- (b) The Department of Finance and the Department of General Services shall approve or disapprove annual contract funding terms and conditions and contract face sheets submitted by the State Department of Education not more than 30 working days from the date of submission, unless unresolved conflicts remain between the Department of Finance, the State Department of Education, and the Department of General Services. This may be accomplished by adding one ounce of protein and one serving from the grain group at breakfast or serving these as a snack, and by adding one or two ounces of protein, one ounce of which must be cheese or eight ounces of milk, to lunch, or by offering a morning supplement consisting of two or three ounces of protein, one ounce of which must be cheese, or eight ounces of milk, and one or two servings from the grain group. If the sum appropriated for purposes of this section is not sufficient to make the allowances specified by this section, the allowances shall be reduced proportionately. This rate shall be in addition to the reimbursement currently provided under Section 49536. The additional funds shall be used exclusively to supplement the meals served pursuant to Section 49550.
- (b) Pregnant or lactating students shall qualify for nutrition program supplements under this section upon the submission of

medical verification of pregnancy or lactating status. The adjustments shall reflect the changes in the cost of operating a school breakfast, snack, morning supplement, and lunch program and shall be effective July 1 of each year. The adjustment shall be based on the average of the separate indices of the "Food Away From Home Index" for Los Angeles and San Francisco, as prepared by the United States Bureau of Labor Statistics.

In giving effect to the cost-of-living provisions of this subdivision, the State Department of Education shall prescribe a calendar month for the computation of the percentage change in the cost of living after July 1, 1985. The same month shall be used annually thereafter. The product of any percentage increase or decrease in the average index and the per meal reimbursement disbursement rate shall be adjusted by the amount of any cost-of-living change currently in effect pursuant to this subdivision. of the Legislative Analyst. The office of the Legislative Analyst shall expend that amount, or as much thereof as may be necessary, for the purpose of contracting with an individual, group of individuals, firm, or organization deemed qualified and competent by the Legislative Analyst to evaluate the program created by the Child Care and Employment Act, examining factors including, but not limited to:

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

- SECTION 1. Section 11202 of the Vehicle Code is amended to read:
- 11202. (a) Except as provided in subdivision (c), a traffic violator school owner shall meet the following criteria before a license may be issued for the traffic violator school:
- (1) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit himself or herself or another substantially, or to injure another substantially. A conviction after a plea of nolo contendere is a conviction for purposes of this paragraph.

- (2) Maintain an established place of business in this state which is open to the public. No office or place of business of a traffic violator school, including any traffic violator school branch or classroom location, may be situated within 500 feet of any building used by the department as an office, or any court of law, unless the owner was established at the location on or before July 1, 1984.
- (3) Conform to standards which shall be established by regulation of the department. In adopting the standards, the department shall consider those practices and instructional programs which may reasonably foster the knowledge, skills, and judgment necessary for the compliance with traffic laws. The standards may include, but are not limited to, school personnel, equipment, curriculum, procedures for the testing and evaluation of students, recordkeeping, and business practices.
- (4) Except as provided in Section 11203, procure and file with the department a bond in the amount of two thousand dollars (\$2,000) executed by an admitted surety and conditioned upon the applicant not practicing any fraud or making any fraudulent representation which will cause a monetary loss to a person taking instruction from the applicant.
- (5) Have a classroom approved by the department and the proper equipment necessary for giving instruction to traffic violators.
- (6) Have a lesson plan approved by the department. An approved lesson plan shall provide a minimum of 400 minutes of instruction, except that a lesson plan for instructing persons under the age of 18 may provide a minimum of 600 minutes of instruction.
- (7) Execute and file with the department a good and sufficient instrument designating the director as agent of the applicant for the purpose of service of process, as provided in this paragraph, in any action or actions which may thereafter be commenced against the applicant arising out of any claim for damages suffered by any firm, person, association, or corporation by reason of (A) a violation by the applicant of any of the provisions of this code committed in relation to the specifications of the applicant's traffic violator school or (B) any condition of the bond required by paragraph (4). The applicant shall stipulate and agree in the instrument that any process directed to the applicant, when personal service of process upon him or her cannot be made in this state after due diligence, may be served instead upon the director, or in the event of the director's absence from the department's principal offices, upon any employee in charge of the office of the director, and this substituted service shall be of the same legal force and effect as personal service of the applicant.

The instrument shall further stipulate and agree that the agency created by the designation shall continue for and during the period covered by the license issued pursuant to this section and so long thereafter as the applicant may be made to answer in damages for a violation of this code for which the surety may be made liable or any condition of the bond. The instrument designating the director

as agent for service of process shall be acknowledged by the applicant before a notary public. In any case where the director or an employee of the department, in lieu of the director, is served with a summons and complaint on behalf of the licensee, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of five dollars (\$5) shall also be paid to the director or employee at the time of service of the copy of the summons and complaint, or shall be included with a summons and complaint served by mail. The service on the director or department employee pursuant to this section is sufficient service on the licensee if a notice of the service and a copy of the summons and complaint is, on the same business day as the service or mailing of the summons and complaint, sent by registered mail by the plaintiff or his or her attorney to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or plaintiff's attorney to the surety on the licensee's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt.

The director shall keep a record of all processes so served upon him or her, which shall show the day and hour of service, and shall retain the documents served in the department's files. Where the licensee is served with legal process by service upon the director or a department employee in lieu of the director, the licensee shall be allowed 30 days from and after the service within which to answer any complaint or other pleading which may be filed in the cause. For purposes of venue, where the licensee is served with process by service upon the director or a department employee in lieu of the director, the service shall be deemed to have been made upon the licensee in the county in which the licensee has or last had his or her established place of business.

- (b) The qualifying requirements specified in subdivision (a) shall be met within one year from the date of application for a license, or a new application and fee shall be required.

- (d) A notice approved by the department shall be posted in every traffic violator school, branch, and classroom location stating that any person involved in the offering of, or soliciting for, a completion certificate for attendance at a traffic violator school program in which the person does not attend or does not complete the minimum amount of instruction time provided by subdivision (a) may be guilty of violating Section 134 of the Penal Code.
- SEC. 2. Section 11202.5 of the Vehicle Code is amended to read: 11202.5. The department shall license traffic violator school operators. No person shall act as a traffic violator school operator without a currently valid license issued by the department. Every person in order to qualify as a traffic violator school operator shall meet all of the following criteria in order to be issued a traffic violator

school operator's license:

- (a) Be a person who has not been convicted of a crime involving an act of dishonesty, fraud, or deceit with the intent to benefit the person or another substantially. A conviction following a plea of nolo contendere is a conviction for purposes of this paragraph.
- (b) Be a person who has not committed any act which, if the applicant were licensed as a traffic violator school operator, would be grounds for suspension or revocation of the license.
- (c) Within three attempts, pass an examination as required by the department on traffic laws, safe driving practices, operation of motor vehicles, teaching methods and techniques, traffic violator school statutes and regulations, and office procedures and recordkeeping.
  - (d) Be 18 years of age or older.
- (e) Have worked for an established California traffic violator school as an instructor for a period of not less than 500 hours of actual in-class instruction. This subdivision does not apply to a traffic violator school operator validly licensed prior to January 1, 1987.

All the qualifying requirements specified in this section shall be met within one year from the date of application for the license or the application shall lapse. However, the applicant may thereafter submit a new application upon payment of the requisite fee.

- SEC. 3. Section 11208 of the Vehicle Code is amended to read: 11208. (a) Fees for issuance by the department of a license to a traffic violator school owner shall be as follows:
- (1) For the original license or an ownership change which requires a new application, except as provided by Section 42231, a fee of one hundred fifty dollars (\$150), with an additional fee of seventy dollars (\$70) for each separate traffic violator school branch or classroom location licensed. The fee prescribed by this subdivision is nonrefundable.
- (2) For annual renewal of the license for a traffic violator school and for each branch or classroom location, a fee of fifty dollars (\$50).
- (3) If alteration of an existing license is required by a firm name change, a change in corporate officer structure, address change, or the addition of a traffic violator school branch or classroom location, a fee of seventy dollars (\$70).
- (4) For replacement of the license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars (\$15).
- (b) Fees for the issuance by the department of a license for a traffic violator school operator shall be as follows:
- (1) For the original license, a nonrefundable fee of one hundred dollars (\$100).
  - (2) For annual renewal of the license, a fee of fifty dollars (\$50).
- (3) If alteration of an existing license is caused by a change in the name or location of the established principal place of business of the traffic violator school operated by the licensee, including a transfer by a licensee from one traffic violator school to another, a fee of fifteen dollars (\$15).
  - (4) For replacement of the license certificate when the original

license is lost, stolen, or mutilated, a fee of fifteen dollars (\$15).

- (c) Fees for the issuance by the department of a license for a traffic violator school instructor shall be as follows:

- (2) For the triennial renewal of a license, a fee of thirty dollars (\$30).
- (3) If alteration of an existing license is required by a change in the instructor's employing school's name or location, or transfer of the instructor's license to another employing school, a fee of fifteen dollars (\$15).
- (4) For replacement of the instructor's license certificate when the original license is lost, stolen, or mutilated, a fee of fifteen dollars (\$15).
- (d) The department shall charge a fee not to exceed three dollars (\$3) for each completion certificate issued by a traffic violator school to each person completing instruction at the traffic violator school. The amount of the fee shall be determined by the department and shall be a fee sufficient to defray the actual costs incurred by the department for publication and distribution of lists of schools for traffic violators pursuant to Section 11205, for monitoring instruction, business practices, and records of schools for traffic violators and for any other activities deemed necessary by the department to assure high quality education for traffic violators. Upon satisfactory completion of the instruction offered by a licensed traffic violator school, the traffic violator school shall provide the student with a certificate of completion furnished by the department. A traffic violator school shall not charge a fee in excess of the fee charged by the department pursuant to this subdivision for furnishing a certificate of completion. A traffic violator school may charge a fee not to exceed three dollars (\$3), in addition to the fee charged by the department for the issuance of a duplicate certificate of completion. The student shall present this certificate of completion to the court as proof of completion of instruction, and no other proof of completion of instruction may be accepted by the court.
- (e) The department shall compile its actual costs incurred to determine the fee prescribed in subdivision (d) and make available its financial records used in the determination of the fee for completion certificates. The fee shall be adjusted every odd-numbered year based upon the costs incurred during the preceding two fiscal years. The records described in this subdivision are public records.
  - SEC. 4. Section 11215.5 is added to the Vehicle Code, to read:
- 11215.5. The department, after notice and hearing, may also suspend or revoke any license issued under this chapter when any of the following circumstances exist:
- (a) If the main business office of the traffic violator school is located in any county with a population of 400,000 or more in which the traffic violator school conducts its instructional program, and the

main business office does not maintain office hours during the time that the day courts in that county are open for business. This subdivision shall not apply to public schools.

- (b) If the licensee is found by the department to be selling completion certificates.
- (c) If the licensee is found by the department to be intentionally cutting instructional time short.
- SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 444.2 of the Health and Safety Code is amended to read:

- 444.2. (a) The Office of Statewide Health Planning and Development may establish and administer a pilot program to test the safety and cost effectiveness of performing cardiac catheterization in freestanding cardiac catheterization laboratories. The office may approve up to seven freestanding cardiac catheterization laboratories for inclusion under the pilot program.
- (b) No project approved pursuant to this section may be in the same primary market area, as determined by the office, as another project approved by the office as a cardiac catheterization laboratory pilot project.
  - SEC. 2. The Legislature finds and declares the following:
- (a) This act authorizes an increase of two cardiac catheterization laboratories in addition to the five initially authorized by Chapter 1074 of the Statutes of 1985. - SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide additional needed freestanding cardiac catheterization laboratories to people needing those services within a meaningful time, it is necessary that this act take effect immediately.

# **CHAPTER 1069**

An act to repeal and add Sections 49000 and 49001 of the Education Code, relating to schools.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 49000 of the Education Code is repealed. SEC. 2. Section 49000 is added to the Education Code, to read: 49000. The Legislature finds and declares that the protection against corporal punishment, which extends to other citizens in other walks of life, should include children while they are under the control of the public schools. Children of school age are at the most vulnerable and impressionable period of their lives and it is wholly reasonable that the safeguards to the integrity and sanctity of their bodies should be, at this tender age, at least equal to that afforded to other citizens.

SEC. 3. Section 49001 of the Education Code is repealed.

SEC. 4. Section 49001 is added to the Education Code, to read: 49001. (a) For the purposes of this section "corporal punishment" means the willful infliction of, or willfully causing the infliction of, physical pain on a pupil. An amount of force that is reasonable and necessary for a person employed by or engaged in a public school to quell a disturbance threatening physical injury to persons or damage to property, for purposes of self-defense, or to obtain possession of weapons or other dangerous objects within the control of the pupil, is not and shall not be construed to be corporal punishment within the meaning and intent of this section. Physical pain or discomfort caused by athletic competition or other such recreational activity, voluntarily engaged in by the pupil, is not and

shall not be construed to be corporal punishment within the meaning and intent of this section.

(b) No person employed by or engaged in a public school shall inflict, or cause to be inflicted corporal punishment upon a pupil. Every resolution, bylaw, rule, ordinance, or other act or authority permitting or authorizing the infliction of corporal punishment upon a pupil attending a public school is void and unenforceable.

An act to add Section 18966.1 to the Welfare and Institutions Code, relating to children.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 18966.1 is added to the Welfare and Institutions Code, to read:

- 18966.1. (a) Any federal funds provided for child abuse prevention challenge grants to provide matching funds to states that have established children's trust funds shall be allocated to the counties' children's trust funds in the following manner:
  - (1) Those counties which receive less than twenty thousand

dollars (\$20,000) per annum for their county children's trust funds from the fees on birth certificates collected pursuant to Section 10605 of the Health and Safety Code, shall be granted from federal matching funds that amount necessary to bring that income to the trust fund to twenty thousand dollars (\$20,000) per year.

If the state's annual federal matching fund allocation is insufficient to provide each county children's trust fund with a minimum total annual funding level of twenty thousand dollars (\$20,000), the Office of Child Abuse Prevention shall determine an allocation process for federal matching funds to ensure that each county's children's trust fund receives a minimum level of annual funding from all sources.

- (2) The remaining funds from the federal challenge grant shall than be distributed equally among all the counties, up to ten thousand dollars (\$10,000) per county.
- (3) If sufficient federal matching funds exist after each county children's trust fund is provided a total annual children's trust fund allocation of twenty thousand dollars (\$20,000) and after each county children's trust receives a maximum annual allocation of ten thousand dollars (\$10,000) in federal matching funds, the remaining federal matching funds shall be distributed to each county children's trust funds according to population.

- (c) Federal matching funds shall be allocated pursuant to subdivision (a) for counties that have not established a local children's trust fund and shall be transferred to that county's existing children's trust funds established by the Office of Child Abuse Prevention in the State Children's Trust Fund. Nothing in this section shall prevent a county that has not established a local children's trust fund from establishing a local children's trust fund.
- (d) Receipt by a county of any federal funds available for the purposes set forth in this section shall be contingent upon the provision of assurances that the county will provide to the Office of Child Abuse Prevention all information necessary to meet federal reporting mandates. Those information needs shall be identified by the department at the time federal funds are allocated.

### CHAPTER 1075

An act to add Section 11450.2 to the Welfare and Institutions Code, relating to public assistance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 11450.2 is added to the Welfare and Institutions Code, to read:

- 11450.2: (a) The department shall implement a system to provide for supplemental payments to needy families qualified for aid under this chapter, when, because of a change in reported financial circumstances occurring between the "budget month" and the "payment month," a family's net available income for the payment month is less than 80 percent of the amount set forth in subdivisions (a) and (b) of Section 11450, as adjusted for cost-of-living increases pursuant to Section 11453. The system shall provide all of the following:
- (1) Families shall be informed of the availability of supplemental payments and of the necessity that a family request the payments in order for them to be provided. This information shall be provided in writing at the time of application in the written statements of recipients' rights, and shall also be provided orally by the eligibility worker at the time of the initial interview and at each annual redetermination. A request form shall be sent monthly to all families which have reported income.
- (2) That supplemental payments shall be paid in an amount necessary to raise the family's net available income in the payment month to 80 percent of the amount set forth in subdivision (a) of Section 11450, as adjusted for cost-of-living increases pursuant to Section 11453.
- (3) That supplemental payments shall not be considered income when calculating the amount of the grant to be paid in future months.
- (4) That supplemental payments or written notice of action shall be issued within seven working days of a request. Payments shall only be issued for those months in which a request has been made and a family is eligible for the supplement. A request shall be made in the month for which the supplemental payment is requested.
- (5) That no supplemental payment shall be made to any family if, under the federal Aid to Families with Dependent Children program, the payments would be counted as income, regardless of the source of the funding for the aid payment of the family.
- (6) That no overpayment or underpayment shall be determined for a supplemental payment which was correctly computed based on

the family's reasonable estimate of the income and other circumstances for the payment month. A family shall not be eligible for more than one supplemental payment per month.

- (b) For purposes of this section:
- (1) "Budget month" and "payment month" shall be consistent with the use of these terms in Section 11450.5.
  - (2) "Net available income" means the sum of the following:
- (A) Total net nonexempt income in the payment month without deduction of either the thirty dollars (\$30) plus one-third of earned income or the thirty dollars (\$30) disregard deductions.
- (B) Any child or spousal support received by the family pursuant to Section 602 (a) (8) (A) (vi) of Title 42 of the United States Code and as that statute may hereafter be amended.
- (C) The grant for the payment month before overpayment adjustments.
- (3) "Needy family" means a family aided pursuant to this chapter. This includes a family that is in a single month of suspension resulting from the receipt of income.
- (4) "Grant" means the amount of aid paid to the needy family pursuant to subdivision (a) of Section 11450, but does not include any amounts paid pursuant to subdivision (e) of Section 11450 or Section 11453.1.
- SEC. 2. Section 1 of this act shall become operative on the first day of the month which occurs immediately after the 90th day after the effective date of this act.
- SEC. 3. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the State Department of Social Services shall adopt emergency regulations to implement the system provided for in Section 11450.2 of the Welfare and Institutions Code. The emergency regulations shall remain in effect for no more than 120 days, unless the department complies with all the provisions of Chapter 3.5 (commencing with Section 11340) as required by subdivision (e) of Section 11346.1 of the Government Code.
- SEC. 4. The sum of two million eight hundred ninety-seven thousand dollars (\$2,897,000) is hereby appropriated from the General Fund to the State Department of Social Services for the 1986–87 fiscal year as follows:
- (a) Two million one hundred seventy-five thousand dollars (\$2,175,000) for grant payments for Aid to Families with Dependent Children recipients, in augmentation and for the purposes of Item 5180-101-001 of Section 2.00 of the Budget Act of 1986.
- (b) Seven hundred twenty-two thousand dollars (\$722,000) for the state share of the administrative costs of the supplemental payment program established pursuant to this act, in augmentation and for the purposes of Item 5180-141-001 of Section 2.00 of the Budget Act of 1986.

It is the intent of the Legislature that on-going costs related to the implementation of this act effective for fiscal year 1987-88 and

thereafter shall be funded through the annual budget act process.

- SEC. 5. (a) The provisions of Sections 1 to 4, inclusive, of this act shall become operative only upon dismissal with prejudice of the lawsuit Melendez v. McMahon, et al., Sacramento Superior Court No. 331567 and issuance of an order in that case awarding attorneys fees and costs in an amount not to exceed thirty-six thousand five hundred dollars (\$36,500).
- (b) The State Department of Social Services shall report to the Legislature on the occurrence or nonoccurrence of the circumstances described in subdivision (a).
- SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In the absence of a system for supplemental payments, some needy families are required to live for one to two months on amounts less than the Minimum Basic Standard of Adequate Care because of the budgeting system, and are thereby subject to severe deprivation. It is therefore necessary that this act, which corrects that situation, take effect immediately.

- (E) (i) The Director of the California Postsecondary Education Commission shall establish a special committee of persons with demonstrated knowledge of both regional accrediting standards and procedures and the special demands of off-campus programs. The committee shall include representatives from the State Department of Education, institutions incorporated in other states that offer educational programs in California, and public and private California colleges and universities.
- (ii) The committee shall develop proposed standards and procedures to be used in the onsite review and licensure of institutions applying for licensure under this paragraph, subject to the principle that educational innovation and competition shall not be hindered unreasonably.
- (iii) The committee shall report to the California Postsecondary Education Commission and the Superintendent of Public Instruction by November 1, 1985, regarding the proposed standards and procedures. The commission shall take action on the proposed standards within 60 days of receipt of the report by the special committee. This paragraph shall become inoperative on January 1, 1987, if the commission has not adopted standards and procedures proposed by the special committee by that date.
- (iv) The committee shall utilize the following principles in the development of these standards and procedures:
- (aa) Within two years from the enactment of this statute, the State Department of Education shall review the operations of all institutions operating under the provisions of paragraph 2 of this subdivision.
- (bb) Following the initial state review, subsequent onsite reviews by the superintendents shall be conducted wherever possible in conjunction with institutional reviews by the regional accrediting association. However, if there is substantial evidence that the institution is not in compliance with state standards, the superintendent may initiate a special review of the California operations of the institution.
- (cc) Each institution shall submit a single application for all operations in California, and the application shall include a single fee which is institution-based and not site-based.
- (dd) The superintendent shall develop a procedural rationale to justify the number of sites to be visited by the state in the review of the institution's operations in California.
- (ee) The purpose of the onsite review by the superintendent shall be to determine that operations by the institution in California meet the minimum state standards identified in statute.
- (ff) The standards and procedures shall not unreasonably hinder educational innovation and competition.
  - (v) Prior to July 1, 1987, the State Department of Education shall

utilize all of the standards and procedures recommended by the special committee and acted upon by the commission to develop regulations for the licensure of all institutions operating pursuant to paragraph (2) of this subdivision.

The regulations shall provide for consideration of the accredited institutions' stated educational goals, purposes, and objectives, in conducting the licensure review of the California operations of out-of-state based institutions.

These regulations, which shall be developed by the State Department of Education in cooperation with the Council for Private Postsecondary Educational Institutions, shall include a formula to determine the institutional licensure fee and the number of sites to be visited by the state.

The regulations developed by the State Department of Education shall include all of the procedures and standards recommended by the special committee and acted upon by the commission. Prior to December 31, 1987, the superintendent shall utilize these regulations to review all institutions operating pursuant to paragraph (2) of this subdivision. In conducting the licensure review of the operation of out-of-state accredited institutions in California, the superintendent shall interpret the regulations based upon each institution's accredited educational purposes and objectives.

- (b) The institution, at the time of the issuance of a degree, has full institutional approval by the superintendent to award or issue specific professional, technological, or education degrees.
- (1) The superintendent shall not approve an institution to issue degrees until he or she has conducted a qualitative review and assessment of, has approved each program offered by the institution, and has determined all of the following:

- (B) The curriculum is consistent in quality with curricula offered by appropriate established accredited institutions that are recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California and issue the appropriate degree upon the satisfactory completion of specific qualitative academic programs.
- (C) The course for which the degree is granted achieves its professed or claimed academic objective for higher education, with verifiable evidence of academic achievement comparable to that required of graduates of other recognized schools accredited by an appropriate accrediting commission recognized by the United States Department of Education or the Committee of Bar Examiners for the State of California.

The criteria developed for conducting the review and assessment

shall effectuate the purposes of this chapter, but shall not unreasonably hinder legitimate educational innovation.

- (2) The superintendent shall conduct the qualitative review and assessment of the institution and all programs offered through a comprehensive onsite review process, performed by a qualified visiting committee impaneled by the superintendent for that purpose. The visiting committee, which shall be impaneled by the superintendent within 90 days of the date of receipt of a completed application, shall be composed of educators from both accredited and state approved institutions. (C) Disapprove the application.

If the application is disapproved, or candidate for institutional approval status is granted, the institution shall be advised of the specific reasons for the action and the specific corrective measures needed to achieve full institutional approval. An institution may not advertise itself as an approved or fully approved institution unless each degree program offered by the institution has been approved in accordance with the requirements of this section.

- (3) (A) The superintendent shall grant full institutional approval status for three years to all institutions operating pursuant to subdivision (b) of Section 94310 on June 30, 1984, as it read on that date and that have received full approval of all courses offered.

The superintendent may approve an application to issue honorary degrees if the applicant institution has received full institutional approval to issue academic degrees.

(c) The institution has demonstrated that it is in compliance with formal standards recommended by the Council for Private Postsecondary Educational Institutions and adopted by the

superintendent, which shall include, but not be limited to, the standards developed by the special committee pursuant to Section 94304.5.

- (1) The institution shall demonstrate compliance with the standards through a comprehensive onsite review process conducted by a three-member visiting committee impaneled by the superintendent for that purpose pursuant to paragraph (2). The process shall review all of the following:

the requested authorization, no later than 30 days following completion of the onsite review. The applicant institution shall provide the visiting committee with any additional information the visiting committee may request within 30 days after receipt of the preliminary report.

- (D) To review the applicant institution's response to the preliminary report, and no later than 30 days following receipt of the response, submit a final report to the superintendent. The final report shall include the visiting committee's recommendation for the grant of authorization or for the denial of that authorization.

- (6) Not later than 90 days prior to the expiration of an authorization to operate, an institution shall file a completed application for reauthorization pursuant to subdivision (c) with the superintendent. The reauthorization process for all institutions shall include a full review by a visiting committee.
- (7) All institutions operating pursuant to authorization received under this subdivision in effect on June 30, 1984, shall receive conditional authorization for a period not to exceed three years.   - (9) If at any time the superintendent determines that an

authorized institution has significantly deviated from the standards for authorization, but not to an extent that would warrant the withdrawal of the institution's authorization, the superintendent may place the institution on probation for a specific period of time. During the period of probation, the institution shall be subject to special scrutiny by the superintendent. That scrutiny may include required submission of periodic reports, as prescribed by the superintendent, and special visits by authorized representatives of the superintendent. If at the end of the specified probation period, the institution has not taken steps to eliminate the cause for its probation which the superintendent finds satisfactory, the superintendent may withdraw the institution's authorization to award degrees. An institution placed on probation pursuant to this paragraph may appeal the superintendent's action to the council. The appeal shall be filed no later than 30 days following the superintendent's initial action pursuant to this paragraph.

- (d) The institution is structured by schools of theology, and awards degrees primarily in theology and other areas of religious study, and it has filed all of the following affidavits with the superintendent:

- (6) A park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, which when moved upon the highway is required to be moved under a permit pursuant to Section 35780.
- (c) The director may modify the form, arrangement, and information appearing on the face of the registration card and may provide for standardization and abbreviation of fictitious or firm names on the registration card whenever the director finds that the efficiency of the department will be promoted by so doing, except that general delivery or post office box numbers shall not be permitted as the address of the registered owner unless there is no other address.
- SEC. 8. Section 11713.1 of the Vehicle Code is amended to read: 11713.1. It is unlawful and a violation of this code for the holder of any dealer's license issued under this article to do any of the following:
- (a) To advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.
- (b) To advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except sales tax, vehicle registration fees, certificate of compliance or noncompliance fees not exceeding twenty dollars (\$20) pursuant to any statute or a certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, and any dealer documentary preparation charge. The dealer documentary preparation charge shall not exceed twenty dollars (\$20).
- (c) To exclude from the newspaper display advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute or a certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, and any dealer documentary preparation charge.

For purposes of this subdivision, "newspaper display advertisement" means any advertisement in a newspaper which is two or more newspaper columns in width or one newspaper column in width and more than seven inches in length.

- (d) To represent the dealer documentary preparation charge as a governmental fee.
- (e) To fail to sell a vehicle to any person at the advertised total price, exclusive of sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute or a certificate of waiver pursuant to Section 9889.56 of the Business and Professions Code, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer documentary preparation charge, which charges shall not exceed twenty dollars (\$20) while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.
- (f) To advertise for sale as new any new vehicle of a line-make for which the dealer does not hold a franchise, unless the dealer discloses prior to the sale of the new vehicle that the dealer is not franchised to sell the vehicle and that the dealer will receive a commission or other compensation as a result of the sale.

This subdivision does not apply to any transaction involving a mobilehome as defined in Section 396 of this code, a recreational vehicle as defined in Section 18010.5 of the Health and Safety Code, a commercial coach as defined in Section 18012 of the Health and Safety Code, an off-highway motor vehicle subject to identification as defined in Section 38012 of this code, or a commercial vehicle as defined in Section 260 of this code.

- (g) To sell a park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, without disclosing in writing to the purchaser that a park trailer must be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.
- SEC. 9. Section 11713.3 of the Vehicle Code is amended to read: 11713.3. It is unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code to do any of the following:
- (a) To refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle or parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.
- (b) To prevent or require, or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times

meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

- (c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators if the franchise was granted the dealer in reliance upon the personal qualifications of such person or persons.
- (d) To prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that the consent shall not be unreasonably withheld.
- (e) To prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld.
- (f) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and that other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.
- (g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if the referral would be binding on the dealer. This subdivision does not, however, prohibit arbitration before an independent arbitrator.
- (h) To increase prices of motor vehicles which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer is evidence of each such order. In the event of manufacturer price reductions, the amount of the reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either (1) the addition to a motor vehicle of required or optional equipment pursuant to state or federal law, or (2)

revaluation of the United States dollar in the case of foreign-make vehicles, are not subject to this subdivision.

- (i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in the dealer's inventory at the time of introduction of new model vehicles. A manufacturer or distributor shall not authorize or enable any new model or series passenger vehicle or station wagon to be delivered by dealers at retail more than 30 days prior to the eligibility date of the model change allowance payment for prior year model vehicles.
- (j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.
- (k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.
- (1) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.
- (m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.
- (n) To deny any dealer the right of free association with any other dealer for any lawful purpose.
- (o) To compete with a dealer in the same line-make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions. A distributor shall not be deemed to be competing when a wholly owned subsidiary corporation of the distributor sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, the subsidiary corporation has been a wholly owned subsidiary of the distributor and engaged in the sale of vehicles at retail.
- (p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers.
- (q) To sell vehicles to persons not licensed under this chapter for resale.
  - (r) To fail to affix an identification number to any park trailer, as

defined in Section 799.24 of the Civil Code, which is manufactured on or after January 1, 1987, and which does not clearly identify the unit as a park trailer to the department. The configuration of the identification number shall be approved by the department.

SEC. 10. Section 34500 of the Vehicle Code, as amended by

Chapter 343 of the Statutes of 1986, is amended to read:

34500. The Department of the California Highway Patrol shall regulate the safe operation of the following vehicles:

  - (b) Truck tractors.
  - (c) Buses, schoolbuses, and youth buses.
- (d) Trailers and semitrailers designed or used for the transportation of more than 10 persons, and the towing motor vehicle.
- (e) Trailers and semitrailers, excluding camp trailers, trailer coaches, and utility trailers, pole or pipe dollies, auxiliary dollies, and logging dollies used in combination with vehicles listed in subdivisions (a), (b), (c), and (d). This subdivision does not apply to camp trailers, trailer coaches, and utility trailers.

- (i) A park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, which, when moved upon a highway, is required to be moved under a permit pursuant to Section 35780.
- (j) Any other motortruck not specified in subdivisions (a) to (h), inclusive, that is regulated by the Public Utilities Commission or the Interstate Commerce Commission, but only for matters relating to hours of service and logbooks of drivers.
- SEC. 11. Section 35780.3 is added to the Vehicle Code, to read: 35780.3. A permit issued under Section 35780 for the movement of a park trailer, as defined in subdivision (f) of Section 799.24 of the Civil Code, shall not be issued except to transporters, or licensed manufacturers and dealers.
- SEC. 12. Sections 2, 4, 5, 7, 8, 9, 10, and 11 of this act shall become operative on January 1, 1987.
- SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.
  - SEC. 14. The sum of forty thousand dollars (\$40,000) is hereby

appropriated from the Motor Vehicle Account in the State Transportation Fund to the Department of Motor Vehicles for purposes of this act.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for California's recreational vehicle industry to be able to compete at the earliest possible time in an unserved marketplace, to compete fairly with out-of-state producers, and to provide recreational living at an affordable cost, it is necessary for this act to take effect immediately.

#### CHAPTER 1079

The Legislature accordingly recognizes the urgent need for a comprehensive and coordinated approach to ocean use planning and policy for the state.

- SEC. 2. Section 6217.4 is added to the Public Resources Code, to read:

### CHAPTER 1080

An act to amend Sections 4535.2, 7098, and 14838 of the Government Code, and to amend Sections 10391, 10392, and 10398 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

ţ

SECTION 1. Section 4535.2 of the Government Code is amended to read:

4535.2. (a) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent; however, in no case shall the maximum preference cost under this chapter exceed fifty thousand dollars (\$50,000) for any bid, nor shall the combined cost of preferences granted pursuant to this chapter and any other provision of law exceed one hundred thousand dollars (\$100,000). In those cases where the 15-percent cumulated preference cost would exceed the one hundred thousand dollar (\$100,000) maximum preference cost limit, the one hundred thousand dollar (\$100,000) maximum preference cost limit shall apply.

(b) Notwithstanding the provisions of this chapter, small business bidders qualified in accordance with the provisions of Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this chapter, shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small

business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

- SEC. 2. Section 7098 of the Government Code is amended to read:
- 7098. (a) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent; however, in no case shall the maximum preference cost under this chapter exceed fifty thousand dollars (\$50,000) for any bid, nor shall the combined cost of preferences granted pursuant to this chapter and any other provision of law exceed one hundred thousand dollars (\$100,000). In those cases where the 15-percent cumulated preference cost would exceed the one hundred thousand dollar (\$100,000) maximum preference cost limit, the one hundred thousand dollar (\$100,000) maximum preference cost limit shall apply.
- (b) Notwithstanding the provisions of this chapter, small business bidders qualified in accordance with the provisions of Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this chapter, shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.
- SEC. 3. Section 14838 of the Government Code, as amended by Section 2 of Chapter 158 of the Statutes of 1986, is amended to read:
- 14838. In order to facilitate the participation of small business in state procurement and in construction contracts, and in service contracts, under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, or the delivery of services, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:
- (a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts, and in service contracts.
- (b) Provide for small business preference in construction or the procurement of goods or the delivery of services where responsibility and quality are equal. The preference to small business shall be 5 percent for the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars (\$50,000) for any bid, and the combined cost of preferences granted pursuant to this chapter and any other

provision of law shall not exceed one hundred thousand dollars (\$100,000). In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar (\$50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

- (c) Give special consideration to small businesses by both:
- (1) Reducing the experience required.
- (2) Reducing the level of inventory normally required.
- (d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.
- (e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on these subprojects.
- (f) Except as provided in Sections 10392 and 10398 of the Public Contract Code, small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).
- (g) This section shall remain in effect only until July 1, 1988, and as of that date is repealed.
- SEC. 4. Section 14838 of the Government Code, as amended by Section 3 of Chapter 158 of the Statutes of 1986, is amended to read:
- 14838. In order to facilitate the participation of small business in state procurement and in construction contracts under the Office of the State Architect or other state agencies which contract for the construction (including alteration, demolition, repair, or improvement) of state facilities, the directors of General Services and of such other agencies, each within their respective areas of responsibility, shall do all of the following:
- (a) Establish goals, consistent with those established by the Office of Small and Minority Business, for the extent of participation of small businesses in state procurement and in construction contracts.
- (b) Provide for small business preference in construction or the procurement of goods where responsibility and quality are equal. The preference to small business shall be 5 percent of the lowest responsible bidder meeting specifications. However, the small business preference shall not exceed fifty thousand dollars (\$50,000) for any bid, and the combined cost of preferences granted pursuant to this chapter and any other provision of law shall not exceed one

hundred thousand dollars (\$100,000). In bids in which the state has reserved the right to make multiple awards, this fifty thousand dollar (\$50,000) maximum preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of small businesses in the contract award.

- (c) Give special consideration to small businesses by both:
- (1) Reducing the experience required.
- (2) Reducing the level of inventory normally required.
- (d) Give special assistance to small businesses in their preparation and submission of the information requested in Section 14310.
- (e) Under the authorization granted in Section 14311, make awards, whenever feasible, to small business bidders for each project bid upon within their prequalification rating. This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on these subprojects.
- (f) Except as provided in Sections 10392 and 10398 of the Public Contract Code, small business bidders qualified in accordance with the provisions of this chapter shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible under any other provision of law shall not result in the denial of the award to a small business bidder. This provision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference granted by subdivision (b).
  - (g) This section shall become operative on July 1, 1988.
- SEC. 5. Section 10391 of the Public Contract Code is amended to read:
- 10391. For the purpose of this article, "recycled paper" means all paper and woodpulp products containing postconsumer waste and secondary waste materials as defined in this section. "Postconsumer waste" means a finished material which would normally be disposed of as a solid waste, having completed its life cycle as a consumer item. "Secondary waste" means fragments of products or finished products of a manufacturing process, which has converted a virgin resource into a commodity of real economic value, and includes postconsumer waste, but does not include mill broke, wood slabs, chips, sawdust or other wood residue from a manufacturing process.

"Recycled paper" means a paper product with not less than 50 percent of its total weight consisting of secondary and postconsumer waste with not less than 10 percent of its total weight consisting of postconsumer waste.

- SEC. 6. Section 10392 of the Public Contract Code is amended to read:
- 10392. (a) The department shall revise its procedures and specifications for state purchases of paper to give preference, wherever feasible, to the purchase of paper products containing

recycled paper.

(b) The department shall give preference to the suppliers of recycled paper products. This preference shall be 5 percent of the lowest bid or price quoted by suppliers offering nonrecycled paper products.

In bids in which the state has reserved the right to make multiple awards, the recycled paper preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of recycled business in the contract award.

- (c). The combined amount of preference granted pursuant to this section and any other provision of law shall not exceed one hundred thousand dollars (\$100,000).
- (d) Notwithstanding subdivision (b), and subdivision (a) of Section 10398, the recycled paper bidder preference shall not exceed fifty thousand dollars (\$50,000) if a preference exceeding that amount would preclude an award to a small business that offers nonrecycled paper products and is qualified in accordance with Section 14838 of the Government Code. This provision shall apply regardless of whether the small business is the lowest responsible bidder or is eligible for contract award on the basis of application of the 5-percent small business preference.
- (e) To encourage the use of postconsumer waste, the department's specifications shall require recycled paper contracts to be awarded to the bidder whose paper contains the greater percentage of postconsumer waste if the fitness and quality and price are otherwise equal.
- (f) The department may adopt rules and regulations to carry out the provisions of this article.
- SEC. 7. Section 10398 of the Public Contract Code is amended to read:
- 10398. (a) Fitness and quality being equal, all local public agencies shall purchase recycled paper and paper products instead of unrecycled paper or paper products whenever available at no more than the total cost of unrecycled paper and paper products. All local public agencies may and state agencies shall give preference to the suppliers of recycled paper or paper products. This preference shall be 5 percent of the lowest bid or price quoted by suppliers offering unrecycled paper or paper products.

In bids in which the state has reserved the right to make multiple awards, the recycled paper preference cost shall be applied, to the extent possible, so as to maximize the dollar participation of firms offering recycled paper in the contract award.

- (b) The combined amount of preferences granted pursuant to this section and any other provisions of law shall not exceed one hundred thousand dollars (\$100,000).
- (c) Notwithstanding subdivision (a), and subdivision (b) of Section 10392, the recycled paper bidder preference shall not exceed fifty thousand dollars (\$50,000) if a preference exceeding that amount would preclude an award to a small business that offers

nonrecycled paper products and is qualified in accordance with Section 14838 of the Government Code. This provision shall apply regardless of whether the small business is the lowest responsible bidder or is eligible for contract award on the basis of application of the 5-percent small business preference.

#### CHAPTER 1081

An act to add Section 8902 to the Education Code, relating to education.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that teenage pregnancy has reached crisis proportions in this state, directly contributing to the largest dropout rate in the state's history, along with a greater chance of divorce, unemployment, and dependence on welfare. The Legislature further finds that enormous ignorance exists among teen youth as to the impact and consequences of teen pregnancy. It is the intent of the Legislature to generate and encourage the development of educational programs to reduce the number of teen pregnancies and dropout rate with information about the problems and consequences of teen pregnancy.

- SEC. 2. Section 8902 is added to the Education Code, to read:
- 8902. (a) The State Department of Education shall prepare and distribute to school districts comprehensive educational materials for the prevention of teen pregnancy. In developing these materials, the department shall seek input from other public agencies and from private nonprofit organizations with experience in teen pregnancy prevention. The department may adopt and use for this purpose appropriate materials developed by those agencies or organizations.
- (b) The department, in cooperation with those school districts and county offices of education that desire to participate, shall assist them in developing comprehensive programs for this purpose. The programs shall include, but not necessarily be limited to, all of the following:
- (1) Suggestions for creative format and presentation of the materials designed to attract and retain the interest of teenagers, including the use of guest speakers.
- (2) Information regarding the consequences of pregnancy, upon both the father and the mother, including the effect upon future educational and employment opportunities.
- (3) Information regarding the meaning of parental responsibility and its effect upon one's personal life.
  - (4) Information regarding strategies for resisting peer group

pressure.

- (5) Information regarding abstinence as a method of prevention.
- (6) Recommendations regarding methods for introduction of these materials into the curriculum, including, but not limited to, health and social science classes.
- (c) In order to implement this section, the department shall identify and seek funding and other assistance from federal and private sources, and shall otherwise utilize all available resources as may be necessary.
- (d) Nothing in this section shall authorize or require any activities that involve the distribution of material on pregnancy termination.

### CHAPTER 1082

An act relating to in-home supportive services.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

- (a) There are many elderly persons living on a limited income who, as a result of a medical emergency, are unable to perform functions of daily living and household chores.
- (b) In cases where the elderly person lives alone, or with only a spouse who is physically unable to care for the person, often the only method for receiving necessary assistance is to hire an attendant or enter a long-term health care facility.
- (c) For elderly persons who do not qualify for public assistance services, the costs of hiring an attendant can be prohibitive, thereby leaving their only other alternative to be a long-term health care facility which, in many instances, results in their depleting their resources. Most of these persons become eligible for Medi-Cal within a short time of entering an institution, losing their homes and other resources thereby preventing their return to the community.
- (d) If short-term in-home supportive services were to be made available to such persons, based on a sliding scale share of cost, more elderly persons recovering from medical emergencies could safely remain in their own homes.
- (e) Health care insurance coverage of nonmedical in-home supportive services is not currently available.
- SEC. 2. (a) The Office of Statewide Health Planning and Development shall conduct a study of short-term in-home supportive services for older persons. The office shall consult with and request and receive in a timely manner, information and data pertinent to the purpose of the study, from appropriate state

departments and statewide senior citizen organizations which include, but are not limited to, the Department of Aging, the State Department of Social Services, the State Department of Health Services, the State Department of Insurance, and statewide organizations representing the interests of persons age 65 and over.

- (b) The office shall do all of the following:
- (1) Determine the feasibility of establishing a short-term in-home supportive services program available to senior citizens age 65 and over who are on limited income, living alone, or with only a spouse who is physically unable to care for the person, ineligible for public social service assistance programs, and recovering from a medical condition that prevents them from performing functions of daily living for a period of six months or less pursuant to a physician's prognosis.
- (2) Determine the extent of in-home supportive services that should be provided, eligibility criteria, share of cost arrangements, the number of persons potentially eligible for such a program, and the cost of establishing the program and providing the services.

### CHAPTER 1083

An act to amend Sections 5020.4 and 5024.6 of, and to add Section 6313 to, the Public Resources Code, relating to public resources.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature declares that California has a rich and varied maritime history extending thousands of years into the past. Prehistoric inhabitants developed coastal trade based on an elaborate maritime technology. Later colonization was accomplished over ocean routes by peoples from all over the world.

This history has left California with a rich maritime legacy in state coastal waters and inland waterways.

Technological innovation relating to ocean salvage, and increasing participation in sport diving has caused these historic sites to become more accessible to uncontrolled exploitation, and has exposed these unique resources to damage and destruction.

The Legislature finds that there is an urgent need to protect the historic, scientific, and cultural values inherent in submerged historic

maritime resources, and to preserve and maintain objects of state or national significance for the benefit, education, and inspiration of all of the people of this state.

SEC. 2. Section 5020.4 of the Public Resources Code is amended to read:

The commission may adopt guidelines for the review of applications for excavation and salvage permits submitted pursuant to Section 6313 and make recommendations thereon to the State Lands Commission.

- SEC. 3. Section 5024.6 of the Public Resources Code is amended to read:
- 5024.6. There is in the department the State Office of Historic Preservation, which is under the direction of the officer and shall do all of the following:

Health facilities which pay fees shall not be required to pay, directly or indirectly, the share of the costs of those health facilities for which fees are waived.

- (b) There is hereby established the California Health Data and Planning Fund within the Office of Statewide Health Planning and Development for the purpose of receiving and expending fee revenues collected pursuant to this chapter.

If plan approval by the office is not required for the proposal pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5, the state department shall not grant a license or change of license associated with any of the proposals described in subdivision

(a) until the applicant for licensure or change of licensure has fully complied with this section. The state department may adopt regulations to implement the purposes of this section.

SEC. 2. Section 15046 of the Health and Safety Code is amended to read:

The fee shall not exceed 2 percent of the estimated construction cost. The fee shall be established in accordance with applicable procedures established in Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code.

The minimum fee in any case shall be two hundred fifty dollars (\$250).

The fees for projects over the twenty-five thousand dollars (\$25,000) limit shall be assessed at a rate established by the statewide office in regulation. If the estimated construction cost exceeds the actual construction cost by more than 5 percent, the statewide office shall refund the excess portion of any paid fees, based on the above schedule and computed on the amount by which the estimated cost exceeds the amount of the actual cost. A refund shall not be required if the applicant did not complete construction or alteration of 75 percent of the square footage included in the project, as contained in the approved drawings and specifications for the project. In addition, the statewide office shall adopt regulations specifying other circumstances in which the statewide office shall refund to an applicant all or part of any paid fees for projects submitted under this division. The regulations shall include, but not be limited to, refunds of paid fees for a project which is determined by the statewide office to be exempt or otherwise not reviewable under this division, and for a project which is withdrawn by the applicant prior to the commencement of review by the statewide office of the drawing and

### CHAPTER 1086

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1428 of the Health and Safety Code is amended to read:

- (a) If a licensee desires to contest a class "AA" or a class 1428. "A" citation, or a citation alleging a class "B" violation and either a class "AA" or class "A" violation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located. The director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action, and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. If the licensee fails to notify the director in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made by a director's designee after a citation review conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision by a director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject to further administrative review.
- (b) If a licensee notifies the director that he or she intends to contest a class "AA" or a class "A" citation, or a citation alleging a

class "B" violation and either a class "AA" or class "A" violation, the director shall immediately notify the Attorney General. Upon notification, the Attorney General shall promptly take all appropriate action to enforce the citation and recover the civil penalty prescribed thereon, and shall take such other action as the Attorney General shall deem appropriate, in the court of competent jurisdiction for the county in which the long-term health care facility is located.

(c) If a licensee desires to contest a class "B" citation or the proposed assessment of a civil penalty therefor, the licensee shall within five business days after service of the citation (1) notify the director in writing of his or her request for a citation review conference with the designee of the director for the county in which the cited long-term health care facility is located; or (2) notify the director in writing of the licensee's intent to adjudicate the validity of the citation in the municipal court in the county in which the long-term health care facility is located. If requested by the licensee, the director's designee shall hold, within five business days from the receipt of the request, a citation review conference, at the conclusion of which he or she may affirm, modify, or dismiss the citation or the proposed assessment of a civil penalty. If the director's designee affirms, modifies, or dismisses the citation or proposed assessment of a civil penalty, he or she shall state with particularity in writing his or her reasons for that action and shall immediately transmit a copy thereof to each party to the original complaint. If the licensee desires to contest a decision made after the citation review conference, the licensee shall inform the director in writing within five business days after he or she receives the decision by the director's designee. In order to perfect a judicial appeal of a contested citation, a licensee shall file a civil action in the municipal court in the county in which the long-term health care facility is located. The action shall be filed no later than 60 calendar days after a licensee notifies the director that he or she intends to contest a citation, or, in the event a citation review conference is held, no later than 60 calendar days after a licensee notifies the director of his or her intent to contest the decision of the director's designee. If a judicial appeal is prosecuted under the provisions of this subdivision, the state department shall have the burden of establishing by a preponderance of the evidence that (1) the alleged violation did occur, (2) the alleged violation met the criteria for the class of citation alleged, and (3) the assessed penalty was appropriate. The state department shall also have the burden of establishing by a preponderance of the evidence that the assessment of a civil penalty should be upheld. If a licensee fails to notify the director in writing that he or she intends to contest the citation or the decision made by the director's designee within the time specified in this subdivision, or fails to file a civil action within the time specified in this subdivision, the citation or the decision by the director's designee after a citation review conference shall be deemed a final order of the state department and shall not be subject

to further administrative review. If a licensee prosecutes a judicial appeal of a contested citation or the assessment of a civil penalty, no civil penalty shall be due and payable unless and until the appeal is terminated in favor of the state department.

(d) The director or the director's designee shall establish an independent unit of trained citation review conference hearing officers within the state department to conduct citation review conferences. Citation review conference hearing officers shall be directly responsible to the deputy director for licensing and certification, and shall not be concurrently employed as supervisors, district administrators, or regional administrators with the licensing and certification division. Specific training shall be provided to members of this unit on conducting an informal conference, with emphasis on the regulatory and legal aspects of long-term health care.

Where the state department issues a citation as a result of a complaint or regular inspection visit, and a resident or residents are specifically identified in a citation by name as being specifically affected by the violation, then the following persons may attend the citation review conference.

- (1) The complainant and his or her designated representative.
- (2) A personal health care provider, designated by the resident.
- (3) A personal attorney, only if the long-term health care facility has an attorney present.
- (4) Any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code.

Where the state department determines that residents in the facility were threatened by the cited violation but does not name specific residents, any person representing the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Welfare and Institutions Code, and a representative of the residents or family council at the the facility may participate to represent all residents. In this case, these representatives shall be the sole participants for the residents in the conference. The residents' council shall designate which representative will participate.

The complainant, affected resident, or their designated representatives shall be notified by the state department of the conference and their right to participate. The director's designee shall notify the complainant or his or her designated representative and the affected resident or his or her designated representative, of his or her determination based on the citation review conference.

- (e) In assessing the civil penalty for a violation, all relevant facts shall be considered, including, but not limited to, all of the following:
- (1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.
  - (2) The patient's medical condition.
  - (3) The patient's mental condition and his or her history of mental

disability.

- (4) The good-faith efforts exercised by the facility to prevent the violation from occurring.
  - (5) The licensee's history of compliance with regulations.
- (f) Except as otherwise provided in this subdivision, an assessment of civil penalties for a class "A" or class "B" violation shall be trebled and collected for a second or subsequent violation occurring within any 12-month period, if a citation was issued and a civil penalty assessed for the previous violation occurring within the period, without regard to whether the action to enforce the previous citation has become final. However, the increment to the civil penalty required by this subdivision shall not be due and payable unless and until the previous action has terminated in favor of the state department.

If the class "B" violation is a patient's rights violation, as defined in subdivision (d) of Section 1424, it shall not be trebled unless the state department determines the violation has a direct or immediate relationship to the health, safety, security, or welfare of long-term health care facility residents.

- (g) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to safety or health.
- (h) Actions brought under the provisions of this chapter shall be set for trial at the earliest possible date and shall take precedence on the court calendar over all other cases except matters to which equal or superior precedence is specifically granted by law. Times for responsive pleading and for hearing any such proceeding shall be set by the judge of the court with the object of securing a decision as to subject matters at the earliest possible time.
- (i) If the citation is dismissed or reduced, the state department shall take action immediately to ensure that the public records reflect in a prominent manner that the citation was dismissed or reduced.
- (j) Upon a licensee notifying the director of its intent to contest one or more citations or decisions made following a citation review conference where the total penalties do not exceed fifteen thousand dollars (\$15,000), either the state or the licensee may elect to submit the matter to binding arbitration. The parties shall agree upon an arbitrator designated from the American Arbitration Association in accordance with the association's established rules and procedures. The arbitration hearing shall be set within 45 days of the petitioner's election, but in no event less than 28 days from the date of selection of an arbitrator. The arbitration hearing may be continued up to 15 additional days if necessary at the arbitrator's discretion. The decision of the arbitrator shall be based upon substantive law and shall be binding on all parties, subject to judicial review. This review shall be limited to whether there was substantial evidence to support the decision of the arbitrator.

The arbitrator shall determine which of the parties are financially

J

liable for arbitration costs based upon the position each took at the commencement of the arbitration proceedings compared to the decision of the arbitrator.

The retention of, renewal of, or application for, a license to operate a skilled nursing facility or intermediate care facility shall, for purposes of the administration of this chapter, be deemed a written agreement to arbitrate contested citations within the meaning of Title 9 (commencing with Section 1280) of Part 3 of the Code of Civil Procedure. Without extending the time for commencement of these hearings, the provisions of Section 1283.05 of the Code of Civil Procedure shall be applicable to all proceedings to arbitrate citations issued pursuant to this chapter, except that depositions may be noticed and taken without prior approval of the arbitrator.

Penalties paid on violations under this chapter shall be applied against the state department's accounts to offset any costs incurred by the state pursuant to this subdivision. Any costs or penalties assessed pursuant to this chapter shall be paid within 30 days of the date the decision becomes final. If a facility does not comply with this provision, the state department shall withhold any payment under the Medi-Cal program until the debt is satisfied. No payment shall be withheld if the state department determines that it would cause undue hardship to the facility or to patients of the facility.

### CHAPTER 1089

An act to amend Sections 11476 and 14005.1 of, and to add Section 11475.5 to, the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 11475.5 is added to the Welfare and Institutions Code, to read:

11475.5. (a) The State Department of Social Services shall publish a booklet describing the proper procedures and processes for the collection and payment of child and spousal support. The booklet shall be written in language understandable to the lay person and shall direct the reader to obtain the assistance of the local district attorney's office or legal counsel where appropriate. The department may contract on a competitive basis with an organization or individual to write the booklet.

- (b) The department shall have primary responsibility for the design and development of the contents of the booklet. The department shall verify the appropriateness and accuracy of the contents of the booklet with at least one representative of each of the following organizations:

  - (2) The State Attorney General's office.
  - (3) The California Family Support Council.

- (4) A community organization which advocates for the rights of custodial parents.
- (5) A community organization which advocates for the rights of supporting parents.
- (c) Upon receipt of booklets on support collection, each county welfare department shall provide a copy to each head of household whose application for public assistance under this chapter has been approved and for whom support rights have been assigned pursuant to Section 11477. The State Department of Social Services shall provide copies of the booklet to district attorneys' offices for distribution, and to any person upon request.
- (d) The department shall expand the information provided under its toll-free information hotline in response to inquiries regarding the process and procedures for collection and payment of child and spousal support. This toll-free number shall be advertised as providing information on child and spousal support. The hotline personnel shall not provide legal consultation or advice, but shall provide only referral services.
- (e) The department shall maintain a file of referral sources to provide callers to the telephone hotline with the following information specific to the county in which the caller resides:
- (1) The location and phone number of the district attorney's office, the county welfare office, and any other government agency which handles child and spousal support matters.

- SEC. 2. Section 11476 of the Welfare and Institutions Code is amended to read:
- 11476. It shall be the duty of the county department to refer all cases where a parent is absent from the home, or where the parents are unmarried and parentage has not been determined by a court of competent jurisdiction, to the district attorney immediately at the time the application for assistance, or certificate of eligibility, is signed by the applicant or recipient. If an applicant is found to be ineligible, the applicant shall be notified in writing that the referral of the case to the district attorney may be terminated at the applicant's request. The county department shall cooperate with the district attorney and shall make available to him or her all pertinent information as provided in Section 11478.

Upon referral from the county department, the district attorney shall investigate the question of nonsupport or paternity and shall take all steps necessary to obtain child support for the needy child, enforce spousal support as part of the state plan under Section 11475.2, and determine paternity in the case of a child born out of

wedlock. Upon the advice of the county department that a child is being considered for adoption, the district attorney shall delay the investigation and other actions with respect to the case until advised that the adoption is no longer under consideration. The granting of aid to an applicant shall not be delayed or contingent upon investigation by the district attorney.

Where a court order has been obtained, any contractual agreement for support between the district attorney or the county department and the noncustodial parent shall be deemed null and void to the extent that it is not consistent with the court order.

Whenever a family which has been receiving aid to families with dependent children ceases to receive assistance, the district attorney shall, to the extent required by federal regulations, continue to enforce support payments from the noncustodial parent until such time as the individual on whose behalf the enforcement efforts are made sends written notice to the district attorney requesting that enforcement services be discontinued.

The district attorney shall, where appropriate, utilize reciprocal arrangements adopted with other states in securing support from an absent parent. In individual cases where utilization of reciprocal arrangements has proven ineffective, the district attorney may forward to the Attorney General a request to utilize federal courts in order to obtain or enforce orders for child or spousal support. If reasonable efforts to collect amounts assigned pursuant to Section 11477 have failed, the district attorney may request that the case be forwarded to the Treasury Department for collection in accordance with federal regulations. The Attorney General, where appropriate, shall forward these requests to the Secretary of Health and Human Services, or a designated representative.

Eligibility for health care services under Section 14005 shall continue for four calendar months beginning with the month in which a family becomes ineligible for benefits under the Aid to Families with Dependent Children program, if all of the following apply:

- (a) The ineligibility is due wholly or partly to the collection or increased collection of child or spousal support pursuant to Article 7 (commencing with Section 11475) of Chapter 2.
- (b) The family has received benefits under the Aid to Families with Dependent Children program in at least three of the six months immediately preceding the month in which ineligibility begins.
- (c) Ineligibility occurred after October 1, 1984, and before October 1, 1988.

- SEC. 4. - SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the provisions of the federal Child Support Enforcement Amendments of 1984 (P.L. 98-378) as soon as possible, it is necessary that this act take effect immediately.

# CHAPTER 1090

An act to add Section 25416 to the Health and Safety Code, relating to hazardous materials.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25416 is added to the Health and Safety Code, to read:

- 25416. (a) All studies and community information programs conducted pursuant to this section shall be done only if either subdivision (b) applies or if funds are available without restructuring the department's funding priorities. The department shall conduct these studies and information programs in the following manner:
- (1) The department shall, except as provided in subdivision (b), and in conjunction with the local health officer, conduct or contract for epidemiological studies to identify and monitor health effects related to exposure to hazardous materials, as defined in Section 66084 of Title 22 of the California Administrative Code. A study may be conducted in any area of the state identified by the department or the local health officer as a site of potential exposure to hazardous materials, including, but not limited to, any of the following areas:
- (A) All communities located near hazardous waste disposal facilities.
- (B) In all communities containing hazardous substance release sites listed pursuant to Section 25356 or listed pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. Sec. 9601 et seq.).
- (C) In all areas around the location of major generators of hazardous waste.

- (D) In all other areas identified by local health officers or the state department as possible locations of public exposure to hazardous materials.
- (2) The department shall determine which epidemiological studies are to be conducted pursuant to this section based on the potential for public exposure to hazardous materials. Studies in areas near Class I hazardous waste disposal facilities, as defined in Section 2531 of Title 23 of the California Administrative Code, shall be given the highest priority for funding. If a hearing is conducted pursuant to Section 25149 and the hearing officer determines that there is a significant potential for endangerment to the public as a result of the suspected or actual release of a hazardous material, the department shall give priority to conducting an epidemiological study for that facility.
- (3) If a local health officer determines that a study should be conducted pursuant to this section because of a potential public exposure to hazardous materials, the local health officer may request that the department initiate or contract for a study pursuant to this section by demonstrating to the department that there is sufficient evidence that justifies the need for a study. The department shall respond to the local health officer's request within 90 days.
- (4) A local health officer may contract with qualified persons or firms to produce the epidemiological studies specified in paragraph (1).
- (5) The design and methodology of any study conducted pursuant to this section shall be reviewed and approved by the department prior to the initiation of the study.
- (6) In any county in which hazardous waste disposal facilities are located and in all other counties in which the state department identifies significant actual or potential public exposure to hazardous materials, the department shall, in conjunction with the local health officer, conduct or contract for a community information program with respect to sites of potential exposure to hazardous materials identified under paragraph (1) to do all of the following:
- (A) Organize and conduct educational programs for local physicians and other health professionals on the effects of exposure to hazardous materials and reporting requirements.
- (B) Disseminate information to high risk populations on the health effects of exposure to hazardous materials.
- (C) Conduct public forums on the health effects of exposure to hazardous substances and methods of limiting exposure.
- (7) Paragraph (6) does not apply to hazardous substance release sites listed on the National Priorities List for which the Environmental Protection Agency has assumed lead responsibility for community relations.
- (b) If a county is authorized to impose a license tax pursuant to Section 25149.5 for revenue purposes, the department may require the county to provide funding for carrying out epidemiological studies or the community information program concerning the

hazardous waste facility subject to the license tax. The department shall provide the county with technical assistance to conduct an epidemiological study pursuant to this subdivision. The department may exempt a county from the requirement of this subdivision if the county demonstrates to the department that the revenue potential from the facility would not be adequate to conduct an epidemiological study or community information program. When considering a county request for an exemption, the department shall consider the regulatory costs and responsibilities of the county related to that facility.

- (c) The department shall expend funds from the Hazardous Substance Account, upon appropriation by the Legislature, to conduct studies and community information programs in countiescontaining a hazardous substance release site listed pursuant to Section 25356. The department shall expend funds from the Hazardous Waste Control Account, upon appropriation by the Legislature, to conduct all other studies and community information programs conducted pursuant to this section, except as provided in subdivision (b).
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

# CHAPTER 1091

An act to amend Section 5125 of, and to add Section 5125.1 to, the Civil Code, relating to marital property.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

- SECTION 1. Section 5125 of the Civil Code is amended to read: 5125. (a) Except as provided in subdivisions (b), (c), and (d) and Sections 5113.5 and 5128, either spouse has the management and control of the community personal property, whether acquired prior to or on or after January 1, 1975, with like absolute power of disposition, other than testamentary, as the spouse has of the separate estate of the spouse.
- (b) A spouse may not make a gift of community personal property, or dispose of community personal property without a valuable consideration, without the written consent of the other spouse.
- (c) A spouse may not sell, convey, or encumber community personal property used as the family dwelling, or the furniture,

furnishings, or fittings of the home, or the clothing or wearing apparel of the other spouse or minor children which is community personal property, without the written consent of the other spouse.

(d) Except as provided in subdivisions (b) and (c), and in Section 5127, a spouse who is operating or managing a business or an interest in a business that is all or substantially all community personal property has the primary management and control of the business or interest. Primary management and control means that the managing spouse may act alone in all transactions but shall give prior written notice to the other spouse of any sale, lease, exchange, encumbrance or other disposition of all or substantially all of the personal property used in the operation of the business (including personal property used for agricultural purposes), whether or not title to that property is held in the name of only one spouse. Written notice is not, however, required when prohibited by the law otherwise applicable to the transaction.

Any change of the form of a business is not subject to the requirement of written notice.

Remedies for the failure by a managing spouse to give prior written notice as required by this subdivision are only as specified in Section 5125.1. A failure to give prior written notice shall not adversely affect the validity of a transaction nor of any interest transferred.

- (e) Each spouse shall act in good faith with respect to the other spouse in the management and control of the community property in accordance with the general rules which control the actions of persons having relationships of personal confidence as specified in Section 5103, until such time as the property has been divided by the parties or by a court. This duty includes the obligation to make full disclosure to the other spouse of the existence of assets in which the community has an interest and debts for which the community may be liable, upon request. The case law defining the standard of care applicable to Section 5103, but not the case law applicable to Title 8 (commencing with Section 2215) of Part 4 of Division 3, applies to this section. In no event shall this standard be interpreted to be less than that of good faith in confidential relations nor as high as that established by Title 8 (commencing with Section 2215) of Part 4 of Division 3.
  - SEC. 2. Section 5125.1 is added to the Civil Code, to read:
- 5125.1. (a) A spouse has a claim against the other spouse for a breach of the duty imposed by Section 5125 or 5127 that results in substantial impairment to the claimant spouse's present undivided one-half interest in the community estate.
- (b) A court may order an accounting of the property and obligations of the parties to a marriage and may determine the rights of ownership in, the beneficial enjoyment of, or access to, community property, and the classification of all property of the parties to a marriage.
  - (c) A court may order that the name of a spouse shall be added

to community property held in the name of the other spouse alone or that the title of community property held in some other title form shall be reformed to reflect its community character, except with respect to any of the following:

- (1) A partnership interest held by the other spouse as a general partner.
- (2) An interest in a professional corporation or professional association.
- (3) An asset of an unincorporated business if the other spouse is the only spouse involved in operating and managing the business.
- (4) Any other property, if the revision would adversely affect the rights of a third person.
- (d) (1) Except as provided in paragraph (2), any action under subdivision (a) shall be commenced within three years of the date a petitioning spouse had actual knowledge that the transaction or event for which the remedy is being sought occurred.
- (2) An action may be commenced under this section upon the death of a spouse or in conjunction with an action for legal separation, dissolution of marriage, or nullity without regard to the time limitations set forth in paragraph (1).
- (3) The defense of laches may be raised in any action brought under this section.
- (4) Except as to actions authorized by paragraph (2), remedies under subdivision (a) apply only to transactions or events occurring on or after July 1, 1987.
- (e) In any transaction affecting community property in which the consent of both spouses is required, the court may, upon the motion of a spouse, dispense with the requirement of the other spouse's consent if both of the following requirements are met:
- (1) The proposed transaction is in the best interest of the community.
- (2) Consent has been arbitrarily refused or cannot be obtained due to the physical incapacity, mental incapacity, or prolonged absence of the nonconsenting spouse.
- (f) Any action may be brought under this section without filing an action for dissolution of marriage, legal separation, or nullity, or may be brought in conjunction with the action or upon the death of a spouse.
- SEC. 3. (a) It is the intent of the Legislature in enacting this act to clarify and enhance the duties owed by one spouse to another in managing community property. This act shall not be interpreted or applied to adversely affect rights of any party under existing law other than a spouse. Except as to actions authorized by paragraph (2) of subdivision (d) of Section 5125.1 of the Civil Code, remedies under subdivision (a) of Section 5125.1 of the Civil Code apply only to transactions or events occurring on or after July 1, 1987.
- (b) It is the intent of this legislation to set a standard with regard to the financial and property rights of the marriage which would promote an equal marital partnership protecting the rights and

establishing the responsibilities of both parties equally.

(c) The Legislature intends that the management standard controlling Sections 5103 and 5125 of the Civil Code be the standard developed under the case law under Section 5103 of the Civil Code and that this uniform standard, subject to further judicial interpretation, control the two sections. The amendments to subdivision (e) of Section 5125 of the Civil Code make clear that this standard is not intended to be lower than the good faith in confidential relations standard developed under Section 5103 of the Civil Code. They also make clear that this standard is not intended to be as high as the highest good-faith standard set forth in Title 8 (commencing with Section 2215) of Part 4 of Division 3 of the Civil Code. The amendments also extend the case law by making express an obligation to disclose assets and obligations upon request prior to marital separation and by expressly maintaining the standard of care that controls management of community property prior to separation to the period after separation or dissolution of marriage so long as the property remains undivided by the parties or a court.

SEC. 4. This act shall be operative on July 1, 1987.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

- (a) Life care contracts for elderly retirement living have been a long-standing method of providing housing, services, and health care to many older persons in California.
- (b) Protection for individuals entering into life care contracts is in the public interest and as such, life care contract regulation has been mandated in law for many years.
- (c) As the numbers of elderly persons grow in California, there is an increased interest in providing new housing, including arrangements that challenge the essence of the life care contract laws.
- (d) Therefore, it is the intent of the Legislature to redefine life care contract and certain related terms, enhance compliance and allow for enforcement in order to assure consumer protection for elderly persons entering into a contractual arrangement that promises to provide care.
- SEC. 1.5. Section 1343 of the Health and Safety Code is amended to read:
- 1343. (a) The provisions of this chapter shall apply to health care service plans and specialized health care service plan contracts as defined in subdivisions (f) and (n) of Section 1345.
- (b) The commissioner may by the adoption of such rules as deemed necessary and appropriate, either unconditionally or upon specified terms and conditions or for specified periods, exempt from the provisions of this chapter any class of persons or plan contracts if the commissioner finds such action to be in the public interest and not detrimental to the protection of subscribers, enrollees, or persons regulated under this chapter, and that the regulation of such persons or plan contracts is not essential to the purposes of this chapter.
- (c) The commissioner, upon request of the Director of Health Services, shall exempt from the provisions of this chapter any county-operated pilot program contracting with the State Department of Health Services pursuant to Article 7 (commencing with Section 14490) of Chapter 8 of Part 3 of Division 9 of the Welfare and Institutions Code. The commissioner may exempt non-county-operated pilot programs upon request of the Director of Health Services. Those exemptions may be subject to conditions the Director of Health Services deems appropriate.
  - (d) The provisions of this chapter shall not apply to:
- (1) A person organized and operating pursuant to a certificate issued by the Insurance Commissioner unless the entity is directly providing the health care service through those entity-owned or contracting health facilities and providers, in which case the

provisions of this chapter shall apply to the insurer's plan and to the

- (2) A plan directly operated by a bona fide public or private institution of higher learning which directly provides health care services only to its students, faculty, staff, administration, and their respective dependents.
- (3) A nonprofit corporation formed under Chapter 11A (commencing with Section 11491) of Part 2 of Division 2 of the Insurance Code.
- (4) A person who promises to provide care for life or for more than one year in return for a transfer of consideration from, or on behalf of, a person 60 years of age or older; provided, that person has obtained a written license pursuant to Chapter 2 (commencing with Section 1250) or Chapter 3.3 (commencing with Section 1569) of this division, and that person has obtained a certificate of authority from the State Department of Social Services.
- SEC. 2. Section 1770 of the Health and Safety Code is amended to read:
- (a) Any provider who promises to provide care for life or for more than one year in return for a transfer of consideration from, or on behalf of, a person 60 years of age or older shall first receive written licenses pursuant to Chapter 2 (commencing with Section 1250) or Chapter 3.3 (commencing with Section 1569) of this division, and shall also obtain a certificate of authority from the State Department of Social Services.
- (b) Notwithstanding subdivision (a), any arrangement for the care of a person by a relative, or any arrangement for the care of a person or persons from only one family by a friend, shall not require a certificate of authority.
- (c) Any transaction, or series of transactions, in which care is promised to an elderly person in return for an entrance fee, prepayment, or other transfer of consideration which covers more than one year of services to, or residence for, that person shall be regarded as a life care contract under this chapter.
- (d) Any arrangement for which a permit to sell deposit subscriptions or a certificate of authority has been obtained shall not be deemed a security for any purpose.
- (e) If a provider subcontracts or assigns the responsibility to provide life care to another person or entity, in return for a periodic or prepaid payment, the other person or entity shall have a certificate of authority.
- SEC. 3. Section 1770.5 of the Health and Safety Code is amended to read:
- 1770.5. (a) The Legislature finds and declares that abrupt and involuntary transfer of frail, elderly residents from one home to another can and does have tragic consequences. Numerous studies have shown that such forced movement often results in the death of the transferee and almost always causes depression or regressive behavior. Called "transfer trauma," the cause of this reaction has

been variously ascribed to the loss of a familiar physical environment, loss of well-known neighbors, attendants, nurses and medical personnel, the stress of an abrupt break in the small routines of daily life, and the major loss of visits from friends and relatives who may be unable to reach the new facility. Involuntary transfer may occur when a provider of services under a life care contract has been found to be insolvent or substantially out of compliance with state operating standards and is temporarily or permanently denied a certificate of authority. Currently, the State Department of Social Services has no mechanism by which to ensure the orderly transfer of residents or the liquidation of facilities' assets.

- (b) It is the intent of the Legislature in enacting this chapter to provide a procedure whereby the State Department of Social Services, after consultation with the Committee on Life Care Contracts of the State Social Services Advisory Board, may petition the superior court for an order appointing a qualified administrator to work with the management of, and, in specified circumstances, to operate a facility of, a provider which has been found to be out of compliance with the rules and regulations for the performance of life care contracts and thereby prevent crisis situations wherein elderly residents are left without means for their support or moved without proper preparation.
- (c) It is the intent of the Legislature that the administrator may only assume the operation of such a provider in order to either bring it into compliance with law and return it to the original certificate holder in accordance with standards set forth in this chapter, or facilitate an orderly liquidation of the provider. It is the intent of the Legislature that the administrator shall assure the orderly transfer of residents should the provider ultimately fail.
- (d) The Legislature further finds and declares that safeguards are necessary to protect elderly persons from selling or mortgaging their homes or transferring substantial amounts of cash or other consideration, in anticipation of the construction, licensure and operation of facilities promising to offer life care, when there is a material reason to believe that the facilities in development will not achieve the requisite enrollment, financing, licensure or other attributes necessary to commence and sustain operations on a sound financial basis. Methods and procedures to implement these safeguards shall be established by the department. These safeguards shall include, but shall not be limited to, the following:
- (1) Reasonable assurance that accommodations and services promised to elderly persons who have entered into life care contracts will be provided.
- (2) Reserves, as provided in Sections 1775 and 1775.5, in order to preserve and provide collateral for consideration received from elderly persons who have entered into life care contracts or deposit subscription agreements so that contracted services may be provided and refunds paid as specified by this chapter and by contract provisions.

- (3) Disclosure of basic information about providers, including current financial condition, affiliation with other persons or entities, and status of compliance with requirements of this chapter.
- (4) Requirement that life care contracts include basic protective provisions as set forth in regulations promulgated by the department.
- (5) Encouragement of self-regulation by providers, consultation with the advisory board about proposed regulations.

- 1773.5. No moneys or other consideration, except for a processing fee not to exceed an amount determined by regulation, may be received from an applicant for life care by a provider who proposes to promise to provide care unless the provider has first received a permit to sell deposit subscriptions from the department. Except as otherwise provided in this chapter, the criteria for a certificate of authority and for a permit to sell deposit subscriptions shall be the same. All moneys or other consideration shall be placed in an escrow account, the terms of which must be approved in advance by the department. - SEC. 10.5. Section 1775.5 is added to the Health and Safety Code, to read:
- 1775.5. (a) The Legislature foresees the need to protect transferors who have entered into life care contracts which provide for substantial refunds of entrance fee payments. Without reasonable assurance of the providers' abilities to pay the refunds, in consideration of possible competitive disadvantages, such as aging of the facility, the transferors or their estates would risk the loss of substantial entrance fee refunds. It is the policy of the State of California to limit these risks for the benefit of the general population of elderly persons. Therefore, the department shall impose requirements with respect to entrance fee refunds.
- (b) Each provider, or other entity assuming responsibility, shall provide satisfactory evidence of the ability to pay refunds of entrance fees if the following occur:
- (1) The proposed or current life care contract form for the project includes promises to pay refunds of entrance fees or to repurchase the transferors' units in the project, after the end of the trial residence period, in the event of the death of the surviving resident or the voluntary termination by the transferor or residents.
- (2) The specified refund right is not exhausted within the first six years of residency.
- (c) Satisfactory evidence of the ability to pay refunds shall be the maintenance of a refund reserve, deposited in a special trust fund which shall remain intact to accumulate interest earnings resulting from investments of liquid reserves in accordance with Section 1775.
- (1) The "refund reserve" referred to in this subdivision shall be calculated based on the following assumptions:

- (A) The facility will have a 40-year useful life, starting with the year of completion.
- (B) Approved long-term investments, such as treasury notes, will earn 3 percent more than the rate of inflation.
  - (C) Entrance fees will increase at the rate of inflation.
  - (D) Land values will increase at the rate of inflation.
- (E) Investments in the refund reserve trust will increase at the rate for approved long-term investments.
- (2) The refund reserve referred to in this subdivision shall be calculated as follows:
- (A) Calculate the number of units to be turned over each year at the approved rate of turnover.
  - (B) Determine the mean entrance fee, as of the current date.
- (C) Determine the factor for inflating the average entrance fee at the rate of 3 percent below the rate of interest on new 30-year treasury notes, for the time interval from the current date to the 40th year of operation and for each preceding year, until all units have been turned over.
- (D) Calculate the projected value of fees received for the 40th year and for each preceding year, until all units have been turned over.
- (E) Adjust the projected values of fees received for the 40th year and each preceding year, according to refund provisions of the current life care contract form.
- (F) Total the projected values of fees received, as adjusted, and calculate the present value at the rate of interest for new 30-year treasury notes. The result is the required refund reserve.
- (3) The actual purchase price of the land used for the facility, as inflated to the 40th year of operation, at the rate set forth in subparagraph (D) of paragraph (1) of subdivision (c) may be used to meet the refund reserve referred to in this subdivision.
- (4) The amount of the refund reserve shall be revised annually by the provider and submitted to the department in conjunction with the annual audit and reports required by Section 1782.5.
- (d) Any provider who has a certificate of authority or permit to sell deposit subscriptions issued by the department pursuant to this chapter on or before the date the Governor signs the bill enacting this section or, if the bill becomes a statute without the Governor's signature, September 30, 1986, whichever date is earlier, shall be exempt from the refund reserve requirement established by this section if the provider or other entity assuming responsibility has an equity balance of five times the amount of the refund reserve calculated pursuant to subdivision (c), as verified by one or more of the following means: the "stockholders' equity," or equivalent amount, as reflected on the most recent Form 10K (which may be on a consolidated basis or on a consolidated and combined basis) filed with the Securities and Exchange Commission; the "total fund balances or net worth," or equivalent amount, as reflected on the most recent Form 990 or Form 990-PF filed with the Internal

Revenue Service; or the "total net worth," or equivalent amount, as reflected on the most recent Form 109 filed with the Franchise Tax Board.

- (1) The amount of the requirement for the equity balance shall be revised annually pursuant to subdivision (c).
- (2) Compliance shall be based on review, by the department, of financial statements prepared in accordance with generally accepted accounting principles, accompanied by an unqualified opinion by a licensed certified public accountant.
- (3) If the equity balance is determined by the department to be less than the required amount, the provider or other entity assuming responsibility shall post, in a form satisfactory to the department, an amount equal to the refund reserve required within 60 days.
- (e) Except with respect to subdivisions (a) and (h), this section shall remain operative only until December 31, 1988, or the effective date of the regulations promulgated pursuant to subdivision (f), whichever is earlier, and shall be inoperative as of that date.
- (f) Prior to December 31, 1988, the department shall promulgate regulations, adopted in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, to establish these or other appropriate reserve requirements or exemptions therefrom pertaining to refundable entrance fees where the specified refund right is not exhausted within the first six years of residence. The department shall conduct the regulation adoption process expeditiously to ensure that the regulations will become effective no later than January 1, 1989.
- (g) In promulgating the regulations, the department shall consult throughout the regulation adoption process with the following:
  - (1) The California Association of Homes for the Aging.
- (2) The Committee on Life Care Contracts of the Social Services Advisory Board.
- (3) Representatives of life care providers, or potential life care providers, who are not members of the California Association of Homes for the Aging but who have a certificate of authority or a permit to sell deposit subscriptions issued by the department pursuant to this chapter.
- (4) Any other persons, entities, and organizations the department deems proper to ensure that the refund reserve requirements so promulgated are both effective from the standpoint of consumer protection and feasible from the standpoint of life care providers.
- (h) Any life care provider who (1) has a certificate of authority or a permit to sell deposit subscriptions issued by the department pursuant to this chapter on or before the date the Governor signs the bill enacting this section or, if the bill becomes a statute without the Governor's signature, September 30, 1986, whichever date is earlier, and (2) qualifies for the exemption set forth in subdivision (d) of this section shall not be required to provide any further refund reserve or security pursuant to this section or the regulations promulgated hereunder.

