Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the licensee of the criminal convictions, as provided in this subdivision. If no convictions are recorded, the department shall provide the licensee with a statement of the fact that there are no convictions within 10 working days of receipt of this information from the Department of Justice. If new fingerprints are required for processing, the State Department of Social Services shall notify the licensee within five working days from the date of notification by the Department of Justice that the fingerprints were illegible. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a or 273d of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (e). The Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the

judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). No exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4 or 264.1, or paragraph (1) of Section 273a, Sections 273d, 288, or 289 of the Penal Code, or was a conviction of another crime against an individual specified in paragraph (3), (4), (5), or (6) of subdivision (c) of Section 667.5 of the Penal Code. However, the director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

1596.871. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children, or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(7) This section does not apply to adult volunteers or adult staff employed by the applicant on an intermittent basis for less than 10 days per month, provided that these adults are under constant supervision by adults who meet the requirements of this section.

(8) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission. (c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the child day care facility.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. If new fingerprints are required for processing, the department shall notify the licensee within five working days of receipt of the fingerprints. If the department has not received the information required by this section within 45 calendar days, it shall request a status report on the fingerprint clearance from the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the licensee of the criminal convictions, as provided in this subdivision. If new fingerprints are required for processing, the State Department of Social Services shall notify the licensee within five working days from the date of notification by the Department of Justice that the fingerprints were illegible.

Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted of an offense specified in Section 243.4, 273a, or 273d of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime

except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (e). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a child day care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a or 273d, or Section 288 or 289 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(f) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

For fingerprints submitted pursuant to subdivision (c), upon request of the licensee, the department shall, within 10 working days of receipt of information from the Department of Justice showing the absence of a record of criminal convictions, verify the absence of a record of criminal convictions. The licensee shall enclose a self-addressed stamped postcard for this purpose at the time of submission of the fingerprints to the department.

(g) For the purposes of compliance with this section, the department shall permit an individual to transfer a current criminal

records clearance, as defined in subdivision (a), from one facility to another when changing employment. The department shall supply the individual with documentation of the clearance within 30 days of a written request for the records.

No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of such an applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person or employee who has frequent and routine contact with the children. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the child day care facility.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. An act to amend Section 13826.1 of, to repeal and add Section 13826 of, and to add Section 13826.65 to, the Penal Code, relating to gang violence suppression.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 13826 of the Penal Code is repealed.

SEC. 2. Section 13826 is added to the Penal Code, to read:

13826. The Legislature finds and declares all of the following:

(a) That violent activity by gangs is a serious and growing problem in the State of California.

(b) There is an increasing percentage of school age pupils involved in gang activity.

(c) There are many schools that serve a disproportionate number of youth involved in gang activity which are unable to effectively implement programs designed to prevent youth from becoming involved in gang activity. There is no statewide funded educational program developed for this purpose.

(d) There is evidence that gang involvement among youth begins at an early age.

(e) There is evidence that the parents of gang members lack appropriate parenting skills.

(f) There is evidence that drug activity is increasing among youth involved in gang activity.

(g) There is evidence that gang members have no contact with positive role models.

(h) There is evidence that most gang members lack basic educational skills.

In enacting this chapter, the Legislature intends to support increased efforts by district attorneys' offices to prosecute the perpetrators of gang violence, support increased efforts by local law enforcement agencies to identify, investigate, and apprehend perpetrators of gang violence, support increased efforts by county probation departments to intensively supervise gang members who are on court-ordered probation, support gang violence prevention and intervention efforts by school districts and county offices of education, and support gang violence suppression efforts by community-based organizations.

SEC. 3. Section 13826.1 of the Penal Code is amended to read:

13826.1. (a) There is hereby established in the Office of Criminal Justice Planning, the Gang Violence Suppression Program, a program of financial and technical assistance for district attorneys' offices, local law enforcement agencies, county probation departments, school districts, county offices of education, or any

consortium thereof, and community-based organizations which are primarily engaged in the suppression of gang violence. All funds appropriated to the Office of Criminal Justice Planning for the purposes of this chapter shall be administered and disbursed by the executive director of the office in consultation with the California Council on Criminal Justice, and shall to the greatest extent feasible be coordinated or consolidated with federal funds that may be made available for these purposes.

(b) The executive director is authorized to allocate and award funds to cities, counties, school districts, county offices of education, or any consortium thereof, and community-based organizations in which gang violence suppression programs are established in substantial compliance with the policies and criteria set forth in this chapter.

(c) The allocation and award of funds shall be made on the application of the district attorney, chief law enforcement officer or chief probation officer of the applicant unit of government and approved by the legislative body, on the application of school districts, county offices of education, or any consortium thereof, or on the application of the chief executive of a community-based organization. All programs funded pursuant to this chapter shall work cooperatively to ensure the highest quality provision of services and to reduce unnecessary duplication. Funds disbursed under this chapter shall not supplant local funds that would, in the absence of the Gang Violence Suppression Program, be made available to support the activities set forth in this chapter. Funds awarded under this program as local assistance grants shall not be subject to review as specified in Section 14780 of the Government Code.

(d) The executive director shall prepare and issue written program and administrative guidelines and procedures for the Gang Violence Suppression Program, consistent with this chapter. These guidelines shall set forth the terms and conditions upon which the Office of Criminal Justice Planning is prepared to offer grants of funds pursuant to statutory authority. The guidelines do not constitute rules, regulations, orders, or standards of general application.

(e) Annually, commencing November 1, 1984, the executive director shall prepare a report to the Legislature describing in detail the operation of the statewide program and the results obtained by district attorneys' offices, local law enforcement agencies, county probation departments, school districts, county offices of education, or any consortium thereof, and community-based organizations receiving funds under this chapter and under comparable federally financed awards.

(f) Criteria for selection of district attorneys' offices, local law enforcement agencies, county probation departments, school districts, county offices of education, or any consortium thereof, and community-based organizations to receive gang violence suppression funding shall be developed in consultation with the

Gang Violence Suppression Advisory Committee whose members shall be appointed by the Executive Director of the Office of Criminal Justice Planning, unless otherwise designated.

(g) The Gang Violence Suppression Advisory Committee shall be composed of five district attorneys; two chief probation officers; two representatives of community-based organizations; three attorneys primarily engaged in the practice of juvenile criminal defense; three law enforcement officials with expertise in gang-related investigations; one member from the California Youth Authority Gang Task Force nominated by the Director of the California Youth Authority; one member of the Department of Corrections Law Enforcement Liaison Unit nominated by the Director of the Department of Corrections; one member from the Department of Justice nominated by the Attorney General; the Superintendent of Public Instruction, or his or her designee; one member of the California School Boards Association; and one representative of a school program specializing in the education of the target population identified in this chapter.

The department shall file an annual report with the Legislature not later than the fifth calendar day of each session of the Legislature on the use made of the revenue received in accordance with this section.

SEC. 2. Section 8259 is added to the Fish and Game Code, to read:

The governing body may provide for the waiver of fees when a public agency makes an application for a permit to operate or an application to renew a permit.

(b) This fee shall include a surcharge, the amount of which shall be determined by the Legislature annually to cover the costs of the board in carrying out its responsibilities under this chapter. The surcharge shall be transmitted to the board and deposited in the Underground Storage Tank Fund hereby created in the General

(c) A local agency may waive the fee required by subdivision (a) for an underground storage tank which has a capacity of 5,000 gallons or less, which is located on a farm, and which contains motor vehicle or heating fuel used primarily for agricultural purposes, if the local agency finds that the fee will impose undue economic hardship upon the person applying for the permit. However, the local agency shall not waive the surcharge required under subdivision (b).

SEC. 4. Section 25287 of the Health and Safety Code is amended to read:

25287. The governing body may provide for the waiver of fees when a public agency makes an application for a permit to operate or an application to renew a permit.

(b) This fee shall include a surcharge, the amount of which shall be determined by the Legislature annually to cover the costs of the board in carrying out its responsibilities under this chapter. The local agency may retain 6 percent of any surcharge collected for costs incurred in its collection. Each local agency shall transmit the surcharge monthly to the board, which shall deposit the surcharge in the Underground Storage Tank Fund hereby created in the General Fund. The money in this account is available, upon appropriation by the Legislature, to the board for the purposes of implementing this chapter.

(c) A local agency may waive the fee required by subdivision (a) for an underground storage tank which has a capacity of 5,000 gallons or less, which is located on a farm, and which contains motor vehicle fuel used primarily for agricultural purposes, if the local agency finds that the fee will impose undue economic hardship upon the person applying for the permit. However, the local agency shall not waive the surcharge required under subdivision (b).

(d) The local agency shall establish annual billing procedures to collect the fee and surcharge specified in this section.

SEC. 5. Section 25292 of the Health and Safety Code is amended to read:

25292. For every underground storage tank installed on or before January 1, 1984, and used for the storage of hazardous substances, the following actions shall be taken:

(a) On or before July 1, 1985, the owner shall outfit the facility with a monitoring system capable of detecting unauthorized releases

of any hazardous substances stored in the facility, and thereafter, the operator shall monitor each facility, based on materials stored and the type of monitoring installed.

(b) Provide a means for visual inspection of the tank, wherever practical, for the purpose of the monitoring required by subdivision (a). Alternative methods of monitoring the tank on a monthly, or more frequent basis, may be required by the local agency, consistent with the regulations of the board.

The alternative monitoring methods include, but are not limited to, the following methods:

(1) Precision testing as defined in National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Liquids," as amended, for proving the integrity of an underground storage tank and piping system at time intervals specified by the board.

(2) A groundwater monitoring well or wells which are downgradient and adjacent to the underground storage tank, vapor analysis within a well where appropriate, and analysis of soil borings at the time of initial installation of the well.

(3) A continuous leak detection and alarm system which is located in monitoring wells adjacent to an underground storage tank and which is approved by the local agency.

(4) For monitoring tanks containing motor vehicle fuels, daily gauging and inventory reconciliation by the operator, if all of the following requirements are met:

(A) Inventory records are kept on file for one year and are reviewed quarterly.

(B) The tank is tested, using the precision test as defined by the National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Solids," as amended, for proving the integrity of an underground storage tank at time intervals specified by the board and whenever there is a shortage greater than the amount which the board shall specify by regulation.

(C) If a pressurized pump system is connected to the tank system, the system has a leak detection device to monitor for leaks in the piping.

(5) For monitoring underground storage tanks which are located on farms and which store motor vehicle or heating fuels used primarily for agricultural purposes, alternative monitoring methods include the following:

(A) If the tank has a capacity of greater than 1,100 gallons but of 5,000 gallons or less, the tank shall be tested using the precision test, as defined by the National Fire Protection Association Pamphlet 329, at least once every three years, and the owner shall utilize tank gauging on a monthly or more frequent basis, as required by the local agency, subject to the specifications provided in paragraph (7) of subdivision (c) of Section 2641 of Title 23 of the California Administrative Code, as that section read on August 13, 1985.

(B) If the tank has a capacity of more than 5,000 gallons, the tank shall be monitored pursuant to the methods for all other tanks specified in this subdivision.

(c) The board shall develop regulations specifying monitoring alternatives. The local agency, or any other public agency specified by the local agency, shall approve the location and number of wells, the depth of wells, and the sampling frequency, pursuant to these regulations.

SEC. 6. Section 2 of this bill incorporates amendments to Section 25281 of the Health and Safety Code proposed by both this bill and AB 2920. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1987, (2) each bill amends Section 25281 of the Health and Safety Code, and (3) this bill is enacted after AB 2920, in which case Section 25281 of the Health and Safety Code, as amended by AB 2920, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. (a) There is hereby granted to the City of Trinidad, hereinafter referred to as the "trustee", all of the right, title, and interest of the State of California held by the state by virtue of its sovereignty in and to all tide and submerged lands, whether filled or unfilled, situated in the City of Trinidad and as described in Section 13. The lands shall be held by the trustee and its successors in trust for the benefit of all the people of the state for purposes of commerce, navigation, and fisheries, and for other public purposes, including, but not limited to, preservation of the lands in their

natural state for scientific study, open space, wildlife habitat, and recreational uses, as more particularly provided in this act.

(b) This grant is subject to the following express conditions:

(1) The granted lands shall be used by the trustee and its successors for purposes in which there is a general statewide interest. The use of the lands shall be in conformity with a general use proposal adopted by the trustee and reviewed and approved by the State Lands Commission, hereafter referred to as the "commission." Changes or amendments to the general use proposal shall be reviewed and approved by the commission as provided under Section 3.

(2) The trustee or its successors shall not at any time grant, convey, give, or alienate the granted lands, or any part thereof, to any individual, firm, or corporation for any purposes whatsoever; except that the trustee or its successors may grant franchises thereon for limited periods, not exceeding 66 years, for wharves and other public uses and purposes, may lease the lands, or any part thereof, for limited periods, not exceeding 66 years, for purposes consistent with the trusts upon which the lands are held, and may collect and retain rents and other revenues from those leases, franchises, and privileges under rules and regulations adopted in accordance with Section 5.

Nothing contained in this paragraph affects the validity or terms of any franchise granted by the trustee under Division 3 (commencing with Section 6001) of the Public Utilities Code, and any such franchise shall be effective with respect to the affected lands when title thereto passes to the trustee under this act.

(3) In the management, conduct, operation, and control of the granted lands or any improvement, betterments, or structures thereon, the trustee or its successors shall make no discrimination in rates, tolls, or charges for any use or service in connection therewith.

(4) The state shall have the right to use, without charge, any transportation, landing, or storage improvements, betterments, or structures constructed upon the granted lands for any vessel or other watercraft or railroad owned or operated by the state.

(5) There is reserved to the people of the State of California the absolute right to fish in the waters over the granted lands, with the right of convenient access to those waters over the lands for that purpose.

(6) There is excepted and reserved to the state all remains of archaeological and historical significance and all deposits of minerals, including, but not limited to, all substances specified in Section 6407 of the Public Resources Code, in the granted lands, and the right to prospect for, mine, and remove those deposits from the lands.

(7) The trustee shall not authorize a capital outlay project, lease, or agreement for port facilities, such as marine terminals, pipelines, or other related energy facilities, on the granted lands without first requesting and receiving the approval, in writing, of the commission. Prior to approving any such capital outlay project, lease, or agreement, the commission shall consult with other governmental

agencies and shall determine that the project is in and for the best interest of the people of the state and consistent with provisions of law.

SEC. 2. (a) On or before September 30 of every succeeding fifth year, commencing on September 30, 1991, the trustee shall submit a report of its utilization of the granted lands for each immediately preceding five-calendar-year period ending with June 30 of the calendar year in which the report is required to be submitted.

(b) The report required by this section shall include all of the following:

(1) A general description of the uses to which the granted lands have been placed during the period covered by the report.

(A) The use to which the granted lands have been placed by the owner or holder.

(B) The consideration provided for in each such lease, permit, or franchise and the consideration actually received by the trustee for the lease, permit, or franchise granted or issued.

(C) An enumeration of the restrictions which the trustee has placed on the use of the granted lands and each area thereof for the period covered by the report.

SEC. 3. (a) On or before January 1, 1989, the trustee shall submit to the commission a general use proposal indicating details of intended development, preservation, or other use of the granted lands, and covering a period of not less than five years.

(b) The general use proposal may consist of any plan, program, or other document which includes all of the following:

(1) A general description of the type of uses planned or proposed for the granted lands. The location of these land uses shall be shown on a map or aerial photograph.

(d) The commission shall review with reasonable promptness the general use proposal submitted by the trustee, and any changes or amendments, to determine that they are in accordance with the

public trust obligation and the requirements of this act. On the basis of that review, the commission shall furnish the trustee with its formal recommendations.

SEC. 4. The trustee shall demonstrate good faith in carrying out the provisions of its general use proposal and amending it when necessary in accordance with Section 3. If the commission determines that the trustee has substantially failed to improve, restore, preserve, or maintain the granted lands, as required by the general use proposal, or has unreasonably delayed adopting that proposal, all right, title, and interest of the trustee in and to the granted lands shall revert to the state. All improvements, restoration, preservation, or maintenance of the granted lands shall be effected in accordance with the general use proposal.

SEC. 5. (a) The governing body of the trustee shall, within 180 days of the effective date of this act, submit to the commission for its approval, procedures, rules, and regulations to govern the issuance, renewal, or renegotiation of any lease of the granted lands, or any development thereon. These rules and regulations shall specify lease rates, the bases upon which the rates are established, lease terms and conditions, provision for renegotiation of rates and terms and assignments, and such other information as may be required by the commission.

(b) All leases, franchises, or agreements proposed, or entered into, by any trustee after the effective date of this section shall be consistent with the general use proposal submitted by the trustee.

(c) Upon request, the trustee shall submit to the commission a copy of all leases, franchises, and agreements entered into, renewed, or renegotiated.

(b) All revenues received from trust lands and trust assets shall be expended only for uses and purposes consistent with the public trust for commerce, navigation, and fisheries and with subdivision (a) of Section 1.

SEC. 7. Property acquired with those revenues shall be considered an asset of the trust and subject to the terms and conditions of this act.

SEC. 8. On or before October 1 of each year, the trustee shall file with the commission a detailed statement of all revenues and expenditures relating to its trust lands and trust assets, including obligations incurred, but not yet paid, covering the fiscal year preceding submission of the statement. This statement shall be prepared according to generally accepted accounting principles and may take the form of an annual audit prepared by or for the trust grantee.

SEC. 9. As to the expenditure of revenues for any single capital

improvement on the granted lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the trustee shall file with the commission a detailed description of the capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith. Within 90 days after the time of that filing, the commission shall determine, whether the capital improvement is in the statewide interest and benefit and is consistent with the conditions of this act. The commission may request the opinion of the Attorney General on the matter; and if it does so, a copy of that opinion shall be delivered to the trustee with the notice of its determination. In the event the commission notifies the trustee that the capital improvement is not authorized, the trustee shall not disburse any revenue for, or in connection with, the capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The trustee is authorized to bring suit against the state for the purpose of securing such an order or judgment, which suit shall have priority over all other civil matters. Service shall be made upon the executive officer of the commission and the Attorney General, and the Attorney General shall defend the state in that suit. If judgment is given against the state in the suit, no costs may be recovered.

SEC. 10. On June 30, 1989, and at the end of every third fiscal year thereafter, that portion of the trustee's tidelands trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of tidelands trust activities shall be deemed excess revenues; except that any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands made for purposes authorized by this act may be considered as expenditures for the purpose of determining excess revenues.

The excess revenues, as determined pursuant to this section, shall be allocated as follows: 85 percent shall be transmitted to the State Treasurer for deposit in the General Fund in the State Treasury; and 15 percent to the trustee for expenditures consistent with this act.

SEC. 11. The commission shall, from time to time, institute a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with, and that all other applicable provisions of law concerning the granted lands are being complied with in good faith.

SEC. 12. Section 6359 of the Public Resources Code does not apply to this act.

SEC. 13. The land granted in Section 1 is all that portion of Trinidad Bay adjacent to Fractional Section 26, Township 8 North, Range 1 West, Humboldt Meridian, described as follows:

Beginning at Monument 2 at the intersection of East Street and

View Avenue, as shown on the Map of the City of Trinidad prepared by Larson and MacMillan in 1961 and on file with the City Engineer for the City of Trinidad, California, the monument being 535.69 feet north and 786.95 feet west from the northeast corner of Section 26 and running thence south 4 degrees 28 minutes 30 seconds east along the southerly extension of the centerline of View Avenue 730 feet more or less to the ordinary high water mark of Trinidad Bay and the true point of beginning of the area herein described; thence from the true point of beginning westerly and southerly following the ordinary high water mark to its southernmost point on Trinidad Head; thence northeasterly along a straight line 1,600 feet more or less to the ordinary high water mark on the southernmost point on Prisoner Rock; thence east 1,850 feet more or less to the southerly extension of the east line of Fractional Section 26; thence north along the east line 1,350 feet more or less to the ordinary high water mark of Trinidad Bay; thence northwesterly along the ordinary high water mark 800 feet more or less to the true point of beginning, containing 100 acres more or less.

SEC. 14. (a) Notwithstanding Section 6084 of the Harbors and Navigation Code, the Crescent City Harbor District is exempt from the five-year loan limit specified in that section for the purposes of borrowing money to make improvements to accommodate the plan of the United States Coast Guard to station a new patrol boat in the Crescent City Harbor in January 1987.

(b) In order to protect the lives of Del Norte County residents and visitors, additional Coast Guard presence is vital. For the purposes of accommodating the Coast Guard's new 110-foot Island Class Cutter, numerous improvements to the harbor are necessary. A five-year loan term would force the district to charge prohibitively high rent to the Coast Guard. Therefore, a special exemption from Section 6084 of the Harbors and Navigation Code is granted to the district to allow up to a 20-year payback on loans necessary for these specific improvements.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11105.2 of the Penal Code is amended to read:

11105.2. (a) The Department of Justice may provide subsequent arrest notification to any agency authorized by Section 11105 to receive state summary criminal history information to assist in fulfilling employment, licensing, or certification duties upon the arrest of any person whose fingerprints are maintained on file at the Department of Justice as the result of an application for licensing, employment, or certification. Such notification shall consist of a current copy of the person's state summary criminal history transcript.

(b) Any agency, other than a law enforcement agency employing peace officers as defined in Section 830.1, subdivisions (a), (b), and (f) of Section 830.2, subdivision (a) of Section 830.3, subdivisions (a) and (b) of Section 830.5, and subdivision (a) of Section 830.31, shall enter into a contract with the Department of Justice in order to receive notification of subsequent arrests for licensing, employment, or certification purposes.

The Department of Justice shall terminate subsequent arrest notification on any applicant upon the request of the licensing, employment, or certifying authority.

(d) Any agency receiving a notification of subsequent arrest for a person unknown to the agency, or for a person no longer employed by the agency, or no longer eligible to renew the certificate or license for which subsequent arrest notification service was established shall immediately return such subsequent arrest notification to the Department of Justice, informing the department that the agency is no longer interested in the applicant. The agency shall not record or otherwise retain any information received as a result of such subsequent arrest notice.

(e) Any agency which submits the fingerprints of an applicant for employment, licensing, or certification to the Department of Justice

The subsequent arrest information shall be issued when there is an arrest and a conviction, or an arrest pending final adjudication for the commission or the attempted commission of a crime.

(b) Any agency, other than a law enforcement agency employing peace officers as defined in Section 830.1, subdivisions (a), (b), and (f) of Section 830.2, subdivision (a) of Section 830.3, subdivisions (a) and (b) of Section 830.5, and subdivision (a) of Section 830.31, shall enter into a contract with the Department of Justice in order to receive notification of subsequent arrests for licensing, employment, or certification purposes.

The Department of Justice shall terminate subsequent arrest notification on any applicant upon the request of the licensing, employment, or certifying authority.

(d) Any agency receiving a notification of subsequent arrest for a person unknown to the agency, or for a person no longer employed by the agency, or no longer eligible to renew the certificate or license for which subsequent arrest notification service was established shall immediately return such subsequent arrest notification to the Department of Justice, informing the department that the agency is no longer interested in the applicant. The agency shall not record or otherwise retain any information received as a result of the subsequent arrest notice.

(e) Any agency which submits the fingerprints of an applicant for employment, licensing, or certification to the Department of Justice for the purpose of establishing a record at the department to receive notification of subsequent arrest shall immediately notify the department if the applicant is not subsequently employed, or if the applicant is denied licensing or certification.

(f) An agency which fails to provide the Department of Justice with notification as set forth in subdivisions (c), (d), and (e) may be denied further subsequent arrest notification service.

(g) Notwithstanding subdivisions (c), (d), and (e), subsequent arrest notification by the Department of Justice and retention by the employing agency shall continue as to retired peace officers listed in subdivision (c) or Section 830.5.

A retired peace officer shall have no privilege to carry a weapon pursuant to this subdivision in the absence of the endorsement.

An honorably retired peace officer listed in subdivision (c) of Section 830.5 authorized to carry firearms by this subdivision shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. The individual retired peace officer shall be responsible for maintaining his or her eligibility to carry a firearm.

If the vehicle is not equipped with a trunk, such firearm shall be kept in a locked container in an area of the vehicle other than the utility or glove compartment.

SEC. 3. Section 12031 of the Penal Code is amended to read:

12031. (a) Except as provided in subdivision (b), (c), or (d), every person who carries a loaded firearm on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or in any public place or on any public street in a prohibited area of unincorporated territory is guilty of a misdemeanor.

Every person convicted under this section who has previously been convicted of an offense enumerated in Section 12001.6, or of any crime made punishable under this chapter, shall serve a term of at least three months in the county jail, or, if granted probation, or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned for a period of at least three months.

The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served

by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by such a disposition.

(b) Subdivision (a) shall not apply to any of the following:

The agency from which a peace officer is honorably retired may, upon initial retirement of the peace officer, or at any time subsequent thereto, deny or revoke, for good cause, the retired officer's privilege to carry a weapon as provided in this paragraph. A retired peace officer shall petition the issuing agency for renewal of his or her privilege to carry a loaded firearm in public every five years. Any peace officer who has been honorably retired shall be issued an identification certificate, which shall give the retired officer the privilege to carry a weapon pursuant to this subdivision when the issuing agency has endorsed the certificate indicating that the privilege exists. The endorsement shall specify the date when the endorsement is to be renewed again. A retired peace officer shall have no privilege to carry a weapon pursuant to this subdivision in the absence of the endorsement.

(5) Armored vehicle guards, as defined in Section 7521 of the Business and Professions Code, (A) if hired prior to January 1, 1977; or (B) if hired on or after such date, if they have received a Firearms Qualification Card from the Department of Consumer Affairs, in each case while acting within the course and scope of their employment.

(c) Subdivision (a) shall not apply to any of the following who have completed a regular course in firearms training approved by the Commission on Peace Officer Standards and Training:

(1) Patrol special police officers appointed by the police commission of any city, county, or city and county under the express

(3) Harbor policemen designated pursuant to Section 663.5 of the Harbors and Navigation Code.

(d) Subdivision (a) shall not apply to any of the following who have been issued a certificate pursuant to Section 12033. (4) Uniformed security guards or night watchmen employed by any public agency, while acting within the scope and in the course of their employment.

(5) Uniformed security guards, regularly employed and compensated as such by persons engaged in any lawful business, and uniformed alarm agents employed by an alarm company operator, while actually engaged in protecting and preserving the property of their employers or on duty or en route to or from their residence or

(i) Nothing in this section shall prevent any person from carrying a loaded firearm in an area within an incorporated city while engaged in hunting, during such time and in such area as the hunting is not prohibited by the city council.

(j) Nothing in this section is intended to preclude the carrying of any loaded firearm, under circumstances where it would otherwise be lawful, by a person who reasonably believes that the person or property of himself or herself or of another is in immediate, grave danger and that the carrying of such weapon is necessary for the preservation of such person or property. As used in this subdivision "immediate" means the brief interval before and after the local law enforcement agency, when reasonably possible, has been notified of the danger and before the arrival of its assistance.

(k) Nothing in this section is intended to preclude the carrying of

a loaded firearm by any person while engaged in the act of making or attempting to make a lawful arrest.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 11105.2 of the Penal Code proposed by both this bill and SB 751. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 11105.2 of the Penal Code, and (3) this bill is enacted after SB 751, in which case Section 1 of this bill shall not become operative.

CHAPTER 938

An act to add Section 1596.96 to the Health and Safety Code, relating to day care facilities for children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1596.96 is added to the Health and Safety Code, to read:

1596.96. (a) The department and the licensing agencies with which it contracts for licensing shall review and make a final determination within 60 days on all applications for a license to operate a day care facility for children by an organization which possesses a current valid license to operate a day care facility for children at another site.

(b) If the department for any reason is unable to comply with subdivision (a), it shall grant a provisional license to the applicant to operate for a period not to exceed six months. While the provisional license is in effect, the department shall continue its investigation and make a final determination on the application before the provisional license expires. The provisional license shall be granted, provided no life safety risks are involved, upon completion of all clearances applicable to fire safety and criminal records, as required by the department's rules and regulations. The director may extend the term of a provisional license for an additional six months at the time of the application, if the director determines that more than six months will be required to achieve full compliance with licensing standards due to circumstances beyond the control of the applicant, and if all other requirements for a license have been met.

(c) The department shall immediately develop expedited procedures necessary to implement subdivisions (a) and (b).

(d) The department shall immediately develop an appeal

procedure for applicants under this section for both denial of licenses and delay in processing applications.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Badly needed day care facilities in this state shall be forced to close down unless the provisions of this act are enacted, and therefore it is necessary that this act take effect immediately.

CHAPTER 939

An act to amend Sections 1463, 1463.05, 1463.4, 1463.5a, and 1463.6 of the Penal Code, to amend Section 27174.1 of the Streets and Highways Code, and to amend Sections 4760, 4761, 4762, 4763, 4764, 4765, 9800, 40309, 40510, 40521, and 41102 of, to add Article 3 (commencing with Section 40200) to Chapter 1 of Division 17 of, and to repeal Sections 40309.5, 41103, 41103.2, and 41103.5 of, the Vehicle Code, relating to parking violations.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that vehicle parking violations are not being processed in a uniform or consistent manner and that the existing statutory procedures are causing confusion to the courts, the issuing agencies, and the people and are resulting in practices which may offend constitutional requirements of procedural due process. The Legislature further finds that existing procedures for processing parking violations cause conflict in the allocation of parking fine revenues between the affected local authorities. The Legislature further finds that existing procedures are permitting some persons to accumulate excessive numbers of unsatisfied parking violations while, at the same time, causing others to be subject to excessive fees or the loss of their vehicles through liens for which they have had neither notice nor opportunity to be heard.

SEC. 2. Section 1463 of the Penal Code is amended to read:

1463. Except as otherwise specifically provided by law:

(a) All fines and forfeitures including Vehicle Code fines and forfeitures collected upon conviction or upon the forfeiture of bail, together with moneys deposited as bail, in any municipal court or justice court, shall, as soon as practicable after the receipt thereof, be deposited with the county treasurer of the county in which the court is situated. The moneys so deposited shall be distributed as follows:

(1) Once a month there shall be transferred into the proper funds

of the county an amount equal to the fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail following arrests made by officers or other persons employed by the state or by the county in which the court is situated, exclusive of fines or forfeitures or forfeitures of bail collected from any person arrested by a state officer and charged with the commission of a misdemeanor under the Vehicle Code within the limits of a city within the county.

(2) Except as otherwise provided in this subdivision, once a month there shall be transferred into the traffic safety fund of each city in the county an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested by a state officer and charged with the commission of a misdemeanor under the Vehicle Code within that city, and an amount equal to the remaining 50 percent shall be transferred to the special road fund of the county. However, the board of supervisors of the county may, by resolution, provide that not more than 50 percent of the amount to be transferred to the special road fund of the county, be transferred into the general fund of the county.

Once a month there shall be transferred into the general fund of the county an amount equal to that percentage of the fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested by a state officer and charged with the commission of a misdemeanor under the Vehicle Code on state highways constructed as freeways whereon city police officers enforced the provisions of the Vehicle Code on April 1, 1965, within the limits of a city within the county which is set forth in the schedule appearing in paragraph (3). If this paragraph is applicable within a city, it shall apply uniformly throughout the city to all freeways regardless of the date of freeway construction or completion.

(3) Once a month there shall be transferred into the general fund of the county an amount equal to that percentage of the fines and forfeitures collected during the preceding month upon conviction or upon the forfeiture of bail following arrests made by officers or other persons employed by each city in the county which is set forth in the following schedule:

In any county for which a county percentage is set forth in the above schedule and which contains a city which is not listed or which is hereafter created, there shall be transferred to the county general fund the county percentage. In any county for which no county percentage is set forth, and in which a city is hereafter created, there shall be transferred to the county general fund 15 percent.

A county and a city therein may, by mutual agreement, adjust the percentages herein.

(4) Once a month there shall be transferred to each city in the county an amount equal to the total sum remaining after the transfers provided for in paragraphs (2) and (3) have been made of the fines and forfeitures collected during the preceding month upon conviction or upon the forfeiture of bail following arrests made by officers or other persons employed by that city or arrests made by state officers for misdemeanor violations of the Vehicle Code.

(b) Any money deposited with the court or with the clerk thereof which, by order of the court or for any other reason, should be returned, in whole or in part, to any person, or which is by law payable to the state or to any other public agency, shall be paid to that person or to the state or to the other public agency by warrant of the county auditor, which shall be drawn upon the requisition of the clerk of such court.

All money deposited as bail which has not been claimed within one year after the final disposition of the case in which the money was deposited, or within one year after an order made by the court for the return or delivery of the money to any person, shall be apportioned between the city and the county and paid or transferred in the manner provided above for the apportionment and payment of fines and forfeitures. This paragraph controls over any conflicting provisions of law.

(c) This section does not require any county or municipal or justice court to process a parking penalty under Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the

Vehicle Code for a city, district, or any other issuing agency prior to the filing of a complaint.

SEC. 3. Section 1463.05 of the Penal Code is amended to read:

1463.05. Notwithstanding Section 1463, out of moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred once a month, to the treasurer of any recreation and park district in the county for deposit in the district fund, an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon conviction of any person or upon the forfeiture of bail from any person arrested or notified by a peace officer of the district and charged with a violation of any rule, regulation, or ordinance of the district committed on property owned, administered, controlled, or policed by the district, and an amount equal to the remaining 50 percent shall be transferred into the general fund of the county.

SEC. 4. Section 1463.4 of the Penal Code is amended to read:

1463.4. Notwithstanding Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred once a month, into the general fund of any regional park district in the county, an amount equal to 90 percent of all fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested or notified by police officers appointed or employed by the regional park district and charged with a violation of the provisions of the Vehicle Code or vehicle regulations of the district upon property owned, leased, or policed by the district within the county, and an amount equal to the remaining 10 percent shall be transferred into the general fund of the county.

SEC. 5. Section 1463.5a of the Penal Code is amended to read:

1463.5a. (a) Notwithstanding any other provision of law, a municipal or justice court shall either authorize the California State University or any campus thereof to receive, deposit, accept forfeiture, and otherwise process the posting of bail for parking violations for which the California State University has issued a written notice of parking violation pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code within the judicial district, or the court shall receive, deposit, accept forfeiture, and otherwise process the posting of bail for parking violations.

(b) Notwithstanding subdivision (a) of Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred, once a month, to the State Treasury to the credit of the State University Parking Revenue Fund an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon the conviction or upon the forfeiture of bail from any person arrested or notified by a member of the state college police and charged with a violation of parking regulations adopted by or with the sanction of the Trustees of the California State University pursuant to subdivision (a) of Section

21113 of the Vehicle Code which are applicable to parking upon property under the possession or control of the trustees, and an amount equal to the remaining 50 percent shall be transferred to the general fund of the county.

(c) If the moneys are deposited directly with the California State University or any campus thereof and forfeited pursuant to subdivision (a), all those moneys shall be transferred, once a month, to the State Treasury to the credit of the State University Parking Revenue Fund.

SEC. 6. Section 1463.6 of the Penal Code is amended to read:

1463.6. (a) Notwithstanding any other provision of law, a municipal or justice court shall either authorize the Regents of the University of California to receive, deposit, accept forfeiture and otherwise process the posting of bail for parking violations for which the Regents of the University of California has issued a written notice of parking violation pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code within the judicial district, or the court shall receive, deposit, accept forfeiture and otherwise process the posting of bail for such parking violations. Notwithstanding subdivision (a) of Section 1463, if the court makes that authorization, the regents may retain the forfeited bail collected.

(b) Notwithstanding subdivision (a) of Section 1463, out of the moneys deposited with the county treasurer pursuant to Section 1463, there shall be transferred first, once a month, to the Regents of the University of California an amount equal to 50 percent of all fines and forfeitures collected during the preceding month upon the conviction or upon the forfeitures of bail from any person arrested or notified by a member of the University of California Police and charged with a violation of parking regulations adopted by or with the sanction of the Regents of the University of California pursuant to subdivision (a) of Section 21113 of the Vehicle Code which are applicable to parking upon property within the county under the possession or control of the regents, and an amount equal to the remaining 50 percent shall be transferred into the general fund of the county.

SEC. 7. Section 27174.1 of the Streets and Highways Code is amended to read:

27174.1. The district may adopt rules and regulations not inconsistent with the Vehicle Code for the control of traffic on any facility of travel constructed by the district, to aid and ensure the safe and orderly flow of traffic, and shall, so far as practicable, notify the public of those rules and regulations by signs on the facility of travel. The district may also adopt rules and regulations pertaining to parking areas in conjunction with any facilities of travel constructed or maintained by the district. The district may also adopt rules and regulations governing the use of all modes of transportation owned, operated, or maintained by the district.

The district may enforce any rule, regulation, or ordinance

adopted by the board of directors of the district pursuant to this section or subdivision (a) of Section 21113 of the Vehicle Code and relating to stopping or parking of vehicles by the issuance of notices of parking violation and notices of delinquent parking violation in the manner prescribed by Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code. Notices of parking violation and notices of delinquent parking violation may be issued by those employees of the district authorized by rule, regulation, or ordinance of the district.

SEC. 8. Section 4760 of the Vehicle Code is amended to read:

4760. (a) Except as provided in subdivision (b), the department shall refuse to renew the registration of any vehicle whose registered owner, rentee, or lessee has been mailed a notice of delinquent parking violation relating to standing or parking, an itemization of unpaid parking penalties, including administrative fees, has been filed with, or electronically transmitted to, the department under Section 40220, and that person has not paid the parking penalty and administrative fee pursuant to Section 40211, unless he or she pays to the department, at the time of application for renewal, the full amount of all outstanding parking penalties and administrative fees, as shown by records of the department.

(b) The department shall not refuse to renew the registration of any vehicle owned by a renter or lessor when the renter or lessor applies for renewal without paying to the department, at the time of submitting the application for renewal, the full amount of all outstanding parking penalties and administrative fees as shown by records of the department, if the application for renewal is accompanied by an affidavit of the applicant in a form acceptable to the department stating that the vehicle was in the possession of the rentee or lessee at the time of occurrence of the parking violation for which the full amount of parking penalties is not enclosed and the name, address, and driver's license number of the rentee or lessee.

SEC. 9. Section 4761 of the Vehicle Code is amended to read:

4761. The department shall include on each potential registration card issued for use at the time of renewal, or on an accompanying document, an itemization of unpaid parking penalties, including administrative fees, showing the amount thereof and the jurisdiction which issued the notice of parking violation relating thereto, which the registered owner or lessee is required to pay pursuant to Section 4760.

SEC. 10. Section 4762 of the Vehicle Code is amended to read:

4762. The department shall remit all parking penalties and administrative fees collected, after deducting the administrative fee authorized by Section 4763, for each notice of delinquent parking violation for which parking penalties and administrative fees have been collected pursuant to Section 4760, to each jurisdiction in the amounts due to each jurisdiction according to its unadjudicated notices of delinquent parking violation. Within 45 days from the time penalties are recorded by the department, the department shall

inform each jurisdiction which of its notices of delinquent parking violation have been discharged.

SEC. 11. Section 4763 of the Vehicle Code is amended to read:

4763. The department shall assess a fee for the recording of the notice of delinquent parking violation, which is given to the department pursuant to Section 40220, in an amount, as determined by the department, that is sufficient to provide a total amount equal to its actual costs of administering Sections 4760, 4761, 4762, 4764, and 4765.

SEC. 12. Section 4764 of the Vehicle Code is amended to read:

4764. Whenever a vehicle is transferred or not renewed for two renewal periods and the former registered owner or lessee of the vehicle owes a parking penalty for a notice of delinquent parking violation filed with the department pursuant to Section 40220, the department shall notify each jurisdiction of that fact and is not required thereafter to attempt collection of the undeposited parking penalty and administrative fees.

SEC. 13. Section 4765 of the Vehicle Code is amended to read:

4765. No exemption from the payment of any fee imposed by this code is an exemption from the obligation of a registered owner or lessee to pay the full amount of parking penalties and administrative fees pursuant to Section 4760.

SEC. 14. Section 9800 of the Vehicle Code is amended to read:

9800. (a) Payments for any of the following, and any interest, penalties, or service fees added thereto, required to register or transfer the registration of a vehicle, constitute a lien on the vehicle on which they are due or which was involved in the offense, and on any other vehicle owned by the owner of that vehicle:

(1) Registration fees.

(2) Transfer fees.

(3) License fees.

(4) Use taxes.

(5) Penalties for offenses relating to the standing or parking of a vehicle for which a notice of parking violation has been served on the owner.

(b) Notwithstanding subdivision (a), if a person is cited for a foreign registered auxiliary dolly, semitrailer, or trailer having been operated without current year registration or valid California permits or registration, an amount equal to the minimum registration fees or transfer fees, and any penalty added thereto, from the date they became due, shall, by election of the power unit operator, constitute a lien upon the California registered power unit which was pulling the dolly, semitrailer, or trailer. However, this subdivision is not applicable if the citation is issued at a scale operated by the Department of the California Highway Patrol and registration for the vehicle can be issued there immediately upon payment of the fees due.

(c) Every lien arising under this section expires three years from the date the fee, tax, or parking penalty first became due.

(d) Employees and members of the Department of the California Highway Patrol assigned to commercial vehicle scale facilities are agents of the Department of Motor Vehicles for the purposes of collecting fees and taxes which are a lien on commercial vehicles.

(e) Employees and members of the Department of the California Highway Patrol assigned to commercial vehicle scale facilities may possess and sell trip permits approved by the Department of Motor Vehicles.

SEC. 15. Article 3 (commencing with Section 40200) is added to Chapter 1 of Division 17 of the Vehicle Code, to read:

Article 3. Procedure on Parking Violations

40200. (a) Except as provided in subdivision (b), this article governs the procedure for enforcement and prosecution of any violation of any regulation governing the standing or parking of a vehicle under this code, under any federal statute or regulation, or under any ordinance enacted by local authorities.

(b) If the driver of the vehicle is at or in the vehicle at the time the peace officer or other person authorized to enforce parking laws and regulations determines the vehicle is standing or parked in violation of the laws or regulations governing standing or parking of a vehicle, the driver may be arrested and prosecuted pursuant to Article 1 (commencing with Section 40300) of Chapter 2, and this article does not apply.

40200.1. No provision of this article or any other provision of law requires any county, or any municipal or justice court, to process parking violations and notices of delinquent parking violation for a city, a district, or any other issuing agency prior to filing of a complaint with the court pursuant to Section 40230. A complaint based upon a notice of delinquent parking violation shall be filed with the court only pursuant to Section 40230.

40200.2. (a) If a county or a court within a county has been processing notices of parking violations and notices of delinquent parking violations for a city, a district, or any other issuing agency prior to January 1, 1987, the court shall continue to process those notices unless the court elects to discontinue that processing.

(b) If a court continues to process notices of parking violations and notices of delinquent parking violations pursuant to subdivision (a), for purposes of this article, excepting Sections 40203.5, 40205, 40211, 40215, 40219, 40220, 40221, 40226, and 40230 and subdivision (d) of Section 40206.5 and subdivision (a) of Section 40223 "processing agency" means that court.

40200.3. If the court processes notices of parking violations and notices of delinquent parking violations under Section 40200.2 or 40200.5, all amounts collected by the court, including, but not limited to, fines, forfeitures, penalty assessments, administrative service fees, and process service fees, shall be deposited and allocated pursuant to Division 18 (commencing with Section 42000) of this code, Chapter

12 (commencing with Section 76000) of Title 8 of the Government Code, and Chapter 1 (commencing with Section 1425) of Title 11 of Part 2 of the Penal Code.

40200.4. If a county or court within a county has been processing notices of parking violations and notices of delinquent parking violations for a city, a district, or any other issuing agency prior to January 1, 1987, and the court elects to discontinue and transfers that processing, the issuing agency and the county may provide in an agreement for the orderly transfer of the processing activity. The agreement shall permit the county or court to phase out, and the issuing agency to phase in, or transfer, personnel, equipment and facilities that may have been acquired or need to be acquired in contemplation of a long-term commitment to process notices of parking violations and notices of delinquent parking violations for the issuing agency under this article.

If the court elects to transfer the processing function, the court shall authorize a representative of the issuing agency to receive parking penalties for notices of parking violations and notices of delinquent parking violations issued within the agency's jurisdiction. The court shall not transfer the processing function to the Department of the California Highway Patrol or a sheriff's office. The clerk of the court is authorized to receive parking penalties resulting from notices of parking violations and notices of delinquent parking violations issued by the Department of the California Highway Patrol or a sheriff's office and for any other area of the court's jurisdiction where the court has not transferred the processing function to the issuing agency.

40200.5. (a) Except as provided in Section 40200.2, an issuing agency may elect to contract with the county, with the municipal or justice court of competent jurisdiction, with a private vendor, or with any other issuing agency within the county, with the consent of that other entity, for the processing of notices of parking violations and notices of delinquent parking violations, prior to filing with the court pursuant to Section 40230.

(b) Any contract entered pursuant to subdivision (a) shall provide for distribution of amounts collected between the parties, except as otherwise provided in Section 40200.3 or this article.

40200.6. If a contract is entered into pursuant to Section 40200.5, for the purposes of this article, "processing agency" means the contracting party responsible for the processing of the notices of parking violations and notices of delinquent parking violations.

40202. (a) If a vehicle is unattended during the time of the violation, the peace officer or person authorized to enforce parking laws and regulations shall securely attach to the vehicle a notice of parking violation setting forth the violation, including reference to the section of this code or of the local ordinance or federal statute or regulation so violated, the approximate time thereof, and the location where the violation occurred and fixing a time and place for appearance by the registered owner or the lessee or renter to answer

the notice of parking violation. The notice of parking violation shall also set forth the vehicle license number and registration expiration date, the color of the vehicle, and, if possible, the make of the vehicle.

(b) The notice of parking violation shall be attached to the vehicle either under the windshield wiper or in another conspicuous place upon the vehicle so as to be easily observed by the person in charge of the vehicle upon the return of that person.

40203. The notice of parking violation shall be accompanied by a written notice of the parking penalty due for that violation and the address of the person authorized to receive a deposit of the parking penalty, to whom payments may be sent, and a statement in bold print that payments of the parking penalty for the parking violation may be sent through the mail.

40203.5. The parking penalty imposed under this article shall be established by the issuing agency in the same amount and subject to the same limitations as bail and surcharges for a parking offense established under Section 1269b of the Penal Code and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code.

40204. If the parking penalty is received by the person authorized to receive the deposit of the parking penalty, the proceedings under this article shall terminate.

40205. If a person appears before the person authorized to receive a deposit of the parking penalty in response to the notice of parking violation and contests it, the processing agency shall proceed in accordance with Section 40215.

40206. (a) If the payment of the parking penalty is not received by the person authorized to receive a deposit of the parking penalty by the time and date fixed for appearance on the notice of parking violation under Section 40202, the processing agency shall serve or mail to the registered owner a notice of delinquent parking violation.

(b) Delivery of a notice of delinquent parking violation under this section may be made by personal service or by first-class mail addressed to the registered owner.

40206.5. (a) Within 15 days of a request, by mail or in person, the issuing agency shall provide to any person who has received a notice of delinquent parking violation, or his or her agent, a photostatic copy of the original notice of parking violation. The issuing agency may charge a fee sufficient to recover the actual cost of providing the copy, not to exceed two dollars ($2). Failure to comply with a request for a copy of the original notice of parking violation is a dismissal of the charge.

(b) If the description of the vehicle on the notice of parking violation does not match the corresponding information on the registration card for that vehicle, the processing agency may, on written request of the person cancel the notice of parking violation without the necessity of an appearance by that person.

(c) For purposes of this section, a copy of the notice of parking violation may be a photostatic copy.

(d) If the processing agency does not cancel the notice pursuant to subdivision (b), it shall file a complaint with the court pursuant to Section 40230.

40207. The notice of delinquent parking violation shall contain the information specified in Section 40202 and subdivision (a) of Section 40203, and, additionally shall contain a notice to the registered owner that, unless the registered owner makes payment of the parking penalty through the mail within 10 days after mailing of the notice of delinquent parking violation, appears before the person authorized to receive a deposit of the parking penalty within 10 days after mailing of the notice of delinquent parking violation, or completes and files an affidavit of nonliability, the renewal of the vehicle registration may be contingent upon compliance with the notice of delinquent parking violation or that a warrant for the arrest of the registered owner may be issued. If the registered owner appears before, and makes payment to, or sends by mail to, the person authorized to receive a deposit of the parking penalty within 10 court days of the mailing of the notice of delinquent parking violation, the penalty shall consist of the amount of the original penalty.

40208. The notice of delinquent parking violation shall contain, or be accompanied with, an affidavit of nonliability and information of what constitutes nonliability, information as to the effect of executing the affidavit, and instructions for returning the affidavit to the issuing agency.

40209. If the affidavit of nonliability is returned together with proof of a written lease or rental agreement for a particular vehicle which identifies the lessee or renter and provides the driver's license number and address of the lessee or renter, the processing agency shall either cancel the notice of delinquent parking violation or, if the processing agency is other than a court, shall file a complaint with the court, together with the proof and affidavit, pursuant to Section 40230, against the registered owner or against the lessee or renter.

40210. (a) If the affidavit of nonliability is returned with evidence that the registered owner served has made a bona fide sale or transfer of the vehicle and has delivered possession thereof to the purchaser prior to the date of the alleged violation, the processing agency shall obtain verification from the department that the registered owner has complied with Section 5602.

(b) If the registered owner has complied with Section 5602, the processing agency shall cancel the notice of delinquent parking violation with respect to the registered owner.

(c) If the registered owner has not complied with Section 5602, the processing agency shall either cancel the notice of delinquent parking violation or, if the processing agency is other than a court, file a complaint, together with the evidence and affidavit, against the registered owner with the court pursuant to Section 40230.

40211. (a) If the registered owner, or an agent of the registered owner, who was served with the notice of delinquent parking

violation, or any other person who presents the notice of parking violation or notice of delinquent parking violation after the notice of delinquent parking violation has been issued for delivery under Section 40206, appears before the person authorized to receive a deposit of the parking penalty, the processing agency shall do both of the following:

(1) Deliver a copy of the notice of delinquent parking violation issued under Section 40206 to the person and record the name, address, and driver's license number of the person actually given the copy in the records of the issuing agency.

For the purposes of this paragraph, a copy of the notice of delinquent parking violation may be a photostatic copy.

(2) Determine whether the notice of delinquent parking violation has been filed with the department pursuant to subdivision (b) of Section 40220 or a complaint has been filed in court pursuant to Section 40230.

(b) If the notice of delinquent parking violation has not been filed in court or with the department and payment of the parking penalty and any applicable assessments is received, the proceedings under this article shall terminate.

(c) If the notice of delinquent parking violation has been filed with the department, has been returned under subdivision (b) of Section 4760 or Section 4764, and payment of the parking penalty together with the administrative service fee of the processing agency for costs of service and any applicable assessments is received, the proceedings under this article shall terminate.

(d) If the notice of delinquent parking violation has been filed with the department and has not been returned under Section 4760, 4762, or 4764, and payment of the parking penalty together with the administrative fee of the department established under Section 4763, the administrative service fee of the issuing agency for costs of service, and any applicable assessments is received by the processing agency, the processing agency shall do all of the following:

(1) Sign a certificate of payment.

(2) Deliver a copy of the certificate to the registered owner or the agent.

(3) Immediately transmit a copy of the certificate to the department.

(4) Terminate proceedings on the notice of delinquent parking violation.

(5) Transmit for deposit all parking penalties and assessments in accordance with law.

(e) If a complaint has been filed in court, the registered owner or the registered owner's agent shall be referred to the court, and the processing agency shall take no further action on the notice of delinquent parking violation.

(f) If the person refuses to pay the parking penalty under subdivision (b), refuses to pay the parking penalty and administrative service fees or assessment under subdivision (c) or

(d), or otherwise contests the notice of delinquent parking violation, the processing agency shall proceed in accordance with Section 40215.

40215. (a) If the person served with a notice of parking violation or a notice of delinquent parking violation appears before the person authorized to receive a deposit of the parking penalty and contests the violation, the processing agency shall do either of the following:

(1) If the processing agency is satisfied that the violation did not occur or that the registered owner was not responsible for the violation, the processing agency shall cancel the notice of parking violation or notice of delinquent parking violation and make an adequate record of the reasons for canceling the notice.

(2) The processing agency shall set a trial date and provide documentation to the court as specified by local court rule. Except as the rules provide otherwise, the processing agency shall record the person's name, address, and driver's license number and verify whether the person appearing has received a notice of parking violation conforming to Section 40202 or a notice of delinquent parking violation conforming to Sections 40207 and 40208. The processing agency shall assign a specific date and time as approved by the court for appearance by the person contesting the violation and shall then file a complaint and a copy of the notice of delinquent parking violation with the court pursuant to Section 40230 within 15 days. The processing agency shall notify the registered owner or other person contesting the violation of the filing and the date and time for appearance in the same manner as provided in Section 40206. Thereafter, all proceedings shall be had by the court in the same manner as infraction violations of this code.

(b) If the processing agency has filed the notice of delinquent parking violation with the department for collection pursuant to Section 40220, the processing agency shall recall the notice by notifying the department that the notice of delinquent parking violation has been filed with the court and informing the department of the court file or docket number of the matter.

40219. The processing agency shall inquire of the department whether or not the registered owner has complied with the requirements of Section 5602 in any of the following cases:

(a) If the registered owner served with the notice of delinquent parking violation does not appear in person or by mail.

(b) If service was attempted by mail under Section 40206 and is returned unserved.

(c) If personal service was attempted under Section 40206 and cannot with reasonable diligence be personally delivered.

(d) If notice is received from the department reporting noncollection under Section 4764.

(e) Except as provided in Sections 40209, 40210, or 40211, if any

mailed response to service of a notice of delinquent parking violation does not provide satisfactory evidence of nonliability and an affidavit of nonliability and notice of that fact is mailed to the respondent.

40220. Except as provided in Section 40222, after inquiry pursuant to Section 40219, the processing agency shall elect to proceed under one and only one of the following options:

(a) Cancel the notice of delinquent parking violation, in which case no further proceedings shall occur.

(c) File a complaint with the court, together with supporting documents and other evidence, pursuant to Section 40230.

40221. The processing agency shall not file a complaint with the court relating to a parking violation which has been filed with the department unless the processing agency recalls the department filing pursuant to subdivision (b) of Section 40215.

40222. The processing agency shall terminate proceedings on the notice of delinquent parking violation in any of the following cases:

(a) Upon receipt of collected penalties and administrative fees remitted by the department under Section 4762 for that notice of delinquent parking violation. The termination under this subdivision is by satisfaction of the parking penalty.

(b) If the notice of delinquent parking violation was returned to the processing agency pursuant to Section 4764 and five years have elapsed since the date of the violation. The termination under this subdivision is by the running of a statute of limitation of proceedings.

(c) The processing agency receives information, which it shall verify with the department, that the penalty has been paid to the department pursuant to Section 4762.

40223. If the notice of delinquent parking violation is filed with the department under subdivision (b) of Section 40220 and the department returns the notice of delinquent parking violation by notice of noncollection pursuant to subdivision (b) of Section 4760 or Section 4764, the processing agency may elect to do either of the following:

(a) Except as provided by Section 40222, file a complaint with the court, together with supporting documents and other evidence, pursuant to Section 40230.

