(d) In all matters where the minor is not in custody and is already a ward of the court or a probationer under Section 602, the prosecuting attorney, within five judicial days of receipt of the affidavit from the probation officer, shall institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 of this code and Section 26500 of the Government Code, unless it appears to the prosecuting attorney that the affidavit was not properly referred or that the offense for which the minor was referred requires additional substantiating information, in which case he or she shall immediately notify the probation officer of what further action he or she is taking.

SEC. 4. Section 658 of the Welfare and Institutions Code is amended to read:

658. (a) Except as provided in subdivision (b), upon the filing of the petition, the clerk of the juvenile court shall issue a notice, to which shall be attached a copy of the petition, and he shall cause the same to be served upon the minor, if the minor is eight or more years of age, and upon each of the persons described in subdivision (e) of Section 656 whose residence addresses are set forth in said petition and thereafter before the hearing upon all such persons whose residence addresses become known to the clerk. The clerk shall issue a copy of the petition, to the minor's attorney and to the district attorney, if the district attorney has notified the clerk of the court that he wishes to receive such petition, containing the time, date, and place of the hearing.

(b) Upon the filing of a supplemental petition where the minor has been declared a ward of the court or a probationer under Section 602 in the original matter, the clerk of the juvenile court shall issue a notice, to which shall be attached a copy of the petition, and he or she shall cause the notice to be served upon the minor, if the minor is eight or more years of age, and upon each of the persons described in subdivision (e) of Section 656 whose residence addresses are set forth in the supplemental petition and thereafter known to the clerk. The clerk shall issue a copy of the supplemental petition to the minor's attorney, and to the district attorney if the probation officer is the petitioner, or, to the probation officer if the district attorney is the petitioner, containing the time, date, and place of the hearing.

SEC. 5. Section 777 of the Welfare and Institutions Code is amended to read:

777. An order changing or modifying a previous order by removing a minor from the physical custody of a parent, guardian, relative, or friend and directing placement in a foster home, or commitment to a private institution or commitment to a county institution, or an order changing or modifying a previous order by directing commitment to the Youth Authority shall be made only after noticed hearing upon a supplemental petition.

(a) The supplemental petition shall be filed as follows:

(1) By the probation officer where a minor has been declared a ward of the court or a probationer under Section 601 in the original matter and shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the minor.

(2) By the probation officer if the minor is a court ward or probationer under Section 602 in the original matter and the supplemental petition alleges a violation of a condition of probation not amounting to a crime. The petition shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the minor. By the prosecuting attorney at the request of the probation officer if a minor has been declared a ward or probationer under Section 602 in the original matter and the petition alleges a violation of a condition of probation amounting to a crime. The petition shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the minor.

(3) Where the probation officer is the petitioner pursuant to paragraph (2), if prior to the attachment of jeopardy at the time of the jurisdictional hearing it appears to the prosecuting attorney that the minor is not a person described by subdivision (a) or that the supplemental petition was not properly charged, the prosecuting attorney may make a motion to dismiss the supplemental petition and may request that the matter be referred to the probation officer for whatever action the prosecuting attorney or probation officer may deem appropriate.

(b) Notwithstanding the provisions of subdivision (a), if the petition alleges a violation of a condition of probation and is for the commitment of a minor to a county juvenile institution for a period of 30 days or less, or for a less restrictive disposition, it is not necessary to allege and prove that the previous disposition has not been effective in the rehabilitation or protection of the minor. However, before any period of commitment in excess of 15 days is ordered, the court shall determine and consider the effect that an extended commitment period would have on the minor's schooling, including possible loss of credits, and on any current employment of the minor. In order to make such a commitment the court must, however, find that the commitment is in the best interest of the minor. The provisions of this subdivision may not be utilized more than twice during the time the minor is a ward of the court.

(c) Upon the filing of a supplemental petition, the clerk of the juvenile court shall immediately set the same for hearing within 30 days, and the probation officer shall cause notice of it to be served upon the persons and in the manner prescribed by Sections 658 and 660.

(d) An order for the detention of the minor pending adjudication of the petition may be made only after a hearing is conducted pursuant to Article 15 (commencing with Section 625) of this chapter.

(e) The filing of a supplemental petition and the hearing thereon shall not be required for the commitment of a minor to a county institution for a period of 30 days or less pursuant to an original or a previous order imposing a specified time in custody and staying the enforcement of the order subject to subsequent violation of a condition or conditions of probation, provided that in order to make the commitment, the court finds at a hearing that the minor has violated a condition of probation.

SEC. 6. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

In addition, in the case of a district which includes portions of more than one county, the notice shall be published in each county not less than 30 days prior to the date of the hearings.

(c) Notice published pursuant to subdivision (b) shall invite written public comment and indicate the name, address, and telephone number of the district officer to whom these comments are to be addressed, and the date by which comments are to be received.

40726. The public hearing held pursuant to Section 40725 shall provide for the submission of statements, arguments, or contentions, either oral, written, or both. A district board may continue or postpone the hearing from time to time, to a time and place as it shall determine. Following consideration of all relevant matter presented, a district board may adopt, amend, or repeal a rule or regulation, unless the board makes changes in the text originally made available to the public that are so substantial as to significantly affect the meaning of the proposed rule or regulation. The board shall not take action on a changed text before its next regular meeting, and shall allow further statements, arguments, and contentions, either written, oral, or both, to be made and considered prior to taking final

action.

40727. (a) Before adopting, amending, or repealing a rule or regulation, the district board shall make findings of necessity, authority, clarity, and consistency as defined in this section, based upon relevant information presented at the hearing.

(b) As used in this section, "necessity" means that a need exists for the regulation, or for its amendment or repeal, as demonstrated by the record of the rulemaking authority.

(c) As used in this section, "authority" means that a provision of law or of a state or federal regulation permits or requires the regional agency to adopt, amend, or repeal the regulation.

(d) As used in this section, "clarity" means that the regulation is written or displayed so that its meaning can be easily understood by the persons directly affected by it.

(e) As used in this section, "consistency" means that the regulation is in harmony with, and not in conflict with or contradictory to, existing statutes, court decisions, or state or federal regulations.

40728. Every district shall maintain a file of each regulation which shall be deemed to be the record for that rulemaking proceeding. The file shall include all of the following:

(a) Copies of any petitions received by the district from interested persons proposing the adoption, amendment, or repeal of the regulation.

(b) Copies of published notices of proposed adoption, amendment, or repeal of the regulation.

(c) All data and other factual information, any studies or reports, and written comments submitted to the district in connection with the adoption, amendment, or repeal of the regulation.

(d) A transcript, recording, or minutes of any public hearing connected with the adoption, amendment, or repeal of the regulation.

(e) The text of regulations as originally proposed, and the modified text of regulations, if any, that were made available to the public prior to the adoption.

SEC. 3. Section 13245.5 is added to the Water Code, to read:

13245.5. Guidelines adopted by a regional board shall not become effective unless and until approved by the state board.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 759

(b) This section does not authorize those persons described in subdivision (a) to equip a vehicle with a light bar if prohibited by other provisions of existing law or regulation.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SECTION 1. Section 1054.5 of the Fish and Game Code is amended to read:

1054.5. (d) The handling charge added under subdivision (b) shall be incorporated into the total amount collected for issuing the punch card, license, license stamp, or license tag, but the handling charge shall not be included when determining license fees in accordance with Section 713. No license agent shall collect from the license applicant any amount which is less than the fee prescribed in this code, or in regulations adopted pursuant to this code, for any punch card, license, license stamp, or license tag issued.

(e) The handling charge required by subdivision (b) is the license agent's only compensation for services. No other additional fee or charge shall be made by the license agent for issuing punch cards, licenses, license stamps, or license tags authorized under this section.

(f) In order to facilitate the prompt remittance of fees and more accurate accounting of licenses, license stamps, and license tags provided for issuance to license agents, the department shall provide them in books containing licenses, license stamps, or license tags that do not exceed the total fees for 20 resident sportfishing licenses. Any license agent who does not return them within 20 days following the last day of the license year shall not be provided additional punch cards, licenses, license stamps, or license tags until the unissued and expired punch cards, licenses, license stamps, and license tags have been returned to the department. In addition, any unissued and expired item that is not returned within 60 days following the last day of the license year shall not be eligible for any refund or credit.

The upgrade stamp fee shall be equal to the difference in the fee determined under subdivision (a) of Section 7149 and the fee determined under subdivision (b) of Section 7149. The handling charge for a resident sportfishing license upgrade stamp is the amount determined by the department, but not to exceed fifty cents ($0.50).

"Blind person" means a person with central vision acuity of 20/200 or less in the better eye, with the aid of the best possible correcting glasses, or central visual acuity better than 20/200 if the widest diameter of the remaining visual field is no greater than 20 degrees. Proof of blindness shall be by certification from a qualified licensed optometrist or optharnologist or by presentation of a license issued pursuant to this paragraph in the preceding license year.

(d) There shall be appropriated from the General Fund a sum equal to two dollars ($2) per free sportfishing license issued under subdivisions (a) and (b), as determined by the department pursuant to subdivision (c). That sum may be appropriated annually in the Budget Act for transfer to the Fish and Game Preservation Fund and appropriated in the Budget Act from the Fish and Game Preservation Fund to the department for the purposes of this part.

CHAPTER 763

An act to amend Sections 8283, 8436, 8780, and 8870 of, to amend and repeal Section 8150.5 of, to add Section 8436.5 to, and to add and repeal Section 8151 of, the Fish and Game Code, relating to fish, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 8150.5 of the Fish and Game Code, as amended by Section 1 of Chapter 638 of the Statutes of 1973, is amended to read:

8150.5. Sardines may not be taken or possessed on any boat, barge, or vessel except pursuant to Section 8150.7.

(a) However, loads or lots of fish may contain 15 percent or less by weight of sardines which are taken incidentally to other fishing operations and which are mixed with the other fish in the load or lot.

(b) Sardines incidentally taken under subdivision (a) or Section 8151 may be possessed and used for any purpose. However, if 250 tons of sardines are incidentally taken and landed during any calendar year, any additional sardines may be taken and possessed for canning, reduction, or live bait purposes only. The department shall announce, in an expeditious manner likely to inform interested persons, of the time at which the 250 tons of sardines have been incidentally taken and landed.

(c) This section does not prohibit the possession and use of sardines imported into this state under a bill of lading identifying the country of origin.

(d) Imported sardines may be used for dead bait under regulations as the commission may prescribe.

(e) Subdivision (a) is operative only when Section 8151 is not operative. Subdivisions (b), (c), and (d) are operative and apply regardless of whether subdivision (a) or Section 8151 is operative.

(f) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 8150.5 of the Fish and Game Code, as amended by Section 1 of Chapter 638 of the Statutes of 1973, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 8151 is added to the Fish and Game Code, to read:

8151. (a) Notwithstanding Section 8150.5, the tolerance for sardines taken incidentally to other fishing operations and mixed with other fish in a load shall be 25 percent if, using the mackerel

fishery as an indicator, the overall percentage of incidentally taken sardines mixed with jack mackerel and Pacific mackerel during the preceding month exceeded 5 percent. Thereafter, the tolerance shall increase by additional 10-percent increments whenever the overall percentage of incidentally taken sardines during the preceding month exceeded one-third of the previously established tolerance. The overall percentage of incidentally taken sardines shall be determined monthly by dividing the weight of sardines taken incidentally with jack mackerel and Pacific mackerel by the weight of all jack mackerel, Pacific mackerel, and sardines landed by the mackerel fishery.

(b) If the overall percentage of incidentally taken sardines has been less than one-fourth of the tolerance in effect during the preceding three-month period and the tolerance has not been adjusted during this three-month period, the tolerance for incidentally taken sardines shall be decreased by deducting one 10-percent increment from the tolerance.

(c) Under no circumstances shall the tolerance be more than 45 percent or less than 15 percent.

(d) The department shall inform the commission of any change in the status of the tolerance for incidentally taken sardines, and the commission shall immediately direct the department to notify commercial fishermen of the status of the tolerance by broadcasting on VHF Channel 16 between 0800 hours and 1000 hours during the first five business days of each calendar month. It is the responsibility of commercial fishermen to monitor this radio channel during the specified hours or otherwise to be aware of the status of the tolerance for incidentally taken sardines.

(e) The commission shall hold public hearings to consider the implementation of this section and shall report annually to the Legislature on the status of the sardine resource and may also make recommendations to the Legislature regarding this section or its implementation.

(f) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.

SEC. 3. Section 8283 of the Fish and Game Code is amended to read:

8283. (a) The director may specify, by public announcement, when crab traps may be set and baited prior to the opening date of the dungeness crab season in Districts 6, 7, 8, and 9, and crab traps may be set and baited in advance of that opening date under the announcement if no other attempt is made to take or possess dungeness crab in those districts.

(b) Except in Districts 6, 7, 8, and 9, crab traps may be set and baited 18 hours in advance of the opening date of the dungeness crab season if no other attempt is made to take or possess dungeness crab.

SEC. 4. Section 8436 of the Fish and Game Code is amended to read:

8436. Except as provided in Section 8436.5, no fish of the family Centrarchidae (Sacramento perch, crappie, black bass, and sunfish) may be sold or purchased, other than fish which are grown pursuant to Division 12 (commencing with Section 15000).

SEC. 5. Section 8436.5 is added to the Fish and Game Code, to read:

8436.5. Notwithstanding Section 8436, the commission shall adopt regulations which authorize the importation and sale of dead fish of the family Centrarchidae if the fish have been lawfully taken outside of California, they have been taken in another state or foreign country that permits their sale, and they are brought into California with a bill of lading or similar accountable documentation specifying the origin of the fish.

SEC. 6. Section 8780 of the Fish and Game Code is amended to read:

8780. As used in this chapter, the term "bait net" means a lampara or round haul type net the mesh of which is constructed of twine not exceeding Standard No. 9 medium cotton seine twine or synthetic twine of equivalent size or strength. The net shall not have rings along the lead line or any method of pursing the bottom of the net.

Bait nets may be used to take fish for bait in Districts 6, 7, 8, 9, 10, 11, 12, 13, 15, 16, 17, 18, 19, 19A, 19B, 20A, 21, 118, and 118.5.

In District 19A, bait nets may be used only to take anchovies, queenfish, white croakers, and smelt for bait only. Bait nets may not be used within 750 feet of Seal Beach Pier or Belmont Pier.

No other species of fish may be taken on any boat carrying a bait net in District 19A.

SEC. 7. Section 8870 of the Fish and Game Code is amended to read:

8870. Dip nets may be used subject to the following restrictions:

(a) In Districts 1, 1½, 2, 3, and 4, dip nets may not be baited, and may not measure more than six feet in greatest breadth.

(b) In District 19, hand-held dip nets 30 feet or less in greatest breadth may be used. In that district dip nets may not be used within 750 feet of any pier, wharf, jetty, or breakwater, except to take anchovies, squids, and sardines for bait, and to take smelt.

(c) In District 20, hand-held dip nets 30 feet or less in greatest breadth may be used.

SEC. 8. The Legislature finds and declares that it is in the best interests of California fishermen and the management of the commercial dungeness crab fishery to provide for consistency between California and Oregon management policies relating to the setting of dungeness crab traps at the beginning of the season of northern California and Oregon. Therefore, it is the intent of Section 3 of this act to provide the director with the authority to allow California fishermen to set and bait crab traps prior to the opening date of the northern California dungeness crab season in Districts 6, 7, 8, and 9 which are consistent with corresponding Oregon

regulations.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

As the sardine resource continues to be rehabilitated, the increase in sardines could have an unintended effect on impeding the legitimate fishing activities of commercial fishermen, thus imperiling their livelihood. The statutes which were enacted to avoid these necessary hardships on commercial fishermen will expire on July 1, 1986. Also, it is necessary to allow use of feasible equipment in Districts 19 and 20, it is necessary to conform the northern California dungeness crab trapping practices to the competing Oregon fishery in the 1986 fishing season, and it is necessary to permit commerce in imported, dead fresh fish as soon as practicable. It is, therefore, necessary that this act take effect immediately.

CHAPTER 764

An act to amend Sections 11876 and 11877.5 of, to add Sections 11877.6, 11877.7, 11877.8, 11877.9, 11877.10, 11877.11, 11877.12, 11877.13 and 11877.14, to, and to repeal Section 11877.1 of, the Health and Safety Code, relating to methadone programs.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11876 of the Health and Safety Code is amended to read:

11876. (a) In addition to the duties authorized by other provisions, the department shall have all of the following powers:

(1) Authority to license the establishment of methadone programs in this state, except that the Research Advisory Panel shall have authority to approve methadone research programs. The department shall establish the criteria for the eligibility of patients to be included in the programs, program operation guidelines, such as dosage levels, recordkeeping and reporting, urinalysis requirements, take-home doses of methadone, security against redistribution of the drug and any other regulations which, in its discretion, the department finds are necessary to protect the safety and well-being of the patient and the public and to carry out the provisions of this chapter. A program may admit a patient to methadone maintenance or methadone detoxification treatment seven days after completion of a prior withdrawal treatment episode. The arrest and conviction records and the records of pending charges against any person seeking admission to a methadone

program shall be furnished to methadone program directors upon written request of the methadone program director provided such request is accompanied by a signed release from the person whose records are being requested.

(2) To inspect methadone programs in this state to ensure that programs are operating within promulgated regulations. The department shall have sole responsibility for compliance inspections of all programs in each county. Annual compliance inspections shall consist of an evaluation by onsite review of the operations and records of licensed methadone programs' compliance with applicable state and federal laws and regulations. At the conclusion of each inspection visit, the department shall conduct an exit conference to explain the cited deficiencies to the program staff and to provide recommendations for improved operations. The department shall provide an inspection report to the licensee describing the program deficiencies and a corrective action plan shall be required from the program. A subsequent inspection of the program shall be conducted to determine if the corrective action has been implemented satisfactorily. Inspection of methadone programs shall be based on objective criteria, as provided in regulations adopted by the department. Nothing in this section shall preclude counties from monitoring their contract providers for compliance with contract requirements.

(3) To charge and collect licensure fees. In calculating the licensure fees the department shall include staff salaries and benefits, related travel costs, and state operational and administrative costs. Fees shall be used to offset licensure and inspection costs not to exceed actual costs.

(4) To study and evaluate, on an ongoing basis, methadone programs.

(5) To provide advice, consultation, and technical assistance to methadone programs.

(6) In its discretion, to approve local agencies or bodies to assist it in carrying out the provisions of this chapter provided that the department may not delegate responsibility for inspection or any other licensure activity without prior and specific statutory approval. However, the department shall evaluate recommendations made by drug program administrators regarding licensing activity in their respective counties.

(7) The director may grant exceptions to the regulations adopted under this chapter if he or she determines that this action would improve treatment services or achieve greater protection to the health and safety of patients or the general public. No exception may be granted if it is contrary to, or less stringent than, the federal laws and regulations which govern methadone programs.

(b) It is the intent of the Legislature in enacting this section in order to protect the general public, that self-administered dosage shall only be provided when the patient is clearly adhering to the requirements of the program, and where daily attendance at a clinic

would be incompatible with gainful employment, education, and responsible homemaking. The department shall define "satisfactory adherence" and shall ensure that patients not satisfactorily adhering to their programs shall not be provided take-home dosage.

(c) There is established in the State Treasury a Methadone Program Licensing Trust Fund. All licensure fees collected from the providers of methadone service shall be deposited in this fund. Except as otherwise provided in this section, if funds remain in this fund after appropriation by the Legislature and allocation for the costs associated with methadone licensure actions and inspection of methadone programs, a percentage of the excess funds shall be annually rebated to the licensees based on the percentage their licensing fee is of the total amount of fees collected by the department. A reserve equal to 10 percent of the total licensure fees collected during the preceding fiscal year may be held in the trust account to reimburse the department if actual cost for the licensure and inspection exceed fees collected during a fiscal year.

(d) Notwithstanding any provision of this code or regulations to the contrary, the department shall have sole responsibility and authority for determining if a state methadone license shall be granted and for administratively establishing the maximum treatment capacity of any such license. However, the department shall not increase the capacity of a program unless it determines that the licensee is operating in full compliance with applicable laws and regulations.

SEC. 1.5. Section 11877.1 of the Health and Safety Code is repealed.

SEC. 2. Section 11877.5 of the Health and Safety Code is amended to read:

11877.5. Each methadone program in this state, except methadone research programs approved by the Research Advisory Panel, shall be licensed by the department. Each methadone program, other than a program owned and operated by the state, county, city, or city and county, shall, upon application for licensure and for renewal of a license, pay an annual license fee to the department. Annual license renewal date shall be on the yearly anniversary of the most recent license until July 1, 1987. July 1, shall be the annual license renewal date thereafter. The department shall set a fee for licensing which shall be at a level sufficient to cover all administrative costs associated with licensing incurred by the department, but shall not increase at a rate greater than the Consumer Price Index. The fees shall include the department's share of prorata charges for the expenses of state government. The fee may be paid quarterly in arrears as determined by the department. Second and subsequent inspection visits to methadone programs which are operating in noncompliance with the applicable laws and regulations shall be charged a rate of one-half the program's annual license fee or one thousand dollars ($1,000), whichever is less for each visit. Licensing shall be contingent upon determination by the

department that the program is in compliance with applicable laws and regulations and upon payment of the licensing fee. A license shall not be transferable.

As used in this chapter, "license" means a basic permit to operate a methadone treatment program. The license shall be issued exclusively by the department and operated in accordance with a patient capacity that shall be specified, approved, and monitored solely by the department.

Existing methadone treatment programs which are licensed by the department on January 1, 1987, shall be extended until June 30, 1987. License fees shall be charged for this six-month extension period. Thereafter all licenses shall be issued annually from July 1 through June 30.

SEC. 3. Section 11877.6 is added to the Health and Safety Code, to read:

11877.6. The director may deny the application for initial issuance of a license if the applicant, or any partner, officer, director, or 10 percent or greater shareholder:

(a) Fails to meet the qualifications for licensure established by the department pursuant to this article. However, the director may waive any established qualification for licensure of a methadone treatment program if he or she determines that it is reasonably necessary in the interests of the public health and welfare.

(b) Was previously the holder of a license issued under this article, which license was revoked and never reissued, or which license was suspended and not reinstated.

(c) Misrepresented any material fact in the application.

(d) Committed any act involving fraud, dishonesty, or deceit, with the intent to substantially benefit himself or herself or another or substantially injure another, and the act is substantially related to the qualification, functions or duties of, or relating to, a methadone program license.

(e) Was convicted of any crime substantially related to the qualifications, functions or duties of, or relating to, a methadone program license.

(f) The director, in considering whether to deny licensure under subdivision (d) or (e), shall determine whether the applicant is rehabilitated after considering all of the following criteria:

(1) The nature and severity of the act or crime.

(2) The time that has elapsed since the commission of the act or crime.

(3) The commission by the applicant of other acts or crimes constituting grounds for denial of the license under this section.

(4) The extent to which the applicant has complied with terms of restitution, probation, parole, or any other sanction or order lawfully imposed against the applicant.

(5) Other evidence of rehabilitation submitted by the applicant.

SEC. 4. Section 11877.7 is added to the Health and Safety Code, to read:

11877.7. The director may suspend or revoke any license issued under the provisions of this article, or deny an application to renew a license or to modify the terms and conditions of a license, upon any of the following grounds and in the manner provided in this article:

(a) Violation by the licensee of any provision of this article or regulations adopted under this article which relate to the health and safety of the patients or the general public.

(b) Violation by the licensee of any laws or regulations of the United States Food and Drug Administration or the United States Department of Justice, Drug Enforcement Administration which are applicable to methadone programs.

(c) Repeated violation by the licensee of any of the provisions of this article or regulations adopted under this article.

(d) Aiding, abetting, or permitting the violation of, or any repeated violation of, any of the provisions set forth in subdivision (a), (b), or (c).

(e) Conduct in the operation of a methadone program which is inimical to the health, welfare, or safety of either an individual in, or receiving services from the program or the people of the State of California.

(f) The conviction of the licensee, or any partner, officer, director, or 10 percent or greater shareholder, at any time during licensure, of a crime substantially related to the qualifications, functions or duties of, or relating to, a methadone program licensee.

(g) The commission by the licensee, or any partner, officer, director, or 10 percent or greater shareholder, at any time during licensure, of any act involving fraud, dishonesty, or deceit, with the intent to substantially benefit himself or herself or another, or substantially to injure another and which act is substantially related to the qualifications, functions or duties of, or relating to, a methadone program licensee.

(h) Diversion of methadone. A program's failure to maintain a methadone reconciliation system which accounts for all incoming and outgoing methadone as required by departmental or federal regulations, shall create a rebuttable presumption that methadone is being diverted.

(i) Misrepresentation of any material fact in obtaining the methadone program license.

(j) Failure to comply with a department order to cease admitting patients or to cease providing patients with take-home dosages of methadone.

(k) Failure to pay any civil penalty assessed pursuant to paragraph (3) of subdivision (a) of Section 11877.14 where the penalty has become final, unless payment arrangements acceptable to the department have been made.

SEC. 5. Section 11877.8 is added to the Health and Safety Code, to read:

11877.8. (a) The department may cease review of an application for a license if:

(1) An application for a license indicates, or the department determines during the application inspection process, that the applicant was issued a license under this article and the prior license was revoked within the preceding two years. The department shall cease any further review of the application until two years have elapsed from the date of the revocation.

(2) An application for a license indicates, or the department determines during the application inspection process, that the applicant was denied a license under this article within the preceding year. The department shall cease any further review of the application until one year has elapsed from the date of the denial.

(b) The department may cease review of an application for license renewal if either of the following occur:

(1) The applicant has not paid the required license fee.

(2) The county in which the licensee is located certifies to the department's satisfaction that there is no need for the methadone program because of a substantial decline in medically qualified methadone patients in the licensee's catchment area, or clearly demonstrates that other applicants for licensure can provide more efficient, cost-effective and sufficient methadone services in the catchment area, or that the license should not be renewed due to one of the grounds which are enumerated in Section 11877.7.

(c) Upon cessation of review, the license shall be permitted to expire by its own terms. However, if the licensee subsequently submits the items, the absence of which led to the cessation of review, the department may reinstate the license.

(d) Cessation of review shall not constitute a denial of the application for purposes of Sections 11877.6 and 11877.7.

SEC. 6. Section 11877.9 is added to the Health and Safety Code, to read:

11877.9. A methadone program license shall automatically terminate if the United States Food and Drug Administration withdraws or revokes its approval of the program, or if the United States Department of Justice, Drug Enforcement Administration, revokes the program's registration.

SEC. 7. Section 11877.10 is added to the Health and Safety Code, to read:

11877.10. Except as provided in Section 11877.14, proceedings for the suspension, revocation, or denial of a license or cessation of review of a renewal license under this article, except where there has been a failure to pay required fees, under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the department shall have all the powers granted thereby. In the event of conflict between this article and the Administrative Procedure Act, the Administrative Procedure Act shall prevail.

SEC. 8. Section 11877.11 is added to the Health and Safety Code, to read:

11877.11. (a) The withdrawal of an application for a license after

it has been filed with the department shall not, unless the department consents in writing to the withdrawal, deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the license upon any ground provided by law or to enter an order denying the license upon any ground provided by law.

(b) The suspension, expiration, or forfeiture by operation of law of a license issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the licensee upon any ground provided by law or to enter an order suspending or revoking the license or otherwise taking disciplinary action against the licensee upon any ground provided by law.

SEC. 9. Section 11877.12 is added to the Health and Safety Code, to read:

11877.12. For purposes of this article, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this article, the record of conviction, or a certified copy thereof, shall be conclusive evidence of the conviction.

SEC. 10. Section 11877.13 is added to the Health and Safety Code, to read:

11877.13. The director may bring an action to enjoin the violation of Section 11877.5, or the violation of a departmental order issued pursuant to Section 11877.14, in the superior court in and for the county in which the violation occurred. Any proceeding under the provisions of this section shall conform to the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure. The rebuttable presumption set forth in subdivision (h) of Section 11877.7 shall be applicable. If the court finds the allegations to be true, it shall issue its order enjoining the methadone program from continuance of the violation.

SEC. 11. Section 11877.14 is added to the Health and Safety Code, to read:

11877.14. (a) (1) The director may, in addition to any other remedy, issue an order that prohibits a methadone program from admitting patients or from providing patients with take-home dosages of methadone when the director determines pursuant to the

compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11876, that a program has done any of the following:

(A) Failed to provide adequate security measures over its methadone supply as agreed in the program's approved protocol.

(B) Failed to maintain a methadone reconciliation system which accounts for all incoming and outgoing methadone.

(C) Diverted methadone.

(D) Repeatedly violated one or more departmental or federal regulations governing methadone treatment programs, which violations may subject or may have subjected a patient to a health- or life-endangering situation.

(E) Repeatedly violated one or more departmental or federal regulations governing the provisions of take-home medication.

(2) (A) The order becomes effective when the department serves the program with a copy of the order. The order shall state the deficiencies forming the basis for the order and shall state the corrective action required for the department to vacate the order. The department shall vacate the order when the program submits a corrective action plan that reasonably addresses the deficiency or substantially conforms to the required action set out in the order.

(B) The department shall notify the program that the corrective action is accepted or rejected within 10 working days after receipt of the plan. If the department rejects the corrective action plan, it shall detail its reason in writing. The department order is vacated when the department accepts a corrective action plan or fails to reject a plan within 10 working days after receipt of the plan.

(3) In addition to any other remedies, a failure of the program to comply with the order of the department under this subdivision shall give rise to a civil penalty of five hundred dollars ($500) a day for each day that the order is violated.

(4) All civil penalties collected by the department under paragraph (3) shall be deposited in the Methadone Program Licensing Trust Fund and be used to offset the department's costs associated with collecting the civil penalties, or associated with any civil, administrative, or criminal action against the program when appropriated for this purpose.

(b) (1) The director may, in addition to any other remedy, issue an order temporarily suspending a methadone program license prior to any administrative hearing for the reasons stated in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (a) when the department determines pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11876, that the action is necessary to protect patients of the program from any substantial threat to their health or safety, or to protect the health or safety of the people of the State of California. Prior to issuing the order the director shall assure continuity of patient care by the program's guarantor or through the transfer of patients to other licensed programs. The director may issue any needed license

or amend any other license in his or her effort to assure that patient care is not impacted adversely by the suspension order.

(2) The director shall notify the licensee of the temporary suspension and the effective date thereof and at the same time shall serve the licensee with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible, but not later than 20 days, exclusive of weekends, after receipt of the notice. The temporary suspension shall remain in effect until such time as the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 20 days after the original hearing has been completed. Failure to cease operating after the department issues an order temporarily suspending the license shall constitute an additional ground for license revocation and shall constitute a violation of Section 11877.6.

(3) Failure of the licensee to cease operating after the director issues a temporary suspension order under paragraph (1) shall constitute an additional ground for license revocation.

(c) A program may, at any time after it is served with an order, petition the superior court to review the department's issuance of an order or rejection of a corrective action plan.

CHAPTER 765

An act to add Section 365.5 to the Penal Code, relating to physically disabled persons.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 365.5 is added to the Penal Code, to read:

365.5. (a) Any blind person, deaf person, or physically disabled person who is a passenger on any common carrier, airplane, motor vehicle, railway train, motorbus, streetcar, boat, or any other public conveyance or mode of transportation operating within this state, shall be entitled to have with him or her a specially trained guide dog, signal dog, or service dog.

(b) No blind person, deaf person, or physically disabled person and his or her specially trained guide dog, signal dog, or service dog shall be denied admittance to hotels, restaurants, lodging places, places of public accommodation, amusement, or resort or other places to which the general public is invited within this state because of that guide dog, signal dog, or service dog.

(c) Any person, firm, association, or corporation, or the agent of

any person, firm, association, or corporation, who prevents a blind person, deaf person, or physically disabled person from exercising the rights specified in this section is guilty of an infraction, punishable by a fine not exceeding two hundred fifty dollars ($250).

(d) As used in this section, "guide dog" means any guide dog or seeing-eye dog which was trained by a person licensed under Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code.

(e) As used in this section, "signal dog" means any dog trained to alert a deaf person, or a person whose hearing is impaired, to intruders or sounds.

(f) As used in this section "service dog" means any dog individually trained to do work or perform tasks to meet the requirements of a physically disabled person, including, but not limited to, minimal protection work, rescue work, pulling a wheelchair, or fetching dropped items.

(g) Nothing in this section is intended to affect any civil remedies available for a violation of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 766

An act to amend Sections 8302, 8304, and 8321 of the Commercial Code, and to amend Sections 163, 174, 183, 313, 407, 409, 411, 412, 416, 417, 418, 422, 423, 509, 705, 1302, 1303, 1305, 2115, 2201, 2251, 5342, 5515, 7515, 9414, 12465, and 25117 of, and to add Sections 109.5, 156.1, 171.1, 191.1, and 12446 to, the Corporations Code, relating to corporations.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 8302 of the Commercial Code is amended to read:

8302. (1) A "bona fide purchaser" is a purchaser for value in good faith and without notice of any adverse claim as to whom any of the following apply:

(a) Who takes delivery of a certificated security in bearer form or in registered form, issued or endorsed to him or her or in blank.

(b) To whom the transfer, pledge, or release of an uncertificated security is registered on the books of the issuer.

(c) To whom a security is transferred under the provisions of

paragraph (c), (d), (i), or (g) of subdivision (1) of Section 8313.

(2) "Adverse claim" includes a claim that a transfer was or would be wrongful or that a particular adverse person is the owner of or has an interest in the security.

(3) A bona fide purchaser in addition to acquiring the rights of a purchaser (Section 8301) also acquires his or her interest in the security free of any adverse claim.

(4) Notwithstanding subdivision (1) of Section 8301, the transferee of a particular security who has been a party to any fraud or illegality affecting the security, or who as a prior owner of that security had notice of an adverse claim, cannot improve his or her position by taking from a bona fide purchaser.

SEC. 2. Section 8304 of the Commercial Code is amended to read:

8304. (1) A purchaser (including a broker for the seller or buyer, but excluding an intermediary bank) of a certificated security is charged with notice of adverse claims if:

(a) The security, whether in bearer or registered form, has been endorsed "for collection" or "for surrender" or for some other purpose not involving transfer.

(b) The security is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor. The mere writing of a name on a security is not such a statement.

(2) A purchaser (including a broker for the seller or buyer, but excluding an intermediary bank) to whom the transfer, pledge, or release of an uncertificated security is registered is charged with notice of adverse claims as to which the issuer has a duty under subdivision (7) of Section 8403 at the time of registration and which are noted in the initial transaction statement sent to the purchaser or, if his or her interest is transferred to him or her other than by registration of transfer, pledge, or release, the initial transaction statement sent to the registered owner or the registered pledgee.

(3) The fact that the purchaser (including a broker for the seller or buyer) of a certificated or uncertificated security has notice that the security is held for a third person or is registered in the name of or indorsed by a fiduciary does not create a duty of inquiry into the rightfulness of the transfer or constitute constructive notice of adverse claims. However, if the purchaser (excluding an intermediary bank) has knowledge that the proceeds are being used or the transaction is for the individual benefit of the fiduciary or otherwise in breach of duty, the purchaser is charged with notice of adverse claims.

SEC. 3. Section 8321 of the Commercial Code is amended to read:

8321. (1) A security interest in a security is enforceable and can attach only if both:

(a) The security, if certificated, is in the possession of the secured party pursuant to agreement, or, as to any other certificated security and any uncertificated security, the debtor has signed a security agreement which contains a description of the collateral (Section 9110).

(b) The security is transferred to the secured party or a person designated by him or her pursuant to a provision of subdivision (1) of Section 8313.

(2) A security interest so transferred pursuant to agreement by a transferor who has rights in the security to a transferee who has given value is a perfected security interest, but a security interest that has been transferred solely under paragraph (i) of subdivision (1) of Section 8313 becomes unperfected after 21 days unless, within that time, the requirements for transfer under any other provision of subdivision (1) of Section 8313 are satisfied. A security interest is perfected by possession of a certificated security from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this division. The security interest may be otherwise perfected as provided in this division before or after the period of possession by the secured party.

(3) A security interest in a security is subject to the provisions of Division 9 (commencing with Section 9101), except that no filing is required to perfect the security interest.

The secured party has the rights and duties provided under Section 9207, to the extent they are applicable, whether or not the security is certificated, and, if certificated, whether or not it is in his or her possession.

(4) Unless otherwise agreed, a security interest in a security (and the proceeds thereof) is terminated by transfer from the secured party to the debtor or a person designated by him or her pursuant to a provision of subdivision (1) of Section 8313. If a security is thus transferred, the security interest, if not terminated, becomes unperfected unless the security is certificated and is delivered to the debtor for the purpose of ultimate sale or exchange or presentation, collection, renewal, or registration of transfer. In that case, the security interest becomes unperfected after 21 days unless, within that time, the security (or securities for which it has been exchanged) is transferred to the secured party or a person designated by him or her pursuant to a provision of subdivision (1) of Section 8313.

(5) Any action otherwise required by this division is not necessary to perfect a security interest in a security issued by the federal government or any agency or instrumentality thereof if a federal statute or regulation provides a method for perfection of the security interest different from those specified in this division. A security interest in such a security that is perfected in accordance with such a federal statute or regulation is a perfected security interest. To the extent applicable federal law does not provide to the contrary, a security interest in such a security that has been granted pursuant to agreement by a transferor who has rights in the security to a transferee who has given value but as to which the transferee has not taken an action required for perfection by an applicable federal statute or regulation is a perfected security interest, but such a security interest becomes unperfected after 21 days unless, within

that time, the federally required action is taken or the requirements for perfection under this division (other than paragraph (i) of subdivision (1) of Section 8313) are satisfied.

SEC. 4. Section 109.5 is added to the Corporations Code, to read:

109.5. (a) Provisions of the articles described in paragraph (3) of subdivision (e) of Section 202 and subdivision (a) and (b) of Section 204 may be made dependent upon facts ascertainable outside the articles, if the manner in which those facts shall operate upon those provisions is clearly and expressly set forth in the articles. Similarly, any of the terms of an agreement of merger pursuant to Section 1101 may be made dependent upon facts ascertainable outside that agreement, if the manner in which those facts shall operate upon the terms of the agreement is clearly and expressly set forth in the agreement of merger.

(b) Notwithstanding subdivision (a), when any provisions or terms of articles or an agreement of merger are made dependent upon facts ascertainable outside the filed instrument through a reference to an agreement or similar document, the corporation filing that instrument shall (1) maintain at its principal executive office a copy of any such agreement or document and all amendments and (2) provide to its shareholders, in the case of articles, or to shareholders of any constituent corporation, in the case of an agreement of merger, a copy of them upon written request and without charge.

(c) If the reference to an agreement or contract is a reference to an agreement or contract to which the corporation is a party (a "referenced agreement" in this section), any amendment or revision of the referenced agreement requires shareholder approval, in addition to approvals otherwise required, in the following instances and no other:

(1) If the amendment or revision of the referenced agreement would result in a material change in the rights, preferences, privileges or restrictions of a class or series of shares, the amendment or revision of the referenced agreement is required to be approved by the outstanding shares (Section 152) of that class or series.

(2) If the amendment or revision of the referenced agreement would result in a material change in the rights or liabilities of any class or series of shares with respect to the subject matter of paragraph (1), (2), (3), (5), or (9) of subdivision (a) of Section 204, the amendment or revision of the referenced agreement is required to be approved by the outstanding shares (Section 152) of that class or series.

(3) If the amendment or revision of the referenced agreement would result in a material change in the restrictions on transfer or hypothecation of any class or series of shares, the amendment or revision of the referenced agreement is required to be approved by the outstanding shares (Section 152) of that class or series.

(4) If the amendment or revision of the referenced agreement would result in a change of any of the principal terms of an

agreement of merger, the amendment or revision of the referenced agreement is required to be approved in the same manner as required by Section 1104 for a change in the principal terms of an agreement of merger.

SEC. 5. Section 156.1 is added to the Corporations Code, to read:

156.1. "Certificated security" means a share (Section 184), or an obligation of the issuer, described in paragraph (a) of subdivision (1) of Section 8102 of the Commercial Code.

SEC. 6. Section 163 of the Corporations Code is amended to read:

163. "Corporation subject to the Banking Law" (Division 1 (commencing with Section 99) of the Financial Code) means:

(a) Any corporation which, with the approval of the Superintendent of Banks, is incorporated for the purpose of engaging in, or which is authorized by the Superintendent of Banks to engage in, the commercial banking business.

(c) Any corporation which is authorized by the Superintendent of Banks and the Commissioner of Insurance to maintain a title insurance department to engage in title insurance business and a trust department to engage in trust business; or

(d) Any corporation which, with the approval of the Superintendent of Banks, is incorporated for the purpose of engaging in, or which is authorized by the Superintendent of Banks to engage in, business under Article 1 (commencing with Section 3500), Chapter 19, Division 1 of the Financial Code.

SEC. 7. Section 171.1 is added to the Corporations Code, to read:

171.1. "Initial transaction statement" means an initial transaction statement as defined in subdivision (4) of Section 8408 of the Commercial Code, and "written statements," when used in connection with uncertificated securities, means the written statements referred to in subdivisions (6) and (7) of Section 8408 of the Commercial Code.

SEC. 8. Section 174 of the Corporations Code is amended to read:

174. "On the certificate" means that a statement appears on the face of a share certificate or on the reverse thereof with a reference thereto on the face or, in the case of an uncertificated security, that the applicable provisions of subdivision (b) of Section 8103, paragraph (b) or (c) of subdivision (1) of Section 8202, subdivision (b) of Section 8204, subdivision (2) of Section 8304, or Section 8408 of the Commercial Code have been complied with.

SEC. 9. Section 183 of the Corporations Code is amended to read:

183. "Series" of shares means those shares within a class which have the same rights, preferences, privileges and restrictions but which differ in one or more rights, preferences, privileges or restrictions from other shares within the same class. Certificated

securities and uncertificated securities do not constitute different series if the only difference is certificated and uncertificated status.

SEC. 10. Section 191.1 is added to the Corporations Code, to read:

191.1. "Uncertificated security" means a share (Section 184), or an obligation of the issuer, described in paragraph (b) of subdivision (1) of Section 8102 of the Commercial Code.

SEC. 11. Section 313 of the Corporations Code is amended to read:

313. Subject to the provisions of subdivision (a) of Section 208, any note, mortgage, evidence of indebtedness, contract, share certificate, initial transaction statement or written statement, conveyance, or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any corporation and any other person, when signed by the chairman of the board, the president or any vice president and the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

SEC. 12. Section 407 of the Corporations Code is amended to read:

407. A corporation may, but is not required to, issue fractions of a share originally or upon transfer. If it does not issue fractions of a share, it shall in connection with any original issuance of shares (a) arrange for the disposition of fractional interests by those entitled thereto, (b) pay in cash the fair value of fractions of a share as of the time when those entitled to receive such fractions are determined or (c) issue scrip or warrants in registered form, as certificated securities or uncertificated securities, or bearer form as certificated securities, which shall entitle the holder to receive a certificate for a full share upon the surrender of such scrip or warrants aggregating a full share; provided, however, that, if the fraction of a share which any person would otherwise be entitled to receive in a merger or reorganization is less than one-half of 1 percent of the total shares such person is entitled to receive, a merger or reorganization agreement may provide that fractions of a share will be disregarded or that shares issuable in the merger will be rounded off to the nearest whole share; and provided, further, that a corporation may not pay cash for fractional shares if such action would result in the cancellation of more than 10 percent of the outstanding shares of any class. A determination by the board of the fair value of fractions of a share shall be conclusive in the absence of fraud. A certificate for a fractional share shall, but scrip or warrants shall not unless otherwise provided therein, entitle the holder to exercise voting rights, to receive dividends thereon and to participate in any of the assets of the corporation in the event of liquidation. The board may cause scrip or warrants to be issued subject to the condition that they shall become void if not exchanged for full shares before a specified

date or that the shares for which scrip or warrants are exchangeable may be sold by the corporation and the proceeds thereof distributed to the holder of the scrip or warrants or any other condition which the board may impose.

SEC. 13. Section 409 of the Corporations Code is amended to read:

409. (a) Shares may be issued:

(1) For such consideration as is determined from time to time by the board, or by the shareholders if the articles so provide, consisting of any or all of the following: money paid; labor done; services actually rendered to the corporation or for its benefit or in its formation or reorganization; debts or securities canceled; and tangible or intangible property actually received either by the issuing corporation or by a wholly owned subsidiary; but neither promissory notes of the purchaser (unless adequately secured by collateral other than the shares acquired or unless permitted by Section 408) nor future services shall constitute payment or part payment for shares of the corporation; or

(2) As a share dividend or upon a stock split, reverse stock split, reclassification of outstanding shares into shares of another class, conversion of outstanding shares into shares of another class, exchange of outstanding shares for shares of another class or other change affecting outstanding shares.

(b) Except as provided in subdivision (d), shares issued as provided in this section or Section 408 shall be declared and taken to be fully paid stock and not liable to any further call nor shall the holder thereof be liable for any further payments under the provisions of this division. In the absence of fraud in the transaction, the judgment of the directors as to the value of the consideration for shares shall be conclusive.

(c) If the articles reserve to the shareholders the right to determine the consideration for the issue of any shares, such determination shall be made by approval of the outstanding shares (Section 152).

(d) A corporation may issue the whole or any part of its shares as partly paid and subject to call for the remainder of the consideration to be paid therefor. On the certificate issued to represent any such partly paid shares or, for uncertificated securities, on the initial transaction statement for such partly paid shares, the total amount of the consideration to be paid therefor and the amount paid thereon shall be stated. Upon the declaration of any dividend on fully paid shares, the corporation shall declare a dividend upon partly paid shares of the same class, but only upon the basis of the percentage of the consideration actually paid thereon.

(e) The board shall state by resolution its determination of the fair value to the corporation in monetary terms of any consideration other than money for which shares are issued. This subdivision does not affect the accounting treatment of any transaction, which shall be in conformity with generally accepted accounting principles.

SEC. 14. Section 411 of the Corporations Code is amended to read:

411. A transferee of shares for which the full agreed consideration has not been paid to the issuing corporation, who acquired them in good faith, without knowledge that they were not paid in full or to the extent stated on the certificate representing them or, in the case of uncertificated securities, on the applicable initial transaction statement, is liable only for the amount shown by the certificate or statement to be unpaid on the shares represented thereby, until the transferee transfers the shares to one who becomes liable therefor; provided that the transferor shall remain personally liable if so provided on the certificate or statement or agreed upon in writing. The liability of any holder of such shares who derives title through such a transferee and who is not a party to any fraud affecting the issue of the shares is the same as that of the transferee through whom title is derived.

SEC. 15. Section 412 of the Corporations Code is amended to read:

412. Every transferee of partly paid shares who acquired them under a certificate or initial transaction statement showing the fact of part payment, and every transferee of such shares (other than a transferee who derives title through a holder in good faith without knowledge and who is not a party to any fraud affecting the issue of such shares) who acquired them with actual knowledge that the full agreed consideration had not been paid to the extent stated on the certificate or initial transaction statement, is personally liable to the corporation for installments of the amount unpaid becoming due until the shares are transferred to one who becomes liable therefor; provided that the transferor shall remain personally liable if so provided on the certificate, initial transaction statement, or written statement, or agreed upon in writing.

SEC. 16. Section 416 of the Corporations Code is amended to read:

416. (a) Every holder of shares in a corporation shall be entitled to have a certificate signed in the name of the corporation by the chairman or vice chairman of the board or the president or a vice president and by the chief financial officer or an assistant treasurer or the secretary or any assistant secretary, certifying the number of shares and the class or series of shares owned by the shareholder. Any or all of the signatures on the certificate may be facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate has ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the corporation with the same effect as if such person were an officer, transfer agent or registrar at the date of issue.

(b) Notwithstanding subdivision (a), a corporation may adopt a system of issuance, recordation and transfer of its shares by electronic or other means not involving any issuance of certificates, including provisions for notice to purchasers in substitution for the required

statements on certificates under Sections 417, 418, and 1302, and as may be required by the commissioner in administering the Corporate Securities Law of 1968, which system (1) has been approved by the United States Securities and Exchange Commission, (2) is authorized in any statute of the United States, or (3) is in accordance with Division 8 (commencing with Section 8101) of the Commercial Code. Any system so adopted shall not become effective as to issued and outstanding certificated securities until the certificates therefor have been surrendered to the corporation.

SEC. 17. Section 417 of the Corporations Code is amended to read:

417. If the shares of the corporation are classified or if any class of shares has two or more series, there shall appear on the certificate or, in the case of uncertificated securities, the initial transaction statement and written statements, one of the following:

(a) A statement of the rights, preferences, privileges and restrictions granted to or imposed upon each class or series of shares authorized to be issued and upon the holders thereof.

(b) A summary of such rights, preferences, privileges and restrictions with reference to the provisions of the articles and any certificates of determination establishing the same.

(c) A statement setting forth the office or agency of the corporation from which shareholders may obtain, upon request and without charge, a copy of the statement referred to in subdivision (a).

SEC. 18. Section 418 of the Corporations Code is amended to read:

418. (a) There shall also appear on the certificate, the initial transaction statement, and written statements (unless stated or summarized under subdivision (a) or (b) of Section 417) the statements required by all of the following clauses to the extent applicable:

(1) The fact that the shares are subject to restrictions upon transfer.

(2) If the shares are assessable or are not fully paid, a statement that they are assessable or the statements required by subdivision (d) of Section 409 if they are not fully paid.

(3) The fact that the shares are subject to a voting agreement under subdivision (a) of Section 706 or an irrevocable proxy under subdivision (e) of Section 705 or restrictions upon voting rights contractually imposed by the corporation.

(4) The fact that the shares are redeemable.

(5) The fact that the shares are convertible and the period for conversion.

Any such statement or reference thereto (Section 174) on the face of the certificate, the initial transaction statement, and written statements required by paragraph (1) or (2) shall be conspicuous.

(b) Unless stated on the certificate, the initial transaction statement, and written statements as required by subdivision (a), no

restriction upon transfer, no right of redemption and no voting agreement under subdivision (a) of Section 706, no irrevocable proxy under subdivision (e) of Section 705, and no voting restriction imposed by the corporation shall be enforceable against a transferee of the shares without actual knowledge of such restriction, right, agreement or proxy. With regard only to liability to assessment or for the unpaid portion of the subscription price, unless stated on the certificate as required by subdivision (a), that liability shall not be enforceable against a transferee of the shares. For the purpose of this subdivision, "transferee" includes a purchaser from the corporation.

(c) All certificates representing shares of a close corporation shall contain in addition to any other statements required by this section, the following conspicuous legend on the face thereof: "This corporation is a close corporation. The number of holders of record of its shares of all classes cannot exceed _____ [a number not in excess of 35]. Any attempted voluntary inter vivos transfer which would violate this requirement is void. Refer to the articles, bylaws and any agreements on file with the secretary of the corporation for further restrictions."

(d) Any attempted voluntary inter vivos transfer of the shares of a close corporation which would result in the number of holders of record of its shares exceeding the maximum number specified in its articles is void if the certificate contains the legend required by subdivision (c).

SEC. 19. Section 422 of the Corporations Code is amended to read:

422. (a) When the articles are amended in any way affecting the statements contained in the certificates for outstanding shares, or it becomes desirable for any reason, in the discretion of the board, to cancel any outstanding certificate for shares and issue a new certificate therefor conforming to the rights of the holder, the board may order any holders of outstanding certificates for shares to surrender and exchange them for new certificates within a reasonable time to be fixed by the board.

(b) The order may provide that a holder of any certificates so ordered to be surrendered is not entitled to vote or to receive dividends or exercise any of the other rights of shareholders until the holder has complied with the order, but such order operates to suspend such rights only after notice and until compliance. The duty of surrender of any outstanding certificates may also be enforced by civil action.

(c) When the articles are amended in any way affecting the statements contained in the initial transaction statement or other written statements for outstanding uncertificated securities, or it becomes desirable for any reason, in the discretion of the board, to amend, revise, or supersede outstanding initial transaction statements or written statements, the board may order the issuance and delivery to holders of record of amended, revised, or superseding initial transaction statements or written statements.

SEC. 20. Section 423 of the Corporations Code is amended to read:

423. (a) Shares are not assessable except as provided in this section or as otherwise provided by a statute other than this division. If the articles expresssly confer such authority upon the corporation or the board, and subject to any limitations therein contained, the board may in its discretion levy and collect assessments upon all shares of any or all classes made subject to assessment by the articles. This authority is in addition to the right of the corporation to recover the unpaid subscription price of shares or the remainder of the consideration to be paid therefor.

(b) Every levy of an assessment shall: specify the amount thereof and to whom and where it is payable; fix, or if proceedings or filings with any governmental or other agency for any qualification, permit, registration or exemption therefrom are required as a condition precedent to the levy or payment of an assessment provide for the establishment of, a date on which the assessment is payable; fix a date, not less than 30 nor more than 60 days from the date on which the assessment is payable, on which such assessment becomes delinquent if not paid; and fix a date, not less than 15 nor more than 60 days from the date on which the unpaid assessment becomes delinquent, for the sale of delinquent shares. The levy also shall fix the hour and place of sale, which place shall be in the county where the corporation is required to keep a copy of its bylaws pursuant to Section 213, or if there is no such county, in Sacramento.

(c) On or before the date an assessment is payable, the secretary of the corporation shall give notice thereof in substantially the following form:

(Name of corporation in full. Location of principal executive office.)

Notice is hereby given that the board of directors on (date) has levied an assessment of (amount) per share upon the (name or designation of class or series of shares) of the corporation payable (to whom and where). Any shares upon which this assessment remains unpaid on (date fixed) will be delinquent. Unless payment is made prior to delinquency, the said shares, or as many of them as may be necessary, will be sold at (particular place) on (date) at (hour) of such date, to pay the delinquent assessment, together with a penalty of 5 percent of the amount of the assessment on such shares, or be forfeited to the corporation. (Name of secretary with location of office.)

(d) The notice shall be served personally upon each holder of record of shares assessed; provided, however, that in lieu of personal service the notice may be mailed to each such shareholder addressed to the last address of the shareholder appearing on the books of the corporation or given by the shareholder to the corporation for the purpose of notice, or if no such address appears or is given, at the place where the principal executive office of the corporation is located, and published once in some newspaper of general

circulation in the county in which the principal executive office of the corporation is located. If there is no such newspaper in such county, the publication shall be made in some newspaper of general circulation in an adjoining county.

(e) The assessment is a lien upon the shares assessed from the time of personal service or the publication of the notice of assessment, unless the articles provide for such lien from the time of the levy. Unless otherwise provided by law, a transfer of the shares on the books of the corporation after the lien of an assessment has attached is a waiver of the lien unless a conspicuous legend is placed on the face of any certificate issued upon such transfer or, in the case of uncertificated securities, on the initial transaction statement, setting forth the information contained in the notice required by subdivision (c). Such legend shall be removed if the assessment on the shares evidenced by the certificate is paid or if the shares are sold to pay the assessment or forfeited for nonpayment.

(f) The date of sale of delinquent shares fixed in any levy of an assessment may be extended from time to time for not more than 30 days at a time by order of the board entered on the records of the corporation, or when the sale is restrained by order of a court. Notice of such extension shall be given by announcement by the secretary, or other person authorized to conduct the sale, made at the time and place of sale last theretofore fixed.

If a date of sale of delinquent shares is extended for more than five days the corporation shall cause a notice to be mailed to the shareholder or shareholders whose shares are to be the subject of such sale setting forth the date and time to which the date of sale has been extended.

(g) If payment is made after delinquency and before the sale, the shareholder shall pay a penalty of 5 percent of the amount of the assessment on the shares in addition to the assessment.

(h) At the place and time appointed in the notice of levy any officer or an agent of the corporation, shall, unless otherwise ordered by the board, sell or cause to be sold to the highest bidder for cash as many shares of each delinquent holder of the assessed shares as may be necessary to pay the assessment and charges thereon according to the notice.

The person offering at the sale to pay the assessment and penalty for the smallest number of shares is the highest bidder. The shares purchased shall be transferred to the highest bidder on the share register of the corporation on the payment of the assessment and penalty and a new certificate or initial transaction statement therefor issued to such highest bidder.

A corporation is not required to accept an offer for a fraction of a share.

(i) If no bidder offers to pay the amount due on the shares, together with the penalty of 5 percent thereof, the shares shall be forfeited to the corporation in satisfaction of the assessment and penalty thereon.

(j) After a sale or forfeiture of shares for nonpayment of an assessment, the holder or owner of delinquent shares shall, if they are certificated securities, surrender the certificate for such shares to the corporation for cancellation or, if they are uncertificated securities, have no further rights with respect to such shares. This duty may be enforced by order or decree of court and such holder or owner shall be liable for damages to the corporation for failure to surrender the certificate for cancellation upon demand without good cause or excuse.

Any certificate not so surrendered forthwith becomes null and void and ceases to be evidence of the right or title of the holder or any transferee to the shares purporting to be represented thereby, and neither the corporation nor the purchaser of such shares incurs any liability thereon to any such transferee.

The purchaser of any shares, at a sale for delinquent assessments thereon, whenever made, is entitled to the issue of a new certificate representing the shares so purchased.

(k) The certificate of the secretary or assistant secretary of the corporation is prima facie evidence of the time and place of sale and any postponement thereof, of the quantity and particular description of the shares sold, to whom, for what price, and of the fact of payment of the purchase money. The certificate shall be filed in the office of the corporation, and copies of the certificate, certified by the secretary or an assistant secretary of the corporation, are prima facie evidence of the facts therein stated.

(*l*) An assessment is not invalidated by a failure to publish the notice of assessment, nor by the nonperformance of any act required in order to enforce the payment of the assessment; but in case of any substantial error or omission in the course of proceedings for collection of an assessment on any shares, all previous proceedings, except the levy of the assessment, are void as to such shares, and shall be taken anew.

(m) No action shall be maintained to recover shares sold for delinquent assessments, upon the ground of irregularity in the assessment, irregularity or defect of the notice of sale, or defect or irregularity in the sale, unless the party seeking to maintain the action first pays or tenders to the corporation, or the party holding the shares sold, the sum for which the shares were sold, together with all subsequent assessments which may have been paid thereon and interest on such sums from the time they were paid. No such action shall be maintained unless it is commenced by the filing of a complaint and the issuing of a summons thereon within six months after the sale was made.

(n) The only remedy for the collection of an assessment on fully paid shares is sale or forfeiture of the shares unless (1) remedy by action is expressly authorized in the original articles or by an amendment of the articles adopted before August 21, 1933, or by an amendment adopted on or after August 21, 1933, by unanimous consent of the shareholders, and (2) unless a statement of such

remedy appears on the face of any share certificate issued on or after August 21, 1933.

SEC. 21. Section 509 of the Corporations Code is amended to read:

509. (a) A corporation may redeem any or all shares which are redeemable at its option by (1) giving notice of redemption, and (2) payment or deposit of the redemption price of the shares as provided in its articles or deposit of the redemption price pursuant to subdivision (d).

(b) Subject to any provisions in the articles with respect to the notice required for redemption of shares, the corporation may give notice of the redemption of any or all shares subject to redemption by causing a notice of redemption to be published in a newspaper of general circulation in the county in which the principal executive office of the corporation is located at least once a week for two successive weeks, in each instance on any day of the week, commencing not earlier than 60 nor later than 20 days before the date fixed for redemption. The notice of redemption shall set forth all of the following:

(1) The class or series of shares or part of any class or series of shares to be redeemed.

(2) The date fixed for redemption.

(3) The redemption price.

(4) If the shares are certificated securities, the place at which the shareholders may obtain payment of the redemption price upon surrender of their share certificates.

(c) If the corporation gives notice of redemption pursuant to subdivision (b), it shall also mail a copy of the notice of redemption to each holder of record of shares to be redeemed as of the date of mailing or record date fixed in accordance with Section 701, addressed to the holder at the address of such holder appearing on the books of the corporation or given by the holder to the corporation for the purpose of notice, or if no such address appears or is given at the place where the principal executive office of the corporation is located, not earlier than 60 nor later than 20 days before the date fixed for redemption. Failure to comply with this subdivision does not invalidate the redemption of the shares.

(d) If, on or prior to any date fixed for redemption of redeemable shares, the corporation deposits with any bank or trust company in this state as a trust fund a sum sufficient to redeem, on the date fixed for redemption thereof, the shares called for redemption, with irrevocable instructions and authority to the bank or trust company to publish the notice of redemption thereof (or to complete such publication if theretofore commenced) and to pay, on and after the date fixed for redemption or prior thereto, the redemption price of the shares to their respective holders upon the surrender of their share certificates, then from and after the date of the deposit (although prior to the date fixed for redemption) the shares so called shall be redeemed and dividends on those shares shall cease to accrue

after the date fixed for redemption. The deposit shall constitute full payment of the shares to their holders and from and after the date of the deposit the shares shall no longer be outstanding and the holders thereof shall cease to be shareholders with respect to such shares and shall have no rights with respect thereto except the right to receive from the bank or trust company payment of the redemption price of the shares without interest, upon surrender of their certificates therefor, and any right to convert the shares which may exist and then continue for any period fixed by its terms.

SEC. 22. Section 705 of the Corporations Code is amended to read:

705. (a) Every person entitled to vote shares may authorize another person or persons to act by proxy with respect to such shares. Any proxy purporting to be executed in accordance with the provisions of this division shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto, except as otherwise provided in this section. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior proxy and presented to the meeting, or as to any meeting by attendance at such meeting and voting in person by the person executing the proxy. The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(c) A proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) Except when other provision shall have been made by written agreement between the parties, the recordholder of shares which such person holds as pledgee or otherwise as security or which belong to another shall issue to the pledgor or to the owner of such shares, upon demand therefor and payment of necessary expenses thereof, a proxy to vote or take other action thereon.

(e) A proxy which states that it is irrevocable is irrevocable for the period specified therein (notwithstanding subdivision (c)) when it is held by any of the following or a nominee of any of the following:

(1) A pledgee.

(2) A person who has purchased or agreed to purchase or holds an option to purchase the shares or a person who has sold a portion of such person's shares in the corporation to the maker of the proxy.

(3) A creditor or creditors of the corporation or the shareholder who extended or continued credit to the corporation or the shareholder in consideration of the proxy if the proxy states that it was given in consideration of such extension or continuation of credit and the name of the person extending or continuing credit.

(4) A person who has contracted to perform services as an

employee of the corporation, if a proxy is required by the contract of employment and if the proxy states that it was given in consideration of such contract of employment, the name of the employee and the period of employment contracted for.

(5) A person designated by or under an agreement under Section 706.

(6) A beneficiary of a trust with respect to shares held by the trust.

In addition to the foregoing clauses (1) through (5), a proxy may be made irrevocable (notwithstanding subdivision (c)) if it is given to secure the performance of a duty or to protect a title, either legal or equitable, until the happening of events which, by its terms, discharge the obligations secured by it.

(f) A proxy may be revoked, notwithstanding a provision making it irrevocable, by a transferee of shares without knowledge of the existence of the provision unless the existence of the proxy and its irrevocability appears, in the case of certificated securities, on the certificate representing such shares, or in the case of uncertificated securities, on the initial transaction statement and written statements.

(b) Subject to the provisions of Section 1306, payment of the fair market value of dissenting shares shall be made within 30 days after the amount thereof has been agreed or within 30 days after any statutory or contractual conditions to the reorganization are satisfied, whichever is later, and in the case of certificated securities, subject to surrender of the certificates therefor, unless provided otherwise by agreement.

Thereupon, on the motion of any party, the report shall be submitted to the court and considered on such evidence as the court considers relevant. If the court finds the report reasonable, the court may confirm it.

(b) If a majority of the appraisers appointed fail to make and file a report within 10 days from the date of their appointment or within such further time as may be allowed by the court or the report is not confirmed by the court, the court shall determine the fair market value of the dissenting shares.

(d) Any such judgment shall be payable forthwith with respect to uncertificated securities and, with respect to certificated securities, only upon the endorsement and delivery to the corporation of the certificates for the shares described in the judgment. Any party may appeal from the judgment.

(e) The costs of the action, including reasonable compensation to the appraisers to be fixed by the court, shall be assessed or apportioned as the court considers equitable, but, if the appraisal exceeds the price offered by the corporation, the corporation shall pay the costs (including in the discretion of the court attorneys' fees, fees of expert witnesses and interest at the legal rate on judgments from the date of compliance with Sections 1300, 1301 and 1302 if the value awarded by the court for the shares is more than 125 percent of the price offered by the corporation under subdivision (a) of Section 1301).

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 226.6 of the Civil Code is amended to read:

226.6. (a) In those cases in which neither the State Department of Social Services nor an agency licensed by the State Department of Social Services is a party to or joins in the petition for adoption it shall be the duty of the State Department of Social Services or the licensed county adoption agency, or, in the case of an intercountry adoption, the private adoption agency licensed to provide intercountry adoption services, to investigate the proposed adoption and to submit to the court a full report of the facts disclosed by its inquiry with a recommendation regarding the granting of the petition within 180 days after the filing of the petition. In those cases in which the investigation establishes that there is a serious question concerning the suitability of the petitioners or the care provided the child or the availability of the consent to adoption the report shall be filed immediately. The court may allow such additional time for the filing of the reports as in its discretion it may see fit, after at least five days' notice to the petitioner or petitioners and opportunity for the petitioner or petitioners to be heard with respect to the request for additional time.

(b) In those cases in which the State Department of Social Services or an agency licensed by the State Department of Social Services is a party to or joins in the petition for adoption, it shall be the duty of the State Department of Social Services or the agency, whichever is a party to or joins in the petition, to submit a full report of the facts of the case to the court. The State Department of Social Services may also submit a report in those cases in which an agency licensed by the department to place children in homes for adoption

is a party or joins in the petition for adoption.

SEC. 2. Section 17211 of the Revenue and Taxation Code is amended to read:

17211. (a) The maximum deduction for adoption expenses shall not exceed five hundred dollars ($500) in a separate return of a married person or one thousand dollars ($1,000) in any other return.

(b) A deduction shall be allowed for the "qualified adoption expenses," as defined by Section 222 of the Internal Revenue Code, of a child, other than a special needs child, which exceed 3 percent of adjusted gross income, subject to the maximum limitation in subdivision (a).

SEC. 3. Section 16115.5 of the Welfare and Institutions Code is amended to read:

16115.5. It is the intent of the Legislature in enacting this chapter to benefit special needs children residing in foster homes by providing the stability and security of permanent homes, and in so doing, achieve a reduction in foster home care. It is not the intent of this chapter to increase expenditures but to provide for payments to adoptive parents to enable them to meet the needs of special needs children.

SEC. 4. Section 16116 of the Welfare and Institutions Code is amended to read:

16116. For purposes of this chapter, a special needs child means a child whose adoption without financial assistance would be unlikely because of adverse parental background, ethnic background, race, color, language, membership in a sibling group which should remain intact, mental, physical, medical or emotional handicaps or age of three years or more. The provisions of this chapter apply only to special needs children.

SEC. 5. Section 16118 of the Welfare and Institutions Code is amended to read:

16118. (a) The department shall establish and administer the program to be carried out by the department or any licensed adoption agency pursuant to this chapter. The department shall adopt such regulations as are necessary to carry out the provisions of this chapter.

(b) The department shall keep such records as are necessary to evaluate the programs' effectiveness in encouraging and promoting the adoption of special needs children.

(c) The department or licensed adoption agency which has custody of the child, shall have responsibility for certifying that the child meets special needs criteria and for determining the amount of financial assistance needed by the child and the adopting family.

(d) The county responsible for determining the child's Adoption Assistance Program eligibility status and for providing financial aid in the amount determined in Section 16120 shall be the county that at the time of the adoptive placement would otherwise be responsible for making a payment pursuant to Section 11450 under the Aid to Families with Dependent Children program if the child

were not adopted. The county of responsibility for all other eligible children shall be the county where the child is physically residing prior to placement with the adoptive family.

(e) The department shall actively seek and make maximum use of federal funds which may be available for the purposes of this chapter. All gifts or grants received from private sources for the purpose of this chapter shall be used to offset public costs incurred under the program established by this chapter.

SEC. 6. Section 16119 of the Welfare and Institutions Code is amended to read:

16119. The department and all adoption agencies shall disseminate information to prospective adoptive families, especially those families of lower income levels and those belonging to disadvantaged groups, as to the availability of adoptable special needs children and of the existence of aid to adoptive families under this chapter.

The county responsible for providing foster care for a child shall provide financial aid to the adoptive family in an amount determined pursuant to Section 16120.

SEC. 7. Section 16120 of the Welfare and Institutions Code is amended to read:

16120. Adoption Assistance Program benefits shall be paid only on behalf of special needs children for whom the following conditions are met:

(a) The department or licensed adoption agency and the prospective adoptive parent have signed an adoption assistance agreement which stipulates the need for and the amount of Adoption Assistance Program benefits. The adoption assistance agreement shall, at a minimum, specify the duration of assistance, the responsibility of the adopting family for reporting changes in circumstances, and the periodic recertification required for reevaluating the continuing needs of the family.

(b) The child is under 18 years of age, or under 21 years of age and has a mental or physical handicap which warrants the continuation of assistance.

(c) The adoptive family is responsibile for the child pursuant to the terms of an adoption assistance agreement and an interlocutory decree or a final decree of adoption.

(d) The adoptive family is legally responsible for the support of the child and the child is receiving support from the adoptive parent.

(e) The child has been either relinquished for adoption to a California agency or freed for adoption through termination of parental rights by a California court, or committed to the department pursuant to subdivision (c) of Section 226 of the Civil Code.

SEC. 8. Section 16122 of the Welfare and Institutions Code is amended to read:

16122. From any funds appropriated therefor, the state shall reimburse private adoption agencies licensed pursuant to Chapter 3

(commencing with Section 1500) of Division 2 of the Health and Safety Code for costs of aid to adoption programs for special needs children, less the amount of fees received by such agencies from adoptive parents. Those agencies shall be reimbursed for the placement of special needs children in an amount not to exceed two thousand dollars ($2,000) per placement. Nothing in this section shall be construed to authorize reimbursement to private agencies for intercountry adoption services.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 12030 of the Penal Code is amended to read:

12030. The officer delivering the firearms shall take a receipt for them containing a complete description thereof and shall keep the receipt on file in his or her office as a public record.

(b) Any law enforcement agency which has custody of any firearms, or any parts of any firearms, which are subject to destruction as required by this chapter may, in lieu of destroying the weapons, retain and use any of them as may be useful in carrying out the official duties of the agency, or upon approval of a court, may

release them to any other law enforcement agency for use in carrying out the official duties of that agency, or may turn over to the criminalistics laboratory of the Department of Justice or the criminalistics laboratory of a police department, sheriff's office, or district attorney's office any weapons which may be useful in carrying out the official duties of their respective agencies.

(c) Any firearm, or part of any firearm, which, rather than being destroyed, is used for official purposes pursuant to this section shall be destroyed by the agency using the weapon when it is no longer needed by the agency for use in carrying out its official duties. In the case of firearms or weaponry donated to the California National Guard military museum and resource center, they may be disposed of pursuant to Section 179 of the Military and Veterans Code.

(d) Any law enforcement agency which has custody of any firearms, or any parts of any firearms, which are subject to destruction as required by this chapter may, in lieu of destroying the firearms, obtain an order from the superior court directing the release of the firearms to the sheriff. The sheriff shall enter such weapons into the Automated Firearms System (AFS) with a complete description of each weapon, including the make, type, category, caliber, and serial number of the firearms, and the name of the academy receiving the weapon entered into the AFS miscellaneous field. The sheriff shall then release the firearms to the basic training academy certified by the Commission on Peace Officer Standards and Training, so that the firearms may be used for instructional purposes in the certified courses. As used in this section, the term "firearms" shall not include destructive devices, as defined in Section 12301. All firearms released to an academy shall be under the care, custody, and control of the particular academy.

Any firearms, or part of any firearms, which is not destroyed, and is used for the purposes authorized by this section, shall be returned to the law enforcement agency which had original custody of the firearms when it is no longer needed by the basic training academy, or when the basic training academy is no longer certified by the commission.

(e) Any law enforcement agency that retains custody of any firearm pursuant to this section or that destroys a firearm pursuant to Section 12028 shall notify the Department of Justice of the retention or destruction. This notification shall consist of a complete description of each firearm, including the name of the manufacturer or brand name, model, caliber, and serial number.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

The Legislature desires to direct special attention to the needs and problems of the elderly, recognizing that these persons constitute a significant and identifiable segment of the population and that they are more subject to risks of abuse, neglect, and abandonment.

(c) The Legislature further recognizes that a significant number of these persons have developmental disabilities and that mental and verbal limitations often leave them vulnerable to abuse and incapable of asking for help and protection.

(d) The Legislature recognizes that most elders and dependent adults who are at the greatest risk of abuse, neglect, or abandonment by their family or caretakers suffer physical impairments and other poor health that place them in a dependent and vulnerable position.

(e) The Legislature further recognizes that factors which contribute to abuse, neglect, or abandonment of elders and dependent adults are economic instability of the family, resentment of caretaker responsibilities, stress on the caretaker, and abuse by the caretaker of drugs or alcohol.

(f) The Legislature declares that this state shall foster and promote community services for the economic, social, and personal well-being of its citizens in order to protect those persons described in this section.

(g) The Legislature further declares that uniform state guidelines which specify when county adult protective service agencies are to investigate allegations of abuse to elders and dependent adults and the appropriate role of local law enforcement do not currently exist and the implementation of these guidelines is necessary in order to ensure that a minimum level of protection is provided to elders and dependent adults in each county.

(h) Therefore, it is the intent of the Legislature in enacting this chapter to provide that adult protective services agencies, long-term care ombudsman coordinators, and local law enforcement agencies shall receive referrals or complaints from public or private agencies, from any mandated reporter submitting reports pursuant to Section 15630, or from any other source having reasonable cause to know that the welfare of an elder or dependent adult is endangered, and shall take such actions as are considered necessary to protect the elder or dependent adult and correct the situation and ensure the

individual's safety.

SEC. 4. Section 15601 of the Welfare and Institutions Code is amended to read:

15601. The purposes of this act are to:

(a) Encourage health care providers, social service workers, and community members in general to report suspected cases of abuse of elders and dependent adults.

(b) Collect information on the numbers of abuse victims, circumstances surrounding the act of abuse, and other data which will aid the state in establishing adequate services to aid all victims of abuse in a timely, compassionate manner.

15632. (a) Any person who enters into employment on or after January 1, 1986, as a care custodian, health practitioner, or with an adult protective services agency or a local law enforcement agency, prior to commencing his or her employment and as a prerequisite to that employment shall sign a statement on a form, which shall be provided by the prospective employer, to the effect that he or she has knowledge of the provisions of Section 15630 and will comply with its provisions. The report must be made immediately, or as soon as possible, by telephone to either the long-term care ombudsman coordinator or to a local law enforcement agency when the abuse is alleged to have occurred in a long-term care facility, or to either the county adult protective services agency or to a local law enforcement agency when the abuse is alleged to have occurred anywhere else, and must

State law also PERMITS the reporting of other types of abuse of elders and dependent adults, such as neglect, intimidation, fiduciary abuse, abandonment, or other treatment that results in physical harm, pain, or mental suffering. These reports may be made when the reporter has actual knowledge or reasonably suspects that abuse has occurred.

The law provides that care custodians, health practitioners, or employees of adult protective services agencies or local law enforcement agencies shall not incur either civil or criminal liability for any report they are required or permitted to make under this law.

Reports made under this law are confidential and may be disclosed only to the agencies specified. (b) The written reports required for the reporting procedures, as defined in this chapter, shall be submitted on forms adopted by the department after consultation with representatives of the various law enforcement agencies, professional medical and nursing agencies, hospital associations, the Department of Aging, the State Department of Developmental Services, the State Department of Education, and the county probation or welfare departments. These forms shall be distributed by the county adult protective services agencies and the long-term care ombudsman coordinators.

(c) Information relevant to the incident of elder or dependent adult abuse may also be given to an investigator from an adult protective services agency or a local law enforcement agency who is investigating the known or suspected case of elder or dependent adult abuse.

(d) The identity of all persons who report under this chapter shall be confidential and disclosed only between adult protective services agencies, long-term care ombudsman coordinators, licensing agencies, or local law enforcement agencies, or to counsel representing an adult protective services agency, long-term care ombudsman coordinator, licensing agency, or a local law enforcement agency, to the district attorney in a criminal prosecution, or when persons reporting waive confidentiality, or by court order.

(e) Notwithstanding subdivision (a), persons who may report pursuant to Section 15631 are not required to include their names.

SEC. 13. Section 15633.5 of the Welfare and Institutions Code is amended to read:

15633.5. (a) The reports made pursuant to Sections 15630 and 15631 shall be confidential and may be disclosed only as provided in subdivision (b). Any violation of the confidentiality required by this chapter is a misdemeanor punishable by not more than six months in the county jail, by a fine of five hundred dollars ($500), or by both that fine and imprisonment.

(b) Reports of suspected elder or dependent adult abuse and information contained therein may be disclosed only to the following:

SEC. 14. Section 15634 of the Welfare and Institutions Code is amended to read:

15634. (a) No care custodian, health practitioner or employee of an adult protective service agency or a local law enforcement agency who reports a known or suspected instance of elder or dependent adult abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of elder or dependent adult abuse shall not incur civil or criminal liability as a result of any report authorized by this article, unless it can be proven that a false report was made and the person knew that the report was false. No person required to make a report pursuant to this article, or any person taking photographs at his or her discretion, shall incur any civil or criminal liability for taking photographs of a suspected victim of elder or dependent adult abuse or causing photographs to be taken of such a suspected victim or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any care custodian, health practitioner, or employee of an adult protective services agency or a local law enforcement agency who, pursuant to a request from an adult protective services agency or a local law enforcement agency, provides the requesting agency with access to the victim of a known or suspected instance of elder

or dependent adult abuse shall not incur civil or criminal liability as a result of providing that access.

(c) The Legislature finds that, even though it has provided immunity from liability to persons required to report elder or dependent adult abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a care custodian, health practitioner, or an employee of an adult protective services agency or a local law enforcement agency may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000). This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) Any person who fails to report an instance of elder or dependent adult abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and shall be punished by imprisonment in the county jail not exceeding six months, by a fine of not exceeding one thousand dollars ($1,000), or by both that fine and imprisonment.

SEC. 15. Section 15635 of the Welfare and Institutions Code is amended to read:

15635. (a) Investigation of reports of known or suspected instances of abuse are the responsibility of the county adult protective services agency and the local law enforcement agency having jurisdiction over the case unless another public agency is given responsibility for investigation in that jurisdiction, except that the investigation of reports of abuse alleged to have occurred in a long-term care facility is the responsibility of the long-term care ombudsman coordinator and the local law enforcement agency.

(b) Each county adult protective services agency shall maintain an inventory of all public and private service agencies available to assist victims of abuse, as defined by Section 15610. This inventory shall be used to refer victims in the event that the county adult protective services agency cannot resolve the immediate needs of the victim, and to serve the victim on a long-term, followup basis. The intent of this section is to acknowledge that limited funds are

available to resolve all suspected cases of abuse reported to a county adult protective services agency.

SEC. 16. Section 15640 of the Welfare and Institutions Code is amended to read:

15640. (a) The department, in cooperation with representatives of county government, and in consultation with the State Department of Education, the State Department of Developmental Services, the Department of Aging, and the Department of Justice, shall establish minimum guidelines for determining when an investigation of an allegation of abuse of an elder or a dependent adult is warranted. The department shall report to the Joint Legislative Budget Committee by January 1, 1988, on the fiscal and programmatic impact of these guidelines on county adult protective service agencies.

(b) The Department of Justice, in consultation with the department, the Department of Aging, the State Department of Education, the State Department of Developmental Services, and representatives of local law enforcement and county adult protective service agencies shall develop uniform guidelines for local law enforcement assistance with investigations of allegations of abuse to elders and dependent adults conducted by county adult protective service agencies. Consistent with these guidelines, county adult protective service agencies may seek local law enforcement assistance with investigations of allegations of abuse to elders and dependent adults. The Department of Justice shall report to the Joint Legislative Budget Committee by January 1, 1988, on the fiscal and programmatic impact of these guidelines on local law enforcement agencies.

SEC. 17. Section 15650 is added to the Welfare and Institutions Code, to read:

15650. (a) An elder or dependent adult abuse victim may refuse or withdraw consent at any time to an investigation or the provision of protective services by an adult protective services agency or long-term care ombudsman coordinator. The adult protective services agency shall act only with the consent of the victim unless a violation of the Penal Code has been alleged. The long-term ombudsman shall act only with the consent of the victim and disclose confidential information only after consent to disclose is given by the victim or pursuant to court order.

(b) If the elder or dependent adult abuse victim is so incapacitated that he or she cannot legally give or deny consent to protective services, a petition for temporary conservatorship or guardianship may be initiated in accordance with Section 2250 of the Probate Code.

SEC. 18. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand

dollars ($500,000), shall be made from the State Mandates Claims Fund.

SEC. 19. Notwithstanding any other provision of law, no person or entity shall incur any civil or criminal liability for any act or omission in connection with the requirements of this chapter prior to 60 days after the effective date of this act.

SEC. 20. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to reduce unnecessary duplication of effort on the part of agencies in the implementation of provisions affected by this act, it is necessary that this act go into effect immediately.

SEC. 6. Section 2553 is added to the Business and Professions Code, to read:

2553. If the board, after investigation, approves the application, it shall register the applicant and issue to the applicant a certificate of dispensing optician. A separate certificate of registration shall be required for each address where the business is to be conducted.

A certificate authorizes the applicant, its agents and employees acting therefor to engage in the business defined in Section 2550 provided that the fitting and adjusting of spectacle lenses is performed in compliance with Article 1.5 (commencing with Section 2559.1) and the fitting and adjusting of contact lenses is performed in compliance with Article 2 (commencing with Section 2560).

Each certificate shall be at all times displayed in a conspicuous place at the certified place of business. The certificate shall not be transferable, but on application to the division there may be registered a change of address of the certificate.

This section shall become operative on January 1, 1988.

SEC. 7. Section 2553.7 of the Business and Professions Code is amended to read:

2553.7. During the time an individual or firm is authorized to engage in business at an address for which a separate certificate is issued pursuant to Section 2553, the person in charge of and managing the dispensing operations at that address must possess all of the qualifications specified in Section 2552 and must not be in charge of or manage dispensing operations at any other address. At

all times, the manager shall actively and as his or her principal occupation be in charge of and manage dispensing operations at that address, allowing for usual and customary periods of absence such as for illness and vacation.