- SEC. 11. Section 1780.5 is added to the Health and Safety Code, to read:
- 1780.5. A certificate of authority shall not be issued to a provider unless the department determines that all of the following have occurred:
- (a) Construction of the facility or applicable phase is completed and required licenses have been obtained.
- (b) At least one of the following preenrollment requirements has been met:
- (1) At least 80 percent of the total nonmedical units in the facility have been reserved, with payment in full of the entrance fee.
- (2) At least 70 percent of the total nonmedical units in the facility have been reserved, with payment in full of the entrance fee, and the provider has submitted a financial and marketing plan, satisfactory to the department, demonstrating that the project will be financially viable.
- (3) At least 50 percent of the total nonmedical units in the facility have been reserved, with payment in full of the entrance fee, and the provider furnishes a letter of credit or other security, satisfactory to the department, sufficient to bring the total amount of prepayments to a level equivalent to 80 percent of the total entrance fees for the entire facility.
- (c) A minimum 5-year financial plan of operation satisfactory to the department has been submitted.
  - (d) Adequate reserves exist as required by this chapter.
  - (e) All applicable provisions of this chapter have been met. SEC. 11.5. Section 1780.6 is added to the Health and Safety Code,
- SEC. 11.5. Section 1780.6 is added to the Health and Safety Code, to read:
- 1780.6. In order to permit a provider to enter into life care contracts and meet the requirements of subdivision (b) of Section 1780.5, the department shall issue a provisional certificate of authority when a provider has done all the following:
- (a) Received deposits of entrance fees equivalent to the release of escrow provisions of Section 1773.6.
- (b) Obtained the required licenses referenced in subdivision (a) of Section 1770.
  - (c) Completed construction of the facility.
  - (d) Complied with subdivisions (c) and (d) of Section 1780.5.
- The provisional certificate of authority shall be valid for a period of 12 months after issuance. #### CHAPTER 1094

An act to add Section 11462.4 to, and to add and repeal Section 11460.1 of, the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 977 of the Statutes of 1982 required the State Department of Social Services to take over from the counties the process of establishing payment rates for children in foster care. The law set out a table of flat rate payments, to be adjusted to reflect annual cost-of-living changes, for foster family homes. Differential adjustments were allowed in order to create a uniform foster home payment system statewide. The law also required rates to be established for group homes based on actual allowable costs.

Many counties and providers of foster and group care services for children have expressed concern that inadequate payments are affecting the supply of appropriate beds, the continuity of care, and the ability of public and private agencies to respond to changing local conditions.

- SEC. 2. Section 11460.1 is added to the Welfare and Institutions Code, to read:
- 11460.1. (a) The department shall undertake studies of the foster family and group home ratesetting process toward assuring an adequate supply of appropriate beds, a continuity of care, and the ability of local public and private agencies to respond to changing conditions. The studies shall include, but not be limited to, all of the following:
- (1) The effect on bed availability, continuity of care, and local responsiveness of the current flat rate payment system on foster family homes and of the projected effect of a flat rate payment system, currently under study by the department, on group homes.
- (2) The effect on bed availability, continuity of care, and local responsiveness of limiting annual payment adjustments to any cost-of-living adjustments which may be provided in the state budget.
- (3) The results of the San Diego County pilot project pursuant to Section 11462.5.
- (b) The department, in undertaking the study specified in subdivision (a), shall consult with and seek the participation of the Department of Finance, representatives of county agencies which place children in foster family care, and representatives of providers of foster family and group care. The department shall report the results of its group home study to the Legislature by March 1, 1987, and its foster family home study by January 1, 1988.
- (c) The department shall not implement any new ratesetting system for group homes until at least 60 days following the submission of the group home study to both houses of the Legislature.
- (d) This section shall remain in effect until January 1, 1988, and as of that date is repealed.
- SEC. 3. Section 11462.4 is added to the Welfare and Institutions Code, to read:
- 11462.4. Notwithstanding Section 11342 of the Government Code, group homes shall be deemed small businesses and the department shall project the impact on group homes of any new regulations which will affect those homes.

### CHAPTER 1096

An act to amend Section 4801 of the Civil Code, relating to spousal support.

[Approved by Governor September 23, 1986 Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

- SECTION 1. Section 4801 of the Civil Code is amended to read: 4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for any period of time, as the court may deem just and reasonable. In making the award, the court shall consider all of the following circumstances of the respective parties:
- (1) The earning capacity of each spouse, taking into account the following:
- (A) The marketable skills of the supported spouse; the job market for those skills; the time and expenses required for the supported spouse to acquire the appropriate education or training to develop those skills; and the possible need for retraining or education to acquire other, more marketable skills or employment.
- (B) The extent to which the supported spouse's present or future earning capacity is impaired by periods of unemployment that were incurred during the marriage to permit the supported spouse to devote time to domestic duties.
- (C) The extent to which the supported spouse contributed to the attainment of an education, training, a career position, or a license by the other spouse.
  - (2) The needs of each party.
- (3) The obligations and assets, including the separate property, of each.
  - (4) The duration of the marriage.
- (5) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.
  - (6) The age or health of the parties.
  - (7) The standard of living of the parties.
  - (8) Any other factors which it deems just and equitable.

At the request of either party, the court shall make appropriate factual determinations with respect to the circumstances. The court may order the party required to make the payment of support to give reasonable security therefor. Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. Any order for spousal support may be made retroactive to the date of filing of the notice of motion or order to show cause therefor, or to any subsequent date. At the request of either party, the order of modification or revocation shall include a statement of decision and may be made retroactive to the date of filing of the notice of motion or order to show cause therefor, or to any subsequent date.

- (b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.
- (c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of the person terminates upon the happening of the contingency. If the party to whom payments are to be made fails to notify the person ordered to make the payments, or the attorney of record of the person so ordered, of the happening of the contingency and continues to accept support payments, the supported party shall refund any and all moneys received which accrued after the happening of the contingency, except that the overpayments shall first be applied to any and all support payments which are then in default. The court may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make the payments, or his or her attorney of record, of the happening of the contingency.
- (d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction.
- (e) In any proceeding under this section the court may order a party to submit to an examination by a vocational training consultant. The order may be made only on motion, for good cause shown, and upon notice to the party to be examined and to all parties, and shall specify the time, place, manner, conditions, scope of the examination, and the person or persons by whom it is to be made. The party refusing to comply with such an order shall be subject to the same consequences provided for failure to comply with an examination ordered pursuant to Section 2032 of the Code of Civil Procedure.
- (f) For the purposes of this section, "vocational training consultant" means an individual with sufficient knowledge, skill, experience, training, or education relating to interviewing, the testing and analysis of work skills, the planning of courses of training and study, the formulation of career goals, and the work market to qualify as an expert in vocational training under Section 720 of the Evidence Code.

[Approved by Governor September 23, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 53312 of the Government Code is repealed. SEC. 2. Section 53312 is added to the Government Code, to read: 53312. Any provision in this chapter which conflicts with any other provision of law shall prevail over the other provision of law. SEC. 3. Section 53313 of the Government Code is amended to

read:

- 53313. A community facilities district may be established under this chapter to finance any one or more of the following types of additional services within an area:
- (a) Police protection services, including, but not limited to, criminal justice services. However, criminal justice services shall be limited to providing services for jails, detention facilities, and juvenile halls.
- (b) Fire protection and suppression services, and ambulance and paramedic services.
- (c) Recreation program services, library services, and the operation and maintenance of parks, parkways, and open space. A special tax may be levied for this purpose only upon approval of the voters as specified in subdivision (b) of Section 53328. However, the requirement contained in subdivision (b) of Section 53328 that a certain number of persons have been registered to vote for each of the 90 days preceding the close of the protest hearing does not apply to an election to enact a special tax for recreation program services, library services, and the operation and maintenance of parks and parkways subject to subdivision (c) of Section 53326.
- (d) Flood and storm protection services, including, but not limited to, the operation and maintenance of storm drainage systems.

A community facilities district may only finance the services authorized in this section to the extent that they are in addition to those provided in the territory of the district before the district was created. The additional services may not supplant services already available within that territory when the district was created.

- SEC. 4. Section 53313.5 of the Government Code is amended to read:
- 53313.5. A community facilities district may also finance the purchase, construction, expansion, or rehabilitation of any real or other tangible property with an estimated useful life of five years or longer or may finance planning and design work which is directly related to the purchase, construction, expansion, or rehabilitation of any real or tangible property. The facilities need not be physically located within the district. A district may only finance the purchase of facilities whose construction has been completed, as determined by the legislative body, before the resolution of formation to establish

the district is adopted pursuant to Section 53325.1, except that a district may finance the purchase of facilities completed after the adoption of the resolution of formation if the facility was constructed as if it had been constructed under the direction and supervision, or under the authority of, the local agency. For example, a community facilities district may finance facilities, including, but not limited to, the following:

- (a) Local park, recreation, parkway, and open-space facilities.
- (b) Elementary and secondary school sites and structures provided that the facilities meet the building area and cost standards established by the State Allocation Board.
  - (c) Libraries.
- (d) The district may also finance the construction of natural gas pipeline facilities, telephone lines, and facilities for the transmission or distribution of electrical energy to provide access to those services to customers who do not have access to those services. The district may enter into an agreement with a public utility to utilize those facilities to provide a particular service and for the conveyance of those facilities to the public utility. If the facilities are conveyed to the public utility, the agreement shall provide for a refund by the public utility to the district or improvement area thereof for the cost of the facilities. Any reimbursement made to the district shall be utilized to reduce or minimize the special tax levied within the district or improvement area, or to construct or acquire additional facilities within the district or improvement area, as specified in the resolution of formation.
- (e) The district may also pay in full all amounts necessary to eliminate any fixed special assessment liens or to repay or defease any indebtedness secured by any tax, fee, charge, or assessment levied within the area of a community facilities district or may pay debt service on that indebtedness.
- (f) Any other governmental facilities which the legislative body creating the community facilities district is authorized by law to contribute revenue to, or construct, own, or operate. However, the district shall not operate or maintain or, except as otherwise provided in subdivision (d), have any ownership interest in any facilities for the transmission or distribution of natural gas, telephone service, or electrical energy.
- SEC. 5. Section 53313.6 of the Government Code is amended to read:
- 53313.6. The legislative body may provide for adjustments in ad valorem property taxes pursuant to Section 53313.7 within a community facilities district only after making both of the following findings at the conclusion of the public hearing held pursuant to Article 2 (commencing with Section 53318):
- (a) That an ad valorem property tax is levied on property within a proposed community facilities district for the exclusive purpose of making lease payments or paying principal or interest on bonds or other indebtedness, including state school building loans, incurred to

finance construction of capital facilities.

- (b) That capital facilities to be financed by the community facilities district will provide the same services to the territory of the community facilities district as were provided by the capital facilities mentioned in subdivision (a).
- SEC. 6. Section 53313.7 of the Government Code is amended to read:
- 53313.7. Upon making the findings pursuant to Section 53313.6, the legislative body may, with the concurrence of the legislative body which levied the property tax described in subdivision (a) of Section 53313.6, by ordinance, determine that the total annual amount of ad valorem property tax revenue due from parcels within the proposed community facilities district, for purposes of paying principal and interest on the debt identified in Section 53313.6, shall not be increased after the date on which the resolution of formation for the community facilities district is adopted, or after a later date determined by the legislative body creating the community facilities district with the concurrence of the legislative body which levied the property tax in question.
- SEC. 7. Section 53314.9 of the Government Code is amended to read:
- 53314.9. (a) Notwithstanding Section 53313.5, at any time either before or after the formation of the district, the legislative body may accept advances of funds or work in-kind from any source, including, but not limited to, private persons or private entities and may provide, by resolution, for the use of those funds or that work in-kind for any authorized purpose, including, but not limited to, paying any cost incurred by the local agency in creating a district. The legislative body may enter into an agreement, by resolution, with the person or entity advancing the funds or work in-kind, to repay all or a portion of the funds advanced, or to reimburse the person or entity for the value, or cost, whichever is less, of the work in-kind, as determined by the legislative body, with or without interest, under both of the following conditions:
- (1) The proposal to repay the funds or the value or cost of the work in-kind, whichever is less, is included both in the resolution of intention to establish a district adopted pursuant to Section 53321 and in the resolution of formation to establish the district adopted pursuant to Section 53325.1, or in the resolution of intention to alter the types of public facilities and services provided within an established district adopted pursuant to Section 53334.
- (2) Any proposed special tax or change in a special tax is approved by the qualified electors of the district pursuant to this chapter. Any agreement shall specify that if the qualified electors of the district do not approve the proposed special tax or change in a special tax, the local agency shall return any funds which have not been committed for any authorized purpose by the time of the election to the person or entity advancing the funds.
  - (3) Any work in-kind accepted pursuant to this section shall have

been performed or constructed as if the work had been performed or constructed under the direction and supervision, or under the authority of, the local agency.

(b) The agreement shall not constitute a debt or liability of the local agency.

SEC. 7.5. Section 53316 of the Government Code is amended to read:

- This chapter applies to all local agencies insofar as those 53316. entities have the power to install or contribute revenue for any of the facilities or provide or contribute revenue for any of the services authorized under this chapter. This chapter authorizes local agencies to create community facilities districts pursuant to this chapter within their territorial limits. A local agency may initiate proceedings pursuant to Section 53318 to include territory proposed for annexation to the local agency within a community facilities district if a petition or resolution of application for the annexation of the territory to the local agency has been accepted for filing and a certificate of filing has been issued by the executive officer of the local agency formation commission at the time the proceedings to create the district are initiated. Those proceedings may be completed only if the annexation of the territory to the local agency is completed. The officers of local agencies who have similar powers and duties, as determined by the legislative body of the local agency, as the municipal officers referred to in this chapter shall have the powers and duties given by this chapter to the municipal officials. Where no similar officer exists, the legislative body of the local agency shall, by resolution, appoint a person or designate an officer to perform the duties under this chapter.
- SEC. 8. Section 53316.2 of the Government Code is amended to read:
- 53316.2. (a) The legislative bodies of two or more local agencies or community facilities districts, or any combination thereof, may enter into a joint community facilities agreement pursuant to this section and Sections 53316.4 and 53316.6 or into a joint exercise of powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 to exercise any power authorized by this chapter if the legislative body of each entity adopts a resolution declaring that such a joint agreement would be beneficial to the residents of that entity.
- (b) Notwithstanding Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, a contracting party may use the proceeds of any special tax or charge levied pursuant to this chapter or of any bonds or other indebtedness issued pursuant to this chapter to provide facilities or services which that contracting party is otherwise authorized by law to provide, even though another contracting party does not have the power to provide those facilities or services.

The hearing may be continued from time to time, but shall be completed within 30 days, except that if the legislative body finds that the complexity of the proposed district or the need for public participation requires additional time, the hearing may be continued from time to time for a period not to exceed six months. The legislative body may modify the resolution of intention by eliminating proposed facilities or services, or by changing the rate or method of apportionment of the proposed special tax so as to reduce the maximum special tax for all or a portion of the owners of property within the proposed district, or by removing territory from the proposed district. At the conclusion of the hearing, the legislative body may abandon the proposed establishment of the community facilities district or may, after passing upon all protests, determine to proceed with establishing the district.

The resolution of formation shall contain all of the information required to be included in the resolution of intention to establish the district specified in Section 53321. If a special tax is proposed to be levied in the district to pay for any facilities or services and the special tax has not been eliminated by majority protest pursuant to Section 53324, the resolution shall state that fact and shall identify any facilities or services proposed to be funded with the special tax.

(b) In the resolution of formation adopted pursuant to subdivision (a), the legislative body shall determine whether all proceedings were valid and in conformity with the requirements of this chapter. 53325.7. The legislative body may submit a proposition to establish or change the appropriations limit, as defined by subdivision (h) of Section 8 of Article XIII B of the California Constitution, of a community facilities district to the qualified

electors of a proposed or established district. The proposition establishing or changing the appropriations limit shall become effective if approved by the qualified electors voting on the proposition and shall be adjusted for changes in the cost of living and changes in populations, as defined by subdivisions (b) and (c) of Section 7901, except that the change in population may be estimated by the legislative body in the absence of an estimate by the Department of Finance, and in accordance with Section 1 of Article XIII B of the California Constitution. For purposes of adjusting for changes in population, the population of the district shall be deemed to be at least one person during each calendar year.

If the election is to be held less than 125 days following the close of the protest hearing, the concurrence of the election official conducting the election shall be required. However, these time limits may be waived with the unanimous consent of the qualified electors of the proposed district and the concurrence of the election official conducting the election.
- (b) Except as otherwise provided in subdivision (c), if at least 12 persons, who need not necessarily be the same 12 persons, have been registered to vote within the territory of the proposed community facilities district for each of the 90 days preceding the close of the protest hearing, the vote shall be by the registered voters of the proposed district, with each voter having one vote. Otherwise, the vote shall be by the landowners of the proposed district and each landowner shall have one vote for each acre or portion of an acre of land that he or she owns within the proposed community facilities district. If the vote is by landowners pursuant to this subdivision, the legislative body shall determine that any facilities financed by the district are necessary to meet increased demands placed upon local agencies as the result of development or rehabilitation occurring in the district.
- (c) If the proposed special tax will not be apportioned on any portion of property in residential use at the time of the election, as determined by the legislative body, the legislative body may provide

that the vote shall be by the landowners of the proposed district whose property would be subject to the tax if it were levied at the time of the election. - (b) If the owners elect not to perform the work and not to enter into a written contract for that work within 10 days of publication of the notice of the award of the contract, or to commence the work within 15 days after the date of the written contract entered into between the owners and the legislative body, and to continue that work with diligence to completion, as determined by the legislative body, a contract shall be entered into by the legislative body with the original bidder to whom the contract was awarded at the prices specified in his or her bid.

#### CHAPTER 1104

An act to add Section 23196 to the Vehicle Code, relating to traffic offenses.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 23196 is added to the Vehicle Code, to read: 23196. (a) Upon motion of the prosecution in a criminal action for a felony violation of Section 23153 which resulted in serious bodily injury to any person other than the defendant, the court may declare the motor vehicle driven by the defendant to be a nuisance if both of the following conditions are present:

- (1) The defendant is the registered owner of the vehicle.
- (2) The defendant has, within the five years immediately preceding the violation, been convicted of one or more separate violations of Section 23152 or 23153.
- (b) Except as provided in subdivision (g), upon the conviction of the defendant, the court shall order any vehicle declared to be a nuisance pursuant to subdivision (a) to be sold. Any vehicle ordered to be sold pursuant to this subdivision shall be surrendered to the sheriff of the county or the chief of police of the city in which the violation occurred. The officer to whom the vehicle is surrendered shall promptly ascertain from the department the names and addresses of all legal and registered owners of the vehicle and within five days of receiving that information, shall send by certified mail a notice to all legal and registered owners of the vehicle other than the defendant, at the addresses obtained from the department, informing them that the vehicle has been declared a nuisance and will be sold or otherwise disposed of pursuant to this section, and of the approximate date and location of the sale or other disposition. The notice shall also inform any legal owner of its right to conduct the sale pursuant to subdivision (c).
  - (c) Any legal owner which in the regular course of its business

conducts sales of repossessed or surrendered motor vehicles may take possession and conduct the sale of the vehicle declared to be a nuisance if it notifies the officer to whom the vehicle is surrendered of its intent to conduct the sale within 15 days of the mailing of the notice pursuant to subdivision (b). Sale of the vehicle pursuant to this subdivision may be conducted at the time, in the manner, and on the notice usually given by the legal owner for the sale of repossessed or surrendered vehicles. The proceeds of any sale conducted by the legal owner shall be disposed of as provided in subdivision (e).

- (d) If the legal owner does not notify the officer to whom the vehicle is surrendered of its intent to conduct the sale as provided in subdivision (c), the officer shall offer the vehicle for sale at public auction within 60 days of receiving the vehicle. At least 10 days but not more than 20 days prior to the sale, not counting the day of sale, the officer shall give notice of the sale by advertising once in a newspaper of general circulation published in the city or county, as the case may be, in which the vehicle is located, which notice shall contain a description of the make, year, model, identification number, and license number of the vehicle, and the date, time and location of the sale. For motorcycles, the engine number shall also be included. If there is no newspaper of general circulation published in the county, notice shall be given by posting a notice of sale containing the information required by this subdivision in three of the most public places in the city or county in which the vehicle is located and at the place where the vehicle is to be sold for 10 consecutive days prior to and including the day of the sale.
- (e) The proceeds of a sale conducted pursuant to this section shall be disposed of in the following priority:
- (1) To satisfy the costs of the sale, including costs incurred with respect to the taking and keeping of the vehicle pending sale.
- (2) To the legal owner in an amount to satisfy the indebtedness owed to the legal owner remaining as of the date of sale, including accrued interest or finance charges and delinquency charges.
- (3) To the holder of any subordinate lien or encumbrance on the vehicle to satisfy any indebtedness so secured if written notification of demand is received before distribution of the proceeds is completed. The holder of a subordinate lien or encumbrance, if requested, must reasonably furnish reasonable proof of its interest, and unless it does so on request is not entitled to distribution pursuant to this paragraph.
- (4) To any other person who can establish an interest in the vehicle, including a community property interest, to the extent of his or her provable interest.
- (5) The balance, if any, to the city or county in which the violation occurred, to be deposited in its general fund.

The person conducting the sale shall disburse the proceeds of the sale as provided in this subdivision, and provide a written accounting regarding the disposition to all persons entitled to or claiming a share of the proceeds, within 15 days after the sale is conducted.

- (f) If the vehicle to be sold under this section is not of the type that can readily be sold to the public generally, the vehicle shall be destroyed or donated to an eleemosynary institution.
- (g) No vehicle may be sold pursuant to this section in either of the following circumstances:
- (1) The vehicle is stolen, unless the identity of the legal and registered owners of the vehicle cannot be reasonably ascertained.
- (2) The vehicle is owned by another, or there is a community property interest in the vehicle owned by a person other than the defendant and the vehicle is the only vehicle available to the defendant's immediate family which may be operated on the highway with a class 3 or class 4 driver's license.
- (h) The Legislature finds and declares it to be the public policy of this state that no policy of insurance shall afford benefits which would alleviate the financial detriment suffered by any person as a direct or indirect result of a confiscation of a vehicle pursuant to this section.
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

### CHAPTER 1105

An act to add Article 1.5 (commencing with Section 23140) to Chapter 12 of Division 11 of the Vehicle Code, relating to driving offenses.

[Approved by Governor September 24, 1986 Filed with Secretary of State September 24, 1986 ]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 23140) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

# Article 1.5. Juvenile Offenses Involving Alcohol

- 23140. (a) It is unlawful for a person under the age of 18 years who has 0.05 percent or more, by weight, of alcohol in his or her blood to drive a vehicle.
- (b) A person may be found to be in violation of subdivision (a) if the person was, at the time of driving, under the age of 18 years and under the influence of, or affected by, an alcoholic beverage regardless of whether a chemical test was made to determine that person's blood-alcohol concentration and if the trier of fact finds that the person had consumed an alcoholic beverage and was driving a

vehicle while having a concentration of 0.05 percent or more, by weight, of alcohol in his or her blood.

- 23141. Any person found to have committed a violation of Section 23140 shall be required to participate in an alcohol education program. The court shall require the minor to participate in an alcohol education program or a community service program which provides an alcohol education component unless the court finds that the minor, or the minor's parent or parents, is unable to pay required fees for the program, there is no appropriate program located in the county, or other specific circumstances justify failure to impose this requirement.
- 23142. If any person is found to have violated Section 23140 and is also found to have violated Section 23152 or 23153, in addition to, and not as an alternative to, the requirements of Section 23154 or any other provision of Article 2 (commencing with Section 23152), that person shall be required to participate in the alcohol education program or the alcohol rehabilitation program required by this article.
- 23143. Notwithstanding Section 34.10 of the Civil Code, if the court finds it just and reasonable, the court may order the parent or parents of a minor who is ordered to participate in an alcohol education program or a community service program which provides an alcohol education component pursuant to this article, to pay the required fees for the program.
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

#### CHAPTER 1106

An act to amend Sections 192 and 193 of, and to add Section 191.5 to, the Penal Code, relating to crimes.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that traffic accidents are the greatest cause of violent death in the United States and that over one-half of the ensuing fatalities are alcohol related.

The Legislature further finds that despite millions of dollars being spent by government at all levels, by private organizations, and by concerned citizen groups on efforts to stop drinking and driving, statistics continue to indicate that alcohol-related accidents account for a majority of all highway deaths and billions of dollars in annual economic losses. In view of the severe threat to public safety which is posed by the intoxicated driver, there is a compelling need for more effective methods to identify and penalize those who voluntarily consume alcoholic beverages to the point of legal intoxication and thereafter operate a motor vehicle, thereby combining sharply impaired physical and mental faculties with a vehicle capable of exerting great force and speed and causing severe damage and death.

- SEC. 2. Section 191.5 is added to the Penal Code, to read:
- 191.5. (a) Gross vehicular manslaughter while intoxicated is the unlawful killing of a human being without malice aforethought, in the driving of a vehicle, where the driving was in violation of Section 23152 or 23153 of the Vehicle Code, and the killing was either the proximate result of the commission of an unlawful act, not amounting to a felony, and with gross negligence, or the proximate result of the commission of a lawful act which might produce death, in an unlawful manner, and with gross negligence.
- (b) Gross vehicular manslaughter while intoxicated is punishable by imprisonment in the state prison for 4, 6, or 10 years.
- (c) This section shall not be construed as prohibiting or precluding a charge of murder under Section 188 upon facts exhibiting wantonness and a conscious disregard for life to support a finding of implied malice, or upon facts showing malice consistent with the holding of the California Supreme Court in People v. Watson, 30 Cal. 3d 290.
- (d) This section shall not be construed as making any homicide in the driving of a vehicle punishable which is not a proximate result of the commission of an unlawful act, not amounting to felony, or of the commission of a lawful act which might produce death, in an unlawful manner.
  - SEC. 3. Section 192 of the Penal Code is amended to read:
- 192. Manslaughter is the unlawful killing of a human being without malice. It is of three kinds:
  - (a) Voluntary—upon a sudden quarrel or heat of passion.
- (b) Involuntary—in the commission of an unlawful act, not amounting to felony; or in the commission of a lawful act which might produce death, in an unlawful manner, or without due caution and circumspection. This subdivision shall not apply to acts committed in the driving of a vehicle.
  - (c) Vehicular—
- (1) Except as provided in Section 191.5, driving a vehicle in the commission of an unlawful act, not amounting to felony, and with gross negligence; or driving a vehicle in the commission of a lawful act which might produce death, in an unlawful manner, and with gross negligence.
- (2) Except as provided in paragraph (3), driving a vehicle in the commission of an unlawful act, not amounting to felony, but without gross negligence; or driving a vehicle in the commission of a lawful

act which might produce death, in an unlawful manner, but without gross negligence.

(3) Driving a vehicle in violation of Section 23152 or 23153 of the Vehicle Code and in the commission of an unlawful act, not amounting to felony, but without gross negligence; or driving a vehicle in violation of Section 23152 or 23153 of the Vehicle Code and in the commission of a lawful act which might produce death, in an unlawful manner, but without gross negligence.

This section shall not be construed as making any homicide in the driving of a vehicle punishable which is not a proximate result of the commission of an unlawful act, not amounting to felony, or of the commission of a lawful act which might produce death, in an unlawful manner.

"Gross negligence", as used in this section, shall not be construed as prohibiting or precluding a charge of murder under Section 188 upon facts exhibiting wantonness and a conscious disregard for life to support a finding of implied malice, or upon facts showing malice, consistent with the holding of the California Supreme Court in People v. Watson 30 Cal. 3d 290.

- SEC. 4. Section 193 of the Penal Code is amended to read:
- 193. (a) Voluntary manslaughter is punishable by imprisonment in the state prison for three, six, or eleven years.
- (b) Involuntary manslaughter is punishable by imprisonment in the state prison for two, three, or four years.
  - (c) Vehicular manslaughter is punishable as follows:
- (1) A violation of paragraph (1) of subdivision (c) of Section 192 is punishable either by imprisonment in the county jail for not more than one year or by imprisonment in the state prison for two, four, or six years.
- (2) A violation of paragraph (2) of subdivision (c) of Section 192 is punishable by imprisonment in the county jail for not more than one year.

# CHAPTER 1107

An act to amend Section 23157.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 23157.5 of the Vehicle Code is amended to read:

- 23157.5. (a) In addition to the requirements of Section 23157, a person who chooses to submit to a breath test shall be advised before or after the test that the breath-testing equipment does not retain any sample of the breath and that no breath sample will be available after the test which could be analyzed later by the person or any other person.
- (b) The person shall also be advised that, because no breath sample is retained, the person will be given an opportunity to provide a blood or urine sample that will be retained at no cost to the person so that there will be something retained that may be subsequently analyzed for the alcoholic content of the person's blood. If the person completes a breath test and wishes to provide a blood or urine sample to be retained, the sample shall be collected and retained in the same manner as if the person had chosen a blood or urine test initially.
- (c) The person shall also be advised that the blood or urine sample may be tested by either party in any criminal prosecution. The failure of either party to perform this test shall place no duty upon the opposing party to perform the test nor affect the admissibility of any other evidence of the alcoholic content of the blood of the person arrested.
- (d) No failure or omission to advise pursuant to this section shall affect the admissibility of any evidence of the alcoholic content of the blood of the person arrested.

#### CHAPTER 1108

An act to add and repeal Section 9882.14 of the Business and Professions Code, to amend and repeal Section 1203.1b of the Penal Code, and to amend and repeal Section 40000.15 of, and to add and repeal Article 4 (commencing with Section 23240) of Chapter 12 of Division 11 of, the Vehicle Code, relating to driving offenses, and making an appropriation therefor.

#### [Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Farr-Davis Driver Safety Act of 1986."

SEC. 2. The Legislature finds and declares the following:

- (a) There is a need to reduce the incidence of drivers on the highways and roads of this state who, because of their consumption of alcohol, pose a danger to the health and safety of other drivers.
- (b) One method to deal with the problem of drinking drivers is to discourage the use of motor vehicles by persons who have consumed alcoholic beverages.
- (c) The installation of an ignition interlock device may provide a means of deterring use of motor vehicles by persons who have consumed alcoholic beverages.
- (d) Ignition interlock devices are designed to supplement other conditions of probation and punishment which prevent convicted drunk drivers from starting a motor vehicle while under the influence of alcohol.
- (e) It is economically and technically feasible to have an ignition interlock device installed on a vehicle in such a manner that the vehicle will not start if the operator's blood-alcohol content is measurable by the operator blowing into the device.
- SEC. 3. Section 9882.14 is added to the Business and Professions Code, to read:
- 9882.14. (a) The bureau shall cooperate with the Office of Traffic Safety in implementing the pilot program created by Article 4 (commencing with Section 23240) of Chapter 12 of Division 11 of the Vehicle Code and shall designate stations for the installation of ignition interlock devices for that purpose.
- (b) After consultation with manufacturers of ignition interlock devices certified under Section 23244 of the Vehicle Code, the bureau shall establish standards for the installation of those ignition interlock devices.
- (c) The bureau may charge manufacturers of certified interlock ignition devices a fee to recover the cost of establishing installation standards.
- (d) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.
- SEC. 4. Section 1203.1b of the Penal Code is amended to read: 1203.1b. (a) In any case in which a defendant is convicted of an offense and granted probation, the court may, after a hearing, make a determination of the ability of the defendant to pay all or a portion of the reasonable cost of probation and of conducting the presentence investigation and preparing the presentence report made pursuant to Section 1203. The reasonable cost of the services

and of probation shall not exceed the amount determined to be the actual average cost. The court may hold additional hearings during the probationary period. The court may order the defendant to appear before a county officer designated by the court to make an inquiry into the ability of the defendant to pay all or a portion of the costs. At a hearing, the defendant shall be entitled to have, but shall not be limited to, the opportunity to be heard in person, to present witnesses and other documentary evidence, and to confront and cross-examine adverse witnesses, the disclosure of the evidence against the defendant, and a written statement of the findings of the court. If the court determines that the defendant has the ability to pay all or part of the costs, the court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner in which the court believes reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.

If practicable, the court shall order payments to be made on a monthly basis as directed by the probation officer. Execution may be issued on the order in the same manner as a judgment in a civil action. The order to pay all or part of the costs shall not be enforced by contempt.

A payment schedule for reimbursement of the costs of presentence investigation based on income shall be developed by the probation department of each county and approved by the presiding judges of the municipal and superior courts.

- (b) The term "ability to pay" means the overall capability of the defendant to reimburse the costs, or a portion of the costs, of conducting the presentence investigation, preparing the presentence report, and probation, and shall include, but shall not be limited to, all of the following:
  - (1) The defendant's financial position.
- (2) Defendant's discernible future financial position. The court shall not consider a period of more than six months from the date of the hearing for purposes of determining reasonably discernible future financial position.
- (3) Likelihood that the defendant shall be able to obtain employment within the six-month period from the date of the hearing.
- (4) Any other factor or factors which may bear upon the defendant's financial capability to reimburse the county for the costs.
- (c) At any time during the pendency of the judgment rendered pursuant to this section, a defendant against whom a judgment has been rendered may petition the rendering court to modify or vacate its previous judgment on the grounds of a change of circumstances with regard to the defendant's ability to pay the judgment. The court shall advise the defendant of this right at the time of rendering of the judgment.

- (d) All sums paid by a defendant pursuant to this section shall be allocated for the operating expenses of the county probation department.
- (e) This section shall be operative in a county upon the adoption of an ordinance to that effect by the board of supervisors.
- (f) The reasonable cost of probation determined subdivision (a) shall include the cost of purchasing and installing an ignition interlock device pursuant to Section 23240 of the Vehicle Code, except that the defendant subject to this section shall reimburse the manufacturer of the ignition interlock device installed directly for the cost of purchase and installation in accord with the payment schedule ordered by the court. If practicable, the court shall order payment to be made to the manufacturer of the ignition interlock devices installed within a six-month period as directed by the probation officer. This subdivision does not require the county to pay the costs of purchasing and installing ignition interlock devices ordered pursuant to Section 23240 of the Vehicle Code. The Office of Traffic Safety shall consult with the presiding judge or his or her designee in each pilot county, as selected pursuant to Section 23249 of the Vehicle Code, to determine an appropriate means, if any, to provide for installation of ignition interlock devices in cases in which the defendant has no ability to pay.
- (g) Except as provided in subdivision (h), this section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1989, pursuant to Section 9611 of the Government Code, Section 1203.1b of the Penal Code, as amended by Section 1 of Chapter 284 of the Statutes of 1981, shall have the same force and effect as if this temporary provision had not been enacted.
- (h) Notwithstanding subdivision (g), if any person is granted probation under this section before January 1, 1989, that person is subject to this section for the period of probation.
- SEC. 5. Article 4 (commencing with Section 23240) is added to Chapter 12 of Division 11 of the Vehicle Code, to read:

# Article 4. Ignition Interlock Device

- 23240. In addition to any other provisions of law, the court may require that any person, who is convicted of a violation of Section 23152 or 23153 and who was granted probation, shall not operate a motor vehicle during the period of probation unless that vehicle is equipped with a functioning, certified ignition interlock device as provided in this article.
- 23240.5. (a) No person shall knowingly rent, lease, or lend a motor vehicle to a person known to have had his or her driving privilege restricted under a condition of probation as provided in Section 23240, unless the vehicle is equipped with a functioning,

- certified ignition interlock device. Any person, whose driving privilege is restricted under a condition of probation as provided in Section 23240, shall notify any other person who rents, leases, or loans a motor vehicle to him or her of the driving restriction imposed under that section.
- (b) Any person convicted of a violation of subdivision (a) shall be punished by imprisonment in the county jail for not more than six months or by a fine of not more than five thousand dollars (\$5,000), or by both that fine and imprisonment.
- (a) Subject to subdivision (d), the court shall order the 23241. installation of an ignition interlock device on any vehicle which the person subject to Section 23240 owns or operates.
- (b) If the court imposes the use of an ignition interlock device as a term of probation on a person whose driving privilege is not suspended or revoked, the court shall require the person to provide proof of compliance with subdivision (a) or (e) to the court or the probation officer within 30 days. If the person fails to provide proof of installation within that period, absent a finding by the court of good cause for that failure which is entered in the court record, the court shall revoke or terminate the person's probation as provided by Section 23207.
- (c) If the court imposes the use of an ignition interlock device as a term of probation on a person whose driving privilege is suspended or revoked for a period of less than three years, the Department of Motor Vehicles shall require proof of compliance with subdivision (a) or (e) before reinstatement of the person's driving privilege.
- (d) If the person subject to Section 23240 claims inability to pay for the installation ordered pursuant to subdivision (a), the court shall determine the person's ability to pay, pursuant to Section 1203.1b of the Penal Code. The person shall provide proof of installation as provided in subdivision (b) or (c).
- (e) The person whose driving privilege is restricted pursuant to Section 23240 shall report to the court or the probation officer at least once annually, and more frequently as the court may order, on the operation of each interlocking ignition device in the person's vehicle or vehicles.
- The court may require the use of an approved ignition 23242. interlock device for the period of probation if the person is permitted to operate a motor vehicle, whether the privilege to operate a motor vehicle is restricted or not, as determined by the court.
- The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement for, and the period of, the use of a certified ignition interlock device under this article. The records of the Department of Motor Vehicles shall contain a record reflecting mandatory use of the device.
- (a) The Office of Traffic Safety shall certify or cause to be certified ignition interlock devices required by this article and publish a list of approved devices.

- (b) The Office of Traffic Safety shall adopt guidelines for the proper use of the ignition interlock devices in full compliance with this article.
- (c) The Office of Traffic Safety shall utilize information from an independent agency to certify ignition interlock devices on or off the premises of the manufacturer in accordance with the guidelines. The cost of certification shall be borne by the manufacturers of interlock ignition devices. In certifying the devices, those which do not impede the safe operation of the vehicle, and which have the fewest opportunities to be bypassed so as to render the provisions of this article ineffective, shall be certified.
- (d) No model of ignition interlock device shall be certified unless it meets the accuracy requirements specified by the guidelines of the Office of Traffic Safety.
- (e) Before certifying any device, the Office of Traffic Safety shall consult with the National Highway Traffic Safety Administration regarding the use of ignition interlock devices.
- 23244.5. The Office of Traffic Safety shall design and adopt by regulation a warning label which shall be affixed to each ignition interlock device upon installation. The label shall contain a warning that any person tampering, circumventing, or otherwise misusing the device is guilty of a misdemeanor and may be subject to civil liability.
- 23246. (a) In addition to any other provisions of law, upon conviction of a violation of Section 23240, the Department of Motor Vehicles shall revoke the person's driving privilege for one year from the date of conviction.
- (b) In addition to any other provisions of law, if a person is convicted of a violation of Section 23240, and if that person was convicted of a separate violation of Section 23240 during the same period of required use of an approved ignition interlock device, the Department of Motor Vehicles shall revoke the person's driving privilege for five years from the date of conviction.
- 23247. (a) Notwithstanding Sections 23240 and 23241, if a person is required to operate a motor vehicle in the course and scope of his or her employment and if the vehicle is owned by the employer, the person may operate that vehicle without installation of an approved ignition interlock device if the employer has been notified by the person that the person's driving privilege has been restricted under this article and if the person has proof of that notification in his or her possession or the notice, or a facsimile copy thereof, is with the vehicle.
- (b) A motor vehicle owned by a business entity which business entity is all or partly owned or controlled by a person otherwise subject to this article, is not a motor vehicle owned by the employer subject to the exemption in subdivision (a).
- 23248. (a) It is unlawful for any person whose driving privilege is restricted pursuant to Section 23240 to request or solicit any other person to blow into an ignition interlock device or to start a motor

vehicle equipped with the device for the purpose of providing the person so restricted with an operable motor vehicle.

- (b) It is unlawful to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted pursuant to Section 23240.
- (c) It is unlawful to tamper with, or circumvent the operation of, an ignition interlock device.
- 23249. (a) The Office of Traffic Safety shall select and implement this article in four representative counties, except that Sections 23240.5 and 23248 apply in all parts of this state if the vehicle has been equipped with an ignition interlock device as a condition of probation.
- (b) The manufacturers of the ignition interlock devices certified pursuant to Section 23244 shall assist the Office of Traffic Safety and the presiding municipal court judge in each of the four participating counties in developing a standard reporting form that will be used by the courts or their designees for collecting data on the pilot project. The reporting form shall include, but not be limited to, the following:
- (1) Record of all offenders, including number of prior convictions of Sections 23152 and 23153, subject to this article.
  - (2) Any violations of probation.
- (3) Record of all persons convicted under Sections 23240.5 and 23248.
- (4) The type and manufacturer of ignition interlock devices installed, and the record of any malfunctions.
- (5) Any other information necessary and relevant to the implementation of this article, as determined by the Office of Traffic Safety.
- (c) The purposes of this article in the four representative counties are as follows:
- (1) To deter those persons subject to Section 23240 from violating probation.
- (2) To examine the effectiveness and reliability of ignition interlock devices as part of the court's sentencing and probation options under Section 23240.
- (3) To develop uniform sentencing and probation procedures that can be applied statewide.
- (4) To establish standards of reliability for ignition interlock devices that can be applied statewide.
- (5) To review the data collected by the participating court systems by monitoring the results of implementing this article so that it can be applied throughout the state.
- (6) To encourage the manufacture and development of reliable ignition interlock devices that can be used by the court system statewide.
- (d) The participating court systems within the four representative counties shall determine the success of this program

by comparing the recidivism rate of those persons subject to Section 23240 to demographically and statistically similar cases where Section 23240 was not applied. The courts shall provide this information to the Office of Traffic Safety for purposes of Section 23249.2.

- (e) This program shall be deemed extremely successful if the recidivism rate for those subject to Section 23240 is reduced by more than 25 percent over the two-year period of the pilot project. The program shall be considered highly successful if there is a reduction of at least 25 percent in recidivism over the two-year period. The program shall be considered successful if there is a reduction of at least 10 percent in recidivism over the two-year period. The program shall be considered not significant if there is a reduction below 10 percent in recidivism over the two-year period.
- (f) For purposes of this section, "recidivism" means the rate of rearrest of drunk drivers previously ordered to install ignition interlock devices in their automobile. A rearrest for the offense, even if driving a vehicle not equipped with the ignition interlock device, is recidivism.
- 23249.1. Except in the counties in which a pilot project is established pursuant to this article, this article does not alter the authority of judges under existing law to establish reasonable conditions of probation.
- 23249.2. The Office of Traffic Safety shall report to the Legislature on or before July 1, 1988, on the interim results of this program. The Office of Traffic Safety shall submit a final report to the Legislature on or before January 1, 1990, on the results of this program.
- 23249.4. (a) Except as provided in subdivision (b), this article shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.
- (b) Notwithstanding subdivision (a), if any person is granted probation under this article before January 1, 1990, that person is subject to this article for the period of probation.
- SEC. 6. Section 40000.15 of the Vehicle Code is amended to read: 40000.15. A violation of any of the following provisions is a misdemeanor, and not an infraction:
  - (a) Sections 23103 and 23104, relating to reckless driving.
  - (b) Section 23109, relating to speed contests or exhibitions.
  - (c) Section 23110, subdivision (a), relating to throwing at vehicles.
  - (d) Section 23152, relating to driving under the influence.
- (e) Subdivision (b) of Section 23222, relating to possession of marijuana.
- (f) Section 23240.5 and 23248, relating to ignition interlock devices.
  - (g) Section 23253, relating to officers on vehicular crossings.
  - (h) Section 23332, relating to trespassing.
  - (i) Section 27150.1, relating to sale of exhaust systems.
  - (j) Section 28050, relating to true mileage driven.

- (k) Section 28050.5, relating to nonfunctional odometers.
- (1) Section 28051, relating to resetting odometer.
- (m) Section 28051.5, relating to device to reset odometer.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 40000.15 of the Vehicle Code, as amended by Section 2 of Chapter 1005 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 7. If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 8. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement shall be made by this act to any local agency or school district which has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, and except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the flooding and mudslide damage which occurred as the result of storms in February 1986 has had a devastating impact on thousands of northern California residents. The Legislature further finds and declares that governmental services have been disrupted and public facilities, including schools, roads, libraries, and other similar facilities, have been badly damaged. Therefore, it is the intent of the Legislature to provide financial assistance to individuals, businesses, and public agencies which suffered damages from the storms of February 1986.

SEC. 2. Section 8690.6 of the Government Code is amended to read:

- 8690.6. (a) There is hereby established in the Reserve for Economic Uncertainties a Disaster Response-Emergency Operations Account. Notwithstanding Section 13340, moneys in the account are continuously appropriated, without regard to fiscal years, for allocation by the Director of Finance, upon an order of the Governor, to state or local agencies for costs, including the cost of providing disaster victim assistance, incurred related to emergencies declared by the Governor. For purposes of this section, an "emergency" means a fire, flood, storm, tidal wave, earthquake or similar public calamity.
- (b) The Director of Finance shall allocate funds pursuant to this section in accordance with Section 27.00 of the annual Budget Act, except that the allocations may be made 30 days or less after the director's notification pursuant to subdivision (b) of that section.

- (e) For purposes of this section, "local agency" means a local agency or a school entity, as defined in subdivisions (a) and (f), respectively, of Section 95 of the Revenue and Taxation Code.
- (f) This section shall become inoperative on June 30, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.

(a) Any owner of eligible property who files on or before April 10, 1986, a claim for reassessment pursuant to the provisions of Section 170 based upon flood or storm damage occurring in February 1986 and amounting to ten thousand dollars (\$10,000) or more under procedures set forth in subdivision (b) of Section 170, may apply to the county assessor to defer payment of the second installment of property taxes on the regular secured roll for the 1985–86 fiscal year with respect to that property which are due no later than April 10, 1986. If a timely claim is filed, the payment shall be deferred without penalty or interest until the assessor has reassessed the property and a corrected bill prepared pursuant to the provisions of Section 170 has been issued to the property owner. Taxes deferred pursuant to this section are due 30 days after the date the corrected tax bill is issued and if unpaid thereafter are delinquent as provided in Section 2610.5 and shall be subject to the penalty provided by law.
- (b) If, following reassessment pursuant to subdivision (a), the assessor determines that an owner who applied and was granted a deferral of property taxes did not file a claim in good faith, the owner shall be assessed a delinquency penalty for the nonpayment of the deferred taxes.
- (c) The provisions of this section do not apply to property taxes paid through impound accounts.

- SEC. 7. Section 191 of the Revenue and Taxation Code is amended to read:
- 191. Each eligible county may adopt an ordinance to permit the deferral of unpaid nondelinquent supplemental roll taxes on eligible property reassessed pursuant to Chapter 3.5 (commencing with Section 75) of Part 0.5 which has sustained ten thousand dollars (\$10,000) or more in damage as the result of floods or storms occurring in February 1986 if the owner files a claim for deferral on or before April 10, 1986, with the assessor. The corrected supplemental bill shall be due on the last day of the month following the month in which the corrected bill is mailed or the delinquent date of the second installment of the original bill, whichever is later.
- SEC. 8. Section 6 of Chapter 16 of the Statutes of 1986 is amended to read:
- Sec. 6. (a) The sum of one hundred fifteen million dollars (\$115,000,000), is hereby transferred from the Reserve for Economic Uncertainties to the Disaster Response-Emergency Operations Account, for allocation by the Director of Finance in accordance with Section 8690.6 of the Government Code and this section.
- (b) Of the funds transferred pursuant to subdivision (a), the sum of ten million dollars (\$10,000,000) shall be allocated to the State Department of Social Services to provide individual and family grant assistance to persons incurring damage due to storms and floods occurring in February 1986. These funds shall not be used to fulfill matching fund requirements for federal disaster assistance, but shall be used to supplement the individual and family grant program. A supplemental grant provided for under this subdivision to an individual or family shall not exceed five thousand dollars (\$5,000).
- (c) Of the funds transferred pursuant to subdivision (a), the sum of twenty million dollars (\$20,000,000) shall be available for the reimbursement of local agencies for property tax revenue losses in the 1985–86 fiscal year which are attributable to the property tax relief provisions of Chapter 4 (commencing with Section 181) of Part 1 of Division 1 of the Revenue and Taxation Code.
- (d) Of the funds transferred pursuant to subdivision (a), the sum of eighty million dollars (\$80,000,000) shall be allocated to counties which have been declared by the Governor as requiring disaster assistance due to storms and floods occurring in February 1986 in accordance with this subdivision.
  - (1) Each local agency in an eligible county shall send to the

county within which it is located, a copy of each preliminary claim for costs incurred by the local agency due to storm and flood damage occurring during February 1986, which it submits to the Office of Emergency Services. Each eligible county shall aggregate the amount of all claims submitted to it by local agencies, and shall submit this aggregate claim to the Director of Finance.

- (2) Each eligible county shall also submit a final report on the costs which all local agencies within the county have incurred due to storm and flood damage occurring during February 1986.
- (3) The Department of Finance, in cooperation with the Office of Emergency Services, shall allocate funds available for purposes of this subdivision based upon damage estimates of the Office of Emergency Services. The amount of funds which a county shall receive pursuant to this subdivision shall be based upon the ratio of the damage which the Office of Emergency Services estimates to have been incurred in that county to the total amount of the damage which the Office of Emergency Services estimates to have been incurred in all eligible counties.
- (e) Notwithstanding subdivision (b) of Section 8690.6 of the Government Code, funds allocated pursuant to this section shall not be subject to the process contained in Section 28.00 of the Budget Act. Funds allocated pursuant to subdivision (d) shall, however, be allocated in accordance with Section 27.00 of the Budget Act.
- (f) Within 10 days of receipt by the county of all claims by local agencies required to be submitted to the county pursuant to paragraph (1) of subdivision (d), the board of supervisors shall form an advisory body consisting of representatives of each affected local agency whose purpose shall be to advise and consult with the board of supervisors in the allocation of funds allocated pursuant to subdivision (d).

Not later than 20 days following the formation of the advisory body, the board of supervisors shall conduct a noticed public hearing at which the advisory body established pursuant to this subdivision shall report its recommendations to the board. After receiving public testimony, the board of supervisors shall allocate funds received pursuant to subdivision (d) to local agencies as it deems appropriate. The decision of the board of supervisors shall be final.

It is the intent of the Legislature that the distribution of these moneys be based primarily upon proportional losses suffered and costs incurred by local agencies.

(g) Of the funds transferred pursuant to subdivision (a), the sum of five million dollars (\$5,000,000) shall be transferred from the Disaster Response-Emergency Operations Account to the 1986 Flood Disaster Account. Moneys transferred pursuant to this subdivision are hereby appropriated without regard to fiscal years and shall be available to the Office of Emergency Services for allocation to reclamation and levee maintenance districts in counties declared disaster areas by federal or state authorities due to the February 1986 storms and floods to repair damage to nonproject levees and to meet

other costs related to flood damage, including but not limited to, flood fight and dewatering costs.

Financial assistance to districts under this emergency repair program shall be operated to the extent possible in accordance with administrative procedures and standards established pursuant to Part 9 (commencing with Section 12980) of Division 6 of the Water Code, including criteria for repair according to improvement and maintenance standards, for submission and approval of plans, and for inspection of work performed. Repair of breaks on a levee shall meet a standard sufficient to prevent infiltration of water through the levee.

Districts shall share in the costs of the work required in accordance with subdivision (b) of Section 8686 of the Government Code. The Office of Emergency Services shall adopt a reimbursement schedule which provides for payment for up to 75 percent of the total amount eligible for reimbursement to be made upon substantial completion of the applicable repairs. Final payment shall be held pending completion and approval of the final audit.

Where applicable, a district shall apply for federal disaster assistance funds. Any amount of federal relief funds provided above 75 percent of the cost of the eligible project shall be deducted from the cost of the project as provided for under Section 8686.2 of the Government Code.

For the purposes of this subdivision, "nonproject levee" means any levee which is not a project facility under the Water Resources Law of 1945.

This emergency repair program shall supplement the existing Delta Levee Maintenance Program. Reimbursement of costs for emergency repair to a district shall in no way affect its eligibility for additional reimbursement of costs under the Delta Levee Maintenance Program. Eligibility for reimbursement under this subdivision shall not be limited to districts located within the Delta as defined in Section 12200 of the Water Code.

The intent of the emergency repair program provided for under this subdivision is to ensure early repair of damage and restoration of levees and assist in financing the work required. Immediate repair of the breaks and dewatering of flooded areas is necessary to preserve the structural integrity of the levee system, alleviate wind and water erosion across flood waters, prevent damage to adjacent levees and expedite occupancy of residential dwellings.

Any unused funds shall revert to the Disaster Response-Emergency Operations Account.

(h) The amount of financial assistance provided to an individual, business, or governmental entity under this section, or pursuant to any other program of state-funded disaster assistance shall constitute a lien in favor of the state against any recovery by a recipient of assistance from any other source, including the State of California, for damages arising out of or by virtue of the proclaimed disaster. The state shall be subrogated to the rights of these recipients of assistance.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Chapter 16 of the Statutes of 1986 provided emergency disaster relief to individuals, businesses, and local governmental entities in the form of direct financial grants, property and income tax relief, and reimbursement of costs for the repair of levees for the flooding and mudslide damage which resulted from storms in northern California in February 1986. Certain aspects of the various forms of the relief to be provided are in need of the clarification or modification provided by this act in order to properly implement the objectives of Chapter 16 of the Statutes of 1986. In order that the disaster relief intended to be provided by that chapter may be properly effected at the earliest possible time, it is necessary that this act go into immediate effect.

SEC. 1.5. Section 1250.1 of the Health and Safety Code is amended to read:

1250.1. The state department shall adopt regulations which define the following bed classifications for health facilities:

This reclassification shall not constitute a "project" within the meaning of Section 437.10 and shall not be subject to any requirement for a certificate of need under Part 1.5 (commencing with Section 437) of Division 1, and regulations of the state department governing intermediate care prior to such effective date shall continue to be applicable to the intermediate care—other classification unless and until amended or repealed by the state department.

SEC. 2. Section 1266 of the Health and Safety Code is amended to read:

1266. (a) Each new and renewal application for a license for the health facilities listed below shall be accompanied by an annual fee as set forth below.

The annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, psychiatric health facility, and chemical dependency recovery hospital, based on the number of licensed beds, is as follows:

Commencing July 1, 1984, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(b) The state department shall submit to the Legislature, on or before January 17 of each year, a report describing program costs within the Licensing and Certification Division, and a methodology for calculating fee levels in an amount sufficient to provide revenues equal to (1) the General Fund expenditures for the fiscal year ending on June 30 of that year, as specified in the proposed Governor's Annual Budget, less license fees which shall be collected in that fiscal year by the Licensing and Certification Program pursuant to sections other than this section, plus (2) the amount of federal funds budgeted for the fiscal year ending June 30 of that year for the Licensing and Certification Program, less federal funds received or credited, or anticipated to be received or credited, during that fiscal year for that purpose.

The report shall specifically identify federal funds received, but not previously budgeted, for the Licensing and Certification Program which are used to offset the amount of General Fund dollars to be recovered through license fees. The report shall also identify the purpose of federal funds received for any additional activities under the Licensing and Certification Program which are not used to offset the amount of General Fund dollars.

- (c) The annual fees determined pursuant to this section shall be waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the Regents of the University of California, or by a local hospital district, city, county, or city and county.
- (d) The department shall, by July 30 of each year, publish a list of actual numerical fee charges as adjusted pursuant to this section. The analysis under this subdivision shall include all of the following:

- (1) The number of surveyors and administrative support personnel devoted to the licensing and certification of health care facilities.
- (2) The percentage of time devoted to licensing and certification activities for the various types of health facilities.
- (3) The number of facilities receiving full surveys and the frequency and number of followup visits.
  - (4) The number and timeliness of complaint investigations.
- (5) Data on deficiencies and citations issued, and numbers of citation review conferences and arbitration hearings.
- (6) Training courses provided for surveyors.
- (7) Other applicable activities of the licensing and certification division.

The analysis shall also include recommendations for administrative changes to streamline and prioritize the survey process, complaint investigations, management information systems, word processing capabilities and effectiveness, consumer information system, and surveyor training.

The annual staffing and systems analysis shall be presented to the Health Care Advisory Committee and the Legislature prior to the establishment and adoption of the annual fee.

- SEC. 2.5. Section 1267.8 of the Health and Safety Code is amended to read:
- 1267.8. (a) An intermediate care facility/developmentally disabled habilitative intermediate or an facility/developmentally disabled—nursing shall meet the same fire safety standards adopted by the State Fire Marshal pursuant to Sections 13113, 13113.5, 13143, and 13143.6 that apply to community care facilities, as defined in Section 1502, of similar size and with residents of similar age and ambulatory status. No other state or local regulations relating to fire safety shall apply to these facilities and the requirements specified in this section shall be uniformly enforced by state and local fire authorities.
- (b) An intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing shall meet the same seismic safety requirements applied to community care facilities of similar size with residents of similar age and ambulatory status. No additional requirements relating to seismic safety shall apply to such facilities.
- (c) Whether or not unrelated persons are living together, an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing which serves six or fewer persons shall be considered a residential use of property for the purposes of this article. In addition, the residents and operators of the facility shall be considered a family for the purposes of any law or zoning ordinance which is related to the residential use of property

pursuant to this article.

For the purposes of all local ordinances, an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing which serves six or fewer persons shall not be included within the definition of a boarding house, rooming house, institution or home for the care of minors, the aged, or the mentally infirm, foster care home, guest home, rest home, sanitarium, mental hygiene home, or other similar term which implies that the intermediate care facility/developmentally disabled—nursing is a business run for profit or differs in any other way from a single-family residence.

This section does not forbid any city, county, or other local public entity from placing restrictions on building heights, setback, lot dimensions, or placement of signs of an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing which serves six or fewer persons as long as such restrictions are identical to those applied to other single-family residences.

This section does not forbid the application to an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing of any local ordinance which deals with health and safety, building standards, environmental impact standards, or any other matter within the jurisdiction of a local public entity, as long as that ordinance does not distinguish intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing which serves six or fewer persons from other single-family dwellings and that the ordinance does not distinguish residents of the intermediate care facility/developmentally disabled—nursing from persons who reside in other single-family dwellings.

No conditional use permit, zoning variance, or other zoning clearance shall be required of an intermediate care facility/developmentally disabled habilitative which serves six or fewer persons or an intermediate care facility/developmentally disabled—nursing which serves six or fewer persons which is not required of a single-family residence in the same zone.

Use of a single-family dwelling for purposes of an intermediate care facility/developmentally disabled habilitative serving six or fewer persons or an intermediate care facility/developmentally disabled—nursing serving six or fewer persons shall not constitute a change of occupancy for purposes of Part 1.5 (commencing with Section 17910) of Division 13 or local building codes. However, nothing in this section supersedes Section 13143 to the extent these provisions are applicable to intermediate care

facility/developmentally disabled habilitative providing care for six or fewer residents or an intermediate care facility/developmentally disabled—nursing serving six or fewer persons.

- SEC. 3. Section 1275.3 of the Health and Safety Code is amended to read:
- 1275.3. (a) The State Department of Health Services and the State Department of Developmental Services shall jointly develop and implement licensing and Medi-Cal regulations appropriate for intermediate care facilities/developmentally disabled—nursing. The Director of Health Services shall adopt these regulations as emergency regulations and, notwithstanding any provision of law, shall transmit emergency regulations adopted pursuant to this subdivision directly to the Secretary of State for filing, and regulations shall become effective immediately upon filing.

The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(b) The regulations adopted pursuant to subdivision (a) shall ensure that residents of intermediate care facilities/developmentally disabled—nursing receive appropriate medical and nursing services, and developmental program services in a normalized, least restrictive physical and programmatic environment appropriate to individual resident need.

In addition, the regulations shall do all of the following:

- (1) Include provisions for the completion of a clinical and developmental assessment of placement needs, including medical and other needs, and the degree to which they are being met, of clients placed in an intermediate care facility/developmentally disabled—nursing and for the monitoring of these needs at regular intervals.
- (2) Provide for maximum utilization of generic community resources by clients residing in a facility.
- (3) Require the State Department of Developmental Services to review and approve an applicant's program plan as part of the licensing and certification process.
- (4) Require that the physician providing the certification that placement in the intermediate care facility/developmentally disabled—nursing is needed, consult with the physician who was the physician of record at the time the person's proposed placement is being considered by the interdisciplinary team.
- (c) Regulations developed pursuant to this section shall include licensing fee schedules appropriate to facilities which will encourage their development.
- (d) Nothing in this section supersedes the authority of the State Fire Marshal pursuant to Sections 13113, 13113.5, 13143, and 13143.6 to the extent that these sections are applicable to community care facilities.
- (e) The State Department of Developmental Services, in consultation with the State Department of Health Services, shall

report to the Legislature no later than January 1, 1989, regarding the number and types of clients being served in intermediate care facilities/developmentally disabled—nursing and any problems encountered by facilities or the departments in implementing the new licensure category.

- SEC. 4. Section 1277 of the Health and Safety Code is amended to read:
- 1277. (a) No license shall be issued by the state department unless it finds that the premises, the management, the bylaws, rules and regulations, the equipment, the staffing, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the health facility is operated in the manner required by this chapter and by the rules and regulations adopted hereunder.
- (b) Notwithstanding any provision of Part 2 (commencing with Section 5600) of Division 5 of, or Division 7 (commencing with Section 7100) of, the Welfare and Institutions Code or any other law to the contrary, except Sections 2137.1 and 2137.2 of the Business and Professions Code, the licensure requirements for professional personnel, including, but not limited to, physicians and surgeons, dentists, podiatrists, psychologists, pharmacists, registered nurses, and clinical social workers in the state and other governmental health facilities licensed by the state department shall not be less than for such professional personnel in health facilities under private ownership. Persons employed as psychologists and clinical social workers, while continuing in their employment in the same class as of January 1, 1979, in the same state or other governmental health facility licensed by the state department, including those persons on authorized leave, but not including intermittent personnel, shall be exempt from the requirements of this subdivision. Additionally, the requirements of this subdivision may be waived by the state department solely for persons in the professions of psychology or clinical social work who are gaining qualifying experience for licensure in such profession in this state. A waiver granted pursuant to this subdivision shall not exceed two years from the date the employment commences in this state in the case of psychologists, or three years from commencement of the employment in this state in the case of clinical social workers, at which time licensure shall have been obtained or the employment shall be terminated. However, this durational limitation upon waivers shall not apply to active candidates for a doctoral degree in social work, social welfare, or social science, who are enrolled at an accredited university, college, or professional school, but such limitations shall apply following completion of such training. A waiver pursuant to this subdivision shall be granted only to the extent necessary to qualify for licensure, except that personnel recruited for employment from outside this state and whose experience is sufficient to gain admission to a licensing examination shall nevertheless have one year from the date of their employment in California to become licensed, at which time

licensure shall have been obtained or the employment shall be terminated, provided that the employee shall take the licensure examination at the earliest possible date after the date of his or her employment, and if the employee does not pass the examination at that time, he or she shall have a second opportunity to pass the examination, subject to the one-year limit.

- (c) A special permit shall be issued by the state department when it finds that the staff, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the special services unit is operated in the manner required in this chapter and by the rules and regulations adopted hereunder.
- (d) The state department shall apply the same standards to state and other governmental health facilities that it licenses as it applies to health facilities in private ownership.
- SEC. 5. Section 1326 of the Health and Safety Code is amended to read:
- 1326. As used in this article, "long-term health care facility" means any skilled nursing facility, intermediate care facility, intermediate care facility/developmentally disabled, intermediate care facility/developmentally disabled habilitative, or intermediate care facility/developmentally disabled—nursing licensed pursuant to this chapter.

- (4) Intermediate care facility/developmentally disabled habilitative.
- (5) Intermediate care facility/developmentally disabled—nursing.

- (b) "Licensee" means the holder of a license issued under Chapter 2 (commencing with Section 1250) for a long-term health care facility.
- SEC. 7. Section 25259 is added to the Health and Safety Code, to read:

(a) Providers of health services which are licensed pursuant to Sections 1205, 1253, 1575 and 1726 have an obligation, if the licensee ceases operation, to preserve records for a minimum of seven years following discharge of the patient, except that the records of unemancipated minors shall be kept at least one year after

the minor has reached the age of 18 years, and in any case, not less than seven years.

- (b) The department or any person injured as a result of the licensee's abandonment of health records may bring an action in a proper court for the amount of damage suffered as a result thereof. In the event that the licensee is a corporation or partnership which is dissolved, the person injured may take action against that corporation's or partnership's principle officers of record at the time of dissolution.
- (c) Abandoned means violating the provisions of subdivision (a) and leaving patients treated by the licensee without access to medical information to which they are entitled pursuant to Section 25252.

- (b) That the contract proposed to be entered into by such corporation with those who may become subscribers is not such as will work a fraud or injustice upon such subscribers or any person.
- (c) That the rates, dues, fees or other periodic charges to be imposed upon subscribers and the fees, rates or other considerations to be paid for services rendered to subscribers, are not such as will, after providing for such legal reserves as the Insurance Commissioner may deem necessary and reasonable, result in profit to such corporation, and are such as will enable such corporation to furnish or provide the hospital services which it proposes to make available to its subscribers without impairment of the legal reserves fixed and required by the Insurance Commissioner, and without a constant depletion of the assets of such corporation.

# CHAPTER 7.5. STATE EMPLOYEE ASSISTANCE PROGRAM

The clerk of the appropriate court concerned in any of the above proceedings shall immediately transmit to the board a certified copy of any determination, order, or adjudication for involuntary treatment or confinement or for the appointment of a guardian or conservator.

The clerk of the appropriate court concerned shall also transmit to the State Bar a certified copy of any notice of certification for intensive treatment filed with the court pursuant to Article 4 (commencing with Section 5250) of Chapter 2 of Division 5 of the Welfare and Institutions Code.

The State Bar may procure a certified copy of any determination, order, adjudication, appointment, or notice when the clerk concerned has failed to transmit one or when the proceeding was had in a court other than a court of this state.

In the case of an enrollment pursuant to this subdivision, the State Bar shall terminate the enrollment when the member has had the fact of his or her restoration to capacity judicially determined, upon the member's release from inpatient status at the California Rehabilitation Center or its branches pursuant to Section 3053, 3109, or 3151 of the Welfare and Institutions Code, or upon the member's unconditional release from the medical facility pursuant to Section 5304 or 5305 of the Welfare and Institutions Code; and on payment of all fees required.

When a member is placed in, returned to, or released from inpatient status at the California Rehabilitation Center or its branches, or discharged from the narcotics treatment program, the Director of Corrections or his or her designee shall transmit to the State Bar a certified notice attesting to that fact.

- (b) The board shall also enroll a member of the State Bar as an inactive member in each of the following cases:
- (1) A member asserts a claim of insanity or mental incompetence in any pending action or proceeding, alleging his or her inability to understand the nature of the action or proceeding or inability to assist counsel in representation of the member.
- (2) The court makes an order assuming jurisdiction over the member's law practice, pursuant to Section 6180.5 or 6190.3.
- (3) After notice and opportunity to be heard before the board or a committee, the board finds that the member, because of mental infirmity or illness, or because of the habitual use of intoxicants or drugs, is (i) unable or habitually fails to perform his or her duties or

undertakings competently, or (ii) unable to practice law without danger to the interests of his or her clients and the public. No proceeding pursuant to this paragraph shall be instituted unless the board or a committee finds, after preliminary investigation, or during the course of a disciplinary proceeding, that probable cause exists therefor.

In the case of an enrollment pursuant to this subdivision, the board shall terminate the enrollment upon proof that the facts found as to the member's disability no longer exist and on payment of all fees required.

- (c) (1) The board may order the involuntary inactive enrollment of an attorney upon a finding that the attorney's conduct poses a substantial threat of harm to the attorney's clients or to the public or upon a finding based on all the available evidence, including affidavits, that the attorney has not complied with Section 6002.1 and cannot be located after reasonable investigation.
- (2) In order to find that the attorney's conduct poses a substantial threat of harm to the attorney's clients or the public, each of the following factors shall be found, based on all the available evidence, including affidavits:

- (3) The board shall formulate and adopt rules of procedure to implement this subdivision.

In the case of an enrollment pursuant to this subdivision, the board shall terminate the involuntary inactive enrollment upon proof that the attorney's conduct no longer poses a substantial threat of harm to the attorney's clients or the public or where an attorney who could not be located proves compliance with Section 6002.1.

- (d) (1) The board may order the involuntary inactive enrollment of an attorney for violation of probation upon the occurrence of all of the following:

- (C) The board recommends to the court that the attorney receive an actual suspension on account of the probation violation or other disciplinary matter.
- (2) The board shall terminate an enrollment under this subdivision upon expiration of a period equal to the period of stayed suspension in the probation matter, or until the court makes an order regarding the recommended actual suspension in the probation matter, whichever occurs first.
  - (3) If the court orders a period of actual suspension in the

probation matter, any period of involuntary inactive enrollment pursuant to this subdivision shall be credited against the period of actual suspension ordered.

- (e) The pendency or determination of a proceeding or investigation provided for by this section shall not abate or terminate a disciplinary investigation or proceeding except as required by the facts and law in a particular case.

When a decision to have a retired judge has been made, the Clerk of the State Bar Court shall immediately notify the Director of the Administrative Office of the Courts of that fact and the date set for hearing. The Director of the Administrative Office of the Courts shall, on an expedited basis, provide the name of a retired judge to the clerk of the State Bar Court who shall seek to retain the services of the retired judge to hear the matter. The person's privilege to operate a motor vehicle shall be revoked by the Department of Motor Vehicles pursuant to paragraph (6) of subdivision (a) of Section 13352.
- SEC. 10. Section 23200 of the Vehicle Code is amended to read: 23200. (a) In any case charging a violation of Section 23152 or 23153 and the offense occurred within seven years of one or more separate violations of Section 23103 as specified in Section 23103.5 which occurred on or after January 1, 1982, 23152, or 23153, or any combination thereof, which resulted in convictions, the court shall not strike any separate conviction of those offenses for purposes of sentencing in order to avoid imposing, as part of the sentence or term of probation, the minimum time of imprisonment and the minimum fine, as provided in this chapter, or for purposes of avoiding revocation, suspension, or restriction of the privilege to operate a motor vehicle, as provided in this code.
- (b) In any case charging a violation of Section 23152 or 23153, the court shall obtain a copy of the driving record of the person charged

from the Department of Motor Vehicles and may obtain any records from the Department of Justice or any other source to determine if one or more separate violations of Section 23103 as specified in Section 23103.5 which occurred on or after January 1, 1982, 23152, or 23153, or any combination thereof, which resulted in convictions, have occurred within seven years of the charged offense. The court may obtain, and accept as rebuttable evidence, a printout from the Department of Motor Vehicles of the driving record of the person charged, maintained by electronic and storage media pursuant to Section 1801 for the purpose of proving those separate violations.

(c) If any separate convictions of violations of Section 23152 or 23153 are reported to have occurred within 10 years of the charged offense, the court shall notify each court where any of the separate convictions occurred for the purpose of enforcing terms and conditions of probation pursuant to Section 23207.

SEC. 11. Section 23204 of the Vehicle Code is amended to read: 23204. If a person's privilege to operate a motor vehicle is required or ordered to be suspended or revoked by the Department of Motor Vehicles pursuant to other provisions of this code upon the conviction of an offense of this article, that person shall surrender each and every operator's license of that person to the court upon conviction. At the time of sentencing, if the court grants probation on terms which permit the person to retain his or her driving privilege, the court may return the person's operator's license to that person. The court shall transmit the license or licenses required to be suspended or revoked to the Department of Motor Vehicles pursuant to Section 13550, and the court shall notify the department.

This section does not apply to an administrative proceeding by the Department of Motor Vehicles to suspend or revoke the driving privilege of any person pursuant to other provisions of law.

- SEC. 12. Section 23206 of the Vehicle Code is amended to read: 23206. (a) If any person is convicted of a violation of Section 23152 or 23153, the court shall not stay or suspend pronouncement of sentencing, and shall pronounce sentence in conjunction with the conviction in a reasonable time, including time for receipt of any presentence investigation report ordered pursuant to Section 23205.
- (b) If any person is convicted of a violation of Section 23152 or 23153 and is granted probation, the terms and conditions of probation shall include, but not be limited to the following:
- (1) Notwithstanding Section 1203a of the Penal Code, a period of probation not less than three nor more than five years; provided, however, that if the maximum sentence provided for the offense may exceed five years in the state prison, the period during which the sentence may be suspended and terms of probation enforced may be for a longer period than three years but may not exceed the maximum time for which sentence of imprisonment may be pronounced.
- (2) A requirement that the person shall not drive a vehicle with any measurable amount of alcohol in his or her blood.

- (3) A requirement that the person, if arrested for a violation of Section 23152 or 23153, shall not refuse to submit to a chemical test of his or her blood, breath, or urine, pursuant to Section 23157, for the purpose of determining the alcoholic content of his or her blood.
- (4) A requirement that the person shall not commit any criminal offense.
- (c) The court shall not absolve a person who is convicted of a violation of Section 23152 or 23153 from the obligation of spending the minimum time in confinement, if any, or of paying the minimum fine provided in this article.
- (d) In addition to any other provision of law, if any person violates paragraph (3) of subdivision (b), or violates paragraph (2) of subdivision (b) and the person had a blood alcohol concentration of over 0.04 percent as determined by a chemical test, the court shall revoke or terminate the person's probation as provided by Section 23207, regardless of any other proceeding, and shall only grant a new term of probation of not more than five years on the added condition that the person be confined in the county jail for not less than 48 hours for each of these violations of probation, except in unusual cases where the interests of justice would best be served if this additional condition were not imposed.
- SEC. 13. Section 23217 of the Vehicle Code is amended to read: 23217. The Legislature finds and declares that some repeat offenders of the prohibition against driving under the influence of alcohol or drugs, when they are addicted or when they have too much alcohol in their systems, may be escaping the intent of the Legislature to punish the offender with progressively greater severity if the offense is repeated one or more times within a seven-year period. This situation may occur when a conviction for a subsequent offense occurs before a conviction is obtained on an earlier offense.

The Legislature further finds and declares that the timing of court proceedings should not permit a person to avoid aggravated mandatory minimum penalties for multiple separate offenses occurring within a seven-year period. It is the intent of the Legislature to provide that a person be subject to enhanced mandatory minimum penalties for multiple offenses within a period of seven years, regardless of whether the convictions are obtained in the same sequence as the offenses had been committed.

Nothing in this section requires consideration of judgment of conviction in a separate proceeding which is entered after the judgment in the present proceeding, except as it relates to violation of probation.

Nothing in this section or the amendments to Section 23165, 23170, 23175, 23185, 23190, 23200, or 23202 made by Chapter 1205 of the Statutes of 1984 affects the penalty for a violation of Section 23152 or 23153 occurring prior to January 1, 1985.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

#### CHAPTER 1118

An act to add Section 11802 to the Health and Safety Code, to add Section 1463.25 to the Penal Code, and to add Sections 23196 and 23197 to the Vehicle Code, relating to alcohol abuse, and making an appropriation therefor.

[Approved by Covernor September 24, 1986 Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Alcohol Abuse Education and Prevention Act of 1986.

- SEC. 2. The Legislature makes the following findings and declarations of intent:
- (a) A statewide alcohol abuse primary education and prevention program is essential in order to address the continuing problem of alcohol abuse throughout the state, which often exists in combination with other problems such as crime, drunk driving, and juvenile delinquency. The program is labeled as "primary" prevention because it is intended to prevent alcohol abuse before it begins or before it has reached later stages requiring treatment.
- (b) The program necessarily emphasizes a continuing partnership between education agencies, alcohol abuse agencies, community service agencies, parents, and other members of the community.
- (c) The programs established pursuant to this act are intended by the Legislature to fund and delegate primary responsibility for program planning to local school and local alcohol abuse authorities and their constituents. These agencies are best suited for dealing with lifetime alcohol using patterns, which are formed during youth and in the family setting.
- (d) This act places primary emphasis on youth, families, and communitywide alcohol abuse education and prevention planning. Therefore, programs to acquaint professionals serving youth and families, community representatives, parents, and youth with the skills and strategies needed for program implementation are an important aspect of the total program.
- (e) In view of the purposes and intent of this act, the highest priority for program funding under this act shall be designated to programs that emphasize joint school-community program alcohol abuse education and prevention planning and implementation, and

that focus on children, youth, and families.

- (f) It is the intent of the Legislature that, to the maximum extent possible, funds made available for the purposes of this act be used to support programs that will meet the needs of children and families.
- SEC. 3. Section 11802 is added to the Health and Safety Code, to read:
- 11802. (a) Money deposited in the county alcohol abuse education and prevention fund pursuant to subdivision (b) of Section 1463.25 of the Penal Code shall be allocated by the alcohol program administrator to alcohol abuse education and prevention programs in the schools and communities within the county. The money shall be allocated in accordance with the planning process established pursuant to Sections 11810.5 and 11810.6. In cooperation with the county alcohol program administrators, the department shall establish the specific procedures necessary to implement this section.
- (b) Programs funded, planned, and implemented under this section shall emphasize a joint school-community primary education and prevention program, which may include:
- (1) School and classroom-oriented programs, including, but not limited to, programs designed to encourage sound decisionmaking, an awareness of values, an awareness of alcohol and its effects, enhanced self-esteem, social and practical skills that will assist students toward maturity, enhanced or improved school climate and relationships among all school personnel and students, and furtherance of cooperative efforts of school- and community-based personnel.
- (2) School- or community-based nonclassroom alternative programs, or both, including, but not limited to, positive peer group programs, programs involving youth and adults in constructive activities designed as alternatives to alcohol use, and programs for special target groups, such as women, ethnic minorities, and other high-risk, high-need populations.
- (3) Family-oriented programs, including, but not limited to, programs aimed at improving family relationships and involving parents constructively in the education and nurturing of their children, as well as in specific activities aimed at preventing alcohol abuse.
- (c) The money deposited under subdivision (a) shall supplement and not supplant any local funds made available to support the county's alcohol abuse education and prevention efforts.
- (d) If the county has a drug abuse primary prevention program, it may choose to combine or coordinate its drug and alcohol abuse education and prevention programs.
  - SEC. 4. Section 1463.25 is added to the Penal Code, to read:
- 1463.25. Notwithstanding Section 1203.1 or 1463, and in addition to any allocation under Section 1463.16, the moneys from alcohol abuse education and prevention penalty assessments collected pursuant to Section 23196 of the Vehicle Code shall be initially

deposited by the county treasurer in a special county alcohol abuse and prevention fund for exclusive allocation by the county alcohol program administrator, subject to the approval of the board of supervisors, for the county's alcohol abuse education and prevention program pursuant to Section 11802 of the Health and Safety Code.

