CHAPTER 454

An act to amend Sections 21575 and 21577 of, and to add Section 20527.91 to, the Water Code, relating to irrigation districts.

[Approved by Governor July 22, 1986. Filed with Secretary of State July 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 20527.91 is added to the Water Code, to read:

20527.91. Notwithstanding Section 20527 or any other provision of law, in the Big Springs Irrigation District in Siskiyou County and in the Princeton-Codora-Glenn Irrigation District every owner of real property within the district, but no others, may vote at elections for directors or otherwise. Owners need not be residents of the district in order to qualify as voters. The last equalized county assessment role is conclusive evidence of ownership of the real property so owned. Where land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of the land shall designate in writing which one of the owners shall be deemed the owner of the land for purposes of qualifying as a voter.

The legal representative of a corporation or estate owning real property may vote on behalf of the corporation or estate. As used in this section, legal representative means an official of a corporation owning real property or a guardian, conservator, executor, or administrator of the estate of the holder of title to real property who is all of the following:

(a) Appointed under the laws of this state.

(b) Entitled to the possession of the estate's real property.

(c) Authorized by the appointing court to exercise the particular right, privilege, or immunity which the legal representative seeks to exercise. Before a legal representative votes at a district election, the legal representative shall present to the precinct board a certified copy of his or her authority which shall be kept and filed with the returns of the election.

Every voter, or his or her legal representative, may vote at any district election either in person or by a person duly appointed as his or her proxy, but shall be entitled to cast only one vote. The appointment of a proxy shall be as provided in Section 35005.

Notwithstanding Section 21100 or any other provision of law, any voter as defined in this section is eligible to be a member of the Board of Directors of the Big Springs Irrigation District or the Board of Directors of the Princeton-Codora-Glenn Irrigation District.

SEC. 2. Section 21575 of the Water Code is amended to read:

21575. Any district having less than 2,500 acres within its boundaries, having less than 100 electors residing within it, and having only three divisions may abolish the divisions in it pursuant

to this article.

Any district having not more than 15 freeholders who are voters shall have no divisions.

SEC. 3. Section 21577 of the Water Code is amended to read:

21577. The board of supervisors shall thereupon find whether or not there are less than 2,500 acres in the district, less than 100 electors residing in it, and only three divisions in it.

SEC. 4. The provisions of Section 1 are necessary because a substantial portion of the land in the Big Springs Irrigation District and the Princeton-Codora-Glenn Irrigation District is owned by persons who are not residents within the district and the owners, and not the resident nonowners, are primarily concerned with the affairs and support of the district. This problem is not common to all districts formed under the Irrigation District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Big Springs Irrigation District and the Princeton-Codora-Glenn Irrigation District.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act is in accordance with the request of a local agency or school district which desired legislative authority to carry out the program specified in this act.

CHAPTER 455

An act to amend Sections 1429 and 1439 of, and to repeal and add Sections 1425 and 1435 of, the Water Code, relating to water rights.

[Approved by Governor July 22, 1986. Filed with Secretary of State July 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1425 of the Water Code is repealed.

SEC. 2. Section 1425 is added to the Water Code, to read:

1425. (a) Any person, whether or not an applicant, permittee, or licensee under provisions of this division other than this chapter, who has an urgent need to divert and use water may apply for, and the board may issue, a conditional, temporary permit without complying with other procedures or provisions of this division, but subject to all requirements of this chapter.

(b) Prior to issuing a permit pursuant to this chapter, the board shall make all of the following findings:

(1) The applicant has an urgent need for the water proposed to be diverted and used.

(2) The water may be diverted and used without injury to any lawful user of water.

(3) The water may be diverted and used without unreasonable effect upon fish, wildlife, or other instream beneficial uses.

(4) The proposed diversion and use are in the public interest, including findings to support permit conditions imposed to assure that the water is diverted and used in the public interest, without injury to any lawful user of water, and without unreasonable effect upon fish, wildlife, and other instream beneficial uses.

(c) "Urgent need," for the purposes of this chapter, means the existence of circumstances from which the board may in its judgment conclude that the proposed temporary diversion and use is necessary to further the constitutional policy that the water resoures of the state be put to beneficial use to the fullest extent of which they are capable and that waste of water be prevented; except that the board shall not find an applicant's need to be urgent if the board in its judgment concludes, if applicable, that the applicant has not exercised due diligence either (1) in making application for a permit pursuant to provisions of this division other than this chapter, or (2) in pursuing that application to permit.

(d) The board may delegate to any employee of the board, including, but not limited to, individual members of the board, all or any of its functions under this chapter, except that the board shall, at a board meeting held not later than 30 days following issuance, review and validate any temporary permit issued by an employee.

SEC. 3. Section 1429 of the Water Code is amended to read:

1429. The board shall supervise diversion and use of water under the temporary permit for the protection of all lawful users of waters and instream beneficial uses and for compliance with permit conditions.

SEC. 4. Section 1435 of the Water Code is repealed.

SEC. 5. Section 1435 is added to the Water Code, to read:

1435. (a) Any permittee or licensee who has an urgent need to change a point of diversion, place of use, or purpose of use from that specified in the permit or license may petition for, and the board may issue, a conditional, temporary change order without complying with other procedures or provisions of this division, but subject to all requirements of this chapter.

(b) Prior to issuing a change order pursuant to this chapter, the board shall make all of the following findings:

(1) The permittee or licensee has an urgent need to make the proposed change.

(2) The proposed change may be made without injury to any other lawful user of water.

(3) The proposed change may be made without unreasonable effect upon fish, wildlife, or other instream beneficial uses.

(4) The proposed change is in the public interest, including findings to support change order conditions imposed to assure that the change is in the public interest, and may be made without injury to any other lawful user of the water, and without unreasonable effect upon fish, wildlife, and other instream beneficial uses.

(c) "Urgent need," for the purposes of this chapter, means the existence of circumstances from which the board may in its judgment conclude that the proposed temporary change is necessary to further the constitutional policy that the water resources of the state be put to beneficial use to the fullest extent of which they are capable and that waste of water be prevented; except that the board shall not find a petitioner's need to be urgent if the board in its judgment concludes, if applicable, that the petitioner has not exercised due diligence either (1) in petitioning for a change pursuant to provisions of this division other than this chapter, or (2) in pursuing that petition for change.

(d) The board may delegate to any employee of the board, including, but not limited to, individual members of the board, all or any of its functions under this chapter, except that the board shall, at a board meeting held not later than 30 days following issuance, review and validate any temporary change order issued by an employee.

SEC. 6. Section 1439 of the Water Code is amended to read:

1439. The board shall supervise diversion and use of water under the temporary change order for the protection of all other lawful users of water and instream beneficial uses and for compliance with change order conditions.

CHAPTER 456

An act to add Section 7444.1 to, and to add Article 7.5 (commencing with Section 7386) to Chapter 10 of Division 3 of, the Business and Professions Code, relating to cosmetology, and making an appropriation therefor.

[Approved by Governor July 22, 1986. Filed with Secretary of State July 23, 1986.]

7386.5. It is unlawful to operate a mobile cosmetological unit that is not duly registered and licensed by the board.

It is unlawful for any person to employ, or allow to be employed, or permit to work, in or about a mobile cosmetological unit, any person who performs cosmetology services and is not duly registered or licensed by the board.

This section shall not apply when the mobile cosmetological unit is used for purposes other than the practice of cosmetology or any of its branches outside of the designated geographical boundaries for which it is licensed.

7386.7. All laws governing cosmetological establishments in this chapter, except Article 7 (commencing with Section 7380), apply to mobile cosmetological units, unless otherwise provided.

CHAPTER 461

An act to amend Sections 14400, 14409, 14602, 14700, and 14703 of the Financial Code, relating to credit unions.

[Approved by Governor July 22, 1986. Filed with Secretary of State July 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14400 of the Financial Code is amended to read:

14400. (a) The savings capital of a credit union shall consist of the payments made by members on shares.

The credit union shares may be structured to include shares with a par value and shares with no par value.

The par value of credit union shares and the stated value of credit union shares without a par value shall be set out in the credit union's written savings capital structure policy pursuant to Section 14862.

(b) The equity capital of the credit union shall consist of all consideration paid for memberships in the credit union, all entrance fees paid to become a member of a credit union, all moneys held in the credit union's regular reserve account, all dues, fees, and

assessments paid by credit union members, other than fees charged in connection with member share accounts or loans, and held in any contingency reserve account established by the credit union's board of directors or at the direction of the commissioner, and all retained earnings in the credit union's undivided profits account less all losses in excess of the credit union's regular reserve account.

SEC. 2. Section 14409 of the Financial Code is amended to read:

14409. Every credit union shall:

(a) Obtain adequate surety bond coverage for the treasurer or chief financial officer conditioned upon the honest performance of his or her trust. The amount of such bond shall be based on the gross assets of the credit union and shall be established by a formula or schedule set forth in regulations adopted by the commissioner.

(b) Obtain adequate fidelity bond coverage for each officer and employee having control of or access to funds or securities owned by or pledged with a credit union commensurate with risks involved.

(c) Obtain fidelity bond coverage for its credit manager.

SEC. 3. Section 14602 of the Financial Code is amended to read:

14602. (a) No credit union shall create any obligation with a credit union member, without the written approval of a majority of the members of the credit committee or the credit manager or of a loan officer appointed as provided in this section.

(b) The credit committee or the credit manager may, with the approval of the board of directors, appoint one or more loan officers who shall be authorized to approve obligations with credit union members. Unless the credit union bylaws provide for the position of credit manager, any loan officer appointed pursuant to subdivision (b) shall be a member of the credit union and may, but need not be, a member of the credit committee.

(c) A credit committee, a credit manager, and any loan officer shall not have the power to approve membership applications.

(d) No loan officers shall be permitted to approve any extension agreement of any delinquent obligation or the refinancing of any delinquent obligation except as prescribed in regulations promulgated by the commissioner.

(e) The credit committee, or in the alternative, the credit manager shall be provided with a record of each obligation approved or not approved by any loan officer, within 30 days of the approval or disapproval.

SEC. 4. Section 14700 of the Financial Code is amended to read:

14700. Every credit union shall create and maintain a regular reserve as follows:

(a) All entrance fees remaining after the payment of organization expenses shall be set aside to the reserve.

(b) At the close of each accounting period, 10 percent of the gross income of the credit union shall be transferred to the reserve until it equals or exceeds 20 percent of the credit union's gross assets. When the regular reserve falls below 20 percent of the credit union's gross assets, it shall be replenished by contributions of 10 percent of

the gross income of the credit union or in lesser amounts as may be needed to maintain a level of 20 percent of gross assets, except that any credit union participating in a program of share insurance or guaranty approved by the commissioner may, in lieu of compliance with this section, maintain a regular reserve as may be specified by the commissioner.

(c) Any sums recovered on obligations previously charged to it shall be used as an offset against any increases in the allowance for loan losses account required pursuant to Section 14703 or, in the absence of any increases in the allowance for loan losses account, these recovered sums shall be credited to the regular reserve.

SEC. 5. Section 14703 of the Financial Code is amended to read:

14703. (a) A credit union shall establish an allowance for loan losses account based upon the credit union's previous loss experience, or based upon its foreseeable losses. The allowance for loan losses account shall initially be established by charging the regular reserve account, and thereafter, any increases or decreases in the balance shall be charged or credited to a provision for loan losses expense account.

(b) At the close of an accounting period, an adjustment shall be made in an amount equal to the balance in the provision for loan losses expense account. If the balance is a debit, regular reserves shall be charged, and undivided profits shall be credited, and, if the balance is a credit, undivided profits shall be charged and regular reserves shall be credited.

(c) For the purpose of calculating required transfers of income to regular reserves pursuant to Section 14700, any balances in the allowance for loan losses account may be included with the balance in the regular reserve account.

CHAPTER 462

An act to add Section 11564.5 to the Government Code, relating to state officers.

11564.5. Notwithstanding any other provision of law, whenever a member of a board, commission, committee, or similarly constituted body created by executive order or statute, is authorized to receive a per diem salary or allowance in excess of expenses incurred by the member, that rate shall be established at one hundred dollars ($100) per day unless a higher rate is provided by statute. This section shall

not apply to those boards or commissions provided an annual salary in this chapter, nor to the board specified in Section 1150 of the Harbors and Navigation Code.

CHAPTER 463

An act to amend Sections 25502, 25503, 25503.5, 25504, 25505, 25506, 25507, 25508, 25509, 25510, 25512, 25513, and 25517 of, to add Sections 25501.1, 25501.2, 25505.1, 25505.2, 25509.1, 25513.1, 25515.1, 25515.2, 25516.1, 25516.2, and 25517.5 to, and to add and repeal Section 25505.3 of, the Health and Safety Code, relating to hazardous materials, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 23, 1986. Filed with Secretary of State July 23, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25501.1 is added to the Health and Safety Code, to read:

25501.1. Notwithstanding Section 25501, for purposes of this chapter, a hazardous substance specified in paragraph (3) of subdivision (k) of Section 25501 means those hazardous materials or substances listed in Parts 172 and 173 of Title 49 of the Code of Federal Regulations.

SEC. 2. Section 25501.2 is added to the Health and Safety Code, to read:

25501.2. For purposes of the inventory requirements of this chapter, "store," as used in subdivision (h) of Section 25501, does not include the storage of hazardous materials which are in transit or which are temporarily maintained in a fixed facility for a period of less than 30 days during the course of transportation.

SEC. 3. Section 25502 of the Health and Safety Code is amended to read:

25502. (a) Except as provided pursuant to subdivision (b), every county shall implement this chapter as to the handling of hazardous materials in the county. Each county shall ensure full access to, and the availability of, information submitted under this chapter to emergency rescue personnel and other appropriate governmental entities within its jurisdiction.

(b) A city may, by ordinance or resolution, assume responsibility for the implementation of this chapter and, if so, shall have exclusive jurisdiction within the boundary of the city for the purposes of carrying out this chapter. The ordinance shall require that any person who violates Section 25507 shall be subject to the penalties specified in Section 25515. A city which assumes responsibility for implementation of this chapter shall provide notice of its ordinance

or resolution to the office and to the administrating agency of its county. It shall also consult with, and coordinate its activities with, the county in which the city is located to avoid duplicating efforts or any misunderstandings regarding the areas, duties, and responsibilities of each administering agency.

No city may assume responsibility for the implementation of this chapter unless it has enacted an implementing ordinance or adopted an implementing resolution not later than 60 days after the office adopts regulations pursuant to Section 25503, except that a city may enact an implementing ordinance or adopt an implementing resolution after this 60-day period, if it has an agreement with the county to do so. Any new city has one year from the date of incorporation to enact an ordinance or adopt a resolution implementing this chapter.

(c) The county and any city which assumes responsibility pursuant to subdivision (b) shall designate a department, office, or other agency of the county or city, as the case may be, as the administering agency responsible for administering and enforcing this chapter. The county and any city which assumes responsibility pursuant to subdivision (b) shall notify the office immediately upon making a designation. A county shall designate an administering agency on or before January 30, 1986.

SEC. 4. Section 25503 of the Health and Safety Code is amended to read:

25503. (a) Not later than September 1, 1986, the office shall adopt, after public hearing and consultation with the office of the State Fire Marshal and other appropriate public entities, regulations for minimum standards for business plans and area plans. All business plans and area plans shall meet the standards adopted by the office.

(b) The standards for business plans in the regulations adopted pursuant to subdivision (a) shall do all of the following:

(1) Set forth minimum requirements of adequacy, and not preclude the imposition of additional or more stringent requirements by local government.

(2) Take into consideration and adjust for the size and nature of the business, the proximity of the business to residential areas and other populations, and the nature of the damage potential of its hazardous materials in establishing standards for subdivisions (b) and (c) of Section 25504.

(3) Take into account the existence of local area and business plans which meet the requirements of this chapter so as to minimize the duplication of local efforts, consistent with the objectives of this chapter.

(4) Define what releases and threatened releases are required to be reported pursuant to Section 25507. The office shall consider the existing federal reporting requirements in determining a definition of reporting releases pursuant to Section 25507.

(c) An administering agency shall establish an area plan for emergency response to a release or threatened release of a hazardous

material within its jurisdiction. An area plan is not a statute, ordinance, or regulation for purposes of Section 669 of the Evidence Code. The standards for area plans in the regulations adopted pursuant to subdivision (a) shall provide for all of the following:

(1) Procedures and protocols for emergency rescue personnel, including the safety and health of those personnel.

(2) Preemergency planning.

(3) Notification and coordination of onsite activities with state, local, and federal agencies, responsible parties, and special districts.

(4) Training of appropriate employees.

(5) Onsite public safety and information.

(6) Required supplies and equipment.

(7) Access to emergency response contractors and hazardous waste disposal sites.

(8) Incident critique and followup.

(9) Requirements for notification to the office of reports made pursuant to Section 25507.

(d) The administering agency shall submit a copy of its proposed area plan, within 180 days after adoption of regulations by the office establishing area plan standards, to the office for review. The office shall notify the administering agency as to whether the area plan is adequate and meets the area plan standards. The administering agency shall within 45 days of this notice submit a corrected area plan.

The administering agency shall certify to the office every three years that it has conducted a complete review of its area plan and has made any necessary revisions. Any time an administering agency makes any substantial changes to its area plan, it shall forward the changes to the office within 14 days after the changes have been made.

(e) An administering agency shall submit to the office, along with its area plan, both of the following:

(1) The basic provisions of a plan to conduct onsite inspections of businesses subject to this chapter by either the administering agency or other designated entity. These inspections shall ensure compliance with this chapter and shall identify existing safety hazards that could cause or contribute to a release or suggest preventative measures designed to minimize the risk of the release of hazardous material into the workplace or environment. The requirements of this paragraph do not alter or affect the immunity provided a public entity pursuant to Section 818.6 of the Government Code.

(2) A plan to institute a data management system which will assist in the efficient access to and utilization of information collected under this chapter. This data management system shall be in operation within two years after the business plans are required to be submitted to the administering agency pursuant to Section 25505.

(f) The regulations adopted by the office pursuant to subdivision (a) shall include an optional model reporting form for business and

area plans.

SEC. 5. Section 25503.5 of the Health and Safety Code is amended to read:

25503.5. (a) Any business, except as provided in subdivision (b), which handles a hazardous material or a mixture containing a hazardous material which has a quantity at any one time during the reporting year equal to, or greater than, a total weight of 500 pounds, or a total volume of 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas, shall establish and implement a business plan for emergency response to a release or threatened release of a hazardous material in accordance with the standards in the regulations adopted pursuant to Section 25503.

(b) (1) Hazardous material contained solely in a consumer product for direct distribution to, and use by, the general public is exempt from the business plan requirements of this chapter unless the administering agency has found, and has provided notice to the business handling the product, that the handling of certain quantities of the product requires the submission of a business plan, or any portion thereof, in response to public health, safety, or environmental concerns.

(2) In addition to the authority specified in paragraph (4), the administering agency may, in exceptional circumstances, following notice and public hearing, exempt from the inventory provisions of this chapter any hazardous substance specified in subdivision (k) of Section 25501, if the administering agency finds that the hazardous substance would not pose a present or potential danger to the environment or to human health and safety if the hazardous substance was released into the environment. The administering agency shall specify in writing the basis for granting any exemption under this paragraph. The administering agency shall send a notice to the office within five days of the effective date of any exemption granted pursuant to this paragraph.

(3) The administering agency, upon application by a handler, may, exempt a handler under the conditions it deems proper from any portion of the business plan upon a written finding that the exemption would not pose a significant present or potential hazard to human health or safety or to the environment or affect the ability of the administering agency and emergency rescue personnel to effectively respond to the release of a hazardous material, and that there are unusual circumstances justifying this exemption. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(4) The administering agency upon application by a handler may exempt a hazardous material from the inventory provisions of this chapter upon proof that the material does not pose a significant present or potential hazard to human health and safety or to the environment if released into the workplace or environment. The administering agency shall specify in writing the basis for any exemption under this paragraph.

(5) An administering agency shall exempt a business operating a farm for purposes of cultivating the soil or raising or harvesting any agricultural or horticultural commodity from filing the information in the business plan required by subdivisions (b) and (c) of Section 25504 if all of the following requirements are met:

(A) The handler annually provides the inventory of information required by Section 25509 to the county agricultural commissioner before January 1 of each year.

(B) Each building in which hazardous materials subject to this chapter are stored is posted with signs, in accordance with regulations which the office shall adopt, which provide notice of the storage of any of the following:

(i) Pesticides.

(ii) Petroleum fuels and oil.

(iii) Types of fertilizers.

(C) Each county agricultural commissioner forwards the inventory to the administering agency within 30 days after receiving the inventory.

(c) The administering agency shall provide all information obtained from completed inventory forms, upon request, to emergency rescue personnel on a 24-hour basis.

(d) The administering agency shall adopt procedures to provide for public input when approving any applications submitted pursuant to paragraph (3) or (4) of subdivision (b).

SEC. 6. Section 25504 of the Health and Safety Code is amended to read:

25504. Business plans shall include all of the following:

(a) The inventory of information required by Section 25509 and whatever additional information that the administering agency finds is necessary to protect the health and safety of persons, property, or the environment. Any such information is, however, subject to trade secret protection pursuant to Section 25511.

(b) Emergency response plans and procedures in the event of a reportable release or threatened release of a hazardous material, including, but not limited to, all of the following:

(1) Immediate notification to the administering agency and to the appropriate local emergency rescue personnel.

(2) Procedures for the mitigation of a release or threatened release to minimize any potential harm or damage to persons, property, or the environment.

(3) Evacuation plans and procedures, including immediate notice, for the business site.

(c) Training for all new employees and annual training, including refresher courses, for all employees in safety procedures in the event of a release or threatened release of a hazardous material, including, but not limited to, familiarity with the plans and procedures specified in subdivision (b). These training programs may take into consideration the position of each employee.

(d) Any business required to file a pipeline operations

contingency plan in accordance with the California Pipeline Safety Act of 1981 (Chapter 5.5 (commencing with Section 51010) of Part 3 of Division 1 of Title 5 of the Government Code) and the regulations of the Department of Transportation, found in Part 195 of Title 49 of the Code of Federal Regulations, may file a copy of those plans with the administering agency instead of filing an emergency response plan specified in subdivision (b).

(e) Any business operating a farm exempted by paragraph (5) of subdivision (b) of Section 25503.5 from filing the information specified in subdivisions (b) and (c), shall, notwithstanding this exemption, provide the training programs specified in subdivision (c).

SEC. 7. Section 25505 of the Health and Safety Code is amended to read:

25505. (a) Not later than six months after the office adopts regulation standards for business plans, each handler shall submit its business plan to the administering agency and certify that it meets the requirements of this chapter. If, after review, the administering agency determines that the handler's business plan is deficient in any way, the administrative agency shall notify the handler of these defects. The handler shall submit a corrected business plan within 30 days of the notice. If a handler fails after reasonable notice to submit a business plan in compliance with this chapter, the administering agency shall immediately take appropriate action to enforce this chapter, including the imposition of civil and criminal penalties specified in this chapter.

(b) In addition to the requirements of Section 25510, whenever a substantial change in the handler's operations occurs which requires a modification of its business plan, the handler shall submit a copy of the plan revisions to the administering agency within 30 days of the operational change.

(c) The handler shall, in any case, review the business plan, submitted pursuant to subdivisions (a) and (b), on or before January 1, 1988, and at least once every two years thereafter, to determine if a revision is needed and shall certify to the administering agency that the review was made and that any necessary changes were made to the plan. A copy of these changes shall be submitted to the administering agency as a part of this certification.

(d) Unless exempted from the business plan requirements under this chapter, any business which handles a hazardous material shall annually submit a completed inventory form to the administering agency of the county or city in which the business is located. Notwithstanding any other provision of law, an inventory form shall be filed on or before January 1, 1988, for the 1988 calendar year, and annually thereafter. This inventory shall be filed annually, notwithstanding the review requirements of subdivision (c).

SEC. 8. Section 25505.1 is added to the Health and Safety Code, to read:

25505.1. An administering agency may use the offices of the

county agricultural commissioners to distribute business plan forms to farmers who are subject to Section 25505.

SEC. 9. Section 25505.2 is added to the Health and Safety Code, to read:

25505.2. (a) Notwithstanding any other provision of this chapter, any city or county which, on September 1, 1985, had in effect a local ordinance containing business inventory reporting requirements substantially similar to this chapter, as amended by the act enacting this section, is exempt from having to implement any regulations adopted by the office concerning business plans upon meeting both of the following requirements:

(1) Not later than 90 days after the effective date of the act enacting this section, the city or county enacts an ordinance, or amends its existing ordinance, so that its requirements for business plans are the same as, or more restrictive than, this chapter, including subdivision (a) of Section 25503.5 and Sections 25504 and 25509.

(2) The office certifies that the ordinance's requirements are in compliance with paragraph (1) and that the city or county is implementing the ordinance, based upon evidence submitted by the city or county. Applications for exemption shall be filed with the office not later than 120 days from the effective date of the act enacting this section and the office shall certify or reject the applications within 60 days after receipt. The city or county may file an appeal of the decision of the office with the Director of the Office of Emergency Services, under procedures established by the office.

(b) This section does not exempt any administering agency from compliance with any other provision of this chapter.

(c) Any business located in a city or county which is exempt from the regulations adopted pursuant to this chapter concerning business plans, shall comply with the ordinance adopted by the city or county.

SEC. 10. Section 25505.3 is added to the Health and Safety Code, to read:

25505.3. (a) Any administering agency which, pursuant to a local ordinance, is collecting substantially the same information required by Sections 25504 and 25509, on or before the business plan submission date specified in subdivision (a) of Section 25505, may collect only the additional information necessary to bring the business plans and inventory forms into compliance with this chapter, for the purposes of the business plans and inventory forms required to be submitted in 1987.

24807. The balance of the assets delivered to the district pursuant to subdivision (c) of Section 24806, after the transfers, deposits and payments required by such section, or after establishment of reserves from which such deposits and payments shall be made, shall be allocated and distributed as follows:

(a) Sixty-five percent of such balance shall be distributed to the undistributed reserve of the general fund of the district to be reduced to cash as necessary and appropriated in any year by majority vote of the governing board. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable. Ten percent of this amount shall be used only for maintenance operation.

(b) Twenty percent of such balance shall be transferred to a special account in the undistributed reserve of the district's general

fund to be reduced to cash as necessary in order to be used only for the purpose of reducing the tax collected pursuant to Section 23401 in order to provide the contributions required by Section 23400 to the Teacher's Retirement Fund. In the event that the special account is not wholly distributed for the purpose of making such contribution, the balance in the special account shall be released to the undistributed reserve. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable.

(c) Fifteen percent of such balance shall be held intact by the district in an annuity reserve fund from which shall be provided a supplementary annuity at time of retirement under any California public retirement system to or on behalf of those members of the local district retirement system who were on the active roll or members on the retired roll of such local district retirement system as of June 30, 1972, and those members added to the active and retired rolls between June 30, 1972, and any later date of discontinuance, and those probationary or permanently certificated employees of the district holding memberships in California public retirement systems other than the local district retirement system who are making contributions to such systems on June 30, 1972, or on any later date of discontinuance. The supplement annuity may be paid in lump sum or in installments for the life of the person eligible, or his or her beneficiary, after his or her retirement.

No such participant in the annuity reserve fund shall have vested rights to the benefits of this annuity reserve fund until he or she has continued in active service for a period of five years from the date of discontinuance of the local district retirement system, except participants who have separated from service by reason of retirement, including deferred retirement, or death.

An account shall be opened in the name of each person eligible to participate in the benefits of the annuity reserve fund to which shall be credited his or her share of the annuity reserve fund. The individual participant's share of this fund shall bear the same ratio to the total of this fund as his or her annuity savings contributions, including interest earned, to the retirement system, to which he or she is making annuity contributions as of June 30, 1972, or any later date of discontinuance, or, if a retired member, the date of retirement prior to June 30, 1972, bears to the total annuity savings contributions, including interest earned, of all such participants in the retirement systems to which they are making contributions at the date of discontinuance, including total contributions to the local district retirement system previously made by living members on the retired roll. The fund shall include principal and interest in the account of any participant forfeited because said participant separated from service, except by reason of retirement, including deferred retirement, or death, within five years from June 30, 1972,

or other date of discontinuance. Such forfeiture shall be treated as earnings of the fund.

As of June 30 each year, and on such other dates as the annuity reserve fund board may determine, the earnings of the fund less administrative expense shall be credited to the accounts of the remaining participants in the annuity reserve fund on the ratio that the participant's individual account balance bears to the total balance of the annuity reserve fund. The cost of administering the fund shall be charged against the assets of the fund, as approved by the governing board of the school district.

When a participant separates from service, the earnings since the preceding date on which the earnings of the fund, less administrative expenses, were credited to the accounts of the participants, shall remain in the fund. Any member whose accumulated contributions to the local retirement system exceed the amount required by law to be deposited by the member in the State Teachers' Retirement System's Annuity Fund upon discontinuance of the local system may deposit to his or her credit all or part of such excess amount in the annuity reserve fund.

The governing board of the school district which maintained the discontinued local district retirement system shall establish an annuity reserve fund board of not more than seven members, the majority of whom shall be composed of certificated employees who are participants in the annuity reserve fund. The certificated employees on the annuity reserve fund board shall be elected by participants in the annuity reserve fund. The annuity reserve fund board shall have the authority to make rules and regulations necessary for the management of the annuity reserve fund in accordance with modern business practice. The local district retirement board shall continue to function as the annuity reserve board pending its establishment.

Except as otherwise restricted by the California Constitution or by law, the annuity reserve fund board may, in its discretion, invest or reinvest the assets of the fund through the purchase, holding, or sale thereof of any investment, financial instrument, or financial transaction, if the investment, financial instrument, or financial transaction is prudent in the informed opinion of the annuity reserve fund board.

All securities and cash of the annuity reserve fund shall be held in a trust fund in the county treasury. The county treasurer, as one of his or her official duties, shall be a member ex officio of the annuity reserve fund board established to invest the assets of this fund.

Any funds raised for the support of the local district retirement system and not appropriated to any specific account shall be transferred to the annuity reserve fund. All payments from the district's annuity reserve fund shall be made in the same manner as payments from school district funds. The annuity reserve fund board may, at its discretion, request the district governing board to hold an election among existing annuity reserve fund participants as to

whether the board should distribute existing funds in the annuity fund. The annuity reserve fund board may prescribe all rules and regulations regarding such an election and is authorized to distribute such funds if a majority of such members so elect.

SEC. 2. Section 24808 of the Education Code is amended to read:

24808. The governing board may provide that members of the annuity reserve fund board be paid one hundred dollars ($100) for each meeting, not to exceed one meeting each month, if they are not being paid by the governing board for any other assignment at the time of the meeting. The compensation shall be a charge against the annuity reserve fund.

SEC. 3. Section 24809 of the Education Code is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the benefits of the prudent expert standard for investment may commence to accrue at the earliest possible time to school districts with annuity reserve funds, including expanded investment powers and flexibility and potentially higher earnings, it is necessary that this act take effect immediately.

(g) Whenever the commissioner deems it reasonable and necessary or advisable for the protection of the public, the commissioner may at any time by order authorize said industrial loan company to have its investment certificates outstanding in either a lesser aggregate sum than the maximum aggregate amounts permitted by subdivision (a), (b), (c), (d), (e), or (f), or none at all.

(h) The request for authority filed with the commissioner pursuant to subdivisions (b), (c), (d), (e), and (f) shall be set forth in an application in such form and containing such information as the commissioner may require.

(i) The commissioner shall by rule or regulation set forth the criteria that must be met before an industrial loan company can be granted authority to increase the aggregate sum of its outstanding investment certificates.

(j) If the commissioner does not within 60 days of the filing of an application grant a request by an industrial loan company operating under this division, for authority to increase the aggregate sum of its outstanding investment certificates to the requested amount, or issues an order pursuant to subdivision (g), the company may file with the commissioner its written request for hearing in accordance with subdivisions (c) and (d) of Section 18315.

to minimize the effects of forces beyond the customer's control, such as the timing of rate increases and seasonal variations in usage.

SEC. 2. (a) The Public Utilities Commission shall study the effectiveness of Section 739 of the Public Utilities Code in promoting the efficient utilization of energy and providing customers with a basic level of service.

(b) The commission shall conduct at least two public hearings in areas where residential electric and gas customers have been adversely impacted by the baseline allowance formula.

(c) The commission shall report its findings, conclusions, and recommendations to the Legislature on or before June 30, 1987.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. Article 5.5 (commencing with Section 6090) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

6091. If a client files a complaint with the State Bar alleging that his or her trust fund is being mishandled, the State Bar shall investigate and may require an audit if it determines that circumstances warrant.

At the client's written request, the attorney shall furnish the client with a complete statement of the funds received and disbursed and any charges upon the trust account, within 10 calendar days after receipt of the request. Such requests may not be made more often than once each 30 days unless a client files a complaint with the State Bar and the State Bar determines that more statements are warranted.

6092. The disciplinary agency shall study attorney competency, and shall report to the Legislature and to the Chairpersons of the Assembly and Senate Judiciary Committees by January 1, 1989, on

methods of determining and improving attorney competency.

(c) The disciplinary agency may engage the services of consultants and an unpaid volunteer peer review committee and undertake such other steps as may be appropriate for devising methods for determining and improving attorney competence.

6092.5. In addition to any other duties specified by law, the disciplinary agency shall do all of the following:

(a) Promptly notify the complainant of the disposition of each matter.

(b) Notify all of the following of a lawyer's involuntary enrollment as an inactive member and termination of that enrollment, or any suspension or disbarment, and the reinstatement to active membership of a suspended or disbarred attorney:

(2) The local bar association, if there is one, in the county or area where the attorney most recently maintained an office for the practice of law.

(3) The appropriate disciplinary authority in any other jurisdiction where the attorney is admitted to practice.

(c) Upon receipt of the certified copy of the record of conviction of a lawyer, as provided by subdivision (c) of Section 6101, promptly forward a certified copy of the judgment of conviction to the disciplinary agency in each jurisdiction in which the lawyer is admitted.

(d) Maintain permanent records of discipline and other matters within its jurisdiction, and compile statistics to aid in the administration of the system, including, but not limited to, a single log of all complaints received, investigative files, statistical summaries of docket processing and case dispositions, transcripts of all proceedings which have been transcribed, and other records as the disciplinary agency or court require to be maintained.

(i) Make agreements with respondents in lieu of disciplinary proceedings, regarding conditions of practice, further legal education, or other matters. These agreements may be used by the disciplinary agency in any subsequent proceeding involving the

lawyer.

6093. Whenever probation is imposed by the court or by the disciplinary agency with the agreement of the respondent, any conditions may be imposed which will reasonably serve the purposes of the probation.

6093.5. Upon request, the disciplinary agency shall notify a complainant of the status of his or her complaint and shall provide him or her with a written summary of any response by the attorney to his or her complaint if the response was the basis for dismissal of the complaint. A complainant shall be notified in writing of the disposition of his or her complaint, and of the reasons for the disposition. The complainant shall be notified of any appropriate procedures, including any time limitations, available to him or her if he or she is dissatisfied with the disposition.

Receipt of a written complaint shall be acknowledged by the disciplinary agency within two weeks of its receipt.

A complainant may also designate another person as his or her agent to receive copies of the information to which he or she is entitled pursuant to this section. This is in addition to any designation by a complainant of one of his or her elected representatives to receive the information.

6094. (a) Communications to the disciplinary agency relating to lawyer misconduct or disability or competence, or any communication related to an investigation or proceeding and testimony given in the proceeding are privileged, and no lawsuit predicated thereon may be instituted against any person. The disciplinary agency and officers and employees are subject to the rules governing liability of public entities, officers, and employees specified in Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

Nothing in this subdivision limits or alters the privileges accorded communications to the State Bar or testimony given in investigations or proceedings conducted by it or the immunities accorded complainants, informants, witnesses, the State Bar, its officers, and employees as existed prior to the enactment of this section. This subdivision does not constitute a change in, but is cumulative with the existing law.

A notice to show cause is a public record when filed. This goal and policy is not jurisdictional and shall not serve as a bar or defense to, any disciplinary investigation or proceeding. The disciplinary agency shall provide a written report annually by March 31 to the Supreme Court and the

Assembly and Senate Judiciary Committees on the number of complaints as of December 31 of the preceding year, which were pending beyond six months after receipt without dismissal, admonition, or the filing of a notice to show cause, plus tables showing time periods beyond six months and the number in each category on a discussion of the reason for the extended periods.

(b) The disciplinary agency, subject to its record retention policy, shall respond within a reasonable time to inquiries as to the status of pending disciplinary cases in which a notice to show cause has been filed, or as to public discipline that has been imposed upon an attorney in California, or to the extent known by the agency, elsewhere, and, to the extent such information is known to the agency, all criminal cases in which an indictment or information has been brought charging a felony against an attorney or an attorney has been convicted of a felony, or convicted of any misdemeanor committed in the course of the practice of law or in any manner such that a client of the attorney was the victim, or any felony or misdemeanor, a necessary element of which, as determined by the statutory or common law definition of the crime, involves improper conduct of an attorney, including interference with the administration of justice, running and capping, false swearing, misrepresentation, fraud, deceit, bribery, extortion, misappropriation, theft, dishonesty or other moral turpitude, or an attempt of a conspiracy or solicitation of another to commit such a crime. Such information acquired from the disciplinary agency under this section shall not be used by an attorney to solicit business. The disciplinary agency shall adopt regulations to carry out the purposes of this subdivision.

6095. (a) The disciplinary agency shall annually hold at least two public hearings, one in southern California and one in northern California, to hear proposals on bar disciplinary procedures, attorney competency, and admissions procedures.

(b) To the extent such information is known to the disciplinary agency, it shall report annually to the Assembly and Senate Judiciary Committees concerning the judicial or disciplinary disposition of all criminal or disciplinary proceedings involving the allegation of the commission of a felony by an attorney.

(c) Periodically audit, on a random basis, complaints which have been dismissed.

(3) A statement as to what extent, if any, the plaintiff could be required to pay any compensation to the attorney for related matters that arise out of their relationship not covered by their contingency fee contract. This may include any amounts collected for the plaintiff by the attorney.

(4) Unless the claim is subject to the provisions of Section 6146, a statement that the fee is not set by law but is negotiable between attorney and client.

(b) Failure to comply with any provision of this section renders the agreement voidable at the option of the plaintiff, and the attorney shall thereupon be entitled to collect a reasonable fee.

the client no later than 10 days following the request. The client is entitled to similar requests at intervals of no less than 30 days following the initial request.

(c) Failure to comply with any provision of this section renders the agreement voidable at the option of the client, and the attorney shall, upon the agreement being voided, be entitled to collect a reasonable fee.

(d) This section shall not apply to any of the following:

(1) Services rendered in an emergency to avoid foreseeable prejudice to the rights or interests of the client or where a writing is otherwise impractical.

(2) An arrangement as to the fee implied by the fact that the attorney's services are of the same general kind as previously rendered to and paid for by the client.

(3) If the client knowingly states in writing, after full disclosure of this section, that a writing concerning fees is not required.

(4) If the client is a corporation.

SEC. 8. Section 6149 is added to the Business and Professions Code, to read:

CHAPTER 476

An act to amend Section 1399.63 of the Health and Safety Code, and to amend Section 10128.3 of the Insurance Code, relating to insurance.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1399.63 of the Health and Safety Code is amended to read:

1399.63. (a) Any carrier providing replacement coverage with respect to hospital, medical or surgical expense or service benefits

within a period of 60 days from the date of discontinuance of a prior contract or policy providing such hospital, medical or surgical expense or service benefits shall immediately cover all employees and dependents who were validly covered under the previous contract or policy at the date of discontinuance and are within the definitions of eligibility under the succeeding carrier's contract and who would otherwise be eligible for coverage under the succeeding carrier's contract, regardless of any provisions of the contract relating to active full-time employment or hospital confinement or pregnancy. However, with respect to employees or dependents who are totally disabled on the date of discontinuance of the prior carrier's contract or policy and entitled to an extension of benefits pursuant to subdivision (b) of Section 1399.62, or pursuant to subdivision (d) of Section 10128.2 of the Insurance Code, the succeeding carrier is not required to provide benefits for services or expenses directly related to any conditions which caused the total disability.

(b) Except as otherwise provided in subdivision (a), until an employee or dependent entitled to coverage under a succeeding carrier's contract pursuant to subdivision (a) of this section qualifies for full benefits by meeting all effective date requirements of the succeeding carrier's contract, the level of benefits shall not be lower than the benefits provided under the prior carrier's contract or policy reduced by the amount of benefits paid by the prior carrier. Such employee or dependent shall continue to be covered by the succeeding carrier until the earlier of the following dates:

(1) The date coverage would terminate for an employee or dependent in accordance with the provisions of the succeeding carrier's contract, or

(2) In the case of an employee or dependent who was totally disabled on the date of discontinuance of the prior carrier's contract or policy and entitled to an extension of benefits pursuant to subdivision (d) of Section 10128.2 of the Insurance Code or subdivision (b) of Section 1399.62, the date the period of extension of benefits terminates or, if the prior carrier's contract or policy is not subject to this article, the date to which benefits would have been extended had the prior carrier's contract or policy been subject to this article.

(c) Except as otherwise provided in this section, and except to the extent that benefits for the condition would have been reduced or excluded under the prior carrier's contract or policy, no provision in a succeeding carrier's contract of replacement coverage which would operate to reduce or exclude benefits on the basis that the condition giving rise to benefits preexisted the effective date of the succeeding carrier's contract shall be applied with respect to those employees and dependents validly covered under the prior carrier's contract or policy on the date of discontinuance.

(d) In a situation where a determination of the prior carrier's benefit is required by the succeeding carrier, at the succeeding

carrier's request, the prior carrier shall furnish a statement of benefits available or pertinent information, sufficient to permit verification of the benefit determination by the succeeding carrier.

(e) For purposes of subdivision (a), a succeeding carrier's coverage shall not exclude any dependent child who was covered by the previous carrier solely because the plan member does not provide the primary support for that dependent child.

SEC. 2. Section 10128.3 of the Insurance Code is amended to read:

10128.3. (a) Any carrier providing replacement coverage with respect to hospital, medical or surgical benefits on an expense-incurred or service basis within a period of 60 days from the date of discontinuance of a prior policy providing such hospital, medical or surgical benefits shall immediately cover all employees and dependents who were validly covered under the previous policy at the date of discontinuance, are within the definitions of eligibility under the succeeding carrier's policy, and who would otherwise be eligible for coverage under the succeeding carrier's policy, regardless of any provisions of the policy relating to active full-time employment or hospital confinement or pregnancy. However, with respect to employees or dependents who are totally disabled on the date of discontinuance of the prior carrier's contract or policy and entitled to an extension of benefits pursuant to subdivision (b) of Section 1399.62 of the Health and Safety Code, or pursuant to subdivision (d) of Section 10128.2, the succeeding carrier is not required to provide benefits for services or expenses directly related to any conditions which caused the total disability.

(b) Except as otherwise provided in subdivision (a), until an employee or dependent entitled to coverage under a succeeding carrier's policy pursuant to subdivision (a) of this section qualifies for full benefits by meeting all effective date requirements of the succeeding carrier's policy, the level of benefits shall not be lower than the benefits provided under the prior carrier's policy reduced by the amount of benefits paid by the prior carrier. Such employee or dependent shall continue to be covered by the succeeding carrier until the earlier of the following dates:

(1) The date coverage would terminate for an employee or dependent in accordance with the provisions of the succeeding carrier's policy, or

(2) In the case of an employee or dependent who was totally disabled on the date of discontinuance of the prior carrier's policy and entitled to an extension of benefits pursuant to subdivision (b) of Section 1399.62 of the Health and Safety Code, or subdivision (d) of Section 10128.2, the date the period of extension of benefits terminates, or, if the prior carrier's policy is not subject to this article, the date to which benefits would have been extended had the prior carrier's policy been subject to this article.

(c) Except as otherwise provided in this section, and except to the extent that benefits for the condition would have been reduced or

excluded under the prior carrier's policy, no provision in a succeeding carrier's policy of replacement coverage which would operate to reduce or exclude benefits on the basis that the condition giving rise to benefits preexisted the effective date of the succeeding carrier's policy shall be applied with respect to those employees and dependents validly insured under the prior carrier's policy on the date of discontinuance.

(d) In a situation where a determination of the prior carrier's benefit is required by the succeeding carrier, at the succeeding carrier's request, the prior carrier shall furnish a statement of benefits available or pertinent information, sufficient to permit verification of the benefit determination by the succeeding carrier.

(e) For purposes of subdivision (a), a succeeding carrier's policy shall not exclude coverage of a dependent child who was covered by the previous carrier solely because the insured does not provide primary support for that dependent child.

CHAPTER 477

An act to amend Section 1774.7 of the Government Code, relating to public officials.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1774.7 of the Government Code is amended to read:

1774.7. (a) Sections 1774, 1774.2, 1774.3, and 1774.5 shall apply to any person appointed, or reappointed, prior to, or on or after, January 1, 1981, except as follows:

(1) With respect to any person appointed prior to January 1, 1981, the 365-day period specified in Section 1774 shall not commence to run until January 1, 1981.

(2) With respect to the term of office of an incumbent which expires during the period from the first Monday after January 1 of the year a newly elected Governor takes office for the first time, until January 31 of that year, inclusive, the 60-day period specified in subdivision (a) of Section 1774 and the 90-day period specified in subdivision (b) of Section 1774 shall not commence to run until February 1 of that year.

(b) It is the intent of the Legislature that Sections 1774, 1774.2, 1774.3, and 1774.5 shall prevail over any contrary special or general provision of this code, any other code, or any uncodified statute of this state. These sections shall be construed as superseded by another statute only if that statute specifically provides that these sections shall not apply and expressly refers to the numbers of the sections

superseded.

CHAPTER 478

An act to add Article 11 (commencing with Section 19230) to Chapter 3 of Division 8 of, repeal Chapter 18 (commencing with Section 9500) of Division 3 of, the Business and Professions Code, and to add Sections 641.5 and 641.6 to the Penal Code, relating to the State Board of Fabric Care, and making an appropriation therefor.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 18 (commencing with Section 9500) of Division 3 of the Business and Professions Code is repealed.

SEC. 1.5. Article 11 (commencing with Section 19230) is added to Chapter 3 of Division 8 of the Business and Professions Code, to read:

Article 11. Dry Cleaning and Fabric Care

19230. On and after January 1, 1987, all dry cleaning plants operating in this state shall register with the bureau on a form prescribed by the chief.

19231. "Dry cleaning plant," as used in this article, includes any premises, building, room, or establishment commonly known in the trade as a cleaning plant or cleaning and dyeing plant, equipped to perform the service of dry cleaning by immersion and agitation, or immersion only, in a volatile, commercially moisture-free solvent, and including self-service or coin-operated equipment in whole or in part.

19232. The registration form specified in Section 19230 shall contain, but not be limited to, all of the following information:

(a) The street address of the place of business of the dry cleaning plant.

(b) The name of the owner or owners of the plant if doing business as a sole proprietorship or partnership, or the names of the corporate officers if doing business as a corporation.

(c) Proof of maintenance of a five thousand dollar ($5,000) surety bond as specified in Section 19233.

19233. (a) The bureau shall require that all registrants maintain a surety bond in the sum of five thousand dollars ($5,000) or post security in the form of a bearer bond issued by the United States or the State of California in the amount of five thousand dollars ($5,000) or post five thousand dollars ($5,000) in cash, unless, after a determination as hereinafter provided, the bond or security is

waived. A surety bond shall be duly executed by an admitted surety insurer, shall be continuous in form, shall be in favor of the people of the State of California, and the total aggregate liability on the bond shall in no event exceed the face amount thereof.

The surety bond shall be conditioned that the principal shall and will be liable for fraud and for all claims for damaged articles of clothing of persons with whom the registrant may deal as a registrant.

(b) If, however, upon application and any proof as the bureau may require, the bureau determines that the financial responsibility of any registrant is acceptable in the public interest, the bureau may waive the filing of the security or bond in accordance with any conditions as may be prescribed by the rules and regulations of the bureau.

(c) Payments which are to be made from any security or pursuant to any bond which is required by this section shall be limited to payments of claims which have been approved by the final decision of a court.

(d) Any person injured by the breach of any condition to secure which the bond is given shall have a cause of action upon the bond in any court of competent jurisdiction to recover his or her damages not in excess of two hundred fifty dollars ($250) suffered by reason of that breach. The aggregate liability of the surety to all such persons shall not, however, exceed the sum of the bond.

(e) Bonds filed with the bureau pursuant to this article shall remain in full force and effect until the surety has terminated future liability by 30-day written notice to the bureau.

(f) In lieu of furnishing the bond required by this section, licensees may deposit with the bureau a bearer bond or bearer bonds having a market value of five thousand dollars ($5,000) or more, and the deposit shall be permitted to receive annually any interest payable on such bond.

(g) The bureau may adopt rules and regulations which authorize the bureau to waive the filing of the security or bond if, upon application and any proof as the bureau may require, the bureau determines that the registrant's responsibility is guaranteed by any third party whose financial responsibility is sufficient and acceptable in the public interest.

19234. The bureau may require the submission of any other additional information deemed necessary for registration. Additional registration information may include, but is not limited to, written certification to ensure compliance with the surety bond requirement, the types of chemicals used in all processes of the plant, the type and nature of storage facilities for these chemicals, and the current methods used by the plant for treatment or disposal of these chemicals.

19235. Registration under the terms of this article shall remain valid until or unless there is a change of ownership, change of corporate officers, or change of business location, in which event a

new registration containing the new or additional information shall be filed with the bureau. All information stated on the registration form shall be subject to the provisions of the Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.

19236. The bureau is authorized to charge a registration fee of all registrants under the terms of this section. The fee shall be in an amount sufficient to cover the costs of administering the registration requirements of this article as well as the actual costs of developing and maintaining a registration list, but shall not exceed seventy-five dollars ($75) for each dry cleaning plant registered pursuant to this article. All fees collected by the bureau for registration of dry cleaning plants pursuant to this article shall be reported to the Controller, paid to the Treasurer, and credited to the Dry Cleaning Account in the Bureau of Home Furnishings Fund, which account is hereby created. All moneys in the account are continuously appropriated to the bureau for carrying out this article.

19237. Failure to register a dry cleaning plant on the part of any owner, partner, or corporate officer, or failure to maintain a bond, as provided in this article, shall constitute an unfair business practice within the meaning and for the purposes of Section 17200, but is not a crime.

19238. Notwithstanding Section 19230, any dry cleaning plant which has a valid unexpired license issued by the State Board of Dry Cleaning and Fabric Care shall be deemed to be in compliance with that section until that license expires.

19239. In deleting the authority for regulation in the field of fabric care and dry cleaning by the State Board of Dry Cleaning and Fabric Care, the Legislature expressly recognizes that the dry cleaning industry utilizes toxic chemicals requiring the strict attention of state regulatory agencies. It is the intent of the Legislature that nothing in this article be construed to affect any existing statutes or regulations relating to the handling, storage, or disposal of toxic chemicals, or to impede the vesting of jurisdiction over toxic chemicals used by dry cleaning plants in the appropriate toxic agency of state government.

Further, it is the intent of the Legislature to give due consideration in the future to the enactment of a system of private industry certification as a possible alternative to complete deregulation in this field. Also, in deleting current regulatory statutes in this field, the Legislature intends to enact a system of registration within the bureau for dry cleaning plants.

19240. The department shall take all steps necessary to cease operations of the State Board of Dry Cleaning and Fabric Care including, but not limited to, organization and storage of records and files, and closing out pending cases with the Division of Investigation and Office of the Attorney General.

Any costs incurred by the department in carrying out these responsibilities shall be charged to the Dry Cleaning and Fabric Care

Fund or its successor, the Dry Cleaning Account in the Bureau of Home Furnishings Fund.

19241. (a) The director, or his or her designee, shall undertake the following activities:

(1) Formulate the terms and conditions and let a contract as specified herein, subject to all the terms of competitive bidding normally and usually required of public contracts.

(2) Require that the successful bidding party demonstrate expertise in the field of fabric care and dry cleaning and the capacity to perform the terms of the contract throughout the state.

(3) On or before April 1, 1987, execute a contract providing for a program of consumer and professional education and complaint mediation for consumers purchasing dry cleaning services in order to facilitate the transition to deregulation in the field of fabric care, which education and mediation shall continue for a period of one year commencing on April 1, 1987, and concluding on March 31, 1988, at which time the contract shall terminate.

(b) The director, or his or her designee, shall be responsible for monitoring the progress of the contract and shall be empowered to take all steps necessary to ensure its proper execution. Any costs incurred by the department to carry out these responsibilities shall be borne by the Dry Cleaning and Fabric Care Fund or its successor, the Dry Cleaning Account of the Bureau of Home Furnishings Fund.

SEC. 2. Section 641.5 is added to the Penal Code, to read:

641.5. (a) In any clothes cleaning establishment in which more than one gallon of a volatile, commercially moisture-free solvent of the chlorinated hydrocarbon type is used for dry cleaning, the performance of all the dry cleaning, drying, and deodorizing processes shall be completed entirely within fluid-tight machines or apparatus vented to the open air at a point not less than eight feet from any window or other opening and so used and operated as to prevent the escape of fumes, gases, or vapors into workrooms or workplaces.

(b) Except when operations are performed as provided in subdivision (a), no person shall operate a clothes cleaning establishment in which more than one gallon of a volatile, commercially moisture-free solvent of the chlorinated hydrocarbon type is used for dry cleaning except under either of the following conditions:

(1) All of the dry cleaning, drying, and deodorizing processes are performed in a single room or compartment designed and ventilated in such a manner that dangerous toxic concentrations of vapors will not accumulate in working areas.

(2) The dry cleaning processes are performed in fluid-tight machines or apparatus designed, installed, and operated in a manner that will prevent the escape of dangerous toxic concentrations of vapors to the working areas.

(c) "Volatile, commercially moisture-free solvent" means either of the following:

(1) Any commercially moisture-free liquid, volatile product or substance having the capacity to evaporate and, during evaporation, to generate and emit a gas or vapor.

(2) Any solvent commonly known to the clothes cleaning industry as a "chlorinated hydrocarbon solvent."

(d) Any violation of this section is a misdemeanor.

SEC. 3. Section 641.6 is added to the Penal Code, to read:

641.6. Notwithstanding any other provision of law, no person engaged in the business of dry cleaning shall use carbon tetrachloride or trichlorethylene as a cleaning agent when engaged in onsite dry cleaning. For purposes of this section, "onsite dry cleaning" means dry cleaning which is performed in a residence or any commercial or public building other than a clothes cleaning establishment or plant. A violation of this section is a misdemeanor.

SEC. 4. Notwithstanding Section 16346 of the Government Code, all unencumbered funds remaining in the Dry Cleaning and Fabric Care Fund on the effective date of this act shall be transferred to the Dry Cleaning Account in the Bureau of Home Furnishings Fund.

There is hereby appropriated two hundred thousand dollars ($200,000) to the Department of Consumer Affairs from the Dry Cleaning Account in the Bureau of Home Furnishings Fund, in augmentation of Item 1655-090-702(a), Budget Act of 1986, for the purposes specified in Section 19241 of the Business and Professions Code.

Notwithstanding Section 202 of the Business and Professions Code, the Bureau of Home Furnishings shall utilize the remainder of the funds transferred by this section to carry out Article 11 (commencing with Section 19230) of Chapter 3 of Division 8 of the Business and Professions Code.

CHAPTER 480

An act to amend Section 4476 of the Public Resources Code, relating to forest practices.

[Approved by Governor July 24, 1986 Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 4476 of the Public Resources Code is amended to read:

4476. Any contract which is entered into pursuant to this article shall do all of the following:

(a) Vest in the director the final authority to determine the time during which wild land fuel and structural fire hazards may be burned to minimize the risk of escape of a fire set in a prescribed burning operation and to facilitate maintenance of air quality.

(b) Clearly state the obligation of each party to the contract to provide, maintain, and repair equipment and indicate the number of each type of equipment to be provided and the duration of its availability.

(c) Designate an officer of the department as the fire boss with final authority to approve and amend the plan and formula applicable to the prescribed burning operation, to determine that the site has been prepared and the crew and equipment are ready to commence the operation, and to supervise the work assignments of departmental employees and all personnel furnished by the person contracting with the department until the prescribed

burning is completed and all fire is declared to be out.

(d) Specify the duties of, and the precautions taken by, the person contracting with the department and any personnel furnished by that person.

(e) Provide that any personnel furnished by a person contracting with the department to assist in any aspect of site preparation or prescribed burning shall be an agent of that person for all purposes of worker compensation. However, any volunteer recruited or used by the department to suppress a wild land fire originating or spreading from a prescribed burning operation is an employee of the department for all purposes of worker compensation.

(f) Specify the value assigned to the materials, services, or equipment furnished by the person contracting with the department in lieu of payment of all or part of that person's share of the actual costs.

(g) Specify the total costs of the prescribed burning operation and the pro rata share thereof for each party to the contract. Any person contracting with the department shall, prior to the commencement of any work by the department, place on deposit in an interest-bearing escrow or trust account with a California-licensed financial institution an amount equal to that person's pro rata share of the costs, less the value of materials, services, or equipment specified pursuant to subdivision (e). Interest earned on the account shall accrue to the depositor and may be separately disbursed from the principal amount upon request of the depositor. Disbursement of funds on deposit in the trust or escrow account shall be authorized by the depositor within 15 days after completion, to the depositor's satisfaction, of all work specified in the contract to be done by the department.

(h) Provide that the department may, in its discretion, purchase a third party liability policy of insurance which provides coverage against loss resulting from a wild land fire sustained by any person or public agency, including the federal government. The amount of the policy, if purchased, shall be determined by the director. The policy shall name the person contracting with the department and the department as joint policyholders. The premium shall be included as a cost prorated as provided in subdivision (g). A certificate of insurance, if purchased, covering each policy shall be attached to or become a part of the contract. If the department elects not to purchase insurance, the department shall agree to indemnify and hold harmless the person or public agency contracting with the department with respect to liability arising out of performance of the contract.

CHAPTER 481

An act to repeal Section 300.5 of, and to add Article 3.1 (commencing with Section 309.7) to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 300.5 of the Health and Safety Code is repealed.

SEC. 2. Article 3.1 (commencing with Section 309.7) is added to Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, to read:

Article 3.1. Childhood Lead Poisoning Prevention Act

309.7. The Legislature hereby finds and declares that childhood lead exposure represents the most significant childhood environmental health problem in the state today; that too little is known about the prevalence, long-term health care costs, severity, and location of these problems in California; that it is well known that the environment is widely contaminated with lead; that excessive lead exposure causes acute and chronic damage to a child's renal system, red blood cells, and developing brain and nervous system; that at least one in every 25 children in the nation has an elevated blood lead level; and that the cost to society of neglecting this problem may be enormous.

The Legislature further finds and declares that knowledge about where and to what extent harmful childhood lead exposures are occurring in the state could lead to the prevention of these exposures, and to the betterment of the health of California's future citizens. Therefore, it is the intent of the Legislature in enacting this article to establish a state Childhood Lead Poisoning Prevention Program within the State Department of Health Services to accomplish all of the following:

(a) To compile information concerning the prevalence, causes, and geographic occurrence of high childhood blood lead levels.

(b) To identify and target areas of the state where childhood lead exposures are especially significant.

(c) To analyze information collected pursuant to this article and, where indicated, design and implement a program of medical followup and environmental abatement and followup that will reduce the incidence of excessive childhood lead exposures in California.

309.71. (a) All medical laboratories shall report to the department each detected case of a blood lead level greater than 25 micrograms of lead per deciliter of human blood or the equivalent standard as measured in micrograms of protoporphyrin per gram of hemoglobin. The blood lead findings, the names, ages, and addresses of the patients involved in each detected case and any additional information necessary to implement the provisions of this article shall be reported to the department in a manner prescribed by the director.

(b) All information reported pursuant to this section shall be confidential, as provided in Section 211.5.

(c) All medical laboratories testing for blood lead levels shall participate in a blood lead and free erythrocyte protoporphyrin (FEP) proficiency testing program.

(d) Laboratories which fail to meet reporting requirements will be assessed fines of up to five hundred dollars ($500) at the discretion of the director.

309.72. (a) By July 1, 1987, the department shall identify target areas in which to conduct a childhood lead screening program.

(b) The targeted areas shall include at least one area within the urban San Francisco/Alameda County area, one area within, the urban Los Angeles/Orange County/San Diego area, and one area within the Central Valley Sacramento/Fresno area, and other areas if scientifically indicated as determined by the director.

(c) These target areas shall be described by census tract and shall be selected based on the prevalence of the following factors:

(1) Older housing.

(2) Lead-emitting industry.

(3) History of heavy automobile traffic.

(4) Use or disposal of hazardous materials or waste.

(5) Populations where cultural or ethnic factors or both may result in a higher risk of ingestion of lead.

(6) Population of children between the ages of 12 months and 6 years.

309.73. (g) If a committee is required to file campaign statements required by Section 84200 or 84200.5 in places designated in subdivisions (d) and (e), it shall continue to file these statements in those places, in addition to any other places required by this title, until the end of the calendar year.

SEC. 2. The Legislature hereby finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 (Title 9 (commencing with Section 81000) of the Government Code).

CHAPTER 491

An act to amend Section 20500 of, and to add Section 20180.2 to, the Government Code, relating to public employees.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 20180.2 is added to the Government Code, to read:

20180.2. Notwithstanding Section 20165 or Section 20180 or any other provision of this part, the system may refrain from collecting an underpayment of accumulated contributions, whenever the amount to be collected is fifty dollars ($50) or less.

SEC. 2. Section 20500 of the Government Code is amended to read:

20500. Notwithstanding any other provision of this part, a

contracting agency and its employees may agree, in writing, to share the costs of any optional benefit which is inapplicable to a contracting agency unless and until the agency elects to be subject to the benefit. The agreement shall specify the exact percentage of member compensation that shall be paid toward the current service cost of the benefits by members. The member contributions shall be normal contributions over and above normal contributions otherwise required by this part and shall be treated as normal contributions for all purposes of this part. The contributions shall be uniform with respect to all members within each of the following classifications: local miscellaneous members, local policemen, local firemen, county peace officers, and all local safety members other than local policemen, local firemen, and county peace officers. The balance of any costs shall be paid by the contracting agency and shall be credited to the employer's account.

This section shall not apply to any optional benefit which is elected by a contracting agency prior to the effective date of this section.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts or, in the case of contracts made after this section takes effect, by express provision in the contract making the contracting agency subject to this section. Contributions provided by this section shall not be withheld from member compensation or otherwise collected until the contract amendment becomes effective.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation. The additional contribution rate required at the time this section is added to a contract shall not be less than the sum of (1) the actuarial normal cost, plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from the date this section becomes effective in the public agency's contract.

Nothing in this section shall preclude a contracting agency and its employees from independently agreeing in a memorandum of understanding to share the costs of any optional benefit in a manner inconsistent with this section. However, any such an agreement in a memorandum of understanding which is inconsistent with this section shall not be part of the contract between this system and the contracting agency.

CHAPTER 492

An act to add and repeal Section 14675.5 of the Government Code, relating to state office buildings, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1986 Filed with Secretary of State July 24, 1986]

I am deleting the $50,000 appropriation contained in Section 3 of Assembly Bill No. 4164.

The alternative site analysis required by this measure can be accomplished by the Department of General Services within existing resources as a normal part of its facilities planning process.

With this deletion, I approve Assembly Bill No. 4164

George Deukmejian, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The construction of a multilane, depressed freeway through an established urban community may have a negative impact on the economic and social environment and may present a threat to the health and well-being of those residents who live next to the freeway.

(b) The planned completion of a 2-mile segment of Interstate 15 in the City of San Diego, from Adams Avenue to Dwight Street, represents an opportunity to seek alternative freeway designs which are more sensitive to the community.

(c) In an attempt to mitigate the negative impact imposed on the residents of the Mid-City community of the City of San Diego, the Department of Transportation and the city both signed a freeway construction agreement in May of 1985 which requires the state and the city to each fund the construction of a one-block cover over the completed freeway.

The agreement recognizes the need to further reduce the impact of the freeway if funds can be secured to construct a cover over additional blocks of the freeway corridor.

(d) The City of San Diego has commissioned an analysis of the potential for siting office buildings, retail shops, and residential complexes on the space created by covering additional blocks of the I-15 freeway.

(e) The Department of General Services plans to construct a new state office building and garage in downtown San Diego by 1995. The proposed building will include 157,200 net square feet of office space and a 525-space garage. Approximately 860 state employees will work there.

(f) A preliminary analysis indicates employees and visitors would spend over one million dollars ($1,000,000) per year on goods and services at nearby shops and restaurants. That annual expenditure will support approximately 8,000 square feet of retail space.

(g) In order to ensure that the state projects do not impose harm

on the environment or the public health and safety of the people of California, it is necessary to thoroughly study the combined effects of all state projects.

SEC. 2. Section 14675.5 is added to the Government Code, to read:

14675.5. (a) The Department of General Services shall prepare a detailed comparative analysis of both of the following alternative sites for a new San Diego state office building:

(1) The downtown site, which is the city block bounded by State, Union, Ash, and A Streets

(2) The Mid-City site along or over the I-15 freeway corridor.

(b) In preparing this analysis, the Department of General Services shall request any relevant information from the Department of Transportation and the City of San Diego and establish a mechanism for those entities to review and comment on the methodology and procedures used in the analysis. The city and the Department of Transportation shall also be provided an opportunity to comment on the analysis in draft form, prior to its completion.

(c) The Department of General Services may prepare a request for a proposal and employ a private consultant to conduct research for the study and prepare a final report. The report shall be completed and submitted to thr Legislature no later than January 1, 1987.

(d) The final report shall include, but is not limited to, all of the following issues:

(1) The value of the property in downtown San Diego currently owned by the state, bounded by State, Union, Ash, and A Streets, and its revenue potential for the state if leased or sold.

(2) The cost of land acquisition in the Mid-City freeway corridor.

(3) The amount of tax revenues which could be generated from private development versus a public structure at each of these locations.

(4) The accessibility of both sites to the constituencies likely to visit the state office building.

(5) The impact of the projected traffic generated by the state office building in areas surrounding each site.

(6) A survey of the community organizations in each area to assess the public reaction to a state building.

(e) This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute which is enacted prior to January 1, 1987, deletes or extends that date.

SEC. 3. The sum of fifty thousand dollars ($50,000) is hereby appropriated from the General Fund to the Department of General Services in order to implement Section 2 of this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that planning for a determination as to the site for a new state office building in San Diego is adequately performed at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 493

An act to amend Sections 4036, 4213, and 4228 of, and to add Sections 2725.1, 2836.1, 2836.2, 2836.3, 4051.5, and 4051.6 to, the Business and Professions Code, relating to nursing.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2725.1 is added to the Business and Professions Code, to read:

2725.1. Notwithstanding any other provision of law, a registered nurse may dispense drugs or devices upon an order by a licensed physician and surgeon when the nurse is functioning within a licensed clinic as defined in paragraphs (1) and (2) of subdivision (a) of Section 1204 of, or within a clinic as defined in subdivision (b) or (c) of Section 1206, of the Health and Safety Code.

No clinic shall employ a registered nurse to perform dispensing duties exclusively. No registered nurse shall dispense drugs in a pharmacy, keep a pharmacy, open shop, or drugstore for the retailing of drugs or poisons. No registered nurse shall compound drugs. Dispensing of drugs by a registered nurse shall not include substances included in the California Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code). Nothing in this section shall exempt a clinic from the provisions of Article 3.5 (commencing with Section 4063) of Chapter 9.

SEC. 2. Section 2836.1 is added to the Business and Professions Code, to read:

2836.1. Neither this chapter nor any other provision of law shall be construed to prohibit a nurse practitioner from furnishing drugs or devices when all of the following apply:

(a) The drugs or devices are furnished incidentally to the provision of family planning services, as defined in Section 14503 of the Welfare and Institutions Code, or are furnished incidental to the provision of routine health care rendered to essentially healthy persons within a clinic specified in subdivision (b) or (c) of Section 1206 of the Health and Safety Code.

(b) The nurse practitioner is functioning pursuant to a standardized procedure, as defined in Section 2725. The standardized procedure shall be developed and approved by the

supervising physician, the nurse practitioner, and the facility administrator or his or her designee.

(c) The standardized procedure covering the furnishing of drugs or devices shall specify which nurse practitioners may furnish drugs or devices, which drugs or devices may be furnished, under what circumstances, the extent of physician supervision, and the method of periodic review of the nurse practitioner's competence and of the provisions of the standardized procedure.

(d) The furnishing of drugs or devices by a nurse practitioner occurs under physician supervision. Physician supervision shall not be construed to require the physical presence of the physician, but does include (1) collaboration on the development of the standardized procedure, (2) approval of the standardized procedure, and (3) availability by telephonic contact at the time of patient examination by the nurse practitioner.

(e) For purposes of this section, no physician shall supervise more than four nurse practitioners at one time.

(f) Drugs or devices furnished by a nurse practitioner shall not include controlled substances under the California Uniform Controlled Substances Act, (Division 10 (commencing with Section 11000) of the Health and Safety Code) and shall be further limited to those drugs agreed upon by the nurse practitioner and physician and specified in the standardized procedure.

(g) The board has certified in accordance with Section 2836.3 that the nurse practitioner has satisfactorily completed (1) at least six month's physician-supervised experience in the furnishing of drugs or devices and (2) a course in pharmacology covering the drugs or devices to be furnished under Section 2836.1. The board shall establish the requirements for satisfactory completion of this subdivision.

SEC. 3. Section 2836.2 is added to the Business and Professions Code, to read:

2836.2. Furnishing of drugs or devices by nurse practitioners is defined to mean the act of making a pharmaceutical agent or agents available to the patient in strict accordance with a standardized procedure.

SEC. 4. Section 2836.3 is added to the Business and Professions Code, to read:

2836.3. (a) The furnishing of drugs or devices by nurse practitioners is conditional on issuance by the board of a number to the nurse applicant who has successfully completed the requirements of subdivision (g) of Section 2836.1. The number shall be included on all transmittals of orders for drugs or devices by the nurse practitioner. The board shall make the list of numbers issued available to the Board of Pharmacy. The board may charge the applicant a fee to cover all necessary costs to implement this section.

(b) The number shall be renewable at the time of the applicant's registered nurse license renewal.

(c) The board may revoke, suspend, or deny issuance of the

numbers for incompetence or gross negligence in the performance of functions specified in Sections 2836.1 and 2836.2.

SEC. 5. Section 4036 of the Business and Professions Code is amended to read:

4036. (a) "Prescription" means an oral order given individually for the person or persons for whom prescribed, directly from the prescriber to the furnisher, or indirectly by means of a written order, signed by the prescriber, and shall bear the name or names and address of the patient or patients, the name and quantity of the drug or device prescribed, directions for use, and the date of issue, and either rubber stamped, typed, or printed by hand or typeset the name, address, and telephone number of the prescriber, his or her license classification, and his or her federal registry number, if a controlled substance is prescribed. No person other than a physician, dentist, podiatrist, or veterinarian, shall prescribe or write a prescription.

Nothing in the amendments made to this section at the 1969 Regular Session of the Legislature shall be construed as expanding or limiting the right which a chiropractor, while acting within the scope of his or her license, may have to prescribe a device.

The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(b) Notwithstanding subdivision (a), a written order of the prescriber for a dangerous drug, except for any Schedule II controlled substance, which contains at least the name and signature of the prescriber, the name or names and address of the patient or patients in a manner consistent with paragraph (3) of subdivision (b) of Section 11164 of the Health and Safety Code, the name and quantity of the drug prescribed, directions for use, and the date of issue may be treated as a prescription by the dispensing pharmacist so long as any additional information required by subdivision (a) is readily retrievable in the pharmacy. In the event of a conflict between the provisions of this subdivision and Section 11164 of the Health and Safety Code, the provisions of Section 11164 shall prevail.

(c) Except as provided in Section 4036.1, an oral prescription shall as soon as practicable be reduced to writing by the pharmacist and shall be filled by, or under the direction of, the pharmacist. The pharmacist need not reduce to writing the address, telephone number, license classification, federal registry number of the prescriber, or the address of the patient or patients if the information is readily retrievable in the pharmacy.

SEC. 6. Section 4051.5 is added to the Business and Professions Code, to read:

4051.5. This chapter does not prevent the dispensing of drugs or devices by registered nurses functioning pursuant to Section 2725.1.

SEC. 7. Section 4051.6 is added to the Business and Professions Code, to read:

4051.6. Notwithstanding any other provision of law, a licensed pharmacist may dispense drugs or devices upon the order of a nurse

practitioner functioning pursuant to Section 2836.1.

SEC. 8. Section 4213 of the Business and Professions Code is amended to read:

4213. "Administer," as used in this article, means the furnishing by a physician and surgeon, dentist, podiatrist, or veterinarian, to his or her patient of such amount of drugs or medicines referred to in this article as are necessary for the immediate needs of the patient.

SEC. 9. Section 4228 of the Business and Professions Code is amended to read:

4228. (a) Except as provided in subdivisions (b) and (c) of this section, no person shall dispense any dangerous drug upon prescription except in a container correctly labeled with the information required by Sections 4047.5 and 4048.

(b) Physicians, dentists, podiatrists, and veterinarians may personally furnish any dangerous drug prescribed by them to the patient for whom prescribed, provided that such drug is properly labeled to show all information required in Sections 4047.5 and 4048 except the prescription number.

(c) Devices which bear the legend "Caution: federal law restricts this device to sale by or on the order of a _____," or words of similar meaning, are exempt from the requirements of Sections 4047.5 and 4048, and Section 26662 of the Health and Safety Code, when provided to patients in skilled nursing facilities or intermediate care facilities licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code.

SEC. 9.5. By adding Sections 2725.1 and 2836.1 to the Business and Professions Code, the Legislature intends that registered nurses, prior to dispensing drugs or devices, and nurse practitioners, prior to furnishing drugs or devices, provide the patient with appropriate educational information regarding those drugs or devices.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The people of the State of California do enact as follows:

SECTION 1. Section 10133 of the Insurance Code is amended to read:

10133. (a) Upon written consent of the insured first obtained with respect to a particular claim, any disability insurer shall pay group insurance benefits contingent upon, or for expenses incurred on account of, hospitalization or medical or surgical aid to the person or persons furnishing the hospitalization or medical or surgical aid, but the amount of any such payment shall not exceed the amount of benefit provided by the policy with respect to the service or billing of the provider of aid, and the amount of the payments pursuant to one or more assignments shall not exceed the amount of expenses incurred on account of the hospitalization or medical or surgical aid. Payments so made shall discharge the insurer's obligation with respect to the amount so paid.

(b) Nothing in this section shall be construed to authorize an insurer to furnish or directly provide services of hospitals, or psychiatric health facilities, as defined in Section 1250.2 of the Health and Safety Code, or physicians and surgeons, or psychologists or in any manner to direct, participate in, or control the selection of the hospital or health facility or physician and surgeon or psychologist from whom the insured secures services or exercise medical or dental or psychological professional judgment, except that an insurer may negotiate and enter into contracts for alternative rates of payment with institutional providers, and offer the benefit of these alternative rates to insureds who select those providers.

(c) Alternatively, insurers may, by agreement with group policy holders, limit payments under a policy to services secured by insureds from institutional providers, and after July 1, 1983, from professional providers, charging alternative rates pursuant to contract with the insurer.

(d) Pursuant to subdivision (c), when alternate rates of payment to providers are applicable to contracts with group policyholders, the contracts shall include programs for the continuous review of the quality of care, performance of medical or psychological personnel included in the plan, utilization of services and facilities, and costs, by professionally recognized unrelated third parties utilizing in the case of professional providers similarly licensed providers for each medical, psychological, or dental service covered under the plan and utilizing in the case of institutional providers appropriate

professional providers. All provisions of the laws of the state relating to immunity from liability and discovery privileges for medical, psychological, and dental peer review shall apply to the licensed providers performing the foregoing activities.

(e) On or after July 1, 1983, the amendments made to this section during the 1982 portion of the 1981–82 Regular Session, shall also be applicable with respect to both professional and institutional providers.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that current proposals for the construction of new electrical generation plants of all types exceed the reasonably foreseeable demand for electricity.

(b) The Legislature further finds and declares that neither the State Energy Resources Conservation and Development Commission nor the Public Utilities Commission has rules or procedures to decide between competing project applications in this situation.

(c) It is, therefore, the intent of the Legislature, in enacting this act, to require these commissions to hold hearings, conduct a study, and submit a report to the Legislature of their findings, conclusions, and recommendations concerning this situation.

SEC. 2. (a) The State Energy Resources Conservation and Development Commission and the Public Utilities Commission shall conduct joint hearings on the current status of demand for electricity in California and the options available within the respective jurisdictions of the commissions to best ensure the availability of electricity to meet this demand.

(b) In these hearings, the commissions shall consider the adoption of rules and procedures to most effectively respond to and regulate the potential or available sources of supply of electricity in a context of an excess of available or potential supply over forecasted demand. The hearings shall include, but not be limited to, proposals to institute a form of competitive bidding procedure through which all suppliers and producers of electricity would compete for authorization to fulfill the forecasted demand.

(c) The commissions shall jointly report their findings, conclusions, and recommendations to the Legislature on or before June 1, 1987. The report shall include, but not be limited to, both of the following:

(1) The cost effectiveness of the options for optimization of electricity supply considered in the hearings and whether and to what extent each option is equitable to the suppliers and producers of electricity concerned.

(2) Recommendations for both legislative and regulatory changes required to effectively implement the options developed for optimization of the electricity supply.

CHAPTER 496

An act to amend Section 10270.97 of the Insurance Code, relating to insurance.

(a) There has been an increase in the number of persons infected with Human T-Lymphotropic Virus Type III/Lymphadenopathy-Associated Virus (HTLV-III/LAV) which causes acquired immune deficiency syndrome (AIDS), and, consequently, a high level of public attention has focused on this issue.

(b) Public speculation about the potential for transmission of this infectious virus, the degree of morbidity, and other factors, has led to expression of public fears or anxieties approaching, in some circumstances, panic or hysteria.

(c) The medical evidence regarding the potential transmission of this virus is conclusive that this infection is spread by sexual conduct with infected persons, exposure to contaminated blood or blood products through transfusion, and by perinatal transmission, and that there is no known risk of transmission by other means.

(d) Disclosures relating to AIDS involve potential issues of invasion of privacy, confidentiality of medical information, informed consent, and civil rights.

(e) The applicability of cases such as Reed v. King, 145 CA 3d 261, which deals with the obligation of a seller of real property to disclose facts materially affecting the value or desirability of the property, is not clear as to situations where previous owners or inhabitants of real property have been afflicted with AIDS. The Legislature intends to clarify this situation by the enactment of this act.

SEC. 2. Section 1710.2 is added to the Civil Code, to read:

1710.2. No cause of action arises against an owner of real property or his or her agent, or any agent of a transferee of real property, for the failure to disclose to the transferee that an occupant of that property was afflicted with Human T-Lymphotropic Virus Type III/Lymphadenopathy-Associated Virus. As used in this section, "agent" includes any person licensed pursuant to Part 1 (commencing with Section 10000) of Division 4 of the Business and Professions Code. As used in this section, "transferee" includes a purchaser, lessee, or renter of real property.

It is the intention of the Legislature to occupy the field of regulation of disclosure related to AIDS in situations affecting the transfer of real property or any estate or interest in real property.

This section shall not be construed to alter the law relating to disclosure pertaining to any other physical or mental condition or

disease.

Revenues from the leases shall be deposited in the State Highway Account.

CHAPTER 509

An act to amend Section 7060.3 of the Government Code, and to amend Section 14006 of the Welfare and Institutions Code, relating to real property.

[Approved by Governor July 24, 1986 Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7060.3 of the Government Code is amended to read:

7060.3. If a public entity determines to apply constraints pursuant to Section 7060.2 to a successor in interest of an owner who has withdrawn accommodations from rent or lease, the public entity shall record a notice with the county recorder which shall specifically describe the real property where the accommodations are located, the dates applicable to the constraints and the name of the owner of record of the real property. The notice shall be indexed in the grantor-grantee index.

A person who acquires title to the real property subsequent to the

date upon which the accommodations thereon have been withdrawn from rent or lease, as a bona fide purchaser for value, shall not be a successor in interest for the purposes of this chapter if the notice prescribed by this section has not been recorded with the county recorder at least one day before the transfer of title.

SEC. 2. Section 14006 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 981 of the Statutes of 1985, is amended to read:

14006. (a) For the purposes of Sections 14005.4 and 14005.7, the term "other resources" means the real or personal property, or any combination of both, held by a medically needy or medically indigent individual or family.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a skilled nursing or intermediate care facility or in a licensed community care facility and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

The lien shall be recorded, and from the date of recording, shall have the force, effect, and priority of a judgment lien.

(6) If it is a multiple-dwelling unit, one unit of which is occupied by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility, or in a licensed community care facility.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) The amount of other resources is limited to not more than one thousand five hundred dollars ($1,500) for an aged, blind or disabled individual, or not more than three thousand dollars ($3,000) for an aged, blind or disabled individual and his spouse. For a medically needy family person or for a medically indigent person or family, this limit shall be established at not less than one thousand five hundred dollars ($1,500) and not more than three thousand dollars ($3,000), in accordance with family size. In addition, a medically needy or medically indigent person or family may retain: (1) other property in accordance with the provisions of Sections 11158 and 12152 of this code; (2) real property other than the principal residence, up to a value of six thousand dollars ($6,000) provided it is producing income for the individual or family reasonably consistent with its value; (3) the principal residence; (4) any additional resources allowed under the provisions of Title XVI of the Social Security Act.

(d) The director, to meet the requirements of the federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars ($6,000) and it is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy

anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

SEC. 3. Section 14006 of the Welfare and Institutions Code, as amended by Section 2 of Chapter 981 of the Statutes of 1985, is amended to read:

14006. (a) For the purposes of Sections 14005.4 and 14005.7, the term "other resources" means the real or personal property, or any combination of both, held by a medically needy or medically indigent individual or family.

(b) For the purposes of this section, the term "principal residence" means the home, including a multiple-dwelling unit, in which the individual resides or formerly resided. The home will continue to be considered the principal residence if any of the following is applicable:

(1) During any absence, the individual intends to return to the home.

(2) The individual lives in a skilled nursing or intermediate care facility or a licensed community care facility and intends to return home.

(3) The individual's spouse or a dependent relative of the individual continues to reside in the home during the individual's absence.

(4) The individual does not have the right, authority, power, or legal capacity to liquidate the property, but a bona fide effort is being made to attain the right, authority, power, or legal capacity to liquidate the property.

(5) The property cannot readily be converted to cash but a bona fide effort is being made to sell the property, in which case the state shall have a lien against the property, to the extent permitted by federal law, for the cost of medical services.

The lien shall be recorded, and from the date of recording, shall have the force, effect, and priority of a judgment lien.

(6) If it is a multiple-dwelling unit, one unit of which is occupied

by the applicant or recipient, any unit not occupied by the applicant or recipient is producing income for the individual or family reasonably consistent with its value.

(7) It is inhabited by any sibling or child of the recipient who has continuously resided in the property since at least one year prior to the date the owner entered a skilled nursing or intermediate care facility, or in a licensed community care facility.

For purposes of this subdivision, "bona fide effort" means that the property shall be listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a continuous effort is being made to sell the property, offers at fair market value are accepted, and all offers are reported.

(c) For purposes of determining eligibility under this part, resources shall be defined, counted, and valued in accordance with the federal law governing resources under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396, et seq.). Resources exempt under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396, et seq.) shall not be considered in determining eligibility. Medically needy individuals and families may retain nonexempt resources to the extent permitted under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396, et seq.). In addition, the principal residence as defined in subdivision (b) shall be exempt.

(d) The director, to meet the requirements of the federal Social Security Act and to insure the highest percentage of federal financial participation in the program provided by this chapter, may decrease or increase the amounts set forth herein.

(e) If the holdings are in the form of real property, the value shall be the assessed value, determined under the most recent county property tax assessment, less the unpaid amount of any encumbrance of record.

If the real property other than the home is not producing income reasonably consistent with its value, the applicant or recipient shall be allowed reasonable time to begin producing such income from the property. If the property cannot produce reasonable income or be sold based on the market value, the applicant or recipient shall be allowed to submit evidence from a qualified real estate appraiser which indicates the value for which the property can be adequately utilized or sold. If the applicant or recipient provides evidence that the only method of adequately utilizing the property is sale, and the property has not been sold at market value during a reasonable period of time, the property shall be considered to be adequately utilized provided it is listed with a licensed real estate broker at the value determined to be the fair market value by a qualified real estate appraiser and the applicant or recipient provides evidence that a bona fide and continuous effort is being made to sell the property.

(f) Any mortgage or note secured by a deed of trust shall be deemed real property if its value does not exceed six thousand dollars

($6,000) and it is obtained by the applicant or recipient, or in combination with his spouse, through the sale of such real property.