(b) Cancel the notice of delinquent parking violation, in which case no further proceedings shall occur.

40224. The time limitation provided by law for commencement of a criminal action for an offense specified in Section 40200 shall be tolled from and after the date a notice of delinquent parking violation is filed with the department pursuant to subdivision (b) of Section 40220 until the notice is returned to the processing agency under subdivision (b) of Section 4760 or Section 4762 or 4764 or is recalled by the processing agency pursuant to subdivision (b) of

Section 40215.

40225. A registration or equipment violation which occurred and was entered on the notice of parking violation attached to the vehicle under Section 40203 shall be processed in accordance with this article. All of the equipment and registration violations entered on the notice of parking violation shall be noticed in the notice of delinquent parking violation served or mailed pursuant to Section 40206, together with the amount of bail prescribed by the court for that infraction.

Any bail collected pursuant to this section for registration or equipment violations by an processing agency shall be paid to the court, accompanied with a copy of the notice of parking violation or notice of delinquent parking violation containing the notice of the registration or equipment violation, and the court shall process that bail and offense in the same manner as bail posted on a notice to appear issued pursuant to Section 40500.

40226. (a) Any parking penalties or administrative fees, excepting fees collected pursuant to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code or pursuant to Division 18 (commencing with Section 42000) of this code, which are received by an issuing agency acting as a processing agency, or by a processing agency acting on behalf of an issuing agency, under this article, shall be deposited in the same manner and with the same depository as are general funds, special funds, or special accounts of the issuing agency, shall be used for the purposes of the issuing agency, and are otherwise not subject to Chapter 1 (commencing with Section 1425) of Title 11 of Part 2 of the Penal Code.

(b) Parking penalties collected by the court shall be deposited and allocated pursuant to Section 40200.3.

40230. (a) When an processing agency files a complaint with the court pursuant to Section 40206.5, 40209, 40210, 40215, 40220, or 40223, a copy of the notice of delinquent parking violation issued for service under Section 40206 shall be filed with the court within 15 days and, if prepared in the form approved by the Judicial Council, shall be treated as a written notice to appear under Article 2 (commencing with Section 40500) of Chapter 2 for all further proceedings.

(b) After filing of a complaint on a notice of delinquent parking violation under this section, the court shall exercise all further jurisdiction over the violation. Any fines or forfeitures collected by the court, after filing of a complaint, shall be collected, deposited, and disbursed as are fines and forfeitures in other prosecutions of violations of this code.

SEC. 16. Section 40309 of the Vehicle Code is amended to read:

40309. Whenever a notice of parking violation is issued in accordance with Sections 40202 and 40203, or a notice of delinquent parking violation is issued pursuant to Section 40206, the amount fixed as a parking penalty for the violation charged may be forwarded by United States mail to the person authorized to receive a deposit of the parking penalty. Payment of a parking penalty

forwarded by mail is effective only when actually received, and the presumption that a letter duly directed and mailed was received does not apply. Section 40512 is applicable to a parking penalty posted pursuant to this section.

SEC. 17. Section 40309.5 of the Vehicle Code is repealed.

SEC. 18. Section 40510 of the Vehicle Code is amended to read:

40510. (a) Prior to the date upon which a defendant promised to appear, or prior to the time to appear contained on a notice of filing of a complaint on a notice of delinquent parking violation pursuant to subdivision (a) of Section 40215 or on a process issued after filing with the court under Section 40230, or prior to the expiration of any lawful continuance of that date, or upon receipt of information that an action has been filed and prior to the scheduled court date, the defendant may deposit bail or a parking penalty with the magistrate or the person authorized to receive a deposit of bail or parking penalties.

(b) For any offense which is not declared to be a felony, a deposit of bail or a parking penalty may be by a personal check meeting the criteria established in accordance with subdivision (c).

(c) Each court, sheriff, or other agency which regularly accepts deposits of bail or parking penalties, shall adopt a written policy governing the acceptance of personal checks in payment of bail or parking penalty deposits. The policy shall permit clerks and other appropriate officers to accept personal checks under conditions which tend to assure the validity of the checks.

(d) The written policy governing the acceptance of personal checks adopted pursuant to subdivision (c) shall provide that the payee of the deposit made by personal check shall be the agency accepting the deposit.

SEC. 19. Section 40521 of the Vehicle Code is amended to read:

40521. (a) Except when personal appearance is required by the bail schedule established under Section 1269b of the Penal Code, a person to whom a notice to appear has been issued under Section 40500, or a person to whom a notice of delinquent parking violation has been issued and against whom a complaint has been filed pursuant to Section 40230, who intends to forfeit bail or a parking penalty and to pay any assessment, may forward by United States mail the amount fixed as bail or the parking penalty, together with the appropriate amount of any assessment, to the person authorized to receive a deposit of bail. The amounts may be paid in the form of a personal check which meets the criteria established pursuant to subdivision (c) of Section 40510, or a bank cashier's check or a money order. Bail or a parking penalty and any assessment shall be paid not later than the date of appearance set forth in the notice to appear or prior to the expiration of any lawful continuance of that date.

(b) Bail or a parking penalty forwarded by mail is effective only when the funds are actually received.

(c) Section 40512 is applicable to bail or a parking penalty paid pursuant to this section. Upon the making of the order pursuant to

Section 40512 that no further proceedings be had, the amount paid as bail or a parking penalty shall be paid into the city or county treasury, as the case may be, and the assessment shall be transmitted to the State Treasury in the manner provided in Section 1464 of the Penal Code.

SEC. 20. Section 41102 of the Vehicle Code is amended to read:

41102. (a) In any prosecution against the registered owner of a motor vehicle charging a violation of any regulation governing the standing or parking of a vehicle under this code, any federal statute or regulation, or any ordinance enacted by local authorities, proof that the particular vehicle described in the complaint was parked in violation of any provision of this code, any federal statute or regulation, or that ordinance, together with proof that the defendant named in the notice of delinquent parking violation issued under Section 40206 or the complaint was at the time of parking the registered owner of the vehicle, is prima facie evidence that the registered owner of the vehicle was the person who parked or placed, or caused to be parked or placed, the vehicle at the point where, and for the time during which, the violation occurred, but, for purposes of this subdivision, proof that a person is the registered owner of a vehicle is not prima facie evidence that the registered owner has violated any other provision of law. Proof of a written lease of, or rental agreement for, a particular vehicle described in the complaint, on the date and time of the violation, which lease or rental agreement includes the name, address, and driver's license number of the person to whom the vehicle is leased or rented, a copy of which was delivered to the processing agency issuing the notice of delinquent parking violation under Section 40206 within 30 days after mailing of that notice, shall rebut the prima facie evidence that the registered owner was the person who parked or placed, or caused to be parked or placed, the vehicle at the time and place where the violation occurred. The above provisions apply only when the procedure required by Section 40209 is complied with.

(b) In any prosecution against the lessee or renter of a motor vehicle charging a violation of any regulation governing the standing or parking of a vehicle under this code, any federal statute or regulation, or any ordinance enacted by local authorities, proof that the particular vehicle described in the complaint filed pursuant to Section 40230 was parked in violation of any provision of this code, any federal statute or regulation, or such ordinance, together with proof that the defendant named in the complaint was at the time of parking the lessee or renter of the vehicle, shall constitute prima facie evidence that the lessee or renter of the vehicle was the person who parked or placed, or caused to be parked or placed, the vehicle at the point where, and for the time during which, the violation occurred, but for the purposes of this subdivision, proof that a person is the lessee or renter of a vehicle is not prima facie evidence that the lessee or renter has violated any other provision of law.

(c) In any prosecution charging a violation of any provision of this

code requiring the display of any evidence of registration, with respect to an unattended vehicle, proof that the particular vehicle described in the complaint failed to properly display the evidence of registration, together with proof that the defendant named in the complaint was at the time the registered owner of the vehicle, is prima facie evidence that the registered owner of the vehicle was responsible for the vehicle at the time the violation occurred. No other prima facie evidence is created by this subdivision. This subdivision applies only when the procedure required by Article 3 (commencing with Section 40200) of Chapter 1 is complied with.

(d) Any charge under this section shall be dismissed when the person charged has made a bona fide sale or transfer of the vehicle and has delivered possession thereof to the purchaser and has complied with the requirements of subdivision (a) or (b) of Section 5602 prior to the date of the alleged violation and has advised the court of the name and address of the purchaser, and of the date of sale.

SEC. 21. Section 41103 of the Vehicle Code is repealed.

SEC. 22. Section 41103.2 of the Vehicle Code is repealed.

SEC. 23. Section 41103.5 of the Vehicle Code is repealed.

SEC. 24. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which the local agencies or school districts have the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act and because the Legislature finds and declares that there are savings as well as costs in this act, which in the aggregate do not result in additional net costs, to the other local agencies or school districts affected by this act.

CHAPTER 940

An act to add Sections 14124.90 and 14124.91 to the Welfare and Institutions Code, relating to health.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that federal law requires the State Department of Health Services to change its system of

third-party recoveries from pay and chase to cost avoidance, that a properly designed and administered cost avoidance system of third-party recoveries would produce very substantial savings to the state and federal governments, and that failure to adopt a cost avoidance system would result in financial penalties against the state.

SEC. 2. Section 14124.90 is added to the Welfare and Institutions Code, to read:

14124.90. It is the intent of the Legislature that when a beneficiary has third-party health coverage or insurance, the State Department of Health Services shall be the payer of last resort. In order to assess overlapping or duplicate health coverage, every health care service plan, self-insured employee welfare benefit plan, disability insurer, and nonprofit hospital service plan shall maintain a centralized file of the subscribers' or policyholders' names, mailing addresses, and social security numbers or date of birth, and where available, for all other covered persons, the names and social security numbers or date of birth. This information shall be made available to the State Department of Health Services upon reasonable request. A recipient's Medi-Cal identification card shall, where information is available, contain information advising providers of health care services of any third-party health coverage for the recipient. Providers shall seek reimbursement from available third-party health coverage before billing the Medi-Cal program.

SEC. 3. Section 14124.91 is added to the Welfare and Institutions Code, to read:

14124.91. The State Department of Health Services may, whenever it is cost-effective, pay the premium for third-party health coverage for beneficiaries under this chapter. The State Department of Health Services may, when a beneficiary's third-party health coverage would lapse due to loss of employment or change in health status or any other reason, continue the health coverage by paying the costs of continuation of group coverage pursuant to federal law or converting from a group to an individual plan. Notwithstanding any other provision of a contract or of law, the time period for the department to exercise either of these options shall be 60 days from the date of lapse of the policy.

CHAPTER 941

An act relating to education.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that many approaches throughout the state are being used to address the undesirable consequences of adolescent pregnancy and parenting.

The Legislature finds that in order to address the incidence and adverse consequences of adolescent pregnancy there is a need to assemble, in one location, available information describing services to pregnant and parenting teens in California, specifying characteristics of the populations served, and reporting measured outcomes of services provided.

SEC. 2. The Health and Welfare Agency, in consultation with the State Department of Education, the Youth and Adult Correctional Agency, the Department of Justice, the Department of Finance, and the Office of Criminal Justice Planning, (1) shall identify all state agencies which administer programs directing services to pregnant and parenting teens, (2) shall solicit available information from each identified agency describing services to pregnant teens in California, specifying characteristics of the populations served, and reporting measured outcomes of services provided, and (3) shall provide copies of the assembled information to the Legislative Analyst on or before November 1, 1987.

The information collected from each agency, to the extent it is available in existing documents, shall include, but not be limited to:

(a) The number of teens served and the characteristics of the population, including, but not limited to, age, ethnicity, and school enrollment.

(b) A description of the services, including the average amount of contact time with the teen.

(c) A description of identified need for services, including whether or not there is a waiting list to enter the program and the length of the average wait to begin receiving service.

(d) A description of the delivery systems, including how they coordinate with other programs providing services to teens and any eligibility requirements for participation in the program.

(e) The objectives of each program and any evaluation data on the extent to which the program has met its objectives, including the dropout rate from the program.

(f) The cost of services provided.

SEC. 3. The Legislative Analyst shall review, summarize and analyze the information assembled in accordance with Section 2 and provide recommendations to the Legislature in the 1988–89 fiscal

year analysis of the Budget Bill.

(b) A transaction which involves the failure of a processor who contracts to harvest a producer's crop to fulfill the terms of the contract.

SEC. 4. Section 55745 of the Food and Agricultural Code is repealed.

SEC. 5. Section 55745 is added to the Food and Agricultural Code, to read:

55745. If a farm products producer fails to obtain a settlement satisfactory to him or her in any transaction after having notified the processor, a verified complaint may be filed with the director who shall notify the person against whom the complaint has been filed and undertake to effect a settlement. If the director fails to effect a settlement, the director shall call a hearing as provided for in this article.

The service shall be made at least 10 days before the hearing.

SEC. 7. Section 55751 of the Food and Agricultural Code is amended to read:

The people of the State of California do enact as follows:

SECTION 1. Section 12744 of the Insurance Code is amended to read:

12744. (a) No person shall issue or offer to issue home protection contracts in this state unless such person holds a home protection company license issued by the department, except as provided in subdivision (b) of this section.

(b) An insurer admitted for the class of insurance defined in Section 120 is authorized, in addition to the underwriting powers granted by such class, to issue home protection contracts, but the provisions of this part shall not be otherwise applicable to such insurers or their contracts.

(c) No license shall be granted to a foreign applicant that has not fulfilled the requirements of Sections 716 and 717. For purposes of this part, the term "class of insurance" as used in said sections shall mean the business of a home protection company. This section shall not prohibit the admission of a foreign home protection company which has actively transacted home protection business in its state of domicile for three years or more.

(d) The commissioner shall by regulation prescribe forms for applications for home protection company licenses consistent with the provisions of this part. Any reference to certificate of authority in Article 3 (commencing with Section 699) of Chapter 1 of Part 2 of Division 1, shall mean home protection company license.

SEC. 2. Section 12745 is added to the Insurance Code, to read:

12745. (a) Any insurance holding company subject to Article 4.7 (commencing with Section 1215) of Chapter 2 of Part 2 of Division 1, one of whose affiliates is a home protection company as defined in this part, may invest in or operate a corporation which provides home service contractor or dispatch services or appliance service or appliance repair services pursuant to a contract issued for that purpose. The corporation shall not be subject to licensing or regulation under this part except as set forth in this section, provided, that the contract shall not be sold in conjunction with, or otherwise attach to, the sale or any proposed sale of the real property to which it relates.

(b) At the time of filing its registration statement under Section 1215.4, and annually thereafter, each affiliate owning or operating

such a corporation shall file as a supplement thereto, a statement of the financial condition of the corporation prepared according to generally accepted accounting principles, and a designated list of the name and addresses of all agents, employees, and independent contractors utilized to issue or sell those contracts. Each statement of financial condition and designated list shall be certified as correct by an officer of the corporation. The commissioner may prescribe the form for the statement or list.

SEC. 3. Section 12753 of the Insurance Code is amended to read:

12753. (a) A home protection company shall maintain a reserve for unearned premiums in an amount not less than 40 percent of the aggregate premiums charged on its contracts currently in force.

(b) For purposes of this section, such reserve shall not include protection contract fees on home protection contracts to the extent provision is made for reinsurance of the outstanding risk on such contracts.

(c) The commissioner may, by regulation, prescribe the format by which the reserve shall be reported.

SEC. 4. Section 12761 of the Insurance Code is amended to read:

12761. (a) The furnishing of a home protection contract without charge to any person shall constitute a violation of this part. No home protection contract providing coverage prior to the time an interest in the home to which it attaches is sold shall be issued or delivered unless it provides for consideration. Such consideration may consist of a bona fide promise to pay the protection contract fee at the time of and only upon transfer of title.

(b) A home protection company may require an onsite inspection as a prequalification for the issuance of a home protection contract, and in such event offer a report on the inspection in connection with a bona fide application for the issuance of such contract even though the issuance of a contract on the property which is the subject of the inspection does not occur.

SEC. 5. Section 12995 of the Insurance Code is amended to read:

12995. The costs of administration and operation of the Bureau of Fraudulent Claims shall be borne by all of the insurers admitted to transact insurance in this state. The commissioner shall divide such costs among all such companies, assessing each such company an identical amount adequate to provide the funds for each fiscal year of operation of the bureau; provided, however, the assessment for each company shall not exceed one thousand dollars ($1,000) in each fiscal year. All moneys received by the commissioner from insurers pursuant to this section shall be transmitted to the State Treasurer to be deposited in the State Treasury to the credit of the Insurance Fund. All moneys which are deposited in the fund after receipt by the commissioner from insurers pursuant to this section are hereby appropriated to the department and are to be exclusively used for the support of the Bureau of Fraudulent Claims. To the extent the assessments against insurers made pursuant to this section are not sufficient to fund the entire operations of the bureau, other money

appropriated to the department, if available, may be used, in the commissioner's discretion, to fund those operations not covered by the assessments. The total budget of the bureau shall be as determined annually in the Budget Act.

SEC. 6. Section 12997 is added to the Insurance Code, to read:

12997. The Bureau of Fraudulent Claims shall annually compile and report, as a part of the commissioner's annual report as required by Section 12922, the following information:

SEC. 7. Section 3 of Chapter 1070 of the Statutes of 1978 is amended to read:

Sec. 3. Section 2 of this act shall remain in effect until January 1, 1992, and on such date is repealed.

CHAPTER 945

An act to amend Section 4700 of the Civil Code, relating to family law.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 4700 of the Civil Code is amended to read:

4700. (a) In any proceeding where there is at issue the support of a minor child or a child for whom support is authorized under Section 206, the court may order either or both parents to pay any amount necessary for the support, maintenance, and education of the child. At the request of either party, the court shall make appropriate findings with respect to the circumstances on which the order for the support of a minor child is based. Upon a showing of good cause, the court may order the parent or parents required to make the payment of support to give reasonable security therefor. All payments of support shall be made by the person owing the support payment prior to the payment of any debts owing to creditors. Any order for child support may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. Any order for child support, as well as any order of modification or revocation of such an order, may be made retroactive to the date of the filing of the notice of motion or order to show cause therefor, or to any subsequent date.

An order of modification or revocation may include an award of attorney fees and court costs to the prevailing party.

(b) The court may order financial compensation for periods when a parent fails to assume the caretaker responsibility, or when a parent has been thwarted by the other parent when attempting to exercise visitation or custody rights, contemplated by a custody or visitation order entered pursuant to this part, including, but not limited to, an order for joint physical custody or by a written or oral agreement between the parents. The compensation shall be limited to (1) the reasonable expenses incurred for, or on behalf of, a child, resulting from the other parent's failure to assume his or her caretaker responsibility or (2) reasonable expenses incurred by a parent for or on behalf of a child resulting from the other parent's thwarting his or her efforts to exercise visitation or custody rights. These expenses may include the value of caretaker services, but are not limited to the cost of services provided by a third party during the relevant period.

The compensation may be requested by noticed motion or an order to show cause and shall allege, under penalty of perjury, a minimum of one hundred dollars ($100) of expenses so incurred or, at least three occurrences of failure to exercise visitation or custody rights or at least three occurrences of the thwarting of efforts to exercise visitation or custody rights within the six months prior to filing of the motion or order.

Attorney's fees shall be awarded to the prevailing party, upon a showing of the nonprevailing party's ability to pay.

(c) When a court orders a person to make specified payments for support of a child during the child's minority, or until the child is married or otherwise emancipated, or until the death of, or the occurrence of a specified event as to, a child for whom support is authorized under Section 206, the liability of the person ordered to pay support terminates upon the happening of the contingency. If the custodial parent or other person having physical custody of the child, to whom payments are to be made, fails to notify the person ordered to make those payments, or the attorney of record of the person ordered to pay support, of the happening of the contingency, and continues to accept support payments, the person shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the custodial parent or other person to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.

(d) In the event obligations for support of a child are discharged in bankruptcy, the court may make all proper orders for the support, maintenance and education of the child, as the court may deem just.

CHAPTER 946

(1) That he or she is at least 14 years of age.

(2) That he or she willingly lives separate and apart from his or her parents or legal guardian with the consent or acquiescence of his or her parents or legal guardian.

(3) That he or she is managing his or her own financial affairs.

(4) That the source of his or her income is not derived from any activity declared to be a crime by the laws of the State of California or the laws of the United States.

(b) Before the petition is heard, such notice as the court deems reasonable shall be given to the minor's parents, guardian, or other person entitled to the custody of the minor, or proof made to the court that their addresses are unknown, or that for other reasons the notice cannot be given. The clerk of the court shall also notify the district attorney of the county where the matter is to be heard of the proceeding. When a minor is a ward or dependent child of the court, notice shall be given to the probation department.

(c) The court shall sustain the petition if it finds that the minor is a person described by subdivision (a) and that emancipation would not be contrary to his or her best interests.

(d) If the petition is sustained, the court shall forthwith issue a declaration of emancipation, which shall be filed by the county clerk. Upon application of the emancipated minor, the Department of Motor Vehicles shall enter identifying information in its law enforcement computer network, and the fact of emancipation shall be stated on the department's identification cards issued to emancipated minors.

(e) If the petition is denied, the minor shall have a right to file a petition for a writ of mandate.

(f) If the petition is sustained, the parents or guardian shall have a right to file a petition for a writ of mandate if they have appeared in the proceeding and opposed the granting of the petition.

(1) A judgment for spousal or child support payable in installments.

(2) A judgment entered pursuant to Section 667.7 (judgment against health care provider requiring periodic payments).

(b) Unless the money judgment is satisfied or the judgment lien is released, a judgment lien created under this section continues for a period of 10 years from the date of its creation. The duration of a judgment lien created under this section may be extended any number of times by recording during the time the judgment lien is in existence a certified copy of the judgment in the manner provided in this section for the initial recording. Such rerecording has the effect of extending the duration of the judgment lien created under this section until 10 years from the date of the rerecording.

SEC. 3. Section 724.250 of the Code of Civil Procedure is amended to read:

724.250. (a) An acknowledgment of satisfaction of matured installments under an installment judgment shall be made in the same manner and by the same person as an acknowledgment of satisfaction of judgment and shall contain the following information:

(1) The title of the court.

(2) The cause and number of the action.

(3) The names and addresses of the judgment creditor, the judgment debtor, and the assignee of record if any. The judgment debtor's name shall appear on the acknowledgment of satisfaction of matured installments as it appears on the certified copy of the judgment that was recorded to create the judgment lien.

(4) The date of entry of the judgment and of any renewals of the judgment and where entered in the records of the court.

(5) A statement that the matured installments under the installment judgment had been satisfied as of a specified date.

(6) A statement whether a certified copy or abstract of the judgment has been recorded in any county and, if so, a statement of each county where the certified or abstract copy has been recorded and the book and page of the county records where the certified copy or abstract of the judgment has been recorded.

(b) If any amount of child or spousal support provided in a support order has been directed to be made to an officer designated by statute or by the court pursuant to Section 4702 of the Civil Code or any other provision of law and the directive is set forth in the certified copy or abstract of the judgment that was recorded to create the judgment lien on real property, or in a similarly recorded certified copy or abstract of an amended or supplemental order, the acknowledgment of satisfaction of matured installments under the installment judgment is not effective and does not affect the

judgment lien unless the acknowledgment is executed by or approved in writing by the designated officer.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 23. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(d) Whenever a total loss salvage vehicle is not the subject of an insurance settlement, a self-insurer, as defined in Section 16052, shall, within 10 days of the loss, forward the properly endorsed certificate of ownership or other evidence of ownership acceptable to the department, and a three dollar ($3) fee, to the department.

(e) Prior to sale or disposal of a total loss salvage vehicle, the owner, owner's agent, or salvage pool, shall obtain a properly endorsed salvage certificate and deliver it to the purchaser within 10 days after payment in full for the salvage vehicle and shall also comply with Section 5900. The department shall accept the endorsed salvage certificate in lieu of the certificate of ownership or other evidence of ownership when accompanied by an application and other documents and fees as may be required by the department.

(f) This section does not apply to a vehicle which has been driven or taken without the consent of the owner thereof, until the vehicle has been recovered by the owner and only if the vehicle is a total loss salvage vehicle.

(g) A violation of subdivision (a), (b), (d), or (e) is a misdemeanor, pursuant to Section 40000.11. Notwithstanding Section 40000.11, a violation of subdivision (c) is an infraction, except that, if committed with intent to defraud, a violation of subdivision (c) is a misdemeanor.

SEC. 4. Section 11540 is added to the Vehicle Code, to read:

11540. A salvage pool shall maintain an accurate record of every vehicle it acquires and every vehicle it disposes of, and shall notify the department of the disposition of any vehicle pursuant to Section 5900.

11541. The department shall administer and enforce all provisions of this code pertaining to salvage pools.

This section shall become operative on July 1, 1987.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The people of the State of California do enact as follows:

SECTION 1. Section 86 of the Code of Civil Procedure, as amended by Chapter 88 of the Statutes of 1986, is amended to read:

86. (a) Each municipal and justice court has original jurisdiction of civil cases and proceedings as follows:

(1) In all cases at law in which the demand, exclusive of interest, or the value of the property in controversy amounts to twenty-five thousand dollars ($25,000) or less, except cases which involve the legality of any tax, impost, assessment, toll, or municipal fine, except the courts have jurisdiction in actions to enforce payment of delinquent unsecured personal property taxes if the legality of the tax is not contested by the defendant.

(2) In actions for dissolution of partnership where the total assets of the partnership do not exceed twenty-five thousand dollars ($25,000); in actions of interpleader where the amount of money or the value of the property involved does not exceed twenty-five thousand dollars ($25,000).

(3) In actions to cancel or rescind a contract when the relief is sought in connection with an action to recover money not exceeding twenty-five thousand dollars ($25,000) or property of a value not exceeding twenty-five thousand dollars ($25,000), paid or delivered under, or in consideration of, the contract; in actions to revise a contract where the relief is sought in an action upon the contract if the court otherwise has jurisdiction of the action.

(4) In all proceedings in forcible entry or forcible or unlawful detainer:

(A) In actions to recover possession of residential real property where rent is charged, and the whole amount of damages claimed is twenty-five thousand dollars ($25,000) or less.

However, where an action to enforce the lien is pending in a municipal or justice court, and affects property which is also affected by a similar action pending in a superior court, or where the total amount of the liens sought to be foreclosed against the same property by action or actions in a municipal or justice court aggregates an amount in excess of twenty-five thousand dollars ($25,000) the municipal or justice court in which any such action, or actions, is, or are, pending, upon motion of any interested party, shall order the action or actions pending therein transferred to the proper superior court. Upon the making of the order, the same proceedings shall be taken as are provided by Section 399 with respect to the change of place of trial.

(7) In actions for declaratory relief when brought by way of cross-complaint as to a right of indemnity with respect to the relief demanded in the complaint or a cross-complaint in an action or proceeding otherwise within the jurisdiction of the municipal or justice court.

(9) In all actions under Article 3 (commencing with Section 708.210) of Chapter 6 of Division 2 of Title 9 of Part 2 for the recovery of an interest in personal property or to enforce the liability of the debtor of a judgment debtor where the interest claimed adversely is of a value not exceeding twenty-five thousand dollars ($25,000) or the debt denied does not exceed twenty-five thousand dollars

($25,000).

(10) In all arbitration-related petitions filed pursuant to Article 2 (commencing with Section 1292) of Chapter 5 of Title 9 of Part 3, except for uninsured motorist arbitration proceedings in accordance with Section 11580.2 of the Insurance Code, if the petition is based upon the subject matter of a pending action properly filed in the municipal court.

(b) Each municipal and justice court has jurisdiction of cases in equity as follows:

(1) In all cases to try title to personal property when the amount involved is not more than twenty-five thousand dollars ($25,000).

(2) In all cases when equity is pleaded as a defensive matter in any case otherwise properly pending in a municipal or justice court.

(3) To vacate a judgment or order of such municipal or justice court obtained through extrinsic fraud, mistake, inadvertence, or excusable neglect.

(c) In any action that is otherwise within its jurisdiction, the court may impose liability whether the theory upon which liability is sought to be imposed involves legal or equitable principles.

(d) Changes in the jurisdictional ceilings made by amendments to this section at the 1977–78 Regular Session or the 1985–86 Regular Session of the Legislature shall not constitute a basis for the transfer to another court of any case pending at the time such changes become operative.

SEC. 2. Section 417.10 of the Code of Civil Procedure is amended to read:

417.10. Proof that a summons was served on a person within this state shall be made:

(a) If served under Section 415.10, 415.20, or 415.30, by the affidavit of the person making such service showing the time, place, and manner of service and facts showing that such service was made in accordance with this chapter. Such affidavit shall recite or in other manner show the name of the person to whom a copy of the summons and of the complaint were delivered, and, if appropriate, his title or the capacity in which he is served, and that the notice required by Section 412.30 appeared on the copy of the summons served, if in fact it did appear.

If service is made by mail pursuant to Section 415.30, proof of service shall include the acknowledgement of receipt of summons in the form provided by that section or other written acknowledgment of receipt of summons satisfactory to the court.

(b) If served by publication pursuant to Section 415.50, by the affidavit of the publisher or printer, or his foreman or principal clerk, showing the time and place of publication, and an affidavit showing the time and place a copy of the summons and of the complaint were mailed to the party to be served, if in fact mailed.

(c) If served pursuant to another statute of this state, in the manner prescribed by such statute or, if no manner is prescribed, in the manner prescribed by this section for proof of a similar manner

of service.

(d) By the written admission of the party.

(e) If served by posting pursuant to Section 415.45, by the affidavit of the person who posted the premises, showing the time and place of posting, and an affidavit showing the time and place copies of the summons and of the complaint were mailed to the party to be served, if in fact mailed.

(3) By oral consent, in open court, entered in the minutes or docket.

(4) By failing to announce that a jury is required, at the time the cause is first set for trial, if it is set upon notice or stipulation, or within five days after notice of setting if it is set without notice or stipulation.

(5) By failing to deposit with the clerk, or judge, advance jury fees 25 days prior to the date set for trial, or as provided by subdivision (b). The advanced jury fee shall not exceed the amount necessary to pay the average mileage and fees of 20 trial jurors in the court to which the jurors are summoned.

(6) By failing to deposit with the clerk, or judge, at the beginning of the second and each succeeding day's session a sum equal to one day's fees of the jury, and the mileage or transportation, if there are any.

(b) In a superior court action if a jury is demanded by either party in the memorandum to set the cause for trial and the party, prior to trial, by announcement or by operation of law waives a trial by jury, then all adverse parties shall have five days following the receipt of notice of the waiver to file and serve a demand for a trial by jury and to deposit any advance jury fees which are then due.

(c) When the party who has demanded trial by jury either waives such trial upon or after the assignment for trial to a specific department of the court, or upon or after the commencement of the trial, or fails to deposit the fees as provided in paragraph 6 of subdivision (a), trial by jury shall be waived by the other party either failing promptly to demand trial by jury before the judge in whose department the waiver, other than for the failure to deposit such fees, was made, or by that party's failing promptly to deposit the fees

provided in paragraph 6 of subdivision (a).

(d) The court may, in its discretion upon just terms, allow a trial by jury although there may have been a waiver of a trial by jury.

1169. If at the time appointed any defendant served with a summons does not appear and defend, the clerk, or the judge if there is no clerk, shall enter the default of any defendant so served, upon written application of the plaintiff together with the following:

(a) Proof of service of the summons and complaint.

(b) Proof of service of the notice of termination of tenancy together with a copy of the notice.

(c) An affidavit by the plaintiff affirming that the defendant or defendants are still in possession of the premises.

If requested by the plaintiff, the clerk shall immediately enter judgment for restitution of the premises and shall issue a writ of execution thereon. Thereafter, the plaintiff may apply to the court for any other relief demanded in the complaint, including the costs, against the defendant, or defendants, or against one or more of the defendants.

SEC. 6. Section 26809 is added to the Government Code, to read:

26809. Unless another provision of law requires a longer retention period, the county clerk may destroy or otherwise dispose of any paper or document filed with or submitted to him or her more than one year previously, if he or she determines that there is no need for its retention. In determining whether there is a need for retaining a paper or document, consideration shall be given to such factors as future public need, the effect of statutes of limitation, and historical significance.

SEC. 7. Section 69503.2 of the Government Code is repealed.

SEC. 8. Section 69503.5 is added to the Government Code, to read:

The amount of bail shall be pursuant to a schedule of bail in such cases previously fixed and approved by the judges of the court at their annual meeting. If a warrant has been issued for the arrest of the defendant, the bail shall be in the amount fixed in the warrant. The bail shall be cash, negotiable United States Treasury bonds, or a surety bond executed by a certified, admitted surety insurer as provided in the Insurance Code.

Except for Section 14601.1 of the Vehicle Code based upon failure to appear, a conviction for any offense made an infraction under subdivision (d) of Section 17 shall not be grounds for the suspension, revocation, or denial of any license, or for the revocation of probation or parole of the person convicted.

SEC. 12. Section 12808 of the Vehicle Code is amended to read:

12808. (a) The department shall, before issuing or renewing any license, check the record of the applicant for conviction of traffic violations and traffic accidents.

(b) The department shall, before issuing or renewing any license, check the record of the applicant for notices of failure to appear in court filed with it and shall withhold or shall not issue a license to any applicant who has violated his written promise to appear in court unless the department has received a certificate issued by the magistrate or clerk of the court hearing the case in which the promise was given showing that the case has been adjudicated or unless the applicant's record is cleared as provided in Chapter 6 (commencing with Section 41500) of Division 17. In lieu of the certificate of adjudication, a notice from the court stating that the

original records have been lost or destroyed shall permit the department to issue a license.

(c) Any notice received by the department pursuant to Section 40509 of this code which has been on file five years may be removed from the department records and destroyed at the discretion of the department.

SEC. 14. Section 40509 of the Vehicle Code is amended to read:

40509. (a) Whenever any person has for a period of 15 or more days violated his or her written promise to appear or a lawfully granted continuance of his or her promise to appear in court or before the person authorized to receive a deposit of bail or violated an order to appear in court, the magistrate or clerk of the court may give notice of the fact to the department for any violation of this code which is required to be reported pursuant to Section 1803. The notice shall be given within 60 days of the failure to appear. Whenever thereafter the case in which the promise was given is adjudicated or the person who has violated the court order appears in court or otherwise satisfies the order of the court, the magistrate or clerk of the court hearing the case shall sign and file with the department a certificate to that effect.

(b) Whenever any person has for a period of 15 or more days willfully failed to pay a lawfully imposed fine within the time authorized by the court or to pay a fine pursuant to subdivision (a) of Section 42003, the magistrate or clerk of the court may give notice of the fact to the department for any violation which is required to be reported pursuant to Section 1803. Whenever thereafter the fine is fully paid, the magistrate or clerk of the court shall issue and file with the department a certificate showing that the fine has been paid.

SEC. 15. Section 40519 of the Vehicle Code is amended to read:

40519. (a) Any person who has received a written notice to appear for an infraction may, prior to the time at which the person is required to appear, make a deposit and declare the intention to plead not guilty to the clerk of the court named in the notice to appear. The deposit shall be in the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of the Penal Code, for the offense charged, and shall be used for the

purpose of guaranteeing the appearance of the defendant at the time and place scheduled by the clerk for arraignment and for trial, and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. The case shall thereupon be set for arraignment and trial on the same date, unless the defendant requests separate arraignment.

(b) Any person who has received a written notice to appear for an infraction may, prior to the time at which the person is required to appear, plead not guilty in writing in lieu of appearing in person. In a county where the board of supervisors has adopted an ordinance providing that a plea of not guilty to a parking violation may be entered in writing in lieu of appearing in person, any person who has received a notice of a parking violation issued under Section 41103 may, prior to the time at which the person is required to appear, plead not guilty in writing in lieu of appearing in person. The written plea shall be directed to the court named in the notice to appear or to the court or city agency indicated on the notice of parking violation and, if mailed, shall be sent by certified or registered mail postmarked not later than five days prior to the day upon which appearance is required. The written plea and request to the court or city agency shall be accompanied by a deposit consisting of the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of the Penal Code, for that offense, which amount shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place set by the court for trial and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. Upon receipt of the plea and deposit, the case shall be set for arraignment and trial on the same date, unless the defendant requests separate arraignment. Thereafter, the case shall be conducted in the same manner as if the defendant had appeared in person, had made his or her plea in open court, and had deposited such sum as bail. The court or the clerk of the court shall notify the accused of the time and place of trial by first-class mail postmarked at least 10 days prior to the time set for the trial. Any person using this procedure shall be deemed to have waived the right to be tried within the statutory period.

(c) Any person using the procedure set forth in subdivision (a) or (b) shall be deemed to have given a written promise to appear at the time designated by the court for trial, and failure to appear at the trial shall constitute a misdemeanor.

SEC. 15.5. Section 40519 of the Vehicle Code is amended to read:

40519. (a) Any person who has received a written notice to appear for an infraction may, prior to the time at which the person is required to appear, make a deposit and declare the intention to plead not guilty to the clerk of the court named in the notice to appear. The deposit shall be in the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of

the Penal Code, for the offense charged, and shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place scheduled by the clerk for arraignment and for trial, and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. The case shall thereupon be set for arraignment and trial on the same date, unless the defendant requests separate arraignment.

(b) Any person who has received a written notice to appear or a notice of parking violation issued under Section 41103 for an infraction may, prior to the time at which the person is required to appear, plead not guilty in writing in lieu of appearing in person. The written plea shall be directed to the court named in the notice to appear or to the court or city agency indicated on the notice of parking violation and, if mailed, shall be sent by certified or registered mail postmarked not later than five days prior to the day upon which appearance is required. The written plea and request to the court or city agency shall be accompanied by a deposit consisting of the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of the Penal Code, for that offense, which amount shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place set by the court for trial and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. Upon receipt of the plea and deposit, the case shall be set for arraignment and trial on the same date, unless the defendant requests separate arraignment. Thereafter, the case shall be conducted in the same manner as if the defendant had appeared in person, had made his or her plea in open court, and had deposited that sum as bail. The court or the clerk of the court shall notify the accused of the time and place of trial by first-class mail postmarked at least 10 days prior to the time set for the trial. Any person using this procedure shall be deemed to have waived the right to be tried within the statutory period.

(c) Any person using the procedure set forth in subdivision (a) or (b) shall be deemed to have given a written promise to appear at the time designated by the court for trial, and failure to appear at the trial shall constitute a misdemeanor.

SEC. 16. Section 40521 of the Vehicle Code is amended to read:

40521. (a) Except when personal appearance is required by the bail schedule established under Section 1269b of the Penal Code, a person to whom a notice to appear has been issued under Section 40500, or a person to whom a notice of a delinquent parking violation has been issued and against whom a complaint has been filed pursuant to Section 40230, who intends to forfeit bail or a parking penalty and to pay any assessment may forward by United States mail the amount fixed as bail or the parking penalty, together with the appropriate amount of any assessment, to the person authorized to receive a deposit of bail. The amounts may be paid in the form of a personal check which meets the criteria established pursuant to

subdivision (c) of Section 40510, or a bank cashier's check or a money order. Bail or a parking penalty and any assessment shall be paid not later than the day of appearance set forth in the notice to appear or prior to the expiration of any lawful continuance of such date.

(b) Bail or a parking penalty forwarded by mail is effective only when the funds are actually received.

(c) Section 40512 is applicable to bail or a parking penalty paid pursuant to this section. Upon the making of the order pursuant to Section 40512 that no further proceedings be had, the amount paid as bail or a parking penalty shall be paid into the city or county treasury, as the case may be, and the assessment shall be transmitted to the State Treasury in the manner provided in Section 1464 of the Penal Code.

SEC. 16.5. Section 1 of this act shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 86 of the Code of Civil Procedure, as amended by Section 1 of Chapter 88 of the Statutes of 1986, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 17. Section 2 of this act shall become operative on July 1, 1987.

SEC. 18. Section 15.5 of this bill incorporates amendments to Section 40519 of the Vehicle Code proposed by both this bill and SB 2042. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 40519 of the Vehicle Code, and (3) this bill is enacted after SB 2042, in which case Section 15 of this bill shall not become operative.

SEC. 19. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 954

PART 2.8. AGRICULTURAL WATER MANAGEMENT PLANNING

CHAPTER 1. GENERAL DECLARATIONS AND POLICY

(b) The Constitution requires that water in the state be used in a reasonable and beneficial way.

(c) Urban water districts, which represent more than 22,000,000 Californians and use less than 12 percent of the water consumed in the state, are required by Part 2.6 (commencing with Section 10610) to submit water management plans.

(d) More than 84 percent of the water used in the state is used for agricultural purposes.

(e) The conservation of agricultural water supplies are of great statewide concern.

(f) There is a great amount of reuse of delivered water, both inside and outside the water service areas.

(g) Significant noncrop beneficial uses are associated with agricultural water use, including streamflows and wildlife habitat.

(h) Significant opportunities exist in some areas, through improved irrigation water management, to conserve water or to reduce the quantity of highly saline or toxic drainage water.

(i) Changes in water management practices shall be carefully planned and implemented to minimize adverse effects on other beneficial uses currently being served.

(j) Agricultural water suppliers that receive water from the federal Central Valley Project are required by federal law to develop and implement water conservation plans.

(k) Agricultural water users applying for a permit to appropriate water from the State Water Resources Control Board are required to develop and implement water conservation plans.

10802. The Legislature finds and declares that it is the policy of the state as follows:

(a) The conservation of water shall be pursued actively to protect both the people of the state and their water resources.

(b) The conservation of agricultural water supplies shall be an important criterion in public decisions on water.

(c) Agricultural water suppliers, who determine that a significant opportunity exists to conserve water or reduce the quantity of highly saline or toxic drainage water, shall be required to develop water management plans to achieve conservation of water.

CHAPTER 2. DEFINITIONS

10810. Unless the context otherwise requires, the definitions of this chapter govern the construction of this part.

10811. "Conservation" means the use of cost-effective measures that reduce evapotranspiration, evaporation, or flows to unusable water bodies in order to prevent the waste, the unreasonable use, or the unreasonable method of use of water.

10813. "Person" means any individual, firm, association, organization, partnership, business, trust, corporation, company, public agency, or any agency of such an entity.

The components of the plan may vary according to an area's characteristics and its capabilities to conserve and use water efficiently. The plan shall address measures for agricultural water management as set forth in Article 2 (commencing with Section 10830) of Chapter 3. In addition, a strategy and time schedule for implementation shall be included in the plan.

10815. "Public agency" means any board, commission, county, city and county, city, regional agency, district, or other public entity.

10816. "Agricultural water supplier" or "supplier" means a supplier, either publicly or privately owned, supplying more than 50,000 acre-feet of water annually for agricultural purposes. An agricultural water supplier includes a supplier or contractor for water, regardless of the basis of right, which distributes or sells for ultimate resale to customers.

CHAPTER 3. WATER MANAGEMENT PLANS

Article 1. General Provisions

10820. (a) The requirements of this part shall be satisfied by any water management or conservation plan prepared to meet federal or state laws or regulations which substantially include the contents

of a plan required under this part if that plan was prepared after January 1, 1981.

(b) Those suppliers that have prepared, or are preparing, an alternate plan as described in subdivision (a) shall submit that plan to the department not later than December 31, 1991.

10821. (a) Every agricultural water supplier serving water directly to customers shall prepare an informational report based on information from the last three irrigation seasons on its water management and conservation practices in the manner set forth in Article 2 (commencing with Section 10825) and shall submit the report to the department not later than December 31, 1989.

(b) The informational report shall include a determination of whether the supplier has a significant opportunity to conserve water or reduce the quantity of highly saline or toxic drainage water through improved irrigation water management in the manner set forth in subdivision (g) of Section 10825.

(c) Suppliers may consult with appropriate state agencies or the Agricultural Experiment Station to help determine whether significant opportunities exist. State agencies shall cooperate with agricultural water suppliers in any reasonable manner.

(d) Those suppliers that determine that a significant opportunity exists to conserve water or reduce the quantity of highly saline or toxic drainage water in the manner set forth in subdivision (g) of Section 10825 shall prepare and adopt an agricultural water management plan based on information from the last three irrigation seasons in the manner set forth in Section 10826 and shall submit the plan to the department not later than December 31, 1991.

10822. Every person that becomes an agricultural water supplier after December 31, 1988, shall comply with the requirements of this part within two years after becoming an agricultural water supplier to an area.

10823. An agricultural water supplier indirectly providing water to customers may adopt an agricultural water management plan or participate in areawide, regional, watershed, or basinwide agricultural water management planning.

10824. An agricultural water supplier may satisfy the requirements of this part by participation in areawide, regional, watershed, or basinwide agricultural water management planning where those plans will reduce preparation costs and contribute to the achievement of conservation and efficient water use and where those plans satisfy the requirements of this part.

Article 2. Contents of Reports and Plans

10825. To the extent information is available, the reports shall address all of the following:

(a) The quantity and source of water delivered to and by the supplier.

(b) Other sources of water used within the service area, such as

groundwater and other diversions.

(c) A general description of the supplier's water delivery system and service area, including a map.

(d) Total irrigated acreage within the service area.

(e) The amount of acreage of trees and vines grown within the service area.

(f) An identification of all of the following:

(1) Current water conservation practices being used.

(2) Plans for changing current water conservation plans.

(3) Conservation educational services being used.

(g) A determination of whether the supplier, through improved irrigation water management, has a significant opportunity to do one or both of the following:

(1) Save water by means of reduced evapotranspiration, evaporation, or reduction of flows to unusable water bodies that fail to serve further beneficial uses.

(2) Reduce the quantity of highly saline or toxic drainage water.

10826. To the extent information is available, the plans shall address all of the following:

(a) The quantity and source of surface and ground water delivered to and by the supplier.

(b) A description of all of the following:

(1) The water delivery system used in the area supplied.

(2) The beneficial uses of the water supplied, including noncrop beneficial uses.

(3) Conjunctive use programs.

(4) Incidental and planned groundwater recharge.

(5) The amounts of the delivered water that are lost to further beneficial use to unusable bodies of water or moisture-deficient soils through the following:

(A) Crop evapotranspiration.

(B) Noncrop evapotranspiration.

(C) Evaporation from water surfaces.

(D) Surface flow or percolation.

(c) An identification of cost-effective and economically feasible measures for water conservation, their resulting detriments and benefits, and the impacts on amounts of downstream surface water supply and immediately adjacent groundwater supply.

(d) An evaluation of other significant impacts, including impacts within the service area and downstream on fish and wildlife habitat, water quality, energy use, and other factors of either local or statewide concern or interstate concern, where applicable. Alternatives should be designed to minimize impacts on other beneficial users currently being served both within and without the service area and to result in improved overall water management.

(e) A schedule prepared by the supplier to implement those water management practices that it determines to be cost-effective and economically feasible. Priority shall be given to those water management practices, or combination of practices, that offer lower

incremental costs than expanded or additional water supplies.

Article 3. Adoption and Implementation of Plans

10840. Every agricultural water supplier required to prepare a water management plan pursuant to subdivision (d) of Section 10821 shall prepare its plan pursuant to Section 10826.

10841. (a) An agricultural water supplier required to prepare a plan may consult with, and obtain comments from, any public agency or state agency or any person who has special expertise with respect to water conservation and management methods and techniques.

(b) In order to assist agricultural water suppliers in obtaining needed expertise as provided for in subdivision (a), the department, upon request of an agricultural water supplier, shall provide the supplier with a list of persons or agencies having expertise or experience in the development of water management plans.

(c) The department shall prepare by July 1, 1988, an outline of model informational reports and water management plans which an agricultural water supplier may use in complying with the requirements of this part.

10842. Prior to adopting a plan, the agricultural water supplier shall make the plan available for public inspection and shall hold a public hearing thereon. Prior to the hearing, notice of the time and place of hearing shall be published within the jurisdiction of the publicly owned water supplier pursuant to Section 6066 of the Government Code. A privately owned water supplier shall provide an equivalent notice within its service area. After the hearing, the plan shall be adopted as prepared or as modified after the hearing.

10843. An agricultural water supplier shall implement its plan adopted pursuant to this chapter in accordance with the schedule set forth in its plan, as determined by the governing body of the agricultural water supplier.

10844. An agricultural water supplier shall file with the department a copy of its plan no later than 30 days after adoption. Copies of amendments or changes to the plans shall be filed with the department within 30 days after adoption.

Not later than January 1, 1993, the department shall prepare and submit to the Legislature a report summarizing the status of the plans adopted pursuant to this part.

10845. The adoption of a plan or submission of a report as specified in subdivision (d) of Section 10821 satisfies any requirements of state statute, regulation, or order, including those of the State Water Resources Control Board, for the preparation of water management plans. If the board requires additional information concerning water conservation to implement its existing authority, nothing in this part limits the board in obtaining that information.

CHAPTER 4. MISCELLANEOUS PROVISIONS

10850. (a) Any actions or proceedings to attack, review, set aside, void, or annul the acts or decisions of an agricultural water supplier on the grounds of noncompliance with this part shall be brought pursuant to Section 1085 of the Code of Civil Procedure, and the court's review of compliance or noncompliance with this part shall extend to whether the water conservation plan, or portion thereof, or revision thereto, substantially complies with the requirements of this part.

(b) An action or proceeding alleging failure to adopt a plan shall be commenced within 18 months after that adoption is required by this part, or within 18 months after commencement of agricultural water service by a supplier commencing that service after January 1, 1988.

(c) Any action or proceeding alleging that a plan, or action taken pursuant to the plan, does not comply with this part shall be commenced within 120 days after filing of the plan or amendment thereto pursuant to Section 10844 or the taking of that action.

(d) In an action or proceeding to attack, review, set aside, void, or annul the acts or decisions of an agricultural water supplier made pursuant to this part at a properly noticed public hearing, the issues raised shall be limited to those raised in the public hearing, or in written correspondence delivered to the public agency prior to, or at, the public hearing, except where the court finds either of the following.

(1) The issue could not have been raised at the public hearing by a person exercising reasonable diligence.

(2) The body conducting the public hearing prevented the issue from being raised at the public hearing.

10851. The California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) does not apply to the preparation and adoption of plans prepared and adopted under this part. Nothing in this part exempts projects for implementation of the plan or for expanded or additional water supplies from the California Environmental Quality Act.

10852. If any provision of this part or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of this part which can be given effect without the invalid provision or application thereof, and to this end the provisions of this part are severable.

10853. The department, from funds appropriated for this purpose, shall reimburse each supplier preparing an informational report pursuant to this part for the cost incurred in preparing the report up to an amount, not to exceed five thousand dollars ($5,000) per report. The department shall reimburse each supplier preparing an agricultural water management plan pursuant to this part for the costs incurred by the supplier in preparing the plan up to an amount, not to exceed twenty-five thousand dollars ($25,000) per plan.

10854. No agricultural water supplier shall be required to prepare an agricultural water management plan pursuant to this part unless funds are appropriated by the Legislature for the 1990–91 fiscal year, or before, to reimburse the agricultural water supplier for its costs associated with the plans.

10855. This part shall remain operative only until January 1, 1993, except that, if an agricultural water supplier fails to submit its information report or agricultural water management plan prior to January 1, 1993, this part shall remain operative with respect to that supplier until it has submitted its report or plan, or both.

SEC. 2. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act above the five thousand dollars ($5,000) per report and twenty-five thousand dollars ($25,000) per plan specified in Section 10853 of the Water Code shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund. The provisions of paragraph (4) of subdivision (a) of Section 17556 of the Government Code shall not be applicable to claims filed pursuant to this act.

SEC. 3. The sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated from the Bosco-Keene Renewable Resources Investment Fund to the Department of Water Resources for payment of claims for preparation of informational reports pursuant to Section 10821 of the Water Code for expenditure without regard to fiscal year. Reimbursement shall not be made under this section for reports prepared pursuant to any law other than Part 2.8 (commencing with Section 10800) of Division 6 of the Water Code.

CHAPTER 955

An act relating to rapid transit, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Board of Directors of the San Francisco Bay Area Rapid Transit District have instituted a creative and innovative control system designed to deter casual carpoolers from parking in the district parking facility at the Orinda Station in Contra Costa County. Demand for use of district parking facility in the county by casual carpoolers has resulted in constrained availability of the limited number of parking spaces at district stations for patrons intending to use the district

train service.

The Legislature further declares that improved parking opportunities for district patrons will enhance the mass transit system's convenience, resulting in higher usage and increased revenues.

It is the intent of the Legislature, in enacting this act, to commend the district for its willingness to develop positive methods to ensure the availability of parking spaces at its stations and to request that the district report on its experience with the model carpool parking deterrence program initiated at the Orinda Station.

SEC. 2. (a) The San Francisco Bay Area Rapid Transit District is requested to submit a report to the Legislature by December 15, 1986, on the carpool parking control system implemented in June 1986 at the parking facility at the district station in Orinda.

(b) The report shall include all of the following:

(1) Background and supporting data regarding the effects of casual carpools on the district system that led the district to initiate the new parking control system.

(2) A description of how the parking control system works and any modifications made during the first four months of the implementation period.

(3) A description of the results of the parking control system and an assessment of its effectiveness deterring casual carpooling.

(4) The potential for expanding use of the control system to other district parking facilities.

(5) An assessment of the parking control system's impact on ridership and revenues of the district.

(6) A description of any legislative, regulatory, or policy actions that may be required to enhance the parking control system effectiveness.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the timely collection and analysis of information relating to parking at stations of the San Francisco Bay Area Rapid Transit District, and to facilitate an early legislative response thereto, it is necessary that this act take effect immediately.

CHAPTER 956

An act to amend Section 56842 of the Government Code, relating to local agency formation commissions.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 56842 of the Government Code is amended to read:

56842. (a) If the proposal includes the incorporation of a city, as defined in Section 56043, or the formation of a district, as defined in Section 2215 of the Revenue and Taxation Code, the commission shall determine the amount of property tax revenue to be exchanged by the affected local agency pursuant to this section.

(b) The commission shall notify the county auditor of the proposal and the services which the new jurisdiction proposes to assume within the area, and identify for the auditor the existing service providers within the area subject to the proposal.

(c) If the proposal would not transfer all of an affected agency's service responsibilities to the proposed city or district, the commission and the county auditor shall do all of the following:

(1) The county auditor shall determine the proportion that the amount of property tax revenue derived by each affected local agency pursuant to subdivision (b) of Section 93 of the Revenue and Taxation Code bears to the total amount of revenue from all sources, available for general purposes, received by each affected local agency in the prior fiscal year. For purposes of making this determination and the determination required by paragraph (3), "total amount of revenue from all sources available for general purposes" means the total amount of revenue which an affected local agency may use on a discretionary basis for any purpose and does not include any of the following:

(A) Revenue which, by statute, is required to be used for a specific purpose.

(B) Revenue from fees, charges, or assessments which are levied to specifically offset the cost of particular services and do not exceed the cost reasonably borne in providing these services.

(C) Revenue received from the federal government which is required to be used for a specific purpose.

(2) The commission shall determine, based on information submitted by each affected local agency, an amount equal to the total net cost to each affected local agency during the prior fiscal year of providing those services which the new jurisdiction will assume within the area subject to the proposal. For purposes of this paragraph, "total net cost" means the total cost which was funded by general purpose revenues of the affected local agency and excludes

any portion of the total cost which was funded by any revenues of that agency which are specified in subparagraphs (A), (B), and (C) of paragraph (1).