A certificate of registration issued for a particular address shall automatically expire 90 days after the time the dispensing operations at that address cease for any reason to be under the charge of and managed by the person so designated in the registrant's previously filed application or renewal application, unless within 90 days from the date of such cessation the registrant submits and the board approves a new application form containing all of the information specified in Section 2552 including the affidavits referred to in subdivision (b) of Section 2552. A certificate of registration shall automatically expire, however, without a 90-day delay in the event the manager designated at that address is transferred to serve as manager at another registered address operated by the registrant, unless prior to such transfer a new manager has been designated by the registrant, approved by the board, and actively in charge of dispensing operations at that address, as herein provided.

Whenever a manager ceases to be an active manager at any address because of death, termination of employment, transfer of employment or any other reason, registrant and the manager, within five days thereafter, shall give written notice to the division thereof, stating the reason for such cessation.

No earlier than January 1 and no later than January 31 of each odd-numbered year, each registrant shall file with the division the name of the person who at the time of filing has charge of and manages the registrant's dispensing operations at each address for which a separate certificate has previously been issued by the division.

In addition to any other remedies or penalties provided by law, the division may, in accordance with Section 2555, suspend, revoke, or refuse to renew the certificate of any individual or firm who has violated any provision of this section.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 8. Section 2554 is added to the Business and Professions Code, to read:

2554. Each registrant shall conspicuously and prominently display at each registered location the name of the registrant's employee who is currently designated to handle customer inquiries and complaints and the telephone number where he or she may be reached during business hours.

This section shall become operative on January 1, 1988.

SEC. 9. Section 2555.1 of the Business and Professions Code is amended to read:

2555.1. In the discretion of the Division of Allied Health Professions of the Board of Medical Quality Assurance a certificate

issued hereunder may be suspended or revoked if an individual certificate holder or the persons referred to in Section 2552 who will have charge of or manage the holder's general dispensing operations, or persons having any proprietary interest who will engage in dispensing operations, have been convicted of a crime substantially related to the qualifications, functions and duties of a dispensing optician. The record of conviction or a certified copy thereof shall be conclusive evidence of such conviction.

A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions and duties of a dispensing optician is deemed to be a conviction within the meaning of this article. The board may order the certificate suspended or revoked, or may decline to issue a certificate, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

The proceeding under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted prior to January 1, 1988, deletes or extends that date.

SEC. 10. Section 2555.1 is added to the Business and Professions Code, to read:

2555.1. In the discretion of the Division of Allied Health Professions, a certificate issued hereunder may be suspended or revoked if an individual certificate holder or persons having any proprietary interest who will engage in dispensing operations, have been convicted of a crime substantially related to the qualifications, functions and duties of a dispensing optician. The record of conviction or a certified copy thereof shall be conclusive evidence of the conviction.

A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge substantially related to the qualifications, functions and duties of a dispensing optician is deemed to be a conviction within the meaning of this article. The board may order the certificate suspended or revoked, or may decline to issue a certificate, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the

verdict of guilty, or dismissing the accusation, information or indictment.

The proceeding under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

This section shall become operative on January 1, 1988.

SEC. 11. Section 2555.2 of the Business and Professions Code is amended to read:

2555.2. Whenever the division imposes disciplinary action against a registrant pursuant to Section 2555, it may also in its decision order the manager who was acting as the registrant's qualified manager at the time of the acts or omissions which resulted in disciplinary action being taken against the registrant, to suspend or terminate or carry on subject to terms and conditions, his or her practice as a qualified manager for any registrant under this chapter.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 12. Article 1.5 (commencing with Section 2559.1) is added to Chapter 5.5 of Division 2 of the Business and Professions Code, to read:

Article 1.5. Spectacle Lens Dispensing

2559.1. On and after January 1, 1988, no individual may fit and adjust spectacle lenses unless the registration requirement of Section 2550 is complied with, and unless (1) the individual is a duly registered spectacle lens dispenser as provided in Section 2559.2 or (2) the individual performs the fitting and adjusting under the direct responsibility and supervision of a duly registered spectacle lens dispenser whose certificate of registration is then conspicuously and prominently displayed on the premises. A supervising registered dispenser shall be on the registered premises when an unregistered technician fits and adjusts spectacle lenses, allowing for usual and customary absences including illness and vacation.

2559.2. (a) An individual shall apply for registration as a registered spectacle lens dispenser on forms prescribed by the division. The division shall register an individual as a registered spectacle lens dispenser upon satisfactory proof that the individual has passed the registry examination of the American Board of Opticianry or any successor agency to that board. In the event the division should determine, after hearing, that the registry examination is not appropriate to determine entry level competence as a spectacle lens dispenser or is not designed to measure specific job performance requirements, the division may thereafter prescribe or administer a written examination that meets those specifications. Any examination prescribed or administered by the division shall be given at least twice each year on dates publicly

announced at least 90 days before the examination dates. The division is authorized to contract for administration of an examination.

(b) The division may deny registration where there are grounds for denial under the provisions of Division 1.5 (commencing with Section 475).

(c) The division shall issue a certificate to each qualified individual stating that the individual is a registered spectacle lens dispenser.

(d) Any individual who had been approved as a manager of dispensing operations of a registered dispensing optician under the provisions of Section 2552 as it existed before January 1, 1987, and who had not been subject to any disciplinary action under the provisions of Section 2555.2 shall be exempt from the examination requirement set forth in this section and shall be issued a certificate as a registered spectacle lens dispenser, provided an application for that certificate is filed with the division on or before December 31, 1989.

(e) A registered spectacle lens dispenser is authorized to fit and adjust spectacle lenses at any place of business holding a certificate of registration under Section 2553 provided that the certificate of the registered spectacle lens dispenser is displayed in a conspicuous place at the place of business where he or she is fitting and adjusting.

2559.3. A certificate issued to a registered spectacle lens dispenser may, in the discretion of the division, be suspended or revoked for violating or attempting to violate any provision of this chapter or any regulation adopted under this chapter, or for incompetence, gross negligence, or repeated similar negligent acts performed by the certificate holder. A certificate may also be suspended or revoked if the individual certificate holder has been convicted of a felony as provided in Section 2555.1.

Any proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the division shall have all the powers granted therein.

2559.4. This article shall not apply to a technician fitting spectacle lenses in the office of a physician and surgeon or optometrist pursuant to Section 2544 if the technician is acting under the direct responsibility and supervision of the physician and surgeon or optometrist who engages in the practice of fitting spectacle lenses for his or her patients.

2559.5. This article shall become operative on January 1, 1988.

2565. The amount of fees prescribed in connection with the registration of dispensing opticians is as follows:

(a) The application fee is fifty dollars ($50), thirty-five dollars ($35) of which may be refunded upon refusal or denial of a certificate.

(b) The initial license fee is an amount equal to the renewal fee in effect on the last regular renewal date before the date on which the license is issued, except that if the license will expire less than one year after its issuance, then the initial license fee is an amount equal to 50 percent of the renewal fee in effect on the last regular renewal date before the date on which the license is issued.

(c) The renewal fee shall be fixed by the Division of Allied Health Professions at not more than one hundred fifty dollars ($150) and not less than one hundred dollars ($100).

(d) The delinquency fee is fifteen dollars ($15).

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 14. Section 2565 is added to the Business and Professions Code, to read:

2565. The amount of fees prescribed in connection with the registration of dispensing opticians shall be as set forth in this section unless a lower fee is fixed by the division:

(a) The initial license fee is one hundred dollars ($100), except that if the license will expire less than one year after its issuance, then the fee is an amount equal to 50 percent of the current fee.

(b) The renewal fee is one hundred dollars ($100).

(b) The biennial fee for the renewal of certificates shall be fixed by the division in an amount not to exceed one hundred dollars ($100).

(c) The delinquency fee is fifteen dollars ($15).

(d) The Division of Allied Health Professions may by regulation provide for a refund of a portion of the application fee to applicants who do not meet the requirements for registration.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

SEC. 16. Section 2566 is added to the Business and Professions Code, to read:

2566. The amount of fees prescribed in connection with

certificates for contact lens dispensers, unless a lower fee is fixed by the division, is as follows:

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 774

An act to amend Sections 977.2 and 1347 of the Penal Code, relating to trials.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 977.2 of the Penal Code is amended to read:

977.2. (a) (1) Notwithstanding Section 977, the Board of Supervisors of Contra Costa, Los Angeles, Orange, Riverside, San Diego, Santa Clara, Shasta, or Stanislaus Counties, or any of them, with the approval of the presiding judge, the district attorney, and the public defender, may establish a pilot project. The project shall be developed in close consultation between the presiding judge, the district attorney, the public defender, and the sheriff, and shall not exceed four years in duration.

(2) The Board of Supervisors of San Bernardino County, with the approval of the presiding judge of the court, the supervising judge of any division of the court in which the project is to be conducted, the district attorney and the public defender may establish a pilot project. The project shall be developed in close consultation between the presiding judge, the supervising judge, the district attorney, the public defender, and the sheriff, and shall not exceed four years in duration.

(b) The project shall permit the initial arraignment in municipal or superior court of defendants held in any state, county, or local penal facility within the county on felony charges, except for those defendants who were indicted by a grand jury, to be conducted by two-way electronic audio video communication between the defendant and the courtroom in lieu of the physical presence of the defendant in the courtroom. The defendant may be accompanied by his or her attorney, and may enter a plea, during such an arraignment. The defendant shall have the right to make his or her plea while physically present in the courtroom if he or she so requests.

(c) Each county conducting a pilot project pursuant to this section shall submit reports to the Legislative Analyst and the Judicial Council no later than September 30 of each year. The report shall include the following data:

(1) The number of add-on pleas, and the number of cases disposed of, through the use of audio video arraignment.

(2) The number of defendants who refuse to sign the waiver of personal appearance and are transported to the courtroom to be physically present for the arraignment proceedings.

(3) The number and impact of add-on defendants arraigned.

(4) Initial costs and maintenance costs of the project.

(5) Cost savings, including transportation costs, over the previous method of arraignment.

(6) The impact of audio video arraignment on all participants in the procedures used under this section, including, but not limited to, security personnel, attorneys, judges, defendants, and court employees.

(7) Any other benefits or problems incurred.

(8) Any future plans for the project.

Other specific data for inclusion in the report may be specified by the Judicial Council.

(d) The Legislative Analyst shall review and summarize all data submitted by the counties and shall submit a report on the fiscal effects of this section along with any recommendations to the Legislature no later than December 1 of each year. The Judicial Council shall also review and summarize all data submitted by the counties and shall submit a report on the nonfiscal, policy consequences of this section along with any recommendations to the Legislature no later than December 1 of each year.

(e) Notwithstanding any other provision of this section, a judge may order a defendant's personal appearance in court for arraignment, and shall not pursuant to this section accept a plea of guilty or no contest from a defendant not physically in the courtroom.

SEC. 2. Section 1347 of the Penal Code is amended to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ unusual court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these unusual procedures.

(b) Notwithstanding any other provision of law, the court in any criminal proceeding, upon written notice of the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 10 years of age or younger at the time of the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant, and attorneys, and communicated to the courtroom by means of two-way closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of an alleged sexual offense committed on or with the minor.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by

clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit television is used.

(A) Threats of serious bodily injury to be inflicted on the minor or a family member, of incarceration or deportation of the minor or a family member, or of removal of the minor from the family or dissolution of the family, in order to prevent or dissuade the minor from attending or giving testimony at any trial or court proceeding or to prevent the minor from reporting the alleged sexual offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the victim during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial which causes the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor's refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary in order to obtain the minor's testimony.

(3) The equipment available for use of two-way closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other provision of law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the four factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the questioning of the minor and shall not permit the prosecutor or defense counsel to examine the minor. The prosecutor and defense counsel shall be permitted to submit proposed questions to the court prior to the session in chambers. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(d) When the court orders the testimony of a minor to be taken

in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of two-way closed-circuit television as a means of facilitating the testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of two-way closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor, including the images and voices of all persons who in any way participate in the examination, be made and preserved on video tape in addition to being stenographically recorded. The video tape shall be transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant, and his or her attorney during ordinary business hours. The video tape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any video tape which is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the witness. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(e) When the court orders the testimony of a minor to be taken in another place outside the courtroom, only the minor, a support person designated pursuant to Section 868.5 of the Penal Code, a nonuniformed bailiff, and, after consultation with the prosecution and the defense, a representative appointed by the court, shall be physically present for the testimony. A video tape shall record the image of the minor and his or her testimony, and a separate video tape shall record the image of the support person.

(f) When the court orders the testimony of a minor to be taken in another place outside the courtroom, the minor shall be brought into the judge's chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or any of the facts of the case with the minor during

this meeting.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section shall prohibit the court from ordering the minor to be brought into the courtroom for a limited purpose including the identification of the defendant or defendants as the court deems necessary.

(h) The examination shall be under oath, and the defendant's image shall be transmitted live to the witness via two-way contemporaneous closed-circuit television.

(i) Nothing in this section shall affect the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(j) The Judicial Council shall submit a report to the Legislature on or before January 1, 1988, summarizing the experience of courts which have used contemporaneous closed-circuit television pursuant to this section.

(k) The cost of examination by two-way contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

SEC. 3. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act which will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

CHAPTER 775

The people of the State of California do enact as follows:

SECTION 1. Section 14133.1 of the Welfare and Institutions Code is amended to read:

14133.1. (a) The director shall determine which of the utilization controls in Section 14133 shall be applied to any specific service or group of services which are subject to utilization controls. Each utilization control shall be reasonably related to the purpose for which it is imposed.

(b) Except as provided in Sections 14103.6 and 14133.15, neither prior authorization nor the limitation specified in subdivision (d) of Section 14133 shall be required for the first two services per month which are included among the services listed in subdivision (a) of Section 14132, or for the first two drug prescriptions purchased

during any one month, provided that the prescription drugs are included in the Medi-Cal Drug Formulary and the prescription otherwise conforms to applicable formulary requirements.

(c) The director shall, after a determination of cost benefit, modify or eliminate the requirement of prior authorization as a control for treatment, supplies, or equipment which costs less than one hundred dollars ($100), except for prescribed drugs, provided that the requirement of prior authorization for treatment, supplies, or equipment may be reinstituted upon a finding by the department that the elimination of the requirement has resulted in unnecessary utilization, and upon notice to the Joint Legislative Budget Committee 30 days prior to the reinstitution of the requirement of prior authorization. Modification of the utilization controls may include establishing prior authorization review thresholds at levels other than one hundred dollars ($100) if indicated by the cost-benefit analysis.

(b) The board shall establish criteria for the selection of administrative physicians who shall examine veterinarians and animal health technicians requesting diversion under a program. Any reports made under this article by the administrative physician shall constitute an exception to Sections 994 and 995 of the Evidence Code.

(c) The diversion program may accept no more than 100 participants who are licensees of the board.

(d) The board shall evaluate the effectiveness and necessity of the diversion program and report its findings to the Senate Committee on Business and Professions and the Assembly Committee on Agriculture on or before March 1, 1989.

(1) Exceeded his or her binding authority under the agency contract.

(2) Violated the written underwriting rules or regulations of the insurer, a copy of which has been provided to the agent, which misleads the insurer concerning the nature or extent of a risk.

(3) Failed to comply with the fiduciary requirements set forth in Section 1733, 1734, 1734.5, or 1735.

(4) Failed, either within 10 days after written notice upon failure to remit funds within the time limits set forth in the agency contract

(5) Had his or her agency license suspended or revoked by the commissioner.

(6) Engaged in fraudulent acts affecting his or her relationship with the insurer or its insureds.

(c) When an agent's authority to represent an insurer is terminated as provided by this section, the rights, duties, and obligations set forth in the terminated agency contract of the agent having property rights in renewals shall continue solely with respect to policies then in force or renewed as provided by this section until those policies are canceled in accordance with law, placed by the agent with another insurer, or have expired. The agent's authority during the period following notice of termination of his or her agency contract shall be governed by the written agency contract between the agent and the insurer, except that, after the receipt of the notice of termination, the agent shall not bind new risks on behalf of the insurer, renew policies except as permitted by this section, or otherwise increase the obligation of the insurer, without the express approval of the insurer or in accordance with the terms of an existing policy.

(d) If a terminated agent is unable, after making a good faith effort, to place existing policies with another insurer, the insurer then insuring the risk shall, at the agent's request, renew any insurance contract written by the agent for the insurer for one policy term or a period of one year, whichever is shorter. The renewal shall be at the insurer's premium rates in effect on the date of renewal and at prevailing commission rates for that class or line of business in effect on the date of renewal for agents whose contracts are not terminated.

(4) The agent has failed to follow the written instructions of the insurer, a copy of which has been provided to the agent, generally applicable to the renewal of policies.

(5) The commissioner has determined that the renewal of the policy would threaten the solvency of the insurer.

(6) The insurer suffers the withdrawal of reinsurance covering all

or part of the risk and this withdrawal of reinsurance is likely to threaten, in the opinion of the commissioner, the financial integrity or solvency of the insurer.

(7) The insurer has withdrawn from the State of California in accordance with Sections 1070 to 1076, inclusive.

(8) There has been a material change in the risk to be insured under the policy.

(f) This section shall not apply to a life insurer, an agent of a life insurer, an agent who is the employee of an insurer, or to an agent who, by contractual agreement either represents only one insurer or group of affiliated insurers or who is required by contract to submit risks to a specified insurer or group of affiliated insurers prior to submitting them to other insurers.

(g) This section shall apply to written agency contracts becoming effective on or after the effective date of this section.

SECTION 1. Section 353.5 of the Code of Civil Procedure is amended to read:

353.5. If a person against whom an action may be brought dies before the expiration of the statute of limitations for the commencement of the action and the cause of action survives, an action against the surviving spouse of the person which is brought

No action may be continued under this subdivision unless the insurer has been served with the complaint filed in the action. For good cause, the court, upon motion of an interested person or upon its own motion, may order the appointment of a personal representative and his substitution as the defendant.

SEC. 2. Section 18102 of the Health and Safety Code is amended to read:

18102. (a) If 40 days have elapsed since the death of a registered or legal owner of a manufactured home, mobilehome, commercial coach, truck camper, or floating home registered under this part, without the decedent leaving other property necessitating probate, and irrespective of the value of the manufactured home, mobilehome, commercial coach, truck camper, or floating home, the following person or persons may secure a transfer of registration of the title or interest of the decedent:

(c) If the department is presented with the documents specified in paragraphs (1) and (2) of subdivision (b), no liability shall be incurred by the department or any officer or employee of the department by reason of the transfer of registration of the manufactured home, mobilehome, commercial coach, truck camper, or floating home pursuant to this section. The department or officer or employee of the department may rely in good faith on the statements in the certificate specified in paragraph (2) of subdivision (b) and has no duty to inquire into the truth of any statement in the certificate. The person who secures the transfer of the manufactured home, mobilehome, commercial coach, truck camper, or floating home pursuant to this section is subject to the provisions of Sections 13109 to 13113, inclusive, of the Probate Code to the same extent as a person to whom transfer of property is made under Chapter 3 (commencing with Section 13100) of Part 1 of Division 8 of the Probate Code.

SEC. 4. Section 584.2 of the Probate Code is amended to read:

584.2. If an asset of an estate consists of any option right which is nontransferable save only by testate or intestate succession from the decedent, the executor or administrator may exercise such option and may use any funds or property in the estate in the acquisition of the property covered by such option if it would be in the best interests of the estate and those interested therein and if that exercise would add value to the estate, upon obtaining an order of the court. The petition for such an order shall be filed with the clerk who shall set the same for hearing by the court. Notice of the hearing shall be given for the period and in the manner required by Section 1200.5, but the court may order the notice to be given for a shorter period, or dispensed with.

SEC. 5. Section 584.3 of the Probate Code is amended to read:

584.3. An executor or administrator may, with approval of the court which ordered appointment of that executor or administrator, grant an option to purchase real property of the estate for a period within or beyond the administration of the estate.

(a) To obtain the court's approval, the executor or administrator shall file a verified petition with the clerk describing the subject real property, stating the terms and conditions of the proposed option, and showing the advantage to the estate in giving the option.

(b) The purchase price of the real property subject to the option must be at least 90 percent of the appraised value of the real property, and the appraisal shall have been made by the referee within 90 days prior to the date of filing the petition.

(c) The clerk shall set the petition for hearing by the court and give notice thereof in the manner provided in Section 1200. The executor or administrator shall also cause notice of the hearing to be mailed, postage prepaid, to all heirs, devisees, and legatees of the decedent who are known to the executor or administrator at least 10 days before the hearing, addressed to them, at their respective post office addresses as set forth therein.

(d) Upon the hearing, the court, upon proof that due notice of the hearing has been given, shall proceed to hear the petition and any objection thereto that may have been filed or presented, and examine into the advantage to the estate in granting the option. If it appears to the court that good reason exists and that it will be to the advantage of the estate for the option to be granted, and it does not appear that a higher offer of a sum exceeding the purchase price of the real property subject to the option, or a better offer with respect to terms of the option, may be obtained, the court shall make an order approving the granting of the option and directing that the executor or administrator give the option, prescribing the terms and

conditions thereof. A higher offer with respect to the purchase price shall be subject to the provisions of Section 785 governing increased bids in sales of real property, and a better offer with respect to the terms of the option shall be one deemed to be materially more advantageous to the estate. A higher offer made either for cash or upon a credit, whether on the same or different credit terms, or a better offer, shall be considered only if the personal representative informs the court in person or by counsel that the offer is acceptable prior to the court's making its order approving the granting of the option.

(e) Where the option granted pursuant to subdivision (d) extends beyond the administration of the estate, the decree of final distribution shall provide that the real property subject to the option be distributed to the distributees subject to the terms and conditions of the option. Further, any option, whether within or beyond the administration of the estate, granted pursuant to subdivision (d) shall be subject to the provisions of Chapter 4 (commencing with Section 884.010) of Title 5 of Part 2 of Division 2 of the Civil Code.

SEC. 6. Section 584.5 of the Probate Code is amended to read:

584.5. When the time for filing or presenting claims has expired and all uncontested claims have been paid or are sufficiently secured by mortgage, or otherwise, but the estate is not in a condition to be finally closed and distributed, the court may authorize a personal representative to invest and reinvest any surplus moneys in his hands in any manner provided by the will. If the personal representative believes it advisable to make these investments, the personal representative shall file a verified petition showing the general condition of the estate and the types of investments which the personal representative proposes to make. The clerk shall set the petition for hearing by the court. The personal representative shall cause notice of the hearing and a copy of the petition to be mailed to all known legatees and devisees of property which is proposed to be invested, at their last known addresses, as provided in Section 1200.5, whether or not they have requested special notice or given notice of appearance. Where the property which is proposed to be invested is left by the will to a trustee, notice of the hearing and a copy of the petition shall be mailed to the trustee and to all persons in being who will or may participate in the corpus or income of the trust, at their last known addresses, as provided in Section 1200.5, whether or not they have requested special notice or given notice of appearance.

SEC. 7. Section 584.6 of the Probate Code is amended to read:

584.6. At the time appointed, the court shall hear the petition if no objection thereto has been filed by any interested party, and if the court is satisfied that there is no substantial reason why some or all of the investment powers given by the will should not be exercised, it shall make an order authorizing the personal representative to invest and reinvest such portion of the proceeds of sales or any other surplus moneys of the estate as the court shall deem advisable in such

types of investments as the personal representative has proposed and which are authorized by the will. The order may be for a limited period or until the administration of the estate is completed, and may be renewed, modified, or terminated at any time, upon the petition of any person interested. Notice of the hearing on the petition shall be given for the period and in the manner required by Section 1200.5.

SEC. 8. Section 605 of the Probate Code is amended to read:

605. (a) The appraisement shall be made by the executor or administrator and a probate referee as follows:

(1) The executor or administrator shall appraise at fair market value moneys, currency, cash items, bank accounts and amounts on deposit with any financial institution, and the proceeds of life and accident insurance policies and retirement plans payable upon death in lump-sum amounts, excepting therefrom such items whose fair market value is, in the opinion of the executor or administrator, an amount different from the ostensible value or specified amount.

As used in this subdivision, "financial institution" means a bank, trust company, federal savings and loan association, savings institution chartered and supervised as a savings and loan or similar institution under federal or state law, federal credit union or credit union chartered and supervised under state law.

(2) All assets other than those appraised by the executor or administrator pursuant to paragraph (1) shall be appraised by a probate referee appointed by the court or judge, except with respect to those cases in which the court waives, for good cause, the appointment of a probate referee.

(3) If an executor or administrator seeks a waiver of the appointment of a probate referee pursuant to paragraph (2), the executor or administrator, at the time of filing the inventory and appraisement pursuant to Section 600, shall file an appraisal of the fair market value of all assets of the estate and a statement which sets forth the good cause which justifies the waiver. The clerk shall set a hearing on the waiver not sooner than 15 days after the filing. A copy of the inventory and appraisement, the statement, and notice of the date of the hearing shall be served on and in the same manner as on, all persons who are entitled to notice pursuant to Section 926.

(b) The executor or administrator shall furnish to the referee such information concerning the assets appraised by him or to be appraised by the referee as the referee shall require.

(c) The executor or administrator or his attorney shall not be entitled to receive compensation for extraordinary services by reason of appraising any asset pursuant to this section.

(d) In a small estate set-aside proceeding under Chapter 6 (commencing with Section 6600) of Part 3 of Division 6, an inventory and appraisement of the decedent's estate is required as provided in Section 6608.

(e) No inventory and appraisement of the decedent's estate is required where it is disposed of without administration under Division 8 (commencing with Section 13000) except to the extent an

inventory and appraisement is required under or pursuant to Section 13103, subdivision (b) of Section 13152, subdivision (c) of Section 13200, or Section 13658.

SEC. 9. Chapter 10 (commencing with Section 630) of Division 3 of the Probate Code is repealed.

SEC. 9.5. Section 704.2 of the Probate Code is amended to read:

704.2. A claim may be filed by the surviving spouse or the personal representative, guardian of the estate, or conservator of the estate of the surviving spouse for the payment of the debts of the deceased spouse described in Chapter 3 (commencing with Section 13550) of Part 2 of Division 8. The claim shall be filed prior to the filing of a petition for final distribution. It shall set forth the reason why the debts are not barred by Section 13552 and a statement whether the debts remain unpaid or have been paid by the surviving spouse. If the surviving spouse is personally liable for the debts, the claim shall also include an inventory of the separate property of the surviving spouse and any community property not administered in the estate and a statement of the value of the property less the amount of the liens and encumbrances upon the property as of the date of death of the deceased spouse. The statement may identify any property which is exempt from enforcement of a money judgment.

SEC. 10. Section 707 of the Probate Code is amended to read:

707. (a) Except as provided in subdivision (b) or in Section 707.5 or 720, all claims arising upon contract, whether they are due, not due, or contingent, and all claims for funeral expenses and all claims for damages for injuries to, or death of, a person or injury to property and all claims against the executor or administrator of any testator or intestate who in his or her lifetime has wasted, destroyed, taken, or carried away or converted to his or her own use, the property of another person or committed any trespass on the real property of another person, shall be filed or presented within the time limited in the notice or as extended by the provisions of Section 709. Any claim not so filed or presented is barred forever, unless it is made to appear by the affidavit of the claimant to the satisfaction of the court that (1) the claimant had not received notice, by reason of being out of the state, or (2) the claimant had in good faith filed a claim in another proceeding for the same decedent which has not been consolidated with the present proceeding, and in which letters had not been issued. In either event the claim may be filed or presented at any time within one year after the expiration of the prescribed period and before petition for final distribution has been filed. However, neither the filing or presentation of the claim nor its later establishment, in whole or in part, shall make property distributed pursuant to court order or any payments properly made before filing or presentation of the claim subject to the claim. The clerk shall enter in the register every claim filed, giving the name of the claimant, the amount and character of the claim, the rate of interest, if any, and the date of filing.

(b) The filing and presentation of a claim is not required as a

If the amount of damages sought in the action exceeds the maximum amount of the insurance, filing and presentation of a claim is required only with respect to the amount sought in excess of the maximum amount of the insurance. SEC. 11. Section 718.6 of the Probate Code is amended to read:

718.6. If it appears to be to the advantage of the estate for the executor or administrator to accept a deed of property which is subject to a mortgage or deed of trust, in lieu of foreclosure of the mortgage or sale under the deed of trust, the court may authorize, upon such terms and conditions as may be imposed by the court, the acceptance of that deed, conveying the property to the heirs or devisees of the decedent, subject to administration, upon the petition of the executor or administrator or of any person interested in the estate. Notice of the hearing on the petition shall be given for the period and in the manner required by Section 1200.5.

A petition for such an order shall be filed with the clerk, who shall set the petition for hearing by the court. Notice of the hearing on the petition shall be given for the period and in the manner required by Section 1200.5, but the court or judge may order the notice to be given for a shorter period or dispensed with. The order shall fix the terms and conditions of purchase, and when the maximum purchase price is fixed or when the securities or commodities are to be purchased upon an established stock, bond, or commodity exchange, no notice need be given.

SEC. 13. Section 851.5 of the Probate Code is amended to read:

851.5. predicated. Thereupon the clerk shall set the petition for hearing by the court. The petitioner shall cause notice of the hearing and a copy of the petition to be mailed to the executor or administrator (if not the petitioner) and all known heirs, legatees, and devisees at their last known addresses, as provided in Section 1200.5, whether or not they have requested special notice or given notice of appearance. The petitioner shall also cause notice of the hearing and a copy of the petition to be served in accordance with Title 5 (commencing with Section 410.10) of Part 2 of the Code of Civil Procedure on any other person who may have an interest in the property which is the subject of the petition, at least 30 days prior to the date set for the hearing. Any interested person may request time for filing a response to the petition, for discovery proceedings, or for other preparation for the hearing and the court shall grant a continuance for a reasonable time for any of these purposes. Notice of pendency of the proceeding may be filed pursuant to Section 409 of the Code of Civil Procedure. Any person having or claiming title to or an interest in the property which is the subject of the petition, at or prior to the hearing, may object to the hearing on the petition if the petition is filed in a court which is not the proper court under any other provision of law for the trial of a civil action seeking the same relief and, if such an objection is established, the court shall not grant the petition. If a civil action is pending in respect to the subject matter of a claim filed pursuant to this section and jurisdiction has been obtained in the court where the civil action is pending prior to the filing of the claim, the court shall abate the petition until the conclusion of the civil action.

SEC. 14. Section 854 of the Probate Code is amended to read:

854. (a) When an option to purchase real or personal property is given in a will, the optionee has the right to exercise the option at any time within the time limits provided by the will. For the purposes of this section, if a time limitation in the will is measured from the death of the testator, that time shall be extended by the period between the testator's death and the issuance of letters testamentary or letters of administration with the will annexed or by six months, whichever is the shorter period.

(b) When an option to purchase real or personal property is given in a will admitted to probate, the optionee or the personal representative may petition the court, within any time limits provided in the will, for an order requiring that the property be transferred or conveyed to the optionee upon compliance with the terms and conditions stated in the will. The clerk shall set the petition for hearing by the court. Notice of the hearing on the petition shall be given for the period and in the manner required by Section 1200.5. The order shall not be made unless the court finds that the rights of creditors will not be impaired or requires a bond in an amount and with a surety as the court shall direct or approve.

(c) Subject to subdivision (d), if the option given in the will is exercisable under the terms of the will after the time that the estate

would otherwise be closed, the property subject to the option shall be distributed subject to the option.

(d) If the will does not provide a time limit for exercise of the option, the time limit is one year from the death of the decedent.

SEC. 23. Chapter 6 (commencing with Section 6600) is added to Part 3 of Division 6 of the Probate Code, to read:

CHAPTER 6. SMALL ESTATE SET-ASIDE

6600. (a) Subject to subdivision (b), for the purposes of this chapter, "decedent's estate" means all the decedent's personal property, wherever located, and all the decedent's real property located in this state.

(b) For the purposes of this chapter:

(1) Any property or interest or lien thereon which, at the time of the decedent's death, was held by the decedent as a joint tenant, or in which the decedent had a life or other interest terminable upon the decedent's death, shall be excluded in determining the estate of the decedent or its value.

(2) A multiple-party account to which the decedent was a party at the time of the decedent's death shall be excluded in determining the estate of the decedent or its value, whether or not all or a portion of the sums on deposit are community property, to the extent that the sums on deposit belong after the death of the decedent to a survivng party, P.O.D. payee, or beneficiary. As used in this paragraph, the terms "multiple-party account," "party," "P.O.D. payee," and "beneficiary" have the same meaning as given those terms by Section 5101.

6601. As used in this chapter, "minor child" means a child of the decedent who was under the age of 18 at the time of the decedent's death and who survived the decedent.

6602. A petition may be filed under this chapter requesting an order setting aside the decedent's estate to the decedent's surviving spouse and minor children, or one or more of them, as provided in this chapter, if the net value of the decedent's estate, over and above all liens and encumbrances at the date of death and over and above the value of any probate homestead interest set apart out of the decedent's estate under Section 6520, does not exceed twenty thousand dollars ($20,000).

6603. The petition shall be filed in the superior court of a county in which the estate of the decedent may be administered.

6604. (a) The petition shall allege that this chapter applies and request that an order be made setting aside the estate of the decedent as provided in this chapter.

(2) The names, ages, residences, and relation to the decedent of the heirs and devisees of the decedent, so far as known to the petitioner.

(3) A specific description and estimate of the value of the decedent's estate and a list of all liens and encumbrances at the date of death.

(4) A specific description and estimate of the value of any of the decedent's real property located outside this state that passed to the surviving spouse and minor children of the decedent, or any one or more of them, under the will of the decedent or by intestate succession.

(6) A designation of any property as to which a probate homestead is set apart out of the decedent's estate under Section 6520.

(7) A statement of any unpaid liabilities for expenses of the last illness, funeral charges, and expenses of administration.

(8) The requested disposition of the estate of the decedent under this chapter and the considerations that justify the requested disposition.

6605. (a) If proceedings for the administration of the estate of the decedent are pending, a petition under this chapter shall be filed in those proceedings without the payment of an additional fee.

(b) If proceedings for the administration of the estate of the decedent have not yet been commenced, a petition under this chapter may be filed concurrently with a petition for the probate of the decedent's will or for administration of the estate of the decedent, or, if no petition for probate or for administration is being filed, a petition under this chapter may be filed independently.

(c) A petition may be filed under this chapter at any time prior to the entry of the order of final distribution of the estate.

6606. (a) A petition may be filed under this chapter by any of the following:

(1) The person named in the will of the decedent as executor.

(2) The surviving spouse of the decedent.

(3) The guardian of a minor child of the decedent.

(4) A child of the decedent who was a minor at the time the decedent died.

(5) The personal representative of the decedent if a personal representative has been appointed for the decedent's estate.

(b) The guardian of a minor child of the decedent may file the petition without authorization or approval of the court in which the guardianship proceeding is pending.

6607. (a) Where proceedings for the administration of the estate of the decedent are not pending when the petition is filed under this chapter and the petition under this chapter is not joined with a petition for the probate of the decedent's will or for administration of the estate of the decedent, the petitioner shall give notice of the hearing by mail not less than 10 days before the hearing to each heir and devisee of the decedent, and to each person named as executor who is not petitioning, if known to the petitioner. A copy of the petition shall be sent with this notice of hearing to the surviving spouse, each child, and each devisee who is not petitioning.

(b) If the petition under this chapter is filed with a petition for the probate of the decedent's will, notice of the hearing on the petition under this chapter shall be given to the persons and in the manner prescribed by Sections 327 and 328 and shall be included in the notice of hearing required by those sections. If the petition filed under this chapter is filed with a petition for administration of the estate of the deceased spouse, notice of the hearing on the petition shall be given to the persons and in the manner prescribed by Section 441 and shall be included in the notice required by that section.

(c) If proceedings for the administration of the estate of the decedent are pending when the petition is filed under this chapter and the hearing of the petition for probate of the will or administration of the estate of the decedent is set for a day more than 10 days after the filing of the petition filed under this chapter, the petition under this chapter shall be set for hearing at the same time as the petition for probate of the will or for administration of the estate, and notice of hearing on the petition filed under this chapter shall be given by the petitioner as provided in Section 1200.5. If the hearing of the petition for probate of the will or for administration of the estate is not set for hearing for a day more than 10 days after the filing of the petition under this chapter, (1) the petition filed under this chapter shall be set for hearing at least 10 days after the date on which it is filed, (2) notice of the hearing on the petition filed under this chapter shall be given by the petitioner as provided in Section 1200.5, and (3) if the petition for probate of the will or for

administration of the estate has not already been heard, that petition shall be continued until that date and heard at the same time unless the court otherwise orders.

6608. If a petition is filed under this chapter, the personal representative, or the petitioner if no personal representative has been appointed, shall file with the clerk of the court, prior to the hearing of the petition, an inventory and appraisement in the form set forth in Section 600. The appraisement shall be made as set forth in Chapter 9 (commencing with Section 600) of Division 3. The personal representative or the petitioner, as the case may be, may appraise the assets which a personal representative could appraise under paragraph (1) of subdivision (a) of Section 605.

6609. (a) If the court determines that the net value of the decedent's estate, over and above all liens and encumbrances at the date of death of the decedent and over and above the value of any probate homestead interest set apart out of the decedent's estate under Section 6520, does not exceed twenty thousand dollars ($20,000) as of the date of the decedent's death, the court shall make an order under this section unless the court determines that making an order under this section would be inequitable under the circumstances of the particular case.

(b) In determining whether to make an order under this section, the court shall consider the needs of the surviving spouse and minor children, the liens and encumbrances on the property of the decedent's estate, the claims of creditors, the needs of the heirs or devisees of the decedent, the intent of the decedent with respect to the property in the estate and the estate plan of the decedent as expressed in inter vivos and testamentary transfers or by other means, and any other relevant considerations. If the surviving spouse has remarried at the time the petition is heard, it shall be presumed that the needs of the surviving spouse do not justify the setting aside of the small estate, or any portion thereof, to the surviving spouse. This presumption is a presumption affecting the burden of proof.

(c) Subject to subdivision (d), if the court makes an order under this section, the court shall assign the whole of the decedent's estate, subject to all liens and encumbrances on property in the estate at the date of the decedent's death, to the surviving spouse and the minor children of the decedent, or any one or more of them.

(d) If there are any liabilities for expenses of the last illness, funeral charges, and expenses of administration that are unpaid at the time the court makes an order under this section, the court shall make such orders as are necessary so that those unpaid liabilities are paid.

(e) Title to property in the decedent's estate vests absolutely in the surviving spouse, minor children, or any or all of them, as provided in the order, subject to all liens and encumbrances on property in the estate at the date of the decedent's death, and there shall be no further proceedings in the administration of the decedent's estate unless additional property in the decedent's estate

is discovered.

6610. Upon becoming final, an order under Section 6609 shall be conclusive on all persons, whether or not they are then in being.

6611. (a) Subject to the limitations and conditions specified in this section, the person or persons in whom title vested pursuant to Section 6609 are personally liable for the unsecured debts of the decedent.

(b) The personal liability of a person under this section shall not exceed the fair market value at the date of the decedent's death of the property title to which vested in that person pursuant to Section 6609, less the total of all of the following:

(1) The amount of any liens and encumbrances on that property.

(2) The value of any probate homestead interest set apart under Section 6520 out of that property.

(3) The value of any other property set aside under Section 6510 out of that property.

(c) The personal liability under this section ceases one year after the date the court makes its order under Section 6609, except with respect to an action or proceeding then pending in court.

(d) In any action or proceeding based upon an unsecured debt of the decedent, the surviving spouse of the decedent, the child or children of the decedent, or the guardian of the minor child or children of the decedent, may assert any defense, cross-complaint, or setoff which would have been available to the decedent if the decedent had not died.

(e) If proceedings are commenced in this state for the administration of the estate of the decedent and the time for filing or presenting claims has commenced, any action upon the personal liability of a person under this section is barred to the same extent as provided for claims under Article 1 (commencing with Section 700) of Chapter 12 of Division 3, except as to the following:

(1) Creditors who commence judicial proceedings for the enforcement of the debt and serve the person liable under this section with the complaint therein prior to the expiration of the time for filing or presenting claims.

(2) Creditors who have or who secure an acknowledgment in writing of the person liable under this section that that person is liable for the debts.

(3) Creditors who file a timely claim in the proceedings for the administration of the estate of the decedent.

6612. If a petition filed under this chapter is filed with a petition for the probate of the decedent's will or for administration of the estate of the decedent and the court determines not to make an order under Section 6609, the court shall act on the petition for probate of the decedent's will or for administration of the estate of the decedent in the same manner as if no petition had been filed under this chapter, and the estate shall then be administered in the same manner as if no petition had been filed under this chapter.

6613. The attorney's fee for services performed in connection

with the filing of a petition and the obtaining of a court order under this chapter shall be determined by private agreement between the attorney and the client and is not subject to approval by the court. If there is no agreement between the attorney and the client concerning the attorney's fee for services performed in connection with the filing of a petition and obtaining of a court order under this chapter and there is a dispute concerning the reasonableness of the attorney's fee for those services, a petition may be filed with the court in the same proceeding requesting that the court determine the reasonableness of the attorney's fee for those services. If there is an agreement between the attorney and the client concerning the attorney's fee for services performed in connection with the filing of a petition and obtaining a court order under this chapter and there is a dispute concerning the meaning of the agreement, a petition may be filed with the court in the same proceeding requesting that the court determine the dispute.

6614. Sections 6600 to 6613, inclusive, apply only if the decedent died on or after July 1, 1987. If the decedent dies before July 1, 1987, the case shall continue to be governed by the law applicable to the case prior to July 1, 1987.

6615. On and after July 1, 1987, a reference in any statute of this state or in a written instrument, including a will or trust, to a provision of former Sections 640 to 647.5, inclusive, shall be deemed to be a reference to the comparable provisions of this chapter.

13004. "Particular item of property" means, respectively, particular personal property of the decedent which is sought to be collected, received, or transferred by the successor of the decedent under Chapter 3 (commencing with Section 13100), or particular real property of the decedent for which the successor of the

decedent seeks a court order determining succession under Chapter 4 (commencing with Section 13150) or with respect to which the successor of the decedent files an affidavit of succession under Chapter 5 (commencing with Section 13200). Subject to this section, "particular item of property" includes all interests specified in Section 62.

13006. "Successor of the decedent" means:

(a) If the decedent died leaving a will, the sole beneficiary or all of the beneficiaries who succeeded to a particular item of property of the decedent under the decedent's will. For the purposes of this part, the trustee of a trust created during the decedent's lifetime is a beneficiary under the decedent's will if the trust succeeds to the particular item of property under the decedent's will.

(b) If the decedent died without a will, the sole person or all of the persons who succeeded to the particular item of property of the decedent under Sections 6401 and 6402.

CHAPTER 2. GENERAL PROVISIONS

13050. (a) For the purposes of this part:

(1) Any property or interest or lien thereon which, at the time of the decedent's death, was held by the decedent as a joint tenant, or in which the decedent had a life or other interest terminable upon the decedent's death, or which was held by the decedent and passed to the decedent's surviving spouse pursuant to Section 13500, shall be excluded in determining the property or estate of the decedent or its value.

(2) A multiple-party account to which the decedent was a party at the time of the decedent's death shall be excluded in determining the property or estate of the decedent or its value, whether or not all or a portion of the sums on deposit are community property, to the extent that the sums on deposit belong after the death of the decedent to a surviving party, P.O.D. payee, or beneficiary. As used in this paragraph, the terms "multiple-party account," "party," "P.O.D. payee," and "beneficiary" have the same meaning as given those terms by Section 5101.

(b) For the purposes of this part, all of the following property shall be excluded in determining the property or estate of the decedent or its value:

(1) Any vehicle registered under Division 3 (commencing with Section 4000) of the Vehicle Code or titled under Division 16.5 (commencing with Section 38000) of the Vehicle Code.

(2) Any vessel numbered under Division 3.5 (commencing with Section 9840) of the Vehicle Code.

(3) Any manufactured home, mobilehome, commercial coach, truck camper, or floating home registered under Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code.

(c) For the purposes of this part, the value of the following

property shall be excluded in determining the value of the decedent's property in this state:

(1) Any amounts due to the decedent for services in the armed forces of the United States.

(2) The amount, not exceeding five thousand dollars ($5,000), of salary or other compensation, including compensation for unused vacation, owing to the decedent for personal services from any employment.

13051. For the purposes of this part:

(a) A guardian or conservator of the estate of a person entitled to any of the decedent's property may act on behalf of the person without authorization or approval of the court in which the guardianship or conservatorship proceeding is pending.

(b) A trustee of a trust created during the decedent's lifetime may act on behalf of the trust.

(c) If the decedent's will nominates a custodian to receive a devise to a beneficiary under the Uniform Gifts to Minors Act or the Uniform Transfer to Minors Act of any state and the nomination has not been revoked, the custodian may act on behalf of the beneficiary until such time as the custodianship terminates.

13052. In making an inventory and appraisement for the purposes of this part, the probate referee shall use the date of the decedent's death as the date of valuation of the property.

13053. (a) Except as provided in subdivision (b), this part applies whether the decedent died before, on, or after July 1, 1987.

(b) This part does not apply and the law in effect at the time of payment, delivery, or transfer shall apply if the payment, delivery, or transfer is made pursuant to former Probate Code Sections 630 to 632, inclusive, prior to July 1, 1987.

13054. On and after July 1, 1987, a reference in any statute of this state or in a written instrument, including a will or trust, to a provision of former Sections 630 to 632, inclusive, shall be deemed to be a reference to the comparable provisions of Chapter 3 (commencing with Section 13100).

CHAPTER 3. AFFIDAVIT PROCEDURE FOR COLLECTION OR TRANSFER OF PERSONAL PROPERTY

13100. Excluding the property described in Section 13050, if the gross value of the decedent's real and personal property in this state does not exceed sixty thousand dollars ($60,000) and if 40 days have elapsed since the death of the decedent, the successor of the decedent may, without procuring letters of administration or awaiting probate of the will, do any of the following with respect to one or more particular items of property:

(a) Collect any particular item of property that is money due the decedent.

(b) Receive any particular item of property that is tangible personal property of the decedent.

(c) Have any particular item of property that is evidence of a debt, obligation, interest, right, security, or chose in action belonging to the decedent transferred, whether or not secured by a lien on real property.

13101. (a) To collect money, receive tangible personal property, or have evidences transferred under this chapter, an affidavit or a declaration under penalty of perjury under the laws of this state shall be furnished to the holder of the decedent's property stating all of the following:

(1) The decedent's name.

(2) The date and place of the decedent's death.

(3) "At least 40 days have elapsed since the death of the decedent, as shown in a certified copy of the decedent's death certificate attached to this affidavit or declaration."

(4) "No proceeding is now being or has been conducted in California for administration of the decedent's estate."

(5) "The gross value of the decedent's real and personal property in California, excluding the property described in Section 13050 of the California Probate Code, does not exceed sixty thousand dollars ($60,000)."

(6) A description of the property of the decedent that is to be paid, transferred, or delivered to the affiant or declarant.

(7) The name of the successor of the decedent (as defined in Section 13006 of the California Probate Code) to the described property.

(8) Either of the following, as appropriate:

(A) "The affiant or declarant is the successor of the decedent (as defined in Section 13006 of the California Probate Code) to the decedent's interest in the described property."

(B) "The affiant or declarant is authorized under Section 13051 of the California Probate Code to act on behalf of the successor of the decedent (as defined in Section 13006 of the California Probate Code) with respect to the decedent's interest in the described property."

(9) "No other person has a right to the interest of the decedent in the described property."

(10) "The affiant or declarant requests that the described property be paid, delivered, or transferred to the affiant or declarant."

(11) "The affiant or declarant affirms or declares under penalty of perjury under the laws of the State of California that the foregoing is true and correct."

(b) Where more than one person executes the affidavit or declaration under this section, the statements required by subdivision (a) shall be modified as appropriate to reflect that fact.

(c) A certified copy of the decedent's death certificate shall be attached to the affidavit or declaration.

13102. (a) If the decedent had evidence of ownership of the property described in the affidavit or declaration and the holder of

the property would have had the right to require presentation of the evidence of ownership before the duty of the holder to pay, deliver, or transfer the property to the decedent would have arisen, the evidence of ownership, if available, shall be presented with the affidavit or declaration to the holder of the decedent's property.

(b) If the evidence of ownership is not presented to the holder pursuant to subdivision (a), the holder may require, as a condition for the payment, delivery, or transfer of the property, that the person presenting the affidavit or declaration provide the holder with a bond or undertaking in a reasonable amount determined by the holder to be sufficient to indemnify the holder against all liability, claims, demands, loss, damages, costs, and expenses that the holder may incur or suffer by reason of the payment, delivery, or transfer of the property. Nothing in this subdivision precludes the holder and the person presenting the affidavit or declaration from dispensing with the requirement that a bond or undertaking be provided and instead entering into an agreement satisfactory to the holder concerning the duty of the person presenting the affidavit or declaration to indemnify the holder.

13103. If the estate of the decedent includes any real property, the affidavit or declaration shall be accompanied by an inventory and appraisement of the real property. The form, content, and manner of making the inventory and appraisement of the real property shall be as set forth in Chapter 9 (commencing with Section 600) of Division 3. The inventory and appraisement shall be made by a probate referee selected by the affiant or declarant from those probate referees appointed by the Controller under Section 1305 to appraise property in the county where the real property is located.

13104. (a) Reasonable proof of the identity of each person executing the affidavit or declaration shall be provided to the holder of the decedent's property.

(b) Reasonable proof of identity is provided for the purposes of this section if both of the following requirements are satisfied:

(1) The person executing the affidavit or declaration is personally known to the holder.

(2) The person executes the affidavit or declaration in the presence of the holder.

(c) If the affidavit or declaration is executed in the presence of the holder, a written statement under penalty of perjury by a person personally known to the holder affirming the identity of the person executing the affidavit or declaration is reasonable proof of identity for the purposes of this section.

(d) If the affidavit or declaration is executed in the presence of the holder, the holder may reasonably rely on any of the following as reasonable proof of identity for the purposes of this section:

(1) An identification card or driver's license issued by the Department of Motor Vehicles of this state that is current or was issued during the preceding five years.

(2) A passport issued by the Department of State of the United

States that is current or was issued during the preceding five years.

(3) Any of the following documents if the document is current or was issued during the preceding five years and contains a photograph and description of the person named on it, is signed by the person, and bears a serial or other identifying number:

(A) A passport issued by a foreign government that has been stamped by the United States Immigration and Naturalization Service.

(B) A driver's license issued by a state other than California.

(C) An identification card issued by a state other than California.

(D) An identification card issued by any branch of the armed forces of the United States.

(e) For the purposes of this section, a notary public's certificate of acknowledgment identifying the person executing the affidavit or declaration is reasonable proof of identity of the person executing the affidavit or declaration.

(f) Unless the affidavit or declaration contains a notary public's certificate of acknowledgment of the identity of the person, the holder shall note on the affidavit or declaration either that the person executing the affidavit or declaration is personally known or a description of the identification provided by the person executing the affidavit or declaration.

13105. (a) If the requirements of Sections 13100 to 13104, inclusive, are satisfied:

(1) The person or persons executing the affidavit or declaration as successor of the decedent are entitled to have the property described in the affidavit or declaration paid, delivered, or transferred to them.

(2) A transfer agent of a security described in the affidavit or declaration shall change the registered ownership on the books of the corporation from the decedent to the person or persons executing the affidavit or declaration as successor of the decedent.

(b) If the holder of the decedent's property refuses to pay, deliver, or transfer any personal property or evidence thereof to the successor of the decedent within a reasonable time, the successor may recover the property or compel its payment, delivery, or transfer in an action brought for that purpose against the holder of the property. If an action is brought against the holder under this section, the court shall award attorney's fees to the person or persons bringing the action if the court finds that the holder of the decedent's property acted unreasonably in refusing to pay, deliver, or transfer the property to them as required by subdivision (a).

13106. (a) If the requirements of Sections 13100 to 13104, inclusive, are satisfied, receipt by the holder of the decedent's property of the affidavit or declaration constitutes sufficient acquittance for the payment of money, delivery of property, or changing registered ownership of property pursuant to this chapter and discharges the holder from any further liability with respect to the money or property. The holder may rely in good faith on the

statements in the affidavit or declaration and has no duty to inquire into the truth of any statement in the affidavit or declaration.

(b) If the requirements of Sections 13100 to 13104, inclusive, are satisfied, the holder of the decedent's property is not liable for any taxes due to this state by reason of paying money, delivering property, or changing registered ownership of property pursuant to this chapter.

13107. When the money or property claimed in an affidavit or declaration presented under this chapter is that of a deceased heir or devisee of a deceased person whose estate is being administered in this state, the personal representative of the person whose estate is being administered shall present the affidavit or declaration to the court in which the estate is being administered. The court shall direct the personal representative to pay the money or deliver the property to the person or persons identified by the affidavit or declaration as the successor of the decedent to the extent that the decree of distribution determines that the deceased heir or devisee was entitled to the money or property under the will or the laws of succession.

13108. (a) The procedure provided by this chapter may be used only if no proceeding for the administration of the decedent's estate is pending or has been conducted in this state.

(b) Payment, delivery, or transfer of a decedent's property pursuant to this chapter does not preclude later proceedings for administration of the decedent's estate.

13109. A person to whom payment, delivery, or transfer of the decedent's property is made under this chapter is personally liable, to the extent provided in Section 13112, for the unsecured debts of the decedent. Any such debt may be enforced against the person in the same manner as it could have been enforced against the decedent if the decedent had not died. In any action based upon the debt, the person may assert any defenses, cross-complaints, or setoffs that would have been available to the decedent if the decedent had not died.

13110. (a) Except as provided in subdivision (b), each person to whom payment, delivery, or transfer of the decedent's property is made under this chapter is personally liable to the extent provided in Section 13112 to any person having a superior right by testate or intestate succession from the decedent.

(b) In addition to any other liability the person has under this section and Sections 13109, 13111, and 13112, any person who fraudulently secures the payment, delivery, or transfer of the decedent's property under this chapter is liable to the person having such a superior right for three times the fair market value of the property. For the purposes of this subdivision, the "fair market value of the property" is the fair market value of the property paid, delivered, or transferred to the person liable under this subdivision, valued as of the time the person liable under this subdivision presents the affidavit or declaration under this chapter to the holder of the

decedent's property, excluding any liens and encumbrances on that property at that time.

(c) An action to impose liability under this section is forever barred three years after the affidavit or declaration is presented under this chapter to the holder of the decedent's property, or three years after the discovery of the fraud, whichever is later. The three-year period specified in this subdivision is not tolled for any reason.

13111. (a) Subject to subdivisions (b), (c), (d), and (e), if proceedings for the administration of the decedent's estate are commenced, each person to whom payment, delivery, or transfer of the decedent's property is made under this chapter is liable for:

(1) The restitution of the property to the estate if the person still has the property, together with the net income the person received from the property.

(2) The restitution to the estate of the fair market value of the property if the person no longer has the property, together with (A) the net income the person received from that property and (B) interest on the fair market value of the property from the date of disposition at the rate payable on a money judgment. For the purposes of this subdivision, the "fair market value of the property" is the fair market value, valued as of the time of the disposition of the property, of the property paid, delivered, or transferred to the person under this chapter, excluding any liens and encumbrances on the property at that time.

(b) Subject to subdivision (c) and subject to any additional liability the person has under Sections 13109 to 13112, inclusive, if the person fraudulently secured the payment, delivery, or transfer of the decedent's property under this chapter, the person is liable under this section for restitution to the decedent's estate of three times the fair market value of the property. For the purposes of this subdivision, the "fair market value of the property" is the fair market value, valued as of the time the person liable under this subdivision presents the affidavit or declaration under this chapter, of the property paid, delivered, or transferred to the person under this chapter, excluding the amount of any liens and encumbrances on the property at that time.

(c) The property and amount required to be restored to the estate under this section shall be reduced by any property or amount paid by the person to satisfy a liability under Section 13109 or 13110.

(d) An action to enforce the liability under this section may be brought only by the personal representative of the estate of the decedent. In an action to enforce the liability under this section, the court's judgment may enforce the liability only to the extent necessary to protect the interests of the heirs, devisees, and creditors of the decedent.

(e) An action to enforce the liability under this section is forever barred three years after presentation of the affidavit or declaration under this chapter to the holder of the decedent's property, or three

years after the discovery of the fraud, whichever is later. The three-year period specified in this subdivision is not tolled for any reason.

13112. (a) A person to whom payment, delivery, or transfer of the decedent's property has been made under this chapter is not liable under Section 13109 or 13110 if proceedings for the administration of the decedent's estate are commenced and the person satisfies the requirements of Section 13111.

(b) Except as provided in subdivision (b) of Section 13110, the aggregate of the personal liability of a person under Sections 13109 and 13110 shall not exceed the fair market value, valued as of the time the affidavit or declaration is presented under this chapter, of the property paid, delivered, or transferred to the person under this chapter, less the amount of any liens and encumbrances on that property at that time, together with the net income the person received from the property and, if the property has been disposed of, interest on the fair market value of the property accruing from the date of disposition at the rate payable on a money judgment.

For the purpose of this subdivision, "fair market value of the property" has the same meaning as defined in paragraph (2) of subdivision (a) of Section 13111.

13113. The remedies available under Sections 13109 to 13112, inclusive, are in addition to any remedies available by reason of any fraud or intentional wrongdoing.

13114. A public administrator who has taken charge of the estate of a decedent as provided in Section 1140 may refuse to pay money or deliver property pursuant to this chapter if payment of the costs and fees described in Section 1144.5, subject to the dollar limitations specified in that section, has not first been made or adequately assured to the satisfaction of the public administrator.

13115. The procedure provided in this chapter may not be used to obtain possession or the transfer of real property.

CHAPTER 4. COURT ORDER DETERMINING SUCCESSION TO REAL PROPERTY

13150. The procedure provided by this chapter may be used only if no proceeding is being or has been conducted in this state for administration of the decedent's estate.

13151. Exclusive of the property described in Section 13050, if a decedent dies leaving real property in this state and the gross value of the decedent's real and personal property in this state does not exceed sixty thousand dollars ($60,000) and 40 days have elapsed since the death of the decedent, the successor of the decedent to an interest in a particular item of property that is real property, without procuring letters of administration or awaiting the probate of the will, may file a petition in the superior court of the county in which the estate of the decedent may be administered requesting a court order determining that the petitioner has succeeded to that real

property and that administration of the decedent's estate is unnecessary.

13152. (a) The petition shall be verified by each petitioner, shall contain a request that the court make an order under this chapter determining that the particular item of property described in the petition is property passing to the petitioner and that no administration of the decedent's estate is necessary, and shall state all of the following:

(1) The facts necessary to determine that the petition is filed in the proper county.

(2) The gross value of the decedent's real and personal property in California, excluding the property described in Section 13050, as shown by the inventory and appraisement attached to the petition, does not exceed sixty thousand dollars ($60,000).

(3) A legal description of the particular item of property in this state which the petitioner alleges is property of the decedent passing to the petitioner and the interest of the decedent therein.

(4) The facts upon which the petitioner bases the allegation that the described real property is property passing to the petitioner.

(5) A statement that no proceeding is being or has been conducted in this state for administration of the decedent's estate.

(6) Whether estate proceedings for the decedent have been commenced in any other jurisdiction and, if so, where those proceedings are pending or were conducted.

(7) The names, addresses, relationships, and ages of the heirs and devisees of the decedent, the names and addresses of all persons named as executors of the will of the decedent and, if the personal representative is the trustee of a trust that is a devisee under the will of the decedent, the names and addresses of all persons interested in the trust, as determined in cases of future interests pursuant to subdivision (1), (2), or (3) of Section 1215.1, so far as known to any petitioner.

(b) There shall be attached to the petition an inventory and appraisement in the form set forth in Section 600 of the decedent's real and personal property in this state, excluding the property described in Section 13050. The appraisement shall be made as set forth in Chapter 9 (commencing with Section 600) of Division 3. The petitioner may appraise the assets which a personal representative could appraise under paragraph (1) of subdivision (a) of Section 605.

(c) If the petitioner bases his or her claim to the described particular item of property upon the will of the decedent, a copy of the will shall be attached to the petition.

If Assembly Bill No. 2652 of the 1985–86 Regular Session is enacted and adds a Section 15804 to this code, this section shall not become operative.

13152. (a) The petition shall be verified by each petitioner, shall contain a request that the court make an order under this chapter determining that the particular item of property described in the petition is property passing to the petitioner and that no

administration of the decedent's estate is necessary, and shall state all of the following:

(1) The facts necessary to determine that the petition is filed in the proper county.

(2) The gross value of the decedent's real and personal property in California, excluding the property described in Section 13050, as shown by the inventory and appraisement attached to the petition, does not exceed sixty thousand dollars ($60,000).

(3) A description of the particular item of property in this state which the petitioner alleges is property of the decedent passing to the petitioner.

(4) The facts upon which the petitioner bases the allegation that the described real property is property passing to the petitioner.

(5) A statement that no proceeding is being or has been conducted in this state for administration of the decedent's estate.

(6) Whether estate proceedings for the decedent have been commenced in any other jurisdiction and, if so, where those proceedings are pending or were conducted.

(7) The names, addresses, relationships, and ages of the heirs and devisees of the decedent, the names and addresses of all persons named as executors of the will of the decedent, and, if the personal representative is the trustee of a trust that is a devisee under the will of the decedent, the names and addresses of all persons interested in the trust, as determined in cases of future interests pursuant to paragraph (1), (2), or (3) of subdivision (a) of Section 15804, so far as known to any petitioner.

(b) There shall be attached to the petition an inventory and appraisement in the form set forth in Section 600 of the decedent's real and personal property in this state, excluding the property described in Section 13050. The appraisement shall be made as set forth in Chapter 9 (commencing with Section 600) of Division 3. The petitioner may appraise the assets which a personal representative could appraise under paragraph (1) of subdivision (a) of Section 605.

(c) If the petitioner bases his or her claim to the described particular item of property upon the will of the decedent, a copy of the will shall be attached to the petition.

This section shall only become operative if Assembly Bill No. 2652 of the 1985–86 Regular Session is enacted and adds a Section 15804 to this code, in which case this section shall become operative on July 1, 1987.

13153. The clerk shall set the petition for hearing. Not less than 10 days before the hearing on the petition notice of the hearing shall be personally served upon or mailed, postage prepaid, to each of the persons named in the petition pursuant to Section 13152, addressed to each person at the person's residence or mailing address as set forth in the petition, or if neither of these addresses are known to any petitioner, the county seat of the county where the proceedings are pending.

13154. (a) If the court makes the determinations required under

subdivision (b), the court shall issue an order determining (1) that real property, to be described in the order, of the decedent is property passing to the petitioners and the specific property interest of each petitioner in the described property and (2) that no administration of the decedent's estate is necessary.

(b) The court may make an order under this section only if the court makes all of the following determinations:

(1) The gross value of the decedent's real and personal property in this state, excluding the property described in Section 13050, does not exceed sixty thousand dollars ($60,000).

(2) Not less than 40 days have elapsed since the death of the decedent.

(3) No proceeding is being or has been conducted in this state for administration of the decedent's estate.

(4) The real property described in the order is property of the decedent passing to the petitioner.

(c) If the petition has attached an inventory and appraisement that satisfies the requirements of subdivision (b) of Section 13152, the determination required by paragraph (1) of subdivision (b) of this section shall be made on the basis of the verified petition and the attached inventory and appraisement, unless evidence is offered by a person opposing the petition that the gross value of the decedent's real and personal property in this state, excluding the property described in Section 13050, exceeds sixty thousand dollars ($60,000).

13155. Upon becoming final, an order under this chapter determining that real property is property passing to the petitioner is conclusive on all persons, whether or not they are in being.

13156. (a) Subject to subdivisions (b) and (c), the petitioner who receives the decedent's property pursuant to an order under this chapter is personally liable for the unsecured debts of the decedent.

(b) The personal liability of any petitioner shall not exceed the fair market value at the date of the decedent's death of the property received by that petitioner pursuant to an order under this chapter, less the amount of any liens and encumbrances on the property.

(c) In any action or proceeding based upon an unsecured debt of the decedent, the petitioner may assert any defense, cross-complaint, or setoff which would have been available to the decedent if the decedent had not died.

13157. The attorney's fee for services performed in connection with the filing of a petition and obtaining a court order under this chapter shall be determined by private agreement between the attorney and the client and is not subject to approval by the court. If there is no agreement between the attorney and the client concerning the attorney's fee for services performed in connection with the filing of a petition and obtaining of a court order under this chapter and there is a dispute concerning the reasonableness of the attorney's fee for those services, a petition may be filed with the court in the same proceeding requesting that the court determine

the reasonableness of the attorney's fee for those services. If there is an agreement between the attorney and the client concerning the attorney's fee for services performed in connection with the filing of a petition and obtaining a court order under this chapter and there is a dispute concerning the meaning of the agreement, a petition may be filed with the court in the same proceeding requesting that the court determine the dispute.

CHAPTER 5. AFFIDAVIT PROCEDURE FOR REAL PROPERTY OF SMALL VALUE

13200. (a) No sooner than six months from the death of a decedent, a person or persons claiming as successor of the decedent to a particular item of property that is real property may file in the superior court in the county in which the decedent was domiciled at the time of death, or if the decedent was not domiciled in this state at the time of death, then in any county in which real property of the decedent is located, an affidavit in the form prescribed by the Judicial Council pursuant to Section 13209 stating all of the following:

(1) The name of the decedent.

(2) The date and place of the decedent's death.

(3) A legal description of the real property and the interest of the decedent therein.

(4) "The gross value of all real property in the decedent's estate located in California, as shown by the inventory and appraisement attached to this affidavit, excluding the real property described in Section 13050 of the California Probate Code, does not exceed ten thousand dollars ($10,000)."

(5) "At least six months have elapsed since the death of the decedent as shown in a certified copy of decedent's death certificate attached to this affidavit."

(6) "No proceeding is now being or has been conducted in California for administration of the decedent's estate."

(7) "Funeral expenses, expenses of last illness, and all unsecured debts of the decedent have been paid."

(8) "The affiant is the successor of the decedent (as defined in Section 13006 of the Probate Code) and to the decedent's interest in the described property, and no other person has a superior right to the interest of the decedent in the described property."

(9) "The affiant declares under penalty of perjury under the law of the State of California that the foregoing is true and correct."

(b) For each person executing the affidavit, the affidavit shall contain a notary public's certificate of acknowledgment identifying the person.

(c) There shall be attached to the affidavit an inventory and appraisement of the decedent's real property in this state, excluding the real property described in Section 13050. The form, content, and manner of making the inventory and appraisement of the real property shall be as set forth in Chapter 9 (commencing with Section

600) of Division 3. The inventory and appraisement shall be made by a probate referee selected by the affiant from those probate referees appointed by the Controller under Section 1305 to appraise property in the county where the real property is located.

(d) If the person or persons executing the affidavit claim under the decedent's will, a copy of the will shall be attached to the affidavit.

(e) A certified copy of the decedent's death certificate shall be attached to the affidavit.

13201. Notwithstanding any other provision of law, the total fee for the filing of an affidavit under Section 13200 and the issuance of one certified copy of the affidavit under Section 13202 is thirty-five dollars ($35).

13202. Upon receipt of the affidavit and the required fee, the court clerk, upon determining that the affidavit is complete and has the required attachments, shall file the affidavit and attachments and shall issue a certified copy of the affidavit without the attachments. The certified copy shall be recorded in the office of the county recorder of the county where the real property is located. The county recorder shall index the certified copy in the index of grantors and grantees. The decedent shall be indexed as the grantor and each person designated as a successor to the property in the certified copy shall be indexed as a grantee.

13203. (a) A good faith purchaser or lessee of real property for value from, or a good faith lender to, a person designated as a successor of the decedent to a particular item of property in a certified copy of an affidavit issued under Section 13202 and recorded in the county in which the real property is located has the same rights and protections as the purchaser, lessee, or lender would have if each person designated as a successor in the recorded certified copy of the affidavit had been named as a distributee of the real property in a decree of distribution that had become final.

(b) The issuance and recording of a certified copy of an affidavit under this chapter does not preclude later proceedings for administration of the decedent's estate.

13204. Each person who is designated as a successor of the decedent in a certified copy of an affidavit issued under Section 13202 is personally liable to the extent provided in Section 13207 for the unsecured debts of the decedent. Any such debt may be enforced against the person in the same manner as it could have been enforced against the decedent if the decedent had not died. In any action based upon the debt, the person may assert any defense, cross-complaint, or setoff that would have been available to the decedent if the decedent had not died.

13205. (a) Except as provided in subdivision (b), each person who is designated as a successor of the decedent in a certified copy of any affidavit issued under Section 13202 is personally liable to the extent provided in Section 13207 to any person having a superior right by testate or intestate succession from the decedent.

(b) In addition to any other liability the person has under this section and Sections 13204, 13206, and 13207, if the person fraudulently executed or filed the affidavit under this chapter, the person is liable to the person having a superior right for three times the fair market value of the property. For the purposes of this subdivision, the "fair market value of the property" is the fair market value, valued as of the time the certified copy of the affidavit was issued under Section 13202, of the property the person liable took under the certified copy of the affidavit to which the other person has a superior right, excluding any liens and encumbrances on the property at that time.

(c) An action to impose liability under this section is forever barred five years after the certified copy of the affidavit is issued under Section 13202. This five-year period allowed for commencing the action is tolled during the minority of the person having the superior right, but is not tolled for any other reason.

13206. (a) Subject to subdivisions (b), (c), (d), and (e), if proceedings for the administration of the decedent's estate are commenced, each person who is designated as a successor of the decedent in a certified copy of an affidavit issued under Section 13202 is liable for:

(1) The restitution to the decedent's estate of the property the person took under the certified copy of the affidavit if the person still has the property, together with the net income the person received from the property.

(2) The restitution to the decedent's estate of the fair market value of the property if the person no longer has the property, together with (A) the net income the person received from the property prior to disposing of it and (B) interest from the date of disposition at the rate payable on a money judgment on the fair market value of the property. For purposes of this paragraph, the "fair market value of the property" is the fair market value, valued as of the time of the disposition of the property, of the property the person took under the certified copy of the affidavit, excluding the amount of any liens and encumbrances on the property at the time the certified copy of the affidavit was issued.

(b) Subject to subdivision (d), if the person fraudulently executed or filed the affidavit under this chapter, the person is liable under this section for restitution to the decedent's estate of three times the fair market value of the property. For the purposes of this subdivision, the "fair market value of the property" is the fair market value, valued as of the time the certified copy of the affidavit was issued, of the property the person took under the certified copy of the affidavit, excluding the amount of any liens and encumbrances on the property at that time.

(c) Subject to subdivision (d), if proceedings for the administration of the decedent's estate are commenced and a person designated as a successor of the decedent in a certified copy of an affidavit issued under Section 13202 made a significant improvement

to the property taken by the person under the certified copy of the affidavit in the good faith belief that the person was the successor of the decedent to that property, the person is liable for whichever of the following the decedent's estate elects:

(1) The restitution of the property, as improved, to the estate of the decedent upon the condition that the estate reimburse the person making restitution for (A) the amount by which the improvement increases the fair market value of the property restored, valued as of the time of restitution, and (B) the amount paid by the person for principal and interest on any liens or encumbrances that were on the property at the time the certified copy of the affidavit was issued.

(2) The restoration to the decedent's estate of the fair market value of the property, valued as of the time of the issuance of the certified copy of the affidavit under Section 13202, excluding the amount of any liens and encumbrances on the property at that time, together with interest on the net amount at the rate payable on a money judgment running from the date of the issuance of the certified copy of the affidavit.

(d) The property and amount required to be restored to the estate under this section shall be reduced by any property or amount paid by the person to satisfy a liability under Section 13204 or 13205.

(e) An action to enforce the liability under this section may be brought only by the personal representative of the estate of the decedent. In an action to enforce the liability under this section, the court's judgment may enforce the liability only to the extent necessary to protect the interests of the heirs, devisees, and creditors of the decedent.

(f) An action to enforce the liability under this section is forever barred three years after the certified copy of the affidavit is issued under Section 13202, or three years after the discovery of the fraud, whichever is later. The three-year period specified in this subdivision is not tolled for any reason.

13207. (a) A person designated as a successor of the decedent in a certified copy of an affidavit issued under Section 13202 is not liable under Section 13204 or 13205 if proceedings for the administration of the decedent's estate are commenced and the person satisfies the requirements of Section 13206.

(b) Except as provided in subdivision (b) of Section 13205, the aggregate of the personal liability of a person under Sections 13204 and 13205 shall not exceed the fair market value at the time of the issuance of the certified copy of the affidavit under Section 13202 of the decedent's property received by that person under this chapter, less the amount of any liens and encumbrances on the property at that time, together with the net income the person received from the property and, if the property has been disposed of, interest on the fair market value of the property from the date of disposition at the rate payable on a money judgment. For the purpose of this subdivision, "fair market value of the property" has the same

meaning as defined in paragraph (2) of subdivision (a) of Section 13206.

13208. The remedies available under Sections 13204 to 13207, inclusive, are in addition to any remedies available by reason of any fraud or intentional wrongdoing.

13209. The Judicial Council shall prescribe the form of affidavit to be used under this chapter. Any form so prescribed by the Judicial Council is deemed to comply with this chapter.

PART 2. PASSAGE OF PROPERTY TO SURVIVING SPOUSE WITHOUT ADMINISTRATION

CHAPTER 1. GENERAL PROVISIONS

13500. Except as provided in this chapter, when a husband or wife dies intestate leaving property that passes to the surviving spouse under Section 6401, or dies testate and by his or her will devises all or a part of his or her property to the surviving spouse, the property passes to the survivor subject to the provisions of Chapter 2 (commencing with Section 13540) and Chapter 3 (commencing with Section 13550), and no administration is necessary.

13501. Except as provided in Chapter 6 (commencing with Section 6600) of Division 3 and in Part 1 (commencing with Section 13000) of this division, the following property of the decedent is subject to administration under Division 3 (commencing with Section 300):

(a) Property passing to someone other than the surviving spouse under the decedent's will or by intestate succession.

(b) Property disposed of in trust under the decedent's will.

(c) Property in which the decedent's will limits the surviving spouse to a qualified ownership. For the purpose of this subdivision, a devise to the surviving spouse that is conditioned on the spouse surviving the decedent by a specified period of time is not a "qualified ownership" interest if the specified period of time has expired.

13502. (a) Upon the election of the surviving spouse or the personal representative, guardian of the estate, or conservator of the estate of the surviving spouse, all or a portion of the following property may be administered under Division 3 (commencing with Section 300):

(1) The one-half of the community property that belongs to the decedent under Section 100, the one-half of the quasi-community property that belongs to the decedent under Section 101, and the separate property of the decedent.

(2) The one-half of the community property that belongs to the surviving spouse under Section 100 and the one-half of the quasi-community property that belongs to the surviving spouse under Section 101.

(b) The election shall be made by a writing specifically

evidencing the election filed in the proceedings for the administration of the estate of the deceased spouse within four months after the issuance of letters testamentary or of administration, or within such further time as the court may allow upon a showing of good cause, and before entry of an order under Section 13656.

13503. (a) The surviving spouse or the personal representative, guardian of the estate, or conservator of the estate of the surviving spouse may file an election and agreement to have all or part of the one-half of the community property that belongs to the surviving spouse under Section 100 and the one-half of the quasi-community property that belongs to the surviving spouse under Section 101 transferred by the surviving spouse or the surviving spouse's personal representative, guardian, or conservator to the trustee under the will of the deceased spouse or the trustee of an existing trust identified by the will of the deceased spouse, to be administered and distributed by the trustee.

(b) The election and agreement shall be filed in the proceedings for the administration of the estate of the deceased spouse and before the entry of the decree of final distribution in the proceedings.

13504. Notwithstanding the provisions of this part, community property held in a revocable trust described in Section 5113.5 of the Civil Code is governed by the provisions, if any, in the trust for disposition in the event of death.

13505. This part applies whether the deceased spouse died before, on, or after July 1, 1987.

13506. On and after July 1, 1987, a reference in any statute of this state or in a written instrument, including a will or trust, to a provision of former Sections 202 to 206, inclusive, of the Probate Code (as repealed by Chapter 527 of the Statutes of 1984) or former Sections 649.1 to 649.5, inclusive, or Sections 650 to 658, inclusive, of the Probate Code (as repealed by the act enacting this section) shall be deemed to be a reference to the comparable provision of this part.

CHAPTER 2. RIGHT OF SURVIVING SPOUSE TO DISPOSE OF REAL PROPERTY

13540. (a) Except as provided in Section 13541, after 40 days from the death of a spouse, the surviving spouse or the personal representative, guardian of the estate, or conservator of the estate of the surviving spouse has full power to sell, lease, mortgage, or otherwise deal with and dispose of the community or quasi-community real property, and the right, title, and interest of any grantee, purchaser, encumbrancer, or lessee shall be free of rights of devisees or creditors of the deceased spouse to the same extent as if the property had been owned as the separate property of the surviving spouse.

(b) Nothing in this section affects or limits the liability of the surviving spouse under Sections 13550 to 13553, inclusive.

13541. (a) Section 13540 does not apply if, within 40 days from the death of the spouse, a notice that satisfies the requirements of this section is recorded in the office of the county recorder of the county in which the property is situated.

(b) The notice shall contain all of the following:

(1) A description of the property in which an interest is claimed.

(2) A statement that an interest in the property is claimed by a named person under the will of the deceased spouse.

(3) The name or names of the owner or owners of the record title to the property.

(c) There shall be endorsed on the notice instructions that it shall be indexed by the recorder in the name or names of the owner or owners of record title to the property, as grantor or grantors, and in the name of the person claiming an interest in the property, as grantee.

13542. The repeal of former Section 649.2 by the act enacting this section does not affect any sale, lease, mortgage, or other transaction or disposition of real property made prior to July 1, 1987, to which that section applied, and such a sale, lease, mortgage, or other transaction or disposition shall continue to be governed by the provisions of former Section 649.2 notwithstanding the repeal of that section.

CHAPTER 3. LIABILITY FOR DEBTS OF DECEASED SPOUSE

13550. Except as provided in Sections 951.1, 13552, 13553, and 13554, upon the death of a married person, the surviving spouse is personally liable for the debts of the deceased spouse chargeable against the property described in Section 13551 to the extent provided in Section 13551.

13551. The liability imposed by Section 13550 shall not exceed the fair market value at the date of the decedent's death, less the amount of any liens and encumbrances, of the total of the following:

(a) The portion of the one-half of the community and quasi-community property belonging to the surviving spouse under Sections 100 and 101 that is not exempt from enforcement of a money judgment and is not administered in the estate of the deceased spouse.

(b) The portion of the one-half of the community and quasi-community property belonging to the decedent under Sections 100 and 101 that passes to the surviving spouse without administration.

(c) The separate property of the decedent that passes to the surviving spouse without administration.

13552. If proceedings are commenced in this state for the administration of the estate of the deceased spouse and the time for filing or presenting claims has commenced, any action upon the liability of the surviving spouse pursuant to Section 13550 is barred to the same extent as provided for claims under Article 1

(commencing with Section 700) of Chapter 12 of Division 3, except as to the following:

(a) Creditors who commence judicial proceedings for the enforcement of the debt and serve the surviving spouse with the complaint therein prior to the expiration of the time for filing or presenting claims.

(b) Creditors who have or who secure the surviving spouse's acknowledgment in writing of the liability of the surviving spouse for the debts.

(c) Creditors who file a timely claim in the proceedings for the administration of the estate of the deceased spouse.

13553. The surviving spouse is not liable under this chapter if all the property described in paragraphs (1) and (2) of subdivision (a) of Section 13502 is administered under Division 3 (commencing with Section 300).

13554. (a) Except as otherwise provided in this chapter, any debt described in Section 13550 may be enforced against the surviving spouse in the same manner as it could have been enforced against the deceased spouse if the deceased spouse had not died.

(b) In any action based upon the debt, the surviving spouse may assert any defense, cross-complaint, or setoff which would have been available to the deceased spouse if the deceased spouse had not died.

CHAPTER 4. COLLECTION BY AFFIDAVIT OF COMPENSATION OWED TO DECEASED SPOUSE

13600. (a) At any time after a husband or wife dies, the surviving spouse or the guardian or conservator of the estate of the surviving spouse may, without procuring letters of administration or awaiting probate of the will, collect salary or other compensation owed by an employer for personal services of the deceased spouse, including compensation for unused vacation, not in excess of five thousand dollars ($5,000) net.

(b) Not more than five thousand dollars ($5,000) net in the aggregate may be collected by or for the surviving spouse under this chapter from all of the employers of the decedent.

(c) For the purposes of this chapter, a guardian or conservator of the estate of the surviving spouse may act on behalf of the surviving spouse without authorization or approval of the court in which the guardianship or conservatorship proceeding is pending.

13601. (a) To collect salary or other compensation under this chapter, an affidavit or a declaration under penalty of perjury under the laws of this state shall be furnished to the employer of the deceased spouse stating all of the following:

(1) The name of the decedent.

(2) The date and place of the decedent's death.

(3) Either of the following, as appropriate:

(A) "The affiant or declarant is the surviving spouse of the decedent."

(B) "The affiant or declarant is the guardian or conservator of the estate of the surviving spouse of the decedent."

(4) "The surviving spouse of the decedent is entitled to the earnings of the decedent under the decedent's will or by intestate succession and no one else has a superior right to the earnings."

(5) "No proceeding is now being or has been conducted in California for administration of the decedent's estate."

(6) "Sections 13600 to 13605, inclusive, of the California Probate Code require that the earnings of the decedent, including compensation for unused vacation, not in excess of five thousand dollars ($5,000) net, be paid promptly to the affiant or declarant."

(7) "Neither the surviving spouse, nor anyone acting on behalf of the surviving spouse, has a pending request to collect compensation owed by another employer for personal services of the decedent under Sections 13600 to 13605, inclusive, of the California Probate Code."

(8) "Neither the surviving spouse, nor anyone acting on behalf of the surviving spouse, has collected any compensation owed by an employer for personal services of the decedent under Sections 13600 to 13605, inclusive, of the California Probate Code except the sum of _____ dollars ($_____) which was collected from _____."

(9) "The affiant or declarant requests that he or she be paid the salary or other compensation owed by you for personal services of the decedent, including compensation for unused vacation, not to exceed five thousand dollars ($5,000) net, less the amount of _____ dollars ($_____) which was previously collected."

(10) "The affiant or declarant affirms or declares under penalty of perjury under the laws of the State of California that the foregoing is true and correct."