(g) If the holdings consist of money on deposit, the value shall be the actual amount thereof. If the holdings are in any other form of personal property or investment, except life insurance, the value shall be the conversion value as of the date of application or the anniversary date of such application. If the holdings are in the form of life insurance, the value shall be the cash value as of the policy anniversary nearest the date of such application.

(h) The value of property holdings shall be determined as of the date of application and, if the person is found eligible, this determination shall establish the amount of such holdings to be considered during the ensuing 12 months except a new determination to govern during the succeeding 12 months shall be made on the first anniversary date of the application or such alternate date as may be established following the acquisition of additional holdings as provided in the following paragraph and on each succeeding anniversary date thereafter.

(i) If any person shall by gift, inheritance, or other manner, acquire additional holdings during any such interval, other than from his own earnings, he shall immediately report such acquisition, and the anniversary date shall become the date of such acquisition.

(j) If any provision of this section does not comply with federal requirements, the provision shall become inoperative to the extent that it is not in compliance with federal requirements pursuant to Section 11003.

This section shall remain in effect only until January 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1987, pursuant to Section 9611 of the Government Code, Section 14006 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 981 of the Statutes of 1985, and as further amended by Section 2 of the act amending that section during the 1986 portion of the 1985–86 Regular Session of the Legislature shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 510

An act to amend Section 8608 of the Revenue and Taxation Code, and to add Section 4007 to the Vehicle Code, relating to carriers.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) Out-of-state visitors make a significant contribution to California's tourism industry, and are a major source of jobs, income, and tax revenues for California.

(b) The expansion of the tourism industry is vital to the overall growth of California's economy.

(c) Existing state government regulation of the out-of-state tour bus industry presents duplicative regulatory hurdles which discourage foreign carriers from bringing tourists into California.

(d) States which compete with California for out-of-state visitors have simplified the permitting process for out-of-state bus tours.

(e) Streamlining the regulation of out-of-state tour buses would attract a greater number of out-of-state buses and tourists, contributing to the growth of California's economy and helping to optimize the considerable investment of time, energy, capital, and resources being made by California's tourism industry.

SEC. 2. Section 8608 of the Revenue and Taxation Code is amended to read:

8608. (a) "User" includes any person who, within the meaning of the term "use" as defined in this chapter, uses fuel.

(b) Article 1 (commencing with Section 8701) of Chapter 3 and Article 1 (commencing with Section 8751) of Chapter 4 do not apply to (1) a user whose sole use of fuel in this state is for the propulsion of a privately operated passenger motor vehicle, a commercial vehicle with unladen weight of less than 7,000 pounds, or a privately operated two-axle truck which the user has rented or leased for a period of 30 days or less; or (2) a user who is an out-of-state passenger carrier whose operations within this state consist exclusively of round trip sightseeing tours originating and terminating outside this state and whose sole use of fuel in this state is for propulsion of the motor vehicle operated for these purposes; if the fuel used, except fuel brought into this state in the fuel tank of the vehicle, is purchased from and delivered into the fuel tank of the vehicle by a vendor.

(c) When the board determines that it is necessary for the efficient administration of this part to regard any lessor of vehicles as the agent of the lessee, with regard to the equipment leased, the board may so regard the lessor and may qualify the lessee as the user for purposes of this part.

SEC. 3. Section 4007 is added to the Vehicle Code, to read:

4007. The department, the Public Utilities Commission, and the State Board of Equalization shall enter into an interagency agreement to establish a coordinated system for the issuance of temporary operating authority to carriers of passengers for compensation by motor vehicles which are operating under the laws of another state or country. The agreement shall designate a lead agency from among the parties to the agreement to which the carrier may make a single application for the temporary operating authority required under the laws of this state. The lead agency shall coordinate and expedite all matters relating to issuance of the temporary operating authority and the collection and distribution of fees therefor with every other state agency having jurisdiction, so as to promptly prepare and issue the required operating authority.

CHAPTER 511

An act to add and repeal Section 43103 of the Health and Safety Code, relating to air pollution.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) That new heavy-duty vehicles and heavy-duty vehicle engines certified by the Environmental Protection Agency for sale in states other than California travel a substantial number of miles in the state each year, contributing to truck-related air pollution in the state.

(2) That the federal agency has recently instituted a program establishing a schedule of nonconformance fees whereby heavy-duty vehicle and engine manufacturers unable to meet federal emissions standards may, in lieu thereof, pay a fee which increases for each additional model-year that the manufacturer's vehicles or engines fail to conform to the federal standards.

(3) That the institution of this federal nonconformance fee program will create a disparity between California and federal certification requirements for heavy-duty vehicles and engines, with the result that fewer of these vehicles and engines will be available for sale in this state, which in turn results in lost state revenues and increased emissions.

(4) That the institution of a state program establishing a schedule of nonconformance fees would reduce this disparity, thereby providing a wider range of new heavy-duty vehicles and engines available for sale in this state and would provide a mechanism for funding measures to mitigate emission increases from nonconforming heavy-duty vehicles, thereby ensuring protection of the state's ambient air quality.

(b) It is, therefore, the intent of the Legislature, in enacting Section 43103 of the Health and Safety Code, to authorize the state board to institute a nonconformance fee program applicable to sales in this state of new heavy-duty vehicles and engines which have been certified for sale under the federal nonconformance fee program if the federal emissions standards applicable to those heavy-duty vehicles and engines are identical to emissions standards adopted by the state board for the same heavy-duty vehicles and engines, thereby ensuring the continued availability in California of a wide range of those vehicles and engines during the period necessary for all manufacturers thereof to achieve compliance with those emissions standards.

SEC. 2. Section 43103 is added to the Health and Safety Code, to read:

43103. (a) Except as provided in subdivision (b), the state board may adopt a schedule of nonconformance fees applicable to manufacturers of heavy-duty vehicles and heavy-duty vehicle engines which are unable to comply with emissions standards adopted pursuant to Section 43101 for those vehicles and engines. Upon adoption and implementation of the schedule by the state board, a manufacturer of a heavy-duty vehicle or heavy-duty vehicle engine to which a standard adopted pursuant to Section 43101 applies may, notwithstanding subdivision (a) of Section 43102, elect to pay to the state board the fee applicable to any vehicle or engine failing to meet the standard.

(b) The state board shall establish nonconformance fees only for those heavy-duty vehicles or engines for which it has adopted emission standards and test procedures which are identical to the corresponding federal emission standards and test procedures. The state board shall not implement a nonconformance fee schedule until it is established that payment of nonconformance fees in California may substitute, on the basis of each heavy-duty vehicle or engine certified for sale in California, for payment of nonconformance fees to the federal government.

(c) Any regulations adopted by the state board under this section shall be identical to the nonconformance requirements, procedures, and fees established by the federal Environmental Protection Agency, pursuant to Section 206(g) of the federal Clean Air Act (42 U.S.C. Sec. 7525(g)) and Subparts A, K, and L of Part 86 of Title 40 of the Code of Federal Regulations, for the same heavy-duty vehicles or engines. Under the federal nonconformance fee program, the schedule of fees may be different in amount for each air pollutant tested, may be different for vehicles or engines of different classes or categories, and shall do all of the following:

(1) Take into account the extent to which actual emissions exceed the applicable standard.

(2) Provide for annual increases to achieve compliance with the applicable standard as quickly as is technologically feasible.

(3) Ensure that the manufacturers which are in compliance with

the applicable standard suffer no competitive disadvantage from that compliance.

(d) Any warranty required under Section 43106 or 43204, and any action required by the state board under Section 43105, are applicable only to the emissions levels for which certification is granted under this section.

(e) All fees collected under this section shall be deposited in the Air Pollution Control Fund.

(f) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

CHAPTER 512

An act to add Section 12821.5 to the Public Utilities Code, relating to municipal utility districts.

[Approved by Governor July 24, 1986 Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 12821.5 is added to the Public Utilities Code, to read:

12821.5. (a) Whenever residential light, heat, or power is furnished through a submeter system by a master-meter customer for sale to users who are tenants of a mobilehome park, apartment building, or similar residential complex, the master-meter customer is responsible for maintenance and repair of its submeter facilities beyond the master meter, and nothing in this section requires a district to make repairs to or perform maintenance on the submeter system.

(b) Every master-meter customer shall provide an itemized billing of charges for light, heat, and power to each individual user generally in accordance with the form and content of bills of the district to its residential customers, including, but not limited to, the opening and closing readings for the meter, and the identification of all rates and quantities under the applicable rate structure. The master-meter customer shall charge each user of the service at a rate which does not exceed the rate which would be applicable if the user were receiving residential light, heat, or power directly from the district. The master-meter customer shall also post, in a conspicuous place, the applicable prevailing residential rate schedule, as published by the district.

(c) The district shall notify each master-meter customer of its responsibilities to its users under this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 513

An act to repeal and add Sections 5490, 5494, 5495.5, and 5499 of the Business and Professions Code, relating to outdoor advertising.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 5490 of the Business and Professions Code is repealed.

SEC. 2. Section 5490 is added to the Business and Professions Code, to read:

5490. (a) This chapter applies only to lawfully erected on-premises advertising displays.

(b) As used in this chapter, "on-premises advertising displays" means any structure, housing, sign, device, figure, statuary, painting, display, message placard, or other contrivance, or any part thereof, which has been designed, constructed, created, intended, or engineered to have a useful life of 15 years or more, and intended or used to advertise, or to provide data or information in the nature of advertising, for any of the following purposes:

(1) To designate, identify, or indicate the name or business of the owner or occupant of the premises upon which the advertising display is located.

(2) To advertise the business conducted, services available or rendered, or the goods produced, sold, or available for sale, upon the property where the advertising display has been lawfully erected.

(c) As used in this chapter, "introduced or adopted prior to March 12, 1983," means an ordinance or other regulation of a city or county which was officially presented before, formally read and announced by, or adopted by the legislative body prior to March 12, 1983.

(d) This chapter does not apply to advertising displays used exclusively for outdoor advertising pursuant to the Outdoor Advertising Act (Chapter 2 (commencing with Section 5200)).

SEC. 3. Section 5494 of the Business and Professions Code is repealed.

SEC. 4. Section 5494 is added to the Business and Professions Code, to read:

5494. The ordinances and regulations of any city or county, introduced or adopted prior to March 12, 1983, which have provided for amortization, and which make nonconforming any lawfully in place erected on-premises advertising displays, shall not be subject

to Section 5491.

(a) All on-premises advertising displays which become nonconforming as a result of any such ordinance or regulation are presumed illegal once the amortization period provided by the ordinance or regulation rendering them nonconforming has lapsed and conformance has not been accomplished.

(b) If property containing on-premises advertising displays is annexed to a city or county which introduced or adopted, prior to March 12, 1983, an ordinance regulating on-premises advertising displays, the city or county may apply its ordinance or regulation to the annexed property, and the display shall be deemed illegal upon expiration of any applicable amortization provided by such ordinance or regulation. The amortization period is deemed to commence in such event upon the date of annexation.

(c) When amortization has not been provided in any applicable preexisting ordinance, annexed nonconforming displays ordered to conform to ordinances or regulations of any city or county shall be subject to the requirements of Section 5491.

(d) Amendments or modifications to ordinances or regulations of any city or county adopted prior to March 12, 1983, including amendments which require removal of additional displays or displays which had previously been made conforming, shall be subject to the requirements of Section 5491 if such amendment or modification makes the ordinance being amended or modified more restrictive or prohibitive.

(e) Ordinances or regulations of any city or county introduced or adopted prior to March 12, 1983, which have terminated or will terminate, may be reenacted and are not subject to Section 5491 if reenacted within 12 months of their termination, and if upon reenactment they are not made more restrictive or prohibitive than the preexisting ordinance or regulation.

SEC. 5. Section 5495.5 of the Business and Professions Code is repealed.

SEC. 6. Section 5495.5 is added to the Business and Professions Code, to read:

5495.5. A city or county with an ordinance or regulation introduced or adopted prior to March 12, 1983, which is applicable to designated areas within the city or county less than the entire city or county is not in violation of Section 5491 for an ordinance or regulation introduced or adopted on or after March 12, 1983, even though it requires removal of on-premises advertising displays in additional portions of the city or county, if the city or county adopts not more than two such ordinances or regulations on or after March 12, 1983, and if the total effect of the ordinance, or regulation is to apply to less than the entire city or county, and such new ordinance or regulation provides reasonable amortization for conformance. "Reasonable amortization," for purposes of this section, shall not be less than 15 years from the date each such ordinance or regulation was adopted. If these conditions are not met, the city or county is

subject to Section 5491 with respect to all those ordinances and regulations.

SEC. 7. Section 5499 of the Business and Professions Code is repealed.

SEC. 8. Section 5499 is added to the Business and Professions Code, to read:

5499. Regardless of any other provision of this chapter or other law, no city or county shall require the removal of any on-premises advertising display on the basis of its height or size by requiring conformance with any ordinance or regulation introduced or adopted on or after March 12, 1983, if special topographic circumstances would result in a material impairment of visibility of the display or the owner's or user's ability to adequately and effectively continue to communicate with the public through the use of the display. Under these circumstances, the owner or user may maintain the advertising display at the business premises and at a location necessary for continued public visibility at the height or size at which the display was previously erected and, in doing so, the owner or user is in conformance.

SEC. 9. No appropriation is made by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act does not mandate a new program or higher level of service on local government. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 4 (commencing with Section 17550) of Part 7 of Division 2 of Title 2 of the Government Code.

CHAPTER 514

An act to amend Section 32110 of the Health and Safety Code, relating to hospital districts.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 32110 of the Health and Safety Code is amended to read:

32110. (a) Except as provided in subdivisions (d) and (e), no person who is a director, policymaking management employee, or medical staff officer of a hospital owned or operated by a hospital district shall do either of the following:

(1) Possess any ownership interest in any other hospital serving the same area as that served by the district hospital of which the person is a director, policymaking management employee, or medical staff officer.

(2) Be a director, policymaking management employee, or

medical staff officer of any hospital serving the same area as the area served by the district hospital.

(b) For purposes of this section, a hospital shall be considered to serve the same area as a district hospital when more than 5 percent of the hospital's inpatient admissions are residents of the hospital district.

(c) For purposes of this section, the possession of an ownership interest, including stocks, bonds, or other securities by the spouse or minor children or any person shall be deemed to be the possession or interest of the person.

(d) No person shall serve concurrently as a director of a district hospital and as a policymaking management employee of any other hospital serving the same area as the district hospital, unless the boards of directors of each of those hospitals have determined that the situation will further joint planning, efficient delivery of health care services, and the best interest of the areas served by their respective hospitals, or unless the hospitals are affiliated under common ownership, lease, or any combination thereof.

(e) No person shall serve concurrently as a policymaking management employee of a district hospital and as a director of any other hospital serving the same area as the district hospital, unless the boards of directors of each of those hospitals have determined that the situation will further joint planning, efficient delivery of health care services, and the best interest of the areas served by their respective hospitals, or unless the hospitals are affiliated under common ownership, lease, or combination thereof.

(f) Any candidate who elects to run for the office of member of the board of directors of a hospital district, and who owns stock in, or who works for any hospital which does not serve the same area served by the district in which the office is sought, shall disclose on the ballot his or her occupation and place of employment.

CHAPTER 515

An act to amend Sections 37394 and 37395 of the Government Code, relating to local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 37394 of the Government Code is amended to read:

37394. A city or city and county may lease property owned, held or controlled by it for not to exceed 55 years, if the contemplated use of the property is for off-street parking purposes. This section is

applicable to any lease executed on or after January 1, 1986.

SEC. 2. Section 37395 of the Government Code is amended to read:

37395. A city may lease for not to exceed 55 years property owned, held, or controlled by it, or any of its departments, for commercial development for business purposes, when the governing body determines by ordinance or resolution that the property is not required for other city purposes. This section is applicable to any lease executed on or after January 1, 1986.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to resolve a conflict with existing law on the length of time for which a lease on city property may be negotiated and to provide the residents in the leasing communities with the benefits from these contracts as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 516

An act to amend Sections 655 and 668 of, and to add Sections 655.1 and 655.5 to, the Harbors and Navigation Code, relating to vessels.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 655 of the Harbors and Navigation Code is amended to read:

655. (a) No person shall use any vessel or manipulate any water skis, aquaplane, or similar device in a reckless or negligent manner so as to endanger the life, limb, or property of any person. The department shall adopt regulations for the use of vessels, water skis, aquaplanes, or similar devices in a manner which will minimize the danger to life, limb, or property consistent with reasonable use of the equipment for the purpose for which it was designed.

(b) No person shall operate any vessel or manipulate any water skis, aquaplane, or similar device while under the influence of intoxicating liquor, any drug, or the combined influence of intoxicating liquor and any drug.

(c) No person shall operate any vessel or manipulate any water skis, aquaplane, or similar device who has 0.10 percent or more, by weight, of alcohol in his or her blood.

(d) No person shall operate any vessel, or manipulate any water skis, aquaplane, or similar device who is addicted to the use of any drug. This subdivision does not apply to a person who is participating

in a methadone maintenance treatment program approved pursuant to Article 3 (commencing with Section 4350) of Chapter 1 of Part 1 of Division 4 of the Welfare and Institutions Code.

(e) No person shall operate any vessel or manipulate any water skis, aquaplane, or similar device while under the influence of intoxicating liquor, any drug, or under the combined influence of intoxicating liquor and any drug, and while so operating, do any act forbidden by law, or neglect any duty imposed by law in the use of the vessel, water skis, aquaplane, or similar device, which act or neglect proximately causes bodily injury to any person other than himself or herself.

(f) For purposes of this section, percent, by weight, of alcohol shall be based upon grams of alcohol per 100 milliliters of blood.

In any prosecution under subdivision (c), it is a rebuttable presumption that the person had 0.10 percent or more, by weight, of alcohol in his or her blood at the time of operation of a vessel if the person had 0.10 percent or more, by weight, of alcohol in his or her blood at the time of the performance of a chemical test within three hours after the operation.

(g) Upon the trial of any criminal action, or preliminary proceeding in a criminal action, arising out of acts alleged to have been committed by any person while operating a vessel or manipulating any water skis, aquaplane, or similar device under the influence of an alcoholic beverage in violation of subdivision (b) or (e), the amount of alcohol in the person's blood at the time of the test, as shown by chemical analysis of that person's blood, breath, or urine, shall give rise to the following presumptions affecting the burden of proof:

(1) If there was at that time less than 0.05 percent, by weight, of alcohol in the person's blood, it shall be presumed that the person was not under the influence of an alcoholic beverage at the time of the alleged offense.

(2) If there was at that time 0.05 percent or more, but less than 0.10 percent, by weight, of alcohol in the person's blood, that fact shall not give rise to any presumption that the person was or was not under the influence of an alcoholic beverage, but the fact may be considered with other competent evidence in determining whether the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(3) If there was at that time 0.10 percent or more, by weight, of alcohol in the person's blood, it shall be presumed that the person was under the influence of an alcoholic beverage at the time of the alleged offense.

(h) This section does not limit the introduction of any other competent evidence bearing upon the question whether the person ingested any alcoholic beverage or was under the influence of an alcoholic beverage at the time of the alleged offense.

SEC. 2. Section 655.1 is added to the Harbors and Navigation Code, to read:

655.1. (a) As used in this section, "mechanically propelled vessel" means any vessel actively propelled by machinery, whether or not the machinery is the principal source of propulsion.

(b) A peace officer, having reasonable cause to believe that any person was operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, who lawfully arrests the person for any violation of subdivision (b), (c), (d), or (e) of Section 655, may request that person to submit to chemical testing of his or her blood, breath, or urine for the purpose of determining the drug or alcoholic content of the blood. The arrested person shall be informed that a refusal to submit to, or failure to complete, the required chemical testing may be used against the person in a court of law and that the court may impose increased penalties for that refusal or failure, upon conviction.

(c) (1) If the person is lawfully arrested for operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of an alcoholic beverage and submits to the chemical testing, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the person shall be advised by the arresting officer that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall then have the choice of submitting to and completing any of the remaining test or tests, and the officer shall advise the person that he or she has that choice.

(2) If the person is lawfully arrested for operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of any drug or the combined influence of an alcoholic beverage and any drug and submits to the chemical testing, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(d) The arresting officer shall advise a person submitting to chemical testing under this section that he or she does not have the right to have an attorney present before stating whether he or she will submit to the chemical testing, before deciding which test or tests to take, or during the administration of the test or tests chosen.

(e) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the arresting officer has reasonable cause to believe that the person was operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of any drug, or the combined influence of an alcoholic beverage and any drug, and if the arresting officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The arresting officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person shall have

the choice of submitting to and completing a blood or urine test, and shall be advised by the arresting officer that he or she is requested to submit to an additional test, and that he or she may choose a test of either blood or urine. If the person arrested is either incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(f) (1) A person who chooses to submit to a breath test shall be advised before or after the test that the breath-testing equipment does not retain any sample of the breath, and that no breath sample will be available after the test which could be analyzed later by the person or any other person.

(2) The person shall also be advised that, because no breath sample is retained, the person will be given an opportunity to provide a blood or urine sample that will be retained at no cost to the person so that there will be something retained that may be subsequently analyzed for the alcoholic content of the persons's blood. If the person completes a breath test and wishes to provide a blood or urine sample to be retained, the sample shall be collected and retained in the same manner as if the person had chosen a blood or urine test initially.

(3) The person shall also be advised that the blood or urine sample may be tested by either party in any criminal prosecution. The failure of either party to perform this test shall place no duty upon the opposing party to perform the test nor affect the admissibility of any other evidence of the drug or alcoholic content of the blood of the person arrested.

(g) If the person is lawfully arrested for any offense allegedly committed in violation of subdivision (b), (c), (d), or (e) of Section 655, and because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of submitting to those tests which are available at the facility to which that person has been transported. In this event, the arresting officer shall advise the person of those tests which are available at the medical facility, and that the person's choice is limited to those tests which are available.

(h) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal may be subjected to chemical testing of his or her blood, breath, or urine for the purpose of determining the drug or alcoholic content of the blood, whether or not the person is informed that a refusal to submit to, or failure to complete, the required chemical testing may be used against the person in a court of law, and that the court may impose increased penalties upon conviction.

(i) Any person who is afflicted with hemophilia is exempt from the blood test provided for in this section.

(j) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test provided for in this section.

(k) A person lawfully arrested for any offense allegedly committed while the person was operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device in violation of subdivision (b), (c), (d), or (e) of Section 655 may request the arresting officer to have a chemical test made of his or her blood, breath, or urine for the purpose of determining the drug or alcoholic content of the blood and, if so requested, the arresting officer shall have the test performed.

(*l*) Any chemical test of blood, breath, or urine to determine the percentage, by weight, of alcohol in the blood shall be performed in accordance with Section 23158 of the Vehicle Code.

(m) Nothing in this section limits the authority of a peace officer to gather evidence from a person lawfully arrested for a violation of subdivision (b), (c), (d), or (e) of Section 655.

SEC. 3. Section 655.5 is added to the Harbors and Navigation Code, to read:

655.5. (a) Whenever a person convicted of any violation of subdivision (b), (c), (d), or (e) of Section 655 is found by the court to have willfully refused the request of a peace officer to submit to chemical testing of the blood, breath, or urine pursuant to Section 655.1, the court may impose enhanced penalties either by fine or imprisonment, or both, not to exceed the maximum of the penalties prescribed in Section 668.

(b) A willful refusal to submit to chemical testing pursuant to subdivision (a) shall be pled and proven.

SEC. 4. Section 668 of the Harbors and Navigation Code is amended to read:

668. (a) Any person who violates any provision of Section 652, 654, 654.05, 654.06, 655.2, 655.3, 659, or 663.6, or any regulations adopted by the department pursuant thereto, is guilty of a misdemeanor and shall be subject to a fine of not to exceed one hundred dollars ($100) or imprisonment in the county jail for not to exceed five days, or both, for each violation.

(b) Any person who violates any provision of subdivision (a) or (b) of Section 658 is guilty of a misdemeanor and shall be subject to a fine of not to exceed two hundred dollars ($200) for each violation.

(c) Any person who violates any provision of Section 652.5, subdivision (a) of Section 655, Section 656, or subdivision (d) or (e) of Section 658, or any special rules and regulations adopted by the department pursuant to the provisions of subdivision (b) or (c) of Section 660, is guilty of a misdemeanor and shall be subject to a fine of not to exceed one thousand dollars ($1,000) or imprisonment in the county jail for not to exceed six months, or both, for each violation.

(d) Any person convicted of a first violation of subdivision (b), (c), or (d) of Section 655 shall be subject to a fine of not to exceed one thousand dollars ($1,000), or imprisonment in the county jail for not to exceed six months, or both.

(e) Any person convicted of a second or subsequent violation of

subdivision (b), (c), or (d) of Section 655 within five years of the first conviction shall be subject to a fine of not to exceed one thousand dollars ($1,000), or imprisonment in the county jail for not to exceed one year, or both.

(f) Any person convicted of a violation of subdivision (e) of Section 655 shall be punished by imprisonment in the state prison, or in the county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(g) If any person is convicted of a violation of subdivision (e) of Section 655 within five years of a prior conviction of a violation of subdivision (b), (c), or (d) of Section 655 and is granted probation, it shall be a condition of probation that the person be confined in the county jail for not less than five days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If any person is convicted of a violation of subdivision (e) of Section 655 within five years of a prior conviction of a violation of subdivision (e) of Section 655 and is granted probation, it shall be a condition of probation that the person be confined in the county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(h) The court may not absolve a person who is convicted of a violation of subdivision (e) of Section 655 within five years of a prior conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 from the minimum time in confinement provided in this section, and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (i).

(i) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a prior conviction of an offense under subdivision (b), (c), (d), or (e) of Section 655 for purposes of sentencing in order to avoid imposing, as part of the sentence or term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a prior conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a prior conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

SEC. 5. If both this bill and AB 2781 are enacted and become effective on or before January 1, 1987, and each bill amends Section 668 of the Harbors and Navigation Code, Section 4 of this bill shall not become operative regardless of the order of chaptering. It is the intent of the Legislature, in that case, that Section 668 of the Harbors and Navigation Code, as amended by AB 2781, be given effect.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district

will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 517

An act to add Section 26230 to the Government Code, relating to county underground utility districts.

[Approved by Governor July 24, 1986 Filed with Secretary of State July 24, 1986.]

26230. As a means of implementing a county underground utility ordinance adopted to remove existing overhead utility lines and to require property owners served by the lines, to prepare their properties to accept underground utility lines, counties may provide by ordinance that if any property owner, after due notice, refuses to comply within a reasonable time to effect the removal or preparation in accordance with the applicable rules of the utility involved the county may cause the work to be done and assess the costs of the work against the property and that the assessment shall become a lien against the property. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for these taxes. All laws applicable to the levy, collection, and enforcement of county ad valorem taxes shall be applicable to the assessment.

(c) A violation of this section is punishable by a fine of not less than seven hundred dollars ($700) and not more than one thousand dollars ($1,000), which fine shall be in addition to any other punishment imposed for a violation of this section.

SEC. 2. Section 7099.10 is added to the Business and Professions Code, to read:

7099.10. (a) If, upon investigation, the registrar has probable cause to believe that a licensee, an applicant for a license, or an unlicensed individual acting in the capacity of a contractor who is not otherwise exempted from the provisions of this chapter, has violated Section 7026.7 by advertising for construction or work of improvement covered by this chapter in an alphabetical or classified directory, without being properly licensed, the registrar may issue a citation under Section 7099 containing an order of correction which requires the violator to cease the unlawful advertising and to notify the telephone company furnishing services to the violator to disconnect the telephone service furnished to any telephone number contained in the unlawful advertising.

(b) If the person to whom a citation is issued under subdivision (a) notifies the registrar that he or she intends to contest the citation, the registrar shall afford an opportunity for a hearing, as specified in Section 7099.5, within 90 days after receiving the notification.

(c) If the person to whom a citation and order of correction is issued under subdivision (a) fails to comply with the order of correction after the order is final, the registrar shall inform the Public Utilities Commission of the violation, and the Public Utilities Commission shall require the telephone corporation furnishing services to that person to disconnect the telephone service furnished to any telephone number contained in the unlawful advertising.

(d) The good faith compliance by a telephone corporation with an order of the Public Utilities Commission to terminate service issued pursuant to this section shall constitiute a complete defense to any civil or criminal action brought against the telephone corporation arising from the termination of service.

CHAPTER 519

An act to amend Section 664 of, and to add Section 21a to, the Penal Code, relating to crimes.

[Approved by Governor July 24, 1986 Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 21a is added to the Penal Code, to read:

21a. An attempt to commit a crime consists of two elements: a specific intent to commit the crime, and a direct but ineffectual act done toward its commission.

SEC. 2. Section 664 of the Penal Code is amended to read:

664. Every person who attempts to commit any crime, but fails, or is prevented or intercepted in the perpetration thereof, is punishable, where no provision is made by law for the punishment of such attempts, as follows:

1. If the offense so attempted is punishable by imprisonment in the state prison, the person guilty of such attempt is punishable by imprisonment in the state prison for one-half the term of imprisonment prescribed upon a conviction of the offense so attempted; provided, however, that if the crime attempted is willful, deliberate, and premeditated murder, as defined in Section 189, the person guilty of that attempt shall be punishable by imprisonment in the state prison for life with the possibility of parole; provided, further, that if the crime attempted is any other one in which the maximum sentence is life imprisonment or death the person guilty of the attempt shall be punishable by imprisonment in the state prison for a term of five, seven, or nine years. The additional term provided in this section for attempted willful, deliberate, and premeditated murder shall not be imposed unless the fact that the attempted murder was willful, deliberate, and premeditated is charged in the accusatory pleading and admitted or found to be true by the trier of fact.

2. If the offense so attempted is punishable by imprisonment in a county jail, the person guilty of such attempt is punishable by imprisonment in a county jail for a term not exceeding one-half the term of imprisonment prescribed upon a conviction of the offense so attempted.

3. If the offense so attempted is punishable by a fine, the offender convicted of that attempt is punishable by a fine not exceeding one-half the largest fine which may be imposed upon a conviction of the offense so attempted.

An act to amend Section 25143.6 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25143.6 of the Health and Safety Code is amended to read:

25143.6. (a) The department shall not classify as a hazardous waste, for purposes of disposal, any waste which results from the shredding of automobile bodies, household appliances, and sheet metal, if the producer of that waste demonstrates, and the department determines, that the waste will not pose a threat to human health or water quality if disposed of in a qualified Class III landfill, as specified in Section 2533 of Title 23 of the California Administrative Code, which is listed by a California regional water quality control board pursuant to subdivision (b). In making its determination that a producer's waste will not pose a threat to human health or water quality, the department shall use, as its standards, the criteria and procedures specified in Chapter 30 (commencing with Section 60001) of Division 4 of Title 22 of the California Administrative Code, for the identification of hazardous waste.

The department shall also, in making this determination, incorporate any relevant waste discharge requirements or other orders issued by the State Water Resources Control Board or a California regional water quality control board implementing applicable water quality plans, policies, or rules and regulations adopted or approved by the State Water Resources Control Board pursuant to Division 7 (commencing with Section 13000) of the Water Code.

The department shall make its determination within 105 days of receipt of the information which is the basis of the demonstration from the producers.

The waste producer whose waste is so classified by the department shall provide the information which was the basis of the demonstration once a year and whenever a substantial change occurs in the mix of materials constituting the shredder feed. The producer shall also certify, in writing, to the department, that the producer has in place an ongoing program for inspection and removal of all automobile batteries, mufflers, and tailpipes from the shredder feed.

(b) The following California regional water quality control boards shall prepare a list of Class III landfills, as specified in Section 2533 of Title 23 of the California Administrative Code, including at least one landfill in each specified water quality control region which

is authorized to accept and dispose of the waste specified in subdivision (a): San Francisco Bay Region, Central Valley Region, Los Angeles Region, Santa Ana Region, and San Diego Region.

(c) Nothing in this section limits or abridges the powers or duties of the State Water Resources Control Board and any California regional water quality control board pursuant to Division 7 (commencing with Section 13000) of the Water Code.

(d) The classification of the waste specified in subdivision (a) as nonhazardous for the purposes of disposal shall not affect the status of that waste as a hazardous waste pursuant to any other statute and regulation, including those governing storage, transportation, manifests, and the payment of any hazardous waste disposal fees and taxes.

(e) This section does not authorize the disposal of hazardous waste in a Class III landfill if the waste was produced as the result of a remedial action at a site listed pursuant to Section 25356, unless the department determines that the waste is substantially the same as the waste specified in subdivision (a).

(f) This section does not require an operator of a Class III landfill to accept, for disposal, any waste classified by the department as nonhazardous pursuant to subdivision (a).

(g) This section does not prohibit any operator of a Class III landfill from charging a disposal rate for any waste classified as nonhazardous by the department pursuant to subdivision (a) which is proportionate to the costs necessary to modify the landfill to meet applicable water quality standards.

(h) This section shall remain in effect until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.

CHAPTER 521

SECTION 1. Section 18602 of the Business and Professions Code is amended to read:

18602. There is in the Department of Consumer Affairs the State Athletic Commission, which consists of eight members. Six members shall be appointed by the Governor; one member shall be appointed by the Senate Rules Committee, and one member shall be appointed by the Speaker of the Assembly.

The members of the commission appointed by the Governor are

subject to confirmation by the Senate pursuant to Section 1322 of the Government Code.

No person who is licensed under this chapter as a promoter, manager, or judge may be appointed or reappointed to, or serve on, the commission.

CHAPTER 522

An act to amend Section 13352.5 of, and to repeal and add Section 23206.5 of, the Vehicle Code, relating to driving offenses, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that, in enacting Section 23206.5 of the Vehicle Code by Chapter 1475 of the Statutes of 1985, the Legislature intended to conform state law to the Title 408 grant program conditions (23 C.F.R. Sec. 1309.1 et seq.) and not to provide an alternative sentencing or probation condition to the requirements of Article 2 (commencing with Section 23152) of Chapter 12 of Division 11 of the Vehicle Code.

SEC. 2. Section 13352.5 of the Vehicle Code is amended to read:

13352.5. (a) Unless ordered to do so by the court upon a finding that the terms and conditions of probation were violated, the department shall not suspend, pursuant to paragraph (3) of subdivision (a) of Section 13352, but shall restrict the privilege of any person to operate a motor vehicle upon a conviction or finding that the person violated Section 23152, but only if the court has certified to the department that the court has granted probation to the person on conditions which include the conditions specified in subdivision (b) of Section 23166 and the court has restricted the privilege to operate a motor vehicle as provided in that subdivision.

(b) Unless ordered to do so by the court upon a finding that the terms and conditions of probation were violated, the department shall not revoke, pursuant to paragraph (4) of subdivision (a) of Section 13352, but shall suspend for one year and, thereafter, restrict for two additional years, the privilege of any person to operate a motor vehicle upon a conviction or finding that the person violated Section 23153, but only if the court has certified to the department that the court has granted probation to the person on conditions which include the conditions specified in subdivision (b) of Section 23186, and the court has ordered the department to suspend the privilege to operate a motor vehicle as provided in that subdivision.

(c) The restriction of the driving privilege under subdivision (a) shall become effective 30 days from the date on which the person

consented to participate in the program specified in subdivision (a), excluding any time of imprisonment ordered by the court, but only if the person presents evidence satisfactory to the department that he or she is participating in the program specified in subdivision (b) of Section 23166 and pays fees to the department of fifteen dollars ($15) upon application for the restricted license and twenty dollars ($20) upon completion of the treatment program or upon application for an unrestricted license, whichever is sooner. If the person fails to apply for a restricted license or if the person fails to show evidence of participation within 30 days, excluding the time of imprisonment ordered by the court, the department shall suspend the driving privilege of the person for the time prescribed in paragraph (3) of subdivision (a) of Section 13352.

(d) The restriction of the driving privilege under subdivision (b) shall become effective 30 days from the end of the period of suspension, but only if the person presents evidence satisfactory to the department that he or she is participating in the program specified in subdivision (b) of Section 23186 and pays fees to the department of fifteen dollars ($15) upon application for the restricted license and twenty dollars ($20) upon completion of the treatment program or upon application for an unrestricted license, whichever is sooner. If the person fails to apply for a restricted license or if the person fails to show evidence of participation within 30 days from the end of the period of suspension, excluding any time of imprisonment ordered by the court to be served after the end of the period of suspension, the department shall revoke the driving privilege of the person for the time prescribed in paragraph (4) of subdivision (a) of Section 13352.

(e) The driving privilege restricted under subdivision (a) or (b) shall be limited to the hours for driving to and from the place of employment and during the course of employment and driving to and from activities required in an alcohol treatment program specified in subdivision (b) of Section 23166 or subdivision (b) of Section 23186. The department may set forth the times and days of restricted operation established by the court either on a special restricted license or upon the usual license form. The restriction shall continue in full force and effect until the person presents evidence satisfactory to the department that the person has completed the alcohol treatment program and has given proof of ability to respond in damages as defined in Section 16430. Except as provided in Section 23168, in no event shall the length of the restriction for a person subject to subdivision (a) be less than the total time of restriction specified in subdivision (b) of Section 23166. In no event shall the total time of suspension and restriction for a person subject to subdivision (b) be less than the applicable period of revocation under paragraph (4) of subdivision (a) of Section 13352.

(f) Except as provided in this subdivision, the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352, 60 days from

the date that the department notifies the person and the court of the intended action pursuant to subdivision (a) of Section 11837.1 of the Health and Safety Code, or the date ending the additional time ordered by the court under this subdivision, whichever is later. If the person presents evidence satisfactory to the department that the court of jurisdiction has consented to the person's reinstatement in the program, the department shall continue in effect the restriction granted under subdivision (c), unless the person has previously been reinstated in the program on two or more occasions, in which case the department shall suspend or revoke the driving privilege for the time prescribed in paragraph (3) or (4) of subdivision (a) of Section 13352. The evidence shall be presented within 45 days of the notice from the department of the intended action or such additional time, not to exceed an additional 45 days, for the determination as is required, ordered, and transmitted to the department by the court, which additional time is not caused by any action or failure to act by the person.

(g) All abstracts of record showing a conviction that are forwarded to the department pursuant to Section 1803 shall state whether the court has granted probation to the person on conditions which include the conditions specified in subdivision (b) of Section 23166 or subdivision (b) of Section 23186 and state the date on which the person consented to participate in the program.

(h) The department, in cooperation with the State Department of Alcohol and Drug Programs, shall adopt such regulations as it deems necessary to implement this section.

(i) This section does not apply to persons whose offense occurred in a vehicle requiring a driver with a class 1 or class 2 driver's license or with a certificate specified in Section 12804.1.

SEC. 3. Section 23206.5 of the Vehicle Code is repealed.

SEC. 4. Section 23206.5 is added to the Vehicle Code, to read:

23206.5. (a) If any person is convicted of a violation of Section 23152 or 23153 and the offense was a second or subsequent offense punishable under Section 23165, 23170, 23175, or 23185, the court shall require that any term of imprisonment that is imposed include at least one period of not less than 48 consecutive hours of imprisonment, or in the alternative and notwithstanding Section 4024.2 of the Penal Code, that the person serve not less than 10 days of community service.

(b) Notwithstanding any other provision of law, except Section 2900.5 of the Penal Code, unless the court expressly finds in the circumstances that the punishment inflicted would be cruel or unusual punishment prohibited by Section 17 of Article I of the California Constitution, no court or person to whom a person is remanded for execution of sentence shall release, or permit the release of, a person from the requirements of subdivision (a), including, but not limited to, any work-release program, weekend service of sentence program, diversion or treatment program, or otherwise.

(c) For purposes of this section, "imprisonment" means confinement in a jail, in a minimum security facility, or in an inpatient rehabilitation facility, as provided in Part 1309 (commencing with Section 1309.1) of Title 23 of the Code of Federal Regulations.

(d) This section shall become operative only if, and upon the date of the certification by, the Department of Motor Vehicles to the Secretary of State that California has submitted a completed application for federal Title 408 grant programs funds pursuant to that Part 1309.

This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to conform provisions relating to driving restrictions to the changes in penalties for driving under the influence offenses made in 1985, and to clarify the meaning of Section 23206.5 of the Vehicle Code at the earliest possible time in order to prevent release of repeat drunk drivers before they have been punished pursuant to law, it is necessary that this act take effect immediately.

CHAPTER 523

An act to amend Section 4005 of the Penal Code, relating to correctional and detention facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 4005 of the Penal Code is amended to read:

4005. (a) Except as provided in subdivision (b), the sheriff shall receive, and keep in the county jail, any prisoner committed thereto by process or order issued under the authority of the United States, until he or she is discharged according to law, as if he or she had been committed under process issued under the authority of this state; provision being made by the United States for the support of the prisoner.

(b) The sheriff shall receive, and keep in the county jail, any prisoner committed thereto by process or order issued under the authority of the United States, until he or she is discharged according to law, as if he or she had been committed under process issued under the authority of this state, but only if the sheriff determines that adequate space in appropriate detention areas currently exists for this purpose. Provision shall be made by the United States for the support of the prisoner. This subdivision shall apply only in counties

where a facility operated by the United States Bureau of Prisons exists within 200 miles of the county seat.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Severe overcrowding in county jails has led to court orders ordering a reduction in the number of prisoners and the release of certain prisoners. Reduction in the number of prisoners housed in these facilities can be achieved by transferring federal prisoners to facilities operated by the United States Bureau of Prisons. Such transfers would be facilitated by this act; thus, it is necessary that this act take effect immediately.

CHAPTER 524

An act to amend Section 489 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) In a telecommunications regime increasingly marked by the development of new services, it is essential that consumers be well educated regarding the service options available to them.

(b) Frequently, regulated providers of telecommunications service have not fully represented to their customers the service options available to them.

(c) It is in the best interests of individual consumers and the economy of California that regulated providers of telecommunications service be required to fully inform their customers regarding the service options available to them.

SEC. 2. Section 489 of the Public Utilities Code is amended to read:

489. (a) The commission shall, by rule or order, require every public utility other than a common carrier to file with the commission within such time and in such form as the commission designates, and to print and keep open to public inspection, schedules showing all rates, tolls, rentals, charges, and classifications collected or enforced, or to be collected or enforced, together with all rules, contracts, privileges, and facilities which in any manner affect or relate to rates, tolls, rentals, classifications, or service. Nothing in this section shall prevent the commission from approving or fixing rates, tolls, rentals, or charges, from time to time, in excess

of or less than those shown by the schedules.

(b) The commission shall, by rule or order, require every telephone corporation operating within a service area, on first contact by a prospective subscriber and in subsequent contacts by the subscriber for the purpose of changing service, to fully inform the subscriber of the basic services available to the class of subscribers to which the subscriber belongs. For eligible residential subscribers, these services shall include universal lifeline telephone service. The subscriber shall be presented with information orally, in print form, or in computer data form, according to the means by which contact is established. If after a hearing, the commission finds that any telephone corporation has not provided prospective subscribers with the information required by this section, the commission may make an appropriate adjustment of the telephone corporation's rates or impose penalties pursuant to other provisions of law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 525

An act to amend Sections 7351 and 8651 of the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor.

[Approved by Governor July 23, 1986. Filed with Secretary of State July 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 7351 of the Revenue and Taxation Code is amended to read:

7351. (a) For the privilege of distributing motor vehicle fuel, a license tax is hereby imposed upon distributors at the rate of nine cents ($0.09) for each gallon of fuel distributed.

(b) If the federal fuel tax is reduced below the rate of nine cents ($0.09) per gallon and federal financial allocations to this state for highway and exclusive public mass transit guideway purposes are reduced or eliminated correspondingly, the tax rate imposed by this section, on and after the date of the reduction, shall be increased by an amount so that the combined state and federal tax rate equals eighteen cents ($0.18) per gallon. If any person or entity is exempt or partially exempt from the federal fuel tax at the time of a reduction, the person or entity shall continue to be so exempt under this section.

SEC. 2. Section 8651 of the Revenue and Taxation Code is amended to read:

8651. (a) An excise tax is hereby imposed at the rate of nine cents ($0.09) for each gallon of fuel used.

(b) If the federal fuel tax is reduced below the rate of fifteen cents ($0.15) per gallon and federal financial allocations to this state for highway and exclusive public mass transit guideway purposes are reduced or eliminated correspondingly, the tax rate imposed by this section, on and after the date of the reduction, shall be increased by an amount so that the combined state and federal tax rate equals twenty-four cents ($0.24) per gallon. If any person or entity is exempt or partially exempt from the federal fuel tax at the time of a reduction, the person or entity shall continue to be exempt under this section.

SEC. 3. The Legislature finds and declares that the motor vehicle fuel and use fuel license taxes rate increases, if any, which are provided for in the amendments to Sections 7351 and 8651 of the Revenue and Taxation Code made by Sections 1 and 2 of this act are the result of a transfer in the financial responsibility of providing services as contemplated by Section 3 of Article XIII B of the California Constitution and, consequently, the appropriations limit of the State of California shall be increased accordingly if and when those tax rate increases become operative.

CHAPTER 526

An act to amend Sections 69899.5, 70046.2, 73433, 73433.1, 73434, 73435, 73436, 73437, 73682, 73683, 73684, 73691, and 73692 of, to add Section 73695 to, and to repeal Section 69899.5 of, the Government Code, relating to courts.

Step 1. $29,073
Step 2. $30,528
Step 3. $32,040
Step 4. $33,642

Reporters shall initially be placed at step 1 of the salary schedule except reporters may be placed at a higher step with the approval of the county administrative officer, and shall advance one step annually upon the anniversary date of the employment. If, because of recruitment difficulties, it is necessary to appoint a court reporter at a step of the salary schedule which is above the step at which any court reporters are currently employed, all court reporters below that step will move to the higher step at the discretion of the judges of the court.

Each pro tempore reporter shall be paid one hundred eleven dollars and eighty-two cents ($111.82) for a full day on duty under order of the court. For purposes of receiving the above compensation, one or more of the following shall apply:

Where a pro tempore reporter has agreed to a one-half day assignment, the courts shall make every practicable effort to assure that the pro tempore reporter shall not be on duty for longer than four hours, unless the pro tempore reporter agrees with the court to work beyond four hours. In the latter case, the full-day pro tempore rate of one hundred eleven dollars and eighty-two cents ($111.82) shall apply.

Nothing herein shall be construed to limit the court's authority to in all instances pay a pro tempore reporter at the rate of one hundred eleven dollars and eighty-two cents ($111.82) when, in the court's judgment, said rate is necessary to obtain pro tempore reporter services for the court.

In addition to the salary herein provided, each regularly employed reporter shall accrue and be entitled to receive sick leave benefits at the rate of 3.6924 hours of sick leave with pay for each pay period or major fraction thereof, served up to an accumulative total of 156 working days. Step 1. $29,073
Step 2. $30,528
Step 3. $32,040
Step 4. $33,642

Reporters shall initially be placed at step 1 of the salary schedule except reporters may be placed at a higher step with the approval of the county administrative officer, and shall be advanced one step annually upon the anniversary date of such employment. If, because of recruitment difficulties, it is necessary to appoint a court reporter at a step of the salary schedule which is above the step at which any court reporters are currently employed, all court reporters below that step will move to the higher step at the discretion of the judges of the court. Each such reporter shall accrue and be entitled to receive sick leave benefits at the rate of 3.6924 hours of sick leave with pay for each pay period or major fraction thereof, served up to an accumulative total of 156 working days. Each such reporter shall accrue and receive vacation at the same rate as judges of such court

SEC. 11. Section 73692 of the Government Code is amended to read:

Each pro tempore reporter shall be paid one hundred eleven dollars and eighty-two cents ($111.82) for a full day on duty under order of the court. For purposes of receiving the above compensation, one or more of the following shall apply:

(1) The court has indicated in advance that the pro tempore assignment is for a full day.

(2) The pro tempore reporter was on duty for more than four hours.

Each pro tempore reporter shall be paid sixty-seven dollars and nine cents ($67.09) for one half day of duty under order of the court when (a) the court has indicated in advance that the pro tempore assignment is for a half day and the pro tempore reporter is on duty for four hours or less, generally exclusive of the noon recess; or (b) the court has indicated in advance that the pro tempore assignment is for a full day but the pro tempore reporter is on duty for four hours or less and consents to being released for the balance of the day.

Where a pro tempore reporter has agreed to a one-half day assignment, the courts shall make every practicable effort to assure that the pro tempore reporter shall not be on duty for longer than four hours, unless the pro tempore reporter agrees with the court to work beyond four hours. In the latter case, the full-day pro tempore rate of one hundred eleven dollars and eighty-two cents ($111.82) shall apply.

Nothing herein shall be construed to limit the court's authority to in all instances pay a pro tempore reporter at the rate of one hundred eleven dollars and eighty-two cents ($111.82) when, in the court's judgment, said rate is necessary to obtain pro tempore reporter services for the court.

The above payments shall upon order of the court be a charge against the general fund of the county.

SEC. 12. Section 73695 is added to the Government Code, to read:

73695. [Approved by Governor July 24, 1986. Filed with Secretary of State July 24, 1986.]

The people of the State of California do enact as follows:

13353. (a) If any person refuses the officer's request to submit to, or fails to complete, a chemical test or tests pursuant to Section 23157, upon receipt of the officer's sworn statement that the officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153 and that the person had refused to submit to, or did not complete, the test or tests after being requested by the officer, the department shall (1) suspend the person's privilege to operate a motor vehicle for a period of six months, (2) revoke the person's privilege to operate a motor vehicle for a period of two years if the person has been convicted of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153 within five years of the date of the refusal, or (3) revoke the person's privilege to operate a motor vehicle for a period of three years if the person has been convicted of two or more

separate violations of Section 23103 as specified in Section 23103.5, 23152, or 23153, or any combination thereof, within five years of the date of the refusal. The officer's sworn statement shall be submitted on a form furnished or approved by the department. The suspension or revocation shall not become effective until 10 days after the giving of written notice thereof, or until the end of any stay of the suspension or revocation, as provided for in subdivision (c) or (d).

(b) The department shall immediately notify the person in writing of the action taken and, upon the person's request in writing and within 15 days from the date of receipt of that request, shall grant the person an opportunity for a hearing in the same manner and under the same conditions as provided in Article 3 (commencing with Section 14100) of Chapter 3, except as otherwise provided in this section. For purposes of this section, the scope of the hearing shall cover the issues of whether the peace officer had reasonable cause to believe the person had been driving a motor vehicle in violation of Section 23152 or 23153, whether the person was placed under arrest, whether the person refused to submit to, or did not complete, the test or tests after being requested by a peace officer, and whether, except for the persons described in subdivision (a) of Section 23157 who are incapable of refusing, the person had been told that his or her driving privilege would be suspended or revoked if he or she refused to submit to, or did not complete, the test or tests.

(c) An application for a hearing made by the affected person within 10 days of receiving notice of the department's action shall stay the suspension or revocation by the department for a period of 15 days. The department shall, within the period of 15 days, hold a hearing in the county in which the violation occurred. If the department does not grant a hearing within 15 days, the suspension or revocation shall not take place until the person is granted a hearing and is notified of the department's action as provided in subdivision (d). If the county in which the violation occurred is also the county of the person's residence, and the person requests that the hearing be continued to a date beyond the period of 15 days, the suspension or revocation shall become effective immediately upon receipt of the department's notice that the request for continuance has been granted. If the hearing is to be held in a county other than the county of the person's residence, the department shall, upon request, grant the person a continuance of up to 15 days, and shall not suspend or revoke the license until after that time.

(d) If the department determines, upon a hearing of the matter, to suspend or revoke the affected person's privilege to operate a motor vehicle, the suspension or revocation shall not become effective until five days after receipt by the person of the department's notification of that suspension or revocation.

SEC. 6. Section 23157 of the Vehicle Code, as added by Section 3 of Chapter 1330 of the Statutes of 1985, is repealed.

SEC. 7. Section 23157 is added to the Vehicle Code, to read:

23157. (a) (1) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood, breath, or urine for the purpose of determining the alcoholic content of his or her blood, and to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23152 or 23153. The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23152 or 23153. The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine and (A) mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, (B) the suspension of the person's privilege to operate a motor vehicle for a period of six months, (C) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the person has been convicted of a separate violation of Section 23103 as specified in Section 23103.5, 23152, or 23153, within five years of the date of the refusal, or (D) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the person has been convicted of two or more separate violations of Section 23103 as specified in Section 23103.5, 23152, or 23153, or any combination thereof, within five years of the date of the refusal.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing any chosen test, the person shall submit to the person's choice of the remaining tests or test, and the officer shall advise the person that the person has that choice.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose

a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23152 or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In such an event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section 23152 or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood, breath, or urine for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

SEC. 8. The Legislature finds and declares that, through a technical error in Section 7 of Chapter 1330 of the Statutes of 1985, the provisions of that chapter which incorporate the provisions of Chapter 735 of the Statutes of 1985 into the provisions of Chapter 1330, do not become operative if that Section 7 is read literally. This result is not the intent of the Legislature. Therefore, it is the intent of this bill to correct that technical error. The Legislature further finds and declares that this bill does not change, but is declaratory

of, existing law.

SEC. 2. Section 11470 of the Health and Safety Code is amended to read:

11470. The following are subject to forfeiture:

(a) All controlled substances which have been manufactured, distributed, dispensed, or acquired in violation of this division.

(b) All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this division.

(d) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this division.

(e) The interest of any registered owner of a boat, airplane, or any vehicle other than an implement of husbandry, as defined in Section 36000 of the Vehicle Code, which has been used as an instrument to facilitate the possession for sale or sale of 14.25 grams or more of heroin, or a substance containing 14.25 grams or more of heroin, or 14.25 grams or more of a substance containing heroin, or 28.5 grams or more of Schedule I controlled substances except marijuana, peyote, or psilocybin; 10 pounds dry weight or more of marijuana, peyote, or psilocybin; or 28.5 grams or more of cocaine or methamphetamine, or a substance containing 28.5 grams or more of cocaine or methamphetamine, or 57 grams or more of a substance containing cocaine or methamphetamine, or 28.5 grams or more of Schedule II controlled substances and the defendant has been convicted of a violation of Section 11351, 11352, 11353, 11359, 11360, 11361, 11378, 11378.5, 11379, 11379.5, 11379.6, or a conspiracy to commit any such violation and the vehicle was used in the commission of the crime for which the conviction was obtained. No interest in a vehicle which may be lawfully driven on the highway with a class 3 or class 4 license, as prescribed in Section 12804 of the Vehicle Code, may be forfeited under this subdivision if there is a community property interest in the vehicle by a person other than the defendant and the vehicle is the sole class 3 or class 4 vehicle available to the defendant's immediate family.

(f) All moneys, negotiable instruments, securities, or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale, or offer to manufacture, or conspiracy to commit at least one of those offenses, all proceeds traceable to such an exchange, and all moneys,

negotiable instruments, and securities used or intended to be used to facilitate any violation of Section 11351, 11352, 11355, 11359, 11360, 11378, 11378.5, 11379, 11379.5, 11379.6, or 11382 of this code, or Section 182 of the Penal Code, insofar as the offense involves manufacture, sale, possession for sale, offer for sale, or offer to manufacture, or conspiracy to commit at least one of those offenses, provided that the individual is arrested and convicted, for any of the offenses enumerated in this subdivision, and provided further that, the exchange, violation, or other conduct which is the basis for the forfeiture occurred within five years of the arrest leading to the conviction of any of the offenses enumerated in this subdivision.

However, property which is used as a family residence or for other lawful purposes, or which is owned by two or more persons, one of whom had no knowledge of its unlawful use, shall not be subject to forfeiture.

SEC. 3. Section 11488.4 of the Health and Safety Code is amended to read:

11488.4. (a) If the Department of Justice or the local governmental entity determines that the factual circumstances do warrant that the moneys, negotiable instruments, securities, or other things of value seized come within the provisions of subdivision (e), (f), or (g) of Section 11470, the Attorney General or district attorney shall file a petition of forfeiture with the superior court of the county in which the defendant has been charged with the underlying criminal offense.

(b) The prosecuting attorney shall cause to be recorded a lis pendens on any real property alleged to be forfeitable in the petition in the county in which the property is located.

(c) Physical seizure of assets shall not be necessary in order to have that particular asset alleged to be forfeitable in a petition under this section. The prosecuting attorney may seek protective orders for any asset pursuant to Section 11492.

(d) The Attorney General or district attorney shall make service of process regarding this petition upon every individual designated in a receipt issued for the property seized. In addition, the Attorney General or district attorney shall cause a notice of the seizure and of the intended forfeiture proceeding, as well as a notice stating that any interested party may file a verified claim with the superior court of the county in which the property was seized with respect to any interest in the property seized, to be served by personal delivery or by registered mail upon any person who has an interest in the seized property other than persons designated in a receipt issued for the property seized.

(e) An investigation shall be made by the law enforcement agency as to any claimant to a vehicle, boat, or airplane whose right, title, interest, or lien is of record in the Department of Motor Vehicles or appropriate federal agency. If the law enforcement

agency finds that any person, other than the registered owner, is the legal owner thereof, and such ownership did not arise subsequent to the date and time of arrest or seizure of the vehicle, boat, or airplane, it shall forthwith send a notice of the seizure to such legal owner at his or her address appearing on the records of the Department of Motor Vehicles or appropriate federal agency.

(f) When a forfeiture action is filed, the notices shall be published once a week for three successive weeks in a newspaper of general circulation in the county where the seizure was made.

(g) All notices shall set forth the time within which a claim of interest in the property seized is required to be filed pursuant to Section 11488.5.

(h) Nothing contained in this chapter shall preclude a defendant from moving for a return of property pursuant to Section 1538.5 of the Penal Code.

(i) A defendant may move for the return of the property on the grounds that there is not probable cause to believe that the property is forfeitable pursuant to subdivision (e), (f), or (g) of Section 11470. The motion may be made at the preliminary examination or subsequent thereto. If made subsequent to the preliminary examination, the district attorney may submit the record of the preliminary hearing to establish that probable cause exists to believe that the underlying criminal violations have occurred.

Within 15 days after a defendant's motion is granted, the people may file a petition for a writ of mandate or prohibition seeking appellate review of the ruling.

(j) If the defendant is found guilty of the underlying criminal offense, the issue of forfeiture shall be tried before the same jury, if trial was by jury, or tried before the same court, if trial was by court, unless waived by all parties. At the hearing, the state or local governmental entity shall have the burden of proving beyond a reasonable doubt that the assets in question are subject to forfeiture pursuant to Section 11470.

SEC. 4. Section 11488.5 of the Health and Safety Code is amended to read:

11488.5. (a) (1) Any person claiming an interest in the property seized pursuant to Section 11488 may, at any time within 30 days from the date of the first publication of the notice of seizure, or within 10 days after receipt of actual notice, file with the superior court of the county in which the defendant has been charged with the underlying criminal offense a verified claim stating his or her interest in the property seized. A verified copy of the claim shall be given by the claimant to the Attorney General or district attorney, as appropriate.

(2) Any person who claims that the property was assigned to him or to her prior to the seizure of the property under this chapter shall file a claim with the court pursuant to Section 11488.5 declaring an interest in that property and such interest shall be adjudicated at the forfeiture hearing. The property shall remain under control of the

law enforcement or prosecutorial agency until the adjudication of the forfeiture hearing.

(3) The claim of a law enforcement agency to property seized pursuant to Section 11488 shall have priority over a claim to the seized property made by the Franchise Tax Board in a notice to withhold issued pursuant to Section 18817 or 26132 of the Revenue and Taxation Code.

(b) (1) If, at the end of the time set forth in subdivision (a), there is no claim on file, the court, upon motion, shall declare the property seized pursuant to subdivision (e), (f), or (g) of Section 11470 forfeited to the state upon conviction of a violation set forth in subdivision (e), (f), or (g) of Section 11470.

(2) The clerk of the court shall dispose of the forfeited property as set forth in Section 11489.

(c) (1) If a verified claim is filed, the forfeiture proceeding shall be set for hearing on a day not less than 30 days therefrom, and the proceeding shall have priority over other civil cases. Notice of the hearing shall be given in the same manner as provided in Section 11488.4. Such verified claim shall not be admissible in the proceedings regarding the underlying criminal offense set forth in subdivision (a) of Section 11488.

(2) The hearing shall be by jury, unless waived by consent of all parties.

(d) (1) At the hearing, the state or local governmental entity shall have the burden of establishing beyond a reasonable doubt that the owner of any interest in the seized property consented to the use of the property with knowledge that it would be or was used for a purpose for which forfeiture is permitted.

(2) No interest in the seized property shall be affected by a forfeiture decree under this section unless the state or local governmental entity has proven that the owner of such interest consented to the use of the property with knowledge that it would be or was used for the purpose charged. No forfeiture shall be ordered unless and until a conviction is had for an offense set forth in subdivision (e), (f), or (g) of Section 11470.

(e) The forfeiture hearing may be continued, and upon motion of the defendant for the underlying criminal charges shall be continued, until after a verdict of guilty on the related charges has been decided. The forfeiture hearing shall be conducted in accordance with Sections 600 to 630, inclusive, of the Code of Civil Procedure if a trial by jury, and by Sections 631 to 636, inclusive, of the Code of Civil Procedure if by court. Unless the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, the court shall order the seized property released to the person it determines is entitled thereto.

If the court or jury finds that the seized property was used for a purpose for which forfeiture is permitted, but does not find that a person claiming an interest therein, to which the court has determined he or she is entitled, had actual knowledge that the

seized property would be or was used for a purpose for which forfeiture is permitted, the court shall order the seized property released to the claimant.

(f) All seized property which was the subject of the forfeiture hearing and which was not released by the court to a claimant shall, upon motion, be declared by the court forfeited upon conviction of a violation set forth in subdivision (e), (f), or (g) of Section 11470. Except as provided in Section 11473.2, the clerk of the court shall dispose of the forfeited property as set forth in Section 11489.

(g) All seized property which was the subject of the forfeiture hearing and which was not forfeited shall remain subject to any order to withhold issued with respect to the property by the Franchise Tax Board.

SEC. 5. Section 11488.6 of the Health and Safety Code is amended to read:

11488.6. (a) If the court or jury at the forfeiture hearing finds that the property is forfeitable pursuant to subdivision (e), (f), or (g) of Section 11470, but does not find that a person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract acquired such interest with actual knowledge that the property was to be used for a purpose for which forfeiture is permitted, and the amount due such person is less than the appraised value of the property, such person may pay to the state or the local governmental entity which initiated the forfeiture proceeding the amount of the registered owner's equity, which shall be deemed to be the difference between the appraised value and the amount of the lien, mortgage, security interest, or interest under a conditional sales contract. Upon such payment, the state or local governmental entity shall relinquish all claims to the property. If the holder of the interest elects not to make such payment to the state or local governmental entity, the property shall be deemed forfeited to the state or local governmental entity and the ownership certificate shall be forwarded. The appraised value shall be determined as of the date judgment is entered on a wholesale basis either by agreement between the legal owner and the governmental entity involved, or if they cannot agree, then by the inheritance tax appraiser for the county in which the action is brought. A person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract shall be paid the appraised value of his or her interest in accordance with the provisions of Section 11489.

(b) If the amount due to a person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract is less than the value of the property and the person elects not to make payment to the governmental entity, the property, excluding vehicles identified in Section 11473.2 which a law enforcement agency may place in its own name for use in its law enforcement program, shall be sold at public auction by the Department of General Services or by the local governmental entity which shall provide notice of such sale by one publication in a newspaper

published and circulated in the city, community, or locality where the sale is to take place.

(c) The proceeds of sale pursuant to subdivision (b) shall be first distributed in accordance with the provisions of Section 11489.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prevent the further sale of controlled substances from heavily fortified houses at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 538

An act to add Section 744 to the Public Utilities Code, relating to electricity, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 21, 1986 Filed with Secretary of State August 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, in enacting this act, that the Public Utilities Commission recognize the severe economic situation now being faced by many agricultural customers in this state and that the commission consider, adopt, and immediately implement optional electric rates for those customers which will not result in increased rates for other classes of customers, including other agricultural customers, and that the benefits from any cost savings from this implementation shall accrue to these agricultural customers so as to enhance the economic well-being of all Californians by providing long-term stability for producers and consumers of farm products.

SEC. 2. Section 744 is added to the Public Utilities Code, to read:

744. (a) As used in this section, "agricultural producer" means any person or corporation whose principal purpose is the agrarian production of food or fiber.

(b) Every electrical corporation furnishing electricity to an agricultural producer shall, in addition to its regular service, prepare and file tariffs providing, where economically and technologically feasible, for optional alternative interruptible service to any agricultural producer upon reasonable notice to the agricultural producer consistent with safety of operations by the agricultural producer and providing for limits upon the frequency and duration of interruption of service which the commission finds are reasonable in relation to the needs of the electrical corporation for reductions in load to meet system peak requirements and the burdens imposed

upon the agricultural producer of reducing its operations during periods of interruption of electrical service. The commission shall establish the rate for this service at an appropriate discount from the system average rate, which shall be not less than the cost of furnishing this service.

(c) Every electrical corporation furnishing electricity to an agricultural producer shall, in addition to its regular service, prepare and file tariffs providing for an optional off-peak demand service, including the availability of time-differentiating meters or other measurement devices, to any agricultural producer providing for furnishing electricity to the agricultural producer during periods of off-peak demand and which the commission finds are reasonable in relation to the needs of the electrical corporation for reduction in demand to meet system peak requirements and the burdens imposed upon the agricultural producer of scheduling its operations to coincide with the periods of off-peak demand. The off-peak demand service tariff shall be composed of a two-part time differentiated schedule consisting of on- and off-peak rates. The commission shall establish the rate for this service at an appropriate discount from the system average rate, which shall be not less than the cost of furnishing this service.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The agricultural community is in the midst of severe economic problems at this time and in order for the benefits of this legislation to be made available in a timely manner, it is necessary that this act take effect immediately.

CHAPTER 539

An act to amend Section 4800.1 of the Civil Code, relating to family law.

[Approved by Governor August 21, 1986. Filed with Secretary of State August 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 4800.1 of the Civil Code is amended to read:

4800.1. (a) The Legislature hereby finds and declares as follows:

(1) It is the public policy of this state to provide uniformly and consistently for the standard of proof in establishing the character of property acquired by spouses during marriage in joint title form, and for the allocation of community and separate interests in that property between the spouses.

(2) The methods provided by case and statutory law have not resulted in consistency in the treatment of spouses' interests in property which they hold in joint title, but rather, have created confusion as to which law applies at a particular point in time to property, depending on the form of title, and, as a result, spouses cannot have reliable expectations as to the characterization of their property and the allocation of the interests therein, and attorneys cannot reliably advise their clients regarding applicable law.

(3) Therefore, the Legislature finds that a compelling state interest exists to provide for uniform treatment of property; thus the Legislature intends that the forms of this section and Section 4800.2, operative on January 1, 1987, shall apply to all property held in joint title regardless of the date of acquisition of the property or the date of any agreement affecting the character of the property, and that that form of this section and that form of Section 4800.2 are applicable in all proceedings commenced on or after January 1, 1984. However, the form of this section and the form of Section 4800.2 operative on January 1, 1987, are not applicable to property settlement agreements executed prior to January 1, 1987, or proceedings in which judgments were rendered prior to January 1, 1987, regardless of whether those judgments have become final.

(b) For the purpose of division of property upon dissolution of marriage or legal separation, property acquired by the parties during marriage in joint form, including property held in tenancy in common, joint tenancy, tenancy by the entirety, or as community property is presumed to be community property. This presumption is a presumption affecting the burden of proof and may be rebutted by either of the following:

(1) A clear statement in the deed or other documentary evidence of title by which the property is acquired that the property is separate property and not community property.

(2) Proof that the parties have made a written agreement that the property is separate property.

CHAPTER 540

An act to amend Sections 409, 431.10, 437c, 470, 471, 572, 585, 597, 630, 631.8, and 998 of, to add Section 587.5 to, and to repeal and add Section 581 of, the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor August 21, 1986. Filed with Secretary of State August 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 409 of the Code of Civil Procedure is amended to read:

409. (a) In an action concerning real property or affecting the title or the right of possession of real property, the plaintiff, at the time of filing the complaint, and the defendant, at the time of filing a cross-complaint, or at any time afterwards, may record in the office of the recorder of the county in which the property is situated, a notice of the pendency of the action, containing the names of the parties, and the object of the action or cross-action, and a description of the property in that county affected thereby. This section authorizes a notice of an action concerning real property pending in any United States district court to be recorded and indexed in the same manner and in the same place as herein provided with respect to notices of action pending in courts of this state. From the time of filing the notice for record only, a purchaser or encumbrancer of the property affected thereby shall be deemed to have constructive notice of the pendency of the action as it relates to the real property and only of its pendency against parties designated by their real names.

(b) In an action concerning real property or affecting the title or the right of possession of real property, the clerk, or the judge if there is no clerk, shall issue a notice of pendency of action to a party requesting it, or an attorney of record in the action may sign and issue a notice of pendency of action, or the person causing the notice of the pendency of the action to be recorded may obtain certification from the court in which the action is pending that an action concerning real property or affecting the title or the right of possession of real property has been filed between the named parties. The certification may issue ex parte. A notice of pendency of action may not be recorded, except by a public agency bringing an action in eminent domain pursuant to Title 7 (commencing with Section 1230.010) of Part 3. unless it is issued by the court, or issued by the attorney of record in the action or proceeding, or accompanied by a certified copy of the certification. The fee for issuance of the notice of pendency of action by the court, or making the certification, shall be as specified in Section 26836 of the Government Code.

(c) Except in actions brought under Title 7 (commencing with Section 1230.010) of Part 3, the person causing the notice of the pendency of the action to be recorded shall first cause a copy of the notice to be mailed, by registered or certified mail, return receipt requested to all known addresses of the adverse parties and to all owners of record as shown by the latest county assessment roll or more recent assessment information in the possession of the county assessor. A copy of the notice of the pendency of the action shall also be filed with the court in which the lawsuit is filed. Service shall also be made immediately upon each adverse party who is later brought into the action pursuant to Section 385, 387, 389, 472, 472a, 473, 474, 576, or any other provision of law.

(d) Any notice of the pendency of the action recorded pursuant to subdivision (a) shall be void and invalid as to any adverse party or owner of record, unless the requirements of subdivision (c) are met for the party or owner, and a proof of service, as set forth in Section 1013a, has been recorded with the notice of the pendency of the action. If there is no known address for service on an adverse party or owner as required under subdivision (c), then as to that party a declaration under penalty of perjury to that effect shall be recorded instead of the proof of service described above, and the service on that party shall not be required.

SEC. 2. Section 431.10 of the Code of Civil Procedure is amended to read:

431.10. (a) A material allegation in a pleading is one essential to the claim or defense and which could not be stricken from the pleading without leaving it insufficient as to that claim or defense.

(b) An immaterial allegation in a pleading is any of the following:

(1) An allegation that is not essential to the statement of a claim or defense.

(2) An allegation that is neither pertinent to nor supported by an otherwise sufficient claim or defense.

(3) A demand for judgment requesting relief not supported by the allegations of the complaint or cross-complaint.

(c) An "immaterial allegation" means "irrelevant matter" as that term is used in Section 436.

SEC. 3. Section 437c of the Code of Civil Procedure is amended to read:

437c. (a) Any party may move for summary judgment in any action or proceeding if it is contended that the action has no merit or that there is no defense thereto. The motion may be made at any time after 60 days have elapsed since the general appearance in the action or proceeding of each party against whom the motion is directed or at such earlier time after the general appearance as the court, with or without notice and upon good cause shown, may direct. Notice of the motion and supporting papers shall be served on all other parties to the action at least 28 days before the time appointed for hearing. However, if the notice is served by mail, the required 28-day period of notice shall be increased by five days if the

place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States. The motion shall be heard no later than 30 days before the date of trial, unless the court for good cause orders otherwise. The filing of the motion shall not extend the time within which a party must otherwise file a responsive pleading.

(b) The motion shall be supported by affidavits, declarations, admissions, answers to interrogatories, depositions and matters of which judicial notice shall or may be taken. The supporting papers shall include a separate statement setting forth plainly and concisely all material facts which the moving party contends are undisputed. Each of the material facts stated shall be followed by a reference to the supporting evidence. The failure to comply with this requirement of a separate statement may in the court's discretion constitute a sufficient ground for denial of the motion.

Any opposition to the motion shall be served and filed not less than 14 days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise. The opposition, where appropriate, shall consist of affidavits, declarations, admissions, answers to interrogatories, depositions, and matters of which judicial notice shall or may be taken. The opposition papers shall include a separate statement which responds to each of the material facts contended by the moving party to be undisputed, indicating whether the opposing party agrees or disagrees that those facts are undisputed. The statement also shall set forth plainly and concisely any other material facts which the opposing party contends are disputed. Each material fact contended by the opposing party to be disputed shall be followed by a reference to the supporting evidence. Failure to comply with this requirement of a separate statement may constitute a sufficient ground, in the court's discretion, for granting the motion.

Any reply to the opposition shall be served and filed by the moving party not less than five days preceding the noticed or continued date of hearing, unless the court for good cause orders otherwise.

Evidentiary objections not made either in writing or orally at the hearing shall be deemed waived.

The provisions of Section 1005 and the provisions of subdivision (a) of Section 1013, extending the time within which a right may be exercised or an act may be done, do not apply to this section.

(c) The motion for summary judgment shall be granted if all the papers submitted show that there is no triable issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. In determining whether the papers show that there is no triable issue as to any material fact the court shall consider all of the evidence set forth in the papers, except that to which objections have been made and sustained by the court, and all inferences reasonably deducible from the evidence, except summary judgment shall not be granted by the court based on inferences reasonably deducible from

the evidence, if contradicted by other inferences or evidence, which raise a triable issue as to any material fact.

(d) Supporting and opposing affidavits or declarations shall be made by any person on personal knowledge, shall set forth admissible evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein.

(e) If a party is otherwise entitled to a summary judgment pursuant to the provisions of this section, summary judgment shall not be denied on grounds of credibility or for want of cross-examination of witnesses furnishing affidavits or declarations in support of the summary judgment, except that summary judgment may be denied in the discretion of the court, where the only proof of a material fact offered in support of the summary judgment is an affidavit or declaration made by an individual who was the sole witness to that fact; or where a material fact is an individual's state of mind, or lack thereof, and that fact is sought to be established solely by the individual's affirmation thereof.

(f) A party may move for summary adjudication of issues, either by itself or as an alternative to summary judgment. If it appears that the proof supports the granting of the motion for summary adjudication as to some but not all the issues involved in the action, or that one or more of the issues raised by a claim is admitted, or that one or more of the issues raised by a defense is conceded, the court shall, by order, specify that those issues are without substantial controversy. Moreover, upon a motion for summary adjudication, the court shall, by written order or oral order recorded verbatim, specify those issues raised by the motion for summary adjudication as to which there exists a material, triable controversy, and shall specifically refer to the evidence which establishes a triable issue of fact regarding each of those issues. At the trial of the action the issue so specified shall be deemed established and the action shall proceed as to the issues remaining.

(g) Upon the denial of a motion for summary judgment, on the ground that there is a triable issue as to one or more material facts, the court shall, by written or oral order, specify one or more material facts raised by the motion as to which the court has determined there exists a triable controversy. This determination shall specifically refer to the evidence proffered in support of and in opposition to the motion which indicates that a triable controversy exists. The court shall also state its reasons for any other determination. The court shall record its determination by court reporter or written order.

(h) If it appears from the affidavits submitted in opposition to a motion for summary judgment or summary adjudication or both that facts essential to justify opposition may exist but cannot, for reasons stated, then be presented, the court shall deny the motion, or order a continuance to permit affidavits to be obtained or discovery to be had or may make any other order as may be just.

(i) If the court determines at any time that any of the affidavits are presented in bad faith or solely for purposes of delay, the court

shall order the party presenting the affidavits to pay the other party the amount of the reasonable expenses which the filing of the affidavits caused the other party to incur.

(j) Except where a separate judgment may properly be awarded in the action, no final judgment shall be entered on a motion for summary judgment prior to the termination of the action, but the final judgment shall, in addition to any matters determined in the action, award judgment as established by the summary proceeding herein provided for.

(k) In actions which arise out of an injury to the person or to property, when a motion for summary judgment was granted on the basis that the defendant was without fault, no other defendant during trial, over plaintiff's objection, may attempt to attribute fault to or comment on the absence or involvement of the defendant who was granted the motion.

(*l*) A summary judgment entered under this section is an appealable judgment as in other cases. Upon entry of any order pursuant to this section except the entry of summary judgment, a party may, within 10 days after service upon him or her of a written notice of entry of the order, or within such further time not exceeding 20 days as the trial court may for good cause allow, petition an appropriate reviewing court for a peremptory writ. If the notice is served by mail, the period within which to file the petition shall be increased by five days if the place of address is within the State of California, 10 days if the place of address is outside the State of California but within the United States, and 20 days if the place of address is outside the United States.

(m) Nothing in this section shall be construed to extend the period for trial provided by Section 1170.5.

(n) The provisions of subdivisions (a) and (b) shall not apply to actions brought pursuant to Chapter 4 (commencing with Section 1159) of Title 3 of Part 3.

SEC. 4. Section 470 of the Code of Civil Procedure is amended to read:

470. Where the variance is not material, as provided in Section 469 the court may direct the fact to be found according to the evidence, or may order an immediate amendment, without costs.

SEC. 5. Section 471 of the Code of Civil Procedure is amended to read:

471. Where, however, the allegation of the claim or defense to which the proof is directed, is unproved, not in some particular or particulars only, but in its general scope and meaning, it is not to be deemed a case of variance, within the meaning of Sections 469 and 470, but a failure of proof.

SEC. 6. Section 572 of the Code of Civil Procedure is amended to read:

572. When it is admitted by the pleadings, or shown upon the examination of a party to the action, that he or she has in his or her possession, or under his or her control, any money or other thing

capable of delivery, which, being the subject of litigation, is held by him or her as trustee for another party, or which belongs or which is due to another party or which should, under the circumstances of the case be held by the court pending final disposition of the action, the court may order the same, upon motion, to be deposited in court or delivered to such party, upon those conditions that may be just, subject to the further direction of the court.

SEC. 7. Section 581 of the Code of Civil Procedure is repealed.

SEC. 8. Section 581 is added to the Code of Civil Procedure, to read:

581. (a) As used in this section:

(1) "Action" means any civil action or special proceeding.

(2) "Complaint" means a complaint and a cross-complaint.

(3) "Court" means the court in which the action is pending.

(4) "Defendant" includes a cross-defendant.

(5) "Plaintiff" includes a cross-complainant.

(6) "Trial." A trial shall be deemed to actually commence at the beginning of the opening statement or argument of any party or his or her counsel, or if there is no opening statement, then at the time of the administering of the oath or affirmation to the first witness, or the introduction of any evidence.

(b) An action may be dismissed in any of the following instances:

(1) With or without prejudice, upon written request of the plaintiff to the clerk, filed with papers in the case, or by oral or written request to the court at any time before the actual commencement of trial, upon payment of the costs, if any.

(2) With or without prejudice, by any party upon the written consent of all other parties.

(3) By the court, without prejudice, when no party appears for trial following 30 days notice of time and place of trial.

(4) By the court, without prejudice, when dismissal is made pursuant to the applicable provisions of Chapter 1.5 (commencing with Section 583.110).

(5) By the court, without prejudice, when either party fails to appear on the trial and the other party appears and asks for dismissal.

(c) A plaintiff may dismiss his or her complaint, or any cause of action asserted in it, in its entirety, or as to any defendant or defendants, with or without prejudice prior to the actual commencement of trial.

(d) Except as otherwise provided in subdivision (e), the court shall dismiss the complaint, or any cause of action asserted in it, in its entirety or as to any defendant, with prejudice, when upon the trial and before the final submission of the case, the plaintiff abandons it.

(e) After the actual commencement of trial, the court shall dismiss the complaint, or any causes of action asserted in it, in its entirety or as to any defendants, with prejudice, if the plaintiff requests a dismissal, unless all parties to the trial consent to dismissal without prejudice or by order of the court dismissing the same

without prejudice on a showing of good cause.

(f) The court shall dismiss the complaint as to that defendant when:

(1) Except where Section 597 applies, after a demurrer to the complaint is sustained without leave to amend and either party moves for dismissal.

(2) Except where Section 597 applies, after a demurrer to the complaint is sustained with leave to amend, the plaintiff fails to amend it within the time allowed by the court and either party moves for dismissal.

(3) After a motion to strike the whole of a complaint is granted without leave to amend and either party moves for dismissal.

(4) After a motion to strike the whole of a complaint or portion thereof is granted with leave to amend the plaintiff fails to amend it within the allowed time by the court and either party moves for dismissal.

(g) The court may dismiss without prejudice the complaint in whole, or as to that defendant, when dismissal is made under the applicable provisions of Chapter 1.5 (commencing with Section 583.110).

(h) No dismissal of an action may be made or entered, or both, under paragraph (1) of subdivision (b) where affirmative relief has been sought by the cross-complaint of a defendant or if there is a motion pending for an order transferring the action to another court under the provisions of Section 396b.

(i) No dismissal may be made or entered, or both, under paragraph (1) or (2) of subdivision (b) except upon the written consent of the attorney for the party or parties applying therefor, or if consent of the attorney is not obtained, upon order of dismissal by the court after notice to the attorney.

(j) No action may be dismissed which has been determined to be a class action under the provisions of this code unless and until notice that the court deems adequate has been given and the court orders the dismissal.

(k) The court may dismiss, without prejudice, the complaint in whole, or as to that defendant when either party fails to appear at the trial and the other party appears and asks for the dismissal.

SEC. 9. Section 585 of the Code of Civil Procedure is amended to read:

585. Judgment may be had, if the defendant fails to answer the complaint, as follows:

(a) In an action arising upon contract or judgment for the recovery of money or damages only, if the defendant has, or if more than one defendant, if any of the defendants have, been served, other than by publication, and no answer, demurrer, notice of motion to strike (of the character hereinafter specified), notice of motion to transfer pursuant to Section 396b, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10, or notice of the filing of a petition for writ of mandate as provided

in Section 418.10 has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may be allowed, the clerk, or the judge if there is no clerk, upon written application of the plaintiff, and proof of the service of summons, shall enter the default of the defendant or defendants, so served, and immediately thereafter enter judgment for the principal amount demanded in the complaint or a lesser amount if credit has been acknowledged, together with interest allowed by law or in accordance with the terms of the contract, and the costs against the defendant, or defendants, or against one or more of the defendants. If, by rule of court, a schedule of attorneys' fees to be allowed has been adopted, the clerk may include in the judgment attorneys' fees in accordance with such schedule (1) if the contract provides that attorneys' fees shall be allowed in the event of an action thereon, or (2) if the action is one in which the plaintiff is entitled by statute to recover attorneys' fees in addition to money or damages. The plaintiff shall have the right, however, upon filing a written request at the time of application for entry of the default of the defendant or defendants, to have attorneys' fees fixed by the court, whereupon, after the entry of the default, the court shall hear the application for determination of the attorneys' fees and shall render judgment for such fees and for the other relief demanded in the complaint, or a lesser amount if credit has been acknowledged, and the costs against the defendant, or defendants, or against one or more of the defendants.

(b) In other actions, if the defendant has been served, other than by publication, and no answer, demurrer, notice of motion to strike (of the character hereinafter specified), notice of motion to transfer pursuant to Section 396b, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10 or notice of the filing of a petition for writ of mandate as provided in Section 418.10 has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may be allowed, the clerk, or the judge if there is no clerk, upon written application of the plaintiff, shall enter the default of the defendant. The plaintiff thereafter may apply to the court for the relief demanded in the complaint; the court shall hear the evidence offered by the plaintiff, and shall render judgment in his or her favor for such sum (not exceeding the amount stated in the complaint), as appears by such evidence to be just. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. If the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved by a reference as above provided.

(c) In all actions where the service of the summons was by

publication the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer, demurrer, notice of motion to strike (of the character hereinafter specified), notice of motion to transfer pursuant to Section 396b, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10, or notice of the filing of a petition for writ of mandate as provided in Section 418.10 has been filed, apply in writing for judgment. The court shall thereupon require proof to be made of the allegations of the complaint; and if the defendant is not a resident of the state, shall require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to anyone for his or her use, on account of any demand mentioned in the complaint, and may render judgment for the amount which he or she is entitled to recover. In all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless such occupancy shall have continued for the time and shall have been of the character necessary to confer title by prescription. In all cases where the plaintiff bases his or her claim upon a paper title, the court shall require evidence establishing plaintiff's equitable right to judgment before rendering judgment. In actions involving only the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will, or succession, but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant.

A notice of motion to strike within the meaning of this section is a notice of motion to strike the whole or any part of a pleading filed within the time which the moving party is required otherwise to plead to such pleading. The notice of motion to strike shall specify a hearing date set in accordance with Section 1005. The filing of such notice of motion does not extend the time within which to demur.

(d) In the cases referred to in subdivisions (b) and (c), or upon an application to have attorneys' fees fixed by the court pursuant to subdivision (a), the court in its discretion may permit the use of affidavits, in lieu of personal testimony, as to all or any part of the evidence or proof required or permitted to be offered, received, or heard in such cases. The facts stated in such affidavit or affidavits shall be within the personal knowledge of the affiant and shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto.