A county shall not use more than 5 percent of the funds deposited

in the special account for administrative costs.

SEC. 5. Section 23196 is added to the Vehicle Code, to read:

- 23196. (a) Any person convicted of a violation of Section 23152 or 23153 shall, in addition to any other fine, assessment, or imprisonment imposed pursuant to law, pay an alcohol abuse education and prevention penalty assessment in an amount not to exceed fifty dollars (\$50) for deposit and distribution pursuant to Section 1463.25 of the Penal Code.
- (b) The payment of the penalty assessment under this section shall be ordered upon conviction of a person of a violation of Section 23152 or 23153 irrespective of any other proceeding and, if probation is granted, the payment of the penalty assessment shall also be ordered as a condition of probation, except in unusual cases which are subject to subdivision (d) of Section 1464 of the Penal Code.
- (c) The court shall determine if the defendant has the ability to pay all or part of the penalty assessment. The court may set the amount to be reimbursed and order the defendant to pay that sum to the county in the manner in which the court believes reasonable and compatible with the defendant's financial ability. In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution.
  - SEC. 6. Section 23197 is added to the Vehicle Code, to read:
- 23197. An order granting probation to a person who is convicted of a violation of Section 23152 or 23153 under this article is a judgment of a conditional sentence within the meaning of subdivisions (a) and (d) of Section 1203 of the Penal Code, and any fine, restitution, or assessment imposed as a condition of that grant of probation is a judgment for a fine within the meaning of Section 1214 of the Penal Code for the enforcement of money judgments.
- SEC. 7. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund.

#### CHAPTER 1119

An act to amend Sections 76.3, 775, 775.5, 777, 778, 779, 780, 781, and 782 of, to amend the heading of Chapter 6 (commencing with Section 775) of Division 3 of, and to repeal and add Sections 776 and 786 of, the Harbors and Navigation Code, relating to vessels, and declaring the urgency thereof, to take effect immediately.

Loan funds from the department shall be utilized for berthing facilities, parking, public access facilities, restrooms, vessel pumpout facilities, utilities, landscaping, and other incidental boating-related amenities.
- (b) No loan made by the department to a private marina owner shall exceed 25 percent of the funds annually budgeted for purposes of this article.

- SEC. 2. The heading of Chapter 6 (commencing with Section 775) of Division 3 of the Harbors and Navigation Code is amended to read:

### CHAPTER 6. VESSEL SANITATION

- SEC. 3. Section 775 of the Harbors and Navigation Code is amended to read:
- 775. The Legislature hereby finds and declares that marine sanitation devices should be regulated pursuant to uniform standards and procedures and that California vessel owners should not be subject to any local or state regulation as to the type of marine sanitation devices installed on their vessels.

The Legislature also finds and declares that for proper utilization of retention-type marine sanitation devices installed in conformance with the federal Water Pollution Control Act and for the protection of the quality of the waters of this state, adequate vessel pumpout facilities are essential.

- SEC. 13. Section 786 of the Harbors and Navigation Code is repealed.
- SEC. 14. Section 786 is added to the Harbors and Navigation Code, to read:
- 786. (a) Any loan made pursuant to Section 71.4 or 76.3, and any lease or concession contract entered into pursuant to Section 72, shall be subject to the express condition that the borrower comply with all applicable requirements of this chapter.

SEC. 16. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction and because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

### CHAPTER 1120

An act to amend Sections 1502, 1506, 1522.4, 1523, 1530.5, 1536, and 1536.1 of the Health and Safety Code, and to amend Sections 362, 366.2, 366.25, 727, 11400, 11463, and 16507.5 of the Welfare and Institutions Code, relating to foster family agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the types of children being placed in foster care today are more damaged, emotionally disturbed, difficult to manage, and without family support than ever before. This is an expected outcome of the state's affirmative efforts to prevent placements in foster care when possible, to reunify children with their families as quickly as possible when placement occurs, and to find permanent, new families when reunification is not an option. This is also an expected outcome when there is a fiscal benefit to the state to fund emotionally disturbed children, who otherwise qualify for federal funding, through

3945

AFDC-FC rather than General Fund-supported mental health resources.

The Legislature finds and declares that, because of the more difficult nature of foster children and the increased costs of caring for them, it is becoming difficult to recruit and train foster parents. One solution is to encourage the development of private, nonprofit foster family agencies which recruit, screen, certify, train, and provide professional support services to foster parents.

It is the intent of the Legislature that, for those children requiring foster care, the children be placed with foster families when possible and that those families be provided the appropriate and necessary professional support of public and private agencies. In enacting this act, the Legislature recognizes, clarifies and enhances the important professional and cost-benefit roles of foster family agencies, formerly known as homefinding agencies, in the support of foster families in the state.

SEC. 2. Section 1502 of the Health and Safety Code is amended to read:

1502. As used in this chapter:

- (a) "Community care facility" means any facility, place, or building which is maintained and operated to provide nonmedical residential care, day treatment, adult day care, or foster family agency services for children, adults, or children and adults, including, but not limited to, the physically handicapped, mentally impaired, incompetent persons, and abused or neglected children, and includes the following:

- (3) "Day treatment facility" means any facility which provides nonmedical care, counseling, educational or vocational support, or social rehabilitation services on less than a 24-hour basis to persons under 18 years of age who would otherwise be placed in foster care or who are returning to families from foster care. Program standards for these facilities shall be developed by the department, pursuant to Section 1530, in consultation with day treatment and foster care providers.
- (4) Foster family agency" means any individual or organization engaged in the recruiting, certifying, and training of, and providing professional support to, foster parents, or in finding homes or other places for placement of children for temporary or permanent care or adoption. - (5) "Foster family home" means any residential facility providing 24-hour care for six or fewer foster children which is owned, leased, or rented and is the residence of the foster parent or parents, including their family, in whose care the foster children have been placed. Such placement may be by a public or private child placement agency or by a court order, or by voluntary placement by a parent, parents, or guardian.

Program components shall be subject to program standards pursuant to Section 5458.1.
- (8) "Community treatment facility" means any residential facility which provides mental health treatment services to children in a group setting. Program components shall be subject to program standards developed by the State Department of Mental Health pursuant to Section 5405 of the Welfare and Institutions Code.

Nothing in this section shall be construed to prohibit or discourage placement of persons who have mental or physical disabilities into any category of community care facility that meets the needs of the individual placed, if the placement is consistent with the licensing regulations of the department.

- (b) "Department" or "state department" means the State Department of Social Services.
  - (c) "Director" means the Director of Social Services.
- SEC. 3. Section 1506 of the Health and Safety Code is amended to read:
- 1506. (a) Any holder of a valid license issued by the department which authorizes the licensee to engage in any foster family agency functions, may, unless the license provides otherwise, place children in any licensed foster family home selected. A foster family home selected and certified for the reception and care of children placed by such licensee shall not, during the time it is certified and used only by that agency for such placements or care, be subject to the provisions of Section 1508.
- (b) (1) A foster family agency shall certify to the department that such home has met the department's licensing standards.

- (d) As used in this chapter, "certified family home" means a family residence certified by a licensed foster family agency and issued a certificate of approval by that agency as meeting licensing standards, and used only by that foster family agency for placements. SEC. 4. Section 1522.4 of the Health and Safety Code is amended

to read:

- (a) In addition to any other requirements of this chapter 1522.4. and except for foster family homes, small family homes, and certified family homes of foster family agencies, all of the following apply to any community care facility providing 24-hour care for six or fewer wards or dependents of the juvenile court:
- (1) The facility shall have one or more facility managers. "Facility manager," as used in this section, means a person on the premises with the authority and responsibility necessary to manage and control the day-to-day operation of a community care facility and supervise the clients. The facility manager, licensee, and administrator, or any combination thereof, may be the same person provided he or she meets all applicable requirements. If the administrator is also the facility manager for the same facility, this person shall be limited to the administration and management of only one facility.
- (2) The facility manager shall have at least one year of experience working with the client group served, or equivalent education or experience, as determined by the department.
- (3) A facility manager shall be at the facility at all times when one or more clients are present. The facility manager shall instruct these agencies and individuals to notify him or her when clients will be returning to the facility outside of the normal hours.
- (4) The Legislature intends to upgrade the quality of care in licensed facilities. For the purposes of Sections 1533 and 1534, the licensed facility shall be inspected and evaluated for quality of care at least once each year, without advance notice and as often as necessary, without advance notice, to insure the quality of care being provided.
- (5) In addition to any notices required under Section 1538.5, if the department sends a notice to the licensee as a result of a substantiated complaint regarding a violation of any provision of this chapter, the department shall notify the placement agency, as designated in each resident's placement agreement, of the nature of

the complaint. Any placement agency placing, or making an inquiry for placement of, a client shall also be informed by the licensee of any unresolved complaint notices and the nature of the complaints.

Paragraphs (1), (2), and (3) shall apply only to new facilities which apply for a license after January 1, 1985.

(b) No employee of the state or county employed in the administration of this chapter or employed in a position that is in any way concerned with facilities licensed under this chapter shall hold a license or have a direct or indirect financial interest in a facility described in subdivision (a).

The department, by regulation, shall make the determination pursuant to the purposes of this section and chapter, as to what employment is in the administration of this chapter or in any way concerned with facilities licensed under this chapter and what financial interest is direct or indirect.

This subdivision does not prohibit the state or county from securing a license for, or operating, a facility that is otherwise required to be licensed under this chapter.

- SEC. 6. Section 1530.5 of the Health and Safety Code is amended to read:
- 1530.5. (a) The state department, in establishing regulations, including provisions for periodic inspections, under this chapter for foster family homes and certified homes of foster family agencies providing 24-hour care for six or fewer foster children, shall consider these homes as private residences, and shall establish regulations for these foster family homes and certified family homes of foster family agencies as an entirely separate regulation package from regulations for all other community care facilities. - (b) A placement agency shall place individuals only in licensed community care facilities, facilities which are exempt from licensing under Section 1505 or if the facility satisfies subdivision (c) of Section 362 of the Welfare and Institutions Code, or with a foster family agency for placement in its certified family home.
- (c) No employee of a placement agency shall place, refer, or recommend placement of a person in a facility operating without a license, unless the facility is exempt from licensing under Section 1505 or unless the facility satisfies subdivision (c) of Section 362 of the Welfare and Institutions Code. Violation of this subdivision is a misdemeanor.
- (d) Any employee of a placement agency who knows, or reasonably suspects, that a facility which is not exempt from licensing is operating without a license shall report the name and address of the facility to the department. Failure to report as required by this subdivision is a misdemeanor.
- (e) The department shall investigate any report filed under subdivision (d). If the department has probable cause to believe that the facility which is the subject of the report is operating without a license, the department shall investigate the facility within 10 days after receipt of the report.
- (f) A placement agency shall notify the appropriate licensing agency of any known or suspected incidents which would jeopardize the health or safety of residents in a community care facility. Reportable incidents include, but are not limited to, all of the following:
  - (1) Incidents of physical abuse.
  - (2) Any violation of personal rights.
- (3) Any situation in which a facility is unclean, unsafe, unsanitary, or in poor condition.
- (4) Any situation in which a facility has insufficient personnel or incompetent personnel on duty.

- (5) Any situation in which residents experience mental or verbal abuse.
- SEC. 9. Section 362 of the Welfare and Institutions Code is amended to read:
- 362. (a) When a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of the minor, including medical treatment, subject to further order of the court and consistent with subdivision (e) of Section 361.

When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

- The home of a relative.
- (2) A suitable licensed community care facility.
- (3) With a foster family agency to be placed in a suitable licensed home or other family home which has been certified by the agency as meeting licensing standards.
- (4) A home or facility in accordance with the federal Indian Child Welfare Act.
- (b) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interests of the minor will be served by granting visitation rights with the minor to the minor's grandparents. The court shall clearly specify those rights to the supervising probation officer.
- (c) Where the court has ordered a specific minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, if all of the following certification conditions are met:
- (1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.
- (2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.
- (3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.
- (d) When a minor is adjudged a dependent child of the court, on the ground that the minor is a person described by Section 300 and the court orders that a parent or guardian shall retain custody of the minor subject to the supervision of the probation officer, the parents

or guardians may be required, and may be ordered, to participate in child welfare services or services provided by an appropriate agency designated by the court. When a minor is adjudged a dependent child of the court on the ground that the minor is a person described by subdivision (d) of Section 300 and the court orders that a parent or guardian shall retain custody of the minor subject to the supervision of the probation officer, the parents or guardians shall be required to participate in child welfare services or services provided by an appropriate agency, designated by the court.

- (e) The juvenile court may direct any and all reasonable orders to the parents or guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out the provisions of subdivisions (a) and (c), including orders to appear before a county financial evaluation officer. Such an order may include a direction to participate in a counseling or education program, including, but not limited to, a parent education and parenting program operated by a community college, school district, or other appropriate agency designated by the court. A foster parent may be directed to participate in such a program in cases in which the court deems participation is appropriate and in the child's best interest. The program in which a parent, guardian, or foster parent is required to participate shall be designed to eliminate those conditions that led to the court's finding that the minor is a person described by Section 300.
- SEC. 9.5. Section 362 of the Welfare and Institutions Code is amended to read:
- 362. (a) When a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of the minor, including medical treatment, subject to further order of the court.
- (b) When a minor is adjudged a dependent child of the court, on the ground that the minor is a person described by Section 300 and the court orders that a parent or guardian shall retain custody of the minor subject to the supervision of the probation officer, the parents or guardians shall be required to participate in child welfare services or services provided by an appropriate agency designated by the court.
- (c) The juvenile court may direct any and all reasonable orders to the parents or guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out the provisions of this section, including orders to appear before a county financial evaluation officer. Such an order may include a direction to participate in a counseling or education program, including, but not limited to, a parent education and parenting program operated by a community college, school district, or other appropriate agency designated by the court. A foster parent or relative with whom the minor is placed may be directed to

participate in such a program in cases in which the court deems participation is appropriate and in the child's best interest. The program in which a parent or guardian is required to participate shall be designed to eliminate those conditions that led to the court's finding that the minor is a person described by Section 300.

SEC. 10. Section 366.2 of the Welfare and Institutions Code is amended to read:

- 366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.
- (b) Notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.
- (c) At least 16 days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 14 days before the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the foster parents, community care facility, or foster family agency having the physical custody of the minor at least 14 days before the hearing. This subdivision does not apply to the minor if he or she has been removed from the physical custody of his or her parent or guardian because of severe physical abuse pursuant to paragraph (5) of subdivision (b) of Section 361, and the court has found pursuant to subdivision (c) of Section 366 that attempts at reunification with his or her parent or guardian would be detrimental.
- (d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and

recommendation prior to determining any disposition.

- (e) The court shall proceed as follows at the review hearing: The court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 232 of the Civil Code may be instituted. This subdivision does not apply to the minor if he or she has been removed from the physical custody of his or her parent or guardian because of severe physical abuse pursuant to paragraph (5) of subdivision (b) of Section 361, and the court has found pursuant to subdivision (c) of Section 366 that attempts at reunification with his or her parent or guardian would be detrimental.
- SEC. 10.5. Section 366.2 of the Welfare and Institutions Code is amended to read:
- 366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.
- (b) Except as provided in Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.
- (c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide

the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

- (d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.
- (e) The court shall proceed as follows at the review hearing: The court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 232 of the Civil Code may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.
- SEC. 11. Section 366.25 of the Welfare and Institutions Code is amended to read:
- 366.25. (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original dispositional hearing in which the child was removed from the custody of his or her parent, parents, or guardians, and in no case

later than 18 months from the time of the minor's original placement pursuant to Section 319 or Section 16507.4 and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may be combined with the six months' review as provided for in Section 366. In the case of a minor who has been removed from his or her parent or guardian pursuant to paragraph (5) of subdivision (b) of Section 361 because of severe physical abuse, and concerning whom the court has found, pursuant to subdivision (c) of Section 366, that return of the minor to his or her parent or guardian would be detrimental to the minor, a permanency planning hearing shall be held immediately upon the making of such a finding, or as soon thereafter as is reasonably feasible.

- (b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.
- (c) Except in cases where permanency planning is conducted pursuant to subdivision (c) of Section 366, the court shall first determine at the hearing whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a permanency planning hearing. In the case of a minor who has been removed from the physical custody of his or her parent or guardian because of severe physical abuse pursuant to paragraph (5) of subdivision (b) of Section 361, and concerning whom the court has found pursuant to subdivision (c) of Section 366 that attempts at reunification with his or her parent or guardian would be detrimental, the court shall not continue proceedings for further review pursuant to this subdivision.
- (d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:
- (1) If the court finds that it is likely that the minor can or will be adopted, the court shall authorize the appropriate county or state agency to proceed to free the minor from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:
  - (A) The parents or guardians have maintained regular visitation

and contact with the minor and the minor would benefit from continuing this relationship.

- (B) A minor 12 years of age or older objects to termination of parental rights.
- (C) The minor's foster parents are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.
- (2) If the court finds that it is not likely that the minor can or will be adopted or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) applies, the court shall order the appropriate county department to initiate or facilitate the placement of the minor in a home environment that can be reasonably expected to be stable and permanent. This may be accomplished by initiating legal guardianship proceedings or long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is in a foster home and the foster parents are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents.
- (3) (A) If the court finds that it is not likely that the minor can or will be adopted, that there is no suitable adult available to become the legal guardian of the minor, and that there are no suitable foster parents except certified homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.
- (B) The licensed foster family agency shall place the minor in a suitable licensed or other family home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for support of the minor shall not in and of itself create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

- (C) Notwithstanding the provisions of subdivision (j), subsequent reviews for these minors shall be conducted every six months by the court. The licensed foster family agency shall be required to submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.
- (e) Notwithstanding Section 1510 of the Probate Code, the proceeding for the appointment for a guardian for a minor under this section shall be in the juvenile court. In such a case, the juvenile court may appoint a guardian pursuant to the standards and procedures otherwise specified by the Probate Code.
- (f) When an adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor.
- . (g) Periodic reviews conducted by the court subsequent to the initial permanency planning hearing shall determine the appropriateness of the placement, the continuing appropriateness and extent of compliance with the permanent plan for the child, the extent of compliance with the case plan, and adequacy of services provided to the child.
- (h) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of such periods.
- (i) Subsequent permanency planning hearings need not be held if (1) the child has been freed for adoption and placed in the adoptive home identified in the previous permanency planning hearing and is awaiting finalization of the adoption or (2) the child is a ward of a guardian.
- (j) Subsequent reviews shall be conducted every six months and be conducted by an administrative review board except when the court requires a court review or a court review is requested by the minor's parents or guardian or by the minor.
- (k) Notwithstanding any other provision of law, the application of any person who, as a foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the foster parent and removal from the foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

SEC. 11.5. Section 366.25 of the Welfare and Institutions Code is amended to read:

- (a) In order to provide stable, permanent homes for 366.25. children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original dispositional hearing in which the child was removed from the custody of his or her parent, parents, or guardians, and in no case later than 18 months from the time of the minor's original placement pursuant to Section 319 or Section 16507.4 and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may be combined with the six months' review as provided for in Section 366. In the case of a minor who comes within subdivision (b) of Section 361.5 and for whom the court has found that reunification services should not be provided, a permanency planning hearing shall be held pursuant to Section 361.5.
- (b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.
- (c) Except in cases where permanency planning is conducted pursuant to Section 361.5, the court shall first determine at the hearing whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a permanency planning hearing.
- (d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:
- (1) If the court finds that it is likely that the minor can or will be adopted, the court shall authorize the appropriate county or state agency to proceed to free the minor from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:
- (A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.
- (B) A minor 12 years of age or older objects to termination of parental rights.

- (C) The minor's foster parents are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.
- (2) If the court finds that it is not likely that the minor can or will be adopted or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) applies, the court shall order the appropriate county department to initiate or facilitate the placement of the minor in a home environment that can be reasonably expected to be stable and permanent. This may be accomplished by initiating legal guardianship proceedings or long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is in a foster home and the foster parents are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents.
- (3) (A) If the court finds that it is not likely that the minor can or will be adopted, that there is no suitable adult available to become the legal guardian of the minor, and that there are no suitable foster parents except certified homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.
- (B) The licensed foster family agency shall place the minor in a suitable licensed or other family home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for support of the minor shall not in and of itself create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.
- (C) Subsequent reviews for these minors shall be conducted every six months by the court. The licensed foster family agency shall be required to submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and

extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

- (e) Notwithstanding Section 1510 of the Probate Code, the proceeding for the appointment for a guardian for a minor under this section shall be in the juvenile court. In such a case, the juvenile court may appoint a guardian pursuant to the standards and procedures otherwise specified by the Probate Code. The juvenile court shall order counsel for the county department of social services or welfare department to file a written request with the clerk of the probate court, pursuant to Section 2700 of the Probate Code, for special notice of any petition filed to terminate or revoke guardianship.
- (f) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of such periods.
- (g) Notwithstanding any other provision of law, the application of any person who, as a foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the foster parent and removal from the foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

- SEC. 12. Section 727 of the Welfare and Institutions Code is amended to read:
- 727. (a) When a minor is adjudged a ward of the court on the ground that he or she is a person described by Section 601 or Section 602 the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of such a minor, including medical treatment, subject to further order of the court.

The court shall order the care, custody, and control of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

- (1) The home of a relative.
- (2) A suitable licensed community care facility.
- (3) With a foster family agency to be placed in a suitable licensed home or other family home which has been certified by the agency as meeting licensing standards.
- (b) Where the court has ordered a specific minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor

may be placed in a suitable family home that has filed a license application with the State Department of Social Services, provided that all the following certification conditions are met:

- (1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.
- (2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.
- (3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

When a minor has been adjudged a ward of the court on the ground that he or she is a person described in Section 601 or 602 and the court finds that notice has been given in accordance with Section 661, and when the court orders that a parent or guardian shall retain custody of such minor subject to the supervision of the probation officer, the parent or guardian may be required to participate with such minor in a counseling or education program including, but not limited to, parent education and parenting programs operated by community colleges, school districts or other appropriate agencies designated by the court.

(c) The juvenile court may direct any and all reasonable orders to the parents and guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out the provisions of subdivisions (a) and (b), including orders to appear before a county financial evaluation officer.

When counseling or other treatment services are ordered for the minor, the parent, guardian, or foster parent shall be ordered to participate in those services, unless participation by the parent, guardian, or foster parent is deemed by the court to be inappropriate or potentially detrimental to the child.

- SEC. 12.5. Section 727 of the Welfare and Institutions Code is amended to read:
- 727. (a) When a minor is adjudged a ward of the court on the ground that he or she is a person described by Section 601 or Section 602 the court may make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of such a minor, including medical treatment, subject to further order of the court.

The court shall order the care, custody, and control of the minor to be under the supervision of the probation officer who may place the minor in any of the following:

- (1) The home of a relative.
- (2) A suitable licensed community care facility.
- (3) With a foster family agency to be placed in a suitable licensed

home or exclusive use home which has been certified by the agency as meeting licensing standards.

- (b) Where the court has ordered a specific minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, provided that all the following certification conditions are met:
- (1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.
- (2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.
- (3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.

When a minor has been adjudged a ward of the court on the ground that he or she is a person described in Section 601 or 602 and the court finds that notice has been given in accordance with Section 661, and when the court orders that a parent or guardian shall retain custody of such minor subject to the supervision of the probation officer, the parent or guardian may be required to participate with such minor in a counseling or education program including, but not limited to, parent education and parenting programs operated by community colleges, school districts or other appropriate agencies designated by the court.

(c) The juvenile court may direct any and all reasonable orders to the parents and guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and proper to carry out the provisions of subdivisions (a) and (b), including orders to appear before a county financial evaluation officer.

When counseling or other treatment services are ordered for the minor, the parent, guardian, or foster parent shall be ordered to participate in those services, unless participation by the parent, guardian, or foster parent is deemed by the court to be inappropriate or potentially detrimental to the child.

- (d) Where a minor has been adjudged a ward of the juvenile court under subdivision (a) of Section 601 and a supplemental petition alleging the violation of a related dispositional order has been sustained at a hearing described in paragraph (2) of subdivision (f) of Section 777, the court may order that the minor shall be detained in a secure juvenile facility for a period not to exceed five days, for any of the following purposes:
  - (1) For the protection of the minor, where the court finds that the

minor must be securely detained for his or her safety.

- (2) For the evaluation of the minor's need for counseling, medical, or other remedial services.
- (3) For arrangement of the referral of the minor to obtain remedial services from public or private agencies in the community.
- (4) For delivery of short-term remedial services to the minor while in the secure facility.

Prior to making an order for the secure detention of the minor under this subdivision, the court shall consider whether referral of the minor to a nonsecure facility or program where treatment can be provided would be appropriate for the needs of the minor and the community. Continued secure detention may be ordered only upon a finding by the court that services appropriate for the needs of the minor are available and can be delivered to the minor during the period of confinement; however, continued secure detention may not be ordered solely upon a finding by the court that no nonsecure facility or program is available.

If the minor is held under this subdivision in a secure facility operated by the probation department, the probation officer shall deliver or arrange for delivery of services to the minor in accordance with the purpose for which the minor was detained. Additionally, the probation officer shall record the purposes for which the minor was securely detained and shall keep a record of the efforts made to evaluate the minor, arrange for referral to remedial services, or deliver short-term remedial services during detention, as the case may be.

A minor may not be placed in secure detention under this subdivision for more than two 5-day periods during any 12 months. SEC. 13. Section 11400 of the Welfare and Institutions Code is amended to read:

## CHAPTER 1121

An act to amend Section 319 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 319 of the Welfare and Institutions Code is amended to read:

319. At the initial petition hearing the court shall examine the minor, the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians, or their counsel desires to present.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody, the need, if any, for continued detention, and on the available services and the referral methods to be used which would facilitate the return of the minor to the custody of the minor's parents or guardians. The court shall order the release of the minor from custody unless it finds any of the following:

- (a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.
- (b) The minor has violated an order of the juvenile court or has escaped from the commitment of the juvenile court.
- (c) The minor is a threat to the person or property of another or his or her parent or guardian or responsible relative is likely to flee the jurisdiction of the court.
- (d) The minor indicates an unwillingness to return home, if the minor has been physically or sexually abused by a person residing in the home.
- (e) Continued detention of the minor is a matter of immediate and urgent necessity for the protection of the minor.

Whenever a court orders a minor detained, the court shall state the facts on which the decision is based. The court shall also make a determination in the order as to whether reasonable services have been provided to aid the parents or guardians in order to prevent the need for removal of the child. Where the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home, even with reasonable services being provided, the court shall make a finding that the lack of preplacement preventive efforts were reasonable.

When the minor is not released from custody the court may order that the minor shall be placed in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court for a period not to exceed 15 judicial days.

## CHAPTER 1122

An act to amend Section 232 of the Civil Code, to amend and renumber Section 11166.1 of the Penal Code, and to amend Sections 300, 319, 332, 345, 352, 356, 358, 361, 362, 364, 366, 366.2, 366.25, 16506, 16506.1, and 16507 of, to amend and renumber Section 351 of, to add Sections 361.2, 361.5, 362.1, and 366.3 to, and to repeal Section 319.1 of, the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 24, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read: 232. (a) An action may be brought for the purpose of having any child under the age of 18 years declared free from the custody and control of either or both of his or her parents when the child comes within any of the following descriptions:

- (1) The child has been left without provision for the child's identification by his or her parent or parents or by others or has been left by both of his or her parents or his or her sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the other parent for a period of one year without any provision for the child's support, or without communication from the parent or parents, with the intent on the part of the parent or parents to abandon the child. The failure to provide identification, failure to provide support, or failure to communicate shall be presumptive evidence of the intent to abandon. If the parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by the parent or parents. In those cases in which the child has been left without provision for the child's identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.
- (2) Who has been neglected or cruelly treated by either or both parents, if the child has been a dependent child of the juvenile court under any subdivision of Section 300 of the Welfare and Institutions Code and the parent or parents have been deprived of the child's custody for one year prior to the filing of a petition pursuant to this section. Physical custody by the parent or parents for insubstantial periods of time shall not serve to interrupt the running of the one-year period.

- (3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive; of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when these controlled substances are used as part of a medically prescribed plan, or are morally depraved, if the child has been a dependent child of the juvenile court, and the parent or parents have been deprived of the child's custody continuously for one year immediately prior to the filing of a petition pursuant to this section. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child. Physical custody by the parent or parents for insubstantial periods of time shall not interrupt the running of the one-year period.
- (4) Whose parent or parents are convicted of a felony, if the facts of the crime of which the parent or parents were convicted are of a nature so as to prove the unfitness of the parent or parents to have the future custody and control of the child.
- (5) Whose parent or parents have been declared by a court of competent jurisdiction, wherever situated, to be developmentally disabled or mentally ill, if, in the state or country in which the parent or parents reside or are hospitalized, the Director of Mental Health or the Director of Developmental Services, or their equivalent, if any, and the superintendent of the hospital of which, if any, the parent or parents are inmates or patients, certify that the parent or parents so declared to be developmentally disabled or mentally ill will not be capable of supporting or controlling the child in a proper manner.
- (6) Whose parent or parents are mentally disabled and are likely to remain so in the foreseeable future. As used in this subdivision, "mentally disabled" means that a parent or parents suffer any mental incapacity or disorder which renders the parent or parents unable to adequately care for and control the child. The evidence of any two experts, each of whom shall be either a physician and surgeon, certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code, or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders, shall be required to support a finding under this subdivision. If, however, the parent or parents reside in another state or in a foreign country, the evidence required by this subdivision may be supplied by the affidavits of two experts, each of whom shall be either a physician and surgeon who is a resident of that state or foreign country, and who has been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine, or by a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who is licensed in

that state or authorized to practice in that country. If the rights of any parent are sought to be terminated pursuant to this subdivision, and the parent has no attorney, the court shall appoint an attorney for the parent pursuant to Section 237.5, whether or not a request for the appointment is made by the parent.

(7) Who has been in out-of-home placement under the supervision of the juvenile court, the county welfare department, or other public or private licensed child-placing agency for a one-year period, if the court finds that return of the child to the child's parent or parents would be detrimental to the child and that the parent or parents have failed during that period, and are likely to fail in the future, to maintain an adequate parental relationship with the child, which includes providing both a home and care and control for the child.

If the minor has been adjudged a dependent child of the juvenile court and placed in out-of-home placement pursuant to Section 361 of the Welfare and Institutions Code, the one-year period shall be calculated from the date of the dispositional hearing at which the child was placed in out-of-home placement pursuant to that section. If the minor is in placement under the supervision of a county welfare department or other public or private licensed child-placing agency, pursuant to a voluntary placement, as described in Section 16507.4 of the Welfare and Institutions Code, the one-year period shall be calculated from the date the minor entered out-of-home placement.

The court shall make a determination that reasonable services have been provided or offered to the parents which were designed to aid the parents to overcome the problems which led to the deprivation or continued loss of custody and that despite the availability of these services, return of the child to the parents would be detrimental to the child. The probation officer or social worker currently assigned to the case of the child shall appear at the termination proceedings.

If the minor has been adjudged to be a dependent child of the court pursuant to Section 300 of the Welfare and Institutions Code, the court shall review and consider the contents of the juvenile court file in determining if the services offered were reasonable under the circumstances.

Trial placement of the child in the physical custody of the parent or visitation of the child with the parent during the one-year period, when the trial placement or visitation does not result in permanent placement of the child with the parent, shall not serve to interrupt the running of the one-year period.

- (8) A minor who has been found to be a dependent child of the juvenile court and the juvenile court has determined, pursuant to paragraph (3), (4), or (5) of subdivision (b) of Section 361.5 of the Welfare and Institutions Code, that reunification services shall not be provided to the minor's parent or guardian.
  - (b) At all termination proceedings, the court shall consider the

wishes of the child and shall act in the best interests of the child.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

- (1) The court determines that testimony in chambers is necessary to insure truthful testimony.
- (2) The minor is likely to be intimidated by a formal courtroom setting.
- (3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

- (c) A finding pursuant to this section shall be supported by clear and convincing evidence.
- (d) Section 5158 shall not apply to proceedings pursuant to this section.
- SEC. 1.5. Section 11166.1 of the Penal Code, as added by Chapter 1262 of the Statutes of 1985, is amended and renumbered to read:
- (a) The Legislature intends that in each county the law enforcement agencies and the county welfare or social services department shall develop and implement cooperative arrangements in order to coordinate existing duties in connection with the investigation of suspected child abuse cases. The local law enforcement agency having jurisdiction over a case reported under Section 11166 shall report to the county welfare department that it is investigating the case within 36 hours after starting its investigation. The county welfare department or social services department shall, in cases where a minor is a victim of actions specified in Section 288 of this code and a petition has been filed pursuant to Section 300 of the Welfare and Institutions Code with regard to the minor, in accordance with the requirements of subdivision (c) of Section 288, evaluate what action or actions would be in the best interest of the child victim. Notwithstanding any other provision of law, the county welfare department or social services department shall submit in writing its findings and the reasons therefor to the district attorney on or before the completion of the investigation. The written findings and the reasons therefor shall be delivered or made accessible to the defendant or his or her counsel in the manner specified in Sections 859 and 1430.
- (b) The local law enforcement agency having jurisdiction over a case reported under Section 11166 shall report to the district office of the State Department of Social Services any case reported under this section if the case involves a facility specified in paragraph (5) or (6) of Section 1502 or in Section 1596.750 or 1596.76 of the Health

and Safety Code and the licensing of the facility has not been delegated to a county agency.

- SEC. 2. Section 300 of the Welfare and Institutions Code is amended to read:
- 300. Any person under the age of 18 years who comes within any of the following descriptions is within the jurisdiction of the juvenile court which may adjudge that person to be a dependent child of the court:
- (a) Who is in need of proper and effective parental care or control and has no parent or guardian, or has no parent or guardian willing to exercise or capable of exercising care or control, or has no parent, guardian, or custodian actually exercising care or control.
- (b) Who is destitute, or who is not provided with the necessities of life, or who is not provided with a home or suitable place of abode, except that no person may be adjudged a dependent child solely due to the lack of an emergency shelter for the family.
- (c) Who is physically dangerous to the public because of a mental or physical deficiency, disorder, or abnormality.
- (d) Whose home is an unfit place for him or her by reason of neglect, cruelty, depravity, or physical abuse of either of his or her parents, or of his or her guardian or other person in whose custody or care he or she is.
- (e) Who is under the age of three and whose home is an unfit place for him or her as a result of severe physical abuse of the minor by a parent, or by any person known by the parent, if the parent knew or reasonably should have known that that person was physically abusing the minor. For the purpose of this section, "severe physical abuse" means any of the following: any single act of abuse which causes physical trauma of sufficient severity that, if left untreated, it would cause permanent physical disfigurement, permanent physical disability, or death; any single act of sexual abuse which causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.
- (f) Who has been freed for adoption from one or both parents for 12 months by either relinquishment or termination of parental rights and for whom an interlocutory decree has not been granted pursuant to Section 224n of the Civil Code or an adoption petition has not been granted.
- (g) It is the intention of the Legislature in enacting the amendments to subdivision (a) enacted at the 1985–86 Regular Session, to assure that courts, in making a determination pursuant to subdivision (a) shall not focus upon the fact that a parent has a physical disability. The Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of happy and well-adjusted children and that a court's determination pursuant to subdivision (a) should center upon whether a parent's disability prevents him or her from exercising care and control.

- SEC. 3. Section 319 of the Welfare and Institutions Code is amended to read:
- 319. At the initial petition hearing the court shall examine the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians, or their counsel desires to present. The court may examine the minor, as provided in Section 350.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody; the need, if any, for continued detention; on the available services and the referral methods which could facilitate the return of the minor to the custody of the minor's parents or guardians; and whether there are any relatives who are able and willing to take temporary custody of the minor. The court shall order the release of the minor from custody unless it finds any of the following:

- (a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.
- (b) There is substantial evidence that a parent, guardian, or custodian of the minor is likely to flee the jurisdiction of the court.
- (c) The minor has violated an order of the juvenile court or has left a placement in which he or she was placed by the juvenile court.
- (d) The minor indicates an unwillingness to return home, if the minor has been physically or sexually abused by a person residing in the home.

The court shall also make a determination as to whether reasonable services have been provided to aid the parents or guardians in order to prevent the need for removal of the child and whether there are available services which would prevent the need for further detention. If the minor can be returned to the custody of his or her parent or guardian through the provision of those services, the court shall place the minor with his or her parent or guardian and order that the services shall be provided. If the minor cannot be returned to the custody of his or her parent or guardian, the court shall determine if there is a relative who is able and willing to care for the child. Where the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home, even with reasonable services being provided, the court shall make a finding that the lack of preplacement preventive efforts were reasonable. Whenever a court orders a minor detained, the court shall state the facts on which the decision is based, and shall specify why the initial removal was necessary.

When the minor is not released from custody the court may order that the minor shall be placed in the suitable home of a relative or in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court for a period not to exceed 15 judicial days.

As used in this section, "relative" means an adult who is a grandparent, aunt, uncle, first cousin, or a sibling of the minor.

- SEC. 4. Section 319.1 of the Welfare and Institutions Code, as added by Section 2.5 of Chapter 1608 of the Statutes of 1984 is repealed.
- SEC. 5. Section 332 of the Welfare and Institutions Code is amended to read:
- 332. A petition to commence proceedings in the juvenile court to declare a minor a ward or a dependent child of the court shall be verified and shall contain all of the following:
  - (a) The name of the court to which it is addressed.
  - (b) The title of the proceeding.
- (c) The code section and the subdivisions thereof under which the proceedings are instituted. When the probation officer has reason to believe that the minor comes within subdivision (e) of Section 300, the petition shall include an allegation pursuant to that section.
- (d) The name, age, and address, if any, of the minor upon whose behalf the petition is brought.
- (e) The names and residence addresses, if known to the petitioner, of both parents and any guardian of the minor. If there is no parent or guardian residing within the state, or if his or her place of residence is not known to the petitioner, the petition shall also contain the name and residence address, if known, of any adult relative residing within the county, or, if there is none, the adult relative residing nearest to the location of the court.
- (f) A concise statement of facts, separately stated, to support the conclusion that the minor upon whose behalf the petition is being brought is a person within the definition of each of the sections and subdivisions under which the proceedings are being instituted.
- (g) The fact that the minor upon whose behalf the petition is brought is detained in custody or is not detained in custody, and if he or she is detained in custody, the date and the precise time the minor was taken into custody.
- (h) A notice to the father, mother, spouse, or other person liable for support of the minor child, of all of the following: (1) Section 903 makes that person, the estate of that person, and the estate of the minor child, liable for the cost of the care, support, and maintenance of the minor child in any county institution or any other place in which the child is placed, detained, or committed pursuant to an order of the juvenile court; (2) Section 903.1 makes that person, the estate of that person, and the estate of the minor child, liable for the cost to the county of legal services rendered to the minor or the parent by a private attorney or a public defender appointed pursuant to the order of the juvenile court; (3) Section 903.2 makes that person, the estate of that person, and the estate of the minor child. liable for the cost to the county of the probation supervision of the minor child by the probation officer pursuant to the order of the juvenile court; and (4) the liabilities established by these sections are joint and several.

- SEC. 6. Section 345 of the Welfare and Institutions Code is amended to read:
- 345. All cases under this chapter shall be heard at a special or separate session of the court, and no other matter shall be heard at such a session; however, the court may determine any issues regarding custody of the minor pursuant to Section 304 or 361.2. No person on trial, awaiting trial, or under accusation of crime, other than a parent, guardian, or relative of the minor, shall be permitted to be present at any such session, except as a witness.

Cases in which the minor is detained and the sole allegation is that the minor is a person described in Section 300 shall be granted precedence on the calendar of the court for the day on which the case is set for hearing.

- SEC. 7. Section 351 of the Welfare and Institutions Code is amended and renumbered to read:
- 318. In a juvenile court hearing, where the parent or guardian is represented by counsel, the county counsel or district attorney shall, at the request of the juvenile court judge, appear and participate in the hearing to represent the petitioner.
- SEC. 8. Section 352 of the Welfare and Institutions Code is amended to read:
- 352. (a) Upon request of counsel for the parent, guardian, minor, or petitioner, the court may continue any hearing under this chapter beyond the time limit within which the hearing is otherwise required to be held, provided that no continuance shall be granted that is contrary to the interest of the minor. In considering the minor's interests, the court shall give substantial weight to a minor's need for prompt resolution of his or her custody status, the need to provide children with stable environments, and the damage to a minor of prolonged temporary placements.

Continuances shall be granted only upon a showing of good cause and only for that period of time shown to be necessary by the evidence presented at the hearing on the motion for the continuance. Neither a stipulation between counsel nor the convenience of the parties is in and of itself a good cause. Further, neither a pending criminal prosecution nor family law matter shall be considered in and of itself as good cause. Whenever, any continuance is granted, the facts proven which require the continuance shall be entered upon the minutes of the court.

In order to obtain a motion for a continuance of the hearing, written notice shall be filed at least two court days prior to the date set for hearing, together with affidavits or declarations detailing specific facts showing that a continuance is necessary, unless the court for good cause entertains an oral motion for continuance.

(b) Notwithstanding any other provision of law, if a minor has been removed from the parents' or guardians' custody, no continuance shall be granted that would result in the dispositional hearing, held pursuant to Section 361, being completed longer than 60 days after the hearing at which the minor was ordered removed

- or detained, unless the court finds that there are exceptional circumstances requiring such a continuance. The facts supporting such a continuance shall be entered upon the minutes of the court. In no event shall the court grant continuances that would cause the hearing pursuant to Section 361 to be completed more than six months after the hearing pursuant to Section 319.
- (c) In any case in which the parent, guardian, or minor is represented by counsel and no objection is made to an order continuing any such hearing beyond the time limit within which the hearing is otherwise required to be held, the absence of such an objection shall be deemed a consent to the continuance. The consent does not affect the requirements of subdivision (a).
- SEC. 9. Section 356 of the Welfare and Institutions Code is amended to read:
- 356. After hearing the evidence, the court shall make a finding, noted in the minutes of the court, whether or not the minor is a person described by Section 300 and the specific subdivisions of Section 300 under which the petition is sustained. If it finds that the minor is not such a person, it shall order that the petition be dismissed and the minor be discharged from any detention or restriction theretofore ordered. If the court finds that the minor is such a person, it shall make and enter its findings and order accordingly.
- SEC. 10. Section 358 of the Welfare and Institutions Code is amended to read:
- 358. (a) After finding that a minor is a person described in Section 300, the court shall hear evidence on the question of the proper disposition to be made of the minor. Prior to making a finding required by this section, the court may continue the hearing on its own motion. The motion of the parent or guardian, or the motion of the minor, as follows:
- (1) If the minor is detained during the continuance, and the probation officer is not alleging that Section 361.5 is applicable, the continuance shall not exceed 10 judicial days; the court may make such order for detention of the minor or for the minor's release from detention, during the period of continuance, as is appropriate.
- (2) If the minor is not detained during the continuance, the continuance shall not exceed 30 days after the date of filing the petition. However, the court may, for cause, continue the hearing for an additional 15 days.
- (3) If the probation officer is alleging that the Section 361.5 is applicable, the court shall continue the proceedings for a period not to exceed 30 days. The probation officer shall notify each parent of the content of Section 361.5 and shall inform each parent that if the court does not order reunification a permanency planning hearing will be held, at which time the court may order the filing of a petition permanently terminating parental rights, pursuant to Section 232 of the Civil Code.
  - (b) Before determining the appropriate disposition, the court

shall receive in evidence the social study of the minor made by the probation officer, any study or evaluation made by a child advocate appointed by the court, and such other relevant and material evidence as may be offered. In any judgment and order of disposition, the court shall specifically state that the social study made by the probation officer and the study or evaluation made by the child advocate appointed by the court, if there be any, has been read and considered by the court in arriving at its judgment and order of disposition.

- (c) If the court finds that a minor is described by subdivision (e) of Section 300 or that subdivision (b) of Section 361.5 may be applicable, the court shall conduct the dispositional proceeding pursuant to subdivision (c) of Section 361.5.
- SEC. 11. Section 361 of the Welfare and Institutions Code is amended to read:
- 361. (a) In all cases in which a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over the dependent child by any parent or guardian and shall by its order clearly and specifically set forth all such limitations. The limitations shall not exceed those necessary to protect the child.
- (b) No dependent child shall be taken from the physical custody of his or her parents or guardian or guardians with whom the child resides at the time the petition was initiated unless the juvenile court finds clear and convincing evidence of any of the following:
- (1) There is a substantial danger to the physical health of the minor or would be if the minor was returned home, and there are no reasonable means by which the minor's physical health can be protected without removing the minor from the minor's parents' or guardians' physical custody. The fact that a minor has been adjudicated a dependent child of the court pursuant to subdivision (e) of Section 300 shall constitute prima facie evidence that the minor cannot be safely left in the custody of the parent or guardian with whom the minor resided at the time of injury.
- (2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366.25, the minor may be declared permanently free from their custody and control under Section 232 of the Civil Code.
- (3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, and there are no reasonable means by which the minor's emotional health may be protected without removing the minor from the physical custody of his or her parent or guardian.
- (4) The minor has been sexually abused by a parent, guardian, or member of his or her household or other person known to his or her parent and there are no reasonable means by which the minor can

be protected from further sexual abuse without removing the minor from his or her parent or guardian or the minor does not wish to return to his or her parent or guardian.

(5) The minor has been left without any provision for his or her support, or a parent who has been incarcerated or institutionalized cannot arrange for the care of the minor, or a relative or other adult custodian with whom the child has been left by the parent is unwilling or unable to provide care or support for the child and the whereabouts of the parent is unknown and reasonable efforts to

locate him or her have been unsuccessful.

- (c) The court shall make a determination as to whether reasonable efforts were made to prevent or to eliminate the need for removal of the minor from his or her home or, if the minor is removed for one of the reasons stated in paragraph (5) of subdivision (b), whether it was reasonable under the circumstances not to make any such efforts. The court shall state the facts on which the decision to remove the minor is based.
- (d) The court shall make all of the findings required by subdivision (a) of Section 366 in either of the following circumstances:
- (1) The minor has been taken from the custody of his or her parents or guardians and has been living in an out-of-home placement pursuant to Section 319.
- (2) The minor has been living in a voluntary out-of-home placement pursuant to Section 16507.4.
- SEC. 12. Section 361.2 is added to the Welfare and Institutions Code, to read:
- 361.2. (a) When a court orders removal of a minor pursuant to Section 361, the court shall first determine whether there is a parent of the minor, with whom the minor was not residing at the time that the events or conditions arose that brought the minor within the provisions of Section 300, who desires to assume custody of the minor. If such a parent requests custody the court shall place the minor with the parent unless it finds that placement with that parent would be detrimental to the minor.

If the court places the minor with such a parent it may do either of the following:

- (1) Order that such parent become legal and physical custodian of the child. The court may also provide reasonable visitation by the noncustodial parent. The court shall then terminate its jurisdiction over the minor. The custody order shall continue unless modified by a subsequent order of the superior court. The order of the juvenile court shall be filed in any domestic relation proceeding between the parents.
- (2) Order that the parent assume custody subject to the supervision of the juvenile court. In such a case the court may order that reunification services be provided to the parent or guardian from whom the minor is being removed, or the court may order that services be provided solely to the parent who is assuming physical

3, 12

custody in order to allow that parent to retain later custody without court supervision, or that services be provided to both parents, in which case the court shall determine, at review hearings held pursuant to Section 366, which parent, if either, shall have custody of the minor.

- (b) When the court orders removal pursuant to Section 361, the court shall order the care, custody, control, and conduct of the minor to be under the supervision of the probation officer who may place the minor in any of the following:
  - (1) The home of a relative, including a noncustodial parent.
- (2) A foster home in which the child has been placed before an interruption in foster care, if that placement is in the best interest of the child and space is available.
  - (3) A suitable licensed community care facility.
- (4) With a foster family agency to be placed in a suitable licensed home or other family home which has been certified by the agency as meeting licensing standards.
- (5) A home or facility in accordance with the federal Indian Child Welfare Act.
- (c) If the minor is taken from the physical custody of the minor's parents or guardians and unless the minor is placed with relatives, the minor shall be placed in foster care in the county of residence of the minor's parents or guardians in order to facilitate reunification of the family.

In the event that there are no appropriate placements available in the parents' or guardians' county, a placement may be made in an appropriate place in another county, preferably a county located adjacent to the parents' or guardians' community of residence.

Nothing in this section shall be interpreted as requiring multiple disruptions of the minor's placement corresponding to frequent changes of residence by the parents or guardians. In determining whether the minor should be moved, the probation officer will take into consideration the potential harmful effects of disrupting the placement of the minor and the parents' or guardians' reason for the move.

(d) Whenever the probation officer must change the placement of the minor and is unable to find a suitable placement within the county and must place the minor outside the county, no such placement shall be made until he or she has served written notice on the parents or guardians at least 14 days prior to the placement, unless the child's health or well-being is endangered by delaying the action or would be endangered if prior notice were given. The notice shall state the reasons which require placement outside the county. The parents or guardians may object to the placement not later than seven days after receipt of the notice and, upon objection the court shall hold a hearing not later than five days after the objection and prior to the placement. The court shall order out-of-county placement if it finds that the minor's particular needs require placement outside the county.

- (e) Where the court has ordered a minor placed under the supervision of the probation officer and the probation officer has found that the needs of the child cannot be met in any available licensed or exempt facility, including emergency shelter, the minor may be placed in a suitable family home that has filed a license application with the State Department of Social Services, if all of the following certification conditions are met:
- (1) A preplacement home visit is made by the probation officer to determine the suitability of the family home.
- (2) The probation officer verifies to the licensing agency in writing that the home lacks any deficiencies which would threaten the physical health, mental health, safety, or welfare of the minor.
- (3) The probation officer notifies the licensing agency of the proposed placement and determines that the foster family home applicant has filed specific license application documents prior to and after the placement of the minor. If the license is subsequently denied, the minor shall be removed from the home immediately. The denial of the license constitutes a withdrawal of the certification.
- (f) Where the court has ordered removal of the child from the physical custody of his or her parents pursuant to Section 361, the court shall consider whether the family ties and best interest of the minor will be served by granting visitation rights to the minor's grandparents. The court shall clearly specify those rights to the supervising probation officer.
- SEC. 13. Section 361.5 is added to the Welfare and Institutions Code, to read:
- 361.5. (a) Except as provided in subdivision (b), whenever a minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's parents or guardians for the purpose of facilitating reunification of the family within a maximum time period not to exceed 12 months. When counseling or other treatment services are ordered, the parent shall be ordered to participate in those services, unless the parent's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Services may be extended up to an additional six months if it can be shown that the objectives of the service plan can be achieved within the extended time period. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of the provision of Section 366.25 and shall specify that the parent's or parents' parental rights may be terminated permanently pursuant to Section 232 of the Civil Code if they are not able to resume custody within 12 months.

(b) Reunification services need not be provided to a parent described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

- (1) That the whereabouts of the parents is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent. The posting or publication of notices is not required in such a search.
- (2) That the parent is suffering from a mental disability that is described in paragraph (5) or (6) of subdivision (a) of Section 232 of the Civil Code and that renders him or her incapable of utilizing those services.
- (3) That the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or parents, guardian, or guardians from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse. However, this section is not applicable if the jurisdiction of the juvenile court has been dismissed prior to the additional abuse.
- (4) That the parent of the minor has been convicted of causing the death of another child through abuse or neglect.
- (5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent.
- (c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

When paragraph (3), (4), or (5), inclusive, of subdivision (b) is applicable, the court shall not order reunification unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and postively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that

reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

- (d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in Section 366.25 are not tolled by the parent's absence.
- parent is released from incarceration (e) When institutionalization, the court shall order the probation officer to provide family reunification services in accordance with this subdivision.
- (f) If a court, pursuant to paragraph (2), (3), (4), or (5) of subdivision (b), does not order reunification services, it shall conduct a permanency planning hearing pursuant to Section 366.25 within 60 days of the dispositional hearing, at which it may order that a petition to terminate parental rights pursuant to paragraph (5), (6), or (8) of subdivision (a) of Section 232 of the Civil Code shall be filed in the appropriate court, or that legal guardianship proceedings shall be instituted. At such a permanency planning hearing, the court shall consider only whether to order the institution of termination proceedings or the establishment of a legal guardianship or long-term foster care arrangement. It shall apply the standards specified in Section 366.25. In any case where the minor has been in a foster home for 12 or more months, the court shall consider the views of the foster parents.
- SEC. 14. Section 362 of the Welfare and Institutions Code is amended to read:
- (a) When a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may make any and all reasonable orders for the care. supervision, custody, conduct, maintenance, and support of the minor, including medical treatment, subject to further order of the court.
- (b) When a minor is adjudged a dependent child of the court, on the ground that the minor is a person described by Section 300 and the court orders that a parent or guardian shall retain custody of the minor subject to the supervision of the probation officer, the parents or guardians shall be required to participate in child welfare services or services provided by an appropriate agency designated by the
- (c) The juvenile court may direct any and all reasonable orders to the parents or guardians of the minor who is the subject of any proceedings under this chapter as the court deems necessary and

proper to carry out the provisions of this section, including orders to appear before a county financial evaluation officer. Such an order may include a direction to participate in a counseling or education program, including, but not limited to, a parent education and parenting program operated by a community college, school district, or other appropriate agency designated by the court. A foster parent or relative with whom the minor is placed may be directed to participate in such a program in cases in which the court deems participation is appropriate and in the child's best interest. The program in which a parent or guardian is required to participate shall be designed to eliminate those conditions that led to the court's finding that the minor is a person described by Section 300.

- SEC. 15. Section 362.1 is added to the Welfare and Institutions Code, to read:
- 362.1. In order to maintain ties between the parent and minor, and to provide information relevant to deciding if, and when, to return a minor to the custody of his or her parent or guardian, every order placing a minor in foster care, and ordering reunification services, shall provide for visitation between the parent or guardian and the minor. Visitation shall be as frequent as possible, consistent with the well-being of the minor.
- SEC. 16. Section 364 of the Welfare and Institutions Code is amended to read:
- 364. (a) Every hearing in which an order is made placing a minor under the supervision of the juvenile court pursuant to Section 300 and in which the minor is not removed from the physical custody of his or her parent or guardian shall be continued to a specific future date not to exceed six months after the date of the original dispositional hearing. The continued hearing shall be placed on the appearance calendar. The court shall advise all persons present of the date of the future hearings, of their rights to be present, and to be represented by counsel.
- (b) At least 10 calendar days prior to the hearing, the probation officer shall file a supplemental report with the court describing the services offered to the family and the progress made by the family in eliminating the conditions or factors requiring court supervision. The probation officer shall also make a recommendation regarding the necessity of continued supervision. A copy of this report shall be furnished to all parties at least 10 calendar days prior to the hearing.
- (c) After hearing any evidence presented by the probation officer, the parent or the minor, the court shall determine whether continued supervision is necessary. The court shall terminate its jurisdiction unless the probation department establishes by a preponderance of evidence that the conditions still exist which would justify initial assumption of jurisdiction under Section 300, or that such conditions are likely to exist if supervision is withdrawn. Failure of the parent or guardian to participate regularly in any court ordered treatment program shall constitute prima facie evidence that the conditions which justified initial assumption of jurisdiction

still exist and that continued supervision is necessary.

- (d) If the court retains jurisdiction it shall continue the matter to a specified date, not more than six months from the time of the hearing, at which point the court shall again follow the procedure specified in subdivision (c).
- (e) In any case in which the court has ordered that a parent or guardian shall retain physical custody of a minor subject to supervision by a probation officer, and the probation officer subsequently receives a report of acts or circumstances which indicate that there is reasonable cause to believe that the minor is a person described in subdivision (d) or (e) of Section 300, the probation officer shall commence proceedings under this chapter. If, as a result of the proceedings required, the court finds that the minor is a person described in subdivision (d) or (e) of Section 300, the court shall remove such minor from the care, custody, and control of the minor's parent or guardian and shall commit such minor to the care, custody, and control of the probation officer pursuant to Section 361.5.
- SEC. 17. Section 366 of the Welfare and Institutions Code is amended to read:
- 366. (a) The status of every dependent child in foster care shall be reviewed periodically as determined by the court but no less frequently than once every six months, as calculated from the date of the original dispositional hearing, until the permanency planning hearing required under Section 366.25 is completed. The court shall determine the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and shall project a likely date by which the child may be returned to the home or placed for adoption or legal guardianship.
- (b) Subsequent to the permanency planning hearing periodic reviews of each child in foster care shall be conducted pursuant to the requirements of Sections 366.3 and 16503.
- SEC. 18. Section 366.2 of the Welfare and Institutions Code is amended to read:
- 366.2. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing, of their right to be present and represented by counsel.
- (b) Except as provided in Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on

those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued.

- (c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services offered to the family, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. The probation officer shall provide the parent or parents with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.
- (d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to any such hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider any such report and recommendation prior to determining any disposition.
- (e) The court shall proceed as follows at the review hearing: The court shall order the return of the minor to the physical custody of his or her parents or guardians unless, by a preponderance of the evidence, it finds that the return of the child would create a substantial risk of detriment to the physical or emotional well-being of the minor. The probation department shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in any court-ordered treatment programs shall constitute prima facie evidence that return would be detrimental. In making its determination, the court shall review the probation officer's report and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided; shall make appropriate findings; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 232 of the Civil Code may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

SEC. 19. Section 366.25 of the Welfare and Institutions Code is

amended to read:

- (a) In order to provide stable, permanent homes for children, a court shall, if the minor cannot be returned home pursuant to subdivision (e) of Section 366.2, conduct a permanency planning hearing to make a determination regarding the future status of the minor no later than 12 months after the original dispositional hearing in which the child was removed from the custody of his or her parent, parents, or guardians, and in no case later than 18 months from the time of the minor's original placement pursuant to Section 319 or Section 16507.4 and periodically, but no less frequently than once each 18 months, thereafter during the continuation of foster care. The permanency planning hearing may be combined with the six months' review as provided for in Section 366. In the case of a minor who comes within subdivision (b) of Section 361.5 and for whom the court has found that reunification services should not be provided, a permanency planning hearing shall be held pursuant to Section 361.5.
- (b) Notice of the proceeding to conduct the review shall be mailed by the probation officer to the same persons as in an original proceeding, to the minor's present custodian, and to the counsel of record, by certified mail addressed to the last known address of the person to be notified, or shall be personally served on those persons not earlier than 30 days, nor later than 15 days prior to the date the review is to be conducted.
- (c) Except in cases where permanency planning is conducted pursuant to Section 361.5, the court shall first determine at the hearing whether the minor should be returned to his or her parent or guardian, pursuant to subdivision (e) of Section 366.2. If the minor is not returned to the custody of his or her parent or guardian the court shall determine whether there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months. If the court so determines it shall set another review hearing for not more than six months, which shall be a permanency planning hearing.
- (d) If the court determines that the minor cannot be returned to the physical custody of his or her parent or guardian and that there is not a substantial probability that the minor will be returned within six months, the court shall develop a permanent plan for the minor. In order to enable the minor to obtain a permanent home the court shall make the following determinations and orders:
- (1) If the court finds that it is likely that the minor can or will be adopted, the court shall authorize the appropriate county or state agency to proceed to free the minor from the custody and control of his or her parents or guardians pursuant to Section 232 of the Civil Code unless the court finds that any of the following conditions exist:
- (A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing this relationship.
  - (B) A minor 12 years of age or older objects to termination of

parental rights.

- (C) The minor's foster parents are unable to adopt the minor because of exceptional circumstances which do not include an unwillingness to accept legal responsibility for the minor, but are willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her foster parents would be seriously detrimental to the emotional well-being of the minor.
- (2) If the court finds that it is not likely that the minor can or will be adopted or that one of the conditions in subparagraph (A), (B), or (C) of paragraph (1) applies, the court shall order the appropriate county department to initiate or facilitate the placement of the minor in a home environment that can be reasonably expected to be stable and permanent. This may be accomplished by initiating legal guardianship proceedings or long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the child and if a suitable guardian can be found. When the minor is in a foster home and the foster parents are willing and capable of providing a stable and permanent environment, the minor shall not be removed from the home if the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the foster parents.
- (3) (A) If the court finds that it is not likely that the minor can or will be adopted, that there is no suitable adult available to become the legal guardian of the minor, and that there are no suitable foster parents except certified homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.
- (B) The licensed foster family agency shall place the minor in a suitable licensed or other family home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for support of the minor shall not in and of itself create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504
- (C) Subsequent reviews for these minors shall be conducted every six months by the court. The licensed foster family agency shall be required to submit reports for each minor in its care, custody, and

control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

(e) Notwithstanding Section 1510 of the Probate Code, the proceeding for the appointment for a guardian for a minor under this section shall be in the juvenile court. In such a case, the juvenile court may appoint a guardian pursuant to the standards and procedures otherwise specified by the Probate Code.

The juvenile court shall order counsel for the county department of social services or welfare department to file a written request with the clerk of the probate court, pursuant to Section 2700 of the Probate Code, for special notice of any petition filed to terminate or revoke guardianship.

- (f) Physical custody of a minor by his or her parents or guardians for insubstantial periods during the 12-month period prior to a permanency planning hearing shall not serve to interrupt the running of such periods.
- (g) Notwithstanding any other provision of law, the application of any person who, as a foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that child over all other applications for adoptive placement if the agency making the placement determines that the child has substantial emotional ties to the foster parent and removal from the foster parent would be seriously detrimental to the child's well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the child.

- (h) Subsequent permanency planning hearings need not be held if (1) the child has been freed for adoption and placed in the adoptive home identified in the previous permanency planning hearing and is awaiting finalization of the adoption or (2) the child is the ward of a guardian.
- SEC. 20. Section 366.3 is added to the Welfare and Institutions Code, to read:
- 366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 366.25, the court shall retain jurisdiction over the minor until the minor is adopted or the legal guardianship is established. The status of the minor shall be reviewed every six months to ensure that the adoption or guardianship is completed as expeditiously as possible. When the adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor. The court may continue jurisdiction following the establishment of a legal guardianship, if continued jurisdiction is in the interests of the minor. Following a termination of parental rights pursuant to Section 232 of the Civil Code, the

parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the minor.

(b) If the court has dismissed jurisdiction following the establishment of a legal guardianship and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing jurisdiction over the minor.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a guardianship which has been granted pursuant to Section 366.25 of this code shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the minor. If the petition to terminate guardianship is granted, the juvenile court may resume jurisdiction over the minor, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination.

Unless the parental rights of the the child's parent or parents have been terminated, they shall be notified that the guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the minor in another permanent placement. At the hearing, the parents may be considered as custodians but the minor shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the minor. The court may, if it is in the interests of the minor, order that reunification services again be provided to the parent or parents.

(c) If the minor is in a placement other than a preadoptive home or the home of a legal guardian, the status of the minor shall be reviewed every six months. This review may be conducted by the court or an appropriate local agency; the court shall conduct the review upon the request of the minor's parents or guardian or of the minor. The reviewing body shall inquire about the progress being made to provide a permanent home for the minor and shall determine the appropriateness of the placement, the continuing appropriateness and extent of compliance with the permanent plan for the child, the extent of compliance with the case plan, and the adequacy of services provided to the child.

Each licensed foster family agency shall submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

Unless their parental rights have been permanently terminated, the parent or parents of the minor are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the interests of the minor, unless the parent or parents prove, by a preponderance of the evidence, that further

3993

efforts at reunification are the best alternative for the minor. In those cases, the court may order that further reunification services be provided to the parent or parents for a period not to exceed six months.

- SEC. 21. Section 16506 of the Welfare and Institutions Code is amended to read:
- 16506. Family maintenance services shall be provided or arranged for by county welfare department staff in order to maintain the child in his or her own home. These services shall be limited to six months, and may be extended for two three-month periods if it can be shown that the objectives of the service plan can be achieved within the extended time periods. Family maintenance services shall be available without regard to income and shall only be provided to any of the following:
- (a) Families whose child has been adjudicated a dependent of the court under Section 300, and where the court has ordered the county welfare department to supervise while the child remains in the child's home.
- (b) Families whose child is in potential danger of abuse, neglect, or exploitation, who are willing to accept services and participate in corrective efforts, and where it is safe for the child to remain in the child's home only with the provision of services.
- (c) Families in which the child is in the care of a previously noncustodial parent, under the supervision of the juvenile court.
- SEC. 22. Section 16506.1 of the Welfare and Institutions Code is amended to read:
- 16506.1. Family maintenance services shall include, but not be limited to, counseling, emergency shelter care, temporary in-home caretakers, out-of-home respite care, teaching and demonstrating homemakers, parenting training and transportation.

For the purposes of this section, "out-of-home respite care" means temporary out-of-home care for periods not exceeding 48 hours. This care shall not be limited by regulation to care over 24 hours. These services shall not be provided for the purpose of routine, ongoing child day care.

SEC. 23. Section 16507 of the Welfare and Institutions Code is amended to read:

16507. Family reunification services shall be provided or arranged for by county welfare department staff in order to reunite the child separated from his or her parent because of abuse, neglect, or exploitation. These services shall not exceed 12 months except as provided in subdivision (a) of Section 361.5. Family reunification services shall be available without regard to income to families whose child has been adjudicated or is in the process of being adjudicated a dependent child of the court under the provisions of Section 300. Family reunification services shall include a plan for visitation of the child by his or her grandparents, where the visitation is in the best interests of the child and will serve to maintain and strengthen the family relationships of the child.

Family reunification services shall only be provided when a child has been placed in out-of-home care, or is in the care of a previously noncustodial parent under the supervision of the juvenile court.

When a minor has been placed in foster care with a nonparent, family reunification services may be provided to one or both parents.

SEC. 24. The Legislature finds and declares that significant progress has been made in California to implement the child welfare services reforms of Chapter 978 of the Statutes of 1982. The Legislature finds that child abuse reporting statutes have been broadened, that public awareness has increased, and that additional children are being served by the child welfare system.

The Legislature declares that there is need to review the interrelationship between the statutes relating to child abuse reporting, dependent children, and child welfare service. To this end, the Senate Select Committee on Children and Youth shall establish a task force to study these statutes. The task force, the members of which shall be appointed by February 1, 1987, shall review current statutes, identify problem areas in the law and, by January 1, 1988, submit a report to the Legislature recommending statutory revisions to strengthen and compliment the child welfare system in California.

SEC. 25. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund.

- SEC. 11. Section 84520 of the Education Code is amended to read: 84520. (a) Pursuant to the provisions of Section 84500 and rules and regulations adopted by the board of governors, the units of average daily attendance for apportionment purposes shall be computed for courses based on the type of course, the way the course is scheduled, and the length of the course.
- (b) The governing board of each community college district shall. for each of its colleges or its district, select and establish a single primary term length for credit courses that are scheduled regularly with respect to the number of days of the week and the number of hours the course meets each week. The units of average daily attendance of credit courses scheduled coterminously with the term, exclusive of independent study or work experience education courses, shall be computed by multiplying the average weekly student contact hours of active enrollment as of Monday of the weeks nearest to one-fifth and three-fifths of the length of the term, unless other weeks are specified by the chancellor to incorporate past practice, by the term length multiplier, multiplied by the statewide factor established by the board of governors subject to the approval of the Department of Finance, and divided by 525. The term length multiplier for attendance accounting purposes shall be determined in accordance with regulations of the board of governors, provided that the maximum multiplier for semester length terms shall be 17.5 and the maximum multiplier for quarter length terms shall be 11.67.
- (c) For credit courses scheduled to meet for five or more days, and scheduled regularly with respect to the number of hours during each scheduled day, but not scheduled coterminously with the college's primary term established pursuant to subdivision (b), or scheduled during the summer or other intersession, the units of average daily attendance, exclusive of independent study or work experience education courses, shall be computed by multiplying the average daily student contact hours of active enrollment as of the census days nearest to one-fifth and three-fifths of the length of the course by the number of days the course is scheduled to meet, multiplied by the statewide factor established by the board of

governors subject to the approval of the Department of Finance, and divided by 525.

- (d) For credit courses scheduled to meet for fewer than five days, and all credit courses scheduled irregularly with respect to the number of days of the week and the number of hours the course meets on the scheduled days, the units of average daily attendance, exclusive of independent or work experience education courses, shall be computed by dividing actual student contact hours of attendance by 525.
- (e) For all open entry-open exit credit courses and for all noncredit courses otherwise eligible for state aid, the units of average daily attendance shall be computed by dividing actual student contact hours of attendance by 525.
- (f) All independent study or work experience education courses are credit courses. For purposes of computing average daily attendance only, one weekly student contact hour shall be counted for each unit of credit for which a student is enrolled in one of those courses. The average daily attendance for those courses shall be computed by multiplying the average of the units of credit for which students are enrolled as of the census dates prescribed in subdivision (b) or (c), as appropriate for the primary term or intersession and duration for which the course is scheduled, by the term length multiplier as provided for in subdivision (b), and dividing by 525.
- (g) Notwithstanding subdivisions (b) and (c) of this section, the units of average daily attendance for any credit course other than independent study or work experience education courses may, at the option of the district, be computed by dividing the actual student contact hours of attendance by 525.

- (b) Notwithstanding Sections 84700, 84701, and 84702, for each community college district that received an allowance during the 1985–86 fiscal year pursuant to this section or Section 84811, as those sections read during the 1985–86 fiscal year, the Chancellor of the California Community Colleges shall adjust the district's base average daily attendance and base revenue for the 1986–87 fiscal year to include the average daily attendance generated by, and the

revenue received for, the classes for which the allowance was received during the 1985-86 fiscal year.

- (c) Any courses conducted under this section shall conform to the criteria and standards adopted by the Board of Governors of the California Community Colleges under Section 71027, and shall be submitted to the Board of Governors for approval.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 2550 of the Education Code is amended to read:

2550. The Superintendent of Public Instruction shall perform the computations prescribed in this section for each county superintendent of schools.

(a) The Superintendent of Public Instruction shall make the

following computations to determine the revenue limits for special schools and classes operated by county superintendents of schools:

- (1) For the 1979–80 fiscal year, the Superintendent of Public Instruction shall determine the 1978–79 revenue limits for the programs specified in subdivision (e) of Section 2500, as computed pursuant to Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978. The Superintendent of Public Instruction shall increase these revenue limits by a percentage equal to the inflation allowance calculated in Section 2557.
- (2) For the 1979-80 fiscal year, the Superintendent of Public Instruction shall determine the allowances that county superintendents receive per unit of average daily attendance in programs operated pursuant to Section 1980 or 48633.
- (3) The Superintendent of Public Instruction shall multiply the amounts calculated in paragraphs (1) and (2) by the estimated number of classes or units of average daily attendance for those programs for the 1979–80 fiscal year.
- (b) The Superintendent of Public Instruction shall make the following computations to determine the amount to be allocated for vocational/technical schools and classes operated by county superintendents of schools:
- (1) For the 1979–80 fiscal year, for programs operated pursuant to Section 52301, the Superintendent of Public Instruction shall determine the 1978–79 revenue limits specified in Section 52317, as computed pursuant to Section 6 of Chapter 292, Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978. The Superintendent of Public Instruction shall increase these revenue limits by a percentage equal to the inflation allowance calculated in Section 2557. The Superintendent of Public Instruction shall then multiply this adjusted revenue limit by a factor of 0.95 and multiply the product by the estimated number of units of average daily attendance for those programs for the 1979–80 fiscal year. For purposes of this paragraph, this estimate shall include only average daily attendance earned by students concurrently enrolled in regular high school programs and by adults enrolled in adult programs mandated pursuant to Section 41976.
- (2) For the 1979–80 fiscal year, the Superintendent of Public Instruction shall determine the revenue limits per unit of average daily attendance for programs operated pursuant to Sections 1791 and 2520, as computed pursuant to Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 332 of the Statutes of 1978. The Superintendent of Public Instruction shall increase these revenue limits by a percentage equal to the inflation allowance calculated in Section 2557. The Superintendent of Public Instruction shall then multiply these adjusted revenue limits by the respective number of units of average daily attendance for those programs for the 1979–80 fiscal year.
  - (c) For the 1981-82 fiscal year and each fiscal year thereafter, the

Superintendent of Public Instruction shall make the following computations to determine the amount to be allocated for direct services and other purposes provided by county superintendents of schools:

- (1) For programs operated pursuant to subdivision (a) of Section 14054, the Superintendent of Public Instruction shall:
- (A) Determine the allowances that county superintendents received per unit of average daily attendance in the prior fiscal year. The Superintendent of Public Instruction shall increase each amount by a percentage equal to the inflation allowance calculated for the current fiscal year pursuant to Section 2557.
- (B) Multiply each amount determined in subparagraph (A) by the actual number of units of average daily attendance in the prior fiscal year for programs maintained by each county superintendent. For purposes of this subparagraph, the number of units of average daily attendance shall include only elementary districts with less than 901 units of average daily attendance, high school districts with less than 301 units of average daily attendance, and unified school districts with less than 1,501 units of average daily attendance within each county superintendent's jurisdiction.
- (2) For programs operated pursuant to subdivision (b) of Section 14054, the Superintendent of Public Instruction shall:
- (A) Determine the allowances that county superintendents received per unit of average daily attendance in the prior fiscal year for programs for kindergarten and grades 1 to 12, inclusive. The Superintendent of Public Instruction shall increase each amount by a percentage equal to the inflation allowance calculated in Section 2557.
- (B) Multiply each amount determined in subparagraph (A) by the estimated units of average daily attendance in the current fiscal year for programs for kindergarten and grades 1 to 12, inclusive, maintained by each county superintendent. For the purposes of this subparagraph, the estimate shall include only the total units of average daily attendance credited to all elementary, high school, and unified school districts within each county superintendent's jurisdiction and to the county superintendent.
- SEC. 2. Section 2558 of the Education Code is amended to read: 2558. Notwithstanding any other provision of law, for the 1979–80 fiscal year and each fiscal year thereafter, the Superintendent of Public Instruction shall apportion state aid to county superintendents of schools pursuant to the provisions of this section.
- (a) The Superintendent of Public Instruction shall total the amounts computed for the fiscal year pursuant to Sections 2550, 2551, 2551.3, 2554, 2555, and 2557. For the 1979–80 fiscal year and for purposes of calculating the 1979–80 fiscal year base amounts in succeeding fiscal years, the amounts in Sections 2550, 2551, 2552, 2554, 2555, and 2557, as they read in the 1979–80 fiscal year, shall be multiplied by a factor of 0.994. For the 1981–82 fiscal year and for purposes of calculating the 1981–82 fiscal year base amounts in

succeeding fiscal years, the amount in this subdivision shall be multiplied by a factor of 0.97.

- (b) For the 1983–84 fiscal year and each fiscal year thereafter, the amount computed in subdivision (a) shall be reduced by the amount of the decreased contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982. For the 1983–84 fiscal year and each fiscal year thereafter, the decreased contributions shall be based on the 1982–83 salaries of employees participating in the Public Employees' Retirement System during the 1982–83 fiscal year. For the purposes of this subdivision, no reduction shall be made for decreased contributions for positions that were funded totally from federal funds during the 1982–83 fiscal year.
- (c) The Superintendent of Public Instruction shall also subtract from the amount determined in subdivision (a) the sum of: (1) local property tax revenues received pursuant to Section 2573 in the then current fiscal year, and tax revenues received pursuant to Section 2556 in the then current fiscal year, (2) state and federal categorical aid for the fiscal year, (3) district contributions pursuant to Section 52321 for the fiscal year, and other applicable local contributions and revenues, and (4) any amounts that the county superintendent of schools was required to maintain as restricted and not available for expenditure in the 1978–79 fiscal year as specified in the second paragraph of subdivision (c) of Section 6 of Chapter 292 of the Statutes of 1978, as amended by Chapter 51 of the Statutes of 1979.
- (d) The remainder computed in subdivision (c) shall be distributed in the same manner as state aid to school districts from funds appropriated to Section A of the State School Fund.
- (e) If the remainder determined pursuant to subdivision (c) is a negative amount, no state aid shall be distributed to that county superintendent of schools pursuant to subdivision (d), and an amount of funds of that county superintendent equal to that negative amount shall be deemed restricted and not available for expenditure during the current fiscal year. In the next fiscal year, that amount shall be considered local property tax revenue for purposes of the operation of paragraph (1) of subdivision (c) of this section.
- SEC. 3. Section 35160.2 is added to the Education Code, to read: 35160.2. For the purposes of Section 35160, "school district" shall include county superintendents of schools and county boards of education.

(b) In addition to the salary provided in this article officers, deputies, and other attachés of the marshal's office shall receive, and they shall be entitled to the same number of holidays, leaves of absence, retirement benefits, deferred compensation benefits, and all other fringe benefits as are now or may hereafter be provided for the specified comparable employees of the County of San Diego.

For purposes of providing the fringe benefits specified in this section, each class in the marshal's office shall receive benefits equal to those of the comparable class in the service of the County of San Diego as specified in this section. The marshal shall receive the same fringe benefits received by the Sheriff of the County of San Diego.

The purpose and intent of this subdivision is to provide all marshal's personnel with any and all fringe benefits, but no more than those, which are available to their comparable classes in the service of the County of San Diego, as specified in this section. Whenever action or approval by the chief administrative officer or the county personnel director is required by the county benefit, it shall be taken or given as to comparable marshal's employees, by the marshal, or as to the marshal by the majority of the judges or their designees. Changes in fringe benefits shall be effective on the same date as those for employees of the County of San Diego in the specified comparable classes. The marshal may adopt rules for the conduct of and personnel privileges to be afforded marshal employees, excluding fringe benefits.

74371. In the event that the number of judges, commissioners, or referees provided for the superior court or any existing municipal court judicial district in the County of San Diego is increased, or that additional municipal court judicial districts are provided in the County of San Diego, thereby causing an increase in the number of judges, commissioners, or referees, the marshal at his discretion may appoint one deputy marshal or court service officer and one intermediate typist, legal procedures clerk, or deputy marshal-cadet each of whom shall receive compensation as specified for their

respective classifications, for each additional judge, commissioner, or

referee appointed or elected.

74372. The first 18 months served by a deputy marshal appointee or the first 12 months served by any other appointee shall be considered probationary, except for appointments to classes of positions serving at the pleasure of the appointing authority, and the appointing power shall have the authority to dismiss without cause in the case of a new employee, or demote without cause in the case of a promoted employee during said probationary period.