(c) Reasonable proof of the identity of the surviving spouse shall be provided to the employer. If a guardian or conservator is acting for the surviving spouse, reasonable proof of the identity of the guardian or conservator shall also be provided to the employer. Proof of identity that is sufficient under Section 13104 is sufficient proof of identity for the purposes of this subdivision.

(d) If a person presenting the affidavit or declaration is a person claiming to be the guardian or conservator of the estate of the surviving spouse, the employer shall be provided with reasonable proof, satisfactory to the employer, of the appointment of the person to act as guardian or conservator of the estate of the surviving spouse.

13602. If the requirements of Section 13600 are satisfied, the employer to whom the affidavit or declaration is presented shall promptly pay the earnings of the decedent, including compensation for unused vacation, not in excess of five thousand dollars ($5,000) net, to the person presenting the affidavit or declaration.

13603. If the requirements of Section 13601 are satisfied, receipt by the employer of the affidavit or declaration constitutes sufficient acquittance for the compensation paid pursuant to this chapter and discharges the employer from any further liability with respect to the

compensation paid. The employer may rely in good faith on the statements in the affidavit or declaration and has no duty to inquire into the truth of any statement in the affidavit or declaration.

13604. (a) If the employer refuses to pay as required by this chapter, the surviving spouse may recover the amount the surviving spouse is entitled to receive under this chapter in an action brought for that purpose against the employer.

(b) If an action is brought against the employer under this section, the court shall award attorney's fees to the surviving spouse if the court finds that the employer acted unreasonably in refusing to pay as required by this chapter.

13605. Nothing in this chapter limits the rights of the heirs or devisees of the deceased spouse. Payment of a decedent's compensation pursuant to this chapter does not preclude later proceedings for administration of the decedent's estate.

Any person to whom payment is made under this chapter is answerable and accountable therefor to the personal representative of the decedent's estate and is liable for the amount of the payment to any other person having a superior right to the payment received. In addition to any other liability the person has under this section, a person who fraudulently secures a payment under this chapter is liable to a person having a superior right to the payment for three times the amount of the payment.

13606. The procedure provided in this chapter is in addition to, and not in lieu of, any other method of collecting compensation owed to a decedent.

CHAPTER 5. DETERMINATION OR CONFIRMATION OF PROPERTY PASSING OR BELONGING TO SURVIVING SPOUSE

13650. (a) A surviving spouse or the personal representative, guardian of the estate, or conservator of the estate of the surviving spouse may file a petition in the superior court of the county in which the estate of the deceased spouse may be administered requesting an order that administration of all or part of the estate is not necessary for the reason that all or part of the estate is property passing to the surviving spouse. The petition may also request an order confirming the ownership of the surviving spouse of property belonging to the surviving spouse under Section 100 or 101.

(b) To the extent of the election, this section does not apply to property that the petitioner has elected, as provided in Section 13502, to have administered under Division 3 (commencing with Section 300).

(c) A guardian or conservator may file a petition under this section without authorization or approval of the court in which the guardianship or conservatorship proceeding is pending.

13651. (a) A petition filed pursuant to Section 13650 shall be verified, shall allege that administration of all or a part of the estate of the deceased spouse is not necessary for the reason that all or a part

of the estate is property passing to the surviving spouse, and shall set forth all of the following information:

(1) If proceedings for the administration of the estate are not pending, the facts necessary to determine the county in which the estate of the deceased spouse may be administered.

(2) A description of the property of the deceased spouse which the petitioner alleges is property passing to the surviving spouse, including the trade or business name of any property passing to the surviving spouse that consists of an unincorporated business or an interest in an unincorporated business which the deceased spouse was operating or managing at the time of death.

(3) The facts upon which the petitioner bases the allegation that all or a part of the estate of the deceased spouse is property passing to the surviving spouse.

(4) A description of any interest in the community property or quasi-community property, or both, which the petitioner requests the court to confirm to the surviving spouse as belonging to the surviving spouse pursuant to Section 100 or 101.

(5) The names, ages, and addresses of the heirs and devisees of the deceased spouse, the names and addresses of all persons named as executors of the will of the deceased spouse, and the names and addresses of all persons appointed as personal representatives of the deceased spouse, which are known to the petitioner.

(b) If the petitioner bases the allegation that all or part of the estate of the deceased spouse is property passing to the surviving spouse upon the will of the deceased spouse, a copy of the will shall be attached to the petition.

13652. If proceedings for the administration of the estate of the deceased spouse are pending, a petition under this chapter shall be filed in those proceedings without the payment of an additional fee.

13653. If proceedings for the administration of the estate of the deceased spouse are not pending, a petition under this chapter may, but need not, be filed with a verified petition for probate of the will of the deceased spouse or for administration of the estate of the deceased spouse.

13654. The filing of a petition under this chapter does not preclude the court from admitting the will of the deceased spouse to probate or appointing a personal representative of the estate of the deceased spouse upon the petition of any person legally entitled, including any petition for probate of the will or for administration of the estate which is filed with a petition filed under this chapter.

13655. (a) If a petition filed under this chapter is filed with a petition for probate of the deceased spouse's will, notice of the hearing on the petition shall be given in the manner prescribed by Sections 327 and 328 and shall be included in the notice required by those sections. If the petition filed under this chapter is filed with a petition for administration of the estate of the deceased spouse, notice of the hearing on the petition shall be given in the manner prescribed by Section 441 and shall be included in the notice

required by that section.

(b) If proceedings for the administration of the estate of the deceased spouse are pending at the time a petition is filed under this chapter or, if the proceedings are not pending and if the petition filed under this chapter is not filed with a petition for probate of the deceased spouse's will or for administration of the estate of the deceased spouse, the clerk shall set the petition for hearing. At least 10 days before the hearing, notice of the hearing on the petition filed under this chapter shall be personally served upon the following persons by the petitioner or mailed, postage prepaid, by the petitioner to the following persons, addressed to the addresses given in their request for special notice or notice of appearance, the addresses of their offices or places of residence, or, if neither of these addresses is known to the petitioner, the county seat of the county in which the proceedings are pending:

(1) Any personal representative who is not the petitioner.

(2) All devisees and known heirs of the deceased spouse and, if the personal representative is the trustee of a trust that is a devisee under the will of the decedent, all persons interested in the trust, as determined in cases of future interests pursuant to subdivision (1), (2), or (3) of Section 1215.1.

(3) All persons or their attorneys who have requested special notice pursuant to Section 1202.

(4) All persons or their attorneys who have given notice of appearance.

(c) The notice specified in subdivision (b) shall also be mailed as provided in subdivision (b) to the Attorney General, addressed to the office of the Attorney General at Sacramento, California, if the petitioner bases the allegation that all or part of the estate of the deceased spouse is property passing to the surviving spouse upon the will of the deceased spouse and the will involves or may involve either of the following:

(1) A testamentary trust of property for charitable purposes other than a charitable trust with a designated trustee, resident in this state.

(2) A devise for a charitable purpose without an identified devisee or beneficiary.

If Assembly Bill No. 2652 of the 1985–86 Regular Session is enacted and adds a Section 15804 to this code, this section shall not become operative.

13655. (a) If a petition filed under this chapter is filed with a petition for probate of the deceased spouse's will, notice of the hearing on the petition shall be given in the manner prescribed by Sections 327 and 328 and shall be included in the notice required by those sections. If the petition filed under this chapter is filed with a petition for administration of the estate of the deceased spouse, notice of the hearing on the petition shall be given in the manner prescribed by Section 441 and shall be included in the notice required by that section.

(b) If proceedings for the administration of the estate of the deceased spouse are pending at the time a petition is filed under this chapter or, if the proceedings are not pending and if the petition filed under this chapter is not filed with a petition for probate of the deceased spouse's will or for administration of the estate of the deceased spouse, the clerk shall set the petition for hearing. At least 10 days before the hearing, notice of the hearing on the petition filed under this chapter shall be personally served upon the following persons by the petitioner or mailed, postage prepaid, by the petitioner to the following persons, addressed to the addresses given in their request for special notice or notice of appearance, the addresses of their offices or places of residence, or, if neither of these addresses is known to the petitioner, the county seat of the county in which the proceedings are pending:

(1) Any personal representative who is not the petitioner.

(2) All devisees and known heirs of the deceased spouse and, if the personal representative is the trustee of a trust that is a devisee under the will of the decedent, all persons interested in the trust, as determined in cases of future interests pursuant to paragraph (1), (2), or (3) of subdivision (a) of Section 15804.

(3) All persons or their attorneys who have requested special notice pursuant to Section 1202.

(4) All persons or their attorneys who have given notice of appearance.

(c) The notice specified in subdivision (b) shall also be mailed as provided in subdivision (b) to the Attorney General, addressed to the office of the Attorney General at Sacramento, California, if the petitioner bases the allegation that all or part of the estate of the deceased spouse is property passing to the surviving spouse upon the will of the deceased spouse and the will involves or may involve either of the following:

(1) A testamentary trust of property for charitable purposes other than a charitable trust with a designated trustee, resident in this state.

(2) A devise for a charitable purpose without an identified devisee or beneficiary.

This section shall only become operative if Assembly Bill No. 2652 of the 1985–86 Regular Session is enacted and adds a Section 15804 to this code, in which case this section shall become operative on July 1, 1987.

13656. (a) If the court finds that all of the estate of the deceased spouse is property passing to the surviving spouse, the court shall issue an order describing the property, determining that the property is property passing to the surviving spouse, and determining that no administration is necessary. The court may issue any further orders which may be necessary to cause delivery of the property or its proceeds to the surviving spouse.

(b) If the court finds that all or part of the estate of the deceased spouse is not property passing to the surviving spouse, the court shall

issue an order (1) describing any property which is not property passing to the surviving spouse, determining that that property does not pass to the surviving spouse and determining that that property is subject to administration under Division 3 (commencing with Section 300) and (2) describing the property, if any, which is property passing to the surviving spouse, determining that that property passes to the surviving spouse, and determining that no administration of that property is necessary. If the court determines that property passes to the surviving spouse, the court may issue any further orders which may be necessary to cause delivery of that property or its proceeds to the surviving spouse.

(c) If the petition filed under this chapter includes a description of the interest of the surviving spouse in the community or quasi-community property, or both, which belongs to the surviving spouse pursuant to Section 100 or 101 and the court finds that the interest belongs to the surviving spouse, the court shall issue an order describing the property and confirming the ownership of the surviving spouse and may issue any further orders which may be necessary to cause ownership of the property to be confirmed in the surviving spouse.

13657. Upon becoming final, an order under Section 13656 (1) determining that property is property passing to the surviving spouse or (2) confirming the ownership of the surviving spouse of property belonging to the surviving spouse under Section 100 or 101 shall be conclusive on all persons, whether or not they are in being.

13658. If the court determines that all or a part of the property passing to the surviving spouse consists of an unincorporated business or an interest in an unincorporated business which the deceased spouse was operating or managing at the time of death, the court shall require the surviving spouse to file a list of all of the known creditors of the business and the amounts owing to each of them. The court may issue any order necessary to protect the interests of the creditors of the business, including, but not limited to, the filing of (1) an undertaking and (2) an inventory and appraisement in the form set forth in Section 600 and made as set forth in Chapter 9 (commencing with Section 600) of Division 3.

13659. Except as provided in Section 13658, no inventory and appraisement of the estate of the deceased spouse shall be required in a proceeding under this chapter. However, within three months after the filing of a petition under this chapter, or within such further time as the court or judge for reasonable cause may allow, the petitioner may file with the clerk of the court an inventory and appraisement in the form set forth in Section 600. The appraisement shall be made as set forth in Chapter 9 (commencing with Section 600) of Division 3. The petitioner may appraise the assets which a personal representative could appraise under Section 605.

attorney and the client and is not subject to approval by the court. If there is no agreement between the attorney and the client concerning the attorney's fee for services performed in connection with the filing of a petition and obtaining of a court order under this chapter and there is a dispute concerning the reasonableness of the attorney's fee for those services, a petition may be filed with the court in the same proceeding requesting that the court determine the reasonableness of the attorney's fee for those services. If there is an agreement between the attorney and the client concerning the attorney's fee for services performed in connection with the filing of a petition and obtaining a court order under this chapter and there is a dispute concerning the meaning of the agreement, a petition may be filed with the court in the same proceeding requesting that the court determine the dispute.

SEC. 25. Division 10 (commencing with Section 20100) is added to the Probate Code, to read:

DIVISION 10. PRORATION OF TAXES

CHAPTER 1. PRORATION OF ESTATE TAXES

Article 1. General Provisions

20100. Except where the context otherwise requires, the following definitions shall govern the construction of this chapter:

(a) "Estate tax" means a tax imposed by any federal or California estate tax law, now existing or hereafter enacted, and includes interest and penalties on any deficiency.

(b) "Person interested in the estate" means any person, including a personal representative, entitled to receive, or who has received, from a decedent while alive or by reason of the death of the decedent any property or interest therein.

(c) "Personal representative" includes a guardian, conservator, trustee, or other person charged with the responsibility of paying the estate tax.

(d) "Property" means property included in the gross estate for federal estate tax purposes.

(e) "Value" means fair market value as determined for federal estate tax purposes.

20101. (a) This chapter applies to persons interested in the estate of a decedent who dies on or after January 1, 1987.

(b) Notwithstanding the repeal of former Article 4a (commencing with Section 970) of Chapter 15 of Division 3 of the Probate Code by the act enacting this chapter, the provisions of that former article remain applicable where the decedent died before January 1, 1987. No inference as to the applicable law in effect before January 1, 1987, shall be drawn from the enactment of this chapter.

Article 2. Proration

20110. (a) Except as provided in subdivision (b), any estate tax shall be equitably prorated among the persons interested in the estate in the manner prescribed in this article.

(b) This section does not apply:

(1) To the extent the decedent in a written inter vivos or testamentary instrument disposing of property specifically directs that the property be applied to the satisfaction of an estate tax or that an estate tax be prorated to the property in the manner provided in the instrument. As used in this paragraph, an "instrument disposing of property" includes an instrument that creates an interest in property or an amendment to an instrument that disposes of property or creates an interest in property.

(2) Where federal law directs otherwise. If federal law directs the manner of proration of the federal estate tax, the California estate tax shall be prorated in the same manner.

20111. The proration required by this article shall be made in the proportion that the value of the property received by each person interested in the estate bears to the total value of all property received by all persons interested in the estate, subject to the provisions of this article.

20112. (a) In making a proration of the federal estate tax, allowances shall be made for credits allowed for state or foreign death taxes in determining the federal tax payable and for exemptions and deductions allowed for the purpose of determining the taxable estate.

(b) In making a proration of the California estate tax, allowances shall be made for (1) credits (other than the credit for state death taxes paid) allowed by the federal estate tax law and attributable to property located in this state, and (2) exemptions and deductions allowed by the federal estate tax law for the purpose of determining the taxable estate attributable to property located in this state.

(c) In making a proration of an estate tax, interest on extension of taxes and interest and penalties on any deficiency shall be charged to equitably reflect the benefits and burdens of the extension or deficiency and of any tax deductions associated with the interest and penalties.

20113. If a trust is created, or other provision made whereby a person is given an interest in the income of, an estate for years or for life in, or other temporary interest in, any property, the estate tax on both the temporary interest and on the remainder thereafter shall be charged against and paid out of the corpus of the property without apportionment between remainders and temporary estates.

20114. (a) As used in this section, "qualified real property" means qualified real property as defined in Section 2032A of the federal Internal Revenue Code (26 U.S.C. Sec. 2032A).

(b) If an election is made pursuant to Section 2032A of the federal Internal Revenue Code (26 U.S.C. Sec. 2032A), the proration shall be

based upon the amount of federal estate tax that would be payable but for the election. The amount of the reduction in federal estate tax resulting from an election pursuant to Section 2032A of the federal Internal Revenue Code (26 U.S.C. Sec. 2032A) shall reduce the tax that is otherwise attributable to the qualified real property that is the subject of the election. If the tax that is otherwise attributable to the qualified real property is reduced to zero pursuant to this subdivision, any excess amount of reduction shall reduce the tax otherwise payable with respect to the other property, this amount to be equitably prorated in accordance with Section 20111.

(c) If additional federal estate tax is imposed under subsection (c) of Section 2032A of the federal Internal Revenue Code (26 U.S.C. Sec. 2032A) by reason of early disposition or cessation of qualified use, the additional tax shall be a charge against the portion of the qualified real property to which the additional tax is attributable, and shall be equitably prorated among the persons interested in that portion of the qualified real property in proportion to their interests.

20115. Where the payment of any portion of the federal estate tax is extended under the provisions of the federal estate tax law, the amount of extended tax shall be a charge against the persons who receive the specific property that gives rise to the extension.

20116. (a) If all property does not come into the possession of the personal representative, the personal representative is entitled, and has the duty, to recover from the persons interested in the estate the proportionate amount of the estate tax with which the persons are chargeable under this chapter.

(b) If the personal representative cannot collect from any person interested in the estate the amount of an estate tax apportioned to the person, the amount not recoverable shall be equitably prorated among the other persons interested in the estate who are subject to proration.

20117. (a) If a person is charged with or required to pay an estate tax greater than the amount prorated to that person because another person does not pay the amount of estate tax prorated to the other person, the person charged with or required to pay the greater amount has a right of reimbursement against the other person.

(b) The right of reimbursement may be enforced through the personal representative in the discretion of the personal representative, or may be enforced directly by the person charged with or required to pay the greater amount, and for the purpose of direct enforcement the person is subrogated to the position of the personal representative.

(c) The personal representative or person who has a right of reimbursement may commence a proceeding to have a court determine the right of reimbursement. The provisions of Article 3 (commencing with Section 20120) shall govern the proceeding, with changes necessary to make the provisions appropriate for application to the proceeding, and the court order determining the right of

reimbursement is an enforceable judgment.

Article 3. Judicial Proceedings

20120. (a) The personal representative or any person interested in the estate may commence a proceeding to have a court determine the proration pursuant to this chapter.

(b) A proceeding under this article shall be commenced in the court in which the estate of the decedent was administered or, if no administration proceedings have been commmenced, in the superior court of any county in which the estate of the decedent may be administered.

(c) If proceedings for the administration of the decedent's estate are pending, a proceeding under this article shall be combined with the administration proceedings. If a proceeding is commenced at any time before final distribution, there shall be no additional filing fee.

20121. A proceeding under this article shall be commenced by filing a verified petition that sets forth all of the following information:

(a) The jurisdictional facts.

(b) Other facts necessary for the court to determine the proration of estate taxes.

20122. Not less than 30 days before the hearing, the petitioner shall do both of the following:

(a) Cause notice of the hearing and a copy of the petition to be mailed to the personal representative and to each person interested in the estate against whom prorated amounts may be charged pursuant to paragraph (1) of subdivision (a) of Section 20123.

(b) Cause a summons and a copy of the petition to be served on each person interested in the estate who may be directed to make payment of prorated amounts pursuant to paragraph (2) of subdivision (a) of Section 20123. The summons shall be in the form and shall be served in the manner prescribed in Title 5 (commencing with Section 410.10) of Part 2 of the Code of Civil Procedure.

20123. (a) The court, upon making a determination as provided in this article, shall make an order:

(1) Directing the personal representative to charge the prorated amounts against the persons against whom an estate tax has been prorated insofar as the personal representative is in possession of any property or interests of the persons against whom the charge may be made.

(2) Summarily directing all other persons against whom an estate tax has been prorated to make payment of the prorated amounts to the personal representative.

(b) An appeal may be taken from an order made or from the refusal to make an order under this section.

(c) A court order made under this section is a judgment that may be enforced against the persons against whom an estate tax has been prorated.

20124. Upon petition by the personal representative or any person interested in the estate, the court shall modify an order made pursuant to this article whenever it appears that the amount of estate tax as actually determined is different from the amount of estate tax on which the court based the order.

20125. (a) A personal representative acting or resident in another state may commence an action in this state to recover from a person interested in the estate, who either is resident in this state or owns property in this state, the amount of the federal estate tax, or an estate tax or death duty payable to another state, apportioned to the person.

(b) The action shall be commenced in the superior court of any county in which administration of the estate of the decedent would be proper or, if none, in which any defendant resides.

(c) For purposes of the action the apportionment by the court having jurisdiction of the administration of the decedent's estate in the other state is prima facie correct.

CHAPTER 2. PRORATION OF TAXES ON GENERATION-SKIPPING TRANSFER

Article 1. General Provisions

20200. Except where the context otherwise requires, the following definitions shall govern the construction of this chapter:

20201. (a) This chapter applies to transferees of property of a decedent who dies on or after January 1, 1987.

(b) No inference as to the applicable law in effect before January 1, 1987, shall be drawn from the enactment of this chapter.

Article 2. Proration

20210. (a) Except as provided in subdivision (b), any generation-skipping transfer tax shall be equitably prorated among the transferees in the manner prescribed in this article.

(b) This section does not apply:

(1) To the extent the transferor in a written instrument transferring property specifically directs that the property be applied to the satisfaction of a generation-skipping transfer tax or that a generation-skipping transfer tax be prorated to the property in the manner provided in the instrument.

(2) Where federal law directs otherwise. If federal law directs the manner of proration of the federal generation-skipping transfer tax, the California generation-skipping transfer tax shall be prorated in the same manner.

20211. The proration required by this article shall be made in the proportion that the value of the property received by each transferee bears to the total value of all property received by all transferees, subject to the provisions of this article.

20212. In making a proration required by this article:

(a) Allowances shall be made for credits, exemptions, and deductions allowed for the purpose of determining the tax payable.

(b) Interest and penalties on any deficiency shall be charged to equitably reflect the benefits and burdens of the deficiency and of any tax deductions associated with the interest and penalties.

20213. If a trust is created or other provision made whereby a transferee is given an interest in income, or an estate for years or for life, or another temporary interest in property, the tax on both the temporary interest and other interests in the property shall be charged against, and paid out of, the corpus of the property without apportionment between the temporary and other interests.

(b) If the trustee cannot collect from any transferee the amount of tax apportioned to the transferee, the amount not recoverable shall be equitably prorated among the other transferees who are subject to proration.

20215. (a) If a person is charged with, or required to pay, a generation-skipping transfer tax greater than the amount prorated to that person because another person does not pay the amount of generation-skipping transfer tax prorated to the other person, the person charged with or required to pay the greater amount has a right of reimbursement against the other person.

(b) The right of reimbursement may be enforced through the trustee in the discretion of the trustee, or may be enforced directly by the person charged with, or required to pay, the greater amount and, for the purpose of direct enforcement, the person is subrogated to the position of the trustee.

(c) The trustee or person who has a right of reimbursement may commence a proceeding to have a court determine the right of reimbursement. The provisions of Article 3 (commencing with Section 20220) shall govern the proceeding, with changes necessary to make the provisions appropriate for application to the proceeding,

and the court order determining the right of reimbursement is an enforceable judgment.

Article 3. Judicial Proceedings

(b) A proceeding under this article shall be commenced in the court in which the estate of the decedent was administered or, if no administration proceedings have been commenced, in the superior court of any county in which the estate of the decedent may be administered.

(c) If proceedings for the administration of the decedent's estate are pending, a proceeding under this article shall be combined with the administration proceedings. If a proceeding is commenced at any time before final distribution, there shall be no additional filing fee.

20221. A proceeding under this article shall be commenced by filing a verified petition that sets forth all of the following information:

(a) The jurisdictional facts.

20222. Not less than 30 days before the hearing the petitioner shall do both of the following:

(b) Cause a summons and a copy of the petition to be served on each transferee who may be directed to make payment of prorated amounts pursuant to paragraph (2) of subdivision (a) of Section 20223. The summons shall be in the form and shall be served in the manner prescribed in Title 5 (commencing with Section 410.10) of Part 2 of the Code of Civil Procedure.

20223. (a) The court, upon making a determination as provided in this article, shall make an order:

(1) Directing the trustee to charge the prorated amounts against the transferees against whom the generation-skipping transfer tax has been prorated insofar as the trustee is in possession of any property or interests of the transferees against whom the charge may be made.

(2) Summarily directing all other transferees against whom the generation-skipping transfer tax has been prorated to make payment of the prorated amounts to the trustee.

(b) An appeal may be taken from an order made or from the refusal to make an order under this section.

20225. (a) A trustee acting or resident in another state may commence an action in this state to recover from a transferee, who either is resident in this state or owns property in this state, the amount of the federal generation-skipping transfer tax, or a generation-skipping transfer tax payable to another state, apportioned to the person.

(b) The action shall be commenced in the superior court of any county in which administration of the estate of the decedent would be proper or, if none, in which any defendant resides.

(c) For purposes of the action an apportionment by the court having jurisdiction of the administration of the decedent's estate in the other state is prima facie correct.

CHAPTER 784

An act to amend Sections 53601 and 53635 of the Government Code, relating to funds of local agencies.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601 of the Government Code as amended by Section 1 of Chapter 1526 of the Statutes of 1985, is amended to read:

53601. The legislative body of a local agency having money in a sinking fund of, or surplus money in, its treasury not required for the immediate necessities of the local agency may invest any portion of the money which it deems wise or expedient in:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Obligations issued by banks for cooperatives, federal land banks, federal intermediate credit banks, federal home loan banks, the Federal Home Loan Bank Board, the Tennessee Valley Authority, or in obligations, participations, or other instruments of, or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in guaranteed portions of Small Business Administration notes; or in obligations, participations, or other instruments of, or issued by a federal agency, or a United States government-sponsored enterprise.

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances, which are eligible for purchase by the Federal Reserve System. Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus money which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances

of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act, Division 6 (commencing with Section 11501) of the Public Utilities Code.

(g) Commercial paper of "prime" quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and having total assets in excess of five hundred million dollars ($500,000,000) and having an "A" or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 180 days maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 15 percent of the agency's surplus money which may be invested pursuant to this section. An additional 15 percent, or a total of 30 percent of the agency's surplus money, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. "Dollar-weighted average maturity" means the sum of the amount of each outstanding commercial paper investment multiplied by the number of days to maturity, divided by the total amount of outstanding commercial paper.

(h) Negotiable certificates of deposits issued by a nationally or state-chartered bank or a state or federal association (as defined by Section 5102 of the Financial Code) or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposits do not come within Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5, except that the amount so invested shall be subject to the limitations of Section 53638.

(i) Investments in repurchase agreements or reverse repurchase agreements of any securities authorized by this section, so long as the proceeds of the reverse repurchase agreement are invested solely to supplement the income normally received from these securities. Investment in a reverse repurchase agreement shall be made only upon prior approval of the legislative body of the local agency. For purposes of this section, the term "repurchase agreement" means a purchase of securities by the local agency pursuant to an agreement by which the seller will repurchase the securities on or before a specified date, and for a specified amount and will deliver the underlying securities to the local agency by book entry, physical delivery, or a third-party custodial agreement. The term of repurchase agreements shall be for one year or less. The term

"securities," for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity. The term "reverse repurchase agreement" means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase such securities on or before a specified date and for a specified amount.

(j) Mortgage securities purchased under an agreement to resell pursuant to subdivision (i), provided that the mortgage securities are eligible investments under subdivision (a) or (b) of Section 13000 of the Financial Code. A local agency's investment in a mortgage security shall not exceed 95 percent of the mortgage securities' fair market value and shall not exceed 25 percent of the agency's surplus money which may be invested pursuant to this section.

(k) Medium-term corporate notes of a maximum of five years maturity issued by corporations operating within the United States. Securities eligible for investment under this subdivision shall be rated in the top three note rating categories by two of the three largest nationally recognized rating services. Purchase of medium-term corporate notes may not exceed 15 percent of the agency's surplus money which may be invested pursuant to this section.

(*l*) Shares of beneficial interest issued by diversified management companies, as defined in Section 23701m of the Revenue and Taxation Code, investing in the securities and obligations as authorized by subdivisions (a) to (m), inclusive, of this section and which comply with the investment and deposit restrictions of this article and Article 2 (commencing with Section 53630). To be eligible for investment pursuant to this subdivision, these companies shall either: (1) attain the highest ranking or the highest letter and numerical rating provided by not less than two of the three largest nationally recognized rating services, or (2) have an investment adviser registered with the Securities and Exchange Commission with not less than five years experience investing in the securities and obligations as authorized by subdivisions (a) to (m), inclusive, of this section and with assets under management in excess of five hundred million dollars ($500,000,000). 1717. (a) In any action on a contract, where the contract specifically provides that attorney's fees and costs, which are incurred to enforce the provisions of that contract, shall be awarded either to one of the parties or to the prevailing party, then the party who is determined to be the prevailing party, whether he or she is the party specified in the contract or not, shall be entitled to reasonable attorney's fees in addition to costs and necessary disbursements.

Where a contract provides for attorney's fees, as set forth above, such provision shall be construed as applying to the entire contract, unless each party was represented by counsel in the negotiation and execution of the contract, and the fact of that representation is specified in the contract.

Reasonable attorney's fees shall be fixed by the court, upon notice and motion by a party, and shall be an element of the costs of suit.

Interest on the amount shall be allocated to the parties in the same proportion as the original funds are allocated.

The agent in the real property transaction bears responsibility for his or her associate licensees who perform as agents of the agent. When an associate licensee owes a duty to any principal, or to any buyer or seller who is not a principal, in a real property transaction, that duty is equivalent to the duty owed to that party by the broker for whom the associate licensee functions.

(c) "Buyer" means a transferee in a real property transaction, and includes a person who executes an offer to purchase real property from a seller through an agent, or who seeks the services of an agent in more than a casual, transitory, or preliminary manner, with the object of entering into a real property transaction. real property and an agent, by which the agent has been authorized to sell the real property or to find or obtain a buyer.

(f) "Listing agent" means a person who has obtained a listing of real property to act as an agent for compensation.

(g) "Listing price" is the amount expressed in dollars specified in the listing for which the seller is willing to sell the real property through the listing agent.

(h) "Offering price" is the amount expressed in dollars specified in an offer to purchase for which the buyer is willing to buy the real property.

(i) "Offer to purchase" means a written contract executed by a buyer acting through a selling agent which becomes the contract for the sale of the real property upon acceptance by the seller.

(j) "Real property" means any estate specified by subdivision (1) or (2) of Section 761 in property which constitutes or is improved with one to four dwelling units, any leasehold in this type of property exceeding one year's duration, and mobilehomes, when offered for sale or sold through an agent pursuant to the authority contained in Section 10131.6 of the Business and Professions Code.

(k) "Real property transaction" means a transaction for the sale of real property in which an agent is employed by one or more of the principals to act in that transaction, and includes a listing or an offer to purchase.

(*l*) "Sell," "sale," or "sold" refers to a transaction for the transfer of real property from the seller to the buyer, and includes exchanges of real property between the seller and buyer, transactions for the creation of a real property sales contract within the meaning of Section 2985, and transactions for the creation of a leasehold exceeding one year's duration.

(m) "Seller" means the transferor in a real property transaction, and includes an owner who lists real property with an agent, whether or not a transfer results, or who receives an offer to purchase real property of which he or she is the owner from an agent on behalf of another. "Seller" includes both a vendor and a lessor.

(n) "Selling agent" means a listing agent who acts alone, or an agent who acts in cooperation with a listing agent, and who sells or finds and obtains a buyer for the real property, or an agent who locates property for a buyer or who finds a buyer for a property for which no listing exists and presents an offer to purchase to the seller.

(o) "Subagent" means a person to whom an agent delegates agency powers as provided in Article 5 (commencing with Section 2349) of Chapter 1. However, "subagent" does not include an associate licensee who is acting under the supervision of an agent in a real property transaction.

2374. Listing agents and selling agents shall provide the seller and buyer in a real property transaction with a copy of the disclosure form specified in Section 2375, and, except as provided in subdivision (c), shall obtain a signed acknowledgment of receipt from that seller or buyer, except as provided in this section or Section 2374.5, as

follows:

(a) The listing agent, if any, shall provide the disclosure form to the seller prior to entering into the listing agreement.

(b) The selling agent shall provide the disclosure form to the seller as soon as practicable prior to presenting the seller with an offer to purchase, unless the selling agent previously provided the seller with a copy of the disclosure form pursuant to subdivision (a).

(c) Where the selling agent does not deal on a face-to-face basis with the seller, the disclosure form prepared by the selling agent may be furnished to the seller (and acknowledgment of receipt obtained for the selling agent from the seller) by the listing agent, or the selling agent may deliver the disclosure form by certified mail addressed to the seller at his or her last known address, in which case no signed acknowledgment of receipt is required.

(d) The selling agent shall provide the disclosure form to the buyer as soon as practicable prior to execution of the buyer's offer to purchase, except that if the offer to purchase is not prepared by the selling agent, the selling agent shall present the disclosure form to the buyer not later than the next business day after the selling agent receives the offer to purchase from the buyer.

2374.5. In any circumstance in which the seller or buyer refuses to sign an acknowledgment of receipt pursuant to Section 2374, the agent, or an associate licensee acting for an agent, shall set forth, sign, and date a written declaration of the facts of the refusal.

2375. The disclosure form required by Section 2374 shall have this article, excluding this section, printed on the back and on the front of the disclosure form the following shall appear:

DISCLOSURE REGARDING
REAL ESTATE AGENCY RELATIONSHIP

(As required by the Civil Code)

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should from the outset understand what type of agency relationship or representation you wish to have with the agent in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller:

(a) A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Seller.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party which does not involve the affirmative duties set forth above.

BUYER'S AGENT

A selling agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Buyer.

To the Buyer and the Seller:

(a) Diligent exercise of reasonable skill and care in performance of the agent's duties.

(b) A duty of honest and fair dealing and good faith.

(c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties. An agent is not obligated to reveal to either party any confidential information obtained from the other party which does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

(a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Seller or the Buyer.

(b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, the agent may not, without the express permission of the respective party, disclose to the other party that the Seller will accept a price less than the listing price or that the Buyer will pay a price greater than the price offered.

The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect their own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real

estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with this disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in your specific transaction.

This disclosure form includes the provisions of Article 2.5 (commencing with Section 2373) of Chapter 2 of Title 9 of Part 4 of Division 3 of Civil Code set forth on the reverse hereof. Read it carefully.

Agent	Buyer/Seller (date) (Signature)
Associate Licensee (date) (Signature)	Buyer/Seller (date) (Signature)

2375.5. (a) As soon as practicable, the selling agent shall disclose to the buyer and seller whether the selling agent is acting in the real property transaction exclusively as the buyer's agent, exclusively as the seller's agent, or as a dual agent representing both the buyer and the seller and this relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller, the buyer, and the selling agent prior to or coincident with execution of that contract by the buyer and the seller, respectively.

(b) As soon as practicable, the listing agent shall disclose to the seller whether the listing agent is acting in the real property transaction exclusively as the seller's agent, or as a dual agent representing both the buyer and seller and this relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller and the listing agent prior to or coincident with the execution of that contract by the seller.

(c) The confirmation required by subdivisions (a) and (b) shall be in the following form:

_____ is the agent of (check
(Name of Listing Agent)
one):
[ ] the seller exclusively; or
[ ] both the buyer and seller.

_____ is the agent of (check
(Name of Selling Agent if not
the same as the Listing Agent)

one):
[ ] the buyer exclusively; or
[ ] the seller exclusively; or
[ ] both the buyer and seller.

(d) The disclosures and confirmation required by this section shall be in addition to the disclosure required by Section 2374.

2376. No selling agent in a real property transaction may act as an agent for the buyer only, when the selling agent is also acting as the listing agent in the transaction.

2377. The payment of compensation or the obligation to pay compensation to an agent by the seller or buyer is not necessarily determinative of a particular agency relationship between an agent and the seller or buyer. A listing agent and a selling agent may agree to share any compensation or commission paid, or any right to any compensation or commission for which an obligation arises as the result of a real estate transaction, and the terms of any such agreement shall not necessarily be determinative of a particular relationship.

2378. Nothing in this article prevents an agent from selecting, as a condition of the agent's employment, a specific form of agency relationship not specifically prohibited by this article if the requirements of Section 2374 and Section 2375.5 are complied with.

2379. A dual agent shall not disclose to the buyer that the seller is willing to sell the property at a price less than the listing price, without the express written consent of the seller. A dual agent shall not disclose to the seller that the buyer is willing to pay a price greater than the offering price, without the express written consent of the buyer.

This section does not alter in any way the duty or responsibility of a dual agent to any principal with respect to confidential information other than price.

2380. Nothing in this article precludes a listing agent from also being a selling agent, and the combination of these functions in one agent does not, of itself, make that agent a dual agent.

2381. A contract between the principal and agent may be modified or altered to change the agency relationship at any time before the performance of the act which is the object of the agency with the written consent of the parties to the agency relationship.

2382. Nothing in this article shall be construed to either diminish the duty of disclosure owed buyers and sellers by agents and their associate licensees, subagents, and employees or to relieve agents and their associate licensees, subagents, and employees from liability for their conduct in connection with acts governed by this article or for any breach of a fiduciary duty or a duty of disclosure.

SEC. 3. The Legislature finds that it is desirable to, and that by enactment of Section 2 of this act that it intends to, do the following:

(a) Further the education of consumers on the existence of various types of agency relationships which may occur in residential

real property transactions covered by this act.

(b) Require disclosure to the parties by the agent or agents of the various types of agency relationships which may occur in residential real property transactions covered by this act in a manner which explains in simple, comprehensible, and nontechnical terms, the elements of these relationships.

(c) Afford protection to consumers involved in residential real property transactions covered by this act by requiring the disclosure set forth in this act.

(d) Require uniformity of this disclosure as a means of clarifying consumer understanding of these terms, usages, and relationships.

(e) Make clear that associate real estate licensees act as agents of brokers under whom they are licensed and who, in turn, are agents of buyers, sellers, or buyers and sellers in residential real property transactions covered by this act. However, by this enactment, the Legislature does not intend to diminish any liability to buyers and sellers which may exist for tortious conduct in connection with these real property transactions.

(f) Provide an explicit basis for maintaining the confidentiality of price information provided by the consumer to a dual agent in a residential real property transaction covered by this act and an explicit method for modifying that confidentiality, while at the same time retaining without change the existing law with respect to confidentiality of other information.

(g) Delay the requirements of this act until January 1, 1988, in order to provide sufficient time to familiarize consumers and agents with the provisions of this act.

Section 2 of this act shall not be construed to create any new legal duty prior to January 1, 1988.

SEC. 4. The provisions of Sections 2 and 3 of this act shall become operative on January 1, 1988.

CHAPTER 786

An act to add and repeal Article 8.5 (commencing with Section 69660) of Chapter 2 of Part 42 of the Education Code, relating to education.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Article 8.5 (commencing with Section 69660) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 8.5. Transfer Student Assistance Task Force

69660. The Legislature finds and declares all of the following:

(a) That low-income persons and some ethnic minorities, including Hispanic/Latinos, Blacks, Native American Indians, and Filipinos, graduate from California's public universities at rates more than 50 percent lower than their graduation rates from California's public high schools.

(b) That 80 percent of low-income persons and ethnic minorities who attend public postsecondary institutions first attend a community college.

(c) That transfer from a community college to a campus of the California State University or the University of California sometimes necessitates a change of residence and that the commensurate moving expense for a financially needy student can constitute a prohibitive economic burden.

(d) That, therefore, the graduation rates of low-income persons and some ethnic minorities from California public universities could be improved by a preenrollment advance of financial aid from existing federal, state, and institutional sources for moving expenses to financially needy students who transfer to the California State University or the University of California and are required to change residence in order to enroll and attend classes.

69661. For purposes of this article:

(a) "Task force" means the Transfer Student Assistance Task Force convened pursuant to Section 69662.

(b) "Moving expenses" means the costs of relocation, including, but not limited to:

(1) Advance rent and security and cleaning deposits.

(2) Charges for initiating new telephone and utilities services.

(3) Cost of transporting the student and his or her personal property to a new residence.

69662. There is hereby established the Transfer Student Assistance Task Force which shall be convened by the Student Aid Commission. The task force shall study the feasibility of increasing public university enrollment and attendance by financially needy community college transfer students by extending to them preenrollment advances of financial aid for moving expenses from existing federal, state, and institutional sources. The task force shall comprise one representative each from the California Community Colleges, the California State University, the University of California, and the California Postsecondary Education Commission. During its term of existence the task force shall hold at least two meetings, including its first and last, in Sacramento.

69563. (a) On or before July 1, 1987, the task force shall develop a preliminary report of a detailed plan for preenrollment advances of financial aid from existing federal, state, and institutional resources to low-income community college students who transfer to a University of California or California State University campus, who

must relocate to do so, who have been admitted to the receiving campus, and who have been declared eligible for financial aid at that campus. The plan shall include safeguards against an excessive default rate, the duplication of advances by more than one campus to the same student, and advances to students for whom relocation is unnecessary. If the task force finds that the need for this plan is insufficient to warrant the effort, or that this plan is impossible to formulate, or impractical to implement, it shall report a detailed explanation of that finding.

The task force may also identify other economic barriers to college transfer by low-income community college students and recommend, in detail, any fiscal or nonfiscal proposals it deems appropriate to overcome these barriers.

(b) On or before July 1, 1987, the preliminary report described in subdivision (a) shall be distributed, for their comments and suggestions, to the following:

(1) The Governor.

(2) The Speaker of the Assembly.

(3) The Senate Committee on Rules.

(4) The education policy committees of the Senate and the Assembly.

(5) The Department of Finance.

(6) The director of the Extended Opoportunity Programs and Services, the Educational Opportunity Program, Student Affirmative Action programs, and financial aid offices on each campus of the University of California, California State University, and the California Community Colleges.

(7) At least one full-time student on each campus who is also a recipient of financial aid and an officer of an officially recognized student organization composed primarily of recipients of financial aid.

69664. On or before January 1, 1988, a final report, that includes all of the information described in subdivision (a) of Section 69663, shall be prepared and distributed by the task force to all those who received the preliminary report, pursuant to subdivision (b) of Section 69663, and to each member of the Senate and the Assembly.

69665. This article shall remain in effect only until 30 days after the distribution of the task force's final report, pursuant to Section 69664.

69666. No provision of this article shall apply to the University of California unless the Regents of the University of California, by resolution, make that provision applicable.

SEC. 2. All costs of administering Article 8.5 (commencing with Section 69660), Chapter 2 of Part 42 of the Education Code shall be borne equally from their existing funds by the entities represented by the members of the task force.

CHAPTER 787

An act to amend the heading of Article 2 (commencing with Section 5080.30) of Chapter 1.2 of Division 5 of, and to add Section 5080.36 to, the Public Resources Code, relating to parks and recreation.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 2 (commencing with Section 5080.30) of Chapter 1.2 of Division 5 of the Public Resources Code is amended to read:

Article 2. Operating Agreements with Other Agencies and Organizations

SEC. 2. Section 5080.36 is added to the Public Resources Code, to read:

(1) The district superintendent for the department shall provide liasion with the department, the nonprofit organization, and the public.

(2) The nonprofit organization shall annually submit a written report to the department regarding its operating activities during the prior year and shall make copies of the report available to the public upon request. The report shall include a full accounting of all revenues and expenditures for El Presidio de Santa Barbara State Historic Park.

(3) All revenues received from El Presidio de Santa Barbara State Historic Park shall be expended only for the care, maintenance, operation, administration, improvement, or development of the unit.

(b) The district superintendent for the department shall, following submittal of the annual report under subdivision (a), hold a public meeting for discussion of the report and any operating policies or procedures. Any recommendation resulting from the annual public meeting shall be submitted by the district superintendent to the director for review and approval.

(c) The general plan for El Presidio de Santa Barbara State Historic Park shall, in addition to the requirements set forth in Section 5002.2, specifically evaluate and define the manner in which the unit is proposed to be operated. The general plan shall be

reviewed by the State Park and Recreation Commission for a determination that the unit will be operated in a manner that generally meets the standards followed by the department in its operation of similar units, that enhances the general public use and enjoyment of, and recreational and educational experiences at, the unit, and that provides for the satisfactory management of park resources.

(d) Whenever the department intends to enter into an operating agreement with respect to El Presidio de Santa Barbara State Historic Park, the department shall notify each Member of the Legislature in whose district the unit is located of that intention.

CHAPTER 788

An act to amend Sections 2626.1 and 2626.2 of the Unemployment Insurance Code, relating to unemployment compensation disability benefits.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2626.1 of the Unemployment Insurance Code is amended to read:

2626.1. (a) An individual who is a resident in an alcoholic recovery home pursuant to referral or recommendation by a physician shall be eligible for disability benefits for a period not in excess of 30 days in any disability benefit period while receiving resident services, if an authorized representative of the alcoholic recovery home certifies that the individual is a resident participating in an alcoholic recovery program which has been certified by the State Department of Alcohol and Drug Programs. The individual shall be eligible for disability benefits for an additional period not in excess of 30 days if the referring physician certifies to the need of the individual for continuing resident services.

(b) The department shall reimburse the State Department of Alcohol and Drug Programs from the Disability Fund, in a reasonable amount as determined by the department, for the expense of reviewing any alcoholic recovery program, as required by the department in the administration of subdivision (a) which is not funded in the county alcohol program plan provided for in Article 3 (commencing with Section 11810) or Article 4 (commencing with Section 11830) of Part 2 of Division 10.5 of the Health and Safety Code.

(c) Outside the State of California, an individual who is a resident in an alcohol recovery home pursuant to referral or recommendation by a physician shall be eligible for disability benefits for a period not

SEC. 2. Section 2626.2 of the Unemployment Insurance Code is amended to read:

2626.2. (a) An individual who is a resident in a drug-free residential facility pursuant to referral or recommendation by a physician shall be eligible for disability benefits for a period not in excess of 45 days in any disability benefit period while receiving resident services, if an authorized representative of the drug-free residential facility certifies that the individual is a resident participating in a drug-free residential facility which has satisfied a program review by the State Department of Alcohol and Drug Programs. (b) The department shall reimburse the State Department of Alcohol and Drug Programs from the Disability Fund, in a reasonable amount as determined by the department, for the expense of reviewing any drug-free residential facility, as required by the department in the administration of subdivision (a), which is not funded under the federal Drug Abuse Office and Treatment Act of 1972 (Public Law 92-255) or in conformance with Chapter 4 (commencing with Section 11980) of Part 3 of Division 10.5 of the Health and Safety Code.

(c) Outside the State of California, an individual who is a resident in a drug-free residential facility pursuant to referral or recommendation by a physician shall be eligible for disability benefits for a period not in excess of 45 days in any disability benefit period while receiving resident services, if an authorized representative of the drug-free residential facility certifies that the individual is a resident participating in a drug-free residential program, licensed by or satisfying a program review by the state in which the facility is located. CHAPTER 789

An act to amend Sections 66436, 66452.6, 66457, 66458, and 66463.5 of, and to add Section 66474.9 to, the Government Code, relating to the Subdivision Map Act.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 66436 of the Government Code is amended to read:

66436. (a) A certificate, signed and acknowledged by all parties having any record title interest in the subdivided real property, consenting to the preparation and recordation of the final map is required, except in the following circumstances:

(1) A lien for state, county, municipal, or local taxes or special assessments, a trust interest under bond indentures, or mechanics' liens do not constitute a record title interest in land for the purpose of this chapter or any local ordinance.

(2) The signature of either the holder of beneficial interests under trust deeds or the trustee under the trust deeds, but not both, may be omitted. The signature of either shall constitute a full and complete subordination of the lien of the deed of trust to the map and any interest created by the map.

(3) Signatures of parties owning the following types of interests may be omitted if their names and the nature of their respective interests are stated on the final map:

(A) (i) Rights-of-way, easements or other interests which cannot ripen into a fee, except those owned by a public entity, public utility, or subsidiary of a public utility for conveyance to the public utility for rights-of-way. If, however, the legislative body or advisory agency determines that division and development of the property in the manner set forth on the approved or conditionally approved tentative map will not unreasonably interfere with the free and complete exercise of the public entity or public utility right-of-way or easement, the signature of the public entity or public utility may be omitted. Where that determination is made, the subdivider shall send, by certified mail, a sketch of the proposed final map, together with a copy of this section, to any public entity or public utility which has previously acquired a right-of-way or easement.

(ii) If the public entity or utility objects to either recording the final map without its signature or the determination of the legislative body or advisory agency that the division and development of the property will not unreasonably interfere with the full and complete exercise of its right-of-way or easement, it shall so notify the subdivider and the legislative body or advisory agency within 30 days after receipt of the materials from the subdivider.

(iii) If the public entity or utility objects to recording the final map without its signature, the public entity or utility so objecting may affix its signature to the final map within 30 days of filing its objection with the legislative body or advisory agency.

(iv) If the public entity or utility either does not file an objection with the legislative body or advisory agency or fails to affix its signature within 30 days of filing its objection to recording the map without its signature, the local agency may record the final map without the signature.

(v) If the public entity or utility files an objection to the determination of the legislative body or advisory agency that the division and development of the property will not unreasonably interfere with the exercise of its right-of-way or easement, the legislative body or advisory agency shall set the matter for public hearing to be held not less than 10 nor more than 30 days of receipt of the objection. At the hearing, the public entity or public utility shall present evidence in support of its position that the division and development of the property will unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement.

(vi) If the legislative body or advisory agency finds, following the hearing, that the development and division will in fact unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement, it shall set forth those conditions whereby the unreasonable interference will be eliminated and upon compliance with those conditions by the subdivider, the final map may be recorded with or without the signature of the objector. If the legislative body or advisory agency finds that the development and division will in fact not unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement, the final map may be recorded without the signature of the objector, notwithstanding the objections.

(vii) Failure of the public entity or public utility to file an objection pursuant to this section shall in no way affect its rights under a right-of-way or easement.

(B) Rights-of-way, easements, or reversions, which by reason of changed conditions, long disuse, or laches appear to be no longer of practical use or value and signatures are impossible or impractical to obtain. A statement of the circumstances preventing the procurement of the signatures shall also be stated on the map.

(C) Interests in, or rights to, minerals, including but not limited to, oil, gas, or other hydrocarbon substances.

(4) Real property originally patented by the United States or by the State of California, which original patent reserved interest to either or both of those entities, may be included in the final map without the consent of the United States or the State of California to the map or to dedications made by it.

(b) No monetary liability shall be incurred by, and no cause of action shall arise against, a local agency, a party, the subdivider, the

subdivider's agent, or the engineer or land surveyor who prepared the map, on account of the omission of any signature, which omission is authorized by this section.

(c) A notary acknowledgment shall be deemed complete for recording without the official seal of the notary, so long as the name of the notary, the county of the notary's principal place of business, and the notary's commission expiration date are typed or printed below the notary's signature in the acknowledgment.

SEC. 2. Section 66452.6 of the Government Code is amended to read:

66452.6. (a) An approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months. However, if the subdivider is subject to a requirement of one hundred thousand dollars ($100,000) or more to construct, improve, or finance the construction or improvement of public improvements outside the boundaries of the tentative map, each filing of a final map authorized by Section 66456.1 shall extend the expiration of the approved or conditionally approved tentative map by 36 months from the date of its expiration, as provided in this section, or the date of the previously filed final map, whichever is later. The extensions shall not extend the tentative map more than 10 years from its approval or conditional approval. However, a tentative map on property subject to a development agreement authorized by Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 may be extended for the period of time provided for in the agreement, but not beyond the duration of the agreement. The number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

"Public improvements," as used in this subdivision, include traffic controls, streets, roads, highways, freeways, bridges, overcrossings, street interchanges, flood control or storm drain facilities, sewer facilities, water facilities, and lighting facilities.

(b) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(c) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (e), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After

service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(d) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no final map or parcel map of all or any portion of the real property included within the tentative map shall be filed with the legislative body without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(e) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. Prior to the expiration of an approved or conditionally approved tentative map, upon an application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium, or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a final or parcel map. A development moratorium is deemed to exist for purposes of this section for any period of time during which a condition imposed by the city or county could not be satisfied because the condition was one which, by its nature, necessitated action by the city or county, and the city or county either did not take the necessary action or by its own action or inaction was prevented or delayed in taking the necessary action prior to expiration of the tentative map.

(g) The rights conferred by a vesting tentative map as provided by Chapter 4.5 (commencing with Section 66498.1) shall last for an initial time period, as provided by ordinance, but shall not be less

than one year or more than two years beyond the recording of the final map. Where several final maps are recorded on various phases of a project covered by a single vesting tentative map, the one year initial time period shall begin for each phase when the final map for that phase is recorded.

The initial time period shall be automatically extended by any time used by the local agency for processing a complete application for a grading permit or for design or architectural review, if the time used by the local agency to process the application exceeds 30 days, from the date that a complete application is filed. At any time prior to the expiration of the initial time period provided by this section, the subdivider may apply for a one-year extension. If the extension is denied by an advisory agency, the subdivider may appeal that denial to the legislative body within 15 days.

(h) If the subdivider submits a complete application for a building permit during the periods of time specified in subdivision (g), the rights conferred by Chapter 4.5 (commencing with Section 66498.1) shall continue until the expiration of that permit, or any extension of that permit granted by the local agency.

SEC. 3. Section 66457 of the Government Code is amended to read:

66457. (a) A final map or parcel map conforming to the approved or conditionally approved tentative map, if any, may be filed with the legislative body for approval after all required certificates on the map have been signed and, where necessary, acknowledged.

(b) If the subdivision lies entirely within the territory of a city, the map shall be filed with the city. If the subdivision lies entirely within unincorporated territory, the map shall be filed with the county. If the subdivision lies partially within two or more territories, the map shall be filed with each, and each shall act thereon as provided in this chapter.

SEC. 4. Section 66458 of the Government Code is amended to read:

66458. (a) The legislative body shall, at the meeting at which it receives the map or, at its next regular meeting after the meeting at which it receives the map, approve the map if it conforms to all the requirements of this chapter and any local subdivision ordinance applicable at the time of approval or conditional approval of the tentative map and any rulings made thereunder. If the map does not conform, the legislative body shall disapprove the map.

(b) If the legislative body does not approve or disapprove the map within the prescribed time, or any authorized extension thereof, and the map conforms to all requirements and rulings, it shall be deemed approved, and the clerk of the legislative body shall certify its approval thereon.

(c) The meeting at which the legislative body receives the map shall be the date on which the clerk of the legislative body receives the map.

SEC. 5. Section 66463.5 of the Government Code is amended to read:

66463.5. (a) When a tentative map is required, an approved or conditionally approved tentative map shall expire 24 months after its approval or conditional approval, or after any additional period of time as may be prescribed by local ordinance, not to exceed an additional 12 months.

(b) The expiration of the approved or conditionally approved tentative map shall terminate all proceedings and no parcel map of all or any portion of the real property included within the tentative map shall be filed without first processing a new tentative map. Once a timely filing is made, subsequent actions of the local agency, including, but not limited to, processing, approving, and recording, may lawfully occur after the date of expiration of the tentative map. Delivery to the county surveyor or city engineer shall be deemed a timely filing for purposes of this section.

(c) Upon application of the subdivider filed prior to the expiration of the approved or conditionally approved tentative map, the time at which the map expires may be extended by the legislative body or by an advisory agency authorized to approve or conditionally approve tentative maps for a period or periods not exceeding a total of three years. Prior to the expiration of an approved or conditionally approved tentative map, upon the application by the subdivider to extend that map, the map shall automatically be extended for 60 days or until the application for the extension is approved, conditionally approved, or denied, whichever occurs first. If the advisory agency denies a subdivider's application for an extension, the subdivider may appeal to the legislative body within 15 days after the advisory agency has denied the extension.

(d) (1) The period of time specified in subdivision (a) shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence. However, the length of the moratorium shall not exceed five years.

(2) Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than 120 days, the map shall be valid for 120 days following the termination of the moratorium.

(e) The period of time specified in subdivision (a), including any extension thereof granted pursuant to subdivision (c), shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is, or was, pending in a court of competent jurisdiction, if the stay of the time period is approved by the local agency pursuant to this section. After service of the initial petition or complaint in the lawsuit upon the local agency, the subdivider may apply to the local agency for a stay pursuant to the local agency's adopted procedures. Within 40 days after receiving the application, the local agency shall either stay the time period for up to five years or deny the requested stay. The local

agency may, by ordinance, establish procedures for reviewing the requests, including, but not limited to, notice and hearing requirements, appeal procedures, and other administrative requirements.

(f) For purposes of this section, a development moratorium shall include a water or sewer moratorium or a water and sewer moratorium, as well as other actions of public agencies which regulate land use, development, or the provision of services to the land, other than the public agency with the authority to approve or conditionally approve the tentative map, which thereafter prevents, prohibits, or delays the approval of a parcel map.

(g) Notwithstanding subdivisions (a), (b), and (c), for the purposes of Chapter 4.5 (commencing with Section 66498.1), subdivisions (g) and (h) of Section 66452.6 shall apply to vesting tentative maps prepared in connection with a parcel map except that, for purposes of this section, the time periods specified in subdivisions (g) and (h) of Section 66452.6 shall be determined from the recordation of the parcel map instead of the final map.

SEC. 6. Section 66474.9 is added to the Government Code, to read:

66474.9. (a) Except as provided in subdivision (b), a local agency may not require, as a condition for a tentative, parcel, or final map application or approval, that the subdivider or an agent of the subdivider, defend, indemnify, or hold harmless the local agency or its agents, officers, and employees from any claim, action, or proceeding against the local agency as a result of the action or inaction of the local agency, advisory agency, appeal board, or legislative body in reviewing, approving, or denying the map.

(b) (1) A local agency may require, as a condition for a tentative, parcel, or final map application or approval, that the subdivider defend, indemnify, and hold harmless the local agency or its agents, officers, and employees from any claim, action, or proceeding against the local agency or its agents, officers, or employees to attack, set aside, void, or annul, an approval of the local agency, advisory agency, appeal board, or legislative body concerning a subdivision, which action is brought within the time period provided for in Section 66499.37.

(2) Any condition imposed pursuant to this subdivision shall include the requirement that the local agency promptly notify the subdivider of any claim, action, or proceeding and that the local agency cooperate fully in the defense. If the local agency fails to promptly notify the subdivider of any claim, action, or proceeding, or if the local agency fails to cooperate fully in the defense, the subdivider shall not thereafter be responsible to defend, indemnify, or hold harmless the local agency.

(c) Nothing contained in this section prohibits the local agency from participating in the defense of any claim, action, or proceeding, if both of the following occur:

(1) The agency bears its own attorney's fees and costs.

(2) The agency defends the action in good faith.

(d) The subdivider shall not be required to pay or perform any settlement unless the settlement is approved by the subdivider.

SEC. 7. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 790

An act to add Section 247.5 to the Penal Code, relating to crime.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 247.5 is added to the Penal Code, to read:

247.5. Any person who willfully and maliciously discharges a laser at an aircraft, whether in motion or in flight, while occupied, is guilty of a violation of this section, which shall be punishable as either a misdemeanor by imprisonment in the county jail for not more than one year or by a fine of one thousand dollars ($1,000), or a felony by imprisonment in the state prison for 16 months, two years, or three years, or by a fine of two thousand dollars ($2,000). This section does not apply to the conduct of laser development activity by or on behalf of the United States Armed Forces.

As used in this section, "aircraft" means any contrivance intended for and capable of transporting persons through the airspace.

As used in this section, "laser" means a device that utilizes the natural oscillations of atoms or molecules between energy levels for generating coherent electromagnetic radiation in the ultraviolet, visible, or infrared region of the spectrum, and when discharged exceeds one milliwatt continuous wave.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 791

An act to amend Section 1190 of, and to add Section 1195 to, the Harbors and Navigation Code, relating to pilots, and making an appropriation therefor.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) Every vessel spoken inward or outward bound, shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Seven dollars and thirty-five cents ($7.35) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 28.95 mills ($0.02895) per high gross registered ton.

(2) A minimum charge for bar pilotage shall be six hundred dollars ($600) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage which passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Southern Pacific Bridge to the north and Hunter's Point to the south. The rate for pilotage to or from the high seas to or from a point past the Southern Pacific Bridge or Hunter's Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate specified in paragraph (1) of subdivision (a) shall be increased by 0.5 mills ($0.0005) per high gross registered ton for each pilot licensed pursuant to Section 1141.

(d) The rate specified in paragraph (1) of subdivision (a) shall be decreased by 0.5 mills ($0.0005) per high gross registered ton for each net reduction in the number of pilots licensed under this division prior to the pilotage rate adjustment specified in subdivision (f).

(e) The rate established in paragraph (1) of subdivision (a) and in subdivisions (c) and (d) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(f) (1) The board shall complete a manpower study to determine the number of pilots to be licensed pursuant to this division. The board shall, in accordance with that determination, after public

hearings, establish the number of pilots.

(2) If the number of pilots established by the board exceeds the number of pilots then licensed, the board shall appoint that number of new pilots necessary to meet its established number. The rate charged pursuant to subdivisions (a), (c), and (d) shall be determined by the board as a single mill rate, and the mill rate so determined shall be increased by 0.8 mills ($0.0008) for each new pilot appointed by the board, not to exceed the number of new pilots established by the board pursuant to paragraph (1).

(3) If the number of pilots then licensed exceeds the number of pilots established by the board, the board shall not license any new pilots until the number of licensed pilots is less than the established number. When the number of licensed pilots becomes equal to the number established by the board pursuant to paragraph (1), the rate charged pursuant to subdivisions (a), (c), and (d) shall be determined by the board as a single mill rate. For each pilot who retires, dies, or is otherwise no longer licensed, the rate shall be decreased by 0.8 mills ($0.0008) until the number of licensed pilots established by the board pursuant to paragraph (1) is reached.

(4) After the number of licensed pilots equals the number of pilots established by the board in accordance with paragraph (2) or (3), and the mill rate has been adjusted as provided in those paragraphs, paragraphs (2) and (3) of this subdivision and subdivisions (c) and (d) shall cease to have any force or effect. The single mill rate established pursuant to this subdivision shall thereafter be the pilotage mill rate for purposes of paragraph (1) of subdivision (a).

SEC. 2. Section 1195 is added to the Harbors and Navigation Code, to read:

1195. (a) In addition to other fees for pilotage, there shall be a surcharge for each movement of a vessel using pilot services of two dollars and fifty cents ($2.50) for each pilot trainee who is enrolled in the pilot training program established by the board.

(b) The moneys charged and collected each month from the pilot trainee surcharge shall be paid to the board. The moneys shall be used only to fund the pilot training program in the manner established by the board.

(c) By action of the board, the board may adjust the amount specified in subdivision (a) in order to efficiently administer the pilot training program.

CHAPTER 792

An act to add Chapter 3.7 (commencing with Section 13828) to Title 6 of Part 4 of the Penal Code, relating to crimes.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.7 (commencing with Section 13828) is added to Title 6 of Part 4 of the Penal Code, to read:

CHAPTER 3.7. JUDICIAL TRAINING PROGRAMS FOR CHILD SEXUAL ABUSE CASES

13828. The Legislature hereby finds and declares that there is a need to develop and provide training programs regarding the handling of judicial proceedings involving the victims of child sexual abuse. It is the intent of the Legislature in enacting this chapter to provide training programs which will ensure that children who are the victims of sexual abuse shall be treated with special consideration during all proceedings related to allegations of child sexual abuse, including all trials and administrative hearings.

13828.1. From funds appropriated for those purposes, the Judicial Council shall establish and maintain an ongoing program to provide training for the judicial branch of government relating to the handling of child sexual abuse cases.

13828.2. On or before January 1, 1988, the Secretary of the Judicial Council shall submit a report to the Legislature regarding training programs on the handling of child sexual abuse cases funded and provided in the 1986–87 fiscal year in order to enable the Legislature to evaluate the costs and potential benefits of these programs.

SEC. 2. It is the intent of the Legislature that funding necessary for the implementation of training programs under Chapter 3.7 (commencing with Section 13828) of Title 6 of Part 4 of the Penal Code shall be included in the Budget Act for each fiscal year.

CHAPTER 793

An act to amend Section 1222 of, and to add Sections 606.5 and 1127.5 to, the Unemployment Insurance Code, relating to unemployment, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 606.5 is added to the Unemployment Insurance Code, to read:

606.5. (a) Whether an individual or entity is the employer of specific employees shall be determined under common law rules applicable in determining the employer-employee relationship, except as provided in subdivisions (b) and (c).

(b) As used in this section, a "temporary services employer" and a "leasing employer" is an employing unit that contracts with clients or customers to supply workers to perform services for the client or customer and performs all of the following functions:

(1) Negotiates with clients or customers for such matters as time, place, type of work, working conditions, quality, and price of the services.

(2) Determines assignments or reassignments of workers, even though workers retain the right to refuse specific assignments.

(6) Pays the worker from its own account or accounts.

(7) Retains the right to hire and terminate workers.

If an individual or entity contracts to supply an employee to perform services for a client or customer and is not a leasing employer or a temporary services employer, the client or customer is the employer of the employee who performs the services. An individual or entity that contracts to supply an employee to perform services for a customer or client and pays wages to the employee for the services, but is not a leasing employer or a temporary services employer, pays the wages as the agent of the employer.

(d) In circumstances which are in essence the loan of an

employee from one employer to another employer wherein direction and control of the manner and means of performing the services changes to the employer to whom the employee is loaned, the loaning employer shall continue to be the employer of the employee if the loaning employer continues to pay remuneration to the employee, whether or not reimbursed by the other employer. If the employer to whom the employee is loaned pays remuneration to the employee for the services performed, that employer shall be considered the employer for the purposes of any remuneration paid to the employee by the employer, regardless of whether the loaning employer also pays remuneration to the employee.

SEC. 2. Section 1127.5 is added to the Unemployment Insurance Code, to read:

1127.5. (a) If the director determines that an individual or entity that is reporting employee wages pursuant to Section 1088 or other applicable sections is not the correct employer of the employees whose wages are reported, the director shall determine the correct employer and, subject to this section, shall apply the provisions of this code to the correct employer.

(b) Upon a determination made under subdivision (a), the director shall give notice of the determination pursuant to Section 1206 to both of the following:

(1) To the individual or entity reporting employee wages of the determination that the individual or entity is not the correct employer of the reported employees.

(2) To the individual or entity determined to be the correct employer of those reported employees.

The notice shall contain a statement of the facts and circumstances upon which the determination was based. An individual or entity so noticed shall have the right to petition for review of the determination within 30 days of the notice, as provided in Section 1222.

(c) During the pendency of a petition for review pursuant to subdivision (b), the individual or entity responsible for reporting employee wages pursuant to Section 1088 or other applicable sections shall be determined as follows:

(1) When an individual or entity that has reported employee wages appeals a director's determination that it is not the correct employer of the employees whose wages were reported, that individual or entity shall continue to so report employee wages, provided the employees in question are still on its payroll, until a decision on its appeal is final, whether or not the individual or entity determined to be the correct employer by the director appeals that determination.

(2) When the individual or entity determined by the director to be the correct employer appeals that determination, but the individual or entity determined not to be the correct employer does not appeal the director's determination, then the individual or entity determined to be the correct employer by the director shall report

employee wages from the date it received notification pursuant to subdivision (b), and, provided the employees in question are still on its payroll, shall continue to do so at least until a decision on its appeal is final.

(d) When a director's determination that an individual or entity is the correct employer of employees whose wages have been reported by another individual becomes final:

(1) The individual or entity so determined to be the correct employer may be assessed for any underpayment of employer contributions pursuant to Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of Division 1. No assessment shall be issued for any period prior to the effective date of this section based on which individual or entity is the correct employer, unless the correct employer committed fraud in violation of this part.

(2) The individual or entity which had reported employee wages prior to the finality of the director's determination of the correct employer of the employees whose wages were so reported may file a claim for refund for any overpayment of employer contributions pursuant to Section 1178. No claim for refund may be filed for any period prior to the effective date of this section based on which individual or entity is the correct employer unless the department has issued an assessment based on fraud pursuant to paragraph (1).

SEC. 3. Section 1222 of the Unemployment Insurance Code is amended to read:

1222. Within 30 days of service of any notice of assessment or denial of claim for refund or credit under Sections 803, 821, 844, or 991, or of any notice under Sections 704.1, 1035, 1055, 1127.5, 1131, 1142, 1180, 1184, 1733, and 1735, any employing unit or other person given the notice, or any employing unit affected by a granting or denial of a transfer of reserve account, may file a petition for review or reassessment with an administrative law judge. The administrative law judge may for good cause grant an additional 30 days for the filing of a petition. If a petition for reassessment is not filed within the 30-day period, or within the additional period granted by the administrative law judge, an assessment is final at the expiration of the period. If a petition for review of a termination of elective coverage under Section 704.1 is not filed within the 30-day period, or within the additional period granted by the administrative law judge, the termination is final at the expiration of the period. If the director fails to serve notice of his or her action within 60 days after a claim for refund or credit is filed, the person or employing unit may consider the claim denied and file a petition with an administrative law judge.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make essential changes to unemployment compensation benefit provisions, and so facilitate the orderly

administration of the unemployment compensation system as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 794

An act to amend Sections 1033.5, 1063, 1070, 3774, 5374, and 5378 of, and to add Section 3542 to, the Public Utilities Code, relating to carriers.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1033.5 of the Public Utilities Code is amended to read:

(b) As an alternative to the suspension, revocation, alteration, or amendment of an operating right or certificate, the commission may impose upon the holder a fine not to exceed five thousand dollars ($5,000). The commission may assess interest upon any fine imposed, the interest to commence upon the day the payment of the fine is delinquent. All fines and interest collected shall be deposited at least once each month in the Public Utilities Commission Transportation Reimbursement Account in the General Fund.

(c) For purposes of this section, "good cause" includes, but is not limited to, a consistent failure of the holder of the operating right or certificate to maintain vehicles in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Administrative Code relative to motor vehicle safety, as shown by the records of the commission, the Department of Motor Vehicles, the Department of the California Highway Patrol, or the passenger stage corporation.

from the corporate limits of any city or three miles from the post office of any unincorporated point.

For purposes of this section, "public convenience and necessity," as it affects applications for new, or extensions of existing, cement carrier certificates, means that the applicant has met the criteria for a cement contract carrier permit in Section 3623.

(b) Any right, privilege, franchise, or permit held, owned, or obtained by any common carrier may be sold, leased, assigned, transferred, inherited, or otherwise encumbered as other property, only upon authorization of the transaction by the commission. The commission may assess interest upon any fine imposed, the interest to commence upon the day the payment of the fine is delinquent. All fines and interest collected shall be deposited at least once each month in the State Treasury to the credit of the General Fund.

(c) For purposes of this section, "good cause" includes, but is not limited to, a consistent failure of the holder of the certificate to

As an alternative to the cancellation, revocation, or suspension of an operating permit or permits, the commission may impose upon the holder of the permit or permits a fine of not exceeding twenty thousand dollars ($20,000). The commission may assess interest upon any fine imposed, the interest to commence upon the day the payment of the fine is delinquent. All fines and interest collected shall be deposited at least once each month in the State Treasury to the credit of the General Fund.

5374. Before an annual permit or certificate is issued, the commission shall require the applicant to establish reasonable fitness and financial responsibility to initiate and conduct the proposed transportation services. The commission shall not issue an annual

The people of the State of California do enact as follows:

SECTION 1. Section 53602.1 of the Government Code is amended to read:

53602.1. (a) Notwithstanding any other provision of this article, the Board of Directors of the Southern California Rapid Transit District, when the district has money in a sinking fund of, or surplus money in, its treasury not required for the immediate necessities of the district, may invest that portion of the money which it

determines to be wise and expedient in futures contracts in heating oil, crude oil, or gasoline on the New York Mercantile Exchange.

(b) The Legislative Analyst shall prepare and submit to the Legislature, annually, a report on the results of any investments made pursuant to subdivision (a).

(c) This section shall remain in effect only until January 1, 1989, and shall have no force or effect on or after that date, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

CHAPTER 804

An act to add Section 25503.19 to the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.19 is added to the Business and Professions Code, to read:

25503.19. (a) Nothing in this division shall prohibit the issuance or transfer of any retail on-sale general license to any person with respect to passenger cruise ships or lines owned by, or operated by or on behalf of, the licensee, notwithstanding that a manufacturer, winegrower, manfacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler holds the ownership of any interest, directly or indirectly, in the cruise ships or lines or in the retail licensee, subject to the following conditions:

(1) Not more than 10 percent of the total gross annual revenues of the cruise ships or lines is derived from the sale of alcoholic beverages.

(2) The manufacturer, winegrower, manufacturer's agent, California winegrower's agent, rectifier, distiller, bottler, importer, or wholesaler shall not influence or attempt to influence decisions concerning the purchase and sale of alcoholic beverages by the retail licensee and those decisions are made solely by the retail licensee.

(3) The retail licensee is not required, by agreement or otherwise, to exclude from sale on board its vessels competitive alcoholic beverage products.

(4) The retail licensee shall purchase no beer, wine, or distilled spirits for sale in this state other than from a wholesale licensee, and the retail licensee shall purchase no alcoholic beverages for sale in this state from any wholesale licensee holding the ownership of any interest, directly or indirectly, in the cruise ships or lines or in the retail licensee.

(b) The Legislature finds that it is necessary and proper to require

a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through verticle integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exception established by this section to the general prohibition against tied interests must be limited to its express terms so as not to undermine the general prohibition, and intends that this section be construed accordingly.

CHAPTER 805

An act to add Section 1174.2 to the Code of Civil Procedure, relating to real property.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

If the court finds that a substantial breach has occurred, the court shall (1) determine the reasonable rental value of the premises in its untenantable state to the date of trial, (2) deny possession to the landlord and adjudge the tenant to be the prevailing party, conditioned upon the payment by the tenant of the rent that has accrued to the date of the trial as adjusted pursuant to this subdivision within a reasonable period of time not exceeding five days, from the date of the court's determination or, if service of the court's determination is made by mail, the payment shall be made within the time set forth in Section 1013, and (3) except as otherwise provided in subdivision (b), award the tenant costs and attorneys' fees if provided by, and pursuant to, any statute or the contract of the parties. The court shall, however, award possession of the premises to the landlord if the tenant fails to pay all rent accrued to the date of trial, as determined due by the court, within the period prescribed by the court pursuant to this subdivision. The tenant shall, however, retain any rights conferred by Section 1174.

(b) If the court determines that there has been no substantial breach of Section 1941 of the Civil Code or of any warranty of

habitability by the landlord or if the tenant fails to pay all rent accrued to the date of trial, as required by the court pursuant to subdivision (a), then judgment shall be entered in favor of the landlord, and the landlord shall be the prevailing party for the purposes of awarding costs or attorneys' fees pursuant to any statute or the contract of the parties.

(c) As used in this section, "substantial breach" means the failure of the landlord to comply with applicable building and housing code standards which materially affect health and safety.

CHAPTER 818

An act to amend Section 21501 of the Public Contract Code, relating to the Desert Water Agency.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 21501 of the Public Contract Code is amended to read:

21501. (a) All contracts for any improvement or unit of work, when the cost according to the estimate of the engineer will exceed fifteen thousand dollars ($15,000), shall be let to the lowest responsible bidder or bidders as provided in this section. The board shall first determine whether the contract shall be let as a single unit for the whole of the work, or divided into severable convenient parts. The board shall advertise for bids by three insertions in a daily newspaper of general circulation or by two insertions in a weekly newspaper of general circulation printed and published in the agency, inviting sealed proposals for the construction or performance of the improvement or work. The call for bids shall state whether the work shall be performed in one unit or divided into parts. The work may be let under a single contract or several contracts, as stated in such call. The board shall require the successful bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material. The bonds shall comply with Chapter 7 (commencing with Section 3247) of Title 15 of Part 4 of Division 3 of the Civil Code. The board may reject any and all bids.

(b) The board may have work done by force account without advertising for bids or by informal bidding procedures in any of the following situations:

(1) All proposals are rejected.

(2) No proposals are received.

(3) The estimated cost of the work does not exceed fifteen thousand dollars ($15,000) until January 1, 1989. After January 1, 1989, the estimated cost of the work shall not exceed ten thousand dollars ($10,000).

(4) The work consists of channel protection.

(5) The work consists of maintenance work, except that informal

bidding procedures may be used only where the estimated cost does not exceed twenty-five thousand dollars ($25,000).

(6) The work consists of emergency work which is necessary to protect life and property from impending flood damage.

(c) The agency may purchase in the open market without advertising for bids, materials and supplies for use in any work, either under contract or by force account, except that, materials and supplies for use in any new construction work or improvement, except work referred to in subdivision (b), may not be purchased, if the cost thereof exceeds fifteen thousand dollars ($15,000), without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

(d) As used in this section, "informal bidding procedures" means that the board shall, at a minimum, award a contract to the lowest responsible bidder after publishing a notice which generally describes the work to be performed and invites written bids in a newspaper of general circulation in the agency once a week for two successive weeks. The board shall obtain a minimum of three written bids.

CHAPTER 819

An act to amend Section 12667 of the Water Code, relating to flood control, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 12667 of the Water Code is amended to read:

12667. The project for flood control known as the Merced County Streams Project is adopted and authorized substantially in accordance with the recommendations of the Chief of Engineers in his report dated November 25, 1970, and adopted and authorized by the Act of Congress approved December 31, 1970 (Public Law 91-611) at an estimated cost to the state of such sums as may be appropriated for state participation by the Legislature upon the recommendation and advice of the Reclamation Board. This authorization shall not be deemed to confer preference on this project over the needs of other statewide programs in appropriations of available funds. No state funds shall be appropriated until federal construction funds are available, and no state funds shall be appropriated for any portion or unit of the project until the responsible local agency has provided assurances of financial capability to complete the recreational acquisition and development

program for that portion or unit, as detailed in the project report.

The Legislature affirms the topographical and hydrologic characteristics of the Merced County Stream Group for which provision for participation in reservoirs has been made in Section 12826 and determines that the Merced County Streams Project is a project of the Merced County Stream Group, as defined and excepted in Section 12826. The Reclamation Board may loan the local agency the funds necessary to pay the local portion of the costs of the lands, easements, and rights-of-way. The rate of interest on the loan shall be the current rate for the Pooled Money Investment Account. All other provisions of Section 12585.4 shall be applicable to a loan to the local agency under this section.

Any money previously appropriated to the department for the Merced Stream Channel Improvement shall be available for the purposes of this section, including that reappropriated from the Special Account for Capital Outlay in Item 3860-490-036(2) of the Budget Act of 1986 (Chapter 186 of the Statutes of 1986).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

An estimated one hundred ten million dollars ($110,000,000) in federal construction funds are available for the Merced County Streams Project. These moneys may be lost due to the inability of the responsible local agency to provide assurances of its financial capability to finance the project. In the interest of utilizing federal funds in California and reaping the economic benefits resulting from such an expenditure, and providing urgently needed flood control, it is necessary that this act take effect immediately.

CHAPTER 820

(commencing with Section 1120) of, and Article 1.5 (commencing with Section 1215) of Chapter 22 of, Division 3 of, the Probate Code, relating to trusts.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 716.5 is added to the Civil Code, to read:

716.5. (a) A trust is not invalid, either in whole or in part, merely because the duration of the trust may exceed the time within which future interests in property must vest under this title, if the interest of all the beneficiaries must vest, if at all, within that time.

(b) If a trust is not limited in duration to the time within which future interests in property must vest under this title, a provision, express or implied, in the instrument creating the trust that the trust may not be terminated is ineffective insofar as it purports to be applicable beyond that time.

(c) Whenever a trust has existed longer than the time within which future interests in property must vest under this title, the following shall apply:

(1) It shall be terminated upon the request of a majority of the beneficiaries.

(2) It may be terminated by a court of competent jurisdiction upon the petition of the Attorney General or of any person who would be affected thereby if the court finds that the termination would be in the public interest or in the best interest of a majority of the persons who would be affected thereby.

SEC. 2. Chapter 2.5 (commencing with Section 730) of Title 2 of Part 1 of Division 2 of the Civil Code is repealed.

SEC. 3. Section 731.02 of the Civil Code is amended to read:

731.02. This chapter shall apply to all transactions by which a principal was established without the interposition of a trust on or after September 13, 1941, or is hereafter so established. Transactions by which a principal is held in trust are governed by Chapter 3 (commencing with Section 16300) of Part 4 of Division 9 of the Probate Code.

SEC. 4. Section 771 of the Civil Code is repealed.

SEC. 5. Title 4 (commencing with Section 852) of Part 2 of Division 2 of the Civil Code is repealed.

SEC. 6. Section 1392.1 of the Civil Code is amended to read:

1392.1. (a) Unless the power to revoke is reserved in the instrument creating the power or exists pursuant to Section 15400 of the Probate Code, the creation of a power of appointment is irrevocable.

(b) Unless made expressly irrevocable by the creating instrument or the instrument of exercise, an exercise of a power of appointment is revocable if the power to revoke exists pursuant to Section 15400

of the Probate Code or so long as the interest in the appointive property, whether present or future, has not been transferred or become distributable pursuant to such appointment.

(c) Unless the power to revoke is reserved in the instrument releasing the power, a release of a power of appointment is irrevocable.

SEC. 7. Title 8 (commencing with Section 2215) of Part 4 of Division 3 of the Civil Code is repealed.

SEC. 8. Title 8 (commencing with Section 2223) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 8. INVOLUNTARY TRUSTS

2223. One who wrongfully detains a thing is an involuntary trustee thereof, for the benefit of the owner.

2224. One who gains a thing by fraud, accident, mistake, undue influence, the violation of a trust, or other wrongful act, is, unless he or she has some other and better right thereto, an involuntary trustee of the thing gained, for the benefit of the person who would otherwise have had it.

2225. (a) As used in this section:

(1) "Convicted felon" means any person convicted of a felony, or found not guilty by reason of insanity of a felony committed in California, either by a court or jury trial or by entry of a plea in court.

(2) "Felony" means a felony defined by any California or United States statute.

(3) "Representative of the felon" means any person or entity receiving proceeds by designation of that felon, or on behalf of that felon or in the stead of that felon, whether by the felon's designation or by operation of law.

(4) (A) "Beneficiary" means a person who, under applicable law, other than the provisions of this section, has or had a right to recover damages from the convicted felon for physical, mental, or emotional injury, or pecuniary loss proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) If a beneficiary described in subparagraph (A) has died, "beneficiary" also includes a person or estate entitled to recover damages pursuant to Section 573 of the Probate Code.

(C) If a person has died and the death was proximately caused by the convicted felon as a result of the crime for which the felon was convicted, "beneficiary" also includes a person described in Section 377 of the Code of Civil Procedure and any beneficiary of a will of the decedent who had a right under that will to receive more than 25 percent of the value of the estate of the decedent.

(5) "Beneficiary's interest in the proceeds" means that portion of the proceeds necessary to pay the following:

(A) In the case of a beneficiary described in subparagraph (A) or (B) of paragraph (4), those damages which, under applicable law, other than the provisions of this section, the beneficiary has or had

a right to recover from the convicted felon for injuries proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) In the case of a beneficiary described in subparagraph (C) of paragraph (4), those damages which under all the circumstances of the case may be just.

