiaries or affiliates transacting business in this state, or any successor in interest thereto, that originates, acquires, or purchases, in whole or in part, any loan secured directly or collaterally, in whole or in part, by a mortgage or deed of trust on real property, or any interest therein, may bring an action for recovery of damages, including exemplary damages not to exceed 50 percent of the actual damages, against a borrower where the action is based on fraud under Section 1572 of the Civil Code and the fraudulent conduct by the borrower induced the original lender to make that loan.

(b) The provisions of this section shall not apply to loans secured by single-family, owner-occupied residential real property, when the property is actually occupied by the borrower as represented to the lender in order to obtain the loan and the loan is for an amount of

one hundred fifty thousand dollars ($150,000) or less, as adjusted annually, commencing on January 1, 1987, to the Consumer Price Index as published by the United States Department of Labor.

(c) Any action maintained under this section for damages shall not constitute a money judgment for deficiency or a deficiency judgment within the meaning of Section 580a, 580b, or 580d of the Code of Civil Procedure.

SEC. 2. Section 7460 of the Financial Code is amended to read:

7460. (a) Notwithstanding Section 726 of the Code of Civil Procedure or any other provision of law to the contrary, an association, a federal association, an affiliate of an association or federal association, a service corporation, or any successor in interest thereto, that originates, acquires, or purchases, in whole or in part, any loan secured directly or collaterally, in whole or in part, by a mortgage or deed of trust on real property, or any interest therein, may bring an action for recovery of damages, including exemplary damages not to exceed 50 percent of the actual damages, against a borrower where the action is based on fraud under Section 1572 of the Civil Code and the fraudulent conduct by the borrower induced the original lender to make that loan.

(b) The provisions of this section shall not apply to loans secured by single-family, owner-occupied residential real property, when the property is actually occupied by the borrower as represented to the lender in order to obtain the loan and the loan is for an amount of one hundred fifty thousand dollars ($150,000) or less, as adjusted annually, commencing on January 1, 1987, to the Consumer Price Index as published by the United States Department of Labor.

(c) Any action maintained under this section for damages shall not constitute a money judgment for deficiency or a deficiency judgment within the meaning of Section 580a, 580b, or 580d of the Code of Civil Procedure.

SEC. 3. Section 15102 is added to the Financial Code, to read:

15102. (a) Notwithstanding Section 726 of the Code of Civil Procedure or any other provision of law to the contrary, a credit union, an affiliate of a credit union, a credit union service organization, or any successor in interest thereto, that originates, acquires, or purchases, in whole or in part, any loan secured directly or collaterally, in whole or in part, by a mortgage or deed of trust on real property, or any interest therein, may bring an action for recovery of damages, including exemplary damages not to exceed 50 percent of the actual damages, against a borrower where the action is based on fraud under Section 1572 of the Civil Code and the fraudulent conduct by the borrower induced the original lender to make that loan.

(b) The provisions of this section shall not apply to loans secured by single-family, owner-occupied residential real property, when the property is actually occupied by the borrower as represented to the lender in order to obtain the loan and the loan is for an amount of one hundred fifty thousand dollars ($150,000) or less, as adjusted

annually, commencing on January 1, 1987, to the Consumer Price Index as published by the United States Department of Labor.

(c) Any action maintained under this section for damages shall not constitute a money judgment for deficiency or a deficiency judgment within the meaning of Section 580a, 580b, or 580d of the Code of Civil Procedure.

CHAPTER 174

An act to amend Section 798.70 of the Civil Code, relating to mobilehomes.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 798.70 of the Civil Code is amended to read:

798.70. A homeowner or his or her agent may advertise the sale or exchange of his or her mobilehome, or, if not prohibited by the terms of an agreement with the management, may advertise the rental of his or her mobilehome, by displaying a sign in the window of the mobilehome, or by a sign posted on the side of the mobilehome facing the street, stating that the mobilehome is for sale or exchange or, if not prohibited, for rent by the owner of the mobilehome or his or her agent. The sign shall state the name, address, and telephone number of the owner of the mobilehome or his or her agent and shall not exceed 24 inches in width and 18 inches in height.

CHAPTER 175

An act to amend Section 480.3 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 480.3 of the Revenue and Taxation Code is amended to read:

480.3. (a) Each county assessor and recorder shall make available, without charge and upon request, a form entitled "Preliminary Change of Ownership Report," which transferees of real property may complete and file with the recorder concurrent with the recordation of any document effecting a change of ownership.

(b) If a document evidencing a change of ownership is presented to the recorder for recordation without the concurrent filing of a preliminary change of ownership report, the recorder may charge an additional recording fee of twenty dollars ($20). The additional fee shall not be charged if the document is accompanied by an affidavit that the transferee is not a resident of California.

(c) Noncompliance with this section by the transferee shall not delay or preclude the recordation of documents if the additional fee specified in subdivision (b) is tendered.

(d) The authority to obtain information pursuant to this section is in addition to, and not in lieu of, any existing authority the assessor has under this article.

(e) Except as prescribed in subdivision (f), this section shall apply to changes of ownership occurring on or after July 1, 1985.

(f) The filing of a preliminary change of ownership report or the payment of an additional recording fee shall not be required of any intermediate transferee of property. For purposes of this subdivision, "intermediate transferee" means any transferee who is acting as both a transferee and the transferor of the same property as part of a series of simultaneous transfers which affect that property and who records the transfer documents and any other recorded documents related to the transfer in consecutive order at one time.

(g) This section shall remain in effect only until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1991, deletes or extends that date.

CHAPTER 176

An act to amend Section 3289 of the Civil Code, relating to damages, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 3289 of the Civil Code is amended to read:

3289. (a) Any legal rate of interest stipulated by a contract remains chargeable after a breach thereof, as before, until the contract is superseded by a verdict or other new obligation.

(b) If a contract entered into after January 1, 1986, does not stipulate a legal rate of interest, the obligation shall bear interest at a rate of 10 percent per annum after a breach.

For the purposes of this subdivision, the term contract shall not include a note secured by a deed of trust on real property.

SEC. 2. This act is declaratory of existing law.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 633 of the Statutes of 1985 introduced an inadvertent ambiguity in Section 3289 of the Civil Code. In order to preserve the ready commercial availability of credit it is necessary that this act take effect immediately.

CHAPTER 177

An act to amend Section 1001.15 of the Penal Code, relating to crime.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1001.15 of the Penal Code is amended to read:

1001.15. (a) In addition to the fees authorized or required by other provisions of law, a judge may require the payment of an administrative fee, as part of an enrollment fee in a diversion program, by a defendant accused of a felony to cover the cost of any criminal laboratory analysis and the cost of processing a request or application for diversion pursuant to Chapter 2.5 (commencing with Section 1000), not to exceed one hundred fifty dollars ($150). The fee shall be payable at the time of enrollment in the diversion program. The court shall take into consideration the defendant's ability to pay, and no defendant shall be denied diversion because of his or her inability to pay.

In counties served by criminalistics laboratories of the Department of Justice, amounts deposited in the criminalistics laboratories fund, after deduction of appropriate and reasonable county overhead charges attributable to the collection thereof, shall be paid by the county treasurer once a month to the Controller for deposit into the General Fund, and shall be excepted from the expenditure requirements otherwise prescribed by this subdivision.

(b) In addition to the fees authorized or required by other provisions of law, a judge may require the payment of an administrative fee, as part of an enrollment fee in a diversion program, by a defendant accused of a felony to cover the cost of processing a request or application for diversion pursuant to Chapter 2.6 (commencing with Section 1000.6), not to exceed one hundred dollars ($100). The fee shall be payable at the time of enrollment in the diversion program. The court shall take into consideration the defendant's ability to pay, and no defendant shall be denied diversion because of his or her inability to pay.

CHAPTER 178

An act to add Section 25259.5 to the Vehicle Code, relating to emergency vehicle lighting.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 25259.5 is added to the Vehicle Code, to read:

25259.5. Only an emergency response or disaster service vehicle owned or leased and operated by the American National Red Cross, or any chapter or branch thereof, and equipped and clearly marked as a Red Cross emergency service or disaster service vehicle, may display flashing amber warning lights to the front, sides, or rear of the vehicle while at the scene of an emergency or disaster operation. Vehicles not used on emergency response shall not be included.

CHAPTER 179

An act to amend Section 5604 of the Welfare and Institutions Code, relating to mental health.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 5604 of the Welfare and Institutions Code is amended to read:

5604. (a) Each community mental health service shall have an advisory board of 17 members appointed by the governing body except that the boards in counties with a population of less than 100,000 may have a minimum of 11 members. One member of the advisory board shall be a member of the local governing body. Not less than 51 percent of the members of the advisory board shall be persons representative of the public interest in mental health. However not less than one-half of the members representing the public interest shall be persons or the parents, spouse, sibling, or adult children of persons, who have received mental health services from a city or county Short-Doyle program or any of its contract agencies, a state hospital, or any public or private nonprofit mental health agency. At least one member shall be a person who has received or is receiving these mental health services. The advisory board shall contain two physicians, one of whom shall specialize in psychiatry. Not more than two nonpaid members of the governing

body of a private or public Short-Doyle contracting agency may be appointed to the advisory board. The remaining members shall be selected from among the following mental health professions: psychology, social work, nursing, marriage and family counseling, psychiatric technology, and hospital or community mental health facility administration. No more than one appointee from each of these professions shall be selected. Persons in the professions of education, law, criminal justice, and fiscal management may be considered as representatives of the general public. For members representing the public interest, the governing body shall appoint persons representing different disciplines.

(b) The term of each member of the board shall be for three years. However, of the members first appointed to a board with 17 members, six shall be appointed for one year, six for a term of two years, and five for a term of three years. For members appointed to boards of less than 17 members, the governing body shall equitably stagger the appointments so that approximately one-third of the appointments shall be for one year, one-third for two years, and one-third for three years. If, however, prior to the expiration of the term a member ceases to retain the status which qualified the person for appointment on the board, the membership on the board shall terminate and there shall be a vacancy on the board.

(c) If two or more local agencies jointly establish a community mental health service under Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the advisory board for the community mental health service shall consist of an additional two members for each additional agency, one of whom shall be a member of the governing body or a person who does not qualify as a professional member under this section designated by the governing body and the second of whom shall be a person or a parent, spouse, sibling, or adult child of a person who has received mental health services.

(d) No member of the advisory board or his or her spouse shall be a full-time or part-time county employee of a county mental health service, an employee of the State Department of Mental Health, or an employee of, or a paid member of the governing body of, a Short-Doyle contract agency. Members of the advisory board shall abstain from voting on any issue in which the member has a financial interest, as defined in Section 87103 of the Government Code.

(e) If it is not possible to secure membership as specified from among persons who reside in the county, the governing body may substitute representatives of the public interest in mental health who are not full-time or part-time employees of the county mental health service, the State Department of Mental Health, or on the staff of, or a paid member of the governing body of, a Short-Doyle contract agency. Members of the advisory board shall abstain from voting on any issue in which the member has a financial interest, as defined in Section 87103 of the Government Code.

(f) The composition of the mental health advisory board shall

reflect the minority population found in the county. A statement shall be included in the mental health plan or contract as to the ways equitable representation will be achieved and a timetable for achieving equitable representation.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 5604 of the Welfare and Institutions Code as amended by Section 1 of Chapter 1295 of the Statutes of 1985 shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 180

An act to amend Sections 24100.1 and 24101.4 of, and to add Section 24101.5 to, the Health and Safety Code, relating to public swimming pools.

[Approved by Governor June 21, 1986 Filed with Secretary of State June 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 24100.1 of the Health and Safety Code is amended to read:

24100.1. "Lifeguard service," as used in this article, means the attendance at a public swimming pool during periods of use, of one or more lifeguards who possess, as minimal qualifications, current Red Cross advanced lifesaving certificates or Y.M.C.A. senior lifesaving certificates, or have equivalent qualifications and who are trained to administer first aid, including, but not limited to, cardiopulmonary resuscitation in conformance with Section 217 and the regulations promulgated thereunder, and who have no duties to perform other than to supervise the safety of participants in water-contact activities. "Lifeguard services" includes the supervision of the safety of participants in water-contact activities by lifeguards who are providing swimming lessons, coaching or overseeing water-contact sports, or providing water safety instructions to participants when no other persons are using the facilities unless those persons are supervised by separate lifeguard services.

SEC. 2. Section 24101.4 of the Health and Safety Code is amended to read:

24101.4. (a) Lifeguard service shall be provided for any public swimming pool which is of wholly artificial construction and for the use of which a direct fee is charged. For all other public swimming pools, lifeguard service shall be provided or signs shall be erected

clearly indicating that such service is not provided.

(b) "Direct fee," as used in this section, means a separately stated fee or charge for the use of a public swimming pool to the exclusion of any other service, facility, or amenity.

SEC. 3. Section 24101.5 is added to the Health and Safety Code, to read:

24101.5. (a) On or after January 1, 1987, for public swimming pools in any common interest development, as defined in Section 1351 of the Civil Code, which consists of fewer than 25 separate interests, as defined in subdivision (*l*) of Section 1351 of the Civil Code, the person operating each such pool open for use shall be required to keep a record of the information required by subdivision (a) of Section 65523 of Title 22 of the California Administrative Code, except that the information shall be recorded at least two times per week and at intervals no greater than four days apart.

(b) On or after January 1, 1987, any rule or regulation of the state department which is in conflict with subdivision (a) is invalid.

CHAPTER 181

An act to add Section 22651.7 to the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 21, 1986. Filed with Secretary of State June 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 22651.7 is added to the Vehicle Code, to read:

22651.7. In addition to, or as an alternate to removal, any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee who is engaged in directing traffic or enforcing parking laws and regulations, of a city or county in which a vehicle is located may immobilize the vehicle with a device designed and manufactured for the immobilization of vehicles, on a highway located within the territorial limits in which the officer or employee may act if the vehicle is found upon the highway and is known to have been issued five or more notices of parking violation over a period of five or more days to which the owner or person in control of the vehicle has not responded. The vehicle may be immobilized until that person furnishes to the immobilizing law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued to the vehicle shall be

accompanied by a warning that repeated violations may result in the impounding or immobilizing of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the immobilizing law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is immobilized. Evidence of current registration shall be produced after a vehicle has been immobilized or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite the collection of unpaid parking citations issued to scofflaw drivers and alleviate the congestion in storage facilities for impounded vehicles, it is necessary for this act to take effect immediately.

CHAPTER 182

An act to add Section 11571.5 to the Health and Safety Code, relating to nuisances.

[Approved by Governor June 21, 1986. Filed with Secretary of State June 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11571.5 is added to the Health and Safety Code, to read:

11571.5. For purposes of this article, an action to abate a nuisance may be taken by the city attorney or city prosecutor of the city within which the nuisance exists, is kept, or is maintained. An action by a city attorney or city prosecutor shall be accorded the same precedence as an action maintained by the district attorney of the county.

CHAPTER 183

An act to amend Section 1654 of the Code of Civil Procedure, relating to family law.

[Approved by Governor June 23, 1986. Filed with Secretary of State June 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1654 of the Code of Civil Procedure is amended to read:

1654. (a) The remedies provided in this title are in addition to and not in substitution for any other remedies.

(b) Notwithstanding subdivision (a) or any other provision of law, no party to any action under this title, nor assignee of any party of any action under this title, shall be entitled to attorney's fees from the opposing party for prosecuting or defending the action, except where the court finds that the opposing party has not prosecuted or defended the action in good faith.

CHAPTER 184

An act to amend Section 4333 of the Business and Professions Code, relating to pharmacists.

[Approved by Governor June 23, 1986 Filed with Secretary of State June 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 4333 of the Business and Professions Code is amended to read:

4333. (a) Notwithstanding Section 651, an advertisement of the retail price for a drug which requires a prescription shall be limited to quantities of the drug which are consistent with good medical practice and shall include the strength, dosage form, and the exact dates during which the advertised price will be in effect.

(b) In every pharmacy there shall be prominently posted in a place conspicuous to and readable by prescription drug consumers a notice provided by the board concerning the availability of prescription price information, the possibility of generic drug product selection, and the type of services provided by pharmacies. The format and wording of the notice shall be adopted by the board in accordance with the rulemaking provisions of the Administrative Procedure Act.

(c) A pharmacist, or a pharmacist's employee, shall give the current retail price for any drug sold at the pharmacy upon request

from a consumer, however that request is communicated to the pharmacist or employee.

(d) If a requester requests price information on more than five prescription drugs and does not have valid prescriptions for all of the drugs for which price information is requested, a pharmacist may subject that requester to any or all of the following requirements:

(1) The request shall be in writing.

(2) The pharmacist shall respond to the written request within a reasonable period of time. A reasonable period of time is deemed to be 10 days, or the time period stated in the written request, whichever is later.

(3) For any request for price quotations for more than 20 drugs, the pharmacy may charge a reasonable fee, payable in advance, not to exceed one dollar ($1) for each price quotation, as long as the requester is informed that there will be a fee charged.

(4) No pharmacy shall be required to respond to more than three requests as described in this subdivision from any one person or entity in a six-month period.

(e) This section shall not apply to a pharmacy which is located in a licensed hospital and which is accessible only to hospital medical staff and personnel.

(f) Notwithstanding any other provision of this section, no pharmacy shall be required to do any of the following:

(1) Provide the price of any controlled substance, as listed in Sections 11054 to 11058, inclusive, of the Health and Safety Code, in response to a telephone request.

(2) Respond to a request from a competitor.

(3) Respond to a request from an out-of-state requester.

CHAPTER 185

An act to amend Section 6254 of the Government Code, and to amend Section 32106 of the Health and Safety Code, relating to hospital districts.

[Approved by Governor June 24, 1986 Filed with Secretary of State June 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That district hospitals provide efficient and cost conscious health care services in many areas of the state.

(b) Because of Proposition 13, on the ballot of June 6, 1978, which added Article XIII A to the California Constitution, and increasing pressure for cost containment in the health care industry, district hospitals are increasingly put into competitive positions with

nonprofit and proprietary hospitals.

(c) Because district hospitals are subject to public meeting and disclosure laws, they are, with growing frequency, forced to disclose financial and planning information in the nature of trade secrets, which information is of value to competing hospitals.

(d) Therefore, it is necessary in the interest of providing healthy competition for health care services to provide a limited exemption for district hospitals for purposes of the laws pertaining to open meetings and public records.

SEC. 2. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are any of the following:

(a) Preliminary drafts, notes, or interagency or intraagency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding those records clearly outweighs the public interest in disclosure.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies.

(2) Examination, operating, or condition reports prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(3) Preliminary drafts, notes, or interagency or intraagency communications prepared by, on behalf of, or for the use of, any state agency referred to in paragraph (1).

(4) Information received in confidence by any state agency referred to in paragraph (1).

(e) Geological and geophysical data, plant production data, and similar information relating to utility systems development, or market or crop reports, which are obtained in confidence from any person.

(f) Records of complaints to, or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any such investigatory or security files compiled by any other state or local police agency, or any such investigatory or security files compiled by any other state or local

agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, vandalism, vehicle theft, or a crime as defined by subdivision (c) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation; provided, however, that nothing in this division shall require the disclosure of that portion of those investigative files which reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name, current address, and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) The time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date and location of occurrence, the time and date of the report, the name, age and current address of the victim, except that the address of the victim of any crime defined by Section 261, 264, 264.1, 273a, 273d, 286, 288, 288a, or 289 of the Penal Code shall not be disclosed, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or weapons involved.

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination, except as provided for in Chapter 3 (commencing with Section 99150) of Part 65 of the Education Code.

(h) The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained, provided, however, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

(j) Library circulation records kept for the purpose of identifying the borrower of items available in libraries, and library and museum materials made or acquired and presented solely for reference or exhibition purposes. The exemption in this subdivision shall not apply to records of fines imposed on the borrowers.

(k) Records the disclosure of which is exempted or prohibited pursuant to provisions of federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege.

(*l*) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's legal affairs secretary, provided that public records shall not be transferred to the custody of the Governor's legal affairs secretary to evade the disclosure provisions of this chapter.

(m) In the custody of or maintained by the Legislative Counsel.

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with the licensing agency to establish his or her personal qualification for the license, certificate, or permit applied for.

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of the financial data would be competitively injurious to the applicant and the data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application which are subject to disclosure under this chapter.

(p) Records of state agencies related to activities governed by Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1, Chapter 10.5 (commencing with Section 3525) of Division 4 of Title 1, and Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, which reveal a state agency's deliberative processes, impressions, evaluations, opinions, recommendations, meeting minutes, research, work products, theories, or strategy, or which provide instruction, advice, or training to employees who do not have full collective bargaining and representation rights under the

above chapters. Nothing in this subdivision shall be construed to limit the disclosure duties of a state agency with respect to any other records relating to the activities governed by the employee relations acts referred to in this subdivision.

(q) Records of state agencies related to activities governed by Articles 2.6 (commencing with Section 14081), 2.8 (commencing with Section 14087.5), and 2.91 (commencing with Section 14089) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, which reveal the special negotiator's deliberative processes, discussions, communications, or any other portion of the negotiations with providers of health care services, impressions, opinions, recommendations, meeting minutes, research, work product, theories, or strategy, or which provide instruction, advice, or training to employees.

Except for the portion of a contract containing the rates of payment, contracts for inpatient services entered into pursuant to these articles, on or after April 1, 1984, shall be open to inspection one year after they are fully executed. In the event that a contract for inpatient services which is entered into prior to April 1, 1984, is amended on or after April 1, 1984, the amendment, except for any portion containing the rates of payment, shall be open to inspection one year after it is fully executed. If the California Medical Assistance Commission enters into contracts with health care providers for other than inpatient hospital services, those contracts shall be open to inspection one year after they are fully executed.

Three years after a contract or amendment is open to inspection under this subdivision, the portion of the contract or amendment containing the rates of payment shall be open to inspection.

Notwithstanding any other provision of law, the entire contract or amendment shall be open to inspection by the Joint Legislative Audit Committee. The Joint Legislative Audit Committee shall maintain the confidentiality of the contracts and amendments until such time as a contract or amendment is fully open to inspection by the public.

(r) Records of Native American graves, cemeteries, and sacred places maintained by the Native American Heritage Commission.

(s) A final accreditation report of the Joint Commission on Accreditation of Hospitals which has been transmitted to the State Department of Health Services pursuant to subdivision (b) of Section 1282 of the Health and Safety Code.

(t) Records of a local hospital district, formed pursuant to Division 23 (commencing with Section 32000) of the Health and Safety Code, which relate to any contract with an insurer or nonprofit hospital service plan for inpatient or outpatient services for alternative rates pursuant to Section 10133 or 11512 of the Insurance Code. However, the record shall be open to inspection within one year after the contract is fully executed.

Nothing in this section is to be construed as preventing any agency from opening its records concerning the administration of the agency to public inspection, unless disclosure is otherwise prohibited

by law.

Nothing in this section is to be construed as preventing any health facility from disclosing to a certified bargaining agent relevant financing information pursuant to Section 8 of the National Labor Relations Act.

SEC. 3. Section 32106 of the Health and Safety Code is amended to read:

32106. (a) Except as provided in this section or Section 32155, all of the sessions of the board of directors, whether regular or special, shall be open to the public, and a majority of the members of the board shall constitute a quorum for the transaction of business.

(b) The board of directors may order that a meeting held solely for the purpose of discussion or deliberation, or both, of reports involving hospital trade secrets be held in closed session. Except as provided in this subdivision, the closed session shall meet all applicable requirements of Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code, including Section 54957.7.

(c) "Hospital trade secrets," as used in this section, means a "trade secret," as defined in subdivision (d) of Section 3426.1 of the Civil Code, and in addition meets all of the following:

(1) Is necessary to initiate a new hospital service or program or add a hospital facility.

(2) Would, if prematurely disclosed, create a substantial probability of depriving the hospital of a substantial economic benefit.

(d) The exception provided in subdivision (b) to the general open meeting requirements for a meeting of the board of directors, shall not apply to a meeting where there is action taken, as defined in Section 54952.6 of the Government Code.

(e) Nothing in this section shall be construed to permit the board of directors to order a closed meeting for the purposes of discussing or deliberating, or to permit the discussion or deliberation in any closed meeting of any proposals regarding:

(1) The sale, conversion, contract for management, or leasing of any district hospital or the assets thereof, to any for-profit or nonprofit entity, agency, association, organization, governmental body, person, partnership, corporation, or other hospital district.

(2) The conversion of any district hospital to any other form of ownership by the hospital district.

(3) The dissolution of any hospital district.

Assembly Bill No. 3217

CHAPTER 186

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 25, 1986. Filed with Secretary of State June 25, 1986.]

I object to the following appropriations contained in Assembly Bill No 3217

Item 0420-111-001—For local assistance, for purposes of phase-in operation of the Trial Court Funding Act of 1985, Chapter 1607 of the Statutes of 1985 I eliminate this item in the amount of $5,000,000 and delete Provision 1.

When I signed the Trial Court Funding Act of 1985, I stated that subsequent legislation to implement this program should seek to avoid excessive new General Fund costs as well as include significant reforms to our judicial process. Funding for this program should be included in legislation that addresses these concerns This administration has submitted a proposal, SB 2087, which provides funding, avoids excessive new General Fund costs, and includes significant judicial reforms.

I am deleting Provision 1 to conform to this action

"1. Pursuant to pertinent rules to be adopted by the Judicial Council for implementation as provided in Section 77205 of the Government Code disbursements shall be made to selected option counties for phase-in of this program "

Item 0820-001-001—For support of Department of Justice. I reduce this item from $144,844,000 to $143,454,000 by reducing

(a) 11.01—Executive—Administration from $42,958,000 to $41,958,000,

(g) 50—Law Enforcement from $117,890,000 to $117,500,000,

and by deleting Provision 6

I am eliminating the $1,000,000 and 31.7 personnel years legislative augmentation for salary savings relief The Department of Justice's budget was augmented by $773,000 in the 1985–86 fiscal year for salary savings relief This amount was carried forward to the 1986–87 fiscal year

I am also eliminating the $390,000 and 4.7 personnel years legislative augmentation for the establishment of the Redding field office for the Bureau of Narcotic Enforcement/Bureau of Investigation I have provided $2,537,000 to upgrade the criminalistic laboratory services and $405,000 and 2 9 personnel years to establish three additional narcotics tasks forces, which is an eight percent increase in investigation and enforcement efforts If the department believes that it is more efficient to have a Redding field office, then existing resources should be redirected to establish this field office

I am also deleting Provision 6

"6 The Department of Justice shall not be restricted in the promotion of any deputy attorney general by the application of any staffing ratios "

This provision inappropriately restricts the Department of Personnel Administration's classification authority and the Executive Branch's approval of the allocation of resources This is a collective bargaining issue and should be addressed through the normal administrative process

Item 0860-001-001—For support State Board of Equalization. I delete Provisions 4 and 5

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations, with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals

were adopted by the Legislature, the contracting-out proposal which would have allowed the State Board of Equalization to realize cost-savings related to updating property tax cost manuals was not accepted In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract-out. I am, therefore, eliminating the two positions added by the Legislature and will use the related funds to contract for these services. I am, therefore, deleting Provisions 4 and 5 to conform to this action.

"4. Of the amount appropriated in category (a), $68,000 shall be expended for two full-time property tax appraisers These appraisers shall be used to update the board's property tax cost manuals. Of the amount appropriated in category (b), $32,000 shall be expended for support of these appraisers No later than December 15, 1986, the Board of Equalization shall report to the Chairperson of the Joint Legislative Budget Committee and the fiscal committees of each house of the Legislature regarding progress made in updating its property tax cost manuals. The report shall include, but shall not be limited to, the following (a) a list of the sections which must be updated; (b) a schedule for completing the update of these sections; and (c) the number of hours required to complete the update. In addition, the board shall provide an estimate of the level of resources necessary for maintaining the cost manuals "

"5. The Director of Finance shall provide written notification of any intention to approve any category transfer between categories (a) and (b) to the Chairperson of the Joint Legislative Budget Committee not sooner than 30 days prior to its approval of any such transfer, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine."

Item 1100-001-001—For support of Museum of Science and Industry I reduce this item from $8,510,000 to $8,321,000 by reducing,

(a) 100000—Personal Services from $4,701,000 to $4,512,000,

and by deleting Provisions 2 and 3

I am eliminating the $189,000 and 12 personnel years legislative augmentation which was added to retain state employees for operation of all parking lots in Exposition Park. This augmentation provides two months funding for continued operation of these lots with state staff until a net revenue contract can be implemented For 1986-87, a net revenue contract will be awarded to contract out for the operation of all parking lots not directly related to the Museum's facilities These are lots related to the Coliseum and to the Sports Arena which surround the Museum I believe that this is the most appropriate way of managing these parking lots since they support adjoining sports facilities and, therefore, are not related to the Museum's principal educational function.

I am deleting Provisions 2 and 3 to conform to this action

"2 The Director of General Services shall not approve a contract, permit, or lease agreement by the museum (excluding those for museum exhibits), which reduces state revenues or increases state costs by $25,000 or more, unless, not sooner than 30 days prior to giving his or her approval, the director submits in writing to the Chairperson of the Joint Legislative Budget Committee notification of the director's intent to approve the contract, permit, or lease, or not sooner than such lesser time as the chairperson may in each instance determine "

"3 None of the funds appropriated by this item may be encumbered for any program which would result in the replacement of state personnel employed in parking lot operations."

Item 1240-022-738—For support of Board of Cosmetology. I reduce this item from $3,305,000 to $3,133,000 by reducing·

(a) 33—State Board of Cosmetology from $3,326,000 to $3,154,000.

I am eliminating the $172,000 and 5.2 personnel years legislative augmentation which would provide for increased inspection staff to perform annual inspections. There is no evidence that the health and safety of the public is endangered if annual inspections are not conducted These inspections are conducted to review the conditions of the facilities and equipment, rather than the competence of the licensee

I believe the Board's remaining budget provides adequate resources to protect the health and safety of the public. According to the Board of Cosmetology, the planned decentralization of inspectors from the Division of Investigation to the Board will increase the average frequency of inspections of licensees from once every three years to once every two years. I believe this decentralization should be given an opportunity to be implemented before other measures are proposed.

Item 1730-001-001—For support of Franchise Tax Board. I reduce this item from $140,052,000 to $139,453,000 by reducing.

(a) 100000—Personal Services from $106,471,000 to $106,314,000,

(b) 300000—Operating Expenses and Equipment from $37,407,000 to $36,965,000.

I am reducing this item by $350,000 and 7.2 personnel years which the Legislature added to the Telephone Information Center. The Governor's Budget proposed an increase in funding of $1,043,000 and 13.4 personnel years for the Center in 1986–87, which would provide a 16.9 percent increase above the 1985–86 funding level. The Legislature augmented the Center's budget by $700,000 and 14.4 personnel years. I am reducing the augmentation by one half. I believe this will provide an adequate level of resources to respond to telephone inquiries. In addition to the telephone assistance, the Board has other sources of information available to the public, such as free Franchise Tax Board booklets. In 1986–87, a high priority for General Fund support in the Franchise Tax Board budget was to augment revenue-producing activities, such as audits and collections. A total of $4 01 million and 133 1 personnel years were added for these activities.

In addition, I am reducing this item by $249,000 to eliminate an augmentation for janitorial services. For 1986–87, I proposed $383,000 to continue a contract with a private firm for janitorial services in the new Sacramento headquarters building. This augmentation would increase that amount by 65 percent in order to contract with the Department of General Services, whose budget was augmented by $549,000 and 21 4 personnel years. Despite this increase in cost, the augmentation would not increase either the quantity or the quality of service provided to the Franchise Tax Board. The services provided by the private firm are less costly than using state staff, and, in addition, the contract is based on the payment of prevailing wages and meets other state requirements, including approval of the State Personnel Board I believe that continuation of this contract provides an opportunity to achieve the same level of service at a lower cost. Therefore, I am eliminating this augmentation for a savings of $249,000.

Item 1760-001-001—For support of the Department of General Services I eliminate this item and delete Provision 1.

This corresponds to actions I have taken in eliminating Item 1760-001-666 Although this action eliminates General Fund support for the Department of General Services, the department will recondition the two Capitol Building elevators for which an augmentation had been provided, as well as increase its staff by two positions to provide additional warehouse support staff for the loading docks in the Capitol. Funding will be provided from the Service Revolving Fund pursuant to the authority contained in Section 16422 of the Government Code.

To conform with this action, I am also deleting Provision 1

"1. In addition to the funds available in this item, any amounts received from the sale of the Governor's Budget and related publications funded from this item are available for expenditure."

Item 1760-001-002—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken eliminating Item 1760-001-666.

Item 1760-001-003—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Government Code Section 14678.

Item 1760-001-006—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666 As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Government Code Sections 4454.

Item 1760-001-022—For support of Department of General Services I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666.

Item 1760-001-026—For support of Department of General Services I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Government Code Section 16379.

Item 1760-001-120—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Education Code Sections 15371 to 15466

Item 1760-001-122—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Health and Safety Code Section 15047

Item 1760-001-344—For support of Department of General Services I eliminate this item and delete Provision 1.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Education Code Section 17708.

To conform with this action I am deleting Provision 1.

"1. Of the funds appropriated by this item, up to $565,000 shall be used for office automation in the Office of Local Assistance, but shall not be available for encumbrance until the feasibility study report for the project has been approved by the Director of Finance."

Item 1760-001-397—For support of Department of General Services I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666

Item 1760-001-450—For support of Department of General Services I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666 As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Health and Safety Code Section 19183(b).

Item 1760-001-465—For support of Department of General Services. I eliminate this item and delete Provision 1.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Public Resources Code Section 25216.5

To conform with this action I am deleting Provision 1

"1. On or before September 30, 1986, and annually thereafter the Director of General Services shall report, using generally accepted accounting principles, to the legislative fiscal committees on the income and expenses of all Office of Energy Assessment activities in the previous fiscal year This report shall identify personal services costs, operating expenses, and revenues."

Item 1760-001-602—For support of Department of General Services. I eliminate this item and delete Provisions 1, 3, 4 and 5.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Government Code Section 14957.

To conform with this action I am deleting Provisions 1, 3, 4 and 5.

"1. The appropriation from the Architecture Revolving Fund Item 1760-001-602 is

for expenditure by the Office of State Architect for the purpose specified in Section 14957 of the Government Code."

"3. Within 60 days of the enactment of this act, notice shall be given to the Joint Legislative Budget Committee of the Revisions necessary to the budget of the Department of General Services funded from the Architecture Revolving Fund to reflect the changes made to capital outlay project funding by the Legislature The Director of Finance shall, pursuant to Section 28 of this act, revise the appropriations contained in this item to coincide with the revisions reported by the department."

"4. The limitations of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Architecture Revolving Fund pursuant to Section 11006 of the Government Code, in cases where the Legislature approves funds for a particular project, the project involves additional expense by the Department of General Services and no additional funds have been appropriated to the Department of General Services for purposes of that project."

"5. The professional staff assigned to basic architectural and engineering services within the Office of State Architect shall not exceed 69 personnel years during the 1986–87 fiscal year, in accordance with the September 1985 report to the Legislature on projected workload in the office."

Item 1760-001-666—For support of Department of General Services. I eliminate this item and delete Provisions 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 17, 18, 19, 20 and 21.

In the Legislature's final actions regarding the Department of General Services budget, ten months of funding for the Director's Office and the Division of Administration was eliminated. While representing a small proportion of the total budget, these funds provide the department with the ability to support and direct all of the other programs for which it is responsible. A reduction of this magnitude would impair the ability of the department to provide such necessary services as architectural work for the state's capital outlay programs; printing; telecommunications, including emergency telephone number support; security for elected officials; procurement; allocations to school districts for school construction; and administrative hearings. In order to provide the necessary support and direction for these essential services, I am eliminating the Budget Act appropriation for the Service Revolving Fund to allow the continuous appropriation authority contained in Section 16422 of the Government Code to become effective. I am retaining the authorized positions approved by the Legislature except for the two augmentations for janitorial services and telecommunications staff discussed below. The balance of the personnel years will be supported by the continuous appropriation and are needed to meet departmental objectives. As a conforming action, I am eliminating the subsidiary items related to this item, many of which are also continuously appropriated.

I also will not be utilizing 21.4 personnel years to provide janitorial services to the Franchise Tax Board. In administering its continuous appropriation, the Department of General Services will not restore funding for these positions. This action, as well as the elimination of Provision 10 mentioned below, conforms to the action I have taken in Item 1730-001-001. I vetoed a similar augmentation in 1985–86 and indicated in the veto message that this activity continued to offer an appropriate opportunity to contract out. A contract was implemented in 1985–86 which is less expensive than using state staff, requires the payment of the prevailing wage rate, and was approved by the State Personnel Board. The Franchise Tax Board will save $249,000 annually as a result of continuing to contract out this activity. No evidence has been provided to warrant returning to the traditional delivery of service at a significantly higher cost.

In addition, I will not be utilizing the 5.7 personnel year legislative augmentation for the Office of Telecommunications. The continuous appropriation, however, will allow the department to spend the $314,000 added by the Legislature to contract with private sector consultants to provide the technical expertise which is needed for one-time activities on a short-term basis. Since the divestiture of AT&T and the deregulation of the telephone industry, the state has become responsible for managing its own telecommunications network. Telecommunications is a rapidly advancing

technical field in which expertise is limited and in great demand. Private sector organizations are developing this expertise and competing for individuals with these skills, limiting the State's ability to hire and retain qualified individuals Nevertheless, State communications services would benefit, and considerable monies would be saved, if the State could apply new techniques to the development of its voice and data networks Private sector providers of telecommunications services are eager to help the State develop new communication facilities In the process of establishing new telecommunications networks different, specific expertise is required at various stages of development, making parts of this initiative suitable for contracting out.

The Office of Telecommunications will spend the $314,000 to support, in consultation with other State agencies, the planning and development of new telecommunications networks which are necessary to provide improved services in many of the State's programs. The Office will rely on advice from organizations with established expertise in this field. The Office will prepare a report recommending specific implementation plans and schedules to ensure that the state is taking full advantage of the opportunities available in the current communications environment. This report will be available by April 30, 1987.

To conform with the actions taken in this item, I am deleting Provisions 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 17, 18, 19, 20, and 21.

"1 From any balance in the Service Revolving Fund, the Director of General Services, with the approval of the Director of Finance, may expend funds in excess of the amount appropriated in this item for the purchase of office copier machines. Any such amounts authorized by the Director of Finance for the purchase of office copier machines are hereby appropriated from the Service Revolving Fund as a loan to be repaid upon such terms and conditions as prescribed by the Director of Finance."

"2 No more than $38,019,000 appropriated in this item may be expended for support of the Office of State Printing "

"3. Purchase of any equipment for the Office of State Printing, except as provided for in this item, is subject to Section 28 of this act."

"4. Any surplus resulting from legislative printing shall be shown as reimbursement to Item 0130-021-001 of this act.

"5 None of the funds appropriated in this item may be expended to operate the gasification plant in Sacramento unless the Department of General Services determines that it is economical to do so. The Department of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of each house on a quarterly basis beginning October 1, 1984, on the status of the gasification plant and the department's determination of any savings achieved by operation of the gasification plant."

"6. The limitation of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Service Revolving Fund pursuant to Section 11006 of the Government Code, in cases where the Legislature approves funds for a particular service or purchase of equipment, the provision of the service or purchase of the equipment involves additional expense to be incurred by the Department of General Services and no additional funds have been appropriated to the department for that purpose."

"7. The Budget for the 1987–88 fiscal year for two program elements of this budget item shall be prepared using a zero-base budget technique. The Department of Finance and the Department of General Services shall select the two program elements."

"8. (a) Notwithstanding Section 16422 of the Government Code, the balance of any rental receipts paid into the Building Rental Account of the Service Revolving Fund as of June 30, 1986, after accounting for all receipts and the fiscal year 1985–86 costs of maintaining, operating, and insuring buildings included within the account shall be transferred by the State Controller to the General Fund and reported to the Joint Legislative Budget Committee no later than September 30, 1986.

(b) On or before September 30, 1986, the State Controller shall transfer to the

General Fund any amount of accumulated surplus in the Service Revolving Fund computed as of June 30, 1986, and any net amount of the Building Rental Account in excess of $61,500,000."

"9. The Director of General Services shall report to the legislative fiscal committees and the Joint Legislative Budget Committee, on a quarterly basis, the fund status of capital outlay projects for which the department provides services. The report shall include the project name, work order code, the appropriation by phase, and the expenditures to date on each of the phases of each active project serviced by the department."

"10. The Department of General Services shall not contract for janitorial services for the Franchise Tax Board facility in Sacramento."

"11. (a) The Director of General Services shall report to the Chairperson of the Joint Legislative Budget Committee on or before September 30, 1986, on the department's actions to: (1) determine the liability for 11 repair projects funded ($615,390) in the 1986-87 fiscal year; and (2) collect damages from the liable party to offset the cost of these special repair projects.

(b) If the Chairperson of the Joint Legislative Budget Committee determines that the director's report does not fully resolve the issue of liability, the Auditor General shall investigate this matter and report to the Chairperson of the Joint Legislative Budget Committee by April 30, 1987. The Auditor General's report shall detail:

(1) Persons, firms or organizations liable for these repairs.

(2) Whether the actions of the Department of General Services to recoup cost on these projects from consultants, contractors, or other responsible parties have been adequate and appropriate

(3) Actions the Department of General Services should take in the future to ensure that the state does not pay to correct building deficiencies resulting from errors or omissions by consultants, contractors, or others."

"14. Notwithstanding Section 16422 of the Government Code, on July 1, 1986, the State Controller shall transfer $3,700,000 from the Service Revolving Fund, Building Rental Account, to the General Fund."

"15. Notwithstanding Section 14669 of the Government Code, the Director of General Services, acting on behalf of the Office of Records Management, may enter into a lease, a lease with an option to purchase, or a lease-purchase agreement, for the purpose of providing adequate storage facilities for the Office of Records Management. Prior to entering into any contractual agreement for a new storage facility, the director shall prepare an analysis to provide a storage facility under a variety of arrangements which include, but are not limited to, the use of a lease, a lease with an option to purchase, or a lease-purchase agreement. The director shall not enter into a lease, a lease with an option to purchase, or a lease-purchase agreement unless, at least 30 days prior to its execution, the director notifies the Chairperson of the Joint Legislative Budget Committee and chairpersons of the legislative fiscal committees of his or her intent to enter into such an agreement, and shall include an analysis and justification for selecting the approach which the director deems to be in the best interest of the state."

"16. Of the funds appropriated in this item, $299,000 for office automation in the Office of Administrative Services shall not be available for encumbrance until a feasibility study report for the project has been approved by the Department of Finance."

"17 The Director of General Services may enter into a lease-purchase agreement, an agreement for the appointment of a bond trustee, an amendment to the Existing Joint Powers Agreement to provide for a parking structure, and an agreement for the Department of General Services to act as agent for construction matters, all with the Joint Powers Authority created under the Joint Powers Agreement dated June 30, 1982, entered into with the Community Redevelopment Agency of the City of Los Angeles. The

lease-purchase agreement may provide for space to be used for private commercial purposes. The director shall notify the Chairperson of the Joint Legislative Budget Committee and the chairperson of the legislative fiscal committees of his or her intention to execute the lease-purchase agreement at least 20 days prior to its execution."

"18. Of the amount appropriated in category (b), $579,000 budgeted for the Purchasing Information Network computer system may not be encumbered unless the appropriate feasibility study reports (relating to the information software and the office automation equipment) are approved by the Office of Information Technology in the Department of Finance."

"19. At least 10 days before signing a contract with a private firm to provide janitorial services, the Director of General Services shall certify to the Joint Legislative Budget Committee that the level of janitorial services to be provided by the private firm shall meet or surpass the standards applied for a state office building maintained by janitors of the Office of Buildings and Grounds."

"20. Of the amount appropriated in category (b), $25,000 shall be used for follow-up purposes for reviewing the status of implementation of the management study of the administration of Office of Procurement "

"21. Of the amount appropriated in category (b), $4,760,000 shall be used for the purchase of currently-leased telephone equipment and $240,000 shall be used for consulting services by the Office of Telecommunications in the Department of General Services "

Item 1760-001-688—For support of Department of General Services. I eliminate this item

This corresponds with the action I have taken in eliminating Item 1760-001-666 As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Public Contract Code Section 10383.5.

Item 1760-001-739—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Education Code Section 16096.

Item 1760-001-890—For support of Department of General Services. I eliminate this item.

This corresponds with the action I have taken in eliminating Item 1760-001-666 As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Government Code Section 16361 and Section 8 5 of the Budget Act of 1986.

Item 1760-001-961—For support of Department of General Services. I eliminate this item

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Education Code Section 17780

Item 1760-011-602—For support of Department of General Services. I eliminate this item and delete Provisions 1, 2, 3, 4 and 5.

This corresponds with the action I have taken in eliminating Item 1760-001-666. As a result of eliminating this item, continued funding is authorized by the continuous appropriation authority contained in Government Code Section 14957.

To conform with this action, I am deleting Provisions 1, 2, 3, 4 and 5

"1. The Director of General Services shall immediately establish a Capital Outlay Control Unit in the Department of General Services. This unit shall report directly to the Director; it shall not report to, or be responsible in any way, to the State Architect. None of these funds or positions shall be transferred to the Office of State Architect "

"2. The Capital Outlay Control Unit, in consultation with the Office of State Architect, shall determine which projects the Office of State Architect will design using in-house professional staff. The projects shall be selected taking

into consideration the projects which the State Architect determines the Office can accomplish within the time frames established for the 1986–87 fiscal year and the professional staff assigned to basic and non-basic architectural and engineering services by Item 1760-001-602."