SEC. 9. Article 30 (commencing with Section 74740) of Chapter

10 of Title 8 of the Government Code is repealed.

When such an appointment is made, the class, compensation (including salary and fringe benefits), and number of such positions may be established by joint action of the majority of the judges and the board of supervisors in accordance with established county personnel and budgetary procedures. The court administrator may then appoint additional attachés to such classes of positions in the same manner as those for which express provision is made, and they shall receive the compensation so provided. Such additional deputy clerks shall receive the monthly salaries specified for their respective classes by Section 74745.
- 74747. Persons who succeed to positions in the municipal court under provisions of the Municipal and Justice Court Act of 1949 shall receive credit for continuous prior service in superseded courts and in the sheriff's department or constabulary of the county. In determining the rate of compensation to be paid to the officers and employees named in this article, service in any city, municipal or justice court of the State of California and service in the sheriff's department or constabulary of the County of San Diego shall be deemed to be service in the respective offices and employments in the Municipal Court of the South Bay Judicial District.

74748. The municipal court shall hold sessions in the City of Chula Vista and at such other places as the board of supervisors, by ordinance, may designate.

74749. (a) In addition to the salary provided in this article, the attachés of the municipal court shall receive, and they shall be entitled to the same number of holidays, leaves of absence, and all other fringe benefits as now or may hereafter be provided for the employees of the County of San Diego in the comparable classes specified in Section 74345.

The court administrator and assistant court administrator shall receive the same number of holidays, leaves of absence, and all other fringe benefits as are now or may be hereafter received by the chief probation officer of the County of San Diego. All persons employed as deputy clerk-division manager III, deputy clerk-division manager I, or deputy clerk-administrative assistant III shall receive the same number of holidays, leaves of absence, and all other fringe benefits as are now or may hereafter be received by the class of

administrative assistant III in the classified service of the County of San Diego.

The purpose and intent of this subdivision is to provide all court attachés except the commisioner and court reporters with any and all fringe benefits but no more than those which are available to their comparable classes in the service of the County of San Diego as specified herein or in Section 74345. Whenever action or approval by the chief administrative officer or county personnel director is required for the county benefit, it shall be taken or given, as to comparable municipal court officers and attachés other than those serving at the pleasure of the court, by the court administrator with the approval of the majority of the judges of the municipal court or their designees, or as to those serving at the pleasure of the court, by the majority of the judges or their designees. Changes in benefits shall be effective on the same date as those for employees of the County of San Diego in the specified comparable classes. The majority of all the municipal court judges may adopt rules for the conduct of the personnel privileges to be afforded the attachés of the court excluding fringe benefits.

(b) All attachés other than the commissioner and the court reporters, and other persons serving at the pleasure of their appointing authorities, may be appointed, promoted, removed, suspended, or discharged for cause by the appointing authority subject in such appointment, promotion, removal, suspension, or discharge to civil service provisions applicable to the classified personnel of the County of San Diego. Whenever such attachés are appointed or promoted to a position, they shall serve a probationary period of at least six months and not to exceed 18 months, as specified in the job announcement for the class prior to appointment.

74750. Official reporters in the Municipal Court of the South Bay Judicial District appointed pursuant to Section 72194 shall be attachés of such court, and in lieu of any other compensation provided by law for their services in reporting testimony and proceedings in such court shall be paid a biweekly salary equal to that specified for official court reporters for the Superior Court of the County of San Diego. These salaries shall be a charge against the general fund of the county.

Pursuant to Section 72194, the judges of such court may appoint as many additional reporters as the business of the court may require, who shall be known as official reporters pro tempore, and who shall serve without salary but who shall receive the fees provided by Sections 69947 to 69953, inclusive, except that in lieu of the per diem fees provided in such sections for reporting testimony and proceedings, the official reporters pro tempore shall in all cases be compensated at a rate equal to that paid to official reporters pro tempore for the Superior Court of the County of San Diego, which shall be a charge against the general fund of the County of San Diego.

Fees for transcription of testimony and proceedings in such court shall be paid by the litigants to official reporters and official reporters pro tempore as otherwise provided by law. In all cases where by law the court may direct the payment of transcription fees out of the county treasury, such fees shall, upon order of the court, be paid from the general fund, including fees for transcription of testimony and proceedings in criminal cases as provided in Sections 69947 to 69953, inclusive.

Official reporters of such court shall be members of any retirement system maintained by the county. For the purpose of such retirement system the salary provided in this article for such reporters shall be deemed their entire compensation.

Notwithstanding the provisions of Section 74749, official reporters serve at the pleasure of the judges and shall receive and be entitled to the same number of holiday, leaves of absence, and all other fringe benefits as are now or may hereafter be provided for by rule for the official reporters of the Superior Court of the County of San Diego.

## CHAPTER 1126

An act to amend Section 1424 of the Health and Safety Code, relating to health care facilities.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1424 of the Health and Safety Code is amended to read:

- 1424. Citations issued pursuant to this chapter shall be classified according to the nature of the violation and shall indicate the classification on the face thereof.
- (a) In determining the amount of the civil penalty, all relevant facts shall be considered, including, but not limited to, the following:
- (1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.
  - (2) The patient's medical condition.
- (3) The patient's mental condition and his or her history of mental disability or disorder.
- (4) The good faith efforts exercised by the facility to prevent the violation from occurring.
  - (5) The licensee's history of compliance with regulations.
- (b) Class "AA" violations are violations which meet the criteria for a class "A" violation and which the state department determines

to have been a direct proximate cause of death of a patient of a long-term health care facility. A class "AA" violation is subject to a civil penalty in the amount of not less than five thousand dollars (\$5,000) and not exceeding twenty-five thousand dollars (\$25,000) for each violation. In any action to enforce a citation issued under this subdivision, the state department shall prove all of the following:

- (1) The violation was a direct proximate cause of death of a patient.
- (2) The death resulted from an occurrence of a nature which the regulation was designed to prevent.
- (3) The patient suffering the death was among the class of persons for whose protection the regulation was adopted.

If the state department meets this burden of proof, the licensee shall have the burden of proving that the licensee violating the regulation did what might reasonably be expected of a long-term health care facility licensee, acting under similar circumstances, to comply with the regulation. If the licensee sustains this burden, then the citation may be reduced.

For each class "AA" violation within a 12-month period which has become final, the state department shall consider the suspension or revocation of the facility's license in accordance with Section 1294. For a third or subsequent class "AA" violation in a facility within that 12-month period which has been sustained following a citation review conference, the state department shall commence action to suspend or revoke the facility's license in accordance with Section 1294.

- (c) Class "A" violations are violations which the state department determines present either (1) imminent danger that death or serious harm to the patients of the long-term health care facility would result therefrom, or (2) substantial probability that death or serious physical harm to patients of the long-term health care facility would result therefrom. A physical condition or one or more practices, means, methods, or operations in use in a long-term health care facility may constitute a class "A" violation. The condition or practice constituting a class "A" violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the state department, is required for correction. A class "A" violation is subject to a civil penalty in an amount not less than one thousand dollars (\$1,000) and not exceeding ten thousand dollars (\$10,000) for each and every violation.
- (d) Class "B" violations are violations which the state department determines have a direct or immediate relationship to the health, safety, or security of long-term health care facility patients, other than class "AA" or "A" violations. Unless otherwise determined by the state department to be a class "A" violation pursuant to this chapter and rules and regulations adopted pursuant thereto, any violation of a patient's rights as set forth in Sections 72527 and 73523 of Title 22 of the California Administrative Code, which is determined by the state department to cause or under circumstances

likely to cause significant humiliation, indignity, anxiety, or other emotional trauma to a patient is a class "B" violation. A class "B" violation is subject to a civil penalty in an amount not less than one hundred dollars (\$100) and not exceeding one thousand dollars (\$1,000) for each and every violation. A citation for a class "B" violation shall specify the time within which the violation is required to be corrected.

If a class "B" violation is corrected within the time specified, no civil penalties shall be imposed, unless it is a second or subsequent violation of the same regulation occurring within the period since and including the previous full annual licensing survey inspection or 12 months, whichever is greater. In no case, shall the period extend beyond 13 months. At the citation review conference, the director's designee may, utilizing the criteria set forth in subdivision (a), waive or reduce the penalty as specified in subdivision (a) of Section 1428, taking into consideration the seriousness of the previous and present violations, the similarity between the two violations, the extent to which there is a direct relationship to the health and safety or security of patients, and the good faith exercised by the licensee in correcting the problem. The decision to waive or not to waive these penalties shall not be reviewable.

(e) Any willful material falsification or willful material omission in the health record for a patient of a long-term health care facility is a violation. "Willful material falsification," as used in this section, means any entry in the patient health care record pertaining to the administration of medication, or treatments ordered for the patient, or pertaining to services for the prevention or treatment of decubitus ulcers or contractures, or pertaining to tests and measurements of vital signs, or notations of input and output of fluids, which was made with the knowledge that the records falsely reflect the condition of the resident or the care or services provided.

"Willful material omission," as used in this section, means the willful failure to record any untoward event which has affected the health, safety, or security of the specific patient, and which was omitted with the knowledge that the records falsely reflect the condition of the resident or the care or services provided. A violation of this subdivision may result in a civil penalty not to exceed ten thousand dollars (\$10,000), as specified in paragraphs (1) to (3), inclusive. However, in no case shall the civil penalty be trebled.

- (1) The willful material falsification or willful material omission is subject to a civil penalty of not less than two thousand five hundred dollars (\$2,500) or more than ten thousand dollars (\$10,000) in instances where the health care record is relied upon by a health care professional to the detriment of a patient by affecting the administration of medications or treatments, the issuance of orders, or the development of plans of care. In all other cases, violations of this subdivision are subject to a civil penalty not exceeding two thousand five hundred dollars (\$2,500).
  - (2) Where the penalty assessed is one thousand dollars (\$1,000) or

less, the violation shall be issued and enforced, except as provided in this subdivision, in the same manner as a class "B" violation, and shall include the right of appeal as specified in Section 1428 and the payment of the minimum fine as specified in subdivision (d) and in Section 1428.1. Where the assessed penalty is in excess of one thousand dollars (\$1,000), the violation shall be issued and enforced, except as provided in this subdivision, in the same manner as a class "A" violation, and shall include the right of appeal as specified in Section 1428 and the payment of the minumum fine as specified in Section 1428.1.

Nothing in this section shall be construed as a change in previous law enacted by Chapter 11 of the Statutes of 1985 relative to this paragraph, but merely as a clarification of existing law.

- (3) Nothing in this subdivision shall preclude the state department from issuing a class "A" or class "B" citation for any violation which meets the requirements for that citation, regardless of whether the violation also constitutes a violation of this subdivision. However, no single act, omission, or occurrence may be cited both as a class "A" or class "B" violation and as a violation of this subdivision.
- (f) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to patient safety or health.
- SEC. 2. Section 1424 of the Health and Safety Code is amended to read:
- 1424. Citations issued pursuant to this chapter shall be classified according to the nature of the violation and shall indicate the classification on the face thereof.
- (a) In determining the amount of the civil penalty, all relevant facts shall be considered, including, but not limited to, the following:
- (1) The probability and severity of the risk which the violation presents to the patient's mental and physical condition.
  - (2) The patient's medical condition.
- (3) The patient's mental condition and his or her history of mental disability or disorder.
- (4) The good faith efforts exercised by the facility to prevent the violation from occurring.
  - (5) The licensee's history of compliance with regulations.
- (b) Class "AA" violations are violations which meet the criteria for a class "A" violation and which the state department determines to have been a direct proximate cause of death of a patient of a long-term health care facility. A class "AA" violation is subject to a civil penalty in the amount of not less than five thousand dollars (\$5,000) and not exceeding twenty-five thousand dollars (\$25,000) for each violation. In any action to enforce a citation issued under this subdivision, the state department shall prove all of the following:
- (1) The violation was a direct proximate cause of death of a patient.
  - (2) The death resulted from an occurrence of a nature which the

regulation was designed to prevent.

(3) The patient suffering the death was among the class of persons for whose protection the regulation was adopted.

If the state department meets this burden of proof, the licensee shall have the burden of proving that the licensee violating the regulation did what might reasonably be expected of a long-term health care facility licensee, acting under similar circumstances, to comply with the regulation. If the licensee sustains this burden, then the citation may be reduced.

For each class "AA" violation within a 12-month period which has become final, the state department shall consider the suspension or revocation of the facility's license in accordance with Section 1294. For a third or subsequent class "AA" violation in a facility within that 12-month period which has been sustained following a citation review conference, the state department shall commence action to suspend or revoke the facility's license in accordance with Section 1294.

- (c) Class "A" violations are violations which the state department determines present either (1) imminent danger that death or serious harm to the patients of the long-term health care facility would result therefrom, or (2) substantial probability that death or serious physical harm to patients of the long-term health care facility would result therefrom. A physical condition or one or more practices, means, methods, or operations in use in a long-term health care facility may constitute a class "A" violation. The condition or practice constituting a class "A" violation shall be abated or eliminated immediately, unless a fixed period of time, as determined by the state department, is required for correction. A class "A" violation is subject to a civil penalty in an amount not less than one thousand dollars (\$1,000) and not exceeding ten thousand dollars (\$10,000) for each and every violation.
- (d) Class "B" violations are violations which the state department determines have a direct or immediate relationship to the health, safety, or security of long-term health care facility patients, other than class "AA" or "A" violations. Unless otherwise determined by the state department to be a class "A" violation pursuant to this chapter and rules and regulations adopted pursuant thereto, any violation of a patient's rights as set forth in Sections 72527 and 73523 of Title 22 of the California Administrative Code, which is determined by the state department to cause or under circumstances likely to cause significant humiliation, indignity, anxiety, or other emotional trauma to a patient is a class "B" violation. A class "B" violation is subject to a civil penalty in an amount not less than one hundred dollars (\$100) and not exceeding one thousand dollars (\$1,000) for each and every violation. A citation for a class "B" violation shall specify the time within which the violation is required to be corrected.

If a class "B" violation is corrected within the time specified, no civil penalties shall be imposed, unless it is a second or subsequent

violation of the same regulation occurring within the period since and including the previous full annual licensing survey inspection or 12 months, whichever is greater. In no case, shall the period extend beyond 13 months. At the citation review conference, the director's designee may, utilizing the criteria set forth in subdivision (a), waive or reduce the penalty as specified in subdivision (a) of Section 1428, taking into consideration the seriousness of the previous and present violations, the similarity between the two violations, the extent to which there is a direct relationship to the health and safety or security of patients, and the good faith exercised by the licensee in correcting the problem. The decision to waive or not to waive these penalties shall not be reviewable.

(e) Any willful material falsification or willful material omission in the health record for a patient of a long-term health care facility is a violation. "Willful material falsification," as used in this section, means any entry in the patient health care record pertaining to the administration of medication, or treatments ordered for the patient, or pertaining to services for the prevention or treatment of decubitus ulcers or contractures, or pertaining to tests and measurements of vital signs, or notations of input and output of fluids, which was made with the knowledge that the records falsely reflect the condition of the resident or the care or services provided.

"Willful material omission," as used in this section, means the willful failure to record any untoward event which has affected the health, safety, or security of the specific patient, and which was omitted with the knowledge that the records falsely reflect the condition of the resident or the care or services provided. A violation of this subdivision may result in a civil penalty not to exceed ten thousand dollars (\$10,000), as specified in paragraphs (1) to (3), inclusive. However, in no case shall the civil penalty be trebled.

- (1) The willful material falsification or willful material omission is subject to a civil penalty of not less than two thousand five hundred dollars (\$2,500) or more than ten thousand dollars (\$10,000) in instances where the health care record is relied upon by a health care professional to the detriment of a patient by affecting the administration of medications or treatments, the issuance of orders, or the development of plans of care. In all other cases, violations of this subdivision are subject to a civil penalty not exceeding two thousand five hundred dollars (\$2,500).
- (2) Where the penalty assessed is one thousand dollars (\$1,000) or less, the violation shall be issued and enforced, except as provided in this subdivision in the same manner as a class "B" violation and shall include the right of appeal as specified in Section 1428 and the payment of the minimum fine as specified in subdivision (d) and in Section 1428.1. Where the assessed penalty is in excess of one thousand dollars (\$1,000), the violation shall be issued and enforced, except as provided in this subdivision, in the same manner as a class "A" violation and shall include the right of appeal as specified in Section 1428 and the payment of the minimum fine as specified in

Section 1428.1.

Nothing in this section shall be construed as a change in previous law enacted by Chapter 11 of the Statutes of 1985 relative to this paragraph, but merely as a clarification of existing law.

- (3) Nothing in this subdivision shall preclude the state department from issuing a class "A" or class "B" citation for any violation which meets the requirements for that citation, regardless of whether the violation also constitutes a violation of this subdivision. However, no single act, omission, or occurrence may be cited both as a class "A" or class "B" violation and as a violation of this subdivision.
- (f) The director shall prescribe procedures for the issuance of a notice of violation with respect to violations having only a minimal relationship to patient safety or health.
- (g) Penalties collected pursuant to this section shall be used, as specified in Section 1280.1 to provide consultative services to long-term health care facilities, and to provide grants, which shall be used to provide innovative or demonstration programs or services for residents, family members, or employees of long-term health care facilities, or to provide community education on long-term care issues.

This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before that date deletes or extends that date. If that date is not deleted or extended, then, on and after January 1, 1990, pursuant to Section 9611 of the Government Code, Section 1424 of the Health and Safety Code, as amended by Section 9 of Chapter 11 of the Statutes of 1985, shall have the same force and effect as if this temporary provision had not been enacted.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1424 of the Health and Safety Code proposed by both this bill and SB 765. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1987, (2) each bill amends Section 1424 of the Health and Safety Code, and (3) this bill is enacted after SB 765, in which case Section 1 of this bill shall not become operative.

## CHAPTER 1128

An act to amend Sections 3700, 3700.5, 3701, 3701.5, 3702.1, 3702.3, 3702.6, 3705, 3740, 3742, 3744, and 3745 of, and to add Sections 3700.1, 3701.3, 3702.2, 3702.8, 3702.9, and 3702.10 to, the Labor Code, relating to workers' compensation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3700 of the Labor Code is amended to read: 3700. Every employer except the state shall secure the payment of compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his employees.
- (c) For any county, city, city and county, municipal corporation, public district, public agency, or any political subdivision of the state, including each member of a pooling arrangement under a joint exercise of powers agreement (but not the state itself), by securing from the Director of Industrial Relations a certificate of consent to self-insure against workers' compensation claims, which certificate may be given upon furnishing proof satisfactory to the director of ability to administer workers' compensation claims properly, and to pay workers' compensation claims that may become due to its employees. On or before March 31, 1979, a political subdivision of the state which, on December 31, 1978, was uninsured for its liability to pay compensation, shall file a properly completed and executed application for a certificate of consent to self-insure against workers' compensation claims. The certificate shall be issued and be subject to the provisions of Section 3702.

- SEC. 2. Section 3700.1 is added to the Labor Code, to read: 3700.1. As used in this article:
- (a) "Director" means the Director of Industrial Relations.
- (b) "Private self-insurer" means a private employer which has secured the payment of compensation pursuant to Section 3701.
- (c) "Insolvent self-insurer" means a private self-insurer who has failed to pay compensation and whose security deposit has been called by the director pursuant to Section 3701.5.
- (d) "Fund" means the Self-Insurers' Security Fund established pursuant to Section 3742.
- (e) "Trustees" means the Board of Trustees of the Self-Insurers' Security Fund.
- (f) "Member" means a private self-insurer which participates in the Self-Insurers' Security Fund.
- (g) "Incurred liabilities for the payment of compensation" means the sum of both of the following:
- (1) An estimate of future compensation, as compensation is defined by Section 3207.
- (2) An amount determined by the director to be reasonably adequate to assure the administration of claims, including legal costs. SEC. 3. Section 3700.5 of the Labor Code is amended to read:
- 3700.5. The failure to secure the payment of compensation as required by this article by one who knew, or because of his or her knowledge or experience should be reasonably expected to have known, of the obligation to secure the payment of compensation, is a misdemeanor.
  - SEC. 4. Section 3701 of the Labor Code is amended to read:
- 3701. (a) Each year every private self-insuring employer shall secure incurred liabilities for the payment of compensation and the performance of the obligations of employers imposed under this chapter by renewing the prior year's security deposit or by making a new deposit of security. If a new deposit is made, it shall be posted within 60 days of the filing of the self-insured employer's annual report with the director, but in no event later than May 1.
- (b) The minimum deposit shall be 125 percent of the private self-insurer's estimated future liability plus an amount determined by the director pursuant to regulations promulgated under Section 3702.10 to be reasonable and sufficient to secure payment of all administrative and legal costs relating to or arising from the employer's self insuring. The regulations shall be in effect by March 1, 1987. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than two hundred thousand dollars (\$200,000).
- (c) The director may only accept as security, and the employer shall deposit as security, cash, securities, surety bonds, or irrevocable letters of credit in any combination the director, in his or her discretion, deems adequate security. The current deposit shall include within its coverage all amounts covered by terminated

surety bonds or excess insurance policies.

- (d) Surety bonds, irrevocable letters of credit, and documents showing issuance of any irrevocable letter of credit shall be deposited with, and in a form approved by, the director, shall be exonerated only according to its terms and, in no event, by the posting of additional security.
- (e) Securities shall be deposited on behalf of the director by the self-insured employer with the Treasurer. Securities shall be accepted by the Treasurer for deposit and shall be withdrawn only upon written order of the director.
- (f) Cash shall be deposited in a financial institution approved by the director, and in the account assigned to the director. Cash shall be withdrawn only upon written order of the director.
- (g) Upon the sending by the director of a request to renew, request to post, or request to increase or decrease a security deposit, a perfected security interest is created in the private self-insured's assets in favor of the director to the extent of any then unsecured portion of the self-insured's incurred liabilities. That perfected security interest is transferred to any cash or securities thereafter posted by the private self-insured with the director and is released only upon either of the following:
- (1) The acceptance by the director of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation.
  - (2) The return of cash or securities by the director.

The private self-insured employer loses all right, title, and interest in, and any right to control, all assets or obligations posted or left on deposit as security. The director may liquidate the deposit as provided in Section 3701.5 and apply it to the self-insured employer's incurred liabilities either directly or through the Self-Insurers' Security Fund.

- SEC. 5. Section 3701.3 is added to the Labor Code, to read:
- 3701.3. The director shall return to a private self-insured employer all amounts determined, in the director's discretion, to be in excess of that needed to assure the administration of the employer's self insuring, including legal fees, and the payment of any future claims.
  - SEC. 6. Section 3701.5 of the Labor Code is amended to read:
- 3701.5. (a) If the director determines that a private self-insured employer has failed to pay workers' compensation as required by this division, the security deposit shall be utilized to administer and pay the employer's compensation obligations.
- (b) If the director determines the security deposit has not been immediately made available for the payment of compensation, the director shall determine the method of payment and claims administration as appropriate, which may include, but is not limited to, payment by a surety that issued the bond, or payment by an issuer of an irrevocable letter of credit, and administration by a surety or by an adjusting agency, or through the Self-Insurers' Security Fund,

or any combination thereof.

- (c) If the director determines the payment of benefits and claims administration shall be made through the Self-Insurers' Security Fund, the fund shall commence payment of the private self-insured employer's obligations for which it is liable under Section 3743 within 30 days of notification. Payments shall be made to claimants whose entitlement to benefits can be ascertained by the fund, with or without proceedings before the appeals board. Upon the assumption of obligations by the fund pursuant to the director's determination, the fund shall have a right to immediate possession of any posted security and the custodian, surety, or issuer of any irrevocable letter of credit shall turn over the security to the fund together with the interest that has accrued since the date of the self-insured employer's default or insolvency.
- (d) The director shall promptly audit an employer upon making a determination under subdivision (a) or (b). The employer, any excess insurer, and any adjusting agency shall provide any relevant information in their possession. If the audit results in a preliminary estimate that liabilities exceed the amount of the security deposit, the director shall direct the custodian of the security deposit to liquidate it and provide all proceeds to the Self-Insurers' Security Fund. If the preliminary estimate is that liabilities are less than the security deposit, the director shall ensure the administration and payment of compensation pursuant to subdivision (b).
- (e) The payment of benefits by the Self-Insurers' Security Fund from security deposit proceeds shall release and discharge any custodian of the security deposit, surety, any issuer of a letter of credit, and the self-insured employer, from liability to fulfill obligations to provide those same benefits as compensation, but does not release any person from any liability to the fund for full reimbursement. Payment by a surety constitutes a full release of the surety's liability under the bond to the extent of that payment, and entitles the surety to full reimbursement by the principal or his or her estate. Full reimbursement includes necessary attorney fees and other costs and expenses, without prior claim or proceedings on the part of the injured employee or other beneficiaries. Any decision or determination made, or any settlement approved, by the director or by the appeals board under subdivision (g) shall conclusively be presumed valid and binding as to any and all known claims arising out of the underlying dispute, unless an appeal is made within the time limit specified in Section 5950.
- (f) The director shall advise the Self-Insurers' Security Fund promptly after receipt of information indicating that a private self-insured employer may be unable to meet its compensation obligations. The director shall also advise the Self-Insurers' Security Fund of all determinations and directives made or issued pursuant to this section.
- (g) Disputes concerning the posting, renewal, termination, exoneration, or return of all or any portion of the security deposit, or

any liability arising out of the posting or failure to post security, or adequacy of the security or reasonableness of administrative costs, including legal fees, and arising between or among a surety, the issuer of an agreement of assumption and guarantee of workers' compensation liabilities, the issuer of a letter of credit, any custodian of the security deposit, a self-insured employer, or the Self-Insurers' Security Fund shall be resolved by the director. An appeal from the director's decision or determination may be taken to the appeals board. The appeals board may, in its discretion, assign the matter to a referee pursuant to Sections 5309 and 5310. Payment of claims from the security deposit or by the Self-Insurers' Security Fund shall not be stayed pending the resolution of the disputes unless and until the appeals board issues a determination staying a payment of claims decision or determination of the director.

- SEC. 7. Section 3702.1 of the Labor Code is amended to read:
- 3702.1. (a) No person, firm, or corporation, other than an insurer admitted to transact workers' compensation insurance in this state, shall contract to administer claims of self-insured employers as a third-party administrator unless in possession of a certificate of consent to administer self-insured employers workers' compensation claims.
- (b) As a condition of receiving a certificate of consent, all persons given discretion by a third-party administrator to deny, accept, or negotiate a workers' compensation claim shall demonstrate their competency to the director by written examination, or other methods approved by the director.
- (c) A separate certificate shall be required for each adjusting location operated by a third-party administrator. A third-party administrator holding a certificate of consent shall be subject to regulation only under this division with respect to the adjustment, administration, and management of workers' compensation claims for any self-insured employer.
- (d) A third-party administrator retained by a self-insured employer to administer the employer's workers' compensation claims shall estimate the total accrued liability of the employer for the payment of compensation for the employer's annual report to the director and shall make the estimate both in good faith and with the exercise of a reasonable degree of care. The use of a third-party administrator shall not, however, discharge or alter the employer's responsibilities with respect to the report.
  - SEC. 8. Section 3702.2 is added to the Labor Code, to read:
- 3702.2. All self-insured employers shall file a self-insurer's annual report in a form prescribed by the director.
  - SEC. 9. Section 3702.3 of the Labor Code is amended to read:
- 3702.3. Failure to submit reports or information as deemed necessary by the director to implement the purposes of Section 3701, 3702, or 3702.2 may result in the assessment of a penalty which shall not exceed 10 percent per month, or fraction thereof, for a period not to exceed 12 months, of the annual license fee. Moneys collected shall

be used for the administration of self-insurance plans.

SEC. 10. Section 3702.6 of the Labor Code is amended to read: 3702.6. The Director of Industrial Relations shall establish an audit program addressing the adequacy of estimates of future liability of claims, claims practices, and payment of workers' compensation benefits to injured workers for all self-insured employers, except the state, and shall ensure that all self-insured employers are audited within a three-year cycle by the Office of Self Insurance Plans.

SEC. 11. Section 3702.8 is added to the Labor Code, to read:

- 3702.8. (a) Private employers who have ceased to be self-insured employers shall discharge their continuing obligations to secure the payment of compensation which accrued during the period of self-insurance, for purposes of Sections 3700, 3700.5, 3706, and 3715, by compliance with all of the following obligations of current certificate holders:
- (1) Filing annual reports as deemed necessary by the director to carry out the requirements of this chapter.
- (2) Depositing and maintaining security deposit for accrued liability for the payment of any compensation which may become due, pursuant to subdivision (b) of Section 3700 and Section 3701. However, if a private employer who has ceased to be self-insured purchases an insurance policy from an insurer authorized to transact workers' compensation insurance in this state which provides coverage for all claims for compensation arising out of injuries occurring during the period the employer was self-insured, but which were not reported during that period, the policy will discharge the obligation of the employer to maintain a security deposit for the payment of the claims covered under the policy. The policy may not be issued by an insurer unless it has previously been approved as to form and substance by the Insurance Commissioner.
- (3) Paying within 30 days all assessments of which notice is sent, pursuant to subdivision (b) of Section 3745, within 36 months from the last day its certificate of self-insurance was in effect. Assessments shall be based on the benefits paid by the employer during the last full calendar year of self-insurance on claims incurred during that year.
- (b) In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the director. An appeal from the director's determination shall be taken to the appeals board in the manner provided for in a petition for reconsideration pursuant to Section 5903. The appeals board may, in its discretion, assign the matter to a referee pursuant to Sections 5309 and 5310.
  - SEC. 12. Section 3702.9 is added to the Labor Code, to read:
- 3702.9. (a) In addition to remedies and penalties otherwise provided for a failure to secure the payment of compensation, the director may, after a determination that an obligation created in this article has been violated, also enter an order against any self-insured

- employer, including employers who are no longer self-insured, but who are required to comply with Section 3702.8, directing compliance, restitution for any losses, and a civil penalty in an amount not to exceed the following:
- (1) For a failure to file a complete or timely annual report, an amount up to 5 percent of the incurred liabilities in the last report or one thousand five hundred dollars (\$1,500), whichever is less, for each 30 days or portion thereof during which there is a failure.
- (2) For failure to deposit and maintain a security deposit, an amount up to 10 percent of the increase not timely filed or five thousand dollars (\$5,000), whichever is less, for each 30 days or portion thereof during which there is a failure.
- (3) For a failure to timely or completely pay an assessment, an amount up to the assessment or two thousand five hundred dollars (\$2,500), whichever is less, for each 30 days or portion thereof during which there is a failure.
- (4) Where the failure was by an employer which knew or reasonably should have known of the obligation, the director shall, in addition, award reimbursement for all expenditures and costs by the fund or any intervening party, including a reasonable attorney fee.
- (5) Where the failure was malicious, fraudulent, in bad faith, or a repeated violation, the director may award, as an additional civil penalty, liquidated damages of up to double the amounts assessed under paragraphs (1) to (4), inclusive, for deposit in the General Fund.
- (b) An employer may deposit and maintain a security deposit or pay an assessment, reserving its right to challenge the amount or liability therefor at a hearing. If the director or the appeals board or a court, upon appeal, concludes that the employer is not liable or the amounts are excessive, then the director may waive, release, compromise, refund, or otherwise remit amounts which had been paid or deposited by an employer. The director may condition the waiver, release, compromise, refund, or remittance upon the present and continued future compliance with the obligations of subdivision (a) of Section 3702.8 for a period up to two years.
- (c) Notwithstanding subdivision (b), where a violation has occurred, the director may waive, release, compromise, or otherwise reduce any civil penalty otherwise due upon a showing that a violation occurred through the employer's mistake, inadvertence, surprise, or excusable neglect. Neglect is not excusable within the meaning of this subdivision where the employer knew, or reasonably should have known, of the obligations.
  - SEC. 13. Section 3702.10 is added to the Labor Code, to read:
- 3702.10. The director, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, may adopt, amend, and repeal rules and regulations reasonably necessary to carry out the purposes of Section 129 and Article 1 (commencing with Section 3700), Article 2

(commencing with Section 3710), and Article 2.5 (commencing with Section 3740). This authorization includes, but is not limited to, the adoption of regulations to do all of the following:

- (a) Specifying what constitutes ability to self-insure and to pay any compensation which may become due under Section 3700.
- (b) Specifying what constitutes a marked reduction of an employer's financial strength.
- (c) Specifying what constitutes a failure or inability to fulfill the employer's obligations under Section 3702.
  - (d) Interpreting and defining the terms used.
- (e) Establishing procedures and standards for hearing and determinations, and providing for those determinations to be appealed to the appeals board.
- (f) Specifying the standards, form, and content of agreements, forms, and reports between parties who have obligations pursuant to this chapter.
- (g) Providing for the combinations and relative liabilities of security deposits, assumptions, and guarantees used pursuant to this chapter.
- (h) Disclosing otherwise confidential financial information concerning self-insureds to courts or the Self-Insurers' Security Fund and specifying appropriate safeguards for that information.
- (i) Requiring an amount to be added to each security deposit to secure the cost of administration of claims and to pay all legal costs. SEC. 14. Section 3705 of the Labor Code is amended to read:
- 3705. The Self-Insurers' Security Fund or the surety making payment of compensation hereunder shall have the same preference over the other debts of the principal or his or her estate as is given by law to the person directly entitled to the compensation.
  - SEC. 15. Section 3740 of the Labor Code is amended to read:
- 3740. It is the intent of the Legislature in enacting this article and Article 1 (commencing with Section 3700) to provide for the continuation of workers' compensation benefits delayed due to the failure of a private self-insured employer to meet its compensation obligations when the employers' security deposit is either inadequate or not immediately accessible for the payment of benefits. With respect to the continued liability of a surety for claims that arose under a bond after termination of that bond and to a surety's liability for the cost of administration of claims, it is the intent of the Legislature to clarify existing law. The Legislature finds and declares that the establishment of the Self-Insurers' Security Fund is a necessary component of a complete system of workers' compensation, required by Section 4 of Article XIV of the California Constitution, to have adequate provisions for the comfort, health and safety, and general welfare of any and all workers and their dependents to the extent of relieving the consequences of any industrial injury or death, and full provision for securing the payment of compensation.
  - SEC. 16. Section 3742 of the Labor Code is amended to read:

- 3742. (a) The Self-Insurers' Security Fund shall be established as a Nonprofit Mutual Benefit Corporation pursuant to Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code and this article. If any provision of the Nonprofit Mutual Benefit Corporation Law conflicts with any provision of this article, the provisions of this article shall apply. Each private self-insurer shall participate as a member in the fund as a condition of maintaining its certificate of consent to self-insure.
- (b) The fund shall be governed by a seven member board of trustees. The director shall hold ex officio status, with full powers equal to those of a trustee, except that the director shall not have a vote. The director, or a delegate authorized in writing to act as the director's representative on the board of trustees, shall carry out exclusively the responsibilities set forth in Division 1 (commencing with Section 50) through Division 4 (commencing with Section 3200) and shall not have the obligations of a trustee under the Nonprofit Mutual Benefit Corporation Law. The fund shall adopt bylaws to segregate the director from all matters which may involve fund litigation against the department or fund participation in legal proceedings before the director. Although not voting, the director or a delegate authorized in writing to represent the director, shall be counted toward a quorum of trustees. The remaining six trustees shall be representatives of private self-insurers. The self-insurer trustees shall be elected by the members of the fund, each member having one vote. Three of the trustees initially elected by the members shall serve two-year terms, and three shall serve four-year terms. Thereafter, trustees shall be elected to four-year terms, and shall serve until their successors are elected and assume office pursuant to the bylaws of the fund.
- (c) The fund shall establish such bylaws as are necessary to effectuate the purposes of this article and to carry out the responsibilities of the fund. The fund may carry out its responsibilities directly or by contract, and may purchase services and insurance and borrow funds as it deems necessary for the protection of the members and their employees.
- (d) The fund may receive confidential information concerning the financial condition of self-insured employers whose liabilities to pay compensation may devolve upon it and shall adopt bylaws to prevent dissemination of such information.
  - SEC. 17. Section 3744 of the Labor Code is amended to read:
- 3744. (a) The fund shall have the right and obligation to obtain reimbursement from an insolvent self-insurer up to the amount of the self-insurer's workers' compensation obligations paid and assumed by the fund, including reasonable administrative and legal costs. This right includes, but is not limited to, a right to claim for wages and other necessities of life advanced to claimants as subrogee of the claimants in any action to collect against the self-insured as debtor.
  - (b) The fund shall have the right and obligation to obtain from the

security deposit of an insolvent self-insurer the amount of the self-insurer's compensation obligations, including reasonable administrative and legal costs, paid or assumed by the fund. Reimbursement of administrative costs, including legal costs, shall be subject to approval by a majority vote of the fund's trustees. The fund shall be a party in interest in any action to obtain the security deposit for the payment of compensation obligations of an insolvent self-insurer.

- (c) The fund shall have the right to bring an action against any person to recover compensation paid and liability assumed by the fund, including, but not limited to, any excess insurance carrier of the self-insured employer, and any person whose negligence or breach of any obligation contributed to any underestimation of the self-insured employer's total accrued liability as reported to the director.
- (d) The fund may be a party in interest in any action brought by any other person seeking damages resulting from the failure of an insolvent self-insurer to pay workers' compensation required pursuant to this division.
  - SEC. 18. Section 3745 of the Labor Code is amended to read:
- 3745. (a) The fund shall maintain cash, readily marketable securities, or other assets, or a line of credit, approved by the director, sufficient to immediately continue the payment of the compensation obligations of an insolvent self-insurer pending assessment of the members. The director may establish the minimum amount to be maintained by, or immediately available to, the fund for this purpose.
- (b) The fund may assess each of its members a pro rata share of the funding necessary to carry out the purposes of this article. However, no member shall be assessed at one time in excess of 1.5 percent of the benefits paid by the member for claims incurred during the previous calendar year as a self-insurer, and total annual assessments in any calendar year shall not exceed 2 percent of the benefits paid for claims incurred during the previous calendar year. Funds obtained by assessments pursuant to this subdivision may only be used for the purposes of this article.
- (c) The trustees shall certify to the director the collection and receipt of all moneys from assessments, noting any delinquencies. The trustees shall take any action deemed appropriate to collect any delinquent assessments.
- SEC. 19. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund.
- SEC. 20. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the Director of Industrial Relations to receive reports from self-insured employers as soon as possible, it is necessary for this act to take effect immediately.

#### CHAPTER 1129

An act to amend Section 44276 of the Education Code, relating to education.

[Approved by Governor September 24, 1986 Filed with Secretary of State September 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 44276 of the Education Code is amended to read:

44276. (a) The Legislature hereby finds and declares that California's public school pupils need quality instruction and support in the areas of computer education in order to develop the skills necessary for entry into an increasingly technological society. The Legislature recognizes that computers and other technologies are an integral part of contemporary society and the state educational system.

It is the intent of the Legislature in enacting this section to provide a statewide standard for the preparation of educational personnel in the areas of computer education.

- (b) For purposes of this section, "computer education" means the process of teaching pupils about computers.
- (c) The Commission on Teacher Credentialing, in consultation with the Superintendent of Public Instruction, may develop and disseminate voluntary standards for the training and performance of teachers and resource personnel in the area of computer education.
- (d) The Commission on Teacher Credentialing shall study the effectiveness of the training and performance of teachers and resource personnel in the area of computer education, and shall submit a report on the results of the study to the Legislature on or before December 31, 1987. In conducting this study, the Commission on Teacher Credentialing shall consider the following:
- (1) The feasibility of requiring, by July 1, 1989, that all public school teachers who teach courses in computers shall possess a certificate of computer education competence issued by the Commission on Teacher Credentialing.

In addition, based upon its experience in administering job training projects, the panel shall include in these reports policy recommendations concerning the impact of job training and the panel's program on economic development, labor-management relations, employment security, and other related issues. - (d) The administrator may enter into any contracts or agreements as may be necessary, including joint underwriting agreements, to sell or liquidate eligible securities securing local agency deposits in the event of the failure of the depository or if the depository fails to pay all or part of the deposits of a local agency.
- (e) The administrator shall require from every depository a report certified by the agent of depository listing all securities, and the market value thereof, which are securing local agency deposits together with the total deposits then secured by the pool, to determine whether there is compliance with Section 53652. These reports may be required whenever deemed necessary by the administrator, but shall be required at least four times each year at the times designated by the Comptroller of the Currency for reports from national banking associations. These reports shall be filed in the office of the administrator by the depository within 20 business days of the date the administrator calls for the report.

- (g) (1) The administrator shall require the immediate substitution of an eligible security, where the substitution is necessary for compliance with Section 53652, if (i) the administrator determines that a security listed in Section 53651 is not qualified to secure public deposits, or (ii) a treasurer, who has deposits secured by the securities pool, provides written notice to the administrator and the administrator confirms that a security in the pool is not qualified to secure public deposits.
- (2) The failure of a depository to substitute securities, where the administrator has required the substitution, shall be reported by the administrator promptly to those treasurers having money on deposit in that depository and, in addition, shall be reported as follows:

The right of a depository or agent of depository to which an order is issued under subparagraph (A) to petition for judicial review of the order shall not be affected by the failure of the depository or agent of depository to apply to the administrator for a hearing on the order pursuant to this subparagraph.
- (3) Whenever the administrator issues a cease and desist order under paragraph (1) or (2), the administrator may in the order

restrict the right of the depository to withdraw securities from a security pool; and, in that event, both the depository to which the order is directed and the agent of depository which holds the security pool shall comply with the restriction.

- (4) In case the administrator issues an order under paragraph (1) or (2) suspending or revoking the authorization of an agent of depository, the administrator may order the agent of depository at its own expense to transfer all pooled securities held by it to such agent of depository as the administrator may designate in the order. The agent of depository designated in the order shall accept and hold the pooled securities in accordance with this article and regulations and orders issued under this article.
- (j) In the discretion of the administrator, whenever it appears to the administrator that any person has violated or is violating, or that there is reasonable cause to believe that any person is about to violate any of the sections specified in subdivision (a) or any regulation or order issued thereunder, the administrator may bring an action in the name of the people of the State of California in the superior court to enjoin the acts or practices or to enforce compliance with those sections or any regulation or order issued thereunder. Upon a proper showing a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted, and the court may not require the administrator to post a bond.

- (2) Assess against and collect from a depository a fine not to exceed one hundred dollars (\$100) for each day beyond the time period specified in subdivision (b) of Section 53663 the depository negligently or willfully fails to file in the office of the administrator a written report required by that section.
- (3) Assess against and collect from a depository a fine not to exceed one hundred dollars (\$100) for each day beyond the time period specified in subdivision (e) of Section 53661 that a depository negligently or willfully fails to file in the office of the administrator, a written report required by that section.

  - 53665. If a depository fails to pay all or part of the deposits of a

local agency secured by pooled securities in accordance with the contract provided for in Section 53649, and on demand of its treasurer or other authorized official and the treasurer files a report with the administrator, or if the depository fails:

- (a) In case the pooled securities consist of securities other than securities of the class described in subdivision (p) of Section 53651, the administrator shall order the agent of depository holding the pooled securities to convert into money that portion of the pooled securities necessary to produce an amount equal to the sum of (i) the deposits of the local agency, (ii) any accrued interest due on the deposits, and (iii) the reasonable expenses of the agent of depository in complying with the order of the administrator and to pay the sum of items (i) and (ii) to the treasurer in satisfaction of the deposits. The agent of depository shall be reimbursed out of the proceeds of the conversion for its reasonable expenses in complying with the order of the administrator, as approved by the administrator. Any excess moneys resulting from the conversion shall be retained by the agent of depository as part of the securities pool until the depository substitutes for the excess moneys securities having a market value sufficient to bring the total of pooled securities up to the amount required by Section 53652.
- (b) In case the pooled securities consist of a security of the class described in subdivision (p) of Section 53651, the administrator shall draw on the letter of credit an amount equal to the sum of (i) the deposits of the local agency, (ii) any accrued interest on the deposits, and (iii) the reasonable expenses of the administrator in paying the deposits and pay the sum of items (i) and (ii) to the treasurer in satisfaction of the deposits.
- SEC. 31. Section 53667 of the Government Code is amended to read:
- 53667. (a) Expenses incurred by the administrator in carrying out the duties and responsibilities assigned to the administrator by the sections specified in subdivision (a) of Section 53661, shall be borne by the Local Agency Deposit Security Fund, which is hereby created and continuously appropriated to the administrator for the administration of the sections specified in subdivision (a) of Section 53661. This fund shall consist of fines levied pursuant to Section 53661, fees collected pursuant to the sections specified in subdivision (a) of Section 53661, and assessments levied pursuant to this section.
- (b) Each fiscal year the administrator shall levy an assessment on a pro rata basis on those depositories which at any time during the preceding fiscal year held local agency deposits which were secured pursuant to this article. The total assessment levied on all of those depositories shall be in an amount which, when added to the amount of fines and fees that the administrator estimates will be collected during the fiscal year when the assessment is levied, is sufficient in the judgment of the administrator to meet the expenses of the administrator in administering the sections specified in subdivision (a) of Section 53661 and to provide a reasonable reserve for

contingencies. The basis of the apportionment of the assessment among the depositories assessed shall be the proportion that the average amount of local agency deposits held by each of those depositories bears to the average total amount of local agency deposits held by all of those depositories as shown by the reports of depositories to the administrator for the preceding fiscal year, as required in subdivision (e) of Section 53661; provided, however, that the amount of the assessment levied on each of those depositories shall be not less than twenty-five dollars (\$25).

(c) On or before the last day of each fiscal year the administrator shall notify each depository by mail of the amount levied against it. The depository shall pay the amount levied within 20 days after such notice into the Local Agency Deposit Security Fund for the administration of the sections specified in subdivision (a) of Section 53661. If payment is not made to the administrator within such time, the administrator shall assess and collect, in addition to the annual assessment, a penalty of 5 percent of the assessment for each month or part thereof that the payment is delinquent.

SEC. 32. The sum of ninety thousand dollars (\$90,000) is hereby appropriated from the Local Agency Deposit Security Fund to provide funding to the administrator for expenses and 4.0 personnel years to carry out the additional supervision and enforcement duties provided in Section 53661 of the Government Code.

SEC. 33. The amendment of subdivision (a) of Section 53630 of the Government Code made by Section 1 of this act does not constitute a change in, but is declaratory of, the existing law.

appropriate noneducational costs of providing services to special education pupils. Based upon this methodology, local education agencies shall report to the superintendent, by November 1. 1986, the total costs incurred, including costs funded from state, federal, and local sources, for providing noneducational services in the 1985— 86 fiscal year to special education pupils who (1) received psychotherapy or other mental health services pursuant to an individualized education plan, or (2) were classified as seriously emotionally disturbed, as defined by paragraph 8. subdivision (b) of Section 300.5 of Title 34 of the Code of Federal Regulations, and received residential care pursuant to an individualized education plan. Local education agencies shall also report the number of pupils who met the above criteria in the 1985–86 fiscal year, and, for pupils with residential placements, the duration of such placements. The superintendent shall, for any education agency which he determines engaged in willful failure to report this data accurately, reduce funding provided pursuant to Chapter 7 (commencing with Section 56700) of Part 30 of the Education Code by 150 percent of the amount reported in error. The data collected by the superintendent shall be made available to the Legislature and the Department of Finance no later than November 15, 1986.

- 16. The Auditor General shall review the data reported by local education agencies pursuant to Provision 15 to determine if the amounts reported are accurate, and shall report his findings and recommendations to the Legislature and the Department of Finance by February 1, 1987. This review may be based, if necessary, upon a random sample. The Auditor General may adjust the reported costs by the percentage inflation adjustment provided in Item 6100-226-001(g) in order to reflect the effects of inflation on 1985-86 costs.
- 17. Based upon the recommendations of the Auditor General, as described in Provision 16, and the data collected by the Superintendent of Public Instruction, pursuant to Provision 15, the Director of Finance may transfer additional amounts from this item to the State Departments of Mental Health and Social Services, provided that such transfers shall be authorized not

- sooner than 30 days after notification in writing to the chairpersons of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of such committee, or his or her designee, may determine. The total amounts transferred, including the amounts transferred pursuant to Provisions 13 and 14. shall not exceed the amounts spent by local education agencies in the 1985-86 fiscal year, as verified and adjusted by the Auditor General. for providing residential care, psychotherapy, and other mental health services, pursuant to individualized education plans, to those pupils reported in Provision 15.
- 18. Notwithstanding any other provision of law, the superintendent shall ensure that special education entitlements are permanently reduced by the total amount transferred pursuant to Provisions 13, 14, and 17, in the following manner. First, the superintendent shall withdraw authorization for designated instructional service (DIS) units providing psychotherapy, as appropriate. Second, the superintendent shall ensure that nonpublic school entitlements calculated pursuant to Sections 56156.6, 56740, and 56775 of the Education Code are reduced by 70 percent of the total noneducational costs reported by local education agencies pursuant to Provision 15, as revised and adjusted by the Auditor General, exclusive of DIS-related costs. Third. the superintendent shall permanently reduce. on an equal, pro rata basis, all special education entitlements computed pursuant to Article 1 (commencing with Section 56700) of Chapter 7 of Part 30 of the Education Code by an amount equal to 30 percent of these noneducational costs, and by any additional amounts necessary to reduce entitlements by the total amount transferred pursuant to Provision 17. For purposes of this provision, the amount transferred to the State Department of Mental Health shall be deemed as not including the amount specified in Provision 19.
- 19. In the report required by Provision 16, the Auditor General shall estimate to what extent, if any, the amount recommended for transfer to the State Department Mental Health pursuant

to Provision 17 exceeds the amount expended by local education agencies in the 1985–86 fiscal year (as adjusted for inflation) for psychotherapy and other mental health services provided pursuant to an individualized education plan and which, pursuant to Chapter 26 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code, will be provided by the State Department of Mental Health commencing in the 1986–87 fiscal year. Funds equal to the amount of this excess (as adjusted and verified by the Auditor General) shall be provided for purposes of Chapter 7 (commencing with Section 56700) of Part 30 of the Education Code through a deficiency appropriation.

- 20. It is the intent of the Legislature that the total amount paid to nonpublic schools for services rendered to seriously emotionally disturbed pupils with IEP-prescribed residential placements, including amounts paid for residential and educational services, shall not exceed total costs paid in the 1985-86 fiscal year for comparable types of students, as adjusted by the percentage inflation adjustment provided in Item 6100-226-001(g). #### CHAPTER 1134

An act to amend Section 66796.40 of the Government Code, to amend Section 42314.1 of, and to add Section 42315 to, the Health and Safety Code, and to amend Section 25523 of, and to add Section 21151.1 to, the Public Resources Code, relating to air pollution.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 66796.40 of the Government Code is amended to read:

- 66796.40. (a) An enforcement agency shall not issue, and the board shall not concur in the issuance of, a solid waste facilities permit to any stationary project designed to convert solid waste from offsite sources into energy or synthetic fuels until the enforcement agency makes all the following findings:
- (1) The proposed project meets the requirements specified in paragraphs (1) and (2) of subdivision (a) of Section 66796.34.
- (2) The proposed project is consistent with state solid waste management policy.
- (3) The proposed project has a defined source of waste, including waste available from existing solid waste transfer and processing stations.
- (4) The project is guaranteed, by contract or other commitments, more than sufficient quantities of waste to maintain the project's economic feasibility for the life of the bonded indebtedness of the project. In guaranteeing quantities of waste, those materials which are being recycled or which may reasonably be expected to be recycled shall not be included in these quantities.
- (5) The project applicant has considered for the inclusion in its project, or for the inclusion in its contracts or commitments for municipal waste, reasonable and feasible methods to remove recyclable materials from the waste stream prior to incineration.
- (b) Facilities for the recovery of methane gas from disposal sites are not subject to this section.
- SEC. 2. Section 42314.1 of the Health and Safety Code is amended to read:
- 42314.1. (a) Except as provided in subdivision (b), to the extent permissible under federal law, and notwithstanding any state or local new source review or prevention of significant deterioration rule or regulation, at the request of an applicant, a district shall issue permits for the construction of a project which burns municipal waste, landfill gas, or digester gas, if all of the following conditions are met:
- (1) The project produces less than 50 megawatts of electricity, except as provided in paragraph (4).
  - (2) The project will utilize the appropriate degree of pollution

control technology (BACT or LAER) required by the new source review rule of the district.

- (3) The project applicant has, in the judgment of the district, made a good faith effort to secure all available emission offsets to mitigate the impact of the project, but sufficient offsets or other mitigation measures are not available. The applicant, however, is required to secure all the offsets which are available to mitigate the air quality impact of the project, except for projects which constitute a modification to an existing source under the district's new source review rule, in which case the applicant is only required to provide offsets from facilities which the applicant owns or operates within the air basin.
- (4) The project produces 50 megawatts or more, but less than 80 megawatts, of electricity, meets the requirements of paragraphs (2) and (3), is located in a district whose state implementation plan revisions have been approved by the Environmental Protection Agency and that has attained, or is reasonably expected to attain, national air quality standards for any criteria pollutant for which sufficient growth allowances are available in the air quality maintenance plan or, in the event the project would cause any criteria pollutant to exceed the available or possible future growth allowance, the applicant secures offsets in an amount equal to the excess in the growth allowance, and processes municipal wastes from one or more municipalities. Any project under this paragraph shall comply with applicable prevention of significant deterioration rules and regulations.
- (b) If a proposed project permitted under subdivision (a) has an electrical generating capacity of 50 megawatts or more, the district shall determine whether the project meets the requirements of this section and, in making its determination, shall consider the potential emission of noncriteria pollutants from project facilities and shall develop appropriate permit conditions. The district shall submit its determination and supporting analyses, including the analysis of noncriteria pollutants and appropriate permit conditions, to the State Energy Resources Conservation and Development Commission for use pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code.
- (c) Any permit issued pursuant to subdivision (a), and any determination made by a district pursuant to subdivision (b), shall meet the additional requirements of Section 42315.
- SEC. 3. Section 42315 is added to the Health and Safety Code, to read:
- 42315. (a) No district shall issue or renew a permit for the construction of, renew a permit for the operation of, or issue a determination of compliance for, any project which burns municipal waste or refuse-derived fuel unless all of the following conditions have been met:
- (1) The project will not prevent or interfere with the attainment or maintenance of state and federal ambient air quality standards.

- (2) The project will comply with all applicable emission limitations established prior to issuance of the permit or the determination of compliance.
- (3) The project will, after issuance of the permit or determination of compliance, comply with toxic air contaminant control measures adopted by the district pursuant to Section 39666, and regulations adopted by the district pursuant to Section 41700 for the protection of public health. Notwithstanding Section 42301.5, compliance with this subdivision shall be consistent with a reasonable schedule, as determined by the district.
- (4) (A) A health risk assessment is performed and is submitted by the district to both the state board and the State Department of Health Services for review. The state board shall review and, within 15 days, notify the district and the applicant as to whether the data pertaining to emissions and their impact on ambient air quality are adequate for completing its review pursuant to this subdivision, and what additional data, if any, are required to complete its review. Within 45 days of receiving the health risk assessment, the state board shall submit its comments in writing to the district, on the data pertaining to emissions and their impact on ambient air quality. The district shall forward a copy of the comments of the state board to the State Department of Health Services. The State Department of Health Services shall review and, within 90 days of receiving the health risk assessment, shall submit its comments to the district on the data and findings relating to health effects.
- (B) For purposes of complying with the requirements of this paragraph, the State Department of Health Services may select a qualified independent contractor to review the data and findings relating to health effects. In those cases, the review by the independent contractor shall comply with the following requirements:
- (i) Be performed in a manner consistent with guidelines provided by the state department.
- (ii) Be reviewed by the state department for accuracy and completeness.
- . (iii) Be submitted by the state department to the district in accordance with the schedules established by this paragraph.
- (C) Notwithstanding Section 6103 of the Government Code, the district shall reimburse the State Department of Health Services; or a qualified independent contractor designated by the state department pursuant to subparagraph (B), for its actual costs incurred in reviewing a health risk assessment for any project subject to this section.
- (D) An application for any project which burns municipal waste or refuse-derived fuel is not complete until both of the following have been accomplished:
- (i) The health risk assessment has been performed and is submitted to the district.
  - (ii) The state board and the State Department of Health Services,

- or a qualified independent contractor designated by the state department pursuant to subparagraph (B) have completed their review pursuant to this paragraph, and have submitted their comments to the district, unless the state board and the State Department of Health Services have failed to submit their comments to the district within 90 days and the district makes a finding that the application contains sufficient information for the district to begin its initial review.
- (E) This paragraph shall not apply to an application for permit renewal for any project otherwise subject to this section.
- (5) The district finds and determines, based upon the health risk assessment, comments from the state board and the State Department of Health Services, and any other relevant information, that no significant increase in the risk of illness or mortality, including, but not limited to, increases in the risk of cancer and birth defects, is anticipated as a result of air pollution from the construction and operation of the project. This paragraph shall not apply to an application for permit renewal for any project otherwise subject to this section.
- (6) Prior to, and during, commercial operation of the project, periodic monitoring of emissions, including, but not limited to, toxic air contaminants, is performed pursuant to specifications established by the district.
- (b) This section does not prohibit a district from requiring ambient air monitoring under any other provision of law.
- (c) This section does not apply to any project which does any of the following:
- (1) Exclusively burns digester gas produced from manure or other animal solid or semisolid waste.
- (2) Exclusively burns methane gas produced from a disposal site as defined in Section 66714.1 of the Government Code, which is used only for the disposal of solid waste as defined in Section 66719 of the Government Code.
- (3) Exclusively burns forest, agricultural, wood, or other biomass wastes.

Nothing in this subdivision is intended to prohibit a district from requiring those projects to meet one or more of the conditions of this section.

- (d) Nothing in this section prohibits the permit applicant from entering into a contract with any person pursuant to which the person may enforce this section or any other provision of law.
- SEC. 4. Section 21151.1 is added to the Public Resources Code, to read:
- 21151.1. (a) Notwithstanding paragraph (6) of subdivision (b) of Section 21080, or Section 21080.5 or 21084, or any other provision of law, a lead agency shall prepare or cause to be prepared by contract, and certify the completion of, an environmental impact report for the construction of any project which burns municipal waste or refuse-derived fuel.

- (b) Subdivision (a) does not apply to any project which does any of the following:
- (1) Exclusively burns digester gas produced from manure or any other solid or semisolid animal waste.
- (2) Exclusively burns methane gas produced from a disposal site as defined in Section 66714.1 of the Government Code, which is used only for the disposal of solid waste as defined in Section 66719 of the Government Code.
- (3) Exclusively burns forest, agricultural, wood, or other biomass wastes.

Nothing in this subdivision is intended to exempt those projects from the other requirements of this division.

- (c) Subdivision (a) does not apply to any project for which the State Energy Resources Conservation and Development Commission has assumed jurisdiction under Chapter 6 (commencing with Section 25500) of Division 15.
- SEC. 4. Section 25523 of the Public Resources Code is amended to read:
- 25523. The commission shall prepare a written decision after the public hearing on an application, which includes all of the following:
- (a) Specific provisions relating to the manner in which the proposed facility is to be designed, sited, and operated in order to protect environmental quality and assure public health and safety.
- (b) In the case of a site to be located in the coastal zone, specific provisions to meet the objectives of Division 20 (commencing with Section 30000) as may be specified in the report submitted by the California Coastal Commission pursuant to subdivision (d) of Section 30413, unless the commission specifically finds that the adoption of the provisions specified in the report would result in greater adverse effect on the environment or that the provisions proposed in the report would not be feasible.
- (c) In the case of a site to be located in the Suisun Marsh or in the jurisdiction of the San Francisco Bay Conservation and Development Commission, specific provisions to meet the requirements of Division 19 (commencing with Section 29000) of this code or Title 7.2 (commencing with Section 66600) of the Government Code as may be specified in the report submitted by the San Francisco Bay Conservation and Development Commission pursuant to subdivision (d) of Section 66645 of the Government Code, unless the commission specifically finds that the adoption of the provisions specified in the report would result in greater adverse effect on the environment or the provisions proposed in the report would not be feasible.
- (d) Findings regarding the conformity of the proposed site and related facilities with standards adopted by the commission pursuant to Section 25216.3 and subdivision (d) of Section 25402, with public safety standards and the applicable air and water quality standards, and with other relevant local, regional, state, and federal standards, ordinances, or laws. If the commission finds that there is noncompliance with any state, local, or regional ordinance or

regulation in the application, it shall consult and meet with the state, local, or regional governmental agency concerned to attempt to correct or eliminate the noncompliance. If the noncompliance cannot be corrected or eliminated, the commission shall inform the state, local, or regional governmental agency if it makes the findings required by Section 25525.

- (e) Provision for restoring the site as necessary to protect the environment, if the commission denies approval of the application.

- SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

The department shall not impose a minimum fee for a copy of a public record which is greater than its direct per page copying costs and the department shall not impose limits on the types or amounts of public records which the department will provide to persons requesting these records, upon payment of any fees covering the direct costs of duplication by the department.
- (g) This section does not authorize the department, or any employee of the department, to delay access for purposes of inspecting or obtaining copies of public records, unless there are unusual circumstances.

each person responsible for the denial. This written response shall be provided to the requester within five working days of the denial.

## CHAPTER 1141

[Approved by Governor September 24, 1986 Filed with Secretary of State September 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 12304.3 is added to the Welfare and Institutions Code, to read:

- 12304.3. Any recipient of services under this article who has received benefits under this article for at least one year, and who hires and pays his or her own service providers, as permitted under subdivision (b) of Section 12304, may receive his or her grant under this article through an electronic transfer. The Controller shall offer electronic transfer services to these recipients as soon as the option of electronic transfer is available to state employees for the receipt of wages.
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

#### CHAPTER 1142

An act to amend Sections 1634 and 11580.9 of the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 25, 1986.]

- SEC. 2. Section 11580.9 of the Insurance Code is amended to read:
- 11580.9. (a) Where two or more policies affording valid and collectible automobile liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, and one policy affords coverage to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing motor vehicles, then both of the following shall be conclusively presumed:
- (1) If, at the time of loss, the motor vehicle is being operated by any person engaged in any of these businesses, or by his or her employee or agent, the insurance afforded by the policy issued to the person engaged in the business shall be primary, and the insurance afforded by any other policy shall be excess.
- (2) If, at the time of loss, the motor vehicle is being operated by any person other than as described in paragraph (1), the insurance afforded by the policy issued to any person engaged in any of these businesses shall be excess over all other insurance available to the operator as a named insured or otherwise.
- (b) Where two or more policies apply to the same loss, and one policy affords coverage to a named insured engaged in the business of renting or leasing motor vehicles without operators, it shall be conclusively presumed that the insurance afforded by such policy to a person other than the named insured or his or her agent or employee, shall be excess over and not concurrent with, any other valid and collectible insurance applicable to the same loss covering the person as a named insured or as an additional insured under a policy with limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code. - (c) Where two or more policies are applicable to the same loss arising out of the loading or unloading of a motor vehicle, and one or more of the policies is issued to the owner, tenant, or lessee of the premises on which the loading or unloading occurs, it shall be conclusively presumed that the insurance afforded by the policy covering the motor vehicle shall not be primary, notwithstanding anything to the contrary in any endorsement required by law to be placed on the policy, but shall be excess over all other valid and collectible insurance applicable to the same loss with limits up to the financial responsibility requirements specified in Section 16056 of the Vehicle Code; and, in such event, the two or more policies shall not be construed as providing concurrent coverage, and only the insurance afforded by the policy or policies covering the premises on which the loading or unloading occurs shall be primary and the policy or policies shall cover as an additional insured with respect to the loading or unloading operations all employees of the owner, tenant. or lessee while acting in the course and scope of their employment.
- (d) Except as provided in subdivisions (a), (b), and (c), where two or more policies affording valid and collectible liability insurance apply to the same motor vehicle or vehicles in an occurrence out of which a liability loss shall arise, it shall be conclusively presumed that the insurance afforded by that policy in which the motor vehicle is described or rated as an owned automobile shall be primary and the insurance afforded by any other policy or policies shall be excess.
- (e) Any insurance policy which, under the terms of subdivisions (a) to (d), inclusive, applies as excess coverage may provide with respect to any primary policy or to any loss to which primary insurance is not valid and collectible in whole or in part, that the excess policy shall apply only to the extent necessary to provide the insured with the coverage limits specified in Section 16056 of the Vehicle Code.
- (f) The presumptions stated in subdivisions (a) to (d), inclusive, may be modified or amended only by written agreement signed by all insurers who have issued a policy or policies applicable to a loss described in these subdivisions and all named insureds under these policies.
- (g) For purposes of this article, a certificate of self-insurance issued pursuant to Section 16053 of the Vehicle Code or a deposit of cash made pursuant to Section 16054.2 of the Vehicle Code or a bond in effect pursuant to Section 16054 of the Vehicle Code or a report of governmental ownership or lease filed pursuant to Section 16051 of the Vehicle Code shall be considered a policy of automobile liability insurance. However, this subdivision does not establish or provide the basis for any other form of liability for or upon a self-insurer or other person or entity holding, issuing, or establishing any form of security as described herein.

#### CHAPTER 1143

[Approved by Governor September 24, 1986 Filed with Secretary of State September 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 75080 of the Government Code, as amended by Section 2.5 of Chapter 1640 of the Statutes of 1982, is amended to read:

- 75080. (a) If, after retirement for disability, a retired judge engages in the practice of law or other gainful occupation while less than 70 years of age, the retirement allowance otherwise payable to him or her shall cease permanently, except as provided in this section. If a retired judge becomes entitled to any salary for assignment to a court by the Chairman of the Judicial Council after retirement under Section 75060, the retirement allowance otherwise payable to him shall, during the time he is entitled to receive that salary or other compensation, be reduced by the amount of such salary or compensation.
- (b) A judge who is retired for disability and is less than 70 years of age may, without loss or reduction in allowance, engage in the practice of law or any other gainful occupation other than a public office as long as the compensation earned in any month when combined with the judge's allowance does not exceed 75 percent of the salary payable to the judge holding the judicial office to which the retired judge was last elected or appointed, and the retirement allowance otherwise payable to the judge shall be reduced by the amount of any earning in excess of that amount. The board shall reimburse the Employment Development Department for the costs that the department incurs in searching for and providing that information.

When a person affected by this section reaches age 70, his or her retirement allowance shall be made equal to the amount it would be if not reduced under this section, and shall not again be modified for any cause.

(d) A judge who is retired for disability or becomes entitled to any salary for assignment to a court by the Chairman of the Judicial Council after retirement under Section 75060 shall not be eligible to receive service credit in another public retirement system or under this chapter or to be reinstated to this system.

## **CHAPTER 1145**

An act to amend Sections 779.2 and 779.32 of the Insurance Code, relating to insurance.

[Approved by Governor September 24, 1986. Filed with Secretary of State September 25, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 779.2 of the Insurance Code is amended to read:

779.2. All life insurance and all disability insurance sold in connection with loans or other credit transactions shall be subject to the provisions of this article, except (a) such insurance sold in connection with a loan or other credit transaction of more than 10 years duration, and (b) such insurance where its issuance is an isolated transaction on the part of the insurer not related to an agreement or a plan or regular course of conduct for insuring debtors of the creditor. Nothing in this article shall be construed to relieve any person from compliance with any other applicable law of this state, including, but not limited to, Article 6.5 (commencing with Section 790), nor shall anything in this article be construed so as to alter, amend, or otherwise affect existing case law.

For the purpose of this article:

- (1) "Credit life insurance" means insurance on the life of a debtor pursuant to or in connection with a specific loan or other credit transaction, exclusive of any such insurance procured at no expense to the debtor. Insurance shall be deemed procured at no expense to the debtor unless the cost of the credit transaction to the debtor varies depending on whether or not the insurance is procured.
- (2) "Credit disability insurance" means insurance on a debtor to provide indemnity for payments becoming due on a specific loan or

- other credit transaction while the debtor is disabled as defined in the policy, exclusive of any insurance procured at no expense to the debtor. Insurance shall be deemed to have been procured at no expense to the debtor unless the cost of the credit transaction to the debtor varies depending on whether or not the insurance is procured.
- (3) "Creditor" means the lender of money or vendor or lessor of goods, services, property, rights or privileges, for which payment is arranged through a credit transaction or any successor to the right, title or interest of any such lender, vendor or lessor, and an affiliate, associate or subsidiary of any of them or any director, officer or employee of any of them or any other person in any way associated with any of them.
- (4) "Debtor" means a borrower of money or a purchaser or lessee of goods, services, property, rights or privileges for which payment is arranged through a credit transaction.
- (5) "Indebtedness" means the total amount payable by a debtor to a creditor in connection with a loan or other credit transaction.
- SEC. 2. Section 779.32 of the Insurance Code is amended to read: (a) The term "compensation," for the purpose of this article means any valuable consideration including, but not limited to, all paid or credited commissions, contingent commissions, service fees, fees, consulting fees paid or credited within or outside this state in relation to business produced or to be produced or written or to be written in this state, electronic data process equipment or services, supplies (other than forms approved by the commissioner and the usual claims and reporting forms and envelopes for transmitting the claims and brochures, rate books, and rate charts). rental equipment of any type, advertising, telephone provided by an insurer, its agent, or any related person without charge of actual charge or at a charge less than the usual cost, profit sharing plans, experience rating refunds, experience rating credits, dividends, expense allowances, stock plans or bonuses, and any other form of credit, including moneys assumed, or expenditures in any form whatsoever, direct or indirect, paid by or on behalf of the insurer, or by any subsidiary or parent, or subsidiary of the parent of the insurer, or by any other person to or on behalf of any group policyholder, agent, general agent, or disability broker or withheld by any group policyholder, agent, general agent, or disability broker.
- (b) The maximum amount of total compensation, as defined in subdivision (a), payable by any insurer shall not exceed 35 percent of the prima facie credit life insurance rates and 30 percent of the prima facie disability insurance rates. Of the maximum total compensation allowable, the creditor shall be limited to a compensation rate of 27.5 percent of the prima facie credit life insurance rates and 23.75 percent of the prima facie credit disability insurance rates. The general agent's maximum total compensation allowable shall be limited to 7.5 percent of the prima facie credit life insurance rates and 6.25 percent of the prima facie credit disability

insurance rates. A creditor may not receive both the creditor's and the general agent's compensation on its own produced insurance. A general agent may also receive additional primary compensation deducted from the maximum primary compensation allowable to the creditor.

If the commissioner has reason to believe that compensation is in fact or is contracted to be in excess of the maximum amount specified in this section; the commissioner may conduct a hearing or investigation, including the right to examine any contracts relating to the direct or indirect payment of compensation, to determine whether the insurer, general agent, or any other person is paying or whether an agent, general agent, or broker is receiving any form of compensation in excess of the applicable maximum amount of compensation specified in this section.

- (c) On and after January 1, 1988, no contract of credit life or credit disability insurance shall be issued in this state unless, if applicable, the maker first ascertains, using reasonable diligence, that any nonadmitted reinsurer possesses capital and surplus of at least one million dollars (\$1,000,000).
- (d) Nothing in this article shall be construed to authorize the payment of any form of compensation to any creditor or to any person otherwise prohibited from receiving that form of compensation. Nor shall this article be construed to authorize the payment of experience rating refunds prior to the anniversary date of the policy. Those refunds shall be computed annually based on premiums earned to that anniversary date.

## CHAPTER 1146

An act relating to counties, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1986. Filed with Secretary of State September 25, 1986.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Costa-McCorquodale-Keene Distressed County Assistance Act of 1986.

SEC. 2. The Legislature finds that the provision of basic justice and social welfare programs by counties is a matter of statewide interest. California residents should not be denied the benefits of these basic programs because counties are unable to provide them due to a very severe lack of funds for these purposes. In many cases, a county's general purpose revenues have been insufficient to finance these programs. A county should not be required to drastically divert general purpose revenues from vital public

programs in order to pay for mandated local shares. Accordingly, it is the intent of the Legislature in enacting this act to protect the public peace, health, and safety by supplementing the funding provided by Chapter 977 of the Statutes of 1985.

SEC. 3. As used in this act:

- (a) "Eligible county" means any county which during the previous fiscal year, had an unemployment rate which was greater than 130 percent of the statewide unemployment rate and the ratio of general purpose revenue expenditures for eligible welfare programs above the statewide average ratio.
- (b) "Eligible welfare programs" means the county costs for both aid and administration of the Aid to Families with Dependent Children program as described in Section 11250 of the Welfare and Institutions Code.
- (c) "Justice programs" means those justice, detention, and corrections programs described in the Controller's Annual Report of Financial Transactions Concerning Counties.
- (d) "General purpose revenues" means revenues received by a county whose purpose is not restricted by state law or decicated to a particular purpose or program. General purpose revenues are limited to:
- (1) Property tax revenues, exclusive of those revenues dedicated to repay voter approved indebtedness, received pursuant to Part 0.5 (commencing with Section 50) of Division 1 of the Revenue and Taxation Code or received pursuant to Section 33401 of the Health and Safety Code.
- (2) Sales tax revenues received pursuant to Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code.
  - (3) Other taxes.
  - (4) Fines and forfeitures.
- (5) General purpose revenues derived from the use of money and property.
- (6) Vehicle license fees received pursuant to Section 11005 of the Revenue and Taxation Code.
- (7) Trailer coach fees received pursuant to Section 11003.3 of the Revenue and Taxation Code.
- (8) Revenues from cigarette taxes received pursuant to Part 13 (commencing with Section 30001) of Division 2 of the Revenue and Taxation Code.
- (9) Revenues received as open space subventions pursuant to Chapter 3 (commencing with Section 16140) of Part 1 of Division 4 of Title 2 of the Government Code.
- (10) Revenues received as homeowner's property tax exemption subventions pursuant to Chapter 2 (commencing with Section 16120) of Part 1 of Division 4 of Title 2 of the Government Code.
- (11) General revenue sharing funds received from the federal government.
  - (12) Other revenues.
  - SEC. 4. (a) The Department of Finance shall analyze the

expenditures for the programs described in Section 3 on or before October 31, 1986, and determine the amount each county has spent on welfare and justice programs. The Director of Finance shall determine the eligible counties based on county expenditures for welfare and justice programs, consultations with eligible welfare and justice programs, consultations with eligible counties, and other factors which the Director deems appropriate.

- (b) The Controller shall issue a warrant to an eligible county, upon the direction from the Director of Finance, using the following formula:
- (1) The Director of Finance shall first determine the amount for each eligible county for the general purpose revenue welfare costs above the statewide average ratio and 10 percent of the costs for justice programs.
- (2) The amount determined in (1) shall be reduced by the amount appropriated to an eligible county by Chapter 977 of the Statutes of 1985.
- (3) A ceiling of \$1 million shall be imposed on the amount determined for an eligible county in (1) and (2).
- (4) Moneys distributed to eligible counties shall be based on a prorata share of the amount appropriated in Section 5.

Nothwithstanding the above, no eligible county shall receive more than five hundred thousand dollars (\$500,000) pursuant to subdivision (b) in addition to the amount appropriated by Chapter 977 of the Statutes of 1985.

- (c) Moneys distributed to counties pursuant to this section may be used for any county purpose.
- SEC. 5. The sum of five million dollars (\$5,000,000) is hereby appropriated from the General Fund to the Controller for the purpose of issuing warrants to eligible counties pursuant to Section 4 of this act.
- SEC. 6. The appropriation contained in this act constitutes a one time allocation to counties with financial needs not met by Chapter 977 of the Statutes of 1985. No additional funding for the purposes of this act in the 1986–87 fiscal year shall be provided.
- SEC. 7. If any provision of this act or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.
- SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

County general purpose revenues are being spent in greater proportions to meet the matching requirements of federal and state-mandated programs. These requirements ignore the impact of high unemployment and other extenuating factors which cause the growth in the county matching funds requirement to far exceed its

growth in general purpose revenues. Counties have been forced to use discretionary funds to meet the matching requirements and, therefore, have had to make undesirable spending reductions in essential services like law enforcement, fire protection, streets and roads maintenance programs, and personnel costs not related to the mandated programs. In order to alleviate these problems at the earliest possible time, it is necessary that this act take effect immediately.

## CHAPTER 1147

An act to add Chapter 2.5 (commencing with Section 15373) to Part 6.7 of Division 3 of Title 2 of the Government Code, relating to rural economic development, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1986. Filed with Secretary of State September 25, 1986.]

I am reducing the appropriation contained in Senate Bill No 2117 by deleting the

\$50,000 grant funding provided for an urban county

I believe the funding for the urban county is inconsistent with the purpose of the program to provide economic development assistance to rural counties.

With this reduction, I approve Senate Bill No 2117.

GEORGE DEUKMEJIAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 15373) is added to Part 6.7 of Division 3 of Title 2 of the Government Code. to read:

#### CHAPTER 2.5. RURAL ECONOMIC DEVELOPMENT

#### Article 1. General Provisions

15373. This chapter shall be known, and may be cited as, the McCorquodale-Nielsen-Hauser Rural Economic Development Act of 1986.

15373.05. The Legislature finds and declares all of the following:

- (a) California's rural areas are an integral part of the state's well-being. However, the chronically depressed economic economies of these communities require targeted programs to enhance their competitiveness as a location for business investment and attendant job creation.
- (b) There is severe unemployment in many rural areas that have been economically dependent on lagging industries such as lumber, mining, agriculture, and fishing.
- (c) The economic problems of many of these areas are aggravated by the absence of adequate infrastructure which is necessary for

economic revitalization.

- (d) Economic conditions in rural communities can significantly improved through the creation of a focused program to fund infrastructure improvements.
- (e) Existing infrastructure financing programs are not sufficient to meet growing investment demands and do not give priority to the immediate creation of permanent, private sector jobs. Some programs are experiencing substantial reductions in federal program support.
- (f) There is also a significant need in rural counties for assistance to encourage their efforts in promoting the startup of new businesses, and the retention and expansion of existing businesses.

## Article 2. Definitions

  - (a) "County" means either of the following:
- (1) A county with both 200,000 or less in population according to the 1980 Federal Census and an average annual unemployment rate equal to or greater than the state's 1984 annual average unemployment rate determined by the Employment as Development Department.
- (2) A county with both 600,000 or less in population according to the 1980 Federal Census and an average annual unemployment rate of 130 percent or greater than the state's 1984 annual average as determined by the Employment unemployment rate Development Department.

  - (b) "Department" means the Department of Commerce.(c) "Fund" means the Rural Economic Development Fund.

penalties prescribed by the panel.