(e) If a defendant files a cross-complaint against another defendant or the plaintiff, a default may be entered against that party on that cross-complaint if the plaintiff or that cross-defendant has been served with that cross-complaint and he or she has failed to file an answer, demurrer, notice of motion to strike of the character specified in subdivision (c), notice of motion to transfer

pursuant to Section 396b, notice of motion to quash service of summons or to stay or dismiss the action pursuant to Section 418.10, or notice of the filing of a petition for a writ of mandate as provided in Section 418.10 within the time specified in the summons, or such other time as may be allowed. However, no judgment may separately be entered on that cross-complaint unless a separate judgment may, in fact, be properly awarded on that cross-complaint and the court finds that a separate judgment on that cross-complaint would not substantially delay the final disposition of the action between the parties.

SEC. 10. Section 587.5 is added to the Code of Civil Procedure, to read:

587.5. As used in this chapter, unless the context otherwise specifically requires, the following terms apply:

(a) "Complaint" includes a cross-complaint.

(b) "Defendant" includes a cross-defendant.

(c) "Plaintiff" includes a cross-complainant.

SEC. 11. Section 597 of the Code of Civil Procedure is amended to read:

597. When the answer pleads that the action is barred by the statute of limitations, or by a prior judgment, or that another action is pending upon the same cause of action, or sets up any other defense not involving the merits of the plaintiff's cause of action but constituting a bar or ground of abatement to the prosecution thereof, the court may, either upon its own motion or upon the motion of any party, proceed to the trial of the special defense or defenses before the trial of any other issue in the case, and if the decision of the court, or the verdict of the jury, upon any special defense so tried (other than the defense of another action pending) is in favor of the defendant pleading the same, judgment for the defendant shall thereupon be entered and no trial of other issues in the action shall be had unless that judgment shall be reversed on appeal or otherwise set aside or vacated; and where the defense of another action pending or a demurrer based upon subdivision (c) of Section 430.10 is sustained (and no other special defense is sustained) an interlocutory judgment shall be entered in favor of the defendant pleading the same to the effect that no trial of other issues shall be had until the final determination of that other action, and the plaintiff may appeal from the interlocutory judgment in the same manner and within the same time as is now or may be hereafter provided by law for appeals from judgments. If the decision of the court, or the verdict of the jury, upon the special defense or defenses so tried is in favor of the plaintiff, trial of the other issues shall thereafter be had either upon the court's own motion or upon the motion of any party, and judgment shall be entered thereon in the same manner and with the same effect as if all the issues in the case had been tried at one time. In such an event any and all decisions or verdicts upon the special defense or defenses, and all rulings on the trial thereof shall be deemed excepted to and may be reviewed on

motion for a new trial or upon appeal from the judgment.

This section also applies to the trial of special defenses pleaded in an answer to a cross-complaint or a demurrer based upon subdivision (c) of Section 430.10, and if the decision of the court or the verdict of the jury upon the special defense or defenses is in favor of the cross-defendant, no further trial shall be had upon the issues raised by the cross-complaint, but trial of the other issues in the action shall thereafter be had either upon the court's own motion or upon the motion of any party, and after the trial thereof the judgment shall be entered in the action as is justified by the decision or verdict on such other issues, considered in connection with the decision or verdict upon the trial of such an affirmative defense raised in the answer to the cross-complaint.

SEC. 12. Section 630 of the Code of Civil Procedure is amended to read:

630. (a) Unless the court specified an earlier time for making a motion for directed verdict, after all parties have completed the presentation of all of their evidence in a trial by jury, any party may, without waiving his or her right to trial by jury in the event the motion is not granted, move for an order directing entry of a verdict in its favor.

(b) If it appears that the evidence presented supports the granting of the motion as to some, but not all, of the issues involved in the action, the court shall grant the motion as to those issues and the action shall proceed on any remaining issues. Despite the granting of such a motion, no final judgment shall be entered prior to the termination of the action, but the final judgment, in addition to any matter determined in the trial, shall reflect the verdict ordered by the court as determined by the motion for directed verdict.

(c) If the motion is granted, unless the court in its order directing entry of the verdict specifies otherwise, it shall operate as an adjudication upon the merits.

(d) In actions which arise out of an injury to a person or property, when a motion for directed verdict was granted on the basis that a defendant was without fault, no other defendant during trial, over plaintiff's objection, shall attempt to attribute fault to or comment on the absence or involvement of the defendant who was granted the motion.

(e) The order of the court granting the motion for directed verdict is effective without any assent of the jury.

(f) When the jury for any reason has been discharged without having rendered a verdict, the court on its own motion or upon motion of a party, notice of which was given within 10 days after discharge of the jury, may order judgment to be entered in favor of a party whenever a motion for directed verdict for that party should have been granted had a previous motion been made. Except as otherwise provided in Section 12a, the power of the court to act under the provisions of this section shall expire 30 days after the day

upon which the jury was discharged, and if judgment has not been ordered within that time the effect shall be the denial of any motion for judgment without further order of the court.

SEC. 13. Section 631.8 of the Code of Civil Procedure is amended to read:

631.8. (a) After a party has completed his presentation of evidence in a trial by the court, the other party, without waiving his right to offer evidence in support of his defense or in rebuttal in the event the motion is not granted, may move for a judgment. The court as trier of the facts shall weigh the evidence and may render a judgment in favor of the moving party, in which case the court shall make a statement of decision as provided in Sections 632 and 634, or may decline to render any judgment until the close of all the evidence. The court may consider all evidence received, provided, however, that the party against whom the motion for judgment has been made shall have had an opportunity to present additional evidence to rebut evidence received during the presentation of evidence deemed by the presenting party to have been adverse to him, and to rehabilitate the testimony of a witness whose credibility has been attacked by the moving party. Such motion may also be made and granted as to any cross-complaint.

(b) If it appears that the evidence presented supports the granting of the motion as to some but not all the issues involved in the action, the court shall grant the motion as to those issues and the action shall proceed as to the issues remaining. Despite the granting of such a motion, no final judgment shall be entered prior to the termination of the action, but the final judgment in such action shall, in addition to any matters determined in the trial, award judgment as determined by the motion herein provided for.

(c) If the motion is granted, unless the court in its order for judgment otherwise specifies, such judgment operates as an adjudication upon the merits.

SEC. 14. Section 998 of the Code of Civil Procedure is amended to read:

998. (a) The costs allowed under Sections 1031 and 1032 shall be withheld or augmented as provided in this section.

(b) Not less than 10 days prior to commencement of trial, any party may serve an offer in writing upon any other party to the action to allow judgment to be taken in accordance with the terms and conditions stated at that time.

(1) If the offer is accepted, the offer with proof of acceptance shall be filed and the clerk or the judge shall enter judgment accordingly.

(2) If the offer is not accepted prior to trial or within 30 days after it is made, whichever occurs first, it shall be deemed withdrawn, and cannot be given in evidence upon the trial.

(3) For purposes of this subdivision, a trial shall be deemed to be actually commenced at the beginning of the opening statement of the plaintiff or counsel, and if there is no opening statement, then at the time of the administering of the oath or affirmation to the first

witness, or the introduction of any evidence.

(c) If an offer made by a defendant is not accepted and the plaintiff fails to obtain a more favorable judgment, the plaintiff shall not recover his or her costs and shall pay the defendant's costs from the time of the offer. In addition, in any action or proceeding other than an eminent domain action, the court, in its discretion, may require the plaintiff to pay the defendant's costs from the date of filing of the complaint and a reasonable sum to cover costs of the services of expert witnesses, who are not regular employees of any party, actually incurred and reasonably necessary in either, or both, the preparation or trial of the case by the defendant.

(d) If an offer made by a plaintiff is not accepted and the defendant fails to obtain a more favorable judgment, the court in its discretion may require the defendant to pay a reasonable sum to cover costs of the services of expert witnesses, who are not regular employees of any party, actually incurred and reasonably necessary in either, or both, the preparation or trial of the case by the plaintiff, in addition to plaintiff's costs.

(e) Police officers shall be deemed to be expert witnesses for the purposes of this section; plaintiff includes a cross-complainant and defendant includes a cross-defendant. Any judgment entered pursuant to this section shall be deemed to be a compromise settlement.

(f) The provisions of this chapter shall not apply to an offer which is made by a plaintiff in an eminent domain action.

(g) The costs for services of expert witnesses for trial under subdivisions (c) and (d) shall not exceed those specified in Section 68092.5 of the Government Code.

84101. (a) Every committee which is a committee by virtue of subdivision (a) of Section 82013 shall file with the Secretary of State a statement of organization within 10 days after it has qualified as a committee. The committee shall file the original of the statement of organization with the Secretary of State and shall also file a copy of the statement of organization with the local filing officer, if any, with whom the committee is required to file the originals of its campaign reports pursuant to Section 84215. The original and copy of the statement of organization shall be filed within 10 days after the committee has qualified as a committee. The Secretary of State shall assign a number to each committee which files a statement of organization and shall notify the committee of the number. The Secretary of State shall send a copy of statements filed pursuant to this section to the clerk of each county which he or she deems appropriate. A county clerk who receives a copy of a statement of organization from the Secretary of State pursuant to this section shall send a copy of such statement to the clerk of each city in the county which he or she deems appropriate.

(b) In addition to filing the statement of organization as required by subdivision (a), if a committee qualifies as a committee under subdivision (a) of Section 82013 before the date of an election in connection with which the committee is required to file preelection statements, but after the closing date of the last campaign statement required to be filed before the election pursuant to Section 84200.7 or 84200.8, the committee shall file, by telegram or personal delivery within 24 hours of qualifying as a committee, the information required to be reported in the statement of organization. (a) of Section 82013 shall be filed by telegram or personal delivery within 24 hours when the change requiring the amendment occurs before the date of the election in connection with which the committee is required to file a preelection statement, but after the closing date of the last preelection statement required to be filed for the election pursuant to Section 84200.7 or 84200.8, if any of the following information is changed:

(2) The name of the treasurer or other principal officers.

(3) The name of each candidate or committee by which the committee is controlled or with which it acts jointly.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 545

An act to amend Section 3097 of the Civil Code, relating to mechanics' liens.

[Approved by Governor August 21, 1986. Filed with Secretary of State August 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3097 of the Civil Code is amended to read:

3097. "Preliminary 20-day notice (private work)" means a written notice from a claimant that is given prior to the recording of a mechanic's lien and prior to the filing of a stop notice, and is required to be given under the following circumstances:

(a) Except one under direct contract with the owner or one performing actual labor for wages, or an express trust fund described in Section 3111, every person who furnishes labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, must, as a necessary prerequisite to the validity of any claim of lien, and of a notice to withhold, cause to be given to the owner or reputed owner, to the original contractor, or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) Except the contractor, or one performing actual labor for wages, or an express trust fund described in Section 3111, all persons who have a direct contract with the owner and who furnish labor, service, equipment, or material for which a lien otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, shall, as a necessary prerequisite

to the validity of any claim of lien, and of a notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) shall be given not later than 20 days after the claimant has first furnished labor, service, equipment, or materials to the jobsite, and shall contain the following information:

(1) A general description of the labor, service, equipment, or materials furnished, or to be furnished, and if there is a construction lender, he shall be furnished with an estimate of the total price thereof in addition to the foregoing.

(2) The name and address of the person furnishing that labor, service, equipment, or materials.

(3) The name of the person who contracted for purchase of that labor, service, equipment, or materials.

(4) A description of the jobsite sufficient for identification.

(5) The following statement in boldface type:

NOTICE TO PROPERTY OWNER

If bills are not paid in full for the labor, services, equipment, or materials furnished or to be furnished, a mechanic's lien leading to the loss, through court foreclosure proceedings, of all or part of your property being so improved may be placed against the property even though you have paid your contractor in full. You may wish to protect yourself against this consequence by (1) requiring your contractor to furnish a signed release by the person or firm giving you this notice before making payment to your contractor or (2) any other method or device which is appropriate under the circumstances.

(6) If the notice is given by a subcontractor who is required pursuant to a collective bargaining agreement to pay supplemental fringe benefits into an express trust fund described in Section 3111, the notice shall also contain the identity and address of such trust fund or funds.

If an invoice for materials contains the information required by this section, a copy of the invoice, transmitted in the manner prescribed by this section shall be sufficient notice.

A certificated architect, registered engineer, or licensed land surveyor who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) with respect to architectural, engineering, or surveying services furnished, or to be furnished.

(d) If labor, service, equipment, or materials have been furnished to a jobsite by a person who elected not to give a preliminary notice as provided in subdivision (a) or (b), that person shall not be

precluded from giving a preliminary notice not later than 20 days after furnishing other labor, service, equipment, or materials to the same jobsite. The person shall, however, be entitled to claim a lien and a notice to withhold only for labor, service, equipment, or material furnished within 20 days prior to the service of the notice, and at any time thereafter.

(e) Any agreement made or entered into by an owner, whereby the owner agrees to waive the rights or privileges conferred upon the owner by this section shall be void and of no effect.

(f) The notice required under this section may be served as follows:

(1) If the person to be notified resides in this state, by delivering the notice personally, or by leaving it at his or her address of residence or place of business with some person in charge, or by first-class registered or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his or her residence or place of business address or at the address shown by the building permit on file with the authority issuing a building permit for the work, or at an address recorded pursuant to subdivision (j).

(2) If the person to be notified does not reside in this state, by any method enumerated in paragraph (1) of this subdivision. If the person cannot be served by any of these methods, then notice may be given by first-class certified or registered mail, addressed to the construction lender or to the original contractor.

(3) When service is made by first-class certified or registered mail, service is complete at the time of the deposit of that registered or certified mail.

(g) A person required by this section to give notice to the owner and to an original contractor, and to a person to whom a notice to withhold may be given, need give only one such notice to the owner, and to the original contractor and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he furnishes for a work of improvement, which means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event, the notice requirements shall be met with respect to materials, services, labor, or equipment furnished to each such contractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of notice, it is not defective because, after that date, the person giving notice furnishes materials, services, labor, or equipment not within the scope of such general description.

(h) Where the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars ($400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of

Contractors.

Where the notice is required to contain the information set forth in paragraph (6) of subdivision (c), a failure to give the notice, including that information, that results in the filing of a lien or the delivery of a stop notice by the express trust fund to which the obligation is owing constitutes grounds for disciplinary action by the Registrar of Contractors against the subcontractor if the amount due the trust fund is not paid.

(i) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch, designation, if any, and address of the construction lender and shall keep the information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in such designated space. Any failure to indicate the name and address of the construction lender on the application, however, shall not relieve any person from the obligation to give to the construction lender the notice required by this section.

(j) A mortgage, deed of trust, or other instrument securing a loan, any of the proceeds of which may be used for the purpose of constructing improvements on real property, shall bear the designation "Construction Trust Deed" prominently on its face and shall state all of the following: (1) the name and address of the lender, and the name and address of the owner of the real property described in the instrument, and (2) a legal description of the real property which secures the loan and, if known, the street address of the property. The failure to be so designated or to state any of the information required by this subdivision shall not affect the validity of such a mortgage, deed of trust, or other instrument.

Failure to provide this information on such an instrument when recorded shall not relieve persons required to give preliminary notice under this section from that duty.

The county recorder of the county in which such an instrument is recorded shall indicate in the general index of the official records of the county that the instrument secures a construction loan.

(k) Every contractor and subcontractor who is required pursuant to a collective bargaining agreement to pay supplementary fringe benefits into an express trust fund described in Section 3111, and who has failed to do so shall cause to be given to the trust fund and to the construction lender, if any, or to the reputed construction lender, if any, not later than the date the payment due to the trust fund became delinquent, a written notice containing all of the following:

(1) The name of the owner and the contractor.

(2) A description of the jobsite sufficient for identification.

(3) The identity and address of the express trust fund.

(4) The total number of straight time and overtime hours on each job, payment for which the contractor or subcontractor is delinquent to the express trust.

(5) The amount then past due and owing.

Failure to give this notice shall constitute grounds for disciplinary action by the Registrar of Contractors.

(*l*) Every written contract entered into between a property owner and an original contractor shall provide space for the owner to enter his or her name and address of residence; and place of business if any. The original contractor shall make available the name and address of residence of the owner to any person seeking to serve the notice specified in subdivision (c).

(m) Every written contract entered into between a property owner and an original contractor, except home improvement contracts and swimming pool contracts subject to Article 10 (commencing with Section 7150) of Chapter 9 of Division 3 of the Business and Professions Code, shall provide space for the owner to enter the name and address of the construction lender or lenders. The original contractor shall make available the name and address of the construction lender or lenders to any person seeking to serve the notice specified in subdivision (c).

(n) Where one or more construction loans are obtained after commencement of construction, the property owner shall provide the name and address of the construction lender or lenders to each person who has given the property owner the notice specified in subdivision (c).

(b) A sponsored committee shall use only one name in its statement of organization.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 547

An act to amend Sections 1793.2 and 1793.3 of, and to add Section 1793.03 to, the Civil Code, relating to sales.

[Approved by Governor August 21, 1986. Filed with Secretary of State August 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1793.03 is added to the Civil Code, to read:

1793.03. (a) Every manufacturer making an express warranty with respect to an electronic or appliance product described in subdivision (h), (i), (j), or (k) of Section 9801 of the Business and Professions Code, with a wholesale price to the retailer of not less than fifty dollars ($50) and not more than ninety-nine dollars and ninety-nine cents ($99.99), shall make available to service and repair facilities sufficient service literature and functional parts to effect the repair of a product for at least three years after the date a product

model or type was manufactured, regardless of whether the three-year period exceeds the warranty period for the product.

(b) Every manufacturer making an express warranty with respect to an electronic or appliance product described in subdivision (h), (i), (j), or (k) of Section 9801 of the Business and Professions Code, with a wholesale price to the retailer of one hundred dollars ($100) or more, shall make available to service and repair facilities sufficient service literature and functional parts to effect the repair of a product for at least seven years after the date a product model or type was manufactured, regardless of whether the seven-year period exceeds the warranty period for the product

SEC. 2. Section 1793.2 of the Civil Code is amended to read:

1793.2. (a) Every manufacturer of consumer goods sold in this state and for which the manufacturer has made an express warranty shall:

(1) Maintain in this state sufficient service and repair facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of such warranties or designate and authorize in this state as service and repair facilities independent repair or service facilities reasonably close to all areas where its consumer goods are sold to carry out the terms of such warranties.

As a means of complying with paragraph (1) of this subdivision, a manufacturer shall be permitted to enter into warranty service contracts with independent service and repair facilities. The warranty service contracts may provide for a fixed schedule of rates to be charged for warranty service or warranty repair work, however, the rates fixed by such contracts shall be in conformity with the requirements of subdivision (c) of Section 1793.3. The rates established pursuant to subdivision (c) of Section 1793.3, between the manufacturer and the independent service and repair facility, shall not preclude a good faith discount which is reasonably related to reduced credit and general overhead cost factors arising from the manufacturer's payment of warranty charges direct to the independent service and repair facility. The warranty service contracts authorized by this paragraph shall not be executed to cover a period of time in excess of one year, and may be renewed only by a separate, new contract or letter of agreement between the manufacturer and the independent service and repair facility.

(2) In the event of a failure to comply with paragraph (1) of this subdivision, be subject to the provisions of Section 1793.5.

(3) Make available to authorized service and repair facilities sufficient service literature and replacement parts to effect repairs during the express warranty period.

(b) Where such service and repair facilities are maintained in this state and service or repair of the goods is necessary because they do not conform with the applicable express warranties, service and repair shall be commenced within a reasonable time by the manufacturer or its representative in this state. Unless the buyer agrees in writing to the contrary, the goods must be serviced or

repaired so as to conform to the applicable warranties within 30 days. Delay caused by conditions beyond the control of the manufacturer or his representatives shall serve to extend this 30-day requirement. Where such delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

(c) It shall be the duty of the buyer to deliver nonconforming goods to the manufacturer's service and repair facility within this state, unless, due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, such delivery cannot reasonably be accomplished. Should the buyer be unable to effect return of nonconforming goods for any of the above reasons, he shall notify the manufacturer or its nearest service and repair facility within the state. Written notice of nonconformity to the manufacturer or its service and repair facility shall constitute return of the goods for purposes of this section. Upon receipt of such notice of nonconformity the manufacturer shall, at its option, service or repair the goods at the buyer's residence, or pick up the goods for service and repair, or arrange for transporting the goods to its service and repair facility. All reasonable costs of transporting the goods when, pursuant to the above, a buyer is unable to effect return shall be at the manufacturer's expense. The reasonable costs of transporting nonconforming goods after delivery to the service and repair facility until return of the goods to the buyer shall be at the manufacturer's expense.

(d) Should the manufacturer or its representative in this state be unable to service or repair the goods to conform to the applicable express warranties after a reasonable number of attempts, the manufacturer shall either replace the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(e) (1) It shall be presumed that a reasonable number of attempts have been made to conform a new motor vehicle to the applicable express warranties if, within one year from delivery to the buyer or 12,000 miles, whichever occurs first, either (A) the same nonconformity has been subject to repair four or more times by the manufacturer or its agents and the buyer has at least once directly notified the manufacturer of the need for the repair of the nonconformity, or (B) the vehicle is out of service by reason of repair of nonconformities by the manufacturer or its agents for a cumulative total of more than 30 calendar days since delivery of the vehicle to the buyer. The 30-day limit shall be extended only if repairs cannot be performed due to conditions beyond the control of the manufacturer or its agents. The buyer shall be required to directly notify the manufacturer pursuant to subparagraph (A) only if the manufacturer has clearly and conspicuously disclosed to the buyer, with the warranty or the owner's manual, the provisions of this subdivision and that of subdivision (d), including the

requirement that the buyer must notify the manufacturer directly pursuant to subparagraph (A). This presumption shall be a rebuttable presumption affecting the burden of proof in any action to enforce the buyer's rights under subdivision (d) and shall not be construed to limit those rights.

(2) If a qualified third party dispute resolution process exists, and the buyer receives timely notification in writing of the availability of a third party process with a description of its operation and effect, the presumption in paragraph (1) may not be asserted by the buyer until after the buyer has initially resorted to the third party process as required in paragraph (3). Notification of the availability of the third party process is not timely if the buyer suffers any prejudice resulting from any delay in giving the notification. If a qualified third party dispute resolution process does not exist, or if the buyer is dissatisfied with the third party decision, or if the manufacturer or its agent neglects to promptly fulfill the terms of such third party decision, the buyer may assert the presumption provided in paragraph (1) in an action to enforce the buyer's rights under subdivision (d). The findings and decision of the third party shall be admissible in evidence in the action without further foundation. Any period of limitation of actions under any federal or California laws with respect to any person shall be extended for a period equal to the number of days between the date a complaint is filed with a third party dispute resolution process and the date of its decision or the date before which the manufacturer or its agent is required by the decision to fulfill its terms, whichever occurs later.

(3) A qualified third party dispute resolution process shall be one that complies with the Federal Trade Commission's minimum requirements for informal dispute settlement procedures as set forth in the commission's regulations at 16 Code of Federal Regulations Part 703; that renders decisions which are binding on the manufacturer if the buyer elects to accept the decision; that prescribes a reasonable time not to exceed 30 days, within which the manufacturer or its agents must fulfill the terms of those decisions; and that each year provides to the Department of Motor Vehicles a report of its annual audit required by the commission's regulations on informal dispute resolution procedures.

(4) For the purposes of this subdivision the following terms have the following meanings:

(A) "Nonconformity" means a nonconformity which substantially impairs the use, value, or safety of the new motor vehicle.

(B) "New motor vehicle" means a new motor vehicle which is used or bought for use primarily for personal, family, or household purposes, but does not include motorcycles, motorhomes, or off-road vehicles.

SEC. 3. Section 1793.3 of the Civil Code is amended to read:

1793.3. If the manufacturer of consumer goods sold in this state for which the manufacturer has made an express warranty does not provide service and repair facilities within this state pursuant to

subdivision (a) of Section 1793.2, or does not make available to authorized service and repair facilities service literature and replacement parts sufficient to effect repair during the express warranty period, the buyer of such manufacturer's nonconforming goods may follow the course of action prescribed in either subdivision (a), (b), or (c), below, as follows:

(a) Return the nonconforming consumer goods to the retail seller thereof. The retail seller shall do one of the following:

(1) Service or repair the nonconforming goods to conform to the applicable warranty.

(2) Direct the buyer to a reasonably close independent repair or service facility willing to accept service or repair under this section.

(3) Replace the nonconforming goods with goods that are identical or reasonably equivalent to the warranted goods.

(4) Refund to the buyer the original purchase price less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(b) Return the nonconforming consumer goods to any retail seller of like goods of the same manufacturer within this state who may do one of the following:

(1) Service or repair the nonconforming goods to conform to the applicable warranty.

(2) Direct the buyer to a reasonably close independent repair or service facility willing to accept service or repair under this section.

(3) Replace the nonconforming goods with goods that are identical or reasonably equivalent to the warranted goods.

(4) Refund to the buyer the original purchase price less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

(c) Secure the services of an independent repair or service facility for the service or repair of the nonconforming consumer goods, when service or repair of the goods can be economically accomplished. In that event the manufacturer shall be liable to the buyer, or to the independent repair or service facility upon an assignment of the buyer's rights, for the actual and reasonable cost of service and repair, including any cost for parts and any reasonable cost of transporting the goods or parts, plus a reasonable profit. It shall be a rebuttable presumption affecting the burden of producing evidence that the reasonable cost of service or repair is an amount equal to that which is charged by the independent service dealer for like services or repairs rendered to service or repair customers who are not entitled to warranty protection. Any waiver of the liability of a manufacturer shall be void and unenforceable.

The course of action prescribed in this subdivision shall be available to the buyer only after the buyer has followed the course of action prescribed in either subdivision (a) or (b) and such course of action has not furnished the buyer with appropriate relief. In no event, shall the provisions of this subdivision be available to the buyer with regard to consumer goods with a wholesale price to the

retailer of less than fifty dollars ($50). In no event shall the buyer be responsible or liable for service or repair costs charged by the independent repair or service facility which accepts service or repair of nonconforming consumer goods under this section. Such independent repair or service facility shall only be authorized to hold the manufacturer liable for such costs.

(d) A retail seller to which any nonconforming consumer good is returned pursuant to subdivision (a) or (b) shall have the option of providing service or repair itself or directing the buyer to a reasonably close independent repair or service facility willing to accept service or repair under this section. In the event the retail seller directs the buyer to an independent repair or service facility, the manufacturer shall be liable for the reasonable cost of repair services in the manner provided in subdivision (c).

(e) In the event a buyer is unable to return nonconforming goods to the retailer due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, the buyer shall give notice of the nonconformity to the retailer. Upon receipt of such notice of nonconformity the retailer shall, at its option, service or repair the goods at the buyer's residence, or pick up the goods for service or repair, or arrange for transporting the goods to its place of business. The reasonable costs of transporting the goods shall be at the retailer's expense. The retailer shall be entitled to recover all such reasonable costs of transportation from the manufacturer pursuant to Section 1793.5. The reasonable costs of transporting nonconforming goods after delivery to the retailer until return of the goods to the buyer, when incurred by a retailer, shall be recoverable from the manufacturer pursuant to Section 1793.5. Written notice of nonconformity to the retailer shall constitute return of the goods for the purposes of subdivisions (a) and (b).

(f) The manufacturer of consumer goods with a wholesale price to the retailer of fifty dollars ($50) or more for which the manufacturer has made express warranties shall provide written notice to the buyer of the courses of action available to him under subdivision (a), (b), or (c).

CHAPTER 548

An act to add Section 1366.1 to the Civil Code, relating to common interest developments.

[Approved by Governor August 21, 1986. Filed with Secretary of State August 21, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1366.1 is added to the Civil Code, to read:

1366.1. An association shall not impose or collect an assessment, penalty, or fee that exceeds the amount necessary for the purpose or purposes for which it is levied.

CHAPTER 549

An act to amend Section 1026.2 of the Penal Code, relating to insanity.

[Approved by Governor August 21, 1986 Filed with Secretary of State August 21, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1026.2 of the Penal Code, as amended by Section 2 of Chapter 1232 of the Statutes of 1985, is amended to read:

1026.2. (a) An application for the release of a person who has been committed to a state hospital or other treatment facility, as provided in Section 1026, upon the ground that sanity has been restored, may be made to the superior court of the county from which the commitment was made, either by the person, or by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600) of Part 2. The court shall give notice of the hearing date to the prosecuting attorney, the community program director or a designee, and the medical director or person in charge of the facility providing treatment to the committed person at least 15 judicial days in advance of the hearing date.

(b) Pending the hearing, the medical director or person in charge of the facility in which the person is confined shall prepare a summary of the person's programs of treatment and shall forward the summary to the community program director or a designee and to the court. The community program director or a designee shall review the summary and shall designate a facility within a reasonable distance from the court in which the person may be detained

pending the hearing on the application for release. The facility so designated shall continue the program of treatment, shall provide adequate security, and shall, to the greatest extent possible, minimize interference with the person's program of treatment.

(c) A designated facility need not be approved for 72-hour treatment and evaluation pursuant to the provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code); however, a county jail may not be designated unless the services specified above are provided, and accommodations are provided which ensure both the safety of the person and the safety of the general population of the jail. If there is evidence that the treatment program is not being complied with, or accommodations have not been provided which ensure both the safety of the committed person and the safety of the general population of the jail, the court shall order the person transferred to an appropriate facility or make any other appropriate order, including continuance of the proceedings.

(d) No hearing upon the application shall be allowed until the person committed shall have been confined or placed on outpatient status or on parole under Section 1611 for a period of not less than 180 days from the date of the order of commitment.

(e) The court shall hold a hearing to determine if the person applying for restoration of sanity would no longer be a danger to the health and safety of others, including himself or herself, if under supervision and treatment in the community. If the court at the hearing determines the applicant will not be a danger to the health and safety of others, including himself or herself, while under supervision and treatment in the community, the court shall order the applicant placed with an appropriate local mental health program for one year. All or a substantial portion of the program shall include outpatient supervision and treatment. The court shall retain jurisdiction. The court at the end of the one year, shall have a trial to determine if sanity has been restored, which means the applicant is no longer a danger to the health and safety of others, including himself or herself. The court shall not determine whether the applicant has been restored to sanity until the applicant has completed the one year in the appropriate local mental health program. The court shall notify the persons required to be notified in subdivision (a) of the hearing date.

(f) If the applicant is on parole or outpatient status and has been on it for one year or longer, then it is deemed that the applicant has completed the required one year in an appropriate local mental health program and the court shall, if all other applicable provisions of law have been met, hold the trial on restoration of sanity as provided for in this section.

(g) Before placing an applicant in an appropriate local mental health program, the community program director shall submit to the court a written recommendation as to what local mental health program is the most appropriate for supervising and treating the

applicant. If the court does not accept the community program director's recommendation, the court shall specify the reason or reasons for its order on the court record. The provisions of Sections 1605 to 1610.5, inclusive, shall be applicable to the person placed in the local mental health program unless otherwise ordered by the court.

(h) If the court determines that the person should be transferred to an appropriate local mental health program, the community program director or a designee shall make the necessary placement arrangements, and, within 21 days after receiving notice of the court finding, the person shall be placed in the community in accordance with the treatment and supervision plan, unless good cause for not doing so is made known to the court.

(i) If at the trial for restoration of sanity the court rules adversely to the applicant, the court may place the applicant on outpatient status, pursuant to Title 15 (commencing with Section 1600) of Part 2, unless the applicant does not meet all of the requirements of Section 1603.

(j) If the court denies the application to place the person in an appropriate local mental health program or if restoration of sanity is denied, no new application may be filed by the person until one year has elapsed from the date of the denial.

(k) In any hearing authorized by this section, the applicant shall have the burden of proof by a preponderance of the evidence.

(*l*) If the application for the release is not made by the medical director of the state hospital or other treatment facility to which the person is committed or by the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600), no action on the application shall be taken by the court without first obtaining the written recommendation of the medical director of the state hospital or other treatment facility or of the community program director where the person is on outpatient status under Title 15 (commencing with Section 1600).

(m) This section shall become operative on January 1, 1986, and shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

CHAPTER 550

An act to amend Sections 18688, 19051, 23051.5, 25901b, and 26071 of, and to add Sections 17152, 23404, and 25954.3 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 22, 1986 Filed with Secretary of State August 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17152 is added to the Revenue and Taxation Code, to read:

17152. For the purposes of Section 121(b) of the Internal Revenue Code, as incorporated by Section 17131 for purposes of this part, the dollar amount of the exclusion shall be the same as allowed for federal purposes as determined by the taxpayer's filing status for federal purposes even though the taxpayer is prohibited from filing a joint return pursuant to Section 18402. However, in no instance shall the total amount excludable for the sale of a principal residence exceed the maximum amount allowed by Section 121(b) of the Internal Revenue Code.

SEC. 2. Section 18688 of the Revenue and Taxation Code is amended to read:

18688. (a) Interest upon the amount assessed as a deficiency shall be assessed, collected and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19269 from the date prescribed for the payment of the tax until the date the tax is paid. If any portion of the deficiency is paid prior to the date it is assessed, interest shall accrue on such portion only to the date paid.

(b) If the Franchise Tax Board makes an erroneous payment to a taxpayer, that amount may be assessed and collected pursuant to Section 18601 (pertaining to mathematical errors). However, interest at the rate prescribed by Section 19269 on those amounts shall not accrue until 30 days from the date the Franchise Tax Board mails written notice demanding repayment.

SEC. 3. Section 19051 of the Revenue and Taxation Code is amended to read:

19051. If the Franchise Tax Board or the board, as the case may be, finds that there has been an overpayment of any liability imposed under this part by a taxpayer for any year for any reason, the amount of the overpayment may be credited against any amount then due from the taxpayer and the balance shall be refunded to the taxpayer.

In the case of a joint return filed under Section 18402, the amount of the overpayment may be credited against the amount then due from both taxpayers and the balance shall be refunded to both taxpayers in the names under which the return was paid.

SEC. 4. Section 23051.5 of the Revenue and Taxation Code is

amended to read:

23051.5. (a) Unless otherwise specifically provided, the term "Internal Revenue Code" or "Internal Revenue Code of 1954," for purposes of this part, means Title 26 of the United States Code, including all amendments thereto, in effect on the specified date for the applicable taxable year as defined in subdivision (a) of Section 17024.5, except that for purposes of this part, "income year" shall be substituted for "taxable year" throughout that section.

(b) The provisions contained in Sections 41 to 44, inclusive, and 172 of the Tax Reform Act of 1984 (Public Law 98-369), relating to treatment of debt instruments, shall not be applicable.

(c) In the absence of regulations of the Franchise Tax Board, where provisions of this part conform to the Internal Revenue Code, regulations adopted under the Internal Revenue Code shall govern the interpretation of comparable provisions in this part, with due account for difference in federal and state terminology, effective dates, substitution of "income year" for "taxable years" where appropriate, substitution of "Franchise Tax Board" for "secretary" when appropriate, and other obvious differences.

(d) Whenever this part allows a taxpayer to make an election, the following rules shall apply:

(1) A proper election filed in accordance with the Internal Revenue Code or regulations issued by "the secretary" shall be deemed to be a proper election for purposes of this part, unless otherwise expressly provided in this part or in regulations issued by the Franchise Tax Board.

(2) A copy of that election shall be furnished to the Franchise Tax Board upon request.

(3) To obtain treatment other than that elected for federal purposes, a separate election shall be filed with the Franchise Tax Board at the time and in the manner which may be required by the Franchise Tax Board.

(e) Whenever this part allows or requires a taxpayer to file an application or seek consent, the rules set forth in subdivision (d) shall be applicable with respect to any such application or consent.

SEC. 5. Section 23404 is added to the Revenue and Taxation Code, to read:

23404. The Franchise Tax Board may determine which items of tax preference shall be properly adjusted where the tax treatment giving rise to those items will not result in the reduction of the taxpayer's tax treatment under this chapter for any income years.

SEC. 6. Section 25901b of the Revenue and Taxation Code is amended to read:

25901b. (a) Interest upon the amount determined as a deficiency shall be assessed, collected and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19269 from the date prescribed for the payment of the tax or, if the tax is paid in installments, from the date prescribed for the payment of the first installment, until the date the tax is paid. If any portion

of the deficiency is paid prior to the date it is assessed, interest shall accrue on such portion only to the date paid.

(b) If the Franchise Tax Board makes an erroneous payment to a taxpayer, that amount may be assessed and collected pursuant to Section 25670 (pertaining to mathematical errors). However, interest at the rate prescribed by Section 19269 on those amounts shall not accrue until 30 days from the date the Franchise Tax Board mails written notice demanding repayment.

SEC. 7. Section 25954.3 is added to the Revenue and Taxation Code, to read:

25954.3. Notwithstanding any other provision of this article, if the amount of estimated tax due and payable under Section 25563 is only the minimum franchise tax, then the addition to the tax with respect to any underpayment of any installment imposed by Section 25951 shall be calculated only on the basis of the amount of the minimum franchise tax.

(b) This section shall not apply to a large corporation or a large worldwide corporation as defined in subdivisions (b) and (c) of Section 25954.

(c) This section shall apply to income years beginning on and after January 1, 1986.

SEC. 8. Section 26071 of the Revenue and Taxation Code is amended to read:

26071. If the Franchise Tax Board or the board finds that there has been an overpayment of any liability imposed by this part by a taxpayer for any year for any reason, the amount of the overpayment may be credited against any amount then due from the taxpayer and the balance shall be refunded to the taxpayer or its successor through reorganization, merger, or consolidation, or to its shareholders upon dissolution.

CHAPTER 551

An act to amend Sections 25163 and 25191 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor August 22, 1986 Filed with Secretary of State August 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25163 of the Health and Safety Code is amended to read:

25163. (a) (1) Except as otherwise provided in subdivisions (b) and (c), it is unlawful for any person to carry on, or engage in, the transportation of hazardous wastes, unless the person holds a valid registration issued by the department, and it shall be unlawful for any person to transfer custody of a hazardous waste to a transporter

who does not hold a valid registration issued by the department. A person who holds a valid registration issued by the department pursuant to this section is a registered hazardous waste hauler, for purposes of this chapter. Any registration issued by the department to a transporter of hazardous waste is not transferable from the person to whom it was issued to any other person.

(2) Any person who transports hazardous waste in a vehicle shall have a valid registration issued by the department in his or her possession while transporting the hazardous waste. The registration certificate shall be shown upon demand to any representative of the department, officer of the California Highway Patrol, any local health officer, or any public officer designated by the department. Any person registered pursuant to this section may obtain additional copies of the registration from the department upon the payment of a fee of two dollars ($2) for each copy requested, in accordance with Section 12196 of the Government Code.

(3) Commencing January 1, 1986, the hazardous waste information required and collected for registration pursuant to this subdivision shall be recorded and maintained in the management information system operated by the Department of the California Highway Patrol.

(b) Persons transporting only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or the health officer's authorized representative pursuant to Chapter 6 (commencing with Section 25000) are exempt from the requirements of subdivision (a).

(c) Persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the requirements of subdivisions (a) and (e) and from the requirements of Section 25160 concerning possession of the manifest while transporting hazardous waste, upon meeting all of the following conditions:

(1) The hazardous wastes are transported in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the transporting.

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste, the extremely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces no more than 100 kilograms of hazardous waste in any month.

(d) Any person registered as a hazardous waste hauler pursuant to subdivision (a) is not subject to the registration requirements of

Chapter 6 (commencing with Section 25000), but shall comply with the terms, conditions, orders, and directions as the health officer or the health officer's authorized representative may deem necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local health officer in the city or county in which the registered hazardous waste hauler will be conducting the activities described in Section 25001.

(e) It is unlawful for any person to transport hazardous waste in any truck, trailer, semitrailer, vacuum tank, or cargo tank not inspected by the California Highway Patrol or to transport hazardous waste in any container, other than a container packaged pursuant to United States Department of Transportation regulations, which has not been inspected by the California Highway Patrol.

SEC. 2. Section 25191 of the Health and Safety Code is amended to read:

25191. (a) Any person who knowingly does any of the following acts shall, upon conviction, be punished by a fine of not less than two thousand dollars ($2,000) or more than twenty-five thousand dollars ($25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation. If the conviction is for a second or subsequent violation of this subdivision, the person shall be punished by imprisonment in the state prison for 16, 20, or 24 months, or in the county jail for not more than one year, or by a fine of not less than two thousand dollars ($2,000) or more than fifty thousand dollars ($50,000) for each day of violation, or by both the fine and imprisonment:

(1) Makes any false statement or representation in any application, label, manifest, record, report, permit, or other document filed, maintained, or used for the purposes of compliance with this chapter.

(2) Has in his or her possession any record relating to the generation, storage, treatment, transportation, disposal, or handling of hazardous waste required to be maintained pursuant to this chapter, that has been altered or concealed, whether altered or concealed prior to January 1, 1982.

(3) Destroys, alters, or conceals any record relating to the generation, storage, treatment, transportation, disposal, or handling of hazardous waste required to be maintained pursuant to this chapter.

(4) Withholds information regarding a real and substantial danger to the public health or safety when such information has been requested by the department and is required to carry out the department's responsibilities pursuant to this chapter in response to

a real and substantial danger.

(5) Except as otherwise provided in this chapter, engages in transportation of hazardous waste in violation of Section 25160 or 25161, or subdivision (a) or (e) of Section 25163, or in violation of any regulation adopted by the department pursuant to those sections, including, but not limited to, failing to complete or provide the manifest in the form and manner required by the department.

(6) Except as otherwise provided in this chapter, produces, receives, stores, or disposes of hazardous waste, or submits hazardous waste for transportation, in violation of Section 25160 or 25161 or any regulation adopted by the department pursuant to those sections, including, but not limited to, failing to complete, provide, or submit the manifest in the form and manner required by the department.

(7) Transports any waste, for which there is provided a manifest, if the transportation is in violation of this chapter or the regulations adopted by the department pursuant thereto.

(b) The penalties imposed by subdivision (a) on any person who commits any of the acts specified in paragraph (5) or (7) of that subdivision shall be imposed only (1) on the owner or lessee of the vehicle in which the hazardous wastes are unlawfully transported, carried, or handled or (2) on the person who authorizes or causes the transporting, carrying, or handling. These penalties shall not be imposed on the driver of the vehicle, unless the driver is also the owner or lessee of the vehicle or authorized or caused the transporting, carrying, or handling.

If any person other than the person producing the hazardous waste prepares the manifest specified in Section 25160, that other person is also subject to the penalties imposed on a person who commits any of the acts specified in paragraph (6) of subdivision (a).

(c) Any person who knowingly does any of the following acts shall, upon conviction, be punished by a fine of not more than five hundred dollars ($500) for each day of violation, or by imprisonment in the county jail for not to exceed six months, or both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation:

(1) Transports, or authorizes the transportation of, hazardous waste in a truck, trailer, semitrailer, vacuum tank, cargo tank, or container which does not contain a current certificate of compliance, as specified in Section 25168.3.

(2) Carries or handles, or authorizes the carrying or handling of, a hazardous waste without having in the driver's possession the manifest specified in Section 25160.

(3) Transports, or authorizes the transportation of, hazardous waste without having in the driver's possession a valid registration issued by the department pursuant to Section 25163.

(d) Any person who knowingly treats or stores any hazardous waste at a facility which does not have a permit from the department issued pursuant to this chapter, or at any point which is not authorized according to this chapter, shall, upon conviction, be

punished by a fine of not less than two thousand dollars ($2,000) or more than fifty thousand dollars ($50,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and imprisonment. Each day or partial day that a violation occurs is a separate violation. If the conviction is for a second or subsequent violation of this subdivision, the person shall be punished by imprisonment in the state prison for 16, 20, or 24 months, or in the county jail for not more than one year, or by a fine of not less than five thousand dollars ($5,000) or more than fifty thousand dollars ($50,000) for each day of violation, or by both the fine and imprisonment.

(e) Whenever any person is prosecuted for a violation pursuant to paragraph (5), (6), or (7) of subdivision (a), subdivision (c), or subdivision (c) of Section 25189.5, the prosecuting attorney may take appropriate steps to make the owner or lessee of the vehicle in which the hazardous wastes are unlawfully transported, carried, or handled, the driver of the vehicle, or any other person who authorized or directed the loading, maintenance, or operation of the vehicle, who is reasonably believed to have violated these provisions, a codefendant. If a codefendant is held solely responsible and found guilty, the court may dismiss the charge against the person who was initially so charged.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 552

An act to amend Sections 18053.5, 18054.7, 18056, and 18056.2 of, and to repeal Section 18054.5 of, the Health and Safety Code, relating to the Mobilehomes-Manufactured Housing Act of 1980, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 22, 1986. Filed with Secretary of State August 22, 1986.]

CHAPTER 553

An act to amend Section 11172 of the Penal Code, relating to defamation.

[Approved by Governor August 22, 1986 Filed with Secretary of State August 22, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11172 of the Penal Code is amended to read:

11172. (a) No child care custodian, medical practitioner, nonmedical practitioner, employee of a child protective agency, or commercial film and photographic print processor who reports a known or suspected instance of child abuse shall be civilly or criminally liable for any report required or authorized by this article. Any other person reporting a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this article unless it can be proven that a false report was made and the person knew that the report was false or was made with reckless disregard of the truth or falsity of the report, and any such person who makes a report of child abuse known to be false or with reckless disregard of the truth or falsity of the report is liable for any damages caused. No person required to make a report pursuant to this article, nor any person taking photographs at his or her direction, shall incur any civil or criminal liability for taking photographs of a suspected victim of child abuse, or causing photographs to be taken of a suspected victim of child abuse, without parental consent, or for disseminating the photographs with the reports required by this article. However, the provisions of this section shall not be construed to grant immunity from this liability with respect to any other use of the photographs.

(b) Any child care custodian, medical practitioner, nonmedical practitioner, or employee of a child protective agency who, pursuant to a request from a child protective agency, provides the requesting agency with access to the victim of a known or suspected instance of child abuse shall not incur civil or criminal liability as a result of

providing that access.

(c) The Legislature finds that even though it has provided immunity from liability to persons required to report child abuse, that immunity does not eliminate the possibility that actions may be brought against those persons based upon required reports of child abuse. In order to further limit the financial hardship that those persons may incur as a result of fulfilling their legal responsibilities, it is necessary that they not be unfairly burdened by legal fees incurred in defending those actions. Therefore, a child care custodian, medical practitioner, nonmedical practitioner, an employee of a child protective agency, or commercial film and photographic print processor may present a claim to the State Board of Control for reasonable attorneys' fees incurred in any action against that person on the basis of making a report required or authorized by this article if the court has dismissed the action upon a demurrer or motion for summary judgment made by that person, or if he or she prevails in the action. The State Board of Control shall allow that claim if the requirements of this subdivision are met, and the claim shall be paid from an appropriation to be made for that purpose. Attorneys' fees awarded pursuant to this section shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an hourly rate greater than the rate charged by the Attorney General of the State of California at the time the award is made and shall not exceed an aggregate amount of fifty thousand dollars ($50,000).

This subdivision shall not apply if a public entity has provided for the defense of the action pursuant to Section 995 of the Government Code.

(d) A court may award attorney's fees to a commercial film and photographic print processor when a suit is brought against the processor because of a disclosure mandated by this article and the court finds this suit to be frivolous.

(e) Any person who fails to report an instance of child abuse which he or she knows to exist or reasonably should know to exist, as required by this article, is guilty of a misdemeanor and is punishable by confinement in the county jail for a term not to exceed six months or by a fine of not more than one thousand dollars ($1,000) or by both.

CHAPTER 554

An act to add Section 3600.6 to, to repeal Article 2 (commencing with Section 4361) of Chapter 10 of Part 1 of Division 4 of, and to repeal and add Article 1 (commencing with Section 4351) of Chapter 10 of Part 1 of Division 4 of, the Labor Code, relating to workers' compensation.

[Approved by Governor August 22, 1986. Filed with Secretary of State August 22, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3600.6 is added to the Labor Code, to read:

3600.6. Disaster service workers registered by a disaster council while performing services under the general direction of the disaster council shall be entitled to all of the same benefits of this division as any other injured employee, except as provided by Chapter 10 (commencing with Section 4351) of Part 1. For purposes of this section, an unregistered person impressed into performing service as a disaster service worker during a state of war emergency, a state of emergency, or a local emergency by a person having authority to command the aid of citizens in the execution of his or her duties shall also be deemed a disaster service worker and shall be entitled to the same benefits of this division as any other disaster service worker.

SEC. 2. Article 1 (commencing with Section 4351) of Chapter 10 of Part 1 of Division 4 of the Labor Code is repealed.

SEC. 3. Article 1 (commencing with Section 4351) is added to Chapter 10 of Part 1 of Division 4 of the Labor Code, to read:

Article 1. General

4351. Compensation provided by this division is the exclusive remedy of a disaster service worker, or his or her dependents, for injury or death arising out of, and in the course of, his or her activities as a disaster service worker as against the state, the disaster council with which he or she is registered, and the county or city which has empowered the disaster council to register and direct his or her activities. Liability for compensation provided by this division is in lieu of any other liability whatsoever to a disaster service worker or his or her dependents or any other person on his or her behalf against the state, the disaster council with which the disaster service worker is registered, and the county or city which has empowered the disaster council to register and direct his or her activities, for any injury or death arising out of, and in the course of, his or her activities as a disaster service worker.

4352. No compensation shall be paid or furnished to disaster service workers or their dependents pursuant to this division except from money appropriated for the purpose of furnishing

compensation to disaster service workers and their dependents. Liability for the payment or furnishing of compensation is dependent upon and limited to the availability of money so appropriated.

After all money so appropriated is expended or set aside in bookkeeping reserves for the payment or furnishing of compensation and reimbursing the State Compensation Insurance Fund for its services, the payment or furnishing of compensation for an injury to a disaster service worker or his or her dependents is dependent upon there having been a reserve set up for the payment or furnishing of compensation to that disaster service worker or his or her dependents and for that injury, and liability is limited to the amount of the reserve. The excess in a reserve for the payment or furnishing of compensation or for reimbursing the State Compensation Insurance Fund for its services may be transferred to reserves of other disaster service workers for the payment or furnishing of compensation and reimbursing the State Compensation Insurance Fund, or may be used to set up reserves for other disaster service workers.

4353. If a disaster service worker suffers injury or death while in the performance of duties as a disaster service worker, then, irrespective of his or her remuneration from this or other employment or from both, the average weekly earnings for the purposes of determining temporary and permanent disability indemnity shall be taken at the maximum fixed for each, respectively, in Section 4453.

4354. If the injury sustained by a disaster service worker causes permanent disability, the percentage of disability to total disability shall be determined as for the occupation of a laborer of like age by applying the schedule for the determination of the percentages of permanent disabilities prepared and adopted by the administrative director. The amount of the weekly payment for permanent disability shall be the same as the weekly benefit which would be paid for temporary total disability pursuant to Section 4353.

SEC. 4. Article 2 (commencing with Section 4361) of Chapter 10 of Part 1 of Division 4 of the Labor Code is repealed.

SEC. 5. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

Any person who does any of the acts specified in Section 1460 of the Streets and Highways Code without the authority of a written permit from the district is guilty of a misdemeanor and is liable to the district for all expenses and damages caused thereby.

(b) In the case of juveniles, the court having jurisdiction over the offense charged may require the arresting officer to indicate on the notice "to be notified" rather than specifying a specific date pursuant to subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit juvenile courts to perform their duties effectively and in a timely manner, it is necessary that this act take effect immediately.

CHAPTER 558

An act to amend Section 215.5 of the Streets and Highways Code, relating to transportation.

[Approved by Governor August 24, 1986 Filed with Secretary of State August 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 215.5 of the Streets and Highways Code is amended to read:

215.5. (a) The department shall develop and implement a system of priorities for ranking the need for installation of noise attenuation barriers along freeways in the California freeway and expressway system. In establishing a priority system, the department shall give the highest consideration to residential areas which were developed prior to the opening of the freeway. If alterations have been made to the freeway since its original opening which result in a significant and measurable increase in ambient noise levels, the opening date for that segment of the freeway, for the purposes of determining priorities under this section, is the completion date of that alteration project. Other criteria for determining priorities shall include the existing and future intensity of sound generated by the freeway, the increase in traffic flow since the original construction of the freeway, the cost of building the sound wall in relation to the expected noise reduction, the number of persons living in close proximity to the freeway, and whether a majority of the occupants in close proximity to the freeway resided there prior to the time the freeway routing was adopted by the commission. The city or county in which the residential area is located shall be responsible for providing documentation to the department on the percentage of original occupants still residing along the freeway.

The actual cost of construction shall be used in determining the relative priority ranking of projects funded and constructed pursuant to subdivision (d).

(b) When all freeways have been ranked in priority order, the department shall, consistent with available funding, include in its proposed state transportation improvement program, a program of construction of noise attenuation barriers beginning with the highest priority.

In preparing the annual priority list, the department shall not add any new project to the list ahead of a project that has been funded by a city or county and is awaiting state reimbursement pursuant to subdivision (d).

(c) The commission shall include in the estimate adopted pursuant to Section 14525 of the Government Code an annual and five-year estimate of funds estimated to be available for noise attenuation barriers along freeways. If any city or county constructs

a noise attenuation barrier along a freeway pursuant to subdivision (d), the commission shall allocate funds for the project in the fiscal year the project would have been eligible for funding based on the department's priority list and the commission's fund estimate at the time of approval of the project pursuant to subdivision (d).

(d) If any city or county constructs a noise attenuation barrier along a freeway using public funds prior to the time that the barrier reaches a high enough priority for state funding, then, when the funding priority is reached, the department shall reimburse the city or county without interest for the cost of construction, but the reimbursement may not exceed the cost of the department to construct the barriers. Reimbursement shall be made only if the city or county constructs the noise attenuation barrier to the standards approved by department, follows bidding and contracting procedures approved by the department, and the project is approved by the commission.

CHAPTER 559

An act to amend Section 11512.05 of the Insurance Code, relating to insurance.

[Approved by Governor August 24, 1986. Filed with Secretary of State August 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11512.05 of the Insurance Code is amended to read:

11512.05. (a) A nonprofit hospital service plan which negotiates and enters into a contract with professional providers to provide services at alternative rates of payment pursuant to Section 11512 of the Insurance Code, shall give reasonable consideration to timely written proposals for contracting by licensed or certified professional providers.

(b) For the purposes of this section, the following definitions are applicable:

(1) "Reasonable consideration" means consideration in good faith of the terms of proposals for contracting prior to the time that contracts for alternative rates of payment are entered into or renewed. A plan may specify the terms and conditions of contracting to assure cost efficiency, qualification of providers, appropriate utilization of services, accessibility, convenience to persons who would receive the provider's services, and consistency with the plan's basic method of operation, but shall not exclude providers because of their category of license.

(2) "Professional provider" means a holder of a certificate or license under Division 2 (commencing with Section 500) of the

Business and Professions Code, or any initiative act referred to therein, except for those certified or licensed pursuant to Article 3 of Chapter 5 (commencing with Section 2050) or Chapter 11 (commencing with Section 4800), who may, within the scope of their licenses, perform the services of a specific plan benefit defined in the hospital service plan's contracts with its contract holders.

(c) A plan which has a contract with an institutional provider or with professional providers is not required by this section to give consideration to contracting with professional providers who hold the same category of license or certificate and propose to serve a geographic area served adequately by the contracting providers that provide their professional services as employees or agents of that institutional or professional provider, or contract with that institutional or professional provider to provide professional services.

(d) In every description of plan benefits, and in every directory of participating hospitals and professional providers, or similar document, listing or identifying participating providers in a geographical area served by the plan, the plan shall state that the plan will reimburse subscribers for services of any professional provider duly licensed by the State of California, whether or not the provider participates on a contracting basis with the plan. Where permitted by Section 10176, the plan may state that as to certain provider categories, reimbursement is conditioned on physician referral.

(e) In each directory of participating hospitals and professional providers, at the appropriate alphabetical locations within each geographical list of participating providers, the plan shall list every provider category licensed by Division 2 (commencing with Section 500) of the Business and Professions Code, or any initiative act referred to therein, in type style and size comparable to those of all other provider categories, and shall state under each category that the plan will reimburse subscribers for services of any professional provider of that category duly licensed by the State of California, and, where permitted by Section 10176, that physician referral is required.

(f) In any description, definition, or glossary of medical specialties included in the directory of participating hospitals and professional providers, the plan shall include appropriate definitions of each license category, based on the statutory scope of each license.

CHAPTER 560

An act to amend Section 2037.7 of the Code of Civil Procedure, and to amend Section 68092.5 of the Government Code, relating to witnesses.

[Approved by Governor August 24, 1986. Filed with Secretary of State August 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2037.7 of the Code of Civil Procedure is amended to read:

2037.7. (a) Any other provision of law notwithstanding, in any case other than a workers' compensation case governed by the provisions of subdivision (b), any party desiring to take the deposition of a person who is not a party to the action, and who has been retained as an expert by another party to the case, primarily for the purpose of obtaining any expert opinion which the deponent holds upon the basis of his or her special knowledge, skill, experience, training, or education, shall pay the expert a reasonable fee not exceeding his or her customary hourly or daily fee for the time reasonably and necessarily spent in connection with such deposition including time spent in travel to and from the deposition, but excluding time spent in preparation. A fee based upon the anticipated length of the deposition shall be tendered to the expert. In the event the examination and necessary cross-examination of the expert takes longer than originally anticipated, the balance of the fee due the expert shall be paid by the party who noticed the deposition within five days of receipt of an itemized statement from the expert.

(b) Any other provision of law notwithstanding, in a workers' compensation case arising under Division 4 (commencing with Section 3201) or Division 4.5 (commencing with Section 6100) of the Labor Code, any party desiring to take the deposition of a person who is not a party to the action, and who has been retained as an expert by another party to the case, shall pay the expert a reasonable fee not exceeding his or her customary hourly or daily fee for the time reasonably and necessarily spent in connection with such deposition including time spent in travel to and from the deposition, but excluding time spent in preparation. A fee based upon the anticipated length of the deposition shall be tendered to the expert. In the event the examination and necessary cross-examination of the expert takes longer than originally anticipated, the balance of the fee due the expert shall be paid by the party who noticed the deposition within five days of receipt of an itemized statement from the expert.

SEC. 2. Section 68092.5 of the Government Code is amended to read:

68092.5. (a) A person who is not a party to the action and who is required to testify before any court or tribunal, or in the taking of

a deposition, in any civil action or proceeding, primarily as to any expert opinion which he or she holds upon the basis of his special knowledge, skill, experience, training or education, and who is qualified as an expert witness shall receive reasonable compensation for his or her entire time required to travel to and from the place where the court or other tribunal, or in the taking of a deposition, the place of taking such deposition, is located and while he or she is required to remain at such place pursuant to subpoena. The court may fix the compensation for such appearance, in addition to such witness fees otherwise allowed by law, at such amount as seems reasonable to the court, upon motion by any party to the action or by the person required to testify and such fees shall be paid by the party requiring such witness to attend, but such fees shall not be allowable costs or disbursements.

(b) In the event the proceeding at which the expert witness has been notified his attendance is required is continued or canceled in advance of the time for which it is scheduled, such witness shall be notified of the continuance or cancellation by the party requiring his or her attendance by the quickest and most reliable means of giving notice under the circumstances. In the event such party fails to give notice as required by this subdivision, then the expert witness shall be entitled to receive the compensation specified in subdivision (a) of this section, notwithstanding his or her failure to give any testimony.

(c) An express contract entered into between a person and the party requesting or requiring the person to testify, relating to compensation, shall be enforceable and shall prevail over the provisions of this section.

CHAPTER 561

An act to amend Sections 7000, 7001, and 7003 of, and to add Sections 7000.3, 7000.5, 7002.5, and 7004 to, the Education Code, relating to public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 24, 1986 Filed with Secretary of State August 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of this act to clarify Article 1 (commencing with Section 7000) of Chapter 1 of Part 5 of the Education Code, and not to enlarge the scope of that article.

SEC. 2. Section 7000 of the Education Code is amended to read:

7000. (a) Notwithstanding Article 1 (commencing with Section 53200) of Chapter 2 of Part 1 of Division 2 of Title 5 of the Government Code, a county superintendent of schools, a school

district, or a community college district, which provides health and welfare benefits or dental care benefits for the benefit of its certificated employees, shall permit enrollment in, respectively, the health and welfare benefit plan or dental care benefit plan currently provided for its current certificated employees by any former certificated employee thereof who retired therefrom under any public retirement system and his or her spouse and by any surviving spouse of a former certificated employee thereof who retired therefrom under any public retirement system.

This subdivision does not apply to either the new spouse upon the remarriage of a surviving spouse of a former certificated employee or the children of a certificated or former certificated employee.

(b) A county superintendent of schools or district may develop an experience claims rating for the persons specified in subdivision (a) and may, if appropriate, require those persons to pay different rates as a class. Any plan pursuant to this article shall provide separate single and two-party rates for at least the following classes: for those under 65, for those over 65 who have Medicare A and B, and for those over 65 who do not have Medicare A.

SEC. 3. Section 7000.3 is added to the Education Code, to read:

7000.3. Enrollment in Medicare A shall not be a prerequisite for enrollment in any district health plan pursuant to this article. However, the purchase of Medicare B may be required for enrollment if the participant qualifies to purchase it. In addition, a district health plan may be restructured to pay benefits as if each participant is enrolled in Medicare B as soon as the participant qualifies to purchase Medicare B.

A health plan may condition eligibility for enrollment on the effective assignment of any Medicare benefits for which the enrollee would be eligible.

SEC. 4. Section 7000.5 is added to the Education Code, to read:

7000.5. (a) Any health benefits plan provided by any county superintendent of schools, school district, or community college district pursuant to this article may contain a preexisting condition exclusion, as follows:

(1) The coverage of any person who has a break in coverage, may, for the first three months after reenrollment, exclude any care received for a condition which is caused by, or results from, a condition existing at the time of reenrollment or for which the person received medical advice or treatment during the six-month period immediately preceding reenrollment.

(2) Coverage of any person who is confined to a hospital or his or her home for medical treatment at the time of enrollment in a health plan pursuant to this section shall exclude any benefits until the period commencing on the 15th day following the termination of that confinement.

(b) This section does not apply to any entity which provides a health benefits plan which contains a preexisting condition exclusion.

(c) This section does not apply to any changes in enrollment by a person currently enrolled in a school district's health benefits plan or due to any change in enrollment or coverage caused by the retirement of a person.

SEC. 5. Section 7001 of the Education Code is amended to read:

7001. (a) The county superintendent of schools, school district, or community college district shall annually select a one-month period during which persons described by Section 7000 may elect to enroll in, respectively, the health and welfare benefit plan or the dental care benefit plan or change their enrollment from one to another health and welfare plan or dental care benefit plan, respectively.

(b) A certificated school employee who is retired on the effective date of Assembly Bill 1953 of the 1985–86 Regular Session of the Legislature, shall be permitted to enroll in any district health and dental care plan during the 1986, 1987, and 1988 enrollment periods.

(c) A certificated school employee who retires after the effective date of Assembly Bill 1953 of the 1985–86 Regular Session of the Legislature, shall be allowed to enroll in the coverage provided by this article within 30 days of losing active employee coverage, but if the retiree does not enroll in a district health or dental care plan during this initial enrollment period, the retiree may be denied further opportunity to do so.

The enrollment period for retirees under this subdivision shall correspond to that provided to active employees, unless a district chooses to offer an additional enrollment period.

(d) This article shall permit enrollment into any district health and dental care plan only once. A retiree or spouse who has been previously covered under this article and who has voluntarily terminated that coverage, may be excluded from again obtaining coverage under this article thereafter. This subdivision does not apply to a person who is changing plans within a district during an open enrollment period.

(e) Retirees may be enrolled in a medical care plan pursuant to this section during periods other than those specified therein if they lose their coverage. With documentation of prior coverage, they may be allowed to enroll in a medical care plan, if they do so within 31 days of losing their other coverage.

SEC. 6. Section 7002.5 is added to the Education Code, to read:

7002.5. (a) This article does not create a vested retirement right in health and dental care benefits.

(b) The individual districts, the county office, a health plan, an entity proving or arranging a health plan, and the State Teachers' Retirement System do not have any legal duty to contact retired teachers with regard to this article.

SEC. 7. Section 7003 of the Education Code is amended to read:

7003. (a) Nothing in this article shall be construed as requiring or permitting the impairment of any contract, board rule, or regulation affecting retired certificated personnel, in existence on

the effective date of this article.

(b) Nothing in this article is intended to reduce or conflict with any benefit provided in the federal Consolidated Omnibus Budget Reconciliation Act of 1986 (Public Law 99-272).

(c) Nothing in this article mandates the provision of life insurance or vision care.

SEC. 8. Section 7004 is added to the Education Code, to read:

7004. As used in this article:

(a) "Certificated employee" means a member, as defined by Section 22133, of the State Teachers' Retirement System.

(b) "School district" means that district from which the member of the State Teachers' Retirement System last made contributions to the system before retirement.

(c) "Spouse" means a spouse as defined by Section 22152.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the clarification made by this act of many administrative details necessary for the implementation by school districts, community college districts, and county superintendents of schools of Chapter 991 of the Statutes of 1985 may be effective at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 562

An act to amend Sections 14170.1 and 14171 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor August 24, 1986 Filed with Secretary of State August 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 14170.1 of the Welfare and Institutions Code is amended to read:

14170.1. (a) Prior to the issuance to a provider of pharmaceutical services of any demand for payment pursuant to an audit or examination conducted under Sections 10722 and 14170, the amount of any underpayment to the provider for validly submitted claims or for valid claims which have inadvertently not been submitted and which arose during the audit period shall be determined and credited toward the amount of any overpayment due to the department. This section shall apply to all audits and examinations conducted under Sections 10722 and 14170 relative to amounts paid during the audit period for services provided to Medi-Cal beneficiaries. No audit may be reopened to provide for

underpayments in which a final decision has been reached pursuant to Section 14171 or in which a certificate has been filed pursuant to Section 14172.

(b) When a provider of pharmaceutical services asserts that a claim has been underpaid for purposes of receiving a credit against overpayments, as authorized by this section, the provider shall submit to the department information and documentation sufficient to resolve any dispute as to whether such claim was in fact underpaid.

(c) For purposes of this section, the term "underpayments" shall include errors made by the pharmacist and errors made by the fiscal intermediary in determining payments for claims submitted within the billing time limits specified in Section 14115.

SEC. 2. Section 14171 of the Welfare and Institutions Code is amended to read:

14171. (a) The director shall establish administrative appeal processes to review grievances or complaints arising from the findings of an audit or examination made pursuant to Sections 10722 and 14170.

(b) Different administrative appeal processes may be established by the director for grievances or complaints arising from the determinations of a tentative or final settlement based on audit or examination findings made by or on behalf of the department pursuant to Sections 10722 and 14170, except that consistent with existing practice, no administrative appeal shall be available for tentative settlement of cost reports.

(c) The administrative appeal process established by the director for final settlements, including, in the case of hospitals, the application of Title 22, California Administrative Code Sections 51536, 51537, and 51539, shall include the procedural requirements of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The impartial hearing shall be conducted by an administrative law judge appointed by the director. The director may subcontract with the Office of Administrative Hearings to conduct hearings on cases involving complicated issues of fact or law, or to reduce the backlog of cases.

(d) The administrative appeal process established by the director for tentative settlements, including, in the case of hospitals, the application of Title 22 California Administrative Code Sections 51536, 51537, and 51539, shall be an informal process which, however, must guarantee a provider the right to present any grievance or complaint to the department in writing. Any subsequent hearings shall be conducted in an informal manner and shall be held at the discretion of the department.

(e) The time limitations in subdivision (g) for the impartial hearing and the final decisions are mandatory. If the department fails to conduct the hearing within 360 days or to adopt a final decision thereon within 180 days of the hearing, the amount of any overpayment which is ultimately determined by the department to be due shall be reduced by 10 percent for each 30-day period that

either the hearing or the decision, or both, are delayed beyond 360 days or the additional 180 days provided in subdivision (g). However, the time period shall be extended by either of the following:

(1) Delay caused by a noninstitutional provider.

(2) Extensions of time granted a noninstitutional provider at its sole request or at the joint request of the provider and the department.

(f) Notwithstanding subdivision (c), the administrative appeal process established by the director for institutional providers at final settlements shall commence with an informal conference with the provider, a representative of the department and the hearing officer. The hearing officer, when appropriate, may assign the administrative appeal to an informal level of review where efforts could be made to resolve facts and issues in dispute in a fair and equitable manner, subject to the requirements of state and federal law. Nothing in this subdivision shall prohibit the provider from presenting any unresolved grievances or complaints at an impartial hearing pursuant to subdivision (c).

(g) Notwithstanding subdivision (c), the administrative appeal process established by the director for noninstitutional providers shall commence with an informal conference with the provider, a representative of the department, and the hearing officer. The informal conference shall be conducted no later than 90 days after the filing of a timely and specific statement of disputed issues by the noninstitutional provider. The administrative law judge, when appropriate, may assign the administrative appeal to an informal level of review where efforts could be made to resolve facts and issues in dispute in a fair and equitable manner, subject to the requirements of state and federal law. The review conducted at this informal level shall be completed no later than 180 days after the filing of a timely and specific statement of disputed issues by the noninstitutional provider. Nothing in this subdivision shall prohibit the provider from presenting any unresolved grievances or complaints at an impartial hearing pursuant to subdivision (c). For noninstitutional providers, the impartial hearing shall be conducted no later than 360 days after the issuance of the first statement of account status or demand for payment to the noninstitutional provider. A proposed decision shall be prepared within 60 days after the impartial hearing is concluded, and a final decision shall be adopted within 180 days of the hearing.

(h) In the event recovery of a disallowed payment has been made by the department, a provider who prevails in an appeal of a disallowed payment shall be entitled to interest at the rate equal to the monthly average received on investments in the Pooled Money Investment Fund, commencing on the date the appeal is formally accepted by the department or the date payment is received by the department, whichever is later.

(i) Commencing 60 days after issuance of the first statement of account status or demand for repayment resulting from an audit or

examination made pursuant to Sections 10722 and 14170, interest at the rate equal to the monthly average received on investments in the Pooled Money Investment Fund during the month the first statement of account status or demand for repayment was issued shall be assessed against any unrecovered overpayment due to the department.

(j) The final decision of the director shall be reviewable in accordance with the provisions of Section 1094.5 of the Code of Civil Procedure within six months of the issuance of the director's final decision.

CHAPTER 563

An act to amend Section 1063.5 of the Insurance Code, relating to insurance.

[Approved by Governor August 24, 1986. Filed with Secretary of State August 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1063.5 of the Insurance Code is amended to read:

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting the claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (a) workers' compensation claims; (b) automobile claims, which shall include: automobile material damage, automobile liability (both personal injury and death and property damage), medical payments and uninsured motorist claims; and (c) claims other than workers' compensation and automobile, as above defined. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to that category. The rate of premium charged shall be a uniform percentage of net direct written premium in the preceding calendar year applicable to that category. The rate of premium charges to each member in the appropriate categories shall initially be based on the written premium of each insurer as shown in the latest year's annual financial statement on file with the commissioner. The initial premium shall be adjusted by applying the same rate of premium charge as initially used to each insurer's written premium as shown on the annual statement for the year following the year in which the initial premium charge is made. The difference between the initial premium charge and the adjusted

premium charge shall be charged or credited to each member insurer by the association as soon as practical after the filing of the annual statements of the member insurers with the commissioner for the year on which the adjusted premium is based. "Net direct written premiums" shall mean the amount of gross premiums, less return premiums and policyholder's dividends paid or allowed, received in that calendar year upon business done in this state, other than premiums received for reinsurance. In cases of a dispute as to the amount of any such net direct written premium between the association and one of its members the written decision of the commissioner shall be final. The premium charged to any member insurer for any of the three categories or a category established by the association shall not be more than 1 percent of the net direct premium written in that category in this state by that member insurer. However, in no event shall the total premium charged a member insurer in one calendar year exceed 1 percent of the net direct premium written by the member insurer in one calendar year. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect an amount of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. However, during the period of deferment, no dividends shall be paid to shareholders or policyholders by the company whose assessment was deferred. Deferred assessments shall be paid when the payment will not reduce capital or surplus below required minimums. These payments shall be credited against future assessments to those companies receiving larger assessments by virtue of the deferment. The premium charges shall be recognized in the ratemaking procedures for insurance rates in the same manner that losses are recognized or as otherwise provided in this article. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements or claims dividends from the liquidator remaining in any category shall be retained by the association and applied to reduce future premium charges in the appropriate category. However, an insurer which ceases to be a member of the association shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

Interest at a rate equal to the current federal reserve discount rate plus 2½ percent per annum shall be added to the premium of any member insurer which fails to submit the premium requested by the association within 30 days after such mailing request. However, in no event shall the interest rate exceed the legal maximum.

CHAPTER 564

An act to amend Section 1950.5 of the Civil Code, relating to tenancies.

[Approved by Governor August 24, 1986 Filed with Secretary of State August 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1950.5 of the Civil Code is amended to read:

1950.5. (a) The provisions of this section shall apply to security for a rental agreement for residential property, that is, property used as the dwelling of the tenant.

(b) As used in this section, "security" means any payment, fee, deposit or charge, including, but not limited to, an advance payment of rent, used or to be used for any purpose, including, but not limited to, any of the following:

(1) The compensation of a landlord for a tenant's default in the payment of rent.

(2) The repair of damages to the premises, exclusive of ordinary wear and tear, caused by the tenant or by a guest or licensee of the tenant.

(3) The cleaning of the premises upon termination of the tenancy.

(4) To remedy future defaults by the tenant in any obligation under the rental agreement to restore, replace or return personal property or appurtenances, exclusive of ordinary wear and tear, if the security deposit is authorized to be applied thereto by the rental agreement.

(c) A landlord may not demand or receive security, however denominated, in an amount or value in excess of an amount equal to two months' rent, in the case of unfurnished residential property, and an amount equal to three months' rent in the case of furnished residential property, in addition to any rent for the first month paid on or before initial occupancy.

This subdivision does not prohibit an advance payment of not less than six months' rent where the term of the lease is six months or longer.

This subdivision does not preclude a landlord and a tenant from entering into a mutual agreement for the landlord, at the request of the tenant and for a specified fee or charge, to make structural, decorative, furnishing, or other similar alterations, if the alterations are other than cleaning or repairing for which the landlord may charge the previous tenant as provided by subdivision (e).

(d) Any security shall be held by the landlord for the tenant who is party to the lease or agreement. The claim of a tenant to the security shall be prior to the claim of any creditor of the landlord.

(e) The landlord may claim of the security only those amounts as are reasonably necessary for the purposes specified in subdivision

(b). The landlord may not assert a claim against the tenant or the security for damages to the premises or any defective conditions that preexisted the tenancy, for ordinary wear and tear or the effects thereof, whether the wear and tear preexisted the tenancy or occurred during the tenancy, or for the cumulative effects of ordinary wear and tear occurring during any one or more tenancies.

(f) Within two weeks after the tenant has vacated the premises, the landlord shall furnish the tenant, by personal delivery or by first-class mail, postage prepaid, a copy of an itemized statement indicating the basis for, and the amount of, any security received and the disposition of the security and shall return any remaining portion of the security to the tenant.

(g) Upon termination of the landlord's interest in the dwelling unit in question, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or the landlord's agent shall, within a reasonable time, do one of the following acts, either of which shall relieve the landlord of further liability with respect to the security held:

(1) Transfer the portion of the security remaining after any lawful deductions made under subdivision (e) to the landlord's successor in interest. The landlord shall thereafter notify the tenant by personal delivery or by first-class mail, postage prepaid, of the transfer, of any claims made against the security, of the amount of the security deposited, and of the names of the successors in interest, their address, and their telephone number. If the notice to the tenant is made by personal delivery, the tenant shall acknowledge receipt of the notice and sign his or her name on the landlord's copy of the notice.

(2) Return the portion of the security remaining after any lawful deductions made under subdivision (e) to the tenant, together with an accounting as provided in subdivision (f).

(h) Prior to the voluntary transfer of a landlord's interest in a dwelling unit the landlord shall deliver to the landlord's successor in interest a written statement indicating the following:

(1) The security remaining after any lawful deductions are made.

(2) An itemization of any lawful deductions from any security received.

(3) His or her election under paragraph (1) or (2) of subdivision (g).

Nothing in this subdivision shall affect the validity of title to the real property transferred in violation of the provisions of this subdivision.

(i) In the event of noncompliance with subdivision (g), the landlord's successors in interest shall be jointly and severally liable with the landlord for repayment of the security, or that portion thereof to which the tenant is entitled, when and as provided in subdivisions (e) and (f). A successor in interest of a landlord may not require the tenant to post any security to replace that amount not transferred to the tenant or successors in interest as provided in

subdivision (g), unless and until the successor in interest first makes restitution of the initial security as provided in paragraph (2) of subdivision (g) or provides the tenant with an accounting as provided in subdivision (f).

Nothing in this subdivision shall preclude a successor in interest from recovering from the tenant compensatory damages that are in excess of the security received from the landlord previously paid by the tenant to the landlord.

Notwithstanding the provisions of this subdivision, if upon inquiry and reasonable investigation, a landlord's successor in interest has a good faith belief that the lawfully remaining security deposit is transferred to him or her or returned to the tenant pursuant to subdivision (g), he or she shall not be liable for damages as provided in subdivision (k), or any security not transferred pursuant to subdivision (g).

(j) Upon receipt of any portion of the security under paragraph (1) of subdivision (g), the landlord's successors in interest shall have all of the rights and obligations of a landlord holding the security with respect to the security.

(k) The bad faith claim or retention by a landlord or the landlord's successors in interest of the security or any portion thereof, in violation of this section or the bad faith demand of replacement security in violation of subdivision (i), may subject the landlord or the landlord's successors in interest to damages not to exceed two hundred dollars ($200), in addition to any actual damages, plus, from and after January 1, 1987, interest on the security, or remaining portion thereof, at the rate of 2 percent per month from the due date until paid. In any action under this section, the landlord or the landlord's successors in interest shall have the burden of proof as to the reasonableness of the amounts claimed or the authority pursuant to this section to demand additional security deposits.

(*l*) No lease or rental agreement shall contain any provision characterizing any security as "nonrefundable."

(m) Any action under this section may be maintained in small claims court if the damages claimed, whether actual or punitive or both, are within the jurisdictional amount allowed by Section 116.2 of the Code of Civil Procedure.

(n) Proof of the existence of and the amount of a security deposit may be established by any credible evidence, including, but not limited to, a canceled check, a receipt, a lease indicating the requirement of a deposit as well as the amount, prior consistent statements or actions of the landlord or tenant, or a statement under penalty of perjury which satisfies the credibility requirements set forth in Section 780 of the Evidence Code.

(o) The amendments to this section made during the 1985 portion of the 1985–86 Regular Session of the Legislature which are set forth in subdivision (e) are declaratory of existing law.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Preventive Health Care for the Aging program has proven to be an effective program in those counties in the state in which it operates. The Legislature further finds and declares that the effectiveness of this program is demonstrated by the success which preventive health care measures utilized under the program have had in detecting early signs of death and untimely illness, thereby enabling the prevention of adverse effects both in terms of loss of life and increased treatment costs.

SEC. 2. Section 18379.5 is added to the Welfare and Institutions Code, to read:

This survey shall examine both the need to expand the program in local health departments in counties currently being served by the program, as well as the need to expand the program into local health departments in counties currently not being served. The California Conference of Local Health Officers, with the assistance of the other entities referred to in this section, shall, by April 1, 1987, submit to the Legislature a report of the findings and recommendations made pursuant to this section. The State Department of Health Services shall provide any funds necessary to implement this section.

This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted prior to January 1, 1988, deletes or extends that date.

CHAPTER 569

An act to amend Section 11628 of the Insurance Code, relating to insurance.

[Approved by Governor August 25, 1986. Filed with Secretary of State August 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11628 of the Insurance Code is amended to read:

11628. (a) No admitted insurer, licensed to issue and issuing motor vehicle liability policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for such insurance, to issue such insurance to an applicant therefor, or issue or cancel such insurance under conditions less favorable to the insured than in other comparable cases, except for reasons applicable alike to persons of every race, language, color, religion, national origin, ancestry, or the same geographic area; nor shall race, language, color, religion, national origin, ancestry, or location within a geographic area of itself constitute a condition or risk for which a higher rate, premium, or charge may be required of the insured for such insurance.

As used in this section "geographic area" means a portion of this state of not less than 20 square miles defined by description in the rating manual of an insurer or in the rating manual of a rating bureau of which the insurer is a member or subscriber. In order that geographic areas used for rating purposes may reflect homogeneity of loss experience, a record of loss experience for such geographic area shall include the breakdown of actual loss experience statistics by zip code area (as designated by the United State Postal Service) within each geographic area for family owned private passenger motor vehicles and lightweight commercial motor vehicles, under 1½-ton load capacity, used for local service or retail delivery, normally within a 50-mile radius of garaging, and which are not part of a fleet of five or more motor vehicles under one ownership. A record of loss experience for such geographic area, including such statistical data by zip code area, shall be submitted annually to the commissioner for examination by each insurer. An insurer may satisfy its obligation to report statistical data under this subparagraph by providing its loss experience data to a rating or advisory organization for submission to the commissioner. This data shall be made available to the public by the commissioner annually after examination; however, it shall be released in aggregate form by zip

code in order that no individual insurer's loss experience for any specific geographic area be revealed. Differentiation in rates between geographical areas shall not constitute unfair discrimination.

All information reported to the department pursuant to this subdivision shall be confidential.

As used in this section, "language" means the inability to speak, read, write, or comprehend the English language.

(b) No admitted insurer, licensed to issue and issuing motor vehicle liability insurance policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for such insurance, refuse to issue such insurance to an applicant therefor, or cancel such insurance solely for the reason that the applicant for such insurance or any insured is employed in a specific occupation.

Nothing in this section shall prohibit an insurer from:

(1) Considering the occupation of the applicant or insured as a condition or risk for which a higher rate or discounted rate may be required or offered for coverage in the course and scope of his or her occupation.

(2) Charging a deviated rate to any classification of risks involving a specific occupation, or grouping thereof, if the rate meets the requirements of Chapter 9 (commencing with Section 1850) of Part 2 of Division 1 and is based upon actuarial data which demonstrates a significant actual historical differential between past losses or expenses attributable to the specific occupation, or grouping thereof, and the past losses or expenses attributable to other classification of risks. For purposes of compiling such actuarial data for a specific occupation or grouping thereof, a person shall be deemed employed in the occupation in which that data is compiled if: (A) the majority of his or her employment during the previous year was in the occupation, or (B) the majority of his or her aggregate earnings for the immediate preceding three-year period were derived from the occupation, or (C) the person is a member in good standing of a union which is an authorized collective bargaining agent for persons engaged in the occupation.

Nothing in this section shall be construed to include in the definition of "occupation" active duty service in the Armed Forces of the United States, any status or activity which does not result in remuneration for work done or services performed, or self-employment in a business operated out of an applicant's or insured's place of residence or persons engaged in the renting, leasing, selling, repossessing, rebuilding, wrecking or salvaging of motor vehicles.

(c) Nothing in this section shall limit or restrict the ability of an insurer to refuse to accept an application for or refuse to issue or cancel such insurance for the reason that it is a commercial vehicle or based upon the consideration of a vehicle's size, weight, design or intended use.

(d) It is the intent of the Legislature that actuarial data by

occupation may be examined for credibility by the commissioner on the same basis as any other automobile insurance data which he or she is empowered to examine.

(e) The provisions of this section shall be known and may be cited as the "Rosenthal-Robbins Auto Insurance Nondiscrimination Law."

SEC. 2. Section 11628 of the Insurance Code is amended to read:

11628. (a) No admitted insurer, licensed to issue and issuing motor vehicle liability policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for such insurance, to issue such insurance to an applicant therefor, or issue or cancel such insurance under conditions less favorable to the insured than in other comparable cases, except for reasons applicable alike to persons of every race, language, color, religion, national origin, ancestry, or the same geographic area; nor shall race, language, color, religion, national origin, ancestry, or location within a geographic area of itself constitute a condition or risk for which a higher rate, premium, or charge may be required of the insured for such insurance.

As used in this section "geographic area" means a portion of this state of not less than 20 square miles defined by description in the rating manual of an insurer or in the rating manual of a rating bureau of which the insurer is a member or subscriber. In order that geographic areas used for rating purposes may reflect homogeneity of loss experience, a record of loss experience for such geographic area shall include the breakdown of actual loss experience statistics by zip code area (as designated by the United State Postal Service) within each geographic area for family owned private passenger motor vehicles and lightweight commercial motor vehicles, under 1½-ton load capacity, used for local service or retail delivery, normally within a 50-mile radius of garaging, and which are not part of a fleet of five or more motor vehicles under one ownership. A record of loss experience for such geographic area, including such statistical data by zip code area, shall be submitted annually to the commissioner for examination by each insurer. An insurer may satisfy its obligation to report statistical data under this subparagraph by providing its loss experience data to a rating or advisory organization for submission to the commissioner. This data shall be made available to the public by the commissioner annually after examination; however, it shall be released in aggregate form by zip code in order that no individual insurer's loss experience for any specific geographic area be revealed. Differentiation in rates between geographical areas shall not constitute unfair discrimination.