"3. The Capital Outlay Unit shall negotiate a fee for services with the Office of State Architect for each project assigned to that office. The unit shall enter into an interagency agreement with the office which sets forth the project schedule and fees for each phase of the project. The unit shall make progress payments to the office, based on a set percentage completion of each phase of each project. Prior to any payment to the office, the Director of General Services shall review and concur in the percentage of project completion used as the basis for payment. The interagency agreement and payment schedule for each project shall be similar to those negotiated with private architectural/engineering consulting firms."

"4. The Capital Outlay Control Unit shall be responsible for contracting with private sector firms to undertake work on the capital outlay projects assigned to the Department of General Services After establishing the projects to be undertaken by the Office of State Architect, the unit shall immediately begin the process of selecting private architectural/engineering consulting firms to undertake the remaining projects."

"5. On or before November 1, 1986, the Director of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the legislative fiscal committees on the status of each project under the jurisdiction of the Capital Outlay Control Unit The report shall identify, for each project, the project's status, the project's status compared to the original schedule, interagency/contractual fees, and any anticipated cost savings or overruns."

Item 1760-321-036—For capital outlay, Department of General Services. I delete Provisions 1, 2, 2.5 and 3.

I am deleting Provisions 1 and 3 because they limit how the Director of General Services can assign management resources to direct the programs in his Department's budget, and, thus, violate prudent management principles In reserving this flexibility for the Department of General Services, I urge the Department to strive to meet the program objectives embodied in these two provisions.

"1 Of the amount appropriated in category (2), $382,000 shall be available to the Office of Project Development and Management to administer the Underground Storage Tank Program. The tanks program shall include· (1) testing all known state-owned tanks; (2) drainage of leaking tanks; (3) soil borings at leaking tank sites; (4) cleanup of hazardous, leaking tanks; and (5) replacement of nonconsolidatable tanks "

"3. Of the amount appropriated in category (3), $2,276,000 shall be available to the Office of Project Development and Management (OPDM) asbestos program. The OPDM shall, by March 1, 1987, provide the asbestos survey and removal/control (R/C) plan to the Legislature. The R/C plan shall include, at a minimum, a list of the buildings, the R/C requirements for each building, a priority list for R/C along with the criteria used to establish the priorities, and cost estimates and schedules for R/C activities "

I am deleting Provision 2 because it could prevent the Department of General Services from maximizing the number of essential clean-ups and replacements of leaking underground storage tanks from the funds available under this appropriation. Criteria originally proposed in the current year suggested a $100,000 limit per clean-up site be used to ensure that catastrophic leaks which may be found do not deplete all funds in the appropriation. Rather, the intent is to seek a separate appropriation for such occurrences to assure progress on other essential replacements and clean-ups of more modest magnitude. The $100,000 limit suggested is judged by General Services to be sufficient for 90 percent of the occurrences

"2. The Director of General Services and the Director of Finance are prohibited from limiting the amount of funds provided under category (2) that may be expended to remedy an underground storage tank site."

I am also deleting Provision 2.5 because it would require a separate statute to authorize expenditure of the appropriation made in this bill. Such a provision is unnecessary because the Budget Act appropriation itself constitutes spending authority in this case.

"2.5 Of the amount appropriated in category (2), funds provided for underground storage remediation shall not be available for expenditure prior to legislative authorization."

Item 2200-001-001—For support of Department of Commerce. I reduce this item from $18,042,000 to $17,613,000 by reducing:

(f) 50—Small Business from $5,241,000 to $4,812,000,

and deleting: Provisions 6 and 7.

I am reducing this item by $429,000 and 3 0 positions to eliminate the legislative augmentation for the Small Business Development Center (SBDC) program Chapter 1154, Statutes of 1983, which implemented the State SBDC program, linked the State program to the Federal Small Business Administration (SBA) program. Because SBA funds will be terminated in 1986–87, my budget eliminated the matching State funds for the program. We have recently learned of the availability of other Federal funds (Job Training Partnership Act) in the amount of $400,000 and have requested the Legislature to approve the use of these funds for this purpose

I am deleting Provision 6 as a conforming action.

"6 Of the funds appropriated in category (f), $429,000 shall be allocated to the Office of Small Business for the support of existing rural Small Business Development Centers (SBDC's) and three urban SBDC's, including an SBDC in San Diego County. The department shall negotiate in good faith with the United States Small Business Administration in an effort to secure Federal funding for the SBDC's and shall report to the chairs of the Senate Budget and Fiscal Review Committee and the Assembly Ways and Means Committee on the progress of these negotiations on October 1, 1986, and January 1, 1987 Notwithstanding on the availability of Federal funds, the $429,000 shall continue to be available for the support of urban and rural SBDC's."

Further, I am deleting Provision 7 as it would restrict the department's ability to plan and conduct effective small business conferences throughout the year.

"7 None of the funds allocated by the department for the purpose of conducting small business conferences shall be expended prior to January 1, 1987."

Item 2200-002-001—For support of Motion Picture Council I reduce this item from $110,000 to $85,000.

I am reducing this item by $25,000 to eliminate the legislative augmentation for the Motion Picture Council. My budget provides $85,000 for this agency which is the appropriate level established by Chapter 1639, Statutes of 1984, which transferred the Motion Picture Council to the Department of Commerce.

Items 2200-003-001 through 2200-054-001—For support of Department of Commerce.

I am eliminating Budget Act language from the following items that would prohibit payment of the Department of Commerce's exempt salaries unless an Executive Director to the Motion Picture Council is appointed. The language constitutes an infringement on the appointment power of the Governor.

Item 2200-003-001:

I am deleting language from this item as follows.

"For support of Department of Commerce ~~; Salaries of Exempt Positions Specified in subdivision (a) of Provision 5 of Item 2200/001/001, available for encumbrance only between July 1, 1986 and July 6, 1986, if a qualified Executive Director of Motion Picture Council has been appointed.~~ "

Item 2240-001-001—For support of Department of Housing and Community Development. I reduce this item from $5,914,000 to $5,714,000 by reducing:

(a) 10—Codes and Standards Program from $18,949,000 to $18,749,000,

(b) 20—Community Affairs Program from $13,397,000 to $13,297,000,

and by eliminating.

(v) Amount payable from the Special Account for Capital Outlay (Item 2240-001-036) (−$100,000).

I am reducing this item by $200,000 to reflect the elimination of an augmentation for additional field staff for enforcement of the Employee Housing Act. The department currently uses 6 personnel years for field enforcement activities. In my budget for fiscal year 1986–87, I proposed to increase this to 7.9 personnel years, an increase of almost 30 percent. This proposed staffing level is adequate to meet the estimated workload for this activity and further augmentation has not been justified

I am eliminating the $100,000 payable from the Special Account for Capital Outlay for the support of the Rural Development Assistance Program (RDAP) in Nevada, Sierra, Sutter, Yuba and Butte Counties My budget contains approximately $735,000 and 5 7 personnel years to support this program In 1986–87 the department's Northern California office will be relocated and will provide direct service to Glen, Tehama, Butte and Yuba Counties Included in the department's budget is $100,000 for contract services in support of RDAP These existing funds can be used to assist other counties, including Nevada, Sierra, and Sutter, on a priority basis. Tidelands revenues for 1986–87 are down from an original estimate of over $400 million to less than $100 million. In light of the funding provided in my budget and the fact there are not sufficient tidelands revenues, I believe it is inappropriate to use these revenues for discretionary program expansions in RDAP.

Item 2240-001-036—For support of Department of Housing and Community Development I eliminate this item and delete Provision 1

I am eliminating this item to correspond to the action I have taken in Item 2240-001-001.

I am deleting Provision 1 to conform to this action.

"1. Funds appropriated by this item shall be expended for contracted services in Nevada, Sierra, Sutter, Yuba, and Butte counties for the Rural Development Assistance Program established pursuant to Section 50507 of the Health and Safety Code. The contracted services shall be with regional nonprofit entities that are currently working in or have access to the area, and that have experience in providing and will under the contract provide comprehensive housing and community development services. Up to one-half of the contracted services shall be for community economic development services."

Item 2240-101-036—For local assistance, Department of Housing and Community Development. I eliminate this item.

I am eliminating the $4,500,000 augmentation and associated language which would provide $2,000,000 for the Farmworker Housing Grant Program and $2,500,000 for the development of additional farm labor camps. My budget already provides $2,500,000 for the Farmworker Housing Grant Program and $4,200,000 for the operation of 25 farm labor camps In addition, I signed legislation last year, Chapter 967, Statutes of 1985, which provided $1,400,000 for the development of additional farm labor camps. Further, I believe it is inappropriate to use tidelands revenues for discretionary program expansions in these areas

I am deleting Provisions 1 and 2 to conform to this action.

"1. Of the amount appropriated by this item, $2,000,000 shall be available for transfer by the Controller to the Farmworker Housing Grant Fund (927) "

"2 Of the amount appropriated by this item, $2,500,000 shall be expended for development of farm labor camps pursuant to Section 50710 of the Health and Safety Code, provided that no more than $600,000 may be expended for migrant housing which provides a parking space for travel trailers and vehicles for migrant farmworkers and minimum facilities such as water and utility hookups, laundries, and lavatories, and provided that not more than 3 percent of the amount may be transferred to category (b) of Item 2240-001-001 administrative costs "

Item 2240-101-843—For local assistance, Department of Housing and Community Development I reduce this item from $14,000,000 to $9,000,000 by eliminating

(a) (1) Rental Housing Construction Program ($5,000,000),

and by deleting

Provision 2

I am eliminating the $5 million provided in this item for the Rental Housing Construction Program. In my January budget I proposed this item at $20 million, of which $10 million was for rental housing construction However, due to the drop in oil prices, the estimated revenue from the State's tidelands dropped from over $400 million to less than $100 million This drop in revenues required that reductions in program funding be made In the May Revision, I proposed to reduce this item to $10 million by eliminating funding for rental housing construction That action constituted only a 50 percent reduction although revenues had dropped by 75 percent That proposal still provided $10 million to meet the more urgent housing needs Since the revenue forecast has not improved, I must now reduce this item to conform to my proposed May Revision My budget still provides $3 4 million to allow the Rental Housing Construction Program to continue.

I am deleting Provision 2 to conform to this action

"2 Of the funds appropriated in this item for the Rental Housing Construction Program, up to 50 percent may be transferred to the Housing Rehabilitation Loan Fund to be used for Deferred Payment Rehabilitation Loans "

Item 2240-111-036—For local assistance, Department of Housing and Community Development. I eliminate this item

I am eliminating this $500,000 augmentation from the Special Account for Capital Outlay which would provide support for the Rural Facilities Technical Assistance Program Of the $73 million in the department's budget for local assistance, over 50 percent will go for assistance to small cities and rural areas Further, my Rural Renaissance Program will provide $8 million in additional funding to meet the unique needs of rural areas

Tidelands revenues are down from original estimates of over $400 million to less that $100 million In light of the funding discussed above and the fact there are not sufficient tidelands revenues, I believe it is inappropriate to use these revenues to fund discretionary programs

Item 2240-121-001—For local assistance, Department of Housing and Community Development I eliminate this item and delete Provisions 1, 2, 3 and 4

I am eliminating this $13 million augmentation for various housing programs because other funding is provided in my budget

This augmentation would provide $6 million for the Emergency Shelter Program (ESP) My budget provides $4 million for ESP from the California Housing Trust Fund

This augmentation would provide $4 5 million for Deferred Payment Rehabilitation Loans. My budget provides $4.9 million for high priority rehabilitation programs. This includes $1 million for Farm Labor Housing Rehabilitation, $1 4 million for Deferred Payment Rehabilitation Loans, and $2.5 million for Special User Housing Rehabilitation for the elderly and handicapped

This augmentation would provide $1 million for the Rental Housing Construction Program (RHCP) My budget provides $3 4 million for RHCP

This augmentation would provide $1.5 million for the Rural Rental Assistance

Program. Effective use of these funds requires that Federal funding be available from the Farmers Home Administration. From all indications these Federal funds will be very limited in 1986–87. Also, my budget provides assistance to rural areas from several sources. Twenty percent of all funds appropriated from the California Housing Trust Fund ($2 million) must be used in rural areas. Of the $35 6 million expected in Community Development Block Grant funds, approximately $20 6 million will go to small cities and rural areas Finally, my Rural Renaissance Program will provide $8 million to meet the unique needs of rural areas.

I am deleting Provisions 1 through 4 to conform with this action

"1 Of the amount appropriated by this item, $6,000,000 shall be for transfer to the Emergency Housing and Assistance Fund, to be encumbered pursuant to Chapter 11 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code Notwithstanding any other provision of law, up to 50 percent of these funds may be used for the cost of operations "

"2. Of the amount appropriated by this item, $4,500,000 is for transfer to the Housing Rehabilitation Loan Fund to be used for Deferred Payment Rehabilitation Loans."

"3. Of the amounts appropriated by this item, $2,500,000 is for the transfer to the Rental Housing Construction Fund, provided that up to $500,000 may be transferred to the Housing Rehabilitation Loan Fund to be used for Deferred Payment Rehabilitation Loans, and that $1,500,000 shall be expended for the Rural Rental Assistance Program "

"4 Notwithstanding any other provision of law, up to 3 percent of the funds appropriated by this item may be transferred to category (b) of Item 2240-001-001 for personnel or contracted services."

Item 2290-001-217—For support of Department of Insurance

I am approving legislative augmentations totalling $1,050,000 and 22.8 personnel years to enable the department to increase consumer services to the public The funds will provide for additional staff to respond to consumer complaints and to increase claims examinations of insurance companies, the establishment of toll-free telephone access lines to the department, and the publication and distribution of consumer information pamphlets to the public

Item 2660-001-042—For support of Department of Transportation. I reduce this item from $854,992,000 to $854,286,000 by reducing:

(b) Highways from $1,014,120,000 to $1,013,414,000,

(b) (8) 20.80 Maintenance from (443,828,000) to (443,122,000)

and by deleting·

Provisions 4, 5, 6, 7, 9, 10, 11, 12 and 13

I am eliminating the $700,000 and 17.7 personnel years legislative augmentation. This augmentation was added to increase the level of staff available for snow removal activities. However, the department has taken alternative action to increase resources available for snow removal. Additionally, the department is revising its operating procedures to ensure that snow removal staff are in place at mountain maintenance stations in time to meet future snow emergencies.

I am deleting Provision 9 to conform to this action.

"9 The augmentation of $700,000 shall be used by the Department to hire 50 permanent/intermittent employees during the winter season to be stationed in mountain areas to maintain snow removal equipment and to clear snow from the highways."

I am also deleting Provision 10 to conform to this action.

"10 The Department shall, to the maximum extent possible, discontinue its policy of utilizing permanent on-call employees for snow removal activities."

Provision 10 constitutes interference in the management of an Executive Branch department Furthermore, the department has already eliminated its use of permanent on-call employees for snow removal work. Therefore, it is both unnecessary and inappropriate.

I am eliminating $1,000 which would be required to perform a study of the department's snow removal activities, as specified in Provision 11. The information requested by Provision 11 is speculative and of a nature that requires analytical

resources not possessed by the department.

I am deleting Provision 11 to conform to this action.

"11. The Director shall report to the Legislature and the Legislative Analyst by April 1, 1987, on the result of the Department's redirection of 21 personnel-years to snow removal activities and its increase of 31 personnel-years for cash overtime. The report shall take into account: (a) cost effectiveness; (b) quality of service; (c) lost revenue and taxes resulting from necessary and unnecessary road closures; (d) management issues, such as employee morale; and (e) equipment maintenance needs."

I am eliminating $1,000 which would be required to perform a study on the effectiveness of contracting for highway maintenance and project development work While a portion of the information requested would be relatively simple to produce, the information related to the volume of work accomplished is likely to be misleading because of the unique characteristics of each highway maintenance and project development task. Furthermore, nothing in this provision provides any form of budget control; therefore, it is inappropriate to include it in the Budget.

I am deleting Provision 4 to conform to this action

"4. The Director shall report to the Chairman of the Joint Legislative Budget Committee and the chairman of the fiscal committees by December 15, 1986, on the effectiveness of contracting and the department's experience since 1984–85 The report shall include, but not be limited to, the following information: (1) the appropriated amounts and actual amounts spent for contracting in the 1984–85 and 1985–86 fiscal years for identified activities in highway maintenance and project development, and (2) the volume of work accomplished in each category of activities and the personnel-year equivalent of this work, had the department performed the work using its own staff"

I am eliminating $1,000 which would be required to perform a study to implement SCR 59. Accounting for funds is an administrative matter which must be handled by management. The Department of Transportation, in conjunction with the Department of Finance, began a review of State Highway Account accounting in January 1986 and I expect to receive final recommendations for change by early 1987. Thus, the study proposed in Provision 5 is duplicative and unnecessary.

I am deleting Provision 5 to conform to this action.

"5 Of the funds appropriated in this item, an amount not to exceed $150,000 may be used to contract with the Legislative Analyst for purposes of contracting for a study pursuant to SCR 59 of the 1985–86 Regular Session to identify alternatives to accrual methods of accounting for State Highway Account funds; the impact of such alternatives on project programming, budgeting, and accounting procedures, and to make recommendations on prudent changes in the management of the state resources supporting the State Highway Program which would minimize the accumulation of large appropriated and unappropriated balances in the State Highway Account"

I have taken the opportunity to review the Legislature's action on the contracting-out proposals which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would have allowed the Department of Transportation to contract for project development work was not accepted. In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract out. I am, therefore, eliminating the budget control language added by the Legislature which would require the passage of additional legislation before the department could use more than one-quarter of the $21 million added to the budget for contracting for project development work. Existing provisions of the Government Code and Streets and Highways Code provide sufficient authority to engage in the proposed contracts.

I am also deleting Provision 6 to conform to this action

"6. Of the amount appropriated by this item, $5,250,000 may be expended in the first quarter of fiscal year 1986–87 for contracting out the equivalent of 66.75 personnel years of project development work consistent with existing law.

0 9 40 0

After the first quarter, $15,750,000 shall be expended to employ up to 203.75 personnel years of departmental staff to perform project development work, or may be expended for contracting out the equivalent of 203.75 personnel years if and only if legislation is enacted providing the department with clear contracting authority for this work."

I am eliminating $1,000 which would be required to perform a semi-annual report on the contracting of project development work. The information requested in this language, such as an assessment of "the potential and ease to contract with the private sector" is necessarily subjective, and is therefore not appropriate for inclusion in the Budget

I am deleting Provision 7 to conform to this action.

"7. The department shall report on December 31, 1986, and semiannually thereafter, on its contracting experience Information reported shall include, but not be limited to, the types and amount of project development work contracted and an assessment of the potential and ease to contract with the private sector on a continuous basis."

I am eliminating $1,000 which would be required to perform a system analysis of the State Route 61 Corridor. The department operates a comprehensive Trasportation Planning Program which evaluates highway needs on a statewide basis. State Route 61, like all other highway needs, should be addressed through this comprehensive program. To provide separate and specialized consideration of one highway route would be inequitable to all others and would pose a bad precedent. Furthermore, the department intends to participate in a study of the Route 61 Corridor in conjunction with Alameda County, the Cities of Oakland and Newark, and other jurisdictions affected The purpose of the study will be to assess the best method of determining the location of Route 61 and protecting its right-of-way from extensive development. Given this action, as well as the existence of a formal Transportation Planning Program, the study requested in Provision 12 is unnecessary.

I am deleting Provision 12 to conform to this action.

"12. Of funds appropriated in this item, up to $800,000 from the State Highway Account shall be available to the Department to perform a detailed system analysis of the State Route 61 Corridor between State Route 84 in Newark and I-580 in Albany."

I am eliminating $1,000 which would be required to provide a report to the Legislature on the department's guidelines on the use of overtime. Overtime is an effective means for maintaining transportation project schedules and accommodating fluctuating workloads. In the Highway Transportation Program overtime enables project development staff to take advantage of the extended daylight available in summer and accelerate project completion. Overtime is also a key resource for maintenance staff who must often work long hours to clear highways after storms. The prudent allocation of overtime in order to meet such needs is proper and reasonable.

I am deleting Provision 13 to conform to this action.

"13. No funds allocated for Capital Outlay Support overtime shall be expended in such a way that any employee receives overtime payments in excess of three months in any one year, except for employee overtime payments made for the duration of flood, fire, or other similar emergency. The Director shall report to the Legislature by September 1, 1986 on its guideline on the use of overtime in Capital Outlay Support."

Item 2660-051-001—For transfer to the Transportation Planning and Development Account, State Transportation Fund, Department of Transportation. I reduce this item from $55,000,000 to $35,000,000.

I am reducing this item by $20,000,000. This reduction will retain a General Fund transfer to the Transportation Planning and Development Account (TP&D) which is sufficient to fund all Transit Capital Improvement projects which were originally proposed in the Budget it is also consistent with the level of General Fund impact which was estimated when SB 300 (Chapter 1600, Statutes of 1985) was enacted. Moreover, although this action is likely to reduce the level of transit subsidies available through the State Transit Assistance (STA) program, transit districts will receive approximately $584,000,000 in transit subsidies through the Local Transportation Fund

during 1986–87, an increase of $37 million over 1985–86. Furthermore, I am sustaining budget control language which would appropriate any additional TP&D revenues for STA. Therefore, California's transit districts should have sufficient resources to continue to provide effective transit services during 1986–87.

Item 2660-301-042—For Capital Outlay, Department of Transportation. I delete Provision 5.

Provision 5 of this item is inconsistent with the existing procedures for planning and funding transportation projects. These procedures constitute the State Transportation Improvement Program (STIP), which is developed and updated on an annual basis by the Department of Transportation in conjunction with California's regional transportation planning agencies, and adopted by the California Transportation Commission The STIP procedures, as authorized by the Government Code, ensure that all prospective transportation projects are evaluated equitably and that funding priorities reflect statewide needs. This language provides for specialized funding treatment for a particular project. Sustaining this language would set an undesirable precedent by encouraging others to seek special consideration for particular projects. Therefore, I am deleting Provision 5

"5 When the existing Moorpark Maintenance Station in Ventura County is sold, proceeds from the sale may be used to construct a new maintenance station."

Item 2660-301-890—For Capital Outlay, Department of Transportation I delete Provisions 6 and 7.

I am deleting Provision 6

"6. Of the $100,000,000 in State Highway Account funds included in this item specifically to replace federal funds in order to maintain existing commitments in the 1985 State Transportation Improvement Program, no funds may be expended until 30 days after notification to the Legislature by the Director of Transportation of the intent to expend the funds Notification shall be made to the chairpersons of the Joint Legislative Budget, the Assembly Transportation, and the Senate Transportation committees"

This provision is unnecessary and would not be operative if it remained in the budget because it applies only to State Highway Account funds There are no State Highway Account funds in this item. I am, however, retaining Provision 6 in Item 2660-301-042 where it will have the effect intended by the Legislature

I am also deleting Provision 7.

"7. Provisions 7 to 9, inclusive, of Item 2660-301-042 shall also be applicable to this item."

Provisions 7 to 9, inclusive, of Item 2660-301-042 refer only to State Highway Account funds Since there are no State Highway Account funds in this item, this language would not be operative. I am, however, retaining Provisions 7 to 9 in Item 2660-301-042 where they will have the effect intended by the Legislature.

Item 2720-001-044—For support of Department of the California Highway Patrol I reduce this item from $467,057,000 to $466,997,000 by reducing

(a) 10—Traffic Management from $430,264,000 to $430,204,000,

and deleting Provision 2.

I am eliminating the legislative augmentation of $60,000 to fund a cellular phone pilot project because the purpose and scope of the study have not been adequately defined and I am unable to substantiate the need for the pilot project or the benefits to be derived. The budget includes $10 1 million for telecommunciation equipment. Included in this amount is $7.5 million for the first year of a 3-year replacement project of mobile enforcement radios. Because this replacement effort to upgrade the mobile radios is underway and will significantly improve the California Highway Patrol telecommunication network, there appears to be no need to further increase funding in this area.

I am also deleting Provision 2 to conform to this section.

"2. The Department of the California Highway Patrol shall report to the Legislature on or before November 1, 1986, on the effectiveness of using cellular phones in the department's vehicles"

Item 2720-301-044—For capital outlay, Department of California Highway Patrol. I

delete Provision 4.

Provision 4 of this item is not necessary as the information requested by this provision has already been provided to the Committee and can be supplemented should further questions exist. Therefore, I am deleting Provision 4.

"4. On or before September 1, 1986, the California Highway Patrol shall submit a report to the Chairperson of the Joint Legislative Budget Committee which details why the budget estimate for the Golden Gate facility, as approved by the Public Works Board, did not include an adjustment for inflation."

Item 2740-001-044—For support of Department of Motor Vehicles I reduce this item from $233,229,000 to $233,193,000 by reducing:

(b) Operating Expenses and Equipment from $100,936,260 to $100,734,000,

and by eliminating.

(h) Amount payable from the Financial Responsibility Penalty Account (Item 2740-001-487) ($166,260),

and by deleting Provision 4.

I am eliminating the legislative augmentation of $166,260 payable from the Financial Responsibility Penalty Account (Item 2740-001-487) to fund an uninsured motorist victim study because the purpose and scope of the study have not been adequately defined and I am unable to substantiate the need or potential benefit of the study.

I am eliminating the legislative augmentation of $35,000 to fund a lease for a new facility in the Simi Valley area. Local offices of the Department of Motor Vehicles are established in new areas on a priority basis determined by a needs study. It is my understanding that the office for Simi Valley has been designated as a priority as a result of the normal review process. Therefore, I see no reason to alter the rankings and move this office to a higher priority.

I am eliminating $1,000 which would be required to perform a management study. It is unclear what the management study would accomplish and the cost of conducting a zero-based budget analysis may out-weigh the benefits derived because the bulk of the department's workload is mandated by legislation and determined by the number of vehicles and drivers operating in California

I am also deleting Provision 4 to conform to this action.

"4. The Director, in preparing the 1987–88 budget request, shall require managers to compare, evaluate, and rank existing programs and activities (base expenditures) against new programs, and alternative ways of achieving objectives. In meeting this requirement, the Department shall participate in a management study to be performed by an outside contractor. The Director shall select, with the approval of the Directors of Finance and General Services, a qualified contractor, having knowledge and experience in (a) state organizations and operations, (b) state fiscal and budget practices, and (c) zero-based budgeting techniques, to perform the management study The Request for Proposal shall be reviewed by the Chairs of the Joint Legislative Budget Committee, the fiscal committees, and the policy committees prior to its release. The cost of the contract shall not exceed $200,000. The Director shall include in the requirements of the contract that a report be provided to the Legislature from the contractor by December 15, 1986."

Item 2740-001-487—For support of Department of Motor Vehicles. I eliminate this item.

I am eliminating this item to correspond to the action I have taken in Item 2740-001-044.

Item 2740-301-044—For capital outlay, Department of Motor Vehicles. I delete Provisions 2 and 3

I am deleting Provision 2 pertaining to the Upland field office because, in limiting how the Director of General Services may assign resources regarding internal workload distribution, prudent management principles would be violated.

"2. Project design for the proposed new facility in category (9) shall be administered through the Office of Project Development and Management in the Department of General Services rather than through the Office of the State Architect."

I am also deleting Provision 3 because I believe that establishment of this reporting requirement is not necessary. Current administrative procedures provide appropriate authority to monitor this project in accordance with legislative intent, and legislative staff can be apprised of any necessary augmentations.

"3 The Director of Motor Vehicles shall notify the Chairperson of the Joint Legislative Budget Committee 30 days prior to any augmentation for the Fullerton project included in Category (1)."

Item 3380-001-001—For support of the California Waste Management Board I reduce this item from $4,355,000 to $4,305,000 by reducing.

(b) 300000—Operating Expenses and Equipment from $1,378,000 to $1,328,000.

I am eliminating a $50,000 legislative augmentation to fund a study of used tire disposal in the State The Board already has $515,000 in its baseline budget for studies and other contracts. The Board is provided latitude in the expenditure of these funds and if a used tire study is necessary, the Board has sufficient resources to fund such a study from within its baseline budget.

Item 3400-001-001—For support of State Air Resources Board I reduce this item from $5,990,000 to $5,940,000 by reducing·

(b) 20—Environmental Affairs from $1,229,000 to $1,179,000,

and by deleting Provision 4

I am eliminating the $50,000 legislative augmentation for the voluntary registration of environmental assessors, as proposed in SB 1875 I believe that this augmentation should be considered as part of the pending legislation

I am also deleting Provision 4 to conform with this action

"4 Of the amount appropriated by category (b), $50,000 shall be available for expenditure only if Senate Bill No. 1875 of the 1985–86 Regular Session is chaptered."

Item 3400-101-044—For local assistance, State Air Resources Board. I reduce this item from $9,011,000 to $7,511,000 by reducing:

(b) 500005—Special Grants from $2,000,000 to $500,000,

and by revising Provision 1

I am reducing $1,500,000 of the $2,000,000 legislative augmentation for the Special Grants Program I am retaining $500,000 to be available for grants to rural districts. Given the priorities for funding with the limited available resources, I believe it is important that local districts seek to maximize their fee-setting authority. In addition, the State Air Resources Board should investigate the possibility of restructuring the subvention program in order to provide a larger share of the funds to the smaller districts This would compensate them for their lower revenue-producing ability which results from their smaller population base

I am also revising Provision 1 to conform with this action as follows:

"1 Of the funds appropriated by this item, ~~$2,000,000~~ *$500,000* in category (b) shall be available for special grants, to be allocated by the State Air Resources Board in accordance with the following criteria.

a. The State Air Resources Board shall develop guidelines to administer this special grants program, including criteria for awarding grants to local districts, in consultation with the local air pollution control districts Activities fundable under this program shall include, but not be limited to:
   (i) Assessing waste-to-energy projects.
   (ii) Monitoring and controlling landfill emissions.
   (iii) Emissions inventory.
   (iv) Assessing toxic risks and planning to prevent accidental and routine emissions.
   (v) Small business assistance.
   (vi) Environmental impact report assessments
   (vii) Other stationary and mobile source pollution control activities.

b $500,000 ~~of the $2,000,000 available for this special grants program~~ shall be set aside to fund grants submitted by rural districts. ~~Amounts not awarded to rural districts shall be made available to other districts.~~

~~c. $1,500,000 of the $2,000,000 available for this special grants program shall be available to all local districts. Project awards shall be granted on the basis of~~

~~priorities as set forth in the guidelines developed by the State Air Resources Board, in consultation with local air pollution control districts.~~

d. In order to qualify for a special grant, a district shall have a fee system in place which recovers the cost of administering the air pollution control program for major air pollution sources (that is, those sources that produce 100 tons per year or more) in the district."

Item 3540-001-001—For support of Department of Forestry I reduce this item from $196,226,000 to $196,001,000 by reducing:

(b) 300000—Operating expenses and equipment from $86,987,000 to $86,762,000, and by deleting Provision 5.

I am eliminating the $225,000 legislative augmentation for a spare helicopter. Currently, the Department of Forestry has nine UH-1F helicopters which it uses in its firefighting activities. My budget contains $241,000 from the General Fund to make an additional tenth helicopter available for the Department's firefighting activities. This helicopter will be stationed in southern Monterey County, which is the only remaining area in the State which does not have a helicopter available to respond to a fire within the 30 minute response time standard established by the Department of Forestry and the Federal Government In addition, I have retained a $75,000 General Fund augmentation made to Item 3540-301-001 in order to provide funding for the preliminary plans and working drawings that must be completed prior to construction of the base for the tenth helicopter. However, in contrast to the documented need for this tenth helicopter, there is no demonstrated need for the spare helicopter added by the Legislature. Consequently, I am eliminating the $225,000 legislative augmentation and deleting Provision 5 to conform with this action:

"5. The $225,000 appropriated by this item for a spare helicopter shall not be encumbered or expended sooner than 30 days after notification in writing to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may determine."

Item 3540-301-001—For capital outlay, Department of Forestry. I reduce this item from $500,000 to $75,000 by reducing

(1) 30.30.075—Lonoak Helitack Base—preliminary plans, working drawings and construction, from $500,000 to $75,000

I am reducing this item to $75,000 to fund preliminary plans and working drawings only for a helitack base in southern Monterey County The construction phase funding is deleted because there is neither reasonable assurance that the appropriation level is correct nor the prospect of bid documents being completed during 1986–87 Funding for repair of the helicopter to be stationed at this base is included in Item 3540-001-001 The helicopter will be stationed temporarily at an existing facility, but future deployment to this new facility will assure improved response time in southern Monterey County.

Item 3600-001-140—For support of Department of Fish and Game I reduce this item from $10,897,000 to $10,272,000,
and by deleting Provision 3

I am eliminating the $75,000 legislative augmentation for a study of the impacts of temporary summer recreational dams on Austin Creek in Sonoma County The full costs of this study should more appropriately be borne by those who are preparing to construct the dams

I am also deleting Provision 3 to conform with my action.

"3 None of the funds appropriated by the item for the use of Sonoma County to contract for a study of the temporary dams placed on Austin Creek shall be expended until the Director of Fish and Game determines that local sources have committed from nonstate funds 25 percent of the total project costs "

I am approving $500,000 of a $1,000,000 augmentation for continued support of the Department of Fish and Game's stream flow assessment program as provided in Chapter 1259, Statutes of 1985. My action is consistent with the level of funding contained in Chapter 1259/85.

I am also eliminating the $50,000 legislative augmentation to complete the

construction of the Suisun Marsh Wildlife Rehabilitation and Education Building because the need for this augmentation has not been clearly established.

These actions reduce the amount payable from this item to Item 3600-001-200.

Item 3600-001-200—For support of Department of Fish and Game. I change this item by reducing:

(b) 300000—Operating Expenses and Equipment from $45,426,000 to $44,801,000,

(f) Amount payable from the California Environmental License Plate Fund (Item 3600-001-140) from −$10,897,000 to −$10,272,000.

I am reducing $625,000 from the amount payable from the California Environmental License Plate Fund to reflect the following: 1) elimination of an augmentation of $75,000 to study the impacts of temporary summer recreational dams constructed on Austin Creek, 2) reduction of $500,000 of a $1,000,000 augmentation for the stream flow assessment program provided by Chapter 1259/85; and 3) elimination of $50,000 to complete the construction of the Suisun Marsh Wildlife Rehabilitation and Education Building. I am reducing these augmentations to correspond to the actions taken in Item 3600-001-140.

Item 3680-001-001—For support of Department of Boating and Waterways. I reduce this item from $615,000 to $260,000.

I am eliminating the $355,000 legislative augmentation for Beach Erosion Control Studies because funding is not available to provide for both these studies and other higher priority projects. These studies may be considered for funding in future years if sufficient resources are available. I am approving $3,670,000 in Item 3680-111-890 for Beach Erosion Control projects to provide for public health and safety improvements as well as recreational enhancement.

Item 3680-001-516—For support of Department of Boating and Waterways. I change this item by reducing:

(b) Operating Expenses and Equipment from $1,680,000 to $1,325,000, and

(f) Amount payable from the General Fund from −$615,000 to −$260,000.

I am reducing this item by $355,000 from the amount payable from the General Fund to correspond to my action taken in Item 3680-001-001.

Item 3720-101-001—For local assistance, California Coastal Commission. I reduce this item from $280,000 to $0 by reducing:

(a) 10—Coastal Management Program from $671,000 to $391,000

I am eliminating the $280,000 legislative augmentation because sufficient funding for local coastal planning assistance is provided through an increase in the level of federal funds I am approving an increase of $291,000 in Item 3720-101-890 to provide for a total of $391,000 for this purpose.

Item 3760-301-730—For capital outlay, State Coastal Conservancy I reduce this item from $23,850,000 to $22,850,000 by eliminating:

(8) 80 18 022—Malibu Canyon, $600,000 and

(9) 80.18.023—Ballona Creek Living Museum, $400,000, and deleting Provision 9.

I am eliminating the Malibu Canyon project because a companion appropriation in Item 3790-301-722 (7.7) of $1,900,000 from the Parklands Fund of 1984 was not ranked within the first priority for acquisitions from that fund by the Department of Parks and Recreation and is being vetoed for that reason. Without the added $1.9 million, this appropriation is not viable.

I am eliminating the $400,000 appropriation for the Ballona Creek Living Museum because similar funding is being carried in AB 3253. I prefer that bill as the vehicle for this funding because it provides better opportunity to make clear the State's role in the living museum project.

As a conforming action, I am deleting the related Provision 9.

"9. It is the intent of the Legislature that the State Coastal Conservancy Fund of 1984 be repaid for expenditures related to the Malibu Canyon within three years of this appropriation from any available funding source, but with first priority for repayment being funding available to the State Department of Parks and Recreation, including, but not limited to, any future Bond Act Funds."

Item 3790-001-001—For support of Department of Parks and Recreation I reduce

this item from $79,587,000 to $79,507,000 by reducing:

(a) 100000—Personal Services from $96,163,000 to $95,761,000,

(b) 300000—Operating Expenses and Equipment from $40,339,000 to $40,171,000,

(c) Reimbursements from −$9,014,000 to −$8,524,000,

and deleting Provisions 2 and 3.

The net effect of my actions is to reduce this item by $80,000 to reflect the following actions

I am eliminating the legislative augmentation of $60,000 in operating expenses for the continuing support of the California Agricultural Museum. It is inappropriate for the State to continue this funding for the non-profit organization to operate this museum for a third year, particularly since the organization was to be raising nonstate matching funds for the construction of the museum, and that matching requirement for the construction was eliminated by the Legislature

I am reducing the $75,000 legislative augmentation for the purchase of an airplane for Anza Borrego Desert State Park to $55,000 to reflect the reduction of 1.5 personnel years and $20,000 savings that will result from the increased operational efficiency in the patrol of the park unit

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would have allowed the Department of Parks and Recreation to realize the expertise of the private sector related to general plans and resource inventories was not accepted In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract-out I am, therefore, eliminating the 10 personnel years added by the Legislature and will use the related funds to contract these services.

I am also deleting Provisions 2 and 3 which are duplicative of existing administrative procedures and policies and, therefore, are not necessary.

"2. Of the amount appropriated by this item, $496,000 shall be available for an automated inventory system, but shall not be available for expenditure until the Department of Finance, Office of Information Technology, has approved a feasibility study report on the system If the cost of the alternative approved by the Department of Finance is less than $496,000, the difference between the amount approved and $496,000 shall revert to the General Fund.

3. Of the amount appropriated by this item, $137,000 shall be available for a computer-aided drafting/design system, and the department shall submit to the Legislature with its 1987–88 budget request a report including all of the following information. (1) the level of increased output the Graphic Services Unit has achieved as a result of the installation of a computer-aided drafting/design system, and (2) the projected workload and staffing needs in the Graphic Services Unit over the next five years "

Item 3790-011-001—For support of Department of Parks and Recreation I eliminate this item.

I am eliminating this item in the amount of $66,000 for operating expenses for Seccombe Lake State Urban Recreation Area. AB 3984, which is before the Legislature, would require that the Department of Parks and Recreation enter into a new operating agreement with the City of San Bernardino for the next five years for the shared cost of operation and maintenance of Seccombe Lake SURA The first year costs of the proposed agreement should be contained in AB 3984.

Item 3790-101-140—For local assistance, Department of Parks and Recreation.

I am approving the augmentation of $105,000 for a local assistance grant for the Great Valley Natural History Museum because this is a one-time need for capital improvements and no additional State funding will be required for this project.

Item 3790-101-722—For local assistance, Department of Parks and Recreation. I reduce this item from $38,474,000 to $38,224,000 by reducing (d) from $3,419,000 to $3,169,000 by reducing·

(d) (24) City of San Diego, Balboa Park Administration Building from $300,000 to

$150,000,
and by eliminating:

(d) (28.5) City of Benicia, Clocktower Fortress—Repair/Renovate Roof and Ceiling, $100,000

I am eliminating the legislative augmentation of $150,000 for a local assistance grant to the City of San Diego because the available allocation under the 1984 Bond Act for 1986–87 was not sufficient to fund all recommended projects at the requested level After this reduction, the City of San Diego will still receive a grant of $150,000 to cover the essential preservation work on this building.

I am eliminating the legislative augmentation of $100,000 for the local assistance grant in Solano County for the City of Benicia because this project failed to compete favorably in the 1986–87 competitive bond allocation process under the California Park and Recreational Facilities Act of 1984

Item 3790-101-733—For local assistance, Department of Parks and Recreation. I reduce this item from $1,960,000 to $150,000 by eliminating:

(1) County of Los Angeles, Hollywood Bowl, Additions, $1,400,000,

(2) City of Kingsburg, Swimming Pool, $400,000.

I am also eliminating $10,000 from the item total as a technical adjustment.

I am eliminating the legislative augmentation of $1,400,000 for the County of Los Angeles because the funding for this project is contained in SB 2320. Administration support for SB 2320 should not be construed by this action.

I am eliminating the legislative augmentation of $400,000 for the City of Kingsburg because this project should be submitted through the State competitive grant process so that it can be reviewed and evaluated in the context of competing needs for this fund source.

Item 3790-101-742—For local assistance, Department of Parks and Recreation I reduce this item from $2,631,000 to $1,101,000 by eliminating:

(3) City of Downey—Wilderness Park, Fish Habitat Enhancement, $25,000,

(4) City of Downey—Wilderness Park, Shoreline Stabilization, $25,000,

(6) City of Piedmont, Dracena Quarry Park, Development, $192,000,

(7) County of Riverside, Chinatown Archaeological Project, Acquisition, $213,000,

(9) City of San Francisco, Kezar Stadium renovations, $475,000,

(10) County of Santa Cruz, Quail Hollow Ranch, Acquisition, $600,000.

I am eliminating the $1,530,000 legislative augmentation for these six local assistance projects because they should be submitted through the State competitive grant process for review and evaluation

Item 3790-301-263—For capital outlay, Department of Parks and Recreation

I delete Provision 2

Provision 2 attached to the Hungry Valley State Vehicular Recreation Area (SVRA) project to prepare an Off-Highway Vehicle (OHV) Fair site and access road in Quail Canyon is premature Development of the access and utilities are significantly affected by the required Peace Valley Flood Channel now in preliminary design by the Department of Water Resources for Quail Lake of the State Water Project The Off-Highway Motor Vehicle Recreation Commission must also approve the Quail Canyon development as required under the Public Resources Code Section 5090.24(e).

Since the Hungry Valley Fair is a function of the 51st District Agricultural Association, the Department of Parks and Recreation should coordinate the development of Quail Canyon with the Association Requests to fund the OHV Fair site and access road are considered high priority and should be submitted when the above issues are resolved. Therefore, I am deleting Provision 2

"2. Priority in the expenditure of funds appropriated in category (1) for the Hungry Valley SVRA shall be given to preparation of the OHV Fair Site and access road in Quail Canyon. No more than 50 percent of the funds may be expended on other portions of the Hungry Valley SVRA until the OHV Fair Site in Quail Canyon is completed."

Item 3790-301-392—For capital outlay, Department of Parks and Recreation. I reduce this item from $5,671,000 to $5,039,000 by reducing.

(2) 90.AC.400—Old Sacramento SHP, Engineering Building Site—Acquisition from $1,292,000 to $660,000.

I am reducing the appropriation for Old Sacramento SHP, Engineering Building Site-acquisition by $632,000 which will allow the acquisition of the 2 parcels proposed in the Governor's Budget.

Item 3790-301-721—For capital outlay, Department of Parks and Recreation. I reduce this item from $4,205,000 to $3,205,000 by reducing.

(3) 90.E4 400 862—Chino Hills SP—Rimpau and Astro Group—acquisition from $1,350,000 to $450,000,

and by eliminating.

(4) 90.IT.400—Hopetown Property—acquisition, $100,000,

and deleting Provision 1.

I am reducing the $1,350,000 legislative augmentation for Chino Hills SP acquisition by $900,000 to $450,000 which will provide sufficient funding to acquire the former 120 acre Brown property (now owned by the Astro Group). Funding for the remaining Rimpau property may be requested in the 1987–88 budget process because an option on that property is in effect during 1986–87.

I am deleting Provision 1 as a conforming action.

"1 Funds appropriated in category (3) for acquisition as additions to Chino Hills State Park shall be encumbered subject to the following conditions:

(a) The property (commonly known as Rimpau), approximately 450 acres, shall be acquired by the Department of Parks and Recreation

(b) The property (commonly known as Astro Group (Brown)), 120 acres, shall be acquired by the Department of Parks and Recreation

(c) If the Department of Parks and Recreation does not acquire the parcels by March 30, 1987, then the funds that would have been available for the acquisition of the property are reappropriated for the acquisitions of properties known as Shell-Brea-Olinda, Chevron, Lamb, or any other high-priority parcel."

I am eliminating the $100,000 augmentation for Hopetown property acquisition because there are unfunded higher priority parkland acquisition proposals in the State and this region.

Item 3790-301-722—For capital outlay, Department of Parks and Recreation. I reduce this item from $41,874,000 to $38,402,000 by reducing:

(34) 90.CO.100—Wilder Ranch SP—Phase II Historic Restoration from $1,223,000 to $1,133,000,

by eliminating.

(3.2) 90.6F.100—Angel Island SP—Tiburon Land Base Improvements, $500,000,

(6 7) 90.95.100—Little Franks Tract—Storm Damage Repair, $982,000,

(7 7) 90.EX.400—Malibu Creek SP—Malibu Canyon acquisition, $1,900,000,

and deleting Provisions 2 and 4.

The net effect of my actions is the reduction of $3,472,000 as follows:

I am approving $490,000 in category (6) Design and Construction Planning to be used for general plan and resource element contracting to obtain the expertise of the private sector (Refer to Item 3790-001-001.)