(3) The commission shall multiply the amount determined pursuant to paragraph (2) for each affected local agency by the corresponding proportion determined pursuant to paragraph (1) to derive the amount of property tax revenue used to provide services by each affected local agency during the prior fiscal year within the area subject to the proposal.

(4) For purposes of this subdivision, in any county in which, prior to the adoption of Article XIII A of the California Constitution, and continuing thereafter, a separate fund or funds were established consisting of revenues derived from the unincorporated area of the county and from which fund or funds services rendered in the unincorporated area have been paid, the amount of property tax revenues derived pursuant to paragraph (3), may, at the discretion of the commission, be transferred to the proposed city over a period not to exceed 12 fiscal years following its incorporation. In determining whether the transfer of the amount of property tax revenues determined pursuant to paragraph (3) shall occur entirely within the fiscal year immediately following the incorporation of the proposed city or shall be phased in over a period not to exceed 12 full fiscal years following the incorporation, the commission shall consider each of the following:

(A) The total amount of revenue from all sources available to the proposed city.

(B) The fiscal impact of the proposed transfer on the transferring agency.

(C) Any other relevant facts which interested parties to the exchange may present to the commission in written form.

The decision of the commission shall be supported by written findings setting forth the basis for its decision.

(d) If the proposal would transfer all of an affected agency's service responsibilities to the proposed city or district, the commission shall request the auditor to determine the property tax revenue generated for the affected service providers by tax rate area, or portion thereof, and transmit that information to the commission.

(e) The executive officer shall notify the auditor of the amount determined pursuant to paragraph (3) of subdivision (c) or subdivision (d), as the case may be, and, where applicable, the period of time within which and the procedure by which the transfer of property tax revenues will be effected pursuant to paragraph (4) of subdivision (c), at the time the executive officer records a certificate of completion pursuant to Section 57203 for any proposal described in subdivision (a), and the auditor shall transfer that amount to the new jurisdiction.

(f) The amendments to this section enacted during the 1985–86 Regular Session of the Legislature shall apply to any proposal

described in subdivision (a) for which a certificate of completion is recorded with the county recorder on or after January 1, 1987.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 957

An act to amend Section 1375.1 of, and to add Section 1371 to, the Health and Safety Code, and to add Sections 10123.13 and 11512.180 to the Insurance Code, relating to insurance.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1371 is added to the Health and Safety Code, to read:

1371. A health care service plan which covers hospital, medical, or surgical expenses shall reimburse claims or any portion of any claim, whether in state or out of state, for those expenses, as soon as practical, but no later than 30 working days after receipt of the claim by the health care service plan, or if the health care service plan is a health maintenance organization, 45 working days after receipt of the claim by the health care service plan, unless the claim or portion thereof is contested by the plan in which case the claimant shall be notified, in writing, within 30 working days.

As used in this section, a contested claim, or portion thereof, includes situations in which the plan has not received the completed claim and all information necessary to determine payer liability for the claim, including but not limited to, reports of investigations concerning fraud and misrepresentation, and necessary consents, releases, and assignments, or a claim on appeal.

SEC. 2. Section 1375.1 of the Health and Safety Code is amended to read:

1375.1. (a) Every plan shall have and shall demonstrate to the commissioner that it has all of the following:

(1) A fiscally sound operation and adequate provision against the risk of insolvency.

(2) Assumed full financial risk on a prospective basis for the provision of covered health care services, except that a plan may obtain insurance or make other arrangements for the cost of providing to any subscriber or enrollee covered health care services, the aggregate value of which exceeds five thousand dollars ($5,000) in any year, for the cost of covered health care services provided to

its members other than through the plan because medical necessity required their provision before they could be secured through the plan, and for not more than 90 percent of the amount by which its costs for any of its fiscal years exceed 115 percent of its income for that fiscal year.

(3) A procedure for prompt payment or denial of provider and subscriber or enrollee claims. Except as provided in Section 1371, a procedure meeting the requirements of Subchapter G of the regulations (29 C.F.R. Part 2560) under Public Law 93-406 (88 Stats. 829-1035, 29 U.S.C. Secs. 1001 et seq.) shall satisfy this requirement.

(b) In determining whether the conditions of this section have been met, the commissioner shall consider, but not be limited to, the following:

(1) The financial soundness of the plan's arrangements for health care services and the schedule of rates and charges used by the plan.

(2) The adequacy of working capital.

(3) Agreements with providers for the provision of health care services.

(c) For the purposes of this section, "covered health care services" means health care services provided under all plan contracts.

SEC. 3. Section 10123.13 is added to the Insurance Code, to read:

10123.13. Every insurer issuing group or individual policies of disability insurance and every self-insured employee welfare benefit plan which covers hospital, medical, or surgical expenses shall reimburse claims or any portion of any claim, whether in state or out of state, for such expenses, as soon as practical, but no later than 30 working days after receipt of the claim by the insurer or plan unless the claim or portion thereof is contested by the insurer in which case the claimant shall be notified, in writing, within 30 working days.

As used in this section, a contested claim, or portion thereof, includes situations in which the insurer or plan has not received a completed claim and all information necessary to determine payer liability for the claim, including but not limited to, reports of investigations concerning fraud or misrepresentation, and necessary consents, releases, and assignments, or a claim on appeal.

SEC. 4. Section 11512.180 is added to the Insurance Code, to read:

11512.180. Every nonprofit hospital service plan that covers hospital, medical, or surgical expenses on a group or individual basis shall reimburse claims or any portion of any claim, whether in state or out of state, for such expenses, as soon as practical, but no later than 30 working days after receipt of the claim by the hospital service plan, or if the plan is a health maintenance organization, 45 working days after receipt of the claim by the hospital service plan, unless the claim or portion thereof is contested by the plan in which case the claimant shall be notified, in writing, within 30 working days.

As used in this section, a contested claim, or portion thereof, includes situations in which the plan has not received the completed claim and all information necessary to determine payer liability for

the claim, including but not limited to, reports of investigations concerning fraud or misrepresentation, and necessary consents, releases, and assignments, or a claim on appeal.

CHAPTER 958

An act to add Sections 25174.11 and 25345.6 to the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25174.11 is added to the Health and Safety Code, to read:

25174.11. Section 25174 does not apply to the previous disposal of mining waste that is subsequently classified as nonhazardous pursuant to the department's California Assessment Manual criteria regulations set forth in Article 2 (commencing with Section 66300) of Chapter 30 of Division 4 of Title 22 of the California Administrative Code, which became effective October 27, 1984, and disposal fees shall not be assessed pursuant to Section 25174 for that waste if the waste previously disposed of is not significantly different from the waste classified as nonhazardous.

SEC. 2. Section 25345.6 is added to the Health and Safety Code, to read:

25345.6. Sections 25342 and 25345 do not apply to the previous disposal of mining waste that is subsequently classified as nonhazardous pursuant to the department's California Assessment Manual criteria regulations set forth in Article 2 (commencing with Section 66300) of Chapter 30 of Division 4 of Title 22 of the California Administrative Code, which became effective October 27, 1984, and taxes shall not be assessed pursuant to Sections 25342 and 25345 for that waste if the waste previously disposed of is not significantly different from the waste classified as nonhazardous.

SEC. 3. The Legislature hereby finds and declares that Sections 1 and 2 of this act do not constitute a gift of public money within the meaning of Section 6 of Article XVI of the California Constitution for the following reasons:

(a) On October 27, 1984, the State Department of Health Services adopted by regulation criteria, including tests and standards, for the identification of wastes as hazardous or nonhazardous.

(b) After October 27, 1984, certain mining wastes were initially classified by the department as hazardous, but subsequently were classified as nonhazardous with no change having occurred in the nature of the wastes.

(c) Notwithstanding the department's subsequent classification of

the mining wastes as nonhazardous, the State Board of Equalization has assessed hazardous waste disposal fees and taxes retroactively against the mining wastes, including wastes disposed of after and before October 27, 1984.

(d) Assessment of hazardous waste disposal fees and taxes retroactively against wastes now classified as nonhazardous pursuant to department regulations adopted October 27, 1984, is unfair. This act would serve the public purpose of preventing those unfair acts.

CHAPTER 959

An act to amend Section 803 of the Penal Code, relating to pollution.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 803 of the Penal Code is amended to read:

803. (a) Except as provided in this section, a limitation of time prescribed in this chapter is not tolled or extended for any reason.

(b) No time during which prosecution of the same person for the same conduct is pending in a court of this state is a part of a limitation of time prescribed in this chapter.

(c) A limitation of time prescribed in this chapter does not commence to run until discovery of an offense described in this subdivision. This subdivision applies to an offense punishable by imprisonment in the state prison, a material element of which is fraud or breach of a fiduciary obligation or the basis of which is misconduct in office by a public officer, employee, or appointee, including, but not limited to the following offenses:

(1) Grand theft of any type, forgery, falsification of public records, or acceptance of a bribe by a public official or a public employee.

(2) A violation of Section 72, 118, 118a, 132, or 134.

(3) A violation of Section 25540 of any type or 25541 of the Corporations Code.

(4) A violation of Section 1090 or 27443 of the Government Code.

(5) Felony welfare fraud or Medi-Cal fraud in violation of Section 11483 or 14107 of the Welfare and Institutions Code.

(d) If the defendant is out of the state when or after the offense is committed, the prosecution may be commenced as provided in Section 804 within the limitations of time prescribed by this chapter, and no time up to a maximum of three years during which the defendant is not within the state shall be a part of those limitations.

(e) A limitation of time prescribed in this chapter does not commence to run until the offense has been discovered, or could have reasonably been discovered, with regard to offenses under

Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.5 (commencing with Section 25100) of Division 20 or Part 4 (commencing with Section 41500) of Division 26 of the Health and Safety Code.

CHAPTER 960

An act to add Sections 273 and 14610.5 to the Vehicle Code, relating to driver's licenses.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 273 is added to the Vehicle Code, to read:

273. A "crib sheet" or "cribbing device" is any paper or device designed for cheating by supplying examination answers without questions to an applicant for the purpose of fraudulently qualifying the applicant for any class of driver's license, permit, or certificate.

SEC. 2. Section 14610.5 is added to the Vehicle Code, to read:

14610.5. (a) It is unlawful for any person to do any of the following:

(2) Impersonate or allow the impersonation of an applicant for any class of driver's license, permit, or certificate for the purpose of fraudulently qualifying the applicant for any class of driver's license, permit, or certificate.

(b) A first conviction under this section is punishable as an infraction; a second or subsequent conviction is punishable as a misdemeanor.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 961

An act to amend Section 901 of the Probate Code, relating to decedents' estates.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 901 of the Probate Code is amended to read:

901. The executor, when no compensation is provided by the will or he renounces all claim thereto, or the administrator, shall receive commissions upon the amount of estate accounted for by him, as follows: For the first fifteen thousand dollars ($15,000), at the rate of 4 percent; for the next eighty-five thousand dollars ($85,000), at the rate of 3 percent; for the next nine hundred thousand dollars ($900,000), at the rate of 2 percent; for the next nine million dollars ($9,000,000), at the rate of 1 percent; for the next fifteen million dollars ($15,000,000), at the rate of ½ percent; and for all above twenty-five million dollars ($25,000,000), a reasonable amount to be determined by the court. If there are two or more executors or administrators, the compensation shall be apportioned among them by the court according to the services actually rendered by each.

CHAPTER 962

An act relating to the San Lorenzo Valley Water District, and making an appropriation therefor.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to assist the San Lorenzo Valley Water District in solving its cash-flow problems. These cash-flow problems are associated with efforts made by the San Lorenzo Valley Water District to address water quality problems in the San Lorenzo Valley of the County of Santa Cruz. Assistance to that district provided by the state shall be in the form of a loan to

be repaid by the district, with interest.

It is also the intent of the Legislature to temporarily restrict the involvement of the San Lorenzo Valley Water District in further waste water activities during the time between the issuance of the loan by the State Water Resources Control Board to the district and the repayment of the loan to the board by the district.

SEC. 2. (a) Notwithstanding Sections 13400, 13410, and 13411 of the Water Code, the State Water Resources Control Board, subject to approval by the Director of Finance, may make a loan to the San Lorenzo Valley Water District from the State Water Quality Control Fund in an amount not to exceed one million five hundred thousand dollars ($1,500,000) to provide assistance to the district in meeting its cash-flow problems. Except as expressly provided in this act, the making of the loan shall comply with all other provisions and requirements of Sections 13400 to 13417, inclusive, of the Water Code.

(b) The district shall submit a report to the State Water Resources Control Board and the Legislature which adequately demonstrates that the district has taken specific actions to ensure that the district has an enforceable collection mechanism which will allow it to make full repayment of the loan, including interest, and the State Water Resources Control Board shall certify the report as being in compliance with this section prior to the making of the loan.

(c) As a condition to the making of the loan, the County of Santa Cruz shall agree to undertake a program which will adequately ensure that the use of onsite waste water disposal systems will not pollute waters of the state. The proposed program shall be submitted to the Central Coast Regional Water Quality Control Board, and the regional board shall certify the adequacy of the program prior to the making of the loan.

(d) Except as otherwise provided or required by law, any loan contract made pursuant to this section shall be on the terms and conditions determined by the State Water Resources Control Board. The contract may contain a provision requiring immediate repayment of any outstanding loan balance to the extent of receipt by the district of any state-mandated costs.

SEC. 3. Notwithstanding Article 6 (commencing with Section 31100) or Article 9.5 (commencing with Section 31143) of Chapter 1 of Part 5 of Division 12 of the Water Code, or any other provision of law, as a condition of the loan, the San Lorenzo Valley Water District shall not, during the actual term of the loan, undertake activities relative to planning for, designing for, acquiring, constructing, or operating any facilities to collect, transport, treat, or dispose of sewage from onsite waste water disposal systems, except that this section shall not apply to systems presently operated by the district at Bear Creek Estates or at district offices and facilities. This section does not affect the authority of the district to collect those fees or charges necessary to provide for payment of any and all costs incurred for or associated with waste water activities undertaken

prior to the effective date of this act, and this section shall have no force or effect if the State Water Resources Control Board does not make the loan authorized by this act. This section has no force or effect after the repayment by the district of the loan authorized by this act.

SEC. 4. The Legislature hereby finds and declares that this act is necessary because of special circumstances existing within the San Lorenzo Valley area. New facilities were deemed essential to replace septic systems in the San Lorenzo Valley area in order to preserve the high quality of the waters and the unique beauty of the area for the benefit of all the people of California.

CHAPTER 963

An act to amend Sections 2126 and 2127 of the Streets and Highways Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2126 of the Streets and Highways Code, as amended by Chapter 41 of the Statutes of 1986, is amended to read:

2126. (a) The money appropriated pursuant to Item 9675-101-890 of the Budget Act of 1985 (Chapter 111 of the Statutes of 1985) is hereby appropriated to the Controller for allocation to counties and cities for street and highway maintenance and reconstruction, 55 percent to the cities for allocation pursuant to subdivision (b) and 45 percent to the counties for allocation pursuant to subdivision (c).

(b) (1) The amount to be allocated to a city, including a city and county, equals the amount available for allocation to the cities pursuant to subdivision (a) times the ratio of the total allocation it received pursuant to Section 2107 over all allocations made pursuant to that section during the prior fiscal year.

(2) In the case of a city whose incorporation was effective between July 1, 1984, and October 2, 1986, inclusive, and which did not receive the equivalent of a full year allocation of funds appropriated for allocation pursuant to subdivision (a) of Section 7 of Chapter 1600 of the Statutes of 1985 or pursuant to subdivision (a) of this section, the amount calculated for allocation pursuant to subdivision (b) of that Section 7 shall be increased by an amount which will provide the city an amount equivalent to the total allocation it would have received pursuant to subdivisions (a) and (b) of that Section 7 and subdivision (a) of this section.

(c) Fifty-five percent of the funds payable under this section to

counties, including a city and county, shall be apportioned among the counties in the proportion that the number of fee-paid and exempt vehicles registered in each county bears to the total number of fee-paid and exempt vehicles which are registered in the state.

Forty-five percent of the funds payable under this section to counties, including a city and county, shall be apportioned among the counties in the proportion that the number of miles of maintained county roads in each county bears to the total number of miles of maintained county roads in the state.

(d) For purposes of this section:

(1) "Maintenance" means (A) patching and (B) overlay and sealing.

(2) "Reconstruction" does not include widening to increase the traffic capacity of a street or highway, but does include any widening of the roadway if the widening is necessary to bring the roadway width to the desirable minimum width consistent with the geometric design criteria of the department for nonfreeway 3R (reconstruction, resurfacing, and rehabilitation) projects.

(e) The Controller shall allocate the funds available for that Item 9675-101-890 within 30 days after they become available to the state.

SEC. 2. Section 2127 of the Streets and Highways Code, as amended by Chapter 41 of the Statutes of 1986, is amended to read:

2127. (a) In order to receive any allocation pursuant to Section 2126 or Section 7 of Chapter 1600 of the Statutes of 1985, the city or county, as the case may be, shall expend for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during each of the fiscal years that it receives an allocation pursuant to Section 2126 or that Section 7 not less than its base year expenditure, excluding the allocation received pursuant to Section 2126 or that Section 7, or both, during the fiscal year.

(b) The allocation shall be expended within one year of its disbursement by the Controller to the city or county, as the case may be, except as follows:

(1) In the case of counties declared by the President and proclaimed by the Governor on February 12, 1986, for the period ending March 10, 1986, to be in a state of disaster, the counties and the cities in those counties shall have until October 1, 1987, to expend funds appropriated by Section 7 of Chapter 1600 of the Statutes of 1985.

(2) Funds allocated to all counties and cities pursuant to Section 2126 shall be expended by October 1, 1987.

(c) (1) For purposes of this section, "base year expenditure" means the amount that the city or county, as the case may be, expended for patching, overlay and sealing, and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151.

(2) If the sum of the revenue received by a city or county during the fiscal year pursuant to Section 500 of Title 16, Section 104(b) (2)

and (6) and Sections 125 and 144 of Title 23, and Chapter 68 (commencing with Section 5121) of Title 42 of the United States Code expended for the maintenance and reconstruction of its local street and highway system during the 1984–85 fiscal year, as reported to the Controller pursuant to Section 2151, is more than the sum of funds it received from those sources during any fiscal year, the base year expenditure of the city or county, as the case may be, for the fiscal year shall be reduced by the difference between the sums. For the purposes of this paragraph, "revenue received" means that percentage of the project expenditures or the maximum reimbursable amount of eligible project costs as agreed upon by the federal government and the local agency for those projects eligible under this paragraph.

(d) For each fiscal year during which an allocation was made pursuant to Section 2126 or that Section 7, or both, the Controller shall audit the amount each county and city expended for the maintenance and reconstruction, as defined in subdivision (d) of Section 2126, of its local street and highway system during the fiscal year.

(e) (1) If the Controller determines pursuant to subdivision (d) that a county or city, for the fiscal year, expended for the maintenance and reconstruction of its local street and highway system less than the required amount determined pursuant to subdivision (a) or (b), its allocation pursuant to Section 2104 or 2107, as the case may be, shall be reduced during the next fiscal year by the amount that its expenditure is less than the required amount.

(2) Paragraph (1) does not apply to a city or county during the fiscal year in which it returns to the Controller the allocation it received pursuant to Section 2126 or that Section 7, or both. The city or county shall return the allocation plus any accrued interest within 30 days after receipt of the allocation.

(f) Any funds withheld or returned as a result of subdivision (e) of this section shall be reallocated to the other counties and cities whose expenditure is not less than its required amount pursuant to subdivision (b) or (c) of Section 2126, as the case may be.

(g) In the case of a city or county which on or before October 1, 1986, files with the Controller a written notice declaring the inability of the city or county to comply with the matching requirement of subdivision (a), the Controller shall postpone the penalty provisions of paragraph (1) of subdivision (e) and shall not reallocate the funds, as provided for by subdivision (f), until September 1, 1987. The notice to the Controller shall contain all of the following:

(1) The amount of 1984–85 base year matching requirements as determined by the Controller's audit.

(2) The amount the local entity will fall short of the base year matching requirement.

(3) The reasons why the city or county is unable to meet the base year matching requirement.

(4) The amounts expended by the local entity on patching,

overlay, sealing, and reconstruction of its street and highway system in fiscal years 1981–82, 1982–83, and 1983–84.

The Controller shall, by November 1, 1986, transmit to the Chairpersons of the Senate and Assembly Transportation Committees and the Joint Legislative Budget Committee the information submitted by cities and counties in the written notices provided for in this subdivision.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the flexibility in transportation financing afforded by this act may be implemented at the earliest possible time, so that cities and counties may proceed with road maintenance and construction necessitated by the disastrous flooding of 1986, it is necessary that this act take effect immediately.

(f) The department may adopt regulations restricting or prohibiting the movement of any vehicle from a maintenance facility or terminal if the vehicle is found in violation of this code or regulations adopted pursuant to this section.

(g) This section shall become operative on July 1, 1987.

SEC. 4. Section 34501.7 is added to the Vehicle Code, to read:

34501.7. (a) Any rules or regulations adopted pursuant to Section 34501 for the construction, testing, or certification of wheelchair lifts for installation and use on buses shall take into consideration the costs of implementing the regulations and shall be reviewed and brought up to date by the department annually.

(b) This section shall become operative on July 1, 1987.

SEC. 5. The Department of Rehabilitation, in cooperation with the Department of Motor Vehicles, the Department of Transportation, and the Department of the California Highway Patrol, and, with selected manufacturers, retail sellers, installers, design engineers of wheelchair lifts, designers and manufacturers of wheelchairs, transit providers, and disabled persons, shall form a committee to develop uniform safety standards for statewide implementation, for the design, manufacture, installation, performance, and use of wheelchair lifts in private and publicly owned paratransit vehicles. Standards developed by the committee shall take into consideration the costs of their implementation.

The Department of Rehabilitation shall submit a report setting forth findings and recommendations on the uniform safety standards developed by the committee for wheelchair lifts to the Legislature on or before January 1, 1988.

CHAPTER 970

An act to add Chapter 7 (commencing with Section 470) to Division 1 of the Water Code, relating to water.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 470) is added to Division 1 of the Water Code, to read:

CHAPTER 7. WATER TRANSFER

Article 1. Short Title

470. This chapter shall be known as and may be cited as the Costa-Isenberg Water Transfer Act of 1986.

Article 2. Declaration of Policy

475. The Legislature hereby finds and declares that voluntary water transfers between water users can result in a more efficient use of water, benefiting both the buyer and the seller.

The Legislature further finds and declares that transfers of surplus water on an intermittent basis can help alleviate water shortages, save capital outlay development costs, and conserve water and energy.

The Legislature further finds and declares that it is in the public interest to conserve all available water resources, and that this interest requires the coordinated assistance of state agencies for voluntary water transfers to allow more intensive use of developed water resources in a manner that fully protects the interests of other entities which have rights to, or rely on, the water covered by a proposed transfer.

Article 3. State Assistance

480. The department shall establish an ongoing program to facilitate the voluntary exchange or transfer of water and implement the various state laws that pertain to water transfers. The department shall seek to facilitate these transactions only if the water to be transferred is already developed and being diverted from a stream for beneficial use or has been conserved.

481. The department shall create and maintain a list of entities seeking to enter into water supply transfers, leases, exchanges, or other similar arrangements. In addition, the department shall maintain a list of the physical facilities which may be available to carry out water supply transfers.

482. The department shall prepare a water transfer guide which shall include, but not be limited to, all of the following:

(a) A review of existing and appropriate state and federal laws that pertain to water transfers, water markets, or water rights.

(b) A list of persons or public agencies throughout the state involved in water management who could be helpful to those seeking assistance to transfer water.

(c) Information and resources which could be used to identify potential third-party impacts and mitigation alternatives, including economic, environmental, and legal issues related to the transfer of water.

(d) A description of the services available to water users from the

department.

483. The department shall consult and coordinate its activities with other state boards, departments, agencies, or offices whose assistance may be desirable or necessary in carrying out the purposes of this chapter.

SEC. 2. The Department of Water Resources shall report to the Chairperson of the Agriculture and Water Resources Committee of the Senate and the Chairperson of the Water, Parks, and Wildlife Committee of the Assembly, no later than July 1, 1987, its findings and recommendations as to any changes in existing law or state policy necessary to improve water management by the use of voluntary water transfers.

CHAPTER 971

An act to amend Section 66796.54 of the Government Code, and to amend Section 13273 of the Water Code, relating to water quality.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 66796.54 of the Government Code is amended to read:

66796.54. On or before July 1, 1988, July 1, 1989, and July 1, 1990, the State Water Resources Control Board and the State Air Resources Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have, respectively, upon the quality of waters and upon the ambient air quality of the state, and recommending actions needed to protect the quality of water and air. Each report shall summarize the data from those solid waste assessment test reports which have been submitted during the preceding year to boards of the air pollution control districts or air quality management districts pursuant to Section 41805.5 of the Health and Safety Code and to California regional water quality control boards pursuant to Section 13273 of the Water Code, and shall evaluate the accuracy of the solid waste assessment tests conducted.

SEC. 2. Section 66796.54 of the Government Code is amended to read:

66796.54. (a) On or before January 1, 1989, January 1, 1990, and January 1, 1991, the State Water Resources Control Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have upon the quality of waters of the state, and recommending actions needed to protect the quality of water. Each report shall summarize the data from those solid waste

water quality assessment test reports which have been submitted during the preceding year to California regional water quality control boards pursuant to Section 13273 of the Water Code, and shall evaluate the accuracy of the solid waste water quality assessment tests conducted.

(b) On or before July 1, 1988, and July 1, 1989, the State Air Resources Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have upon the ambient air quality of the state, and recommending actions needed to protect the quality of air. The reports submitted on July 1, 1988, and July 1, 1989, shall summarize the data from the solid waste air quality assessment test reports submitted to air quality maintenance districts and air pollution control districts on or before July 1, 1987, and January 1, 1988, respectively, pursuant to Section 41805.5 of the Health and Safety Code, and shall evaluate the accuracy of the solid waste assessment tests conducted.

SEC. 3. Section 13273 of the Water Code is amended to read:

13273. (a) The state board shall, on or before January 1, 1986, rank all solid waste disposal sites, as defined in Section 66714.1 of the Government Code, based upon the threat which they may pose to water quality. On or before July 1, 1987, the operators of the first 150 solid waste disposal sites ranked on the list shall submit a solid waste water quality assessment test to the appropriate regional board for its examination pursuant to subdivision (d). On or before July 1 of each succeeding year, the operators of the next 150 solid waste disposal sites ranked on the list shall submit a solid waste water quality assessment test to the appropriate regional board for its examination pursuant to subdivision (d).

(b) Before a solid waste water quality assessment test report may be submitted to the regional board, a registered geologist, registered pursuant to Section 7850 of the Business and Professions Code, a certified engineering geologist, certified pursuant to Section 7842 of the Business and Professions Code, or a civil engineer registered pursuant to Section 6762 of the Business and Professions Code, who has at least five years' experience in groundwater hydrology, shall certify that the report contains all of the following information and any other information which the state board may, by regulation, require:

(1) An analysis of the surface and groundwater on, under, and within one mile of the solid waste disposal site to provide a reliable indication whether there is any leakage of hazardous waste.

(2) A chemical characterization of the soil-pore liquid in those areas which are likely to be affected if the solid waste disposal site is leaking, as compared to geologically similar areas near the solid waste disposal site which have not been affected by leakage or waste discharge.

(c) If the regional board determines that the information specified in paragraph (1) or (2) is not needed because other

information demonstrates that hazardous wastes are migrating into the water, the regional board may waive the requirement to submit this information specified in paragraphs (1) and (2) of subdivision (b). The regional board shall also notify the State Department of Health Services, and shall take appropriate remedial action pursuant to Chapter 5 (commencing with Section 13300).

(d) The regional board shall examine the report submitted pursuant to subdivision (b) and determine whether the number, location, and design of the wells and the soiling testing could detect any leachate buildup, leachate migration, or hazardous waste migration. If the regional board determines that the monitoring program could detect the leachate and hazardous waste, the regional board shall take the action specified in subdivision (e). If the regional board determines that the monitoring program was inadequate, the regional board shall require the solid waste disposal site to correct the monitoring program and resubmit the solid waste assessment test based upon the results from the corrected monitoring program.

(e) The regional board shall examine the approved solid waste assessment test report and determine whether any hazardous waste migrated into the water. If the regional board determines that hazardous waste has migrated into the water, it shall notify the State Department of Health Services and the California Waste Management Board and shall take appropriate remedial action pursuant to Chapter 5 (commencing with Section 13300).

(f) When a regional board revises the waste discharge requirements for a solid waste disposal site, the regional board shall consider the information provided in the solid waste assessment test report and any other relevant site-specific engineering data provided by the site operator for that solid waste disposal site as part of a report of waste discharge.

SEC. 4. Section 2 of this bill incorporates amendments to Section 66796.54 of the Government Code proposed by both this bill and AB 3374. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1987, (2) this bill amends Section 66796.54 of the Government Code and AB 3374 repeals and adds Section 66796.54 of the Government Code, and (3) this bill is enacted after AB 3374, in which case Section 66796.54 of the Government Code, as added by AB 3374, shall remain operative only until the operative date of this bill, at which time Section 2 of this bill shall become operative, and Section 1 of this bill shall not become operative.

CHAPTER 972

An act to amend Sections 19352, 19356, and 19356.5 of, and to add and repeal Sections 19356.6 and 19356.7 of, the Welfare and Institutions Code, relating to developmental disabilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 19352 of the Welfare and Institutions Code is amended to read:

19352. As used in this chapter:

(a) "Habilitation services" means those community-based services purchased or provided for adults with developmental disabilities including supported employment or competitive employment, to prepare and maintain them at their highest level of vocational functioning, or to prepare them for referral to vocational rehabilitation services.

(b) "Individual program plan" means the overall plan developed by a regional center pursuant to Section 4646.

(c) "Habilitation component" means the plan developed for each eligible person for whom services are purchased under this chapter.

(d) "Department" means the Department of Rehabilitation.

(e) "Work-activity program" includes, but is not limited to, sheltered workshops, or workshops or work-activity centers accredited under departmental regulations.

(f) "Habilitation team" means a group, which shall be established for each work-activity program client, composed of the following members:

(1) The regional center case manager.

(2) The work-activity program case-responsible person.

(3) A habilitation specialist designated by the department.

(4) The work-activity program client, and where appropriate, his or her parent, legal guardian, or conservator.

This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 19356 of the Welfare and Institutions Code is amended to read:

19356. (a) The department shall promulgate regulations to establish rates subject to the approval of the Department of Finance. The regulations shall provide for an equitable ratesetting procedure in which each specific allowable service, activity, and provider administrative cost comprising an overall habilitation service, as determined by the department, reflects the reasonable cost of

service. Reasonable costs shall be determined annually by the department, subject to audit at the discretion of the department.

(b) Notwithstanding subdivision (a), the rate set by the department for a work-activity program in the 1984–85 fiscal year shall not be less than 85 percent of the rate paid in the 1983–84 fiscal year and shall remain the rate of the work-activity program until July 1, 1988, subject to rate adjustments provided for by law.

This subdivision shall become inoperative July 1, 1988.

SEC. 3. Section 19356.5 of the Welfare and Institutions Code is amended to read:

19356.5. (a) Notwithstanding subdivision (b) of Section 19356, the department may set rates for new work-activity programs and purchase habilitation services from them commencing with the 1985–86 fiscal year. Subdivision (a) of Section 19356, and regulations promulgated thereunder, shall govern the establishment of new work-activity programs in terms of confirming the need for a new work-activity program, the capacity of that program to deliver services effectively, and the ability of the program to comply with accreditation and certification requirements of the Habilitation Services Program where applicable. For purposes of this section, new work-activity programs shall include those which first began providing habilitation services in the 1984–85 fiscal year at rates based on the statewide average rate.

New work-activity programs shall not include any existing work-activity program components currently funded by the department or any related or successor organizations to such work-activity programs. This definition of a new-work activity program is intended to prevent any work-activity program from frustrating the purposes of this section by reorganizing in an attempt to qualify as a new work-activity program. This limitation is not, however, intended to restrict the establishment of a new program component by an existing provider, as specified in paragraph (2) of subdivision (d) or approved by the department as a supported employment component pursuant to Section 19356.7.

(b) When a new work-activity program has a historical cost period on which to base a rate, as specified in subdivision (a) of Section 19356, and the regulations promulgated thereunder, the department shall set the rate in accordance with that subdivision and the rate derived thereby shall, subject to rate adjustments provided by law, remain the rate of that work-activity program until July 1, 1988.

(c) Whenever a new work-activity program, other than one receiving a supported employment rate under Section 19356.6, does not have a historical cost period on which to base a rate, the initial rate for that work-activity program shall be based on a statewide average rate. As soon as the work-activity program has a historical period of at least three months that is representative of the cost per client, as determined by the department, the department shall set the rate in accordance with subdivision (b).

(d) Any rate determined pursuant to subdivision (c) because of

an insufficient historical cost period shall be set according to whichever of the following statewide averages is most applicable, with respect to the purpose or size of the new work-activity programs:

(1) The statewide average rate of all work-activity programs of similar size based on the average number of all clients served in all work-related programs in the historical cost period of those work-activity programs. Average rates shall be determined for work-activity programs serving an average of one to 30 clients, 31 to 100 clients, and more than 100 clients.

(2) The statewide average rate of all work-activity programs, without regard to size, which have as their primary purpose the provision of services to meet the habilitation needs of special groups of persons with developmental disabilities such as persons with cerebral palsy or autism.

(e) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 19356.6 is added to the Welfare and Institutions Code, to read:

19356.6. (a) The terms used in this section shall have the following meanings:

(1) "Supported employment" means substantial paid work that is integrated in the community for persons with developmental disabilities whose vocational handicap is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Substantial paid work" means work of at least 20 hours per week which is paid for in accordance with applicable standards set forth by the federal Department of Labor and the State Department of Industrial Relations.

(3) "Integrated work" means the engagement of an employee with a disability in work in a natural community employment setting, including, but not limited to, work crews, enclaves, and individual placements, in which the degree of integration is measured by the extent to which the disabled employee has opportunities to interact with nondisabled individuals other than those providing direct support services to the disabled employee.

(4) "Work crew" means a group of workers in the community typically containing no more than eight persons with developmental disabilities who engage in paid work together on service contracts in the community.

(5) "Enclave" means a group typically containing no more than eight persons with developmental disabilities that engages in paid work at employer sites in the community and represents a minority of the employer work force.

(6) "Individual placement" means placing a person with a

developmental disability with an employer in the community and providing specialized services which are intended to lead to employer-paid and employer-supervised employment, and which decrease as the individual adjusts to the job; and ongoing postemployment services necessary for the individual to retain the job.

(7) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program, for the purpose of achieving supported employment as an outcome for persons with developmental disabilities, which may include any of the following:

(A) Work-activity program staff time spent conducting task analysis on a supported employment opportunity for a specific client or group of clients.

(B) Work-activity program staff time spent in the direct supervision or training of a client or clients while they are engaged in integrated work designed to achieve supported employment unless other arrangements for client supervision, such as employer supervision reimbursed by the work-activity program, are approved by the Habilitation Services Program.

(C) Social skills training which is necessary to ensure job adjustment and retention, and which is provided in an integrated setting, unless otherwise approved by the Habilitation Services Program.

(D) Training in certain independent living skills, such as independent travel or money management, which is necessary to ensure job adjustment and retention and which is provided in the community, unless otherwise approved by the Habilitation Services Program.

(E) Counseling with family, care providers, or others to ensure necessary support to clients' job adjustment or to overcome problems affecting their job performance.

(F) Direct action to advocate on behalf of a client to resolve problems affecting the client's work adjustment or retention of an integrated job.

(G) Intervention with the employer to review a client's job performance, resolve job problems or facilitate the employer's hiring of the client as an employee.

(H) In the case of work crews, the time crew members spend preparing for and ending the day's work.

(I) In the case of individual placements, job development to the extent authorized by the Habilitation Services Program, and ongoing postemployment support services needed to ensure the client's retention of the job.

(J) In the case of enclaves, the staff time spent obtaining and arranging the enclave for a specific group of clients.

(b) Notwithstanding subdivision (c) of Section 19353, the department's habilitation services and vocational rehabilitation

programs may mutually serve individuals whose individual written rehabilitation program provides for placement into supported employment.

(c) (1) Commencing in the 1986–86 fiscal year, the Habilitation Services Program shall set hourly rates for supported employment in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide community-integrated services under former paragraph (3) of subdivision (d) of Section 19356.5, that are not receiving a rate based on a submitted cost statement, and to new programs or components approved by the Habilitation Services Program to provide supported employment services following enactment of this section. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) The hourly rate for work crews and enclaves shall be four dollars ($4) per client or, in the case of new components of existing programs, the work-activity program's daily rate converted to an hourly rate according to the formula set forth in subdivision (d), whichever hourly rate is the higher. In addition, the Habilitation Services Program may, at its discretion, negotiate a higher hourly rate for work crews or enclaves, based upon a submitted budget that is approved by the Habilitation Services Program, when either of the following circumstances exist:

(A) There is documentation that clearly demonstrates a need for a higher rate because of the nature and severity of the disabilities of the clients served, as determined by the Habilitation Services Program.

(B) The program has already developed and the Habilitation Services Program has a already approved, under the authority of former paragraph (3) of subdivision (d) of Section 19356.5, a work crew or enclave for which there is documentation clearly demonstrating that the work crew will be unable to continue at the four dollar ($4) hourly rate, as determined by the Habilitation Services Program. In these cases, the increased rate shall be provisional for a limited period, as determined by the Habilitation Services Program, and shall be granted by the Habilitation Services Program only under an approved plan, to allow time for the work-activity program to make adjustments in terms of the number of clients served or the number of hours they have an opportunity to work.

(3) The hourly rate for individual placement shall be twenty dollars ($20) per client for one-to-one services. If more than one client is receiving placement services simultaneously at the same site, the amount to be reimbursed per hour of service provided shall not exceed twenty dollars ($20) regardless of the number of clients receiving service during the hour.

(4) These hourly rates shall be subject to rate adjustments provided by law commencing with the 1987–88 fiscal year.

(d) (1) When a client receives traditional work-activity services and supported employment services during the same payment period, the Habilitation Services Program shall convert the daily rate for the traditional work-activity services into an hourly rate for the purpose of paying for those traditional work-activity services received by that client. In its conversion of the daily rate into any hourly rate the Habilitation Services Program shall use the formula in paragraph (2).

(2) The daily rate of the work-activity program shall be divided by the number of hours in the program day of the traditional work-activity program during the historical period on which its rate is based, or as of the date the Habilitation Services Program approved the work-activity program as a new provider of habilitation services plus 5 percent.

(e) This section shall become inoperative on October 1, 1988, and, as of January 1, 1989, is repealed unless a later enacted statute which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. Section 19356.7 is added to the Welfare and Institutions Code, to read:

19356.7. (a) Proposals for funding of supported employment programs and components by the Habilitation Services Program shall be submitted to the Habilitation Service Program and shall contain sufficient information to enable the Habilitation Services Program to act on the proposal under this section.

(b) Provided that sufficient funding is available to finance services by supported employment programs and components, the Habilitation Services Program may approve or disapprove proposals based on all of the following criteria:

(1) The need for a supported employment program or component.

(2) The capacity of the program to deliver supported employment services effectively.

(3) The ability of the program to comply with accreditation and certification requirements of the Habilitation Services Program where applicable.

(4) A profile of an average client in the program or component, showing the planned progress toward self reliance as an employee, measured, as appropriate, in terms of decreasing support services.

(5) The ability of the program to achieve integrated substantial paid work on the average for clients served.

(c) The Habilitation Services Program may purchase supported employment services at the rates authorized in Section 19356.6 only from supported employment programs or components approved under this section.

(d) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or

components, the Habilitation Services Program may monitor supported employment programs or components to determine whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

(e) The department may adopt the regulations it deems necessary to implement Sections 19352, 19356.6, and this section.

(f) This section shall become inoperative on October 1, 1988, and, as of January 1, 1989, is repealed unless a later enacted statute which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that an adequate ratesetting methodology for supported employment services provided by work-activity programs being funded by the Department of Rehabilitation is established for the 1986–87 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 973

An act to amend Sections 12501, 12804, 36000, 36005, 36101, 36600, 36605, and 36615 of, to add Sections 36012, 36016, 36017, 36305, and 36509 to, and to repeal Section 267 of, the Vehicle Code, relating to implements of husbandry.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 267 of the Vehicle Code is repealed.

SEC. 2. Section 12501 of the Vehicle Code is amended to read:

12501. The following persons are not required to obtain a driver's license:

(a) An officer or employee of the United States, while operating a motor vehicle owned or controlled by the United States on the business of the United States.

(b) Any person while driving or operating implements of husbandry incidentally operated or moved over a highway, except as provided in Section 36300 or 36305.

(c) Any person driving or operating an off-highway motor vehicle subject to identification, as defined in Section 38012, while driving or operating such motor vehicle as provided in Section 38025. Nothing in this subdivision authorizes operation of a motor vehicle by a person without a valid driver's license upon any offstreet parking facility, as defined in subdivision (c) of Section 12500.

SEC. 3. Section 12804 of the Vehicle Code is amended to read:

12804. (a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, and the understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation. The applicant shall be required to give an actual demonstration of his or her ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer and submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination of any applicant who holds a valid license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. The examination shall also include a test of the hearing and eyesight of the applicant and other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. The examination for a class 1 or class 2 license under subdivision (b) shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a physician licensed to practice medicine. The report shall be on a form approved by the department or by the Federal Highway Administration or the Federal Aviation Administration. In establishing the requirements, consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration. Any physical defect of the applicant, which, in the opinion of the department, is compensated to ensure safe driving ability, shall not prevent the issuance of a license to the applicant.

(b) In accordance with the following classifications, any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles the applicant desires a license to drive:

(1) Class 1. Any combination of vehicles, including the operation of all vehicles under class 2 and class 3.

(2) Class 2. Any bus, any single vehicle with three or more axles, any such vehicles towing another vehicle weighing less than 6,000 pounds gross, and all vehicles covered under class 3.

(3) Class 3. A truck tractor or truck tractor and semitrailer

combination as specified in subdivision (h) of Section 36101 when operated in accordance with subdivision (h) of Section 36101, a three-axle housecar, any three-axle vehicle weighing less than 6,000 pounds gross, any two-axle vehicle, any three-axle housecar or vehicle towing another vehicle weighing less than 6,000 pounds gross, including when a tow dolly is used between the towing vehicle and a towed motor vehicle, and any two-axle vehicle weighing 4,000 pounds or more unladen when towing either a trailer coach not exceeding 9,000 pounds gross or a trailer or semitrailer not exceeding 9,000 pounds gross designed and used exclusively for hauling livestock, or a trailer not exceeding 9,000 pounds gross used to transport agricultural products from a farm to a processing or handling point, or a trailer transporting a boat not exceeding 9,000 pounds gross, when the hauling of livestock or agricultural products or the towing of boats is not for compensation, or any schoolbus, school pupil activity bus, youth bus or farm labor vehicle, as specified in paragraph (1) of subdivision (d), except any other bus, two-wheel motorcycle, or two-wheel motor-driven cycle.

(4) Class 4. Any two-wheel motorcycle, any two-wheel motor-driven cycle, or any motorized bicycle. Authority to operate vehicles included in a class 4 license may be granted by endorsement on a class 1, 2, or 3 license upon completion of appropriate examination.

(c) Class 1 and class 2 driver's licenses shall be valid for operating class 1 or class 2 vehicles only when a medical certificate approved by the department or the Federal Highway Administration or the Federal Aviation Administration is in the licensee's immediate possession which has been issued within two years of the date of the operation of that vehicle, otherwise the license shall be valid only for operating class 3 vehicles and class 4 vehicles if so endorsed.

(d) (1) A class 3 license shall be valid for operating any schoolbus, school pupil activity bus, youth bus, or farm labor vehicle when a special driver's certificate to permit the operation of those vehicles is also in the immediate possession of the licensee. [Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1985–86 and 1986–87 fiscal years only, the equalization adjustment specified in Section 42238.4.

(3) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(4) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(1) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(2) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(3) Add the amounts in paragraphs (1) and (2).

(e) The base revenue limit per unit of average daily attendance shall be the lesser of the following amounts:

(1) The amount determined in subdivision (b).

(2) The amount computed pursuant to Section 42238 for the prior fiscal year divided by the prior fiscal year revenue limit average daily attendance times the sum of 1.0 and twice the percentage increase in revenue limits computed pursuant to Section 42238.1 for the current fiscal year.

(f) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(g) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

The reduction shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(i) This section shall become operative July 1, 1984.

42238.4. (a) For the 1985–86 and 1986–87 fiscal years only, the county superintendent shall compute an equalization adjustment for each district so that no district's base revenue limit per unit of average daily attendance is less than the prior fiscal year statewide average base revenue limit for the appropriate size and type of district listed in subdivision (b) plus the inflation adjustment specified in Section 42238.1 for the current fiscal year for the appropriate type of district. For purposes of this section, the district base revenue limit and the statewide average base revenue limit shall not include any amounts attributable to Section 44492, 45023.4, 46200, or 46201.

CHAPTER 976

An act to add Sections 868.6 and 1348.5 to the Penal Code, relating to child abuse.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 868.6 is added to the Penal Code, to read:

868.6. (a) It is the purpose of this section to provide a nonthreatening environment for minors involved in the judicial system in order to better enable them to speak freely and accurately of the experiences that are the subject of judicial inquiry.

(b) Each county is encouraged to provide a room, located within, or within a reasonable distance from, the courthouse, for the use of minors under the age of 16. Should any such room reach full occupancy, preference shall be given to minors under the age of 16 whose appearance has been subpoenaed by the court. The room may be multipurpose in character. The county may seek the assistance of civic groups in the furnishing of the room and the provision of volunteers to aid in its operation and maintenance. If a county newly constructs, substantially remodels or refurbishes any courthouse or facility used as a courthouse on or after January 1, 1988, that courthouse or facility shall contain the room described in this subdivision.

SEC. 2. Section 1348.5 is added to the Penal Code, to read:

1348.5. (a) On or before July 1, 1987, upon adoption of a resolution of the board of supervisors, a county may establish a three-year pilot project, whereby the court, in any criminal action in which an act of child abuse or molestation is alleged against a

member of the child's immediate family, may appoint a children's representative to represent the interests of the minor who was a victim of, or a witness to, the alleged act of abuse or molestation, provided that the victim or witness is under the age of 14. Counties participating in the program shall report to the Legislature before December 31, 1988, on the interim results of the program, and shall submit a final report to the Legislature on or before September 30, 1990, on the results of this program.

(b) The program shall be considered to be successful if the participation of child witnesses in criminal matters has increased 10 percent after the first year and increased 20 percent after the third year of the program. The amount of the increase shall be determined by comparing the 1986 participation rate with the participation rate data for 1987 and 1989, respectively.

(c) The court shall consider all of the following guidelines in appointing the children's representative.

(1) The person's willingness and ability to undertake working with and accompanying the child witness through all proceedings, including criminal proceedings, dependency proceedings, and civil proceedings.

(2) The person's willingness and availability to communicate with the child witness.

(3) The person's willingness and availability to express the child's concerns to those authorized to come in contact with the child as a result of the proceedings.

(d) After considering the guidelines stated in subdivision (b), the court, in its discretion, may appoint a trained volunteer as a children's representative, including a person who has received training from a program formed and operated under the guidelines established by the National Court Appointed Special Advocate Association.

(e) In cases involving more than one child victim under the age of 14, the court may, if it finds it appropriate, appoint a children's representative for each of the victims.

(f) In consideration of the special ethical responsibilities of attorneys and the attendant problems that might be raised by an attorney serving as a children's representative, the court shall not appoint attorneys as children's representatives under this section.

(g) In order to be appointed as a children's representative, the volunteer shall meet all of the following requirements:

(1) Possess adequate training in the court process, the dynamics of child abuse and neglect, child abuse laws, the social service system, and how to avoid becoming a witness in a case. Volunteers shall receive this training from persons who are involved in the judicial process (prosecutors, defense attorneys, county counsel, social services, child protective services, judges, and advisory board). Each county shall establish such a training program.

(2) Be screened for a criminal record pursuant to Section 11105.3, including, but not limited to, a fingerprint check. A criminal

conviction, other than a conviction of a sexually related crime or a conviction of child abuse, shall not bar a person from acting as a children's representative.

(3) Meet other requirements as deemed necessary by the court.

(4) Not have any interest in the case, nor any connection to either the prosecution or defense.

(h) The requirements of this section are the minimum requirements for the appointment of a volunteer as a children's representative. Each county participating in the program shall appoint a volunteer special children's representative advisory board, which shall develop additional criteria requiring additional initial training, continuing in-service training, a system to screen volunteer applicants on an individual basis, and guidelines for supervising and monitoring the volunteers.

The board shall be appointed by the board of supervisors and shall be composed as specified by the board as nominated by the local child abuse council.

(i) The court shall admonish the children's representative that he or she shall not discuss the facts and circumstances of the case with the child witness.

(j) The court shall appoint an administrator whose duties shall be to enforce the guidelines established by this section and the guidelines set up by the volunteer advisory board. The administrator's duties shall also include monitoring the training program and supervising the volunteers.

(k) The children's representative shall do all of the following:

(1) Accompany the child witness through all proceedings, including criminal proceedings, dependency proceedings, and civil proceedings.

(2) Explain to the child witness in terms he or she will understand, based upon his or her age and maturity, the nature and progress of the proceedings and what the child will be called upon to do, including, but not limited to, telling the child that he or she is expected to tell the truth. These explanations shall be made prior to the child's courtroom appearance.

(3) Be available to observe the minor in all aspects of the case, in order to consult with the court as to any special needs of the minor. These consultations shall take place prior to the testimony of the child. For purposes of this paragraph, the court, during a recess, may recognize the children's representative when the representative indicates a need to address the court. The representative shall indicate such a need through the court clerk or bailiff. If a jury is present in the courtroom when the court decides to meet with the representative, the judge shall excuse the jury or convene an in-chambers session with the representative, the defense attorney, and the prosecuting attorney. The session shall be on the record.

(*l*) It is the intent of the Legislature that the court shall consider the goal of continuity between the children's representative and a child victim or witness in the various court proceedings. The

Legislature thereby declares that it is desirable for a children's representative appointed to represent the interests of the minor in a dependency proceedings to continue to represent the minor's interest in any ensuing criminal and civil proceedings.

(m) The children's representative shall not be required to testify with respect to the contents of a dependency proceeding in any other proceeding.

(n) The judge may appoint a children's representative at the initial proceeding or any proceeding thereafter. The minor or a person representing the minor may request the appointment of a representative.

(o) The children's representative is not immune from prosecution for dissuading a witness or from interfering with any judicial proceeding.

(p) The children's representative shall not discuss the facts and circumstances of the case with the child witness.

(q) Nothing in this act shall be construed to confer or create a privilege between the child and the children's representative.

(r) The inability of the children's representative to attend any proceeding is not cause for a continuance.

(s) The children's representative shall not be involved in any investigatory interviewing with the child.

Any person who makes that election may never thereafter change that election.

A local miscellaneous member subject to this section shall be retired for service upon his or her written applications to the board if he or she has attained age 50 and is credited with five years of state service.

20544. Notwithstanding any provision of Chapter 5 (commencing with Section 20600), the normal rate of contribution for a local miscellaneous member subject to Section 20542 shall be 2 percent of the compensation paid to the member. A contracting agency may pay all or a portion of the normal contributions required to be paid by a local miscellaneous member pursuant to Section 20615.

This section shall be construed as if it were a part of Chapter 5 (commencing with Section 20600).

The reduction in assessment reflecting the taxpayer's opinion of market value shall not be made, however, until two years after the close of the filing period during which the timely application was filed. 30462.1. Any city may apply to the population research unit of the Department of Finance to estimate its population. The department may make the estimate if in the opinion of the department there is available adequate information upon which to base the estimate. Upon completion of the estimate, and if requested to do so by the city, the Department of Finance shall file a certified copy thereof with the Controller. This certification may be made once each fiscal year.

All payments under subparagraph (B) of paragraph (3) of subdivision (b) of Section 30462 for any allocation subsequent to the filing of the estimate shall be based upon the population so estimated until a subsequent certification is made by the Department of Finance or a subsequent federal decennial census is made.

Population changes based on a federal special census or a subsequent census or estimate validated by the Department of Finance shall be accepted by the Controller only if certified to him or her at the request of the city for which the census or estimate was made and shall become effective on the first day of the month following receipt of the certification.

The Department of Finance may assess a reasonable charge, not to exceed the actual cost thereof, for the preparation of population estimates pursuant to this section, which is a proper charge against the city applying therefor. The amount received shall be deposited in the State Treasury as a reimbursement to be credited to the appropriation from which the expenditure is made.

Any population estimate prepared by the Department of Finance pursuant to Section 2227 may be used for all purposes of this section

(b) The procedure prescribed in Section 65402 of the Government Code shall be followed if that section applies to the proposed vacation. If Section 65402 of the Government Code does not apply to the proposed vacation, the legislative body may submit the proposed vacation to the local planning commission or planning agency and give the commission or agency an opportunity to report upon the proposed vacation.

(b) It is the intent of the Legislature that funds collected under Section 38230 be used for any one or more of the following purposes:

(1) Planning, acquiring, developing, constructing, maintaining, administering, operating, or conserving trails, areas, or other facilities for the use of off-highway motor vehicles.

(2) Controlling the operation of motor vehicles in areas off the highways where the operation of motor vehicles is restricted or prohibited.

(3) Otherwise carrying out the provisions of this division.

SEC. 33. Section 38241 of the Vehicle Code is amended to read:

38241. Any city, county, or city and county may apply to the population research unit of the Department of Finance to estimate its population. The department may make the estimate if in the opinion of the department there is available adequate information upon which to base the estimate. Upon completion of the estimate, and if requested to do so by the city, county, or city and county, the Department of Finance shall file a certified copy thereof with the Controller. This certification may be made once each fiscal year.

All payments under Section 38240 for any allocation subsequent to the filing of the estimate shall be based upon the population so estimated until a subsequent certification is made by the Department of Finance or a subsequent federal decennial census is made.

first day of the month following receipt of the certification.

The Department of Finance may assess a reasonable charge, not to exceed the actual cost thereof, for the preparation of population estimates pursuant to this section, which is a proper charge against the city, county or city and county applying therefor. The amount received shall be deposited in the State Treasury as a reimbursement to be credited to the appropriation from which the expenditure is made.

Any population estimate prepared by the Department of Finance pursuant to Section 2227 of the Revenue and Taxation Code may be used for all purposes of this section if a written request for certification to the Controller is received from the city, city and county, or county within 45 days of completion of the estimate.

SEC. 34. Due to the unique circumstances concerning the Arvin Sanitation District in Kern County with respect to a board of directors, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution, and Section 25 of this act is necessary.

SEC. 35. Except for subdivision (c), the revision of Section 4730.1 of the Health and Safety Code by Section 25 of this act is for purposes of clarity only and makes no substantive change in the law.