All information reported to the department pursuant to this subdivision shall be confidential.

As used in this section, "language" means the inability to speak, read, write, or comprehend the English language.

(b) No admitted insurer, licensed to issue and issuing motor vehicle liability insurance policies as defined in Section 16450 of the

Vehicle Code, shall fail or refuse to accept an application for such insurance, refuse to issue such insurance to an applicant therefor, or cancel such insurance solely for the reason that the applicant for such insurance or any insured is employed in a specific occupation.

(c) No admitted insurer, licensed to issue and issuing motor vehicle liability insurance policies as defined in Section 16450 of the Vehicle Code, shall fail or refuse to accept an application for that insurance, refuse to issue that insurance to an applicant therefor, place a surcharge or any fee upon the applicant therefor, or cancel that insurance solely for the reason that the applicant is a newly licensed driver or was uninsured for any period of time immediately preceding the application for the insurance.

For purposes of this subdivision:

(1) The term "fee" does not include a membership fee levied by a mutual or reciprocal insurer.

(2) A surcharge or fee upon an applicant shall be allowable if it is actuarily based on individual insurer data.

(3) The provisions of this subdivision shall take effect only if the California Supreme Court lifts the stay in the enforcement of Sections 16028 to 16035, inclusive, of the Vehicle Code.

Nothing in this section shall prohibit an insurer from:

(1) Considering the occupation of the applicant or insured as a condition or risk for which a higher rate or discounted rate may be required or offered for coverage in the course and scope of his or her occupation.

(2) Charging a deviated rate to any classification of risks involving a specific occupation, or grouping thereof, if the rate meets the requirements of Chapter 9 (commencing with Section 1850) of Part 2 of Division 1 and is based upon actuarial data which demonstrates a significant actual historical differential between past losses or expenses attributable to the specific occupation, or grouping thereof, and the past losses or expenses attributable to other classification of risks. For purposes of compiling such actuarial data for a specific occupation or grouping thereof, a person shall be deemed employed in the occupation in which that data is compiled if: (A) the majority of his or her employment during the previous year was in the occupation, or (B) the majority of his or her aggregate earnings for the immediate preceding three-year period were derived from the occupation, or (C) the person is a member in good standing of a union which is an authorized collective bargaining agent for persons engaged in the occupation.

Nothing in this section shall be construed to include in the definition of "occupation" active duty service in the armed forces of the United States, any status or activity which does not result in remuneration for work done or services performed, or self-employment in a business operated out of an applicant's or insured's place of residence or persons engaged in the renting, leasing, selling, repossessing, rebuilding, wrecking or salvaging of motor vehicles.

(d) Nothing in this section shall limit or restrict the ability of an insurer to refuse to accept an application for or refuse to issue or cancel such insurance for the reason that it is a commercial vehicle or based upon the consideration of a vehicle's size, weight, design or intended use.

(e) It is the intent of the Legislature that actuarial data by occupation may be examined for credibility by the commissioner on the same basis as any other automobile insurance data which he or she is empowered to examine.

(f) The provisions of this section shall be known and may be cited as the "Rosenthal-Robbins Auto Insurance Nondiscrimination Law."

SEC. 3. Section 2 of this bill incorporates amendments to Section 11628 of the Insurance Code proposed by both this bill and AB 711. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 11628 of the Insurance Code, and (3) this bill is enacted after AB 711, in which case Section 1 of this bill shall not become operative.

CHAPTER 570

An act to add Section 1183.5 to the Labor Code, relating to wages, hours, and working conditions.

[Approved by Governor August 25, 1986. Filed with Secretary of State August 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1183.5 is added to the Labor Code, to read:

1183.5. (a) Any employer who intends to use a flexible scheduling technique, as permitted by an order of the Industrial Welfare Commission, requiring a vote of the affected employees shall make a full disclosure in writing to each of the affected employees. The notice shall include the effects of the proposed scheduling, including the employees' wages, hours, and benefits. The employer shall not be required to distribute the notice to employees on a leave of absence for any cause.

(b) Within the health care industry, the disclosure shall include meetings, duly noticed, for the specific purpose of discussing the effects of flexible scheduling.

(c) Failure to comply with this section shall make the election null and void.

CHAPTER 571

An act to amend Section 14115.6 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor August 25, 1986. Filed with Secretary of State August 26, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 14115.6 of the Welfare and Institutions Code is amended to read:

14115.6. The department shall establish a pilot project under which a nurse practitioner may bill independently for services provided in a skilled nursing facility or an intermediate care facility, as defined in Section 1250 of the Health and Safety Code. Nurse practitioners shall be compensated by the department for those services which would be compensable had the services been provided by a physician. If a nurse practitioner chooses to bill independently for these services, the department shall make the payment for the services directly to the nurse practitioner. The department shall insure that payments made to providers who employ nurse practitioners who bill separately are adjusted to reflect this separation so as not to increase the financial obligation incurred by the Medi-Cal program. The department shall establish a reimbursement rate for nurse practitioners who choose to bill independently pursuant to this section.

The pilot project shall be in operation for one year and the department shall submit a report to the Legislature no later than three months after the completion of the project.

Nurse practitioners shall, however, continue to bill through physicians for Medicare patients until such time as relevant federal regulations are changed or until waivers of relevant federal regulations are obtained.

The department shall seek any federal waivers necessary to avoid conflict with federal law. If a waiver is necessary, the department may, until the waiver is obtained, limit the implementation of this section to the extent that federal matching funds are available.

CHAPTER 572

An act to amend Sections 44234 and 44235 of, and to add Sections 44235.1 and 44235.2 to, the Education Code, relating to credentials.

[Approved by Governor August 25, 1986. Filed with Secretary of State August 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 44234 of the Education Code is amended to read:

44234. (a) There is in the State Treasury the Teacher Credentials Fund. All fees levied and collected by the commission shall be deposited in the Teacher Credentials Fund.

(b) Notwithstanding any other law, if at the end of any fiscal year the commission has unencumbered funds in an amount which is in excess of its operating budget plus a prudent reserve, as determined by the Department of Finance, the department shall recommend a reduction in credential or other fees, whether fixed by statute or determined by this commission within limits fixed by statute, in an amount which will reduce any surplus funds of the commission.

SEC. 2. Section 44235 of the Education Code is amended to read:

44235. Fees shall be levied by the commission for the issuance and renewal of teaching and service credentials. Commencing January 1, 1987, the fee for the issuance and renewal of teaching and service credentials shall be fifty dollars ($50). In subsequent years, the commission may set a different fee, but in no case shall a fee exceed sixty-five dollars ($65) without express legislative approval.

A single fee, not to exceed the charge for a single supplemental credential, shall be charged for all supplemental credentials applied for at the same time.

Annually, as part of the budget review process, the Department of Finance and the Legislative Analyst shall recommend to the Legislature an appropriate credential fee sufficient to generate revenues necessary to support the operating budget of the commission plus a prudent reserve, as determined by the Department of Finance pursuant to subdivision (b) of Section 44234.

SEC. 3. Section 44235.1 is added to the Education Code, to read:

44235.1. (a) Effective July 1, 1987, all fees collected by the commission for tests, examinations, or assessments shall be deposited in the Test Development and Administration Account, which is hereby created in the Teacher Credentials Fund.

(b) Any proposed expenditures from this account shall be subject to the normal legislative budget review process.

(c) Except as otherwise provided in subdivision (e) or unless otherwise authorized by the Legislature, funds deposited in this account shall be expended solely for the development, maintenance, or administration of tests or other assessments established, required,

or administered by the commission.

(d) Funds in this account shall not be subject to the provisions of subdivision (b) of Section 44234.

(e) If there is a deficiency in the Teacher Credentials Fund, the Department of Finance may authorize a loan from the Test Development and Administration Account to the Teacher Credentials Fund to the extent needed to cover the projected deficiency.

Any loan made under this subdivision shall be repaid under the terms provided in the authorization.

SEC. 4. Section 44235.2 is added to the Education Code, to read:

CHAPTER 574

An act to add Sections 51881.5 and 51900.5 to the Education Code, and to amend Section 66780.5 of, and to add Article 9 (commencing with Section 66798) to Chapter 3 of Title 7.3 of, the Government Code, relating to hazardous substances.

[Approved by Governor August 26, 1986. Filed with Secretary of State August 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 51881.5 is added to the Education Code, to read:

51881.5. (a) The Legislature finds and declares that hazardous substances, as defined in Section 25316 of the Health and Safety Code, are an integral part of daily life, and that some substances, which are routinely found in and around homes, present potential

hazards to the public and to the environment because of the lack of public awareness and education on the hazards of these substances and because of the lack of safe disposal options for hazardous substances from households.

(b) The Legislature, therefore, finds that hazardous substances education programs in the public schools would serve a beneficial purpose by fostering in students an understanding of their role in protecting the environment, and in safeguarding themselves from other health and safety dangers which may be posed by hazardous substances.

(c) It is the intent of the Legislature that the department provide school districts with information concerning the availability of educational materials and curricula on hazardous substances.

SEC. 2. Section 51900.5 is added to the Education Code, to read:

51900.5. On or before July 1, 1987, the department shall prepare and distribute to school districts a list and description of educational materials and curricula which are available on hazardous substances, as defined in Section 25316 of the Health and Safety Code. In preparing the list of educational materials and curricula, the department shall solicit suggestions for placing materials on the list from the California Waste Management Board and from the advisory committee established pursuant to Section 66798.7 of the Government Code.

SEC. 3. Section 66780.5 of the Government Code is amended to read:

66780.5. In addition to the other requirements of this title, the county solid waste management plan prepared pursuant to Section 66780 shall:

(a) Include in the first revision as required in Section 66780.7 an amendment delineating an enforcement program in accordance with Chapter 3 (commencing with Section 66795), which has been reviewed by the board and the State Department of Health Services.

(b) Identify a program for the safe management of hazardous wastes, as defined in Section 25117 of the Health and Safety Code, which are generated by households and which should be separated from the solid waste stream, to the extent that the county determines a need for this program.

(c) Be reviewed, and revised, if appropriate, at least every three years and revised where necessary to be consistent with state policy. A report of the results of the plan review shall be submitted to the board and to the department beginning on the third anniversary of the date of board approval of the plan submitted pursuant to Section 66780 with subsequent reviews and reports at least every three years thereafter.

(d) Any amendment to the plan shall be approved by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county. Each proposed amendment shall be submitted to each city within the county. Each city shall act upon the proposed amendment within 90 days after the

city has received the amendment. If a city fails to act upon the proposed amendment within 90 days after receiving the amendment, the city shall be deemed to have approved the amendment as submitted. Each amendment shall be submitted to the board for approval as to its compliance with state policy.

SEC. 4. Article 9 (commencing with Section 66798) is added to Chapter 3 of Title 7.3 of the Government Code, to read:

Article 9. Hazardous Substances Information

66798. (a) The Legislature finds and declares that, because hazardous substances are an integral part of daily life, it would benefit the public to have access to practical and consistent information concerning chemicals in daily life, products which contain hazardous substances, and proper procedures for the disposal of hazardous substances. This information would improve the ability of all Californians to assist in protecting the state's natural resources from environmental degradation.

(b) The Legislature also finds that the disposal of hazardous substances by households can be injurious to sanitation workers, the general public, and wildlife and domestic animals, and can pose a threat to the environment.

(c) The Legislature, therefore, declares that the state should assist the efforts of local governments and other agencies to provide safer disposal methods for household hazardous waste and to provide public information on the proper disposal of hazardous substances commonly found in and around homes.

(d) For purposes of this article, "hazardous waste" has the same meaning as defined in Section 25117 of the Health and Safety Code, and "hazardous substance" has the same meaning as defined in Section 25316 of the Health and Safety Code.

66798.1. The board shall, in consultation with the advisory committee established pursuant to Section 66798.7, develop and implement a public information program to provide uniform and consistent information on the proper disposal of hazardous substances found in and around homes. The program may include information, consistent with product labeling, on the proper use and storage of products which contain hazardous substances.

The public information program shall be designed to provide uniform responses to public inquiries about household hazardous substances, and to assist the efforts of local governments and other agencies to provide services related to household hazardous substances.

The public information program shall include the development of pamphlets or other written materials which could be used by local governments and other agencies in conjunction with household hazardous waste collection or other programs which these agencies may offer. The written materials shall be prepared with the intent of promoting consistency in how these local programs define and

handle household hazardous wastes.

66798.3. The board shall designate a household hazardous waste coordinator to advise and assist local governments and other agencies which offer programs for household hazardous waste management.

The board shall provide technical assistance to local governments and other agencies which establish household hazardous waste management programs.

66798.4. (a) The board shall prepare, in consultation with the department and the advisory committee established pursuant to Section 66798.7, guidelines and a state policy to guide the efforts of local governments and other agencies to provide community services related to the safe disposal of hazardous substances commonly found in and around homes. The guidelines required by this section shall include all the following elements:

(1) Development of a model operation plan for community household hazardous waste collection programs. The model operation plan shall include a description of proper procedures for hazardous waste handling, storage, transportation, and personnel training.

(2) The establishment of guidelines on the generic types of household hazardous substances which should be disposed of as hazardous waste, and guidelines on the safe management of hazardous wastes generated by households which may be excluded from household hazardous waste collection programs but which may require some special handling. In establishing guidelines on which products should be disposed of as hazardous waste, the board shall consider such factors as toxicity, concentration of toxic ingredients in a product, and other appropriate factors. The board shall also consider the appropriateness of excluding from any listing of household hazardous wastes specific categories of household products, such as products intended for human consumption, personal hygiene products, and other categories of household products intended for general consumer use.

(b) The guidelines and operation plan prepared pursuant to subdivision (a) shall, upon request, be made available to local governments, other agencies, and the public. The board shall advise county health offices of the availability of these materials and of the informational materials developed pursuant to Section 66798.1.

(c) In developing the guidelines required by subdivision (a), the board shall, to the extent feasible, consult existing sources of information, including household hazardous waste collection programs which have been operated in the state and in other states, and industry and academia.

66798.5. Any city or county may, upon a vote of the governing body of the city or county, authorize an increase in solid waste collection fees to offset the cost to the city or county of establishing, publicizing, and maintaining a household hazardous waste management program. Any increase in garbage collection fees

authorized by this section shall be set at a level to bring in revenues no higher than is necessary to fund the reasonable cost of the household hazardous waste management program. Where an appropriately licensed private entity is utilized by a city or county, under a permit or existing franchise, to undertake a household hazardous waste management program, the costs of handling, hauling, and disposing of household hazardous wastes shall be paid through fees or rates charged for service.

66798.6. (a) On or before January 1, 1988, the board shall report to the Legislature on household hazardous waste management issues. The report shall include an assessment of the following:

(1) The effectiveness of the informational program and technical assistance required by this article in serving the needs of local governments and the public.

(2) Household hazardous waste management programs which have been conducted in the state and in other states, including information on the costs of the programs, the quantities of waste collected, and the manner in which the programs were conducted.

(3) The recycling or treatment potential for any of the types of hazardous waste collected by household hazardous waste collection programs. In assessing the recycling or treatment potential of household hazardous wastes, the report shall specifically address the need for, and the feasibility of, programs to provide for the recycling or treatment of paint and solvent products.

(4) The need for, and the feasibility of, extending the services related to household hazardous substances required by this article, to the needs of specific categories of small quantity hazardous waste generators.

(5) The environmental impacts of the disposal of household hazardous wastes at municipal landfills, to waste water treatment facilities, at resource recovery facilities, and through other disposal avenues, and of the threat to sanitation workers and others posed by household hazardous wastes.

66798.7. (a) The board shall establish a nine-member advisory committee on household hazardous waste management to review and comment on the guidelines and state policy prepared by the board pursuant to Section 66798.4, to review and comment on the informational materials developed pursuant to Section 66798.1, to review and comment on the report required by Section 66798.6 prior to its submittal to the Legislature, and to perform other functions related to household hazardous waste management, as requested by the board.

(b) The membership of the advisory committee shall be as follows:

(1) A representative of county government, from a rural county, to be selected by the County Supervisors Association of California.

(2) A representative of city government, to be selected by the League of California Cities.

(3) A representative of a hazardous waste transfer station

operation, to be selected by the department.

(4) A representative of public information programs, to be selected by the League of Women Voters of California.

(5) A representative of publicly owned municipal landfill operations, to be selected by the board.

(6) A representative of product manufacturers, to be selected by the Chemical Specialties Manufacturers Association.

(7) A representative of waste haulers, to be selected by the Southern California Refuse Council and the Northern California Refuse Council.

(8) A representative of environmental organizations, to be selected by the League of Women Voters of California.

(9) A representative of paint and coatings manufacturers, to be selected by the National Paint and Coatings Association.

(c) The organizations selecting advisory committee members shall select individuals with experience in, or knowledge of, household hazardous waste management programs.

(d) The board shall serve as staff to the advisory committee established pursuant to subdivision (a).

(e) If any of the appointing authorities for members of the advisory committee fails to make an appointment, the chairperson of the board shall make the appointment.

(f) The chairperson of the advisory committee shall be selected by the committee members. The committee shall meet at least twice a year. The chairperson shall call meetings of the committee after consultation with the board.

(g) Committee members shall serve without compensation, but shall be reimbursed for expenses incurred in attending advisory committee meetings.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing. As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void. The state body also may exclude from any such public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees.

(c) Nothing in this article shall be construed to prevent an advisory body of a state body which administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters which the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

11126. (a) Nothing in this article shall be construed to prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing. As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void. The state body also may exclude from any such public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body. Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

For the purposes of this section, "employee" shall not include any person who is elected to, or appointed to a public office by, any state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees.

(b) Nothing in this article shall be construed to prevent state bodies which administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

(c) Nothing in this article shall be construed to prevent an advisory body of a state body which administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters which the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

(d) Nothing in this article shall be construed to prohibit a state body from holding a closed session to deliberate on a decision to be reached based upon evidence introduced in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 or similar provisions of law.

(f) Nothing in this article shall be construed to grant a right to enter any correctional institution or the grounds of a correctional institution where that right is not otherwise granted by law, nor shall anything in this article be construed to prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of any individual or other disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

However, prior to the closed session, the state body shall hold an open and public session in which it identifies the real property or real properties which the negotiations may concern and the person or

persons with whom its negotiator may negotiate.

For purposes of this subdivision, the negotiator may be a member of the state body.

For purposes of this subdivision, "lease" includes renewal or renegotiation of a lease.

Nothing in this subdivision shall preclude a state body from holding a closed session for discussions regarding eminent domain proceedings pursuant to subdivision (q).

(j) Nothing in this article shall be construed to prevent the California Postsecondary Education Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the Director of the California Postsecondary Education Commission.

For purposes of consideration of shareholder voting on corporate stocks held by the state body, closed sessions for the purposes of voting may be held only with respect to election of corporate directors, election of independent auditors, and other financial issues which could have a material effect on the net income of the corporation. For the purpose of real property investment decisions which may be considered in a closed session pursuant to this subdivision, a state body shall also be exempt from the provisions of subdivision (i) relating to the identification of real properties prior to the closed session.

(o) Nothing in this article shall be construed to prevent a state body, or such boards, commissions, administrative officers, or other representatives as may properly be designated by law or by a state body, from holding closed sessions with its representatives in discharging its responsibilities under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 as the sessions relate to salaries, salary schedules, or compensation paid in the form of fringe benefits. For the purposes enumerated in the preceding sentence, a state body may also meet with a state conciliator who has intervened in the proceedings.

(B) Based on existing facts and circumstances, the state body is meeting only to decide whether a closed session is authorized pursuant to subparagraph (A).

(3) Based on existing facts and circumstances, the state body has decided to initiate or is deciding whether to initiate litigation.

If the closed session is pursuant to paragraph (1), the memorandum shall include the title of the litigation. If the closed session is pursuant to paragraph (2) or (3), the memorandum shall include the existing facts and circumstances on which it is based. The legal counsel shall submit the memorandum to the state body prior to the closed session, if feasible, and in any case no later than one week after the closed session. The memorandum shall be exempt from disclosure pursuant to Section 6254.1.

For purposes of this subdivision, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

Disclosure of a memorandum required under this subdivision shall not be deemed as a waiver of the lawyer-client privilege, as provided for under Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code. Except as otherwise permitted by this section, the lawyer-client privilege shall not be used as the basis for a closed session of a state body.

a proceeding conducted pursuant to Chapter 5 (commencing with Section 11500), from closing a hearing to the public during the testimony of any witness who is a minor, where the testimony of the witness before the general public would, in the opinion of the administrative law judge, be likely to cause serious psychological harm to the witness. For purposes of this subdivision, none of the following individuals shall be excluded from the hearing: state body members assigned to hear the proceeding, an administrative law judge sitting with state body members or assigned to hear the proceeding alone, a reporter or electronic recording monitor, the state body's counsel and one state body representative, the respondent, the respondent's legal counsel or other representative, the minor witness, his or her counsel, and up to two family members or other support persons. The board may lease portable classrooms to any school district or county superintendent of schools which serves infant or preschool individuals with exceptional needs, as defined in Section 56026, and which operates programs pursuant to Part 30 (commencing with Section 56000). These portable classrooms shall be adequately equipped to meet the educational needs of these students, including, but not limited to, sinks and restroom facilities.

CHAPTER 577

An act to add Article 3 (commencing with Section 4660) to Chapter 5 of Division 4.5 of the Welfare and Institutions Code, relating to open meetings.

[Approved by Governor August 26, 1986. Filed with Secretary of State August 26, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares both of the following:

(a) In order to ensure that regional centers for the developmentally disabled are responsive and open to the needs of persons with developmental disabilities and the public, actions taken by regional center governing boards should be taken openly and their deliberations should be conducted openly.

(b) Given the important nature of the decisions made by a regional center governing board and the effect these decisions have on the lives of persons with developmental disabilities and their communities, it is critical that there be appropriate community input into the decisionmaking process.

SEC. 2. Article 3 (commencing with Section 4660) is added to Chapter 5 of Division 4.5 of the Welfare and Institutions Code, to read:

Article 3. Regional Center Board Meetings

4660. All meetings of the board of directors of each regional center shall be open and public, and all persons shall be permitted to attend any meeting, except as otherwise provided in this section. Regional center board meetings shall be open and public in accordance with all of the following provisions:

(a) Each regional center shall provide a copy of this article to each member of the regional center governing board upon his or her assumption of board membership.

(b) As used in this article, board meetings include meetings conducted by any committee of the governing board which exercises authority delegated to it by that governing board. However, board meetings shall not be deemed to include board retreats planned solely for educational purposes.

(c) At each regional center board meeting, time shall be allowed for public input.

(d) Any person attending an open and public meeting of a regional center shall have the right to record the proceedings on a tape recorder in the absence of a reasonable finding of the regional center governing board that such recording constitutes, or would constitute, a disruption of the proceedings.

4661. Regional centers shall provide notice of their meetings to any person who requests notice in writing. Notice shall be mailed at least seven days in advance of each meeting. The notice shall include the date, time, and location of, and a specific agenda for, the meeting, which shall include an identification of all substantive topic areas to be discussed, and no item shall be added to the agenda subsequent to the provision of this notice. The notice requirement shall not preclude the regional center board from taking action on any urgent request made by the department, not related to purchase of service reductions, for which notice could not have been provided at least seven days before the meeting, or on new items brought before the board at meetings by members of the public.

4662. In the case of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of regional center services, an emergency meeting may be called without complying with the advanced notice requirement of Section 4661. For the purposes of this article, "emergency situation" means any activity which severely impairs public health, safety, or both, as determined by a majority of the members of the regional center board. In these situations, advance notice shall be provided if practicable. In addition, the area board shall be notified by telephone of each emergency meeting. The minutes of an emergency meeting, including a description of any actions taken at the meeting, shall be mailed immediately to those persons described in Section 4661.

4663. (a) The governing board of a regional center may hold a closed meeting to discuss or consider one or more of the following:

(1) Real estate negotiations.

(2) The appointment, employment, evaluation of performance, or dismissal of a regional center employee.

(3) Employee salaries and benefits.

(4) Labor contract negotiations.

(5) Pending litigation.

(b) Any matter specifically dealing with a particular regional center client must be conducted in a closed session, except where it is requested that the issue be discussed publicly by the client, the client's conservator, or the client's parent or guardian where the client is a minor. Minutes of closed sessions shall be kept by a designated officer or employee of the regional center, but these minutes shall not be considered public records. Prior to and directly after holding any closed session, the regional center board shall state the specific reason or reasons for the closed session. In the closed session, the board may consider only those matters covered in its statement.

4664. The governing board of a regional center may hold a closed session regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the regional center in the litigation. Litigation shall be considered pending when any of the following circumstances exist:

(a) An adjudicatory proceeding to which the regional center is a party has been initiated formally.

(b) A point has been reached where, based upon existing facts and circumstances and the advice of legal counsel, it is determined that there is a significant exposure to litigation against the regional center.

(c) Based on existing facts and circumstances, the regional center has decided to initiate or is deciding whether to initiate ligitation.

Prior to holding a closed session pursuant to this section, the regional center governing board shall state publicly to which subdivision it is pursuant.

4665. Agendas and other writings or materials distributed prior to or during a regional center board meeting for discussion or action at the meeting shall be considered public records, except those materials distributed during, and directly related to, a closed session authorized under Section 4663. Writings which are distributed prior to commencement of a board meeting shall be made available for public inspection upon request prior to commencement of the meeting. Writings which are distributed during a board meeting shall be made available for public inspection at the time of their discussion at the meeting. A reasonable fee may be charged for a copy of a public record distributed pursuant to this section.

4666. No regional center shall conduct any meeting, conference, or other function in any facility that prohibits the admittance of any person, or persons, on the basis of race, religious creed, color, national origin, ancestry, sex, or handicap.

4667. All regional center board meetings shall be held in facilities accessible to persons with physical disabilities.

4668. (a) Any action taken by a regional center governing board in violation of this article is null and void. Any interested person may commence an action by mandamus, injunction, or declaratory relief for the purpose of obtaining a judicial declaration that an action taken in violation of this article is null and void.

(b) A court may award court costs and reasonable attorney's fees to the plaintiff in an action brought pursuant to this section where it is found that a regional center board has violated the provisions of this article.

(c) This section does not prevent a regional center governing board from curing or correcting an action challenged pursuant to this section.

4669. The provisions of this article shall not apply to the corporate affairs of the governing board of a regional center which have no relationship to the role and responsibility of a regional center set forth in this chapter.

The court shall increase the total fine necessary to include this increment.

With respect to those offenses specified in this subdivision for which a fine is not authorized by other provisions of law, the court shall, upon conviction, impose a fine in an amount not to exceed fifty dollars ($50), which shall constitute the increment prescribed by this section and which shall be in addition to any other penalty prescribed by law.

(b) The county treasurer shall maintain a criminalistics laboratories fund. The sum of fifty dollars ($50) shall be deposited into the fund for every conviction under Section 11350, 11351, 11352, 11355, 11358, 11359, 11361, 11363, 11364, 11368, 11375, 11377, 11378, 11378.5, 11379, 11379.5, 11379.6, 11380, 11380.5, 11382, 11383, 11390, 11391, or 11550, subdivision (a) or (c) of Section 11357, or subdivision (a) of Section 11360 of this code, or Section 4230 of the Business and Professions Code, in addition to fines, forfeitures, and other moneys which are transmitted by the courts to the county treasurer pursuant to Section 11502. The deposits shall be made prior to any transfer pursuant to Section 11502. The county may retain an amount of this money equal to its administrative cost incurred pursuant to this section. Moneys in the criminalistics laboratories fund shall, except as otherwise provided in this section, be used exclusively to fund (1) costs incurred by criminalistics laboratories providing microscopic and chemical analyses for controlled substances, in connection with criminal investigations conducted within both the incorporated or unincorporated portions of the county, (2) the purchase and maintenance of equipment for use by these laboratories in performing the analyses, and (3) for continuing education, training, and scientific development of forensic scientists regularly employed by these laboratories. Moneys in the criminalistics laboratory fund

As used in this section, "criminalistics laboratory" means a laboratory operated by, or under contract with, a city, county, or other public agency, including a criminalistics laboratory of the Department of Justice, (1) which has not less than one regularly employed forensic scientist engaged in the analysis of solid-dose controlled substances, and (2) which is registered as an analytical laboratory with the Drug Enforcement Administration of the United States Department of Justice for the possession of all scheduled controlled substances. In counties served by criminalistics laboratories of the Department of Justice, amounts deposited in the criminalistics laboratories fund, after deduction of appropriate and reasonable county overhead charges attributable to the collection thereof, shall be paid by the county treasurer once a month to the Controller for deposit into the State General Fund, and shall be excepted from the expenditure requirements otherwise prescribed by this subdivision.

The county treasurer shall, at the conclusion of each fiscal year, determine the amount of any funds remaining in the special fund established pursuant to this section after expenditures for that fiscal year have been made for the purposes herein specified. The county treasurer shall annually distribute those surplus funds in accordance with the allocation scheme for distribution of fines and forfeitures set forth in Section 11502.

[Approved by Governor August 28, 1986 Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 92680) is added to Part 57 of the Education Code, to read:

CHAPTER 8. TECHNOLOGY TRANSFER AND EDUCATION PROGRAM

92680. It has become increasingly evident that the strength of California business will depend on how new knowledge-intensive and technologically advanced small businesses perform in creating jobs and economic stability for the state's communities.

In order for both new and existing small businesses to be competitive, it is necessary that they have access to, and can avail themselves of, the most advanced technical information available. The bulk of the scientific and technical information necessary to assist California's small businesses to compete resides in the University of California. There are few vehicles outside of agricultural extension for the state's small businesses to take advantage of the technical expertise resident in the university. Large well-established businesses with their own research staffs or the ability to acquire technical help via consultants from the university and elsewhere can either develop the technical capacity they require or purchase it elsewhere. Small minority businesses in inner city environments are at a particular disadvantage in this regard, since they seldom know how to gain access to, or adapt, the latest technical information to produce new products or increase their capacity. Therefore, it is particularly important for the state to develop mechanisms by which the minority small business community can gain special access to the enormous resources of the university to assist them in improving their ability to increase job creation capabilities in the inner city.

92681. (a) In order to facilitate technology transfer to small

business, the University of California is requested to establish an experimental technology project. This experimental project shall be directed toward serving initially the five bay area counties covered by the Association of Bay Area Governments.

(b) The project shall, upon acceptance by the Regents of the University of California, be operated by the regents.

92682. The project shall be operated by the University of California to do the following:

(a) Identify and coordinate resources within the university that could benefit small businesses, and assess the potential need of small businesses for those resources.

(b) Seek to provide at least the following types of assistance:

(1) Technology education for small business, to include seminars, workshops, and similar education endeavors aimed at acquainting small business owners and operators with information on new technological advances that may have potential for new business opportunities or improved business practices.

(2) Technology assessments for small business, designed to assist new entrepreneurs or existing businesses that provide scientifically based products or services. These assessments shall be limited to the scientific merits of the proposed product, and where appropriate, advice and assistance.

(3) Technology development and transfer studies, aimed at perfecting and adapting new technological advances to the needs of small business enterprises. These studies may include the examination of recent innovative business technologies in robotics, telecommunications, and other similar fields, and their relation to the needs of small businesses.

(4) An inner city small business technology service oriented to the special needs of minority inner city enterprises. The objective of this service shall be to assist these businesses to identify their needs and potentials for utilizing or developing new technologies.

92684. The project shall be coordinated, as much as possible, with existing state and small business assistance programs, so as to avoid duplication, particularly with respect to the California Small Business Development Center Plan.

92685. It is the intent of the Legislature that assistance to small businesses be provided under the project on a fee-for-service basis. The fee schedule shall be on a sliding scale that permits the owners and operators of small- and medium-sized businesses to utilize the services of the project.

92686. Except as otherwise provided in this section, any such petition shall be filed within 30 days after the last day on which reconsideration can be ordered. The right to petition shall not be affected by the failure to seek reconsideration before the agency. The complete record of the proceedings, or such parts thereof as are designated by the petitioner, shall be prepared by the agency and shall be delivered to petitioner, within 30 days after a request therefor by him or her, upon the payment of the fee specified in Section 69950 as now or hereinafter amended for the transcript, the cost of preparation of other portions of the record and for certification thereof. Thereafter, the remaining balance of any costs or charges for the preparation of the record shall be assessed against the petitioner whenever the agency prevails on judicial review following trial of the cause. These costs or charges constitute a debt of the petitioner which is collectible by the agency in the same manner as in the case of an obligation under a contract, and no license shall be renewed or reinstated where the petitioner has failed to pay all of these costs or charges. The complete record includes the pleadings, all notices and orders issued by the agency, any proposed decision by an administrative law judge, the final decision, a transcript of all proceedings, the exhibits admitted or rejected, the written evidence and any other papers in the case. Where petitioner, within 10 days after the last day on which reconsideration can be ordered, requests the agency to prepare all or any part of the record the time within which a petition may be filed shall be extended until 30 days after its delivery to him or her. The agency may file with the court the original of any document in the record in lieu of a copy thereof. In the event that the petitioner prevails in overturning the

administrative decision following judicial review, the agency shall reimburse the petitioner for all costs of transcript preparation, compilation of the record, and certification.

A

copy of the petition for writ of mandate shall be delivered to the clerk of the trial court with a request that it be placed in the trial court file.

SEC. 3. Section 1985 of the Code of Civil Procedure is amended to read:

1985. The process by which the attendance of a witness is required is the subpoena. It is a writ or order directed to a person and requiring his attendance at a particular time and place to testify as a witness. It may also require him to bring with him any books, documents, or other things under his control which he is bound by law to produce in evidence. When a county recorder is using the microfilm system for recording, and he is subpoenaed to present a record, he shall be deemed to have complied with the subpoena if he produces a certified copy thereof.

A copy of an affidavit shall be served with a subpoena duces tecum issued before trial, showing good cause for the production of the matters and things described in such subpoena, specifying the exact matters or things desired to be produced, setting forth in full detail the materiality thereof to the issues involved in the case, and stating that the witness has the desired matters or things in his possession or under his control.

The clerk, or a judge, shall issue a subpoena or subpoena duces tecum signed and sealed but otherwise in blank to a party requesting it, who shall fill it in before service. An attorney at law who is the attorney of record in an action or proceeding, may sign and issue a subpoena to require attendance before the court in which the action or proceeding is pending or at the trial of an issue therein, or upon the taking of a deposition in an action or proceeding pending therein; the subpoena in such a case need not be sealed. An attorney at law who is the attorney of record in an action or proceeding, may sign and issue a subpoena duces tecum to require production of the matters or things described in the subpoena. Nothing herein shall authorize the issuance of a subpoena or subpoena duces tecum in cases provided for by Sections 68097.1 to 68097.10, inclusive, of the Government Code unless the required payment or deposit has been made.

SEC. 4. Section 1986.5 of the Code of Civil Procedure is amended to read:

1986.5. Any person who is subpoenaed and required to give a deposition shall be entitled to receive the same witness fees and mileage as if the subpoena required him or her to attend and testify before a court in which the action or proceeding is pending. Notwithstanding this requirement, the only fees owed to a witness who is required to produce business records under Section 1560 of the Evidence Code pursuant to a subpoena duces tecum, but who is not required to personally attend a deposition away from his or her place of business, shall be those prescribed in Section 1563 of the Evidence Code.

SEC. 5. Section 1158 of the Evidence Code is amended to read:

1158. Whenever, prior to the filing of any action or the appearance of a defendant in an action, an attorney at law or his or her representative presents a written authorization therefor signed by an adult patient, by the guardian or conservator of his person or estate, or, in the case of a minor, by a parent or guardian of such minor, or by the personal representative or an heir of a deceased patient, or a copy thereof, a physician and surgeon, dentist, registered nurse, dispensing optician, registered physical therapist, podiatrist, licensed psychologist, osteopath, chiropractor, clinical laboratory bioanalyst, clinical laboratory technologist, or pharmacist or pharmacy, duly licensed as such under the laws of the state, or a licensed hospital, shall make all of the patient's records under his, hers or its custody or control available for inspection and copying by such attorney at law or his, or her, representative, promptly upon the presentation of the written authorization.

No copying may be performed by any medical provider enumerated above, or by an agent thereof, when the requesting attorney has employed a professional photocopier or anyone identified in Section 22451 of the Business and Professions Code as his or her representative to obtain or review the records on his or her behalf. The presentation of the authorization by the agent on behalf of the attorney shall be sufficient proof that the agent is the attorney's representative.

Failure to make such records available, during business hours, within five days after the presentation of the written authorization, may subject the person or entity having custody or control of the records to liability for all reasonable expenses, including attorney's fees, incurred in any proceeding to enforce the provisions of this section.

All reasonable costs incurred by any person or entity enumerated above in making patient records available pursuant to this section may be charged against the person whose written authorization required the availability of such records.

"Reasonable cost," as used in this section, shall include, but not be limited to, the following specific costs: ten cents ($0.10) per page for standard reproduction of documents of a size 8½ by 14 inches or less; twenty cents ($0.20) per page for copying of documents from microfilm; actual costs for the reproduction of oversize documents or the reproduction of documents requiring special processing which are made in response to an authorization; reasonable clerical costs incurred in locating and making the records available to be billed at the maximum rate of sixteen dollars ($16) per hour per person, computed on the basis of four dollars ($4) per quarter hour or fraction thereof; actual postage charges; and actual costs, if any, charged to the witness by a third person for the retrieval and return of records held by that third person.

Where the records are produced for inspection or photocopying at the record custodian's place of business, the only fee for complying with the authorization shall not exceed fifteen dollars ($15).

SEC. 6. Section 1560 of the Evidence Code is amended to read:

1560. (a) As used in this article:

(1) "Business" includes every kind of business described in Section 1270.

(2) "Record" includes every kind of record maintained by such a business.

(b) Except as provided in Section 1564, when a subpoena duces tecum is served upon the custodian of records or other qualified witness of a business in an action in which the business is neither a party nor the place where any cause of action is alleged to have arisen, and the subpoena requires the production of all or any part of the records of the business, it is sufficient compliance therewith if the custodian or other qualified witness, within five days after the receipt of the subpoena in any criminal action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, or within 15 days after the receipt of the subpoena in any civil action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, delivers by mail or otherwise a true, legible, and durable copy of all the records described in the subpoena to the clerk of court or to the judge if there be no clerk or to such other person as described in subdivision (a) of Section 2018 of the Code of Civil Procedure, together with the affidavit described in Section 1561.

(c) The copy of the records shall be separately enclosed in an inner envelope or wrapper, sealed, with the title and number of the action, name of witness, and date of subpoena clearly inscribed thereon; the sealed envelope or wrapper shall then be enclosed in an outer envelope or wrapper, sealed, and directed as follows:

(1) If the subpoena directs attendance in court, to the clerk of such court, or to the judge thereof if there be no clerk.

(2) If the subpoena directs attendance at a deposition, to the officer before whom the deposition is to be taken, at the place designated in the subpoena for the taking of the deposition or at the officer's place of business.

(3) In other cases, to the officer, body, or tribunal conducting the hearing, at a like address.

(d) Unless the parties to the proceeding otherwise agree, or unless the sealed envelope or wrapper is returned to a witness who is to appear personally, the copy of the records shall remain sealed and shall be opened only at the time of trial, deposition, or other hearing, upon the direction of the judge, officer, body, or tribunal conducting the proceeding, in the presence of all parties who have appeared in person or by counsel at the trial, deposition, or hearing. Records which are original documents and which are not introduced in evidence or required as part of the record shall be returned to the person or entity from whom received. Records which are copies may be destroyed.

(e) As an alternative to the procedures described in subdivisions

(b), (c), and (d), the subpoenaing party may direct the witness to make the records available for inspection or copying by the party's attorney or the attorney's representative at the witness' business address under reasonable conditions during normal business hours. It shall be the responsibility of the attorney's representative to deliver any copy of the records as directed in the subpoena.

SEC. 7. Section 1561 of the Evidence Code is amended to read:

1561. (a) The records shall be accompanied by the affidavit of the custodian or other qualified witness, stating in substance each of the following:

(1) The affiant is the duly authorized custodian of the records or other qualified witness and has authority to certify the records.

(2) The copy is a true copy of all the records described in the subpoena.

(3) The records were prepared by the personnel of the business in the ordinary course of business at or near the time of the act, condition, or event.

(4) The records described in the subpoena duces tecum were delivered to the attorney or his or her representative for copying at the custodian's or witness' place of business, pursuant to subdivision (e) of Section 1560 of the Evidence Code.

(b) If the business has none of the records described, or only part thereof, the custodian or other qualified witness shall so state in the affidavit, and deliver the affidavit and such records as are available in the manner provided in Section 1560.

(c) Where the records described in the subpoena were delivered to the attorney or his or her representative for copying at the custodian's or witness' place of business, in lieu of the affidavit required by subdivision (a), the records shall be accompanied by an affidavit by the attorney or his or her representative stating that the copy is a true copy of all the records delivered to the attorney or his or her representative for copying.

SEC. 8. Section 1563 of the Evidence Code is amended to read:

1563. (a) This article shall not be interpreted to require tender or payment of more than one witness fee and one mileage fee or other charge unless there is an agreement to the contrary.

(b) All reasonable costs incurred in a civil proceeding by any witness which is not a party with respect to the production of all or any part of business records the production of which is requested pursuant to a subpoena duces tecum may be charged against the party serving the subpoena duces tecum.

(1) "Reasonable cost," as used in this section, shall include, but not be limited to, the following specific costs: ten cents ($0.10) per page for standard reproduction of documents of a size 8½ by 14 inches or less; twenty cents ($0.20) per page for copying of documents from microfilm; actual costs for the reproduction of oversize documents or the reproduction of documents requiring special processing which are made in response to a subpoena; reasonable clerical costs incurred in locating and making the records available to be billed at

the maximum rate of sixteen dollars ($16) per hour per person, computed on the basis of four dollars ($4) per quarter hour or fraction thereof; actual postage charges; and actual costs, if any, charged to the witness by a third person for the retrieval and return of records held by that third person.

(2) The requesting party shall not be required to pay those costs or any estimate thereof prior to the time such records are available for delivery pursuant to the subpoena, but the witness may demand payment of costs pursuant to this section simultaneous with actual delivery of the subpoenaed records, and until such time as payment is made, is under no obligation to deliver the records.

(3) The witness shall submit an itemized statement for such costs to the requesting party setting forth the reproduction and clerical costs incurred by the witness. Upon demand by the requesting party, the witness shall furnish a statement setting forth the actions taken by the witness in justification of such costs.

(4) The requesting party may petition the court in which the action is pending to recover from the witness all or a part of the costs paid to the witness, or to reduce all or a part of the costs charged by the witness, pursuant to this subdivision, on the grounds that such costs were excessive. Upon the filing of the petition the court shall issue an order to show cause and from the time the order is served on the witness the court has jurisdiction over the witness. The court may hear testimony on the order to show cause and if it finds that the costs demanded and collected, or charged but not collected, exceed the amount authorized by this subdivision, it shall order the witness to remit to the requesting party, or reduce its charge to the requesting party by an amount equal to, the amount of the excess. In the event that the court finds the costs excessive and charged in bad faith by the witness, the court shall order the witness to remit the full amount of the costs demanded and collected, or excuse the requesting party from any payment of costs charged but not collected, and the court shall also order the witness to pay the requesting party the amount of the reasonable expenses incurred in obtaining the order including attorney's fees. If the court finds the costs were not excessive, the court shall order the requesting party to pay the witness the amount of the reasonable expenses incurred in defending the petition, including attorney's fees.

(5) If a subpoena is served to compel the production of business records and is subsequently withdrawn, or is quashed, modified or limited on a motion made other than by the witness, the witness shall be entitled to reimbursement pursuant to paragraph (1) for all costs incurred in compliance with the subpoena to the time that the requesting party has notified the witness that the subpoena has been withdrawn or quashed, modified or limited. In the event the subpoena is withdrawn or quashed, if those costs are not paid within 30 days after demand therefor, the witness may file a motion in the court in which the action is pending for an order requiring payment, and the court shall award the payment of expenses and attorney's

fees in the manner set forth in paragraph (4).

(6) Where the records are produced for inspection or photocopying at the witness' place of business, the only fee for complying with the subpoena shall not exceed fifteen dollars ($15).

(c) When the personal attendance of the custodian of a record or other qualified witness is required pursuant to Section 1564, in a civil proceeding, he or she shall be entitled to the same witness fees and mileage permitted in a case where the subpoena requires the witness to attend and testify before a court in which the action or proceeding is pending and to any additional costs incurred as provided by subdivision (b).

SEC. 9. Section 1564 of the Evidence Code is amended to read:

1564. The personal attendance of the custodian or other qualified witness and the production of the original records is not required unless, at the discretion of the requesting party, the subpoena duces tecum contains a clause which reads:

"The personal attendance of the custodian or other qualified witness and the production of the original records are required by this subpoena. The procedure authorized pursuant to subdivision (b) of Section 1560, and Sections 1561 and 1562, of the Evidence Code will not be deemed sufficient compliance with this subpoena."

Original records produced pursuant to this section may be inspected or copied by the subpoenaing attorney or his or her representative at the address of the witness. The only fee for such copying shall be fifteen dollars ($15), except for the retrieval of records stored on microfilm which may be charged at the rate specified in paragraph (1) of subdivision (b) of Section 1563.

CHAPTER 604

An act to amend Sections 33032 and 33320.1 of, and to add Section 33331.5 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor August 28, 1986 Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 33032 of the Health and Safety Code is amended to read:

33032. A blighted area is characterized by properties which suffer from economic dislocation, deterioration, or disuse because of one or more of the following factors which cause a reduction of, or lack of, proper utilization of the area to such an extent that it constitutes a serious physical, social, or economic burden on the community which cannot reasonably be expected to be reversed or alleviated by private enterprise acting alone:

(a) The subdividing and sale of lots of irregular form and shape

and inadequate size for proper usefulness and development.

(b) The laying out of lots in disregard of the contours and other topography or physical characteristics of the ground and surrounding conditions.

(c) The existence of inadequate public improvements, public facilities, open spaces, and utilities which cannot be remedied by private or governmental action without redevelopment.

(d) A prevalence of depreciated values, impaired investments, and social and economic maladjustment.

(e) The existence within the Lake Tahoe basin of substandard public or private facilities and improvements, insufficient open space, or water quality protection systems which do not comply with the environmental threshold carrying capacities established by the Tahoe Regional Planning Agency and the regional plan in accordance with the Tahoe Regional Planning Compact set forth in Section 66801 of the Government Code.

SEC. 2. Section 33320.1 of the Health and Safety Code is amended to read:

33320.1. "Project area" means, except as provided in Section 33320.2 or 33320.3, a predominantly urbanized area of a community which is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part, and which is selected by the planning commission pursuant to Section 33322.

As used in this section, "predominantly urbanized" means that not less than 80 percent of the privately owned property in the project area has been or is developed for urban uses, is characterized by the conditions described in subdivision (a), (b), or (e) of Section 33032, or is an integral part of an area developed for urban uses. For the purposes of this section, a parcel of property as shown on the official maps of the county assessor is developed if that parcel is developed in a manner which is either consistent with zoning or is otherwise permitted under law. For the purposes of this section, if property is acquired by the community less than 180 days prior to the date of adoption of the survey area resolution and is not dedicated or devoted to a public use on the date the survey area resolution is adopted, that property shall be deemed privately owned property.

The requirement that a project be predominantly urbanized shall apply only to a project area for which a final redevelopment plan is adopted on or after January 1, 1984, or to an area which is added to a project area by an amendment to a redevelopment plan, which amendment is adopted on or after January 1, 1984.

SEC. 2.5. Section 33320.1 of the Health and Safety Code is amended to read:

33320.1. "Project area" means, except as provided in Section 33320.2, 33320.3, or 33320.4, a predominantly urbanized area of a community which is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part, and which is selected by the planning commission pursuant to Section 33322.

As used in this section, "predominantly urbanized" means that not less than 80 percent of the privately owned property in the project area has been or is developed for urban uses, is characterized by the conditions described in subdivision (a), (b), or (e) of Section 33032, or is an integral part of an area developed for urban uses. For the purposes of this section, a parcel of property as shown on the official maps of the county assessor is developed if that parcel is developed in a manner which is either consistent with zoning or is otherwise permitted under law. For the purposes of this section, if property is acquired by the community less than 180 days prior to the date of adoption of the survey area resolution and is not dedicated or devoted to a public use on the date the survey area resolution is adopted, that property shall be deemed privately owned property.

The requirement that a project be predominantly urbanized shall apply only to a project area for which a final redevelopment plan is adopted on or after January 1, 1984, or to an area which is added to a project area by an amendment to a redevelopment plan, which amendment is adopted on or after January 1, 1984.

SEC. 3. Section 33331.5 is added to the Health and Safety Code, to read:

33331.5. Any redevelopment plan for a project area meeting the criteria specified in subdivision (e) of Section 33032 shall be consistent with the environmental threshold carrying capacities established by the regional plan adopted by the Tahoe Regional Planning Agency in accordance with the Tahoe Regional Planning Compact set forth in Section 66801 of the Government Code and the remedial programs adopted by the agency for the attainment of that regional plan.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 33320.1 of the Health and Safety Code proposed by both this bill and AB 2884. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 33320.1 of the Health and Safety Code, and (3) this bill is enacted after AB 2884, in which case Section 2 of this bill shall not become operative.

SEC. 5. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 605

An act to amend Sections 1985.3 and 1987 of the Code of Civil Procedure, relating to subpoenas.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original or any copy of books, documents, or other writings pertaining to a consumer and which are maintained by any "witness" which is a physician, hospital, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, security brokerage firm, insurance company, underwritten title company, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary school or secondary school.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the notice described in subdivision (e). This service shall be made both:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section

1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (g).

(e) Every copy of the subpoena duces tecum and affidavit served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any consumer whose personal records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is

pending or by agreement of the parties, witnesses, and consumers affected.

(g) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(i) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the personal records sought by a subpoena duces tecum.

SEC. 2. Section 1987 of the Code of Civil Procedure is amended to read:

1987. (a) Except as provided in Sections 68097.1 to 68097.8, inclusive, of the Government Code, the service of a subpoena is made by delivering a copy, or a ticket containing its substance, to the witness personally, giving or offering to the witness at the same time, if demanded by him or her, the fees to which he or she is entitled for travel to and from the place designated, and one day's attendance there. The service shall be made so as to allow the witness a reasonable time for preparation and travel to the place of attendance. The service may be made by any person. When service is to be made on a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is 12 years of age or older.

(b) In the case of the production of a party to the record of any civil action or proceeding or of a person for whose immediate benefit in action or proceeding is prosecuted or defended or of anyone who is an officer, director, or managing agent of any such party or person, the service of a subpoena upon any such witness is not required if written notice requesting the witness to attend before a court, or at a trial of an issue therein, with the time and place thereof, is served upon the attorney of that party or person. The notice shall be served at least 10 days before the time required for attendance unless the court prescribes a shorter time. If entitled thereto, the witness, upon demand, shall be paid witness fees and mileage before being required to testify. The giving of the notice shall have the same effect

as service of a subpoena on the witness, and the parties shall have such rights and the court may make such orders, including the imposition of sanctions, as in the case of a subpoena for attendance before the court.

(c) If the notice specified in subdivision (b) is served at least 20 days before the time required for attendance, or within such shorter time as the court may order, it may include a request that the party or person bring with him or her books, documents or other things. The notice shall state the exact materials or things desired and that the party or person has them in his or her possession or under his or her control. Within five days thereafter, or such other period as the court may allow, the party or person of whom the request is made may serve and file written objections to the request or any part thereof, with a statement of grounds. Thereafter, upon noticed motion of the requesting party, accompanied by a showing of good cause and of materiality of the items to the issues, the court may order production of items to which objection was made, unless the objecting party or person establishes good cause for nonproduction or production under limitations or conditions. The procedure of this subdivision is alternative to the procedure provided by Sections 1985 and 1987.5 in the cases herein provided for, and no subpoena duces tecum shall be required.

Subject to this subdivision, the notice herein provided shall have the same effect as is provided in subdivision (b) as to a notice for attendance of that party or person.

SEC. 3. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original or any copy of books, documents, or other writings pertaining to a consumer and which are maintained by any "witness" which is a physician, pharmacist, pharmacy, hospital, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, security brokerage firm, insurance company, underwritten title company, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary school, or secondary school.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include

the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the notice described in subdivision (e). This service shall be made both:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similiar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (g).

(e) Every copy of the subpoena duces tecum and affidavit served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena;

(2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any consumer whose personal records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

(g) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(i) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the personal records sought by a subpoena duces tecum.

SEC. 4. Section 3 of this bill incorporates amendments to Section 1985.3 of the Code of Civil Procedure proposed by both this bill and SB 1980. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 1985.3 of the Code of Civil Procedure, and (3) this bill is enacted after SB 1980, in which case Section 1 of this bill shall not become operative.

CHAPTER 606

An act to add Section 53080 to the Government Code, relating to insurance.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 53080 is added to the Government Code, to read:

53080. (a) No city or county may require an applicant for a building or encroachment permit to file a certificate of insurance evidencing coverage for bodily injury or property damage liability as a condition to the issuance of either, or both, of those permits, unless the city or county imposes that requirement by ordinance.

(b) This section does not apply to contracts for public works of improvement entered into by a city or county.

CHAPTER 607

An act to add Sections 51206, 51207, and 51220.5 to, and to repeal Section 51283.1 of, the Government Code, relating to open space lands.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 51206 is added to the Government Code, to read:

51206. The Department of Conservation may meet with and assist local, regional, state, and federal agencies, organizations, landowners, or any other person or entity in the interpretation of this chapter. The department may research, publish, and disseminate information regarding the policies, purposes, procedures, administration, and implementation of this chapter. This section shall be liberally construed to permit the department to advise any interested person or entity regarding this chapter.

SEC. 2. Section 51207 is added to the Government Code, to read:

51207. On or before December 31 of each year, the Department of Conservation shall report to the Legislature regarding the implementation of this chapter by cities and counties. The report shall contain, but not be limited to, the number of acres of land under contract in each category and the number of acres of land which were removed from contract through cancellation, eminent domain,

annexation, or nonrenewal. The department may recommend changes to this chapter which would further promote its purposes.

SEC. 3. Section 51220.5 is added to the Government Code, to read:

51220.5. The Legislature finds and declares that agricultural operations are often hindered or impaired by uses which increase the density of the permanent or temporary human population of the agricultural area. For this reason, cities and counties shall determine the types of uses to be deemed "compatible uses" in a manner which recognizes that a permanent or temporary population increase often hinders or impairs agricultural operations.

SEC. 4. Section 51283.1 of the Government Code is repealed.

CHAPTER 608

An act to amend Sections 61, 75.21, 75.43, 205.5, 218, 227, 278, 401.3, 407, 408, 830, 833, 2229, and 6012.8 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 61 of the Revenue and Taxation Code is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals regardless of the period during which the right may be exercised. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, sublease, or assignment of a taxable possessory interest in tax exempt real property for any term.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options), and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to such lease or transfer shall be considered to have undergone a change of ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on

rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on leased land have a renewal option of at least 35 years on the lease of such land, whether or not in fact such renewal option exists in any contract or agreement.

(d) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62, Section 63 and Section 65.

(e) The creation. transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63.

(f) Any vesting of the right to possession or enjoyment of a remainder or reversionary interest which occurs upon the termination of a life estate or other similar precedent property interest, except as provided in subdivision (d) of Section 62 and in Section 63.

(g) Any interests in real property which vest in persons other than the trustor (or, pursuant to Section 63, his or her spouse) when a revocable trust becomes irrevocable.

(h) The transfer of stock of a cooperative housing corporation, vested with legal title to real property which conveys to the transferee the exclusive right to occupancy and possession of such property, or a portion thereof. A "cooperative housing corporation" is a real estate development in which membership in the corporation, by stock ownership, is coupled with the exclusive right to possess a portion of the real property.

(i) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

SEC. 2. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that the property is not receiving any other exemption on either the current roll or the roll being prepared except as provided for in subdivision (b), that the assessee is eligible for the exemption, and that in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for the exemption.

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for an exemption and in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) In those instances in which the provisions of this division require the filing of claims for exemption, any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall file a claim or an amendment to a

current claim, in such form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive 100 percent exemption.

(1) With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, public schools, community colleges, state colleges, state universities, or welfare exemption was available but for which a timely application for exemption was not filed, 90 percent of any tax or penalty or interest thereon shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52. Notwithstanding the above provision, any tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount shall be canceled or refunded, provided that it is imposed upon property entitled to relief under the above provision for which an appropriate claim for exemption has been filed.

(2) With respect to property as to which the veterans', homeowners', or disabled veterans' exemption was available but for which a timely application for exemption was not filed, that portion of tax attributable to 80 percent of the amount of exemption available shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(3) With respect to property as to which any other exemption was available, but for which a timely application for exemption was not filed, 90 percent of any tax or penalty or interest thereon shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

Where a late application for exemption has not been filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, no exemption is available. Other provisions of this division pertaining to the late filing of claims for exemption do not apply to assessments made pursuant to this chapter.

SEC. 3. Section 75.43 of the Revenue and Taxation Code is amended to read:

75.43. (a) If a refund is due the assessee, the auditor shall make the refund within 90 days of the date of enrollment of the negative assessment on the supplemental roll. Refunds shall be made from taxes collected on assessments made on the supplemental roll.

dollars ($10) or more on amounts refunded under Section 5096.

(c) Refunds made under this chapter shall be limited to the amount by which the tax, penalty, or interest paid exceeds the amount of tax, penalty, or interest which is lawfully due and owing based upon the new base year value.

SEC. 4. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) Property which is owned by, and which constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000), if the veteran is blind in both eyes or has lost the use of two or more limbs as a result of injury or disease incurred in military service or that does not exceed one hundred thousand dollars ($100,000), if the veteran is totally disabled as a result of injury or disease incurred in military service. The forty thousand dollars ($40,000) exemption shall be sixty thousand dollars ($60,000) in the case of an eligible veteran whose household income as defined in Section 20504 does not exceed the amounts specified in Section 20585.

(b) For purposes of this section, "veteran" is defined as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(c) No veteran shall be eligible for this exemption unless he or she was a resident of California at the time of his or her entry into military or naval service, or unless he or she was a resident of the state on November 7, 1972, if he or she is blind or has lost the use of two or more limbs, or on January 1, 1975, if he or she is totally disabled; provided however, that no veteran who met a corresponding residency requirement under the law in effect prior to January 1, 1975, shall lose eligibility as the result of changes in residency requirement effective on January 1, 1975, or thereafter.

(d) Property which is owned by, and which constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000), in the case of a veteran who was blind in both eyes or had lost the use of two or more limbs, or one hundred thousand dollars ($100,000), in the case of a veteran who was totally disabled; provided, that the deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977; or provided that the veteran died from a disease which was service connected as determined by the Veterans Administration. The forty thousand dollars ($40,000) exemption shall be sixty thousand dollars ($60,000) in the case of an eligible unmarried surviving spouse whose household income as specified in Section 20504 does not exceed the amounts specified in Section 20585.

(e) As used in this section, "property which is owned by a veteran" or "property which is owned by the veteran's unmarried surviving spouse" includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(f) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration or the military service from which such veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(g) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(h) This section shall remain in effect until January 1, 1991, and on that date is repealed, unless a later enacted statute, which is

chaptered on or before that date, deletes or extends that date.

SEC. 5. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) Property which is owned by, and which constitutes the principal place of residence of, a veteran is exempted from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000), if the veteran is blind in both eyes, has lost the use of two or more limbs, or is totally disabled as a result of injury or disease incurred in military service. The exemption shall be sixty thousand dollars ($60,000) in the case of an eligible veteran whose household income as defined in Section 20504 does not exceed the amounts specified in Section 20585.

(b) For purposes of this section, "veteran" is defined as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(c) No veteran shall be eligible for this exemption unless he or she was a resident of California at the time of his or her entry into military or naval service, or unless he or she was a resident of the state on November 7, 1972, if he or she is blind or has lost the use of two or more limbs, or on January 1, 1975, if he or she is totally disabled; provided, however, that no veteran who met a corresponding residency requirement under the law in effect prior to January 1, 1975, shall lose eligibility as the result of changes in residency requirement effective on January 1, 1975, or thereafter.

(d) Property which is owned by, and which constitutes the principal place of residence of, the unmarried surviving spouse of a veteran is exempt from taxation on that part of the full value of the residence that does not exceed forty thousand dollars ($40,000); provided, that the deceased veteran during his or her lifetime qualified in all respects for the exemption or would have qualified for the exemption under the laws effective on January 1, 1977, except that the veteran died prior to January 1, 1977; or provided that the veteran died from a disease which was service connected as determined by the Veterans Administration. The exemption shall be sixty thousand dollars ($60,000) in the case of an eligible unmarried surviving spouse whose household income as specified in Section 20504 does not exceed the amounts specified in Section 20585.

(e) As used in this section, "property which is owned by a veteran" or "property which is owned by the veteran's unmarried surviving spouse" includes all of the following:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common or as community property.

(2) Property owned by the veteran or the veteran's spouse as separate property.

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse.

(4) Property owned by the veteran's unmarried surviving spouse

with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse.

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this paragraph shall be shown on the local roll and shall reduce the full value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this paragraph, any reduction of property taxes paid by the corporation shall reflect an equal reduction in any charges by the corporation to the person who, by reason of qualifying for the exemption, made possible the reduction for the corporation.

(f) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration or the military service from which such veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(g) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section; provided, that if two or more veterans qualified pursuant to this section coown a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

(h) This section shall become operative on January 1, 1991.

SEC. 6. Section 218 of the Revenue and Taxation Code is amended to read:

218. The homeowners' property tax exemption is in the amount of the assessed value of the dwelling specified in this section, as authorized by subdivision (k) of Section 3 of Article XIII of the Constitution. Such exemption shall be in the amount of seven thousand dollars ($7,000) of the full value of the dwelling.

The exemption does not extend to property which is rented, vacant, under construction on the lien date, or which is a vacation or secondary home of the owner or owners, nor does it apply to property on which an owner receives the veteran's exemption. "Owner" includes a person purchasing the dwelling under a contract

of sale or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy of a dwelling. As used in this section, "dwelling" shall include:

(a) A single-family dwelling occupied by an owner thereof as his or her principal place of residence on the lien date.

(b) A multiple-dwelling unit occupied by an owner thereof on the lien date as his or her principal place of residence.

(d) Premises occupied by the owner of shares or a membership interest in a cooperative housing corporation, as defined in subdivision (h) of Section 61, as his or her principal place of residence on the lien date. Each exemption allowed pursuant to this subdivision shall be deducted from the total assessed valuation of the cooperative housing corporation. The exemption shall be taken into account in apportioning property taxes among owners of share or membership interests in the cooperative housing corporations so as to benefit those owners who qualify for the exemption.

"Dwelling" means a building, structure or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section a two-dwelling unit shall be considered as two separate single-family dwellings.

The exemption provided for in subdivision (k) of Section 3 of Article XIII of the Constitution shall first be applied to the building, structure or other shelter and the excess, if any, shall be applied to any land on which it may be located.

SEC. 7. Section 227 of the Revenue and Taxation Code is amended to read:

227. A documented vessel, as defined in Section 130, shall be assessed at 4 percent of its full cash value only if the vessel is engaged or employed exclusively in either of the following:

(b) In instruction or research studies as an oceanographic research vessel.

(c) In carrying or transporting seven or more people for hire for commercial passenger fishing purposes and holds a current certificate of inspection issued by the United States Coast Guard.

SEC. 8. Section 278 of the Revenue and Taxation Code is amended to read:

278. For the 1977–78 fiscal year and thereafter, county assessors shall each year mail a notice to all disabled veterans who received the disabled veterans' exemption in the immediately preceding year, except where such person has transferred title in the property since

the immediately preceding lien date. The notice shall inform the taxpayer of the requirements that must be met in order to be eligible for the exemption, of the penalties if the taxpayer allows the exemption to continue when he is not eligible for the exemption, and of his duty to inform the assessor when he is no longer eligible for the exemption.

SEC. 9. Section 401.3 of the Revenue and Taxation Code is amended to read:

401.3. The assessor shall assess all property subject to general property taxation on the lien date as provided in Articles XIII and XIII A of the Constitution and any legislative authorization thereunder.

SEC. 12. Section 408 of the Revenue and Taxation Code is amended to read:

408. (a) Except as otherwise provided in subdivisions (b) and (c), any information and records in the assessor's office which are not required by law to be kept or prepared by the assessor, and homeowners' exemption claims, are not public documents and shall not be open to public inspection. Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his or her possession to the assessor of any county and shall provide any market data in his or her possession to an assessee of property or his or her designated representative upon request. The assessor shall permit an assessee of property or his or her designated representative to inspect at the assessor's office any information and records, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of his or her property. Except as provided in Section 408.1, an assessee or his or her designated representative, however, shall not be provided or permitted to inspect information and records, other than market data, which also relate to the property or business affairs of another person, unless that disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of his or her assessment.

(c) The assessor shall disclose information, furnish abstracts, or permit access to all records in his or her office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees or representatives when conducting an investigation of the assessor's office pursuant to

Section 25303 of the Government Code, the Controller, probate referees, employees of the Franchise Tax Board for tax administration purposes only, staff appraisers of the Department of Transportation and the Department of General Services, the State Board of Equalization, and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine the records. (d) For purposes of this section, "market data" means any information in the assessor's possession, whether or not required to be prepared or kept by him or her, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his or her assessment of the assessee's property, in whole or in part, on that comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of that property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise, but for purposes of providing market data, the assessor shall not display any document relating to the business affairs or property of another.

SEC. 13. Section 830 of the Revenue and Taxation Code is amended to read:

830. (a) The property statement shall be filed with the board annually by April 1, and shall be in such detail as the board may prescribe.

Except as hereinafter provided, if any person fails to file the property statement, in whole or in part, by April 1, or by such later date to which the filing period is extended pursuant to Section 15620 of the Government Code, a penalty shall be added to the full value of the assessment of so much of the property as is not timely reported as follows:

(1) For any part of the property statement relating to the derivation of the unit value of operating property, the penalty shall be 10 percent of the unit value.

(2) For any part of the property statement that lists or describes specific operating property, the penalty shall be 10 percent of the allocated value of the property, which penalty shall be added to the unit value.

(3) For any part of the property statement that lists or describes specific nonoperating property, the penalty shall be 10 percent of the value of the property.

(4) If the failure to timely file a property statement is due to a fraudulent or willful attempt to evade the tax, a penalty of 25 percent of the assessed value of the estimated assessment shall be added to the assessment. A willful failure to file a property statement as

required by Article 5 (commencing with Section 826) shall be deemed to be a willful attempt to evade the tax.

(5) No penalty added pursuant to paragraph (1), (2), (3), or (4) shall exceed twenty million dollars ($20,000,000) of full value. In addition, if a penalty has been added pursuant to paragraph (1), (2), or (3), a claim for refund seeking the recovery of that penalty has been filed by the state assessee contesting the penalty within three months of the due date of the second installment, and the state assessee initiates an action in the superior court within one year of the filing of the claim for refund, the state assessee shall not be subject to any further penalties on subsequent assessments for failure to comply with any subsequent request seeking information or data with respect to the same issue as set forth in the claim for refund filed within the time limits set forth above, until the assessment year after a final decision of the court, and then only with respect to a failure to comply with a request for information with respect to assessments after a final decision of the court. For purposes of this paragraph, "same issue" means the type of information which is the subject of the disputed request for information.

(b) Any person who subscribes to the board's tax rate area change service and receives a change mailed between April 1 and May 1, shall file a corrected statement no later than May 30 with respect to those parts of the property statement which are affected by the change.

If such person receives a change mailed after May 1, a corrected statement shall be filed no later than the 60th day following the mailing of such change.

(c) Penalties incurred for filings received after June 30 may be included with the assessments for the succeeding fiscal year.

(d) If the assessee establishes to the satisfaction of the board that the failure to file the property statement or any of its parts within the time required by this section was due to reasonable cause and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the board shall order the penalty abated, provided the assessee has filed with the board written application for abatement of the penalty within the time prescribed by law for the filing of applications for assessment reductions.

SEC. 14. Section 833 of the Revenue and Taxation Code is amended to read:

833. (a) Except as provided herein, all information required by the board or furnished in the property statement shall be held secret by the board. Information and records in the board's office which are not required to be kept or prepared by the board are not public documents and are not open to public inspection.

(b) This section shall not apply to maps filed pursuant to Section 326.

(c) Except as provided in Section 38706, the board may provide any assessment data in its possession to the assessor of any county. When requested by resolution of the board of supervisors of any

county, or the city council of any city which prepares its own local roll, the board shall permit the auditor or the assessor of the county or city, or any duly authorized deputy or employee of that officer, to examine any and all records of the board.

(d) The board shall disclose information, furnish abstracts or permit access to any and all of its records to or by law enforcement agencies, grand juries, and other duly authorized legislative or administrative officials of the state pursuant to their authorization to examine these records.

(e) The board also may disclose information, records, and appraisal data relating to state assessment of companies engaged in interstate commerce to tax officials of other states having duties corresponding to those described by this chapter. This disclosure shall be limited to instances in which there is a reciprocal exchange of information by the states in which the interstate companies operate, and shall be made only pursuant to a written agreement between the agencies involved. This agreement shall provide that any request for information be in writing, shall specify the information to be exchanged, and shall require that any information furnished be used solely for tax administration purposes and otherwise shall be held secret. This agreement shall also provide that any information furnished be disclosed only to those persons whose duties or responsibilities require access and shall require that necessary safeguards be implemented to protect the confidentiality of the information. The request for information and any written material furnished pursuant to the request shall be open to inspection by the person to whom the information relates at the office of the board in Sacramento.

(f) Upon receiving any request for confidential information from any person or entity described in subdivision (c) or (e), the board shall promptly notify the state assessee to which the request relates of the identity of the person or entity requesting the information and a description of the information sought. Upon sending any information in response to the request, the board shall simultaneously provide to the state assessee to which the request relates notification describing the information so transmitted and the identity of the person or entity to whom the information was transmitted.

SEC. 15. Section 2229 of the Revenue and Taxation Code is amended to read:

2229. No classification or exemption of property for purposes of ad valorem property taxation enacted by the Legislature after January 1, 1973, shall extend for more than five years or shall exempt more than 75 percent of the value thereof from such taxation.

Any such classification or exemption enacted by the Legislature after January 1, 1973, shall be reimbursed by the state for the 1973–1974 fiscal year and for each fiscal year thereafter.

For purposes of this section the actual loss of revenue does not include potential revenue from property of a type which was not

being assessed and taxed on January 1, 1973.

Upon appropriation of reimbursement funds by the Legislature, each county auditor shall file a claim with the Controller on or before September 30 for reimbursement of the tax loss attributable to the exemption. The Controller shall pay on or before December 30 of each year one-half of the amount claimed and shall pay the other one-half on or before April 30. The Controller may audit, or may request the State Board of Equalization to audit, any of these claims or payments. This section does not apply to classes of property affected by Sections 988, 1152, 5303, and subdivision (c) of Section 227.

The Legislative Analyst shall review any classification or exemption of property to which this section is applicable and shall report to the Legislature on the general economic effects thereof. This report shall be submitted at least one year prior to the date on which the classification or exemption is scheduled to terminate.

Any claim alleging that the reimbursement requirements of this section have not been complied with shall be presented directly to the Legislature and Sections 905.2 and 945.4 of the Government Code shall not apply thereto.

SEC. 16. Section 6012.8 of the Revenue and Taxation Code is amended to read:

6012.8. (a) For the purposes of this part, "gross receipts" from the sale of a new mobilehome, and the "sales price" of a new mobilehome sold or stored, used, or otherwise consumed in this state shall be 75 percent of the sales price of the mobilehome to the retailer, if the mobilehome is sold by the retailer to the purchaser for installation on a foundation system pursuant to Section 18551 of the Health and Safety Code for occupancy as a residence, and is thereafter subject to property taxation. The retailer shall be considered to be the consumer for purposes of this part if the sale by the retailer would otherwise have been subject to sales tax and if the retailer is not also the manufacturer of the mobilehome. If the retailer of the mobilehome is the manufacturer, tax shall be measured by an amount equal to 75 percent of the sales price at which a similar mobilehome ready for installation would be sold by the manufacturer to a retailer-consumer in this state.

Notwithstanding any other provision of this part, a retailer may give a resale certificate for the purchase by the retailer of such a mobilehome and shall report the gross receipts or sales price from the purchase with the return for the period during which the mobilehome is sold to the purchaser for installation for occupancy as a residence.

Notwithstanding any other provision of this part, any retailer who is a licensed mobilehome dealer under Section 18002.6 of the Health and Safety Code is a retailer-consumer regardless of whether or not it installs the mobilehome on a foundation system as an improvement to realty. The licensed dealer may give a resale certificate for the purchase of such a mobilehome, and shall report the gross receipts

or sales price from the purchase with the return for the period during which the mobilehome is installed by the licensed dealer for occupancy as a residence.

(b) For purposes of this section, a "mobilehome" is defined in Sections 18008 and 18211 of the Health and Safety Code.

(c) If a purchaser certifies in writing to a retailer that the mobilehome purchased will be consumed in a manner or for a purpose entitling the retailer to exclude 25 percent of the gross receipts or sales price to the retailer from the measure of tax, and uses the property in some other manner or for some other purpose which would not be subject to any other exclusion or exemption under this part, the purchaser shall be liable for payment of tax measured by the amount of the sales price to the purchaser less an amount equal to 75 percent of the gross receipts or sales price of the mobilehome to the retailer.

(d) There are exempted from the taxes imposed by this part, the gross receipts from the sale of, and the storage, use, or other consumption in this state of any used mobilehome, the initial retail sale of which qualified for the partial exemption from tax provided for by this section.

SECTION 1. Section 25400 of the Health and Safety Code is amended to read:

25400. (a) The Legislature finds and declares that a threat to the public health and safety exists wherever there is a discharge, spill, or presence of hazardous substances on public or private property; and that public entities, county public health directors, public safety employees, or registered sanitarian employees should be encouraged to abate those hazards, and to that end a qualified immunity from liability should be provided for public entities, county public health directors, public safety employees, or registered sanitarian employees.

(b) Except as provided in Article 1 (commencing with Section 17000) of Chapter 1 of Division 9 of the Vehicle Code, a public entity, county public health director, a public safety employee, or a registered sanitarian employee shall not be liable for any injury caused by an action taken by a county public health director, a public safety employee, or a registered sanitarian employee acting within

the scope of employment to abate or attempt to abate hazards reasonably believed to be an imminent peril to public health and safety caused by the discharge, spill, or presence of a hazardous substance, unless the action taken was performed in bad faith or in a grossly negligent manner.

(c) For the purposes of this section, it shall be presumed that the action was performed in good faith and without gross negligence. This presumption shall be one affecting the burden of proof.

(d) For the purposes of this section, "hazardous substance" means a substance that presents a threat to the public because of its toxicity, radioactivity, flammability, or other characteristic dangerous to the public health or the environment.

(e) For the purposes of this section, a "registered sanitarian employee" means a person who is registered pursuant to Section 520 and who is a paid employee of a state or local public entity.

(f) It is not the intent of this section to impair any cause of action against the person, firm, or entity creating the spill, discharge, or presence of the hazardous material giving rise to the response of the public entity, county public health director, public safety employee, or registered sanitarian employee.

(g) The immunity for county public health directors or registered sanitarian employees provided by this section shall apply only where the person, at the request of a public safety employee in charge of scene management, provides emergency assistance or advice at the scene of the peril in mitigating or attempting to mitigate the effects of an actual or threatened discharge, spill, or presence of a hazardous substance on private or public property. The request issued by the scene manager shall be confirmed by that person in a written report of the incident.

SEC. 5. Section 38742 of the Food and Agricultural is amended to read:

38742. When bulky flavor is added to yogurt, lowfat yogurt, or nonfat yogurt, the name of the bulky flavor shall accompany the name of the product on a panel of the carton or container. "Grade A," when used in the label of the product, shall appear on a principal panel of the container. Bulky flavored yogurt in its composition and labeling shall otherwise comply with all the requirements of Article 27 (commencing with Section 38731).

SEC. 6. Article 41 (commencing with Section 38895.1) is added to Chapter 5 of Part 3 of Division 15 of the Food and Agricultural Code, to read:

Article 41. Lactose Reduced Dairy Products

38895.1. Safe and suitable enzymes, as approved by the director, may be added to dairy products for the purpose of conversion of lactose to glucose or galactose. Any added enzyme shall appear in the ingredient list of the product.

38895.2. "Lactose reduced" may be included in the nomenclature of the product if there has been conversion of sufficient amounts of lactose to glucose or galactose so that the remaining lactose is less than 30 percent of the original lactose of the dairy product. Lactose reduced dairy products shall meet all other compositional standards for the products except that the minimum solids-not-fat content for flavored lowfat milk labeled as "lactose reduced" shall be 8.7 percent.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 611

An act to amend Sections 8801, 8802, 8803, 8804, 8805, 8806, 8807, 8808, 8809, 8810, 8811, 8813, 8814, 8815, and 8816 of, and to add Sections 8817, 8818, and 8819 to, the Public Resources Code, relating to surveying and mapping.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) The National Ocean Service/National Geodetic Survey is nearing completion of a redefinition of the National Geodetic Horizontal Datum. This readjustment, known as the North American Datum of 1983 (NAD83), is necessary because recent improvements in positioning technology have detected discrepancies in horizontal locations based on the present reference system, known as the North American Datum of 1927 (NAD27), sufficient in magnitude to require readjustment.

(b) After the readjustment is completed, the National Geodetic Survey will no longer publish information in support of NAD27. If California does not amend existing laws to adopt the readjustment (NAD83), the state may be left with an obsolete horizontal control datum not supported by the federal government or compatible with datum used in adjacent states.

(c) It is the purpose of the Legislature, in enacting this act, to amend existing law by adopting NAD83 as an official geodetic datum for use within the state and to provide for the orderly transition from NAD27 to NAD83 as the reference system from which State Plane Coordinates are calculated.

(d) It is further the intent of the Legislature that this act does not result in the impairment of land titles, legal descriptions, or

jurisdictional or land boundaries.

SEC. 1.5. Section 8801 of the Public Resources Code is amended to read:

8801. (a) The system of plane coordinates which has been established by the United States Coast and Geodetic Survey for defining and stating the positions or locations of points on the surface of the earth within the State of California is based on the North American Datum of 1927 and is identified as the "California Coordinate System." After January 1, 1987, this system shall be known as the "California Coordinate System of 1927."

(b) The system of plane coordinates which has been established by the National Geodetic Survey for defining and stating the positions or locations of points on the surface of the earth within the State of California and which is based on the North American Datum of 1983 shall be known as the "California Coordinate System of 1983."

(c) As used in this chapter:

(1) "NAD27" means the North American Datum of 1927.

(2) "CCS27" means the California Coordinate System of 1927.

(3) "NAD83" means the North American Datum of 1983.

(4) "CCS83" means the California Coordinate System of 1983.

(5) "USC&GS" means the United States Coast And Geodetic Survey.

(6) "NGS" means the National Geodetic Survey.

(7) "FGCC" means the Federal Geodetic Control Committee.

(d) The use of the term "State Plane Coordinates" refers only to CCS27 and CCS83 coordinates.

SEC. 2. Section 8802 of the Public Resources Code is amended to read:

Each zone of CCS27 is a Lambert conformal conic projection based on Clarke's Spheroid of 1866, which is the basis of NAD27. The points of control of zones one to six, inclusive, bear the coordinates: Northing (y) = 000 00 feet and Easting (x) = 2,000,000 feet. The point of control of Zone 7 bears the coordinates: Northing (y) = 4,160,926.74 feet and Easting (x) = 4,186,692.58 feet.

Each zone of CCS83 is a Lambert conformal conic projection based on the Geodetic Reference System of 1980, which is the basis of NAD83. The point of control of each of the six zones bear the coordinates: Northing (y) = 500,000 meters and Easting (x) = 2,000,000 meters.

The area included in the following counties constitutes Zone 1 of CCS27 and CCS83: Del Norte, Humboldt, Lassen, Modoc, Plumas, Shasta, Siskiyou, Tehama, and Trinity.

8810. The plane coordinates of a point on the earth's surface, to be used in expressing the position or location of the point in the appropriate zone of CCS27 or CCS83, shall consist of two distances, expressed in feet and decimals of a foot or meters and decimals of a meter. When the values are expressed in feet, the "U.S. Survey foot," (one foot = 1200/3937 meters) shall be used as the standard foot for CCS27 and CCS83. One of these distances, to be known as the "East x-coordinate," shall give the distance east of the Y axis; the other, to be known as the "North y-coordinate," shall give the distance north of the X axis. The Y axis of any zone shall be parallel with the central meridian of that zone. The X axis of any zone shall be at right angles to the central meridian of that zone.

SEC. 11. Section 8811 of the Public Resources Code is amended to read:

8811. The state plane coordinates of a point in any zone shall be based upon the plane coordinates of published horizontal control stations or derived from published horizontal control stations of the USC&GS and the NGS or their successors.

SEC. 12. Section 8813 of the Public Resources Code is amended to read:

Any survey or map which is to be based on state plane coordinates shall show established field-measured connections to at least two stations of corresponding accuracy or better whose credentials are based upon published stations of USC&GS or NGS or their successors. If an FGCC order of accuracy is claimed for a survey or a map, it shall be justified by additional written data that shows equipment, procedures, closures, adjustments, and a control diagram.

SEC. 13. Section 8814 of the Public Resources Code is amended to read:

8814. State plane coordinates may be used for property

identification on any map, survey, conveyance, or other instrument which delineates or affects the title to real property or which delineates, describes, or refers to the property, or any part thereof. However, to constitute, when recorded, constructive notice thereof under the recording laws, the delineating, describing, or referring to the property, or part thereof, shall also refer to data appearing of record in any office, the records of which constitute constructive notice under the recording laws. That record data shall be sufficient to identify the property without recourse to those coordinates, and in case of conflict between them, the references to that recorded data shall be controlling for the purpose of determining constructive notice under the recording laws.

SEC. 14. Section 8815 of the Public Resources Code is amended to read:

8815. The use of the term "California Coordinate System" on any map or document or in any field notes shall be suffixed either with "27" (shown as "CCS27") for coordinates based on NAD27 or with "83" (shown as "CCS83") for coordinates based on NAD83.

SEC. 15. Section 8816 of the Public Resources Code is amended to read:

8816. The use of the State Plane Coordinates by any person, corporation, or governmental agency engaged in land surveying or mapping is optional.

SEC. 16. Section 8817 is added to the Public Resources Code, to read:

8817. Prior to January 1, 1995, use of State Plane Coordinates for new projects may be based either on CCS27 or CCS83. On or after January 1, 1995, when State Plane Coordinates are used on new surveys and new mapping projects, the use shall be limited to CCS83.

SEC. 17. Section 8818 is added to the Public Resources Code, to read:

8818. This chapter does not impair or invalidate land titles, legal descriptions, or jurisdictional or land boundaries and, further, this chapter does not impair or invalidate references to, or the use of, CCS 27 coordinates, except as provided in Section 8817.

SEC. 18. Section 8819 is added to the Public Resources Code, to read:

8819. This chapter does not prohibit the use of new geodetic surveying technologies for which FGCC specifications have not yet been published, except that if first- or second-order accuracy is claimed for any of the resulting monumented stations, the state plane coordinates shall conform to FGCC accuracy standards.

SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act does not mandate a new program or higher level of service on local government. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 4 (commencing with Section 17550) of Part 7 of Division 2 of Title 2 of the Government Code.

CHAPTER 612

An act to amend Section 27297.5 of the Government Code, relating to the county recorder.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 27297.5 of the Government Code is amended to read:

27297.5. (a) Upon recordation of an abstract of judgment or other document creating an involuntary lien affecting the title to real property, unless the county recorder has received from the judgment creditor proof of service pursuant to subdivision (b) of a copy of the document being recorded, the county recorder shall, whenever the recorded document evidencing such lien contains the address of the person or persons against whom such involuntary lien is recorded or the address of the judgment debtor's attorney of record, within 10 days notify such person or persons or attorney of record by mail of such recordation.

(b) As an alternative to notice by the recorder, the judgment creditor or lienholder may serve upon the person or persons against whom the abstract of judgment or document creating an involuntary lien is to be recorded, a copy thereof in one of the following ways:

(1) By personal delivery. Proof of service pursuant to this paragraph shall be shown by the affidavit of the person making the service, showing the time, place, and manner of service, the name and address of the person served, and any other facts necessary to show that service was made in accordance with this paragraph. If there is no address for a person to be served known to the judgment creditor or lienholder, he or she shall append to the abstract of judgment or involuntary lien an affidavit to that effect.