I am eliminating the $90,000 legislative augmentation for Wilder Ranch Phase II Historic Restoration because these funds are not necessary based on the most recent cost estimate for this project.

I am eliminating the $982,000 legislative augmentation for Little Franks Tract—storm damage repairs because it is an additional, substantial commitment of the total $5 million of 1984 Bond funds allocated for storm damage repairs. I have previously approved two appropriations totaling $1 million from 1984 Bond funds for this project. I am also concerned about the need for local participation in the operation and maintenance of this project.

I am eliminating the $1,900,000 legislative augmentation for Malibu Canyon acquisition because this fund source has limited reserves and has been recommended for higher priority projects through the statutory project nomination process

I am eliminating the $500,000 legislative augmentation for Angel Island SP—Tiburon Land Base improvements because this project should be submitted for

consideration during the normal budget process.

I am deleting Provision 2 because it is inappropriately placed in the Department of Parks and Recreation item:

"2. Of the amount appropriated in Category (7) for acquisition of Malibu Creek State Park, $232,000 shall be allocated by the Santa Monica Mountains Conservancy for improvements to the Hunter Ranch project pursuant to Section 13, Chapter 1616, Statutes 1982, and an interagency agreement between the Department of Parks and Recreation and the Conservancy."

I am also deleting Provision 4 because it constitutes an infringement upon existing statutory authority to administer a capital outlay project.

"4. Notwithstanding any other provisions of law, neither the State Public Works Board nor the Department of Finance shall authorize any augmentations of the amount appropriated in category (12) other than augmentations for increases in the construction cost index from July 1, 1986."

Item 3790-301-784—For capital outlay, Department of Parks and Recreation I eliminate this item and delete Provision 1.

I am eliminating the $900,000 legislative augmentation because the funding is proposed from a non-existent bond fund. Further, no bill to place such a bond measure before the voters has been endorsed by this Administration In the event a bond act is approved by the electorate to provide funds for projects such as the Hopetown property acquisition, the projects should be submitted for review and evaluation through the annual budget process.

As a conforming action, I am deleting Provision 1

"1. No funds appropriated in category (1) shall be expended unless and until an equal amount of matching funds is provided from a source other than the Department of Parks and Recreation. The Department of Parks and Recreation shall expend no funds for the development of recreational vehicle facilities at the Hopetown site prior to 30 days advance written notification to the chairpersons of the legislative fiscal committees, including the Joint Legislative Budget Committee."

Item 3810-001-001—For support of Santa Monica Mountains Conservancy I reduce this item from $348,000 to $248,000 by reducing

(b) 300000—Operating Expenses and Equipment from $301,000 to $201,000

I am reducing $100,000 from the General Fund to correspond with my action in Item 3810-011-941.

Item 3810-011-941—For support of Santa Monica Mountains Conservancy.

I am changing this item to eliminate the use of the augmentation of $100,000 for security services. This requirement for security services is in AB 2688 which would be the proper means to appropriate first year costs However, Administration support for AB 2688 should not be construed by this action. Elimination of this requirement for security services and my action on Item 3810-001-001 will assure that sufficient funding from the Santa Monica Mountains Conservancy Fund is available for the Conservancy's support budget.

As a conforming action, I am deleting Provision 1.

"1. It is the intent of the Legislature that $100,000 of the funds appropriated by this item shall be used for enhanced security for properties owned or managed by the Conservancy. It is further the intent of the Legislature that (1) the Department of General Services approve the necessary interagency agreements in an expeditious manner and (2) personnel be added as necessary to provide security services, rather than be redirected from other activities."

In addition, I am revising Provision 2 as a conforming action.

"2. Funds appropriated from the Santa Monica Mountains Conservancy Fund pursuant to this act shall be used in the following priority order.

(a) ~~$211,000 appropriated by this item~~ for support of the conservancy during the 1986-87 fiscal year.

~~(b) $100,000 appropriated by this item for security on lands owned or managed by the conservancy during the 1986/87 fiscal year~~

(c) The unexpended balance of any capital outlay appropriations from the Santa Monica Mountains Conservancy Fund that remain effective in the

1986–87 fiscal year."

Item 3810-101-140—For local assistance, Santa Monica Mountains Conservancy. I eliminate this item and delete Provision 1.

I am eliminating the lump-sum legislative augmentation of $1,000,000 for non-profit grants because it would commit a substantial amount from a funding source which is to be administered by the Resources Agency based on individual project review during the regular budget process

As a conforming action, I am deleting Provision 1

"1 No grants shall be encumbered in advance of approval of nonprofit organization grants by the Department of General Services and reporting of such grants to the Department of Finance pursuant to Section 33204.2 of the Public Resources Code."

Item 3810-301-784—For capital outlay, Santa Monica Mountains Conservancy I eliminate this item by deleting appropriations for

(1) 20.10 015 861—Appraisals, project planning and design for Inner Valley Ranch acquisition, $15,000,

(2) 20 10 210—Inner Valley Ranch—acquisition $1,985,000, and

(3) 20 10.220—Runyon Canyon project—acquisition, $2,000,000,

and deleting Provision 1

No bond act exists to fund these appropriations, and no bill to place such a bond measure before the voters has been endorsed by this Administration Therefore, these augmentations, totaling $4,000,000, are not appropriate and are premature In the event a bond act comes to fruition, these projects should be submitted for review and evaluation through the annual budget process

As a conforming action, I am deleting Provision 1

"1 No funds appropriated in category (2) for the Inner Valley Ranch Project shall be expended unless and until the City of Glendale provides matching funds Prior to the expenditure of funds appropriated in category (2) for the Inner Valley Ranch Project, the City of Glendale shall agree to provide full operation and maintenance of the property."

Item 3810-301-941—For capital outlay, Santa Monica Mountains Conservancy I eliminate this item and delete Provision 1

I am eliminating this item in the amount of $232,000 for Hunter Ranch improvements because Chapter 1616, Statutes of 1982, which requires the Hunter Ranch improvements, stated that no appropriation was made in the legislation becuase the act was "in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act."

I am deleting Provision 1 as a conforming action

"1. Funds appropriated in category (1) are for improvements to the Hunter Ranch project pursuant to Section 13, Chapter 1616, Statutes of 1982, and an interagency agreement between the Department of Parks and Recreation and the Santa Monica Mountains Conservancy. The Santa Monica Mountains Conservancy, acting through its executive director, shall be the lead agency in the development and approval of facilities at Hunter Ranch pursuant to Section 13, Chapter 1616, Statutes of 1982, and the executive director of the Conservancy shall certify environmental documents pursuant to the California Environmental Quality Act."

Item 3860-001-140—For support of Department of Water Resources I reduce this item from $450,000 to $150,000

I am eliminating the $300,000 legislative augmentation to reflect the elimination of an augmentation for the Urban Creeks Restoration Program I believe that the $150,000 already contained in the budget for this purpose is sufficient to fund high priority projects, particularly in light of the other proposals competing for funding from the Environmental License Plate Fund

Item 3860-101-890—For local assistance, Department of Water Resources I eliminate this item

I am eliminating the $300,000 legislative augmentation for levee repair work in the Chico Landing to Red Bluff area because there is insufficient Federal Section 8(g)

Outer Continental Shelf Revenues available to fund this project. The Federal Section 8(g) settlement provided California with $338 million during Fiscal Year 1986–87, which is less than was expected and has now been fully committed. In addition, I believe that funding for the levee repair work should be pursued through the normal budgetary process, with the responsible entity applying for any available disaster relief funding through the Office of Emergency Services.

Item 3860-301-890—For capital outlay, Department of Water Resources I delete Provisions 5, 6 and 7

Provisions 5, 6 and 7 are not related to any projects appropriated in this item. Furthermore, the California Environmental Quality Act has established adequate safeguards to be met prior to construction of the type foreseen by these provisions. Therefore, I am deleting Provisions 5, 6 and 7.

"5. Any assurance agreement signed by the Reclamation Board and the United States Army Corps of Engineers for snagging and clearing work on the San Joaquin River shall include a plan for financing all of the required mitigation, including the objective of new long-term enhancement, as provided in Chapter 1530 of the Statutes of 1984. This financing plan shall establish whether federal, state, and/or local funds and resources shall be used to pay for each cost associated with providing the required mitigation, as set forth above, the amount that each source will be responsible for providing, and a schedule establishing when these funds and resources are to be made available.

The assurance agreement shall also provide that the required mitigation work, where possible, shall proceed concurrently with the project implementation The Director of the Department of Water Resources shall certify the adequacy of this financing plan. The certified financing plan shall be transmitted to the Legislature at least 30 days prior to any assurance agreement being signed

The Department of Fish and Game shall monitor and report to the Legislature on the implementation and effectiveness of the mitigation plan.

6 (a) Any assurance agreement entered into between the Secretary of the Army and the Reclamation Board for the Chico Landing to Red Bluff project shall provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries

(b) Prior to entering into the assurance agreement, the Reclamation Board shall enter into an agreement with the Department of Fish and Game that will provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries. This agreement shall, at a minimum, provide for the approval of the Department of Fish and Game of the mitigation plan's design, implementation, and effectiveness

(c) The assurance agreement shall also provide for the implementation and funding of the measures specified in the agreement between the Department of Fish and Game and the Reclamation Board

7. The Department of Water Resources shall provide, at the time of the release of the final environmental impact report for the Chico Landing to Red Bluff Project, a detailed plan for funding the suggested mitigation measures contained in the environmental impact report"

Item 3940-001-001—For support of the State Water Resources Control Board I reduce this item from $35,621,000 to $35,571,000 by reducing:

(a) 10—Water Quality from $63,305,000 to $53,864,000,

(i) Amount payable from the Surface Impoundment Assessment Account, General Fund (Item 3940-001-482) from −$3,457,000 to −$1,929,000

and by eliminating:

(l) Amount payable from the General Fund (Item 3940-012-001) (−$7,698,000),

(n) * Amount payable from the General Fund (Item 3940-014-001) (−$2,708,000), and

(o) Amount payable from the California Environmental License Plate Fund (Item 3940-001-140) (−$165,000),

and by deleting Provisions 1 and 4.

* Technical correction not included in total.

0 15 10 0

I am reducing this item by $50,000 to reflect the following actions.

I am eliminating baseline funding of $1,528,000 payable from the Surface Impoundment Assessment Account and 28.6 personnel years to reflect reduced workload in the Toxic Pits Program. The Board's baseline resources in the Toxic Pits Program were predicated on the receipt of more than 1,000 Hydrogeological Assessment Reports (HARs) from pits owners To date, the Board has received less than 200 HARs and does not anticipate receiving many more until the proactive program for which we have added $600,000 General Fund and 12 personnel years is implemented I am reducing this subitem to correspond to Item 3940-001-482.

I am eliminating $7,698,000 payable from the General Fund (Item 3940-012-001) and 158 personnel years for a State-only oversight program of the cleanup of leaking underground tanks I submitted a proposal to the Legislature to appropriate funding from a 1986 Toxics Bond Measure which my Administration has proposed on the November 1986 ballot This bond measure would provide $200 million for various programs recommended by my task force which recently completed its report on toxics and waste management in the State Of these funds, $45 million were intended to provide a base of $15 million per year for three years to fund local agency oversight of these leaking tanks Local agencies are currently permitting, monitoring and enforcing various permit conditions concerning these tanks I am committed to this program and my proposal, to be amended into pending legislation SB 712, will provide local governments the money needed for implementation I am reducing this subitem to correspond to Item 3940-012-001

I am eliminating the legislative augmentation of $50,000 from the General Fund to study the disposal and management of mine tailings in the State Two other State agencies, the Department of Conservation and the Department of Health Services, are also impacted by any study concerning mine tailing disposal I am instructing these two agencies and the Board, who among them have millions of dollars in their baseline budgets for studies and contracts, to conduct this study within their baseline funding I am also deleting Provision 4 to conform to this action

"4 Of the funds provided in this item, $50,000 shall be for a study of the management, disposal regulation, and cleanup of mine tailings in California. The State Water Resources Control Board shall not encumber any of this $50,000 until the mining industry provides 100 percent matching funds for this study."

I am eliminating schedule (n) payable from the General Fund (Item 3940-014-001) (−$2,708,000) This is a technical correction to an error in this bill as submitted

I am eliminating the legislative augmentation of $165,000 payable from the Environmental License Plate Fund for a study of toxic pollution in San Diego Bay The Board has $11 7 million in its baseline budget for studies and contracts If this proposed study is necessary to resolve a priority water quality problem, the Board can use its baseline funding to support such a study I am reducing this subitem to correspond to Item 3940-001-140

Provision 1 would have the Board updating all waste discharge orders on a 3 and 5 year schedule as opposed to its current 3, 5, and 10 year schedule No resources were provided for this accelerated program. In addition, according to the Board, there is questionable benefit to water quality resulting from redirecting resources to this accelerated program Therefore, I am deleting Provision 1 to conform to this action.

"1 The State Water Resources Control Board shall revise its schedule for updating waste discharge requirements so that these requirements for (1) discharges that pose an immediate or major threat to public water supplies, water contact recreation or fish and aquatic habitats will be updated once every three years and (2) discharges that pose an immediate and major threat to industrial and/or agricultural water supplies and discharges that pose a significant threat to beneficial uses of water will be updated once every five years."

Item 3940-001-140—For support of the State Water Resources Control Board. I eliminate this item and delete Provision 1.

I am eliminating this item to conform to my action regarding a study of toxic pollution in San Diego Bay on Item 3940-001-001 This eliminates the amount payable from this item to Item 3940-001-001

I am deleting Provision 1 to conform to this action

0 15 30 0

"1. Funds appropriated by this item shall be used for a study of toxic pollution in San Diego Bay Funds appropriated by this item shall not be encumbered or expended sooner than 30 days after the board submits an expenditure plan, in writing, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Committee, or his or her designee, may determine."

Item 3940-001-482—For support of the State Water Resources Control Board I reduce this item from $3,457,000 to $1,929,000

I am reducing this item by $1,528,000 and 28.6 personnel years to conform to my action regarding the toxic pits program on Item 3940-001-001 This reduces the amount payable from this item to Item 3940-001-001.

Item 3940-012-001—For support of State Water Resources Control Board I eliminate this item and delete Provision 1.

I am eliminating this item in the amount of $7,698,000 to conform to my action regarding underground tank cleanup oversight on Item 3940-001-001 This eliminates the amount payable from this item to Item 3940-001-001

I am also deleting Provision 1 to conform to this action

"1. The State Water Resources Control Board may use any portion of the amount appropriated by this item for contracts with local agencies for cleanup oversight or related enforcement activities The state board shall adopt guidelines and procedures which accomplish all of the following (1) specifying requirements for the contents of contract proposals to insure that there is statewide consistency in program implementation, including investigation and enforcement activities and cleanup standards, (2) assuring that the cost of contracting does not exceed the cost of direct state program implementation, and (3) assuring that the costs incurred by the state board and local agencies are recovered from the responsible parties to the maximum extent possible "

Item 4120-101-001—For local assistance, Emergency Medical Services Authority I reduce this item from $954,000 to $863,000 and revise Provision 1.

I am reducing this item by $91,000 to eliminate a legislative augmentation of $50,000 to support the Inland Emergency Medical Services (EMS) Agency and to reduce $41,000 from a legislative augmentation to support the Northern California EMS Agency. With this action, I am approving a legislative augmentation in the amount of $109,000 which will provide additional local assistance funds for each of the North Coast, Northern California, and Sierra-Sacramento EMS Agencies My action will provide a total of $2.5 million in local assistance funding ($863,000 in General Funds and $1,685,000 in Federal Funds) to support local EMS agencies

I am also revising Provision 1 to conform to this action.

"1. Of the amount appropriated by this item, up to $50,000 in additional funds shall be allocated to each of the ~~Inland,~~ North Coast, Northern California, and Sierra-Sacramento Emergency Medical Services Agencies, in accordance with guidelines for state-funded grants to local agencies established by the Emergency Medical Services Authority The remaining portion of the ~~$200,000~~ *$109,000* which is not allocated to these agencies shall revert to the General Fund."

Item 4140-001-001—For support of Office of Statewide Health Planning and Development. I change this item by reducing:

(b) 300000—Operating Expenses and Equipment from $11,979,000 to $11,978,000,

(d) Amount payable from the Hospital Building Account, Architecture Public Building Fund (Item 4140-001-121) from −$14,226,000 to −$14,225,000

and deleting Provisions 7 and 8

I am eliminating $1,000 payable from the Hospital Building Account (Item 4140-001-121) which would be required to officially notify the Legislature on various aspects of the Seismic Safety Program. I am also deleting Provision 7 to conform to this action.

"7. The Office of Statewide Planning and Development shall continuously monitor the number of days it utilizes to process plan reviews in the seismic

safety program. If the average time for the completion of a project plan review exceeds eight weeks during any 30-consecutive-day period, the office shall submit to the Department of Finance, within 15 days, a request to spend at a rate that would result in a deficiency pursuant to Section 27.00 of this act or a plan to reduce the average plan review time to eight weeks within one month If, after one month from the date of submission of a plan the average review time is not at or below eight weeks, the office shall submit, within 15 days, a deficiency request In addition, the office shall gather for use in the 1987–88 fiscal year budget such worker productivity data as is necessary to quantify, update, and revise the staffing standards for the professional positions of the seismic safety program "

This provision would have required the Office to submit a deficiency appropriation if the average time for completion of project plan review exceeds eight weeks during any 30 consecutive-day period and to gather data to validate assumptions of worker productivity for use in its 1986–87 budget request Section 27 of the Budget Act provides for notification of a deficiency Therefore, I see no need for this language

While I am also deleting the language pertaining to gathering data to validate the workload, I am directing the Office to comply with the intent of the language. The staffing study and subsequent analysis indicate that there are currently no staffing standards on which to evaluate an appropriate level for this program. Given the intense interest in this program from both the industry and the Legislature, I believe that it would be prudent to validate the staffing standards

I am deleting Provision 8, added by the Legislature, that would prohibit expenditure of funds for the director's salary

"8 Except as provided in this provision, no funds appropriated by this act or available from any other source shall be expended for the payment of the salary of the Director of the Office of Statewide Health Planning and Development after October 1, 1986, nor shall the person holding that position on April 1, 1986, be entitled to any compensation from any source appropriated by this act for the support of the Office of Statewide Health Planning and Development or for any program administered by the office after October 1, 1986

The Director of Finance may authorize the payment of the salary of the Director of the Office of Statewide Health Planning and Development for the period October 1, 1986, through June 30, 1987, not sooner than 15 days after notification in writing to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee As part of the notification, the office shall clearly indicate the significant remedial actions that have been taken to improve and will continue to improve the administration and operation of the office Specifically, the office shall demonstrate that

(a) The office has made significant efforts to fill the 33 additional positions authorized by this act for seismic safety review activity This shall be demonstrated by a report showing the number of positions filled as of August 31, 1986, the number vacant, and a proposal for the timely filling of remaining vacancies,

(b) The office has instituted procedures to continuously monitor the number of days it utilizes to process plan reviews in the seismic safety program using workload standards contained in the report entitled "Evaluation of Workload and Staffing for the Seismic Safety Program," and

(c) The office has developed a plan by September 1, 1986, assuring that there will be sufficient staff and resources to produce statutorily required publications

The office shall continuously monitor the number of days it utilizes to process plan reviews in the seismic safety program and shall report monthly to the Legislature, within 60 days of the end of the month, regarding accomplishments of the program relative to the workload standards cited above "

This provision would have prohibited the expenditure of funds for the Director's salary past October 1, 1986 unless the Director of Finance certified that the office

complied with certain requirements. Government Code Section 11552 provides for the annual salary of department directors. This language makes a substantive change to that Section As such, I believe that separate legislation would be a more appropriate mechanism to make a policy change of this type.

Item 4140-001-121—For support of Office of Statewide Health Planning and Development. I reduce this item from $14,226,000 to $14,225,000.

I am reducing this item by $1,000 to conform to my action on Item 4140-001-001

Item 4140-101-001—For local assistance, Office of Statewide Health Planning and Development for Health Professions Development (Family Physician Training) I reduce this item from $3,380,000 to $2,880,000, and delete Provision 2

I am eliminating the $500,000 legislative augmentation to provide funds to increase the number of family physicians trained to meet the health care needs of the aged

The proponents of this augmentation suggest that by increasing the number of family physicians that there should be primary care savings If this is true, the expenditure of this additional sum of money, absent any action to correct the factors the proponents believe to be the cause of the problem, will be ineffectual I believe that the proponents of this program could achieve their goal through mechanisms that permit the marketplace to allocate resources and contain costs I am deleting Provision 2 to conform with this action.

"2. Of the funds appropriated in this item, the office shall allocate $272,000 for competitive awards to increase the number of family physicians trained to meet the expanding health care needs of the aged These funds shall be allocated by the Health Manpower Policy Commission which shall, in allocating the funds, focus on geriatric family medicine, geriatric cross-cultural medicine, predoctoral geriatric education, and family medicine education

Of the funds appropriated in this item, the office shall also allocate $114,000 for two new three-year residency positions in rural hospitals and $114,000 for two new three-year residency positions in inner city hospitals In allocating the funds, the office shall give special attention to the need for training in geriatric family medicine."

Item 4170-001-001—For support of Department of Aging I reduce this item from $4,886,000 to $4,868,000 by reducing:

(d) 40—Special Projects from $4,254,000 to $4,217,000,

(g) Reimbursements from −$1,300,000 to −$1,281,000

I am eliminating the $37,000 ($18,000 General Fund and $19,000 Reimbursements) legislative augmentation and one position for the Multipurpose Senior Services Program (MSSP) because I believe this legislative augmentation would result in an overstaffing in the program. The personnel years in this program have increased by 98 percent since 1983–84

Item 4170-101-001—For local assistance, Department of Aging I reduce this item from $31,061,000 to $29,704,000 by reducing.

(c) 30—Supportive Services and Centers (for match) from $26,318,000 to $26,061,000,

(d) 40—Special Projects from $26,049,000 to $24,949,000,

and by deleting Provisions 4 and 5

I am eliminating the $257,000 legislative augmentation from Supportive Services and Centers which was provided to backfill the Gramm-Rudman-Hollings (GRH) federal reduction because I believe that local resources could be used to offset this reduction. In addition, there is some flexibility within the Older Americans Act to enable redirection of excess funds from other programs to Supportive Services and Centers This is consistent with my policy not to backfill Federal reductions in most programs with General Fund. However, I am making an exception to backfill $396,000 in this item in lost GRH federal funds for the Nutrition Program in order to maintain the current level of meals provided to the elderly.

I am also reducing $1,100,000 from Special Projects as follows·

I am reducing $50,000 of the $100,000 legislative augmentation for the Senior Companion and $50,000 of the $100,000 augmentation for the Foster Grandparent Volunteer programs The remaining $50,000 for each program represents an increase

of 18.5 percent.

I am eliminating the $1,000,000 augmentation for the Adult Day Health Care (ADHC) Program, which would provide six ADHC pilot projects for victims of HTLV III (AIDS), because the budget contains $1.5 million for Community Support Block Grants which provides for pilot projects in such areas as: Home Health Care, Attendant Care, and Hospice Care. The budget also provides $1.0 million for Skilled Nursing Facility pilot projects for victims of AIDS and ARC (AIDS Related Condition). These pilot projects are intended to ascertain the need and use of health care outside of the hospital setting for AIDS victims. Therefore, any further augmentation is premature until these pilot projects are evaluated. I am deleting Provision 4 to conform with this action:

"4. The department shall allocate $1,000,000 to establish six pilot projects for adult day health care for people with HTLV-III infection in San Francisco, Los Angeles, Orange, Alameda, San Diego, and Santa Clara Counties."

In addition, I am deleting Provision 5 which would authorize an augmentation in the Multipurpose Senior Services Program. This language is not necessary since the program is fully funded in 1986–87.

"5. The Director of Finance is hereby authorized to augment the General Fund appropriation by the amount necessary to match any additional federal funds which become available to the state's MSSP program as a result of an expanded Title XIX waiver. The director shall notify the Legislature of any such augmentation through the process outlined in Section 28.00."

Item 4200-001-001—For support of Department of Alcohol and Drug Programs. I change this item by reducing:

(a) 10—Alcohol Program from $5,704,000 to $5,549,000,

(f) Payable from the Federal Trust Fund (Item 4200-001-890) from −$3,014,000 to −$2,859,000.

I am eliminating a legislative augmentation of $155,000 payable from the Federal Trust Fund (Item 4200-001-890) which restored 2 positions (1.9 PY) to monitor SSI/SSP activities for the Alcohol Program.

This activity provides no direct State benefit, is not legislatively mandated, and can be contracted out by the Federal government with no State fiscal or program impact.

The discontinuation of the State's involvement in the SSI referral and monitoring process for the Alcohol Program will reflect a level of involvement consistent with the Drug Program. I am also taking conforming action in Item 4200-001-890. This reduction is consistent with my action in Items 4200-101-001 and 4200-101-890 where I eliminated a legislative augmentation of $872,000 in Federal funds.

Item 4200-001-890—For support of Alcohol and Drug Programs. I reduce this item from $3,014,000 to $2,859,000.

I am eliminating a legislative augmentation of $155,000 for this item to conform to the action taken in Item 4200-001-001 to eliminate funding for the SSI/SSP monitoring positions. This action reduces the amount payable from this item to Item 4200-001-001.

This reduction is consistent with my action in Items 4200-101-001 and 4200-101-890 where I eliminated a legislative augmentation of $872,000 in Federal funds.

Item 4200-101-001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from $74,873,000 to $71,795,000 by reducing:

(a) 10—Alcohol Program from $49,304,000 to $48,432,000,

(b) 20—Drug Program from $62,138,000 to $59,060,000,

(d) Amount payable from the Federal Trust Fund (Item 4200-101-890) from −$31,689,000 to −$30,817,000,

and by deleting Provisions 4, 5, and 6.

I am reducing this item by $3,078,000 to reflect the following actions:

The elimination of the $62,000 augmentation by the Legislature for a drug prevention video. The Budget proposes $64.6 million for Drug Program Services. The funds are available on a block grant basis for counties to fund their selected priority service needs. In addition, $300,000 in one-time Audit Repayment Trust Funds will be available in FY 1986–87 through a Request for Proposal (RFP) process to fund special projects including media outreach efforts. This special request should be evaluated and funded based on county priorities and within the existing block grant allocation

or through the proposed RFP process I am also deletmg Provision 5 in this item as a conforming action.

"5. Of the amount provided for in schedule (b), $62,000 shall be available for a drug prevention video to be produced by the Department of Alcohol and Drug Programs in coordination with the Department of Education Receipt of these funds is contingent upon a corresponding local match of $62,000 "

I am eliminating $3 million that the Legislature added in local assistance funds for AIDS services for drug abusers. These service needs should be prioritized by the counties and paid for from within their existing block grant allocation for local alcohol and drug program services

As a conforming action, I am deletmg Provision 6 which requires that 50 percent of the funds be given to Los Angeles, 30 percent to San Francisco, 10 percent to Alameda, 4 percent to Santa Clara, 4 percent to San Mateo, and 2 percent to Contra Costa

"6 Of the amount appropriated in this item for AIDS prevention, intervention, and treatment programs, funds shall be disbursed to counties according to a formula based on the number of reported AIDS cases and the number of substance abuse treatment slots as follows Los Angeles—50 percent, San Francisco County—30 percent, Alameda County—10 percent, Santa Clara County—4 percent, San Mateo County—4 percent, and Contra Costa County—2 percent "

I am also eliminating the $16,000 legislative augmentation provided for Santa Clara County to address its PCP problem This augmentation would create an inequity by providing one county a funding advantage and would circumvent the established block grant formula allocation process. This special request should be evaluated and funded based on county priorities and within the existing block grant allocation I am also deletmg Provision 4 as a conforming action

"4 Of the amount provided for in schedule (b) $16,000 shall be available for Santa Clara County to address its PCP problem Receipt of these funds is contingent upon a corresponding county match of $16,000."

Further, I am eliminating a legislative augmentation of $872,000 provided to restore county subvention funds which are passed through the Department of Alcohol and Drug Programs to local agencies for the Alcohol Program

This activity provides no direct State benefit, is not legislatively mandated, and can be contracted out by the Federal government with no State fiscal or program impact.

The discontinuation of the State's involvement in the SSI referral and monitoring process for the Alcohol Program will reflect a level of involvement consistent with the Drug Program. I am also taking conforming action in Item 4200-101-890.

This reduction is consistent with my action in Items 4200-001-001 and 4200-001-890 where I eliminated a legislative augmentation of 2 positions and $155,000 for SSI/SSP monitoring activities.

Item 4200-101-890—For support of Department of Alcohol and Drug Programs. I reduce this item from $31,689,000 to $30,817,000

I am eliminating the $872,000 legislative augmentation for this item to conform to the action taken in Item 4200-101-001 to eliminate federal funds which are passed through the Department of Alcohol and Drug Programs to county local agencies This action reduces the amount payable from this item to Item 4200-101-001

This reduction is consistent with my action in Items 4200-001-001 and 4200-001-890 where I eliminated a legislative augmentation of 2 positions and $155,000 for SSI/SSP monitoring activities

Item 4260-001-001—For support of Department of Health Services I reduce this item from $129,903,780 to $126,434,780 by reducing:

(a) *100000—Personal Services from $174,598,464 to $172,723,464,

(b) 300000—Operating Expenses and Equipment from $132,581,036 to $129,206,036,

(e) Amount Payable from the Hazardous Waste Control Account, General Fund (Item 4260-001-014) from —$27,979,200 to —$27,283,200,

(j) Amount payable from the Hazardous Substance Clean Up Fund (Item 4260-001-710) from —$5,989,000 to —$5,988,000,

(k) Amount payable from the Federal Trust Fund (Item 4260-001-890) from

—$95,135,850 to —$94,664,850,

(p) Amount payable from the California Environmental License Plate Fund (Item 4260-001-140) from —$150,000 to $0,

(q) Health Facilities Financing Assistance Fund (Item 4260-001-810) from —$388,000 to $0,

and delete Provisions 5, 8, 9, 11, 14, 15, 16, 20, 22, 23, 25, 26, 27, 28, 29, 33, 35, 36, 38, 39, and 40 and revise Provision 31.

* Includes technical correction of $75,000 with no change to the appropriations.

I am reducing the personal services category by $75,000 to compensate for a technical error in the Budget Act. This reduction will ensure that the schedules balance with the appropriations

I am eliminating the $31,000 legislative augmentation from this item and $22,000 from subsidiary items and 7.3 personnel years which restores positions associated with contracting out for security guard services.

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals were adopted by the Legislature, the contracting-out proposal, which would have allowed the Department of Health Services to realize cost savings related to security services, was not accepted. In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportunity to contract-out. I am, therefore, eliminating the $53,000 legislative augmentation and 7.3 personnel years added by the Legislature and will use the related funds to contract these services

I am reducing a legislative augmentation of $154,000 and 2.9 personnel years in this item which was added to perform state inspections of animal research laboratories. This augmentation provides contingent funding for the program proposed in SB 1405. I question the need for this State oversight and I believe the funding for this program should be contained in the bill.

I am eliminating the $19,000 in this item and the $75,000 payable from the Federal Trust Fund (Item 4260-001-890) added by the Legislature. My budget proposed that the department contract for specialized services for a portion of the medical review function and reduce State staff to reflect this shift of workload. The Legislature restored the 2 positions and augmented for contracted services. I do not believe these additional resources are necessary and I am eliminating the legislative action and returning the budget to the level which I proposed in January.

I am eliminating a legislative augmentation of $89,000 and 1 8 personnel years in this item which restores funding for two occupational therapy consultants for the California Children's Services program. This program has existed for nearly 40 years. State involvement in administering the program at the local level has declined as the counties have acquired their own expertise. The department identified these positions as non-critical staff. The positions remained vacant for a long period of time without a significant program impact. The department's oversight responsibilities will not be jeopardized.

I am eliminating a legislative augmentation of $23,000 and 0.9 personnel years which reinstates funding and a position associated with the Department of Health Services' anticipated savings due to the increased utilization of the Family Planning automated claims processing system. The department is in the process of converting an existing automated program for claims processing and anticipates the availability of the system early in the fiscal year The need for human resources for this process is reduced due to the speed and efficiency of automation

I am reducing this item by $33,000 and 24 personnel years, as well as $67,000 in Item 4260-001-890, added by the Legislature to restore the Child Health Information and Claiming Unit to provide manual claims processing services for the Child Health and Disability Prevention Program. Contracting for these services will allow the department to reduce costs by $100,000 and will reduce the time required to process claims. I recently signed AB 1793, Chapter 129, Statutes of 1986, which specifically permitted the department to contract for these services in FY 1985–86. Since the

department has already executed a contract for these services, it is reasonable to continue this cost effective approach in the future.

I am eliminating the $100,000 legislative augmentation ($33,000 General Fund and $67,000 Federal Fund) and 2.3 personnel years added to reflect a modification to the change in the licensing cycle for long-term care facilities which I proposed in my January budget. This procedure change will ensure that all facilities will continue to be inspected annually Those which have not historically maintained compliance with Administrative Code regulations will receive a more in-depth survey as compared to those who have maintained compliance. The procedure, as reflected in the Budget, will increase the amount of time department staff spend in problem facilities, while streamlining departmental administration of the program The corresponding Federal Fund reduction is reflected in Item 4260-001-890.

I am reducing $692,000 payable from the Hazardous Waste Control Account by eliminating funds proposed for a contract with the Office of Criminal Justice Planning (OCJP) for a local toxics strike force training program While training is important, it should be part of an organized, coordinated effort and not a piecemeal approach. This action conforms to my action on Item 4260-001-014

I am eliminating a legislative augmentation of 10 positions (9.1 personnel years) and $388,000 in a subsidiary item from the County Health Facilities Financing Assistance Fund to support an annual audit of County Health (AB 8) and Medically Indigent Services Program funds In light of the fact that most counties are currently providing more county funds than are necessary to match the State subventions, auditing these funds would be an unnecessary proliferation of the bureaucracy

In addition, I am also deleting Provisions 8 and 39, added by the Legislature which would require the department to act to collect on County Health Services Fund (AB 8) audits that were performed in 1982–83 and 1983–84.

"8. The Department of Health Services shall take action to collect (1) all outstanding Audits and Investigations Division AB 8 audit amounts currently under appeal and (2) funds due to the state from AB 8 audits initiated in 1983–84

"39 Notwithstanding any other provision of law, the County Health Facilities Financing Authority may transfer and the Department of Health Services may utilize funds from the County Health Facilities Assistance Fund to fund an ongoing AB 8 and Medically Indigent Services audit program "

The audits were completed on only 21 counties. To collect from these counties would be disparate treatment

I am reducing $150,000 payable from the Environmental License Plate Fund (Item 4260-001-140) to reflect the elimination of a legislatively mandated study. Chapter 1440, Statutes of 1985, appropriated $1 3 million to support a one-time study of marine pollution and related health risks associated with the consumption of contaminated fish. Most of this money will be used for a study in Santa Monica Bay and Long Beach Harbor to provide an appropriate mechanism for the development of an essential study design protocol for any future marine pollution studies deemed critical Until such times as the Santa Monica and Long Beach studies are completed and design protocols are developed, this augmentation, regardless of funding source, is premature and an imprudent use of limited resources.

I am also deleting Provision 15 to conform with this action

"15 Of the funds appropriated in this item $150,000 shall be used for the assessment of marine pollution health risks and shall be available for encumbrance only if AB 3501 of the 1985–86 Regular Session is chaptered and authorizes this program."

I am deleting Provision 9 which would inhibit the authority of the Director of Health Services to create formal and informal advisory groups to provide guidance on critical issues.

"9. No funds appropriated by this item shall be available for expenditure for the Family Planning Advisory Board "

Provision 9 would prohibit the Department of Health Services from reimbursing members of the Family Planning Advisory Board for expenses incurred while conducting State business I believe such a prohibition is inconsistent with the

separation of powers principle of the Constitution.

I am eliminating a legislative augmentation of $300,000 in this item which was provided to fund contracts for services to regulate biotechnology. The department currently supports activities such as this through the Division of Laboratories To contract with private industry to perform quality control functions relating to private industry creates unnecessary bureaucracy I am also deleting Provision 11 to conform with this action

"11. The Department of Health Services shall contract the following services:
(a) Providing consulting to industries requiring information regarding the biological safety of manufacturing and research facilities;
(b) Assessing risks for the manufacture of drugs, medical devices, process foods, and other biologically engineered materials for which the department has regulatory responsibility."

I am eliminating the $500,000 legislative augmentation to implement an AIDS education program for students at California universities and colleges The 1986–87 Budget provides $4 8 million for information and education grants associated with the AIDS epidemic This amount reflects an increase of $1 1 million over the 1985–86 funding level. Therefore, any additional funding needed for any specific target group (i.e , minorities, I.V. drug users, other high-risk groups and non high-risk groups) could be obtained from these increased funds, if it is deemed critical. Specifying expenditures for this particular target group would limit the department's flexibility to ensure that the funds are utilized for the most critical purposes and in the most effective manner. I am also deleting Provision 16 to conform with this action.

"16 Of the funds appropriated in this item, $500,000 shall be used by the Department of Health Services to implement an AIDS education program for students at California universities and colleges This educational program shall follow guidelines established by state funded educational models developed in 1985–86 by the University of California "

I am reducing $1,000 and deleting Provision 20 because I believe the development and implementation of education and testing guidelines are unnecessary The Centers for Disease Control and the California Health Officers Association have recently released guidelines concerning the contraction of AIDS by pregnant women. These guidelines will be utilized by the local agencies administering the various AIDS programs It is appropriate for the Federal government to implement such guidelines to achieve uniformity nationwide Although there is no specific appropriation associated with this provision, there will be administrative costs incurred to comply with this requirement Therefore, I am vetoing $1,000

"20. The Department of Health Services shall develop and implement education and testing guidelines for pregnant women at risk of contracting AIDS "

I am eliminating the $1,200,000 legislative augmentation for AIDS information and education activities. The 1986–87 Budget provides $4,833,000 for information and education grants and $2,251,000 for information, education and surveillance program support activities Until such time as the existing programs funded through the information and education contracts can be evaluated, further augmentation is premature.

I am also deleting Provision 22 to conform to this action

"22. Of the funds appropriated by this item, $5,907,500 shall be spent on general AIDS information and education activities "

I am eliminating the $250,000 legislative augmentation to assess the impact and effectiveness of AIDS information and education materials The 1986–87 Budget reflects an augmentation of $998,000 and 12.7 personnel years which are proposed for the monitoring and evaluation of the AIDS information and education activities Therefore, this augmentation is duplicative and unnecessary

I am also deleting Provision 23 to conform to this action.

"23. The Department of Health Services shall allocate (1) $125,000 to assess what impact AIDS information and education materials are having on target groups, and (2) $125,000 to ascertain the specific types of messages which are effective for specific target groups "

I am reducing $1,000 and deleting Provision 26 because quarterly reporting on the

status of AIDS-related activities is unnecessary and would require the department to divert limited staff resources and funding from more critical AIDS-related efforts to this effort.

"26. The Department of Health Services is required to report quarterly on the status of AIDS-related activities to the Governor, the Legislature, and the public."

I am eliminating the $250,000 legislative augmentation for the development of an AIDS comprehensive plan by the SB 910 AIDS Advisory Committee established pursuant to SB 910, Chapter 1257, Statutes of 1983. The Department of Health Services has already developed a comprehensive plan and will update and revise that plan as circumstances change. It is unnecessary to also provide $250,000 for an advisory committee to accomplish the same task.

I am also deleting Provision 27 to conform to this action.

"27. The Department of Health Services shall allocate $250,000 to the AIDS Advisory Committee, established pursuant to SB 910 (Ch. 1160, Stats of 1986), for the development of a Comprehensive AIDS plan. The committee shall submit the plan to the Legislature and the Governor by December 15, 1986. To ascertain local needs, the committee will hold a conference of service providers and conduct regional hearings."

I am eliminating the $250,000 legislative augmentation for allocation to the Hemophilia Council of California. The Department of Health Services is contracting with both the Hemophilia Council of California and the Orthopedic Hospital to provide services for hemophiliacs. The 1985–86 Budget provided $233,000 for these contracts and both will be continued in 1986–87. Therefore, this augmentation is duplicative and unnecessary

I am also deleting Provision 28 to conform to this action

"28. The Department of Health Services shall allocate $250,000 to the Hemophilia Council of California for counseling and psychosocial care for hemophiliacs with HTLV-III infection and for their families."

I am eliminating the $50,000 legislative augmentation for AIDS-related training of dental personnel. The 1986–87 Budget provides $4.8 million for information and education contracts. This amount reflects a $1.1 million increase over the 1985–86 funding level The department has the flexibility to fund projects of this nature from the $4.8 million appropriation, if it is deemed to be necessary. Specifying the manner in which these funds are expended or the specific target groups to receive these funds would impede the department's efforts to ensure that funds are allocated for the most critical purposes and in the most effective manner.

I am also deleting Provision 29 to conform to this action.

"29. The Department of Health Services shall work with the State Board of Dental Examiners and the California Dental Association to provide education to dental personnel regarding AIDS."

I am reducing by $200,000 the $700,000 legislative augmentation for Alzheimer's Disease research. The combined budgets for the Departments of Health Services, Mental Health and Aging provide $2,550,000 in the current year and $2,750,000 in 1986–87 for various Alzheimer's programs and services. Included in the $2.75 million is $250,000 specifically for Alzheimer's research This augmentation will triple the amount available for Alzheimer's Disease research and will provide a sufficient base to allow the department to leverage funds from other sources.

I am also revising Provision 31 to conform to this action.

"31. The Department of Health Services shall allocate ~~$950,000~~ *$750,000* for the Alzheimer's Disease research program."

I am eliminating the $82,000 legislative augmentation to this item and the $246,000 payable from the Federal Trust Fund (Item 4260-001-890) to add 11 positions (10 personnel years) to support statewide expansion of the gatekeeper program. Statewide expansion of the gatekeeper program is also being proposed in AB 2684 which has been passed by both the Assembly and the Senate. I believe that legislation is the more appropriate means of effecting this significant change of law. In addition, AB 2684 would not require any additional funding or unnecessary bureaucracy.

I am also deleting Provision 35 to conform with this action.

"35. The Department of Health Services, during the processing of an initial and/or a renewal Treatment Authorization Request (TAR) for a Medi-Cal eligible recipient for admission to a nursing home or continued stay in a nursing home, shall screen the recipient to determine if the authorized nursing home level of care can be provided through community-based social and health services and shall refer the recipient to such community-based services if the screening indicates its appropriateness."

I am deleting Provision 36 because this language is unnecessary. The Los Angeles county registry is critical to our efforts to implement a statewide registry in accordance with AB 136 (Chapter 841, Statutes of 1985). As such, the Department would maintain the Los Angeles County registry regardless of the adoption of this language. The language as currently drafted could be interpreted to require the State to support the Los Angeles County registry as it currently operates, which is substantially more costly than the system being implemented by the State. I am deleting this language to avoid the possibility of mandating that these additional costs be borne by the State

"36 It is the intent of the Legislature to insure that the Los Angeles County Tumor Registry program be maintained."

I am reducing $1,000 and deleting Provision 38 because this Provision would prevent the department from contracting out for this function Contracting was proposed because it is more efficient and a cost-effective means of improving the administration of this particular function.

"38. As long as the responsibility remains with the department, it shall retain state employees to perform activities related to the certification of nurse assistants and home health aids and assistant training programs."

I am reducing $1,000 because I anticipate a savings as a result of contracting this function

I am reducing $1,000 and deleting Provision 40 because this Provision precludes the Administration from exercising its authority to implement contracting-out proposals that meet the test of cost-effectiveness and efficiency. I am also reducing the budget by $1,000 because I believe that contracting these services will save the department at least $1,000

"40 The security and janitorial services at the Berkeley Laboratories supported by funds in this item shall be provided solely by state staff and not through contract Upon the expiration of existing contracts for security services at the Berkeley Laboratories, the department shall not renew the contracts, but shall instead engage state employees to provide these services."

I am deleting $1.000 and Provisions 5, 14, 25 and 33 as well as Provision 20 in Item 4260-101-001 to eliminate unnecessary administrative costs.

"5 The Department of Health Services shall perform an analysis of Medi-Cal billing tapes to discern the level of reimbursement presently being provided for AIDS-related outpatient care and submit it to the Legislature by December 1, 1986."

"14. The Department of Health Services shall notify the chairperson of the fiscal committee of both houses of the Legislature and the Chairperson of the Joint Legislative Budget Committee 30 days prior to spending any consultant and professional service funds budgeted in support of the low-level radioactive waste site monitoring program.

The notification shall identify (a) the types of services to be purchased, (b) the amount of funds to be expended for each type of service, and shall provide (c) an explanation of why such services are needed for the efficient implementation of the department's responsibilities."

"25 The director of the Department of Health Services, designated by the Governor as the lead on AIDS issues, shall require the following departments to report to the Legislature by November 1, 1986, on the resources they require to provide services related to AIDS for 1987–88 Health Services, Social Services, Corrections, Alcohol and Drug Programs, Mental Health, Education, California Youth Authority, University of California, California State University, California Community Colleges, and Fair Employment and

Housing."

"33. Whenever the Department of Health Services conducts epidemiological studies of hazardous waste sites, the department shall determine:

(a) Whether the exposure of human or animal populations to any hazardous substance may be detectable in tissue or fluid samples from the subject population;

(b) Whether biological monitoring of such substances would be scientifically justifiable for the site under discussion

Should the department make the above determinations, the study shall include laboratory analyses of such samples from a statistically significant portion of such population and a control group."