- (c) The Treasurer shall invest moneys contained in the fund not needed to meet current obligations in the same manner as other public funds are invested. The moneys resulting from this investment shall be used to support the three rural small business assistance and development centers previously established through the department and the Employment Development Department. The department shall grant these interest moneys to the centers upon request to provide for the continued operation of the centers. If sufficient interest moneys are not available at a time when the centers require additional funds, the department shall lend the centers necessary funds from the Rural Economic Development Fund, if the expected interest earnings from the fund will repay the loans. Funds received under this subdivision shall not be considered when the department reviews and approves applications pursuant to Article 4 (commencing with Section 15397.3). Each center shall receive a maximum of one hundred thousand dollars (\$100,000) each fiscal year. Interest earnings in excess of three hundred thousand dollars (\$300,000) per fiscal year shall be available for expenditure by the department pursuant to this chapter.
- (d) In order to defray costs to the department for administration of Article 5 (commencing with Section 15373.6), the department may impose reasonable charges on all applications, and approved loans. The department may use these fees or other charges for those costs necessary to protect the state's position as a lender-creditor. These costs include, but are not limited to, foreclosure expenses, auction fees, title searches, appraisals, real estate brokerage fees, removal and storage for repossessed equipment and inventory, and additional expenditures to purchase a senior lien in foreclosure or bankruptcy proceedings.
- (e) Notwithstanding Section 13340, all moneys in the fund are continuously appropriated to, and shall remain available for expenditure by, the department for the purposes of this chapter only until July 1, 1991, and on that date any remaining funds shall revert to the Special Account for Capital Outlay.
- (f) No money in the fund shall be used in lieu of any existing state infrastructure financing program, including, but not limited to, the State Transportation Improvement Program or the Clean Water Bond Program.

# Article 3.5. Duties of the Department

15373.25. The department shall be responsible for all of the following:

- (a) Providing comprehensive technical and financial assistance to rural-based local public, private, and nonprofit agencies in order to facilitate the planning and implementation of rural economic development projects.
  - (b) Coordinating state and federal economic development

programs on behalf of rural agencies to ensure that the needs of rural California are adequately and effectively addressed. To the extent possible, the department shall endeavor to serve as the single source for rural agencies seeking economic development assistance from the state.

- (c) Administering the economic development programs established pursuant to this chapter.
- (d) Serving as a clearinghouse of information on available state and federal programs which may be of assistance to improving job opportunities and general economic conditions in rural California.

Projects shall also create at least one full-time job for every fifty thousand dollars (\$50,000) in loan funds received except in the case of research and development facilities in which the economic job creation standard shall be set by the panel.
- (e) Priority shall be given to those projects which create jobs in communities with particularly high levels of unemployment and declining resource-based economics. Consideration shall be given to other community factors in awarding loans and grants, including, but not limited to, those communities which are facing local government fiscal crises, a high poverty rate, or which exhibit an active commitment to diversifying and expanding their economic base. To the extent possible, loans and grants shall be equitably distributed throughout the various rural regions of the state.

current and future demands.

- (g) Loans or grants may not finance projects which would either effect the relocation of any substantial operations of the company from one area of the state to another, or result in the abandonment of any substantial operations of the company within other areas of the state, unless completion of the project or operation of the facility is reasonably necessary to prevent the relocation of any substantial operations of the company from an area within the state to an area outside the state.
- (h) The proceeds of repayment of loan principal and the payment of interest prior to July 1, 1991, shall be deposited in the fund. The proceeds of repayment of loan principal and the payment of interest on and after July 1, 1991, shall be deposited in the Special Account for Capital Outlay.

As part of each report, the superintendent shall identify outstanding obligations of the district.
- SEC. 9. Section 41020.2 is added to the Education Code, to read: 41020.2. (a) If a school district governing board has entered into a contract for an independent audit of its financial statements in accordance with Section 41020 and the audited financial statements have not been filed with the county superintendent of schools on or before the due date established under Section 41020, the county superintendent of schools may investigate the causes for the delay and initiate one of the following actions that will provide the required audited financial statements in the most effective manner:
- (1) The county superintendent of schools may, after consultation with the school district governing board, the auditors under contract to the district, and the Controller's office, grant an appropriate extension for the completion of the audit and the filing of the audited financial statements. - (2) The county superintendent of schools may, after consultation with the school district governing board, the auditors under contract to the district, and the Controller's office, contract with another

qualified certified public accountant or public accountant to obtain the required audited financial statements and charge the cost of the audit to the funds of the district. The Controller's office may do any of the following:
- (1) Accept the action of the county superintendent of schools permitted by subdivision (a).

- (3) Contract with any qualified certified public accountant or public accountant, utilizing the appropriate contracting procedures, for the conduct of the audit and preparation of the audited financial statements and charge the cost of the audit to the next regular apportionment from the State School Fund to the district or county superintendent of schools.
- (4) Grant a reasonable extension of the time for filing the report if, in the judgment of the Controller's office, this will provide the required audited financial statements within the shortest time period. The extension of the time for filing does not waive the legal deadline, but permits the filing of the report after the deadline.

The Controller's office shall consult with the district governing board, the county superintendent of schools, and the auditors under contract to the district or county superintendent of schools before making the determination of the method to be used in obtaining the audited financial statements. [Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 13701 is added to the Water Code, to read: 13701. The Legislature finds and declares all of the following:

- (a) Improperly constructed and abandoned water, cathodic protection, and groundwater monitoring wells can allow contaminated water on the surface to flow down the well casing, thereby contaminating the usable groundwater.
- (b) Improperly constructed and abandoned water, cathodic protection, and groundwater monitoring wells can allow unusable or low quality groundwater from one groundwater level to flow along the well casing to usable groundwater levels, thereby contaminating the usable groundwater.
- (c) Contamination of groundwater poses serious public health and economic problems for many areas of the state.
  - SEC. 2. Section 13712 is added to the Water Code, to read:
- 13712. "Monitoring well" as used in this chapter, means an artificial excavation by any method for the purpose of monitoring the fluctuations in groundwater levels, the quality of underground waters, or the concentration of contaminants in underground waters.
  - SEC. 3. Section 13800 of the Water Code is amended to read:
- 13800. The department, after such studies and investigations pursuant to Section 231 as it finds necessary, on determining that water well, cathodic protection well, and monitoring well construction, maintenance, abandonment, and destruction standards are needed in an area to protect the quality of water used or which may be used for any beneficial use, shall so report to the appropriate regional water quality control board and to the State Department of Health Services. The report shall contain standards for water well, cathodic protection well, and monitoring well construction, maintenance, abandonment, and destruction which, in the department's opinion, are necessary to protect the quality of any affected water.
  - SEC. 4. Section 13801 of the Water Code is amended to read:

- (b) Notwithstanding subdivision (a), the state board shall, not later than September 1, 1989, adopt a model water well, cathodic protection well, and monitoring well drilling and abandonment ordinance implementing the standards for water well construction, maintenance, and abandonment contained in Bulletin 74-81 of the department. If the model ordinance is not adopted by this date, the state board shall report to the Legislature as to the reasons for the delay. The state board shall circulate the model ordinances to all cities and counties .
- (c) Notwithstanding any other provision of law, each county, city, or water agency, where appropriate, shall, not later than January 15, 1990, adopt a water well, cathodic protection well, and monitoring well drilling and abandonment ordinance that meets or exceeds the standards contained in Bulletin 74-81. Where a water agency which has permit authority over well drilling within the agency adopts a water well, cathodic protection well, and monitoring well drilling and abandonment ordinance that meets or exceeds the standards contained in Bulletin 74-81, a county or city shall not be required to adopt an ordinance for the same area.
- (d) If a county, city, or water agency, where appropriate, fails to adopt an ordinance establishing water well, cathodic protection well, and monitoring well drilling and abandonment standards, the model ordinance adopted by the state board pursuant to subdivision (b) shall take effect on February 15, 1990, and shall be enforced by the county or city and have the same force and effect as if adopted as a county or city ordinance.
- (e) The minimum standards recommended by the department and adopted by the state board or local agencies for the construction, maintenance, abandonment, or destruction of monitoring wells or class 1 hazardous injection wells shall not be construed to limit, abridge, or supersede the powers or duties of the State Department of Health Services in their application of standards to the construction, maintenance, abandonment, or destruction of monitoring wells or class 1 hazardous injection wells at facilities which treat, store, or dispose of hazardous waste or at any site where the State Department of Health Services is the lead agency responsible for investigation and remedial action at that site, as long as the standards used by the State Department of Health Services meet or exceed those in effect by any city, county, or water agency where appropriate, responsible for developing ordinances for the area in question.
- SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service

charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

- (b) After determining a mobilehome in a mobilehome park to be an abandoned mobilehome, the management shall post a notice to that effect on the mobilehome for not less than 30 days, and shall deposit copies of the notice in the United States mail, postage prepaid, addressed to the homeowner at the last known address and to any known registered owner, if different from the homeowner, and to any known holder of a security interest in the mobilehome. This notice shall be mailed by registered mail with a return receipt requested.
- (c) Thirty or more days following posting pursuant to subdivision (a), the management may file a petition in the municipal or justice court for the judicial district in which the mobilehome park is located for a judicial declaration of abandonment of the mobilehome. Copies of the petition shall be served upon the homeowner, any known registered owner, and any known person having a lien or security interest of record in the mobilehome. This service may be by publication under the conditions and in the manner specified in Section 415.50 of the Code of Civil Procedure.
- (d) Hearing on the petition shall be given precedence over other matters on the court's calendar. In no event shall the hearing be scheduled more than 60 days following initial posting under subdivision (b). If, upon the hearing, the petitioner shows by a preponderance of the evidence that the mobilehome meets the criteria for an abandoned mobilehome and no party establishes an interest therein at the hearing, the court shall enter a judgment of abandonment, determine the amount of charges to which the petitioner is entitled, and award costs to the petitioner. However, at any time prior to sale under this section, any person having a right to possession of the mobilehome may recover it upon payment to the

management of all rent or other charges due, including reasonable costs of storage and other costs awarded by the court.

- (e) Within 10 days following a judgment of abandonment, the management shall enter the abandoned mobilehome and complete an inventory of the contents and submit the inventory to the court. - (f) Prior to the sale, the abandoned mobilehome and its contents shall not be moved from its site, but the management shall be entitled to storage costs in the same amount as the contract rent and other charges that would be applicable if the mobilehome had not been abandoned.
- (g) Not less than 30 days following the judgment of abandonment, the management may conduct a public sale of the abandoned mobilehome and its contents. The management may bid at the sale and shall have the right to offset its bids to the extent of the total amount due it under this section. The proceeds of the sale shall be retained by the management, but any unclaimed amount thus retained over and above the amount to which the management is entitled under this section shall be deemed abandoned property and shall be paid into the treasury of the county in which the sale took place within 30 days of the date of the sale. The former homeowner or any other owner may claim any or all of that unclaimed amount within one year from the date of payment to the county by making application to the county treasurer or other official designated by the county. If the county pays any or all of that unclaimed amount to a claimant, neither the county nor any officer or employee of the county is liable to any other claimant as to the amount paid.
- (h) Within 30 days of the date of the sale, the management shall submit to the court an accounting of the moneys received from the sale and the disposition of the money and the items contained in the inventory submitted to the court pursuant to subdivision (e).
- (i) The management shall provide the purchaser at the sale with a copy of the judgment of abandonment and evidence of title, as shall be specified by the State Department of Housing and Community Development, which shall register title in the mobilehome to the purchaser upon presentation thereof. The sale shall pass title to the mobilehome to the purchaser free of any prior interest, including any security interest or lien, in the mobilehome.
- SEC. 2. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the

claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund.

(a) In order to provide for adequate public review and **4**516.6. comment, notwithstanding Section 4582.7, the director shall not approve a timber harvesting plan in any county for which rules and regulations have been adopted pursuant to Section 4516.5 or 4516.8 until 35 days from the date of filing of the plan, and timber operations shall not commence until five days from the date of approval of the plan. The board may provide, by regulation, for those periods to be waived or shortened by the department upon a determination, pursuant to criteria and procedures established by the board, that the proposed timber operations will cause no significant environmental damage or threat to public safety, or where the timber operations are necessary to reduce a threat to public safety, health, or general welfare. If the chairman of the board of supervisors of the county in which the proposed timber operations are located notifies the director and the plan submitter that the county intends to appeal the approval of the plan and that the county meets the requirements for filing an appeal, no timber operations shall occur until the final determination of the appeal. If the board of supervisors determines not to appeal the approval of the plan, it shall immediately notify the director and the plan submitter in writing of that determination, and timber operations pursuant to the plan may commence immediately.

(b) The board of supervisors of the county for which rules and regulations have been adopted pursuant to Section 4516.5 or 4516.8

may, not later than 10 days after approval of the plan by the director, appeal that approval, if the county (1) participated in the initial inspection of the plan area with the director and (2) participated in a multidisciplinary review of the plan. The board may establish procedures for filing an appeal and may specify findings which the board of supervisors is required to make in filing an appeal in order to demonstrate that a substantial issue is raised with respect to the environment or public safety.

- (c) The board shall grant a hearing if it determines that the appeal raises substantial issues with respect to the environment or to public safety. The board, by regulation, may delegate this determination to its chairman.
- (d) The board shall hold a public hearing within 30 days of filing of the appeal, or a longer period mutually agreed upon by the board, the county, and the plan submitter. Upon conclusion of the hearing, the board shall approve or deny the plan. The basis of the board's decision shall be conformance with the rules of the board, including any rules enacted with respect to the county pursuant to Section 4516.5 or 4516.8, and this chapter. In denying a plan, the board may make findings that set forth conditions under which it believes the plan would have been approved. The board may delegate conduct of the hearing and the decision to a committee of three members to be appointed for that hearing by the chairman of the board. The committee shall consist of at least two general public members of the board. The chairman of the board or the chairman's designee shall conduct the hearing. In order to provide more specific guidelines and penalties, prohibit certain insider transactions and establish more stringent standards for association officers, directors, and employees in conducting the business of an association under the laws of this state, without delay, it is essential that this act take effect immediately.

15820.70. The Legislature finds and declares that California's public colleges and universities, recognized as being among the world's finest, require assistance in reducing their operating costs or increasing their income, or both. To this end the Legislature finds that it is in the public interest to construct, renovate, and equip facilities or acquire equipment, or both, that may be leased or lease-purchased by the University of California, the California State University, the California Maritime Academy, and the community college districts with the specific purpose of reducing the operating costs or increasing the income, or both, of these institutions and, and through the use of the savings in the support budgets of these postsecondary institutions or an increase in the income of these postsecondary institutions or through the use of a combination of savings and an increase in the income of these postsecondary institutions, to amortize the investment of the State Public Works Board over a reasonable period of time.

It is the intent of the Legislature that the savings in operating costs or increase in income, or both, from these improvements financed by the State Public Works Board be available to the colleges and universities for the purpose of making the lease or lease-purchase payments to the State Public Works Board. In addition, it is the intent of the Legislature that upon completion of the obligations to the State Public Works Board, the college and universities use the remaining savings, if any remain, for further improvements in these institutions.

It is also the intent of the Legislature that the cost of any construction, renovation, or acquisition authorized by statute pursuant to this chapter shall be considered an expenditure of state or community college district funds in the fiscal year in which

payments are made to the State Public Works Board under the terms of the lease or lease-purchase agreement.

# Article 2. Construction, Renovation, Equipping of Facilities, and Acquisition of Equipment

- (d) Savings in operating costs or increases in income, or both, from the improvements described in subdivision (a) shall be available to the institutions for the purposes of making the lease or lease-purchase payments to the board. In addition, these institutions, upon completion of the obligations to the board, shall use any remaining savings for further improvements in these institutions.

The board may contract for a project authorized by the Legislature before issuing certificates, revenue bonds, notes, or bond anticipation notes pursuant to Section 15820.74 if any segment of higher education provides from any lawful source temporary construction financing to meet contract payments for the project or if the board obtains a loan from the General Fund. Any loan from the General Fund shall be specifically authorized by the Legislature and

shall not exceed the amount authorized by the Legislature. The loan amount shall be repaid by the board to the General Fund, together with interest, in the amount that those moneys would have earned in the Pooled Money Investment Account.

Structures constructed with funds derived through the issuance of bonds pursuant to the Mello-Roos Community Facilities Act of 1982 prior to February 11, 1986, are not eligible for financing pursuant to this section.

An act to amend Section 1050 of the Penal Code, relating to courts.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1050 of the Penal Code is amended to read: 1050. (a) The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the Legislature finds that the criminal courts are becoming increasingly

congested with resulting adverse consequences to the welfare of the people and the defendant. Excessive continuances contribute substantially to this congestion and cause substantial hardship to victims and other witnesses. Continuances also lead to longer periods of presentence confinement for those defendants in custody and the concomitant overcrowding and increased expenses of local jails. It is therefore recognized that the people, the defendant, and the victims and other witnesses have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both for the prosecution and the defense, to expedite these proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings.

- (b) To continue any hearing in a criminal proceeding, including the trial, (1) a written notice shall be filed and served on all parties to the proceeding at least two court days before the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary; and (2), within two court days of learning that he or she has a conflict in the scheduling of any court hearing, including a trial, an attorney shall notify the calendar clerk of each court involved, in writing, indicating which hearing was set first. A party shall not be deemed to have been served within the meaning of this section until that party actually has received a copy of the documents to be served, unless the party, after receiving actual notice of the request for continuance, waives the right to have the documents served in a timely manner. Regardless of the proponent of the motion, the prosecuting attorney shall notify people's witnesses and the defense attorney shall notify defense's witnesses of the notice of motion, the date of the hearing, and the witnesses' right to be heard by the court. The superior and municipal courts of a county may adopt rules, which shall be consistent, regarding the method of giving the notice or waiver of service required by this subdivision, where a continuance is sought because of a conflict between scheduled appearances in the courts of that county.
- (c) Notwithstanding subdivision (b), a party may make a motion for a continuance without complying with the requirements of that subdivision. However, unless the moving party shows good cause for the failure to comply with those requirements, the court may impose sanctions as provided in Section 1050.5.
- (d) When a party makes a motion for a continuance without complying with the requirements of subdivision (b), the court shall hold a hearing on whether there is good cause for the failure to comply with those requirements. At the conclusion of the hearing the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of the finding and a statement of facts proved shall be entered in the minutes. If the

moving party is unable to show good cause for the failure to give notice, the motion for continuance shall not be granted.

- (e) Continuances shall be granted only upon a showing of good cause. Neither the convenience of the parties nor a stipulation of the parties is in and of itself good cause.
- (f) At the conclusion of the motion for continuance, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of facts proved shall be entered in the minutes.
- (g) When deciding whether or not good cause for a continuance has been shown, the court shall consider the general convenience and prior commitments of all witnesses, including peace officers. Both the general convenience and prior commitments of each witness also shall be considered in selecting a continuance date if the motion is granted. The facts as to inconvenience or prior commitments may be offered by the witness or by a party to the case.
- (h) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.
- (i) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the court shall state on the record the facts proved that justify the length of the continuance, and those facts shall be entered in the minutes.
- (j) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382, the court must immediately notify the Chairman of the Iudicial Council.
- (k) This section shall not apply when the preliminary examination is set on a date less than 10 court days from the date of the defendant's arraignment on the complaint, and the prosecution or the defendant moves to continue the preliminary examination to a date not more than 10 court days from the date of the defendant's arraignment on the complaint.

- (d) It is also necessary for the Legislature to recognize and establish public policy relating to the fact that the inhaling of alkyl nitrites, manufactured and marketed as incense or room odorizers and often sold for use as stimulants, has tentatively been implicated by several research studies as being immunosuppressive, and as being a cofactor in the development of Kaposi's sarcoma, one of the principal manifestations of AIDS.

- (b) This section shall remain in effect only until January 1, 1989, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1989, deletes or extends that date.

- "Warning: These products contain alkyl nitrites ('poppers'). Inhaling or swallowing alkyl nitrites may be harmful to your health. The use of alkyl nitrites may affect the immune system. Several studies have suggested that their use is associated with the development of Kaposi's sarcoma (an AIDS condition)."
- (b) The signs required by subdivision (a) shall be furnished by the manufacturers or distributors of alkyl nitrites in California in sufficient quantity with the shipments of alkyl nitrites to allow posting at all points of sale.
- (c) "Point of sale" for purposes of this section is that place within close proximity of the shelves or other area where the alkyl nitrites are displayed for consumer purchase.

- (d) Where two stoplamps are required, at least one shall be mounted at the left and one at the right side, respectively, at the same level.
- (e) Stoplamps on vehicles manufactured on or after January 1, 1979, shall emit a red light. Stoplamps on vehicles manufactured before January 1, 1979, shall emit a red or yellow light. All stoplamps shall be plainly visible and understandable from a distance of 300 feet to the rear both during normal sunlight and at nighttime, except that stoplamps on a vehicle of a size required to be equipped with clearance lamps shall be visible from a distance of 500 feet during such times.
- (f) Stoplamps shall be activated upon application of the service (foot) brake and the hand control head for air, vacuum, or electric brakes. In addition, all stoplamps may be activated by a mechanical device designed to function only upon sudden release of the accelerator while the vehicle is in motion. Stoplamps on vehicles

equipped with a manual transmission may be manually activated by a mechanical device when the vehicle is downshifted if the device is automatically rendered inoperative while the vehicle is accelerating.

(g) Any vehicle may be equipped with supplemental stoplamps mounted to the rear of the rearmost portion of the driver's seat in its rearmost position in addition to the lamps required to be mounted on the rear of the vehicle. Supplemental stoplamps installed after January 1, 1979, shall be red in color and mounted not lower than 15 inches above the roadway. The supplemental stoplamp on that side of a vehicle toward which a turn will be made may flash as part of the supplemental turn signal lamp.

A supplemental stoplamp may be mounted inside the rear window of a vehicle, if it is mounted at the centerline of the vehicle and is constructed and mounted so as to prevent any light, other than a monitorial indicator emitted from the device, either direct or reflected, from being visible to the driver.

- (h) Any supplemental stoplamp installed after January 1, 1987, shall comply with Federal Motor Vehicle Safety Standard No. 108 (49 C.F.R. 571.108). Any vehicle equipped with a stoplamp which complies with the federal motor vehicle safety standards applicable to that make and model vehicle shall conform to that applicable safety standard unless modified to comply with the federal motor vehicle safety standard designated in this subdivision.
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

#### CHAPTER 1185

An act to amend Sections 387 and 396 of the Vehicle Code, relating to manufactured homes.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 387 of the Vehicle Code is amended to read: 387. "Manufactured home" is a manufactured home, as defined in Section 18007 of the Health and Safety Code, a commercial coach, as defined in Section 18001.8 of the Health and Safety Code, a mobilehome, as defined in Section 18008 of the Health and Safety Code, factory-built housing, as defined in Section 18971 of the Health and Safety Code, and a trailer coach which is in excess of 102 inches

in width, or in excess of 40 feet in overall length measured from the foremost point of the trailer hitch to the rear extremity of the trailer. Manufactured home does not include a recreational vehicle, as defined in Section 18010 of the Health and Safety Code.

SEC. 2. Section 396 of the Vehicle Code is amended to read:

396. "Mobilehome" is a structure as defined in Section 18008 of the Health and Safety Code. For the purposes of enforcement of highway safety laws and regulations, a mobilehome is a trailer coach which is in excess of 102 inches in width, or in excess of 40 feet in overall length measured from the foremost point of the trailer hitch to the rear extremity of the trailer.

#### CHAPTER 1186

An act to add Division 13.5 (commencing with Section 16500) to the Fish and Game Code, relating to Indian fishing rights.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Division 13.5 (commencing with Section 16500) is added to the Fish and Game Code, to read:

# DIVISION 13.5. STATE-TRIBAL AGREEMENTS GOVERNING INDIAN FISHING ON THE KLAMATH RIVER

#### CHAPTER 1. LEGISLATIVE FINDINGS

16500. The Legislature finds:

- (a) Jurisdiction over the protection and development of natural resources, especially the fish resource, is of great importance to both the State of California and California Indian tribes.
- (b) To California Indian tribes, control over their minerals, lands, water, wildlife, and other resources within Indian country is crucial to their economic self-sufficiency and the preservation of their heritage. On the other hand, the State of California is concerned about protecting and developing its resources; protecting, restoring, and developing its commercial and recreational salmon fisheries; ensuring public access to its waterways; and protecting the environment within its borders.
- (c) More than any other issue confronting the State of California and California Indian tribes, the regulation of natural resources, especially fish, transcends political boundaries.
- (d) In many cases, the State of California and California Indian tribes have differed in their respective views of the nature and extent of state versus tribal jurisdiction in areas where Indians have

historically fished. Despite these frequent and often bitter disputes, both the state and the tribes seek, as their mutual goal, the protection and preservation of the fish resource. This division is an attempt to provide a legal mechanism, other than protracted and expensive litigation over unresolved legal issues, for achieving that mutual goal on the Klamath River.

- (e) That the Department of Fish and Game has exercised jurisdiction over the Klamath River from the mouth of the river through the Klamath River Reservation (also known as the Hoopa Valley Indian Reservation), but that the Bureau of Indian Affairs and the Indian tribes thereon have also asserted jurisdiction over that river. The river itself lies within a disputed area and proper management of the resource presents, therefore, unique and difficult problems in the exercise of fishing practices by all users groups.
- (f) Although commercial fishing may not be a traditional practice of the tribes existing along the Klamath River within the boundaries of the land of the Klamath River Reservation, nevertheless, the Department of Fish and Game has historically supported the concept of tribal fishing, including a tribal commercial fishing industry where the industry is consistent with the need to preserve the species, sound management, and where such usage would not adversely effect other user groups, including sport fishing and the ocean commercial fishery.
- (g) That a commercial fishery existed on the Klamath River in the late 19th Century and early 20th Century, in which the Indian tribes existing along the river participated, but that the commercial fishing was abolished in 1933 with the passage of the predecessor to Section 8434, and, further, that salmon resources have declined historically due to past water developmental policies and timber harvesting practices. With a reduced number of fish available, special laws are needed to protect those resources and allocate them fairly among the various user groups.
- (h) This division is not only enacted to provide the legal mechanism described above, but is also intended to encourage cooperative agreements to allow protection of the resource among all of the user groups. In so doing, the Legislature recognizes the unique status of the Klamath River and the fishing therein.

#### CHAPTER 2. GENERAL PROVISIONS AND DEFINITIONS

16510. The definition in this chapter shall govern the construction of this division.

16511. "Klamath River Indian Tribes" means those tribes existing within the boundaries of the Klamath River Indian Reservation, or Hoopa Valley Indian Reservation, located in Humboldt and Del Norte Counties in California, which tribes are recognized as an Indian tribe by the Secretary of the Interior.

16512. "Take" means pursue, catch, capture, or kill, or attempt to

pursue, catch, capture, or kill.

16513. "Traditional Indian fishing practice" means a mode, method, or way of taking fish that is recognized in the customs and traditions of the Klamath River Indian Tribes.

16514. "Klamath River Reservation or Hoopa Valley Reservation" means the land extending one mile in width on each side of the Klamath River from the mouth of the Klamath River to the confluence of the Trinity and Klamath Rivers and those lands lying within the Hoopa Square.

16515. "Disputed area" means that part of the Klamath River or Trinity River where jurisdiction to regulate Indian fishing is asserted by both the State of California and by one or more of the Indian tribes in the Klamath River Indian Tribes or by the United States government acting as trustee therefor.

16516. "Subsistence purposes" means fish or game taken by qualified Indian tribal members of the Klamath River Indian Tribes for personal consumption by the tribal members or their immediate families.

16517. "Ceremonial or religious purposes" means fish taken by qualified Indian tribal members of the Klamath River Indian Tribes for recognized religious or ceremonial activities, which activities are consistent with the customs and traditions of the particular tribe in the Klamath River Indian Tribes.

16518. "Commercial fishing" means the taking of fish by qualified Indian tribal members of the Klamath River Indian Tribes, for sale or to be offered for sale within California.

16520. "Klamath River Salmon Management Group" means that group which is composed of one representative each from the Pacific Fishery Management Council, National Marine Fisheries Service, Department of Interior, Oregon Department of Fish and Wildlife, California Department of Fish and Game, and the Hoopa Valley Tribal Council.

16521. "Klamath River Salmon Allocation Committee" means that working committee with the Klamath River Salmon Management Group which provides recommendations regarding allocation of salmon and is composed of the members representing the Klamath River Salmon Management Group and equitable representation of the recognized and affected user groups of the Klamath River salmon resource.

#### Chapter 3. Negotiation and Approval of Agreement

16530. The director may enter into a mutual agreement or compact with the Hoopa Valley Indian Tribal Council and with the Bureau of Indian Affairs acting as trustee for other Klamath River Basin tribes regarding the taking of fish from the Klamath River within the exterior boundaries of the Klamath River Reservation.

16531. Negotiations shall take place following the completion each year of the user group salmon allocation agreement

recommended by the Klamath River Salmon Allocation Committee, adopted by the Klamath River Salmon Management Group, and subsequently adopted by the Pacific Fishery Management Council and the United States Department of Commerce. Any agreement or compact under this division shall reflect those user group allocations.

16532. Notwithstanding Sections 8434, 8685.5, 8685.6, and 8685.7, the compact or agreement may include provisions for commercial sales of salmon allocated to qualified Indian members of the Klamath River Indian Tribes and that the salmon may be taken by traditional Indian methods, including, but not limited to, use of gill nets, if the agreement or compact includes a provision for marking of the salmon to be sold, limits on the number of the salmon to be sold, and provides for a portion of the sales to benefit the members or programs of the Klamath River Indian Tribes, in accordance with the wishes of the tribes or the Bureau of Indian Affairs acting on behalf of the tribes as trustee.

16533. The department shall, on or before January 30 of each year, beginning January 30, 1987, prepare a report summarizing the status and content of these agreements or compacts and shall submit the report to the commission and the Legislature.

### CHAPTER 4. ENFORCEABILITY OF AN AGREEMENT OR COMPACT

16540. Any agreement or compact entered into pursuant to this division shall be enforceable by the parties only to the extent and in the form or forms provided for under the terms of the agreement or compact.

16541. The department may adopt regulations consistent with the provisions of any agreement or compact entered into pursuant to Section 16530 or 16531. The application and enforcement of those regulations shall be in accordance with the express provisions of the agreement or compact.

#### CHAPTER 1187

An act to amend Sections 25160, 25169, 25173, 25185, 25185.5, 25186, 25187, 25189, 25189.2, 25192, 25194.5, 25197.1, and 25197.2 of, to add Sections 25185.6, 25186.1, 25186.2, and 25189.3 to, and to repeal Sections 25116.5 and 25168.2 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Hazardous Waste Enforcement Act of 1986."

- SEC. 2. Section 25116.5 of the Health and Safety Code is repealed. SEC. 3. Section 25160 of the Health and Safety Code is amended to read:
- 25160. (a) For purposes of this chapter, "manifest" means the Uniform Hazardous Waste Manifest required by this section. A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials which the person completing the manifest reasonably believes are hazardous waste.
- (b) Any person producing a hazardous waste shall provide the person who will transport the hazardous waste with an applicable Uniform Hazardous Waste Manifest, which is completed as required by the department. The producer shall provide the manifest to the driver if the hazardous waste will be transported by vehicle, or to the person designated by the railroad corporation or vessel operator if the hazardous waste will be transported by rail or vessel. The producer shall also send a copy of the manifest to the department within 30 days after submitting the hazardous waste for transport.
- (c) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the Resource Conservation and Recovery Act of 1976 (42 U.S.C. Sec. 6901 et seq.) or by regulations adopted by the United States Department of Transportation. However, the form of the manifest and the information required shall be consistent with federal regulations.

Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations, including, but not limited to, the number of the vehicle which will transport the hazardous waste, as specified in the certificate of compliance issued pursuant to Section 25168.3.

- (d) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, officer of the California Highway Patrol, any local health officer, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations and shall also enter on the shipping papers any information concerning the hazardous waste which the department may require.
- (e) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.
  - (f) Any person who transports hazardous waste shall transfer a

copy of the manifest to the person who is responsible for the disposal of the waste, at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. Any person who transports hazardous waste and then transfers custody of that hazardous waste to a person who will subsequently transport that waste by rail or vessel shall transfer a copy of the manifest to the person designated by the railroad corporation or vessel operator, as specified by Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations.

- (g) Any person who receives hazardous waste for disposal, which was transported with a manifest pursuant to this section, shall submit a copy of the manifest to the department within 30 days after receiving the hazardous waste.
- SEC. 4. Section 25168.2 of the Health and Safety Code is repealed. SEC. 5. Section 25169 of the Health and Safety Code is amended to read:
- 25169. (a) Every transporter of hazardous waste shall maintain ability to respond in damages resulting from the operation of that business consistent with whichever of the following requires the highest limits:
- (1) The liability limits prescribed pursuant to Section 3631 of the Public Utilities Code.
- (2) The liability limits prescribed pursuant to Section 3631.5 of the Public Utilities Code.
- (3) A higher limit than that prescribed pursuant to paragraph (1) or (2), when deemed necessary and so established by the department.
- (b) The department shall, within two working days of being informed of any violation of subdivision (a), transmit a notice of violation to the transporter suspected of the violation. If the transporter so notified does not present proof of compliance with subdivision (a) to the department's satisfaction within 30 days of transmittal of the notice, the department shall immediately, notwithstanding Section 25186, suspend the registration. If proof of compliance is not submitted within 60 days, the registration shall immediately be revoked, notwithstanding Section 25186. A transporter whose registration is revoked pursuant to this subdivision may apply again for registration upon furnishing proof of compliance with subdivision (a).
- SEC. 6. Section 25173 of the Health and Safety Code is amended to read:
- 25173. The department shall establish procedures to ensure that trade secrets used by a person regarding methods of hazardous waste handling and disposal are utilized by the director, the department, or any authorized representative of the department only in connection with the responsibilities of the department pursuant to this chapter and that such trade secrets are not otherwise disseminated by the director, the department, or any authorized representative of the department without the consent of the person.

However, any information shall be made available to governmental agencies for use in making studies and for use in judicial review or enforcement proceedings involving the person furnishing the information.

"Trade secrets," as used in this section, may include, but are not limited to, any formula, plan, pattern, process, tool, mechanism, compound, procedure, production data, or compilation of information which is not patented, which is known only to certain individuals within a commercial concern who are using it to fabricate, produce, or compound an article of trade or a service having commercial value, and which gives its user an opportunity to obtain a business advantage over competitors who do not know or use it.

- SEC. 7. Section 25185 of the Health and Safety Code is amended to read:
- 25185. (a) In order to carry out the purposes of this chapter, any authorized representative of the department or of the local health officer may, at any reasonable hour of the day, or as authorized pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, do any of the following:

- (2) Carry out any sampling activities necessary to carry out this chapter, including obtaining samples from any individual or taking samples from the property of any person or from any vehicle in which any authorized representative of the department or a local health officer reasonably believes has transported or is transporting hazardous waste. However, upon request, split samples shall be given to the person from whom, or from whose property or vehicle, the samples were obtained.
- (3) Stop and inspect any vehicle reasonably suspected of transporting hazardous wastes when accompanied by a uniformed peace officer in a clearly marked vehicle.
- (4) Inspect and copy any records, reports, test results, or other information required to carry out this chapter.
- (5) Photograph any waste, waste container, waste container label, vehicle, waste treatment process, waste disposal site, or condition constituting a violation of law found during an inspection.
- (b) During the inspection, the inspector shall comply with all reasonable security, safety, and sanitation measures. In addition, the inspector shall comply with reasonable precautionary measures specified by the operator.
- (c) A report listing any violations found during the inspection shall be prepared by the inspector and shall be kept on file in the department. A copy of the report shall be provided to the operator.
- (d) Whenever photographs have been taken pursuant to paragraph (5) of subdivision (a), the department shall comply with

all procedures established pursuant to Section 25173 and shall notify the person whose facility was photographed prior to public disclosure of the photographs, and, upon request of that person, shall submit a copy of any photograph to that person for the purpose of determining whether trade secret information, as defined in Section 25173, or facility security would be revealed by the photograph. "Public disclosure," as used in this section, shall not include review of the photographs by a court of competent jurisdiction or an administrative law judge. That review may be conducted in camera at the discretion of the court or judge.

- (e) "Local health officer," as used in this section, means county health officers, city health officers, and district health officers, as defined in this code.
- SEC. 8. Section 25185.5 of the Health and Safety Code is amended to read:
- 25185.5. - (a) Obtain samples of the soil, vegetation, air, water, and biota on or beneath the land.
- (b) Set up and maintain monitoring equipment for the purpose of assessing or measuring the actual or potential migration of hazardous wastes on, beneath, or toward the land.
- (c) Survey and determine the topography and geology of the land.
- (d) Photograph any equipment, sample, activity, or environmental condition described in subdivision (a), (b), or (c). The photographs shall be subject to the requirements of subdivision (d) of Section 25185.
- (e) This section does not apply to any hazardous waste facility which is required to be permitted pursuant to this chapter and which is subject to inspection pursuant to Section 25185.
- (f) An inspector who inspects pursuant to this section shall make a reasonable effort to inform the owner or his or her authorized representative of the inspection and shall provide split samples to the owner or representative upon request and shall comply with the provisions of subdivision (b) of Section 25185.
- SEC. 9. Section 25185.6 is added to the Health and Safety Code, to read:

Any person required to furnish this information shall pay any costs of photocopying or transmitting this information.

When requested by the person furnishing this information the department shall follow the procedures established under Section 25173.

SEC. 10. Section 25186 of the Health and Safety Code is amended to read:

25186. The department may deny, suspend, or revoke any permit, registration, or certificate applied for, or issued, pursuant to this chapter in accordance with the procedures specified in Sections 25186.1 and 25186.2, where the applicant or holder of the permit, registration, or certificate, or in the case of a business concern, any trustee, officer, director, partner, or any person holding more than 5 percent of the equity in or debt liability of that business concern, has engaged in any of the following:

- (e) Activities resulting in any federal or state conviction which are significantly related to the fitness of the applicant or holder of the permit, registration, or certificate to perform the applicant's duties or activities under the permit, registration, or certificate. For the purposes of this subdivision, "conviction" means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department may take pursuant to this subdivision relating to the denial, suspension or revocation of a permit, registration, or certificate may be based upon a conviction for which any of the following has occurred:
  - (1) The time for appeal has elapsed.
  - (2) The judgment of conviction has been affirmed on appeal.
- (3) Any order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Section 1203.4 of the Penal Code permitting that person to withdraw the person's plea of guilty, and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.
- (f) Activities resulting in the revocation or suspension of any license, permit, registration or certificate held by the applicant or holder of the permit, registration or certificate or, if the applicant or holder of the permit, registration, or certificate is a business concern, by any trustee, officer, director, partner, or any person holding more than 5 percent of the equity in, or debt liability of that business concern relating to, the generation, transportation, treatment,

In the event of a conflict between this chapter and the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of Government Code, the provisions of the Government Code shall prevail.

SEC. 12. Section 25186.2 is added to the Health and Safety Code, to read:

The department may temporarily suspend any permit, 25186.2. registration or certificate issued pursuant to this chapter prior to any hearing if the department determines that the action is necessary to prevent or mitigate an imminent and substantial danger to the public health or safety or the environment. The department shall notify the holder of the permit, registration, or certificate of the temporary suspension and the effective date thereof and at the same time shall serve the person with an accusation. Upon receipt by the department of a notice of defense to the accusation from the holder of the permit, registration, or certificate, the department shall, within 15 days, set the matter for a hearing, which shall be held as soon as possible, but not later than 30 days after receipt of the notice. An order issued pursuant to this section may include a requirement

that the person take corrective action with respect to hazardous waste, including the cleanup of the hazardous waste, abatement of the effects thereof, and any other necessary remedial action. The order shall incorporate as a condition of the order any applicable waste discharge requirements issued by the State Water Resources Control Board or a California regional water quality control board, and shall be consistent with all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code and state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code existing at the time of the issuance of the order or proposed order. The department may also include any more stringent requirement which the department determines is necessary or appropriate to protect water quality. Persons who are subject to an order pursuant to this section include present and prior owners, lessees, or operators of the property where the hazardous waste is located, present or past generators, storers, treaters, transporters, disposers, and handlers of hazardous waste, and persons who arrange, or have arranged, by contract or other agreement, to store, treat, transport, dispose of, or otherwise handle hazardous waste.

- (b) Any order or proposed order issued pursuant to subdivision (a) shall be served by personal service or certified mail and shall inform the person so served of the right to a hearing.
- (c) Any person served with an order or proposed order pursuant to subdivision (b) who has been unable to resolve any violation or deficiency on an informal basis with the department may file, within 10 days after service of the order or proposed order, a notice of intent to challenge the order and request a public hearing. A notice of intent to challenge the order and request a public hearing shall be deemed filed within the 10-day period provided by this subdivision if it is postmarked within that 10-day period. If no notice of intent to challenge the order and request for a public hearing is filed within the time limits provided by this subdivision, the order or proposed order shall become final.
- (d) Any hearing requested under subdivision (c) shall be conducted by an independent hearing officer, in accordance with the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation and the various abatement and cleanup remedies which are appropriate in the given circumstances and which are consistent with the primary emphasis of protecting the public health and safety and the environment. After conducting any hearing requested under subdivision (c), the hearing officer shall, within 30 days after the case is submitted, issue a decision, including any order, if appropriate. The hearing officer's decision, including any order

issued therewith, shall be served by the department on each party by personal service or by certified mail.

- (e) Any provision of an order issued under subdivision (a) shall take effect upon issuance by the department if the department finds that the violation or violations of law associated with that provision may pose an imminent and substantial endangerment to the public health or safety or the environment, and a request for a hearing shall not stay the effect of that provision of the order pending a decision by the hearing officer under subdivision (d). However, in the event that the department determines that any or all provisions of the order are so related that the public health or safety or the environment can be protected only by immediate compliance with the order as a whole, then the order as a whole shall take effect upon issuance by the department and a request for a hearing shall not stay the effect of the order as a whole pending a decision by the hearing officer under subdivision (d). Any order issued after a hearing requested under subdivision (c) shall take effect upon issuance by the hearing officer.
- (f) Within 30 days after service of a copy of a decision issued by the hearing officer, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the decision or order or for other remedies. Except as otherwise specified in this section, Section 1094.5 of the Code of Civil Procedure shall govern the proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.
- SEC. 14. Section 25189 of the Health and Safety Code is amended to read:
- 25189. (a) Any person who intentionally or negligently makes any false statement or representation in any application, label, manifest, record, report, permit, or other document filed, maintained, or used for purposes of compliance with this chapter, shall be liable for a civil penalty not to exceed twenty-five thousand dollars (\$25,000) for each separate violation or, for continuing violations, for each day that violation continues.
- (b) Except as provided in subdivision (c) or (d), any person who intentionally or negligently violates any provision of this chapter or any permit, rule, regulation, standard, or requirement issued or promulgated pursuant to this chapter, shall be liable for a civil penalty not to exceed twenty-five thousand dollars (\$25,000) for each violation of a separate provision or, for continuing violations, for each

day that violation continues.

- (c) Any person who intentionally disposes or causes the disposal of any hazardous or extremely hazardous waste at a point which is not authorized according to the provisions of this chapter shall be subject to a civil penalty of not less than one thousand dollars (\$1,000) or more than twenty-five thousand dollars (\$25,000) for each violation and may be ordered to disclose the fact of this violation or these violations to those persons as the court may direct. Each day on which the deposit remains and the person has knowledge thereof is a separate additional violation, unless the person immediately files a report of the deposit with the department and is complying with any order concerning the deposit issued by the department, a hearing officer, or a court of competent jurisdiction for the cleanup.
- (d) Any person who negligently disposes or causes the disposal of any hazardous or extremely hazardous waste at a point which is not authorized according to the provisions of this chapter shall be subject to a civil penalty of not more than twenty-five thousand dollars (\$25,000) for each violation and may be ordered to disclose the fact of this violation or these violations to those persons as the court may direct. Each day on which the deposit remains and the person had knowledge thereof is a separate additional violation, unless the person immediately files a report of the deposit with the department and is complying with any order concerning the deposit issued by the department, a hearing officer, or a court of competent jurisdiction for the cleanup.
- (e) Each civil penalty imposed for any separate violation pursuant to this section shall be separate and in addition to any other civil penalty imposed pursuant to this section or any other provision of law.
- (f) No person shall be liable for a civil penalty imposed under this section and for a civil penalty imposed under Section 25189.2 for the same act or failure to act.
- SEC. 15. Section 25189.2 of the Health and Safety Code is amended to read:
- 25189.2. (a) Any person who makes any false statement or representation in any application, label, manifest, record, report, permit, or other document, filed, maintained, or used for purposes of compliance with this chapter, is liable for a civil penalty not to exceed ten thousand dollars (\$10,000) for each separate violation or, for continuing violations, for each day that the violation continues.
- (b) Except as provided in subdivision (c), any person who violates any provision of this chapter or any permit, rule, regulation, standard, or requirement issued or adopted pursuant to this chapter, is liable for a civil penalty not to exceed ten thousand dollars (\$10,000) for each violation of a separate provision or, for continuing violations, for each day that the violation continues.
- (c) Any person who disposes, or causes the disposal of, any hazardous or extremely hazardous waste at a point which is not authorized according to the provisions of this chapter is liable for a

civil penalty of not more than ten thousand dollars (\$10,000) for each violation and may be ordered to disclose the fact of this violation or these violations to those persons as the court or, in the case of an administrative action, a hearing officer, may direct. Each day on which the deposit remains is a separate additional violation, unless the person immediately files a report of the deposit with the department and is complying with any order concerning the deposit issued by the department, a hearing officer, or a court of competent jurisdiction for the cleanup.

- (d) No person may be liable for a civil penalty imposed under this section and for a civil penalty imposed under Section 25189 for the same act or failure to act.
- (e) Liability under this section may be imposed in a civil action or liability may be imposed administratively pursuant to Section 25189.3.
- SEC. 16. Section 25189.3 is added to the Health and Safety Code, to read:
- (a) The department may issue a complaint to any 25189.3. person on whom civil liability may be imposed pursuant to Section 25189.2. The complaint shall allege the acts or failures to act that constitute a basis for liability and the amount of the proposed civil liability. The complaint shall be served by personal service or certified mail and shall inform the party so served that a hearing shall be conducted within 60 days after the party has been served, unless the party waives the right to a hearing. If the party waives the right to a hearing, the department shall issue an order setting liability in the amount proposed in the complaint unless the department and the party have entered into a settlement agreement, in which case the department shall issue an order setting liability in the amount specified in the settlement agreement. Where the party has waived the right to a hearing or where the department and the party have entered into a settlement agreement, the order shall not be subject to review by any court or agency.
- (b) Any hearing required under this section shall be conducted by an independent hearing officer according to the procedures specified in Sections 11507 to 11517, inclusive, of the Government Code, except as otherwise specified in this section. In making a determination, the hearing officer shall take into consideration the nature, circumstances, extent, and gravity of the violation, the violator's past and present efforts to prevent, abate, or clean up conditions posing a threat to the public health or safety or the environment, the violator's ability to pay the proposed civil penalty, and the prophylactic effect that imposition of the proposed penalty will have on both the violator and on the regulated community as a whole. After conducting any hearing required under this section, the hearing officer shall, within 30 days after the case is submitted, issue a decision, including an order setting the amount of civil penalty to be imposed.
  - (c) Orders setting civil liability issued under this section shall

become effective and final upon issuance thereof, and payment shall be made within 30 days of issuance. Copies of these orders shall be served by personal service or by certified mail upon the party served with the complaint and upon other persons who appeared at the hearing and requested a copy.

- (d) Within 30 days after service of a copy of a decision issued by the hearing officer, any person so served may file with the superior court a petition for writ of mandate for review of the decision. Any person who fails to file the petition within this 30-day period may not challenge the reasonableness or validity of a decision or order of the hearing officer in any judicial proceedings brought to enforce the decision or order or for other remedies. Except as otherwise provided in this section, Section 1094.5 of the Code of Civil Procedure shall govern any proceedings conducted pursuant to this subdivision. In all proceedings pursuant to this subdivision, the court shall uphold the decision of the hearing officer if the decision is based upon substantial evidence in the whole record. The filing of a petition for writ of mandate shall not stay any corrective action required pursuant to this chapter or the accrual of any penalties assessed pursuant to this chapter. This subdivision does not prohibit the court from granting any appropriate relief within its jurisdiction.
- (e) All penalties collected under this section shall be placed in a separate subaccount in the Hazardous Waste Control Account and shall be available for expenditure by the department only upon appropriation by the Legislature.

SEC. 17. Section 25192 of the Health and Safety Code is amended to read:

- 25192. (a) Except as provided in subdivision (b), all civil and criminal penalties collected pursuant to this chapter shall be apportioned in the following manner:
- (1) Fifty percent shall be paid to the state or local agency which investigated the violation for which the penalty is imposed. If more than one state or local agency investigated the violation, the court shall, when imposing the penalty, equitably apportion this 50 percent share of the penalty among the agencies which investigated the violation based upon the nature and extent of each agency's participation in the investigation.
- (2) Fifty percent shall be paid to the office of the city attorney, district attorney, or Attorney General, whichever office brought the action.
- (b) All civil penalties collected administratively pursuant to Section 25189.3 shall be paid to the department except that, if more than one state or local agency investigated the violation for which the administrative penalty is imposed, the penalty amount shall be apportioned in the following manner:
- (1) The hearing officer awarding the penalty, if the penalty is imposed pursuant to a hearing, or the director, if the penalty is imposed pursuant to a settlement agreement, shall equitably apportion 50 percent of the penalty among the state and local

agencies which investigated the violation based upon the nature and extent of each agency's participation in the investigation.

- (2) Fifty percent shall be paid to the department.
- (c) All civil and criminal penalties collected by a state agency pursuant to this chapter shall be deposited in a subaccount in the Hazardous Waste Control Account in the General Fund, and shall be available for expenditure, upon appropriation by the Legislature.
- (d) In all actions in which a civil or criminal penalty is imposed, two hundred dollars (\$200) shall be deducted from the amount of the civil or criminal penalty before apportionment pursuant to subdivision (a) or (b), and shall be deposited in the Hazardous Waste Enforcement Training Fund, which is hereby created in the General Fund.
- (e) All moneys in the Hazardous Waste Enforcement Training Fund may be expended by the Office of Criminal Justice Planning, upon appropriation by the Legislature, to support the training of local, county, and state hazardous waste and hazardous materials enforcement personnel in the investigation and prosecution of hazardous waste and hazardous materials violations.
- (f) If a reward is paid to a person pursuant to Section 25191.7, the amount of the reward shall be deducted from the amount of the civil or criminal penalty before apportionment of the penalty amount pursuant to subdivision (a) or (b) and before the deduction is made pursuant to subdivision (d).
- SEC. 18. Section 25194.5 of the Health and Safety Code is amended to read:
- 25194.5. (a) The withdrawal of an application for a permit, registration, or certificate, after it has been filed with the department shall not, unless the department consents in writing to the withdrawal, deprive the department of its authority to institute or continue a proceeding against the applicant for the denial of the permit, registration, or certificate upon any ground provided by law or to enter an order denying the permit, registration, or certificate upon any ground, and a withdrawal shall not affect the authority of the department to institute or continue a proceeding against the applicant pertaining to any violation of this chapter or any rule, regulation, standard, or requirement issued or promulgated pursuant to this chapter.
- (b) The suspension, expiration, or forfeiture by operation of law of a permit, registration, or certificate issued by the department, or its suspension, forfeiture, or cancellation by order of the department or by order of a court, or its surrender or attempted or actual transfer without the written consent of the department shall not deprive the department of its authority to institute or continue a disciplinary proceeding against the holder of a permit, registration, or certificate upon any ground, or of its authority to enter an order suspending or revoking the permit, registration, or certificate, or otherwise taking an action against the holder or a permit, registration, or certificate on any ground.

- SEC. 19. Section 25197.1 of the Health and Safety Code is amended to read:
- 25197.1. (a) The Governor shall establish a Hazardous Waste Enforcement Unit within the department and shall appoint an enforcement coordinator to administer that unit and carry out the duties specified in subdivision (b).
  - (b) The enforcement coordinator shall do all of the following:
- (1) Provide assistance and coordination to city attorneys and district attorneys in the prosecution of persons violating this chapter and any other law or regulation relating to hazardous waste. The enforcement coordinator shall require that information which the department receives concerning a violation of this chapter or any regulation or order issued pursuant to this chapter is routinely and expeditiously transmitted from the department to the appropriate city attorney or district attorney, or to the Attorney General.
- (2) Provide training and assistance to city attorneys and district attorneys in the enforcement of this chapter and any other law or regulation relating to hazardous waste.
- (3) Make recommendations of persons to be awarded payment pursuant to Section 25191.7.
- (4) Make annual recommendations to the Governor and the Legislature of statutory changes to increase the capability of city attorneys and district attorneys to prosecute violations of this chapter.
- (5) Submit an annual report to the Governor and the Legislature concerning all specific actions taken during that year by the enforcement coordinator to carry out this section and the results obtained from those actions in increasing the effectiveness of local and state hazardous waste enforcement activities.
- (c) Nothing in this article limits the authority of a city attorney, a district attorney, or the Attorney General to investigate or prosecute violations of hazardous waste laws or regulations.
- (d) Nothing in this article limits the authority of the department or any agency specified in subdivision (a) of Section 25197.2 to request that a civil or criminal action be brought by a city attorney, a district attorney, or the Attorney General under any other law or regulation.
- SEC. 20. Section 25197.2 of the Health and Safety Code is amended to read:

- SEC. 21. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act does not mandate a new program or highter level of service on local government and because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Chapter 4 (commencing with Section 17550) of Part 7 of Division 2 of Title 2 of the Government Code.

# Article 8. Sustainable Agriculture

550. This article shall be known and may be cited as the "Sustainable Agriculture Research and Education Act of 1986."
551. The Legislature finds and declares all of the following:

- (a) There is a growing movement in California and the nation to change farming techniques by adopting more resource-conserving, energy efficient systems of agriculture. The objective of these changes is to produce agricultural products which may reduce the use of petrochemicals, improve means of biological pest management, improve soil productivity, improve erosion control, and improve irrigation, cultivation, and harvesting techniques.
- (b) Over the long term, adoption of more efficient resource conserving systems of agricultural production can benefit both the producing and consuming public.
- (c) The resolution of many agricultural problems depends on immediate efforts to provide farmers with practices that are both resource-conserving and economical for food producers, and to foster food production and distribution methods that reduce dependence on petroleum-based inputs.
- 552. The purpose of this article is to promote more research and education on sustainable agricultural practices, such as organic methods, biological control, and integrated pest managements, and including the analysis of economic factors influencing the long-term sustainability of California agriculture. This article is intended to foster economically and ecologically beneficial means of soil improvement, pest management, irrigation, cultivation, harvesting, transportation, and marketing for California agriculture based on methods designed to accomplish all of the following:
- (a) The control of pests and diseases of agricultural importance through alternatives that reduce or eliminate the use of pesticides and petrochemicals.
- (b) Produce, process, and distribute food and fiber in ways that consider the interactions among soil, plant, water, air, animals, tillage, machinery, labor, energy, and transportation to enhance agricultural efficiency, public health, and resource conservation.
- 553. (a) It is the intent of the Legislature that the Regents of the University of California establish the Sustainable Agriculture Research and Education Program to support all of the following:
- (1) Competitive grants for research on topics described in Section 552.
- (2) The giving of instructions and practical demonstrations in agriculture and imparting information through demonstrations, publications, and otherwise, and for printing and distribution of information in connection with the Sustainable Agriculture Research and Education Program. Where feasible, these demonstrations shall include field research conducted on cooperator farms.
- (3) Planning for and management of University of California farmlands committed to supporting long-term continuous research in sustainable agricultural practices and farming systems.
- (b) Those eligible to apply for competitive grants under subdivision (a) shall include individuals affiliated with public and private institutions of higher education and with nonprofit tax-exempt organizations.

- (c) All grant applications shall be subject to peer review for scientific merit.
- (d) In awarding grants, preference shall be given to projects that include field evaluation and offer the greatest potential for measurable progress toward attaining the long-term goals pursuant to Section 552.
- 554. (a) (1) If the Sustainable Agriculture Research and Education Program is established by the regents, the President of the University of California shall establish and appoint a Program Advisory Committee and a Technical Advisory Committee.
- (2) The duties of the Program Advisory Committee shall include recommending goals and priorities for this program, including, but not limited to, reviewing the priority of grant applications.
- (3) The program committee shall be composed of a majority of individuals representing agriculture, as well as representatives from government, public organizations, and institutions of higher education all of whom are knowledgeable regarding the issues and practices of sustainable agriculture.
- (4) The duties of the Technical Advisory Committee shall include making recommendations about the scientific merit of grant applications submitted pursuant to Section 553.
- (5) The Technical Advisory Committee shall be composed of faculty and staff of the University of California and other experts from outside the university.
- (6) Members of the Program Advisory Committee and Technical Advisory Committee who are not employed by the University of California shall be appointed for a period not exceeding three years and receive compensation for expenses incurred in the performance of their duties according to applicable university regulations and guidelines.
- (b) If the Sustainable Agriculture Research and Education Program is established by the regents, the Regents of the University of California shall report on January 1, 1988, and then biennially to the Legislature regarding the expenditures and activities of the program.
- 555. If the Sustainable Agriculture Research and Education Program is established by the regents, it shall be established from existing resources.

## CHAPTER 1190

An act to amend Section 65913.4 of the Government Code, and to amend Sections 33760, 33760.5, 34312.3, 51335, 52080, and 52097.5 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 65913.4 of the Government Code is amended to read:

- 65913.4. (a) If a developer agrees to construct a housing development with 20 percent or more of the units reserved for occupancy by lower income households, as defined by Section 50079.5 of the Health and Safety Code, including elderly persons and families, as defined by Section 50067 of the Health and Safety Code, who meet the criteria for lower income households, a city, county, or city and county issuing permits for the housing development shall, unless it makes one of the findings described in subdivision (b), provide at least one, and may provide more, of the following regulatory concessions or incentives to ensure that the housing development will be produced at a reduced cost:
- (1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements which exceed the minimum building standards approved by the State Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required.
  - (2) Density bonuses, as defined by Section 65915.
- (3) Approval of mixed use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.
- (4) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county which result in identifiable cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county or the waiver of fees or dedication requirements.

Any density bonus granted pursuant to this subdivision is an alternative to, and not in addition to, a density bonus granted pursuant to Section 65915.

- (b) After evaluating the regulatory concessions or incentives which could result in the housing development being produced at a reduced cost pursuant to subdivision (a), a city, county, or city and county may determine that it is unnecessary or inappropriate to take any of the actions identified in subdivision (a). This determination shall be supported by either of the following written findings:
- (1) The housing development does not need additional local assistance because the reserved units in the development would be affordable to very low income households, as defined by Section 50105 of the Health and Safety Code, without additional assistance.
- (2) The actions identified in subdivision (a) would have a substantial adverse impact upon the public health or safety. This finding shall be based upon substantial evidence in the public record.
- (c) This section applies to any housing development containing five or more units, including, but not limited to, those developments that receive federal, state, or local construction or mortgage financing assistance, mortgage insurance, or rent subsidies. Except for units financed under Sections 1472 and 1490a of Title 42 of the United States Code, the units for lower income households specified in subdivision (a) shall be reserved for a period of 10 years, or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program.
- SEC. 2. Section 33760 of the Health and Safety Code is amended to read:
- 33760. (a) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties, or make loans to qualified mortgage lenders, for financing any of the following:
  - (1) Residential construction within a redevelopment project area.
- (2) Residential construction of residences in which the dwelling units are committed, for the period during which the loan is outstanding, for occupancy by persons or families who are eligible for financial assistance specifically provided by a governmental agency for the benefit of occupants of the residence.
- (3) To the extent required by Section 103A of Title 26 of the United States Code, as amended, to maintain the exemption from federal income taxes of interest on bonds or notes issued by the

- agency under this chapter, residences located within targeted areas, as defined by Section 103(b) (12) (A) of Title 26 of the United States Code. Any loans to qualified mortgage lenders shall be made under terms and conditions which, in addition to other provisions as determined by the agency, shall require the qualified mortgage lender to use all of the net proceeds thereof, directly or indirectly, for the making of mortgage loans or construction loans in an appropriate principal amount equal to the amount of the net proceeds. Those mortgage loans may, but need not, be insured.
- (b) (1) Not less than 20 percent (15 percent in target areas) of the units in any residential project financed pursuant to this section on or after January 1, 1986, shall be occupied by, or made available to, individuals of low and moderate income, as defined by Section 103(b) (12) (C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a four-bedroom unit.
- (2) Not less than one-half of the units described in paragraph (1) shall be occupied by, or made available to, very low income households, as defined by Section 50105. The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.
- (c) No agency may issue any bonds on or after January 1, 1986, until the information required to be filed pursuant to Section 8855.5 of the Government Code has been filed with the California Debt Advisory Commission and the Treasurer certifies to the Legislature that the agency has filed that information.
- (d) Units required to be reserved for occupancy as provided in subdivision (b) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.
- SEC. 3. Section 33760.5 of the Health and Safety Code is amended to read:
  - 33760.5. (a) Notwithstanding the requirements of Section 33760,

agencies which operate within a jurisdiction, the population of which is in excess of 600,000 persons, as determined by the Department of Finance, may additionally provide financing for residential construction of multifamily rental units outside of a redevelopment project area as set forth in and subject to the limitations of this section.

- (b) Within its territorial jurisdiction, an agency may determine the location and character of any residential construction to be financed under this chapter and may make mortgage or construction loans to participating parties through qualified mortgage lenders, or purchase mortgage or construction loans without premium made by qualified mortgage lenders to participating parties for financing residential construction of multifamily rental units.
- (c) Not less than 20 percent (15 percent in target areas) of the units in each project financed pursuant to this section shall be occupied by, or made available to, individuals of low and moderate income, as defined in Section 103 (b) (12) (C) of Title 26 of the United States Code. If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.
- (d) Not less than one-half of the low and moderate income units described in subdivision (c) shall be occupied by, or made available to, very low income households, as defined in Section 50105. The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937, (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a four-bedroom unit.
- (e) No agency may issue any bonds on or after January 1, 1986, until the information required to be filed pursuant to Section 8855.5 of the Government Code has been filed with the California Debt Advisory Commission and the Treasurer certifies to the Legislature that the agency has filed that information.
- (f) Units required to be reserved for occupancy by subdivisions (c) and (d) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.

- (g) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.
- SEC. 4. Section 34312.3 of the Health and Safety Code is amended to read:
- 34312.3. (a) Subject to the requirements of this section and of Article 5 (commencing with Section 34350), an authority may do any of the following:
- (1) Issue revenue bonds for the purpose of financing the construction or development of multifamily rental housing and for the provision of capital improvements in connection with and determined necessary to the multifamily rental housing.
- (2) Make or undertake commitments to make construction loans and mortgage loans to finance the development of multifamily rental housing.
- (3) Purchase or undertake, directly or indirectly through lending institutions, commitments to purchase, construction loans, and mortgage loans originated in accordance with a financing agreement with the authority to finance the development of multifamily rental housing or make loans to lending institutions under terms and conditions which, in addition to other provisions determined by the authority, shall require the lending institutions to use the net proceeds of the loans for the making, directly or indirectly, of construction loans or mortgage loans to finance the development of multifamily rental housing.
- (b) An authority may develop, rehabilitate, or finance housing projects or participate in the development, rehabilitation, or financing of housing projects; or purchase, sell, lease, own, operate, or manage housing projects so assisted, subject to all of the requirements of this section.

So long as the proceeds of any sale, lease, or other disposition of real property, net of the cost of sale, are to be used directly to assist a housing project pursuant to this section for persons of low income, and the funds in any trust fund established pursuant to subdivision (f) are used directly to assist housing units for persons of very low income, an authority may, after a public hearing, sell, lease, or otherwise dispose of the real property without complying with any provision of law concerning disposition of surplus property, including, but not limited to, Sections 34315.5 and 34315.7.

An authority may convey surplus lands it acquires from another public agency to a nonprofit or private developer for development of single-family homes where the development will provide for homeownership for persons and families of low or moderate income, as defined in Section 50093. This conveyance shall be after a public hearing. With the exception of subdivisions (b), (c), and (d) of Section 34315.7, the conveyance need not comply with any law concerning the disposition of surplus properties, including, but not limited to, Section 34315.5 or subdivision (a) of Section 34315.7. The proceeds of any sale or other disposition of surplus land, net of the

cost of sale, shall be used to assist a housing project pursuant to this section for persons of low income.

- (c) (1) (A) Not less than 20 percent of all units in housing projects assisted by an authority pursuant to this section shall be available for occupancy on a priority basis to persons of low income. In the case of housing projects located within a targeted area, as defined by Section 103(b) (12) (A) of Title 26 of the United States Code, not less than 15 percent of all units in such housing projects assisted pursuant to this section shall be for occupancy on a priority basis by persons of low income.
- (B) If the sponsor elects to establish a base rent for units reserved for lower income households, the base rents shall be adjusted for household size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a three-bedroom unit, and five persons in the case of a four-bedroom unit.
- (2) (A) Not less than one-half of the units required to be available for occupancy pursuant to paragraph (1) and financed with any bonds issued on or after January 1, 1986, shall be occupied by, or made available to, very low income households, as defined by Section 50105.
- (B) The rental payments for those units paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed the amount derived by multiplying 30 percent times 50 percent of the median adjusted gross income for the area, adjusted for family size, as determined pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor, for a family of one person in the case of a studio unit, two persons in the case of a one-bedroom unit, three persons in the case of a two-bedroom unit, four persons in the case of a four-bedroom unit.
- (3) Any indebtedness incurred pursuant to a mortgage loan financed under the terms of this chapter shall be subject to acceleration and the balance owing declared immediately due and payable upon any sale of an owner-occupied residence to a purchaser who does not meet the required qualifications for borrowers as established by the authority.
- (4) The authority shall require the owners of housing projects assisted pursuant to this section to accept as tenants, on the same basis as all other prospective tenants, in the units reserved for very low income households, any very low income households who are recipients of federal certificates for rent subsidies pursuant to the existing program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), or its successor. The authority shall not permit a selection criteria to be applied to Section 8 certificate

holders that is any more burdensome than the criteria applied to all other prospective tenants.

- (5) No resident in housing units assisted pursuant to this section shall be denied continued occupancy or ownership because, after admission, the resident's family income increases to exceed the eligibility level. However, the authority shall ensure that percentage requirements of this section shall continue to be met by providing the next available unit or units to persons of low income or by taking other actions to satisfy the percentage requirements of this section.
- (6) In determining whether the percentage requirements of subdivision (c) have been achieved, the following terms and conditions shall be applied:
- (A) The requirement that 20 percent or 15 percent, as the case may be, of the housing units assisted by an authority pursuant to this section shall be available on a priority basis to, or occupied by, households whose adjusted gross income does not exceed the applicable limits prescribed by subdivision (c) shall apply to the aggregate number of units assisted by an authority pursuant to this section.
- (B) This section applies only to housing units first assisted after January 1, 1983, and the percentage requirements of subdivision (c) shall be complied with by January 1, 1986, and on January 1 of each even-numbered year thereafter.
- (C) The percentage requirements of subdivision (c) shall be achieved within each of the following categories: (1) rental housing developments; (2) homeownership developments; and (3) rehabilitation financing. Housing units provided by rehabilitation financing shall not be counted within either of the first two categories.
- (d) Units required to be reserved for occupancy by subdivision (c) and financed with the proceeds of bonds issued on or after January 1, 1986, shall remain occupied by, or made available to, those persons until the bonds are retired.
- (e) No housing authority may issue any bonds on or after January 1, 1986, until the information required to be filed pursuant to Section 8855.5 of the Government Code has been filed with the California Debt Advisory Commission and the Treasurer certifies to the Legislature that the housing authority has filed that information.
- (f) Multifamily rental housing financed pursuant to this section shall not be subject to the requirements of subparagraph (B) of paragraph (1) and paragraph (2) of subdivision (c), and the requirements of subdivision (d), if all of the following requirements are fulfilled:
- (1) The housing authority offers each tenant a homeownership opportunity when the bonds are retired.
- (2) A special trust fund or account which is funded with bond issuance proceeds or developer contributions, or both, is established no later than the time that the multifamily rental housing is first occupied. The initial funding of the account shall be no less than 5

4217

percent of the face value of the bonds issued for the multifamily rental housing project. Upon repayment of the bonds, these funds, and all interest accruing thereon, less any amounts necessary to pay outstanding claims, shall be used to assist housing units for persons of very low income.

- (3) The requirements of subparagraph (A) of paragraph (1) and subparagraph (A) of paragraph (2) of subdivision (c) shall remain in effect for the periods required by Section 103(b) (12) (B) of Title 26 of the United States Code.
- (g) It is the intent of the Legislature, and the Legislature declares, that housing authorities are the local entities with primary responsibility for providing housing for low-income and very low income households within their jurisdictions. However, recognizing that housing projects only for low-income households cannot be adequately assisted or developed with currently available funds, and that excess funds from housing projects assisted pursuant to this section can be utilized to further assist in the provision of housing for lower income households, it is the intent of the Legislature that the authorization of this section is to be used to enhance and supplement the traditional housing authority role of providing housing only for low-income households.
- SEC. 5. Section 51335 of the Health and Safety Code is amended to read:
- 51335. (a) (1) Not less than 20 percent of the total number of units in a multifamily rental housing development financed, or for which financing has been extended or committed, pursuant to this chapter from the proceeds of sale of each bond issuance of the agency shall be for occupancy on a priority basis by lower income households. If a multifamily rental housing development is located within a targeted area project, as defined by Section 103 (b) (12) (A) of Title 26 of the United States Code, not less than 15 percent of the total number of units financed, or for which financing has been extended or committed pursuant to this chapter, shall be for occupancy on a priority basis by lower income households. Not less than one-half of the units required for occupancy on a priority basis by lower income households shall be for occupancy on a priority basis for very low income households.

The rental payments on the units required for occupancy by very low income households paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed 30 percent of 50 percent of area median income. If the sponsor elects to establish a base rent for all or part of the units for lower income households and very low income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall assume that one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will

occupy a four-bedroom unit.

- (2) The local agency issuing permits for the development of the multifamily rental housing development shall consider opportunities to contribute to the economic feasibility of the units and to the provision of units for very low income households through concessions and inducements such as the following:
  - (A) Reductions in construction and design requirements.
- (B) Reductions in setback and square footage requirements and the ratio of vehicular parking spaces that would otherwise be required.
  - (C) Granting density bonuses.
  - (D) Providing expedited processing of permits.
- (E) Modifying zoning code requirements to allow mixed use zoning.
- (F) Reducing or eliminating fees and charges for filing and processing applications, petitions, permits, planning services, water and sewer connections, and other fees and charges.
- (G) Reducing or eliminating requirements relating to monetary exactions, dedications, reservations of land, or construction of public facilities.
- (H) Other financial incentives or concessions for the multifamily rental housing development which result in identifiable cost reductions, as determined by the agency. The agency shall ensure that the local agency issuing permits for the development considers its responsibilities under this section and makes a good faith effort to enhance the feasibility of the project and to provide housing for lower income households and very low income households.
- (3) The agency shall not permit a selection criteria to be applied to certificate holders under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) that is any more burdensome than the criteria applied to all other prospective tenants.
- (4) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter for lower income households, very low income households, and persons and families of low or moderate income. To that end, the quality of materials and the amenities provided should not be excessive so as to hinder the prospect of achieving the stated goal. The Legislature finds and declares that the design standards utilized by the agency in the past including, but not limited to, the design requirements adopted to govern the new construction program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), are substantially in excess of those required for a decent, healthy, and safe residential unit and intends, by the amendment adding this paragraph to this section by the Statutes of 1985, that the agency finance multifamily rental developments with substantially less costly design requirements than those required by the agency prior to January 1, 1986.
- (5) It is the intent of the Legislature that the agency finance projects that assist in meeting the urgent need for providing shelter

for families. To that end, developments with three- and four-bedroom units affordable to larger families shall have priority over competing developments.

- (b) As a condition of financing pursuant to this chapter, the housing sponsor shall enter into a regulatory agreement with the agency providing that units reserved for occupancy by lower income households remain available on a priority basis for occupancy until the bonds are retired. The regulatory agreement shall contain a provision making the covenants and conditions of the agreement binding upon successors in interest of the housing sponsor. The regulatory agreement shall be recorded in the office of the county recorder of the county in which the multifamily rental housing development is located. The regulatory agreement shall be recorded in the grantor-grantee index to the name of the property owner as grantor and to the name of the agency as grantee.
- (c) The agency shall ensure that units occupied by lower income households are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.
- (d) (1) The agency shall give priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees for multifamily rental housing developments which incorporate innovative and energy-efficient techniques which reduce development or operating costs and which have the lowest feasible per unit cost, as determined by the agency, based on efficiency of design, the elimination of improvements that are not required by applicable building standards, or a reduction in the amount of local fees imposed on the development.
- (2) The agency shall give equal priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees on multifamily rental housing developments which do any of the following:
  - (A) Utilize federal housing or development assistance.
- (B) Utilize redevelopment funds or other local financial assistance, including, but not limited to, contributions of land, or for which local fees have been reduced.
  - (C) Are sponsored by a nonprofit housing organization.
- (D) Provide a significant number of housing units, as determined by the agency, as part of a coordinated jobs and housing plan adopted by a local government.
- (E) Exceed a ratio whereby 20 percent of the units are reserved for occupancy by lower income households, or whereby 10 percent of the units are reserved for occupancy by very low income households, or which provide units for lower income households or very low income households for the longest period of time beyond the minimum number of years.
- (e) (1) New and existing rental housing developments may be syndicated after prior written approval of the agency. The agency shall grant that approval only after the agency determines that the

terms and conditions of the syndication comply with this section.

- (2) The terms and conditions of the syndication shall not reduce or limit any of the requirements of this chapter or regulations adopted or documents executed pursuant to this chapter. No requirements of the state shall be subordinated to the syndication agreement. A syndication shall not result in the provision of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement.
- (f) At the option of the agency, the amendments to this section made by Chapter 907 of the Statutes of 1983 may be made applicable to any multifamily rental housing development financed by the issuance, on or after September 3, 1982, of bonds authorized by this chapter.

SEC. 6. Section 52080 of the Health and Safety Code is amended to read:

52080. (a) (1) Not less than 20 percent of the total number of units in a multifamily rental housing development financed, or for which financing has been extended or committed, pursuant to this chapter from the proceeds of sale of each bond issuance of the city or county shall be for occupancy on a priority basis by lower income households, as defined by Section 50079.5. If a multifamily rental housing development is located within a targeted area project, as defined by Section 103(b) (12) (A) of Title 26 of the United States Code, not less than 15 percent of the total number of units financed, or for which financing has been extended or committed pursuant to this chapter, shall be for occupancy on a priority basis by lower income households. Not less than one-half of the units required for occupancy on a priority basis by lower income households shall be for occupancy on a priority basis for very low income households, as defined by Section 50105.

The rental payments on the units required for occupancy by very low income households paid by the persons occupying the units (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those persons or on behalf of those units) shall not exceed 30 percent of 50 percent of area median income. If the sponsor elects to establish a base rent for all or part of the units for lower income households and very low income households, the base rents shall be adjusted for household size. In adjusting rents for household size, the agency shall assume that one person will occupy a studio unit, two persons will occupy a one-bedroom unit, three persons will occupy a two-bedroom unit, four persons will occupy a three-bedroom unit, and five persons will occupy a four-bedroom unit.

(2) The governing body shall ensure that the local agency issuing permits for the development of the multifamily rental housing development shall consider opportunities to contribute to the economic feasibility of the units and to the provision of units for very low income households through concessions and inducements such as the following:

- (A) Reductions in construction and design requirements.
- (B) Reductions in setback and square footage requirements and the ratio of vehicular parking spaces that would otherwise be required.
  - (C) Granting density bonuses.
  - (D) Providing expedited processing of permits.
- (E) Modifying zoning code requirements to allow mixed use zoning.
- (F) Reducing or eliminating fees and charges for filing and processing applications, petitions, permits, planning services, water and sewer connections, and other fees and charges.
- (G) Reducing or eliminating requirements relating to monetary exactions, dedications, reservations of land, or construction of public facilities.
- (H) Other financial incentives or concessions for the multifamily rental housing development which result in identifiable cost reductions, as determined by the governing body. The governing body shall ensure that the local agency issuing permits for the development considers its responsibilities under this section and makes a good faith effort to enhance the feasibility of the project and to provide housing for lower income households and very low income households.
- (3) The governing body shall not permit a selection criteria to be applied to certificate holders under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) that is more burdensome than the criteria applied to all other prospective tenants.
- (4) It is the intent of the Legislature that the governing body finance projects that assist in meeting the urgent need for providing shelter for lower income households, very low income households, and persons and families of low or moderate income. To that end, the quality of materials and the amenities provided should not be excessive so as to hinder the prospect of achieving the stated goal. The Legislature finds and declares that the design standards utilized in the past, including, but not limited to, the design requirements adopted to govern the new construction program under Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f), are substantially in excess of those required for a decent, healthy, and safe residential unit and intends, by the amendment adding this paragraph to this section by the Statutes of 1985, that cities and counties finance multifamily rental developments with substantially less costly design requirements than those required by the governing body prior to January 1, 1986.
- (5) It is the intent of the Legislature that the governing body finance projects that assist in meeting the urgent need for providing shelter for families. To that end, developments with three- and four-bedroom units affordable to larger families shall have priority over competing developments.
- (b) As a condition of financing pursuant to this chapter, the housing sponsor shall enter into a regulatory agreement with the city

or county providing that units reserved for occupancy by lower income households remain available on a priority basis for occupancy until the bonds are retired. The regulatory agreement shall contain a provision making the covenants and conditions of the agreement binding upon successors in interest of the housing sponsor. The regulatory agreement shall be recorded in the office of the county recorder of the county in which the multifamily rental housing development is located. The regulatory agreement shall be recorded in the grantor-grantee index to the name of the property owner as grantor and to the name of the city or county as grantee.

- (c) The governing body shall ensure that units occupied by lower income households are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.
- (d) (1) The city or county shall give priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees or other local fees for multifamily rental developments which incorporate innovative and energy-efficient techniques which reduce development or operating costs and which have the lowest feasible per unit cost, as determined by the city or county, based on efficiency of design or the elimination of improvements that are not required by applicable building standards.
- (2) The city or county shall give equal priority to processing construction loans and mortgage loans or may take other steps such as reducing loan fees or other local fees on multifamily rental housing developments which do any of the following:
  - (A) Utilize federal housing or development assistance.
- (B) Utilize redevelopment funds or other local financial assistance, including, but not limited to, contributions of land.
  - (C) Are sponsored by a nonprofit housing organization.
- (D) Provide a significant number of housing units, as determined by the city or county, as part of a coordinated jobs and housing plan adopted by the city or county.
- (E) Exceed a ratio whereby 20 percent of the units are reserved for occupancy by lower income households, or whereby 10 percent of the units are reserved for occupancy by very low income households, or which provide units for lower income households or very low income households for the longest period of time beyond the minimum number or years.
- (e) (1) New and existing rental housing developments may be syndicated after prior written approval of the governing body. The governing body shall grant that approval only after the city or county determines that the terms and conditions of the syndication comply with this section.
- (2) The terms and conditions of the syndication shall not reduce or limit any of the requirements of this chapter or regulations adopted or documents executed pursuant to this chapter. No requirements of the city or county shall be subordinated to the

syndication agreement. A syndication shall not result in the provision of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement.