(2) By leaving it at the person's residence or place of business in the care of some person in charge. Proof of service pursuant to this paragraph shall be shown by the affidavit of the person making the service, showing the time, place, and manner of service, the name and address of the person served, together with the title or capacity of the person accepting service, and any other facts necessary to show that service was made in accordance with this paragraph.

(3) By registered or certified mail, postage prepaid, addressed to the person's residence or place of business. This service is complete at the time of mailing. Proof of service pursuant to this paragraph shall be shown by an affidavit setting forth the fact of service, the name and residence or business address of the person making this service, showing that he or she is a resident of, or employed in, the county where the mailing occurs, the fact that he or she is over the age of 18 years, the date and place of deposit in the mail, the name

and address of the person served as shown on the envelope, and the fact that the envelope was sealed and deposited in the mail, with the postage thereon fully prepaid, and sent by registered or certified mail.

(c) The judgment creditor may add the actual cost of service pursuant to subdivision (b) to the judgment or involuntary lien. Said costs shall not exceed the cost had the abstract of judgment or involuntary lien been recorded pursuant to subdivision (a).

(d) As used in this section, "involuntary lien" means a lien which the person or persons against whom such lien is recorded has not executed or has not consented to by contract.

(e) This section shall not apply to the recordation of any documents relating to an involuntary lien in favor of the federal government pursuant to federal law or statute or to the recordation of any state tax lien against real property.

(f) The failure of the county recorder or a judgment creditor or lienholder to notify the person or persons against whom an abstract of judgment or involuntary lien is recorded as required by this section shall not affect the constructive notice otherwise imparted by recordation, nor shall it affect the force, effect, or priority otherwise accorded such a lien.

CHAPTER 613

An act to amend Sections 66413, 66498.1, 66498.2, 66498.3, and 66498.4 of, and to add Section 66498.9 to, the Government Code, relating to subdivisions.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 66413 of the Government Code is amended to read:

66413. (a) When any area in a subdivision as to which a final map has been finally approved by a board of supervisors and filed for record pursuant to this division is thereafter annexed to a city, the final map and any agreements relating to the subdivision shall continue to govern the subdivision.

(b) When any area in a subdivision or proposed subdivision as to which a tentative map or vesting tentative map has been filed but a final map has not been finally approved, or as to which a parcel map is required by this division or local ordinance but the final act required to make the parcel map effective has not been taken, is annexed to a city, all procedures and regulations required by this division or by local ordinance of the annexing city shall be deemed to commence as of the effective date of the annexation and the map

shall comply with the requirements of any applicable ordinance of the city to which the area is annexed.

SEC. 1.5. Section 66498.1 of the Government Code is amended to read:

66498.1. (a) Whenever a provision of this division requires that a tentative map be filed, a vesting tentative map may instead be filed.

(b) When a local agency approves or conditionally approves a vesting tentative map, that approval shall confer a vested right to proceed with development in substantial compliance with the ordinances, policies, and standards described in Section 66474.2. However, if Section 66474.2 is repealed, that approval shall confer a vested right to proceed with development in substantial compliance with the ordinances, policies, and standards in effect at the time the vesting tentative map is approved or conditionally approved.

(c) Notwithstanding subdivision (b), the local agency may condition or deny a permit, approval, extension, or entitlement if it determines any of the following:

(1) A failure to do so would place the residents of the subdivision or the immediate community, or both, in a condition dangerous to their health or safety, or both.

(2) The condition or denial is required, in order to comply with state or federal law.

(d) The rights conferred by this section shall expire if a final map is not approved prior to the expiration of the vesting tentative map. If the final map is approved, the rights conferred by this section shall be subject to the periods of time set forth in subdivisions (g) and (h) of Section 66452.6.

(e) Consistent with subdivision (b), an approved or conditionally approved vesting tentative map shall not limit a local agency from imposing reasonable conditions on subsequent required approvals or permits necessary for the development and authorized by the ordinances, policies, and standards described in subdivision (b).

SEC. 2. Section 66498.2 of the Government Code is amended to read:

66498.2. If the ordinances, policies, or standards described in subdivision (b) of Section 66498.1 are changed subsequent to the approval or conditional approval of a vesting tentative map, the subdivider, or his or her assignee, at any time prior to the expiration of the vesting tentative map pursuant to subdivisions (g) and (h) of Section 66452.6, may apply for an amendment to the vesting tentative map to secure a vested right to proceed with the changed ordinances, policies, or standards. An application shall clearly specify the changed ordinances, policies, or standards for which the amendment is sought.

SEC. 3. Section 66498.3 of the Government Code is amended to read:

66498.3. (a) Whenever a subdivider files a vesting tentative map for a subdivision whose intended development is inconsistent with the zoning ordinance in existence at that time, that inconsistency

shall be noted on the map. The local agency may deny a vesting tentative map or approve it conditioned on the subdivider, or his or her designee, obtaining the necessary change in the zoning ordinance to eliminate the inconsistency. If the change in the zoning ordinance is obtained, the approved or conditionally approved vesting tentative map shall, notwithstanding subdivision (b) of Section 66498.1, confer the vested right to proceed with the development in substantial compliance with the change in the zoning ordinance and the map, as approved.

(b) The rights conferred by this section shall be for the time periods set forth in subdivisions (g) and (h) of Section 66452.6.

SEC. 4. Section 66498.4 of the Government Code is amended to read:

66498.4. Notwithstanding any provision of this chapter, a property owner or his or her designee may seek approvals or permits for development which depart from the ordinances, policies, and standards described in subdivision (b) of Section 66498.1 and subdivision (a) of Section 66498.3, and local agencies may grant these approvals or issue these permits to the extent that the departures are authorized under applicable law.

SEC. 5. Section 66498.9 is added to the Government Code, to read:

66498.9. By the enactment of this article, the Legislature intends to accomplish all of the following objectives:

(a) To establish a procedure for the approval of tentative maps that will provide certain statutorily vested rights to a subdivider.

(b) To ensure that local requirements governing the development of a proposed subdivision are established in accordance with Section 66498.1 when a local agency approves or conditionally approves a vesting tentative map. The private sector should be able to rely upon an approved vesting tentative map prior to expending resources and incurring liabilities without the risk of having the project frustrated by subsequent action by the approving local agency, provided the time periods established by this article have not elapsed.

(c) To ensure that local agencies have maximum discretion, consistent with Section 66498.1, in the imposition of conditions on any approvals occurring subsequent to the approval or conditional approval of the vesting tentative map, so long as that discretion is not exercised in a manner which precludes a subdivider from proceeding with the proposed subdivision.

CHAPTER 614

An act to amend Section 25141 of, and to add Section 17140.5 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor August 28, 1986 Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17140.5 is added to the Revenue and Taxation Code, to read:

17140.5. (a) Gross income shall not include compensation for military or naval service within the meaning of Section 574 of Title 50 of the United States Code (Soldiers' and Sailors' Civil Relief Act of 1940) performed by a nonresident not domiciled in this state and attributable to a resident spouse solely because of the application of any community property law or rule.

(b) This section shall apply to all taxable years in which the limitation period for the mailing of a notice of a deficiency assessment has not expired.

SEC. 2. Section 25141 of the Revenue and Taxation Code is amended to read:

25141. (a) For purposes of this section, the following definitions shall apply:

(1) "Entity" means an individual, corporation, association, partnership, estate, trust, or any combination thereof.

(2) "Person" means an individual or corporation.

(3) "Professional athletic team" means any entity which has all of the following characteristics:

(A) Employs concurrently during the income year five or more persons, who are compensated for being participating members of an athletic team engaging in public contests.

(B) Is a member of a league composed of at least five entities which are engaged in the operation of an athletic team and which are located in this and other states or in other countries.

(C) Has total minimum paid attendance in the aggregate for all contests wherever played during the income year of 40,000 persons.

(D) Has minimum gross income in the income year of one hundred thousand dollars ($100,000).

(b) For purposes of this chapter, a team shall be considered to have its operations based in the state or country in which the team derives its territorial rights under the rules of the league of which it is a member.

(c) The business income of a professional athletic team derived directly or indirectly from its operations as a professional athletic team shall be allocated to this state pursuant to the following three-factor formula:

(1) Computation of the property factor under Section 25129:

(A) For a team that has its operations based in this state, the average value of all real and tangible personal property, wherever located, and owned or rented and used during the income year, shall be deemed to have been owned or rented and used in this state during the income year.

(B) For a team that has its operations based outside of this state, the average value of all real and tangible personal property, wherever located, and owned or rented and used during the income year, shall be deemed to have been owned or rented and used outside this state during the income year.

(2) Computation of the payroll factor under Section 25132:

(A) For a team that has its operations based in this state, the total compensation paid everywhere during the income year shall be deemed to have been paid in this state during the income year.

(B) For a team that has its operations based outside of this state, the total compensation paid everywhere during the income year shall be deemed to have been paid outside this state during the income year.

(3) Computation of the sales factor under Section 25134:

(A) For a team that has its operations based in this state, the total sales everywhere during the income year shall be deemed to have been made in this state during the income year.

(B) For a team that has its operations based outside of this state, the total sales everywhere during the income year shall be deemed to have been made outside this state during the income year.

(d) If any team that has its operations based in this state is required to allocate or apportion a part of its business income derived directly or indirectly from its operations as a professional athletic team to another state or country by the laws, regulations, or requirements of the other state or country and pays an income or franchise tax measured by income thereon as a result of the allocation or apportionment, then all of the following shall apply:

(1) The business income of the team otherwise subject to this section shall be reduced for purposes of this section by the amount of the business income which is allocated or apportioned to and taxed by the other state or country.

(2) This section shall not apply to any team in the same league that has its operations based in the other state or country, and the business income of any such team derived directly or indirectly from its operations as a professional athletic team shall be allocated or apportioned to this state in a manner consistent with the method of allocation or apportionment imposed by the other state or country on the business income of the team that has its operations based in this state.

(e) For purposes of the minimum tax imposed under Sections 23151 and 23151.1, an entity which operates a professional athletic team shall be treated as a corporation. The liability under Sections 23151 and 23151.1 of any corporation owning any portion or share of

an entity shall be satisfied by payment of the minimum tax by that entity, if the corporation is not otherwise doing business in this state.

SEC. 3. For several years the Franchise Tax Board has interpreted state law and the federal Soldiers' and Sailor's Civil Relief Act to exclude income from taxation consistent with the result provided in Section 17140.5 of the Revenue and Taxation Code, as provided by this act. Although no new authority or case law has been discovered by the Franchise Tax Board, that board has recently notified the public that it is reversing its long-standing interpretation and will tax income of a military nonresident if it is attributable to a resident spouse because of community property rules or law. Administration of this new policy will be difficult if not impossible. The amount of new tax revenue which can realistically be collected is insignificant. Implementation of this new policy may thwart the spirit if not express provisions of the Soldiers' and Sailors' Civil Relief Act. Accordingly, the Legislature finds and declares that the purpose of the addition of Section 17140.5 to the Revenue and Taxation Code is to prevent a grave injustice by the tax laws, and that a proper public purpose is served by making the provisions of Section 17140.5 of the Revenue and Taxation Code applicable to all open tax years.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 615

An act to amend Section 2352 of the Probate Code, relating to guardianships and conservatorships.

[Approved by Governor August 28, 1986 Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2352 of the Probate Code is amended to read:

2352. (a) The guardian or conservator may fix the residence of the ward or conservatee at either of the following:

(1) Any place within this state without the permission of the court. In fixing the residence, the guardian or conservator shall select the least restrictive appropriate setting which is available and necessary to meet the needs of the ward or conservatee, and which is in the best interests of the ward or conservatee. In making a determination of the appropriate level of care for wards or conservatees, guardians or conservators may utilize the statewide nursing home preadmission screening program or a comparable assessment by a community-based case management organization.

(2) A place not within this state if permission of the court is first obtained.

(b) An order under paragraph (2) of subdivision (a) shall require the guardian or conservator either to return the ward or conservatee to this state, or to cause a guardianship or conservatorship proceeding or its equivalent to be commenced in the place of the new residence, when the ward or conservatee has resided in the place of new residence for a period of four months or such longer or shorter period as is specified in the order.

(c) The guardian or conservator shall promptly mail to the court notice of all changes in the residence of the ward or conservatee.

(d) This section does not apply where the court has made an order under Section 2351 pursuant to which the conservatee retains the right to fix his or her own residence.

CHAPTER 616

An act to amend Section 217.1 of, and to add Sections 241.7 and 243.7 to, the Penal Code, relating to crimes.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 217.1 of the Penal Code is amended to read:

217.1. (a) Every person who commits any assault upon the President or Vice President of the United States, the Governor of any state or territory, any justice or judge of the United States or any state or territory, the secretary or director of any executive agency or department of the United States or any state or territory, or any other official of the United States or any state or territory holding elective office, any mayor, city council member, county supervisor, sheriff, district attorney, public defender, or the chief of police of any municipal police department, in retaliation for or to prevent the performance of the victim's official duties, shall be punished by imprisonment in the county jail not exceeding one year or by imprisonment in the state prison.

(b) Every person who attempts to commit murder against any person listed in subdivision (a) in retaliation for or to prevent the performance of the victim's official duties, shall be confined in the state prison for a term of 15 years to life. The provisions of Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall apply to reduce any minimum term of 15 years in a state prison imposed pursuant to this section, but such person shall not otherwise be released on parole prior to such time.

SEC. 2. Section 241.7 is added to the Penal Code, to read:

241.7. Any person who is a party to a civil or criminal action in which a jury has been selected to try the case and who, while the legal action is pending or after the conclusion of the trial, commits

an assault against any juror or alternate juror who was selected and sworn in that legal action, shall be punished by a fine not to exceed two thousand dollars ($2,000), or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment, or by imprisonment in the state prison.

SEC. 3. Section 243.7 is added to the Penal Code, to read:

243.7. Any person who is a party to a civil or criminal action in which a jury has been selected to try the case and who, while the legal action is pending or after the conclusion of the trial commits a battery against any juror or alternate juror who was selected and sworn in that legal action shall be punished by a fine not to exceed five thousand dollars ($5,000), or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment, or by the imprisonment in the state prison for 16 months, or for two or three years.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 617

An act to add Section 12424.5 to the Penal Code, relating to crime.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 12424.5 is added to the Penal Code, to read:

12424.5. Notwithstanding Section 12423, a bank, a savings and loan association, a credit union, or an industrial loan company which maintains more than one office or branch may make a single annual application for a permit. In addition to the requirements set forth in this article, that application shall separately state the business address and a full description of each office or branch in which the tear gas or tear gas weapons are to be kept, installed, or maintained. Any location additions or deletions as to offices or branches shall be reported to the department within 60 days of the change.

A single permit issued under this section shall allow for the possession, operation, and maintenance of tear gas at each office or branch named in the application, including location changes.

CHAPTER 618

An act to amend Section 2924e of the Civil Code, relating to real property.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2924e of the Civil Code is amended to read:

2924e. (a) The beneficiary or mortgagee of any deed of trust or mortgage on real property containing one to four residential units may, with the written consent of the trustor or mortgagor that is either effected through a signed and dated agreement which shall be separate from other loan and security documents or disclosed to the trustor or mortgagor in at least 10-point type, submit a written request by certified mail to the beneficiary or mortgagee of any lien which is senior to the lien of the requester, for written notice of any or all delinquencies of four months or more, in payments of principal or interest on any obligation secured by that senior lien notwithstanding that the loan secured by the lien of the requester is not then in default as to payments of principal or interest.

The request shall be sent to the beneficiary or mortgagee, or agent which it might designate for the purpose of receiving loan payments, at the address specified for the receipt of these payments, if known, or, if not known, at the address shown on the recorded deed of trust or mortgage.

(b) The request for notice shall identify the ownership or security interest of the requester, the date on which the interest of the requester will terminate as evidenced by the maturity date of the note of the trustor or mortgagor in favor of the requester, the name of the trustor or mortgagor and the name of the current owner of the security property if different from the trustor or mortgagor, the street address or other description of the security property, the loan number (if available to the requester) of the loan secured by the senior lien, the name and address to which notice is to be sent, and shall include or be accompanied by the signed written consent of the trustor or mortgagor, and a fee of forty dollars ($40). The request shall remain valid until withdrawn in writing and shall be applicable to all delinquencies as provided in this section, which occur prior to the date on which the interest of the requester will terminate as specified in the request or the expiration date, as appropriate. A request for notice shall be effective for five years from the mailing of the request or the recording of that request, whichever occurs later, and may be renewed within six months prior to its expiration date by sending the beneficiary or mortgagee, or agent, as the case may be, at the address to which original requests for notice are to be sent, a copy of the earlier request for notice together with a signed

statement that the request is renewed and a renewal fee of fifteen dollars ($15). Upon timely submittal of a renewal request for notice, the effectiveness of the original request is continued for five years from the time when it would otherwise have lapsed. Succeeding renewal requests may be submitted in the same manner. The request for notice and renewals thereof shall be recorded in the office of the county recorder of the county in which the security real property is situated. The rights and obligations specified in this section shall inure to the benefit of, or pass to, as the case may be, successors in interest of parties specified in this section. Any successor in interest of a party entitled to notice under this section shall file a request for that notice with any beneficiary or mortgagee of the senior lien and shall pay a processing fee of fifteen dollars ($15). No new written consent shall be required from the trustor or mortgagor.

(c) Unless the delinquency has been cured, within 15 days following the end of four months from any delinquency in payments of principal or interest on any obligation secured by the senior lien which delinquency exists or occurs on or after 10 days from the mailing of the request for notice or the recording of that request, whichever occurs later, the beneficiary or mortgagee shall give written notice to the requester of the fact of any delinquency and the amount thereof.

The notice shall be given by personal service, or by deposit in the mail, first-class postage paid. Following the recording of any notice of default pursuant to Section 2924 with respect to the same delinquency, no notice or further notice shall be required pursuant to this section.

(d) If the beneficiary or mortgagee of any such senior lien fails to give notice to the requester as required in subdivision (c), and a subsequent foreclosure or trustee's sale of the security property occurs, the beneficiary or mortgagee shall be liable to the requester for any monetary damage due to the failure to provide notice within the time period specified in subdivision (c) which the requester has sustained from the date on which notice should have been given to the earlier of the date on which the notice is given or the date of the recording of the notice of default under Section 2924, and shall also forfeit to the requester the sum of three hundred dollars ($300). A showing by the beneficiary or mortgagee by a preponderance of the evidence that the failure to provide timely notice as required by subdivision (c) resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error shall be a defense to any liability for that failure.

(e) If any beneficiary or mortgagee, or agent which it had designated for the purpose of receiving loan payments, has been succeeded in interest by any other person, any request for notice received pursuant to this section shall be transmitted promptly to that person.

(f) Any failure to comply with the provisions of this section shall not affect the validity of a sale in favor of a bona fide purchaser or

the rights of an encumbrancer for value and without notice.

(g) This section shall become operative on July 1, 1985, and shall remain in effect until January 1, 1991, and as of that date is repealed, unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

The repeal of this section shall not affect the validity of requests for notice of delinquency filed before January 1, 1991.

CHAPTER 619

An act to add Section 2821.5 to the Public Utilities Code, relating to electrical corporations.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2821.5 is added to the Public Utilities Code, to read:

2821.5. The Legislature finds and declares all of the following:

(a) Small power producers provide important alternative sources of electrical energy.

(b) The commission is required to approve and establish equitable charges to be paid by electrical corporations which purchase electricity or electrical generating capacity, or both, from qualifying small power producers.

(c) The commission recognized the importance of developing standard offer contracts based on long-run avoided costs in order to encourage the development of qualifying small power producers. On September 7, 1983, in Decision 83-09-054, the commission approved interim standard offer No. 4, which established a long-term power purchase contract.

(d) Many pioneer small power producers operating prior to September 7, 1983, did so under power purchase contracts based on short-term energy prices and long-term capacity prices. When interim standard offer No. 4 was approved, the commission allowed its provisions to be offered to qualified facility projects which had not yet obtained construction financing or otherwise entered a contract and started construction. Pioneer small power producers with existing contracts were not allowed to switch to the new interim standard offer No. 4 until their existing contracts were no longer in effect.

(e) On April 17, 1985, pursuant to Decision 85-04-075, the commission suspended all payment options offered under interim standard offer No. 4 due to the contrasting of excessive energy capacity, and the conclusion that prices were too high.

(f) Many qualifying small power producers who were operating

under contracts made prior to September 7, 1983, were thus precluded by the commission from adopting interim standard offer No. 4, and may be required to accept new prices and terms which provide less compensation than the suspended interim standard offer No. 4.

(g) These financially stressed qualifying small power producers assert they were unfairly denied the opportunity to adopt interim standard offer No. 4 by the commission. They also assert that much of the capacity contracted for under the suspended interim standard offer No. 4 will never be constructed. They further allege that they are being forced to close small powerplants which are currently in operation while producers with interim standard offer No. 4 contracts are constructing new plants.

SEC. 2. The Public Utilities Commission shall make a written report and submit to the Legislature not later than May 1, 1987, its findings on whether the pioneer small power producers who entered contracts prior to September 7, 1983, have been unfairly denied the opportunity to adopt interim standard offer No. 4 by the commission, and what remedies are available to correct any such denial. In making its findings, the commission shall consider both the adverse financial impacts on pioneer producers and the cost impacts on utility ratepayers and other small power producers. In addition, the commission shall estimate the amount of capacity eligible for interim standard offer No. 4 which will not be constructed, and whether pioneer plants should be substituted for these projects.

SEC. 3. The Public Utilities Commission shall conduct any investigation or proceeding pursuant to Section 2 of this act within the commission's existing budget.

CHAPTER 620

An act to amend Section 83105 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor August 28, 1986 Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 83105 of the Government Code is amended to read:

83105. Each member of the commission shall be an elector. No member of the commission, during his or her tenure, shall hold any other public office, serve as an officer of any political party or partisan organization, participate in or contribute to an election campaign, or employ or be employed as a lobbyist nor, during his or her term of appointment, seek election to any other public office. Members of the commission may be removed by the Governor, with

concurrence of the Senate, for substantial neglect of duty, gross misconduct in office, inability to discharge the powers and duties of office or violation of this section, after written notice and opportunity for a reply.

SEC. 2. It is the intent of the Legislature that Section 83105 of the Government Code, as amended by Section 1 of this act, shall not prohibit any member of the Fair Political Practices Commission who assumed office prior to January 1, 1987, from resigning from office to seek election to any other public office during his or her term of appointment. However, no member of the Fair Political Practices Commission who assumed office prior to January 1, 1987, shall, during his or her tenure, seek election to any other public office.

SEC. 3. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 621

An act to amend Section 13826.6 of, and to add Section 1272.1 to, the Penal Code, relating to crimes, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 28, 1986. Filed with Secretary of State August 29, 1986]

I am deleting the $500,000 appropriation contained in Assembly Bill No. 441 This appropriation is no longer needed since a portion of the $2 million budget augmentation for gang violence suppression has been earmarked for implementation of the specialized gang violence prevention element contained in this measure.

With this deletion, I approve Assembly Bill No. 441.

GEORGE DEUKMEJIAN

The people of the State of California do enact as follows:

SECTION 1. Section 1272.1 is added to the Penal Code, to read:

1272.1. Release on bail pending appeal under subdivision (3) of Section 1272 shall be ordered by the court if the defendant demonstrates all the following:

(a) By clear and convincing evidence, the defendant is not likely to flee. Under this subdivision the court shall consider the following criteria:

(1) The defendant's ties to the community, including his or her employment, the duration of his or her residence, the defendant's family attachments and his or her property holdings.

(2) The defendant's record of appearance at past court hearings or of flight to avoid prosecution.

(3) The severity of the sentence the defendant faces.

(b) By clear and convincing evidence, the defendant does not

pose a danger to the safety of any other person or to the community.

(c) The appeal is not for the purpose of delay and, based upon the record in the case, raises a substantial legal question which, if decided in favor of the defendant, is likely to result in reversal.

For purposes of this subdivision, a "substantial legal question" means a close question, one of more substance than would be necessary to a finding that it was not frivolous. In assessing whether a substantial legal question has been raised on appeal by the defendant, the court shall not be required to determine whether it committed error.

In making its decision on whether to grant defendants' motions for bail under subdivision (3) of Section 1272, the court shall include a brief statement of reasons in support of an order granting or denying a motion for bail on appeal. The statement need only include the basis for the order with sufficient specificity to permit meaningful review.

SEC. 2. Section 13826.6 of the Penal Code is amended to read:

13826.6. For purposes of this chapter, a "community-based" organization is defined as a nonprofit operation established to serve gang members, their families, schools, and the community with programs of community supervision and service which maintain community participation in the planning, operation and evaluation of their programs.

(a) Unless funded pursuant to subdivision (c), community-based organizations supported under the Gang Violence Suppression Program shall implement the following activities:

(1) Providing information to law enforcement agencies concerning gang related activities in the community.

(2) Providing information to school administrators and staff concerning gang related activities in the community.

(3) Provide conflict resolution by means of intervention or mediation to prevent and limit gang crisis situations.

(4) Increase witness cooperation through coordination with local law enforcement and prosecutors and by education of the community about the roles of these government agencies and the availability of witness protection services.

(b) Community-based organizations funded pursuant to subdivision (a) shall also implement at least one of the following activities:

(1) Maintaining a 24-hour public telephone message center for the receipt of information and to assist individuals seeking services from the organization.

(2) Maintaining a "rumor control" public telephone service to provide accurate and reliable information to concerned citizens.

(3) Providing technical assistance and training concerning gang related activities to school staff members, law enforcement personnel, and community members including parental groups. Such training and assistance shall include coverage of how to prevent and minimize intergang confrontations.

(4) Providing recreational activities for gang members or potential gang members.

(5) Providing job training and placement services for youth.

(6) Referring gang members, as needed, to appropriate agencies for the treatment of health, psychological, and drug-related problems.

(c) Community-based organizations funded under the Gang Violence Suppression Program for specialized school prevention and intervention activities shall only be required to implement activities in the schools which are designed to discourage students from joining gangs and which offer or encourage students to participate in alternative programs.

SEC. 3. The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to the Office of Criminal Justice Planning for allocation and disbursement to community-based organizations which elect to establish activities pursuant to subdivision (c) of Section 13826.6 of the Penal Code. Of this appropriation, one hundred thousand dollars ($100,000) shall be available for encumbrance in the 1986–87 fiscal year, two hundred thousand dollars ($200,000) shall be available for encumbrance in the 1987–88 fiscal year, and two hundred thousand dollars ($200,000) shall be available for encumbrance in the 1988–89 fiscal year.

Notwithstanding any other provision of law, the Office of Criminal Justice Planning shall not utilize, for administrative expenses, more than 10 percent of the funds appropriated by this section, and the office shall not be required to provide matching federal funds for any expenditure of funds appropriated by this section.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to expeditiously deal with the urgent problems associated with crimes, as addressed in this act, it is essential that this act take effect immediately.

(1) By competitive bidding to the highest qualified and responsible bidder. The bidding shall be on the basis of a cash bonus, royalty rate, net profit, or other single biddable factor, and shall be conducted under general regulations and in a form to be determined by the commission to be in the best interest of the state.

(2) By a negotiated lease or other agreement, if the lands are determined by the commission to be unsuitable for competitive bidding for reasons such as small size, irregular configuration, lack of access, or if a negotiated lease is in the best interest of the state.

(b) In addition to the payment of a royalty in money or in kind or a percentage of the net profits derived from mineral extraction operations provided therein, each bid and each lease shall also provide for an annual payment in advance of rent of not less than one dollar ($1) per acre or a greater sum as the commission may specify.

CHAPTER 626

An act to amend Sections 10301, 10302, 10303, 10311, 10320, and 10332 of the Public Contract Code, relating to state purchases.

[Approved by Governor August 29, 1986. Filed with Secretary of State August 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 10301 of the Public Contract Code is amended to read:

10301. Except in cases when the agency and the department agree that an article of a specified brand or trade name is the only article which will properly meet the needs of the agency, or in cases where the State Board of Control has made a determination pursuant

to Section 10308, all written contracts for the sale or hiring of materials, supplies, or equipment in an amount of ten thousand dollars ($10,000) or more, and all other purchases or hiring of materials, supplies, or equipment in an amount of ten thousand dollars ($10,000) or more, shall be made or entered into with the lowest responsible bidder meeting specifications.

For purposes of determining the lowest bid, the amount of sales tax shall be excluded from the total amount of the bid.

SEC. 2. Section 10302 of the Public Contract Code is amended to read:

10302. Except in cases of emergency where immediate purchase of supplies or equipment without bid is necessary for the protection of the public health, welfare, or safety, whenever the department purchases supplies or equipment in excess of ten thousand dollars ($10,000), all vendors who have notified the department in writing they desire to bid on such supplies or equipment, and who have been prequalified in accordance with the provisions of this section, shall be furnished with complete specifications as to the type, quality, quantity, and whenever practicable the date, place and method of delivery of the equipment or supplies to be purchased. In addition to notifying all such persons, the department shall post in a public place a copy of such specifications which shall remain posted until seven days after an award has been made. Whenever a purchase in excess of ten thousand dollars ($10,000) is made under this section or Section 10301 without the taking of bids, the department shall report to the State Board of Control the fact of the purchase together with a written statement of the facts requiring the purchase of the supplies or equipment without the taking of bids.

SEC. 3. Section 10303 of the Public Contract Code is amended to read:

10303. The department shall adopt, publish and apply uniform standards of rating bidders, on the basis of questionnaires and required statements, with respect to contracts upon which each bidder is qualified to bid. The department may adopt and publish lists of qualified bidders. No list so adopted and published shall preclude a qualified bidder not on the list from submitting a bid or bids and from being awarded a contract or contracts as the successful bidder.

The department may remove, for a period not less than 90 calendar days, but not to exceed 360 calendar days, from any list of qualified bidders prepared by the department any bidder who, based upon his performance on contracts which he has previously been awarded by the state, has demonstrated a lack of reliability in complying with and completing such previously awarded contracts.

Any bidder temporarily removed under this section shall be returned to the list of qualified bidders at any time after the initial 90-day period, upon demonstrating to the department's satisfaction that the problems which resulted in the bidder's previously demonstrated unreliability in completing state contracts, have been

corrected.

SEC. 4. Section 10311 of the Public Contract Code is amended to read:

10311. An estimate or requisition approved by the state agency in control of the appropriation or fund against which a purchase is to be charged, is full authority for any contract and purchase of supplies of the quality specified by the agency or determined by the Board of Control as provided in this article made pursuant thereto by the department.

The department shall issue a call for bids within 30 days after receiving a requisition for any supplies, material, or equipment that are regularly purchased within this state. The period of closing time designated in the invitations for bids shall be exclusive of holidays and shall be extended to the next working day after a holiday.

After the closing date for receiving any bids within or without this state, the contract of purchase shall be awarded or the bids shall be rejected within 45 days unless a protest is filed as provided in Section 10306.

SEC. 5. Section 10320 of the Public Contract Code is amended to read:

10320. The Department of General Services shall annually prepare a purchasing delegation program for district agricultural associations to be administered by the Department of Food and Agriculture and the Department of General Services pursuant to the following criteria:

(a) Purchases shall not exceed ten thousand dollars ($10,000).

(b) The Department of General Services shall annually review purchases to be included in the program and the amount of delegation for each type of purchase.

(c) The Department of General Services shall annually review with the Department of Food and Agriculture the aggregate limit for the delegation program.

(d) The Department of General Services shall annually communicate with each fair eligible for the delegation program, information relating to the procedure to be followed for using the delegation, including, but not limited to, the things included in the delegation program.

SEC. 6. Section 10332 of the Public Contract Code is amended to read:

10332. Any state agency which receives delegated authority to purchase materials, supplies, and equipment shall be authorized, at a minimum, to make the following types of purchases:

(a) Purchases not exceeding the dollar value established pursuant to Section 10330.

(b) Purchases in any amount of commodities available under an unexpired statewide or regional commodities contract. Purchases of commodities for which a valid statewide or regional commodities contract is in effect may not be made, without the approval of the office, from a vendor other than the vendor with whom the state has

a valid contract.

(c) Purchases in any amount of articles, materials, and supplies which state agencies are required, by Section 2807 of the Penal Code, to purchase from the prison industry authority.

(d) Purchases not exceeding ten thousand dollars ($10,000) of materials, supplies, and equipment designated in price schedules which the office has established with vendors. Purchases not exceeding ten thousand dollars ($10,000) of materials, supplies, and equipment designated in price schedules may be made from a vendor other than the vendor specified on a price schedule if another vendor offers the same or an equivalent commodity at a price lower than the price established in the price schedule. The agency shall notify the office prior to making the purchase. The purchase may be made 48 hours after receipt of the notice by the office unless the office advises the agency that the commodity to be purchased is not the same or equivalent to a commodity specified on a price schedule.

(e) Purchases not exceeding ten thousand dollars ($10,000) of materials, supplies, and equipment which are available from the state warehouses but which the state agency can purchase from another vendor at a price lower than the price charged by the department. The agency shall notify the office prior to making such a purchase. The purchase may be made 48 hours after receipt of the notice by the office unless the office advises the agency that the commodity to be purchased is not the same or equivalent to the commodity available from the state warehouses.

(6) Random fluid testing for alcohol or drugs.
(7) Compliance with laws and regulations governing the practice of pharmacy.

The board may initiate disciplinary proceedings to revoke or suspend any probationary certificate of licensure for any violation of the terms or conditions of probation. Upon satisfactory completion of probation, the board shall convert the probationary certificate to a regular certificate, free of conditions.

(c) The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein. Such action shall be final, except that the propriety of such action is subject to review by the superior court.

SEC. 2. Section 4355 is added to the Business and Professions Code, to read:

4355. The revocation, suspension, or other discipline by another state of a license, registration, permit, or certificate to practice pharmacy, operate a pharmacy, or do any other act for which a license, registration, permit, or certificate is required by this chapter, shall constitute grounds for disciplinary action against a licensee or grounds for the denial of licensure of an applicant in this state.

CHAPTER 628

An act to amend Section 98.2 of the Labor Code, relating to the payment of wages.

[Approved by Governor August 29, 1986 Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 98.2 of the Labor Code is amended to read:

98.2. (a) Within 10 days after service of notice of an order, decision, or award the parties may seek review by filing an appeal to the justice, municipal, or superior court, in accordance with the appropriate rules of jurisdiction, where the same shall be heard de novo. A copy of the appeal request shall be served upon the Labor Commissioner by the appellant.

(b) If the party seeking review by filing an appeal to the justice, municipal, or superior court is unsuccessful in the appeal, the court

shall determine the costs and reasonable attorneys' fees incurred by the other parties to the appeal, and assess that amount as a cost upon the party filing the appeal.

(c) If no notice of appeal is filed within 10 days of receipt of the notice of decision or award, the decision or award shall, in the absence of fraud, be deemed the final order.

(d) The Labor Commissioner shall file, within 10 days of the order becoming final pursuant to subdivision (c), a certified copy of the final order with the clerk of the justice, municipal, or superior court, in accordance with the appropriate rules of jurisdiction, of the appropriate county unless a settlement has been reached by the parties and approved by the Labor Commissioner. Judgment shall be entered immediately by the court clerk in conformity therewith. The judgment so entered shall have the same force and effect as, and shall be subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered. Enforcement of the judgment shall receive court priority.

(e) Notwithstanding subdivision (d), the Labor Commissioner may stay execution of any judgment entered upon an order, decision, or award which has become final upon good cause appearing therefore and may impose the terms and conditions of the stay of execution. A certified copy of the stay of execution shall be filed with the clerk entering the judgment.

(f) When a judgment is satisfied in fact, otherwise than by execution, the Labor Commissioner may, upon the motion of either party or on its own motion, order entry of satisfaction of judgment. The clerk of the court shall enter a satisfaction of judgment upon the filing of a certified copy of the order.

[Approved by Governor August 29, 1986 Filed with Secretary of State August 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to standardize the process by which paternity is established in order to achieve a greater degree of equity and consistency in paternity determinations. The Legislature finds that the science of genetic

testing has advanced to the degree that paternity determinations resulting from such testing are so reliable that the burden of proof can be shifted to the putative father.

SEC. 2. Section 895.5 is added to the Evidence Code, to read:

895.5. (a) There is a rebuttable presumption, affecting the burden of proof, of paternity, if the court finds that the paternity index, as calculated by the experts qualified as examiners of genetic markers, is 100 or greater. This presumption may only be rebutted by a preponderance of the evidence.

(b) As used in this section:

(1) "Genetic markers" mean separate identifiable genes or complexes of genes generally isolated as a result of blood typing, at least seven of which are normally tested in a paternity determination.

(2) "Paternity index" means the commonly accepted indicator used for denoting the existence of paternity. It represents the mathematically computed probability that the putative father is the true father of the child, as opposed to any other man of similar ethnic background. The paternity index, computed using results of various paternity tests following accepted statistical principles for the computation of probability, shall be in accordance with the method of expression accepted at the International Conference on Parentage Testing at Airlie House, Virginia, May 1982, sponsored by the American Association of Blood Banks.

(a) Any person who has received a written notice to appear for an infraction may, prior to the time at which the person is required to appear, make a deposit and declare the intention to plead not guilty to the clerk of the court named in the notice to appear. The deposit shall be in the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 or 42050 of this code, for the offense charged, and shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place scheduled by the clerk for arraignment and for trial, and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. The case shall thereupon be set for arraignment and trial on the same date, unless the defendant requests separate arraignment.

The written plea and request to the court or city agency shall be accompanied by a deposit consisting of the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 or 42050 of this code, for that offense, which amount shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place set by the court for trial and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. The court or the clerk of the court shall notify the accused of the time and place of trial by first-class mail postmarked

at least 10 days prior to the time set for the trial. Any person using this procedure shall be deemed to have waived the right to be tried within the statutory period.

The case shall thereupon be set for arraignment and trial on the same date, unless the defendant requests separate arraignment.

(b) Any person who has received a written notice to appear or a notice of parking violation issued under Section 41103 for an infraction may, prior to the time at which the person is required to appear, plead not guilty in writing in lieu of appearing in person. The written plea shall be directed to the court named in the notice to appear or to the court or city agency indicated on the notice of parking violation and, if mailed, shall be sent by certified or registered mail postmarked not later than five days prior to the day upon which appearance is required. The written plea and request to the court or city agency shall be accompanied by a deposit consisting of the amount of bail established pursuant to Section 1269b of the Penal Code, together with any assessment required by Section 42006 of this code or Section 1464 of the Penal Code, for that offense, which amount shall be used for the purpose of guaranteeing the appearance of the defendant at the time and place set by the court for trial and to apply toward the payment of any fine or assessment prescribed by the court in the event of conviction. Upon receipt of the plea and deposit, the case shall be set for arraignment and trial on the same date, unless the defendant requests separate arraignment. Thereafter, the case shall be conducted in the same manner as if the defendant had appeared in person, had made his or her plea in open court, and had deposited that sum as bail. The court or the clerk of the court shall notify the accused of the time and place of trial by first-class mail postmarked at least 10 days prior to the time set for the trial. SEC. 3. Section 2 of this bill incorporates amendments to Section 40519 of the Vehicle Code proposed by both this bill and AB 3082. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 40519 of the Vehicle Code, and (3) this bill is enacted after AB 3082, in which case Section 1 of this bill shall not become operative.

SEC. 4. The Judicial Council shall submit a report to the Legislature, on or before January 1, 1990, regarding the overall success of the program prescribed by this act, as measured by its impact on court congestion as related to traffic offenses. The report shall also contain information regarding the number of state mandate claims arising from this act, which shall be obtained from the Commission on State Mandates.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

CHAPTER 632

An act to add Section 44439 to, and Article 9 (commencing with Section 44360) to Chapter 2 of Part 25 of, the Education Code, relating to certificated employees.

(5) The information in the possession of any provider of health care may be reviewed by any private or public body responsible for licensing or accrediting the provider of health care. However, no patient identifying medical information may be removed from the premises except as expressly permitted or required elsewhere by law.

(6) The information may be disclosed to the county coroner in the course of an investigation by the coroner's office.

(7) The information may be disclosed to public agencies, clinical investigators, health care research organizations, and accredited public or private nonprofit educational or health care institutions for bona fide research purposes. (B) Describes functional limitations of the patient that may entitle the patient to leave from work for medical reasons or limit the patient's fitness to perform his or her present employment, provided that no statement of medical cause is included in the information disclosed.

(9) Unless the provider is notified in writing of an agreement by the sponsor, insurer, or administrator to the contrary, the information may be disclosed to a sponsor, insurer, or administrator of a group or individual insured or uninsured plan or policy which the patient seeks coverage by or benefits from, if the information was created by the provider of health care as the result of services conducted at the specific prior written request and expense of the sponsor, insurer, or administrator for the purpose of evaluating the application for coverage or benefits.

(10) The information may be disclosed to a group practice prepayment health care service plan by providers which contract with the plan and may be transferred among providers which contract with the plan, for the purpose of administering the plan. Medical information may not otherwise be disclosed by a health care service plan except in accordance with the provisions of this part.

(11) Nothing in this part shall prevent the disclosure by a provider of health care to an insurance institution, agent, or support organization, subject to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code, of medical information

if the insurance institution, agent, or support organization has complied with all requirements for obtaining the information pursuant to Article 6.6 (commencing with Section 791) of Part 2 of Division 1 of the Insurance Code.

(12) The information relevant to the patient's condition and care and treatment provided may be disclosed to a probate court investigator engaged in determining the need for an initial conservatorship or continuation of an existent conservatorship, if the patient is unable to give informed consent.

If payment is made in full, the payment shall be apportioned and disbursed in the amounts ordered by the court.

If reasonable and compatible with the defendant's financial ability, the court may order payments to be made in installments.

With respect to installment payments, the board of supervisors may establish the priorities of payment, first between fines, penalty assessments, and reparation or restitution, and then between other reimbursable costs. The board of supervisors may also establish priorities of payment between orders or parts of orders in cases where defendants have been ordered to pay more than one court order.

SEC. 4. Section 20898 of the Government Code is amended to

read:

20898. "Leave of absence" also means any time during which a state member, other than a school member, was excused from performance of his duties on approved leave for the purpose of further education. Any member electing to receive credit for such a leave of absence shall, in addition to contributions and interest otherwise required by this article, contribute an amount equal to (1) the contribution that would have been made by his employer in respect to him had he not been absent, assuming that the employer rate of contribution in effect at the time of election had been in effect during the absence and (2) the amount of interest that would have accrued to the member and employer contributions if they had been deposited at the beginning date of the member's first subsequent period of service in membership until the date of completion of payments at the interest rate in effect on the date of election. Credit granted under this section may not exceed two years.

21253.1. Whenever a contracting agency amends its contract to become subject to Section 21252.61 instead of Section 21252.6, a member who previously elected, pursuant to Section 21253, to remain subject to Section 21252.1, or a member who entered employment under Section 21252.1 after attaining age 30 and continued to be subject to that section, shall elect in writing within 90 days of notification by the board whether to be subject to Section 21252.61 or Section 21252.1.

SEC. 9. Section 22503 of the Government Code is amended to read:

22503. The board may delegate to the executive officer authority to perform any act within the power of the board itself to perform under this part. CHAPTER 638

An act to amend Sections 1401.5, 10270.98, and 13000 of the Insurance Code, relating to insurance.

[Approved by Governor August 29, 1986. Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1401.5 of the Insurance Code is amended to read:

1401.5. (a) When the commissioner finds after a public hearing that a reciprocal or interinsurance exchange has at all times during any consecutive five-year period terminating on December 31, 1964, or on the last day of any subsequent calendar year, as shown by its annual statements, as filed or as adjusted by the commissioner, as the case may be, maintained a surplus of admitted assets over all liabilities of at least three million dollars ($3,000,000) the commissioner may make an order that such reciprocal or interinsurance exchange need not obtain the certificate provided in Section 1401 and that its subscribers shall thereafter in perpetuity have no liability for assessment on policies issued or renewed at any time after such order becomes final or may, if the reciprocal desires not to become nonassessable, issue a certificate of capability to

reinsure. To request such an order such reciprocal or interinsurance exchange shall file a petition with the commissioner, on a form prescribed by the commissioner. The filing fee for such a petition shall be two hundred thirty-six dollars ($236). The commissioner shall give notice of such hearing in the insurance press and in such other ways as he deems advisable and to the extent he deems advisable. Such an order is subject to the provisions of Section 12940 and any person with sufficient relevant interest shall be authorized to bring any permitted action thereunder.

(b) When any such order of the commissioner becomes final any domestic reciprocal or interinsurance exchange obtaining such an order shall no longer be subject to or entitled to the benefits of: subdivision (c) of Section 1307, subdivision (b) of Section 1374, and Article 6 (commencing with Section 1390) of this chapter.

(c) At such time as all reciprocal or interinsurance exchanges conducting insurance business in this state are by law governed for all purposes as to required minimum surplus (including that for admission, amendment of certificate of authority and solvency) by the same standards for minimum paid-in capital and surplus as are then applicable to capital stock insurers, any domestic reciprocal or interinsurance exchange may obtain the order provided in subdivision (a), subject to the provisions in subdivision (a) by showing that it has maintained such minimum paid-in capital and surplus requirement applicable to capital stock insurers for at least five consecutive years in lieu of the three million dollars ($3,000,000) surplus prescribed in subdivision (a).

(d) If the power of attorney or any policy of any domestic reciprocal or interinsurance exchange obtaining the order provided by subdivision (a) contains language directly or indirectly creating a liability for assessment, in respect to policies issued prior to or issued after such an order becomes final such power of attorney and all such policies shall be deemed in law to have been amended to delete and repeal any and all such assessment provisions as of the date such order becomes final without any further action on the part of such a reciprocal or interinsurance exchange, its subscribers, its attorney in fact or the body exercising the subscriber's rights.

SEC. 2. Section 10270.98 of the Insurance Code is amended to read:

10270.98. Group disability policies may provide, among other things, that the benefits payable thereunder are subject to reduction if the individual insured has any other coverage (other than individual policies or contracts) providing hospital, surgical or medical benefits, whether on an indemnity basis or a provision of service basis, resulting in such insured being eligible for more than 100 percent of the covered expenses.

Except as permitted by this section and by Section 10323, 10369.5, 10369.6, or 11515.5, and except in the case of group practice prepayment plan contracts which do not provide for coordination of benefits, to the extent they provide for a reduction of benefits on

account of other coverage with respect to emergency services that are not obtained from providers that contract with the plan, no group or individual disability insurance policy or service contract issued by nonprofit hospital service plans operating under Chapter 11A (commencing with Section 11491) of Part 2 of Division 2 shall limit payment of benefits by reason of the existence of other insurance or service coverage.

The policy provisions authorized by this section shall contain a provision that payments of funds may be made directly between insurers and other providers of benefits. Such policy provisions shall also contain a provision that if benefits are provided in the form of services rather than cash payments the reasonable cash value of each service rendered shall be deemed to be both an allowable expense and a benefit paid. The reasonable cash value of any contractual benefit provided to the insured in the form of service rather than cash payment by or through any hospital service organization or medical service organization or group-practice prepayment plan shall be deemed an expense incurred by the insured for such service, whether or not actually incurred, and the liability of the insurer shall be the same as if the insured had not been entitled to any such service benefit, unless the policy contains a provision authorized by Section 10323, 10369.5 or 10369.6 in the case of an individual disability policy, or by this section, in the case of a group disability policy.

This section shall not be construed to require that benefits payable under group disability policies be subject to reduction by the benefit amounts payable under Chapter 3 (commencing with Section 2800) of Part 2 of Division 1 of the Unemployment Insurance Code.

The provisions of this section, and all regulations adopted pursuant thereto pertaining to coordination of benefits with other group disability benefits, shall apply to all employers, labor-management trustee plans, union welfare plans (including those established in conformity with 29 U.S.C. Sec. 186), employer organization plans or employee benefit organization plans, health care service plan contracts, pursuant to regulations adopted by the Commissioner of Corporations which shall be uniform with those issued under this section for those plans that elect to coordinate benefits, group practice, individual practice, any other prepayment coverage for medical or dental care or treatment, and administrators, within the meaning of Section 1759 not otherwise subject to the provisions of this section whenever such plan, contract or practice provides or administers hospital, surgical, medical or dental benefits to employees or agents who are also covered under one or more additional group disability policies which are subject to this section or health care service plans.

SEC. 3. Section 13000 of the Insurance Code is amended to read:

13000. (a) Upon written request to an insurer by officers designated in subdivisions (a) and (b) of Section 830.1 and subdivision (a) of Section 830.2 of the Penal Code, an insurer, or agent authorized by that insurer to act on behalf of the insurer, shall

release to the requesting authorized governmental agency any or all relevant information deemed important to the authorized governmental agency which the insurer may possess relating to any specific insurance fraud. Relevant information may include, but is not limited to, all of the following:

(1) Insurance policy information relevant to the insurance fraud under investigation, including, but not limited to, any application for a policy.

(2) Policy premium payment records which are available.

(3) History of previous claims made by the insured.

(4) Information relating to the investigation of the insurance fraud, including statements of any person, proof of loss, and notice of loss.

(5) Complete copies of both sides of payment drafts.

(b) The provisions of subdivision (a) shall not operate to authorize disclosure of medical information not otherwise authorized for disclosure pursuant to law.

(c) For purposes of this article, "authorized governmental agency" means those agencies employing officers designated in subdivisions (a) and (b) of Section 830.1 and subdivision (a) of Section 830.2 of the Penal Code.

CHAPTER 639

An act to amend Section 65008 of the Government Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 29, 1986 Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 65008 of the Government Code is amended to read:

65008. (a) Any action pursuant to this title by any city, county, or city and county in this state which denies to any individual or group of individuals the enjoyment of residence, land ownership, tenancy, or any other land use in this state because of religious or ethnic reasons is null and void.

(b) No city, county, or city and county shall, in the enactment or administration of ordinances pursuant to this title, prohibit or discriminate against any residential development or emergency shelter because of the method of financing or the race, sex, color, religion, national origin, ancestry, lawful occupation, or age of the owners or intended occupants of the residential development or emergency shelter.

(c) No city, county, or city and county shall, in the enactment or

administration of ordinances pursuant to this title, prohibit or discriminate against a residential development or emergency shelter because the development or shelter is intended for occupancy by persons and families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, or persons and families of middle income.

For the purposes of this section, "persons and families of middle income" means persons and families whose income does not exceed 150 percent of the median income for the county in which the persons or families reside.

(d) No city, county, or city and county may impose different requirements on a residential development or emergency shelter which is subsidized, financed, insured, or otherwise assisted by the federal or state governments or by a local public entity, as defined in Section 50079 of the Health and Safety Code, than those imposed on nonassisted developments, except as provided in subdivision (e).

(e) Nothing in this title shall be construed to prohibit a city, county, or city and county from extending preferential treatment to residential developments or emergency shelters assisted by the federal or state governments or by a local public entity, as defined in Section 50079 of the Health and Safety Code, or other residential developments or emergency shelters intended for occupancy by persons and families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, or persons and families of middle income. This preferential treatment may include, but need not be limited to, reduction or waiver of fees or changes in architectural requirements, site development and property line requirements, building setback requirements, or vehicle parking requirements which reduce development costs of these developments.

(f) "Residential development," as used in this section, means a single family residence or a multifamily residence.

(g) This section shall apply to chartered cities.

The Legislature finds and declares that discriminatory practices which inhibit the development of housing for persons and families of low, moderate, and middle income, or emergency shelters for the homeless, are a matter of statewide concern.

SEC. 2. The Legislature declares that the amendments to Section 65008 of the Government Code by this act are declaratory of existing law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to prohibit cities and counties from prohibiting or discriminating against any residential development or emergency shelter on the basis of the occupation of the intended occupants of the development or shelter as soon as possible, it is necessary for this act to take effect immediately.

CHAPTER 640

An act to add Section 361.3 to the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor August 29, 1986. Filed with Secretary of State September 2, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 361.3 is added to the Welfare and Institutions Code, to read:

361.3. (a) In any case in which a child is removed from the physical custody of his or her parents pursuant to Section 361, preferential consideration shall be given to a request by a relative of the child for placement of the child with the relative. In determining whether such a placement is appropriate, the probation officer and court shall consider the ability of the relative to provide a secure and stable environment for the child. Factors to be considered in that assessment include, but are not limited to, the good moral character of the relative, the ability of the relative to exercise proper and effective care and control of the child; the ability of the relative to provide a home and the necessities of life for the child; which relative is most likely to protect the child from his or her parents; which relative is most likely to facilitate visitation with the child's other relatives and to facilitate reunification efforts with the parents: and the best interests of the child. In this regard, the Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of children, and a probation officer's determination as to the ability of a disabled relative to exercise care and control should center upon whether the relative's disability prevents him or her from exercising care and control.

(b) In any case in which more than one appropriate relative requests preferential consideration pursuant to this section, the probation officer and the court, in making his or her determination as to which relative should receive preferential consideration, shall consider the best interests of the child, and which of the relatives is most likely to protect the child from his or her parents, to facilitate visitation with the child's other relatives, and to facilitate reunification efforts with the parents. Consideration shall also be given to attempting to place siblings and stepsiblings in the same home if such a placement is found to be in their best interests.

(c) For purposes of this section:

(1) "Preferential consideration" means that the relative seeking placement shall be the first placement to be considered and investigated.

(2) "Relative" means an adult who is a grandparent, aunt, uncle, first cousin, or sibling.

(b) An agenda shall be posted by the governing board, or its designee, in accordance with the requirements of Section 54954.2 of the Government Code. Any interested person may commence an action by mandamus or injunction pursuant to Section 54960.1 of the Government Code for the purpose of obtaining a judicial determination that any action taken by the governing board in violation of this subdivision or subdivision (b) of Section 72129 is null and void.

SEC. 4. Section 72129 of the Education Code is amended to read:

72129. (a) Special meetings may be held at the call of the president of the board or upon a call issued in writing and signed by a majority of the members of the board.

(b) A notice of the meeting shall be posted at least 24 hours prior to the special meeting and shall specify the time and location of the meeting and the business to be transacted and shall be posted in a location that is freely accessible to members of the public and district employees.

SEC. 5. Section 54954.2 is added to the Government Code, to read:

54954.2. (a) At least 72 hours before a regular meeting, the legislative body of the local agency, or its designee, shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting. The agenda shall specify the time and location of the regular meeting and shall be posted in a location that is freely accessible to members of the public. No action shall be taken on any item not appearing on the posted agenda.

(b) Notwithstanding subdivision (a), the legislative body may take action on items of business not appearing on the posted agenda under any of the following conditions:

(1) Upon a determination by a majority vote of the legislative body that an emergency situation exists, as defined in Section 54956.5.

(2) Upon a determination by a two-thirds vote of the legislative body, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that the need to take action arose subsequent to the agenda being posted as specified in subdivision (a).

(3) The item was posted pursuant to subdivision (a) for a prior meeting of the legislative body occurring not more than five calendar days prior to the date action is taken on the item, and at the prior meeting the item was continued to the meeting at which action is being taken.

SEC. 6. Section 54954.3 is added to the Government Code, to read:

54954.3. (a) Every agenda for regular meetings shall provide an opportunity for members of the public to directly address the legislative body on items of interest to the public that are within the subject matter jurisdiction of the legislative body, provided that no action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of Section 54954.2. However, in the case of a meeting of a city council in a city or a board of supervisors in a city and county, the agenda need not provide an opportunity for members of the public to address the council or board on any item that has already been considered by a committee, composed exclusively of members of the council or board, at a public meeting wherein all interested members of the public were afforded the oportunity to address the committee on the item, unless the item has been substantially changed since the committee heard the item, as determined by the council or board.

(b) The legislative body of a local agency may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker.

SEC. 7. Section 54956 of the Government Code is amended to read:

54956. A special meeting may be called at any time by the presiding officer of the legislative body of a local agency, or by a majority of the members of the legislative body, by delivering personally or by mail written notice to each member of the legislative body and to each local newspaper of general circulation, radio or television station requesting notice in writing. The notice shall be delivered personally or by mail and shall be received at least 24 hours before the time of the meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. No other business shall be considered at these meetings by the legislative body. The written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or secretary of the legislative body a written waiver of notice. The waiver may be given by telegram. The written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. Notice shall be required pursuant to this section regardless of whether any action is taken at the special meeting.

The call and notice shall be posted at least 24 hours prior to the special meeting in a location that is freely accessible to members of

the public.

SEC. 8. Section 54956.5 of the Government Code is amended to read:

54956.5. In the case of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, a legislative body may hold an emergency meeting without complying with either the 24-hour notice requirement or the 24-hour posting requirement of Section 54956 or both of the notice and posting requirements.

For purposes of this section, "emergency situation" means any of the following:

(a) Work stoppage or other activity which severely impairs public health, safety, or both, as determined by a majority of the members of the legislative body.

(b) Crippling disaster which severely impairs public health, safety, or both, as determined by a majority of the members of the legislative body.

However, each local newspaper of general circulation and radio or television station which has requested notice of special meetings pursuant to Section 54956 shall be notified by the presiding officer of the legislative body, or designee thereof, one hour prior to the emergency meeting by telephone and all telephone numbers provided in the most recent request of such newspaper or station for notification of special meetings shall be exhausted. In the event that telephone services are not functioning, the notice requirements of this section shall be deemed waived, and the legislative body, or designee of the legislative body, shall notify those newspapers, radio stations, or television stations of the fact of the holding of the emergency meeting, the purpose of the meeting, and any action taken at the meeting as soon after the meeting as possible.

Notwithstanding Section 54957, the legislative body shall not meet in closed session during a meeting called pursuant to this section.

All special meeting requirements, as prescribed in Section 54956 shall be applicable to a meeting called pursuant to this section, with the exception of the 24-hour notice requirement.

The minutes of a meeting called pursuant to this section, a list of persons who the presiding officer of the legislative body, or designee of the legislative body, notified or attempted to notify, a copy of the rollcall vote, and any actions taken at the meeting shall be posted for a minimum of 10 days in a public place as soon after the meeting as possible.

SEC. 9. Section 54960.1 is added to the Government Code, to read:

54960.1. (a) Any interested person may commence an action by mandamus or injunction for the purpose of obtaining a judicial determination that an action taken by a legislative body of a local agency in violation of Section 54953, 54954.2, or 54956 is null and void under this section. Nothing in this chapter shall be construed to prevent a legislative body from curing or correcting an action

challenged pursuant to this section.

(b) Prior to any action being commenced pursuant to subdivision (a), the interested person shall make a demand of the legislative body to cure or correct the action alleged to have been taken in violation of Section 54953, 54954.2, or 54956. The demand shall be in writing and clearly describe the challenged action of the legislative body and nature of the alleged violation. The written demand shall be made within 30 days from the date the action was taken. Within 30 days of receipt of the demand, the legislative body shall cure or correct the challenged action and inform the demanding party in writing of its actions to cure or correct or inform the demanding party in writing of its decision not to cure or correct the challenged action. If the legislative body takes no action within the 30-day period, the inaction shall be deemed a decision not to cure or correct the challenged action, and the 15-day period to commence the action described in subdivision (a) shall commence to run the day after the 30-day period to cure or correct expires. Within 15 days of receipt of the written notice of the legislative body's decision to cure or correct, the expiration of the 30-day period to cure or correct, or 75 days from the date the challenged action was taken, whichever is earlier, the demanding party shall be required to commence the action pursuant to subdivision (a) or thereafter be barred from commencing the action.

(c) An action taken shall not be determined to be null and void if any of the following conditions exist:

(1) The action taken was in substantial compliance with Sections 54953, 54954.2, and 54956.

(2) The action taken was in connection with the sale or issuance of notes, bonds, or other evidences of indebtedness or any contract, instrument, or agreement thereto.

(3) The action taken gave rise to a contractual obligation, including a contract let by competitive bid, upon which a party has, in good faith, detrimentally relied.

(4) The action taken was in connection with the collection of any tax.

(d) During any action seeking a judicial determination pursuant to subdivision (a) if the court determines, pursuant to a showing by the legislative body that an action alleged to have been taken in violation of Section 54953, 54954.2, or 54956 has been cured or corrected by a subsequent action of the legislative body, the action filed pursuant to subdivision (a) shall be dismissed with prejudice.

(e) The fact that a legislative body takes a subsequent action to cure or correct an action taken pursuant to this section shall not be construed or admissible as evidence of a violation of this chapter.

SEC. 10. Section 54960.5 of the Government Code is amended to read:

54960.5. A court may award court costs and reasonable attorney fees to the plaintiff in an action brought pursuant to Section 54960 or 54960.1 where it is found that a legislative body of the local agency

has violated this chapter. The costs and fees shall be paid by the local agency and shall not become a personal liability of any public officer or employee of the local agency.

A court may award court costs and reasonable attorney fees to a defendant in any action brought pursuant to Section 54960 or 54960.1 where the defendant has prevailed in a final determination of such action and the court finds that the action was clearly frivolous and totally lacking in merit.

SEC. 11. The Legislature does not intend, by including an express reference to Sections 54954.2 and 54960.1 of the Government Code in Sections 35145 and 72121 of the Education Code, as amended by this act, to imply that other sections of the Ralph M. Brown Act which have been construed as applying to meetings of the governing boards of school and community college districts shall not continue to apply to those meetings.

SEC. 12. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 642

An act to amend Sections 27538 and 27641 of, and to add Section 27537.5 to, the Health and Safety Code, relating to food facilities.

[Approved by Governor August 29, 1986. Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 27537.5 is added to the Health and Safety Code, to read:

27537.5. "Stationary mobile food preparation unit" means any mobile food preparation unit, as defined by Section 27526, which operates at a state, county, district, or citrus fair or any approved occasional event, and which remains in a fixed position during food preparation and its hours of operation.

SEC. 2. Section 27538 of the Health and Safety Code is amended to read:

27538. "Temporary food facility" means a food facility operating out of temporary facilities approved by the enforcement officer at a fixed location for a period of time not to exceed 21 days in any 90-day period in conjunction with a single event or celebration.

SEC. 3. Section 27641 of the Health and Safety Code is amended to read:

27641. Notwithstanding the provisions of this chapter, neither the state department nor any city, county, or city and county shall require the enclosure of an open-air barbecue facility if the appropriate enforcement officer determines that the barbecue facility meets all of the following requirements:

(a) The facility is operated on the same premises as, in reasonable proximity to, and in conjunction with, a food establishment or a stationary mobile food preparation unit.

(b) All food waste and rubbish containing food waste is handled in accordance with the requirements of Section 27608.

(c) The facility is operated in compliance with the provisions of Articles 6 (commencing with Section 27590) and 7 (commencing with Section 27600), except for Sections 27607, 27610, and 27613.

(d) The multiuse utensils and equipment used in conjunction with the open-air barbecue facility are made of nontoxic materials, are constructed and maintained in a manner so they can be easily cleaned, and are kept clean and in good repair.

(e) Food and beverages served out of doors are dispensed from units approved by the enforcement officer. No other food may be prepared or stored in the out of doors, except for food cooked on the open-air barbecue unit.

(f) (1) Except as otherwise provided in paragraph (2), no live animals, birds, or fowl shall be kept or allowed in an area within 20 feet of any area where food or beverage is prepared, stored, kept, or served.

(2) Paragraph (1) does not prohibit the presence, in any area where food is served to the public, guests, or patrons, of a guide dog, signal dog, or service dog, as defined by Section 54.1 of the Civil Code, accompanied by a totally or partially blind person, deaf person, person whose hearing is impaired, or handicapped person, or dogs accompanied by persons licensed to train guide dogs for the blind pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code.

(3) Paragraph (1) does not apply to dogs under the control of uniformed law enforcement officers or of uniformed employees of private patrol operators and operators of a private patrol service who are licensed pursuant to Chapter 11.5 (commencing with Section 7512) of Division 3 of the Business and Professions Code, while those employees are acting within the course and scope of their employment as private patrol persons.

(4) Those persons and operators described in paragraphs (2) and (3) are liable for any damage done to the premises or facilities by the dog.

(g) If the barbecue facility is a permanent structure, it is equipped with an impervious and easily cleaned floor surface that extends a minimum of five feet from the open-air barbecue facility on all open sides.

(h) The barbecue facility is located in an area reasonably protected from dust, as determined by the enforcement officer.

(i) The barbecue facility is not operated in, or out of, any motor vehicle or in any area or location that may constitute a fire hazard, as determined by the enforcement officer. For the purposes of this section, a motor vehicle does not include a stationary mobile food preparation unit, as defined in Section 27537.5.

(j) Sanitary facilities, including, but not limited to, toilet facilities and handwashing facilities shall be available for use within 200 feet of the barbecue facility and shall comply with all provisions of this chapter. Sanitary facilities that do not meet the requirements of this chapter shall not be located closer to the barbecue facility than the sanitary facilities required to be provided by this section.

SEC. 4. Prior to the adoption of regulations relating to special purpose commercial coaches, which are also known as stationary mobile food preparation units, the Department of Housing and Community Development shall consult with representatives from the manufacturers and owners of special purpose commercial coaches, as determined by the department.

CHAPTER 643

An act to add Section 39660.5 to the Health and Safety Code, relating to air pollution.

[Approved by Governor August 29, 1986 Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 39660.5 is added to the Health and Safety Code, to read:

39660.5. (a) In evaluating the level of potential human exposure to toxic air contaminants, the state board shall assess that exposure in indoor environments as well as in ambient air conditions.

(b) The state board shall consult with the State Department of Health Services, pursuant to the program on indoor environmental quality established under Article 9.5 (commencing with Section 426) of Chapter 2 of Part 1 of Division 1, concerning which potential toxic air contaminants may be found in the indoor environment and on the best methodology for measuring exposure to these contaminants.

(c) When the state board identifies toxic air pollutants that have been found in any indoor environment, the state board shall refer all available data on that exposure and the suspected source of the pollutant to the State Department of Health Services, the Division of Occupational Safety and Health of the Department of Industrial Relations, the State Energy Resources Conservation and Development Commission, the Department of Housing and Community Development, and the Department of Consumer Affairs.

CHAPTER 644

An act to amend Section 1182.7 of the Labor Code, relating to wages, hours, and working conditions.

[Approved by Governor August 29, 1986. Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1182.7 of the Labor Code is amended to read:

1182.7. (a) The Legislature finds that the time permitted the Industrial Welfare Commission to consider petitions, including, but not limited to, daily overtime compensation petitions that are to be given priority attention by the commission pursuant to Section 20 of Chapter 1083 of the Statutes of 1980, has created unanticipated and unwarranted delays in the review and possible modification of applicable commission orders. The Legislature finds further that legislation is necessary to provide redress of hardships resulting from these delays by the enactment of special commission review procedures that augment, and do not limit in any way, the rights and privileges of parties before the Industrial Welfare Commission under this chapter.

(b) Notwithstanding any other provisions of this chapter to the contrary, if a labor organization or a trade association recognized in the health care industry files or has filed a petition with the commission that requests an amendment to an order of the commission that would directly regulate only the health care industry, the petitioner may request that the ordinary procedure established by this chapter for the review of petitions of this nature not be used and that the procedure specified in subdivisions (c) and (d) be followed instead. If the request is made by the petitioner, the commission shall be required to follow the procedure specified in subdivisions (c) and (d).

(c) Upon the filing of a request under subdivision (b), the procedure to revise an order of the commission provided in Sections 1178 to 1182, inclusive, shall be waived. In lieu of that procedure, the commission shall propose the adoption or rejection of the petition, in whole or in part, without appointing a wage board. The commission shall make its proposal within 45 days of the date the petition is originally filed.

The commission shall thereafter publish its proposed action in the manner provided in Section 1181 and shall conduct hearings on its proposal in the manner specified in subdivision (c) of Section 1178.5. However, the hearings shall be conducted within 90 days of the date the petition is originally filed.

(d) Not more than 30 days following the hearings specified in subdivision (c), the commission shall take final action with respect

to its proposal. No later than 15 days following final action, notice of the action taken shall be given in the manner provided for in Sections 1182.1 and 1183. Any action adopting, amending, or repealing an order of the commission pursuant to this section shall take effect 60 days following the date of this notice.

(e) Notwithstanding any other provisions of this chapter, the commission shall not adopt, amend, or repeal a proposal which has been changed from that which has originally been made available to the public unless the change is nonsubstantive in nature and the commission complies with the procedure specified in this subdivision.

If a substantive change is made to the original proposal after the close of the public hearing, the full text of the resulting change shall be noticed within five days and made available to the public for comments for at least 10 days before the commission adopts, amends, or repeals the regulation. No later than 10 days following the close of the public comment period, the commission shall take final action with respect to its modified proposal, and give notice of that action within 10 days in the manner provided in Sections 1182.1 and 1183. In no case shall any action adopting, amending, or repealing an order take effect more than 60 days following the close of the public comment period.

CHAPTER 645

An act to amend Section 667.5 of the Penal Code, relating to crime.

[Approved by Governor August 29, 1986 Filed with Secretary of State September 2, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 667.5 of the Penal Code is amended to read:

667.5. Enhancement of prison terms for new offenses because of prior prison terms shall be imposed as follows:

(a) Where one of the new offenses is one of the violent felonies specified in subdivision (c), in addition and consecutive to any other prison terms therefor, the court shall impose a three-year term for each prior separate prison term served by the defendant where the prior was one of the violent felonies specified in subdivision (c); provided that no additional term shall be imposed under this subdivision for any prison term served prior to a period of 10 years in which defendant remained free of both prison custody and the commission of an offense which results in a felony conviction.

(b) Except where subdivision (a) applies, where the new offense is any felony for which a prison sentence is imposed, in addition and consecutive to any other prison terms therefor, the court shall impose a one-year term for each prior separate prison term served

for any felony; provided that no additional term shall be imposed under this subdivision for any prison term served prior to a period of five years in which the defendant remained free of both prison custody and the commission of an offense which results in a felony conviction.

(c) For the purpose of this section, "violent felony" shall mean any of the following:

(1) Murder or voluntary manslaughter.

(2) Mayhem.

(3) Rape as defined in subdivision (2) of Section 261.

(4) Sodomy by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(5) Oral copulation by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person.

(6) Lewd acts on a child under 14 as defined in Section 288.

(7) Any felony punishable by death or imprisonment in the state prison for life.

(8) Any other felony in which the defendant inflicts great bodily injury on any person other than an accomplice which has been charged and proved as provided for in Section 12022.7 on or after July 1, 1977, or as specified prior to July 1, 1977, in Sections 213, 264, and 461, or any felony in which the defendant uses a firearm which use has been charged and proved as provided in Section 12022.5.

The Legislature finds and declares that these specified crimes merit special consideration when imposing a sentence to display society's condemnation for such extraordinary crimes of violence against the person.

(d) For the purposes of this section the defendant shall be deemed to remain in prison custody for an offense until the official discharge from custody or until release on parole whichever first occurs including any time during which the defendant remains subject to reimprisonment for escape from custody or is reimprisoned on revocation of parole. The additional penalties provided for prior prison terms shall not be imposed unless they are charged and admitted or found true in the action for the new offense.

(e) The additional penalties provided for prior prison terms shall not be imposed for any felony for which the defendant did not serve a prior separate term in state prison.

(f) A prior conviction of a felony shall include a conviction in another jurisdiction for an offense which if committed in California is punishable by imprisonment in state prison if the defendant served one year or more in prison for the offense in the other jurisdiction. A prior conviction of a particular felony shall include a conviction in another jurisdiction for an offense which includes all of the elements of the particular felony as defined under California law if the defendant served one year or more in prison for the offense in the other jurisdiction.

(g) A prior separate prison term for the purposes of this section shall mean a continuous completed period of prison incarceration imposed for the particular offense alone or in combination with concurrent or consecutive sentences for other crimes, including any reimprisonment on revocation of parole which is not accompanied by a new commitment to prison, and including any reimprisonment after an escape from incarceration.

(h) Serving a prison term includes any confinement time in any state prison or federal penal institution as punishment for commission of an offense, including confinement in a hospital or other institution or facility credited as service of prison time in the jurisdiction of the confinement.

(i) For the purposes of this section, a commitment to the State Department of Health as a mentally disordered sex offender following a conviction of a felony, which commitment exceeds one year in duration, shall be deemed a prior prison term.

(j) For the purposes of this section, when a person subject to the custody, control, and discipline of the Director of Corrections is incarcerated at a facility operated by the Youth Authority, that incarceration shall be deemed to be a term served in state prison.

(k) Notwithstanding subdivisions (d) and (g) or any other provision of law, where one of the new offenses is committed while defendant is temporarily removed from prison pursuant to Section 2690 or while defendant is transferred to a community facility pursuant to Section 3416, 6253, or 6263, or while defendant is on furlough pursuant to Section 6254, the defendant shall be subject to the full enhancements provided for in this section.

This subdivision shall not apply when a full, separate, and consecutive term is imposed pursuant to any other provision of law.

CHAPTER 646

An act to amend Sections 33352, 33353, 33353.5, 33354, and 35179 of, and to repeal Section 33352 of, the Education Code, relating to school athletics.

[Approved by Governor August 29, 1986 Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 33352 of the Education Code, as amended by Section 1 of Chapter 1001 of the Statutes of 1981, is amended to read:

33352. The State Department of Education shall exercise general supervision over the courses of physical education in elementary and secondary schools of the state; advise school officials, school boards, and teachers in matters of physical education; and investigate the work in physical education in the public schools.

This section shall remain in effect only until June 30, 1992, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1992, deletes or extends such date. If that date is not deleted or extended, then, on and after June 30, 1992, pursuant to Section 9611 of the Government Code, Section 33352 of the Education Code, as added by Section 2 of Chapter 1010 of the Statutes of 1976, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 33352 of the Education Code, as added by Section 2 of Chapter 1001 of the Statutes of 1981, is repealed.

SEC. 3. Section 33353 of the Education Code is amended to read:

33353. The California Interscholastic Federation is a voluntary organization consisting of school and school related personnel with responsibility, generally, for administering interscholastic activities in secondary schools. It is the intent of the Legislature that the California Interscholastic Federation, in consultation with the State Department of Education, implement the following policies:

(a) Give local school boards specific authority to select their athletic league representatives.

(b) Require that all league, section, and state meetings affiliated with the California Interscholastic Federation be subject to the notice and hearing requirements of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code).

(c) Establish a neutral final appeals body to hear complaints related to interscholastic athletic policies.

This section shall remain in effect only until June 30, 1992, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1992, deletes or extends such date.

SEC. 3.5. Section 33353.5 of the Education Code is amended to read:

33353.5. (a) The California Interscholastic Federation shall not transact insurance as defined in Section 35 of the Insurance Code.

(b) The California Interscholastic Federation shall not make any misrepresentation or material omission in any endorsements or recommendation of an insurance program.

(c) In any endorsement or recommendation of any insurance program made by the California Interscholastic Federation, there shall be included all of the following:

(1) A complete specimen copy of each policy and certificate recommended or endorsed.

(2) A full schedule of rates.

(3) A statement of any remuneration, commission, fees or other valuable consideration which the California Interscholastic Federation receives as inducement to endorse or recommend an insurance program.

SEC. 4. Section 33354 of the Education Code is amended to read:

33354. (a) The State Department of Education shall have the following authority over interscholastic athletics:

(1) The State Department of Education may state that the policies of school districts, of associations or consortia of school districts, and of the California Interscholastic Federation, concerning interscholastic athletics, are in compliance with both state and federal law.

(2) If the State Department of Education states that a school district, an association or consortium of school districts, or the California Interscholastic Federation is not in compliance with state or federal law, the State Department of Education may require the school district, association or consortium, or the federation to adjust its policy so that it is in compliance. However, the State Department of Education shall not have authority to determine the specific policy which a school district, association or consortium, or the federation must adopt in order to comply with state and federal laws.

(3) If the State Department of Education states that a school district, association or consortium, or the federation is not in compliance with state or federal law in matters relating to interscholastic activities, and the school district, association or consortium, or the federation does not change its policy in order to comply with these laws, the State Department of Education may commence with appropriate legal proceedings against the California Interscholastic Federation, the school district or against school districts which are members of the California Interscholastic Federation or the association or consortium which the department states is in noncompliance. In such a legal proceeding the court shall determine the matter de novo. The State Department of Education may make recommendations for appropriate remedies in these proceedings.

(b) This section shall not be construed or interpreted to limit the discretion of local governing boards, or voluntary associations formed or maintained pursuant to subdivision (b) of Section 35179, in any policy, program, or activity which is in compliance with state and federal law.

(c) This section shall remain in effect only until June 30, 1992, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1992, deletes or extends such date.

SEC. 5. Section 35179 of the Education Code is amended to read:

35179. (a) Each school district governing board shall have general control of, and be responsible for, all aspects of the interscholastic athletic policies, programs, and activities in its district, including, but not limited to, eligibility, season of sport, number of sports, personnel, and sports facilities. In addition, the board shall assure that all interscholastic policies, programs, and activities in its district are in compliance with state and federal law.

(b) Governing boards may enter into associations or consortia with other boards for the purpose of governing regional or statewide interscholastic athletic programs by permitting the public schools under their jurisdictions to enter into a voluntary association with other schools for the purpose of enacting and enforcing rules relating

to eligibility for, and participation in, interscholastic athletic programs among and between schools.

(c) Each governing board, or its designee, shall represent the individual schools located within its jurisdiction in any voluntary association of schools formed or maintained pursuant to this section.

(d) No voluntary interscholastic athletic association, of which any public school is a member, shall discriminate against, or deny the benefits of any program to, any person on the basis of race, sex, or ethnic origin.

(e) Interscholastic athletics is defined as those policies, programs, and activities which are formulated or executed in conjunction with, or in contemplation of, athletic contests between two or more schools, either public or private.

[Approved by Governor August 30, 1986. Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 12964 of the Government Code is amended to read:

12964. Any agreement entered into by conference, conciliation and persuasion shall be reduced to writing, signed by all parties, and approved by the director or the authorized representative of the director. Within one year of the effective date of every agreement, the department shall conduct a compliance review to determine whether the agreement has been fully obeyed and implemented. Whenever the department believes, on the basis of evidence presented to it, that any person is violating or about to violate any agreement, the department may bring an action in the superior court against the person to enjoin him or her from continuing or engaging in the violation, or from doing anything in furtherance of the violation. In the action an order or judgment may be entered awarding a temporary restraining order or a preliminary or final injunction as may be proper. The action may be brought in any county in which actions may be brought under subdivision (b) of Section 12965. In resolving allegedly unlawful practices through conciliation the resolutions may be in the nature of, but are not limited to, types of remedies that might be ordered after accusation and hearing.

SEC. 2. Section 12973 of the Government Code is amended to read:

12973. (a) Within one year of the effective date of every final order or decision issued pursuant to this part, the department shall conduct a compliance review to determine whether the order or decision has been fully obeyed and implemented.

(b) If the time for judicial review of a final commission order or decision has lapsed, or if all means of judicial review have been exhausted, the department may apply to the superior court in any county in which an action could have been brought under subdivision (b) of Section 12965 for the enforcement of the order or decision or order as modified in accordance with a decision on judicial review. If, after a hearing, the court determines that an order or decision has been issued by the commission and that either the time limits for judicial review have lapsed, or the order or decision was upheld in whole or in part on judicial review, the court shall issue a judgment and order enforcing the order or decision or order as modified in accordance with a decision on judicial review. The court shall not review the merits of the order or decision. The court's judgment shall be nonappealable and shall have the same force and effect as, and shall be subject to all the provisions of law relating to, a judgment in a civil action.

SEC. 3. Section 12981 of the Government Code is amended to read:

12981. (a) In the case of failure to eliminate a violation of Section 12955 through conference, conciliation, and persuasion, or in advance thereof if circumstances warrant, the director in his or her discretion may cause to be issued in the name of the department a written accusation, in the same manner and with the same powers as provided in Section 12965.

(b) The commission shall hold hearings on accusations issued pursuant to subdivision (a) in the same manner and with the same powers as provided in Sections 12967 to 12972, inclusive.

(c) Within one year of the effective date of every final order or decision issued pursuant to this part, the department shall conduct a compliance review to determine whether the order or decision has been fully obeyed and implemented.

(d) If the time for judicial review of a final commission order or decision has lapsed, or if all means of judicial review have been exhausted, the department may apply to the superior court in any county in which an action could have been brought under subdivision (b) of Section 12965 for the enforcement of the order or decision or order as modified in accordance with a decision on judicial review. If, after a hearing, the court determines that an order or decision has been issued by the commission and that either the time limits for judicial review have lapsed, or the order or decision was upheld in whole or in part on judicial review, the court shall issue a judgment and order enforcing the order or decision or order as modified in accordance with a decision on judicial review. The court shall not review the merits of the order or decision. The court's judgment shall be nonappealable and shall have the same force and

effect as, and shall be subject to all the provisions of law relating to, a judgment in a civil action.

This sum shall be computed by projecting the accumulated time on a calendar basis so that the lump sum will equal the amount which the employee would have been paid had he or she taken the time off but not separated from the service.

(b) Persons separated from service through fault of their own are entitled to a lump-sum payment for compensating time off for overtime work, and in addition, the portion, if any, of unused vacation or annual leave as the department may determine. The computation of this sum shall be based on actual accumulated time without projection as provided in subdivision (a).

(c) Lump-sum payment for vacation or annual leave shall not be made to a person who separates from a position for the purpose of accepting another position in the state service except upon movement to a position in which vacation credits or annual leave are neither accrued nor used. However, a lump-sum payment shall not be made to a person who returns to a position in the same class and agency within 15 working days of the date of his or her resignation.

Employees shall have use of any accrued sick leave they have accrued at the time they elect the annual leave program under the same conditions as other employees not participating in the program.

The department shall provide by rule for the regulation and accumulation of annual leave, the effect of an absence from the payroll of 10 work days or less in any calendar month upon credit for annual leave, methods by which employees leaving the employment of one state agency and entering the employment of another state agency may be compensated for, transfer, or otherwise receive proper credit for, their accumulated annual leave, and other provisions necessary for the administration of this section.

If a state officer or employee does not wish to use his or her accumulated sick leave, or accumulated compensable overtime, or accumulated vacation, or accumulated annual leave, he or she shall notify his or her appointing power within 15 days after the injury is reported to the appointing power. After the 15 days his or her accumulations shall be used until the date he or she notifies the appointing power in writing that he or she no longer wishes to use the accumulations. When computing sick leave, or overtime, or vacation, or annual leave under this section the employee shall be given credit for any holidays that occur during the period of absence hereunder.

He or she is nevertheless entitled to medical, surgical, and hospital treatment as provided in the Labor Code. When his or her accumulated sick leave, or overtime, or vacation, or annual leave, or all, are exhausted, he or she is still entitled to receive disability

indemnity.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

If the state does not collect from the third person the full amount of the compensation paid and other damages for which it is liable to the employee and if the amount collected is not itemized so that there may be ascertained the amount collected in reimbursement for the sick leave or vacation or annual leave used, the sick leave or vacation or annual leave to be credited shall be in the same ratio to the sick leave or vacation or annual leave used as the total amount collected bears to the total amount of the state's damages. "Sick leave" or "vacation" or "annual leave" as used in this rule includes sick leave or vacation or annual leave credit used to augment disability indemnity.

SEC. 8. Section 19872 of the Government Code is amended to read:

19872. (a) The disabled employee shall not receive temporary disability indemnity or sick leave or annual leave with pay for any period for which he or she receives industrial disability leave; however, he or she may elect to waive the provisions of this article and to receive disability indemnity pursuant to Divisions 4 (commencing with Section 3201) and 4.5 (commencing with Section

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 9. Section 19879.1 is added to the Government Code, to read:

19879.1. (a) For the purpose of this section, an eligible employee is an employee designated managerial by the Department of Personnel Administration under subdivision (e) of Sections 3513 and 18801.1; a nonelected officer of the executive branch of government exempt from civil service designated by the department as eligible to receive managerial benefits; or a State Traffic Sergeant in the California Highway Partol.

(3) If the employee elects to use sick leave or annual leave credits prior to receiving Nonindustrial Disability Insurance payments, he or she shall not be required to exhaust the accrued leave balance.

(4) Following the start of Nonindustrial Disability Insurance payments, an employee may at any time change from the receipt of Nonindustrial Disability Insurance payments to the utilization of sick leave or annual leave. Once such an election is made, the employee may not recommence receiving Nonindustrial Disability Insurance payments until that leave is exhausted.

(5) In accordance with the state's return to work policy, an

employee who is eligible to receive Nonindustrial Disability Insurance benefits and who is medically certified as unable to return to his or her full-time work during the period of his or her disability, may, with medical approval, and at the discretion of his or her appointing power, work up to the number of hours, in hour increments, which when combined with his or her Nonindustrial Disability Insurance benefits will result in a salary which does not exceed 100 percent of his or her regular full pay.

(6) If an employee refuses to return to work in a position offered by the employer under the state's Injured State Worker Assistance Program, Nonindustrial Disability Insurance benefits will be terminated effective as of the date of the offer.

(7) An employee may with his or her department head's approval elect to supplement Nonindustrial Disablity Insurance benefits with sick or annual leave up to 100 percent of his or her regular full pay.