Although no augmentations are associated with these provisions, there will be administrative costs incurred to comply with the requirements The 30-day notification will require preparation by the Department of Health Services as well as review by the Agency Secretary and the Department of Finance. The requirement for reporting departmental needs for AIDS for the 1987–88 fiscal year will impose additional expenses on the department to assimilate the reports and ensure that the appropriate materials are submitted. The requirement to make specific findings when conducting epidemiological studies will require the establishment of procedures and possible adoption of regulations These requirements are unnecessary and potentially costly. Therefore, I am vetoing $1,000 and the four provisions. I am also deleting Provision 20 in Item 4260-101-001 which would impose additional auditing requirements on the Department of Health Services

Item 4260-001-014—For support of the Department of Health Services. I reduce this item from $27,979,200 to $27,283,200.

I am reducing this item by $696,000 to conform to my action regarding contract training funds and contracting for security guard services in Item 4260-001-001. This reduces the amount payable from this item to Item 4260-001-001

Item 4260-001-140—For support of Department of Health Services. I eliminate this item.

I am eliminating the $150,000 legislative augmentation for a study of the health risks associated with the consumption of contaminated fish to conform with my action in Item 4260-001-001. This eliminates the amount payable from this item to Item 4260-001-001

Item 4260-001-710—For support of Department of Health Services. I reduce this item from $5,989,000 to $5,988,000.

I am reducing this Item by $1,000 to conform with my action in Item 4260-001-001 regarding contracting for security guard services This reduces the amount payable from this item to Item 4260-001-001.

Item 4260-001-810—For support of Department of Health Services I eliminate this item.

I am eliminating this item which was added by the Legislature to fund an annual audit of County Health (AB 8) and Medically Indigent Services program funds. This action conforms to the action I have taken in Item 4260-001-001. This eliminates the amount payable from this item to Item 4260-001-001.

Item 4260-001-890—For support of Department of Health Services. I reduce this item from $95,135,850 to $94,664,850.

I am reducing this item by $16,000 to conform with my action in Item 4260-001-001 regarding contracting for security guard services

I am reducing this item by $67,000 to conform to my action in Item 4260-001-001 in reflecting the elimination of the $100,000 legislative augmentation which reflects a change in the revised licensing cycle for long-term care facilities as proposed in the 1986–87 budget

I am eliminating the $75,000 added by the Legislature to restore two positions (1.8 personnel years) and allow the Department of Health Services to contract a portion of their Medical Review function to conform with my action on Item 4260-001-001

I am eliminating the $246,000 legislative augmentation to conform with my action on Item 4260-001-001 regarding the Gatekeeper program.

0 20 15 0

I am eliminating a $67,000 legislative augmentation to restore the Child Health Information and Claiming Unit to provide manual claims processing for the Child Health and Disability Prevention Program. This conforms to the action I have taken in Item 4260-001-001.

Item 4260-101-001—For local assistance, Department of Health Services I reduce this item from $2,334,225,000 to $2,264,865,000 by reducing:

(a) 50.10—Eligibility from $132,326,000 to $129,826,000,

(b) 50.11—Benefits from $4,634,972,000 to $4,501,252,000,

(c) Amount payable from the Federal Trust Fund (Item 4260-101-890) from −$2,455,505,000 to −$2,388,645,000, and

by revising Provisions 16 and 32, and deleting Provisions 20, 22, 23, 24, 25, 26, 27, 29, 30, 31, and 33

I am revising Provisions 16 to conform to my action in Item 4260-106-001.

"16 The following shall control the allocation of funds for rate increases for obstetric services:

(a) The Department of Health Services shall increase by ~~80.5~~ 26.5 percent reimbursement rates for procedure codes 59400 through 59581 as listed in the "1969 California Relative Value Studies" (fifth edition).

~~(b) The Department of Health Services shall establish a reasonable fee schedule of not less than $1,135 for prenatal care, delivery and one postpartum visit for comprehensive perinatal care providers.~~"

I am approving an increase of 26.5 percent in Medi-Cal reimbursement rates for obstetric services This would provide rate parity with Medi-Cal providers of other critical primary care services.

I am deleting Provision 20

"20. The Department of Health Services shall develop a methodology to ensure that funds appropriated to upgrade patient care positions in Intermediate Care Facilities/Developmentally Disabled-Habilitative shall be spent on labor."

Language such as this discourages providers from temporarily using their own resources for improvements. Since there would have been some expense for additional auditing to enforce this requirement, I am also reducing item 4260-001-101 to conform with my action on this issue.

I am deleting Provision 22.

"22. The Department of Health Services shall establish hospice as a covered benefit under Medi-Cal "

The same change is being proposed in AB 4249 and I will consider the merits of this change in Medi-Cal benefits when the Legislature passes that legislation

I am deleting Provision 23

"23 The Department of Health Services shall adopt regulations reestablishing reimbursement for Extended Care Facilities until such time as there is an appropriate substitute "

The 1986–87 Budget provides $1,007,000 for skilled nursing facility pilot projects in San Francisco and Los Angeles to acquire baseline data on health care service needs for AIDS patients In addition, the 1986–87 Budget provides $1,500,000 for community support block grants which include funding for pilot projects in the areas of home health care, attendant care, and hospice care. I believe that further expansion of services is premature until the benefits and need for such expansion can be evaluated.

I am eliminating the $1,500,000 legislative augmentation to this item and the $1,500,000 payable from the Federal Trust Fund (Item 4260-101-890) to be used by the California Medical Assistance Commission to allocate to hospitals which serve a disproportionate number of AIDS patients. I believe that increasing rates based on diagnosis should be considered as part of the "give and take" of the negotiation process and should not be the subject of special consideration.

I am also deleting Provision 24 to conform to this action.

"24. The Department of Health Services shall allocate $3,000,000, $1,500,000 of which shall be from the General Fund, to the California Medical Assistance Commission to allocate to hospitals which serve a disproportionate number of AIDS patients. The department shall apply for a waiver to the federal government if one is necessary to obtain federal financial participation in these

costs."

I am eliminating the $1,500,000 legislative augmentation to this item and the $1,500,000 payable from the Federal Trust Fund (Item 4260-101-890) to be used by the California Medical Assistance Commission to allocate to hospitals which serve AIDS patients receiving investigational drug therapies. I believe that establishing special treatment under Medi-Cal based on diagnosis is inconsistent with providing only those services which are medically necessary

I am also deleting Provision 25 to conform to this action

"25. The Department of Health Services shall allocate $3,000,000, $1,500,000 of which shall be from the General Fund, to the California Medical Assistance Commission to allocate to hospitals which serve AIDS patients receiving investigational drug therapies The department shall apply for a waiver to the federal government, if one is necessary, to obtain federal financial participation in these costs The department shall report to the Legislature by July 31, 1986, on its policy regarding reimbursement of inpatient stays associated with the administration of investigational therapies "

I am eliminating the $13,000,000 legislative augmentation to this item and $13,000,000 payable from the Federal Trust Fund (Item 4260-101-890) to be used by the California Medical Assistance Commission in negotiating contracts with hospitals serving a disproportionate share of Medi-Cal or other low-income patients This augmentation is unnecessary as the special needs of these hospitals were already considered with the $5 million ($2 5 million General Fund) augmentation that was sustained in the 1985–86 budget

I am also deleting Provision 26 to conform with this action.

"26 The Department of Health Services shall allocate $13,000,000 appropriated in this item and $13,000,000 appropriated in Item 4260-101-890 to be used by the California Medical Assistance Commission to take into consideration the special circumstances of hospitals serving a disproportionate share of Medi-Cal and other low-income patients "

I am eliminating the $15,000,000 legislative augmentation to this item and the $15,000,000 payable from the Federal Trust Fund (Item 4260-101-890) to be used by the California Medical Assistance Commission for hospital contract increases I believe that there is still potential for further reductions in hospital contracting, considering the continued pressure for expansion of hospital facilities. While some increases may be warranted in isolated cases, I believe it would be inconsistent with the fundamental basis of negotiation to budget a general increase.

I am also deleting Provision 27 to conform with this action

"27. The Department of Health Services shall allocate $15,000,000 appropriated in this item and $15,000,000 appropriated in Item 4260-101-890 to be used by the California Medical Assistance Commission to take into consideration increases warranted for hospitals contracting with the state to deliver Medi-Cal services When allocating funds for these warranted increases, the California Medical Assistance Commission shall provide funds only for increased costs expected to occur in future contract periods "

I am eliminating the $7,500,000 legislative augmentation to this item and the $7,500,000 payable from the Federal Trust Fund (Item 4260-101-890) to be used by the Department of Health Services to increase hospital outpatient rates to take into consideration the special circumstances of hospitals serving a disproportionate share of Medi-Cal and other low-income-patients Reimbursement for outpatient services is the subject of AB 1159 I believe that legislation is the appropriate means of considering significant changes such as this

I am also deleting Provision 29 to conform with this action

"29 The Department of Health Services shall allocate $7,500,000 appropriated in this item and $7,500,000 appropriated in Item 4260-101-890 to increase hospital outpatient rates to take into consideration the special circumstances of hospitals serving a disproportionate share of Medi-Cal and other low-income patients."

I am eliminating the $2,000,000 legislative augmentation to this item and the $2,000,000 payable from the Federal Trust Fund (Item 4260-101-890) to fund the

elimination of the Medi-Cal Inpatient Reimbursement Limit (MIRL). The current reimbursement system allows for reimbursement of reasonable costs while maintaining important cost controls. Revising this method would be counter productive to cost-effective management of the Medi-Cal program.

I am also deleting Provision 30 to conform with this action.

"30. The Department of Health Services shall eliminate the Medi-Cal Inpatient Reimbursement Limitation (MIRL) for small and rural hospitals."

I am eliminating the $1,000,000 legislative augmentation to this item and the $1,000,000 payable from the Federal Trust Fund (Item 4260-101-890) to fund rate increases to rural hospitals for outpatient care. Reimbursement for outpatient services is the subject of AB 1159. I believe that legislation is the appropriate means of considering significant changes such as this They should not be effected through the budget

I am also deleting Provision 31 to conform with this action.

"31 The Department of Health Services shall allocate $1,000,000 appropriated in this item and the $1,000,000 appropriated in Item 4260-101-890 to increase reimbursement to rural hospitals for outpatient care."

I am reducing $360,000 from the $720,000 legislative augmentation to this item and $360,000 from the legislative augmentation to the Federal Trust Fund (Item 4260-101-890) to increase Adult Day Health Care rates. The Legislature provided funding to increase rates from $35.31 to $40 05. Until results of the rate study are complete, I believe that such an increase is unwarranted. However, some rate increase is appropriate, therefore, I am leaving enough funds to increase rates to $37.68

I am also revising Provision 32 to conform with this action

"32. The Department of Health Services shall reimburse for adult day health care at an average daily rate of ~~$40 05~~ *$37 68*"

I am deleting Provision 33

"33 Notwithstanding Section 14154.1 of the Welfare and Institutions Code, which requires that the Department of Health Services shall not allocate funds for nonapproved Medi-Cal applications which exceed a specified level, the level for applications accepted on or after July 1, 1985, shall be determined by multiplying the county's number of approved applications by the ratio of nonapproved applications processed by the county during 1983–84"

This Provision would have required the Department of Health Services to change the way counties are reimbursed for the Medi-Cal applications processed. This issue is the subject of pending legislation, AB 1573. This issue should be decided based on legislation and not through the budget process I am also eliminating the $2,500,000 legislative augmentation for County Reimbursement for Eligibility Determination to conform to this action

I am reducing the appropriation in this item by $25,000,000 and the appropriation in Item 4260-101-890 by $25,000,000 to adjust the Medi-Cal Budget for an acceleration of provider claims received in the current year It appears the Medi-Cal providers have turned in their claims in a more timely manner for the last several months. This is a one-time expense and, in order to account for this change, I am reducing the Medi-Cal budget by $25,000,000 in this item and an equal amount of Federal funds in Item 4260-101-890

Item 4260-101-890—For local assistance, Department of Health Services I reduce this item from $2,455,505,000 to $2,388,645,000

Consistent with the above action, I am revising Provision 1

"1. The amount payable from this item is scheduled as follows.

(a) 50 10—Eligibility (County Administration)	68,754,000
(b) 50.11—Benefits (Medical Care and Services)	~~2,356,131,000~~ *2,289,571,000*
(c) 50 50—Fiscal Intermediary Management	30,320,000

I am eliminating the $1,500,000 legislative augmentation for special inpatient rates to conform with my action on Item 4260-101-001

I am eliminating the $1,500,000 legislative augmentation for investigational drugs for AIDS patients to conform with my action on Item 4260-101-001

I am eliminating the $13,000,000 legislative augmentation for disproportionate inpatient provider rate increases to conform with my action on Item 4260-101-001

I am eliminating the $15,000,000 legislative augmentation for hospital contract increases to conform with my action on Item 4260-101-001

I am eliminating the $7,500,000 legislative augmentation for hospital outpatient rate increases to conform with my action on 4260-101-001.

I am eliminating the $2,000,000 legislative augmentation to fund the elimination of the Medi-Cal Inpatient Reimbursement Limitation (MIRL) to conform with my action on Item 4260-101-001

I am eliminating the $1,000,000 legislative augmentation for rural outpatient rate increases to conform with my action on Item 4260-101-001.

I am reducing $360,000 from the $720,000 legislative augmentation to conform with my action on Item 4260-101-001 to reduce the amount in this budget for an interim rate increase for Adult Day Health Care.

I am reducing this item by $25,000,000 to conform to my action in Item 4260-101-001 to account for the extra provider claims received in the current year

Item 4260-106-001—For cost-of-living increases, Department of Health Services. I reduce this item from $39,612,000 to $16,995,000 by reducing

(a) 50.11—Benefits (Medical Care and Services) from $79,692,000 to $34,016,000,

(b) Amount payable from the Federal Trust Fund from −$40,080,000 to −$17,021,000.

The Legislature added $15,593,000 in this item and an equal amount in Item 4260-106-890 to provide for an increase in reimbursement rates paid to the providers of obstetric services in the Medi-Cal program. The legislative augmentation provided for an increase of 80.5 percent in the rates for obstetric services and an additional $200 increase in rates for the Medi-Cal providers who provide obstetric services under AB 3021 (Chapter 1404, Statutes of 1984). I am reducing this augmentation to $4,955,000 in this item and a corresponding amount in Federal Funds which will permit a 26 5 percent increase to provide for rate parity with the Medi-Cal providers of other critical primary care services.

The Legislature added $11,958,000 to this item and $12,424,000 to Item 4260-106-890 to provide for a 2.0 percent increase in discretionary provider rates for the Medi-Cal Providers Due to competing demands on the General Fund, I am eliminating this augmentation

The Legislature added $21,000 to this item and $21,000 to Item 4260-106-890 to provide for a 14.0 percent increase in transportation rates for the portable x-ray providers. Due to competing demands on the General Fund, I am eliminating this augmentation for this limited group of Medi-Cal providers

Item 4260-106-890—For cost-of-living increases, Department of Health Services. I reduce this item from $40,080,000 to $17,021,000

I am eliminating the $21,000 legislative augmentation to this item for the 14 0 percent increase in the transportation rates for the portable X-ray providers. This conforms with my action in Item 4260-106-001.

I am eliminating the $12,424,000 legislative augmentation which would have provided for a 2.0 percent increase in discretionary provider rates for the Medi-Cal providers. This conforms with my action in Item 4260-106-001.

I am reducing $10,614,000 from the $15,593,000 augmented by the Legislature for the obstetric rate increases to correspond to the reduction in Item 4260-106-001 I am retaining a $4,979,000 augmentation to conform to my action in Item 4260-106-001 to provide for significant increases in this program to provide for rate parity with the Medi-Cal providers of other critical primary care services.

Item 4260-111-001—For local assistance, Department of Health Services I reduce this item from $1,122,254,500 to $1,108,914,500 by reducing:

(a) 11—Preventive Medical Services from $22,793,500 to $18,043,500,
(b) 20—Family Health from $117,740,000 to $113,190,000,
(c) 40—Rural and Community Health from $981,721,000 to $977,681,000, and revising Provisions 1, 2, and 3.

I am eliminating the $500,000 legislative augmentation to provide outreach services to encourage high risk groups to seek AIDS testing The 1986–87 Budget provides $3 9 million for HTLV-III testing pursuant to AB 488 (Chapter 23, Statutes of 1985) which appropriated $5 million for establishment of alternative test sites. The reimbursement rate to counties for administering the tests has been increased from $11 per test to $40 per test to include enhanced outreach and education I believe the current level of funding is sufficient and that further augmentation is unnecessary at this time.

I am eliminating the $1,800,000 legislative augmentation to support AIDS epidemiology and education services at the local level. I am providing $2.6 million for this purposes in 1986–87 Until such time as these efforts can be evaluated, further augmentation is premature.

I am eliminating the $1,200,000 legislative augmentation for AIDS community support services The 1986–87 budget provides $1,500,000 for community support block grants which include expenditures for pilot projects in the areas of home health care, attendant care, and hospice care Additionally, I am supporting efforts to include hospice care as a Medi-Cal benefit This augmentation, which is intended to provide for AIDS health care outside of the hospital setting, would be duplicative of these efforts and is premature until the benefits of and needs for these projects can be evaluated

I am eliminating the $1,000,000 legislative augmentation for AIDS intermediate care I have already proposed an augmenation of $1,007,000 for skilled nursing facility pilot projects in San Francisco and Los Angeles to acquire baseline data on health care service needs for AIDS patients Since no data currently exist and the use of and need for these services have not been documented, an additional $1,000,000 for this purpose is inappropriate at this time.

I am eliminating the $250,000 legislative augmentation for AIDS demonstration projects in county jails It is inappropriate for the State to undertake activities which are the responsibility of the local jurisdictions Demonstration projects in county correctional facilities should remain the responsibility of local jurisdictions

I am eliminating a legislative augmentation in the amount of $300,000 added to fund school-based health clinics These services are already authorized through the Comprehensive Health Education Program. Included in the budget for school districts is over $12 billion in general purpose and categorical funds that can be used for this purpose. Additionally, I have included $500,000 for the Department of Education in both FY 1985–86 and 1986–87 to develop curriculum as well as pamphlets and flyers regarding available health services.

I am eliminating a legislative augmentation of $4,250,000 for the Family Planning program. This program was augmented by $4,000,000 in FY 1985–86 which, when combined with last year's COLA, provided a 17 1 percent increase

I am eliminating the $400,000 legislative augmentation for rural health services to provide funding for increased costs of liability insurance. The requirements for liability insurance have not changed in the recent past. Any contract adjustments for increased costs of providing services should be made during normal contract negotiations

I am eliminating the $3,640,000 legislative augmentation to provide new and expanded services for the rural health program Funding for this program has grown by 15 5 percent since 1983–84. In light of the current demand for State support in a wide variety of programs, I believe that the level of funding in the budget is appropriate

I am deleting Provision 1(b) which would require counties to develop and submit expenditure plans as a condition of receiving AIDS block grant funding This language is inappropriate. The concept of requiring State approval over plans for expending block grant funding is contradictory. Block grant funds are provided for a general purpose and the receiving jurisdictions are given the flexibility to allocate and administer the funding as they deem necessary and appropriate.

I am deleting Provision 1(f) as part of my action to reduce the overbudgeting of funds for AIDS activities. Provision 1(f) is unnecessary because the Department considers all target groups, including the general public and health and public safety personnel, when allocating funds for information and education contracts It is important that the Department maintain the flexibility to allocate these funds in the most effective manner possible to address the most critical of needs in the area of AIDS information and education

I am revising Provisions 1, 2 and 3 to conform with these actions

"1 Program 11—Preventive Medical Services

(a) Should influenza vaccine, or funding for influenza vaccine, become available to the state, such resources or funds shall be used in lieu of equivalent funds appropriated from the General Fund for such purpose to the extent that the same target population is served

~~(b) The department shall (1) require counties to develop AIDS plans and budgets as a condition of receiving aids block grants, (2) review the plans and budgets to assure that proposed expenditures are consistent with program goals, and (3) monitor expenditures to assure that actual expenditures are in general agreement with the plan and budget. The department shall recoup and revert to the General Fund any funds not spent in this manner.~~

~~(c) The department shall allocate $500,000 to counties to contract for or provide outreach to high risk groups to encourage them to seek AIDS testing. Funds shall be allocated on the basis of population, test volume, number of AIDS cases, and number of alternate test sites.~~

~~(d) Counties are prohibited from receiving state funds for county AIDS programs unless they maintain their current level of support for AIDS services. A county shall submit a plan to the state demonstrating how it will address epidemiological and educational issues related to the AIDS epidemic, the sources of funds it has available for AIDS related activities, and an expenditure plan for local assistance funds provided by the state. The department is authorized to use up to $400,000 of the $1,400,000 in local assistance funds to contract with local jurisdictions for special studies.~~

~~(e) The department shall allocate $2,700,000 of the funds appropriated in this item to fund AIDS related programs providing a continuum of services outside of hospital settings. In allocating the funds, the department shall encourage counties to contract, when possible, with community based providers.~~

~~(f) In allocating funds for information and education contracts regarding AIDS, the department shall consider the need for education of health personnel.~~

~~(g) The department shall allocate $1,000,000 for San Francisco and Los Angeles counties to fund additional intermediate long/term care beds for persons with AIDS or AIDS/related conditions.~~

~~(h) The department shall allocate $250,000 to fund demonstration projects in county jails for treatment of persons with HTLV/III infection.~~

"2 Program 20—Family Health Services

(a) Funds appropriated in this item for services to physically handicapped children shall be used in accordance with provisions of Article 2 (commencing with Section 248) of Chapter 2 of Division 1 of the Health and Safety Code, provided that any person who is eligible for and is receiving services under the program funded by this item shall not be denied services or suffer an interruption of services because of any relocation within this state

(b) Collections of family repayments (a) by CCS in excess of $750,000 and (b) by GHPP in excess of $70,000 shall be used to offset the General Fund appropriation to those programs

(c) The CCS Program shall require all CCS applicants who are potentially eligible for cash grant public assistance to apply for Medi-Cal eligibility

prior to becoming eligible for CCS funded services, unless the individual declines to apply on the basis of known ineligibility under state law and the regulations promulgated thereunder.

~~(d) The department shall allocate $300,000 to establish school/based health clinics. Thirty days prior to expenditure of these funds, the department shall provide the Legislature with an expenditure plan.~~

~~(e) The department shall allocate $3 million for basic contraceptive services provided under the family planning program. The department shall allocate $1,250,000 to fund the testing and treatment of chlamydia. To the extent possible, the department shall endeavor to allocate the funds for the reduction of unintended teen pregnancies.~~

~~(f) In considering applications for funding for maternal and child health grants in the 1986/87 budget year, the department shall endeavor to fund demonstration projects which serve adolescents by providing health services on or near a school site. If a supplemental augmentation is approved for Community Clinic Grant/in/Aid programs, the Rural and Community Health Program should endeavor to fund demonstration projects administered by community clinics which serve adolescents by providing health services on or near a school site.~~

3 Program 40—Rural and Community Health

(a) The reimbursement rate for any procedure or service shall not be increased to exceed the Medicare rate for a comparable procedure or service, nor shall the reimbursement rate for any procedure or service which is currently above the Medicare rate be increased above its current level

(b) Amounts identified as abatements to the county medical services program for retroactive aid to the totally dependent program claims shall be transferred from the Health Care Deposit Fund to the county medical services program without regard to fiscal year.

(d) Funds appropriated for Medically Indigent Services in independent counties shall be spent to preserve or provide reasonable access to both inpatient hospital care and outpatient care

Outpatient care includes reasonable access, as determined by the Department of Health Services, to physician's services through county outpatient clinics, nonprofit community outpatient clinics, or other arrangements, the Medi-Cal formulary of prescription drugs, and acute dental care The department may withhold this funding for any county for which it makes a finding that the funding is not necessary to preserve or provide reasonable access to both inpatient hospital care and outpatient care The department shall withhold approval if it makes a finding that the county will not be in compliance with state statutory requirements governing eligibility, advance payment of patient liability, or notices.

~~(f) The department shall allocate $100,000 to primary care clinics to maintain professional liability coverage.~~

~~(g) Of the funds appropriated in this item, the department shall allocate $1,000,000 for rural health clinics, $1,500,000 for grants/in/aid to primary care clinics, $640,000 for farm worker health clinics, and $500,000 for clinic equipment. Of this $640,000, $490,000 shall be spent for expansion of clinics in Fresno, Tulare, Kern, Riverside, and Merced Counties and $150,000 for new sites in Monterey, Kern, and Imperial Counties.~~

(h) To the extent savings are available from the County Health Services Fund, the director shall allocate the funds according to the following priorities

(1) Public Health Emergencies	315,000
(2) Distressed County Facilities (as defined in Section 16715 of the Welfare and Institutions Code)	470,000
(3) Refugee Health Programs	245,000
(4) Computerization of County Information Processing	535,000
(5) County-Clinic Linkages	130,00
(6) Elder Care Projects	505,000
	0 23 15 0

(7) Medication Education Program for Seniors.. 250,000

If the funding applications of local jurisdictions request fewer funds by category than the amounts set forth above, the director may reallocate funds from one category to another. However, in reallocating funds, the director shall first consider the need for additional funds in the categories in the order of the priorities listed above.

(j) Funds appropriated in this item for the purpose of grants and contracts for lupus erythematosus research shall be used for basic research and shall be subject to the provisions of Section 2 of Chapter 297 of the Statutes of 1976 as amended by Section 1 of Chapter 643 of the Statutes of 1982."

Item 4260-116-001—For cost-of-living increases, Department of Health Services I reduce this item from $19,873,000 to $14,973,000 by reducing

(a) 40—Rural and Community Health from $19,873,000 to $14,973,000

I am eliminating the $4,900,000 legislative augmentation to provide a one percent discretionary COLA for the Medically Indigent Services program because of the large demands placed on the General Fund The 1985 Budget Act contained a $50 million legislative augmentation to this program, which represented a 10 6 percent increase over the 1984–1985 fiscal year appropriation. I am continuing that level of funding in the 1986–87 fiscal year

Item 4300-101-001—For local assistance, Department of Developmental Services, for Regional Centers. I reduce this item from $370,072,000 to $356,250,000 by reducing

(c) Special Adjustment Cost-of-Living Adjustment from $15,353,000 to $1,531,000, and by deleting Provision 6.

I am eliminating a legislative augmentation of $10,760,000 for a 5 percent discretionary cost-of-living adjustment (COLA) for residential care facility rates A COLA for residential care facilities is contained in Administration-sponsored legislation, SB 2525, which will restructure the existing residential care rate reimbursement system. I believe it is more appropriate to deal with the COLA as part of the revised rate system proposed in the bill

I am further reducing by $3,062,000 the discretionary COLA for providers of non residential care services and for regional center operating expenses The final budget will provide $1,531,000 for a 1 percent COLA consistent with the low rate of inflation

I am also deleting Provision 6. This provision, added by the Legislature, would require the Department of Developmental Services to include in each Regional Center Contract a provision for a full pass-through to regional center employees of all 1986–87 salary and benefit increases.

"6 The Department of Developmental Services shall include in each Regional Center Contract which it enters into for fiscal year 1986–87, a provision for a full pass-through to regional center employees of all 1986–87 salary increases and benefit allowances allocated to the regional centers."

I believe this provision would interfere with the collective bargaining process and would unduly restrict the regional centers' ability to meet local staffing needs.

Item 4300-111-001—For local assistance, Department of Developmental Services, for State Hospitals. I reduce this item from $68,878,400 to $68,696,400 by reducing

(a) 20—State Hospital Services Program from $467,653,400 to $467,516,400,

(b) Special Adjustment Cost-of-Living Adjustment from $90,000 to $45,000,

I am reducing this item by $182,000 to reflect the following actions

I am reducing $137,000 and 158.4 personnel years to continue the contracting out proposal for housekeeping services at the state hospitals

I have taken the opportunity to review the Legislature's action on my contracting-out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of services to the public. Although many of my proposals were adopted by the Legislature, the contracting-out proposal which would have allowed the Department of Developmental Services to realize cost savings related to housekeeping services at the state hospitals was not accepted. In reviewing the basis for the Legislature's action, I have determined that this proposal continues to be an appropriate opportu-

nity to contract-out. I am, therefore, eliminating the 158.4 personnel years added by the Legislature and will use the related funds to contract these services. The $137,000 reduction reflects the revised estimates of 1986-87 savings which will be realized as a result of contracting for these services.

I am also reducing $45,000 from the discretionary cost-of-living adjustment (COLA). The budget will provide $45,000 for a 1 percent increase which is consistent with the low rate of inflation.

Item 4300-121-001—For local assistance, Department of Developmental Services. I reduce this item from $7,890,000 to $7,671,000 by reducing:

(d) Special Adjustment Cost-of-Living Adjustment from $285,000 to $66,000.

I am reducing $219,000 of the $285,000 legislative augmentation for the discretionary cost-of-living adjustment (COLA). The budget will provide $66,000 for a 1 percent COLA consistent with the low rate of inflation.

Item 4300-301-036—For capital outlay, Department of Developmental Services. I am revising Provision 3, and deleting Provision 2.

I am revising Provision 3 because the second paragraph does not allow sufficient flexibility to measure the performance of the State Architect with regard to maintaining planning and construction schedules for the State Hospital projects. In a practical sense, even the best-managed capital outlay schedules are subject to delays for unforeseen circumstances, activities of other reviewing agencies and the activities of the client State departments I am, however, allowing language to remain which requires quarterly reporting on project schedule status by the Office of the State Architect to heighten the awareness of the concerns expressed by the Legislature for completing projects in a timely fashion for the benefit of all agencies whose activities affect those schedules.

"3 By August 1, 1986, and every three months thereafter, the State Architect, or the acting head of the Office of State Architect, shall report to the Joint Legislative Budget Committee on the status of each capital outlay project funded in this item. At a minimum, this report shall specify whether each project is progressing according to the timeline specified in the Supplemental Report of the 1986 Budget Act If the Supplemental Report of the 1986 Budget Act does not specify a timeline for a project, then the August 1, 1986, Office of State Architect Report shall establish an expeditious project schedule, and this schedule shall be used as the basis for each subsequent report Whenever a project is not progressing according to schedule, the report shall detail the reasons for the delay and the steps that have been or will be taken to expedite the project's development

~~If any project subject to this reporting requirement is not progressing according to the above timelines, then no funds appropriated by this act, or available from any other source, shall be expended for the payment of the salary or for any other compensation of the State Architect, or acting head of the Office of State Architect.~~ "

I am deleting Provision 2 because it would restrict the Administration's flexibility to conform Capital Outlay projects to any hospital licencing and accreditation standard changes that may occur, or adjustments which may be necessary to maintain costs in line with approved amounts Further, this provision conflicts with existing provisions of the Government Code which recognize the necessity for maintaining flexibility in the administration of capital outlay projects.

"2 Notwithstanding any other provision of law, the scope of all major capital outlay projects for which funds are appropriated by this item shall be approved by the Legislature and outlined in the Supplemental Report. No change in project scope shall be authorized for any project funded under this item, except by the Legislature."

Item 4300-490—For capital outlay, Department of Developmental Services. I am revising Provision 1.

I am revising Provision 1 because the second paragraph does not allow sufficient flexibility to measure the performance of the State Architect with regard to maintain-

ing planning and construction schedules for the State Hospital projects. In a practical sense, even the best-managed capital outlay schedules are subject to delays for unforeseen circumstances, activities of other reviewing agencies and the activities of the client State departments. I am, however, allowing language to remain which requires quarterly reporting on project schedule status by the Office of the State Architect to heighten the awareness of the concerns expressed by the Legislature for completing projects in a timely fashion for the benefit of all agencies whose activities affect those schedules.

"1. By August 1, 1986, and every three months thereafter, the State Architect, or the acting head of the Office of State Architect, shall report to the Joint Legislative Budget Committee on the status of each capital outlay project funded in this item. At a minimum, this report shall specify whether each project is progressing according to the timeline specified in the Supplemental Report of the 1986 Budget Act If the Supplemental Report of the 1986 Budget Act does not specify a timeline for a project, then the August 1, 1986, Office of State Architect Report shall establish an expeditious project schedule, and this schedule shall be used as the basis for each subsequent report Whenever a project is not progressing according to schedule, the report shall detail the reasons for the delay and the steps that have been or will be taken to expedite the project's development.

~~If any project subject to this reporting requirement is not progressing according to the above timelines, then no funds appropriated by this act, or available from any other source, shall be expended for the payment of the salary or for any other compensation of the State Architect, or acting head of the Office of State Architect.~~ "

Item 4440-001-001—For support of Department of Mental Health I reduce this item from $24,229,000 to $22,979,000 by reducing·

(a) 10—Community Services from $18,311,000 to $17,061,000,

and by deleting Provisions 5, 6 and 7

I am eliminating a legislative augmentation of $500,000 which was added for research activities. Chapter 1286/85 (AB 2541) mandated the Department of Mental Health to appoint a Mental Health Research Advisory Committee to advise and assist the Department in establishing research priorities. AB 2541 also directs DMH to include research activities in its ongoing budget. The research program is in the initial start-up stages and the appropriate funding level is unknown Given the limited General Fund revenues available, the many funding priorities, and the newness of this activity, I believe the $1 million funding level which I originally proposed is appropriate. As the program is more fully implemented, the need for additional funds will be evaluated. I am deleting Provision 7 to conform to this action.

"7. The Director of Finance may authorize the expenditure of $500,000 available for mental health research activities not sooner than 30 days after notification in writing to the chairperson of the fiscal committee in each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairperson of the joint committee, or his or her designee, may in each instance determine "

I am also eliminating a $750,000 legislative augmentation for media and training activities for Acquired Immune Deficiency Syndrome (AIDS). Chapter 767, Statutes of 1985 (SB 1251), provided $300,000 to the Department of Mental Health for the development and distribution of AIDS informational materials, and $200,000 for the development of training and education materials. In addition, SB 1251 requires the Department of Mental Health to conduct a statewide needs assessment of AIDS-related mental health needs. This assessment will be completed sometime during the Fall of 1986 and will provide information to determine what additional efforts are needed. I am deferring approval of this increased funding level until the assessment is completed and/or the funds currently available are fully exhausted

I am also deleting Provisions 5 and 6 to conform to this action

"5. Of the amount appropriated in this item, $250,000 shall be used for the distribution of AIDS related materials developed in 1985–86, and $250,000 shall be used

to develop and distribute new media materials. This work shall be done in consultation with the Department of Health Services."

"6. Of the amount appropriated in this item, $250,000 shall be used for:

(a) Training of mental health professionals with regard to AIDS issues;

(b) Training of AIDS health care providers with regard to mental health issues;

(c) Programs for burn-out of health and mental health providers; and

(d) Training of peer counselors."

Item 4440-011-001—For support of Department of Mental Health I reduce this item from $289,988,000 to $289,928,000 by reducing

(a) 20.10—Lanterman-Petris-Short Act from $178,983,000 to $178,923,000,

and by deleting Provision 10.

I am reducing this item by $60,000 to reflect the following actions.

I am eliminating the $49,000 and 16.1 personnel years restored by the Legisalture to continue the contracting out proposal for janitorial services at Metropolitan State Hospital, the 3 8 personnel years to continue the contracting out proposal for laboratory services at Patton State Hospital, and the $11,000 and 6.2 personnel years to continue the contracting out proposal for laundry services at Metropolitan State Hospital;

I am also deleting Provision 10 to conform to this action

"10. The department shall ensure that no state hospital laundry worker shall be displaced because of the laundry contract at Metropolitan State Hospital. These employees shall be offered other hospital employment at their current hospital location, in a comparable job category, and at a compensation level which is not less than what they received previously. It is the intent of the Legislature that future budget proposals contain detailed plans for accommodating employees displaced by contracting proposals."

I have taken the opportunity to review the Legislature's action on my contracting out proposals, which I initiated to encourage the development of innovative alternatives to traditional State operations with the intent of increasing the efficiency of the delivery of the services to the public. Although many of my proposls were adopted by the Legislature, the contracting out proposals cited above, which would have allowed the Department of Mental Health to realize cost savings at the state hospitals, were not accepted.

In reviewing the basis for the Legislature's action, I have determined that these proposals continue to be an appropriate opportunity to contract out. I am, therefore, eliminating the 26 1 personnel years added by the Legislature and will use the related funds to contract these services. The $60,000 reduction reflects the estimate of 1986-87 savings which will be realized as a result of contracting for these services.

Item 4440-101-001—For local assistance, Department of Mental Health I reduce this item from $499,364,000 to $492,606,000 by reducing:

(b) 10.25 Community Services-other treatment from $500,863,000 to $500,713,000,

(d) 10.55.020 Targeted Supplemental Services: Alternatives to inappropriate jail placement from $7,808,000 to $5,200,000,

and by eliminating:

(h) 10.85 AIDS ($4,000,000) and deleting Provisions 11, 12, and 15.

I am eliminating a legislative augmentation of $4 million which was added for Acquired Immune Deficiency Syndrome (AIDS) for mentally disabled persons. I believe that AIDS treatment and referral services can be provided within the existing $493 million allocated for local mental health programs. Counties are free to allocate resources to develop additional specialized treatment programs, including an AIDS program, as they identify such local needs. The Department of Mental Health (DMH) is conducting a statewide needs assessment of AIDS-related mental health needs Until the results of the statewide needs assessment (to be completed in the fall of 1986, per SB 1251) indicate specific needs, any service needs should be met within the existing Short/Doyle allocation

I am also deleting Provision 15 to conform to this action. Further, this language

places the AIDS-related target groups among those currently identified in the Targeted Supplement Fund categories. These categories have been identified in the statute as problems on a "system-wide" basis and require additional planning and funding mechanisms through the Targeted Supplement Fund allocation process. The proposed new AIDS group is not designated to have similar service difficulties and, therefore, should not be included

"15. Of the amount appropriated in this item, $4 million shall be used to provide critical mental health treatment services to victims of Acquired Immune Deficiency Syndrome (AIDS). These funds shall be used to provide services to the following populations

(a) People with AIDS
(b) People with ARC
(c) People who test antibody positive or negative for exposure to the AIDS virus
(d) Significant others of any of those in the above groups.
(e) Those suffering from AIDS-related depression, anxiety or somatization disorders."

I am also eliminating a $2,608,000 legislative augmentation to provide Los Angeles (L A) County with a 72-bed transitional residential program, and 6 acute psychiatric beds for a jail diversion program The budget provides $493 million for local mental health programs, of which L A County will receive approximately $148 million or 30 percent Counties also have access to any unspent funds which are available for rollover into the following fiscal year In addition, the budget provides $5 2 million specifically for alternative placement for mentally disabled persons who are inappropriately placed in jails Of this amount, L A County will receive approximately $1 9 million or 37 percent of these funds An additional $15 million is available to counties based on the legislatively mandated poverty/population/equity funding formula established through Chapter 1081/85 (SB 786) to fund county service priorities.

If this project is a county priority, the costs should be accommodated within the county's allocation, and the $1.9 million targeted for inappropriate jail placement projects

Furthermore, the augmentation would create an inequity and would disrupt progress towards the equity funding approach mandated by Chapter 1081/85 (SB 786) which requires that all new funds for mental health services be allocated based on an established poverty/population/equity funding formula

I am also eliminating a $150,000 legislative augmentation for the Edgewood Childrens Center According to the DMH, the Center currently receives $30,000 from the County's Short/Doyle mental health allocation to fund this program Next year, the school will receive $81,000 in local mental health funds and a $20,000 prevention grant from the DMH This funding represents a 237 percent increase

The provision of additional funds beyond this level for this facility is inconsistent with the program's block grant funding approach negotiated by the Legislature, the Administration and service providers through Chapter 1286/85 (AB 2541) This augmentation would create an inequity by providing a significant percentage increase for one provider, and would be in violation of and disrupt progress toward the equity funding approach mandated by Chapter 1081/85 (SB 786) which requires that all new funds for mental health services be allocated based on an established poverty/population/equity funding formula I am also deleting Provision 12 to conform to this action.

"12 Of the amount appropriated in Schedule (b) 10.25 Community Services-other treatment, $150,000 shall be available for Edgewood Children's Center to provide mental health day treatment service."

Provision 11 would allow seven counties to receive almost $2 3 million in new General Funds without the required ten percent match ($254,000) for FY 1986–87 only This proposal constitutes a program reduction due to the loss of local match funds for services In addition, the waiver of a county match in this program raises an equity issue with respect to other programs which require a match Therefore, I am eliminating Provision 11

"11 Certain counties have suffered a revenue loss in recent years and are not able

to appropriate the county share of cost of augmented mental health funding. It is the intent of this proviso to enable those counties to utilize added state funds without the necessity of increasing county contribution from the 1985–86 fiscal year level, provided the 1986–87 level of county participation is not less than the 1985–86 amount Upon certification of the State Controller that the net county cost for the 1985–86 year, after adjustment by the Consumer Price Index, exceeds projected general purpose revenue sources by a factor of more than 5 percent of the net county cost, then the county matching funds, as specified in the Welfare and Institutions Code, required of that county is waived for augmented funds and cost-of-living adjustment included in this item "

Item 4440-301-036—For capital outlay, Department of Mental Health I am revising Provision 3, and deleting Provision 2.

I am revising Provision 3 because the second paragraph of this provision does not allow sufficient flexibility to measure the performance of the State Architect with regard to maintaining planning and construction schedules for the State Hospital projects In a practical sense, even the best-managed capital outlay schedules are subject to delays for unforeseen circumstances, activities of other reviewing agencies and the activities of the client State departments I am, however, allowing language to remain which requires quarterly reporting on project schedule status by the Office of the State Architect to heighten the awareness of the concerns expressed by the Legislature for completing projects in a timely fashion for the benefit of all agencies whose activities affect those schedules.

"3 By August 1, 1986, and every three months thereafter, the State Architect, or the acting head of the Office of State Architect, shall report to the Joint Legislative Budget Committee on the status of each capital outlay project funded in this item At a minimum, this report shall specify whether each project is progressing according to the time-line specified in the Supplemental Report of the 1986 Budget Act If the Supplemental Report of the 1986 Budget Act does not specify a timeline for a project, then the August 1, 1986, Office of State Architect report shall establish an expeditious project schedule, and this schedule shall be used as the basis for each subsequent report Whenever a project is not progressing according to schedule, the report shall detail the reasons for the delay and the steps that have been or will be taken to expedite the project's development

~~If any project subject to this reporting requirement is not progressing according to the above timelines, then no funds appropriated by this act, or available from any other source, shall be expended for the payment of the salary or for any other compensation of the State Architect, or acting head of the Office of State Architect.~~ "

I am deleting Provision 2 because it would restrict the Administration's flexibility to conform Capital Outlay projects to any hospital licensing and accreditation standard changes that may occur, or adjustments which may be necessary to maintain costs in line with approved amounts Further, this provision conflicts with existing provisions of the Government Code which recognize the necessity for maintaining flexibility in the administration of capital outlay projects.

"2. Notwithstanding any other provision of law, the scope of all major capital outlay projects for which funds are appropriated by this item shall be approved by the Legislature and outlined in the Supplemental Report No change in project scope shall be authorized for any project funded under this item, except by the Legislature."

Item 4440-490—For capital outlay, Department of Mental Health. I am revising Provision 3.

I am revising Provision 3 because the second paragraph of this provision does not contain sufficient flexibility to measure the performance of the State Architect with regard to maintaining planning and construction schedules for the State Hospital projects. In a practical sense, even the best-managed capital outlay schedules are

subject to delays for unforeseen circumstances, activities of other reviewing agencies and the activities of the client State departments I am, however, allowing language to remain which requires quarterly reporting on project schedule status by the Office of the State Architect to heighten the awareness of the concerns expressed by the Legislature for completing projects in a timely fashion for the benefit of all agencies whose activities affect those schedules.

"3 By August 1, 1986, and every three months thereafter, the State Architect, or the acting head of the Office of State Architect, shall report to the Joint Legislative Budget Committee on the status of each capital outlay project funded in this item. At a minimum, this report shall specify whether each project is progressing according to the timeline specified in the Supplemental Report of the 1986 Budget Act If the Supplemental Report of the 1986 Budget Act does not specify a timeline for a project, then the August 1, 1986, Office of the State Architect Report shall establish an expeditious project schedule, and this schedule shall be used as the basis for each subsequent report Whenever a project is not progressing according to schedule, the report shall detail the reasons for the delay and the steps that have been or will be taken to expedite the project's development.

~~If any project subject to this reporting requirement is not progressing according to the above timelines, then no funds appropriated by this act, or available from any other source, shall be expended for the payment of the salary or for any other compensation of the State Arthitect, or acting head of the Office of State Architect~~ "

Item 5100-001-185—For support of Employment Development Department I reduce this item from $24,887,000 to $24,314,000.

I am reducing this item by $573,000, payable from this fund to Item 5100-001-870, to conform with my actions in Item 5100-001-870 as follows:

I am eliminating a $40,000 legislative augmentation that would have provided funding for the California Employer Council.

I am eliminating a $89,000 legislative augmentation that would have provided funding for the California Agricultural Employment Program

I am eliminating a $194,000 legislative augmentation that would have provided funding for job training videos.

I am eliminating a $100,000 legislative augmentation that would have provided funding for EDD administration

I am also eliminating a $150,000 legislative augmentation that would have provided funding for the Technology Exchange Center.