- (f) At the option of the city or county, the amendments to this subdivision made by Chapter 907 of the Statutes of 1983 may be made applicable to any multifamily rental housing development financed by the issuance, on or after September 3, 1982, of bonds authorized by this chapter.
- SEC. 7. Section 52097.5 of the Health and Safety Code is amended to read:
- 52097.5. (a) At least 30 days prior to issuing bonds pursuant to this chapter, a charter provision, or an ordinance for the purposes specified in Section 52097, an issuer shall notify the Mortgage Bond Allocation Committee in writing that the issuer intends to issue bonds pursuant to this chapter or such other authority. The notification shall specify the amount of bonds expected to be issued, the development or developments to be financed, and the development or developments, if any, that are subject to the restriction on occupancy described in subdivision (d). The Mortgage Bond Allocation Committee shall advise the issuer of the aggregate amount of bonds previously issued in the calendar year pursuant to this chapter, charter provisions, or ordinances.
- (b) An issuer shall certify to the Mortgage Bond Allocation Committee, at the time of filing the notification of intent to issue, that it has in an escrow specifically established for the purpose, an amount equal to 1 percent of the amount of bonds expected to be issued for developments other than developments to be owned by nonprofit or public entities. To the extent that bonds are not issued for the development or developments before the later of the end of the calendar year in which the notification of intent was filed or the passage of nine months during which amounts were available for the issuance under subdivision (d), a pro rata proportion of the amount in the escrow shall be forwarded to the Mortgage Bond Allocation Committee for immediate deposit in the Rental Housing Construction Fund established pursuant to Section 50740. To the extent that bonds are issued for the development or developments, or notwithstanding the preceding sentence, are not issued during the periods specified in the preceding sentence for reasons beyond the control of the issuer or the developer, as determined by the issuer, the amount in escrow may be released by the issuer to the appropriate person or entity and not forwarded to the committee for deposit in that fund.
- (c) Within five days, exclusive of weekends and holidays, of the issuance of bonds pursuant to this chapter, a charter provision, or an ordinance for the purposes specified in Section 52097, the city, county, or city and county shall notify the Mortgage Bond Allocation Committee of the amount of the bonds issued.
- (d) The maximum aggregate amount of bonds which may be issued pursuant to this chapter, charter provisions, or ordinances for

the purposes specified in Section 52097, shall not exceed one billion five hundred million dollars (\$1,500,000,000) in any calendar year. #### CHAPTER 1191

An act to amend Section 46205 of the Education Code, relating to education.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 46205 of the Education Code is amended to read:

46205. For purposes of this article, instructional time for school districts conducting early-late reading programs in kindergarten and grades 1 through 8 shall be computed by adding the total amount of instructional time provided in each portion of the early-late reading

programs to the amount of instructional time offered when all pupils in the class are scheduled to attend. It is not the intent of the Legislature to disrupt or restrict early-late reading programs for pupils in kindergarten and grades 1 through 8.

This section shall be applicable only if the early-late reading program was in operation during the 1983-84 fiscal year, except that the Superintendent of Public Instruction may approve, based on educational reasons, the application of this section to programs commencing operation after the 1983-84 fiscal year.

## CHAPTER 1192

An act to amend Section 54734 of, and to add Sections 52610.5 and 52616.2 to, the Education Code, relating to education.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that there is a large percentage of pupils that may not receive a high school diploma, or its equivalent, because of a variety of causes, including teenage pregnancy. Research findings indicate that these pupils will face additional hardships in their lives as a result of not being prepared to enter the world of work.

Legislation enacted in 1985 provided additional opportunities for youth and adults to develop the necessary academic preparation leading to a high school diploma, and the technical skills needed to enter the world of work.

The Legislature also finds that adult education courses and classes offered by school districts or county superintendent of schools can provide education and support services to parents of pupils who are at risk, and especially to pregnant minors who, without this service, would not complete a high school education.

SEC. 2. Section 52610.5 is added to the Education Code, to read: 52610.5. Notwithstanding Section 52610, any minor, regardless of age, who is pregnant or is a parent actively engaged in raising one or more of his or her children, is eligible to enroll in any adult education course or class described in subdivision (a) of Section 41976 or in Section 52616.2. The attendance of any such pupil in that course or class shall be counted for adult education apportionment purposes, except that no district shall be entitled to claim average daily attendance for apportionment purposes in excess of the amount authorized by subdivision (b) of Section 52616. In addition, no district may count the attendance of any pupil toward the computation of both adult average daily attendance, computed pursuant to Section 46350, and regular average daily attendance

computed pursuant to Section 46300.

- SEC. 3. Section 52616.2 is added to the Education Code, to read: 52616.2. For purposes of calculating the adult block entitlement under Section 52616 for any school district that maintains education programs for adults, as described under subdivision (a) of Section 41976, the Superintendent of Public Instruction shall include the average daily attendance for any parenting programs offered by the district for parents of high-risk pupils, as defined in Section 54721, between the ages of 5 and 18 years, inclusive, which programs shall include, but not necessarily be limited to, instruction in the value of the following pupil objectives:
- (a) Completion of the educational process leading to the granting of a diploma of graduation from high school.
  - (b) Study and learning in conjunction with other pupils.
  - (c) Fulfillment of school homework requirements.
- (d) School attendance and participation as preparation for employment and other activities.
- SEC. 4. Section 54734 of the Education Code is amended to read: 54734. The Superintendent of Public Instruction shall do all of the following:
- (a) Assist districts and schools, upon request, to design, implement, or evaluate school plans authorized by this article.
- (b) Apportion funds in accordance with the provisions of Article 3 (commencing with Section 52850) of Chapter 12 of Part 28 and this article.
  - (c) Conduct program quality and fiscal reviews to:
- (1) Ensure that funds allocated pursuant to this article are expended for the purposes intended.
- (2) Provide information helpful to local schools in improving their programs.
- (3) Provide information and technical assistance helpful to schools in improving the school-based pupil motivation and maintenance programs.
- (d) Establish an information dissemination repository, including, but not limited to, model programs, instructional strategies, and effective practices for working with high-risk pupils and increasing the pupil retention of schools and school dropout recovery programs. This repository shall be made available to school districts.
- (e) Request that school plans submitted pursuant to Article 3 (commencing with Section 52850) of Chapter 12 of Part 28 by the local governing board be in compliance with this article and any implementing administrative regulations.

#### CHAPTER 1193

An act to amend Section 12024.12 of the Business and Professions Code, relating to kosher food, and making an appropriation therefor.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 12024.12 of the Business and Professions Code is amended to read:

12024.12. (a) Any person who sells fresh meat or poultry advertised or represented to be kosher shall retain, on the premises, for one year, a true and legible copy of all invoices and records of cash or charge transactions from the packer or producer of the kosher meat or poultry and shall make these documents, and other evidence of the source of the meat being housed or sold by that person, available for inspection by the Department of Food and Agriculture or its representatives, upon request.

(b) Notwithstanding any other provision of law, the Director of Food and Agriculture shall enforce this section, as a pilot program in the Counties of Alameda, Los Angeles, Orange, San Diego, and Santa Clara and the City and County of San Francisco until July 1, 1988, if adequate funding, as determined by the director, is made available.

- (c) This section shall become inoperative on July 1, 1988, and, as of January 1, 1989, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1989, deletes or extends the dates on which it becomes inoperative and is repealed.
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.
- SEC. 3. The sum of one hundred thousand dollars (\$100,000) is hereby appropriated from the General Fund to the Department of Food and Agriculture for expenditure during the 1986–87 and 1987–88 fiscal years to carry out the purposes of Section 12024.12 of the Business and Professions Code.

## CHAPTER 1194

An act to amend Sections 360, 361, 362, 363, 364, 364.1, 364.2, 365, 366, 368, and 371.5 of, and to repeal Sections 367, 371.3, 372, and 373 of, the Health and Safety Code, relating to health.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 360 of the Health and Safety Code is amended to read:

360. The Legislature finds that 95 percent of all children in California have dental disease in the form of dental caries and periodontal disease. Dental disease in childhood can and does result in significant lifetime disability, dental pain, missing teeth, time lost from school and work, and the need for dentures. Poor nutrition in childhood is a major contributing factor in lifetime dental disability. The cost of treating the results of dental disease is close to two billion dollars (\$2,000,000,000) per year in California, of which approximately one hundred million dollars (\$100,000,000) is paid by the State of California for Denti-Cal treatment costs alone.

The Legislature also finds that dental disease in children and the resultant abnormalities in adults can be prevented by education and treatment programs for children. It is the intent of the Legislature in enacting this article to establish for children in preschool through sixth grade, and in classes for individuals with exceptional needs, preventive dental programs which shall be financed and have standards established at the state level and which shall be operated at the local level.

- SEC. 2. Section 361 of the Health and Safety Code is amended to read:
- 361. A community dental disease prevention program may be offered to school children in preschool through sixth grade, and in classes for individuals with exceptional needs, by a local sponsor. A local sponsor may be a city or county health department, county office of education, superintendent of schools office, school district or other public or private nonprofit agency approved by the State Department of Health Services. The program shall include, but not be limited to, the following:
- (a) Educational programs, focused on development of personal practices by pupils, that promote dental health. Emphasis shall include, but not be limited to, causes and prevention of dental diseases, nutrition and dental health, and the need for regular dental examination with appropriate repair of existing defects.
- (b) Preventive services including, but not limited to, ongoing plaque control and supervised application of topical prophylactic agents for caries prevention, in accordance with the provisions of

Chapter 11 (commencing with Section 3500) of Division 4 or other preventive agents approved by the department. Services shall not include dental restoration, orthodontics, or extraction of teeth. Any acts performed, or services provided, under this article constituting the practice of dentistry shall be performed or provided by, or be subject to the supervision of, a licensed dentist in accordance with the provisions of Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code.

- SEC. 3. Section 362 of the Health and Safety Code is amended to read:
- 362. An advisory board, including representatives from education, dental professions, and parent groups shall be designated by the local sponsor to advise on dental health programs funded under this article. The use of existing advisory bodies is encouraged. The board shall hold public meetings at least twice a year after appropriate notification in order that interested parties may provide input regarding the dental health needs of the community.
- SEC. 4. Section 363 of the Health and Safety Code is amended to read:
- 363. The minimal standards of the community dental disease prevention program shall be determined by the department in accordance with the purposes of this article, and may be revised periodically as deemed necessary by the department to further the purposes of this article.
- SEC. 5. Section 364 of the Health and Safety Code is amended to read:
- 364. The local health officer of each local health department interested in participating in the community dental disease prevention program, or his or her designee, in cooperation with the appropriate education personnel and the local advisory board, shall submit a proposal for the program to the state department annually. The proposal shall include the methods by which the program will be implemented in each jurisdiction and program results reported. However, this function shall be the responsibility of the state department for all counties which contract with the state for health services under Section 1157. Such contract counties, at the option of the board of supervisors, may provide services pursuant to this article in the same manner as other county programs, provided such option is exercised six months prior to the beginning of each fiscal year.

If the local health officer elects not to submit a program proposal, the state department may solicit program proposals from other public or private nonprofit agencies and contract directly with the agencies. These proposals shall meet the same requirements as specified for local health officers in this section.

- SEC. 6. Section 364.1 of the Health and Safety Code is amended to read:
- 364.1. The state department shall review the program proposals and approve programs which meet criteria established pursuant to Section 363. The state department shall, through contractual

arrangements, reimburse local sponsors with approved programs at an amount of four dollars and fifty cents (\$4.50) in fiscal year 1986–87, and each fiscal year thereafter, per participating child per year for administration and services, pursuant to Section 361.

- SEC. 7. Section 364.2 of the Health and Safety Code is amended to read:
- 364.2. The local health officer or other sponsor may utilize or contract with, or both utilize and contract with, other local public and private nonprofit agencies, as well as school districts and county superintendents of schools, in conducting the program. The Legislature recognizes that these agencies, districts, and schools are currently engaged in a limited number of dental disease prevention projects and it is the intent of the Legislature that this participation be continued.
- SEC. 8. Section 365 of the Health and Safety Code is amended to read:
- 365. The State Department of Education shall assist the state department in developing and evaluating educational programs in dental health and dental disease prevention. These programs may include, but are not limited to, teacher and program coordinator in-service workshops, development and review of appropriate educational materials, and evaluation of classroom dental health education presentations.
- SEC. 9. Section 366 of the Health and Safety Code is amended to read:
- 366. It shall be the responsibility of the governing board of each school district participating in the program and the governing authority of each private school participating in the program to cooperate with the local sponsor administering the community dental disease prevention program in carrying out the program in any school under their jurisdiction.

Each participating school shall maintain participation records for each child and the necessary educational materials and supplies for plaque control and other required dental disease prevention methods provided by the program.

Nothing in this article shall require participation by a public or private school in a program established pursuant to this article.

- SEC. 10. Section 367 of the Health and Safety Code is repealed. SEC. 11. Section 368 of the Health and Safety Code is amended to read:
- 368. No child shall receive a preventive agent as part of a program established pursuant to this article unless the child's parent or guardian has given written notice to the governing body of the public or private school that the child may receive a preventive agent.
  - SEC. 12. Section 371.3 of the Health and Safety Code is repealed.
- SEC. 13. Section 371.5 of the Health and Safety Code is amended to read:
  - 371.5. It is the intent of the Legislature that the program

established by this article shall be placed in effect in the areas of greatest identified need as determined by the state department, in cooperation with the State Department of Education.

SEC. 14. Section 372 of the Health and Safety Code is repealed. SEC. 15. Section 373 of the Health and Safety Code is repealed.

Any such guarantee or other encumbrance made by the corporation in. violation of this section shall be null and void, and neither the state nor the corporation loan guarantee fund will be liable therefor.

SEC. 7. Section 14131 of the Corporations Code is amended to read:

- 14131. (a) The UDC's or RDC's guarantee shall be backed by funds on deposit in the UDC's or RDC's own loan guarantee fund account established pursuant to Articles 5 (commencing with Section 14040) and 6 (commencing with Section 14045).
- (b) Loans made under an UDC or RDC guarantee shall be secured by a 100 percent reserve. The guarantee portion may be no more than 90 percent of the required total financing arranged from all lending sources. However, the guaranteed portion may be 100 percent for revolving lines of credit, personal farm operating loans, interim financing where another lender or guarantor will take out the corporation's position within 180 days, loans to UDC's or RDC's, and loans where traditional lenders have turned down the loan because it is too small.
- (c) The UDC or RDC shall guarantee loans wherever possible. However, earnings from the trust funds may be used for direct lending provided that UDC or RDC direct loan funds do not constitute more than one-third of the loan. However, if a firm has received a Phase 1 or Phase 2 Small Business Innovation Research Grant awarded by a federal agency and is suffering cash flow problems because of delay in receipt of grant funds from the date of incurring expenses related to the grant project, a UDC or RDC may advance an interim loan covering 80 percent of the project expenses from trust fund earnings, provided the firm assigns proceeds of grant

invoices (or other documentations submitted by the firm to the federal agency for payment) to the corporation for payment of the interim loan advanced and the federal agency agrees to the assignment.

- (d) In furtherance of the purposes of this part, up to one-half of the corporate loan guarantee funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.
- (e) The UDC or RDC may assume a negotiated equity position of not more than 5 percent of the current equity in an eligible small business, in lieu of part or all of the fees chargeable to such business or through direct purchase, provided state funds are not used to purchase the equity position. An equity position of 5 percent or less shall not be construed as a conflict of interest in terms of financial and technical assistant participation.
- SEC. 8. Section 15328.5 is added to the Government Code, to read:
- 15328.5. The department shall have authority to adopt regulations for the purposes of administering the Economic Development Grants and Loan Fund pertaining to area eligibility criteria, project eligibility criteria, processing fees charged, minimum borrower or grantee financial project participation levels, interest rates, loan or grant durations, loan or grant conditions, payback requirements, and procedures with respect to defaulted loan collections.
- SEC. 9. Section 10 of Chapter 1235 of the Statutes of 1984 is amended to read:
- 10. This act shall remain in effect only until July 1, 1987, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 1987, deletes or extends that date. If that date is not deleted or extended, then, on and after July 1, 1987, pursuant to Section 9611 of the Government Code, Section 14010 of the Corporations Code, as added by Section 6 of Chapter 770 of the Statutes of 1983 and as amended by Section 2 of the act that amended this section, and Section 14046 of the Corporations Code, as amended by Section 14 of Chapter 875 of the Statutes of 1979, shall have the same force and effect as if this temporary provision had not been enacted.

## **CHAPTER 1196**

An act to add Article 18 (commencing with Section 69950) to Chapter 2 of Part 42 of the Education Code, relating to student financial aid, and making an appropriation therefor.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

4240

SECTION 1. Article 18 (commencing with Section 69950) is added to Chapter 2 of Part 42 of the Education Code, to read:

## Article 18. California State Work-Study Program

69950. The Legislature finds and declares all of the following:

- (a) Rising student costs for housing, food, books, supplies, and transportation, plus increases in student fees and tuition, require a corresponding commitment by the state to provide the financial aid necessary to offset these increases and ensure educational access and choice for eligible students.
- (b) Reductions in available federal student aid and stricter eligibility requirements for federal funding have increased the need for the state to reassess the adequacy of its student aid programs.
- (c) Increased reliance on student loans has resulted not only in escalating long-term indebtedness of youth entering the labor force, but has also increased default rates and concomitant government efforts to ensure lender and borrower accountability.
- (d) Institutional and employer contributions to work-study financial aid programs extend the availability and effectiveness of limited government financial aid funds.
- (e) Work-study programs exemplify a "self-help" approach to financial aid, whereby students develop self-reliance and discipline as well as work skills by earning at least a portion of their educational expenses.
- 69951. The California State Work-Study Program is hereby created to provide eligible college and university students with the opportunity to earn money to help defray their educational costs, while gaining valuable experience in educationally beneficial or career-related employment. The California State Work-Study Program shall be administered by the Student Aid Commission.
- 69952. (a) Any postsecondary educational institution currently eligible to participate in state-funded student financial aid programs pursuant to this chapter or in federal financial aid programs shall be eligible to be selected to participate in the California State Work-Study Program.
- (b) Prior to participating in the program, each institution shall sign an institutional agreement with the Student Aid Commission,

- acknowledging its willingness to administer the program pursuant to this article and program regulations and guidelines adopted for that purpose by the commission. The agreement shall include the procedures that the institution shall use to ensure that each work-study position is related to the student's course of study or career interests.
- (c) Each participating institution shall be required, as a condition of participation in the program, to comply with such auditing or other fiscal reporting requirements as the commission may establish. These requirements shall be applied by the commission so as to ensure that no payments received by any private institution pursuant to this article are applied to any sectarian or denominational purpose, or to the general aid or support of the institution.
- 69954. (a) All of the following entities shall be eligible to employ students participating in the California State Work-Study Program:
  - (1) Public postsecondary educational institutions.
- (2) Public schools operated by school districts, county superintendents of schools, the Department of the Youth Authority, or the State Department of Education.
- (3) Nonsectarian, nonpolitical organizations or corporations, whether nonprofit or profit-seeking enterprises licensed to conduct business in California.
- (4) Out-of-state employers licensed to conduct business in their home state, subject to the prior approval of the Student Aid Commission.
- (b) Private postsecondary educational institutions shall not be eligible to employ students participating in the California State Work-Study Program.
- 69956. Any student satisfying all of the following criteria shall be eligible to participate in the California State Work-Study Program:
- (a) Enrollment, or acceptance for enrollment, on at least a half-time basis at a participating postsecondary educational institution.
- (b) Resident classification pursuant to Part 41 (commencing with Section 68000).
- (c) Demonstrated maintenance of satisfactory academic progress in a program leading to a degree or a certificate, as determined by the postsecondary educational institution in which the student is enrolled, applying standards of eligibility for federal financial aid.
- (d) Demonstrated financial need, as determined by the financial aid office of the institution in which the student is enrolled pursuant to the uniform methodology system of need analysis. If individual circumstances affect the ability of the student or the student's family to contribute to the student's total financial resources, the financial aid administrator may make reasonable individualized adjustments to the computed total applicant resources.
- 69958. (a) Potential work-study positions may be located by the institution or by eligible students in cooperation with the institution.

Each position located shall be critically reviewed by the appropriate student financial aid and experiential education personnel to determine whether it satisfies all the conditions specified in Section 69960. To assist the institution in assessing the position, the employer shall submit a written statement to the institution which provides all of the following information:

- (1) The total number of positions available.
- (2) A job description of each available position, including the suggested rate of pay.
  - (3) The skills required of the prospective work-study employee.
  - (4) The educational benefits provided by the position.
- (b) Once the institution has approved the work-study position, the employer and the institution, acting as the authorized agent of the Student Aid Commission, shall execute a written agreement which confirms the employer's eligibility to participate in the program and its willingness to comply with all program requirements, and specifies the responsibilities of each of the parties. The agreement shall be subject to annual renewal by mutual agreement of the institution and the employer.
- (c) Following execution of the agreement pursuant to subdivision (b), the employer may interview prospective work-study employees. The institution shall provide the employer and each applicant for the work-study position with adequate information to facilitate a proper placement. Provided that the priorities specified in Section 69959 have been met, the employer may indicate his or her hiring preferences. No employer shall discriminate between applicants on the basis of race, color, sex, religion, or national origin, or subject any applicant to any other discriminatory practices prohibited by state or federal law.

69959. The following priorities shall be followed at the time of job referral and placement:

- (a) The primary objective shall be to place students in educationally beneficial positions which relate to the student's course of study, career objective, or the exploration of career objectives. Preference in awarding work-study positions shall be given to those students able to locate employment related to their academic program or potential career.
- (b) The program shall include and emphasize placements for students with off-campus, private, profit-making employers.
- (c) The program shall also include work-study positions with school districts to provide tutorial and other educational services for pupils, except for those participating institutions in which this type of placement would be geographically unfeasible.

69960. The institution shall assure that each work-study position meets all of the following conditions:

- (a) The position shall be educationally beneficial or related to a particular career interest or the exploration of career options.
- (b) The work performed by the student shall not be related to the activities of any sectarian organization or to any partisan or

nonpartisan political activities.

- (c) The employment of a work-study student shall not displace workers currently employed by the participating employer, or impair existing contracts for services. No position filled by a work-study student shall have been occupied by a regular employee during the current or immediately preceding 12 months.
- (d) The work-study position shall not violate any applicable collective bargaining agreements, or fill any vacancies due to a labor dispute.
- (e) The student shall be paid at a comparable rate to that paid for comparable positions within the employing organization. If the employing organization has no comparable position, the student shall be paid at a rate comparable to that paid by other organizations in the field for work involving comparable duties and responsibilities. The positions shall be compared on the basis of the nature of the work performed and the background and skills required for the position, and not upon the employee's part-time or student status.
- (f) The hours of employment shall not exceed an average of 20 hours per week while classes are in session, or 40 hours per week when classes are not in session. The employer shall provide the institution with an accurate accounting of hours worked and wages earned.
- (g) The total compensation received by the student shall not exceed the total amount authorized by the institution.
- (h) The employer shall provide the student with reasonable supervision.
- (i) No funds appropriated under this article shall supplant any state, federal, or institutional funds used to support existing paid positions for students in profit or nonprofit organizations.
  - 69962. A participating institution shall do all of the following:
- (a) For each work-study employer, negotiate an agreement which specifies the percentage share of student compensation to be paid by the employer and by the California State Work-Study Program, respectively.
- (1) For work-study positions with public educational institutions or nonprofit corporations, the program shall provide no more than 70 percent of the student's compensation.
- (2) For work-study positions with for-profit employers, the program shall provide no more than 50 percent of the student's compensation.
- (b) For each work-study position, maintain all necessary records, including, but not limited to, need analysis documents, employer agreements, financial aid award documents, time sheets, and records of payments provided to the student.
- 69963. A participating institution may grant academic credit for work performed in a work-study position.
- 69964. (a) The program shall include summer work-study in order to provide work-study positions for eligible students who find it difficult to locate meaningful employment because of a rigorous

academic program that does not allow them to work during the academic year or because they are required to participate in an intensive work experience that satisfies academic requirements.

(b) In addition to meeting the criteria specified in Section 69956, to be eligible to participate in the summer work-study program, a student shall be enrolled at least half-time in summer courses required for completion of a degree or certificate, or accepted for enrollment on at least a half-time basis for the following normal academic term.

69965. For the 1987–88 fiscal year, the Student Aid Commission, in consultation with the advisory committee established under Section 69966, shall designate at least 15 but not more than 25 eligible postsecondary institutions to participate in the program. The participating institutions shall be located throughout the state and shall be selected in part from each of the segments of postsecondary education. It is the intent of the Legislature that participation of each segment of postsecondary education be substantially equal.

- 69966. The Student Aid Commission shall convene an advisory committee to assist in the selection of institutions to participate in the program during the first year of its implementation and to assist in the development of necessary rules, regulations, and guidelines. The membership of the advisory committee, which may be an existing advisory committee, shall include, but need not be limited to, financial aid and student employment administrators from each segment of postsecondary education, students, public schools, nonprofit employers, private sector employers, the California Postsecondary Education Commission, and experiential education personnel. The advisory committee shall provide recommendations regarding all of the following:
  - (a) Program direction and administration.
- (b) The parameters to be included in the formula prescribed for distribution of work-study funds to participating institutions.
- (c) Criteria for the selection of institutions to participate in the program.
- (d) Guidelines for implementing the objectives of the program pursuant to Section 69959.
  - 69967. The Student Aid Commission shall do all of the following:
- (a) Adopt any necessary rules, regulations, and guidelines to assist participating employers and institutions to administer the program.
- (b) Ensure that student placements are consistent with the objectives stated in Section 69959.
- (c) Monitor institutional expenditures to ensure proper allocation and utilization of work-study funds.
- (d) At the close of each fiscal year, compile data regarding the population served by the program during that fiscal year.
- (e) Review the administrative practices of each participating institution to ensure compliance with program requirements.
  - (f) Ensure that appropriate audits of the program are conducted. 69968. (a) The receipt of any funding, or other participation, by

any private institution under this article is authorized only to the extent that the funding or other participation is in compliance with Section 8 of Article IX, and Section 5 of Article XVI, of the California Constitution.

- (b) If any provision of this act or the application thereof to private institutions, or to any other person or circumstances, is held invalid, that invalidity shall not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.
- SEC. 2. An interagency agreement shall be executed between the Student Aid Commission and the office of the Legislative Analyst, which shall provide for the transfer of fifty thousand dollars (\$50,000) for the purpose of contracting with an individual, group of individuals, firm, or organization deemed qualified and competent by the Legislative Analyst to perform an evaluation of the California State Work-Study Program. The evaluation shall include, but not be limited to, all of the following information:
- (a) Demographic information regarding students, institutions, and employers, including characteristics of students and types of institutions and employers participating in the program.
- (b) The nature of the employment in which students are placed, and the possible displacement of existing employees by students participating in the California State Work-Study Program.
- (c) The effect on academic performance, and retention of students participating in the program.
- (d) The effect of the financial incentive offered by the program in creating new jobs.
- (e) The efficiency and cost effectiveness of the program's administration at both the state and campus level.
- (f) The extent to which the institutions have demonstrated that no funds appropriated under this article have been used to supplant any state, federal, or institutional funds used to support existing paid positions for students in profit or nonprofit organizations.
- (g) The extent to which the institutions have established procedures to ensure that each work-study position is related to the student's course of study or career interests. The procedures shall include, where applicable, coordination between an institution's office of student financial aid and experiential education programs for the purpose of assessing the education and career relatedness of work-study positions. A preliminary evaluation shall be submitted to the Legislature and Governor by April 15, 1989, and the final evaluation shall be submitted no later than April 15, 1990.
- SEC. 3. (a) The sum of two hundred thousand dollars (\$200,000) is hereby appropriated from the General Fund to the Student Aid Commission for purposes of the California State Work-Study Program, for allocation according to the following schedule:

An act to add Article 3.6 (commencing with Section 4065) to Chapter 9 of Division 2 of the Business and Professions Code, relating to pharmacy, and making an appropriation therefor.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986]

The people of the State of California do enact as follows:

SECTION 1. Article 3.6 (commencing with Section 4065) is added to Chapter 9 of Division 2 of the Business and Professions Code, to read:

# Article 3.6. Clinical Permits

- 4065. (a) Notwithstanding anything contained in this chapter, a surgical clinic, as defined in paragraph (1) of subdivision (b) of Section 1204 of the Health and Safety Code may purchase drugs at wholesale for administration or dispensing, under the direction of a physician, to patients registered for care at the clinic, as provided in subdivision (b). The clinic shall keep records of the kind and amounts of drugs purchased, administered, and dispensed, and the records shall be available and maintained for a minimum of seven years for inspection by all properly authorized personnel.
- (b) The drug distribution service of a surgical clinic shall be limited to the use of drugs for administration to the patients of the surgical clinic and to the dispensing of drugs for the control of pain and nausea for patients of the clinic. Drugs shall not be dispensed in an amount greater than that required to meet the patient's needs for 72 hours. Drugs for administration shall be those drugs directly applied, whether by injection, inhalation, ingestion, or any other means, to the body of a patient for his or her immediate needs.
- 4065.1. On and after July 1, 1988, a surgical clinic shall not operate without a permit issued by the board nor shall it be entitled to the benefits of Section 4065 until it has obtained a permit from the board. Each permit shall be issued to a specific clinic and for a specific location.
- 4065.2. (a) Each application for a permit under this article shall be made on a form furnished by the board. Each initial application shall contain a statement from a consulting pharmacist certifying

that the policies and procedures of the clinic's drug distribution service, relative to inventories, security procedures, training, protocol development, recordkeeping, packaging, dispensing, and patient consultation are consistent with the promotion and protection of health and safety of the public. Upon the filing of the application and the payment of a fee sufficient to cover the cost of administering the program, but not more than three hundred dollars (\$300), the board shall make a thorough investigation to determine whether the applicant and the premises for which application for a permit is made qualify for a permit. The board shall also determine whether this article has been complied with, and shall investigate all matters directly related to the issuance of the permit. The board shall not, however, investigate any matters connected with the operation of a premises, including operating hours, parking availability, or operating noise, except those matters relating to the furnishing, sale, or dispensing of drugs or devices. The board shall deny an application for a permit if either the applicant or the premises for which application for a permit is made do not qualify for a permit under this article.

- (b) If the board determines that the applicant and the premises for which application for a permit is made qualify for a permit under this article, the executive officer of the board shall issue a permit authorizing the clinic to which it is issued to purchase drugs at wholesale pursuant to Section 4065. The permit shall be renewed annually upon payment of a renewal fee.
- 4065.3. The form of application for a permit under this article shall contain the name and address of the applicant, whether the applicant is licensed, the type of services the facility will offer, the name of its professional director, the name of its administrator, and the name of its consulting pharmacist.
- 4065.4. The board may revoke or suspend a permit issued under this article in the manner and for the grounds specified in Article 9 (commencing with Section 4350).
- 4065.5. Prior to the issuance of a clinic permit authorized under this article the clinic shall comply with all applicable laws and regulations of the State Department of Health Services and the board relating to drug distribution to insure that inventories, security procedures, training, protocol development, recordkeeping, packaging, labeling, dispensing, and patient consultation are carried out in a manner that is consistent with the promotion and protection of the health and safety of the public.

These policies and procedures shall include a written description of the method used to develop, approve, and revise those policies and procedures.

The dispensing of drugs in a clinic which has received a permit under this article shall be performed only by a physician and surgeon, a pharmacist, or other person lawfully authorized to dispense drugs, and only in compliance with all applicable laws and regulations.

- 4065.6. Each clinic which makes an application for a permit under this article shall show evidence that the professional director is responsible for the safe, orderly, and lawful provisions of pharmacy services.
- 4065.7. No clinic holding a permit pursuant to this article shall be eligible for any professional dispensing fee which may be authorized under the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code). No clinic holding a permit pursuant to this article shall offer drugs for sale or shall charge or bill for professional services for the dispensing or administering of drugs.
- 4065.8. No Schedule II controlled substance shall be dispensed in the clinic. This limitation does not prohibit a licensed physician and surgeon from dispensing a Schedule II drug to the extent permitted by subdivision (b) of Section 11158 of the Health and Safety Code and all other provisions of law, nor does it prevent the lawful administration of Schedule II drugs on the premises of the clinic.
- 4065.9. The board shall have the authority to inspect a clinic at any time in order to determine whether a clinic is, or is not, operating in compliance with the requirements of this article and all other provisions of the law. If the board determines that a clinic is not operating in compliance with this article and other applicable provisions of law, the board may revoke or suspend the clinic permit issued under this article, or otherwise discipline the holder of that permit, in the manner specified in Article 9 (commencing with Section 4350).

# CHAPTER 1199

An act to add Sections 1947.7 and 1947.8 to the Civil Code, relating to real property.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

- SECTION 1. Section 1947.7 is added to the Civil Code, to read: 1947.7. (a) The Legislature finds and declares that the operation of local rent stabilization programs can be complex and that disputes often arise with regard to standards of compliance with the regulatory processes of those programs. Therefore, it is the intent of the Legislature to limit the imposition of penalties and sanctions against an owner of residential rental units where that person has attempted in good faith to fully comply with the regulatory processes.
- (b) An owner of a residential rental unit who is in substantial compliance with an ordinance or charter that controls or establishes

a system of controls on the price at which residential rental units may be offered for rent or lease and which requires the registration of rents, or any regulation adopted pursuant thereto, shall not be assessed a penalty or any other sanction for noncompliance with the ordinance, charter, or regulation.

Restitution to the tenant or recovery of the registration or filing fees due to the local agency shall be the exclusive remedies which may be imposed against an owner of a residential rental unit who is in substantial compliance with the ordinance, charter, or regulation.

"Substantial compliance," as used in this subdivision, means that the owner of a residential rental unit has made a good faith attempt to comply with the ordinance, charter, or regulation sufficient to reasonably carry out the intent and purpose of the ordinance, charter, or regulation, but is not in full compliance, and has, after receiving notice of a deficiency from the local agency, cured the defect in a timely manner, as reasonably determined by the local agency.

"Local agency," as used in this subdivision, means the public entity responsible for the implementation of the ordinance, charter, or regulation.

- (c) Nothing in this section shall be construed to grant to any public entity any power which it does not possess independent of this section to control or establish a system of control on the price at which accommodations may be offered for rent or lease, or to diminish any such power which that public entity may possess, except as specifically provided in this section.
  - SEC. 2. Section 1947.8 is added to the Civil Code, to read:
- 1947.8. (a) If an ordinance or charter controls or establishes a system of controls on the price at which residential rental units may be offered for rent or lease and requires the registration of rents, the ordinance or charter, or any regulation adopted pursuant thereto, shall provide for the establishment and certification of permissible rent levels for the registered rental units, and any changes thereafter to those rent levels, by the local agency as provided in this section.
- (b) If the ordinance, charter, or regulation is in effect on January 1, 1987, the ordinance, charter, or regulation shall provide for the establishment and certification of permissible rent levels on or before January 1, 1988, including completion of all appeals and administrative proceedings connected therewith. If the ordinance, charter, or regulation is adopted on or after January 1, 1987, the ordinance, charter, or regulation shall provide for the establishment and certification of permissible rent levels within one year after it is adopted, including completion of all appeals and administrative proceedings connected therewith. Upon the request of the landlord or the tenant, the local agency shall provide the landlord and the tenant with a certificate or other documentation reflecting the permissible rent levels of the rental unit. The landlord or the tenant may appeal the determination of the permissible rent levels reflected in the certificate. The permissible rent levels reflected in

the certificate or other documentation shall, in the absence of misrepresentation or fraud, be binding and conclusive upon the local agency unless the determination of the permissible rent levels is being appealed.

- (c) After the establishment and certification of permissible rent levels under subdivision (b), the local agency shall, upon the request of the landlord or the tenant, provide the landlord and the tenant with a certificate of the permissible rent levels of the rental unit. The certificate shall be issued within five business days from the date of request by the landlord or the tenant. The permissible rent levels reflected in the certificate shall, in the absence of misrepresentation or fraud, be binding and conclusive upon the local agency unless the determination of the permissible rent levels is being appealed. The landlord or the tenant may appeal the determination of the permissible rent levels reflected in the certificate. Any appeal of a determination of permissible rent levels as reflected in the certificate, other than an appeal made pursuant to subdivision (b). shall be filed with the local agency within 15 days from issuance of the certificate. The local agency shall notify, in writing, the landlord and the tenant of its decision within 60 days following the filing of the appeal.
- (d) The local agency may charge the person to whom a certificate is issued a fee in the amount necessary to cover the reasonable costs incurred by the local agency in issuing the certificate.
- (e) The absence of a certification of permissible rent levels shall not impair, restrict, abridge, or otherwise interfere with either of the following:
  - (1) A judicial or administrative hearing.
- (2) Any matter in connection with a conveyance of an interest in property.
- (f) The record of permissible rent levels is a public record for purposes of the California Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code.
- (g) Any notice specifying the rents applicable to residential rental units which is given by an owner to a public entity or tenant in order to comply with Chapter 12.75 (commencing with Section 7060) of Division 7 of Title 1 of the Government Code shall not be considered a registration of rents for purposes of this section.
- (h) "Local agency," as used in this section, means the public entity responsible for the implementation of the ordinance, charter, or regulation.
- (i) Nothing in this section shall be construed to grant to any public entity any power which it does not possess independent of this section to control or establish a system of control on the price at which accommodations may be offered for rent or lease, or to diminish any such power which that public entity may possess, except as specifically provided in this section.
- . SEC. 3. No reimbursement shall be made from the State

Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 17052.5 of the Revenue and Taxation Code is amended to read:

- 17052.5. (a) (1) There shall be allowed as a credit against the amount of "net tax" (as defined in Section 17039), an amount equal to the amount determined in paragraph (2), (3), or (6).
- (2) Except as provided in subparagraph (A), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (h)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and before August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 50 percent, and the credit shall not exceed three thousand dollars (\$3,000) per solar energy system as defined in subdivision (h). For purposes of determining the eligibility of systems installed on multifamily dwellings, the percentage credit specified by this paragraph shall apply to multifamily dwellings if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. For any such solar energy system installed on dwellings, excluding multifamily dwellings, on or after August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (g) shall be 10 percent and the credit shall not exceed one thousand dollars (\$1,000) per solar energy system as defined in subdivision (h).
- (A) Only the owner of the premises (as defined in subdivision (h)) on which the solar energy system is installed may claim the tax

credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election, if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system installed prior to August 1, 1985, for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations made prior to August 1, 1985, which qualify for this credit, the credit shall be as defined in this paragraph.

- (B) The solar energy tax credit shall be claimed in the state income tax return for the taxable year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit for the taxable year during which the purchaser's escrow closed or the taxable year during which the purchaser acquired legal title to the single-family dwelling.
- (C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars (\$3,000) per system for installations made on or before July 31, 1985, and one thousand dollars (\$1,000) per system for installations made on or after August 1, 1985.
- (3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (h)) of the solar energy system, except for wind energy systems installed on or after January 1, 1986, for which the credit shall be 15 percent of the cost. This paragraph shall apply to solar energy systems installed on multifamily dwellings on or after August 1, 1985, except as provided in paragraph (2).

A taxpayer who claimed the solar energy tax credit in the state income tax return for the taxable year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

- (4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in subdivision (h)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost. This paragraph shall not apply to systems installed on or after August 1, 1985, except for those multifamily installations described in paragraph (2).
- (5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.
- (6) Taxpayers who lease a solar energy system installed on premises in California owned by the taxpayer shall receive a tax credit as provided in subparagraph (A) or (B) provided the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.
- (A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (h)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars (\$3,000) for each system installed on or before July

- 31, 1985, and one thousand dollars (\$1,000) for each system installed on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subparagraph shall be 50 percent. For any solar energy system installed on dwellings, exclusive of multifamily dwellings, on or after August 1, 1985, the percentage specified by this subparagraph shall be 10 percent.
- (B) In the case of premises other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the credit shall equal 25 percent of the cost (as defined in subdivision (h)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (h)) of the lease payments for the term of the lease, not to exceed 10 years. This subparagraph shall apply to systems installed on multifamily dwellings on and after August 1, 1985, except as provided in paragraph (2). In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year.
- (7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public entity for such system.
- (b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and any grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the taxable year for which the credit is allowed.
- (c) With the exception of a husband and wife, if there is more than one owner of a premises on which a solar energy system is installed, each owner shall be eligible to receive the solar energy tax credit in proportion to his or her ownership interests in the premises.
- (d) In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement. In the case of a husband or wife who files a separate return, the credit may be taken by either or equally divided between them.
- (e) In the case where the credit allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over to the "net tax" in succeeding taxable years, until the credit is used. The credit shall be applied first to the earliest years possible. With respect to solar energy systems installed before January 1, 1985, where the credit allowed exceeds the taxpayer's net tax for the taxable year in which the system was installed, no excess portion of the credit shall be

applied against the taxpayer's "net tax" for the 1985 taxable year and no more than one-third of the excess portion of the credit shall be applied against the taxpayer's "net tax" for each of the 1986, 1987, and 1988 taxable years. For the 1989 taxable year and taxable years thereafter, any remaining excess credit may be applied and carried forward without restriction. With regard to wind energy systems purchased and installed on or after August 1, 1985, and on or before December 31, 1985, no more than one-third of the allowable credit under this section shall be applied against the taxpayer's "net tax" for each of the 1985, 1986, and 1987 taxable years. Any credit remaining after the 1987 taxable year shall be applied and carried forward without restriction. However, the full credit allowed under this section for wind energy systems may be applied against the taxpaver's "net tax" for the 1985 taxable year if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. With regard to wind energy systems installed on or after January 1, 1986, no more than one-third of the allowable credit under this section shall be applied against the taxpayer's "net tax" for each of the taxpayer's 1986, 1987, and 1988 taxable years. Any credit remaining after the 1988 taxable year shall be applied and carried forward without restriction.

- (f) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. These guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.
- (g) To the extent that federal energy tax credits are allowed or allowable for costs incurred by a taxpayer for the purchase and installation of a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed 55 percent of these costs, notwithstanding the carryover provisions of subdivision (e). For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subdivision shall be 50 percent. This subdivision shall not apply to solar energy systems installed on or after August 1, 1985, except those multifamily installations described in paragraph (2) of subdivision (a).
  - (h) For purposes of this section:
- (1) "Installed" means placed in position in a functionally operative state.
  - (2) "Cost" includes all of the following:
  - (A) Equipment and installation charges.

- (B) Compensation paid to the owner of burdened property in connection with the acquisition of a solar easement, as defined in Section 801.5 of the Civil Code, and the fees for the recording of this easement.
- (C) In the case of a system which is leased, the principal recovery portion of lease payments, which is the cost incurred by the taxpayer in acquiring the solar energy system excluding interest charges and maintenance expenses.

"Cost" does not include interest charges and costs associated with the acquisition of an easement other than a solar easement.

- (3) "Owner" includes duly recorded holders of legal title, lessees with at least three years remaining on their lease or easement granting use of the premises, a person purchasing premises under a contract of sale, or who holds shares or membership in a cooperative housing corporation, which holding is a requisite to the exclusive right of occupancy to the premises, a person who is a member of a nonprofit corporation or association which is a duly recorded holder of legal title, or a person who is a member of a nonprofit corporation or association which is a lessee with at least three years remaining on its lease.
- (4) "Premises" means the principal stationary location in California where the system is installed for direct use or for purposes of sale of energy, and includes land, easements, buildings or portions thereof, and mobilehomes.
- (5) "Dwelling" means a building, or portion thereof, used for residential purposes, and includes each of the following:
- (A) "Single-family dwelling" means single-family residences, mobilehomes, and the individual units of condominiums.
- (B) "Multifamily dwelling" means cooperatives, apartment buildings, or other similar multiple dwellings, including buildings and any other common areas of a condominium maintained by a homeowners' association.
- (6) (A) "Solar energy system" means the use of solar devices for the individual function of:
  - (i) Domestic or service water heating.
  - (ii) Space conditioning.
  - (iii) Production of electricity.
  - (iv) Process heat.
  - (v) Solar mechanical energy.
- (vi) Wind energy for the production of electricity or mechanical work.

The term "solar energy system" shall include, but is not limited to, passive thermal systems, semipassive thermal systems, active thermal systems, photovoltaic systems and wind-driven systems.

- (B) Eligible solar energy systems shall have a useful life of not less than three years.
- (7) "Solar device" means the equipment associated with the collection, conversion, transfer, distribution, storage or control of solar energy. In the case of a solar device associated with two or more

solar energy systems, the credit allowed for the solar device may be taken for any one of the systems, or divided equally between them.

- (8) "Passive thermal system" means a system which utilizes the structural elements of the building, and is not augmented by mechanical components, to provide for collection, storage, or distribution of solar energy for heating or cooling.
- (9) "Active thermal system" means a system which utilizes solar devices thermally isolated from the living or commercial space to provide for collection, storage, or distribution of solar energy for heating or cooling.
- (10) "Semipassive thermal system" means a system which utilizes the structural elements of a building and is augmented by mechanical components to provide for collection, storage, or distribution of solar energy for heating or cooling.
- (11) "Municipal solar utility" means a city, county, or municipal utility district, or agency thereof, which sells or leases solar or other energy generating equipment or energy saving devices for residential, commercial, agricultural, or industrial uses or which issues permits to companies engaged in the leasing of this equipment.
- (i) In lieu of claiming the tax credit provided by this section, the taxpayer may elect to take depreciation pursuant to Section 17250. In addition, the taxpayer may take depreciation pursuant to that section for the cost of a solar energy system in excess of the amount of the tax credit claimed under this section.
- (j) No tax credit may be claimed under this section for any expenditures which have been otherwise claimed as a tax credit for the current or any prior taxable year as energy conservation measures under this part.
- (k) This section shall remain in effect only until January 1, 1987, and on that date is repealed, unless a later enacted statute, which is chaptered before this date, deletes or extends the date. However, any unused credit may be used beyond that date on the same basis and to the same extent as permitted under the law immediately prior to January 1, 1987.
- (l) (1) Notwithstanding the provisions of subdivision (k), a taxpayer or any other party who has undertaken significant construction or expenditures associated with the acquisition or installation of a solar energy system on or before October 31, 1986, shall be eligible for the tax credit authorized by this section in the taxable year in which the system is installed if the installation is completed on or before June 30, 1987.
- (2) Notwithstanding paragraph (1) or the provisions of subdivision (k), a taxpayer or any other party who has undertaken significant construction or expenditures associated with the acquisition or installation of a solar energy system which is capable of providing 500 kilowatts of capacity or more, other than a system described in clause (vi) of paragraph (6) of subdivision (h) and a wind-driven system, on or before October 31, 1986, shall be eligible

for the tax credit authorized by this section in the taxable year in which the system is installed if the installation is completed on or before December 31, 1987.

- (3) For purposes of this subdivision, "significant construction or expenditures associated with the acquisition or installation of a solar energy system" requires the completion of at least two of the following:
- (A) The placement of at least 50 percent of the funds necessary for project completion in an escrow account. Funds placed in escrow may include funds borrowed pursuant to a construction loan or other debt arrangement.
- (B) The payment of all necessary earnest money required to maintain interconnection priority with a purchasing utility and the receipt of all required building permits or zoning approval, such as a conditional use permit.
- (C) The signing of a binding agreement (such as a lease, easement, or purchase agreement) for the land necessary for the solar energy system and the signing of a binding agreement for major solar energy production equipment purchases necessary for the solar energy system.
- SEC. 2. Section 23601 of the Revenue and Taxation Code is amended to read:
- 23601. (a) (1) There shall be allowed as a credit against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income), an amount equal to the amount determined in paragraph (2), (3), or (6).
- (2) Except as provided in subparagraph (A), the amount of the credit allowed by this section shall be 55 percent of the cost (as defined in subdivision (f)) incurred by the taxpayer for any solar energy system installed on premises in California which are owned by the taxpayer at the time of installation. For any such solar energy system installed on dwellings, including multifamily dwellings, on or after August 1, 1983, and before August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (e) shall be 50 percent, and the credit shall not exceed three thousand dollars (\$3,000) per solar energy system as defined in subdivision (f). For purposes of determining the eligibility of systems installed on multifamily dwellings, the percentage credit specified by this paragraph shall apply to multifamily dwellings if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. For any such solar energy system installed on single-family dwellings, on or after August 1, 1985, the percentage specified by this paragraph, subparagraph (C), subparagraph (A) of paragraph (6), and subdivision (e) shall be 10 percent, and the credit shall not exceed one thousand dollars (\$1,000) per solar energy system as defined in subdivision (f).
  - (A) Only the owner of the premises (as defined in subdivision (f))

on which the solar energy system is installed may claim the tax credit for costs incurred; however, an owner-builder or owner-developer of new single-family dwellings may elect not to claim the solar energy tax credit for any or all systems installed on new single-family dwellings. If an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit provided that the purchaser can confirm the election if necessary, by a written document signed by the owner-builder or owner-developer.

If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any system installed prior to August 1, 1985, for which the federal credit is allowed, the credit shall be equal to 15 percent of the cost of these systems. If an owner-builder or owner-developer of new single-family dwellings elects to claim the credit for any other installations made prior to August 1, 1985, which qualify for this credit, the credit shall be as defined in this paragraph.

- (B) The solar energy tax credit shall be claimed in the state return for the income year in which the solar energy system was installed; however, if an owner-builder or owner-developer irrevocably elects not to claim the tax credit for a solar energy system, the original purchaser of the new single-family dwelling on which the system is installed may claim the credit for the year during which the purchaser's escrow closed or the year during which the purchaser acquired legal title to the single-family dwelling.
- (C) A taxpayer who claimed the solar energy tax credit in the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems on the basis of the formula in this paragraph, so long as the total amount of the credit claimed does not exceed three thousand dollars (\$3,000) per system for installations made on or before July 31, 1985, and one thousand dollars (\$1,000) per system for installations made on or after August 1, 1985.
- (3) With regard to premises in California which are owned by the taxpayer, other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the amount of the credit allowed by this section shall be 25 percent of the cost (as defined in subdivision (f)) of the solar energy system, except for wind energy systems installed on or after January 1, 1986, for which the credit shall be 15 percent of the cost. This paragraph shall apply to solar energy systems installed on multifamily dwellings on or after August 1, 1985, except as provided in paragraph (2).

A taxpayer, who claimed the solar energy tax credit on the state income tax return for the income year in which the solar energy system was installed, may claim the credit in subsequent years for additions to the system or additional systems by the amount prescribed by this paragraph.

- (4) If a solar energy system serves two or more dwellings, the owner or owners of the system shall be eligible to receive the credit in proportion to the number of dwelling units served. The amount of the credit shall be determined by dividing the cost (as defined in subdivision (f)) of the solar energy system by the number of dwelling units served by the system, and applying the formula described in paragraph (2) or (6) to the per dwelling cost. This paragraph shall not apply to systems installed on or after August 1, 1985, except for those multifamily installations described in paragraph (2).
- (5) Energy conservation measures applied in conjunction with solar energy systems to reduce the total cost or backup energy requirements of such systems shall be considered part of the systems, and shall be eligible for the tax credit. Qualified energy conservation measures installed within six months of the date of installation of the solar energy system are considered to be installed "in conjunction with" the solar energy system, even if the period spans two taxable years. In cases involving more than six months between the dates of installation of the energy conservation measures and the solar energy system, the taxpayer must be able to provide persuasive evidence that the energy conservation measures were in fact installed in conjunction with a solar energy system. Eligible conservation measures applied in conjunction with solar space heating shall include, but not be limited to, ceiling, wall, and floor insulation above that required by law at the time of original construction. Eligible conservation measures applied in conjunction with solar water heating shall include, but not be limited to, water heater insulation jackets, and shower and faucet flow reducing devices. Energy conservation measures which shall be eligible for the tax credit when applied in conjunction with solar energy systems shall be defined by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.
- (6) Taxpayers who lease a solar energy system installed on premises in California owned by the taxpayer shall receive a tax credit as provided in subparagraph (A) or (B) provided that the lessee can confirm, if necessary, by a written document signed by the lessor that (i) the lessor irrevocably elects not to claim a state tax credit for the solar energy system, and (ii) if the system is installed in a locality served by a municipal solar utility, that the lessor holds a valid permit from the municipal solar utility. Leasing requirements may be established by the Energy Resources Conservation and Development Commission as part of the solar energy system eligibility criteria.
- (A) Except as provided in subparagraph (B), the credit shall equal 55 percent of the cost (as defined in subdivision (f)) of the purchased portion, and 55 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. That credit shall not exceed three thousand dollars (\$3,000) for each system installed on or before July

- 31, 1985, and one thousand dollars (\$1,000) for each system installed on or after August 1, 1985. In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year. For any solar energy system installed on or after August 1, 1983, and on or before July 31, 1985, the percentage specified by this subparagraph shall be 50 percent. For any solar energy system installed on single-family dwellings on or after August 1, 1985, the percentage specified by this subparagraph shall be 10 percent.
- (B) In the case of premises other than single-family dwellings and those multifamily dwellings on which systems are installed before August 1, 1985, the credit shall equal 25 percent of the cost (as defined in subdivision (f)) of the purchased portion and 25 percent of the principal recovery portion (as defined in subdivision (f)) of the lease payments for the term of the lease, not to exceed 10 years. This subparagraph shall apply to systems installed on multifamily dwellings on or after August 1, 1985, except as provided in paragraph (2). In any one year, the tax credit shall apply only to the principal recovery portion of lease payments made during that year and to amounts expended on the purchased portion of the solar energy system (including installation charges) during that year.
- (7) For purposes of computing the credit provided by this section, the cost of any solar energy system eligible for the credit provided by this section shall be reduced by any grant provided by a public agency for such system.
- (b) The basis of any system for which a credit is allowed shall be reduced by the amount of the credit and grant provided by a utility or public agency for such solar energy system. The basis adjustment shall be made for the income year for which the credit is allowed.

In the case of a partnership, the solar energy tax credit may be divided between the partners pursuant to a written partnership agreement.

(c) In the case where the credit allowed under this section exceeds the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year, that portion of the credit which exceeds such taxes may be carried over to the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) in succeeding income years until the credit is used. The credit shall be applied first to the earliest years possible. With respect to solar energy systems installed before January 1, 1985, where the credit allowed exceeds the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the income year in which the system was installed, no excess portion of the credit shall be applied against the taxpayer's taxes imposed by this part for the 1985 income year and no more than one-third of the excess portion of the credit shall be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on

preference income) for each of the 1986, 1987, and 1988 income years. For the 1989 income year and income years thereafter, any remaining excess credit may be carried forward and applied against the taxpayer's tax imposed by this part (except for the minimum franchise tax and the tax on preference income) without restriction. With regard to wind energy systems purchased and installed on or after August 1, 1985, and on or before December 31, 1985, no more than one-third of the allowable credit under this section shall be applied against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1985, 1986, and 1987 income years. Any credit remaining after the 1987 taxable year may be carried forward without restriction. However, the full credit allowed under this section for wind energy systems may be applied against the taxpayer's taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for the 1985 income year if (i) a written binding contract to purchase the primary components of a system is entered into by the taxpayer or any other party before August 1, 1985, and (ii) the system is installed on or before December 31, 1985. With regard to wind energy systems installed on or after January 1, 1986, no more than one-third of the allowable credit under this section shall be applied against the taxes imposed by this part (except the minimum franchise tax and the tax on preference income) for each of the 1986, 1987, and 1988 income years. Any credit remaining after the 1988 income year may be carried forward and applied against the taxpayer's tax imposed by this part (except the minimum franchise tax and the tax on preference income) without restriction.

- (d) The Energy Resources Conservation and Development Commission shall, after one or more public hearings, establish guidelines and criteria for solar energy systems which shall be eligible for the credit provided by this section. These guidelines and criteria may include, but shall not be limited to, minimum requirements for safety, reliability and durability of solar energy systems. The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.
- (e) If federal income tax credit is enacted for costs incurred by a taxpayer for the purchase or lease and installation of solar energy systems, then to the extent such credit is allowed or allowable for a solar energy system as defined in this section, the state credit provided in paragraph (2) of subdivision (a) and subparagraph (A) of paragraph (6) of subdivision (a) shall be reduced so that the combined effective credit shall not exceed 55 percent of such costs, notwithstanding the carryover provisions of subdivision (c). For any solar energy system installed on or after August 1, 1983, and before August 1, 1985, the percentage specified by this subdivision shall be 50 percent. This subdivision shall not apply to solar energy systems installed on or after August 1, 1985, except those multifamily installations described in paragraph (2) of subdivision (a).
  - (f) The following definitions govern construction of this section:

- (1) "Installed" means placed in position in a functionally operative state.
- (2) "Cost" includes equipment and installation charges, but shall exclude interest charges. In the case of a system which is leased, "cost" means the principal recovery portion of lease payments which is the cost incurred by the taxpayer in acquiring the solar energy system, but excluding interest charges and maintenance expenses.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original or any copy of books,

documents, or other writings pertaining to a consumer and which are maintained by any "witness" which is a physician, pharmacist, pharmacy, hospital, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, security brokerage firm, insurance company, underwritten title company, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code.

- (2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.
- (3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to the provisions of Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.
- (b) The date specified in a subpoena duces tecum for the production of personal records shall not be less than 15 days from the date the subpoena is issued. Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, and of the notice described in subdivision (e). This service shall be made both:

- (2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.
- (c) Prior to the production of the records, the subpoenaing party shall do either of the following:
- (1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).
- (2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer.
  - (d) A subpoena duces tecum for the production of personal

records shall be served in sufficient time to allow the witness a reasonable time to locate and produce the records or copies thereof.

Except as to records subpoenaed for a criminal proceeding or records subpoenaed during trial, a subpoena duces tecum served upon a witness with records in more than one location shall be served no less than 10 days prior to the date specified for production, unless good cause is shown pursuant to subdivision (g).

Notice of the bringing of that motion shall be given to the witness prior to production. No witness shall be required to produce personal records after receipt of notice that such a motion has been brought, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.
- (g) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.
- (h) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.
- (i) The provisions of this section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 715.010 of the Code of Civil Procedure is amended to read:

715.010. (a) A judgment for possession of real property may be enforced by a writ of possession of real property issued pursuant to Section 712.010.

- (2) A statement that if the real property is not vacated within five days from the date of service of a copy of the writ on the occupant or, if the copy of the writ is posted, within five days from the date a copy of the writ is served on the judgment debtor, the levying officer will remove the occupants from the real property and place the judgment creditor in possession.
- (3) A statement that any personal property remaining on the real property after the judgment creditor has been placed in possession will be sold or otherwise disposed of in accordance with Section 1174 of the Code of Civil Procedure unless the judgment debtor or other owner pays the judgment creditor the reasonable cost of storage and takes possession of the personal property not later than 15 days after the time the judgment creditor takes possession of the real property.
- (4) The date the complaint was filed in the action which resulted in the judgment of possession.
- (5) The date or dates on which the court will hear objections to enforcement of a judgment of possession that are filed pursuant to Section 1174.3.
- (c) At the time the writ of possession is served or posted, the levying officer shall also serve or post a copy of the form for a claim of right to possession.
- SEC. 2. Section 1174.3 is added to the Code of Civil Procedure, to read:
- 1174.3. (a) Any person not named in the judgment for possession who resided at the premises on the date of the filing of the action may object to enforcement of the judgment against that person by filing

a claim of right to possession in the form prescribed in this section. A claim of right to possession may be filed at any time after service or posting of the writ of possession pursuant to subdivision (a) or (b) of Section 715.020, up to and including the time at which the levying officer returns to effect the eviction of those named in the judgment of possession. Filing the claim of right to possession shall constitute a general appearance for which a fee shall be collected as provided in Section 72056 of the Government Code. Section 68511.3 of the Government Code applies to the claim of right to possession.

(b) The court issuing the writ of possession of real property shall set a date or dates when the court will hold a hearing to determine the validity of objections to enforcement of the judgment specified in subdivision (a). An occupant of the real property for which the writ is issued may make an objection to eviction either at the office of the levying officer or at the premises at the time of the eviction.

After a claim of right to possession is completed and presented, the sheriff, marshal, or other levying officer shall forthwith (1) stop the eviction of residents at the premises and (2) return a copy of the completed claim of right to possession to the court issuing the writ of possession of real property.

- (c) The filing of the claim of right to possession is effected by presenting to the sheriff, marshal, or other levving officer a completed form, as prescribed in this section, and transmitting or mailing directly to the court by first-class mail, with proper postage prepaid, and postmarked within 48 hours after its presentation, the appropriate fee or forms for proceeding in forma pauperis. Upon receipt of a claim of right to possession, the sheriff, marshal, or other levying officer shall indicate thereon the date and time of its receipt and forthwith deliver the document to the issuing court and notify the plaintiff of that fact. The court shall lodge the claim of right to possession for a period not to exceed seven days after the time of receipt noted by the sheriff, marshal, or other levying officer, at which time the claim shall be denied unless the appropriate fee or the forms for proceeding in forma pauperis have been paid or presented. Immediately upon receipt of the appropriate fee or forms for proceeding in forma pauperis, the court shall file the claim of right to possession and serve an endorsed copy thereof on the plaintiff and the claimant by first-class mail, postage prepaid.
- (d) Upon filing of the claim of right to possession, the court issuing the writ of possession shall set and hold a hearing on the claim not less than five nor more than 15 days after the filing of the claim. At the hearing, the court shall only determine whether there is a valid claim of possession by the person who filed the claim, and the court shall consider all evidence produced at the hearing, including, but not limited to, the information set forth in the claim.
- (e) If, upon hearing, the court determines that the claim is valid, then the court shall deem the unlawful detainer Summons and Complaint to be amended on their faces to include the claimant as defendant, service of the Summons and Complaint, as thus amended,

shall be deemed made at the hearing, and the claimant thus named and served as a defendant in the action shall answer or otherwise respond within five days thereafter. Further proceedings on the merits of the claimant's continued right to possession shall be conducted pursuant to this chapter, except that the requirements of Sections 1161 and 1161a respecting notices and the requirements of Section 1162 respecting the giving thereof shall not be applicable to these further proceedings.

- (f) If the claim of right to possession is denied pursuant to subdivision (c) or, upon hearing, if the court determines that there are no valid claims, the court shall order the levying officer to proceed with enforcement of the writ of possession of real property, which shall be effected within a reasonable time not to exceed five days. Upon receipt of the court's order, the levying officer may enforce the writ of possession of real property as against any occupant or occupants.
- (g) The claim of right to possession shall be made on the following form:

#### CHAPTER 1221

An act to amend Section 1305 of the Penal Code, relating to bail.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986]

The people of the State of California do enact as follows:

SECTION 1. Section 1305 of the Penal Code is amended to read: 1305. (a) If, without sufficient excuse, the defendant neglects to appear for arraignment or for trial or judgment, or upon any other occasion when his or her presence in court is lawfully required, unless no complaint is filed or the charges are to be dismissed, or to surrender himself or herself in execution of the judgment, the court must direct the fact to be entered upon its minutes, and the undertaking of bail, or the money deposited instead of bail, as the case may be, must thereupon be declared forfeited, and, if the amount of the forfeiture exceeds one hundred dollars (\$100), the clerk of the court shall, promptly upon entering the fact of such failure to appear in the minutes, mail notice of the forfeiture to the surety on the bond or depositor of money instead of bond, and shall execute a certificate of such mailing and place it in the court's file in the case. If the surety is an authorized corporate surety insurer, and if the bond has plainly printed or stamped thereon the address of its principal office, such notice shall be mailed to such surety at such address, and mailing to the bail agent or solicitor who posted the bond shall not constitute compliance with this section; the clerk shall at the same time send a copy of such notice to the bail agent or solicitor who posted the bond. If the clerk fails to mail such notice within 30 days after such entry, the surety or depositor shall be released from all obligations under the bond.

But if at any time within 180 days after such entry in the minutes or, if mailing of notice of forfeiture is required, within 180 days after mailing such notice of forfeiture, the defendant appears, and satisfactorily excuse the defendant's neglect or show to the satisfaction of the court that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. The court may order the bail reinstated and the defendant released again on the same bond after notice to the bail, provided that the bail has not surrendered the defendant. If at any time within 180 days after such entry in the minutes or mailing as the case may be, the bail should surrender the defendant to the court or to custody, the court shall under terms as may be just direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately.

If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is dead or is otherwise permanently unable to appear in court due to illness, insanity, or detention by civil or military authorities, and that the absence of the defendant was not with the connivance of the bail, the court shall, under terms as may be just and that are equal with respect to all forms of pretrial release, direct the forfeiture of the undertaking or the deposit to be set aside and the bail or the money deposited instead of bail exonerated immediately. If within 180 days after such entry in the minutes or mailing as the case may be, it is made to appear to the satisfaction of the court that the defendant is temporarily disabled by reason of illness, insanity, or detention by civil or military authorities and is therefore unable to appear in court at any time during the remainder of such 180 days, and that the absence of the defendant has not been with the connivance of the bail, then the period of time during which the disability continues shall not be deemed part of such 180 days. Upon a finding by the court that a reasonable period of time is necessary in order to return the defendant to court upon the termination of the disability, then such period of time, as fixed by the court, shall not be deemed part of such 180 days.

Unless waived by the district attorney or other prosecuting attorney, no order discharging the forfeiture of the undertaking or deposit shall be made without notice by the bail to the district attorney or prosecuting attorney, who may request a hearing within 10 days after receipt of the notice. The court shall then set the date, time, and place of hearing and give notice to the district attorney or prosecuting attorney and to the bail.

(b) If, without sufficient excuse, the defendant neglects to appear for arraignment, trial, judgment, or upon any other occasion when his or her presence in court is lawfully required, or to surrender himself or herself in execution of the judgment, but the court has reason to believe that sufficient excuse may exist for the defendant's neglect to appear or surrender himself, the court may continue the case for such period as it deems reasonable to enable the defendant to appear without ordering a forfeiture of bail or issuing a bench warrant.

An act to amend Section 1193 of the Penal Code, relating to judgment.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1193 of the Penal Code is amended to read: 1193. Judgment upon persons convicted of commission of crime shall be pronounced as follows:

(a) If the conviction is for a felony, the defendant shall be personally present when judgment is pronounced against him or her. unless the defendant, in open court and on the record, or in a notarized writing, requests that judgment be pronounced against him or her in his or her absence, and that he or she be represented by an attorney when judgment is pronounced, and the court approves his or her absence during the pronouncement of judgment, or unless, after the exercise of reasonable diligence to procure the presence of the defendant, the court shall find that it will be in the interest of justice that judgment be pronounced in his or her absence; provided, that when any judgment imposing the death penalty has been affirmed by the appellate court, sentence may be reimposed upon the defendant in his or her absence by the court from which the appeal was taken, and in the following manner: upon receipt by the superior court from which the appeal is taken of the certificate of the appellate court affirming the judgment, the judge of the superior court shall forthwith make and cause to be entered an order pronouncing sentence against the defendant, and a warrant signed by the judge, and attested by the clerk under the seal of the court, shall be drawn, and it shall state the conviction and judgment and appoint a day upon which the judgment shall be executed, which shall not be less than 60 days nor more than 90 days from the time of making the order; and that, within five days thereafter, a certified copy of the order, attested by the clerk under the seal of the court, and attached to the warrant, shall, for the purpose of execution, be transmitted by registered mail to the warden of the state prison having the custody of the defendant and certified copies thereof shall be transmitted by registered mail to the Governor; and provided further, that when any judgment imposing the death penalty has been affirmed and sentence has been reimposed as above provided there shall be no appeal from the order fixing the time for and directing the execution of the judgment as herein provided. If a pro se defendant requests that judgment in a noncapital case be pronounced against him or her in his or her absence, the court shall appoint an attorney to represent the defendant in the in absentia sentencing.

(b) If the conviction be of a misdemeanor, judgment may be pronounced against the defendant in his absence.

## CHAPTER 1223

An act relating to railroad passenger service.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. If railroad passenger service is restored between San Francisco and Monterey, the Department of Transportation shall name one of the Monterey-San Francisco passenger trains "The Alquist."

- SEC. 2. (a) The Legislature finds and declares that due to problems between local agencies and the Department of Transportation in coming to an agreement on the proposed development of a portion of the abandoned railroad right-of-way in the Cities of Monterey and Seaside, it may not be possible for the parties involved to meet the deadline to agree on this development that is imposed in the contract between the parties. Therefore, the Legislature is enacting this section to assist in preserving and developing the subject right-of-way in order to make it available for the benefit of all the residents involved.
- (b) The department shall extend to June 29, 1989, the deadline for agreement between the Cities of Monterey and Seaside and the department on development of the Monterey Branch Line from milepost 123.30 to milepost 125.81, that was purchased pursuant to the Agreement to Provide Funds for Acquisition of Abandoned Railroad Right-of-Way, dated November 19, 1980. This extension shall be a part of negotiations between the department and the cities involved to consider modifications of the agreement on possible alternative uses of the abandoned right-of-way that are related to transportation and recreational uses in addition to busway or exclusive public mass transit guideway projects.
- (c) Notwithstanding Section 99317.2 of the Public Utilities Code, that portion of the Monterey Branch Line from milepost 123.30 to milepost 125.81 that was purchased by the cities of Monterey and Seaside pursuant to the Agreement to Provide Funds for Acquisition of Abandoned Railroad Right-of-Way, dated November 19, 1980, between the state and the cities involved, may be developed by those cities for transportation and recreational purposes generally, including use as a bicycle or hiking trail, instead of being developed exclusively as a busway or exclusive public mass transit guideway project, as long as that development does not preclude the future joint use of the right-of-way for the purposes specified in Section

99317.2 of the Public Utilities Code and the additional purposes authorized by this section.

# CHAPTER 3.8. INSTRUCTIONAL FACILITIES FOR HIGHER EDUCATION

#### Article 1. General Provisions

15820.50. The Legislature finds and declares that California's public colleges and universities, which are recognized as being among the world's finest, require assistance to meet the demands of increased enrollment. To this end, the Legislature finds that it is in the public interest to construct, renovate, and equip instructional facilities and related instructional laboratory and support office space that may be leased or leased-purchased by the University of California, the California State University, the California Maritime Academy, and the California community college districts.

It is the intent of the Legislature that the cost of any project authorized by statute pursuant to this chapter shall be considered an expenditure of state funds in the fiscal year in which payments are made to the State Public Works Board under the terms of the lease or lease-purchase agreement.

15820.51. This article shall not be construed to supersede or otherwise affect Chapter 3.5 (commencing with Section 15820), Chapter 3.6 (commencing with Section 15820.15), or Chapter 3.7 (commencing with Section 15820.30).

## Article 2. Instructional Facilities

15820.55. (a) The State Public Works Board is authorized to finance the construction, renovation, and equipping of instructional facilities and related instructional laboratory and support space on a site or sites within the University of California, the California State University, the California Maritime Academy, or the California community college districts.

(b) The board shall lease-purchase to the Regents of the University of California and lease or lease-purchase to the Trustees of the California State University, the Board of Governors of the California Maritime Academy, and to the California community college districts pursuant to Chapter 4 (commencing with Section 81800) of Part 49 of the Education Code, any public building or facility constructed or renovated and equipped pursuant to this chapter, the term and the amount to be determined by mutual agreement of the parties. The lease-purchase agreement or the lease shall provide that the public building or facility shall be utilized only for instructional and related laboratory and support space, as set forth in this chapter. The board shall contract with the lessee for all activities required to plan, construct, renovate, and equip these facilities.

# Article 3. Construction Financing

- 15820.60. (a) The board may issue certificates pursuant to Chapter 4 (commencing with Section 15821) or revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to Chapter 5 (commencing with Section 15830) to finance the cost of construction or renovation and the equipping of the public buildings or facilities authorized by this chapter.
- (b) The revenues, rentals, or receipts from the public buildings or facilities and equipment authorized by this chapter shall be pledged to the payment of the principal of, and the interest on, the certificates, revenue bonds, notes, or anticipation notes issued to finance the construction or renovation and the equipping of those public buildings or facilities.
- (c) No certificates, revenue bonds, notes, or anticipation notes shall be issued, and no construction or renovation and the equipping for any public building or facility authorized by this chapter shall be commenced or purchased, unless the Legislature, by statute, authorizes the total amount of certificates, revenue bonds, notes, or anticipation notes that may be used to finance the construction of that public building or facility.
- (d) In addition to revenues calculated for apportionment to community college districts pursuant to Section 84700 of the Education Code, when a community college capital outlay project has been approved pursuant to Section 81830 of the Education Code, the Chancellor of the California Community Colleges shall apportion state aid equal to the amount necessary for each district to meet its lease or lease-purchase obligation determined pursuant to subdivision (b) of Section 15820.55, less an amount determined to be the district's proportional share of the lease or lease-purchase obligation based on the calculation of the district's share of capital outlay costs as determined by the chancellor pursuant to Section 81838 of the Education Code. It is the intent that these funds be appropriated annually as a part of the state's general apportionment funds for the community colleges.
- (e) When a community college district enters into a lease or lease-purchase agreement with the State Public Works Board pursuant to subdivision (b) of Section 15820.55, the district shall, as a part of that lease or lease-purchase agreement, authorize the chancellor and Controller to withhold from its annual apportionment the amount of funds necessary to satisfy its annual lease obligation to the Public Works Board. The agreement shall include authorization to withhold the additional apportionment amount and the amount determined to be the district's proportional share of the lease or lease-purchase obligation as determined pursuant to subdivision (d). The authorization shall have precedence over other expenditure obligations of the district. The chancellor shall certify the amounts, by district, to the Controller. The Controller shall withhold the amount so reported for each

district and shall, acting on behalf of each district, transfer the appropriate amount from Section B of the State School Fund to the Public Works Board for the purpose of payment of the debt service obligation for the bonds sold to finance the projects.

15820.61. The board may contract for a project authorized by the Legislature before issuing certificates, revenue bonds, notes, or bond anticipation notes pursuant to Section 15820.60 if any segment of higher education provides from any lawful source temporary construction financing to meet contract payments for the project or if the board obtains a loan from the General Fund. Any loan from the General Fund shall be specifically authorized by the Legislature and shall not exceed the amount authorized by the Legislature.

It is the intent of this section to reduce the cost of the projects and time between the authorization of capital outlay projects by the Legislature and the availability of those projects for student and faculty use.

15820.62. New projects may be authorized pursuant to this chapter only through June 30, 1989.

SEC. 6. Section 15849.5 is added to the Government Code, to read:

- 15849.5. The California State University, any community college district, the California Maritime Academy, and the University of California may be reimbursed for expenditures for preliminary plans and working drawings for a project if all of the following conditions are met:
- (a) The project was authorized in a budget act or other statute before the preliminary plans and working drawings were prepared.
- (b) Funds for the reimbursement are appropriated by the Legislature.
- (c) All other applicable procedures were followed by the California State University, the community college district, the California Maritime Academy, or the University of California in expending the funds.

The advance of funds by the California State University, a community college district, the California Maritime Academy, or the University of California for preliminary plans and working drawings shall be made to promote early completion of a project authorized by the Legislature.

SEC. 7. Section 2 of Chapter 1268 of the Statutes of 1983 is repealed.

An act to amend Sections 44031, 45249, and 88069 of the Education Code, relating to personnel commissions.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 44031 of the Education Code is amended to read:

- 44031. (a) Materials in personnel files of employees that may serve as a basis for affecting the status of their employment are to be made available for the inspection of the person involved.

- (c) Every employee shall have the right to inspect these materials upon request, provided that the request is made at a time when the person is not actually required to render services to the employing district.
- (d) Information of a derogatory nature, except material mentioned in subdivision (b), shall not be entered or filed unless and until the employee is given notice and an opportunity to review and comment thereon. An employee shall have the right to enter, and have attached to any derogatory statement, his own comments thereon. # CHAPTER 6. AWARDING OF CONTRACTS

Verification as required by this section need only be made once every two years with respect to the same contractor.
- (b) In lieu of the verification, the state entity may require the person seeking the contract to present his or her pocket license or certificate of licensure and provide a signed statement which swears, under penalty of perjury, that the pocket license or certificate of licensure presented is his or hers, is current and valid, and is in a classification appropriate to the work to be undertaken.

An act to amend Section 411.35 of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 411.35 of the Code of Civil Procedure is amended to read:

- 411.35. (a) In every action including a cross-complaint for damages or indemnity arising out of the professional negligence of a person holding a valid architect's certificate issued pursuant to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code, or of a person holding a valid registration as a professional engineer issued pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, or a person holding a valid land surveyor's license issued pursuant to Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code on or before the date of service of the complaint on any defendant, the plaintiff's attorney shall file the certificate specified by subdivision (b).
- (b) A certificate shall be executed by the attorney for the plaintiff or cross-complainant declaring one of the following:
- (1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one architect, professional engineer, or land surveyor who is licensed to practice and practices in this state or any other state, or who teaches at an accredited college or university and is licensed to practice in this state or any other state, in the same discipline as the defendant or cross-defendant and who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action, and that the attorney has concluded on the basis of such review and consultation that there is reasonable and meritorious cause for the filing of such action. The person consulted may not be a party to the litigation.
- (2) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificate required by paragraph (1) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificate required by paragraph (1) shall be filed within 60 days after filing the complaint.
- (3) That the attorney was unable to obtain the consultation required by paragraph (1) because the attorney had made three separate good faith attempts with three separate architects, professional engineers, or land surveyors to obtain such consultation

and none of those contacted would agree to such a consultation.

- (c) Where a certificate is required pursuant to this section, only one certificate shall be filed, notwithstanding that multiple defendants have been named in the complaint or may be named at a later time.
- (d) Where the attorney intends to rely solely on the doctrine of "res ipsa loquitur," as defined in Section 646 of the Evidence Code, or exclusively on a failure to inform of the consequences of a procedure, or both, this section shall be inapplicable. The attorney shall certify upon filing of the complaint that the attorney is solely relying on the doctrines of "res ipsa loquitur" or failure to inform of the consequences of a procedure or both, and for that reason is not filing a certificate required by this section.
- (e) For purposes of this section, and subject to Section 912 of the Evidence Code, an attorney who submits a certificate as required by paragraph (1) or (2) of subdivision (b) has a privilege to refuse to disclose the identity of the architect, professional engineer, or land surveyor consulted and the contents of the consultation. The privilege shall also be held by the architect, professional engineer, or land surveyor so consulted. If, however, the attorney makes a claim under paragraph (3) of subdivision (b) that he or she was unable to obtain the required consultation with the architect, professional engineer, or land surveyor, the court may require the attorney to divulge the names of architects, professional engineers, or land surveyors refusing the consultation.
- (f) A violation of this section may constitute unprofessional conduct and be grounds for discipline against the attorney, except that the failure to file the certificate required by paragraph (1) of subdivision (b), within 60 days after filing the complaint and certificate provided for by paragraph (2) of subdivision (b), shall not be grounds for discipline against the attorney.
- (g) The failure to file a certificate in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.
- (h) This section shall remain in effect only until January 1, 1989, and as of that date is repealed.