SEC. 11. Section 19991.4 of the Government Code is amended to read:

19991.4. Any period of time during which an employee is required to be absent from his or her position by reason of an injury or disease for which he or she is entitled to receive temporary disability compensation under the provisions of Division 4 or 4.5 of the Labor Code is not a break in his or her continuous service for the purpose of his or her right to salary adjustments, sick leave, vacation, annual leave, or seniority.

If an employee is unable to return to work at the time or during the period he or she is entitled to permanent disability compensation under Division 4 or 4.5 of the Labor Code, he or she shall be paid any sick leave balance, vacation balance, annual leave balance, or accumulated compensable overtime. Such payment shall be computed by projecting the accumulated time on a calendar basis as though the employee was taking time off. If during the period of projection the employee is able to return to work, he or she shall be returned to his or her former position.

If a permanent or probationary employee is still not able to return to his or her former position and continues to receive permanent disability compensation, the appointing power shall take at least one of the following actions:

(a) Demote or transfer the employee to a position in a comparable or lower class in the same agency if he or she is able to perform such duties;

(b) Request the department to assist in placing the employee in another position in state service;

(e) Terminate under the provisions of Section 19253.5.

If the employee is demoted or transferred he or she shall receive the maximum of the salary range provided such salary is not greater than the salary he or she received on the date his or her accumulated time was exhausted.

If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

CHAPTER 658

An act to add Section 1270.2 to the Penal Code, relating to bail.

[Approved by Governor August 30, 1986. Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1270.2 is added to the Penal Code, to read:

1270.2. When a person is detained in custody on a criminal charge prior to conviction for want of bail, that person is entitled to an automatic review of the order fixing the amount of the bail by the judge or magistrate having jurisdiction of the offense. CHAPTER 659

An act to add Section 750.1 to the Insurance Code, relating to insurance.

[Became law without Governor's signature. Filed with Secretary of State September 2, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 750.1 is added to the Insurance Code, to read:

750.1. The Legislature hereby finds and declares that the continued regulation of the business practices of insurers and their producers is in the interest of the citizens of the state and that the control and limitations of unlawful rebates, profits, and commissions is an essential component of that regulation which is necessary to effectuate an adequate and complete system and regulation of insurer and producer business practices.

The Legislature finds that the statutes controlling unlawful rebates, profits, and commissions continue to provide critical protection to insureds in this state from the numerous consequences that would occur in the absence of such regulation, including company insolvencies, unfair discrimination between insureds with identical risks creating subsidies from small purchasers of insurance in favor of large purchasers of insurance, decreased quality of services to insurance consumers, increased concentration of insurance distribution and sales mechanisms, and misrepresentation and unethical sales practices such as improper replacement or twisting to the detriment of the public.

It is the intent of the Legislature in enacting this section to clearly set forth the legislative intent supporting the enactment, continuing vitality, and importance of the unlawful rebates, profits, and commissions sections of this code.

CHAPTER 660

An act to add Chapter 1.9 (commencing with Section 15365), Chapter 6 (commencing with Section 15397), and Chapter 7 (commencing with Section 15398) to Part 6.7 of Division 3 of, and to add Article 12 (commencing with Section 16429.30) to Chapter 2 of Part 2 of Division 4 of, Title 2 of, the Government Code, to amend Sections 24274, 24344, 24348, 24667, and 24668 of, to amend and renumber Section 25110 of, to add Sections 24411 and 24670 to, and to add and repeal Article 1.5 (commencing with Section 25110) of Chapter 17 of Part 11 of Division 2 of, the Revenue and Taxation Code, relating to taxation.

SEC. 9. Section 24667 of the Revenue and Taxation Code is

amended to read:

24667. (a) Except as otherwise provided in this section, income from an installment sale shall be taken into account for purposes of this part under the installment method.

(b) For purposes of this section—

(1) The term "installment sale" means a disposition of property where at least one payment is to be received after the close of the income year in which the disposition occurs.

(2) The term "installment sale" does not include—

(A) A disposition of personal property on the installment plan by a person who regularly sells or otherwise disposes of personal property on the installment plan.

(B) A disposition of personal property of a kind which is required to be included in the inventory of the taxpayer if on hand at the close of the income year.

(c) For purposes of this section, the term "installment method" means a method under which the income recognized for any income year from a disposition is that proportion of the payments received in that year which the gross profit (realized or to be realized when payment is completed) bears to the total contract price.

(d) (1) Subdivision (a) shall not apply to any disposition if the taxpayer elects to have subdivision (a) not apply to such disposition.

(2) Except as otherwise provided, an election under paragraph (1) with respect to a disposition may be made only on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed by this part for the income year in which the disposition occurs. Such an election shall be made in the manner prescribed by the Franchise Tax Board.

(3) An election under paragraph (1) with respect to any disposition may be revoked only with the consent of the Franchise Tax Board.

(e) (1) If—

(A) Any person disposes of property to a related person (hereinafter in this subdivision referred to as the "first disposition"), and

(B) Before the person making the first disposition receives all payments with respect to such disposition, the related person disposes of the property (hereinafter in this subdivision referred to as the "second disposition"),

then, for purposes of this section, the amount realized with respect to such second disposition shall be treated as received at the time of the second disposition by the person making the first disposition.

(2) (A) Except in the case of marketable securities, paragraph (1) shall apply only if the date of the second disposition is not more than two years after the date of the first disposition.

(B) The running of the two-year period set forth in subparagraph (A) shall be suspended with respect to any property for any period during which the related person's risk of loss with respect to the property is substantially diminished by—

(i) The holding of a put with respect to such property (or similar property),

(ii) The holding by another person of a right to acquire the property, or

(iii) A short sale or any other transaction.

(3) The amount treated for any income year as received by the person making the first disposition by reason of paragraph (1) shall not exceed the excess of—

(A) The lesser of—

(i) The total amount realized with respect to any second disposition of the property occurring before the close of the income year, or

(ii) The total contract price for the first disposition, over

(B) The sum of—

(i) The aggregate amount of payments received with respect to the first disposition before the close of such year, plus

(ii) The aggregate amount treated as received with respect to the first disposition for prior income years by reason of this subdivision.

(4) For purposes of this subdivision, if the second disposition is not a sale or exchange, an amount equal to the fair market value of the property disposed of shall be substituted for the amount realized.

(5) If paragraph (1) applies for any income year, payments received in subsequent income years by the person making the first disposition shall not be treated as the receipt of payments with respect to the first disposition to the extent that the aggregate of such payments does not exceed the amount treated as received by reason of paragraph (1).

(6) For purposes of this subdivision—

(A) Any sale or exchange of stock to the issuing corporation shall not be treated as a first disposition.

(B) A compulsory or involuntary conversion (within the meaning of Section 24944) and any transfer thereafter shall not be treated as a second disposition if the first disposition occurred before the threat or imminence of the conversion.

(C) Any transfer after the earlier of—

(i) The death of the person making the first disposition, or

(ii) The death of the person acquiring the property in the first disposition, and any transfer thereafter shall not be treated as a second disposition.

(7) This subdivision shall not apply to a second disposition (and any transfer thereafter) if it is established to the satisfaction of the Franchise Tax Board that neither the first disposition nor the second disposition had as one of its principal purposes the avoidance of bank and corporation tax.

(8) The period for assessing a deficiency with respect to a first disposition (to the extent such deficiency is attributable to the application of this subdivision) shall not expire before the day which is two years after the date on which the person making the first disposition furnishes (in such manner as the Franchise Tax Board

may prescribe) a notice that there was a second disposition of the property to which this subdivision may have applied. Such deficiency may be assessed notwithstanding the provisions of any law or rule of law which would otherwise prevent such assessment.

(f) For purposes of this section—

(1) Except for purposes of subdivisions (g) and (h), the term "related person" means a person whose stock would be attributed under Section 24497 (other than subdivision (d) thereof) to the person first disposing of the property.

(2) The term "marketable securities" means any security for which, as of the date of the disposition, there was a market on an established securities market or otherwise.

(3) Except as provided in paragraph (4), the term "payment" does not include the receipt of evidences of indebtedness of the person acquiring the property (whether or not payment of such indebtedness is guaranteed by another person).

(4) Receipt of a bond or other evidence of indebtedness which—

(A) Is payable on demand, or

(B) Is issued by a corporation or a government or political subdivision thereof and is readily tradable,

shall be treated as receipt of payment.

(5) For purposes of paragraph (4), the term "readily tradable" means a bond or other evidence of indebtedness which is issued—

(A) With interest coupons attached or in registered form (other than one in registered form which the taxpayer establishes will not be readily tradable in an established securities market), or

(B) In any other form designed to render such bond or other evidence of indebtedness readily tradable in an established securities market.

(6) In the case of any exchange described in subdivision (b) of Section 24941—

(A) The total contract price shall be reduced to take into account the amount of any property permitted to be received in such exchange without recognition of gain,

(B) The gross profit from such exchange shall be reduced to take into account any amount not recognized by reason of subdivision (b) of Section 24941, and

(C) The term "payment," when used in any provision of this section other than paragraph (1) of subdivision (b), shall not include any property permitted to be received in such exchange without recognition of gain.

Similar rules shall apply in the case of an exchange which is described in Section 24535 and is not treated as a dividend.

(7) The term "depreciable property" means property of a character which (in the hands of the transferee) is subject to the allowance for depreciation provided in Section 24349.

(g) (1) In the case of an installment sale of depreciable property between related persons within the meaning of subdivision (b) of Section 1239 of the Internal Revenue Code, subdivision (a) shall not

apply, and, for purposes of this part, all payments to be received shall be deemed received in the year of the disposition.

(2) Paragraph (1) shall not apply if it is established to the satisfaction of the Franchise Tax Board that the disposition did not have as one of its principal purposes the avoidance of bank and corporation tax.

(h) (1) (A) If, in connection with a liquidation to which Section 24512 applies, in a transaction to which Section 24501 applies the shareholder receives (in exchange for the shareholder's stock) an installment obligation acquired in respect of a sale or exchange by the corporation during the 12-month period set forth in subdivision (b) of Section 24512, then, for purposes of this section, the receipt of payments under such obligation (but not the receipt of such obligation) by the shareholder shall be treated as the receipt of payment for the stock.

(B) Subparagraph (A) shall not apply to an installment obligation described in paragraph (2) of subdivision (a) of Section 24513 unless such obligation is also described in paragraph (2) of subdivision (b) of Section 24513.

(C) If the obligor of any installment obligation and the shareholder are married to each other or are related persons (within the meaning of subdivision (b) of Section 1239 of the Internal Revenue Code), to the extent such installment obligation is attributable to the disposition by the corporation of depreciable property—

(i) Subparagraph (A) shall not apply to such obligation, and

(ii) For purposes of this part, all payments to be received by the shareholder shall be deemed received in the year the shareholder receives the obligation.

(D) For purposes of subparagraph (A) of paragraph (1) of subdivision (e), disposition of property by the corporation shall be treated also as disposition of such property by the shareholder.

(E) For purposes of subparagraph (A), in any case to which subdivision (c) of Section 24514 applies, an obligation acquired in respect of a sale or exchange by the selling corporation shall be treated as so acquired by the corporation distributing the obligation to the shareholder.

(2) If—

(A) Paragraph (1) applies with respect to any installment obligation received by a shareholder from a corporation, and

(B) By reason of the liquidation such shareholder receives property in more than one income year, then, on completion of the liquidation, basis previously allocated to property so received shall be reallocated for all such income years so that the shareholder's basis in the stock of the corporation is properly allocated among all property received by such shareholder in such liquidation.

(i) (1) In the case of any installment sale of property to which subdivision (a) applies, both of the following shall apply:

(A) Notwithstanding any other provision of this part, any

recapture income shall be recognized in the year of the disposition.

(B) Any gain in excess of the recapture income shall be taken into account under the installment method.

(2) For purposes of paragraph (1), "recapture income" means, with respect to any installment sale, the amount by which the lower of—

(A) The recomputed basis of the property, or

(B) (i) In the case of a sale, exchange, or involuntary conversion, the amount realized, or

(A) Stock or securities which are traded on an established securities market.

(B) To the extent provided in regulations, property (other than stock or securities) of a kind regularly traded on an established market under regulations.

(2) This subdivision shall not apply to any sale of crops or livestock held for slaughter.

(3) The Franchise Tax Board may disallow the use of the installment method in whole or in part for transactions in which the rules of this subdivision otherwise would be avoided through the use of related parties or other intermediaries.

(k) (1) The Franchise Tax Board may prescribe such regulations as may be necessary or appropriate to carry out the provisions of this section.

(2) The regulations prescribed under paragraph (1) shall include regulations providing for ratable basis recovery in transactions where the gross profit or the total contract price (or both) cannot be readily ascertained.

(*l*) The amendments to this section made during the 1985–86 Regular Session by the act adding this subdivision shall apply only to dispositions made after December 31, 1987.

SEC. 10. Section 24668 of the Revenue and Taxation Code is amended to read:

24668. (a) (1) Under rules prescribed by the Franchise Tax Board, a person who regularly sells or otherwise disposes of personal property on the installment plan may return as income therefrom in

any income year that proportion of the installment payments actually received in that year which the gross profit, realized or to be realized when payment is completed, bears to the total contract price.

(2) For purposes of paragraph (1), the total contract price of all sales of personal property on the installment plan includes the amount of carrying charges or interest which is determined with respect to such sales and is added on the books of account of the seller to the established cash selling price of such property.

(b) If the carrying charges or interest with respect to sales of personal property, the income from which is returned under paragraph (1) of subdivision (a), is not included in the total contract price, payments received with respect to such sales shall be treated as applying first against such carrying charges or interest.

(c) (1) This section shall not apply to any of the following:

(2) This subdivision shall not apply to any sale of crops or livestock held for slaughter.

(3) The Franchise Tax Board may disallow the use of the installment method in whole or in part for transactions in which the rules of this section otherwise would be avoided through the use of related parties or other intermediaries.

(d) (1) The amendments to this section made during the 1985–86 Regular Session by the act adding this subdivision shall apply only to dispositions made after December 31, 1987.

(2) In the case of any taxpayer who made sales under a revolving credit plan and was on the installment method under Section 24668 for that taxpayer's last income year beginning before January 1, 1988, and who is required by the amendments to this section made during the 1985–86 Regular Session by the act adding this subdivision to change its method of accounting all of the following apply:

(i) Personal property under the installment method by a person who regularly sells or otherwise disposes of personal property on the installment plan.

(ii) Real property under the installment method which is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business.

(iii) Real property under the installment method which is property used in the taxpayer's trade or business or property held for the production of rental income, but only if the sales price of that property exceeds one hundred fifty thousand dollars ($150,000). All sales and exchanges which are part of the same transaction (or a series of related transactions) shall be treated as one sale or exchange.

(B) Is held by the seller or a member of the same affiliated group as the seller.

(2) For purposes of this section, all members of-

(A) An affiliated group (within the meaning of Section 1504(a) of the Internal Revenue Code, but without regard to Section 1504(b)

of the Internal Revenue Code), or

(B) A group under common control (within the meaning of Section 52(b) of the Internal Revenue Code), shall be treated as one taxpayer. The Franchise Tax Board may prescribe regulations for the treatment under this section of transactions between members of these groups.

(3) The Franchise Tax Board may provide that all (or any portion of) applicable installment obligations of a taxpayer may be treated as one obligation.

(4) (A) If a taxpayer elects the application of this paragraph, this section shall not apply to any installment obligation which meets both of the following requirements:

(i) Arises from a sale in the ordinary course of the taxpayer's trade or business to an individual of either of the following:

(I) A timeshare right to use or a timeshare ownership interest in residential real property for not more than six weeks, or a right to use specified campgrounds for recreational purposes.

(II) Any residential lot but only if the taxpayer (or any related person) is not to make any improvements with respect to that lot.

(ii) Is not guaranteed by any person other than an individual.

(B) If subparagraph (A) applies to any installment obligation, interest shall be paid on the portion of any tax for any income year (determined without regard to any deduction allowable for that interest) which is attributable to the receipt of payments on that obligation in that year (other than payments received in the income year of the sale). That interest shall be computed for the period from the date of the sale to the date on which the payment is received using the federal short-term rate under Section 1274 of the Internal Revenue Code (compounded semiannually) in effect at the time of the sale and adjusted annually to the federal short-term rate in effect on each anniversary of the sale.

(C) Any interest payable under this paragraph with respect to a payment shall be treated as an addition to tax for the income year in which the payment is received, except that the amount of that interest shall be taken into account in computing the amount of any deduction allowable to the taxpayer for interest paid or accrued during that income year.

(5) Except as otherwise provided, a shareholder who (after application of Section 318 of the Internal Revenue Code) owns stock in a corporation meeting the requirements of Section 1504(a)(2) of the Internal Revenue Code shall be treated as a member of the affiliated group.

(6) The Franchise Tax Board may disallow the use of the installment method in whole or in part for transactions in which the rules of this subdivision otherwise would be avoided through the use of related parties or other intermediaries.

(f) (1) Except as otherwise provided, this section shall apply to income years beginning after December 31, 1987, with respect to dispositions after December 31, 1987.

(2) (A) This section shall not apply to any installment obligation arising from the disposition of tangible personal property by a manufacturer (or any taxpayer owned or controlled by the same interest, as defined by Section 25102) to a dealer if all of the following requirements are met:

(i) The dealer is obligated to pay on that obligation only when the dealer resells (or rents) the property.

(ii) The manufacturer has the right to repurchase the property at a fixed (or ascertainable) price after no later than the 9-month period beginning with the date of the sale.

(iii) The disposition is in an income year with respect to which the requirements of subparagraph (B) are met.

(B) The requirements of this subparagraph are met with respect to any income year if for that income year and the preceding income year the aggregate face amount of installment obligations described in subparagraph (A) is at least 50 percent of the total sales to dealers giving rise to those obligations, except that if the taxpayer met the requirements of this subparagraph for the preceding income year, then the taxpayer shall be treated as failing to meet the requirements of this subparagraph only in the second consecutive income year in which the 50-percent test is not met.

(C) An obligation issued before the date of the enactment of this section shall be treated as described in subparagraph (A) if, within 60 days after that date, the taxpayer modifies the terms of the obligation to conform to the requirements of subparagraph (A).

(D) In applying this section, any obligations described in subparagraph (A) shall not be treated as applicable installment obligations (within the meaning of subparagraph (A) of paragraph (1) of subdivision (e)).

(E) This paragraph shall apply only if the taxpayer meets the requirements of subparagraphs (A) and (B) for its first income year beginning after the date of enactment of this section.

(3) In applying this section to any installment obligation of a corporation incorporated on January 13, 1928, the following indebtedness shall not be taken into account in determining the allocable installment indebtedness of that corporation under this section:

(A) Twelve and five-eighths percent subordinated debentures, with a total face amount of one hundred seventy-five million dollars ($175,000,000) issued pursuant to a trust indenture dated as of September 1, 1985.

(B) A revolving credit term loan in the maximum amount of one hundred thirty million dollars ($130,000,000) made pursuant to a revolving credit and security agreement dated as of September 6, 1985, payable in various stages with final payment due on August 31, 1992.

This paragraph shall also apply to indebtedness which replaces indebtedness described in this paragraph if that indebtedness does not exceed the amount and maturity of the indebtedness it replaces.

SEC. 12. Section 25110 of the Revenue and Taxation Code is amended and renumbered to read:

25108. (a) For corporations whose income is subject to the provisions of Section 25101 or 25101.15, the net operating loss determined in accordance with Section 172 of the Internal Revenue Code, as modified by Section 24416, for a particular income year (taxable year of corporations subject to the tax imposed by Chapter 3) shall be the corporation's "net loss for state purposes" as defined in subdivision (c).

(b) The net operating loss deduction allowed by Section 24416 for an income year (taxable year of corporations subject to the tax imposed by Chapter 3) shall be deducted from "net income for state purposes" (as defined in subdivision (c)) for that income year (taxable year of corporations subject to the tax imposed by Chapter 3).

(c) "Net income (loss) for state purposes" means the sum of the net income or loss of that corporation apportionable to this state and the income or loss allocable to this state as nonbusiness income, as provided by Chapter 17 (commencing with Section 25101).

SEC. 6. Article 1.5 (commencing with Section 25110) is added to Chapter 17 of Part 11 of Division 2 of the Revenue and Taxation Code, to read:

Article 1.5. Water's-Edge Election

25110. (a) Notwithstanding Section 25101, a qualified taxpayer, as defined in paragraph (2) of subdivision (b) which is subject to the tax imposed under this part, may elect to determine its income derived from or attributable to sources within this state pursuant to a water's-edge election in accordance with the provisions of this part, as modified by this article. A taxpayer which makes a water's-edge election shall take into account the income and apportionment factors of the following affiliated entities only:

(1) Affiliated banks or corporations which are eligible to be included in a federal consolidated return as described in Sections 1501 to 1505, inclusive, of the Internal Revenue Code.

(2) Domestic international sales corporations, as described in Sections 991 through 994 of the Internal Revenue Code and foreign sales corporations as described in Sections 921 through 927 of the Internal Revenue Code.

(3) Any corporation, regardless of the place where it is incorporated if the average of its property, payroll, and sales factors within the United States is 20 percent or more.

(4) Banks and corporations which are incorporated in the United States, excluding corporations described in Sections 931 to 936, inclusive, of the Internal Revenue Code, of which more than 50 percent of their stock is controlled directly or indirectly by the same interests, which are not included in paragraph (1).

(5) A bank or corporation which is not described in paragraphs

(1) to (4), inclusive, or paragraph (6), but only to the extent of its income derived from or attributable to sources within the United States and its factors assignable to a location within the United States in accordance with paragraph (3). Income of such a bank or corporation derived from or attributable to sources within the United States shall be limited to and determined from the books of account maintained by the bank or corporation with respect to its activities conducted within the United States as determined by federal income tax law.

(6) Export trade corporations, as described in Sections 970 to 972, inclusive, of the Internal Revenue Code.

(7) (A) (A) The income and factors of the above-enumerated banks and corporations shall be taken into account only if the income and factors would have been taken into account under Section 25101 if this section had not been enacted.

(B) The income and factors of a bank which is not described in paragraphs (1) to (4), inclusive, and (6) and which is an electing taxpayer under this subdivision shall be taken into account in determining its income only to the extent set forth in paragraph (5).

(8) Any affiliated bank or corporation which is a "controlled foreign corporation", as defined in Section 957 of the Internal Revenue Code, if all or part of the income of that affiliate is defined in Section 952 of Subpart F of the Internal Revenue Code ("Subpart F income"). The income and apportionment factors of any affiliate to be included under this paragraph shall be determined by multiplying the income and apportionment factors of that affiliate without application of this paragraph by a fraction (not to exceed one), the numerator of which is the "Subpart F income" of that bank or corporation and the denominator of which is the "earnings and profits" of that bank or corporation, as defined in Section 964 of the Internal Revenue Code.

(b) For purposes of this section:

(1) An "affiliated bank or corporation," for purposes of this article, means a bank or corporation which is part of one or more chains of banks or corporations connected through stock ownership with a common parent if both of the following exist:

(A) Over 50 percent of the voting stock of the bank or corporation is directly or indirectly owned or controlled by one or more of the other banks or corporations.

(B) The common parent owns directly or indirectly over 50 percent of the voting stock of at least one of the other banks or corporations.

(2) A "qualified taxpayer" means a bank or corporation which does both of the following:

(A) Files with the state tax return on which the water's-edge election is made a consent to the taking of depositions from key domestic corporate individuals and to the acceptance of subpoenas duces tecum requiring reasonable production of documents to the Franchise Tax Board as provided in Section 26423 or by the State

Board of Equalization or by the courts of this state. The consent shall remain in effect so long as the water's-edge election is in effect and shall be limited to providing that information necessary to review or to adjust income or deductions in a manner authorized under Sections 482, 861, Subpart F of Part III of Subchapter N, or similar provisions of the Internal Revenue Code, together with the regulations adopted pursuant thereto, and for the conduct of an investigation with respect to any unitary business in which the taxpayer may be involved.

(B) Agrees that for purposes of this article, dividends received by any bank or corporation whose income and apportionment factors are taken into account pursuant to subdivision (a) from either of the following shall be deemed to be functionally related dividends subject to Section 24111 and shall be presumed to be business income:

(i) A bank or corporation of which more than 50 percent of the voting stock is owned, directly or indirectly, by members of the unitary group and which is engaged in the same general line of business.

(ii) Any bank or corporation which is either a significant source of supply for the unitary business or a significant purchaser of the output of the unitary business, or which sells a significant part of its output or obtains a significant part of its raw materials or input from the unitary business. "Significant," as used in this subparagraph, means an amount of 15 percent or more of either input or output.

All other dividends shall be classified as business or nonbusiness income without regard to this subparagraph.

(3) The definitions and locations of property, payroll, and sales shall be determined under the laws and regulations which set forth the apportionment formulas used by the individual states to assign net income subject to taxes on or measured by net income in that state. If a state does not impose a tax on or measured by net income or does not have laws or regulations with respect to the assignment of property, payroll, and sales, the laws and regulations provided in Article 2 (commencing with Section 25120) shall apply.

Sales shall be considered to be made to a state only if the bank or corporation making the sale may otherwise be subject to a tax on or measured by net income under the Constitution or laws of the United States, and shall not include sales made to a bank or corporation whose income and apportionment factors are taken into account pursuant to this subdivision.

(4) The Franchise Tax Board, for purposes of administering the provisions of Sections 25110 and 25115, shall examine the returns filed by taxpayers subject to these provisions. Where this examination reveals potential noncompliance, a detailed examination shall be made notwithstanding the potential net revenue benefit to the state unless the taxpayer is being examined by the Internal Revenue Service for the same year or years on the same issues.

In any case of two or more organizations, trades, or businesses (whether or not organized in the United States and whether or not

affiliated) owned or controlled directly or indirectly by the same interests, the Franchise Tax Board may distribute, apportion, or allocate gross income, deductions, credits, or allowances between or among these organizations, trades, or businesses, if the board determines that the distribution, apportionment, or allocation is necessary in order to prevent evasion of taxes or clearly to reflect the income of any of these organizations, trades, or businesses.

In making distributions, apportionments, and allocations under this section, the Franchise Tax Board shall generally follow the rules, regulations, and procedures of the Internal Revenue Service in making audits under Section 482 of the Internal Revenue Code. Any of these rules, regulations, and procedures adopted by the Franchise Tax Board shall not be subject to review by the Office of Administrative Law.

If the Internal Revenue Service has conducted a detailed audit under Section 482 of the Internal Revenue Code and has made adjustments pursuant to that section, it shall be presumed that no further adjustments are necessary for this state's purposes. If the Internal Revenue Service has conducted a detailed audit under this section and has made or proposed no adjustments to the transaction examined, it shall be presumed that no adjustment is necessary for this state's purposes. These presumptions shall be overcome if the Franchise Tax Board or the taxpayer demonstrates that an adjustment or a failure to make an adjustment was erroneous, if it demonstrates that the results of such an adjustment would produce a minimal tax change for federal purposes because of correlative or offsetting adjustments or for other reasons, or if substantially the same federal tax result was obtained under other sections of the Internal Revenue Code. No inference shall be drawn from an Internal Revenue Service failure to audit international transactions under Section 482 of the Internal Revenue Code and it shall not be presumed that any such transactions were correctly reported.

(5) "The United States" means the 50 states of the United States and the District of Columbia.

(c) All references in this part to income determined pursuant to Section 25101 shall also mean income determined pursuant to this section.

(d) A water's-edge election may be disregarded by the Franchise Tax Board only if any of the following occurs:

(1) A bank or corporation fails to comply substantially with Section 25114 or any federal law requiring the filing of domestic spreadsheets.

(2) After a reasonable adjustment of transfer prices, royalty rates, the allocation of common expenses, and similar adjustments, the return filed pursuant to this section fails to prevent the evasion of taxes.

(3) An otherwise qualified taxpayer fails to do any of the following:

(A) Retain and make available upon request the documents and

information, including any questionnaires completed and submitted to the Internal Revenue Service or qualified states, which are necessary to audit issues involving attribution of income to the United States or foreign jurisdictions under Sections 482, 861, 863, 902, 904, and Subpart F of Part III of Subchapter N, or similar sections of the Internal Revenue Code.

(B) Identify, upon request, principal officers or employees who have substantial knowledge of and access to documents and records which discuss pricing policies, profit centers, cost centers, and the methods of allocating income and expense among these centers. The information shall include the employees' titles and addresses.

(C) Retain and make available upon request all documents and correspondence ordinarily available to a bank or corporation included in the water's-edge election which are submitted to or obtained from the Internal Revenue Service, foreign countries or their territories or possessions, and competent authority pertaining to ruling requests, rulings, settlement resolutions, and competing claims involving jurisdictional assignment and sourcing of income that affect the assignment of income to the United States. The documents shall include all ruling requests and rulings on reorganizations involving foreign incorporation of branches, all ruling requests and rulings on changing a bank or corporation's jurisdictional incorporation, and all documents which are ordinarily available to a bank or corporation included in the water's-edge election which pertain to the determination of foreign tax liability, including examination reports issued by foreign taxing administrations. If the documents have been translated, the translations shall be furnished.

(D) Prepare and make available upon request for each bank or corporation included in the disclosure spreadsheet referred to in subdivision (a) of Section 25114 in which the taxpayer is included, a list of each state of the United States, including the District of Columbia, territories or possessions, and each foreign country in which it has payroll, property, or sales. The sales shall be determined by destination whether or not the taxpayer is taxable in the destination jurisdiction.

(E) Retain and make available upon request forms filed with the Internal Revenue Service to comply with Sections 6038, 6038A, and 6041 of the Internal Revenue Code.

(F) Prepare and make available upon request, for each bank or corporation organized or created under the laws of the United States or a political subdivision thereof, of which 50 percent or more of its voting stock is directly or indirectly owned or controlled, the information which would be included in the forms described in subparagraph (E) if those forms were required for United States corporations.

(G) Retain and make available upon request all state tax returns filed by each bank or corporation included under subdivision (a) in each state, including the District of Columbia.

(H) Comply with reasonable requests for discovery directed at obtaining information necessary to determine or verify its net income, apportionment factors, or the geographic source of that income pursuant to the Internal Revenue Code.

(I) For purposes of this subdivision, information for any year shall be retained for that period of time in which the taxpayer's income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed or during which an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of this state or the United States with respect to California franchise or income tax.

(4) A failure to satisfy any of the requirements of paragraph (3) shall mean a willful failure to retain and make available documents that are material to a determination by the Franchise Tax Board of a qualified taxpayer's tax under this part.

25111. (a) A water's-edge election shall be made by contract with the Franchise Tax Board in the original return for a year and shall be effective only if every affiliated bank or corporation subject to tax under this part consents to the election. Consent by the common parent of an affiliated group shall constitute consent of all members of the group. The form and manner of making the water's-edge election shall be prescribed by the Franchise Tax Board. Each contract making a water's-edge election shall be for an initial term of 10 years, except as provided in subdivision (b). Each contract shall provide that on the anniversary date of the contract or any other annual date specified by the contract a year shall be added automatically to the initial term unless notice of nonrenewal is given as provided in subdivision (d). Each contract shall be conditioned by an agreement to pay the amount specified in Section 25115. Except as provided in subdivision (b), the Franchise Tax Board shall enter into a contract as provided by this section with any qualified taxpayer which wishes to make a water's-edge election. An affiliated bank or corporation which becomes subject to tax under this part subsequent to the water's-edge election shall be deemed to have consented to the election. No water's-edge election shall be made for an income year beginning prior to the operative date of this article.

(b) A water's-edge election may be disregarded by the Franchise Tax Board as provided in subdivision (d) of Section 25110 and may be changed by a taxpayer prior to the end of the 10-year period only with the permission of the Franchise Tax Board.

(c) In disregarding an election or in granting a change of election, the Franchise Tax Board shall impose any conditions which are necessary to prevent the avoidance of tax or clearly reflect income for the period the election was, or was purported to be, in effect. These conditions may include a requirement that income, including dividends paid from income earned while a water's-edge election was in effect, which would have been included in determining the income of the taxpayer from sources within and without this state

pursuant to Section 25101 but for the water's-edge election shall be included in income in the year in which the election is changed or disregarded.

(d) If the taxpayer desires in any year not to renew the contract, the taxpayer shall serve written notice of nonrenewal of the contract upon the board in advance of the annual renewal date of the contract. Unless that written notice is served by the taxpayer at least 90 days prior to the renewal date, the contract shall be considered renewed as provided in subdivision (a).

If the taxpayer serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since the original execution or the last renewal of the contract, as the case may be.

25112. (a) If a taxpayer electing under Section 25110 fails to supply any required information, in addition to being subject to disqualification by the Franchise Tax Board pursuant to Section 25110 and to any penalties otherwise provided by this part, the taxpayer shall pay a penalty of one thousand dollars ($1,000) for each income year with respect to which the failure occurs.

(b) If the failure continues for more than 90 days after the date on which the Franchise Tax Board mails notice of that failure to the taxpayer, the taxpayer shall pay a penalty (in addition to the amount required under subdivision (a)) of one thousand dollars ($1,000) for each 30-day period (or fraction thereof) during which the failure continues after the expiration of the 90-day period. The increase in any penalty under this subdivision shall not exceed twenty-four thousand dollars ($24,000).

(c) If the taxpayer fails to comply substantially with any formal document request arising out of the examination of the tax treatment of any item (hereinafter in this section referred to as the "examined item") before the 90th day after the date of the mailing of the request, any court having jurisdiction of a civil proceeding in which the tax treatment of the examined item is an issue shall, upon motion by the Franchise Tax Board, prohibit the introduction by the taxpayer of any documentation covered by that request.

(d) For purposes of this section, the time in which information is to be furnished (and the beginning of the 90-day period after notice by the Franchise Tax Board) shall be treated as beginning not earlier than the last day on which reasonable cause existed for failure to furnish the information.

(e) This section shall not apply with respect to any requested documentation if the taxpayer establishes that the failure to provide the documentation, as requested by the Franchise Tax Board, is due to reasonable cause. For purposes of subdivision (c), the fact that a foreign jurisdiction would impose a civil or criminal penalty on the taxpayer (or any other person) for disclosing the requested documentation is not reasonable cause.

(f) For purposes of this section, the term "formal document request" means any request (made after the normal request

procedures have failed to produce the requested documentation) for the production of documentation which is mailed by registered or certified mail to the taxpayer at its last known address and which sets forth all of the following:

(1) The time and place for the production of the documentation.

(2) A statement of the reason the documentation previously produced (if any) is not sufficient.

(3) A description of the documentation being sought.

(4) The consequences to the taxpayer of the failure to produce the documentation described in this section.

(g) Notwithstanding any other law or rule of law, any taxpayer to whom a formal document request is mailed may begin a proceeding to quash that request not later than the 90th day after the date the request was mailed. In any such proceeding, the Franchise Tax Board may seek to compel compliance with the request.

(h) The superior courts of the State of California for the Counties of Los Angeles, Sacramento, and San Diego, and for the City and County of San Francisco shall have jurisdiction to hear any proceeding brought under subdivision (g). An order denying the petition shall be deemed a final order which may be appealed.

The running of the 90-day period referred to in subdivision (b) shall be suspended during any period during which a proceeding brought under subdivision (g) is pending.

(i) For purposes of this section, "documentation" means any documentation which may be relevant or material to the tax treatment of the examined item.

(j) The Franchise Tax Board, and any court having jurisdiction over a proceeding under subdivision (g), may extend the 90-day period referred to in subdivision (b).

(k) If any bank or corporation takes any action as provided in subdivision (g), the running of any period of limitations under Sections 25663 to 25663d, inclusive (relating to the assessment and collection of tax), or under Section 25964 (relating to criminal prosecutions) with respect to that bank or corporation shall be suspended for the period during which the proceedings under subdivision (g) and appeals thereto are pending.

25113. (a) In any administrative or judicial proceeding, the Franchise Tax Board may introduce into evidence the record of any final court determination in another state involving the same taxpayer or a unitary business of which the taxpayer is alleged to be a member.

(b) Tax information pertaining to the examination of multinational operations, including underlying data, obtained from the Internal Revenue Service or a foreign government shall be admissible into evidence in an administrative or judicial proceeding involving a taxpayer's liability under this part without being contestable as to its relevancy.

25114. Any bank or corporation required to file a United States tax return or which could be included in a consolidated federal tax

return shall file with the Franchise Tax Board within three months after the bank or corporation files its federal income tax return a domestic disclosure spreadsheet if it and its related corporation's payroll, property, or sales in a foreign country exceeds one million dollars ($1,000,000) or if it and its related corporation's total assets exceed two hundred fifty million dollars ($250,000,000), or such higher levels as may be subsequently established by regulation. For purposes of this paragraph, two corporations are related if more than 50 percent of the voting stock of one company is directly or indirectly owned or controlled by the other or if more than 50 percent of the voting stock of both is directly or indirectly owned or controlled by the same interest. The spreadsheet shall provide for full disclosure as to the income reported to each state, the state tax liability, and the method used for apportioning or allocating income to the states, and any other information as provided for by regulations as may be necessary to determine properly the amount of taxes due to each state and to identify the corporate parent and those of its affiliates of which more than 20 percent of the voting stock is directly or indirectly owned or controlled by the parent. The spreadsheet shall be reviewed for completeness by the Franchise Tax Board and if it is not properly completed shall not be accepted and shall be subject to penalties.

25115. (a) Each contract described in Section 25111 shall provide that a taxpayer making a water's-edge election pursuant to this article shall pay an annual amount to the Franchise Tax Board for deposit in the California Unitary Fund created pursuant to Section 16429.30 of the Government Code. One-third of the amount shall be deposited in the Local Project Account for Non-Transient Spending in the California Unitary Fund, and two-thirds of the amount shall be deposited in the Future Infrastructure State Targeted Account in the California Unitary Fund.

(b) The amount shall be equal to thirty-thousandths of 1 percent of the sum of the taxpayer's property, payroll, and sales in this state, as defined in this chapter, with the following adjustments:

(1) Intangibles shall not be included in the property factor.

(2) The property and payroll factors shall be with respect to the income year ending during calendar year 1986.

(3) The sum of the property, payroll, and sales shall be reduced by the cumulative amount expended since January 1, 1988, for investment in new plants or facilities in this state, as defined in subdivision (c), and shall further be reduced by the amount expended for new employees in this state as defined in subdivision (e).

(c) A new plant or facility is property described in Section 70, provided that it is not a replacement, in whole or in part, for an existing plant or facility in this state. A plant or facility shall be deemed a replacement if the taxpayer, or an affiliated bank or corporation, as defined in paragraph (1) of subdivision (b) of Section 25110, closes, takes out of service, sells, or leases to an unrelated party,

in either the three immediately preceding or the three immediately succeeding years from the time the new plant or facility is operational, a plant or facility with a cost basis equal to 25 percent or more of the cost basis of the new plant or facility.

(d) The number of new employees in this state for any income year shall be determined by comparing the total number of work years in this state for the income year to the greater of (1) the average of the total number of work years in this state for the income years ending in 1985, 1986, and 1987, or (2) the total number of work years in this state for the income year ending in 1987. A "work year" means, in the case of workers who are paid an hourly wage, 2,000 paid hours, and in the case of salaried employees, a total of 12 paid months.

(e) The amount expended for new employees shall be equal to the product of the number of new employees determined pursuant to subdivision (d) and the average wages paid for each work year in this state for the income year.

(f) Each contract shall provide that the amount described in this section shall not be subject to any statutory changes, for the period the contract is in effect, without the consent of the taxpayer. Any statutory change shall be applicable for any renewal year beginning 10 years after that statutory change.

(g) Amounts determined pursuant to this section shall be collected in the same manner as the taxes imposed by this part and shall be subject to interest and penalties as provided in this part.

(h) In no event shall the amount determined pursuant to this section be less than ten-thousandths of the sum of the taxpayer's property, payroll, and sales in this state for the current year.

(i) The annual amount otherwise determined pursuant to this section and payable under a contract described in Section 25111 shall not be imposed for an income year in which a taxpayer incurs no tax liability under Sections 25101 and 25110.

SEC. 14. The Franchise Tax Board shall study its current auditing practices and those of the Internal Revenue Service for so-called 80-20 corporations, and the equity of the treatment of those corporations pursuant to this act. The Franchise Tax Board shall present a report to the Legislature no later than March 1, 1987, which identifies additional authority needed, if any, to adequately audit so-called 80-20 corporations if those corporations were outside the water's edge and which sets forth its findings with respect to the equity treatment.

SEC. 15. This act shall become operative on January 1, 1988. The provisions of this act shall be applicable in the computation of taxes for income years commencing on or after January 1, 1988.

CHAPTER 661

An act to add Chapter 8 (commencing with Section 851) to Part 1 of Division 1 of the Food and Agricultural Code, relating to agricultural theft prevention.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 851) is added to Part 1 of Division 1 of the Food and Agricultural Code, to read:

CHAPTER 8. AGRICULTURE THEFT PREVENTION

Article 1. General Provisions

851. It is the intent of this chapter to establish a means of identifying the owner of any fruits, nuts, or vegetables which are the food product of any tree, vine, or plant so as to provide an additional control over thefts of these commodities within the state.

Article 2. Proof of Ownership

861. For lots of over 200 pounds of any fruits, nuts, or vegetables which are the food product of any tree, vine, or plant and which are marketed for commercial purposes, all of the following apply:

(a) Every person who sells the commodity shall provide the buyer or transporter with a record of proof of ownership for each lot of the commodity.

(b) Every person who buys the commodity for resale shall obtain from the previous buyer or from the transporter a record of proof of ownership for each lot of the commodity.

(c) Every person who transports for commercial purposes shall possess a record showing proof of ownership for each lot of the commodity during transportation.

862. Upon probable cause to believe any fruits, nuts, or vegetables regulated pursuant to this chapter is in unlawful possession, proof of ownership shall be made available for inspection upon request of the director, the commissioner, or by any peace officer. If the director or the commissioner has probable cause to believe that any fruits, nuts, or vegetables regulated pursuant to this chapter is in unlawful possession, he or she may request a peace officer to stop the vehicle pursuant to Section 881 for inspection. The record shall contain the following information:

(a) Name, address, telephone number, and signatures of the seller or the seller's authorized representative.

(b) Name, address, and telephone number of the buyer or

consignee if not sold.

(c) Common or generic name and quantity of the commodity involved.

(d) Date of transaction and date of commencement of transportation.

863. A bill of lading, bill of sale, certified farmers certificate, data obtainable by electronic transmission which is accessible to a common carrier, or a similar type document shall be considered proof of ownership for purposes of this chapter.

864. It is unlawful for any person to knowingly falsify or cause to be falsified any information in a record intended to show proof of ownership.

865. A copy of the record shall be retained by the buyer and seller for a period of 60 days after delivery.

866. This chapter establishes minimal requirements for the transportation and identification of agricultural commodities. A county may, by ordinance, impose additional requirements regarding this transportation and identification.

Article 3. Exceptions

871. This chapter does not apply to the following agricultural commodities:

(a) Commodities transported from the farm or ranch where they are produced to a commercial packing plant within this state for processing or packing.

(b) Commodities transported and accompanied by a valid permit, disposal order, or certificate issued by the director or the commissioner for any reason other than to comply with this chapter.

Article 4. Enforcement

881. Any peace officer, upon probable cause to believe an agricultural commodity regulated pursuant to this chapter is being unlawfully transported, may stop the vehicle and request proof of ownership of the commodity.

882. Upon reasonable belief that a person is in unlawful possession of a commodity regulated by this chapter, the commodity may be held by the director, the commissioner, or by any peace officer and shall be turned over to the custody of the commissioner. The commissioner may hold the commodity on the premises where it was seized until disposed of according to the requirements of Section 884.

883. The director, the commissioner, or a peace officer may investigate to ascertain the ownership of any commodity that has been held pursuant to this chapter. If the lawful owner is located, the commodity shall be released to the owner, or his or her agent. The commissioner may require reasonable payment to cover costs incurred in the storing of the commodity, but not to exceed the value

of the commodity being held.

884. (a) If for any reason the commodity is not released to the rightful owner after being in the custody of the commissioner for 48 hours or, in the case of a highly perishable commodity, any shorter period of time that the commissioner deems necessary, the commissioner may sell the commodity by public auction or by private sale at fair market value to a commercial packer of the commodity. All of the proceeds derived from the sale of the commodity shall be held by the commissioner for a period of not less than six months, during which time the lawful owner of the commodity may submit satisfactory proof of ownership and obtain possession of the proceeds. The commissioner may require the payment by the owner of an amount sufficient to cover the costs incurred for a storage and sale of the commodity, but not to exceed the sale price of the commodity. If, after retention of the proceeds for a period of at least six months, no demand is made or if proof of ownership is not supplied, the commissioner shall deposit the proceeds of the sale of the commodity in the general fund of the county.

(b) If any seized commodity remains unsold after being offered for sale pursuant to this section, the commissioner may donate the commodity to a nonprofit charitable organization.

(c) If the commodity is unfit for human consumption, the commissioner may destroy it.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

Article 1.5. Academic and Honorary Degrees

94310. No institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of at least one of the sections of this article.

94310.1. The institution meets the requirements of one or both of the following subdivisions:

(a) The institution, which at the time of the issuance of a degree, has accreditation of the institution, program, or specific course of study upon which the degree is based by a national accrediting agency recognized by the United States Department of Education, the Western Association of Schools and Colleges, or by the Committee of Bar Examiners for the State of California. The institution shall file with the superintendent an annual affidavit of the administrative head of the institution stating that the institution is so accredited. Institutions authorized to operate under this subdivision may issue diplomas and certificates as well as degrees.

(b) An institution incorporated in another state that has accreditation from a regional accrediting association recognized by the United States Department of Education at the time of the issuance of a degree, and that is licensed by the superintendent, may issue degrees, diplomas, or certificates.

(1) The superintendent shall not license an institution to issue degrees, diplomas, or certificates pursuant to this subdivision until he or she has conducted a qualitative review and assessment of, and has

approved, the operations of the institution in California, and the superintendent has determined all of the following:

(A) The institution has financial resources to ensure the capability of fulfilling the program or programs for enrolled students.

(B) The faculty includes personnel who possess appropriate degrees from institutions accredited by a regional accrediting association recognized by the United States Department of Education in the degree major field or fields offered, in sufficient number to provide the educational services.

(C) The education services and curriculum clearly relate to the objectives of the proposed program or programs, which are comparable in scope and sequence to minimum standards of comparable programs offered by accredited institutions already operating in this state.

(D) The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

(E) The institution has verifiable evidence of academic achievement comparable to that required of graduates of other accredited institutions operating in this state for the program or programs upon which the degree, diploma, or certificate is based.

(2) All institutions incorporated in another state that were offering educational programs in California and were authorized to operate pursuant to subdivision (a) on December 31, 1985, shall have the option until and including December 31, 1989, of continued operation in California pursuant to authorization under subdivision (a) or through licensure pursuant to this paragraph.

(3) Except as otherwise provided by paragraph (4), the superintendent shall grant licensed status under this section for a period of four years.

(4) The superintendent shall grant licensed status under this subdivision until December 31, 1987, for all other institutions incorporated in another state that offered educational programs in California prior to July 1, 1985, that file with the superintendent within 30 days from October 1, 1985, all of the following information:

(A) A copy of the institution's most recent self-study report prepared for the institution's home regional accrediting association, as well as a copy of the institution's team report prepared by the accrediting association.

(B) A list of the locations of all of the operations of the institution in California.

(C) A list of all degree, diploma, and certificate programs offered by the institution in California, as well as the curriculum, instruction, and faculty utilized in each program.

(D) A list of degrees, diplomas, and certificates offered by the institution.

Institutions licensed under this paragraph shall offer in California only programs that the institution can document to have been acknowledged and favorably reviewed by the home regional

accrediting association.

(5) (A) The Director of the California Postsecondary Education Commission shall establish a special committee of persons with demonstrated knowledge of both regional accrediting standards and procedures and the special demands of off-campus programs. The committee shall include representatives from the State Department of Education, institutions incorporated in other states that offer educational programs in California, and public and private California colleges and universities.

(B) The committee shall develop proposed standards and procedures to be used in the onsite review and licensure of institutions applying for licensure under this subdivision, subject to the principle that educational innovation and competition shall not be hindered unreasonably.

(C) The committee shall report to the California Postsecondary Education Commission and the Superintendent of Public Instruction by November 1, 1985, regarding the proposed standards and procedures. The commission shall take action on the proposed standards within 60 days of receipt of the report by the special committee. This subdivision shall become inoperative on January 1, 1987, if the commission has not adopted standards and procedures proposed by the special committee by that date.

(D) The committee shall utilize the following principles in the development of these standards and procedures:

(i) Within two years from the enactment of this statute, the State Department of Education shall review the operations of all institutions operating under the provisions of this subdivision.

(ii) Following the initial state review, subsequent onsite reviews by the superintendents shall be conducted wherever possible in conjunction with institutional reviews by the regional accrediting association. However, if there is substantial evidence that the institution is not in compliance with state standards, the superintendent may initiate a special review of the California operations of the institution.

(iii) Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution-based and not site-based.

(iv) The superintendent shall develop a procedural rationale to justify the number of sites to be visited by the state in the review of the institution's operations in California.

(v) The purpose of the onsite review by the superintendent shall be to determine that operations by the institution in California meet the minimum state standards identified in statute.

(vi) The standards and procedures shall not unreasonably hinder educational innovation and competition.

(E) Prior to December 31, 1987, the State Department of Education shall utilize the standards and procedures recommended by the special committee and acted upon by the commission to review all institutions operating pursuant to paragraph (4) of this

subdivision.

94310.2. The institution, which at the time of the issuance of a degree, has full institutional approval by the superintendent to award or issue specific professional, technological, or education degrees.

(a) The superintendent shall not approve an institution to issue degrees until he or she has conducted a qualitative review and assessment of, and has approved, each program offered by the institution, and the superintendent has determined, based upon information submitted to him or her, all of the following:

(1) The institution has facilities, financial resources, administrative capabilities, faculty, and other necessary educational expertise and resources to afford students, and require of students, the completion of a program of education that will prepare them for the attainment of a professional, technological, or educational objective, including, but not limited to, a degree.

(2) The curriculum is consistent in quality with curricula offered by appropriate established accredited institutions that are recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California and issue the appropriate degree upon the satisfactory completion of specific qualitative academic programs.

(3) The course for which the degree is granted achieves its professed or claimed academic objective for higher education, with verifiable evidence of academic achievement comparable to that required of graduates of other recognized schools accredited by an appropriate accrediting commission recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California.

The criteria developed for conducting the review and assessment shall effectuate the purposes of this chapter, but shall not unreasonably hinder legitimate educational innovation.

(b) The superintendent shall conduct the qualitative review and assessment of the institution and all programs offered through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the superintendent for that purpose. The visiting committee, which shall be impaneled by the superintendent within 90 days of the date of receipt of a completed application, shall be composed of educators from both accredited and state approved institutions. Within 90 days of the receipt of the visiting committee's report and recommendations, the superintendent shall take one of the following actions:

(1) Grant full institutional approval for a period not to exceed three years.

(2) Grant candidate for institutional approval status for a period not to exceed two years plus the remainder of the calendar year in which the application was made. Candidate status may be renewed only one time, at the discretion of the superintendent.

(3) Disapprove the application.

If the application is disapproved, or candidate for institutional approval status is granted, the institution shall be advised of the specific reasons for the action and the specific corrective measures needed to achieve full institutional approval. An institution may not advertise itself as an approved or fully approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section.

(c) (1) The superintendent shall grant full institutional approval status for three years to all institutions operating pursuant to subdivision (b) of Section 94310 on June 30, 1984, as it read on that date and which have received full approval of all courses offered.

(2) The superintendent shall grant candidate for institutional approval status for a period not to exceed two years to all institutions operating on June 30, 1984, pursuant to both subdivisions (b) and (c) of Section 94310 as it read on that date. The superintendent shall specify a date, prior to June 30, 1986, by which all institutions operating pursuant to this paragraph shall file a completed application for either full institutional approval pursuant to this section, or authorization to operate pursuant to Section 94310.3.

(d) The superintendent may authorize any institution approved to issue degrees pursuant to this subdivision to issue diplomas for the completion of courses of study that do not fully meet the degree requirements, but are within the institution's approved degree program.

The superintendent may approve an application to issue honorary degrees if the applicant institution has received full institutional approval to issue academic degrees.

94310.3. The institution has demonstrated that it is in compliance with formal standards recommended by the Council for Private Postsecondary Educational Institutions and adopted by the superintendent, which shall include, but not be limited to, the standards developed by the special committee pursuant to Section 94304.5.

(a) The institution shall demonstrate compliance with the standards through a comprehensive onsite review process conducted by a three-member visiting committee impaneled by the superintendent for that purpose pursuant to subdivision (b). The process shall review all of the following:

(1) Institutional objectives.
(2) Administrative methods.
(3) Curriculum.
(4) Instruction.
(5) Faculty, including their qualifications.
(6) Physical facilities.
(7) Administrative personnel.
(8) Procedures for keeping educational records.
(9) Tuition, fee, and refund schedules.
(10) Admissions standards.
(11) Scholastic regulations and graduation requirements.

(12) Degrees offered.

(13) Financial stability, including that the capital assets of the institution are sufficient for the type, level, and number of degree programs offered and that the current assets of the institution are sufficient to serve the number of students then currently enrolled and to meet any tuition or fee refunds that may reasonably be expected under the institution's refund policy.

(b) Within 90 days of the date of receipt of a completed application, the superintendent shall impanel a visiting committee for the purpose of reviewing the applicant institution. The visiting committee shall be composed as follows:

(1) One member appointed by the Director of the California Postsecondary Education Commission.

(2) One member appointed by the superintendent from a list of three names submitted by the Council for Private Postsecondary Educational Institutions.

(3) One member appointed by the superintendent from his or her staff, who shall serve as chairperson of the visiting committee.

(4) Additional members may be appointed by the superintendent if the superintendent determines that their technical expertise is necessary to review the applicant institution. These members shall be nonvoting members.

(c) The visiting committee's responsibilities shall include all of the following:

(1) To verify the accuracy of the information submitted by the applicant institution.

(2) To determine whether the applicant institution complies with the standards required by statute and regulation.

(3) To provide the applicant institution with a preliminary report of its findings, including its recommendation regarding the grant of the requested authorization, no later than 30 days following completion of the onsite review. The applicant institution shall provide the visiting committee with any additional information the visiting committee may request within 30 days after receipt of the preliminary report.

(4) To review the applicant institution's response to the preliminary report, and no later than 30 days following receipt of the response, submit a final report to the superintendent. The final report shall include the visiting committee's recommendation for the grant of authorization or for the denial of that authorization.

(d) If the visiting committee's recommendation regarding authorization is not unanimous, the superintendent shall refer the final report to the council or to an appropriate appeals committee of the council for its advice pursuant to paragraph (8) of subdivision (f) of Section 94304.

(e) Within 90 days of the receipt of a unanimous visiting committee's report or the advice of the council, as appropriate, the superintendent shall take one of the following alternative actions:

(1) Grant the applicant institution full authorization for a period

not to exceed five years. Authorization pursuant to this paragraph shall continue to be valid upon payment of the annual renewal fee specified in Section 94331.

(2) Disapprove the application.

The superintendent shall advise the applicant institution of the specific reasons for action taken pursuant to paragraph (2) of this subdivision and of the specific corrective measures needed to obtain authorization. If those corrective measures have been taken, authorization may then be granted for an initial period not to exceed one year, and for periods of five years upon each subsequent renewal, subject to the payment of the annual renewal fee specified in Section 94331.

(f) Not later than 90 days prior to the expiration of an authorization to operate, an institution shall file a completed application for reauthorization pursuant to this section with the superintendent. The reauthorization process for all institutions shall include a full review by a visiting committee.

(g) All institutions operating pursuant to authorization received under this subdivision in effect on June 30, 1984, shall receive conditional authorization for a period not to exceed three years. On a specified date prior to June 30, 1987, determined by the superintendent, each institution granted conditional authorization pursuant to this subdivision shall file a completed application for reauthorization pursuant to this section.

(h) Authorization received pursuant to this subdivision shall not be interpreted to endorse, and it is unlawful for, any institution to represent by any means that the State of California, the Superintendent of Public Instruction, State Board of Education, or the State Department of Education has made any accreditation or endorsement of the course of study or degree.

(i) If at any time the superintendent determines that an authorized institution has significantly deviated from the standards for authorization, but not to an extent that would warrant the withdrawal of the institution's authorization, the superintendent may place the institution on probation for a specific period of time. During the period of probation, the institution shall be subject to special scrutiny by the superintendent. That scrutiny may include required submission of periodic reports, as prescribed by the superintendent, and special visits by authorized representatives of the superintendent. If at the end of the specified probation period, the institution has not taken steps to eliminate the cause for its probation which the superintendent finds satisfactory, the superintendent may withdraw the institution's authorization to award degrees. An institution placed on probation pursuant to this paragraph may appeal the superintendent's action to the council. The appeal shall be filed no later than 30 days following the superintendent's initial action pursuant to this paragraph.

94310.4. The institution is structured by schools of theology, awards degrees primarily in theology and other areas of religious

study, has filed all of the following affidavits with the superintendent:

(a) An annual affidavit of "full disclosure" describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty with qualifications, physical facilities, administrative personnel, educational recordkeeping procedures, tuition and fee schedule, tuition refund schedule, scholastic regulations, degrees to be conferred, graduation requirements, and financial stability as evidenced by a certified financial statement for the preceding year.

(b) An affidavit by the president or other head stating that the institution owns, and shall continue to own, net assets in the amount of fifty thousand dollars ($50,000) which is used solely for the purpose of education as stated in subdivision (a), located within this state, and stating that these assets provide sufficient resources to achieve the educational objectives of the institution. These assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

(c) An annual affidavit by the president or other head setting forth, as a minimum, all of the following information:

(1) All names, whether real or fictitious, of the person, institution, firm, association, partnership, or corporation under which it has done or is doing business.

(2) The address, including city and street, of every place of doing business of the person, firm, association, partnership, or corporation, within this state.

(3) The address, including city and street, of the location of the records of the person, firm, association, partnership, or corporation, and the name and address, including city and street, of the custodian of those records.

(4) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association, partnership, or corporation.

(5) That the records required by subdivision (k) of Section 94312 are maintained at the address stated, and are true and accurate.

Any change in the items of information required to be included in this affidavit shall be reported to the superintendent within 20 days of the change.

Within 90 days of the receipt of the affidavits described in subdivisions (a), (b), and (c), and prior to granting the initial authorization to operate, the superintendent shall verify the truthfulness and accuracy of the affidavits by impaneling a three-member team comprised of one representative which he or she shall select, one representative of the California Postsecondary

Education Commission, and one representative selected by, but not affiliated with, the institution to be inspected. Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. Authorization to operate may be denied only if the affidavits are inaccurate. Authorization to operate may be granted for one year initially and for periods of three years upon each subsequent renewal, subject to payment of an annual fee pursuant to Section 94331. For all affidavits beyond the initial application, the superintendent may take any steps necessary to verify the truthfulness and accuracy of the affidavits. Filing pursuant to this subdivision shall not be interpreted to mean, and it shall be unlawful for, any institution to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study or degree.

SEC. 3.5. Article 1.5 (commencing with Section 94310) is added to Chapter 3 of Part 59 of the Education Code, to read:

Article 1.5. Academic and Honorary Degrees

94310. No institution may issue, confer, or award an academic or honorary degree unless the institution meets the requirements of at least one of the sections of this article.

94310.1. The institution meets the requirements of one or both of the following subdivisions:

(a) The institution, which at the time of the issuance of a degree, has accreditation of the institution, program, or specific course of study upon which the degree is based by a national accrediting agency recognized by the United States Department of Education, the Western Association of Schools and Colleges, or by the Committee of Bar Examiners for the State of California. The institution shall file with the superintendent an annual affidavit of the administrative head of the institution stating that the institution is so accredited. Institutions authorized to operate under this subdivision may issue diplomas and certificates as well as degrees.

(b) Any public or private postsecondary educational institution incorporated in another state that has accreditation from a regional accrediting association recognized by the United States Department of Education at the time of the issuance of a degree, and that is licensed by the superintendent, may issue degrees, diplomas, or certificates. Accredited public or private postsecondary educational institutions incorporated in another state shall not offer degrees, diplomas, or certificates in California unless they comply with the provisions of this section.

(1) The superintendent shall not license an institution to issue degrees, diplomas, or certificates pursuant to this subdivision until he

or she has conducted a qualitative review and assessment of, and has approved, the operations of the institution in California, and the superintendent has determined all of the following:

(A) The institution has financial resources to ensure the capability of fulfilling the program or programs for enrolled students.

(B) The faculty includes personnel who possess appropriate degrees from institutions accredited by a regional accrediting association recognized by the United States Department of Education in the degree major field or fields offered, in sufficient number to provide the educational services.

(C) The education services and curriculum clearly relate to the objectives of the proposed program or programs, which are comparable in scope and sequence to minimum standards of comparable programs offered by accredited institutions already operating in this state.

(D) The facilities are appropriate for the defined educational objectives and are sufficient to ensure quality educational services to the students enrolled in the program or programs.

(E) The institution has verifiable evidence of academic achievement comparable to that required of graduates of other accredited institutions operating in this state for the program or programs upon which the degree, diploma, or certificate is based.

(2) All institutions incorporated in another state that were offering educational programs in California and were authorized to operate pursuant to subdivision (a) on December 31, 1985, shall have the option until and including December 31, 1989, of continued operation in California pursuant to authorization under subdivision (a) or through licensure pursuant to this paragraph.

(3) Except as otherwise provided by paragraph (4), the superintendent shall grant licensed status under this section for a period consistent with the postsecondary educational institution's home regional accrediting association, but not to exceed five years.

It is the intent of the Legislature that the postsecondary educational institution urge its home regional accrediting association to participate in the licensure process by the state, and that the state's licensure process be conducted whenever possible in concert with the institutional review conducted by the regional association.

(4) The superintendent shall grant licensed status under this subdivision until December 31, 1987, for all other institutions incorporated in another state that offered educational programs in California prior to July 1, 1985, that file with the superintendent within 30 days from October 1, 1985, all of the following information:

(A) A copy of the institution's most recent self-study report prepared for the institution's home regional accrediting association, as well as a copy of the institution's team report prepared by the accrediting association.

(B) A list of the locations of all of the operations of the institution in California.

(C) A list of all degree, diploma, and certificate programs offered

by the institution in California, as well as the curriculum, instruction, and faculty utilized in each program.

(D) A list of degrees, diplomas, and certificates offered by the institution.

Institutions licensed under this paragraph shall offer in California only programs that the institution can document to have been acknowledged and favorably reviewed by the home regional accrediting association.

(5) (A) The Director of the California Postsecondary Education Commission shall establish a special committee of persons with demonstrated knowledge of both regional accrediting standards and procedures and the special demands of off-campus programs. The committee shall include representatives from the State Department of Education, institutions incorporated in other states that offer educational programs in California, and public and private California colleges and universities.

(B) The committee shall develop proposed standards and procedures to be used in the onsite review and licensure of institutions applying for licensure under this subdivision, subject to the principle that educational innovation and competition shall not be hindered unreasonably.

(C) The committee shall report to the California Postsecondary Education Commission and the Superintendent of Public Instruction by November 1, 1985, regarding the proposed standards and procedures. The commission shall take action on the proposed standards within 60 days of receipt of the report by the special committee. This subdivision shall become inoperative on January 1, 1987, if the commission has not adopted standards and procedures proposed by the special committee by that date.

(D) The committee shall utilize the following principles in the development of these standards and procedures:

(i) Within two years from the enactment of this statute, the State Department of Education shall review the operations of all institutions operating under the provisions of this subdivision section.

(ii) Following the initial state review, subsequent onsite reviews by the superintendents shall be conducted wherever possible in conjunction with institutional reviews by the regional accrediting association. However, if there is substantial evidence that the institution is not in compliance with state standards, the superintendent may initiate a special review of the California operations of the institution.

(iii) Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution-based and not site-based.

(iv) The superintendent shall develop a procedural rationale to justify the number of sites to be visited by the state in the review of the institution's operations in California.

(v) The purpose of the onsite review by the superintendent shall be to determine that operations by the institution in California meet

the minimum state standards identified in statute.

(vi) The standards and procedures shall not unreasonably hinder educational innovation and competition.

(E) Prior to March 1, 1987, the superintendent shall utilize all of the standards and procedures recommended by the special committee and acted upon by the commission to develop regulations for the licensure of all institutions operating pursuant to this subdivision.

The regulations shall provide for consideration of the accredited institutions' stated educational goals, purposes, and objectives, in conducting the licensure review of the California operations of out-of-state based institutions.

These regulations, which shall be developed by the superintendent in cooperation with the Council for Private Postsecondary Educational Institutions, shall include a formula to determine the institutional licensure fee and the number of sites to be visited by the state.

The regulations developed by the superintendent shall include all of the procedures and standards recommended by the special committee and acted upon by the commission. Prior to December 31, 1987, the superintendent shall utilize these regulations to review all institutions operating pursuant to of this subdivision. In conducting the licensure review of the operation of out-of-state accredited institutions in California, the superintendent shall interpret the regulations based upon each institution's accredited educational purposes and objectives.

94310.2. The institution, which at the time of the issuance of a degree, has full institutional approval by the superintendent to award or issue specific professional, technological, or education degrees.

(a) The superintendent shall not approve an institution to issue degrees until he or she has conducted a qualitative review and assessment of, and has approved of, each program offered by the institution, and the superintendent has determined based upon information submitted to him or her, all of the following:

(1) The institution has facilities, financial resources, administrative capabilities, faculty, and other necessary educational expertise and resources to afford students, and require of students, the completion of a program of education that will prepare them for the attainment of a professional, technological, or educational objective, including, but not limited to, a degree.

(2) The curriculum is consistent in quality with curricula offered by appropriate established accredited institutions that are recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California and issue the appropriate degree upon the satisfactory completion of specific qualitative academic programs.

(3) The course for which the degree is granted achieves its professed or claimed academic objective for higher education, with

verifiable evidence of academic achievement comparable to that required of graduates of other recognized schools accredited by an appropriate accrediting commission recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California.

The criteria developed for conducting the review and assessment shall effectuate the purposes of this chapter, but shall not unreasonably hinder legitimate educational innovation.

(b) The superintendent shall conduct the qualitative review and assessment of the institution and all programs offered through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the superintendent for that purpose. The visiting committee, which shall be impaneled by the superintendent within 90 days of the date of receipt of a completed application, shall be composed of educators from both accredited and state approved institutions. Within 90 days of the receipt of the visiting committee's report and recommendations, the superintendent shall take one of the following actions:

(1) Grant full institutional approval for a period not to exceed three years.

(2) Grant candidate for institutional approval status for a period not to exceed two years plus the remainder of the calendar year in which the application was made. Candidate status may be renewed only one time, at the discretion of the superintendent.

(3) Disapprove the application.

If the application is disapproved, or candidate for institutional approval status is granted, the institution shall be advised of the specific reasons for the action and the specific corrective measures needed to achieve full institutional approval. An institution may not advertise itself as an approved or fully approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section.

(c) (1) The superintendent shall grant full institutional approval status for three years to all institutions operating pursuant to subdivision (b) of Section 94310 on June 30, 1984, as it read on that date and which have received full approval of all courses offered.

(2) The superintendent shall grant candidate for institutional approval status for a period not to exceed two years to all institutions operating on June 30, 1984, pursuant to both subdivisions (b) and (c) of Section 94310 as it read on that date. The superintendent shall specify a date, prior to June 30, 1986, by which all institutions operating pursuant to this paragraph shall file a completed application for either full institutional approval pursuant to this section, or authorization to operate pursuant to Section 94310.3.

(d) The superintendent may authorize any institution approved to issue degrees pursuant to this subdivision to issue diplomas for the completion of courses of study that do not fully meet the degree requirements, but are within the institution's approved degree program.

The superintendent may approve an application to issue honorary degrees if the applicant institution has received full institutional approval to issue academic degrees.

94310.3. The institution has demonstrated that it is in compliance with formal standards recommended by the Council for Private Postsecondary Educational Institutions and adopted by the superintendent, which shall include, but not be limited to, the standards developed by the special committee pursuant to Section 94304.5.

(a) The institution shall demonstrate compliance with the standards through a comprehensive onsite review process conducted by a three-member visiting committee impaneled by the superintendent for that purpose pursuant to subdivision (b). The process shall review all of the following:

(1) Institutional objectives.
(2) Administrative methods.
(3) Curriculum.
(4) Instruction.
(5) Faculty, including their qualifications.
(6) Physical facilities.
(7) Administrative personnel.
(8) Procedures for keeping educational records.
(9) Tuition, fee, and refund schedules.
(10) Admissions standards.
(11) Scholastic regulations and graduation requirements.
(12) Degrees offered.
(13) Financial stability, including that the capital assets of the institution are sufficient for the type, level, and number of degree programs offered and that the current assets of the institution are sufficient to serve the number of students then currently enrolled and to meet any tuition or fee refunds that may reasonably be expected under the institution's refund policy.

(b) Within 90 days of the date of receipt of a completed application, the superintendent shall impanel a visiting committee for the purpose of reviewing the applicant institution. The visiting committee shall be composed as follows:

(1) One member appointed by the Director of the California Postsecondary Education Commission.

(2) One member appointed by the superintendent from a list of three names submitted by the Council for Private Postsecondary Educational Institutions.

(3) One member appointed by the superintendent from his or her staff, who shall serve as chairperson of the visiting committee.

(4) Additional members may be appointed by the superintendent if the superintendent determines that their technical expertise is necessary to review the applicant institution. These members shall be nonvoting members.

(c) The visiting committee's responsibilities shall include all of the following:

(1) To verify the accuracy of the information submitted by the applicant institution.

(2) To determine whether the applicant institution complies with the standards required by statute and regulation.

(3) To provide the applicant institution with a preliminary report of its findings, including its recommendation regarding the grant of the requested authorization, no later than 30 days following completion of the onsite review. The applicant institution shall provide the visiting committee with any additional information the visiting committee may request within 30 days after receipt of the preliminary report.

(4) To review the applicant institution's response to the preliminary report, and no later than 30 days following receipt of the response, submit a final report to the superintendent. The final report shall include the visiting committee's recommendation for the grant of authorization or for the denial of that authorization.

(d) If the visiting committee's recommendation regarding authorization is not unanimous, the superintendent shall refer the final report to the council or to an appropriate appeals committee of the council for its advice pursuant to paragraph (8) of subdivision (f) of Section 94304.

(e) Within 90 days of the receipt of a unanimous visiting committee's report or the advice of the council, as appropriate, the superintendent shall take one of the following alternative actions:

(1) Grant the applicant institution full authorization for a period not to exceed five years. Authorization pursuant to this paragraph shall continue to be valid upon payment of the annual renewal fee specified in Section 94331.

(2) Disapprove the application.

The superintendent shall advise the applicant institution of the specific reasons for action taken pursuant to paragraph (2) of this subdivision and of the specific corrective measures needed to obtain authorization. If those corrective measures have been taken, authorization may then be granted for an initial period not to exceed one year, and for periods of five years upon each subsequent renewal, subject to the payment of the annual renewal fee specified in Section 94331.

(f) Not later than 90 days prior to the expiration of an authorization to operate, an institution shall file a completed application for reauthorization pursuant to this section with the superintendent. The reauthorization process for all institutions shall include a full review by a visiting committee.

(g) All institutions operating pursuant to authorization received under this subdivision in effect on June 30, 1984, shall receive conditional authorization for a period not to exceed three years. On a specified date prior to June 30, 1987, determined by the superintendent, each institution granted conditional authorization pursuant to this subdivision shall file a completed application for reauthorization pursuant to this section.

(h) Authorization received pursuant to this subdivision shall not be interpreted to endorse, and it is unlawful for, any institution to represent by any means that the State of California, the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made any accreditation or endorsement of the course of study or degree.

(i) If at any time the superintendent determines that an authorized institution has significantly deviated from the standards for authorization, but not to an extent that would warrant the withdrawal of the institution's authorization, the superintendent may place the institution on probation for a specific period of time. During the period of probation, the institution shall be subject to special scrutiny by the superintendent. That scrutiny may include required submission of periodic reports, as prescribed by the superintendent, and special visits by authorized representatives of the superintendent. If at the end of the specified probation period, the institution has not taken steps to eliminate the cause for its probation which the superintendent finds satisfactory, the superintendent may withdraw the institution's authorization to award degrees. An institution placed on probation pursuant to this paragraph may appeal the superintendent's action to the council. The appeal shall be filed no later than 30 days following the superintendent's initial action pursuant to this paragraph.

94310.4. The institution is structured by schools of theology, and awards degrees primarily in theology and other areas of religious study, and it has filed all of the following affidavits with the superintendent:

(a) An annual affidavit of "full disclosure" describing the institutional objectives and proposed methods of achieving them, the curriculum, instruction, faculty with qualifications, physical facilities, administrative personnel, educational recordkeeping procedures, tuition and fee schedule, tuition refund schedule, scholastic regulations, degrees to be conferred, graduation requirements, and financial stability as evidenced by a certified financial statement for the preceding year.

(b) An affidavit by the president or other head stating that the institution owns, and shall continue to own, net assets in the amount of fifty thousand dollars ($50,000) which is used solely for the purpose of education as stated in subdivision (a), located within this state, and stating that these assets provide sufficient resources to achieve the educational objectives of the institution. These assets shall include such real property as buildings and facilities, library materials, and instructional materials, but shall not include other personal property not used directly and exclusively by the institution for the purpose of education. The affidavit shall be accompanied by a statement from a public accountant showing the value of the interest of the institution therein to be at least fifty thousand dollars ($50,000) above the unpaid balance on any note secured by a mortgage, deed of trust, or the unpaid balance on a contract of sale.

(c) An annual affidavit by the president or other head setting forth, as a minimum, all of the following information:

(1) All names, whether real or fictitious, of the person, institution, firm, association, partnership, or corporation under which it has done or is doing business.

(2) The address, including city and street, of every place of doing business of the person, firm, association, partnership, or corporation, within this state.

(3) The address, including city and street, of the location of the records of the person, firm, association, partnership, or corporation, and the name and address, including city and street, of the custodian of those records.

(4) The names and addresses, including city and street, of the directors, if any, and principal officers of the person, firm, association, partnership, or corporation.

(5) That the records required by subdivision (k) of Section 94312 are maintained at the address stated, and are true and accurate.

Any change in the items of information required to be included in this affidavit shall be reported to the superintendent within 20 days of the change.

Within 90 days of the receipt of the affidavits described in subdivisions (a), (b), and (c), and prior to granting the initial authorization to operate, the superintendent shall verify the truthfulness and accuracy of the affidavits by impaneling a three-member team comprised of one representative which he or she shall select, one representative of the California Postsecondary Education Commission, and one representative selected by, but not affiliated with, the institution to be inspected. Within 30 days of the receipt of the report from the three-member team, the superintendent shall grant or deny authorization to operate. Authorization to operate may be denied only if the affidavits are inaccurate. Authorization to operate may be granted for one year initially and for periods of three years upon each subsequent renewal, subject to payment of an annual fee pursuant to Section 94331. For all affidavits beyond the initial application, the superintendent may take any steps necessary to verify the truthfulness and accuracy of the affidavits. Filing pursuant to this subdivision shall not be interpreted to mean, and it shall be unlawful for, any institution to expressly or impliedly represent by any means whatsoever, that the State of California, the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made any evaluation, recognition, accreditation, approval, or endorsement of the course of study or degree.

SEC. 4. Section 3.5 of this bill incorporates the substance of amendments to Section 94310 of the Education Code proposed by AB 4251. It shall only become operative if both bills are enacted and become effective on or before January 1, 1987, and AB 4251 amends Section 94310 of the Education Code, in which case Section 3.5 of this

bill shall become operative, and Section 3 of this bill shall not become operative.

SEC. 5. If this bill is enacted and repeals Section 94310 of the Education Code, and AB 4251 is chaptered before this bill and takes effect immediately as an urgency statute, and amends Section 94310 of the Education Code, it is the intention of the Legislature that Section 94310, as amended by AB 4251, shall remain operative only until the effective date of this bill and on and after that date Section 94310 is repealed, as provided by this bill.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 53534 of the Government Code is amended to read:

53534. (a) Any provision of law to the contrary notwithstanding, the County of Alameda, the County of Los Angeles, and the County of Orange may enter into contracts commonly known as "interest rate swap agreements" or "forward payment conversion agreements" with any person providing for the exchange of payments between the person and the county including, without limitation, contracts providing for the exchange of fixed interest payments for floating payments or floating interest payments for fixed payments, or a combination thereof. The contracts may be made upon the terms and conditions established by the boards of supervisors of those counties. The authority conferred by this section includes the authority to enter into any and all contracts incident to the exercise of the authority conferred by this section including, without limitation, contracts to obtain credit enhancement devices and contracts for the performance of professional services.

(b) This section shall remain in effect only until January 1, 1994, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1994, deletes or extends that date. However, the repeal of this section on that date shall not affect the validity of any contracts entered into pursuant to subdivision (a) prior to January 1, 1994.

CHAPTER 667

An act to amend Sections 1007 and 5017 of, and to add Section 5000.5 to, the Education Code, relating to education.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1007 of the Education Code is amended to read:

1007. (a) Members of the county board of education shall be elected on the date and in the manner prescribed for the election of members of governing boards of school districts, provided such elections are held throughout the county on the same date; otherwise the election shall be consolidated with the direct primary election. Once established, no subsequent change of circumstances shall require that the time of holding the election be changed. Where the elections for governing board members are held on the same date, then the provisions of Section 5303 of this code shall apply to the election of members of the county board of education. The first election held under this article shall be conducted by the county board of supervisors and thereafter by the county board of education. Members elected at the time of the direct primary shall take office on the first day of July, and members elected at the date on which members of school district governing boards are elected shall take office on the last Friday in November subsequent to their election and shall serve for a term to be determined for each county by the county committee on school district organization. The county committee on school district organization shall also determine the manner in which the county board of education first elected shall effect a staggering of terms.

(b) This section shall govern the election and term of office of members of a county board of education except as provided under Section 5000.5.

Section 5000.5 is added to the Education Code, to read:

5000.5. (a) Notwithstanding any other provision of law, except as provided under Section 5008, after the initial election of governing board members in any school district, or members of a county board of education, the day for the election of governing board members for the district or members of the county board of education may, upon the adoption of an appropriate resolution by the governing board or the county board of education, respectively, be established as the same day upon which a primary, municipal, or general election is held, except that the board of supervisors of any county in which the district or county board of education will hold an election may deny any request for consolidation if it finds that the ballot style, voting equipment, or computer capacity prevent the handling of

additional elections or materials. If a district is located in more than one county the district may not consolidate an election if any county in which the district is located denies the request for consolidation. In the event of consolidation, the election of governing board members or members of the county board of education shall be conducted in accordance with all applicable procedural requirements of the Elections Code pertaining to that primary, municipal, or general election.

(b) The resolution of the governing board or county board of education shall be adopted and submitted to the board of supervisors, for purposes of subdivision (a), no later than January 1 of the year preceding the calendar year in which the revised election date is to be operative.

(c) The resolution of the board or boards of supervisors denying the consolidation request shall be adopted, if at all, for purposes of subdivision (a), no later than March 1 of the year preceding the calendar year in which the revised election date is to be operative. Prior to the adoption of a resolution to either approve or deny a consolidation request, the board or boards of supervisors shall each obtain from the county clerk, as defined under Section 23503 of the Elections Code, a report on the cost effectiveness of the proposed action, and provide public notices of the proceedings in which the resolution is to be considered for adoption, pursuant to Section 25151 of the Government Code.

(d) An election day established pursuant to subdivision (a) shall be prescribed to occur not less than one month, nor more than 12 months, subsequent to the election day prescribed in subdivision (a) of Section 5000 or pursuant to Section 1007, as appropriate.

(e) In the event that the election day for a school district governing board or county board of education is established pursuant to subdivision (a), the term of office of all then incumbent members of that governing board or county board of education shall be extended accordingly.

(f) This section shall not apply to the County of San Diego, pursuant to Section 5000.1, and Section 23509.1 of the Elections Code.

SEC. 3. Section 5017 of the Education Code is amended to read:

5017. (a) Except as provided by Section 5000.5, each person elected at a regular biennial governing board member election shall hold office for a term of four years commencing on the last Friday in November next succeeding his or her election. Any member of the governing board of any school district or community college district whose term has expired shall continue to discharge the duties of the office until his or her successor has qualified. The term of the successor shall begin upon the expiration of the term of his or her predecessor.

(b) Notwithstanding any provisions of law to the contrary, each person elected at a regular election held pursuant to subdivision (b) of Section 5000 shall hold office for a term of four years commencing on the first day of the calendar month next succeeding his or her

election. The term of his or her predecessor shall be deemed to expire on the first day of the calendar month next succeeding that election, regardless of the length of the term as otherwise established by law, provided, however, that the predecessor shall continue to discharge the duties of the office until his or her successor has qualified.

CHAPTER 668

An act to add Chapter 10 (commencing with Section 12120) to Division 5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 9, 1986 Filed with Secretary of State September 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 12120) is added to Division 5 of the Vehicle Code, to read:

CHAPTER 10. SALES OF VEHICLES BY PRIVATE OWNERS

12120. Only a dealer, a person described in Section 286, or the registered owner of record shall sell or offer for sale a vehicle of a type required to be registered pursuant to Division 3 (commencing with Section 4000) or identified pursuant to Division 16.5 (commencing with Section 38000), except as provided in Section 12121.

12121. (a) Section 12120 does not apply to a dealer licensed pursuant to Chapter 4 (commencing with Section 11700) when acting under authority of the license, or to his or her authorized agent.

(b) Section 12120 does not prohibit the sale of a vehicle by any of the following persons not engaged in the business of selling vehicles:

(1) Anyone related by blood, adoption, or marriage to the registered owner.

(2) The receiver, administrator, executor, guardian, or other person appointed by, or acting under, a judgment or order of any court.

(3) The trustee of a trust in which the vehicle is registered as an asset.

(4) Any public officer in the performance of his or her official duties.

(5) An attorney on behalf of a client who is the registered owner.

(6) The owner, officer, or designated representative of a business in whose name the vehicle is registered.

(7) The legal owner as shown on the certificate of ownership.

(8) A person who has prior written authorization from the

registered owner of the vehicle, and that person does not receive or expect to receive a commission, money, brokerage fees, profit, or any other thing of value from either the seller or purchaser of the vehicle.

(9) An insurer selling the salvage of one of its insured's vehicle or the stolen vehicle of one of its insured which has been recovered.

12122. It is a misdemeanor for any party to a sale of a vehicle subject to this chapter in which the sale is a taxable transaction under Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code to report a sales price which is less than the actual sales price of the vehicle and make a false statement in that regard in a document filed with the department within the meaning of Section 20 of this code. The State Board of Equalization shall collect from that party any delinquent sales and use taxes. In addition, the party shall pay any sales and use taxes due and any penalty and interest assessed, plus a mandatory penalty of not less than five hundred dollars ($500) or an amount equal to 100 percent of the tax, whichever is greater.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 669

An act to amend Sections 43.7 and 43.95 of the Civil Code, and to add Section 1134 to the Harbors and Navigation Code, relating to liability.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 43.7 of the Civil Code, as amended by Section 2 of Chapter 1012 of the Statutes of 1984, is amended to read:

43.7. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any member of a duly appointed mental health professional quality assurance committee that is established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code, for any act or proceeding undertaken or performed within the scope of the functions of any such committee which is formed to review and evaluate the adequacy, appropriateness, or effectiveness of the care and treatment planned for, or provided to, mental health patients in order to improve quality of care by mental health professionals if such committee member acts without malice, has made a reasonable

effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after such reasonable effort to obtain facts.

(b) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society, any member of a duly appointed committee of a medical specialty society, or any member of a duly appointed committee of a state or local professional society, or duly appointed member of a committee of a professional staff of a licensed hospital (provided the professional staff operates pursuant to written bylaws that have been approved by the governing board of the hospital), for any act or proceeding undertaken or performed within the scope of the functions of any such committee which is formed to maintain the professional standards of the society established by its bylaws, or any member of any peer review committee whose purpose is to review the quality of medical, dental, dietetic, chiropractic, optometric, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, veterinarians, or psychologists which committee is composed chiefly of physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, veterinarians, or psychologists for any act or proceeding undertaken or performed in reviewing the quality of medical, dental, dietetic, chiropractic, optometric, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, veterinarians, or psychologists or any member of the governing board of a hospital in reviewing the quality of medical services rendered by members of the staff if such professional society, committee, or board member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he, she, or it acts, and acts in reasonable belief that the action taken by him, her, or it is warranted by the facts known to him, her, or it after such reasonable effort to obtain facts. "Professional society" includes legal, medical, psychological, dental, dental hygiene, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, physical therapist, veterinary, licensed marriage, family, and child counseling, licensed clinical social work, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the geographic area served by the particular society.

"Medical specialty society" means an organization having as members at least 25 percent of the eligible physicians within a given professionally recognized medical specialty in the geographic area served by the particular society.