Item 5100-001-869—For support of state programs under the Job Training Partnership Act, Employment Development Department. I delete Provision 3

Provision 3 of this item would attempt to control the allocation of FY 1987–88 funds. I believe it is inappropriate to use FY 1986–87 budget control language to control allocation of future year funds In addition, this language would raise the performance requirements for Service Delivery Areas (SDAs) to qualify for incentive grant awards for their FY 1986–87 training programs Based on information from the most recent program year, this language would result in the loss of some $3.7 million to 19 SDAs throughout the State Many SDAs have already negotiated training contracts for FY 1986–87 services and activities. This language would encourage SDAs to revise their training plans to include more easy-to-serve participants at the expense of hard-to-place persons (e.g., high school dropouts, economically-disadvantaged persons and the long-term unemployed) Therefore, I am deleting Provision 3.

"3. Incentive funds allocated by the State Job Training Coordinating Council in fiscal year 1987–88 for performance during fiscal year 1986–87 shall only be allocated to Service Delivery Areas that meet all seven federal performance standards, as adjusted, in the following manner

(a) $15,000 for each standard in which the Service Delivery Area is in the fiftieth percentile of those above the minimum for that standard.

(b) From the remaining funds, a share shall be allocated to each of these service

delivery areas, based on the sum of the percentages by which each service delivery area exceeds the average of those above the minimum for each standard multiplied by the service delivery area's proportion of the funds allocated under schedule (a) 60 70—Adult and Youth Training Programs of Item 5100-101-869 "

Item 5100-001-870—For support of Employment Development Department. I reduce this item from $317,189,183 to $315,804,183 by reducing.

(a) 10—Employment and Employment Related Services from $154,019,183 to $152,-061,183,

(1) Amount payable from the Employment Development Contingent Fund (Item 5100-001-185) from—$24,887,000 to—$24,314,000.

I am eliminating a $40,000 legislative augmentation, payable from Item 5100-001-185, that would have provided funding for the California Employer Council and an $89,000 legislative augmentation, payable from Item 5100-001-185, that would have provided funding for the California Agricultural Employment Program. I am vetoing these projects on the basis that they were supported in the current year with Job Services Discretionary funds to provide transition-year financing to ensure acquisition of a permanent funding source These projects should be no longer dependent upon Job Services Discretionary funds for support

I am also eliminating a $194,000 legislative augmentation, payable from Item 5100-001-185, that would have provided funding for job search training videos I am vetoing this project on the basis that it can be deferred until a subsequent year for funding with Job Services Discretionary funds.

I am reducing by $100,000 a legislative augmentation, payable from Item 5100-001-185, that would have provided additional funding for EDD administrative costs in the Job Services Discretionary program With this action, I am approving a legislative augmentation of $475,000 to support program administration This reduced augmentation will fully fund EDD for the cost of administering the Job Services Discretionary projects

I am also eliminating a $150,000 legislative augmentation, payable from Item 5100-001-185, that would have provided funding for the Technology Exchange Center. Previously known as the Orange County Business Labor Council (BLC), the center was established to facilitate communications between private business, education, and training providers Under the new Job Training Partnership Act, Private Industry Councils are now performing this coordination role and have assumed the responsibilities of the BLCs

I am eliminating a $500,000 legislative augmentation that would have provided funding for the Agricultural Career Training Program (ACTP), and a $500,000 legislative augmentation that would have provided funding for the Workability Program I am vetoing these projects on the basis that they were supported in the current year with Job Services Discretionary funds to provide transition-year financing to a permanent funding source The purpose of the Job Services Discretionary Fund is to provide incentives for employment programs, to support model employment programs, and to provide employment services to persons with special needs. The funds must be targeted to these important purposes.

I am also eliminating a $385,000 legislative augmentation that would have provided additional funding for the Deaf and Hearing Impaired Project. My expenditure plan for the Job Services Discretionary funds includes $350,000 for this project to provide transition-year financing to ensure acquisition of a permanent funding source. The funding level ensures the continued success of this unique employment program

Item 5100-011-890—For support of Employment Development Department, for transfer to the Unemployment Administration Fund I reduce this item from ($317,-189,183) to ($315,804,183)

I am reducing this item by $1,385,000 to reflect the reduced amount for transfer to the Unemployment Administration Fund. This conforms to the actions I have taken in Item 5100-001-870

Item 5160-001-001—For support of Department of Rehabilitation. I reduce this item

from $19,338,000 to $19,324,000 by reducing:

(a) 10—Vocational Rehabilitation Services from $118,527,000 to $118,413,000,

(b)* 20—Habilitation Services from $2,215,000 to $2,015,000,

(g) Amount payable from the Federal Trust Fund (Item 5160-001-890) from —$99,553,000 to —$99,453,000,

and deleting Provisions 4 and 5.

* Technical correction not included in total.

I am reducing this item by $14,000 to reflect the following actions·

Elimination of an augmentation of $200,000 to fund a Senior Center for the blind and partially sighted in the San Fernando Valley This augmentation would circumvent the Department's competitive bidding process by singling out one provider to receive funds for a pilot program. To reflect this action I am reducing schedule 20-Habilitation Services by $200,000 However, I am not reducing the item by a corresponding amount because the augmentation is not reflected in the budget bill due to a technical error. I am deleting Provision 5 to conform with this action

"5. Of the amount appropriated in this item, $200,000 shall be for operational expenses of the Sophie Meyers School for the Blind."

I am reducing $73,000 and 2 positions (1 9 PY) from a legislative augmentation of $147,000 and 4 positions This action will augment the Department's current activity by $74,000 and I am directing it to use the funds for two positions to provide administrative and support services for coordination of programs to the blind This is in addition to $14 million contained in the budget for counseling and other services to the blind and visually impaired. I am deleting Provision 5, in Item 5160-101-001 to conform with this action

This action results in a reduction of the amount payable from the Federal Trust Fund of $59,000 and a corresponding amount in Item 5160-001-890

I am also eliminating the legislative restoration of 17 positions (16 6 PY) proposed for elimination as part of the Department of Rehabilitation's Mental Health Initiative. However, I am not eliminating the funding for the positions. Consistent with the budget I proposed, I am directing the department to redirect the $561,000 related to the position reductions to their miscellaneous service category to meet the prevocational service needs of this client group.

I am deleting Provision 4 to conform with this action.

"4 The Department of Rehabilitation shall not eliminate any staff positions in order to implement the mental health initiative."

Finally, I am reducing the amount payable from the Federal Trust Fund (Item 5160-001-890) by an additional $41,000 to conform with my action on that item.

Item 5160-001-890—For support of Department of Rehabilitation. I reduce this item from $99,553,000 to $99,453,000.

I am reducing this item by $41,000 to reflect the elimination of the cost-of-living adjustment for the Supported Employment Program This conforms with my action on Item 5160-001-001.

I am also reducing this item by $59,000 to conform with my action on Item 5160-001-001.

Item 5160-101-001—For local assistance, Department of Rehabilitation. I reduce this item from $63,734,000 to $62,542,000 by reducing

(b) 20—Habilitation Services from $58,403,000 to $57,211,000,

(1) 20.10 Work Activity Program from $54,611,000 to $53,550,000

(3) 20.40 Supported Employment from $3,690,000 to $3,559,000,

and deleting Provisions 4, and 5.

I am reducing $1,192,000 of a $1,722,000 legislative augmentation. This augmentation would have provided a 3 percent cost-of-living adjustment for the Work Activity and Supported Employment Programs This action will retain $530,000 for a 1 percent COLA for the Work Activity Program. This is consistent with the low rate of inflation and with discretionary COLAs provided to other providers serving the same client group This action will result in a corresponding reduction of $41,000 in Item 5160-001-890.

I am deleting Provision 4 to correct a technical error in the budget bill.

"4 Of the funds appropriated by this item, $150,000 shall be used for three new Independent Living Centers In the event that the Department of Rehabilitation does not obtain federal funds for this purpose, the $150,000 shall be made available from existing resources "

I am, however, retaining the $150,000 augmentation for new Independent Living Centers (ILC). These additional funds, together with the $300,000 appropriated by Chapter 1440, Statutes of 1985, will provide funding for three new ILCs in Santa Cruz, Contra Costa, and Nevada Counties

I am also retaining Provision 6, added by the Legislature, which would require that the General Fund augmentation be reverted if Federal funds become available for this purpose.

Finally, I am deleting Provision 5 which would require that $147,000 be used to fund staff to provide program coordination services to the blind

"5 Of the amount appropriated in category (a), $147,000 shall be used to staff two professionals and two clericals in Northern and Southern California for services for the blind."

Due to a technical error, this provision was incorrectly placed in the local assistance item rather than the support Item 5160-001-001 Further, in Item 5160-001-001 I am directing the Department of Rehabilitation to use the remaining $74,000 to fund two positions for coordination services to the blind

Item 5160-490—Reappropriation, Department of Rehabilitation I eliminate this item.

I am eliminating this item, added by the Legislature, which reappropriates the unexpended balances of the appropriations provided by Chapter 120, Statutes of 1984, and Item 5160-101-001 of the Budget Act of 1985.

This item was added to the budget bill to provide funding for special costs for work activity providers I am eliminating this item because adequate funding for the Work Activity Program has been provided in Item 5160-101-001 To provide this rate adjustment would, I believe, contradict the intent of Chapter 135, Statutes of 1984, which froze rates for existing work activity providers through July 1, 1988.

Item 5180-151-001—For local assistance, Department of Social Services I reduce this item from $432,338,000 to $423,338,000 by reducing.

(b) 20.35—Specialized Adult Services from $424,859,000 to $416,009,000,

(b) (1) 20.35 220—In-Home Supportive Services from $419,163,000 to $410,313,000,

(d) 20.42—Adoptions from $20,964,000 to $20,814,000, and deleting Provision 15

I am eliminating a legislative augmentation of $8,850,000 This augmentation includes (a) $6,100,000 as backfill for Federal Fiscal Year (FFY) 1986 Gramm-Rudman-Hollings Act (GRH) reductions and (b) $2,750,000 in technical overbudgeting of General Fund for the In-Home Supportive Services Program While I did provide replacement funding for the FFY 86 GRH reduction to this program during 1985–86 due to the fact that the GRH reduction occurred very late in the State's last fiscal year, I stated that for 1986–87 there was sufficient time for program planning to accommodate these lost federal dollars

I am also eliminating a $150,000 legislative augmentation for increased funding to private adoption agencies for special needs children adoption services The Budget Act appropriation for this purpose ($152,000) has been sufficient to fully fund private adoption agencies' services since the 1980–81 fiscal year. As such, the augmentation for increased caseload is not necessary

In addition, I am deleting Provision 15 which authorizes the transfer of Child Welfare Services (CWS) funds to and from the County Services Block Grant (CSBG) Programs. Because the CWS Program is fully funded, I believe this language is no longer necessary However, I do recognize that some counties may be adversely impacted without some flexibility to transfer CWS and CSBG funds to continue to support current program levels Therefore, I am instructing the Department to utilize the process contained in Section 6.50 of this Act to request transfer authority for any county, not to exceed the amount transferred in 1985–86. Transfers should only be

approved as long as the county certifies that it has achieved an appropriate level of performance in the delivery of Child Welfare Services.

"15. It is the intent of the Legislature to provide counties with sufficient flexibility to manage their social services program efficiently Furthermore, it is the intent of the Legislature that the funds appropriated for Child Welfare Services and the County Services Block Grant be utilized by county welfare departments in a manner which maximizes the provision of social services at the county level in the most cost-effective manner possible

A county may transfer funds between Child Welfare Services and other county social services as long as the county certifies that it has achieved an appropriate level of performance in the delivery of Child Welfare Services The county shall demonstrate its level of performance by completing and passing a county-conducted case review in accordance with instructions provided by the department

To accomplish this transfer, the county shall notify the Director of Social Services in writing of its intent to fund CWS at a different level than included in the allocation plan The notification shall include the amount of the proposed transfer and an identification of the purposes for which the funds will be used

If the total amount of transfers from the counties is different from the amount appropriated by this act, the department shall notify the Department of Finance

The Director of Finance may authorize the transfer of funds between those appropriated for CWS and those appropriated for In-Home Supportive Services (IHSS) administration, information and referral, and adult and optional services no sooner than 30 days after written notification to the chairperson of the fiscal committee of each house and the Chairperson of the Joint Legislative Budget Committee The notification shall include (1) the amount of proposed transfer; and (2) an identification of the purposes for which the funds will be used "

Item 5180-181-001—For local assistance, Department of Social Services I reduce this item from $221,308,000 to $199,580,000 by reducing

(b) 20—Social Services Program (for transfer to Item 5180-151-001) from $14,728,000 to $4,162,000,

(c) 10.04.005—Aid to Families with Dependent Children (for transfer to Item 5180-101-001) from $202,906,000 to $188,484,000,

(e) Amount payable from the Federal Trust Fund (Item 5180-181-890) from −$125,154,000 to −$121,894,000,

and deleting Provisions 1 and 3

I am reducing this item by $10,566,000 for the In-Home Supportive Services (IHSS) Program cost-of-living adjustment (COLA) for service providers. This will maintain $3,523,000 which equates to a one percent discretionary COLA for this program This program has increased by approximately $60 million (1985–86 appropriation of $35 4 million General Fund to 1986–87 proposed $94.9 million General Fund) in the last year. This represents a program growth of 168 percent Considering this program growth, the reduced inflationary pressures, and the State's increasing fiscal burden, I believe this is an appropriate level of COLA for this program

In order to conform with the IHSS COLA action, I am deleting Provision 3.

"3. Funds appropriated by this item are to be used for an IHSS COLA as follows. (a) 3.2 percent so as to maintain the wage levels of IHSS providers, and (b) 0 8 percent so as to improve the level of compensation for IHSS providers and insure that an adequate number of providers are available "

I am also reducing $11,162,000 from this item and $3,260,000 from the Federal Trust Fund (Item 5180-181-890) for the Foster Care Program cost-of-living adjustment increase. This action will maintain $898,000 in this item and $442,000 in the Federal Trust Fund which is sufficient funds to provide a one percent COLA for Foster Family Homes. Reimbursements for Foster Family Home providers are based on a schedule established by regulations and, therefore, do not necessarily reflect the cost of shelter

and care provided by Foster Parents As such, I believe it is appropriate to provide a COLA only to Foster Family Homes. In addition, I am deleting Provision 1 in this item, because it is my intent to provide a full one percent COLA to all Foster Family Homes in the State

"1 For fiscal year 1986–87, funds appropriated by this item shall be used to grant each foster child residing in a foster family home a full AFDC cost-of-living adjustment as provided by this act "

Item 5180-181-890—For local assistance, Department of Social Services I reduce this item from $125,154,000 to $121,894,000

I am reducing this item by $3,260,000 to conform with action taken in Item 5180-181-001 which would allow for a cost-of-living adjustment of one percent to the Foster Family Homes This action reduces the amount payable from this item to Item 5180-181-001

Item 5240-001-001—For support of Department of Corrections. I reduce this item from $1,138,122,000 to $1,137,622,000 by reducing

(a) 21—Institution Program from $1,098,788,000 to $1,097,052,000 and,

(b) Amount payable from 1984 Prison Construction Fund (Item 5240-001-724) from −$7,236,000 to −$6,000,000

I am reducing $200,000 of a $314,000 legislative augmentation for an expansion of the contract with the Friends Outside organization I recognize the valuable services this organization provides inmates and their families, and the $114,000 which I have approved will permit the expansion of its services to institutions not now served by the program Friends Outside can continue to utilize private sector grants to supplement State support in achieving its program objectives

I am eliminating the legislative augmentation of $300,000 and 3 positions for an AIDS-related staff training and development program because existing resources in the Medical Services Unit currently are handling and can continue to handle this function I am deleting Provision 7 to conform to this action

"7. Of the amounts appropriated in this item, $300,000 shall be used to provide AIDS-related staff training and development for Department of Corrections personnel "

I am reducing $1,236,000 from the amount payable from the 1984 Prison Construction Fund to correspond to Item 5240-001-724

Item 5240-001-724—For support of Department of Corrections I reduce this item from $7,236,000 to $6,000,000

I am reducing $1,236,000 for recurring maintenance and special repairs After thoroughly reviewing its needs and prioritizing projects, the department has determined that its most essential needs can be met with the $6,000,000 remaining in the budget This reduces the amount payable from this item to Item 5240-001-001

Item 5240-012-001—For a study of inmate-to-staff ratios, Department of Corrections I delete Provision 1

I am deleting Provision 1

"1 Funds appropriated by this item shall be used to contract with the National Council on Crime and Delinquency for a study of institution staffing The contract shall specify that the study shall be presented to the Legislature by December 1, 1986, and that it should include an analysis of post assignments of at least five institutions "

I concur with the Legislature that a study is needed because of the many uncertainties that currently exist in determining staffing levels for the various correctional institutions However, designating one organization to perform the study is inappropriate; and I believe that the competitive bid process should be followed

Item 5240-301-724—For capital outlay, Department of Corrections I reduce this item from $9,379,000 to $9,179,000 by eliminating.

(15) 61.19 020 861—Northern California Women's Facility—Arch Road Improvement, $200,000,

and deleting Provision 2

I am eliminating the $200,000 legislative augmentation for Arch Road improvements

related to the Northern California Women's Facility in San Joaquin County The Environmental Impact Report for this new prison did not indicate a need for the proposed curbs, gutters and pavement widening and higher priority needs exist for the 1984 Prison Construction Fund.

To correspond to this action, I am deleting Provision 2 which states.

"2. Funds appropriated in category (15) are for construction of curbs, gutters, and pavement widening and are in augmentation of Chapter 258 of the Statutes of 1984, Item 5240-311-724 (15), as reappropriated by Item 5240-491 of Chapter 111 of the Statutes of 1985 Pursuant to that item, the funds are available for encumbrance until June 30, 1987, for the purposes specified in Provision 2."

Item 5450-001-001—For support of Youthful Offender Parole Board, Program 10 I delete Provision 1.

Provision 1 contains restrictive control language which is inappropriate and unnecessary. I believe the existing procedures of the Office of Administrative Law provide sufficient review for such regulation changes. Therefore, I am deleting Provision 1

"1 Notwithstanding any other provision of law, the Youthful Offender Parole Board shall not implement new regulations to increase parole consideration dates for the Department of the Youth Authority wards until 30 days after submission of the department's report on options for ward population management to the appropriate legislative fiscal and policy committees and the Chairperson of the Joint Legislative Budget Committee "

Item 5460-001-001—For support of Department of the Youth Authority I reduce this item from $254,369,000 to $254,277,000 by reducing

(b) 20—Institutions and Camps from $236,971,600 to $236,879,600

I am eliminating the $92,000 legislative augmentation for a Centerforce visitor center pilot project at the Northern California Youth Center While Centerforce has been providing essential visitor services for the adult correctional facilities, the Youth Authority has developed a visiting program that appears to fit the needs of its wards at this time

Item 6100-001-001—For support of Department of Education I reduce this item from $37,995,000 to $36,645,000 by reducing

(b) 20—Instructional Support from $30,137,000 to $29,637,000,

and by eliminating

(i) 97 20—Unallocated $850,000, and

deleting Provision 13.

I am eliminating a $500,000 legislative augmentation for a comprehensive study of the reasons students drop out of school I believe that sufficient information on the subject is already available from completed studies and that an additional study would provide little new information Recent dropout reports have been prepared by the University of California at Berkeley, the State Department of Education, the Assembly Office of Research and various California school districts showing that students leave school primarily for reasons such as poor grades, the desire or need to work, pregnancy, family problems, and alienation from school Additional data will also be reported by the 200 schools participating in dropout prevention and recovery programs established by Chapter 1431, Statutes of 1985. My budget includes $14 million to fund the Chapter 1431 dropout prevention and recovery programs for 1986–87. Of this amount, $400,000 is available to the Department of Education for administrative activities including a review of the effectiveness of Chapter 1431 implementation

I am also reducing $850,000 from this item to eliminate the augmentation for merit salary adjustments which can be funded through existing resources, and for operating cost increases due to a reduction in the inflation rate

I also believe Provision 13 of this item is unnecessary The Departments of Education and Health Services already are jointly developing regulations and guidelines for use by schools in treating school children affected with AIDS and in educating pupils about AIDS. I have seen nothing to suggest that this cooperative effort will not succeed without Budget Act language Therefore, I am deleting Provision 13.

0 28 30 0

"13 The State Department of Education and the State Department of Health Services shall jointly develop and implement regulations and guidelines (1) concerning the treatment of children affected with AIDS attending California schools and (2) AIDS education for school children "

Item 6100-006-001—For support of Department of Education I reduce this item from $39,530,000 to $39,085,000 by reducing

(a) Instruction from $43,493,000 to $43,048,000

I am reducing the $258,000 for merit salary adjustments that can be funded through existing resources, and $187,000 in operating cost increases due to a reduction in the inflation rate

Item 6100-007-001—For support of Department of Education I reduce this item from $529,000 to $429,000

I am reducing this item by $100,000 as a technical budget adjustment to reflect declining enrollment at the State Special Schools The $429,000 remaining in this item after my reduction fully funds the statutory level of funding for transportation costs of residential pupils

Item 6100-011-001—For support of Department of Education, State Library I reduce this item from $10,669,000 to $10,521,000 by reducing

(a) 50—Library Services from $12,048,000 to $11,900,000

I am reducing the $38,000 for merit salary adjustments that can be funded through existing resources, and $110,000 in operating cost increases due to a reduction in the inflation rate

Item 6100-101-001—For local assistance, Department of Education

I delete Provision 14 and revise Provision 18

Provision 14 would authorize the Superintendent of Public Instruction to reallocate any unexpended balance of funds appropriated for supplemental summer school to fund hours of instruction for districts that exceed their 5 percent funding cap. My budget contains $47 4 million to fund the statutory formula for supplemental Summer school which limits each district's entitlement to 5 percent of its prior year enrollment. I do not believe districts that have chosen to exceed this cap should receive additional State funding This would lead to inequitable funding among districts because of local district policy decisions I believe this language will also lead to increased demand to fund all hours of instruction above the 5 percent cap Therefore, I am deleting Provision 14

"14 The Superintendent of Public Instruction may reallocate the unexpended balance, if any, of the funds appropriated in schedule (f) of this item to fully fund hours of instruction provided by a school district to secondary students in summer school programs authorized by paragraph (2) of subdivision (d) of Section 42239 of the Education Code that exceed the maximum number of hours for which a school district is eligible for reimbursement

In no event shall any school district receive reimbursement pursuant to this provision for pupil attendance in summer school programs exceeding an amount equal to 10 percent of the district's total enrollment for the prior fiscal year times 120 hours, times the hourly rate for the current fiscal year "

Provision 18 expresses legislative intent to provide additional funding for school district apportionments in the event of an increase in the employer contribution rate to the Public Employees' Retirement System

Signing the budget with language of this kind included may be interpreted by some members of the Legislature as my agreement with the legislative intent and may be viewed as a commitment on the part of this Administration to fund future increases in PERS rates I believe decisions about the funding of the operating expenses of government, including employee contributions to employee retirement systems, should be made on a year-to-year basis Committing the State to fund future school district operating expenses, with no consideration of other funding sources that may be available to school districts in the future, clearly is inappropriate. Therefore, I am revising Provision 18

"18. Notwithstanding any other provision of law, in addition to the reduction made pursuant to Provision 6 of this item, the county superintendent shall reduce the total revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from the applicable employer contribution rate reduction made subsequent to January 1, 1986.

The reduction shall be calculated as follows.

(a) Determine the amount of employer contributions which would have been made in the 1986–87 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the reduction made subsequent to January 1, 1986, were in effect during the 1985–86 fiscal year.

(b) Subtract from the amount determined in paragraph (a) the greater of subparagraph (1) or (2) below

(1) The amount of employer contributions which would have been made in the 1986–87 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the applicable rate reduction made subsequent to January 1, 1986, were in effect during the 1986–87 fiscal year

(2) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1986–87 fiscal year

(c) For purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(1) Positions supported entirely by federal funds which were subject to supplanting restrictions

(2) Positions supported by funds received pursuant to Section 42243 6 of the Education Code

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction

~~(e) It is the intent of the Legislature to provide additional funding for school district apportionments in the event of an increase in the employer contribution rate to the Public Employees' Retirement System.~~

Item 6100-106-001—For local assistance, Department of Education I reduce this item from $93,644,000 to $91,444,000 I am eliminating the $2,200,000 legislative augmentation for juvenile court school equalization. During the last legislative session, I vetoed SB 323 which would have implemented equalization for juvenile court school programs. I believe the budget provides sufficient funds to address this need.

Item 6100-114-001—For local assistance, Department of Education. I reduce this item from $278,556,000 to $256,681,000.

I am eliminating the $21,875,000 legislative augmentation for increased claims for court-ordered desegregation programs I believe $256,681,000 is sufficient to reimburse 1985–86 and 1986–87 approved costs of these programs pursuant to the reimbursement formula enacted in Chapter 180, Statutes of 1985. It is my intention to fund approved claims in accordance with existing statute Therefore, the 1986–87 claims, to be filed with the State Controller's Office by November 30, 1986, will be carefully reviewed during preparation of the 1987–88 budget. If warranted, I will recommend additional funding for this item.

Item 6100-115-001—For local assistance, Department of Education I reduce this item from $97,593,000 to $80,135,000

I am eliminating the $17,458,000 legislative augmentation for increased claims for

voluntary desegregation programs. I believe $80,135,000 is sufficient to reimburse 1985–86 and 1986–87 approved costs of these programs pursuant to the reimbursement formula enacted in Chapter 180, Statutes of 1985 It is my intention to fund approved claims in accordance with existing statute Therefore, the 1986–87 claims, to be filed with the State Controller's Office by November 30, 1986, will be carefully reviewed during preparation of the 1987–88 budget. If warranted, I will recommend additional funding for this item

Item 6100-116-001—For local assistance, School Improvement Program I reduce this item from $223,331,000 to $214,531,000 by reducing

(a) 20.60.030 010 (K–6) $190,183,000 to $182,383,000,

by eliminating

(c) 20 60.040—Parental Involvement Programs $1,000,000,

and by deleting Provision 5

I am eliminating the $7,800,000 legislative augmentation for enrollment growth in the School Improvement Program in grades K–6. Current statutes do not require that funds be provided for growth in participating schools, thus, there is no assurance that schools experiencing growth would receive any of these funds However, I am providing $192 4 million (including COLA) for this program in 1986–87, which represents a 5 49 percent or $10 million increase over 1985–86, to serve in excess of 90 percent of all pupils in grades K–6

I am also eliminating the $1,000,000 legislative augmentation for a parental involvement grants program. This program is being proposed in AB 336 I believe that the funding for this program should also be considered in the legislation

Consistent with this reduction, I am deleting Provision 5:

"5 Of the funds appropriated in this item, the Superintendent of Public Instruction shall allocate $1,000,000 to local school districts for parental involvement programs These funds shall be allocated only after the submission of a plan from the State Department of Education, subject to the approval of the Director of Finance, provided that such expenditure shall not be authorized sooner than 30 days after notification to the Joint Legislative Budget Committee, or not sooner than whatever less time the chairperson of the joint committee, or his or her designee, may determine "

Item 6100-118-001—For local assistance, Department of Education I reduce this item from $550,000 to $500,000

I am eliminating the $50,000 legislative augmentation for the California Association of Student Councils made to assist this organization in retiring its debt. While I support the activities of such student organizations, I believe it is inappropriate for the State to assist in retiring the debt of this organization because this is a private, nonprofit organization which has no fiscal or programmatic relationship with the State To provide funds because of the organization's fiscal problems would establish a precedent for all such organizations experiencing fiscal difficulties.

Item 6100-119-001—For local assistance, Department of Education. I am making a technical revision to Provision 2 of this item to conform with my action on the cost-of-living adjustments, Item 6100-226-001

I am revising Provision 2 as follows:

"2 Pursuant to subdivision (b) of Section 903 7 of the Welfare and Institutions Code, the Department of Social Services shall authorize the quarterly transfer of the State share of collections attributable to Sections 903, 903 4 and 903 5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds, there shall be a deduction for the appropriate amount of county child support collection incentives Notwithstanding the provisions of subdivision (c) of Section 903 7 of the Welfare and Institutions Code, if sufficient moneys are available in the Foster Children and Parent Training Fund, up to $1,000,000 shall be transferred from the Foster Children and Parent Training Fund to the unappropriated balance of the General Fund in reimbursement for expenditures made for the Foster Parent Training Program from appropriations of $900,000 of

category (b) of Item 6870-101-001 and $100,000 contained in Item 6870-001-001 of this act Any remaining funds in the Foster Children and Parent Training Fund shall be transferred to the unappropriated balance of the General Fund in reimbursement for expenditures made for the Foster Youth Services Program from the appropriation of $813,000 of category (a) of Item 6100-119-001 and ~~$26,000~~ *$8,000* for a cost-of-living increase from category (m) of Item 6100-226-001 of this act "

Item 6100-124-001—For local assistance; Gifted and Talented Education. I reduce this item from $23,034,000 to $20,034,000 and delete Provisions 2 and 3

I am eliminating the $3,000,000 legislative augmentation to increase the participation of underrepresented minority students in the Gifted and Talented Education Program and to expand the program to new districts. The same provisions and the necessary funding are being proposed in AB 1232 I believe that this augmentation should continue to be considered in that legislation

I am also deleting Provisions 2 and 3 to conform with this action

"2. Notwithstanding any other provision of law, $2,000,000 of the funds appropriated in this item shall be allocated as follows:

a. For identification and to serve first year costs of new districts, currently on the waiting list for GATE program participation who have identified or intend to identify and serve significant numbers of minority, linguistically diverse, or culturally disadvantaged pupils

b For districts with an existing GATE program, but enrolling fewer than a proportional number of minority, linguistically diverse, or culturally disadvantaged pupils for the purposes of increasing the enrollment of these students toward at least a proportional number.

c For excess costs of exemplary programs serving minority, linguistically diverse, or culturally disadvantaged GATE pupils (in addition to nonminority students)

"3 Notwithstanding any other provision of law, of the funds appropriated in this item, $1,000,000 shall be allocated for the establishment of GATE programs in districts currently on the SDE waiting list, and the expansion of service to students in existing programs "

Item 6100-156-001—For local assistance, Department of Education I reduce this item from $202,608,000 to $202,119,000 and revise Provision 5

I am reducing the legislative augmentation of $978,000 for additional growth in adult education average daily attendance (ADA) by $489,000 Consistent with this action, I am also revising Provision 5 of Item 6100-156-001 to specify that $689,000 shall be used to fund high-priority needs in adult education.

"5. Of the funds appropriated by this item, ~~$1,178,000~~ *$689,000* shall be used to fund high-priority needs in adult education The Superintendent of Public Instruction shall develop criteria to identify districts with high-priority needs, and shall allocate these funds in accordance with such criteria The superintendent may not use these funds to increase adult education block entitlements."

The funds remaining in the budget after this reduction will provide $4.4 million, for a 2.25 percent ADA growth rate Of this amount, 1.9 percent, or $3 7 million, will become part of districts' ongoing entitlements for funding and $689,000 will be available for allocation by the Superintendent for high priority programs including classes in English-as-a-second language and basic skills and remedial education for recipients of the Greater Avenues for Independence (GAIN) program. In total, this budget provides a $17.2 million, or 8 7 percent increase above the 1985–86 level of funding for the Adult Education program.

Item 6100-161-001—For local assistance, Department of Education I delete Provision 21.

I am deleting Provision 21, which would provide a special allocation of $150,000 to the Riverside County Office of Education for the lease of portable classrooms for its special education classes This language would create a deficiency in the appropriation for the special education program The language was appropriate in previous years'

Budget Acts because the County Office's student housing problems could not be resolved through the existing emergency classroom allocation procedures. It now appears that this is a permanent, ongoing cost and should be funded as part of the County Office's regular entitlements for special education. To continue this funding is inequitable as circumstances. The Riverside County Office can and should submit a request to the State Allocation Board which is the agency responsible for approving the allocation of emergency classrooms

"21. Of the funds appropriated in this item, $150,000 shall be available for allocation to the Riverside County Office of Education for the purpose of leasing portable facilities for special education classes."

Item 6100-167-001—For local assistance, Department of Education. I reduce this item from $3,150,000 to $3,000,000 and delete Provision 2

I am eliminating the $150,000 legislative augmentation for the Life Lab Science Program. This program received funding of $130,000 in each of the 1984 and 1985 Budget Acts as a pilot program I believe it would be more appropriate for this pilot program to be thoroughly reviewed through the normal budgetary process or the legislative process to determine its effectiveness before additional General Fund support is provided. In fact, it is my understanding that there is pending legislation which would make this a permanent program. If the Legislature believes this should be a permanent program, funding for this proposal should be contained in the legislation.

I am also deleting Provision 2 to conform with this action.

"2. Of the amount appropriated in this item, $150,000 shall be available to provide funding for the Life Lab Science Program."

Item 6100-181-001—For local assistance, Education Technology. I delete Provision 3.

I am deleting Provision 3 because this provision would have required a specified level of funding for the Institute of Computer Technology, thereby limiting the flexibility to consider and prioritize all needs when budgeting for the State.

"3. The Superintendent of Public Instruction shall allocate funds appropriated in this item to the Institute of Computer Technology according to the following schedule:

ADA	Appropriation
1–10	$245,000
11–20	255,600
21–30	266,200
31–40	276,800
41–50	287,400
51–60	298,000
61–70	308,600
71–80	319,200
81–90	329,800
91–above	340,400

The average daily attendance (ADA) as used in this provision shall be calculated in the manner that ADA is computed for the Regional Occupational Centers and Programs in Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code."

Item 6100-183-001—For local assistance, Health and Physical Education. I reduce this item from $1,677,000 to $677,000,

and delete Provision 4.

I am eliminating the $1,000,000 legislative augmentation to fund school districts to train teachers to provide classroom instruction on sexually transmitted diseases, in particular AIDS. I am opposed to this augmentation because I believe the most effective and efficient approach to disseminating information on AIDS is through a cooperative effort by the Department of Health Services, the Department of Education, and local public health agencies. The AIDS prevention plan I have submitted to the Legislature, and for which I have provided $26.7 million, relies upon such a cooperative effort

I am deleting Provision 4 to conform with this action.

"4 Of the funds appropriated in this item, the Superintendent of Public Instruction shall allocate $1,000,000 to local school districts to train teachers to provide classroom instruction on sexually transmitted diseases, including AIDS These funds shall be allocated only after the submission of a plan from the Department of Education, subject to the approval of the Director of Finance, provided that such expenditure shall not be authorized sooner than 30 days after notification to the Joint Legislative Budget Committee, or not sooner than whatever less time the chairperson of the joint committee, or his or her designee, may determine "

Item 6100-186-001—For local assistance, Instructional Materials I delete Provision 7

I am deleting Provision 7 because this provision would have prohibited the purchase of electronic calculators with Instructional Materials funds appropriated for grades K–8 I believe that this language would unnecessarily restrict publishers from offering, and school districts from purchasing, instructional aids as they deem necessary

"7 Funds appropriated by this item shall not be used for the purchase of electronic calculators "

Item 6100-191-001—For local assistance, Department of Education I reduce this item from $91,816,000 to $85,186,000 by reducing·

(a) Administrator Training and Evaluation Program from $5,020,000 to $4,160,000,

(b) Mentor Teacher Program from $50,020,000 to $45,750,000 and,

(h) Teacher Improvement (DOE/CSU) from $1,592,000 to $542,000,

by eliminating·

(j) Regional Science Resource Centers ($450,000),

and by deleting Provision 12

I am reducing the $1,000,000 legislative augmentation for the Administrator Training and Evaluation Program to $140,000. This action maintains $4,160,000 in funding for this program, which is the level proposed in the budget. This level of funding should enable the existing eleven centers and the central institute to provide necessary training for school administrators

I am also eliminating the $4,270,000 legislative augmentation for the Mentor Teacher Program The $45,750,000 provided in the budget will provide stipends for 5 percent of the teachers to be designated as Mentors and provide sufficient resources for district support of the program

I am also eliminating the $1,050,000 legislative augmentation for the Teacher Improvement Joint Proposal submitted by the Department of Education and the California State University I believe that, given the limited General Fund resources available, the $1,250,000 provided in the budget will allow the segments involved to begin these activities and demonstrate whether additional funding is appropriate based on a required evaluation

I am also eliminating the $450,000 legislative augmentation for Regional Science Resource Centers. I support the concept of such science education and training opportunities for K–12 students and teachers. However, the 1986–87 Budget provides over $10 billion in general purpose revenues, $85.4 million for staff development and teacher training and over $399 5 million for categorical programs that may be used for science education and teacher training in K–12 schools I would, therefore, encourage school districts to review the training techniques being used in such centers and to provide for the emulation of these teachings in science classrooms throughout our schools Consistent with this action, I am deleting Provision 12

"12. Of the amount appropriated in schedule (j) of this item, $225,000 shall be available for a grant to the Exploratorium in San Francisco and $225,000 shall be available for a grant to a regional science resource center to be located at California State University at Northridge "

Despite the reductions, my budget contains $85 4 million for staff development activities in 1986–87. This represents a $72.7 million, or 571 percent increase, over funding provided in 1982–83 The augmentations made are consistent with the intent

of Senate Bill 813, which initiated major reforms in the area of staff development.

Item 6100-196-001—For local assistance, Department of Education. I reduce this item from $283,401,000 to $283,201,000 by reducing.

(b) 30.10.020—Child Care Services from $283,141,000 to $281,549,000,

(b) (1) 30.10.020.001—General Child Development Programs from $206,441,000 to $205,049,000,

(b) (8) 30 10 020 008—Resource and Referral from $7,462,000 to $7,262,000, and

(c) Reimbursements from −$35,202,000 to −$33,810,000,

and by revising Provision 8

I am eliminating the $200,000 legislative augmentation to provide additional Resource and Referral services to counties where the Greater Avenues for Independence (GAIN) program is being implemented. While I believe that referral services will assist GAIN families in securing needed child care, I believe that the $7.5 million level of funding I have provided for Resource and Referral programs will meet the needs of those counties implementing GAIN in 1986–87 Further, the Department of Education has been designated as the State agency eligible to apply for a $440,000 federal grant which will provide funds for the planning, development and improvement of local resource and referral systems. I believe that this grant, coupled with the funds I have provided in the budget for these child care programs, will provide the resources necessary to assist all families, including those participating in GAIN programs

Further, I am making technical revisions to subschedules (b) (1) and (c) to conform to the action that I have taken on the cost-of-living adjustments in Item 6100-226-001 The reduction of $1,392,000 to these subschedules reflects the fact that the cost-of-living adjustment applied to reimbursements in this item will be the same as the cost-of-living adjustment being provided from the General Fund. Consistent with this action, I am revising Provision 8 as follows.

"8. Pursuant to the provisions of Section 10614 of the Welfare and Institutions Code, the Department of Social Services shall report to the Department of Finance the estimated level of child care and development expenditures made by the State Department of Education are eligible for federal reimbursement under the provisions of Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code. The Director of Finance is hereby authorized to augment the appropriation if it is determined that the estimate of expenditures eligible for reimbursement will be less than ~~$32,702,000~~ *$31,310,000*

A corresponding reduction shall be made in the level of scheduled reimbursements. The director shall report any such augmentation to the Legislature within 10 days of its occurrence. A sufficient amount is hereby appropriated to the Director of Finance for such purposes."

I am retaining the augmentation of $250,000 for the California Child Care Initiative, which when combined with matching funds, will generate $1,250,000 in new child care services.

With these actions, the budget provides in excess of $320 million from all sources of funding for Department of Education administered child care services for the 1986–87 fiscal year. This represents an increase of $69.4 million, or 27 7 percent, above the level of funding provided for child care services during 1982–83.

Item 6100-211-001—For local assistance, State Library. I reduce this item from $13,148,000 to $11,498,000.

I am eliminating the $1,650,000 legislative augmentation to expand the California Literacy Campaign to 15 new projects during 1986–87. I believe that existing projects should be fully implemented and evaluated for effectiveness prior to expanding the program. Even with this reduction, I have provided an increase of $500,000, or 12.5 percent, over the current year to increase the level of funding for existing projects.

Item 6100-226-001—For local assistance, Department of Education. I reduce this item from $759,229,000 to $731,663,000 by reducing:

(a) (1) K–12 District Revenue Limits from $573,752,000 to $573,484,000

(a) (3) Small School District Transportation Aid from $629,000 to $199,000
(a) (5) Apprentice Programs from $105,000 to $58,000
(a) (6) Regional Occupational Centers and Programs from $11,197,000 to $6,118,000
(a) (8) Transportation from $9,035,000 to $2,859,000
(a) (9) Transportation, Bus Replacement from $99,000 to $31,000
(b) Demonstration Programs in Reading and Mathematics from $233,000 to $127,000
(c) American Indian Education Centers from $27,000 to $9,000
(d) Native American Indian Education from $11,000 to $4,000
(e) Economic Impact Aid from $6,162,000 to $1,950,000
(i) Education Technology from $818,000 to $259,000
(j) Miller-Unruh Reading from $1,059,000 to $579,000
(*l*) Instructional Materials from $1,182,000 to $646,000
(m) Foster Youth Services from $26,000 to $8,000
(n) Specialized Secondary Programs from $66,000 to $21,000
(o) Youth Suicide Prevention from $10,000 to $3,000
(p) Tenth Grade Counseling from $238,000 to $75,000
(q) (2) School Improvement Program (7–12) from $1,016,000 to $321,000
(r) (1) Administrator Training and Evaluation from $128,000 to $42,000
(r) (2) School Personnel Staff Development from $114,000 to $36,000
(r) (3) Bilingual Teacher Training from $26,000 to $8,000
(r) (4) Teacher Education and Computer Centers from $394,000 to $125,000
(s) Preschool Education from $1,121,000 to $355,000
(t) (1) General Child Development from $5,495,000 to $1,737,000
(t) (2) Campus Children's Centers from $194,000 to $61,000
(t) (3) High School Age Parenting and Infant Development from $209,000 to $66,000
(t) (4) Migrant Day Care from $207,000 to $66,000
(t) (5) Special Allowance for Rent from $13,000 to $4,000
(t) (6) Special Allowance for Handicapped from $22,000 to $7,000
(t) (7) Alternative Payment Program from $808,000 to $257,000
(t) (8) Resource and Referral from $229,000 to $73,000
(t) (9) Campus Child Care and Tax Bailout from $126,000 to $40,000
(t) (10) Protective Services from $32,000 to $10,000
(t) (11) Extended Day Care from $484,000 to $153,000
(v) (1) Urban Impact Aid, Unified School Districts from $2,081,000 to $659,000
(v) (2) Urban Impact Aid, Nonunified School Districts from $303,000 to $96,000
(w) Meade Aid from $326,000 to $103,000
(x) Statewide Library Support and Development from $348,000 to $110,000,

and by revising language in Schedule (a) (1),

I am reducing the COLA for K–12 district revenue limits from $573,752,000 to $573,484,000 by eliminating the $268,000 legislative augmentation for a 3 16 percent COLA for the excess cost of operating continuation high schools I believe that the $8.5 million in the base budget provides sufficient funding for these excess costs and that an additional COLA is unwarranted

To conform with this action, I am revising the language added to the Schedule of this item by the Legislature to specifically provide for this COLA:

"(a) 10 10—School Apportionments·

(1) 10.10.001 001—K–12 Districts, for the purpose of paragraph (1) of subdivision (b) of Section 42238 of the Education Code ~~and for programs operated pursuant to Section 42243.7 of the Education Code~~ (for transfer to Item 6100-101-001) . . .. ~~573,752,000~~ *573,484,000*"

I am eliminating a $27,298,000 legislative augmentation for certain programs receiving discretionary COLAs The funds remaining in the budget after this reduction will provide a 3 0 percent COLA for programs with a substantial portion of costs tied to salaries and wages of school employees and a 1 percent COLA for other discretionary programs.

0 31 50 0

With this reduction, I am providing the full statutory COLA of 5.49 percent and a total level of funding for all K–12 COLAs of $731.7 million.

Item 6100-490—For support of Department of Education I eliminate the reappropriation made in Schedule 7 of this item for the establishment of Education Policy Trust Agreements

I am eliminating this reappropriation because I believe that a proposal for this new activity should be dealt with through legislation or submitted for consideration through the normal budget process so that a thorough analysis of its merits can be considered.

"7. Schedule (c) of Item 6100-191-001 of the Budget Act of 1984, $75,000 for the purpose of facilitating establishment of Education Policy Trust Agreements in school districts as proposed by the Commission on the Teaching Profession Report."

Item 6360-001-407—For support of Commission on Teacher Credentialing. I reduce this item from $7,968,000 to $7,826,000 by reducing.

(a) 10—Standards for Preparation and Licensing of Teachers from $7,682,000 to $7,540,000.

I am reducing $5,000 for merit salary adjustments that can be funded through existing resources, and $137,000 in operating cost increases due to a reduction in the inflation rate

Item 6420-001-001—For support of California Postsecondary Education Commission I reduce this item from $3,771,000 to $3,571,000 by reducing

(a) 100000—Personal Services from $2,561,000 to $2,540,000

(b) 300000—Operating Expenses and Equipment from $1,413,000 to $1,234,000, and deleting Provision 3.

I am reducing $21,000 for merit salary adjustments that can be funded through existing resources, and $22,000 in operating cost increases due to a reduction in the inflation rate.

I am eliminating the $57,000 legislative augmentation to fund a study of higher education space standards The University of California and the California State University have agreed to contribute $200,000 towards a study of space standards in higher education If additional funds are required, the segments, which are the primary beneficiaries of such a study, should be willing to provide all the necessary funds

I am eliminating the $50,000 legislative augmentation to fund a study by the California Postsecondary Education Commission (CPEC) on performance-based budgeting models This study is within CPEC's scope of responsibilities and can be accomplished within existing resources

I am deleting Provision 3 to conform with this action

"3. Of the funds appropriated in this item, $50,000 shall be available only for expenditure for support of the Talent Development Study upon approval of the Director of Finance, pursuant to the provisions of Section 28.00 "

I am also eliminating the $50,000 legislative augmentation for a study by CPEC of student attitudes towards their education This study is within CPEC's scope of responsibilities and can be accomplished within existing resources

Even after these reduced augmentations, the California Postsecondary Education Commission will have an increase of $747,000, or 23 2 percent, above the amount available in the current year

Item 6440-001-001—For support of University of California. I reduce this item from $1,738,678,000 to $1,714,691,000 by reducing.