An act to add Section 602.7 to the Penal Code, relating to crimes.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

- (c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

An act to amend Section 2983.3 of the Civil Code, and to amend Section 22651 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

- SECTION 1. Section 2983.3 of the Civil Code is amended to read: 2983.3. (a) In the absence of default in the performance of any of the buyer's obligations under the contract, the seller or holder may not accelerate the maturity of any part or all of the amount due thereunder or repossess the motor vehicle.
- (b) If after default by the buyer, the seller or holder repossesses or voluntarily accepts surrender of the motor vehicle, any person liable on the contract shall have a right to reinstate the contract and the seller or holder shall not accelerate the maturity of any part or all of the contract prior to expiration of the right to reinstate, unless the seller or holder reasonably and in good faith determines that any of the following has occurred:
- (1) The buyer or any other person liable on the contract by omission or commission intentionally provided false or misleading information of material importance on his or her credit application.
- (2) The buyer, any other person liable on the contract, or any permissive user in possession of the motor vehicle, in order to avoid repossession has concealed the motor vehicle or removed it from the state.
- (3) The buyer, any other person liable on the contract, or any permissive user in possession of the motor vehicle, has committed or threatens to commit acts of destruction, or has failed to take care of the motor vehicle in a reasonable manner, so that the motor vehicle has become substantially impaired in value, or the buyer, any other person liable on the contract, or any nonoccasional permissive user in possession of the motor vehicle has failed to take care of the motor vehicle in a reasonable manner, so that the motor vehicle may become substantially impaired in value.
- (4) The buyer or any other person liable on the contract has committed, attempted to commit, or threatened to commit criminal acts of violence or bodily harm against an agent, employee, or officer of the seller or holder in connection with the seller's or holder's repossession of or attempt to repossess the motor vehicle.
- (5) The buyer has knowingly used the motor vehicle, or has knowingly permitted it to be used, in connection with the commission of a criminal offense, other than an infraction, as a consequence of which the motor vehicle has been seized by a federal, state, or local agency or authority pursuant to federal, state, or local law.

- (6) The motor vehicle has been seized by a federal, state, or local public agency or authority pursuant to (A) Section 1324 of Title 8 of the United States Code or Part 274 of Title 8 of the Code of Federal Regulations, (B) Section 881 of Title 21 of the United States Code or Part 9 of Title 28 of the Code of Federal Regulations, or (C) other federal, state, or local law, including regulations, and, pursuant to that other law, the seizing authority, as a precondition to the return of the motor vehicle to the seller or holder, prohibits the return of the motor vehicle to the buyer or other person liable on the contract or any third person claiming the motor vehicle by or through them or otherwise effects or requires the termination of the property rights in the motor vehicle of the buyer or other person liable on the contract or claimants by or through them.
- (c) Exercise of the right to reinstate the contract shall be limited to once in any 12-month period and twice during the term of the contract.
- (d) The provisions of this subdivision shall govern the method by which a contract shall be reinstated with respect to curing events of default which were a ground for repossession or occurred subsequent to repossession.
- (1) Where the default is the result of the buyer's failure to make any payment due under the contract, the buyer or any other person liable on the contract shall make the defaulted payments and pay any applicable delinquency charges.
- (2) Where the default is the result of the buyer's failure to keep and maintain the motor vehicle free from all encumbrances and liens of every kind, the buyer or any other person liable on the contract shall either satisfy all encumbrances and liens or, in the event the seller or holder satisfies the encumbrances and liens, the buyer or any other person liable on the contract shall reimburse the seller or holder for all reasonable costs and expenses incurred therefor.
- (3) Where the default is the result of the buyer's failure to keep and maintain insurance on the motor vehicle, the buyer or any other person liable on the contract shall either obtain the insurance or, in the event the seller or holder has obtained the insurance, the buyer or any other person liable on the contract shall reimburse the seller or holder for premiums paid and all reasonable costs and expenses incurred therefor.
- (4) Where the default is the result of the buyer's failure to perform any other obligation under the contract, unless the seller or holder has made a good faith determination that the default is so substantial as to be incurable, the buyer or any other person liable on the contract shall either cure the default or, if the seller or holder has performed the obligation, reimburse the seller or holder for all reasonable costs and expenses incurred in connection therewith.
- (5) Additionally, the buyer or any other person liable on the contract shall, in all cases, reimburse the seller or holder for all reasonable and necessary collection and repossession costs and fees incurred, including attorney's fees and legal expenses expended in

retaking and holding the vehicle.

- (e) If the seller or holder denies the right to reinstatement under subdivision (b) or paragraph (4) of subdivision (d), the seller or holder shall have the burden of proof that the denial was justified in that it was reasonable and made in good faith. If the seller or holder fails to sustain the burden of proof, the seller or holder shall not be entitled to a deficiency, but it shall not be presumed that the buyer is entitled to damages by reason of the failure of the seller or holder to sustain the burden of proof.
- (f) This section shall not apply to a loan made by a lender licensed under Division 9 (commencing with Section 22000) or Division 10 (commencing with Section 24000) of the Financial Code.
- SEC. 2. Section 22651 of the Vehicle Code is amended to read: 22651. Any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove a vehicle from a highway located within the territorial limits in which the officer or employee may act under any of the following circumstances:
- (a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.
- (b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.
- (c) When any vehicle is found upon a highway and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.
- (d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.
- (e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.
- (f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.
- (g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to an extent so as to be unable to provide for its custody or removal.
- (h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person

arrested before a magistrate without unnecessary delay.

(i) When any vehicle is found upon a highway and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the registered owner or person in control of the vehicle has not responded, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued for the vehicle. A notice of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

A vehicle shall be released to the legal owner if the legal owner pays the cost of towing and storing the vehicle, submits evidence of payment of fees as provided in Section 9561, and completes an affidavit in a form acceptable to the impounding law enforcement agency stating that the vehicle was not in possession of the legal owner at the time of occurrence of the offenses relating to standing or parking. The impounding agency shall have a lien on any surplus that remains upon sale of the vehicle to which the registered owner is or may be entitled, as security for the deposit of bail for all notices of parking violations issued for the vehicle. The legal owner shall promptly remit to, and deposit with, the impounding agency from that surplus, on receipt thereof, bail for all notices of parking violations issued for the vehicle.

- (j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.
- (k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.
  - (l) When any vehicle is illegally parked on a highway in violation

- of any local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.
- (m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance
- (n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.
- (o) When any vehicle is found upon a highway with a registration expiration date in excess of one year before the date it is found on the highway. Only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove a vehicle from a highway pursuant to this subdivision. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of current registration. In lieu of obtaining proof of current registration, the storing agency may, in its discretion, issue a notice to appear for the registration violation.
- (p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway shall not be released to the registered owner or his or her agent except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.

- (2) This presumption may be overcome upon a finding by the division that the medical education received by the applicant is not the educational equivalent of the medical education received by graduates of medical schools approved pursuant to subdivision (a) or Section 2084. - (6) Applicants under this subdivision who apply after satisfactorily completing one year of approved postgraduate training shall have their applications reviewed by the division and shall be informed by the division either that satisfactory completion of a second year of approved postgraduate training will result in their being deemed to meet the requirements of Sections 2084 and 2089, or informed of any deficiencies in their qualifications or documentation and the specific remediation, if any, required by the division to meet the requirements of Sections 2084 and 2089. Upon satisfactory completion of the specified remediation, the division shall promptly issue a license to the applicant.

Nothing in this section prohibits the division from disapproving any foreign medical school or from denying an application if, in the opinion of the division, the professional instruction provided by the medical school or the instruction received by the applicant is not equivalent to that required in Article 4 (commencing with Section 2080).

- SEC. 3. Section 2102 of the Business and Professions Code is amended to read:

- (c) Completion of one year of postgraduate training in a postgraduate training program approved by the division in the United States or Canada.
- (d) Pass the written examination as provided under Article 9 (commencing with Section 2170) and an oral examination. - (b) Passing scores on the written examination shall be valid for purposes of qualification for participation in postgraduate training or licensure for a period of four years from the date of examination, except that the period may be extended on a year-for-year basis for each full year the applicant successfully participates in an approved postgraduate training program.
- SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Covernor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 6103.5 is added to the Business and Professions Code, to read:

- 6103.5. (a) A member of the State Bar shall promptly communicate to the member's client all amounts, terms, and conditions of any written offer of settlement made by or on behalf of an opposing party. As used in this section, "client" includes any person employing the member of the State Bar who posseses the authority to accept an offer of settlement, or in a class action, who is a representative of the class.
- (b) Any written offer of settlement or any required communication of a settlement offer, as described in subdivision (a),

shall be discoverable by either party.

- SEC. 2. Section 822 of the Evidence Code is amended to read: 822. (a) In an eminent domain or inverse condemnation proceeding, notwithstanding the provisions of Sections 814 to 821, inclusive, the following matter is inadmissible as evidence and shall not be taken into account as a basis for an opinion as to the value of property:
- (1) The price or other terms and circumstances of an acquisition of property not appropriated to a public use or a property interest not so appropriated if the acquisition was for a public use for which the property could have been taken by eminent domain.
- (2) The price at which an offer or option to purchase or lease the property or property interest being valued or any other property was made, or the price at which such property or interest was optioned, offered, or listed for sale or lease, except that an option, offer, or listing may be introduced by a party as an admission of another party to the proceeding; but nothing in this subdivision permits an admission to be used as direct evidence upon any matter that may be shown only by opinion evidence under Section 813.
- (3) The value of any property or property interest as assessed for taxation purposes or the amount of taxes which may be due on the property, but nothing in this subdivision prohibits the consideration of actual or estimated taxes for the purpose of determining the reasonable net rental value attributable to the property or property interest being valued.
- (4) An opinion as to the value of any property or property interest other than that being valued.
- (5) The influence upon the value of the property or property interest being valued of any noncompensable items of value, damage, or injury.
- (6) The capitalized value of the income or rental from any property or property interest other than that being valued.
- (b) In an action other than an eminent domain or inverse condemnation proceeding, the matters listed in subdivision (a) are not admissible as evidence, and may not be taken into account as a basis for an opinion as to the value of property, except to the extent permitted under the rules of law otherwise applicable.

## CHAPTER 1239

An act to amend Sections 16028 and 16028.4 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 16028 of the Vehicle Code is amended to read:

16028. (a) Every person who drives a motor vehicle required to be registered in this state upon a highway, or who drives a moped upon the highway, shall, when requested by a peace officer pursuant to subdivision (c) or (d), provide evidence of financial responsibility for the vehicle.

Except as otherwise provided in this subdivision and subdivisions (e) and (f), any person who violates this subdivision is guilty of an infraction and shall be punished for each offense by a fine of seventy-five dollars (\$75) and an additional penalty assessment of twenty-five dollars (\$25). If (1) the citation is issued pursuant to subdivision (c) on a notice to appear for violation of Section 23152, and (2) the driver is convicted of violating Section 23152, then the penalty upon conviction for violation of subdivision (a) is a fine of one hundred eighty dollars (\$180) and an additional penalty assessment of sixty dollars (\$60). Each defendant shall be fined and assessed a penalty assessment in the amount specified in this section, upon conviction, unless the court determines that in the interests of justice the fine and the penalty assessment should be reduced. Any reduction of the fine and penalty assessment shall be in the same proportion and the court shall state the reasons for reducing the fine and assessment on the record.

In lieu of the fine and penalty assessment otherwise assessable under this subdivision, the court may permit the defendant to perform community service designated by the court.

- (b) (1) For purposes of this section, "evidence of financial responsibility" shall be in writing and means any of the following:
- (A) The name of the insurance or surety company which issued the automobile liability policy, motor vehicle liability policy, or bond meeting the requirements of Section 16056, in effect for the vehicle, and the number of the insurance policy or surety bond.
- (B) If the owner is a self-insurer as provided in Section 16052 or a depositor as provided in Section 16054.2, the certificate or deposit number issued by the department.
- (C) An insurance covering note, as specified in Section 382 of the Insurance Code.
- (D) A showing that the vehicle is owned or leased by, or under the direction of, the United States or any public entity, as defined in

Section 811.2 of the Government Code.

- (2) For purposes of this section, "evidence of financial responsibility" also includes the identifying symbol issued to a highway carrier by the Public Utilities Commission pursuant to Section 3543 of the Public Utilities Code and displayed on the motor vehicle.
- (3) For purposes of this section, "evidence of financial responsibility in writing" may be satisfied by writing the name of the insurance company or surety company and the policy number or surety bond number on the motor vehicle registration card issued by the Department of Motor Vehicles.
- (c) Whenever a notice to appear is issued for any alleged violation of this code, except a violation specified in Chapter 9 (commencing with Section 22500) of Division 11 or any local ordinance adopted pursuant thereto, the cited driver shall furnish written evidence of financial responsibility, as defined by subdivision (b), upon request of the peace officer issuing the citation. The peace officer shall request and write the driver's evidence of financial responsibility on the notice to appear, except where the peace officer is unable to write the driver's evidence of financial responsibility on the notice to appear due to an emergency that requires his or her presence elsewhere. If the cited driver fails to provide evidence of financial responsibility at the time the notice to appear is issued, the peace officer may issue the driver a notice to appear for violation of subdivision (a). The notice to appear for violation of subdivision (a) shall be written on the same citation form as the original violation.
- (d) Whenever a peace officer is summoned to the scene of an accident, the driver of any motor vehicle which is in any manner involved in the accident, shall furnish written evidence of financial responsibility as defined by subdivision (b), upon the request of the peace officer making the report. If the driver fails to provide evidence of financial responsibility when requested, the peace officer may issue the driver a notice to appear for violation of subdivision (a).
- (e) A person cited in a notice to appear for violation of subdivision (a) may personally appear before the clerk of the court, as designated in the notice to appear, and provide written evidence of financial responsibility that is acceptable to the clerk of the court showing that the driver was in compliance with Section 16020 at the time the notice to appear for violating subdivision (a) was issued. In lieu of a personal appearance, the person may submit written evidence of financial responsibility by mail to the court. Upon receipt by the clerk of written evidence of financial responsibility that is acceptable to the court, further proceedings on the notice to appear for the violation of subdivision (a) of Section 16028 shall be dismissed, subject to Section 16031.
- (f) If a driver cited for a violation of subdivision (a) is, at the time of issuance of the notice to appear, driving a motor vehicle owned, operated, or leased by the employer of the driver and driven with

the permission of the employer, this section and Sections 16031 and 16032 apply to the employer rather than the driver. In that case, the notice to appear shall be issued to the employer, rather than the driver, and the driver may sign the notice to appear on behalf of the employer and shall notify the employer of the citation within five days after the issuance thereof.

- (g) Penalty assessments collected pursuant to subdivision (a) shall be deposited in the county's Courthouse Temporary Construction Fund established pursuant to Section 76001, 76002, 76003, 76004, 76005, or 76006 of the Government Code.
- (h) Any penalty assessment imposed pursuant to any other provision of law shall not be imposed on the additional penalty assessment provided in subdivision (a).
- (i) This section shall remain in effect only until January 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1990, deletes or extends that date.
- SEC. 2. Section 16028.4 of the Vehicle Code is amended to read: 16028.4. With respect to persons asserting financial responsibility under subdivision (b) of Section 16021, "written evidence," for purposes of subdivision (e) of Section 16028, means a copy of the insurance policy or bond or an identification card with the insurance policy number, the name of the insurer, the effective date of coverage, and the date of expiration, a copy of an insurance covering note, as specified in Section 382 of the Insurance Code, or written confirmation from the insurer that the person was insured at the time of the citation.
- SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

# CHAPTER 1240

An act to amend Section 1566.7 of the Health and Safety Code, relating to foster child care.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

SECTION 1. Section 1566.7 of the Health and Safety Code is amended to read:

1566.7. The department shall notify affected placement agencies and the Office of the State Long-Term Care Ombudsman, as defined in subdivision (c) of Section 9701 of the Health and Safety Code,

whenever the department substantiates that a violation has occurred which poses a serious threat to the health and safety of any resident when the violation results in the assessment of any penalty or causes an accusation to be filed for the revocation of a license. If the violation is appealed by the facility within 10 days, the department shall only notify placement agencies of the violation when the appeal has been exhausted. If the appeal process has not been completed within 60 days, the placement agency shall be notified with a notation which indicates that the case is still under appeal. The notice to each placement agency shall be updated monthly for the following 24-month period and shall include the name and location of the facility, the amount of the fine, the nature of the violation, the corrective action taken, the status of the revocation, and the resolution of the complaint. At any time during which a facility is found to have one or more of the following serious deficiencies, the director shall provide an immediate notice of not to exceed five working days to the placement agency:

- (a) Discovery that an employee of the facility has a criminal record which would affect the facility's compliance with Section 1522.
- (b) Discovery that a serious incident which resulted in physical or emotional trauma of a resident has occurred in a facility.
- SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

# CHAPTER 1241

An act to add Sections 10008, 10009, and 10010 to the Water Code, relating to water resources, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 10008 is added to the Water Code, to read: 10008. The Legislature hereby finds and declares that agreements which provide for the transfer of water from the federal Central Valley Project to public entities supplying water for domestic or irrigation use offer potential benefits to California's hard-pressed farmers and to California's water-dependent urban areas.

It is the intent of the Legislature that these contracts be entered into for the purposes of strengthening California's economy, serving the public, and protecting the environment.

The director shall continue to pursue negotiations with the United States Bureau of Reclamation to contract for the interim rights to stored water from the federal Central Valley Project for use in the State Water Resources Development System by state water supply contractors.

SEC. 2. Section 10009 is added to the Water Code, to read:

10009. The director shall pursue discussions with the United States Bureau of Reclamation to permit persons and public entities which have entitlements to water from the federal Central Valley Project, to enter into legally binding contracts with any public entity which supplies water for domestic use, irrigation use, or environmental protection in this state for the transfer of federal water entitlements during times of shortage.

SEC. 3. Section 10010 is added to the Water Code, to read:

10010. The director shall report to the Legislature during the department's annual budget hearings on the status of the discussions specified in Sections 10008 and 10009. The director shall recommend legislation to facilitate the execution of mutually acceptable contracts which will not degrade the environment.

If the department is unable to secure the consent of the United States Bureau of Reclamation for the transfer of federal water entitlements as specified in Sections 10008 and 10009 by 1992, the director shall make a final report to the Legislature during the department's 1993 annual budget hearings. The report shall include the reasons the discussions were unsuccessful and recommended legislative actions.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that negotiations with the United States Bureau of Reclamation to permit more efficient use of federal water entitlements to meet the pressing water needs of California's citizens may be pursued at the earliest possible time, it is necessary that this act take effect immediately.

Those fees shall not exceed the estimated reasonable cost of providing that service and shall be imposed pursuant to Chapter 13 (commencing with Section 54990) of Part 1 of Division 2. The processing fee shall be deposited with the executive officer after the filing with the executive officer of any resolution of application by the legislative body of a local agency or the certification by the executive officer of the sufficiency of a petition. - (2) Each month the Controller shall allocate the remainder of the amount determined pursuant to this subdivision to counties and cities and counties, as follows: an amount for each county and city and county equal to the revenue received in the 1982–83 fiscal year pursuant to former Section 16111, subdivision (c) of former Section 16113, and former Section 16113.7 of the Government Code. These amounts shall be determined by the Controller with the concurrence

- (e) Money disbursed by the Controller to cities and counties pursuant to this section may be used for county or city purposes and may, but need not necessarily, be used for purposes of general interest and benefit to the state.
- (f) Population changes based on a federal special census or a subsequent census validated by the Department of Finance shall be accepted by the Controller only if certified to him at the request of the city, city and county, or county for which the census was made

(a) Notwithstanding subdivision (c) of Section 11005, in the case of a city which incorporated subsequent to the 1980 federal census, the Controller shall determine the population of the city by multiplying the number of registered voters in the city by three. On and after July 1, 1990, the Controller shall determine the population of the city pursuant to subdivision (c) of Section 11005.

(a) Notwithstanding subdivision (c) of Section 11005, in the case of a city which incorporated on or after January 1, 1987, the Controller shall determine the population of the city for its first eight full fiscal years, and any portion of the first year in which the incorporation is effective if less than a full fiscal year, by multiplying the number of registered voters in the city by three. Thereafter, the Controller shall determine the population of the city pursuant to subdivision (c) of Section 11005.
  - (b) This section shall become operative July 1, 1990.

expenditures for snow removal in excess of five thousand dollars (\$5,000) during that fiscal year.

The balance of that sum from the Highway Users Tax Account shall be allocated to each city, including city and county, in the proportion that the total population of the city bears to the total population of all the cities in this state.

For the purpose of this section, the population in each city is that determined in the manner specified in Sections 11005 and 11005.3 of the Revenue and Taxation Code.

- SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act.

#### CHAPTER 1243

An act to add and repeal Section 2423 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares as follows:

- (1) The current increase in truck accident rates has created great concern from the public, governmental agencies, the Legislature, and other entities interested in traffic safety.
- (2) There is continued disregard for safe, legal operation by some drivers of heavy commercial vehicles.
- (3) These drivers are able to use various methods of communication to provide a network affording evasion from apprehension for unsafe, illegal driving practices.
- (4) The Department of the California Highway Patrol, other than a limited air patrol operation, has no equal ability to combat professional evaders with respect to illegal driving of heavy commercial vehicles.
- (5) When a heavy commercial vehicle is involved in an accident with other vehicles, the potential for fatalities is increased dramatically.
- (6) This increased potential for fatalities in heavy commercial vehicle accidents needs special action to reduce the accident rate

and control illegal, unsafe driving practices.

- (b) It is, therefore, the intent of the Legislature in enacting this act to create a pilot program authorizing the use of special patrol vehicles by Highway Patrol officers in enforcing heavy commercial vehicle highway safety and in apprehending violators who drive those heavy commercial vehicles.
  - SEC. 2. Section 2423 is added to the Vehicle Code, to read:
- (a) The department shall conduct a pilot program involving its use of vehicles not readily identifiable as regular patrol vehicles, but which meet the identification requirements of Section 1141 of Title 13 of the California Administrative Code and exhibit the official insignia of the department, for the primary purpose of enforcement of highway safety violations by drivers, of vehicles described in subdivisions (a), (b), and (f) of Section 34500 and drivers of vehicles of more than 6,000 pounds unladen weight described in subdivision (g) of Section 34500 and the apprehension of those violators. For this purpose, the department may employ any existing unmarked vehicle which is determined to afford the highest likelihood of continued nonrecognition, and may periodically repaint or remark any vehicle so used for this purpose if the vehicle continues to meet the identification requirements of Section 1141 of Title 13 of the California Administrative Code and exhibits the insignia of the department. Vehicles authorized by this section shall be used primarily for purposes of this section.
- (b) The pilot program shall be limited to four of the eight department geographical divisions with not more than 15 vehicles assigned to the program, and shall utilize personnel already assigned for commercial vehicle enforcement purposes. Enforcement personnel participating in the pilot program shall wear the official uniform of the department.
- (c) The department shall prepare and submit to the Legislature on or before March 15, 1988, a report of its findings, conclusions, and recommendations concerning the pilot program.
  - (d) The report shall include, but not be limited to, the following:
- (1) The cost effectiveness of special commercial vehicle enforcement.
- (2) The impact on the commercial vehicle accident rate in the pilot program areas.
- (3) A comparison of program area citation and conviction activity with regular road enforcement citation and conviction activity.
- (4) The extent to which vehicles are used for purposes other than the primary purpose set forth in subdivision (a).
  - (5) Public acceptance.
- (6) Problems resulting from the use of specifically marked patrol vehicles.
- (e) This section shall remain in effect only until January 1, 1988, and as of that date is repealed unless a later enacted statute which is enacted before January 1, 1988, deletes or extends that date.

#### CHAPTER 1244

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 309 of the Fish and Game Code is amended to read:

- 309. The commission or any person appointed by it to conduct a hearing may, in any investigation or hearing, cause the deposition of witnesses, residing within or without the state, to be taken in the manner prescribed by law for deposition in civil actions in the superior courts of this state, and may compel the attendance of witnesses and the production of documents and papers. The commission shall adopt regulations which afford procedural and substantive due process to any person whose license or permit is subject to revocation or suspension. Except upon conviction of a violation of this code or a regulation adopted pursuant to this code relating to the licensed or permitted activity and notwithstanding any other provision of this code, the commission shall not revoke or suspend any license or permit until the regulations required by this section have been adopted and approved by the Office of Administrative Law pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.
- SEC. 2. Section 1174 of the Fish and Game Code is amended to read:
- 1174. Any permit granted by the commission pursuant to this article shall contain all of the following conditions:
- (a) If after a hearing the commission finds that the operation described in the permit and conducted pursuant to this article is not in the best public interest, the commission may alter the conditions of the permit to mitigate the adverse effects, or may cause an orderly termination of the operation under the permit. An orderly termination shall not exceed a three-year period and shall culminate in the revocation of the permit in its entirety.
- (b) If the commission finds that the operation has caused deterioration of the natural run of anadromous fish in the waters covered by the permit, it may require the permittee to return the fishery to the same condition as was prior to issuance of the permit. If the permittee fails to take appropriate action, the commission may direct the department to take the action, and the permittee shall bear any cost incurred by the department.
  - (c) Prior to release into state waters and at any other time

deemed necessary by the department, the fish may be examined by the department to determine that they are not diseased or infected with any disease which, in the opinion of the department, may be detrimental to the state fishery resources.

- SEC. 3. Section 3246 of the Fish and Game Code is amended to read:
- 3246. Any license issued under this article may be revoked by the commission at one of the commission's regularly scheduled meetings, or by a court of competent jurisdiction, upon the licensee's conviction of a violation of this code, and no new license may be issued to the licensee during the same license year.
- SEC. 4. Section 3291 of the Fish and Game Code is amended to read:
- 3291. If after a hearing the commission finds that there has been any fraud, misrepresentation, or lack of good faith in connection with a license issued pursuant to this article or any operations under it, the commission may revoke the license.
- SEC. 5. Section 4043 of the Fish and Game Code is amended to read:
- 4043. Any license issued under this chapter may be revoked by the commission at one of the commission's regularly scheduled meetings, upon the licensee's conviction of a violation of this article.

SEC. 6. Section 6656 of the Fish and Game Code is amended to read:

- 6656. The commission may revoke and prohibit reissuance for a period of not more than one year, the license of:
- (a) Any person who harvests any kelp from a bed which is closed, between the time of service of notice upon him or her of the closing of the bed and the decision of the commission upon a hearing as to the necessity for the closing.
- (b) Any person who violates any law or regulation of the commission relating to kelp.

The proceedings shall be conducted at one of the commission's regularly scheduled meetings.

- SEC. 7. Section 7706 of the Fish and Game Code is amended to read:
- 7706. A written complaint may be made to the commission against any person who violates Section 7700 to 7705, inclusive, 7707, 7708, 8075 to 8080, inclusive, or 8153, or any regulation adopted thereunder, by any person having information or knowledge of the violation. If the person charged is found guilty of the offense charged, the commission may suspend, for a period not to exceed 90 days, any license issued by any state board or officer to that person to take, buy, sell, can, or preserve fish or fishery products. No other license shall be issued to that person during the period of suspension. The proceedings shall be conducted at one of the commission's regularly scheduled meetings.
- SEC. 8. Section 7855 of the Fish and Game Code is amended to read:

7855. The proceedings to revoke or suspend a commercial fishing license shall be conducted at one of the commission's regularly scheduled meetings.

8254.7. When a complaint has been filed in a court of competent jurisdiction charging a holder of a commercial lobster permit with a violation of Section 8251 or 8252, and no disposition of the complaint has occurred within 90 days after it has been filed in the court, the department may suspend the commercial lobster permit of the person. The permitholder whose permit was suspended under this section may, within 10 days after the receipt of the suspension notice from the department, request a hearing, and, within 20 days after the request has been made, a hearing shall be held by the commission. A decision shall be made within a reasonable time on whether the suspension of the permit shall be terminated or continued until the disposition of the complaint by the court. In determining whether to terminate or continue the suspension of the permit, the commission shall consider whether or not the violation could have a detrimental effect on the resources and whether or not a continued suspension of the permit is in the best public interest, and shall find whether there is sufficient evidence that a violation has occurred. A failure to make a finding that there is sufficient evidence that a violation has occurred or a finding that there is insufficient evidence shall terminate the suspension of the permit under this section. If the permitholder is acquitted of the charges or the charges against him or her have been dismissed, any suspension of the permit is thereby terminated. No complaint shall be filed in a court charging a commercial lobster permitholder with a violation of Section 8251 or 8252 unless evidence supporting the charge has been reviewed by the appropriate county or city prosecuting agency and a criminal complaint has been issued by that agency.

SEC. 10. Section 8306.7 of the Fish and Game Code is amended to read:

8306.7. When a complaint has been filed in a court of competent jurisdiction charging a holder of a commercial abalone permit with a violation of Section 8300, 8301, or 8304, and no disposition of the complaint has occurred within 90 days after it has been filed in the court, the department may suspend the commercial abalone permit of that person. The permitholder whose permit was suspended under this section may, within 10 days after the receipt of the suspension notice from the department, request a hearing, and, within 20 days after that request has been made, a hearing shall be held by the commission. A decision shall be made within a reasonable time on whether the suspension of the permit shall be terminated or continued until the disposition of the complaint by the court. In determining whether to terminate or continue the suspension of the permit, the commission shall consider whether or not the violation could have a detrimental effect on the resources and whether or not

a continued suspension of the permit is in the best public interest, and shall find whether there is sufficient evidence that a violation has occurred. A failure to make a finding that there is sufficient evidence that a violation has occurred or a finding there is insufficient evidence shall terminate the suspension of the permit under this section. If the permitholder is acquitted of the charges or the charges against him or her have been dismissed, any suspension of the permit is thereby terminated. No complaint shall be filed in a court charging a commercial abalone permitholder with a violation of Section 8300, 8301 or 8304, unless evidence supporting the charge has been reviewed by the appropriate county or city prosecuting agency and a criminal complaint has been issued by that agency.

SEC. 11. Section 15905 of the Fish and Game Code is amended to read:

15905. Any permit granted by the commission pursuant to this chapter shall contain all of the following conditions:

- (a) The department shall determine under what conditions and the number of fish to be permitted access to the stream above the hatchery site.
- (b) If, after a hearing, the commission finds that the operation described in the permit and conducted pursuant to this chapter is not in the best public interest, the commission may alter the conditions of the permit to mitigate the adverse effects, or may cause an orderly termination of the operation under the permit. Proceedings to cause the alteration or termination shall be conducted at one of the commission's regularly scheduled meetings. An orderly termination shall not exceed a three-year period and shall culminate in the revocation of the permit in its entirety. During this period, the permittee may continue to examine and take specified anadromous fish reared according to the provisions of the permit, but may not release additional fish.
- (c) If the commission finds that the operation has caused deterioration of the natural run of anadromous fish in the waters covered by the permit, it may require the permittee to return the fishery to the same condition as it was prior to issuance of the permit. If the permittee fails to take appropriate action, the commission may direct the department to take the action, and the permittee shall bear any cost incurred by the department.
- (d) Prior to release into state waters, the fish may be examined by the department to determine that they are not diseased or infected with any disease which, in the opinion of the department, may be detrimental to the state fishery resources.
- (e) The permittee has the right to divert all fish returning to the stream to an inspection area as authorized by the commission, and may examine all fish for the purpose of identifying those fish reared and released by the permittee.
- (f) No unmarked fish may be transported from the trapping facility other than to be returned to state waters.

## CHAPTER 1245

An act to amend Section 8610 of, and to add Section 7712 to, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 7712 is added to the Fish and Game Code, to read:

Where a fishery is closed or restricted due to the need to 7712. protect a fishery resource, marine mammals, or sea birds, or due to a conflict with other fisheries or uses of the marine environment, it shall be the policy of the department and the commission, consistent with budgetary and personnel considerations, to assist and foster the development of alternative fisheries or alternative fishing gear for those commercial fishermen affected by the restrictions, closures, or resource losses, including, but not limited to, the issuing of experimental gear permits pursuant to Section 8606 for alternative fishing methods or fishing gear within state waters and for fisheries for those species which are currently underutilized or for fisheries where there is a determination that a commercial harvest is biologically acceptable, and to give preference to commercial shellfish fishermen affected by resource losses to restore and rebuild shellfish resources. The department and commission shall make every effort, consistent with the department's existing budget and personnel resources, to provide observer coverage for alternative or experimental gear permits as required by the commission to provide a representative sample of the impacts that gear may have and its efficacy for use in California fisheries. Administrative procedures shall be expedited for the hiring or contracting for necessary observer personnel to carry out this policy. The commission shall not require complete, 100 percent, observer coverage by the department of the use of alternative fishing methods or fishing gear under an experimental gear permit issued pursuant to Section 8606 for the purpose of carrying out this section unless the reasons for the necessity for complete observer coverage are expressly found by the commission.

- SEC. 2. Section 8610 of the Fish and Game Code, as amended by Assembly Bill 3147 of the 1985–86 Regular Session, is amended to read:
- 8610. (a) Notwithstanding Sections 8693, 8696, and 8724, no person shall use set gill or trammel nets in District 10 or 17 or that portion of District 18 north of a line extending due west magnetic from Pfeiffer Point in Monterey County, except for those individuals issued a nontransferable special permit.

- (b) An individual qualifying for and issued a special permit pursuant to this section shall be designated on the permit as the principal permittee.
- (c) At the time the principal permittee applies for and is issued the special permit, he or she may designate on the special permit the names of up to three copermittees, each of whom shall satisfy all of the following conditions:
  - (1) Possesses a valid general gill and trammel net permit.
- (2) Demonstrates to the department that a formal partnership existed, prior to October 28, 1985, between the principal permittee and the copermittee or copermittees. Each individual in the partnership shall hold at least a 10-percent interest in the partnership by investment in any combination of the following:
  - (A) A currently registered commercial fishing vessel.
- (B) The net reel and hydraulics used to recover gill or trammel nets aboard that vessel.
  - (C) The gill or trammel nets used aboard that vessel.
  - (D) The engine used to propel that vessel.
- (E) The labor to prepare the vessel for fishing gill and trammel nets.

Verification of the partnership shall be by notarized agreement. Verification shall be supported by signed and dated receipts or purchase vouchers for equipment, and vessel registration certificates issued by the state or federal government.

- (d) A principal permittee shall not be designated as a copermittee on any special permit. A copermittee shall be so designated on only one special permit at any one time.
- (e) A copermittee may become the principal permittee of the special permit on which he or she is so designated only if all of the following conditions are met:
- (1) The principal permittee dies or notifies the department that he or she otherwise relinquishes his or her interest in the special permit.
- (2) The copermittee is designated as an owner or operator of a vessel based on vessel registration information furnished to the department pursuant to subdivision (d) of Section 7884.
- (3) The copermittee possesses a valid general gill and trammel net permit.
- (4) The copermittee was designated as a copermittee on the special permit prior to April 1, 1986.
- (5) The annual landing or notice of intent requirements of paragraph (3) of subdivision (g) have been met for the special permit.
- (f) A copermittee, when in possession of a valid special permit upon which he or she is so designated, may conduct fishing operations without the principal permittee or other copermittees present.
- (g) Except as provided in subdivision (h), the special permit shall be issued by the department, upon application, to any person who

meets all of the following requirements:

- (1) Possesses a valid general gill and trammel net permit.
- (2) Was issued a valid special permit during the previous permit year (April 1 through March 31) which was not revoked or suspended, or for which a revocation or suspension was set aside, pursuant to subdivision (j).
- (3) Makes application for renewal of the special permit which is received by the department at one of its offices located at Menlo Park, Monterey, or Long Beach not later than May 1.
- (4) Either of the following: (A) Landed at least 500 pounds of halibut, or at least 1,000 pounds of croaker, or at least 2,000 pounds of rockfish, or at least 500 pounds of shark, or at least 2,000 pounds of any combination of the above species, which were taken under authority of the special permit during the previous permit year. Only landings which can be verified by landing receipts submitted to the department pursuant to Section 8011 shall be used to determine qualification for the special permit.
- (B) Declared, before the special permit was issued and prior to June 1 of the previous permit year, that he or she did not intend to use the special permit in that permit year, but declared his or her intent to fish and landed at least 2,500 pounds, or two thousand five hundred dollars (\$2,500) worth of fish ex vessel value in that permit year. These landings shall be verified at the time of application for the special permit in the current permit year. Verification of landings or value for purposes of this section, made at ports other than in California, shall be by fish receipts acceptable to the agency having jurisdiction over fisheries in the state of landing. Only one declaration may be made pursuant to this subparagraph in any five consecutive years.
- (h) (1) No special permits shall be issued under this subdivision by the department to a person who does not qualify for a special permit under subdivisions (g) or (l) unless the total number of special permits issued under subdivisions (g) and (l) is less than 135. The number of special permits issued under this subdivision and subdivision (l) shall not exceed the difference between 135 and the number of special permits issued under subdivision (g). The issuance of special permits under this subdivision, if the total number of special permits issued under subdivisions (g) and (l) is less than 135, shall be based upon a random drawing of names of interested individuals who possessed a valid general gill and trammel net permit during two of the past three years.
- (2) If the department determines a random drawing under this subdivision is necessary, the drawing shall be held on the fifth working day of May at the office of the department in Sacramento. Applications for the drawing shall be received at one of the department's offices located at Menlo Park, Monterey, or Long Beach on or before the first day of May.
- (i) A special permit issued pursuant to this section is valid from April 1 of the year of issue to March 31 of the next succeeding year.

The department may establish a fee for the special permit, which does not exceed one hundred fifty dollars (\$150).

- (j) (1) The special permit issued pursuant to this section may be revoked or suspended by the department upon a conviction of a violation of any provision of Article 1 (commencing with Section 8601) or Article 5 (commencing with Section 8680) of Chapter 3, or violation of any condition of the special permit by the principal permittee, a copermittee, permittee's agent, servant, employee, or person acting under the direction or control of the principal permittee or a copermittee.
- (2) An order of revocation or suspension may be appealed by the permittee to the commission within 15 days of the department's order of suspension or revocation. The commission may set aside an order of revocation or suspension for a violation which is not the fault of the permittee for good cause shown. Upon request of the permittee, the commission may waive the landing requirements for renewal of the permit pursuant to subdivision (g) if it finds in the appeal proceeding that failure to meet the landing requirements was caused by the order of revocation or suspension set aside under this paragraph.
- (k) Any person denied a special permit pursuant to this section may appeal to the commission where evidence can be presented that illness or loss of vessel resulted in the person not meeting the qualifications for the special permit.
- (l) (1) Any prior special permittee, who is denied a special permit may appeal the denial to the commission, submitting evidence of the circumstances surrounding the cause or causes for the denial.
- (2) The appeal shall be filed with the commission within 15 days of a denial which occurs on or after February 1, 1987. An appeal of a denial which occurred before February 1, 1987, shall be filed with the commission on or before February 15, 1987. Any appeal filed before January 1, 1987, shall be deemed filed on January 1, 1987, in the order of their receipt.
- (3) For purposes of this subdivision, "prior special permittee" means a person who possessed a valid special permit to use set gill and trammel nets in District 10 or 17 or in that portion of District 18 north of a line extending due west magnetic from Pfeiffer Point in Monterey County, which permit was not revoked or suspended pursuant to subdivision (j).
- (4) If the commission determines that a special permit is to be issued to a prior special permittee under this subdivision and that determination is made on or before the fifth working day of May, a special permit shall be made available for issue to that prior special permittee upon payment of the fees therefore before any special permit is made available for issue pursuant to subdivision (h).
- (5) If the total number of special permits previously issued pursuant to subdivision (g) and this subdivision in the current permit year is 135 or more, no special permits shall thereafter be issued to

a prior special permittee under this subdivision until the total number of special permits previously issued under subdivision (g) and this section is less than 135.

(m) This section shall become inoperative on April 1, 1989, and, as of January 1, 1990, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1990, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 3. Section 2 of this act shall become operative only if Assembly Bill 3147 of the 1985–86 Regular Session is enacted and amends Section 8610 of the Fish and Game Code.

## CHAPTER 1246

An act to amend Section 1226 of the Health and Safety Code, relating to health.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

1226. The regulations shall prescribe the kinds of services which may be provided by clinics in each category of licensure and shall prescribe minimum standards of adequacy, safety, and sanitation of the physical plant and equipment, minimum standards for staffing with duly qualified personnel, and minimum standards for providing the services offered. These minimum standards shall be based on the type of facility, the needs of the patients served, and the types and levels of services provided.

The Office of Statewide Health Planning and Development, in consultation with the Community Clinics Advisory Committee, shall prescribe minimum construction standards of adequacy and safety for the physical plant of clinics and submit these standards for approval pursuant to Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13 and for publication in the State Building Standards Code.

The office of the State Fire Marshal shall prescribe minimum safety standards for fire and life safety in surgical clinics. In addition, all surgical clinics shall meet minimum construction and exiting requirements as

adopted by regulation of the State Fire Marshal, unless exempted by the State Fire Marshal upon determination that a reasonable degree of fire and life safety is provided.

However, regulations adopted pursuant to this chapter establishing standards for laboratory services shall not be applicable to any clinic which operates a clinical laboratory licensed pursuant to Section 1265 of the Business and Professions Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

#### CHAPTER 1247

An act to add Chapter 8.5 (commencing with Section 4057) to Division 5 of the Health and Safety Code, relating to water treatment devices, and making an appropriation therefor.

The regulations may specify any testing organization which the department has designated to conduct the testing of water treatment devices.

- (b) The regulations required by subdivision (a) shall include minimum standards for the following:
  - (1) Performance requirements.

- 4057.2. (a) No water treatment device which makes product performance claims or product benefit claims that the device affects health or the safety of drinking water, shall be sold or otherwise distributed which has not been certified by the department or by another entity in accordance with subdivision (b). Water treatment devices not offered for sale or distribution based on claims of improvement in the healthfulness of drinking water need not be certified pursuant to this section.
- (b) The department may accept a water treatment device certification issued by an agency of another state, by an independent testing organization, or by the federal government in lieu of its own, if the department determines that certification program meets the requirements of this chapter.

If brought by a city attorney or city prosecutor, one-half of the penalty shall be paid to the treasurer of the county and one-half to the city.
- (e) Unless otherwise provided, the remedies or penalties provided by this chapter are cumulative to each other and to remedies or penalties available under all other laws of this state.
- 4057.4. The department shall publish a list of water treatment devices certified under this chapter, including the specific standard under which the device is certified.

SECTION 1. Section 8103 is added to the Fish and Game Code, to read:

8103. (a) The Legislature finds and declares as follows:

(1) The accidental death of a limited entry permittee results in great hardships on the permittee's family.

- (2) Under the law as it existed immediately prior to January 1, 1987, if a member of the permittee's family has not been actively working in the fishery, the limited entry permit could not be transferred to a member of the family, an action which deprives the family of the opportunity to continue to derive a livelihood from the fishery and which imposes greater hardships.

- (b) Notwithstanding Section 8102, the department shall transfer a permit for a limited entry fishery, upon application, to a parent, spouse, child, or sibling of a permittee whose death was the result of an accident which occurred after January 1, 1986.
- (c) Application for the transfer of a permit pursuant to subdivision (b) shall be made on or before January 1, 1987, or not more than one year after the death of the permittee, whichever is later.
- (d) The director may authorize another person, when requested by the new permittee, to serve in the place of the new permittee and to engage in fishing activities under the authority of the limited entry permit for not more than two years from the date of the permit transfer.
- SEC. 2. Section 8692 is added to the Fish and Game Code, to read: 8692. Notwithstanding Section 8693, it is unlawful to use gill nets to take rockfish or lingcod in the following waters:

## **CHAPTER 1249**

An act to add Section 50062.5 to, and to add Article 5.7 (commencing with Section 51215) to Chapter 5 of Part 3 of Division 31 of, the Health and Safety Code, relating to housing, and making an appropriation therefor.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that housing which is affordable, decent, safe, and sanitary is not available in adequate supply for elderly citizens. The elderly population in California has experienced dramatic growth during the past 15 years, and is projected to increase by 38 percent by the year 2000. The "old-old" or 85 plus segment of the elderly population has grown especially rapidly, increasing by 53 percent from 1970 to 1980.

The Legislature finds and declares that large numbers of elderly households have low incomes as evidenced by the fact that the median income of elderly households is 53 percent of the median income of all households in the state. Many elderly renters also pay excessive amounts of their income for housing. Over one-quarter of California's elderly households pay more than 50 percent of their income for housing.

The Legislature further finds and declares that there has been an escalating use of nursing homes to institutionalize elderly persons who need some level of supportive services to function independently. This is both extremely expensive and counterproductive to the enhancement of an elderly person's sense of self-worth and dignity.

The Legislature finds and declares that congregate housing which combines adequate shelter with appropriate social support services, can provide a cost-effective alternative to elderly persons who might otherwise be institutionalized or forced to live alone in an isolated environment. There is an inability of the private market to provide congregate housing which is affordable to the elderly population with low incomes and public programs to assist in the development of this kind of housing are almost nonexistent. Therefore, the Legislature finds and declares that it is to the economic benefit of the state and the well-being of the state's elderly citizens to encourage and facilitate the development of congregate housing for these persons.

SEC. 2. Section 50062.5 is added to the Health and Safety Code, to read:

50062.5. "Congregate housing for the elderly" means a housing development, as defined by Section 50073.5, which is planned, designed, and managed to include facilities and common space that allow for direct services and support services that maximize the residents' potential for independent living and which is occupied by elderly or handicapped persons or households, as defined in Sections 50067 and 50072. Direct services and support services which are provided or made available shall relate to the nutritional, social, recreational, housekeeping, and personal needs of the residents and shall be provided or made available at a level necessary to assist the residents to function independently.

"Direct services," as used in this section, means meals, housekeeping services, transportation services, and planned recreational and social activities which shall be provided to the residents directly by the management of the congregate housing.

"Support services," as used in this section, means social services, day-care services, and in-home services which the management of the congregate housing shall assist the residents in obtaining, at the request of the residents.

SEC. 3. Article 5.7 (commencing with Section 51215) is added to Chapter 5 of Part 3 of Division 31 of the Health and Safety Code, to read:

# Article 5.7. Elderly Congregate Housing

51215. The agency shall make loans to finance the construction or rehabilitation of congregate housing for the elderly in an aggregate amount of fifty million dollars (\$50,000,000). The loans shall be made from the proceeds of bonds authorized pursuant to subdivision (h) of Section 51350.

51216. An application by a housing sponsor for financing under this article shall include a plan for the provision of direct services, as defined by Section 50062.5, and for support services, as defined by Section 50062.5. The plan shall be reviewed by the local Adult Day Health Care Planning Council and the council shall provide written comments on the plan. Those comments shall, among other things, address the cost effectiveness and efficiency of the proposed development in utilizing community resources and shall be included

as part of the application for financing.

The agency shall review the applications, including the comments on the plan provided by the council, and shall grant priority for financing to those applications which demonstrate maximum cost effectiveness and efficiency in utilizing community resources, as determined by the agency.

51217. The management of congregate housing for the elderly shall, at the request of a majority of the residents, assist the residents in establishing and maintaining a resident-oriented council. The council shall be composed of residents of the congregate housing. The council may, among other things, make recommendations to the management of the congregate housing regarding services the residents receive for the purpose of improving the quality of daily living in the congregate housing.

51218. At the close of each fiscal year, commencing with the fiscal year ending June 30, 1988, the agency shall, as part of its annual report required to be prepared pursuant to Section 51005, report on its progress in implementing this article. The report shall contain a discussion of the affirmative steps the agency has taken to ensure that congregate housing for the elderly is developed. The report also shall contain recommendations for legislation or other actions which would assist the agency in implementing this article.

#### CHAPTER 1250

An act to amend Section 3704 of, to add and repeal Chapter 21.6 (commencing with Section 3770) of, and to add and repeal Chapter 10.1 (commencing with Section 10010) of, the Financial Code, relating to financial institutions, and making an appropriation therefor.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 3704 of the Financial Code is amended to read:

3704. Each bank holding company and its subsidiaries shall be subject to examination by the superintendent. The superintendent may use, for this purpose, his own examiners or independent public accountants who are disinterested persons. In lieu of making an examination, the superintendent may accept the examination of any holding company made by any federal agency, any other agency of this state, or any agency of any other state of the United States and may examine any such holding company in conjunction with these agencies. If the superintendent examines a bank holding company or any of its subsidiaries, other than a domestic bank, using the

superintendent's own examiners, the bank holding company shall pay, within 10 days after receipt of a statement from the superintendent, a fee of two hundred dollars (\$200) per day for each examiner engaged in the examination plus, in the event it is necessary for any examiner engaged in the examination to travel outside this state, the travel expenses of the examiner. If the superintendent examines a bank holding company or any of its subsidiaries, other than a domestic bank, using independent public accountants, the bank holding company shall pay, within 10 days after receipt of a statement from the superintendent, the fee of the independent public accountants.

SEC. 2. Chapter 21.6 (commencing with Section 3770) is added to Division 1 of the Financial Code, to read:

## CHAPTER 21.6. FOREIGN REGIONAL BANK HOLDING COMPANIES

Sec. 1841 et seq.), and that these laws as interpreted and applied authorize, any California bank holding company to acquire up to 100 percent ownership (except for directors' qualifying shares) of any bank that maintains its head office in that jurisdiction on terms and conditions substantially the same as terms and conditions pursuant to which a bank holding company located in the jurisdiction may acquire a bank located in the same jurisdiction, and (2) that, under the laws of that jurisdiction as interpreted and applied, banks that maintain their head offices therein, when acquired, directly or indirectly, by any California bank holding company, have substantially all the powers and capabilities, without limitation, restriction or condition, that such a bank would have if it were acquired by a bank holding company the operations of which are principally conducted in the jurisdiction in which the bank maintains its head office.
  - 3772. For purposes of this chapter:
- (a) The state or other jurisdiction in which the operations of a bank holding company are principally conducted is that state or other jurisdiction of the United States in which the total deposits of all of the bank holding company's subsidiary banks are largest.

- 3773. On and after July 1, 1987, a foreign bank holding company whose operations are principally conducted in any of the states of Alaska, Arizona, Colorado, Hawaii, Idaho, Nevada, New Mexico, Oregon, Texas, Utah, or Washington, and that is not controlled by any parent foreign bank holding company whose operations are not principally conducted in one of these states, may, with the prior approval of the superintendent and pursuant to and in accordance with the provisions of this chapter and division, do any of the following:

- (b) Acquire directly or indirectly assets of any California bank or California bank holding company in an amount otherwise prohibited by Section 3774.
- (c) Merge or consolidate with any California bank or California bank holding company.

3775. Nothing in this chapter shall be interpreted to affect, to the extent otherwise authorized by the laws of this state or of the United States, the acquisition of, or merger or consolidation with, a California bank or a California bank holding company by a bank that maintains no branch, or by a bank holding company that does not control any bank that maintains a branch, within the United States but outside California if the bank or bank holding company is not controlled by a company having its head office located, or principally conducting its operations, within the United States.

- 3776. (a) An application for approval of a transaction described in Section 3773 shall be in such form, shall contain such information, shall be signed in such manner, and shall (if the superintendent so requires) be verified in such manner, as the superintendent may require. The fee for filing such an application shall be two thousand five hundred dollars (\$2,500).
- (b) The superintendent shall approve the transaction if the superintendent makes both of the following findings, but shall otherwise deny the application:
- (1) That there is substantial reciprocity between this state and the jurisdiction or jurisdictions in which the operations of the foreign bank holding company and any parent foreign bank holding company of the foreign bank holding company are principally conducted.
- (2) That the transaction will not have an adverse effect on the public convenience or advantage in this state.

Nothing in this subdivision requires substantial reciprocity with respect to any jurisdiction that is not a state or other jurisdiction of the United States.

(c) Before a foreign bank holding company effects a transaction of a kind described in Section 3773 which would result in its controlling a bank organized under the laws of this state, the foreign bank holding company and each parent foreign bank holding company of the foreign bank holding company shall file with the superintendent an agreement that it will comply, and that it will cause any company which it from time to time controls to comply, with all applicable provisions of this division and of any regulation or order issued under this division. This agreement shall be in such form, shall be signed in such manner, and shall (if the superintendent

so requires) be acknowledged in such manner, as the superintendent may require.

- 3777. This chapter shall be in addition to, and not in limitation of, Article 7 (commencing with Section 700) of Chapter 5. However, if an application for approval to acquire control under Article 7 (commencing with Section 700) of Chapter 5 is made by the same person as, involves the same transaction as, and if filed concurrently with, an application for approval of a transaction described in Section 3773, the application for approval to acquire control under Article 7 (commencing with Section 700) of Chapter 5 shall not be subject to the fee prescribed in Section 702.
- 3778. The provisions of this chapter shall be in addition to, and not in limitation of, the provisions of Chapter 21 (commencing with Section 3700). Any foreign bank holding company which controls a bank organized under the laws of this state and any parent foreign bank holding company of such a foreign bank holding company shall each be deemed to be a "bank holding company" for purposes of Chapter 21 (commencing with Section 3700).
- 3779. (a) The superintendent may provide to any federal regulatory agency or to any regulatory agency of any other state of the United States information relating to any of the following:
- (1) Any foreign bank holding company which has applied for approval to effect a transaction described in Section 3773 or which controls a California bank.
- (2) Any California bank or other company which such a foreign bank holding company controls or proposes to control.
- (3) Any parent foreign bank holding company of such a foreign bank holding company.
- (b) The provisions of this section shall be in addition to, and not in limitation of, the provisions of Section 1909.
- 3780. If any provision or clause of this chapter or the application thereof to any person or circumstance is held invalid, the remainder of this chapter and the application of that provision or clause to other persons or circumstances shall not be affected thereby.
- 3781. This chapter shall remain in effect until January 1, 1991, and as of that date is repealed.
- SEC. 3. Chapter 10.1 (commencing with Section 10010) is added to Division 2 of the Financial Code, to read:

The commissioner may make arrangements with the supervisory officials of other states for reciprocal examination of California and foreign savings companies and the imposition of fees therefor and may condition his or her approval pursuant to this chapter upon the existence of those arrangements.

- SEC. 4. Sections 1, 2, and 3, of this act shall become operative only if Assembly Bill 1492 of the 1985–86 Regular Session is enacted.

#### CHAPTER 1254

An act to add Chapter 5 (commencing with Section 16640) to Part 2 of Division 4 of Title 2 of the Government Code, relating to investments.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 26, 1986 ]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that:

(a) The Country of South Africa is the only political system on this planet which constitutionally enshrines a political system whereby a small minority of the population has the power and authority to separate, discriminate against, and deny fundamental political, social, and economic rights to, 83 percent of its population solely on

Ch. 1254 l

the basis of race.

- (b) The policy of apartheid restricts the freedom of speech and the freedom of movement of black and colored persons in South Africa, and relegates 83 percent of that nation's population to 13 percent of that nation's land area.
- (c) This system of apartheid is contrary to the basic religious and political assumptions underlying our nation which hold that all people are created equal with the inalienable right to life, liberty, and the pursuit of happiness. The present struggle by blacks and other members of the majority population echoes the call of our Declaration of Independence which recognized the right of an oppressed people to alter or abolish any form of government which becomes destructive to securing these rights.
- (d) The United States of America has rejected the separate and unequal treatment of its citizens on the basis of race as ethically immoral and politically indefensible.
- (e) Californians of all races, creeds, and religions regard the policies and practices of apartheid in South Africa, as they do repressive policies and practices in other countries, as repugnant to the principles of individual liberty, social justice, and political and social enfranchisement, which are fundamental to free societies everywhere. The opposition of Californians to apartheid reflects the deep and long-standing opposition of the American people to inequality and injustice wherever it may be found.
- (f) There has been continued unrest and mounting protests against the policy of apartheid in South Africa, which the South African government has responded to with force.
- (g) The rapidly deteriorating political climate in South Africa has and will continue to have an adverse impact on South Africa's economic climate, and on American corporations doing business in South Africa or with the government of South Africa. Investment and trade restrictions imposed by national governments, as well as divestment actions of state and local governmental entities and private investment managers are likely to exercise negative effects on the value of corporate holdings in South Africa, and on the overall value of securities issued by corporations and financial institutions doing business in South Africa or with the government of South Africa.
- (h) The investment of California trust funds and state moneys in business firms and financial institutions with close ties to South Africa is both fiscally imprudent, given the political and economic instability of South Africa, and inconsistent with the moral and political values of the people of California.
- (i) Restrictions on the investment of California trust funds in business firms and financial institutions with operations in South Africa will help to minimize the risk of loss created by the political instability of South Africa. Alternative investments with comparable rates of return are available, and divestment of existing stock and bond holdings can be accomplished in a reasonable and prudent

manner, consistent with Section 17 of Article XVI of the California Constitution.

- (j) The Legislature does not intend to affect existing bank loans to the government of South Africa or its instrumentalities.
- SEC. 2. Chapter 5 (commencing with Section 16640) is added to Part 2 of Division 4 of Title 2 of the Government Code, to read:

- (c) The resolution and the information submitted to the Treasurer shall be deemed public documents and shall be open to public inspection.
- 16644. Beginning January 1, 1988, and continuing thereafter until January 1, 1991, state trust funds shall annually reduce by one-third

the value of their respective investments in business firms with business operations in South Africa or business arrangements with the government of South Africa, and in financial institutions making or increasing loans or other extensions of credit to the government of South Africa or any South African corporation.

An act relating to educational facilities, and declaring the urgency thereof, to take effect immediately.

> [Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986]

The people of the State of California do enact as follows:

SECTION 1. The Lodi Unified School District may lease residential houses constructed after January 1, 1978, to house elementary school pupils, until June 30, 1989, if the facilities meet all applicable provisions of state and local building standards for residential houses existing at the time of construction of the houses. Residential houses meeting these requirements shall be exempt from Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code, notwithstanding Article 7 (commencing with Section 39240) of Chapter 2 of Part 23 of the Education Code, that temporary use buildings that are leased for a total time in excess of three years are subject to Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code. This section shall remain in effect only until July 1, 1989, and is repealed on January 1, 1990, unless a later enacted statute chaptered prior to July 1, 1989, deletes or extends that date.

- SEC. 2. Due to the unique circumstances concerning the school facilities in the Lodi Unified School District and the Douglas City School District, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.
- SEC. 3. (a) The Legislature finds and declares that the former Douglas City Elementary School is the original elementary school located on the same campus as the existing Douglas City Elementary School consisting of one room built in 1940 and that the former Douglas City Elementary School has been used for storage since new school facilities were acquired in 1976.

The Legislature further finds and declares that the Board of Trustees of the Douglas City School District has made application to the state and received Phase I approval for the construction of building facilities, including two classrooms and related facilities, under the Leroy Greene Lease-Purchase Act of 1976. Because of the continued student population growth in the Douglas City School District, it has become necessary to utilize the former Douglas City Elementary School as a teaching station while the new facilities are being constructed.

(b) Notwithstanding Section 39227 of the Education Code, the governing board of the Douglas City School District may use facilities

known as the former Douglas City Elementary School. During the period of use authorized by this section, the building and related facilities shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

The liability of the Douglas City School District and the members of its governing board for a dangerous condition in the former Douglas City Elementary School during the period of use authorized by this section shall be determined by Division 3.6 (commencing with Section 810) of Title 1 of the Government Code.

This section shall remain in effect only until June 30, 1988, and as of that date is repealed, unless a later enacted statute, which is chaptered before June 30, 1988, deletes or extends that date.

SEC. 4. Notwithstanding any law or regulation to the contrary, the Palo Verde Community College District may lease a portion of the Palo Verde Community College designated for a new child care development center, so long as the district can demonstrate it is paying the fair market rental rate for the rented property.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Lodi Unified School District receive immediate authorization to continue using residential facilities to house elementary school pupils, in order that the Douglas City School District house pupils while new facilities are being constructed, and in order that the Palo Verde Community College District may receive immediate authorization to lease a portion of the Palo Verde Community College designated for a new child care development center, it is necessary that this act take effect immediately.

#### CHAPTER 1258

The people of the State of California do enact as follows:

SECTION 1. Section 39619.3 of the Education Code is amended to read:

39619.3. Notwithstanding any limitations imposed as a result of actions taken by the State Allocation Board pursuant to Section 39363, a school district shall be eligible to receive an apportionment pursuant to subdivision (b) of Section 39619, if it meets all of the

following criteria:

- (a) There are excess revenues that resulted from the sale of surplus sites upon which there was no encumbrance to the board.
- (b) The Superintendent of Public Instruction has verified all of the following:
- (1) The district had a fiscal emergency in fiscal year 1984-85 or 1985-86 fiscal year.
- (2) The fiscal emergency was caused primarily by required expenditures.
- (3) The district has taken reasonable steps to address the fiscal emergency.
- SEC. 2. The State Allocation Board shall waive the deferred maintenance requirement of Section 39363 of the Education Code for the Berkeley Unified School District if the district sells surplus property as part of the district's plan to repay an emergency apportionment pursuant to Sections 39619.3 and 41320. This waiver provision shall remain in effect until July 1, 1989. The State Allocation Board shall not grant a waiver until the board receives a statement from the Superintendent of Public Instruction and the trustee appointed pursuant to Section 4 of this act, that the Berkeley Unified School District complied with Sections 39295 to 39299, inclusive, of the Education Code regarding the declaration and sale of surplus properties.
- SEC. 3. (a) The sum of three million dollars (\$3,000,000) is hereby appropriated from the General Fund to Section A of the State School Fund for emergency apportionment to the Berkeley Unified School District, pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of Part 24 of the Education Code, for its expenditure obligations for the 1985–86 fiscal year. These funds shall not be apportioned unless and until the Superintendent of Public Instruction approves the district's repayment plan.
- (b) Repayment of this apportionment pursuant to Section 41323 of the Education Code shall commence as soon as possible after the Superintendent of Public Instruction approves the repayment plan, but no later than July 1, 1987.
- SEC. 4. As a condition on the receipt by the Berkeley Unified School District of any emergency apportionment funds pursuant to Section 3, in addition to complying with Article 2 (commencing with Section 41320) of Chapter 3 of the Education Code, all of the following conditions shall apply:
- (a) The Superintendent of Public Instruction shall appoint a trustee having recognized expertise in education, management, and finance, and who shall be bonded. The costs of the trustee and of the bonding shall be borne by the district. The Superintendent of Public Instruction shall establish the terms and conditions of employment, and the remuneration of, the trustee, who shall serve at the pleasure of, and report directly to, the superintendent. The trustee shall be discharged at the time the total apportionment made under Section 3 of this act is repaid, including interest.

- (b) The trustee shall monitor and review the operation of the district. During the period of his or her service, the trustee may stay or rescind any action of the school district governing board that, in the judgment of the trustee, may affect the financial condition of the district. The trustee shall approve or reject all reports and other materials required from the district pursuant to Article 2 (commencing with Section 41320) of Chapter 3 of the Education Code. The Superintendent of Public Instruction, upon the recommendation of the trustee, may reduce any apportionment to the district in an amount of up to one thousand dollars (\$1,000) per day for each late or unacceptable report or other material required under Part 24 (commencing with Section 41000) of the Education Code, and shall report to the Legislature any failure of the district to comply with the requirements of this section.
- (c) For the 1986-87 fiscal year and each fiscal year thereafter, the Controller shall conduct an audit of the books and accounts of the district, as provided by Section 41020 of the Education Code. Any audit conducted under this subdivision for the preceding fiscal year shall be deemed by the Superintendent of Public Instruction to fulfill the requirement for an audit for that fiscal year described in Section 41020 of the Education Code. The costs of these services shall be borne by the district, in an amount not to exceed the salary expense of two temporary full-time employees assigned to this purpose. The Department of Finance shall approve the addition of two temporary full-time positions funded through reimbursement by the local school district for the purpose of completing these audits. These audits shall be required until the Controller determines, in consultation with the Superintendent of Public Instruction, that the district has not deviated from the financial plan approved under Section 41320 of the Education Code and that the district is financially solvent, but in no event earlier than one year following the implementation of the plan or later than the time the apportionment made under Section 3 is repaid, including interest.
- (d) The county superintendent of schools in which the district is situated shall provide any information and other assistance that the Superintendent of Public Instruction may require in this respect until the apportionment made under Section 3 is repaid, including interest.
- (e) The district shall develop and the State Superintendent of Public Instruction shall approve an educational plan, which includes, but is not necessarily limited to, details on how educational programs, personnel, facilities, and other programs will be affected by each fiscal plan.
- SEC. 5. Due to the unique circumstances concerning the Berkeley Unified School District, including the difficulties resulting from past fiscal management practices and the critical need to ensure the financial recovery of the district, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

- SEC. 6. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund.
- SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide the Berkeley Unified School District which is faced with a verified fiscal emergency with operating funds at the earliest possible date, thus avoiding potential school closures, it is necessary that this act take effect immediately.

#### CHAPTER 1259

An act to add Article 5 (commencing with Section 8281) to Chapter 7 of Division 4 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986 ]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 8281) is added to Chapter 7 of Division 4 of the Public Utilities Code, to read:

# Article 5. Women and Minority Business Enterprises

8281: (a) The Legislature hereby finds and declares that the essence of the American economic system of private enterprise is free competition. Only through full and free competition can free markets, reasonable and just prices, free entry into business, and opportunities for the expression and growth of personal initiative and individual judgment be assured. The preservation and expansion of that competition is basic to the economic well-being of this state and that well-being cannot be realized unless the actual and potential capacity of women and minority business enterprises is encouraged and developed. Therefore, it is the declared policy of the state to aid the interests of women and minority business enterprises in order to preserve reasonable and just prices and a free competitive enterprise; to ensure that a fair proportion of the total purchases and contracts or subcontracts for commodities, supplies, technology, property, and services for regulated utilities are awarded to women and minority business enterprises, and to maintain and strengthen

the overall economy of the state.

- (b) (1) The Legislature finds all of the following:
- (A) The opportunity for full participation in our free enterprise system by women and minority business enterprises is essential if this state is to attain social and economic equality for those businesses and improve the functioning of the state economy.
- (B) Public agencies which have established short- and long-range women and minority business enterprise goals are awarding 30 percent or more of their contracts to these business enterprises.
- (C) Women and minority business enterprises have traditionally received less than a proportionate share of regulated public utility procurement contracts.
- (D) It is in the state's interest to expeditiously improve the economically disadvantaged position of women and minority business enterprises.
- (E) The position of these businesses can be improved by providing long-range substantial goals for procurement by regulated public utilities of technology, equipment, supplies, services, materials, and construction work from women and minority businesses.
- (F) That procurement also benefits the public utilities and consumers of the state by encouraging the expansion of the number of suppliers for procurements, thereby encouraging competition among the suppliers and promoting economic efficiency in the process.
  - (2) It is the purpose of this article to do all of the following:
- (A) Encourage greater economic opportunity for women and minority business enterprises.
- (B) Promote competition among regulated public utility suppliers in order to enhance economic efficiency in the procurement of electric, gas, and telephone corporation contracts and contracts of their commission-regulated subsidiaries and affiliates.
- (C) Clarify and expand the program for the procurement by regulated public utilities of technology, equipment, supplies, services, materials, and construction work from women and minority business enterprises.
- 8282. For the purposes of this article, the following definitions apply:
- (a) "Women-owned business" means a business enterprise that is at least 51 percent owned by a woman or women; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and whose management and daily business operations are controlled by one or more of those individuals.
- (b) "Minority-owned business" means a business enterprise that is at least 51 percent owned by a minority group or groups; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more minority groups, and whose

management and daily business operations are controlled by one or more of those individuals. The contracting utility shall presume that minority includes Black Americans, Hispanic Americans, Native Americans, and Asian Pacific Americans.

- (c) "Control" means exercising the power to make policy decisions.
- (d) "Operate" means being actively involved in the day-to-day management and not merely officers or directors.
- 8283. (a) The commission shall require each electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars (\$25,000,000) and their commission-regulated subsidiaries and affiliates, to submit annually, a detailed and verifiable plan for increasing women and minority business enterprise procurement in all categories.
- (b) These annual plans shall include short- and long-term goals and timetables, but not quotas, and shall include methods for encouraging both prime contractors and grantees to engage women and minority business enterprises in subcontracts in all categories which provide subcontracting opportunities.
- (c) The commission shall establish guidelines for all electric, gas, and telephone corporations with gross annual revenues exceeding twenty-five million dollars (\$25,000,000) and their commission-regulated subsidiaries and affiliates, to be utilized in establishing programs pursuant to this article.
- (d) Every electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars (\$25,000,000) shall furnish an annual report to the commission regarding the implementation of programs established pursuant to this article in such form as the commission shall require, and at such time as the commission shall annually designate.
- (e) The commission shall provide an annual report to the Legislature beginning in January 1988, on the progress of activities undertaken by each electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars (\$25,000,000) pursuant to this article in the implementation of women and minority business enterprise development programs. The commission shall recommend a program for carrying out the policy declared in this article, together with such recommendations for legislation as it deems necessary or desirable to further that policy.
- 8284. (a) The commission shall develop and publish regulations setting forth criteria for verifying and determining the eligibility of women and minority business enterprises for procurement contracts.
- (b) The commission shall develop, and require every electric, gas, and telephone corporation with gross annual revenues exceeding twenty-five million dollars (\$25,000,000) and their commission-regulated subsidiaries and affiliates to implement, an outreach program to inform and recruit women and minority

business enterprises to apply for procurement contracts under this article.

- 8285. Any person or corporation, through its directors, officers, or agent, which falsely represents the business as a women or minority business enterprise in the procurement or attempt to procure contracts from electric, gas, and telephone corporations with gross annual revenues exceeding twenty-five million dollars (\$25,000,000) and their commission-regulated subsidiaries and affiliates pursuant to this article, shall be punished by a fine of not more than five thousand dollars (\$5,000), or by imprisonment in the county jail for not to exceed one year or in the state prison for not to exceed five years of its directors, officers, or agents responsible for the false statements, or both the fine and imprisonment.
- SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

## **CHAPTER 1260**

An act to add and repeal Section 25505.4 of, to add Section 25509.3 to, and to add Article 2 (commencing with Section 25531) to Chapter 6.95 of Division 20 of, the Health and Safety Code, relating to hazardous materials.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 25505.4 is added to the Health and Safety Code, to read:

- 25505.4. (a) Notwithstanding any other provision of this chapter, any administering agency which, on May 31, 1986, had in effect a local ordinance containing business inventory reporting requirements substantially similar to this chapter may extend the date for submission of a business plan by a handler pursuant to this chapter to a date not later than January 1, 1988.
- (b) Any administering agency which extends the date for submission of a business plan shall submit to the office a schedule for the submission of the business plan and a copy of the local ordinance.
- (c) This section shall remain in effect only until January 1, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1988, deletes or extends that date.
- SEC. 2. Section 25509.3 is added to the Health and Safety Code, to read:

- 25509.3. The annual inventory required by Section 25509 shall also include the total estimated amounts of each hazardous waste handled by the business throughout the course of the year.
- SEC. 3. Article 2 (commencing with Section 25531) is added to Chapter 6.95 of Division 20 of the Health and Safety Code, to read:

# Article 2. Hazardous Materials Management

25531. The Legislature finds and declares that a significant number of chemical manufacturing and processing facilities generate, store, treat, handle, refine, process, and transport hazardous materials. The Legislature further finds and declares that, because of the nature and volume of chemicals handled at these facilities, some of those operations may represent a threat to public health and safety if chemicals are accidentally released.

The Legislature recognizes that the potential for explosions, fires, or releases of toxic chemicals into the environment exists. The protection of the public from uncontrolled releases or explosions of hazardous materials is of statewide concern.

There is an increasing capacity to both minimize and respond to releases of toxic air contaminants and hazardous materials once they occur, and to formulate efficient plans to evacuate citizens if these discharges or releases cannot be contained. However, programs designed to prevent these accidents are the most effective way to protect the community health and safety and the environment. These programs should anticipate the circumtances that could result in their occurrence and require the taking of necessary precautionary and preemptive actions, consistent with the nature of the hazardous materials handled by the facility and the surrounding environment.

25532. Unless the context indicates otherwise, the following definitions govern the construction of this article:

- (a) "Acutely hazardous material" means any chemical on the list prepared by the Environmental Protection Agency and classified as an acutely toxic material according to the criteria set forth in the Chemical Emergency Preparedness Program Interim Guidance document on November 1, 1985, and any supplemental amendments to the document.
- (b) "Acutely hazardous materials accident risk" means a potential for the release of an acutely hazardous material into the environment which could produce a significant likelihood that persons exposed may suffer acute health effects resulting in significant injury or death.
- (c) "Administering agency" means the department, office, or other agency of a county or city which is designated pursuant to Section 25502 to implement this chapter.
- (d) "Handler" means any business which handles an acutely hazardous material, except where all of the acutely hazardous materials present at the business are handled in accordance with a

- removal or remedial action taken pursuant to the Carpenter-Presley-Tanner Hazardous Substance Account Act (Chapter 6.8 (commencing with Section 25300)).
- (e) "Modified facility" means an addition or change to a facility or business which results in either a substantial increase in the amount of acutely hazardous materials handled by the facility or business, or a significantly increased risk in handling an acutely hazardous material, as determined by the administering agency. "Modified facility" does not include an increase in production up to the facility's existing operating capacity or an increase in production levels up to the production levels authorized in a permit granted pursuant to Section 42300.
- (f) "Registered Professional" means a professional engineer, registered pursuant to the Professional Engineers Act (Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code), or other professional specialist who is qualified to perform and implement the RMPP for acutely hazardous materials.
- (g) "Risk management and prevention program" or "RMPP" means all of the administrative and operational programs which are designed to prevent acutely hazardous materials accident risks, including, but not limited to, programs which include design safety of new and existing equipment, standard operating procedures, preventive maintenance programs, operator training and accident investigation procedures, risk assessment for unit operations, or operating alternatives, emergency response planning, and internal or external audit procedures to ensure that these programs are being executed as planned.
- 25533. (a) On or before July 1, 1987, the Office of Emergency Services shall develop an acutely hazardous materials registration form to be completed by the owner or operator of each business in the state which, at any time, handles any acutely hazardous material. Except as provided in Section 25536, on or before September 1, 1987, any business which handles acutely hazardous materials in the amounts specified in subdivision (a) of Section 25536 shall file the registration form with the administering agency.
- (b) The acutely hazardous materials registration form shall include, but is not limited to, all of the following information:
- (1) The information included in the business plan prepared pursuant to Section 25504.
- (2) A general description of the processes and principal equipment involved in the handling of the acutely hazardous materials.
- (c) Within 30 days of any one of the following events, any business subject to this section shall submit to the administering agency an amendment to the registration form:
- (1) Any handling of an acutely hazardous material which was not mentioned on the registration form.
- (2) Any material or substantial alterations or additions to the business or activity which require changes in the risk management

program that are different from, or absent in, the present program.

- (3) Change of business address.
- (4) Change of business ownership.
- (5) Change of business name.
- (d) Any business which submits a certified risk management and prevention program pursuant to subdivision (h) of Section 25534 shall implement the approved risk management and prevention program.
- 25534. (a) Within 90 days after receiving an acutely hazardous material registration form filed pursuant to Section 25533, the administering agency may require the submission of an RMPP if the administering agency determines that the handler's operation may present an acutely hazardous materials accident risk. The handler shall prepare the RMPP in accordance with subdivision (c). The RMPP shall be prepared within 12 months following the request made by the administering agency pursuant to this section.
- (b) In addition to any requirements imposed pursuant to subdivision (a), an owner or operator of a new or modified facility which will be used for the handling of acutely hazardous materials and which will commence operations on or after January 1, 1988, in the case of a new facility or commence the operations which will be modified on or after January 1, 1988, in the case of an existing facility, shall prepare a risk management and prevention program. The RMPP shall be approved by the administering agency pursuant to subdivision (e) of Section 25535.
  - (c) The RMPP shall include all of the following elements:
- (1) A description of each accident involving acutely hazardous materials which has occurred at the business or facility within three years from the date of the request made pursuant to subdivision (a), together with a description of the underlying causes of the accident and the measures taken, if any, to avoid a recurrence of a similar accident.
- (2) A report specifying the nature, age, and condition of the equipment used to handle acutely hazardous materials at the business or facility and any schedules for testing and maintenance. hazardous materials accident risk.
- (3) Design, operating, and maintenance controls which minimize the risk of an accident involving acutely hazardous materials.
- (4) Detection, monitoring, or automatic control systems to minimize potential acutely hazardous materials accident risks.
- (5) A schedule for implementing additional steps to be taken by the business, in response to the findings of the assessment performed pursuant to subdivision (d), to reduce the risk of an accident involving acutely hazardous materials. These actions may include any of the following:
- (A) Installation of alarm, detection, monitoring, or automatic control devices.
  - (B) Equipment modifications, repairs, or additions.
  - (C) Changes in the operations, procedures, maintenance

schedules, or facility design.

- (6) Auditing and inspection programs designed to allow the handler to confirm that the risk management and prevention program is effectively carried out.
- (7) Recordkeeping procedures for the risk management and prevention program.
- (d) The RMPP shall be based upon an assessment of the processes, operations, and procedures of the business, and shall consider all of the following:
- (1) An offsite consequence analysis which, at a minimum, assumes a complete release of all acutely hazardous materials, pessimistic air dispersion parameters, and other adverse environmental conditions, to determine any potential acutely hazardous materials accident risk.
- (2) The results of a probabilistic risk assessment, which quantifies the likelihood and consequences of an event involving a release of the acutely hazardous materials, and the uncertainties of the computed values of the event's likelihood and consequences, for any acutely hazardous material which has been determined, pursuant to the offsite consequence analysis, to present a possible acutely hazardous materials accident risk.
- (e) The business shall submit to the administering agency any additional supporting technical information deemed necessary by the administering agency to clarify information submitted pursuant to subdivision (c).
- (f) A handler shall maintain all records concerning a risk management and prevention program for a period of at least five years.
- (g) The risk management and prevention program shall identify, by title, all personnel at the business who are responsible for carrying out the specific elements of the RMPP, and their respective responsibilities, and the RMPP shall include a detailed training program to ensure that those persons are able to implement the RMPP.
- (h) The handler shall review the risk management and prevention program, and shall make necessary revisions to the RMPP at least every three years, but, in any event, within 60 days following a modification which would materially affect the handling of an acutely hazardous material.
- (i) Any person who handles acutely hazardous materials and who owns or operates two or more business facilities which are substantially identical may prepare a single generic risk management and prevention program applicable to all those facilities if the handling of the acutely hazardous materials is substantially similar at all of those facilities.
- (j) The risk management and prevention program, and any revisions required by subdivision (h), shall be certified as complete by a registered professional and the facility operator.
- (k) Except as specified in subdivision (e) of Section 25535, the handler shall implement all activities and programs specified in the

risk management and prevention program within one year following the certification made pursuant to subdivision (j). Implementation of the risk management and prevention program shall include carrying out all operating, maintenance, monitoring, inventory control, equipment inspection, auditing, recordkeeping, and training programs as required by the RMPP. The administering agency may grant an extension of this deadline upon a showing of good cause.