(C) A beneficiary's interest in the proceeds shall be reduced by the following amount:

(i) Money paid to the beneficiary from the Restitution Fund because of the crime for which the felon was convicted.

(ii) Money paid to the beneficiary by the convicted felon because of a requirement of restitution imposed by a court in connection with the crime for which the felon was convicted.

(iii) Money paid to the beneficiary because of a judgment against the convicted felon based upon the crime for which the felon was convicted.

(D) In the case of an unsatisfied existing judgment or order of restitution against the convicted felon and in favor of a beneficiary, any money paid to the beneficiary pursuant to this section shall be applied to reduce the amount of the unsatisfied judgment or order.

(6) "Materials" means books, magazine or newspaper articles, movies, films, video tapes, sound recordings, interviews or appearances on television and radio stations, and live presentations of any kind.

(7) "Story" means a depiction, portrayal, or reenactment of a felony and shall not be taken to mean a passing mention of the felony, as in a footnote or bibliography.

(8) "Sale" includes lease, license, or any other transfer or alienation taking place in California or elsewhere.

(9) "Proceeds" means all fees, royalties, real property, or other consideration of any and every kind or nature received by or owing to a felon or his or her representatives for the preparation for the purpose of sale of materials, for the sale of the rights to materials, or the sale or distribution by the convicted felon of materials whether earned, accrued, or paid before or after the conviction. It includes any interest, earnings, or accretions upon proceeds, and any property received in exchange for proceeds.

(b) All proceeds from the preparation for the purpose of sale, the sale of the rights to, or the sale of materials that include or are based on the story of a felony for which a convicted felon was convicted, shall be subject to an involuntary trust for the benefit of the beneficiaries set forth in this section. That trust shall continue until five years after the time of payment of the proceeds to the felon or five years after the date of conviction, whichever is later. If an action is filed by a beneficiary to recover his or her interest in a trust within those time limitations, the trust character of the property shall continue until the conclusion of the action.

(c) (1) Any beneficiary may bring an action against a convicted felon or representative of the felon to recover his or her interest in

the trust established by this section.

(2) That action may be brought in the superior court of the county in which the beneficiary resides, or of the county in which the convicted felon resides, or of the county in which proceeds are located.

(3) If the court determines that a beneficiary is entitled to proceeds pursuant to this section, the court shall order the payment from proceeds which have been received, and, if that is insufficient, from proceeds which may be received in the future.

(d) If there are two or more beneficiaries and if the available proceeds are insufficient to pay all beneficiaries, the proceeds shall be equitably apportioned among the beneficiaries taking into account the impact of the crime upon them.

Prior to any distribution of any proceeds to a beneficiary, the court shall determine whether the convicted felon has failed to pay any portion of a restitution fine or penalty fine imposed by a court, or any restitution imposed as a condition of probation. The court shall also determine whether the felon is obligated to reimburse a governmental entity for the costs of his or her defense and whether a portion of the proceeds is needed to cover his or her reasonable attorney's fees incurred in the criminal proceeding related to the felony, or any appeal or other related proceeding, or in the defense of the action brought under this section. The court shall order payment of these obligations prior to any payment to a beneficiary, except that 10 percent of the proceeds shall be reserved for payment to the beneficiaries.

(e) (1) The Attorney General may bring an action to require proceeds received by a convicted felon to be held in an express trust in a bank authorized to act as a trustee.

(2) An action may be brought under this subdivision within six months after the receipt of proceeds by a convicted felon or six months after the date of conviction, whichever is later.

That action may be brought in the superior court of any county in which the Attorney General has an office.

(3) If the Attorney General proves that the proceeds are proceeds from the sale of a story which are subject to an involuntary trust pursuant to this section, and that it is more probable than not that there are beneficiaries within the meaning of this section, the court shall order that all proceeds be deposited in a bank and held by the bank as trustee of the trust until an order of disposition is made by a court pursuant to subdivision (d), or until the expiration of the period specified in subdivision (b).

(4) If the Attorney General prevails in an action under this subdivision, the court shall order the payment from the proceeds to the Attorney General of reasonable costs and attorney's fees.

(f) In any action brought pursuant to subdivision (d) or (e), upon motion of a party the court shall grant a preliminary injunction to prevent any waste of proceeds if it appears that the proceeds are subject to the provisions of this section, and that they may be subject

to waste.

(g) Any violation of an order of a court made pursuant to this section shall be punishable as contempt.

(h) The remedies provided by this section are in addition to other remedies provided by law.

No period of limitations, except those provided by this section, shall limit the right of recovery under this section.

SEC. 9. Section 2322 of the Civil Code is amended to read:

2322. An authority expressed in general terms, however broad, does not authorize an agent to do any of the following:

(b) Define the scope of the agency.

(c) Violate a duty to which a trustee is subject pursuant to Chapter 1 (commencing with Section 16000) of Part 4 of Division 9 of the Probate Code.

anything so received for purposes enumerated in this section and to reimburse the agent for any expenditures properly made in the execution of the powers conferred on the agent by the statutory short form power of attorney.

(5) Establish any trust with the assets of the principal for the benefit of the principal and the spouse and descendants of the principal, or any one or more of them, upon such terms as the agent determines are necessary or proper; transfer any asset in which the principal has an interest to any such trust or to any trust that the principal has created; and exercise in whole or in part, release, or let lapse any power the principal may have under any trust whether or not created by the principal, including any power of appointment, revocation, or withdrawal, but a trust created by the principal may only be revoked by the agent as provided in the trust instrument.

(6) Purchase for the principal United States treasury bonds redeemable at par value in payment of federal estate taxes; borrow money from any source for that purpose; make, execute, endorse, and deliver promissory notes, bills of exchange, drafts, agreements, or other obligations for those bonds, and as security for them pledge, mortgage, and assign any stock, bonds, securities, insurance values, or other properties, real or personal, in which the principal may have an interest; and arrange for the safekeeping and custody of any of those treasury bonds.

(7) Prepare, sign, file, and deliver all reports, compilations of information, returns, or papers with respect to any interest had or claimed by or on behalf of the principal in any estate, trust, or other fund; and pay, compromise, or contest, and apply for refunds in connection with any tax or assessment with respect to (A) any interest had or claimed by or on behalf of the principal in any estate, trust, or other fund or by reason of the death of any person or (B) any property in which that interest is had or claimed.

(8) Agree and contract, in any manner, with any person, and on any terms, which the agent may select, for the accomplishment of the purposes enumerated in this section; and perform, rescind, reform, release, or modify any such agreement or contract or any other similar agreement or contract made by or on behalf of the principal.

(9) Execute, acknowledge, verify, seal, file, and deliver any consent, designation, pleading, notice, demand, election, conveyance, release, disclaimer, assignment, check, pledge, waiver, admission of service, notice of appearance, or other instrument the agent believes useful for the accomplishment of any of the purposes enumerated in this section.

(10) Submit to arbitration, settle, and propose or accept a compromise with respect to, any controversy or claim which affects the estate of a decedent, absentee, minor, or incompetent, or the administration of a trust or other fund, in which the principal has or claims to have an interest; and do any act which the agent believes desirable or necessary in effectuating the compromise.

(11) Hire, discharge, and compensate any attorney, accountant, expert witness, or other assistant, when the agent believes it necessary or desirable for the proper execution of any of the powers described in this section or for the keeping of needed records.

(12) In general, and in addition to all the specific acts enumerated in this section, do any other act which the principal can do through an agent with respect to the estate of a decedent, absentee, minor, or incompetent, or the administration of a trust or other fund, in any one of which the principal has or claims to have an interest or with respect to which the principal is a fiduciary.

(b) All powers described in this section are exercisable equally with respect to any estate of a decedent, absentee, minor, or incompetent, or the administration of any trust or other fund, in which the principal is interested at the time of the giving of the power of attorney or may thereafter become interested, whether located in this state or elsewhere.

The power of sale may be exercised by the assignee if the assignment is duly acknowledged and recorded.

SEC. 14. Section 5110.150 is added to the Civil Code, to read:

5110.150. (a) Unless the trust instrument or the instrument of transfer expressly provides otherwise, community property that is transferred in trust remains community property during the marriage, regardless of the identity of the trustee, if the trust, originally or as amended before or after the transfer, provides that the trust is revocable as to that property during the marriage and the power, if any, to modify the trust as to the rights and interests in that property during the marriage may be exercised only with the joinder or consent of both spouses.

(b) Unless the trust instrument expressly provides otherwise, a power to revoke as to community property may be exercised by either spouse acting alone. Community property, including any income or appreciation, that is distributed or withdrawn from a trust

"Educational institution," as used in this section, also means the University of California, the state colleges, the state community colleges and any auxiliary organization, as defined in Section 89901 of the Education Code, established for the purpose of receiving gifts, property and funds to be used for the benefit of a state college.

(c) An educational institution electing to invest in a common fund or funds under the provisions of this section may elect to receive distributions from each fund in an amount not to exceed for each fiscal year the greater of the income, as defined in Section 16303 of the Probate Code, accrued on its interest in the fund or 10 percent of the value of its interest in the fund as of the last day of its next preceding fiscal year. The educational institution may expend the distribution or distributions for any lawful purpose notwithstanding the provisions of any general or special law characterizing the distribution, or any part thereof, as principal or income; provided, that, in the case of funds or property invested as fiduciary, the expenditure is not prohibited by the wording of the will, deed or other instrument creating the fiduciary relationship. No such prohibition of expenditure shall be deemed to exist solely because a will, deed or other instrument, whether executed or in effect before

or after the effective date of this section, directs or authorizes the use of only the "income," or "interest," or "dividends" or "rents, issues or profits," or contains words of similar import.

(d) The provisions of the Corporate Securities Law of 1968 shall not apply to the creation, administration or termination of common trust funds authorized under this section, or to participation therein.

CHAPTER 6. UNIFORM MANAGEMENT OF INSTITUTIONAL FUNDS ACT

94600. This chapter may be cited as the Uniform Management of Institutional Funds Act.

94601. As used in this chapter:

(a) "Institution" means a private incorporated or unincorporated organization organized and operated exclusively for educational purposes and accredited by the Association of Western Colleges and Universities to the extent that it holds funds exclusively for any of such purposes.

(b) "Institutional fund" means a fund held by an institution for its exclusive use, benefit, or purposes, but does not include (1) a fund held for an institution by a trustee that is not an institution or (2) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund.

(c) "Endowment fund" means an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument.

(d) "Governing board" means the body responsible for the management of an institution or of an institutional fund.

(e) "Historic dollar value" means the aggregate fair value in dollars of (1) an endowment fund at the time it became an endowment fund, (2) each subsequent donation to the fund at the time it is made, and (3) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund.

(f) "Gift instrument" means a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document (including the terms of any institutional solicitations from which an institutional fund resulted) under which property is transferred to or

held by an institution as an institutional fund.

94602. The governing board may appropriate for expenditure for the uses and purposes for which an endowment fund is established so much of the net appreciation, realized in the fair value of the assets of an endowment fund over the historic dollar value of the fund as is prudent under the standard established by Section 94606. Appropriations shall be based upon an average fair value covering a period of up to the five preceding fiscal years of the institution and shall be set at any reasonable date prior to each fiscal year. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

94603. (a) Section 94602 does not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended.

(b) With respect to gift instruments in effect prior to January 1, 1974, a restriction upon the expenditure of net appreciation need not be implied solely from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only "income," "dividends," or "rents, issues or profits," or "to preserve the principal intact," or a direction which contains other words of similar import.

(c) With respect to gift instruments executed or becoming effective on or after January 1, 1974, a restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment or from a direction or authorization in the applicable gift instrument to use only "income," "interest," "dividends," or "rents, issues or profits," or "to preserve the principal intact," or a direction which contains other words of similar import.

94604. In addition to an investment otherwise authorized by law or by the applicable gift instrument, the governing board, subject to any specific limitations set forth in the applicable gift instrument, may do any or all of the following:

(a) Invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, or partnerships, and obligations of any government or subdivision or instrumentality thereof.

(b) Retain property contributed by a donor to an institutional fund for as long as the governing board deems advisable.

(c) Include all or any part of an institutional fund in any pooled or common fund maintained by the institution.

(d) Invest all or any part of an institutional fund in any other pooled or common fund available for investment, including shares or interests in regulated investment companies, mutual funds, common trust funds, investment partnerships, real estate investment trusts, or

similar organizations in which funds are commingled and investment determinations are made by persons other than the governing board.

94605. Except as otherwise provided by the applicable gift instrument or by applicable law relating to governmental institutions or funds, the governing board may do the following:

(a) Delegate to its committees, officers, or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional funds.

(b) Contract with independent investment advisers, investment counsel or managers, banks, or trust companies, so to act.

(c) Authorize the payment of compensation for investment advisory or management services.

94606. (a) When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing property, appropriating appreciation, and delegating investment management for the benefit of an institution, the members of the governing board shall act with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of like character and with like aims to accomplish the purposes of the institution. In the course of administering the fund pursuant to this standard, individual investments shall be considered as part of an overall investment strategy.

(b) In exercising judgment under this section, the members of the governing board shall consider the long and short term needs of the institution in carrying out its purposes, its present and anticipated financial requirements, expected total return on its investments, general economic conditions, the appropriateness of a reasonable proportion of higher risk investment with respect to institutional funds as a whole, income, growth, and long-term net appreciation, as well as the probable safety of funds.

94607. (a) With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.

(b) If written consent of the donor cannot be obtained by reason of the donor's death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to the superior court of the county in which the principal activities of the institution are conducted, or other court of competent jurisdiction, for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. No court has jurisdiction to modify any use of an institutional fund under this part unless the Attorney General is a party to the proceedings. If the court finds that the restriction is obsolete or impracticable, it may by order release the restriction in whole or in part. A release under this subdivision may not change an endowment fund to a fund that is not an endowment fund.

(c) A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

(d) This section does not limit the application of the doctrine of cy pres.

94608. If any provision of this chapter or the application thereof to any person or circumstances is held invalid, the invalidity does not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

94609. This chapter shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among those states which enact it.

94610. Nothing in this chapter alters the status of governing boards under other laws of this state.

SEC. 36.5. Section 2574 of the Probate Code is amended to read:

2574. (a) Subject to subdivision (b), the guardian or conservator, without authorization of the court, may invest funds of the estate pursuant to this section in:

(1) Direct obligations of the United States, or of this state, having a maturity at the time of acquisition of not more than five years and mutual funds which are comprised of (A) those obligations, or (B) repurchase agreements with respect to any obligation, regardless of maturity, in which the fund is authorized to invest.

(2) United States Treasury bonds redeemable at par value on the death of the holder for payment of federal estate taxes, regardless of maturity date.

(3) Stocks, bonds, and other securities listed on an established stock or bond exchange in the United States which are purchased on

such exchange.

(4) Eligible securities for the investment of surplus state moneys as provided for in Section 16430 of the Government Code.

(b) In making and retaining investments made under this section, the guardian or conservator shall conform to Section 16040 and shall take into consideration the circumstances of the estate, indicated cash needs, and, if reasonably ascertainable, the date of the prospective termination of the guardianship or conservatorship.

(c) Nothing in this section limits the authority of the guardian or conservator to seek court authorization for any investment, or to make other investments with court authorization, as provided in this division.

SEC. 37. Section 6325 of the Probate Code is amended to read:

6325. (a) The court in which the proceedings are pending for administration of the estate of the decedent has jurisdiction, before or after payment or transfer of benefits and rights or their proceeds to the trustee, to:

(1) Determine the validity of the trust.

(2) Determine the terms of the trust.

(3) Fill vacancies in the office of trustee.

(4) Require a bond of a trustee in its discretion and in such amount as the court may determine for the faithful performance of duties as trustee, subject to the provisions of Article 3 (commencing with Section 1540) of Chapter 12 of Division 1 of the Financial Code and Section 15602 of this code.

(5) Grant additional powers to the trustee, as provided in Section 16201.

(6) Instruct the trustee.

(7) Fix or allow payment of compensation of a trustee as provided in Sections 15680 to 15683, inclusive.

(8) Hear and determine adverse claims to the subject of the trust by the personal representative, surviving spouse, or other third person.

(9) Determine the identity of the trustee and the trustee's acceptance or rejection of the office and, upon request, furnish evidence of trusteeship to a trustee.

(10) Order postponement of the payment or transfer of the benefits and rights or their proceeds.

(11) Authorize or direct removal of the trust or trust property to another jurisdiction pursuant to the procedure provided in Chapter 5 (commencing with Section 17400) of Part 5 of Division 9.

(12) Make any order incident to the foregoing or to the accomplishment of the purposes of this chapter.

(b) The personal representative of the designator's estate, any trustee named in the will or designation or successor to such trustee, or any person interested in the estate or trust may petition the court for an order under this section. Notice of hearing of the petition shall be given in the manner provided in Section 17203, except as the court may otherwise order.

SEC. 38. Section 6326 of the Probate Code is amended to read:

6326. As to matters not specifically provided in Section 6325, the provisions of Division 9 (commencing with Section 15000) apply to the trust.

SEC. 39. Section 6327 of the Probate Code is amended to read:

6327. An appeal may be taken from any of the following:

(a) Any order described in Section 1240 made pursuant to this chapter.

(b) An order making or refusing to make a determination specified in paragraph (1), (2), or (8) of subdivision (a) of Section 6325.

(c) As provided in Section 17207 for an order made pursuant to Section 6326.

SEC. 40. Division 9 (commencing with Section 15000) is added to the Probate Code, to read:

DIVISION 9. TRUST LAW

PART 1. GENERAL PROVISIONS

15000. This division shall be known and may be cited as the Trust Law.

15001. Except as otherwise provided by statute:

(a) On and after July 1, 1987, this division applies to all trusts regardless of whether they were created before, on, or after July 1, 1987.

(b) On and after July 1, 1987, this division applies to all proceedings concerning trusts commenced before July 1, 1987, unless in the opinion of the court application of a particular provision of this division would substantially interfere with the effective conduct of the proceedings or the rights of the parties and other interested persons, in which case the particular provision of this division does not apply and prior law applies.

15002. Except to the extent that the common law rules governing trusts are modified by statute, the common law as to trusts is the law of this state.

15003. (a) Nothing in this division affects the law relating to constructive or resulting trusts.

(b) The repeal of Title 8 (commencing with Section 2215) of Part 4 of Division 3 of the Civil Code as provided in the act that added this division to the Probate Code is not intended to alter the rules applied by the courts to fiduciary and confidential relationships, except as to express trusts governed by this division.

15004. Unless otherwise provided by statute, this division applies to charitable trusts that are subject to the jurisdiction of the Attorney General to the extent that the application of the provision is not in conflict with the Uniform Supervision of Trustees for Charitable Purposes Act, Article 7 (commencing with Section 12580) of Chapter 6 of Part 2 of Division 3 of Title 2 of the Government Code.

15005. (a) Except as provided in subdivision (b), Article 3 (commencing with Section 1030) of Chapter 16 of Division 3 applies to gifts, whether outright or in trust, made in a trust.

(b) This section does not apply to any trust if its terms expressly or by necessary implication make this section inapplicable to it.

(c) For purposes of this section, references in Article 3 (commencing with Section 1030) of Chapter 16 of Division 3 to a "testator" refer to the settlor and references to a "will" refer to a trust.

15006. The Judicial Council may prescribe the form of the petitions, notices, orders, and other documents required by this division. The form prescribed by the Judicial Council is deemed to comply with this division.

PART 2. CREATION, VALIDITY, MODIFICATION, AND TERMINATION OF TRUSTS

CHAPTER 1. CREATION AND VALIDITY OF TRUSTS

15200. Subject to other provisions of this chapter, a trust may be created by any of the following methods:

(a) A declaration by the owner of property that the owner holds the property as trustee.

(b) A transfer of property by the owner during the owner's lifetime to another person as trustee.

(c) A testamentary transfer of property by the owner to another person as trustee.

(d) An exercise of a power of appointment to another person as trustee.

(e) An enforceable promise to create a trust.

15201. A trust is created only if the settlor properly manifests an intention to create a trust.

15202. A trust is created only if there is trust property.

15203. A trust may be created for any purpose that is not illegal or against public policy.

15204. A trust created for an indefinite or general purpose is not invalid for that reason if it can be determined with reasonable certainty that a particular use of the trust property comes within that purpose.

15205. (a) A trust, other than a charitable trust, is created only if there is a beneficiary.

(b) The requirement of subdivision (a) is satisfied if the trust instrument provides for either of the following:

(1) A beneficiary or class of beneficiaries that is ascertainable with reasonable certainty or that is sufficiently described so it can be determined that some person meets the description or is within the class.

(2) A grant of a power to the trustee or some other person to select the beneficiaries based on a standard or in the discretion of the

trustee or other person.

15206. A trust in relation to real property is not valid unless evidenced by one of the following methods:

(a) By a written instrument signed by the trustee, or by the trustee's agent if authorized in writing to do so.

(b) By a written instrument conveying the trust property signed by the settlor, or by the settlor's agent if authorized in writing to do so.

(c) By operation of law.

15207. (a) The existence and terms of an oral trust of personal property may be established only by clear and convincing evidence.

(b) The oral declaration of the settlor, standing alone, is not sufficient evidence of the creation of a trust of personal property.

(c) In the case of an oral trust, a reference in this division or elsewhere to a trust instrument or declaration means the terms of the trust as established pursuant to subdivision (a).

15208. Consideration is not required to create a trust, but a promise to create a trust in the future is enforceable only if the requirements for an enforceable contract are satisfied.

15209. If a trust provides for one or more successor beneficiaries after the death of the settlor, the trust is not invalid, merged, or terminated in either of the following circumstances:

(a) Where there is one settlor who is the sole trustee and the sole beneficiary during the settlor's lifetime.

(b) Where there are two or more settlors, one or more of whom are trustees, and the beneficial interest in the trust is in one or more of the settlors during the lifetime of the settlors.

CHAPTER 2. RESTRICTIONS ON VOLUNTARY AND INVOLUNTARY TRANSFERS

15300. Except as provided in Sections 15304 to 15307, inclusive, if the trust instrument provides that a beneficiary's interest in income is not subject to voluntary or involuntary transfer, the beneficiary's interest in income under the trust may not be transferred and is not subject to enforcement of a money judgment until paid to the beneficiary.

15301. (a) Except as provided in subdivision (b) and in Sections 15304 to 15307, inclusive, if the trust instrument provides that a beneficiary's interest in principal is not subject to voluntary or involuntary transfer, the beneficiary's interest in principal may not be transferred and is not subject to enforcement of a money judgment until paid to the beneficiary.

(b) After an amount of principal has become due and payable to the beneficiary under the trust instrument, upon petition to the court under Section 709.010 of the Code of Civil Procedure by a judgment creditor, the court may make an order directing the trustee to satisfy the money judgment out of that principal amount. The court in its discretion may issue an order directing the trustee

to satisfy all or part of the judgment out of that principal amount.

15302. Except as provided in Sections 15304 to 15307, inclusive, if the trust instrument provides that the trustee shall pay income or principal or both for the education or support of a beneficiary, the beneficiary's interest in income or principal or both under the trust, to the extent the income or principal or both is necessary for the education or support of the beneficiary, may not be transferred and is not subject to the enforcement of a money judgment until paid to the beneficiary.

15303. (a) If the trust instrument provides that the trustee shall pay to or for the benefit of a beneficiary so much of the income or principal or both as the trustee in the trustee's discretion sees fit to pay, a transferee or creditor of the beneficiary may not compel the trustee to pay any amount that may be paid only in the exercise of the trustee's discretion.

(b) If the trustee has knowledge of the transfer of the beneficiary's interest or has been served with process in a proceeding under Section 709.010 of the Code of Civil Procedure by a judgment creditor seeking to reach the beneficiary's interest, and the trustee pays to or for the benefit of the beneficiary any part of the income or principal that may be paid only in the exercise of the trustee's discretion, the trustee is liable to the transferee or creditor to the extent that the payment to or for the benefit of the beneficiary impairs the right of the transferee or creditor. This subdivision does not apply if the beneficiary's interest in the trust is subject to a restraint on transfer that is valid under Section 15300 or 15301.

(c) This section applies regardless of whether the trust instrument provides a standard for the exercise of the trustee's discretion.

(d) Nothing in this section limits any right the beneficiary may have to compel the trustee to pay to or for the benefit of the beneficiary all or part of the income or principal.

15304. (a) If the settlor is a beneficiary of a trust created by the settlor and the settlor's interest is subject to a provision restraining the voluntary or involuntary transfer of the settlor's interest, the restraint is invalid against transferees or creditors of the settlor. The invalidity of the restraint on transfer does not affect the validity of the trust.

(b) If the settlor is the beneficiary of a trust created by the settlor and the trust instrument provides that the trustee shall pay income or principal or both for the education or support of the beneficiary or gives the trustee discretion to determine the amount of income or principal or both to be paid to or for the benefit of the settlor, a transferee or creditor of the settlor may reach the maximum amount that the trustee could pay to or for the benefit of the settlor under the trust instrument, not exceeding the amount of the settlor's proportionate contribution to the trust.

15305. (a) As used in this section, "support judgment" means a money judgment for support of the trust beneficiary's spouse or former spouse or minor child.

(b) If the beneficiary has the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, the court may, to the extent that the court determines it is equitable and reasonable under the circumstances of the particular case, order the trustee to satisfy all or part of the support judgment out of all or part of those payments as they become due and payable, presently or in the future.

(c) Whether or not the beneficiary has the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, the court may, to the extent that the court determines it is equitable and reasonable under the circumstances of the particular case, order the trustee to satisfy all or part of the support judgment out of all or part of future payments that the trustee, pursuant to the exercise of the trustee's discretion, determines to make to or for the benefit of the beneficiary.

(d) This section applies to a support judgment notwithstanding any provision in the trust instrument.

15306. (a) Notwithstanding any provision in the trust instrument, if a statute of this state makes the beneficiary liable for reimbursement of this state or a local public entity in this state for public support furnished to the beneficiary or to the beneficiary's spouse or minor child, upon petition to the court under Section 709.010 of the Code of Civil Procedure by the appropriate state or local public entity or public official, to the extent the court determines it is equitable and reasonable under the circumstances of the particular case, the court may do the following:

(1) If the beneficiary has the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, order the trustee to satisfy all or part of the liability out of all or part of the payments as they become due, presently or in the future.

(2) Whether or not the beneficiary has the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, order the trustee to satisfy all or part of the liability out of all or part of the future payments that the trustee, pursuant to the exercise of the trustee's discretion, determines to make to or for the benefit of the beneficiary.

(3) If the beneficiary is a settlor or the spouse or minor child of the settlor and the beneficiary does not have the right under the trust to compel the trustee to pay income or principal or both to or for the benefit of the beneficiary, to the extent that the trustee has the right to make payments of income or principal or both to or for the beneficiary pursuant to the exercise of the trustee's discretion, order the trustee to satisfy all or part of the liability without regard to whether the trustee has then exercised or may thereafter exercise the discretion in favor of the beneficiary.

(b) Subdivision (a) does not apply to any trust that is established for the benefit of an individual who has a disability that substantially impairs the individual's ability to provide for his or her own care or

custody and constitutes a substantial handicap.

15306.5. (a) Notwithstanding a restraint on transfer of the beneficiary's interest in the trust under Section 15300 or 15301, and subject to the limitations of this section, upon a judgment creditor's petition under Section 709.010 of the Code of Civil Procedure, the court may make an order directing the trustee to satisfy all or part of the judgment out of the payments to which the beneficiary is entitled under the trust instrument or that the trustee, in the exercise of the trustee's discretion, has determined or determines in the future to pay to the beneficiary.

(b) An order under this section may not require that the trustee pay in satisfaction of the judgment an amount exceeding 25 percent of the payment that otherwise would be made to, or for the benefit of, the beneficiary.

(c) An order under this section may not require that the trustee pay in satisfaction of the judgment any amount that the court determines is necessary for the support of the beneficiary and all the persons the beneficiary is required to support.

(d) An order for satisfaction of a support judgment, as defined in Section 15305, has priority over an order to satisfy a judgment under this section. Any amount ordered to be applied to the satisfaction of a judgment under this section shall be reduced by the amount of an order for satisfaction of a support judgment under Section 15305, regardless of whether the order for satisfaction of the support judgment was made before or after the order under this section.

(e) If the trust gives the trustee discretion over the payment of either principal or income of a trust, or both, nothing in this section affects or limits that discretion in any manner. The trustee has no duty to oppose a petition to satisfy a judgment under this section or to make any claim for exemption on behalf of the beneficiary. The trustee is not liable for any action taken, or omitted to be taken, in compliance with any court order made under this section.

(f) Subject to subdivision (d), the aggregate of all orders for satisfaction of money judgments against the beneficiary's interest in the trust may not exceed 25 percent of the payment that otherwise would be made to, or for the benefit of, the beneficiary.

15307. Notwithstanding a restraint on transfer of a beneficiary's interest in the trust under Section 15300 or 15301, any amount to which the beneficiary is entitled under the trust instrument or that the trustee, in the exercise of the trustee's discretion, has determined to pay to the beneficiary in excess of the amount that is or will be necessary for the education and support of the beneficiary may be applied to the satisfaction of a money judgment against the beneficiary. Upon the judgment creditor's petition under Section 709.010 of the Code of Civil Procedure, the court may make an order directing the trustee to satisfy all or part of the judgment out of the beneficiary's interest in the trust.

15308. Any order entered by a court under Section 15305, 15306, 15306.5, or 15307 is subject to modification upon petition of an

interested person filed in the court where the order was made.

15309. A disclaimer or renunciation by a beneficiary of all or part of his or her interest under a trust shall not be considered a transfer under Section 15300 or 15301.

CHAPTER 3. MODIFICATION AND TERMINATION OF TRUSTS

15400. Unless a trust is expressly made irrevocable by the trust instrument, the trust is revocable by the settlor. This section applies only where the settlor is domiciled in this state when the trust is created, where the trust instrument is executed in this state, or where the trust instrument provides that the law of this state governs the trust.

15401. (a) A trust that is revocable by the settlor may be revoked in whole or in part by any of the following methods:

(1) By compliance with any method of revocation provided in the trust instrument.

(2) By a writing (other than a will) signed by the settlor and delivered to the trustee during the lifetime of the settlor. If the trust instrument explicitly makes the method of revocation provided in the trust instrument the exclusive method of revocation, the trust may not be revoked pursuant to this paragraph.

(b) A trust may not be revoked by an attorney in fact under a power of attorney unless it is expressly permitted by the trust instrument.

(c) Nothing in this section limits the authority to modify or terminate a trust pursuant to Section 15403 or 15404 in an appropriate case.

(d) The manner of revocation of a trust revocable by the settlor that was created by an instrument executed before July 1, 1987, is governed by prior law and not by this section.

15402. Unless the trust instrument provides otherwise, if a trust is revocable by the settlor, the settlor may modify the trust by the procedure for revocation.

15403. (a) Except as provided in subdivision (b), if all beneficiaries of an irrevocable trust consent, they may compel modification or termination of the trust upon petition to the court.

(b) If the continuance of the trust is necessary to carry out a material purpose of the trust, the trust cannot be modified or terminated unless the court, in its discretion, determines that the reason for doing so under the circumstances outweighs the interest in accomplishing a material purpose of the trust. Under this section the court does not have discretion to permit termination of a trust that is subject to a valid restraint on transfer of the beneficiary's interest as provided in Chapter 2 (commencing with Section 15300).

15404. (a) If the settlor and all beneficiaries of a trust consent, they may compel the modification or termination of the trust.

(b) If any beneficiary does not consent to the modification or termination of the trust, upon petition to the court, the other

beneficiaries, with the consent of the settlor, may compel a modification or a partial termination of the trust if the interests of the beneficiaries who do not consent are not substantially impaired.

(c) If the trust provides for the disposition of principal to a class of persons described only as "heirs" or "next of kin" of the settlor, or using other words that describe the class of all persons who would take under the rules of intestacy, the court may limit the class of beneficiaries whose consent is needed to compel the modification or termination of the trust to the beneficiaries who are reasonably likely to take under the circumstances.

15405. For the purposes of Section 15403 and 15404, the consent of a beneficiary who is legally incapacitated, unascertained, or unborn may be given in proceedings before the court by a guardian ad litem, if it would be appropriate to do so. In this case the guardian ad litem may rely on general family benefit accruing to living members of the beneficiary's family as a basis for approving a modification or termination of the trust.

15406. In determining the class of beneficiaries whose consent is necessary to modify or terminate a trust pursuant to Section 15403 or 15404, the presumption of fertility is rebuttable.

15407. (a) A trust terminates when any of the following occurs:

(1) The term of the trust expires.

(2) The trust purpose is fulfilled.

(3) The trust purpose becomes unlawful.

(4) The trust purpose becomes impossible to fulfill.

(5) The trust is revoked.

(b) On termination of the trust, the trustee continues to have the powers reasonably necessary under the circumstances to wind up the affairs of the trust.

15408. (a) On petition by a trustee or beneficiary, if the court determines that the fair market value of the principal of a trust has become so low in relation to the cost of administration that continuation of the trust under its existing terms will defeat or substantially impair the accomplishment of its purposes, the court may, in its discretion and in a manner that conforms as nearly as possible to the intention of the settlor, order any of the following:

(1) Termination of the trust.

(2) Modification of the trust.

(3) Appointment of a new trustee.

(b) Notwithstanding subdivision (a), if the trust principal does not exceed twenty thousand dollars ($20,000) in value, the trustee has the power to terminate the trust.

(c) The existence of a trust provision restraining transfer of the beneficiary's interest does not prevent application of this section.

15409. (a) On petition by a trustee or beneficiary, the court may modify the administrative or dispositive provisions of the trust or terminate the trust if, owing to circumstances not known to the settlor and not anticipated by the settlor, the continuation of the trust under its terms would defeat or substantially impair the

accomplishment of the purposes of the trust. In this case, if necessary to carry out the purposes of the trust, the court may order the trustee to do acts that are not authorized or are forbidden by the trust instrument.

(b) The court shall consider a trust provision restraining transfer of the beneficiary's interest as a factor in making its decision whether to modify or terminate the trust, but the court is not precluded from exercising its discretion to modify or terminate the trust solely because of a restraint on transfer.

15410. At the termination of a trust, the trust property shall be disposed of as follows:

(a) In the case of a trust that is revoked by the settlor, as directed by the settlor.

(b) In the case of a trust that is terminated by the consent of the settlor and all beneficiaries, as agreed by the settlor and all beneficiaries.

(c) In any other case, as provided in the trust instrument or in a manner directed by the court that conforms as nearly as possible to the intention of the settlor as expressed in the trust instrument. If a trust is terminated by the trustee pursuant to subdivision (b) of Section 15408, the trust property shall be distributed as determined by the trustee pursuant to this subdivision.

15411. If the terms of two or more trusts are substantially similar, on petition by a trustee or beneficiary, the court, for good cause shown, may combine the trusts if the court determines that administration as a single trust will not defeat or substantially impair the accomplishment of the trust purposes or the interests of the beneficiaries.

15412. On petition by a trustee or beneficiary, the court, for good cause shown, may divide a trust into two or more separate trusts, if the court determines that dividing the trust will not defeat or substantially impair the accomplishment of the trust purposes or the interests of the beneficiaries.

PART 3. TRUSTEES AND BENEFICIARIES

CHAPTER 1. TRUSTEES

Article 1. General Provisions

15600. (a) The person named as trustee may accept the trust, or a modification of the trust, by one of the following methods:

(1) Signing the trust instrument or the trust instrument as modified, or signing a separate written acceptance.

(2) Knowingly exercising powers or performing duties under the trust instrument or the trust instrument as modified, except as provided in subdivision (b).

(b) In a case where there is an immediate risk of damage to the trust property, the person named as trustee may act to preserve the

trust property without accepting the trust or a modification of the trust, if within a reasonable time after acting the person delivers a written rejection of the trust or the modification of the trust to the settlor or, if the settlor is dead or incompetent, to a beneficiary. This subdivision does not impose a duty on the person named as trustee to act.

15601. (a) A person named as trustee may in writing reject the trust or a modification of the trust.

(b) If the person named as trustee does not accept the trust or a modification of the trust by a method provided in subdivision (a) of Section 15600 within a reasonable time after learning of being named as trustee or of the modification, the person has rejected the trust or the modification.

(c) A person named as trustee who rejects the trust or a modification of the trust is not liable with respect to the rejected trust or modification.

15602. (a) A trustee is not required to give a bond to secure performance of the trustee's duties, unless any of the following circumstances occurs:

(1) A bond is required by the trust instrument.

(2) Notwithstanding a waiver of a bond in the trust instrument, a bond is found by the court to be necessary to protect the interests of beneficiaries.

(3) An individual who is not named as a trustee in the trust instrument is appointed as a trustee by the court.

(b) Notwithstanding paragraph (1) of subdivision (a), the court may excuse a requirement of a bond, reduce or increase the amount of a bond, release a surety, or permit the substitution of another bond with the same or different sureties.

(c) If a bond is required, it shall be filed or served and shall be in the amount and with sureties and liabilities ordered by the court.

(d) Except as otherwise provided in the trust instrument or ordered by the court, the cost of the bond shall be charged against the trust.

(e) A trust company may not be required to give a bond, notwithstanding a contrary provision in the trust instrument.

15603. On application by the trustee, the court clerk shall issue a certificate that the trustee is a duly appointed and acting trustee under the trust if the court file shows the incumbency of the trustee.

Article 2. Cotrustees

15620. Unless otherwise provided in the trust instrument, a power vested in two or more trustees may only be exercised by their unanimous action.

15621. Unless otherwise provided in the trust instrument, if a vacancy occurs in the office of a cotrustee, the remaining cotrustee or cotrustees may act for the trust as if they are the only trustees.

15622. Unless otherwise provided in the trust instrument, if a

cotrustee is unavailable to perform the duties of the cotrustee because of absence, illness, or other temporary incapacity, the remaining cotrustee or cotrustees may act for the trust when necessary to accomplish the purposes of the trust or to avoid irreparable injury to the trust property as if they are the only trustees.

Article 3. Resignation and Removal of Trustees

15640. (a) A trustee who has accepted the trust may resign only by one of the following methods:

(1) As provided in the trust instrument.

(2) In the case of a revocable trust, with the consent of the person holding the power to revoke the trust.

(3) In the case of a trust that is not revocable, with the consent of all adult beneficiaries who are receiving or are entitled to receive income under the trust or to receive a distribution of principal if the trust were terminated at the time consent is sought.

(4) Pursuant to a court order obtained as provided in subdivision (b).

(b) On petition by the trustee, the court shall accept the trustee's resignation. The court may also make any orders necessary for the preservation of the trust property, including the appointment of a receiver or a temporary trustee.

15641. The liability for acts or omissions of a resigning trustee or of the sureties on the trustee's bond, if any, is not released or affected in any manner by the trustee's resignation.

15642. (a) A trustee may be removed in accordance with the trust instrument or by the court on its own motion or on petition of a cotrustee or beneficiary.

(b) The grounds for removal of a trustee by the court include the following:

(1) Where the trustee has committed a breach of the trust.

(2) Where the trustee is insolvent or otherwise unfit to administer the trust.

(3) Where hostility or lack of cooperation among cotrustees impairs the administration of the trust.

(4) Where the trustee fails or declines to act.

(5) For other good cause.

(c) If it appears to the court that trust property or the interests of a beneficiary may suffer loss or injury pending a decision on a petition for removal of a trustee and any appellate review, the court may, on its own motion or on petition of a cotrustee or beneficiary, compel the trustee whose removal is sought to surrender trust property to a cotrustee or to a receiver or temporary trustee. The court may also suspend the powers of the trustee to the extent the court deems necessary.

15643. There is a vacancy in the office of trustee in any of the following circumstances:

(a) The person named as trustee rejects the trust.

(b) The person named as trustee cannot be identified or does not exist.

(c) The trustee resigns or is removed.

(d) The trustee dies.

(e) A conservator or guardian of the person or estate of an individual trustee is appointed.

(f) The trustee files a petition for adjudication of bankruptcy or for approval of an arrangement, composition, or other extension under the federal Bankruptcy Code, or a petition filed against the trustee for any of these purposes is approved.

(g) A trust company's charter is revoked or powers are suspended, if the revocation or suspension is to be in effect for a period of 30 days or more.

(h) A receiver is appointed for a trust company if the appointment is not vacated within a period of 30 days.

15644. When a vacancy has occurred in the office of trustee, the former trustee who holds property of the trust shall deliver the trust property to the successor trustee or a person appointed by the court to receive the property and remains responsible for the trust property until it is delivered. A trustee who has resigned or is removed has the powers reasonably necessary under the circumstances to preserve the trust property until it is delivered to the successor trustee and to perform actions necessary to complete the resigning or removed trustee's administration of the trust.

Article 4. Appointment of Trustees

15660. (a) If the trust has no trustee or if the trust instrument requires a vacancy in the office of a cotrustee to be filled, the vacancy shall be filled as provided in this section.

(b) If the trust instrument provides a practical method of appointing a trustee or names the person to fill the vacancy, the vacancy shall be filled as provided in the trust instrument.

(c) If the vacancy in the office of trustee is not filled as provided in subdivision (b), on petition of a cotrustee or beneficiary, the court may, in its discretion, appoint a trustee to fill the vacancy. If the trust provides for more than one trustee, the court may, in its discretion, appoint the original number or any lesser number of trustees. In selecting a trustee, the court shall give consideration to the wishes of the beneficiaries who are 14 years of age or older.

Article 5. Compensation and Indemnification of Trustees

15680. (a) Subject to subdivision (b), if the trust instrument provides for the trustee's compensation, the trustee is entitled to be compensated in accordance with the trust instrument.

(b) Upon proper showing, the court may fix or allow greater or lesser compensation than could be allowed under the terms of the

trust in any of the following circumstances:

(1) Where the duties of the trustee are substantially different from those contemplated when the trust was created.

(2) Where the compensation in accordance with the terms of the trust would be inequitable or unreasonably low or high.

(3) In extraordinary circumstances calling for equitable relief.

(c) An order fixing or allowing greater or lesser compensation under subdivision (b) applies only prospectively to actions taken in administration of the trust after the order is made.

15681. If the trust instrument does not specify the trustee's compensation, the trustee is entitled to reasonable compensation under the circumstances.

15682. The court may fix an amount of periodic compensation under Sections 15680 and 15681 to continue for as long as the court determines is proper.

15683. Unless the trust instrument otherwise provides or the trustees otherwise agree, if the trust has two or more trustees, the compensation shall be apportioned among the cotrustees according to the services rendered by them.

15684. A trustee is entitled to the repayment out of the trust property for the following:

(a) Expenditures that were properly incurred in the administration of the trust.

(b) To the extent that they benefited the trust, expenditures that were not properly incurred in the administration of the trust.

15685. The trustee has an equitable lien on the trust property as against the beneficiary in the amount of advances, with any interest, made for the protection of the trust, and for expenses, losses, and liabilities sustained in the administration of the trust or because of ownership or control of any trust property.

CHAPTER 2. BENEFICIARIES

15800. Except to the extent that the trust instrument otherwise provides or where the joint action of the settlor and all beneficiaries is required, during the time that a trust is revocable and the person holding the power to revoke the trust is competent:

(a) The person holding the power to revoke, and not the beneficiary, has the rights afforded beneficiaries under this division.

(b) The duties of the trustee are owed to the person holding the power to revoke.

15801. (a) In any case where the consent of a beneficiary may be given or is required to be given before an action may be taken, during the time that a trust is revocable and the person holding the power to revoke the trust is competent, the person holding the power to revoke, and not the beneficiary, has the power to consent or withhold consent.

(b) This section does not apply where the joint consent of the settlor and all beneficiaries is required by statute.

15802. Notwithstanding any other statute, during the time that a trust is revocable and the person holding the power to revoke the trust is competent, a notice that is to be given to a beneficiary shall be given to the person holding the power to revoke and not to the beneficiary.

15803. The holder of a presently exercisable general power of appointment or power to withdraw property from the trust has the rights of a settlor provided by Sections 15800 to 15802, inclusive, to the extent of the holder's power over the trust property.

15804. (a) Subject to subdivisions (b) and (c), it is sufficient compliance with a requirement in this division that notice be given to a beneficiary, or to a person interested in the trust, if notice is given as follows:

(1) Where an interest has been limited on any future contingency to persons who will compose a certain class upon the happening of a certain event without further limitation, notice shall be given to the persons in being who would constitute the class if the event had happened immediately before the commencement of the proceedings.

(2) Where an interest has been limited to a living person and the same interest, or a share therein, has been further limited upon the happening of a future event to the surviving spouse or to persons who are or may be the distributees, heirs, issue, or other kindred of the living person, notice shall be given to the living person.

(3) Where an interest has been limited upon the happening of any future event to a person, or a class of persons, or both, and the interest, or a share of the interest, has been further limited upon the happening of an additional future event to another person, or a class of persons, or both, notice shall be given to the person or persons in being who would take the interest upon the happening of the first of these events.

(b) If a conflict of interest involving the subject matter of the trust proceeding exists between a person to whom notice is required to be given and a person to whom notice is not otherwise required to be given under subdivision (a), notice shall also be given to persons not otherwise entitled to notice under subdivision (a) with respect to whom the conflict of interest exists.

(c) Nothing in this section affects any of the following:

(1) Requirements for notice to a person who has requested special notice, a person who has filed notice of appearance, or a particular person or entity required by statute to be given notice.

(2) Availability of a guardian ad litem pursuant to Section 17208.

PART 4. TRUST ADMINISTRATION

CHAPTER 1. DUTIES OF TRUSTEES

Article 1. Trustee's Duties in General

16000. On acceptance of the trust, the trustee has a duty to administer the trust according to the trust instrument and, except to the extent the trust instrument provides otherwise, according to this division.

16001. (a) Except as provided in subdivision (b), the trustee of a revocable trust shall follow any written direction acceptable to the trustee given from time to time (1) by the person then having the power to revoke the trust or the part thereof with respect to which the direction is given or (2) by the person to whom the settlor delegates the right to direct the trustee.

(b) If a written direction given under subdivision (a) would have the effect of modifying the trust, the trustee has no duty to follow the direction unless it complies with the requirements for modifying the trust.

16002. (a) The trustee has a duty to administer the trust solely in the interest of the beneficiaries.

(b) It is not a violation of the duty provided in subdivision (a) for a trustee who administers two trusts to sell, exchange, or participate in the sale or exchange of trust property between the trusts, if both of the following requirements are met:

(1) The sale or exchange is fair and reasonable with respect to the beneficiaries of both trusts.

(2) The trustee gives to the beneficiaries of both trusts notice of all material facts related to the sale or exchange that the trustee knows or should know.

16003. If a trust has two or more beneficiaries, the trustee has a duty to deal impartially with them.

16004. (a) The trustee has a duty not to use or deal with trust property for the trustee's own profit or for any other purpose unconnected with the trust, nor to take part in any transaction in which the trustee has an interest adverse to the beneficiary.

(b) The trustee may not enforce any claim against the trust property that the trustee purchased after or in contemplation of appointment as trustee, but the court may allow the trustee to be reimbursed from trust property the amount that the trustee paid in good faith for the claim.

(c) A transaction between the trustee and a beneficiary which occurs during the existence of the trust or while the trustee's influence with the beneficiary remains and by which the trustee obtains an advantage from the beneficiary is presumed to be a violation of the trustee's fiduciary duties. This presumption is a presumption affecting the burden of proof. This subdivision does not apply to the provisions of an agreement between a trustee and a beneficiary relating to the hiring or compensation of the trustee.

16005. The trustee of one trust has a duty not to knowingly become a trustee of another trust adverse in its nature to the interest of the beneficiary of the first trust, and a duty to eliminate the conflict or resign as trustee when the conflict is discovered.

16006. The trustee has a duty to take reasonable steps under the

circumstances to take and keep control of and to preserve the trust property.

16007. The trustee has a duty to make the trust property productive under the circumstances and in furtherance of the purposes of the trust.

16008. (a) Except as provided in subdivision (b), the trustee has a duty within a reasonable time to dispose of any part of the trust property included in the trust at the time of its creation, or later acquired by or added to the trust, that would not be a proper investment for the trustee to make.

(b) Unless the trust instrument expressly provides otherwise, the trustee may, without liability, continue to hold property included in the trust at its creation or later added to the trust or acquired pursuant to proper authority, if retention is in the best interests of the trust or in furtherance of the purposes of the trust.

16009. The trustee has a duty to do the following:

(a) To keep the trust property separate from other property not subject to the trust.

(b) To see that the trust property is designated as property of the trust.

16010. The trustee has a duty to take reasonable steps to enforce claims that are part of the trust property.

16011. The trustee has a duty to take reasonable steps to defend actions that may result in a loss to the trust.

16012. (a) The trustee has a duty not to delegate to others the performance of acts that the trustee can reasonably be required personally to perform and may not transfer the office of trustee to another person nor delegate the entire administration of the trust to a cotrustee or other person.

(b) In a case where a trustee has properly delegated a matter to an agent, cotrustee, or other person, the trustee has a duty to exercise general supervision over the person performing the delegated matter.

16013. If a trust has more than one trustee, each trustee has a duty to do the following:

(a) To participate in the administration of the trust.

(b) To take reasonable steps to prevent a cotrustee from committing a breach of trust or to compel a cotrustee to redress a breach of trust.

16014. (a) The trustee has a duty to apply the full extent of the trustee's skills.

(b) If the settlor, in selecting the trustee, has relied on the trustee's representation of having special skills, the trustee is held to the standard of the skills represented.

16015. The provision of services for compensation by a regulated financial institution or its affiliates in the ordinary course of business either to a trust of which it also acts as trustee or to a person dealing with the trust is not a violation of the duty provided in Section 16002 or 16004. For the purposes of this section, "affiliate" means a

corporation that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with another domestic or foreign corporation.

Article 2. Trustee's Standard of Care

16040. (a) The trustee shall administer the trust with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with like aims to accomplish the purposes of the trust as determined from the trust instrument.

(b) When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing trust property, the trustee shall act with the care, skill, prudence, and diligence under the circumstances then prevailing, including but not limited to the general economic conditions and the anticipated needs of the trust and its beneficiaries, that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with like aims to accomplish the purposes of the trust as determined from the trust instrument. In the course of administering the trust pursuant to this standard, individual investments shall be considered as part of an overall investment strategy.

(c) The settlor may expand or restrict the standards provided in subdivisions (a) and (b) by express provisions in the trust instrument. A trustee is not liable to a beneficiary for the trustee's good faith reliance on these express provisions.

16041. A trustee's standard of care and performance in administering the trust is not affected by whether or not the trustee receives any compensation.

16042. If a trust created before, on, or after July 1, 1987, refers to "investments permissible by law for investment of trust funds," "authorized by law for investment of trust funds," "legal investments," "authorized investments," or "investments acquired using the judgment and care which men of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income, as well as the probable safety of their capital," or uses other words of similar meaning in defining the powers of the trustee relative to investments, such language, in the absence of other controlling or modifying provisions of the trust instrument, shall be construed as imposing the standard of care provided by Section 16040 and authorizing any investment permitted under Chapter 2 (commencing with Section 16200).

Article 3. Trustee's Duty to Report Information and Account to Beneficiaries

16060. The trustee has a duty to keep the beneficiaries of the trust reasonably informed of the trust and its administration.

16061. Except as provided in Section 16064, on reasonable request by a beneficiary, the trustee shall provide the beneficiary with a report of information about the assets, liabilities, receipts, and disbursements of the trust, the acts of the trustee, and the particulars relating to the administration of the trust relevant to the beneficiary's interest, including the terms of the trust that describe or affect the beneficiary's interest.

16062. (a) Except as provided in Section 16064, the trustee shall account at least annually, at the termination of the trust, and upon a change of trustees, to each beneficiary to whom income or principal is required or authorized in the trustee's discretion to be currently distributed.

(b) A trustee of a living trust created by an instrument executed before July 1, 1987, or of a trust created by a will executed before July 1, 1987, is not subject to the duty to account provided in this section, but the requirement of an account pursuant to former Section 1120.1a of the Probate Code may be satisfied by furnishing an account that satisfies the requirements of Section 16063.

16063. An account furnished pursuant to Section 16062 shall contain the following information:

(a) A statement of receipts and disbursements of principal and income that have occurred during the last complete fiscal year of the trust or since the last account.

(b) A statement of the assets and liabilities of the trust as of the end of the last complete fiscal year of the trust or since the last account.

(c) The trustee's compensation for the last complete fiscal year of the trust or since the last account.

(d) The agents hired by the trustee, their relationship to the trustee, if any, and their compensation, for the last complete fiscal year of the trust or since the last account.

(e) A statement that the recipient of the account may petition the court pursuant to Section 17200 to obtain a court review of the account and of the acts of the trustee.

(f) A statement that claims against the trustee for breach of trust may not be made after the expiration of three years from the date the beneficiary receives an account or report disclosing facts giving rise to the claim.

16064. The trustee is not required to report information or account to a beneficiary in any of the following circumstances:

(a) To the extent the trust instrument waives the report or account.

(b) In the case of a beneficiary of a revocable trust, as provided in Section 15800.

(c) As to a beneficiary who has waived in writing the right to a report or account. A waiver of rights under this subdivision may be withdrawn in writing at any time as to the most recent account and future accounts. A waiver has no effect on the beneficiary's right to petition for a report or account pursuant to Section 17200.

(d) Where the beneficiary and the trustee are the same person.

Article 4. Duties With Regard to Discretionary Powers

16080. Except as provided in Section 16081, a discretionary power conferred upon a trustee is not left to the trustee's arbitrary discretion, but shall be exercised reasonably.

16081. (a) Subject to the additional requirements of subdivision (b), if a trust instrument confers "absolute," "sole," or "uncontrolled" discretion on a trustee, the trustee shall act in accordance with fiduciary principles and shall not act in bad faith or in disregard of the purposes of the trust.

(b) Notwithstanding the settlor's use of terms like "absolute," "sole," or "uncontrolled," a person who is a beneficiary of a trust and who, either individually or as trustee or cotrustee, holds a power to take or distribute income or principal to or for the benefit of himself or herself pursuant to a standard, shall exercise that power reasonably and in accordance with the standard. In any case in which the standard governing the exercise of the power does not clearly indicate that a broader power is intended, the holder of the power may exercise it in his or her favor only for his or her health, education, support, or maintenance.

Article 5. Duties of Trustees of Private Foundations, Charitable Trusts, and Split-Interest Trust

16100. As used in this article, the following definitions shall control:

(a) "Charitable trust" means a charitable trust as described in Section 4947(a)(1) of the Internal Revenue Code.

(b) "Private foundation" means a private foundation as defined in Section 509 of the Internal Revenue Code.

(c) "Split-interest trust" means a split-interest trust as described in Section 4947(a)(2) of the Internal Revenue Code.

16101. During any period when a trust is deemed to be a charitable trust or a private foundation, the trustee shall distribute its income for each taxable year (and principal if necessary) at a time and in a manner that will not subject the property of the trust to tax under Section 4942 of the Internal Revenue Code.

16102. During any period when a trust is deemed to be a charitable trust, a private foundation, or a split-interest trust, the trustee shall not do any of the following:

(a) Engage in any act of self-dealing as defined in Section 4941(d) of the Internal Revenue Code.

(b) Retain any excess business holdings as defined in Section 4943(c) of the Internal Revenue Code.

(c) Make any investments in such manner as to subject the property of the trust to tax under Section 4944 of the Internal Revenue Code.

(d) Make any taxable expenditure as defined in Section 4945(d) of the Internal Revenue Code.

16103. With respect to split-interest trusts:

(a) Subdivisions (b) and (c) of Section 16102 do not apply to any trust described in Section 4947(b)(3) of the Internal Revenue Code.

(b) Section 16102 does not apply with respect to any of the following:

(1) Any amounts payable under the terms of such trust to income beneficiaries, unless a deduction was allowed under Section 170(f)(2)(B), 2055(e)(2)(B), or 2522(c)(2)(B) of the Internal Revenue Code.

(2) Any amounts in trust other than amounts for which a deduction was allowed under Section 170, 545(b)(2), 556(b)(2), 642(c), 2055, 2106(a)(2), or 2522 of the Internal Revenue Code, if the amounts are segregated, as that term is defined in Section 4947(a)(3) of the Internal Revenue Code, from amounts for which no deduction was allowable.

(3) Any amounts irrevocably transferred in trust before May 27, 1969.

16104. The provisions of Sections 16101, 16102, and 16103 shall be deemed to be contained in the instrument creating every trust to which this article applies. Any provision of the instrument inconsistent with or contrary to this article is without effect.

16105. (a) A proceeding contemplated by Section 101(*l*)(3) of the federal Tax Reform Act of 1969 (Public Law 91-172) may be commenced pursuant to Section 17200 by the organization involved. All specifically named beneficiaries of the organization and the Attorney General shall be parties to the proceedings. Notwithstanding Section 17000, this provision is not exclusive and does not limit any jurisdiction that otherwise exists.

(b) If an instrument creating a trust affected by this section has been recorded, a notice of pendency of judicial proceedings under this section shall be recorded in a similar manner within 10 days from the commencement of the proceedings. A duly certified copy of any final judgment or decree in the proceedings shall be similarly recorded.

CHAPTER 2. POWERS OF TRUSTEES

Article 1. General Provisions

16200. A trustee has the following powers without the need to obtain court authorization:

(a) The powers conferred by the trust instrument.

(b) Except as limited in the trust instrument, the powers conferred by statute.

(c) Except as limited in the trust instrument, the power to perform any act that a trustee would perform for the purposes of the trust under the standard of care provided in Section 16040.

16201. This chapter does not affect the power of a court to relieve a trustee from restrictions on the exercise of powers under the trust instrument.

16202. The grant of a power to a trustee, whether by the trust instrument, by statute, or by the court, does not in itself require or permit the exercise of the power. The exercise of a power by a trustee is subject to the trustee's fiduciary duties.

16203. An instrument that incorporates the powers provided in former Section 1120.2 of the Probate Code shall be deemed to refer to the powers provided in Article 2 (commencing with Section 16220). For this purpose, the trustee's powers under former Section 1120.2 of the Probate Code are not diminished and the trustee is not required to obtain court approval for exercise of a power for which court approval was not required by former law.

Article 2. Specific Powers of Trustees

16220. The trustee has the power to collect, hold, and retain trust property received from a settlor or any other person until, in the judgment of the trustee, disposition of the property should be made. The property may be retained even though it includes property in which the trustee is personally interested.

16221. The trustee has the power to accept additions to the property of the trust from a settlor or any other person.

16222. (a) Subject to subdivision (b), the trustee has the power to continue or participate in the operation of any business or other enterprise that is part of the trust property and may effect incorporation, dissolution, or other change in the form of the organization of the business or enterprise.

(b) Except as provided in subdivision (c), the trustee may continue the operation of a business or other enterprise only as authorized by the trust instrument or by the court.

(c) The trustee may continue the operation of a business or other enterprise for a reasonable time pending a court hearing on the matter or pending a sale of the business or other enterprise.

16223. The trustee has the power to invest in any kind of property, whether real, personal, or mixed.

Sec. 80a-1 et seq.) or an investment vehicle authorized for the collective investment of

trust funds pursuant to Section 9.18 of Part 9 of Title 12 of the Code of Federal Regulations, the portfolios of which are limited to United States government obligations maturing not later than five years from the date of investment or reinvestment and to repurchase agreements fully collateralized by United States government obligations.

(b) This section applies only to trusts created on or after January 1, 1985.

(3) An account consisting of shares of an insured credit union, as defined in Section 1443.

For the purpose of this subdivision, "affiliate" means a corporation that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with another domestic or foreign corporation.

(c) This section does not limit the power of a trustee in a proper case to deposit trust funds in an account described in subdivision (a) that is subject to notice or other conditions respecting withdrawal prescribed by law or governmental regulation.

(d) The court may authorize the deposit of trust funds in an account described in subdivision (a) in an amount greater than the maximum insured or collateralized amount.

(e) Nothing in this section prevents the trustee from holding an amount of trust property reasonably necessary for the orderly administration of the trust in the form of cash or in a checking account without interest.

16226. The trustee has the power to acquire or dispose of property, for cash or on credit, at public or private sale, or by exchange.

16233. The trustee has the power to grant an option involving disposition of trust property or to take an option for the acquisition of any property, and an option may be granted or taken that is exercisable beyond the term of the trust.

16234. With respect to any shares of stock of a domestic or foreign corporation, any membership in a nonprofit corporation, or any other property, a trustee has the power to do any of the following:

16238. The trustee has the power to hold a security in the name of a nominee or in other form without disclosure of the trust so that title to the security may pass by delivery, but the trustee is liable for any act of the nominee in connection with the security so held.

16239. The trustee has the power to deposit securities in a securities depository, as defined in Section 30004 of the Financial Code, which is licensed under Section 30200 of the Financial Code or is exempt from licensing by Section 30005 or 30006 of the Financial Code. (c) "Remainder beneficiary" means the person entitled to principal, presently or in the future, including income which has been accumulated and added to principal.

16302. (a) A trust shall be administered with due regard to the respective interests of income beneficiaries and remainder beneficiaries. A trust is so administered with respect to the allocation of receipts and expenditures if a receipt is credited or an expenditure is charged to income or principal or partly to each in any of the following ways:

(1) In accordance with the terms of the trust instrument, notwithstanding contrary provisions of this chapter.

(2) In the absence of any contrary terms of the trust instrument, in accordance with the provisions of this chapter.

(3) If neither paragraph (1) nor (2) is applicable, in accordance with the standard of care provided in Section 16040 and with what is reasonable and equitable in view of the interests of those entitled to income as well as of those entitled to principal.

(b) If the trust instrument gives the trustee discretion in crediting a receipt or charging an expenditure to income or principal or partly to each, no inference that the trustee has improperly exercised such discretion arises from the fact that the trustee has made an allocation contrary to a provision of this chapter.

16303. (a) Income is the return in money or property derived from the use of principal, including return received as any of the following:

(1) Rent of real or personal property, including sums received for cancellation or renewal of a lease.

(2) Interest on money lent, including sums received as consideration for the prepayment of principal except as provided in Section 16307 on bond premium and bond discount.

(3) Receipts allocated to income as provided in Section 16304.

(4) Income earned during administration of a decedent's estate as provided in Section 16305.

(5) Corporate distributions as provided in Section 16306.

(6) Accrued increment on bonds or other obligations issued at discount as provided in Section 16307.

(7) Receipts from business and farming operations as provided in Section 16308.

(8) Receipts from disposition of natural resources as provided in Section 16309.

(9) Receipts from other principal subject to depletion as provided in Section 16310.

(10) Receipts from disposition of underproductive property as provided in Section 16311.

(b) Principal is the property which has been set aside by the owner or the person legally empowered so that it is held in trust eventually to be delivered to a remainder beneficiary while the return or use of the principal is in the meantime taken or received by or held for accumulation for an income beneficiary. Principal includes the following:

(1) Consideration received by the trustee on the sale or other transfer of principal or on repayment of a loan or as a refund or replacement or change in the form of principal.

(2) Proceeds of property taken on eminent domain proceedings.

(3) Proceeds of insurance upon property forming part of the principal except proceeds of insurance upon a separate interest of an income beneficiary.

(4) Receipts allocated to principal as provided in Section 16304.

(5) Stock dividends, receipts on liquidation of a corporation, and other corporate distributions as provided in Section 16306.

(6) Receipts from the disposition of corporate securities as provided in Section 16307.

(7) Royalties and other receipts from disposition of natural resources as provided in Section 16309.

(8) Receipts from other principal subject to depletion as provided in Section 16310.

(9) Any profit resulting from any change in the form of principal except as provided in Section 16311 on underproductive property.

(10) Receipts from disposition of underproductive property as provided in Section 16311.

(11) Any allowances for depreciation established under Section 16308 and paragraph (2) of subdivision (b) of Section 16312.

16304. (a) An income beneficiary is entitled to income from the date specified in the trust instrument or, if none is specified, from the date an item of property becomes subject to the trust. In the case of an item of property becoming subject to a trust by reason of a person's death, it becomes subject to the trust as of the date of the death of the person even though there is an intervening period of administration of the person's estate.

(b) Upon property becoming subject to a trust by reason of a person's death:

(1) Receipts due but not paid at the date of death of the person are principal.

(2) Receipts in the form of periodic payments (other than corporate distributions to stockholders), including rent, interest, or annuities, not due at the date of the death of the person shall be treated as accruing from day to day. That portion of the receipt accruing before the date of death is principal and the balance is income.

(c) In all other cases, any receipt from income-producing property is income even though the receipt was earned or accrued in whole or in part before the date when the property became subject to the trust.

(d) If an income beneficiary's right to income ceases by death or in any other manner, all payments actually paid to the income beneficiary or in the hands of the trustee for payment to the income beneficiary before such termination belong to the income beneficiary or to his or her personal representative. All income actually received by the trustee after such termination shall be paid to the person next entitled to income by the terms of the trust. This subdivision does not apply to income received by a trustee under subdivision (b) of Section 16305.

(e) Corporate distributions to stockholders shall be treated as due on the day fixed by the corporation for determination of stockholders of record entitled to distribution or, if no date is fixed, on the date of declaration of the distribution by the corporation.

16305. (a) Unless the will otherwise provides, income from the property of a decedent's estate after the death of the testator and before distribution, including income from property used to discharge liabilities, shall be distributed in the manner set forth in Chapter 11 (commencing with Section 660) of Division 3. Income received by a trustee under this subdivision shall be treated as income of the trust.

(b) When an income beneficiary's right to income, including interest payable under Section 663, ceases by death or in any other manner during the period of probate administration, income attributable to the period prior to the termination of such right, when subsequently received by the trustee, shall be equitably prorated between the beneficiary or his or her personal representative and the person next entitled to income by the terms of the trust instrument.

16306. (a) Corporate distributions of shares of the distributing corporation, including distributions in the form of a stock split or stock dividend, are principal. A right to subscribe to shares or other securities issued by the distributing corporation accruing to stockholders on account of their stock ownership and the proceeds of any sale of the right are principal.

(b) Except to the extent that the corporation indicates that some part of a corporate distribution is a settlement of preferred or guaranteed dividends accrued since the trustee became a stockholder or is in lieu of an ordinary cash dividend, a corporate distribution is principal if the distribution is pursuant to any of the following:

(1) A call of shares.

(2) A merger, consolidation, reorganization, or other plan by which assets of the corporation are acquired by another corporation.

(3) A total or partial liquidation of the corporation, including any distribution which the corporation indicates is a distribution in total or partial liquidation or any distribution of assets, other than cash, pursuant to a court decree or final administrative order by a government agency ordering distribution of the particular assets.

(c) In the case of a regulated investment company or a trust

qualifying and electing to be taxed under federal law as a real estate investment trust:

(1) Distributions made from ordinary income are income.

(2) All other distributions, including distributions from capital gains, depreciation, or depletion, whether made in the form of cash, an option to take new stock or cash, or an option to purchase additional shares, are principal.

(d) Except as provided in subdivisions (a), (b), and (c), all corporate distributions are income, including cash dividends, distributions of or rights to subscribe to shares or securities or obligations of corporations other than the distributing corporation, and the proceeds of the rights or property distributions. Except as provided in subdivisions (b) and (c), if the distributing corporation gives a stockholder an option to receive a distribution either in cash or in its own shares, the distribution chosen is income.

(e) The trustee may rely upon any statement of the distributing corporation as to any fact relevant under any provision of this chapter concerning the source or character of dividends or distributions of corporate assets.

16307. (a) Bonds or other obligations for the payment of money are principal at their inventory value, except as provided in subdivision (b) for discount bonds. No provision shall be made for amortization of bond premiums or for accumulation for discount. The proceeds of sale, redemption, or other disposition of the bonds or obligations are principal.

(b) The increment in value of a bond or other obligation for the payment of money payable at a future time in accordance with a fixed schedule of appreciation in excess of the price at which it was issued is distributable as income. The increment in value is distributable to the beneficiary who was the income beneficiary at the time of increment from the first principal cash available or, if none is available, when realized by sale, redemption, or other disposition. Whenever unrealized increment is distributed as income but out of principal, the principal shall be reimbursed for the increment when realized.

16308. (a) If a trustee uses any part of the principal in the operation of a business, including an agricultural or farming operation, of which the settlor was a sole proprietor or a partner, the net profits and losses of the business shall be computed in accordance with recognized methods of accounting for a comparable business. Net profits from a business are income. Net losses from a business do not reduce other trust income for the fiscal or calendar year during which they occur but shall be carried into subsequent fiscal or calendar years and reduce the net profits of the business for those years.

(b) Subdivision (a) is subject to the provisions of Section 16313 and for this purpose any property of the business or agricultural or farming operation shall be deemed to be "trust property" within the meaning of Section 16313.

16309. (a) If any part of the principal consists of a right to receive royalties, overriding or limited royalties, working interests, production payments, net profit interests, or other interests in minerals or other natural resources in, on, or under land, the receipts from taking the natural resources from the land shall be allocated as follows:

(1) If received as rent on a lease or extension payments on a lease, the receipts are income.

(2) If received from a production payment, the receipts are income to the extent of any factor for interest or its equivalent provided in the governing instrument. There shall be allocated to principal the fraction of the balance of the receipts which the unrecovered cost of the production payment bears to the balance owed on the production payment, exclusive of any factor for interest or its equivalent. The receipts not allocated to principal are income.

(3) If received as a royalty, overriding or limited royalty, or bonus, or from a working, net profit, or any other interest in minerals or other natural resources, receipts not provided for in paragraphs (1) and (2) shall be apportioned on a yearly basis in accordance with this paragraph whether or not any natural resource was being taken from the land at the time the trust was established. The receipts shall be allocated entirely to income or apportioned between income and principal as the trustee in its discretion may determine, but the amount added to principal as an allowance for depletion may not exceed the lesser of (A) the percentage of gross receipts allowed as a deduction for depletion in computing taxable income for federal income tax purposes or (B) 50 percent of the net receipts remaining after payment of expenses, direct and indirect, computed without allowance for depletion.

(b) This section does not apply to timber, water, soil, sod, dirt, turf, or mosses.

16310. If the principal consists of property subject to depletion, other than property subject to Section 16309, including land from which merchantable timber may be removed and, when subject to depletion or amortization, leaseholds, patents, copyrights, royalty rights, and rights to receive payments on a contract for deferred compensation, receipts from the property shall be allocated entirely to income or apportioned between income and principal as the trustee in its discretion may determine, but in no event shall the amount allocated to principal exceed a reasonable allowance for depletion or amortization.

16311. (a) Except as otherwise provided in this section, a portion of the net proceeds of sale of any part of principal which has not produced an average net income of at least 1 percent per year of its inventory value for more than a year, including as income the value of any beneficial use of the property by the income beneficiary, shall be treated as delayed income to which the income beneficiary is entitled as provided in this section. The net proceeds of sale are the gross proceeds received, including the value of any property

received in substitution for the property disposed of, less the expenses, including capital gains tax, if any, incurred in disposition and less any carrying charges paid while the property was underproductive.

(b) The sum allocated as delayed income is the difference between the net proceeds and the amount which, had it been invested at simple interest at 5 percent per year while the property was underproductive, would have produced the net proceeds. This sum, plus any carrying charges and expenses previously charged against income while the property was underproductive, less any income received by the income beneficiary from the property and less the value of any beneficial use of the property by the income beneficiary, is income, and the balance is principal.

(c) If principal subject to this section is disposed of by conversion into property which cannot be apportioned easily, including land or mortgages, (for example, real property acquired by or in lieu of a foreclosure), the income beneficiary is entitled to the net income from any property or obligation into which the original principal is converted while the substituted property or obligation is held. If within five years after the conversion the substituted property has not been further converted into easily apportionable property, no allocation as provided in this section shall be made.

(d) This section does not apply to securities listed on a national securities exchange or traded over the counter if the securities are held in a broadly diversified portfolio designed to produce a reasonable return appropriate to the purposes of the trust.

16312. (a) After determining income and principal in accordance with the terms of the trust instrument or with this chapter, the trustee shall charge to income or principal expenses and other charges as provided in this section.

(b) The following charges shall be made against income:

(1) Ordinary expenses incurred in connection with the administration, management, or preservation of the trust property, including regularly recurring taxes assessed against any portion of the principal, water rates, premiums on insurance taken upon the interests of the income beneficiary, remainder beneficiary, or trustee, interest paid by the trustee, and ordinary repairs.

(2) The trustee in its discretion may make a reasonable allowance for depreciation on property subject to depreciation under generally accepted accounting principles, but no allowance shall be made for depreciation of that portion of any real property used by a beneficiary as a residence.

(3) One-half of court costs, attorney's fees, and other fees on periodic judicial accounting, unless the court directs otherwise.

(4) Court costs, attorney's fees, and other fees on other accountings or judicial proceedings if the matter primarily concerns the income interest, unless the court directs otherwise.

(5) One-half of the trustee's regular compensation, whether based on a percentage of principal or income, unless the court directs

otherwise.

(6) All expenses reasonably incurred for current management of principal and application of income.

(7) Any tax levied upon receipts defined as income under this part or the trust instrument and payable by the trustee.

(c) If charges against income are of unusual amount, the trustee may by means of reserves or other reasonable means charge them over a reasonable period of time and withhold from distribution sufficient sums to regularize distributions.

(d) The following charges shall be made against principal:

(1) Trustee's compensation not chargeable to income under paragraphs (4) and (5) of subdivision (b), special compensation of trustees, expenses reasonably incurred in connection with principal, court costs and attorney's fees primarily concerning matters of principal, and trustee's compensation computed on principal as an acceptance, distribution, or termination fee.

(2) Charges not provided for in subdivision (b), including the cost of investing and reinvesting principal, the payments on principal of an indebtedness (including a mortgage amortized by periodic payments of principal), expenses for preparation of property for rental or sale, and, unless the court directs otherwise, expenses incurred in maintaining or defending any action or proceeding to construe the trust or protect it or the property or assure the title of any trust property.

(3) Extraordinary repairs or expenses incurred in making a capital improvement to principal, including special assessments, but a trustee may establish an allowance for depreciation out of income to the extent permitted by paragraph (2) of subdivision (b) and by Section 16308.

(4) Any tax levied upon profit, gain, or other receipts allocated to principal notwithstanding denomination of the tax as an income tax by the taxing authority.

(5) If an estate or inheritance tax is levied in respect of a trust in which both an income beneficiary and a remainder beneficiary have an interest, any amount apportioned to the trust, including penalties, even though the income beneficiary also has rights in the principal.

(e) Regularly recurring charges payable from income shall be apportioned to the same extent and in the same manner that income is apportioned under Section 16304.

16313. The trustee is not required to set aside a reserve or allowance from trust income for depreciation or depletion of, or to amortize, any trust property unless the trust instrument expressly requires a reserve or allowance. Nothing in this chapter prevents a trustee in its discretion from establishing a reserve or allowance, or from continuing any previous practice of maintaining a reserve or allowance.

CHAPTER 4. LIABILITY OF TRUSTEES TO BENEFICIARIES

Article 1. Liability for Breach of Trust

16400. A violation by the trustee of any duty that the trustee owes the beneficiary is a breach of trust.

16401. (a) Except as provided in subdivision (b), the trustee is not liable to the beneficiary for the acts or omissions of an agent.

(b) The trustee is liable to the beneficiary for an act or omission of an agent employed by the trustee in the administration of the trust that would be a breach of the trust if committed by the trustee under any of the following circumstances:

(1) Where the trustee has the power to direct the act of the agent.

(2) Where the trustee delegates to the agent the authority to perform an act that the trustee is under a duty not to delegate.

(3) Where the trustee does not use reasonable care in the selection of the agent or the retention of the agent selected by the trustee.

(4) Where the trustee does not exercise proper supervision over the agent's conduct in a case where the trustee has the power to supervise the agent.

(5) Where the trustee conceals the act of the agent.

(6) Where the trustee neglects to take reasonable steps to compel the agent to redress the wrong in a case where the trustee knows of the agent's acts or omissions.

(c) The liability of a trustee for acts or omissions of agents that occurred before July 1, 1987, is governed by prior law and not by this section.

16402. (a) Except as provided in subdivision (b), a trustee is not liable to the beneficiary for a breach of trust committed by a cotrustee.

(b) A trustee is liable to the beneficiary for a breach committed by a cotrustee under any of the following circumstances:

(1) Where the trustee participates in a breach of trust committed by the cotrustee.

(2) Where the trustee improperly delegates the administration of the trust to the cotrustee.

(3) Where the trustee approves, knowingly acquiesces in, or conceals a breach of trust committed by the cotrustee.

(4) Where the trustee negligently enables the cotrustee to commit a breach of trust.

(5) Where the trustee neglects to take reasonable steps to compel the cotrustee to redress a breach of trust in a case where the trustee knows or has information from which the trustee reasonably should have known of the breach.

(c) The liability of a trustee for acts or omissions of a cotrustee that occurred before July 1, 1987, is governed by prior law and not by this section.

16403. (a) Except as provided in subdivision (b), a successor

trustee is not liable to the beneficiary for a breach of trust committed by a predecessor trustee.

(b) A successor trustee is liable to the beneficiary for breach of trust involving acts or omissions of a predecessor trustee in any of the following circumstances:

(1) Where the successor trustee knows or has information from which the successor trustee reasonably should have known of a situation constituting a breach of trust committed by the predecessor trustee and the successor trustee improperly permits it to continue.

(2) Where the successor trustee neglects to take reasonable steps to compel the predecessor trustee to deliver the trust property to the successor trustee.

(3) Where the successor trustee neglects to take reasonable steps to redress a breach of trust committed by the predecessor trustee in a case where the successor trustee knows or has information from which the successor trustee reasonably should have known of the predecessor trustee's breach.

(c) The liability of a trustee for acts or omissions of a predecessor trustee that occurred before July 1, 1987, is governed by prior law and not by this section.

Article 2. Remedies for Breach of Trust

16420. (a) If a trustee commits a breach of trust, or threatens to commit a breach of trust, a beneficiary or cotrustee of the trust may commence a proceeding for any of the following purposes that is appropriate:

(1) To compel the trustee to perform the trustee's duties.

(2) To enjoin the trustee from committing a breach of trust.

(3) To compel the trustee to redress a breach of trust by payment of money or otherwise.

(4) To appoint a receiver or temporary trustee to take possession of the trust property and administer the trust.

(5) To remove the trustee.

(6) Subject to Section 18100, to set aside acts of the trustee.

(7) To reduce or deny compensation of the trustee.

(8) Subject to Section 18100, to impose an equitable lien or a constructive trust on trust property.

(9) Subject to Section 18100, to trace trust property that has been wrongfully disposed of and recover the property or its proceeds.

(b) The provision of remedies for breach of trust in subdivision (a) does not prevent resort to any other appropriate remedy provided by statute or the common law.

16421. The remedies of a beneficiary against the trustee are exclusively in equity.

Article 3. Measure of Liability for Breach of Trust

16440. (a) If the trustee commits a breach of trust, the trustee is chargeable with any of the following that is appropriate under the circumstances:

(1) Any loss or depreciation in value of the trust estate resulting from the breach of trust, with interest.

(2) Any profit made by the trustee through the breach of trust, with interest.

(3) Any profit that would have accrued to the trust estate if the loss of profit is the result of the breach of trust.

(b) If the trustee has acted reasonably and in good faith under the circumstances as known to the trustee, the court, in its discretion, may excuse the trustee in whole or in part from liability under subdivision (a) if it would be equitable to do so.

16441. If the trustee is liable for interest pursuant to Section 16440, the trustee is liable for the greater of the following amounts:

(a) The amount of interest that accrues at the legal rate on judgments.

(b) The amount of interest actually received.

16442. The provisions in this article for liability of a trustee for breach of trust do not prevent resort to any other remedy available under the statutory or common law.

Article 4. Limitations and Exculpation

16460. (a) Unless a claim is previously barred by adjudication, consent, limitation, or otherwise:

(1) If a beneficiary has received an interim or final account in writing, or other written report, that adequately discloses the existence of a claim against the trustee for breach of trust, the claim is barred as to that beneficiary unless a proceeding to assert the claim is commenced within three years after receipt of the account or report. An account or report adequately discloses existence of a claim if it provides sufficient information so that the beneficiary knows of the claim or reasonably should have inquired into the existence of the claim.

(2) If an interim or final account or other report does not adequately disclose the existence of a claim against the trustee for breach of trust, the claim is barred as to that beneficiary unless a proceeding to assert the claim is commenced within three years after the beneficiary discovered, or reasonably should have discovered, the subject of the claim.

(b) For the purpose of subdivision (a), a beneficiary is deemed to have received an account or report, as follows:

(1) In the case of an adult who is reasonably capable of understanding the account or report, if it is received by the adult personally.

(2) In the case of an adult who is not reasonably capable of

understanding the account or report, if it is received by the person's legal representative, including a guardian ad litem or other person appointed for this purpose.

(3) In the case of a minor, if it is received by the minor's guardian or, if the minor does not have a guardian, if it is received by the minor's parent so long as the parent does not have a conflict of interest.

(c) The limitations period applicable to actions by a beneficiary against a trustee on a claim that arose before July 1, 1987, is governed by this section, except that a claim arising before July 1, 1987, is not barred by this section until July 1, 1988.

16461. (a) Except as provided in subdivision (b), the trustee can be relieved of liability for breach of trust by provisions in the trust instrument.

(b) A provision in the trust instrument is not effective to relieve the trustee of liability (1) for breach of trust committed intentionally, with gross negligence, in bad faith, or with reckless indifference to the interest of the beneficiary, or (2) for any profit that the trustee derives from a breach of trust.

16462. (a) Notwithstanding Section 16461, a trustee of a revocable trust is not liable to a beneficiary for any act performed or omitted pursuant to written directions from the person holding the power to revoke, including a person to whom the power to direct the trustee is delegated.

(b) Subdivision (a) applies to a trust that is revocable in part with respect to the interest of the beneficiary in that part of the trust property.

16463. (a) Except as provided in subdivisions (b) and (c), a beneficiary may not hold the trustee liable for an act or omission of the trustee as a breach of trust if the beneficiary consented to the act or omission before or at the time of the act or omission.

(b) The consent of the beneficiary does not preclude the beneficiary from holding the trustee liable for a breach of trust in any of the following circumstances:

(1) Where the beneficiary was under an incapacity at the time of the consent or of the act or omission.

(2) Where the beneficiary at the time consent was given did not know of his or her rights and of the material facts that the trustee knew or should have known and that the trustee did not reasonably believe that the beneficiary knew.

(3) Where the consent of the beneficiary was induced by improper conduct of the trustee.

(c) Where the trustee has an interest in the transaction adverse to the interest of the beneficiary, the consent of the beneficiary does not preclude the beneficiary from holding the trustee liable for a breach of trust under any of the circumstances described in subdivision (b) or where the transaction to which the beneficiary consented was not fair and reasonable to the beneficiary.