(a) Support from $1,720,363,000 to $1,697,076,000,

and deleting Provisions 7, 13, and 14

I am eliminating the $2,000,000 and 75 positions legislative augmentation for janitorial services The need for these services is the subject of a study by a private consultant and will be reported this Fall To conform to this action, I am deleting Provision 13

"13 Of the funds appropriated in Schedule (a), $1,500,000 is available for additional janitorial services It is the intent of the Legislature that these additional services shall be performed by university employees only, and not by contract

personnel."

I am also deleting the language in Provision 14 of this item This language, which requires the University to comply with State-agency procedures for use of personal contacts, diminishes the authority and flexibility of UC to manage efficiently within available resources.

"14. The University of California shall adhere to Section 19130 of the Government Code (Standards for Use of Personal Contracts) in the same manner as other state agencies."

I am reducing $8,600,000 for merit salary adjustments that can be funded through existing resources, and $11,946,000 in operating cost increases due to a reduction in the inflation rate.

I am eliminating the $1,287,000 legislative augmentation for expansion of the 4-H program for urban minority youth. The University has a public service program level of $73 million The cooperative extension part has a resource base of $45 million. If the UC deems this program to be a high priority, part of the $45 million base could be used for its support Fiscal constraints on the State dictate that no additional funds should be bugeted for this purpose

I am eliminating the $154,000 legislative augmentation for the Puente Project. No evidence has been provided that this program is an improvement over current University of California and Community College programs with similar objectives

I am also reducing Schedule (a) by $300,000 to correct a technical error in the enrolled Budget Bill. This action does not affect the amount appropriated in the item.

Because of the importance of research on AIDS to the public health of the State and the nation, I have proposed an increase of $2,000,000 to the University's budget for such research Although these funds are intended to be allocated by the University to non-profit organizations outside the University as well as to be used for University-sponsored research, I believe Provision 7, which was added by the Legislature, will result in some low-quality research projects being funded or in a significant portion of these funds being reverted to the General Fund Given the importance of this research, either prospect is undesirable. I, therefore, am deleting Provision 7·

"7 Of the Funds appropriated in Schedule (f), $8,200,000 shall be available only for expenditure to support research into Acquired Immune Deficiency Syndrome (AIDS) within the University of California, and a total of $1,000,000 is available to support AIDS research conducted by non-profit organizations outside of the university If the University AIDS Task Force is unable to use this entire $1,000,000 amount on such nonuniversity projects, the unused amount shall revert to the General Fund "

After consideration of these reductions, I have provided for an increase of $149,224,-000 from the General Fund for operation of the University of California This represents an increase of 9.1 percent in the University's budget.

Item 6600-001-001—For support of Hastings College of the Law. I reduce this item from $10,686,000 to $10,553,000.

I am reducing $60,000 for merit salary adjustments that can be funded through existing resources, and $73,000 in operating cost increases due to a reduction in the inflation rate.

After consideration of that reduction, the Hastings College of the Law will have an increase of $4,270,000, or 60.7 percent, above the amount expended in 1982–83 fiscal year

Item 6610-001-001—For support of California State University. I reduce this item from $1,325,694,000 to $1,311,452,000 by reducing.

(d) 05—Student Services from $124,797,000 to $124,078,000,

(e) 06—Institutional Support from $345,113,000 to $344,038,000,

(g) Special Adjustment-Cost-of-Living from $164,000 to $82,000,

(h) Provision for Allocation from −$13,412,000 to −$25,778,000,

and deleting Provision 9.

I am eliminating the $719,000 and 26.6 personnel years augmented by the legislature for the learning disabled program. The budget includes $4 2 million for this program,

reflecting a 44 percent increase over the past four years I believe it is premature to provide additional funding until the California Postsecondary Education Commission (CPEC) completes its review of services to disabled students, pursuant to the requirements of ACR 3. CPEC is charged with developing a plan to achieve specific goals geared towards the disabled student who is able to benefit from higher education, and developing a long-term funding approach which reflects actual costs for postsecondary education services to disabled students

I am also eliminating the $1,075,000 legislative augmentation for pilot programs designed to facilitate minority students' preparation for college and improve teacher preparation programs I have already provided $1,250,000 for the Department of Education (DOE) and CSU to implement these pilot programs and I believe it is premature to fund these services at a higher level until CSU and DOE have demonstrated the effectiveness of the pilot programs

I am eliminating the $82,000 legislative augmentation in Student Services for operating cost increases due to a significant reduction in the inflation rate I have provided $19 5 million to maintain Educational Opportunity Program services for 23,256 new and continuing students, including a 1 percent discretionary cost-of-living-adjustment

I am also reducing $6,918,000 for nonfaculty merit salary adjustments that can be funded through existing resources, and $3,448,000 in operating cost increases due to a reduction in the inflation rate

I am also eliminating the $2,000,000 legislative augmentation which would have deleted the General Fund sharing in the revenues generated by the Concurrent Enrollment Program Last year I proposed that the State should share in the additional revenue generated by students who are enrolled in courses funded primarily from the General Fund Students who are participating in the Concurrent Enrollment Program and who pay extension fees rather than General Fund State University fees will generate an estimated $6,700,000 By retaining a General Fund share of this revenue ($2,000,000), CSU will still have $4,700,000 to further supplement instructional programs

I am also deleting Provision 9 which prohibits the use of State funds for intramural athletics and orientation to the University and library I believe this is an infringement on CSU's statutory authority to determine the academic merits of course offerings

"9 Effective Winter Quarter (or Spring Semester) 1987, no funds shall be appropriated for enrollment in courses for participation in intramural athletics, student orientation to the university, or student orientation to the campus library, if these courses, upon review, are determined not to be academically based The chancellor, with the advice of the Academic Senate, shall develop guidelines, including criteria for identifying these courses. This provision shall be implemented by January 1, 1987 The chancellor shall submit a report to the Joint Legislative Budget Committee by March 30, 1987, on the guidelines, including a description of the process for developing the guidelines and a list of the courses affected "

I am also requesting CSU to disregard the broader authority which the Legislature has provided by its action of removing language which prohibited CSU as a salary setting authority from using, for employee compensation increases, monies other than what is specifically appropriated for compensation increases I am taking this action because I do not believe it is sound fiscal policy The Legislature did not extend this same authority to the University of California, Hastings College of the Law or to Civil Service and Related employees If CSU decides to use this broader authority, I am asking it to report back to the Legislature for concurrence

I am also requesting CSU to disregard Supplemental Language which declares legislative intent that administrative positions will take a proportionate share of any unallocated budget reductions or unfunded provisions This provision constitutes an undue restriction upon CSU's statutory authority and I believe it is inappropriate to require 25 percent of any such reduction to be taken from the Instructional Program Further, I believe that such a legislative direction may be unconstitutional as it requires CSU to make changes conditional on future Gubernatorial veto action The language is also nebulous in that the term "unfunded provisions" does not provide

sufficient specificity to permit the reductions to be reasonable.

With these changes, CSU's General Fund budget for 1986–87 has increased 7.7 percent over the current year.

Item 6610-031-001—For support of Trustees of the California State University and the California State University, for augmentation for employee compensation

I am requesting CSU to disregard the broader authority which the Legislature has provided by its action of removing language which prohibited CSU, as a salary setting authority from using, for employee compensation increases, monies other than what is specifically appropriated for compensation increases I am taking this action because I do not believe it is sound fiscal policy The Legislature did not extend this same authority to the University of California, Hastings College of the Law or to Civil Service and Related employees. If CSU decides to use this broader authority, I am asking it to report back to the Legislature for concurrence.

I am also requesting CSU to disregard Supplemental Language which declares legislative intent that faculty salary increases go into effect July 1, 1986 regardless of other unsettled collecting bargaining issues The Legislature enacted collective bargaining and the CSU faculty voted for it; including negotiation of the effective date for salary increases. The Supplemental Language contradicts the spirit and letter of the Higher Education Employer-Employee Relations Act If the Legislature believes that the Act is inappropriate, legislation should be introduced to address the Legislature's concerns.

Item 6610-301-782—For capital outlay, Trustees of the California State University and the California State University. I delete Provision 7.

I am deleting Provision 7 because legally appropriated capital outlay funds should not be subjected to staff level approval prior to allocation for preliminary planning In taking this action, however, I urge the California State University to strive to produce a project that is within the spirit of Provision 7 and within appropriated funds

"7. Provided that the funds appropriated under this item for preliminary planning for Remodel Arts and Industry Building and Addition project at San Francisco shall not be allocated to the CSU system until the Chancellor's Office, the Department of Finance and the Legislative Analyst's Office have agreed on the appropriate project scope that is consistent with existing state space guidelines as applied to the disciplines to be housed in the new/remodelled facilities"

Item 6860-001-001—For support of California Maritime Academy I reduce this item from $6,158,000 to $6,068,000 by reducing:

(c) 30—Student Services from $3,375,000 to $3,285,000

I am reducing $43,000 for merit salary adjustments that can be funded through existing resources, and $47,000 in operating cost increases due to a reduction in the inflation rate.

Item 6870-001-001—For support of Board of Governors of California Community Colleges. I reduce this item from $7,463,000 to $7,360,000 by reducing.

(a) 10—Apportionments from $1,514,000 to $1,501,000,

(b) 20—Special Services and Operations from $8,201,000 to $8,111,000,

(c) 30.01—Administration from $3,395,000 to $3,363,000, and

(d) 30.02—Administration-Distributed from −$3,395,000 to −$3,363,000.

I am reducing $58,000 for merit salary adjustments that can be funded through existing resources, and $45,000 in operating cost increases due to a reduction in the inflation rate.

Item 6870-101-001—For local assistance, Board of Governors of California Community Colleges. I reduce this item from $1,243,919,000 to $1,228,407,000 by reducing:

(a) 10—Apportionments from $1,158,366,000 to $1,158,080,000,

(b) 20.10.010—Community College Extended Opportunity Programs and Services from $30,630,000 to $29,299,000,

(c) 20.10.020—Disabled Students from $29,165,000 to $25,844,000,

(d) 20.10.050—Transfer Centers from $2,318,000 to $1,818,000,

(e) 20.20 020—Partial Financing of Academic Senate for California Community Colleges from $111,000 to $110,000,

(f) 20.30 020—Instructional Inprovement from $539,000 to $536,000,

(g) 20.40.020—Deferred Maintenance from $12,740,000 to $12,670,000,

by eliminating.

(ex) 20.20.040—Staff Development $10,000,000,

and deleting Provisions 18 and 19, and by revising Provisions 3, 4 and 12.

I am eliminating the $200,000 legislative augmentation for district data collection related to the transfer center pilot program evaluation project The districts already have resources designated for data collection and statistical activities It is appropriate that the districts utilize these existing resources for the evaluation project as part of their participation in the transfer center pilot program.

I am eliminating the $214,000 legislative augmentation for the Puente Project, which is a joint project between the University of California and the Community Colleges. The purpose of this program, which is to assist Hispanic students in transferring from community colleges to the University of California, duplicates the purposes of existing programs, such as Equal Opportunity Programs and Services (EOPS), for which I have budgeted $29,299,000, and the transfer center pilot program, for which I have budgeted $1,818,000 This action conforms to the action I have taken in Item 6440-001-001

I am eliminating the legislative augmentations of $2,708,000 for cost-of-living adjustments in the Apportionments, Employer-Based Training, EOPS, Disabled Students, Transfer Center, Academic Senate, Instructional Improvement and Deferred Maintenance Programs. Due to the reduction in the inflation rate, I am retaining $657,000 for a 1 0 percent cost-of-living adjustment in these programs, which is consistent with that provided for other categorical programs. I am also eliminating the $247,000 legislative augmentation for a cost-of-living adjustment in the Apprenticeship Program I am retaining $297,000 for a 3.0 percent cost-of-living adjustment for this program, which is consistent with that provided for high school apprenticeship programs in Item 6100-101-001

In accordance with the above action, I am revising Provisions 3, 4 and 12, as follows:

"3. Of the amount appropriated in Schedule (a), up to ~~$10,121,000~~ *$10,174,000* shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8153 of the Education Code No community college district shall use funds available under this provision to offer any new or expansion of apprenticeship training program (s) unless that program (s) has been approved by the Chancellor

"4 Of the amount in Schedule (a), up to ~~$3,978,000~~ *$3,939,000* may be allocated by the Chancellor for the funding of employer-based job training programs of the type funded pursuant to Provision 12 of Item 6870-101-001 of the Budget Act of 1982. These programs shall be consistent with the intent of that provision and with the criteria adopted by the Board of Governors for allocating funds under that provision.

"12 Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of three dollars and ~~eighty/five cents ($3 85)~~ *seventy-six cents ($3 76)* per hour For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks "

I am eliminating the $10,000,000 legislative augmentation for staff development. The 1986–87 budget includes $500,000 for a comprehensive study of staff development across all levels of public education, including K–12, the community colleges, the California State University and the University of California The study, which will be directed by the California Postsecondary Education Commission, will address needs and recommend policies for State funding of staff development programs. Until the study is completed, additional funding for this purpose is inappropriate.

In accordance with this action, I am deleting Provision 18.

0 34 5 0

"18. The amount appropriated in schedule (ex) shall be available for staff development in community colleges The Chancellor's Office shall allocate these funds to districts on the basis of ADA and subject to the approval of the Department of Finance In addition, funding for staff development shall be contingent upon review and approval by the Joint Legislative Budget Committee pursuant to Section 28.00."

I am eliminating the $2,143,000 legislative augmentation for the Disabled Student Program These funds were requested to serve additional disabled students in the community colleges While I am supportive of this program, I believe it is critical that the Chancellor's Office provide better information on the number of students needing services and the cost of providing services Until such information is provided, we cannot determine the need for additional funding and cannot, therefore, justify this augmentation.

I am deleting Provision 19, which would prohibit the Los Angeles Community College District from implementing reforms and receiving aid for declining enrollments until the district submits a report demonstrating that its reforms will not cause a decline in student access

"19. The Legislature finds and declares that there shall be a moratorium on the implementation of the Los Angeles Community College District reform plan Further, that no funds shall be allocated to the Los Angeles Community College District for declining enrollment unless the district submits a report to the Chancellor's Office on its district reform plan, including, but not limited to, an impact assessment on student access, student enrollment, faculty displacement, reassignment, terminations, and management and a description, in detail, of the plan for layoffs, reassignment, discontinued programs in divisions, departments, and student services offices, and other management actions

This study shall be submitted to the Chancellor's Office for its review to determine whether the proposed plan will cause a decline in student access If the Chancellor's Office determines that there will be a decline in student access, the district will not be eligible for any declining enrollment funds pursuant to this item

The Chancellor's Office shall certify to the Director of Finance and the Joint Legislative Budget Committee whether declining enrollment funds should be allocated to the Los Angeles Community College District "

Management of community college districts is a local responsibility The Los Angeles Community College District is facing a severe financial crisis and must make some difficult decisions. If the Legislature believes that there should be additional oversight of local community college governing boards, then it should address its concerns through separate legislation, rather than through the Budget Act

As a result of my actions, the total General Fund local assistance budget for community colleges for 1986–87, including this Item and Item 6870-111-001, will be $84 3 million higher than for the current year, which is a 7 1 percent increase.

Item 6870-101-782—For local assistance, Board of Governors of California Community Colleges I revise Provision 1 of this item.

I am revising Provision 1, as follows·

"1 The amount appropriated in this item is available on a one-time basis for the purpose of providing community college districts with funds to replace instructional equipment. The Chancellor shall allocate these funds to the districts provided that any allocation would be subject to a 25 percent local match. ~~The Chancellor shall establish criteria for the waiver of the matching requirement for any district which, in his or her judgment, cannot provide matching funds without financial hardship. The Chancellor shall consult with the Department of Finance, and prior to granting the initial waivers, shall obtain the approval of the Director of Finance on the criteria.~~ "

Community college districts have historically allocated a portion of their apportionments funding for instructional equipment and it is appropriate that the districts maintain this effort. With maintenance of district efforts, the additional State funding

will enable districts to quadruple their resources for instructional equipment. This incentive should encourage districts to maximize funding for this high priority item.

Item 6870-101-909—For local assistance, Board of Governors of the California Community Colleges I reduce this item from $723,000 to $720,000, and revise language in Provision 1

I am eliminating the legislative augmentation of $3,000 for a cost-of-living adjustment in the Instructional Improvement Program. I am retaining $3,000 for a 1.0 percent cost-of-living adjustment in this program, which is consistent with that provided for other categorical programs The conforming action will also be reflected in nonbudget act Item 6870-601-909 Consistent with this action, I am revising Provision 1 as follows

"1 Of the amount appropriated by this item, not more that ~~$539,000~~ *$536,000* shall be allocated for grants and not more than $184,000 shall be allocated for loans."

Item 6870-111-001—For local assistance, Board of Governors of California Community Colleges I revise Provision 1 of this item

As I have committed in prior messages, I am retaining this $21,000,000 for assessment, counseling, placement and follow-up I support the implementation of services aimed at ensuring the success of students in community colleges. The Commission for the Review of the Master Plan for Higher Education has reviewed and endorsed the need for these services It is now time to begin implementation. As part of the plan that the Chancellor's Office will be developing and the Department of Finance approving for this new program, I will be expecting that this plan will incorporate the necessary changes to implement the Commission's recommendations concerning access, success, remediation and evaluation These recommendations combine open access with clearly defined academic standards, as well as strengthen current probation and dismissal standards for students, require the assessment, counseling, placement and follow-up program be mandatory, require enrollment in remedial courses be mandated based on this program, require the establishment of a limit to the number of units of remedial coursework a student may take, and require an evaluation of the effectiveness of this program

I am revising Provision 1 by eliminating the language which requires the Joint Legislative Budget Committee to approve the plan for allocating this funding, pursuant to Section 28 00 of the Budget Act I believe this is an inadvertent technical error. Section 28 00 is a finely tuned, carefully crafted control section which recognizes the separation of powers between the Executive and Legislative branches of State Government The retention of the approval language in this item would contravene that Section

"1 The amount appropriated in this item is available for assessment and counseling programs known as matriculation This amount shall be allocated to districts based upon a plan developed by the Chancellor's Office and approved by the Department of Finance. Funding for the Chancellor's Office Plan shall be contingent upon its review ~~and approval~~ by the Joint Legislative Budget Committee pursuant to Section 28 00 "

Item 6870-301-782—For capital outlay, Board of Governors of the California Community Colleges I reduce this item from $41,681,000 to $32,731,000 by eliminating the Los Angeles Mission College project:

Los Angeles Mission College

(19) 40.76.404—Construct instruction and administration building, $8,950,000

I am eliminating this project because the Los Angeles Community College District is experiencing declining enrollment and major capital expansions may not be a prudent course of action at this time. Recent local developments further suggest that the district may, in fact, need to dispose of the Mission College site

Item 7980-001-001—For support of Student Aid Commission I reduce this item from $6,425,000 to $6,276,000 by reducing·

(a) Personal Services from $7,218,000 to $7,069,000,

(b) Operating Expenses and Equipment from $17,812,000 to $17,737,000, and

(d) Amount payable from the State Guaranteed Loan Reserve Fund (Item 7980-

001-951) from −$18,411,000 to −$18,336,000

I am reducing $71,000 for merit salary adjustments that can be funded through existing resources, and $78,000 in operating cost increases due to a reduction in the inflation rate.

I am also reducing both categories (b) and (d) by $75,000 for the student indebtedness study directed by ACR 133 of the 1985–86 Regular Session to conform to my action on Item 7980-001-951.

Item 7980-001-951—For support of Student Aid Commission I reduce this item from $18,411,000 to $18,336,000 and revise Provision 1.

I am reducing this Item by $75,000 to eliminate funds for conducting the student indebtedness study directed by ACR 133, 1985–86 Regular Session Student indebtedness has already been documented both nationwide and in California so I question the value of further study Moreover, the source of funding for this proposal comes from the indebted students themselves (the borrowers under the Guaranteed Loan Program) These funds should be conserved for their intended purpose Consistent with this action, I am revising Provision 1 as follows

"1. The funds appropriated in this item are for the following:

(a) State Guaranteed Student Loan Program	79,000
(b) State Guaranteed Student Loan Program, for purposes of Chapter 1201, Statutes of 1977	18,257,000
~~(3) State Guaranteed Student Loan Program, for purposes of conducting the student indebtedness study in accordance with Assembly Concurrent Resolution 133 of the 1985/86 Regular Session . . . . . .~~	~~75,000~~"

Item 7980-101-001—For local assistance, Student Aid Commission I reduce this item from $113,175,000 to $112,314,000 by reducing

(f) Bilingual Teacher Grants from $2,547,000 to $1,711,000,

(g) California Student Opportunity and Access Program from $522,000 to $497,000

I am reducing $836,000 of the legislative augmentation for the Bilingual Teacher Grant Program. This program has not been effective Despite its five years of operation, there is a shortage of almost 9,000 bilingual teachers in the State The Student Aid Commission reports that the program needs to be revised The Office of the Legislative Analyst also has been critical of this program I am retaining $1,711,000 for this program in the budget so that all students who are currently receiving a bilingual grant and wish to renew it for the 1986–87 academic year may do so. No existing recipient will be deprived of continuing financial aid Furthermore, this budget provides $1,470,000 for 1,000 new Cal Grant B awards so students that formerly applied for first time bilingual grants will continue to qualify for State aid

I am also eliminating the $25,000 legislative augmentation for the Student Opportunity and Access Program (CALSOAP)

Furthermore, I believe that the outreach activities, including counseling, that are part of CALSOAP are a proper function of educational institutions. The Student Aid Commission has no particular expertise in these areas Both the University and the State University systems have ongoing outreach programs and I provided a $500,000 augmentation for the University for 1986–87 for these purposes The most effective way to increase accessibility and to make postsecondary educational opportunities available to low-income and ethnic minority students is through institutional information and recruiting programs.

Item 8100-101-001—For local assistance, Office of Criminal Justice Planning I reduce this item from $23,387,000 to $22,787,000 by eliminating·

(gg) 50 41.050—National Center for Hyperactive Children $100,000, and by reducing:

(k) 50.61.020—Child Sexual Abuse Prevention and Training from $1,392,000 to $892,000,

and deleting Provision 5.

I am eliminating the $100,000 legislative augmentation for the National Center for Hyperactive Children program. This program provides delinquency intervention

services for high-risk, anti-social boys in the Los Angeles area I have funded several programs to provide statewide delinquency intervention services, such as (1) the three-year pilot project with the Department of Justice and the Department of Education to study the correlation between hyperactivity and juvenile delinquency, (2) the prevention programs in the Department of the Youth Authority to reduce the probability of at-risk youths from committing illegal acts; and (3) the Primary Prevention Projects in the Department of Mental Health which are designed for the early detection and prevention of emotional, behavioral, and learning problems in primary grade children

I am also eliminating the $500,000 legislative augmentation for a child sexual abuse treatment program in the International Center for the Extended Family. I have provided $1.1 million in the Office of Criminal Justice Planning for child sexual abuse programs, including $700,000 to continue the current level of state funding for the International Center for the Extended Family in San Jose and a comparable agency in Southern California which trains service providers I am deleting Provision 5 to conform with this action

"5 Of the amount in Schedule (k), $500,000 is for allocation to the International Center for the Extended Family None of these funds may be expended sooner than 30 days after notification in writing by the Director of Finance of the receipt thereof, including a program expenditure plan, to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine."

Item 8100-101-014—For local assistance, Office of Criminal Justice Planning I eliminate this item and delete Provisions 1 and 2

I am eliminating this item of $1,150,000 because, while training and enforcement programs for the toxics area are important, all aspects of the toxics program should be part of an organized, coordinated effort and not a piecemeal approach

I am deleting Provisions 1 and 2 to conform with this action

"1 Of the amount appropriated in this item, $400,000 shall be for a contract with the California District Attorney's Association for the purpose of training district attorneys and investigative personnel on toxics enforcement matters."

"2. Of the amount appropriated in this item, $750,000 shall be for the purpose of funding five toxics enforcement pilot programs in different counties "

Item 8100-101-425—For local assistance, Office of Criminal Justice Planning I reduce this item from $11,937,000 to $11,720,000 by reducing:

(b) 50.21.020—Rape Crisis Program from $3,092,000 to $2,875,000

and deleting Provision 2

I am eliminating the $217,000 legislative augmentation for additional support to rape crisis centers The total funds awarded by the State for the rape crisis centers will increase from $3,200,000 for 1985–86 to $4,596,000 for 1986–87, a 44 percent increase. Further, the projected balance in the Victim/Witness Assistance Fund is minimal and should be maintained due to fluctuating revenues I am deleting Provision 2 to conform with this action

"2 Of the $217,000 augmentation appropriated in Schedule (b), none of these funds shall be used to support the four rape crisis centers that are scheduled to receive extraordinary grants in the 1986–87 fiscal year "

Item 8180-101-001—For local assistance, payment to counties for the costs of homicide trials. I reduce this item from $2,106,000 to $2,000,000.

I am eliminating the $106,000 legislative augmentation for county homicide trial costs. There are sufficient funds available to pay for homicide trial costs for those counties which are reimbursable under current law, as amended by Chapter 32, Statutes of 1986. Funding of homicide trial costs to those counties which are not reimbursable under current law would serve no useful purpose because there is no authority to expend such funds.

Item 8260-101-001—For local assistance, California Arts Council. I reduce this item from $10,335,000 to $10,000,000 by reducing.

(b) 20—Organizational Grants from $6,474,700 to $6,310,700,

(c) 25—Performing Arts Touring/Presenting Program from $668,000 to $597,000,

(d) 40—Statewide Projects from $1,750,000 to $1,650,000,

and deleting Provision 2.

I am reducing $335,000 from the legislative augmentation of $983,000 for the local assistance, grants and subventions for the California Arts Council I have retained $648,000, which is a 7 percent increase above my original budget This will provide a $336,000 increase to the Multi-Cultural Art Development Program and $312,000 to the Performing Arts Touring/Presenting Program

In line with my action on this item, I am deleting Provision 2

"2 Of the amount appropriated for Program 20 40 (Support to Prominent Organizations), up to $250,000 shall be available for expenditure on Program 20.70 (Multi-Cultural Arts Development) on a dollar-for-dollar basis if funds for Program 20.70 (Multi-Cultural Arts Development) are reduced by executive action."

Item 8290-001-001—For support of the California Public Broadcasting Commission I eliminate this item.

The Budget Act of 1984 contained an appropriation of $125,000 to the Department of Education for minority operated radio stations. This augmentation was provided as one-time assistance while the stations pursued more permanent sources of funding for on-going operations. As I indicated in the 1985 Budget Act, I believe these stations have been afforded sufficient time to gain independence In addition, I believe it is more appropriate for public broadcasting support to come from viewers, foundations, and other private sources. As a conforming action I am eliminating Provision 1

"1 Of the amount appropriated by this item, $160,000 shall be allocated to the Federation of Minority Broadcasters "

Item 8300-001-001—For support of Agricultural Labor Relations Board I delete Provision 1

Provision 1 would unnecessarily increase the number of cases being litigated by the Agricultural Labor Relations Board and restrict the Board's ability to review all options and provide effective services The provision attempts to restrict statutory authority vested in the General Counsel and the Board This is an infringement on the separation of powers in that it usurps Executive Branch authority to effectively administer this program. Therefore, I am deleting Provision 1 of this item

"1 None of the funds in this item shall be available for expenditure by the Board or the General Counsel for the purpose of unilaterally settling unfair labor practice charges, complaints, or Board decisions before or after judicial review, over the charging parties' objections "

Item 8350-001-001—For support of Department of Industrial Relations I reduce this item from $106,153,000 to $103,935,000 by reducing

(c) 30—Preventing, Settling, Adjudicating and Administrating Disputes under Workers' Compensation Laws, from $47,316,000 to $46,769,000,

(d) 40—The Prevention of Industrial Injuries and Deaths of California Workers, from $43,527,000 to $42,732,000,

(j) 94.01—Administration, from $12,281,000 to $11,355,000, and

(v) Amount payable from the Asbestos Abatement Account (Item 8350-001-973) from −$150,000 to −$100,000,

and revising Provision 1 and deleting Provision 2

I am reducing the Department of Industrial Relations' budget by $2,218,000 to eliminate certain augmentations made to the Governor's Budget This reduction includes $745,000 and 15 positions to augment staffing to conduct mandatory and discretionary health and safety compliance inspections The current budget of $42,732,000 and 630.7 personnel years provides an adequate level of funding and staffing to conduct all mandatory and discretionary health and safety compliance inspections

I am eliminating the $547,000 and 14.5 personnel years (5 Judge Teams) legislative

augmentation for the Workers' Compensation Appeals Board (WCAB). The current budget of $46,858,000 and 780.5 personnel years provides an adequate level of funding to accomplish the existing workload.

I am reducing $926,000 for purposes of reducing salary savings to 5.5 percent. The Department's existing 6.7 percent is below the 10.8 percent historical average for the Department

I am reducing the amount payable to this item from the Asbestos Abatement Account (Item 8350-001-973) by $50,000 for purposes of compliance inspections and monitoring of school asbestos abatement projects The Department of Industrial Relations can provide the same services within their existing resources of $25,990,000 and 380 6 personnel years

I am revising Provision 1, to conform to the above action.

"1 Of the funds appropriated for support of Schedule (d), ~~$150,000~~ *$100,000* transferred from Item 8350-001-973 shall be encumbered for (a) routine compliance activities of the Cal-OSHA field enforcement program related to school site asbestos abatement projects and (b) monitoring and compliance inspections covering a 10 percent random sample of school asbestos abatement projects."

In addition, I am also deleting Provision 2 to conform to this action

"2 Of the funds appropriated in Schedule (d) for support of Cal-OSHA field enforcement activites, $745,000 shall be encumbered as follows:

(a) $298,000 shall be for the support of six industrial hygienists to augment basic occupational health enforcement inspections in order to provide sufficient staffing statewide to accomplish all mandatory health enforcement inspection activities;

(b) $199,000 shall be for support of discretionary occupational health enforcement inspections in northern (two industrial hygienists) and southern (two industrial hygienists) California; and

(c) $248,000 shall be for the support of five safety engineers to enhance discretionary safety enforcement inspections in southern California."

Item 8350-001-973—For support of Department of Industrial Relations. I reduce this item from $150,000 to $100,000.

I am eliminating a $50,000 legislative augmentation for purposes of compliance inspections and monitoring of school asbestos abatement projects The Department of Industrial Relations can provide the same services within their existing resources of $25,990,000 and 380 6 personnel years. The reduction in this item corresponds to the action I have taken in Item 8350-001-001

Item 8570-001-001—For support of Department of Food and Agriculture. I reduce this item from $68,439,000 to $68,409,000 by reducing:

(a) 10—Pesticide Regulatory Program from $22,705,000 to $22,675,000

I am eliminating the $30,000 legislative augmentation for the initiation of studies required for the registration of the biological control agent baculovirus. I have, however, retained $70,000 for this purpose. Consistent with the treatment of other pest control agents, any additional studies should be funded by the manufacturer of the product, or by the industry which would benefit by the availability of the agent.

Item 8570-101-001—For local assistance, Department of Food and Agriculture. I reduce this item from $10,992,000 to $10,942,000 by reducing:

(b) 20—Plant Pest and Disease Prevention from $7,636,000 to $7,586,000

I am eliminating the $50,000 legislative augmentation for control of the invasive plants, parrots feather and yellow primrose. Based upon a priority system which considers the magnitude of the problem, the potential for control or eradication, the ability of local entities to deal with the problem, and the potential adverse effects of the plant, the Department of Food and Agriculture has determined that this project does not require State funding. Instead, the department will utilize the $10.6 million that is budgeted for control and eradication work on projects that require a statewide approach and which, if left uncontrolled, could result in significant environmental and economic problems.

Item 8660-001-412—For support of the Public Utilities Commission. I reduce this

item from $17,480,000 to $17,391,000 by reducing:

(a) 100000—Personal Services from $46,279,000 to $46,059,000,

(b) 300000—Operating Expenses and Equipment from $21,599,000 to $21,546,000,

(g) Amount payable from the Public Utilities Commission Transportation Reimbursement Account, General Fund (Item 8660-001-461) from —$3,637,000 to —$3,620,000, and

(h) Amount payable from the Public Utilities Commission Utilities Reimbursement Account, General Fund (Item 8660-001-462) from —$38,393,000 to —$38,226,000.

I am reducing this item by $89,000 and the scheduled expenditures that flow through this item by $184,000 to reflect the following action

I am eliminating a legislative augmentation of $273,000 and 4 positions (3 attorneys and 1 clerical) for the Commission to increase legal representation in matters before federal agencies and federal courts. The Commission has not provided workload information to substantiate its request for additional resources In addition, the Commission already has 44 attorneys for legal activities, of which three are new positions The PUC has also been provided increased computer capability to enhance staff efficiency These resources are sufficient to carry out is responsibilities, including federal legal proceedings

This item reflects the reduction of $17,000 and $167,000 from the amounts payable from the Transportation Reimbursement Account and Utilities Reimbursement Account, respectively, to correspond to actions taken on Items 8660-001-461 and 8660-001-462

Item 8660-001-461—For support of the Public Utilities Commission I reduce this item from $3,637,000 to $3,620,000

I am reducing this item by $17,000 because the Commission has not demonstrated the need for additional legal staff to carry out its responsibilities This action conforms with action taken on Item 8660-001-412 This reduces the amount payable from this item to Item 8660-001-412.

Item 8660-001-462—For support of the Public Utilities Commission I reduce this item from $38,393,000 to $38,226,000

I am reducing this item by $167,000 because the Commission has not demonstrated the need for additional legal staff to carry out its responsibilities This action conforms with action taken on Item 8660-001-412 This reduces the amount payable from this item to Item 8660-001-412

Item 8915-101-001—For local assistance, Department of Economic Opportunity I eliminate this item.

I am eliminating this item in the amount of $1,335,000 for local assistance for the Community Services Block Grant Program because these General Fund monies would supplant the Gramm-Rudman-Hollings (GRH) Act reductions to the program. I believe that programs of this type should be funded at the level of available federal funds and this is consistent with our actions regarding the first phase of GRH cuts. This eliminates the amount payable from this item to Item 8915-101-890

Item 8915-101-890—For local assistance, Department of Economic Opportunity I change this item by reducing:

(b) 40—Community Services from $30,838,000 to $29,503,000, and by eliminating

(c) Amount payable from the General Fund (Item 8915-101-001) (—$1,335,000)

I am eliminating $1,335,000 from the amount payable from the General Fund for local assistance for the Community Services Block Grant Program because these General Fund monies would supplant Gramm-Rudman-Hollings Act reductions to this program. I am reducing these subitems to correspond to Item 8915-101-001

Item 8940-001-001—For support of Military Department. I am reducing this item from $20,517,000 to $20,299,000 by reducing·

(j) 71—California Innovative Military Projects and Career Training from $1,629,000 to $1,411,000,

and deleting Provision 3.

I am reducing this item by $218,000 while retaining $353,000 in General Fund support for this program, an increase of $121,000.

This reduction, together with available federal funds and continued financial participation at the local level, will allow the program to continue the current level of services.

Provision 3 would require notification to the Legislature at least four weeks prior to dispatching any members of the National Guard to a foreign country if specified conditions exist. The four week time constraint unnecessarily restricts the Department's ability to respond to federal requests Therefore, I am deleting Provision 3

"3. The Military Department shall notify the Legislature at least four weeks prior to dispatching any members of the National Guard to a foreign country if any of the following conditions exist

(a) There has been armed combat in the country within 90 days of the scheduled arrival of the National Guard and no resolution of the dispute leading to the armed combat has been reached.

(b) The foreign country is currently in use as a base for armed combat within another country bordering on the foreign country.

(c) There is a reasonable likelihood of armed combat in the foreign country while the National Guard is scheduled to be on military duty there."

Item 8940-301-604—For capital outlay, Military Department I reduce this item from $2,716,000 to $1,488,000 by eliminating.

(4) 70 28.010—Thousand Oaks—Armory—Acquisition, $1,228,000, and deleting Provision 4.

Funding for acquisition of property to build an armory in Thousand Oaks was predicated on balances available within the Armory Fund and was included in my Budget as introduced Upon re-evaluation of that fund condition, it has been determined that the projected balance will be insufficient to support the Thousand Oaks acquisition as planned in 1986–87 I am, therefore, eliminating funding for this project.

In conformance with this action, I am deleting Provision 4

"4. The funds appropriated in category (4) shall be made available from the proceeds of armory sales after such funds have been provided for projects in categories (1), (2), and (5) "

Item 9810-001-001—For payment of attorney fees I eliminate this item and delete Provisions 1, 2, 3, 4, and 5

I am eliminating this item because the control provisions no longer provide a reasonable cap on hourly rates. I would support restoration of this appropriation with an appropriate limit on hourly rates Attorney fee claims which cannot be paid from Budget Act appropriations pursuant to Section 5.00 will be subject to the Board of Control claims process. I am directing the Department of Finance to apply the criteria contained in the Budget Act of 1985 in its review of claims which are presented to the Board

I am also deleting Provisions 1 through 5 to conform to this action.

"1 Expenditures from this item shall be made by the Controller, subject to the approval of the Department of Finance, and shall be charged to the fiscal year in which the disbursement is issued "

"2 Expenditures from this item shall not exceed a maximum hourly rate greater than the maximum hourly rate contracted for and paid by the state to private attorneys for services to the state as determined in Provision 3 No expenditure from this item shall be used to pay amounts that result from the use of multipliers of the hourly rate as established above "

"3 The Controller shall request the Department of General Services to investigate and determine the maximum hourly rate contracted for and paid to private attorneys performing services for the state in the 1985–86 fiscal year "

"4. No payment shall be made by the Controller from this item except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney fees incurred in connection with a single action."

"5 The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee and the chairperson of the fiscal committees in each house when funds from this item have been exhausted, or when there are insufficient

funds to satisfy a claim completely. This report shall list the known unsatisfied claims, and the amount of each of these claims."

Item 9810-001-494—For payment of attorney fees. I eliminate this item and delete Provision 1

I am eliminating this item to correspond to the action I have taken on Item 9810-001-001. I am deleting Provision 1 to conform to this action

"1. Provisions 1, 2, 3, 4 and 5 for Item 9810-001-001 are also applicable to this item "

Item 9810-001-988—For payment of attorney fees I eliminate this item and delete Provision 1.

I am eliminating this item to correspond to the action I have taken on Item 9810-001-001. I am also deleting Provision 1 to conform to this action

"1. Provisions 1, 2, 3, 4 and 5 for Item 9810-001-001 are also applicable to this item "

SEC. 9.00—I eliminate this section

I am eliminating this section because I object to the inclusion of substantive policy changes and control provisions in the Supplemental Report, as an example, the Provision directing the Regents of the University of California to modify graduation requirements is not mere supplemental language and should be subject to the normal legislative process I will direct departments not to create substantive new programs or alter appropriate administrative procedures or policies based solely on the contents of the Supplemental Report.

SEC 11.50—I revise general control subdivisions

I am reducing the transfer to the Housing Trust Fund in Subdivision (f) from $15,000,000 to $10,000,000 to conform to my veto actions in Item 2240-101-843

I am also revising Section 11.50 in order to have the Special Account for Capital Outlay receive any tidelands oil revenues not otherwise allocated

In allowing the General Fund transfer to remain in Subdivision (i) of Section 11 50, I note that the General Fund absorbed significant infrastructure costs in this budget, costs justifiably borne by tidelands oil revenues as fund balances permit

"SEC 11 50. (a) Notwithstanding any other provision of law, the allocations to the California Water Fund made pursuant to subdivision (b) of Section 6217 of the Public Resources Code shall be in the amount of five million eight hundred fifty-four thousand dollars ($5,854,000) for the 1986–87 fiscal year.

(b) Notwithstanding any other provision of law, no allocation to the Central Valley Water Project Construction Fund shall be made pursuant to subdivision (c) of Section 6217 of the Public Resources Code for the 1986–87 fiscal year

(c) Notwithstanding any other provision of law, the allocation to the Capital Outlay Fund for Public Higher Education made pursuant to subdivision (e) of Section 6217 of the Public Resources Code shall be in the amount of ten million eighty-five thousand dollars ($10,085,000) for the 1986–87 fiscal year

(d) Notwithstanding any other provision of law, no allocation to the State School Building Lease-Purchase Fund shall be made pursuant to subdivision (f) of Section 6217 of the Public Resources Code.

(e) Notwithstanding any other provision of law, no allocation to the Energy and Resources Fund shall be made pursuant to subdivision (g) of Section 6217 of the Public Resources Code for the 1986–87 fiscal year

(f) Notwithstanding any other provision of law, the allocation to the California Housing Trust Fund made pursuant to subdivision (h) of Section 6217 of the Public Resources Code shall be in the amount of ~~fifteen million dollars ($15,000,000)~~ *ten million dollars ($10,000,000)* for the 1986–87 fiscal year

(g) Notwithstanding any other provision of law, no transfer to the Roberti-Z'Berg-Harris Open-Space and Recreation Program Account from the Special Account for Capital Outlay in the General Fund shall be made pursuant to Section 5624.5 of the Public Resources Code for the 1986–87 fiscal year

~~(h) Notwithstanding any other provision of law, the amount transferred to the Special Account for Capital Outlay for the 1986/87 fiscal year shall be in the amount of thirty two million nine hundred ninety one thousand dollars ($32,991,000), in lieu of the allocation specified in subdivision (i) of Section 6217 of the Public Resources~~

~~Code.~~

(i) Notwithstanding any other provision of law, there shall be transferred to the General Fund for the 1986–87 fiscal year an amount of sixteen million seven hundred eighty-three thousand dollars ($16,783,000) from tidelands oil revenues otherwise subject to Section 6217 of the Public Resources Code "

SEC. 11.52—I revise this general control section

I am reducing the transfer amount in Section 11.52 by $1,500,000 to retain a more prudent construction augmentation reserve in the Capital Outlay Fund for Public Higher Education.

I am revising Section 11.52 to conform to this action

"SEC. 11.52. Notwithstanding any other provisions of law, on July 1, 1986, the State Controller shall transfer the amount of ~~thirty five million sixty thousand dollars ($35,060,000)~~ *thirty-three million five hundred sixty thousand dollars ($33,560,000)* from the Capital Outlay Fund for Public Higher Education to the Special Account for Capital Outlay in the General Fund."

SEC 15.00—I eliminate this section.

It is the policy of this Administration that agencies transmit year-end financial data to the Controller in a timely fashion. Since the Administration is committee to compliance with this proposed section, it is unnecessary to raise the specter of delays in payments to vendors and state employee salaries

The budget passed by the Legislature included savings of over $300 million as a result of redirecting surplus funds from the Public Employees' Retirement System. In recognizing these savings, the Legislature committed to authorizing legislation which, in conjunction with action of the PERS Board, allows these surplus funds to be available for funding high priority programs. None of the actions required to realize these savings in any manner reduces benefits to retirees or alters either the Legislature's or my commitment to the Public Employees' Retirement System.

However, as the legislation required to realize these savings has not yet been passed by the Legislature, I must reduce funding for 12 programs which I support Until such time as appropriate legislation authorizing these savings is enacted, I cannot provide funds for these programs and still maintain the necessary reserve level to insure against future economic uncertainties When appropriate legislation is enacted to provide for these savings, I will join with the Legislature to appropriate funds for these programs.

Item 2660-051-001—For transfer to the Transportation Planning and Development Account, State Transportation Fund, Department of Transportation. I reduce this item from $35,000,000 to $1

In addition to the reductions in Item 2660-051-001 made above, I am further reducing the General Fund transfer to the Transportation Planning and Development Account the amount of $34,999,999

Item 2660-101-042—For local assistance, Department of Transportation I reduce

(c) Mass Transportation from $85,469,000 to $55,914,000,

(g) Amount payable from the Transportation Planning and Development Account, State Transportation Fund (Item 2660-101-046) from —$40,997,000 to —$11,442,000

This action conforms to the additional reduction I am taking in Item 2660-051-001

Item 2660-101-046—For local assistance, Department of Transportation I reduce this item from $40,997,000 to $11,442,000

This action conforms to the additional reduction I am taking in Item 2660-051-001

Item 4260-101-001—For local assistance, Department of Health Services I reduce this item from $2,264,865,000 to $2,252,965,000 by reducing

(b) 50 11—Benefits from $4,501,252,000 to $4,477,452,000,

In addition to the reduction in Item 4260-101-001 made above, I am making this additional reduction in the amount of $11,900,000

Of this reduction, $1,200,000 was intended for an Intermediate Care Facilities/Developmentally Disabled-Habilitative rate increase and $10,700,000 for non-steroidal anti-inflammatory drugs for the Medi-Cal formulary This action conforms with my action in Item 4260-101-890

Item 4260-101-890—For local assistance, Department of Health Services I reduce this item from $2,388,645,000 to $2,376,745,000.