(c) The provisions of this section do not affect the official immunity of an officer or employee of a public corporation.

(d) There shall be no monetary liability on the part of, and no

cause of action for damages shall arise against, any physician and surgeon, podiatrist, chiropractor, or attorney who is a member of an underwriting committee of an interindemnity or reciprocal or interinsurance exchange or mutual company for any act or proceeding undertaken or performed in evaluating physicians and surgeons, podiatrists, chiropractors, or attorneys for the writing of professional liability insurance, or any act or proceeding undertaken or performed in evaluating physicians and surgeons or attorneys for the writing of an interindemnity, reciprocal, or interinsurance contract as specified in Section 1280.7 of the Insurance Code,if the evaluating physician and surgeon, podiatrist, chiropractor, or attorney acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after a reasonable effort to obtain the facts.

(e) This section shall not be construed to confer immunity from liability on any quality assurance committee established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code or hospital. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a quality assurance committee established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code or hospital, such cause of action shall exist as if the preceding provisions of this section had not been enacted.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 43.7 of the Civil Code, as amended by Section 1.8 of Chapter 1081 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 2. Section 43.7 of the Civil Code, as amended by Section 1 of Chapter 1012 of the Statutes of 1984, is amended to read:

43.7. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any member of a duly appointed mental health professional quality assurance committee that is established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code, for any act or proceeding undertaken or performed within the scope of the functions of any such committee which is formed to review and evaluate the adequacy, appropriateness, or effectiveness of the care and treatment planned for, or provided to, mental health patients in order to improve quality of care by mental health professionals if such committee member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after such reasonable

effort to obtain facts.

(b) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society, any member of a duly appointed committee of a medical specialty society, or any member of a duly appointed committee of a state or local professional society, or duly appointed member of a committee of a professional staff of a licensed hospital (provided the professional staff operates pursuant to written bylaws that have been approved by the governing board of the hospital), for any act or proceeding undertaken or performed within the scope of the functions of any such committee which is formed to maintain the professional standards of the society established by its bylaws, or any member of any peer review committee whose purpose is to review the quality of medical, dental, dietetic, chiropractic, optometric, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, veterinarians, or psychologists which committee is composed chiefly of physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, veterinarians, or psychologists for any act or proceeding undertaken or performed in reviewing the quality of medical, dental, dietetic, chiropractic, optometric, or veterinary services rendered by physicians and surgeons, dentists, dental hygienists, podiatrists, registered dietitians, chiropractors, optometrists, veterinarians, or psychologists or any member of the governing board of a hospital in reviewing the quality of medical services rendered by members of the staff if such professional society, committee, or board member acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he, she, or it acts, and acts in reasonable belief that the action taken by him, her, or it is warranted by the facts known to him, her, or it after such reasonable effort to obtain facts. "Professional society" includes legal, medical, psychological, dental, dental hygiene, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, physical therapist, veterinary, licensed marriage, family, and child counseling, licensed clinical social work, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the geographic area served by the particular society.

"Medical specialty society" means an organization having as members at least 25 percent of the eligible physicians within a given professionally recognized medical specialty in the geographic area served by the particular society.

(c) The provisions of this section do not affect the official immunity of an officer or employee of a public corporation.

(d) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any physician and surgeon, podiatrist, or chiropractor who is a member of an underwriting committee of an interindemnity or reciprocal or

interinsurance exchange or mutual company for any act or proceeding undertaken or performed in evaluating physicians and surgeons, podiatrists, or chiropractors for the writing of professional liability insurance, or any act or proceeding undertaken or performed in evaluating physicians and surgeons for the writing of an interindemnity, reciprocal, or interinsurance contract as specified in Section 1280.7 of the Insurance Code, if such evaluating physician or surgeon, podiatrist, or chiropractor acts without malice, has made a reasonable effort to obtain the facts of the matter as to which he or she acts, and acts in reasonable belief that the action taken by him or her is warranted by the facts known to him or her after such reasonable effort to obtain such facts.

(e) This section shall not be construed to confer immunity from liability on any quality assurance committee established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code or hospital. In any case in which, but for the enactment of the preceding provisions of this section, a cause of action would arise against a quality assurance committee established in compliance with Sections 4070 and 5624 of the Welfare and Institutions Code or hospital, such cause of action shall exist as if the preceding provisions of this section had not been enacted.

SEC. 3. Section 43.95 of the Civil Code is amended to read:

43.95. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by such society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of such society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by such society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, dental, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, licensed marriage, family, and child counseling, licensed clinical social work, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the area served by the particular society, or organizations with referral services which have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations which have been established to provide free assistance

or representation to needy patients or clients.

(b) This section shall not apply whenever the professional society, while making a referral to a professional member of such society, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional member. However, there shall be no duty to disclose a disciplinary action in either of the following cases:

(1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred; or

(2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon such professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.

SEC. 4. Section 43.95 of the Civil Code is amended to read:

CHAPTER 670

An act to amend Sections 1394, 1398, 1410.1, and 1540 of, and to repeal and add Section 1410 of, the Water Code, relating to water rights.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1394 of the Water Code is amended to read:

1394. (a) The board may reserve jurisdiction in whole or in part to amend, revise, supplement, or delete terms and conditions in a permit under either of the following circumstances:

(1) If the board finds that sufficient information is not available to finally determine the terms and conditions which will reasonably protect vested rights without resulting in waste of water or which will best develop, conserve, and utilize in the public interest the

water sought to be appropriated, and that a period of actual operation or time for completion of studies will be necessary in order to secure the required information.

(2) If the application or applications being acted upon represent only part of a coordinated project, other applications for the project being pending, and the board finds that the coordinated project requires coordinated terms and conditions which cannot reasonably be decided upon until decision is reached on the other pending applications.

(b) Jurisdiction shall be reserved under this section for no longer period of time than the board finds to be reasonably necessary, and in no case shall jurisdiction be exercised after the issuance of the license. The jurisdicition shall be exercised only after notice to the parties and a hearing. The board's decision or order reserving jurisdiction and the board's decision or order in the exercise of its reserved jurisdiction shall both be subject to reconsideration by the board and judicial review as authorized in this part.

SEC. 2. Section 1398 of the Water Code is amended to read:

1398. (a) The period specified in the permit for beginning construction work, for completion of construction work, for application of the water to beneficial use, or any or all of these periods may, for good cause shown, be extended by the board.

(b) After any hearing on a petition to extend the period or periods, the board may revoke the permit in accordance with Section 1410.

SEC. 3. Section 1410 of the Water Code is repealed.

SEC. 4. Section 1410 is added to the Water Code, to read:

1410. (a) There shall be cause for revocation of a permit if the work is not commenced, prosecuted with due diligence, and completed or the water applied to beneficial use as contemplated in the permit and in accordance with this division and the rules and regulations of the board.

(b) A permit may be revoked under either of the following procedures:

(1) If, after a hearing on a petition for extension of time to complete a project and apply water to beneficial use, the board finds that cause exists to revoke the permit, the board may revoke the permit.

(2) If, after an investigation other than a hearing on a petition for extension of time, it appears that cause exists to revoke a permit, the board shall give notice of proposed revocation in writing, mailed in a sealed, prepaid postage and certified letter to the permittee at his or her last known address. If the permittee fails to request a hearing with the time provided under Section 1410.1, the board shall revoke the permit and declare the water subject to appropriation. After a hearing, when a hearing is requested by the permittee pursuant to Section 1410.1, the board may, upon a finding that cause exists, revoke the permit and declare the water subject to appropriation.

SEC. 5. Section 1410.1 of the Water Code is amended to read:

1410.1. The notice of proposed revocation of the permit pursuant to paragraph (2) of subdivision (b) of Section 1410 shall contain a statement of facts and information upon which the proposed revocation is based, and shall include a statement substantially in the following form:

Unless a written request for a hearing signed by or on behalf of the permittee is delivered or mailed to the board within 15 days after receipt of this notice, the board may act upon the proposed revocation of the permit without a hearing. Any request for a hearing may be made by delivering or mailing the request to the board at the address given on the notice.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature intends for the shark and swordfish permits issued under Article 16 (commencing with Section 8560) of Chapter 2 of Part 3 of Division 6 of the Fish and Game Code and the limited entry experimental permits issued under Article 17 (commencing with Section 8585) of that chapter are to be regulated in nearly the same manner, and the Legislature further intends that the two types of permits be combined when the total permits issued are at or less than the resource can reasonably sustain.

The Legislature finds that it needs additional data to provide the best regulations needed to conform the fishery effort to the capability of the resource. The Department of Fish and Game shall

submit its recommendations to accomplish this intent to the Legislature on or before October 15, 1989.

SEC. 2. Section 8560 of the Fish and Game Code is amended to read:

8560. The Legislature finds and declares as follows:

(a) The drift gill net shark fishery is expanding at a rapid rate.

(b) The principal species taken by the fishery are long-lived and have a low rate of reproduction.

(c) The drift gill net shark fishery affects the important swordfish and marlin fisheries.

(d) The swordfish resource in both California waters and Pacificwide is in a healthy condition.

SEC. 2.5. Section 8560 of the Fish and Game Code is amended to read:

Therefore, the department shall study the drift gill net shark fishery for biological and fishery management purposes and shall prepare a report on the status of the thresher shark and swordfish resources off California and on the effects of the fishery on other resources and submit this report to the Legislature on or before January 1, 1989.

The commission may classify the appellant as a prior permittee if it finds the nonuse of the permit was for reasons beyond the control of the applicant under the circumstances.

(c) The commission may establish conditions for the issuance of a permit if a permittee's drift gill net shark and swordfish permit was previously revoked during a preceding season or if a permittee, who possessed a valid drift gill net shark and swordfish permit during the preceding season, did not apply for renewal of his or her permit on or before April 30.

Every person violating this section shall be liable to the people of this state for each offense in the amount of twice the face value of the assets so purchased.

SEC. 16. Within 45 days of the filing of this act with the Secretary of State, the Commissioner of Corporations, with respect to each state-chartered credit union with aggregate share accounts in the amount of ten million dollars ($10,000,000) or less, as of June 30, 1986, shall notify these credit unions of the new prohibitive practices provisions and penalties of this act.

SEC. 17. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 674

An act to amend Sections 4216 and 4217 of the Government Code, relating to subsurface installations.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 4216 of the Government Code is amended to read:

4216. (a) For purposes of this section the following terms mean:

(1) "Approximate location of subsurface installations" means a strip of land not more than 24 inches on either side of the exterior surface of the subsurface installation." "Approximate location" does not mean depth.

(2) "Excavation" means any operation in which earth, rock, or other material in the ground is moved, removed, or otherwise displaced by means of tools, equipment, or explosives in any of the following ways: grading, trenching, digging, ditching, drilling, auguring, tunneling, scraping, cable or pipe plowing and driving, or any other way.

(7) "State agency" means every state agency, department, division, bureau, board, or commission.

(8) "Subsurface installation" means any underground pipeline, conduit, duct, wire, or other structure, except nonpressurized sewerlines, nonpressurized storm drains, or other nonpressurized drain lines, operated or maintained in or across a public street or

public right-of-way.

(b) Every owner of a subsurface installation, except the Department of Transportation, shall become a member of, participate in, and share in the costs of a regional notification center. Owners of subsurface installations who are members of, participate in, and share in the costs of a regional notification center, including, but not limited to, the South Shore Utility Coordinating Council, the Underground Service Alert—Northern California or the Underground Service Alert—Southern California, on or after July 1, 1984, shall be deemed to be in compliance with the provisions of this section and Section 4217.

(c) Except in an emergency, every person planning to conduct any excavation shall contact the appropriate regional notification center, at least two working days prior to commencing that excavation, if the excavation will be conducted in an area which is known, or reasonably should be known, to contain subsurface installations other than the underground facilities owned or operated by the excavator and, if practical, that person shall delineate with white paint or other suitable markings the area to be excavated. The regional notification center shall provide an inquiry identification number to the person who contacts the center and shall notify any member, if known, who has a subsurface installation in the area of the proposed excavation.

(d) Every person planning to conduct an excavation in a private easement may contact the appropriate regional notification center if the private easement is known, or reasonably should be known, to contain subsurface installations other than the underground facilities owned or operated by the excavator and, if practical, that person shall delineate with white paint or other suitable markings the area to be excavated. The regional notification center shall provide an inquiry identification number to the person who contacts the center and shall notify any member, if known, who has a subsurface installation in the area of the proposed excavation.

(e) Any member who receives timely notification of any proposed excavation work in accordance with subdivision (c) or (d) shall, within two working days of that notification, excluding weekends and holidays, or before the start of the excavation work, whichever is later, or at a later time mutually agreeable to the member and the excavator, locate and field mark the approximate location of subsurface installations which may be affected by the excavation to the extent and degree of accuracy that the information is available either in the records of the member or as determined through the use of standard locating techniques other than excavating, otherwise advise the person who contacted the center of the location of the member's subsurface installations which may be affected by the excavation, or advise the person that the member does not operate any subsurface installations that would be affected by the proposed excavation.

(f) Every member who field marks the location of a subsurface

installation shall make a reasonable effort to make field markings in conformance with the following color code and type of installation:

(1) Safety Red—electric power, distribution, and transmission installations, or municipal electric installations.

(2) High Visibility Safety Yellow—gas distribution and transmission installations, oil distribution and transmission installations, or installations containing or transporting dangerous materials, products, or steam.

If mutually agreeable with the member and the excavator, the excavator may utilize power-operated or power-driven excavating or boring equipment within the approximate location of a subsurface installation and to any depth.

(h) If the exact location of the subsurface installation cannot be determined by hand excavating in accordance with subdivision (g), the excavator shall request the member to provide additional information to the excavator, to the extent that information is available to the member, to enable the excavator to determine the exact location of the installation.

(i) The requirements of this section shall apply to state agencies and to local agencies which own or operate subsurface installations, except as otherwise provided in subdivision (b). A local agency which is required to provide the services described in subdivision (e) may charge a fee in an amount sufficient to cover the cost of providing that service.

(j) (1) Any member or excavator who knowingly and willfully violates this section is subject to a civil penalty in an amount not to exceed five thousand dollars ($5,000). Any penalties imposed pursuant to this section shall be deposited in the General Fund.

(2) This section is not intended to affect any civil remedies otherwise provided by law for personal injury or for property damage, including any damage to subsurface installations, nor is this section intended to create any new civil remedies for those injuries or that damage.

(3) This section shall not be construed to limit any other provision of law granting governmental immunity to state or local agencies or to impose any liability or duty of care not otherwise imposed by law upon any state or local agency.

(k) This section does not exempt any person or corporation from Sections 7951, 7952, and 7953 of the Public Utilities Code.

SEC. 2. Section 4217 of the Government Code is amended to read:

4217. (b) This section does not exempt any person or corporation from Sections 7951, 7952, and 7953 of the Public Utilities Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

CHAPTER 675

An act to add Sections 69953.5 and 72199 to the Government Code, relating to courts.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 69953.5 is added to the Government Code, to read:

69953.5. SEC. 2. Section 72199 is added to the Government Code, to read:

CHAPTER 676

An act to amend Sections 208.5 and 707 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 9, 1986 Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 208.5 of the Welfare and Institutions Code is amended to read:

208.5. Notwithstanding any other provision of law, in any case in which a minor who is detained in or committed to a county institution established for the purpose of housing juveniles attains the age of 18 prior to or during the period of detention or confinement he or she may be allowed to come or remain in contact with those juveniles until the age of 19, at which time he or she, upon the recommendation of the probation officer, shall be delivered to the custody of the sheriff for the remainder of the time he or she remains in custody, unless the juvenile court orders continued detention in a juvenile facility. The person shall be advised of his or her ability to petition the court for continued detention in a juvenile facility at the time of his or her attainment of the age of 19. Notwithstanding any other provision of law, the sheriff may allow such a person to come into and remain in contact with other adults in the county jail or in any other county correctional facility in which he or she is housed.

SEC. 2. Section 707 of the Welfare and Institutions Code is amended to read:

707. (a) In any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any criminal statute or ordinance except those listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit, the juvenile court may find that the minor is not a fit and proper subject to be dealt with under the juvenile court law if it concludes that the minor would not be amenable to the care, treatment, and training program available through the facilities of the juvenile court, based upon an evaluation

of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offense alleged to have been committed by the minor.

A determination that the minor is not a fit and proper subject to be dealt with under the juvenile court law may be based on any one or a combination of the factors set forth above, which shall be recited in the order of unfitness. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing, and no plea which may already have been entered shall constitute evidence at such hearing.

(b) The provisions of subdivision (c) shall be applicable in any case in which a minor is alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of one of the following offenses:

(1) Murder.

(2) Arson of an inhabited building.

(3) Robbery while armed with a dangerous or deadly weapon.

(4) Rape with force or violence or threat of great bodily harm.

(5) Sodomy by force, violence, duress, menace, or threat of great bodily harm.

(6) Lewd or lascivious act as provided in subdivision (b) of Section 288 of the Penal Code.

(7) Oral copulation by force, violence, duress, menace, or threat of great bodily harm.

(8) Any offense specified in Section 289 of the Penal Code.

(9) Kidnapping for ransom.

(10) Kidnapping for purpose of robbery.

(11) Kidnapping with bodily harm.

(12) Assault with intent to murder or attempted murder.

(13) Assault with a firearm or destructive device.

(14) Assault by any means of force likely to produce great bodily injury.

(15) Discharge of a firearm into an inhabited or occupied building.

(16) Any offense described in Section 1203.09 of the Penal Code.

(17) Any offense described in Section 12022.5 of the Penal Code.

(18) Any felony offense in which the minor personally used a weapon listed in subdivision (a) of Section 12020 of the Penal Code.

(19) Any felony offense described in Section 136.1 or 137 of the Penal Code.

(20) Manufacturing, compounding, or selling one-half ounce or more of any salt or solution of a controlled substance specified in

subdivision (e) of Section 11055 of the Health and Safety Code.

(c) With regard to a minor alleged to be a person described in Section 602 by reason of the violation, when he or she was 16 years of age or older, of any of the offenses listed in subdivision (b), upon motion of the petitioner made prior to the attachment of jeopardy the court shall cause the probation officer to investigate and submit a report on the behavioral patterns and social history of the minor being considered for a determination of unfitness. Following submission and consideration of the report, and of any other relevant evidence which the petitioner or the minor may wish to submit the minor shall be presumed to be not a fit and proper subject to be dealt with under the juvenile court law unless the juvenile court concludes, based upon evidence, which evidence may be of extenuating or mitigating circumstances, that the minor would be amenable to the care, treatment, and training program available through the facilities of the juvenile court based upon an evaluation of each of the following criteria:

(1) The degree of criminal sophistication exhibited by the minor.

(2) Whether the minor can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(3) The minor's previous delinquent history.

(4) Success of previous attempts by the juvenile court to rehabilitate the minor.

(5) The circumstances and gravity of the offenses alleged to have been committed by the minor.

A determination that the minor is a fit and proper subject to be dealt with under the juvenile court law shall be based on a finding of amenability after consideration of the criteria set forth above, and findings therefor recited in the order as to each of the above criteria that the minor is fit and proper under each and every one of the above criteria. In making a finding of fitness, the court may consider extenuating or mitigating circumstances in evaluating each of the above criteria. In any case in which a hearing has been noticed pursuant to this section, the court shall postpone the taking of a plea to the petition until the conclusion of the fitness hearing and no plea which may already have been entered shall constitute evidence at the hearing.

(d) If, subsequent to a finding that a minor is an unfit subject to be dealt with under the juvenile court law, the minor is convicted in a court of criminal jurisdiction of an offense listed in subdivision (b) of this section or listed in paragraph (24) of subdivision (c) of Section 1192.7 of the Penal Code, the finding of unfitness which preceded the conviction is applicable to the violation of any law or ordinance defining crime which is alleged to have been committed subsequent to the conviction if the violation would otherwise cause the minor to be a person described in Section 602. The probation officer shall not be required to investigate or submit a report regarding the fitness of a minor for any such subsequent charge. This subdivision shall not be construed to affect the right to appellate review of a finding of

unfitness or the duration of the jurisdiction of the juvenile court as specified in Section 607.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars ($500,000), shall be made from the State Mandates Claims Fund.

CHAPTER 677

An act to amend Sections 58775, 58786, 58787, 58788, 58993, 58994, 58995, and 58999 of, and to repeal and add Sections 58991 and 58992 of, the Food and Agricultural Code, relating to marketing orders.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 58775 of the Food and Agricultural Code is amended to read:

58775. To provide the director with accurate and reliable information, if that information is not then on file in the department, regarding the persons that may be directly affected by the provisions of any proposed marketing order for any commodity, the director shall, if he or she has reason to believe that the issuance of a marketing order will tend to effectuate the declared policy of this chapter, or upon receipt of a written application for a hearing pursuant to Section 58771, notify all handlers of the commodity to file with the director, within 30 days from the last date of the notice, a report, properly certified, which shows all of the following:

(a) The correct name and address of such handler.

(b) The quantities of the commodity that are affected by the proposed marketing order which were handled by the handler in the marketing season next preceding the filing of the report or the current marketing season if the harvest and delivery of the commodity to handlers is complete.

(c) The correct name and address of every producer of the commodity, that may be directly affected by the proposed marketing order, from whom the handler received the commodity in the marketing season next preceding the filing of the report or the current marketing season if the harvest and delivery of the commodity to handlers is complete.

(d) The director may also require all handlers to report quantities of the commodity which were received by the handler from each producer in the marketing season next preceding the filing of the

report or the current marketing season if the harvest and delivery of the commodity to handlers is complete.

SEC. 2. Section 58786 of the Food and Agricultural Code is amended to read:

58786. At a public hearing which is held to consider a proposed marketing order or major amendments to an existing marketing order, the director shall also receive evidence from which the director can determine whether the assent, approval, or favor of the producers, handlers, or processors affected shall be determined by written assents or by referendum as prescribed in Article 12 (commencing with Section 58991).

SEC. 3. Section 58787 of the Food and Agricultural Code is amended to read:

58787. Upon the conclusion of the hearing, the director shall make a finding which is based upon the evidence received, whether assent, approval, or favor shall be determined by written assents or by referendum.

SEC. 4. Section 58788 of the Food and Agricultural Code is amended to read:

58788. If the director finds that a referendum shall be had, the director shall direct that a referendum be held in accordance with Sections 58991 to 58998, inclusive. If a referendum is conducted, the director is not required, with respect to the assent, approval, or favor, to make a finding pursuant to Section 58785 concerning, or to fix and limit, the period during which assents may be received by the director.

SEC. 5. Section 58991 of the Food and Agricultural Code is repealed.

SEC. 6. Section 58991 is added to the Food and Agricultural Code, to read:

58991. A marketing order or major amendment to it, which directly affects handlers, that is issued pursuant to this chapter, shall not become effective unless and until the director finds one of the following has occurred:

(b) It has been assented to in writing by handlers that handle not less than 65 percent of the volume of the commodity which is regulated by the marketing order.

(c) It has been approved by handlers in a referendum among handlers that are directly affected. The director may make the finding pursuant to this subdivision if the valid votes cast in the referendum represent not less than 40 percent of the total number of handlers of the commodity of record with the department, and if the handlers that cast ballots in the referendum in favor of the marketing order or amendment to it represent not less than 65 percent of the total number of handlers that cast ballots in the

referendum and handled not less than 51 percent of the total quantity of the commodity which was marketed in the next preceding marketing season, or the current marketing season if the harvest and delivery of the commodity to handlers is complete, by all of the handlers that cast ballots in the referendum, or if the handlers that cast ballots in the referendum in favor of the marketing order or amendment represent not less than 51 percent of the total number of handlers that cast ballots in the referendum and handled not less than 65 percent of the total quantity of the commodity which was handled in the next preceding marketing season, or the current marketing season if the harvest and delivery of the commodity to handlers is complete, by all of the handlers who cast ballots in the referendum. The quantity of the commodity handled by the handler may be stated on the referendum ballot returned by each handler or may be obtained by requiring handlers to report that volume pursuant to Section 58775.

SEC. 7. Section 58992 of the Food and Agricultural Code is repealed.

SEC. 8. Section 58992 is added to the Food and Agricultural Code, to read:

58992. Any marketing order or major amendment to it which directly affects processors that are engaged in the operation of canning of fresh fruits or vegetables or canning or packing of dried fruits shall not be made effective by the director unless and until the director finds one of the following has occurred:

(b) It has been approved by processors in a referendum among processors that are directly affected. The director may make the finding pursuant to this subdivision if the valid votes cast in the referendum represent not less that 40 percent of the total number of processors of the commodity of record with the department, and if the processors that cast ballots in the referendum in favor of the marketing order or amendment to it represent not less than 65 percent of the total number of processors that cast ballots in the referendum and processed not less than 51 percent of the total quantity of the commodity which was marketed in the next preceding marketing season, or the current marketing season if the harvest and delivery of the commodity to processors is complete, by all of the processors that cast ballots in the referendum, or if the processors that cast ballots in the referendum in favor of the marketing order or amendment represent not less than 51 percent of the total number of processors that cast ballots in the referendum

The quantity of the commodity processed by the processor may be stated on the referendum ballot returned by each processor or may be obtained by requiring processors to report that volume pursuant to Section 58775.

SEC. 9. Section 58993 of the Food and Agricultural Code is amended to read:

(a) It has been assented to in writing by not less than 65 percent of the producers that are engaged, within the area specified in the marketing order or amendment to it, in the production for market, or engaged in the producer marketing, of not less than 51 percent of the commodity which is specified in the marketing order or the amendment to the marketing order in commercial quantities.

(b) It has been assented to in writing by producers that produce not less than 65 percent of the volume of the commodity and by 51 percent of the total number of producers that are so engaged.

(c) It has been approved by producers in a referendum among producers that are directly affected. The director may make the finding if the valid votes cast in the referendum represent not less than 40 percent of the total number of producers of the commodity of record with the department, and if the producers that cast ballots in the referendum in favor of the marketing order or amendment to it represent not less than 65 percent of the total number of producers that cast ballots in the referendum and marketed not less than 51 percent of the total quantity of the commodity which was marketed in the next preceding marketing season, or the current marketing season if the harvest and delivery of the commodity to handlers is complete, by all of the producers that cast ballots in the referendum or if the producers that cast ballots in the referendum in favor of the marketing order or amendment represent not less than 51 percent of the total number of producers that cast ballots in the referendum and marketed not less than 65 percent of the total quantity of the commodity which was marketed in the next preceding marketing season, or the current marketing season if the harvest and delivery of the commodity to handlers is complete, by all of the producers who cast ballots in the referendum. The quantity of the commodity delivered by the producer may be stated on the referendum ballot returned by each producer or may be obtained by requiring handlers to report that volume pursuant to Section 58775.

SEC. 10. Section 58994 of the Food and Agricultural Code is amended to read:

SEC. 11. Section 58995 of the Food and Agricultural Code is amended to read:

58995. If the director determines that it should be by referendum, the director shall establish a referendum period not to exceed 30 days. If the director determines that the referendum period so established does not provide sufficient time for the balloting, the director may extend the referendum period not more than 15 additional days. At the close of the referendum period, the director shall count and tabulate the ballots filed during the referendum period.

SEC. 12. Section 58999 of the Food and Agricultural Code is amended to read:

58999. In finding whether the marketing order or major amendment to it is assented to in writing or approved or favored by producers pursuant to the provisions of this chapter, the director shall consider the approval of any nonprofit agricultural cooperative marketing association, which is authorized by its members so to assent, as being the assent, approval, or favor of the producers that are members of, or stockholders in, that nonprofit agricultural cooperative marketing association.

CHAPTER 678

An act to amend Sections 9102.5 and 27906 of, and to add Section 25257.2 to, the Vehicle Code, relating to schoolbuses.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 9102.5 of the Vehicle Code is amended to read:

9102.5. (a) In lieu of all other fees which are specified in this code, except fees for duplicate plates, certificates, or cards, a fee of ten dollars ($10) shall be paid for the registration and licensing of any privately owned schoolbus, as defined in Section 545, which is either of the following:

(1) Owned by a private nonprofit educational organization and operated in accordance with the rules and regulations of the Department of Education and the Department of the California Highway Patrol exclusively in transporting school pupils, or school pupils and employees, of the private nonprofit educational organization.

(2) Operated in accordance with the rules and regulations of the Department of Education and the Department of the California Highway Patrol exclusively in transporting school pupils, or school pupils and employees, of any public school or private nonprofit educational organization pursuant to a contract between a public school district or nonprofit educational organization and the owner or operator of the schoolbus.

This section does not apply to any schoolbus which is operated pursuant to any contract which requires the public school district or nonprofit educational organization to pay any amount representing the costs of registration and weight fees unless and until the contract is amended to require only the payment of an amount representing the fee required by this section.

(b) When a schoolbus under contract and registered pursuant to subdivision (a) is to be temporarily operated in such a manner that it becomes subject to full registration fees specified in this code, the owner may, prior to that operation, as an alternative to the full registration, secure a temporary permit to operate the vehicle in this state for any one or more calendar months. The permit shall be posted upon the windshield or other prominent place upon the vehicle, and shall identify the vehicle to which it is affixed. When so affixed, the permit shall serve as indicia of full registration for the period designated on the permit. Upon payment of the fees specified in Section 9266.5, the department may issue a temporary permit under this section.

(c) Notwithstanding any other provision, any schoolbus used exclusively to transport students at or below the 12th-grade level to or from any school, for an education-related purpose, or for an activity sponsored by a nonprofit organization shall be deemed to be a schoolbus for the purposes of this section and shall pay a fee of ten dollars ($10) in lieu of all other fees which are specified in this code, except fees for duplicate plates, certificates, or cards.

(d) This section does not apply to a schoolbus, operated to transport persons who are developmentally disabled, as defined by the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code), to or from vocational, prevocational, or work training centers sponsored by the State Department of Developmental Services.

SEC. 2. Section 25257.2 is added to the Vehicle Code, to read:

25257.2. Any schoolbus which is also used for the transportation of persons of any age who are developmentally disabled, as defined by the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code), may be equipped with a flashing red light signal system when transporting those persons. However, the flashing red light signal system shall not be lighted at any time while engaged in the transportation of those persons.

SEC. 3. Section 27906 of the Vehicle Code is amended to read:

27906. (a) Every schoolbus, while being used for the

transportation of school pupils at or below the 12th-grade level shall bear upon the front and rear of the bus a plainly visible sign containing the word "schoolbus" in letters not less than eight inches in height. The letters on schoolbus signs shall be of proportionate width.

Except as provided in subdivision (b), no other vehicle shall display a sign containing the word "schoolbus."

(b) Notwithstanding subdivision (a), a schoolbus which is also used to transport persons of any age who are developmentally disabled, as defined by the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code), may display a sign containing the word "schoolbus" while transporting those persons to or from vocational, prevocational, or work training centers sponsored by the State Department of Developmental Services.

CHAPTER 679

An act to amend Section 20134 of the Public Contract Code, relating to jail facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 20134 of the Public Contract Code is amended to read:

20134. (a) In cases of great emergency, including, but not limited to, states of emergency described in Section 8558 of the Government Code, when repair or replacements are necessary to permit the continued conduct of county operations or services, or to avoid danger to life or property, the board of supervisors, by majority consent, may proceed at once to replace or repair any and all structures without adopting the plans, specifications, strain sheets, or working details or giving notice for bids to let contract. The work may be done by day labor under the direction of the board, by contract, or by a combination of the two. If the work is done wholly or in part by contract, the contractor shall be paid the actual cost of the use of machinery and tools and of material, and labor and of workers' compensation insurance expended by him or her in doing

the work, plus not more than 15 percent to cover all profits and administration. No more than the lowest current market prices shall be paid for materials whenever possible.

(b) In a county of the first, second, or third class, which is under court order to relieve jail overcrowding or in which the sheriff certifies that the inmate capacity of the county jail system is exceeded by more than 20 percent and that the overpopulation is likely to continue and poses a threat to public safety, health, and welfare, the board of supervisors may contract for the construction or expansion of jail facilities without the formality of obtaining bids, adopting plans and specifications, or complying with other requirements of this article, except as required by this subdivision. The person to whom the contract is awarded shall execute a bond for faithful performance in accordance with Section 20129. Any plans and specifications adopted by the board may only be altered or changed in accordance with Section 20135 and all contracts awarded pursuant to this subdivision may only be altered or changed in accordance with Sections 20136, 20137, and 20138. The award of the contract shall be made after a public hearing on the basis of a request for proposals advertised in accordance with Section 6062 or 6062a of the Government Code. The contract may be awarded only to a contractor who has responded to the request for proposals and who is licensed to do the work in accordance with Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code. The contract shall be upon terms which the board determines are necessary for the expeditious completion of the work. A contract shall not be entered into unless at least three proposals to do the work have been evaluated by a competitive process established by the board. If the board does not select the lowest bidder, it shall make a finding stating the reasons that the lowest bidder was not selected.

(c) Construction or expansion of jail facilities as authorized under this section shall not commence in a county of the third class without the affirmative vote of a majority of the city council of the incorporated city within which the construction or expansion is proposed.

(d) The board of supervisors may waive the requirements of Chapter 5 (commencing with Section 5100) of Part 1 of Division 2 of the Public Contract Code for work performed pursuant to subdivision (a) or (b).

SEC. 2. The Legislature finds that there are unique problems in counties of the first, second, and third class and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution and that the enactment of this act is necessary for the solution of those problems.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that counties whose facilities for housing prisoners are severely overcrowded may relieve those conditions of overcrowding at the earliest possible time by commencing the construction or replacement of county jail facilities in accordance with procedures authorized by this act, it is necessary that this act go into immediate effect.

CHAPTER 680

An act to amend Sections 18205.5 and 18210 of, and to add Section 18017 to, the Financial Code, relating to industrial loan companies.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 18017 is added to the Financial Code, to read:

18017. "Assets," as used in this division, means all assets excluding intangibles.

SEC. 2. Section 18205.5 of the Financial Code is amended to read:

18205.5. Notwithstanding any other provision of this division, an industrial loan company may make a loan or acquire an obligation which is repayable in unequal periodic payments during its term, and which is secured by either real property or personal property, or both, provided that it is not a consumer loan or a consumer obligation subject to subdivision (b) of Section 18210. In order to ensure the safety and soundness of industrial loan companies and to avoid an unreasonable concentration of loans and obligations that could result in balloon payments, all these loans and obligations with a term in excess of 10 years shall be repaid in substantially equal weekly, semimonthly, monthly, or quarterly installments during the term. For purposes of this section, "real property" means real property other than home loans and other residential real property loans subject to Title VIII (Alternative Mortgage Transaction Parity Act of 1982) of the Garn-St. Germain Depository Institutions Act of 1982, as those terms are defined in Part 541 of Title 12 of the Code of Federal Regulations, as amended.

SEC. 3. Section 18210 of the Financial Code is amended to read:

18210. (a) Except as provided in Sections 18205.5 and 18209 and subject to subdivisions (b) and (d), an industrial loan company shall not make any loan or purchase or discount any note secured primarily by real property unless the loan or other obligation is repayable in substantially equal weekly, semimonthly, monthly, or quarterly installments during its term which shall not exceed 15 years from the date the loan or other obligation is made or acquired by the company.

(b) Any consumer loan or any purchase or discount of any consumer obligation having a term in excess of three years from the date the loan or other obligation is made or acquired by the company shall be secured solely by real property or solely by personal property. However, if the original principal amount of the consumer loan or obligation is twenty thousand dollars ($20,000) or more, then the loan or obligation shall be secured solely by real property or solely by personal property, or by both real property and personal property. All loans and obligations made and purchased pursuant to this subdivision shall be repayable in installments and within a term not to exceed the limitations set forth in subdivision (a), except that consumer loans or obligations secured solely by personal property shall have a term not to exceed the term provided for in Section 18205 and except as otherwise may be provided for in Sections 18207, 18208, and 18209.

(c) Notwithstanding any other provision of this division, an industrial loan company may make loans and acquire or discount obligations having a term in excess of three years secured primarily by real property pursuant to subdivision (a) or secured solely or primarily by real property pursuant to subdivision (b), provided that all of the loans and obligations in excess of three years shall not in the aggregate exceed 50 percent of the industrial loan company's total assets.

(d) (1) In order to ensure the safety and soundness of industrial loan companies and to avoid an unreasonable concentration of loans and obligations that could result in balloon payments, all loans and obligations specified in subdivision (c) with a term in excess of 10 years shall be repaid in substantially equal weekly, semimonthly, monthly, or quarterly installments during their term.

(2) In the event paragraph (1) is held invalid by any court of competent jurisdiction as preempted by, or in violation of, any federal law, then the aggregate of all loans and obligations having a term in excess of 10 years secured solely or primarily by real property and having other than substantially equal weekly, semimonthly, monthly or quarterly installments during their term shall not exceed 1 percent of an industrial loan company's assets.

(b) The application for the order shall be in writing and made three days prior to the preliminary hearing.

(c) Upon timely receipt of the application, the magistrate shall order that the testimony of the victim given at the preliminary hearing be taken and preserved on video tape. The video tape shall be transmitted to the clerk of the court in which the action is pending.

(d) If at the time of trial the court finds that further testimony would cause the victim emotional trauma so that the victim is medically unavailable or otherwise unavailable within the meaning of Section 240 of the Evidence Code, the court may admit the video tape of the victim's testimony at the preliminary hearing as former testimony under Section 1291 of the Evidence Code.

(e) Any video tape which is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the victim. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(f) Any video tape made pursuant to this section shall be made available to the prosecuting attorney, the defendant, and his or her attorney for viewing during ordinary business hours. Any video tape which is made available pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the victim.

9054. Rakes, airlifts, or other handheld appliances may be used to take sea urchins under a revocable, nontransferable permit issued by the department, subject to regulations prescribed by the commission. The commission may, whenever necessary to prevent overutilization or to ensure efficient and economic operation of the fishery, limit the number of permits which may be issued. The commission, as it determines appropriate to protect the resource, may limit the number of permits either on a statewide basis or within selected geographical areas.

CHAPTER 683

An act to amend Section 13021 of the Unemployment Insurance Code, relating to income tax withholding.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

SECTION 1. Section 13021 of the Unemployment Insurance Code is amended to read:

13021. (a) Every employer required to withhold any tax under Section 13020 shall for each calendar quarter, whether or not wages are paid in the quarter, file a withholding return in a form prescribed by the department, and pay over the taxes so required to be withheld. (b) The employer shall remit the total amount of income tax withheld during each first or second month of each calendar quarter, on or before the 16th day of the second calendar month or within three banking days of the 19th day of the third calendar month, respectively, if the income tax withheld for that month is more than

three hundred fifty dollars ($350).

(c) The employer shall remit the total amount of income tax withheld from the first through the 19th calendar day of the third month of each calendar quarter, within three banking days of the 19th day of the third month if the income tax withheld for that period is more than two hundred twenty-two dollars ($222). Notwithstanding Section 1112, no interest or penalties shall be assessed against any employer who remits at least 95 percent of the amount required by this subdivision provided that the failure is not willful and any remaining amount due is paid with the next payment.

(d) Notwithstanding subdivision (b) or (c), whenever for federal income tax purposes under Section 6302 of the Internal Revenue Code, and regulations adopted thereto, the employer is required to remit the total amount of income tax withheld within three banking days following the close of each eighth-monthly period (first through third day, fourth through seventh day, eighth through 11th day, 12th through 15th day, 16th through 19th day, 20th through 22nd day, 23rd through 25th day, and 26th through last day of month), the employer shall remit the total amount of income tax withheld for state income tax purposes for each eighth-monthly period within three banking days following the close of each eighth-monthly period if the income tax withheld for that period is more than seventy-five dollars ($75). (f) For the purpose of this section, payment is deemed complete when it is placed in a properly addressed envelope, bearing the correct postage, and it is deposited in the United States mail.

(g) The amendment to this section made by the act adding this subdivision shall become operative on and after January 1, 1984.

CHAPTER 684

An act to add Chapter 3 (commencing with Section 14999.30) to Part 5.7 of Division 3 of Title 2 of the Government Code, relating to film permits.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby reaffirms its intent to encourage local governments to develop uniform procedures for issuing film permits and to charge only reasonable fees for the use of agency property or employee services not exceeding the cost of providing the property or services.

The Legislature further recognizes that while all local governments do not require film permits, if a city, county, city or county does require a film permit, then the city, county, city or county is hereby encouraged to adopt and to utilize the uniform application and issuance established by this act process.

SEC. 2. Chapter 3 (commencing with Section 14999.30) is added to Part 5.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 3. UNIFORM FILM PERMIT

14999.30. This chapter shall be known and may be cited as the Uniform Film Permit Act.

14999.31. The California Film Office shall encourage the use of the uniform application form described in Section 14999.32 for obtaining a local permit to engage in film production within the jurisdiction of a county, city, or city and county. As used in this chapter "film" includes, but is not limited to, feature motion pictures, video tapes, television motion pictures, commercials, and stills. "Production" means the activity of making a film for commercial or noncommercial purposes on property owned by a county, city, or city and county or on private property within the jurisdiction of a county, city, or city and county.

14999.32. The uniform film permit application form shall include all of the following provisions:

(a) The name, address, and telephone number of the applicant or duly authorized representative, and, if available, of the director, first assistant director, unit production manager, or location manager.

(b) The name and address of the individual or production company to whom the permit is to be issued.

(c) The type of the production or project.

(d) The date(s), time(s), and location(s) (including preparation and striking days).

(e) A brief description of the proposed filming activity, including

any other activity which would affect the use of public facilities in the area.

(f) An estimate of the number of individuals in cast and crew.

(g) An estimate of the types and number of vehicles.

(h) If an applicant intends to use either wild animals, chemicals, explosives or fire, or intends to engage in any other hazardous activity, a statement to that effect.

(i) Any additional information the county, city, or city and county deems necessary.

14999.33. (a) If a county, city, or city and county requires a film permit, it is encouraged to use the uniform film permit application form when processing film permit applications. Those jurisdictions participating in the regional permit pilot project pursuant to Section 14998.15 are also encouraged to work within the provisions of this chapter.

(b) A completed uniform film permit application which has been approved by the county, city, or city and county shall constitute the local film permit.

14999.34. This chapter shall apply to any city, including any charter city.

CHAPTER 685

An act to add and repeal Section 53077.5 of the Government Code, relating to local agencies.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 53077.5 is added to the Government Code, to read:

53077.5. (a) Except as otherwise provided in subdivision (b), any local agency which imposes any fees or charges on a residential development for the construction of public improvements or facilities shall not require the payment of those fees or charges, notwithstanding any other provision of law, until the date of the final inspection, or the date the certificate of occupancy is issued, whichever occurs last, provided, that utility service fees may be collected at the time an application for utility service is received. If the residential development contains more than one dwelling, the local agency may determine whether the fees or charges shall be paid on a pro rata basis for each dwelling when it receives its final inspection or certificate of occupancy, whichever occurs last; on a pro rata basis when a certain percentage of the dwellings have received their final inspection or certificate of occupancy, whichever occurs last; or on a lump-sum basis when the last dwelling in the

development receives its final inspection or certificate of occupancy, whichever occurs first.

(b) Notwithstanding subdivision (a), the local agency may require the payment of those fees or charges at an earlier time if (1) the local agency determines that the fees or charges will be collected for public improvements or facilities for which an account has been established and funds appropriated and for which the local agency has adopted a proposed construction schedule or plan prior to final inspection or issuance of the certificate of occupancy or (2) the fees or charges are to reimburse the local agency for expenditures previously made. "Appropriated," as used in this subdivision, means authorization by the governing body of the local agency for which the fee is collected to make expenditures and incur obligations for specific purposes.

(c) "Local agency," as used in this section, means a county, city, or city and county, whether general law or chartered, or district. "District" means an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.

(d) This section applies only to fees collected by a local agency to fund the construction of public improvements or facilities. It does not apply to fees collected to cover the cost of code enforcement or inspection services, or to other fees collected to pay for the cost of enforcement of local ordinances or state law.

(e) "Final inspection" or "certificate of occupancy," as used in this section, have the same meaning as described in Sections 305 and 307 of the Uniform Building Code, International Conference of Building Officials, 1985 Edition.

(f) The Legislative Analyst shall submit a report to the Legislature by January 1, 1992, which evaluates the implementation of this section. In preparing the report, the Legislative Analyst shall consult with individuals and associations who, in the opinion of the Legislative Analyst, are knowledgeable about the impact of this section. Those individuals and associations shall include, but not be limited to, representatives of builders, landowners, planners, civil engineers, land surveyors, counties, cities, school districts, special districts, and public utilities.

(g) This section shall remain in effect only until January 1, 1993, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 1993, deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act does not mandate a new program or higher level of service on local government. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 4 (commencing with Section 17550) of Part 7 of Division 2 of Title 2 of the Government Code.

CHAPTER 686

An act to add Section 4800.8 to the Civil Code, relating to family law.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 4800.8 is added to the Civil Code, to read:

4800.8. The court shall make whatever orders are necessary or appropriate to assure that each party receives his or her full community property share in any retirement plan, whether public or private, including all survivor and death benefits, including, but not limited to, either of the following:

(a) Order the division of any retirement benefits payable upon or after the death of either party in a manner consistent with Section 4800.

(b) Order a party to elect a survivor benefit annuity or other similar election for the benefit of the other party, as specified by the court, in any case in which a retirement plan provides for such an election.

SEC. 2. It is the intent of the Legislature to abolish the terminable interest rule set forth in Waite v. Waite, 6 Cal. 3d 461, and Benson v. City of Los Angeles, 60 Cal. 2d 355, in order that retirement benefits shall be divided in accordance with Section 4800.

CHAPTER 687

An act to amend Sections 5301, 5302, and 5305 of, and to repeal Article 6 (commencing with Section 8200) of Chapter 4 of Division 3 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 5301 of the Vehicle Code, as added by Chapter 695 of the Statutes of 1982, is amended to read:

5301. Notwithstanding any other provision of this code and Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code, the registered owner or lessee of a fleet of vehicles consisting of commercial motor vehicles or commercial trailers, proportionately registered commercial trailers base plated in the state under Article 5 (commencing with Section 8150) of Chapter 4, or passenger automobiles may, upon payment of appropriate fees,

apply to the department for permanent license plates or decals and registration cards.

Fleets shall consist of at least 500 vehicles to qualify for this program. However, the department may provide for permanent fleet registration through an association providing a combination of fleets of vehicles of more than 1,000 vehicles with no individual fleet of fewer than 100 vehicles. An association submitting an application of participation in the program shall provide within the overall application a listing identifying the owner of each fleet and the vehicles within each fleet. Identification of the vehicles as provided in this article applies to the ownership of the vehicles and not the association submitting the application.

SEC. 2. Section 5302 of the Vehicle Code is amended to read:

5302. (a) Vehicles registered in any state other than California shall not be permitted to participate in this program.

(b) Section 4604 does not apply to vehicles registered under this article.

(c) The department may conduct an audit of the records of each fleet owner or lessee of the vehicle fleets electing to participate in the program. The department shall be fully reimbursed by the fleet owner or lessee for the costs of conducting the audits.

(d) Vehicles registered under this article shall display in a conspicuous place on both the right and the left side of each motor vehicle and on both the right and left side or on the front and rear of each trailer, the name, trademark, or logo of the company. The display of the name, trademark, or logo shall be in letters in sharp contrast to the background and shall be of such size, shape, and color as to be readily legible during daylight hours from a distance of 50 feet.

SEC. 3. Section 5305 of the Vehicle Code is amended to read:

5305. In addition to any other fees due for vehicles registered pursuant to this article, the department may charge and collect a service fee of one dollar ($1) for each fleet vehicle at the time the initial application is submitted to the department and at the time of registration renewal of each fleet vehicle, except that the department may charge and collect a service fee of two dollars ($2) for each proportionately registered commercial trailer upon initial application for, and upon renewal of, registration.

SEC. 4. Article 6 (commencing with Section 8200) of Chapter 4 of Division 3 of the Vehicle Code is repealed.

CHAPTER 688

An act to amend Sections 56839, 57081, and 65927 of the Government Code, relating to local agencies.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 56839 of the Government Code is amended to read:

56839. (a) If a majority of the members of each of the legislative bodies of two or more local agencies adopt substantially similar resolutions of application making proposals either for the consolidation of districts or for the reorganization of all or any part of the districts into a single local agency, the commission shall approve, or conditionally approve, the proposal. The commission shall authorize the board of supervisors to order the consolidation or reorganization without an election, except as otherwise provided in subdivision (b) of Section 57081.

(b) Before ordering any material change in the provisions or the terms and conditions of the consolidation or reorganization, as set forth in the proposals of the local agencies, the commission shall direct the executive officer to give each local agency mailed notice of that change. The commission shall not, without the written consent of all local agencies, take any further action on the consolidation or reorganization for 30 days following that mailing. Upon written demand by any of the districts, filed with the executive officer during that 30-day period, the commission shall make determinations upon the proposals only after notice and hearing proposals. If no written demand is filed, the commission may make those determinations without notice and hearing.

SEC. 2. Section 57081 of the Government Code is amended to read:

57081. (a) If authorized by the commission pursuant to Section 56839, the conducting authority shall conduct proceedings for the consolidation of districts or the reorganization of all or any part of those districts into a single local agency pursuant to this section. The conducting authority shall hold at least one noticed public hearing on the proposal within 30 days after approval of the application by the commission. After the conclusion of the hearing, the conducting authority shall order the consolidation or reorganization without an election, except as otherwise provided in subdivision (b).

(b) An election shall only be held if the conducting authority finds either of the following:

(1) In the case of inhabited territory, that a petition requesting that the proposal be submitted to confirmation by the voters has been signed by either of the following:

(A) At least 25 percent of the number of landowners within the territory subject to the consolidation or reorganization who own at least 25 percent of the assessed value of land within the territory.

(B) At least 25 percent of the voters entitled to vote as a result of residing within, or owning land within, the territory.

(2) In the case of a landowner-voter district, that the territory is uninhabited and a petition requesting that the proposal be submitted to confirmation by the voters has been signed by at least 25 percent of the number of landowners within the territory subject to the consolidation or reorganization, owning at least 25 percent of the assessed value of land within the territory.

(c) The petition shall be filed with the conducting authority within 30 days after the public hearing required by subdivision (a) has been held. If a petition has been filed, the conducting authority shall approve the proposal subject to confirmation by the voters of the district pursuant to Sections 57077 and 57103.

SEC. 3. Section 65927 of the Government Code is amended to read:

65927. "Development" means, on land, in or under water, the placement or erection of any solid material or structure; discharge or disposal of any dredged material or of any gaseous, liquid, solid, or thermal waste; grading, removing, dredging, mining, or extraction of any materials; change in the density of intensity of use of land, including, but not limited to, subdivision pursuant to the Subdivision Map Act (commencing with Section 66410 of the Government Code), and any other division of land except where the land division is brought about in connection with the purchase of such land by a public agency for public recreational use; change in the intensity of use of water, or of access thereto; construction, reconstruction, demolition, or alteration of the size of any structure, including any facility of any private, public, or municipal utility; and the removal or harvesting of major vegetation other than for agricultural purposes, kelp harvesting, and timber operations which are in accordance with a timber harvesting plan submitted pursuant to the provisions of the Z'berg-Nejedly Forest Practice Act of 1973 (commencing with Section 4511 of the Public Resources Code).

As used in this section, "structure" includes, but is not limited to, any building, road, pipe, flume, conduit, siphon, aqueduct, telephone line, and electrical power transmission and distribution line.

Nothing in this section shall be construed to subject the approval or disapproval of final subdivision maps to the provisions of this chapter.

"Development" does not mean a "change of organization", as defined in Section 56021 or a "reorganization", as defined in Section 56073.

CHAPTER 689

An act to add and repeal Article 5 (commencing with Section 872.570) of Chapter 2 of Title 10.5 of Part 2 of the Code of Civil Procedure, relating to real property.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

CHAPTER 690

An act to amend Sections 14, 14.1, 14.2, and 14.3 of, to repeal and add Section 8.4 of, and to repeal Section 8.5 of, the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), relating to the Riverside County Flood Control and Water Conservation District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 9, 1986 Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 8.4 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is repealed.

SEC. 1.2. Section 8.4 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 8.4. The annexation and detachment of territory from Zone 6 of the district by the repeal and reenactment of Section 8 by Chapter 271 of the Statutes of 1984 shall be complete and effective on the effective date of this section. A statement and map of this boundary change shall be filed in accordance with Chapter 8 (commencing with Section 54900) of Division 2 of Title 5 of the Government Code. The taxes and assessments previously levied by the Coachella Valley Water District on the territory annexed to the Riverside County Flood Control and Water Conservation District by this boundary change shall be allocated to the Riverside County Flood Control and Water Conservation District. The taxes and assessments previously levied by the Riverside County Flood Control and Water Conservation District on the territory detached from that district by this boundary change shall be allocated to the Coachella Valley Water District.

SEC. 1.4. Section 8.5 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is repealed.

Section 14 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 14. (a) The board of supervisors of the district shall have power in any year to do both of the following:

(1) Levy an ad valorem tax or assessment upon all taxable property in the district to pay the costs and expenses of the Riverside County Flood Control and Water Conservation District and to carry out any of the objects or purposes of this act of common benefit to the district as a whole; provided, however, that the ad valorem tax or assessment shall not exceed two and one-half cents ($0.025) on

each one hundred dollars ($100) of assessed valuation.

(2) Levy an ad valorem tax or assessment upon all taxable property in each or any of the zones, according to the benefits derived or to be derived by the respective zones to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to the respective zones, including the constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or improvements within the respective zones. Except as provided in subdivisions (b) and (c), in the case of any assessment under this act, the benefit may be determined on the basis of the proportionate storm water runoff from each parcel.

(b) Whenever a railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way is included within an area proposed to be assessed, the railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way shall be subject to the assessment only if, and to the extent that, it is found that it will benefit from the service, and the railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way shall be subject to the same penalties, and the same procedure and sale, in the event of delinquencies, as other parcels in the assessment area. In determining whether or not the railroad, gas, water, telephone, cable television, electric utility right-of-way, electric line right-of-way, or other utility right-of-way benefits from the services provided, its use as a right-of-way for a railroad, gas, water, telephone, cable television, electric, or other utility shall be presumed to be permanent.

(c) Proportionate storm water runoff may be used as a measure of benefit on an undeveloped parcel of land pursuant to this section only if, and to the extent that, it is found that it will benefit from the service.

For the purposes of this section, "undeveloped parcel of land" means a parcel of rural land in its undeveloped natural state, although the land may be grazed, if otherwise undisturbed, in a manner consistent with the normally accepted grazing land management practices for that geographic area. "Undeveloped parcel of land" also includes wetlands and marshlands if undisturbed and subject to periodic inundation. For purposes of this section, "rural land" is land which is outside of an urbanized area as designated by the most recent federal decennial census of the United States Bureau of the Census.

(d) The taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from the taxes or assessments shall be paid into the county treasury to the credit of the district and the board of supervisors of the district shall have the power to control and order the expenditure thereof for those purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of

paragraph (2) of subdivision (a) shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone except joint projects or joint works of improvement in two or more zones or works of improvement which are for the common benefit of two or more zones; and provided further, however, that the aggregate taxes or assessments levied under this act for any one fiscal year shall not exceed forty cents ($0.40) on each one hundred dollars ($100) of assessed valuation of the taxable property in the zones exclusive of any tax levied to meet the bonded indebtedness of any of the zones and the interest thereon.

SEC. 2. Section 14.1 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 14.1. The board of supervisors of the district may issue negotiable promissory notes, pursuant to Sections 14.2 and 14.3, bearing interest at a rate not exceeding the rate specified in Section 53531 of the Government Code. The promissory notes shall be general obligations of the district or any zone or zones thereof payable from revenue, taxes, or assessments, unless paid from other available funds of the district or zones or zones thereof, in the same manner as bonds of the district.

SEC. 3. Section 14.2 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 14.2. The board of supervisors of the district may issue negotiable promissory notes pursuant to this section for any district purpose except those purposes specified in Section 14.3. The maturity of the promissory note shall not be later than seven years from the date thereof. The total aggregate amount of the promissory notes outstanding at any one time shall not exceed the lesser of either seven million dollars ($7,000,000) or 2 percent of the assessed valuation of the taxable property in the district or zone or zones thereof as shown on the last assessment roll.

SEC. 4. Section 14.3 of the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945) is amended to read:

Sec. 14.3. The board of supervisors of the district may issue negotiable promissory notes pursuant to this section for the purpose of acquiring funds to finance construction of administrative offices, construction of headquarters, commercial offices or facilities for similar district purposes, and for acquisition of land for any of the foregoing district purposes. The maturity of the promissory notes shall not be later than 10 years from the date thereof. The total aggregate amount of the promissory notes outstanding at any one time shall not exceed the lesser of either two million five hundred thousand dollars ($2,500,000) or 1 percent of the assessed valuation of the taxable property in the district or zone or zones thereof as shown on the last assessment roll.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to permit the Riverside County Flood Control and Water Conservation District to finance urgently needed flood control and other district facilities at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 691

An act to add Division 13 (commencing with Section 16000) to the Fish and Game Code, relating to Indian fishing rights.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Division 13 (commencing with Section 16000) is added to the Fish and Game Code, to read:

DIVISION 13. STATE-TRIBAL AGREEMENTS GOVERNING INDIAN FISHING

CHAPTER 1. LEGISLATIVE FINDINGS

16000. The Legislature finds:

(a) Jurisdiction over the protection and development of natural resources, especially the fish resource, is of great importance to both the State of California and California Indian tribes.

(b) To California Indian tribes, control over their minerals, lands, water, wildlife, and other resources is crucial to their economic self-sufficiency and the preservation of their heritage. On the other hand, the State of California is concerned about protecting and developing its resources; protecting, restoring, and developing its commercial and recreational salmon fisheries; ensuring public access to its waterways; and protecting the environment within its borders.

(c) More than any other issue confronting the State of California and California Indian tribes, the regulation of natural resources, especially fish, transcends political boundaries.

(d) In many cases, the State of California and California Indian tribes have differed in their respective views of the nature and extent of state versus tribal jurisdiction in areas where Indians have historically fished. Despite these frequent and often bitter disputes, both the state and the tribes seek, as their mutual goal, the protection and preservation of the fish resource. This division is an attempt to provide a legal mechanism, other than protracted and expensive

litigation over unresolved legal issues, for achieving that mutual goal.

(e) This division creates a pilot project that will involve and encourage the efforts of the State of California and the Covelo Indian Community of the Round Valley Indian Reservation to reach a mutual agreement regarding the legal framework for the exercise of Indian subsistence fishing in the boundary streams of the historic 1873 Round Valley Indian Reservation. It is hoped that this pilot project, if successful, will provide the incentive for enactment of broader legislation that would authorize similar negotiated agreements with other California Indian tribes.

CHAPTER 2. GENERAL PROVISIONS

16001. The definition in this chapter shall govern the construction of this division.

16002. "Covelo Indian Community" means the confederated tribes of the Round Valley Indian Reservation located in Mendocino County, California, recognized as an Indian tribe by the Secretary of the Interior.

16003. "Take" means pursue, catch, capture, or kill, or attempt to pursue, catch, capture, or kill.

16004. "Traditional Indian fishing practice" means a mode, method, or way of taking fish that is recognized in the customs and traditions of the Covelo Indian Community.

16005. "Historic 1873 Round Valley Indian Reservation" means the reservation described and set aside by Congress for the Covelo Indian Community in the Act of March 3, 1873 (17 Stat. 633).

CHAPTER 3. NEGOTIATION AND APPROVAL OF AGREEMENT

16006. Subject to the approval of the commission, the department may enter into a mutual agreement or compact with the Covelo Indian Community respecting jurisdiction and authority to regulate traditional Indian subsistence fishing practices in the boundary streams of the historic 1873 Round Valley Indian Reservation.

16007. Any agreement or compact entered into pursuant to Section 16006 shall be submitted by the department to the commission for review and approval.

16008. Any agreement or compact entered into pursuant to Section 16006 shall not be effective until they are approved by the commission. The commission may consider and approve an agreement or compact at any of its regular or special meetings.

16009. The commission shall give notice of the time and place of any meeting at which the approval of an agreement or compact entered into under this division will be considered by publishing prior notice in any publication issued by the Resources Agency or the department after determining the time and place of the meeting. The commission shall make copies of the proposed agreement or

compact available to the public on request and the notice shall contain a statement to that effect. All meetings required by this section shall be open to the public.

CHAPTER 4. ENFORCEABILITY OF AN AGREEMENT OR COMPACT

16010. Any agreement or compact entered into pursuant to this division shall be enforceable by the parties only to the extent and in the forum or forums provided for under the terms of the agreement or compact.

16011. The department may promulgate regulations consistent with the provisions of any agreement or compact entered into pursuant to Section 16006. The application and enforcement of those regulations shall be in accordance with the express provisions of the agreement or compact.

CHAPTER 692

An act to amend Section 309 of the Health and Safety Code, relating to health.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 309 of the Health and Safety Code is amended to read:

309. (a) It is the policy of the State of California to make every effort to detect, as early as possible, phenylketonuria and other preventable heritable disorders leading to mental retardation or physical defects.

The State Department of Health Services shall establish a genetic disease unit, which shall coordinate all programs of the state department in the area of genetic disease. The unit shall promote a statewide program of testing information and counseling services and shall have the responsibility of designating tests and regulations to be used in executing this program. The tests shall be in accordance with accepted medical practices and shall be administered to each child born in California at such time as the state department has established appropriate regulations and testing methods. The state department may provide laboratory testing facilities or contract with any laboratory which it deems qualified to conduct tests required under this section. However, notwithstanding Section 309.5, provision of laboratory testing facilities by the state department shall be contingent upon the provision of funding therefor by specific appropriation to the Genetic Disease Testing Fund enacted by the Legislature. If moneys appropriated for purposes of this section are

not authorized for expenditure to provide laboratory facilities, the state department may nevertheless contract to provide laboratory testing services pursuant to this section and shall perform laboratory services, including, but not limited to, quality control, confirmatory, and emergency testing, necessary to ensure the objectives of this program.

The state department shall charge a fee for any tests performed pursuant to this section. The amount of the fee shall be established and periodically adjusted by the State Director of Health Services in order to meet the costs of this section.

The state department shall inform all hospitals or physicians, or both, of required regulations and tests and may alter or withdraw any of these requirements whenever sound medical practice so indicates.

This section shall not apply if a parent or guardian of the newborn child objects to a test on the ground that the test conflicts with his or her religious beliefs or practices.

The genetic disease unit is authorized to make grants or contracts for demonstration projects to determine the desirability and feasibility of additional tests or new genetic services or to initiate the development of genetic services in areas of need or to purchase or provide the services from any sums as are appropriated for this purpose.

The genetic disease unit's first task shall be to evaluate and prepare recommendations on the implementation of tests for the detection of the following diseases: galactosemia, histidinemia, galactokinase deficiency, homocystinuria, maple syrup urine disease, hypothyroidism, and tyrosinosis. The State Department of Health Services shall implement a program for the detection of phenylketonuria, galactosemia, and hypothyroidism commencing on or before January 1, 1980. The genetic disease unit shall prepare and submit a report outlining the compliance with an implementation schedule to the Legislature on or before a date two months after September 14, 1979.

(b) Health care providers which contract with a prepaid group practice health care service plan that annually has at least 20,000 births among its membership, may provide, without contracting with the state department, any or all of the testing and counseling services required to be provided under this section or the regulations adopted pursuant thereto, if the services meet the quality standards and adhere to the regulations established by the state department and the plan pays that portion of a fee established under this section which is directly attributable to the state department's cost of administering the testing or counseling service and to any required testing or counseling services provided by the state for plan members. The payment by the plan, as provided in this subdivision, shall be deemed to fulfill any obligation the provider or the provider's patient may have to the state department to pay a fee in connection with the testing or counseling service.

CHAPTER 693

An act to amend Section 42270 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 9, 1986 Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 42270 of the Vehicle Code is amended to read:

42270. (a) The Department of Motor Vehicles and the Department of the California Highway Patrol each shall file, at least monthly with the Controller, a report of money received by the department covering all fees for applications accepted by the department and all other moneys received by the department under this code and, at the same time, shall remit all money so reported to the Treasurer. On order of the Controller, the Treasurer shall deposit in the Motor Vehicle Account in the State Transportation Fund, into which is merged the Motor Vehicle Account in the Transportation Tax Fund, all moneys so reported and remitted.

Any reference in any law or regulation to the Motor Vehicle Fund, or to the Motor Vehicle Account in the Transportation Tax Fund, shall be deemed to refer to the Motor Vehicle Account in the State Transportation Fund, which is created by subdivision (a) of Section 42271.

(b) The amount of any penalties collected by the department pursuant to Sections 9553 and 9554 of this code and Sections 10770 and 10854 of the Revenue and Taxation Code shall, for purposes of subdivision (a), be deemed to be a percentage of the weight fee, registration fee, and vehicle license fee obtained when applying the total of these fees collected, excluding use tax, against the individual weight fees, registration fees, and vehicle license fees collected on each application. Penalties which cannot be allocated in accordance with this subdivision shall be allocated according to subdivision (c).

(c) The amount of any penalties collected by the department, as provided in Sections 9553 and 9554 of this code and Sections 10770 and 10854 of the Revenue and Taxation Code which cannot be allocated in accordance with subdivision (b), shall, for the purposes of subdivision (a), be deemed to be a percentage of the total fees allocated under this section and under Section 11001 of the Revenue and Taxation Code equal to that percentage of the ratio based on the fees previously allocated under this section and under Section 11001 of the Revenue and Taxation Code in the fiscal year preceding the calendar year for which the penalties are to be allocated. That ratio shall be reevaluated periodically and shall be adjusted to reflect any change in the fee structure that may be provided in this code or in Part 5 (commencing with Section 10701) of Division 2 of the

Revenue and Taxation Code.

(d) Whenever any fee paid to the department has not been allocated within one year of the date of collection, the fee shall be allocated to the Motor Vehicle License Fee Account in the Transportation Tax Fund, and the Motor Vehicle Account and the State Highway Account in the State Transportation Fund, in proportion to the revenue allocated to those accounts by the department in the previous fiscal year.

CHAPTER 694

An act to add Section 25170.5 to the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 25170.5 is added to the Health and Safety Code, to read:

25170.5. (a) Except as provided in subdivision (c), on or after January 1, 1988, the department may plan and construct a model incineration facility for the disposal of hazardous waste if the department makes both of the following findings:

(1) Adequate incineration capacity does not exist within the state to dispose of the hazardous wastes specified in subdivision (a) of Section 25155.5.

(2) Adequate incineration capacity will not be constructed and in operation by January 1, 1990, to dispose of the hazardous wastes specified in subdivisions (a) and (b) of Section 25155.5.

(b) A model incineration facility planned and constructed pursuant to subdivision (a) shall be subject to all of the following conditions:

(1) The facility shall comply with all laws, rules, regulations, standards, and requirements applicable to its construction and operation and shall obtain all applicable permits required by law.

(2) The facility shall be located near a part of the state where large quantities of hazardous waste are produced.

(3) The facility shall be operated under a contract with the department by an entity which is not a public agency.

(4) The facility shall be operated as an offsite facility, and the department shall include a condition in the hazardous waste facilities permit issued to the facility prohibiting the operator from refusing to accept because of geographical origin any hazardous waste the facility is otherwise authorized to accept.

(5) The operator shall accept and incinerate hazardous waste upon payment of a fee paid by the person submitting the hazardous

waste for disposal. The department shall set the fee in an amount sufficient to repay the state for any amounts appropriated to pay for the planning and construction of the facility, and to pay for its operation and maintenance.

(c) The department may plan and construct an incineration facility pursuant to subdivision (a) only if the department makes the findings specified in subdivision (a) and the Legislature, in a subsequent act, appropriates or otherwise makes available the funds necessary to plan and construct the model incineration facility.

CHAPTER 695

An act to amend Section 669.1 of the Evidence Code, relating to due care.

[Approved by Governor September 9, 1986 Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 669.1 of the Evidence Code is amended to read:

669.1. A local rule, regulation, or guideline setting forth standards of conduct for peace officers in the use of deadly force shall not be considered a statute, ordinance, or regulation of a public entity within the meaning of Section 669.

This section affects only the application of the presumption set forth in Section 669; it does not affect what evidence is admissible in a civil action.

The provisions of this section shall be applicable to any cause of action arising out of facts occurring on or after January 1, 1984, but before January 1, 1989, regardless of the date the action is commenced or tried.

This section shall remain in effect until January 1, 1989, and on that date is repealed unless a later enacted statute, which is chaptered before that date, deletes or extends that date.

CHAPTER 696

An act relating to parks and recreation.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature declares the following:

(1) It is the intent of the Legislature that neither this bill nor the report required by this bill shall be considered an express indication of intent to acquire an interest in the property known as Fields Ranch located adjacent to Montana De Oro State Park in San Luis Obispo County.

(2) However, the Fields Ranch property has a high degree of natural resource values, has been found to have a moderately high priority for state park acquisition and development purposes, and meets the State Coastal Conservancy's criteria for acquisition purposes and it is known that the present owners of the property have indicated an interest in selling the property to the state or other parties. Therefore, it is appropriate that responsible state agencies advise the Legislature on the potential for acquisition of the Fields Ranch and that they also provide advice on potential sources of funding, including state, local, or private resources.

SEC. 2. The State Coastal Conservancy and the Department of Parks and Recreation shall, jointly, in consultation with the County of San Luis Obispo, prepare a feasibility report which reviews the potential for acquisition of the property known as Fields Ranch located adjacent to the Montana De Oro State Park. In preparing the report, the conservancy and the department shall take into consideration all of the following:

(1) The potential sources of funding, including state, local, and private resources.

(2) The status of negotiations, if any, between the executors of the estate responsible for the Fields Ranch property and any other party or parties interested in acquisition of the property.

(3) The potential for development of the property for state park, regional park, or coastal conservation or preservation purposes. The report shall include an analysis of various potential funding strategies and a suggested acquisition plan, if feasible. The report shall be submitted to the chair of the fiscal committee of each house of the Legislature and to the Legislative Analyst on or before March 15, 1987.

CHAPTER 697

An act to amend Section 12648 of the Food and Agricultural Code, relating to economic poisons.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 12648 of the Food and Agricultural Code is amended to read:

12648. Notwithstanding any other provision of this code, upon making a finding that a crop, commodity, or site has been treated with an economic poison not registered pursuant to Chapter 2 (commencing with Section 12751) for use on the crop, commodity, or site and, upon making a further finding that the treatment has resulted in, or could reasonably result in, the creation of a hazard to human health or an unfair business advantage, the crop or commodity may be declared by the director to be a public nuisance and may be seized and held to prevent harvest and sale. The director shall hold the crop or commodity for 30 days, and if no action has been filed to contest the seizure, the director may order the crop or commodity be destroyed.

CHAPTER 698

An act to amend Section 3372 of the Civil Code, to amend Sections 25012, 25102, and 31400 of, and to add Section 25238 to, the Corporations Code, and to amend Section 7480 of the Government Code, relating to investments.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3372 of the Civil Code is amended to read:

3372. (a) Any person engaged in the business of advising others for compensation as to the advisability of purchasing, holding or selling property for investment and who represents himself or herself to be an expert with respect to investment decisions in such property, or any class of such property, shall be liable to any person to whom such advisory services are furnished for compensation and who is damaged by reason of such person's reliance upon such services, for the amount of such compensation and for such damages, unless the person rendering such services proves that such services were performed with the due care and skill reasonably to be

expected of a person who is such an expert.

(b) For the purposes of this section, the following apply:

(1) A person represents that such person is an "expert" within the meaning of this section if such person represents that he or she is a "financial planner," "financial adviser," "financial counselor," "financial consultant" or an "investment adviser," "investment counselor" or "investment consultant" or that such person renders "financial planning services," "financial advisory services," "financial counseling services," "financial consulting services" or "investment advisory services," "investment counseling services" or "investment consulting services" or makes substantially equivalent representations with respect to such person's business or qualifications.

SEC. 2. Section 25012 of the Corporations Code is amended to read:

25012. "Owners' association" means a nonprofit corporation or association created to own or lease the commonly owned lots, parcels or areas referred to in clause (a) of Section 25015, or to provide management, maintenance, preservation or control of either such lots, parcels or areas or of the separately owned lots, parcels or areas, or both, or any portion of or interest in them, or interest subject to subdivision (g) of Section 11004.5 of the Business and Professions Code, if the shares or certificates of membership therein are transferable only by transfer of the interests in the lots, parcels or areas. Such shares of stock or memberships shall be considered interests in a real estate development or in subdivided lands or a subdivision.

SEC. 3. Section 25102 of the Corporations Code is amended to read:

25102. The following transactions are exempted from the provisions of Section 25110:

(a) Any offer (but not a sale) not involving any public offering and the execution and delivery of any agreement for the sale of

securities pursuant to such offer if (1) the agreement contains substantially the following provision: "The sale of the securities which are the subject of this agreement has not been qualified with the Commissioner of Corporations of the State of California and the issuance of such securities or the payment or receipt of any part of the consideration therefor prior to such qualification is unlawful, unless the sale of securities is exempt from the qualification by Section 25100, 25102, or 25105 of the California Corporations Code. The rights of all parties to this agreement are expressly conditioned upon such qualification being obtained, unless the sale is so exempt"; and (2) no part of the purchase price is paid or received and none of the securities are issued until the sale of such securities is qualified under this law unless the sale of securities is exempt from the qualification by this section, Section 25100 or 25105.

(b) Any offer (but not a sale) of a security for which a registration statement has been filed under the Securities Act of 1933 but has not yet become effective, if no stop order or refusal order is in effect and no public proceeding or examination looking toward such an order is pending under Section 8 of the act and no order under Section 25140 or subdivision (a) of Section 25143 is in effect under this law.

(c) Any offer (but not a sale) and the execution and delivery of any agreement for the sale of securities pursuant to such offer as may be permitted by the commissioner upon application. Any negotiating permit under this subdivision shall be conditioned to the effect that none of the securities may be issued and none of the consideration therefor may be received or accepted until the sale of such securities is qualified under this law.

(d) Any transaction or agreement between the issuer and an underwriter or among underwriters if the sale of the securities is qualified, or exempt from qualification, at the time of distribution thereof in this state, if any.

(e) Any offer or sale of any evidence of indebtedness, whether secured or unsecured, and any guarantee thereof, in a transaction not involving any public offering.

(f) Any offer or sale of any security in a transaction (other than an offer or sale to a pension or profit-sharing trust of the issuer) which meets each of the following criteria:

(1) Sales of the security are not made to more than 35 persons, including persons not in this state.

(2) All purchasers either have a preexisting personal or business relationship with the offeror or any of its partners, officers, directors or controlling persons, or by reason of their business or financial experience or the business or financial experience of their professional advisors who are unaffiliated with and who are not compensated by the issuer or any affiliate or selling agent of the issuer, directly or indirectly, could be reasonably assumed to have the capacity to protect their own interests in connection with the transaction.

(3) Each purchaser represents that the purchaser is purchasing

for the purchaser's own account (or a trust account if the purchaser is a trustee) and not with a view to or for sale in connection with any distribution of the security.

(4) The offer and sale of the security is not accomplished by the publication of any advertisement. The number of purchasers referred to above is exclusive of any described in subdivision (i), any officer, director or affiliate of the issuer and any other purchaser who the commissioner designates by rule. For purposes of this section, a husband and wife (together with any custodian or trustee acting for the account of their minor children) are counted as one person and a partnership, corporation or other organization which was not specifically formed for the purpose of purchasing the security offered in reliance upon this exemption, is counted as one person. The commissioner may by rule require the issuer to file a notice of transactions under this subdivision; provided, however, that the failure to file the notice or the failure to file the notice within the time specified by the rule of the commissioner shall not affect the availability of this exemption. An issuer who fails to file the notice as provided by rule of the commissioner shall, within 15 business days after demand by the commissioner, file the notice and pay to the commissioner a fee equal to the fee payable had the transaction been qualified under Section 25110.

(g) Any offer or sale of conditional sale agreements, equipment trust certificates, or certificates of interest or participation therein or partial assignments thereof, covering the purchase of railroad rolling stock or equipment or the purchase of motor vehicles, aircraft, or parts thereof, in a transaction not involving any public offering.

(h) Any offer or sale of voting common stock by a corporation incorporated in any state if, immediately after the proposed sale and issuance, there will be only one class of stock of such corporation outstanding which is owned beneficially by no more than 35 persons, provided all of the following requirements have been met:

(1) All such stock shall be evidenced by certificates which shall have stamped or printed prominently on their face a legend in a form to be prescribed by rule of the commissioner restricting transfer of such stock in such manner as the rule provides.

(2) The offer and sale of such stock is not accompanied by the publication of any advertisement, and no selling expenses have been given, paid, or incurred in connection therewith.

(3) The consideration to be received by the issuer for the stock to be issued shall consist of (i) only assets (which may include cash) of an existing business enterprise transferred to the issuer upon its initial organization, of which all of the persons who are to receive the stock to be issued pursuant to this exemption were owners during, and such enterprise was operated for, a period of not less than one year immediately preceding the proposed issuance, and the ownership of such enterprise immediately prior to such proposed issuance was in the same proportions as the shares of stock are to be issued, or (ii) only cash or cancellation of indebtedness for money

borrowed or both upon the initial organization of the issuer, provided all such stock is issued for the same price per share, or (iii) only cash, provided the sale is approved in writing by each of the existing shareholders and the purchaser or purchasers are existing shareholders, or (iv), in a case where after the proposed issuance there will be only one owner of the stock of the issuer, any legal consideration.

(4) No promotional consideration has been given, paid, or incurred in connection with such issuance. Promotional consideration means any consideration paid directly or indirectly to a person who, acting alone or in conjunction with one or more other persons, takes the initiative in founding and organizing the business or enterprise of an issuer, for services rendered in connection with such founding or organizing.

(5) A notice in a form prescribed by rule of the commissioner, signed by an active member of the State Bar of California, shall be filed with or mailed for filing to the commissioner not later than 10 business days after receipt of consideration for the securities by the issuer, which notice shall contain an opinion of such member of the State Bar of California that the exemption provided by this subdivision is available for the offer and sale of the securities; provided, however, that the failure to file the notice as required by this subdivision and the rules of the commissioner shall not affect the availability of this exemption. An issuer who fails to file the notice within the time specified by this subdivision shall, within 15 business days after demand by the commissioner, file the notice and pay to the commissioner a fee equal to the fee payable had the transaction been qualified under Section 25110. The notice, except when filed on behalf of a California corporation, shall be accompanied by an irrevocable consent, in such form as the commissioner by rule prescribes, appointing the commissioner or his successor in office to be the issuer's attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against it or its successor which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the issuer. An issuer on whose behalf a consent has been filed in connection with a previous qualification or exemption from qualification under this law (or application for a permit under any prior law if the application or notice under this law states that such consent is still effective) need not file another. Service may be made by leaving a copy of the process in the office of the commissioner but it is not effective unless (1) the plaintiff, who may be the commissioner in a suit, action or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at its last address on file with the commissioner, and (2) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

For the purposes of this subdivision, all securities held by a husband and wife, whether or not jointly, shall be considered to be owned by one person, and all securities held by a corporation which has issued stock pursuant to this exemption shall be considered to be held by the shareholders to whom it has issued such stock.

(i) Any offer or sale (1) to a bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the issuer, a self-employed individual retirement plan, or individual retirement account), or such other institutional investor or governmental agency or instrumentality as the commissioner may designate by rule, whether the purchaser is acting for itself or as trustee, or (2) to any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of such a corporation which after the offer and sale will own directly or indirectly 100 percent of the outstanding capital stock of the issuer; provided the purchaser represents that it is purchasing for its own account (or for such trust account) for investment and not with a view to or for sale in connection with any distribution of the security.

(j) Any offer or sale of any certificate of interest or participation in an oil or gas title or lease (including subsurface gas storage and payments out of production) if (1) all of the purchasers: (i) are and have been during the preceding two years engaged primarily in the business of drilling for, producing, or refining oil or gas (or whose corporate predecessor, in the case of a corporation, has been so engaged), or (ii) are persons described in clause (1) of subdivision (i) of this section, or (iii) have been found by the commissioner upon written application to be substantially engaged in the business of drilling for, producing or refining oil or gas so as not to require the protection provided by this law (which finding shall be effective until rescinded), or (2) such security is concurrently hypothecated to a bank in the ordinary course of business to secure a loan made by such bank; provided each purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any distribution of the security.

(k) Any offer or sale of any security under, or pursuant to, a plan of reorganization under Chapter 11 of the federal bankruptcy law which has been confirmed or is subject to confirmation by the decree or order of a court of competent jurisdiction.

(*l*) Any offer or sale of an option, warrant, put, call, or straddle, and any guarantee of any of these securities, by a person who is not the issuer of the security subject to such right, if the transaction, had it involved an offer or sale of the security subject to such right by such person, would not have violated Section 25110 or 25130.

(m) Any offer or sale of a stock to a pension, profit-sharing, stock bonus or employee stock ownership plan provided that (1) the plan meets the requirements for qualification under Section 401 of the

Internal Revenue Code, and (2) the employees are not required or permitted individually to make any contributions to the plan. The exemption provided by this subdivision shall not be affected by whether the stock is contributed to the plan, purchased from the issuer with contributions by the issuer or an affiliate of the issuer, or purchased from the issuer with funds borrowed from the issuer, an affiliate of the issuer or any other lender.

SEC. 4. Section 25238 is added to the Corporations Code, to read:

25238. No investment adviser licensed under this chapter and no natural person associated with the investment adviser shall engage in investment advisory activities, or attempt to engage in investment advisory activities, in this state in contradiction of such rules as the commissioner may prescribe designed to promote fair, equitable and ethical principles.

SEC. 5. Section 31400 of the Corporations Code is amended to read:

31400. (a) Whenever it appears to the commissioner that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this law or any rule or order hereunder, the commissioner may in the commissioner's discretion bring an action, or the commissioner may request the Attorney General to bring an action in the name of the people of the State of California, in the superior court to enjoin the acts or practices or to enforce compliance with this law or any rule or order hereunder. Upon a proper showing a permanent or preliminary injunction, restraining order or writ of mandate shall be granted and a receiver or conservator may be appointed for the defendant or the defendant's assets.

(b) If the commissioner determines it is in the public interest, the commissioner may include in any action authorized by subdivision (a) a claim for ancillary relief, including, but not limited to, a claim for restitution or disgorgement or damages on behalf of the persons injured by the act or practice constituting the subject matter of the action, and the court shall have jurisdiction to award that additional relief.

SEC. 6. Section 7480 of the Government Code is amended to read:

The people of the State of California do enact as follows:

SECTION 1. Section 57384 of the Government Code is amended to read:

57384. Those services shall be furnished for the remainder of the fiscal year during which the incorporation became effective or until the city council requests discontinuance of the services, whichever occurs first.

(b) This subdivision applies only to incorporations for which the petition or resolution of application for incorporation is filed with the commission on or after January 1, 1987. Prior to the commission adopting a resolution making determinations, the board of supervisors may request that the city reimburse the county for the net cost of services provided pursuant to subdivision (a). The commission shall impose this requirement as a term and condition of its resolution. The city shall be obligated to reimburse the county within five years of the effective date of the incorporation or for a period in excess of five years, if the board of supervisors agrees to a longer period. As used in this subdivision, "net cost of services" means the total direct and indirect expense to the county of providing services, as determined pursuant to paragraph (2) of subdivision (b) of Section 56842, adjusted by any subsequent change in the California Consumer Price Index, less any revenues which the county retains that were generated from the formerly unincorporated territory during the period of time the services are furnished pursuant to subdivision (a). Nothing in this section shall be construed to require a license for the service of beer and wine purchased at retail.

The following sections do not apply to any loan of a bona fide principal amount of ten thousand dollars ($10,000) or more, or to any commercial loan of a bona fide principal amount of five thousand dollars ($5,000) or more, or to any commercial loan made to a person engaged in the business of selling goods for the purpose of financing the purchase of goods for resale, or to a duly licensed personal property broker in connection with any such loan or loans, if the provisions of this section are not used for the purpose of evading this division: Sections 22404, 22405, 22454, 22456, 22457, 22458, 22458.1, 22458.2, 22458.3, 22458.4, 22458.5, 22461, 22467, 22468, 22469, 22470, 22472, 22473, 22474. and 22652, and the sections enumerated in Section 22053.1.

SEC. 2. Section 22053.1 of the Financial Code is amended to read:

22053.1. SEC. 3. Section 22452 of the Financial Code is repealed.

SEC. 4. Article 4 (commencing with Section 22500) is added to Chapter 3 of Division 9 of the Financial Code, to read:

Article 4. Open End Credit Programs

22500. As used in this division, "open end credit program" means a licensee's plan for making open end loans pursuant to a loan agreement which sets forth the terms and conditions governing the use of the open end credit program and expressly states that it is made pursuant to this article and pursuant to which:

(a) The borrower may use the open end credit program to obtain money, goods, labor, or services on credit, and the licensee makes open end loans to the borrower for the purpose of paying money to, or at the direction of, the borrower or paying obligations that the borrower creates through use of the open end credit program.