16464. (a) Except as provided in subdivision (b), a beneficiary

may be precluded from holding the trustee liable for a breach of trust by the beneficiary's release or contract effective to discharge the trustee's liability to the beneficiary for that breach.

(b) A release or contract is not effective to discharge the trustee's liability for a breach of trust in any of the following circumstances:

(1) Where the beneficiary was under an incapacity at the time of making the release or contract.

(2) Where the beneficiary did not know of his or her rights and of the material facts (A) that the trustee knew or reasonably should have known and (B) that the trustee did not reasonably believe that the beneficiary knew.

(3) Where the release or contract of the beneficiary was induced by improper conduct of the trustee.

(4) Where the transaction involved a bargain with the trustee that was not fair and reasonable.

16465. (a) Except as provided in subdivision (b), if the trustee, in breach of trust, enters into a transaction that the beneficiary may at his or her option reject or affirm, and the beneficiary affirms the transaction, the beneficiary shall not thereafter reject it and hold the trustee liable for any loss occurring after the trustee entered into the transaction.

(b) The affirmance of a transaction by the beneficiary does not preclude the beneficiary from holding a trustee liable for a breach of trust if, at the time of the affirmance, any of the following circumstances existed:

(1) The beneficiary was under an incapacity.

(2) The beneficiary did not know of his or her rights and of the material facts (A) that the trustee knew or reasonably should have known and (B) that the trustee did not reasonably believe that the beneficiary knew.

(3) The affirmance was induced by improper conduct of the trustee.

(4) The transaction involved a bargain with the trustee that was not fair and reasonable.

PART 5. JUDICIAL PROCEEDINGS CONCERNING TRUSTS

CHAPTER 1. JURISDICTION and VENUE

17000. (a) The superior court having jurisdiction over the trust pursuant to this part has exclusive jurisdiction of proceedings concerning the internal affairs of trusts.

(b) The superior court having jurisdiction over the trust pursuant to this part has concurrent jurisdiction of the following:

(1) Actions and proceedings to determine the existence of trusts.

(2) Actions and proceedings by or against creditors or debtors of trusts.

(3) Other actions and proceedings involving trustees and third persons.

17001. In proceedings concerning the internal affairs of trusts commenced pursuant to this division, the court has all the powers of the superior court.

17002. (a) The principal place of administration of the trust is the usual place where the day-to-day activity of the trust is carried on by the trustee or its representative who is primarily responsible for the administration of the trust.

(b) If the principal place of administration of the trust cannot be determined under subdivision (a), it shall be determined as follows:

(1) If the trust has a single trustee, the principal place of administration of the trust is the trustee's residence or usual place of business.

(2) If the trust has more than one trustee, the principal place of administration of the trust is the residence or usual place of business of any of the cotrustees as agreed upon by them or, if not, the residence or usual place of business of any of the cotrustees.

17003. Subject to Section 17004:

(a) By accepting the trusteeship of a trust having its principal place of administration in this state the trustee submits personally to the jurisdiction of the court under this division.

(b) To the extent of their interests in the trust, all beneficiaries of a trust having its principal place of administration in this state are subject to the jurisdiction of the court under this division.

17004. The court may exercise jurisdiction in proceedings under this division on any basis permitted by Section 410.10 of the Code of Civil Procedure.

17005. (a) The proper county for commencement of a proceeding pursuant to this division is either of the following:

(1) In the case of a living trust, the county where the principal place of administration of the trust is located.

(2) In the case of a testamentary trust, either the county where the decedent's estate is administered or where the principal place of administration of the trust is located.

(b) If a living trust has no trustee, the proper county for commencement of a proceeding for appointing a trustee is the county where the trust property, or some portion of the trust property, is located.

(c) Except as otherwise provided in subdivisions (a) and (b), the proper county for commencement of a proceeding pursuant to this division is determined by the rules applicable to civil actions generally.

17006. There is no right to a jury trial in proceedings under this division concerning the internal affairs of trusts.

CHAPTER 2. NOTICE

17100. This chapter applies to notice in proceedings commenced pursuant to this division or notice otherwise required by this division.

17101. If notice of the time and place of a hearing is required to

be given, the notice shall be in the form prescribed by the Judicial Council or, if the Judicial Council has not prescribed an applicable form, in compliance with Section 1200.1.

17102. (a) If a notice or other paper is required or permitted to be mailed, it shall be sent as follows:

(1) By first-class mail if the person's address is within the United States.

(2) By airmail if the person's address is not within the United States.

(b) Mailing is complete when the notice or other paper is deposited in the mail, postage prepaid, addressed to the person to whom it is mailed.

(c) If the address is not known, notice shall be given as the court may require in the manner provided in Section 413.30 of the Code of Civil Procedure.

17103. If a notice or other paper is required or permitted to be mailed, it may be delivered personally to the person to whom it is required or permitted to be mailed.

17104. (a) Proof of the giving of notice shall be made at or before the hearing to the satisfaction of the court. Proof may be made by, but is not limited to, the means provided in Section 1468.

(b) If it appears to the satisfaction of the court that notice has been regularly given or that the party entitled to notice has waived it, the court shall so find in its order. When the order becomes final, it is conclusive on all persons, whether or not in being.

17105. (a) The court may, on its own motion or on motion of a trustee or other person interested in the trust, require that further or additional notice be given at any stage of the proceeding. The court may prescribe the form and method of the notice to be given.

(b) A petitioner or other person required to give notice may cause notice to be given to any person interested in the trust without the need for a court order.

17106. The court may for good cause shorten the time for giving a notice.

17107. The court may continue or postpone any hearing, from time to time, in the interest of justice, and no further notice of the continued or postponed hearing is required unless otherwise ordered by the court.

CHAPTER 3. PROCEEDINGS CONCERNING TRUSTS

17200. (a) Except as provided in Section 15800, a trustee or beneficiary of a trust may petition the court under this chapter concerning the internal affairs of the trust or to determine the existence of the trust.

(b) Proceedings concerning the internal affairs of a trust include, but are not limited to, proceedings for any of the following purposes:

(1) Determining questions of construction of a trust instrument.

(2) Determining the existence or nonexistence of any immunity,

hearing to be mailed to any of the following persons who are not petitioners:

17206. The court in its discretion may make any orders and take any other action necessary or proper to dispose of the matters presented by the petition, including appointment of a temporary trustee to administer the trust in whole or in part.

17207. An appeal may be taken from the grant or denial of any final order made under this chapter, except the following:

CHAPTER 4. TESTAMENTARY TRUSTS SUBJECT TO CONTINUING COURT JURISDICTION

Article 1. Administration of Testamentary Trusts Subject to Continuing Court Jurisdiction

17300. This article applies only to the following:

(a) A trust created by a will executed before July 1, 1977, and not incorporated by reference in a will on or after July 1, 1977.

(b) A trust created by a will which provides that the trust is subject to the continuing jurisdiction of the superior court.

17301. If a trust described in Section 17300 continues after distribution of the decedent's estate, the court in which the decedent's estate was administered retains jurisdiction over the trust for any of the purposes specified in Section 17200.

17302. Except as otherwise provided in this article, proceedings relating to trusts under continuing court jurisdiction are governed by this part.

17303. This article does not apply to a trust described in Section 17300 that has been removed from continuing court jurisdiction.

17304. (a) At any time after final distribution of the decedent's estate, a trust described in Section 17300 may be transferred to a different county in this state as provided in this section.

(b) The petition for transfer shall set forth all of the following:

(1) The name of the county to which jurisdiction over the trust is sought to be transferred.

(2) The names, ages, and places of residence of the trustees and

all beneficiaries of the trust, so far as known to the petitioner.

(3) A brief description of the character, condition, value, and location of property of the trust.

(4) A brief statement of the reasons for transfer.

(c) If, after hearing, it appears to the court that the transfer of jurisdiction to the county designated in the petition or to any other county in this state will be in the best interests of the estate, or that economical and convenient administration of the trust will be facilitated by the transfer, the court shall make an order transferring jurisdiction over the trust. Upon such order, the court clerk shall certify a copy of the order of transfer to the clerk of the court to which jurisdiction is transferred, together with copies of the instrument creating the trust, the decree of distribution, and any other documents or matters of record the court determines by order to be necessary to define the powers and duties of the trustee, or otherwise to be necessary in connection with further administration of the trust.

(d) The court to which jurisdiction is transferred may from time to time require by order the filing of certified copies of additional papers or matters of record from the court in which the decedent's estate was administered as are required.

(e) Upon the filing of a certified copy of the order of transfer, together with supporting documents, the court to which jurisdiction is transferred has the same jurisdiction over the trust as the court in which the decedent's estate was administered but for the transfer.

Article 2. Removal of Trusts From Continuing Court Jurisdiction

17350. This article applies only to trusts created by will executed before July 1, 1977, and not incorporated by reference in a will on or after July 1, 1977.

17351. (a) If any of the trustees of a trust described in Section 17350 is a trust company, the trust shall be removed from continuing court jurisdiction as provided in this section. Within six months after the initial funding of the trust, the trustee shall give a notice of removal of the trust from continuing court jurisdiction to each beneficiary. Notice of removal shall be sent by registered or certified mail or by first-class mail, but notice sent by first-class mail is effective only if an acknowledgment of receipt of notice is signed by the beneficiary and returned to the trustee.

(b) The notice of removal of the trust from continuing court jurisdiction shall contain the following:

(1) A statement that as of January 1, 1983, the law was changed to remove the necessity for continuing court jurisdiction over the trust.

(2) A statement that Section 17200 of the Probate Code gives any beneficiary the right to petition a court to determine important matters relating to the administration of the trust.

(3) A copy of the text of Sections 17200 and 17201.

(4) A statement that each income beneficiary, as defined in

subdivision (a) of Section 16301, is entitled to an annual statement of the principal and income receipts and disbursements of the trust and that any other beneficiary is entitled to such information upon written request to the trustee.

(5) The name and location of the court in the county in which it is appropriate to file a petition pursuant to Section 17200, the name and location of the court that had jurisdiction over the administration of the decedent's estate, and a statement that it is appropriate to file a petition pursuant to Section 17200 with either court.

(c) The trustee shall file with the court that had jurisdiction over the administration of the decedent's estate proof of giving notice under this section within seven months after the initial funding of the trust.

17352. (a) If none of the trustees of a trust described in Section 17350 is a trust company, the trust may be removed from continuing court jurisdiction only with approval of the court. The trustee may petition for court approval at any time, and from time to time, in the trustee's discretion.

(b) The petition for removal shall set forth the trust accounts in detail, report the trustee's acts, and show the condition of the trust estate. A copy of the trust instrument shall be attached to the petition.

(c) At the hearing the court may receive testimony from any interested person and may grant or deny the petition, or may grant the petition on such conditions as the court in its discretion deems proper.

(d) If the petition is granted, the trustee shall send the notice of removal of the trust provided in subdivision (b) of Section 17351 and file proof of service as required by subdivision (c) of Section 17351 within six months and seven months, respectively, from the date the petition is granted. A copy of the court order granting the petition shall be attached to the notice.

(e) If the petition is not granted, the trust shall continue to be administered under Article 1 (commencing with Section 17300) as if the settlor had provided in the will that the court does not lose jurisdiction of the estate by final distribution.

17353. If a trust company is appointed as a successor trustee of a trust which, at the time of the appointment, is subject to continuing court jurisdiction because it was not removed pursuant to Section 17352, the successor trustee shall comply with Section 17351. For the purpose of complying with Section 17351, the date of appointment of the successor trustee shall be treated as the date of initial funding of the trust.

17354. After a trust is removed from continuing court jurisdiction pursuant to this article, neither a change in trustees nor any other event causes the trust to be subject to continuing court jurisdiction under Article 1 (commencing with Section 17300).

CHAPTER 5. TRANSFER OF TRUST TO ANOTHER JURISDICTION

17400. (a) This chapter applies to all of the following:

(1) A trust that is subject to this division.

(b) This chapter does not prevent the transfer of the place of administration of a trust or of trust property to another jurisdiction by any other available means.

17401. (a) The court may make an order for the transfer of the place of administration of a trust or the transfer of some or all of the trust property to a jurisdiction outside this state as provided in this chapter.

17402. The petition for transfer shall set forth all of the following:

(b) The names, ages, and places of residence of the living beneficiaries, as far as known to the petitioner.

(c) Whether the trustee who will administer the trust in the other jurisdiction has agreed to accept the trust. If so, the acceptance or a copy shall be attached as an exhibit to the petition or otherwise filed with the court.

17403. (a) At least 30 days before the time set for the hearing on the petition, the petitioner shall cause notice of the time and place of the hearing to be mailed to each of the persons named in the

petition at their respective addresses as stated in the petition.

(b) Any person interested in the trust, as trustee, beneficiary, or otherwise, may appear and file written grounds in opposition to the petition.

17404. The court may, in its discretion, grant the petition and order the trustee to transfer the trust property or to transfer the place of administration of the trust to the other jurisdiction if, after hearing, all of the following appear to the court:

(a) The transfer of the trust property to a trustee in another jurisdiction, or the transfer of the place of administration of the trust to another jurisdiction, will promote the best interests of the trust and those interested in it, taking into account the interest in the economical and convenient administration of the trust.

(b) The transfer will not violate the trust instrument.

(c) Any new trustee to whom the trust property is to be transferred is qualified, willing, and able to administer the trust or trust property under the trust instrument.

17405. If a transfer is ordered under this chapter, the court may direct the manner of transfer and impose terms and conditions as may be just, including, but not limited to, a requirement for the substitution of a successor trustee in any pending litigation in this state. The delivery of property in accordance with the order of the court is a full discharge of the trustee in relation to all property embraced in the order.

CHAPTER 6. TRANSFER OF TRUST FROM ANOTHER JURISDICTION

17450. (a) This chapter applies to a trust, or portion thereof, administered in a jurisdiction outside this state.

(b) This chapter does not prevent the transfer of the place of administration of a trust or of trust property to this state by any other available means.

17451. (a) The court may make an order accepting the transfer of the place of administration of a trust from another jurisdiction to this state or the transfer of some or all of the trust property in another jurisdiction to a trustee in this state as provided in this chapter.

(b) Except as otherwise provided in this chapter, proceedings under this chapter are governed by this part.

17452. (a) If the petition requests that a resident of this state be appointed trustee, the petition shall be filed in the court of the county where the proposed principal place of administration of the trust pursuant to Section 17002 is located.

(b) If the petition requests that only a nonresident of this state be appointed trustee, the petition shall be filed in the court of the county where either (1) any beneficiary resides or (2) a substantial portion of the trust property to be transferred is located or will be located.

(2) The transfer will not violate the trust instrument.

(3) The trustee appointed by the court to administer the trust in this state, and to whom the trust property is to be transferred, is qualified, willing, and able to administer the trust or trust property under the trust instrument.

(4) The proper court in the other jurisdiction has approved the transfer if approval is necessary under the law of the other

jurisdiction.

17457. A trust transferred to this state pursuant to this chapter shall be administered in the same manner as a trust of that type created in this state.

PART 6. RIGHTS OF THIRD PERSONS

CHAPTER 1. LIABILITY OF TRUSTEE TO THIRD PERSONS

18000. (a) Unless otherwise provided in the contract or in this chapter, a trustee is not personally liable on a contract properly entered into in the trustee's fiduciary capacity in the course of administration of the trust unless the trustee fails to reveal the trustee's representative capacity or identify the trust in the contract.

(b) The personal liability of a trustee on a contract entered into before July 1, 1987, is governed by prior law and not by this section.

18001. A trustee is personally liable for obligations arising from ownership or control of trust property only if the trustee is personally at fault.

18002. A trustee is personally liable for torts committed in the course of administration of the trust only if the trustee is personally at fault.

18003. (a) A cotrustee who does not join in exercising a power held by three or more cotrustees is not liable to third persons for the consequences of the exercise of the power.

(b) A dissenting cotrustee who joins in an action at the direction of the majority cotrustees is not liable to third persons for the action if the dissenting cotrustee expresses the dissent in writing to any other cotrustee at or before the time the action is taken.

(c) This section does not excuse a cotrustee from liability for failure to discharge the cotrustee's duties as a trustee.

18004. A claim based on a contract entered into by a trustee in the trustee's representative capacity, on an obligation arising from ownership or control of trust property, or on a tort committed in the course of administration of the trust may be asserted against the trust by proceeding against the trustee in the trustee's representative capacity, whether or not the trustee is personally liable on the claim.

18005. The question of liability as between the trust estate and the trustee personally may be determined in a proceeding under Section 17200.

CHAPTER 2. PROTECTION OF THIRD PERSONS

18100. With respect to a third person dealing with a trustee or assisting a trustee in the conduct of a transaction, if the third person acts in good faith and for a valuable consideration and without actual knowledge that the trustee is exceeding the trustee's powers or improperly exercising them:

(a) The third person is not bound to inquire whether the trustee has power to act or is properly exercising a power and may assume without inquiry the existence of a trust power and its proper exercise.

(b) The third person is fully protected in dealing with or assisting the trustee just as if the trustee has and is properly exercising the power the trustee purports to exercise.

18101. A third person who acts in good faith is not bound to ensure the proper application of trust property paid or delivered to the trustee.

18102. If a third person acting in good faith and for a valuable consideration enters into a transaction with a former trustee without knowledge that the person is no longer a trustee, the third person is fully protected just as if the former trustee were still a trustee.

18103. If an express trust relating to real property is not contained or declared in the grant to the trustee, or in an instrument signed by the trustee and recorded in the same office with the grant to the trustee, the grant shall be deemed absolute in favor of purchasers from the trustee without notice and for a valuable consideration.

18104. (a) If an interest in or lien or encumbrance on real property is conveyed, created, or affected by an instrument in favor of a person in trust but no beneficiary is indicated in the instrument, it is presumed that the person holds the interest, lien, or encumbrance absolutely and free of the trust. This is a presumption affecting the burden of proof. In an action or proceeding involving the interest, lien, or encumbrance instituted against the person, the person shall be deemed the only necessary representative of the undisclosed beneficiary and of the original grantor or settlor and anyone claiming under them. A judgment is binding upon and conclusive against these persons as to all matters finally adjudicated in the judgment.

(b) An instrument executed by the person holding an interest, lien, or encumbrance described in subdivision (a), whether purporting to be the act of that person in his or her own right or in the capacity of a trustee, is presumed to affect the interest, lien, or encumbrance according to the tenor of the instrument. This is a presumption affecting the burden of proof. Upon the recording of the instrument in the county where the land affected by the instrument is situated, the presumption is conclusive in favor of a purchaser or encumbrancer in good faith and for valuable consideration.

CHAPTER 3. RIGHTS OF CREDITORS OF SETTLOR

18200. If the settlor retains the power to revoke the trust in whole or in part, the trust property is subject to the claims of creditors of the settlor to the extent of the power of revocation during the lifetime of the settlor.

18201. Upon the death of a settlor who had retained the power to revoke the trust in whole or in part, the property that was subject to the power of revocation at the time of the settlor's death is subject to the claims of creditors of the decedent settlor's estate and to the expenses of administration of the estate to the extent that the decedent settlor's estate is inadequate to satisfy those claims and expenses.

SEC. 41. Section 27.5 of this bill incorporates amendments to Section 20 of the Probate Code proposed by both this bill and AB 2625. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 20 of the Probate Code, and (3) this bill is enacted after AB 2625, in which case Section 27 of this bill shall not become operative.

SEC. 42. Section 33.5 of this bill incorporates amendments to Section 1200.5 of the Probate Code proposed by both this bill and AB 2625. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 1200.5 of the Probate Code, and (3) this bill is enacted after AB 2625, in which case Section 33 of this bill shall not become operative.

SEC. 43. (a) Except as provided in subdivisions (b) and (c), this act becomes operative on July 1, 1987.

(b) After the effective date of this act, the Judicial Council may adopt any forms necessary so that the forms may be used when the remainder of this act becomes operative.

(c) After the effective date of this act, the courts may adopt any rules necessary so that the rules shall be effective when the remainder of this act becomes operative.

(d) This section does not apply to information provided by subscribers for inclusion in the corporation's directory of subscribers, information customarily provided by the corporation through directory assistance services, postal zip code information,

1569.175. (a) In addition to any other requirements of this chapter, any residential care facility for the elderly providing residential care for six or fewer persons at which the owner does not reside shall provide a procedure approved by the licensing agency for immediate response to incidents and complaints. This procedure shall include a method of assuring that the owner, licensee, or person designated by the owner or licensee is notified of the incident, that the owner, licensee, or person designated by the owner or licensee has personally investigated the matter, and that the person making the complaint or reporting the incident has received a response of action taken or a reason why no action needs to be taken.

(b) In order to assure the opportunity for complaints to be made directly to the owner, licensee, or person designated by the owner or licensee, and to provide the opportunity for the owner, licensee, or person designated by the owner or licensee to meet residents and learn of problems in the neighborhood, any facility with a nonresident owner shall establish a fixed time on a weekly basis when the owner, licensee, or person designated by the owner or licensee will be present.

(c) Facilities with nonresident owners shall establish procedures to comply with the requirements of this section on or before July 1, 1987.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 823

An act to amend Section 237.7 of the Civil Code, to amend Sections 26857, 68926, 69952, and 69953 of the Government Code, and to amend Sections 395 and 800 of the Welfare and Institutions Code, relating to fees.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 237.7 of the Civil Code is amended to read:

237.7. Upon appeal from a judgment freeing a minor who is a

dependent child of the juvenile court from parental custody and control, the appellate court shall appoint counsel for the appellant as provided by this section.

Upon motion by the appellant and a finding that the appellant is unable to afford counsel, the appellate court shall appoint counsel for the indigent appellant, and appellant's counsel shall be provided a free copy of the reporter's and clerk's transcript. All of those costs shall be a charge against the state.

The reporter's and clerk's transcripts shall be prepared and transmitted immediately after filing of the notice of appeal, at state expense and without advance payment of fees. If the appellant is able to afford counsel, the state may seek reimbursement from the appellant for the cost of the transcripts under subdivision (c) of Section 68511.3 of the Government Code as though the appellant had been granted permission to proceed in forma pauperis.

SEC. 1.1. Section 26857 of the Government Code is amended to read:

26857. No fee shall be charged by the clerk for service rendered in any criminal action or, except as otherwise provided in Section 10619 of the Health and Safety Code, in any adoption proceeding, nor shall any fees be charged for any service to the state. No fee shall be charged by the clerk for service rendered in any juvenile court proceeding or proceeding to declare a minor free from parental custody or control. No fee shall be charged by the clerk for service rendered to any municipality or county in the state, or to the national government, nor for any service relating thereto.

SEC. 1.2. Section 68926 of the Government Code is amended to read:

68926. The fee for filing a notice of appeal in a civil case appealed to a court of appeal is two hundred dollars ($200). The fee for filing a petition for a writ within the original civil jurisdiction of the Supreme Court or of a court of appeal is two hundred dollars ($200). These fees are in full, for all services, through the rendering of the judgment or the issuing of the remittitur or peremptory writ, except the fee imposed by Section 68927. The Judicial Council may make rules governing the time and method of payment of these fees, and providing for excuse therefrom in appropriate cases. No fee shall be charged in appeals from, nor petitions for writs involving, juvenile cases or proceedings to declare a minor free from parental custody or control.

SEC. 2. Section 69952 of the Government Code is amended to read:

69952. (a) The court may specifically direct the making of a verbatim record and payment therefor shall be from the county treasury on order of the court in the following cases:

(1) Criminal matters.

(2) Juvenile proceedings.

(3) Proceedings to declare a minor free from custody.

(4) Proceedings under the Lanterman-Petris-Short Act, (Part 1

(commencing with Section 5000) of Division 5 of the Welfare and Institutions Code).

(5) As otherwise provided by law.

(b) Except as otherwise authorized by law, the court shall not order to be transcribed and paid for out of the county treasury any matter or material except that reported by the reporter pursuant to Section 269 of the Code of Civil Procedure. When there is no official reporter in attendance and a reporter pro tempore is appointed, his or her reasonable expenses for traveling and detention shall be fixed and allowed by the court and paid in like manner. When the court orders a daily transcript, necessitating the services of two phonographic reporters, the reporting fee for each of the reporters and the transcript fee shall be proper charges against the county treasury, and the daily transcript shall be pursuant to Section 269 of the Code of Civil Procedure. When the daily transcript is prepared by a single reporter, an additional fee for technological services, as set by the court with the agreement of the reporter, may be imposed. However, the total of the fee for a single reporter and the fee for technological services shall be less than the total fee for two reporters.

SEC. 3. Section 69953 of the Government Code is amended to read:

69953. In any case where a verbatim record is not made at public expense pursuant to Section 69952 or other provisions of law, the cost of making any verbatim record shall be paid by the parties in equal proportion; and either party at his option may pay the whole. In either case, all amounts so paid by the party to whom costs are awarded shall be taxed as costs in the case. The fees for transcripts and copies ordered by the parties shall be paid by the party ordering them. Except as provided in Section 69952, no reporter shall perform any service in a civil action other than transcriptions until his fee for it has been deposited with the clerk of the court or with the reporter.

SEC. 4. Section 395 of the Welfare and Institutions Code is amended to read:

395. A judgment in a proceeding under Section 300 may be appealed from in the same manner as any final judgment, and any subsequent order may be appealed from as from an order after judgment; but no such order or judgment shall be stayed by the appeal, unless, pending the appeal, suitable provision is made for the maintenance, care, and custody of the person alleged or found to come within the provisions of Section 300, and unless the provision is approved by an order of the juvenile court. The appeal shall have precedence over all other cases in the court to which the appeal is taken.

A judgment or subsequent order entered by a referee shall become appealable whenever proceedings pursuant to Section 252, 253, or 254 have become completed or, if proceedings pursuant to Section 252, 253, or 254 are not initiated, when the time for initiating the proceedings has expired.

An appellant unable to afford counsel, shall be provided a free copy of the transcript in any appeal.

The record shall be prepared and transmitted immediately after filing of the notice of appeal, without advance payment of fees. If the appellant is able to afford counsel, the county may seek reimbursement for the cost of the transcripts under subdivision (c) of Section 68511.3 of the Government Code as though the appellant had been granted permission to proceed in forma pauperis.

SEC. 5. Section 800 of the Welfare and Institutions Code is amended to read:

800. A judgment in a proceeding under Section 601 or 602, or the denial of a motion made pursuant to Section 262, may be appealed from in the same manner as any final judgment, and any subsequent order may be appealed from as from an order after judgment. Pending appeal of the order or judgment, the granting or refusal to order release shall rest in the discretion of the juvenile court. The appeal shall have precedence over all other cases in the court to which the appeal is taken.

A ruling on a motion to suppress pursuant to Section 700.1 shall be reviewed on appeal even if the judgment is predicated upon an admission of the allegations of the petition or even if the judgment is a dismissal of the petition or any count or counts thereof; however, no appeal by the people shall lie as to any count which, if the people are successful, will be the basis for further proceedings subjecting any person to double jeopardy in violation of the State or Federal Constitution.

A judgment or subsequent order entered by a referee shall become appealable whenever proceedings pursuant to Section 252, 253, or 254 have become completed or, if proceedings pursuant to Section 252, 253, or 254 are not initiated, when the time for initiating the proceedings has expired.

An appellant unable to afford counsel, shall be provided a free copy of the transcript in any appeal.

The record shall be prepared and transmitted immediately after filing of the notice of appeal, without advance payment of fees. If the appellant is able to afford counsel, the county may seek reimbursement for the cost of the transcripts under subdivision (c) of Section 68511.3 of the Government Code as though the appellant had been granted permission to proceed in forma pauperis.

All appeals shall be initiated by the filing of notice of appeal in conformity with the requirements of Section 1240.1 of the Penal Code.

SEC. 6. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 824

An act to amend Sections 12983, 12984, 12989, and 50731.5 of, and to add Section 50731 to, the Water Code, relating to reclamation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 12983 of the Water Code is amended to read:

12983. The Legislature further finds and declares that there is an urgent need for a higher degree of levee maintenance and rehabilitation generally throughout the delta and that the state has an interest in providing technical and financial assistance for delta levee maintenance and rehabilitation.

The Legislature also finds and declares that, because of the instability of delta soils, the effect of winds, tides, and floodflows, and the unique problems of erosion, seepage, and subsidence, the same security against levee failure and flooding cannot be achieved by protective works in the delta as in areas less vulnerable to these problems. Although the rehabilitation and maintenance of delta levees is an important undertaking, a significant risk of levee failure will still persist.

The purpose of the state's approval of plans and inspection of works, which duties are set forth in this part, is to ensure that subvention funds are properly expended and that delta levees are effectively rehabilitated and maintained, and the state does not thereby assume any responsibility for the safety of any delta levee against failure.

SEC. 2. Section 12984 of the Water Code is amended to read:

12984. The department shall develop and submit to the board, for adoption by the board, criteria for the maintenance and improvement of nonproject levees. The criteria shall vary as required to meet specific conditions and shall be multipurpose in nature, and include environmental considerations, when feasible. The criteria shall embody and implement the short-term mitigation plan set forth in the "Flood Hazard Mitigation Plan for the Sacramento-San Joaquin Delta," prepared by the department for the Office of Emergency Services, dated September 15, 1983, and as it may be subsequently amended.

SEC. 3. Section 12989 of the Water Code is amended to read:

12989. The department shall conduct at least one annual inspection of every levee for which maintenance or improvement costs have been reimbursed pursuant to this part. In addition, the department shall inspect nonproject levees of local agencies for the purpose of monitoring and ascertaining the degree of compliance

with, or progress toward meeting, the standards in the Flood Hazard Mitigation Plan, as set forth in Section 12984.

The local agency shall cooperate with the department in the conduct of these inspections, including the provision of reasonable access over local agency lands and easements.

SEC. 4. Section 50731 is added to the Water Code, to read:

50731. In addition to the regular election under Section 50730, upon receipt of a recommendation of the board of trustees or upon receipt of a verified petition of 20 percent of the landowners who, together, own at least 20 percent in value of the lands in the district, as determined from the last tax roll of the county, the board of supervisors shall appoint a time, not less than 75 days or more than 90 days after receipt of the petition, and place for holding a general district election for the unexpired term of the trustees then serving.

SEC. 5. Section 50731.5 of the Water Code is amended to read:

50731.5. (a) Nominations for the office of trustee shall be made by petition filed with the secretary not earlier than 75 days or later than 5 p.m. on the 54th day before the election.

(b) The petition shall be signed as follows:

(1) If there are 15 or more qualified voters in the district, by five or more qualified voters.

(2) If there are less than 15 qualified voters in the district, by one or more qualified voters.

(c) Notice that the petitions may be received shall be published once by the secretary at least seven days prior to the final date for receiving petitions. The notice shall be published in a newspaper in each county in which any of the district lands are situated, if any newspaper is published therein, and if not, in a newspaper having general circulation therein.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that federal emergency relief funds are made available to repair damage caused by the 1986 floods in the Sacramento-San Joaquin Delta, and, in order to expedite the return to productivity of agricultural lands destroyed by those floods, it is necessary that this act take effect immediately.

CHAPTER 825

An act to amend Section 6006.3 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 6006.3 of the Revenue and Taxation Code is amended to read:

6006.3. "Lease" includes rental, hire and license. "Lease" does not include a use of tangible personal property for a period of less than one day for a charge of less than twenty dollars ($20) when the privilege to use the property is restricted to use thereof on the premises or at a business location of the grantor of the privilege. Where a contract designated as a lease binds the lessee for a fixed term and the lessee is to obtain title at the end of the term upon the completion of the required payment or has the option at that time to purchase the property for a nominal amount, the contract shall be regarded as a sale under a security agreement from its inception and not as a lease. In the case of a contract designated as a lease with any state or local governmental body, or any agency or instrumentality thereof, the lessee shall be treated as bound for a fixed term notwithstanding any right of the lessee to terminate the contract in the event that sufficient funds are not appropriated to pay amounts due under the contract.

SEC. 1.5. If a transaction entered into prior to the effective date of this act has been treated by the lessor as a lease, the full term of which has not expired or has been earlier terminated, then that transaction shall be classified as a sale under a security agreement occurring in the first calendar quarter commencing more than 90 days after the effective date of this act, and shall be classified as a lease for all earlier periods. Any use tax previously paid on a transaction described in the preceding sentence shall be credited against any sales or use tax due.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act because this act is intended as a clarification of existing law, rather than as a change in the law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that transactions entered into by governmental entities proceed without any uncertainty regarding the classification

of those transactions for purposes of the California sales and use tax, it is necessary that this act take effect immediately.

CHAPTER 826

An act to amend Sections 21628, 21637, 21638, 21642, 21645, and 21647 of the Business and Professions Code, to amend Section 21209 of the Financial Code, and to amend Section 1411 of the Penal Code, relating to secondhand property.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 21628 of the Business and Professions Code is amended to read:

21628. Every secondhand dealer described in Section 21626 shall report daily, or on the first working day after receipt or purchase of such property, on forms either approved or provided at actual cost by the Department of Justice, all tangible personal property which he or she has purchased, taken in trade, taken in pawn, accepted for sale on consignment, or accepted for auctioning, to the chief of police or to the sheriff, in accordance with the provisions of Sections 21630 and 21633. The report shall be legible, prepared in English, completed where applicable, and include, but not be limited to, the following information:

(a) The name and current address of the intended seller or pledgor of the property.

(b) The identification of the intended seller or pledgor. The identification of the seller or pledgor of the property shall be verified by the person taking the information. The verification shall be valid if the person taking the information reasonably relies on any one of the following documents, provided the document is currently valid or has been issued within five years and contains a photograph or description, or both, of the person named on it, is signed by the person, and bears a serial or other identifying number:

(1) A passport of the United States.

(2) A driver's license issued by any state.

(3) An identification card issued by any state.

(4) An identification card issued by any branch or the armed forces of the United States.

(c) A complete and reasonably accurate description of serialized property, including, but not limited to, the following: serial number and other identifying marks or symbols, owner-applied numbers, manufacturer's named brand, and model name or number.

(d) A complete and reasonably accurate description of nonserialized property, including, but not limited to, the following:

size, color, material, manufacturer's pattern name (when known), owner-applied numbers and personalized inscriptions and other identifying marks or symbols.

(e) A certification by the intended seller or pledgor that he or she is the owner of the property or has the authority of the owner to sell or pledge the property.

(f) A certification by the intended seller or pledgor that to his or her knowledge and belief the information is true and complete.

(g) A legible fingerprint taken from the intended seller or pledgor, as prescribed by the Department of Justice.

SEC. 2. Section 21637 of the Business and Professions Code is amended to read:

21637. Nothing herein contained shall be deemed to excuse compliance with the provisions of any city, county, or city and county ordinance or any other state law pertaining to or covering the reporting, holding, or releasing of tangible personal property, not inconsistent with the provisions of this article, except that no city, county, or city and county or any other state agency shall adopt the following:

(a) Holding, reporting, or identification requirements for transactions involving coins, monetized bullion, or commercial grade ingots of gold, silver, or other precious metals.

(b) Identification or reporting requirements for the acquisition of tangible personal property, in the ordinary course of business, by pawnbrokers and secondhand dealers, other than as set forth in Sections 21628, 21630, and 21633 of this code, and Section 21208 of the Financial Code.

SEC. 3. Section 21638 of the Business and Professions Code is amended to read:

21638. The provisions of this article shall not prohibit enactment, amendment, or enforcement by any city, county, or city and county of any local ordinance relating to a secondhand dealer which is not inconsistent with the provisions of this article, except that no city, county, or city and county, or any other state agency shall adopt the following:

(a) Holding, reporting, or identification requirements for transactions involving coins, monetized bullion, or commercial grade ingots of gold, silver, or other precious metals.

(b) Identification or reporting requirements for the acquisition of tangible personal property, in the ordinary course of business, by pawnbrokers and secondhand dealers, other than as set forth in Sections 21628, 21630, and 21633 of this code, and Section 21208 of the Financial Code.

SEC. 4. Section 21642 of the Business and Professions Code is amended to read:

21642. (a) A license granted pursuant to Section 21641 shall be renewable one year from the date of issue, and annually thereafter, upon the filing of a renewal application and the payment of a license renewal fee specified by the licensing authority.

(b) The license shall be subject to forfeiture by the licensing authority and the licensee's activities as a secondhand dealer shall be subject to being enjoined pursuant to Section 21646 for breach, and the authority may impose any of the following conditions:

(1) The business shall be carried on only in the building or buildings designated on the license.

(2) The license or a copy thereof, certified by the licensing authority, shall be displayed on the premises where it easily can be seen.

(3) The licensee shall not engage in the business of secondhand dealer, as defined in Section 21626, with any minor.

(4) The licensee shall not engage in any act which the licensee knows to be in violation of this article.

(5) The licensee shall not be convicted of an attempt to receive stolen property or any other offense involving stolen property. For the purposes of this paragraph, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the chief of police, the sheriff or, where appropriate, the police commission, is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

SEC. 5. Section 21645 of the Business and Professions Code is amended to read:

21645. A violation of any provision of this article under circumstances where a person knows or should have known that a violation was being committed is a misdemeanor punishable as follows:

(a) For the first offense, a fine of up to one thousand five hundred dollars ($1,500) or imprisonment in the county jail up to two months, or both.

(b) For the second offense, a fine of up to five thousand dollars ($5,000) or imprisonment in the county jail up to four months, or both.

(c) For the third, and any subsequent offense, a fine of up to twenty-five thousand dollars ($25,000) or imprisonment in the county jail up to six months, or both.

SEC. 6. Section 21647 of the Business and Professions Code is amended to read:

21647. (a) Whenever any peace officer has probable cause to believe that property in the possession of a pawnbroker or secondhand dealer is stolen, the peace officer may place a hold on the property for a period not to exceed 90 days. The peace officer shall give the pawnbroker or secondhand dealer a written notice at the time the hold is placed, describing the item or items to be held. During that period the pawnbroker or secondhand dealer shall not release or dispose of the property, except pursuant to a court order

or upon receipt of a written authorization signed by any peace officer who is a member of the law enforcement agency of which the peace officer placing the hold on the property is a member. Except as specifically set forth in this section, a pawnbroker or secondhand property dealer shall not be subject to civil liability for compliance with this section.

(b) Whenever property that is in the possession of a pawnbroker or secondhand dealer is subject to a hold and the property is required by a peace officer in a criminal investigation, the pawnbroker or secondhand dealer, upon reasonable notice, shall produce the property at reasonable times and places upon the request of any peace officer who is a member of the law enforcement agency of which the peace officer placing the hold on the property is a member.

(c) Whenever property that is in the possession of a pawnbroker or secondhand dealer is subject to a hold and the property is no longer required for the purpose of criminal investigation, the law enforcement agency that placed the hold on the property shall undertake the following:

(1) With respect to the property being held, if the law enforcement agency has no knowledge of the property on hold being reported as stolen, the property shall be released.

(2) If the law enforcement agency has knowledge that the property has been reported stolen, the law enforcement agency shall notify the person who reported the stolen property of the name and address of the pawnbroker or secondhand dealer holding the property, authorize the release of the property to that person, and advise the person that the law neither requires nor prohibits payment of a fee or any other condition in return for the surrender of the property.

The law enforcement agency that placed the property on hold shall release the hold after 30 days has elapsed following the delivery of the notice to the person who reported the property stolen.

(3) If a pledgor seeks to redeem property that is subject to a hold, the pawnbroker or secondhand dealer shall advise the pledgor of the name and badge number of the peace officer who placed the hold on the property and the name of the law enforcement agency of which the officer is a member. If the property is not required to be held pursuant to a criminal prosecution the hold shall be released.

SEC. 7. Section 21209 of the Financial Code is amended to read:

21209. The violation of any provision of this chapter under circumstances where a person knows or should have known that a violation was being committed is a misdemeanor.

SEC. 8. Section 1411 of the Penal Code is amended to read:

1411. If the ownership of the property stolen or embezzled and the address of the owner, and the address of the owner of a security interest therein, can be reasonably ascertained, the peace officer who took custody of the property shall notify the owner, and a person having a security interest therein, by letter of the location of the

property and the method by which the owner may obtain it. This notice shall be given upon the conviction of a person for an offense involving the theft, embezzlement, or possession of the property, or if a conviction was not obtained, upon the making of a decision by the district attorney not to file the case or upon the termination of the proceedings in the case. Except as provided in Section 516 of the Welfare and Institutions Code, if the property stolen or embezzled is not claimed by the owner before the expiration of three months after the giving of this notice, or, in any case in which such a notice is not given, before the expiration of six months from the conviction of a person for an offense involving the theft, embezzlement, or possession of the property, or if a conviction was not obtained, then from the time the property came into the possession of the peace officer or the case involving the person from whom it was obtained is disposed of, whichever is later, the magistrate or other officer having it in custody may, on the payment of the necessary expenses incurred in its preservation, deliver it to the county treasurer or other proper county officer, by whom it shall be sold and the proceeds paid into the county treasury. However, notwithstanding any other provision of law, if the person from whom custody of the property was taken is a secondhand dealer or licensed pawnbroker and reasonable but unsuccessful efforts have been made to notify the owner of the property and the property is no longer needed for the criminal proceeding, the property shall be returned to the secondhand dealer or pawnbroker who had custody of the property and be treated as regularly acquired property. If the property is transferred to the county purchasing agent it may be sold in the manner provided by Article 7 (commencing with Section 25500) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code for the sale of surplus personal property. If the county officer determines that any the property transferred to him for sale is needed for a public use, the property may be retained by the county and need not be sold. The magistrate or other officer having the property in custody may, however, provide for the sale of the property in the manner provided for the sale of unclaimed property which has been held for at least three months pursuant to Section 2080.4 of the Civil Code.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 827

An act to amend Section 14132 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The department's utilization controls shall not require X-rays as a condition of reimbursement for fillings for children under 18 years of age. Notwithstanding the foregoing, the director may by regulation provide for certain fixed artificial dentures necessary for obtaining employment or for medical conditions which preclude the use of removable dental prostheses, and for orthodontic services in cleft palate deformities administered by the department's crippled children services program.

(3) To pay its share of the administrative costs and expenses of the authority.

(b) The authority shall pledge the revenues derived and to be derived from a project or from a participating district for the purposes specified in paragraphs (1), (2), and (3) of subdivision (a). 17899.1. (a) Any participating school district, exclusively for the purpose of securing financing of projects or working capital through the issuance of revenue bonds by the authority, and notwithstanding any other provision of law, may borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other payment, security, default, remedy, and other terms or provisions as may be specified in a loan, loan purchase, installment sale, lease, or other agreement between the authority and the participating school district, subject to the following conditions:

(1) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district

funds which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the district.

(2) In computing the maximum amount which may be borrowed in any fiscal year pursuant to paragraph (1), the district may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(3) A participating school district that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan within 15 months of the loan date.

(4) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash-flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating school district must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the participating school district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating school district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Any participating school district may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the borrowing of money or the lease of educational facilities, whichever is applicable.

(c) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the requirements of any other law applicable to borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a school district.

SEC. 7.5. Section 17899.1 of the Education Code, as amended by Section 12 of Assembly Bill 3908, is amended to read:

17899.1. (a) Any participating district, exclusively for the purpose of securing financing of projects or working capital through the issuance of revenue bonds by the authority, and notwithstanding any other provision of law, may borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, at any interest rate

or rates, rental provisions, with any maturity date or dates or term, and with any other payment, security, default, remedy, and other terms or provisions as may be specified in a loan, loan purchase, installment sale, lease, or other agreement between the authority and the participating district, subject to the following conditions:

(1) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district funds that will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the district.

(2) In computing the maximum amount that may be borrowed in any fiscal year pursuant to paragraph (1), the district may exclude the amount of any principal or interest that is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(3) A participating district that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan within 15 months of the loan date.

(4) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash-flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating district must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the participating district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Any participating district may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the borrowing of money or the lease of educational facilities, whichever is applicable.

(c) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the requirements of any other law applicable to borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a district.

nominated by Santa Clarita Water Company or by Valencia Water Company shall be appointed to an office the initial term of which will expire on the first Monday of January 1991. Upon expiration of an initial term of office of an appointed director, the office of that appointed director shall be filled pursuant to Section 5.2. If a vacancy occurs in the office of an appointed director, it shall be filled in the same manner as is provided in subdivisions (a) and (b) of Section 5.2 for the appointment of a successor appointed director, except that the purveyor or its successor in interest to which the vacancy relates shall within not more than 60 days of the occurrence of the vacancy nominate a person for appointment to the vacant office, and the vacant office shall be filled by the board of directors not later than 30 days after that nomination. An incumbent in the office of appointed director shall be subject to recall by the voters of the entire agency in accordance with the recall provisions of Division 16 (commencing with Section 27000) of the Elections Code applicable to local officers, except that any vacancy created by a successful recall shall be filled in accordance with the procedure provided by this section for a vacancy created other than by a recall election.

SEC. 3. Section 5.2 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 5.2. (a) Not more than 90 or less than 30 days before the expiration of the terms of office of the directors appointed pursuant to Section 5.1, each purveyor, whose appointed director's term expires, shall submit a nominee for a successor appointed director to the board of directors. The nominee shall have the same qualifications as prescribed in Section 5.1. Any appointed director whose term is expiring may be nominated by the purveyor for appointment by the board of directors as the successor appointed director. The term "purveyor," for purposes of this section, includes all successors in interest to any purveyor.

(b) The board of directors shall appoint each nominee within 30 days after the nomination is submitted, or may within the same time period by resolution reject any such nominee for cause which is documented in the resolution by a detailed statement of reasons. If the board of directors rejects a nominee of any purveyor, the affected purveyor shall promptly submit a second and different nominee to the board of directors. The board of directors shall appoint the second nominee within 30 days after the second nomination is submitted, or may within the same time period by resolution likewise reject that second nominee for cause which is documented in the resolution by a detailed statement of reasons. If the board of directors rejects the nominee of any purveyor, the affected purveyor shall select a third and still different nominee, which nominee shall be entitled without further board action to take an oath of office as required by law and to thereafter serve as an appointed director of the agency. A successor appointed director shall take office on the first Monday in odd-numbered years, or as soon thereafter as

qualifying by taking the required oath of office. A successor appointed director appointed to or otherwise entitled to fill a vacancy shall take office immediately upon taking the required oath of office. A nominee of a purveyor who is the chief executive office, chief operating officer, or the general manager of the purveyor shall be rejected for appointment only on the ground that the nominee is legally disqualified from holding the office of director by reason of a provision of law applicable to appointed directors of the agency.

(c) At any time after January 1, 1991, the board of directors may abolish the offices of appointed director by a resolution passed by at least six directors. The six directors approving the resolution shall include at least one appointed director. Immediately upon the effective date of the resolution, the offices of appointed director shall be abolished and this section and Sections 5.1 and 15.2 shall cease to have any force or effect.

SEC. 3.5. Section 5.3 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 5.3. It is hereby declared as a matter of legislative determination that any individual nominated by a purveyor and appointed to or otherwise taking the office of an appointed director on the agency's board of directors pursuant to Section 5.1 or 5.2 is intended to represent and further the interest of the water industry within the boundaries of the agency, and that this representation and furtherance will ultimately serve the public interest. Accordingly, the Legislature finds that for purposes of persons who hold that office the water industry is tantamount to and constitutes the public generally within the meaning of Section 87103 of the Government Code.

SEC. 3.6. Section 5.4 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 5.4. Notwithstanding any other provision of this act or any other provision of law, the provisions of Article 4.7 (commencing with Section 1125) of Chapter 1 of Division 4 of Title 1 of the Government Code shall not be applicable to any individual nominated by a purveyor or successor in interest to a purveyor and serving as an appointed director. The fact the appointed director is simultaneously a shareholder, director, officer, agent, or employee of the purveyor or successor in interest to a purveyor shall not in any way constitute the holding of incompatible offices under or for purpose of any common law doctrine prohibiting the simultaneous holding of these offices, and shall not disqualify the director from serving as a director of the agency or from discharging fully the responsibilities of the office of appointed director with respect to any matter coming before the board of directors of the agency for consideration, decision, determination, or other form of action.

SEC. 4. Section 15.1 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session),

to read:

Sec. 15.1. In addition to the other powers set forth in this act, the agency may:

(a) Acquire water and water rights, including, but not limited to, water from the State of California under the State Water Resources Development System.

(b) Develop, store, treat, distribute, and reclaim the water.

(c) Provide, sell, and deliver water at wholesale only for municipal, industrial, domestic, and other purposes.

SEC. 5. Section 15.2 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 15.2. In addition to the other powers set forth in this act, the agency may:

(a) Require reporting to the agency of all production, distribution, and reclamation of water within the agency in excess of 10 acre-feet per annum.

(b) Store and recover water in the aquifers within the agency.

(c) Develop groundwater management plans within the agency which may include, without limitation, conservation, and overdraft protection plans and groundwater extraction charge plans, and implement any or all such plans subject to the rights of property owners and with the approval of the retail water purveyors and other major extractors of over 100 acre-feet of water per year.

This section shall cease to be operative if the board of directors adopts a resolution abolishing the offices of appointed directors pursuant to subdivision (c) of Section 5.2.

SEC. 6. Section 24.1 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 24.1. The agency, by resolution, may annually fix on the basis of benefit a water standby charge within any water service area of the agency to which water is made available by any retail water distributor operating within the agency that obtains all or any portion of its water supplies from the agency. The agency may cause the water standby charge to be applied on an area or parcel basis, or a combination of both, to benefited lands, whether water available from those suppliers is actually used or not. The agency may fix and establish in its adopting resolution appropriate schedules varying the water standby charges within its water service areas according to the land uses and the degree of availability or quantity of use of water from those suppliers on affected lands. The water standby charge of the agency shall not exceed forty dollars ($40) per acre per year for each acre of land, or forty dollars ($40) per year for any parcel of land less than one acre, within any water service area of the agency. The resolution fixing water standby charges shall be adopted by the board of directors only at or after the annual hearing on the formation of water service areas within the agency. The agency may use the proceeds of the water standby charges only for the annual capital

budget of the agency, as described in Section 29.1.

On or before the second Monday in August of each year in which a water standby charge is to be levied and collected for the then current fiscal year, the board of directors shall furnish in writing to the county auditor of each affected county the parcel number of each parcel of land within any water service area within the agency upon which a charge is to be levied and collected, together with the amount of the water standby charge fixed by the agency on each assessed parcel of land subject to the levy. The board shall direct that, at the time and in the manner required by law for the levying of taxes for county purposes, the board of supervisors shall levy, in addition to any other tax, assessment, or charge it levies, a water standby charge in the amounts and on the respective parcels identified by the agency's board. All county officers charged with the duty of collecting, receiving, and disbursing taxes shall collect agency water standby charges with the regular tax payments to the county. The charges shall be collected in the same form and manner as county taxes are collected and shall be paid to the agency. The agency shall reimburse the county for its necessary costs and expenses. Any water service charges fixed by the agency shall be liens against the parcels of land against which those charges have been imposed. Liens for those charges shall be of the same force and effect as liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for either state or county taxes.

SEC. 7. Section 26.1 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 26.1. (a) In addition to the other powers provided in this act, the agency may establish and impose a charge referred to as a facility capacity fee, and which is in the nature of a connection fee, for the right to make a new retail connection to the water distribution system of any retail water distributor within the agency that obtains all or any portion of its water supplies from the agency. The necessity for the fee and the amounts thereof shall be determined, established, imposed, collected, and used in the manner provided in this section.

(b) At such time or times as the board of directors shall find and determine that its then-existing water importation, transportation, and delivery facilities and other related works, property, and improvements may not be adequate for the purpose of receiving, importing, transporting, and delivering additional needed quantities of water available from the State Water Resources Development System or from other sources, the board of directors may, as provided in this section, adopt and carry out (1) a plan for obtaining those additional facilities, works, property, improvements, and supplies of water, (2) a plan for increasing or enlarging as may be appropriate its then-existing capacity and facilities for obtaining, importing, transporting, and delivering that additional quantity of water to retail water distributors within the agency and in need of those additional water supplies, and (3) a plan for financing or reimbursing

the agency for advancing the cost of acquiring those facilities, works, property, improvements, and supplies of water and for allocating that cost among lands within water service areas of the agency, which lands by reason of new development or new construction thereon will need new water service and will be benefited by making the additional supplies of agency water available for purchase by the retail water distributors that will supply those lands with water.

(c) Prior to adopting the plans referred to in subdivision (b), the board of directors shall hold at least one public hearing, at which oral or written presentations may be made, as part of a regularly scheduled meeting to establish water service areas within the agency. Notwithstanding other notice requirements of this act, notice of the time and place of the hearing and meeting, including a general explanation of the matters to be considered, and a statement that the data required by this subdivision is available, shall be mailed at least 14 days prior to the hearing to any interested party who files a written request with the agency for mailed notice of the hearing on those plans and on allocation of the costs thereof. Any written request for that mailed notice shall be valid only for one year from the date on which it is filed with the agency unless a renewal request is filed. Renewal requests for the mailed notices shall be filed on or before April 1st of each year. The board of directors may establish a reasonable annual charge for sending the notices based on the agency's estimated cost of providing the service. At least 10 days prior to the hearing, the agency shall make available to the public data indicating the cost, or estimated cost, to acquire, construct, and provide the water importation, transportation, and delivery facilities and other works, property, and improvements necessary to obtain and provide the additional water to those retail water distributors who will serve water to the lands on which the new developments and new construction will be located, and the proposed method and basis for allocating the costs as among those lands.

(d) Following the public hearing or hearings, the board of directors of the agency (1) shall determine the extent of the need for the additional property and supplies of water to be supplied by the agency and (2) shall determine whether then-existing facilities and other works and improvements of the agency are adequate to import, receive, transport, and deliver those additional quantities of water. If the board of directors determines that there is a need or that the agency's then-existing facilities, works, property, and improvements are inadequate to serve that water, or both, the board of directors shall adopt the plan or plans specified in subdivision (b).

(e) In making its determinations as to how to allocate the costs of the plan or plans within water service areas of the agency, the board of directors shall determine the amount of the facility capacity fee to be imposed for and upon each new connection to the delivery facilities of the retail water distributors that will supply those lands with imported or local water. The facility capacity fee shall be fixed and determined pursuant to a method and basis whereby it shall be

as nearly as reasonable an amount equal to the benefit to the land, including consideration of the volume of water to be delivered to the new retail connection.

(f) The board of directors may contract with the counties in which the agency is located for the collection of the facility capacity fee along with building permit fees or other fees related to the improvement of property, or may contract for collection of the facility capacity fee by the retail water distributor.

(g) The proceeds of the facility capacity fee imposed and collected pursuant to this section shall be used exclusively by the board of directors for the annual capital budget of the agency, as described in Section 29.1, for purposes authorized by this section as specified in the plans adopted pursuant to subdivisions (b), (d), and (e).

(h) Any action taken by the board of directors pursuant to this section shall be taken only by resolution.

(i) Any judicial action or proceeding to attack, review, set aside, void, or annul any resolution imposing a facility capacity charge of the agency, or a resolution modifying or amending an existing charge duly enacted and adopted by the agency, shall be commenced within 120 days of the effective date of the resolution. Any such action or proceeding shall be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 8. Section 29.1 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 29.1. For any agency fiscal year commencing on or after July 1, 1987, the board of directors shall divide all lands within the agency into separate, nonoverlapping water service areas. The water service areas shall be fixed, formed, and established following a public hearing and notice pursuant to Section 29.3. The purpose for the formation of water service areas is to provide a source of and to apportion moneys, not to exceed the amount permitted annually by law, for, and only for, the annual capital budget of the agency. The funding and apportioning of the capital budget shall be on the principle of benefit received by the lands and people within each water service area. Projected use of water in any way to be made available by the agency within a water service area during any agency fiscal year, as well as the agency's contract interests pursuant to the State Water Resources Development System and the agency's existing property, plant, and distribution facilities, shall be deemed by the board of directors to be the principal benefits to be considered in determining the proportion of the annual capital budget of the agency to be collected from sources within each water service area. Different schedules of rates, charges, fees, assessments, and taxes to fund the capital budget of the agency, or a portion thereof, may be fixed and established in each water service area, except that tax rates within any individual water service area shall be uniform. The lands within each water service area need not be contiguous.

As used in this act, the "annual capital budget of the agency" means that sum annually projected by the board of directors to be reasonably necessary (1) for payments of capital costs to the State of California, including its agencies or departments, in any way for purposes of the State Water Resources Development System as from time to time amended, (2) for payments for acquisition of other water imported into the agency or for local water, (3) for payments in any way concerning agency bonded indebtedness or for lands and facilities, within or outside the agency, useful or necessary to bank, store, transport, treat, and distribute water currently or eventually to be made available by the agency within water service areas thereof, and (4) for payment to agency budget reserve accounts for the above uses or purposes in future agency fiscal years. Moneys collected by the agency for the "annual capital budget of the agency" shall only be utilized for "capital," as that term is utilized under general accounting principles. The annual capital budget of the agency, as found and determined during the annual formation of water service areas, is not subject to adjustment during any agency fiscal year, except that the board of directors in its budgetary processes during any fiscal year may shift "capital" moneys between or among "capital" accounts. Notwithstanding the foregoing, the annual capital budget of the agency as derived from all water service areas of the agency shall be funded in strict accordance with constitutional and statutory restrictions, as existing from time to time, on legally permissible rates, charges, fees, assessments, and taxes.

SEC. 9. Section 29.2 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 29.2. The board of directors shall annually adopt a resolution of intention to form water service areas. The resolution shall contain all of the following:

(a) The proposed boundary description of each proposed water service area.

(b) The projected benefits to be received by the lands and people within each proposed water service area during a specific, identified agency fiscal year.

(c) The proposed annual capital budget of the agency for that agency's fiscal year, and the portion thereof proposed to be obtained from sources within each proposed water service area.

(d) The proposed rates, charges, fees, assessments, and taxes proposed to be fixed, levied, or collected within or from each proposed water service area for the proposed annual capital budget of the agency.

(e) The date, time, and location for a public hearing concerning the formation of the water service areas.

The agency shall not adopt a resolution of intention to form water service areas without first soliciting from each purveyor or its successor in interest, by letter delivered by certified mail not less

than 30 days prior to the adoption of the resolution, a request that each purveyor submit to the agency its recommendation concerning all mandatory matters to be included in an agency resolution of intention to form water service areas.

SEC. 10. Section 29.3 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 29.3. The board of directors shall hold the public hearing to fix, form, and establish water service areas only after not less than two weeks' notice of the hearing has been given by all of the following means:

(a) Publication of and notice once a week for two weeks, the publications to be seven days apart, in a newspaper of general circulation within the agency published in the county where the agency has its principal office, with the first notice to be published not less than 15 calendar days in advance of the hearing.

(b) Posting of the notice not less than 15 calendar days in advance of the hearing in three public places in each of the proposed water service areas.

(c) Mailing of the notice by first-class mail, postage prepaid, not less than 21 calendar days in advance of the hearing, to each person or entity to whom land is assessed, as shown on the last equalized assessment roll of any county whose territory is within a proposed water service area, at the address shown on the assessment roll, and also to each purveyor.

Notice which is published shall include the text of the agency resolution to fix, form, and establish water service areas. All other notices need only include (1) the date, time, and location for the public hearing, and (2) the rates, charges, fees, assessments, and taxes proposed to affect the specific property proposed to be included within a specific water service area.

Except as otherwise provided in this act, no additional notice need be given on any adjournment or continuation of the public hearing.

SEC. 11. Section 29.4 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 29.4. The board of directors shall at the public hearing concerning the formation of water service areas, which hearing may be adjourned and continued from time to time, hear and consider any objections or comments concerning the fixing, forming, and establishing of proposed water service areas as described in the agency's resolution of intention to form the areas. At or following the hearing, the board of directors may make any changes in the proposals set forth in the resolution of intention that are deemed by the board of directors to be proper; provided, except that if additional land is to be included within or described land is to be excluded from a proposed water service area, or if any proposed described benefit within a proposed water service area is to be materially changed, or if any proposed rate, charge, fee, assessment,

or tax within a proposed water service area is to be increased or decreased by 15 percent or more, the hearing shall be continued for at least 30 days and mailed notice of that continuance shall be given to all affected property owners not waiving that notice by mailing the notice not less than 21 days in advance of the continued hearing.

Absent any need to continue the public hearing, the board of directors shall thereafter find and determine whether it is in the best interest of the agency and each proposed water service area that the water service area be fixed, formed, and established. If all those findings and determinations are affirmative, the board of directors shall by resolution accomplish the following:

(a) Fix, form, and establish each water service area and describe the land in that area.

(b) Fix the annual capital budget of the agency.

(c) Determine the benefits proposed to be received by the lands and people within each water service area.

(d) Fix, levy, and apportion within each water service area the rates, charges, fees, assessments, and taxes to be collected therefrom for the purpose of equitably matching those rates, charges, fees, assessments, and taxes with projected benefits within each water service area.

SEC. 12. Section 29.5 is added to the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 29.5. Until the later of (1) the date the board of directors finds and declares by resolution based on substantial evidence that there is on a reliable basis more than 25,000 acre-feet of potable water available each year from the agency, or (2) July 1, 1991, the agency shall allocate water of the agency to each purveyor on a percentage basis as follows:

(a)	Los Angeles County Waterworks District No. 36	2.5%
(b)	Newhall County Water District	1.8%
(c)	Santa Clarita Water Company	59.8%
(d)	Valencia Water Company	35.9%

The allocation of agency water thereafter shall be with respect to agency water service areas. Retail water distributors operating within each water service area shall have a preferential right to purchase for beneficial use within a water service area a portion of the water available for sale by the agency which shall, from year to year, thereafter bear the same ratio to all agency water available as the total of amounts received by the agency since January 1, 1987, from the water service area from taxes and from the nontax portion of the annual capital budget of the agency, as described in Section 29.1, bears to the total of amounts received by the agency since January 1, 1987, from taxes and from the nontax portion of that annual capital budget of the agency. The board of directors may adopt reasonable rules and regulations in furtherance of the

allocation provided for in this section.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act and because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 833

An act to amend Section 40802 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 40802 of the Vehicle Code, as amended by Section 1 of Chapter 357 of the Statutes of 1981, is amended to read:

40802. A "speed trap" is either of the following:

(a) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(b) A particular section of a highway with a prima facie speed limit provided by this code or by local ordinance pursuant to paragraph (1) of subdivision (b) of Section 22352, or established pursuant to Section 22354, 22357, 22358, or 22358.3, which speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects. The provisions of this subdivision do not apply to local streets and roads.

For purposes of this section, local streets and roads shall be defined by the latest functional usage and federal-aid system maps as submitted to the Federal Highway Administration. When these maps have not been submitted, the following definition shall be used: A local street or road primarily provides access to abutting residential property and shall meet the following three conditions:

(1) Roadway width of not more than 40 feet.

(2) Not more than one-half mile of uninterrupted length. Interruptions shall include official traffic control devices as defined in Section 445.

(3) Not more than one traffic lane in each direction.

This section shall remain in effect only until January 1, 1993, and

as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1993, deletes or extends that date.

SEC. 2. Section 40802 of the Vehicle Code, as amended by Section 2 of Chapter 357 of the Statutes of 1981, is amended to read:

40802. A "speed trap" is either of the following:

(a) A particular section of a highway measured as to distance and with boundaries marked, designated, or otherwise determined in order that the speed of a vehicle may be calculated by securing the time it takes the vehicle to travel the known distance.

(b) A particular section of a highway with a prima facie speed limit provided by this code or by local ordinance pursuant to paragraph (1) of subdivision (b) of Section 22352, or established pursuant to Section 22354, 22357, 22358, or 22358.3, which speed limit is not justified by an engineering and traffic survey conducted within five years prior to the date of the alleged violation, and where enforcement involves the use of radar or other electronic devices which measure the speed of moving objects.

This section shall become operative on January 1, 1993.

CHAPTER 834

An act to amend Sections 14005.7, 14005.9, and 14006 of, and to repeal Sections 14006 and 14008.5 of, the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14005.7 of the Welfare and Institutions Code is amended to read:

14005.7. (a) Medically needy persons and medically needy family persons are entitled to health care services under Section 14005 providing all eligibility criteria established pursuant to this chapter are met.

(b) Except as otherwise provided in this chapter or in Title XIX of the federal Social Security Act, no medically needy family person, medically needy person or state-only Medi-Cal persons shall be entitled to receive health care services pursuant to Section 14005 during any month in which his or her share of cost has not been met.

(c) In the case of a medically needy person, monthly income in excess of the amount required for maintenance established pursuant to Section 14005.12, exclusive of any amounts considered exempt as income under Chapter 3 (commencing with Section 12000), less amounts paid for Medicare and other health insurance premiums shall be the share of cost to be met under Section 14005.9.

(d) In the case of a medically needy family person or state-only

Medi-Cal person, monthly income in excess of the amount required for maintenance established pursuant to Section 14005.12, exclusive of any amounts considered exempt as income under Chapter 2 (commencing with Section 11200), less amounts paid for Medicare and other health insurance premiums shall be the share of cost to be met under Section 14005.9.

(e) In determining the income of a medically needy person residing in a licensed community care facility, any amount paid to the facility for residential care and support that exceeds the amount needed for maintenance shall be deemed unavailable for the purposes of this chapter.

SEC. 2. Section 14005.9 of the Welfare and Institutions Code is amended to read:

14005.9. (a) Share of cost shall be determined on a monthly basis. No person or family shall be required to incur more than one month's share of cost prior to being certified as specified in Section 14018.

(b) For persons in long-term care, any income exempted under Sections 14005.4 and 14005.7 shall be considered in the share-of-cost determination to the extent required by federal law or regulations.

(c) Once the beneficiary has incurred expenses for Medicare and other health insurance deductibles or coinsurance charges and necessary medical and remedial services during the month that are not subject to payment by a third party and which equal or exceed his or her share of cost, the individual is entitled to receive health care services pursuant to Section 14005 if all other applicable conditions of eligibility under this chapter are met.

SEC. 3. Section 14006 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 981 of the Statutes of 1985, is repealed.

SEC. 4. Section 14006 of the Welfare and Institutions Code, as amended by Section 2 of Chapter 981 of the Statutes of 1985, is amended to read:

14006. (a) This section applies to medically needy persons, medically needy family persons, and state-only Medi-Cal persons.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a skilled nursing or intermediate care facility or a licensed community care facility and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being

made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall, subject to notice and an opportunity for a hearing, have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

The lien shall be recorded, and from the date of recording, shall have the force, effect, and priority of a judgment lien.

(6) If it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility, or in a licensed community care facility.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) For purposes of determining eligibility under this part, resources shall be defined, counted, and valued in accordance with the federal law governing resources under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.). Resources exempt under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.) shall not be considered in determining eligibility. Medically needy individuals and families may retain nonexempt resources to the extent permitted under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.). In addition, the principal residence as defined in subdivision (b) shall be exempt.

(d) The director, to meet the requirements of the federal Social Security Act and to ensure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that

the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his or her spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his or her own earnings, he or she shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

SEC. 5. Section 14008.5 of the Welfare and Institutions Code is repealed.

CHAPTER 835

An act to amend Section 90001 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 90001 of the Government Code is amended to read:

90001. Audits and investigations shall be made pursuant to Section 90000 with respect to the reports and statements of:

(a) Each lobbying firm and each lobbyist employer who employs one or more lobbyists shall be subject to an audit on a random basis with these lobbying firms or lobbyist employers having a 25-percent chance of being audited. When a lobbying firm or lobbyist employer is audited, the individual lobbyists who are employed by the lobbying firm or the lobbyist employer shall also be audited.

(b) Each statewide, Supreme Court, court of appeal, or Board of Equalization candidate in a direct primary or general election for whom it is determined that twenty-five thousand dollars ($25,000) or more in contributions have been raised or twenty-five thousand dollars ($25,000) or more in expenditures have been made, whether by the candidate or by a committee or committees controlled by the candidate or whose participation in the direct primary or general election is primarily in support of his or her candidacy. Each statewide candidate whose contributions and expenditures are less than twenty-five thousand dollars ($25,000) shall be subject to an audit on a random basis of 10 percent of the number of such candidates.

(c) Each candidate for the Legislature or superior court judge in a direct primary or general election shall be subject to audit by random selection if it is determined that fifteen thousand dollars ($15,000) or more in contributions have been received or fifteen thousand dollars ($15,000) or more in expenditures have been made, whether by the candidate or by a committee or committees controlled by the candidate or primarily supporting his or her candidacy. Random selection shall be made of 25 percent of the Senate districts, 25 percent of the Assembly districts and 25 percent of the judicial offices contested in an election year.

(d) Each candidate for the Legislature in a special primary or special runoff election for whom it is determined that fifteen thousand dollars ($15,000) or more in contributions have been raised or fifteen thousand dollars ($15,000) or more in expenditures have been made, whether by the candidate or by a committee or committees controlled by the candidate or primarily supporting his or her candidacy.

(e) Each controlled committee of any candidate who is being audited pursuant to subdivision (b), (c), or (d).

(f) Each committee, other than a committee specified in subdivision (c) of Section 82013, primarily supporting or opposing a candidate who is being audited pursuant to subdivision (b), (c), or (d) if it is determined that the committee has expended more than ten thousand dollars ($10,000).

(g) Each committee, other than a committee specified in subdivision (c) of Section 82013, whose participation is primarily in support of or in opposition to a state measure or state measures if it is determined that the committee has expended more than ten thousand dollars ($10,000) on such measure or measures.

(h) Each committee, other than a committee defined in subdivision (c) of Section 82013, a controlled committee or a committee primarily supporting or opposing a state candidate or measure, if it is determined that the committee has raised or expended more than ten thousand dollars ($10,000) supporting or opposing state candidates or state measures during any calendar year, except that if the commission determines from an audit report that a committee is in substantial compliance with the provisions of the act, the committee thereafter shall be subject to an audit on a random basis with each such committee having a 25-percent chance of being audited.

(i) With respect to local candidates and their controlled committees, the commission shall promulgate regulations which provide a method of selection for these audits.

(j) In accordance with subdivisions (a), (b), (c), and (h), the Fair Political Practices Commission shall select by lot the persons or districts to be audited on a random basis. For campaign audits such selection shall be made in public after the last date for filing the first report or statement following the general or special election for which the candidate ran, or following the election at which the measure was adopted or defeated. For lobbying firm and lobbyist employer audits, such selection shall be made in public annually.

SEC. 2. It is the intent of the Legislature that the cost of the audits of local candidates required by subdivision (i) of Section 90001 of the Government Code, as amended by Section 1 of this act, shall be funded by the cost savings to the Franchise Tax Board as a result of the reduction in audits of legislative and judicial offices pursuant to subdivision (c) of Section 90001 of the Government Code, as amended by Section 1 of this act.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 836

An act to amend Section 46300 of the Education Code, relating to pupil attendance.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 46300 of the Education Code is amended to read:

46300. (a) In computing average daily attendance of a school district, there shall be included the attendance of pupils while engaged in educational activities required of those pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him or her to render service in the capacity and during the period in which he or she served.

(b) For the purposes of a work experience education program in a secondary school that meets the standards of the California State Plan for Vocational Education, the term "immediate supervision," in the context of off-campus work training stations, means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in a work experience program shall not exceed 125 students per full-time equivalent certificated teacher coordinator. Notwithstanding Section 52033, this ratio may be waived by the State Board of Education pursuant to Article 3 (commencing with Section 33050) of Chapter 1 of Part 20 under criteria developed by the State Board of Education.

A pupil enrolled in a work experience program shall not be credited with more than one day of attendance per calendar day, and shall be a full-time student enrolled in regular classes that meet the requirements of Section 46141 or 46144.

(c) For the purposes of the rehabilitative schools, classes, or programs described in Section 48917 that require immediate supervision, the term "immediate supervision" means that the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the rehabilitative activities with certificated personnel of the district.

A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance per calendar day.

(d) For the purposes of computing the average daily attendance of pupils engaged in the educational activities required of high school

pupils who are also enrolled in a regional occupational center or regional occupational program, the school district shall receive proportional average daily attendance credit for those educational activities that are less than the minimum schoolday, pursuant to regulations adopted by the State Board of Education, however, none of that attendance shall be counted for purposes of computing attendance pursuant to Section 52324.

A school district shall not receive proportional average daily attendance credit pursuant to this subdivision for any pupil in attendance for less than 145 minutes each day.

The divisor for computing proportional average daily attendance pursuant to this subdivision is 240; except, in the case of a pupil excused from physical education classes pursuant to Section 52316, the divisor is 180.

Notwithstanding any other provision of law, travel time of pupils to attend a regional occupational center or regional occupational program shall not be used in any manner in the computation of average daily attendance.

(e) In computing the average daily attendance of a school district, there shall also be included the attendance of pupils participating in an independent study program conducted pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28.

A pupil enrolled in an independent study program shall not be credited with more than one day of attendance per calendar day.

(f) For purposes of cooperative vocational education programs and community classrooms described in Section 52372.1, the term "immediate supervision" means pupil participation in paid and unpaid on-the-job experiences, as outlined under a training agreement and individualized training plans wherein the supervisor of the training site and certificated school personnel share the responsibility for the supervision of on-the-job experiences.

CHAPTER 837

An act to amend Section 14031.10 of the Government Code, relating to railway transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1986 Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that local agencies which participate with the Department of Transportation in the funding and operation of commuter rail service on the San Francisco Peninsula between San Francisco and San Jose are cooperating with the Metropolitan Transportation Commission and

the department to create a joint powers agreement to achieve, in part, greater local control of, and responsibility for this transportation service, and that this service is expected to be fully operational under this agreement by July, 1990.

(b) It is, therefore, the intent of the Legislature in enacting this act to provide a mechanism for the local agencies concerned with the operation of the San Francisco Peninsula commuter rail service to assume a greater role in funding the operation of this service, during the period of transition to operation under the joint powers agreement, by contributing any funds required in addition to those generated by passenger fares in order to achieve the 40 percent ratio of fare revenues to operating costs required for continued state funding for this service.

SEC. 2. Section 14031.10 of the Government Code is amended to read:

14031.10. For purposes of Sections 14031.8 and 14031.9:

(a) "Avoidable cost" means all costs associated with a particular service which would not be incurred if the service were not provided.

(b) "Operating costs" means all costs, exclusive of capital costs, amortization and depreciation costs, and lease-with-an-option-to-purchase costs, associated with a particular service which would be incurred only if the service were provided.

(c) "Fare revenues" means the total revenues collected from the operation of a particular service. Until June 30, 1990, "fare revenues" shall also include that portion of the local operating support for any existing commuter services funded under Section 14031.6 which exceeds the level of local operating support as required by the terms of any agreement in existence on January 1, 1986, between the department and local agencies.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Commuter rail service on the San Francisco Peninsula will be interrupted and many residents of the area will be unable to travel to their places of business, recreation, and commerce unless fare revenues are defined to include local support as specified in this act.

CHAPTER 838

An act to add and repeal Title 6 (commencing with Section 890) of Part 2 of Division 2 of the Civil Code, relating to real property.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Title 6 (commencing with Section 890) is added to Part 2 of Division 2 of the Civil Code, to read:

TITLE 6. RENT SKIMMING

890. (a) "Rent skimming" means using revenue received from the rental of a parcel of residential real property at any time during the first year period after acquiring that property without first applying the revenue or an equivalent amount to the payments due on all mortgages and deeds of trust encumbering that property.

(b) "Multiple acts of rent skimming" means knowingly and willfully rent skimming with respect to each of five or more parcels of residential real property acquired within any two-year period.

(c) "Person" means any natural person, any form of business organization, its officers and directors, and any natural person who authorizes rent skimming or who, being in a position of control, fails to prevent another from rent skimming.

891. (a) A seller of an interest in residential real property who received a promissory note or other evidence of indebtedness for all or a portion of its purchase price secured by a lien on the property may bring an action against any person who has engaged in rent skimming with respect to that property. A seller who prevails in the action shall recover all actual damages and reasonable attorney's fees and costs. The court may award any appropriate equitable relief. The court shall award exemplary damages of not less than three times the actual damages if the defendant has engaged in multiple acts of rent skimming and may award exemplary damages in other cases.

(b) A seller of an interest in residential real property who reacquires the interest from a person who has engaged in rent skimming with respect to that property, or a law enforcement agency, may request the court for an order declaring that the reacquired interest is not encumbered by any lien that is or has the effect of a judgment lien against the person who engaged in rent skimming if the lien is not related to any improvement of the property and does not represent security for loan proceeds made by a bona fide lien holder without knowledge of facts constituting a violation of this title. The motion or application shall be made with at least 30 days' advance written notice to all persons who may be affected by the order, including lienholders, and shall be granted

unless the interests of justice would not be served by such an order.

(c) A mortgagee or beneficiary under a deed of trust encumbering residential real property may bring an action against a person who has engaged in rent skimming with respect to that property as one of multiple acts of rent skimming, whether or not the person has become contractually bound by an obligation secured by the mortgage or deed of trust. The mortgagee or beneficiary who prevails in the action shall recover actual damages to the extent of the amount of the rent collected on the encumbered property and attorney's fees and costs. The court also may order any appropriate equitable relief and may award exemplary damages.

(d) A tenant of residential real property may bring an action against a person who has engaged in rent skimming with respect to that property for the recovery of actual damages, including any security, as defined in Section 1950.5, and moving expenses if the property is sold at a foreclosure sale and the tenant was required to move. A prevailing plaintiff in such an action shall be awarded reasonable attorney's fees and costs. The court also may award exemplary damages; it shall award exemplary damages of at least three times the amount of actual damages if the payments due under any deed of trust or mortgage were two or more months delinquent at the time the tenant rented the premises or if the defendant has engaged in multiple acts of rent skimming.

(e) The rights and remedies provided in this section are in addition to any other rights and remedies provided by law.

(f) Rent skimming is unlawful, and any waiver of the provisions of this section are void and unenforceable as contrary to public policy.

(g) Sections 580a, 580b, 580d, and 726 of the Code of Civil Procedure do not apply to any action brought under this title.

892. (a) Any person who engages in multiple acts of rent skimming is subject to criminal prosecution. Each act of rent skimming comprising the multiple acts of rent skimming shall be separately alleged. A person found guilty of five acts shall be punished by imprisonment in the state prison or by imprisonment in the county jail for not more than one year, by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment. A person found guilty of additional acts shall be separately punished for each additional act by imprisonment in the state prison or by imprisonment in the county jail for not more than one year, by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(b) If a defendant has been once previously convicted of a violation of subdivision (a), any subsequent knowing and willful act of rent skimming shall be punishable by imprisonment in the state prison or by imprisonment in the county jail for not more than one year, or by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(c) A prosecution for a violation of this section shall be

commenced within three years after the date of the acquisition of the last parcel of property that was the subject of the conduct for which the defendant is prosecuted.

(d) The penalties under this section are in addition to any other remedies or penalties provided by law for the conduct proscribed by this section.

893. (a) It is an affirmative defense for a natural person who is a defendant in a civil action brought under Section 891, or a criminal action brought under Section 892, if all of the following occurred:

(1) The defendant used the rental revenue due but not paid to holders of mortgages or deeds of trust to make payments to any of the following:

(A) Health care providers, as defined in paragraph (2) of subdivision (c) of Section 6146 of the Business and Professions Code, for the unforeseen and necessary medical treatment of the defendant or his or her spouse, parents, or children.

(B) Licensed contractors or material suppliers to correct the violation of any statute, ordinance, or regulation relating to the habitability of the premises.

(2) The defendant made the payments within 30 days of receiving the rental revenue.

(3) The defendant had no other source of funds from which to make the payments.

(b) The defendant has the burden of producing evidence of each element of the defense specified in subdivision (a) in a criminal action under Section 892 and the burden of proof of each element of the defense in a civil action under Section 891.

894. If any provision of this title or the application thereof to any person or circumstances is held to be unconstitutional, the remainder of the title and the application of its provisions to other persons and circumstances shall not be affected thereby.

895. This title shall remain in effect only until January 1, 1992, and on that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 839

An act to amend Section 66484.3 of the Government Code, and to amend Sections 99233.2 and 99233.5 of the Public Utilities Code, relating to public transportation.

[Approved by Governor September 16, 1986 Filed with Secretary of State September 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 66484.3 of the Government Code is amended to read:

66484.3. (a) The Board of Supervisors of the County of Orange and the city council of any city in that county may, by ordinance, require the payment of a fee as a condition of approval of a final map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges over waterways, railways, freeways, and canyons, or constructing major thoroughfares.

(b) The local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and, in the case of bridges, to the transportation provisions or flood control provisions of the general plan which identify railways, freeways, streams, or canyons for which bridge crossings are required on general plan or local roads and in the case of major thoroughfares, to the provisions of the circulation element which identify those major thoroughfares whose primary purpose is to carry through traffic and provide a network connecting to or which is part of the state highway system, and the circulation element, transportation provisions, or flood control provisions have been adopted by the local agency 30 days prior to the filing of a map or application for a building permit. Bridges which are part of a major thoroughfare need not be separately identified in the transportation or flood control provisions of the general plan.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905. In addition to the requirements of Section 65905, the notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost, and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of any map or building permit application considered at the proceedings.

(3) The ordinance provides that at the public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of allocation of costs to the area of benefit and fee apportionment are established. The method of fee

apportionment, in the case of major thoroughfares, shall not provide for higher fees on land which abuts the proposed improvement except where the abutting property is provided direct usable access to the major thoroughfare. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be incorporated in a resolution of the governing body, a certified copy of which shall be recorded by the governing body conducting the hearing with the recorder of the county in which the area of benefit is located. The resolution may subsequently be modified in any respect by the governing body. Modifications shall be adopted in the same manner as the original resolution. Any modification shall be subject to the protest procedures prescribed by paragraph (6) of this subdivision. The resolution may provide for automatic periodic adjustment of fees based upon the California Construction Cost Index prepared and published by the Department of Transportation, without further action of the governing body, including, but not limited to, public notice or hearing. The apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final map or as a condition of issuing a building permit for any of the property or portions of the property. Where the area of benefit includes lands not subject to the payment of fees pursuant to this section, the governing body shall make provision for payment of the share of improvement costs apportioned to those lands from other sources, but those sources need not be identified at the time of the adoption of the resolution.

(4) The ordinance provides that payment of fees shall not be required unless the major thoroughfares are in addition to, or a reconstruction or widening of, any existing major thoroughfares serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is an original bridge serving the area or an addition to any existing bridge facility serving the area at the time of the adoption of the boundaries of the area of benefit. Fees imposed pursuant to this section shall not be expended to reimburse the cost of existing bridge facility construction, unless these costs are incurred in connection with the construction of an addition to an existing bridge for which fees may be required.