CHAPTER 983

An act to amend Section 13270 of, and to add Section 13272 to, the Welfare and Institutions Code, relating to refugee assistance.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 13270 of the Welfare and Institutions Code is amended to read:

13270. The department shall require, as a condition of receiving any federal funds allocated by the department, any program for the provision of instruction in English as a second language which seeks to obtain funding derived from the federal Office of Refugee Resettlement to include all of the following items in its program design:

(a) Entry level employment shall be the goal of the instruction in English as a second language. The Legislature finds and declares that

while complete English literacy is an admirable goal and should be encouraged, it is also a lengthy process. Basic survival English that will allow a refugee to communicate with his or her co-workers and perform everyday necessities of life, such as grocery shopping, calling a physician, filling out job applications, shall be the goal of the program. Any further instruction toward full English literacy shall be gained by the refugee through the utilization of resources that exist in the community for anyone who wishes to improve his or her English skills.

(b) English instruction that is made available to a refugee in a refugee processing center shall be taken into account when assessing whether or not the refugee is in need of English-as-a-second-language instruction, and, if so, how much instruction is needed to provide him or her with survival English skills. Documentation of how many refugees who received English-as-a-second-language instruction in refugee processing centers are assessed by a program funded under this section as needing beginning instruction in English as a second language shall be kept by the provider and reported to the department on at least a quarterly basis so that the state can provide feedback to the federal government regarding the effectiveness of federally funded refugee processing center English-as-a-second-language programs.

(c) Every refugee shall be tested for proficiency in basic survival English, both prior to enrollment in, and upon completion of, English as a second language. The results of these tests shall be a major factor in evaluating the effectiveness of the provider and the advisability of continued funding of that program.

(d) (1) All public and private agencies seeking funds allocated by the department for provision of instruction in English as a second language under the county plan described in Section 13272 shall include in their request a provision for classes in English as a second language during nontraditional work hours at the same unit cost as the agency's daytime classes or an explanation as to why the classes will not be made available at all or cannot be provided at the level described in the county plan.

(2) The department may waive the requirements of this subdivision for any program that cannot provide instruction in English during nontraditional work hours.

(3) For purposes of this section, "nontraditional work hours" means any hours during the week except that period commencing with 8 a.m. and ending at 5 p.m. during Monday through Friday, inclusive.

(4) Vacancies in classes in English as a second language provided during nontraditional work hours shall be made available in the following order of priorities:

(A) First priority shall be for refugees with basic survival English language needs who are working in low paying or part-time jobs and receiving a supplemental welfare grant through the Refugee Cash Assistance Demonstration Project pursuant to Chapter 5.2

(commencing with Section 13200).

(B) Second priority shall be for refugees with English language deficiencies who are participating in non-English-as-a-second-language employment-related programs as part of federal, state, or county cash assistance program participation requirements.

SEC. 2. Section 13272 is added to the Welfare and Institutions Code, to read:

13272. The department shall require that the level of need for English as a second language in nontraditional work hours in each refugee-impacted county receiving Federal Refugee Resettlement Program Social Services Funds shall be included in each county plan for delivery of those services.

CHAPTER 984

SEC. 6. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (1) of Section 81012 of the Government Code.

CHAPTER 985

An act to add and repeal Article 4 (commencing with Section 23240) to Chapter 12 of Division 11 of the Vehicle Code, relating to driving offenses.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Article 4 (commencing with Section 23240) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

Article 4. Alcohol and Drug Problem Assessment Program

23240. (a) The Legislature finds and declares all of the following:

(1) Driving under the influence of an alcoholic beverage or a drug is a serious problem, constituting the largest group of misdemeanor violations in many counties.

(2) Studies of first offenders have found that more than half of first offenders are alcoholics or problem drinkers. There are higher percentages of problem drinkers among second offenders than among first offenders.

(3) As the link between the health and legal aspects of the problem has become recognized, the courts have sought more information on a presentence basis in determining the appropriate sentence.

(4) Laws relating to driving under the influence of an alcoholic beverage or a drug allow the courts to order a presentence investigation to determine whether a person can benefit from an education, training, or treatment program. The Legislature thus finds that, to adequately assess whether an individual arrested for driving under the influence of an alcoholic beverage or a drug is chemically dependent, it is important to develop and implement screening programs in order to continue to address the problem of driving under the influence of alcoholic beverages or drugs in the state.

(b) It is therefore the intent of the Legislature to establish an additional procedure to assist the courts in the use of presentence investigations of individuals convicted of driving under the influence of an alcoholic beverage or a drug and to enable the courts to make appropriate dispositions in these cases. As part of this process, the courts should obtain and consider a presentence investigation report detailing the defendant's driving and criminal record, and, where possible, an alcohol or drug problem assessment report. In all cases, an alcohol or drug problem assessment report should be completed by qualified personnel prior to the determination of an education or treatment plan and subsequent sentencing by the courts.

23241. A county may develop, implement, operate, and administer an alcohol and drug problem assessment program pursuant to this article by resolution of the board of supervisors. The alcohol and drug problem assessment program may include a referral and client tracking component.

23242. Any person convicted of a violation of Section 23152 or 23153 in a county that administers an alcohol and drug problem assessment program pursuant to this article shall participate in the program.

23243. An alcohol and drug problem assessment report shall be made on each person who participates in the program and the report may be used to determine the appropriate sentence for persons convicted of a violation of Section 23152 or 23153.

23244. (a) Notwithstanding any other provision of law, in addition to any other fine or penalty assessment, there shall be levied an assessment of not more than fifty dollars ($50) upon every fine, penalty, or forfeiture imposed and collected by the courts for a violation of Section 23152 or 23153 in any county that administers an alcohol and drug problem assessment program pursuant to this article.

(b) The court may determine if the defendant has the ability to pay all or part of the assessment. The court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner in which the court determines is reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

(c) Notwithstanding Section 1463 or 1464 of the Penal Code or any other provision of law, all moneys collected pursuant to this section shall be deposited in a special account in the county treasury and shall be used exclusively to pay for the costs of developing, implementing, operating, maintaining, and evaluating alcohol and drug problem assessment programs.

(d) On January 15 of each year, the treasurer of each county that administers an alcohol and drug problem assessment program shall determine those moneys in the special account which were not expended during the preceding fiscal year, and shall transfer those moneys into the general fund of the county.

(e) Any moneys remaining in the special account, if and when the alcohol and drug problem assessment program is terminated, shall be transferred into the general fund of the county.

(f) The county treasurer shall annually transfer an amount of money equal to the county's administrative cost incurred pursuant to this section, as he or she shall determine, from the special account to the general fund of the county.

23245. The Office of Traffic Safety shall promulgate rules and guidelines to implement this article.

23246. Any alcohol and drug problem assessment program established pursuant to this article may be terminated by the county on or before December 31, 1989.

23247. This article shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 986

An act to add and repeal Chapter 9 (commencing with Section 18150) of Part 2 of Division 13 of the Health and Safety Code, relating to the Mobilehome-Manufactured Housing Act of 1980.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 9 (commencing with Section 18150) is added to Part 2 of Division 13 of the Health and Safety Code, to read:

CHAPTER 9. MOBILEHOME OMBUDSMAN

18150. The Legislature finds and declares that increasing numbers of Californians live in manufactured homes and mobilehomes and that most of those manufactured home and mobilehome owners reside in mobilehome parks. Because of the growing number of problems and complaints dealing with various aspects of living in manufactured homes and mobilehomes, it is necessary to designate a Mobilehome Ombudsman within the Department of Housing and Community Development to better provide assistance to the public in handling and coordinating the resolution to those problems and complaints.

18151. (a) The position of Mobilehome Ombudsman is hereby established in the Department of Housing and Community Development.

(b) Except as provided in subdivision (c), the ombudsman shall provide assistance in taking complaints, and helping to resolve and coordinate the resolution of those complaints, from the public relating to manufactured homes and mobilehomes, including, but not limited to, problems of titling and registration, installation, warranties, financing, other than financing by a supervised financial organization, as defined in Section 1801.6 of the Civil Code, sales,

inspection of homes and parks, mobilehome accessories and improvements, and problems relating to the Mobilehome Residency Law, which is provided for in Chapter 2.5 (commencing with Section 798) of Title 2 of Part 2 of Division 2 of the Civil Code.

(c) The ombudsman is not empowered to provide assistance in resolving or coordinating, or to help to resolve or coordinate, the resolution of cases or complaints involving mobilehome park rental agreements, leases, or rent disputes.

18152. The Governor shall designate a deputy director in the Department of Housing and Community Development to serve as the Mobilehome Ombudsman.

18153. The Mobilehome Ombudsman shall establish procedures to deal with complaints, including the publication of complaint forms and written materials which shall be made available to the public informing them of the functions of the Mobilehome Ombudsman and providing information on manufactured homes and mobilehomes. The ombudsman shall work with, and coordinate his or her efforts with, other divisions and sections of the department and with other agencies of state and local government.

18154. This chapter shall remain in effect until January 1, 1990, and is repealed as of that date, unless a later enacted statute which is enacted on or before January 1, 1990, deletes or extends that date.

SEC. 2. It is the intent of the Legislature that the implementation of Section 1 of this act shall not result in any additional cost to state government.

CHAPTER 987

An act to amend Sections 2, 7, 8, and 14 of, and to add Sections 19.6, 19.7, 19.8, 19.9, 19.10, 19.11, 19.12, 19.13, 19.14, 19.15, 19.16, 19.17, 19.18, 19.19, 19.20, 19.21, and 19.22 to, the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), relating to the Orange County Flood Control District.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927) is amended to read:

Sec. 2. The objects and purposes of this act are to provide for the control of the flood and storm waters of the district, and the flood and storm waters of streams that have their source outside of the district, but which streams and the flood waters thereof, flow into the district, and to conserve those waters for beneficial and useful purposes by spreading, storing, retaining, and causing them to percolate into the soil within the district, or without the district, or to save or conserve

in any manner all or any of those waters and protect from damage from those flood or storm waters, the harbors, waterways, public highways, and property in the district.

The Orange County Flood Control District is hereby declared to be a body corporate and politic and has all of the following powers:

1. To have perpetual succession.

2. To sue and be sued in the name of the district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

3. To adopt a seal and alter it at pleasure.

4. To take by grant, purchase, gift, devise, or lease, and to hold, use, enjoy, and to sell, lease, exchange, or dispose of real or personal property of every kind, within or without the district, necessary to the full exercise of its powers.

5. To acquire, or contract to acquire, lands, rights-of-way, easements, privileges and property of every kind, and to construct, maintain, and operate any and all works or improvements within or without the district necessary or proper to carry out any of the objects or purposes of this act, and to complete, extend, add to, repair, or otherwise improve any works or improvements acquired by it as authorized in this act.

6. To exercise the right of eminent domain, either within or without the district, to take any property necessary to carry out any of the objects or purposes of this act.

7. To incur indebtedness, and to issue bonds in the manner provided in this act.

8. To cause taxes or assessments to be levied and collected for the purpose of paying any obligation of the district in the manner provided in this act.

9. To make contracts, and to employ labor, and to do all acts necessary for the full exercise of all powers vested in the district, or any of the officers thereof, by this act.

10. To grant or otherwise convey to counties, cities and counties, cities, or towns, easements for street and highway purposes, over, along, in, through, across, or under any real property owned by the district.

11. To remove, carry away, and dispose of any rubbish, trash, debris, or other inconvenient matter that may be dislodged, transported, conveyed, or carried by means of, through, in, or along the works and structures operated or maintained hereunder and deposited upon the property of the district or elsewhere.

12. To lease, sell, or dispose of any property (or any interest therein) whenever, in the judgment of the board of supervisors, the property, or any interest therein or part thereof, is no longer required for the purposes of the district, or property may be leased, or included in community leases embracing adjoining lands, for any purpose (including leases for mining or extracting oil, gas, hydrocarbon substances, or other minerals) without interfering with the use of the property for the purposes of the district. Whenever it appears that wells drilled upon private lands are draining or may

drain oil, gas, or other hydrocarbon substances from lands owned by the district and operations for the production of oil, gas, or other hydrocarbons on land owned by the district might interfere with the use of that land for the purposes of the district, the district may enter into agreements with the owners or operators of the wells for the payment of compensation to the district for drainage in lieu of drilling offset wells upon the land owned by the district, and to pay any compensation received therefor into the general fund of the district and use the compensation for the purposes of this act. However, nothing in this section authorizes the board of supervisors, or other governing body of the district, or any officer thereof, to sell, lease, or otherwise dispose of any water, water right, reservoir space, or storage capacity, or any interest or space therein, except as provided by Section 17 of this act. The district may also grant to the United States of America, or any agency thereof authorized to accept and pay for such land, such parcels of land as lie within any channel, dam, or reservoir site, improved or constructed, in whole or in part, with federal funds, upon the payment to the district of the actual cost thereof as determined by the board of supervisors of the distict. The district, by and through its board of supervisors, may warrant and guarantee the title of all lands so transferred to the United States under this section.

13. To monitor, test, or inspect drainage, flood, storm, or other waters within the district for the purpose of recording, determining, and reporting the quality of the waters to appropriate regional water quality control boards.

14. To assist the County of Orange and any city within the county in emergency operations to control or mitigate the effect of tides, waves, and ocean currents on the Orange County shoreline.

15. To carry on technical and other investigations, examinations, or tests of all kinds, make measurements, collect data, and make analyses, studies, and inspections pertaining to water supply, control of floods, use of water, water quality, nuisance, pollution, waste, and contamination of water, both within and without the district.

16. To regulate, prohibit, or control the discharge of pollutants, waste, or any other material into the district's facilities by requiring dischargers to obtain a permit from the district prior to any discharge and by prohibiting the discharge of pollutants or other material which does or may cause a nuisance into the district's facilities without first obtaining a permit from the district, but, if a federal permit has been issued for the discharge, a permit may be issued by the district at no fee to the discharger; except as provided in this act, to require a fee to be collected prior to the issuance of a discharge permit, if the amount of the fee does not exceed the cost of issuing the permit; to require all permitholders to indemnify the district from any and all damages, penalties, or other expenses imposed on or required of the district by state or federal agencies due to any discharge by the permitholders into the district facilities.

17. To establish compliance with any federal, state, or local law,

order, regulation, or rule relating to water pollution or the discharge of pollutants, waste, or any other material into the district's facilities. For this purpose, any authorized representative of the district, upon presentation of his or her credentials or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, has the right of entry to any premises on which a water pollution, waste, or contamination source is located for the purpose of inspecting the source, including securing samples of discharges therefrom, or any records required to be maintained in connection therewith by federal, state, or local law, order, regulation, or rule.

SEC. 2. Section 7 of the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927) is amended to read:

Sec. 7. The board of supervisors shall, subject to this act, prescribe by ordinance or resolution the form of the bonds. The bonds shall be issued in registered form. The bonds shall be payable substantially in the following manner: The board of supervisors may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series; provided, that the earliest maturity of each issue or series, as the case may be, shall not be more than two years from the date of the bonds of that issue or series. The final maturity date of any bond shall not exceed 40 years from the date of the bond. The board of supervisors may determine in the resolution authorizing the issuance of the bonds that the principal amount of the bonds maturing each year shall be other than an amount equal to an equal annual proportion of the aggregate principal of the bonds, and it may determine that the amount of principal maturing in each year plus the amount of interest payable in that year shall as nearly as possible be an aggregate amount that is equal each year, except for the principal and interest due on the first series of the bonds which shall be adjusted to reflect the amount of interest earned from the date when the bonds bear interest to the date when the first interest is payable on the bonds, or it may make such other determination as to the amount of the aggregate principal of the bonds which shall mature in each year as it shall choose.

The bonds shall be issued in such denominations as the board of supervisors may determine, and shall be payable on the day and at the place fixed in the bonds, and with interest payable semiannually at the rate specified in the bonds, which rate shall not be in excess of the rate permitted under Article 7 (commencing with Section 53530) of Chapter 3 of Part 1 of Division 2 of Title 5 of the Government Code. The bonds shall be signed by the chairperson of the board of supervisors, and countersigned by the auditor of the County of Orange, and the seal of the district shall be affixed thereto. The bonds may be authenticated by a paying agent selected by the board of supervisors, and the signatures of the chairperson and

auditor thereon may be facsimile signatures. In case any officer whose signatures or countersignatures appear on the bonds shall cease to be such an officer before the delivery of the bonds to the purchaser, the signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until the delivery of the bonds.

SEC. 3. Section 8 of the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927) is amended to read:

Sec. 8. The board of supervisors may issue and sell the bonds of the district authorized as provided in this act at not less than 95 percent of par value. The proceeds of the sale of the bonds shall be placed in the treasury of the County of Orange to the credit of the district, and the proper record of the transactions shall be placed upon the books of the county treasury. The district fund shall be applied exclusively to the purposes and objects mentioned in the ordinance or resolution calling the special bond election or, if pursuant to Sections 19.6 to 19.16, inclusive, no election is required, in the resolution confirming the engineer's report. Payments from the district fund shall be made upon demands prepared, presented, allowed, and audited in the same manner as demands upon the funds of the County of Orange.

SEC. 4. Section 14 of the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927) is amended to read:

Sec. 14. The board of supervisors of the district may, in any year, levy a tax or assessment upon taxable real property in the district, to carry out any of the objects or purposes of this act, and to pay the cost and expenses of constructing, maintaining, operating, extending, and repairing any works or improvements which are authorized by this act during the ensuing fiscal year. The board of supervisors may also levy such an assessment for payment of the local share of the cost of any works or improvements or project undertaken by the federal government or the state, or both, or payment of the annual amount of repayment of a loan or loans from the federal government or the state, or both, representing the local share of the cost of the works or improvements or project, or the district's annual share of the cost of the operation, maintenance, and repair of the works or improvements. The tax or assessment shall be levied and collected and become delinquent at the same time and in the same manner and have the same lien priority as the general tax levy for county purposes, and bear the same penalties and interest after delinquency. The revenues derived from the tax or assessment shall be paid into the county treasury to the credit of the construction and maintenance fund of the district, and the board of supervisors may control and order the expenditure thereof for those purposes. The maximum tax levied under this section for any one fiscal year shall not exceed twenty cents ($0.20) on each one hundred dollars ($100) of the assessed valuation of the taxable property in the district, exclusive of any tax levied to meet the bonded indebtedness of the district, and the interest thereon.

Assessments levied pursuant to this section shall be based upon the benefit which each parcel of real property to be assessed will derive from the works and improvements to be constructed, maintained, operated, extended, or repaired. For purposes of levying any assessment, the board of supervisors may establish one or more zones of benefit, including parcels of real property which benefit similarly from those works and improvements, and may levy different assessments within those zones. The zones of benefit shall be identified and described in a resolution adopted by the board of supervisors. In levying assessments pursuant to this section, the board of supervisors may employ any of the procedures provided for in Sections 19.6 to 19.14, inclusive, which it deems appropriate. Proceedings for levying assessments pursuant to this section may be combined with proceedings for levying assessments pursuant to Sections 19.6 to 19.14, inclusive, and the procedures prescribed by those sections shall be modified as the board of supervisors deems necessary to accommodate the combination of the proceedings.

SEC. 5. Section 19.6 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.6. The board of supervisors may determine that it may be necessary to sell bonds of the district to finance needed flood control improvements for the protection and benefit of portions of the district which the board determines cannot be financed from annual revenues from taxes or assessments, or both, over a period of years without selling bonds. The board of supervisors may also determine that it may be necessary to sell bonds of the district to finance the local share of the cost of any flood control improvements or projects undertaken by the federal government or the state, or both. The board of supervisors shall make these determinations by adopting a resolution indicating its intention to finance the improvements through the issuance of bonds, generally describing the improvements to be financed with the proceeds of the bonds and referring the improvements to an engineer selected by the board and therein named for the preparation and filing with the board of a report with regard to the proposed improvements. The portions of the district which will benefit from the sale of the bonds and the flood control improvements to be financed shall be designated in the resolution of the board making those determinations as the area of benefit for the specified project, or by some similar designation.

The report shall contain, among other things, all of the following:

(a) A general description of the improvements.

(b) Estimates of the cost of the improvements, the cost of land, rights-of-way, and easements, incidental expenses in connection with the improvements, and expenses in connection with the issuance of the bonds, and if part of the cost of the improvements will be paid from contributions from the federal government or the state, or both, an estimate of the expected total amount of those contributions.

(c) A map which shows the location of the proposed

improvements and lands, rights-of-way, easements, and property to be taken, acquired, or injured in carrying out the construction of the improvements, and any other information in regard to those matters as may be deemed useful. However, improvements, lands, rights-of-way, easements, and property which will be located outside the district or outside the area of benefit need not be shown on the map.

(d) A map or maps showing the location of the lots and parcels of property in the area of benefit which will derive special benefit from the proposed improvements and which are proposed to be assessed for the cost thereof.

(e) A listing by county assessor's parcel numbers of the lots and parcels of property within the area of benefit which will derive special benefit from the improvements and which are proposed to be assessed and pay annual assessments for the payment of principal and interest on the bonds, and the estimated maximum amount of the annual assessment to be levied on each lot or parcel.

(f) A general analysis of the engineer's determination as to how the lots and parcels proposed to be assessed in the area of benefit and each proposed zone of benefit therein will derive special benefit from the proposed improvements.

The engineer may propose in the report that parcels of property in the area of benefit which benefit similarly but differently from other parcels from the improvements be included in different zones of benefit which shall be identified by boundary lines on the map or maps specified in subdivision (d). If the engineer proposes in the report the establishment of different zones of benefit, the listing referred to in subdivision (e) shall also identify the zone of benefit in which each lot or parcel is proposed to be included.

SEC. 6. Section 19.7 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.7. If the improvements are proposed to provide protection against flooding in a floodway or flood plain designated on the general plan of the County of Orange or any city therein or a flood plain area or flood-risk zone established by the Secretary of Housing and Urban Development of the United States pursuant to Section 4101 et seq. of Title 42 of the United States Code, the fact that a lot or parcel of property is located within that floodway or flood plain or flood-risk area shall be conclusive evidence that it will derive special benefit from the improvements. Assessments based on special benefit may be levied on lots and parcels of property included in an area of benefit or in zones of benefit therein on the basis of proportionate stormwater runoff.

SEC. 7. Section 19.8 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.8. (a) When the report of the engineer is filed with the board of supervisors, the board may at a regular or special meeting approve the report and schedule a hearing thereon. The hearing shall be scheduled not earlier than 30 days and not later than 90 days

following approval of the report. Notice of the hearing shall be published pursuant to Section 6066 of the Government Code, and the first publication shall occur not later than 20 days before the date of the hearing. The notice to be published shall be entitled "Notice of Flood Control Improvements," shall include the time and place of the hearing on the proposed improvements and on the proposed bonds and annual assessments, shall generally describe the proposed improvements and the proposed area of benefit and refer to the report of the engineer for further particulars, shall state that the board of supervisors is considering issuing bonds to finance the cost of the proposed improvements, or the local share thereof, and the amount of the bonds which would be issued, shall also state that the board of supervisors is considering levying annual assessments on lots and parcels of property within the area of benefit to pay principal and interest on the bonds, and shall contain the name and telephone number of an officer or employee of the district to answer inquiries regarding the protest proceedings.

(b) A notice of the time and place of the hearing shall also be mailed, postage prepaid, to all persons owning real property proposed to be assessed as their names and addresses appear on the last equalized assessment roll for county taxes. The notices shall be mailed not later than 20 days before the date of the hearing. The notices to be mailed shall be entitled "Notice of Flood Control Improvements" and shall contain all of the following:

(1) A statement of the time, place, and purpose of the hearing on the improvements and the proposed annual assessments.

(2) A statement of the total estimated cost of the proposed improvements.

(3) A statement that the board of supervisors proposes to issue and sell bonds to finance the cost of the proposed improvements, or the local share thereof, and to levy annual assessments on lots and parcels of property within the area of benefit which will derive special benefit therefrom to pay the principal of, and interest on, the bonds.

(4) The estimated maximum amount of the annual assessment to be levied on the particular parcel of property to which the notice relates, and a statement that the annual assessment to be levied on the parcel may not exceed 110 percent of that estimated maximum amount.

(5) A statement that any owner of a lot or parcel of property proposed to be assessed for the cost of the improvements or the payment of the principal of and interest on the bonds may file a written protest with the clerk.

(6) The name and telephone number of an officer or employee of the district designated by the board of supervisors to answer inquiries regarding the protest proceedings.

(c) If the engineer's report proposes the designation of two or more zones of benefit within the area of benefit wherein parcels will be assessed different amounts of annual assessments, the notice shall also advise each owner of this and of the zone in which his or her lot

or parcel will be located.

SEC. 8. Section 19.9 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.9. Any owner of a lot or parcel of property proposed to be assessed annual assessments for the payment of the principal of and interest on the bonds may protest the proposed improvements, the extent of the area of benefit or any proposed zone of benefit, or the proposed maximum annual assessment against his or her lot or parcel by filing a written protest with the clerk at or before the time set for the hearing. Each protest shall contain a description of the lot or parcel in which each signer thereof has an ownership interest sufficient to identify the same and, if the signers are not shown on the last equalized assessment roll as the owners of the lot or parcel, the protest shall contain or be accompanied by written evidence that the signers are the owners of the property. The clerk shall endorse on each protest the date of its receipt, and at the time appointed for the hearing shall present to the board of supervisors all protests filed with the clerk.

SEC. 9. Section 19.10 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.10. At the time of the hearing, the engineer's report shall be summarized and the board of supervisors shall afford all persons who are present an opportunity to comment upon, object to, or present evidence with regard to, the proposed improvements, the proposed area of benefit and zones of benefit, the issuance and sale of the bonds, the proposed estimated maximum amount of annual assessment against any lot or parcel of property, or any other matter relating thereto. At the conclusion of the hearing, the board of supervisors may confirm the report of the engineer or direct its modification in any respect, and thereafter confirm the report as modified. The board may change the boundaries of the area of benefit or any zone of benefit identified in the report to exclude lots and parcels of property which it determines will not derive special benefit from the proposed improvements, but may not change the boundaries of the area of benefit or any zone of benefit therein to include lots and parcels which are not listed in the report. The hearing may be continued from time to time not exceeding a total of 180 days.

SEC. 10. Section 19.11 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.11. If the board of supervisors finds that written protests filed at or before the time of the hearing are signed by the owners of more than 25 percent of the area of land in the area of benefit or in any proposed zone of benefit therein, and protests are not withdrawn at the time of the hearing so as to reduce the percentage of protest for all proposed zones of benefit below that percentage, the board of supervisors shall either abandon the proceedings or by duly adopted resolution submit the propositions of the issuance of the bonds and the levy of the assessments to the voters within each zone

of benefit from which the protest was received and not so reduced, and shall not proceed further with the proceedings as to any zone of benefit unless a majority of the combined votes cast at the election in all zones of benefit wherein it is held are in favor of the issuance of bonds and the levy of assessments. The board of supervisors may elect to submit the question of the issuance of the bonds and the levy of the assessments to the voters in all zones of benefit.

SEC. 11. Section 19.12 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.12. The election may be called on any of the election dates prescribed by Section 2500 of the Elections Code, and the propositions regarding the issuance of the bonds and the levy of annual assessments for the payment of the principal of, and interest on, the bonds shall be combined in single ballot measure. The election shall be conducted as nearly as practicable in conformity with the general election law of the state. The election may be consolidated with any other elections which will be conducted on the same date within the zone or zones of benefit where the election will be held. The board of supervisors may form election precincts by adopting the precincts established for general elections or by consolidating precincts within the zone or zones of benefit where the election is to be held, and shall appoint only one inspector, two judges, and one clerk for each precinct. The district shall pay the county for costs incurred by the county in conducting the election.

SEC. 12. Section 19.13 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.13. If the board of supervisors abandons the proceedings rather than call an election, or if an election is held and the required approving vote is not received, it shall not initiate similar proceedings within a period of 180 days from the date of adoption of the resolution ordering abandonment of the proceedings or the date of the election.

SEC. 13. Section 19.14 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.14. If at the conclusion of the hearing the board of supervisors determines that protests received for the area of benefit and for each of the proposed zones of benefit therein are below the percentage set forth in Section 19.11 or if the propositions regarding issuance of the bonds and the levy of annual assessments are submitted to election in any zone of benefit and the combined votes cast in all zones of benefit wherein the election is held are in favor of the propositions, the board may adopt a resolution confirming the engineer's report, and, ordering the improvements, or payment of the local share of the cost thereof, if the improvements are to be undertaken by the federal government or the state, or both, and the issuance of the bonds. The board shall also establish in this resolution the boundaries of the area of benefit and all zones of benefit therein by reference to the map or maps contained in the confirmed engineer's report.

SEC. 14. Section 19.15 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.15. The board of supervisors may authorize the issuance of bonds on the basis of competitive bids or negotiated sale. The board of supervisors shall establish a process for selecting bond counsel, including at least two proposing firms. If the bonds are to be sold on the basis of a negotiated sale, the board of supervisors shall establish a process of selecting underwriters including at least five proposing underwriter firms, unless the board finds, four-fifths of its members concurring, that fewer than five underwriting firms are willing to submit proposals. If competitive bids are to be received, notice of the time and place of the receipt of bids shall be published in a financial journal of general circulation in the state as provided in Section 6066 of the Government Code. The bonds shall be issued and sold as provided in and be subject to Sections 7 to 9, inclusive.

SEC. 15. Section 19.16 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.16. After the authorization and sale of bonds pursuant to Sections 19.6 to 19.15, inclusive, the board of supervisors shall levy an assessment each year upon the lots and parcels of property identified and listed in the engineer's report based upon the special benefit to be derived thereby from the improvements as specified therein in a total amount sufficient to pay interest on the bonds for that year and that portion of the principal thereof as is to become due before the time for making the next general tax levy. The board may also include in the total amount of the assessment levied in any year the estimated amount of the district's cost of levying and collecting the assessments, the cost of registration, transfer, and payment of the bonds, the expected amount of delinquency in payment of assessments, and the amount, if any, needed to replenish the reserve fund for the bonds as a result of past delinquencies in payment of assessments. However, the amount of the annual assessment on any lot or parcel in any year shall not exceed 110 percent of the estimated amount of the maximum annual assessment set forth in the engineer's report for the lot or parcel. The annual assessments shall be levied, collected, and become delinquent at the same time and in the same manner and have the same lien priority and bear the same penalties and interest after delinquency as the general tax levy for county purposes. When collected, the assessments collected shall be paid into the county treasury of the County of Orange to the credit of the district, and be used for the payment of the principal of, and interest on the bonds, the replenishment of the reserve fund for the bonds, and the district's expenses incurred in collecting the assessments, and for no other purpose. The principal of, and interest on, the bonds shall be paid by the county treasurer of the county in the manner provided by law for the payment of principal of, and interest on, bonds of the county, except that the board of supervisors may determine in the resolution authorizing the issuance of the bonds that the principal and interest shall be paid by a paying agent,

other than the county treasurer, named therein.

SEC. 16. Section 19.17 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.17. The board of supervisors may include in the aggregate principal amount of the bonds an amount for a reserve fund for the payment of the principal of, and interest on, the bonds in the event that as a result of delinquencies in the payment of annual assessments levied on benefiting lots and parcels there is a deficiency in the amount needed for the payment of principal and interest. The amount to be included for the reserve fund shall not exceed 15 percent of the total principal amount of the bonds. The reserve fund and all interest earned thereon shall be used solely for the payment of the principal of, and interest on, the bonds, if there is a deficiency, and then only to the extent of the deficiency. Notwithstanding any other provision of this section, for the purposes of assuring that the bonds will not become arbitrage bonds as defined in the Internal Revenue Code of 1954 (Title 26 of the United States Code) and regulations promulgated thereunder by the Department of Treasury, and providing for a reduction of the amount of money in the special reserve fund during the term of the bonds, the board of supervisors may, by resolution adopted prior to the issuance of the bonds, provide that money in the reserve fund, including investment income, shall be transferred to the redemption fund for the bonds for advance retirement of the bonds. The balance remaining in the reserve fund at the time of the levy of the annual assessments for the payment of the principal of and interest on the last series of the bonds shall be transferred to the redemption fund and taken into consideration by the board of supervisors in determining the aggregate amount of the annual assessments to be levied for the payment of the principal and interest. In lieu of establishing a reserve fund or in addition thereto, the board of supervisors may, in determining the amount of the assessments to be levied on lots and parcels benefiting from the improvements in any year, include in the assessments a proportionate share of any expected amount of delinquency in payment of assessments, or a proportionate share of the amount needed to replenish the reserve fund as a result of past delinquencies in the payment of assessments.

Notwithstanding the preceding provisions of this section, if any amendment to the Internal Revenue Code of 1954 or the regulations of the Department of Treasury thereunder require a different allocation or utilization of the amount of the reserve fund or the earnings thereon than is herein provided, the board of supervisors shall order that action with regard to the reserve fund or the earnings thereon as is required by that code or regulations to avoid the interest on the bonds becoming taxable.

SEC. 17. Section 19.18 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.18. Sections 19.6 to 19.17, inclusive, provide alternative authorization and proceedings for making improvements, or paying

the local share of the cost thereof, and issuing bonds, and may be pursued by the board of supervisors in lieu of any other similar proceedings which are authorized by this act.

SEC. 18. Section 19.19 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.19. The validity of any proceedings for the issuance of bonds conducted pursuant to Sections 19.6 to 19.17, inclusive, shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the adoption by the board of supervisors of a resolution or resolutions confirming, or modifying and confirming as modified, the engineer's report and authorizing the issuance of bonds. An appeal from a final judgment in such an action or proceeding shall be perfected within 30 days after the entry of judgment. Bonds issued pursuant to Sections 19.6 to 19.17, inclusive, shall be conclusive evidence of the regularity of all proceedings leading up to the issuance of the bonds.

SEC. 19. Section 19.20 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.20. An action to determine the validity of bonds issued pursuant to Sections 19.6 to 19.17, inclusive, and of the annual assessments to be levied on lots and parcels which will derive special benefit from the improvements to be financed therewith to pay the principal of and interest on the bonds, or to determine the validity of assessments levied pursuant to Section 14, may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 20. Section 19.21 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.21. The board of supervisors shall, upon confirming the engineer's report and establishing the boundaries of the area of benefit pursuant to Section 14 or Section 19.14, record with the County Recorder of the County of Orange a notice of the establishment of the area of benefit. The notice shall be captioned "Notice of Establishment of Area of Benefit for the _____ Project of the Orange County Flood Control District," and shall provide notice of the boundaries of the territory included in the area of benefit by reference to sections, townships, and ranges of the United States Government Survey of public lands, or a map or maps showing the boundaries which may be recorded with the notice. The notice shall further provide notice that all lots and parcels of land in the area of benefit are subject to the annual levy of assessments for the payment of the cost of the construction, maintenance, operation, extension, and repair of any works or improvements or the payment of principal and interest on bonds of the district sold to finance those improvements, or the local share of the cost thereof, and that the amount of annual assessment for any lot or parcel therein may be obtained from the chief engineer of the district. If the board of supervisors determines to provide notice of the boundaries of the territory included in the area of benefit by reference to the sections,

townships, and ranges of the United States Government Survey, it need not specifically identify the boundaries, but shall by that reference generally identify the territory included therein. The notice shall be signed on behalf of the district by the chairman of the board of supervisors or the chief engineer. The recording of the notice shall impart constructive notice of its contents to purchasers and mortgagees of property in the area of benefit.

Sec. 21. Section 19.22 is added to the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), to read:

Sec. 19.22. The Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800) of the Streets and Highways Code) does not apply to assessments levied pursuant to Section 14 or Sections 19.6 to 19.14, inclusive.

SEC. 22. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

Rules and regulations adopted by the department with respect to reporting and auditing procedures shall apply to all expenditures of funds allocated pursuant to this chapter.

This section shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1987, deletes or extends that date.

The rules and regulations shall provide for the orderly and periodic distribution of moneys in the fund so that the areas served by the operator will be provided public transportation services on a continuing basis and so that there will be an orderly improvement and maintenance of the system of the operator. The rules and regulations shall provide for the approval of sufficient moneys from the fund to accomplish the intent of the Legislature as expressed in the findings and declarations in Section 99220.

CHAPTER 989

An act to amend Sections 44252, 44252.5, and 44830 of, and to add Sections 44252.8 and 44254.5 to, the Education Code, relating to credentialing.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 44252 of the Education Code is amended to read:

44252. (a) The commission shall establish standards and procedures for the initial issuance and renewal of credentials.

(b) Commencing on February 1, 1983, the Commission on Teacher Credentialing shall not issue initially any credential, permit, certificate, or renewal of an emergency credential to any person to

serve in the public schools unless the person has demonstrated proficiency in basic reading, writing, and mathematics skills in the English language as provided in Section 44252.5. However, an emergency credential holder who has passed the basic skills proficiency test shall not be required to repeat the test in order to obtain a renewal of his or her emergency credential. The commission shall exempt from the basic skills proficiency test requirement any of the following persons:

(1) A person credentialed solely for the purpose of teaching adults in an apprenticeship program.

(2) An applicant for an adult education designated subject credential for other than an academic subject.

(3) A person credentialed in another state who is an applicant for employment in a school district in this state who has passed a basic skills proficiency examination which has been developed and administered by the school district offering that person employment, or by cooperating school districts, or by the appropriate county office of education. School districts administering a basic skills proficiency examination under this paragraph shall comply with the requirements of subdivision (h) of Section 44830. Such an applicant shall be granted a nonrenewable emergency credential, valid for not longer than one year, pending fulfillment of the basic skills proficiency requirement pursuant to Section 44252.5. The commission shall report to the Legislature no later than January 1, 1987, on the number of teachers receiving emergency credentials without fulfilling the basic skills proficiency requirement, the districts in which these teachers are employed, the number of teachers granted clear credentials after the expiration of an emergency credential granted under these conditions, and a comparison of success rate of these teachers on the basic skills test with the success rate of the general pool of credential applicants.

(4) An applicant for a child care center permit or a permit authorizing service in a development center for the handicapped, so long as the holder of the permit is not required to have a baccalaureate degree.

(5) The holder of a credential, permit, or certificate to teach, other than an emergency credential, who seeks an additional authorization to teach.

(6) An applicant for a credential to provide service in the health profession.

(c) By December 31, 1982, the Superintendent of Public Instruction shall adopt an appropriate state test to measure proficiency in these basic skills. In adopting the test, the superintendent shall seek assistance from the commission and an advisory board. A majority of the members of the advisory board shall be classroom teachers. The board shall also include representatives of local school boards, school administrators, parents, and postsecondary institutions.

The superintendent shall adopt any normed test that the

superintendent determines will sufficiently test basic skills for purposes of this section.

The superintendent, in conjunction with the commission and approved teacher training institutions, shall take steps necessary to insure the effective implementation of this provision.

(d) Nothing in this section shall be construed as requiring the holders of, or applicants for, a designated subjects special subjects credential or vocational designated subject credential to pass the state basic skills proficiency test, unless the requirements for the specific credential required the possession of a baccalaureate degree. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs a holder of a designated subjects special subjects credential or vocational designated subject credential shall establish its own basic skills proficiency criteria for the holders of these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(e) The commission shall compile data regarding the rate of passing the state basic skills proficiency test by persons who have been trained in various institutions of higher education. The data shall be available to members of the public, including to persons who intend to enroll in teacher education programs.

(f) Each applicant to an approved credential program, unless exempted by subdivision (b), shall take the state basic skills proficiency test in order to provide both the prospective applicant and the program with information regarding the applicant's proficiency level. Test results shall be forwarded to each California postsecondary institution to which the applicant has applied. The program shall use test results to ensure that upon admission, each applicant receives appropriate academic assistance necessary to pass the state basic skills proficiency test. Persons residing outside the state shall take the test no later than the second available administration following their enrollment in a credential program.

SEC. 2. Section 44252.5 of the Education Code is amended to read:

44252.5. (a) The commission shall administer the state basic skills proficiency test pursuant to Sections 44227, 44252, and 44830 in accordance with rules and regulations adopted by the commission. The adopted rules and regulations shall be promulgated by the commission before January 1, 1983, and shall be exempt from the requirements of Section 44232. A fee shall be charged to individuals being tested to cover the costs of the test, including the costs of

developing, administering, and grading the test. The commission shall establish the amount of this fee. However, the fee shall not exceed thirty dollars ($30) in the 1982–83 fiscal year, thirty-five dollars ($35) in the 1983–84 fiscal year, and forty dollars ($40) in subsequent fiscal years.

(b) The commission may enter into agreements with other states permitting the use of the state basic skills proficiency test as a requirement for the issuance of credentials or for teacher preparation program admission in those other states, provided that the use would advance the interests of the State of California and that the other states reimburse the Teacher Credentials Fund for a proportionate share of costs of the development and administration of the test.

(c) Any individual who passes the state basic skills proficiency test, as adopted by the Superintendent of Public Instruction, shall be considered proficient in the skills of reading, writing, and mathematics, and shall not be required to be retested by this test for purposes of meeting the proficiency requirements of Sections 44227, 44252, and 44830.

(d) Any individual who passes one or more components of the state basic skills proficiency test in the subjects of basic reading, writing, or mathematics, shall be deemed to have demonstrated his or her proficiency in these subject areas and shall not be required to be retested in these subjects during subsequent test administrations.

SEC. 3. Section 44252.8 is added to the Education Code, to read:

44252.8. (a) The commission may defer the state basic skills proficiency test requirement in any case when illness, a family death, or another similar and justifiable personal reason prevented a credential applicant who had registered to take the test from taking the test, or in any case when circumstances entirely beyond the control of the applicant prevented his or her receipt of proof of having passed the test. However, the commission shall not grant a deferral to any person who has failed the state basic skills proficiency test.

Any person granted a deferral pursuant to this section shall take the state basic skills proficiency test at the next available opportunity, or the deferral shall terminate. If any person granted a deferral fails to pass the test, the deferral shall terminate.

(b) The commission shall keep a record of deferrals granted, the persons to whom they were granted, and the reasons for the deferrals.

SEC. 4. Section 44254.5 is added to the Education Code, to read:

44254.5. (a) Commencing July 1, 1987, any person who does not hold a valid California teaching credential that requires a baccalaureate degree shall be required to pass the appropriate subject matter competency examination or examinations, pursuant to Article 5 (commencing with Section 44280), before he or she may be initially issued an emergency multiple or single subject teaching credential, except a 30-day emergency substitute teaching

credential, authorizing him or her to teach a subject that is specified in Section 44282.

(b) The commission may issue an emergency multiple or single subject teaching credential to an applicant who has not taken the appropriate subject matter competency test, provided the employing agency certifies all of the following to the commission:

(1) The applicant has not had an opportunity to take the test.

(2) The applicant will take the appropriate subject matter competency test at its next regularly scheduled administration.

(3) The employing agency will discontinue employment of the person eight weeks after the date on which the test is administered if he or she does not give the employing agency evidence of having passed the required subject matter competency test on that date.

(c) The emergency teaching credential issued pursuant to subdivision (b) shall expire on the next regular expiration date for emergency credentials, or on a date that is eight weeks after the date on which the required subject matter competency test was administered, whichever date comes first.

(d) The commission shall waive the requirements of this section for each applicant for each of the following:

(1) An emergency single subject teaching credential, if the applicant has completed at least 15 semester units of coursework, or six semester units of upper division or graduate coursework, at a regionally accredited institution of postsecondary education, in each subject to appear on the credential.

(2) An emergency multiple subject teaching credential, if the applicant has completed at least 10 semester units of coursework at a regionally accredited institution of postsecondary education in each of at least three of the four areas prescribed in Section 44314.

SEC. 5. Section 44830 of the Education Code is amended to read:

44830. (a) A governing board of a school district shall employ for positions requiring certification qualifications, only persons who possess the qualifications therefor prescribed by law. It is contrary to the public policy of this state for any person or persons charged, by the governing boards, with the responsibility of recommending persons for employment by the boards to refuse or to fail to do so for reasons of race, color, religious creed, sex, or national origin of the applicants for that employment.

(b) Commencing on February 1, 1983, no school district governing board shall initially hire on a permanent, temporary, or substitute basis a certificated person seeking employment in the capacity designated in his or her credential unless that person has demonstrated basic skills proficiency as provided in Section 44252.5 or unless the person is exempted from the requirement by subdivisions (c), (d), (e), (f), (g), (h), (i), (j), (k), (*l*), (m), and (n).

(1) The governing board of a school district, with the authorization of the Commission on Teacher Credentialing, may administer the basic skills proficiency test required under the provisions of Sections 44252 and 44252.5.

(2) The superintendent, in conjunction with the commission and local governing boards, shall take steps necessary to ensure the effective implementation of this subdivision.

It is the intent of the Legislature that in effectively implementing the provisions of this subdivision, school district governing boards shall direct superintendents of schools to prepare for emergencies by developing a pool of qualified emergency substitute teachers. This preparation shall include public notice of the test requirements and of the dates and locations of administrations of the tests. District governing boards shall make special efforts to encourage individuals who are known to be qualified in other respects as substitutes to take the state basic skills proficiency test at its earliest administration.

(3) Demonstration of proficiency in reading, writing, and mathematics by any person pursuant to Section 44252 shall satisfy the requirements of this subdivision.

(c) A certificated person shall not be required to take the state basic skills proficiency test if he or she has been employed in a position requiring certification in any school district within 39 months prior to employment with the district. A person holding a valid California credential who has not been employed in a position requiring certification in any school district within 39 months prior to employment and who has not taken the state basic skills proficiency test, but who has passed a basic skills proficiency examination which has been developed and administered by the school district offering that person employment, may be employed by the governing board of that school district on a temporary basis on the condition that he or she will take the state basic skills proficiency test within one year of the date of his or her employment.

(d) Nothing in this section shall require a person employed solely for purposes of teaching adults in an apprenticeship program, approved by the Apprenticeship Standards Division of the Department of Industrial Relations, to pass the state proficiency assessment instrument as a condition of employment.

(e) Nothing in this section shall require the holder of a child care permit or a permit authorizing service in a development center for the handicapped to take the state basic skills proficiency test, so long as the holder of the permit is not required to have a baccalaureate degree.

(f) Nothing in this section shall require the holder of a credential issued by the commission who seeks an additional credential or authorization to teach, to take the state basic skills proficiency test.

(g) Nothing in this section shall require the holder of a credential to provide service in the health profession to take the state basic skills proficiency test, so long as that person does not teach in the public schools.

(h) If the basic skills proficiency test is not administered at the time of hiring, the holder of a vocational designated subject credential who has not already taken and passed the basic skills proficiency test may be hired on the condition that he or she will take

the test at its next local administration.

(i) If the holder of a vocational designated subject credential does not pass a proficiency assessment in basic skills pursuant to this section, he or she shall be given one year in which to retake and pass the proficiency assessment in basic skills. If at the expiration of the one-year period he or she has not passed the proficiency assessment in basic skills, he or she shall be subject to dismissal under procedures established in Article 3 (commencing with Section 44930) of Chapter 4.

(j) Nothing in this section shall be construed as requiring the holder of a vocational designated subject credential to pass the state basic skills proficiency test as a condition of employment. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs the holder of a vocational designated subject credential shall establish its own basic skills proficiency for these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(k) Nothing in this section shall be construed as requiring the holder of an adult education designated subject credential for other than academic subjects, who is employed in an instructional setting for 20 hours or less per week, to pass the state proficiency assessment as a condition of employment.

(*l*) Nothing in this section shall be construed to require certificated personnel employed under a foreign exchange program to take the state basic skills proficiency test. The maximum period of exemption under this subdivision shall be one year.

(m) A school district may hire a teacher credentialed in another state who has not taken the state basic skills test if, at a public meeting, the school district governing board certifies that no person who meets the credentialing requirements and who has satisfied the basic skills requirement specified in Section 44261.5 is available to fill a position deemed necessary to the normal operation of the school curriculum. The board shall include in the certification a statement of the need to fill the position and the reasons for the need, proof of its attempts to recruit qualified teachers in California, and a statement attesting to the failure of those attempts. Such certification shall be submitted to the commission with the name of the teacher the board intends to employ pursuant to this section. The commission shall issue an emergency credential pursuant to paragraph 3 of subdivision (b) of Section 44252, upon receipt of this documentation.

(n) Notwithstanding any other provision of law, a school district may hire a certificated teacher who has not taken the state basic skills proficiency test if that person has not yet been afforded the opportunity to take the test. The person shall then take the test at the earliest opportunity and may remain employed by the district pending the receipt of his or her test results.

CHAPTER 995

An act to amend Section 7068 of, and to amend, repeal, and add Section 7028.7 of, the Business and Professions Code, relating to contractors, and making an appropriation therefor.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature in enacting the contractors' license application amnesty program, as provided in this act, to improve compliance within the Contractors' State License Law. The Legislature hereby finds and declares that a public purpose is served by the acceptance of experience and knowledge gained without benefit of a valid California contractor's license, or obtained without meeting the requirements of Section 7068 of the Business

and Professions Code, in return for increasing the numbers of licensees regulated by, and subject to, the enforcement of the Contractors' State License Law.

The benefits gained by the program include, among other things, providing an opportunity for persons to use experience gained prior to January 1, 1987, to become licensed before increased penalties for unlicensed activity take effect in 1988. The state will also experience increased revenues from bringing into the license system persons who have legally evaded the expenses of conducting business, including, for example, state taxes, workers compensation coverage, and unemployment insurance. The Legislature hereby finds that the evasion of these expenses by unlicensed contractors has, in effect, created unfair advantages in competing with legally licensed contractors in this state.

(b) It is further the intent of the Legislature that an amnesty period be provided for, between January 1, 1987, and January 1, 1988, during which time any person contracting without benefit of a valid California contractor's license may apply to the Contractors' State License Board for that license and may use all valid experience gained prior to, but not after, January 1, 1987, to meet the experience or knowledge requirements of Section 7068 of the Business and Professions Code. If an order of abatement has been issued to that person, no experience gained after the order was issued shall be accepted.

(c) It is further the intent of the Legislature that the amnesty program shall be a one-time only occurrence which shall not be repeated in the future, since any expectations of future amnesty programs could have a counterproductive effect on compliance with the Contractors' State License Law.

(d) On and after January 1, 1988, subdivision (c) of Section 7068 of the Business and Professions Code shall be strictly enforced by the registrar and no experience or knowledge gained between January 1, 1987, and January 1, 1988, may be used to meet the experience or knowledge requirements of Section 7068 of the Business and Professions Code.

SEC. 2. Section 7028.7 of the Business and Professions Code is amended to read:

7028.7. If upon inspection or investigation, either upon complaint or otherwise, the registrar has probable cause to believe that a person is acting in the capacity of or engaging in the business of a contractor within this state without having a license in good standing to so act or engage, and the person is not otherwise exempted from this chapter, the registrar shall issue a citation to that person. Each citation shall be in writing and shall describe with particularity the basis of the citation. Each citation may contain an order of abatement and an assessment of a civil penalty in an amount not to exceed three thousand dollars ($3,000). With the approval of the Contractors' State License Board the registrar shall prescribe procedures for the issuance of a citation under this section. The Contractors' State

License Board shall adopt regulations covering the assessment of a civil penalty which shall give due consideration to the gravity of the violation, the good faith of the person cited, and any history of previous violations. The sanctions authorized under this section shall be separate from and in addition to all other remedies either civil or criminal.

This section shall remain in effect until January 1, 1988, and as of that date is repealed.

SEC. 3. Section 7028.7 is added to the Business and Professions Code, to read:

7028.7. If upon inspection or investigation, either upon complaint or otherwise, the registrar has probable cause to believe that a person is acting in the capacity of or engaging in the business of a contractor within this state without having a license in good standing to so act or engage, and the person is not otherwise exempted from this chapter, the registrar shall issue a citation to that person. Each citation shall be in writing and shall describe with particularity the basis of the citation. Each citation shall contain an order of abatement and an assessment of a civil penalty in an amount not less than one thousand five hundred dollars ($1,500) nor more than four thousand five hundred dollars ($4,500). With the approval of the Contractors' State License Board the registrar shall prescribe procedures for the issuance of a citation under this section. The Contractors' State License Board shall adopt regulations covering the assessment of a civil penalty which shall give due consideration to the gravity of the violation, and any history of previous violations. The sanctions authorized under this section shall be separate from, and in addition to, all other remedies either civil or criminal.

This section shall become operative January 1, 1988.

SEC. 4. Section 7068 of the Business and Professions Code is amended to read:

7068. (a) The board shall require an applicant to show such degree of knowledge and experience in the classification applied for, and such general knowledge of the building, safety, health, and lien laws of the state and of the administrative principles of the contracting business as the board deems necessary for the safety and protection of the public.

(b) An applicant shall qualify in regard to his or her experience and knowledge in one of the following ways:

(1) If an individual, he or she shall qualify by personal appearance or by the appearance of his or her responsible managing employee who is qualified for the same license classification as the classification being applied for.

(2) If a copartnership or a limited partnership, it shall qualify by the appearance of a general partner or by the appearance of a responsible managing employee who is qualified for the same license classification as the classification being applied for.

(3) If a corporation, or any other combination or organization, it shall qualify by the appearance of a responsible managing officer or

responsible managing employee who is qualified for the same license classification as the classification being applied for.

(c) Any work required by this chapter to be performed by a licensed contractor which was performed on or after January 1, 1987, by an applicant who was neither licensed nor exempted from licensure may not be used to meet the experience or knowledge requirements of this section.

(d) A responsible managing employee for the purpose of this chapter shall mean an individual who is a bona fide employee of the applicant and is actively engaged in the classification of work for which that responsible managing employee is the qualifying person in behalf of the applicant.

Any work required by this chapter to be performed by a licensed contractor which was performed prior to January 1, 1987, by an applicant who was neither licensed nor exempted from licensure may be used until January 1, 1988, to meet the knowledge and experience requirements of this section.

(e) The board shall, in addition, require an applicant who qualifies by means of a responsible managing employee under either paragraph (1) or (2) of subdivision (b) to show his or her general knowledge of the building, safety, health, and lien laws of the state and of the administrative principles of the contracting business as the board deems necessary for the safety and protection of the public.

(f) Except in accordance with Section 7068.1, no person qualifying on behalf of an individual or firm under paragraph (1), (2), or (3) of subdivision (b) shall hold any other active contractor's license while acting in the capacity of a qualifying individual pursuant to this section.

(g) At the time of application for renewal of a license, the responsible managing individual shall file a statement with the registrar, on a form prescribed by the registrar, verifying his or her capacity as a responsible managing individual to the licensee.

(h) Statements made by or on behalf of an applicant as to the applicant's experience in the classification applied for shall be verified by a qualified and responsible person. In addition, the registrar shall, as specified by board regulation, randomly review a percentage of such statements for their veracity.

(i) Any licensee who has qualified for a license prior to January 1, 1980, by means of a responsible managing employee or officer, shall be permitted to continue as a licensee until January 1, 1982, during which time that licensee shall convert his or her qualifying status to conform with the requirements of this section as amended at the 1979–80 Regular Session of the Legislature.

(j) The registrar shall review experience gained by applicants from other states to determine whether all of that experience was gained in accordance with the contractors' licensing laws of that state.

SEC. 5. (a) The sum of seven hundred twenty-four thousand dollars ($724,000) is hereby appropriated from the Contractors'

License Fund to the Contractors' State License Board for the 1986–87 fiscal year for allocation for purposes of administering the contractors' license amnesty program, and for purposes of personnel and operating expenses necessary to implement the amnesty program.