- 25535. (a) Except as specified in subdivision (e), upon certification of a risk management and prevention program pursuant to subdivision (j) of Section 25534, the handler shall notify the administering agency in writing that the RMPP has been prepared and certified.
- (b) Upon implementation of a risk management and prevention program pursuant to subdivision (k) of Section 25534, the handler shall notify the administering agency that the RMPP has been implemented and shall summarize the steps taken in preparation and implementation of the RMPP.
- (c) The handler shall continue to carry out the program and activities specified in the risk management and prevention program at the business after the administering agency has been notified pursuant to subdivision (b). A copy of the plan shall be made available by the handler to the administering agency upon its written request.
- (d) A representative of the administering agency may enter the facility of a handler which has submitted an RMPP to review the risk management and prevention programs for adequacy and to verify that all elements of the RMPP have been implemented.
- (e) An owner or operator of a new or modified facility submitting an RMPP pursuant to subdivision (b) of Section 25534 shall submit the RMPP to the administering agency after the RMPP is certified as complete by a registered professional and the facility operator. The administering agency shall approve, disapprove, or suggest modifications to the RMPP within 90 days after the owner or operator submits the RMPP. The administering agency may authorize the air pollution control district or air quality management district in which the facility is located to conduct a technical review of the RMPP. The owner or operator shall implement all programs and activities in the RMPP before operations commence, in the case of a new facility, or before any new activities involving acutely hazardous materials are taken, in the case of a modified facility.
- 25536. (a) Any business, except as provided in subdivisions (b) and (c), which handles an acutely hazardous material or a mixture containing an acutely hazardous material which has a quantity at any one time equal to, or greater than, a total weight of 500 pounds, or a total volume of 55 gallons, or 200 cubic feet at standard temperature and pressure for compressed gas, shall submit a registration form pursuant to Section 25533.
  - (b) The administering agency, upon application by an owner or

- operator of a business, may exempt any business from any requirement of this article, upon a written finding that the exemption would not present an acutely hazardous materials accident risk. The administering agency shall specify in writing the basis for any exemption issued pursuant to this subdivision.
- (c) Before placing additional requirements upon a business, the administering agency shall determine that the existing law or regulatory programs fail to substantially address and mitigate the purposes of this article.
- (d) If the administering agency finds, and provides notice to, a business handling an acutely hazardous material in quantities less than those specified in subdivision (a), that the quantity limits specified in subdivision (a) should be decreased for that specific acutely hazardous material because of public health, safety, or environmental concerns, the administering agency may require the business to submit a registration form pursuant to Section 25533.
- 25537. The administering agency shall inspect every business required to be registered pursuant to Section 25534 at least once every three years to determine whether the business is in compliance with this article.
- 25538. (a) If a business believes that any information required to be reported by this article, involves the release of a trade secret, the business shall provide the information to the administering agency and shall notify the administering agency in writing of that belief. As used in this section, "trade secret" has the same meaning as found in subdivision (d) of Section 6254.7 of the Government Code and Section 1060 of the Evidence Code.
- (b) Except as otherwise specified in this section, the administering agency shall not disclose any trade secret which is so designated by the owner or operator of a business.
- (c) The administering agency may disclose trade secrets received by the administering agency pursuant to this article to authorized officers or employees of other governmental agencies only in connection with the official duties of that officer or employee pursuant to any law for the protection of health and safety.
- (d) Any officer or employee or former officer or employee of the administering agency or any other government agency who, because of that employment or official position, has possession of, or has access to, information designated as a trade secret pursuant to this section, shall not knowingly and willfully disclose the information in any manner to any person not authorized to receive the information pursuant to this section. Notwithstanding Section 25515, any person who violates this subdivision, and who knows that disclosure of this information to the general public is prohibited by the section, shall, upon conviction, be punished by imprisonment in the county jail for not more than six months or by a fine of not more than one thousand dollars (\$1,000), or by both fine and imprisonment.
- (e) Any information prohibited from disclosure pursuant to any federal statute or regulation shall not be disclosed.

- (f) This section does not authorize any business to refuse to disclose to the administering agency any information required pursuant to this chapter.
- 25539. The administering agency shall, in implementing this article, involve and cooperate with any local and state government officials, emergency planning councils, and professional associations concerning any actions regulating a local business.
- 25540. (a) Any business that violates this article shall be civilly liable to the administering agency in an amount of not more than two thousand dollars (\$2,000) for each day in which the violation occurs. If the violation results in, or significantly contributes to, an emergency, including a fire, the business shall also be assessed the full cost of the county or city emergency response, as well as the cost of cleaning up and disposing of the hazardous materials.
- (b) Any business that knowingly violates this article after reasonable notice of the violation shall be civilly liable to the administering agency in an amount not to exceed five thousand dollars (\$5,000) for each day in which the violation occurs.
- 25541. Any person or business who knowingly makes any false statement or representation in any record, report, or other document filed, maintained, or used for the purpose of compliance with this article, or destroys, alters, or conceals any such record, report, or other document filed, maintained, or used for the purpose of compliance with this article, shall, upon conviction, be punished by a fine of not more than twenty-five thousand dollars (\$25,000) for each day of violation, or by imprisonment in the county jail for not more than one year, or by both the fine and the imprisonment.

If the conviction is for a violation committed after a first conviction under this section, the person shall be punished by a fine of not less than two thousand dollars (\$2,000) or more than fifty thousand dollars (\$50,000) per day of violation, or by imprisonment in the state prison for 16, 20, or 24 months or in the county jail for not more than one year, or both the fine and imprisonment.

Furthermore, if the violation results in, or significantly contributes to, an emergency, including a fire, to which the county or city is required to respond, the person shall also be assessed the full cost of the county or city emergency response, as well as the cost of cleaning up and disposing of the acutely hazardous materials.

SEC. 3. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund, except that no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for those costs which may be incurred by a local agency or school district because this act creates a new crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

#### CHAPTER 1261

An act relating to historic monuments, and making an appropriation therefor.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Statue of Liberty has greeted generations of immigrants to the United States from its island pedestal in New York Harbor and has instilled in them a feeling of new hope as they begin their lives in America.

The Legislature finds and declares that many of these immigrants have settled in California and become civic leaders, businessmen, and other productive citizens who have helped to make California the great state it is today and who will continue to shape its destiny.

The Legislature further finds and declares that the Statue of Liberty is a national monument in which all Americans should take great pride and feel a responsibility for maintaining.

The Legislature also finds and declares that the Statue of Liberty is currently being restored to its original beauty so that it may continue to shine as a symbol of freedom for many future generations.

Finally, the Legislature finds and declares that it is fitting and a valid public purpose for the State of California to participate in this restoration, which preserves a valuable portion of the national heritage of the citizens of this state.

SEC. 2. The sum of fifty thousand dollars (\$50,000) is hereby appropriated from the General Fund to the Controller, to be allocated to the Statue of Liberty-Ellis Island Foundation, Inc., for the purpose of paying a portion of the expenses necessary to complete the restoration of the Statue of Liberty.

#### CHAPTER 1262

An act to amend Sections 22651 and 22658 of, and to add Section 22658.2 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 22651 of the Vehicle Code is amended to read:

22651. Any peace officer, as defined in Chapter 4.5 (commencing

with Section 830) of Title 3 of Part 2 of the Penal Code; or any regularly employed and salaried employee, who is engaged in directing traffic or enforcing parking laws and regulations, of a city or a county in which a vehicle is located may remove a vehicle from a highway located within the territorial limits in which the officer or employee may act under any of the following circumstances:

- (a) When any vehicle is left unattended upon any bridge, viaduct, or causeway or in any tube or tunnel where the vehicle constitutes an obstruction to traffic.
- (b) When any vehicle is parked or left standing upon a highway in a position so as to obstruct the normal movement of traffic or in a condition so as to create a hazard to other traffic upon the highway.
- (c) When any vehicle is found upon a highway and a report has previously been made that the vehicle has been stolen or a complaint has been filed and a warrant thereon issued charging that the vehicle has been embezzled.
- (d) When any vehicle is illegally parked so as to block the entrance to a private driveway and it is impractical to move the vehicle from in front of the driveway to another point on the highway.
- (e) When any vehicle is illegally parked so as to prevent access by firefighting equipment to a fire hydrant and it is impracticable to move the vehicle from in front of the fire hydrant to another point on the highway.
- (f) When any vehicle, except any highway maintenance or construction equipment, is stopped, parked, or left standing for more than four hours upon the right-of-way of any freeway which has full control of access and no crossings at grade and the driver, if present, cannot move the vehicle under its own power.
- (g) When the person or persons in charge of a vehicle upon a highway are by reason of physical injuries or illness incapacitated to an extent so as to be unable to provide for its custody or removal.
- (h) When an officer arrests any person driving or in control of a vehicle for an alleged offense and the officer is, by this code or other law, required or permitted to take, and does take, the person arrested before a magistrate without unnecessary delay.
- (i) When any vehicle registered in a foreign jurisdiction or without a current California registration is found upon a highway and it is known to have been issued five or more notices of parking violation over a period of five or more days, to which the owner or person in control of the vehicle has not responded, the vehicle may be impounded until that person furnishes to the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located and satisfactory evidence that bail has been deposited for all notices of parking violation issued to the vehicle shall be accompanied by a warning that repeated violations may result in the impounding of the vehicle. In lieu of requiring satisfactory evidence that the bail has been deposited, the

impounding law enforcement agency may, in its discretion, issue a notice to appear for the offenses charged, as provided in Article 2 (commencing with Section 40500) of Chapter 2 of Division 17. In lieu of either furnishing satisfactory evidence that the bail has been deposited or accepting the notice to appear, that person may demand to be taken without unnecessary delay before a magistrate within the county in which the offenses charged are alleged to have been committed and who has jurisdiction of the offenses and is nearest or most accessible with reference to the place where the vehicle is impounded. Evidence of current registration shall be produced after a vehicle has been impounded or a notice to appear for violation of subdivision (a) of Section 4000 shall be issued to that person.

- (j) When any vehicle is found illegally parked and there are no license plates or other evidence of registration displayed, the vehicle may be impounded until the owner or person in control of the vehicle furnishes the impounding law enforcement agency evidence of his or her identity and an address within this state at which he or she can be located.
- (k) When any vehicle is parked or left standing upon a highway for 72 or more consecutive hours in violation of a local ordinance authorizing removal.
- (1) When any vehicle is illegally parked on a highway in violation of any local ordinance forbidding standing or parking and the use of a highway or a portion thereof is necessary for the cleaning, repair, or construction of the highway, or for the installation of underground utilities, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.
- (m) Wherever the use of the highway, or any portion thereof, is authorized by local authorities for a purpose other than the normal flow of traffic or for the movement of equipment, articles, or structures of unusual size, and the parking of any vehicle would prohibit or interfere with that use or movement, and signs giving notice that the vehicle may be removed are erected or placed at least 24 hours prior to the removal by local authorities pursuant to the ordinance.
- (n) Whenever any vehicle is parked or left standing where local authorities, by resolution or ordinance, have prohibited parking and have authorized the removal of vehicles. No vehicle may be removed unless signs are posted giving notice of the removal.
- (o) When any vehicle is found upon a highway with a registration expiration date in excess of one year before the date it is found on the highway. However, if the vehicle is occupied, only a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, may remove the vehicle. For purposes of this subdivision, the vehicle shall be released to the owner or person in control of the vehicle only after the owner or person furnishes the storing law enforcement agency with proof of

current registration. In lieu of obtaining proof of current registration, the storing agency may, in its discretion, issue a notice to appear for the registration violation.

- (p) When the peace officer issues the driver of a vehicle a notice to appear for a violation of Section 12500, 14601, 14601.1, or 14601.2 and there is no passenger in the vehicle who has a valid driver's license and authorization to operate the vehicle. Any vehicle so removed from the highway shall not be released to the registered owner or his or her agent except upon presentation of the registered owner's or his or her agent's currently valid driver's license to operate the vehicle or upon order of a court.
- (q) Whenever any vehicle is parked for more than 24 hours on a portion of highway which is located within the boundaries of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, and signs, as required by Section 22658.2, have been posted on that portion of highway providing notice to drivers that vehicles parked thereon for more than 24 hours will be removed at the owner's expense, pursuant to a resolution or ordinance adopted by the local authority.
- SEC. 2. Section 22658 of the Vehicle Code is amended to read: 22658. (a) Except as provided in Section 22658.2, the owner or person in lawful possession of any private property may, subsequent to notifying, by telephone or, if impractical, by the most expeditious means available, the city police or county sheriff, whichever is appropriate, cause the removal of a vehicle parked on the property to the nearest public garage, if (1) there is displayed, in plain view at all entrances to the property, a sign not less than 17 by 22 inches in size, with lettering not less than one inch in height, prohibiting public parking and indicating that vehicles will be removed at the owner's expense, and containing the telephone number of the local traffic law enforcement agency, and the sign may also indicate that a citation may also be issued for the violation, or (2) the lot or parcel upon which the vehicle is parked is improved with a single-family dwelling.
- (b) The person causing removal of the vehicle shall, if the person knows or is able to ascertain from the registration records of the Department of Motor Vehicles the name and address of the registered and legal owner thereof, immediately give, or cause to be given, notice in writing to the registered and legal owner of the fact of the removal, the grounds for the removal, and indicate the place to which the vehicle has been removed. If the vehicle is stored in a public garage, a copy of the notice shall be given to the proprietor of the garage. The notice provided for in this section shall include the amount of mileage on the vehicle at the time of removal. If the person does not know and is not able to ascertain the name of the owner or for any other reason is unable to give the notice to the owner as provided in this section, the person causing removal of the vehicle shall comply with the requirements of subdivision (c) of Section 22853 relating to notice in the same manner as applicable to

an officer removing a vehicle from private property.

- (c) This section does not limit or affect any right or remedy which the owner or person in lawful possession of private property may have by virtue of other provisions of law authorizing the removal of a vehicle parked upon private property.
- (d) The owner of a vehicle removed from private property pursuant to subdivision (a) may recover for any damage to the vehicle resulting from any intentional or negligent act of any person causing the removal of, or removing, the vehicle.
- (e) Any owner or person in lawful possession of any private property causing the removal of a vehicle parked on that property is liable for double the storage or towing charges whenever there has been a failure to post a sign as required by subdivision (a) or to state the grounds for the removal of the vehicle if requested by the legal or registered owner of the vehicle as required by subdivision (f).
- (f) Any owner or person in lawful possession of any private property, or an "association" pursuant to Section 22658.2, causing the removal of a vehicle parked on that property shall state the grounds for the removal of the vehicle if requested by the legal or registered owner of that vehicle. Any towing company that removes a vehicle from private property with the authorization of the property owner or the property owner's agent shall not be held responsible in any situation relating to the validity of the removal. Any towing company that removes the vehicle under this section shall be responsible for (1) any damage to the vehicle in the transit and subsequent storage of the vehicle pursuant to subdivision (d) and, (2) the removal of a vehicle other than the vehicle specified by the owner or other person in lawful possession of the private property.
- (g) Possession of any vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.
- (h) A towing company may impose a charge of not more than twenty dollars (\$20) for the towing of a vehicle at the request of the owner of private property or that owner's agent pursuant to this section if the owner of the vehicle or the owner's agent returns to the vehicle before it is removed from the private property.
- (i) A charge for towing or storage, or both, of a vehicle under this section is excessive if the charge is greater than the charge which would have been made for towing or storage, or both, made at the request of a law enforcement agency under an agreement between the law enforcement agency and a towing company.
- (j) Any person who charges a vehicle owner a towing or service charge at an excessive rate, as described in subdivision (i), is liable to the vehicle owner for four times the amount charged.
- (k) Persons operating or in charge of any storage facility where vehicles are stored pursuant to this section shall accept a valid bank credit card or cash for payment of towing and storage by a registered owner or the owner's agent claiming the vehicle. In addition, persons operating or in charge of the storage facility shall have sufficient

moneys on the premises to accommodate, and make change in, a reasonable monetary transaction.

- SEC. 3. Section 22658.2 is added to the Vehicle Code, to read: 22658.2. (a) Except as provided in subdivision (b), an "association", as defined in subdivision (a) of Section 1351 of the Civil Code, of a common interest development, as defined in subdivision (c) of Section 1351 of the Civil Code, may cause the removal of a vehicle parked on that property to the nearest public garage if all of the following requirements are satisfied:
- (1) A sign not less than 17 by 22 inches in size with lettering not less than one inch in height appears at each entrance to the common interest development and contains both of the following:
- (A) A statement that public parking is prohibited and all vehicles not authorized to park on the common interest development will be removed at the owner's expense.
- (B) The telephone number of the local traffic law enforcement agency.

The sign may also indicate that a citation may be issued for the violation.

- (2) If the identity of the registered owner of the vehicle is known or readily ascertainable, the president of the association or his or her designee shall, within a reasonable time, notify the owner of the removal by first-class mail. If the identity of the owner of the vehicle is not known or ascertainable, the president of the association or his or her designee shall comply with subdivision (c) of Section 22853.
- (3) The president of the association or his or her designee, gives or causes to be given, notice of the removal to the local traffic law enforcement agency immediately after the vehicle has been removed. The notice shall include a description of the vehicle, the license plate number, and the address from where the vehicle was removed.
- (b) The association may cause the removal without notice of any vehicle parked in a marked fire lane, within 15 feet of a fire hydrant, in a parking space designated for handicapped without proper authority, or in a manner which interferes with any entrance to, or exit from, the common interest development or any separate interest contained therein.
- (c) Notwithstanding Section 1708 of the Civil Code, the association shall not be liable for any damages incurred by the vehicle owner because of the removal of a vehicle in compliance with this section or for any damage to the vehicle caused by the removal. However, the owner of a vehicle removed pursuant to this section may recover for any damage to the vehicle which results from any intentional or negligent act of the association or any person causing the removal of, or removing, the vehicle.
- (d) Notwithstanding any other provision of law, subdivisions (f) to (k), inclusive, of Section 22658 apply to the removal of vehicles pursuant to this section.
  - SEC. 4. No reimbursement is required by this act pursuant to

Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

#### CHAPTER 1263

An act to add Sections 639.5 and 640.1 to the Code of Civil Procedure, and to amend Section 11475.1 of the Welfare and Institutions Code, relating to civil actions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 639.5 is added to the Code of Civil Procedure, to read:

639.5. Notwithstanding any other provision of law, when hearing child support matters, a commissioner or referee may enter default orders if the defendant does not respond to notice or other process within the time prescribed to respond to that notice.

SEC. 2. Section 640.1 is added to the Code of Civil Procedure, to read:

640.1. (a) To the extent required by federal law, all applications filed by the district attorney for an order to establish or enforce child support, except paternity cases or those cases involving complex issues, as defined in subdivision (a) of Section 11475.1 of the Welfare and Institutions Code, shall be referred for hearing to a commissioner or a referee, unless the district attorney of that particular county has applied for, and received, an exemption from this requirement from the State Department of Social Services.

Paternity cases and cases involving complex issues, as defined in subdivision (a) of Section 11475.1 of the Welfare and Institutions Code, may be referred to and heard by a commissioner or a referee, if deemed appropriate by the commissioner or referee. If the case is heard by a commissioner or referee, the time limits specified in subdivision (a) of Section 11475.1 of the Welfare and Institutions Code do not apply.

All applications to be heard by a commissioner or referee shall be made returnable on an order to show cause within 30 days after service thereof or heard on a noticed motion within 30 days after service of notice. The matter shall not be heard earlier than 10 days after service of the order to show cause or notice of motion and supporting papers. The hearing shall not be continued to a date more than 10 days after the date originally set for hearing.

Nothing in this section prohibits persons other than the district attorney from bringing an action under this section, if permitted by that particular county. However, actions brought by the district attorney shall have priority over actions brought by other persons.

- (b) At the hearing, the commissioner or referee shall, where appropriate, do all of the following:
  - (1) Take testimony.
- (2) Establish a record, evaluate evidence, and make recommendations or decisions.
- (3) Accept voluntary acknowledgments of support liability and parentage and stipulated agreements respecting the amount of child support to be paid.
- (4) Enter default orders where authorized pursuant to Section 639.5.
- (c) Except where a default or stipulated order has been entered by a commissioner or a referee, a recommended order shall be filed by the commissioner or referee within seven court days after the hearing concludes. The clerk shall mail an endorsed copy first class. postage prepaid, to all parties by the close of the business day on which the order is filed, together with a notice of a review hearing before a judge of the superior court, stating the date any party may appear and object to the recommended order. As an alternative to mailing the copy of the order and the notice to the parties, the clerk may personally serve the copy of the order and the notice at the time of the hearing. The clerk shall also provide a written notice of that hearing to all persons appearing at the hearing before the commissioner or referee. The hearing in superior court shall take place no less than 15 days nor later than 20 days following the mailing of the recommended order to all parties. The hearing before the superior court shall not be continued to a date more than 10 days after the date originally set for hearing. Section 1013 does not apply to these time limits.
- (d) Except as provided in subdivision (e), on the appointed hearing date, the superior court shall independently review the record of the original hearing, any supplemental papers filed, hear any oral objections and responses thereto, and either adopt the recommended order or modify it on such terms as the interests of justice require.
- (e) Notwithstanding subdivision (d), on its own motion, the superior court may rehear the matter. Any rehearing determined necessary by the court shall be heard within 10 days of the date of the hearing required by subdivision (d). At the conclusion of the hearing, the superior court shall either adopt the recommended order or modify it on such terms as the interests of justice require.
- (f) If no objection to the recommended order is presented to the court on the date specified in subdivision (c), the court shall adopt the recommended order, unless it modifies it on its own motion, consistent with the interests of justice, as described in subdivision (e).

SEC. 3. Section 11475.1 of the Welfare and Institutions Code is amended to read:

(a) Each county shall maintain a single organizational 11475.1. unit located in the office of the district attorney which shall have the responsibility for promptly and effectively enforcing child and spousal support obligations and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to enforce this obligation when the child is receiving public assistance, and when requested to do so by the individual on whose behalf the enforcement efforts will be made when the child is not receiving public assistance. To the extent required by federal law, actions brought by the district attorney to establish or enforce support obligations in all cases, other than paternity cases or those cases involving complex issues, shall be completed within the following time limits: (1) 90 percent of the actions shall be completed within three months from the date of service; (2) 98 percent of the actions shall be completed within six months from the date of service; and (3) 100 percent of the actions shall be completed within 12 months from the date of service. As used in this section, "service" means the service of process required by law for the particular proceeding. The district attorney's responsibility shall apply to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority. The county shall undertake an outreach program to inform the public that this service is available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that child and spousal support enforcement services are provided to all individuals whether or not they are recipients of public social services.

In any action for child support brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Law Act (Part 5 (commencing with Section 4000) of Division 4 of the Civil Code).

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under

subdivision (a) of Section 7004 of the Civil Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section shall prohibit the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

As used in this subdivision, "complex issues" means issues arising in the following types of cases: (1) any case which could directly result in a person's incarceration; (2) any case involving the right to jury trial; and (3) any case so deemed by a commissioner, a referee, or a superior court judge.

- (b) As used in this article, "enforcing obligations" includes, but is not limited to, (1) the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations and (2) the obtaining by the district attorney of an initial order for child support, by civil or criminal process, without regard to whether the child is receiving public assistance.
- (c) As used in this section, "out-of-wedlock" means that the biological parents of the child were not married to each other at the time of the child's conception.
- (d) The district attorney is the public agency responsible for administering wage withholding for the purposes of Title IV-D of the Social Security Act.
- SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the Legislature finds and declares that there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to conform California's child support enforcement program to recently enacted federal regulations in a timely manner, to ensure that those in need of child support services receive the benefit of expedited processing, and to increase support collections through the reduction of the backlog of cases, it is necessary that this act go into effect immediately.

## CHAPTER 1264

An act to amend Sections 437.07 and 1266 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 437.07 of the Health and Safety Code is amended to read:

- 437.07. (a) In order to effectively implement the provisions of this part, the Legislature finds that it is indispensable that providers of health care be free to engage in voluntary, cooperative efforts with consumers, government, or other providers of health care to fulfill the purposes of the health planning laws.
- (b) Approved plans and projects undertaken in compliance with those plans, as provided in Sections 437.20, 437.21, 437.22, and 437.23, are exempt from the provisions of Chapter 1 (commencing with Section 16600), Chapter 2 (commencing with Section 16700), Chapter 3 (commencing with Section 16900), and Chapter 4 (commencing with Section 17000) of Part 2 of Division 7 of the Business and Professions Code.
- (c) In the case of a project which, on or before January 1, 1987, is included in the Tulare County countywide long-range capital investment plan, which is contained in the "April 1983 Multi-Hospital Capital & Investment Plan," as amended by the April 1986 update, the exemptions set forth in subdivision (b) shall apply even though the project is not undertaken until after January 1, 1987.
- SEC. 2. Section 1266 of the Health and Safety Code is amended to read:
- 1266. (a) Each new and renewal application for a license for the health facilities listed below shall be accompanied by an annual fee as set forth below.

The annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, psychiatric health facility, and chemical dependency recovery hospital, based on the number of licensed beds, is as follows:

1–49 beds	\$460 plus \$8 per bed
50–99 beds	\$850 plus \$8 per bed
100 or more beds	\$1,175 plus \$8 per bed

The annual fee for a skilled nursing facility, intermediate care facility, and intermediate care facility/developmentally disabled, based on the number of licensed beds, is as follows:

1–59 beds	\$2,068 plus \$26 per bed
60–99 beds	\$2,543 plus \$26 per bed
100 or more beds	\$3,183 plus \$26 per bed

The fees provided in this subdivision shall be adjusted, commencing July 1, 1983, as proposed in the state department's 1983–84 fiscal year Health Facility License Fee Report to the Legislature. Commencing July 1, 1984, fees provided in this subdivision shall be adjusted annually, as directed by the Legislature in the annual Budget Act.

(b) The state department shall submit to the Legislature, on or before January 17 of each year, a report describing program costs within the Licensing and Certification Division, and a methodology for calculating fee levels in an amount sufficient to provide revenues equal to (1) the General Fund expenditures for the fiscal year ending on June 30 of that year, as specified in the proposed Governor's Annual Budget, less license fees which shall be collected in that fiscal year by the Licensing and Certification Program pursuant to sections other than this section, plus (2) the amount of federal funds budgeted for the fiscal year ending June 30 of that year for the Licensing and Certification Program, less federal funds received or credited, or anticipated to be received or credited, during that fiscal year for that purpose. The methodology for calculating the fee levels shall include an adjustment which takes into consideration the actual amount of license fee revenue collected in the prior fiscal year pursuant to this section, as compared to the amount of license fee revenue estimated to be collected pursuant to this section for that prior fiscal year.

The report shall specifically identify federal funds received, but not previously budgeted, for the Licensing and Certification Program which are used to offset the amount of General Fund dollars to be recovered through license fees. The report shall also identify the purpose of federal funds received for any additional activities under the Licensing and Certification Program which are not used to offset the amount of General Fund dollars.

(c) The annual fees determined pursuant to this section shall be waived for any health facility conducted, maintained, or operated by this state or any state department, authority, bureau, commission, or officer, or by the Regents of the University of California, or by a local

hospital district, city, county, or city and county.

- (d) The department shall, by July 30 of each year, publish a list of actual numerical fee charges as adjusted pursuant to this section. This adjustment of fees and the publication of the fee list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.
- (e) Prior to the establishment of the annual fee, the state department shall prepare a staffing and systems analysis to ensure efficient and effective utilization of fees collected, proper allocation of departmental resources to licensing and certification activities, survey schedules, complaint investigations, enforcement and appeal activities, data collection and dissemination, surveyor training, and policy development.

The analysis under this subdivision shall include all of the following:

  - (6) Training courses provided for surveyors.
- (7) Other applicable activities of the licensing and certification division.

The analysis shall also include recommendations for administrative changes to streamline and prioritize the survey process, complaint investigations, management information systems, word processing capabilities and effectiveness, consumer information system, and surveyor training.

The annual staffing and systems analysis shall be presented to the Health Care Advisory Committee and the Legislature prior to the establishment and adoption of the annual fee.

- 8505.17. (a) There is hereby created in the State Treasury a special fund to be known as the Structural Pest Control Education and Enforcement Fund. Funds derived from the pesticide use report filing fee provided for in Section 8674 and all proceeds from civil penalties collected by the board pursuant to Section 8617 shall be deposited in the Education and Enforcement Account which is hereby created in the fund. The account shall be used by the board (1) for the purposes of training as provided in Section 8616, (2) for reimbursement to the Director of Food and Agriculture for work performed as the agent of the board pursuant to Sections 8616, 8616.4, and 8617 of this code and Section 15202 of the Food and Agricultural Code and for cases referred to the board pursuant to subdivision (b) of Section 8616.5, and (3) for reasonable expenses incurred by the Disciplinary Review Committee. The report shall be submitted to the commissioner by the 10th day of the month following the month of application. Each pesticide use report or combination of use reports representing a registered structural pest control company's total county pesticide use for the month shall have affixed thereto a pesticide use stamp issued by the board in the denomination fixed by the board in accordance with Section 8674 as the pesticide use report filing fee. The board shall provide for the sale of these stamps and for the refund of moneys paid for stamps which are returned to it unused. When a structural pest control operator performs no pest control during a month in a county in which he or she has given notice pursuant to Section 15204 of the Food and Agricultural Code, the operator shall submit a use report stating this fact to the commissioner. No pesticide use stamp is required on negative use reports.
- (d) All other proceeds from civil penalties collected by the board shall be deposited in the Civil Penalties Account which is hereby created in the fund. These funds shall be available to the board upon appropriation by the Legislature for the purposes of enforcing this chapter.
  - SEC. 4. Section 8525 of the Business and Professions Code is

SEC. 5. Section 8616 of the Business and Professions Code is amended to read:

8616. The Director of Food and Agriculture shall be designated by the board as its agent for the purposes of carrying out Section 8616.4. The board and the Department of Food and Agriculture shall jointly develop a training program specifically relating to the various aspects of structural pest control and train all county agricultural commissioners and other personnel involved in structural pest control investigations and enforcement. No disciplinary action pursuant to Section 8617 may be taken by a county agricultural commissioner until training has been completed.

SEC. 6. Section 8616.5 of the Business and Professions Code is amended to read:

8616.5. (a) The county agricultural commissioner shall be the lead agency for inspections and routine investigations of pesticide use by the board licensees and registered companies. When a matter is referred to the board for action, the board shall be the lead agency and may require that the commissioner assist in any investigation.

- (b) The board and the Director of Food and Agriculture shall jointly develop the list of the types of investigations to be conducted by the commissioner that may result in the suspension of a license or company registration, or the imposition of a fine, pursuant to Section 8617 and the list of the types of violations that the commissioner shall refer to the board for disciplinary action.
- (c) As used in subdivision (a), the term "routine investigations" means all investigations of pesticide misuse by a board licensee or registered company except (1) investigation of misuse incidents which are referred to the board for disciplinary action or which are the basis for county actions to suspend or fine structural pest control licensees or registered companies in accordance with the lists promulgated pursuant to subdivision (b), or (2) any investigation performed by the county agricultural commissioner which has been requested by the board and involves exclusively a violation of this code.
- SEC. 7. Section 8616.6 of the Business and Professions Code is amended to read:

the board when it determines that persons acting pursuant to Sections 8616 and 8616.4 have not fulfilled their responsibilities under this chapter in a specific county or counties. The notice to the Director of Food and Agriculture, which shall be dealt with in a timely manner, shall specifically list the actions which caused the filing of the notice. If the notice is not dealt with in a manner satisfactory to the board, the board may then suspend the activities of its agent pursuant to Section 8616.5, who is subject to the notice in the specific county or counties for which the notice was filed for a period not to exceed 60 days.

- SEC. 8. Section 8616.7 of the Business and Professions Code is amended to read:
- 8616.7. When a county agricultural commissioner is acting, pursuant to Section 8616.4, only the commissioner may conduct inspections and routine investigations pursuant to Section 8616.5 and take disciplinary action pursuant to Section 8617. Except as otherwise provided, nothing in this section shall be construed as limiting or excluding the assistance provided to the board by the Division of Investigation under Sections 155 and 159.5 other than by board personnel.
- SEC. 9. Section 8617 of the Business and Professions Code is amended to read:
- 8617. (a) The board or county agricultural commissioners, when acting pursuant to Section 8616.4, may suspend the right of a structural pest control licensee or registered company to work in a county for up to three working days or may levy a fine up to five hundred dollars (\$500) for each violation of this chapter, or any regulations adopted pursuant to this chapter, or Chapter 2 (commencing with Section 12751), Chapter 3 (commencing with Section 14001), Chapter 3.5 (commencing with Section 14101), or Chapter 7 (commencing with Section 15201) of Division 7 of the Food and Agricultural Code, or any regulations adopted pursuant to those chapters, relating to economic poisons. Fines collected shall be paid to the Education and Enforcement Account in the Structural Pest Control Education and Enforcement Fund. Suspension may include all or part of the registered company's business within the county based on the nature of the violation, but shall, whenever possible, be restricted to that portion of a registered company's business in a county that was in violation.
- (b) Before a suspension action is taken or a fine levied, the person charged with the violation shall receive notice of the nature of the violation and shall be given an opportunity to be heard, including, the right to review the commissioner's evidence and a right to present evidence on his or her own behalf.
- (c) The licensee or registered company may appeal a fine or suspension to the Disciplinary Review Committee and shall be subject to the procedures in Section 8662.
- (d) If a suspension or fine is ordered, it may not take effect until 20 days after the date of the decision if no appeal is filed. If an appeal

pursuant to Section 8662 is filed, the order shall be stayed until 20 days after the committee has ruled on the appeal.

- (e) Once final action pursuant to this section is taken, no other administrative or civil action may be taken by any state governmental agency for the same violation. However, action taken pursuant to this section may be used by the board as evidence of prior discipline, and multiple local actions may be the basis for statewide disciplinary action by the board pursuant to Section 8620. A certified copy of the order of suspension or fine issued pursuant to this section or Section 8662 shall constitute conclusive evidence of the occurrence of the violation.
- SEC. 10. Section 8620 of the Business and Professions Code is amended to read:
- 8620. The board may upon its own motion, and shall upon verified complaint in writing of any person, investigate the actions of any individual acting as, or making application for a license as, an operator or field representative.

After a hearing, the board may temporarily suspend or permanently revoke a license issued under this chapter if the holder, while a licensee or applicant, is guilty of or commits any one or more of the acts or omissions constituting grounds for disciplinary action. In addition to its authority to suspend or revoke a license, the board may assess a civil penalty as follows:

(a) Upon the conclusion of a hearing held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, if the proposed decision of the hearing officer is that the licensee is guilty of or has committed any one of the acts or omissions constituting grounds for disciplinary action, the proposed decision shall provide for the imposition of a suspension or for the revocation of the license. In such a case, the board may impose the suspension or revocation. The board may also, in lieu of a suspension, assess a civil penalty. The licensee may express a preference for a form of discipline, but the board shall not be bound by any such expression of preference.

If a licensee elects to stipulate to a disciplinary action prior to an administrative hearing, the board may impose a civil penalty, in accordance with this section, in lieu of suspension.

If a proposed stipulation is rejected by the board, it is null and void and does not constitute an admission of any violation charged.

- (b) The civil penalty shall not be more than two thousand dollars (\$2,000) for an actual suspension of one to 19 days.
- (c) The civil penalty shall not be more than five thousand dollars (\$5,000) for an actual suspension of 20 to 45 days.
- (d) If a licensee is assessed the civil penalty in lieu of an actual suspension, the penalty shall be paid before the effective date of the decision.
- (e) If the civil penalty is not paid before the effective date of the suspension, the license shall be suspended until the penalty is paid or until the actual suspension is served.

No civil penalty shall be assessed in lieu of any suspension which exceeds 45 days. With the exception of the proceedings on suspensions undertaken or on fines levied pursuant to Section 8617, the proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

In any order of suspension or revocation, the board may authorize the completion of any contract or work contracted for under terms and conditions set forth in the order.

SEC. 11. Section 8624 of the Business and Professions Code is amended to read:

# CHAPTER 1267

An act to add Section 975.5 to the Military and Veterans Code, and to amend Section 10206 of the Unemployment Insurance Code, relating to veterans, and making an appropriation therefor.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

- SECTION 1. This act shall be known and may be cited as the California Veterans Appreciation Act of 1986.
- SEC. 2. (a) (1) The Legislature finds and declares that veterans' organizations, such as the Veterans of Foreign Wars, the American Legion, Disabled American Veterans, and AmVets, make valuable contributions to local veteran service organizations; that these organizations contribute to the well-being and morale of veterans

undergoing treatment at Veterans' Administration hospitals by providing them with the use and enjoyment of television sets, books and magazines, and other amenities which as patients they might not otherwise have; and that the funds for providing these contributions are derived from the proceeds of fundraising activities, such as bingo games.

- (2) It is, therefore, the intent of the Legislature in enacting Sections 215.3 and 23710.1 of the Revenue and Taxation Code to provide assistance and support for these activities.
- (b) (1) The Legislature finds and declares that large numbers of Vietnam veterans and increasing numbers of veterans of earlier conflicts suffer from posttraumatic stress disorders, with many also having histories of alcohol and drug abuse; that many of these veterans are unaware of the availability of readjustment counseling services, alcohol abuse treatment, and drug abuse programs offered by community-based organizations and by city, county, state, and federal agencies; that county veteran service officers serve as outreach organizations for the county's veteran population and, in addition, organizations such as the American Legion, Veterans of Foreign Wars, Disabled American Veterans, Occupational Training Services, the Vietnam Veterans Leadership Program, and Veterans Assistance Center, have established links with the veteran community.
- (2) It is, therefore, the intent of the Legislature in enacting Section 975.5 of the Military and Veterans Code to strengthen the outreach services available to veterans suffering posttraumatic stress disorders.
- (c) The Legislature finds and declares that Vietnam veterans have suffered higher rates of unemployment than other persons of the same age group who did not serve in the armed forces during the Vietnam era; that Vietnam veterans have historically received lower wages than their nonveteran peers; and that returning Vietnam veterans entered the work force at a time when the United States economy was going through severe fluctuations, making it more difficult for those persons to find stable employment.
- SEC. 3. Section 975.5 is added to the Military and Veterans Code, to read:
- 975.5. (a) The Department of Veterans Affairs shall provide for one paid veterans assistant position within the office of the county veteran service officer for the County of Los Angeles. The department shall establish one similar position for the County of San Diego and one similar position for the City and County of San Francisco. The department shall provide for filling these positions by contract with one or more private, nonprofit community-based organizations which have a successful history of providing alcohol abuse, drug abuse, or readjustment counseling to veterans suffering from alcohol abuse, drug abuse, or posttraumatic stress disorders.
- (b) The veterans assistants employed under subdivision (a) shall conduct outreach programs in order to make veterans aware of

readjustment counseling services and alcohol and drug abuse programs offered by community-based organizations and city, county, and federal agencies. The veterans assistants shall advise and counsel veterans concerning readjustment counseling programs and refer veterans to appropriate community-based or city, county, or federal counseling programs.

- (c) The department shall prepare and submit to the Legislature an annual report on the operation and effects of this section on or before January 1 of each year.
- SEC. 4. Section 10206 of the Unemployment Insurance Code is amended to read:
- 10206. The panel may allocate money in the fund for any of the following purposes:
- (a) Reimbursement of actual training costs incurred by employers and training agencies and for reasonable administrative costs. In this connection, the panel shall give special consideration for funding to those projects that provide special opportunities to veterans and shall provide technical assistance to encourage the development of those projects.
- (b) Costs of program administration incurred under this chapter. These costs shall be reviewed annually by the Department of Finance and the Legislature and determined through the normal budgetary process.

The panel's administrative costs exclusive of the cost of administering Section 976.6 shall not exceed more than 15 percent of the amount collected pursuant to Section 976.6. Expenditures for marketing and research provided under contract to the panel under subdivision (a) which otherwise would have been provided directly by the panel shall be included in this limitation.

- (c) Costs of the Legislative Analyst's program evaluation conducted pursuant to Section 10216.
- SEC. 5. The sum of one hundred sixteen thousand dollars (\$116,000) is hereby appropriated from the General Fund to the Department of Veterans Affairs for the purposes of Section 975.5 of the Military and Veterans Code, for expenditure as follows:
- (a) Eighty-two thousand five hundred dollars (\$82,500) for compensation and benefits for veterans assistants.
- (b) Thirty-three thousand five hundred dollars (\$33,500) for administrative expenses.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 206 of the Welfare and Institutions Code is amended to read:

206. Persons taken into custody and persons alleged to be within the description of Section 300, or persons adjudged to be such and made dependent children of the court pursuant to this chapter solely upon that ground, shall be provided by the board of supervisors with separate facilities segregated from persons either alleged or adjudged to come within the description of Section 601 or 602 except as provided in Section 16514. Separate segregated facilities may be provided in the juvenile hall or elsewhere.

The facilities required by this section shall, with regard to minors alleged or adjudged to come within subdivision (a), (b), or (d) of Section 300, be nonsecure. The facilities provided to minors alleged or adjudged to come within subdivision (c) of Section 300 shall be secure.

For the purposes of this section, the term "secure facility" means a facility which is designed and operated so as to insure that all entrances to, and exits from, the facility are under the exclusive control of the staff of the facility, whether or not the person being detained has freedom of movement within the perimeters of the facility, or which relies on locked rooms and buildings, fences, or physical restraints in order to control behavior of its residents. The term "nonsecure facility" means a facility that is not characterized by the use of physically restricting construction, hardware, and procedures and which provides its residents access to the surrounding community with minimal supervision. A facility shall not be deemed secure due solely to any of the following conditions: (1) the existence within the facility of a small room for the protection of individual residents from themselves or others; (2) the adoption of regulations establishing reasonable hours for residents to come and go from the facility based upon a sensible and fair balance between allowing residents free access to the community and providing the staff with sufficient authority to maintain order, limit unreasonable actions by residents, and to insure that minors placed in their care do not come and go at all hours of the day and night or absent themselves at will for days at a time; and (3) staff control over ingress and egress no greater than that exercised by a prudent parent. The State Department of Social Services may adopt regulations governing the use of small rooms pursuant to this section.

No minor described in this section may be held in temporary custody in any building that contains a jail or lockup for the confinement of adults, unless, while in the building, the minor is under continuous supervision and is not permitted to come into or remain in contact with adults in custody in the building.

No record of the detention of such a person shall be made or kept by any law enforcement agency or the Department of Justice as a record of arrest.

- SEC. 2. Section 207 of the Welfare and Institutions Code is amended to read:
- 207. (a) No minor shall be detained in any jail, lockup, juvenile hall, or other secure facility who is taken into custody solely upon the ground that he or she is a person described by Section 601 or adjudged to be such or made a ward of the juvenile court solely upon that ground, except as provided in subdivision (b). If any such minor, other than a minor described in subdivision (b), is detained, he or she shall be detained in a sheltered-care facility or crisis resolution home as provided for in Section 654, or in a nonsecure facility provided for in subdivision (a), (b), (c), or (d) of Section 727.
- (b) A minor taken into custody upon the ground that he or she is a person described in Section 601, or adjudged to be a ward of the juvenile court solely upon that ground, may be held in a secure facility, other than a facility in which adults are held in secure custody, in any of the following circumstances:
- (1) For up to 12 hours after having been taken into custody for the purpose of determining if there are any outstanding wants, warrants, or holds against the minor in cases where the arresting officer or probation officer has cause to believe that the wants, warrants, or holds exist.
- (2) For up to 24 hours after having been taken into custody, in order to locate the minor's parent or guardian as soon as possible and to arrange the return of the minor to his or her parent or guardian.
- (3) For up to 24 hours after having been taken into custody, in order to locate the minor's parent or guardian as soon as possible and to arrange the return of the minor to his or her parent or guardian, whose parent or guardian is a resident outside of the state wherein the minor was taken into custody, except that the period may be extended to no more than 72 hours when the return of the minor cannot reasonably be accomplished within 24 hours due to the distance of the parents or guardian from the county of custody, difficulty in locating the parents or guardian, or difficulty in locating resources necessary to provide for the return of the minor.
- (c) Any minor detained in juvenile hall pursuant to subdivision (b) may not be permitted to come or remain in contact with any person detained on the basis that he or she has been taken into custody upon the ground that he or she is a person described in Section 602 or adjudged to be such or made a ward of the juvenile court upon that ground.

- (d) Minors detained in juvenile hall pursuant to Sections 601 and 602 may be held in the same facility provided they are not permitted to come or remain in contact within that facility.
- (e) Every county shall keep a record of each minor detained under subdivision (b), the place and length of time of the detention, and the reasons why the detention was necessary. Every county shall report this information to the Department of the Youth Authority on a monthly basis, on forms to be provided by that agency.

The Youth Authority shall not disclose the name of the detainee, or any personally identifying information contained in reports sent to the Youth Authority under this subdivision.

- SEC. 3. Section 207.1 is added to the Welfare and Institutions Code, to read:
- 207.1. (a) On or after January 1, 1987, no court, judge, referee, peace officer, or employee of a detention facility shall knowingly detain any minor in a jail or lockup, except as provided in subdivision (b) or (d).
- (b) On or after January 1, 1987, a minor alleged to have committed an offense described in subdivision (b) of Section 707 whose case is transferred to a court of criminal jurisdiction pursuant to Section 707.1 after a finding is made that he or she is not a fit and proper subject to be dealt with under the juvenile court law, may be detained in a jail or other secure facility for the confinement of adults, if all of the following conditions are met:
- (1) The juvenile court judge makes a finding at the conclusion of the fitness hearing that the minor's further detention in the juvenile hall would endanger the safety of the public or would be detrimental to the other minors in the juvenile hall.
- (2) Contact between the minor and adults in the facility is restricted in accordance with Section 208.
  - (3) The minor is adequately supervised.
- (4) The adult facility has been approved by the Youth Authority as an appropriate place for the detention of minors so transferred.
- (c) A minor found not a fit and proper subject to be dealt with under the juvenile court law shall, upon the conclusion of the fitness hearing, be entitled to release on bail or on his or her own recognizance upon the same circumstances, terms, and conditions as an adult alleged to have committed the same offense.
- (d) A minor 14 years of age or older who is taken into temporary custody by a peace officer on the basis of being a person described by Section 602, and who, in the reasonable belief of the peace officer, presents a serious security risk of harm to self or others, may be securely detained in a law enforcement facility that contains a lockup for adults if all of the following conditions are met:
- (1) The minor is held in temporary custody for the purpose of investigating the case, facilitating release of the minor to a parent or guardian, or arranging transfer of the minor to an appropriate juvenile facility.
  - (2) The minor is detained in the law enforcement facility for a

period that does not exceed six hours.

- (3) The minor is informed at the time he or she is securely detained of the purpose of the secure detention, of the length of time the secure detention is expected to last, and of the maximum six-hour time the secure detention is authorized to last.
- (4) Contact between the minor and adults confined in the facility is restricted in accordance with Section 208.
  - (5) The minor is adequately supervised.
- (6) A log or other written record is maintained by the law enforcement agency showing the offense which is the basis for the secure detention of the minor in the facility, the reasons and circumstances forming the basis for the decision to place the minor in secure detention, and the length of time the minor was securely detained.

Any other minor taken into temporary custody by a peace officer on the basis that the minor is a person described by Section 602 may be taken to a law enforcement facility that contains a lockup for adults and may be held in temporary custody in the facility for the purposes of investigating the case, facilitating the release of the minor to a parent or guardian, or arranging for the transfer of the minor to an appropriate juvenile facility. However, while in the law enforcement facility, the minor may not be securely detained and shall be supervised in a manner so as to ensure that there will be no contact with adults in custody in the facility. If the minor is held in temporary, nonsecure custody within such a facility, the peace officer shall exercise one of the dispositional options authorized by Sections 626 and 626.5 without unnecessary delay and, in every case, within six hours.

As used in this subdivision, "law enforcement facility" includes a police station or a sheriff's station but does not include a jail, as defined in subdivision (h).

- (e) The Youth Authority shall assist law enforcement agencies, probation departments, and courts with the implementation of this section by doing all of the following:
- (1) The Youth Authority shall advise each law enforcement agency, probation department, and court affected by this section as to its existence and effect.
- (2) The Youth Authority shall inquire of the official in charge of each jail or lockup that reported the confinement of a minor in calendar year 1984 or 1985 as to whether the jail or lockup may be used for the future confinement of any minor pursuant to subdivision (b), and if the Youth Authority is informed that the jail or lockup may be so used, it shall inspect the jail or lockup and determine whether it is an appropriate place for the secure detention of minors in conformity with the requirements of law.
- (3) The Youth Authority shall make available and shall, upon request, provide technical assistance to each governmental agency that reported the confinement of a minor in a jail or lockup in calendar year 1984 or 1985. The purpose of this technical assistance

is to develop alternatives to the use of jails or lockups for the confinement of minors. These alternatives may include secure or nonsecure facilities located apart from an existing jail or lockup; improved transportation or access to juvenile halls or other juvenile facilities; and other programmatic alternatives recommended by the Youth Authority. The technical assistance shall take such form as the Youth Authority deems appropriate for effective compliance with this section.

- (f) The Youth Authority may exempt a county that does not have a juvenile hall, or may exempt an offshore law enforcement facility, from compliance with this section for a reasonable period of time, until July 1, 1988, for the purpose of allowing the county or the facility to develop alternatives to the use of jails and lockups for the confinement of minors, if all of the following conditions are met:
- (1) The county or the facility submits a written request to the Youth Authority for an extension of time to comply with this section.
- (2) The Youth Authority agrees to make available, and the county or the facility agrees to accept, technical assistance to develop alternatives to the use of jails and lockups for the confinement of minors during the period of the extension.
- (3) The county or the facility requesting the extension submits to the Youth Authority a written plan for full compliance with this section by September 1, 1987.

As used in this subdivison and in subdivision (g), "offshore law enforcement facility" and "facility" means a sheriff's station containing a lockup for adults that is located on an island located at least 22 miles from the California coastline.

- (g) The Youth Authority may exempt a county or a facility described in subdivision (f) from compliance with this section for an additional period of time, but not beyond July 1, 1989, for the purpose of allowing the county or the facility to develop alternatives to the use of jails and lockups for the confinement of minors, if all of the following conditions are met:
- (1) Prior to the expiration of the exemption granted by the Youth Authority pursuant to subdivision (f), the county or the facility submits a written application to the Youth Authority for an additional exemption of one year or less, on the basis that the county or the facility has been unable to develop sufficient alternatives to the use of jails and lockups for the confinement of minors. In its application, the county or the facility shall summarize the efforts made to date to develop those alternatives and the reasons why an additional extension of time is sought.
- (2) The Youth Authority, upon examination of all the relevant circumstances, determines and certifies that the county or the facility has made a significant effort to develop alternatives to the use of jails or lockups for the confinement of minors but has not succeeded in developing these alternatives to a sufficient extent.
- (3) The Youth Authority agrees to make available and the county or the facility agrees to accept continuing technical assistance to

develop sufficient alternatives to the use of jails and lockups for the confinement of minors during the additional period of exemption.

- (h) (1) As used in this chapter, "jail" means any building which contains a locked facility administered by a law enforcement or governmental agency, the purpose of which is to detain adults charged with violations of criminal law pending trial or to hold convicted adult criminal offenders sentenced for less than one year.
- (2) As used in this chapter, "lockup" means any locked room or secure enclosure under the control of a sheriff or other peace officer which is primarily for the temporary confinement of adults upon arrest.
- SEC. 4. Section 209 of the Welfare and Institutions Code is amended to read:
- 209. (a) The judge of the juvenile court of a county, or, if there is more than one such judge, any of the judges of the juvenile court shall, at least annually, inspect any jail, juvenile hall, or lockup which, in the preceding calendar year was used for confinement, for more than 24 hours, of any minor. The judge shall note in the minutes of the court whether the jail, juvenile hall, or lockup is a suitable place for confinement of minors.

The Department of the Youth Authority shall likewise conduct an annual inspection of each jail, juvenile hall, or lockup situated in this state which, during the preceding calendar year, was used for confinement, for more than 24 hours, of any minor.

If either a judge of the juvenile court or the department, after inspection of a jail, juvenile hall, or lockup, finds that it is not being operated and maintained as a suitable place for the confinement of minors, the juvenile court or the department shall give notice of its finding to all persons having authority to confine minors pursuant to this chapter and commencing 60 days thereafter the jail, juvenile hall, or lockup shall not be used for confinement of minors until such time as the judge or department, as the case may be, finds, after reinspection of the jail, juvenile hall, or lockup that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for confinement of minors.

The custodian of each jail, juvenile hall, and lockup shall make such reports as may be required by the department or the juvenile court to effectuate the purposes of this section.

(b) The Department of the Youth Authority may inspect any law enforcement facility which contains a lockup for adults and which it has reason to believe may not be in compliance with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2. A judge of the juvenile court shall conduct an annual inspection, either in person or through a delegated member of the appropriate county or regional juvenile justice commission, of any law enforcement facility which contains a lockup for adults which, in the preceding year, was used for the secure detention of any minor.

If either the judge or the department finds after inspection that

the facility is not being operated and maintained in conformity with the requirements of subdivision (d) of Section 207.1 or with the certification requirements or standards adopted under Section 210.2, the juvenile court or the department shall give notice of its finding to all persons having authority to securely detain minors in the facility, and, commencing 60 days thereafter, the facility shall not be used for the secure detention of a minor until such time as the judge or the department, as the case may be, finds, after reinspection, that the conditions which rendered the facility unsuitable have been remedied, and the facility is a suitable place for the confinement of minors in conformity with all requirements of law.

The custodian of each law enforcement facility which contains a lockup for adults shall make any report as may be required by the department or by the juvenile court to effectuate the purposes of this subdivision.

- (c) The department shall collect annual data on the number, place, and duration of confinements of minors in jails and lockups, as defined in subdivision (h) of Section 207.1, and shall annually publish this information in the form as it deems appropriate for the purpose of providing public information on continuing compliance with the requirements of Section 207.1.
- SEC. 5. Section 210.2 is added to the Welfare and Institutions Code, to read:
- 210.2. (a) The Department of the Youth Authority shall adopt regulations establishing standards for law enforcement facilities which contain lockups for adults and which are used for the temporary, secure detention of minors upon arrest under subdivision (d) of Section 207.1. The standards shall identify appropriate conditions of confinement for minors in law enforcement facilities, including standards for places within a police station or sheriff's station where minors may be securely detained; standards regulating contact between minors and adults in custody in lockup, booking, or common areas; standards for the supervision of minors securely detained in these facilities; and any other related standard as the department deems appropriate to effectuate compliance with subdivision (d) of Section 207.1.
- (b) Every person in charge of a law enforcement facility which contains a lockup for adults and which is used in any calendar year for the secure detention of any minor shall certify annually that the facility is in conformity with the regulations adopted by the department under subdivision (a). The certification shall be endorsed by the sheriff or chief of police of the jurisdiction in which the facility is located and shall be forwarded to and maintained by the department. The department may provide forms and instructions to local jurisdictions to facilitate compliance with this requirement.
- SEC. 6. Section 707.1 of the Welfare and Institutions Code is amended to read:
  - 707.1. (a) If the minor is declared not a fit and proper subject to

be dealt with under the juvenile court law, the district attorney, or other appropriate prosecuting officer may file an accusatory pleading against the minor in a court of criminal jurisdiction. The case shall proceed from that point according to the laws applicable to a criminal case. If a prosecution has been commenced in another court but has been suspended while juvenile court proceedings are being held, it shall be ordered that the proceedings upon that prosecution shall resume.

- (b) (1) The juvenile court may order that a minor alleged to have committed an offense described in subdivision (b) of Section 707 and who has been declared not a fit and proper subject to be dealt with under the juvenile court law be delivered to the custody of the sheriff upon a finding that the presence of the minor in the juvenile hall would endanger the safety of the public or be detrimental to the other inmates detained in the juvenile hall. Other minors declared not fit and proper subjects to be dealt with under the juvenile court law, if detained, shall remain in the juvenile hall pending final disposition by the criminal court or until they attain the age of 18, whichever occurs first.
- (2) Upon attainment of the age of 18 such a person who is detained in juvenile hall shall be delivered to the custody of the sheriff unless the court finds that it is in the best interests of the person and the public that he or she be retained in juvenile hall. If a hearing is requested by the person, the transfer shall not take place until after the court has made its findings.
- (3) When a person under 18 years of age is detained pursuant to this section in a facility in which adults are confined the detention shall be in accordance with the conditions specified in subdivision (b) of Section 207.1.
- (4) A minor found not a fit and proper subject to be dealt with under the juvenile court law shall, upon the conclusion of the fitness hearing, be entitled to release on bail or on his or her own recognizance on the same circumstances, terms, and conditions as an adult alleged to have committed the same offense.
- SEC. 7. This bill shall not become operative unless Senate Bill No. 2543 of the 1985–86 Regular Session of the Legislature is enacted and becomes operative.
- SEC. 8. Reimbursement to local agencies and school districts for costs mandated by the state pursuant to this act shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code and, if the statewide cost of the claim for reimbursement does not exceed five hundred thousand dollars (\$500,000), shall be made from the State Mandates Claims Fund.

## CHAPTER 1272

An act relating to mental health.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Lanterman-Petris-Short Act provisions addressing involuntary commitment standards for mentally ill persons have not been modified significantly since the inception of the act in 1967. Since that time, the Legislature has expressed interest in examining whether or not the statutory commitment criteria should be expanded in order to result in the treatment of greater number of persons with mental illness.

The Legislature declares that, due to the complexity of the issues and due to the necessity to balance the rights of persons with mental illness to treatment, as well as the rights of persons with mental illness to all due process protections of constitutionally-guaranteed civil liberties, any proposed change in the involuntary civil commitment system must be evaluated for its potential effects on the entire mental health system, prior to enactment of such a substantive change.

Therefore, it is the intent of the Legislature to require a review of a proposed change in commitment standard that would result in the expansion of the definition of "grave disability" as defined in subdivision (h) of Section 5008 of the Welfare and Institutions Code. Acknowledging that it may not be possible to perform a purely scientific study on the effects of such a proposed change, the Legislature nonetheless acknowledges that county and private providers involved in the delivery of services to mentally ill persons through county-authorized mental health programs can provide an excellent and high-quality, first-step review and assessment of the impact of expanding the definition of "grave disability."

- (a) The Conference of Local Mental Health Directors shall submit an assessment report to the Legislature on or before July 1, 1988, containing an assessment of the following:
- (1) The impact on the cost, assessment, treatment, and service, and patients' rights of expanding the definition of "grave disability" under paragraph (1) of subdivision (h) of Section 5008 of the Welfare and Institutions Code to include a condition in which a person, as a result of a severe and treatable mental disorder, is either of the following:
- (A) Unable to provide for his or her own basic personal needs for food, clothing, or shelter and is unable to make an informed treatment decision.
  - (B) Based upon the historical course of the person's mental

disorder, as determined by available information, likely to deteriorate without treatment until he or she is unable to provide for his or her own basic personal needs for food, clothing, or shelter, and is unable to make an informed treatment decision.

- (2) The impact on the cost, assessment, treatment and service, and patients' rights of establishing outpatient treatment programs for involuntary evaluation and treatment and for conservatorships.
- (b) For the purposes of this section the following definitions apply:
- (1) "Severe mental disorder" means an illness, disease, organic brain disorder, or other condition that does either of the following:
- (A) Substantially impairs the person's thought, perception of reality, emotional process, or judgment.
- (B) Substantially impairs behavior, as manifested by recent disturbed behavior.

Mental retardation, epilepsy, or other developmental disabilities, alcoholism, or other drug abuse, or repeated antisocial behavior do not, in themselves, constitute a severe mental disorder.

- (2) "Treatable mental disorder" means that the mental, emotional, or behavioral disturbance is expected to recover, improve, or stabilize in response to medical or psychosocial intervention.
- (3) "Inability to make an informed treatment decision" means that the person, by reason of his or her mental disorder or condition, is unable, despite conscientious efforts at explanations, to express an understanding of the basic nature and effects of hospitalization or treatment, as evidenced by inability to weigh the possible risks and benefits.
- (c) The State Department of Mental Health shall select an independent contractor through a competitive bid process to perform all of the following activities concerning the completion of the assessment report:
- (1) Review reports literature and information assessing the experience of other states that have expanded the definition of "grave disability" in a similar manner.
- (2) Design criteria for counties to use in obtaining data and methodology for the assessment report, consistent with resources of the counties who have volunteered to participate in the assessment, after consultation with the Conference of Local Mental Health Directors, and with organizations and individuals that the independent contractor has identified as being a component of the mental health delivery, advocacy, and monitoring system.
- (3) Evaluate the information that has been collected by the participating counties over the course of the study, after it has been submitted to the contractor by the counties.
- (d) The Conference of Local Mental Health Directors shall select no less than three counties from those that volunteer to participate in the assessment. If possible, the conference shall attempt to select counties that represent a range of population sizes and mental health

treatment modalities. The participating counties shall assess the implications of the changes in subdivision (a), if these changes were to be applied to those mental health clients assessed, evaluated, served, or treated by those county mental health programs.

- (e) The State Department of Mental Health shall provide technical assistance and the data or information that it has already collected, that is requested by the Conference of Mental Health Directors and by the independent contractor that is relevant to the production of the assessment report.
- (f) Funding for the services of the independent contractor shall be allocated from existing resources within the budget of the State Department of Mental Health or from funds which would otherwise be available for retention by counties pursuant to Section 5714.2 of

the Welfare and Institutions Code, as determined by the director.

SEC. 2. No reimbursement shall be made from the State Mandates Claims Fund pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code for costs mandated by the state pursuant to this act. It is recognized, however, that a local agency or school district may pursue any remedies to obtain reimbursement available to it under Part 7 (commencing with Section 17500) and any other provisions of law.

## **CHAPTER 1273**

An act to add Section 1102.6 to the Penal Code, relating to criminal procedure.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986]

The people of the State of California do enact as follows:

- SECTION 1. (a) The Legislature hereby finds and declares that it is essential to the fair and impartial administration of justice that a victim of a criminal offense be afforded a reasonable opportunity to attend any criminal trial for that offense.
- (b) Further, the Legislature hereby finds and declares that it is essential to the fair and impartial administration of justice that a victim of a criminal offense not be excluded from any trial or any portion thereof conducted by any court that in any way pertains to the offense, merely because the victim has been or may be subpoenaed to testify at the trial, or because of any arbitrary or invidious reason.
- (c) This act shall be construed so as to accomplish and promote these purposes which are hereby declared to be the public policy of this state.
- (d) This act shall be known and may be cited as the California Crime Victims Trial Attendance Act.

- SEC. 2. Section 1102.6 is added to the Penal Code, to read:
- 1102.6. (a) The victim shall be entitled to be present and seated at the trial. If the court finds that the presence of the victim would pose a substantial risk of influencing or affecting the content of any testimony, the court shall exclude the victim from the trial entirely or in part so as to effect the purposes of this section.
- (b) Upon the court's granting of the victim's request, the defendant may object to the order of the victim's testimony, in which case the victim shall testify first, subject to exclusion if the foundation or corpus delicti is not later established by the testimony of other prosecuting witnesses.
- (c) Upon the request of either party or upon the court's own motion, the victim shall be excluded from any hearing on a motion pursuant to this section.
- (d) The court, on its own motion or on the motion of either party, may remove a victim from the trial or any portion of it for the same causes and in the same manner as is provided for the exclusion or removal of the defendant, pursuant to paragraph (1) of subdivision (b) of Section 1043 and paragraph (1) of subdivision (b) of Section 1043.5. The prosecution may request the removal of the victim at any time and, upon that request, the court shall require the removal of the victim.
- (e) As used in this section, "victim" means (1) the alleged victim of the offense and one member of the victim's immediate family and (2) in the event that the victim is unable to attend the trial, up to two members of the victim's immediate family who are actual or potential witnesses.
- (f) The failure of a victim to exercise any right granted under this section is not a cause or ground for an appeal by the defendant of a conviction or for any court to set aside, reverse, or remand the criminal conviction.

## **CHAPTER 1274**

An act to amend Sections 805 and 2435 of, and to add Section 805.1 to, the Business and Professions Code, and to amend Sections 43.95 and 43.97 of the Civil Code, relating to the healing arts, and making an appropriation therefor.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 805 of the Business and Professions Code is amended to read:

805. The chief executive officer and the chief of the medical staff, where one exists, of any health facility licensed pursuant to Division

2 (commencing with Section 1200) of the Health and Safety Code. or any medical, psychological, dental, or podiatric professional society, or medical specialty society described in Section 43.7 of the Civil Code, or any health care service plan or medical care foundation shall report to the agency which issued the license, certificate, or similar authority when any licensed physician and surgeon, clinical psychologist, podiatrist, or dentist is denied staff privileges, removed from the medical staff of the institution, or if his or her staff or membership privileges are restricted for a cumulative total of 45 days in any calendar year for any medical disciplinary cause or reason. The reports shall be made within 20 working days following the removal or restriction, shall be certified as true and correct by the chief executive officer and the chief of the medical staff, where one exists, and shall contain a statement detailing the nature of the action, its date, and all of the reasons for, and circumstances surrounding, the action. If the removal or restriction is by resignation or other voluntary action that was requested or bargained for in lieu of medical disciplinary action, the report shall

The reporting required herein shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800, provided that a copy of the report containing the information required by this section may be disclosed as required by Section 805.5 with respect to reports received on or after January 1, 1976. The Board of Medical Quality Assurance, the Board of Osteopathic Examiners, and the Board of Dental Examiners shall disclose reports as required by Section 805.5. A file containing reports received pursuant to this section shall be maintained by the agency receiving the reports for a minimum of five years after receipt.

No person shall incur any civil or criminal liability as the result of making any report required by this section.

Failure to make a report pursuant to this section shall be a misdemeanor punishable by a fine of not less than two hundred dollars (\$200) nor more than one thousand two hundred dollars (\$1,200).

- SEC. 2. Section 805.1 is added to the Business and Professions Code, to read:
- 805.1. (a) The Board of Medical Quality Assurance, the Board of Osteopathic Examiners, and the Board of Dental Examiners shall be entitled to inspect and copy the following documents in the record of any disciplinary proceeding resulting in action which is required to be reported pursuant to Section 805:
  - (1) Any statement of charges.
  - (2) Any document, medical chart, or exhibits in evidence.
  - (3) Any opinion, findings, or conclusions.
- (b) The information so disclosed shall be kept confidential and not subject to discovery, in accordance with Section 800, except that it

may be reviewed, as provided in subdivision (c) of Section 800, and may be disclosed in any subsequent disciplinary hearing conducted pursuant to the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code).

- SEC. 3. Section 2435 of the Business and Professions Code is amended to read:
- 2435. The following fees apply to physician's and surgeon's certificates, certificates of drugless practitioners, and certificates to practice midwifery:
- (a) Each applicant for a certificate based upon a national board diplomate certificate, and each applicant for a certificate based on reciprocity, and each applicant for a certificate based upon written examination, shall pay a nonrefundable application and processing fee, as set forth in subdivision (b), at the time the application is filed.
- (b) Between January 1, 1987, and December 31, 1989, the application and processing fee, for the first year, shall be two hundred seventy-five dollars (\$275), and, for each subsequent year, shall be equal to the prior year's fee plus a sum fixed by the Division of Licensing equal to not more than 10 percent of the prior year's fee, up to a maximum of three hundred fifty dollars (\$350). On and after January 1, 1990, the application and processing fee shall be fixed by the Division of Licensing by May 1 of each year, to become effective on July 1 of that year. The fee shall be fixed at an amount necessary to recover the actual costs of the licensing program as projected for the fiscal year commencing on the date the fees become effective.
- (c) Each applicant for a certificate by written examination, unless otherwise provided by this chapter, shall pay an examination fee fixed by the board, which shall equal the actual cost to the board of the purchase of the written examination furnished by the organization pursuant to Section 2176, plus the actual cost to the board of administering the written examination. Such actual cost to the board of administering the written examination that shall be charged to the applicant shall not exceed one hundred dollars (\$100). The board may charge the examination fee provided for in this section for any subsequent reexamination of the applicant.
- (d) Each applicant who qualifies for a certificate, as a condition precedent to its issuance, in addition to other fees required herein, shall pay an initial license fee, if any. On and after July 1, 1987, the initial license fee shall be fixed by the board at an amount not less than two hundred dollars (\$200), and not to exceed three hundred twenty-five dollars (\$325), in accordance with paragraph (3) of subdivision (e). Until July 1, 1987, that fee shall be fixed as provided by paragraph (2) of subdivision (e). Any applicant enrolled in an approved postgraduate training program shall be required to pay only 50 percent of the initial license fee.
- (e) (1) On and after July 1, 1987, the biennial renewal fee shall be fixed by the board at an amount not less than two hundred dollars (\$200), and not to exceed three hundred twenty-five dollars (\$325),

in accordance with paragraph (3).

- (2) Until July 1, 1987, the biennial fee and the initial license fee shall each be two hundred fifty-five dollars (\$255), except that the board may fix the biennial renewal fee at an amount determined by the board between two hundred forty dollars (\$240) and two hundred fifty-five dollars (\$255), inclusive.
- (3) On and after July 1, 1987, the board shall fix the biennial renewal fee and the initial license fee so that, together with the amounts from other revenues, the reserve balance in the board's contingent fund shall be equal to approximately four months of annual authorized expenditures. Any increase in the renewal and initial license fees made after July 1, 1987, shall be effective upon a determination by the board, by regulation adopted pursuant to Section 2436, that additional amounts are necessary to maintain a reserve balance in the board's contingent fund equal to four months of annual authorized expenditures in the state fiscal year in which the expenditures are to occur.
- (f) Notwithstanding Section 163.5, the delinquency fee is 10 percent of the biennial renewal fee.
- (g) The duplicate certificate and endorsement fees shall each be fifty dollars (\$50), and the certification and letter of good standing fees shall each be ten dollars (\$10).
- (h) It is the intent of the Legislature that, in setting fees pursuant to this section, the board shall seek to maintain a reserve in the Contingent Fund of the Board of Medical Quality Assurance equal to approximately four months' operating expenditures.
  - SEC. 4. Section 43.95 of the Civil Code is amended to read:
- (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by such society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of such society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by such society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, medical, dental, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the area served by the particular society, or

organizations with referral services which have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations which have been established to provide free assistance or representation to needy patients or clients.

- (b) This section shall not apply whenever the professional society, while making a referral to a professional member of such society, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional member. However, there shall be no duty to disclose a disciplinary action in either of the following cases:
- (1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred.
- (2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon such professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.

SEC. 4.2. Section 43.95 of the Civil Code is amended to read:

43.95. (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by such society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of such society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by such society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, medical, dental, dietetic, accounting. podiatric, pharmaceutic, chiropractic. marriage, family, and child counseling, licensed clinical social work, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the area served by the particular society, or organizations with referral services which have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations which have been established to provide free assistance or representation to needy patients or clients.

- (b) This section shall not apply whenever the professional society, while making a referral to a professional member of such society, fails to disclose the nature of any disciplinary action of which it has actual knowledge taken by a state licensing agency against that professional member. However, there shall be no duty to disclose a disciplinary action in either of the following cases:
- (1) Where a disciplinary proceeding results in no disciplinary action being taken against the professional to whom a member of the public was referred.
- (2) Where a period of three years has elapsed since the professional to whom a member of the public was referred has satisfied any terms, conditions, or sanctions imposed upon such professional as disciplinary action; except that if the professional is an attorney, there shall be no time limit on the duty to disclose.
  - SEC. 4.4. Section 43.95 of the Civil Code is amended to read:
- (a) There shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society or any nonprofit corporation authorized by such society to operate a referral service, or their agents, employees, or members, for referring any member of the public to any professional member of such society or service, or for acts of negligence or conduct constituting unprofessional conduct committed by a professional to whom a member of the public was referred, so long as any of the foregoing persons or entities has acted without malice, and the referral was made at no cost added to the initial referral fee as part of a public service referral system organized under the auspices of the professional society. Further, there shall be no monetary liability on the part of, and no cause of action for damages shall arise against, any professional society for providing a telephone information library available for use by the general public without charge, nor against any nonprofit corporation authorized by such society for providing a telephone information library available for use by the general public without charge. "Professional society" includes legal, psychological, architectural, medical, dental, dietetic, accounting, optometric, podiatric, pharmaceutic, chiropractic, veterinary, and engineering organizations having as members at least a majority of the eligible persons or licentiates in the area served by the particular society, or organizations with referral services which have been authorized by the State Bar of California and operated in accordance with its Minimum Standards for a Lawyer Referral Service in California, and organizations which have been established to provide free assistance or representation to needy patients or clients.

# CHAPTER 1275

An act to amend Section 1810 of the Welfare and Institutions Code, relating to grants and subventions.

[Approved by Governor September 26, 1986. Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 1810 of the Welfare and Institutions Code is amended to read:

1810. (a) If during any fiscal year in which a county receives funds under this article, the county reduces the capacity of its juvenile homes, ranches, camps, or forestry camps below the capacity for those facilities during fiscal year 1982-83, and if during the 12-month period subsequent to the month of the reduction, or any subsequent 12-month period, there is an increase of commitments from the county's juvenile court to the Department of the Youth Authority above the number of the commitments during the 1982-83 fiscal year, the county's entitlement to funding under this article shall be reduced by an amount equivalent to the actual cost, as determined by the Department of the Youth Authority, of increasing capacity to the fiscal year 1982-83 level or by an amount equal to the increase in commitments from the juvenile court to the Department of the Youth Authority, whichever is less. However, if within 90 days of receiving notice from the department of the extent of the increase in commitments, the county increases its juvenile home, ranch, camp or forestry camp capacity for the rest of the current fiscal year in an amount equal to the reduction of that capacity, or in an amount equal to the increase in commitments from the juvenile court to the Department of the Youth Authority, whichever is less (except that the increases in capacity shall be in increments of 10 beds to the extent required to meet or surpass the required increase, but not in excess of the amount of the reduction of capacity), the funding shall not be reduced.

Any reduction shall be applied to the next payment or payments to which the county is otherwise entitled.

- (b) Any commitment of funds or reduction in entitlement required under subdivision (a) shall not reduce the county's entitlement below the level of funding required to maintain the programs or services mandated by Chapter 1071 of the Statutes of 1976, as approved by the Board of Control for fiscal year 1977–78 and as increased by inflationary factors determined by the Department of Finance.
- (c) A county that provides juvenile home, ranch, or camp space to another county pursuant to contract shall not have its entitlement reduced pursuant to this section if it reduces its capacity based on a reduction in the amount of space provided pursuant to contract.

- (d) The provisions of this section shall not be applicable to a reduction in capacity occurring as a result of an act of God. In addition, this section does not apply to the County of Santa Barbara because of an involuntary loss of the lease of a juvenile camp, ranch, or school facility. However, the County of Santa Barbara shall have until June 1, 1990, to develop a comparable facility, facilities, or programs. In addition, prior to June 1, 1990, funding pursuant to Section 1805 originally intended for the facility of the County of Santa Barbara which is to be closed because of the involuntary loss of the lease, shall be used to expand existing juvenile programs in the county.
- (e) As used in this section, "juvenile home, ranch, camp, or forestry camp" means those facilities as are established pursuant to Article 24 (commencing with Section 880) of Chapter 2 of Part 1 of Division 2.

This section shall remain in effect only until June 1, 1990, and as of that date is repealed, unless a later enacted statute, which is enacted before June 1, 1990, deletes or extends that date. If that date is not deleted or extended, then, on and after June 1, 1990, pursuant to Section 9611 of the Government Code, this section, as added by Section 5 of Chapter 288 of the Statutes of 1983, shall have the same force and effect as if this temporary provision had not been enacted.

- (b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, beside the agreement, be done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this

subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

- (c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.
- (d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.
- (e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances are such as to indicate to a reasonable person that the public safety demands such identification.

Such person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to such placement. This subdivision shall not apply to the following persons:
- (1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.
- (2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

- (g) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the

owner or occupant thereof. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

- (h) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure located thereon, without visible or lawful business with the owner or occupant thereof.
- (i) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control thereof.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading; and, if the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he or she has served a period of not less than 45 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading; and, if two or more of such previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he or she has served a period of not less than 90 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs which may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, changes the definition of a crime or infraction, changes the penalty for a crime or infraction, or eliminates a crime or infraction.

# **CHAPTER 1279**

An act to add and repeal Section 44258.5 to the Education Code, relating to teacher assignments, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1986 Filed with Secretary of State September 29, 1986.]

The people of the State of California do enact as follows:

SECTION 1. Section 44258.5 is added to the Education Code, to read:

(a) Notwithstanding any other provision of law, the 44258.5. Commission on Teacher Credentialing shall complete a statewide study of the misassignment of credentialed personnel. The study shall incorporate a sample of the school assignments that are reflective of typical assignments. The commission shall report its findings in a report to the Legislature on or before February 1, 1987. The report shall contain all pertinent data regarding the existence of the misassignment of credentialed personnel and shall contain recommendations for its solution. If the report indicates that a solution is not possible without additional legislation, the commission shall develop proposed legislation to provide school districts with the means to properly assign credentialed personnel to all positions in their educational program. The report also shall recommend actions to be taken in the event that credentialed personnel are assigned to positions for which they are not properly credentialed.

By January 1, 1988, the commission shall adopt regulations necessary for the implementation of any legislation resulting from a

recommendation in its report. For any legislation resulting from a recommendation in its report and enacted after January 1, 1988, the commission shall adopt regulations necessary for the implementation thereof within 60 days after the effective date of that legislation.

- (b) During the period of the study, a school district and all school district personnel shall be exempt from any statutory sanction for the misassignment of credentialed personnel, so long as the district has made a good-faith effort to properly assign credentialed personnel.
- (c) The commission may issue a limited assignment authorization, for a fee of twelve dollars (\$12), to a permanent employee allowing the employee to be assigned, with his or her consent, to teach in any single subject class in which he or she has accomplished one or more of the following:
  - (1) Six semester units in the subject.
- (2) Achievement of at least a passing average on the appropriate national teachers examination used for credentialing in the subject by the commission.
  - (3) A major in a related subject field.
  - (4) Ninety hours of staff development in the subject.
- (d) The governing board of the school district which seeks to employ credentialed personnel under a limited assignment authorization by resolution shall provide specific authorization for any assignment made pursuant to subdivision (c). Any such assignment shall remain in effect until June 30 of that school year. The resolution shall include a statement of need for the holder of a limited assignment authorization which documents the efforts of the district to employ a fully credentialed person for that position. The resolution shall accompany the application for the limited assignment authorization.
- (e) Each school district governing board shall notify the commission on or before November 1986, the name of the certificated employee of the district who will be responsible for the implementation of workshops with district administrators regarding the proper assignment of teachers within their credential authorizations.
- (f) This section shall remain in effect only until June 30, 1988, and as of that date is repealed, unless a later enacted statute, which is enacted before June 30, 1988, deletes or extends that date.