(6) The ordinance provides that if, within the time when protests may be filed under its provisions, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under the provisions of this section, unless the protests

are overruled by an affirmative vote of four-fifths of the legislative body.

Nothing in this section shall preclude the processing and recordation of maps in accordance with other provisions of this division if proceedings are abandoned.

Any protests may be withdrawn in writing by the owner who filed the protest, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within the one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of more than one-half of the area of the property to be benefited are in favor of going forward with that portion of the improvement or acquisition.

(c) Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility or major thoroughfare fund. A fund shall be established for each planned bridge facility project or each planned major thoroughfare project. If the benefit area is one in which more than one bridge or major thoroughfare is required to be constructed, a fund may be so established covering all of the bridge or major thoroughfare projects in the benefit area. Moneys in the fund shall be expended solely for the construction or reimbursement for construction of the improvement serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or a city for the cost of constructing the improvement.

(d) An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

(e) The county or a city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the improvements and may reimburse the general fund or road fund from planned bridge facility or major thoroughfares funds established to finance the construction of the improvements.

(f) The county or a city imposing fees pursuant to this section may incur an interest-bearing indebtedness for the construction of bridge facilities or major thoroughfares. The sole security for repayment of the indebtedness shall be moneys in planned bridge facility or major thoroughfares funds.

(g) The term "construction," as used in this section, includes design, acquisition of right-of-way, administration of construction contracts, and actual construction, and also includes reasonable

administrative expenses, not exceeding six hundred thousand dollars ($600,000) in any calendar year, incurred in association with those activities.

(h) Nothing in this section shall be construed to preclude the County of Orange or any city within that county from providing funds for the construction of bridge facilities or major thoroughfares to defray costs not allocated to the area of benefit.

(i) Any city within the County of Orange may require the payment of fees in accordance with this section as to any property in an area of benefit within the city's boundaries, for facilities shown on its general plan or the county's general plan, whether the facilities are situated within or outside the boundaries of the city, and the county may expend fees for facilities or portions thereof located within cities in the county.

(j) The validity of any fee required pursuant to this section shall not be contested in any action or proceeding unless commenced within 60 days after recordation of the resolution described in paragraph (3) of subdivision (b). The provisions of Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure shall be applicable to any such action or proceeding. This subdivision shall also apply to modifications of fee programs.

SEC. 2. Section 99233.2 of the Public Utilities Code is amended to read:

99233.2. (a) Except as provided in subdivision (b), there shall be allocated to the transportation planning agency, if it is statutorily created, such sums as it may approve, up to 3 percent of annual revenues, for the conduct of the transportation planning and programming process, unless a greater amount is approved by the director.

(b) In those areas that have a county transportation commission created pursuant to Section 130050, up to 1 percent of annual revenues shall be allocated to the commission in Los Angeles County, up to 2 percent of the annual revenues shall be allocated to the commissions in Riverside and San Bernardino Counties, and up to 3 percent of annual revenues shall be allocated to the commission in Orange County for the transportation planning and programming process. In addition, up to three-fourths of 1 percent of annual revenues, but not more than one million dollars ($1,000,000) per year, shall be allocated to the multicounty designated transportation planning agency, as defined in Section 130004, for the transportation planning and programming process. No operator shall grant any funds it receives under this chapter to the designated multicounty transportation planning agency for the purposes of the agency carrying out its responsibilities under Division 12 (commencing with Section 130000).

SEC. 3. Section 99233.5 of the Public Utilities Code is amended to read:

99233.5. (a) Up to 2 percent of the remaining money in the fund for the areas under the jurisdiction of the transit development boards

created pursuant to Division 11 (commencing with Section 120000) and Division 11.5 (commencing with Section 125000) shall be allocated for transportation planning pursuant to Sections 120300 and 125301 to the council of governments that is the transportation planning agency for those areas.

(b) (1) Up to 10 percent of the remaining money for the area under the jurisdiction of a transit development board created pursuant to Division 11 (commencing with Section 120000) shall be allocated to the transit development board to carry out its administrative and planning powers, duties, and functions and its construction and acquisition programs.

(2) Thereafter, the remaining money for allocation in that area shall be allocated by the transportation planning agency to claimants as directed by the transit development board.

CHAPTER 840

An act to amend Sections 31558, 31558.1, 31558.2, 31558.6, 31639.3, 31662.4, 31662.6, 31662.8, 31663, 31663.25, 31663.26, and 31700 of the Government Code, relating to county retirement.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 31558 of the Government Code is amended to read:

31558. Sec. 621 et seq.), the federal law prevails and that a Los Angeles County maximum age limit of 35 years for entry level employment in positions of deputy sheriff and fire department helicopter pilots violates that federal law; that the federal Equal Employment Opportunity Commission, acting pursuant to that federal law, is and has been initiating related proceedings against various counties; and that it is the intent of the Legislature in enacting this act to remove all such conflicts, similar conflicts, and related matters and, therefore, to eliminate the costs of counties in defending themselves in such proceedings, except for those counties which elect to retain mandatory retirement ages.

Upon determination that the applicant has provided satisfactory evidence of ability and intent, the department shall issue a preliminary approval for licensure, for purposes of the applicant obtaining a permit to sell deposit subscriptions for life care contracts. Preliminary approval does not guarantee that a license will be issued by the department.

SEC. 3. Section 1569.18 of the Health and Safety Code is amended to read:

1569.18. (a) A fee adjusted by facility and capacity shall be charged by the department for the issuance or renewal of a license to operate a residential care facility for the elderly or for processing any application therefor. The revenues collected shall be used in addition to any other funds appropriated in support of the licensing program.

The department shall not utilize any portion of these revenues sooner than 30 days after notification in writing of the purpose and

use, as approved by the Department of Finance, the Joint Legislative Budget Committee and the chairpersons of the committee in each house that considers appropriations for each fiscal year. For fiscal year 1986–87 and thereafter, the department shall submit a budget change proposal to justify any positions or any other related support costs on an ongoing basis.

A complaint may be made either orally or in writing.

(b) The substance of the complaint shall be provided to the licensee no earlier than at the time of the inspection. Unless the complainant specifically requests otherwise, neither the substance of the complaint provided the licensee nor any copy of the complaint or any record published, released, or otherwise made available to the licensee shall disclose the name of any person mentioned in the complaint except the name of any duly authorized officer, employee, or agent of the department conducting the investigation or inspection pursuant to this chapter.

(c) Upon receipt of a complaint, other than a complaint alleging denial of a statutory right of access to a residential care facility for the elderly, the department shall make a preliminary review and, unless

the department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection within 10 days after receiving the complaint except where the visit would adversely affect the licensing investigation or the investigation of other agencies, including, but not limited to, law enforcement agencies. In either event, the complainant shall be promptly informed of the department's proposed course of action.

(d) Upon receipt of a complaint alleging denial of a statutory right of access to a residential facility for the elderly, the department shall review the complaint. The complainant shall be notified promptly of the department's proposed course of action.

During that one-year period the copy of the notices transmitted and the proof of the transmittal shall be open for public inspection.

(b) The department shall provide the names and addresses of the state ombudsman in the Department of Aging and, where applicable, the local ombudsman, to each residential care facility for the elderly.

SEC. 7. Section 1569.44 of the Health and Safety Code is amended to read:

1569.44. (a) A facility shall be deemed to be an "unlicensed residential facility for the elderly" and "maintained and operated to provide residential care" if it is unlicensed and not exempt from licensure, and any one of the following conditions is satisfied:

(1) The facility is providing care and supervision services, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

(2) The facility is held out as, or represented as, providing care and supervision and services, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

(3) The facility accepts or retains residents who demonstrate the need for care and supervision and services, as defined by this chapter or the rules and regulations adopted pursuant to this chapter.

(c) Upon discovery of an unlicensed residential care facility for

the elderly, the department shall refer residents to the appropriate placement or adult protective services agency or the appropriate local or state long-term care ombudsman, if either of the following conditions exist:

(1) There is an immediate threat to the clients' health and safety.

(2) The facility will not cooperate with the licensing agency to apply for a license, meet licensing standards, and obtain a valid license.

SEC. 8. Section 1569.66 of the Health and Safety Code is amended to read:

1569.66. At least annually, the director shall publish and make available to interested persons a list or lists covering all licensed residential care facilities for the elderly and the services for which each facility has been licensed. A list or lists containing changes shall be published and made available periodically, as determined by the director.

SEC. 9. Section 1569.50 of the Health and Safety Code is amended to read:

1569.50. The department may suspend or revoke any license issued under this chapter upon any of the following grounds and in the manner provided in this chapter:

(a) Violation by the licensee of this chapter or of the rules and regulations adopted under this chapter.

(b) Aiding, abetting, or permitting the violation of this chapter or of the rules and regulations adopted under this chapter.

(c) Conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility or the people of the State of California.

(d) The conviction of a licensee, or other person mentioned in Section 1569.17 at any time during licensure, of a crime as defined in Section 1569.17.

The director may temporarily suspend any license, prior to any hearing when, in the opinion of the director, the action is necessary to protect residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date of the temporary suspension and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

SEC. 10. Section 1569.67 of the Health and Safety Code is repealed.

SEC. 11. Article 8 (commencing with Section 1569.80) is added to Chapter 3.3 of Division 2 of the Health and Safety Code, to read:

Article 8. Local Regulation

1569.82. The Legislature hereby declares that it is the policy of this state that each county and city shall permit and encourage the development of sufficient numbers of residential care facilities for the elderly as are commensurate with local need.

This article shall apply equally to any chartered city, general law city, county, city and county, district, and any other local public entity.

For the purposes of this article, "six or fewer persons" does not include the licensee or members of the licensee's family or persons employed as facility staff.

1569.83. Any person licensed under this chapter who operates, or proposes to operate a residential care facility for the elderly, the department or other public agency authorized to license the facility, or any public or private agency which uses or may use the services of the facility to place its clients, may invoke this article.

This section shall not be construed to prohibit any interested party from bringing suit to invoke this article.

1569.84. A residential care facility for the elderly, which serves six or fewer persons shall not be subject to any business taxes, local registration fees, use permit fees, or other fees to which other single family dwellings are not likewise subject. Nothing in this section shall be construed to forbid the imposition of local property taxes, fees for water service and garbage collection, fees for inspections not prohibited by Section 1569.85, local bond assessments, and other fees, charges, and assessments to which other single-family dwellings are likewise subject. Neither the State Fire Marshal nor any local public entity shall charge any fee for enforcing fire inspection regulations pursuant to state law or regulation or local ordinance, with respect to residential care facilities for the elderly which service six or fewer persons.

1569.85. Whether or not unrelated persons are living together, a residential care facility for the elderly which serves six or fewer persons shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of the facility shall be considered a family for the purposes of any law or zoning ordinance which relates to the residential use of property pursuant to this article.

For the purpose of all local ordinances, a residential care facility for the elderly which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution or home for the care of the aged, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the residential care facility for the elderly is a business run for profit or differs in any other way from a single-family residence.

This section shall not be construed to forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of a residential care facility for the elderly which serves six or fewer persons as long as the restrictions are identical to those applied to other family residences.

This section shall not be construed to forbid the application to a residential care facility for the elderly of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity if the ordinance does not distinguish residential care facilities for the elderly which serve six or fewer persons from other single-family dwellings; and if the ordinance does not distinguish residents of the residential care facilities for the elderly from persons who reside in other single-family dwellings.

No conditional use permit, zoning variance, or other zoning clearance shall be required of a residential care facility for the elderly which serves six or fewer persons which is not required of a single-family residence in the same zone.

Use of a single-family dwelling for purposes of a residential care facility for the elderly serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section is intended to supersede Section 13143 or 13143.6, to the extent these sections are applicable to residential care facilities for the elderly providing care for six or fewer residents.

1569.86. No fire inspection clearance or other permit, license, clearance, or similar authorization shall be denied to a residential care facility for the elderly because of a failure to comply with local ordinances from which the facilities are exempt under Section 1569.85, provided that the applicant otherwise qualifies for the fire clearance, license, permit, or similar authorization.

1569.87. For the purposes of any contract, deed, or covenant for the transfer of real property executed on or after January 1, 1979, a residential facility for the elderly which serves six or fewer persons shall be considered a residential use of property and a use of property by a single family, notwithstanding any disclaimers to the contrary.

Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus money which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

The provisions of this subdivision shall not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act.

As used in this article, "confidential communication" means information transmitted between the victim and the counselor in the course of their relationship and in confidence by a means which, so far as the victim is aware, discloses the information to no third persons other than those who are present to further the interests of the victim in the consultation or those to whom disclosures are reasonably necessary for the transmission of the information or an accomplishment of the purposes for which the domestic violence counselor is consulted. It includes all information regarding the facts and circumstances involving all incidences of domestic violence, as well as all information about the children of the victim or abuser and the relationship of the victim with the abuser.

The court may compel disclosure of information received by a domestic violence counselor which constitutes relevant evidence of the facts and circumstances involving a crime allegedly perpetrated against the victim or another household member and which is the subject of a criminal proceeding, if the court determines that the probative value of the information outweighs the effect of disclosure of the information on the victim, the counseling relationship, and the counseling services. The court may compel disclosure if the victim is either dead or not the complaining witness in a criminal action against the perpetrator. The court may also compel disclosure in proceedings related to child abuse if the court determines that the probative value of the evidence outweighs the effect of the disclosure on the victim, the counseling relationship, and the counseling services.

When a court rules on a claim of privilege under this article, it may require the person from whom disclosure is sought or the person authorized to claim the privilege, or both, to disclose the information in chambers out of the presence and hearing of all persons except the person authorized to claim the privilege and such other persons as the person authorized to claim the privilege consents to have present. If the judge determines that the information is privileged and shall not be disclosed, neither he nor she nor any other person may disclose, without the consent of a person authorized to permit disclosure, any information disclosed in the course of the proceedings in chambers.

If the court determines that information shall be disclosed, the court shall so order and inform the defendant in the criminal action. If the court finds there is a reasonable likelihood that any information is subject to disclosure pursuant to the balancing test provided in this section, the procedure specified in subdivisions (1), (2), and (3) of Section 1035.4 shall be followed.

1037.3. Nothing in this article shall be construed to limit any obligation to report instances of child abuse as required by Section 11166 of the Penal Code.

1037.4. As used in this article, "holder of the privilege" means:

(a) The victim when he or she has no guardian or conservator.

(b) A guardian or conservator of the victim when the victim has a guardian or conservator.

1037.5. A victim of domestic violence, whether or not a party to the action, has a privilege to refuse to disclose, and to prevent another from disclosing, a confidential communication between the victim and a domestic violence counselor if the privilege is claimed by any of the following persons:

(a) The holder of the privilege.

(b) A person who is authorized to claim the privilege by the holder of the privilege.

(c) The person who was the domestic violence counselor at the time of the confidential communication. However, that person may not claim the privilege if there is no holder of the privilege in existence or if he or she is otherwise instructed by a person authorized to permit disclosure.

1037.6. The domestic violence counselor who received or made a communication subject to the privilege granted by this article shall claim the privilege whenever he or she is present when the communication is sought to be disclosed and he or she is authorized to claim the privilege under subdivision (c) of Section 1037.5.

1037.7. (a) "Domestic violence" is abuse perpetrated against a family or household member, or against a person as provided in subdivisions (d) and (e).

(b) "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to herself, himself, or another.

(c) "Family or household member" means a spouse, former spouse, parent, child, any other adult person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who within the last six months regularly resided in the household.

(d) A person who is the parent of a minor child where (1) there exists the presumption that the male parent is the father of any minor child of the female parent pursuant to the Uniform Parentage Act, Part 7 (commencing with Section 7000) of Division 4 of the Civil Code, and (2) one parent has perpetrated abuse as defined in subdivision (b) against the other parent.

(e) A person who is in, or has been in, a dating, courtship, or engagement relationship and abuse as defined in subdivision (b) has been perpetrated against that person by the person with whom they have had a dating, courtship, or engagement relationship.

CHAPTER 855

An act to add Section 69 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 69 is added to the Revenue and Taxation Code, to read:

69. (a) Notwithstanding any other provision of law, pursuant to Section 2 of Article XIII A of the Constitution, the base-year value of property which is substantially damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county which is acquired or newly constructed within two years after the disaster as a replacement for the substantially damaged or destroyed property. At the time the base-year value of the substantially damaged or destroyed property is transferred to the replacement property, the substantially damaged or destroyed property shall be reassessed at its full cash value. If the owner or owners of substantially damaged or destroyed property receive property tax relief under this section, that property shall not be eligible for property tax relief under subdivision (c) of Section 70 in the event of its reconstruction.

(b) The replacement base-year value of the replacement property acquired shall be determined in accordance with this section.

The following procedure shall be used by the assessor in determining the appropriate replacement base-year value of comparable replacement property:

(1) If the full cash value of the comparable replacement property does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed, then the adjusted base-year value of the property substantially damaged or destroyed shall be transferred to the comparable replacement property as its replacement base-year value.

(2) If the full cash value of the replacement property exceeds 120 percent of the full cash value of the property substantially damaged or destroyed, then the amount of the full cash value over 120 percent of the full cash value of the property substantially damaged or destroyed shall be added to the adjusted base-year value of the property substantially damaged or destroyed. The sum of these amounts shall become the replacement property's replacement base-year value.

(3) If the full cash value of the comparable replacement property is less than the adjusted base-year value of the property substantially

damaged or destroyed, then that lower value shall become the replacement property's base-year value.

(4) The full cash value of the property substantially damaged or destroyed shall be the amount of its full cash value immediately prior to its substantial damage or destruction, as determined by the county assessor of the county in which the property is located.

(c) For purposes of this section:

(1) Property is substantially damaged or destroyed if it sustains physical damage amounting to more than 50 percent of its full cash value immediately prior to the disaster. Damage includes a diminution in the value of property as a result of restricted access to the property where the restricted access was caused by the disaster and is permanent in nature.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property which it replaces.

(A) Property is similar in function if the replacement property is subject to similar governmental restrictions, such as zoning.

(B) Both the size and utility of property are interrelated and associated with value. Property is similar in size and utility only to the extent that the replacement property is, or is intended to be, used in the same manner as the property substantially damaged or destroyed and its full cash value does not exceed 120 percent of the full cash value of the property substantially damaged or destroyed.

(i) A replacement property or any portion thereof used or intended to be used for a purpose substantially different than the use made of the property substantially damaged or destroyed shall to the extent of the dissimilar use be considered not similar in utility.

(ii) A replacement property or portion thereof which satisfies the use requirement but has a full cash value which exceeds 120 percent of the full cash value of the property substantially damaged or destroyed shall be considered, to the extent of the excess, not similar in utility and size.

(C) To the extent that replacement property, or any portion thereof, is not similar in function, size, and utility, the property, or portion thereof, shall be considered to have undergone a change in ownership when the replacement property is acquired or newly constructed.

(3) "Disaster" means a major misfortune or calamity in an area subsequently proclaimed by the Governor to be in a state of disaster as a result of the misfortune or calamity.

(d) This section shall apply to any comparable replacement property acquired or newly constructed on or after July 1, 1985.

(e) Only the owner or owners of the property substantially damaged or destroyed, whether one or more individuals, partnerships, corporations, other legal entities, or a combination thereof, shall receive property tax relief under this section. Relief under this section shall be granted to an owner or owners of substantially damaged or destroyed property obtaining title to

replacement property. The acquisition of an ownership interest in a legal entity which, directly or indirectly, owns real property is not an acquisition of comparable property.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the duties, obligations, or responsibilities imposed on local government by this act were expressly included in a ballot measure approved by the voters in a statewide election.

SEC. 3. This act shall not become operative unless Senate Constitutional Amendment No. 28 of the 1985–86 Regular Session is adopted by the voters. In that event, this act shall become operative on the effective date of Senate Constitutional Amendment No. 28.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the property tax relief provided by this act to owners of substantially damaged or destroyed real property may be available contemporaneously with the adoption by the voters of Senate Constitutional Amendment No. 28 of the 1985–86 Regular Session, it is necessary that this act go into immediate effect.

CHAPTER 856

An act to amend Sections 50533.2 50533.4, 50533.5, and 50533.7 of, and to repeal Section 50533.3 of, the Health and Safety Code, relating to housing.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 50533.2 of the Health and Safety Code is amended to read:

50533.2. (a) The department shall administer the Senior Citizens' Shared Housing Program and select eligible sponsors to establish or continue programs that assist seniors in finding other seniors and nonseniors with whom to share existing housing units.

(b) Not less than 90 percent of the funds available pursuant to this chapter shall be allocated by the department for the establishment or continuance of programs described in subdivision (a). The department may make up to 10 percent of the funds available to eligible sponsors that have operational shared housing programs and which demonstrate the capability to provide technical assistance to other eligible sponsors inexperienced in the operation of shared housing programs, which intend to establish, or already operate those programs as of January 1, 1987, in areas where there is a

demonstrated need for those programs.

(c) "Eligible sponsors," as used in this chapter, means nonprofit corporations, as defined in Section 50091, and local public entities, as defined in Section 50079.

SEC. 2. Section 50533.3 of the Health and Safety Code is repealed.

SEC. 3. Section 50533.4 of the Health and Safety Code is amended to read:

50533.4. (a) The department shall establish criteria to analyze the effectiveness of proposals made by eligible sponsors which seek funds pursuant to this chapter. Those criteria shall include, but not be limited to, all of the following:

(1) At least 50 percent of those individuals expected to change their living arrangements from that of living alone to sharing existing housing shall be seniors.

(2) Seniors assisted in finding shared living arrangements shall be expected to experience a reduced cost of living, which is less than the cost of institutionalization, due to their change in living arrangements.

(3) Eligible sponsors shall provide an equal match of funds. However, no match of funds shall be required if the department determines that an eligible sponsor has the capability to carry out the purposes specified in this chapter, was organized within the preceding 12 months, and is unable to provide the equal match of funds.

The department's criteria shall include recognition of the special needs shown in proposals which are targeted toward the special needs of the frail elderly, including the provision of special care and services. For these purposes, "frail elderly" means a person 60 years of age or older who has chronic physical or mental limitations which restrict his or her ability to carry out normal activities of daily living and which threaten an individual's capacity to live an independent life.

(b) The department shall consult with the Department of Aging with respect to the administration of the Senior Citizens' Shared Housing Program, including, but not limited to, administrative activities related to the solicitation and review of proposals and the award of funds.

SEC. 4. Section 50533.5 of the Health and Safety Code is amended to read:

50533.5. Funds allocated to eligible sponsors pursuant to this chapter shall be utilized only for staff and office operation costs. No eligible sponsor shall receive more than fifty thousand dollars ($50,000) in any calendar year. The department may utilize funds appropriated for the purposes of this chapter for administrative costs incurred in order to implement this chapter.

SEC. 5. Section 50533.7 of the Health and Safety Code is amended to read:

50533.7. The department shall make a final report six months after the termination of the grant period for each round of funding.

CHAPTER 857

An act to amend Sections 65865 and 65865.4 of, and to add Section 65865.3 to, the Government Code, relating to local government.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 65865 of the Government Code is amended to read:

65865. (a) Any city, county, or city and county, may enter into a development agreement with any person having a legal or equitable interest in real property for the development of the property as provided in this article.

(b) Any city may enter into a development agreement with any person having a legal or equitable interest in real property in unincorporated territory within that city's sphere of influence for the development of the property as provided in this article. However, the agreement shall not become operative unless annexation proceedings annexing the property to the city are completed within the period of time specified by the agreement. If the annexation is not completed within the time specified in the agreement or any extension of the agreement, the agreement is null and void.

(c) Every city, county, or city and county, shall, upon request of an applicant, by resolution or ordinance, establish procedures and requirements for the consideration of development agreements upon application by, or on behalf of, the property owner or other person having a legal or equitable interest in the property.

(d) A city, county, or city and county may recover from applicants the direct costs associated with adopting a resolution or ordinance to establish procedures and requirements for the consideration of development agreements.

SEC. 2. Section 65865.3 is added to the Government Code, to read:

65865.3. (a) Except as otherwise provided in subdivision (b), Section 65868, or Section 65869.5, notwithstanding any other law, if a newly incorporated city comprises territory that was formerly unincorporated, any development agreement entered into by the county prior to the effective date of the incorporation shall remain valid within the newly incorporated city for the duration of the agreement, or eight years from the effective date of the incorporation, whichever is earlier. The holder of the development agreement and the newly incorporated city may agree that the development agreement shall remain valid for more than eight years, provided that the longer period shall not exceed 15 years from the effective date of the incorporation. The holder of the development agreement and the newly incorporated city shall have

the same rights and obligations with respect to each other as if the property had remained in the unincorporated territory of the county.

(b) The newly incorporated city may modify or suspend the provisions of the development agreement if the city determines that the failure of the city to do so would place the residents of the territory subject to the development agreement, or the residents of the city, or both, in a condition dangerous to their health or safety, or both.

(c) Except as otherwise provided in subdivision (d), this section applies to any development agreement which meets both of the following requirements:

(1) The application for the agreement is submitted to the county prior to the date that the first signature was affixed to the petition for incorporation pursuant to Section 56704 or the adoption of the resolution pursuant to Section 56800, whichever occurs first.

(2) The county enters into the agreement with the applicant prior to the date of the election on the question of incorporation.

(d) This section does not apply to any territory subject to a development agreement if that territory is incorporated and the effective date of the incorporation is prior to January 1, 1987.

SEC. 3. Section 65865.4 of the Government Code is amended to read:

65865.4. Unless amended or canceled pursuant to Section 65868, or modified or suspended pursuant to Section 65869.5, and except as otherwise provided in subdivision (b) of Section 65865.3, a development agreement shall be enforceable by any party thereto notwithstanding any change in any applicable general or specific plan, zoning, subdivision, or building regulation adopted by the city, county, or city and county entering the agreement, which alters or amends the rules, regulations, or policies specified in Section 65866.

SEC. 4. The Legislature declares that the amendment to Section 65865.3 of the Government Code limiting the period of time that a development agreement shall remain valid in a newly incorporated city shall not be construed as an indication by the Legislature as to the appropriate duration of other development agreements.

CHAPTER 858

An act to amend Sections 2960 and 2970 of, and to add Sections 2962, 2964, 2966, 2968, 2972, 2974, 2976, 2978, and 2980 to, the Penal Code, relating to mentally disordered offenders.

[Approved by Governor September 16, 1986 Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2960 of the Penal Code is amended to read:

2960. The Legislature finds that there are prisoners who have a treatable, severe mental disorder that was one of the causes of, or was an aggravating factor in the commission of the crime for which they were incarcerated. Secondly, the Legislature finds that if the severe mental disorders of those prisoners are not in remission or cannot be kept in remission at the time of their parole or upon termination of parole, there is a danger to society, and the state has a compelling interest in protecting the public. Thirdly, the Legislature finds that in order to protect the public from those persons it is necessary to provide mental health treatment until the severe mental disorder which was one of the causes of or was an aggravating factor in the person's prior criminal behavior is in remission and can be kept in remission.

The Legislature further finds and declares the Department of Corrections should evaluate each prisoner for severe mental disorders during the first year of the prisoner's sentence, and that severely mentally disordered prisoners should be provided with an appropriate level of mental health treatment while in prison and when returned to the community.

SEC. 2. Section 2962 is added to the Penal Code, to read:

2962. As a condition of parole, a prisoner who meets the following criteria shall be required to be treated by the State Department of Mental Health, and the State Department of Mental Health shall provide the necessary treatment:

(a) The prisoner has a severe mental disorder that is not in remission or cannot be kept in remission without treatment. The term "severe mental disorder" means an illness or disease or condition that substantially impairs the person's thought, perception of reality, emotional process, or judgment; or which grossly impairs behavior; or that demonstrates evidence of an acute brain syndrome for which prompt remission in the absence of treatment is unlikely. The term "severe mental disorder" as used in this section does not include a personality or adjustment disorder, epilepsy, mental retardation or other developmental disabilities, or addiction to or abuse of intoxicating substances. The term "remission" means a finding that the overt signs and symptoms of the severe mental disorder are controlled either by psychotropic medication or

psychosocial support. A person "cannot be kept in remission without treatment" if during the year prior to the question being before the Board of Prison Terms or a trial court, he or she has been in remission and he or she has been physically violent, except in self-defense, or he or she has made a serious threat of substantial physical harm upon the person of another so as to cause the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family, or he or she has intentionally caused property damage, or he or she has not voluntarily followed the treatment plan. In determining if a person has voluntarily followed the treatment plan, the standard shall be whether the person has acted as a reasonable person would in following the treatment plan.

(b) The severe mental disorder was one of the causes of or was an aggravating factor in the commission of a crime for which the prisoner was sentenced to prison.

(c) The prisoner has been in treatment for the severe mental disorder for 90 days or more within the year prior to the prisoner's parole or release.

(d) Prior to release on parole the person in charge of treating the prisoner and a practicing psychiatrist or psychologist from the State Department of Mental Health have evaluated the prisoner at a facility of the Department of Corrections, and a chief psychiatrist of the Department of Corrections has certified to the Board of Prison Terms that the prisoner has a severe mental disorder, that the disorder is not in remission, or cannot be kept in remission without treatment, and that the severe mental disorder was one of the causes or was an aggravating factor in the prisoner's criminal behavior. For prisoners being treated by the State Department of Mental Health pursuant to Section 2684, the certification shall be by a chief psychiatrist of the Department of Corrections, and the evaluation shall be done at a state hospital by the person at the state hospital in charge of treating the prisoner and a practicing psychiatrist or psychologist from the Department of Corrections.

If the professionals doing the evaluation do not concur that (1) the prisoner has a severe mental disorder, or (2) that the disorder is not in remission or cannot be kept in remission without treatment, or (3) that the severe mental disorder was a cause of, or aggravated the prisoner's criminal behavior, and a chief psychiatrist has certified the prisoner to the Board of Prison Terms pursuant to this paragraph, then the Board of Prison Terms shall order a further examination by two independent professionals, as provided for in Section 2978. Only if both independent professionals concur with the chief psychiatrist's certification, shall the provisions of this subdivision be applicable to the prisoner.

(e) The crime referred to in subdivision (b) was a crime in which the prisoner used force or violence, or caused serious bodily injury as defined in paragraph (5) of subdivision (e) of Section 243.

SEC. 3. Section 2964 is added to the Penal Code, to read:

2964. (a) The treatment required by Section 2962 shall be

inpatient unless the State Department of Mental Health certifies to the Board of Prison Terms that there is reasonable cause to believe the parolee can be safely and effectively treated on an outpatient basis, in which case the Board of Prison Terms shall permit the State Department of Mental Health to place the parolee in an outpatient treatment program specified by the State Department of Mental Health. Any prisoner who is to be required to accept treatment pursuant to Section 2962 shall be informed in writing of his or her right to request a hearing pursuant to Section 2966. Prior to placing a parolee in a local outpatient program, the State Department of Mental Health shall consult with the local outpatient program as to the appropriate treatment plan. Notwithstanding any other provision of law, a parolee ordered to have outpatient treatment pursuant to this section may be placed in an outpatient treatment program used to provide outpatient treatment under Title 15 (commencing with Section 1600) of Part 2, but the procedural provisions of Title 15 shall not apply. The director of an outpatient program used to provide treatment under Title 15 in which a parolee is placed may place the parolee in a secure mental health facility if the parolee can no longer be safely or effectively treated in the outpatient program, and until the parolee can be safely and effectively treated in the program. Within 15 days after placement in a secure facility the State Department of Mental Health shall conduct a hearing on whether the parolee can be safely and effectively treated in the program. Before deciding to seek revocation of the parole of a parolee receiving mental health treatment pursuant to Section 2962, and return him or her to prison, the parole officer shall consult with the director of the parolee's outpatient program.

(b) If the State Department of Mental Health has not placed a parolee on outpatient treatment within 60 days after receiving custody of the parolee or after parole is continued pursuant to Section 3001, the parolee may request a hearing before the Board of Prison Terms, and the board shall conduct a hearing to determine whether the prisoner shall be treated as an inpatient or an outpatient. At the hearing, the burden shall be on the State Department of Mental Health to establish that the prisoner requires inpatient treatment as described in this subdivision. If the prisoner or any person appearing on his or her behalf at the hearing requests it, the board shall appoint two independent professionals as provided for in Section 2978.

SEC. 4. Section 2966 is added to the Penal Code, to read:

2966. (a) A prisoner may request a hearing before the Board of Prison Terms, and the board shall conduct a hearing if so requested, for the purpose of proving that the prisoner meets the criteria in Section 2962. At the hearing the burden of proof shall be on the person or agency who certified the prisoner under subdivision (d) of Section 2962. If the prisoner or any person appearing on his or her behalf at the hearing requests it, the board shall appoint two

independent professionals as provided for in Section 2978. The prisoner shall be informed at the hearing of his or her right to request a trial pursuant to subdivision (b). The Board of Prison Terms shall provide a prisoner who requests a trial a petition form and instructions for filing the petition.

(b) A prisoner who disagrees with the determination of the Board of Prison Terms that he or she meets the criteria of Section 2962, may file in the superior court of the county in which he or she is incarcerated or is being treated a petition for a hearing on whether he or she meets the criteria of Section 2962. The court shall conduct a hearing on the petition within 60 calendar days after the petition is filed, unless either time is waived by the petitioner or his counsel, or good cause is shown. The order of the Board of Prison Terms shall be in effect until the completion of the court proceedings. The court shall advise the petitioner of his or her right to be represented by an attorney and of the right to a jury trial. The attorney for the petitioner shall be given a copy of the petition, and any supporting documents. The hearing shall be a civil hearing; however, in order to reduce costs, the rules of criminal discovery, as well as civil discovery, shall be applicable. The standard of proof shall be beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney.

(c) If the Board of Prison Terms continues a parolee's mental health treatment under Section 2962 when they continue the parolee's parole under Section 3001, this section shall be applicable for the purpose of determining whether the parolee meets the criteria of Section 2962.

SEC. 5. Section 2968 is added to the Penal Code, to read:

2968. If the prisoner's severe mental disorder is put into remission during the parole period, and can be kept in remission, the Director of Mental Health shall notify the Board of Prison Terms and the State Department of Mental Health shall discontinue treating the parolee.

SEC. 6. Section 2970 of the Penal Code is amended to read:

2970. Not later than 180 days prior to the termination of parole, or release from prison if the prisoner refused to agree to treatment as a condition of parole as required by Section 2962, unless good cause is shown for the reduction of that 180-day period, if the prisoner's severe mental disorder is not in remission or cannot be kept in remission without treatment, the medical director of the state hospital which is treating the parolee, or the county mental health director in charge of the parolee's outpatient program, or the Director of Corrections shall submit to the district attorney of the county in which the parolee is receiving outpatient treatment, or for those in prison or in a state mental hospital the district attorney of the county of commitment, his or her written evaluation on remission. If requested by the district attorney, the written evaluation shall be accompanied by supporting affidavits. The

district attorney may then file a petition with the superior court for continued involuntary treatment for one year. The petition shall state the reasons necessitating the continued treatment, with accompanying affidavits specifying the conditions in Section 2962 and that treatment during the parole period, if any, has been continuously provided by the State Department of Mental Health either in a state hospital or in an outpatient program. The petition shall also specify why the severe mental disorder is not in remission or cannot be kept in remission if the person's treatment is not continued.

SEC. 7. Section 2972 is added to the Penal Code, to read:

2972. (a) The court shall conduct a hearing on the petition under Section 2970 for continued treatment. The court shall advise the person of his or her right to be represented by an attorney and of the right to a jury trial. The attorney for the person shall be given a copy of the petition, and any supporting documents. The hearing shall be a civil hearing, however, in order to reduce costs the rules of criminal discovery, as well as civil discovery, shall be applicable. The need for continued treatment shall be proven beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been released, unless the time is waived by the person or unless good cause is shown.

(b) The people shall be represented by the district attorney. If the person is indigent, the county public defender shall be appointed.

(c) If the court or jury finds that the patient is a person described in Section 2962, and his or her severe mental disorder is not in remission or cannot be kept in remission without treatment, the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed, or recommitted to the outpatient program in which he or she was being treated at the time the petition was filed, or committed to the State Department of Mental Health if the person was in prison. The commitment shall be for a period of one year from the date of termination of parole or a previous commitment or the scheduled date of release from prison as specified in Section 2970.

(d) A person shall be released on outpatient status if the committing court finds that there is reasonable cause to believe that the committed person can be safely and effectively treated on an outpatient basis. Except as provided in this subdivision, the provisions of Title 15 (commencing with Section 1600) of Part 2, shall apply to persons placed on outpatient status pursuant to this paragraph. The standard for revocation under Section 1609 shall be that the person cannot be safely and effectively treated on an outpatient basis.

(e) Prior to the termination of a commitment under this section, a petition for recommitment may be filed to determine whether the patient remains a person described in Section 2962 whose severe

mental disorder is not in remission or cannot be kept in remission without treatment. The recommitment proceeding shall be conducted in accordance with the provisions of this section.

(f) Any commitment under this article places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

(g) Except as provided in this subdivision, the person committed shall be considered to be an involuntary mental health patient and he or she shall be entitled to those rights set forth in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code. Commencing January 1, 1986, the State Department of Mental Health may adopt regulations to modify those rights as is necessary in order to provide for the reasonable security of the inpatient facility in which the patient is being held. This subdivision and the regulations adopted pursuant thereto shall become operative on January 1, 1987, except that regulations may be adopted prior to that date.

SEC. 8. Section 2974 is added to the Penal Code, to read:

2974. Before releasing any inmate or terminating supervision of any parolee who is a danger to self or others, or gravely disabled as a result of mental disorder, and who does not come within the provisions of Section 2962, the Director of Corrections may, upon probable cause, place, or cause to be placed, the person in a state hospital pursuant to the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code.

CHAPTER 862

An act to amend Sections 7860, 7861, 7862, and 7863 of, to amend and renumber Section 7852.8 of, to add and repeal Sections 7861.3 and 7925 of, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor September 16, 1986 Filed with Secretary of State September 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 7852.8 of the Fish and Game Code is amended and renumbered to read:

7861.6. The owner or operator of each vessel holding a commercial salmon vessel permit under Section 8232 shall obtain a commercial fishing salmon stamp for each vessel owned or operated and pay the fees for the stamp under Section 7860 for each year, whether engaged in commercial fishing for salmon or not.

SEC. 2. Section 7860 of the Fish and Game Code is amended to read:

7860. (a) A commercial fishing salmon stamp, in addition and affixed to a commercial fishing license, entitles the holder to take salmon during the commercial salmon season, and, except as provided in subdivision (b), no salmon may be taken for commercial purposes by anyone who does not have that stamp. The stamp shall be issued for a fee of eighty-five dollars ($85), except as provided in this section, and is valid during the commercial salmon season of the year in which issued. For any commercial salmon season preceded by a commercial salmon season in which the commercial troll salmon landings in this state equal or exceed 3,000,000 pounds dressed weight, as determined by the department, the fee shall be increased by twelve dollars and fifty cents ($12.50) for every 250,000 pounds over 3,000,000 pounds of dressed weight landings up to a maximum of two hundred sixty dollars ($260). This section does not apply to licensees who are 70 years of age or older on April 15 of the year for which the license is issued. Every person licensed and engaged in the taking of salmon on board a vessel shall have a commercial fishing salmon stamp unless the person is exempt pursuant to this section.

(b) Notwithstanding Section 1053, one additional commercial fishing salmon stamp for a crewmember may be issued to the owner or operator of a vessel who holds a commercial fishing salmon stamp issued under Section 7861.6 for the vessel upon application to the department accompanied by the same fee as prescribed in subdivision (a). Notwithstanding subdivision (a), one crewmember of a vessel for which a commercial fishing salmon stamp is issued pursuant to this subdivision may take salmon for commercial purposes as a crewmember on that vessel without obtaining a commercial fishing salmon stamp under the following conditions:

(1) The crewmember is designated by name and commercial fishing license number on a form furnished by the department before salmon are taken on the vessel when that crewmember is aboard.

(2) The crewmember has a valid commercial fishing license issued under Section 7850.

(3) The commercial fishing salmon stamp for the crewmember is affixed to the form prescribed in paragraph (1) on which the crewmember who is exempted by this subdivision is designated by the last entered name and commercial fishing license number.

SEC. 3. Section 7861 of the Fish and Game Code is amended to read:

7861. (a) Except as provided in subdivision (b), all funds collected pursuant to Section 7860 shall be placed in a special account in the Fish and Game Preservation Fund to be appropriated annually by the Legislature for new or expanded salmon restoration and enhancement programs in the state that will serve to increase ocean salmon landings. No moneys in this account shall be used in lieu of other funds appropriated for salmon restoration and enhancement programs presently authorized by law.

(b) Thirty dollars ($30) of the fees collected for each commercial fishing salmon stamp issued shall be used for raising chinook salmon to a yearling size, at which size they shall be released into state waters. The amount of salmon stamp revenues expended for this purpose in any fiscal year shall not exceed the amount expended by the department for the same purpose during the same period. The calculation of the amount expended by the department for this purpose shall not include expenditures made by the department for which reimbursements are received from state or federal agencies, public utilities, or private entities for raising chinook salmon to yearling size as part of a fish mitigation program instituted to compensate for the adverse effect of a dam on natural salmon production. If the department expends no funds other than moneys collected from the sale of salmon stamps or moneys for which reimbursements are received as part of an anadromous fish mitigation program for the raising of chinook salmon to yearling size within the period of a fiscal year, that portion of the commercial fishing salmon stamp program, as specified in in this subdivision, shall be discontinued and no fee shall thereafter be collected for the

issuance of that portion of a salmon stamp.

If the salmon stamps issued pursuant to Section 7860 raise more money for the purpose of this subdivision than is necessary to match the funds expended by the department during any fiscal year, then the excess salmon stamp revenue allocated pursuant to this subdivision may be carried over into the following fiscal year.

SEC. 4. Section 7861.3 is added to the Fish and Game Code, to read:

7861.3. It is the intent of the Legislature that the department use the moneys from the sale of commercial fishing salmon stamps allocated pursuant to subdivision (b) of Section 7861 and the matching share contributed by the department to raise approximately two million chinook salmon annually to yearling size to contribute to the replenishing of California's salmon resource. In no case shall moneys from the General Fund be used to match the salmon stamp revenues expended for this program. It is the further intent of the Legislature that the salmon stamp fee authorized in subdivision (b) of Section 7861 shall generate revenues equal to one-half the amount necessary to raise this number of salmon to yearling size.

SEC. 5. Section 7862 of the Fish and Game Code is amended to read:

7862. A Commercial Salmon Trollers Advisory Committee shall be established consisting of five members selected by the director. One member shall be chosen from the personnel of the department. Four persons shall be selected, with alternates, from a list submitted by a fishermen's organization deemed to represent the commercial salmon fishermen of California. The term of appointment to the committee shall be for two years. Necessary and proper expenses, if any, and per diem shall be paid committee members from the special account created pursuant to subdivision (a) of Section 7861. The rate of per diem shall be the same as the rate established pursuant to Section 8902 of the Government Code.

The committee shall recommend programs and a budget from the special account to the department. The department shall review the programs and the budget and shall include its recommendations regarding these items in the Governor's Budget and submit to the Legislature an annual report on the sale of commercial fishing salmon stamps, the expenditure of funds, and a status report of the programs funded pursuant to Section 7861. The department shall not recommend funding for any program not contained in the committee's recommendations.

SEC. 6. Section 7863 of the Fish and Game Code is amended to read:

7863. This article shall remain in effect only until January 1, 1992, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1992, deletes or extends that date.

SEC. 7. Section 7925 is added to the Fish and Game Code, to read:

7925. The owner or operator of any vessel licensed pursuant to

this article which is operating in waters north of Point Arguello shall procure one commercial fishing salmon stamp pursuant to Section 7860 for the operator and one additional commercial fishing salmon stamp for each crewmember required by United States Coast Guard regulations. The commercial fishing salmon stamps shall be affixed to the vessel's commercial passenger fishing boat license required by Section 7920.

This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

If the agreement specified in Section 51010.6 is entered into, the State Fire Marshal may assess and collect, from every operator of an interstate pipeline having a portion thereof located within this state, as described in the agreement, an annual fee for the purpose of carrying out this chapter. The State Fire Marshal may assess this fee for expenses which will be incurred during the following year. The pipeline operator shall pay this fee when billed by the State Fire Marshal.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 6. The sum of one hundred thirty-seven thousand dollars ($137,000) is hereby appropriated from the Interstate Pipeline Operations Account in the California Hazardous Liquid Pipeline Safety Fund to the State Fire Marshal for expenditure during the

(3) No more than three words designating the principal professions, vocations, or occupations of the candidate. For purposes of this section, all California geographical names shall be considered to be one word.

(4) The phrase "appointed incumbent" if the candidate holds an

office other than a judicial office by virtue of appointment, and the candidate is a candidate for election to the same office, or, if the candidate is a candidate for election to the same office or to some other office, the word "appointed" and the title of the office. In either instance, the candidate may not use the unmodified word "incumbent" or any words designating the office unmodified by the word "appointed." However, the phrase "appointed incumbent" shall not be required of a candidate who seeks reelection to an office which he or she holds and to which he or she was appointed, as a nominated candidate, in lieu of an election, pursuant to Sections 5326, 5327, and 5328 of the Education Code or Section 8873, 9373, 9723, 22844, or 23520 of the Elections Code.

(c) No designation given by a candidate shall be changed by the candidate after the final date for filing nomination papers, except as specifically requested by the election official as specified in subdivision (b) or as provided in subdivision (d).

(d) The designation shall remain the same for all purposes of both primary and general elections unless the candidate, at least 83 days prior to the general election requests in writing a different designation which the candidate is entitled to use at the time of the request.

(e) In all cases words so used shall be printed in 8-point roman uppercase and lowercase type except that if the designation selected is so long that it would conflict with the space requirements of Sections 10207 and 10221, the election official shall use a type size for the designation for each candidate for that office sufficiently smaller

to meet these requirements.

(f) Whenever a foreign language translation of a candidate's designation is required under the Voting Rights Act of 1965, as amended by Public Law 94-73, to appear on the ballot in addition to the English language version, it shall be as short as possible, as consistent as is practicable with the provisions of this section, and shall employ abbreviations and initials wherever possible in order to avoid undue length.

Expenditures shall not be authorized for a project to be funded under this subdivision before a date which is 30 days after the department has furnished a copy of the proposal for the project to be funded, together with supporting descriptions, to the Joint Committee on Fisheries and Aquaculture and to the Joint Legislative Budget Committee. These projects shall have as their primary objective the restoration of fishery resources. Projects may include, but shall not be limited to, the acquisition of lands, restoration of habitat, restoration or creation of spawning areas, kelp restoration, artificial reef construction, construction of fish screens or fish ladders, stream rehabilitation, and installation of pollution control facilities. [Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 867 of the Penal Code is amended to read:

867. While a witness is under examination, the magistrate shall, upon motion of either party, exclude all potential and actual witness who have not been examined.

The magistrate shall also order the witnesses not to converse with each other until they are all examined. The magistrate may also order, where feasible, that the witnesses be kept separated from each other until they are all examined.

This section does not apply to the investigating officer or the investigator for the defendant, nor does it apply to officers having custody of persons brought before the magistrate.

Either party may challenge the exclusion of any person under this section. Upon motion of either party, the magistrate shall hold a hearing, on the record, to determine if the person sought to be excluded is, in fact, a person excludable under this section.

SEC. 2. Section 868 of the Penal Code is amended to read:

868. The examination shall be open and public. However, upon the request of the defendant and a finding by the magistrate that exclusion of the public is necessary in order to protect the defendant's right to a fair and impartial trial, the magistrate shall exclude from the examination every person except the clerk, court reporter and bailiff, the prosecutor and his or her counsel, the Attorney General, the district attorney of the county, the investigating officer, the officer having custody of a prisoner witness while the prisoner is testifying, the defendant and his or her counsel, the officer having the defendant in custody, and a person chosen by the prosecuting witness who is not himself or herself a witness but who is present to provide the prosecuting witness moral support,

provided that the person so chosen shall not discuss prior to or during the preliminary examination the testimony of the prosecuting witness with any person, other than the prosecuting witness, who is a witness in the examination. Upon motion of the prosecution, members of the alleged victim's family shall be entitled to be present and seated during the examination. The court shall grant the motion unless the magistrate finds that the exclusion is necessary to protect the defendant's right to a fair and impartial trial, or unless information provided by the defendant or noticed by the court establishes that there is a reasonable likelihood that the attendance of members of the alleged victim's family poses a risk of affecting the content of the testimony of the victim or any other witness. The court shall admonish members of the alleged victim's family who are present and seated during the examination not to discuss any testimony with family members, witnesses, or the public. Nothing in this section shall affect the exclusion of witnesses as provided in Section 867 of the Penal Code.

For purposes of this section and Section 867, members of the alleged victim's family shall include the alleged victim's spouse, parents, legal guardian, children, or siblings.

25250. (a) The Legislature finds that almost 100 million gallons of used oil is generated each year in the state; that this oil is a valuable petroleum resource which can be recycled; and that, in spite of this potential for recycling, significant quantities of used oil are wastefully disposed of or improperly used by means which pollute the water, land, and air, and endanger the public health, safety, and welfare.

(b) The Legislature also finds that readily available technologies exist to recycle used oil into useful products and that used oil should be collected and recycled, to the maximum extent possible, by means which are economically feasible and environmentally sound, in order to conserve irreplaceable petroleum resources, to protect the environment, and to protect public health, safety, and welfare.

25250.1. As used in this article, the following terms have the following meanings:

(a) "Used oil" means any of the following:

(1) Any oil that has been refined from crude oil, and has been used, and, as a result of use, has been contaminated with physical or chemical impurities.

(2) Any oil that has been refined from crude oil and, as a consequence of extended storage, spillage, or contamination with

nonhazardous impurities such as dirt and water, is no longer useful to the original purchaser.

(3) Spent lubricating fluids which have been removed from an engine crankcase, transmission, gearbox, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine.

(4) Spent industrial oils, including compressor, turbine, and bearing oil, hydraulic oil, metal-working oil, refrigeration oil, and railroad drainings.

(5) Contaminated fuel oil with a flash point greater than 100°F.

"Used oil" does not include oil which has a flash point below 100°F or which has been intentionally mixed with hazardous waste, other than minimal amounts of vehicle fuel. "Used oil" also does not include oil which contains polychlorinated biphenyls (PCBs) at a concentration of 5 ppm or greater.

(b) "Board" means the California Waste Management Board.

(c) "Recycled oil" means any oil, produced from used oil, which has been prepared for reuse and which achieves minimum standards of purity, in liquid form, as established by the department. The following standards of purity are in effect unless the department, by regulation, establishes more stringent standards:

(1) Flash point: minimum standards set by the American Society for Testing and Materials for the recycled products.

(2) Lead: 100 ppm or less prior to January 1, 1988; 50 ppm or less on and after January 1, 1988.

(3) Arsenic: 5 ppm or less.

(4) Chromium: 10 ppm or less.

(5) Cadmium: 2 ppm or less.

(6) Chlorides: 3,000 ppm or less.

(7) Polychlorinated byphenyls (PCBs): 5 ppm or less.

Compliance with these standards shall be determined in accordance with the procedures in Article 11 (commencing with Section 66693) of Chapter 30 of Division 4 of Title 22 of the California Administrative Code.

(d) The standards set in subdivision (c) include the only concentrations allowed above the criteria adopted pursuant to Section 25141.

(e) Used oil which meets the standards set in subdivision (c) and the criteria adopted pursuant to Section 25141 for constituents other than those listed in subdivision (c) is not regulated by the department. Any person who generates used oil and who claims that the oil meets those standards and criteria, shall notify the department of its claim and shall comply with the testing and recordkeeping requirements of Section 25250.19 prior to its reuse. In any action to enforce this article, the burden is on the generator and user of the used oil to prove that the oil met those standards and criteria.

25250.3. Any virgin oil product or partially refined product, which has not been previously used, which has become

contaminated with nonhazardous impurities such as dirt or water, and which has been returned to bulk storage by the product's manufacturer, transporter, or wholesaler for gravity separation of contaminants, is exempt from this article. Any petroleum product which becomes contaminated with any other petroleum product during refining, transportation by pipeline, or storage and which remains usable as a refinery feed stock or as a refinery fuel is exempt from this article.

25250.4. Used oil regulated by the department shall be managed as a hazardous waste in accordance with the requirements of this chapter until it has been recycled. Used oil which is not recycled shall be disposed of, or transported out of the state, as a hazardous waste in accordance with this chapter.

25250.5. (a) Disposal of used oil by discharge to sewers, drainage systems, surface or groundwaters, watercourses, or marine waters; by incineration or burning as fuel; or by deposit on land, is prohibited, unless authorized under other provisions of law.

(b) The use of used oil as a dust suppressant or weed control agent is prohibited.

25250.7. No person who generates, receives, stores, transfers, transports, treats, or recycles used oil shall intentionally contaminate used oil or knowingly accept used oil which has been contaminated with other hazardous waste, other than minimal amounts of vehicle fuel.

25250.8. Used oil shall be manifested under either one of the following procedures:

(a) The procedures prescribed by Sections 25160 and 25161.

(b) The following modified manifesting procedure, which may be used only by a registered hazardous waste hauler and shall be used only with the consent of the generator:

(1) A separate manifest shall be completed by each vehicle driver, with respect to each transport vehicle operated by that driver for each date.

(2) An Environmental Protection Agency identification number is not required for an individual generator.

(3) The hauler shall complete both the generator's and the hauler's sections of the manifest using the hauler's name. The hauler's section shall be completed prior to commencing each day's used oil collections. The driver shall sign and date the generator's and hauler's sections of the manifest.

(4) The hauler's name, Environmental Protection Agency identification number, and terminal address shall be entered in the generator's name, address, and Environmental Protection Agency identification number spaces of the manifest.

(5) The hauler shall attach to the front of the manifest legible receipts for each quantity of used oil that is received from a generator. The receipts shall be used to determine the total volume of used oil in the vehicle. After the used oil is delivered, the receipts shall be affixed to the hauler's copy of the manifest. The hauler shall

leave a copy of the receipt with the generator of the used oil. The generator shall retain each receipt for at least three years.

(6) All copies of each receipt shall contain all of the following information:

(A) The name, address, and telephone number of the generator, and the signature of the generator or the generator's representative.

(B) The date of the shipment.

(C) The state manifest number.

(D) The volume of the used oil received and its proper shipping description, including the hazardous class and identification number, if applicable.

(E) The address of the permitted facility to which the used oil will be transported.

(F) The hauler's name, address, and Environmental Protection Agency identification number.

(G) The driver's signature.

(7) The hauler shall enter the total volume of used oil transported on the manifest at the change of each date, change of driver, change of transport vehicle, or upon the last delivery of used oil to the designated facility. The total volume shall be the cumulative amount of used oil collected from the generators listed on the individual receipts.

(8) The hauler shall submit the generator copy of the manifest to the department within 30 days of each shipment.

(9) The hauler shall retain a copy of the manifest and all receipts for each manifest for three years.

(10) The hauler shall submit all copies of the manifest to the designated facility. A representative of the designated facility which receives the used oil shall sign and date the manifest, return two copies to the hauler, retain one copy, and send the original to the department within 30 days.

(11) All other manifesting requirements of Sections 25160 and 25161 shall be complied with unless specifically exempted under this subdivision.

25250.10. Every registered hazardous waste hauler who transports used oil shall report to the department the following information as part of the hauler's annual application for renewal of registration:

(a) The shipping descriptions of used oil transported during the preceding year.

(b) The volume of each type of used oil transported, identified by shipping description.

(c) The facilities to which the used oil was transported, identified by name, address, telephone number, and Environmental Protection Agency identification number.

25250.11. (a) Any person who receives used oil from consumers or other used oil generators, is exempt from hazardous waste facility permit requirements imposed pursuant to Article 9 (commencing with Section 25200) of this chapter with respect to any location at

which used oil is received if all of the following conditions are met:

(1) Each shipment of used oil received does not exceed 20 gallons, and the contents of any single container does not exceed five gallons.

(2) No other hazardous wastes are received at the location.

(3) The used oil is transported by the generator of the used oil.

(b) Any person who transports used oil to a location that is exempt from Article 9 (commencing with Section 25200) pursuant to subdivision (a) is exempt from the requirements of subdivisions (a) and (e) of Section 25163 and from the requirements of Section 25160 concerning the possession of a manifest while transporting used oil if all of the following conditions are met:

(1) The contents of any single container do not exceed five gallons.

(2) Each shipment of used oil does not exceed 20 gallons.

(3) The person transporting the used oil had used the oil.

25250.15. Any person operating a refuse removal vehicle or a curbside collection vehicle used to collect or transport used oil which has been generated as a household waste or as part of a curbside recycling program, as defined by the board, is exempt from the requirements of Section 25160 and subdivisions (a) and (e) of Section 25163 of this code and Chapter 2.5 (commencing with Section 2500) of Division 2, Division 14.1 (commencing with Section 32000), and subdivision (g) of Section 34500 of the Vehicle Code.

25250.16. No person may recycle used oil without obtaining a permit from the department.

25250.17. Each used oil recycler who has been issued a permit by the department shall submit a report, on or before March 1 of each year, to the department containing all of the following information:

(2) Consumed in the process of preparing for reuse, including wastes generated.

(3) Prepared for reuse other than as a petroleum product, specifying each type of other use.

(4) Not recycled but transported offsite.

(d) Any other information which the department may require.

25250.18. Any person who transports recycled oil shall maintain with each shipment of recycled oil the shipment's destination and a signed and dated form from the recycling facility certifying that the oil being transported has been tested and is in compliance with the standards specified in subdivision (c) of Section 25250.1.

25250.19. A registered used oil recycler shall ensure that all recycled oil transported from the recycling facility has been tested and certified as being in compliance with the standards specified by

subdivision (c) of Section 25250.1. Records of tests performed and a copy of each form completed pursuant to Section 25250.18 shall be maintained for three years and are subject to audit and verification by the department or the board.

25250.20. Any person whose permit or registration has been revoked may not apply for a new or renewed permit or registration for a period of one year after the revocation of the permit or registration.

25250.21. Any person whose permit or registration has been revoked may not serve in the employ of a hazardous waste hauler or used oil recycler during the period of revocation of the permit or registration.

25250.22. All rules and regulations of the department shall be adopted, amended, and repealed in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 872

An act to amend Sections 5152, 5213, 5256.4, 5276, 5352.6, 5354.5, 5356, and 5358 of, and to add Sections 5008.2 and 5350.2 to, the Welfare and Institutions Code, relating to mental health.

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 5008.2 is added to the Welfare and Institutions Code, to read:

5008.2. When applying the definition of mental disorder for the purposes of Articles 2 (commencing with Section 5200), 4 (commencing with Section 5250), and 5 (commencing with Section 5275) of Chapter 2 and Chapter 3 (commencing with Section 5350), the historical course of the person's mental disorder, as determined by available relevant information about the course of the person's mental illness shall be considered when it has a direct bearing on the determination of whether the person is a danger to others, or to himself or herself, or gravely disabled, as a result of a mental illness. The hearing officer, court, or jury may exclude evidence it deems to be irrelevant due to remoteness of time or dissimilarity of circumstances. The historical course may include, but is not limited to, evidence presented by persons who have provided, or are providing, mental health or related support services to the patient, or evidence presented by family members, or any other person designated by the patient.

SEC. 1.5. Section 5152 of the Welfare and Institutions Code is amended to read:

5152. (a) Each person admitted to a facility for 72-hour treatment and evaluation under the provisions of this article shall receive an evaluation as soon after he or she is admitted as possible and shall receive whatever treatment and care his or her condition requires for the full period that he or she is held. The person shall be released before 72 hours have elapsed only if, the psychiatrist directly responsible for the person's treatment believes, as a result of his or her personal observations, that the person no longer requires evaluation or treatment. If any other professional person who is authorized to release the person, believes the person should be

released before 72 hours have elapsed, and the psychiatrist directly responsible for the person's treatment objects, the matter shall be referred to the medical director of the facility for the final decision. However, if the medical director is not a psychiatrist, he or she shall appoint a designee who is a psychiatrist. If the matter is referred, the person shall be released before 72 hours have elapsed only if the psychiatrist making the final decision believes, as a result of his or her personal observations, that the person no longer requires evaluation or treatment.

(b) Persons who have been detained for evaluation and treatment shall be released, referred for further care and treatment on a voluntary basis, certified for intensive treatment, or a conservator or temporary conservator shall be appointed pursuant to this part as required.

(c) Persons who have been detained for evaluation and treatment, who are receiving medications as a result of their mental illness, shall be given, as soon as possible after detention, written and oral information about the probable effects and possible side effects of the medication by a person designated by the mental health facility where the person is detained. The State Department of Mental Health shall develop and promulgate written materials on the effects of medications, for use by county mental health programs as disseminated or as modified by the county mental health program, addressing the probable effects and the possible side effects of the medication. The following information shall be given orally to the patient:

(1) The nature of the mental illness, or behavior, that is the reason the medication is being given or recommended.

(2) The likelihood of improving or not improving without the medications.

(3) Reasonable alternative treatments available.

(4) The name and type, frequency, amount, and method of dispensing the medications, and the probable length of time that the medications will be taken.

The fact that the information has or has not been given shall be indicated in the patient's chart. If the information has not been given, the designated person shall document in the patient's chart the justification for not providing the information. A failure to give information about the probable effects and possible side effects of the medication shall not constitute new grounds for release.

SEC. 2. Section 5213 of the Welfare and Institutions Code is amended to read:

5213. (a) If, upon evaluation, the person is found to be in need of treatment because he or she is, as a result of mental disorder, a danger to others, or to himself or herself, or is gravely disabled, he or she may be detained for treatment in a facility for 72-hour treatment and evaluation. Saturdays, Sundays, and holidays may be excluded from the 72-hour period if the State Department of Mental Health certifies for each facility that evaluation and treatment

services cannot reasonably be made available on those days. The certification by the department is subject to renewal every two years. The department shall adopt regulations defining criteria for determining whether a facility can reasonably be expected to make evaluation and treatment services available on Saturdays, Sundays, and holidays.

(b) Persons who have been detained for evaluation and treatment, who are receiving medications as a result of their mental illness, shall be given, as soon as possible after detention, written and oral information about the probable effects and possible side effects of the medication, by a person designated by the mental health facility where the person is detained. The State Department of Mental Health shall develop and promulgate written materials on the effects of medications, for use by county mental health programs as disseminated or as modified by the county mental health program, addressing the probable effects and the possible side effects of the medication. The following information shall be given orally to the patient:

(1) The nature of the mental illness, or behavior, that is the reason the medication is being given or recommended.

(2) The likelihood of improving or not improving without the medications.

(3) Reasonable alternative treatments available.

(4) The name and type, frequency, amount, and method of dispensing the medications, and the probable length of time that the medications will be taken.

The fact that the information has or has not been given shall be indicated in the patient's chart. If the information has not been given, the designated person shall document in the patient's chart the justification for not providing the information. A failure to give information about the probable effects and possible side effects of the medication shall not constitute new grounds for release.

SEC. 3. Section 5256.4 of the Welfare and Institutions Code is amended to read:

5256.4. (a) At the certification review hearing, the person certified shall have the following rights:

(1) Assistance by an attorney or advocate.

(2) To present evidence on his or her own behalf.

(3) To question persons presenting evidence in support of the certification decision.

(4) To make reasonable requests for the attendance of facility employees who have knowledge of, or participated in, the certification decision.

(5) If the person has received medication within 24 hours or such longer period of time as the person conducting the hearing may designate prior to the beginning of the hearing, the person conducting the hearing shall be informed of that fact and of the probable effects of the medication.

(b) The hearing shall be conducted in an impartial and informal

manner in order to encourage free and open discussion by participants. The person conducting the hearing shall not be bound by rules of procedure or evidence applicable in judicial proceedings.

(c) Reasonable attempts shall be made by the mental health facility to notify family members or any other person designated by the patient, of the time and place of the certification hearing, unless the patient requests that this information not be provided. The patient shall be advised by the facility that is treating the patient that he or she has the right to request that this information not be provided.

(d) All evidence which is relevant to establishing that the person certified is or is not as a result of mental disorder or impairment by chronic alcoholism, a danger to others, or to himself or herself, or gravely disabled, shall be admitted at the hearing and considered by the hearing officer.

(e) Although resistance to involuntary commitment may be a product of a mental disorder, this resistance shall not, in itself, imply the presence of a mental disorder or constitute evidence that a person meets the criteria of being dangerous to self or others, or gravely disabled.

SEC. 4. Section 5276 of the Welfare and Institutions Code is amended to read:

5276. Judicial review shall be in the superior court for the county in which the facility providing intensive treatment is located or in the county in which the 72-hour evaluation was conducted if the patient or a person acting in his or her behalf informs the professional staff of the evaluation facility (in writing) that judicial review will be sought. No patient shall be transferred from the county providing evaluation services to a different county for intensive treatment if the staff of the evaluation facility has been informed in writing that a judicial review will be sought, until the completion of the judicial review. The person requesting to be released shall be informed of his or her right to counsel by the member of the treatment staff and by the court; and, if he or she so elects, the court shall immediately appoint the public defender or other attorney to assist him or her in preparation of a petition for the writ of habeas corpus and, if he or she so elects, to represent him or her in the proceedings. The person shall pay the costs of the legal service if he or she is able.

Reasonable attempts shall be made by the mental health facility to notify family members or any other person designated by the patient, of the time and place of the judicial review, unless the patient requests that this information not be provided. The patient shall be advised by the facility that is treating the patient that he or she has the right to request that this information not be provided.

The court shall either release the person or order an evidentiary hearing to be held within two judicial days after the petition is filed. If the court finds, (a) that the person requesting release is not, as a result of mental disorder or impairment by chronic alcoholism, a danger to others, or to himself or herself, or gravely disabled, (b) that

he or she had not been advised of, or had accepted, voluntary treatment, or (c) that the facility providing intensive treatment is not equipped and staffed to provide treatment, or is not designated by the county to provide intensive treatment he or she shall be released immediately.

SEC. 5. Section 5350.2 is added to the Welfare and Institutions Code, to read:

5350.2. Reasonable attempts shall be made by the county mental health program to notify family members or any other person designated by the person for whom conservatorship is sought, of the time and place of the conservatorship hearing. The person for whom the conservatorship is sought shall be advised by the facility treating the person that he or she may request that information about the time and place of the conservatorship hearing not be given to family members, in those circumstances where the proposed conservator is not a family member. The a request shall be honored by the mental health program. Neither this section nor Section 5350 shall be interpreted to allow the proposed conservatee to request that any proposed conservator not be advised of the time and place of the conservatorship hearing.

SEC. 6. Section 5352.6 of the Welfare and Institutions Code is amended to read:

5352.6. Within 10 days after conservatorship of the person has been established under the provisions of this article, there shall be an individualized treatment plan unless treatment is specifically found not to be appropriate by the court. The treatment plan shall be developed by the Short-Doyle Act community mental health service, the staff of a facility operating under a contract to provide such services in the individual's county of residence, or the staff of a health facility licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code to provide inpatient psychiatric treatment. The person responsible for developing the treatment plan shall encourage the participation of the client and the client's family members, when appropriate, in the development, implementation, revision, and review of the treatment plan. The individualized treatment plan shall specify goals for the individual's treatment, the criteria by which accomplishment of the goals can be judged, and a plan for review of the progress of treatment. The goals of the treatment plan shall be equivalent to reducing or eliminating the behavioral manifestations of grave disability. If a treatment plan is not developed as provided herein then the matter shall be referred to the court by the Short-Doyle Act community mental health service, or the staff of a facility operating under a contract to provide such services, or the conservator, or the attorney of record for the conservatee.

When the progress review determines that the goals have been reached and the person is no longer gravely disabled, a person designated by the county shall so report to the court and the conservatorship shall be terminated by the court.

If the conservator fails to report to the court that the person is no longer gravely disabled as provided herein, then the matter shall be referred to the court by the Short-Doyle Act community mental health service, or the staff of a facility operating under a contract to provide such services, or the attorney of record for the conservatee.

SEC. 6.5. Section 5354.5 of the Welfare and Institutions Code is amended to read:

5354.5. Except as otherwise provided in this section, the person recommended to serve as conservator shall promptly notify the officer providing conservatorship investigation whether he or she will accept the position if appointed. If notified that the person or agency recommended will not accept the position if appointed, the officer providing conservatorship investigation shall promptly recommend another person to serve as conservator.

The public guardian shall serve as conservator of any person found by a court under this chapter to be gravely disabled, if the court recommends the conservatorship after a conservatorship investigation, and if the court finds that no other person or entity is willing and able to serve as conservator.

SEC. 7. Section 5356 of the Welfare and Institutions Code is amended to read:

5356. The report of the officer providing conservatorship investigation shall contain his or her recommendations concerning the powers to be granted to, and the duties to be imposed upon the conservator, the legal disabilities to be imposed upon the conservatee, and the proper placement for the conservatee pursuant to Section 5358. Except as provided in this section, the report to the court shall also contain an agreement signed by the person or agency recommended to serve as conservator certifying that the person or agency is able and willing to serve as conservator. The public guardian shall serve as conservator of any person found by a court under this chapter to be gravely disabled, if the court recommends the conservatorship after a conservatorship investigation, and if the court finds that no other person or entity is willing and able to serve as conservator.

SEC. 8. Section 5358 of the Welfare and Institutions Code is amended to read:

5358. (a) When ordered by the court after the hearing required by this section, a conservator appointed pursuant to this chapter shall place his or her conservatee in the least restrictive alternative placement, as designated by the court. Such placement may include a medical, psychiatric, nursing, or other state-licensed facility, or a state hospital, county hospital, hospital operated by the Regents of the University of California, a United States government hospital, or other nonmedical facility approved by the State Department of Mental Health or an agency accredited by the State Department of Mental Health, or in addition to any of the foregoing, in cases of chronic alcoholism, to a county alcoholic treatment center.

(b) A conservator shall also have the right, if specified in the court

order, to require his or her conservatee to receive treatment related specifically to remedying or preventing the recurrence of the conservatee's being gravely disabled, or to require his or her conservatee to receive other medical treatment unrelated to remedying or preventing the recurrence of the conservatee's being gravely disabled which is necessary for the treatment of an existing or continuing medical condition. Except in emergency cases in which the conservatee faces loss of life or serious bodily injury, no surgery shall be performed upon the conservatee without the conservatee's prior consent or a court order specifically authorizing such surgery obtained pursuant to Section 5358.2.

(c) If the conservatee is not to be placed in his or her own home or the home of a relative, first priority shall be to placement in a suitable facility as close as possible to his or her home or the home of a relative. For the purposes of this section, suitable facility means the least restrictive residential placement available and necessary to achieve the purposes of treatment. At the time that the court considers the report of the officer providing conservatorship investigation specified in Section 5356, the court shall consider available placement alternatives. After considering all the evidence the court shall determine the least restrictive and most appropriate alternative placement for the conservatee. The court shall also determine those persons to be notified of a change of placement. The fact that a person for whom conservatorship is recommended is not an inpatient shall not be construed by the court as an indication that the person does not meet the criteria of grave disability.

If requested, the local mental health director shall assist the conservator or the court in selecting a placement facility for the conservatee. When a conservatee who is receiving services from the local mental health program is placed, the conservator shall inform the local mental health director of the facility's location and any movement of the conservatee to another facility.

(d) The conservator may transfer his or her conservatee to a less restrictive alternative placement without a further hearing and court approval. In any case in which a conservator has reasonable cause to believe that his or her conservatee is in need of immediate more restrictive placement because the condition of the conservatee has so changed that the conservatee poses an immediate and substantial danger to himself or herself or others, the conservator shall have the right to place his or her conservatee in a more restrictive facility or hospital. Notwithstanding Section 5328, if the change of placement is to a placement more restrictive than the court-determined placement, the conservator shall provide written notice of the change of placement and the reason therefor to the court, the conservatee's attorney, the county patient's rights advocate and such other persons designated by the court pursuant to subdivision (c).

SEC. 9. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made

[Approved by Governor September 16, 1986. Filed with Secretary of State September 17, 1986]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.5 (commencing with Section 6490) is added to Part 5 of Division 7 of the Streets and Highways Code, to read:

CHAPTER 5.5. ALTERNATIVE PROCEDURE FOR DIVISION OF LAND AND BOND

6490. This chapter provides an alternative to the procedure for division of land and bond set out in Chapter 5 (commencing with Section 6480).

6490.5. The legislative body may provide in the resolution of intention, along with its determination to issue bonds, that the bonds shall be divisible pursuant to this chapter. This chapter shall apply only if it is clearly stated on the bond that it is divisible pursuant to this chapter.

6491. (a) If any lot or parcel of land upon which there is an unpaid assessment represented by bonds issued under this division and to which this chapter is applicable is subdivided, including a division into condominium interests as defined in Section 783 of the Civil Code, or the ownership of a portion of the lot or parcel of land is transferred to another person, the owner of any interest in any of the lots or parcels into which the original lot or parcel has been divided, may file an application in writing with the legislative body.

(b) The application under subdivision (a) shall indicate how the original lot or parcel has been divided or transferred, and request the legislative body to apportion the amount remaining unpaid on the assessment in accordance with this chapter.

(c) The application shall be accompanied by a fee in an amount to be determined by the legislative body, for each separate part or parcel of land into which the original lot or parcel has been divided or transferred. All application fees shall be deposited in the treasury.

6491.5. Upon receipt of the application and fee, the street superintendent shall determine, or cause to be determined, an apportionment of the unpaid assessment to each separate part of the original lot or parcel of land, as if the lot or parcel of land been so divided at the time the original assessment was made.

6492. After the apportionment has been determined pursuant to Section 6491.5, an application signed by all persons owning an interest in the original lot or parcel of land may be filed with the legislative body, requesting that the assessment as apportioned be adopted.

6492.5. (a) The clerk of the legislative body shall send a notice, by certified or registered mail, to the registered holder of any outstanding bond secured by the assessment to be apportioned, stating that an apportionment of an assessment has been requested, and indicating the numbers and amounts of the proposed apportionment. The notice shall also state that, unless a request for a hearing is received within 45 days from the date of mailing of the notice, the apportioned assessments shall become final and be recorded in the office of the street superintendent.

(b) If a request for a hearing under subdivision (a) is received, the legislative body shall file a report and conduct a hearing pursuant to Part 10 (commencing with Section 8730) of Division 10.

6493. (a) At the time and place set for the hearing pursuant to subdivision (b) of Section 6492.5, and after hearing all protests, the legislative body may determine to divide the bond according to the proposed apportionment, or as amended by the legislative body during the hearing, upon a finding of both of the following:

(1) That the apportionment is in accordance with the proportionate benefits to be received by each of the resulting lots or parcels.

(2) That the apportionment does not impair the value or security of the outstanding bonds secured by the land being apportioned and that the lien-to-value ratio of each apportioned parcel is not less than that ratio for the original parcel based on an appraisal by an individual designated by a nationally recognized appraisal association. The value calculations shall exclude site improvements constructed subsequent to the date of confirmation of the assessment.

(b) The determination of the legislative body pursuant to subdivision (a) is final and conclusive.

(c) Upon that determination, the bond secured by the original parcel shall be returned by the bondholder, canceled on the books of the city, and exchanged for new bonds on the apportioned parcels in the same aggregate principal amount, of the same maturity, and at the same interest rate as the original bond. Thereafter, payment of principal and interest shall be due on the new bonds to the holder thereof in the same manner and on the same dates as were applicable to the original bond.

6493.5. (a) If the clerk of the legislative body ascertains that the application has been signed by all of the necessary persons, and that no request for a hearing has been received, the clerk shall amend, or cause to be amended, the recorded diagram and assessment to conform to the proposed division and apportionment, and assign new assessment numbers to each separate part of the original lot or parcel of land.

(b) The clerk of the legislative body shall file the amended assessment with the treasurer, who shall annually enter upon the assessment roll the installments becoming due on each component part of the original parcel opposite a description of the respective parcels.

6494. If a city is the legislative body proceeding pursuant to this chapter and collections upon the assessments are made by county officials, the street superintendent shall transmit a copy of the amended assessment to the county treasurer.

SEC. 2. Section 8571 of the Streets and Highways Code is amended to read:

8571. If the legislative body determines that serial bonds shall be issued as provided in this division to represent the expense of any proposed work or improvement, it shall, in the resolution of intention to do the work, do all of the following:

10 (commencing with Section 8500) to represent the expenses of the proposed work or improvement.

(b) Specify the rate or maximum rate of interest which the bonds shall bear.

This date shall not be more than ten years after the issuance date of the bond.

(b) This determination shall not apply to, or in any manner limit, advancement of the maturity of any bond or bonds pursuant to the procedures of Part 8 (commencing with Section 8680), Part 9 (commencing with Section 8700), Part 11 (commencing with Section 8750), or Part 11.1 (commencing with Section 8760).

(c) This determination shall not apply to, or in any manner limit, the redemption and payment of any bonds pursuant to subsequent assessment proceedings which provide for the payment in full of all amounts necessary to eliminate any fixed special assessment liens previously imposed upon any assessment parcel included in the new assessment district.

SEC. 6. Section 8663 of the Streets and Highways Code is amended to read:

8663. The unpaid assessments shall be payable in substantially the manner set forth in subdivision (a) of Section 8680, or in substantially the same manner, but at more frequent intervals, as provided by the legislative body by resolution. The legislative body may designate an official, including an official other than the county tax collector, or other agent, to collect and maintain records of the collection of the assessments, including a procedure other than through the property tax collection procedure prescribed in this division. The legislative body may authorize an additional assessment to pay the costs of collection, not to exceed the percentages or amounts set forth in Section 8682, and an additional amount to cover the costs of registration, not to exceed the percentages and amounts set forth in Section 8682.1. The legislative body may authorize an additional assessment to pay for incidental expenses of the financing. The assessments and the interest on the assessments for each pay period are payable at the end of the pay period and are delinquent thereafter, and shall bear the same proportionate penalties and

SEC. 7. Section 8665 of the Streets and Highways Code is amended to read:

8665. The legislative body may, by resolution, specify terms and conditions under which the city agrees to repurchase the bonds. SEC. 8. Section 8680 of the Streets and Highways Code is amended to read:

8680. The unpaid assessments shall be payable in annual series corresponding in number to the number of series of bonds issued. An annual proportion of each assessment shall be payable in each year preceding the date of maturity of each of the several series of bonds which have been issued, sufficient to pay the bonds when due. The annual proportion of each assessment coming due in any year, together with the annual interest on the assessment, shall be payable in the same manner and at the same time and in the same installments as the general taxes of the city on real property are payable and the assessment installments and the annual interest on the assessment shall be payable and become delinquent at the same times and in the same proportionate amounts and, except as provided in subdivision (b), shall bear the same proportionate penalties and interest after delinquency as do the general taxes on real property of the city.

principal and interest on the assessments which are to be collected in each year during the term of the bonds. The auditor shall annually enter in his or her assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of the assessment coming due during the fiscal year covered by the assessment roll, including in each case the interest due on the total unpaid assessments. The auditor shall also add a maximum of 5 percent of the amount of the installments and of the interest so entered, not to exceed the city treasurer's estimate of the expenses of collection, and in any case not to exceed eight dollars ($8) per lot or parcel, except with the landowner's written consent. The expenses of collection shall include necessary administrative expenses of the city incurred in providing the auditor with current information regarding the ownership or division of the affected lots or parcels of land to ensure the proper entry by the auditor in his or her assessment roll of the several installments of the assessment coming due during the fiscal year covered by the assessment roll and the timely collection of the installments. The percentages, and the amount represented by the installments, when collected shall belong to the city and shall cover the expenses and compensation of the city treasurer incurred in the collection of the assessments, and of the interest and penalties added on to the assessments. No other percentage or amount shall be claimed by the legislative body for the collections.

SEC. 10. Section 8683 of the Streets and Highways Code is amended to read:

8683. If the legislative body conducting the proceedings is not a county and collections of assessments are made by county officials, the county auditor shall, within 90 days after each installment becomes delinquent, render to the city a detailed report showing the amounts of the installments, interest, penalties, and percentages so collected on each proceeding and from what property collected, identifying any properties which are delinquent and the amount and length of time in arrears, and also giving a statement of the percentages retained for the expenses of making such collections.

SEC. 11. Section 8769 is added to the Streets and Highways Code, to read:

8769. Before issuing bonds pursuant to this division, the legislative body shall determine, and shall declare in the resolution of intention, one of the following:

(a) The city will obligate itself to advance available funds from the city treasury to cure any deficiency which may occur in the bond redemption fund.

(b) The city will not obligate itself to advance available funds from the city treasury to cure any deficiency which may occur in the bond redemption fund. A determination not to obligate itself shall not prevent the city from, in its sole discretion, so advancing funds.

The determination made pursuant to this section shall be clearly

stated in the title of the bonds issued pursuant to this division.

SEC. 12. Section 9518 is added to the Streets and Highways Code, to read:

9518. Any surplus remaining in the improvement fund for the assessment district, after completion of the improvements and the payment of all claims, may be used as a credit upon the reassessment in the manner provided in Section 10427.1 or as otherwise provided in Section 10427.

SEC. 13. Section 9519 is added to the Streets and Highways Code, to read:

9519. Any balance remaining in the special reserve fund for the bonds to be refunded at the time of the issuance of the refunding bonds shall be used to retire the bonds to be refunded as provided in Section 8885.

SEC. 14. Section 9520 of the Streets and Highways Code is amended to read:

9520. Except as it may otherwise have determined pursuant to Section 8571.3, the legislative body of any city which has issued bonds which are outstanding under the act may, at any time, determine by resolution that the public interest or necessity requires the refunding of the issue of bonds, and declare its intention to refund the bonds and to levy reassessments as security for the refunding bonds.

SEC. 15. Section 9525 of the Streets and Highways Code is amended to read:

9525. If the legislative body finds that all of the following conditions are satisfied, it may approve and confirm the report prepared pursuant to Section 9523 and proceed to authorize, issue, and sell refunding bonds pursuant to Chapter 3 (commencing with Section 9600):

(a) That each estimated annual installment of principal and interest on the reassessment, as set forth pursuant to subdivision (d) of Section 9523, is less than the corresponding annual installment of principal and interest on the portion of the original assessment being superseded and supplanted, as set forth in subdivision (c) of Section 9523, by the same percentage for all subdivisions of land within the district. Any amount added to the annual installments on the reassessment due to a delinquency in payment on the original assessment need not be considered in this calculation.

(b) That the number of years to maturity of all refunding bonds is not more than the number of years to the last maturity of the bonds being refunded.

(c) That the principal amount of the reassessment on each subdivision of land within the district is less than the unpaid principal amount of the portion of the original assessment being superseded and supplanted by the same percentage for each subdivision of land within the district. Any amount added to a reassessment because of a delinquency in payment on the original assessment need not be considered in this calculation.