In addition to the reductions in Item 4260-101-890 made above, I am making this additional reduction in the amount of $11,900,000 This reduction is conforming to my action in Item 4260-101-001

Item 4260-111-001—For local assistance, Department of Health Services I reduce this item from $1,108,914,500 to $1,058,914,500 by reducing·

(c) 40—Rural and Community Health from $977,681,000 to $927,681,000

In addition to the reduction in Item 4260-111-001 made above, I am making this additional reduction in the amount of $50,000,000 I am eliminating the 1985–86 $50,000,000 augmentation to the Medically Indigent Services Program

Item 5180-151-001—For local assistance, Department of Social Services. I reduce this item from $423,338,000 to $405,701,000 by reducing

(a) 20 30—Other County Social Services from $290,427,000 to $280,339,000,

(a) (1) 20 30 010—Child Welfare Services Grants from $229,919,000 to $219,831,000,

In addition to the language revisions made to Item 6100-101-001 above, I am reducing this item from $7,551,298,000 to $7,531,407,000 to eliminate funding for Small School District Transportation in the amount of $19,891,000

Item 6100-107-001—For local assistance, Department of Education I reduce this item from $7,800,000 to $990,000, revise Provision 5 and delete Provisions 1, 2, 3, and 6.

I am reducing this item by $6,810,000 to eliminate funding for the Education Instructional Improvement Incentive Program.

I am retaining $990,000 in this item to fund other proposed activities for the California Assessment Program and for the College Admission Test Preparation Program

Consistent with this action I am revising Provision 5 to reduce the allocation for the College Admission Test Preparation Program, which was increased by the Legislature, from $350,000 to $300,000 as follows

"5 Of the amount appropriated in this item, an amount not to exceed ~~$350,000~~ *$300,000* shall be expended for the purposes of Article 6 (commencing with Section 54750) of Chapter 9 of Part 29 of the Education Code (College Admission Test Preparation). Of this amount, $50,000 shall be for transfer to Item 6100-001-001 for support of the College Admission Test Preparation Program "

I am also deleting Provisions 1, 2, 3, and 6

"1 Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item shall be the maximum amount allocated for the purposes of Article 2 5 (commencing with Section 54650) of Chapter 9 of Part 29 of the Education Code "

"2. In lieu of the percentage provided in Section 54657 7 of the Education Code, an amount not to exceed 3 percent of the amount appropriated in this item shall be used to pay grade 12 testing proctors and for administration."

"3 Notwithstanding any other provision of law, funds appropriated by this item may be expended by school districts without regard to fiscal year Those expenditures shall be made in accordance with the provisions of Article 2 5 (commencing with Section 54650) of Chapter 9 of Part 29 of the Education Code "

"6. The superintendent of any school district or county office of education shall, upon receipt of funds apportioned from this item, certify to the Superintendent of Public Instruction that none of the schools in his or her jurisdiction has conducted any test preparation programs that are prohibited by Section 60610 of the Education Code Further, funds shall be withdrawn from districts which are found to be in violation of Section 60610 of the Education Code "

Item 6100-206-001—For local assistance, Department of Education. I eliminate this item

Though I have not made any reductions to this item above, I am reducing this item by $75,445,000 to eliminate funding for the Urban Impact Aid Program

Item 6100-207-001—For local assistance, Department of Education I eliminate this item

Though I have not made any reductions to this item above, I am reducing this item by $10,332,000 to eliminate funding for the Meade Aid Program

Item 6100-226-001—For local assistance, Department of Education I reduce this item from $731,663,000 to $730,606,000 by eliminating

(a) (3)—Small School District Transportation Aid ($199,000)

(v) (1)—Urban Impact Aid, Unified School Districts ($659,000)

(v) (2)—Urban Impact Aid, Nonunified School District ($96,000)

(w) Meade Aid ($103,000)

To conform to the reductions of $19,891,000 in Item 6100-101-001, $75,445,000 in Item 6100-206-001 and $10,332,000 in Item 6100-207-001, I am eliminating the cost-of-living adjustments for Small School District Transportation Aid, Urban Impact Aid and Meade Aid in the amount of $1,057,000

Item 6870-101-001—For local assistance, Board of Governors of California Community Colleges I reduce this item from $1,228,407,000 to $1,194,211,000 by reducing

(a) 10—Apportionments from $1,158,080,000 to $1,123,884,000

In addition to the reductions in Item 6870-101-001 made above, I am making this additional reduction in the amount of $34,196,000 to eliminate aid to Community

College Districts with declining ADA.

Item 6870-111-001—For local assistance, Board of Governors of California Community Colleges I eliminate this item and delete Provision 1.

I had intended to approve a legislative augmentation of $21,000,000 for assessment, counseling, placement, and follow-up (matriculation). However, at this point in time, funding for this program must be set aside

To conform to this reduction, I am deleting Provision 1.

"1. The amount appropriated in this item is available for assessment and counseling programs known as matriculation. This amount shall be allocated to districts based upon a plan developed by the Chancellor's office and approved by the Department of Finance Funding for the Chancellor's Office Plan shall be contingent upon its review and approval by the Joint Legislative Budget Committee pursuant to Section 28.00"

With the above deletions and reductions, I hereby approve Assembly Bill No. 3217.

LEGISLATIVE COUNSEL'S DIGEST

AB 3217, Vasconcellos. 1986–87 Budget.

This bill would make appropriations for support of state government for the 1986–87 fiscal year.

The bill would declare that it is to take effect immediately as an urgency statute.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the "Budget Act of 1986."

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978 (AB 3322), and as amended by Chapter 1286, Statutes of 1984 (AB 3372), it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor's Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state's fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items and reversion items, if any, for each department or entity are adjacent to

one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provisions of this act, the Department of Finance may revise the schedule of any appropriation made in this act where such revision is of a technical nature and is consistent with legislative intent. Such revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. Such revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to (d) above, approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing such transfer shall also be eliminated.

SEC. 2.00. The following sums of money, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 1986–87 fiscal year beginning July 1, 1986, and ending June 30, 1987. Appropriations for Capital Outlay, unless otherwise provided herein, shall be available for expenditure during the 1986–87, 1987–88 and 1988–89 fiscal years, except that appropriations for studies, planning, and working drawings, and minor capital outlay shall, except as provided herein, be available for expenditure only during the 1986–87 fiscal year. In addition, every appropriation made in this act for construction, or working drawings and construction, that has not been allocated, through fund transfer or approval to proceed to bid, by the Director of Finance on or before June 30, 1987, shall, except as provided herein, revert as of that date to the fund from which the appropriation was made. All such appropriations, unless otherwise herein provided, shall be paid out of the General Fund in the State Treasury.

Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund

created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purposes, to the extent only of the amount herein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

Appropriations for purposes not otherwise provided for herein which have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

management information needs.

2. The $1,408,000 appropriated from the Motor Vehicle License Fee Account, Transportation Tax Fund, shall be allocated for funding 50 percent of the direct cost of the County Surveys activity.

   The State Controller shall deduct the amount appropriated in Item 0860-001-064 from the amount allocated to cities and counties pursuant to Section 11005 of the Revenue and Taxation Code.

3. The Director of Finance shall reduce the amount appropriated by this item by the amount of total charges levied pursuant to Section 7204.3 of the Revenue and Taxation Code which exceeds $24,092,000 and the amount of total charges levied pursuant to Section 7273 of the Revenue and Taxation Code which exceeds $9,370,000.

4. Of the amount appropriated in category (a), $68,000 shall be expended for two full-time property tax appraisers. These appraisers shall be used to update the board's property tax cost manuals. Of the amount appropriated in category (b), $32,000 shall be expended for support of these appraisers. No later than December 15, 1986, the Board of Equalization shall report to the Chairperson of the Joint Legislative Budget Committee and the fiscal committees of each house of the Legislature regarding progress made in updating its property tax cost manuals. The report shall include, but shall not be limited to, the following: (a) a list of the sections which must be updated; (b) a schedule for completing the update of these sections; and (c) the number of hours required to complete the update. In addition, the board shall provide an estimate of the level of resources necessary for maintaining the cost manuals.

5. The Director of Finance shall provide written notification of any intention to approve any category transfer between categories (a) and (b) to the Chairperson of the Joint Legislative Budget Committee not sooner than 30 days prior to its approval of any such transfer, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may determine.

tems.

(6) Provide an implementation schedule for the Information Systems Plan for three years.

(b) The plan shall be submitted to the Office of Information Technology for approval.

(c) The Office of Information Technology shall accept no Feasibility Study Report from the Board of Equalization unless the Office certifies in writing to the Chairperson of the Joint Legislative Budget Committee that the proposal addressed in the Feasibility Study Report contains no features which would rely on projects within the scope of the Information Systems Planning Document. This prohibition shall be in effect until 30 days after the Chairperson of the Joint Legislative Budget Committee receives the Information Systems Plan, as approved by the Office of Information Technology.

8. Of the amount appropriated by category (b), not more than $177,000 may be expended for the procurement of a computer-assisted document retrieval system. The Director of Finance may approve a contract for the procurement of such a system not sooner than 30 days after the notification to the Joint Legislative Budget Committee of the director's intention to approve such a contract, or whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or the chairperson's designee, may determine. No funds may be expended for the procurement of such a system until a Feasibility Study Report approved by the Office of Information Technology is provided to the Chairperson of the Joint Legislative Budget Committee. All of the provisions of this item shall apply to any procurement of a computer-assisted document retrieval system.

paid upon such terms and conditions as prescribed by the Director of Finance.

2. No more than $38,019,000 appropriated in this item may be expended for support of the Office of State Printing.
3. Purchase of any equipment for the Office of State Printing, except as provided for in this item, is subject to Section 28 of this act.
4. Any surplus resulting from legislative printing shall be shown as reimbursements to Item 0130-021-001 of this act.
5. None of the funds appropriated in this item may be expended to operate the gasification plant in Sacramento unless the Department of General Services determines that it is economical to do so. The Department of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of each house on a quarterly basis beginning October 1, 1984, on the status of the gasification plant and the department's determination of any savings achieved by operation of the gasification plant.
6. The limitation of Item 9840-001-988 shall not apply to any deficiency expenditure authorization for the Service Revolving Fund pursuant to Section 11006 of the Government Code, in cases where the Legislature approves funds for a particular service or purchase of equipment, the provision of the service or purchase of the equipment involves additional expense to be incurred by the Department of General Services and no additional funds have been appropriated to the department for that purpose.
7. The Budget for the 1987–88 fiscal year for two program elements of this budget item shall be prepared using a zero-base budget technique. The Department of Finance and the Department of General Services shall select the two program elements.
8. (a) Notwithstanding Section 16422 of the Government Code, the balance of any rental receipts paid into the Building Rental Account of the Service Revolving Fund as of June 30, 1986, after accounting for all receipts and the fiscal year 1985–86 costs of maintaining, operating, and insuring build-

ings included within the account shall be transferred by the State Controller to the General Fund and reported to the Joint Legislative Budget Committee no later than September 30, 1986.

(b) On or before September 30, 1986, the the State Controller shall transfer to the General Fund any amount of accumulated surplus in the Service Revolving Fund computed as of June 30, 1986, and any net amount of the Building Rental Account in excess of $61,500,000.

9. The Director of General Services shall report to the legislative fiscal committees and the Joint Legislative Budget Committee, on a quarterly basis, the fund status of capital outlay projects for which the department provides services. The report shall include the project name, work order code, the appropriation by phase, and the expenditures to date on each of the phases of each active project serviced by the department.

10. The Department of General Services shall not contract for janitorial services for the Franchise Tax Board facility in Sacramento.

11. (a) The Director of General Services shall report to the Chairperson of the Joint Legislative Budget Committee on or before September 30, 1986, on the department's actions to: (1) determine the liability for 11 repair projects funded ($615,390) in the 1986–87 fiscal year; and (2) collect damages from the liable party to offset the cost of these special repair projects.

(b) If the Chairperson of the Joint Legislative Budget Committee determines that the director's report does not fully resolve the issue of liability, the Auditor General shall investigate this matter and report to the Chairperson of the Joint Legislative Budget Committee by April 30, 1987. The Auditor General's report shall detail:

(1) Persons, firms or organizations liable for these repairs.

(2) Whether the actions of the Department of General Services to recoup costs on these projects from consult-

ants, contractors, or other responsible parties have been adequate and appropriate.

(3) Actions the Department of General Services should take in the future to ensure that the state does not pay to correct building deficiencies resulting from errors or omissions by consultants, contractors, or others.

14. Notwithstanding Section 16422 of the Government Code, on July 1, 1986, the State Controller shall transfer $3,700,000 from the Service Revolving Fund, Building Rental Account, to the General Fund.

15. Notwithstanding Section 14669 of the Government Code, the Director of General Services, acting on behalf of the Office of Records Management, may enter into a lease, a lease with an option to purchase, or a lease-purchase agreement, for the purpose of providing adequate storage facilities for the Office of Records Management. Prior to entering into any contractual agreement for a new storage facility, the director shall prepare an analysis to provide a storage facility under a variety of arrangements which include, but are not limited to, the use of a lease, a lease with an option to purchase, or a lease-purchase agreement. The director shall not enter into a lease, a lease with an option to purchase, or a lease-purchase agreement unless, at least 30 days prior to its execution, the director notifies the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the legislative fiscal committees of his or her intent to enter into such an agreement, and shall include an analysis and justification for selecting the approach which the director deems to be in the best interest of the state.

16. Of the funds appropriated in this item, $299,000 for office automation in the Office of Administrative Services shall not be available for encumbrance until a feasibility study report for the project has been approved by the Department of Finance.

Item Amount

17. The Director of General Services may enter into a lease-purchase agreement, an agreement for the appointment of a bond trustee, an amendment to the existing Joint Powers Agreement to provide for a parking structure, and an agreement for the Department of General Services to act as agent for construction matters, all with the Joint Powers Authority created under the Joint Powers Agreement dated June 30, 1982, entered into with the Community Redevelopment Agency of the City of Los Angeles. The lease-purchase agreement may provide for space to be used for private commercial purposes. The director shall notify the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the legislative fiscal committees of his or her intention to execute the lease-purchase agreement at least 20 days prior to its execution.
18. Of the amount appropriated in category (b), $579,000 budgeted for the Purchasing Information Network computer system may not be encumbered unless the appropriate feasibility study reports (relating to the information software and the office automation equipment) are approved by the Office of Information Technology in the Department of Finance.
19. At least 10 days before signing a contract with a private firm to provide janitorial services, the Director of General Services shall certify to the Joint Legislative Budget Committee that the level of janitorial services to be provided by the private firm shall meet or surpass the standards applied for a state office building maintained by janitors of the Office of Buildings and Grounds.
20. Of the amount appropriated in category (b), $25,000 shall be used for followup purposes for reviewing the status of implementation of the management study of the administration of the Office of Procurement.
21. Of the amount appropriated in category (b), $4,760,000 shall be used for the purchase of currently leased telephone equipment and $240,000 shall be used for consulting services by the Office of Telecommunications in the Department of General Services.

1760-011-602—For support of the Department of General Services, for activities other than the Office of State Printing or the Office of State Architect, for transfer to Item 1760-001-666, payable from the Architecture Revolving Fund	1,381,000

Provisions:

1. The Director of General Services shall immediately establish a Capital Outlay Control Unit in the Department of General Services. This unit shall report directly to the director; it shall not report to, or be responsible in any way, to the State Architect. None of these funds or positions shall be transferred to the Office of State Architect.
2. The Capital Outlay Control Unit, in consultation with the Office of State Architect, shall determine which projects the Office of State Architect will design using in-house professional staff. The projects shall be selected taking into consideration the projects which the State Architect determines the Office can accomplish within the time frames established for the 1986–87 fiscal year and the professional staff assigned to basic and nonbasic architectural and engineering services by Item 1760-001-602.

Item Amount

3. The Capital Outlay Unit shall negotiate a fee for services with the Office of State Architect for each project assigned to that office. The unit shall enter into an interagency agreement with the office which sets forth the project schedule and fees for each phase of the project. The unit shall make progress payments to the office, based on a set percentage completion of each phase of each project. Prior to any payment to the office, the Director of General Services shall review and concur in the percentage of project completion used as the basis for payment. The interagency agreement and payment schedule for each project shall be similar to those negotiated with private architectural/engineering consulting firms.
4. The Capital Outlay Control Unit shall be responsible for contracting with private sector firms to undertake work on the capital outlay projects assigned to the Department of General Services. After establishing the projects to be undertaken by the Office of State Architect, the unit shall immediately begin the process of selecting private architectural/engineering consulting firms to undertake the remaining projects.
5. On or before November 1, 1986, the Director of General Services shall report to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the legislative fiscal committees on the status of each project under the jurisdiction of the Capital Outlay Control Unit. The report shall identify, for each project, the project's status, the project's status compared to the original schedule, interagency/contractual fees, and any anticipated cost savings or overruns.

Provisions:

1. For Program 20—Highway Transportation. Notwithstanding other provisions of law, up to 10 percent of any of the amounts scheduled within Item 2660-001-042, may be transferred to Item 2660-101-042 or Item 2660-301-042 only under emergency situations, for implementation of cost savings programs, or to maximize the use of federal funds. These transfers shall require the prior approval of the California Transportation Commission and the Department of Finance.
2. For Program 20—Highway Transportation. Funds appropriated by this item shall be available for support of those projects which have been included in a State Transportation Improvement Plan adopted by the California Transportation Commission.
3. For Program 20—Highway Transportation. The department shall notify the chairperson of the fiscal committees and the Chairperson of the Joint Legislative Budget Committee at least 20 days prior to spending funds to expand activities above budgeted levels or to implement a new activity not identified in the Budget, including any such expenditures to be funded through a transfer of money from other expenditure categories or programs, except in the case of emergency snow or storm damage work increases.
4. The Director shall report to the Chairman of the Joint Legislative Budget Committee and the chairman of the fiscal committees by December 15, 1986, on the effectiveness of contracting and the department's experience since 1984–85. The report shall include, but not be limited to, the following information: (1) the appropriated amounts and actual amounts spent for contracting in the 1984–85 and 1985–86 fiscal years for identified activities in highway maintenance and project development; and (2) the volume of work accomplished in each category of activities and the personnel-year equivalent of this work, had the department performed the work using its own staff.

Item	Amount
5. Of the funds appropriated in this item, an amount not to exceed $150,000 may be used to contract with the Legislative Analyst for purposes of contracting for a study pursuant to SCR 59 of the 1985–86 Regular Session to identify alternatives to accrual methods of accounting for State Highway Account funds; the impact of such alternatives on project programming, budgeting, and accounting procedures; and to make recommendations on prudent changes in the management of the state resources supporting the State Highway Program which would minimize the accumulation of large appropriated and unappropriated balances in the State Highway Account.	
6. Of the amount appropriated by this item, $5,250,000 may be expended in the first quarter of fiscal year 1986–87 for contracting out the equivalent of 66.75 personnel years of project development work consistent with existing law. After the first quarter, $15,750,000 shall be expended to employ up to 203.75 personnel years of departmental staff to perform project development work, or may be expended for contracting out the equivalent of 203.75 personnel years if and only if legislation is enacted providing the department with clear contracting authority for this work.	
7. The department shall report on December 31, 1986, and semiannually thereafter, on its contracting experience. Information reported shall include, but not be limited to, the types and amount of project development work contracted and an assessment of the potential and ease to contract with the private sector on a continuous basis.	
8. Of the funds appropriated in this item, $1,500,000 from the State Highway Account is for the support of research and development efforts associated with the Santa Barbara Highway Electrification and Automation Demonstration Project. This amount shall be available contingent upon the receipt of at least $900,000 in federal funds in the 1986–87 fiscal year. The project shall be managed by the Department of Transportation and conducted by the Institution of Transportation Studies, University of California.	

Item	Amount

9. The augmentation of $700,000 shall be used by the Department to hire 50 permanent/intermittent employees during the winter season to be stationed in mountain areas to maintain snow removal equipment and to clear snow from highways.
10. The Department shall, to the maximum extent possible, discontinue its policy of utilizing permanent on-call employees for snow removal activities.
11. The Director shall report to the Legislature and the Legislative Analyst by April 1, 1987, on the result of the Department's redirection of 21 personnel-years to snow removal activities and its increase of 31 personnel-years for cash overtime. The report shall take into account: (a) cost effectiveness; (b) quality of service; (c) lost revenue and taxes resulting from necessary and unnecessary road closures; (d) management issues, such as employee morale; and (e) equipment maintenance needs.
12. Of funds appropriated in this item, up to $800,000 from the State Highway Account shall be available to the Department to perform a detailed system analysis of the State Route 61 Corridor between State Route 84 in Newark and I-580 in Albany.
13. No funds allocated for Capital Outlay Support overtime shall be expended in such a way that any employee receives overtime payments in excess of three months in any one year, except for employee overtime payments made for the duration of flood, fire, or other similar emergency. The Director shall report to the Legislature by September 1, 1986 on its guideline on the use of overtime in Capital Outlay Support.
14. It is the intent of the Legislature that $4,200,000 of the funds appropriated by this item be used to hire 70 additional personnel years of capital outlay support staff. To the extent that the hiring of staff cannot be completed within the time which the public interest requires this capital outlay support work to be completed, then the department may use these funds for cash overtime to accomplish the work.

funds. These transfers shall require the prior approval of the California Transportation Commission and the Department of Finance.

2. For Program 20—Highway Transportation. Funds appropriated by this item shall be available for allocation by the California Transportation Commission to those projects which have been included in a State Transportation Improvement Plan adopted by the commission.
3. For Program 20—Highway Transportation. The department shall identify all major highway capital outlay projects in the annual State Transportation Improvement Program (STIP), including all projects funded by other-than-state sources when the department will perform the project development. Locally funded and designed projects having no impact on the operation of a state highway facility do not have to be identified in the STIP.
4. For Program 20—Highway Transportation. For each capital outlay appropriation, the department shall determine for reversion the difference between the appropriation and the total amount needed for encumbered projects, encumbered right-of-way, and projects still to be scheduled for encumbrance against the appropriations. On or before October 1 of each year, the department shall submit to the Controller the estimated amounts to be reverted as of June 30 of the same year, from the two prior fiscal year appropriations.
5. When the existing Moorpark Maintenance Station in Ventura County is sold, proceeds from the sale may be used to construct a new maintenance station.
6. Of the $100,000,000 in State Highway Account funds included in this item specifically to replace federal funds in order to maintain existing commitments in the 1985 State Transportation Improvement Program, no funds may be expended until 30 days after notification to the Legislature by the Director of Transportation of the intent to expend the funds. Notification shall be made to the chairpersons of the Joint Legislative Budget, the Assembly Transportation, and the Senate Transportation committees.

Item Amount

7. Of the $100,000,000 of State Highway Account reserve funds proposed to be used by the department to backfill for unavailable federal funds, the department shall not expend any of these funds except to fund capital construction of highway projects on noninterstate routes that are programmed in the 1985 State Transportation Improvement Program in effect on June 1, 1986, for delivery in the budget year.
8. The department shall not expend any of the funds identified in Provision 7 which are not encumbered by June 30, 1987. The department shall revert those unencumbered funds to the reserve in the State Highway Account.
9. On or before July 15, 1987, the department shall provide the Legislature with a list of those projects funded with the funds identified in Provision 7.

(2) 20.10.010.199—Minor projects..... 260,000

Provisions:

1. For Program 20—Highway Transportation. Funds appropriated by this item shall be available for allocation by the California Transportation Commission, in lieu of the Public Works Board, pursuant to the provisions set forth in Sections 167 and 183 of the Streets and Highways Code.

Item Amount

2. For Program 20—Highway Transportation. The California Transportation Commission may allocate funds to minor projects pursuant to the provisions set forth in Section 183 of the Streets and Highways Code.
3. For Program 20—Highway Transportation. Savings on projects within this item may be used by the California Transportation Commission to augment other projects or the minor project amount within this item.
4. For Program 20—Highway Transportation. Up to 20 percent of this item may be transferred from Item 2660-301-042, of this act to enable the California Transportation Commission to allocate supplemental funds to projects in this item. The transfer may only be made with the approval of the commission. Also, the Department of Finance shall be notified of the transfer prior to the commission approving any transfer and allocating such funds to any project.

2660-490—Notwithstanding any other provisions of law, the unliquidated encumbrances of the capital outlay appropriations provided in the following citations, plus whatever additional amounts which are specified in this item, are continued for expenditure until June 30, 1987. The funds continued for expenditure from the following citations shall be available for allocation by the California Transportation Commission to any project whether or not included in an adopted State Transportation Improvement Program:

Item Amount

2. The Department shall report workload data for the Phone Mail Appointment System on a quarterly basis beginning October 15, 1986 to the Joint Legislative Budget Committee and the committees in each house which consider appropriations. Workload data will include the estimated number of phone calls received in field offices statewide and corresponding personnel years required for telephone service based on the average time per call.
3. The 100 personnel-years identified on the budget change proposal for the 1986–87 fiscal years for the Phone Mail Appointment System shall be limited-term and shall expire on June 30, 1987.
4. The Director, in preparing the 1987–88 budget request, shall require managers to compare, evaluate, and rank existing programs and activities (base expenditures) against new programs, and alternative ways of achieving objectives. In meeting this requirement, the Department shall participate in a management study to be performed by an outside contractor. The Director shall select, with the approval of the Directors of Finance and General Services, a qualified contractor, having knowledge and experience in (a) state organizations and operations, (b) state fiscal and budget practices, and (c) zero-based budgeting techniques, to perform the management study. The Request for Proposal shall be reviewed by the Chairs of the Joint Legislative Budget Committee, the fiscal committees, and the policy committees prior to its release. The cost of the contract shall not exceed $200,000. The Director shall include in the requirements of the contract that a report be provided to the Legislature from the contractor by December 15, 1986.
5. (a) The director may select a firm or firms to develop an automated vehicle lienholder verification pilot program to verify transactions between the department and automobile dealers and vehicle financing institutions in accordance with guidelines of the existing direct access program. The pilot program shall:
   (1) Evaluate the potential for improving

Item	Amount
overall quality of department services, insuring the protection of lienholder rights, and effecting cost savings and cost avoidance for the department.	
(2) Evaluate the potential cost and benefits of automated vehicle lienholder verification for department operations.	
(3) Identify any additional state revenues realized from such a program by ensuring the accuracy of fees and penalties charged by the department.	
(4) Ensure that security system measures are taken which limit inquiries to information on specific vehicles to persons who have a legitimate interest in vehicle registration.	
(b) At the completion of the pilot program period as established by the director, the department shall evaluate the results. The department shall report its findings no later than six months after its evaluation to the Legislature. The report shall include an evaluation of whether the department services have been improved, lienholder rights have been protected, and cost savings have been realized by the department, and shall detail what information was made available for direct public access, to whom such information was given, and what security measures were incorporated in the project.	
(c) The information provided by this program shall be limited to verification of vehicle ownership only.	
(d) All additional costs to the department shall be borne by the vendor.	
6. All contracts let by the department pursuant to the computer replacement project in category (b) shall be subject to the competitive bidding process as prescribed by law.

Item Amount

Provisions:

1. The Conservancy shall not enter into a grant contract with a nonprofit organization or local government for property acquisition which provides for either of the following:
   a. A reversionary interest to the state, unless the grant contract specifies that the property shall not revert to the state without review and approval by the Conservancy and the State Public Works Board.
   b. A state leasehold interest in property acquired by a nonstate public agency with Conservancy grant funds, unless the lease terms in the grant contract are approved by the Director of General Services. Except to the extent above, the expenditures of funds for grants to public agencies and nonprofit organizations shall be exempt from State Public Works Board review.
2. The amount appropriated in this item is available for expenditure for Capital Outlay or local assistance.
3. Of the amount appropriated in category (7), notwithstanding any other provision of law, $5,850,000 shall be granted to the joint powers authority established between the Santa Monica Mountains Conservancy and the Conejo Recreation and Park District for the acquisition of the Circle X Ranch. It is the intent of the Legislature that the property shall be operated on a self-sustaining basis for public and group camping and related recreation uses. Nothing in this provision shall be construed as removing the discretion of the State Coastal Conservancy to determine the consistency of this grant with Division 21 (commencing with Section 31000) of the Public Resources Code.
4. It is the intent of the Legislature that the State Coastal Conservancy Fund of 1984 be repaid for expenditures related to the Circle X Ranch within three years of this appropriation from any available funding source, but with first priority for repayment being funding available to the Santa Monica Mountains Conservancy, pursuant to Provisions 5 and 6 of this item. Prior to expenditure of funds for the Circle X Ranch, the State Coastal Conservancy shall enter into an

Item	Amount

agreement with the Santa Monica Mountains Conservancy to ensure repayment of these funds within three years.

5. Notwithstanding any other provision of law, the State Coastal Conservancy may be reimbursed for a portion of the acquisition price of the Circle X Ranch property by the National Park Service, or from funds appropriated to the Santa Monica Mountains Conservancy or reimbursements received by the Santa Monica Mountains Conservancy. Unless the State Coastal Conservancy has received a full reimbursement prior to that time, it shall be reimbursed from any funds received by the State of California for Zuma Canyon pursuant to Item 3810-302-036, Budget Act of 1985 (as added by Section 5 of Chapter 1048 of the Statutes of 1985), provided that (a) only those funds received by the Santa Monica Mountains Conservancy to reimburse Item 3810-301-722 may be used, and (2) the total amount of reimbursement made to the State Coastal Conservancy shall not exceed the actual amount granted to the joint powers authority for acquisition of the property.
6. Any future Bond Act funds received or available to the Santa Monica Mountains Conservancy for three years from the date of this appropriation are hereby appropriated to the Santa Monica Mountains Conservancy to be transferred to the State Coastal Conservancy as partial reimbursement for expenditures by the State Coastal Conservancy on the Circle X Ranch project. Upon their availability, the Santa Monica Mountains Conservancy shall immediately transfer these funds to the State Coastal Conservancy Fund of 1984 until the State Coastal Conservancy has been fully reimbursed for its expenditures on the Circle X Ranch.
7. Of the amount appropriated in category (7), $100,000 shall be available to the grantee provided for in Provision 1 for appropriate administrative costs, project planning and design, and minimum improvements necessary to convert the facility to public use.

Item Amount

8. As a condition of any grant funds for the Circle X Ranch, notwithstanding Provision 1(a) of this item, the State Coastal Conservancy shall retain a reversionary interest in the property providing for its transfer to the State Coastal Conservancy if funding is not available to repay for its expenditures for the Circle X Ranch.
9. It is the intent of the Legislature that the State Coastal Conservancy Fund of 1984 be repaid for expenditures related to the Malibu Canyon within three years of this appropriation from any available funding source, but with first priority for repayment being funding available to the State Department of Parks and Recreation, including, but not limited to, any future Bond Act Funds.
10. The State Coastal Conservancy shall give priority to the Solstice Canyon (Roberts Ranch), Phase II, for funding prior to the December 31, 1986, expiration of the current option agreement.

3760-301-748—For Capital Outlay, State Coastal Conservancy, payable from the Fish and Wildlife Habitat Enhancement Fund 9,000,000

(1) 80.19.040-Resource Enhancement 8,000,000
(2) 80.19.050-Site Reservation 1,000,000

Provisions:

1. The Conservancy shall not enter into a grant contract with a nonprofit organization or local government for property acquisition which provides for either of the following:
   a. A reversionary interest to the state, unless the grant contract specifies that the property shall not revert to the state without review and approval by the Conservancy and the State Public Works Board.
   b. A state leasehold interest in property acquired by a nonstate public agency with Conservancy grant funds, unless the lease terms in the grant contract are approved by the Director of General Services. Except to the extent above, the expenditures of funds for grants to public agencies and nonprofit organizations shall be exempt from State Public Works Board review.

Item Amount

Provisions:

1. The amounts appropriated in Items 3860-001-001 to 3860-001-940, inclusive, shall be transferred to the Water Resources Revolving Fund (691) for direct expenditure in such amounts as the Department of Finance may authorize, including cooperative work with other agencies. The money so transferred shall be placed in a special account in that fund and shall not be available for expenditure after June 30, 1987. Any unencumbered balances shall be returned to the appropriate funds as of June 30, 1987. Expenditures for technical services and general management charged to programs from all support appropriations for the Department of Water Resources in this act shall not exceed $24,582,000 and $12,623,000, respectively, without prior approval of the Department of Finance.
2. None of the funds appropriated by this item shall be encumbered or expended for the Grasslands Water District Facility Improvement Project until the Director of Water Resources certifies to the Controller that commitments have been received from local agencies that they will provide at least 10 percent of the total project costs.

   It is the intent of the Legislature that the Grasslands Water District Facility Improvement Project be completed in the 1986–87 fiscal year.

   Due to the state interest in protecting the wetlands in the Grasslands Water District, the Department of Water Resources shall try to ensure that the area affected by this project is maintained as wetlands, acceptable to the Department of Fish and Game, for at least 10 years.
3. Prior to expenditure of $145,000 appropriated by this item for increased groundwater monitoring, the Department of Water Resources shall have its plan for groundwater monitoring reviewed by the Interagency Task Force on Groundwater Strategy.

ble, shall proceed concurrently with the project implementation. The Director of the Department of Water Resources shall certify the adequacy of this financing plan. The certified financing plan shall be transmitted to the Legislature at least 30 days prior to any assurance agreement being signed.

The Department of Fish and Game shall monitor and report to the Legislature on the implementation and effectiveness of the mitigation plan.

6. (a) Any assurance agreement entered into between the Secretary of the Army and the Reclamation Board for the Chico Landing to Red Bluff project shall provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries.

(b) Prior to entering into the assurance agreement, the Reclamation Board shall enter into an agreement with the Department of Fish and Game that will provide for full mitigation of the impacts of the project on riparian habitat, wildlife, and fisheries. This agreement shall, at a minimum, provide for the approval of the Department of Fish and Game of the mitigation plan's design, implementation, and effectiveness.

(c) The assurance agreement shall also provide for the implementation and funding of the measures specified in the agreement between the Department of Fish and Game and the Reclamation Board.

7. The Department of Water Resources shall provide, at the time of the release of the final environmental impact report for the Chico Landing to Red Bluff project, a detailed plan for funding the suggested mitigation measures contained in the environmental impact report.

average plan review time to eight weeks within one month. If, after one month from the date of submission of a plan the average review time is not at or below eight weeks, the office shall submit, within 15 days, a deficiency request. In addition, the office shall gather for use in the 1987–88 fiscal year budget such worker productivity data as is necessary to quantify, update, and revise the staffing standards for the professional positions of the seismic safety program.

8. Except as provided in this provision, no funds appropriated by this act or available from any other source shall be expended for the payment of the salary of the Director of the Office of Statewide Health Planning and Development after October 1, 1986, nor shall the person holding that position on April 1, 1986, be entitled to any compensation from any source appropriated by this act for the support of the Office of Statewide Health Planning and Development or for any program administered by the office after October 1, 1986.

The Director of Finance may authorize the payment of the salary of the Director of the Office of Statewide Health Planning and Development for the period October 1, 1986, through June 30, 1987, not sooner than 15 days after notification in writing to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee. As part of the notification, the office shall clearly indicate the significant remedial actions that have been taken to improve and will continue to improve the administration and operation of the office. Specifically, the office shall demonstrate that:

(a) The office has made significant efforts to fill the 33 additional positions authorized by this act for seismic safety review activity. This shall be demonstrated by a report showing the number of positions filled as of August 31, 1986, the number vacant, and a proposal for the timely filling of remaining vacancies;

(e) Amount payable from the Federal Trust Fund (Item 5180-101-890)	−1,850,179,000	

Provisions:

1. No funds appropriated by this item shall be encumbered unless every rule or regulation adopted and every all-county letter issued by the Department of Social Services which adds to the cost of any welfare program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule. regulation, or all-county letter which would increase the costs of a welfare program, the Director of Finance shall consider the amount of the proposed increase on an annualized basis, the effect such change would have on the expenditure limitations for such program set forth in this act, the extent to which the rule, regulation, or all-county letter constitutes a deviation from the premises under which the expenditure limitations were prepared, or any additional factors relating to the fiscal integrity of such program or the state's fiscal situation.

   Notwithstanding the provisions of Sections 26.00 and 28.00, the availability of funds contained in this item for welfare rules, regulations, or all-county letters which add to program costs funded from the General Fund in excess of $500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a

result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Director of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs as they exist on July 1, 1986, consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out such decisions are specifically appropriated in this act.

For purposes of this provision "welfare" shall mean those program elements under "Welfare Program Operations," as found in the Governor's Budget and consistent with definitions used in the California Fiscal Information System (CFIS).

2. The Department of Social Services shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth herein, and so that the amount authorized to be expended in program 10.04, Aid to Families with Dependent Children program shall fully cover the state share of aid payments and for services under such programs for the 1986–87 fiscal year.
3. There is hereby established for the next two quality control review periods, a dollar error rate standard of 4 percent, pursuant to Section 15200.4 of the Welfare and Institutions Code.

For the purposes of state sanctions pursuant to Section 15200.4 of the Welfare and Institutions Code, the error rate estimate that shall be used to measure the quality performance of each county shall be the low point estimate of the confidence interval estimated by combining the results from the two quality review samples conducted during the two subsequent quality re-

view periods.

Amounts realized from the counties as the result of a state fiscal sanction shall first be applied as an offset to the state's share of Program 10.04, Payments for Children. To the extent that this application results in a surplus to the General Fund appropriation for that program, such surplus shall revert to the General Fund.

4. The Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued in Program 10.04, Payments for Children, as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 1986–87 fiscal year which are within or in excess of amounts appropriated in this act for that year.

   If the Director of Finance determines that the estimate of expenditures will exceed the expenditures authorized for Program 10.04, Payments for Children, the director shall so report to the Legislature. At such time as the report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

5. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $95,000,000 shall be made available from the General Fund from funds not otherwise appropriated, to cover the federal share of costs for the Aid to Families with Dependent Children Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

6. Pursuant to subdivision (b) of Section 903.7 of the Welfare and Institutions Code, the Department of Social Services shall authorize the quarterly transfer of the state share of collections attributable to Sections 903, 903.4, and 903.5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds,

Item Amount

there shall be a deduction for the appropriate amount of county child support collection incentives.

7. Of the funds appropriated in this item, $5,400,000 shall be available for the purposes of Chapter 6 (commencing with Section 18350) of Part 6 of Division 9 of the Welfare and Institutions Code. These funds shall be transferred to the Department of Social Services upon approval of the Director of Finance and shall not be authorized sooner than 30 days after notification in writing to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of such committee, or his or her designee, may determine.
8. The Department of Social Services and the Department of Education shall jointly report to the Joint Legislative Budget Committee by March 1, 1987, regarding any increase in the number of severely emotionally disturbed children determined to need 24-hour out-of-home care as a result of Chapter 1747 of the Statutes of 1984. This report shall include documentation of the cost impacts on the state, county, and federal governments for the cost of 24-hour out-of-home care for these children.

Item Amount

Provisions:

1. The Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommendation of the Director of Social Services, the Department of Finance may authorize the transfer of funds from Items 5180-141-001 and 5180-141-890, to Items 5180-001-001 and 5180-001-890 for this purpose.
2. During the 1986–87 fiscal year, pursuant to Sections 15204.5 and 18906 of the Welfare and Institutions Code, the Department of Social Services shall continue the implementation of a plan whereby costs for county administration for AFDC and Food Stamp Programs will be effectively controlled within the total state funds appropriated for Program 10.20, County Administration.

   Notwithstanding any provisions of the Welfare and Institutions Code to the contrary, the total amount of state funds available to the counties for administration of the programs specified in Program 10.20, County Administration, shall be limited to the amount appropriated for that program.
3. Notwithstanding any other provisions of law, the Department of Social Services may withhold state financial support of a county's automated welfare operations if the county does not provide a fiscal accounting of such operations in the form and manner as may be requested by the department. Provided further, that the Department of Social Services may enter into an agreement with a county wherein state financial support for the development or modification of county-automated welfare operations is conditioned upon the realization of savings projected by the county.
4. Provision 1 of Item 5180-101-001 is also applicable to this item.
5. All counties with State Department of Social Services approved Early Fraud Prevention/Detection Programs shall refer applicants to a fraud investigation only after they have completed and signed the application for aid. If eligibility for assistance is established, such referral

Item Amount

and investigation shall not delay the receipt of aid, including immediate need payments.

It is the intent of the Legislature that no intimidation based on fraud allegations shall occur whether by referral, or threat of referral, prior to the completion of the application for aid. Whenever an application is withdrawn because of a fraud referral, the withdrawal shall be documented by a caseworker and the county shall keep records of all such withdrawals.

The caseworker shall provide a complaint form to any applicant who withdraws his or her application after being referred to the program. The county shall provide the department with copies of all complaints.

The department shall approve county proposals which provide satisfactory results regardless of the personnel classifications used. No proposal shall be approved that includes the employment of uniformed investigators. Counties shall give first priority for hiring additional fraud detection specialists to those county employees who have been laid off as a result of funding cuts and shall provide the necessary training to these individuals in order for them to carry out the duties of the positions.

The department shall submit a report, by February 15, 1987, to the Joint Legislative Budget Committee and the fiscal committees, describing the methodology used to calculate the savings that it estimates will result from this project.

The report shall also describe the following for calendar year 1986: the number of applications in each county; the number of cases referred in each county; the number of investigations; the number of cases denied and withdrawn; the reasons that cases were denied or withdrawn; the number of cases referred to the District Attorney's Office for prosecution; the number and results of fair hearings that involved determinations made by the program; and the actual savings generated by this program since its implementation. In addition, the department shall report any complaints received by the county regarding the county programs.

The report shall also provide recommendations for corrective actions that should be taken

Item Amount

with respect to counties that have a benefit-cost ratio in this program of less than 2 to 1 for fiscal year 1984–85. The report shall also identify any counties that refer more than 10 percent of their applicants to the program for fiscal year 1984–85 and shall provide the department's evaluation of the appropriateness of the referrals made in these counties.

The department shall have an Early Welfare Fraud Detection Advisory Committee that shall review all plans submitted to the department prior to approval by the department, and the department shall take into consideration the comments of the committee prior to approving or rejecting the county plan. The department shall advise the committee, in writing, of its reasons for rejecting the committee's recommendations in this regard. The committee shall be composed of two persons appointed by the California Welfare Fraud Investigators Association, two persons appointed by the California Welfare Directors Association, two persons appointed by social services labor unions, and two persons appointed by the Coalition of California Welfare Rights Organizations. The committee shall meet not more than quarterly and make such reports as it deems appropriate to the Legislature and the director of the department. The committee may also hold hearings regarding the effectiveness of the program and take public testimony from individuals regarding their opinions about the program.

The department shall reimburse members for their travel and per diem expenses.

6. Of the funds appropriated in this item for costs of administering the Special Circumstances Program, the department shall limit state reimbursement for an individual county's administrative costs to 100 percent of the county's total benefit expenditures, or actual administrative costs, whichever is less.

Item Amount

7. Of the General Fund moneys appropriated by this item for allocation to county welfare departments for preparation of the overpayment collection report, funds shall be allocated by the Department of Social Services only to those counties which are reporting on a timely basis. The department shall report to the Joint Legislative Budget Committee by March 1, 1987, on the timeliness and accuracy of each county's reports and the specific actions being taken to ensure the accuracy of the reports.
8. In administering the county cost allocation plan for 1986–87, the Department of Social Services shall minimize the occurrence of unintended overhead cost shifts as a result of the implementation of the GAIN Program.
9. The Department of Social Services (DSS) shall assess the potential costs and savings that would result from implementation of FRED programs in counties that do not currently operate such programs. The DSS shall, by December 1, 1986, submit a report to the Legislature providing its detailed estimates of these costs, on a county-by-county basis, for 1987–88 and subsequent years. In preparing its report, the department shall consider the estimating methodology used in preparing federal report #18-P-00241-9-01. The department's report shall also provide an estimate of the increased costs to the state that would result from mandating the FRED program on counties that currently operate it on a voluntary basis.
10. The Auditor General shall audit the administration and management of the Welfare Fraud Early Detection Prevention Programs operated by at least three counties and report to the Legislature by January 1, 1987. Orange County's fraud prevention program should be one of the programs selected. The audit should include, but not limited to, a review of: (1) the selection criteria used for investigation, (2) the investigative methodology employed, (3) the rate of fraud found, (4) the rate of applicant withdrawal from eligibility consideration, (5) the average time an award is delayed due to an investigation, and (6) the number of applicants who were otherwise eligible for support but

Item Amount

withdrew their applications because of the investigation.

11. The Departments of Social Services and Health Services shall, in conjunction with the County Welfare Directors Association (CWDA), conduct a study of the current cost control plan for determining caseload targets for AFDC, Medi-Cal and Food Stamps. The study shall involve the cost control plan methodology for developing county groupings and means and the policies for determining overhead allocations.

Additionally, the departments and the CWDA shall jointly review at least three and no more than five methodologies, including work measurement, for determining caseload targets. The Legislative Analyst, or his or her designee, shall attend any meeting between the departments and the CWDA at which caseload targets, or the study of caseload targets, are discussed.

The departments shall submit a progress report by December 31, 1986, and a final implementation plan for establishing caseload targets for fiscal year 1988–89 by May 1, 1987. It is the Legislature's intent to authorize the departments to implement their final implementation plan if the CWDA agrees to the plan. Pending the implementation of the plan there shall be no update of the base year for AFDC, Medi-Cal and Food Stamps in fiscal year 1987–88. If CWDA does not agree to the department's final plan, it is the Legislature's intent to consider any alternative to the departments' plan proposed by the CWDA. If neither the departments' plan nor a CWDA alternative plan is acceptable to the Legislature, it is the Legislature's intent to consider updating the base year for 1987–88 to the most recent year for which data is available.