(b) The amount of each advance and the charges and other permitted costs are debited to an account.

(c) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs, and expenses.

(d) The borrower has the privilege of paying the account in full

at any time.

22501. If an open end credit program is not primarily for the purpose of purchasing or leasing goods or services from the licensee, then all credit extended through use of the program, including transactions that involve the purchase or lease of goods or services from the licensee, shall be subject to this division.

22502. Subject to the written approval of the commissioner of the licensee's plan of business for making open end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open end loans under Section 22400, a licensee may make open end loans pursuant to this article and may contract for and receive thereon charges as set forth in Sections 22451, 22451.1, and 22454.1. These charges may be calculated on an amount not exceeding the greater of:

(a) The actual daily unpaid balances of the open end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(b) The average daily unpaid balance of the open end account in the billing cycle for which the charge is made, which is the sum of the amount unpaid each day during that cycle divided by the number of days in that cycle. The amount unpaid on a day is determined by adding to any balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of the cycle is the same date each month or does not vary by more than four days from the regular date.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22503. The minimum monthly payment shall be determined by either of the following:

(a) The amount calculated by multiplying the unpaid principal balance after an advance and including the advance by a percent agreed upon by the borrower and the licensee, which shall be no less than 2½ percent. The minimum payment shall continue at the amount determined pursuant to this paragraph until a subsequent loan advance is made.

(b) The amount calculated by multiplying the unpaid balance at the end of each billing cycle by a percent agreed upon by the borrower and the licensee which shall be no less than 5 percent.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22504. On open end loans the licensee may contract for and receive the fees, costs, and expenses permitted on other loans, including those permitted by subdivisions (a), (b), (c), and (d) of Section 22458 and subdivision (d) of Section 22458.1, except that the

charge for credit insurance under Section 22458.1 shall be on a monthly basis and shall be actuarially consistent with the single premium rate for the same coverage.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22505. In lieu of subdivision (a) of Section 22458.1, with respect to open end loans a licensee may provide insurance on the life of one or more borrowers and credit disability insurance to provide indemnity for payments becoming due on the indebtedness, with the borrower's consent, the form to be approved by the Insurance Commissioner, and in an amount not in excess of the amount of the indebtedness. If life or disability insurance is provided, and if the insured borrower dies or becomes disabled during the term of the loan contract, the insurance shall be sufficient to pay the total amount due on the loan outstanding on the date of his or her death, or all amounts which become due on the loan thereafter during the period of disability in accordance with subdivision (d) of Section 22458.2, as the case may be, without any exception, reservation, or limitation. Any life insurance as is provided shall be in force as soon as the loan is made or coverage is agreed upon, whichever is later. No credit life insurance written in connection with an open end loan shall be canceled by the lender because of delinquency of the borrower in the making of the minimum payments thereon unless one or more of the payments is past due for a period of 90 days or more, and the lender shall advance to the insurer the amounts required to keep the insurance in force during that period, which amounts may be debited to the borrower's account.

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 22517.

22506. Section 22455 shall apply to open end loans with the following variations.

(a) To comply with Section 22455, in the case of open end loan advances directly to the borrower, the licensee shall deliver to or at the direction of the borrower at the time of each loan advance an amount equal to the face value of the advance.

(b) To comply with Section 22455, in the case of an open end loan advance in the form of a payment by the licensee to a person from whom a borrower obtained money, goods, labor, or services, the licensee shall deliver to such person such amounts, at such times, as to fulfill the obligation to such person under the transaction.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22507. In lieu of Section 22468, the open end loan agreement shall contain the name, address, and license number of the personal property broker and shall disclose the nature of the security taken, the method of determining the minimum payments which will be

required to repay the initial advance and any subsequent advances on the loan, and the agreed rate of charge.

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 22517.

22508. In lieu of subdivision (a) of Section 22473, with respect to open end loans, except in the case of an account which the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charge determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System (12 C.F.R. 226.1 et seq.), the balance on which the finance charge was computed, the closing date of the billing cycle, the outstanding balance on that date, and the minimum monthly payment required in the absence of any additional advance. If there has been any change in the nature of the security for the loan since the next preceding advance, the statement shall contain or be accompanied by a statement of the nature of the security for the loan after that change.

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 22517.

22509. Subdivision (e) of Section 22473 shall not apply to an open end loan with respect to which there is no balance outstanding if the open end loan agreement continues in effect.

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 22517.

22510. Section 22469 shall not apply to a change in terms of an open end loan if notice is given to the borrower in accordance with subsection (c) of Section 226.9 of Regulation Z promulgated by the Board of Governors of the Federal Reserve System (12 C.F.R. 226.1 et seq.).

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 22517.

22511. Subdivision (a) of Section 22401, Sections 22404 and 22462, and subdivision (b) of Section 22473 shall not apply to a licensee with respect to advances made through an open end credit program.

22512. The payment of fees for participation in an open end credit program, the acceptance by a borrower of the form of the

licensee's program and the borrower's agreement to the licensee's program shall not be deemed to be a collateral sale, purchase, or agreement within the terms of Section 22004, 22456, or 22457.

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 22517.

22513. Nothing in this article limits the authority of the commissioner to disapprove advertising with respect to open end loans pursuant to Section 22414.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22514. This article does not apply to loans other than open end loans.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22515. Section 22480 shall not apply to open end loans.

22516. An open end loan is in compliance with Section 22466 if it is an open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22517.

22517. (a) In determining whether an open end loan is an open end loan of a bona fide principal amount specified in any section in this article, the open end loan shall be deemed to be for that amount or more if both the following criteria are met:

(1) The line of credit is equal to or more than the specified amount.

(2) The initial advance was equal to or more than the specified amount.

(b) A subsequent advance of money of less than the specified amount pursuant to the open end loan agreement between a borrower and a licensed personal property broker shall be deemed to be a loan of a principal amount of the specified amount if the criteria of paragraphs (1) and (2) of subdivision (a) have been met, even though the actual unpaid balance after the advance or at any other time is less than the specified amount.

SEC. 5. Section 24053 of the Financial Code is amended to read:

24053. The following sections do not apply to any loan of a bona fide principal amount of ten thousand dollars ($10,000) or more, or to a duly licensed consumer finance lender in connection with any such loan or loans, if the provisions of this section are not used for the purpose of evading this division: Sections 24404, 24405, 24454, 24458, 24458.1, 24458.2, 24470, and 24652, and the sections enumerated in Section 24053.1.

SEC. 6. Section 24053.1 of the Financial Code is amended to read:

24053.1. The following sections do not apply to any loan of a bona fide principal amount of five thousand dollars ($5,000) or more, or to a duly licensed consumer finance lender in connection with any such loan or loans, if the provisions of this section are not used for the purpose of evading this division: Sections 24004, 24005, 24450, and 24453, subdivision (a) of Section 24454, and Sections 24455, 24459, 24460, 24462, 24463, 24464, 24480, and 24651.

SEC. 7. Section 24452 of the Financial Code is repealed.

SEC. 8. Article 4 (commencing with Section 24500) is added to Chapter 3 of Division 10 of the Financial Code, to read:

Article 4. Open End Credit Programs

24500. As used in this division, "open end credit program" means a licensee's plan for making open end loans pursuant to a loan agreement which sets forth the terms and conditions governing the use of the open end credit program and expressly states that it is made pursuant to this article and pursuant to which:

(a) The borrower may use the open end credit program to obtain money, goods, labor, or services on credit, and the licensee makes open end loans to the borrower for the purpose of paying money to, or at the direction of, the borrower or paying obligations that the borrower creates through use of the open end credit program.

(b) The amount of each advance and the charges and other permitted costs are debited to an account.

(c) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs, and expenses.

(d) The borrower has the privilege of paying the account in full at any time.

24501. If an open end credit program is not primarily for the purpose of purchasing or leasing goods or services from the licensee, then all credit extended through use of the program including transactions that involve the purchase or lease of goods or services from the licensee, shall be subject to this division.

24502. Subject to the written approval of the commissioner of the licensee's plan of business for making open end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open end loans under Section 24400, a licensee may make open end loans pursuant to this article and may contract for and receive thereon charges as set forth in Sections 24451, 24451.1, and 24454.1. These charges may be calculated on an amount not exceeding the greater of:

(a) The actual daily unpaid balances of the open end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(b) The average daily unpaid balance of the open end account in the billing cycle for which the charge is made, which is the sum of

the amount unpaid each day during that cycle divided by the number of days in that cycle. The amount unpaid on a day is determined by adding to any balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of the cycle is the same date each month or does not vary by more than four days from the regular date.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24503. The minimum monthly payment shall be determined by either of the following:

(a) The amount calculated by multiplying the unpaid principal balance after an advance and including the advance by a percent agreed upon by the borrower and the licensee, which shall be no less than 2½ percent. The minimum payment shall continue at the amount determined pursuant to this paragraph until a subsequent loan advance is made.

(b) The amount calculated by multiplying the unpaid balance at the end of each billing cycle by a percent agreed upon by the borrower and the licensee which shall be no less than 5 percent.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24504. On open end loans the licensee may contract for and receive the fees, costs, and expenses permitted on other loans, including those permitted by subdivisions (a), (b), (c), and (d) of Section 24458 and subdivision (d) of Section 24458.1, except that the charge for credit insurance under Section 24458.1 shall be on a monthly basis and shall be actuarially consistent with the single premium rate for the same coverage.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24505. In lieu of subdivision (a) of Section 24458.1, with respect to open end loans a licensee may provide insurance on the life of one or more borrowers and credit disability insurance to provide indemnity for payments becoming due on the indebtedness, with the borrower's consent, the form to be approved by the Insurance Commissioner, and in an amount not in excess of the amount of the indebtedness. If life or disability insurance is provided, and if the insured borrower dies or becomes disabled during the term of the loan contract, the insurance shall be sufficient to pay the total amount due on the loan outstanding on the date of his or her death, or all amounts which become due on the loan thereafter during the period of disability in accordance with subdivision (d) of Section 24458.2, as the case may be, without any exception, reservation, or limitation. Any life insurance as is provided shall be in force as soon

as the loan is made or coverage is agreed upon, whichever is later. No credit life insurance written in connection with an open end loan shall be canceled by the lender because of delinquency of the borrower in the making of the minimum payments thereon unless one or more of the payments is past due for a period of 90 days or more, and the lender shall advance to the insurer the amounts required to keep the insurance in force during that period, which amounts may be debited to the borrower's account.

This section does not apply to any open end loan of a bona fide principal amount of ten thousand dollars ($10,000) or more as determined in accordance with Section 24517.

24506. Section 24455 shall apply to open end loans with the following variations:

(a) To comply with Section 24455, in the case of open end loan advances directly to the borrower, the licensee shall deliver to or at the direction of the borrower at the time of each loan advance an amount equal to the face value of the advance.

(b) To comply with Section 24455, in the case of an open end loan advance in the form of a payment by the licensee to a person from whom a borrower obtained money, goods, labor, or services, the licensee shall deliver to such person such amounts, at such times, as to fulfill the obligation to such person under the transaction.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24507. In lieu of Section 24468, the open end loan agreement shall contain the name, address, and license number of the consumer finance lender and shall disclose the nature of the security taken, the method of determining the minimum payments which will be required to repay the initial advance and any subsequent advances on the loan, and the agreed rate of charge.

24508. In lieu of subdivision (a) of Section 24473, with respect to open end loans, except in the case of an account which the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charge determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System (12 C.F.R. 226.1 et seq.), the balance on which the finance charge was computed, the closing date of the billing cycle, the outstanding balance on that date, and the minimum monthly payment required in the absence of any

additional advance. If there has been any change in the nature of the security for the loan since the next preceding advance, the statement shall contain or be accompanied by a statement of the nature of the security for the loan after that change.

24509. Subdivision (e) of Section 24473 shall not apply to an open end loan with respect to which there is no balance outstanding if the open end loan agreement continues in effect.

24510. Section 24469 shall not apply to a change in terms of an open end loan if notice is given to the borrower in accordance with subsection (c) of Section 226.9 of Regulation Z promulgated by the Board of Governors of the Federal Reserve System (12 C.F.R. 226.1 et seq.).

24511. Subdivision (a) of Section 24401, Sections 24404 and 24462, and subdivision (b) of Section 24473 shall not apply to a licensee with respect to advances made through an open end credit program.

24512. The payment of fees for participation in an open end credit program, the acceptance by a borrower of the form of the licensee's program and the borrower's agreement to the licensee's program shall not be deemed to be a collateral sale, purchase, or agreement within the terms of Section 24004, 24456, or 24457.

24513. Nothing in this article limits the authority of the commissioner to disapprove advertising with respect to open end loans pursuant to Section 24414.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24514. This article does not apply to loans other than open end loans.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24515. Section 24480 does not apply to open end loans.

This section does not apply to any open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24516. An open end loan is in compliance with Section 24466 if it is an open end loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 24517.

24517. (a) In determining whether an open end loan is an open end loan of a bona fide principal amount specified in any section in this article, the open end loan shall be deemed to be for that amount or more if both the following criteria are met:

(1) The line of credit is equal to or more than the specified amount.

(2) The initial advance was equal to or more than the specified amount.

(b) A subsequent advance of money of less than the specified amount pursuant to the open end loan agreement between a

borrower and a licensed consumer finance lender shall be deemed to be a loan of a principal amount of the specified amount if the criteria of paragraphs (1) and (2) of subdivision (a) have been met, even though the actual unpaid balance after the advance or at any other time is less than the specified amount.

SEC. 9. Section 26452 of the Financial Code is repealed.

SEC. 10. Article 4 (commencing with Section 26500) is added to Chapter 3 of Division 11 of the Financial Code, to read:

Article 4. Open End Credit Programs

26500. As used in this division, "open end credit program" means a licensee's plan for making open end loans pursuant to a loan agreement which sets forth the terms and conditions governing the use of the open end credit program and expressly states that it is made pursuant to this article and pursuant to which:

(a) The borrower may use the open end credit program to obtain money, goods, labor, or services on credit, and the licensee makes open end loans to the borrower for the purpose of paying money to, or at the direction of, the borrower or paying obligations that the borrower creates through use of the open end credit program.

(b) The amount of each advance and the charges and other permitted costs are debited to an account.

(c) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs, and expenses.

(d) The borrower has the privilege of paying the account in full at any time.

SEC. 10.5. Open end loan agreements made on or before December 31, 1986, which refer to former Section 22452, 24452, or 26452 of the Financial Code shall be deemed to refer to Article 4 (commencing with Section 22500) of Chapter 3 of Division 9; Article 4 (commencing with Section 24500) of Chapter 3 of Division 10; or Article 4 (commencing with Section 26500) of Chapter 3 of Division 11, respectively, of the Financial Code.

CHAPTER 703

An act to amend Section 56828 of the Education Code, relating to special education.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 56828 of the Education Code is amended to read:

56828. (a) No educational programs already in operation in school districts pursuant to Part 30 (commencing with Section 56000) shall be transferred to the county superintendent of schools, or to other school districts, or from the county superintendent of schools to school districts, without the approval of the Superintendent of Public Instruction, if the transfer would result in an entitlement to increased state aid pursuant to this chapter.

(b) In the event the transfer is approved, the support services amounts and instructional personnel service units amounts for the transferring agencies and county superintendent of schools shall be computed using a weighted average. The Superintendent of Public Instruction shall determine the additional costs to the state, if any, caused by the transfer, and permanently reduce the districts' revenue limits, or the county superintendent's support services entitlement, or both the districts' revenue limits and the county superintendent's support services entitlement, by an amount equal to the additional cost.

(c) Educational programs for severely handicapped pupils, or any part of those programs, already in operation in school districts pursuant to Part 30 (commencing with Section 56000) may be transferred to the county superintendent of schools, or to other school districts, or from the county superintendent of schools to school districts, upon agreement of the agencies involved in the transfer, if the transfer would not result in an entitlement of increased state aid pursuant to this chapter. If an educational program for severely handicapped pupils, or any part of the program, is transferred, and if the support service ratio for severely handicapped classes of the transferring school district or county office of education is higher than that of the receiving district or county office, the support service ratio for the transferring district or county office shall be transferred to the receiving district or county office. If the transferred support service ratio would result in an entitlement of increased state aid, the Superintendent of Public Instruction shall calculate a lower support service ratio for the receiving district or county office, and shall apply the lower calculated ratio to the receiving district or county office operating the program. The transferred ratio shall thereafter become the support service ratio for severely handicapped classes for the district or the county operating the transferred program.

CHAPTER 704

An act to amend Section 49406 of the Education Code, to amend Sections 3450 and 3451 of the Health and Safety Code, and to amend Sections 5163 and 5163.1 of the Public Resources Code, relating to tuberculosis.

[Approved by Governor September 9, 1986 Filed with Secretary of State September 9, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 49406 of the Education Code is amended to read:

49406. (a) Except as provided in subdivision (h), no person shall be initially employed by a school district in a certificated or classified position unless the person has submitted to an examination within the past 60 days to determine that he or she is free of active tuberculosis, by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code. This examination shall consist of an approved intradermal tuberculin test, which, if positive, shall be followed by an X-ray of the lungs.

The X-ray film may be taken by a competent and qualified X-ray technician if the X-ray film is subsequently interpreted by a physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

The district superintendent or his or her designee may exempt, for a period not to exceed 60 days following termination of the pregnancy, a pregnant employee from the requirement that a positive intradermal tuberculin test be followed by an X-ray of the lungs.

(b) Thereafter, employees who are skin test negative shall be required to undergo the foregoing examination at least once each four years or more often if directed by the governing board upon recommendation of the local health officer for so long as the employee remains skin test negative. Once an employee has a documented positive skin test which has been followed by an X-ray, the foregoing examination is no longer required and a referral shall be made within 30 days of completion of the examination to the local health officer to determine the need for followup care.

(c) After the examination, each employee shall cause to be on file with the district superintendent of schools a certificate from the examining physician and surgeon showing the employee was examined and found free from active tuberculosis. The county board of education may require, by rule, that all their certificates be filed in the office of the county superintendent of schools or shall require their files be maintained in the office of the county superintendent of schools if a majority of the governing boards of the districts within

the county so petition the county board of education, except that in either case a district or districts with a common board having an average daily attendance of 60,000 or more may elect to maintain the files for its employees in that district. "Certificate," as used in this section, means a certificate signed by the examining physician and surgeon or a notice from a public health agency or unit of the American Lung Association which indicates freedom from active tuberculosis. The latter, regardless of form, will constitute evidence of compliance with this section. Nothing in this section shall prevent the governing board, upon recommendation of the local health officer, from establishing a rule requiring a more extensive or more frequent physical examination than required by this section, but the rule shall provide for reimbursement on the same basis as required in this section.

(d) This examination is a condition of initial employment and the expense incident thereto shall be borne by the applicant unless otherwise provided by rules of the governing board. However, the board may, if an applicant is accepted for employment, reimburse that person in a like manner prescribed in this section for employees.

(e) The governing board of each district shall reimburse the employee for the cost, if any, of this examination. The board may provide for the examination required by this section or may establish a reasonable fee for the examination that is reimbursable to employees of the district complying with the provisions of this section.

(f) At the discretion of the governing board, this section shall not apply to those employees not requiring certification qualifications who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with pupils.

The governing board may, however, require an examination described in subdivision (2) and may, as a contract condition, require the examination of persons employed under contract, other than those persons specified in subdivision (a), if the board believes the presence of these persons in and around school premises would constitute a health hazard to pupils.

(g) If the governing board of a school district determines by resolution, after hearing, that the health of pupils in the district would not be jeopardized thereby, this section shall not apply to any employee of the district who files an affidavit stating that he or she adheres to the faith or teachings of any well-recognized religious sect, denomination, or organization and in accordance with its creed, tenets, or principles depends for healing upon prayer in the practice of religion and that to the best of his or her knowledge and belief he or she is free from active tuberculosis. If at any time there should be probable cause to believe that the affiant is afflicted with active tuberculosis, he or she may be excluded from service until the governing board of the employing district is satisfied that he or she is not so afflicted.

(h) A person who transfers his or her employment from one school or school district to another shall be deemed to meet the requirements of subdivision (a) if that person can produce a certificate which shows that he or she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him or her that it has a certificate on file which contains that showing.

A person who transfers his or her employment from a private or parochial elementary school, secondary school, or nursery school to a school or school district subject to this section shall be deemed to meet the requirements of subdivision (a) if that person can produce a certificate as provided for in Section 3450 of the Health and Safety Code which shows that he or she was examined within the past four years and was found to be free of communicable tuberculosis, or if it is verified by the school previously employing him or her that it has a certificate on file which contains that showing.

(i) Any governing board or county superintendent of schools providing for the transportation of pupils under contract authorized by Section 39800, 39801, or any other provision of law shall require as a condition of the contract the examination for active tuberculosis, as provided by subdivision (a), of all drivers transporting these pupils, provided that private contracted drivers who transport these pupils on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

SEC. 2. Section 3450 of the Health and Safety Code is amended to read:

3450. (a) Except as provided in Section 3456, no person shall be initially employed by a private or parochial elementary or secondary school, or any nursery school, unless that person produces or has on file with the school a certificate showing that within the last 60 days such person has been examined and has been found to be free of communicable tuberculosis.

(b) Thereafter those employees who are skin test negative shall be required to undergo the foregoing examination at least once each four years or more often if directed by the school upon recommendation of the local health officer for so long as the employee remains skin test negative. Once an employee has a documented positive skin test, the foregoing examination is no longer required and a referral shall be made within 30 days of completion of the examination to the local health officer to determine the need for followup care.

(c) At the discretion of the governing authority of a private school, this section shall not apply to employees who are employed for any period of time less than a school year whose functions do not require frequent or prolonged contact with pupils. The governing authority may, however, require the examination and may as a contract condition require the examination of persons employed under contract if the governing authority believes the presence of such persons in and around the school premises would constitute a

health hazard to students.

(d) The governing authority of a private school providing for the transportation of pupils under authorized contract shall require as a condition of the contract that every person transporting pupils produce a certificate showing that within the last 60 days such person has been examined and has been found to be free of communicable tuberculosis, except that any private contracted driver who transports pupils on an infrequent basis, not to exceed once a month, shall be excluded from this requirement.

(e) The examination attested to in the certificate required pursuant to subdivision (d) of this section shall be made available without charge by the local health officer.

"Certificate," as used in this chapter, means a document signed by the examining physician and surgeon who is licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, or a notice from a public health agency or unit of the Tuberculosis Association which indicates freedom from active tuberculosis.

(f) Nothing in this section shall prevent the governing authority of a private, parochial, or nursery school, upon recommendation of the local health officer, from establishing a rule requiring a more extensive or more frequent examination than required by this section.

SEC. 3. Section 3451 of the Health and Safety Code is amended to read:

3451. The examination shall consist of an approved intradermal tuberculosis test, which, if positive, shall be followed by an X-ray of the lungs.

SEC. 4. Section 5163 of the Public Resources Code is amended to read:

5163. (a) No person shall initially be employed in connection with a park, playground, recreational center, or beach used for recreational purposes by a city or county in a position requiring contact with children, or as a food concessionaire or other licensed concessionaire in that area, unless the person produces or has on file with the city or county a certificate showing that within the last two years the person has been examined and has been found to be free of communicable tuberculosis.

(b) Thereafter, those employees who are skin test negative shall be required to undergo the foregoing examination at least once each four years for so long as the employee remains skin test negative. Once an employee has a documented positive skin test which has been followed by an X-ray, the foregoing examination is no longer required and a referral shall be made within 30 days of the examination to the local health officer to determine the need for followup care.

"Certificate" means a document signed by the examining physician and surgeon who is licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and

Professions Code, or a notice from a public health agency or unit of the tuberculosis association which indicates freedom from active tuberculosis.

SEC. 5. Section 5163.1 of the Public Resources Code is amended to read:

5163.1. The examination shall consist of an approved intradermal tuberculosis test, which, if positive, shall be followed by an X-ray of the lungs.

Nothing in Sections 5163 to 5163.2, inclusive, shall prevent the governing body of any city or county, upon recommendation of the local health officer, from establishing a rule requiring a more extensive or more frequent examination than required by Section 5163 and this section.

CHAPTER 705

An act to amend Section 7172 of the Business and Professions Code, relating to contractors.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7172 of the Business and Professions Code is amended to read:

7172. Any contract the primary purpose of which is the construction of a swimming pool which does not substantially comply with the applicable provisions of subdivisions (b), (c), (d), (e), (f), and (h) of Section 7167 shall be void and unenforceable by the contractor as contrary to public policy.

CHAPTER 706

The people of the State of California do enact as follows:

A transit operator which offers reduced fares to those senior citizens who are less than 65 years old shall also honor the senior citizen identification card issued pursuant to subdivision (b) of Section 13000 of the Vehicle Code.

(b) Each transit operator, whether publicly or privately funded in whole or in part, nonprofit or profit, which offers reduced fares pursuant to subdivision (a) shall also offer reduced fares to disabled persons, as defined by Section 22511.5 of the Vehicle Code, and disabled veterans, as defined by Section 22511.9 of that code, at the same rate established for senior citizens. A transit operator shall honor the disabled person or disabled veteran placard identification card issued pursuant to subdivision (d) of Section 22511.5 or subdivision (d) of Section 22511.9 of the Vehicle Code.

(e) Any transit operator, as defined in subdivision (b), who receives funds pursuant to the Mills-Alquist-Deddeh Act (Chapter 4 (commencing with Section 99200)), shall not require that a person requesting transportation be a resident of that transit operator's service area.

CHAPTER 708

An act to amend Section 1719 of the Civil Code, relating to commercial paper.

[Approved by Governor September 9, 1986. Filed with Secretary of State September 9, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1719 of the Civil Code is amended to read:

1719. (a) Notwithstanding any penal sanctions which may apply, any person who makes, utters, draws, or delivers any check, or draft, or order upon any bank or depository, or person, or firm, or corporation, for the payment of money, which refuses to honor the same for lack of funds or credit to pay, or because the maker has no account with the drawee, or because the maker instructed the drawee to stop payment, and who fails to pay the same amount in cash to the payee within 30 days following a written demand therefor informing the maker of the provisions of this section, mailed to the maker by certified mail, shall be liable to the payee, in addition to the amount owing upon that check or draft or order, for damages of treble the amount so owing, but in no case less than one hundred dollars ($100), and in no case more than five hundred dollars ($500), plus the costs of mailing the written demand for payment. However, there shall be no cause of action under this section if a maker stops payment in order to resolve a good faith dispute with the payee. The payee is entitled to the damages only upon proving by clear and convincing evidence that there was no good faith dispute, as defined in subdivision (b).

(b) For purposes of this section, in the case of a stop payment the existence of a "good faith dispute" shall be determined by the trier of fact. A "good faith dispute" is one in which the court finds that the maker had a reasonable belief of his or her legal entitlement to withhold payment. Grounds to such entitlement include, but are not limited to, the following: services were not rendered, goods were not delivered, goods or services purchased are faulty, not as promised, or otherwise unsatisfactory, or there was an overcharge.

(c) In the case of a stop payment, the notice to the maker required by this section shall be in substantially the following form:

NOTICE

To: _____
(name of maker)

_____ is the payee of a check you wrote
(name of payee)

for $ _____ . The check was not paid because
(amount)

you stopped payment, and the payee demands payment. You may have a good faith dispute as to whether you owe the full amount. If you do not have a good faith dispute with the payee and fail to pay the payee the full amount of the check in cash within 30 days after this notice was mailed, you could be sued and held responsible to pay at least all of the following:

(1) The amount of the check.

(2) Damages of at least $100 or, if higher, three times the amount of the check up to $500.

(3) The cost of mailing this notice.

If the court determines that you do have a good faith dispute with the payee, you will not have to pay the damages and mailing cost mentioned above. If you stopped payment because you have a good faith dispute with the payee, you should try to work out your dispute with the payee. You can contact the payee at:

_____
(name of payee)

_____
(street address)

_____
(telephone number)

You may wish to contact a lawyer to discuss your legal rights and responsibilities.

_____
(name of sender of notice)

(d) In the case of a stop payment, a court may not award damages or costs under this section unless the court receives into evidence a copy of the written demand which, in that case, shall have been sent to the maker and a signed certified mail receipt showing delivery of the written demand to the maker's address.

(e) A cause of action under this section may be brought in small claims court, if it does not exceed the jurisdiction of that court, or in any other appropriate court. The payee shall, in order to recover damages because the maker instructed the drawee to stop payment, show to the satisfaction of the trier of fact that there was a reasonable effort on the part of the payee to reconcile and resolve the dispute prior to pursuing the dispute through the courts.

related to the qualifications, functions or duties of a person engaged in business in accordance with this chapter. The commissioner may revoke or deny a license hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) The commissioner may prohibit any person from serving as an officer, director, employee, associate, or provider of any plan or solicitor firm, or of any management company of any plan, or as a solicitor, if (1) the prohibition is in the public interest and the person has committed or caused, participated in, or had knowledge of a violation of this chapter by a plan, management company, or solicitor firm or if (2) the person was an officer, director, employee, associate, or provider of a plan or of a management company or solicitor firm of any plan whose license has been suspended or revoked pursuant to this section and the person had knowledge of, or participated in, any of the prohibited acts for which the license was suspended or revoked. 11706. Any provisions not inconsistent with this part may be contained in the proceedings authorizing the issuance of bonds which limit, restrict, or regulate the holding, deposit, investment, and application of money consisting of the proceeds from the sale of the bonds or the revenues received from the operation of the project, and such provisions shall constitute a contract with the holders of the bonds and be binding upon the department as long as the bonds are outstanding. These arrangements may provide for the reimbursement by the department, with interest, of moneys advanced by the provider of additional security, the provider of a tender right, the provider of moneys to fund a tender right, or anyone performing a related function, except that the interest rate on the reimbursement obligation shall not exceed the

rate specified in Section 11731 and the sources of moneys for the reimbursement shall be only the sources available for the payment of the bonds.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 2452 of the Streets and Highways Code is amended to read:

2452. (a) Prior to July 1 of each year, the Public Utilities Commission shall establish a list, in order of priority, of projects which the commission determines to be most urgently in need of separation or alteration. The priority list shall be determined on the basis of criteria established by the Public Utilities Commission. If a project involves the relocation of railroad tracks or highways and the closure of grade crossings, the Public Utilities Commission shall indicate on the priority list which of the grade crossings eliminated would have been considered urgently in need of a grade separation.

(b) As to projects of otherwise equal priority, the commission shall

give greater priority to grade separation projects for which the amount contributed by a city or county is equal to or greater than 50 percent of the cost of the project.

This section shall remain in effect only until July 1, 1991, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1991, deletes or extends that date. If that date is not deleted or extended, then, on and after July 1, 1991, pursuant to Section 9611 of the Government Code, Section 2452 of the Streets and Highways Code, as set forth in Section 142 of Chapter 545 of the Statutes of 1974, shall have the same force and effect as if this temporary provision had not been enacted.

CHAPTER 722

An act to amend Section 8610.5 of the Government Code, relating to emergencies.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 8610.5 of the Government Code is amended to read:

8610.5. The Office of Emergency Services, in consultation with the State Department of Health Services and affected counties, shall investigate the consequences of a serious nuclear power plant accident for each of the four nuclear power plants in California with a generating capacity of 50 megawatts or more. This study, to be completed within six months of the effective date of this section, shall include the preparation of specific site maps showing the areas likely to be affected by such an accident. These maps shall delineate Emergency Planning Zones, which shall reflect inhalation, ingestion, and other radiation pathways.

A similar study shall be made by the office for any subsequent nuclear power plant with a generating capacity of 50 megawatts or more proposed for certification in California.

The Office of Emergency Services shall revise its Nuclear Power Plant Emergency Response Plan to reflect the information provided in the study. The Office of Emergency Services shall assist local authorities in preparing or upgrading their emergency response plans to reflect its new planning guidelines. The state plan shall be updated within six months after the study has been made. Local plans shall be updated and approved by the Office of Emergency Services in accordance with the following: (1) an initial draft plan shall be submitted to the office within six months after the study has been made, and (2) a final plan shall be completed, reviewed, and approved within 18 months after the effective date of this section.

Neither the state plan nor any local plan shall become effective or be implemented until approved by the Office of Emergency Services of this state or the Federal Emergency Management Agency.

The current State Nuclear Power Plant Emergency Response Plan shall continue in full force and effect unless and until revised pursuant to this section. Local plans shall remain in full force and effect unless and until revised pursuant to this section.

It is the intent of the Legislature that state and local costs related to carrying out the provisions of this section which are not reimbursed by federal funds shall be borne by the utility with existing nuclear power plants having a generating capacity of 50 megawatts or more, and that local agencies shall be reimbursed for their costs incurred in preparing or updating their plans for the affected area surrounding these power plants by the utility operating each power plant. The Public Utilities Commission shall develop and transmit to the Office of Emergency Services an equitable method of assessing the utilities operating the power plants for their reasonable pro rata share of state agency costs. Each local agency involved shall submit a statement of its costs in such manner as the Office of Emergency Services shall require. Upon each utility's notification by the Office of Emergency Services, from time to time, of the amount of its share of the actual or anticipated state and local agency costs, the utility shall pay such amount to the Controller for deposit in the Nuclear Planning Assessment Special Account, which is hereby created in the General Fund for use by the Controller, upon appropriation by the Legislature, to carry out the provisions of this section. The Controller shall pay from this account the state and local costs relative to carrying out the provisions of this section upon certification thereof by the Office of Emergency Services. Each utility operating a nuclear power plant shall, within one month of the effective date of this section, pay to the Controller for deposit into the Nuclear Planning Assessment Special Account the sum of twenty-five thousand dollars ($25,000) for each nuclear power plant for the purpose of funding initial planning costs. Upon repeal of this section, any amounts remaining in the special account shall be refunded pro rata to the utilities contributing thereto. Beginning January 1, 1983, the total annual reimbursement of state and local costs from the utilities operating the nuclear power plants within the state pursuant to this section shall not exceed the lesser of the actual costs or three hundred thousand dollars ($300,000) annually for state costs to be prorated among utilities in proportion to the allocation of benefit to each plant and the lesser of the actual costs or one hundred thousand dollars ($100,000) per reactor unit annually for local costs. The amounts paid by privately owned utilities under this section shall be allowed for ratemaking purposes by the Public Utilities Commission. Publicly owned public utilities may include amounts paid under this section in their rates.

This section shall remain in effect only until January 1, 1993, and

as of that date is repealed, unless a later enacted statute which is chaptered on or before January 1, 1993, deletes or extends that date.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

CHAPTER 725

An act to add Sections 8552, 8554, 8555, and 8559 to the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor September 14, 1986 Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The fishery for herring roe is important to this state for income and employment.

(b) The herring roe fishery provides a necessary supplemental fishery for many salmon, crab, squid, and gillnet fishermen.

(c) Herring roe, together with sea urchin, is California's most valuable foreign fishery export.

(d) There are more fishermen seeking entry into the herring fishery than there is fishery area or sustainable herring resources available.

(e) In order to ensure that regulations of the commission which prescribe entry into the herring fishery are complied with, strict definitions of partnerships and crew experience need to be established.

(f) Due to the number of fishermen, the harvesting capacity of the fishery, and the small fishery areas involved, the herring fishery requires extensive and effective regulations which are developed in close cooperation and consultation with representatives of the harvesting and purchasing sectors of the herring fishing industry.

(g) Experience in the fishery by operators is necessary to prevent damage to the resource, waste of fish, and loss of fishing gear.

(h) Herring provide a valuable forage fish for salmon, striped bass, and other important commercial and sport fish.

(i) The fishery for herring roe takes place entirely inside of California's internal waters, and it benefits from state expenditures to protect water quality and habitat in San Francisco, Tomales, and Humboldt Bays.

SEC. 2. Section 8552 is added to the Fish and Game Code, to read:

8552. (a) All persons operating a vessel which is taking herring for roe shall hold a herring permit issued by the department pursuant to commission regulations. The permit shall be nontransferable except as authorized in subdivision (c).

(b) No person shall possess more than one herring permit, nor may a permit be issued to more than one person except as provided for in subdivision (c).

(c) Notwithstanding Section 8102, a permit may be issued to two individuals if (1) both are engaged in the herring roe fishery as

determined by the department and (2) there is a partnership constituting equal, 50 percent, ownership in a herring fishery operation, including a vessel or equipment, and that partnership is demonstrated by any two of the following:

(1) A copy of a federal partnership tax return.

(2) A written partnership agreement.

(3) Joint ownership of a fishing vessel used in the herring fishery as demonstrated on federal vessel license documents.

(d) For purposes of this section, a herring permit does not constitute a herring fishing operation. A herring permit may be transferred to one of the partners to be held thereafter in that partner's name only if there has been a death or retirement of the other partner, a divorce, or a dissolution of partnership. That transfer may only occur where there is proof of the partnership having existed for five or more consecutive years.

(e) A permittee may request the addition of another name to his or her permit if all of the requirements of this section are met. If a partnership for which a permit has been issued is divorced or dissolved, the permit shall be transferred to the original named permittee unless the permit was originally issued to both partners, in which case the permit shall be transferred to one of the two parties pursuant to a court order or by mutual agreement of the parties.

SEC. 3. Section 8554 is added to the Fish and Game Code, to read:

8554. The commission, in adopting regulations for the commercial herring fishery, shall provide for the temporary substitution of a permittee to take herring, if the permittee is ill or injured, by a crewmember aboard the vessel operated by the permittee. The commission may require that proof of the illness or injury be substantiated to the satisfaction of the department.

SEC. 4. Section 8555 is added to the Fish and Game Code, to read:

8555. The director shall periodically meet and confer with representatives of the commercial herring roe fishery to review regulations and policies of the commission and the department concerning that fishery and to receive recommendations on the regulation and management of that fishery. In particular, those representatives and their legal counsel may recommend to the department, for recommendation to the commission for adoption by the commission as regulations, requirements for the payment of civil damages that may be imposed in lieu of revoking or suspending a permit issued pursuant to this article or for violations of regulations adopted by the commission pertaining to the herring roe fishery.

SEC. 5. Section 8559 is added to the Fish and Game Code, to read:

8559. The commission, in determining experience requirements for new entrants into the herring fishery after January 1, 1987, shall require that any person seeking a permit to operate a vessel to take herring and claiming crew experience shall demonstrate, to the satisfaction of the department, proof of payment as a crewmember in the herring fishery based on tax records or copies of canceled checks offered and accepted as payment for service on a crew in the

California herring roe fishery.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The financial remuneration specified in paragraph (2) of subdivision (a) shall be available to persons only during the time they are serving as members of a working group or committee at the request of the state board.

SEC. 2. Section 39670 of the Health and Safety Code is amended to read:

The pool shall include, at a minimum, three nominees for each discipline represented on the panel, and shall include only individuals who hold, or have held, academic or equivalent appointments at universities and their affiliates in California.

(c) The Secretary of Environmental Affairs shall appoint a member of the panel to serve as chairperson.

(d) The panel may utilize special consultants or establish ad hoc committees, which may include other scientists, to assist it in performing its functions.

(e) Members of the panel, and any ad hoc committee established by the panel, shall submit annually a financial disclosure statement that includes a listing of income received within the preceding three years, including investments, grants, and consulting fees derived from individuals or businesses which might be affected by regulatory actions undertaken by the state board or districts pursuant to this chapter. An act to amend Sections 66451.10 and 66451.19 of, and to add Section 66451.195 to, the Government Code, relating to real property, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 66451.10 of the Government Code is amended to read:

66451.10. (a) Notwithstanding Section 66424, except as is otherwise provided for in this article, two or more contiguous parcels or units of land which have been created under the provisions of this division, or any prior law regulating the division of land, or a local ordinance enacted pursuant thereto, or which were not subject to those provisions at the time of their creation, shall not be deemed merged by virtue of the fact that the contiguous parcels or units are held by the same owner, and no further proceeding under the provisions of this division or a local ordinance enacted pursuant thereto shall be required for the purpose of sale, lease, or financing of the contiguous parcels or units, or any of them.

(b) This article shall provide the sole and exclusive authority for local agency initiated merger of contiguous parcels. On and after January 1, 1984, parcels may be merged by local agencies only in accordance with the authority and procedures prescribed by this

article. This exclusive authority does not, however, abrogate or limit the authority of a local agency or a subdivider with respect to the following procedures within this division:

(1) Lot line adjustments.

(2) Amendment or correction of a final or parcel map.

(3) Reversions to acreage.

(4) Exclusions.

(5) Tentative, parcel, or final maps which create fewer parcels.

SEC. 2. Section 66451.19 of the Government Code is amended to read:

66451.19. (a) Except as provided in Sections 66451.195, 66451.301, and 66451.302, a city or county shall no later than January 1, 1986, record a notice of merger for any parcel merged prior to January 1, 1984. After January 1, 1986, no parcel merged prior to January 1, 1984, shall be considered merged unless a notice of merger has been recorded prior to January 1, 1986.

(b) Notwithstanding the provisions of Sections 66451.12 to 66451.18, inclusive, a city or county having a merger ordinance in existence on January 1, 1984, may, until July 1, 1984, continue to effect the merger of parcels pursuant to that ordinance, unless the parcels would be deemed not to have merged pursuant to the criteria specified in Section 66451.30. The local agency shall record a notice of merger for any parcels merged pursuant to that ordinance.

(c) At least 30 days prior to recording a notice of merger pursuant to subdivision (a) or (b), the local agency shall advise the owner of the affected parcels, in writing, of the intention to record the notice and specify a time, date, and place at which the owner may present evidence to the legislative body or advisory agency as to why the notice should not be recorded.

(d) The failure of a local agency to comply with the requirements of this article for the merger of contiguous parcels or units of land held in common ownership shall render void and ineffective any resulting merger or recorded notice of merger and no further proceedings under the provisions of this division or a local ordinance enacted pursuant thereto shall be required for the purpose of sale, lease, or financing of those contiguous parcels or units, or any of them, until such time as the parcels or units of land have been lawfully merged by subsequent proceedings initiated by the local agency which meet the requirements of this article.

(e) The failure of a local agency to comply with the requirements of any prior law establishing requirements for the merger of contiguous parcels or units of land held in common ownership, shall render voidable any resulting merger or recorded notice of merger. From and after the date the local agency determines that its actions did not comply with the prior law, or a court enters a judgment declaring that the actions of the agency did not comply with the prior law, no further proceedings under the provisions of this division or a local ordinance enacted pursuant thereto shall be required for the purpose of sale, lease, or financing of such contiguous parcels or units,

or any of them, until such time as the parcels or units of land have been lawfully merged by subsequent proceedings initiated by the local agency which meet the requirements of this article.

SEC. 3. Section 66451.195 is added to the Government Code, to read:

66451.195. (a) Counties more than 20,000 square miles in size shall have until January 1, 1990, to record a notice of merger for parcels of 4,000 square feet or less prior to the time of merger, which were merged prior to January 1, 1984, and for those parcels no parcel merged prior to January 1, 1984, shall be considered merged unless the notice of merger has been recorded prior to January 1, 1990. Counties recording notices of merger pursuant to this subdivision shall comply with the notice requirements of Section 66451.19.

(b) This section shall not be applicable to any parcels or units which meet the criteria of subdivision (a) but which were transferred, or for which the owner has applied for a building permit, during the period between January 1, 1986, and the effective date of this section.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for counties to proceed with the merger of contiguous parcels of land in an orderly manner, it is necessary that this act take effect immediately.

4353. As used in this chapter, "department" means the Department of Housing and Community Development.

4354. (a) Every operator of a mobilehome park with a gas distribution system shall prepare and submit annually, together with the annual application for a permit to operate the mobilehome park, a report on the distribution system to the department or the local enforcement agency designated pursuant to Section 18300 of the Health and Safety Code to enforce the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200) of Division 13 of the Health and Safety Code). If a filing does not comply with the requirements of this section, the State Board of Equalization or the official of the taxing agency entitled to receive those documents shall notify the filing agency within 10 days, stating the manner in which the filing of documents does not comply with this section. If no notice is given, it shall be conclusively presumed that the agency has complied with the provisions of this section.

SEC. 2. Section 33413 of the Health and Safety Code is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units at affordable housing cost within the territorial jurisdiction of the agency.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall

be available at affordable housing cost to, and occupied by, very low income households.

(2) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a) and in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low income, moderate income, and very low income households, respectively, for not less than the period of the land use controls established in the redevelopment plan. If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in the previous sentence.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. However, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to two replacement dwelling units pursuant to subdivision (a).

The vendor shall submit the completed form to the operator who shall note on the vendor's copy that the vendor has submitted the form. The vendor shall submit the form to the swap meet operator prior to the close of the business day on which the item is to be placed on sale. The swap meet operator shall provide this form to the chief of police, if the swap meet occurs within the territorial limits of an incorporated city, or the sheriff, if the swap meet occurs outside a city, within 24 hours, or, before the end of the first working day following the swap meet. The chief of police or sheriff receiving the reports shall forward the original to the California Department of Justice when the California Department of Justice specifically requests the reports of a particular swap meet. After duplication or use, these original reports shall be returned to the chief of police or sheriff who forwarded the reports. The original shall also be available to the State Board of Equalization to permit them to detect possible sales tax evasion. The reports shall not be utilized by a chief of police, a sheriff, the Department of Justice, or any other governmental agency for the purpose of providing a permanent record of property ownership, nor shall the information derived from these reports form the basis for any record other than reports which assist in tracing and recovering of stolen property or assist in detecting sales tax evasion.

(b) Every vendor shall submit to the swap meet operator the form disclosing the information required by subdivision (a) of Section 21663 for each swap meet at which he or she is a vendor prior to displaying for sale or exchange any personal property at the swap meet. Items described in reports previously submitted pursuant to paragraph (2) of subdivision (a) of Section 21663 may be omitted from the description on the forms submitted at subsequent swap meets if the vendor furnishes the swap meet operator of each subsequent swap meet with two copies of the report previously submitted, marked to indicate personal property currently being

offered or displayed.

(c) A vendor who regularly offers or displays for sale or exchange any new or used personal property or merchandise shall be required to submit to the swap meet operator the form disclosing the information required by subdivision (a) of Section 21663 only once every 60 days. The vendor shall, however, submit a new report at any swap meet at which he is a vendor and offers or displays for sale or exchange any personal property not included by generic classification in the previously submitted report. For purposes of this subdivision, a vendor shall be deemed to regularly offer or display for sale or exchange any items of merchandise if such vendor participates for four or more days in a month at a swap meet conducted at the same location. Any vendor claiming to be a regular seller of new or used merchandise under the provisions of this subdivision shall so indicate on the bimonthly report.

SEC. 1.5. Section 21661 of the Business and Professions Code is amended to read:

21661. As used in this article:

(2) At which a fee is charged for the privilege of offering or displaying personal property for sale or exchange; or

(3) At which a fee is charged to prospective buyers for admission to the area where personal property is offered or displayed for sale or exchange; or

This property shall include any phonograph record, disk, tape, film, or other article upon which sounds are recorded. A list of such personal property shall be supplied by the Attorney General to all local law enforcement agencies. Such list shall be reviewed periodically by the Attorney General to ensure that it addresses current problems with stolen goods.

SEC. 2. Section 21668 is added to the Business and Professions Code, to read:

21668. A chief of police of a city or the sheriff of an area outside of the city may waive any requirement of this article for swap meet operators and vendors in the city or area outside of the city if the chief of police or sheriff determines it is not necessary or appropriate in the public interest to impose the requirement. If the swap meet is located in both the city and area outside of the city, the chief of police of the city has the authority to grant the waiver authorized by this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 733

(b) The Legislature declares that the development of adequate infrastructure is necessary in order to stimulate the construction of an adequate supply of available and affordable housing.

SEC. 2. SEC. 3. The sum of forty-five thousand dollars ($45,000) is hereby appropriated from the Debt Advisory Commission Fund to the Debt Advisory Commission to be utilized to prepare the report required

by Section 2 of this act.

CHAPTER 734

An act to amend Sections 1417.3 and 1417.5 of the Penal Code, relating to judicial proceedings.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1417.3 of the Penal Code is amended to read:

1417.3. At any time prior to the final determination of the action or proceeding, exhibits offered by the state or defendant shall be returned to the party offering them by order of the court when an exhibit poses a security, storage, safety, or health problem, as recommended by the clerk of the court. If an exhibit by its nature is severable the court may order the clerk to retain a portion of the exhibit not exceeding three pounds by weight or one cubic foot by volume and shall order the return of the balance of the exhibit to the district attorney. The clerk, upon court order, shall substitute a full and complete photographic record of any exhibit or part of any exhibit returned to the state under this section. The party to whom the exhibit is being returned shall provide the photographic record.

SEC. 2. Section 1417.5 of the Penal Code is amended to read:

1417.5. Except as provided in Section 1417.6, 60 days after the final determination of a criminal action or proceeding, the clerk of the court shall dispose of all exhibits introduced or filed in the case and remaining in the clerk's possession, as follows:

(a) The court shall, on application of the owner or any person entitled to possession of the exhibits or an agent designated in writing by the owner, order the release of any exhibits that will not prejudice the state.

(b) If the party entitled to an exhibit fails to apply for the return of the exhibit prior to the date for disposition under this section, the following procedures shall apply:

(1) Exhibits of stolen or embezzled property other than money shall be disposed of pursuant to court order as provided in Section 1417.6.

(2) Exhibits of property other than property which is stolen or embezzled or property which consists of money or currency shall, except as otherwise provided in this paragraph and in paragraph (3), be transferred to the appropriate county agency for sale to the public in the same manner provided by Article 7 (commencing with Section 25500) of Chapter 5 of Part 2 of Division 2 of Title 3 of the Government Code for the sale of surplus personal property. If the

county determines that any property is needed for a public use, the property may be retained by the county and need not be sold.

(3) Exhibits of property, other than money, currency, or stolen or embezzled property, that are determined by the court to have no value at public sale shall be destroyed or otherwise disposed of pursuant to court order.

(4) Exhibits of money or currency shall be disposed of pursuant to Section 1420.

CHAPTER 735

SEC. 2. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

SECTION 1. Section 18641 of the Revenue and Taxation Code is amended to read:

18641. The filing of a petition for review shall not operate to stay collection. Collection may be stayed only as provided in Section 18643. A petition filed pursuant to this paragraph shall also be considered a protest filed pursuant to Section 18590 against the proposed additional tax.

(3) If a petition for review under paragraph (2) is not made within the 30-day period set forth in that paragraph, the finding of the Franchise Tax Board pursuant to Section 18641 or 18642 is final.

(3) Within 60 days after an appeal is filed under paragraph (1), the board shall determine whether the issuance of notice and demand under Section 18641 or 18642 is reasonable under the circumstances. The burden of proof with respect to whether a

jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(4) If the board determines that a jeopardy status does not apply to all or part of the assessment, the board may modify the amount of the assessment to which the jeopardy attaches. If the board does not act within the time period provided in paragraph (3) as modified by paragraph (6), the board will be deemed to have denied the taxpayer's appeal.

(5) In making the determination required by paragraph (3), the board shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(c) (1) Within 60 days after the earlier of the following days, either party may bring a civil action against the other in superior court for a judicial determination as to whether or not the issuance of the notice and demand under Section 18641 or 18642 is reasonable under the circumstances:

(A) The day the board notifies the taxpayer of its determination described in paragraph (3), as modified by paragraph (6), of subdivision (b).

(B) If the board fails to make a timely determination, then one day after the time prescribed for the board to make its determination.

(2) If a civil action under this subdivision is not commenced within the 60-day period set forth in paragraph (1), the board's determination is final. The filing of the civil action shall not operate to stay collection. Collection shall be stayed only as provided by Section 18643.

(3) Within 60 days after proper service is made, the superior court shall determine whether the issuance of notice and demand under Section 18641 or 18642 is reasonable under the circumstances. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(4) If the court determines that a jeopardy status does not apply to all or part of the assessment, the court may modify the amount of the assessment to which the jeopardy attaches.

(5) In making the determination required by paragraph (3), the superior court shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy

status is upon the taxpayer.

(6) If either party in the action requests an extension of the 60-day period set forth in paragraph (3) of subdivision (c) and establishes reasonable grounds why the extension should be granted, the superior court may grant an extension of not more than 30 additional days.

(7) Actions filed pursuant to this section shall be filed in the Superior Court of the County of Los Angeles, the City and County of San Francisco, the County of San Diego, or the County of Sacramento. Sections 19087 and 19089 shall apply to those actions.

18646. The taxpayer may appeal to the board from the Franchise Tax Board's action on the petition for review. The appeal shall be made in the manner prescribed by Section 18594. The provisions of Article 2 (commencing with Section 18581) of Chapter 18 relating to an appeal from the action of the Franchise Tax Board on a protest against an additional tax proposed to be assessed applies to the appeal.

SEC. 7. Section 25761 of the Revenue and Taxation Code is amended to read:

25761. If the Franchise Tax Board finds that the assessment or collection of a tax or deficiency for any year, current or past, will be jeopardized in whole or in part by delay, it may mail or issue notice of its findings to the taxpayer, or its transferee or transferees, liable for the tax imposed under this part, together with a demand for immediate payment of the tax or deficiency declared to be in jeopardy, including interest and penalties and additions thereto. Any assessment issued under this article shall also be an assessment issued pursuant to Section 25662, if an assessment has not already been issued pursuant to Section 25662 with respect to that income year for that amount.

In the case of a tax for a current period, if the Franchise Tax Board finds that the assessment or collection of the tax will be jeopardized in whole or in part by delay, the Franchise Tax Board may declare the income period of the taxpayer immediately terminated and shall mail or issue notice of its findings and declaration to the taxpayer, together with a demand for a return and immediate payment of the tax based on the period declared terminated, including therein income accrued and deductions incurred up to the date of termination if not otherwise properly includable or deductible in respect of such period, and such tax shall be immediately due and payable whether or not the time otherwise allowed by law for filing the return and paying the tax has expired.

SEC. 8. Section 25761a of the Revenue and Taxation Code is amended to read:

25761a. (1) A jeopardy assessment is immediately due and payable, and proceedings for collection may be commenced at once.

(2) The collection of the whole or any amount of a jeopardy assessment may be stayed, at any time before the assessment becomes final, by filing with the Franchise Tax Board: (1) a bond in an amount equal to the amount (together with interest thereon to the date of payment) as to which the stay is desired, conditioned upon the payment of the amount, the collection of which is stayed by the bond, upon notice and demand by the Franchise Tax Board, after the assessment becomes final; or, (2) other security in such amount as the Franchise Tax Board may deem necessary, not exceeding double the amount (together with interest thereon to date of payment) as to which the stay is desired.

(3) Upon the filing of the bond or other security the collection of so much of the amount assessed as is covered by the bond or other security shall be stayed. The taxpayer shall have the right to waive such stay at any time in respect of the whole or any part of the amount covered by the bond or other security, and if as a result of such waiver any part of the amount covered by the bond or other security is paid, then the bond or other security shall, at the request of the taxpayer, be proportionately reduced. If any portion of the jeopardy assessment is abated, the bond or other security shall, at the request of the taxpayer, be proportionately reduced.

(4) The Franchise Tax Board may, prior to the time the assessment becomes final, stay collection of the whole or any amount of a jeopardy assessment if it finds that jeopardy does not exist.

(5) Where collection of the whole or any amount of a jeopardy assessment has been stayed under this section, the period of limitation on any action to collect shall be tolled during the time of such stay.

SEC. 9. Section 25762 is added to the Revenue and Taxation Code, to read:

25762. (a) (1) Within five days after the day on which either a notice and demand for payment is mailed or issued pursuant to Section 25761, or notice and demand for a return and payment is mailed or issued pursuant to Section 25761, the Franchise Tax Board shall mail or issue the taxpayer a written statement of the information upon which the Franchise Tax Board relies in issuing that notice and demand.

(2) Within 30 days after the day on which the taxpayer is furnished the written statement described in paragraph (1), or within 30 days after the last day of the period within which the statement is required to be furnished, the taxpayer may petition the Franchise Tax Board to review whether its finding pursuant to Section 25761 is reasonable under the circumstances, specifying the grounds on which the petition is based. The filing of a petition for review shall not operate to stay collection. Collection may be stayed only as provided in Section 25761a. A petition filed pursuant to this paragraph shall also be considered a protest filed pursuant to Section

25664 against the proposed additional tax.

(3) If a petition for review under paragraph (2) is not made within the 30-day period set forth in that paragraph, the finding of the Franchise Tax Board pursuant to Section 25761 is final.

(4) After a petition for review is filed under paragraph (2), the Franchise Tax Board shall determine whether or not the issuance of notice and demand under Section 25761 is reasonable under the circumstances. In making this determination, the Franchise Tax Board shall grant the taxpayer or its authorized representative an oral hearing if the taxpayer has so requested in its petition. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(5) The Franchise Tax Board shall make the determination under paragraph (4) within 90 days of the filing of the petition for review unless the taxpayer requests, in writing, additional time.

(6) In making the determination required by paragraph (4), the Franchise Tax Board shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(b) (1) Within 60 days after the earlier of the following days, the taxpayer may appeal the determination to the State Board of Equalization in the manner provided in Section 25763:

(A) The day the Franchise Tax Board notifies the taxpayer of the determination described in paragraph (4) of subdivision (a).

(B) One day after the time period prescribed by paragraph (5) of subdivision (a) for the Franchise Tax Board to make its determination.

(2) If an appeal is not filed before the expiration of the time periods, the Franchise Tax Board's determination is final. Filing of an appeal shall not operate to stay collection. Collection may be stayed only as provided in Section 25761a.

(3) Within 60 days after an appeal is filed under paragraph (1), the board shall determine whether the issuance of notice and demand under Section 25761 is reasonable under the circumstances. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(4) If the board determines that a jeopardy status does not apply to all or part of the assessment, the board may modify the amount of the assessment to which the jeopardy attaches. If the board does not act within the time period provided in paragraph (3) as modified by paragraph (6), the board will be deemed to have denied the taxpayer's appeal.

(5) In making the determination required by paragraph (3), the board shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether

jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(6) If either party requests an extension of the 60-day period set forth in paragraph (3) and establishes reasonable grounds why the extension should be granted, the board may grant an extension of not more than 30 additional days.

(c) (1) Within 60 days after the earlier of the following days, either party may bring a civil action against the other in superior court for a judicial determination as to whether or not the issuance of the notice and demand under Section 25761 is reasonable under the circumstances:

(A) The day the board notifies the taxpayer of its determination described in paragraph (3), as modified by paragraph (6), of subdivision (b).

(B) If the board fails to make a timely determination, then one day after the time prescribed for the board to make its determination.

(2) If a civil action under this subdivision is not commenced within the 60-day period set forth in paragraph (1), the board's determination is final. The filing of the civil action shall not operate to stay collection. Collection shall be stayed only as provided by Section 25761a.

(3) Within 60 days after proper service is made, the superior court shall determine whether the issuance of notice and demand under Section 25761 is reasonable under the circumstances. The burden of proof with respect to whether a jeopardy exists as to collection or an assessment is upon the Franchise Tax Board.

(4) If the court determines that a jeopardy status does not apply to all or part of the assessment, the court may modify the amount of the assessment to which the jeopardy attaches.

(5) In making the determination required by paragraph (3), the superior court shall consider all relevant factors, including, but not limited to, the likelihood that collection will be jeopardized, the assets of the taxpayer, and the amount of the assessment as it relates to whether jeopardy status exists. The burden of proof as to the amount of the assessment for purposes of determining jeopardy status is upon the taxpayer.

(6) If either party in the action requests an extension of the 60-day period set forth in paragraph (3) of subdivision (c) and establishes reasonable grounds why the extension should be granted, the superior court may grant an extension of not more than 30 additional days.

(7) Actions filed pursuant to this section shall be filed in the Superior Court of the County of Los Angeles, the City and County of San Francisco, the County of San Diego, or the County of Sacramento. Section 26104 shall apply to those actions.

(8) The determination made by a superior court under this section shall be final and conclusive and shall not be reviewed by any

other court.

A certificate of the Franchise Tax Board of the mailing or issuing the notices specified in this article shall be presumptive evidence that the notices were mailed or issued.

SEC. 12. This act applies to jeopardy assessments issued on or after January 1, 1987.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3102 of the Vehicle Code is amended to read:

3102. Any regulations adopted pursuant to Section 3100 shall not apply to drivers holding a class 1, class 2, or class 3 driver's license on the effective date of the regulations, until renewal of the class 1, class 2, or class 3 driver's license subsequent to that date.

SEC. 2. Section 12804.1 of the Vehicle Code is amended to read:

12804.1. (a) Except as provided in subdivision (h) and Section 12804.2, no person shall operate a motor vehicle which is required to display placards or markings pursuant to Section 27903 or which is hauling hazardous waste, as defined in Sections 25115 and 25117 of the Health and Safety Code, unless the person has in his or her possession a driver's license for the appropriate class of vehicle to be driven and a certificate issued by the department to permit the operation of vehicles requiring placards or markings pursuant to Section 27903 and vehicles hauling hazardous waste.

(b) Applicants for that certificate shall be required to submit a report of a medical examination of the applicant given not more than two years prior to the date of the application by a physician licensed to practice medicine and submit to a test of the applicant's knowledge and understanding of the provisions of this code, other federal and state laws relating to the transportation of hazardous materials or hazardous waste, and safe driving practices relating to the transportation of hazardous materials pursuant to Section 27903 and the transportation of hazardous waste as provided in rules or regulations of the State Department of Health Services.

(c) The department may accept a certificate of training, as authorized under subdivision (b) of Section 3100, in lieu of the knowledge test required under subdivision (b) of this section, when the certificate of training is issued by an employer of the applicant.

(d) A certificate shall be valid for the operation of any vehicle class for which the person is licensed which is transporting hazardous materials requiring placards pursuant to Section 27903 or which is transporting hazardous waste, as defined in Sections 25115 and 25117 of the Health and Safety Code, provided that the person has in immediate possession a medical certificate issued within the past two years.

(e) Applicants for a certificate to drive vehicles transporting hazardous materials pursuant to Section 27903 or transporting hazardous waste, as defined in Sections 25115 and 25117 of the Health and Safety Code, shall pay a fee of twelve dollars ($12) to the department.

(f) Renewal of the certificate is subject to Section 12814, as it may apply to a certificate.

12804.2. (a) Notwithstanding Section 12804.1, a person with at least a class 3 driver's license is exempt from the certificate requirements of Section 12804.1 if all of the following conditions are

met:

(1) The person is employed in an agricultural operation and the load is not being transported for compensation.

(2) The person has completed an agricultural hazardous materials transportation program offered or approved by the Department of the California Highway Patrol. The Department of the California Highway Patrol shall make the program available at no cost, and the program shall contain information specifically applicable to the safe transportation of agricultural chemicals and shall not be less than two hours in length. If the commissioner determines that the program cannot be offered in a particular area of the state because of personnel constraints, a person in that area may instead comply with this requirement by receiving agricultural hazardous materials training, in a program and manner approved by the Department of the California Highway Patrol, from an organization or a person in a supervisory position that has been certified by the Department of the California Highway Patrol.

(3) Upon evidence of successfully completing the program specified in paragraph (2), as certified by the instructor, the Department of the California Highway Patrol shall issue a certificate to the person which shall be valid for four years. A fee of not more than three dollars ($3) shall be paid by the person to the Department of the California Highway Patrol for the initial certificate and any subsequent renewal certificates. The certificate shall be carried by the person when operating an implement of husbandry or a motor vehicle requiring a class 3 driver's license when transporting material required to display placards or markings pursuant to Section 27903 of this code or which is hauling hazardous waste, as defined in Sections 25115 and 25117 of the Health and Safety Code.

(4) The person has, within the vehicle, informational material approved by the Department of the California Highway Patrol, in both English and Spanish, outlining basic safety procedures to be followed in the event of an accident. The Department of the California Highway Patrol shall provide the information required by this subdivision and make it available at no cost to the person.

(5) The person is operating a vehicle which is an implement of husbandry or a motor vehicle requiring a class 3 driver's license and the distance which the vehicle is being operated between the final point of distribution and the ultimate point of application or from part of a farm to another part thereof, or from one farm to another, is not more than 50 miles.

(b) Implementation dates for this section may be established by the Department of Motor Vehicles by regulation in order to accomplish an orderly certification program.

SEC. 4. Section 12810.5 of the Vehicle Code is amended to read:

(b) Any class 1 or class 2 licensed driver, except persons holding certificates pursuant to Section 2512, 12517, 12519, 12521, 12523, 12804.1, 12804.2, or 12804.3, whose driving record shows a violation point count of six or more points in 12 months, eight or more points in 24 months, or 10 or more points in 36 months shall be prima facie presumed to be a negligent operator of a motor vehicle.

CHAPTER 742

An act to amend and renumber Sections 46604, 46612, 46613, 46614, 46616, 46617.5, 46618, 46619, and 46620 of, to add Section 46601 to, to repeal Sections 46602, 46607, 46609, 46611, and 46615 of, and to repeal and add Sections 46600 and 46603 of, the Education Code, relating to school attendance.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 46600 of the Education Code is repealed.

SEC. 2. Section 46600 is added to the Education Code, to read:

46600. (a) The governing boards of two or more school districts may enter into an agreement, for a term not to exceed five school years, for the interdistrict attendance of pupils who are residents of the districts. The agreement may provide for the admission to a district other than the district of residence of a pupil who requests a permit to attend a school district that is a party to the agreement and that maintains schools and classes in kindergarten or any of grades 1 to 12, inclusive, to which the pupil requests admission.

The agreement shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied.

The supervisor of attendance of the district of residence shall issue an individual permit verifying the district's approval, pursuant to policies of the board and terms of the agreement, for the transfer and for the applicable period of time. A permit shall be valid upon concurring endorsement by the designee of the governing board of the district of proposed attendance. The stipulation of the terms and conditions under which the permit may be revoked is the responsibility of the district of attendance.

(b) Agreements and permits provided for under this section are not applicable to expelled pupils. Regardless of whether an agreement exists or a permit is issued, any district may admit a pupil

expelled from another district in which the pupil continues to reside.

SEC. 3. Section 46601 is added to the Education Code, to read:

46601. If, within 30 calendar days after the person having legal custody of a pupil has made a request, the governing board of either school district fails to approve the interdistrict attendance, or, in the absence of an agreement between the districts, fails or refuses to enter into an agreement, the district denying the permit, or, in the absence of an agreement, the district of residence, shall advise the person requesting the permit of the right to appeal to the county board of education, and shall advise him or her of all of the following:

(a) The person having legal custody may appeal, within 30 calendar days of the failure or refusal to issue a permit, or to enter into an agreement allowing the attendance, to the county board of education having jurisdiction over the district of residence of the parent or legal guardian or person having legal custody. Failure to appeal within the required time is good cause for denial of an appeal. An appeal shall be accepted only upon verification by the county board's designee that appeals within the districts have been exhausted. If new evidence or grounds for the request are introduced, the county board may remand the matter for further consideration by the district or districts. In all other cases, the appeal shall be granted or denied on its merits.

(b) The county board of education shall, within 30 calendar days after the appeal is filed, determine whether the pupil should be permitted to attend in the district in which he desires to attend and the applicable period of time. In the event that compliance by the county board within the time requirement for determining whether the pupil should be permitted to attend in the district in which he or she desires to attend is impractical, the county board or the county superintendent of schools, for good cause, may extend the time period for up to an additional five school days. The county shall provide adequate notice to all parties of the date and time of any hearing scheduled and of the opportunity to submit written statements and documentation and to be heard on the matter pursuant to rules and regulations adopted by the county board of education. The county board rules may provide for the granting of continuances upon a showing of good cause.

(c) The county supervisor of attendance, or other designee of the county superintendent of schools, shall investigate to determine whether local remedies in the matter have been exhausted and to provide any additional information deemed useful to the county board in reaching a decision.

(d) If the interdistrict attendance involves school districts located in different counties, the county board of education having jurisdiction over the district denying a permit, or refusing or failing to enter into an agreement to allow for the issuance of a permit, shall have jurisdiction for purposes of an appeal. If both districts deny a permit, or refuse or fail to enter into an agreement to allow for the issuance of a permit, the county board having jurisdiction over the

district of residence shall have jurisdiction for purposes of an appeal and, upon granting a pupil's appeal, shall seek concurrence in the decision by the county board of the other county which shall provide adequate opportunity for the district under its jurisdiction to be heard on the matter before making a decision. If the two county boards do not then concur, the pupil's appeal shall be denied.

SEC. 4. Section 46602 of the Education Code is repealed.

SEC. 5. Section 46604 of the Education Code is amended and renumbered to read:

46602. If the county board of education determines that the pupil should be permitted to attend in the district in which he or she desires to attend, the pupil shall be admitted to school in the district without delay and the attendance may be counted by the district of attendance for revenue limit and state apportionment purposes.

Written notice of the decision by the county board of education shall be delivered to the pupil and the parent or guardian, or person having custody of him or her, and to the governing boards of the districts.

SEC. 6. Section 46603 of the Education Code is repealed.

SEC. 7. Section 46603 is added to the Education Code, to read:

46603. For a period not to exceed two school months, the governing board of a school district may provisionally admit to the schools of the district a pupil who resides in another district, pending a decision of the two boards, or by the county board of education upon appeal, regarding the interdistrict attendance.

Regardless of whether the decision on interdistrict attendance is allowed, the provisional attendance may be counted by the district of attendance for revenue limit and state apportionment purposes.

SEC. 8. Section 46607 of the Education Code is repealed.

SEC. 9. Section 46609 of the Education Code is repealed.

SEC. 10. Section 46611 of the Education Code is repealed.

SEC. 11. Section 46612 of the Education Code is amended and renumbered to read:

46604. If the governing board of a school district in which pupils reside who are lawfully attending in another district fails or refuses to pay, when due, the amount required to be paid to the district of attendance for the education of those pupils under any provision of this code, the county superintendent of schools having jurisdiction over the district of residence shall draw a requisition against the funds of the district of residence in favor of the district of attendance in payment of that amount and transmit the requisition to the governing board of the district of attendance.

SEC. 12. Section 46613 of the Education Code is amended and renumbered to read:

The management shall be in accordance with the policy set forth in Section 1801.

Notwithstanding Section 219, the commission shall not, however, adopt regulations authorizing the sport hunting in a single year of more than 15 percent of the mature Nelson bighorn rams in the management units specified in this subdivision, as determined by the department by an annual count conducted in each management unit.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

(d) Determine the cost of performing the requested deduction service and collect that cost from the organization, entity, or individual requesting or authorizing the deduction. Services requested which are incidental, but not necessary, to making the deduction may be performed at the Controller's discretion with any additional cost to be paid by the requester.

(e) Prior to making a deduction for an employee organization or a bona fide association, determine that the organization or association has been recognized, certified, or registered by the appropriate authority.

(f) Decline to make deductions for any individual, organization, or entity if the Controller determines that it is not administratively feasible or practical to make the deduction, or if the Controller determines that the individual, organization, or entity requesting or receiving the deduction has failed to comply with any statute, rule, regulation, or procedure for the administration of deductions.

(g) Make, cancel, or change a deduction not later than the month subsequent to the month in which the request is received. Except as provided in subdivision (c), all deductions, cancellations, or changes shall be effective when made by the Controller.

CHAPTER 751

An act to add Section 25155.10 to the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and determines all of the following:

(a) There is increasing concern that air emissions from hazardous waste land disposal facilities may present a source of human and environmental exposure to toxic or hazardous chemicals, and may present a public health risk to persons living in the vicinity of the facility.

(b) In order to determine the potential public health risks associated with air emissions from hazardous waste land disposal facilities and to assess the need for mitigation measures that protect public health, this act is necessary to provide for the State Department of Health Services to require the facility operator to conduct air monitoring at and around the facility.

SEC. 2. Section 25155.10 is added to the Health and Safety Code, to read:

25155.10. (a) The owner or operator of every commercial offsite multiuser hazardous waste disposal facility shall develop a proposed monitoring plan, in writing, for the monitoring of the ambient air downwind and upwind from the facility. The plan shall include all of the following:

(1) An identification of the constituents of hazardous wastes accepted in the past and present which will be monitored. These constituents shall be selected on the basis of pertinent factors, which may include degree of toxicity, relative and absolute volume, the potential for the constituent to volatilize or otherwise become airborne, and the method by which the constituent is or was handled, treated, and disposed.

(2) The type, procedures, and location of air sampling equipment and the type and procedures of analytical equipment.

(3) The duration of each sampling period in hours, and the number and time of sampling periods over a 12-month period.

(b) The proposed monitoring plan developed pursuant to subdivision (a) shall be submitted to the department on or before October 1, 1987, and shall be updated as required by the department.

(c) The department, in consultation with the applicable air pollution control district or air quality management district, shall review and approve or require modification of the proposed monitoring plan submitted pursuant to this section. The department shall provide, in writing, a notice of any deficiencies in the plan to

the person who submitted the plan, who shall revise the plan to address the noted deficiencies within 60 days after receiving the department's comments.

(d) If the department demonstrates, pursuant to a public hearing, that a hazardous waste facility which is required to submit a plan pursuant to subdivision (a) is the source of a substance in the ambient air which poses a significant threat to the public health or affects the quality of the environment in such a way that could significantly threaten public health, the department shall, pursuant to Section 25187, require the facility operator to do both of the following:

(1) Develop a corrective action plan and submit the plan to the department for approval or modification, within a schedule specified by the department.

(2) Implement the corrective action plan, as approved by the department, within the period specified by the department.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 5209 of the Food and Agricultural Code is amended to read:

5209. (a) Except as provided in subdivision (b), any violation of this chapter is an infraction punishable by a fine of seventy-five dollars ($75) for the first offense and is a misdemeanor for a second or subsequent offense within three years of a prior conviction of a violation of this chapter.

(b) (1) Any use by any person of a false or invalid certificate for the purpose of certification pursuant to this chapter is a misdemeanor.

(2) For the purpose of this section, "false certificate" means a document, as defined in Section 5201, that has not been issued by a commissioner, deputy commissioner, or inspector.

(3) For the purposes of this section, "invalid certificate" means a document, as defined in Section 5201, that is based upon false information supplied to the commissioner, deputy commissioner, or inspector which is essential to the issuance of the certificate.

SEC. 1.5. The heading of Article 1 (commencing with Section 5701) of Chapter 8 of Part 1 of Division 4 of the Food and Agricultural Code is amended to read:

Article 1. Hold Notices on Infested and Nearby Properties

SEC. 2. Section 5701 of the Food and Agricultural Code is amended to read:

5701. (a) If any pest exists on any premises, the director or the commissioner may hold any plant or other host or possible carrier which is, or may be, capable of disseminating or carrying the pest. The director or the commissioner also may hold the plants, other hosts, or other possible carriers on any premises within five miles of the premises on which the pest was found to exist. The director or commissioner shall notify the owner of the plant or other host or possible carrier, or his or her agent, of this action, and the issuance of any shipping permit or nursery stock certificate with respect to the plant or other host or possible carrier shall be refused and any such permit or certificate which has been previously issued shall be revoked.

(b) The distance from the premises at which a pest is found that the director or commissioner may hold plants, other hosts, or other possible carriers shall be the maximum distance that the director or commissioner determines the pest is likely to travel, but not to exceed five miles.

SEC. 3. Section 5702 of the Food and Agricultural Code is amended to read:

5702. If, in the opinion of the director or commissioner, the plant or other host or possible carrier is not infested or infected with the pest, or has been disinfected or cleaned so as to eradicate or control the pest, the director or commissioner shall in writing release it or issue the shipping permit or nursery stock certificate as the case may be.

SEC. 4. Section 5704 of the Food and Agricultural Code is amended to read:

5704. It is unlawful for any person to move any plant or other host or possible carrier from the premises on which a hold notice has been issued, except under the written permission of the director or commissioner and in accordance with the conditions which are stated in the written permission.

SEC. 5. Section 6048 of the Food and Agricultural Code is amended to read:

6048. (a) The plant hydrilla (Hydrilla verticillata) is a noxious aquatic weed not native to the State of California. The Legislature hereby declares that the further introduction and spread of this

serious aquatic weed pest would be detrimental to the state, causing irreparable damage to the agricultural industry and recreational use of streams, lakes, and waterways and further that the eradication of this aquatic weed pest is essential to the preservation of the environment.

Hydrilla can be introduced into the state in shipments of fish and aquatic plants for wholesale and retail sale within the state. It can become established when aquariums containing hydrilla are dumped into California's streams, lakes, ponds, and waterways. Subsequent spread is rapid, both naturally and artificially.

(b) It is unlawful to produce, propagate, harvest, possess, sell, or distribute hydrilla as such or incidental to the sale of fish, aquatic plants, or other hosts or possible carriers of hydrilla. The director may adopt quarantine or other regulations which prohibit the importation of hydrilla. Any violation of the regulations or of this section is an infraction punishable by a fine of not more than seventy-five dollars ($75) for the first offense and is a misdemeanor for a second or subsequent offense within three years of a prior conviction of a violation of this section or of the regulations. These penalty provisions do not preclude civil action as provided in Article 2 (commencing with Section 5021) of Chapter 1.

(c) The director shall conduct an ongoing survey and detection program for hydrilla. Whenever and wherever hydrilla is discovered, the director shall immediately investigate the feasibility of eradication. If eradication is feasible, the director shall perform the eradication in cooperation with federal, city, county, and other state agencies taking those steps and actions the director deems necessary.

SEC. 6. Section 6049 of the Food and Agricultural Code is amended to read:

6049. The department, with the cooperation of the University of California, the United States Department of Agriculture, or other agencies, may develop and implement biological control methods to eradicate or control the aquatic weed pest hydrilla (Hydrilla verticillata) in any area of the state, and may conduct studies for those purposes. When the development or implementation involves the use of fish, each individual program for development or implementation shall first be approved by the Department of Fish and Game.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 753

CHAPTER 754

An act to amend Section 823 of the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 823 of the Unemployment Insurance Code is amended to read:

823. (a) For the purpose of payment by each school employer of all or part of the charges for unemployment compensation benefits, fees, assessments, interest, penalties, billings, notices, and other expenses of unemployment insurance for school employees pursuant to this part, moneys budgeted pursuant to subdivisions (b) and (c) of this section shall be remitted by the school employer or on the school employer's behalf by the county auditor to the State Treasurer pursuant to this article, and shall be deposited in the School Employees Fund.

(b) (1) For each fiscal year, except as provided in subdivisions (c) and (d), each school employer shall budget and remit on or before the last day of the calendar month following the close of each calendar quarter to the State Treasurer for deposit in the School Employees Fund in the State Treasury an amount determined by multiplying the contribution rate for the fiscal year by the total wages, including taxable wages as well as wages which would be

taxable except for the limitation on taxable wages provided under Section 930, but excluding, to the extent permitted by federal law, wages paid to any individual to the extent that federal law provides for reimbursement to the State of California for all benefits paid from the Unemployment Fund to the individual based on the wages.

The administrator shall, not later than March 31 each year, notify all school employers participating in the School Employees Fund of the contribution rate for the succeeding fiscal year.

(2) As used in this section, "benefit cost ratio" means the quotient obtained by dividing the average fiscal year benefit charges to the fund for the three most recent completed fiscal years by the average fiscal year wages, as defined by Section 940, paid by all school employers participating in the fund during the three fiscal years, multiplied by 100 to express a percentage and rounded to the next higher one-hundredth of 1 percent. The contribution rate shall be the benefit cost ratio for the next fiscal year subject to the following adjustments:

(A) If the cash balance as of December 31 is less than four-tenths of 1 percent of the average fiscal year wages, as defined by Section 940, the percentage below four-tenths of 1 percent rounded to the next higher one-hundredth of 1 percent shall be added to the contribution rate.

(B) If the cash balance as of December 31 exceeds seven-tenths of 1 percent of the average fiscal year wages, as defined by Section 940, the percentage over seven-tenths of 1 percent rounded to the next higher one-hundredth of 1 percent shall be deducted from the contribution rate, except that the rate shall not be less than one-tenth of 1 percent.

(c) If the administrator finds that the ability of the School Employees Fund to meet its estimated obligations promptly when due will become endangered, he or she shall increase the contribution rate otherwise provided by this section to a level estimated to be needed to protect the solvency of the fund, except that the rate shall not be increased to more than three-tenths of 1 percent. If the administrator finds that the School Employees Fund balance is in excess of an adequate reserve to meet its estimated obligations promptly when due, he or she shall, after consultation with the fund's School Advisory Committee, decrease the contribution rate otherwise provided by this section, except that the rate shall not be decreased to less than one-tenth of 1 percent. The administrator shall notify all school employers participating in the fund of any increased or decreased contribution rate under this authority.

CHAPTER 755

(1) Where, at the time of the injury, both the employer and the employee are subject to the compensation provisions of this division.

(2) Where, at the time of the injury, the employee is performing service growing out of and incidental to his or her employment and is acting within the course of his or her employment.

(9) Where the injury does not arise out of voluntary participation in any off-duty recreational, social, or athletic activity not constituting part of the employee's work-related duties, except where these activities are a reasonable expectancy of, or are expressly or impliedly required by, the employment. The administrative director shall promulgate reasonable rules and regulations requiring employers to post and keep posted in a conspicuous place or places a notice advising employees of the provisions of this subdivision. Failure of the employer to post the notice shall not constitute an expression of intent to waive the provisions of this subdivision.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Title 2.5 (commencing with Section 536) is added to Part 4 of Division 1 of the Civil Code, to read:

TITLE 2.5. CABLE TELEVISION CORPORATIONS

536. Any person who willfully and maliciously does any injury to any property of a cable television corporation is liable to the corporation for three times the amount of actual damages sustained thereby, to be recovered in any court of competent jurisdiction.

SEC. 2. Section 591 of the Penal Code is amended to read:

591. A person who unlawfully and maliciously takes down, removes, injures, or obstructs any line of telegraph, telephone, or cable television, or any other line used to conduct electricity, or any part thereof, or appurtenances or apparatus connected therewith, or severs any wire thereof, or makes any unauthorized connection with any line, other than a telegraph, telephone, or cable television line, used to conduct electricity, or any part thereof, or appurtenances or apparatus connected therewith, is punishable by imprisonment in the state prison, or by a fine not exceeding five hundred dollars ($500), or imprisonment in the county jail not exceeding one year.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

CHAPTER 757

An act to amend Sections 653.5, 658, and 777 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 14, 1986. Filed with Secretary of State September 15, 1986.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Juvenile Probation Revocation Procedural Act of 1986.

SEC. 2. The Legislature hereby finds and declares that probation officers supervising juvenile court wards have an essential responsibility to protect the residents of their communities within the state by assisting in the reduction of the risks posed to the public by juvenile offenders under their supervision. The Legislature also finds and declares that these probation officers have a responsibility to the public to bring repeat offenders and probation violators under their supervision to the attention of the courts in a timely and judicious manner for purposes of maintaining accountability. The Legislature further finds that the public desires to live in communities where criminal behavior is controlled, and that the public supports timely state and local level correctional actions in furtherance of that objective, particularly where these efforts are cost-effective and lower the overall rising costs of criminal activity.

It is the intent of the Legislature in enacting this act to enable probation officers supervising juvenile offenders to take advantage of expeditious procedures which are currently available to probation officers supervising adult offenders, and to provide for the development of consistent standards of accountability for wards of the juvenile court similar to those in existence for adult probationers.

SEC. 3. Section 653.5 of the Welfare and Institutions Code is amended to read:

653.5. (a) Whenever any person applies to the probation officer to commence proceedings in the juvenile court, the application shall be in the form of an affidavit alleging that there was or is within the county, or residing therein, a minor within the provisions of Section 602, or that a minor committed an offense described in Section 602 within the county, and setting forth facts in support thereof. The probation officer shall immediately make any investigation he or she deems necessary to determine whether proceedings in the juvenile court shall be commenced.

(b) Except as provided in subdivision (c), if the probation officer determines that proceedings pursuant to Section 650 should be commenced to declare a person to be a ward of the juvenile court on the basis that he or she is a person described in Section 602, the probation officer shall cause the affidavit to be taken to the prosecuting attorney.

(c) Notwithstanding the provisions of subdivision (b), the probation officer shall cause the affidavit to be taken within 48 hours to the prosecuting attorney in all of the following cases:

(1) If it appears to the probation officer that the minor has been referred to the probation officer for any violation of an offense listed in subdivision (b) of Section 707.

(2) If it appears to the probation officer that the minor is under 16 years of age at the date of the offense and that the offense constitutes a second felony referral to the probation officer.

(3) If it appears to the probation officer that the minor was 16 years of age or older at the date of the offense and that the offense constitutes a felony referral to the probation officer.

The provisions of subdivision (c) shall not apply to a narcotics and drug offense set forth in Section 1000 of the Penal Code.

The prosecuting attorney shall within his or her discretionary power institute proceedings in accordance with his or her role as public prosecutor pursuant to subdivision (b) of Section 650 and Section 26500 of the Government Code. However, if it appears to the prosecuting attorney that the affidavit was not properly referred, that the offense for which the minor was referred should be charged as a misdemeanor, or that the minor may benefit from a program of informal supervision, he or she shall refer the matter to the probation officer for whatever action the probation officer may deem appropriate.