SEC. 16. Section 9538 of the Streets and Highways Code is

amended to read:

9538. Except as otherwise provided in this section and in Sections 9546, 9547, and 9548, assessments originally levied, and all penalties and interest accrued thereon, which are included within the reassessments, shall be deemed superseded and supplanted by the reassessments. If, and to the extent that, the reassessments do not include unpaid installments of assessments originally levied and the penalties and interest thereon, the lien of the original assessments is not superseded and supplanted.

For purposes of this section and Section 9539, "unpaid installments" means those installments which are delinquent and those which are or may be posted to the tax roll for the fiscal year during which the reassessment is confirmed.

SEC. 17. Section 9539 of the Streets and Highways Code is amended to read:

9539. Except as provided in Section 9548, the lien of the reassessments shall be given superiority and priority as of the date that the original assessments became a lien upon the property reassessed. The lien of unpaid installments of the assessments originally levied and the penalties and interest thereon, and the lien of any remaining portion of the original assessments not securing refunded bonds, are equal in priority to the lien of the reassessments.

SEC. 18. Section 9546 is added to the Streets and Highways Code, to read:

9546. The legislative body of any city which has issued bonds which are outstanding under this division, the original authorized aggregate principal amount of which was less than the aggregate principal amount of the original assessment which was levied as security therefor, and which intends to issue additional bonds to be secured by that original assessment to provide for and finance the construction and installation of further improvements, may, at any time, determine by resolution that the public interest or necessity requires the refunding of the bonds which are outstanding, the levy of a reassessment as security for the refunding bonds, and the continuation of the original assessment as to the unpaid principal amount thereof which shall be security for the additional bonds to be issued, and may declare its intention to so proceed by a resolution adopted pursuant to Section 9520.

The resolution shall, in addition to declaring the intention of the legislative body to refund the bonds which are outstanding and to levy reassessments as security for the refunding bonds, also declare the intention of the legislative body to issue additional bonds on the basis of the original assessment and to continue the original assessment in an amount sufficient to provide security for the additional bonds to be issued. The resolution shall require that the report prepared pursuant to Section 9523 contain the unpaid principal amount of each original assessment in excess of the amount thereof which will be superseded and supplanted by the principal amount of the corresponding reassessment, which shall be security

for the additional bonds to be issued.

SEC. 19. Section 9547 is added to the Streets and Highways Code, to read:

9547. If the legislative body elects to proceed pursuant to Section 9546, Sections 9523 to 9545, inclusive, shall apply to the reassessments to be levied. Upon confirming the reassessment, the legislative body shall, in the resolution adopted pursuant to Section 9535, order that the lien of the original assessment continue as to the portion of the unpaid principal amount thereof which will be security for the additional bonds which are to be issued on the basis thereof.

SEC. 20. Section 9548 is added to the Streets and Highways Code, to read:

9548. (A) Any statute mandating these costs shall provide an appropriation therefor.

(B) Any executive order mandating these costs shall be accompanied by a bill appropriating the funds therefor, or alternatively, an appropriation for these costs shall be included in the Budget Bill for the next succeeding fiscal year. The executive order shall cite that item of appropriation in the Budget Bill or that appropriation in any other bill which is intended to serve as the source from which the Controller may pay the claims of local agencies and school districts.

(2) In subsequent fiscal years appropriations for these costs shall be included in the annual Governor's Budget and in the accompanying Budget Bill. When disbursing reimbursement funds to local agencies or school districts, the Controller shall disburse them as follows:

(1) When funds are appropriated to reimburse costs mandated by the state for the initial fiscal year during which these costs will be incurred, each local agency or school district to which the mandate is applicable shall submit to the Controller, within 120 days of the operative date of the mandate, or, if the commission is requested to do so pursuant to Section 17571, within 120 days after the commission reviews the claiming instructions for reimbursement issued by the Controller, whichever is later, a claim for payment of its estimated costs required by the mandate for the current fiscal year. If the local agency or school district does not submit the claim within the 120-day period, it may submit its claim for reimbursement as specified in Section 17560. These claims shall be based upon parameters and guidelines issued by the commission and as approved by the Legislature. The Controller shall promptly notify the relevant local agencies or school districts subsequent to enactment of the claims bill of the right to file these claims.

SEC. 7. Section 17562 is added to the Government Code, to read:

17562. (a) The Legislature hereby finds and declares that the increasing revenue constraints on state and local government and the increasing costs of financing state-mandated local programs make evaluation of the cumulative effects of state-mandated local programs imperative. Accordingly, it is the intent of the Legislature to establish a method for regularly reviewing the costs of state-mandated local programs, by evaluating the benefit of previously enacted mandates.

(b) The Legislative Analyst may review and report to the Legislature with regard to any statute or executive order which creates a state-mandated local program. The Legislative Analyst may recommend that the Legislature continue, eliminate, or modify any provision of law reviewed pursuant to this subdivision.

17564. (a) No claim shall be made pursuant to Sections 17551 and 17561, nor shall any payment be made on claims submitted pursuant to Sections 17551 and 17561, unless these claims exceed two hundred dollars ($200), provided that a county superintendent of schools or county may submit a combined claim on behalf of school districts, direct service districts, or special districts within their county if the combined claim exceeds two hundred dollars ($200) even if the

individual school district's, direct service district's, or special district's claims do not each exceed two hundred dollars ($200). The county superintendent of schools or the county shall determine if the submission of the combined claim is economically feasible and shall be responsible for disbursing the funds to each school, direct service, or special district. These combined claims may be filed only when the county superintendent of schools or the county is the fiscal agent for the districts. All subsequent claims based upon the same mandate shall only be filed in the combined form.

(b) Claims for direct and indirect costs filed pursuant to Section 17561 shall be filed in the manner prescribed by the Controller.

(c) Local agencies and school districts may file estimated claims and reimbursement claims with the Controller for increased costs resulting from any law enacted between January 1, 1973, and January 1, 1975, or an executive order implementing a statute enacted during that period, that resulted in a new program or a higher level of service of an existing program, and for which a specific appropriation has been made. The Controller shall pay these estimated claims, and approved reimbursement claims, from funds appropriated expressly therefor, provided that the Controller (1) may audit the records of any local agency or school district to verify the actual amount of the mandated costs, (2) may reduce any claim which the Controller determines is excessive or unreasonable, and (3) shall adjust the payment to correct for any underpayments or overpayments which occurred in previous fiscal years. The provisions of this chapter relative to estimated and reimbursement claims generally shall also apply to claims filed pursuant to this subdivision.

SEC. 11. Section 17567 is added to the Government Code, to read:

17567. In the event that the amount appropriated for reimbursement purposes pursuant to Section 17561 is not sufficient to pay all of the claims approved by the Controller, the Controller shall prorate claims in proportion to the dollar amount of approved claims timely filed and on hand at the time of proration. The Controller shall adjust prorated claims if supplementary funds are appropriated for this purpose.

In the event that the Controller finds it necessary to prorate claims as provided by this section, the Controller shall immediately report this action to the Department of Finance, the Chairperson of the Joint Legislative Budget Committee, and the Chairperson of the respective committee in each house of the Legislature which considers appropriations in order to assure appropriation of these funds in the Budget Act. If these funds cannot be appropriated on a timely basis in the Budget Act, the Controller shall transmit this information to the commission which shall include these amounts in

its report to the Legislature pursuant to Section 17600 to assure that an appropriation sufficient to pay the claims is included in the local government claims bills or other appropriation bills. If the local government claims bills required by Section 17612 have been introduced in the Legislature, the Controller shall report directly to the chairperson of the respective committee in each house of the Legislature which considers appropriations to assure inclusion of a sufficient appropriation in the claims bills.

SEC. 12. Section 17568 is added to the Government Code, to read:

17568. If a local agency or school district submits an otherwise valid reimbursement claim to the Controller after the deadline specified in Section 17560, the Controller shall pay the reimbursement claim in an amount equal to 80 percent of the amount which would have been allowed had the reimbursement claim been timely filed. In no case shall a reimbursement claim be paid which is submitted more than one year after the deadline specified in Section 17560. Estimated claims which were filed by the deadline specified in that section shall be paid in full before payments are made on estimated claims filed after the deadline. In the event the amount appropriated to the Controller for reimbursement purposes is not sufficient to pay the estimated claims approved by the Controller, the Controller shall prorate those claims in proportion to the dollar amount of approved claims filed after the deadline and shall report to the commission or the Legislature in the same manner as described in Section 17566 in order to assure appropriation of funds sufficient to pay those claims.

SEC. 13. Section 17570 is added to the Government Code, to read:

17570. On November 30 of each year the Legislative Analyst shall submit a report to the Legislature regarding each unfunded statutory or regulatory mandate for which claims have been approved by the Legislature pursuant to a claims bill during the preceding fiscal year. The Legislative Analyst shall review each such statute or regulation in light of its estimated future costs recoverable through the claims process and recommend, in each case, whether the Legislature should reconsider its original enactment of that statute or the state agency should reconsider its adoption of the regulation to repeal, modify, or make permissive its provisions. The Legislative Analyst shall submit the report to the Joint Legislative Budget Committee, the chairs of the fiscal committees, and the chairs of the policy committees in each house which have jurisdiction over the subject matter of these statutes or regulations.

SEC. 14. Section 17571 is added to the Government Code, to read:

17571. The commission, upon request of a local agency or school district, shall review the claiming instructions issued by the Controller for reimbursement of mandated costs, and may modify these instructions with regard to the inclusion or exclusion of specific cost items.

SEC. 16. Section 17610 of the Government Code is amended to read:

17610. (a) The costs arising from a statute containing a statement that the statute mandates a new program or higher level of service and specifying that reimbursement shall be made from the fund shall, upon certification of the estimated statewide cost by the commission to the Controller, be paid from the fund, provided that the estimated statewide cost of the claim does not exceed five hundred thousand dollars ($500,000). The Controller shall receive, review, and pay claims from the fund as the claims are received. No claim for initial reimbursement shall be filed with the Controller more than 120 days after the close of the first full fiscal year following certification of the estimated statewide cost by the commission.

(b) For purposes of this section, "estimated statewide cost" means the total amount of funds estimated to be necessary to reimburse all eligible local agencies and school districts for costs incurred as a result of the mandate during the first 12-month period following the operative date of the mandate.

(c) For purposes of this section, "costs arising from a statute" means the total amount of funds necessary to reimburse eligible local agencies and school districts for costs incurred as a result of complying with a mandate for the fiscal years specified in the parameters and guidelines in accordance with Section 17557.

SEC. 18. Section 2208.7 of the Revenue and Taxation Code is repealed.

[Approved by Governor September 17, 1986. Filed with Secretary of State September 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7124.6 is added to the Business and Professions Code, to read:

7124.6. (a) The registrar shall make available to members of the public the nature and disposition of all complaints on file against a licensee which have been referred for legal action.

(b) Any complaints which were resolved in favor of the contractor shall not be subject to disclosure under subdivision (a).

CHAPTER 881

An act to amend Section 654.2 of the Business and Professions Code, relating to healing arts.

[Approved by Governor September 17, 1986. Filed with Secretary of State September 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 654.2 of the Business and Professions Code is amended to read:

654.2. (a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division to

charge, bill, or otherwise solicit payment from a patient on behalf of, or refer a patient to, an organization in which the licensee, or the licensee's immediate family, has a significant beneficial interest, unless the licensee first discloses in writing to the patient, that there is such an interest and advises the patient that the patient may choose any organization for the purpose of obtaining the services ordered or requested by the licensee.

(b) The disclosure requirements of subdivision (a) may be met by posting a conspicuous sign in an area which is likely to be seen by all patients who use the facility or by providing those patients with a written disclosure statement. Where referrals, billings, or other solicitations are between licensees who contract with multispecialty clinics pursuant to subdivision (*l*) of Section 1206 of the Health and Safety Code or who conduct their practice as members of the same professional corporation or partnership, and the services are rendered on the same physical premises, or under the same professional corporation or partnership name, the requirements of subdivision (a) may be met by posting a conspicuous disclosure statement at a single location which is a common area or registration area or by providing those patients with a written disclosure statement.

(c) On and after July 1, 1987, persons licensed under this division or under any initiative act referred to in this division shall disclose in writing to any third-party payer for the patient, when requested by the payer, organizations in which the licensee, or any member of the licensee's immediate family, has a significant beneficial interest and to which patients are referred. The third-party payer shall not request this information from the provider more than once a year.

Nothing in this section shall be construed to serve as the sole basis for the denial or delay of payment of claims by third party payers.

(d) For the purposes of this section, the following terms have the following meanings:

(1) "Immediate family" includes the spouse and children of the licensee, the parents of the licensee and licensee's spouse, and the spouses of the children of the licensee.

(2) "Significant beneficial interest" means any financial interest that is equal to or greater than the lesser of the following:

(A) Five percent of the whole.

(B) Five thousand dollars ($5,000).

(3) A third-party payer includes any health care service plan, self-insured employee welfare benefit plan, disability insurer, nonprofit hospital service plan, or private group or indemnification insurance program.

A third party payer does not include a prepaid capitated plan licensed under the Knox-Keene Health Care Service Plan Act of 1975 or Chapter 11a (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code.

(e) This section shall not apply to a "significant beneficial interest" which is limited to ownership of a building where the space

is leased to the organization at the prevailing rate under a straight lease agreement or to any interest held in publicly traded stocks.

(f) (1) This section does not prohibit the acceptance of evaluation specimens for proficiency testing or referral of specimens or assignment from one clinical laboratory to another clinical laboratory, either licensed or exempt under this chapter, if the report indicates clearly the name of the laboratory performing the test.

(2) This section shall not apply to relationships governed by other provisions of this article nor is this section to be construed as permitting relationships or interests that are prohibited by existing law on the effective date of this section.

(3) The disclosure requirements of this section shall not be required to be given to any patient, customer, or his or her representative, if the licensee, organization, or entity is providing or arranging for health care services pursuant to a prepaid capitated contract with the State Department of Health Services.

SEC. 2. In enacting this act, the Legislature intends to make available to third party payers essential data concerning provider investment and financial interest in the facilities or health care businesses to which providers refer their patients for services, and not to create undue administrative burdens on those providers.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 882

An act to amend Sections 18990 and 20742 of the Government Code, relating to public employees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1986. Filed with Secretary of State September 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 18990 of the Government Code is amended to read:

18990. (a) Notwithstanding any other provision of law or rule, persons employed by the Legislature for two or more consecutive years shall be eligible to apply for promotional civil service examinations including examinations for career executive assignments for which they meet the minimum qualifications as

prescribed by the class specification. Persons receiving passing scores shall have their names placed on promotional lists resulting from these examinations or otherwise gain eligibility for appointment. In evaluating minimum qualifications, related legislative experience shall be considered state civil service experience in a class deemed comparable by the State Personnel Board, based on the duties and responsibilities assigned.

(b) In cases where promotional examinations are given by more than one department for the same classification, the employee shall select one department in which to compete. Once this selection is made, it cannot be changed for the duration of the promotional list established from the examination in which the employee participated. Employees may transfer list eligibility between departments in the same manner as provided for civil service employees.

(c) Employees who meet the requirements of this section and resign from the employment of the Legislature shall have the same rights and eligibility to take promotional civil service examinations and maintain promotional list eligibility as is provided to permanent civil service employees who resign from civil service.

(d) Notwithstanding subdivision (c), this section shall also apply to former employees of the Legislature with at least two or more consecutive years of service who terminated their employment with the Legislature not more than three years prior to January 1, 1986.

SEC. 2. Section 20742 of the Government Code is amended to read:

20742. Notwithstanding any other provision of this part, the state's contribution to the Public Employees' Retirement Fund during fiscal year 1986–87 is a sum equal to the percentages of compensation paid the following categories:

(a) 15.450 percent with respect to state miscellaneous members.

(b) 16.638 percent with respect to state industrial members.

(c) 22.522 percent with respect to state safety members.

(d) 22.150 percent with respect to state patrol members.

(e) 20.578 percent with respect to state peace officer/firefighter members.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the state's employers' rates of contribution to the Public Employees' Retirement Fund for fiscal year 1986–87 may be expressed in the statutes on or before the commencement of fiscal year 1986–87, and so facilitate the orderly administration of the system, and in order that legislative employees be treated in an equitable manner concerning the right to take civil service examinations, at the earliest possible time, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 1202.3 is added to the Elections Code, to read:

1202.3. Any absentee voter ballot application by a qualified special absentee voter, as defined in subdivision (c) of Section 1000, for a primary election shall also be deemed an application for a special absentee ballot for the subsequent general election.

SEC. 2. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

The people of the State of California do enact as follows:

SECTION 1. Section 1717.5 is added to the Civil Code, to read:

1717.5. Except as otherwise provided by law or where waived by the parties to an agreement, in any action on a contract based on a book account, as defined in Section 337a of the Code of Civil Procedure, entered into on or after January 1, 1987, which does not provide for attorney's fees and costs as provided in Section 1717, the party who is determined to be the party prevailing on the contract shall be entitled to reasonable attorney's fees in addition to other costs.

Reasonable attorney's fees awarded pursuant to this section shall be fixed by the court in an amount that shall not exceed the lesser of five hundred dollars ($500) or 25 percent of the principal obligation owing under the contract. If a party is found to have no obligation owing on a book account, the court shall award that party

reasonable attorney's fees not to exceed five hundred dollars ($500). These attorney's fees shall be an element of the costs of the suit.

If there is a written agreement between the parties signed by the person to be charged, the fees provided by this section shall not be imposed unless that agreement contains a statement that the prevailing party in any action between the parties is entitled to the fees provided by this section.

This section does not apply to any action in which an insurance company is a party, nor shall an insurance company, surety, or guarantor be liable under this section, in the absence of a specific contractual provision, for the attorney's fees and costs awarded a prevailing party against its insured.

[Approved by Governor September 18, 1986. Filed with Secretary of State September 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 1385) is added to Chapter 4 of Division 2 of the Fish and Game Code, to read:

The inventory shall be conducted so as to provide information needed to make evaluations pursuant to this chapter.

CHAPTER 4.5. UPPER SACRAMENTO RIVER FISHERIES AND RIPARIAN HABITAT MANAGEMENT PLAN

1400. The Legislature hereby finds and declares as follows:

(a) The Sacramento River system has tremendous social, environmental, and economic value to the people of California for many consumptive and nonconsumptive beneficial purposes. The Sacramento River system provides water for agricultural, municipal, and industrial uses, and for hydroelectric power, recreation, and navigation.

(b) The Sacramento River system is the state's largest producer of salmon, striped bass, sturgeon, and shad. It is also a major source of steelhead and other game fish and the source of water for much of the migratory bird population of the Pacific Flyway. It is essential that these values be protected.

(c) Various human and natural causes have contributed to substantial reductions in various anadromous fish populations in the Sacramento River system.

(d) Lack of a comprehensive management plan for the Sacramento River Basin has resulted in independent actions that pit some beneficial uses of water against others, thereby causing strong competition among competing water users.

(e) A comprehensive Upper Sacramento River Fisheries and Riparian Habitat Management Plan is needed to develop information to provide for the protection, enhancement, and restoration of fish and riparian habitat and associated wildlife, as part of the orderly development of the water resources of the Sacramento River Basin for all beneficial purposes.

1401. As used in the chapter:

(a) "Advisory council" means the Upper Sacramento River Fisheries and Riparian Habitat Advisory Council created pursuant to Section 1402.

(d) Three persons, appointed by the Director of Fish and Game, who shall represent, respectively, commercial fishermen, recreational fishermen, and general wildlife and conservation interests. The Director of Fish and Game shall also appoint a representative of county government from a county not represented pursuant to subdivision (c) which contains a commercial fishing industry dependent on the upper Sacramento River. This person shall represent the commercial fishing industry interests of the San Francisco Bay area and north coast.

(e) One person, appointed by the Director of Forestry, who shall represent commercial timber operators.

(f) One person, appointed by the Director of Food and Agriculture, who shall represent agricultural interests and is a riparian landowner.

(g) A representative of the Sacramento River Water Contractors Association, provided that the representative agrees to serve on the advisory council.

1403. The Upper Sacramento River Fisheries and Riparian Habitat Action Team shall consist of one person designated by each member of the advisory council, except that the Chairperson of the California Regional Water Quality Control Board for the Central Valley Region shall designate one member and the Chairperson of the State Water Resources Control Board shall not designate a member and except that the members of the advisory council appointed pursuant to subdivisions (d), (e), and (f) of Section 1402 shall themselves serve on the action team.

1404. The advisory council and the action team shall each select a chairperson from its members by majority vote.

1405. Members of the advisory council and the action team shall serve without compensation.

1406. The advisory council shall develop the Upper Sacramento River Fisheries and Riparian Habitat Management Plan, including a

proposed implementation program, for submission to the Legislature. The management plan shall provide for the protection, restoration, and enhancement of fish and riparian habitat and associated wildlife. The management plan shall establish a series of priority actions with specified time frames, estimated costs and benefits, and proposed funding sources.

The action team and the advisory council shall consider and may incorporate into the management plan, where feasible, the findings and recommendations of studies conducted by the Department of Water Resources pursuant to Section 238 of the Water Code.

1407. The area of study of the management plan shall be the Sacramento River and tributary streams, and associated riparian habitat, upstream from the confluence with the Feather River and downstream from Keswick Dam.

1408. The action team shall serve as a working group to develop proposed plan elements. The action team shall submit its recommendations to the advisory council for its review and approval. The advisory council shall be responsible for the management plan submitted to the Legislature.

1409. The Secretary of the Resources Agency shall appoint a project manager to supervise plan preparation and to coordinate activities of the advisory council and the action team.

1410. The advisory council shall hold at least two public hearings in separate counties within the area of study prior to final approval of the management plan. 1412. This chapter shall not delay or preclude any current, pending, planned, or proposed fisheries and wildlife protection enhancement, restoration, or acquisition activities or bank protection, flood control, irrigation, or other management activities along the upper Sacramento River.

1413. This chapter shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, repeals or extends that date.

SEC. 3. The sum of two hundred fifty thousand dollars ($250,000) is hereby appropriated from the California Environmental License Plate Fund for expenditure in accordance with the following schedule:

(a) One hundred fifty thousand dollars ($150,000) to the Wildlife Conservation Board for the purposes of Article 4.5 (commencing with Section 1385) of Chapter 4 of Division 2 of the Fish and Game Code.

(b) One hundred thousand dollars ($100,000) to the Secretary of the Resources Agency for preparation of the Upper Sacramento River Fisheries and Riparian Habitat Management Plan pursuant to

(a) From funds appropriated by the Legislature for this purpose for any fiscal year, the board shall allocate to school districts selected by the board pursuant to this section, funding for the expenses of air conditioning equipment and insulation materials, and for the costs of installing the equipment and materials, for schools operating on a year-round or continuous basis pursuant to Chapter 3 (commencing with Section 37400), Chapter 4 (commencing with

Section 37500), or Chapter 5 (commencing with Section 37600) of Part 22.

(b) The State Allocation Board shall allocate the funds appropriated under subdivision (a) only to those school districts in which a high percentage of the pupils, or a significant number of the pupils, are enrolled in year-round or continuous schools as described in subdivision (a). The board shall grant preference in the allocation of those funds to those year-round or continuous schools that are both situated in climates that require air-conditioning and insulation during June, July, and August, and have a high percentage of overcrowding of pupils.

SEC. 6. Section 17717.7 of the Education Code is amended and renumbered to read:

42250.2. (a) The board shall notify school districts that applicant school districts are encouraged to use facilities on a year-round basis.

(b) The board shall determine, for each applicant school district which is eligible for funding for new construction, the number of pupils enrolled in facilities which are operated on a year-round basis because of overcrowding.

(c) The board shall certify the number determined pursuant to subdivision (b) to the Superintendent of Public Instruction. The Superintendent of Public Instruction shall allow to the district the amount computed pursuant to Section 42250.

SEC. 7. Section 17719.5 is added to the Education Code, to read:

17719.5. For a school district having an average daily attendance of 2,500 or less for the prior fiscal year, the board may approve, subject to the building cost standards established under this chapter, a supplemental apportionment up to five thousand dollars ($5,000) for any new construction project, and up to one thousand two hundred dollars ($1,200) for any other project approved under this chapter, as reimbursement for administrative expenses incurred by the district in filing the application for the project.

SEC. 8. Section 17721.3 is added to the Education Code, to read:

17721.3. (a) For purposes of this chapter, "modernization" or "renovation" means any modification of an existing structure, the costs of which do not exceed 25 percent of the replacement cost of that structure.

(b) No project shall be approved for the modernization of any school facility unless and until both of the following are demonstrated to the satisfaction of the board:

(1) The project will enhance the capacity of the facility to achieve one or more educational purposes.

(2) The resulting pupil capacity of the facility, as measured in units of average daily attendance, will equal or exceed 80 percent of the facility's maximum capacity as determined under the board standards established under this chapter.

(c) No project shall be approved for the modernization of any school facility that was constructed less than 30 years prior to the date of the approval of the project applied for under this chapter.

SEC. 9. Section 17722.7 is added to the Education Code, to read:

17722.7. (a) The funding for any reconstruction project approved by the board pursuant to this chapter that meets the requirements set forth in subdivision (b) shall include all of the following, not to exceed the total cost of the reconstruction project or 75 percent of the replacement cost of the facility to be reconstructed, whichever is less:

(1) Twenty-five percent of the replacement cost of the facility.

(2) A funding entitlement to the extent that the reconstruction will result in an increased capacity of the facility to house pupils, calculated pursuant to the cost standards for new construction established by the board under Section 17717.

(3) Any costs incurred by the district as required to ensure that the facility, as reconstructed, complies with applicable structural safety standards for school buildings pursuant to Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Chapter 2 of Part 23, and Article 7 (commencing with Section 81130) and Article 8 (commencing with Section 81160) of Chapter 1 of Part 49.

(b) In order to qualify for the funding entitlement set forth in subdivision (a), a school district reconstruction project shall be required to meet all of the following conditions:

(1) The facility to be reconstructed is at least 30 years old as of the date the application is filed.

(2) The cost of the reconstruction project exceeds 25 percent of the replacement cost of the facility.

(3) The reconstruction will result in an increased capacity of the facility to house pupils.

(c) No reconstruction project shall be approved under this chapter for which the total cost exceeds 75 percent of the replacement cost of the facility to be reconstructed.

SEC. 10. Section 17736 of the Education Code is amended to read:

17736. (a) Except as provided in subdivision (b), funds may be expended from the county school lease-purchase fund by the applicant school district only when specifically authorized by the board for either direct project costs or reimbursements.

(b) Upon specific authorization by the board, applicant school districts may be reimbursed from the county school lease-purchase fund for expenditures, or commitments therefor, made prior to the approval of a project by the board, subject to all of the following conditions:

(1) The expenditures or commitments were made in accordance with the terms of the approval of a project.

(2) The expenditures or commitments were made not more than four years prior to the approval of a project.

(3) The expenditures or commitments do not include any cost incurred for construction of a project.

SEC. 11. Section 17740 of the Education Code is amended to read:

17740. Except as provided in Section 17741, no project shall be

approved, the building area of which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of estimated average daily attendance in excess of that computed in accordance with Sections 17743, 17744, 17745, and 17746.

As used in Sections 17741.5, 17743, 17744, 17745, and 17746, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 17745 and 17746, "attendance center" means a school maintained or to be maintained at a given location within a district. Enrollment projections shall be made for the third fiscal year beyond the fiscal year in which the application is made for a project for kindergarten or any of grades 1 through 6, and for the fourth fiscal year beyond the fiscal year in which the application is made for a junior high school or high school project. Except as otherwise provided by the board, the estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter, pupils attending grades 7 and 8 in an elementary district, but residing in a high school district that maintains one or more junior high schools, shall not be considered in determining or estimating the average daily attendance of the elementary district, unless one of the following conditions is met:

(a) The elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1975.

(b) The elementary district, by a vote of the electorate at an election held on June 2, 1981, withdrew its 7th and 8th grade pupils from the high school district.

(c) The elementary district, by a vote of the electorate at an election held on November 4, 1980, withdrew its 7th and 8th grade pupils from the high school district and the high school district continues to qualify for a project, other than a project pursuant to Section 17741, on the basis of the remaining 7th and 8th grade pupils. In no event shall a facility be constructed for the withdrawn 7th and 8th grade pupils at a distance less than one and one-half miles from the nearest proposed or existing junior high facility.

When these pupils are so considered in determining or estimating the average daily attendance of the elementary district, they shall not be considered in determining or estimating average daily attendance of the high school district for junior high school purposes.

SEC. 12. Section 11740.1 is added to the Education Code, to read:

17740.1. The allowable building area of any project, as calculated under this article, may be increased by any applicant school district,

where the increase is funded exclusively from sources other than any state programs administered by the State Allocation Board. Any increase in building area pursuant to this section in a project for which construction commenced on or after January 1, 1987, not to exceed 110 percent of the area that would be allowed under applicable state standards, shall be excluded from the calculation of the area of adequate school construction for the purposes of all subsequent project applications by the district under this chapter.

SEC. 13. Section 17740.3 is added to the Education Code, to read:

17740.3. Notwithstanding any other provision of this part, the estimate of average daily attendance for an applicant school district shall be calculated for up to and including two years longer than the period of time permitted by Section 17740, as requested by the district, where 50 percent or more of the cost of the project is provided by the district from funding sources other than any state program administered by the State Allocation Board or the California School Finance Authority. For the purposes of any subsequent project application from that district based upon additional growth in pupil enrollment, the estimate of average daily attendance shall be based on enrollment projections for any period of time, as requested by the district, up to and including that permitted by Section 17740.

SEC. 14. Section 17742 of the Education Code is amended to read:

17742. (a) The board, by the adoption of rules, shall provide for the manner of determining the area of adequate school construction existing in an applicant school district at the time of application. Those rules shall define and provide for the method of determining building areas that are to be included in, in whole or in part, or to be excluded from, the area of existing adequate school construction. Any building to which Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3 of Title 2 does not apply shall not be considered adequate school construction for the purpose of determining the maximum total building area per attendance unit.

The board may make exception to the provisions of this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

(b) For the purposes of this chapter, the area of adequate school construction existing in an applicant school district does not include, in any school operated on a year-round schedule, any building area that has been in continuous use during the preceding five-year period primarily for the operation of any preschool program or programs.

SEC. 15. Section 17742.2 is added to the Education Code, to read:

17742.2. The area of any nonclassroom space constructed by a school district after September 11, 1957, with funds given or bequeathed to the district after that date, and the area of any nonclassroom space given, devised, or bequeathed to a school district after that date, including any nonclassroom space given to a district by any city, county, or political subdivision of this state, shall not be

included in any computation of the area of adequate school construction existing in any applicant school district under this chapter.

For the purposes of this section, any nonclassroom space leased to a school district for a term exceeding 24 years and for an annual rental of not more than five dollars ($5), shall be construed as constituting a gift to the district.

SEC. 16. Section 17742.3 is added to the Education Code, to read:

17742.3. In determining the area of adequate school construction in an applicant district, the board, by a unanimous vote of all members present, may exclude the square footage of any facility no longer usable for school purposes.

SEC. 17. Section 17742.5 of the Education Code is amended to read:

17742.5. For purposes of determining the area of adequate school construction existing in an applicant school district pursuant to Section 17742, all portable classrooms, whether owned or leased, shall be included, except as otherwise provided in subdivisions (a), (b), (c), and (d).

(a) Leased portable classrooms acquired by a school district shall not be included in the area of existing adequate school construction until January 1, 1991.

(b) Portable classrooms leased pursuant to Chapter 25 (commencing with Section 17785) shall be excluded from the area of adequate school construction.

(c) The total area of portable classrooms that is in excess of 10 percent of the district's total area and that have been leased or owned by the district for 20 years or more, and 75 percent of all portable classrooms 20 years old or older, shall be excluded from the area of adequate school construction.

(d) Leased portable classrooms shall not be included in the area of adequate school construction for a period of five years from the date first leased by the district. That exclusion shall be extended by the board for one additional five-year period where the board finds that their continued use of the leased portable classrooms for classroom purposes is justified by additional growth in average daily attendance pursuant to the standards established by this part. If the board finds continued use to no longer be justified, it may extend the exclusion for a period of up to two years as necessary to maintain the eligibility of the applicant district for project funding pursuant to this chapter if the board finds that the district has made a good faith effort to obtain that funding in a timely manner.

For purposes of this section, the definition of "portable classrooms" is the definition for "interim facilities" set forth in Section 65980 of the Government Code.

SEC. 18. Section 17742.7 is added to the Education Code, to read:

17742.7. (a) For any project application filed or amended on or after January 1, 1987, the area of adequate school construction existing in the applicant school district or, where appropriate, in the

attendance area, at the time of application shall be calculated as otherwise provided by this article or, at the request of the district, pursuant to the following formula:

(1) Identify by grade level all teaching stations existing in the school district or, where appropriate, the attendance area, as of January 1, 1986. For the purposes of this section, "teaching station" means any space that was constructed or reconstructed to serve as an area in which to provide pupil instruction.

(2) Determine the maximum pupil loading figure for each grade level pursuant to the district pupil loading standards in effect on January 1, 1986. In no event may this figure be more than the maximum pupil loading standards established by the board, or less than three pupil units lower than those maximum pupil loading standards.

(3) Multiply the figure determined under subdivision (b) for each grade level by the number of teaching stations for the particular grade level, as determined under subdivision (a).

(4) Multiply the product determined under subdivision (c) by the maximum area allowance established for that grade level under this article.

(5) The sum of these computations for each grade level, as determined under subdivision (d), in addition to the area of existing adequate school construction as calculated under Section 17740 for all school construction completed after January 1, 1986, in the district or, where appropriate, the attendance area, shall be the total area of adequate school construction existing in the district or attendance area pursuant to this formula.

(b) For purposes of this section, a school district that is participating in a class size reduction program set forth in this code shall use the pupil loading standard established pursuant to that program.

SEC. 19. Section 17746.7 is added to the Education Code, to read:

17746.7. Notwithstanding any other provision of law, the determination of allowable building area for an applicant school district under Sections 17742.7, 17743, 17744, 17745, and 17746, shall be made on the basis of 107 percent of the square footage allowances set forth in those sections, calculated to the nearest whole number.

SEC. 20. Section 17747 of the Education Code is amended to read:

17747. (a) The allowable new building area for the purpose of providing special day class and Resource Specialist Program Facilities for special education pupils shall be negotiated and approved by the State Allocation Board, with any necessary assistance to be provided by the Special Education Division of the State Department of Education. The square footage allowances shall be computed within the maximum square footage set forth in the following schedule:

SEC. 21. Section 17749 of the Education Code is repealed.

SEC. 22. Section 17749 is added to the Education Code, to read:

17749. (a) The board shall require, as a condition of providing funding for any project under this chapter, that, for any facilities for kindergarten or any of grades 1 to 12, inclusive, or for any facilities for special education or continuation high school purposes, at least 30 percent of allowable new building construction for classrooms under

the project be utilized for relocatable structures:

(b) The board may reduce the percentage requirement set forth in subdivision (a), as to any applicant, in the event that the quantity of relocatable structures necessary to comply with those requirements is unavailable from the manufacturers of those structures.

(c) The board may reduce or eliminate the percentage requirements set forth in subdivision (a), as to any applicant, where the board finds that special conditions of terrain, climate, or unavailability of space within the attendance area make the use of relocatable structures impractical or inappropriate.

(d) Relocatable structures acquired by an applicant school district up to two years preceding the final approval by the board of the project application submitted by the district shall apply to the percentage requirements set forth in subdivision (a). The cost of acquiring those structures shall apply to fulfilling the district's funding requirement under Section 17705.5.

SEC. 23. Chapter 23 (commencing with Section 17760) of Part 10 of the Education Code is repealed.

SEC. 24. Section 17788.5 is added to the Education Code, to read:

17788.5. The board may empower any lessee to act as its agent in the performance of acts authorized under this chapter with regard to portable classrooms to be made available to that lessee, including, but not necessarily limited to, contracting for architectural and construction services and purchasing furniture and equipment.

SEC. 25. Section 39015 of the Education Code, as amended by Chapter 70 of the Statutes of 1986, is amended to read:

39015. (a) Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board, and does not use the site within (1) five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district, or, (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district, or if a school district has a site at any grade level that has previously been used but has not been used for school purposes within the preceding five years, the school district shall be subject to nonuse payments, unless the State Allocation Board, from time to time, makes a determination that the school district will utilize the property for the purpose for which it was intended within a reasonable period of time, in a specific amount for each additional year in which the site is retained and not used by the district beyond the foregoing specified periods, except the first additional year shall be deemed to end not earlier than April 30, 1973.

(b) Payment shall not be required under this section as to any site having a value of twenty thousand dollars ($20,000) or less. Commencing on January 1, 1988, and annually thereafter, the State Allocation Board shall increase this exemption figure by the amount of the current fiscal year inflation adjustment specified in Section

42238.1, if any.

(c) The payments required shall be computed by the Executive Officer of the State Allocation Board and certified to the Controller, and payments shall be equal to one one-hundredth ($\frac{1}{100}$) of the original purchase price of the site modified by either a factor reflecting the change in assessed value of all lands in the state from the date of purchase of the site to the current date or any other factor that in the determination of the State Allocation Board is applicable to the site under consideration.

(d) Whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the school site for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 39360) of Chapter 3 of Part 23 and has received no bids that in the judgment of the State Allocation Board reflect the fair market value of the property, the Executive Officer of the State Allocation Board shall not compute any nonuse payments for the site for a period of one year beyond the date of the determination.

(e) Nonuse payments shall not be required for any year with respect to a school site that for one-half or more of the number of days of that year has been utilized (1) by the school district, or by any other governmental entity pursuant to agreement with the school district, for school or community playground, playing field, or other outdoor recreational purposes, or (2) by the State Allocation Board, pursuant to agreement with the school district, for the storage of emergency portable classrooms.

Nonuse payments shall not be required for any year with respect to a school site which was leased at least one-half of the days in that year in a manner that subjected the site to property taxes equal to the taxes which would have been paid if the site had been sold.

SEC. 26. Section 39140 of the Education Code is amended to read:

39140. (a) The Department of General Services under the police power of the state shall supervise the design and construction of any school building or, if the estimated cost exceeds twenty thousand dollars ($20,000), the reconstruction or alteration of or addition to any school building, to ensure that plans and specifications comply with the rules and regulations adopted pursuant to this article and building standards published in Title 24 of the California Administrative Code, and to ensure that the work of construction has been performed in accordance with the approved plans and specifications, for the protection of life and property. Nothing in this section shall be construed to allow a school district to perform work with its own forces in excess of the limitations set forth in Sections 39640 and 39649.

(b) Whenever repairs due to fire damage, not including any damage caused by wind or earthquake, must be made to any school building previously approved by the Department of General Services, the approved plans and specifications used in the original work under then existing rules, regulations, and building standards

may be used without modification, providing all other provisions of this article are carried out.

(c) Notwithstanding any other provision of law, no school district shall be authorized to construct or reconstruct any school building, regardless of the source of funding, unless and until one of the following criteria has been met:

(1) The district architect has certified that the project satisfies the construction cost and allowable area standards prescribed by Chapter 22 (commencing with Section 17700) of Part 10.

(2) The governing board of the district has, by resolution, indicated the agreement of the district that any school building construction or reconstruction that exceeds those construction cost and allowable area standards or any allowable building area computed for an attendance area pursuant to Section 17741 shall, in the event of the district's subsequent application for state funding for school facility construction, be deducted from the allowable building area for which the district would otherwise have been eligible, which restriction shall not be subject to waiver or exception, as may otherwise be provided by law, including, but not limited to, Section 17742.

If it is determined that, for any reason, a school district failed to comply with the requirement of this section, the district shall not be eligible for any additional building area pursuant to Section 17749 and may be denied any time priority established for the particular project pursuant to Section 17716.

SEC. 27. Section 39246 of the Education Code is amended to read:

39246. (a) The governing board of any school district may lease relocatable structures for a term extending to the expected duration of use by the school district, but not to exceed 20 years, or permanent school facilities for a term extending to the expected duration of use by the school district, but not to exceed 30 years.

(b) Notwithstanding subdivision (a), the governing board of any school district that has entered into a joint powers agreement pursuant to the provisions of Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code for the purpose of leasing relocatable structures to participating school districts, may lease the relocatable structures for a term extending to the expected duration of use by the school district, but not to exceed 15 years.

(c) Any lease agreement or contract entered into pursuant to this section shall be initiated by resolution authorizing the action and prescribing the terms thereof adopted by vote of a majority of the members of the governing board.

SEC. 28. Section 39305 of the Education Code is amended to read:

39305. (a) Notwithstanding Section 39314, the governing board of a school district, without advertising for bids, may let, for a minimum rental of one dollar ($1) a year, to any person, firm, or corporation any real property that belongs to the district if the instrument by which such property is let requires the lessee therein to construct on the demised premises, or provide for the construction

thereon of, a building or buildings for the use of the school district during the term thereof, and provides that title to that building shall vest in the school district at the expiration of that term. The instrument may provide for the means or methods by which that title shall vest in the school district prior to the expiration of that term, and shall contain such other terms and conditions as the governing board may deem to be in the best interest of the school district.

(b) Any rental of property that complies with subdivision (a) shall be deemed to have thereby required the payment of adequate consideration for purposes of Section 6 of Article XVI of the California Constitution.

SEC. 29. Section 39381 of the Education Code is amended to read:

39381. The governing board of a school district may, with the approval of the county board of supervisors, sell or lease any building of the district together with the site upon which the building is located, without complying with any other provisions of this article, provided that the county board of supervisors finds that all of the following conditions exist:

(a) The sale or lease is to be made to an incorporated nonprofit tax-exempt community or civic organization with a membership comprised predominantly of persons residing in the community in which the building and site are situated.

(b) The building is not suitable for school purposes.

(c) The building has an historic value and its preservation and utilization for the benefit of the community will best be ensured by sale or lease to an organization specified in subdivision (a).

(d) The sale or lease is to be executed for a consideration to enure to the school district reflecting the fair market value of the property, or its fair rental value, as the case may be, except that the sale may be executed for a consideration that is less than the fair market value of the property if all of the following conditions exist:

(1) More than 50 percent of the buildings on the site have been designated as historically significant by the State Historical Resources Commission.

(2) For a period of 25 years, commencing with the date that possession of the property is transferred, the building or buildings designated pursuant to paragraph (1) shall be used and maintained for public benefit as an historical resource, and the site shall otherwise be available for public access and use, including, but not limited to, park and recreational uses. Any violation of this condition shall result in the automatic reversion of title to the property so transferred, without remuneration, to the transferor school district. The condition set forth in this paragraph does not prohibit any use of the site that is necessary or appropriate to its use and maintenance for historical purposes.

(3) The consideration paid is equal to or greater than the sum of the actual cost of the acquisition of the property by the school district and the actual cost of any capital improvements made to the property.

(e) Adequate provision has been made in connection with the sale or lease transaction to protect the district against all civil liabilities which might arise in connection with any use of the building and site.

SEC. 30. Section 39619.2 is added to the Education Code, to read:

39619.2. (a) School districts may submit applications to the State Allocation Board for deferred maintenance funding in addition to the amounts specified in Section 39619. In order to be eligible for an additional apportionment, a school district shall do all of the following:

(1) Certify that if an additional apportionment is provided, the district will have matched the additional apportionment amount with an equal amount of district funds that have not been previously used as a match for state aid.

(2) Certify an additional claim of not greater than 1 percent of the total general funds and adult education funds budgeted by the district for the fiscal year, excluding any amounts budgeted for capital outlay or debt service, but including adult education funds.

(3) Certify that any additional funds will be used to meet deferred maintenance identified in the district's five-year deferred maintenance plan.

(b) The State Allocation Board shall establish rules and regulations regarding the formulas used to apportion additional funds pursuant to this section.

(c) It is the intent of the Legislature that state funds for deferred maintenance be drawn first from excess bond repayments by school districts, revenues pursuant to subdivision (f) of Section 6217 of the Public Resources Code, and proceeds from existing general obligation bonds.

SEC. 31. Section 42250.3 is added to the Education Code, to read:

42250.3. (a) A school district may apply for year-round education incentive payments in excess of those provided for in Section 42250 if the school district demonstrates to the State Allocation Board all of the following:

(1) There is substantial overcrowding in the school district or high school attendance areas as demonstrated by current enrollment, capacity of facilities, and growth projections allowed under law.

(2) The district will use the year-round education configuration to increase the capacity of its facilities and thereby reduce the need for new facilities or more costly alternatives.

(3) The district intends to reach a minimum goal of 15 percent more pupils enrolled in its facilities beyond capacity established for those facilities.

(4) Other educationally sound remedies commonly used to relieve overcrowding have been examined and used where appropriate.

(5) The district would be allowed to construct new facilities pursuant to state law absent the use of year-round education.

(b) A school district that meets all the criteria described in subdivision (a) shall have its year-round education incentive

payments calculated as follows:

(1) The school district shall certify the number of pupils in year-round education in excess of the capacity of the school or schools, as determined by required state or court-mandated pupil loading standards.

(2) The Office of Local Assistance shall multiply the number of pupils determined in paragraph (1) by the allowable square feet of new construction for the grade levels of the excess pupils.

(3) The Office of Local Assistance shall multiply the amount determined in paragraph (2) by the average cost of new construction that would be allowed for schools of that grade level in that locale.

(4) The State Department of Education shall certify to the State Allocation Board the amount of land that would be necessary for an educationally adequate facility for the number and grade level of pupils determined in paragraph (1) above.

(5) The Office of Local Assistance shall multiply the amount determined in paragraph (4) above by the cost of land in the area where a new school would be built, if the pupils were not participating in year-round education.

(6) The Office of Local Assistance shall reduce the value of land in this calculation starting in the second year after the state has purchased the land for the new school that would be built, if the pupils were not participating in year-round education. This reduction shall be one-third per year of the value of the land purchased.

(7) The Office of Local Assistance shall add the amounts determined in paragraphs (3) and (5) and multiply the result by .10.

(8) The Office of Local Assistance shall divide the amount determined by paragraph (7) by the sum of the capacity and excess students in the facility or facilities used for year-round education.

(9) The Office of Local Assistance shall report to the State Allocation Board the total and the amount per pupil determined by paragraphs (7) and (8).

(10) The State Allocation Board shall certify to the Controller the amount determined in paragraph (7), not to exceed one hundred twenty-five dollars ($125) per pupil in year-round education facilities, increased annually for inflation for the prior calendar year on the basis of the cost index for Class B construction as determined in the January meeting of the State Allocation Board.

SEC. 32. Section 33445.5 is added to the Health and Safety Code, to read:

33445.5. (a) If the governing board of a school district finds that conditions of overcrowding, as defined by subdivision (a) of Section 65973 of the Government Code, exist in one or more attendance areas within the district that serve pupils who reside in housing, located within or adjacent to a project area, and that the conditions of overcrowding result from actions taken by the redevelopment agency in implementing the redevelopment plan, the governing

board may transmit a written copy of those findings, together with supporting information, materials, and documents, to the redevelopment agency. The redevelopment agency shall conduct a public hearing within 45 days after receiving the findings to receive public testimony identifying the effects of the redevelopment plan on the impacted attendance area or areas and suggesting revisions to the plan as adopted or amended by the legislative body that would alleviate or eliminate the overcrowding in the attendance area or areas caused by the implementation of the redevelopment plan. The redevelopment agency shall send written notice of the public hearing to, and at the hearing receive public testimony from, any affected taxing entity. After receiving that testimony at the hearing, the agency shall consider amendments of the plan necessary to alleviate or eliminate that overcrowding and may recommend those amendments for adoption by the legislative body.

(b) Section 33353 does not apply to an amendment of the plan proposed pursuant to subdivision (a) when both of the following occur:

(1) The amendment proposes only to add significant additional capital improvement projects to alleviate or eliminate the overcrowding in the attendance area or areas caused by the implementation of the plan.

(2) The amendment will delete capital improvement projects that are equivalent in financial impact on any affected taxing entity or otherwise modify the plan in a way that the agency finds there will be no additional financial impact or any affected taxing entity as a result of the amendment.

(c) Any funds received by a school district from a redevelopment agency to alleviate or eliminate the overcrowding in the attendance area or areas caused by implementation of a redevelopment plan as the result of a public hearing conducted pursuant to subdivision (a) shall be used only for capital expenditures.

(d) The governing body of a school district shall not make the findings permitted by subdivision (a) with respect to any project area more than once.

(e) This section applies only to redevelopment plans adopted prior to January 1, 1984.

SEC. 33. Section 20111.5 is added to the Public Contract Code, to read:

20111.5. The following procedures shall apply to any contracts entered into by any school district pursuant to the funding approval of any district project under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code:

(a) The governing board of the district may require that each prospective bidder for a contract, as described under Section 20111, complete and submit to the district a standardized questionnaire and financial statement in a form specified by the district, including a complete statement of the prospective bidder's financial ability and experience in performing public works. The questionnaire and

financial statement shall be verified under oath by the bidder in the manner in which civil pleadings in civil actions are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection.

(b) Any school district requiring prospective bidders to complete and submit questionnaires and financial statements, as described in subdivision (a), shall adopt and apply a uniform system of rating bidders on the basis of the completed questionnaires and financial statements, in order to determine the size of the contracts upon which each bidder shall be deemed qualified to bid.

(c) Each prospective bidder on any contract described under Section 20111 for a project funded under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code shall be furnished by the school district letting the contract with a standardized proposal form that, when completed and executed, shall be submitted as his or her bid. Bids not presented on the forms so furnished shall be disregarded. A proposal form shall not be accepted from any person or other entity who is required to submit a completed questionnaire and financial statement for prequalification pursuant to subdivision (a), but has not done so at least five days prior to the date fixed for the public opening of sealed bids or has not been prequalified, pursuant to subdivision (b), for at least one day prior to that date.

SEC. 34. The Legislative Analyst shall report to the Legislature on or before January 1, 1990, regarding the value of year-round education incentive funding pursuant to this act in reducing the need for school facility construction.

SEC. 35. The amendments to Section 39305 of the Education Code set forth in Section 28 do not constitute a change in, but are declaratory of the existing law.

SEC. 36. The State Allocation Board shall review the funding priorities it has established pursuant to Chapter 22 (commencing with Section 17700) to reflect the changes to that chapter by this act.

Applications for state funding filed with the State Allocation Board on or before January 1, 1987, shall take priority over applications submitted after that date under revised standards.

SEC. 37. (a) The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the State School Building Lease-Purchase Fund to the Department of General Services, Office of Local Assistance, for the purpose of contracting with the Office of the Legislative Analyst. The Office of the Legislative Analyst, in consultation with the Office of Local Assistance and the State Department of Education, shall contract with an individual, group of individuals, firm or organization deemed qualified and competent to study and develop recommendations to simplify and shorten the time to complete the administrative processes related to state funding for school facilities. The study shall include, but need not be limited to, an assessment of the feasibility and desirability of all of the following:

(1) Allocating funding with less state involvement and eligibility has been determined.

(2) Allocating funding on the basis of availability of teaching spaces as opposed to total square footage.

(3) Exploring the possibility of the use of self-certification on documents submitted by applicant districts with the intent of limiting steps in the current process.

(4) Improving enrollment project methods, including more efficient and timely use of California Basic Education Data System (CBEDS) information.

(5) Establishing regional school facility planning units through the county offices of education.

(6) Such other recommendations as the contractor may suggest to improve the efficiency of the administrative processes related to state funding for school facilities.

(7) Making greater use of automation in the application process.

For any improvements to the current process determined to be both feasible and desirable, the contractor shall propose specific implementation methods, time tables, and costs or savings. The contractor shall submit a preliminary report on or before August 1, 1987, and a final report on or before January 10, 1988.

The Department of General Services, Office of Local Assistance, shall report to the Office of the Legislative Analyst on or before November 1, 1988, on the status of implementation of the recommendations made by the study contractor.

SEC. 38. Sections 1 to 37, inclusive, of this act shall become operative only if Assembly Bill 2926 is enacted and becomes effective on January 1, 1987.

SEC. 39. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 887

An act to amend Sections Sections 17739.2, 17788, and 33051 of, and to add Sections 17705.5 and 39015.5 to, the Education Code, to amend Section 65974, and to add Sections 53080 and 53081 and Chapter 4.9 (commencing with Section 65995) to Division 1 of Title 7 of, the Government Code, and to amend Section 6217 of the Public Resources Code, relating to school facilities, and making an appropriation therefor.

[Approved by Governor September 18, 1986. Filed with Secretary of State September 18, 1986.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the state share with local governmental entities the financial burden of school facilities construction, of which the state's share is to be funded from such revenue sources as general obligation bond proceeds and specified tidelands moneys and other revenues as specified in Assembly Bill 2926 of the 1985–86 Regular Session. Subject to the approval by the electorate of state general obligation bond measures, the state intends to stand behind that funding commitment.

SEC. 2. Section 17705.5 is added to the Education Code, to read:

17705.5. (a) The total building cost portion of any state funding for any project approved under this chapter for the new construction or rehabilitation of one or more school facilities shall be reduced by the amount of the local matching share requirement computed under subdivision (b).

(b) Each school district to which funds are allocated pursuant to this chapter for the new construction or rehabilitation of one or more school facilities shall provide, as its share of the cost of the project, an amount equal to the following:

(1) The product of the applicable maximum fee set forth in subdivision (b) of Section 65995 of the Government Code times the number of square feet of new residential, commercial, and industrial construction, as appropriate, for which building permits are issued within the boundaries of the school district from the date on which the board approves the district's application for project funding under this chapter to the date upon which the notice of completion for the project is issued, except that this period shall not exceed the time reasonably necessary for the final apportionment to be issued where the district meets its obligations as an applicant under this chapter. This amount is reduced by the sum of the following:

(A) Any amounts expended by the district during the described period of time for the acquisition of interim classroom facilities pursuant to Chapter 4.9 (commencing with Section 65970) of Division 1 of Title 7 of the Government Code from the proceeds of the fee levied by the district during that period. This amount is limited to the acquisition of interim classroom facilities necessary to temporarily house that number of pupils calculated, under state pupil loading standards, by subtracting the average daily attendance of the district based on a three-year enrollment projection from the average daily attendance of the district based on a five-year enrollment project. Enrollment projections for this purpose shall be made in accordance with this chapter.

(B) Any amounts expended by the district during the described period of time for the local matching share of any project funded under this chapter from the proceeds of the fee levied by the district

during that period.

(C) An amount reflecting the extent to which the district is precluded from collecting those fees by reason of the levy and collection of developer fees by another school district having common territorial jurisdiction.

(c) For purposes of establishing an estimate of the state project costs pursuant to subdivision (a), the board may estimate the local matching share by using the product of the annual average of the amount that would have resulted from the application of the maximum fee to the square footage of all new construction within the district over the three calendar years preceding the district's project application times the number of years over which the board estimates the fee will be collected by the district pursuant to the project to be funded.

(d) Only those project applications for which, prior to January 1, 1987, the board had made the apportionment for site acquisition and working drawings or the final apportionment for construction of the project shall be subject to the provisions of this chapter in effect prior to that date.

(e) The board may provide a loan to any applicant district in an amount equal to all or a part of the district's obligation under subdivision (b), subject to the requirement that the district pay each month to the board, as reimbursement, an amount equal to the proceeds that would be received by the district from the imposition of the fee described under subdivision (b) until the total amount of the loan has been repaid, together with interest computed pursuant to Section 16065.

(f) The board may make the loan specified in subdivision (e) from any funds available from any source, including, but not limited to, those amounts made available pursuant to Section 16065.

(g) All loan and interest amounts paid to the state pursuant to this section shall be available for the use of the board in the funding of projects as otherwise provided under this chapter, including, but not limited to, additional loans.

(h) This section shall remain in effect only until such date as any state general obligation bond measure submitted to the voters of this state for their ratification, which measure includes within its purposes the funding of school facilities construction, fails to receive that ratification, and as of that date is repealed.

SEC. 3. Section 17739.2 of the Education Code is amended to read:

17739.2. Of the moneys reserved for the rehabilitation or modernization of facilities pursuant to Section 17739.1, the board may reserve not more than twenty-five million dollars ($25,000,000) for apportionments to school districts that the board has determined to be in severe need of the apportionment. In addition, of the moneys reserved for the reconstruction or modernization of facilities pursuant to Section 17696.96, the board may reserve up to and including 10 percent for this purpose. In either event, the

apportionment shall be for purposes of site acquisition and the construction of school facilities for school sites that meet one or more of the conditions established by the board, which shall include, but are not limited to, the following:

(a) The school site is not less than 30 years of age.

(b) The school site has accommodated a significant increase in enrollment during the last 10-year period.

(c) Enrollment increases have been accommodated by placing relocatable structures on the school site without expanding the school site.

(d) The school site has inadequate playground space for its enrollment.

(e) The school site has inadequate meal facilities, and those facilities are used for more than three times the number of pupils for which the facilities were originally designed.

SEC. 4. Section 17788 of the Education Code is amended to read:

17788. In addition to any other powers and duties as are granted the board by this chapter, other statutes, or the State Constitution, the board has the power to do each of the following:

(a) Establish any qualifications not in conflict with other provisions of this chapter, as it deems will best serve the purposes of this chapter, for determining the eligibility of school districts and county superintendents of schools to lease portable classrooms under this chapter.

(b) Establish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(c) Adopt any rules and regulations for the administration of this chapter requiring such procedure, forms, and information, as it may deem necessary.

(d) Have constructed, furnished, equipped, or otherwise require whatever work is necessary to place, portable classrooms on school sites where needed.

(e) Own, have maintained, and lease portable classrooms to qualifying school districts and county superintendents of schools.

(f) From any moneys in the State School Building Aid Fund available for purposes of this chapter, the board shall make available to the Director of General Services such amounts as it determines necessary to provide the assistance, pursuant to this chapter, required by Section 15504 of the Government Code.

(g) Notwithstanding any other provision of law, the board may make available to the Director of General Services up to fifteen million dollars ($15,000,000) annually from any funds available to the board. These funds shall be utilized to purchase portable classrooms for the purposes of this section.

SEC. 5. Section 33051 of the Education Code is amended to read:

33051. (a) The State Board of Education shall approve any and all requests for waivers except in those cases where the board specifically finds any of the following:

(1) The educational needs of the pupils are not adequately

addressed.

(2) The waiver affects a program that requires the existence of a school site council and the school site council did not approve the request.

(3) The appropriate councils or advisory committees, including bilingual advisory committees, did not have an adequate opportunity to review the request and the request did not include a written summary of any objections to the request by the councils or advisory committees.

(4) Pupil or school personnel protections are jeopardized.

(5) Guarantees of parental involvement are jeopardized.

(6) The request would substantially increase state costs.

(7) The exclusive representative of employees, if any, as provided in Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, was not a participant in the development of the waiver.

(b) The State Board of Education shall not approve any request for waiver of any provision of Article 5 (commencing with Section 39390) of Chapter 3 of Part 23 unless the school district seeking the waiver demonstrates all of the following:

(1) The school district provided the written notice required under subdivision (f) of Section 33050.

(2) The school district, after making a good-faith effort to that purpose, was unable to reach agreement with any public agency identified under Section 39394 that seeks to acquire the site under that article on terms and conditions that are consistent with the requirements of the purchase plan adopted by the agency under Section 39397.5 and would enable the district to meet its reasonable financial goals.

(3) The detriment to the school district's ability to financially meet the educational needs of the community resulting from the disposition of the school site pursuant to the sale price or lease rate limitations set forth in Section 39396, as compared to the fair market value of the site, outweighs the need for the use of the site for outdoor recreational and open-space purposes as established by a finding made under Section 39397.

(4) In the event that the school district enters into a long-term lease during the period of the waiver or any extension thereof, the school district shall be exempt from the requirements of Article 5 (commencing with Section 39390) of Chapter 3 of Part 33, for the duration of the lease term for that site.

(c) A waiver shall be approved or renewed by the State Board of Education prior to its implementation for the period of time requested by the governing board of a district, but not to exceed two years, except that a waiver approved pursuant to subdivision (b) may be for up to three years.

SEC. 6. Section 39015.5 is added to the Education Code, to read:

39015.5. The amount of any nonuse payments required of any school district under Section 39015 shall be reduced, without regard

to fiscal year, by the amount of the proceeds, resulting from the lease of district property that is subject to that section, that are expended by the district for the purposes of subdivision (a) or (b) of Section 17705.5, or for the payment of bond debt service costs that are directly related to the actual construction of school facilities.

SEC. 7. The Legislature finds and declares as follows:

(a) Many areas of this state are experiencing substantial development and population growth, resulting in serious overcrowding in school facilities.

(b) Continued economic development requires the availability of the school facilities needed to educate the state's young citizens.

(c) In growing areas of this state, the lack of availability of the public revenues needed to construct school facilities is a serious problem, undermining both the education of the state's children and the continued economic prosperity of California.

(d) For these reasons, a comprehensive school facilities finance program based upon a partnership of state and local governments and the private sector is required to ensure the availability of school facilities to serve the population growth generated by new development.

(e) The Legislature therefore finds that the levying of appropriate fees by school district governing boards at the rates authorized by this act is a reasonable method of financing the expansion and construction of school facilities resulting from new economic development within the district.

SEC. 8. Section 53080 is added to the Government Code, to read:

53080. (a) The governing board of any school district is authorized to levy a fee, charge, dedication, or other form of requirement against any development project, as defined in Section 65928, for new construction within the boundaries of the district, for the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7.

(b) No city or county, whether general law or chartered, may issue a building permit for any development absent certification by the appropriate school district of compliance by that development project with any fee, charge, dedication, or other form of requirement levied by the governing board of that school district pursuant to subdivision (a).

(c) In the case of the sale of a manufactured home or mobilehome, the payment of fees to either the school district or other entity shall occur at the time of occupancy pursuant to the sale or lease of the manufactured home or mobilehome pursuant to Section 18080.5 of the Health and Safety Code.

SEC. 9. Section 53081 is added to the Government Code, to read:

53081. A school district that imposes any fees on construction within the school district may use those fees to pay any bonds, notes, loans, leases or other installment agreements including, but not limited to, bonds issued by the authority or loans, leases or other

installment agreements that secure bonds issued by the authority. The authority may issue bonds, in accordance with Section 17883, to finance projects for one or more participating school districts that have imposed fees on construction within the district, which bonds may be payable from and secured by those fees in whole or in part. For this purpose, participating school districts may pledge and assign all or any part of those fees to the authority, and the fees so pledged and assigned to the authority, and any income thereon, may be pledged and assigned by the authority to the payment of bonds issued by the authority to finance projects for those participating school districts. While it is the intent of the Legislature that the amount of financing provided to a participating school district pursuant to this section shall be reasonably related, in the judgment of the authority, to the amount of fees on construction expected by the authority to be derived from or attributable to that participating school district, nothing in this section or any other provision of law shall be deemed to require a proportionate or other relationship between the amount of the financing actually provided to a participating school district pursuant to this section and the amount of fees on construction actually derived from or attributable to that participating school district pursuant to this section or used by the authority to secure or pay any bonds of the authority issued pursuant to this section.

SEC. 10. Section 65974 of the Government Code is amended to read:

65974. (a) For the purpose of establishing an interim method of providing classroom facilities where overcrowded conditions exist, as determined necessary pursuant to Section 65971, and notwithstanding Section 66478, a city, county, or city and county may, by ordinance, require the dedication of land, the payment of fees in lieu thereof, or a combination of both, for classroom and related facilities for elementary or high schools as a condition to the approval of a residential development, if all of the following occur:

(1) The general plan provides for the location of public schools.

(2) The ordinance has been in effect for a period of 30 days prior to the implementation of the dedication or fee requirement.

(3) The land or fees, or both, transferred to a school district shall be used only for the purpose of providing interim elementary or high school classroom and related facilities. If fees are paid in lieu of the dedication of land and those fees are utilized to purchase land, no more land shall be purchased than is necessary for the placement thereon of interim facilities.

(4) The location and amount of land to be dedicated or the amount of fees to be paid, or both, shall bear a reasonable relationship and be limited to the needs of the community for interim elementary or high school facilities and shall be reasonably related and limited to the need for schools caused by the development. However, the value of the land to be dedicated or the amount of fees to be paid, or both, shall not exceed the amount

necessary to pay five annual lease payments for the interim facilities. In lieu of the dedication of land or the payment of fees, or both, the builder of a residential development may, at his or her option and at his or her expense, provide interim facilities, owned or controlled by the builder, at the place designated by the school district, and at the conclusion of the fifth school year the builder shall, at the builder's expense, remove the interim facilities from that place.

(5) A finding is made by the city council or board of supervisors that the facilities to be constructed from the fees or the land to be dedicated, or both, is consistent with the general plan.

(b) The ordinance may specify the methods for mitigating the conditions of overcrowding which the school district shall consider when making the finding required by paragraph (2) of subdivision (a) of Section 65971.

(c) If the payment of fees is required, the payment shall be made at the time the building permit is issued or at a later time as may be specified in the ordinance.

(d) Only the payment of fees may be required in subdivisions containing 50 parcels or less.

(e) Notwithstanding any other provision of this chapter, contracts entered into or contracts to be entered into pursuant to a School Facilities Master Plan administered by a Joint Powers Authority created under Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code for a designated community plan area adopted by a city, county, or city and county, whether general law or chartered, on or before September 1, 1986, that requires the payment of a fee, charge, or dedication for the construction of school facilities as a condition to the approval of residential development shall not be subject to the provisions of subdivision (b) of Section 65995. Provided, however, that in determining developer fees under that school facilities master plan, the cost and maximum building area standards for school buildings prescribed by Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code shall apply, and the school district or districts involved are required to have on file with the Office of Local Assistance, and actively pursue in good faith, an application for preliminary determination of eligibility for project funding under that chapter, and shall actively pursue in good faith the establishment of a community capital facilities district or other permanent financing mechanisms to reduce or eliminate developer fees.

Any fees collected or land dedicated after September 1, 1986, pursuant to this section, and not used to avoid overcrowding of the facilities to be built pursuant to the school facilities master plan, shall be subject to disposition in accordance with subdivision (b) of Section 65979.

Fees collected in excess of the limitations set forth in subdivision (b) of Section 65995 for schools constructed under that school facilities master plan shall neither advantage nor disadvantage a

school district's application for project funding under Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code.

SEC. 11. Chapter 4.9 (commencing with Section 65995) is added to Division 1 of Title 7 of the Government Code, to read:

CHAPTER 4.9. PAYMENT OF FEES, CHARGES, DEDICATIONS, OR OTHER REQUIREMENTS AGAINST A DEVELOPMENT PROJECT

65995. (a) Except for a dedication or fee, or both, required under Section 53080, or pursuant to Chapter 4.7 (commencing with Section 65970), no fee, charge, dedication, or other form of requirement shall be levied by the legislative body of a local agency against a development project, as defined by Section 65928, for the construction or reconstruction of school facilities.

(b) In no event shall the amount of any fee, charge, dedication, or other form of requirement, as described in subdivision (a), including the amount of fees to be paid or the value of land to be dedicated, or both, under Chapter 4.7 (commencing with Section 65970), exceed the following:

(1) One dollar and fifty cents ($1.50) per square foot of covered or enclosed space, in the case of any residential development.

(2) Twenty-five cents ($0.25) per square foot of covered or enclosed space, in the case of any commercial or industrial development. No fee, charge, dedication, or other form of the requirement may be levied by any school district governing board upon any commercial or industrial development unless and until the governing board has first made the finding that the location and amount of land to be dedicated or the amount of fees to be paid, or both, shall bear a reasonable relationship and be limited to the needs of the community for elementary or high school facilities and shall be reasonably related and limited to the need for schools caused by the development.

(3) The amount of the limits set forth in paragraphs (1) and (2) shall be annually increased according to the adjustment for inflation set forth in the statewide cost index for class B construction, as determined by the State Allocation Board at its January meeting.

(c) Subdivision (a) does not apply during the term of any contract entered into between a subdivider or builder and a school district, city, county, or city and county, whether general law or chartered, on or before the effective date of this chapter that requires the payment of a fee, charge, or dedication for the construction of school facilities as a condition to the approval of residential development. In addition, any development project for which a final map was approved and construction had commenced on or before September 1, 1986, is subject to only the fee, charge, dedication, or other form of requirement prescribed in any local ordinance in existence on that date and applicable to the project.

(d) The Legislature finds and declares that the subject of the financing of school facilities with development fees is a matter of

statewide concern. For this reason the Legislature hereby occupies the subject matter of mandatory development fees and other development requirements for school facilities finance to the exclusion of all local measures on the subject.

(e) Nothing in this section shall be interpreted to limit or prohibit the use of Chapter 2.5 (commencing with Section 53311) of Division 2 of Title 5 to finance the construction or reconstruction of school facilities.

65996. The following provisions shall be the exclusive methods of mitigating environmental effects related to the adequacy of school facilities when considering the approval or the establishment of conditions for the approval of a development project, as defined by Section 65928 of the Government Code pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code:

(a) Chapter 2.5 (commencing with Section 53311) of Division 2 of Title 5 of the Government Code.

(b) Chapter 4.7 (commencing with Section 65970) of Division 1 of Title 7 of the Government Code.

(c) Chapter 4.5 (commencing with Section 15450) of Part 10 of the Education Code.

(d) Chapter 22 (commencing with Section 17700) of Part 10 of the Education Code.

(e) Chapter 28 (commencing with Section 17870) of Part 10 of the Education Code.

(f) Chapter 25 (commencing with Section 17785) of Part 10 of the Education Code.

(g) Article 2.5 (commencing with Section 39327) of Chapter 3 of Part 23 of the Education Code.

(h) Article 3 (commencing with Section 42260) of Chapter 7 of Part 24 of the Education Code.

No public agency shall, pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code or Division 2 (commencing with Section 66410) of this code, deny approval of a project on the basis of the adequacy of school facilities.

65997. [Approved by Governor September 18, 1986. Filed with Secretary of State September 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17732 of the Education Code is amended to read:

17732. The board shall fix rents for all projects acquired and may change the rents from time to time as may be needed provided the rents shall not in any year exceed the sum of the following:

(a) One dollar ($1).

(b) Any interest earned on funds in the county school lease-purchase fund for the district.

(c) Any unencumbered bond funds of the district.

(d) The net proceeds from the sale or lease of any school buildings or land no longer needed for school purposes, exclusive of proceeds that are used for capital outlay expenditures for school construction that conforms to building area standards established under this chapter, or for the district funding requirement under subdivision (b) of Section 17705.5.

SEC. 2. Section 17742 of the Education Code is amended to read:

17742. (a) The board, by the adoption of rules, shall provide for the manner of determining the area of adequate school construction existing in an applicant school district at the time of application. Those rules shall define and provide for the method of determining building areas that are to be included in, in whole or in part, or to be excluded from, the area of existing adequate school construction. Any building to which Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3 of Title 2 does not apply shall not be considered adequate school construction for the purpose of determining the maximum total building area per attendance unit.

The board may make exceptions to the provisions of this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

(b) For the purposes of this chapter, the area of adequate school construction existing in an applicant school district does not include, in any school operated on a year-round schedule, any building area that has been in continuous use during the preceding five-year period primarily for the operation of any preschool program or programs.

(c) The board shall provide that building area for covered

unenclosed space shall be counted as one-third of the actual area. For purposes of this subdivision, "covered unenclosed space" includes, but is not limited to, all of the following:

(1) Open-ended or open-sided covered passages, arcades, shelters, porches, and planting areas.

(2) Open-ended or open-sided covered areas that provide shelter between buildings that are 20 feet or more apart.

(3) Overhangs and sun control devices designed and located to function in lieu of covered walks or other shelters.

(4) Mezzanines used for storage purposes.

(d) The board may make exceptions to this section, or to the rules adopted pursuant thereto, if it determines that the exception or exceptions will be for the benefit of pupils affected.

SEC. 3. Section 17742.5 of the Education Code is amended to read:

17742.5. For purposes of determining the area of adequate school construction existing in an applicant school district pursuant to Section 17742, all portable classrooms, whether owned or leased, shall be included, except as otherwise provided in subdivisions (a), (b), (c), and (d).

(a) Leased portable classrooms acquired by a school district shall not be included in the area of existing adequate school construction until January 1, 1991.

(b) Portable classrooms leased pursuant to Chapter 25 (commencing with Section 17785) shall be excluded from the area of adequate school construction.

(c) The total area of portable classrooms that is in excess of 10 percent of the district's total area and that have been leased or owned by the district for 20 years or more shall be excluded from the area of adequate school construction. At the option of the applicant district, the area calculation may refer instead to the total area of portable classrooms in the attendance area in which the project is located, as of July 1, 1986, that exceeded, as of that date, 10 percent of the total attendance area.

(d) Leased portable classrooms shall not be included in the area of adequate school construction for a period of five years from the date first leased by the district. That exclusion shall be extended by the board for one additional five-year period where the board finds that their continued use of the leased portable classrooms for classroom purposes is justified by additional growth in average daily attendance pursuant to the standards established by this part.

SEC. 4. Section 17749 of the Education Code, as added by Section 22 of SB 327 of the 1985–86 Regular Session, is amended to read:

17749. (a) The board shall require, as a condition of providing funding for any project under this chapter, that, for any facilities for kindergarten or any of grades 1 to 12, inclusive, or for any facilities for special education or continuation high school purposes, at least 30 percent of allowable new building construction for classrooms under the project be utilized for relocatable structures.

(b) The board may reduce the percentage requirement set forth in subdivision (a), as to any applicant, in the event that the quantity of relocatable structures necessary to comply with those requirements is unavailable from the manufacturers of those structures.

(c) The board may reduce or eliminate the percentage requirements set forth in subdivision (a), as to any applicant, where the board finds that special conditions of terrain, climate, or unavailability of space within the attendance area make the use of relocatable structures impractical or inappropriate.

(d) Relocatable structures acquired by an applicant school district up to two years preceding the final approval by the board of the project application submitted by the district shall apply to the percentage requirements set forth in subdivision (a). The cost of acquiring those structures shall apply to fulfilling the district's funding requirement under Section 17705.5.

(e) Whenever at least 10 percent of the allowable new building construction contained in an application is to be utilized for relocatable structures, an additional three square feet of building area shall be allowed.

SEC. 5. Section 39619.2 of the Education Code, as added by Section 30 of SB 327 of the 1985–86 Regular Session, is amended to read:

39619.2. (a) School districts may submit applications to the State Allocation Board for deferred maintenance funding in addition to the amounts specified in Section 39619. In order to be eligible for an additional apportionment, a school district shall do all of the following:

(1) Certify that if an additional apportionment is provided, the district will have matched the additional apportionment amount with an equal amount of district funds that have not been previously used as a match for state aid.

(2) Certify an additional claim of not greater than one-half of 1 percent of the total general funds and adult education funds budgeted by the district for the fiscal year, excluding any amounts budgeted for capital outlay or debt service, but including adult education funds.

(3) Certify that any additional funds will be used to meet deferred maintenance identified in the district's five-year deferred maintenance plan.

(b) The State Allocation Board shall establish rules and regulations regarding the formulas used to apportion additional funds pursuant to this section.

(c) It is the intent of the Legislature that state funds for deferred maintenance be drawn first from excess bond repayments by school districts, revenues pursuant to subdivision (f) of Section 6217 of the Public Resources Code, and proceeds from existing general obligation bonds.

SEC. 6. Section 53080 of the Government Code, as added by

Section 8 of AB 2926 of the 1985–86 Regular Session, is amended to read:

53080. (a) The governing board of any school district is authorized to levy a fee, charge, dedication, or other form of requirement against any development project, as defined in Section 65928, within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7. This fee, charge, dedication, or other form of requirement may be applied only to new commercial and industrial construction, and, as to residential development, to new construction, and other construction to the extent of the resulting increase in habitable area.

(b) No city or county, whether general law or chartered, may issue a building permit for any development absent certification by the appropriate school district of compliance by that development project with any fee, charge, dedication, or other form of requirement levied by the governing board of that school district pursuant to subdivision (a).

(c) In the case of the sale of a manufactured home or mobilehome, the payment of fees to either the school district or other entity shall occur at the time of occupancy pursuant to the sale or lease of the manufactured home or mobilehome pursuant to Section 18080.5 of the Health and Safety Code.

CHAPTER 889

An act to amend Section 17742.5 of the Education Code, relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1986. Filed with Secretary of State September 18, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17742.5 of the Education Code is amended to read:

17742.5. For purposes of determining the area of adequate school construction existing in an applicant school district pursuant to Section 17742, all portable classrooms, whether owned or leased, shall be included, except as otherwise provided in subdivisions (a), (b), (c), and (d).

(d) Leased portable classrooms shall not be included in the area of adequate school construction for a period of five years from the date first leased by the district. That exclusion shall be extended by the board for one additional five-year period where the board finds that the continued use of the leased portable classrooms for classroom purposes is justified by additional growth in average daily attendance pursuant to the standards established by this part. If the board finds continued use to no longer be justified, it may extend the exclusion for a period of up to two years as necessary to maintain the eligibility of the applicant district for project funding pursuant to this chapter if the board finds that the district has made a good faith effort to obtain that funding in a timely manner.

SEC. 2. Section 1 of this act shall become operative on January 1, 1987. Section 1 shall not become operative, however, in any event, unless Senate Bill 327 is enacted and becomes effective on January 1, 1987.

SEC. 3. It is the intent of the Legislature that Section 1 of this act prevail over any section of Senate Bill 327 or Senate Bill 2068 that amends Section 17742.5 of the Education Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 891

An act relating to education, and making an appropriation therefor, to take effect immediately.

[Approved by Governor September 19, 1986. Filed with Secretary of State September 19, 1986.]

I am reducing the appropriation contained in Section 1 of Senate Bill No. 759 from $106,725,000 to $53,362,500.

This reduction will provide one-half of full funding for the fiscal year. When the 1987 Legislative Session convenes, it is my intention to seek the remaining one-half of these funds I have always supported full funding for these items and included them in my 1986–87 budget. However, because of the Legislature's failure to complete their own budget process, I am obligated to make these reductions in order to protect California's fiscal integrity. When the Legislature sent me their budget in June, they relied upon an additional $302 million in income. I set aside funding for these programs, awaiting the necessary legislation implementing the Legislature's budget

action. Unfortunately, the Legislature has failed to send me a bill fully funding these programs, thus requiring this action.

With this reduction, I approve Senate Bill No. 759

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of one hundred six million seven hundred twenty-five thousand dollars ($106,725,000) is hereby appropriated from the General Fund to Section A of the State School Fund for allocation by the Superintendent of Public Instruction to school districts, on the basis of the prior year's entitlements plus 1 percent, for any allocation entitlement that can be applied by the districts as unrestricted General Fund income, other than base revenue limits.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Section 8 of Article IV of the California Constitution and shall go into immediate effect.

CHAPTER 892

An act relating to public assistance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 19, 1986. Filed with Secretary of State September 19, 1986.]

I am reducing the appropriation contained in Section 1 of Assembly Bill No. 3216 from $67,637,000 to $33,818,500

The reductions are reflected as follows:

Section 1(a)	$17,637,000 to $8,818,500

Section 1(2)	$ 7,549,000 to $3,774,500
Section 1(b)	$50,000,000 to $25,000,000

This reduction will provide one-half of full funding for the fiscal year. When the 1987 Legislative Session convenes, it is my intention to seek the remaining one-half of these funds. I have always supported full funding for these items and included them in my 1986–87 budget. However, because of the Legislature's failure to complete their own budget process, I am obligated to make these reductions in order to protect California's fiscal integrity. When the Legislature sent me their budget in June, they relied upon an additional $302 million in income. I set aside funding for these programs, awaiting the necessary legislation implementing the Legislature's budget action. Unfortunately, the Legislature has failed to send me a bill fully funding these programs, thus requiring this action.

With this reduction, I approve Assembly Bill No. 3216.

(2) Contributions allowed by Section 170(g) of the Internal Revenue Code (relating to maintenance of students).

(3) Contributions, allowed by Section 170(i) of the Internal Revenue Code, made prior to January 1, 1984, or after December 31, 1986.

(b) A deduction shall be allowed for political contributions described in Section 17245.

(c) In determining the contribution deduction the following shall apply:

(1) Artistic property defined in Section 17243 shall be included and treated as a capital asset for taxable years beginning before January 1, 1987, and shall be subject to the reduction under Section 170(e)(1) of the Internal Revenue Code.

(2) (A) In the case of artistic property, as defined in this

paragraph, the amount taken into account under Section 170(a) of the Internal Revenue Code shall be reduced by the amount of gain which would have been included in taxable income, if the property had been sold by the taxpayer at its fair market value (determined at the time of contribution).

(B) For the purposes of this paragraph, artistic property created by the personal efforts of the taxpayer shall be treated as a capital asset.

(C) For the purposes of this paragraph, artistic property is property created by the personal efforts of the taxpayer if all of the following conditions are met:

(i) At least 20 percent of the taxpayer's adjusted gross income for the taxable year or at least 50 percent of the taxpayer's adjusted gross income for any of the three prior taxable years is derived from the sale of artistic property created by the personal efforts of the taxpayer.

(ii) The fair market value of the artistic property is established by independent appraisal.

(iii) The recipient of the artistic property is an organization exempt from tax pursuant to Section 23701d, or the State of California or a political subdivision or agency thereof, including the Regents of the University of California and any city organized under a freeholder's charter.

(D) For the purposes of this paragraph, "artistic property" includes musical, literary, and artistic creations, but does not include letters, memoranda, or similar property which was written, prepared, or produced by, or for, the taxpayer while holding an office under the government of the United States or of any state or political subdivision thereof, if the writing, preparation, or production was related to, or arose out of, the performance of the duties of the office.

(E) This paragraph shall apply in the computation of taxes for taxable years beginning after December 31, 1986.

(3) The definitions and percentage limitations prescribed in Section 18162.5 shall be used in making the reduction required to be made under Section 170(e)(1) of the Internal Revenue Code for appreciated property.

(d) In determining the carryover of excess contributions as stated in Section 170(b)(1)(B) or 170(d)(1)(A) of the Internal Revenue Code, the carryover shall be determined as the amount by which the taxpayer's charitable contributions for the contribution year (as described in Section 170(b)(1)(A) or (B) of the Internal Revenue Code) exceed the amount allowed by Section 17241 (computed without regard to the taxpayer's charitable contributions).

(e) For purposes of Section 170(c)(2) of the Internal Revenue Code, the term "educational purposes" includes the providing of care of children away from their home if both of the following are satisfied:

(b) The contribution shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation under subdivision (a) shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the tax liability, if any, shown thereon, the return shall be treated as though no designation had been made. If no designee is specified, the contribution shall, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article, be transferred to the General Fund. The taxpayer shall be notified in cases where the discrepancy between the amount actually available for designation and the amount designated exceeds ten dollars ($10).