12. When performance refinements and modifications to a county EDP system are needed to meet Statewide Automated Welfare System (SAWS) requirements that will benefit additional counties, the Department of Social Services may pay the first counties' share of administrative costs incurred for those modifications. The department is restricted to paying

Item	Amount
for the first counties' share for no more than five SAWS systems.	
14. The Department of Social Services shall report to the Legislature by December 15, 1986, on the costs and statistical strengths and weaknesses associated with developing county-specific estimates of error rates in the Food Stamp Program through the following methodology: developing a dollar-error methodology similar to the method used to estimate AFDC error rates including and excluding (1) under-issuances which have no dollar impact on the Food Stamp Program; (2) technical errors which do not affect eligibility or benefit levels; and (3) client errors over which the counties have insufficient controls.

Item Amount

(g) Amount payable from the Federal Trust Fund (Item 5180-151-890) —474,949,000

Provisions:

1. The amounts contained in this schedule are for Social Services Programs, for the cost of special social service programs for which federal grants in aid are made to the state; for grants or services to local agencies for the extension of child welfare services as provided by Chapter 5 (commencing with Section 16500) Part 4, Division 9 of the Welfare and Institutions Code; for the cost of the adoption programs and care of children, to be expended in accordance with the provisions of Chapter 2 (commencing with Section 16100) of Part 4 of Division 9 of the Welfare and Institutions Code; for the costs incurred by counties, including, but not limited to, the required matching funds, for in-home supportive services as provided by Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, and for prevention of child abuse and neglect as provided by Chapter 11, Part 6 of Division 9 of the Welfare and Institutions Code.
2. Provision 1 of Item 5180-101-001 is also applicable to this item.
3. In accordance with the provisions of Article 7 (commencing with Section 12300) of Chapter 3 of Part 3 of Division 9 of the Welfare and Institutions Code, $436,226,000, consisting of $419,163,000 scheduled in (b)(1) of this item and $17,063,000 in county funds is the designated level of funding for the In-Home Supportive Services Program for fiscal year 1986–87.
4. Notwithstanding Chapter 1 of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed $22,800,000 may be made available from the General Fund from funds not otherwise appropriated upon the approval of the Director of Finance to cover the federal share of costs for the In-Home Supportive Services Program when the federal share has not been received by this state prior to the usual time for transmitting such federal share to the counties of this state. Such loan from the General Fund shall be repaid when the federal share becomes available.

Item Amount

5. The amount appropriated in Item 5180-151-001 (b) (2), Program 20.35.240, Maternity Care, is appropriated in lieu of the amounts which would otherwise be appropriated pursuant to Sections 16148 and 16151 of the Welfare and Institutions Code.
6. Funds provided by this act to fund Child Abuse and Neglect Prevention programs authorized by this item shall be used to supplement, not supplant, services provided pursuant to Section 16501 of the Welfare and Institutions Code to create a continuum of services.
7. It is the intent of the Legislature that funds appropriated for Child Welfare Services (CWS) be allocated to counties based upon a 100 percent weighting of the CWS caseloads by the 1988–89 fiscal year. For the 1986–87 fiscal year, the Department of Social Services shall implement a formula for allocating CWS funds that is based upon a weighting of 50 percent for CWS caseloads. No county shall receive less Child Welfare Services funds in fiscal year 1986–87 than were received by the county in the 1985–86 fiscal year. The department shall develop the formula in consultation with representatives of county welfare departments.

   It is also the intent of the Legislature that, prior to making further movement in the CWS caseload allocation formula beyond a weighting of 50 percent, the department shall do both of the following: (a) evaluate the variances between counties for CWS direct costs, including emergency shelter care and CWS support costs, and recommend to the Legislature by April 1, 1987, one or more methods for addressing these cost variances; and (b) develop a uniform case definition for each of the four CWS programs and implement a process by April 1, 1987, for verifying county case reporting.
8. Funds appropriated to the Child Welfare Services Program for county-granted prior year cost-of-living adjustments shall be matched by the required county share pursuant to Section 16500 of the Welfare and Institutions Code.

Item Amount

9. The Department of Social Services shall compare the costs of each county's proposed GAIN plan with the department's estimate of the statewide costs of the GAIN program. If the department approves any county plan which has a cost in excess of what should be expected for a county with a caseload of comparable size based on the department's statewide estimate, the department shall so notify the chairperson of the fiscal committee of each house and of the GAIN Joint Oversight Committee no later than October 1 and April 1 of each year.
10. The department shall prepare and issue quarterly county-specific reports on Emergency Response, Family Maintenance, Family Reunification, and Permanent Placement programs that shall display the following data:
    (a) Program Costs:
        Staff costs (salaries, benefits)
        Support costs (rent, transportation, supervisor salaries)
        Direct costs (purchased services, contracts)
        Total costs per case and per program
    (b) Program Management:
        Caseload per social worker by program
        Hours per case

    In addition, the department shall use the above quarterly data from fiscal year 1985–86, together with county-specific compliance data and information developed by the Office of Child Abuse Prevention, to prepare a report to the Legislature which provides an analysis of the differences among counties. The report shall include statewide reliable data on major compliance problem areas identified as a result of the compliance reviews. The report shall be submitted to the Legislature by April 1, 1987.
11. Of the amount provided for child welfare services, $200,000 shall be available for Indian Child Welfare Services programs. This money shall be distributed to any nonprofit Indian organization which has received funds since 1984 pursuant to the Indian Child Welfare Act of 1978 (P.L. 95-608). Money shall be distributed in proportion to the percentage of American Indians within the service area as compared to the

Item	Amount

total number of American Indians in the state, based on the 1980 census.

12. Budgets for approved county plans shall clearly identify the amount necessary to meet the child care needs of GAIN participants. The Department of Social Services shall not approve any county request to use child care funds for any other purpose without providing written notification to the Legislature of the request. Approval of such a request may not occur any earlier than after 30 days written notification to the Joint Legislative Budget Committee and the Joint Committee on the Oversight on GAIN.
13. Recognizing that the availability of child care is essential to economic self sufficiency, it is the intent of the Legislature to fund child care services as necessary to support the goal of full employment.

When a child care provider under contract with the State Department of Education (SDE) provides child care services to GAIN participants who are enrolled in a GAIN component or awaiting enrollment in a GAIN component, the county welfare department shall reimburse the provider for the cost of that child care.

Children receiving services under an SDE contract whose parents subsequently become GAIN participants shall continue to receive services paid by the SDE contract until such time as the parents are no longer income eligible for the subsidy.

An SDE provider shall not be compensated by both SDE and a county welfare department for the same service to the same persons for the same time period.

The Department of Social Services (DSS) and SDE shall enter into a memorandum of understanding that specifies a maintenance of effort requirement by SDE programs for AFDC recipients. Both DSS and SDE shall collect the data by November 15, 1986, necessary to identify and monitor AFDC participation levels in SDE child care programs.

The Auditor General shall review the departments' data and certify by January 1, 1987, to

Item Amount

the GAIN Oversight Committee on the existing level of AFDC participation in SDE programs.

14. Pursuant to paragraph (14) of subdivision (i) of Section 11320.2 of the Welfare and Institutions Code, "standard statistical sampling methods" shall include case random assignment methods which shall be utilized in conducting the evaluation of the Greater Avenues for Independence (GAIN) Program. Utilizing such case random assignment methods shall ensure a valid evaluation of the GAIN program's effectiveness when comparing experimental and control group impacts.

15. It is the intent of the Legislature to provide counties with sufficient flexibility to manage their social services program efficiently. Futhermore, it is the intent of the Legislature that the funds appropriated for Child Welfare Services and the County Services Block Grant be utilized by county welfare departments in a manner which maximizes the provision of social services at the county level in the most cost-effective manner possible.

A county may transfer funds between Child Welfare Services and other county social services as long as the county certifies that it has achieved an appropriate level of performance in the delivery of Child Welfare Services. The county shall demonstrate its level of performance by completing and passing a county-conducted case review in accordance with instructions provided by the department.

To accomplish this transfer, the county shall notify the Director of Social Services in writing of its intent to fund CWS at a different level than included in the allocation plan. The notification shall include the amount of the proposed transfer and an identification of the purposes for which the funds will be used.

If the total amount of transfers from the counties is different from the amount appropriated by this act, the department shall notify the Department of Finance.

The Director of Finance may authorize the transfer of funds between those appropriated for CWS and those appropriated for In-Home

Item Amount

Supportive Services (IHSS) administration, information and referral, and adult and optional services no sooner than 30 days after written notification to the chairperson of the fiscal committee of each house and the Chairperson of the Joint Legislative Budget Committee. The notification shall include (1) the amount of proposed transfer; and (2) an identification of the purposes for which the funds will be used.

5180-151-890—For local assistance, Department of Social Services, for transfer to Item 5180-151-001, payable from the Federal Trust Fund 474,949,000

Provisions:

1. Provisions 1 and 3 of Item 5180-151-001 and Provision 1 of Item 5180-101-001 are also applicable to this item.
2. Any unexpended funds from the Job Training Partnership Act available for child care programs in 1985–86 shall be available for expenditure in 1986–87 for the same purpose.
3. The Department of Education (DOE) shall provide certification of child care services provided to GAIN participants, to the Department of Social Services, on a quarterly basis. Upon certification the Department of Social Services shall reimburse the Department of Education for fifty (50) percent of the certified costs but no less than $31 million in Federal funds, from this item, commensurate with the certified child care services. This reimbursement shall be from Item 5180-151-890 to match $31 million in General Funds in Item 6100-196-001. This reimbursement shall also include any COLA included in Item 5180-181-890 for this purpose.

5180-161-001—For local assistance, Department of Social Services 7,946,000

Schedule:

(a) 30-Community Care Licensing 11,875,000
(b) Amount payable from the Federal Trust Fund (Item 5180-161-890) .. −3,929,000

Provision:

1. The Director of Finance may authorize the transfer of amounts from this item to Item 5180-001-001, Program 30—Community Care Licensing, in order to allow the state to perform the facilities evaluation function in the event the counties fail to perform such function.

Item Amount

5180-161-890—For local assistance, Department of Social Services, for transfer to Item 5180-161-001, payable from the Federal Trust Fund 3,929,000

Provision:

1. The Director of Finance may authorize the transfer of amounts from this item to Item 5180-001-890 in order to allow the state to perform the facilities evaluation function in the Community Care Licensing Program in the event the counties fail to perform such function.

5180-181-001—For local assistance, Department of Social Services, Program 97.10—Special Adjustments —Cost-of-Living Adjustments, to be transferred to and in augmentation of programs, upon approval of the Department of Finance, effective July 1, 1986, in accordance with the following schedule 221,308,000

Schedule:

(a) 10.08—SSI/SSP (for transfer to Item 5180-111-001) 108,664,000
(b) 20—Social Services Program (for transfer to Item 5180-151-001) 14,728,000
(c) 10.04.005—Aid to Families with Dependent Children (for transfer to Item 5180-101-001) 202,906,000
(d) 10.24—Refugee Cash Assistance (for transfer to Item 5180-131-890) 1,537,000
(e) Amount payable from the Federal Trust Fund (Item 5180-181-890) —125,154,000
(f) 10.20—County Administration (for transfer to Item 5180-141-001) 18,627,000

Provisions:

1. For fiscal year 1986–87, funds appropriated by this item shall be used to grant each foster child residing in a foster family home a full AFDC cost-of-living adjustment as provided by this act.
2. Funds appropriated by this item are to be used for In-Home Supportive Services (IHSS) provider cost-of-living adjustments (COLAs). All counties shall grant COLAs to all their IHSS providers at the percentage appropriated in this act, except county employees who deliver IHSS services whose adjustments shall be based on county collective bargaining agreements. Counties may grant COLAs in excess of this percentage; however, state funding is not available for those amounts in excess of the COLA percentage appropriated in this act.

Item Amount

For purposes of this act, COLA means all wage and benefit increases not including merit, step, longevity salary adjustment, wage differentials, changes in a formal classification plan, or employment taxes.

The department shall allocate the COLA appropriation to the counties by applying the COLA percentage appropriated in this act to the amounts allocated as basic IHSS program costs. A county's COLA allocation may be increased only if the amounts allocated by the department for basic IHSS program cost is increased and the department can reallocate COLA funds from counties which have a projected COLA surplus. All COLA moneys not encumbered during the period covered by this act shall revert to the General Fund.

Except as provided below, the COLA shall apply to all IHSS provider wages and benefits earned beginning July 1, 1986. Counties shall make every effort to implement this COLA immediately after the operative date of this act; however, if for any reason payment cannot begin on the next scheduled payday after July 1, 1986, retroactive paychecks shall be provided back to July 1, 1986.

Wage and benefit packages for IHSS program providers who provide services through a county/private provider company shall be negotiated through the free competition/competitive bid and collective bargaining processes. If at any time during 1986–87 individual contracts are renegotiated or renewed, counties may grant contract providers a higher COLA than the percentage granted by the state. However, state funding shall not be available for any COLA in excess of the percentage appropriated by this act and granted to providers on July 1, 1986.

3. Funds appropriated by this item are to be used for an IHSS COLA as follows: (a) 3.2 percent so as to maintain the wage level of IHSS providers, and (b) 0.8 percent so as to improve the level of compensation for IHSS providers and insure that an adequate number of providers are available.

(b) 31-Community Correctional Program	28,761,000	
Provisions:		
1. The amount appropriated by this item is provided for the following purposes:		
a. To pay the transportation costs of prisoners to and between state prisons, including the return of parole violators to prison and for the conveying of persons under provisions of Division 3 (commencing with Section 3000) of the Welfare and Institutions Code and the Western Interstate Corrections Compact (commencing with Section 11190 of the Penal Code), in accordance with the provisions of Section 26749 of the Government Code. Provided, that claims shall be filed by local jurisdictions within six months after the end of the month in which such transportation costs are incurred; and provided further, that expenditures shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller.		

Item		Amount
	Provided further, that claims filed by local jurisdictions directly with the State Controller may be paid by the Controller.	
	b. To pay the expenses of returning fugitives from justice from outside the state, in accordance with the provisions of Sections 1389, 1549 and 1557 of the Penal Code. Provided, that expenditures shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller, and any restitution received by the state for such expenses be credited to the appropriation of the year in which the State Controller's receipt is issued.	
	Provided further, that claims filed by local jurisdictions directly with the State Controller may be paid by the Controller.	
	c. To pay court costs and county charges, payable under Sections 4700, 4700.1, 4700.2, 4700.5 and 6005 of the Penal Code. Provided, that claims shall be filed by local jurisdictions within six months after the end of the month in which a service is performed by the coroner, a hearing is had on the return of a writ of habeas corpus, the district attorney declines to prosecute a case referred by the Department of Corrections, a judgment is rendered for a court hearing or trial, an appeal ruling is rendered for the trial judgment, or an activity is performed as permitted by these sections; and provided further, that expenditures shall be charged to either the fiscal year in which the claim is received by the State Controller or the fiscal year in which the warrant is issued by the State Controller.	
	Provided further, that claims filed by local jurisdictions directly with the State Controller may be paid by the Controller.	
	d. To reimburse counties for the cost of detaining state parolees pursuant to Section 4016.5 of the Penal Code, provided, that expenditures shall be charged to either the fiscal year in which the claim is received by the Department of Corrections or the fiscal year in which the warrant is issued by the State Controller.

Provisions:

10-Instruction:

1. Notwithstanding Section 33403 of the Education Code, or any other provision of law, no funds appropriated pursuant to this act shall be used by the Department of Education to prepare evaluation reports on the following programs during the 1986–87 fiscal year:
   (a) Professional development and program improvement centers.
   (b) Indian education centers.
   (c) Alternative schools.
   (d) Bilingual teacher corps.
   (e) Demonstration programs in reading and mathematics.
2. Of the funds appropriated in this item, $80,400 shall be utilized for California's participation in the Education Commission of the States.
3. Of the funds appropriated in this item, $575,000 shall be available only for the state's defense costs in the Serrano litigation and shall be expended only upon the approval of the Director of Finance.
4. Of the funds appropriated in this item, $100,000 shall be available for administrative costs associated with Project Work-Ability II.
5. Of the funds appropriated in this item, $90,000 is available during the 1986–87 fiscal year to strengthen the Independent Study Program. Such activities shall be limited to operations and equipment expenditures for the purpose of 1) implementing a Corrective Action Plan which addresses deficiencies in program compliance and quality previously identified by the Department of Education and Department of Finance, 2) developing and revising standards and guidelines for inclusion in the publication, A Manual of Operational Procedures and Curriculum Guide for Contract Independent Study, 3) providing technical assistance to school districts regarding successful model programs for Independent Study, and 4) collecting and analyzing program data for the purpose of improving program compliance and quality.

   Prior to the expenditure of any portion of these funds, the Department of Education shall submit to the Department of Finance 1) an ex-

Item Amount

penditure plan addressing the manner in which funds will be used for the activities described above, and 2) a work plan which outlines the objectives, study methodology and implementation plan and timetable proposed by the Department of Education in the Corrective Action Plan previously identified in this provision.

6. Of the funds appropriated in this item, $80,000 is available only for reimbursement of travel expenses and data processing costs of the Special Education Task Force. In no case shall reimbursement of travel expenses exceed the rates established for state employees. This task force shall be selected by the Superintendent of Public Instruction, or his designee, for the purpose of analyzing special education cost data. The task force shall be chaired by the Superintendent's designee, and the Department of Education shall provide all necessary staff and support to the task force. If the task force determines that additional data are necessary, the department will provide survey instruments and the required support for such surveys. The study shall include, but not be limited to, the following activities:
   (a) Compare and contrast the special education funding models used in comparable states.
   (b) Determine the validity of the reported cost data.
   (c) Develop a method for determining which variations in expenditures among local education agencies are due to differences in service levels, as opposed to local differences in costs.
   (d) Develop a method to determine the cost of providing a standard level of service, based upon a range of service levels.

   The task force shall submit a report no later than March 1, 1987, to both the Joint Legislative Budget Committee and the Department of Finance. The report shall include the findings of the task force and shall present several alternatives to the existing funding model for special education.

Item Amount

7. For the purpose of conducting the special education study authorized in provision 6, the Special Education Task Force shall be authorized to collect whatever additional data from local education agencies that it deems necessary.
8. Of the funds appropriated in Item 6100-001-890, up to $100,000 shall be used for the purposes of funding a project to assess the hazards of toxic substances in schools and disseminate this information to school districts via the county offices of education. The Superintendent of Public Instruction shall report to the Joint Legislative Budget Committee by November 1, 1986, regarding the status of this project.
9. Of the funds transferred from Item 6100-001-890, an amount not to exceed $1,251,000 shall be available only for support of the California Assessment Program. The Director of Finance may authorize the augmentation of the amount available for this purpose, provided that such augmentation may not be authorized sooner than 30 days after the notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.
10. Of the funds included in this item, an amount not to exceed $2,757,000 shall be available only for support of the California Assessment Program. The Director of Finance may authorize the augmentation of the amount available for this purpose, provided that such augmentation may not be authorized sooner than 30 days after the notification in writing of the necessity therefor to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

Item	Amount
12. Of the funds appropriated in this item, $225,000 shall be available for the implementation of a plan for the transfer of data processing activities from Stanford University to the Teale Data Center, upon written approval of the Department of Finance and no sooner than 30 days after notification of the authorization to the Joint Legislative Budget Committee.	
13. The State Department of Education and the State Department of Health Services shall jointly develop and implement regulations and guidelines (1) concerning the treatment of children affected with AIDS attending California schools and (2) AIDS education for school children.

year pursuant to Sections 14002, 14004, and 41301 of the Education Code, an amount as needed, in addition to sums accruing to Section A of the State School Fund from other sources for the purposes specified herein, for apportionment pursuant to Section 8153, Section 42238, Section 42239, and Section 42240.1 of the Education Code.

4. Notwithstanding Section 8154 of the Education Code, or any other provision of law, the funds specified in Schedule (e) of this item and Schedule (a) (5) of Item 6100-226-001 shall be the only funds available for the apprentice programs operated by K–12 school districts.
5. Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of $3.65 per hour. For purposes of this division, each hour of teaching time may include up to 10 minutes for passing time and breaks.
6. Notwithstanding any other provision of law, the county superintendent shall reduce the total revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, adjusted for any changes in those contributions resulting from subsequent changes in employer contribution rates that occurred prior to January 1, 1986.

   The reduction shall be calculated as follows:

   (a) Determine the amount of employer contributions which would have been made in the 1985–86 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1985–86 fiscal year.
   (b) Subtract from the amount determined in paragraph (a) the greater of subparagraph (1) or (2):
      (1) The amount of employer contributions

which would have been made in the 1985–86 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1985–86 fiscal year.

(2) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1985–86 fiscal year.

(c) For purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(1) Positions supported totally by federal funds which were subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

7. Notwithstanding paragraph (4) of subdivision (b) of Section 42238 of the Education Code, for, each school district which in 1985–86 received an apportionment pursuant to subdivision (a) of Section 46201 of the Education Code the county superintendent shall, in 1986–87, add to the district's base revenue limit per unit of average daily attendance the amount received in 1985–86 pursuant to subdivision (a) of Section 46201 of the Education Code divided by the sum of para-

graphs (a) and (b).

(a) The district's average daily attendance for 1985–86 computed pursuant to Section 42238.5 of the Education Code.

(b) The units of average daily attendance in 1985–86 resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280) of the Education Code.

8. Notwithstanding paragraph (4) of subdivision (b) of Section 42238 of the Education Code, for, each school district which in 1984–85 received an apportionment pursuant to subdivision (a) of Section 46201 of the Education Code the county superintendent shall, for calculations or recalculations of the district's 1985–86 base revenue limit per unit of average daily attendance, add to the district's base revenue limit per unit of average daily attendance the amount received in 1984–85 pursuant to subdivision (a) of Section 46201 of the Education Code divided by the sum of paragraphs (a) and (b).

(a) The district's average daily attendance for 1984–85 computed pursuant to Section 42238.5 of the Education Code.

(b) The units of average daily attendance in 1984–85 resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280) of the Education Code.

9. Notwithstanding paragraph (3) of subdivision (b) of Section 42238 of the Education Code, for, each school district which in 1984–85 received an apportionment pursuant to subdivision (a) of Section 46200 of the Education Code the county superintendent shall, for calculations or recalculations of the district's 1985–86 base revenue limit per unit of average daily attendance add to the district's base revenue limit per unit of average daily attendance the amount received in 1984–85 divided by the sum of paragraphs (a) and (b).

(a) The district's average daily attendance for 1984–85 computed pursuant to Section 42238.5 of the Education Code.

(b) The units of average daily attendance for 1984–85 resulting from pupils attending schools funded pursuant to Article 4 (com-

Item	Amount

mencing with Section 42280) of the Education Code.

10. Notwithstanding subdivision (b) of Section 42238 of the Education Code and Section 42238.10 of the Education Code, the base revenue limit for the 1986–87 fiscal year shall be determined by adding to the base revenue limit for the 1985–86 fiscal year the following amounts:
    (a) The inflation adjustment specified in Section 42238.1 of the Education Code.
    (b) The equalization adjustment specified in provision 13 of this item.
    (c) The amount computed pursuant to Provision 7 of this item.
11. Notwithstanding subdivision (b) of Section 46200 of the Education Code, for any school district which received an apportionment pursuant to subdivision (a) of Section 46200 of the Education Code and which offers less than 180 days of instruction in the 1986–87 fiscal year, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for 1986–87 by an amount attributable to the increase received pursuant to subdivision (a) of Section 46200, as adjusted.
12. Notwithstanding Subdivision (e) of Section 42239 of the Education Code, for the 1986–87 fiscal year, the Superintendent of Public Instruction shall allocate a minimum of $5,000 for supplemental summer school programs in those districts whose prior year enrollment was less than 500 and that, in the 1986–87 fiscal year, offer at least 1,500 hours of supplemental summer school instruction. A small school district, as defined above, that offers less than 1,500 hours of supplemental summer school offerings shall receive a proportionate reduction in its allocation. For the purpose of this provision, supplemental summer school programs shall be defined as programs authorized under paragraph (2) of subdivision (d) of Section 42239 of the Education Code.
13. Of the amount appropriated in schedule (a) of this item, $21,600,000 shall be available for allocation according to the following method:
    (a) For the 1986–87 fiscal year, the county

Item Amount

superintendent shall compute an equalization adjustment for each district so that no district's base revenue limit per unit of average daily attendance is less than the 1985–86 fiscal year statewide average base revenue limit for the appropriate size and type of district listed in subdivision (b) plus the inflation adjustment specified in Section 42238.1 for the 1986–87 fiscal year for the appropriate type of district. For purposes of this section, the district base revenue limit and the statewide average base revenue limit shall not include any amounts attributable to Section 44492, Section 45023.4, and paragraphs (3) and (4) of subdivision (b) of Section 42238 of the Education Code for 1986–87 or any prior fiscal year.

(b) For purposes of subdivision (a), districts shall be grouped according to size and type as follows:

District	ADA
Elementary	less than 101
Elementary	more than 100
High School	less than 301
High School	more than 300
Unified	less than 1,501
Unified	more than 1,500

(c) The Superintendent of Public Instruction shall compute a revenue limit equalization adjustment for each school district's base revenue limit per unit of average daily attendance in the 1986–87 fiscal year, as follows:

(1) Add the products of the amount computed for each school district by the county superintendent pursuant to subdivision (a) and the average daily attendance used to calculate the district's revenue limit for the 1986–87 fiscal year.

(2) Divide the amount appropriated for purposes of this section for the 1986–87 fiscal year by the amount computed pursuant to paragraph (1).

Item Amount

(3) Multiply the amount computed for the school district pursuant to subdivision (a) and the amount computed pursuant to paragraph (2).

14. The Superintendent of Public Instruction may reallocate the unexpended balance, if any, of the funds appropriated in schedule (f) of this item to fully fund hours of instruction provided by a school district to secondary students in summer school programs authorized by paragraph (2) of subdivision (d) of Section 42239 of the Education Code that exceed the maximum number of hours for which a school district is eligible for reimbursement.

In no event shall any school district receive reimbursement pursuant to this provision for pupil attendance in summer school programs exceeding an amount equal to 10 percent of the district's total enrollment for the prior fiscal year times 120 hours, times the hourly rate for the current fiscal year.

15. Notwithstanding any other provision of law, for the 1986–87 fiscal year, after calculating the increase specified in Section 42287 of the Education Code, the Superintendent of Public Instruction shall increase the funding amounts specified in Sections 42281, 42282, and 42284 of the Education Code by the product of paragraphs (a) and (b).

(a) The amount per unit of average daily attendance received by the district pursuant to Section 46200 of the Education Code in 1984–85, as increased annually by the appropriate percentage inflation adjustments.

(b) The average daily attendance for each "necessary small school" or "necessary small high school" for which the district receives funding in the 1986–87 fiscal year pursuant to Sections 42281, 42282, and 42284 of the Education Code.

Item Amount

16. Notwithstanding any other provision of law, for the 1986–87 fiscal year, after calculating the increase specified in Section 42287 of the Education Code, the Superintendent of Public Instruction shall increase the funding amounts specified in Sections 42281, 42282, and 42284 of the Education Code by the product of paragraphs (a) and (b).
    (a) The sum of the amounts per unit of average daily attendance received by the district pursuant to Section 46201 of the Education Code in the 1984–85 and 1985–86 fiscal years, as increased annually by the appropriate percentage inflation adjustments.
    (b) The average daily attendance for each "necessary small school" or "necessary small high school" for which the district receives funding in the 1985–86 fiscal years, pursuant to Sections 42281, 42282, and 42284 of the Education Code.
17. Notwithstanding any other provision of law, for the 1986–87 fiscal year, after calculating the amount specified in Section 42287 of the Education Code, the Superintendent of Public Instruction shall increase the funding amounts specified in Sections 42281, 42282, and 42284 of the Education Code by the product of paragraphs (a) and (b).
    (a) The sum of the amounts per unit of average daily attendance received by the district pursuant to Section 45023.4 of the Education Code in prior fiscal years, as increased annually by the appropriate percentage inflation adjustments.
    (b) The average daily attendance for each "necessary small school" or "necessary small high school" for which the district receives funding in the 1985–86 fiscal year pursuant to Sections 42281, 42282, and 42284 of the Education Code.
18. Notwithstanding any other provision of law, in addition to the reduction made pursuant to Provision 6 of this item, the county superintendent shall reduce the total revenue limit computed pursuant to Section 42238 of the Education Code by the amount of the decreased

Item Amount

employer contributions to the Public Employees' Retirement System resulting from the applicable employer contribution rate reduction made subsequent to January 1, 1986.

The reduction shall be calculated as follows:

(a) Determine the amount of employer contributions which would have been made in the 1986–87 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the reduction made subsequent to January 1, 1986, were in effect during the 1985–86 fiscal year.

(b) Subtract from the amount determined in paragraph (a) the greater of subparagraph (1) or (2) below:

(1) The amount of employer contributions which would have been made in the 1986–87 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the applicable rate reduction made subsequent to January 1, 1986, where in effect during the 1986–87 fiscal year.

(2) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1986–87 fiscal year.

(c) For purposes of this provision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(1) Positions supported entirely by federal funds which were subject to supplanting restrictions.

(2) Positions supported by funds received pursuant to Section 42243.6 of the Education Code.

(3) Positions supported, to the extent of employer contributions not exceeding $25,000 by any single educational agency, from a revenue source determined on the basis of equity to be properly excludable from the provisions of this subdivision by the Super-

intendent of Public Instruction with the approval of the Director of Finance.

(d) For accounting purposes, the reduction made by this provision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(e) It is the intent of the Legislature to provide additional funding for school district apportionments in the event of an increase in the employer contribution rate to the Public Employees' Retirement System.

19. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall, for purposes of allocating funds to the Lerdo Elementary School District pursuant to Section 42238 of the Education Code, use the district's 1984–85 average daily attendance.

20. Of the funds appropriated in Schedule (a), the Superintendent of Public Instruction shall allocate an amount pursuant to this provision by making the following computations for each school district:

(a) For the 1985–86 fiscal year, the amount computed pursuant to subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code utilizing the inflation adjustment prescribed by Section 42238.1 of the Education Code, plus the sum of the following:

(1) The amount computed pursuant to subdivision (f) of Section 42238 of the Education Code;

(2) The amount computed pursuant to Section 42238.7 of the Education Code, as it read in the 1984–85 fiscal year;

(3) The amount computed pursuant to Section 42238.8 of the Education Code;

(4) The amount computed pursuant to Section 45023.4 of the Education Code; and

(5) The amount computed pursuant to provision 17 of Item 6100-101-001 of the Budget Act of 1985.

Item		Amount
	(b) For the 1986–87 fiscal year, the amount computed pursuant to subdivision (c) or (d), as appropriate, of Section 42238 of the Education Code utilizing the inflation adjustment prescribed by Provision 2 of Item 6100-226-001, plus the amount computed pursuant to subdivision (f) of Section 42238 of the Education Code.	
	(c) Subtract the amount determined in paragraph (b) from the amount determined in paragraph (a). If the amount is greater than zero, except as provided in paragraph (d), the Superintendent of Public Instruction shall add the amount to the school district revenue limit.	
	(d) In no event shall the amount added to the school district's revenue limit pursuant to paragraph (c) allow any district to receive an amount per unit of average daily attendance which exceeds 1.4 times the statewide average revenue limit per unit of average daily attendance for that type of district.	
6100-101-814—For local assistance, Department of Education, for allocation by the State Controller in accordance with the provisions of Government Code Section 8880.5 as enacted by the voters in Proposition 37 at the November 1984 General Election, payable from the California State Lottery Education Fund		330,900,000
Provisions:		
1. All funds received pursuant to Proposition 37 that are allocable to K–12 local education agencies pursuant to Section 8880.5 of the Government Code and that are in excess of the amount appropriated in this item, are hereby appropriated in augmentation of this item.		
6100-101-890—For local assistance, Department of Education, Federal Block Grant payable from the Federal Trust Fund		40,444,000
Schedule:		
(a) 10-Instruction	38,687,000	
(b) 20-Instructional support	1,757,000	

Item Amount

Provisions:

1. Of the funds appropriated by this item, $300,000 shall be allocated as a grant by the Superintendent of Public Instruction to a private, nonprofit foundation for the purpose of conducting a program on youth and the administration of justice in at least 150 school districts. These funds shall be allocated in four equal installments during the 1986–87 fiscal year on September 1, December 1, February 1, and May 1.

6100-102-001—For local assistance, Department of Education for transfer to Section A of the State School Fund, for the purposes of Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code, Program 10.10.004—School Apportionments, Regional Occupational Centers and Programs 203,363,000

Provisions:

1. Notwithstanding any provision of law to the contrary, the funds appropriated by this item are for transfer by the State Controller to Section A of the State School Fund, in lieu of the amount which would otherwise be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1986–87 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, an amount as needed for apportionment pursuant to Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code.
2. For the 1986–87 fiscal year, the Superintendent of Public Instruction shall allocate the funds appropriated in this item in the following manner:
   (a) The Superintendent of Public Instruction shall certify for apportionment an amount necessary to fund the adjustments authorized pursuant to Section 52324.6 of the Education Code relating to necessary small regional occupational programs.
   (b) The Superintendent of Public Instruction shall certify for apportionment to each regional occupational center and program (ROC/P) an amount calculated as follows:
      (1) Calculate a revenue limit per unit of average daily attendance for each ROC/P in the 1986–87 fiscal year equal to the 1985–86 fiscal year base revenue

Item		Amount
	limit per unit of average daily attendance for each ROC/P, increased by the percentage inflation adjustment provided in the Budget Act for the operation of ROC/Ps. (2) Calculate a 1986–87 fiscal year revenue limit per unit of average daily attendance for the purpose of funding ROC/P program growth equal to the 1985–86 fiscal year base revenue limit per unit of average daily attendance for the purpose of funding ROC/P program growth, increased by the percentage inflation adjustment provided in the Budget Act for the operation of ROC/Ps. (3) Multiply the ROC/P's 1986–87 fiscal year base revenue limit per unit of average daily attendance by the ROC/P's 1986–87 fiscal year annual average daily attendance that is equal to or less than the ROC/P's 1982–83 fiscal year base annual average daily attendance. (4) For annual average daily attendance in the 1986–87 fiscal year that is greater than the 1982–83 fiscal year base annual average daily attendance add to the amount computed pursuant to paragraph (3) of this subdivision an amount equal to the 1986–87 fiscal year base revenue limit per unit of average daily attendance computed for the purpose of funding ROC/P program growth multiplied by the difference in annual average daily attendance between the 1982–83 fiscal year base annual average daily attendance and the 1986–87 fiscal year annual average daily attendance. (5) The 1986–87 average daily attendance used in this subdivision shall not include the average daily attendance in schools receiving necessary small regional occupational program service funding authorized under Section 52324.6 of the Education Code. (b) After apportionment of the amount necessary to fund adjustments to necessary small

	regional occupational programs authorized under Section 52324.6 of the Education Code, funds shall be allocated by the Superintendent of Public Instruction to ROC/Ps for average daily attendance served in the 1986–87 fiscal year based on the following order of priority: (1) Average daily attendance equal to or less than the 1982–83 fiscal year base average daily attendance. (2) Average daily attendance exceeding the average daily attendance specified in paragraph (1) of this subdivision, but less than or equal to the sum of the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1982–83 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance and for ROC/Ps which had below average participation. (3) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) and (2) of this subdivision, but less than or equal to the sum of the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1983–84 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance and for ROC/Ps which experienced annexation of service territory not previously included in the ROC/P during the 1982–83 fiscal year. (4) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) through (3) of this subdivision, but less than or equal to the sum of the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1984–85 fiscal year for a ROC/P's pro rata share of funded growth average daily attendance, for ROC/Ps which had below average participation, and for ROC/Ps which ex-

perienced annexation of service territory not previously included in the ROC/P during the 1982–83 fiscal year.

(5) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) through (4) of this subdivision, but less than or equal to the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1985–86 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance.

(6) Average daily attendance exceeding the sum of the average daily attendance specified in paragraphs (1) through (5) of this subdivision, but less than or equal to the increase in average daily attendance allocated by the Superintendent of Public Instruction in the 1986–87 fiscal year for an ROC/P's pro rata share of funded growth average daily attendance.

(7) Average daily attendance in the 1986–87 fiscal year exceeding the sum of the average daily attendance specified in paragraphs (1) through (6) of this subdivision.

(c) For the purpose of subdivision (b) of this provision, an ROC/P's pro rata share of funded growth average daily attendance shall be based on the percentage allowable growth in average daily attendance determined by the Superintendent of Public Instruction in each fiscal year for the purpose of allocating funds to ROC/Ps. An ROC/P's pro rata share of funded growth average daily attendance in each fiscal year shall not include excess growth in average daily attendance as determined by the Superintendent of Public Instruction. This exclusion shall apply without regard to the allocation of funds, if any, based on excess growth in average daily attendance for any fiscal year.

(d) In the event that the funding provided for the operation of ROC/Ps in the 1986–87 fis-

cal year is insufficient to fully fund those programs, then the Superintendent of Public Instruction shall reduce the amounts certified pursuant to subdivision (a) of this provision for each ROC/P based on equal amounts per unit of average daily attendance, consistent with the funding priorities for average daily attendance specified in subdivision (b) of this provision.

(e) The funds appropriated pursuant to this item shall be allocated by the Superintendent of Public Instruction to each school district or county office of education operating the ROC/P based on the school district's or county office of education's 1986–87 pro rata share of the funds being allocated.

(f) For purposes of Section 2558 of the Education Code, the Superintendent of Public Instruction shall deduct from the funding entitlement of each ROC/P operated by a county office of education any local revenue which would otherwise be deemed restricted and not available for expenditure in the current fiscal year pursuant to subdivision (d) of that section. The local revenue so deducted shall be utilized by the county office of education for support of the ROC/P. This subdivision is declaratory of existing law applicable during the 1986–87 fiscal year.

3. Because Chapter 482, Statutes of 1984 was chaptered after Chapter 268, Statutes of 1984, the Legislature's intent regarding the eligibility of Regional Occupational Centers and Programs for incentive funding for a longer instructional year under Section 46200 of the Education Code was not carried out. It is the intent of the Legislature that Regional Occupational Centers and Programs not be eligible for such incentive funding.

Notwithstanding any other provision of law to the contrary, none of the funds appropriated in this item are for the purposes of providing or continuing incentive funding for a longer instructional year pursuant to Section 46200 of the Education Code.

Item Amount

4. Of the funds specified in this item an amount not to exceed $200,000 shall be allocated by the Superintendent of Public Instruction to fund additional units of average daily attendance, at the rate specified for growth average daily attendance in paragraph (4) of subdivision (b) of this provision in ROC/Ps which experienced annexation of service territory that prior to July 1, 1984 was not included in an ROC/P. Additional units of average daily attendance allocated to ROC/Ps pursuant to this provision shall in subsequent years become part of their growth average daily attendance.

(c) 20.60.040-For the purpose of Parental Involvement programs 1,000,000

Provisions:

1. Funds appropriated by this item are for transfer by the Controller to Section A of the State School Fund for direct disbursement by the Department of Education in lieu of the appropriations made for the 1986–87 fiscal year pursuant to subdivisions (a) and (b) of Section 75 of Chapter 894 of the Statutes of 1977, for the purpose of making allowances for the School Improvement Program and notwithstanding the third paragraph of Section 87 of Chapter 894 of the Statutes of 1977, and pursuant to Article 4 (commencing with Section 52046) of Chapter 6 of Part 28 of the Education Code.
2. The Department of Education shall allocate the funds scheduled above to each district eligible to receive an allowance on the basis of the per unit of average daily attendance amounts specified in subdivision (b) of Section 52046 of the Education Code, adjusted on a pro rata basis to conform to the amounts scheduled above.
3. The Department of Education shall promote the legislative intent for equalized funding, as specified in Section 52048 of the Education Code, for kindergarten and grades 1 through 6 in the allocation of funds scheduled above.

Item Amount

4. Notwithstanding any other provision of law to the contrary, the amounts appropriated in this item and in Item 6100-226-001 for this program shall be the maximum amount allocated for the purposes of Chapter 6 (commencing with Section 52000) of Part 28 of Division 4 of the Education Code.
5. Of the funds appropriated in this item, the Superintendent of Public Instruction shall allocate $1,000,000 to local school districts for parental involvement programs. These funds shall be allocated only after the submission of a plan from the State Department of Education, subject to the approval of the Director of Finance, provided that such expenditure shall not be authorized sooner than 30 days after notification to the Joint Legislative Budget Committee, or not sooner than whatever less time the chairperson of the joint committee, or his or her designee, may determine.

terly transfer of the state share of collections attributable to Sections 903, 903.4, and 903.5 of the Welfare and Institutions Code to the Foster Children and Parent Training Fund. From these collections, and prior to any transfer of funds, there shall be a deduction for the appropriate amount of county child support collection incentives. Notwithstanding the provisions of subdivision (c) of Section 903.7 of the Welfare and Institutions Code, if sufficient moneys are available in the Foster Children and Parent Training Fund, up to $1,000,000 shall be transferred from the Foster Children and Parent Training Fund to the unappropriated balance of the General Fund in reimbursement for expenditures made for the Foster Parent Training Program from appropriations of $900,000 of category (b) of Item 6870-101-001 and $100,000 contained in Item 6870-001-001 of this act. Any remaining funds in the Foster Children and Parent Training Fund shall be transferred to the unappropriated balance of the General Fund in reimbursement for expenditures made for the Foster Youth Services Program from the appropriation of $813,000 of category (a) of Item 6100-119-001 and $26,000 for a cost-of-living increase from category (m) of Item 6100-226-001 of this act.

3. The funds appropriated in this item for Foster Youth Services shall be expended only after the Superintendent of Public Instruction has certified to the Director of Finance that the school districts operating foster youth services have submitted an evaluation design that, in his opinion, is sufficient to determine whether these programs have resulted in a major quantitative improvement in (1) student academic achievement, (2) the incidence of student discipline problems or juvenile delinquency, and (3) student dropout rates or truancy rates.
4. As a condition of receiving funds appropriated in this item for Foster Youth Services, school districts operating foster youth services shall develop and submit an evaluation design to the Superintendent of Public Instruction, the Department of Finance, and the Joint Legislative Budget Committee. The evaluation design shall

be sufficient to determine, at a minimum, whether these programs have resulted in a major quantitative improvement in (1) student academic achievement, (2) the incidence of student discipline problems or juvenile delinquency, and (3) student dropout rates or truancy rates. The results of this evaluation shall be included in the report prepared pursuant to Section 42923 of the Education Code. The report shall include (1) a description of the evaluation's objectives and assumptions, (2) a description of the evaluation design, including design strengths and weaknesses and limitations of the data, (3) a discussion of the meaning and implications of the evaluation findings, and (4) policy recommendations based upon the evidence of the evaluation or a statement that the evidence is not sufficient to support a recommendation.	
6100-120-001—For local assistance, Department of Education, Program 20.40.100—High Risk Youth Liaison and Field Services for purposes of Article 6 (commencing with Section 52890) and Article 7 (commencing with Section 52900) of Chapter 12 of Part 28 of the Education Code, Article 6 (commencing with Section 54720) of Chapter 9 of Part 29 of the Education Code and Chapter 3.5 (commencing with Section 58550) of Part 31 of the Education Code	13,650,000
Provisions:	
1. Of the amount appropriated in this item, $1,000,000 shall be available for planning grants to schools for the purpose of developing motivation and maintenance program plans as defined in Article 6 (commencing with Section 54720) of Chapter 9 of Part 29 of the Education Code. Planning grants may be awarded to no more than 100 elementary schools for up to $4,000 each and to no more than 100 secondary schools for up to $6,000 each. No funding from this item is available to such schools for the hiring of outreach consultants during the 1986–87 fiscal year.	

Item	Amount
2. Of the amount appropriated in this item, $400,000 shall be available for planning grants to school districts for the purpose of developing dropout recovery program plans as defined in Article 7 of Chapter 12 of Part 28 of the Education Code. Planning grants may be awarded to no more than 50 school districts for up to $8,000 each. No funding from this item is available to such districts for the hiring of outreach consultants during the 1986–87 fiscal year.	
3. Of the amount appropriated in this item, $8,000,000 shall be available for the hiring of outreach consultants by up to 200 schools with motivation and maintenance program plans approved by the Superintendent of Public Instruction during the 1985–86 fiscal year in accordance with Chapter 1431, Statutes of 1985.	
4. Of the amount appropriated in this item, $2,000,000 shall be available for the hiring of outreach consultants by up to 50 school districts with dropout recovery program plans approved by the Superintendent of Public Instruction during the 1985–86 fiscal year in accordance with Chapter 1431, Statutes of 1985.	
5. Prior to any school or school district hiring an outreach consultant with funds appropriated in this item, such school or school district shall have adopted a plan, approved by the Superintendent of Public Instruction, which includes a statement describing the specific duties of the outreach consultant. Such duty statement shall provide that the outreach consultant must only perform activities which directly benefit "high-risk pupils" as defined in Section 54721(c) of the Education Code. Each outreach consultant shall receive no more than forty thousand dollars ($40,000) annually.	
6. Of the amount appropriated in this item, $1,900,000 shall be available for payments to certified educational clinics established in accordance with Chapter 3.5 of Part 31 of the Education Code.	

Item Amount

7. Of the amount appropriated in this item, $350,000 shall be available for grants to be awarded by the Superintendent of Public Instruction to schools for the purpose of implementing dropout prevention programs based upon model programs approved for use by the Department of Education.
8. The district of any school receiving funds pursuant to Provision 3 of this item shall collect and report data to the Superintendent of Public Instruction on student dropouts, as well as any other data deemed necessary by the superintendent to evaluate motivation and maintenance programs. This data shall be reported in a format to be determined by the Superintendent of Public Instruction. Whenever feasible, the superintendent shall collect this data through the California Basic Educational Data System.