(b) It is the intent of the Legislature that funding for the contractors' license amnesty program during the 1987–88 and 1988–89 fiscal years shall be included in the annual budget process for those fiscal years.

CHAPTER 996

An act to amend Section 980 of the Government Code, relating to public works contracts.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 980 of the Government Code is amended to read:

980. Whenever a request for payment from a local entity pursuant to the terms of a contract for the construction of a public works project as defined in Section 1720 of the Labor Code is properly filed and the validity of the claim is not disputed or has been settled or agreed upon, payment of the claim by the disbursing officer of the local public entity shall include interest at the legal rate of 7 percent per annum commencing on the date upon which the claim was submitted if payment has not been made by the 60th day after the proper submission of the claim.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 997

An act to amend Sections 2550, 2551, 2554, and 2555 of the Streets and Highways Code, relating to transportation.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The Department of Transportation and the Department of the California Highway Patrol shall each review and approve plans for implementation of an emergency motorist aid system proposed for any state highway route and shall be reimbursed by the service authority for all costs incurred.

An authority or any other public entity may construct and maintain, and lease or lease-purchase on such terms and conditions as it deems appropriate, the facilities of an emergency motorist aid system or it may contract with a private person or entity or public

entity to do so. The governing body of any public entity may provide contributions toward the costs and expenses of any work done under this chapter, or for any related lease or lease-purchase.

The Department of Transportation and the Department of the California Highway Patrol shall each review and approve plans for implementation of an emergency motorist aid system proposed for any state highway route and shall be reimbursed by the service authority for all costs incurred.

An authority or any other public entity may construct and maintain, and lease or lease-purchase on such terms and conditions as it deems appropriate, the facilities of an emergency motorist aid system or it may contract with a private person or entity to do so.

The people of the State of California do enact as follows:

SECTION 1. Section 704.730 of the Code of Civil Procedure is amended to read:

704.730. (a) The amount of the homestead exemption is one of the following:

(1) Thirty thousand dollars ($30,000) unless the judgment debtor or spouse of the judgment debtor who resides in the homestead is a person described in paragraph (2) or (3).

(2) Forty-five thousand dollars ($45,000) if the judgment debtor or spouse of the judgment debtor who resides in the homestead is at the time of the attempted sale of the homestead a member of a family unit, and there is at least one member of the family unit who owns no interest in the homestead or whose only interest in the homestead is a community property interest with the judgment debtor.

(3) Sixty thousand dollars ($60,000) if the judgment debtor or spouse of the judgment debtor who resides in the homestead is at the time of the attempted sale of the homestead either a person 65 years of age or older, or a person physically or mentally disabled and as a result of that disability is unable to engage in substantial gainful employment. There is a rebuttable presumption affecting the burden of proof that a person receiving disability insurance benefit payments under Title II or supplemental security income payments under Title XVI of the federal Social Security Act satisfies the requirements of this paragraph.

(b) Notwithstanding any other provision of this section, the combined homestead exemptions of spouses on the same judgment shall not exceed the amount specified in paragraph (2) or (3), whichever is applicable, of subdivision (a), regardless of whether the spouses are jointly obligated on the judgment and regardless of whether the homestead consists of community or separate property or both. Notwithstanding any other provision of this article, if both spouses are entitled to a homestead exemption, the exemption of proceeds of the homestead shall be apportioned between the spouses on the basis of their proportionate interests in the homestead.

CHAPTER 1001

An act to amend Section 704.730 of the Code of Civil Procedure, relating to homestead exemptions.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 704.730 of the Code of Civil Procedure is amended to read:

704.730. (a) The amount of the homestead exemption is one of the following:

(1) Thirty thousand dollars ($30,000) unless the judgment debtor

or spouse of the judgment debtor who resides in the homestead is a person described in paragraph (2) or (3).

(2) Forty-five thousand dollars ($45,000) if the judgment debtor or spouse of the judgment debtor who resides in the homestead is at the time of the attempted sale of the homestead a member of a family unit, and there is at least one member of the family unit who owns no interest in the homestead or whose only interest in the homestead is a community property interest with the judgment debtor.

(3) Sixty thousand dollars ($60,000) if the judgment debtor or spouse of the judgment debtor who resides in the homestead is at the time of the attempted sale of the homestead either a person 65 years of age or older, or a person physically or mentally disabled and as a result of that disability is unable to engage in substantial gainful employment. There is a rebuttable presumption affecting the burden of proof that a person receiving disability insurance benefit payments under Title II or supplemental security income payments under Title XVI of the federal Social Security Act satisfies the requirements of this paragraph.

(b) Notwithstanding any other provision of this section, the combined homestead exemptions of spouses on the same judgment shall not exceed the amount specified in paragraph (2) or (3), whichever is applicable, of subdivision (a), regardless of whether the spouses are jointly obligated on the judgment and regardless of whether the homestead consists of community or separate property or both. Notwithstanding any other provision of this article, if both spouses are entitled to a homestead exemption, the exemption of proceeds of the homestead shall be apportioned between the spouses on the basis of their proportionate interests in the homestead.

CHAPTER 1002

An act to add Section 17043 to the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that a seriously inadequate supply of safe, sanitary, and affordable housing accommodations exists throughout the State of California. This shortage of residential housing is of serious concern to the citizens of the state and has deleterious consequences for all our residents, the housing industry, and the economy.

The Legislature further finds that the shortage of available housing

has brought about an epidemic of homelessness that continues to grow unabated. This homelessness is found in urban and rural areas of the state, resulting in an increasing number of persons having no homes other than cardboard boxes and caves.

The Legislature further finds that the reduced level of funding from the federal government has exacerbated this housing shortage and requires that the state consider all available sources of funding to help fill this vacuum.

SEC. 2. The Department of Housing and Community Development shall conduct at least four public hearings during the 1987 calendar year to determine the need which exists for migrant farmworker housing in the state, and the appropriate roles for the state and private sector in the provision of housing for migrant farmworkers in California. The hearings shall be held in farmworker populated areas of the state, as determined by the department, and at a time and place to ensure farmworker and grower participation, as determined by the department. The department shall report to the legislature on or before February 15, 1988, on its findings based on the testimony at those hearings, including the recommendations of the department as to actions and resources needed to ensure the provision of decent housing for migrant farmworkers.

SEC. 3. Section 17043 is added to the Health and Safety Code, to read:

17043. Notwithstanding any other provision of law, if the condition rendering any of the accommodations in a labor camp substandard is the overcrowding of the accommodations, the enforcement agency shall provide notice to the affected residents of the condition and shall give the residents of the accommodations a reasonable opportunity to correct the violation prior to the commencement of any action or proceeding pursuant to this part. If the enforcement agency determines to institute proceedings to correct the overcrowded condition, the residents may appear and be heard at a hearing convened as part of the proceedings. If the enforcement agency permits the owner or operator of the labor camp to appeal the initial notice of violation or order to abate, the residents shall also be permitted to appeal the initial notice of violation or order to abate. On appeal, if the enforcement agency determines that the only means of abatement is the vacation of the accommodations, the enforcement agency shall consider the availability of alternative housing for the residents, and shall, if alternative housing is not available, grant the residents a reasonable period of time, as determined by the enforcement agency, to find alternative housing.

SEC. 4. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500)

of Division 4 of Title 2 of the Government Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

There is a shortage of affordable housing for farmworker families in California. In order to prevent the removal of farmworker families as soon as possible from labor camps because of overcrowding before alternative housing can be found, it is necessary for this act to take effect immediately.

CHAPTER 1003

An act to add Section 671.5 to the Streets and Highways Code, relating to highway encroachments.

The notice shall be given in a manner prescribed in Section 1162 of the Code of Civil Procedure or by certified or registered mail, restricted delivery, to the other party, with a return receipt requested.

(b) Upon expiration of the notice period provided in the notice of termination given pursuant to subdivision (a), any right of the lodger to remain in the dwelling unit or any part thereof is terminated by operation of law. arrested by the owner for the offense. Notwithstanding Section 853.5, the requirement of that section for release upon a written promise to appear shall not preclude an assisting peace officer from removing the person from the owner-occupied dwelling unit.

(b) The removal of a lodger from a dwelling unit by the owner pursuant to subdivision (a) is not a forcible entry under the provisions of Section 1159 of the Code of Civil Procedure and shall not be a basis for civil liability under that section.

(c) Chapter 5 (commencing with Section 1980) of Title 5 of Part 4 of Division 3 of the Civil Code applies to any personal property of the lodger which remains on the premises following the lodger's removal from the premises pursuant to this section.

(b) (1) Subdivision (a) applies to an insured company when the other entity guarantees the thrift certificates issued by the insured company.

(2) Subdivision (a) does not apply to an insured company when the other entity does not guarantee the thrift certificates issued by the insured company and the advertisement referring to the insured company's ownership by, or affiliation with, the other entity does not state or imply that the assets or reserves of the other entity may be used to guarantee thrift certificates of the insured company.

[Approved by Governor September 22, 1986 Filed with Secretary of State September 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6 (commencing with Section 1950) is added to Part 3 of Division 4 of the Probate Code, to read:

CHAPTER 6. STERILIZATION

1950. The Legislature recognizes that the right to exercise choice over matters of procreation is fundamental and may not be denied to an individual on the basis of disability. This chapter is enacted for the benefit of those persons with developmental disabilities who, despite those disabilities, are capable of engaging in sexual activity yet who, because of those disabilities, are unable to give the informed, voluntary consent necessary to their fully exercising the right to procreative choice, which includes the right to choose sterilization.

However, the Legislature further recognizes that the power to sterilize is subject to abuse and, historically, has been abused. It is the intent of the Legislature that no individual shall be sterilized solely by reason of a developmental disability and that no individual who knowingly opposes sterilization be sterilized involuntarily. It is further the intent of the Legislature that this chapter shall be applied in accord with the overall intent of Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code that persons with developmental disabilities be provided with those services needed to enable them to live more normal, independent, and productive lives, including assistance and training that might obviate the need for sterilization.

1951. (a) No person who has the ability to consent to his or her sterilization shall be sterilized pursuant to this chapter.

(b) For the purposes of this chapter, the following terms have the meanings given:

(1) "Consent to sterilization" means making a voluntary decision to undergo sterilization after being fully informed about, and after fully understanding the nature and consequences of, sterilization.

(2) "Voluntary" means performed while competent to make the decision, and as a matter of free choice and will and not in response to coercion, duress, or undue influence.

(3) "Fully understanding the nature and consequences of sterilization," includes, but is not limited to, the ability to understand

each of the following:

(A) That the individual is free to withhold or withdraw consent to the procedure at any time before the sterilization without affecting the right to future care or treatment and without loss or withdrawal of any publicly funded program benefits to which the individual might be otherwise entitled.

(B) Available alternative methods of family planning and birth control.

(C) That the sterilization procedure is considered to be irreversible.

(D) The specific sterilization procedure to be performed.

(E) The discomforts and risks that may accompany or follow the performing of the procedure, including an explanation of the type and possible effects of any anesthetic to be used.

(F) The benefits or advantages that may be expected as a result of the sterilization.

(G) The approximate length of the hospital stay.

(H) The approximate length of time for recovery.

The court shall appoint a facilitator or interpreter if such a person's assistance would enable the person named in the petition to understand any of these factors.

1952. The conservator of an adult, or any person authorized to file a petition for the appointment of a conservator under paragraphs (2) to (5), inclusive, of subdivision (a) of Section 1820, may file a petition under this chapter for appointment of a limited conservator authorized to consent to the sterilization of an adult with a developmental disability. The content of the petition under this chapter shall conform to the provisions of Section 1821 and in addition allege that the person for whom sterilization is proposed has a developmental disability as defined in Section 1420 and shall allege specific reasons why court-authorized sterilization is deemed necessary. A petition under this chapter shall be considered separately from any contemporaneous petition for appointment of a conservator under this division.

1953. At least 90 days before the hearing on the petition under this chapter, notice of the time and place of the hearing and a copy of the petition shall be served on the person named in the petition and, if the petitioner is not the conservator of the person, on the conservator, if any. Service shall be made in the manner provided in Section 415.10 or Section 415.30 of the Code of Civil Procedure or in such manner as may be authorized by the court.

1954. In any proceeding under this chapter, if the person named in the petition for court authorization to consent to sterilization has not retained legal counsel and does not plan to retain legal counsel, the court shall immediately appoint the public defender or private counsel to represent the individual for whom sterilization is proposed. Counsel shall undertake the representation with the presumption that the individual opposes the petition.

1954.5. (a) The court shall appoint a facilitator for the person

named in the petition, who shall assist the person named in the petition to do all of the following:

(1) Understand the nature of the proceedings.

(2) Understand the evaluation process required by Section 1955.

(3) Communicate his or her views.

(4) Participate as fully as possible in the proceedings.

(b) All of the following factors shall be considered by the court in appointing a facilitator:

(1) The preference of the person named in the petition.

(2) The proposed facilitator's personal knowledge of the person named in the petition.

(3) The proposed facilitator's ability to communicate with the person named in the petition, when that person is nonverbal, has limited verbal skills, or relies on alternative modes of communication.

(4) The proposed facilitator's knowledge of the developmental disabilities service system.

The petitioner shall not be appointed as the facilitator.

1955. (a) The court shall request the director of the appropriate regional center for the developmentally disabled to coordinate an investigation and prepare and file a written report thereon. The appropriate regional center for purposes of this section is (1) the regional center of which the person named in the petition is a client, (2) if the individual named in the petition is not a client of any regional center, the regional center responsible for the area in which the individual is then living, or (3) such other regional center as may be in the best interests of the individual. The report shall be based upon comprehensive medical, psychological, and sociosexual evaluations of the individual conducted pursuant to subdivisions (b) and (c), and shall address, but shall not be limited to, each of the factors listed in Section 1958. A copy of the report shall be provided to each of the parties at least 15 days prior to the hearing.

(b) Prior to the hearing on the issue of sterilization, the person who is proposed to be sterilized shall be personally examined by two physicians, one of whom shall be a surgeon competent to perform the procedure, and one psychologist or clinical social worker, each of whom has been mutually agreed to by the petitioner and counsel for the person named in the petition or, if agreement is not reached, appointed by the court from a panel of qualified professionals. At the request of counsel for the person named in the petition, the court shall appoint one additional psychologist, clinical social worker, or physician named by counsel. Any psychologist or clinical social worker and, to the extent feasible, any physicians conducting an examination shall have had experience with persons who have developmental disabilities. To the extent feasible, each of the examiners shall also have knowledge and experience relating to sociosexual skills and behavior. The examinations shall be at county expense subject to Section 1963.

(c) The examiners shall consider all available alternatives to

sterilization and shall recommend sterilization only if no suitable alternative is available. Each examiner shall prepare a written, comprehensive report containing all relevant aspects of the person's medical, psychological, family, and sociosexual conditions. Each examiner shall address those factors specified in Section 1958 related to his or her particular area of expertise. In considering the factors in subdivision (a) of, and paragraph (1) of subdivision (d) of, Section 1958, each examiner shall include information regarding the intensity, extent, and recentness of the person's education and training, if any, regarding human sexuality, including birth control methods and parenting skills, and in addition, shall consider whether the individual would benefit from training provided by persons competent in education and training of persons with comparable intellectual impairments. If an examiner recommends against sterilization, the examiner shall set forth in his or her report available alternatives, including, as warranted, recommendations for sex education, parent training, or training in the use of alternative methods of contraception. Copies of each report shall be furnished at least 30 days prior to the hearing on the petition to the person or persons who filed the petition, the conservator, if any, and counsel for the person proposed to be sterilized, the regional center responsible for the investigation and report required under this section, and such other persons as the court may direct. The court may receive these reports in evidence.

(d) The contents of the reports prepared pursuant to this section shall be confidential. Upon judgment in the action or the proceeding becoming final, the court shall order the contents of the reports sealed.

(e) Regional centers for the developmentally disabled shall compile and maintain lists of persons competent to perform the examinations required by this section. These lists shall be provided to the court. If the person named in the petition resides at a state hospital or other residential care facility, no person conducting an examination pursuant to subdivision (b) shall be an employee of the facility.

(f) Any party to the proceedings has the right to submit additional reports from qualified experts.

(g) Any person who has written a report received in evidence may be subpoenaed and questioned by any party to the proceedings or by the court and when so called shall be subject to all rules of evidence including those of legal objections as to the qualification of expert witnesses.

(h) No regional center or person acting in his or her capacity as a regional center employee may file a petition under Section 1952.

1956. The person to whom the petition applies shall be present at the hearing except for reason of medical inability. Emotional or psychological instability is not good cause for the absence of the proposed conservatee from the hearing unless, by reason of the instability, attendance at the hearing is likely to cause serious and

immediate physiological damage to the proposed conservatee.

1957. To the greatest extent possible, the court shall elicit and take into account the views of the individual for whom sterilization is proposed in determining whether sterilization is to be authorized.

1958. The court may authorize the conservator of a person proposed to be sterilized to consent to the sterilization of that person only if the court finds that the petitioner has established all of the following beyond a reasonable doubt:

(a) The person named in the petition is incapable of giving consent to sterilization, as defined in Section 1951, and the incapacity is in all likelihood permanent.

(b) Based on reasonable medical evidence, the individual is fertile and capable of procreation.

(c) The individual is capable of engaging in, and is likely to engage in sexual activity at the present or in the near future under circumstances likely to result in pregnancy.

(d) Either of the following:

(1) The nature and extent of the individual's disability as determined by empirical evidence and not solely on the basis of any standardized test, renders him or her permanently incapable of caring for a child, even with appropriate training and reasonable assistance.

(2) Due to a medical condition, pregnancy or childbirth would pose a substantially elevated risk to the life of the individual to such a degree that, in the absence of other appropriate methods of contraception, sterilization would be deemed medically necessary for an otherwise nondisabled woman under similar circumstances.

(e) All less invasive contraceptive methods including supervision are unworkable even with training and assistance, inapplicable, or medically contraindicated. Isolation and segregation shall not be considered as less invasive means of contraception.

(f) The proposed method of sterilization entails the least invasion of the body of the individual.

(g) The current state of scientific and medical knowledge does not suggest either (1) that a reversible sterilization procedure or other less drastic contraceptive method will shortly be available, or (2) that science is on the threshold of an advance in the treatment of the individual's disability.

(h) The person named in the petition has not made a knowing objection to his or her sterilization. For purposes of this subdivision, an individual may be found to have knowingly objected to his or her sterilization notwithstanding his or her inability to give consent to sterilization as defined in Section 1951. In the case of persons who are nonverbal, have limited verbal ability to communicate, or who rely on alternative modes of communication, the court shall ensure that adequate effort has been made to elicit the actual views of the individual by the facilitator appointed pursuant to Section 1954.5, or by any other person with experience in communicating with developmentally disabled persons who communicate using similar

means.

1959. The fact that, due to the nature or severity of his or her disability, a person for whom an authorization to consent to sterilization is sought may be vulnerable to sexual conduct by others that would be deemed unlawful, shall not be considered by the court in determining whether sterilization is to be authorized under this chapter.

1960. If the person named in the petition already has a conservator the court may authorize that person to consent to sterilization or may appoint another person as limited conservator under the provisions of this chapter. The court shall ensure that the person or agency designated as conservator under this chapter is capable of adequately representing and safeguarding the interests of the conservatee.

1961. A sterilization procedure authorized under this chapter shall not include hysterectomy or castration. However, if the report prepared under Section 1955 indicates that hysterectomy or castration is a medically necessary treatment, regardless of the need for sterilization, the court shall proceed pursuant to Section 2357.

1962. (a) Any court order granting a petition under this chapter shall be accompanied by a written statement of decision pursuant to Section 632 of the Code of Civil Procedure detailing the factual and legal bases for the court's determination on each of the findings required under Section 1958.

(b) When a judgment authorizing the conservator of a person to consent to the sterilization is rendered, an appeal is automatically taken by the person proposed to be sterilized without any action by that person, or by his or her counsel. The Judicial Council shall provide by rule for notice of and procedure for the appeal. The appeal shall have precedence over other cases in the court in which the appeal is pending.

1963. (a) At the conclusion of the hearing, the court, after inquiring into financial ability, may make an order based upon their ability that any or all of the following persons pay court costs and fees in whole or in part as in the opinion of the court is proper and in any installments and manner which is both reasonable and compatible with ability to pay:

(1) The person to whom the petition applies.

(2) The petitioner.

(3) Any person liable for the support and maintenance of the person to whom the petition applies.

(b) Execution may be issued on any order under subdivision (a) in the same manner as on a judgment in a civil action.

(c) For the purposes of this section, court costs and fees include the costs of any examination or investigation ordered by the court, expert witnesses' fees, and the costs and fees of the court-appointed public defender or private counsel representing the person to whom the petition applies.

(d) Any fees and costs not ordered to be paid by persons under

subdivision (a) shall be a charge against and paid out of the treasury of the county on order of the court.

1964. An order of the court authorizing a conservator to consent to sterilization which is upheld on appeal automatically expires in one year from the final determination on appeal unless earlier terminated by the court. A conservatorship established for the sole purpose of authorizing a conservator to consent to sterilization under this chapter shall automatically terminate upon completion of the sterilization procedure or upon expiration of the court's order authorizing the conservator to consent to sterilization, whichever occurs first. If, upon the expiration of the court's order under this chapter, the person named as conservator determines that the conservatorship is still required for the purpose of this chapter, he or she may petition the court for reappointment as conservator for a succeeding six-month period upon a showing of good cause as to why any sterilization authorized by the court has not been completed.

1965. Any court order made pursuant to this chapter granting authority to consent to sterilization shall be stayed pending a final determination on appeal.

1966. After the filing of a first petition for sterilization pursuant to this chapter and a determination by the court that any one or more of the conditions required in Section 1958 has not been proven beyond a reasonable doubt, and that therefore authorization for the proposed sterilization should not be given by the court, a subsequent petition may be filed only on the showing of a material change in circumstances.

1967. (a) The sterilization of a person in accordance with this chapter shall not render the petitioner or any person participating in the conservatorship proceedings or sterilization liable, either civilly or criminally, except for any injury caused by negligent or willful misconduct in the performance of the sterilization.

(b) Notwithstanding the provisions of subdivision (a), any individual who petitions for authorization to consent to sterilization knowing that the person to whom the petition relates is capable of giving consent to sterilization as defined in Section 1951 is guilty of a misdemeanor, and may be civilly liable to the person concerning whom sterilization was sought.

1968. This chapter does not prohibit medical treatment or surgery required for other medical reasons and in which sterilization is an unavoidable or medically probable consequence, but is not the object of the treatment or surgery.

1969. Nothing in this chapter shall infringe on the right of persons with developmental disabilities who are capable of giving consent to sterilization to give that consent without the necessity of a court order or substitute decisionmaker.

SEC. 2. Section 2356 of the Probate Code is amended to read:

2356. (a) No ward or conservatee shall be placed in a mental health treatment facility under this division against the will of the ward or conservatee. Involuntary civil mental health treatment for

a ward or conservatee shall be obtained only pursuant to Chapter 2 (commencing with Section 5150) or Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code. Nothing in this subdivision precludes the placing of a ward in a state hospital under Section 6000 of the Welfare and Institutions Code upon application of the guardian as provided in that section. The Director of Mental Health shall adopt and issue regulations defining "mental health treatment facility" for the purposes of this subdivision.

(b) No experimental drug as defined in Section 26668 of the Health and Safety Code may be prescribed for or administered to a ward or conservatee under this division. Such an experimental drug may be prescribed for or administered to a ward or conservatee only as provided in Article 4 (commencing with Section 26668) of Chapter 6 of Division 21 of the Health and Safety Code.

(c) No convulsive treatment as defined in Section 5325 of the Welfare and Institutions Code may be performed on a ward or conservatee under this division. Convulsive treatment may be performed on a ward or conservatee only as provided in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code.

(d) No minor may be sterilized under this division.

(e) This chapter is subject to any valid and effective directive of the conservatee under Chapter 3.9 (commencing with Section 7185) of Part 1 of Division 7 of the Health and Safety Code (Natural Death Act).

SEC. 3. (a) Commencing in 1988, and annually thereafter, by March 1 of each year, the clerks of all courts of record shall submit the following information regarding the implementation of Chapter 6 (commencing with Section 1950) of Part 3 of Division 4 of the Probate Code during the preceding calendar year to the State Department of Developmental Services, in the format specified by the department:

(1) The number of petitions filed in the aggregate, and, of that number, the number filed in which a regional center client is named.

(2) The number of petitions which resulted in a court order authorizing a conservator to consent to sterilization.

(3) The number of appeals from a court order denying authority to consent to sterilization and their results.

(4) For each petition, the relationship of the petitioner to the person who is the subject of the petition.

(5) Copies of all statements of decision issued pursuant to Section 1962.

The name, addresses, and other identifying information concerning the persons named in petitions shall be deleted from all records prior to providing the records to the department.

(b) Commencing in 1988, and annually thereafter, by July 1 of each year, the State Department of Developmental Services shall compile the information received from clerks of courts of record

pursuant to subdivision (a), and submit that compilation to the appropriate policy committees of the Legislature.

(c) This section shall remain in effect only until July 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1991, deletes or extends that date.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act, except for costs which may be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction, shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1013

An act to amend Sections 25159.15, 25159.16, 25159.17, and 25159.18 of the Health and Safety Code and to amend Sections 13260, 13263.5, 13264, 13267, and 13360 of the Water Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1986 Filed with Secretary of State September 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 25159.15 of the Health and Safety Code is amended to read:

25159.15. (a) Notwithstanding any other provision of law, on or after January 1, 1986, a person shall not discharge hazardous waste into an injection well which commences operation on or after January 1, 1986, and after January 1, 1988, a person shall not discharge hazardous waste into an injection well which commenced operation before January 1, 1986, unless all of the following conditions are met:

(1) Unless granted an exemption pursuant to subdivision (b), no point along the length of the injection well, as measured either horizontally or vertically, is located within one-half mile of drinking water.

(2) The person has received a hazardous waste facilities permit for the well issued pursuant to Section 25200.6.

(3) The injection well does not discharge hazardous waste into or above a formation which contains a source of drinking water within one-half mile of the well.

(b) A person may apply to the department to exempt an injection well from paragraph (1) of subdivision (a) if the person has received a hazardous waste facilities permit and the person has filed a report

pursuant to Section 25159.18 with the department on or before January 1, 1987, which has been approved by the department, pursuant to Section 25159.18. If the person proposes to commence operation of an injection well on or after January 1, 1986, the person shall file the request for an exemption and the report at least one year before any proposed discharge or injection.

(c) The department shall either grant or deny an exemption from paragraph (1) of subdivision (a) on or before December 31, 1987, or within one year after receipt of the application for a proposed injection well. The department may grant an exemption from paragraph (1) of subdivision (a) only if the department makes all of the following written findings, and supports these findings by citing specific evidence presented in the report or provided to the department:

(1) The hydrogeology report prepared pursuant to Section 25159.18 is current, accurate, and complete.

(2) No hazardous waste constituents have migrated from that portion of the injection well located above the injection zone or have migrated from the injection zone.

(3) Practical alternative technologies, other than well injection, do not exist to reduce, treat, or dispose of the hazardous wastes which are to be discharged.

(4) Continuing or commencing the operation of the injection well does not pose a potential of hazardous waste constituents migrating from that portion of the injection well located above the injection zone or migrating from the injection zone and a monitoring program pursuant to subdivision (c) of Section 25159.17 has been installed, or for a proposed injection well, the monitoring program has been designed and will be installed before any discharge or injections into the well.

(d) An exemption granted pursuant to subdivision (c) shall not be effective for more than five years. Applications for an exemption, or a renewal of an exemption, shall be accompanied by the fee specified in the fee schedules adopted by the department pursuant to Section 25159.19. The department shall not renew the exemption unless it makes all of the findings in subdivision (c).

(e) The department shall revoke an exemption granted pursuant to subdivision (c) if the department determines that there is migration of hazardous wastes, or a threat of migration of hazardous wastes, from the well into any strata or the waters of the state outside the injection zone. The department shall then prohibit the discharge of any hazardous waste into the injection well, require appropriate removal and remedial actions by the person granted the exemption, and require the responsible parties to take appropriate removal and remedial actions.

(f) The state board, the regional boards, and the department shall establish procedures providing for the interagency transfer and review of applications for exemption received pursuant to subdivision (b).

(g) This section applies only to injection wells into which hazardous waste is discharged.

SEC. 2. Section 25159.16 of the Health and Safety Code is amended to read:

25159.16. (a) If the department or regional board determines that there is migration of hazardous waste constituents, or a threat of migration of hazardous waste constituents, from an injection well into any strata or waters of the state outside the injection zone, the department shall prohibit the discharge of any hazardous waste into the injection well until removal and remedial actions have been conducted to abate the migration or threat.

(b) The department shall determine, after the remedial and removal actions required pursuant to subdivision (a) are completed, whether the injection well should be continued to be used for the discharge of hazardous wastes. The department shall not approve the continued use of the injection well for the discharge of hazardous waste unless the department makes both of the following determinations:

(1) The removal or remedial action abated the contamination, or threat of contamination, from the migration or threat of migration.

(2) There is no potential, in continuing the operation of the injection well, for any future migration of hazardous waste constituents, from that portion of the injection well located above the injection zone, or from the injection zone.

The department shall make these determinations pursuant to a public hearing for which the department shall provide notice to all residents in the affected area, as determined by the department, and by mail to all persons listed on any mailing lists compiled by the department, using any appropriate mailing lists compiled by the regional board.

(c) If the department determines, pursuant to subdivision (b), that an injection well should not continue to be used for the discharge of hazardous wastes, the department shall require that all hazardous waste discharges be permanently terminated at the well and that the owner of the well take all actions necessary to prepare the injection well for closure pursuant to subdivision (d) and for postclosure maintenance which are required pursuant to the Federal Resource Conservation and Recovery Act of 1976 (42 U.S.C. Sec. 6901 et seq.), the regulations adopted by the United States Environmental Protection Agency pursuant to the Safe Drinking Water Act for proper closure, plugging, and monitoring of injection wells, and the regulations adopted by the state board and the department for closure of hazardous waste management units.

(d) Before any injection well used for the discharge of hazardous waste is closed, the department shall require the owner to certify that the well is in a state of static equilibrium, all defects or damages in the well casing are corrected prior to closure, that closure is sufficient to prevent the movement of fluids from the injection zone, and that all closure will commence within six months from the date

the department orders closure. The injection well shall also be closed in accordance with the following requirements:

(1) Fluids and gases shall be confined to the stratum in which they occur by the use of cement grout or other suitable material. The amount, type, kind of material, and method of placement shall be approved by the department and the well shall be filled from bottom to top with the approved material.

(2) No well shall be sealed without the prior approval of the department. The person responsible for well closure shall submit a sealing plan to the department at least 90 days prior to the proposed date of sealing. The department may require that a representative of the department observe that sealing.

(e) The department shall consult with the regional board and the Division of Oil and Gas, where necessary, to fulfill the requirements of subdivision (d).

(f) This section applies only to injection wells into which hazardous waste is discharged.

SEC. 3. Section 25159.17 of the Health and Safety Code is amended to read:

25159.17. (a) The department shall make an inspection at least once each year of all facilities with injection wells into which hazardous waste is discharged. The owner shall tabulate the monitoring data recovered, pursuant to subdivision (c), monthly. The department shall review the data specified in paragraphs (1), (2), and (3), of subdivision (c) monthly and the data specified in paragraph (4) of subdivision (c) quarterly to ensure that all injection wells into which hazardous waste is discharged comply with this chapter and that any equipment or programs required pursuant to this article are operating properly.

(b) The department shall require complete mechanical integrity testing of the well bore at least once a year and shall require pressure tests at least once every six months. The testing program shall be designed to detect defects, damage, and corrosion in the well, well casings, injection tube, packer, cement, and the screened or perforated portion of the well.

(c) The operator of an injection well into which hazardous waste is discharged shall conduct monitoring of the surface equipment, the well, and the movement of injected wastes, in the following manner:

(1) Injection fluids shall be sampled and analyzed at least monthly to yield representative data of their characteristics at all injection wells located at onsite facilities. If the injection well is located at an offsite facility, the fluids shall be sampled and analyzed every time the composition of the hazardous waste discharged into the injection well is different than the waste discharged immediately prior to the new discharge.

(2) Pressure gauges shall be installed and maintained in proper operating condition at all times on the injection tubing and annulus.

(3) Continuous recording devices shall be installed and maintained in proper operating condition at all times to record

injection temperatures and pressures, injection flow rates, injection volumes, and annulus pressure.

(4) The monitoring system, including all monitoring wells, shall be constructed and operated in accordance with the standards specified in subdivision (p) of Section 25159.18. The design of the monitoring system and location and number of monitoring wells shall be approved by the department. Monitoring wells shall be sufficient in number and location for compliance with the monitoring requirements specified in subdivision (p) of Section 25159.18, the federal regulations adopted pursuant to the Safe Drinking Water Act, and for determining all of the following:

(A) The direction and rate of regional groundwater movement.

(B) Any upward migration of hazardous wastes and changes in water quality in the water bearing formation immediately above the injection zone.

(C) Any changes in water quality of drinking water within at least one-half mile of the well.

(D) The direction, rate, hydraulic effects, alteration, and characteristics of wastes injected into the injection zone, and any changes of pressure within or above the injection zone.

(d) The operator of an injection well shall equip the surface facilities of an injection well into which hazardous waste is discharged with shutoff devices, alarms, and fencing.

(e) The department shall require all abandoned water wells within three miles of a facility to be closed in accordance with standards at least as stringent as those set forth in the Department of Water Resources Bulletin No. 74-81.

(f) The department may require any subsurface structure or hole which is contaminated, may become contaminated, provides a potential conduit for contamination, or penetrates a formation containing drinking water to be closed in accordance with standards at least as stringent as those set forth in the Department of Water Resources Bulletin No. 74-81. If the subsurface structure or hole is an oil or gas well, the well shall be closed in accordance with standards at least as stringent as the regulations adopted by the Division of Oil and Gas. If the subsurface structure is an injection well into which hazardous waste is discharged, the injection well shall be closed in accordance with the procedures specified in subdivision (d) of Section 25159.16.

(g) The regional board shall revise any existing waste discharge requirements, issued for any injection well into which hazardous waste is discharged, pursuant to Section 13263 of the Water Code, based upon a review of the report.

(h) This section applies only to injection wells into which hazardous waste is discharged.

SEC. 4. Section 25159.18 of the Health and Safety Code is amended to read:

25159.18. Any person who applies to the department for a hazardous waste facilities permit, or for the renewal or revision of a

hazardous waste facilities permit, for the discharge of hazardous wastes into an injection well, including any proposed injection well, shall submit a hydrogeological assessment report to the department and to the appropriate regional board six months before applying for a hazardous waste facilities permit. A qualified person shall be responsible for the preparation of the report and shall certify its completeness and accuracy. The department shall not approve the report unless the department finds that the report is current, accurate, and complete, and that no hazardous waste constituents have migrated from the portion of the injection well located above the injection zone or have migrated from the injection zone. The report shall be accompanied by the fee established pursuant to Section 25159.19. The report shall contain, for each injection well, including any proposed injection well, any information required by the department, and all of the following information:

(a) A description of the injection well, including all of the following:

(1) Physical characteristics.

(2) A log of construction activities, including dates and methods used.

(3) A description of materials used in the injection well, including tubing, casing, packers, seals and grout.

(4) Design specifications and a drawing of the well as completed.

(5) An analysis of the chemical and physical compatability of the materials used with the wastes injected.

(6) Annulus fluid composition, level, and pressure at the time of well completion through the present time.

(b) A description of both of the following:

(1) The volume, temperature, pH, and radiological characteristics, and composition of hazardous waste constituents placed in the well, based on a statistically significant representative chemical analysis of each specific hazardous waste type, so that any variations in hazardous waste constituents over time are documented.

(2) The pressure and rate at which fluid is injected into the well.

(c) A map showing the distances, within the facility, to the nearest surface water bodies and springs, and the distances, within three miles from the facility's perimeter, to the nearest surface water bodies and springs.

(d) Tabular data from each surface water body and spring shown on the map specified in subdivision (c), within one mile from the facility's perimeter, which indicate its flow and a representative water analysis. The report shall include an evaluation and characterization of seasonal changes and, if substantive changes result from season to season, the tabular data shall reflect these seasonal changes.

(e) A map showing the location of all existing and abandoned wells, dry holes, mines, and quarries within the facility and within three miles of the facility's perimeter. The report shall include, for

each well shown on the map a description of the present use of the well, a representative water analysis from any existing wells, any known physical characteristics, and a determination as to whether the well, if abandoned, has been closed in accordance with standards at least as stringent as those set forth in the Department of Water Resources Bulletin No. 74-81, or, if the well is an oil or gas well, in accordance with standards at least as stringent as the regulations of the Division of Oil and Gas. The report shall also include, when possible, the water well driller's report or well log.

(f) A map showing the structural geology and stratigraphy within three miles of the facility's perimeter that can influence the direction of the groundwater flow or the movement of the discharged wastes. The report shall include a description of folds, domes, basins, faults, seismic activity, fractures, and joint patterns and a geologic cross section and general description of the subsurface rock units, including stratigraphic position, lithology, thickness, and areal distribution.

(g) An analysis for all of the following:

(1) The vertical and lateral extent of any water-bearing strata which could be affected by leakage from the injection well.

(2) The vertical and lateral extent of any strata through which the well is drilled.

(3) The vertical and lateral limits of the confining beds above, below, and adjacent to, the injection well.

(h) The analysis specified in subdivision (g) shall include all of the following:

(1) A map and cross section of all hydrogeologic units.

(2) Maps showing contours of equal elevation of the water surface for perched water, unconfined water, and confined groundwater required to be analyzed by this subdivision.

(3) An estimate of the flow, and flow direction of, the water in all water-bearing formations shown on both the maps and the subsurface geologic cross sections.

(4) An estimate of the transmissivity, permeability, porosity, and storage coefficient for each perched zone of water and water-bearing formations identified on the maps specified in paragraph (1).

(5) A determination of the water quality of each zone of the water-bearing formations and perched water which is identified on the maps specified in paragraph (1) which is under, or above and adjacent to, the well. This determination shall be conducted by taking samples either upgradient of the injection well or from another location which has not been affected by leakage from the injection well.

(i) A determination as to whether the groundwater is contiguous with regional bodies of groundwater and the depth measured from the injection zone and well casing to the groundwater, including the depth measured to perched water and water-bearing strata identified on the maps specified in subdivision (h).

(j) All of the following information for the receiving formation:

(1) A description of the chemical and physical properties of the receiving formation, including its lithology, thickness, composition, structure, porosity, storage capacity, permeability, compressibility, density, subsurface stress, vertical and lateral continuity and extent, fluid temperature, pressure, composition, and the measurement of the minimum pressure which would fracture the receiving formation.

(2) The effect of the injection pressure on the receiving formation.

(3) The geologic stability and long-term integrity of the receiving formation.

(4) An assessment of compatibility of waste, formation fluids, and formation lithology. This shall include a description of short range and long range changes anticipated in the physical and chemical state of the receiving formation in its fluids through chemical reaction and interaction with injection fluids.

(k) All of the following information for the confining zone:

(1) A description of its chemical and physical properties, including its age, composition, thickness, vertical and lateral continuity, unconformities, permeability, transmissivity, compressibility, porosity, density, and subsurface stress.

(2) The minimum amount of pressure which would fracture the confining zone, calculated specifically for the particular confining zone, a description of the number and types of existing fractures, faults, and cavities, and an analysis as to whether fractures were created or enlarged by past injection of wastes.

(3) The geologic stability and long-term integrity of the confining zone.

(4) Anticipated short range and long range changes in the physical state of the confining zone through chemical reaction and interaction with injection fluids.

(5) An estimate of the rate of migration of the hazardous waste constituents through the confining zone.

(*l*) A geologic cross section and description of the composition of each stratum through which the injection well is drilled. This description shall include a physical, chemical, and hydrogeological characterization of both the consolidated and unconsolidated rock material, including lithology, mineralogy, texture, bedding, thickness, and permeability. It shall also include an analysis for pollutants, including those constituents discharged into the injection well. The report shall arrange all monitoring data in a tabular form so that the dates, the constituents, and the concentrations are readily discernible.

(m) A description of surface facilities, including, but not limited to, pressure gauges, automatic shutoff devices, alarms, fencing, specifications for valves and pipe fittings, and operator training and requirements.

(n) A description of contingency plans for well failures and shutdowns to prevent migration of contaminants from the well.

(o) A description of the monitoring being conducted to detect migration of hazardous waste constituents, including the number and positioning of the monitoring wells, the monitoring wells' distances from the injection well, the monitoring wells' design data, the monitoring wells' installation, the monitoring development procedures, the sampling and analytical methodologies, the sampling frequency, and the chemical constituents analyzed. The design data of the monitoring wells shall include the monitoring wells' depth, the monitoring wells' diameters, the monitoring wells' casing materials, the perforated intervals within the well, the size of the perforations, the gradation of the filter pack, and the extent of the wells' annular seals.

(p) Documentation demonstrating that the monitoring system and methods used at the facility can detect any seepage, including any leaks, cracks, or malfunctions in the well or a breach of the confining zone, before the hazardous waste constituents migrate from the well above the injection zone or from the confining zone. This documentation shall include, but is not limited to, substantiation of all of the following:

(1) The monitoring system is effective enough, and includes a sufficient number of monitoring wells in the major water bearing zones, which are located close enough to the injection well casing and to the injection zone, to verify that no lateral and vertical migration of any constituents discharged into the well is occurring outside of the injection zone.

(2) Monitoring wells are not located within the influence of any adjacent pumping wells which might impair their effectiveness.

(3) Monitoring wells are only screened in the aquifer to be monitored and are monitored for both pressure and water quality.

(4) The chosen casing material does not adversely react with the potential contaminants of major concern at the facility.

(5) The casing diameter allows an adequate amount of water to be removed during sampling and allows full development of the monitor well.

(6) Monitoring wells are constructed so as not to provide potential conduits for migration of pollution, and the wells' construction features, including annular seals, prevent pollutants from migrating up or down the monitoring well.

(7) The methods of water sample collection require that the samples are transported and handled in accordance with the United States Geological Survey's "National Handbook of Recommended Methods for Water-Data Acquisition," which provides guidelines for collection and analysis of groundwater samples for selected unstable constituents and any additional procedures specified by the department. For all monitoring wells, except those extending into the injection zone, the sample shall be collected after at least five well volumes have been removed from the well.

(8) The hazardous waste constituents selected for analysis are specific to the facility, taking into account the chemical composition

of hazardous wastes previously discharged into the injection well. The monitoring data shall be arranged in tabular form so that the date, the constituents, and the concentrations are readily discernible.

(9) The frequency of monitoring is sufficient to give timely warning of migration of hazardous waste constituents so that remedial action can be taken prior to any adverse changes in the quality of the groundwater.

(10) A written statement from the qualified person preparing the report indicating whether any constituents have migrated into the surface water bodies or any strata outside the injection zone, including water-bearing strata.

(11) A written statement from the qualified person preparing the report indicating whether any migration of hazardous waste constituents into surface water bodies or any strata outside the injection zone, including water-bearing strata is likely or not likely to occur within five years, and any evidence supporting that statement.

(q) This section applies only to injection wells into which hazardous waste is discharged.

SEC. 5. Section 13260 of the Water Code is amended to read:

13260. (a) All of the following persons shall file with the regional board of that region a report of the discharge, containing the information which may be required by the regional board:

(1) Any person discharging waste or proposing to discharge waste within any region that could affect the quality of the waters of the state, other than into a community sewer system.

(2) Any person who is a citizen, domiciliary, or political agency or entity of this state discharging waste or proposing to discharge waste outside the boundaries of the state in a manner that could affect the quality of the waters of the state within any region.

(3) Any person operating or proposing to construct an injection well.

(b) No report need be filed pursuant to subdivision (a) if the requirement is waived pursuant to Section 13269.

(c) Every person subject to subdivision (a) shall file with the regional board of that region a report of any material change or proposed change in the character, location, or volume of the discharge.

(d) Each report submitted under this section shall be sworn to or submitted under penalty of perjury.

(e) Each report submitted under this section shall be accompanied by a filing fee of not to exceed fifty thousand dollars ($50,000) according to a reasonable fee schedule established by the state board. Fees shall be calculated on the basis of total flow, volume, number of animals, or area involved and shall be reasonably related to the costs to the regional board.

(f) The state board shall adopt regulations setting forth reasonable time limits within which the regional board shall determine the adequacy of a report submitted under this section.

SEC. 6. Section 13263.5 of the Water Code is amended to read:

13263.5. (a) When the regional board issues waste discharge requirements pursuant to Section 13263, or revises waste discharge requirements pursuant to subdivision (g) of Section 23159.17 of the Health and Safety Code, for any injection well into which hazardous waste is discharged, the waste discharge requirements shall be based upon the information contained in the hydrogeological assessment report prepared pursuant to Section 25159.18 of the Health and Safety Code and shall include conditions in the waste discharge requirements to ensure that the waters of the state are not polluted or threatened with pollution.

(b) If the state board applies to the federal Environmental Protection Agency to administer the Underground Injection Control Program pursuant to Part 145 (commencing with Section 145.1) of Subchapter D of Chapter 1 of Title 40 of the Code of Federal Regulations, that application shall not include a request to administer the Underground Injection Control Program for any oil, gas, or geothermal injection wells supervised or regulated by the Division of Oil and Gas pursuant to Section 3106 or 3714 of the Public Resources Code.

SEC. 7. Section 13264 of the Water Code is amended to read:

13264. (a) No person shall initiate any new discharge of waste or make any material changes in any discharge, or initiate a discharge to, make any material changes in a discharge to, or construct, an injection well, prior to the filing of the report required by Section 13260 and no person shall take any of these actions after filing the report but before whichever of the following occurs first:

(1) The issuance of waste discharge requirements pursuant to Section 13263.

(2) The expiration of 120 days after compliance with Section 13260.

(3) The regional board's waiver pursuant to Section 13269.

(b) The Attorney General, at the request of a regional board, shall petition the superior court for the issuance of a temporary restraining order, preliminary injunction, or permanent injunction, or combination thereof, as may be appropriate, prohibiting any person who is violating or threatening to violate this section from doing any of the following, whichever is applicable:

(1) Discharging the waste or fluid.

(2) Making any material change in the discharge.

(3) Constructing the injection well.

SEC. 8. Section 13267 of the Water Code is amended to read:

13267. (a) A regional board, in establishing or reviewing any water quality control plan or waste discharge requirements, or in connection with any action relating to any plan or requirement or authorized by this division, may investigate the quality of any waters of the state within its region.

(b) In conducting an investigation specified in subdivision (a), the regional board may require that any person discharging or

proposing to discharge waste within its region or any citizen or domiciliary, or political agency or entity of this state discharging or proposing to discharge waste outside of its region that could affect the quality of waters within its region shall furnish, under penalty of perjury, those technical or monitoring program reports as the board may specify. The burden, including costs, of these reports shall bear a reasonable relationship to the need for the report and the benefits to be obtained from the reports.

When requested by the person furnishing a report, the portions of a report which might disclose trade secrets or secret processes shall not be made available for inspection by the public but shall be made available to governmental agencies for use in making studies. However, these portions of a report shall be available for use by the state or any state agency in judicial review or enforcement proceedings involving the person furnishing the report.

(c) In conducting an investigation pursuant to subdivision (a), the regional board may inspect the facilities of any person to ascertain whether the purposes of this division are being met and waste discharge requirements are being complied with. The inspection shall be made with the consent of the owner or possessor of the facilities or, if the consent is refused, with a warrant duly issued pursuant to the procedure set forth in Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure. However, in the event of an emergency affecting the public health or safety, an inspection may be made without consent or the issuance of a warrant.

(d) The state board or a regional board may require any person, including a person subject to a waste discharge requirement under Section 13263, who is discharging, or who proposes to discharge, wastes or fluid into an injection well, to furnish the state board or regional board with a complete report on the condition and operation of the facility or injection well, or any other information that may be reasonably required to determine whether the injection well could affect the quality of the waters of the state.

SEC. 9. Section 13360 of the Water Code is amended to read:

13360. (a) No waste discharge requirement or other order of a regional board or the state board or decree of a court issued under this division shall specify the design, location, type of construction, or particular manner in which compliance may be had with that requirement, order, or decree, and the person so ordered shall be permitted to comply with the order in any lawful manner. However, the restrictions of this section shall not apply to waste discharge requirements or orders or decrees with respect to any of the following:

(1) Discharge of solid waste to disposal sites other than evaporation ponds from which there is no drainage or seepage which requires the installation of riprap, the construction of walls and dikes, the installation of surface and underground drainage facilities to prevent runoff from entering the disposal area or leakage to

underground or surface waters, or other reasonable requirements to achieve the above or similar purposes.

(2) Discharges of waste or fluid to an injection well, except any well which is regulated by the Division of Oil and Gas in the Department of Conservation pursuant to Division 3 (commencing with Section 3000) of the Public Resources Code and Subpart F of Part 147 of Title 40 of the Code of Federal Regulations and is in compliance with that division and Subpart A (commencing with Section 146.1) of Subchapter D of Chapter 1 of Title 40 of the Code of Federal Regulations.

(b) If the court, in an action for an injunction brought under this division, finds that the enforcement of an injunction restraining the discharger from discharging waste would be impracticable, the court may issue any order reasonable under the circumstances requiring specific measures to be undertaken by the discharger to comply with the discharge requirements, order, or decree.

SEC. 10. It is the intent of the Legislature, in amending Section 25159.17 of the Health and Safety Code and Section 13263.5 of the Water Code, as set forth in Sections 3 and 6, to eliminate language that duplicates existing law. It is not the intent of the Legislature to relieve the State Water Resources Control Board or the California regional water quality control boards of any existing requirements of the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000)) of the Water Code to issue waste discharge requirements or to ensure that the waters of the state are not polluted or threatened with pollution.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the need to quickly implement the Toxic Injection Well Control Act of 1985, and thus protect the public health and safety and the environment, it is necessary that this act take effect immediately.

CHAPTER 1014

An act to amend Sections 1255.3 and 13028 of the Unemployment Insurance Code, relating to employment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1986 Filed with Secretary of State September 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1255.3 of the Unemployment Insurance Code is amended to read:

1255.3. (a) Except as provided by subdivisions (c) and (d), the amount of unemployment compensation benefits, extended duration benefits, and federal-state extended benefits payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which that individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of the individual shall be reduced, but not below zero, by an amount equal to the amount of the pension, retirement or retired pay, annuity, or other payment, which is reasonably attributable to that week.

(b) Subdivision (a) shall be operative only during such time as Section 3304 of the Federal Unemployment Tax Act requires that state unemployment insurance laws contain those provisions as a condition of certification of state unemployment insurance laws by the Secretary of Labor.

(c) Subdivision (a) shall apply to any pension, retirement or retired pay, annuity, or other similar periodic payment only if both of the following are met:

(1) The pension, retirement or retired pay, annuity, or similar payment is under a plan maintained (or contributed to) by a base period or chargeable employer.

(2) In the case of such a payment not made under the federal Social Security Act or the federal Railroad Retirement Act of 1974 (or the corresponding provisions of prior law), services performed for the employer by the individual after the beginning of the base period (or remuneration for such services) affect eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or similar periodic payment.

(d) (1) Subdivision (a) shall not apply to any pension, retirement or retired pay, annuity or other similar periodic payment if the individual has made any contribution to the pension, retirement or retired pay, annuity, or other similar periodic payment.

(2) The amendments made to this subdivision during the 1986 portion of the 1985–86 Regular Session shall apply to new claims filed with an effective date beginning on or after January 1, 1987.

(e) Except as otherwise provided in subdivision (f), the amendments made to subdivision (c) of this section during the 1985 portion of the 1985–86 Regular Session shall apply retroactively to all unemployment compensation benefits, extended duration benefits, and federal-state extended benefits, payable to an individual for any week which begins after November 1, 1980.

(f) Notwithstanding Section 1341, the retroactive application of subdivision (c), as provided in subdivision (e), shall be limited to benefits payable to claimants who are alive on September 29, 1985.

SEC. 2. Section 13028 of the Unemployment Insurance Code is amended to read:

13028. (a) For purposes of this division (and so much of Part 10 (commencing with Section 17001) of Division 2 of the Revenue and Taxation Code as relates to this division) pensions, annuities, and other deferred income, as described in Section 3405 of the Internal Revenue Code, are wages and subject to withholding under this division.

(b) If an individual makes an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code not to have tax withheld, that election shall apply to withholding under this division, unless the individual elects, with the consent of the payer, to have those payments subject to withholding under this division. If an individual has not made an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code, that individual may elect to exclude those payments from withholding under this division. Elections provided in this subdivision shall be made pursuant to regulations of the director.

(c) Where Section 3405 of the Internal Revenue Code provides that tables or other computational procedures shall be prescribed by the Secretary of the Treasury, for the purposes of this division, any of the following amounts may be withheld, upon election of the payer:

(1) An amount determined by the method prescribed under Section 13020.

(2) A designated dollar amount as requested by the payee.

(3) Ten percent of the amount of federal withholding computed pursuant to Section 3405 of the Internal Revenue Code.

(d) Where the amount of withholding computed pursuant to subdivision (b) is less than ten dollars ($10) per month, the payer shall not be required to withhold that amount.

(e) This section shall not apply to pensions, annuities, and other deferred income of payees with addresses outside this state, as shown on the most current records of the payer.

(f) The department shall, in consultation with the affected payers and payees, issue regulations to implement this section.

Those regulations shall provide for delay (but not beyond July 1, 1987) of the application of this section with respect to any payer or class of payers until such time as the payers are able to comply without undue hardship with the requirements of this section. In that

case, no retroactive compliance shall be required.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to effectuate savings in state government as soon as possible, and in order to prevent the federal government from determining that the state's unemployment insurance compensation system is out of conformity with federal law, at the earliest possible time, it is necessary that this act go into immediate effect.

(1) The facility is providing care or supervision, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

(2) The facility is held out as or represented as providing care or supervision, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

(3) The facility accepts or retains residents who demonstrate the need for care or supervision, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

(4) The facility represents itself as a licensed community care facility.

(b) No unlicensed community care facility, as defined in subdivision (a), shall operate in this state.

For fiscal year 1986–87 and thereafter, the department shall submit a budget change proposal to justify any positions or any other related support costs on an ongoing basis.

(c) The fees authorized by this section shall not be imposed until the Auditor General has issued the report to the Legislature required by Section 1519.

SEC. 3.5. Section 1523 of the Health and Safety Code, as amended by Section 5 of Senate Bill 2531, is amended to read:

Sec. 63. The district may require that its charges be payable in advance. In case any charges remain unpaid at the time specified for fixing the tax rate of the district, if the property is owned, controlled, or in the possession of the same person who owned, controlled, or was in possession of it during the time the charges were incurred, or if the only transfers made of the property since the date the charges were incurred, have been transfers by gift, descent, bequest, or devise, the amount due for the charges may be collected at the same time and in the same manner as annual taxes levied against the land served by the district facilities. The charges shall constitute a lien on the land. If the taxes are divided and made payable in two installments, the unpaid charges may be added to, and become a part of, the first installment. The board shall include in the statement of tax rate transmitted to the county auditor the amount of the charges to be levied against the land served, and the county auditor shall include the charges in the tax bills. Alternatively, charges, for any services and facilities which the district is authorized to provide and for which it is authorized to collect charges, may be collected in the manner provided by Section 5473 of the Health and Safety Code in accordance with the procedures set forth in other applicable provisions of Article 4 (commencing with Section 5470) of Chapter 6 of Division 5 of the Health and Safety Code.