(d) If a taxpayer designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled "Rare and Endangered Species Preservation Program" to allow for the designation permitted under subdivision (a).

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 for any contribution made pursuant to subdivision (a).

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall be applied in the computation of taxes for taxable years beginning on or after January 1, 1986.

SEC. 4. Section 19849.14 is added to the Government Code, to read:

Upon demand of the board, warrants shall be drawn for the purpose of making payments by electronic fund transfers.

SEC. 6. It is the finding of the Legislature that specific changes to the current custody services provided by the Treasurer are necessary. This finding is a result of the study required by Chapter 1755 of the Statutes of 1984, which mandated a review of custody services provided to the Public Employees' Retirement System and State Teachers' Retirement System. The study reviewed current custody services and identified methods to improve those services. It documented the need to make comprehensive changes to meet the changing custodial service needs of the funds resulting from the significant changes in their investment environment. The study recommended the services be provided by a private sector agent custodian, rather than the state making a major investment in the development of its own system.

CHAPTER 901

An act to amend, add, and repeal Section 21602 of, and to add Section 21207 to, the Public Utilities Code, relating to aviation, and making an appropriation therefor.

Financial assistance may be furnished in connection with federal or other financial aid for the same purpose.

(b) The department shall establish within the Special Deposit Fund an account or accounts pursuant to Section 16370 of the Government Code for the management of funds for grants and loans to political subdivisions pursuant to this chapter and may transfer funds from the Aeronautics Account in the State Transportation Fund to the account or accounts for these purposes.

(c) This section shall remain in effect only until July 1, 1987, and

as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1987, deletes or extends that date.

SEC. 3. Section 21602 is added to the Public Utilities Code, to read:

21602. (a) Subject to the terms and within the limits of special appropriations made by the Legislature, the department may render financial assistance by grant or loan, or both, to any political subdivision or political subdivisions jointly, in the planning, acquisition, construction, improvement, maintenance, or operation of an airport owned or controlled, or to be owned or controlled, by the political subdivision or subdivisions, if the financial assistance has been shown by public hearing to be appropriate to the proper development or maintenance of a statewide system of airports. Financial assistance may be furnished in connection with federal or other financial aid for the same purpose.

(b) There is, in the Aeronautics Account in the State Transportation Fund, a subaccount for the management of funds for loans to local entities pursuant to this chapter. All funds for airport loans in the Special Deposit Fund are hereby transferred to the subaccount. With the approval of the Department of Finance, the department shall deposit in the subaccount all money received by the department from repayments of and interest on existing and future airport loans including, but not limited to, the sums of five hundred forty thousand dollars ($540,000) in repayments from the General Fund due in July 1987, and July 1988, and may, upon appropriation, transfer additional funds from the Aeronautics Account in the State Transportation Fund to the subaccount as the department deems appropriate. Interest on money in the subaccount shall be credited to the subaccount as it accrues.

(c) Notwithstanding Section 13340 of the Government Code, the money in the subaccount created by subdivision (b) is hereby continuously appropriated to the department without regard to fiscal years for purposes of loans to political subdivisions for airport purposes.

(d) This section shall become operative on July 1, 1987.

CHAPTER 15. STUDENT ATHLETES

(d) Except as provided in subdivision (b), any person who engages in conduct knowing or having reason to know that such conduct is in violation of subdivision (a) shall be subject to a civil penalty not to exceed ten thousand dollars ($10,000), or three times the amount given, offered, or promised to the student athlete or immediate family member of the athlete, whichever is greater. CHAPTER 904

An act to amend Section 1280.7 of the Insurance Code, relating to cooperative corporations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1280.7 of the Insurance Code is amended to read:

1280.7. This chapter and the other provisions of this code, except as set forth in this paragraph, shall not apply to or affect unincorporated interindemnity or reciprocal or interinsurance contracts between members of a cooperative corporation, organized and operating under Part 2 (commencing with Section 12200) of Division 3 of Title 1 of the Corporations Code whose members consist solely of physicians and surgeons licensed in California, which contracts indemnify solely in respect to medical malpractice claims against such members, and which do not collect in advance of loss any moneys other than contributions by each member to a collective reserve trust fund or for necessary expenses of administration. The provisions of Chapter 3 (commencing with Section 330) of Part 1 of Division 1 shall apply to unincorporated interindemnity or reciprocal or interinsurance contracts. Such unincorporated

interindemnity or reciprocal or interinsurance contracts shall comply with all of the following requirements:

(a) Each participating member shall enter into and, concurrently therewith, receive an executed copy of a trust agreement, which shall govern the collection and disposition of all funds of the interindemnity arrangement.

The trust agreement shall, as a minimum, contain provision for all the following matters:

(1) An initial trust corpus of not less than ten million dollars ($10,000,000), which corpus shall be a trust fund to secure enforcement of the interindemnity arrangement. The average initial contribution to such corpus shall be not less than twenty thousand dollars ($20,000) per member participating in the interindemnity arrangement. No such interindemnity arrangement shall become operative until the requisite minimum reserve trust fund has been established by such participating members.

(2) The reserve trust fund created by such trust agreement shall be administered by a board of trustees of three or more members, all of whom shall be physicians and surgeons licensed in California, participating members in the interindemnity arrangement, and elected biennially or more frequently by at least a majority of all members participating in the interindemnity arrangement.

(3) The board of trustees shall be the custodian of all funds of the interindemnity arrangement, and all such funds shall be deposited in such bank or banks and savings and loan associations in California as the board may designate, and each such account shall require two or more signatories for withdrawal of funds. The authorized signatories shall be appointed by the board and shall be physicians and surgeons licensed in California and participating members in the interindemnity arrangement. Each signatory on such accounts shall maintain, at all times while empowered to draw on such funds, for the benefit of the interindemnity arrangement, a bond against loss suffered through embezzlement, mysterious disappearance, holdup or burglary or other loss issued by a bonding company licensed to do business in California in a penal sum of not less than one hundred thousand dollars ($100,000).

(4) All funds held in trust which are in excess of current financial needs shall be invested and reinvested from time to time, under the direction of the board of trustees, in eligible securities, as defined in Section 16430 of the Government Code, in portfolios of eligible securities, in exchange traded financial futures contracts or exchange traded options contracts to hedge investment in those eligible securities, or in certificates of deposits or time deposits issued by banks and savings and loan associations in California duly insured by instrumentalities of the United States government.

Pursuant to the authority contained in Section 1 of Article XV of the California Constitution, the restrictions upon rates of interest contained in Section 1 of Article XV of the California Constitution shall not apply to any obligations of, loans made by, or forbearances

of, any trust established by a cooperative corporation providing indemnity pursuant to this section.

(5) The income earned on the corpus of the trust fund shall be the source for the payment of the claims, costs, judgments, settlements, and costs of administration contemplated by such interindemnity arrangement, and to the extent such income is insufficient for such purposes, the board of trustees shall have the power and authority to assess participating members for all amounts necessary to meet the obligations of such interindemnity arrangement in accordance with the terms thereof. Where necessary in the best interests of the interindemnity arrangement, the board of trustees may make assessments to increase the corpus of the trust fund in accordance with the terms of such interindemnity arrangement. Any assessment levied against a member shall be the personal obligation of such member. Any person who obtains a final judgment of recovery for medical malpractice against a member of such interindemnity arrangement shall have, in addition to any other remedy, the right to assert directly all rights to indemnification which the judgment debtor has under the interindemnity arrangement. Such final judgment shall be a lien on the reserve trust fund to secure payment of such judgment, limited to the extent of the judgment debtor's rights to indemnification.

Any change in the assessment agreement between the interindemnity arrangement and its membership shall be submitted to the entire membership for ratification. If the ratification process is to be performed by a mail ballot, a ballot shall be sent to each member by certified mail. Within 45 days after the posted date on the certified letter containing the ballot, each member who decides to vote on the assessment change shall return his or her ballot to the interindemnity arrangement for the tallying of the ballots. An affirmative vote of 75 percent of those voting shall be required to effectuate any change in the assessment agreement.

If a change in the assessment agreement is to be submitted to members at a properly called meeting, the membership shall be notified of the meeting and the proposed assessment change by certified mail posted at least 45 days prior to the meeting. Seventy-five percent of those present in person or by proxy at the meeting shall be required to effectuate any change in the assessment agreement.

(6) Each participating member shall be covered by such interindemnity arrangement for not less than one million dollars ($1,000,000) for each occurrence of professional negligence, with the terms and conditions of such coverage to be specified in the trust agreement, except that such interindemnity arrangement may provide participating members with an aggregate limit for all payments on behalf of such member and may provide participating members with less than one million dollars ($1,000,000) of such coverage for each occurrence of professional negligence if the interindemnity arrangement obtains for the benefit of such

members reinsurance of excess limits coverage in an amount which when added to the coverage provided by such interindemnity arrangement would equal not less than one million dollars ($1,000,000) for each occurrence of professional negligence.

Any change in the coverage provided for professional negligence by the trust agreement between the interindemnity arrangement and its membership shall be submitted to the entire membership for ratification. If the ratification process is to be performed by a mail ballot, a ballot shall be sent to each member by certified mail. Within 45 days after the posted date on the certified letter containing the ballot, each member who decides to vote on the coverage change shall return his or her ballot to the interindemnity arrangement for the tallying of the ballot. An affirmative vote of 75 percent of those voting shall be required to effectuate any change in the coverage provided for professional negligence by the trust agreement.

If any such change is to be submitted to members at a properly called meeting, the membership shall be notified of the meeting and the proposed coverage change by certified mail posted at least 45 days prior to the meeting. An affirmative vote of 75 percent of the membership present at the meeting, in person or by proxy, shall be required to effectuate any such change, except that at least 50 percent of the entire membership must agree to any such change.

(7) Withdrawal of all, or any portion of, the corpus of the reserve trust fund shall be upon the written authorization signed by at least two-thirds of the members of the board of trustees.

(8) The board of trustees shall cause both of the following to be furnished to each member participating in such interindemnity arrangement, and to be filed with the Commissioner of Corporations:

(A) Within 90 days after the end of each fiscal year a statement of the assets and liabilities of the interindemnity arrangement as of the end of such year, a statement of the revenue and expenditures of the interindemnity arrangement, and a statement of the changes in corpus of the reserve trust for such year, in each case accompanied by a certificate signed by a firm of independent certified public accountants selected by the board of trustees indicating that such firm has conducted an audit of such statements in accordance with generally accepted auditing standards and indicating the results of such audit.

(B) Within 45 days after the end of each of the first three quarterly periods of each fiscal year a statement of the assets and liabilities of the interindemnity arrangement as of the end of such quarterly period, a statement of the revenue and expenditures of the interindemnity arrangement and a statement of the changes in corpus of the reserve trust for such period, in each case accompanied by a certificate signed by a majority of the members of the board of trustees to the effect that such statements were prepared from the official books and records of the interindemnity arrangement.

(C) In addition to the statements required to be filed pursuant to this paragraph, the board of trustees shall annually file with the

Commissioner of Corporations an authorization for disclosure to the commissioner of all financial records pertaining to the interindemnity arrangement. For the purpose of this clause, the authorization for disclosure shall also include the financial records of any association, partnership, or corporation that has management or control of the funds or the operation of the interindemnity arrangement.

(9) The trust agreement shall also provide for all the following:

(A) In the event a participating member who is in full compliance with the trust agreement, including the payment of all outstanding dues and assessments, dies, the initial contribution made by the decedent shall be returned to such member's estate or designated beneficiary; the indemnity coverage shall continue for the benefit of the decedent's estate in respect of occurrences during the time the decedent was a participating member; and neither the person receiving the repayment of the initial contribution nor the decedent's estate shall be responsible for any assessments levied following the death of the member.

(B) A participating member who is then in full compliance with the trust agreement and who has reached the age of 65 and who has retired completely from the practice of medicine may elect to retire from the interindemnity arrangement, in which case such member shall not be responsible for assessments levied following the date notice of retirement is given to the trust. Following such retirement, the indemnity coverage shall continue for the benefit of such member in respect of occurrences prior to the time such member retired from the interindemnity arrangement. Such retired member's initial contribution shall be repaid 10 years from the date the notice of retirement is received by the trust, or such earlier date as specified in the trust agreement.

(C) During any period in which a participating member, who is then in full compliance with the trust agreement, has, in the judgment of the board of trustees, become unable to perform any and every duty of his or her regular professional occupation, such participating member may request disability status in accordance with the terms of the interindemnity arrangement. During any period of disability status, such member shall not be responsible for assessments levied during such period and, where so provided in the interindemnity arrangement, all indemnity coverage, both as to defense and payment of claims, shall terminate as to occurrences arising out of the actions of such participating member during the period of disability status.

(D) In the event a participating member fails to pay any assessment when the same is due, the board of trustees may terminate such person's membership status if such failure to pay is not cured within 30 days from the date the assessment was due. Upon such termination the former participating member shall not be entitled to the return of all or any part of his or her initial contribution, and the indemnity coverage shall thereupon terminate

as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 10 days following such termination.

(E) In the event a participating member fails to comply with any provision of the trust agreement (other than a failure to pay assessments when due), the board of trustees may terminate such person's membership status if such failure to comply is not cured within 60 days from the date such person is notified of the failure; provided that before such membership status may be terminated such person shall be given the right to call for a hearing before the board of trustees (to be held before the expiration of such 60-day period), at which hearing such person shall be given the opportunity to demonstrate to the board of trustees that no failure to comply has occurred or, if it has occurred, that it has been cured. Upon such termination, the former participating member shall not be entitled to the return of all or any part of his or her initial contribution, and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 10 days following such termination.

(F) A participating member who is then in full compliance with the trust agreement may elect voluntarily to terminate his or her membership in the interindemnity arrangement. Upon such voluntary termination, such person may further elect to cease being responsible for future assessments, or to continue to pay such assessments until such time as such person's initial contribution is repaid. In the event such person elects to cease being responsible for future assessments, the indemnity coverage shall thereupon terminate and such person shall either be responsible for his or her own exposure for acts committed while a participating member in the interindemnity arrangement, or he or she may request the interindemnity arrangement to purchase or provide, at the cost of such person, coverage for such exposure. The initial contribution of such person shall be repaid on the 10th anniversary of the date such contribution was made. In the event such person elects to continue to be responsible for assessments, the indemnity coverage shall continue in respect of occurrences prior to the date of such voluntary termination, and the initial contribution of such person shall be repaid at such time as the board of trustees is satisfied that (i) there are no claims pending against such person in respect of occurrences during the time such person was a participating member, and (ii) the statute of limitations has run on all claims which might be asserted against such person in respect of occurrences during such time. In

no event shall such repayment be made earlier than the 10th anniversary of the date such contribution was made.

Any person whose membership in an interindemnity arrangement is involuntarily terminated for failure to pay assessments or who voluntarily terminates that membership and elects to be responsible for his or her own exposure for acts committed while a participating member, shall not be eligible to become a member of any other interindemnity arrangement for a period of five years after the termination unless, on the effective date of the act which amended this section during the 1985–86 Regular Session, the person had on file with the Department of Corporations a copy of a subscription agreement signifying the person's agreement to transfer membership or had paid a minimum of ten thousand dollars ($10,000) to another interindemnity arrangement which was granted a permit to organize prior to January 1, 1985.

(G) The board of trustees shall have the right to terminate the membership of a participating member where the board of trustees determines that such termination is in the best interests of the interindemnity arrangement even though such person has complied with all of the provisions of the trust agreement. Such a termination may be effected only if at least two-thirds of the members of the board of trustees indicate in writing their decision so to terminate. If the board of trustees proposes so to terminate a member, such member shall have the right to call a special meeting of all participating members in accordance with the rules established by the board of trustees for the purpose of voting on whether or not such member shall be so terminated. Such member shall not be so terminated if at least two-thirds of the participating members present, in person or by proxy, indicate that such member should not be so terminated. In the event a member is so terminated, such person shall elect either: (i) to request the return of his or her initial contribution, in which case the same shall be repaid and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 30 days to enable such person to assume his or her own defense; or (ii) to release all rights to the return of such initial contribution, in which case the indemnity coverage shall continue for the benefit of such member in respect of occurrences during the time such person was a participating member and such person shall have no responsibility for assessments levied following such termination. The interindemnity arrangement may provide that if a member is so terminated and fails to make the election set forth herein within 45 days of the date of notification of termination of membership, such participating member shall be deemed to have elected to release all rights to a return of his or her initial contribution, in which case

indemnity coverage shall apply for the benefit of the member with respect to occurrences occurring prior to the termination.

(10) Each member participating in such interindemnity arrangement shall have the right of access to, and the inspection of, the books and records of the interindemnity arrangement, which rights shall be similar to the corporate shareholders pursuant to Section 3003 of the Corporations Code, or, commencing January 1, 1977, Sections 1600 to 1605, inclusive, of the Corporations Code.

(11) There shall be a meeting of all members participating in the interindemnity arrangement, at least annually, after not less than 10 days' written notice has been given, at a location reasonably convenient to such participating members and on a date which is within a reasonable period of time following the distribution of the annual financial statements.

(12) Notwithstanding Sections 12453 and 12703 of the Corporations Code, on any matter to be voted upon by the membership at either a regular or special meeting, a member shall have the right to vote in person or by written proxy filed with the corporate secretary prior to such meeting. No such proxy shall be made irrevocable, nor be valid beyond the earliest of the following dates:

(A) The date of expiration set forth in the proxy; or

(B) The date of termination of membership; or

(C) Eleven months from the date of execution of the proxy; or

(D) Such time as may be specified in the bylaws, not to exceed 11 months.

(13) The interindemnity arrangement, and the reserve trust fund incident thereto, shall be subject to termination at any time by the vote or written consent of not less than three-fourths of the participating members.

(b) The board of trustees shall cause to be recorded with the office of the county recorder of the county of the principal place of business of the interindemnity arrangement within 90 days following the end of each fiscal year, a written statement, executed by a majority of the board of trustees under penalty of perjury, reciting that each member participating in such interindemnity arrangement was mailed a copy of the annual financial statement and quarterly audit certificates by first-class mail, postage prepaid, required pursuant to paragraph (8) of subdivision (a).

(c) Each person solicited to become a participating member in such an interindemnity arrangement shall receive in writing, at least 48 hours prior to the execution by the prospective participating member of the trust agreement, and at least 48 hours prior to the payment by such prospective participating member of any consideration in connection with such interindemnity arrangements, the following information:

(1) A copy of the articles of incorporation and bylaws of the cooperative corporation and a copy of the form of trust agreement to be executed by such prospective participating member.

(2) A disclosure statement regarding the interindemnity arrangement. The disclosure statement shall contain on the first or cover page a legend in boldface type reading substantially as follows:

"THE INTERINDEMNITY ARRANGEMENT CONTEMPLATED HEREIN PROVIDES THAT PARTICIPATING MEMBERS HAVE UNLIMITED PERSONAL LIABILITY FOR ASSESSMENTS WHICH MAY BE LEVIED TO PAY FOR THE PROFESSIONAL NEGLIGENCE LIABILITIES COVERED BY THIS ARRANGEMENT. NO ASSURANCES CAN BE GIVEN REGARDING THE AMOUNT OR FREQUENCY OF ASSESSMENTS WHICH MAY BE SO LEVIED, OR THAT ALL PARTICIPATING MEMBERS WILL MAKE TIMELY PAYMENT OF THEIR ASSESSMENTS TO COVER THE PROFESSIONAL NEGLIGENCE LIABILITY OF A PARTICIPATING MEMBER."

(3) The disclosure statement shall further contain all of the following information:

(A) The amount, nature and terms and conditions of the professional negligence coverage available under the interindemnity arrangement.

(B) The amount of the initial contribution required of each participating member and a statement of the minimum number of members and aggregate contributions required for the interindemnity arrangement to commence.

(C) The names, addresses and professional experience of each member of the board of trustees.

(D) The requirements for admission as a participating member.

(E) A statement of the services to be provided under the interindemnity arrangement to each participating member.

(F) A statement regarding the obligation of each member to pay assessments and the consequences for failure to do so.

(G) A statement of the rights and obligations of a participating member in the event such member dies, retires, becomes disabled or terminates participation for any reason, or the interindemnity arrangement terminates for any reason.

(H) A statement regarding the claims administration services to be provided, indicating whether these services will be delegated to others pursuant to a contractual arrangement.

(I) A statement of the voting rights of the members and the circumstances under which participation of such a member may be terminated and under which the interindemnity arrangement may be terminated.

(J) If any statement of estimated or projected financial information for the interindemnity arrangement is used, a statement of such estimation or projection and a summary of the data and assumptions upon which it is based.

(4) A list with the names and addresses of all then current participating members of the interindemnity arrangement.

(d) No officer, director, trustee, employee or member of the interindemnity arrangement or the cooperative corporation shall

receive, or be entitled to receive, any payment, bonus, salary, income, compensation or other benefit whatsoever, either from the reserve trust fund or the income therefrom or from any other funds of the interindemnity arrangement or the members thereof based on the number of participating members, or the amount of the reserve trust fund or other funds of the interindemnity arrangement.

(e) A peer review committee or committees shall be established by the trust agreement to review the qualifications of any physician and surgeon to participate or continue to participate in such interindemnity arrangement, and to review the quality of medical services rendered by any participating member, as well as the validity of medical malpractice claims made against participating members. Any physician and surgeon, prior to becoming a participating member of such interindemnity arrangement, shall be reviewed and approved by a majority of the members of such peer review committee. No peer review committee, or any of its members, shall be liable for any action taken by such committee in reviewing the qualifications of a physician and surgeon to participate or continue to participate, or the quality of medical services rendered, or the validity of a medical malpractice claim, unless it is alleged and proved that such action was taken with actual malice.

(f) The following are hereby defined as unfair methods of competition and deceptive acts or practices with respect to cooperative corporations or interindemnity arrangements provided for in this section.

(1) Making any false or misleading statement as to, or issuing, circulating, or causing to be made, issued or circulated, any estimate, illustration, circular, or statement misrepresenting the terms of any interindemnity arrangement or the benefits or advantages promised thereby, or making any misleading representation or any misrepresentation as to the financial condition of such interindemnity arrangement, or making any misrepresentation to any participating member for the purpose of inducing or tending to induce such member to lapse, forfeit, or surrender his or her rights to indemnification under such interindemnity arrangement. It shall be a false or misleading statement to state or represent that a cooperative corporation or interindemnity arrangement is or constitutes "insurance" or an "insurance company" or an "insurance policy."

(2) Making or disseminating or causing to be made or disseminated before the public in this state, in any newspaper or other publication, or any advertising device, or by public outcry or proclamation, or in any other manner or means whatsoever, any statement containing any assertion, representation, or statement with respect to such cooperative corporations or interindemnity arrangements, or with respect to any person in the conduct of such cooperative corporations or interindemnity arrangements, which is untrue, deceptive, or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue,

deceptive, or misleading. It shall be a false or misleading statement to state or represent that a cooperative corporation or interindemnity arrangement is or constitutes "insurance" or an "insurance company" or an "insurance policy."

(3) Entering into any agreement to commit, or by any concerted action committing, any act of boycott, coercion, or intimidation resulting in or tending to result in an unreasonable restraint of, or monopoly in, such cooperative corporations or interindemnity arrangements.

(4) Filing with any supervisory or other public official, or making, publishing, disseminating, circulating, or delivering to any person, or placing before the public, or causing directly or indirectly, to be made, published, disseminated, circulated, or delivered to any person, or placed before the public any false statement of financial condition of such a cooperative corporation or interindemnity arrangement with intent to deceive.

(5) Making any false entry in any book, report, or statement of such a cooperative corporation or interindemnity arrangement with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such a cooperative corporation or interindemnity arrangement is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to such a cooperative corporation or interindemnity arrangement in any book, report, or statement of such a cooperative corporation or interindemnity arrangement.

(6) Making or disseminating, or causing to be made or disseminated, before the public in this state, in any newspaper or other publication, or any other advertising device, or by public outcry or proclamation, or in any other manner or means whatever, whether directly or by implication, any statement that such a cooperative corporation or interindemnity arrangement is a member of the California Insurance Guarantee Association, or insured against insolvency as defined in Section 119.5. This paragraph shall not be interpreted to prohibit any activity of the California Insurance Guarantee Association or of the commissioner authorized, directly or by implication, by Article 14.2 (commencing with Section 1063) of Chapter 1 of this part.

(7) Knowingly committing or performing with such frequency as to indicate a general business practice any of the following unfair claims settlement practices:

(A) Misrepresenting to claimants pertinent facts or provisions relating to any coverage at issue.

(B) Failing to acknowledge and act promptly upon communications with respect to claims arising under such interindemnity arrangements.

(C) Failing to adopt and implement reasonable standards for the prompt investigation and processing of claims arising under such

interindemnity arrangements.

(E) Not attempting in good faith to effectuate prompt, fair, and equitable settlements of claims in which liability has become reasonably clear.

(F) Compelling participating members to institute litigation to recover amounts due under an interindemnity arrangement by offering substantially less than the amounts ultimately recovered in actions brought by such participating members when such participating members have made claims under such interindemnity arrangements for amounts reasonably similar to the amounts ultimately recovered.

(G) Attempting to settle a claim by a participating member for less than the amount to which a reasonable person would have believed he or she was entitled by reference to written or printed advertising material accompanying or made part of an application for membership in such an interindemnity arrangement.

(H) Attempting to settle claims on the basis of an interindemnity arrangement which was altered without notice to the participating member.

(I) Failing, after payment of a claim, to inform participating members, upon request by them, of the coverage under which payment has been made.

(J) Making known to claimants a practice of such cooperative corporation or interindemnity arrangement of appealing from arbitration awards in favor of claimants for the purpose of compelling them to accept settlements or compromises less than the amount awarded in arbitration.

(K) Delaying the investigation or payment of claims by requiring a claimant, or his or her physician, to submit a preliminary claim report, and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information.

(L) Failing to settle claims promptly, where liability has become apparent, under one portion of an interindemnity arrangement in order to influence settlements under other portions of the interindemnity arrangement.

(M) Failing to provide promptly a reasonable explanation of the basis relied on in the interindemnity arrangement, in relation to the facts of applicable law, for the denial of a claim or for the offer of a compromise settlement.

(N) Directly advising a claimant not to obtain the services of an attorney.

(g) Notwithstanding any contrary provisions of Part 2 (commencing with Section 12200) of Division 3 of Title 1 of the

Corporations Code, it shall not be necessary to hold a meeting of members of such cooperative corporation for the purpose of electing directors if the bylaws provide such election may be held by certified mail balloting. Mail balloting may also be used in conjunction with a meeting at which directors are to be elected and all mail ballots shall count toward establishing a quorum for such meeting for the limited purpose of the issues set forth in the mail ballot. Directors shall be elected as follows:

(1) The candidates receiving the highest number of votes, up to the number of directors to be elected, by a specified date at least 45 days but not later than 60 days after the ballots are first mailed to the members (or the date of a meeting of members held in conjunction therewith) shall be elected.

(2) In the event that no candidate receives a majority of the votes cast for a vacant office, a runoff election shall be held between the two candidates receiving the highest number of votes cast. The runoff election shall be held at least 45 days but not more than 60 days after the ballots for such election are mailed. In the event that there is more than one office for which no candidate receives a majority of the votes cast, the candidates for the runoff shall be twice the number of vacant offices, and shall be those persons who received the highest number of votes therefor.

Such certified mail ballots shall be kept on file for a period of three months after all vacant board positions have been filled, and shall be subject to inspection at any reasonable time by any members of the cooperative corporation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The enactment of impending federal tax legislation which may disrupt the stability of existing interindemnity arrangements makes it necessary that this act, which will help the situation, take effect immediately.

The task force members shall be appointed by the Superintendent of Public Instruction.

The task force shall, by September 30, 1987, survey existing child health care training curricula, materials, and dissemination efforts, develop a child health care curriculum and materials to meet the intent of subdivision (a), and determine the most efficient cost-effective method of delivering this training in a readily accessible manner to licensed child care providers across the state, the feasibility of requiring this training as a condition of licensure for child day care facilities licensed as described in subdivision (a), reasonable time periods in which the training shall be acquired by persons who are in licensed facilities, how often child care providers shall update their training, the type of other coursework which may substitute for this training, and the feasibility of requiring this training for family day care operators.

The department shall conduct an initial site visit within 30 days after the receipt of all appropriate licensing application materials.

If it is determined that the licensee does have a criminal record, the license may be revoked pursuant to Section 1596.885. If the criminal record shows a conviction for any crime specified in subdivision (c) of Section 1596.871, the license shall be suspended pending an administrative hearing pursuant to Section 1596.886. If any other adult described by subdivision (b) of Section 1596.871 is found to have a criminal record, the license may be suspended pending an administrative hearing, unless the licensee removes the individual from the family day care home.

An act to add Sections 11011.11, 11011.13, 11011.15, 11011.17, and 11011.19 to the Government Code, relating to state property.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11011.11 is added to the Government Code, to read:

11011.11. (a) The Legislature finds and declares as follows:

(1) There is no complete inventory of all state real property holdings containing information on present use, characteristics of the holding, or its value.

(2) Both the Auditor General and the California Commission on State Government Organization and Economy have found that there is state-owned real property which is presently unused and should be declared surplus, and that there is little or no internal or external review to determine if lands could be declared surplus.

(3) The Auditor General, in a report entitled "California Could Earn Millions of Dollars from Better Management of its Excess Land," also found that the state is losing money by retaining property which is not being used. This deprives the General Fund of revenues which could be generated by the sale or transfer of surplus land.

(b) It is the intent of the Legislature to improve the state's management of its real property holdings by delegating to the Department of General Services the responsibility for maintaining a central inventory of the state's real property holdings.

(c) It is also the intent of the Legislature that the staff of the Office of Space and Real Estate Services of the Department of General Services be utilized for the implementation of Section 11011.15.

SEC. 2. Section 11011.13 is added to the Government Code, to read:

11011.13. As used in Section 11011.15, "agency" means any state agency, department, division, bureau, board, commission, and the California State University. "Agency" does not mean the Legislature, the University of California, or the Department of Transportation.

SEC. 3. Section 11011.15 is added to the Government Code, to read:

11011.15. (a) The Department of General Services shall maintain a complete and accurate statewide inventory of all real property held by the state and categorize that inventory by agency and geographical location. The inventory shall include all information furnished by agencies pursuant to subdivision (b) and the University of California pursuant to Section 11011.17. The initial inventory shall be completed by January 1, 1989, and shall be updated annually.

(b) Each agency, by July 1, 1988, shall furnish the department, in the format specified by the department, a record of each parcel of real property which it possesses. Each agency shall update its real property holdings, reflecting any changes, by July 1 of each year. This record shall include, but is not limited to, all of the following information:

(1) The location of the property within the state and the county, the size of the property, including its acreage, and any other relevant property data which the department deems necessary. This latter requirement shall be uniformly applied to all agencies.

(2) The date of the acquisition of the real property, if available.

(3) The manner in which the property was acquired and the purchase price, if available.

(4) A description of the current uses of the property and any projected future uses during the next three years. In the case of land held for state park use whose projected use would exceed a

three-year period, the projected use and estimated date of construction or use shall be furnished.

(5) A concise description of each major structure located on the property.

(6) The estimated value of real property declared surplus by the agency and real property where the agency has not identified a current or potential use.

(c) The department shall prepare a separate report by January 1, 1989, and shall update the report annually of all properties declared surplus or properties with no identified current or projected use. The report shall be made available upon request.

SEC. 4. Section 11011.17 is added to the Government Code, to read:

11011.17. (a) The University of California, by July 1, 1988, shall furnish the department, in a uniform format specified by the department, a record of each parcel of real property which it possesses. The University of California shall update its record of real property holdings, reflecting any changes, by July 1 of each year. This record shall include the following information:

(1) The location of the property within the state and the county, the size of the property, including its acreage and any other relevant property data.

(2) The date of acquisition of the real property, if available.

(3) The manner in which the property was acquired and the purchase price, if available.

(4) A description of the current uses of the property and any projected future uses.

(5) A concise description of each major structure on the property.

(6) The estimated value of real property declared surplus by the University of California. Where an actual appraisal is available it may be used, but it is not required.

(b) For property used or possessed by the University of California as a campus, medical center, agricultural experiment station, part of the Natural Reserve System or government owned national laboratory, the record shall only include information required by paragraphs (1), (4), (5), and (6).

SEC. 5. Section 11011.19 is added to the Government Code, to read:

11011.19. (a) The Auditor General shall conduct a review of the department to ensure full compliance with Section 11011.15. The Auditor General shall prepare a report of the review by January 1, 1990.

(b) The report prepared by the Auditor General pursuant to subdivision (a) shall be provided to each chairperson and committee member of the appropriate committees of the Legislature, as determined by the Chief Clerk of the Assembly and the Secretary of the Senate. The Auditor General shall provide the appropriate number of copies as specified by the Chief Clerk of the Assembly and the Secretary of the Senate for their distribution.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 22952 of the Government Code is amended to read:

22952. The State of California, through the Department of Personnel Administration, and the Trustees of the California State University and the Regents of the University of California, directly or through the Department of Personnel Administration, may contract, upon negotiations with employee organizations, with carriers for dental care plans for employees and annuitants, provided the carriers have operated successfully in the area of dental care benefits for a reasonable period prior to contracting for such plans, or have a contract to provide benefit plans under Section 22790 of the Government Code, as amended by Chapter 403 of the Statutes of 1979. Dental care plans provided under this authority may be self-funded by the employer if it is cost-effective to do so.

No contract for any dental care plan may be entered into unless funds for a dental care plan contract are appropriated by the Legislature in a subsequently enacted statute. Notwithstanding Section 13340, where a dental-care plan is self-funded, funds used for that plan shall be considered continuously appropriated.

SEC. 2. Section 22952.1 is added to the Government Code, to read:

22952.1. Funds appropriated for self-funded dental care plans for state employees other than employees of the California State University, shall be maintained in the State Employees' Dental Care Fund which is hereby created in the State Treasury. Moneys in this fund shall be used by the Department of Personnel Administration to pay dental claims and other administrative costs. Income of whatever nature earned on the moneys in the State Employees' Dental Care Fund during any fiscal year shall be credited to the fund. Notwithstanding Section 13340, moneys in this fund are continuously appropriated in accordance with this section and Section 22952.

SEC. 3. Section 22952.2 is added to the Government Code, to read:

22952.2. Funds appropriated for self-funded dental care plans for employees of the California State University, shall be maintained in the California State University Employees' Dental Care Fund, which is hereby created in the State Treasury. Moneys in this fund shall be used by the Trustees of the California State University to pay dental claims and other administrative costs.

Income of whatever nature earned on the moneys in the California State University Employees' Dental Care Fund during any fiscal year shall be credited to the fund. Notwithstanding Section 13340, moneys in this fund are continuously appropriated in accordance with this section and Section 22952.

CHAPTER 909

An act to add Section 25503.7 to the Health and Safety Code, relating to railroads.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25503.7 is added to the Health and Safety Code, to read:

25503.7. (a) When any railroad car containing any hazardous material or hazardous substance remains within the same railroad facility or business facility for more than 30 days, or a business knows or has reason to know that any railroad car containing any hazardous material or hazardous substance will remain at the same railroad facility or business facility for more than 30 days, the hazardous material or hazardous substance is deemed stored at that location and subject to the requirements of this chapter.

(b) Notwithstanding Section 25510, a business handling hazardous materials or hazardous substances which are stored in a manner subject to subdivision (a) shall immediately notify the administering agency whenever a hazardous material or hazardous substance is stored in a railroad car.

CHAPTER 910

An act to amend Sections 8606 and 8664.5 of, and to add Article 1.5 (commencing with Section 8612) to Chapter 3 of Part 3 of Division 6 of, the Fish and Game Code, to add Section 15335.1 to the Government Code, and to add Sections 31125, 31125.5, 31125.6, 31126, 31127 to the Public Resources Code, relating to commercial fishing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Nearshore Gill and Trammel Net Fishery Mitigation Act.

SEC. 2. The Legislature finds that the use of gill and trammel nets to take fish in shallow nearshore waters in certain areas north of Point Conception has and is adversely impacting nontarget marine bird and mammal populations and has resulted in conflicts with other fisheries.

The Legislature further finds that existing and future restrictions on the use of these nets has an adverse economic impact on the fishermen involved.

The Legislature declares its intent to provide further necessary protections for marine bird and mammal populations north of Point Conception while establishing programs for the development of alternative fishing gear, monitoring activities, conducting studies, and making low-interest loans to enable affected gill and trammel net fishermen to continue to fish in a manner which will reduce or eliminate impacts on nontarget species and other fisheries.

The Legislature further finds and declares that the State Coastal Conservancy, working with the Department of Fish and Game and the Department of Commerce, has the necessary resources to establish a low-interest loan program for the purchase of alternative fishing gear. The State Coastal Conservancy's mandate and experience in mediating conflicts among competing interests within California's coastal zone will be extremely beneficial to the development of a program that will assist California's commercial fishing industry, which is a priority coastal dependent use, and protect California's unique marine resources, which enhance coastal tourism and recreational industries of this state.

SEC. 3. Section 8606 of the Fish and Game Code is amended to read:

8606. (a) The commission shall encourage the development of new types of commercial fishing gear and new methods of using existing commercial fishing gear by approving permits to be issued by the department for that development or use, subject to the following restrictions:

(1) A permit is subject to those conditions that the commission deems necessary to ensure the proper utilization and protection of the marine resources.

(2) A permit is valid for a period of not more than one year, but may be renewed until the Legislature approves or disapproves the permanent use or type of gear.

(3) A permit shall be revoked if the continued use would have an adverse impact on any resource.

(b) A permit may authorize the use of new types of commercial

fishing gear and new methods of using existing gear otherwise prohibited by this code and may authorize that use or the use of existing gear in areas otherwise closed to that use by this code.

SEC. 3.5. Article 1.5 (commencing with Section 8612) is added to Chapter 3 of Part 3 of Division 6 of the Fish and Game Code, to read:

Article 1.5. Development of Alternative Fishing Gear

8612. (a) Consistent with Section 8606 and subdivision (f) of Section 8664.5, the department shall develop a program for developing and monitoring the use of alternative fishing methods and gear in those nearshore areas where gill and trammel net closures exist in order to protect marine birds and mammals.

(b) On or before 30 days after the effective date of the act adding this section, the department, the State Coastal Conservancy, and the Department of Commerce shall meet with representatives of the commercial fishing organizations selected by the director that have been affected by restrictions on the use of gill and trammel nets within nearshore waters to assist the fishing industry in developing alternative fishing gear proposals and monitoring the use of alternative fishing gear in those nearshore areas where gill and trammel net closures exist. The agencies shall explain the necessary permit requirements, loan application procedures, employment training opportunities, and any other requirements and available funding sources that may be necessary to carry out a program for developing and monitoring the use of alternative fishing methods and gear in those nearshore areas where gill and trammel net closures exist. The agencies shall seek comments and recommendations from the fishing industry representatives in order to develop a program that is not only effective and efficient, but also meaningful to the fishing industry.

8613. (a) The department shall review proposals on new types of commercial fishing gear and new methods of using existing commercial fishing gear within those areas where gill and trammel net closures exist and within 30 days recommend an experimental gear permit be approved by the commission pursuant to Section 8606 for those applicants that can demonstrate that they are able to meet any conditions of the permit that ensure the proper utilization and protection of marine resources. The department shall determine the level of monitoring that will be required and the amount of funding necessary.

(b) If more than one experimental gear permit is issued for use within a given nearshore area or port, the department shall work with the affected fishermen, the department's regional staff, the University of California Sea Grant marine advisory program, the National Marine Fisheries Services, and any interested persons in developing the most cost-effective and efficient monitoring program for these experimental permits that will ensure protection for nontarget species, including marine birds and mammals, without

frustrating the purposes for the experimental permit.

(c) If the commission does not approve the permit, the department shall return the application to the applicant with an explanation of any necessary steps to be taken in order to reapply for an experimental gear permit.

(d) If the application requests a loan for the alternative method or gear that is proposed to be used, the department shall forward the application, if it is approved by the commission and a permit is issued by the department, to the State Coastal Conservancy. The State Coastal Conservancy shall review the application pursuant to Section 31125.5 of the Public Resources Code.

8614. (a) Notwithstanding subdivision (b) of Section 8606, an experimental permit for new types of commercial fishing gear and new methods of using existing commercial fishing gear within those areas where gill and trammel net closures exist shall be renewed annually unless any of the following occur:

(1) The Legislature approves or disapproves the permanent use or type of gear.

(2) The permit is revoked pursuant to subdivision (c) of Section 8606.

(3) The permit has been suspended or revoked for violation of any of the terms or conditions of the permit.

(b) If an experimental permit is revoked and the permittee has an outstanding loan with the State Coastal Conservancy under Section 31125 of the Public Resources Code for the purchase of alternative fishing gear, the unpaid balance of the loan shall be excused from the date of revocation if the permittee returns the collateral fishing gear to the department, in which case the department shall take possession of the alternative fishing gear for the State Coastal Conservancy. Any alternative gear received by the department due to a revocation of an experimental permit may be resold by the State Coastal Conservancy at fair market value to other experimental permit applicants or holders under this article.

(c) If the Legislature approves the permanent use or type of gear and the commercial fishing permit or the license for the permanent use or type of gear is revoked, the permittee shall be responsible for any remaining balance on any outstanding loan with the State Coastal Conservancy for the purchase of alternative fishing gear.

8615. (a) (1) Within the first six months of operation pursuant to an experimental permit and after a reasonable and concerted effort to utilize a new type of commercial fishing gear, the permittee may request that the experimental permit be terminated if it is economically infeasible to harvest the target species or the alternative gear is impractical, inefficient, or ineffective within the fishery or regional area selected. The permittee shall submit copies of all landing receipts, a financial statement setting forth the expenses and any revenue generated by the operation of the alternative fishing gear, and a brief summary from any observers, monitors, and employees regarding the operation of the alternative

fishing gear to the department. The department shall review the permittee's submitted material.

(2) If the submitted material supports the claim that the new type of commercial fishing gear utilized by the permittee was either inefficient, impractical, or ineffective, or that it was not economically feasible for the permittee to harvest the target species, the department shall terminate the experimental permit and submit its findings to the State Coastal Conservancy. Upon receiving the department's report, the State Coastal Conservancy may terminate the permittee's loan. If the permittee returns the collateral fishing gear to the department, the State Coastal Conservancy shall reimburse the permittee from the loan fund for the principal amount of the loan repaid by the permittee. The department shall take possession of the fishing gear for the State Coastal Conservancy, which may resell the gear as set forth in subdivision (b) of Section 8615.

(3) If the information does not support the claim made by the permittee, the department may still terminate the experimental permit. The State Coastal Conservancy may terminate the remaining balance on the loan if the permittee returns the collateral fishing gear to the department, but the State Coastal Conservancy shall not reimburse the permittee for previous loan payments.

(b) After six months of operation pursuant to an experimental permit, any request to terminate the permit for the reasons set forth in subdivision (a) shall include, in addition to the information required by paragraph (1) of subdivision (a), an explanantion of the changed circumstances or reasons that cause the new type of gear to become inefficient, impractical, or ineffective or economically infeasible to harvest the target species after the initial six-month operating period. The department shall review the request and make its recommendation to the State Coastal Conservancy following the procedures set forth in subdivision (a). If the department terminates the experimental gear permit, the State Coastal Conservancy may terminate the remaining balance on the loan if the permittee returns the collateral fishing gear to the department, but it shall not reimburse the permittee for any loan payments received. The department shall take possession of the alternative fishing gear for the State Coastal Conservancy, which may resell the gear as set forth in subdivision (b) of Section 8615.

SEC. 4. Section 8664.5 of the Fish and Game Code is amended to read:

8664.5. (a) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in those portions of District 17 between a line extending 220° magnetic from the mouth of Waddel Creek in Santa Cruz County and a line extending due west from Yankee Point, Carmel Highlands, in Monterey County in waters 15 fathoms or less in depth at mean lower low water and between a line extending 225° magnetic from Franklin Point in San Mateo County and a line extending 220° magnetic from the mouth of Waddel Creek

in Santa Cruz County in waters 25 fathoms or less in depth at mean lower low water.

(b) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in that portion of District 18 north of a line extending due west from Point Sal in Santa Barbara County in waters 15 fathoms or less in depth at mean lower low water. However, the director may issue an order allowing the use of gill or trammel nets in all, or any part, of the area of District 18 south of Point San Luis in San Luis Obispo County for a specified period if the director determines, on the basis of written findings, that the use of those nets will not result in any accidental take of sea otters. The director shall immediately rescind any order issued pursuant to this subdivision if the director determines that further use of those nets may result in the accidental entanglement or take of sea otters.

(c) Notwithstanding Sections 8693 and 8724, gill nets and trammel nets shall not be used in any of the following portions of District 18:

(1) Between a line extending 180° magnetic from the mouth of Pico Creek in San Luis Obispo County to a line extending due west from Cape San Martin in Monterey County (within the California Sea Otter Game Refuge) in waters 20 fathoms or less in depth at mean lower low water.

(2) Between a line extending 180° magnetic from Pfeiffer Point in Monterey County to a line extending due west from Point Sur in Monterey County (within the California Sea Otter Game Refuge) in waters 20 fathoms or less in depth at mean lower low water.

(d) Notwithstanding Sections 8693 and 8724, any person using gill nets or trammel nets in those portions of District 17 from a line extending 220° magnetic from the mouth of Waddel Creek in Santa Cruz County to a line extending due west from Yankee Point, Carmel Highlands (within the California Sea Otter Game Refuge) in Monterey County in waters between 15 fathoms and 20 fathoms in depth at mean lower low water shall comply with the following requirements in order to ensure adequate monitoring of the fishing effort to protect sea otters:

(1) Prior to the use, the person shall notify the department that gill nets and trammel nets will be set in the area.

(2) The person shall give adequate notification, as determined by the department, to the department at its office in Monterey or Morro Bay at least 24 hours prior to each fishing trip to ensure full compliance and cooperation with the monitoring program. The department may require that an authorized monitor be on board the vessel. The department shall determine whether on board, at sea, or shoreside monitoring is appropriate. If the authorized monitor is not on board the fishing vessel, the fishing vessel operator and the authorized monitor shall make every effort to remain in radio contact if the radio equipment is made available to the monitor.

(3) To ensure the effectiveness of the monitoring program, gill nets and trammel nets may be set or pulled only between one-half hour after sunrise and one-half hour before sunset.

(4) A permit may be revoked and canceled pursuant to Section 8681 for failure to comply with the department's notification and monitoring requirements.

(e) Notwithstanding Sections 8693 and 8724, any person using gill nets or trammel nets in those portions of District 18 north of a line extending due west from the mouth of Santa Rosa Creek in San Luis Obispo County (within the California Sea Otter Game Refuge) in waters between 15 fathoms and 20 fathoms in depth at mean lower low water shall comply with the following requirements in order to ensure adequate monitoring of the fishing effort to protect sea otters:

(1) Prior to the use, the person shall notify the department that gill nets and trammel nets will be set in the area.

(2) The person shall give adequate notification, as determined by the department, to the department at its offices in Monterey or Morro Bay at least 24 hours prior to each fishing trip to ensure full compliance and cooperation with the monitoring program. The department may require that an authorized monitor be on board the vessel. The department shall determine whether on board, at sea, or shoreside monitoring is appropriate. If the authorized monitor is not on board the fishing vessel, the fishing vessel operator and the authorized monitor shall make every effort to remain in radio contact if radio equipment is made available to the monitor.

(3) To ensure the effectiveness of the monitoring program, gill nets and trammel nets may be set or pulled only between one-half hour after sunrise and one-half hour before sunset.

(4) A permit may be revoked and canceled pursuant to Section 8681 for failure to comply with the department's notification and monitoring requirements.

(f) (1) If the director determines that the use of gill or trammel nets is having an adverse impact on any population of any species of seabird, marine mammal, or fish, the director shall issue an order prohibiting or restricting the use, method of use, size, or materials used in the construction of either or both types of those nets in all or any part of District 10 or 17, or in all or any part of District 18 north of a line extending due west from Point Conception in Santa Barbara County for a specified period. The order shall take effect no later than 48 hours after its issuance. The director shall hold a properly noticed public hearing in a place convenient to the affected area within one week of the effective date of the order to describe the action taken and shall take testimony as to the effect of the order and determine whether any modification of the order is necessary.

(2) Within one year of the effective date of the act amending this section enacted in the 1986 portion of the 1985–86 Regular Session of the Legislature, the director shall report to the Legislature on the effectiveness of the department's monitoring program in protecting sea otters within the California Sea Otter Game Refuge. Following the submission of the report the director may permanently prohibit the use of gill nets and trammel nets within any portion or within the entire area of the California Sea Otter Game Refuge designated in

subdivisions (d) and (e) if the director determines the use of gill or trammel nets is having an adverse impact on sea otters as provided in paragraph (1).

(g) For purposes of this section, "adverse impact" means either of the following:

(1) The danger of irreparable injury to, or mortality in, any population of any species of seabird, marine mammal, or fish which is occurring at a rate that threatens the viability of the population as a direct result of the use of gill nets or trammel nets.

(2) The impairment of the recovery of a species listed as an endangered species or threatened species pursuant to the federal Endangered Species Act (16 U.S.C. Sec. 1531 et seq.) or the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3) or a species of seabird, marine mammal, or fish designated as fully protected under this code, as a direct result of the use of gill nets or trammel nets.

(h) This section does not apply to any gill net with meshes 3½ inches or less in length in any portion of District 18 between Yankee Point in Monterey County and Point Sal in Santa Barbara County.

(i) The department shall explore, as alternatives to the use of gill and trammel nets, what fishing gear and methods may be used to take California halibut in areas closed pursuant to this section. The department shall consider issuing experimental gear permits pursuant to Section 8606 for authorizing the use of the alternative fishing gear and methods in the California halibut fishery in those areas.

SEC. 5. Section 15335.1 is added to the Government Code, to read:

15335.1. (a) The Department of Commerce and the Small Business Advocate of the Business, Transportation and Housing Agency shall work with the Department of Fish and Game and the commercial fishing industry on available state and federal economic development loan programs, community block grant programs, loan guarantee programs, and federal Small Business Administration loan programs to determine their applicability to the financing of alternative fishing gear where restrictions or closures on the use of gill and trammel nets exist.

(b) The State Coastal Conservancy and the Department of Fish and Game shall coordinate with the Department of Commerce, the Small Business Advocate, and the commercial fishing industry on the implementation of the alternative fishing method and gear program set forth in Article 1.5 (commencing with Section 8612) of Chapter 3 of Part 3 of Division 6 of the Fish and Game Code.

(c) The Department of Commerce and the Department of Fish and Game shall assist small business fishing operations, local marketing associations, and representative commercial fishing organizations in determining what existing state and federal loan programs may be available to assist in the financing of alternative fishing gear.

SEC. 6. Section 31125 is added to the Public Resources Code, to read:

31125. (a) The conservancy shall allocate four hundred fifty thousand dollars ($450,000) from moneys available to or received by it to carry out the alternative fishing gear loan program in Article 1.5 (commencing with Section 8612) of Chapter 3 of Part 3 of Division 6 of the Fish and Game Code and Section 31125.5.

(b) On and after the effective date of the act adding this section and before January 1, 1988, the money allocated by subdivision (a) shall be allocated in the order prescribed in the following schedule:

(1) At least one hundred fifty thousand dollars ($150,000) shall be allocated for loans for experimental fishing gear to permittees within nearshore areas north of a line due west from Point Sur in Monterey County where gill nets and trammel nets are restricted in order to protect marine birds and mammals.

(2) After the allocation in paragraph (1) is made, at least two hundred thousand dollars ($200,000) shall be allocated for loans for experimental fishing gear to permittees within nearshore areas between a line due west from Point Sal in Santa Barbara County to a line due west from Point Sur in Monterey County where gill nets and trammel nets are restricted in order to protect marine birds and mammals.

(3) After the allocations in paragraphs (1) and (2) are made, at least one hundred thousand dollars ($100,000) shall be allocated for loans for experimental fishing gear to permittees within nearshore areas north of a line due west of Point Conception in Santa Barbara County where gill nets and trammel nets cannot be used in order to protect marine birds and mammals.

(c) On or after January 1, 1988, the allocation schedule in subdivision (b) is inoperative, and that subdivision has no force or effect.

(d) No new loans shall be executed under the loan program on or after January 1, 1989.

SEC. 7. Section 31125.5 is added to the Public Resources Code, to read:

31125.5. The conservancy may finance the purchase of any alternative fishing gear that is necessary for an experimental gear permit approved by the Fish and Game Commission pursuant to Section 8606 of the Fish and Game Code. The funds appropriated for this purpose shall be used exclusively to finance the development and operation of alternative fishing gear for use in nearshore waters within the coastal zone, as defined by Section 30103, north of Point Conception where restrictions or closures on the use of gill and trammel nets exist.

(b) Loan applications received by the conservancy shall have proof of an experimental gear permit approved by the Fish and Game Commission.

(c) (1) Funds appropriated for the program under this section shall be used as part of a low-interest loan program to encourage the

development and operation of alternative fishing gear for gill and trammel net fishing operators who have been precluded from fishing in nearshore waters due to restrictions or closures on the use of gill and trammel nets.

(2) An applicant for a loan under this section from funds allocated under paragraph (2) of subdivision (b) of Section 31125 for experimental gear use in District 18, where there are restrictions on the use of gill nets and trammel nets under Section 8664.5 of the Fish and Game Code, shall submit with the application proof of issuance of an experimental gear permit for use within an area north of a line due west of Point Sal in Santa Barbara County and proof of landing of halibut taken in an area between a line due west of Point Sal in Santa Barbara County to a line due west of Point Sur in Monterey County between January 1, 1981, and June 1, 1986. Proof of halibut landings shall be made by submission by the applicant of landing receipts issued under Section 8011 of the Fish and Game Code.

(3) The Legislature finds that, since the alternative fishing gear and methods may be unfamiliar to and untested in California fisheries, the information derived from the use of alternative fishing gear and methods is extremely beneficial to the protection of marine and fishery resources and the development of an economically viable fishing industry. The Legislature further finds that the applicant commercial fishing operator will be assuming some risks in utilizing an unproven and untested fishing method in order to eliminate or restrict impacts on other nontarget marine and fishery resources.

(4) The annual interest on the loan shall not exceed 6 percent per annum, and the term of the loan shall not exceed seven years. The conservancy, with input from the Department of Fish and Game regarding the type of gear that will be used, its familiarity to California fisheries, and the amount of new information the operation of the gear will provide to the management of the fishery and the protection of other marine resources, shall balance the public benefits to be gained from the implementation of an experimental fishing gear permit against the economic risks to the commercial fishing operator in determining the interest payments, period of the loan, and the assurance of repayment or collateral.

(5) The conservancy shall review the loan application and notify the applicant that the conservancy is reviewing the alternative fishing gear loan request. The notification shall include the terms of the proposed loan. The conservancy shall negotiate the final terms and conditions of the loan with the applicant.

(6) The loan application may include a request that the loan include all reasonable and necessary administrative costs that the conservancy incurs in processing and administering the loan application.

SEC. 8. Section 31125.6 is added to the Public Resources Code, to read:

31125.6. (a) On or before 60 days after the effective date of the act adding this section, the conservancy shall enter into a two-agency

agreement with the Department of Fish and Game on the assignment, storage, possession, and selling of collateral fishing gear pursuant to Article 1.5 (commencing with Secion 8612) of Chapter 3 of Part 3 of Division 6 of the Fish and Game Code.

(b) On or before 60 days after the effective date of the act adding this section, the Department of Commerce shall enter into a two-agency agreement with the conservancy to provide technical assistance on the implementation of the loan program in Section 31125.5.

(c) On or before 90 days after the effective date of the act adding this section, the conservancy shall adopt emergency regulations for the purposes of administering the alternative fishing gear loan program in Section 31125.5 pertaining to interest rates, loan durations, loan conditions, payback requirements, and procedures with respect to defaulted loan collections. For purposes of the Administrative Procedure Act, as described in Section 11370 of the Government Code, the adoption of these regulations is an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare and shall become effective upon adoption as provided in subdivision (a) of Section 11346.2 of the Government Code. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these regulations are not subject to review, approval, or repeal by the Office of Administrative Law.

SEC. 9. Section 31126 is added to the Public Resources Code, to read:

31126. The conservancy shall review the status and effectiveness of the alternative fishing gear loan program and report its findings and recommendations to the Legislature on or before January 1, 1988. The report shall include all of the following:

(a) Information from the Department of Fish and Game on the number of experimental fishing gear permits that have been approved; the areas of the state where operations under the permits have occurred; the number in operation; the number revoked; and the number terminated.

(b) Information from the Department of Fish and Game, or its designee, on the effectiveness of the experimental fishing gear permits in protecting marine resources while providing a commercial harvest for the fishing industry.

(c) Information on the number of loans issued; interest earned; the number of defaults, terminations, or revocations; and the number of outstanding loans.

SEC. 10. Section 31127 is added to the Public Resources Code, to read:

31127. Notwithstanding Section 31126, if, after its review of the alternative fishing gear loan program, and submittal of its report to the Legislature, there appears to be a lack of interest in continuing the alternative fishing gear loan program, the conservancy may elect to terminate the loan program for the calendar year beginning on

January 1, 1988. However, if the conservancy continues the program, it shall submit a final report containing the information required in Section 31126 to the Legislature on or before February 14, 1989.

SEC. 11. It is the intent of the Legislature that the State Coastal Conservancy concentrate its efforts in the restoration of the state's urban waterfronts on those projects provided for pursuant to Chapter 7 (commencing with Section 31300) of Division 21 of the Public Resources Code, including those projects which assist the commercial fishing industry in California. It is further the intent of the Legislature that, if it is consistent with other conservancy program needs, the current staffing level now working on the restoration of urban waterfronts be retained and that the work of this staff be redirected to the extent feasible from those projects which may be funded through the sale of revenue bonds pursuant to Division 22 (commencing with Section 32000) of the Public Resources Code to those projects which may be developed pursuant to Division 21 (commencing with Section 31000) of the Public Resources Code.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 13. The sum of five hundred fifty thousand dollars ($550,000) is hereby appropriated for experimental fishing gear programs for apportionment as follows:

(a) One hundred thousand dollars ($100,000) from the Environmental License Plate Fund to the Department of Fish and Game to implement the monitoring program when experimental gear permits are issued pursuant to Sections 8612 and 8613 of the Fish and Game Code.

(b) Four hundred fifty thousand dollars ($450,000) from the State Coastal Conservancy Fund to the State Coastal Conservancy for allocation in accordance with Section 31125 of the Public Resources Code for the purposes of Section 31125.5 of the Public Resources Code.

SEC. 14. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expedite the protection of the southern sea otter, a federally listed threatened species under the Federal Endangered Species Act, from entanglement in set gill and trammel nets and to develop alternative fishing gear and a low-interest loan program prior to the 1987 fishing season, it is necessary that this act take effect immediately.

(c) The employment agency shall in the contract undertake to repay the applicant the fee in the event the applicant fails to accept employment.

(d) All contracts or receipts shall be made and numbered consecutively in original and duplicate, both to be signed by the applicant and the person acting for the employment agency. The original shall be given to the applicant and the duplicate shall be kept on file at the agency.

(e) This section does not apply to nurses' registries, prepaid computer agencies, and job listing services, or employment counseling services.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 913

An act to add Section 926.17 to the Government Code, relating to state agencies.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 926.17 is added to the Government Code, to read:

926.17. (a) (1) A state agency which acquires property or services pursuant to a contract, including any approved change order, with a business shall pay for each complete delivered item of property or service on the date required by contract between the business and agency or, if no date for payment is specified by contract, within 50 calendar days after the postmark date of the invoice by the state agency covering the delivered items or services. The state agency shall pay the contractor directly, if authorized to do so, or forward the invoice for payment to the Controller, within 35

calendar days after the postmark date of the invoice. The Controller shall pay the contractor within 15 calendar days of receipt of the invoice from the state agency.

(2) If, due to insufficient funds, a state agency is unable to meet the payment deadlines provided for in paragraph (1) under a contract for goods or services needed due to a natural disaster, including, but not limited to, fires, floods, or earthquakes, payment under the contract shall not be due until 30 calendar days after the agency has received sufficient funds to pay the contractor.

(3) If, by applying paragraphs (1) and (2), a payment under a contract with the Department of Forestry would become due during the annually declared fire season, as declared by the Director of Forestry, the payment shall not be due until 30 calendar days after the date upon which it would otherwise have been due.

(4) The acquisition of property includes the rental of real or personal property.

(b) (1) Interest shall accrue and be charged on payments overdue under subdivision (a) at a rate of 1 percent above the rate accrued on June 30th of the prior year by the Pooled Money Investment Account, but not to exceed 15 percent.

The interest penalty fee shall begin on the day after payment is due, if the payment due date is specified by contract. If no payment date is specified by contract, the interest shall begin to accrue on the 36th calendar day after the postmark date of the invoice and shall be paid for out of the contracting state agency's funds.

If the invoice is forwarded to the Controller's office from the contracting state agency, interest shall also begin to accrue on the 16th calendar day after receipt of a properly submitted invoice by the Controller's office and shall be paid for out of the Controller's funds. Interest ceases to accrue on the date payment is made, except that when an invoice is forwarded to the Controller for payment, the forwarding state agency's liability ends on the date a properly submitted invoice is received by the Controller.

(2) A state agency shall not seek additional appropriations to pay interest which accrues as a result of an agency's failure to make payments as required by subdivision (a).

(3) When a state agency is required by this section to pay a penalty, it shall be presumed that the fault is that of the head of the state agency and, in such cases, the head of the state agency shall submit to the Legislature a written report on the actions taken to correct the problem.

(c) A court shall award court costs and reasonable attorney fees to the plaintiff in an action brought pursuant to this section where it is found that the state agency has violated this section. The costs and fees shall be paid by the state agency at fault and shall not become a personal economic liability of any public officer or employee thereof.

(d) If the agency's failure to timely pay interest as required by subdivision (b) is the result of a dispute between the agency and the

business over the amount due or over compliance with the contract, the provisions of this section are inapplicable. A state agency may dispute an invoice without incurring the penalties provided for in subdivision (b), if the state agency so notifies the contractor within 15 calendar days of receipt of the invoice.

If it is determined by the state agency that an invoice was improperly executed or that additional evidence of the validity of the invoice is required, the required payment date shall be 30 calendar days from the date the corrected invoice is received by the state agency or is approved by both contracting parties.

(e) For the purposes of this section, "invoice" means a document seeking payment on a contract and which contains a detailed list of goods shipped or services rendered, with an accounting of all costs.

(f) This section shall not apply to claims for reimbursement for health care services provided under the Medi-Cal program, as established pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(g) Section 926.10 shall not apply to any contract covered by this section.

(h) This section shall not apply to any contract covered by Section 926.15.

CHAPTER 914

An act to add Section 340.1 to the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 20, 1986. Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.1 is added to the Code of Civil Procedure, to read:

340.1. (a) In any civil action for injury or illness based upon lewd or lascivious acts with a child under the age of 14 years, fornication, sodomy, oral copulation, or penetration of genital or anal openings of another with a foreign object, in which this conduct is alleged to have occurred between a household or family member and a child where the act upon which the action is based occurred before the plaintiff attained the age of 18 years, the time for commencement of the action shall be three years.

(b) "Injury or illness" as used in this section includes psychological injury or illness, whether or not accompanied by physical injury or illness.

(c) "Household or family member" as used in this section includes a parent, stepparent, former stepparent, sibling, stepsibling, any other person related by consanguinity or affinity within the second

degree, or any other person who regularly resided in the household at the time of the act, or who six months prior to the act regularly resided in the household.

(d) Nothing in this bill is intended to preclude the courts from applying delayed discovery exceptions to the accrual of a cause of action for sexual molestation of a minor.

(e) This section shall apply to both of the following:

(1) Any action commenced on or after January 1, 1987, including any action which would be barred by application of the period of limitation applicable prior to January 1, 1987.

(2) Any action commenced prior to January 1, 1987, and pending on January 1, 1987.

CHAPTER 915

An act relating to the Veterans' Home of California, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Pursuant to Section 1015 of the Military and Veterans Code, the Department of Veterans Affairs established and submitted a revised Master Plan for the Veterans' Home of California construction schedule. However, onsite conditions for Domiciliary Section C have been discovered to be different from the conditions originally contemplated in the revised master plan for the remodeling of Section C.

(b) These different conditions will increase the costs for the remodeling of Section C beyond the level of funds available and will thereby delay completion of the remodeling project. A delay in completion of Section C will delay completion of other master plan projects, including installation of air-conditioning at that hospital and other related buildings at the home, and will result in further increases in cost.

(c) It is necessary to augment the construction funds available for Section C to enable that project and other projects to proceed in accordance with the revised master plan schedule and to avoid the delays and further increases in costs which would otherwise result.

(d) It is therefore the intent of the Legislature to make an appropriation to augment the funds for completion of Section C for the purpose of avoiding delays and further increases in costs.

SEC. 2. (a) The sum of four hundred seventy-five thousand dollars ($475,000) is hereby appropriated from the Special Account

for Capital Outlay in the General Fund to the department for expenditure during the 1986–87 fiscal year for construction of Domiciliary Section C of the Veterans' Home of California.

(b) The department shall apply to the United States Veterans' Administration for federal grant funds for the increased costs of this project. Any federal grant funds received by the department shall be deposited in the Special Account for Capital Outlay in the General Fund as a reimbursement of the advance for the federal share of this project cost, regardless of the year in which the federal funds are received.

SEC. 3. The Office of the State Architect of the Department of General Services shall investigate and determine the cause or causes of the differences in onsite conditions referred to in Section 1 of this act, including the liability or responsibility of any third party or parties. If any third party or parties is determined to be responsible, it shall recommend appropriate action to the Director of General Services, including legal action or actions for damages as may be indicated. Any recovery of damages in any action shall be deposited in the Special Account for Capital Outlay in the General Fund as a reimbursement of the appropriation made by Section 2 of this act, regardless of the year in which the recovery is received.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to avoid delays in the construction project at the Veterans' Home of California, it is necessary that this act take effect immediately.

CHAPTER 918

An act to add Article 4 (commencing with Section 1810) to Chapter 11 of Part 2 of Division 2 of the Water Code, relating to water.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) There has been a severe downturn in the state's agricultural economy which has made it difficult for many farmers to meet their financial obligations to the state or, regional or local public agencies for water facilities already in place.

(b) In addition, many agricultural operations and public agencies experiencing financial difficulties or facing default may desire to sell, lease, or exchange water as a means of obtaining financial relief or augmenting their income.

(c) Since the sale, lease, or exchange of conserved water does not result in the forfeiture of an appropriative right to water, the marketing of water may provide financial relief or supplemental income during periods of economic hardship.

(d) It is the policy of the state to facilitate the voluntary sale, lease, or exchange of water or water rights in order to promote efficient use.

(e) The sales, leases, or exchanges of water are to be made without injuring any legal user of water and without unreasonably affecting fish, wildlife, or other instream beneficial uses and without unreasonably affecting the overall economy of the area from which the water is being transferred.

SEC. 2. Article 4 (commencing with Section 1810) is added to Chapter 11 of Part 2 of Division 2 of the Water Code, to read:

Article 4. Joint Use of Capacity in Water Conveyance Facilities

1810. Notwithstanding any other provision of law, neither the state, nor any regional or local public agency may deny a bona fide transferor of water the use of a water conveyance facility which has unused capacity, for the period of time for which that capacity is available, if fair compensation is paid for that use, subject to the following:

(a) Any person or public agency that has a long-term water service contract with or the right to receive water from the owner of the conveyance facility shall have the right to use any unused capacity prior to any bona fide transferor.

(b) The commingling of transferred water does not result in a

diminution of the beneficial uses or quality of the water in the facility, except that the transferor may, at the transferor's own expense, provide for treatment to prevent the diminution, and the transferred water is of substantially the same quality as the water in the facility.

(c) Any person or public agency that has a water service contract with or the right to receive water from the owner of the conveyance facility who has an emergency need may utilize the unused capacity that was made available pursuant to this section for the duration of the emergency.

(d) This use of a water conveyance facility is to be made without injuring any legal user of water and without unreasonably affecting fish, wildlife, or other instream beneficial uses and without unreasonably affecting the overall economy or the environment of the county from which the water is being transferred.

1811. As used in this article, the following terms shall have the following meanings:

(a) "Bona fide transferor" means a person or public agency as defined in Section 20009 of the Government Code with a contract for sale of water which may be conditioned upon the acquisition of conveyance facility capacity to convey the water that is the subject of the contract.

(b) "Emergency" means a sudden occurrence such as a storm, flood, fire, or an unexpected equipment outage impairing the ability of a person or public agency to make water deliveries.

(c) "Fair compensation" means the reasonable charges incurred by the owner of the conveyance system, including capital, operation, maintenance, and replacement costs, increased costs from any necessitated purchase of supplemental power, and including reasonable credit for any offsetting benefits for the use of the conveyance system.

(d) "Replacement costs" mean the reasonable portion of costs associated with material acquisition for the correction of unrepairable wear or other deterioration of conveyance facility parts which have an anticipated life which is less than the conveyance facility repayment period and which costs are attributable to the proposed use.

(e) "Unused capacity" means space that is available within the operational limits of the conveyance system and which the owner is not using during the period for which the transfer is proposed and which space is sufficient to convey the quantity of water proposed to be transferred.

1812. The state, regional, or local public agency owning the water conveyance facility shall in a timely manner determine the following:

(a) The amount and availability of unused capacity.

(b) The terms and conditions, including operation and maintenance requirements and scheduling, quality requirements, term or use, priorities, and fair compensation.

1813. In making the determinations required by this article, the respective public agency shall act in a reasonable manner consistent with the requirements of law to facilitate the voluntary sale, lease, or exchange of water and shall support its determinations by written findings. In any judicial action challenging any determination made under this article the court shall consider all relevant evidence, and the court shall give due consideration to the purposes and policies of this article. In any such case the court shall sustain the determination of the public agency if it finds that the determination is supported by substantial evidence.

1814. This article shall apply to only 70 percent of the unused capacity.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 919

An act to amend Section 69623 of, and to add Section 69623.5 to, the Education Code, relating to student financial aid.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 69623 of the Education Code is amended to read:

69623. Grants awarded pursuant to this chapter shall be in an amount sufficient to pay the costs of a student, during his or her course of study, for tuition, books, and room and board in accordance with his or her needs as shall be determined by the trustees. No student shall be awarded a grant in excess of two thousand dollars ($2,000) per academic year. The trustees shall require that each applicant for a grant pursuant to this chapter also make prior or concurrent application for a federal basic educational opportunity grant, unless the trustees are satisfied that the applicant is not eligible for that federal grant.

SEC. 2. Section 69623.5 is added to the Education Code, to read:

69623.5. Commencing in the 1987–88 fiscal year, the amount of the grant awarded pursuant to Section 69623 may be increased above the maximum amount specified in that section to the extent that the Legislature expressly makes funds available for purposes of this section in the budget for that fiscal year.

CHAPTER 920

An act to add Sections 35 and 225.5 to the Streets and Highways Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

(b) When requested by a uniformed member of the Department of the California Highway Patrol, or other peace officer, any person or persons and any property may be relocated to a specified area of a vista point or rest area, or may be required to quit the premises, as directed by that officer, if, in the opinion of the officer, the person's presence or activity or the presence of the property, creates, or may reasonably be expected to create, a safety problem or hazard, either on or near the vista point or safety roadside rest area.

(c) To the extent the provisions of any regulations adopted by the department conflict with this section, those provisions are void, and permission given pursuant to those provisions for a person to engage in activities prohibited by subdivision (a) of this section is revoked.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to control congestion and major traffic hazards on the highways near, and in, safety roadside rest areas and vista points at the earliest possible time, it is necessary that this act take effect

immediately.

An act to amend Sections 11105 and 13300 of the Penal Code, relating to criminal history information.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11105 of the Penal Code is amended to read:

11105. (a) (1) The Department of Justice shall maintain state summary criminal history information.

(2) As used in this section:

(i) "State summary criminal history information" means the master record of information compiled by the Attorney General pertaining to the identification and criminal history of any person, such as name, date of birth, physical description, fingerprints, date of arrests, arresting agencies and booking numbers, charges, dispositions, and similar data about such person.

(ii) "State summary criminal history information" does not refer to records and data compiled by criminal justice agencies other than the Attorney General, nor does it refer to records of complaints to or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice.

(b) The Attorney General shall furnish state summary criminal history information to any of the following, when needed in the course of their duties, provided that when information is furnished to assist an agency, officer, or official of state or local government, a public utility, or any entity, in fulfilling employment, certification, or licensing duties, the provisions of Chapter 1321 of the Statutes of 1974 and of Section 432.7 of the Labor Code shall apply:

(1) The courts of the state.

(2) Peace officers of the state as defined in Section 830.1, subdivisions (a), (b), and (f) of Section 830.2, subdivision (a) of Section 830.3, subdivisions (a) and (b) of Section 830.5, and subdivision (a) of Section 830.31.

(3) District attorneys of the state.

(4) Prosecuting city attorneys of any city within the state.

(5) Probation officers of the state.

(6) Parole officers of the state.

(7) A public defender or attorney of record when representing a person in proceedings upon a petition for a certificate of rehabilitation and pardon pursuant to Section 4852.08 of the Penal Code.

(8) A public defender or attorney of record when representing a person in a criminal case and when authorized access by statutory or decisional law.

(9) Any agency, officer, or official of the state when such criminal history information is required to implement a statute or regulation that expressly refers to specific criminal conduct applicable to the subject person of the state summary criminal history information, and contains requirements or exclusions, or both, expressly based upon such specified criminal conduct.

(10) Any city or county, or city and county, or district, or any officer, or official thereof when access is needed in order to assist such agency, officer, or official in fulfilling employment, certification, or licensing duties, and when such access is specifically authorized by the city council, board of supervisors or governing board of the city, county, or district when such criminal history information is required to implement a statute, ordinance, or regulation that expressly refers to specific criminal conduct applicable to the subject person of the state summary criminal history information, and contains requirements or exclusions, or both, expressly based upon such specified criminal conduct.

(11) The subject of the state summary criminal history information under procedures established under Article 5 (commencing with Section 11120), Chapter 1, Title 1 of Part 4 of the Penal Code.

(12) Any person or entity when access is expressly authorized by statute when such criminal history information is required to implement a statute or regulation that expressly refers to specific criminal conduct applicable to the subject person of the state summary criminal history information, and contains requirements or

(14) Any managing or supervising correctional officer of a county jail or other county correctional facility.

(c) The Attorney General may furnish state summary criminal history information upon a showing of a compelling need to any of the following, provided that when information is furnished to assist an agency, officer, or official of state or local government, a public utility, or any entity, in fulfilling employment, certification, or licensing duties, the provisions of Chapter 1321 of the Statutes of 1974 and of Section 432.7 of the Labor Code shall apply:

(1) Any public utility as defined in Section 216 of the Public Utilities Code which operates a nuclear energy facility when access is needed in order to assist in employing persons to work at such facility, provided that, if the Attorney General supplies such data, he shall furnish a copy of such data to the person to whom the data relates.

(2) To a peace officer of the state other than those included in subdivision (b).

(3) To a peace officer of another country.

(4) To public officers (other than peace officers) of the United States, other states, or possessions or territories of the United States, provided that access to records similar to state summary criminal history information is expressly authorized by a statute of the United States, other states, or possessions or territories of the United States when such information is needed for the performance of their official duties.

(5) To any person when disclosure is requested by a probation, parole, or peace officer with the consent of the subject of the state summary criminal history information and for purposes of furthering the rehabilitation of the subject.

(6) The courts of the United States, other states or territories or possessions of the United States.

(7) Peace officers of the United States, other states, or territories or possessions of the United States.

(8) To any individual who is the subject of the record requested when needed in conjunction with an application to enter the United States or any foreign nation.

(9) Any public utility as defined in Section 216 of the Public Utilities Code, when access is needed in order to assist in employing current or prospective employees who in the course of their employment may be seeking entrance to private residences. The information provided shall be limited to the record of convictions and any arrest for which the person is released on bail or on his or her own recognizance pending trial.

If the Attorney General supplies the data pursuant to this

paragraph, the Attorney General shall furnish a copy of the data to the current or prospective employee to whom the data relates.

Any information obtained from the state summary criminal history is confidential and the receiving public utility shall not disclose its contents, other than for the purpose for which it was acquired. The state summary criminal history information in the possession of the public utility and all copies made from it shall be destroyed not more than 30 days after employment or promotion or transfer is denied or granted, except for those cases where a current or prospective employee is out on bail or on his or her own recognizance pending trial, in which case the state summary criminal history information and all copies shall be destroyed not more than 30 days after the case is resolved.

A violation of any of the provisions of this paragraph is a misdemeanor, and shall give the current or prospective employee who is injured by the violation a cause of action against the public utility to recover damages proximately caused by the violations. Any public utility's request for state summary criminal history information for purposes of employing current or prospective employees who may be seeking entrance to private residences in the course of their employment shall be deemed a "compelling need" as required to be shown in this subdivision.

Nothing in this section shall be construed as imposing any duty upon public utilities to request state summary criminal history information on any current or prospective employees.

(10) To any campus of the California State University and Colleges or the University of California, or any four-year college or university accredited by a regional accreditation organization approved by the United States Department of Education, when needed in conjunction with an application for admission by a convicted felon to any special education program for convicted felons, including, but not limited to, university alternatives and halfway houses. Only conviction information shall be furnished. The college or university may require the convicted felon to be fingerprinted, and any inquiry to the department under this section shall include the convicted felon's fingerprints and any other information specified by the department.

(d) Whenever an authorized request for state summary criminal history information pertains to a person whose fingerprints are on file with the Department of Justice and the department has no criminal history of that person, and the information is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying such request for information, if any, may be stamped "no criminal record" and returned to the person or entity making the request.

(e) Whenever state summary criminal history information is furnished as the result of an application and is to be used for employment, licensing or certification purposes, the Department of Justice may charge the person or entity making the request a fee

which it determines to be sufficient to reimburse the department for the cost of furnishing such information. In addition, the Department of Justice may add a surcharge to the fee to fund maintenance and improvements to the systems from which the information is obtained. Notwithstanding any other provisions of law, any person or entity required to pay a fee to the department for information received under this section may charge the applicant a fee sufficient to reimburse the person or entity for such expense. All moneys received by the department pursuant to this section, Section 12054 of the Penal Code, and Section 13588 of the Education Code shall be deposited in a special account in the General Fund to be available for expenditure by the department to offset costs incurred pursuant to such sections and for maintenance and improvements to the systems from which the information is obtained when appropriated by the Legislature therefor.

(f) Whenever there is a conflict, the processing of criminal fingerprints and fingerprints of applicants for security guard or alarm agent registrations or firearms qualification permits submitted pursuant to Section 7514 of the Business and Professions Code shall take priority over the processing of applicant fingerprints.

(g) It is not a violation of this section to disseminate statistical or research information obtained from a record, provided that the identity of the subject of the record is not disclosed.

(h) It is not a violation of this section to include information obtained from a record in (1) a transcript or record of a judicial or administrative proceeding or (2) any other public record when the inclusion of the information in the public record is authorized by a court, statute, or decisional law.

(i) Notwithstanding any other provision of law, the Department of Justice or any state or local law enforcement agency may require the submission of fingerprints for the purpose of conducting summary criminal history information checks which are authorized by law.

CHAPTER 927

An act to amend and repeal Sections 1522 and 1596.871 of, to add Section 1522.5 to, and to add and repeal Section 1522.6 of, the Health and Safety Code, and to add Section 11112 to the Penal Code, relating to fingerprints, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 20, 1986 Filed with Secretary of State September 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the elapsed time between the submission of fingerprints of new employees of community care and child day care facilities and the notice to the employer that the employee is clear of a criminal record is excessive. Unwarranted delay unnecessarily endangers the safety of the children placed in these facilities. In order to reduce the time that uncleared personnel are employed and to protect the safety of children, it is necessary that fingerprint clearances for these applicants and employees be greatly expedited.

SEC. 2. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state

department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct on site supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints may be

on a card provided by the State Department of Social Services or by a local law enforcement office for the purpose of obtaining a permanent set of fingerprints. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. If new fingerprints are required for processing, the department shall notify the licensee within five working days of receipt of the fingerprints. If the department has not received the information required by this section within 45 calendar days, it shall request a status report on the fingerprint clearance from the Department of Justice. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the licensee of the criminal convictions, as provided in this subdivision. Upon request of the licensee, the department shall, within 10 working days of receipt of information from the Department of Justice showing the absence of a record of criminal convictions, verify the absence of a record of criminal convictions. The licensee shall enclose a self-addressed stamped postcard for this purpose at the time of submission of the fingerprints to the department. If new fingerprints are required for processing, the State Department of Social Services shall notify the licensee within five working days from the date of notification by the Department of Justice that the fingerprints were illegible. Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, or 273d of the Penal Code, or has been convicted of a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (e). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (e). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

(d) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction

following a plea of nolo contendere. Any action which the state department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(e) After review of the record, the director may grant an exemption from disqualification for a license or special permit pursuant to subdivision (a), or for employment, residence, or presence in a community care facility as specified in subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). No exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, or paragraph (1) of Section 273a, Sections 273d, 288, or 289 of the Penal Code, or was a conviction of another crime against an individual specified in paragraph (3), (4), (5), or (6) of subdivision (c) of Section 667.5 of the Penal Code. However, the director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code and has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

SEC. 2.5. Section 1522 of the Health and Safety Code is amended to read:

1522. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any

other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation. No fee shall be charged by the Department of Justice or the state department for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. If it is found that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (e).

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) Any staff person or employee who has frequent and routine contact with the clients. In determining who has frequent contact, any volunteer who is in the facility shall be exempt unless the volunteer is used to replace or supplement staff in providing direct care and supervision of clients. In determining who has routine contact, staff and employees under direct onsite supervision and who are not providing direct care and supervision or who have only occasional or intermittent contact with clients shall be exempt.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the licensing agency not later than four calendar days following employment, residence, or initial presence in the community care facility. These fingerprints may be on a card provided by the State Department of Social Services or by a local law enforcement office for the purpose of obtaining a

permanent set of fingerprints. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the department shall verify receipt of the fingerprints.

Within 10 working days of the receipt of these fingerprints, the State Department of Social Services shall submit them to the Department of Justice. If new fingerprints are required for processing, the department shall notify the licensee within five working days of receipt of the fingerprints. If the department has not received the information required by this section within 45 calendar days, it shall request a status report on the fingerprint clearance from the Department of Justice.