SEC. 71. The Legislature finds and declares with respect to the amendments made by this act to Section 56700.5 of the Government Code that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the uniquely complex relationships which exist among cities, special districts, and unincorporated communities in the state's most populous county. In light of these complex relationships, proposals to alter the boundaries

of large cities require additional procedures which are not applicable to other local agencies.

SEC. 72. Section 26 of this bill incorporates amendments to Section 65940 of the Government Code proposed by both this bill and AB 3750. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 65940 of the Governement Code, and (3) this bill is enacted after AB 3750, in which case Section 25 of this bill shall not become operative.

SEC. 73. The Legislature declares that this act mandates a new program or higher level of service on local government. As required by Section 6 of Article XIII B of the California Constitution, reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 74. No reimbursement is required by Section 28 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 75. No reimbursement is required by Section 23 of this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

(c) There is hereby appropriated from the Mobilehome-Manufactured Home Revolving Fund the sum of eighty-five thousand dollars ($85,000) to the Department of Housing and Community Development for administrative costs pursuant to subdivision (b).

(d) This section shall remain in effect only until January 1, 1989, and, except as provided in subdivision (e), shall have no force or effect on or after that date, unless a later enacted statute which is enacted before January 1, 1989, deletes or extends that date.

(e) Notwithstanding subdivision (d), this section shall be treated as being fully operative for the purposes of collecting all fees imposed by subdivision (a) which become due and owing on or before December 31, 1988.

SEC. 2. Section 18124 of the Health and Safety Code is amended to read:

18124. The department, the Department of the California Highway Patrol, or any regularly employed and salaried police officer or deputy sheriff may take possession of any certificate, card, permit, transportation decal, or registration decal issued under this

part which has expired, been revoked, cancelled, or suspended; which is fictitious, or which has been unlawfully or erroneously issued or affixed.

This section shall not be applicable to any insignia issued pursuant to Section 18026 or to any manufactured home or mobilehome label issued pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 et seq.).

Any document or decal seized shall be expeditiously delivered to the department with a brief written explanation of the circumstances.

CHAPTER 1024

[Approved by Governor September 22, 1986. Filed with Secretary of State September 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 9978 of the Business and Professions Code is amended to read:

(2) The telephone number of the agency as registered with the Bureau of Personnel Services.

(3) The license number of the agency.

(c) Every employment agency, except a licensed nurses' registry and an employment counseling service, shall use, as part of its licensed name, either the designation "agency" or "personnel service."

(d) No employment agency shall give any false information or make any false promises or representations concerning an engagement or employment to any applicant who registers or applies for an engagement or employment or help.

CHAPTER 1025

An act to amend Sections 25191 and 25292 of, and to add Sections 25281.5 and 25291.5 to, the Health and Safety Code, relating to hazardous substances.

[Approved by Governor September 22, 1986 Filed with Secretary of State September 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 25281.5 is added to the Health and Safety Code, to read:

25281.5. (a) Notwithstanding subdivision (i) of Section 25281, for purposes of this chapter "pipe" means all parts of any pipeline or system of pipelines, used in connection with the storage of hazardous substances, including, but not limited to, valves and other appurtenances connected to the pipe, pumping units, fabricated assemblies associated with pumping units, and metering and delivery stations and fabricated assemblies therein, but does not include any of the following:

(1) An interstate pipeline subject to 49 Code of Federal Regulations, Part 195.

(2) An intrastate pipeline subject to Chapter 5.5 (commencing with Section 51010) of Part 1 of Division 1 of Title 5 of the Government Code.

(3) Unburied delivery hoses, vapor recovery hoses, and nozzles which are subject to unobstructed visual inspection for leakage.

(4) Vent lines, vapor recovery lines, and fill pipes which are designed to prevent, and do not hold, standing fluid in the pipes or lines.

(b) In addition to the exclusions specified in subdivision (r) of Section 25281, "underground storage tank" does not include vent lines, vapor recovery lines, and fill pipes which are designed to prevent, and do not hold, standing fluid in the pipes or lines.

SEC. 2. Section 25291 of the Health and Safety Code is amended to read:

25291. Every underground storage tank installed after January 1, 1984, shall meet all of the following requirements:

(a) The underground storage tank shall be designed and constructed to provide primary and secondary levels of containment of the hazardous substances stored in it in accordance with the following performance standards:

(1) Primary containment shall be product-tight.

(2) Secondary containment shall be constructed to prevent structural weakening as a result of contact with any released hazardous substances, and also shall be capable of storing the hazardous substances for the maximum anticipated period of time necessary for the recovery of any released hazardous substance.

(3) In the case of an installation with one primary container, the secondary containment shall be large enough to contain at least 100 percent of the volume of the primary tank.

(4) In the case of multiple primary tanks, the secondary container shall be large enough to contain 150 percent of the volume of the largest primary tank placed in it, or 10 percent of the aggregate internal volume of all primary tanks, whichever is greater.

(5) If the facility is open to rainfall, then the secondary containment shall be able to additionally accommodate the maximum volume of a 24-hour rainfall as determined by a 25-year storm history.

(6) Single-walled containers do not fulfill the requirement of an underground storage tank providing both a primary and a secondary containment. However, an underground storage tank with a primary container constructed with a double complete shell shall be deemed to have met the requirements for primary and secondary containment set forth in this section if the outer shell is constructed primarily of nonearthen materials, including, but not limited to, concrete, steel, and plastic, which provide structural support and a continuous leak detection system with alarm is located in the space between the shells; the system is capable of detecting the entry of hazardous substances from the inner container into the space; and the system is capable of detecting water intrusion into the space from the outer shell.

(7) The design and construction of underground storage tanks for motor vehicle fuels storage need not meet the requirements of paragraphs (1) to (6), inclusive, if all of the following conditions exist:

(A) The primary containment construction is of glass fiber reinforced plastic, cathodically protected steel, or steel clad with glass fiber reinforced plastic.

(B) Any alternative primary containment is installed in conjunction with a system that will intercept and direct a leak from any part of the underground storage tank to a monitoring well to detect any release of motor vehicle fuels stored in the tank.

(C) The system designed to provide early leak detection and response, and to protect the groundwater from releases.

(D) The monitoring is in accordance with the alternative method identified in paragraph (4) of subdivision (b) of Section 25292.

(E) Pressurized piping systems connected to tanks used for the storage of motor vehicle fuels and monitored in accordance with paragraph (4) of subdivision (b) of Section 25292 also meet the conditions of this subdivision if the tank meets the conditions of subparagraphs (A) to (D), inclusive. However, any pipe connected to an underground storage tank installed after July 1, 1987, shall be equipped with secondary containment which complies with paragraphs (1) to (6), inclusive.

(b) The underground storage tank shall be designed and constructed with a monitoring system capable of detecting the entry of the hazardous substance stored in the primary containment into

the secondary containment. If water could intrude into the secondary containment, a means of monitoring for water intrusion and for safely removing the water shall also be provided.

(c) When required by the local agency, the underground storage tank shall have a means of overfill protection for any primary tank, including an overfill prevention device or an attention-getting higher level alarm, or both. Primary tank filling operations of underground storage tanks containing motor vehicle fuels which are visually monitored and controlled by a facility operator satisfy the requirements of this subdivision.

(d) If different substances are stored in the same tank and in combination may cause a fire or explosion, or the production of flammable, toxic, or poisonous gas, or the deterioration of a primary or secondary container, those substances shall be separated in both the primary and secondary containment so as to avoid potential intermixing.

(e) If water could enter into the secondary containment by precipitation or infiltration, the facility shall contain a means of removing the water by the owner or operator. This removal system shall also prevent uncontrolled removal of this water and provide for a means of analyzing the removed water for hazardous substance contamination and a means of disposing of the water, if so contaminated, at an authorized disposal facility.

(f) Before the underground storage tank is covered, enclosed, or placed in use, the standard installation testing for requirements for underground storage systems specified in Section 2-7 of the Flammable and Combustible Liquids Code, adopted by the National Fire Protection Association, (NFPA 30) as amended and published in the respective edition of the Uniform Fire Code, shall be followed.

(g) Before the underground storage tank is placed in service, the underground storage systems shall be tested in operating condition using a precision test as defined in National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Liquids," as amended, for proving the integrity of an underground storage tank.

(h) If the underground storage tank is designed to maintain a water level in the secondary containment, the tank shall be equipped with a safe method of removing any excess water to a holding facility and the owner or operator shall inspect the holding facility monthly for the presence of excess water overflow. If excess water is present in the holding facility, the permitholder shall provide a means to analyze the water for hazardous substance contamination and a means to dispose of the water, if so contaminated, at an authorized disposal facility.

SEC. 3. Section 25291.5 is added to the Health and Safety Code, to read:

25291.5. On or before July 1, 1987, the board shall review and on or before April 1, 1988, revise where appropriate, existing regulations prescribing performance standards for pipes used in connection with

the storage of hazardous substances. On or before May 1, 1988, the board shall provide the Legislature with a report regarding the review, assessment, and revision of regulations performed pursuant to this section. The review of existing regulations shall include, but not be limited to, an assessment of all of the following components:

(a) Minimum design and construction requirements for new pipes, or for relocating, replacing, or otherwise changing existing systems.

(b) Compatibility of substances flowing through the pipeline system.

(c) Installation of new or used pipes.

(d) Leak detection.

SEC. 4. Section 25292 of the Health and Safety Code is amended to read:

25292. For every underground storage tank installed on or before January 1, 1984, and used for the storage of hazardous substances, the following actions shall be taken:

(a) On or before July 1, 1985, the owner shall outfit the facility with a monitoring system capable of detecting unauthorized releases of any hazardous substances stored in the facility, and thereafter, the operator shall monitor each facility, based on materials stored and the type of monitoring installed.

(b) Provide a means for visual inspection of the tank, wherever practical, for the purpose of the monitoring required by subdivision (a). Alternative methods of monitoring the tank on a monthly, or more frequent basis, may be required by the local agency, consistent with the regulations of the board.

The alternative monitoring methods include, but are not limited to, the following methods:

(1) Precision testing as defined in National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Liquids," as amended, for proving the integrity of an underground storage tank and piping system at time intervals specified by the board.

(2) A groundwater monitoring well or wells which are downgradient and adjacent to the underground storage tank, vapor analysis within a well where appropriate, and analysis of soil borings at the time of initial installation of the well.

(3) A continuous leak detection and alarm system which is located in monitoring wells adjacent to an underground storage tank and which is approved by the local agency.

(4) For monitoring tanks containing motor vehicle fuels, daily gauging and inventory reconciliation by the operator, if all of the following requirements are met:

(A) Inventory records are kept on file for one year and are reviewed quarterly.

(B) The tank is tested, using the precision test as defined by the National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and

Combustible Solids," as amended, for proving the integrity of an underground storage tank at time intervals specified by the board and whenever there is a shortage greater than the amount which the board shall specify by regulation.

(C) If a pressurized pump system is connected to the tank system, the system has a leak detection device to monitor for leaks in the piping. The leak detection device shall be installed in a manner designed to resist unauthorized tampering and to clearly show by visual inspection if tampering has occurred. The leak detection device shall be tested annually, at a minimum, and all devices found to be not performing in conformance with the manufacturer's leak detection specifications shall be promptly repaired or replaced.

(c) The board shall develop regulations specifying monitoring alternatives. The local agency, or any other public agency specified by the local agency, shall approve the location and number of wells, the depth of wells, and the sampling frequency, pursuant to these regulations.

SEC. 5. Section 25292 of the Health and Safety Code is amended to read:

25292. For every underground storage tank installed on or before January 1, 1984, and used for the storage of hazardous substances, the following actions shall be taken:

(a) On or before July 1, 1985, the owner shall outfit the facility with a monitoring system capable of detecting unauthorized releases of any hazardous substances stored in the facility, and thereafter, the operator shall monitor each facility, based on materials stored and the type of monitoring installed.

(b) Provide a means for visual inspection of the tank, wherever practical, for the purpose of the monitoring required by subdivision (a). Alternative methods of monitoring the tank on a monthly, or more frequent basis, may be required by the local agency, consistent with the regulations of the board.

The alternative monitoring methods include, but are not limited to, the following methods:

(1) Precision testing as defined in National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Liquids," as amended, for proving the integrity of an underground storage tank and piping system at time intervals specified by the board.

(2) A groundwater monitoring well or wells which are downgradient and adjacent to the underground storage tank, vapor analysis within a well where appropriate, and analysis of soil borings at the time of initial installation of the well.

(3) A continuous leak detection and alarm system which is located in monitoring wells adjacent to an underground storage tank and which is approved by the local agency.

(4) For monitoring tanks containing motor vehicle fuels, daily gauging and inventory reconciliation by the operator, if all of the following requirements are met:

(A) Inventory records are kept on file for one year and are reviewed quarterly.

(B) The tank is tested, using the precision test as defined by the National Fire Protection Association Pamphlet 329, "Recommended Practice for Handling Underground Leakage of Flammable and Combustible Solids," as amended, for proving the integrity of an underground storage tank at time intervals specified by the board and whenever there is a shortage greater than the amount which the board shall specify by regulation.

(C) If a pressurized pump system is connected to the tank system, the system has a leak detection device to monitor for leaks in the piping. The leak detection device shall be installed in a manner designed to resist unauthorized tampering and to clearly show by visual inspection if tampering has occurred. The leak detection device shall be tested annually, at a minimum, and all devices found to be not performing in conformance with the manufacturer's leak detection specifications shall be promptly repaired or replaced.

(5) For monitoring underground storage tanks which are located on farms and which store motor vehicle or heating fuels used primarily for agricultural purposes, alternative monitoring methods include the following:

(A) If the tank has a capacity of greater than 1,100 gallons but of 5,000 gallons or less, the tank shall be tested using the precision test, as defined by the National Fire Protection Association Pamphlet 329, at least once every three years, and the owner shall utilize tank gauging on a monthly or more frequent basis, as required by the local agency, subject to the specifications provided in paragraph (7) of subdivision (c) of Section 2641 of Title 23 of the California Administrative Code, as that section read on August 13, 1985.

(B) If the tank has a capacity of more than 5,000 gallons, the tank shall be monitored pursuant to the methods for all other tanks specified in this subdivision.

(c) The board shall develop regulations specifying monitoring alternatives. The local agency, or any other public agency specified by the local agency, shall approve the location and number of wells, the depth of wells, and the sampling frequency, pursuant to these regulations.

SEC. 6. Section 5 of this bill incorporates amendments to Section 25292 of the Health and Safety Code proposed by both this bill and AB 3570. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 25292 of the Health and Safety Code, and (3) this bill is enacted after AB 3570, in which case Section 4 of this bill shall not become operative.

SEC. 7. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand

dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 1026

An act to amend Sections 11366.5, 11366.6, and 11550 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11366.5 of the Health and Safety Code is amended to read:

11366.5. (a) Any person who has under his or her management or control any building, room, space, or enclosure, either as an owner, lessee, agent, employee, or mortgagee, who knowingly rents, leases, or makes available for use, with or without compensation, the building, room, space, or enclosure for the purpose of unlawfully manufacturing, storing, or distributing any controlled substance for sale or distribution shall be punished by imprisonment in the county jail for not more than one year, or in the state prison.

(b) Any person who has under his or her management or control any building, room, space, or enclosure, either as an owner, lessee, agent, employee, or mortgagee, who knowingly allows the building, room, space, or enclosure to be fortified to suppress law enforcement entry in order to further the sale of any amount of cocaine, heroin, phencyclidine, amphetamine, methamphetamine, or lysergic acid diethylamide and who obtains excessive profits from the use of the building, room, space, or enclosure shall be punished by imprisonment in the state prison for two, three, or four years.

(c) Any person who violates subdivision (a) after previously being convicted of a violation of subdivision (a) shall be punished by imprisonment in the state prison for two, three, or four years.

(d) For the purposes of this section, "excessive profits" means the receipt of consideration of a value substantially higher than fair market value.

SEC. 2. Section 11366.6 of the Health and Safety Code is amended to read:

11366.6. Any person who utilizes a building, room, space, or enclosure specifically designed to suppress law enforcement entry in order to sell, manufacture, or possess for sale any amount of cocaine, heroin, phencyclidine, amphetamine, methamphetamine, or lysergic acid diethylamide shall be punished by imprisonment in the state prison for three, four, or five years.

SEC. 3. Section 11550 of the Health and Safety Code is amended to read:

11550. No person shall use, or be under the influence of any controlled substance which is (1) specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), (21), (22), or (23) of subdivision (d) of Section 11054, specified in subdivision (b) or (c) of Section 11055, specified in paragraph (1) or (2) of subdivision (d) or in paragraph (3) of subdivision (e) of Section 11055, or (2) a narcotic drug classified in Schedule III, IV, or V, except when administered by or under the direction of a person licensed by the state to dispense, prescribe, or administer controlled substances. It shall be the burden of the defense to show that it comes within the exception. Any person convicted of violating any provision of this subdivision is guilty of a misdemeanor and shall be sentenced to serve a term of not less than 90 days or more than one year in the county jail. The court may place a person convicted under this subdivision on probation for a period not to exceed five years and shall in all cases in which probation is granted require as a condition thereof that such person be confined in the county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in the county jail.

Nothing in this section shall prevent diversion pursuant to Penal Code Section 1000.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1027

An act to repeal and add Section 51260 of, the Education Code, and to add Section 11372.7 to the Health and Safety Code, relating to drug education, and making an appropriation therefor.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 23, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 51260 of the Education Code, as added by Section 2 of Chapter 1002 of the Statutes of 1981, is repealed.

SEC. 2. Section 51260 is added to the Education Code, to read:

51260. (a) Instruction shall be given in the elementary and secondary schools by appropriately trained instructors on drug education and the effects of the use of tobacco, alcohol, narcotics, dangerous drugs, as defined in Section 11032 of the Health and Safety Code, and other dangerous substances.

For purposes of this chapter, an "appropriately trained instructor" is one who, based upon the determination of the site administrator, demonstrates competencies in interacting in a positive manner with children and youth; demonstrates knowledge of the properties and effects of tobacco, alcohol, narcotics, and dangerous drugs; and who demonstrates skills in conducting affective education, which include methods and techniques for helping children and youth to freely express ideas and opinions in a responsible manner and to gain an awareness of their values as they affect decisions related to drug use and misuse.

In grades 1 through 6, instruction on drug education should be conducted in conjunction with courses given on health pursuant to subdivision (f) of Section 51210.

In grades 7 to 12, inclusive, instruction on drug education shall be conducted in conjunction with courses given on health or in any appropriate area of study pursuant to Section 51220.

Such instruction shall be sequential in nature and suited to meet the needs of students at their respective grade level.

(b) Services provided under this section shall be in addition to, but shall not be duplicative of, services provided pursuant to Article 2 (commencing with Section 11960) of Part 3 of Division 10.5 of the Health and Safety Code.

SEC. 3. Section 11372.7 is added to the Health and Safety Code, to read:

11372.7. (a) Except as otherwise provided in subdivision (e), each person who is convicted of a violation of this chapter shall pay a drug program fee in an amount not to exceed one hundred dollars ($100) for each separate offense. The court shall increase the total fine, if necessary, to include this increment, which shall be in addition to any other penalty prescribed by law.

(b) The court shall determine whether the person who is convicted of a violation of this chapter has the ability to pay all or part of the fee. The court may set the amount to be reimbursed and order the person to pay that sum to the county in a manner that the court believes is reasonable and compatible with the person's financial ability. In its determination of whether a person has the ability to pay, the court shall take into account the amount of any fine imposed upon that person and any amount that person has been ordered to pay in restitution.

(c) The county treasurer shall maintain a drug program fund. For every drug program fee assessed pursuant to subdivision (a), an amount equal to this assessment shall be deposited into the fund for every conviction pursuant to this chapter, in addition to fines, forfeitures, and other moneys which are transmitted by the courts to the county treasurer pursuant to Sections 11372.5 and 11502. These deposits shall be made prior to any transfer pursuant to Section 11502. Amounts deposited in the drug program fund shall be allocated by the administrator of the county's drug program to drug abuse programs in the schools and the community, subject to the

approval of the board of supervisors, as follows:

(1) The moneys in the fund shall be allocated through the planning process established pursuant to Sections 11983, 11983.1, 11983.2, and 11983.3.

(2) A minimum of 33 percent of the fund shall be allocated to primary prevention programs in the schools and the community. Primary prevention programs developed and implemented under this article shall emphasize cooperation in planning and program implementation among schools and community drug abuse agencies, and shall demonstrate coordination through an interagency agreement between the county offices of education or local school district and the county drug program administrator. These primary prevention programs may include:

(A) School- and classroom-oriented programs, including, but not limited to, programs designed to encourage sound decisionmaking, an awareness of values, an awareness of drugs and their effects, enhanced self-esteem, social and practical skills that will assist students toward maturity, enhanced or improved school climate and relationships among all school personnel and students, and furtherance of cooperative efforts of school- and community-based personnel.

(B) School- or community-based nonclassroom alternative programs, or both, including, but not limited to, positive peer group programs, programs involving youth and adults in constructive activities designed as alternatives to drug use, and programs for special target groups, such as women, ethnic minorities, and other high-risk, high-need populations.

(C) Family-oriented programs, including, but not limited to, programs aimed at improving family relationships and involving parents constructively in the education and nurturing of their children, as well as in specific activities aimed at preventing drug abuse.

(d) Moneys deposited into a county drug program fund pursuant to this section shall supplement, and shall not supplant, any local funds made available to support the county's drug abuse prevention and treatment efforts.

(e) This section shall not apply to any person convicted of a violation of subdivision (b) of Section 11357 of the Health and Safety Code.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 1028

An act to amend, add, and repeal Section 11100 of, and to add Section 11106 to, the Health and Safety Code, relating to controlled substances, and making an appropriation therefor.

(d) Any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes the substance specified in subdivision (a) to a person in this state shall, not less than 21 days prior to delivery of the substance, submit a report of the transaction to the Department of Justice. However, the Department of Justice may authorize the submission of the reports on a monthly basis with respect to repeated, regular transactions between the furnisher and the recipient involving the same substance if the Department of Justice determines that either of the following exist:

(1) A pattern of regular supply of the substance exists between the manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes such substance and the recipient of the substance.

(2) The recipient has established a record of utilization of the substance for lawful purposes.

(e) The Department of Justice shall grant an exemption from the reporting requirements of this section to any person who supplies a substance specified in subdivision (a) who can demonstrate, to the department's satisfaction, that the recipient requires the substance for a lawful purpose and that special circumstances prevent the supplier from reporting the transaction to the department not less than 21 days prior to delivery.

(f) (1) Any person specified in subdivision (d) who does not submit a report as required by that subdivision shall be punished by imprisonment in the county jail not exceeding six months or by a fine not exceeding five thousand dollars ($5,000) or by both the fine and imprisonment.

(2) Any person specified in subdivision (d) who has been previously convicted of a violation of subdivision (d) who subsequently does not submit a report as required by subdivision (d) shall be punished by imprisonment in the state prison, or by imprisonment in the county jail not exceeding one year, or by a fine not exceeding one hundred thousand dollars ($100,000), or by both the fine and imprisonment.

This section shall be operative until April 1, 1987, and on that date is repealed.

SEC. 2. Section 11100 is added to the Health and Safety Code, to read:

(15) Morpholine.

(b) The Department of Justice may adopt rules and regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code that add substances to subdivision (a) if the substance is a precursor to a controlled substance and delete substances from subdivision (a). However, no regulation adding or deleting a substance shall have any effect beyond March 1 of the year following the calendar year during which the regulation was adopted.

However, the Department of Justice may authorize the submission of the reports on a monthly basis with respect to repeated, regular transactions between the furnisher and the recipient involving the same substance if the Department of Justice determines that either of the following exist:

(1) A pattern of regular supply of the substance exists between the manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes such substance and the recipient of

the substance.

(2) The recipient has established a record of utilization of the substance for lawful purposes.

The sum of one hundred forty-eight thousand dollars ($148,000) is hereby appropriated from the General Fund to the Controller for disbursement to the Department of Justice for sufficient personnel to develop, implement, and maintain a comprehensive controlled substances precursor regulatory system which includes, but is not limited to, the issuance of permits, a precursor reporting system, site inspections, auditing, and the investigation of suspected violations.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1029

An act to add and repeal Chapter 12 (commencing with Section 11640) to Division 10 of the Health and Safety Code, relating to controlled substances, and making an appropriation therefor.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 11640) is added to Division 10 of the Health and Safety Code, to read:

CHAPTER 12. CLANDESTINE LABORATORY ENFORCEMENT PROGRAM

11640. The Legislature finds and declares that there has been a recent and rapid expansion in clandestine laboratories illegally producing a variety of controlled substances. These are increasingly sophisticated operations, frequently located in rural areas or working across jurisdictional lines, which pose substantial dangers to the general public from fire, explosion, and the toxic chemicals involved. The controlled substances these laboratories produce, such as analogs of fentanyl, phencyclidine, and methamphetamine, are extremely difficult to detect and analyze and have caused numerous deaths and serious injuries to those who use them.

The Legislature further finds and declares that, given the number and nature of clandestine laboratories, local law enforcement officials in most jurisdictions lack the training, specialized equipment, and resources to adequately enforce existing law. As a result, the public is increasingly endangered by the laboratories themselves while the controlled substances they produce pose a

grave danger to those who use them.

It is the intent of the Legislature in establishing the Clandestine Laboratory Enforcement Program to provide increased funding for special training, equipment, personnel, and financial assistance to state and local law enforcement officials targeted on the investigation and prosecution of clandestine laboratories. The program shall also increase public awareness of the problems posed by clandestine laboratories and the products they produce.

11641. The Department of Justice shall establish a Clandestine Laboratory Enforcement Program to assist state and local law enforcement and prosecutorial agencies in apprehending and prosecuting persons involved in the unlawful manufacture of controlled substances.

11642. (a) To the extent moneys are available therefor, the Controller, in accordance with criteria and procedures which shall be adopted by the Department of Justice, may reimburse counties with a population under 1,250,000 for costs of prosecuting violations, attempts to violate, or conspiracies to violate Section 11100, 11100.1, 11104, 11105, 11379.6, or 11383 initiated after January 1, 1987. Funding under this subdivision shall not exceed twenty-five thousand dollars ($25,000) for each prosecution or joint prosecution assisted. All funds allocated to a county under this subdivision shall be distributed by it only to its prosecutorial agency, to be used solely for investigation and prosecution of these offenses. Funds distributed under this subdivision shall not be used to supplant any local funds that would, in the absence of this subdivision, be made available to support the prosecutorial efforts of counties.

Cases wholly financed or reimbursed under any other state or federal program including, but not limited to, the Asset Forfeiture Program (Section 11489), the Major Narcotic Vendors Prosecution Law (Section 13881 of the Penal Code), or the California Career Criminal Apprehension Program (Section 13851 of the Penal Code), shall not be entitled to reimbursement under this subdivision.

(b) To the extent moneys are available therefor, the Controller, in accordance with criteria and procedures which shall be adopted by the Department of Justice, may reimburse counties with a population under 1,250,000 for law enforcement personnel expenses, not exceeding ten thousand dollars ($10,000) per case, incurred in the investigation of violations, attempts to violate, or conspiracies to violate Section 11100, 11100.1, 11104, 11105, 11379.6, or 11383 initiated after January 1, 1987. All funds allocated to a county under this subdivision shall be distributed by it only to its law enforcement agency to be used solely for investigation and detection of these offenses. Funds distributed under this subdivision shall not be used to supplant any local funds that would, in the absence of this subdivision, be made available to support the law enforcement efforts of counties. Cases financed or reimbursed under any other state or federal program, including, but not limited to, the Asset Forfeiture Program, (Section 11489), the California Career Criminal

Apprehension Program (Section 13851 of the Penal Code), or the federal Asset Forfeiture Program (21 U.S.C. Sec. 881), shall not be entitled to reimbursement under this subdivision.

(c) To the extent moneys are available therefor, the Controller, in accordance with criteria and procedures which shall be adopted by the Department of Justice, may reimburse counties with a population under 1,250,000 for costs incurred by, or at the direction of, state or local law enforcement agencies to remove and dispose of or store toxic waste from the sites of laboratories used for the unlawful manufacture of a controlled substance.

(d) For the purposes of this section, the population of a county shall be as determined by Section 28020 of the Government Code.

(e) Reimbursement under this section may be provided only with respect to costs incurred on or after January 1, 1987.

11643. To the extent moneys are available therefor, the Bureau of Narcotic Enforcement in the Department of Justice shall do the following:

(a) In cooperation with the Commission on Peace Officer Standards and Training provide advanced training to state and local law enforcement personnel on the unique skills, such as detection and identification of chemical substances, and safety precautions, such as safe handling, storage, and disposal of toxic substances, necessary to investigate clandestine laboratories illegally manufacturing controlled substances.

(b) Make safety equipment, such as protective clothing and breathing apparatus, available to local law enforcement officials, as needed, on a case-by-case basis in connection with investigation and abatement of laboratories illegally manufacturing controlled substances.

(c) Establish enhanced enforcement teams assigned to the investigation of clandestine laboratories illegally manufacturing controlled substances, particularly targeting cabals operating in multiple local jurisdictions. These teams shall include special agents trained in investigating clandestine laboratories, criminalists to analyze the chemicals involved, auditors to conduct financial investigations and initiate forfeiture proceedings pursuant to Chapter 8 (commencing with Section 11470) where warranted, and analysts to monitor the overall pattern and network of these clandestine laboratories across the state, to develop further cases, and to target law enforcement efforts where needed.

11644. To the extent moneys are available therefor, the Crime Prevention Center of the Department of Justice shall prepare and disseminate informational materials on the unique dangers posed by clandestine laboratories and the controlled substances they produce. The Crime Prevention Center shall increase public awareness in areas such as the health dangers created by the laboratories themselves, including how to identify and report them, and the unusual effects and dangers of synthetic substances such as analogs of fentanyl, MPPP, phencyclidine, and methamphetamines.

11646. The Attorney General shall adopt rules and regulations for the administration and enforcement of this chapter.

11647. The Department of Justice shall prepare and submit an interim report to the Legislature on or before January 10, 1988, and shall submit a final report to the Legislature on or before January 10, 1989, setting forth the findings and accomplishments of the Clandestine Laboratory Enforcement Program.

11648. This chapter shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 2. The sum of one million nine hundred twenty-five thousand dollars ($1,925,000) is hereby appropriated from the General Fund for expenditure during the last six months of the 1986–87 fiscal year in accordance with the following schedule:

(a) To the Controller for allocation to counties with a population under 1,250,000 to reimburse prosecution costs pursuant to subdivision (a) of Section 11642 of the Health and Safety Code	$ 50,000
(b) To the Controller for allocation to counties witha a population under 1,250,000 to reimburse law enforcement costs pursuant to subdivision (b) of Section 11642 of the Health and Safety Code	355,000
(c) To the Controller for allocation to counties with a population under 1,250,000 to reimburse costs of toxic waste removal and disposal or storage pursuant to subdivision (c) of Section 11642 of the Health and Safety Code	250,000
(d) To the Department of Justice for programs of the Bureau of Narcotic Enforcement specified in Section 11643 of the Health and Safety Code	1,200,000
(e) To the Department of Justice for programs of the Crime Prevention Center specified in Section 11644 of the Health and Safety Code	70,000

CHAPTER 1030

An act to amend Section 11370 of the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11370 of the Health and Safety Code is amended to read:

11370. (a) Any person convicted of violating Section 11350, 11351, 11352, 11353, 11355, 11357, 11359, 11360, 11361, 11363, 11366, or 11368, or of committing any offense referred to in those sections, shall not, in any case, be granted probation by the trial court or have the execution of the sentence imposed upon him or her suspended by the court, if he or she has been previously convicted of any offense described in subdivision (c).

(b) Any person who was 18 years of age or over at the time of the commission of the offense and is convicted for the first time of selling, furnishing, administering, or giving a controlled substance which is (1) specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055, or (2) which is a narcotic drug classified in Schedule III, IV, or V, to a minor or inducing a minor to use such a controlled substance in violation of law shall not, in any case, be granted probation by the trial court or have the execution of the sentence imposed upon him or her suspended by the court.

(c) Any previous conviction of any of the following offenses, or of an offense under the laws of another state or of the United States which, if committed in this state, would have been punishable as such an offense, shall render a person ineligible for probation or suspension of sentence pursuant to subdivision (a) of this section:

(1) Any felony offense described in this division involving a controlled substance specified in subdivision (b), (c), or (e) of Section 11054, specified in paragraph (13), (14), (15), or (20) of subdivision (d) of Section 11054, or specified in subdivision (b) or (c) of Section 11055.

(2) Any felony offense described in this division involving a narcotic drug classified in Schedule III, IV, or V.

(d) The existence of any previous conviction or fact which would make a person ineligible for suspension of sentence or probation under this section shall be alleged in the information or indictment, and either admitted by the defendant in open court, or found to be true by the jury trying the issue of guilt or by the court where guilt is established by a plea of guilty or nolo contendere or by trial by the court sitting without a jury.

CHAPTER 1031

An act to amend Sections 11470.1, 11479, and 11479.2 of, and to add Sections 11374.5 and 25354.5 to, the Health and Safety Code, relating to controlled substances, and making an appropriation therefor.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11374.5 is added to the Health and Safety Code, to read:

11374.5. (a) Any manufacturer of a controlled substance who disposes of any hazardous substance that is a controlled substance or chemical used in the manufacture of a controlled substance in violation of any law regulating the disposal of hazardous substances or hazardous waste is guilty of a public offense punishable by imprisonment in the state prison for two, three, or four years or in the county jail not exceeding one year.

(b) As used in this section:

(1) "Dispose" means to abandon, deposit, intern, or otherwise discard as a final action after use has been achieved or a use is no longer intended.

(2) "Hazardous substance" has the meaning as set forth in Section 25316.

SEC. 1.5. Section 11470.1 of the Health and Safety Code is amended to read:

11470.1. (a) The expenses of seizing, eradicating, destroying, or taking remedial action with respect to, any controlled substance or its precursors shall be recoverable from:

(1) Any person who manufactures or cultivates a controlled substance or its precursors in violation of this division.

(2) Any person who aids and abets or who knowingly profits in any manner from the manufacture or cultivation of a controlled substance or its precursors on property owned, leased, or possessed by the defendant, in violation of this division.

(b) The expenses of taking remedial action with respect to any controlled substance or its precursors shall also be recoverable from any person liable for the costs of that remedial action under Chapter 6.8 (commencing with Section 25300) of Division 20 of the Health and Safety Code.

(c) It shall not be necessary to seek or obtain a criminal conviction prior to the entry of judgment for the recovery of expenses. However, if criminal charges are pending against the defendant for the unlawful manufacture or cultivation of any controlled substance or its precursors, an action brought pursuant to this section shall, upon a defendant's request, be continued while the criminal charges are pending.

(d) The action may be brought by the district attorney, county counsel, city attorney, the State Department of Health Services, or Attorney General. All expenses recovered pursuant to this section shall be remitted to the law enforcement agency which incurred them.

(e) (1) The burden of proof as to liability shall be on the plaintiff and shall be by a preponderance of the evidence in an action alleging that the defendant is liable for expenses pursuant to paragraph (1) of subdivision (a). The burden of proof as to liability shall be on the plaintiff and shall be by clear and convincing evidence in an action alleging that the defendant is liable for expenses pursuant to paragraph (2) of subdivision (a). The burden of proof as to the amount of expenses recoverable shall be on the plaintiff and shall be by a preponderance of the evidence in any action brought pursuant to subdivision (a).

(2) Notwithstanding paragraph (1), for any person convicted of a criminal charge of the manufacture or cultivation of a controlled substance or its precursors there shall be a presumption affecting the burden of proof that that person is liable.

(f) Only expenses which meet the following requirements shall be recoverable under this section:

(1) The expenses were incurred in seizing, eradicating, or destroying the controlled substance or its precursors or in taking remedial action with respect to a hazardous substance. These expenses may not include any costs incurred in use of the herbicide paraquat.

(2) The expenses were incurred as a proximate result of the defendant's manufacture or cultivation of a controlled substance in violation of this division.

(3) The expenses were reasonably incurred.

(g) For purposes of this section, "remedial action" shall have the meaning set forth in Section 25322.

(h) For the purpose of discharge in bankruptcy, a judgment for recovery of expenses under this section shall be deemed to be a debt for willful and malicious injury by the defendant to another entity or to the property of another entity.

(i) Notwithstanding Section 526 of the Code of Civil Procedure, the plaintiff may be granted a temporary restraining order or a preliminary injunction, pending or during trial, to restrain the defendant from transferring, encumbering, hypothecating, or otherwise disposing of any assets specified by the court, if it appears by the complaint that the plaintiff is entitled to the relief demanded and it appears that the defendant may dispose of those assets to thwart enforcement of the judgment.

(j) The Legislature finds and declares that civil penalties for the recovery of expenses incurred in enforcing the provisions of this division shall not supplant criminal prosecution for violation of those provisions, but shall be a supplemental remedy to criminal enforcement.

(k) Any testimony, admission, or any other statement made by the defendant in any proceeding brought pursuant to this section, or any evidence derived from the testimony, admission, or other statement, shall not be admitted or otherwise used in any criminal proceeding arising out of the same conduct.

(*l*) No action shall be brought or maintained pursuant to this section against a person who has been acquitted of criminal charges for conduct which may be the basis for an action under this section if, in the criminal action, there has been a finding of factual innocence by the court pursuant to standards set forth in subdivision (b) of Section 851.8 of the Penal Code.

SEC. 2. Section 11479 of the Health and Safety Code is amended to read:

11479. Notwithstanding the provisions of Sections 11474 and 11474.5, at any time after seizure by a law enforcement agency of a suspected controlled substance, that amount in excess of 10 pounds in gross weight may be destroyed without a court order by the chief of the law enforcement agency or a designated subordinate. Notwithstanding the provisions of Sections 11474 and 11474.5, at any time after seizure by a law enforcement agency of a suspected hazardous chemical believed to have been used or intended to have been used in the unlawful manufacture of controlled substances, that amount in excess of two fluid ounces if liquid, or two avoirdupois ounces if solid, and its container, may be disposed of without a court order by the chief of the law enforcement agency or a designated subordinate. Destruction shall not take place pursuant to this section until all of the following requirements are satisfied except that, for seizures involving any amount of hazardous chemicals or controlled substances in mixture or combination with hazardous chemicals, only the requirements of subdivisions (b), (c), (d), and (e) need be satisfied:

(a) At least five random and representative samples have been taken, for evidentiary purposes, from the total amount of suspected controlled substances to be destroyed. These samples shall be in addition to the 10 pounds required above. When the suspected controlled substance consists of growing or harvested marijuana plants, at least one 10 pound sample (which may include stalks, branches, or leaves) and five representative samples consisting of leaves or buds shall be retained for evidentiary purposes from the total amount of suspected controlled substances to be destroyed.

(b) At least one 2-ounce sample has been taken from each container of a suspected hazardous chemical to be destroyed.

(c) Photographs have been taken which reasonably demonstrate the total amount of the suspected controlled substance or container of the suspected hazardous chemical sampled and to be destroyed.

(d) The gross weight of the suspected controlled substance or suspected hazardous chemical has been determined, either by actually weighing the suspected controlled substance or suspected hazardous chemical, or by estimating such weight after dimensional

measurement of the total suspected controlled substance or container of the suspected hazardous chemical.

(e) The chief of the law enforcement agency has determined that it is not reasonably possible to preserve the suspected controlled substance in place, or to remove the suspected controlled substance to another location. In making this determination, the difficulty of transporting and storing the suspected controlled substance to another site and the storage facilities may be taken into consideration.

Subsequent to any destruction of a suspected controlled substance pursuant to this section, an affidavit shall be filed within 30 days in the court which has jurisdiction over any pending criminal proceedings pertaining to that suspected controlled substance, reciting the applicable information required by subdivisions (a), (b), (c), (d), and (e) together with information establishing the location of the suspected controlled substance, and specifying the date and time of the destruction. In the event that there are no criminal proceedings pending which pertain to that suspected controlled substance, the affidavit may be filed in any court within the county which would have jurisdiction over a person against whom such criminal charges might be filed.

Subsequent to any disposal of a suspected hazardous chemical and its container pursuant to this section, the law enforcement agency involved shall maintain records concerning the details of its compliance with, and reciting the applicable information required by, subdivisions (a), (b), (c), (d), and (e), together with the information establishing the location of the suspected hazardous chemical and its container, and specifying the date and time of the disposal.

A law enforcement agency responsible for the disposal of any hazardous chemical shall comply with the provisions of Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code, as well as all applicable state and federal laws and regulations.

For the purposes of this section, "hazardous chemical" means any material that is believed by the chief of the law enforcement agency to be toxic, carcinogenic, explosive, corrosive, or flammable, and that is believed by the chief of the law enforcement agency to have been used or intended to have been used in the unlawful manufacture of controlled substances.

SEC. 3. Section 11479.2 of the Health and Safety Code is amended to read:

11479.2. Notwithstanding the provisions of Sections 11473, 11473.5, 11474, 11479, and 11479.1, at any time after seizure by a law enforcement agency of a suspected controlled substance, except marijuana, any amount, as determined by the court, in excess of 57 grams may, by court order, be destroyed by the chief of a law enforcement agency or a designated subordinate. Destruction shall not take place pursuant to this section until all of the following

requirements are satisfied:

(a) At least five random and representative samples have been taken, for evidentiary purposes, from the total amount of suspected controlled substances to be destroyed. Those samples shall be in addition to the 57 grams required above and each sample shall weigh not less than one gram at the time the sample is collected.

(b) Photographs have been taken which reasonably demonstrate the total amount of the suspected controlled substance to be destroyed.

(c) The gross weight of the suspected controlled substance has been determined, either by actually weighing the suspected controlled substance or by estimating such weight after dimensional measurement of the total suspected controlled substance.

(d) In cases involving controlled substances suspected of containing cocaine or methamphetamine, an analysis has determined the qualitative and quantitative nature of the suspected controlled substance.

(e) The law enforcement agency with custody of the controlled substance sought to be destroyed has filed a written motion for the order of destruction in the court which has jurisdiction over any pending criminal proceeding in which a defendant is charged by accusatory pleading with a crime specifically involving the suspected controlled substance sought to be destroyed. The motion shall, by affidavit of the chief of the law enforcement agency or designated subordinate, recite the applicable information required by subdivisions (a), (b), (c), and (d), together with information establishing the location of the suspected controlled substance and the title of any pending criminal proceeding as defined in this subdivision. The motion shall bear proof of service upon all parties to any pending criminal proceeding. No motion shall be made when a defendant is without counsel until the defendant has entered his or her plea to the charges.

(f) The order for destruction shall issue pursuant to this section upon the motion and affidavit in support of the order, unless within 20 days after application for the order, a defendant has requested, in writing, a hearing on the motion. Within 10 days after the filing of that request, or a longer period of time upon good cause shown by either party, the court shall conduct a hearing on the motion in which each party to the motion for destruction shall be permitted to call and examine witnesses. The hearing shall be recorded. Upon conclusion of the hearing, if the court finds that the defendant would not be prejudiced by the destruction, it shall grant the motion and make an order for destruction. In making the order, the court shall ensure that the representative samples to be retained are of sufficient quantities to allow for qualitative analyses by both the prosecution and the defense. Any order for destruction pursuant to this section shall include the applicable information required by subdivisions (a), (b), (c), (d), and (e) and the name of the agency responsible for the destruction. Unless waived, the order shall

provide for a 10-day delay prior to destruction in order to allow expert analysis of the controlled substance by the defense.

Subsequent to any destruction of a suspected controlled substance pursuant to this section, an affidavit shall be filed within 30 days in the court which ordered destruction stating the location of the retained, suspected controlled substance and specifying the date and time of destruction.

This section does not apply to seizures involving hazardous chemicals or controlled substances in mixture or combination with hazardous chemicals.

SEC. 4. Section 25354.5 is added to the Health and Safety Code, to read:

25354.5. Notwithstanding any other provision of law, for any hazardous substance that is an illegal controlled substance or a precursor of a controlled substance believed to have been used in the unlawful manufacture of controlled substances, upon notice that the hazardous substance has been disposed of contrary to law, the State Department of Health Services shall take remedial action with respect to that hazardous substance. Further, the State Department of Health Services may spend funds from the Hazardous Substances Account for costs incurred in taking remedial action under this section, provided that, within 30 days after initiating any expenditures pursuant to this section, the director shall notify the Chairperson of the Joint Legislative Budget Committee and the Director of Finance, in writing, of the purpose for, and the amount of, these expenditures.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(g) The real property of any property owner who is convicted of violating Section 11366, 11366.5, or 11366.6 with respect to that property. However, property which is used as a family residence or for other lawful purposes, or which is owned by two or more persons, one of whom had no knowledge of its unlawful use, shall not be subject to forfeiture.

(h) Subject to Section 1538.5 of the Penal Code and compliance

with the requirements of Section 11488.5 and except as further limited by this subdivision to protect innocent parties who claim a property interest acquired from a defendant, all right, title, and interest in any personal property described in this section shall vest in the state upon commission of the act giving rise to forfeiture under this chapter, if the state or local governmental entity proves a violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6 or 11382 in accordance with the burden of proof set forth in subdivision (j) of Section 11488.

The operation of the special vesting rule established by this subdivision shall be limited to circumstances where its application will not defeat the claim of any person, including a bona fide purchaser or encumbrancer who, pursuant to Section 11488.5, 11488.6, or 11489, claims an interest in the property seized, notwithstanding that the interest in the property being claimed was acquired from a defendant whose property interest would otherwise have been subject to divestment pursuant to this subdivision.

(i) Except as otherwise provided in this subdivision, upon seizure by any peace officer of this state, all moneys, negotiable instruments, or other cash equivalents seized in accordance with Section 11488, shall, immediately upon being seized, come under the jurisdiction of the superior court of the county in which the defendant has been charged with the underlying or related criminal offense or the superior court of the county in which the property subject to forfeiture has been seized. These moneys, negotiable instruments, or other cash equivalents shall be handled in accordance with subdivision (b) of Section 11488.

This subdivision applies only to the Los Angeles Police Department and the Los Angeles Sheriff's Department and does not apply (1) when the property seized exceeds a value of fifty thousand dollars ($50,000), (2) in any case where the seizure was made in the course of a criminal investigation in which federal law enforcement agents participated, or (3) in any case in which the underlying or related criminal action or proceeding is brought in federal court.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 11470 of the Government Code, as amended by Section 2 of Chapter 534 of the Statutes of 1986, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 11470 of the Health and Safety Code is amended to read:

11470. The following are subject to forfeiture:

(a) All controlled substances which have been manufactured, distributed, dispensed, or acquired in violation of this division.

(e) The interest of any registered owner of a boat, airplane, or any vehicle other than an implement of husbandry, as defined in Section 36000 of the Vehicle Code, which has been used as an instrument to facilitate the possession for sale or sale of 14.25 grams or more of heroin, or a substance containing 14.25 grams or more of heroin, or 14.25 grams or more of a substance containing heroin, or 28.5 grams or more of Schedule I controlled substances except marijuana, peyote, or psilocybin; 10 pounds dry weight or more of marijuana, peyote, or psilocybin; or 14.25 grams or more of cocaine as specified in paragraph (1) of subdivision (f) of Section 11054; or 28.5 grams or more of cocaine hydrochloride or methamphetamine; or a substance containing 14.25 grams or more of cocaine as specified in paragraph (1) of subdivision (f) of Section 11054; or 28.5 grams or more of cocaine hydrochloride or methamphetamine; or 14.25 grams or more of a substance containing cocaine as specified in paragraph (1) of subdivision (f) of Section 11054; or 57 grams or more of a substance containing cocaine hydrochloride as specified in paragraph (6) of subdivision (b) of Section 11055 or methamphetamine; or 28.5 grams or more of Schedule II controlled substances. No interest in a vehicle which may be lawfully driven on the highway with a class 3 or class 4 license, as prescribed in Section 12804 of the Vehicle Code, may be forfeited under this subdivision if there is a community property interest in the vehicle by a person other than a defendant and the vehicle is the sole class 3 or class 4 vehicle available to the defendant's immediate family.

(f) All moneys, negotiable instruments, securities, or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance , all proceeds traceable to such an exchange, and all moneys, negotiable instruments, securities, or other things of value used or intended to be used to facilitate any violation of Section 11351, 11351.5, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale, or offer to manufacture, or conspiracy to commit at least one of those offenses, if the exchange, violation, or other conduct which is the basis for the forfeiture occurred within five years of the seizure of the property.

(g) The real property of any property owner who is convicted of violating Section 11366, 11366.5, or 11366.6 with respect to that property. However, property which is used as a family residence or for other lawful purposes, or which is owned by two or more persons, one of whom had no knowledge of its unlawful use, shall not be

subject to forfeiture.

(h) Subject to Section 1538.5 of the Penal Code and compliance with the requirements of Section 11488.5 and except as further limited by this subdivision to protect innocent parties who claim a property interest acquired from a defendant, all right, title, and interest in any personal property described in this section shall vest in the state upon commission of the act giving rise to forfeiture under this chapter, if the state or local governmental entity proves a violation of Section 11351, 11351.5, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 in accordance with the burden of proof set forth in subdivision (j) of Section 11488.

The operation of the special vesting rule established by this subdivision shall be limited to circumstances where its application will not defeat the claim of any person, including a bona fide purchaser or encumbrancer who, pursuant to Section 11488.5, 11488.6, or 11489, claims an interest in the property seized, notwithstanding that the interest in the property being claimed was acquired from a defendant whose property interest would otherwise have been subject to divestment pursuant to this subdivision.

(i) Except as otherwise provided in this subdivision, upon seizure by any peace officer of this state, all moneys, negotiable instruments, or other cash equivalents seized in accordance with Section 11488, shall, immediately upon being seized, come under the jurisdiction of the superior court of the county in which the defendant has been charged with the underlying or related criminal offense or the superior court of the county in which the property subject to forfeiture has been seized. These moneys, negotiable instruments, or other cash equivalents shall be handled in accordance with subdivision (b) of Section 11488.

This subdivision applies only to the Los Angeles Police Department and the Los Angeles Sheriff's Department and does not apply (1) when the property seized exceeds a value of fifty thousand dollars ($50,000), (2) in any case where the seizure was made in the course of a criminal investigation in which federal law enforcement agents participated, or (3) in any case in which the underlying or related criminal action or proceeding is brought in federal court.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 3. Section 11470 is added to the Health and Safety Code, to read:

11470. The following are subject to forfeiture:

(a) All controlled substances which have been manufactured, distributed, dispensed, or acquired in violation of this division.

further that, the exchange, violation, or other conduct which is the basis for the forfeiture occurred within five years of the arrest leading to the conviction of any of the offenses enumerated in this subdivision.

(g) The real property of any property owner who is convicted of violating Section 11366, 11366.5, or 11366.6 with respect to that property. However, property which is used as a family residence or for other lawful purposes, or which is owned by two or more persons, one of whom had no knowledge of its unlawful use, shall not be subject to forfeiture.

This section shall become operative January 1, 1989, unless the act enacting this section or a later enacted statute provides otherwise.

SEC. 4. Section 11473.3 is added to the Health and Safety Code, to read:

11473.3. (a) When authorized by a final judgment of forfeiture, items of property seized pursuant to subdivision (b), (c), or (d) of Section 11470 may be utilized by the seizing public entity in its law enforcement program.

(c) The same authority with respect to transfer or sale of property as is specified in Section 11473.2 shall apply to property subject to this section.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 5. Section 11488 of the Health and Safety Code is amended to read:

11488. (a) Any peace officer of this state, subsequent to making or attempting to make an arrest for a violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, purchase for the purpose of sale, possession for sale or offer to manufacture or sell, or conspiracy to commit one of those offenses, may seize all moneys, negotiable instruments, securities, boats, vehicles, airplanes, or other things of value which the officer has probable cause to believe are forfeitable pursuant to subdivision (e) or (f) of Section 11470.

(b) Except as provided in this subdivision, the peace officer shall immediately turn over all moneys, negotiable instruments, or other cash equivalents to the superior court of the county in which the defendant has been charged with the underlying or related criminal offense or the superior court of the county in which the property subject to forfeiture has been seized or to the Attorney General or district attorney to hold for that court. These moneys, negotiable instruments, or other cash equivalents shall not be transferred to any other agency, local, state, or federal, except upon court order. The

peace officer shall also notify the Franchise Tax Board of a seizure where there is reasonable cause to believe that the value of the seized property exceeds five thousand dollars ($5,000).

This subdivision applies only to the Los Angeles Police Department and the Los Angeles Sheriff's Department and does not apply (1) when the property seized exceeds a value of fifty thousand dollars ($50,000), (2) in any case where the seizure was made in the course of a criminal investigation in which federal law enforcement agents participated, or (3) in any case in which the underlying or related criminal action or proceeding is brought in the federal court.

(c) Receipts for property seized pursuant to this section shall be delivered to any person out of whose possession such property was seized, in accordance with Section 1412 of the Penal Code. In the event property seized was not seized out of anyone's possession, receipt for the property shall be delivered to the individual in possession of the premises at which the property was seized.

(c) There shall be a presumption affecting the burden of proof that the person to whom a receipt for property was issued is the owner thereof. This presumption may, however, be rebutted at the forfeiture hearing specified in Section 11488.5.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 11488 of the Government Code, as amended by Section 6 of Chapter 1098 of the Statutes of 1985, shall have the same force and effect as if this temporary provision had not been enacted.

(b) Except as provided in this subdivision, the peace officer shall immediately turn over all moneys, negotiable instruments, or other cash equivalents to the superior court of the county in which the defendant has been charged with the underlying or related criminal offense or the superior court of the county in which the property subject to forfeiture has been seized or to the Attorney General or district attorney to hold for that court. These moneys, negotiable instruments, or other cash equivalents shall not be transferred to any other agency, local, state, or federal, except upon court order. The

peace officer shall also notify the Franchise Tax Board of a seizure where there is reasonable cause to believe that the value of the seized property exceeds five thousand dollars ($5,000).

This subdivision applies only to the Los Angeles Police Department and the Los Angeles Sheriff's Department and does not apply (1) when the property seized exceeds a value of fifty thousand dollars ($50,000), (2) in any case where the seizure was made in the course of a criminal investigation in which federal law enforcement agents participated, or (3) in any case in which the underlying or related criminal action or proceeding is brought in the federal court.

(c) Receipts for property seized pursuant to this section shall be delivered to any person out of whose possession such property was seized, in accordance with Section 1412 of the Penal Code. In the event property seized was not seized out of anyone's possession, receipt for the property shall be delivered to the individual in possession of the premises at which the property was seized.

(d) There shall be a presumption affecting the burden of proof that the person to whom a receipt for property was issued is the owner thereof. This presumption may, however, be rebutted at the forfeiture hearing specified in Section 11488.5.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 7. Section 11488 is added to the Health and Safety Code, to read:

11488. (a) Any peace officer of this state, subsequent to making or attempting to make an arrest for a violation of Section 11351, 11351.5, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code insofar as the offense involves manufacture, sale, possession for sale or offer to manufacture or sell, or conspiracy to commit one of those offenses, may seize all moneys, negotiable instruments, securities, boats, vehicles, airplanes, or other things of value which the officer has probable cause to believe are forfeitable pursuant to subdivision (e) or (f) of Section 11470.

(b) The peace officer shall notify the Franchise Tax Board of a seizure where there is reasonable cause to believe that the value of the seized property exceeds five thousand dollars ($5,000).

(c) Receipts for property seized pursuant to this section shall be delivered to any person out of whose possession such property was seized, in accordance with Section 1412 of the Penal Code. In the event property seized was not seized out of anyone's possession, receipt for the property shall be delivered to the individual in possession of the premises at which the property was seized.

(d) There shall be a presumption affecting the burden of proof that the person to whom a receipt for property was issued is the owner thereof. This presumption may, however, be rebutted at the forfeiture hearing specified in Section 11488.5.

This section shall become operative January 1, 1989, unless the act

enacting this section or a later enacted statute provides otherwise.

SEC. 8. Section 11488.4 of the Health and Safety Code is amended to read:

11488.4. (a) If the Department of Justice or the local governmental entity determines that the factual circumstances do warrant that the moneys, negotiable instruments, securities, or other things of value seized come within the provisions of subdivision (e), (f), or (g) of Section 11470, the Attorney General or district attorney shall file a petition of forfeiture with the superior court of the county in which the defendant has been charged with the underlying criminal offense or in which the property subject to forfeiture has been seized. If the petition alleges that real property is forfeitable, the prosecuting attorney shall cause a lis pendens to be recorded in the office of the county recorder of each county in which the real property is located.

(b) Physical seizure of assets shall not be necessary in order to have that particular asset alleged to be forfeitable in a petition under this section. The prosecuting attorney may seek protective orders for any asset pursuant to Section 11492.

(c) The Attorney General or district attorney shall make service of process regarding this petition upon every individual designated in a receipt issued for the property seized. In addition, the Attorney General or district attorney shall cause a notice of the seizure and of the intended forfeiture proceeding, as well as a notice stating that any interested party may file a verified claim with the superior court of the county in which the property was seized with respect to any interest in the property seized, to be served by personal delivery or by registered mail upon any person who has an interest in the seized property other than persons designated in a receipt issued for the property seized.

(d) An investigation shall be made by the law enforcement agency as to any claimant to a vehicle, boat, or airplane whose right, title, interest, or lien is of record in the Department of Motor Vehicles or appropriate federal agency. If the law enforcement agency finds that any person, other than the registered owner, is the legal owner thereof, and such ownership did not arise subsequent to the date and time of arrest or seizure of the vehicle, boat, or airplane, it shall forthwith send a notice of the seizure to the legal owner at his or her address appearing on the records of the Department of Motor Vehicles or appropriate federal agency.

(e) When a forfeiture action is filed, the notices shall be published once a week for three successive weeks in a newspaper of general circulation in the county where the seizure was made.

(f) All notices shall set forth the time within which a claim of interest in the property seized is required to be filed pursuant to Section 11488.5.

(g) Nothing contained in this chapter shall preclude a defendant from moving for a return of property pursuant to Section 1538.5 of the Penal Code.

(h) A defendant may move for the return of the property on the grounds that there is not probable cause to believe that the property is forfeitable pursuant to subdivision (e), (f), or (g) of Section 11470. The motion may be made at the preliminary examination or subsequent thereto. If made subsequent to the preliminary examination, the district attorney may submit the record of the preliminary hearing to establish that probable cause exists to believe that the underlying or related criminal violations have occurred.

Within 15 days after a defendant's motion is granted, the people may file a petition for a writ of mandate or prohibition seeking appellate review of the ruling.

(i) (1) With respect to property described in subdivision (e) of Section 11470 for which forfeiture is sought, the state or local governmental entity shall have the burden of proving beyond a reasonable doubt that the property for which forfeiture is sought was used, or intended to be used, to facilitate a violation of one of the offenses enumerated in subdivision (f) of Section 11470.

(2) In the case of property described in subdivision (f) of Section 11470, except cash, negotiable instruments, or other cash equivalents, for which forfeiture is sought, the state or local governmental entity shall have the burden of proving beyond a reasonable doubt that the property for which forfeiture is sought meets the criteria for forfeiture described in subdivision (f) of Section 11470.

(3) In the case of property described in paragraphs (1) or (2), the exchange, violation, or other conduct which is the basis for the forfeiture shall be in connection with an underlying offense specified in subdivision (f) of Section 11470, for which a conviction is obtained and which occurred within five years of the arrest leading to the conviction. If the defendant is found guilty of the underlying criminal offense, the issue of forfeiture shall be tried before the same jury, if the trial was by jury, or tried before the same court, if trial was by court, unless waived by all parties.

(4) In the case of property described in subdivision (f) of Section 11470 that is cash or negotiable instruments of a value of not less than twenty-five thousand dollars ($25,000), the state or local governmental entity shall have the burden of proving by clear and convincing evidence that the property for which forfeiture is sought is such as is described in subdivision (f) of Section 11470. There is no requirement for forfeiture thereof that a criminal conviction be obtained in a related or underlying criminal offense.

(5) If there is a related criminal action, and a criminal conviction is required before a judgment of forfeiture may be entered, the issue of forfeiture shall be tried in conjunction therewith. Trial shall be by jury unless waived by all parties. If there is no related criminal action, the presiding judge of the superior court shall assign the action brought pursuant to this chapter for trial.

(j) The Attorney General or the district attorney of the county in which property is subject to seizure under Section 11470 may, pursuant to this subdivision, order forfeiture of personal property not

exceeding twenty-five thousand dollars ($25,000) in value. The Attorney General or district attorney shall provide notice of proceedings under this subdivision pursuant to subdivisions (c), (d), (e), and (f), including:

(1) A description of the property.

(2) The appraised value of the property.

(3) The date and place of seizure.

(4) The violation of law alleged with respect to forfeiture of the property.

(5) The instructions for filing of a claim pursuant to Section 11488.5 and time limits for filing a claim.

The Attorney General or the district attorney shall provide the seizing agency and the petitioner with a written decision on each claim within 30 days of the claim, unless the circumstances require additional time. If no claims are timely filed, the Attorney General or the district attorney shall prepare a written declaration of forfeiture of the subject property to the state and dispose of the property in accordance with Section 11489. A written declaration of forfeiture signed by the Attorney General or district attorney under this subdivision shall be deemed to provide good and sufficient title to the forfeited property.

If a claim is timely filed, then the Attorney General or district attorney shall file a petition of forfeiture pursuant to this section within 30 days of the receipt of the claim. The petition of forfeiture shall then proceed pursuant to other provisions of this chapter.

(k) If in any underlying criminal action or proceeding, in which a petition for forfeiture has been filed pursuant to this section, and a criminal conviction is required before a judgment of forfeiture may be entered, the defendant willfully fails to appear as required there shall be no requirement of a criminal conviction as a prerequisite to forfeiture. In these cases, forfeiture shall be ordered as against the defendant and judgment entered upon default, upon application of the state or local governmental entity. In its application for default, the state or local governmental entity shall be required to give notice to the defendant's attorney of record, if any, in the underlying criminal action, and to make a showing of due diligence to locate the defendant. In moving for a default judgment pursuant to this section, the state or local governmental entity shall be required to establish a prima facie case in support of its petition for forfeiture.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 11488.4 of the Health and Safety Code, as amended by Section 3 of Chapter 534 the Statutes of 1986, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 9. Section 11488.5 of the Health and Safety Code is amended to read:

11488.5. (a) (1) Any person claiming an interest in the property seized pursuant to Section 11488 may, at any time within 30 days from the date of the first publication of the notice of seizure, or within 10 days after receipt of actual notice, file with the superior court of the county in which the defendant has been charged with the underlying criminal offense a verified claim stating his or her interest in the property seized. A verified copy of the claim shall be given by the claimant to the Attorney General or district attorney, as appropriate.

(2) Any person who claims that the property was assigned to him or to her prior to the seizure of the property under this chapter shall file a claim with the court pursuant to Section 11488.5 declaring an interest in that property and such interest shall be adjudicated at the forfeiture hearing. The property shall remain under control of the law enforcement or prosecutorial agency until the adjudication of the forfeiture hearing.

(3) The claim of a law enforcement agency to property seized pursuant to Section 11488 shall have priority over a claim to the seized property made by the Franchise Tax Board in a notice to withhold issued pursuant to Section 18817 or 26132 of the Revenue and Taxation Code.

(b) (1) If, at the end of the time set forth in subdivision (a), there is no claim on file, the court, upon motion, shall declare the property seized pursuant to subdivision (e), (f), or (g) of Section 11470 forfeited to the state upon satisfaction of the requirements set forth in subdivision (i) of Section 11488.4.

(2) The clerk of the court shall dispose of the forfeited property as set forth in Section 11489.

(c) (1) If a verified claim is filed, the forfeiture proceeding shall be set for hearing on a day not less than 30 days therefrom, and the proceeding shall have priority over other civil cases. Notice of the hearing shall be given in the same manner as provided in Section 11488.4. Such a verified claim or a claim filed pursuant to subdivision (j) of Section 11488.4 shall not be admissible in the proceedings regarding the underlying or related criminal offense set forth in subdivision (a) of Section 11488.

(2) The hearing shall be by jury, unless waived by consent of all parties.

(d) (1) At the hearing, the state or local governmental entity shall have the burden of establishing beyond a reasonable doubt that the owner of any interest in the seized property consented to the use of the property with knowledge that it would be or was used for a purpose for which forfeiture is permitted, in accordance with the burden of proof set forth in subdivision (i) of Section 11488.4.

(2) No interest in the seized property shall be affected by a forfeiture decree under this section unless the state or local governmental entity has proven that the owner of such interest consented to the use of the property with knowledge that it would be or was used for the purpose charged. Forfeiture shall be ordered

when, at the hearing, the state or local governmental entity has shown that the assets in question are subject to forfeiture pursuant to Section 11470, in accordance with the burden of proof set forth in subdivision (i) of Section 11488.4.

(e) The forfeiture hearing shall be continued upon motion of the prosecution or the defendant until after a verdict of guilty on any criminal charges specified in this chapter and pending against the defendant have been decided. The forfeiture hearing shall be conducted in accordance with Sections 600 to 630, inclusive, of the Code of Civil Procedure if a trial by jury, and by Sections 631 to 636, inclusive, of the Code of Civil Procedure if by the court. Unless the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, the court shall order the seized property released to the person it determines is entitled thereto.

If the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, but does not find that a person claiming an interest therein, to which the court has determined he or she is entitled, had actual knowledge that the seized property would be or was used for a purpose for which forfeiture is permitted, the court shall order the seized property released to the claimant.

(f) All seized property which was the subject of the forfeiture hearing and which was not released by the court to a claimant shall, upon motion, be declared by the court forfeited proof by the state or local governmental entity that the assets in question are subject to forfeiture pursuant to Section 11470, in accordance with the burden of proof set forth in subdivision (i) of Section 11488.4. Except as provided in Section 11473.2, the clerk of the court shall dispose of the forfeited property as set forth in Section 11489.

(g) All seized property which was the subject of the forfeiture hearing and which was not forfeited shall remain subject to any order to withhold issued with respect to the property by the Franchise Tax Board.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 11488.5 of the Health and Safety Code, as amended by Section 4 of Chapter 534 of the Statutes of 1986, shall have the same force and effect as if this temporary provision had not been enacted.

In all other instances these moneys shall be deposited into the Narcotics Assistance and Relinquishment by Criminal Offenders Fund. SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

another monetary instrument or instruments. A financial institution shall file a report of such a transaction with the department in a form and at the time as the department, by regulation, shall require. The filing with the department within the time specified in its regulations of a duplicate copy of a report of the transaction required by Section 6050I of Title 26 of the United States Code, and any regulations adopted thereunder, shall satisfy the reporting requirements of this subdivision. This subdivision does not apply to a financial institution, as defined in Section 5312 of Title 31 of the United States Code and Section 103.11 of Title 31 of the Code of Federal Regulations and any successor provisions thereto.

(b) A financial institution, as defined in Section 5312 of Title 31 of the United States Code and Section 103.11 of Title 31 of the Code of Federal Regulations and any successor provisions, shall file with the department, at any time as the department by regulation shall require, a duplicate copy of each report required by Sections 5313 and 5314 of Title 31 of the United States Code and by Sections 103.22 and 103.23 of Title 31 of the Code of Federal Regulations, and any successor provisions thereto. Except as otherwise provided, a financial institution may exempt from the reporting requirements of Section 14162 monetary instrument transactions exempted from the reporting requirements of Section 5313 of Title 31 of the United States Code. However, the exemption shall be approved in writing and with the signature of two or more officers of the financial institution and subject to review and disapproval for reasonable cause by the department. An exemption disapproved by the department in writing shall be effective to require reporting pursuant to Section 14162 within five business days of the time the disapproval is communicated to the financial institution. The department may require, by regulation, the maintenance, and may provide for the inspection, of records of exemptions granted under this section.

14164. (a) A financial institution, or any officer, employee, or agent thereof, that keeps and files a record in reliance on Section 14162, shall not be liable to its customer, to a state or local agency, or to any person for any loss or damage caused in whole or in part by the making, filing, or governmental use of the report, or any information contained therein.

(b) This title does not preclude a financial institution, in its discretion, from instituting contact with, and thereafter communicating with and disclosing customer financial records to, appropriate federal, state, or local law enforcement agencies when the financial institution has reason to suspect that the records or information demonstrate that the customer has violated any provision of this title or Section 186.10.

14165. (a) The department shall analyze the reports required by Section 14162 and shall report any possible violations indicated by

this analysis to the appropriate criminal justice agency.

(b) The department may, in the discretion of the Attorney General, make a report or information contained in a report filed under Section 14162 available to a district attorney in this state, upon request made personally by the district attorney. The report or information shall be available only for a purpose consistent with this title and subject to regulations prescribed by the Attorney General, which shall require the district attorney seeking such a report or information contained in the report to specify in writing the specific reasons for believing that a provision of this title or Section 186.10 has been violated.

(c) The department shall destroy a report filed with it under Section 14162 at the end of the fifth calendar year after receipt of the report, unless either of the following is true:

(1) The report or information contained in the report is known by the department to be the subject of an existing criminal proceeding.

(2) The department has received subsequent reports concerning the person or persons involved in the reported transaction.

If a report is retained beyond five years pursuant to paragraph (2), the department shall destroy the report at the end of the 10th calendar year after receipt of the report, unless the report or information contained in the report is the subject of existing criminal proceedings.

14166. Any person (a) who willfully violates any provision of this title or any regulation adopted to implement Section 14162, (b) who, knowingly and with the intent either (1) to disguise the fact that a monetary instrument was derived from criminal activity or (2) to promote, manage, establish, carry on, or facilitate the promotion, management, establishment, or carrying on of any criminal activity, furnishes or provides to a financial institution or any officer, employee, or agent thereof or to the department, any false, inaccurate, or incomplete information or conceals a material fact in connection with a transaction for which a report is required to be filed pursuant to Section 14162 or in connection with an exemption prescribed in Section 14163, or (c) who, knowingly and with the intent either (1) to disguise the fact that a monetary instrument was derived from criminal activity or (2) to promote, manage, establish, carry on, or facilitate the promotion, management, establishment, or carrying on of any criminal activity, conducts a monetary instrument transaction or series of transactions by or through one or more financial institutions as part of a scheme and with the intent to avoid the making or filing of a report required under Section 14162, shall be punished by imprisonment in the county jail for not more than one year or in the state prison, by a fine of not more than the greater of two hundred fifty thousand dollars ($250,000) or twice the monetary value of the financial transaction or transactions, or by both that imprisonment and fine.

Notwithstanding any other provision of law, any violation of this section as to each monetary instrument transaction or exemption

constitutes a separate, punishable offense.

14167. Any report, record, information, analysis, or request obtained by the department or any agency pursuant to this title is not a public record as defined in Section 6252 of the Government Code and is not subject to disclosure under Section 6253 of the Government Code.

This title shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 5. The sum of two hundred forty thousand dollars ($240,000) is appropriated from the General Fund to the Department of Justice as an advance for the purposes of this act. The people of the State of California do enact as follows:

SECTION 1. Section 11570 of the Health and Safety Code is amended to read:

11570. Every building or place used for the purpose of unlawfully selling, serving, storing, keeping, or giving away controlled substances, as defined in this division, and every building or place wherein or upon which those acts take place, is a nuisance which shall be enjoined, abated, and prevented, and for which damages may be recovered, whether it is a public or private nuisance.

SEC. 1.5. Section 11570 of the Health and Safety Code is amended to read:

11570. Every building or place used for the purpose of unlawfully selling, serving, storing, keeping, manufacturing, or giving away any controlled substance, precursor, or analog specified in this division, and every building or place wherein or upon which those acts take place, is a nuisance which shall be enjoined, abated, and prevented, and for which damages may be recovered, whether it is a public or private nuisance.

SEC. 2. Section 11581 of the Health and Safety Code is amended to read:

11581. (a) If the existence of the nuisance is established in the action, an order of abatement shall be entered as a part of the judgment, which order shall direct the removal from the building or place of all fixtures, musical instruments, and other movable property used in conducting, maintaining, aiding, or abetting the nuisance and shall direct their sale in the manner provided for the sale of chattels under execution.

(b) The order shall provide for the effectual closing of the

building or place against its use for any purpose, and for keeping it closed for a period of one year. This subdivision is intended to give priority to closure. Any alternative to closure may be considered only as provided in this section.

(c) (1) If the court finds that any vacancy resulting from closure of the building or place may create a nuisance or that closure is otherwise harmful to the community, in lieu of ordering the building or place closed, the court may order the person who is responsible for the existence of the nuisance, or the person who knowingly permits controlled substances to be unlawfully sold, served, stored, kept, or given away in or from a building or place he or she owns, to pay damages in an amount equal to the fair market rental value of the building or place for one year to the city or county in whose jurisdiction the nuisance is located for the purpose of carrying out their drug prevention and education programs. If awarded to a city, eligible programs may include those developed as a result of cooperative programs among schools, community agencies, and the local law enforcement agency. If awarded to a county, funds shall be used for those programs that are part of the drug program plan, as specified in Section 11983.2. These funds shall not be used to supplant existing city, county, state, or federal resources used for drug prevention and education programs.

(2) For purposes of this subdivision, the actual amount of rent being received for the rental of the building or place, or the existence of any vacancy therein, may be considered, but shall not be the sole determinant of the fair market rental value. Expert testimony may be used to determine the fair market rental value.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 11570 of the Health and Safety Code proposed by both this bill and SB 2167. SECTION 1. Section 612.5 of the Code of Civil Procedure is amended to read:

612.5. Upon the jury retiring for deliberation, the court shall advise the jury of the availability of a written copy of the jury instructions. The court may, at its discretion, provide the jury with a copy of the written instructions given. However, if the jury requests the court to supply a copy of the written instructions, the court shall supply the jury with a copy.

SEC. 2. Section 1093 of the Penal Code is amended to read:

1093. The jury having been impaneled and sworn, unless waived, the trial shall proceed in the following order, unless otherwise directed by the court:

(a) If the accusatory pleading be for a felony, the clerk shall read it, and state the plea of the defendant to the jury, and in cases where it charges a previous conviction, and the defendant has confessed the same, the clerk in reading it shall omit therefrom all that relates to such previous conviction. In all other cases this formality may be dispensed with.

(b) The district attorney, or other counsel for the people, may make an opening statement in support of the charge. Whether or not the district attorney, or other counsel for the people, makes an opening statement, the defendant or his or her counsel may then make an opening statement, or may reserve the making of an opening statement until after introduction of the evidence in support of the charge.

(c) The district attorney, or other counsel for the people shall then offer the evidence in support of the charge. The defendant or his or her counsel may then offer his or her evidence in support of the defense.

(d) The parties may then respectively offer rebutting testimony only, unless the court, for good reason, in furtherance of justice, permit them to offer evidence upon their original case.

(e) When the evidence is concluded, unless the case is submitted on either side, or on both sides, without argument, the district attorney, or other counsel for the people, and counsel for the defendant, may argue the case to the court and jury; the district attorney, or other counsel for the people, opening the argument and having the right to close.

(f) The judge may then charge the jury, and shall do so on any points of law pertinent to the issue, if requested by either party; and the judge may state the testimony, and he or she may make such comment on the evidence and the testimony and credibility of any witness as in his or her opinion is necessary for the proper determination of the case and he or she may declare the law. At the beginning of the trial or from time to time during the trial, and without any request from either party, the trial judge may give the jury such instructions on the law applicable to the case as the judge may deem necessary for their guidance on hearing the case. Upon the jury retiring for deliberation, the court shall advise the jury of the availability of a written copy of the jury instructions. The court may, at its discretion, provide the jury with a copy of the written instructions given. CHAPTER 1046

An act to add Section 4384.5 to the Civil Code, and to add Section 29416 to the Government Code, relating to family law.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986]

SECTION 1. Section 4384.5 is added to the Civil Code, to read:

SEC. 2. Section 29416 is added to the Government Code, to read:

29416. Notwithstanding any other provision of law, the budget of each county shall indicate the amount appropriated for child and spousal support enforcement; that amount shall be stated separately from the amount appropriated for the support of the district attorney. All such moneys shall be available for expenditure for capital and operational expenses.

SEC. 3. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 1047

An act to amend Section 739.2 of, and to add Section 728.7 to, the Public Utilities Code, relating to public utilities.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The divestiture of the American Telephone and Telegraph Corporation of its local telephone corporations has spawned an environment in which long-distance telephone service is provided

by several different long-distance telephone corporations. That situation has required the Public Utilities Commission to regulate both local and long-distance telephone corporations and the relations between those corporations in order to ensure to subscribers reliable and accessible telephone service at affordable rates.

(b) Long-distance telephone service is useful to most customers only to the extent that it can be accessed via local telephone corporation facilities.

(c) The growth and stability of both the long-distance and local telephone industries are dependent upon the subscriber's ability to utilize, without undue burdens, long-distance telephone corporation services which are accessed through local telephone corporation facilities.

(d) The commission shall ensure that local telephone rates and charges do not unduly burden telephone subscribers in an effort by the telephone corporations to reduce the cost of, and payments by, long-distance telephone corporations for the use of local telephone corporation facilities, thereby reducing the cost of long-distance telephone service and increasing local telephone rates and charges, and to this end, the Legislature has enacted this act.

SEC. 2. Section 728.7 is added to the Public Utilities Code, to read:

728.7. (a) Prior to authorizing any change in the amount of the payment required of a telephone corporation which provides service between service areas to a telephone corporation which provides service within a service area for the use of its telephone lines, and prior to assigning to subscribers of a telephone corporation operating within a service area any charge, surcharge, or rate increase that is a result of a decrease in the amount of that payment, the commission shall do all of the following:

(1) Require the telephone corporation requesting authorization to increase subscriber rates or to impose a charge or surcharge on subscribers as a result of a change in the payments, to notify its subscribers, whenever the commission commences a proceeding on its own motion or in response to a petition to authorize a change in the amount of those payments or to impose that charge, surcharge, or rate increase as a result of a change in the amount of those payments.

(2) Require the telephone corporation to provide its subscribers with an exact description of, and explanation for, the change in the amount of the payment or the imposition of a charge, surcharge, or rate increase, within 90 days of the authorized change in the amount of payment or charge, surcharge, or rate increase. The description and explanation shall include a reasonably accurate quantitative assessment of the results of, and the reasons for, the change in the amount of payment or imposition of a charge, surcharge, or rate increase for each class of subscriber.

(b) The commission shall provide the Legislature with the information required of a telephone corporation pursuant to

paragraph (2) of subdivision (a), for any change in payments, or imposition of a charge, surcharge, or rate increase as a result of a change in payment, made prior to January 1, 1987, within 60 days after that date.

SEC. 3. Section 739.2 of the Public Utilities Code is amended to read:

739.2. (a) The commission shall annually designate a class of universal telephone service necessary to meet minimum residential communications needs, including access to telephone service for emergency communications with public agencies and private medical services and for additionally maintaining necessary social contacts by the elderly, the handicapped, and the infirm. The commission shall take into account differentials in communication needs among customers, costs of acquiring service caused by geographical differences in the locales of residences, personal income of customers, and other factors appropriate in designating the characteristics of a class of universal telephone service. The commission shall annually issue its decision designating the characteristics of a class of universal telephone service and the rates and charges for that service, and eligibility criteria for that service.

(b) The universal service rates shall be as follows:

(1) In a residential subscriber's service area where measured service is not available, the universal service rates shall not be greater than 50 percent of the rates for basic flat rate service, exclusive of federally mandated end user access charges, available to the residential customer.

(2) In a residential subscriber's service area where measured service is available, the subscriber may elect either of the following:

(A) A universal service measured rate of not more than 50 percent of the basic rate for measured service, exclusive of federally mandated end user access charges, available to the residential subscriber.

(B) A universal flat rate discounted by not less than the rate reduction in dollars received by universal service subscribers choosing the service in subparagraph (A) and by not more than 50 percent of the rates for basic flat rate service, exclusive of federally mandated end user access charges, available to the residential subscriber.

(3) In addition to paragraphs (1) and (2) of this subdivision, every subscriber shall be given an allowance equal to the then current or announced federally mandated residential end user access charges.

(c) The commission shall require every telephone corporation providing telephone service within a service area to file a schedule of rates and charges providing a class of universal telephone service. Every telephone corporation providing service within a service area shall inform all eligible subscribers of the availability of universal telephone service, and how they may qualify for and obtain this service, and shall accept applications for universal telephone service according to procedures specified by the commission.

(d) Nothing in this section precludes the commission from changing any rate established pursuant to subdivision (a) either specifically or pursuant to any general restructuring of all telephone rates, charges, and classifications.

(e) A telephone universal service subscriber shall not be provided with more than one single party line in his or her principal place of residence. An applicant for universal telephone service may report only one address in this state as the principal place of residence. Individual members of a family maintaining together one principal place of residence and additional places of residence, which are not principal, are eligible for universal telephone service only at their principal place of residence, and they shall not be provided with more than one single party line if any family member residing at the principal place of residence receives universal telephone service.

(f) As used in this section, "residential" means residential use and excludes industrial, commercial, and every other category of end use.

(g) The Universal Telephone Service Fund is hereby created and administered pursuant to Part 22 (commencing with Section 44000) of Division 2 of the Revenue and Taxation Code.

(i) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which this section becomes inoperative and is repealed.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

They shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1987, but this bill becomes operative first, (2) each bill amends or amends, repeals, and adds Section 8586.3 of the Fish and Game Code, and (3) this bill is enacted after AB 2914, in which case Section 8586.3 of the Fish and Game Code, as amended and repealed by Section 58 of this bill, shall remain operative only until the operative date of AB 2915, at which time Section 59 of this bill shall become operative, and Sections 56 and 57 shall not become operative.

certificate, or other entitlement issued under a provision of law amended, amended and renumbered, or continued in effect by sections of the Fish and Game Code repealed and added by this act before this act becomes effective is valid until the date on which that license expires or is due to be renewed, without payment of any additional fee, unless revoked, suspended, or canceled pursuant to another provision of law.

SEC. 66. The Department of Fish and Game shall study alternatives to fish landing taxes and license fees as a means of funding commercial fishing programs and report to the Legislature on its findings on or before January 1, 1988.

SEC. 67. (a) The Legislature finds and declares the following:

(1) It has been a longstanding administrative procedure to impose and collect privilege taxes on the commercial fishing industry at the point of first landing in this state with certain exceptions.

(2) The imposition and collection of commercial fish privilege taxes upon second-tier importers, processors, wholesalers, and dealers, including those licensees previously exempt from the taxes, which are based upon fish purchased from other importers, processors, wholesalers and dealers would be contrary to a long-established administrative practice which has been before the Legislature and unchanged. Also, the Legislature has provided for the keeping of records to ascertain the quantity of fish brought ashore, or landed in the state to provide, in addition to other purposes, for the determination and audit of the privilege taxes due and payable. In contrast, the Legislature did not provide for fish dealing transaction records after the point of first receipt of fish in this state. These facts evidence the ratification by the Legislature of the administrative practice of collecting the privilege taxes based only upon the weight of fish landed in this state, with certain exceptions. It would be extremely difficult, if not impossible, and may be expensive and cost-ineffective, to determine, enforce, and collect back taxes due from the second-tier dealers because of the lack of fish dealing transaction records after the point of first landing of fish in this state, and, therefore, the costs of collection of privilege taxes upon second-tier wholesalers, processors, and dealers who do not subsequently can or cook those fish may equal or exceed the revenue derived from seeking collection from those licensees.

(3) The retroactive collection of privilege taxes upon importers, processors, wholesalers, and dealers of fish for commercial purposes, who reasonably relied on the previous administrative interpretation of the law and could not reasonably foresee the change in that interpretation as pronounced in the Opinion of the Attorney General of July 10, 1986, No. 85-1001, would impose an extreme economic hardship upon the fish industry in this state because of the unexpected tax burden, which may cause some of them to become insolvent and be driven out of business, thereby disrupting the employment of persons directly and indirectly involved in the fish industry and leading to disruption and economic loss to the entire

state and disruption of the supply of a major food source.

(4) The limited financial resources available to the Department of Fish and Game are more properly expended for the protection and propagation of fish and game in order to benefit the resources and the people of this state.

(5) Clarifying and conforming the requirements for payment of commercial fish privilege taxes to existing administrative practices and continuing the imposition of the privilege taxes only at the point of first landing in California, with specified, limited exceptions, would prevent disruption of the commercial fishing industry, would promote the recovery of the commercial fish processing and marketing in this state, and would provide employment opportunities in the severely depressed labor markets in or near our fishing ports.

(6) For the foregoing reasons, the remission and compromise of fish processing and dealing privilege taxes provided in this section serves a statewide public purpose and is not a gift of public funds proscribed by Section 6 of Article XVI of the California Constitution.

(b) Notwithstanding any other provision of law, any amount of privilege taxes due and payable and unpaid, in whole or in part, under former Section 8045 of the Fish and Game Code as it existed prior to the amendment and renumbering of that section by Section 31 of this act, which are determined in accordance with the Opinion of the Attorney General of July 10, 1986, No. 85-1001, shall be compromised in an amount which is consistent with past administrative practices of the Department of Fish and Game and determined as follows:

(1) Except as provided in paragraph (2) or (3) for activities under a license issued pursuant to Article 7 (commencing with Section 8040) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, as it existed prior to the effective date of this act, the amount of the privilege tax collected shall be determined by the weight of fish purchased, received, or taken, excluding all of the following:

(A) The weight of any fish upon which weight another licensee has paid a privilege tax, except the weight of fish that are subsequently canned or cooked.

(B) The weight of any fish that is imported by other than a licensed California commerical fisherman which is not subsequently canned or cooked.

(C) The weight of any fish which has been expressly determined by the department in writing to be exempt from the determination of the tax imposed under former Section 8045 of the Fish and Game Code pursuant to an official audit conducted by the department prior to the effective date of this act.

(D) It is the intent of the Legislature that the privilege taxes collected under this paragraph shall not be collected from any person who takes, processes, or receives fish for commercial purposes in this state upon which the tax has been paid unless they are subsequently canned or cooked, which fish are the measure of the tax, in

accordance with the longstanding administrative procedures of the Department of Fish and Game, and, except as provided, that thereafter no tax shall be collected from any person for transactions involving that same fish.

(2) For any activities involving fresh or fresh-frozen fish under a license issued pursuant to Article 7 (commencing with Section 8040) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, as it existed prior to the effective date of this act, for which privilege taxes were due and payable under former Section 8045 of the Fish and Game Code as it was construed and administered by the Department of Fish and Game prior to July 10, 1986, but for which the licensee made no payment in any amount on or before July 10, 1986 based on any load or lot of fish, the amount of the privilege tax collected shall be the amount determined, based on that load or lot of fish, in accordance with the Opinion of the Attorney General of July 10, 1986, No. 85-1001.

SEC. 68. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 69. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to correct and clarify the application and collection of commercial fish privilege taxes at the earliest possible time, and in order to preserve the fish industry in this state from disruption and economic hardship caused by the major change in administrative commercial fish taxing procedures by the Opinion of the Attorney General of July 10, 1986, No. 85-1001, it is necessary that this act take effect immediately.

CHAPTER 1050

An act to amend Section 17706 of, and to add Section 17747.5 to, the Education Code, relating to schools.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 17706 of the Education Code is amended to read:

17706. The board shall not enter into any lease with respect to an application for replacing inadequate school facilities unless it has first

(b) The school facilities are inadequate due to their susceptibility to repeated flooding. The board shall develop and adopt regulations that define inadequacy of school facilities on the basis of susceptibility to repeated flooding. The building area of any facility found to be inadequate pursuant to this subdivision shall be excluded, for the purposes of any application for the replacement of any facility, from the calculation under this chapter of the area of adequate school construction existing in the applicant school district.

SEC. 2. Section 17747.5 is added to the Education Code, to read:

17747.5. (a) All school facilities purchased or newly constructed pursuant to this chapter for use, in whole or in part, by pupils who are individuals with exceptional needs, as defined in Section 56026, shall be designed and located on the school site so as to maximize interaction between those individuals with exceptional needs and other pupils as appropriate to the needs of both.

(b) School district governing boards and county offices of education shall ensure that school facilities for pupils who are individuals with exceptional needs are integrated with other school facilities in applying for the purchase or new construction of school facilities pursuant to this chapter.

(c) The State Allocation Board, after consultation with the State Department of Education and representatives from county offices of education, special education services regions, and school districts, shall develop and adopt any regulations necessary to implement this section.

(d) Notwithstanding any other provision of law, the requirement set forth in subdivision (a) may be waived, by the Superintendent of Public Instruction, only upon compliance with the following procedure:

(1) The applicant school district or county superintendent of schools shall file a written request for waiver that documents the reasons for its inability to comply with the requirement.

(2) The State Department of Education shall verify the reasons set forth pursuant to paragraph (1), including the documentation submitted, which verification shall be completed no later than 30 days after the filing of the request for waiver with the Superintendent of Public Instruction.

(3) The Advisory Commission on Special Education, as established under Section 33590, at its first scheduled meeting following the verification conducted pursuant to paragraph (2), shall review the request for waiver, accompanying documentation, and the verification findings of the State Department of Education. No later than 15 days following the date of that meeting, the commission shall submit its written comments and recommendations regarding the request for waiver to the Superintendent of Public Instruction.

(4) The Superintendent of Public Instruction shall review the comments and recommendations submitted by the Advisory Commission on Special Education prior to approving or rejecting the request for waiver.

(5) Any request for waiver, submitted in accordance with this section, that is not rejected within 60 days of its receipt by the State Department of Education, shall be deemed approved.

(e) This section does not apply to any application for project funding under this chapter that meets one of the following conditions:

(1) The application was submitted to the board prior to January 1, 1987, and all of the facilities under the project for use, in whole or in part, by pupils who are individuals with exceptional needs are located on a school site on which facilities for use by other pupils are also located.

(2) The application is for any other project, for which, prior to January 1, 1987, the board approved the drawing of final plans and the preparation of final specifications.

CHAPTER 1051

An act to amend Section 765 of the Evidence Code, and to amend Section 868.8 of, and to add Section 1127f to, the Penal Code, relating to witnesses.

765. (a) The court shall exercise reasonable control over the mode of interrogation of a witness so as to make such interrogation as rapid, as distinct, and as effective for the ascertainment of the truth, as may be, and to protect the witness from undue harassment or embarrassment.

(b) With a witness under the age of 14, the court shall take special care to protect him or her from undue harassment or embarrassment, and to restrict the unnecessary repetition of questions. The court shall also take special care to insure that questions are stated in a form which is appropriate to the age of the witness. The court may in the interests of justice, on objection by a party, forbid the asking of a question which is in a form that is not reasonably likely to be understood by a person of the age of the witness.

SEC. 2. Section 868.8 of the Penal Code is amended to read:

868.8. Notwithstanding any other provision of law, in any

criminal proceeding in which the defendant is charged with a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, or 289, subdivision (1) of Section 314, or Section 647a, committed with or upon a minor under the age of 11, the court shall take special precautions to provide for the comfort and support of the minor and to protect the minor from coercion, intimidation, or undue influence as a witness, including, but not limited to, any of the following:

(a) In the court's discretion, the witness may be allowed reasonable periods of relief from examination and cross-examination during which he or she may retire from the courtroom. The judge may also allow other witnesses in the proceeding to be examined when the child witness retires from the courtroom.

(b) Notwithstanding Section 68110 of the Government Code, in his or her discretion, the judge may remove his or her robe if the judge believes that this formal attire intimidates the minor.

(c) In the court's discretion the judge, parties, witnesses, support persons, and court personnel may be relocated within the courtroom to facilitate a more comfortable and personal environment for the child witness.

(d) In the court's discretion, the taking of the child's testimony may be limited to the hours during which the child is normally in school, if there is no good cause to take the child's testimony during other hours.

SEC. 2.5. Section 868.8 of the Penal Code is amended to read:

868.8. Notwithstanding any other provision of law, in any criminal proceeding in which the defendant is charged with a violation of Section 243.4, 261, 273a, 273d, 285, 286, 288, 288a, or 289, subdivision (1) of Section 314, or Section 647a, committed with or upon a minor under the age of 11, the court shall take special precautions to provide for the comfort and support of the minor and to protect the minor from coercion, intimidation, or undue influence as a witness, including, but not limited to, any of the following:

(a) In the court's discretion, the witness may be allowed reasonable periods of relief from examination and cross-examination during which he or she may retire from the courtroom. The judge may also allow other witnesses in the proceeding to be examined when the child witness retires from the courtroom.

(b) Notwithstanding Section 68110 of the Government Code, in his or her discretion, the judge may remove his or her robe if the judge believes that this formal attire intimidates the minor.

(c) In the court's discretion the judge, parties, witnesses, support persons, and court personnel may be relocated within the courtroom to facilitate a more comfortable and personal environment for the child witness.

(d) In the court's discretion, the taking of the child's testimony may be limited to the hours during which the child is normally in school, if there is no good cause to take the child's testimony during other hours.

(e) In order to further the purposes of this section, the court, in

its discretion, may appoint a trained volunteer, including a person who has received training from a program formed and operated under the guidelines established by the National Court Appointed Special Advocate Association, to provide for the comfort and support of the child witness. The volunteer adviser to the court may, before the child is called as a witness, consult with the child and, where appropriate, the child's family, as to the child's special physical, mental, or emotional needs. It is not the intent of the Legislature that the volunteer adviser be a witness or be partisan. Nor is it the intent of the Legislature that the volunteer adviser offer an opinion or evidence on the nature or substance of the charges against the defendant. The training that the volunteer adviser shall undergo shall include training on how to avoid becoming a potential witness in the case.

SEC. 3. Section 1127f is added to the Penal Code, to read:

1127f. In any criminal trial or proceeding in which a child 10 years of age or younger testifies as a witness, upon the request of a party, the court shall instruct the jury, as follows:

In evaluating the testimony of a child you should consider all of the factors surrounding the child's testimony, including the age of the child and any evidence regarding the child's level of cognitive development. Although, because of age and level of cognitive development, a child may perform differently as a witness from an adult, that does not mean that a child is any more or less credible a witness than an adult. You should not discount or distrust the testimony of a child solely because he or she is a child.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 868.8 of the Penal Code proposed by both this bill and AB 2916. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 868.8 of the Penal Code, and (3) this bill is enacted after AB 2916, in which case Section 2 of this bill shall not become operative.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the State Department of Health Services should be authorized to act promptly to require the reporting of outbreaks of communicable and

noncommunicable diseases.

SEC. 2. Section 3123 of the Health and Safety Code is amended to read:

The list shall also include, but not be limited to, diphtheria, listeria, salmonella, shigella, streptococcal infection in food handlers or dairy workers, and typhoid. This list may be changed at any time by the state department. Those diseases listed as reportable shall be properly reported as required to the state department by the health officer.

The state department may from time to time adopt and enforce rules and regulations requiring isolation (strict or modified) or quarantine for any of the contagious, infectious, or communicable diseases if in the opinion of the state department the action is necessary for the protection of the public health.

The health officer may require isolation (strict or modified) or quarantine for any case of contagious, infectious, or communicable disease when this action is necessary for the protection of the public health. This list shall be published in Title 17 of the California Administrative Code.

(b) A case or suspected case of any disease which occurs in the household of any of the above-mentioned persons, and which is known to be transmitted by milk, shall be reported immediately to the health officer.

SEC. 5. Section 3132 of the Health and Safety Code is amended to read:

3132. The state department shall cooperate with the Department of Food and Agriculture in the inspection of any milk products plants associated with diseases reported pursuant to Section 3123. The Department of Food and Agriculture shall consult with the state department prior to condemning milk or milk products which are determined to be contaminated based on a finding of illnesses listed pursuant to Section 3123.

SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the

claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide an accurate and current list of diseases at the earliest possible time to protect public health, it is necessary for this act to take effect immediately.

SEC. 3. Section 14016.4 of the Welfare and Institutions Code is amended to read:

14016.4. The department may enter into an agreement with a county to have the county detect and recover the value of any Medi-Cal benefits which have been improperly received or obtained by any person. Counties shall receive an incentive amount not to exceed 30 percent of the amount remaining after reasonable county costs of the recovery have been deducted from the amount recovered. As the single state agency for state plan purposes, the department is responsible for and has authority to impose procedural requirements necessary for federal compliance.

The administrative costs for the implementation of this section shall be controlled by the department. The department shall establish and maintain a plan whereby costs for counties' administration of beneficiary collections will be effectively controlled. The plan shall establish standards and performance criteria, including workload, productivity, and support services standards, to which counties shall adhere.

CHAPTER 1053

An act to amend Section 65570 of the Government Code, relating to planning.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 65570 of the Government Code is amended to read:

65570. (a) The Director of Conservation may establish, after notice and hearing, rules and regulations, and require reports from local officials and may employ, borrow, or contract for such staff or other forms of assistance as are reasonably necessary to carry out this section, Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2, and Section 612 of the Public Resources Code. In carrying out his or her duties under those sections, it is the

intention of the Legislature that the director shall consult with the Director of Food and Agriculture and the Director of Planning and Research.

(b) Commencing July 1, 1986, and continuing biennially thereafter, the Department of Conservation shall collect or acquire information on the amount of land converted to or from agricultural use using 1984 baseline information as updated pursuant to this section for every county for which Important Farmland Series maps exist. On or before June 30, 1988, and continuing biennially thereafter, the department shall report to the Legislature on the data collected pursuant to this section. In reporting, the department shall specify, by category of agricultural land, the amount of land converted to, or from, agricultural use, by county and on a statewide basis. The department shall also report on the nonagricultural uses to which these agricultural lands were converted or committed.

For the purposes of this section, the following definitions apply unless otherwise specified:

(1) "Important Farmland Series maps" means those maps compiled by the United States Soil Conservation Service and updated and modified by the Department of Conservation.

(2) "Interim Farmland maps" means those maps prepared by the Department of Conservation for areas that do not have the current soil survey information needed to compile Important Farmland Series maps. The Interim Farmland maps shall indicate areas of irrigated agriculture, dry-farmed agriculture, grazing lands, urban and built-up lands, and any areas committed to urban or other nonagricultural uses.

(3) "Category of agricultural land" means prime farmland, farmland of statewide importance, unique farmland, and farmland of local importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and grazing land. "Grazing land" means land on which the existing vegetation, whether grown naturally or through management, is suitable for grazing or browsing of livestock.

(4) "Amount of land converted to agricultural use" means those lands which were brought into agricultural use or reestablished in agricultural use and were not shown as agricultural land on Important Farmland Series maps maintained by the Department of Conservation in the most recent biennial report.

(5) "Amount of land converted from agricultural use" means those lands which were permanently converted or committed to urban or other nonagricultural uses and were shown as agricultural land on Important Farmland Series maps maintained by the Department of Conservation and in the most recent biennial report.

(c) Beginning August 1, 1986, and continuing biennially thereafter, the Department of Conservation shall update and send counties copies of current Important Farmland Series maps. Counties may review the maps and notify the department within 90 days of any changes in agricultural land pursuant to subdivision (b)

that occurred during the previous fiscal year, and note and request correction of any discrepancies or errors in the classification of agricultural lands on the maps. The department shall make those corrections requested by counties. The department shall provide staff assistance, as available, to collect or acquire information on the amount of land converted to, or from, agricultural use for those counties for which Important Farmland Series maps exist.

(d) The Department of Conservation may also acquire any supplemental information which becomes available from new soil surveys and establish comparable baseline data for counties not included in the 1984 baseline, and shall report on the data pursuant to this section. The Department of Conservation may prepare Interim Farmland maps to supplement the Important Farmland Series maps.

(e) The Legislature finds that the purpose of the Important Farmland Series maps and the Interim Farmland maps is not to consider the economic viability of agricultural lands or their current designation in the general plan. The purpose of the maps is limited to the preparation of an inventory of agricultural lands, as defined in this chapter, as well as land already committed to future urban or other nonagricultural purposes.

CHAPTER 1054

An act to amend Section 89507 of the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature that educational aides in the schools receive in-service training and instruction through college coursework. It is further intended that in-service programs promote teaching careers in order to meet future teacher shortages.

(b) The California State University shall conduct a study on the feasibility of establishing programs which are designed to promote education and training that will enable educational aides to become credentialed classroom teachers. The study shall consider:

(1) The possibility of using existing staff development funds for the professional development of teachers' aides in the schools.

(2) The value of developing an educational career ladder for teachers' aides who want to become teachers.

(3) Effective means for encouraging and enabling teachers' aides to obtain credentials.

SEC. 2. Section 89507 of the Education Code is amended to read:

89507. [Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 66796.54 of the Government Code is repealed.

SEC. 2. Section 66796.54 is added to the Government Code, to read:

66796.54. (a) On or before January 1, 1989, January 1, 1990, and January 1, 1991, the State Water Resources Control Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have upon the quality of waters of the state, and recommending actions needed to protect the quality of water. Each report shall summarize the data from those solid waste water quality assessment test reports which have been submitted on or before January 1 of the preceding year to California regional water quality control boards pursuant to Section 13273 of the Water Code, and shall evaluate the accuracy of the solid waste water quality assessment tests conducted.

(b) On or before July 1, 1988, and July 1, 1989, the State Air Resources Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have upon the ambient air quality of the state, and recommending actions needed to protect the quality of air. The reports submitted on July 1, 1988, and July 1, 1989, shall summarize the data from the solid waste air quality assessment test reports submitted to air quality maintenance districts and air pollution control districts on or before July 1, 1987, and January 1, 1988, respectively, pursuant to Section 41805.5 of the Health and Safety Code, and shall evaluate the accuracy of the solid waste assessment tests conducted.

SEC. 3. Section 66796.54 is added to the Government Code, to read:

66796.54. (a) On or before January 1, 1989, January 1, 1990, and January 1, 1991, the State Water Resources Control Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have upon the quality of waters of the state, and recommending actions needed to protect the quality of water. Each report shall summarize the data from those solid waste water quality assessment test reports which have been submitted during the preceding year to California regional water quality control boards pursuant to Section 13273 of the Water Code, and shall evaluate the accuracy of the solid waste water quality assessment tests conducted.

(b) On or before July 1, 1988, and July 1, 1989, the State Air Resources Board shall submit a report to the Legislature summarizing the extent of hazardous waste in solid waste disposal sites and the potential effects these hazardous wastes may have upon the ambient air quality of the state, and recommending actions needed to protect the quality of air. The reports submitted on July 1, 1988, and July 1, 1989, shall summarize the data from the solid waste air quality assessment test reports submitted to air quality maintenance districts and air pollution control districts on or before July 1, 1987, and January 1, 1988, respectively, pursuant to Section 41805.5 of the Health and Safety Code, and shall evaluate the accuracy of the solid waste assessment tests conducted.

SEC. 4. Section 41805.5 of the Health and Safety Code is repealed.

SEC. 5. Section 41805.5 is added to the Health and Safety Code, to read:

41805.5. (a) Except as provided in subdivisions (b) and (c), the owner of a solid waste disposal site shall submit to the district on or before July 1, 1987, a solid waste air quality assessment test report that contains all of the following:

(1) Test results to determine if there is any underground landfill gas migration beyond the solid waste disposal site's perimeter.

(2) Analyses for specified air contaminants in the ambient air adjacent to the solid waste disposal site to determine the effect of the

site on air quality.

(3) Chemical characterization test results to determine the composition of gas streams immediately above the solid waste disposal site, or immediately above the solid waste disposal site and within the solid waste disposal site, as appropriate, as determined by the district.

(4) Any other information which the district board may require, by emergency regulation.

The solid waste air quality assessment test report shall be prepared in accordance with the guidelines developed by the state board pursuant to subdivision (d).

(b) The owner of an inactive solid waste disposal site shall complete and submit the screening questionnaire, developed pursuant to subdivision (e), to the district on or before November 1, 1986, unless the owner is required to submit a report containing the same information specified in subdivision (a) pursuant to a federal, state, or district order, or unless exempted pursuant to subdivision (c). The district shall evaluate the submitted screening questionnaires in accordance with the guidelines developed pursuant to subdivision (e) and shall determine whether the owner of the site be required to submit all, or a portion of, the information required to be reported in a solid waste air quality assessment test report. The district shall notify the owner in writing on or before January 1, 1987, of the information identified in subdivision (a) to be submitted for the site. After receiving this notification, the owner of the inactive solid waste disposal site shall submit a solid waste air quality assessment test report containing the required information on or before January 1, 1988, to the district.

(c) A district may exempt from subdivisions (a) and (b) a solid waste disposal site or inactive solid waste disposal site which has accepted or now contains only inert and nondecomposable solids. To receive an exemption, the owner of the site shall submit, on or before November 1, 1986, a copy of all permits, all waste discharge requirements pertinent to the site, and any other data necessary for the district to determine whether an exemption should be granted to the site.

(d) On or before February 1, 1987, the state board, in coordination with the districts, shall develop and publish test guidelines for the solid waste air quality assessment report specifying the air contaminants to be tested for and identifying acceptable testing, analytical, and reporting methods to be employed in completing the report.

(e) On or before October 1, 1986, the state board, in coordination with the districts, shall develop and publish a screening questionnaire for inactive solid waste disposal sites and guidelines for evaluating the questionnaire by the districts pursuant to subdivision (b). The screening questionnaire and guidelines shall require an inactive solid waste disposal site to be evaluated based on the nature and age of materials in the site, the quantity of materials in the site,

the size of the site, and other appropriate factors. The guidelines for evaluating the screening questionnaire shall require a district to weigh heavily the proximity of the site to residences, schools, and other sensitive areas, and to pay particular attention to potential adverse impacts on facilities such as hospitals and schools, and on residential areas, within one mile of the site's perimeter.

(f) A district may reevaluate the status of a solid waste disposal site, including sites exempted pursuant to subdivision (c), and require the owner to submit or revise a solid waste air quality assessment test report after January 1, 1987. The district shall give written notification to the owner of the solid waste disposal site that a solid waste air quality assessment test report is to be submitted, or that the existing report is to be revised, and the date by which the report is to be submitted.

(g) A district shall evaluate any solid waste air quality assessment test reports submitted pursuant to subdivisions (a), (b), and (f), and determine if the report's testing, analytical and reporting methods comply with the guidelines developed pursuant to subdivision (d). If the district determines that the solid waste air quality assessment test report complies with the guidelines, it shall evaluate the data. If the district determines, after evaluation of the report and consultation with the state department and the California Waste Management Board, that levels of one or more specified air contaminants pose a health risk to human beings or a threat to the environment, the district shall take appropriate remedial action.

(h) If a district determines that a solid waste air quality assessment test report does not comply with the guidelines developed pursuant to subdivision (d), the district shall provide the owner of the site with a written notice specifying the inadequacies of the report and shall require the owner to correct the deficiencies and resubmit the report by a date determined by the district.

(i) For the purpose of this section, the following definitions apply:

(1) "Inactive solid waste disposal site" means a solid waste disposal site which has not received any solid waste for disposal after January 1, 1984.

(2) "Landfill gas" means any untreated, raw gas derived through a natural process from the decomposition of organic waste deposited in a solid waste disposal site or from the evolution of volatile species in the waste.

(3) "Perimeter" means the outer boundary of the entire solid waste disposal site property.

(4) "Solid waste disposal site" means a place, location, tract of land, area, or premises in use, or which has been used, for the landfill disposal of solid waste, as defined in Section 66719 of the Government Code, or hazardous waste, as defined in Section 66714.8 of the Government Code, or both.

(5) "Specified air contaminants" means substances determined to be air contaminants by the state board in coordination with the districts. The state board and the districts shall consider determining

the following compounds to be air contaminants for purposes of this paragraph: benzene, chloroethene, 1,2-dibromoethane, 1,2-dichloroethane benzyl chloride, chlorobenzene, dichlorobenzene, 1,1-dichloroethene, dichloromethane, formaldehyde, hydrogen sulfide, tetrachloroethylene, tetrachloromethane, toluene, 1,1,1-trichloroethane, trichloroethylene, trichloromethane, xylene, and any other substance deemed appropriate by the state board or a district.

SEC. 6. Section 3 of this bill incorporates changes to Section 66796.54 of the Government Code proposed by both this bill and AB 3088. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1987, but this bill becomes operative first, (2) this bill repeals and adds Section 66796.54 of the Government Code and AB 3088 amends Section 66796.54 of the Government Code, and (3) this bill is enacted after AB 3088, in which case Section 66796.54 of the Government Code, as added by Section 2 of this bill, shall remain operative only until the operative date of AB 3088, at which time Section 3 of this bill shall become operative.

SEC. 7. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for the cost of the program or level of service mandated by this act that the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay that cost.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to fully and fairly implement the provisions of Chapter 1532 of the Statutes of 1984 relating to disposal of hazardous waste, and to implement the reporting requirements of this act, as quickly as possible, it is necessary that this act take effect immediately.

CHAPTER 1056

An act to add Section 1810.5 to the Vehicle Code, relating to records.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1810.5 is added to the Vehicle Code, to read:

1810.5. The Attorney General, district attorneys, law enforcement agencies, public defenders, and public defender investigators shall have access, including, but not limited to, telephone access, to department records which are open to the public on an equal basis.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1057

An act to amend Section 3704 of, and to add Section 22 to, and Chapter 21.5 (commencing with Section 3750) to Division 1 of, and Chapter 10 (commencing with Section 10000) to Division 2 of, the Financial Code, relating to financial institutions, and making an appropriation therefor.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 22 is added to the Financial Code, to read:

22. Notwithstanding any other provision of this code, Chapter 21.5 (commencing with Section 3750) and Chapter 21.6 (commencing with Section 3770) of Division 1, and Chapter 10 (commencing with Section 10000) and Chapter 10.1 (commencing with Section 10010) of Division 2, shall be known and may be cited as the Robbins-Vuich-Calderon Financial Institutions Act of 1986.

SEC. 1.5. Section 3704 of the Financial Code is amended to read:

3704. Each bank holding company and its subsidiaries shall be subject to examination by the superintendent. The superintendent may use, for this purpose, his own examiners or independent public accountants who are disinterested persons. In lieu of making an

examination, the superintendent may accept the examination of any holding company made by any federal agency, any other agency of this state, or any agency of any other state of the United States and may examine any such holding company in conjunction with these agencies. If the superintendent examines a bank holding company or any of its subsidiaries, other than a domestic bank, using the superintendent's own examiners, the bank holding company shall pay, within 10 days after receipt of a statement from the superintendent, a fee of two hundred dollars ($200) per day for each examiner engaged in the examination plus, in the event it is necessary for any examiner engaged in the examination to travel outside this state, the travel expenses of the examiner. If the superintendent examines a bank holding company or any of its subsidiaries, other than a domestic bank, using independent public accountants, the bank holding company shall pay, within 10 days after receipt of a statement from the superintendent, the fee of the independent public accountants.

SEC. 2. Chapter 21.5 (commencing with Section 3750) is added to Division 1 of the Financial Code, to read:

CHAPTER 21.5. FOREIGN (NATIONAL) BANK HOLDING COMPANIES

3750. This chapter shall be known and may be cited as the California Interstate (National) Banking Act of 1986.

(a) "Bank holding company" means any company that has control over any bank or over any company that has control over any bank.

(b) "Bank" means a bank, as that term is defined in Section 102, and includes a national banking association, but does not include a bank that engages only in a trust business.

(c) "California bank" means a bank that maintains its head office in this state.

(h) "Parent foreign bank holding company" means, with respect to a foreign bank holding company, any and all companies that control that foreign bank holding company.

(i) "Subsidiary" means any company that is controlled by another company.

(j) "Substantial reciprocity" means (1) that the statute laws of a jurisdiction have the effect of authorizing, for the purposes of subsection (d) of Section 3 of the federal Bank Holding Company Act of 1956, as amended (12 U.S.C. 1841 et seq.), and that these laws as interpreted and applied authorize, any California bank holding company to acquire up to 100 percent ownership (except for directors' qualifying shares) of any bank that maintains its head office in that jurisdiction on terms and conditions substantially the same as terms and conditions pursuant to which a bank holding company located in the jurisdiction may acquire a bank located in the same jurisdiction, and (2) that, under the laws of that jurisdiction as interpreted and applied, banks that maintain their head offices therein, when acquired, directly or indirectly, by any California bank holding company, have substantially all the powers and capabilities, without limitation, restriction or condition, that such a bank would have if it were acquired by a bank holding company the operations of which are principally conducted in the jurisdiction in which the bank maintains its head office.

3752. For purposes of this chapter:

(a) The state or other jurisdiction in which the operations of a bank holding company are principally conducted is that state or other jurisdiction of the United States in which the total deposits of all of the bank holding company's subsidiary banks are largest.

(b) The definitions in Chapter 1 (commencing with Section 99) of this division apply to this chapter, except with respect to terms defined by Section 3751.

(c) Shares owned or controlled by any subsidiary of a bank holding company shall be deemed to be indirectly owned or controlled by such bank holding company.

(d) Shares held or controlled, directly or indirectly, by trustees for the benefit of (1) a company, (2) the shareholders or members of a company, or (3) the employees (whether exclusively or not) of a company, shall be deemed to be controlled by that company.

3753. On and after January 1, 1991, a foreign bank holding company may, with the prior approval of the superintendent and in accordance with the provisions of this chapter and division, do any of the following:

(a) Cause or permit an existing California bank or California bank holding company to become its subsidiary.

(b) Acquire directly or indirectly assets of any California bank or California bank holding company in an amount otherwise prohibited by Section 3754.

3756. (a) An application for approval of a transaction described in Section 3753 shall be in such form, shall contain such information, shall be signed in such manner, and shall (if the superintendent so requires) be verified in such manner, as the superintendent may require. The fee for filing such an application shall be two thousand five hundred dollars ($2,500).

(b) The superintendent shall approve the transaction if the superintendent makes both of the following findings, but shall otherwise deny the application:

(1) That there is substantial reciprocity between this state and the jurisdiction or jurisdictions in which the operations of the foreign bank holding company and any parent foreign bank holding company of the foreign bank holding company are principally conducted.

(2) That the transaction will not have an adverse effect on the public convenience or advantage in this state.

Nothing in this subdivision requires substantial reciprocity with respect to any jurisdiction that is not a state or other jurisdiction of the United States.

(c) Before a foreign bank holding company effects a transaction of a kind described in Section 3753 which would result in its controlling a bank organized under the laws of this state, the foreign bank holding company and each parent foreign bank holding company of the foreign bank holding company shall file with the superintendent an agreement that it will comply, and that it will cause any company which it from time to time controls to comply, with all applicable provisions of this division and of any regulation or

order issued under this division. This agreement shall be in such form, shall be signed in such manner, and shall (if the superintendent so requires) be acknowledged in such manner, as the superintendent may require.

3757. This chapter shall be in addition to, and not in limitation of, Article 7 (commencing with Section 700) of Chapter 5. However, if an application for approval to acquire control under Article 7 (commencing with Section 700) of Chapter 5 is made by the same person as, involves the same transaction as, and if filed concurrently with, an application for approval of a transaction described in Section 3753, the application for approval to acquire control under Article 7 (commencing with Section 700) of Chapter 5 shall not be subject to the fee prescribed in Section 702.

3758. The provisions of this chapter shall be in addition to, and not in limitation of, the provisions of Chapter 21 (commencing with Section 3700). Any foreign bank holding company which controls a bank organized under the laws of this state and any parent foreign bank holding company of such a foreign bank holding company shall each be deemed to be a "bank holding company" for purposes of Chapter 21 (commencing with Section 3700).

3759. (a) The superintendent may provide to any federal regulatory agency or to any regulatory agency of any other state of the United States information relating to any of the following:

(1) Any foreign bank holding company which has applied for approval to effect a transaction described in Section 3753 or which controls a California bank.

(2) Any California bank or other company which such a foreign bank holding company controls or proposes to control.

(3) Any parent foreign bank holding company of such a foreign bank holding company.

(b) The provisions of this section shall be in addition to, and not in limitation of, the provisions of Section 1909.

3760. If any provision or clause of this chapter or the application thereof to any person or circumstance is held invalid, the remainder of this chapter and the application of that provision or clause to other persons or circumstances shall not be affected thereby.

3761. This chapter shall become operative on January 1, 1991.

SEC. 3. Chapter 10 (commencing with Section 10000) is added to Division 2 of the Financial Code, to read:

CHAPTER 10. FOREIGN (NATIONAL) SAVINGS COMPANIES

10000. For the purposes of this chapter:

(b) "Foreign holding company" means a savings and loan holding company as defined in Section 408(a) (1) (D) of the National Housing

Act, as amended, (12 U.S.C. Sec. 1730 a(a)(1)(D)), which has its principal place of deposits outside of California.

(c) "Foreign savings company" means an insured institution or affiliate other than a California savings company.

(d) "Insured institution" means an entity the deposits of which are insured by the Federal Savings and Loan Insurance Corporation or which is chartered by the Federal Home Loan Bank Board.

(e) The "principal place of deposits" is that state in which the total deposits of all of a company's depository operations and those of its affiliates are largest.

(f) Terms not expressly defined in this chapter have the meaning given in Chapter 2 (commencing with Section 5000) or as the commissioner may provide by regulation.

10001. (a) On and after January 1, 1991, a foreign savings company may conduct the business of an association in California; provided that, if the commissioner determines that the laws, court decisions, or practices of the jurisdiction in which the foreign savings company has its home office would operate to prohibit, restrict, condition, or otherwise limit a California savings company from conducting the business of a savings association in the relevant jurisdiction pursuant to the laws, court decisions, or practices of that jurisdiction, a similar prohibition, restriction, condition, or limitation to be prescribed by regulation or order of the commissioner shall apply in California to the foreign savings company.

10002. No foreign savings company may conduct the business of an association in California without the written approval of the commissioner. A foreign savings company shall submit to the commissioner a written application for approval in the form and shall pay such fees as the commissioner prescribes. The foreign savings company shall submit with the application such information, data, and records as the commissioner may require in order to make his or her determination. The commissioner may issue such regulations as he or she deems to be appropriate to preserve the public interest and integrity of the state's savings association system and to protect the interests of savings account holders, borrowers, and stockholders resident in this state. The commissioner may make arrangements with the supervisory officials of other states for reciprocal examination of California and foreign savings companies and the imposition of fees therefor and may condition his or her approval pursuant to this chapter upon the existence of those arrangements.

10003. This chapter shall become operative on January 1, 1991.

SEC. 4. Sections 1, 1.5, 2, and 3 of this act shall become operative only if SB 2300 of the 1985–86 Regular Session is enacted.

CHAPTER 1058

An act to amend Section 25192 of, and to add Section 25187.6 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25187.6 is added to the Health and Safety Code, to read:

25187.6. (a) If an authorized agent of the department has probable cause to believe that any hazardous waste, or any material which the authorized agent reasonably believes to be a hazardous waste, is stored, transported, disposed of, or handled in violation of this chapter or in a manner that will constitute a violation of this chapter, and that the violation may threaten public health and safety, or the environment, the agent may issue an order of quarantine by affixing a tag or other appropriate marking to the container containing, or to the vehicle transporting, the hazardous waste.

(b) Upon issuing an order of quarantine pursuant to subdivision (a), the authorized agent shall notify the person who owns the hazardous waste, or the owner or lessee of the vehicle in which the wastes are transported, of all of the following:

(1) The hazardous waste has been subject to a quarantine order because the hazardous waste is, or is suspected of being, stored, transported, disposed of, or handled in violation of this chapter.

(2) No person shall remove, transfer, or dispose of the hazardous waste until permission for removal, transfer, or disposal is given by an authorized agent of the department or by a court.

(3) The person so notified may request, and shall be granted, an immediate hearing before a person designated by the director to review the validity of the authorized agent's order. For purposes of this section, an immediate hearing shall be held within 24 hours after a hearing is requested by the person subject to the order.

(c) Any order of quarantine issued pursuant to subdivision (a) shall take effect upon issuance and shall remain effective for 30 days thereafter, until an authorized agent removes the quarantine order pursuant to subdivision (d), or until the quarantine order is revoked pursuant to a hearing conducted in accordance with paragraph (3) of subdivision (b), whichever event occurs first.

(d) If an authorized agent of the department determines that a hazardous waste subject to a quarantine order is not being stored, handled, transported, or disposed of in violation of this chapter, or does not threaten public health and safety or the environment, the authorized agent shall revoke the order of quarantine.

(e) If an authorized agent of the department has probable cause to believe that a hazardous waste subject to a quarantine order will,

or is likely to, be removed, transferred or disposed of in violation of this section, the authorized agent may remove the hazardous waste to a place of safekeeping.

(f) A hazardous waste in transit for which a quarantine order has been issued pursuant to subdivision (a) shall be stored or held at one of the following locations, which the authorized agent determines will represent the least risk to the public health and safety or the environment:

(1) The facility owned or operated by the producer of the waste, except when the producer is located outside the state.

(2) The transporter's yard, facility, or terminal.

(3) The treatment, storage, or disposal facility to which the hazardous waste is to be transported.

(4) Any other site designated by the authorized agent.

(g) All fees for storage and any other expenses incurred in carrying out subdivision (e) or (f) shall be a charge against the person who owns the hazardous waste or the owner or lessee of the vehicle in which the wastes are transported.

(h) For purposes of this section, "authorized agent of the department" includes any representative of a local agency, as designated by the department.

SEC. 2. Section 25192 of the Health and Safety Code is amended to read:

25192. (a) All civil and criminal penalties collected by a state or local agency pursuant to this chapter shall be apportioned in the following manner:

(1) Fifty percent shall be paid to the state or local agency which investigated the violation for which the penalty is imposed. If more than one state or local agency investigated the violation, the court shall, when imposing the penalty, equitably apportion 50 percent of the penalty among the agencies which investigated the violation based upon the nature and extent of each agency's participation in the investigation.

(2) Fifty percent shall be paid to the office of the city attorney, district attorney, or Attorney General, whichever office brought the action.

(b) All civil and criminal penalties collected by a state agency pursuant to this chapter shall be deposited in a subaccount of the Hazardous Waste Control Account in the General Fund, and shall be available for expenditure upon appropriation by the Legislature.

(c) In all actions in which a civil or criminal penalty is imposed, two hundred dollars ($200) shall be deducted from the amount of the civil or criminal penalty before apportionment pursuant to subdivision (a), and shall be deposited in the Hazardous Waste Enforcement Training Fund, which is hereby created in the General Fund.

(d) The moneys in the Hazardous Waste Enforcement Training Fund may be expended by the Office of Criminal Justice Planning, upon appropriation by the Legislature, to support the training of

local, county, and state hazardous waste and hazardous materials enforcement personnel in the investigation and prosecution of hazardous waste and hazardous materials violations.

(e) If a reward is paid to a person pursuant to Section 25191.7, the amount of the reward shall be deducted from the amount of the civil or criminal penalty before the amount is apportioned pursuant to subdivision (a) and before the deduction is made pursuant to subdivision (c).

SEC. 3. Section 2 of this bill shall only become operative if Senate Bill 2424 is not enacted.

SEC. 4. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 1059

An act to amend Sections 22851.2, 22851.6, and 22852 of, and to add Section 22851.3 to, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 22851.2 of the Vehicle Code is amended to read:

22851.2. (a) Excepting a vehicle removed pursuant to Section 22669, if the vehicle is determined to have a value not exceeding one hundred dollars ($100) pursuant to Section 22670, the public agency which removed the vehicle shall do all of the following:

(1) Within 48 hours after removal of the vehicle, notify the Stolen Vehicle System of the Department of Justice in Sacramento of the removal.

(2) Prepare and give to the lienholder a report which shall include all of the following:

(A) The value of the vehicle estimated pursuant to Section 22670.

(B) The identification of the estimator.

(C) The location of the vehicle.

(D) A description of the vehicle, including the make, year model, identification number, license number, state of registration, and, if a motorcycle, an engine number.

(E) The statutory authority for storage.

(b) If the vehicle is in such condition that there is no means of determining ownership, the public agency which removed the vehicle may give authorization to dispose of the vehicle. If no authorization for disposal is issued, a vehicle identification number shall be assigned prior to commencing the lien sale proceedings.

SEC. 2. Section 22851.3 is added to the Vehicle Code, to read:

22851.3. Whenever a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or any other employee of a public agency authorized pursuant to Section 22669, removes, or causes the removal of, a vehicle pursuant to Section 22669 and the public agency or, at the request of the public agency, the lienholder determines the estimated value of the vehicle is one hundred dollars ($100) or less, the public agency which removed, or caused the removal of, the vehicle shall cause the disposal of the vehicle under this section, subject to all of the following requirements:

(a) Not less than 72 hours before the vehicle is removed, the peace officer or the authorized public employee has securely attached to the vehicle a distinctive notice which states that the vehicle will be removed by the public agency.

(b) Immediately after removal of the vehicle, the public agency which removed, or caused the removal of, the vehicle shall notify the Stolen Vehicle System of the Department of Justice in Sacramento of the removal.

(c) The public agency which removed, or caused the removal of, the vehicle or, at the request of the public agency, the lienholder shall obtain a copy of the names and addresses of all persons having an interest in the vehicle, if any, from the Department of Motor Vehicles either directly or by use of the California Law Enforcement Telecommunications System. This subdivision does not require the public agency or lienholder to obtain a copy of the actual record on file at the Department of Motor Vehicles.

(d) Within 48 hours of the removal, excluding weekends and holidays, the public agency which removed, or caused the removal of, the vehicle or, at the request of the public agency, the lienholder shall send a notice to the registered and legal owners at their addresses of record with the Department of Motor Vehicles, and to any other person known to have an interest in the vehicle. A notice sent by the public agency shall be sent by certified or first-class mail, and a notice sent by the lienholder shall be sent by certified mail. The notice shall include all of the following information:

(1) The name, address, and telephone number of the public agency providing the notice.

(2) The location of the place of storage and description of the vehicle which shall include, if available, the vehicle make, license

plate number, vehicle identification number, and mileage.

(3) The authority and purpose for the removal of the vehicle.

(4) A statement that the vehicle will be disposed of 15 days from the date of the notice.

(5) A statement that the owners and interested persons, or their agents, have the opportunity for a poststorage hearing before the public agency which removed, or caused the removal of, the vehicle to determine the validity of the storage if a request for a hearing is made in person, in writing, or by telephone within 10 days from the date of notice; that, if the owner or interested person, or his or her agent, disagree with the decision of the public agency, the decision may be reviewed pursuant to Section 11523 of the Government Code; and that during the time of the initial hearing, or during the time the decision is being reviewed pursuant to Section 11523 of the Government Code, the vehicle in question shall not be disposed of.

(e) (1) Any requested hearings shall be conducted within 48 hours of the request, excluding weekends and holidays. The public agency which removed the vehicle may authorize its own officers to conduct the hearing if the hearing officer is not the same person who directed the storage of the vehicle.

(2) Failure of either the registered or legal owner or interested person, or his or her agent, to request or to attend a scheduled hearing shall satisfy the poststorage validity hearing requirement of this section.

(f) The public agency employing the person, or utilizing the services of a contractor or franchiser pursuant to subdivision (b) of Section 22669, which removed, or caused the removal of, the vehicle and which directed any towing or storage, shall be responsible for the costs incurred for towing and storage if it is determined in the hearing that reasonable grounds to believe that the vehicle was abandoned are not established.

(g) No authorization for disposal may be issued by the public agency which removed, or caused the removal of, the vehicle to a lienholder who is storing the vehicle prior to the conclusion of a requested poststorage hearing or any judicial review of that hearing.

(h) If, after 15 days from the notification date, the vehicle remains unclaimed and the towing and storage fees have not been paid, and if no request for a poststorage hearing was requested or a poststorage hearing was not attended, the public agency which removed, or caused the removal of, the vehicle shall provide to the lienholder who is storing the vehicle, on a form approved by the Department of Motor Vehicles, authorization to dispose of the vehicle. The lienholder may request the public agency to provide the authorization to dispose of the vehicle.

(i) If the vehicle is claimed by the owner or his or her agent within 15 days of the notice date, the lienholder who is storing the vehicle may collect reasonable fees for services rendered, but may not collect lien sale fees as provided in Section 22851.12.

(j) Disposal of the vehicle by the lienholder who is storing the

vehicle may only be to a licensed dismantler or scrap iron processor. A copy of the public agency's authorization for disposal shall be forwarded to the licensed dismantler within five days of disposal to a licensed dismantler. A copy of the public agency's authorization for disposal shall be retained by the lienholder who stored the vehicle for a period of 90 days if the vehicle is disposed of to a scrap iron processor.

(k) If the names and addresses of the registered and legal owners of the vehicle are not available from the records of the Department of Motor Vehicles, either directly or by use of the California Law Enforcement Telecommunications System, the public agency may issue to the lienholder who stored the vehicle an authorization for disposal at any time after the removal.

The lienholder may request the public agency to issue an authorization for disposal after the lienholder ascertains that the names and addresses of the registered and legal owners of the vehicle are not available from the records of the Department of Motor Vehicles either directly or by use of the California Law Enforcement Telecommunications System.

SEC. 3. Section 22851.6 of the Vehicle Code is amended to read:

22851.6. (a) Lienholders who acquire a vehicle subject to Section 22851.2 shall satisfy their lien pursuant to Sections 22851.8 and 22851.10 if the vehicle has a value not exceeding one hundred dollars ($100) as determined pursuant to Section 22670.

(b) All forms required by Sections 22851.8 and 22851.10 shall be prescribed by the Department of Motor Vehicles. The language used in the notices and declarations shall be simple and nontechnical.

SEC. 4. Section 22852 of the Vehicle Code is amended to read:

22852. (a) Whenever an authorized member of a public agency directs the storage of a vehicle, as permitted by this chapter, or upon the storage of any vehicle as permitted herein (except as provided in subdivision (d) or (e)), the agency or person directing the storage shall provide the vehicle's registered and legal owners of record, or their agents, with the opportunity for a poststorage hearing to determine the validity of the storage.

(b) A notice of the storage shall be mailed or personally delivered to the registered and legal owners within 48 hours, excluding weekends and holidays, and shall include the following information:

(1) The name, address, and telephone number of the agency providing the notice;

(2) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage;

(3) The authority and purpose for the removal of the vehicle.

The notice shall also specify that, in order to receive their poststorage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice. The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The public

agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who directed the storage of the vehicle.

(c) Failure of either the registered or legal owner, or his or her agent, to request or to attend a scheduled hearing shall satisfy the poststorage validity hearing requirement of this section.

The agency employing the person who directed the storage shall be responsible for the costs incurred for towing and storage if it is determined in the hearing that reasonable grounds for the storage are not established.

(d) This section does not apply to vehicles abated under the Abandoned Vehicle Abatement Program pursuant to Sections 22660 to 22668, inclusive, and Section 22710, or to vehicles impounded for investigation pursuant to Section 22655, or to vehicles removed from private property pursuant to Section 22658.

(e) This section does not apply to abandoned vehicles removed pursuant to Section 22669 which are determined by the public agency to have an estimated value of one hundred dollars ($100) or less.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate the congestion in storage facilities for abandoned vehicles, it is necessary that this act take effect immediately.

CHAPTER 1060

An act to add Section 14030.5 to the Government Code, and to add Chapter 2 (commencing with Section 2000) to Part 1 of Division 2 of the Public Contract Code, relating to contracts.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14030.5 is added to the Government Code, to read:

14030.5. (a) As used in this section, the following terms have the following meanings:

(1) "Socially and economically disadvantaged business concern"

means a business that meets both of the following criteria:

(A) A business that is at least 51 percent owned by one or more socially and economically disadvantaged persons or one or more socially or economically disadvantaged persons or, in the case of any business whose stock is publicly held, at least 51 percent of the stock is owned by one or more of those persons.

(B) A business whose management and daily business operations are controlled by one or more socially and economically disadvantaged persons or one or more socially or economically disadvantaged persons.

(2) "Socially and economically disadvantaged persons" and "socially or economically disadvantaged persons" include women, Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts, and Native Hawaiians), Asian-Pacific Americans (including persons whose origins are from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, the United States Trust Territories of the Pacific, Northern Marianas, Laos, Cambodia, and Taiwan), and other minorities or any other group of natural persons determined by the director to be so disadvantaged.

(b) The department shall certify socially and economically disadvantaged business concerns, as defined by subdivision (a). All state agencies shall, and any local agency may, accept the certification of a socially and economically disadvantaged business concern by the department as valid status of that business when awarding contracts to socially and economically disadvantaged business concerns. No state agency shall require the business to comply with any other certification process for certifying socially and economically disadvantaged business concerns.

SEC. 2. Chapter 2 (commencing with Section 2000) is added to Part 1 of Division 2 of the Public Contract Code, to read:

CHAPTER 2. RESPONSIVE BIDDERS

2000. (a) Notwithstanding any other provision of law requiring a local agency to award contracts to the lowest responsible bidder, any local agency may require that a contract be awarded to the lowest responsible bidder who also does either of the following:

(1) Meets goals and requirements established by the local agency relating to participation in the contract by minority business enterprises and women business enterprises. If the bidder does not meet the goals and requirements established by the local agency for that participation, the local agency shall evaluate the good faith effort of the bidder to comply with those goals and requirements as provided in paragraph (2).

(2) Makes a good faith effort, in accordance with the criteria established pursuant to subdivision (b), prior to the time bids are opened, to comply with the goals and requirements established by the local agency relating to participation in the contract by minority

or women business enterprises.

(b) (1) The bidder attended any presolicitation or prebid meetings that were scheduled by the local agency to inform all bidders of the minority and women business enterprise program requirements for the project for which the contract will be awarded. A local agency may waive this requirement if it determines that the bidder is informed as to those program requirements.

(2) The bidder identified and selected specific items of the project for which the contract will be awarded to be performed by minority or women business enterprises to provide an opportunity for participation by those enterprises.

(3) The bidder advertised, not less than 10 calendar days before the date the bids are opened, in one or more daily or weekly newspapers, trade association publications, minority or trade oriented publications, trade journals, or other media, specified by the local agency for minority or women business enterprises that are interested in participating in the project. This paragraph applies only if the local agency gave public notice of the project not less than 15 calendar days prior to the date the bids are opened.

(4) The bidder provided written notice of his or her interest in bidding on the contract to the number of minority or women business enterprises required to be notified by the project specifications not less than 10 calendar days prior to the opening of bids. To the extent possible, the local agency shall make available to the bidder not less than 15 calendar days prior to the date the bids are opened a list or a source of lists of enterprises which are certified by the local agency as minority or women business enterprises. If the local agency does not provide that list or source of lists to the bidder, the bidder may utilize the list of certified minority or women business enterprises prepared by the Department of Transportation pursuant to Section 14030.5 of the Government Code for this purpose.

(5) The bidder followed up initial solicitations of interest by contacting the enterprises to determine with certainty whether the enterprises were interested in performing specific items of the project.

(6) The bidder provided interested minority and women business enterprises with information about the plans, specifications, and requirements for the selected subcontracting or material supply work.

(7) The bidder requested assistance from minority and women community organizations; minority and women contractor groups; local, state, or federal minority and women business assistance offices; or other organizations that provide assistance in the recruitment and placement of minority or women business enterprises, if any are available.

(8) The bidder negotiated in good faith with the minority or women business enterprises, and did not unjustifiably reject as unsatisfactory bids prepared by any minority or women business

enterprises, as determined by the local agency.

(9) Where applicable, the bidder advised and made efforts to assist interested minority and women business enterprises in obtaining bonds, lines of credit, or insurance required by the local agency or contractor.

(10) The bidder's efforts to obtain minority and women business enterprise participation could reasonably be expected by the local agency to produce a level of participation sufficient to meet the goals and requirements of the local agency.

(c) The performance by a bidder of all of the criteria specified in subdivision (b) shall create a rebuttable presumption, affecting the burden of producing evidence, that a bidder has made a good faith effort to comply with the goals and requirements relating to participation by minority and women business enterprises established pursuant to subdivision (a).

(d) "Local agency," as used in this section, means a county or city, whether general law or chartered, city and county, or district. "District," as used in this section, means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.

(e) "Minority or women business enterprise," as used in this section, means a business enterprise that meets both of the following criteria:

(1) A business that is at least 51 percent owned by one or more minority persons or women or, in the case of any business whose stock is publicly held, at least 51 percent of the stock is owned by one or more minority persons or women.

(2) A business whose management and daily business operations are controlled by one or more minority persons or women.

(f) "Minority person," for purposes of this section, means Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts, and Native Hawaiians), Asian-Pacific Americans (including persons whose origins are from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, the United States Trust Territories of the Pacific, Northern Marianas, Laos, Cambodia, and Taiwan), or any other group of natural persons identified as minorities in the project specifications by the local agency.

(g) This section does not apply to any of the following:

(1) Any contract, funded in whole or in part by the federal government, to the extent of any conflict between the requirements imposed by this section and any requirements imposed by the federal government relating to participation in a contract by a minority or women business enterprise as a condition of receipt of the federal funds.

(2) The San Francisco Bay Area Rapid Transit District, the Los Angeles County Transportation Commission, or any other local agency that has authority to facilitate the participation of minority

or women business enterprises substantially similar to the authority granted to the San Francisco Bay Area Rapid Transit District pursuant to Section 20229 of this code or the Los Angeles County Transportation Commission pursuant to Section 130239 of the Public Utilities Code.

SEC. 3. The Legislature finds and declares that existing statutes requiring that contracts be let to the "lowest responsible bidder" have prevented many local agencies from considering the responsiveness of a bidder to affirmative action or minority or women business enterprise requirements. The Legislature further finds and declares that it is necessary to establish uniformity in determining whether or not bidders on public works contracts have made a good faith effort to meet the goals and requirements established by a local agency regarding the participation in the contract by minority business enterprises and women business enterprises. The Legislature further finds and declares that the encouragement of, and participation by, minority and women business enterprises in public works contracts is a matter of statewide concern.

SEC. 4. It is the intention of the Legislature through the enactment of Sections 2 and 3 of this act to occupy the whole field of the regulation of procedures for determining good faith efforts by bidders on public works contracts. Thus, if a local agency determines to exercise the authority granted by subdivision (a) of Section 2000 of the Public Contract Code, the requirements imposed by that section shall, except as otherwise provided in subdivision (g) of that section, be the exclusive procedure for determining whether bidders have made a good faith effort to meet the goals and requirements established by the local agency regarding participation in contracts by minority business enterprises and women business enterprises. Section 2 of this act prevails, to the extent of any conflict, over any provision of any charter of a chartered city establishing requirements and procedures for determining whether bidders have made a good faith effort to comply with the goals and requirements established by the local agency relating to participation in the contract by minority or women business enterprises.

SEC. 5. Sections 2 and 3 of this act apply to projects for which a public notice of invitation to bid on a project is published or disseminated in the manner otherwise prescribed by law on or after January 1, 1987.

CHAPTER 1061

An act to amend Sections 100.41 and 100.45 of, and to add Section 92.3 to, the Streets and Highways Code, relating to highways.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 92.3 is added to the Streets and Highways Code, to read:

92.3. (a) The department shall do all of the following:

(1) Discontinue further water intensive freeway landscaping and use drought resistant landscaping whenever feasible, taking into consideration such factors as erosion control and fire retardant needs, in counties where over 80 percent of the county water supply is imported.

(2) Use reclaimed water for irrigation purposes, whenever possible.

(3) Eliminate any dependency on imported water for landscaping as soon as practicable.

(b) The department shall report to the Legislature on or before January 1, 1988, and every three years thereafter, on the progress of the department in complying with this section. For each landscaping project subject to this section which is listed in the most recently adopted state transportation improvement program, the department shall identify the closest potable water supply and the closest reclaimed water supply, together with a statement explaining which water source was selected for irrigation purposes, and the reasons why that source was selected.

SEC. 2. Section 100.41 of the Streets and Highways Code is amended to read:

100.41. Notwithstanding Section 100.2, the department may construct a freeway, without an agreement with a county or city, on the route determined by the commission, if all of the following conditions have been met:

(a) The freeway is included within the California freeway and expressway system in the County of San Diego and a route has been adopted for a portion of the freeway.

(b) The unconstructed portion of the existing adopted route will be constructed during the five years of the 1987 State Transportation Improvement Program.

(c) There are at least two feasible alternative routes as determined by the department.

(d) The unadopted portion of the freeway creates a gap between the termination point and an existing state highway.

(e) A transportation planning agency is in existence prior to January 1, 1982, and this agency has included the entire freeway in

its regional transportation plan.

(f) Under the conditions in subdivisions (a) to (e), inclusive, the commission shall hold public hearings as it may deem necessary, review the draft environmental impact report or statement, and consider the recommendation and records of the transportation planning agency and other documents as it may deem advisable. The commission shall take into consideration all traditional factors of route selection by the state, including the question of least adverse economic and physical impact on the communities involved.

(g) The environmental impact report or statement shall examine the impacts of alternative route alignments on the communities involved. The definition and scope of these communities shall reflect the sense of community of residents within and immediately adjacent to the adopted route and alternate route location.

(h) The department shall prepare the draft environmental impact report or statement not later than September 18, 1986. The commission may hold public hearings on the draft environmental impact report or statement as it deems necessary, with any hearing to be concluded within six months of the availability of the draft environmental impact report or statement. The department shall prepare the final environmental impact report or statement within 12 months of the completion of the public review period of the draft environmental impact report or statement. The commission shall select the route within six months of the completion of the final environmental impact report or statement.

(i) If a route is adopted under this section, the commission shall set forth, as a part of its decision statement, the reasons for the route selected.

SEC. 3. Section 100.45 of the Streets and Highways Code is amended to read:

100.45. (a) When the department constructs a freeway on the route selected pursuant to Section 100.4 or 100.41, the department shall meet and confer with affected counties and cities with respect to the design of the portion of the freeway to be constructed within the jurisdiction of the affected county or city.

(b) The commission shall solicit the affected county or city for its recommendation on a route location following the completion of the final environmental impact report or statement prepared pursuant to subdivision (h) of Section 100.41 and prior to adopting a route location pursuant to that section.

CHAPTER 1062

An act relating to unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, the Director of Employment Development shall not at any time assess nor collect any interest or penalties for nonpayment on those billings sent to public entities on or after May 22, 1984, and before the effective date of this act, and which remain unpaid on the effective date of this act. The Director of Employment Development shall reimburse any public entity the amount of interest or penalties paid by that entity on any billings sent to that entity on or after May 22, 1984, and before the effective date of this act.

SEC. 2. When calculating a local agency's base year entitlement pursuant to the State Mandates Apportionments System as provided in Article 5 (commencing with Section 17615) of Chapter 4 of Part 7 of Division 4 of Title 2 of the Government Code, the Controller shall consider local government costs for the three relevant years using benefit billings, and not billings paid, from the Employment Development Department, plus local administrative costs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reimburse local entities for state-mandated costs incurred pursuant to the provisions of Chapter 2 of the Statutes of 1978 as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 1063

An act relating to the health of older adults.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds that the misuse of prescription and over-the-counter medicines constitutes a serious problem in California. This problem is particularly acute among the elderly, as the high prevalence of chronic disease in this group results

in their being the heaviest users of medication.

(b) The Legislature further finds the improper use of medications can nullify their beneficial effects, result in dangerous side effects, and cause iatrogenic illness. In the elderly, these risks are compounded by the aging process and resultant changes in dosage requirements, administration difficulties due to loss of vision and the complexity of multiple medication regimens, lack of understanding of the purposes and action of drugs and health status, and the costs of medical supervision over extended periods of time.

SEC. 2. There is hereby created the Legislative Task Force on Medication Misuse to investigate and assess the effectiveness of privately and publicly funded medication education programs directed towards the elderly. The task force shall investigate and consider the need for medication education programs, the comparative efficacy and cost effectiveness of operating programs, and the benefits of medication education programs. The task force may hold public hearings as it deems necessary.

SEC. 3. The task force shall design a model medication program and brochure in consultation with the private sector. The program shall seek and train volunteers to operate the program, and shall finance the program and brochure through the solicitation of funding from the private sector.

On or before June 1, 1988, the Task Force on Medication Misuse shall report to the Legislature on its findings, conclusions, and recommendations and on the implementation of its volunteer medication program.

SEC. 4. The task force shall consist of eight members, to be appointed by the Joint Rules Committee. One member shall represent each of the following: the State Department of Health Services, the Triple-A Council of California, the Senior Legislature, the California Conference of Local Health Department Nursing Directors, the Health Officers Association of California, the California Medical Association, the Department of Aging, and the California Pharmacists Association. Members of the task force shall serve without compensation and shall provide for their own expenses. The task force shall be terminated on June 1, 1988.

CHAPTER 1064

An act to add and repeal Section 31483 of the Water Code, relating to county water districts.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 31483 is added to the Water Code, to read:

31483. (a) Notwithstanding any other provision of this division, the Contra Costa Water District may from time to time issue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) for the purpose of financing the acquisition of land and land rights and the construction, improvement, or acquisition of any facilities necessary or convenient for the storage, transmission, distribution, or treatment of water for beneficial use, except that the provisions of Sections 54380 to 54387, inclusive, of the Government Code shall not apply to the issuance and sale of bonds pursuant to this section.

(b) The board shall not proceed under this section until it has submitted to the qualified voters of the district at a special election called by a resolution of the board a proposition as to whether the district may authorize and sell revenue bonds under this section. The proposition shall set forth generally the proposed facilities to be financed and the costs thereof. If a majority of the voters of the district voting on the proposition at the election vote in favor of the proposition, the board may proceed to issue and sell revenue bonds as provided in this section. If the proposition fails to carry at the election, the proposition shall not again be voted upon until at least six months have elapsed since the date of the last election at which the proposition was submitted.

(c) The resolution calling the election shall fix the date on which the election is to be held, the proposition to be submitted at the election, the manner of holding the election and of voting for or against the proposition, and shall state that in all other particulars the election shall be held and the votes canvassed as provided by law for the holding of elections within the district. The election may be held separately or may be consolidated with any other election authorized by law at which the voters of the district may vote.

(d) This section shall remain in effect only until January 1, 1997, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1997, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique water quality problems within the Contra

Costa Water District which are not common to the other districts organized pursuant to the County Water District Law.

The source of the district's water supply is the Sacramento-San Joaquin Delta, the quality of which varies over a wide range. Reservoirs and pumps, pipelines, and appurtenant facilities are necessary to enable the district to store large quantities of good quality water when it is available for later use during periods when water in the delta is unsuitable for municipal and industrial use. These facilities may be capable of benefiting other areas adjacent to the district. Vast amounts of capital will be needed from time to time to finance the facilities.

This act is necessary, therefore, to finance efficiently and fairly vital water facilities and to allocate the costs thereof equitably among the various areas and regions benefited thereby.

CHAPTER 1065

An act to add and repeal Chapter 3.2 (commencing with Section 8250) of Division 1 of Title 2 of the Government Code, relating to state agencies, and making an appropriation therefor.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.2 (commencing with Section 8250) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 3.2. SELF-ESTEEM, AND PERSONAL AND SOCIAL RESPONSIBILITY

8250. The Legislature finds and declares all the following:

(a) The continuation and future success of our democratic system of government and society are dependent upon the exercise of responsible citizenship by each and every Californian.

(b) The Legislature and Governor are elected by the people of California and charged with the responsibility of addressing and, hopefully, solving our major behavioral social problems. The most effective way to accomplish that is to proceed to discover the root causes and promote appropriate cures of those problems. The Legislature and the Governor are further charged with implementing cost-effective measures which are preventive in nature and which offer the state the probability of significant cost savings relative to program costs. The relatively minor cost of a 25-person, staffed task force compared to the likelihood of major state savings in social programs is in the best interests of the state and in the best tradition of conservative fiscal policy.

(c) It is therefore appropriate that the Legislature and Governor seek out and promote, in the best possible manner, the most cost-effective and human solutions to our social problems, and especially seek to discover, address, eradicate, and thereby prevent, the root causes of these problems.

(d) Each year the Legislature passes and the Governor signs thousands of bills, support hundreds of programs, and appropriate billions of dollars trying to prevent, cure, or clean up after, many seemingly intractable social problems, including crime, violence, alcoholism, drug abuse, child abuse and teenage pregnancy and chronic welfare dependency, children failing to learn, and many other problems.

(e) The government is by itself unable, nor is it the sole responsibility of the government, to solve all social problems. A legitimate and perhaps the most valuable function of government is to provide to the people information and education that enables its citizens to better understand in theory and apply in practice so as to become self-sufficient and less needful of government.

(f) The length and extent of the Legislature's and the state government's responsibility for, and involvement in, addressing these problems will be ultimately best reduced by educating the people of this state so that Californians will become more able and responsible in preventing and in solving, rather than causing, these various problems in our individual lives, relationships, families, and communities.

(g) Low self-esteem may well have a wide-ranging, negative influence on individual human conduct, the costs of which both in human and societal terms are manifested in a number of ways, many of which convert into significant expenditure of state moneys. If so, these human costs and the costs to government could be reduced by raising the self-esteem level of our citizenry.

(h) A body of research studies now exists which begins to document the causal relationship between self-esteem, which is a developed sense of one's inherent worth as a person, and the growth and development of healthy responsible individuals, and the mature exercise of responsible, productive citizenship.

(i) This causal relationship of low self-esteem to social problems in individuals has already been acknowledged by both the Legislature and the Governor, as well as many researchers. These particular relationships include, and are not limited to, all of the following:

(1) Chronic abuse of alcohol, which seriously affects the families and employers of over 2 million adult Californians at an estimated thirteen billion dollars ($13,000,000,000) per year in medical costs and lost productivity.

(2) Other drug use and abuse, a three billion dollar ($3,000,000,000) industry in the state, which costs Californians two hundred thirty-five million dollars ($235,000,000) in direct medical expenses, four billion dollars ($4,000,000,000) in lost productivity, two

billion dollars ($2,000,000,000) in public safety and law enforcement, two hundred eighty-five million dollars ($285,000,000) in correctional expenses, and two hundred eighty million dollars ($280,000,000) in premature mortality expenses.

(3) Crime and violence, including spousal and child abuse.

(4) Recidivism and chronic criminal behavior, resulting in the incarceration of over 325,000 California citizens at an annual cost of seventeen thousand dollars ($17,000) per person, and a total estimated correctional budget of two billion dollars ($2,000,000,000) in the 1985–86 fiscal year, nearly one-third of the entire criminal justice budget. The Attorney General estimates criminal activities cost California citizens six billion dollars ($6,000,000,000) in 1985 and one billion six hundred million dollars ($1,600,000,000) in construction costs of new prison facilities alone.

(5) Chronic welfare dependency and the failure of personal initiative, responsibility, and self-sufficiency.

(6) Teenage pregnancy, up 9 percent since 1979, which in 1984 alone resulted in 50,000 births to teenage parents, 70,000 teenage abortions, and 17,000 teenage miscarriages in California alone. In addition, California has the second highest teenage pregnancy rate (14 percent), the highest teenage abortion rate (6.9 percent), and a ratio of teenage miscarriages which is in the highest one-fifth of the states in the United States.

(7) Failure to learn and resultant widespread dropout problems, especially in our secondary schools.

(j) There is now emerging, in theory and in practice, practical applications of esteem building and esteem restoring within virtually every public social service and educational system.

(k) Self-esteem is not intended to support in any way an ethic of mediocrity, but instead to lay foundations for real human excellence.

(*l*) There is yet an insufficient widespread public recognition of the significance and implication of self-esteem in causing our major social problems, and insufficient incorporation of this information and understanding in our personal lives and relationships.

(m) Research and practice is increasingly showing that most individual behavior is largely motivated by self-perception and self-image. Increased self-esteem tends to enable persons to become more confident, creative, productive, and successful which, in turn, translates into a society which is healthier, safer, more productive, and less costly.

(n) Further academic research on the relationship of self-esteem to personal and social responsibility is crucial, and is within the appropriate purview of the University of California and other public and private universities and research entities.

(o) It is incumbent upon all Californians, in order to promote the exercise of responsible citizenship, to identify, explore, and enhance policies, programs, and environments which are most conducive to the development of high self-esteem, and to identify and eliminate policies, programs, and environments which are detrimental to the

development of high self-esteem and therefore detrimental to the exercise of responsible citizenship.

(p) While there is some recognition, expertise, and experience in the state's executive departments and in study bodies of the Legislature about how existing state programs and policies affect self-esteem and the exercise of responsible citizenship, it is so far insufficient to effectively provide the leadership Californians need and deserve in this respect and in everyday operations.

(q) There is a need to translate information about self-esteem into everyday terms understandable to laypersons.

(r) It is necessary from time-to-time to enlist the vision, expertise, and voluntary commitment of private California citizens, unconstrained as they may be by the demands or imposed perceptual limits of daily responsibilities of state bureaucratic program management and operation, in order to bring to public awareness the most valuable information on addressing our social problems. Such an examination may include legislators and other political or institutional entities, but is best and most credibly accomplished by a broadly constituted, representative body of lay citizens whose single common denominator is their individual commitment to solving problems and, in this instance, to fostering high self-esteem and eradicating barriers to self-esteem and discovering the causes and cures of lowered self-esteem.

(s) Therefore, by credibly and publicly compiling all such existing research from academic, departmental, programmatic, and legislative sources, and by enlisting the expertise of a lay citizen's commission whose charge is to make practical, cost-effective recommendations as to the application of that research in both policy and program, the citizens of this state will be better enabled to live more responsibly, and to exercise a higher degree of responsible citizenship upon which the continuation and success of our democracy depends.

(t) It will likely prove cost-effective, in both human and dollar terms, to design and promulgate a California plan for the promotion of healthy self-esteem, and personal and social responsibility. Such a plan would have as its major component the focusing of our attention on increasing knowledge and understanding of self-esteem and the practical application of this knowledge in personal and public policy and programs.

(u) A statewide citizens' effort, constituted of committed lay citizens who have demonstrated exceptional abilities, vision, commitment, and experience in the enhancement of social responsibility and citizenship, is the means most likely to accomplish these purposes, in a manner credible to all Californians.

8250.1. The Legislature further finds all of the following:

(a) The California Commission on Crime Control and Violence Prevention, a laypersons' commission, established by Chapter 990 of the Statutes of 1979 (AB 23), is model legislation which resulted in the publication of the final report "Ounces of Prevention" now

widely accepted by universities and the law enforcement community throughout California as one of the most important and seminal studies on the root causes and prevention of violence and criminal behavior.

(b) The findings of the Commission on Crime Control and Violence Prevention included scientific evidence of the correlation between violent antisocial behavior and a lack of self-esteem, to wit: "A lack of self-esteem, negative or criminal self-image and feelings of distrust and personal powerlessness are prevalent among violent offenders and highly recidivistic criminals."

(c) Such a limited, short-term citizens' effort is proving to be a cost-efficient way in which citizens can, through our government, assist all Californians to better understand and get to the roots of our problems.

(d) As a result of this commission's efforts, in 1984 legislation was passed overwhelmingly by both houses of the Legislature and signed into law by Governor George Deukmejian, whereby the State of California is, in cooperation with major foundations and corporations, currently providing matching funds under the auspices of the Office of Criminal Justice Planning. Californians Preventing Violence, a statewide nonprofit organization founded to more fully realize the recommendations of the commission, and to initiate pilot projects at the community level, is one of the agencies receiving these matching funds. Californians Preventing Violence today provides education, training, and technical assistance to individuals and community organizations in furtherance of the commission's findings and recommendations. There exists a high degree of professional and public approval for the work of Californians Preventing Violence in the pilot community program as well as in promoting the commission's recommendations statewide.

(e) As a model for legislation of far-reaching impact and importance in truly addressing the root causes of our social problems, the California Commission on Crime Control and Violence Prevention, the "Ounces of Prevention" report, and the public-private partnership of the resultant pilot project conducted by Californians Preventing Violence are proving to be cost-effective and sound problem-solving tools.

(e) A California Task Force to Promote Self-Esteem, Personal and Social Responsibility could be modeled after this successful prototype, and would offer an equally hopeful, cost-effective, and sound process to educate all Californians about the causes and prevention of social problems, and to promote the exercise of responsible citizenship among Californians.

8250.5. It is the intent of the Legislature to do all of the following:

(a) Promote the exercise of responsible citizenship, so as to enable individuals to become personally involved in the creation of policies, programs, and environments as will enhance self-esteem, personal and social responsibility, and, therefore, responsible citizenship.

(b) Establish, as a practical application supplement to academic

and programmatic research, a lay citizen's task force on the promotion of healthy self-esteem, and personal and social responsibility among all Californians.

(c) Generate an effort to involve and inform the public of California regarding the latest research and developments in the field of the relationship of self-esteem to the causes of many of our major social prolems, and how healthy self-esteem is nurtured, harmed, and rehabilitated.

8250.8. Unless the context otherwise indicates, as used in this chapter, "task force" means the California Task Force to Promote Self-Esteem, and Personal and Social Responsibility.

8251. (a) There is in state government the California Task Force to Promote Self-Esteem, and Personal and Social Responsibility for all of the following purposes:

(1) Compiling the world's most credible and contemporary research regarding whether healthy self-esteem relates to the development of personal responsibility and social problems, including, but not limited to:

(A) Crime and violence.

(B) Alcoholism and drug abuse.

(C) Child abuse.

(D) Teenage pregnancy.

(E) Prostitution.

(F) Chronic welfare dependency.

(G) The failure of children to learn.

(2) Insofar as the conclusion to paragraph (1) is in the affirmative, compiling the world's most contemporary and credible research regarding how healthy self-esteem is nurtured, harmed or reduced, and rehabilitated.

(3) Insofar as the conclusion to paragraph (1) is in the affirmative, conducting a survey of self-esteem programs operating in California, and compiling a listing of the most effective of those programs.

(4) Promoting public and personal awareness and understanding of the knowledge, policies, and programs which are most likely to be effective in the building of healthy self-esteem as a way of preventing social problems.

(5) Providing the Governor and the Legislature with a plan for incorporating findings regarding self-esteem, as appropriate, into policy development and for educating all Californians about these matters.

8251.5. (a) In order to provide breadth of perspective and public credibility, the task force shall consist of 25 members, broadly reflective of the general public of California, including ethnic minorities, women, and persons from varying economic levels, all of whom have demonstrated abilities, vision, or experience in the enhancement of self-esteem, personal and social responsibility, and good citizenship.

(b) The membership of the task force shall include: the Attorney General, the Superintendent of Public Instruction, the Secretary of

Youth and Adult Correctional Agency, and the Secretary of Health and Welfare or their designees.

(2) The Senate Rules Committee shall appoint six citizen members, at least two of whom shall be from a list provided by the leader of the minority party. The Speaker of the Assembly shall appoint six citizen members, at least two of whom shall be from a list provided by the leader of the minority party.

(4) Each appointing authority shall make the required appointments within 30 days of the effective date of this chapter. The Governor or his designee shall call the first meeting of the task force within 45 days of the effective date of this act.

(c) In making appointments to the task force, each appointing authority is encouraged to appoint persons from varying backgrounds and opinions to create a balanced task force. Appointments shall be made from among California citizens who have demonstrated abilities, vision or experience in the promotion of self-esteem, personal and social responsibility, and responsible citizenship. Appointing authorities are encouraged to include, at least one, but no more than five, persons from each of the following:

(1) Law enforcement.
(2) Corrections.
(3) Mental health.
(4) Social science.
(5) Education.
(6) Religion.
(7) Organizational development.
(8) Psychology or counseling.
(9) Media.
(10) Community-based service organizations.

It is encouraged that appointees also represent ex-convicts, victims of violent crime, students, and recipients of aid under either the Aid to Families with Dependent Children program, provided for under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, or of a county general assistance program, provided for under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code.

(d) In the event of a resignation, the inability of a member to continue service, or other vacancy, a new member shall be appointed to the task force by the original appointing authority in accordance with the requirements applicable to an original appointment.

(e) Task force members shall be reimbursed for their travel and per diem expenses.

(f) The chairperson shall appoint a search committee reflective of the composition of the task force, which shall, in turn, make recommendations to the task force concerning the employment of the executive director and other appropriate staff. The task force

may delegate to an executive committee comprised of its members the responsibility of overseeing the operations of the task force. This delegation, however, shall not release a task force member from the obligations imposed by this chapter.

(g) Office facilities and other in-kind service shall be provided by the Office of Criminal Justice Planning.

8252. The task force shall do all of the following:

(1) Compile the leading research concerning the relationship between healthy self-esteem, personal and social responsibility, and the following social problems:

(A) Crime and violence.

(B) Alcoholism and drug abuse.

(C) Welfare dependency.

(D) Children failing to learn in school.

(E) Teenage pregnancy.

(F) Child and spousal abuse.

(G) Recidivism.

(2) Compile the leading research and programmatic practice information available regarding how healthy self-esteem is nurtured and developed, harmed, and rehabilitated.

(3) Search out and compile a listing of the model programs in California which have as their intention, and which indicate encouraging levels of success, the development of healthy self-esteem or the rehabilitation of healthy self-esteem.

(4) Otherwise seek to ascertain and identify policies and programs which support the development of healthy self-esteem and personal and social responsibility attendant thereupon.

(5) Survey government and other public institutions, including government agencies, schools, and public assistance programs, to determine whether the manner in which they treat people serves to dehumanize persons and adversely affect their healthy self-esteem.

(6) Determine ways in which government and its institutions can be more supportive of the development and perpetuation of healthy self-esteem, either internally or externally.

(7) Determine ways in which nongovernmental institutions, including family, social, and religious organizations, can be more supportive of the development and perpetuation of healthy self-esteem, either internally or externally.

(8) Identify and encourage further research and other available information relevant to the relation of self-esteem to the cause and causes of the social problems enumerated herein.

8253. In undertaking to accomplish the tasks enumerated in 8252, the task force shall consider, with respect to how they interrelate with healthy self-esteem, relevant institutions and practices, including, but not limited to, all of the following:

(1) Prenatal care and birthing.

(2) Infant and child care.

(3) Parenting and parent education.

(4) Hunger and poverty.

8254. In undertaking to accomplish the tasks enumerated in 8252, the task force is authorized to:

(a) Sponsor and conduct public hearings, conferences, and other efforts, collect and disseminate information, and issue periodic reports relating to its findings, concerning self-esteem and its appropriate role in social problems and regarding what policies and programs effectively enhance the development of healthy self-esteem and personal and social responsibility.

(b) Make findings and recommendations applicable to the relevant areas of study as specified in this chapter that will enhance the broadest possible understanding and appreciation by policymakers and program operators and all Californians of the relationship between healthy self-esteem and personal and social responsibility, toward their improving their personal and public policies and programs resulting in the increased exercise of personal and social responsibility. In making those recommendations, the task force shall do all of the following:

(1) Include recommendations which address the immediate and long-term possible impacts of each area of study, as well as specific proposals for immediate implementation, especially looking toward the development of a broader and deeper public awareness of the relationship of positive self-esteem to the exercise of responsible citizenship and the relationship of low self-esteem to all of the following:

(A) Violence and crime.
(B) Alcoholism and drug abuse.
(C) Welfare dependency.
(D) Teenage pregnancy.
(E) Academic failure.
(F) Recidivism.
(G) Child and spousal abuse.
(H) Generally, the relationship of low self-esteem to the failure of responsible citizenship.

(2) Include in its findings, conclusions, and recommendations proposals leading to voluntary, more responsible personal actions, rather than government mandate, and shall also include, but not be limited to, possible legislation, departmental regulations, funding for the establishment, replication, and expansion of proven programs, and other matters of state policy and administration.

(3) To include in these policy and program recommendations,

whenever possible, quantifiable cost-benefit analyses and seek whenever possible to utilize existing programs which are effectively managed and which are local, private, and community based in nature.

(c) Identify and promote ways in which nongovernmental institutions, including family, and social and religious organizations, can be more effectively enlisted in the development of healthy self-esteem and of environments more conducive to the exercise of responsible citizenship.

(g) Discover whether and how the Legislature can use this information in public policymaking.

(h) Translate its findings and recommendations into laypersons' language, so as to be readily usable and valuable in their lives and families and practices.

(i) Inform the California public about self-esteem, its role and its development, so that each Californian can personally benefit his or her own life, relationships, family, and community.

8255. (a) The task force shall report its progress to the Legislature by January 15, 1988, and January 15, 1989, and submit its findings and recommendations in a final report to the Legislature on or before January 15, 1990.

(b) The task force shall publish its final report in at least 10,000 copies and shall provide one to every public library in the state, and one to every public and private university library in the state, and shall distribute copies to interested citizens upon request as long as copies are available.

8256. This chapter shall become inoperative on July 1, 1990, and, as of January 1, 1991, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1991, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. The sum of two hundred forty-five thousand dollars ($245,000) is hereby appropriated from the General Fund to the California Task Force to Promote Self-Esteem, and Personal and Social Responsibility for the purposes of this act. However, this appropriation shall be reduced by the amount of any funds received by the commission from the federal government or any agency thereof for the purposes of this act. It is the intention of the Legislature to appropriate a like amount through the budget process for each of the second and third years of the task force's existence.
